The department of revenue shall notify the assessor of the county in which the property is located who shall remove the tax exemption from any property if an application has not been approved for exemption: PROVIDED, That failure to file and subsequent removal of exemption shall not be subject to review as provided in RCW 84.36.850: PROVID-

**84.38.010 Legislative finding and purpose.** Savings once deemed adequate for retirement living have been rendered inadequate by increased tax rates, increased property values, and the failure of pension systems to adequately reflect such factors. It is therefore deemed necessary that the legislature, in addition to that tax exemption as provided for in RCW 84.36.381 through 84.36.389 as now or hereafter amended, allow retired persons to defer payment of special assessments on their residences, and to defer their real property tax obligations on their residences, an amount of up to eighty percent of their equity in said property. This deferral program is intended to assist retired persons in maintaining their dignity and a reasonable standard of living by residing in their own homes, providing for their own needs, and managing their own affairs without requiring assistance from public welfare programs. [1975 1st ex.s. c 291 § 26.]

**84.38.020 Definitions.** Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter shall have the following meanings:

(1) "Claimant" means a person who either elects or is required under RCW 84.64.050 to defer payment of the special assessments and/or real property taxes accrued on the claimant's residence by filing a declaration to defer as provided by this chapter.

When two or more individuals of a household file or seek to file a declaration to defer, they may determine between them as to who the claimant shall be.

(2) "Department" means the state department of revenue.

(3) "Equity value" means the amount by which the fair market value of a residence as determined from the records of the county assessor exceeds the total amount of any liens or other obligations against the property.

(4) "Local government" means any city, town, county, water-sewer district, public utility district, port district, irrigation district, flood control district, or any other municipal corporation, quasi-municipal corporation, or other political subdivision authorized to levy special assessments.

(5) "Real property taxes" means ad valorem property taxes levied on a residence in this state in the preceding calendar year.

(6) "Residence" has the meaning given in RCW 84.36.383, except that a residence includes any additional property up to a total of five acres that comprises the residential parcel if this larger parcel size is required under land use regulations.

(7) "Special assessment" means the charge or obligation imposed by a local government upon property specially benefited. [1997 c 93 § 1; 1996 c 230 § 1614; 1995 c 329 § 1; 1991 c 213 § 1; 1984 c 220 § 20; 1979 ex.s. c 214 § 5; 1975 1st ex.s. c 291 § 27.]

**Effective date—1997 c 93:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 21, 1997]." [1997 c 93 § 2.]

**Part headings not law—Effective date—1996 c 230:** See notes following RCW 57.02.001.

**Applicability—1991 c 213:** "Sections 1 and 2 of this act shall be effective for taxes levied for collection in 1991 and thereafter. Sections 3 and 4 of this act shall be effective for taxes levied for collection in 1992 and thereafter." [1991 c 213 § 6.]

**84.38.030 Conditions and qualifications for claiming deferral.** A claimant may defer payment of special assessments and/or real property taxes on up to eighty percent of the amount of the claimant's equity value in the claimant's residence if the following conditions are met:

(1) The claimant must meet all requirements for an exemption for the residence under RCW 84.36.381, other than the age and income limits under RCW 84.36.381 and the parcel size limit under RCW 84.36.383.

(2) The claimant must be sixty years of age or older on December 31st of the year in which the deferral claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving a deferral at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section.

(3) The claimant must have a combined disposable income, as defined in RCW 84.36.383, of thirty-four thousand dollars or less.

(4) The claimant must have owned, at the time of filing, the residence on which the special assessment and/or real property taxes have been imposed. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant. A claimant who has only a share ownership in cooperative housing, a life estate, a lease for life, or a revocable trust does not satisfy the ownership requirement.

(5) The claimant must have and keep in force fire and casualty insurance in sufficient amount to protect the interest of the state in the claimant's equity value: PROVIDED, That if the claimant fails to keep fire and casualty insurance

in force to the extent of the state's interest in the claimant's equity value, the amount deferred shall not exceed one hundred percent of the claimant's equity value in the land or lot only.

(6) In the case of special assessment deferral, the claimant must have opted for payment of such special assessments on the installment method if such method was available. [1995 c 329 § 2; 1991 c 213 § 2; 1988 c 222 § 11; 1984 c 220 § 21; 1979 ex.s. c 214 § 6; 1975 1st ex.s. c 291 § 28.]

**Applicability—1991 c 213:** See note following RCW 84.38.020.

**84.38.040 Declaration to defer special assessments and/or real property taxes—Filing—Contents—Appeal.**

(1) Each claimant electing to defer payment of special assessments and/or real property tax obligations under this chapter shall file with the county assessor, on forms prescribed by the department and supplied by the assessor, a written declaration thereof. The declaration to defer special assessments and/or real property taxes for any year shall be filed no later than thirty days before the tax or assessment is due or thirty days after receiving notice under RCW 84.64.050, whichever is later: PROVIDED, That for good cause shown, the department may waive this requirement.

(2) The declaration shall designate the property to which the deferral applies, and shall include a statement setting forth (a) a list of all members of the claimant's household, (b) the claimant's equity value in his residence, (c) facts establishing the eligibility for the deferral under the provisions of this chapter, and (d) any other relevant information required by the rules of the department. Each copy shall be signed by the claimant subject to the penalties as provided in chapter 9A.72 RCW for false swearing. The first declaration to defer filed in a county shall include proof of the claimant's age acceptable to the assessor.

(3) The county assessor shall determine if each claimant shall be granted a deferral for each year but the claimant shall have the right to appeal this determination to the county board of equalization, in accordance with the provisions of RCW 84.40.038, whose decision shall be final as to the deferral of that year. **84.40.020 Assessment date—Average inventory basis may be used—Public inspection of listing, documents, and records.** All real property in this state subject to taxation shall be listed and assessed every year, with reference to its value on the first day of January of the year in which it is assessed. Such listing and all supporting documents and records shall be open to public inspection during the regular office hours of the assessor's office: PROVIDED, That confidential income data is hereby exempted from public inspection as noted in RCW 42.17.260 and 42.17.310. All personal property in this state subject to taxation shall be listed and assessed every year, with reference to its value and ownership on the first day of January of the year in which it is assessed: PROVIDED, That if the stock of goods, wares, merchandise or material, whether in a raw or finished state or in process of manufacture, owned or held by any taxpayer on January 1 of any year does not fairly represent the average stock carried by such taxpayer, such stock shall be listed and assessed upon the basis of the monthly average of stock owned or held by such taxpayer during the preceding calendar year or during such portion thereof as the taxpayer was engaged in business. **Severability—1967 ex.s. c 149:** See note following RCW 82.98.030.

**84.40.025 Access to property required.** For the purpose of assessment and valuation of all taxable property in each county, any real or personal property in each county shall be subject to visitation, investigation, examination, discovery, and listing at any reasonable time by the county assessor of the county or by any employee thereof designated for this purpose by the assessor.

In any case of refusal to such access, the assessor shall request assistance from the department of revenue which may invoke the power granted by chapter 84.08 RCW. [1982 1st ex.s. c 46 § 10.]

**84.40.030 Basis of valuation, assessment, appraisal—One hundred percent of true and fair value—Exceptions—Leasehold estates—Real property—Appraisal—Comparable sales.** All property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. An assessment may not be determined by a method that assumes a land usage not permitted, for that property being appraised, under existing zoning or land use planning ordinances or statutes. The appraisal shall also take into account: (a) In the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1) of this section, consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or

capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection shall be the dominant factors in valuation. When provisions of this subsection are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the true and fair value of the land, exclusive of structures thereon shall be determined; also the true and fair value of structures thereon, but the valuation shall not exceed the true and fair value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded. [2001 c 187 § 17; 1998 c 320 § 9. Prior: 1997 c 429 § 34; 1997 c 134 § 1; 1997 c 3 § 104 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 124 § 20; 1993 c 436 § 1; 1988 c 222 § 14; 1980 c 155 § 2; prior: 1973 1st ex.s. c 195 § 96; 1973 1st ex.s. c 187 § 1; 1972 ex.s. c 125 § 2; 1971 ex.s. c 288 § 1; 1971 ex.s. c 43 § 1; 1961 c 15 § 84.40.030; prior: 1939 c 206 § 15; 1925 ex.s. c 130 § 52; 1919 c 142 § 4; 1913 c 140 § 1; 1897 c 71 § 42; 1893 c 124 § 44; 1891 c 140 § 44; 1890 p 547 § 48; RRS § 11135. **84.40.032 Valuation of timber and timberlands—"Timberlands" defined and declared lands devoted to reforestation.** As used in RCW 84.40.031 through 84.40.033 "timberlands" means land primarily suitable and used for growing a continuous supply of forest products, whether such lands be cutover, selectively harvested, or contain merchantable or immature timber, and includes the timber thereon. Timberlands are lands devoted to reforestation within the meaning of Article VII, section 1 of the state Constitution as amended. [1983 c 3 § 229; 1963 c 249 § 2.]

**Severability—1963 c 249:** See note following RCW 84.40.031.

**84.40.033 Valuation of timber and timberlands—Legislative findings.** It is hereby found and declared that:

(1) Timber constitutes the primary renewable resource of this state.

(2) It is the public policy of this state that timberlands be managed in such a way as to assure a continuous supply of forest products.

(3) It is in the public interest that forest valuation and taxation policy encourage and permit timberland owners to manage their lands to sustain maximum production of raw

materials for the forest industry, to maintain other public benefits, and to maintain a stable and equitable tax base.

(4) Forest management entails continuous and accumulative burdens of taxes, protection, management costs, interest on investment, and risks of loss from fire, insects, disease and the elements over long periods of time prior to harvest and realization of income.

(5) Existing timberland valuation and taxation procedures under the general property tax system are consistent with the public interest and the public policy herein set forth only when due consideration and recognition is given to all relevant factors in determining the true and fair value in money of each tract or lot of timberland.

(6) To assure equality and uniformity of taxation of timberland, uniform principles should be applied for determining the true and fair value in money of such timberlands, taking into account all pertinent factors such as regional differences in species and growing conditions.

(7) The true and fair value in money of timberlands must be determined through application of sound valuation principles based upon the highest and best use of such properties. The highest and best use of timberlands, whether cutover, selectively harvested, or containing merchantable or immature timber, is to manage, protect and harvest them in a manner which will realize the greatest economic value and assure the maximum continuous supply of forest products. This requires that merchantable timber originally on timberlands be harvested gradually to maintain a continuous supply until immature timber reaches the optimum age or size for harvesting, that immature timber on timberlands be managed and protected for extensive periods until it reaches such optimum age or size and that such timberlands be continually restocked as harvested.

(8) Reforestation entails an integrated forest management program which includes gradual harvesting of existing merchantable timber, management and protection of immature timber during its growth cycle until it reaches the optimum size or age for harvesting and a continual preparation and restocking of areas after harvest. Such management of timberlands is now generally followed and practiced in this state and it is in the public interest that such management be continued and encouraged.

(9) The prices at which merchantable timber is sold generally reflect values based upon immediate harvesting, and the prices at which both merchantable and immature timber are sold frequently reflect circumstances peculiar to the particular purchaser. Such prices generally make little or no allowance for the continuous and accumulative burdens of taxes, protection, management costs, interest on investment, and risks of loss from fire, insects, disease, and the elements which must be borne by the owner of timberlands over long periods of time prior to the time timber is harvested and income is realized. Such prices do not, therefore, provide a reliable measure of the true and fair value in money. Accordingly, both the public policy and the public interest of this state and sound principles of timber valuation require that in the determination of the true and fair value in money of such properties appropriate and full allowance be made for such continuous and accumulative burdens over the period of time between assessment and harvest. **84.40.036 Valuation of vessels—Apportionment.** (1)

As used in this section, "apportionable vessel" means a ship or vessel which is:

- (a) Engaged in interstate commerce;
- (b) Engaged in foreign commerce; and/or
- (c) Engaged exclusively in fishing, tendering, harvesting, and/or processing seafood products on the high seas or waters under the jurisdiction of other states.

(2) The value of each apportionable vessel shall be apportioned to this state based on the number of days or fractions of days that the vessel is within this state during the preceding calendar year: PROVIDED, That if the total number of days the vessel is within the limits of the state does not exceed one hundred twenty for the preceding calendar year, no value shall be apportioned to this state. For the purposes of this subsection (2), a fraction of a day means more than sixteen hours in a calendar day.

(3) Time during which an apportionable vessel is in the state for one or more of the following purposes shall not be considered as time within this state, if the length of time is reasonable for the purpose:

- (a) Undergoing repair or alteration;
- (b) Taking on or discharging cargo, passengers, or supplies; and
- (c) Serving as a tug for a vessel under (a) or (b) of this subsection.

(4) Days during which an apportionable vessel leaves this state only while navigating the high seas in order to travel between points in this state shall be considered as days within this state. [1998 c 335 § 6; 1986 c 229 § 2.]

**84.40.037 Valuation of computer software—Embedded software.** (1) Computer software, except embedded software, shall be valued in the first year of taxation at one hundred percent of the acquisition cost of the software and in the second year at fifty percent of the acquisition cost. Computer software, other than embedded software, shall have no value for purposes of property taxation after the second year.

(2) Embedded software is a part of the computer system or other machinery or equipment in which it is housed and shall be valued in the same manner as the machinery or equipment. [1991 sp.s. c 29 § 4.]

**84.40.038 Petition county board of equalization—Limitation on changes to time limit—Waiver of filing deadline—Direct appeal to state board of tax appeals.**

(1) The owner or person responsible for payment of taxes on any property may petition the county board of equalization for a change in the assessed valuation placed upon such property by the county assessor or for any other reason specifically authorized by statute. Such petition must be made on forms prescribed or approved by the department of revenue and any petition not conforming to those requirements or not properly completed shall not be considered by

the board. The petition must be filed with the board on or before July 1st of the year of the assessment or determination, within thirty days after the date an assessment, value change notice, or other notice has been mailed, or within a time limit of up to sixty days adopted by the county legislative authority, whichever is later. If a county legislative authority sets a time limit, the authority may not change the limit for three years from the adoption of the limit.

(2) The board of equalization may waive the filing deadline if the petition is filed within a reasonable time after the filing deadline and the petitioner shows good cause for the late filing. The decision of the board of equalization regarding a waiver of the filing deadline is final and not appealable under RCW 84.08.130. Good cause may be shown by one or more of the following events or circumstances:

(a) Death or serious illness of the taxpayer or his or her immediate family;

(b) The taxpayer was absent from the address where the taxpayer normally receives the assessment or value change notice, was absent for more than fifteen days of the days allowed in subsection (1) of this section before the filing deadline, and the filing deadline is after July 1;

(c) Incorrect written advice regarding filing requirements received from board of equalization staff, county assessor's staff, or staff of the property tax advisor designated under RCW 84.48.140;

(d) Natural disaster such as flood or earthquake;

(e) Delay or loss related to the delivery of the petition by the postal service, and documented by the postal service; or

(f) Other circumstances as the department may provide by rule.

(3) The owner or person responsible for payment of taxes on any property may request that the appeal be heard by the state board of tax appeals without a hearing by the county board of equalization when the assessor, the owner or person responsible for payment of taxes on the property, and a majority of the county board of equalization agree that a direct appeal to the state board of tax appeals is appropriate. The state board of tax appeals may reject the appeal, in which case the county board of equalization shall consider the appeal under RCW 84.48.010. Notice of such a rejection, together with the reason therefor, shall be provided to the affected parties and the county board of equalization within thirty days of receipt of the direct appeal by the state board. [2001 c 185 § 11; 1997 c 294 § 1; 1994 c 123 § 4; 1992 c 206 § 11; 1988 c 222 § 19.]

**84.40.039 Reducing valuation after government restriction—Petitioning assessor—Establishing new valuation—Notice—Appeal—Refund.** (1) The owner or person responsible for payment of taxes on any real property may petition the assessor for a reduction in the assessed value of the real property at any time within three years of adoption of a restriction by a government entity.

(2) Notwithstanding the revaluation cycle for the county, the assessor shall reconsider the valuation of the real property within one hundred twenty days of the filing of a petition under subsection (1) of this section. If the new valuation is established for the real property after this review, the assessor shall notify the property owner in the manner provided in RCW 84.40.045. Unless the real property would otherwise be revalued that year as a result of the revaluation cycle or new construction, the valuation of the real property shall not be increased as a result of this revaluation. If the new valuation is established after June 1st in any year, the new valuation shall be used for purposes of imposing property taxes in the following year, but the property owner shall be eligible for a refund under RCW 84.69.020.

(3) A new valuation established under this section may be appealed under RCW 84.40.038.

(4) If the assessor reduces the valuation of real property using the process under this section, the property owner shall be entitled to a refund on property taxes paid on this property calculated as follows:

(a) A property owner is entitled to receive a refund for each year after the restriction was adopted, but not to exceed three years, that the taxpayer paid property taxes on the real property based upon the prior higher valuation; and

(b) The amount of the refund in each year shall be the amount of reduced valuation on the real property for that year, multiplied by the rate of property taxes imposed on the property in that year.

(5) As used in this section, "restriction" means a limitation, requirement, regulation, or restriction that limits the use of the property, including those imposed by the application of ordinances, resolutions, rules, regulations, policies, statutes, and conditions of land use approval. [1998 c 306 § 1.]

**84.40.040 Time and manner of listing.** The assessor shall begin the preliminary work for each assessment not later than the first day of December of each year in all counties in the state. The assessor shall also complete the duties of listing and placing valuations on all property by May 31st of each year, except that the listing and valuation of construction and mobile homes under RCW 36.21.080 and 36.21.090 shall be completed by August 31st of each year, and in the following manner, to wit:

The assessor shall actually determine as nearly as practicable the true and fair value of each tract or lot of land listed for taxation and of each improvement located thereon and shall enter one hundred percent of the true and fair value of such land and value of such improvements, together with the total of such one hundred percent valuations, opposite each description of property on the assessment list and tax roll.

The assessor shall make an alphabetical list of the names of all persons in the county liable to assessment of personal property, and require each person to make a correct list and statement of such property according to the standard form prescribed by the department of revenue, which statement and list shall include, if required by the form, the year of acquisition and total original cost of personal property in each category of the prescribed form, and shall

be signed and verified under penalty of perjury by the person listing the property: PROVIDED, That the assessor may list and value improvements on publicly owned land in the same manner as real property is listed and valued, including conformance with the revaluation program required under chapter 84.41 RCW. Such list and statement shall be filed on or before the last day of April. The assessor shall on or before the 1st day of January of each year mail a notice to all such persons at their last known address that such statement and list is required, such notice to be accompanied by the form on which the statement or list is to be made: PROVIDED, That the notice mailed by the assessor to each taxpayer each year shall, if practicable, include the statement and list of personal property of the taxpayer for the preceding year. Upon receipt of such statement and list the assessor shall thereupon determine the true and fair value of the property included in such statement and enter one hundred percent of the same on the assessment roll opposite the name of the party assessed; and in making such entry in the assessment list, the assessor shall give the name and post office address of the party listing the property, and if the party resides in a city the assessor shall give the street and number or other brief description of the party's residence or place of business. The assessor may, after giving written notice of the action to the person to be assessed, add to the assessment list any taxable property which should be included in such list. **84.40.042 Valuation and assessment of divided or combined property.** (1) When real property is divided in accordance with chapter 58.17 RCW, the assessor shall carefully investigate and ascertain the true and fair value of each lot and assess each lot on that same basis, unless specifically provided otherwise by law. For purposes of this section, "lot" has the same definition as in RCW 58.17.020.

(a) For each lot on which an advance tax deposit has been paid in accordance with RCW 58.08.040, the assessor shall establish the true and fair value by October 30 of the year following the recording of the plat, replat, altered plat, or binding site plan. The value established shall be the value of the lot as of January 1 of the year the original parcel of real property was last revalued. An additional property tax shall not be due on the land until the calendar year following

the year for which the advance tax deposit was paid if the deposit was sufficient to pay the full amount of the taxes due on the property.

(b) For each lot on which an advance tax deposit has not been paid, the assessor shall establish the true and fair value not later than the calendar year following the recording of the plat, map, subdivision, or replat. For purposes of this section, "subdivision" means a division of land into two or more lots.

(c) For each subdivision, all current year and delinquent taxes and assessments on the entire tract must be paid in full in accordance with RCW 58.17.160 and 58.08.030 except when property is being acquired by a government for public use. For purposes of this section, "current year taxes" means taxes that are collectible under RCW 84.56.010 subsequent to February 14.

(2) When the assessor is required by law to segregate any part or parts of real property, assessed before or after July 27, 1997, as one parcel or when the assessor is required by law to combine parcels of real property assessed before or after July 27, 1997, as two or more parcels, the assessor shall carefully investigate and ascertain the true and fair value of each part or parts of the real property and each combined parcel and assess each part or parts or each combined parcel on that same basis. [2002 c 168 § 8; 1997 c 393 § 17.]

**84.40.045 Notice of change in valuation of real property to be given taxpayer—Copy to person making payments pursuant to mortgage, contract, or deed of trust—Procedure—Penalty.** The assessor shall give notice of any change in the true and fair value of real property for the tract or lot of land and any improvements thereon no later than thirty days after appraisal: PROVIDED, That no such notice shall be mailed during the period from January 15 to February 15 of each year: PROVIDED FURTHER, That no notice need be sent with respect to changes in valuation of forest land made pursuant to chapter 84.33 RCW.

The notice shall contain a statement of both the prior and the new true and fair value, stating separately land and improvement values, and a brief statement of the procedure for appeal to the board of equalization and the time, date, and place of the meetings of the board.

The notice shall be mailed by the assessor to the taxpayer.

If any taxpayer, as shown by the tax rolls, holds solely a security interest in the real property which is the subject of the notice, pursuant to a mortgage, contract of sale, or deed of trust, such taxpayer shall, upon written request of the assessor, supply, within thirty days of receipt of such request, to the assessor the name and address of the person making payments pursuant to the mortgage, contract of sale, or deed of trust, and thereafter such person shall also receive a copy of the notice provided for in this section. Willful failure to comply with such request within the time limitation provided for herein shall make such taxpayer subject to a maximum civil penalty of five thousand dollars. The penalties provided for herein shall be recoverable in an action by the county prosecutor, and when recovered shall be deposited in the county current expense fund. The assessor

shall make the request provided for by this section during the month of January. [2001 c 187 § 19; 1997 c 3 § 107 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 36; 1977 ex.s. c 181 § 1; 1974 ex.s. c 187 § 8; 1972 ex.s. c 125 § 1; 1971 ex.s. c 288 § 16; 1967 ex.s. c 146 § 10.]

(2) The listing of ships and vessels shall be accomplished in the manner and upon forms prescribed by the department. Upon listing, the department shall assign a tax identification number for each vessel listed.

(3) The department shall assess all ships and vessels and shall, on or before January 31st of each year, mail to the owner of a ship or vessel, or to the person listing the ship or vessel if different from the owner, a notice showing the valuation of the ship or vessel assessed. Taxes due the following year shall be based upon the valuation. On or after February 15, but no later than thirty days before April 30, the department shall mail to the owner of a ship or

(4) Any ship or vessel owner, or person listing the ship or vessel if different from the owner, disputing the assessment or disputing whether the ship or vessel is subject to taxation under this section shall have the same rights of review as any other ship or vessel owner subject to the excise tax contained in chapter 82.49 RCW in accordance with RCW 82.49.060. Where improvements have not been valued and assessed as a part of the real estate upon which the same may be located, as evidenced by the assessment rolls, they may be separately valued and assessed as omitted property under this section. No such assessment shall be made in any case where a bona fide purchaser, encumbrancer, or contract buyer has acquired any interest in said property prior to the time such improvements are assessed. When such an omitted assessment is made, the taxes levied thereon may be paid within one year of the due date of the taxes for the year in which the assessment is made without penalty or interest. **84.40.085 Limitation period for assessment of omitted property or value—Notification to taxpayer of omission—Procedure.** No omitted property or omitted value assessment shall be made for any period more than three years preceding the year in which the omission is discovered. The assessor, upon discovery of such omission, shall forward a copy of the amended personal property affidavit along with a letter of particulars informing the taxpayer of the findings and of the taxpayer's right of appeal to the county board of equalization. Where assessed valuations are changed, the equalized valuation must be extended and shown by item.

**84.41.010 Declaration of policy.** Recent comprehensive studies by the legislative council have disclosed gross inequality and nonuniformity in valuation of real property for tax purposes throughout the state. Serious nonuniformity in valuations exists both between similar property within the various taxing districts and between general levels of valuation of the various counties. Such nonuniformity results in inequality in taxation contrary to standards of fairness and uniformity required and established by the Constitution and is of such flagrant and widespread occurrence as to constitute a grave emergency adversely affecting state and local government and the welfare of all the people.

Traditional public policy of the state has vested large measure of control in matters of property valuation in county government, and the state hereby declares its purpose to continue such policy. However, present statutes and practices thereunder have failed to achieve the measure of uniformity required by the Constitution; the resultant widespread inequality and nonuniformity in valuation of property can and should no longer be tolerated. It thus becomes necessary to require general revaluation of property throughout the state. [1961 c 15 § 84.41.010. Prior: 1955 c 251 § 1.]

**84.41.020 Scope of chapter.** This chapter does not, and is not intended to affect procedures whereby taxes are imposed either for local or state purposes. This chapter concerns solely the administrative procedures by which the true and fair value in money of property is determined. The process of valuation, which is distinct and separate from the process of levying and imposing a tax, does not result either in the imposition of a tax or the determination of the amount of a tax. This chapter is intended to, and applies only to procedures and methods whereby the value of property is ascertained. [1961 c 15 § 84.41.020. Prior: 1955 c 251 § 2.]

**84.41.030 Revaluation program to be on continuous basis—Revaluation schedule—Effect of other proceedings on valuation.** Each county assessor shall maintain an active

[Title 84 RCW—page 92]

and systematic program of revaluation on a continuous basis, and shall establish a revaluation schedule which will result in revaluation of all taxable real property within the county at least once each four years and physical inspection of all taxable real property within the county at least once each six years. Each county assessor may disregard any program of revaluation, if requested by a property owner, and change, as appropriate, the valuation of real property upon the receipt of a notice of decision received under RCW 36.70B.130, \*90.60.160, or chapter 35.22, 35.63, 35A.63, or 36.70 RCW pertaining to the value of the real property. [1996 c 254 § 7; 1982 1st ex.s. c 46 § 1; 1971 ex.s. c 288 § 6; 1961 c 15 § 84.41.030. Prior: 1955 c 251 § 3.]

Savings—Severability—1971 ex.s. c 288: See notes following RCW 84.40.030.

**84.41.041 Physical inspection and valuation of taxable property required—Adjustments during intervals based on statistical data.** Each county assessor shall cause taxable real property to be physically inspected and valued at least once every six years in accordance with RCW 84.41.030, and in accordance with a plan filed with and approved by the department of revenue. Such revaluation plan shall provide that a reasonable portion of all taxable real property within a county shall be revalued and these newly-determined values placed on the assessment rolls each year. The department may approve a plan that provides that all property in the county be revalued every two years. If the revaluation plan provides for physical inspection at least once each four years, during the intervals between each physical inspection of real property, the valuation of such property may be adjusted to its current true and fair value, such adjustments to be based upon appropriate statistical data. If the revaluation plan provides for physical inspection less frequently than once each four years, during the intervals between each physical inspection of real property, the valuation of such property shall be adjusted to its current true and fair value, such adjustments to be made once each year and to be based upon appropriate statistical data.

The assessor may require property owners to submit pertinent data respecting taxable property in their control including data respecting any sale or purchase of said property within the past five years, the cost and characteristics of any improvement on the property and other facts necessary for appraisal of the property. [2001 c 187 § 21; 1997 c 3 § 108 (Referendum Bill No. 47, approved November 4, 1997); 1987 c 319 § 4; 1982 1st ex.s. c 46 § 2; 1979 ex.s. c 214 § 9; 1974 ex.s. c 131 § 2.]

The several boards of county commissioners in passing upon budgets submitted by the several assessors, shall authorize and levy amounts which in the judgment of

the board will suffice to carry out the directions of this chapter. [1961 c 15 § 84.41.050. Prior: 1955 c 251 § 5.]

**84.41.060 Assistance by department of revenue at request of assessor.** Any county assessor may request special assistance from the department of revenue in the valuation of property which either (1) requires specialized knowledge not otherwise available to the assessor's staff, or (2) because of an inadequate staff, cannot be completed by the assessor within the time required by this chapter. After consideration of such request the department of revenue shall advise the assessor that such request is either approved or rejected in whole or in part. Upon approval of such request, the department of revenue may assist the assessor in the valuation of such property in such manner as the department of revenue, in its discretion, considers proper and adequate. **Construction—Severability—1975 1st ex.s. c 278:** See notes following RCW 11.08.160.

**84.41.070 Finding of unsatisfactory progress—Notice—Duty of county legislative authority.** If the department of revenue finds upon its own investigation, or upon a showing by others, that the revaluation program for any county is not proceeding for any reason as herein directed, the department of revenue shall advise both the county legislative authority and the county assessor of such finding. Within thirty days after receiving such advice, the county legislative authority, at regular or special session, either (1) shall authorize such expenditures as will enable the assessor to complete the revaluation program as herein directed, or (2) shall direct the assessor to request special assistance from the department of revenue for aid in effectuating the county's revaluation program. [1994 c 301 § 40; 1975 1st ex.s. c 278 § 198; 1961 c 15 § 84.41.070. Prior: 1955 c 251 § 7.]

**Construction—Severability—1975 1st ex.s. c 278:** See notes following RCW 11.08.160.

**84.41.080 Contracts for special assistance.** Upon receiving a request from the county assessor, either upon his initiation or at the direction of the board of county commissioners, for special assistance in the county's revaluation program, the department of revenue may, before undertaking to render such special assistance, negotiate a contract with the board of county commissioners of the county concerned. Such contracts as are negotiated shall provide that the county will reimburse the state for fifty percent of the costs of such special assistance within three years of the date of expenditure of such costs. All such reimbursements shall be paid to the department of revenue for deposit to the state general fund. The department of revenue shall keep complete records of such contracts, including costs incurred, payments received, and services performed thereunder. The department of revenue shall make and publish such additional rules, regulations and guides which it determines are needed to supplement materials presently published by the department of revenue for the general guidance and assistance of county assessors. Each assessor is hereby directed and required to value property in accordance with the standards established by RCW 84.40.030 and in accordance with the applicable rules, regulations and valuation manuals published by the department of revenue. [1982 1st ex.s. c 46 § 3; 1975 1st ex.s. c 278 § 200; 1961 c 15 § 84.41.090. Prior: 1955 c 251 § 9.]

Whenever it appears to the department of revenue that any assessor has failed to comply with any of the provisions of this chapter relating to his duties or the rules of the department of revenue made in pursuance thereof, the department of revenue, after a hearing on the facts, may issue an order directing such assessor to comply with such provisions of this chapter or rules of the department of revenue. Such order shall be mailed by registered mail to the assessor at the county court house. If, upon the expiration of fifteen days from the date such order is mailed, the assessor has not complied therewith or has not taken measures that will insure compliance within a reasonable time, the department of revenue may apply to a judge of the superior court or court commissioner of the county in which such assessor holds office, for an order returnable within five days from the date thereof to compel him to comply with such provisions of law or of the order of the department of revenue or to show cause why he should not be compelled so to do. Any order issued by the judge pursuant to such order to show cause shall be final. The remedy herein

Fifth. The board may review all claims for either real or personal property tax exemption as determined by the county assessor, and shall consider any taxpayer appeals from the decision of the assessor thereon to determine (1) if the taxpayer is entitled to an exemption, and (2) if so, the amount thereof.

The clerk of the board shall keep an accurate journal or record of the proceedings and orders of said board showing the facts and evidence upon which their action is based, and the said record shall be published the same as other proceedings of county legislative authority, and shall make a true record of the changes of the descriptions and assessed values ordered by the county board of equalization. In such a case, correction of the assessment or tax rolls may be made notwithstanding the fact that the action involves a revaluation of property. Manifest errors that do not involve a revaluation of property include the assessment of property exempted by law from taxation or the failure to deduct the exemption allowed by law to the head of a family. When the county

No manifest error cancellation or correction, including a cancellation or correction made due to a definitive change of land use designation, shall be made for any period more than three years preceding the year in which the error is discovered.

(2)(a) In the case of a definitive change of land use designation, an assessor shall make corrections that involve a revaluation of property to the assessment roll when:

(i) The assessor and taxpayer have signed an agreement as to the true and fair value of the taxpayer's property setting forth in the agreement the valuation information upon which the agreement is based; and

(ii) The assessment roll has previously been certified in accordance with RCW 84.40.320.

(b) In all other cases, an assessor shall make corrections that involve a revaluation of property to the assessment roll when:

(i) The assessor and taxpayer have signed an agreement as to the true and fair value of the taxpayer's property setting forth in the agreement the valuation information upon which the agreement is based; and

(ii) The following conditions are met:

(A) The assessment roll has previously been certified in accordance with RCW 84.40.320;

(B) The taxpayer has timely filed a petition with the county board of equalization pursuant to RCW 84.40.038 for the current assessment year;

(C) The county board of equalization has not yet held a hearing on the merits of the taxpayer's petition.

and submit to each assessor a preliminary indicated ratio for each county: PROVIDED, That the department shall establish rules and regulations pertinent to the determination of the indicated ratio, the indicated real property ratio and the indicated personal property ratio: PROVIDED FURTHER, That these rules and regulations may provide that data, as is necessary for said determination, which is available from the county assessor of any county and which has been audited as to its validity by the department, shall be utilized by the department in determining the indicated ratio.

(2) To such extent as is reasonable, the department may define use classes of property for the purposes of determination of the indicated ratio. Such use classes may be defined with respect to property use and may include agricultural, open space, timber and forest lands.

(3) The department shall review each county's preliminary ratio with the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, if requested by the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, respectively, between the first and third Mondays of September. Prior to equalization of assessments pursuant to RCW 84.48.080 and after the third Monday of September, the department shall certify to each county assessor the real and personal property ratio for that county.

(4) The department of revenue shall also examine procedures used by the assessor to assess real and personal property in the county, including calculations, use of prescribed value schedules, and efforts to locate all taxable property in the county. If any examination by the department discloses other than market value is being listed on the county assessment rolls of the county by the assessor and, after due notification by the department, is not corrected, the department of revenue shall, in accordance with rules adopted by the department, adjust the ratio of that type of property, which adjustment shall be used for determining the county's indicated ratio. **Purpose—Intent—1977 ex.s. c 284:** "It is the intent of the legislature that the methodology used in the equalization of property values for the purposes of the state levy, public utility assessment, and other purposes, shall be designed to ensure uniformity and equity in taxation throughout the state to the maximum extent possible.

It is the purpose of this 1977 amendatory act to provide certain guidelines for the determination of the ratio of assessed value to the full true and fair value of the general property in each county." [1977 ex.s. c 284 § 1.]

**84.48.080 Equalization of assessments—Taxes for state purposes—Procedure—Levy and apportionment—Hypothetical levy for establishing consolidated levy—Rules—Record.** (1) Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the

department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.

(a) The department shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal, so far as possible, to the true and fair value of such class as of January 1st of the current year for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use valuation data with respect to personal property from the three years immediately preceding the current assessment year in a manner it deems appropriate. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

(b) The department shall keep a full record of its proceedings and the same shall be published annually by the department.

(2) The department shall levy the state taxes authorized by law. The amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state, which assessed value shall be one hundred percent of the true and fair value of the property in money. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

In addition to computing a levy under this subsection that is reduced under RCW 84.55.012, the department shall compute a hypothetical levy without regard to the reduction under RCW 84.55.012. This hypothetical levy shall also be apportioned among the several counties in proportion to the valuation of the taxable property of the county for the year, as equalized by the department, in the same manner as the actual levy and shall be used by the county assessors for the purpose of recomputing and establishing a consolidated levy under RCW 84.52.010.

(3) The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

(4) After the completion of the duties prescribed in this section, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection. If valuation criteria other than comparable sales were used, the assessor shall furnish the taxpayer with such other factors and the addresses of such other property used in making the determination of value.

The assessor shall within sixty days of such request but at least fourteen business days, excluding legal holidays, prior to such taxpayer's appearance before the board of equalization make available to the taxpayer the valuation criteria and/or comparable sales which shall not be subsequently changed by the assessor unless the assessor has found new evidence supporting the assessor's valuation, in which situation the assessor shall provide such additional evidence to the taxpayer and the board of equalization at least fourteen business days prior to the hearing at the board of equalization. A taxpayer who lists comparable sales on a notice of appeal shall not subsequently change such sales unless the taxpayer has found new evidence supporting the taxpayer's proposed valuation in which case the taxpayer shall provide such additional evidence to the assessor and board of equalization at least seven business days, excluding legal holidays, prior to the hearing. If either the assessor or taxpayer does not meet the requirements of this section the board of equalization may continue the hearing to provide the parties an opportunity to review all evidence or, upon objection, refuse to consider sales not submitted in a timely manner. **84.52.010 Taxes levied or voted in specific amounts—Effect of constitutional and statutory limitations—Use of hypothetical levy.** Except as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts.

The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 84.52.069, 84.34.230, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, and 84.52.105, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies shall be reduced as follows: (a) The portion of the levy by a metropolitan park district that is protected under RCW 84.52.120 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; (b) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be

reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and (c) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

(c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

(d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, shall be reduced on a pro rata basis or eliminated;

(e) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

(f) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated.

In determining whether the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.050, exceeds the limitations provided in that section, the assessor shall use the hypothetical state levy, as apportioned to the county under RCW 84.48.080, that was computed under RCW 84.48.080 without regard to the reduction under RCW 84.55.012. [2002 c 248 § 15; 2002 c 88 § 7; 1995 2nd sp.s. c 13 § 4; 1995 c 99 § 2; 1994 c 124 § 36; 1993 c 337 § 4; 1990 c 234 § 4; 1988 c 274 § 7; 1987 c 255 § 1; 1973 1st ex.s. c 195 § 101; 1973 1st ex.s. c 195 § 146; 1971 ex.s. c 243 § 6; 1970 ex.s. c 92 § 4; 1961 c 15 § 84.52.010. **Reviser's note:** This section was amended by 2002 c 88 § 7 and by 2002 c 248 § 15, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Intent—1995 2nd sp.s. c 13:** See note following RCW 84.55.012.

**Finding—1993 c 337:** See note following RCW 84.52.105.

**Purpose—1988 c 274:** "The legislature finds that, due to statutory and constitutional limitations, the interdependence of the regular property tax levies of the state, counties, county road districts, cities and towns, and junior taxing districts can cause significant reductions in the otherwise authorized levies of those taxing districts, resulting in serious disruptions to essential services provided by those taxing districts. The purpose of this act is to avoid unnecessary reductions in regular property tax revenue without exceeding existing statutory and constitutional tax limitations on cumulative regular property tax levy rates. The legislature declares that it is a purpose of the state, counties, county road districts, cities and towns, public hospital districts, library districts, fire protection districts, metropolitan park districts, and other taxing districts to participate in the methods provided by this act by which revenue levels supporting the services provided by all taxing districts might be maintained." [1988 c 274 § 1.]

**Severability—1988 c 274:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1988 c 274 § 13.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**Severability—1971 ex.s. c 243:** See RCW 84.34.920.

**Intent—1970 ex.s. c 92:** "It is the intent of this 1970 amendatory act to prevent a potential doubling of property taxes that might otherwise result from the enforcement of the constitutionally required fifty percent assessment ratio as of January 1, 1970, and to adjust property tax millage rates for subsequent years to levels which will conform to the requirements of any constitutional amendment imposing a one percent limitation on property taxes. It is the further intent of this 1970 amendatory act that the statutory authority of any taxing district to impose excess levies shall not be impaired by reason of the reduction in millage rates for regular property tax levies. This 1970 amendatory act shall be construed to effectuate the legislative intent expressed in this section." [1970 ex.s. c 92 § 1.]

**Effective date—Application—1970 ex.s. c 92:** "This act shall take effect July 1, 1970 but shall not affect property taxes levied in 1969 or prior years." [1970 ex.s. c 92 § 11.]

#### **84.52.018 Calculation of tax levy rates when the assessment of highly valued property is in dispute.**

Whenever any property value or claim for exemption or cancellation of a property assessment is appealed to the state board of tax appeals or court of competent jurisdiction and the dollar difference between the total value asserted by the taxpayer and the total value asserted by the opposing party exceeds one-fourth of one percent of the total assessed value of property in the county, the assessor shall use only that portion of the total value which is not in controversy for purposes of computing the levy rates and extending the tax on the tax roll in accordance with this chapter, unless the state board of tax appeals has issued its determination at the time of extending the tax.

When the state board of tax appeals or court of competent jurisdiction makes its final determination, the proper amount of tax shall be extended and collected for each taxing district if this has not already been done. The amount of tax collected and extended shall include interest at the rate of nine percent per year on the amount of the board's final determination minus the amount not in controversy. The interest shall accrue from the date the taxes on the amount not in controversy were first due and payable. Any amount

extended in excess of that permitted by chapter 84.55 RCW shall be held in abeyance and used to reduce the levy rates of the next succeeding levy. [1994 c 124 § 37; 1989 c 378 § 15; 1987 c 156 § 1.]

**84.52.020 City and district budgets to be filed with county legislative authority.** It shall be the duty of the city council or other governing body of every city, other than a city having a population of three hundred thousand or more, the board of directors of school districts of the first class, the superintendent of each educational service district for each constituent second class school district, commissioners of port districts, commissioners of metropolitan park districts, and of all officials or boards of taxing districts within or coextensive with any county required by law to certify to the county legislative authority, for the purpose of levying district taxes, budgets or estimates of the amounts to be raised by taxation on the assessed valuation of the property in the city or district, through their chair and clerk, or secretary, to make and file such certified budget or estimates with the clerk of the county legislative authority on or before the fifteenth day of November. [1994 c 81 § 85; 1988 c 222 § 27; 1975-'76 2nd ex.s. c 118 § 33; 1975 c 43 § 33; 1961 c 15 § 84.52.020. Prior: 1939 c 37 § 1; 1925 ex.s. c 130 § 75; RRS § 11236; prior: 1909 c 138 § 1; 1893 c 71 §§ 2, 3.]

**Severability—1975-'76 2nd ex.s. c 118:** See note following RCW 28A.505.010.

**Effective date—Severability—1975 c 43:** See notes following RCW 28A.535.050.

#### **84.52.025 Budgets of taxing districts filed with county commissioners to indicate estimate of cash balance.**

The governing body of all taxing districts within or coextensive with any county, which are required by law to certify to a board of county commissioners, for the purpose of levying district taxes, budgets or estimates of the amounts to be raised by taxation on the assessed valuation of the property in the district, shall clearly indicate an estimate of cash balance at the beginning and ending of each budget period in said budget or estimate. [1961 c 52 § 1.]

**84.52.030 Time of levy.** For the purpose of raising revenue for state, county and other taxing district purposes, the county legislative authority of each county at its October session, and all other officials or boards authorized by law to levy taxes for taxing district purposes, shall levy taxes on all the taxable property in the county or district, as the case may be, sufficient for such purposes, and within the limitations permitted by law. [1994 c 124 § 38; 1961 c 15 § 84.52.030. Prior: 1927 c 303 § 1; 1925 ex.s. c 130 § 77; RRS § 11238; prior: 1903 c 165 § 1; 1897 c 71 § 63; 1893 c 124 § 64; 1890 p 559 § 78; Code 1881 § 2880.]

#### **84.52.040 Levies to be made on assessed valuation.**

Whenever any taxing district or the officers thereof shall, pursuant to any provision of law or of its charter or ordinances, levy any tax, the assessed value of the property of such taxing district shall be taken and considered as the taxable value upon which such levy shall be made. [1961 c 15 § 84.52.040. Prior: 1919 c 142 § 3; RRS § 11228.]

**84.52.043 Limitations upon regular property tax levies.** Within and subject to the limitations imposed by RCW 84.52.050 as amended, the regular ad valorem tax levies upon real and personal property by the taxing districts hereafter named shall be as follows:

(1) Levies of the senior taxing districts shall be as follows: (a) The levy by the state shall not exceed three dollars and sixty cents per thousand dollars of assessed value adjusted to the state equalized value in accordance with the indicated ratio fixed by the state department of revenue to be used exclusively for the support of the common schools; (b) the levy by any county shall not exceed one dollar and eighty cents per thousand dollars of assessed value; (c) the levy by any road district shall not exceed two dollars and twenty-five cents per thousand dollars of assessed value; and (d) the levy by any city or town shall not exceed three dollars and thirty-seven and one-half cents per thousand dollars of assessed value. However any county is hereby authorized to increase its levy from one dollar and eighty cents to a rate not to exceed two dollars and forty-seven and one-half cents per thousand dollars of assessed value for general county purposes if the total levies for both the county and any road district within the county do not exceed four dollars and five cents per thousand dollars of assessed value, and no other taxing district has its levy reduced as a result of the increased county levy.

The term "junior taxing districts" includes all taxing districts other than the state, counties, road districts, cities, towns, port districts, and public utility districts. (a) The district's levy base as defined in subsection (3) of this section multiplied by the district's maximum levy percentage as defined in subsection (4) of this section;

(b) For districts in a high/nonhigh relationship, the high school district's maximum levy amount shall be reduced and the nonhigh school district's maximum levy amount shall be increased by an amount equal to the estimated amount of the nonhigh payment due to the high school district under RCW

28A.545.030(3) and 28A.545.050 for the school year commencing the year of the levy;

(c) For districts in an interdistrict cooperative agreement, the nonresident school district's maximum levy amount shall be reduced and the resident school district's maximum levy amount shall be increased by an amount equal to the per pupil basic education allocation included in the nonresident district's levy base under subsection (3) of this section multiplied by:

(i) The number of full-time equivalent students served from the resident district in the prior school year; multiplied by:

(ii) The serving district's maximum levy percentage determined under subsection (4) of this section; increased by:

(iii) The percent increase per full-time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year divided by fifty-five percent;

A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(b) State and federal categorical allocations for the following programs:

(a) For 1997, the difference between the district's 1993 maximum levy percentage and twenty percent; and

(b) For 1998 and thereafter, the percentage calculated as follows:

(i) Multiply the grandfathered percentage for the prior year times the district's levy base determined under subsection (3) of this section;

(ii) Reduce the result of (b)(i) of this subsection by any levy reduction funds as defined in subsection (5) of this section that are to be allocated to the district for the current school year;

(iii) Divide the result of (b)(ii) of this subsection by the district's levy base; and

(iv) Take the greater of zero or the percentage calculated in (b)(iii) of this subsection.

(5) "Levy reduction funds" shall mean increases in state funds from the prior school year for programs included under subsection (3) of this section: (a) That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (b) that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

(6) For the purposes of this section, "prior school year" means the most recent school year completed prior to the year in which the levies are to be collected.

**84.52.069 Emergency medical care and service levies.** (1) As used in this section, "taxing district" means a county, emergency medical service district, city or town, public hospital district, urban emergency medical service district, or fire protection district.

(2) A taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district. The tax shall be imposed (a) each year for six consecutive years, (b) each year for ten consecutive years, or (c) permanently. A tax levy under this section must be specifically authorized by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty percent of the total number of voters voting in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty percent of the total number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty percent of the total number of voters voting in such taxing district in the last preceding general election. Ballot propositions shall conform with RCW 29.30.111. A taxing district shall not submit to the voters at the same election multiple propositions to impose a levy under this section.

(3) A taxing district imposing a permanent levy under this section shall provide for separate accounting of expenditures of the revenues generated by the levy. The taxing district shall maintain a statement of the accounting which shall be updated at least every two years and shall be available to the public upon request at no charge.

(4) A taxing district imposing a permanent levy under this section shall provide for a referendum procedure to apply to the ordinance or resolution imposing the tax. This referendum procedure shall specify that a referendum petition may be filed at any time with a filing officer, as identified in the ordinance or resolution. Within ten days, the filing officer shall confer with the petitioner concerning form and style of the petition, issue the petition an identifica-

tion number, and secure an accurate, concise, and positive ballot title from the designated local official. The petitioner shall have thirty days in which to secure the signatures of not less than fifteen percent of the registered voters of the taxing district, as of the last general election, upon petition forms which contain the ballot title and the full text of the measure to be referred. The filing officer shall verify the sufficiency of the signatures on the petition and, if sufficient valid signatures are properly submitted, shall certify the referendum measure to the next election within the taxing district if one is to be held within one hundred eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose in accordance with RCW 29.13.020.

The referendum procedure provided in this subsection shall be exclusive in all instances for any taxing district imposing the tax under this section and shall supersede the procedures provided under all other statutory or charter provisions for initiative or referendum which might otherwise apply.

(5) Any tax imposed under this section shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(6) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county shall be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied county-wide, the service shall, insofar as is feasible, be provided throughout the county: PROVIDED FURTHER, That no county-wide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is limited in duration and that is authorized subsequent to a county emergency medical service levy that is limited in duration, shall expire concurrently with the county emergency medical service levy.

(7) The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section.

(8) If a ballot proposition approved under subsection (2) of this section did not impose the maximum allowable levy amount authorized for the taxing district under this section, any future increase up to the maximum allowable levy amount must be specifically authorized by the voters in accordance with subsection (2) of this section at a general or special election.

(9) The limitation in RCW 84.55.010 shall not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section. **84.52.070 Certification of levies to assessor.** It shall be the duty of the county legislative authority of each county, on or before the thirtieth day of November in each year, to certify to the county assessor of the county the amount of taxes levied upon the property in the county for county purposes, and the respective amounts of taxes levied by the board for each taxing district, within or coextensive with the county, for district purposes, and it shall be the duty of the council of each city having a population of three hundred thousand or more, and of the council of each town, and of all officials or boards of taxing districts within or coextensive with the county, authorized by law to levy taxes directly and not through the county legislative authority, on or before the thirtieth day of November in each year, to certify to the county assessor of the county the amount of taxes levied upon the property within the city, town, or district for city, town, or district purposes. If a levy amount is not certified to the county assessor by the thirtieth day of November, the county assessor shall use no more than the certified levy amount for the previous year for the taxing district: PROVIDED, That this shall not apply to the state levy or when the assessor has not certified assessed values as required by RCW 84.48.130 at least twelve working days prior to November 30th. **Effective date—1988 c 222:** See note following RCW 84.40.040.

**84.52.080 Extension of taxes on rolls—Form of certificate—Delivery to treasurer.** (1) The county assessor shall extend the taxes upon the tax rolls in the form herein prescribed. The rate percent necessary to raise the amounts of taxes levied for state and county purposes, and for purposes of taxing districts coextensive with the county, shall be computed upon the assessed value of the property of the county; the rate percent necessary to raise the amount of taxes levied for any taxing district within the county shall be computed upon the assessed value of the property of the district; all taxes assessed against any property shall be added

together and extended on the rolls in a column headed consolidated or total tax. In extending any tax, whenever it amounts to a fractional part of a cent greater than five mills it shall be made one cent, and whenever it amounts to five mills or less than five mills it shall be dropped. The amount of all taxes shall be entered in the proper columns, as shown by entering the rate percent necessary to raise the consolidated or total tax and the total tax assessed against the property.

(2) For the purpose of computing the rate necessary to raise the amount of any excess levy in a taxing district which has classified or designated forest land under chapter 84.33 RCW, other than the state, the county assessor shall add the district's timber assessed value, as defined in RCW 84.33.035, to the assessed value of the property: PROVIDED, That for school districts maintenance and operations levies only one-half of the district's timber assessed value or eighty percent of the timber roll of such district in calendar year 1983 as determined under chapter 84.33 RCW, whichever is greater, shall be added.

(3) Upon the completion of such tax extension, it shall be the duty of the county assessor to make in each assessment book, tax roll or list a certificate in the following form:

I, . . . . ., assessor of . . . . . county, state of Washington, do hereby certify that the foregoing is a correct list of taxes levied on the real and personal property in the county of . . . . . for the year one thousand nine hundred and . . . . .

Witness my hand this . . . . day of . . . . ., 19. . .

. . . . ., County Assessor

(4) The county assessor shall deliver said tax rolls to the county treasurer, on or before the fifteenth day of January, taking receipt therefor, and at the same time the county assessor shall provide the county auditor with an abstract of the tax rolls showing the total amount of taxes collectible in each of the taxing districts. [1989 c 378 § 16; 1988 c 222 § 29; 1985 c 184 § 2; 1984 c 204 § 14; 1965 ex.s. c 7 § 1; 1961 c 15 § 84.52.080. **Savings—Effective date—1984 c 204:** See notes following RCW 84.33.035.

**84.52.085 Property tax errors.** (1) If an error has occurred in the levy of property taxes that has caused all taxpayers within a taxing district, other than the state, to pay an incorrect amount of property tax, the assessor shall correct the error by making an appropriate adjustment to the levy for that taxing district in the succeeding year. The adjustment shall be made without including any interest. If the governing authority of the taxing district determines that the amount of the adjustment in the succeeding year is so large as to cause a hardship for the taxing district or the taxpayers within the district, the adjustment may be made on a proportional basis over a period of not more than three consecutive years.

(a) A correction of an error in the levying of property taxes shall not be made for any period more than three years preceding the year in which the error is discovered.

(b) When calculating the levy limitation under chapter 84.55 RCW for levies made following the discovery of an error, the assessor shall determine and use the correct levy amount for the year or years being corrected as though the error had not occurred. The amount of the adjustment determined under this subsection (1) shall not be considered when calculating the levy limitation.

(c) If the taxing district in which a levy error has occurred does not levy property taxes in the year the error is discovered, or for a period of more than three years subsequent to the year the error was discovered, an adjustment shall not be made.

(2) If an error has occurred in the distribution of property taxes so that property tax collected has been incorrectly distributed to a taxing district or taxing districts wholly or partially within a county, the treasurer of the county in which the error occurred shall correct the error by making an appropriate adjustment to the amount distributed to that taxing district or districts in the succeeding year. The adjustment shall be made without including any interest. If the treasurer, in consultation with the governing authority of the taxing district or districts affected, determines that the amount of the adjustment in the succeeding year is so large as to cause a hardship for the taxing district or districts, the adjustment may be made on a proportional basis over a period of not more than three consecutive years. A correction of an error in the distribution of property taxes shall not be made for any period more than three years preceding the year in which the error is discovered. [2001 c 185 § 14.]

**84.52.105 Affordable housing levies authorized—Declaration of emergency and plan required.** (1) A county, city, or town may impose additional regular property tax levies of up to fifty cents per thousand dollars of assessed value of property in each year for up to ten consecutive years to finance affordable housing for very low-income households when specifically authorized to do so by a majority of the voters of the taxing district voting on a ballot proposition authorizing the levies. If both a county, and a city or town within the county, impose levies authorized under this section, the levies of the last jurisdiction to receive voter approval for the levies shall be reduced or eliminated so that the combined rates of these levies may not exceed fifty cents per thousand dollars of assessed valuation in any area within the county. A ballot proposition authorizing a levy under this section must conform with RCW 84.52.054.

(2) The additional property tax levies may not be imposed until:

(a) The governing body of the county, city, or town declares the existence of an emergency with respect to the availability of housing that is affordable to very low-income households in the taxing district; and

(b) The governing body of the county, city, or town adopts an affordable housing financing plan to serve as the plan for expenditure of funds raised by a levy authorized

under this section, and the governing body determines that the affordable housing financing plan is consistent with either the locally adopted or state-adopted comprehensive housing affordability strategy, required under the Cranston-Gonzalez national affordable housing act (42 U.S.C. Sec. 12701, et seq.), as amended.

(3) For purposes of this section, the term "very low-income household" means a single person, family, or unrelated persons living together whose income is at or below fifty percent of the median income, as determined by the United States department of housing and urban development, with adjustments for household size, for the county where the taxing district is located.

(4) The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section. [1995 c 318 § 10; 1993 c 337 § 2.]

**Effective date—1995 c 318:** See note following RCW 82.04.030.

**Finding—1993 c 337:** "The legislature finds that:

(1) Many very low-income residents of the state of Washington are unable to afford housing that is decent, safe, and appropriate to their living needs;

(2) Recent federal housing legislation conditions funding for affordable housing on the availability of local matching funds;

(3) Current statutory debt limitations may impair the ability of counties, cities, and towns to meet federal matching requirements and, as a consequence, may impair the ability of such counties, cities, and towns to develop appropriate and effective strategies to increase the availability of safe, decent, and appropriate housing that is affordable to very low-income households; and

(4) It is in the public interest to encourage counties, cities, and towns to develop locally based affordable housing financing plans designed to expand the availability of housing that is decent, safe, affordable, and appropriate to the living needs of very low-income households of the counties, cities, and towns." [1993 c 337 § 1.]

**84.52.120 Metropolitan park districts—Protection of levy from prorationing—Ballot proposition.** A metropolitan park district with a population of one hundred fifty thousand or more may submit a ballot proposition to voters of the district authorizing the protection of the district's tax levy from prorationing under RCW 84.52.010(2) by imposing all or any portion of the district's twenty-five cent per thousand dollars of assessed valuation tax levy outside of the five dollar and ninety cent per thousand dollar of assessed valuation limitation established under RCW 84.52.043(2), if those taxes otherwise would be prorated under RCW 84.52.010(2)(c), for taxes imposed in any year on or before the first day of January six years after the ballot proposition is approved. A simple majority vote of voters voting on the proposition is required for approval. [1995 c 99 § 1.]

**84.52.130 Fire protection district excess levies.** *(Effective January 1, 2003, if the proposed amendment to Article VII, section 2 of the state Constitution is approved at the November 2002 general election.)* The limitations imposed by RCW 84.52.050 through 84.52.056, and 84.52.043 shall not prevent the levy of taxes by a fire protection district, when authorized so to do by the voters of a fire protection district in the manner and for the purposes and number of years allowable under Article VII, section 2(a) of the Constitution of this state. Elections for taxes shall be held in the year in which the levy is made, or in the case of propositions authorizing two-year through four-year levies for maintenance and operation support of a fire dis-

trict, or authorizing two-year through six-year levies to support the construction, modernization, or remodeling of fire district facilities, in the year in which the first annual levy is made. Once additional tax levies have been authorized for maintenance and operation support of a fire protection district for a two-year through four-year period, no further additional tax levies for maintenance and operation support of the district for that period may be authorized.

A special election may be called and the time fixed by the fire protection district commissioners, by giving notice by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing the excess levy shall be submitted in a form as to enable the voters favoring the proposition to vote "yes" and those opposed to vote "no." **84.55.005 Definitions.** As used in this chapter:

(1) "Inflation" means the percentage change in the implicit price deflator for personal consumption expenditures for the United States as published for the most recent twelve-month period by the bureau of economic analysis of the federal department of commerce in September of the year before the taxes are payable;

(2) "Limit factor" means:

(a) For taxing districts with a population of less than ten thousand in the calendar year prior to the assessment year, one hundred one percent;

(b) For taxing districts for which a limit factor is authorized under RCW 84.55.0101, the lesser of the limit factor under that section or one hundred one percent;

(c) For all other districts, the lesser of one hundred one percent or one hundred percent plus inflation; and

(3) "Regular property taxes" has the meaning given it in RCW 84.04.140. [2002 c 1 § 2 (Initiative Measure No. 747, approved November 6, 2001). Prior: 1997 c 393 § 20; 1997 c 3 § 201 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 49; 1983 1st ex.s. c 62 § 11.]

**Reviser's note:** (1) 2002 c 1 (Initiative Measure No. 747) amended the 2001 c 2 (Initiative Measure No. 722) version, which was found unconstitutional in its entirety. The text of this section does not include the Initiative Measure No. 722 language.

(2) This section has been restored to its language before its amendment by Initiative Measure No. 722 (2001 c 2), which, under the Washington Supreme Court decision in *City of Burien et al v. Frederick C Kiga et al*, \_\_ P.2d \_\_, \_\_ Wash.2d \_\_ (Docket No. 70830-4, September 20, 2001), was declared unconstitutional in its entirety.

**Intent—2002 c 1 (Initiative Measure No. 747):** "This measure would limit property tax increases to 1% per year unless approved by the voters. Politicians have repeatedly failed to limit skyrocketing property taxes either by reducing property taxes or by limiting property tax increases in any meaningful way. Throughout Washington every year, taxing authorities regularly increase property taxes to the maximum limit factor of 106% while also receiving additional property tax revenue from new construction, improvements, increases in the value of state-assessed property, excess levies approved by the voters, and tax revenues generated from real estate excise taxes when property is sold. Property taxes are increasing so rapidly that working class families and senior citizens are being taxed out of their homes and making it nearly impossible for first-time home buyers to afford a home. The Washington state Constitution limits property taxes to 1% per year; this measure matches this principle by limiting property tax increases to 1% per year." [2002 c 1 § 1 (Initiative Measure No. 747, approved November 6, 2001).]

**Construction—2002 c 1 (Initiative Measure No. 747):** "The provisions of this act are to be liberally construed to effectuate the policies and purposes of this act." [2002 c 1 § 4 (Initiative Measure No. 747, approved November 6, 2001).]

**Severability—2002 c 1 (Initiative Measure No. 747):** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2002 c 1 § 5 (Initiative Measure No. 747, approved November 6, 2001).]

**Intent—2002 c 1 (Initiative Measure No. 747):** "The people have clearly expressed their desire to limit taxes through the overwhelming

passage of numerous initiatives and referendums. However, politicians throughout the state of Washington continue to ignore the mandate of these measures.

Politicians are reminded:

(1) All political power is vested in the people, as stated in Article I, section 1 of the Washington state Constitution.

(2) The first power reserved by the people is the initiative, as stated in Article II, section 1 of the Washington state Constitution.

(3) Politicians are an employee of the people, not their boss.

(4) Any property tax increase which violates the clear intent of this measure undermines the trust of the people in their government and will increase the likelihood of future tax limitation measures." [2002 c 1 § 6 (Initiative Measure No. 747, approved November 6, 2001).]

**Intent—1997 c 3 §§ 201-207:** See note following RCW 84.55.010.

**Application—Severability—Part headings not law—Referral to electorate—1997 c 3:** See notes following RCW 84.40.030.

**Short title—Intent—Effective dates—Applicability—1983 1st ex.s. c 62:** See notes following RCW 84.36.473.

**84.55.010 Limitations prescribed.** Except as provided in this chapter, the levy for a taxing district in any year shall be set so that the regular property taxes payable in the following year shall not exceed the limit factor multiplied by the amount of regular property taxes lawfully levied for such district in the highest of the three most recent years in which such taxes were levied for such district plus an additional dollar amount calculated by multiplying the increase in assessed value in that district resulting from new construction, improvements to property, and any increase in the assessed value of state-assessed property by the regular property tax levy rate of that district for the preceding year. [1997 c 3 § 202 (Referendum Bill No. 47, approved November 4, 1997); 1979 ex.s. c 218 § 2; 1973 1st ex.s. c 67 § 1; 1971 ex.s. c 288 § 20.]

**Reviser's note:** Throughout chapter 84.55 RCW the phrase "this 1971 amendatory act" has been changed to "this chapter." "This 1971 amendatory act" [1971 ex.s. c 288] consists of this chapter and RCW 36.21.015, 36.29.015, 84.04.140, 84.10.010, 84.36.370, 84.36.380, 84.40.030, 84.40.0301, 84.40.045, 84.41.030, 84.41.040, 84.48.080, 84.48.085, 84.48.140, 84.52.052, 84.56.020, and 84.69.020, and the repeal of RCW 84.36.128, 84.36.129, and 84.54.010.

**Intent—1997 c 3 §§ 201-207:** "It is the intent of sections 201 through 207 of this act to lower the one hundred six percent limit while still allowing taxing districts to raise revenues in excess of the limit if approved by a majority of the voters as provided in RCW 84.55.050." [1997 c 3 § 208 (Referendum Bill No. 47, approved November 4, 1997).]

**Application—Severability—Part headings not law—Referral to electorate—1997 c 3:** See notes following RCW 84.40.030.

**Effective date—Applicability—1979 ex.s. c 218:** "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately: PROVIDED, That the amendment to RCW 84.55.010 by section 2 of this act shall be effective for 1979 levies for taxes collected in 1980, and for subsequent years." [1979 ex.s. c 218 § 8.]

**84.55.0101 Limit factor—Authorization for taxing district to use one hundred one percent or less—Ordinance or resolution.** Upon a finding of substantial need, the legislative authority of a taxing district other than the state may provide for the use of a limit factor under this chapter of one hundred one percent or less unless an increase greater than this limit is approved by the voters at an election as provided in RCW 84.55.050. In districts with legislative authorities of four members or less, two-thirds of the members must approve an ordinance or resolution under this section. In districts with more than four members, a

majority plus one vote must approve an ordinance or resolution under this section. The new limit factor shall be effective for taxes collected in the following year only. [2002 c 1 § 3 (Initiative Measure No. 747, approved November 6, 2001); 1997 c 3 § 204 (Referendum Bill No. 47, approved November 4, 1997).]

**Reviser's note:** (1) 2002 c 1 (Initiative Measure No. 747) amended the 2001 c 2 (Initiative Measure No. 722) version, which was found unconstitutional in its entirety. The text of this section does not include the Initiative Measure No. 722 language.

(2) This section has been restored to its language before its amendment by Initiative Measure No. 722 (2001 c 2), which, under the Washington Supreme Court decision in *City of Burien et al v. Frederick C Kiga et al*, \_\_ P.2d \_\_, \_\_ Wash.2d \_\_ (Docket No. 70830-4, September 20, 2001), was declared unconstitutional in its entirety.

**Intent—Construction—Severability—Intent—2002 c 1 (Initiative Measure No. 747):** See notes following RCW 84.55.005.

**Intent—1997 c 3 §§ 201-207:** See note following RCW 84.55.010.

**Application—Severability—Part headings not law—Referral to electorate—1997 c 3:** See notes following RCW 84.40.030.

**84.55.012 Reduction of property tax levy—Setting amount of future levies.** (1) The state property tax levy for collection in 1996 shall be reduced by 4.7187 percent of the levy amount that would otherwise be allowed under this chapter without regard to this section or any other tax reduction legislation enacted in 1995.

(2) State levies for collection after 1997 shall be set at the amount that would be allowed otherwise under this chapter if the state levies for collection in 1996 and 1997 had been set without the reduction under subsection (1) of this section. [1997 c 2 § 1; 1995 2nd sp.s. c 13 § 2.]

**Application—1997 c 2:** "Section 1 of this act applies to taxes levied for collection in 1997." [1997 c 2 § 3.]

**Effective date—1997 c 2:** "Section 1 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [January 30, 1997]." [1997 c 2 § 4.]

**Intent—1995 2nd sp.s. c 13:** "With property valuations continuing to increase, property taxes have been steadily increasing. At the same time, personal incomes have not continued to rise at the same rate. Property taxes are becoming increasingly more difficult to pay. Many residential property owners complain about the overall level of taxes and about the continuing increase in tax from year to year. Taxpayers want property tax relief. The legislature intends to establish an on-going program of state property tax reductions the amount of which is to be determined by the legislature on a yearly basis based on the level of general fund tax revenues." [1995 2nd sp.s. c 13 § 1.]

**84.55.0121 Reduction of property tax levy for collection in 1998.** The state property tax levy for collection in 1998 shall be reduced by 4.7187 percent of the levy amount that would otherwise be allowed under this chapter without regard to this section. [1997 c 3 § 301 (Referendum Bill No. 47, approved November 4, 1997).]

**Severability—Part headings not law—Referral to electorate—1997 c 3:** See notes following RCW 84.40.030.

**84.55.015 Restoration of regular levy.** If a taxing district has not levied since 1985 and elects to restore a regular property tax levy subject to applicable statutory limitations then such first restored levy shall be set so that the regular property tax payable shall not exceed the amount which was last levied, plus an additional dollar amount calculated by multiplying the increase in assessed value in

the district since the last levy resulting from new construction and improvements to property by the property tax rate which is proposed to be restored, or the maximum amount which could be lawfully levied in the year such a restored levy is proposed. [1999 c 96 § 1; 1979 ex.s. c 218 § 4.]

**84.55.020 Limitation upon first levy for district created from consolidation.** Notwithstanding the limitation set forth in RCW 84.55.010, the first levy for a taxing district created from consolidation of similar taxing districts shall be set so that the regular property taxes payable in the following year shall not exceed the limit factor multiplied by the sum of the amount of regular property taxes lawfully levied for each component taxing district in the highest of the three most recent years in which such taxes were levied for such district plus the additional dollar amount calculated by multiplying the increase in assessed value in each component district resulting from new construction and improvements to property by the regular property tax rate of each component district for the preceding year. [1997 c 3 § 203 (Referendum Bill No. 47, approved November 4, 1997); 1971 ex.s. c 288 § 21.]

**Intent—1997 c 3 §§ 201-207:** See note following RCW 84.55.010.

**Application—Severability—Part headings not law—Referral to electorate—1997 c 3:** See notes following RCW 84.40.030.

**Savings—Severability—1971 ex.s. c 288:** See notes following RCW 84.40.030.

**84.55.030 Limitation upon first levy following annexation.** For the first levy for a taxing district following annexation of additional property, the limitation set forth in RCW 84.55.010 shall be increased by an amount equal to (1) the aggregate assessed valuation of the newly annexed property as shown by the current completed and balanced tax rolls of the county or counties within which such property lies, multiplied by (2) the dollar rate that would have been used by the annexing unit in the absence of such annexation, plus (3) the additional dollar amount calculated by multiplying the increase in assessed value in the annexing district resulting from new constructions and improvements to property by the regular property tax levy rate of that annexing taxing district for the preceding year. [1973 1st ex.s. c 195 § 107; 1971 ex.s. c 288 § 22.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**Savings—Severability—1971 ex.s. c 288:** See notes following RCW 84.40.030.

**84.55.035 Inapplicability of limitation to newly-formed taxing district created other than by consolidation or annexation.** RCW 84.55.010 shall not apply to the first levy by or for a newly-formed taxing district created other than by consolidation or annexation.

This section shall be retroactive in effect and shall be deemed to validate any levy within its scope, even though the levy has been made prior to June 4, 1979. [1979 ex.s. c 218 § 5.]

**84.55.040 Increase in statutory dollar rate limitation.** If by reason of the operation of RCW 84.52.043 and 84.52.050, as now or hereafter amended the statutory dollar

rate limitation applicable to the levy by a taxing district has been increased over the statutory millage limitation applicable to such taxing district's levy in the preceding year, the limitation on the dollar rate amount of a levy provided for in this chapter shall be increased by multiplying the otherwise dollar limitation by a fraction, the numerator of which is the increased dollar limitation and the denominator of which is the dollar limitation for the prior year. [1973 1st ex.s. c 195 § 108; 1973 1st ex.s. c 195 § 151; 1971 ex.s. c 288 § 23.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**Savings—Severability—1971 ex.s. c 288:** See notes following RCW 84.40.030.

**84.55.045 Applicability of chapter to levy by port district for industrial development district purposes.** For purposes of applying the provisions of this chapter:

(1) A levy by or for a port district pursuant to RCW 53.36.100 shall be treated in the same manner as a separate regular property tax levy made by or for a separate taxing district; and

(2) The first levy by or for a port district pursuant to RCW 53.36.100 after April 1, 1982, shall not be subject to RCW 84.55.010. [1982 1st ex.s. c 3 § 2.]

**Effective date—1982 1st ex.s. c 3:** See note following RCW 53.36.100.

**84.55.047 Applicability of chapter to community revitalization financing increment areas.** Limitations on regular property taxes that are provided in this chapter shall continue in a taxing district whether or not an increment area exists within the taxing district as provided under chapter 39.89 RCW. [2001 c 212 § 24.]

**Severability—2001 c 212:** See RCW 39.89.902.

**84.55.050 Election to authorize increase in regular property tax levy—Limited propositions—Procedure.** (1) Subject to any otherwise applicable statutory dollar rate limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in this chapter if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made. The ballot of the proposition shall state the dollar rate proposed and shall clearly state any conditions which are applicable under subsection (3) of this section.

(2) After a levy authorized pursuant to this section is made, the dollar amount of such levy shall be used for the purpose of computing the limitations for subsequent levies provided for in this chapter, except as provided in subsection (4) of this section.

(3) A proposition placed before the voters under this section may:

(a) Limit the period for which the increased levy is to be made;

(b) Limit the purpose for which the increased levy is to be made, but if the limited purpose includes making redemption payments on bonds, the period for which the increased levies are made shall not exceed nine years;

(c) Set the levy at a rate less than the maximum rate allowed for the district; or

(d) Include any combination of the conditions in this subsection.

(4) After the expiration of a limited period or the satisfaction of a limited purpose, whichever comes first, subsequent levies shall be computed as if:

(a) The limited proposition under subsection (3) of this section had not been approved; and

(b) The taxing district had made levies at the maximum rates which would otherwise have been allowed under this chapter during the years levies were made under the limited proposition. [1989 c 287 § 1; 1986 c 169 § 1; 1979 ex.s. c 218 § 3; 1973 1st ex.s. c 195 § 109; 1971 ex.s. c 288 § 24.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**Savings—Severability—1971 ex.s. c 288:** See notes following RCW 84.40.030.

**84.55.060 Rate rules—Educational program—Other necessary action.** The department of revenue shall adopt rules relating to the calculation of tax rates and the limitation in RCW 84.55.010, conduct an educational program on this subject, and take any other action necessary to insure compliance with the statutes and rules on this subject. [1979 ex.s. c 218 § 6.]

**84.55.070 Inapplicability of chapter to levies for certain purposes.** The provisions of this chapter shall not apply to a levy, including the state levy, or that portion of a levy, made by or for a taxing district for the purpose of funding a property tax refund paid or to be paid pursuant to the provisions of chapter 84.68 RCW or attributable to a property tax refund paid or to be paid pursuant to the provisions of chapter 84.69 RCW, attributable to amounts of state taxes withheld under RCW 84.56.290 or the provisions of chapter 84.69 RCW, or otherwise attributable to state taxes lawfully owing by reason of adjustments made under RCW 84.48.080. [1982 1st ex.s. c 28 § 2; 1981 c 228 § 3.]

**Severability—1982 1st ex.s. c 28:** See note following RCW 84.48.080.

**84.55.080 Adjustment to tax limitation.** Pursuant to chapter 39.88 RCW, any increase in the assessed value of real property within an apportionment district resulting from new construction, improvements to property, or any increase in the assessed value of state-assessed property shall not be included in the increase in assessed value resulting from new construction, improvements, or any increase in the assessed value of state-assessed property for purposes of calculating any limitations upon regular property taxes under this chapter until the termination of apportionment as set forth in RCW 39.88.070(4), as now or hereafter amended, except to the extent a taxing district actually will receive the taxes levied upon this value. Tax allocation revenues, as defined in RCW 39.88.020, as now or hereafter amended, shall not

be deemed to be "regular property taxes" for purposes of this chapter. [1982 1st ex.s. c 42 § 12.]

**Captions not part of law—Severability—1982 1st ex.s. c 42:** See RCW 39.88.910 and 39.88.915.

**84.55.092 Protection of future levy capacity.** The regular property tax levy for each taxing district other than the state may be set at the amount which would be allowed otherwise under this chapter if the regular property tax levy for the district for taxes due in prior years beginning with 1986 had been set at the full amount allowed under this chapter including any levy authorized under RCW 52.16.160 that would have been imposed but for the limitation in RCW 52.18.065, applicable upon imposition of the benefit charge under chapter 52.18 RCW.

The purpose of this section is to remove the incentive for a taxing district to maintain its tax levy at the maximum level permitted under this chapter, and to protect the future levy capacity of a taxing district that reduces its tax levy below the level that it otherwise could impose under this chapter, by removing the adverse consequences to future levy capacities resulting from such levy reductions. [1998 c 16 § 3; 1988 c 274 § 4; 1986 c 107 § 3.]

**Reviser's note:** Restored to the RCW September 20, 2001, under the Washington Supreme Court decision in *City of Burien et al v. Frederick C Kiga et al*, \_\_\_ P.2d \_\_\_, \_\_\_ Wash.2d \_\_\_ (Docket No. 70830-4, September 20, 2001), which declared Initiative Measure No. 722 (2001 c 2) unconstitutional in its entirety.

**Purpose—Severability—1988 c 274:** See notes following RCW 84.52.010.

**Severability—Construction—1986 c 107:** See notes following RCW 39.67.010.

**84.55.100 Determination of limitations.** The property tax limitation contained in this chapter shall be determined by the county assessors of the respective counties in accordance with the provisions of this chapter: PROVIDED, That the limitation for any state levy shall be determined by the department of revenue and the limitation for any intercounty rural library district shall be determined by the library district in consultation with the respective county assessors. [1983 c 223 § 1.]

**84.55.110 Withdrawal of certain areas of a library district, metropolitan park district, fire protection district, or public hospital district—Calculation of taxes due.** Whenever a withdrawal occurs under RCW 27.12.355, 35.61.360, 52.04.056, or 70.44.235, restrictions under chapter 84.55 RCW on the taxes due for the library district, metropolitan park district, fire protection district, or public hospital district, and restrictions under chapter 84.55 RCW on the taxes due for the city or town if an entire city or town area is withdrawn from a library district or fire protection district, shall be calculated as if the withdrawn area had not been part of the library district, metropolitan park district, fire protection district, or public hospital district, and as if the library district or fire protection district had not been part of the city or town. [1987 c 138 § 6.]

**84.55.120 Public hearing—Taxing district's revenue sources—Adoption of tax increase by ordinance or resolution.** A taxing district, other than the state, that

collects regular levies shall hold a public hearing on revenue sources for the district's following year's current expense budget. The hearing must include consideration of possible increases in property tax revenues and shall be held prior to the time the taxing district levies the taxes or makes the request to have the taxes levied. The county legislative authority, or the taxing district's governing body if the district is a city, town, or other type of district, shall hold the hearing. For purposes of this section, "current expense budget" means that budget which is primarily funded by taxes and charges and reflects the provision of ongoing services. It does not mean the capital, enterprise, or special assessment budgets of cities, towns, counties, or special purpose districts.

If the taxing district is otherwise required to hold a public hearing on its proposed regular tax levy, a single public hearing may be held on this matter.

No increase in property tax revenue, other than that resulting from the addition of new construction and improvements to property and any increase in the value of state-assessed property, may be authorized by a taxing district, other than the state, except by adoption of a separate ordinance or resolution, pursuant to notice, specifically authorizing the increase in terms of both dollars and percentage. The ordinance or resolution may cover a period of up to two years, but the ordinance shall specifically state for each year the dollar increase and percentage change in the levy from the previous year. [1997 c 3 § 209 (Referendum Bill No. 47, approved November 4, 1997); 1995 c 251 § 1.]

**Severability—Part headings not law—Referral to electorate—1997 c 3:** See notes following RCW 84.40.030.

**84.55.125 Limitation adjustment for certain leasehold interests.** For taxes levied for collection in 2002, the limitation set forth in RCW 84.55.010 for a taxing district shall be increased by an amount equal to the aggregate assessed valuation of leasehold interests subject to tax by the district under RCW 84.40.410, multiplied by the regular property tax levy rate of that district for the preceding year. [2001 c 26 § 4.]

**84.56.010 Establishment of tax rolls by treasurer—Public record—Tax roll account—Authority to receive, collect taxes.** On or before the first Monday in January next succeeding the date of levy of taxes the county treasurer shall establish tax rolls of his or her county as certified by the county assessor for such assessment year, and said rolls shall be preserved as a public record in the office of the county treasurer. The amount of said taxes levied and extended upon said rolls shall be charged to the treasurer in an account to be designated as treasurer's "Tax roll account" for . . . . and said rolls shall be full and sufficient authority for the county treasurer to receive and collect all taxes therein levied: PROVIDED, That the county treasurer shall in no case collect such taxes or issue receipts for the same or enter payment or satisfaction of such taxes upon said assessment rolls before the fifteenth day of February following. [1994 c 301 § 50; 1975-'76 2nd ex.s. c 10 § 1; 1965 ex.s. c 7 § 2; 1961 c 15 § 84.56.010. Prior: 1935 c 30 § 1; 1925 ex.s. c 130 § 82; RRS § 11243; prior: 1890 p 561 § 83.]

**Reviser's note:** This section appears as it did before its amendment by 1975-'76 2nd ex.s. c 10 because of 1975-'76 2nd ex.s. c 10 § 3 which states "This 1976 amendatory act shall be effective with respect to 1976 collections of all real and personal property taxes, and shall expire on December 31, 1976."

**84.56.020 Taxes collected by treasurer—Dates of delinquency—Tax statement notice concerning payment by check—Interest—Penalties.** (1) The county treasurer shall be the receiver and collector of all taxes extended upon

the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. All taxes upon real and personal property made payable by the provisions of this title shall be due and payable to the treasurer on or before the thirtieth day of April and, except as provided in this section, shall be delinquent after that date.

(2) Each tax statement shall include a notice that checks for payment of taxes may be made payable to "Treasurer of . . . . County" or other appropriate office, but tax statements shall not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax be paid on or before the thirtieth day of April, the remainder of such tax shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax be paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(5) Delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the full year amount of tax unpaid from the date of delinquency until paid. Interest shall be calculated at the rate in effect at the time of payment of the tax, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the full year amount of tax unpaid shall be assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent shall be assessed on the amount of tax delinquent on December 1st of the year in which the tax is due.

(6) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed for the period April 30, 1996, through December 31, 1996, on delinquent taxes imposed in 1995 for collection in 1996 which are imposed on the personal residences owned by military personnel who participated in the situation known as "Joint Endeavor."

(7) For purposes of this chapter, "interest" means both interest and penalties.

(8) All collections of interest on delinquent taxes shall be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, shall, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and shall be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations. **84.56.025 Waiver of interest and penalties—Circumstances—Provision of death certificate and affidavit for certain waivers.** (1) The interest and penalties for delinquencies on property taxes, which taxes are levied on real estate in the year of a conveyance of the real estate and which are collected in the following year, shall be waived by the county treasurer under the following circumstances:

(a) Records conveying the real estate were filed with the county auditor on or before November 30 of the year the taxes are levied;

(b) A grantee's name and address are included in the records; and

(c) The notice for these taxes due, as provided in RCW 84.56.050, was not sent to a grantee due to error by the county. Where such waiver of interest and penalties has occurred, the full amount of interest and penalties shall be reinstated if the grantee fails to pay the delinquent taxes within thirty days of receiving notice that the taxes are due. Each county treasurer shall, subject to guidelines prepared by the department of revenue, establish administrative procedures to determine if grantees are eligible for this waiver.

(2) In addition to the waiver under subsection (1) of this section, the interest and penalties for delinquencies on property taxes shall be waived by the county treasurer under the following circumstances:

(a) The taxpayer fails to make one payment under RCW 84.56.020 by the due date on the taxpayer's personal residence because of hardship caused by the death of the

taxpayer's spouse if the taxpayer notifies the county treasurer of the hardship within sixty days of the tax due date; or

(b) The taxpayer fails to make one payment under RCW 84.56.020 by the due date on the taxpayer's parent's or stepparent's personal residence because of hardship caused by the death of the taxpayer's parent or stepparent if the taxpayer notifies the county treasurer of the hardship within sixty days of the tax due date.

(3) Before allowing a hardship waiver under subsection (2) of this section, the county treasurer may require a copy of the death certificate along with an affidavit signed by the taxpayer. [1998 c 327 § 1; 1984 c 185 § 1.]

**84.56.035 Special assessments, excise taxes, or rates and charges—Collection by county treasurer authorized.** A local government authorized both to impose and to collect any special assessments, excise taxes, or rates or charges may contract with the county treasurer or treasurers within which the local government is located to collect the special assessments, excise taxes, rates, or charges. If such a contract is entered into, notice of the special assessments, excise taxes, or rates or charges due may be included on the notice of property taxes due, may be included on a separate notice that is mailed with the notice of property taxes due, or may be sent separately from the notice of property taxes due. County treasurers may impose an annual fee for collecting special assessments, excise taxes, or rates or charges not to exceed one percent of the dollar value of special assessments, excise taxes, or rates or charges collected. [1987 c 355 § 1.]

**84.56.050 Treasurer's duties on receiving rolls—Notice of taxes due.** On receiving the tax rolls the treasurer shall post all real and personal property taxes from the rolls to the treasurer's tax roll, and shall carry forward to the current tax rolls a memorandum of all delinquent taxes on each and every description of property, and enter the same on the property upon which the taxes are delinquent showing the amounts for each year. The treasurer shall notify each taxpayer in the county, at the expense of the county, of the amount of the real and personal property, and the current and delinquent amount of tax due on the same; and the treasurer shall have printed on the notice the name of each tax and the levy made on the same. The county treasurer shall be the sole collector of all delinquent taxes and all other taxes due and collectible on the tax rolls of the county: PROVIDED, That the term "taxpayer" as used in this section shall mean any person charged, or whose property is charged, with property tax; and the person to be notified is that person whose name appears on the tax roll herein mentioned: PROVIDED, FURTHER, That if no name so appears the person to be notified is that person shown by the treasurer's tax rolls or duplicate tax receipts of any preceding year as the payer of the tax last paid on the property in question. **84.56.060 Tax receipts—Current tax only may be paid.** The county treasurer upon receiving any tax paid in cash, shall give to the person paying the same a receipt. The treasurer shall record the payment of all taxes in the treasurer's records by parcel. The owner or owners of property against which there are delinquent taxes, shall have the right to pay the current tax without paying any delinquent taxes there may be against the property. [1991 c 245 § 18; 1971 ex.s. c 35 § 1; 1961 c 15 § 84.56.060. Prior: 1925 ex.s. c 130 § 85; RRS § 11246; prior: 1897 c 71 § 70; 1893 c 124 § 71; 1890 p 561 § 86; Code 1881 § 2899.]

**84.56.070 Personal property—Distraint and sale, notice, property incapable of manual delivery, property about to be removed or disposed of.** On the fifteenth day of February succeeding the levy of taxes, the county treasurer shall proceed to collect all personal property taxes. The treasurer shall give notice by mail to all persons charged with personal property taxes, and if such taxes are not paid before they become delinquent, the treasurer shall forthwith proceed to collect the same. In the event that he or she is unable to collect the same when due, the treasurer shall prepare papers in distraint, which shall contain a description of the personal property, the amount of taxes, the amount of the accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner. The treasurer shall without demand or notice distraint sufficient goods and chattels belonging to the person charged with such taxes to pay the same, with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and shall proceed to advertise the same by posting written notices in three public places in the county in which such property has been distrained, one of which places shall be at the county court house, such notice to state the time when and place where such property will be sold. The county treasurer, or the treasurer's deputy, shall tax the same fees for making the distraint and sale of goods and chattels for the payment of taxes as are allowed by law to sheriffs for making levy and sale of property on execution; traveling fees to be computed from the county seat of the county to the place of making distraint. If the taxes for which such property is distrained, and the interest and costs accruing thereon, are not paid before the date appointed for such sale, which shall be not less than ten days after the taking of such property, such treasurer or treasurer's designee shall proceed to sell such property at public auction, or so much thereof as shall be sufficient to pay such taxes, with interest and costs, and if there be any excess of money arising from the sale of any personal property, the treasurer shall pay such excess less any cost of the auction to the owner of the property so sold or to his or her legal representative: PROVIDED, That whenever it shall become necessary to distraint any standing timber owned separately from the ownership of the land upon which the same may stand, or any fish trap, pound net, reef net, set net or drag seine fishing location, or any other personal property as the treasurer shall determine to be incapable or reasonably impracticable of manual delivery, it shall be deemed to have been distrained and taken into possession when the treasurer shall have, at least thirty days before the date fixed for the sale thereof, filed with the auditor of the county wherein

such property is located a notice in writing reciting that the treasurer has distrained such property, describing it, giving the name of the owner or reputed owner, the amount of the tax due, with interest, and the time and place of sale; a copy of the notice shall also be sent to the owner or reputed owner at his last known address, by registered letter at least thirty days prior to the date of sale: AND PROVIDED FURTHER, That if the county treasurer has reasonable grounds to believe that any personal property upon which taxes have been levied, but not paid, is about to be removed from the county where the same has been assessed, or is about to be destroyed, sold or disposed of, the county treasurer may demand such taxes, without the notice provided for in this section, and if necessary may forthwith distraint sufficient goods and chattels to pay the same. [1991 c 245 § 19; 1975-'76 2nd ex.s. c 10 § 2; 1961 c 15 § 84.56.070. Prior: 1949 c 21 § 2; 1935 c 30 § 4; 1933 c 33 § 1; 1925 ex.s. c 130 § 86; Rem. **84.56.090 Distraint and sale of property about to be removed, dissipated, sold, or disposed of—Computation of taxes, entry on rolls, tax liens.** Whenever in the judgment of the assessor or the county treasurer personal property is being removed or is about to be removed without the limits of the state, or is being dissipated or about to be dissipated, or is being or about to be sold, disposed of, or removed from the county so as to jeopardize collection of taxes, the treasurer shall immediately prepare papers in distraint, which shall contain a description of the personal property being or about to be removed, dissipated, sold, disposed of, or removed from the county so as to jeopardize collection of taxes, the amount of the tax, the amount of accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner, and he shall without demand or notice distraint sufficient goods and chattels belonging to the person charged with such taxes to pay the same with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and shall advertise and sell said property as provided in RCW 84.56.070.

If said personal property is being removed or is about to be removed from the limits of the state, is being dissipated or about to be dissipated, or is being or about to be sold, disposed of, or removed from the county so as to jeopardize collection of taxes, at any time subsequent to the first day of January in any year, and prior to the levy of taxes thereon, the taxes upon such property so distrained shall be computed upon the rate of levy for state, county and local purposes for the preceding year; and all taxes collected in advance of levy under this section and RCW 84.56.120, together with the name of the owner and a brief description of the property assessed shall be entered forthwith by the county treasurer upon the personal property tax rolls of such preceding year, and all collections thereon shall be considered and treated in all respects, and without recourse by either the owner or any taxing unit, as collections for such preceding year. Property on which taxes are thus collected shall thereupon become

discharged from the lien of any taxes that may thereafter be levied in the year in which payment or collection is made.

Whenever property has been removed from the county wherein it has been assessed, on which the taxes have not been paid, then the county treasurer, or his deputy, shall have the same power to distraint and sell said property for the satisfaction of said taxes as he would have if said property were situated in the county in which the property was taxed, and in addition thereto said treasurer, or his deputy, in the distraint and sale of property for the payment of taxes, shall have the same powers as are now by law given to the sheriff in making levy and sale of property on execution. [1985 c 83 § 1; 1961 c 15 § 84.56.090. Prior: 1949 c 21 § 3; 1939 c 206 § 43; 1937 c 20 § 1; 1925 ex.s. c 130 § 89; Rem. Supp. 1949 § 11250; prior: 1907 c 29 § 1. **84.64.050 Certificate to county—Foreclosure—Notice—Sale of certain residential property eligible for deferral prohibited.** After the expiration of three years from the date of delinquency, when any property remains on the tax rolls for which no certificate of delinquency has been issued, the county treasurer shall proceed to issue certificates of delinquency on the property to the county for all years' taxes, interest, and costs: PROVIDED, That the county treasurer, with the consent of the county legislative authority, may elect to issue a certificate for fewer than all years' taxes, interest, and costs to a minimum of the taxes, interest, and costs for the earliest year.

Certificates of delinquency shall be prima facie evidence that:

- (1) The property described was subject to taxation at the time the same was assessed;
- (2) The property was assessed as required by law;
- (3) The taxes or assessments were not paid at any time before the issuance of the certificate;
- (4) Such certificate shall have the same force and effect as a lis pendens required under chapter 4.28 RCW.

The county treasurer may include in the certificate of delinquency any assessments which are due on the property and are the responsibility of the county treasurer to collect. For purposes of this chapter, "taxes, interest, and costs" include any assessments which are so included by the county treasurer, and "interest" means interest and penalties unless the context requires otherwise.

The treasurer shall file the certificates when completed with the clerk of the court at no cost to the treasurer, and the treasurer shall thereupon, with legal assistance from the county prosecuting attorney, proceed to foreclose in the name of the county, the tax liens embraced in such certificates. Notice and summons must be served or notice given in a manner reasonably calculated to inform the owner or owners, and any person having a recorded interest in or lien of record upon the property, of the foreclosure action to appear within thirty days after service of such notice and defend such action or pay the amount due. having a recorded interest in or lien of record upon the property, or (b) publication once in a newspaper of general circulation, which is circulated in the area of the property and mailing of notice by certified mail to the owner or owners and any person having a recorded interest in or lien of record upon the property, or, if a mailing address is unavailable, personal service upon the occupant of the property, if any, is sufficient. If such notice is returned as unclaimed, the treasurer shall send notice by regular first class mail. The notice shall include the legal description on the tax rolls, the year or years for which assessed, the amount of tax and interest due, and the name of owner, or reputed owner, if known, and the notice must include the local street address, if any, for informational purposes only. The certificates of delinquency issued to the county may be issued in one general certificate in book form including all property, and the proceedings to foreclose the liens against the property may be brought in one action and all persons interested in any of the property involved in the proceedings may be made codefendants in the action, and if unknown may be therein named as unknown owners, and the publication of such notice shall be sufficient service thereof on all persons interested in the property described therein, except as provided above. The person or persons whose name or names appear on the treasurer's rolls as the owner or owners of the property shall be considered and treated as the owner or owners of the property for the purpose of this section, and if upon the treasurer's rolls it appears that the owner or owners of the property are unknown, then the property shall be proceeded against, as belonging to an unknown owner or owners, as the case may be, and all persons owning or claiming to own, or having or claiming to have an interest therein, are hereby required to take notice of the proceedings and of any and all steps thereunder: PROVIDED, That prior to the sale of the property, the treasurer shall order or conduct a title search of the property to be sold to determine the legal description of the property to be sold and the record title holder, and if the record title holder or holders differ from the person or persons whose name or names appear on the treasurer's rolls as the owner or owners, the record title holder or holders shall be considered and treated as the owner or owners of the property for the purpose of this section, and shall be entitled to the notice provided for in this section. Such title search shall be included in the costs of foreclosure.

The person redeeming such property shall also pay the amount of all taxes, interest and costs accruing after the issuance of such certificate of delinquency, together with interest at the statutory rate per annum charged on delinquent general real and personal property taxes on such payment from the day the same was made. No fee shall be charged for any redemption. Tenants in common or joint tenants shall be allowed to redeem their individual interest in real property for which certificates of delinquency have been issued under the provisions of this chapter, in the manner and under the terms specified in RCW 84.64.060 for the redemption of real property other than that of persons adjudicated to be legally incompetent or minors for purposes of this section. in its discretion, continue such individual cases, wherein defense is offered, to such time as may be necessary, in order to secure substantial justice to the contestants therein; but in all other cases the court shall proceed to determine the matter in a summary manner as above specified. In all judicial proceedings of any kind for the collection of taxes, and interest and costs thereon, all amendments which by law can be made in any personal action pending in such court shall be allowed, and no assessments of property or charge for any of the taxes shall be considered illegal on account of any irregularity in the tax list or assessment rolls or on account of the assessment rolls or tax list not having been made, completed or returned within the time required by law, or on account of the property having been charged or listed in the assessment or tax lists without name, or in any other name than that of the owner, and no error or informality in the proceedings of any of the officers connected with the assessment, levying or collection of the taxes, shall vitiate or in any manner affect the tax or the assessment thereof, and any irregularities or informality in the assessment rolls or tax lists or in any of the proceedings connected with the assessment or levy of such taxes or any omission or defective act of any officer or officers connected with the assessment or levying of such taxes, may be, in the discretion of the court, corrected, supplied and made to conform to the law by the court. The books and records belonging to the office of county treasurer, certified by said treasurer, shall be deemed prima facie evidence to prove the issuance of any certificate, the sale of any land or lot for taxes, the redemption of the same or payment of taxes thereon. The county treasurer shall, at the expiration of his term of office, pay over to his successor in office all moneys in his hands received for redemption from sale for taxes on real property. [1961 c 15 § 84.64.130. Prior: 1925 ex.s. c 130 § 123; RRS § 11284; prior: 1897 c 71 § 108; 1893 c 124 § 123.]

**84.64.180 Deeds as evidence—Estoppel by judgment.** Deeds executed by the county treasurer, as aforesaid, shall be prima facie evidence in all controversies and suits in relation to the right of the purchaser, his heirs and assigns, to the real property thereby conveyed of the following facts: First, that the real property conveyed was subject to taxation at the time the same was assessed, and had been listed and assessed in the time and manner required by law; second, that the taxes were not paid at any time before the issuance of deed; third, that the real property conveyed had not been redeemed from the sale at the date of the deed; fourth, that the real property was sold for taxes, interest and costs, as stated in the deed; fifth, that the grantee in the deed was the purchaser, or assignee of the purchaser; sixth, that the sale was conducted in the manner required by law. And any judgment for the deed to real property sold for delinquent taxes rendered after January 9, 1926, except as otherwise provided in this section, shall estop all parties from raising any objections thereto, or to a tax title based thereon, which

existed at or before the rendition of such judgment, and could have been presented as a defense to the application for such judgment in the court wherein the same was rendered, and as to all such questions the judgment itself shall be conclusive evidence of its regularity and validity in all collateral proceedings, except in cases where the tax has been paid, or the real property was not liable to the tax. #### **84.64.190 Certified copy of deed as evidence.**

Whenever it shall be necessary in any action in any court of law or equity, wherein the title to any real property is in controversy, to prove the conveyance to any county of such real property in pursuance of a foreclosure of a tax certificate and sale thereunder, a copy of the tax deed issued to the county containing a description of such real property, exclusive of the description of all other real property therein described, certified by the county auditor of the county wherein the real property is situated, to be such, shall be admitted in evidence by the court, and shall be proof of the conveyance of the real property in controversy to such county, to the same extent as would a certified copy of the entire record of such tax deed. [1961 c 15 § 84.64.190. Prior: 1925 ex.s. c 130 § 128; RRS § 11289; prior: 1890 p 575 § 115.]

**84.64.200 Prior taxes deemed delinquent—County as bidder at sale—Purchaser to pay all delinquent taxes, interest, or costs.** All lots, tracts and parcels of land upon which taxes levied prior to January 9, 1926 remain due and unpaid at the date when such taxes would have become delinquent as provided in the act under which they were levied shall be deemed to be delinquent under the provisions of this title, and the same proceedings may be had to enforce the payment of such unpaid taxes, with interest and costs, and payment enforced and liens foreclosed under and by virtue of the provisions of this chapter. For the purposes of foreclosure under this chapter, the date of delinquency shall be construed to mean the date when the taxes first became delinquent. At all sales of property for which certificates of delinquency are held by the county, if no other bids are received, the county shall be considered a bidder for the full area of each tract or lot to the amount of all taxes, interest and costs due thereon, and where no bidder appears, acquire title thereto as absolutely as if purchased by an individual under the provisions of this chapter; all bidders except the county at sales of property for which certificates of delinquency are held by the county shall pay the full amount of taxes, interest and costs for which judgment is rendered, together with all taxes, interest and costs which are delinquent at the time of sale, regardless of whether the taxes, interest, or costs are included in the judgment. Injunctions and restraining orders shall not be issued or granted to restrain the collection of any tax or any part thereof, or the sale of any property for the nonpayment of any tax or part thereof, except in the following cases:

- (1) Where the law under which the tax is imposed is void;
- (2) Where the property upon which the tax is imposed is exempt from taxation; or

**84.68.020 Payment under protest—Claim not required.** In all cases of the levy of taxes for public revenue which are deemed unlawful or excessive by the person, firm or corporation whose property is taxed, or from whom such tax is demanded or enforced, such person, firm or corporation may pay such tax or any part thereof deemed unlawful, under written protest setting forth all of the grounds upon which such tax is claimed to be unlawful or excessive; and thereupon the person, firm or corporation so paying, or their legal representatives or assigns, may bring an action in the superior court or in any federal court of competent jurisdiction against the state, county or municipality by whose officers the same was collected, to recover

such tax, or any portion thereof, so paid under protest: PROVIDED, That RCW 84.68.010 through 84.68.070 shall not be deemed to enlarge the grounds upon which taxes may now be recovered: AND PROVIDED FURTHER, That no claim need be presented to the state or county or municipality, or any of their respective officers, for the return of such protested tax as a condition precedent to the institution of such action. [1994 c 124 § 40; 1961 c 15 § 84.68.020. Prior: 1937 c 11 § 1; 1931 c 62 § 2; 1927 c 280 § 7; 1925 c 18 § 7; RRS § 11315-2.]

**84.68.030 Judgment—Payment—County tax refund fund.** In case it be determined in such action that said tax, or any portion thereof, so paid under protest, was unlawfully collected, judgment for recovery thereof and interest thereon at the rate specified in RCW 84.69.100 from date of payment, together with costs of suit, shall be entered in favor of plaintiff. In case the action is against a county and the judgment shall become final, the amount of such judgment, including interest at the rate specified in RCW 84.69.100 and costs where allowed, shall be paid out of the treasury of such county by the county treasurer upon warrants drawn by the county auditor against a fund in said treasury hereby created to be known and designated as the county tax refund fund. Such warrants shall be so issued upon the filing with the county auditor and the county treasurer of duly authenticated copies of such judgment, and shall be paid by the county treasurer out of any moneys on hand in said fund. If no funds are available in such county tax refund fund for the payment of such warrants, then such warrants shall bear interest in such cases and shall be callable under such conditions as are provided by law for county warrants, and such interest, if any, shall also be paid out of said fund. [1989 c 378 § 28; 1961 c 15 § 84.68.030. Prior: 1931 c 62 § 3; RRS § 11315-3.]

**84.68.040 Levy for tax refund fund.** Annually, at the time required by law for the levying of taxes for county purposes, the proper county officers required by law to make and enter such tax levies shall make and enter a tax levy or levies for said county tax refund fund, which said levy or levies shall be given precedence over all other tax levies for county and/or taxing district purposes, as follows:

- (1) A levy upon all of the taxable property within the county for the amount of all taxes collected by the county for county and/or state purposes held illegal and recoverable by such judgments rendered against the county within the preceding twelve months, including legal interest and a proper share of the costs, where allowed, together with the additional amounts hereinafter provided for;
- (2) A levy upon all of the taxable property of each taxing district within the county for the amount of all taxes collected by the county for the purposes of such taxing district, and which have been held illegal and recoverable by such judgments rendered against the county within the preceding twelve months, including legal interest and a proper share of the costs, where allowed.

The aforesaid levy or levies shall also include a proper share of the interest paid out of the county tax refund fund during said twelve months upon warrants issued against said fund in payment of such judgments, legal interests and costs,

plus such an additional amount as such levying officers shall deem necessary to meet the obligations of said fund, taking into consideration the probable portions of such taxes that will not be collected or collectible during the year in which they are due and payable, and also any unobligated cash on hand in said fund. [1961 c 15 § 84.68.040. Prior: 1937 c 11 § 2; 1931 c 62 § 4; RRS § 11315-4.]

**84.68.050 Venue of action—Intercounty property.**

The action for the recovery of taxes so paid under protest shall be brought in the superior court of the county wherein the tax was collected or in any federal court of competent jurisdiction: PROVIDED, That where the property against which the tax is levied consists of the operating property of a railroad company, telegraph company or other public service company whose operating property is located in more than one county and is assessed as a unit by any state board or state officer or officers, the complaining taxpayer may institute such action in the superior court of any one of the counties in which such tax is payable, or in any federal court of competent jurisdiction, and may join as parties defendant in said action all of the counties to which the tax or taxes levied upon such operating property were paid or are payable, and may recover in one action from each of the county defendants the amount of the tax, or any portion thereof, so paid under protest, and adjudged to have been unlawfully collected, together with interest thereon at the rate specified in RCW 84.69.100 from date of payment, and costs of suit. [1989 c 378 § 29; 1961 c 15 § 84.68.050. Prior: 1937 c 11 § 3; 1931 c 62 § 5; RRS § 11315-5.]

**84.68.060 Limitation of actions.** No action instituted pursuant to this chapter or otherwise to recover any tax levied or assessed shall be commenced after the 30th day of the next succeeding June following the year in which said tax became payable. [1961 c 15 § 84.68.060. Prior: 1939 c 206 § 48; 1931 c 62 § 6; RRS § 11315-6.]

*Limitation of action to cancel tax deed:* RCW 4.16.090.

**84.68.070 Remedy exclusive—Exception.** Except as permitted by RCW 84.68.010 through 84.68.070 and chapter 84.69 RCW, no action shall ever be brought or defense interposed attacking the validity of any tax, or any portion of any tax: PROVIDED, HOWEVER, That this section shall not be construed as depriving the defendants in any tax foreclosure proceeding of any valid defense allowed by law to the tax sought to be foreclosed therein except defenses based upon alleged excessive valuations, levies or taxes. [1989 c 378 § 30; 1961 c 15 § 84.68.070. Prior: 1939 c 206 § 49; 1931 c 62 § 7; RRS § 11315-7.]

**84.68.080 Action to recover property sold for taxes—Tender is condition precedent.** Hereafter no action or proceeding shall be commenced or instituted in any court of this state for the recovery of any property sold for taxes, unless the person or corporation desiring to commence or institute such action or proceeding shall first pay, or cause to be paid, or shall tender to the officer entitled under the law to receive the same, all taxes, penalties, interest and costs justly due and unpaid from such person or corporation

on the property sought to be recovered. [1961 c 15 § 84.68.080. Prior: 1888 c 22 (p 43) § 1; RRS § 955.]

*Limitation of action to cancel tax deed:* RCW 4.16.090.

**84.68.090 Action to recover property sold for taxes—Complaint.** In all actions for the recovery of lands or other property sold for taxes, the complainant must state and set forth specially in the complaint the tax that is justly due, with penalties, interest and costs, that the taxes for that and previous years have been paid; and when the action is against the person or corporation in possession thereof that all taxes, penalties, interest and costs paid by the purchaser at tax-sale, the purchaser's assignees or grantees have been fully paid or tendered, and payment refused. [1994 c 124 § 41; 1961 c 15 § 84.68.090. Prior: 1888 c 22 (p 44) § 2; RRS § 956.]

**84.68.100 Action to recover property sold for taxes—Restrictions construed as additional.** The provisions of RCW 84.68.080 and 84.68.090 shall be construed as imposing additional conditions upon the complainant in actions for the recovery of property sold for taxes. [1961 c 15 § 84.68.100. Prior: 1888 c 22 (p 44) § 3; RRS § 957.]

**84.68.110 Small claims recoveries—Recovery of erroneous taxes without court action.** Whenever a taxpayer believes or has reason to believe that, through error in description, double assessments or manifest errors in assessment which do not involve a revaluation of the property, he has been erroneously assessed or that a tax has been incorrectly extended against him upon the tax rolls, and the tax based upon such erroneous assessment or incorrect extension has been paid, such taxpayer may initiate a proceeding for the cancellation or reduction of the assessment of his property and the tax based thereon or for correction of the error in extending the tax on the tax rolls, and for the refund of the claimed erroneous tax or excessive portion thereof, by filing a petition therefor with the county assessor of the county in which the property is or was located or taxed, which petition shall legally describe the property, show the assessed valuation and tax placed against the property for the year or years in question and the taxpayer's reasons for believing that there was an error in the assessment within the meaning of RCW 84.68.110 through 84.68.150, or in extending the tax upon the tax rolls and set forth the sum to which the taxpayer desires to have the assessment reduced or the extended tax corrected. [1961 c 15 § 84.68.110. Prior: 1939 c 16 § 1; RRS § 11241-1.]

**84.68.120 Small claims recoveries—Petition—Procedure of county officers—Transmittal of findings to department of revenue.** Upon the filing of the petition with the county assessor that officer shall proceed forthwith to conduct such investigation as may be necessary to ascertain and determine whether or not the assessment in question was erroneous or whether or not the tax was incorrectly extended upon the tax rolls and if he finds there is probable cause to believe that the property was erroneously assessed, and that such erroneous assessment was due to an error in description, double assessment or manifest error in assessment which does not involve a revaluation of the

property, or that the tax was incorrectly extended upon the tax rolls, he shall endorse his findings upon the petition, and thereupon within ten days after the filing of the petition by the taxpayer forward the same to the county treasurer. If the assessor's findings be in favor of cancellation or reduction or correction he shall include therein a statement of the amount to which he recommends that the assessment and tax be reduced. It shall be the duty of the county treasurer, upon whom a petition with endorsed findings is served, as in RCW 84.68.110 through 84.68.150 provided, to endorse thereon a statement whether or not the tax against which complaint is made has in fact been paid and, if paid, the amount thereof, whereupon the county treasurer shall immediately transmit the petition to the prosecuting attorney and the prosecuting attorney shall make such investigation as he deems necessary and, within ten days after receipt of the petition and findings by him, transmit the same to the state department of revenue with his recommendation in respect to the granting or denial of the petition. [1975 1st ex.s. c 278 § 208; 1961 c 15 § 84.68.120. Prior: 1939 c 16 § 2; RRS § 11241-2.]

**Construction—Severability—1975 1st ex.s. c 278:** See notes following RCW 11.08.160.

**84.68.130 Small claims recoveries—Procedure of department of revenue.** Upon receipt of the petition, findings and recommendations the state department of revenue shall proceed to consider the same, and it may require evidence to be submitted and make such investigation as it deems necessary and for such purpose the department of revenue shall be empowered to subpoena witnesses in order that all material and relevant facts may be ascertained. Upon the conclusion of its consideration of the petition and within thirty days after receipt thereof, the department of revenue shall enter an order either granting or denying the petition and if the petition be granted the department of revenue may order the assessment canceled or reduced or the extended tax corrected upon the tax rolls in any amount it deems proper but in no event to exceed the amount of reduction or correction recommended by the county assessor. [1975 1st ex.s. c 278 § 209; 1961 c 15 § 84.68.130. Prior: 1939 c 16 § 3; RRS § 11241-3.]

**Construction—Severability—1975 1st ex.s. c 278:** See notes following RCW 11.08.160.

**84.68.140 Small claims recoveries—Payment of refunds—Procedure.** Certified copies of the order of the department of revenue shall be forwarded to the county assessor, the county auditor and the taxpayer, and the taxpayer shall immediately be entitled to a refund of the difference, if any, between the tax already paid and the canceled or reduced or corrected tax based upon the order of the department with interest on such amount from the date of payment of the original tax. Upon receipt of the order of the department the county auditor shall draw a warrant against the county tax refund fund in the amount of any tax reduction so ordered, plus interest at the rate specified in RCW 84.69.100 to the date such warrant is issued, and such warrant shall be paid by the county treasurer out of any moneys on hand in said fund. If no funds are available in the county tax refund fund for the payment of such warrant

the warrant shall bear interest and shall be callable under such conditions as are provided by law for county warrants and such interest, if any, shall also be paid out of said fund. The order of the department shall for all purposes be considered as a judgment against the county tax refund fund and the obligation thereof shall be discharged in the same manner as provided by law for the discharge of judgments against the county for excessive taxes under the provisions of RCW 84.68.010 through 84.68.070 or any act amendatory thereof. [1989 c 378 § 31; 1975 1st ex.s. c 278 § 210; 1961 c 15 § 84.68.140. Prior: 1939 c 16 § 4; RRS § 11241-4.]

**Construction—Severability—1975 1st ex.s. c 278:** See notes following RCW 11.08.160.

**84.68.150 Small claims recoveries—Limitation as to time and amount of refund.** No petition for cancellation or reduction of assessment or correction of tax rolls and the refund of taxes based thereon under RCW 84.68.110 through 84.68.150 shall be considered unless filed within three years after the year in which the tax became payable or purported to become payable. The maximum refund under the authority of RCW 84.68.110 through 84.68.150 for each year involved in the taxpayer's petition shall be two hundred dollars. Should the amount of excess tax for any such year be in excess of two hundred dollars, a refund of two hundred dollars shall be allowed under RCW 84.68.110 through 84.68.150, without prejudice to the right of the taxpayer to proceed as may be otherwise provided by law to recover the balance of the excess tax paid by him. [1961 c 15 § 84.68.150. Prior: 1949 c 158 § 1; 1941 c 154 § 1; 1939 c 16 § 5; Rem. Supp. 1949 § 11241-5.]

district, water-sewer district, or other municipal corporation now or hereafter authorized by law to impose burdens upon property within the district in proportion to the value thereof, for the purpose of obtaining revenue for public purposes, as distinguished from municipal corporations authorized to impose burdens, or for which burdens may be imposed, for such purposes, upon property in proportion to the benefits accruing thereto.

(2) "Tax" includes penalties and interest. [1999 c 153 § 73; 1961 c 15 § 84.69.010. Prior: 1957 c 120 § 1.]

#### **84.69.020 Grounds for refunds—Determination—**

**Payment—Report.** On the order of the county treasurer, ad valorem taxes paid before or after delinquency shall be refunded if they were:

- (1) Paid more than once;
- (2) Paid as a result of manifest error in description;
- (3) Paid as a result of a clerical error in extending the tax rolls;
- (4) Paid as a result of other clerical errors in listing property;
- (5) Paid with respect to improvements which did not exist on assessment date;
- (6) Paid under levies or statutes adjudicated to be illegal or unconstitutional;
- (7) Paid as a result of mistake, inadvertence, or lack of knowledge by any person exempted from paying real property taxes or a portion thereof pursuant to RCW 84.36.381 through 84.36.389, as now or hereafter amended;
- (8) Paid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person with respect to real property in which the person paying the same has no legal interest;
- (9) Paid on the basis of an assessed valuation which was appealed to the county board of equalization and ordered reduced by the board;
- (10) Paid on the basis of an assessed valuation which was appealed to the state board of tax appeals and ordered reduced by the board: PROVIDED, That the amount refunded under subsections (9) and (10) of this section shall only be for the difference between the tax paid on the basis of the appealed valuation and the tax payable on the valuation adjusted in accordance with the board's order;
- (11) Paid as a state property tax levied upon property, the assessed value of which has been established by the state board of tax appeals for the year of such levy: PROVIDED, HOWEVER, That the amount refunded shall only be for the difference between the state property tax paid and the amount of state property tax which would, when added to all other property taxes within the one percent limitation of Article VII, section 2 of the state Constitution equal one percent of the assessed value established by the board;
- (12) Paid on the basis of an assessed valuation which was adjudicated to be unlawful or excessive: PROVIDED, That the amount refunded shall be for the difference between the amount of tax which was paid on the basis of the valuation adjudged unlawful or excessive and the amount of tax payable on the basis of the assessed valuation determined as a result of the proceeding;

No refunds under the provisions of this section shall be made because of any error in determining the valuation of property, except as authorized in subsections (9), (10), (11), and (12) of this section nor may any refunds be made if a bona fide purchaser has acquired rights that would preclude the assessment and collection of the refunded tax from the property that should properly have been charged with the tax. Any refunds made on delinquent taxes shall include the proportionate amount of interest and penalties paid. However, refunds as a result of an incorrect payment authorized under subsection (8) of this section made by a third party payee shall not include refund interest. The county treasurer may deduct from moneys collected for the benefit of the state's levy, refunds of the state levy including interest on the levy as provided by this section and chapter 84.68 RCW.

The county treasurer of each county shall make all refunds determined to be authorized by this section, and by the first Monday in February of each year, report to the county legislative authority a list of all refunds made under this section during the previous year. The list is to include the name of the person receiving the refund, the amount of the refund, and the reason for the refund. [2002 c 168 § 11; 1999 sp.s. c 8 § 2. The primary purpose of this 1974 amendatory act is to provide a procedure for administrative relief in such cases, such relief to be in addition to the presently existing procedure for judicial relief through a refund action provided for in RCW 84.68.020." When such refunds are made as a result of taxes paid under levies or statutes adjudicated to be illegal or unconstitutional all administrative costs including interest paid on the refunds incurred by the county treasurer in making such refunds shall be a charge against the funds of such districts and/or the state on a pro rata basis until the county current expense fund is fully reimbursed for the administrative expenses incurred in making such refund: PROVIDED, That whenever orders for refunds of ad valorem taxes promulgated by the county treasurer or county legislative authority and unpaid checks shall expire and become void as provided in RCW 84.69.110, then any moneys remaining in a refund account established by the

county treasurer for any taxing district may be transferred by the county treasurer from such refund account to the county current expense fund to reimburse the county for the administrative expense incurred in making refunds as prescribed herein. ### DESTROYED PROPERTY— ABATEMENT OR REFUND

#### Sections

- 84.70.010 Reduction in value—Abatement—Formulas—Appeal.  
84.70.040 Arson destroyed property.

**84.70.010 Reduction in value—Abatement—Formulas—Appeal.** (1) If, on or before December 31 in any calendar year, any real or personal property placed upon the assessment roll of that year is destroyed in whole or in part, or is in an area that has been declared a disaster area by the governor and has been reduced in value by more than twenty percent as a result of a natural disaster, the true and fair value of such property shall be reduced for that assessment year by an amount determined by taking the true and fair value of such taxable property before destruction or

reduction in value and deduct therefrom the true and fair value of the remaining property after destruction or reduction in value.

(2) Taxes levied for collection in the year in which the true and fair value has been reduced under subsection (1) of this section shall be abated in whole or in part as provided in this subsection. The amount of taxes to be abated shall be determined by first multiplying the amount deducted from the true and fair value under subsection (1) of this section by the rate of levy applicable to the property in the tax year. Then divide the product by the number of days in the year and multiply the quotient by the number of days remaining in the calendar year after the date of the destruction or reduction in value of the property. If taxes abated under this section have been paid, the amount paid shall be refunded under RCW 84.69.020. For taxes levied for collection in 1998 and 1999, this subsection (2) applies to property that is destroyed in whole or in part, or is in an area that has been declared a disaster area by the governor and has been reduced in value by more than twenty percent as a result of a natural disaster. For taxes levied for collection in 2000 through 2004, this subsection (2) applies to property that is destroyed in whole or in part, or is in an area that has been declared a federal disaster area and has been reduced in value by more than twenty percent as a result of a natural disaster. This subsection (2) does not apply to taxes levied for collection in 2005 and thereafter.

(3) No reduction in the true and fair value or abatements shall be made more than three years after the date of destruction or reduction in value.

(4) The assessor shall make such reduction on his or her own motion; however, the taxpayer may make application for reduction on forms prepared by the department and provided by the assessor. The assessor shall notify the taxpayer of the amount of reduction.

(5) If destroyed property is replaced prior to the valuation dates contained in RCW 36.21.080 and 36.21.090, the total taxable value for that assessment year shall not exceed the value as of the appropriate valuation date in RCW 36.21.080 or 36.21.090, whichever is appropriate.

(6) The taxpayer may appeal the amount of reduction to the county board of equalization in accordance with the provisions of RCW 84.40.038. The board shall reconvene, if necessary, to hear the appeal. [2001 c 187 § 26; 1999 sp.s. c 8 § 1; 1997 c 3 § 126 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 56; 1987 c 319 § 6; 1981 c 274 § 1; 1975 1st ex.s. c 120 § 2; 1974 ex.s. c 196 § 3.]

If the proposed amendment is not approved and ratified, sections 29, 30, and 31 of this act are null and void. If such proposed amendment is approved and ratified, sections 2 through 13, 16 through 19, and 21 through 28 of this act are null and void." [2001 c 187 § 32.]

**Reviser's note:** No proposed amendment to Article VII, section 1 of the state Constitution was submitted to the voters.

**Reviser's note:** The language "this act," "this chapter," and words of similar import appear throughout chapter 85.05 RCW. This chapter is almost entirely comprised of the basic diking district act of chapter 117, Laws of 1895, as amended and as expressly added thereto by subsequent enactments. The chapter is codified in the session law order of the basic act with a few independent sections which are in pari materia being also codified herein. Some sections were expressly added to the chapter of the code or compilation in which the basic act was currently published at the time of the particular enactment. Similarly some sections were amended by

reference to the compilation number only. Some of these sections contain the language "this act," "this chapter," or both which appear in the session law either as original language or as reenactments of the compiler's translation. Therefore, throughout chapter 85.05 RCW such language is retained, wherever it appears, in the most recent session law reenactment. Situations concerning effective dates of particular acts or having express restrictive applications are otherwise specially noted.

**Severability—1971 ex.s. c 292:** See note following RCW 26.28.010.

**85.05.120 Appearance of defendants—Jury—Verdict—Decree.** Any or all of said defendants may appear jointly or separately, and admit or deny the allegations of said petition, and plead any affirmative matter in defense thereof, at the time and place appointed for hearing said petition, or to which the same may have been adjourned. If the court or judge thereof shall have satisfactory proof that all of the defendants in said action have been duly served with said summons, as above provided, and shall be further satisfied by competent proof that said improvement is practicable, and conducive to the public health, welfare and convenience, and will increase the value of said lands for the purpose of public revenue, and that the contemplated use for which the land, real estate, premises or other property sought to be appropriated is really a public use, and that the land, real estate, premises or other property sought to be appropriated are required and necessary for the establishment of said improvement, the court or judge thereof shall cause a jury of twelve qualified persons to be impaneled to assess the damages and benefits as herein provided, if in attendance upon his court; and if not, he may, if satisfied that the public interests require the immediate construction of said improvement, direct the sheriff of his county to summon from the citizens of the county in which said petition is filed as many qualified persons as may be necessary in order to form a jury of twelve persons, unless the parties to the proceedings

consent to a less number, such number to be not less than three, and such consent shall be entered by the clerk in the minutes of the trial. If necessary to complete the jury in any case, the sheriff, under direction of the court or judge thereof, shall summon as many qualified persons as may be required to complete the jury from the citizens of the county in which the petition is filed. In case a special jury is summoned, the cost thereof shall be taxed as part of the costs in the proceeding, and paid by the district seeking to appropriate said land, the same as other costs in the case; and no person shall be competent as a juror who is a resident of, or landowner in, the district seeking to appropriate said land. The jurors at such trial shall make in each case a separate assessment of damages which shall result to any person, corporation or company, or to the state, by reason of the appropriation and use of such land, real estate, premises or other property for said improvement, and shall ascertain, determine and award the amount of damages to be paid to said owner or owners, respectively, and to all tenants, incumbrancers and others interested, for the taking or injuriously affecting such land, real estate, premises or other property for the establishment of said improvement; and shall further find the maximum amount of benefits, per acre, to be derived by each of the landowners from the construction of said improvement. And upon a return of the verdict into court, the same shall be recorded as in other cases; whereupon a decree shall be entered in accordance with the verdict so rendered, setting forth all the facts found by the jury, and decreeing that said right-of-way be appropriated, and directing the commissioners of said diking district to draw their warrant on the county treasurer for the amount awarded by the jury to each person, for damages sustained by reason of the establishment of said improvement, payable out of the funds of said diking district. [1895 c 117 § 12; RRS § 4261. Formerly RCW 85.04.065, part.]

**85.05.130 Assessment of benefited lands formerly omitted—Procedure—Appeals.** If at any time it shall appear to the board of diking commissioners that any lands within or without said district as originally established are being benefited by the diking system of said district and that said lands are not being assessed for the benefits received, or that any lands within said district are being assessed out of or not in proportion to the benefits which said lands are receiving from the maintenance of the diking system of said district, and said board of diking commissioners shall determine that certain lands, either within or without the boundaries of the district as originally established, should be assessed for the purpose of raising funds for the future maintenance of the diking system of the district, or that the assessments on land already assessed should be equalized by diminishing or increasing the same so that said lands shall be assessed in proportion to the benefits received, said commissioners shall file a petition in the superior court in the original cause, setting forth the facts, describing the lands not previously assessed and the lands the assessments on which should be equalized, stating the estimated amount of benefits per acre being received by each tract of land respectively, giving the name of the owner or reputed owner of each such tract of land, and praying that such original cause be opened for further proceedings for the purpose of

subjecting new lands to assessment or equalizing the assessments upon lands already assessed, or both.

Upon the filing of such petition, summons shall issue thereon and be served on the owners of all lands affected, in the same manner as summons is issued and served in original proceedings, as near as may be, and if such new lands lie within the boundaries of any other diking district, said summons shall also be served upon the commissioners of such other diking district.

In case any of the new lands sought to be assessed in said proceeding lie within the boundaries of any other diking district, and the diking commissioners of such other district believe that the maintenance of the dike or dikes of such other district is benefiting lands within the district instituting the proceedings, said diking commissioners of such other districts shall intervene in such proceedings by petition, setting forth the facts, describing the lands in the district instituting the proceeding which they believe are being benefited by the maintenance of the diking system of their district, and praying that the benefits to such lands may be determined and such lands subjected to assessment for the further maintenance of the diking system of their district, to the end that all questions of benefits to lands in the respective districts may be settled and determined in one proceeding, and such petitioners in intervention shall cause summons to be issued upon such petition in intervention and served upon the commissioners of the diking district instituting the proceeding and upon the owners of all lands sought to be affected by such petition in intervention.

In case the owner of any such new lands sought to be assessed in said proceedings shall be maintaining a private dike against salt or fresh water for the benefit of said lands, and shall believe that the maintenance of such private dike is benefiting any lands within or without the district instituting the proceedings, or in case any such new lands sought to be assessed are included within the boundaries of some other diking district and are being assessed for the maintenance of the dikes of such other district, and the owner of such lands believes that the maintenance of the dike or dikes of such other district is benefiting lands included within the district instituting said proceedings, such owner or owners may by answer and cross-petition set forth the facts and pray that at the hearing upon said petition and cross-petition the benefits accruing from the maintenance of the respective dikes may be considered, to the end that a fair and equitable adjustment of the benefits being received by any lands from the maintenance of the various dikes benefiting the same, may be determined for the purpose of fixing the assessments for the future maintenance of such dikes, and may interplead in said proceeding such other diking district in which his lands sought to be assessed in said proceeding are being assessed for the maintenance of the dike or dikes of such other district.

No answer to any petition or petition in intervention shall be required, unless the party served with summons desires to offset benefits or to ask other affirmative relief, and no default judgment shall be taken for failure to answer any petition or petition in intervention, but the petitioners or petitioners in intervention shall be required to establish the facts alleged by competent evidence.

Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear

by any summons, the court shall impanel a jury to hear and determine the matters in issue, and the jury shall determine and assess the benefits, if any, which the respective tracts of land are receiving or will receive from the maintenance of the dike or dikes to be maintained, taking into consideration any and all matters relating to the benefits, if any, received or to be received from any dike, structure, or improvement, and to credit, or charge, as the case may be, to each tract so situated as to affect any other tract or tracts, or having improvements or structures thereon or easements granted in connection therewith affecting any other tract or tracts included in such proceedings and shall specify in their verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. Upon the return of the verdict of the jury, the court shall enter its judgment in accordance therewith, as supplemental to the original decree, or in case a petition in intervention be filed by the diking commissioners of some other district than that instituting the proceeding, such judgment to be supplemental to all such original decrees, and thereafter, all assessments and levies for the future maintenance of any dike or dikes described in said judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in said judgment. Every person or corporation feeling himself or itself aggrieved by any such judgment may appeal to the supreme court or the court of appeals within thirty days after the entry thereof, and such appeal shall bring before the supreme court or the court of appeals the propriety and justness of the verdicts of the jury in respect to the parties to the appeal. No bonds shall be allowed on such appeals. Nothing in this section contained shall be construed as affecting the right of diking districts to consolidation in any manner provided by law. [1971 c 81 § 157; 1913 c 89 § 1; 1901 c 111 § 1; 1895 c 117 § 13; RRS § 4262.]

**Reviser's note:** This section was declared unconstitutional in *Malim v. Benthien*, 114 Wash. 533 (1921). Prior enactments are set forth below:

**1901 c 111 § 1.** "If the board of diking commissioners shall, at any time, discover that any lands within said district are being benefited by the diking system and the same were by mistake, inadvertence or other cause omitted from the assessment of benefits as provided for in \*the last preceding section, or which were omitted for the reason that they were not at the time of assessing the benefits as provided for in said preceding section, for any cause, subject to a legal assessment, said commissioners shall file a petition in the Superior Court in the original cause setting forth the fact of such benefits, describing the lands omitted, the reason the same were omitted in said original proceedings and giving the name of the owners or reputed owners thereof and praying that said original cause, as to such lands, be opened up for further proceedings for the assessment of the alleged benefits, and upon the filing of said petition summons shall issue thereon and be served on the defendants named in said petition the same as summons is served and issued in original proceedings, as near as may be, except the court may, to avoid costs, and in its discretion, call a jury of not less than three jurors, and the jury, in assessing the benefits, shall take into consideration the length of time said lands are to receive the benefits from said improvement and its future maintenance, estimating said time from the date when said lands first became legally assessable, which date must be found by the jury in their verdict as to each tract or parcel found to be benefited: AND PROVIDED FURTHER, That in case the expense and costs of the improvement have been paid for by assessments levied against the lands assessed in the original proceeding before the lands provided for in this section are assessed, as provided for herein, then, in such case, the assessments levied from time to time on said last mentioned land shall be paid into the maintenance fund of said district. Every person or corporation feeling himself or itself aggrieved by any judgment for damages or any assessment of benefits provided in this act, may appeal to the Supreme

Court of the state within thirty days after the entry of the judgment, and such appeal shall bring before the Supreme Court the propriety and justness of the amount of damage or assessment of benefit in respect to the parties to the appeal. Upon such appeal no bond shall be required and no stay shall be allowed."

**\*Reviser's note:** The language "the last preceding section" which appears in the foregoing quotation of 1901 c 111 § 1, refers to 1895 c 117 § 12 codified as RCW 85.05.120.

**1895 c 117 § 13.** "Every person or corporation feeling himself or itself aggrieved by the judgment for damages, or the assessment of benefits, may appeal to the supreme court of this state, within thirty days after the entry of the judgment, and such appeal shall bring before the supreme court the propriety and justness of the amount of damage or assessment of benefit in respect to the parties to the appeal. Upon such appeal no bond shall be required and no stay shall be allowed."

**Severability—1985 c 396:** See RCW 85.38.900.

**85.05.140 Proceedings may be dismissed when.** In case the damages or amount of compensation for such right-of-way, together with the estimated cost of the improvement, amount to more than the maximum amount of benefits which will be derived from said improvement, or if said improvement is not practicable, or will not be conducive to the public health, welfare and convenience, or will not increase the public revenue, the court shall dismiss such proceedings, and in such case a judgment shall be rendered for the costs of said proceedings against said district, and no further proceedings shall be had or done therein; and upon the payment of the costs, said organization shall be dissolved by decree of said court. [1895 c 117 § 14; RRS § 4263. Formerly RCW 85.04.070, part.]

**85.05.150 Procedure to claim awards.** Any person or corporation claiming to be entitled to any money ordered paid by the court, as provided in this act, may apply to the court therefor, and upon furnishing evidence satisfactory to the court that he is entitled to the same, the court shall make an order directing the payment to such claimant of the portion of such money as he or it may be found entitled to; but if, upon application, the court or judge thereof shall decide that the title to the land, real estate or premises specified in the application of such claimant is in such condition as to require that an action be commenced to determine the title of claimants thereto, it shall refuse such order until such action is commenced and the conflicting claims to such land, real estate or premises be determined according to law. [1895 c 117 § 15; RRS § 4264. Formerly RCW 85.04.210, part.]

**85.05.160 Transcript of benefits to auditor—Assessments—Collection.** Upon the entry of the judgment upon the verdict of the jury, the clerk of said court shall immediately prepare a transcript, which shall contain a list

of the names of all the persons and corporations benefited by said improvement and the amount of benefit derived by each, respectively, and shall duly certify the same, together with a list of the lands benefited by said improvement belonging to each person or corporation, and shall file the same with the auditor of the county, who shall immediately enter the same upon the tax rolls of his office, as provided by law for the entry of other taxes, against the land of each of the said persons named in said list, together with the amounts thereof, and the same shall be subject to the same interest and penalties in case of delinquency as in case of general taxes, and shall be collected in the same manner as other taxes and subject to the same right of redemption and the lands sold for the collection of said taxes shall be subject to the same right of redemption as in the sale of lands for general taxes: PROVIDED, That said assessment shall not become due and payable except at such time or times and in such amount as may be designated by the board of commissioners of said dike district, which designation shall be made to the county auditor by said board of commissioners of said diking district, by serving a written notice upon the county auditor designating the time and the amount of the assessment, said assessment to be in proportion to benefits, to become due and payable, which amount shall fall due at the time of the falling due of general taxes, and the amount so designated shall be added by the auditor to the general taxes of said person, persons or corporations, according to said notice, upon the assessment rolls in his said office, and collected therewith: AND PROVIDED FURTHER, That no one call for assessments by said commissioners shall be in an amount to exceed twenty-five percent of the actual amount necessary to pay the costs of the proceedings, and the establishment of said district and system of dikes and the cost of construction of said work. [1895 c 117 § 16; RRS § 4265. Formerly RCW 85.04.080, part.]

**85.05.170 Tax to pay cost on dismissal.** In the event of the dismissal of said proceedings and the rendition of judgment against said district, as hereinbefore provided, said diking commissioners shall levy a tax upon all of the real estate within said district, taking as a basis the last equalized assessment of said real estate for state and county purposes, sufficient to pay said judgment, and the cost of levying said tax, and shall cause said tax roll to be filed in the office of the clerk of the superior court in which such judgment was rendered. If said tax is not paid within sixty days after the filing of said tax roll, the court shall, upon the application of any party interested, direct said real estate to be sold in payment of said tax, said sale to be made in the same manner and by the same officer, as is or may be provided by law for the sale of real estate for taxes for general purposes; and the same rate of redemption shall exist as in the sale of real estate for the payment of taxes for general purposes. [1895 c 117 § 17; RRS § 4266. Formerly RCW 85.04.075, part.]

**85.05.180 Construction—Contractors—Performance bonds.** After the filing of said certificate said commissioners of such diking district shall proceed at once in the construction of said improvements, and in carrying on said construction or any extension thereof they shall have full

charge and management thereof, and shall have the power to employ such assistance as they may deem necessary, and purchase all material that may be necessary in the construction and carrying on of the work of said improvement, and shall have power to let the whole or any portion of said work to any responsible contractor, and shall in such case enter into all necessary agreements with such contractor that may be necessary in the premises: PROVIDED, That in case the whole or any portion of said improvement is let to any contractor, said commissioners shall require such contractor to give a bond in double the amount of the contract price of the whole or of such portion of said work covered by such contract, with two or more good and sufficient sureties to be approved by the board of commissioners of said diking district and running to said district as obligee therein, conditioned for the faithful and accurate performance of said contract by said contractor, his executors, administrators or assigns, according to the terms and conditions of said agreement, and shall cause said contractor to enter into a further and additional bond in the same amount, with two or more good and sufficient sureties to be approved by said board of commissioners of said diking district in the name of said district as obligee therein, conditioned that said contractor, his executors, administrators or assigns, or subcontractor, his executors, administrators or assigns, shall perform the whole or any portion of said work under contract of said original contractor; shall pay or cause to be paid all just claims of all persons performing labor or rendering services in the construction of said work, or furnishing materials, merchandise or provisions of any kind or character used by said contractor or subcontractor, or any employee thereof in the construction of said improvement: PROVIDED FURTHER, That no sureties on said last mentioned bond shall be liable thereon unless the persons or corporations performing said labor and furnishing said materials, goods, wares, merchandise and provisions, shall, within ninety days after the completion of such improvement, file their claim, duly verified, that the amount is just and due and remains unpaid, with the commissioners of said diking district. [1895 c 117 § 18; RRS § 4267. Formerly RCW 85.04.095, part.]

**85.05.190 Substantial changes in plans—Procedure.** The work on said improvement shall begin without delay, and shall be carried on with all expedition possible, and said board of commissioners of said diking district, or any contractor thereunder, shall have no power whatever to change the location of the dikes or the system of improvement or the manner of doing the work therein so as to make any radical changes in said improvement, without the written consent of all the landowners to be benefited thereby, and the landowners which may be damaged thereby. And in case any substantial changes in said system of improvement or the manner of the construction thereof shall be deemed necessary by said board of commissioners at any time during the progress thereof, and if the written consent to such changes cannot be procured from said landowners, then said commissioners, for and on behalf of said district, shall file a petition in the superior court of the county within which said district is located, setting forth therein the changes which they deem necessary to be made in the plans or

manner of the construction of said improvement, and praying therein to be permitted to make such changes, and upon the filing thereof, the commissioners [clerk] shall cause a summons to be served, setting forth the prayer of said petition, under the seal of said court, which summons shall be served in the same manner as the service of summons in the case of the original petition, upon all the landowners or others claiming any lien thereon or interest therein appearing of record in said district, and any or all of such parties so served may appear in said cause and submit their objections thereto, and after the time for the appearance of said parties has expired, the court shall proceed to hear said petition at once without further delay, and if it appears during the course of such proceedings that the property rights of any of said landowners will be affected by such proposed change in said improvement, then the court, after having passed upon all preliminary questions as in the original proceedings, shall cause a jury to be impaneled as in the case of the original proceedings for the establishment of said improvement, and upon the final hearing of said cause the jury shall return a verdict finding the amount of damages, if any, sustained by all persons and corporations the same as upon the original petition, by reason of such proposed change, and the amount of compensation to be paid to any persons or corporations therefor, and for any additional right-of-way that may be necessary to be appropriated by reason of said proposed change, and shall readjust the amount of benefits claimed to have been increased or diminished by any of said landowners by reason of such proposed change in said improvement, and the proceedings thereafter shall be the same as to rendering judgment, appeal therefrom, payment of compensation and damages, and filing of the certificate with the auditor, as hereinbefore provided for in the proceedings under the original petition, and said commissioners shall have a right thereafter to proceed with the construction of said improvement according to the changes made therein. [1895 c 117 § 19; RRS § 4268. Formerly RCW 85.04.100, part.]

**85.05.200 Payments on contracts—Retained percentage.** During the construction of said improvement said commissioners shall have the right to allow payment thereof, in installments as the work progresses, in proportion to the amount of work completed: PROVIDED, That no allowance or payment shall be made for said work to any contractor or subcontractor to exceed seventy-five percent of the proportionate amount of the work completed by such contractor or subcontractor, and twenty-five percent of the contract price shall be reserved at all times by said board of commissioners until such work is wholly completed, and shall not be paid upon the completion of said work until ninety days have expired for the presentation of all claims for labor performed and materials, goods, wares, merchandise and provisions furnished or used in the construction of said improvement; and upon the completion of said work and the payment of all claims hereinbefore provided for, according to the terms and conditions of said contract, said commissioners shall accept said improvement and pay the contract price therefor. [1895 c 117 § 20; RRS § 4269. Formerly RCW 85.04.105, part.]

**85.05.210 Private dikes, how connected—Additional plans—Costs.** In case any diking district organized under the provisions of this act desires to connect its system of dikes with the system of dikes of any other district theretofore organized or constructed, said last mentioned diking district shall be made a party defendant in the proceedings in the superior court for the establishment of the improvement proposed to be constructed by such first mentioned diking district, and the petition to be filed in said court, in addition to the facts to be set forth therein as hereinbefore provided for, shall set forth the further fact that said district is desirous of connecting its said system of dikes with the system of such other diking district, and shall set forth an estimate of the additional cost per annum, if any, for the future maintenance of the diking system so sought to be connected with, and also an estimate of the cost of any additional improvement in said system so sought to be connected with, if any, by reason of such connection, and shall also set forth the amount of compensation which should be made by said diking district for the privilege of connecting with the said system of dikes; and in case it shall be deemed necessary to enlarge or strengthen the system of dikes to be connected with by reason of such connection, there shall be filed with said petition, in addition to the plans, specifications and data hereinbefore provided to be filed, plans and specifications and the estimated cost of the proposed improvement to be made in the system sought to be connected with by reason of such connection, and the proceedings thereon shall be the same as in other cases for the establishment of diking districts under the provisions of this act: PROVIDED, That the jury shall, in addition to the other findings provided for in other cases under the provisions of this act, find the amount of compensation to be paid said district with whose system connection is sought to be made, for any additional cost, if any, which may be thrown upon said district by reason of the increased cost of maintenance by reason of such connection, and shall estimate the amount of such increased cost of maintenance per annum, and also the amount of compensation to be made to said district for the privilege of joining on to its system of dikes; the compensation to be made for the increased cost of maintenance shall be paid per annum out of the revenue derived from the assessments to be levied as in other cases, and the compensation to be made as may be found by the jury to said district whose system is sought to be connected with for the privilege thereof, shall be paid such district as damages are paid in other cases under the provisions of this act; and all amounts so paid to said district sought to be connected with, as compensation for the cost of maintenance, shall be used as an additional fund for the maintenance of said diking system of such district, and the amount of compensation paid for the privilege of connecting with the system of such district shall also be added to the general fund of said district, to be used for the payment of the cost of maintenance of the system of such district sought to be connected with. [1895 c 117 § 21; RRS § 4270. Formerly RCW 85.04.435, part.]

**85.05.220 Connecting with other diking systems.** In case it shall be found necessary to enlarge or strengthen the system of dikes sought to be connected with, by reason of

such connection, the jury shall determine the cost of such enlarging or strengthening, and said petitioner district shall have the right, by and through its representatives, assistants and employees, to make such improvement on the system of such other district as may have been found necessary upon the hearing of said petition, and the costs thereof shall be assessed against the landowners of said petitioner district to be benefited by the construction of said entire system, and no additional cost or burden, by reason of such improvement, shall be thrown upon the landowners of said district sought to be connected with. [1895 c 117 § 22; RRS § 4271. Formerly RCW 85.04.435, part and 85.04.440.]

**85.05.230 Action by district to prevent washing away of stream banks.** Where any diking system is sought to be constructed by any district organized under the provisions of this act along any river or watercourse to prevent overflow therefrom, and it shall become necessary to provide against the washing away of the banks of said river or watercourse so as to prevent injury to such proposed diking system, or any system which may have already been completed, such district, by and through its board of commissioners, may make such portions of lands lying along said dikes which are threatened to be washed away by said river or watercourse part of the right-of-way of said dike system, and may construct along the banks of said river or watercourse, as a part of said diking system, such protection as may be necessary to protect said dike, and in such cases such tract or parcel of land may be condemned and appropriated under the law of eminent domain as provided herein as a part of the right-of-way of such dike system; and when not condemned or appropriated at the time said system is established and constructed, said diking district, by and through its board of commissioners, may, at any time thereafter, when any portion of said system is threatened to be washed away by such river or watercourse, file their petition with the court condemning and appropriating for the use of said district so much of the land lying along said river or watercourse as may be necessary to be used for the protection of said diking system, and the proceedings therein for the making of compensation therefor and the payment of damages by reason of such appropriation shall be the same, or as near as may be applicable, as other proceedings for the condemnation of right-of-way provided for in this act. [1895 c 117 § 23; RRS § 4272. Formerly RCW 85.04.420, part.]

**85.05.240 Action by district to prevent washing away of stream banks—Expenses for appropriation of land.** Whenever any land is appropriated along the bank of any river or watercourse, as provided for in the last preceding section, the expenses of such appropriation, including the costs and damages to be paid therefor—when such appropriation is taken subsequently to the construction of any system of dikes under the provisions of this act—shall be added to the annual cost of the maintenance of said system and be paid as such, as provided herein. [1895 c 117 § 24; RRS § 4273. Formerly RCW 85.04.420, part.]

The amount thereof shall be levied against the land in the district in proportion to the maximum benefits assessed, and shall be added to the general taxes and collected therewith. If such estimate of the cost of maintenance and repair against any tract or contiguous tracts owned by one person or corporation is less than two dollars, then the county auditor shall levy such a minimum amount of two dollars against such tract or contiguous tracts, and upon the collection thereof as herein provided shall pay all sums collected into the maintenance and/or repair fund of the district. In case of an emergency the commissioners may incur additional obligations and issue warrants therefor in excess of the estimate. [1959 c 209 § 10. [1895 c 115 § 10; RRS § 4259. Formerly RCW 85.04.055, part.]

**85.06.110 Summons—Contents—Service.** A summons stating briefly the objects of the petition and containing a description of the land, real estate, premises or property sought to be appropriated, and those which it is

**\*Reviser's note:** The case of *Paine v. State*, 156 Wash. 31 states that the provisions of this section relating to the service of summons on the county auditor were repealed by implication by 1909 c 154 § 6 which provided for such service upon the commissioner of public lands. Subsequently 1919 c 164 was enacted containing similar provisions and providing for service upon the commissioner of public lands, and was amended by 1963 c 20 §§ 4 and 5 to provide for service upon the budget director and the chief administrative officer of the agency having jurisdiction over such land. Those sections, codified as RCW 47.20.020 and 47.20.030, were repealed by 1970 ex.s. c 51 § 178.

**Severability—1971 ex.s. c 292:** See note following RCW 26.28.010.

**85.06.120 Appearance of defendants—Jury—Verdict—Assessment of damages and benefits—Decree.** Any or all of said defendants may appear jointly or separately and admit or deny the allegations of said petition and plead any affirmative matter in defense thereof at the time and place appointed for hearing said petition, or to which the same may have been adjourned. If the court or judge thereof shall have satisfactory proof that all of the defendants in said action have been duly served with said summons, as above provided, and shall be further satisfied by competent proof that said improvement is practicable and conducive to the public health, welfare and convenience, and will increase the value of said lands for the purpose of public revenue, and that the contemplated use for which the land, real estate, premises or other property sought to be appropriated is really a public use, and that the land, real estate, premises or other property sought to be appropriated are required and necessary for the establishment of said improvement, and that said improvement has a good and sufficient outlet, the court or judge thereof shall cause a jury of twelve qualified persons to be impaneled to assess the damages and benefits, as herein provided, if in attendance upon his court; and if not he may, if satisfied that the public interests require the immediate construction of said improvement, direct the sheriff of his county to summons from the citizens of the county in which petition is filed as many qualified persons as may be necessary in order to form a jury of twelve persons, unless the parties to the proceedings consent to a less number, such number to be not less than three, and such consent shall be entered by the clerk in the minutes of the trial. If necessary, to complete the jury in any case, the sheriff, under the directions of the court or the judge thereof shall summon as many qualified persons as may be required to complete the jury from the citizens of the county in which the petition is filed. In case a special jury is summoned the cost thereof shall be taxed as part of the cost in the proceedings and paid by the district seeking to appropriate said land, the same as other costs in the case; and no person shall be competent as a juror who is a resident of, or landowner in, the district seeking to appropriate said land. The jurors at such trial shall make in each case a separate assessment of damages which shall result to any person, corporation or company, or to the state, by reason of the appropriation and use of such land, real estate, premises or other property for said improvements and shall ascertain, determine and award the amount of damages to be paid to said owner or owners, respectively, and to all tenants, incumbrancers and others

interested, for the taking or injuriously affecting such land, real estate, premises or other property for the establishment of said improvement; and shall further find a maximum amount of benefits per acre to be derived by each of the landowners, and also the maximum amount of benefits resulting to any municipality, public highway, corporate road, or district from construction of said improvement. And upon a return of the verdict into court the same shall be reported as in other cases; whereupon, a decree shall be entered in accordance with the verdict so rendered setting forth all the facts found by the jury, and decreeing that said right-of-way be appropriated, and directing the commissioners of said drainage district to draw their warrant on the county treasurer for the amount awarded by the jury to each person for damages sustained by reason of the establishment of said improvement, payable out of the funds of said drainage district. [1909 c 143 § 2; 1895 c 115 § 12; RRS § 4310. Formerly RCW 85.04.065, part.]

**85.06.125 Special assessments—Budgets—Alternative methods.** RCW 85.38.140 through 85.38.170 constitute a mutually exclusive alternative method by which drainage districts in existence as of July 28, 1985, may measure and impose special assessments and adopt budgets. RCW 85.38.150 through 85.38.170 constitute the exclusive method by which drainage districts created after July 28, 1985, may measure and impose special assessments and adopt budgets. [1985 c 396 § 25.]

**Severability—1985 c 396:** See RCW 85.38.900.

**85.06.130 Assessment of benefited lands formerly omitted—Procedure—Appeals.** If at any time it shall appear to the board of drainage commissioners that any lands within or without said district as originally established are being benefited by the drainage system of said district and that said lands are not being assessed for the benefits received, or if after the construction of any drainage system, it appears that lands embraced therein have in fact received or are receiving benefits different from those found in the original proceedings, and which could not reasonably have been foreseen before the final completion of the improvement, or that any lands within said district are being assessed out of or not in proportion to the benefits which said lands are receiving from the maintenance of the drainage system of said district, and said board of drainage commissioners shall determine that certain lands, either within or without the boundaries of the district as originally established, should be assessed for the purpose of raising funds for the future maintenance of the drainage system of the district, or that the assessments on land already assessed should be equalized by diminishing or increasing the same so that said lands shall be assessed in proportion to the benefits received, said commissioners shall file a petition in the superior court in the original cause, setting forth the facts, describing the lands not previously assessed and the lands the assessment on which should be equalized, stating the estimated amount of benefits per acre being received by each tract of land respectively, giving the name of the owner or reputed owner of each such tract of land and praying that such original cause be opened for further proceedings for the purpose of subjecting new lands to assessments or equalizing the

assessments upon lands already assessed, or both. Upon the filing of such petition, summons shall issue thereon and be served on the owners of all lands affected, in the same manner as summons is issued and served in original proceedings, as near as may be, and if such new lands lie within the boundaries of any other drainage district, said summons shall also be served upon the commissioners of such other drainage district. In case any of the new lands sought to be assessed in said proceeding lie within the boundaries of any other drainage district, and the drainage commissioners of such other district believe that the maintenance of the drain or drains of such other district is benefiting lands within the district instituting the proceeding, said drainage commissioners of such other districts shall intervene in such proceedings by petition, setting forth the facts, describing the lands in the district instituting the proceeding which they believe are being benefited by the maintenance of the drainage system of their district, and praying that the benefits to such lands may be determined and such lands subjected to assessment for the further maintenance of the drainage system of their district, to the end that all questions of benefits to lands in the respective districts may be settled and determined in one proceeding, and such petitioners in intervention shall cause summons to be issued upon such petition in intervention and served upon the commissioners of the drainage district instituting the proceeding and upon the owners of all lands sought to be affected by such petition in intervention. In case the owner of any such new lands sought to be assessed in said proceedings shall be maintaining a private drain against salt or fresh water for the benefit of said lands, and shall believe that the maintenance of such private drain is benefiting any lands within or without the district instituting the proceedings, or in case any such new lands sought to be assessed are included within the boundaries of some other drainage district and are being assessed for the maintenance of the drains of such other district, and the owner of such lands believes that the maintenance of the drain or drains of such other district is benefiting lands included within the district instituting said proceedings, such owner or owners may by answer and cross-petition set forth the facts and pray that at the hearing upon said petition and cross-petition the benefits accruing from the maintenance of the respective drains may be considered, to the end that a fair and equitable adjustment of the benefits being received by any lands from the maintenance of the various drains benefiting the same, may be determined for the purpose of fixing the assessments for the future maintenance of such drains, and may interplead in said proceeding such other drainage district in which his lands sought to be assessed in said proceeding are being assessed for the maintenance of the drain or drains of such other district. No answer to any petition or petition in intervention shall be required, unless the party served with summons desires to offset benefits or to ask other affirmative relief, and no default judgment shall be taken for failure to answer any petition or petition in intervention, but the petitioners or petitioners in intervention shall be required to establish the facts alleged by competent evidence. Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear by any summons, the court shall impanel a jury to hear and determine the matters in issue, and the jury shall determine and assess the benefits, if any, which the respective tracts of land

are receiving or will receive from the maintenance of the drain or drains to be maintained, taking into consideration any and all matters relating to the benefits, if any, received or to be received from any drain, structure or improvement, and to credit or charge, as the case may be, to each tract so situated as to affect any other tract or tracts, or having improvement or structures thereon or easements granted in connection therewith, affecting any other tract or tracts included in such proceedings, and shall specify in their verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. Upon the return of the verdict of the jury, the court shall enter its judgment in accordance therewith, as supplemental to the original decree, or in case a petition in intervention be filed by the drainage commissioners of some other district than that instituting the proceeding, such judgment to be supplemental to all such original decrees, and thereafter, all assessments and levies for the cost of construction or future maintenance of any drain or drains described in said judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in said judgment. Every person or corporation feeling himself or itself aggrieved by any such judgment may appeal to the supreme court or the court of appeals within thirty days after the entry thereof, and such appeal shall bring before the supreme court or the court of appeals the propriety and justness of the verdicts of the jury in respect to the parties to the appeal. No bonds shall be required on such appeals. Nothing in this section contained shall be construed as affecting the right of drainage districts to consolidation in any manner provided by law. [1971 c 81 § 159; 1917 c 133 § 1; 1901 c 86 § 1; 1895 c 115 § 13; RRS § 4311.]

#### **85.06.140 Dismissal of proceedings, when—Costs.**

In case the damages or amount of compensation for such right-of-way, together with the estimated costs of the improvement, amount to more than the maximum amount of benefits which will be derived from said improvement, or, if said improvement is not practicable, or will not be conducive to the public health, welfare and convenience, or will not increase the public revenue, or will not have sufficient outlet, the court shall dismiss such proceedings, and in such case a judgment shall be rendered for the costs of said proceedings against said district, and no further proceedings shall be had or done therein; and upon the payment of the costs, said organization shall be dissolved by decree of said court. [1895 c 115 § 14; RRS § 4312. Formerly RCW 85.04.070, part.]

**85.06.150 Procedure to claim awards.** Any person or corporation claiming to be entitled to any money ordered paid by the court, as provided in this chapter, may apply to the court therefor, and upon furnishing evidence satisfactory to the court that he is entitled to the same, the court shall make an order directing the payment to such claimant of the portion of such money as he or it may be found entitled to; but if, upon application, the court or judge thereof shall decide that the title to the land, real estate or premises specified in the application of such claimant is in such condition

as to require that an action be commenced to determine the title of claimants thereto, it shall refuse such order until such action is commenced and the conflicting claims to such land, real estate or premises be determined according to law. [1895 c 115 § 15; RRS § 4313. Formerly RCW 85.04.210, part.]

**85.06.160 Transcript of benefits to auditor—Assessments—Collection—Supplemental assessment.** Upon the entry of the judgment upon the verdict of the jury, the clerk of said court shall immediately prepare a transcript, which shall contain a list of the names of all the persons and corporations benefited by said improvement and the amount of benefit derived by each, respectively, and shall duly certify the same, together with a list of the lands benefited by said improvement belonging to each person and corporation, and shall file the same with the auditor of the county, who shall immediately enter the same upon the tax rolls of his office, as provided by law for the entry of other taxes, against the land of each of the said persons named in said list, together with the amounts thereof, and the same shall be subject to the same interest and penalties in case of delinquency as in case of general taxes, and shall be collected in the same manner as other taxes and subject to the same right of redemption, and the lands sold for the collection of said taxes shall be subject to the same right of redemption as the sale of lands for general taxes: PROVIDED, That said assessments shall not become due and payable except at such time or times and in such amounts as may be designated by the board of commissioners of said drainage district, which designation shall be made to the county auditor by said board of commissioners of said drainage district, by serving written notice upon the county auditor designating the time and the amount of the assessment, said assessment to be in proportion to benefits to become due and payable, which amount shall fall due at the time of the falling due of general taxes, and the amount so designated shall be added by the auditor to the general taxes of said person, persons or corporation, according to said notice, upon the assessment rolls in his said office, and collected therewith; PROVIDED FURTHER, That no one call for assessments by said commissioners shall be in an amount to exceed twenty-five percent of the amount estimated by the board of commissioners to be necessary to pay the costs of the proceedings, and the establishment of said district and drainage system and the cost of construction of said work; PROVIDED FURTHER, That where the amount realized from the original assessment and tax shall not prove sufficient to complete the original plans and specifications of any drainage system, alterations, extensions or changes therein, for which the said original assessment was made, the board of commissioners of said district shall make such further assessment as may be necessary to complete said system according to the original plans and specifications, which assessment shall be made and collected in the manner provided in this section for the original assessment. [1907 c 242 § 1; 1895 c 115 § 16; RRS § 4316. Formerly RCW 85.04.080, part.]

**85.06.180 Construction—Contractors—Performance bonds.** After the filing of said certificate said commission-

ers of such drainage district shall proceed at once in the construction of said improvement, and in carrying on said construction or any extensions thereof they shall have full charge and management thereof, and shall have the power to employ such assistance as they may deem necessary and purchase all material that may be necessary in the construction and carrying on of the work of said improvement, and shall have power to let the whole or any portion of said work to any responsible contractor, and shall in such case enter into all necessary agreements with such contractor that may be necessary in the premises: PROVIDED, That in case the whole or any portion of said improvement is let to any contractor said commissioners shall require said contractor to give a bond in double the amount of the contract price of the whole or of such portion of said work covered by said contract, with two or more sureties to be approved by the board of commissioners of said drainage district and running to said district as obligee therein, conditioned for the faithful and accurate performance of said contract by said contractor, his executors, administrators or assigns, according to the terms and conditions of said agreement, and shall cause said contractor to enter into a further or additional bond in the same amount, with two or more good and sufficient sureties to be approved by said board of commissioners of said drainage district in the name of said district as obligee therein, conditioned that said contractor, his executors, administrators or assigns, or subcontractor, his executors, administrators or assigns, performing the whole or any portion of said work under contract of said original contractor, shall pay or cause to be paid all just claims for all persons performing labor or rendering services in the construction of said work, or furnishing materials, merchandise or provisions of any kind or character used by said contractor or subcontractor, or any employee thereof in the construction of said improvement: PROVIDED FURTHER, That no sureties on said last mentioned bond shall be liable thereon unless the persons or corporation performing said labor and furnishing said materials, goods, wares, merchandise and provisions, shall, within ninety days after the completion of said improvement, file their claim, duly verified; that the amount is just and due and remains unpaid, with the board of commissioners of said drainage district. [1895 c 115 § 18; RRS § 4318. Formerly RCW 85.04.095, part.]

**85.06.190 Substantial changes in plans—Procedure.** The work on said improvement shall begin and shall be completed with all expedition possible, and said board of commissioners of such drainage district, or any contractor thereunder, shall have no power whatever to change said route or system of improvement or the manner of doing the work therein so as to make any radical changes in said improvement, without the written consent of all the landowners to be benefited thereby, and the landowners which may be damaged thereby. And in case any substantial changes in said system of improvement or the manner of the construction thereof shall be deemed necessary by said board of commissioners at any time during the progress thereof, and if the written consent to such changes cannot be procured from said landowners, then said commissioners, for and on behalf of said district, shall file a petition in the superior

court of the county within which said district is located, setting forth therein the changes which they deem necessary to be made in the plan or manner of the construction of said improvement, and praying therein to be permitted to make such changes, and upon the filing thereof, the commissioners shall cause a summons to be served, setting forth the prayer of said petition, under the seal of said court, which summons shall be served in the same manner as the service of summons in the case of the original petition, upon all the landowners or others claiming any lien or interest therein appearing of record in said district, and any or all of said parties so served may appear in said cause and submit their objections thereto, and after the time for the appearance of all of said parties has expired, the court shall proceed to hear said petition at once without further delay, and if it appears during the course of said proceedings that the property rights of any of said landowners will be affected by such proposed change in said improvements, then the court, after having passed upon all preliminary questions as in the original proceedings may call a jury to be impaneled as in the case of the original proceeding for the establishment of said improvements, and upon the final hearing of said cause, the jury shall return a verdict finding the amount of damages, if any, sustained by all persons and corporations, the same as upon the original petition, by reason of such proposed change, and shall readjust the amount of benefits claimed to have been increased or diminished by any of said landowners by reason of said proposed change in said improvements, and the proceedings thereafter shall be the same as to rendering judgment, appeal therefrom, payment of compensation and damages and filing of the certificate with the auditor, as hereinbefore provided for in the proceedings upon the original petition, and said commissioners shall have a right thereafter to proceed with the construction of said improvements according to the changes made therein. [1909 ex.s. c 13 § 1; 1895 c 115 § 19; RRS § 4319. Formerly RCW 85.04.100, part.]

**85.06.200 Payments on contracts—Retained percentage.** During the construction of said improvement said commissioners shall have the right to allow payment thereof, in installments as the work progresses, in proportion to the amount of work completed: PROVIDED, That no allowance or payment shall be made for said work to any contractor or subcontractor to exceed seventy-five percent of the proportionate amount of the work completed by such contractor or subcontractor, and twenty-five percent of the contract price shall be reserved at all times by said board of commissioners until said work is wholly completed, and shall not be paid upon the completion of said work until ninety days have expired for the presentation of all claims for labor performed and materials, goods, wares, merchandise and provisions furnished or used in the construction of said improvements; and upon the completion of said work and the payment of all claims hereinbefore provided for according to the terms and conditions of said contract, said commissioners shall accept said improvement and pay the contract price therefor. [1895 c 115 § 20; RRS § 4320. Formerly RCW 85.04.105, part.]

**85.06.210 Connecting private drains—Procedure—Costs.** Any person or corporation owning land within said

district shall have a right to connect any private drains or ditches for the proper drainage of such land with said system, and in case any persons or corporations shall desire to drain such lands into said system and shall find it necessary, in order to do so, to procure the right-of-way over the land of another, or others, and if consent thereto cannot be procured from such person or persons, then such landowner may present in writing a request to the board of commissioners of said district, setting forth therein the necessity of being able to connect his private drainage with said system, and pray therein that said system be extended to such point as he may designate in said writing, and immediately thereon said board of commissioners shall cause a petition to be filed in the superior court, for and in the name of said drainage district, requesting in said petition that said system be extended as requested, setting forth therein the necessity thereof and praying that leave be granted by the board to extend the system in accordance with the prayer of said petition, and the proceedings in such case, upon the presentation of such petition and the hearing thereof, shall be, in all matters, the same as in the hearing and presentation of the original petition for the establishment of the original system of drainage in said district, as far as applicable. That the costs in such proceedings shall be paid from the assessment of benefits to be made on the lands of the person or persons benefited by such extension, and the assessment and compensation for the right-of-way, damages and benefits, and payment of damages and compensation, and the collection of the assessments for benefits, shall be the same as in the proceedings under the original petition, and the construction of the said extension shall be made under the same provisions as the construction of the original improvement; and all things that may be done or performed in connection therewith shall be, as near as may be applicable, in accordance with the provisions already set forth herein for the establishment and construction of said original improvement: PROVIDED, That such petitioner or petitioners shall, at the time of filing such petition by said drainage commissioners, enter into a good and sufficient bond to said drainage district in the full penal sum of five hundred dollars, with two or more sureties, to be approved by the court, conditioned for the payment of all costs in case the prayer of said petition should not be granted, which bond shall be filed in said cause. [1895 c 115 § 21; RRS § 4321. Formerly RCW 85.04.640.]

**85.06.220 Connecting with lower districts—Procedure.** In case of the establishment of a drainage district and system of drainage under the provisions of this chapter above any other district that may have theretofore been established and above any other system of drainage that may have theretofore been constructed in said district, and in case said district to be established above may desire to connect its drainage system with the lower or servient district, shall be made a party to the proceedings for the establishment of such system, and the petition to be filed in the superior court for the establishment of the system of drainage in said upper district shall, in addition to the facts hereinbefore provided and required to be set forth therein, set forth the fact that said lower system in said lower district is necessary to be used as an outlet for the system of

drainage of said upper district, and that the same will be a sufficient outlet and will afford sufficient capacity to carry the drainage of both said upper and lower districts; and in case said system of said lower district will be required to be enlarged by widening or deepening the same, or both, in order to give sufficient outlet to said upper district and afford sufficient drainage for said upper and lower districts, then the plans and specifications for enlarging the system of said lower district shall be filed with said petition in addition to the other data hereinbefore provided for in this chapter. All the landowners in said lower district, or any person claiming any interest therein as mortgagee or otherwise, shall be made parties defendant in said petition, and the proceedings therein as to the assessment of damages and compensation for land taken, if any be necessary to be taken in enlarging said lower system, shall be the same as in the establishment of systems of drainage in the lower or servient district as hereinbefore provided for; but the jury, in addition to the facts to be found by them as provided for in the establishment of a drainage system in the lower district, shall find and determine whether said lower system, when improved according to the plans and specifications filed with the said petition, will afford sufficient drainage for both said upper and lower districts, which finding shall be made by the jury before considering any other question at issue in said proceeding; and in case said jury should find that the system of said lower district when improved as proposed in said petition would not be sufficient, then, in that case, said finding shall terminate the proceedings, and no further proceedings in said case shall be had, and the costs of said proceeding shall be paid as costs in other proceedings, as hereinbefore provided for; but in such case the finding of said jury shall not terminate the objects of said upper district or operate to disorganize the same, but said upper district may begin new proceedings for the establishment of a system of drainage with some new outlet provided therein. All costs for the enlarging or improving of said lower system that may be required shall be assessed to the landowners in the upper district according to the benefits to be derived from the construction of said entire system, and no additional cost shall be thrown upon the lower district, and all compensation for taking any right-of-way that may be necessary to be taken in enlarging said lower system, and all damages occurring therefrom, if any, to the landowners of said lower district, shall be ascertained and paid in the same manner as hereinbefore provided for for the adjustment of compensation and damages in the establishment of drainage systems in lower districts. Said lower district, by and through its board of commissioners, may appear in said cause and show therein any injury it may sustain as a district by reason of the additional cost of maintenance of said lower system as improved and enlarged, and such fact shall be determined in said cause and the jury shall find the amount of the increased costs of maintenance per annum, which will be sustained by said lower district by reason of said enlarging or improving of the same, and judgment shall be rendered in favor of said lower district against said upper district for such amount so found, and the same shall be paid each year as the cost of construction is paid as provided for in this chapter, and the amount so paid shall be held by said lower district as an additional fund for the maintenance of its

**85.06.710 Costs in excess of estimate—Authorized—Warrants validated.** Whenever any drainage district has been organized, established and created since January 1st, 1911, and extending to January 1st, 1921, in the manner provided by law, and the board of commissioners of such district have been authorized to proceed with the work of constructing a system of drainage for such district in the manner provided by law and have begun such work and expended the whole, or the major portion of the estimated cost of such improvement, and it shall have appeared to such board of commissioners that such improvement could not be completed within the estimated cost thereof so as to produce the benefits to the lands of the district found by the jury to be benefited by the proposed improvement without expending a greater sum than the estimated cost of such improvement and that the benefits which would actually accrue to the lands of the district would be sufficient to warrant the increased expenditure necessary to complete the improvement, and such board of commissioners shall have incurred indebtedness in the name of the district to such an amount as would complete the authorized system of drainage for the benefit of the lands of the district found by the jury to be benefited by the proposed improvement, and issued the warrants of the district to cover the additional cost of completing such improvement all warrants heretofore issued for such purposes are hereby declared to be valid and legal obligations of the district so issuing the same. [1921 c 187 § 1; RRS § 4460.]

**85.06.720 Costs in excess of estimate—Petition to reopen original proceedings—Damages and benefits.** Whenever the board of commissioners of any drainage district shall have heretofore issued any warrants of the district for the purpose of completing a system of drainage for such district so as to produce the benefits to the lands of the district found by the jury to be benefited by the proposed improvement as provided in the preceding section, and the total estimated maximum benefits found by the jury that would accrue to the lands of the district by reason of such proposed improvement are not sufficient to cover the actual cost of such improvement, including the cost of completing the same as hereinabove provided, the board of commissioners of such district shall file a petition in the superior court in the original proceeding for the determination of the damages and benefits to accrue from the proposed improvement, setting forth the facts, describing the lands that have been, in the judgment of the commissioners, actually benefited by the completed improvement, stating the estimated amount of benefits per acre that have accrued to each tract of land respectively, giving the name of the owner or reputed owner of such tract of land, and praying that the original proceedings be opened for further proceedings for

the purpose of determining the benefits which have accrued to each tract of land actually benefited by the completed improvement. If the said board of commissioners fail or refuse to file such petition within sixty days after receipt of a written request so to do, signed by any warrant-holder, then the said warrant-holder shall have the right to file same. [1921 c 187 § 2; RRS § 4461.]

**85.06.730 Costs in excess of estimate—Summons on petition—Contents—Service—Answer.** Upon the filing of the petition provided for in the preceding section, summons shall issue thereon and be served on the owners of all lands described in the petition as having been benefited, in the same manner as summons is issued and served in the original proceedings for the determination of damages and benefits by reason of a proposed drainage improvement, as near as may be. No answer to any such petition shall be required unless the party served with summons desires to offset damages claimed to have been actually sustained by reason of the completed improvement in addition to the damages found by the jury in the original proceeding, and no default judgment shall be taken for failure to answer any such petition. [1921 c 187 § 3; RRS § 4462.]

**85.06.740 Costs in excess of estimate—Hearing by jury—Verdict.** Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear by any summons issued as provided in the preceding section, the court shall empanel a jury to hear and determine the matters in issue, and if the jury shall find that the matters set forth in the petition are true and that any of the lands of the district have been benefited by the completed improvement, after offsetting any additional damages found to have been sustained by reason thereof, it shall determine and assess the benefits which have actually accrued, and shall specify in its verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. [1921 c 187 § 4; RRS § 4463.]

**85.06.750 Costs in excess of estimate—Judgment—Appellate review.** Upon the return of the verdict of the jury as provided in the preceding section, if it shall appear to the court that the total benefits found by the jury to have accrued to the lands of the district is equal to or exceeds the actual cost of the improvement including the increased cost of completing the same, the court shall enter its judgment in accordance therewith, as supplemental to and in lieu of the original decree fixing the benefits to the respective tracts of land, and thereafter the assessment and levy for the original cost of the construction of the improvement, including the indebtedness incurred for completing the improvement together with interest at the legal rate on the warrants issued therefor, and all assessments and levies if any, for the future maintenance of the drainage system described in the judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in the judgment. Every person or corporation feeling himself or itself aggrieved by any such judgment may seek appellate review within thirty days after the entry thereof, and such review shall bring before the appellate court the propriety and justness of the verdict of the jury in respect to

the parties to the proceeding. [1988 c 202 § 76; 1971 c 81 § 161; 1921 c 187 § 5; RRS § 4464.]

Any department or agency of the state of Washington having power to invest funds is hereby authorized and empowered to use the same to buy such bonds.

(2) Such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 189; 1935 c 103 § 1; RRS § 4459-11. Formerly RCW 85.04.140, part.]

**85.07.110 Funding bonds—Assessments for payment—Special fund.** It shall be the duty of the commissioners of such district annually to levy assessments sufficient to pay interest on such bonds as they fall due. They may at any time levy such additional assessment as they deem best to redeem and retire such bonds. Commencing not less than five years before the due date of such bonds, they shall determine the number of equal annual levies necessary to retire such bonds at maturity, and annually thereafter levy an assessment sufficient to liquidate all of said bonds by maturity. Such levies for interest and redemption of the bonds shall be added to the annual cost of the maintenance of the diking or drainage system of said district. Such assessments shall be collected by the county treasurer and kept as a special fund for the sole purpose of paying interest upon and liquidating said bonds. The bonds shall be redeemed and paid in their numerical order, beginning with bond No. 1 and continuing until all of said bonds are paid. The treasurer's call for presentation and redemption of such bonds shall state the number of the bond or bonds so called. Thirty days after the first publication of said notice of the treasurer calling any of said bonds by their numbers, such bonds shall cease to bear interest, and the notice of call shall so state. **85.07.130 Civil action to strike land from assessment roll—Costs.** Whenever any piece of land in any diking or drainage district in this state shall cease to be

susceptible to benefit from the diking and/or drainage improvement of such district, the owner thereof may bring civil action in the superior court of the county wherein such property is situated, against the board of commissioners of such district in their official capacity, to have such property stricken from the assessment roll for such district. The procedure shall be that of other civil actions, except no judgment for costs shall be entered against such district in such proceedings. [1935 c 102 § 1; RRS § 4360-1. Formerly RCW 85.04.180.]

**85.07.140 Civil action to strike land from assessment roll—Court decree—Subsequent restoration to rolls, procedure.** If the court is satisfied that the status of said property has changed so that it is no longer susceptible to benefit from the improvement of such district and should be removed from the assessment roll thereof, and it be established that all benefits assessed against said lands up to the date of trial have been paid, such court may enter a decree striking such land from the assessment roll of said district, and it shall not be subject to future assessment for benefits or maintenance by such district, unless, thereafter, it is again brought into such districts by the proceedings provided by law to extend the district or include benefited property which is not assessed. Nothing herein shall prevent such property from being again brought into said district in the manner provided by law generally for the inclusion of benefited property, if it appear at a future date that said property will receive benefits from the improvement in such district. Upon entry of such decree of the court a certified copy thereof shall be filed in the office of the auditor of such county wherein the property is situated, and upon receipt thereof, he shall correct the assessment roll of said district accordingly and strike the property therefrom. [1935 c 102 § 2; RRS § 4360-2. Formerly RCW 85.04.185.]

The provisions of this section shall be construed as cumulative and shall not derogate from any other powers authorized by law for such districts. [1963 c 96 § 1.]

**Reviser's note:** Chapter 85.08 RCW is almost entirely composed of chapter 176, Laws of 1913, the basic drainage improvement district act, as it has been amended and added to by subsequent legislation. Chapter 130, Laws of 1917 and chapter 157, Laws of 1921 are primarily express amendments to such basic act, however, also contained in such acts were several sections not expressly amendatory of the basic act but which are in pari materia therewith; therefore, such other sections are also codified in this chapter. Further, RCW 85.08.820 contains an independent session law which is in pari materia and so closely connected with the subject matter of this chapter that it has been codified herein. Thus, throughout chapter 85.08 RCW the term "this act" has been translated to read "this chapter" unless because of peculiar circumstances other treatment is required in which case it is specially noted.

**Repeal and saving (1913 c 176 § 39):** "Sec. 39. Chapter LXVI of the Laws of 1901 is hereby repealed, saving and excepting, however, that the provisions of said act shall continue in force and effect and shall be applicable to and shall govern all proceedings, rights and powers, in the case of ditches already contracted for, or under construction under said act, and in the case of the maintenance of the same for the current year 1913; and the method of supervision, construction, payment for the work, apportionment of costs, and assessment and collection thereof, delinquency and foreclosing thereof and penalties therefor, and all other proceedings in regard to the same, shall be as in said chapter LXVI of Laws of 1901 prescribed: PROVIDED, HOWEVER, That with the consent of the holders of warrants heretofore issued or hereafter issued for work already begun or contracted for under said act, or with the consent of the contractor engaged in constructing any ditch or drainage system under said act, the provisions of this act in regard to the funding of such warrants with bonds, or the payment for work with bonds and the issuance and sale thereof, and all provisions in regard to such issuing of bonds, shall be applicable to such outstanding warrants or work already begun or contracts let for work. And in such event and to the extent of the costs so acquiesced in by warrant holders or contractors, all the provisions of this act in regard to the method of payment, form, issuing and sale, of bonds and warrants, extension of the assessment over a term of years, collecting, delinquency, interest and foreclosure of the assessments, and all other proceedings in regard thereto shall be as in this act provided. In such event the county commissioners shall prescribe the method and time of payment of the assessments and whether bonds shall be issued and perform any other proper act in regard to the same, at a special meeting called for that purpose, or at the hearing on the apportionment of costs provided for in section 30 hereof.

PROVIDED, ALSO, That in case any of the provisions of this act shall be applied to any proceedings in regard to any ditch begun under said chapter LXVI of the Laws of 1901 and the same shall be held not to be legally applicable thereto by a court of competent jurisdiction, then appropriate and proper proceedings for the performance of said acts or duties shall be had and done in regard thereto, as in said chapter LXVI of the Laws of 1901 provided. And from the time any such drainage district organized and existing under the provisions of said chapter LXVI of the Laws of 1901, shall be brought under the provisions of this act, said district shall be known and designated in all proceedings and records relating thereto, as Drainage Improvement District No. . . . . of . . . . . County, retaining its original serial number.

Nothing in this act contained shall be construed as in anywise modifying or repealing any of the provisions of chapter CXV of the Laws of 1895, or the acts amendatory thereof or supplemental thereto, or affecting any proceeding heretofore or that may hereafter be had under the provisions of said act."

**Applicability of prior laws (1913 c 176 § 40):** "Sec. 40. Except as specified in the foregoing section, all of the provisions of this act, instead of said chapter LXVI of the Laws of 1901, shall be applicable to and shall govern and be the law in all respects, in regard to all ditches and drainage

systems now existing, initiated or applied for under said chapter LXVI of the Laws of 1901, and all powers hereby vested in or granted to all boards and officers under this act shall be vested in such boards and officers that shall hereafter have charge of the work, or administering of the affairs of such ditches and drainage systems, and the districts in which they lie."

**Severability (1913 c 176 § 41):** "Sec. 41. An adjudication that any section, paragraph, or portion of this act, or any provision thereof, or proceeding provided for therein, is unconstitutional or invalid shall not affect or determine the constitutionality, or validity, of this act as a whole or of any other portion or provisions thereof, and all provisions of this act not adjudicated to be unconstitutional shall be and remain in full force and effect and shall be operative until specifically adjudicated to be unconstitutional or invalid."

*Dissolution of inactive special purpose districts: Chapter 36.96 RCW.*

*Local governmental organizations, actions affecting boundaries, etc., review by boundary review boards: Chapter 36.93 RCW.*

*Special district creation and operation: Chapter 85.38 RCW.*

**85.08.010 Definitions.** "System", "improvement", and "system of improvement", as used in this chapter, shall be held to include a dike, ditch, drain or watercourse, or sewer, and any side, lateral, spur or branch dike, ditch, drain or watercourse, or sewer, or other structure, necessary to secure the object of the improvement. Any number of dikes, ditches, drains or watercourses, or sewers, with their laterals, spurs, and branches with separate outlets, or in the case of sewers with one or more septic tanks, may constitute one system for the protection or reclamation of the land included in any district. But no system shall be established or constructed unless sufficient outlet or outlets, or in the case of sewers, sufficient septic tank or tanks, are provided for any drainage or sewerage of such district. Such outlet or outlets, or septic tank or tanks, may be either within or without the boundaries of the improvement district hereinafter provided for. Any natural watercourse may be improved in accordance with the provisions of this chapter.

"Damages", as used in this chapter, shall be held to include the value of the property taken and injury to property not taken, or either, as the case may be. "Property benefited" and "property damaged", as used in this chapter, shall be held to include land, platted or unplatted, whether subject to or exempt from general taxation, and roads other than public roads. "Public roads", as used in this chapter, shall be held to include state and county roads, streets, alleys and other public places; and "other roads", as used in this chapter shall be held to include railroads, street railroads, interurban railroads, logging roads, tramways and private roads and the right-of-way, roadbeds and tracks thereof.

"Public utilities", as used in this chapter, shall be held to include irrigation, power and other canals, flumes, conduits and ditches, telegraph, telephone and electric transmission and pole lines, and oil, gas and other pipe lines. "County engineer", as used in this chapter, shall be held to include any engineer specially employed by the board of county commissioners or the board of supervisors to report upon and prepare plans for or to superintend the construction of a system or the maintenance thereof under the provisions of this chapter. "Prosecuting attorney", as used in this chapter, shall be held to include any attorney specially employed by the board of county commissioners in connection with the carrying out of the provisions of this chapter to advise or carry on proceedings in court with reference to a system of improvement initiated and constructed under the provisions of this chapter. [1923 c 46 § 2; 1917 c 130 § 13;

1913 c 176 § 2; RRS § 4406. FORMER PART OF SECTION: 1925 ex.s. c 189 § 1, part, now codified as RCW 85.08.230.]

**Reviser's note:** The term "county engineer" is defined in the last paragraph of this section. Throughout this chapter the terms "engineer", "district engineer" and "county engineer" appear to have been used interchangeably in the session laws and the usage of the latest session law language has been retained herein.

**Inapplicability of prior laws (1917 c 130 § 39):** "Sec. 39. Nothing in this act contained shall be construed as in anywise modifying or repealing any of the provisions of chapter 115 or of chapter 117 of the Laws of 1895, or the acts amendatory thereof or supplemental thereto, or affecting any proceedings heretofore or that may hereafter be had under the provisions of said acts."

The assessment so made shall be considered and credited to the respective pieces of property by the board of appraisers and by the county commissioners at the hearing on the assessment roll and the final apportionment. The preliminary assessments herein provided for shall be levied and collected in the same manner as the final assessment and shall be credited to the construction fund and used for the redemption of warrants issued against the same. The supervisors may be employed upon the construction or maintenance, receiving the same compensation as other labor of like character.

When a district contains not more than five hundred acres, or when a petition is presented to the county legislative authority signed by the owners of fifty percent of the acreage of the district praying for such action, the county engineer shall act as the sole supervisor of the district; and in such case the allowance of all claims against the district shall be by the county legislative authority. [1985 c 396 § 45; 1965 c 120 § 1; 1955 c 338 § 1; 1921 c 157 § 4; 1917 c 130 § 26; 1913 c 176 § 20; RRS § 4425.]

with the plans adopted therefor. In the construction of any system of drainage, construction shall be begun at the outlet or outlets thereof and at such other points as may be deemed advisable from time to time. In the construction of any system of improvement the board of supervisors with the approval of the board of county commissioners may modify, curtail, enlarge or add to the original plans wherever the same may be found necessary or advisable in the course of actual construction. But such changes shall not in the aggregate increase the estimated cost of the entire system by more than one-fifth, and all additional or different rights of way required shall be obtained as hereinbefore prescribed. The board of county commissioners may in its discretion let the construction of said system or any portion thereof by contract, in the manner provided for letting contracts for the construction of county roads and bridges. The board of county commissioners may, upon such terms as may be agreed upon by the United States acting in pursuance of the National Reclamation Act approved June 17, 1902 (32 Statutes at Large 388), and the acts amendatory thereof and supplemental thereto, or in pursuance to any other act of congress appropriate to the purpose, contract for the construction of the system of improvement or any part thereof, by the United States, or in cooperation with the United States therein. In such case, no bond shall be required, and the work shall be done under the supervision and control of the proper officers of the United States.

Unless the work of construction is let by contract as hereinbefore provided, or for such part of such work as is not covered by contract, the board of supervisors shall employ such number of men as shall be necessary to successfully carry on the work of such construction, and shall give preference in such employment to persons owning land to be benefited by the improvement.

The provisions of this section shall not be construed as denying to the supervisors, in case the construction work is left in their hands, the power to enter into an agreement with any contractor to furnish labor, material, equipment and skilled supervision, the contractor to be compensated upon the basis of a specific sum, or upon a percentage of the cost of the work, the services of the contractor to cover the use of equipment and the value of skilled supervision: PROVIDED, HOWEVER, That there is retained in the said board by the contract the right of termination thereof at any time, on reasonable notice, and fixing in the said contract, or reserving in said board, the right to fix the rates of wages to be paid to the men employed in said work. The board of supervisors may also let contracts in such manner and on such notice as they deem advisable for items of construction not exceeding one thousand dollars in amount of expenditures. [1921 c 157 § 5; 1917 c 130 § 27; 1913 c 176 § 22; RRS § 4427.]

Members of the board of supervisors may receive compensation up to seventy dollars for attending each official meeting of the district and for each day or major part thereof for all necessary services actually performed in connection with their duties as supervisors: PROVIDED, That such compensation shall not exceed six thousand seven hundred twenty dollars in one calendar year. Each supervisor shall be entitled to reimbursement for reasonable expenses actually incurred in connection with business, including subsistence and lodging while away from the supervisor's place of residence and mileage for use of a privately owned vehicle in accordance with chapter 42.24 RCW. All costs of construction or maintenance done under the direction of the board of supervisors shall be paid upon vouchers or payrolls verified by two of the said supervisors. All costs of construction and all other expenses, fees and charges on account of such improvement shall be paid by warrants drawn by the county auditor upon the county treasurer upon the proper fund, and shall draw interest at a rate determined by the county legislative authority until paid or called by the county treasurer as warrants of the county are called.

Any supervisor may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the secretary as provided in this section. The waiver, to be effective, must be filed any time after the supervisor's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made. **85.08.340 Crossing roads or public utilities—Procedure—Costs.** Whenever in the progress of the construction of the system of improvement it shall become necessary to construct a portion of such system across any public or other road or public utility, the board of supervisors, or in case the work is being done by contract the board of county commissioners, shall serve notice in writing upon the public officers, corporation or person having charge of, or controlling or owning such road or public utility, as the case may be, of the present necessity of such crossing, giving the location, kind, dimensions and requirement thereof, for the purpose of the system of improvement, and stating a reasonable time, to be fixed by the county engineer, within which plans for such crossing must be filed for approval in case the public officers, corporation or person controlling or owning such road or public utility desire to construct such crossing. As soon as convenient, within the time fixed in the notice, the public officers, corporation or person shall, if they desire to construct such crossing, prepare and submit to the county engineer for approval duplicate detailed plans and specifications for such crossing. Upon submission of such plans, the county engineer shall examine and may modify the same to meet the requirements of the system of improvement, and when such plans or

modified plans are satisfactory to the county engineer he shall approve the same and return one thereof to the public officers, corporation or person submitting the same, and file the duplicate in his office, and shall notify such public officers, corporation or person of the time within which said crossing must be constructed. Upon the return of such approved plans, the public officers, corporation or person controlling such road or public utility shall, within the time fixed by the county engineer, construct such crossing in accordance with the approved plans, and shall thereafter maintain the same. In case such public officers, corporation or person controlling or owning such road or public utility shall fail to file plans for such crossing within the time prescribed in the notice, the board of supervisors or of county commissioners, as the case may be, shall proceed with the construction of such crossing in such manner as will cause no unnecessary injury to or interference with such road or public utility. The cost of construction and maintenance of only such crossings or such portion of such cost as would not have been necessary but for the construction of the system of improvement shall be a proper charge against the improvement district, and only so much of such cost as the board of county commissioners shall deem reasonable shall be allowed as a charge against the district in the case of crossings constructed by others than the district. The amount of costs of construction allowed as a charge against the district by the board of county commissioners shall be credited on the assessments against the property on which the crossing is constructed, and any excess over such assessment shall be paid out of the funds of the district. [1917 c 130 § 29; 1913 c 176 § 24; RRS § 4429. Formerly RCW 85.08.340 and 85.08.350.]

There shall also be included in said statement, in case the county engineer is a salaried officer, a statement of the services performed by him in connection with said improvement at a per diem of five dollars per day and his necessary expenses, and a reasonable sum to be fixed by the board of county commissioners on account of the services rendered by the prosecuting attorney. Upon the filing of such statement of costs and expenses the board of county commissioners shall revise and correct the same if necessary and add thereto a reasonable sum which shall be not less

than five percent nor more than ten percent of the total thereof in drainage improvement districts, and not less than ten percent nor more than fifteen percent of the total thereof in diking improvement districts, to cover possible errors in the statement or the apportionment hereinafter provided for, and the cost of such apportionment and other subsequent expenses, and interest on the costs of construction from the date of the statement until fifty days after the filing of the assessment roll with the treasurer; and unless the same have been previously appointed, shall appoint a board of appraisers consisting of the county engineer and two other competent persons, to apportion the grand total as contained in said statement as hereinafter provided. The board of county commissioners may pay such portion as they deem proper of the amount assessed against the county on account of the drainage, protection or improvement of the roads, out of the funds of the road district in which such drainage, protection or improvement is made. The amount assessed against the state shall be paid out of the appropriate fund of the state. [1923 c 46 § 8; 1917 c 130 § 31; 1913 c 176 § 26; RRS § 4431. **85.08.440 Appeal from apportionment—Procedure—Appellate review.** The decision of the board of county commissioners upon any objections made within the time and in the manner prescribed in RCW 85.08.400 through 85.08.430, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the clerk of such board and with the clerk of the superior court of the county in which such drainage or diking improvement district is situated, or in case of joint drainage or diking improvement districts with the clerk of the court of the county in which the greater length of such drainage or diking improvement system lies, within ten days after the order confirming such assessment roll shall have become effective, and such notice shall describe the property and set forth the objections of such appellant to such assessment; and, within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court a transcript consisting of the assessment roll and his objections thereto, together with the order confirming such assessment roll, and the record of the board of county commissioners with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such clerk of the board of county commissioners, and by him certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of

the superior court, the appellant shall execute and file with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with good and sufficient surety, to be approved by the judge of said court, conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the county or the drainage or diking improvement district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require; within three days after such transcript is filed in the superior court as aforesaid, the appellant shall give written notice to the prosecuting attorney of the county, and to the clerk of the board of county commissioners that such transcript is filed. Said notice shall state a time (not less than three days from the service thereof) when the appellant will call up the said cause for hearing; and the superior court of said county shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury. The judgment of the court shall confirm, correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have custody of the assessment roll, and he shall modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other civil cases. However, the review must be sought within fifteen days after the date of the entry of the judgment of such superior court. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. [1988 c 202 § 77; 1971 c 81 § 162; 1921 c 157 § 1; RRS § 4436.]

**Severability—1988 c 202:** See note following RCW 2.24.050.

**85.08.450 Regularity and validity of proceedings conclusive.** Whenever any schedule of apportionment of any drainage or diking improvement district shall have been confirmed, and the assessment therefor shall have been levied, by the board of county commissioners, as provided by RCW 85.08.400 through 85.08.430, the regularity, validity and correctness of the proceedings relating to such improvement, and to the assessment therefor, including the action of the board of county commissioners upon such assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties, and cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll in the manner and within the time provided in RCW 85.08.400 through 85.08.430, and not appealing from the action of the board of county commissioners in confirming such assessment roll in the manner and within the time in this chapter provided. No proceeding of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any such assessment, or the sale of any property to pay such assessment, or any certificate of delinquency issued therefor, or the foreclosure of any lien issued therefor: PROVIDED, That this section shall not be construed as

prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds:

(1) That the property about to be sold does not appear upon the assessment roll, or

(2) That said assessment has been paid. [1921 c 157 § 2; RRS § 4437.]

**85.08.460 District liable on judgments—Supplemental levy.** Any judgment that heretofore has been obtained or that hereafter may be obtained against a county on account of any contract lawfully made by its officials for or on behalf of any drainage, diking, or sewerage improvement district, or on account of the construction or maintenance of any drainage, diking, or sewerage system of a drainage, diking, or sewerage improvement district shall be collected and reimbursed to the county from said improvement district, and the amount of such judgment shall be included in the construction costs of said district: PROVIDED, That if such judgment be recovered after the assessment to pay the construction costs shall have been levied, then the county commissioners are hereby empowered and they shall make a supplemental levy upon the lands of the district, and from the funds collected under such levy said reimbursements shall be made. [1923 c 46 § 10; 1921 c 157 § 3; RRS § 4438.]

**85.08.470 District funds.** There shall be established in the county treasury of any county in which any drainage or diking or sewerage improvement is established under the provisions of this chapter, appropriate funds as follows:

(1) The construction fund, into which shall be paid the proceeds of all bonds or warrants sold and the proceeds of all assessments paid prior to the sale of bonds or warrants. In case no bonds have been issued or warrants have been sold, the proceeds of all assessments levied to pay the cost of construction shall be paid into such fund. All warrants including temporary warrants, issued in payment of cost of construction shall be paid out of such fund.

(2) A fund for the redemption of all bonds issued or warrants sold, to be known as the redemption fund, into which shall be paid all proceeds derived from assessments levied to pay cost of construction which shall not have been paid prior to the sale of bonds or warrants, in case bonds have been issued or warrants sold, and also all moneys, if any, remaining in the construction fund after the payment of all warrants drawn against it as above provided. The redemption fund shall be applied, first, to the payment of the interest due upon all such outstanding bonds issued or warrants sold and, second, to the payment of the principal thereof. After the payment of the principal and interest of all such bonds or warrants, the balance, if any, remaining in such fund shall be applied to the payment of any warrants outstanding, including temporary warrants, which may have been issued in payment of cost of construction which for any reason may remain unpaid. Any balance, if any, thereafter remaining shall be paid into the maintenance fund.

(3) The maintenance fund, into which shall be paid the proceeds of all assessments for maintenance, and all other funds received by the district which are not required by the provisions of this chapter to be paid into the construction

fund or the redemption fund. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-1.]

**85.08.480 Collection of assessments—Certificates of delinquency—Foreclosure.** The respective installments of assessments for construction or maintenance of improvements made under the provisions of this chapter, shall be collected in the same manner and shall become delinquent at the same time as general taxes, certificates of delinquency shall be issued, and the lien of the assessment shall be enforced by foreclosure and sale of the property assessed, as in the case of general taxes, all according to the laws in force on January 1, 1923, except as hereinafter specifically provided.

The annual assessments or installments of assessments, both for construction and for maintenance and repairs of the diking and/or drainage system shall become due in two equal installments, one-half being payable on or before May 30th, and the other half on or before November 30th; and delinquency interest thereon shall run from said dates on said respective halves of said assessments.

The rate of interest thereon after delinquency, also the rate of interest borne by certificates of delinquency, shall be ten percent per annum. Certificates of delinquency for any assessment or installment thereof shall be issued upon demand and payment of such delinquent assessment and the fee for the same at any time after the expiration of twelve months after the date of delinquency thereof. In case no certificate of delinquency be issued after the expiration of four years from date of delinquency of assessments for construction costs, or after the expiration of two years from date of delinquency of assessments for maintenance or repairs, certificates of delinquency shall be issued to the county, and foreclosure thereof shall forthwith be effected in the manner provided in \*sections 11292 to 11317 inclusive.

The holder of a certificate of delinquency for any drainage, diking or sewerage improvement district or consolidated district assessment or installment thereof may pay any delinquent general taxes upon the property described therein, and may redeem any certificate of delinquency for general taxes against said property and the amount so paid together with interest thereon at the rate provided by law shall be included in the lien of said certificate of delinquency.

The expense of foreclosure proceedings by the county shall be paid by the districts whose liens are foreclosed: Costs of foreclosure by the county or private persons as provided by law, shall be included in the judgment of foreclosure. [1933 c 125 § 2; 1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-2.]

**\*Reviser's note:** The internal references in the third paragraph of this section reading "sections 11292 to 11317 inclusive" refers to RRS 11292 through 11317 which sections were repealed by 1925 ex.s. c 130 § 138, with the exception of 11312, 11313, and 11314 now in RCW 78.16.010, 78.16.020, and 78.16.030 and which are not in point for purposes of this internal reference. Existing provisions generally as to certificates of delinquency and foreclosure, see chapter 84.64 RCW.

**85.08.490 Title acquired at sale—Foreclosure for general taxes—Lien of assessments preserved.** The purchaser, upon the foreclosure of any certificate of delinquency for any assessment or installment thereof, shall

acquire title to such property subject to the installments of the assessment not yet due at the date of the decree of foreclosure, and the complaint, decree of foreclosure, order of sale, sale, certificate of sale and deed shall so state.

The holder of any certificate of delinquency for general taxes may, before commencing any action to foreclose the lien of such certificate, pay in full all drainage or diking or sewerage improvement district assessments or any installment thereof due and outstanding against the whole or any portion of the property included in such certificate of delinquency and the amount of all assessments so paid together with interest at ten percent per annum thereon shall be included in the amount for which foreclosure may be had; or, if he elects to foreclose such certificate without paying such assessments in full, the purchaser at such foreclosure sale shall acquire title to such property subject to all such drainage or diking or sewerage improvement district assessments. Any property in any drainage or diking or sewerage improvement district sold under foreclosure for general taxes shall remain subject to the lien of all drainage and diking or sewerage improvement district assessments or installments thereof not yet due at the time of the decree of foreclosure and the complaint, decree of foreclosure, order of sale, sale, certificate of sale and deed shall so state. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-3.]

**85.08.500 Resale or lease by county—Disposition of proceeds—Tax statements.** Property subject to a drainage or diking or sewerage improvement district assessment, acquired by a county pursuant to a foreclosure and sale for general taxes, when offered for sale by the county, shall be offered for the amount of the general taxes for which the same was struck off to the county, together with all drainage or diking or sewerage improvement district assessments or installments thereof, due at the time of such resale, including maintenance assessments, and supplemental assessments levied pursuant to the provisions of RCW 85.08.520, coming due while the property was held in the name of the county; and the property shall be sold subject to the lien of all drainage or diking or sewerage improvement district assessments or installments thereof not yet due at the time of such sale, and the notice of sale and deed shall so state. **PROVIDED,** That the county board may in its discretion, sell said property at a lesser sum than the amount for which the property is offered in the notice of sale. The proceeds of such sale shall be applied first to discharge in full the lien or liens for general taxes for which said property was sold, and the remainder, or such portion thereof as may be necessary, shall be applied toward the discharge of all drainage or diking or sewerage improvement district assessment liens upon such property, and the surplus, if any, shall be applied toward the payment of any delinquent or due local assessments or local assessment installments outstanding against the property levied by any authority other than that of the county, taking them in the order of their maturities, beginning with the earliest; after which if any money remains the treasurer shall hold the same for the person whose interest in the property entitles him thereto. If there be no purchaser, the property shall again be offered for sale within one year

thereafter, and shall be successively offered for sale each year until a sale thereof be effected.

Property struck off to or bid in by a county may be leased pursuant to resolution of the county commissioners on such terms as the commissioners shall determine for a period ending not later than the time at which such property shall again be offered for sale as required by law. Rentals received under such lease shall be applied in the manner hereinabove provided for the proceeds of sale of such property.

All statements of general state taxes where drainage, diking or sewer improvement district assessments against the land described therein are due shall include a notation thereon or be accompanied by a statement showing such fact. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-4.]

**85.08.510 Invalid levy—Reassessment.** Whenever any improvement, any extension or betterment thereof shall have been constructed in whole or in part, either heretofore in a district established or attempted to be established under and by virtue of \*chapter 66 of the Laws of 1901, or in a district heretofore or hereafter established or attempted to be established under this chapter, and the assessment therefor or any part thereof shall be invalid by reason of any omission, irregularity or defect in any proceeding whatever, a reassessment shall be made upon the property benefited by the improvement to provide a fund for the payment of the costs thereof, and any bonds or warrants issued therefor in the following manner:

The board of county commissioners shall by order cause the clerk of the board to compile and file with the board an itemized statement of the total cost of the improvement in the manner prescribed by RCW 85.08.360. Upon the filing of such statement the same proceedings shall be had assessing the costs of said improvement against the lands benefited thereby and the counties, cities and towns within the district, as are prescribed by RCW 85.08.360 and subsequent sections of this act. In case no bonds have been issued or warrants sold to pay the costs of said improvement, the same may be issued and sold and disposed of as hereinbefore provided. In case an assessment for such improvement shall have been theretofore made or attempted, and any payment has been made thereon, proper credit for the amount of such payment shall be made upon the reassessment. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-5.]

**\*Reviser's note:** The language "chapter 66 of the Laws of 1901" refers to a prior drainage district law which was repealed by the basic act, 1913 c 176, codified in this chapter; see 1913 c 176 §§ 39, 40; see notes following chapter digest.

The language "subsequent sections of this act" first appears in 1917 c 130 § 33 amending 1913 c 176 § 31. The 1917 amendatory act was a 39 section act with sections 34 through 39 being codified as RCW 85.08.530, 85.08.540, 85.08.560, and 85.08.680. Section 34 thereof was repealed by 1949 c 26 § 18 and new subject matter thereof is in chapter 85.16 RCW. Section 39 was a construction section. The basic act in chapter 176, Laws of 1913 was a 42 section act with sections 32 through 41 being codified as RCW 85.08.530, 85.08.540, 85.08.560, 85.08.570, 85.08.670, and 85.08.680. Section 32 was repealed in the 1949 act and the new subject matter is in chapter 85.16 RCW. The other sections being construction sections are footnoted herein following the chapter digest. Notice that this section itself was a single section in the basic act of 1913 but it was divided into separate sections in 1923 c 46 § 11 codified herein as RCW 85.08.470 through 85.08.520.

**85.08.520 Supplemental assessments.** If upon the foreclosure of the assessment upon any property the same shall not sell for enough to pay the assessment against it, or if any property assessed was not subject to assessment, or if any assessment made shall have been eliminated by foreclosure of a tax lien or made void in any other manner, the board of county commissioners shall cause a supplemental assessment to be made on the property benefited by the improvement, including property upon which any assessment shall have been so eliminated or made void, and against the county, cities and towns chargeable therewith in the manner provided for the original assessment, to cover the deficiency so caused in the original assessment.

If by inadvertence or for any cause the assessment levied shall be found to be insufficient to meet the entire cost of construction, a supplemental assessment shall be made by the board of county commissioners upon the lands of the district in the same proportion as the original assessment is levied, same being spread over not to exceed three years as the commissioners may determine.

Duplicate assessments or other errors that may by inadvertence be found to have been incorporated in the assessment roll may be corrected by order of the county commissioners upon same being certified to them by the treasurer and the engineer. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-6.]

**85.08.530 Levies against county, city or town, how paid.** The amount of the costs of construction or maintenance of any system of improvement assessed against any city, town or county may be met by levies to be paid in similar installments and extending over a like period of time as the assessments against property benefited are spread, or such amounts may be met by the issue and sale of the bonds of such city, town or county in the manner in which bonds to meet general indebtedness of such city, town or county are issued. The proper authorities of such city, town or county shall make the necessary levies to meet such amounts thus apportioned thereto as a general levy on all property therein. [1917 c 130 § 35; 1913 c 176 § 33; RRS § 4441.]

**85.08.540 Abandonment or change in system—Subdistricts.** Upon a petition and bond being filed by one or more landowners, either within or without the boundaries of a district, and like proceedings being had as in the case of the original establishment and construction of a system of improvement, the county commissioners may declare any system of improvement or any part thereof, abandoned or may strike from the district lands no longer benefited or served thereby, or they may cause any system of improvement to be altered, reduced, enlarged, added to or in any other manner bettered or improved, either within or without the district, and to effect such subsequent improvements, may exercise any of the powers which are in this chapter, or may be hereafter conferred upon such districts. But the striking of any lands from a district shall not in any way affect any assessment theretofore levied against such lands. When such improvements shall have been completed the costs thereof shall be apportioned and assessed against the lands benefited thereby in the manner hereinbefore provided

for such apportionment and assessment in the case of original proceedings. New lands assessed for any such improvement shall become a part of such district. The construction and maintenance of any such new improvement, unless let by contract by the board of county commissioners, shall be under the direction of the board of supervisors of the district in which they are made or to which said improvement is added. The lands assessed for such new improvements, of less than the entire district, shall be designated, alphabetically, "subdistrict . . . . . of . . . . . improvement district No. . . . ." [1917 c 130 § 36; 1913 c 176 § 34; RRS § 4442.]

**85.08.560 Extension of existing system—Apportionment of cost.** When any extension of or addition to any existing system of improvement shall be thus constructed, the cost thereof shall be assessed to all the property, counties, cities and towns in the enlarged district benefited thereby in proportion to the benefits received therefrom. Any new lands thus brought into the district shall be assessed in addition a proper and equitable share of the then value of the original system of improvement in proportion to the benefits which such new lands derive therefrom. In determining the value to be so assessed the board of appraisers shall take into consideration the amount, if any, which the property to be assessed has already paid toward the construction of the original system and all other matters that may be pertinent. If at any time it shall appear to the board of supervisors of any drainage or diking improvement district that any lands without the boundaries of such district are being benefited by the improvements of the district and are not being assessed for the benefits received, they shall file a petition with the board of county commissioners praying the benefits received by such lands be determined and an assessment made upon such lands for the benefits so received. Thereupon, the board of county commissioners shall appoint a board of appraisers as provided in RCW 85.08.360 for the apportionment of the cost of construction of the original system of improvement, and an apportionment of the then value of the improvements of the district shall be made to such lands in proportion to the benefits received therefrom as nearly as may be in the manner provided for the apportionment of the cost of the original system of improvement. In determining what share of the value of the improvements of the district shall be apportioned to such lands the board of appraisers shall take into consideration the benefits already received by such lands and all other matters that may be pertinent. The amount of the value of the original system assessed upon any new property brought within the district shall be rebated pro rata upon the assessments, if any, outstanding against the lands of the district on account of the construction of such original system. If the assessment against any land has been paid in full, or if the assessment remaining outstanding against such land is less than the rebate apportioned to such land, the amount so rebated or excess of rebate over assessment shall be paid into the maintenance fund of the district and a proper credit on any existing or future assessment for maintenance shall be entered in favor of the land entitled thereto. The lands in the original district shall remain bound for the whole of the original unpaid assessment thereon for the payment of any

outstanding unpaid warrants or bonds secured to be paid by such assessments. [1917 c 130 § 37; 1913 c 176 § 35; RRS § 4443.]

**85.08.565 Special assessments—Budgets—Alternative methods.** RCW 85.38.140 through 85.38.170 constitute a mutually exclusive alternative method by which diking, drainage, or sewerage improvement districts in existence as of July 28, 1985, may measure and impose special assessments and adopt budgets. RCW 85.38.150 through 85.38.170 constitute the exclusive method by which diking, drainage, or sewerage improvement districts created after July 28, 1985, may measure and impose special assessments and adopt budgets. [1985 c 396 § 26.]

**Severability—1985 c 396:** See RCW 85.38.900.

**85.08.570 Districts in two or more counties—Notice—Hearings.** When a drainage, diking or sewerage system is proposed which will require a location, or the assessment of lands, in more than one county, application therefor shall be made to the board of county commissioners in each of said counties, and the county engineers shall make preliminary reports for their respective counties. The lines of such proposed improvement shall be examined by the county engineers of the counties wherein said improvements will lie, jointly. The hearings in regard to such improvements, provided for by RCW \*85.08.150, and 85.08.400 through 85.08.430 shall be had by the boards of county commissioners of the two counties in joint sessions, and all other matters required to be done by the county commissioners in regard to such improvement and the improvement district shall be had and done by the boards of county commissioners of the counties wherein such system of improvements shall lie, either in joint session at such place as the said board shall order, or by concurrent order entered into by the said boards at their respective offices. Notice of the hearings shall be given by the auditors of both counties jointly by publication in the official paper of each of said counties. The county engineer of the county wherein the greatest length of drainage, diking or sewerage system will lie, shall have charge of the engineering work and be ex officio a member of the boards in this chapter provided for. The schedule of apportionment shall be prepared in separate parts for the land in the respective counties; and that part of said roll containing the assessments upon the lands in each respective county shall be transmitted to the treasurer thereof, and the treasurer of said county shall give notice of said assessments as provided in RCW 85.08.400 through 85.08.430, and shall collect the assessments therein contained and shall also extend and collect the annual maintenance levies of said district upon the lands of said district lying in his county. The auditor of the county in which the greater length of the drainage, diking or sewerage system shall lie shall act as clerk of the joint session of the boards of county commissioners, and shall issue the warrants of the improvement district, and shall attest the signatures of the two boards of county commissioners on the bonds. He shall furnish to the auditor of the other county duplicate copies of the records of proceedings of such joint sessions. Duplicate records of all proceedings had and papers filed in connection with such improvements shall be kept, one with the auditor

of each county. Protests or other papers filed with the auditor who is not clerk of the joint sessions shall be forwarded forthwith by him to the auditor who acts as clerk of such joint sessions. The treasurer of said county shall register and certify and pay the warrants and the bonds, and shall have charge of the funds of the district; and to him, the treasurer of the county in which the lesser portion of such system of improvements lie, shall remit semiannually, in time for the semiannual warrant and bond calls, all such collections made in such other county. A drainage, diking or sewerage improvement district lying in more than one county shall be designated "joint drainage (or diking) or sewerage improvement district No. . . . of . . . . and . . . . counties." All proceedings in regard to joint drainage, diking improvement districts, which have heretofore been had and done substantially in accordance with the amendatory provisions of this chapter are hereby approved and declared to be valid. [1923 c 46 § 13; 1921 c 157 § 6; 1913 c 176 § 38; RRS § 4446.]

**\*Reviser's note:** RCW 85.08.150 was repealed by 1985 c 396 § 87. See RCW 85.38.040, 85.38.050.

#### **85.08.630 Waters developed—Defined—Disposal of.**

The use of any waters developed by the drainage system of any drainage improvement district shall be subject to the control of the drainage improvement district and such district shall have the right to dispose of and contract for the use of such waters for irrigation or other uses, as hereinafter provided: PROVIDED, That the waters developed by any existing drainage system, and the waters developed by any drainage system hereafter constructed which shall remain undisposed of for three years after the completion of the improvement and the levy of the assessment to pay the cost thereof, shall not be subject to disposal by such district where such waters shall have been appropriated by any person at a point below the outlet of the drainage system of such district. The term "waters developed" as used in this chapter shall not be held to include surface waste waters from irrigation. [1917 c 130 § 7; RRS § 4455.]

**85.08.640 Waters developed—Contracts for use and sale.** The board of supervisors may enter into any contract for the use, sale or disposal of such waters that in their judgment shall be for the best interests of the district; but no such sale, contract or disposition shall be made except by the unanimous vote of the board. The district shall not guarantee nor warrant the amount or flow of, nor the title to, such waters; and no use, sale or disposition of such waters shall be lawful that will interfere with the efficiency of said drainage system. [1917 c 130 § 8; RRS § 4456.]

#### **85.08.650 Waters developed—Application for use.**

Any person or corporation desiring to acquire and use the waters developed by any drainage system, may make application therefor in writing to the board of supervisors of the district, accompanying such application with a bond to be approved by the board, conditioned that the applicant will pay the costs of the investigation and hearing in case no disposal of said waters be made thereat. Successive applications and proceedings may be made and had as long as there

is any water remaining undisposed of in said drainage system. [1917 c 130 § 9; RRS § 4457.]

**85.08.660 Waters developed—Notice of hearing—Form of application—Bond.** When any such application shall be filed, the board of supervisors of the district shall cause to be published in the county official paper, once a week for three successive weeks prior to the date of the hearing hereinafter referred to, a notice fixing the time and place within the district when the board will hear and consider such applications. All applications shall be in writing and contain a statement of the proposed use to be made of the water, specifying the time, place and manner of such proposed use; and in entering into any such contract, the board of supervisors of the district may require such security as they may deem reasonable for the proper construction and installation of works of diversion and for the use of said water by the party proposing to use the same. [1917 c 130 § 10; RRS § 4458.]

**85.08.670 Prosecuting attorney—Duties.** It shall be the duty of the prosecuting attorney of each county to prepare suitable blanks for the use of the board of county commissioners under this chapter, not otherwise provided for, and to advise the board of county commissioners and other officers of the county and the boards provided for by this chapter in regard to the proceedings and in the performance of their duties under this chapter, and perform such other duties as in this chapter provided and required. [1913 c 176 § 36; RRS § 4444.]

**85.08.680 Rules and regulations.** The board of supervisors of each district shall make reasonable rules and regulations whereby any owner of land in the district may make connection for drainage, or sewerage purposes, with any drainage, or sewerage system thereof. They shall also maintain and keep efficient the system of improvement of the district. [1923 c 46 § 12; 1917 c 130 § 38; 1913 c 176 § 37; RRS § 4445.]

**85.08.690 Penalty for injury to or interference with improvement.** Every person who shall wilfully damage or interfere with the operation of any dikes, drains, ditches or other improvements of any diking or drainage improvement district shall be guilty of a misdemeanor. [1917 c 130 § 11; RRS § 4459.]

bonds and to constitute a sinking fund to retire said bonds as provided by law became or will become due, and that by reason thereof the owners of said lands were or will be unable to meet said assessment, the director of ecology shall have the power and he is hereby authorized under such terms and conditions as he shall deem advisable to enter into a contract in writing with the board of county commissioners of the county issuing such bonds, waiving the payment of interest upon such bonds from the date of their issue for not to exceed five years, and extending the time of payment of said bonds for not to exceed five years; and upon the execution of said contract the board of county commissioners of said county shall have the power and is hereby authorized to cancel all assessments made upon the lands included within such drainage improvement district for the payment of principal and/or interest on said bonds prior to the date of said contract, and to omit the levy of any assessments for said purposes until the expiration of the time of the waiver of interest payments upon said bonds specified in said contract. [1988 c 127 § 38; 1925 ex.s. c 140 § 1; RRS § 4332-1.]

**85.08.830 Merger of improvement district with irrigation district—Authorized.** Whenever a drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district within an irrigation district or irrigation districts desires to merge with an irrigation district or irrigation districts in which lands of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district are located, it may petition the board or boards of county commissioners, as the case may be, to do so: **PROVIDED,** That only that portion of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district within a particular irrigation district may merge with the irrigation district within which it is situated. [1957 c 94 § 2.]

*Merger of improvement district with irrigation district: RCW 87.03.720 through 87.03.745.*

The auditor of the county in which the greater length of the system of improvements lies shall act as clerk of the joint sessions of the boards of county commissioners, and shall give the notice provided for in RCW 85.08.870. He shall furnish to the auditor of the other county duplicate copies of the records of proceedings of the joint sessions. Duplicate records of all proceedings had and papers filed in connection with the merger of a joint drainage improvement district shall be kept with the auditor of each county. The board of county commissioners of the county in which a drainage improvement district or consolidated drainage improvement district is situated shall have exclusive jurisdiction to hear, supervise and conduct merger proceedings relating to such districts. [1957 c 94 § 3.]

**85.08.850 Merger of improvement district with irrigation district—Petition—Signing—Presentation.** The petition requesting the merger shall be signed by the board of supervisors of, or by ten landowners located within, the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district and presented to the clerk or clerks of the appropriate county legislative authority or authorities, at a regular or special meeting. [2001 c 149 § 2; 1996 c 313 § 1; 1957 c 94 § 4.]

**85.08.860 Merger of improvement district with irrigation district—Assent by irrigation district—Election, order, notice.** If it appears to the board or boards of county commissioners that all portions of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district will, as a result of the proceedings, be merged with the irrigation district or irrigation districts and that the board or boards of directors of the irrigation district or irrigation districts into which the drainage improvement, joint drainage improvement district, or consolidated drainage improvement district will be merged, which irrigation district or irrigation districts shall be named in the petition, are agreeable to the merger, and that the assent or assents thereto, in writing, by said irrigation district board or boards have been filed with the board or boards of county commissioners, the board or boards of county commissioners shall order an election to be held in the drainage improvement district, joint drainage improvement district or consolidated drainage improvement district to approve or disapprove the merger and shall fix the time thereof and cause notice to be published. If a majority of the votes cast are against merger, the board of commissioners shall enter an order dismissing the proceedings. If the merger is approved, the expenses of the county or counties in connection with the election will be paid by the irrigation district or irrigation districts, with each irrigation district, if there is more than

one, paying the same portion of the expenses as that portion of the drainage improvement district, joint drainage improvement district, or consolidated drainage district which is merged into the irrigation district. If the merger is not approved, the expenses of the county or counties in connection with the election will be paid by the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district. [1957 c 94 § 7.]

**85.08.890 Merger of improvement district with irrigation district—Prior indebtedness.** None of the indebtedness of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district, shall be affected by the merger and dissolution, and all lands liable to be assessed to pay such indebtedness shall remain liable to the same extent as if the merger and dissolution had not taken place, and all assessments theretofore levied shall remain unimpaired and shall be collected in the same manner as if no merger had taken place. The board or boards of directors of the irrigation district or irrigation districts with which the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district was merged shall have all the powers possessed at the time of the merger by the board of supervisors of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district and the board or boards of county commissioners may levy and cause to be collected any and all assessments against any of the lands formerly within the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district necessary for the payment of all indebtedness thereof, and of the drainage improvement districts taken into the consolidated drainage improvement district. Until the assessments are collected and all indebtedness of each drainage improvement district or joint drainage improvement district included in the merger, either as such or, in the case of the former, as a part of a consolidated drainage improvement district, is paid, separate funds shall be maintained for each such drainage improvement district or joint drainage improvement district as were maintained before the merger. **85.08.895 Annexation of territory—Consolidation of special districts—Suspension of operations—Reactivation.** Diking or drainage improvement districts may annex territory, consolidate with other special districts, and have their operations suspended and be reactivated, in accordance with chapter 85.38 RCW. [1986 c 278 § 13.]

**Severability—1986 c 278:** See note following RCW 36.01.010.

**85.08.900 Alternative methods of formation of improvement districts.** Whenever an improvement district is sought to be established, in addition to the procedures authorized by this chapter there may be employed any other method authorized by law for the formation of districts or improvement districts so that the improvement district will qualify under the provisions of chapter 89.16 RCW. [1959 c 104 § 6.]

**85.08.905 Sewerage improvement districts—Powers.** Sewerage improvement districts may investigate, plan, construct, acquire, repair, maintain, and operate improvements, works, projects, and facilities to collect, treat, and dispose of sanitary, industrial, and other sewage. ### FEDERAL AID TO DIKING, DRAINAGE, AND SEWERAGE IMPROVEMENT DISTRICTS

#### Sections

- 85.12.010 Commissioners may accept federal aid, or contract for work by federal agency—No bond required.  
85.12.030 Disposition of federal aid funds.

**85.12.010 Commissioners may accept federal aid, or contract for work by federal agency—No bond required.** Whenever, under the provisions of any act of the congress of the United States, the corps of engineers of the United States army, or any other agency of the United States, shall be authorized to reconstruct, improve, repair or maintain any system of improvements of any diking, drainage or sewerage improvement district under the laws of the state of Washington, the board of county commissioners of the county in which such district is situated, on behalf of such district may consent to and permit the United States, or any agency thereof, to perform any work or service upon or with regard to such district's system of improvements which shall by the board be found to be for the benefit of such district and the property therein, or, if the enlargement, betterment or other improvement of such district's system of improvements, or the performance of extraordinary maintenance work upon or with respect to its existing system of improvements shall have been authorized, the board may contract, on behalf of said district, upon such terms as may be agreed upon by the United States and the board for the performance of the work so authorized by said corps of engineers, or other agency of the United States. No bond shall be required by the district for any work performed by or under the supervision of said corps of engineers, or other agency of the United States. [1949 c 175 § 1; RRS § 4459-50. Formerly RCW 85.12.010 and 85.12.020.]

**85.12.030 Disposition of federal aid funds.** If at any time, whether prior or subsequent to the making of any contract authorized by the preceding section, there shall be made available and paid to a district fund appropriated by

the congress of the United States to pay the costs and expenses of reconstruction, improvement, repair or maintenance of the district's system of improvements or any part thereof, said funds shall be paid into the district's maintenance or construction fund, according as the work is maintenance or new construction, and thereafter used and disbursed upon the order of the board, provided that if the district shall have theretofore issued extraordinary maintenance warrants or maintenance bonds or construction bonds, said funds shall be used to pay and retire said bonds or warrants to the extent of said funds. When all said warrants or bonds have been paid, the assessment levied to pay said warrants or bonds, or those installments of such assessment not then due and payable, shall be canceled. If the funds made available and paid to the district by the United States shall be more than sufficient to pay and retire all then outstanding warrants or bonds issued to pay the cost of the particular work, whether maintenance or new construction, then the excess of such federal aid funds, up to the amount of the total of the assessments to pay for such work theretofore paid, shall be paid by the treasurer to those who have paid such assessment or assessments in the proportion that the total of all such assessments paid by any one bears to the total of all such assessments theretofore paid, and any balance of such federal aid funds remaining shall become and be part of the maintenance fund of the district. Any assessment or installment of assessment not canceled under the provisions hereof, or any balance thereof which when collected shall not be required for the payment of interest or principal of any of said warrants or bonds, shall, after all said warrants or bonds have been paid, be paid into and become part of the maintenance fund of the district. **85.15.010 Declaration of purpose.** The maintenance, enlargement and extension of diking, drainage and sewerage improvement districts formed under chapter 85.08 RCW is

[Title 85 RCW—page 44]

essential to the public welfare and economy of the state. The influx of population and changes in land use since many such districts were formed, has made obsolete, expensive and unjust the method used under existing law to provide funds for the operation of such districts and for the maintenance and expansion of their systems of improvement. [1967 c 184 § 2.]

**Severability—1967 c 184:** See note following RCW 85.05.610.

#### **85.15.020 Definitions.** As used in this chapter:

"District" means a diking, drainage or sewerage improvement district organized under chapter 85.08 RCW.

"Maintenance" means and includes not merely operating expenses and such upkeep and other work commonly classed as maintenance as shall be necessary to restore and preserve the district's systems of improvement and the machinery and equipment operated in connection therewith in the same or as good condition as when originally constructed and installed, but also the making of such changes in and betterments to the original works, improvements and installations as shall, subject to approval of the board of county commissioners, be by the board deemed necessary to put the systems of improvements into such condition as will provide protection and services as contemplated and intended by the original construction and any enlargement and extensions thereof thereafter made. [1967 c 184 § 3.]

**85.15.030 Property roll—Basis and requisites—Separate levies for prior indebtedness.** To operate under this chapter, the board of commissioners of the improvement district shall cause to be prepared and filed with the board of county commissioners a property roll. The roll shall contain: (1) A description of all properties benefited and improvements thereon which receive protection and service from the systems of the district with the name of the owner or the reputed owner thereof and his address as shown on the tax rolls of the assessor or treasurer of the county wherein the property is located and (2) the determined value of such land and improvements thereon as last assessed and equalized by the assessor of such county or counties. Such assessed and equalized values shall be deemed prima facie to be just, fair and correct valuations against which annual taxes shall be levied for the operation of the district and the maintenance and expansion of its facilities.

If property outside of the limits of the original district are upon the roll as adopted ultimately, and the original district has outstanding bonds or long-term warrants, the board of county commissioners shall set up separate dollar rate levies for the full retirement thereof. [1973 1st ex.s. c 195 § 111; 1967 c 184 § 4.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

#### **85.15.040 Public hearing—Notice, publication.**

When a property roll is filed with the county legislative authority, the county legislative authority shall hold a public hearing to determine whether the facts and conditions heretofore recited in this chapter as a prerequisite to its application do or do not exist, and shall give notice of hearing as follows:

The notice shall be published at least once a week for three consecutive weeks in a newspaper having general circulation in the area involved. The last publication shall be more than fifteen days prior to date of hearing. [1985 c 469 § 75; 1967 c 184 § 5.]

**85.15.050 Written objections—Filing—Grounds—Waiver.** Any person, owner or reputed owner having any interest in any property against which the board of county commissioners seeks to make a protection and service charge under this chapter, may object thereto. All such objections must be in writing and filed with the board of county commissioners before the hearing is commenced upon the roll containing such properties and must state clearly the grounds of such objection. Objections not made within this time and in this manner shall be deemed conclusively to have been waived. [1967 c 184 § 6.]

**85.15.060 Reexamination of properties on roll—Adjustment, periodic revision, of valuations.** The board of county commissioners may at any time reexamine the properties on any roll, and upon receipt of a petition from the board of supervisors of the district or the written request of a property owner shall do so. If it is found that the condition of such property or properties has changed so that such property should be eliminated from any rolls on file, or the valuation against which dollar rate is levied should be lowered, it shall so determine and enter an order adjusting the valuation as to such properties and shall certify and file a copy thereof with the treasurer of the county wherein the property is situated, and the treasurer shall alter and change the existing rolls accordingly. Valuations may be revised periodically to reflect changes in real property valuations by the county assessor. [1973 1st ex.s. c 195 § 112; 1967 c 184 § 7.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.15.070 Roll constitutes valuations against which levy made and collected—Hearing on adjustments.** The roll approved and certified to the county officers by the board of county commissioners as in this chapter provided shall constitute the valuations of land, buildings and improvements furnished protection and services by the systems of the district against which valuation taxes shall be levied and collected annually in the same manner as general taxes for the continuing operations of the district and its systems. The valuations on said roll shall be subject to adjustment from time to time in the manner provided in RCW 85.15.060.

The board of county commissioners shall hold a hearing on such adjustments at the county seat at the time of equalization of real property assessments for the purpose of considering written objections to any revision of valuations filed at least ten days prior to the hearing and shall give published notice only of such hearing as provided in RCW 85.15.040. [1973 1st ex.s. c 195 § 113; 1967 c 184 § 8.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.15.080 Roll and proceedings conclusive—Remedies.** Wherever any roll shall have been adopted by the board of county commissioners, the regularity, validity and correctness of the proceedings relating thereto shall be conclusive upon all parties, and it cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to the roll as provided in RCW 85.15.050 and appealing from the action of said board in confirming the roll in the manner and within the time in this chapter provided. No proceeding of any kind, except proceedings had throughout the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained, for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: PROVIDED, That suit in injunction may be brought to prevent collection of charges of assessments or sale of property thereunder upon the following grounds and no other:

- (1) That the property charged or about to be sold does not appear upon the district roll, or
- (2) The charge has been paid. [1967 c 184 § 9.]

**85.15.090 Review by superior court—How taken.** The decision of the board of county commissioners upon any objection made within the time and in the manner prescribed may be reviewed by the superior court of the county wherein the property in question is located, upon appeal thereto taken in the following manner: Any person aggrieved must file his petition for writ of review with the clerk of the superior court wherein the property is located within ten days after the roll affecting such aggrieved party was adopted by resolution, and serve a copy thereof upon the county treasurer. The petition shall describe the property in question, shall set forth the written objections which were made to the decision, and the date of filing of such objections, and shall be signed by such party or someone in his behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this chapter. [1967 c 184 § 10.]

**85.15.100 Review by superior court—Transcript—Contents—Filing.** Within ten days from the filing of such petition for review, the county treasurer, unless the court shall grant additional time, shall file with the clerk of the superior court its certified transcript containing such portion of the roll as is subject to review, any written objections thereto filed with the board by the person reviewing before the roll was adopted, and a copy of the resolution adopting the roll. [1967 c 184 § 11.]

**85.15.110 Review by superior court—Filing fees—Bond—Priority of cause.** The county clerk shall charge the same filing fees for petitions for review as in civil actions. At the time of the filing of such a petition with the clerk, the appellant shall execute and file a bond in the penal sum of two hundred dollars, with at least two sureties, to be approved by the judge of the court, conditioned upon his prosecuting his appeal without delay and to guarantee all costs which may be assessed against him by reason of such review. The court shall, on motion of either party to the cause, with notice to the other party, set the cause for trial at the earliest time available to the court, fixing a date for

hearing and trial without a jury. The cause shall have preference over all civil actions pending in the court except eminent domain and forcible entry and detainer proceedings. [1967 c 184 § 12.]

**85.15.120 Review by superior court—Scope—Judgment.** At the trial the court shall determine whether the board of county commissioners has acted within its discretion and has correctly construed and applied the law. If it finds that it has, the finding of the board shall be affirmed; otherwise it shall be reversed or modified. The judgment of the court may change, confirm, correct, or modify the values of the property in question as shown upon the roll, and a certified copy thereof shall be filed with the county treasurer, who shall change, modify, or correct the roll as and if required by the judgment. [1967 c 184 § 13.]

**85.15.130 Appellate review.** Appellate review may be sought as in other civil cases: PROVIDED, That review must be sought within fifteen days after the date of entry of the judgment of the superior court. The supreme court or the court of appeals may change, conform, correct, or modify the values of the property in question as shown upon the roll. A certified copy of any judgment of the supreme court or the court of appeals shall be filed with the county treasurer having custody of such roll, who shall thereupon change, modify, or correct such roll in accordance with such judgment as and if required. [1988 c 202 § 78; 1971 c 81 § 163; 1967 c 184 § 14.]

**Severability—1988 c 202:** See note following RCW 2.24.050.

**85.15.140 Levy is for continuous benefits to protected property.** The dollar rate levies collected from time to time under this chapter are solely assessments for benefits received continuously by the protected properties, calculated in the manner specified in this chapter as a just and equitable way for all protected property to share the expense of such required protection and services. [1973 1st ex.s. c 195 § 114; 1967 c 184 § 15.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.15.150 Annual estimate of costs—Levy added to general taxes—Delinquencies—Disposition of revenue.** The board of any improvement district proceeding under this chapter shall, on or before the first day of September of each year, make an estimate of the costs reasonably anticipated to be required for the effective functioning of the district during the ensuing year and until further revenue therefor can be made available, and shall cause its chairman or secretary to file the same with the board of county commissioners of the county containing the district and other benefited area. The board of county commissioners shall, on or before the first Monday in October next ensuing, certify the amount of the district's estimate, or such amount as it shall deem advisable, to the county treasurer. The amount so certified shall be applied by the regular taxing agencies against the benefit valuation of lands, buildings and improvements as shown by the then current complete roll of such properties certified to and filed with such county treasurer by the board of county commissioners. When thus levied, the amount of assessment

produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings, according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit the same to the funds of the district. [1967 c 184 § 16.]

**85.15.160 Emergency expenditures—Warrants.** In the case of an emergency or disaster occurring after the time of making the annual estimate of costs, declared to be such by resolution of the board, the board of the district may incur additional obligations and issue valid warrants therefor in excess of such estimate, in the manner provided by law for issuance of warrants by districts and the servicing thereof. All such warrants so issued shall be valid and legal obligations of the district and its taxable lands and improvements as shown upon the then current roll of the district filed with the county treasurer. [1967 c 184 § 17.]

**85.15.170 Concurrent use of other methods of raising revenue.** Any diking, drainage, or sewerage improvement district operating under this chapter shall not use concurrently the processes provided for raising revenue for maintenance purposes under any other law: PROVIDED, That any other method of raising such revenue provided by law may be used concurrently for the sole purpose of extinguishing indebtedness incurred before the district adopts the procedures of this chapter, and no funds raised hereunder shall be used to pay such prior indebtedness. [1967 c 184 § 18.]

[1949 c 26 § 1; Rem. Supp. 1949 § 4459-20.]

**85.16.020 Maintenance estimate and levy.** On or before the first Monday in September in each year the supervisors of each diking, drainage or sewerage improvement district shall make and file with the board of the county containing such district, a statement and estimate in writing of the amount required for the maintenance of the system of improvements of said district for the ensuing fiscal year. The board shall, on or before the first Monday in October next ensuing, levy assessments for the amount of said estimate, or such amount as it shall deem advisable, upon the property within the district and against the state, the county containing such district, and the cities, towns and other municipal corporations within such district in respect of all highways, roads and streets and other lands, improvements, and facilities chargeable therewith owned by them respectively within such district. Said assessments shall be levied in the same proportion as the assessments to pay the original cost of construction of said system of improvements: PROVIDED HOWEVER, That when a determination or redetermination of benefits accruing to the properties within the district from the maintenance of the district's system of improvements or from the maintenance of the district's diking system and drainage system separately shall have been made, as hereinafter in this chapter provided, then the assessments for maintenance shall be levied in proportion to the benefits accruing to each piece or parcel of property and improvements benefited according to the latest determination of such benefits. Each such levy as made shall be certified by the auditor to the treasurer, who shall extend the same

upon the district assessment roll. [1949 c 26 § 2; Rem. Supp. 1949 § 4459-21.]

**85.16.030 Excess expenditures.** In maintaining a system of improvements of any such district the supervisors thereof may at any time, with the approval of the county legislative authority and upon determination by such county legislative authority that an emergency exists, make expenditures in excess of the last annual maintenance assessments theretofore made, which excess amount or amounts shall in such event be included in the maintenance assessments for the succeeding year except as otherwise herein provided. [1986 c 278 § 33; 1983 c 167 § 197; 1949 c 26 § 3; Rem. Supp. 1949 § 4459-22. Formerly RCW 85.16.030, 85.16.040, part and 85.16.050.]

**Severability—1986 c 278:** See note following RCW 36.01.010.

**Liberal construction—Severability—1983 c 167:** See RCW 39.46.010 and note following.

**85.16.060 Determination of special benefits—Hearing.** At any time and from time to time, after completion of the original construction of any such district's system of improvements or after the completion of any alteration, reduction, enlargement, addition to, or other improvement of the system not constituting maintenance, as herein defined, the board may upon their own initiative, or upon petition filed by at least ten percent of the total number of owners of property within the district subject to assessments for maintenance, as shown by the latest assessment roll of the district shall, fix a date for and hold a hearing at the county seat for the purpose of determining or redetermining the special benefits accruing from the maintenance of the district's system of improvements to all property benefited thereby. [1961 c 16 § 2. Prior: 1951 c 63 § 1; 1949 c 26 § 4, part; Rem. Supp. 1949 § 4459-23, part.]

**85.16.070 Notice of hearing.** Notice of the hearing shall be given by publication in the official county newspaper and in such other newspaper published in or near the district as the county legislative authority may in its discretion direct, once a week for two consecutive weeks, the last publication of which shall be not less than seven nor more than fourteen days before the date of the hearing. Also, the county legislative authority shall serve by mail, at least ten days before the hearing, upon the commissioner of public lands of the state two copies of the published notice of the hearing together with a statement showing the amount of benefits determined by the appraisers in respect of each parcel of state, school, granted, or other lands owned by the state in the district, and shall similarly serve notice of the hearing upon the secretary of transportation, with a statement showing the amount of benefits determined by the appraisers in respect of any state primary or secondary highways within the district. [1984 c 7 § 378; 1949 c 26 § 6; Rem. Supp. 1949 § 4459-25.]

**Reviser's note:** The powers and duties of the commissioner of public lands have been transferred to the department of natural resources; see 1957 c 38 §§ 1, 13; RCW 43.30.010, 43.30.130.

**Severability—1984 c 7:** See note following RCW 47.01.141.

**85.16.080 Appraisal of special benefits.** At or within two weeks of the time of fixing the date for such hearing the board shall appoint three qualified appraisers, at least one of whom shall be a resident of the county in which said district is situated, who shall qualify as provided in RCW 85.08.360. Thereupon said appraisers shall proceed immediately to carefully examine the district's system of improvements and the public and private property within the district, and fairly, justly and equitably determine and apportion the special benefits which will accrue from the maintenance of the district's system of improvements to each piece or parcel of privately and publicly owned land, together with the buildings and other permanent improvements thereon, and to the state, county, cities, towns and other municipal corporations for their roads and streets and other property within the district. The fact that any such property shall be exempt from general taxes shall not exempt the same from the provisions hereof. [1961 c 16 § 3. Prior: 1949 c 26 § 4, part; Rem. Supp. 1949 § 4459-23, part.]

**85.16.090 Factors to be considered in making appraisal—Report and schedule.** The appraisers shall carefully consider and take into account all factors, situations and conditions which lawfully may be taken into consideration as bearing upon and determining such benefits and to that end may make such investigations, hold such hearings, and receive such evidence as they may deem proper and shall file their sworn report, with a complete schedule of all property within the district and the special benefits determined by them as accruing to each piece and parcel thereof, not less than twenty days prior to the date fixed for the hearing by the board. [1949 c 26 § 5; Rem. Supp. 1949 § 4459-24. Formerly RCW 85.16.090 and 85.16.100.]

**85.16.110 Separate appraisals and schedules for diking and drainage benefits.** In a district which functions both as a diking and a drainage improvement district, the appraisers, if so directed in the order of the board appointing them, shall determine separately, in accordance with RCW 85.16.060 and 85.16.080, the special benefits accruing to the various properties within the district from the maintenance of the diking system and from the maintenance of the drainage system, and in such case their report shall contain separate schedules of the respective benefits accruing from the maintenance of the diking and drainage systems of improvement considered separately and, so far as may be, independently of each other. [1961 c 16 § 4; 1949 c 26 § 7; Rem. Supp. 1949 § 4459-26.]

**85.16.115 Determining special benefit to portion of lot, tract, or parcel.** When any person applies to the county treasurer to pay the diking, drainage or sewerage improvement district assessments upon a portion of a lot, tract or parcel upon which special benefits have been confirmed, the county treasurer shall refer such matter to the county engineer for investigation. The county engineer shall apportion the total benefits found as to such lot, tract or parcel between the portions thereof in such manner as may be fair, just and equitable taking into account all factors, situations and conditions which may be lawfully taken into consideration in determining such special benefits. Unless

the several owners interested in said lot, tract or parcel assent to the apportionment so made, the county engineer shall give notice to the apportionment by mail to them, if known. Upon assent of the interested owners or after the expiration of five days from the date of notice without the filing of a written protest to the apportionment, the county engineer shall certify in writing the apportioned benefit valuations to the county treasurer. The county treasurer, upon receipt of such certification, shall accept payment and issue receipt on the certified apportionment. If a written protest to such apportionment is filed with the county treasurer, the matter shall be heard by the county commissioners at their next regular session for final apportionment and the county treasurer shall accept and receipt for such assessments as determined and ordered by the county commissioners. [1951 c 63 § 4.]

**85.16.120 Apportionment of levy for extraordinary expenditures—Appraisal and hearing.** Whenever the board shall provide that a levy to meet extraordinary maintenance expenditures shall be spread over a term of years and warrants or bonds issued as provided in RCW 85.16.030, said board shall fix a date for and hold a hearing and appoint appraisers as provided in RCW 85.16.060 and 85.16.080. Said appraisers, in addition to discharging the duties imposed upon the appraisers by RCW 85.16.060, 85.16.080 and 85.16.090, shall: (1) Apportion the estimated costs of such extraordinary maintenance work to the properties within the district in proportion to the benefits accruing to said properties from the maintenance of the district's system of improvements as determined by them; and (2) file a complete schedule of said apportionment of costs with the board. [1961 c 16 § 5; 1949 c 26 § 8; Rem. Supp. 1949 § 4459-27.]

**85.16.130 Conduct of hearing on appraisers' report—Correction, etc., of schedules.** At the hearing upon the report of the appraisers, which may be adjourned from time to time until finally completed, the board shall carefully examine and consider the special benefits and the apportionment of estimated costs determined by the appraisers and reported in the schedule or schedules, and any objections thereto which shall have been made in writing and filed with the board on or prior to ten o'clock a.m. of the date fixed for such hearing. Each objector shall be given reasonable time and opportunity to submit evidence and be heard on the merits of his objections. At the conclusion of such hearing, the board shall so correct, revise, raise, lower, change or modify such schedule or schedules, or any part thereof, or strike therefrom any property not specially benefited, as to said board shall appear equitable and just. The board shall cause the clerk of the board to enter on each such schedule or schedules all such additions, cancellations, changes and modifications made by it. [1949 c 26 § 9; Rem. Supp. 1949 § 4459-28. Formerly RCW 85.16.130 and 85.16.140.]

**85.16.150 Approval of schedules—Separate funds for diking, drainage systems.** When the board shall have

determined that the schedule or schedules of benefits and/or apportionment of costs as filed or as changed and modified by it are fair, just and equitable and, if estimated costs have been apportioned, that said benefits equal or exceed said costs apportioned, the members of the board approving the same shall sign said schedule or schedules and cause the clerk of the board to attest their signatures under his seal, and shall enter an order in the journal approving and confirming the final determination of such benefits and apportionment of costs and all proceedings leading thereto and in connection therewith. If separate schedules be established for maintenance of the diking system and of the drainage system, the board shall by order establish two separate maintenance funds, one for the maintenance of the diking system and one for the maintenance of the drainage system. [1949 c 26 § 10; Rem. Supp. 1949 § 4459-29.]

**85.16.160 Roll of benefits—Benefits to be basis of levies.** Upon the approval and final determination of benefits the auditor shall immediately prepare a completed roll thereof, which shall contain a copy of the order of the board approving and confirming said benefits as finally determined, and shall deliver said roll to the treasurer. Said benefits shall be the basis for the apportionment and collection of maintenance levies thereafter made by the board. [1949 c 26 § 11; Rem. Supp. 1949 § 4459-30.]

**85.16.170 Levy for extraordinary expenditures—Roll.** Upon the approval and final determination of the apportionment of estimated costs of extraordinary maintenance expenditures as provided in RCW 85.16.120 and 85.16.130, the board shall levy the amounts so apportioned against all the properties benefited and the amounts assessed against the state, county, cities and towns, and other municipal corporations benefited, and the auditor shall immediately prepare a completed roll thereof, which shall contain a copy of the order of the board approving and confirming said apportionment of estimated costs as finally determined and fixing and levying the assessments therefor, and shall deliver said roll to the treasurer for collection in accordance with the order of the board. [1949 c 26 § 12; Rem. Supp. 1949 § 4459-31.]

**85.16.180 Authorizing extraordinary work—Temporary construction warrants.** The county legislative authority shall thereupon enter an order authorizing the contemplated extraordinary maintenance work to be done and authorizing the issuance of temporary construction warrants to pay the cost of said work as it progresses, which warrants may bear interest at such rate or rates of interest as the county legislative authority shall determine. Warrants to pay the costs of such extraordinary maintenance may be issued and sold at one time or from time to time and in such series and amounts as may be found practicable and as determined by the board. [1986 c 278 § 34; 1983 c 167 § 198; 1970 ex.s. c 56 § 92; 1969 ex.s. c 232 § 54; 1949 c 26 § 13; Rem. Supp. 1949 § 4459-32. Formerly RCW 85.16.040 and 85.16.180.]

**Validation—Saving—Severability—1969 ex.s. c 232:** See notes following RCW 39.52.020.

**85.16.190 Judicial review—Regularity, validity of proceedings.** The decision of the board upon any objections to the determination of benefits and/or apportionment of costs and/or the levy of the assessments therefor, made within the time and in the manner prescribed in RCW 85.16.130, may be reviewed by the superior court of the county in which the district is situated and thereafter by the supreme court or the court of appeals within the time and in the manner and upon the conditions, so far as applicable, provided in RCW 85.08.440, with respect to appeals from and appellate review of the board's apportionment of the cost of construction of the district's system of improvements. The provisions of RCW 85.08.450, shall be controlling as to the regularity, validity, and conclusiveness of all the proceedings hereunder. [1988 c 202 § 79; 1971 c 81 § 164; 1949 c 26 § 14; Rem. Supp. 1949 § 4459-33.]

**Severability—1988 c 202:** See note following RCW 2.24.050.

**85.16.200 Redetermination of special benefits—Hearing.** Whenever, after the determination of special benefits accruing from the maintenance of the district's system of improvements, it appears to the board from a petition filed by the affected property owner or owners or otherwise, that by reason of permanent improvements or additions made, removed, abandoned or destroyed by fire or other casualty, or of other changes in the character or condition of the property, the benefits theretofore determined in respect to any one or more pieces or parcels of property are no longer fair, just and equitable, then the board shall appoint three appraisers who shall qualify as in RCW 85.08.360 hereof. Said appraisers shall proceed immediately to carefully examine the pieces or parcels of property as to which since the last determination of special benefits thereto there have been permanent improvements or additions made, removed, abandoned or destroyed by fire or other casualty or other changes in the character or condition of the property. Said appraisers shall file their sworn report with the board setting forth the special benefits determined by them as accruing to each piece and parcel of property examined by them not less than ten days prior to the date of hearing. The board shall hold a hearing thereon at the county seat at the time of equalization of the real property assessment and shall give notice thereof as provided in RCW 85.16.070. [1951 c 63 § 2; 1949 c 26 § 15; Rem. Supp. 1949 § 4459-34.]

**85.16.210 Conduct of hearing on special benefits—Modification of schedules—Judicial review.** At such hearing, which may be adjourned from time to time as may be necessary to give all persons interested or affected a reasonable opportunity to be heard, and after consideration of all evidence offered and all factors, situations and conditions bearing upon or determinative of the benefits accruing and to accrue to such pieces or parcels of property, the board shall correct, revise, raise, lower, or otherwise change or confirm the benefits as theretofore determined, in respect of such pieces or parcels of property, as to it shall seem fair,

just and equitable under the circumstances, and thereafter such proceedings shall be had with respect to the confirmation or determination of the benefits and making and filing of a roll thereof, as are in RCW 85.16.130, 85.16.150 and 85.16.160 provided. Any property owner affected by any change thus made in the determination of benefits accruing to his property who shall have appeared at the hearing by the board and made written objections thereto as provided in RCW 85.16.130, may appeal from the action of the board to the superior court and seek appellate review by the supreme court or the court of appeals, within the time, in the manner and upon the conditions, so far as applicable, provided in RCW 85.08.440, with respect to appeals from the order of the board confirming the apportionment of the original cost of construction. [1988 c 202 § 80; 1971 c 81 § 165; 1949 c 26 § 16; Rem. Supp. 1949 § 4459-35.]

**Severability—1988 c 202:** See note following RCW 2.24.050.

[1981 c 156 § 25; 1949 c 26 § 17; Rem. Supp. 1949 § 4459-36.]

**\*Reviser's note:** RCW 85.08.280 was repealed by 1986 c 278 § 46.

**85.16.230 Erroneous assessment—Correction.**

Whenever any payer of a diking, drainage, or sewerage improvement district maintenance assessment believes that, through obvious error in name, number, description, amount of benefit valuation, double assessment, or extension, or other obvious error, property on which he has paid an assessment has been erroneously assessed, he may pay such assessment under protest. If, within thirty days after such payment under protest, he files with the board a written verified petition setting out his name, address and legal description of the property, the nature of the obvious error alleged to have been made, and the date and amount of any assessment paid thereon, the board shall cause such claim to be investigated. If upon investigation any assessment is found to be erroneous through obvious error, the board shall order such assessment to be corrected if no bond or long term warrant issue is affected. Where correction is ordered of an erroneous assessment already collected, the auditor, upon receipt of a certified copy of the board's order of correction, shall refund to the person paying the assessment the difference between the correct assessment and the erroneous assessment, plus legal interest on such difference from date of payment, by a warrant drawn on the maintenance fund of the district. [1951 c 63 § 3.]

**85.16.900 Severability—1949 c 26.** The adjudication of invalidity of any section, clause or part of a section of this act shall not impair or otherwise affect the validity of this act as a whole, or any other part hereof. [1949 c 26 § 19.]

**85.18.005 Declaration of purpose.** The state declares that it has an interest in protecting and preserving productive land and buildings needed to make business function continuously. Where organized diking districts, through their improvements, have reclaimed land or protected it from overflow and have enabled erection of improvements thereon or have furnished such land and buildings protection against flood water, it is necessary to provide a just and equitable method to enable such diking districts continuously to function effectively. It is declared that there is a direct relationship, where such conditions exist, between the continuous functioning of such districts and the fair value of the lands and buildings thereon, or to be erected thereon, thus afforded protection. [1951 c 45 § 1.]

**85.18.010 Levy for continuous benefits authorized—Base benefits.** When any diking district has been organized and the improvements made afford protection to land and buildings within such district against damage or destruction from overflow waters in that the level of the land and of the foundational structures of buildings thereon is below the water level at flood or high tide stages of the waters, fresh or salt, against which such district improvements furnished protection, the board of diking commissioners of such district may, under the procedure established in this chapter, determine such fact and by resolution so declare; and may provide that the cost of continued functioning of the district shall be paid through levies of dollar rates made and collected according to this chapter against the land and buildings thus protected, based upon the determined base benefits received by such land and buildings. [1973 1st ex.s. c 195 § 115; 1951 c 45 § 2.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.18.020 Roll of protected property.** To operate under this chapter, the board shall cause to be prepared and

filed with it a roll containing descriptions of the land and buildings thereon within the district to which its improvements furnish the nature of protection set forth in RCW 85.18.010. The roll shall show descriptions of the land and the name of its owner, or reputed owner, and such owner's address, as shown upon the tax roll of the treasurer of the county wherein the property is located, and the determined value of such land and any buildings thereon as last assessed and equalized by the taxing agencies of such county. [1951 c 45 § 3.]

**85.18.030 Hearing on roll—Determining continuous base benefit.** After the roll is prepared the board shall give notice of a time and place at which the board will hold a public hearing to determine whether the facts and conditions heretofore recited in this chapter as a prerequisite to its application do or do not exist, and if so found to exist by said board at said hearing, then the board shall by resolution so declare. The notice shall also state that at said hearing, or any continuance thereof, the board will sit to consider said roll and to determine the continuous base benefits which each of the properties thereon are receiving and will receive from the continued operation and functioning of such district, which shall in no instance exceed one hundred percent of the true and fair value of such property in money, will consider all objections made thereto or to any part thereof, and will correct, revise, lower, change, or modify such roll as shall appear just and equitable; that when correct benefits are fixed upon said roll by said board, it will adopt said roll by resolution as establishing, until modified as hereinafter provided, the continuous base benefit to said protected lands and buildings against which will be levied and collected dollar rates to provide funds for the continuous functioning of said district. [1973 1st ex.s. c 195 § 116; 1951 c 45 § 4.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.18.040 Notice of hearing.** The notice of the time and place of hearing shall be given to any owner, or reputed owner, of the property which is listed on the roll as aforesaid, by mailing a copy thereof at least thirty days before the date fixed for the hearing to the owner or owners at his or their address as shown on the tax rolls of the county treasurer for the property described. In addition thereto, the notice shall be published at least once a week for three consecutive weeks in a newspaper of general circulation in the district. At least fifteen days must elapse between the last date of publication thereof and the date fixed for the hearing. [1985 c 469 § 76; 1951 c 45 § 5.]

**85.18.050 Procedure on hearing—Objections.** At said hearing, or adjournments thereof, the board shall review said roll and determine the continuous base benefits to land and buildings furnished continuous protection by the improvement system of the district; hear objections to the adoption of said roll; correct, revise, change, modify or set aside such roll, or any part thereof, as to the board shall appear equitable and just; and then adopt the same by resolution. All objections to this or any subsequent roll must be in writing and filed with the board during the hearing before the roll is adopted and must state clearly the grounds of

objection. Objections not made within the time and in the manner herein prescribed shall be conclusively presumed to have been waived. [1951 c 45 § 6.]

**85.18.060 Additional roll as to particular property—Procedure.** The board shall, from time to time, examine the properties within said district, and if it finds that any protected land or buildings thereon have been omitted from the existing roll, or new buildings have been added to lands, or the condition of land or buildings has changed, and in the initial judgment of the board such land or the buildings thereon was such that it was furnished the protective benefits of the improvements of the district, the board shall cause at each such time an additional roll of such property to be filed with it, and hold a hearing to determine and make such corrections, additions, alterations and modifications of the benefits to such property only, and to hear any objections filed as to such property only. The board shall give notice of such hearing to the owner, or reputed owner, of the property involved, at the address of such owner as then shown on the tax rolls of the treasurer of the county wherein the property is located, in the same way and manner as herein provided for consideration of the original roll, but such notice need not be published.

At the hearing, or any adjournment thereof, the board shall have power to correct, revise, change, modify, or set aside such roll, or any part thereof, as shall be deemed just and equitable, and then adopt the same by resolution. [1951 c 45 § 7.]

**85.18.070 Roll to be certified and filed.** When any roll or additional or supplemental roll be adopted by the board of commissioners, the same shall be certified to, and filed with, the auditor of the county wherein the property contained on said roll is situated, and shall supplement said original roll. [1951 c 45 § 8.]

**85.18.080 Roll to provide basis for levy.** Until further modified, amended, or changed by an additional or supplemental roll certified to the county auditor after the foregoing procedure is had, the original roll, as modified or supplemented, if the same is done, shall serve as the base of benefits to the land and buildings protected by the improvement system of said district against which dollar rate is levied and collected from time to time for the continued functioning of said diking district. [1973 1st ex.s. c 195 § 117; 1951 c 45 § 9.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.18.090 Roll and proceedings conclusive—Exceptions—Right to injunction.** Whenever any roll shall have been adopted by the board of commissioners, the regularity, validity and correctness of the proceedings relating thereto shall be conclusive upon all parties, and it cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll as provided in RCW 85.18.050 and appealing from the action of the board in confirming such roll in the manner and within the time in this chapter provided. No proceeding of any kind, except proceedings

had through the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained, for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: PROVIDED, HOWEVER, That suit in injunction may be brought to prevent collection of charges of assessments or sale of property thereunder upon the following grounds and no other:

- (1) That the property charged or about to be sold does not appear upon the district roll filed with the county auditor, or
- (2) The charge has been paid. [1951 c 45 § 10.]

**85.18.100 Review by superior court—How taken.**

The decision of the board of commissioners upon any objection made within the time and in the manner prescribed may be reviewed by the superior court of the county wherein the property in question is located, upon appeal thereto taken in the following manner: Any person aggrieved must file his petition for writ of review with the clerk of the superior court wherein the property is located within ten days after the roll affecting such aggrieved party was adopted by resolution, and serve a copy thereof upon the commissioners. The petition shall describe the property in question, set forth the written objections which were made to the decision, the date of filing of such objections, and be signed by such party or one in his behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this chapter. [1951 c 45 § 11.]

**85.24.065 Special assessments—Budgets—Alternative methods.** RCW 85.38.140 through 85.38.170 constitute a mutually exclusive alternative method by which intercounty diking and drainage districts in existence as of July 28, 1985, may measure and impose special assessments and adopt budgets. RCW 85.38.150 through 85.38.170 constitute the exclusive method by which intercounty diking and drainage districts created after July 28, 1985, may measure and impose special assessments and adopt budgets. [1985 c 396 § 27.]

**Severability—1985 c 396:** See RCW 85.38.900.

**85.24.070 Board of commissioners—Oath, bond—Plan of improvement—Levy of assessment, procedure.** A three-member board of commissioners shall be the governing body of an intercounty diking and drainage district. The initial commissioners shall be appointed, and the elected commissioners elected, as provided in chapter 85.38 RCW.

The members of such board, before entering upon their duties, shall take and subscribe on oath substantially as follows:

State of Washington, }  
County of . . . . . } ss.

I, the undersigned, a member of the board of commissioners of the diking and drainage district No. . . . ., in . . . . . and . . . . . counties, do solemnly swear (or affirm) that I will faithfully discharge my duties as a member of the commission.

Upon the taking of such oath and the entering into a bond, as provided in RCW 85.38.080, the county legislative authority shall enter an order upon its records that the three persons named have qualified as the board of commissioners for diking and drainage district No. . . . ., in . . . . . and . . . . . counties, and that those persons and their successors do and shall constitute a board of commissioners for the diking and drainage district. The order when made shall be conclusive of the regularity of the election and qualification of the board of diking and drainage commissioners for the particular district, and the persons named therein shall constitute the board of diking and drainage commissioners.

The board of diking and drainage commissioners shall thereupon immediately organize and elect one of their number as chairman and may either appoint a voter of the district or another diking and drainage commissioner to act as secretary. The board shall then proceed to make and cause to be made specifications and details of a system which may be adopted by the board for the improvements to be made, together with an estimate of the total cost thereof; and shall, upon the adoption of the plan of improvement of the district, proceed to acquire the necessary property and property rights for the construction, establishment and maintenance of the system either by purchase or by power of eminent domain as hereinafter provided. Upon such acquisition being had, the board shall then proceed with the construction of the diking and drainage system and in doing so shall have the power to do the work directly or in its discretion to have all or any part of the work done by contract. In case the board shall decide upon doing the same by contract, it shall advertise for bids for the construction work, or such part thereof as they may determine to have done by contract, and shall have the authority to let a contract to the lowest responsible bidder after advertising for bids.

Any contractor doing work hereunder shall be required to furnish a bond as provided by the laws of the state of Washington relating to contractors of public work.

The board shall have the right, power and authority to issue vouchers or warrants in payment or evidence of payment of any and all expenses incurred under this chapter, and shall have the power to issue the same to any contractor as the work progresses, the same to be based upon the partial estimates furnished from time to time by engineers of the district. All warrants issued hereunder shall draw interest at a rate determined by the board.

Upon the completion of the construction of the system, and ascertainment of the total cost thereof including all compensation and damages and costs and expenses incident to the acquiring of the necessary property and property right, the board shall then proceed to levy an assessment upon the taxable real property within the district which the board may find to be specially benefited by the proposed improvements; and shall make and levy such assessment upon each piece,

lot, parcel and separate tract of real estate in proportion to the particular and special benefits thereto. Upon determining the amount of the assessment against each particular tract of real estate as aforesaid, the commissioners shall make or cause to be made an assessment roll, in which shall appear the names of the owners of the property assessed, so far as known, and a general description of each lot, block, parcel or tract of land within the district, and the amount assessed against the same, as separate, special or particular benefits. The board shall thereupon make an order setting and fixing a day for hearing any objections to the assessment roll by any one affected thereby, which day shall be at least twenty days after the mailing of notices thereof, postage prepaid, as herein provided. The board shall send or cause to be sent by mail to each owner of the premises assessed, whose name and place of residence is known, a notice, substantially in the following form:

To . . . . .: Your property (here describe the property) is assessed \$ . . . . . A hearing on the assessment roll will be had before the undersigned at the office of the board at . . . . . on the . . . . day of . . . . . at which time you are notified to be and appear and to make any and all objections which you may have as to the amount of the assessment against your property, or as to whether it should be assessed at all; and to make any and all objections which you may have to the assessment against your lands, or any part or portion thereof.

The failure to send or cause to be sent such notice shall not be fatal to the proceedings herein described. The treasurer must commence the sale of property upon which taxes are delinquent within sixty days after the same become delinquent, and continue such sale from day to day thereafter until all the lots and parcels of land upon which taxes have not been paid are sold. Such sales shall take place at the front door of the court house. The proper treasurer shall give notice of such sales by publishing a notice thereof once a week for two successive weeks in two or more newspapers published within the district, or if no such newspaper is published, within the district, then within any two or more newspapers having a general circulation in such district; such notice shall contain a list of all lots and parcels of land upon which such assessments are delinquent, with the amount of interest, penalty and cost at the date of sale, including costs of advertising had upon each of such lots, pieces or parcels of land, together with the names of the owners thereof, if known to the treasurer, or the word "unknown" if unknown to the treasurer, and shall specify the time and place of sale, and that the several lots or parcels of land therein described, or so much as may be necessary, will be sold to satisfy the assessment, interest, penalty and cost due upon each. The board of commissioners of the district may sell and transfer any such certificate to any person who is willing to pay to the district the amount for which the lot or parcel of land therein described was stricken off to the district, with the interest subsequently accrued thereon. Within ten days after the completion of sale of all lots, pieces and parcels of land

authorized to be sold as aforesaid, the treasurer must make a return to the board of commissioners with a statement of the doings thereon, showing all lots and parcels of land sold by him, to whom sold and the sum paid therefor. The purchaser at improvement sales acquires a lien on the lot, piece or parcel of land sold for the amount paid by him at such sales for all delinquent taxes and assessments, and all costs and charges thereon, whether levied previously or subsequently to such sale, subsequently paid by him on the lot or parcel of land, and shall be entitled to interest thereon at the rate of ten percent per annum from the date of such payment. [1909 c 225 § 30; RRS § 4390.]

Such petition shall also show the object for which the lands are sought to be appropriated, the necessity for the appropriation, and the length, width and depth of the ditch on the lands of each separate owner, with a description of said ditch, as nearly as practicable; and shall also set out the estimated damage to the lands of each owner to be crossed by such ditch. the lands are situated (unless said \*county surveyor shall be a party in interest, in which case some other competent surveyor shall be appointed in his place who shall receive the same compensation as is allowed by law to \*county surveyors) who shall, upon a day to be fixed by the court, in the order appointing them, view the lands of the petitioner and the lands which said proposed ditch or drain is to cross, for the purpose of determining: First, whether there is a necessity for the establishment of a ditch; and, second, the most practicable route for said ditch to run, if the same be necessary. The clerk of said court shall furnish to said viewers a certified copy of the order appointing them, which shall warrant them entering upon the lands described in the petition for the purpose of viewing the same. [1899 c 125 § 4; RRS § 4397. Prior: 1883 p 78 § 4; Code 1881 § 2504; 1877 p 314 § 2; 1875 p 93 § 3; 1863 p 485 § 1; 1858 p 31 § 1.]

\*Reviser's note: This section refers to the "county surveyor." 1907 c 160 § 1 designated the county surveyor as county engineer; 1925 ex.s. c 167 § 1 abolished the elective office of engineer, except in Class A and first class counties, and the powers and duties were transferred to the county commissioners with power to employ an engineer; 1937 c 187 § 4 provided duties to vest in county commissioners who were directed to employ a county road engineer. See RCW 36.75.050 and chapter 36.80 RCW.

**85.28.050 Report of viewers and plat to be filed.**

When said viewers shall have made said examination they shall, within ten days after the day appointed by the court for such examination, report to the court, in writing, (filing the same with the clerk of said court) their decision as to the necessity for said ditch and if they deem such ditch necessary, then the \*county surveyor shall file with such report an accurate description and plat of the proposed ditch, showing the course thereof as recommended by the viewers. The viewers shall also estimate the amount of damage which each separate owner would suffer by reason of the construction thereof. [1899 c 125 § 5; RRS § 4398. Prior: 1883 p 79 § 8; Code 1881 § 2507; 1877 p 314 § 2; 1875 p 94 § 6.]

\*Reviser's note: "County surveyor," see note following RCW 85.28.040.

**85.28.060 Summons to landowners—Contents and form.**

Upon the filing of the report of the viewers aforesaid, a summons shall be issued in the same manner as summons are issued in civil actions, and served upon each person owning or interested in any lands over which the proposed ditch or drain will pass. Said summons must inform the person to whom it is directed of the appointment and report of the viewers; a description of the land over which said ditch will pass of which such person is the owner, or in which he has an interest; the width and depth of said proposed ditch, and the distance which it traverses said land, also an accurate description of the course thereof. It must also show the amount of damages to said land as estimated by said viewers; and that unless the person so summoned appears and files objections to the report of the viewers, within twenty days after the service of said summons upon him, exclusive of the day of service, the same will be approved by the court, which summons may be in the following form:

\*Reviser's note: "County surveyor," see note following RCW 85.28.040.

**85.28.080 Service by publication.** In case any person interested in any of the lands to be crossed by such ditch, as aforesaid, does not reside in the county, or cannot be found therein, or conceals himself so that personal service cannot be had upon him, upon proof thereof being made satisfactorily to appear to said court, said summons may be served by publication, in the same manner and with like effect as is done in civil actions: PROVIDED, That no other or different form of summons shall be required for publication than is required for personal service. [1899 c 125 § 7; RRS § 4400.]

**85.28.090 Trial—Findings or verdict—Decree—Time for payment of award.**

Upon the expiration of the time within which exceptions may be filed to the report of the viewers aforesaid, the court shall set a day upon which the petition and the report of the viewers shall be heard and considered by the court. In case exceptions have been filed by any party or parties, which exceptions must have been served upon the petitioner or petitioners prior to the hearing, the court shall hear evidence in regard thereto, and without a jury, pass upon the questions of the necessity for said ditch and the location thereof. If the court finds that such ditch is necessary, and the route selected is the best and most practicable, and that the compensation allowed by the viewers is just and reasonable, then the court shall file his findings to this effect and cause an order to be entered approving the petition and report of the viewers. If, within

twenty days from the filing of the findings of facts aforesaid, the petitioner or petitioners shall pay into court all the costs and sums awarded to the owner or owners of the land over which said ditch shall pass, a decree shall be entered establishing the same: PROVIDED, If any party shall except to the amount of damages found by the viewers, then the amount of such damages shall be tried by jury, unless a jury trial be waived by the parties, in which case trial thereof may be had by the court. Such trial shall be at a regular term of said court, at which a jury shall be present, and shall be conducted and verdict rendered in the same manner as in civil actions: PROVIDED FURTHER, That it shall not be incumbent on the petitioner to pay into court the amount of the award or awards of said jury, until within twenty days after said verdict shall have been rendered and entered. [1899 c 125 § 8; RRS § 4401.]

**85.28.100 Appeal.** No appeal shall be taken from the finding of the court as to the necessity of such ditch or as to the route thereof until after final judgment or decree is entered: PROVIDED, That exceptions shall be taken and allowed to such orders at the time that they are made, and appeal from such orders and from the award of damages shall be taken at the same time. All the provisions of the law in regard to appeals in civil actions shall apply to the proceedings provided for in this chapter. [1899 c 125 § 9; RRS § 4402.]

**85.28.110 Compensation of viewers—Costs.** The viewers appointed under the provisions of this chapter shall receive the sum of two dollars per day for their services, and the \*county surveyor shall receive such compensation as is allowed by law for like services, the same to be taxed as costs and paid by the petitioner. All other costs shall be the same as in civil actions in the superior court. [1899 c 125 § 10; RRS § 4403.]

**\*Reviser's note:** "County surveyor," see note following RCW 85.28.040.

**85.28.120 New viewers may be appointed if report not adopted.** In case the court should not for any reason adopt the report of the viewers, or the same should be deemed insufficient for any reason, the court may appoint other viewers whose duties shall be the same as the duties of the viewers first appointed. [1899 c 125 § 11; RRS § 4404.]

**85.28.130 Drainage of tide or marsh lands—Division of cost between contiguous tracts.** Persons owning or desiring to improve contiguous tracts of tide marsh or swampy lands exposed to the overflow of the tide and capable of being made dry, may separate their respective tracts by a dike or ditch, which shall make and designate their common boundary. In all such cases said dike or ditch shall be constructed at the equal cost and expense of the respective parties, and either party failing to pay his contributive share of such expense shall be liable to the party constructing the dike or ditch for such contributive share, or so much thereof as may remain due and unpaid, to be recovered in a civil action in a court of competent jurisdiction and the party constructing such dike shall also be entitled to a lien upon the tract of the party failing to pay his

contributive share for the construction of said dike, or so much thereof as shall be due, which lien shall be secured and enforced as liens of materialmen and mechanics are now by law enforced. [Code 1881 § 2517; No RRS. Prior: 1877 p 258 § 1.]

**85.28.140 Dike or ditch as common boundary—Division of costs.** Any person or persons who may hereafter take a tract of tide land or marsh and shall desire to adopt as his boundary line any dike or ditch heretofore constructed upon and entirely within the boundary line of a neighboring contiguous tract he may join on to said tract and adopt said dike as his boundary by paying to the owner of the tract upon which said dike is constructed one-half of the cost and expense of the construction thereof, and any person so adopting the dike or ditch of another without contributing his half share of the cost or expense thereof shall be liable for his said half share, which may be recovered in a civil action in any court of competent jurisdiction, or the owner of the dike or ditch so used may secure a lien upon the tract of land bounded by said dike for the amount due for the use of said dike in accordance with the provisions of the law securing a lien to materialmen and mechanics: PROVIDED ALWAYS, That when such dike has become the common boundary [of two adjacent tracts, it shall be and remain the common boundary] and the persons owning the said tracts shall be mutually liable for the expense of keeping it in repair, share and share alike. [Code 1881 § 2518; No RRS. Prior: 1877 p 258 § 2.]

**Reviser's note:** Bracketed matter did not appear in the enrolled bill of 1881 but was bracketed in by the Code of 1881 to conform with the preceding session law of 1877 from which it was derived.

**85.28.150 Dike, dam, or causeway at Bachelor Slough.** It shall be lawful for any adjacent or abutting owner or owners, to construct a dike, dam, or causeway over or in the waters of the state of Washington described as: That certain body of water lying between Bachelor Island and the mainland, appearing on the state survey map made by Edw. C. Dohm, state field engineer, as Columbia Slough and designated on the map as compiled by the U.S. Coast and Geodetic Survey of September, 1937, Number "U.S.C.&G.S. 6154" as Bachelor Island Slough from its point of confluence with Lake River South to the Columbia River, in sections 13, 23, 24, 26 and 35, township 4 north, range 1 west of the Willamette Meridian, in Clark county, Washington: PROVIDED, That the location and plans thereto are submitted to and approved by the chief of engineers of the United States and the secretary of war of the United States, before construction is commenced subject to the terms of section 9 of the River & Harbor Act, approved March 3, 1899 (30 Stat. 1151; 33 U.S.C. 401) and: PROVIDED FURTHER, That all such dikes, dams, causeways, or other structures, shall be constructed at the expense of the owners. **85.32.010 Declaration of necessity and purpose.**

The maintenance of drainage districts is essential to the economy of the state. The influx of population and changes in land use since many such districts were formed, has made obsolete and unjust the method used under existing law to provide funds for the operation of such districts and for the maintenance and expansion of its drainage systems. Also, in many instances, properties lying outside of the territorial limits of such districts, have been and are being developed in such a manner that waters therefrom, through artificial rather than natural processes, are accumulated and discharged for outlet upon lands within such districts, and the facilities of such district are used without charge to furnish service and benefit to such lands. To furnish remedy for such situations where they are found to exist the state declares that it has an interest therein and this chapter is passed. [1961 c 131 § 2.]

**85.32.020 Definitions.** As used in this chapter:

"District" means a regularly formed and established drainage district under the provisions of this title.

"Board" means the board of commissioners of a regularly formed and established drainage district under the provisions of this title. [1961 c 131 § 3.]

**85.32.030 Powers of board in general.** The board may: (1) Make initial determination that the district's

facilities furnish benefit to improvements upon land as well as land alone within the district in protecting against and furnishing run-off for surface and/or flood waters; (2) make initial determination that lands and improvements thereon outside of the territorial limits of the district are receiving a service from the facilities of the district, and are benefited thereby in that waters from such lands through ditches, drains, or other artificial methods, other than by natural flow or seepage, are so cast as to have outlet through the district's facilities; (3) determine that properties so found to be served should pay a just proportion of the operational and maintenance costs of the district; (4) in connection with so finding, cause a roll of property thus served and benefited by the district's facilities to be prepared and filed with it, and give notice of a hearing thereon as provided in this chapter; (5) hold public hearings to determine the ultimate facts and approve an ultimate roll of properties served and benefited by the facilities of the district and valuations thereof to serve as a basis against which annual dollar rate levy may be assessed for continuous benefits furnished such properties; make revision thereof as the facts warrant from time to time; provide for the levying of such dollar rate levy; and make return of such roll finally adopted by certifying and filing a copy thereof with the auditor, assessor and treasurer of the county wherein the properties involved are located. [1973 1st ex.s. c 195 § 120; 1961 c 131 § 4.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.32.040 Initial determination—Roll—Resolution, contents.** In the initial instance, when the board of any district, desires to use the method and procedure provided in this chapter, and in order that uniformity may be had, it may cause a roll of all properties within the district claimed to be benefited by its drainage system, and in addition or as a part thereof, a roll of all properties outside of the territorial limits of said district claimed to be served and benefited by the drainage systems of said district, to be prepared and filed with it. Thereupon, the board shall by resolution declare:

(1) That it has made initial determination that the district's facilities are furnishing and will furnish service and benefit to the properties, including improvements thereon, described in such roll;

(2) That such roll has been filed with it and will remain so filed and open to inspection by any party interested therein at all reasonable times;

(3) That a public hearing will be held by the board at a time and place stated to give consideration to the facts and make ultimate determination of the same and to said roll;

(4) That when said roll is finally adopted, annual dollar rate levies will be made by the district against said properties based upon the valuation thereof as shown on said roll when ultimately adopted to raise money based on benefit and service for the continuous operation and maintenance of said district;

(5) That at the time of hearing, it will hear all objections filed and will review, adopt, modify, or revise said roll consistent with existing facts to the end that property receiving service and benefit from the facilities of the district shall pay justly and equitably therefor in proportion to benefit received and;

(6) That upon said hearing or adjournments thereof, the board will determine the ultimate facts concerning service and benefit received by all properties ultimately contained in said roll and as to such properties it will adopt the roll in final form and proceed as in this chapter provided. [1973 1st ex.s. c 195 § 121; 1961 c 131 § 5.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.32.050 Contents of roll—Assessed, equalized value prima facie correct—Separate levies for prior indebtedness—Adjustment of roll.** The roll of properties referred to in this chapter shall contain (1) a description of all properties and improvements thereon, with the name of the owner or the reputed owner thereof and his address as shown on the tax rolls of the assessor or treasurer of the county wherein the property is located, and (2) the determined value of such land and improvements thereon as last assessed and equalized by the taxing agencies of such county. Such assessed and equalized values shall be deemed prima facie as a just, fair and correct base of value for consideration by the board in its determination ultimately of the just and correct base of value in each instance against which annual dollar rates shall be levied by the district for the operation of the district and the expansion and maintenance of its facilities.

If property outside of the territorial limits of the district are upon the roll as adopted ultimately, and the district has prior indebtedness existing, the board shall set up separate dollar rate levies for the retirement thereof until it is extinguished, which levies shall be applied solely against the properties within the territorial limits of the district. Adjustments of the roll shall be made before final adoption in such a manner that the money raised through annual dollar rate levies for maintenance, expansion and operational costs of the district in no instance shall exceed the value of the service rendered or to be rendered and the benefit received and to be received by the property involved. [1973 1st ex.s. c 195 § 122; 1961 c 131 § 6.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.32.060 Notice of hearing—Contents.** When the board causes a property roll to be filed with it and a hearing to be held thereon as provided in this chapter, it shall give notice of the hearing in the following manner:

The notice shall be published at least three times in consecutive issues in a weekly newspaper, or once a week for three consecutive weeks in a daily newspaper having general circulation in the area involved. The last publication shall be more than fifteen days prior to date of hearing. The board also shall cause a copy of the notice to be mailed in regular course of the federal mail at least thirty days prior to the date of the hearing to the owner or reputed owner of the property at his address, all as shown on the tax rolls or records of the county taxing agencies of the county wherein the property is situated, such notice being deemed adequate and sufficient. The sworn affidavit of the one doing such mailing shall be deemed conclusive of the fact that the notice was mailed.

The notice shall state the following:

(1) That the board has tentatively determined that the property of the owner or reputed owner named is receiving and will receive service and benefit from the facilities of the district;

(2) That the board has caused a tentative roll of the properties with any improvements thereon which are receiving and will receive service and benefit to be filed with it; and that the roll shows a base of valuation thereon for the properties against which annual dollar rates will be levied and collected in the same manner as general taxes to pay the fair value of the benefit and service received and to be received by the property through use of the facilities of the district, and to pay the annual cost of operation, development and maintenance of the district and its facilities;

(3) That on a date, time and place stated, the board will give consideration to the facts and the roll, will hear all objections filed, will review the roll and alter, modify, or change the same consistent with facts established and with equity and fair dealing concerning the properties involved to the end that just levies will be made for service and benefits received and to be received against each property for the purposes mentioned; and at the hearing or continuance thereof, it will adopt the roll in final form and certify and file a copy thereof with the assessor and treasurer of the county wherein the property is located; and will cause annual millage to be levied against such established valuations for the purposes stated;

(4) That all persons desiring to object to the proceedings, to the proposed base valuations, or to any other thing or matter in connection with the proceedings, must file written objections with the board stating clearly the basis of the objection before the time of the hearing, or all objections will be deemed waived. [1985 c 469 § 84; 1973 1st ex.s. c 195 § 123; 1961 c 131 § 7.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.32.070 Written objections—Filing—Grounds—Waiver.** Any person, owner or reputed owner having any interest in any property against which the board seeks to make a service and benefit charge under this chapter, may object thereto. All such objections must be in writing and filed with the board before the hearing is commenced upon the roll containing such properties and must state clearly the grounds of such objection. Objections not made within this time and in this manner shall be deemed conclusively to have been waived. [1961 c 131 § 8.]

**85.32.080 Additional roll due to omitted property or changed conditions.** The board shall from time to time examine the properties within and without said district, and if it finds tentatively that property, including improvements thereon, has been omitted from the existing roll, or conditions have changed so that there are new properties or additional properties receiving benefit and service from the facilities of the district without charge, it shall cause from time to time an additional roll of such property to be filed with it and shall proceed in the same manner as provided in this chapter where the board causes property roll to be filed with it. [1961 c 131 § 9.]

**85.32.090 Certification and filing of roll—Additional, supplemental roll supplements original.** When any roll or additional or supplemental roll is adopted by the board, a copy thereof shall be certified to and filed with the auditor, the assessor and the treasurer of the county wherein the property contained on said roll is situated. Where the roll is a supplemental or additional roll, it shall supplement the original roll. [1961 c 131 § 10.]

**85.32.100 Reexamination of properties—Supplemental roll—Certification and filing.** The board may at any time reexamine the properties on any roll, and upon request of an owner shall do so, and if it is found that the condition of such property or properties has changed so that justly such property should be eliminated from any rolls on file, or the base against which dollar rate is levied should be lowered, it shall so determine and make a supplemental roll with reference to such property or properties. When adopted by it, the board shall certify and file a copy thereof with the auditor, assessor and treasurer of the county wherein the property is situated, and such officer shall alter and change the existing rolls accordingly. [1973 1st ex.s. c 195 § 124; 1961 c 131 § 11.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.32.110 Roll is base for benefits against which levy made.** The roll certified to the county officers as in this chapter provided, and any modification thereof as provided, shall serve as the base of benefits as to land, buildings and improvements furnished service and benefit by the systems of the district against which valuations dollar rates shall be levied and collected in the same manner as general taxes from time to time for the continuing functioning of the district and its systems. The dollar rate shall be levied in the manner required by law for dollar rate levies by drainage districts. [1973 1st ex.s. c 195 § 125; 1961 c 131 § 12.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.32.120 Levy for outstanding indebtedness.** If any property outside of the territorial limits of the district is placed upon a roll as finally adopted, and at the time such property becomes subject to charge for service and benefit from the district's system, there is an existing outstanding indebtedness owing by the district, the board shall make a separate estimate of the revenue required to be raised to pay or apply upon such indebtedness until it is extinguished, and it shall proceed and certify the same as hereinabove provided, and no dollar rate for raising revenue to extinguish such indebtedness shall be included in the levies made against any properties lying outside of the territorial limits of said district.

When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure pro-

ceedings according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit same to the funds of such district. [1973 1st ex.s. c 195 § 126; 1961 c 131 § 13.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.32.130 Emergency warrants in excess of estimates.** In the case of an emergency or disaster not in contemplation at the time of making the annual estimate of costs and declared to be such by resolution of the board, the board may incur additional obligations and issue valid warrants therefor in excess of such estimate in the manner provided by law for issuance of warrants by drainage districts and the servicing thereof, and all such warrants so issued shall be valid as shown upon the then current roll of said district filed with the county auditor. [1961 c 131 § 14.]

**85.32.140 Chapter exclusive method—Concurrent use of other method to extinguish prior indebtedness—Special assessment bonds.** Any district choosing to operate under this chapter shall not use the processes provided for raising revenue under any other law: PROVIDED, That if for any reason it is deemed more just and advisable by the board, any such other method or process for raising revenue as provided by law may be used concurrently against properties solely within the territorial limits of the district for the sole purpose of extinguishing indebtedness incurred before the district adopts the procedure of this chapter, in which event no funds raised under this chapter shall be used to pay such prior indebtedness. However, when a drainage district issues special assessment bonds or notes after June 1, 1986, the process of raising revenue related to the bonds or notes shall be as specified in chapter 85.38 RCW. [1986 c 278 § 39; 1961 c 131 § 15.]

**Severability—1986 c 278:** See note following RCW 36.01.010.

**85.32.150 Owners of extraterritorial lands on roll are electors and may be commissioners—Corporations.** Whenever lands, or lands with improvements thereon, lying outside of the existing territorial limits of such district are ultimately placed upon the assessment roll of such district in the manner provided by this chapter so that such lands are subject to maintenance benefits as provided, the owner of such land shall be deemed to be an elector within such district, and shall have the same right to participate in all district affairs and to vote upon all matters submitted to the electors of said district, including that of electing or becoming commissioners for the district, all in the manner provided for voting and elections under existing law pertaining to drainage districts. If such owner is a corporation, one of its duly constituted officers shall be deemed to have the right as an elector to vote on behalf of such corporation. [1961 c 131 § 16.]

**85.32.160 Roll proceedings are conclusive—Injunction upon limited grounds.** Whenever any roll shall have been adopted by the board, the regularity, validity and correctness of the proceedings relating thereto shall be conclusive upon all parties and cannot in any manner be

contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll as provided in RCW 85.18.050 and appealing from the action of the board in confirming such roll in the manner and within the time in this chapter provided. No proceeding of any kind, except proceedings had through the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: PROVIDED, That a suit in injunction may be brought to prevent collection of charges or assessments or sale of property thereunder upon the following grounds and no other: (1) That the property charged or about to be sold does not appear upon the district roll filed with the county auditor, or (2) the charge or assessment has been paid. [1961 c 131 § 17.]

**85.32.170 Judicial review—Petition to superior court.** The decision of the board upon any objection made within the time and in the manner prescribed in this chapter may be reviewed by the superior court of the county wherein the property in question is located. Any person aggrieved must file his petition for writ of review with the clerk of the superior court wherein the property is located within ten days after the roll affecting such aggrieved party was adopted by resolution, and he shall serve a copy thereof upon the board. The petition shall describe the property in question, set forth the written objections which were made to the decision, give the date of filing of such objections, and shall be signed by such party or someone in his behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this section. [1961 c 131 § 18.]

**85.32.180 Judicial review—Filing of transcript, objections, resolution—Filing fees—No bond required—Notice of hearing and trial.** Within ten days after the filing of such petition for review, the board, unless the court shall grant additional time, shall file with the clerk of such court its certified transcript containing such portion of the roll as is subject to review, any written objections thereto filed with the board by the petitioner before such roll was adopted, and a copy of the resolution adopting the roll. The filing fee shall be a cost recoverable by petitioner against the district.

The clerk of the court shall charge the same filing fees for petitions for review as in other civil actions. The appellant need not file any bond to cause review to be had by the superior court. The court shall, on motion of either party to the cause, with notice to the other party, set the same for hearing and trial without jury at the earliest time available. [1961 c 131 § 19.]

**85.32.190 Judicial review—Scope of trial.** At the trial the court shall determine whether the board has acted within its discretion and has correctly construed and applied the law. If it finds that it has, the findings and decision of the board shall be affirmed; otherwise it shall be reversed or modified. The judgment of the court may change, confirm, correct, or modify the values of the property in question as shown upon the roll, and a certified copy thereof shall be

filed with the county auditor, who shall change, modify or correct as and if required. [1961 c 131 § 20.]

**85.32.200 Appellate review.** Appellate review may be sought as in other civil cases: PROVIDED, That such review must be sought within fifteen days after the date of entry of the judgment of the superior court. The supreme court or the court of appeals on such review may change, confirm, correct or modify the values of the property in question as shown upon the roll. A certified copy of any judgment of the supreme court or the court of appeals shall be filed with the county auditor having custody of such roll, who shall thereupon change, modify, or correct such roll in accordance with such decision, if required. [1988 c 202 § 84; 1971 c 81 § 169; 1961 c 131 § 21.]

**Severability—1988 c 202:** See note following RCW 2.24.050.

**85.32.210 Levies are for continuous benefits.** The dollar rate levy returns collected from time to time under this chapter are solely assessments for benefits received continuously by the benefited properties, calculated in the manner specified in this chapter as a just and equitable way for all benefited property to share the expense of such required service. [1973 1st ex.s. c 195 § 127; 1961 c 131 § 22.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**85.32.220 Annual estimate of costs.** The board of any drainage district proceeding under this chapter shall, on or before the first day of November of each year, make an estimate of the costs reasonably anticipated to be required. [1961 c 131 § 23.]

**85.32.900 Powers and duties of chapter are supplemental.** The rights, powers and duties granted and imposed by this chapter are supplemental and in addition to any existing rights, powers and duties of drainage districts established under this title. [1961 c 131 § 24.]

**85.32.910 Severability—1961 c 131.** If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1961 c 131 § 25.]

**85.38.001 Actions subject to review by boundary review board.** The establishment of a drainage district, drainage improvement district, or drainage or diking improvement district may be subject to potential review by a boundary review board under chapter 36.93 RCW. Annexations, consolidations, or transfers of territory by a drainage district, drainage improvement district, or drainage or diking improvement district may be subject to potential review by a boundary review board under chapter 36.93 RCW. [1989 c 84 § 64.]

**85.38.005 Purpose.** The purpose of this chapter is to provide uniform and simplified procedures for the creation, elections, and operations of various special districts that provide diking, drainage, and flood control facilities and services. The legislature finds that it is in the public interest to clarify and standardize the laws relating to these special districts. [1985 c 396 § 1.]

**85.38.010 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Governing body" means the board of commissioners, board of supervisors, or board of directors of a special district.

(2) "Owner of land" means the record owner of at least a majority ownership interest in a separate and legally created lot or parcel of land, as determined by the records of the county auditor, except that if the lot or parcel has been sold under a real estate contract, the vendee or grantee shall be deemed to be the owner of such land for purposes of authorizing voting rights. It is assumed, unless shown otherwise, that the name appearing as the owner of property on the property tax rolls is the current owner.

(3) "Qualified voter of a special district" means a person who is either: (a) A natural person who is a voter under general state election laws, registered to vote in the state of Washington for a period of not less than thirty days before the election, and the owner of land located in the special district for a period of not less than thirty days before the election; (b) a corporation or partnership that has owned land located in the special district for a period of not less than

sixty days before the election; or (c) the state, its agencies or political subdivisions that own land in the special district or lands proposed to be annexed into the special district except that the state, its agencies and political subdivisions shall not be eligible to vote to elect a member of the governing board of a special district.

(4) "Special district" means: (a) A diking district; (b) a drainage district; (c) a diking, drainage, and/or sewerage improvement district; (d) an intercounty diking and drainage district; (e) a consolidated diking district, drainage district, diking improvement district, and/or drainage improvement district; or (f) a flood control district.

(5) "Special district general election" means the election of a special district regularly held on the first Tuesday after the first Monday in February in each even-numbered year at which a member of the special district governing body is regularly elected. [1991 c 349 § 1; 1986 c 278 § 41; 1985 c 396 § 2.]

**Severability—1986 c 278:** See note following RCW 36.01.010.

**85.38.020 Establishment of special districts—Petition or resolution—Contents.** The establishment of a special district may be initiated by either petition of the owners of property located within the proposed special district, or by resolution of the county legislative authority or authorities within which the proposed special district is located.

A petition calling for the creation of a special district, which is signed by at least ten owners of land located within the proposed district, shall be filed with the county legislative authority within which a proposed special district, or the largest portion of a special district, is located. If the proposed special district is proposed to be located within more than one county, the county legislative authority receiving the petitions shall notify the other county legislative authorities of the proposal. The petition shall set forth in general terms: (1) The objects sought by the creation of the special district; (2) the projects proposed to be completed by the special district that will accomplish these objects; (3) the boundaries of the proposed special district, which may be stated in terms of sections, townships, and ranges; and (4) any other matters deemed material by the petitioners. The jurisdiction of the county legislative authority to proceed with consideration of the creation of the proposed special district shall not be affected by the form of the petition or allegations on the petition. The petition shall be accompanied by proof of land ownership that is sufficient in the opinion of the county legislative authority to evidence the ownership of land by the petitioners within the proposed special district. A petition calling for the creation of a special district shall be accompanied by a bond of five thousand dollars to defray the costs incurred by the county, or counties, in considering the creation of the special district.

A resolution proposing the creation of a special district shall contain the same items as are required and permitted to be contained in a petition to create a special district. [1985 c 396 § 3.]

**85.38.030 Investigation of proposed boundaries and districts—Report.** Upon the filing of a valid petition or upon the adoption of the resolution, the county legislative

authority shall direct the county engineer to investigate the proposed boundaries of the special district and the feasibility of the projects located in the county as proposed in the petition or resolution. The engineer shall report to the county legislative authority within ninety days of such direction on the proposed boundaries of the special district within the county and feasibility of that portion of the proposed project. If the proposed special district is located in more than one county, the county legislative authority of each county shall direct its county engineer to investigate and report on the proposal within its boundaries. [1985 c 396 § 4.]

**85.38.040 Proposed special districts—Public hearing—Notice.** The county legislative authority shall schedule a public hearing on the proposed special district if the county engineer's report indicates that the proposed projects are feasible. If the engineers of each of the counties within which a proposed special district is located indicate that the proposed projects are feasible, the county legislative authorities shall schedule a joint public hearing on the proposed special district. The county legislative authority may, on its own initiative, schedule a public hearing on the proposed special district if the county engineer's report indicates that the proposed projects are not feasible. The county legislative authorities of counties within which a proposed special district is located may, on their own initiative, schedule a joint public hearing on the proposed special district if one or more of the county engineers' reports indicate that the proposed projects are not feasible.

Notice of the public hearing shall be published in a newspaper of general circulation within the proposed special district, which notice shall be purchased in the manner of a general advertisement, not to be included with legal advertisements or with classified advertisements. This notice shall be published at least twice, not more than twenty nor less than three days before public hearing. Additional notice shall be made as required in RCW 79.44.040.

The notice must contain the following: (1) The date, time, and place of the public hearing; (2) a statement that a particular special district is proposed to be created; (3) a general description of the proposed projects to be completed by the special district; (4) a general description of the proposed special district boundaries; and (5) a statement that all affected persons may appear and present their comments in favor of or against the creation of the proposed special district. [1991 c 349 § 8; 1985 c 396 § 5.]

**85.38.050 Public hearing—Elections.** The county legislative authority or authorities shall conduct the public hearing at the date, time, and place indicated in the notice. Public hearings may be continued to other dates, times, and places specified by the county legislative authority or authorities before the adjournment of the public hearing. Each county legislative authority may alter those portions of boundaries of the proposed special district that are located within the county, but if territory is added that was not described in the original proposed boundaries, an additional hearing on the proposal shall be held with notice being published as provided in RCW 85.38.040.

After receiving the public testimony, the county legislative authority may cause an election to be held to authorize the creation of a special district if it finds:

- (1) That creation of the special district will be conducive to the public health, convenience and welfare;
- (2) That the creation of the special district will be of special benefit to a majority of the lands included within the special district; and
- (3) That the proposed improvements are feasible and economical, and that the benefits of these improvements exceed costs for the improvements.

If the proposed special district is located within two or more counties, the county legislative authorities may cause an election to be held to authorize the creation of the special district upon making the findings set forth in subsections (1) through (3) of this section.

The county legislative authority or authorities may also choose not to allow such an election to be held by either failing to act or finding that one or more of these factors are not met. [1991 c 349 § 9; 1985 c 396 § 6.]

**85.38.060 Elections—Notice—Costs.** The county legislative authority or authorities shall cause an election on the question of creating the special district to be held if findings as provided in RCW 85.38.050 are made. The county legislative authority or authorities shall designate a time and date for such election, which shall be one of the special election dates provided for in RCW 29.13.020, together with the site or sites at which votes may be cast. The persons allowed to vote on the creation of a special district shall be those persons who, if the special district were created, would be qualified voters of the special district as described in RCW 85.38.010. The county auditor or auditors of the counties within which the proposed special district is located shall conduct the election and prepare a list of presumed eligible voters.

Notices for the election shall be published as provided in RCW 85.38.040. The special district shall be created if the proposition to create the special district is approved by a simple majority vote of the voters voting on the proposition and the special district may assume operations whenever the initial members of the governing body are appointed as provided in RCW 85.38.070.

Any special district created after July 28, 1985, may only have special assessments measured and imposed, and budgets adopted, as provided in RCW 85.38.140 through 85.38.170.

If the special district is created, the county or counties may charge the special district for the costs incurred by the county engineer or engineers pursuant to RCW 85.38.030 and the costs of the auditor or auditors related to the election to authorize the creation of the special district pursuant to this section. Such county actions shall be deemed to be special benefits of the property located within the special district that are paid through the imposition of special assessments. [1991 c 349 § 10; 1985 c 396 § 7.]

**85.38.070 Governing board—Terms of office—Election—Appointment—Vacancies—Qualifications.** (1) Except as provided in RCW 85.38.090, each special district shall be governed by a three-member governing body. The

term of office for each member of a special district governing body shall be six years and until his or her successor is elected and qualified. One member of the governing body shall be elected at the time of special district general elections in each even-numbered year for a term of six years beginning as soon as the election returns have been certified for assumption of office by elected officials of cities.

(2) The terms of office of members of the governing bodies of special districts, who are holding office on July 28, 1985, shall be altered to provide staggered six-year terms as provided in this subsection. The member who on July 28, 1985, has the longest term remaining shall have his or her term altered so that the position will be filled at the February 1992, special district general election; the member with the second longest term remaining shall have his or her term altered so that the position will be filled at the December, 1989, special district general election; and the member with the third longest term of office shall have his or her term altered so that the position will be filled at the December, 1987, special district general election.

(3) The initial members of the governing body of a newly created special district shall be appointed by the legislative authority of the county within which the special district, or the largest portion of the special district, is located. These initial governing body members shall serve until their successors are elected and qualified at the next special district general election held at least ninety days after the special district is established. At that election the first elected members of the governing body shall be elected. No primary elections may be held. Any voter of a special district may become a candidate for such a position by filing written notice of this intention with the county auditor at least thirty, but not more than sixty, days before a special district general election. The county auditor in consultation with the special district shall establish the filing period. The names of all candidates for such positions shall be listed alphabetically. At this first election, the candidate receiving the greatest number of votes shall have a six-year term, the candidate receiving the second greatest number of votes shall have a four-year term, and the candidate receiving the third greatest number of votes shall have a two-year term of office. The initially elected members of a governing body shall take office immediately when qualified as defined in RCW 29.01.135. Thereafter the candidate receiving the greatest number of votes shall be elected for a six-year term of office. Members of a governing body shall hold their office until their successors are elected and qualified, and assume office as soon as the election returns have been certified.

(4) The requirements for the filing period and method for filing declarations of candidacy for the governing body of the district and the arrangement of candidate names on the ballot for all special district elections conducted after the initial election in the district shall be the same as the requirements for the initial election in the district. No primary elections may be held for the governing body of a special district.

(5) Whenever a vacancy occurs in the governing body of a special district, the legislative authority of the county within which the special district, or the largest portion of the special district, is located, shall appoint a district voter to serve until a person is elected, at the next special district

general election occurring sixty or more days after the vacancy has occurred, to serve the remainder of the unexpired term. The person so elected shall take office immediately when qualified as defined in RCW 29.01.135.

If an election for the position which became vacant would otherwise have been held at this special district election, only one election shall be held and the person elected to fill the succeeding term for that position shall take office immediately when qualified as defined in RCW 29.01.135 and shall serve both the remainder of the unexpired term and the succeeding term. A vacancy occurs upon the death, resignation, or incapacity of a governing body member or whenever the governing body member ceases being a qualified voter of the special district.

(6) An elected or appointed member of a special district governing body, or a candidate for a special district governing body, must be a qualified voter of the special district: PROVIDED, That the state, its agencies and political subdivisions, or their designees under RCW 85.38.010(3) shall not be eligible for election or appointment. [1991 c 349 § 11; 1987 c 298 § 2; 1986 c 278 § 42; 1985 c 396 § 8.]

**Severability—1986 c 278:** See note following RCW 36.01.010.

**85.38.075 Governing body—Compensation and expenses.** The members of the governing body may each receive up to seventy dollars for attendance at official meetings of the governing body and for each day or major part thereof for all necessary services actually performed in connection with their duties as a member. The governing body shall fix the compensation to be paid to the members, secretary, and all other agents and employees of the district. Compensation for the members shall not exceed six thousand seven hundred twenty dollars in one calendar year. A member is entitled to reimbursement for reasonable expenses actually incurred in connection with such business, including subsistence and lodging, while away from the member's place of residence, and mileage for use of a privately owned vehicle in accordance with chapter 42.24 RCW.

Any member may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the secretary as provided in this section. The waiver, to be effective, must be filed any time after the member's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made. [1998 c 121 § 12.]

**85.38.080 Governing body—Bond.** Each member of a governing body of a special district, whether elected or appointed, shall enter into a bond, payable to the special district. The bond shall be in the sum of not less than one thousand dollars nor more than five thousand dollars, as determined by the county legislative authority of the county within which the special district, or the largest portion of the special district, is located. The bond shall be conditioned on the faithful performance of his or her duties as a member of the governing body of the special district and shall be filed with the county clerk of the county within which the special

district, or the largest portion of the special district, is located. [1987 c 298 § 3; 1985 c 396 § 9.]

**85.38.090 Governing body—Reduction in size.** (1) Whenever the governing body of a special district has more than three members, the governing body shall be reduced to three members as of January 1, 1986, by eliminating the positions of those district governing body members with the shortest remaining terms of office. The remaining three governing body members shall have staggered terms with the one having the shortest remaining term having his or her position filled at the 1987 special district general election, the one with the next shortest remaining term having his or her position filled at the 1989 special district general election, and the one with the longest remaining term having his or her position filled at the 1992 special district general election. If any of these remaining three governing body members have identical remaining terms of office, the newly calculated remaining terms of these persons shall be determined by lot with the county auditor who assists the special district in its elections managing such lot procedure. The newly established terms shall be recorded by the county auditor.

(2) However, whenever five or more special districts have consolidated under chapter 85.36 RCW and the consolidated district has five members in its governing body on July 28, 1985, the consolidated district may adopt a resolution retaining a five-member governing body. At any time thereafter, such a district may adopt a resolution and reduce the size of the governing body to three members with the reduction occurring as provided in subsection (1) of this section, but the years of the effective dates shall be extended so that the reduction occurs at the next January 1st occurring after the date of the adoption of the resolution. Whenever a special district is so governed by a five-member governing body, two members shall be elected at each of two consecutive special district general elections, and one member shall be elected at the following special district general election, each to serve a six-year staggered term. [1991 c 349 § 12; 1985 c 396 § 10.]

**85.38.100 General elections.** General elections shall be held in each special district on the first Tuesday after the first Monday in February in each even-numbered year. The auditor of the county within which a special district, or the largest portion of a special district, is located may provide for special elections whenever necessary. [1991 c 349 § 5; 1985 c 396 § 11.]

**85.38.105 Voting rights.** (1) The owner of land located in a special district who is a qualified voter of the special district shall receive two votes at any election.

(2) If multiple undivided interests, other than community property interests, exist in a lot or parcel and no person owns a majority undivided interest, the owners of undivided interests at least equal to a majority interest may designate in writing:

(a) Which owner is eligible to vote and may cast two votes; or

(b) Which two owners are eligible to vote and may cast one vote each.

(3) If land is owned as community property, each spouse is entitled to one vote if both spouses otherwise qualify to vote, unless one spouse designates in writing that the other spouse may cast both votes.

(4) A corporation, partnership, or governmental entity shall designate:

(a) A natural person to cast its two votes; or

(b) Two natural persons to each cast one of its votes.

(5) Except as provided in RCW 85.08.025 and 86.09.377, no owner of land may cast more than two votes or have more than two votes cast for him or her in a special district election. [1991 c 349 § 2.]

**85.38.110 Presumed eligible voters' list—Notice of requirements of voting authority—Copy of voter's list to county auditor.** A list of presumed eligible voters shall be prepared and maintained by each special district. The list shall include the assessor's tax number for each lot or parcel in the district, the name or the names of the owners of such lots and parcels and their mailing address, the extent of the ownership interest of such persons, and if such persons are natural persons, whether they are known to be registered voters in the state of Washington. Whenever such a list is prepared, the district shall attempt to notify each owner of the requirements necessary to establish voting authority to vote. Whenever lots or parcels in the district are sold, the district shall attempt to notify the purchasers of the requirements necessary to establish voting authority. Each special district shall provide a copy of this list, and any revised list, to the auditor of the county within which all or the largest portion of the special district is located. The special district must compile the list of eligible voters and provide it to the county auditor by the first day of November preceding the special district general election. In the event the special district does not provide the county auditor with the list of qualified voters by this date, the county auditor shall compile the list and charge the special district for the costs required for its preparation. The county auditor shall not be held responsible for any errors in the list. [1991 c 349 § 13; 1985 c 396 § 12.]

**85.38.115 Elections—When not required.** No election shall be held to elect a member of a special district governing body, or to fill the remainder of an unexpired term which arose from a vacancy on the governing body, if no one or only one person files for the position.

If only one person files for the position, he or she shall be considered to have been elected to the position at the election that otherwise would have taken place for such position.

If no one files for the position and the upcoming election is one at which someone would have been elected to fill the expired term, the position shall be treated as vacant at the expiration of the term.

If no one files for the position and the upcoming election is one at which someone would have been elected to fill the remaining term of office, the person appointed to fill the vacancy shall be considered to have been elected to the position at the election and shall serve for the remainder of the unexpired term. [1991 c 349 § 6.]

**85.38.120 Elections—Auditor's assistance—Notice—Auditor's costs.** The auditor of the county within which a special district, or the largest portion of a special district, is located shall assist such special district with its elections as provided in this section.

(1) The county auditor shall publish notice of an election to create a special district and notice of all special district elections not conducted by mail in a newspaper of general circulation in the special district at least once not more than ten nor less than three days before the election. The notices shall describe the election, give its date and times to be held, and indicate the election site or sites in the special district where ballots may be cast.

(2) If a special district has at least five hundred qualified voters, then the county auditor shall publish in a newspaper of general circulation in the special district a notice of the filing period and place for filing a declaration of candidacy to become a member of the governing body. This notice shall be published at least seven days prior to the closing of the filing period. If the special district has less than five hundred qualified voters, then the special district shall mail or deliver this notice to each qualified voter of the special district at least seven days prior to the closing of the filing period.

(3) All costs of the county auditor incurred related to such elections shall be reimbursed by the special district. [1991 c 349 § 14; 1985 c 396 § 13.]

**85.38.125 Elections—Auditor to conduct—Election by mail.** (1) If a special district has less than five hundred qualified voters, then the special district must contract with the county auditor to conduct the special district elections. The county auditor has the discretion as to whether to conduct the election by mail.

(2) If a special district has at least five hundred qualified voters, the special district may contract with the county auditor to staff the voting site during the election or contract with the county auditor to conduct the election by mail. A special district with at least five hundred qualified voters may also choose to conduct its own elections. A special district that conducts its own elections must enter into an agreement with the county auditor that specifies the responsibilities of both parties.

(3) If the county auditor conducts a special district election by mail, then the provisions of chapter 29.36 RCW which govern elections by mail, except for the requirements of \*RCW 29.36.120, shall apply. [1991 c 349 § 15.]

**\*Reviser's note:** RCW 29.36.120 was recodified as RCW 29.38.010 pursuant to 2001 c 241 § 25.

**85.38.130 Election officials—Duties—Voting hours—Challenged ballots—Absentee ballots.** For special district elections that are not conducted by mail, the governing body of each special district shall appoint three voters of the special district, who may be members of the governing body, to act as election officials, unless the special district contracts with the county auditor to staff the election site. The election officials shall distribute a ballot or ballots to each voter of the special district who arrives at the voting place during the hours for the election on the day of the election and requests a ballot. Ballots shall also be provided

to those persons arriving at the polling place during the hours for the election on the day of the election who present documents or evidence sufficient to establish their eligibility to vote. A person arriving at the polling place at such times who demands a ballot, but who fails to present documents or evidence which in the opinion of the election officials is sufficient to establish eligibility to vote, shall be given a ballot clearly marked as "challenged" and shall be allowed to vote. Each challenged ballot shall be numbered consecutively and a list of such persons and their ballot numbers shall be made.

The governing body of each special district shall designate those hours from 7 a.m. to 8 p.m. during which the election shall be held: PROVIDED, That at least six consecutive hours must be designated. When the election is over, the election officials shall secure the ballots and transport the ballots to the county auditor's office by noon of the day following the election. The auditor may, at his or her discretion, station a deputy auditor or auditors at the election site who shall observe the election and transport the ballots to the auditor's office. The auditor shall count the ballots and certify the count of votes for and against each measure and for each candidate appearing on the ballot. A separate count shall be made of any challenged ballots. A challenged ballot shall be counted as a normal ballot if documents or evidence are supplied to the auditor before 4:00 p.m. on the day after the election that, in the opinion of the auditor, are sufficient to establish the person's eligibility to vote.

Additionally, voting by absentee ballot shall be allowed in every special district. A request for an absentee ballot may be made by an eligible voter by mail or in person to the county auditor who supervises the special district elections. An absentee ballot shall be provided to each voter of a special district requesting such a ballot under this section. A person requesting such a ballot may present information establishing his or her eligibility to vote in such a special district. The auditor shall provide an absentee ballot to each person requesting an absentee ballot who is either included on the list of presumed eligible voters or who submits information which, in the auditor's opinion, establishes his or her eligibility to vote. The names of these persons so determined to be eligible to vote shall be added to the list of presumed eligible voters for the appropriate special district. The request for an absentee ballot must be made no more than forty-five days before the election. To be valid, absentee ballots must be postmarked on or before the day of the election and mailed to the county auditor. [1991 c 349 § 16; 1985 c 396 § 14.]

**85.38.140 Special district financing—Alternative method.** The process by which budgets are adopted, special assessments are measured and imposed, rates and charges are fixed, and assessment zones are established, as provided in RCW 85.38.140 through 85.38.170, shall constitute an alternative optional method of financing special districts. A special district in existence prior to July 28, 1985, may conform with RCW 85.38.140 through 85.38.170 when its governing body adopts a resolution indicating its intention to conform with such laws. Whenever such a resolution is adopted, or a new special district is created on or after July

28, 1985, RCW 85.38.140 through 85.38.170 shall be the exclusive method by which the special district measures and imposes special assessments and adopts its budget. The governing body of a special district that was created before July 28, 1985, and which operates under RCW 85.38.140 through 85.38.170, may adopt a resolution removing the special district from operating under RCW 85.38.140 through 85.38.170, and operate under alternative procedures available to the special district. A county may charge a special district for costs the county incurs in establishing a system or systems of assessment for the special district pursuant to RCW 85.38.140 through 85.38.170. [1993 c 464 § 3; 1985 c 396 § 15.]

**85.38.145 Rates and charges.** Regardless of whether any special assessments have been or may be imposed on a particular parcel of real property pursuant to this chapter, in order to implement the authority granted under RCW 85.38.180(3), a special district may fix rates and charges payable by owners or occupiers of real estate within the special district. When fixing rates and charges, the district may consider the degree to which activities on a parcel of real property, including on-site septic systems, contribute to the problems that the special district is authorized to address under RCW 85.38.180(3). [1993 c 464 § 4.]

**85.38.150 Special assessments—Valuation—Assessment zones—Criteria for assessments.** (1) Special district special assessments shall be imposed only on real property within the district that uses or will use the special district's facilities or receives or will receive special benefits from the special district's operations and facilities. Both privately owned and publicly owned real property, including real property owned by the state, is subject to these special assessments. Mobile homes located on real property within a special district shall be considered an improvement to the real property for purposes of imposing special assessments.

(2) Special assessments imposed upon real property, other than improvements, shall be a function of the dollar value of benefit or use per acre and the assessment zone in which the real property is located. Special assessments imposed upon an improvement shall be a function of the dollar value of benefit or use assigned to the type or class of improvements and the assessment zone in which the improvement is located.

(3) Assessment zones shall be established in which each zone reflects a different relative ratio of benefit or use that the real property within such a zone receives, or will receive, from the special district's operations and facilities. That real property receiving the greatest benefits, or which uses the special district's facilities to the greatest extent, shall be placed into class No. 1 and assigned a value of one hundred percent; that real property receiving the next greatest benefits, or which uses the special district's facilities to the next greatest extent, shall be placed into class No. 2 and assigned a lower percentage value; and so on, extending to the class of least benefits or use. That real property receiving no benefits or use shall be designated "nonbenefit." If all real property in the special district is found to have the same relative ratio of benefit or use, a single assessment zone may be established.

(4) Any one or more of the following criteria shall be used in measuring the manifest degrees or ratios of benefit or use: (a) Proximity to the special district's facilities; (b) height above or below dikes and levees; (c) easier accessibility; (d) facility of drainage; (e) minimization of flood or inundation damage; (f) actual flood protection; (g) use of the special district's facilities; and (h) any other criteria established by the county under RCW 85.38.160 that measure manifest degrees of benefit or use from the special district's facilities and operations.

(5) Special assessments may be imposed to pay for the construction, repair, and maintenance of special district facilities and for special district operations. Administrative and operational costs of the special district shall be proportionally included in these special assessments. [1985 c 396 § 16.]

**85.38.160 Systems of assessment—Hearing—Notice—Adoption of ordinance—Appeals—Review—Emergency assessment.** (1) The county within which each special district is located shall establish a system or systems of assessment for the special district as provided in this section. A differing system of assessment shall be established for different classes of facilities that a special district provides or will provide, including a separate system of assessment for diking and drainage facilities if both classes of facilities are provided. Whenever a special district is located in more than one county, the county within which the largest portion of the special district is located shall establish the system or systems of assessment for the entire special district. A system of assessment shall include assessment zones, the acreage included in each assessment zone, a dollar value of benefit or use per acre, and various classes or types of improvements together with a dollar value of benefit or use for an improvement included in each of the classes or types of improvements. The county shall establish which improvements shall be subject to special assessments and shall establish one or more types or classes of such improvements.

(2) The engineer of the county shall prepare a preliminary system or systems of assessment for each special district. Each system of assessment that is prepared for a special district shall be designed to generate a total of one thousand dollars in revenue for the special district.

The preliminary system or systems of assessment shall be filed with the county legislative authority. A public hearing on the preliminary system or systems of assessment shall be held by the county legislative authority. Notice of the public hearing shall be published in a newspaper, in general circulation in the special district, for two consecutive weeks with the final notice being published not less than fourteen, nor more than twenty-one days, before the public hearing. Notice shall also be mailed to each owner or reputed owner, as shown on the assessor's tax rolls, of each lot or parcel subject to such assessments. The mailed notice shall indicate the amount of assessment on the lot or parcel that, together with all other assessments in the system of assessment, would raise one thousand dollars. The mailed notice shall indicate that this assessment amount is not being imposed, but is a hypothetical assessment that, if combined with all other hypothetical assessments in the system of as-

essment, would generate one thousand dollars, and that this hypothetical assessment is proposed to be used to establish a system or systems of assessment for the special district. Where a special district currently is imposing special assessments and a property owner's property is subject to these special assessments, the mailed notice to this property owner also shall use the hypothetical special assessment in conjunction with the total special assessments imposed by the special district in that year to provide a comparison special assessment value to the property owner. This notice shall indicate that the comparison special assessment value is not being imposed, and should be considered for comparative purposes only. Where a special district is not currently imposing special assessments, the mailed notice may include, if deemed appropriate by the county engineer and if such figures are available, an estimated special assessment value for the property owner's property using this hypothetical special assessment in conjunction with special district-wide level of special assessments that possibly would be imposed in the following year. Where a county is imposing rates and charges for storm water or surface water control facilities pursuant to chapters 36.89 or 36.94 RCW, the county shall credit such rates and charges with assessments imposed under this section by a special district to fund drainage facilities and the maintenance of drainage facilities.

(3) The county legislative authority shall hold a public hearing on the preliminary system or systems of assessment on the day specified in the notices. Persons objecting to the preliminary system or systems of assessment may present their objections at this public hearing, which may be continued if necessary. The county legislative authority shall adopt an ordinance finalizing the system or systems of assessment after making any changes that in its discretion are necessary. The county legislative authority shall have broad discretion in establishing systems of assessment. The decision of the county legislative authority shall be final, except for appeals. Any person objecting to the system or systems of assessment must appeal such decision to the superior court of the county within which all, or the largest portion, of the special district is located within twenty days of the adoption of the ordinance.

(4) The system or systems of assessment of each special district shall be reviewed by the county engineer and finalized by the county legislative authority at least once every four years. A system or systems of assessment shall be finalized on or before the first of September in the year that it is finalized. The legislative authority of a county that is responsible for establishing a system or systems of assessment for more than one special district may, at its option, stagger the initial finalization of such systems of assessment for different special districts over a period of up to four years. Assessments shall be collected in special districts pursuant to the district's previous system of assessment until the system or systems of assessment under this chapter is finalized under this section.

(5) New improvements shall be noted by the special district as they are made and shall be subject to special assessments in the year after the improvement is made.

(6) The county legislative authority, upon request by a special district, may authorize the special district to impose and collect emergency assessments pursuant to the special district's system or systems of assessment whenever the

emergent protection of life or property is necessary. [1985 c 396 § 17.]

**85.38.170 Budgets—Special assessments—Notice—Delinquent special assessments—Collection fee.** Budgets for each special district shall be adopted, and special assessments imposed, annually for the succeeding calendar year. On or before December 1st of each year, the governing body of the special district shall adopt a resolution approving a budget for the succeeding year and special assessments sufficient to finance the budget. A copy of the resolution and the budget shall be forwarded immediately to the county legislative authority of the county or counties within which the special district is located and to the treasurer of the county or counties in which the special district is located. Special assessments necessary to generate funds for this budget shall be imposed pursuant to the system or systems of assessment established by the county. Special assessments shall be collected by the county treasurer or treasurers within which the special district is located. Notice of the special assessments due may be included on the notice of property taxes due, may be included on a separate notice that is mailed with the notice of property taxes due, or may be sent separately from the notice of property taxes due. Special assessments shall be due at the same time property taxes are due and shall constitute liens on the land or improvements upon which they are imposed. Delinquent special assessments shall be foreclosed in the same manner, and subject to the same time schedules, interest, and penalties as delinquent property taxes. County treasurers may impose a fee for collecting special assessments not to exceed one percent of the dollar value of special assessments collected. [1985 c 396 § 18.]

**85.38.180 Special districts—Powers.** A special district may:

(1) Engage in flood control activities, and investigate, plan, construct, acquire, repair, maintain, and operate improvements, works, projects, and facilities necessary to prevent inundation or flooding from rivers, streams, tidal waters or other waters. Such facilities include dikes, levees, dams, banks, revetments, channels, canals, and other works, appliances, machinery, and equipment.

(2) Engage in drainage control, storm water control, and surface water control activities, and investigate, plan, construct, acquire, repair, maintain, and operate improvements, works, projects, and facilities necessary to control and treat storm water, surface water, and flood water. Such facilities include drains, ditches, canals, nonsanitary sewers, pumps, and other works, appliances, machinery, and equipment.

(3) Engage in lake or river restoration, aquatic plant control, and water quality enhancement activities.

(4) Take actions necessary to protect life and property from inundation or flow of flood waters, storm waters, or surface waters.

(5) Acquire, purchase, condemn by power of eminent domain pursuant to chapters 8.08 and 8.25 RCW, or lease, in its own name, necessary property, property rights, facilities, and equipment.

(6) Sell or exchange surplus property, property rights, facilities, and equipment.

(7) Accept funds and property by loan, grant, gift, or otherwise from the United States, the state of Washington, or any other public or private source.

(8) Hire staff, employees, or services, or use voluntary labor.

(9) Sue and be sued.

(10) Cooperate with or join the United States, the state of Washington, or any other public or private entity or person for district purposes.

(11) Enter into contracts.

(12) Exercise any of the usual powers of a corporation for public purposes. [1991 c 349 § 17; 1985 c 396 § 19.]

**85.38.190 Construction of improvements—When public bidding not required—Use of district employees or volunteers.** Any proposed improvement or part thereof, not exceeding five thousand dollars in cost, may be constructed by district employees: PROVIDED, That this shall not restrict a special district from using volunteer labor and equipment on improvements, and providing reimbursement for actual expenses. [1987 c 298 § 4; 1986 c 278 § 50.]

**Severability—1986 c 278:** See note following RCW 36.01.010.

**85.38.200 Annexation of contiguous territory—Procedures.** (1) Territory that is contiguously located to a special district may be annexed by the special district as provided in this section under the petition and election, resolution and election, or direct petition method of annexation.

(2) An annexation under the election method may be initiated by the filing of a petition requesting the action that is signed by at least ten owners of property in the area proposed to be annexed or the adoption of a resolution requesting such action by the governing body of the special district. The petitions shall be filed with the governing body of the special district that is requested to annex the territory. An election to authorize an annexation initiated under the petition and election method may be held only if the governing body approves the annexation. An annexation under either election method shall be authorized if the voters of the area proposed to be annexed approve a ballot proposition favoring the annexation by a simple majority vote. The annexation shall be effective when results of an election so favoring the annexation are certified by the county auditor or auditors. The election, notice of the election, and eligibility to vote at the election shall be as provided for the creation of a special district.

(3) An annexation under the direct petition method of annexation may be accomplished if the owners of a majority of the acreage proposed to be annexed sign a petition requesting the annexation, and the governing body of the special district approves the annexation. The petition shall be filed with the governing body of the special district. The annexation shall be effective when the governing body approves the annexation.

(4) Whenever a special district annexes territory under this section, the exclusive method by which the special district measures and imposes special assessments upon real

property within the entire enlarged area shall be as set forth in RCW 85.38.150 through 85.38.170. [1986 c 278 § 8.]

**Severability—1986 c 278:** See note following RCW 36.01.010.

**85.38.210 Consolidation of contiguous districts—**

**Procedures.** Two or more special districts that are contiguously located with each other, or which occupy all or part of the same territory, may consolidate as provided in this section. The consolidation shall result in the creation of a flood control district.

A consolidation may be initiated by: (1) The filing of a petition requesting the action that is signed by eligible voters of each special district who constitute at least ten percent of the eligible voters of the special district, or who own at least a majority of the acreage in the special district; or (2) the adoption of a resolution requesting such action by the governing body of each special district. The petitions shall be filed with, and the resolutions shall be submitted to, the county legislative authority of the county within which all or the largest portion of the special districts is located. The auditor of the county, or auditors of the counties, within which these districts are located shall authenticate the signatures on the petitions and certify the results. An election to authorize the consolidation shall be held not more than one hundred eighty days after the date of the filing of the resolutions, or the determination that sufficient valid signatures are included on the petition from the voters of each of the special districts.

The consolidation shall be authorized if voters in each of the special districts approve a ballot proposition favoring the consolidation by a simple majority vote. Members of the governing body of the consolidated special district shall be selected as provided in RCW 85.38.070 for a newly created special district and the consolidation shall be effective when these initial members of the governing body are so appointed.

All moneys, rights, property, assets and liabilities of the consolidating special districts shall vest in and become the obligation of the new consolidated special district, except that any indebtedness of a consolidating special district shall remain an indebtedness of the original consolidating special district and lands within the original consolidating special district. The governing body of the new consolidated special district shall impose special assessments on lands in the original consolidating special district to redeem this indebtedness. However, the new consolidated special district may issue funding or refunding bonds or notes and fund or refund such indebtedness. The new consolidated special district may continue imposing special assessments pursuant to the various systems of assessment used by the original consolidating special districts, or may establish a new system or systems of assessment in all or part of the new consolidated special district to finance its operations. [1986 c 278 § 9.]

**Severability—1986 c 278:** See note following RCW 36.01.010.

**85.38.213 Withdrawal of area within city or town.**

A special district may withdraw area from its boundaries that is located within the boundaries of a city or town, or area that includes area both within and adjacent to the boundaries of any city or town, under this section.

(1) The withdrawal of area is authorized upon the following conditions being met: (a) Adoption of a resolution by the special district requesting withdrawal of the area from the district; (b) adoption of a resolution by the city or town council approving the withdrawal of the special district from the area; (c) assumption by the city or town of full responsibility for the maintenance, improvements, and collection of payment for the operation of the system previously operated by the special district in the area; (d) transfer by the special district of all rights-of-way or easements in the area to the city or town by quit claim or deed; and (e) adoption of an interlocal agreement between the special district and the city or town that reimburses the special district for lost assessment revenue from the withdrawn area, that transfers any facilities or improvements owned by the special district to the city or town as agreed between the parties, and that requires the city or town to maintain existing water run-off and water quality levels in the area.

(2) Property in the territory withdrawn from the boundaries of a special district under this section shall remain liable for any special assessments of the special district from which it was withdrawn, if the special assessments are associated with bonds or notes used to finance facilities serving the property, to the same extent as if the withdrawal of property had not occurred. [1993 c 464 § 2.]

**85.38.215 Transfer of territory from one special district to another.**

Territory that is located in one special district may be transferred from that special district to another special district as provided in this section, if a portion of this territory is coterminous with a portion of the boundaries of the special district to which it is transferred. Such a transfer shall be accomplished using the procedures in RCW 85.38.200 for annexing territory, except that the governing body of both special districts must approve the transfer and make findings that the transfer is in the public interest and that the special district to which the territory is transferred is better able to provide the activities and facilities serving the territory than the special district from which the territory is transferred.

Property in the territory so transferred shall remain liable for any special assessments of the special district from which it was transferred, if the special assessments are associated with bonds or notes used to finance facilities serving the property, to the same extent as if the transfer had not occurred.

A transfer of territory also may include the transfer of property, facilities, and improvements owned by one special district to the other special district, with or without consideration being paid. [1987 c 298 § 1.]

**85.38.217 Drainage and drainage improvement districts—Removal of area by first class city—Notice.**

Any portion of a drainage district or drainage improvement district located within the boundaries of a first class city operating a storm drain utility pursuant to RCW 35.67.030 may be removed from the drainage district or drainage improvement district by ordinance of the city. The removal of an area shall not result in the impairment of any contract nor remove the liability or obligation to finance district improvements that serve the area so removed as of the

effective date of the ordinance. Residents of the district to be removed shall be given substantial notice of the impending action and the opportunity to respond to the action. [1991 c 28 § 3.]

#### **85.38.220 Suspension of operations—Procedure—**

**Reactivation.** Any special district may have its operations suspended as provided in this section. The process of suspending a special district's operations may be initiated by: (1) The adoption of a resolution proposing such action by the governing body of the special district; (2) the filing of a petition proposing such action with the county legislative authority of the county in which all or the largest portion of the special district is located, which petition is signed by voters of the special district who own at least ten percent of the acreage in the special district or is signed by ten or more voters of the special district; or (3) the adoption of a resolution proposing such action by the county legislative authority of the county in which all or the largest portion of the special district is located.

A public hearing on the proposed action shall be held by the county legislative authority at which it shall inquire into whether such action is in the public interest. Notice of the public hearing shall be published in a newspaper of general circulation in the special district, posted in at least four locations in the special district to attract the attention of the public, and mailed to the members of the governing body of the special district, if there are any. After the public hearing, the county legislative authority may adopt a resolution suspending the operations of the special district if it finds such suspension to be in the public interest, and shall provide a copy of the resolution to the county treasurer. When a special district is located in more than one county, the legislative authority of each of such counties must so act before the operations of the special district are suspended.

After holding a public hearing on the proposed reactivation of a special district that has had its operations suspended, the legislative authority or authorities of the county or counties in which the special district is located may reactivate the special district by adopting a resolution finding such action to be in the public interest. Notice of the public hearing shall be posted and published as provided for the public hearing on a proposed suspension of a special district's operations. The governing body of a reactivated special district shall be appointed as in a newly created special district.

No special district that owns drainage or flood control improvements may be suspended unless the legislative authority of a county accepts responsibility for operation and maintenance of the improvements during the suspension period. [2001 c 299 § 20; 1986 c 278 § 10.]

**Severability—1986 c 278:** See note following RCW 36.01.010.

#### **85.38.225 Alternative dissolution procedure—Drainage and drainage improvement districts—**

**Conditions.** As an alternative to this chapter a drainage district or drainage improvement district located within the boundaries of a county storm drainage and surface water management utility, and which is not currently imposing assessments, may be dissolved by ordinance of the county

legislative authority. If the alternative dissolution procedure in this section is used the following shall apply:

(1) The county storm drainage and surface water management utility shall assume responsibility for payment or settlement of outstanding debts of the dissolved drainage district or drainage improvement district, and shall notify the county treasurer at such time of the assumption of responsibility.

(2) All assets, including money, funds, improvements, or property, real or personal, shall become assets of the county in which the dissolved drainage district or drainage improvement district was located.

(3) Notwithstanding RCW 85.38.220, the county storm drainage and surface water management utility may determine how to best manage, operate, maintain, improve, exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved drainage district or drainage improvement district, and may determine to modify, cease the operation of, and/or remove any or all facilities or improvements to real property of the dissolved drainage district or drainage improvement district. [2001 c 299 § 21; 1991 c 28 § 2.]

**85.38.230 Special assessment bonds authorized.** A special district may issue special assessment bonds or notes to finance costs related to providing, improving, expanding, or enlarging improvements and facilities if the county legislative authority within which all or the major part of the special district is located authorizes the issuance of such bonds or notes. The decision of a county legislative authority authorizing or failing to authorize a proposed issue of special assessment bonds or notes constitutes a discretionary function, and shall not give rise to a cause of action against the county, county legislative authority, or any member of the county legislative authority. [1986 c 278 § 18.]

**Severability—1986 c 278:** See note following RCW 36.01.010.

#### **85.38.240 Special assessment bonds—Issuance—**

**Terms.** (1) Special assessment bonds and notes issued by special districts shall be issued and sold in accordance with chapter 39.46 RCW, except as otherwise provided in this chapter. The maximum term of any special assessment bond issued by a special district shall be twenty years. The maximum term of any special assessment note issued by a special district shall be five years.

(2) The governing body of a special district issuing special assessment bonds or notes shall create a special fund or funds, or use an existing special fund or funds, from which, along with any special assessment bond guaranty fund the special district has created, the principal of and interest on the bonds or notes exclusively are payable.

(3) The governing body of a special district may provide such covenants as it may deem necessary to secure the payment of the principal of and interest on special assessment bonds or notes, and premiums on special assessment bonds or notes, if any. Such covenants may include, but are not limited to, depositing certain special assessments into a special fund or funds, and establishing, maintaining, and collecting special assessments which are to be placed into the special fund or funds. The special assessments covenanted to be placed into such a special fund or funds after June 11,

1986, only may include all or part of the new system of special assessments imposed for such purposes, pursuant to RCW 85.38.150 and 85.38.160. Special assessment bonds or notes issued after July 26, 1987, may not be payable from special assessments imposed under authorities other than those provided in chapter 85.38 RCW.

**86.09.502 Sale for delinquent assessments—How conducted—Certificate of sale—District as purchaser—Fee.** The owner or person in possession of any real estate offered for sale for assessments due thereon may designate in writing to the county treasurer, by whom the sale is to be made, and prior to the sale, what portion of the property he wishes sold, if less than the whole; but if the owner or possessor does not, then the treasurer may designate it, and the person who will take the least quantity of the land, or in case an undivided interest is assessed, then the smallest portion of the interest, and pay the assessment and costs due, including one dollar to the treasurer for duplicate of the certificate of sale, is the purchaser. The treasurer shall account to the district for said one dollar. If the purchaser does not pay the assessment and costs before ten o'clock a.m. the following day, the property must be resold on the next sale day for the assessments and costs. In case there is no purchaser in good faith for the same on the first day that the property is offered for sale, and if there is no purchaser in good faith when the property is offered thereafter for sale,

the whole amount of the property assessed shall be struck off to the district as the purchaser, and the duplicate certificate shall be delivered to the secretary of the district, and filed by him in the office of the district. No charge shall be made for the duplicate certificate where the district is the purchaser, and in such case the treasurer shall make an entry, "Sold to the district", and he will be credited with the amount thereof in settlement. The district, as a purchaser at said sale, shall be entitled to the same rights as a private purchaser, and may assign or transfer the certificate of sale upon the payment of the amount which would be due if redemption were being made by the owner. If no redemption is made of land for which the district holds a certificate of purchase, the district will be entitled to receive the treasurer's deed therefor in the same manner as a private person would be entitled thereto.

After receiving the amount of assessments and costs, the county treasurer must make out in duplicate a certificate, dated on the day of sale, stating (when known) the names of the persons assessed, a description of the land sold, the amount paid therefor, that it was sold for assessments, giving the amount and the year of assessment, and specifying the time when the purchaser will be entitled to a deed. The certificate must be signed by the treasurer making the sale and one copy delivered to the purchaser, and the other filed in the office of the county treasurer of the county in which the land is situated: PROVIDED, That upon the sale of any lot, parcel or tract of land not larger than an acre, the fee for a duplicate certificate shall be twenty-five cents and in case of a sale to a person or a district, of more than one parcel or tract of land, the several parcels or tracts may be included in one certificate. Such book must be open to public inspection without fee during office hours, when not in actual use.

On filing the certificate of sale as provided in the preceding paragraph, the lien of the assessment vests in the purchaser and is only divested by the payment to the county treasurer making the sale of the purchase money and interest at the rate of ten percent per annum, from the day of sale until redemption for the use of the purchaser. [1937 c 72 § 169; RRS § 9663E-169. Formerly RCW 86.08.610.]

**86.09.508 Sale for delinquent assessments—Redemption, when and how made.** A redemption of the property sold may be made by the owner or any person on behalf and in the name of the owner or by any party in interest at any time before deed issues, by paying the amount of the purchase price and interest as in this chapter provided, and the amount of any assessments which such purchaser may have paid thereon after purchase by him and during the

period of redemption in this section provided, together with like interest on such amount, and if the district is the purchaser, the redemptioner shall not be required to pay the amount of any district assessment levied subsequent to the assessment for which said land was sold, but all subsequent and unpaid assessments levied upon said land to the date of such redemption shall remain a lien and be payable and the land be subject to sale and redemption at the times applicable to such subsequent annual district assessment. Redemption must be made in legal tender, as provided for the collection of state and county taxes, and the county treasurer must credit the amount paid to the person named in the certificate and pay it on demand to such person or his assignees. No redemption shall be made except to the county treasurer of the county in which the land is situated. [1937 c 72 § 170; RRS § 9663E-170. Formerly RCW 86.08.620.]

If the property is not redeemed within two years, after the fifteenth day of January of the year in which such property was sold, the county treasurer of the county in which the land sold is situated must thereafter, upon demand of the owner of the certificate of sale, make to the purchaser, or his assignees a deed of the property, reciting in the deed substantially the matters contained in the certificate, and that no person redeemed the property during the time allowed by law for its redemption. The treasurer shall receive from the purchaser, for the use of the district, one dollar for making such deed: PROVIDED, If redemption is not made of any lot, parcel or tract of land not larger than one acre, the fee for a deed shall be twenty-five cents and when any person or district holds a duplicate certificate covering more than one tract of land, the several parcels, or tracts of lands, mentioned in the certificate may be included in one deed. Third. That the assessments were levied in accordance with law.

Fourth. The assessments were not paid.

Fifth. At a proper time and place the property was sold as prescribed by law and by the proper officers.

Sixth. The property was not redeemed.

Seventh. The person who executed the deed was the proper officer.

Such deed, duly acknowledged or proved, is (except as against actual fraud) conclusive evidence of the regularity of all the proceedings from the assessments by the secretary, inclusive, up to the execution of the deed. The deed

conveys to the grantee the absolute title to the lands described therein, free from all incumbrances except the lien of outstanding general ad valorem taxes and of unmatured special assessments. When title to the land is in the United States or this state, such deed shall be prima facie evidence of the right of possession. [1937 c 72 § 172; RRS § 9663E-172. Formerly RCW 86.08.640, part.]

Any county, for the control of waters subject to flood conditions from streams, tidal or other bodies of water affecting such county, may inside or outside the boundaries of such county, construct, operate and maintain dams and impounding basins and dikes, levees, revetments, bulkheads, rip-rap or other protection; may remove bars, logs, snags and debris from and clear, deepen, widen, straighten, change, relocate or otherwise improve and maintain stream channels, main or overflow; may acquire any real or personal property or rights and interest therein for the prosecution of such works or to preserve any flood plain or regular or intermittent stream channels from any interference to the free or natural flow of flood or storm water; and may construct, operate and maintain any and all other works, structures and improvements necessary for such control; and for any such purpose may purchase, condemn or otherwise acquire land, property or rights, including beds of nonnavigable waters and state, county and school lands and property and may damage any

**86.12.030 Eminent domain, how exercised.** The taking and damaging of land, property or rights therein or thereto by any county, either inside or outside of such county, for flood control purposes of the county is hereby declared to be for a public use. Such eminent domain proceedings shall be in the name of the county, shall be had in the county where the property is situated, and may unite in a single action proceedings to condemn for county use property held by separate owners, the jury to return separate verdicts for the several lots, tracts or parcels of land, or interest therein, so taken or damaged. The proceedings may conform to the provisions of \*sections 921 to 926, inclusive, of Remington's Revised Statutes, or to any general law now or hereafter enacted governing eminent domain proceedings by counties. The title so acquired by the county shall be the fee simple title or such lesser estate as shall be designated in the decree of appropriation. The awards in and costs of such proceedings shall be payable out of the river improvement fund. [1941 c 204 § 10; 1907 c 66 § 3; Rem. Supp. 1941 § 9627.]

**\*Reviser's note:** "Sections 921 to 926, inclusive, of Remington's Revised Statutes" (except for section 923) are codified as RCW 8.20.010 through 8.20.080. Section 923 was repealed by 1935 c 115 § 1 but compare the first paragraph of RCW 8.28.010 relating to the same subject matter as the repealed section.

**86.12.033 Expenses to be paid out of river improvement fund.** All expenses to be incurred in accomplishing the objects authorized by this act shall be paid out of said river improvement fund and which fund shall be used for no other purpose than the purposes contemplated by this chapter. [1907 c 66 § 4; RRS § 9628. Formerly RCW 86.12.010, part.]

**86.12.034 County entitled to abandoned channels, beds, and banks.** Whenever a county of this state, acting pursuant to RCW 86.12.010 through 86.12.033, shall make an improvement in connection with the course, channel or flow of a navigable river, thereby causing it to abandon its existing channel, bed, bank or banks for the entire distance covered by said improvement, or for any part or portion thereof, or by said improvement shall prevent a river from resuming at a future time an ancient or abandoned channel or bed, or shall construct improvements intended so to do, all the right, title and interest of the state of Washington in and to said abandoned channel or channels, bed or beds, bank or banks, up to and including the line of ordinary high water, shall be and the same is hereby given, granted and

conveyed to the county making such improvement: PROVIDED, HOWEVER, That any such gift, grant or conveyance shall be subject to any right, easement or interest heretofore given, granted or conveyed to any agency of the state. [1963 c 90 § 1.]

#### IMMUNITY FROM LIABILITY

##### **86.12.037 Liability of county or counties to others.**

No action shall be brought or maintained against any county alone or when acting jointly with any other county under any law, its or their agents, officers or employees, for any noncontractual acts or omissions of such county or counties, its or their agents, officers or employees, relating to the improvement, protection, regulation and control for flood prevention and navigation purposes of any river or its tributaries and the beds, banks and waters thereof: PROVIDED, That nothing contained in this section shall apply to or affect any action now pending or begun prior to the passage of this section. [1921 c 185 § 1; RRS § 9663. Formerly RCW 87.12.180.]

#### COMPREHENSIVE FLOOD CONTROL MANAGEMENT PLANS

**86.12.200 Comprehensive flood control management plan—Elements.** The county legislative authority of any county may adopt a comprehensive flood control management plan for any drainage basin that is located wholly or partially within the county.

A comprehensive flood control management plan shall include the following elements:

(1) Designation of areas that are susceptible to periodic flooding, from inundation by bodies of water or surface water runoff, or both, including the river's meander belt or floodway;

(2) Establishment of a comprehensive scheme of flood control protection and improvements for the areas that are subject to such periodic flooding, that includes: (a) Determining the need for, and desirable location of, flood control improvements to protect or preclude flood damage to structures, works, and improvements, based upon a cost/benefit ratio between the expense of providing and maintaining these improvements and the benefits arising from these improvements; (b) establishing the level of flood protection that each portion of the system of flood control improvements will be permitted; (c) identifying alternatives to in-stream flood control work; (d) identifying areas where flood waters could be directed during a flood to avoid damage to buildings and other structures; and (e) identifying sources of revenue that will be sufficient to finance the comprehensive scheme of flood control protection and improvements;

(3) Establishing land use regulations that preclude the location of structures, works, or improvements in critical portions of such areas subject to periodic flooding, including a river's meander belt or floodway, and permitting only flood-compatible land uses in such areas;

(4) Establishing restrictions on construction activities in areas subject to periodic floods that require the flood proofing of those structures that are permitted to be constructed or remodeled; and

(5) Establishing restrictions on land clearing activities and development practices that exacerbate flood problems by increasing the flow or accumulation of flood waters, or the intensity of drainage, on low-lying areas. Land clearing activities do not include forest practices as defined in chapter 76.09 RCW.

A comprehensive flood control management plan shall be subject to the minimum requirements for participation in the national flood insurance program, requirements exceeding the minimum national flood insurance program that have been adopted by the department of ecology for a specific flood plain pursuant to RCW 86.16.031, and rules adopted by the department of ecology pursuant to RCW 86.26.050 relating to flood plain management activities. When a county plans under chapter 36.70A RCW, it may incorporate the portion of its comprehensive flood control management plan relating to land use restrictions in its comprehensive plan and development regulations adopted pursuant to chapter 36.70A RCW. [1991 c 322 § 3.]

**Findings—Intent—1991 c 322:** "(1) The legislature finds that:

(a) Floods pose threats to public health and safety including loss or endangerment to human life; damage to homes; damage to public roads, highways, bridges, and utilities; interruption of travel, communication, and commerce; damage to private and public property; degradation of water quality; damage to fisheries, fish hatcheries, and fish habitat; harm to livestock; destruction or degradation of environmentally sensitive areas; erosion of soil, stream banks, and beds; and harmful accumulation of soil and debris in the beds of streams or other bodies of water and on public and private lands;

(b) Alleviation of flood damage to property and to public health and safety is a matter of public concern;

(c) Many land uses alter the pattern of runoff by decreasing the ability of upstream lands to store waters, thus increasing the rate of runoff and attendant downstream impacts; and

(d) Prevention of flood damage requires a comprehensive approach, incorporating storm water management and basin-wide flood damage protection planning.

(2) County legislative authorities are encouraged to use and coordinate all the regulatory, planning, and financing mechanisms available to those jurisdictions to address the problems of flooding in an equitable and comprehensive manner.

(3) It is the intent of the legislature to develop a coordinated and comprehensive state policy to address the problems of flooding and the minimization of flood damage." [1991 c 322 § 1.]

**Purpose—1991 c 322:** "The purpose of sections 3 through 13 of this act is to permit counties in cooperation and consultation with cities and towns to adopt a comprehensive system of flood control management and protection within drainage basins and to coordinate the flood control activities of the state, counties, cities, towns, and special districts within such drainage basins." [1991 c 322 § 2.]

##### **86.12.210 Comprehensive flood control management plan—Participation of local officials—Arbitration of disputed issues.**

A comprehensive flood control management plan that includes an area within which a city or town, or a special district subject to chapter 85.38 RCW, is located shall be developed by the county with the full participation of officials from the city, town, or special district, including conservation districts, and appropriate state and federal agencies. Where a comprehensive flood control management plan is being prepared for a river basin that is part of the common boundary between two counties, the county legislative authority of the county preparing the plan may allow participation by officials of the adjacently located county.

Following adoption by the county, city, or town, a comprehensive flood control management plan shall be binding on each jurisdiction and special district that is

located within an area included in the plan. If within one hundred twenty days of the county's adoption, a city or town does not adopt the comprehensive flood control management plan, the city or county shall request arbitration on the issue or issues in dispute. If parties cannot agree to the selection of an arbitrator, the arbitrator shall be selected according to the process described in RCW 7.04.050. The cost of the arbitrator shall be shared equally by the participating parties and the arbitrator's decision shall be binding. Any land use regulations and restrictions on construction activities contained in a comprehensive flood control management plan applicable to a city or town shall be minimum standards that the city or town may exceed. A city or town undertaking flood or storm water control activities consistent with the comprehensive flood control management plan shall retain authority over such activities. [1991 c 322 § 4.]

**Findings—Intent—Purpose—1991 c 322:** See notes following RCW 86.12.200.

**86.12.220 Advisory committees.** A county may create one or more advisory committees to assist in the development of proposed comprehensive flood control management plans and to provide general advice on flood problems. The advisory committees may include city and town officials, officials of special districts subject to chapter 85.38 RCW, conservation districts, appropriate state and federal officials, and officials of other counties and other interested persons. [1991 c 322 § 5.]

**Findings—Intent—Purpose—1991 c 322:** See notes following RCW 86.12.200.

#### JOINT COUNTY CONTROL—1913 ACT

**86.13.010 Boundary line rivers—Contract to control.** Wherever and whenever a river is or shall be the boundary line or part of the boundary line between two counties, or it, or its tributaries or outlet or part thereof, flows through parts of two counties, and the waters thereof have in the past been the cause of damage, by inundation or

otherwise, to the roads, bridges or other public property situate in or to other public interests of both such counties, or the flow of such waters shall have alternated between the said counties so at one time or times such waters shall have caused damage to one county and at another time or times to the other county, and it shall be deemed by the boards of county commissioners of both counties to be for the public interests of their respective counties that the flow of such waters be definitely confined to a particular channel, situate in whole or in part in either county, in a manner calculated to prevent such alternation or to prevent or lessen damage in the future, it shall be lawful for the two counties, and their boards of county commissioners are hereby empowered, pursuant to resolution, to enter into a contract in writing in the names of the respective counties for the purpose of settling all disputes in relation to any such situation, and providing ways and means for the control and disposition of such waters. Any such contract may provide:

(1) That it shall be operative in perpetuity, or only for a term of years or other measure of time to be specified therein.

(2) The amount of money to be expended by each county during each year of the life of said contract, or such other method of determining the amount of expenditure or dividing the financial burden as may be agreed upon.

(3) That an annual tax shall be levied, at the same time and in the same manner as other county taxes are levied, each year during the life of the contract, by the county commissioners of each county. The annual tax herein provided for need not be levied at the same rate for each county, but shall be at such rate in each county as will produce annually the amount of money for each county as is required for the fulfillment of the contract on its part: PROVIDED, HOWEVER, That in no event shall any such tax levy by either county exceed twenty-five cents per thousand dollars of assessed value for any one year.

(4) That the general scheme for the improvement of such river shall be as stated in such contract, but by consent of the contracting parties, pursuant to resolution of each board of county commissioners, such scheme may be modified from time to time during the life of the contract. The contract may but need not provide the details of such scheme, but must designate the general purpose to be accomplished. So far as details are not specified in the contract, same shall be for future determination by joint action of the two boards of county commissioners. Any such contract may be subsequently modified or abrogated by mutual consent evidenced by separate resolution of both boards of county commissioners. [1973 1st ex.s. c 195 § 130; 1913 c 54 § 1; RRS § 9651. Formerly RCW 86.12.040.]

**Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195:** See notes following RCW 84.52.043.

**86.13.020 Expenditure of funds—Joint action generally.** When such a contract shall have been entered into the prosecution of the work of improvement and the expenditure of funds thereof shall be determined upon, controlled and provided for by joint action of the boards of county commissioners of the two counties. So acting jointly, they shall have power to employ subordinates, purchase material or equipment in open market or by contract, let

contracts for work, or cause work to be done by day labor, and to reject any and all bids received for work or material. All vouchers, pay rolls, reports, contracts and bonds on contracts shall be in duplicate, one copy to be filed in the office of the county auditor of each county: PROVIDED, HOWEVER, That the expenditure of said funds must be made in such manner so that the fund from each county is drawn on or expended alternately and such alternate expenditure shall be in proportion to the amount contributed by each county as nearly as may be practicable. [1913 c 54 § 2; RRS § 9652. Formerly RCW 86.12.050 and 86.12.060, part.]

**86.13.030 Tax levy in each county—Intercounty river improvement fund.** When such a contract shall have been entered into it shall be the duty of each of the boards of county commissioners to make for their respective counties, each year, a tax levy at a rate sufficient to meet the requirements of the contract to be performed by the county, or sufficient to provide such lesser amount as the boards of county commissioners shall agree upon for such year, to be evidenced by separate resolution of each board, and when such levy shall be made the same shall be extended upon the tax rolls of the county levying the same as other taxes shall be extended, and shall be collected in the same manner and shall be a lien upon the property as in the case of other taxes. The fund realized in each county by such tax levy shall go into a separate fund in the treasury of the county collecting the same, to be designated intercounty river improvement fund, and the entire fund so collected in the two counties shall be devoted to and be disbursed for the purposes specified in such contract and as in this chapter provided, and for no other purpose, but without regard to the particular county in which the work is performed, material required or expenditure made, it being the intent that the entire fund realized in the two counties shall be devoted to the one common purpose as if the two counties were one county and the two funds one fund. The fund in each county shall be disbursed by the county treasurer of such county upon warrants signed by the county auditor of that county. Such warrants shall be issued by order of the board of county commissioners of such county, or a majority thereof. Each county auditor shall, whenever requested by the county auditor of the other county, furnish the county auditor of the other county a statement of payments into and warrants drawn upon the fund of his county from time to time, and in addition thereto, each county auditor shall on the first Monday of January, April, July and October each year during the life of the contract furnish the other a complete statement thereof. Obligations incurred in the prosecution of such improvement and warrants issued shall be payable only out of said special funds, and no general obligation against or debt of either county shall be created thereby or by any contract entered into by virtue of this chapter, but it is not the intent of this chapter to deny to either county the right to have in the courts any proper proceeding to compel compliance with such contract on the part of the other county. [1913 c 54 § 3; RRS § 9653. Formerly RCW 86.12.100.]

*Limitation on levies: State Constitution Art. 7 § 2 (Amendments 55 and 59); chapter 84.52 RCW.*

**86.13.040 Eminent domain—Procedure—Acquisition by purchase authorized.** When such a contract shall have been entered into the power of eminent domain is hereby vested in each of such counties, to acquire any lands necessary to straighten, widen, deepen, dike or otherwise improve any such river, its tributaries or outlet or to strengthen the banks thereof, or to acquire any land adjacent to such river, or its tributaries, or the right to cut and remove timber upon the same for the purpose of preventing or lessening the falling of timber or brush into the waters of such river or tributaries, or to acquire any rock quarry, gravel deposit or timber for material for the prosecution of such improvement, together with the necessary rights of way for the same, or to acquire any dam site or other property necessary for flood control purposes. Any such land, property or rights may be acquired by purchase instead of by condemnation proceedings. Said right of eminent domain shall extend to lands or other property owned by the state or any municipality thereof. The title to any such lands, property or rights so acquired shall vest in the county in which situate for the benefit of such enterprise and said fund, but when said contract shall have terminated by lapse of time or for any other reason, then such title shall be held by such county independent of any claims whatsoever of the other county, but any material, equipment or other chattel property on hand shall be converted into money and the money divided between the two counties in the ratio of their respective contributions to the fund. The exercise of such rights of eminent domain or purchase shall rest in the joint control of the two boards of county commissioners. Such eminent domain proceedings shall be in the name of and had in the county where the property to be acquired is situate: PROVIDED, If either county shall fail or refuse to institute and prosecute any condemnation proceedings when directed so to do by any legal meeting provided for in RCW 86.13.050, such proceeding may be instituted and prosecuted by and in the name of the other county. The proceedings may conform to the provisions of \*sections 921 to 926, inclusive, of Remington & Ballinger's Annotated Codes and Statutes of Washington, or to any general law now or hereafter enacted governing eminent domain proceedings by counties. The awards in and costs of such proceedings shall be payable out of such funds. The purposes in this act specified are hereby declared to be county purposes of each and both of such counties. [1937 c 117 § 1; 1913 c 54 § 4; RRS § 9654. Formerly RCW 86.12.060, part, and 86.12.070.]

**\*Reviser's note:** "Sections 921 to 926, inclusive, of Remington & Ballinger's Annotated Codes and Statutes" (except for section 923) are codified as RCW 8.20.010 through 8.20.080. Section 923 was repealed by 1935 c 115 § 1 but compare the first paragraph of RCW 8.28.010 relating to the same subject matter as the repealed section.

**86.13.050 Joint county meeting—Procedure.** When such a contract shall have been entered into and occasion shall arise for the joint action of the two boards of county commissioners whether such joint action is provided for in this chapter or otherwise desired upon any matter having relation to such contract or the prosecution of such improvement, such joint action may be secured by a notice calling a joint meeting signed by two county commissioners,

designating the time and place in either county of such meeting, served by one of the two county auditors upon the remaining county commissioners at least seven days (exclusive of the date of service or mailing) prior to the time so designated. If the notice is signed by two county commissioners of the same county the place of meeting shall be at some place in the other county designated in the notice. Such service may be personal or by mail addressed to the member in care of the county auditor of his county. The six county commissioners may constitute a legal meeting without notice by being present together for that purpose. The auditor's certificate of such personal service or mailing, attached to a copy of the notice, shall be made a part of the records of the meeting and be competent proof of the fact. Except in the case hereinafter provided for, the presence of four of the county commissioners shall be necessary to constitute a legal meeting. Each meeting shall be presided over by one of those present selected by vote. The county auditor of the county wherein the meeting is held shall be secretary of the meeting, and shall make duplicate record of its proceedings, one of which, with his certificate thereon, shall be forwarded to the county auditor of the other county, and such record shall be a part of the record of the board of county commissioners of each county. A majority vote of those present at any legal meeting shall be determinative upon any question properly considered at the meeting, and shall be binding upon each county as if enacted or adopted by its own board of county commissioners separately, but no joint meeting whatsoever shall in any manner continue, extend, change, alter, modify or abrogate the contract when made or any of the terms and conditions contained therein. Each county commissioner shall be paid out of said fund in his own county all disbursements made by him for traveling and other expenses incurred in attending any joint meeting or in any way connected with the prosecution of the improvement. Any legal meeting shall have power to adjourn to another time and place. An adjourned meeting shall have all the powers of the meeting of which it is an adjournment, but shall have no power after the end of the thirtieth day following the date of the original meeting of which it is an adjournment. If the three county commissioners of either county shall fail to attend any two meetings consecutively called, the notice for the next succeeding meeting may be also served upon the special commissioner hereinafter provided for, and if he and three county commissioners attend pursuant to such notice the four shall constitute a legal meeting, but if he does not so attend and three county commissioners do attend, the same shall constitute a legal meeting: PROVIDED, All notices calling a joint meeting shall specify distinctly and separately each question to be considered at said meeting; and it shall be unlawful to consider any question at such meeting or at any adjourned meeting thereof except those which have been distinctly and separately specified, except in cases where all six county commissioners are present or five county commissioners present are unanimous on the question, and in any action which may be taken on any question other than those specified in the notice shall be void and shall not be binding on either county, except in cases where all six county commissioners are present or the action was by unanimous vote of five county commissioners present at such meeting.

[1913 c 54 § 5; RRS § 9655. Formerly RCW 86.12.060, part, and 86.12.120 through 86.12.140.]

**86.13.060 Special commissioner—Powers and duties—Compensation.** When such a contract shall have been entered into there shall be designated at the first legal joint meeting, or adjournment thereof, held in each calendar year a special commissioner to serve as such until the first joint meeting held in the ensuing year. If such designation shall not be made at any such first annual meeting, the United States engineer in charge of the district in which such improvement is located shall be such special commissioner until the next succeeding first annual meeting. If a special commissioner shall for any reason fail to serve as such officer, or be removed by unanimous vote of any legal meeting, a successor to him may be chosen at any subsequent legal joint meeting during his term. Such special commissioner shall have power to attend and vote at any joint meeting in the following cases and none other, to wit: (1) In cases specially so provided in RCW 86.13.050 hereof; (2) in any case where the vote of any such joint meeting shall stand equally divided upon any question arising under this chapter or such contract or in the prosecution of the work of improvement. The special commissioner shall have no voice or vote except upon questions on which the vote of the county commissioners is equally divided. The procedure in cases covered by the foregoing subdivision (2) of this section shall be substantially as follows: It shall be the duty of the secretary of the meeting at which the division shall occur, if the attendance of the special commissioner at that meeting is not secured, to forthwith transmit to the special commissioner written notice of the fact of disagreement and the question involved, and of the time and place to which the meeting shall have been adjourned or at which the question will recur. If there shall be no such adjournment of the meeting, or if the secretary shall not give such notice, any two commissioners may in the manner provided in RCW 86.13.050 call a joint meeting for the consideration of the question in dispute, and in such event either county auditor may give such notice to the special commissioner. No informality in the mode of securing the attendance of the special commissioner shall invalidate the proceedings of or any vote taken at any meeting which he shall attend and which he is empowered to attend by the provisions of this chapter. The special commissioner shall receive, to be paid equally out of the two funds, his traveling and other expenses incurred in attending meetings or otherwise in connection with the work of improvement, and such compensation for his services as shall be fixed by the joint meeting which shall have selected him, or failing to be so fixed, his compensation shall be ten dollars per day of actual service. [1913 c 54 § 6; RRS § 9656. Formerly RCW 86.12.150 and 86.12.160.]

**86.13.070 Chapter not exclusive.** Nothing in this chapter contained shall be construed to prevent any county which may be a party to such contract from further caring for any such river or the banks thereof, as authorized so to do by existing laws or by such laws as may be hereafter enacted, provided the rights of neither county, as fixed by

contract, shall be impaired thereby. [1913 c 54 § 7; RRS § 9657. Formerly RCW 86.12.190.]

**86.13.080 Liability as between counties.** No legal claim of any kind or character whatsoever in favor of one county and against the other shall be based upon or created by the enactment hereof, except such as may arise when the contract herein provided for shall have been entered into. After such contract shall have been entered into, should any loss or damage be sustained by either county occasioned by the overflow of any such river, if caused by any act or omission to act of the other county, its officers or agents, or any other cause whatsoever, then such county so suffering or sustaining said loss shall not be entitled to recover therefor from the other county, nor shall any cause of action, legal or equitable be based thereon: PROVIDED, HOWEVER, That if either county shall suffer loss or damage because of the failure or refusal of the other county to perform any such contract on its part to be performed, the injured county shall have a cause of action against the defaulting county to recover the same, but the limit of recovery for any loss or damage suffered in any one year shall not exceed the sum of ten thousand dollars, and any such recovery shall be limited to such special fund, and in no event be recoverable out of the general fund of such defaulting county. If any such loss or damage shall be liquidated in an amount by agreement or by judgment, the defaulting county shall increase its tax levy for said special fund for the ensuing year sufficiently to provide for such liquidated amount: AND PROVIDED FURTHER, That either county may have any proper action in the courts to compel the performance of the contract or any duty imposed thereby or by this chapter. [1913 c 54 § 8; RRS § 9658. Formerly RCW 86.12.170.]

**86.13.090 Issuance of warrants.** When such a contract shall have been entered into, it shall be lawful to issue warrants upon said fund though there be at the time of such issuance no money in the fund, but in such cases the aggregate of such warrants so issued in any year shall not exceed one-half the amount of the next annual tax levy required by such contract. Such warrants shall be stamped by the county treasurer when presented to him for payment, to bear interest at a certain rate thereafter until paid, such rate to be the then current rate as determined by the county auditor. [1913 c 54 § 9; RRS § 9659. Formerly RCW 86.12.110.]

#### JOINT COUNTY CONTROL—SUPPLEMENTAL ACTS

**86.13.100 Lease or disposal of property—Disposition of proceeds.** Whenever two counties of this state, acting under a contract made pursuant to RCW 86.13.010 through 86.13.090, shall make an improvement in connection with the course, channel or flow of a river, shall acquire property by statute, purchase, gift or otherwise, said counties, acting through their boards of county commissioners jointly shall have the power, and are hereby authorized to sell, transfer, trade, lease, or otherwise dispose of said property by public or private, negotiation or sale. The deeds to the property so granted, transferred, leased or sold shall be executed by the chairman of the meeting of the joint boards

of county commissioners, and attested by the secretary of said joint meeting where the sale is authorized. The proceeds of the sale of said property shall be used by said counties for the carrying on, completion or maintenance of said improvement, as directed by the boards of county commissioners of said counties acting jointly. [1915 c 103 § 1; RRS § 9660. Formerly RCW 86.12.080.]

**86.15.020 Zones—Creation.** The board may initiate, by affirmative vote of a majority of the board, the creation of a zone or additional zones within the county, and without reference to an existing zone or zones, for the purpose of undertaking, operating, or maintaining flood control projects or storm water control projects or groups of projects that are of special benefit to specified areas of the county. Formation of a zone may also be initiated by a petition signed by twenty-five percent of the electors within a proposed zone based on the vote cast in the last county general election. If the formation of the zone is initiated by petition, the board shall incorporate the terms of the petition in a resolution

within forty days after receiving the petition from the county auditor. Thereafter, the procedures for establishing a zone shall be the same whether initiated by motion of the board or by a petition of electors.

Petitions shall be in a form prescribed and approved by the county auditor and shall include the necessary legal descriptions and other information necessary for establishment of a zone by resolution. When the sponsors of a petition have acquired the necessary signatures, they shall present the petition to the county auditor who shall thereafter certify the sufficiency of the petition within forty-five days. If the petition is found to meet the requirements specified in this chapter, the auditor shall transmit the petition to the board for their action; if the petition fails to meet the requirements of this chapter, it shall be returned to the sponsors. The bonds may be in any form, including bearer bonds or registered bonds.

Each revenue bond shall state on its face that it is payable from a special fund, naming the fund and the resolution creating the fund.

Revenue bond principal, interest, and all other related necessary expenses shall be payable only out of the appropriate special fund.

A zone or participating zones shall have a lien for delinquent service charges, including interest thereon, against the premises benefited by a flood control improvement or storm water control improvement, which lien shall be superior to all other liens and encumbrances except general taxes and local and special assessments. The lien shall be effective and shall be enforced and foreclosed in the same manner as provided for sewerage liens of cities and towns by RCW 35.67.200 through 35.67.290.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1991 c 322 § 10. Prior: 1983 c 315 § 23; 1983 c 167 § 212; 1967 ex.s. c 136 § 8.]

[1961 c 153 § 18.]

**86.15.190 Abatement of nuisances.** The supervisors may order, on behalf of the zone or participating zones, that an action be brought in the superior court of the county to require the removal of publicly or privately owned structures, improvements, facilities, or accumulations of debris or materials that materially contribute to the dangers of loss of life or property from flood waters. Where the structures, improvements, facilities, or accumulations of debris or materials are found to endanger the public health or safety the court shall declare them a public nuisance, and forthwith order their abatement. If the abatement is not completed within the time ordered by the court, the county may abate the nuisance and charge the cost of the action against the land upon which the nuisance is located, and the payment of the charge may be enforced and collected in the same manner at the same time as county property taxes. [1983 c 315 § 24; 1961 c 153 § 19.]

**Severability—1983 c 315:** See note following RCW 90.03.500.

If the property improvements or assets are surplus to the needs of the district or zone the transfer may be made by private negotiations, but in all other cases the transfers are subject to the approval of a majority of the registered voters within the district or zone. Nothing in this section permits any district or zone to impair the obligations of any debt or contract of the district or zone. [1983 c 315 § 25; 1961 c 153 § 21.]

**Severability—1983 c 315:** See note following RCW 90.03.500.

**86.16.010 Statement of policy—State control assumed.** The legislature finds that the alleviation of recurring flood damages to public and private property and to the public health and safety is a matter of public concern. As an aid in effecting such alleviation the state of Washington, in the exercise of its sovereign and police powers, hereby assumes full regulatory control over the navigable and nonnavigable waters flowing or lying within the borders of the state subject always to the federal control of navigation, to the extent necessary to accomplish the objects of this chapter. In addition, in an effort to alleviate flood damage and expenditures of government funds, the federal government adopted the national flood insurance act of 1968 and subsequently the flood disaster protection act of 1973. The department of ecology is the state agency in Washington responsible for coordinating the flood plain management regulation elements aspects of the national flood insurance program. [1987 c 523 § 1; 1935 c 159 § 1; RRS § 9663A-1.]

**86.16.020 Flood plain management regulation.** Statewide flood plain management regulation shall be exercised through: (1) Local governments' administration of the national flood insurance program regulation requirements, (2) the establishment of minimum state requirements for flood plain management that equal the minimum federal requirements for the national flood insurance program, and (3) the issuance of regulatory orders. This regulation shall be exercised over the planning, construction, operation and maintenance of any works, structures and improvements, private or public, which might, if improperly planned, constructed, operated and maintained, adversely influence the regimen of a stream or body of water or might adversely affect the security of life, health and property against damage by flood water. **86.16.041 Flood plain management ordinances and amendments—Filing with the department of ecology—Disapproval by the department—Adoption of rules for repair or replacement of existing residential structures.**

(1) Beginning July 26, 1987, every county and incorporated city and town shall submit to the department of ecology any new flood plain management ordinance or amendment to any existing flood plain management ordinance. Such ordinance or amendment shall take effect thirty days from filing with the department unless the department disapproves such ordinance or amendment within that time period.

(2) The department may disapprove any ordinance or amendment submitted to it under subsection (1) of this section if it finds that an ordinance or amendment does not comply with any of the following:

(a) Restriction of land uses within designated floodways including the prohibition of construction or reconstruction, repair, or replacement of residential structures, except for: (i) Repairs, reconstruction, or improvements to a structure which do not increase the ground floor area; and (ii) repairs, reconstruction, or improvements to a structure the cost of which does not exceed fifty percent of the market value of the structure either, (A) before the repair, reconstruction, or repair is started, or (B) if the structure has been damaged, and is being restored, before the damage occurred. Any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications that have been identified by the local code or building enforcement official and which are the minimum necessary to ensure safe living conditions shall not be included in the fifty percent determination. However, the floodway prohibition in this subsection does not apply to existing farmhouses in designated floodways that meet the provisions of subsection (3) of this section, or to substantially damaged residential structures other than farmhouses that meet the depth and velocity and erosion analysis in subsection (4) of this section, or to structures identified as historic places;

(b) The minimum requirements of the national flood insurance program; and

(c) The minimum state requirements adopted pursuant to RCW 86.16.031(8) that are applicable to the particular county, city, or town.

(3) Repairs, reconstruction, replacement, or improvements to existing farmhouse structures located in designated floodways and which are located on lands designated as agricultural lands of long-term commercial significance under RCW 36.70A.170 shall be permitted subject to the following:

(d) A replacement farmhouse shall not exceed the total square footage of encroachment of the farmhouse it is replacing;

(e) A farmhouse being replaced shall be removed, in its entirety, including foundation, from the floodway within ninety days after occupancy of a new farmhouse;

(f) For substantial improvements, and replacement farmhouses, the elevation of the lowest floor of the improvement and farmhouse respectively, including basement, is a minimum of one foot higher than the base flood elevation;

(g) New and replacement water supply systems are designed to eliminate or minimize infiltration of flood waters into the system;

(h) New and replacement sanitary sewerage systems are designed and located to eliminate or minimize infiltration of flood water into the system and discharge from the system into the flood waters; and

(4) For all substantially damaged residential structures other than farmhouses that are located in a designated floodway, the department, at the request of the town, city, or county with land use authority over the structure, is authorized to assess the risk of harm to life and property posed by the specific conditions of the floodway, and, based upon scientific analysis of depth, velocity, and flood-related erosion, may exercise best professional judgment in recommending to the permitting authority, repair, replacement, or relocation of such damaged structures. The effect of the department's recommendation, with the town, city, or county's concurrence, to allow repair or replacement of a substantially damaged residential structure within the designated floodway is a waiver of the floodway prohibition.

**86.18.010 Declaration of purpose.** Economic development and growth of the state is dependent on the control of flood waters. The legislature declares, in the exercise of its sovereign and police powers, that the purpose of this chapter is to provide for contributions of funds for assisting political subdivisions of the state in the protection of lands from inundation; the protection of public highways; the control of storm drainage; the maintenance of stream channels and water courses; and the protection of life and property.

It is the intent of the legislature that funds be provided to political subdivisions of the state to assist in the development of those flood control improvements and projects, which cannot be reasonably and practicably financed through the normal methods of financing available to such political subdivisions. [1967 ex.s. c 136 § 1.]

**86.18.030 Conditions and limitations on expenditures and contributions from appropriations—Warrants.** Funds shall be expended and contributions made to a political subdivision of the state from flood control appropriations only after:

(1) The project for which the funds are to be used has been approved by the department of ecology in accordance with the regulatory provisions of chapter 86.16 RCW.

(2) Engineering studies and plans have been made and filed with the county engineer of the county in which the project is located, or the county engineers of all counties in which the project is located, if it is located in more than one county.

(3) The estimate of cost of acquisition of necessary lands, rights of way and construction of the project or improvements, together with adequate supporting data have been completed and filed with the department of ecology.

(4) A comprehensive plan for the area involved has been completed and filed with the department.

(5) The political subdivision desiring a contribution has made an application for a contribution to the department showing the estimated cost of the project and the requested contribution.

(6) Federal funds are available for contribution for payment of a portion of the cost of the project.

The director of ecology is authorized to determine when these conditions have been met and to request the proper warrant for the state's contribution. Contributions to a political subdivision for a specific project shall not exceed fifty percent of the cost of acquisition of necessary lands and rights of way, and construction of the project or works of improvement. [1987 c 109 § 63; 1980 c 32 § 12; 1967 ex.s. c 136 § 3.]

**86.26.005 Declaration of purpose.** It is the purpose of the state in the exercise of its sovereign and police powers and in the interest of public welfare, to establish a state and local participating flood control maintenance policy. [1951 c 240 § 2.]

**86.26.007 Flood control assistance account—Use.** The flood control assistance account is hereby established in the state treasury. At the beginning of the 1997-99 fiscal biennium and each biennium thereafter the state treasurer shall transfer four million dollars from the general fund to the flood control assistance account. Moneys in the flood control assistance account may be spent only after appropriation for purposes specified under this chapter or, during the 1997-99 fiscal biennium, for transfer to the disaster response account. [1997 c 149 § 914; 1996 c 283 § 903; 1995 2nd sp.s. c 18 § 915; 1993 sp.s. c 24 § 928; 1991 sp.s. c 13 § 24; 1986 c 46 § 1; 1985 c 57 § 88; 1984 c 212 § 1.]

**Severability—Effective date—1997 c 149:** See notes following RCW 43.08.250.

**Severability—Effective date—1996 c 283:** See notes following RCW 43.08.250.

**Effective date—1985 c 57:** See note following RCW 18.04.105.

**86.26.010 Administration and enforcement.** The department of ecology shall have charge for the state of the administration and enforcement of all laws relating to flood control. [1984 c 212 § 2; 1951 c 240 § 3.]

**86.26.040 Duties of local engineer—Approval of plans, etc., by department of ecology—Grants to prepare comprehensive flood control management plan.** Whenever state grants under this chapter are used in a flood control maintenance project, the engineer of the county within which the project is located shall approve all plans for the specific project and shall supervise the work. The approval of such plans, construction and expenditures by the department of ecology, in consultation with the department of fish and wildlife, shall be a condition precedent to state participation in the cost of any project beyond planning and designing the specific project.

Additionally, state grants may be made to counties for preparation of a comprehensive flood control management plan required to be prepared under RCW 86.26.050. [1994 c 264 § 77; 1988 c 36 § 63; 1986 c 46 § 2; 1984 c 212 § 3; 1951 c 240 § 6.]

**86.26.050 Projects in which state will participate—Allocation of funds.** (1) State participation shall be in such preparation of comprehensive flood control management plans under this chapter and chapter 86.12 RCW, cost sharing feasibility studies for new flood control projects, projects pursuant to section 33, chapter 322, Laws of 1991,

(2002 Ed.)

and flood control maintenance projects as are affected with a general public and state interest, as differentiated from a private interest, and as are likely to bring about public benefits commensurate with the amount of state funds allocated thereto.

(2) No participation for flood control maintenance projects may occur with a county or other municipal corporation unless the director of ecology has approved the flood plain management activities of the county, city, or town having planning jurisdiction over the area where the flood control maintenance project will be, on the one hundred year flood plain surrounding such area.

The department of ecology shall adopt rules concerning the flood plain management activities of a county, city, or town that are adequate to protect or preclude flood damage to structures, works, and improvements, including the restriction of land uses within a river's meander belt or floodway to only flood-compatible uses. Whenever the department has approved county, city, and town flood plain management activities, as a condition of receiving an allocation of funds under this chapter, each revision to the flood plain management activities must be approved by the department of ecology, in consultation with the department of fish and wildlife.

No participation with a county or other municipal corporation for flood control maintenance projects may occur unless the county engineer of the county within which the flood control maintenance project is located certifies that a comprehensive flood control management plan has been completed and adopted by the appropriate local authority, or is being prepared for all portions of the river basin or other area, within which the project is located in that county, that are subject to flooding with a frequency of one hundred years or less.

(3) Participation for flood control maintenance projects and preparation of comprehensive flood control management plans shall be made from grants made by the department of ecology from the flood control assistance account. Comprehensive flood control management plans, and any revisions to the plans, must be approved by the department of ecology, in consultation with the department of fish and wildlife. The department may only grant financial assistance to local governments that, in the opinion of the department, are making good faith efforts to take advantage of, or comply with, federal and state flood control programs. [1994 c 264 § 78; 1991 c 322 § 6; 1988 c 36 § 64; 1986 c 46 § 3; 1985 c 454 § 1; 1984 c 212 § 4; 1951 c 240 § 7.]

**Findings—Intent—Purpose—1991 c 322:** See notes following RCW 86.12.200.

**86.26.060 Allocation of funds.** Grants for flood control maintenance shall be so employed that as far as possible, funds will be on hand to meet unusual, unforeseeable and emergent flood conditions. Allocations by the department of ecology, for emergency purposes, shall in each instance be in amounts which together with funds provided by local authority, if any, under reasonable exercise of its emergency powers, shall be adequate for the preservation of life and property, and with due regard to similar needs elsewhere in the state. [1984 c 212 § 5; 1951 c 240 § 8.]

**86.26.070 Flood control maintenance fund of municipal corporation—Composition—Use.** Any municipal corporation subject to flood conditions, may establish in its treasury a flood control maintenance fund. Such fund may be maintained by transfer thereto of moneys derived from regular or special lawful levies for flood control purposes, moneys which may be lawfully transferred to it from any other municipal fund; and gifts and contributions received for flood control purposes. All costs and expenses for flood control maintenance purposes shall be paid out of said flood control maintenance fund, which fund shall not be used for any other purpose. [1951 c 240 § 9.]

**86.26.080 Annual budget reports of municipal corporations—Allocation of funds.** Any municipal corporation intending to seek state participating funds shall, within thirty days after final adoption of its annual budget for flood control purposes, report the amount thereof, to the engineer of the county within whose boundaries the municipal corporation lies. The county engineer shall submit such reports, together with reports from the county itself, to the department of ecology. On the basis of all such budget reports received, the department may thereupon prepare a tentative and preliminary plan for the orderly and most beneficial allocation of funds from the flood control assistance account for the ensuing calendar year. Soil conservation districts shall be exempted from the provisions of this section. [1984 c 212 § 6; 1951 c 240 § 10.]

**86.26.090 Scope of maintenance in which state will participate.** The state shall participate with eligible local authorities in maintaining and restoring the normal and reasonably stable river and stream channel alignment and the normal and reasonably stable river and stream channel capacity for carrying off flood waters with a minimum of damage from bank erosion or overflow of adjacent lands and property; and in restoring, maintaining and repairing natural conditions, works and structures for the maintenance of such conditions. State participation in the repair of flood control facilities may include the enhancement of such facilities. The state shall likewise participate in the restoration and maintenance of natural conditions, works or structures for the protection of lands and other property from inundation or other damage by the sea or other bodies of water. Funds from the flood control assistance account shall not be available for maintenance of works or structures maintained solely for the detention or storage of flood waters. [1991 c 322 § 7; 1984 c 212 § 7; 1951 c 240 § 11.]

**Findings—Intent—Purpose—1991 c 322:** See notes following RCW 86.12.200.

**86.26.100 Agreement as to participation—Limit on amount.** State participation in the cost of any flood control maintenance project shall be provided for by a written memorandum agreement between the director of ecology and the legislative authority of the county submitting the request, which agreement, among other things, shall state the estimated cost and the percentage thereof to be borne by the state. In no instance, except on emergency projects, shall the state's share exceed seventy-five percent of the total cost of the project, to include project planning and design. Grants

for cost sharing feasibility studies for new flood control projects shall not exceed fifty percent of the matching funds that are required by the federal government, and shall not exceed twenty-five percent of the total costs of the feasibility study. However, grants to prepare a comprehensive flood control management plan required under RCW 86.26.050 shall not exceed seventy-five percent of the full planning costs, but not to exceed amounts for either purpose specified in rule and regulation by the department of ecology. [2000 c 20 § 1; 1991 c 322 § 8; 1986 c 46 § 4; 1984 c 212 § 8; 1951 c 240 § 12.]

**Findings—Intent—Purpose—1991 c 322:** See notes following RCW 86.12.200.

**86.26.105 Comprehensive flood control management plan—Requirements—Time for completion.** A comprehensive flood control management plan shall determine the need for flood control work, consider alternatives to in-stream flood control work, identify and consider potential impacts of in-stream flood control work on the state's in-stream resources, and identify the river's meander belt or floodway. A comprehensive flood control management plan shall be completed and adopted within at least three years of the certification that it is being prepared, as provided in RCW 86.26.050.

If after this three-year period has elapsed such a comprehensive flood control plan has not been completed and adopted, grants for flood control maintenance projects shall not be made to the county or municipal corporations in the county until a comprehensive flood control plan is completed and adopted by the appropriate local authority. These limitations on grants shall not preclude allocations for emergency purposes made pursuant to RCW 86.26.060. [1986 c 46 § 5; 1984 c 212 § 9.]

- Reviser's note:** The language "this act," "this chapter," and words of similar import appear throughout chapter 87.03 RCW. This chapter is almost entirely comprised of the basic irrigation act of 1889-90 p 671 et seq. as amended and as expressly added thereto by subsequent enactments. The chapter is codified in the session law order of the basic act with a few independent sections which are in pari materia being also codified herein. Many sections were added to the basic law by being expressly added to the chapter of the code or compilation in which the basic act was currently published at the time of the particular enactment. Similarly many sections have been amended by reference to the compilation number only. Some of these sections contain legislative language "this act," "this chapter," or both, which appear in the session law either as original legislative language or reenactments by the legislature of a compiler's translation. Therefore, throughout chapter 87.03 RCW such language is retained wherever it appears in the most recent session law enactment. Situations concerning effective dates of particular acts or having express restrictive application are otherwise specially noted.

The alteration of the boundaries of an irrigation district, including but not limited to a consolidation, addition of lands, exclusion of lands, or merger, may be subject to potential review by a boundary review board under chapter 36.93 RCW. [1989 c 84 § 66.]
- 87.03.005 District proposed—Powers, when organized.** Whenever fifty or a majority of the holders of title to, or of evidence of title to land susceptible of "irrigation" desire to organize an irrigation district for any or all of the purposes mentioned in RCW 87.03.010 and 87.03.015, they may propose the organization of an irrigation district in the manner provided herein; and when so organized, such district shall have all the powers that may now or hereafter be conferred by law. [1923 c 138 § 1; 1917 c 162 § 1; 1915 c 179 § 1; 1895 c 165 § 1; 1889-90 p 671 § 1; RRS § 7417. Formerly RCW 87.01.020, part.]
- 87.03.010 Certain purposes for which district may be formed.** An irrigation district may be organized or maintained for any or all the following purposes:

(1) The construction or purchase of works, or parts of same, for the irrigation of lands within the operation of the district.

(2) The reconstruction, repair or improvement of existing irrigation works.

(3) The operation or maintenance of existing irrigation works.

(4) The construction, reconstruction, repair or maintenance of a system of diverting conduits from a natural source of water supply to the point of individual distribution for irrigation purposes.

(5) The execution and performance of any contract authorized by law with any department of the federal government or of the state of Washington, for reclamation and irrigation purposes.

(6) The performance of all things necessary to enable the district to exercise the powers herein granted. [1923 c 138 § 2, part; RRS § 7417-1. Formerly RCW 87.01.010.]

**87.03.013 Development of hydroelectric generation capabilities—Legislative finding, intent—Limitation.** The legislature finds that a significant potential exists for the development of the hydroelectric generation capabilities of present and future irrigation systems serving irrigation districts. The legislature also finds that the development of such hydroelectric generation capabilities is beneficial to the present and future electrical needs of the citizens of the state of Washington, furthers a state purpose and policy, and is in the public interest. The legislature further finds that it is necessary to revise and add to the authority of irrigation districts to obtain the most favorable interest rates possible in the financing of irrigation district projects which serve the agricultural community and hydroelectric facilities. It is the intent of the legislature to provide irrigation districts with the authority to develop these hydroelectric generation capabilities in connection with irrigation facilities. Further, it is the intent of the legislature that the development of hydroelectric generation capabilities pursuant to \*this 1979 act not become the sole purpose or function of irrigation districts in existence on May 14, 1979, nor become a major function of irrigation districts created after that date. Nothing herein shall authorize an irrigation district to sell electric power or energy to any municipal corporation not engaged in the distribution of electric power or energy. [1979 ex.s. c 185 § 1.]

**\*Reviser's note:** For codification of "this 1979 act" [1979 ex.s. c 185], see Codification Tables, Volume 0.

**Effective date—1979 ex.s. c 185:** "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately." [1979 ex.s. c 185 § 24.] Because of this emergency section the effective date of 1979 ex.s. c 185 was May 14, 1979.

**Severability—1979 ex.s. c 185:** "If any provision of this 1979 act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 185 § 23.]

**87.03.015 Certain powers of district enumerated.** Any irrigation district, operating and maintaining an irrigation system, in addition to other powers conferred by law, shall have authority:

(1) To purchase and sell electric power to the inhabitants of the irrigation district for the purposes of irrigation

and domestic use, to acquire, construct, and lease dams, canals, plants, transmission lines, and other power equipment and the necessary property and rights therefor and to operate, improve, repair, and maintain the same, for the generation and transmission of electrical energy for use in the operation of pumping plants and irrigation systems of the district and for sale to the inhabitants of the irrigation district for the purposes of irrigation and domestic use; and, as a further and separate grant of authority and in furtherance of a state purpose and policy of developing hydroelectric capability in connection with irrigation facilities, to construct, finance, acquire, own, operate, and maintain, alone or jointly with other irrigation districts, boards of control, other municipal or quasi-municipal corporations or cooperatives authorized to engage in the business of distributing electricity, or electrical companies subject to the jurisdiction of the utilities and transportation commission, hydroelectric facilities including but not limited to dams, canals, plants, transmission lines, other power equipment, and the necessary property and rights therefor, located within or outside the district, for the purpose of utilizing for the generation of electricity, water power made available by and as a part of the irrigation water storage, conveyance, and distribution facilities, waste ways, and drainage water facilities which serve irrigation districts, and to sell any and all the electric energy generated at any such hydroelectric facilities or the irrigation district's share of such energy, to municipal or quasi-municipal corporations and cooperatives authorized to engage in the business of distributing electricity, and electrical companies subject to the jurisdiction of the utilities and transportation commission, or to other irrigation districts, and on such terms and conditions as the board of directors shall determine, and to enter into contracts with other irrigation districts, boards of control, other municipal or quasi-municipal corporations and cooperatives authorized to engage in the business of distributing electricity, and electrical companies subject to the jurisdiction of the utilities and transportation commission: PROVIDED, That no contract entered into by the board of directors of any irrigation district for the sale of electrical energy from such hydroelectric facility for a period longer than forty years from the date of commercial operation of such hydroelectric facility shall be binding on the district until ratified by a majority vote of the electors of the district at an election therein, called, held and canvassed for that purpose in the same manner as that provided by law for district bond elections.

(2) To construct, repair, purchase, maintain or lease a system for the sale or lease of water to the owners of irrigated lands within the district for domestic purposes.

(3) To construct, repair, purchase, lease, acquire, operate and maintain a system of drains, sanitary sewers, and sewage disposal or treatment plants as herein provided.

(4) To assume, as principal or guarantor, any indebtedness to the United States under the federal reclamation laws, on account of district lands.

(5) To maintain, repair, construct and reconstruct ditches, laterals, pipe lines and other water conduits used or to be used in carrying water for irrigation of lands located within the boundaries of a city or town or for the domestic use of the residents of a city or town where the owners of land within such city or town shall use such works to carry water to the boundaries of such city or town for irrigation,

domestic or other purposes within such city or town, and to charge to such city or town the pro rata proportion of the cost of such maintenance, repair, construction and reconstruction work in proportion to the benefits received by the lands served and located within the boundaries of such city or town, and if such cost is not paid, then and in that event said irrigation district shall have the right to prevent further water deliveries through such works to the lands located within the boundaries of such city or town until such charges have been paid.

(6) To acquire, install and maintain as a part of the irrigation district's water system the necessary water mains and fire hydrants to make water available for fire fighting purposes; and in addition any such irrigation district shall have the authority to repair, operate and maintain such hydrants and mains.

(7) To enter into contracts with other irrigation districts, boards of control, municipal or quasi-municipal corporations and cooperatives authorized to engage in the business of distributing electricity, and electrical companies subject to the jurisdiction of the utilities and transportation commission to jointly acquire, construct, own, operate, and maintain irrigation water, domestic water, drainage and sewerage works, and electrical power works to the same extent as authorized by subsection (1) of this section, or portions of such works.

(8) To acquire from a water-sewer district wholly within the irrigation district's boundaries, by a conveyance without cost, the water-sewer district's water system and to operate the same to provide water for the domestic use of the irrigation district residents. As a part of its acceptance of the conveyance the irrigation district must agree to relieve the water-sewer district of responsibility for maintenance and repair of the system. Any such water-sewer district is authorized to make such a conveyance if all indebtedness of the water-sewer district, except local improvement district bonds, has been paid and the conveyance has been approved by a majority of the water-sewer district's voters voting at a general or special election.

This section shall not be construed as in any manner abridging any other powers of an irrigation district conferred by law. **87.03.016 District may provide street lighting—Limitations.** In addition to other powers conferred by law, an irrigation district is authorized to construct, purchase, lease, or otherwise acquire, maintain, and operate a system for lighting public streets and highways and to enter into a contract or contracts with electric utilities, either public or private, to provide that service. However, no contract entered into by the board for providing street lighting for a

period exceeding ten years is binding upon the district unless ratified by a majority vote of the electors of the district at an election called, held, and canvassed for that purpose in the same manner as provided by law for district bond elections.

The authority granted by this section applies only to an irrigation district that has begun the construction, purchase, lease, or acquisition of a street lighting system by January 1, 1984, or has entered into a contract for that service by that date. [1984 c 168 § 1.]

**87.03.017 District may assist residential owners in financing for conservation of energy—When—Plan—Limitations.** Any irrigation district engaged in the distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of residential structures in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures pursuant to an energy conservation plan adopted by the irrigation district if the cost per unit of energy saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the irrigation district could acquire to meet future demand. Except where otherwise authorized, such assistance shall be limited to:

(1) Providing an inspection of the residential structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment for which financial assistance will be approved and the estimated life cycle savings in energy costs that are likely to result from the installation of such materials or equipment.

(2) Providing a list of businesses who sell and install such materials and equipment within or in close proximity to the service area of the irrigation district, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize such materials in accordance with the prevailing national standards.

(3) Arranging to have approved conservation materials and equipment installed by a private contractor whose bid is acceptable to the owner of the residential structure and verifying such installation.

(4) Arranging or providing financing for the purchase and installation of approved conservation materials and equipment. Such materials and equipment shall be purchased from a private business and shall be installed by a private business or the owner.

(5) Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length. [1982 c 42 § 1. Prior: 1981 c 345 § 3.]

**87.03.0175 District assistance for conservation, improvement, preservation, and efficient use.** (1) Any irrigation district organized under this chapter may, for compensation, reimbursement, or otherwise, within limits established by the state Constitution, assist the owners of

land receiving water distributed by the irrigation district or discharging, with the district's approval, water from the land into irrigation district-maintained facilities to finance, acquire, install, lease, and use equipment, fixtures, programs, and systems to conserve, improve, preserve, and efficiently use the land, water delivered by the irrigation district, or water discharged from the land into irrigation district-maintained facilities. Assistance may include, but is not limited to, grants, loans, and financing to purchase, lease, install, and use approved conservation, improvement, and preservation equipment, fixtures, programs, and systems. The equipment, fixtures, programs, and systems may be leased, purchased, or installed by a private business, the owner of the land, or the irrigation district. "Conserve," "improve," and "preserve" as used in this section, include enhancing the quality of water delivered by the irrigation district or discharged from the land into irrigation district-maintained facilities.

(2) The district may charge the owner and the land if district money or credit is used or extended to provide the assistance in subsection (1) of this section. The district's board of directors may also levy and fix assessments, rates, tolls, and charges and collect them from all persons for whom, and all land on which, district money or credit is provided, or the board may require landowner repayment for landowner assistance by assessments, charges, rates, or tolls in the same manner as provided by RCW 87.03.445. [1999 c 234 § 1.]

**87.03.018 Creation of legal authority to carry out powers—Method—Indebtedness.** Two or more irrigation districts may create a separate legal authority to carry out any or all of the powers described in RCW 87.03.015. To enable such a legal authority to carry out its delegated powers, the irrigation districts creating the authority may assign, convey, or otherwise transfer to it any or all of their respective property, rights, or obligations, including, without limitation, the power to issue revenue obligations and the power of condemnation. Such a legal authority shall be created and organized by contract in the manner described in chapter 39.34 RCW and shall be a separate legal entity.

A separate legal authority shall only have power to incur indebtedness that is repayable from rates, tolls, charges, or contract payments for services or electricity provided by the authority and to pledge such revenues for the payment and retirement of indebtedness issued for the construction or acquisition of hydroelectric facilities. An authority shall not have power to levy taxes or to impose assessments for the payment of obligations of the authority. Every bond or other evidence of indebtedness issued by an authority shall provide (1) that repayment shall be limited solely to the revenues of the authority; and (2) that no member of the authority shall be obligated to repay directly or indirectly any obligation of the authority except to the extent of fair value for services actually received from the authority. No member may pledge its revenues to support the issuance of revenue bonds or other indebtedness of an authority. [1984 c 168 § 5; 1981 c 62 § 1.]

**87.03.020 Organization of district—Petition—Bond—Notice—Hearing—Order—Notice of election.** For

the purpose of organizing an irrigation district, a petition, signed by the required number of holders of title or evidence of title to land within the proposed district, shall be presented to the board of county commissioners of the county in which the lands, or the greater portion thereof, are situated, which petition shall contain the following:

(1) A description of the lands to be included in the operation of the district, in legal subdivisions or fractions thereof, and the name of the county or counties in which said lands are situated.

(2) The signature and post office address of each petitioner, together with the legal description of the particular lands within the proposed district owned by said respective petitioners.

(3) A general statement of the probable source or sources of water supply and a brief outline of the plan of improvement, which may be in the alternative, contemplated by the organization of the district.

(4) A statement of the number of directors, either three or five, desired for the administration of the district and of the name by which the petitioners desire the district to be designated.

(5) Any other matter deemed material.

(6) A prayer requesting the board to take the steps necessary to organize the district.

The petition must be accompanied by a good and sufficient bond, to be approved by the board of county commissioners, in double the amount of the probable cost of organizing the district, and conditioned that the bondsmen will pay all of the cost in case such organization shall not be effected. Said petition shall be presented at a regular meeting of the said board, or at any special meeting ordered to consider and act upon said petition, and shall be published once a week, for at least two weeks (three issues) before the time at which the same is to be presented, in some newspaper of general circulation printed and published in the county where said petition is to be presented, together with a notice signed by the clerk of the board of county commissioners stating the time of the meeting at which the same will be presented. There shall also be published a notice of the hearing on said petition in a newspaper published at Olympia, Washington, to be designated by the director of ecology from year to year, which said notice shall be published for at least two weeks (three issues) prior to the date of said meeting and shall contain the name of the county or counties and the number of each township and range in which the lands embraced within the boundaries of the proposed district are situated, also the time, place and purpose for said meeting, which said notice shall be signed by the petitioner whose name first appears upon the said petition. If any portion of the lands within said proposed district lie within another county or counties, then the said petition and notice shall be published for the time above provided in one newspaper printed and published in each of said counties. The said notice, together with a map of the district, shall also be served by registered mail at least thirty days before the said hearing upon the state director of ecology at Olympia, Washington, who shall, at the expense of the district in case it is later organized, otherwise at the expense of the petitioners' bondsmen, make such investigation of the sufficiency of the source and supply of water for the purposes of the proposed district, as he may deem necessary,

and file a report of his findings, together with a statement of his costs, with the board of county commissioners at or prior to the time set for said hearing. When the petition is presented, the board of county commissioners shall hear the same, shall receive such evidence as it may deem material, and may adjourn such hearing from time to time, not exceeding four weeks in all, and on the final hearing shall establish and define the boundaries of the district along such lines as in the judgment of the board will best reclaim the lands involved and enter an order to that effect: PROVIDED, That said board shall not modify the boundaries so as to except from the operation of the district any territory within the boundaries outlined in the petition, which is susceptible of irrigation by the same system of works applicable to other lands in such proposed district and for which a water supply is available; nor shall any lands which, in the judgment of said board, will not be benefited, be included within such district; any lands included within any district, which have a partial or full water right shall be given equitable credit therefor in the apportionment of the assessments in this act provided for: AND PROVIDED FURTHER, That any owner, whose lands are susceptible of irrigation from the same source, and in the judgment of the board it is practicable to irrigate the same by the proposed district system, shall, upon application to the board at the time of the hearing, be entitled to have such lands included in the district.

At said hearing the board shall also give the district a name and shall order that an election be held therein for the purpose of determining whether or not the district shall be organized under the provisions of this act and for the purpose of electing directors.

The clerk of the board of county commissioners shall then give notice of the election ordered to be held as aforesaid, which notice shall describe the district boundaries as established, and shall give the name by which said proposed district has been designated, and shall state the purposes and objects of said election, and shall be published once a week, for at least two weeks (three issues) prior to said election, in a newspaper of general circulation published in the county where the petition aforesaid was presented; and if any portion of said proposed district lies within another county or counties, then said notice shall be published in like manner in a newspaper within each of said counties. Said election notice shall also require the electors to cast ballots which shall contain the words "Irrigation District—Yes," and "Irrigation District—No," and also the names of persons to be voted for as directors of the district: PROVIDED, That where in this act publication is required to be made in a newspaper of any county, the same may be made in a newspaper of general circulation in such county, selected by the person or body charged with making the publication and such newspaper shall be the official paper for such purpose. **87.03.025 State lands situated in or taken into district—Procedure—Assessments, collection.** Whenever public lands of the state are situated in or taken into an

irrigation district they shall be treated the same as other lands, except as hereinafter provided. The commissioner of public lands shall be served with a copy of the petition proposing to include such lands, together with a map of the district and notice of the time and place of hearing thereon, at least thirty days before the hearing, and if he determines that such lands will be benefited by being included in the district he shall give his consent thereto in writing. If he determines that they will not be benefited he shall file with the board a statement of his objections thereto.

Any public lands of the state which are situated within the boundaries of an irrigation district, but which were not included in the district at the time of its organization, may be included after a hearing as herein provided.

Whenever the commissioner or any interested person desires to have state public lands included in an existing district, he shall file a request to that effect in writing with the district board, which shall thereupon fix a time and place for hearing the request and post notice thereof in three public conspicuous places in the district, one of which shall be at the place of hearing, at least twenty days before the hearing, and send by registered mail a copy of the notice to the commissioner. The notice shall describe the lands to be included and direct all persons objecting to such inclusion to appear at the time and place stated and present their objections. At the hearing the district board shall consider all objections and may adjourn to a later date, and by resolution determine the matter, and its determination shall be final: PROVIDED, That no such lands shall be included in a district without the written consent of the commissioner of public lands.

Any public lands of the state situated in any irrigation district shall be subject to the provisions of the laws of this state relating to the collection of irrigation district assessments to the same extent and in the same manner in which lands of like character held under private ownership are subject thereto, but collection and payment of the assessments shall be governed solely by the provisions of chapter 79.44 RCW. [1961 c 105 § 2. Formerly RCW 87.01.096.]

**87.03.032 Absentee voting—Notice of election, contents—Ballot and form of certificate of qualifications to be furnished.** The notice of election shall conform to the requirements for election notices provided by Title 87 RCW for the election being held, and shall specify in addition that any qualified district elector who certifies that he cannot conveniently be present at his proper election precinct on the day of election may vote by absentee ballot, and that a ballot and form of certificate of qualifications will be furnished to him on written request being made of the district's secretary. The requisite ballot and a form of certificate of qualifications shall be furnished by the district's secretary to any person who prior to the date of election makes written request therefor, stating that he is a qualified district elector. (2) The form of statement of qualifications and its certification shall be substantially as prescribed by the district's board of directors. This form may also provide that the voter shall describe all or some part of his lands within the district which, under RCW 87.03.045 entitles him to vote in the election, but a voter otherwise qualified shall not be disqualified because of the absence or inaccuracy of the description so given. From the date of the filing the organization of the district shall be complete and the directors may, upon qualifying, enter immediately upon the duties of their office, and shall hold office until their successors are elected and qualified. The ballots cast for each ownership of land or shares shall be exercised by common agreement between electors or when land is held as community property, the accumulated votes may be divided equally between husband and wife. In any election for directors where the number of votes which may be received will have no bearing on the length of the term to be served, the candidates for the position of director, in lieu of filing a declaration of candidacy hereunder, shall file with the secretary of the district a petition of nomination signed by at least ten qualified electors of the district, or of the division if the district has been divided into director divisions, not later than five o'clock p.m. on the first Monday in November. If, after the expiration of the date for filing petitions of nomination, it appears that only one qualified candidate has been nominated thereby for each position to be filled it shall not be necessary to hold an election, and the board of directors shall at their next meeting declare such candidate elected as director. The secretary shall immediately make and deliver to such person a certificate of election signed by him and bearing the seal of the district. The procedure set forth in this paragraph shall not apply to any other irrigation district elections. The board may enter into any obligation or contract with the United States or with the state of Washington for the supervision of the construction, for the construction, reconstruction, betterment, extension, sale or purchase, or operation and maintenance of the necessary works for the delivery and distribution of water therefrom under the provisions of the state reclamation act, or under the provisions of the federal reclamation act, and all amendments or extensions thereof, and the rules and regulations established thereunder, or it may contract with the United States for a water supply or for reclamation purposes in general under any act of congress which, for the purposes of this act, shall be deemed to include any act of congress for reclamation purposes heretofore or hereafter enacted providing for and permitting such contract, or for the collection of money due or to become due to the United States, or for the assumption of the control and management of the works; and in case contract has been or may hereafter be made with the United States, as herein provided, bonds of the district may be deposited with the United States as payment or as security for future payment at not less than ninety percent of their par value, the interest on said bonds to be provided for by assessment and levy as in the case of other bonds of the district, and regularly paid to the United States to be applied as provided in such contract, and if bonds of the district are not so deposited, it shall be the duty of the board of directors to include as part of any levy or assessment provided in RCW 87.03.260 an amount sufficient to meet each year all payments accruing under the terms of any such contract. The board may accept on behalf of the district appointment of the district as fiscal agent of the United States or the state of Washington or other authorization of the district by the United States or the state of Washington to make collections of money for or on behalf of the United States or the state of Washington in connection

with any federal or other reclamation project, whereupon the district, and the county treasurer for the district, shall be authorized to so act and to assume the duties and liability incident to such action, and the said board shall have full power to do any and all things required by the federal statutes now or hereafter enacted in connection therewith, and all things required by the rules and regulations now or that may hereafter be established by any department of the federal government in regard thereto.

And the court may, on the motion of any party, consolidate into a single action separate suits for the condemnation of rights-of-way for such irrigation works whenever from motives of economy or the expediting of business it appears desirable so to do: PROVIDED FURTHER, That there shall be a separate finding of the court or jury as to each tract held in separate ownership.

Said bonds shall be negotiable in form, signed by the president and secretary, and the seal of the district shall be affixed thereto. The printed, engraved, or lithographed facsimile signatures of the president and secretary of the district's board of directors shall be sufficient signatures on the bonds or any coupons: PROVIDED, That such facsimile signatures on the bonds may be used only after the filing, by the officer whose facsimile signature is to be used, with the secretary of state of his manual signature certified by him under oath, whereupon that officer's facsimile signature has the same legal effect as his manual signature: PROVIDED, FURTHER, That either the president of the board of directors' or the secretary's signature on the bonds shall be manually subscribed: AND PROVIDED FURTHER, That whenever such facsimile reproduction of the signature of any officer is used in place of the manual signature of such officer, the district's board of directors

shall specify in a written order or requisition to the printer, engraver, or lithographer the number of bonds or any coupons upon which such facsimile signature is to be printed, engraved, or lithographed and the manner of numbering the bonds or any coupons upon which such signature shall be placed. Within ninety days after the completion of the printing, engraving, or lithographing of such bonds or any coupons, the plate or plates used for the purpose of affixing the facsimile signature shall be destroyed, and it shall be the duty of the district's board of directors, within ninety days after receipt of the completed bonds or any coupons, to ascertain that such plate or plates have been destroyed. Every printer, engraver, or lithographer who, with the intent to defraud, prints, engraves, or lithographs a facsimile signature upon any bond or any coupon without written order of the district's board of directors, or fails to destroy such plate or plates containing the facsimile signature upon direction of such issuing authority, shall be guilty of felony.

(3) Whenever the electors shall vote to authorize the issuance of bonds of the district such authorization shall nullify and cancel all unsold bonds previously authorized, and if the question is submitted to and carried by the electors at the bond election, any bond issue may be exchanged in whole or in part, at par, for any or all of a valid outstanding bond issue of the district when mutually agreeable to the owner or owners thereof and the district, and the amount of said last bond issue in excess, if any, of that required for exchange purposes, may be sold as in the case of an original issue. The bonds of any issue authorized to be exchanged in whole or in part for outstanding bonds shall state on their face the amount of such issue so exchanged, and shall contain a certificate of the treasurer of the district as to the amount of the bonds exchanged, and that said outstanding bonds have been surrendered and canceled: PROVIDED FURTHER, That where bonds have been authorized and unsold, the board of directors may submit to the qualified voters of the district the question of canceling said previous authorization, which question shall be submitted upon the same notice and under the same regulations as govern the submission of the original question of authorizing a bond issue. At such election the ballots shall contain the words "Cancellation Yes," and "Cancellation No," or words equivalent thereto. If at such election a majority of the votes shall be "Cancellation Yes," the said issue shall be thereby canceled and no bonds may be issued thereunder. If the majority of said ballots shall be "Cancellation No," said original authorization shall continue in force with like effect as though said cancellation election had not been held: PROVIDED, That bonds deposited with the United States in payment or in pledge may call for the payment of such interest at such rate or rates, may be of such denominations, and call for the repayment of the principal at such times as may be agreed upon between the board and the secretary of the interior.

(4) Each issue shall be numbered consecutively as issued, and the bonds of each issue shall be numbered consecutively and bear date at the time of their issue. The bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030. Said bonds shall express upon their face that they were issued by authority of \*\*this act, stating its title and date of approval,

and shall also state the number of issue of which such bonds are a part. In case the money received by the sale of all bonds issued be insufficient for the completion of plans of the canals and works adopted, and additional bonds be not voted, or a contract calling for additional payment to the United States be not authorized and made, as the case may be, it shall be the duty of the board of directors to provide for the completion of said plans by levy of assessments therefor. It shall be lawful for any irrigation districts which have heretofore issued and sold bonds under the law then in force, to issue in place thereof an amount of bonds not in excess of such previous issue, and to sell the same, or any part thereof, as hereinafter provided, or exchange the same, or any part thereof, with the owners of such previously issued bonds which may be outstanding, upon such terms as may be agreed upon between the board of directors of the district and the holders of such outstanding bonds: PROVIDED, That the question of such reissue of bonds shall have been previously voted upon favorably by the legally qualified electors of such district, in the same manner as required for the issue of original bonds, and the said board shall not exchange any such bonds for a less amount in par value of the bonds received; all of such old issue in place of which new bonds are issued shall be destroyed whenever lawfully in possession of said board. Bonds issued under the provisions of this section may, when so authorized by the electors, include a sum sufficient to pay the interest thereon for a period not exceeding the first four years. Whenever an issue of bonds shall have been authorized pursuant to law, and any of the earlier series shall have been sold, and the later series, or a portion thereof, remain unsold, the directors may sell such later series pursuant to law, or such portion thereof as shall be necessary to pay the earlier series, or said directors may exchange said later series for the earlier series at not less than the par value thereof, said sale or exchange to be made not more than six months before the maturity of said earlier series and upon said exchange being made the maturing bonds shall be disposed of as hereinbefore provided in the case of bonds authorized to be exchanged in whole or in part for outstanding bonds.

Assessors' plat tax numbers used by county assessors for general state and county taxes in the county where such

land is situate may be used for such identification in such assessment roll.

Any property which may have escaped assessment for any year or years, shall in addition to the assessment for the then current year, be assessed for such year or years with the same effect and with the same penalties as are provided for such current year and any property delinquent in any year may be directly assessed during the current year for any expenses caused the district on account of such delinquency.

Similar levy and assessment shall be made for the expense fund which shall include operation and maintenance costs for the ensuing year. The board shall also at the time of making the annual levy, estimate the amount of all probable delinquencies on said levy and shall thereupon levy a sufficient amount to cover the same and a further amount sufficient to cover any deficit that may have resulted from delinquent assessments for any preceding year. The board shall also, at the time of making the annual levy, estimate the amount of the assessments to be made against lands owned by the district, including local improvement assessments, and shall levy a sufficient amount to pay said assessments. All lands owned by the district shall be exempt from general state and county taxes: PROVIDED, HOWEVER, That in the event any lands, and any improvements located thereon, acquired by the district by reason of the foreclosure of irrigation district assessments, shall be by said district resold on contract, then and in that event, said land, and any such improvements, shall be by the county assessor immediately placed upon the tax rolls for taxation as real property and shall become subject to general property taxes from and after the date of said contract, and the secretary of the said irrigation district shall be required to immediately report such sale within ten days from the date of said

contract to the county assessor who shall cause the property to be entered on the tax rolls as of the first day of January following.

The board may also at the time of making the said annual levy, levy an amount not to exceed twenty-five percent of the whole levy for the said year for the purpose of creating a surplus fund. This fund may be used for any of the district purposes authorized by law. In case of neglect or refusal of the secretary of the district to perform the duties imposed by law, then the treasurer of the county in which the office of the board of directors is situated must perform such duties, and shall be accountable therefor, on his official bond, as in other cases.

All surplus remaining in any bond fund after all bonds are paid in full must be transferred to the surplus fund of the district.

Any surplus moneys in the surplus fund or any surplus moneys in the bond fund when so requested by the board of directors shall be invested by the treasurer of said county under the direction of said board of directors in United States bonds or bonds of the state of Washington, or any bonds pronounced by the treasurer of the state of Washington as valid security for the deposit of public funds, and in addition thereto any bonds or warrants of said district, all of which shall be kept in the surplus fund until needed by the district for the purposes authorized by law. **87.03.272 Secretary may act as collection agent of nondelinquent assessments—Official bond—Collection procedure—Delinquency list.** Notwithstanding the provisions of RCW 87.03.260, 87.03.270, 87.03.440 and 87.03.445 the board of directors of any district acting as fiscal agent for the United States or the state of Washington for the collection of any irrigation charges may authorize the secretary of the district to act as the exclusive collection agent for the collection of all nondelinquent irrigation assessments of the district pursuant to such rules and regulations as the board of directors may adopt.

When the secretary acts as collection agent, his official bond shall be of a sufficient amount as determined by the board of directors of the district to cover any amounts he may be handling while acting as collection agent, in addition to any other amount required by reason of his other duties.

**Effective date—1982 c 102:** See note following RCW 87.03.270.

**87.03.275 Medium of payment of assessments.** All assessments and tolls authorized under this act shall be paid in legal tender of the United States except that assessments and tolls levied for the expense fund of the district may be paid with district warrants issued in payment for labor hired by the district, at par without interest drawn on the expense fund in the year in which the assessment to be paid thereby is payable, or in the preceding year, and such warrants shall be so accepted notwithstanding their serial numbers or their order of issue as to then outstanding warrants: PROVIDED, HOWEVER, That in no case shall the county treasurer be authorized to pay any cash difference to the holders of any warrant so offered in payment of such assessments and in the event such warrant shall exceed the amount so applied on assessments, the county treasurer shall issue to the holder thereof a certificate directing the county auditor to issue to such holder a district warrant on the same fund, bearing date on which such lieu warrant is issued, for the difference between the face or par amount of the warrant received by the treasurer, without interest, and the amount credited on said assessment. Upon the surrender of such lieu warrant certificate the county auditor shall be authorized to issue and deliver such lieu warrant. [1933 c 43 § 5; 1923 c 138 § 11; RRS § 7442-1. **87.03.277 Payment by credit cards, charge cards, and other electronic communication.** Irrigation districts that have designated their own treasurers as provided in RCW 87.03.440 may accept credit cards, charge cards, debit cards, smart cards, stored value cards, federal wire, and automatic clearinghouse system transactions, or other electronic communication, for any payment of any kind including, but not limited to, assessments, fines, interest, penalties, special assessments, fees, rates, tolls and charges, or moneys due irrigation districts. A payer desiring to pay by a credit card, charge card, debit card, smart card, stored value card, federal wire, automatic clearinghouse system, or other electronic communication shall bear the cost of processing the transaction in an amount determined by the treasurer, unless the board of directors finds that it is in the best interests of the district to not charge transaction processing costs for all payment transactions made for a specific category of nonassessment payments due the district, including, but not limited to, fines, interest not associated with assessments, penalties not associated with assessments, special assessments, fees, rates, tolls, and charges. The treasurer's cost determination shall be based upon costs incurred by the treasurer and may not, in any event, exceed the additional direct costs incurred by the district to accept the specific form of payment used by the payer. [2002 c 53 § 1.]

**87.03.280 Cancellation of assessments due United States—Procedure.** Where any district under contract with the United States has levied any assessment for the collection of money payable to the United States under such contract, and the secretary of the interior has by agreement

with the board of directors of said district, authorized the extension or cancellation of any payments due to the United States by the cancellation of assessments already levied therefor but remaining unpaid, the board of directors of such district shall certify to the county treasurer of the county in which the land is located, a statement of the year and amounts assessed against each tract for which such cancellation has been authorized, and the county treasurer, upon receipt of such certificate, shall, in all cases where the assessment remains unpaid and the lands have not been sold, endorse upon the district's assessment roll, "Corrected under Certificate of Board of Directors" and shall deduct and cancel from the assessment against each such tract the amount of such assessment so authorized to be canceled; and in all cases where such cancellations have been certified to the county treasurer after such lands assessed have been sold and before the period of redemption shall have expired, the county treasurer shall, in those cases where the tract assessed has been sold to the district, and the district is the owner of the certificate of sale, require the district to surrender its certificate of sale and shall thereupon deduct the amount of such cancellation plus the penalties thereon upon the original assessment roll with an endorsement, "Corrected under Certificate of Board of Directors" and he shall thereupon issue to the district in lieu of the certificate surrendered, a substitute certificate of sale for the corrected amount of such assessment, if any, remaining uncanceled, and shall file a copy thereof in the office of the county auditor as in the case of the original certificate surrendered, and such substitute certificate shall entitle the holder thereof to all rights possessed under the original certificate so corrected as to amount: PROVIDED, HOWEVER, That such cancellation shall have the same effect as though the lands had originally not been assessed for the amounts so deducted and shall not operate to bar the district of the right in making subsequent annual assessments to levy and collect against such tracts the amount of any money due the United States, including the amount of any assessments so canceled. **87.03.285 Segregation of assessment—Authorization.** Whenever in the discretion of the board of directors of any irrigation district of the state as determined by resolution, after an assessment roll has been filed with the county treasurer of the appropriate county in accordance with the laws of the state pertaining thereto, the irrigation district assessments against any tract or parcel of land may be segregated to apply against, and the lien may be divided among, the various parcels of said tract as the same may be hereafter divided, all in accordance herewith. [1951 c 205 § 1. Formerly RCW 87.32.102.]

**87.03.290 Segregation of assessment—Hearing.** When the irrigation district directors shall deem it advisable to make such segregation of assessments they shall by resolution fix the time and place for the hearing of the question concerning the segregation of assessments, which hearing may be at the next regular meeting of the directors

of said irrigation district at its principal office. [1951 c 205 § 2. Formerly RCW 87.32.103.]

**87.03.295 Segregation of assessment—Notice of hearing.** Not less than ten days prior to the time and date fixed for said hearing the directors of said irrigation district shall cause notice of the time and place of said hearing to be given by registered mail to every person, firm or corporation having any interest in said property as shown by the county assessor's records or by the record of the irrigation district within which said property is located and to the address shown by said records, authorizing and directing that they appear and be heard at said time and place. [1951 c 205 § 3. Formerly RCW 87.32.104.]

**87.03.300 Segregation of assessment—Order.** In the event said hearing shall result in a determination that in the discretion of the directors of said irrigation district it is advisable that said assessments be segregated and apportioned among the various parcels of said tracts against which the original total assessment was levied, then an order shall be entered on the records of the directors of said irrigation district determining said segregation, and a certified copy thereof shall be filed with the county treasurer of the county in which said assessment roll is filed. [1951 c 205 § 4. Formerly RCW 87.32.105.]

**87.03.305 Segregation of assessment—Amendment of roll—Effect.** Upon the filing of the certified copy of said order the county treasurer shall alter and amend the original assessment roll in accordance with said order and thereafter the assessments will be a lien only as shown by said order of segregation and the amended assessment roll as the same shall affect the property upon which said segregation was ordered. [1951 c 205 § 5. Formerly RCW 87.32.106.]

**87.03.420 Evidence of assessment, what is.** The assessment book or delinquent list, or a copy thereof, certified by the secretary, showing unpaid assessments against any person or property, is prima facie evidence of the assessment of the property assessed, the delinquency, the amount of assessments due and unpaid, and that all the forms of law in relation to the assessment and levy of such assessment have been complied with. [1895 c 165 § 18; 1889-90 p 688 § 31; RRS § 7449. Formerly RCW 87.32.260.]

**87.03.430 Bonds—Interest payments.** Whenever interest payments on bonds are due, the treasurer of the county shall pay the same from the bond fund belonging to the district and deposited with the treasurer. Whenever, after ten years from the issuance of the bonds, the fund shall amount to the sum of ten thousand dollars, the board of directors may direct the treasurer to pay such an amount of the bonds not due as the money in the fund will redeem, at the lowest value at which they may be offered for liquidation, after advertising in a newspaper of general circulation in the county for such period of time not less than four weeks as the board shall order for sealed proposals for the redemption of the bonds. The proposals shall be opened by the board in open meeting, at a time to be named in the

notice, and the lowest bid for the bonds must be accepted: PROVIDED, That no bond shall be redeemed under the foregoing provision at a rate above par. In case the bids are equal, the lowest numbered bond shall have the preference. In case none of the owners of the bonds shall desire to have the same redeemed, as herein provided for, the money shall be invested by the treasurer of the county, under the direction of the board, in United States bonds, or the bonds of the state, which shall be kept in the bond fund, and may be used to redeem the district bonds whenever the owners thereof may desire. **87.03.435 Construction work—Notice—Bids—Contracts—Bonds.** (1) Except as provided in subsections (2) and (3) of this section and RCW 87.03.436, whenever in the construction of the district canal or canals, or other works, or the furnishing of materials therefor, the board of directors shall determine to let a contract or contracts for the doing of the work or the furnishing of the materials, a notice calling for sealed proposals shall be published. The notice shall be published in a newspaper in the county in which the office of the board is situated, and in any other newspaper which may be designated by the board, and for such length of time, not less than once each week for two weeks, as may be fixed by the board. At the time and place appointed in the notice for the opening of bids, the sealed proposals shall be opened in public, and as soon as convenient thereafter, the board shall let the work or the contract for the purchase of materials, either in portions or as a whole, to the lowest responsible bidder, or the board may reject any or all bids and readvertise, or may proceed to construct the work under its own superintendence. All work shall be done under the direction and to the satisfaction of the engineer of the district, and be approved by the board. The board of directors may require bidders submitting bids for the construction or maintenance for any of the works of the district, or for the furnishing of labor or material, to accompany their bids by a deposit in cash, certified check, cashier's check, or surety bond in an amount equal to five percent of the amount of the bid and a bid shall not be considered unless the deposit is enclosed with it. If the contract is let, then all the bid deposits shall be returned to the unsuccessful bidders. The bid deposit of the successful bidder shall be retained until a contract is entered into for the purchase of the materials or doing of such work, and a bond given to the district in accordance with chapter 39.08 RCW for the performance of the contract. The performance bond shall be conditioned as may be required by law and as may be required by resolution of the board, with good and sufficient sureties satisfactory to the board, payable to the district for its use, for at least twenty-five percent of the contract price. If the successful bidder fails to enter into a contract and furnish the necessary bond within twenty days from the award, exclusive of the day of the award, the bid deposit shall be forfeited to the district and the contract may then be awarded to the second lowest bidder.

(2) The provisions of this section in regard to public bidding shall not apply in cases where the board is authorized to exchange bonds of the district in payment for labor and material.

(3) The provisions of this section do not apply:

(a) In the case of any contract between the district and the United States;

(b) In the case of an emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the board of directors or proclamation of an official designated by the board to act for the board during such emergencies. The resolution or proclamation shall declare the existence of the emergency and recite the facts constituting the emergency; or

(c) To purchases which are clearly and legitimately limited to a single source of supply or to purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation. **87.03.436 Small works roster.** All contract projects, the estimated cost of which is less than one hundred thousand dollars, may be awarded to a contractor on the small works roster. The small works roster shall be comprised of all responsible contractors who have requested to be on the list. The board of directors shall authorize by resolution a procedure for securing telephone and/or written quotations from the contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder. Such procedure shall require that a good-faith effort be made to request quotations from all responsible contractors on the small works roster. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry. The small works roster shall be revised once a year. [1990 c 39 § 2.]

**87.03.437 Competitive bids—Use of purchase contract process in RCW 39.04.190.** (1) Purchases of any materials, supplies, or equipment by the district shall be based on competitive bids except as provided in RCW 87.03.435 and 39.04.280. A formal sealed bid procedure shall be used as standard procedure for the purchases made by irrigation districts. However, the board may by resolution adopt a policy to waive formal sealed bidding procedures for purchases of any materials, supplies, or equipment for an amount set by the board not to exceed ten thousand dollars for each purchase.

(2) The directors may by resolution adopt a policy to use the process provided in RCW 39.04.190 for purchases of materials, supplies, or equipment when the estimated cost is between the amount established by the board under subsection (1) of this section and a maximum amount set by resolution adopted by the board for purchases up to fifty thousand dollars exclusive of sales tax. [1999 c 234 § 2.]

**87.03.438 "County treasurer," "treasurer of the county," defined.** As used in this chapter, in accordance with RCW 87.03.440, the term "county treasurer" or "treasurer of the county" or other reference to that office means the treasurer of the district, if the district has designated its own treasurer, unless the context clearly requires otherwise. [1979 ex.s. c 185 § 16.]

**Effective date—Severability—1979 ex.s. c 185:** See notes following RCW 87.03.013.

**87.03.440 Treasurer—County treasurer as ex officio district treasurer—Designated district treasurer—Duties and powers—Bond—Claims—Preliminary notice requirements when claim for crop damage.** The treasurer of the county in which is located the office of the district shall be ex officio treasurer of the district, and any county treasurer handling district funds shall be liable upon his or her official bond and to criminal prosecution for malfeasance and misfeasance, or failure to perform any duty as county or district treasurer. The treasurer of each county in which lands of the district are located shall collect and receipt for all assessments levied on lands within his or her county. There shall be deposited with the district treasurer all funds of the district. The district treasurer shall pay out such funds upon warrants issued by the county auditor against the proper funds of the district, except the sums to be paid out of the bond fund for interest and principal payments on bonds: **PROVIDED**, That in those districts which designate their own treasurer, the treasurer may issue the warrants or any checks when the district is authorized to issue checks. All warrants shall be paid in the order of their issuance. The district treasurer shall report, in writing, on the first Monday in each month to the directors, the amount in each fund, the receipts for the month preceding in each fund, and file the report with the secretary of the board. The secretary shall report to the board, in writing, at the regular meeting in each month, the amount of receipts and expenditures during the preceding month, and file the report in the office of the board.

The preceding paragraph of this section notwithstanding, the board of directors or board of control of an irrigation district which lies in more than one county and which had assessments in each of two of the preceding three years equal to at least five hundred thousand dollars, or a board of joint control created under chapter 87.80 RCW, may designate some other person having experience in financial or fiscal matters as treasurer of the district. In addition, the board of directors of an irrigation district which lies entirely within one county may designate some other person having experience in financial or fiscal matters as treasurer of the district if the district had assessments, tolls, and miscellaneous collections in each of two of the preceding three years equal to at least two million dollars or if the board has the approval of the county treasurer to designate some other person. If a board designates a treasurer, it shall require a bond with a surety company authorized to do business in the state of Washington in an amount of two hundred fifty thousand dollars conditioned that he or she will faithfully perform the duties of his or her office as treasurer of the district. The premium on the bond shall be paid by the district. The designated treasurer shall collect and receipt for all irrigation district assessments on lands within the district

and shall act with the same powers and duties and be under the same restrictions as provided by law for county treasurers acting in matters pertaining to irrigation districts, except the powers, duties, and restrictions in RCW 87.56.110 and 87.56.210 which shall continue to be those of county treasurers.

In those districts which have designated their own treasurers, the provisions of law pertaining to irrigation districts which require certain acts to be done and which refer to and involve a county treasurer or the office of a county treasurer or the county officers charged with the collection of irrigation district assessments, except RCW 87.56.110 and 87.56.210 shall be construed to refer to and involve the designated district treasurer or the office of the designated district treasurer.

Any claim against the district for which it is liable under existing laws shall be presented to the board as provided in RCW 4.96.020 and upon allowance it shall be attached to a voucher and approved by the chairman and signed by the secretary and directed to the proper official for payment: **PROVIDED**, That in the event claimant's claim is for crop damage, the claimant in addition to filing his or her claim within the applicable period of limitations within which an action must be commenced and in the manner specified in RCW 4.96.020 must file with the secretary of the district, or in the secretary's absence one of the directors, not less than three days prior to the severance of the crop alleged to be damaged, a written preliminary notice pertaining to the crop alleged to be damaged. Such preliminary notice, so far as claimant is able, shall advise the district; that the claimant has filed a claim or intends to file a claim against the district for alleged crop damage; shall give the name and present residence of the claimant; shall state the cause of the damage to the crop alleged to be damaged and the estimated amount of damage; and shall accurately locate and describe where the crop alleged to be damaged is located. Such preliminary notice may be given by claimant or by anyone acting in his or her behalf and need not be verified. No action may be commenced against an irrigation district for crop damages unless claimant has complied with the provisions of RCW 4.96.020 and also with the preliminary notice requirements of this section. **87.03.443 Upgrading and improvement fund authorized—Deposits—Use of funds.** There may be created for each irrigation district a fund to be known as the upgrading and improvement fund. At least five percent of the revenue of each irrigation district may annually be placed into its upgrading and improvement fund. Moneys from the upgrading and improvement fund may only be used to modernize, improve or upgrade the irrigation facilities of the irrigation district or to respond to an emergency affecting such facilities. [1979 ex.s. c 263 § 4.]

**Severability—1979 ex.s. c 263:** See note following RCW 43.83B.300.

**87.03.445 Acquisition, construction and operating funds—Tolls and assessments, alternative methods of—Liens, foreclosure of—Delinquencies by tenants.** (1) The cost and expense of purchasing and acquiring property, and construction, reconstruction, extension, and betterment of the works and improvements herein provided for, and the expenses incidental thereto, and indebtedness to the United States for district lands assumed by the district, and for the carrying out of the purposes of this chapter, may be paid for by the board of directors out of the funds received from bond sales as well as other district funds.

(2) For the purpose of defraying the costs and expenses of the organization of the district, and of the care, operation, management, maintenance, repair, and improvement of the district and its irrigation water, domestic water, electric power, drainage, or sewer facilities or of any portion thereof, or for the payment of any indebtedness due the United States or the state of Washington, or for the payment of district bonds, the board may either fix rates or tolls and charges, and collect the same from all persons for whom district service is made available for irrigation water, domestic water, electric power, drainage or sewerage, and other purposes, or it may provide for the payment of said costs and expenses by a levy of assessment therefor, or by both said rates or tolls and charges and assessment.

(3) If the assessment method is utilized, the levy of assessments shall be made on the completion and equalization of the assessment roll each year, and the board shall have the same powers and functions for the purpose of said levy as possessed by it in case of levy to pay bonds of the district. The procedure for the collection of assessments by such levy shall in all respects conform with the provisions of this chapter, relating to the collection of assessments for the payment of principal and interest of bonds herein provided for, and shall be made at the same time.

(4) If the rates or tolls and charges method is adopted in whole or in part, the secretary shall deliver to the board of directors, within the time for filing the assessment roll, a schedule containing the names of the owners or reputed owners, as shown on the rolls of the county treasurer as of

the first Tuesday in November of each year such a schedule is filed of the various parcels of land against which rates or tolls and charges are to be levied, the description of each such parcel of land and the amount to be charged against each parcel for irrigation water, domestic water, electric power, drainage, sewerage, and other district costs and expenses. Said schedule of rates or tolls and charges shall be equalized pursuant to the same notice, in the same manner, at the same time and with the same legal effect as in the case of assessments. Such schedule of rates or tolls and charges for a given year shall be filed with the proper county treasurer within the same time as that provided by law for the filing of the annual assessment roll, and the county treasurer shall collect and receipt for the payment of said rates or tolls and charges and credit them to the proper funds of the district. The board may designate the time and manner of making such collections and shall require the same to be paid in advance of delivery of water and other service. All tolls and charges levied shall also at once become and constitute an assessment upon and against the lands for which they are levied, with the same force and effect, and the same manner of enforcement, and with the same rate of interest from date of delinquency, in case of nonpayment, as other district assessments.

(5) As an alternative method of imposing, collecting, and enforcing such rates or tolls and charges, the board may also base such rates or tolls and charges upon the quantity of irrigation water, domestic water, or electric power delivered, or drainage or sewage disposed of, and may fix a minimum rate or toll and charge to be paid by each parcel of land or use within the district for the delivery or disposal of a stated quantity of each such service with a graduated charge for additional quantities of such services delivered or disposed of. If the board elects to utilize this alternative method of imposing, collecting, and enforcing such rates or tolls and charges, there shall be no requirement that the schedule referred to in the preceding paragraph be prepared, be filed with the board of directors by the secretary, be equalized, or be filed with a county treasurer. The board shall enforce collection of such rates or tolls and charges against property to which and its owners to whom the service is available, such rates or tolls and charges being deemed charges and a lien against the property to which the service is available, until paid in full. Prior to furnishing services, a board may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by this section.

(6) The board may provide by resolution that where such rates or tolls and charges are delinquent for any specified period of time, the district shall certify the delinquencies to the treasurer of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate not to exceed twelve percent per annum fixed by resolution shall be a lien against the property to which the service was available, subject only to the lien for general taxes. The district may, at any time after such rates or tolls and charges and penalties provided for herein are delinquent for a period of one year, bring suit in foreclosure by civil action in the superior court of the county in which the real property is situated.

(7) A board may determine how to apply partial payments on past due accounts.

(8) A board may provide a real property owner or the owner's designee with duplicate bills for service to tenants, or may notify an owner or the owner's designee that a tenant's service account is delinquent. However, if an owner or the owner's designee notifies the board in writing that a property served by the board is a rental property, asks to be notified of a tenant's delinquency, and has provided, in writing, a complete and accurate mailing address, the board shall notify the owner or the owner's designee of a tenant's delinquency at the same time and in the same manner the board notifies the tenant of the tenant's delinquency or by mail. When a district provides a real property owner or the owner's designee with duplicates of tenant utility service bills or notice that a tenant's utility account is delinquent, the district shall notify the tenant that it is providing the duplicate bills or delinquency notice to the owner or the owner's designee. After January 1, 1999, if a board fails to notify the owner of a tenant's delinquency after receiving a written request to do so and after receiving the other information required by this subsection (8), the board shall have no lien against the premises for the tenant's delinquent and unpaid charges.

(9) The court may allow, in addition to the costs and disbursements provided by statute, such attorneys' fees as it may adjudge reasonable. The action shall be in rem against the property, and in addition may be brought in the name of the district against an individual, or against all of those who are delinquent, in one action, and the rules of the court shall control as in other civil actions. The board may in the same year use the assessment method for part of the lands in the district and the rates or tolls and charges method for the remaining lands in the district in such proportion as it may deem advisable for the best interest of the district.

(10) The procedures herein provided for the collection and enforcement of rates, tolls, and charges also shall be applicable and available to the districts board of directors for the collection and enforcement of charges for water imposed by contract entered into or administered by the district's board of directors. **87.03.470 Special assessments—Election—Notes.**

(1) The board of directors may, at any time when in their judgment it may be advisable, call a special election and submit to the qualified electors of the district the question whether or not a special assessment shall be levied for the purpose of raising money to be applied to any of the purposes provided in this chapter including any purpose for which the bonds of the district or the proceeds thereof might be lawfully used. Such election must be called upon the notice prescribed, and the same shall be held and the result thereof determined and declared in all respects in conformity with the provisions of RCW 87.03.200. The notice must specify the amount of money proposed to be raised and the purpose for which it is intended to be used and the number of installments in which it is to be paid. At such election the ballot shall contain the words "Assessment Yes" and "Assessment No." If the majority of the votes cast are "Assessment Yes" the board may immediately or at intervals thereafter incur indebtedness to the amount of said special assessment for any of the purposes for which the proceeds of said assessment may be used, and may provide for the payment of said indebtedness by the issue and sale of notes of the district to an amount equal to said authorized indebtedness, which notes shall be payable in such equal installments not exceeding three in number as the board shall direct. Said notes shall be payable by assessments levied at the time of the regular annual levy each year thereafter until fully paid. The amount of the assessments to be levied shall be ascertained by adding fifteen percent for anticipated delinquencies to the whole amount of the indebtedness incurred and interest. Each assessment so levied shall be computed and entered on the assessment roll by the secretary of the board, and collected at the same time and in the same manner as other assessments provided for herein, and when collected shall be paid to the county treasurer of the county to the credit of said district, for the purposes specified in the notice of such special election: PROVIDED, HOWEVER, That the board of directors may at their discretion issue said notes in payment for labor or material, or both, used in connection with the purposes for which such indebtedness was authorized. Notes issued under this section shall bear interest at a rate determined by the board, payable semiannually. Such notes may be in any form, including bearer notes or registered notes as provided in RCW 39.46.030.

**87.03.475 Power as to incurring indebtedness.** (1) The board shall incur no debt or liability in excess of the express provisions of this title. It may without an election and levy therefor pay the necessary costs and expenses of organizing and may make surveys, do engineering work, and conduct a general investigation to determine the feasibility of the proposed irrigation project, and may incur an indebtedness therefor prior to levy, which indebtedness on account of surveys, engineering and investigations shall not exceed fifty cents an acre, and shall be assessable against the lands within the district. In cases of emergency, making it necessary to incur indebtedness in order to continue the operation of the irrigation system or any part thereof, the board by resolution may incur such indebtedness not exceeding the amount actually necessary to meet the requirements of the emergency. It may incur indebtedness necessary to carry on the ordinary administrative affairs of the district and if the district acquires an irrigation system before making its first regular annual levy, the board may incur such indebtedness necessary to pay the ordinary expenses of operation and maintenance until the regular annual levy is made.

The board may issue warrants for the payment of any indebtedness incurred under this section, which shall bear interest at a rate or rates determined by the board, and it shall include in its next annual levy for the payment of the expenses of operation and maintenance, the amount of all warrants issued by virtue hereof.

The board may issue as a general obligation of the district coupon or registered warrants in denominations not in excess of five hundred dollars, bearing interest as determined by the board. Such warrants may be registered as provided in RCW 39.46.030. Such warrants shall mature in not more than five years and may be used, or the proceeds thereof, in the purchase of grounds and buildings, machinery, vehicles, tools or other equipment for use in operation, maintenance, betterment, reconstruction or local improvement work, and for creating a revolving fund for carrying on such work as in this title provided. The proceeds of the warrants shall be paid to the district treasurer who shall place them in an appropriate fund and pay them out upon warrants of the district. The maximum indebtedness hereby authorized shall not exceed one dollar per acre of the total irrigable area within the district. No warrant shall be sold for less than par. They shall state on their face that they are a general obligation of the district, the purposes for which they are used, and that they are payable on or before maturity. They shall be retired by assessments levied in accordance with the provisions of this title at the time other assessments are levied.

[Title 87 RCW—page 30]

The board may accumulate by assessment a fund to be designated as the "capital fund" to be used for the purposes for which the above warrants may be used. The total of such fund shall not exceed one dollar per acre of the total irrigable area in the district and shall be accumulated in not less than five annual installments. The fund shall not be permanently depleted or reduced but shall be replaced from year to year by assessments on any lands of the district benefited by the use thereof. The reasonable value of all grounds, buildings, machinery, vehicles, tools or other equipment on hand, purchased with such fund, and the revolving fund, if any, derived from such fund, shall be a part of the capital fund.

The holders of title or evidence of title to one-quarter of the acreage proposed to be assessed, may file with the district board their petition reciting the nature and general plan of the desired improvement and specifying the lands proposed to be specially assessed therefor. The petition shall be accompanied by a bond in the sum of one hundred dollars with surety to be approved by the board, conditioned that the petitioners will pay the cost of an investigation of the project and of the hearing thereon if it is not established. The board may at any time require a bond in an additional sum. Upon the filing of the petition the board with the assistance of a competent engineer, shall make an investigation of the feasibility, cost, and need of the proposed local improvement together with the ability of the lands to pay the cost, and if it appears feasible, they shall have plans and estimate of the cost prepared. If a protest against the establishment of the proposed improvement signed by a majority of the holders of title in the proposed local district is presented at or before the hearing, or if the proposed improvement should be found not feasible, too expensive, or the lands to be benefited insufficient security for the costs, they shall dismiss the petition at the expense of the petitioners. **87.03.485 Local improvement districts—Notice—Hearing—Initiation by board, procedure.** In the event

(2002 Ed.)

that the said board shall approve said petition, the board shall fix a time and place for the hearing thereof and shall publish a notice once a week for two consecutive weeks preceding the date of such hearing and the last publication shall not be more than seven days before such date and shall mail such a notice on or before the second publication date by first class mail, postage prepaid, to each owner or reputed owner of real property within the proposed local improvement district, as shown on the rolls of the county treasurer as of a date not more than twenty days immediately prior to the date such notice was mailed. Such notice must be published in a newspaper of general circulation in each county in which any portion of the land proposed to be included in such local improvement district lies. Such notice shall state that the lands within said described boundaries are proposed to be organized as a local improvement district, stating generally the nature of the proposed improvement; that bonds for such local improvement district are proposed to be issued as the bonds of the irrigation district, or that a contract is proposed to be entered into between the district and the United States or the state of Washington, or both, that the lands within said local improvement district are to be assessed for such improvement, that such bonds or contract will be a primary obligation of such local improvement district and a general obligation of the irrigation district and stating a time and place of hearing thereon. At the time and place of hearing named in said notice, all persons interested may appear before the board and show cause for or against the formation of the proposed improvement district and the issuance of bonds or the entering into of a contract as aforesaid. Upon the hearing the board shall determine as to the establishment of the proposed local improvement district. Any landowner whose lands can be served or will be benefited by the proposed improvement, may make application to the board at the time of hearing to include such land and the board of directors in such cases shall, at its discretion, include such lands within such district. The board of directors may exclude any land specified in said notice from said district provided, that in the judgment of the board, the inclusion thereof will not be practicable.

As an alternative plan and subject to all of the provisions of this chapter, the board of directors may initiate the organization of a local improvement district as herein provided. To so organize a local improvement district the board shall adopt and record in its minutes a resolution specifying the lands proposed to be included in such local improvement district or by describing the exterior boundaries of such proposed district or by both. Said resolution shall state generally the plan, character and extent of the proposed improvements, that the land proposed to be included in such improvement district will be assessed for such improvements; and that local improvement district bonds of the irrigation district will be issued or a contract entered into as hereinabove in this section provided to meet the cost thereof and that such bonds or contract will be a primary obligation of such local improvement district and a general obligation of the irrigation district. Said resolution shall fix a time and place of hearing thereon and shall state that unless a majority of the holders of title or of evidence of title to lands within the proposed local improvement district file their written protest at or before said hearing, consent to the improvement will be implied.

A notice containing a copy of said resolution must be published once a week for two consecutive weeks preceding the date of such hearing and the last publication shall not be more than seven days before such date, and shall be mailed on or before the second publication date by first class mail, postage prepaid, to each owner or reputed owner of real property within the proposed local improvement district, as shown on the rolls of the county treasurer as of a date not more than twenty days immediately prior to the date such notice was mailed, and the hearing thereon shall not be held in less than twenty days from the adoption of such resolution. Such notice must be published in one newspaper, of general circulation, in each county in which any portion of the land proposed to be included in such local improvement district lies. Said hearing shall be held and all subsequent proceedings conducted in accordance with the provisions of this act relating to the organization of local improvement districts initiated upon petition. **87.03.486 Local improvement districts—Notice to contain statement that assessments may vary from estimates.** Any notice given to the public or to the owners of specific lots, tracts, or parcels of land relating to the formation of a local improvement district shall contain a statement that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement adds to the property. [1989 c 243 § 12.]

**87.03.487 Local improvement districts—Sanitary sewer or potable water facilities—Notice to certain property owners.** Whenever it is proposed that a local improvement district finance sanitary sewers or potable water facilities, additional notice of the public hearing on the proposed local improvement district shall be mailed to the owners of any property located outside of the proposed local improvement district that would be required as a condition of federal housing administration loan qualification, at the time of notice, to be connected to the specific sewer or water facilities installed by the local improvement district. The notice shall include information about this restriction. [1987 c 315 § 7.]

**87.03.490 Local improvement districts—Adoption of plan—Bonds—Form and contents—Facsimile signatures, when, procedure—New lands may be included—Penalty.** (1) If decision shall be rendered in favor of the improvement, the board shall enter an order establishing the boundaries of the said improvement district and shall adopt plans for the proposed improvement and determine the number of annual installments not exceeding fifty in which the cost of said improvement shall be paid. The cost of said improvement shall be provided for by the issuance of local improvement district bonds of the district from time to time,

therefor, either directly for the payment of the labor and material or for the securing of funds for such purpose, or by the irrigation district entering into a contract with the United States or the state of Washington, or both, to repay the cost of said improvement. Said bonds shall bear interest at a rate or rates determined by the board, payable semiannually, and shall state upon their face that they are issued as bonds of the irrigation district; that all lands within said local improvement district shall be primarily liable to assessment for the principal and interest of said bonds and that said bonds are also a general obligation of the said district. The bonds may be in such denominations as the board of directors may in its discretion determine, except that bonds other than bond number one of any issue shall be in a denomination that is a multiple of one hundred dollars, and no bond shall be sold for less than par. Any contract entered into for said local improvement by the district with the United States or the state of Washington, or both although all the lands within said local improvement district shall be primarily liable to assessment for the principal and interest thereon, shall be a general obligation of the irrigation district. Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

No election shall be necessary to authorize the issuance of such local improvement bonds or the entering into of such a contract. Such bonds, when issued, shall be signed by the president and secretary of the irrigation district with the seal of said district affixed. The printed, engraved, or lithographed facsimile signatures of the president and secretary of the district's board of directors shall be sufficient signatures on the bonds or any coupons: PROVIDED, That such facsimile signatures on the bonds may be used only after the filing, by the officer whose facsimile signature is to be used, with the secretary of state of his manual signature certified by him under oath, whereupon that officer's facsimile signature has the same legal effect as his manual signature: PROVIDED, FURTHER, That either the president of the board of directors' or the secretary's signature on the bonds shall be manually subscribed: AND PROVIDED FURTHER, That whenever such facsimile reproduction of the signature of any officer is used in place of the manual signature of such officer, the district's board of directors shall specify in a written order or requisition to the printer, engraver, or lithographer the number of bonds or any coupons upon which such facsimile signature is to be printed, engraved, or lithographed and the manner of numbering the bonds or any coupons upon which such signature shall be placed. Within ninety days after the completion of the printing, engraving, or lithographing of such bonds or any coupons, the plate or plates used for the purpose of affixing the facsimile signature shall be destroyed, and it shall be the duty of the district's board of directors, within ninety days after receipt of the completed bonds or any coupons, to ascertain that such plate or plates have been destroyed. Every printer, engraver, or lithographer who, with the intent to defraud, prints, engraves, or lithographs a facsimile signature upon any bond or coupon without written order of the district's board of directors, or fails to destroy such plate or plates containing the facsimile signature upon direction of such issuing authority, shall be guilty of felony.

The proceeds from the sale of such bonds shall be deposited with the treasurer of the district, who shall place them in a special fund designated "Construction fund of local improvement district number . . . . ."

Whenever such improvement district has been organized, the boundaries thereof may be enlarged to include other lands which can be served or will be benefited by the proposed improvement upon petition of the owners thereof and the consent of the United States or the state of Washington, or both, in the event the irrigation district has contracted with the United States or the state of Washington, or both, to repay the cost of the improvement: PROVIDED, That at such time the lands so included shall pay their equitable proportion upon the basis of benefits of the improvement theretofore made by the said local improvement district and shall be liable for the indebtedness of the said local improvement district in the same proportion and same manner and subject to assessment as if said lands had been incorporated in said improvement district at the beginning of its organization.

The resolution shall describe such lands so that the boundaries can readily be traced, or shall give the corporate name and number of the former district. The holders of such outstanding bonds may give their assent, in writing, to the effect that they severally consent that the board may make an order by which the lands, or the former district, mentioned in the resolution may be excluded from the district, and in case contract has been made with the United States, or the state of Washington, the secretary of the interior or the director of ecology may assent to such

The notice of such election shall describe the boundary of all lands, or shall give the corporate name and number of the former district, which it is proposed to exclude, and such notice shall be published for at least two weeks prior to such election, in a newspaper published within the county where the office of the board of directors is situated; and if any portion of such territory to be excluded lie within another county or counties, then said notice shall be so published in a newspaper published within each of such counties. If the lower system or systems must be improved to support the additional burden, the petition shall be accompanied by plans and specifications therefor. The owners of all lands in the lower district or districts affected thereby and also persons having an interest therein shall be made parties to the action and assessment for damages shall be the same as is provided by law for the establishment of the drainage system in the irrigation district. **87.03.710 Connecting system to lower drainage district—Affirmative finding by jury or court—Assessments.** If the jury, or the court if jury be waived, finds the outlet and drainage sufficient it shall assess the damages sustained by the lands in the lower drainage district or districts by reason of the improvement, together with awards for damaging and taking lands for rights of way required, which shall be paid by the irrigation district in the same manner as such payments are made in establishing the system in the irrigation district, and the cost of improving the lower system or systems to the extent the improvement benefits lands in the irrigation district shall be assessed to the lands in the irrigation district as other costs of drainage improvement are assessed. The legislature also finds that the development of such hydroelectric resources will be beneficial in meeting the present and future energy needs of the citizens of the state, will further a state purpose and policy, and will be in the public interest. **87.03.828 Hydroelectric resources—Separate legal authority—Creation by irrigation districts and cities, towns, or public utility districts—Powers.** One or more irrigation districts and any combination of cities, towns, or public utility districts may create a separate legal authority to construct, finance, acquire, own, operate, and maintain hydroelectric facilities including, but not limited to, dams, canals, plants, transmission lines, other power equipment and the necessary property and property rights therefor, located within or outside the boundaries of the entities creating the authority, for the purpose of utilizing for the generation of electricity water power made available by and as a part of the irrigation water storage, conveyance, and distribution facilities, wasteways, and drainage water facilities which serve or may in the future serve irrigation districts, and to sell by contract on such terms and conditions as deemed appropriate by the legislative body of the authority the electric power and energy created by or generated at such hydroelectric facilities to municipal or quasi municipal corporations or cooperatives authorized to engage in the

business of distributing electricity, electrical companies subject to the jurisdiction of the utilities and transportation commission, or irrigation districts. Any authority so created shall have the same powers and only those powers granted to irrigation districts by chapter 185, Laws of 1979 ex. sess. and has such additional powers relating to its organization, right to contract in its own name, and general ability to exist and function as a separate legal authority as deemed appropriate by the entities creating it. The authority shall be created and organized by contract in the manner described in chapter 39.34 RCW and shall be a separate legal entity capable of exercising in its own name the powers granted it. No provision of chapter 39.34 RCW or any other provision of law may be interpreted to require the entities creating the authority to submit the contract creating the authority to any state, county, or municipal officer, entity, agency, or board for approval or disapproval. However, no such city, town, or public utility district member of such a separate legal authority may construct or acquire facilities for the generation, transmission, or distribution of electricity independently of the separate legal authority without complying with the election requirements applicable to each individual entity. [1983 c 47 § 4.]

**Severability—1983 c 47:** See note following RCW 87.03.825.

**87.03.834 Hydroelectric resources—Separate legal authority—Voter ratification of actions.** After demand made by a majority of the authority's members, the actions of an authority shall become subject to ratification and approval by the voters of its members in accordance with procedures agreed to by its members. Every contract establishing an authority shall provide appropriate procedures for ratification and approval of actions taken by the authority by the voters of its members. [1983 c 47 § 5.]

**Severability—1983 c 47:** See note following RCW 87.03.825.

**87.03.837 Hydroelectric resources—Separate legal authority—Repayment of indebtedness—Powers.** A separate legal authority shall only have power to incur indebtedness that is repayable from rates, tolls, charges, or contract payments for services or electricity provided by the authority and to pledge such revenues for the payment and retirement of indebtedness issued for the construction or acquisition of hydroelectric facilities. An authority shall not have power to levy taxes or to impose assessments for the payment of obligations of the authority. Every bond or other evidence of indebtedness issued by an authority shall provide (1) that repayment shall be limited solely to the revenues of the authority, and (2) that no member of the authority shall be obligated to repay directly or indirectly any obligation of the authority except to the extent of fair value for services

actually received from the authority. No member may pledge its revenues to support the issuance of revenue bonds or other indebtedness of an authority. This section shall not be construed to prohibit members of an authority from paying the necessary expenses of organizing and administering the authority and of studies performed, applications prepared, and consultants retained with regard to projects the authority is studying, developing, constructing, or operating. [1983 c 47 § 6.]

**Severability—1983 c 47:** See note following RCW 87.03.825.

**87.03.840 Chapter supplementary—When.** This chapter supplements and neither restricts nor limits any powers which a city, town, public utility district, or irrigation district might otherwise have under any laws of this state, except that no such authority created by RCW 87.03.828 and no city, town, or public utility district member of an authority may condemn for the benefit of the authority any plant, works, dam, facility, right, or property owned by any city, town, irrigation district, public utility district, or electrical company subject to the jurisdiction of the utilities and transportation commission. [1983 c 47 § 3.]

**Severability—1983 c 47:** See note following RCW 87.03.825.

**87.03.845 Merger of minor irrigation district into major irrigation district—Proceedings to initiate—Notice—Hearing.** This section and RCW 87.03.847 through 87.03.855 provide the procedures by which a minor irrigation district may be merged into a major irrigation district as authorized by RCW 87.03.530(2).

However, if there are fewer than twenty owners of land within the minor irrigation district, the petition shall be signed by a majority of the landowners and filed with the board of directors of the major irrigation district.

For the purpose of determining the number of landowners required to initiate merger proceedings under this section, a husband and wife owning property as community property shall be considered a single landowner; two or more persons or entities holding title to property as tenants in common, joint tenants, tenants in partnership, or other form of joint ownership shall be considered a single landowner; and the petition requesting the merger shall be considered by the board of directors of the major irrigation district may be [if the petition is] signed by either the husband or wife and by any one of the co-owners of jointly owned property.

The board of directors of the major irrigation district shall consider the request at the next regularly scheduled meeting of the board of directors of the major district following its receipt of the minor district's request or at a special meeting called for the purpose of considering the request. If the board of the major district denies the request

of the minor district, no further action on the request shall be taken.

If the board of the major district does not deny the request, it shall conduct a public hearing on the request and shall give notice regarding the hearing. The notice shall describe the proposed merger and shall be published once a week for two consecutive weeks preceding the date of the hearing and the last publication shall be not more than seven days before the date of the hearing. The notice shall contain a statement that unless the holders of title or evidence of title to at least twenty percent of the assessed lands within the major district file a protest opposing the merger with the board of the major district at or before the hearing, the board is free to approve the request for the merger without an election being conducted in the major district on the request. If the board of the major district is considering requests from more than one minor district, the hearing shall be conducted on all such requests. [2001 c 149 § 1; 1998 c 84 § 1; 1993 c 235 § 2.]

**87.03.847 Merger of minor irrigation district into major irrigation district—Denial or adoption of request for merger—Notice—Elections—Notification of merger.**

(1) If, following the public hearing conducted under RCW 87.03.845, the board of directors of the major irrigation district denies the request for a merger, no further action shall be taken on the request. If, following the public hearing, the board adopts a resolution approving the merger, the merger is approved by the major irrigation district and no election shall be held in the major district to approve the merger. However, if the holders of title or evidence of title to at least twenty percent of the assessed lands within the major district file a protest opposing the merger with the board of the major district at or before the public hearing, the board shall call a special election and submit to the voters of the major district the question of whether the merger should or should not be approved. Votes shall be cast as "Merger - Yes" or "Merger - No." If such a special election must be conducted and a majority of all votes cast in the district approve the merger, the merger is approved by the major district. Such an approval is effective on the date the returns of the election are canvassed under RCW 87.03.105.

(2) The board of directors of the minor irrigation district shall, within thirty days of the date the merger is approved by the major district or of the date the board of the major district issues its call for a special election on the merger, call a special election within the minor district and submit to the voters of the minor district the question of whether the merger should or should not be approved. If special elections must be conducted in both districts, both elections shall be conducted on the date set by the board of the major district. If only the minor district must conduct such a special election, the election shall be held not later than sixty days after the date the merger has been approved by the board of the major district. Votes on the question shall be cast as "Merger - Yes" or "Merger - No." If a majority of all votes cast in the district are cast for "Merger - Yes," the merger is approved by the minor irrigation district. Such an approval is effective on the date the returns of the election are canvassed under RCW 87.03.105.

(3) Notice of election in each district on the merger question shall conform to the requirements of notices for elections in the major district. Elections and voting in each district shall be consistent with RCW 87.03.045, 87.03.051, and 87.03.071. If the majority of all votes cast in a special election in either the major or a minor district are cast for "Merger - No," the merger is not approved.

(4) If the merger is approved by the major irrigation district and by the minor irrigation district as provided by this section, the minor irrigation district is merged into the major irrigation district. If two or more minor districts are merging with a major district in one process as authorized by RCW 87.03.855 and if the merger is approved by the major irrigation district and by at least one of the minor irrigation districts as provided by this section, each minor irrigation district so approving is merged into the major irrigation district. The effective date of the merger is the date by which approval of the merger has been secured in both districts or, under RCW 87.03.855, in the major and minor district or districts. The board or boards of county commissioners of the county or counties containing territory of the merged districts and the director of the department of ecology shall be notified that the districts have merged. [1993 c 235 § 3.]

**87.03.849 Merger of minor irrigation district into major irrigation district—Board of directors—Transfer of property and assets.**

The members of the board of directors of the major irrigation district shall hold office as directors of the district formed by the merger until the end of their terms of office. If the major district is divided into director divisions, the board of the major district shall propose a plan for redividing the district into divisions that reflect the boundaries of the district created by the merger and this requirement regarding the directors of the major district. If the major district is considering a merger with more than one minor district, the board shall submit plans for the various possible mergers. The proposal or proposals shall be filed with the county legislative authority before the merger is approved in the major district or the minor district or districts. Following the merger, the county legislative authority shall approve the plan submitted for the districts that actually merged.

On the effective date of the merger, the directors of the minor district shall transfer the property and other assets of the district as required in RCW 87.03.853. Following the transfer of the property and other assets, the minor irrigation district and the office of director of the minor district shall cease to exist.

The board of directors of the district formed by the merger shall have all the powers and obligations of the boards of the major and minor districts that were merged to form the district including, but not limited to, such boards' powers and obligations for any local improvement districts created in the minor or major district under this chapter. [1993 c 235 § 4.]

**87.03.851 Merger of minor irrigation district into major irrigation district—Bonds or obligations not impaired—Enforcement of assessments and obligations—Establishment of local improvement district to carry out**

**obligations.** (1) The merger of irrigation districts shall not affect or impair any bonds or obligations of the merged districts and the holders of the bonds of any merged district shall be entitled to all remedies for their enforcement as if the district had not been merged. All obligations incurred by the district prior to its merger shall be a prior lien to any obligation that may be incurred against the district created by the merger. However, the board of directors of the merged district may, when authorized under RCW 87.03.200 and with the consent of the bondholders, exchange the bonds of the district created by the merger for the bonds of the districts that merged. If the major or minor district entered, prior to the merger, into a contract with the United States under this chapter and the board of directors of the district created by the merger proposes that the merged district enter into a contract with the United States, the board may do so when authorized under RCW 87.03.200 and may, with the consent of the United States, cancel any contract previously entered into between the major or minor district and the United States.

(2) The district created by the merger shall be entitled to all remedies for the enforcement of the irrigation district assessments and other obligations of lands to the districts that merged as if the districts had not merged. All obligations incurred for irrigation district or local improvement district purposes by the lands within the major or minor district prior to its merger shall be a prior lien to any obligation that may be incurred against those lands after the merger.

(3) Until premerger assessments have been collected and all of the premerger indebtedness of the major and minor districts that merged have been paid, separate funds shall be maintained for each district as were maintained in each prior to the merger. The board of directors of the irrigation district created by the merger may establish a local improvement district for each district included in the merger to carry out the obligations of each such district. This board shall have all the powers possessed by the boards of directors of the districts included in the merger to carry out all contracts of the included districts and to levy, assess, and cause to be collected any and all assessments or charges against the lands of each of the included districts. A petition shall not be required for the formation of a local improvement district created for this purpose. [1993 c 235 § 5.]

**87.03.853 Merger of minor irrigation district into major irrigation district—Statement of property and assets of minor district.** Prior to or on the effective date of a merger of a minor irrigation district and a major irrigation district, the board of directors of the minor district shall cause to be prepared a statement of all property and other assets of the minor district. The statement shall be filed with the board of directors of the district created by the merger and on the effective date of the merger. The statement shall also be filed with the county auditor of the county containing the majority of the territory of the district after the merger. Upon the filing with the board, the property and other assets of the minor district shall, subject to the rights of the holders of bonds or other obligations of the minor district, become the property and other assets of the district created by the merger. [1993 c 235 § 6.]

**87.03.855 Merger of minor irrigation district into major irrigation district—Merger of more than two districts.** More than two irrigation districts may merge under RCW 87.03.530(2) and 87.03.845 through 87.03.853 in one merger process. However, only one of the districts may be a "major" irrigation district and the assessed acreage in all of the other districts merging in the process, when taken collectively, shall not constitute more than thirty percent of the combined assessed acreage of all of the merging districts. In such a case, each of these other, nonmajor districts is considered to be a "minor" irrigation district under RCW 87.03.530(2) and 87.03.845 through 87.03.853. [1993 c 235 § 7.]

**87.03.857 Merger of minor irrigation district into major irrigation district—Existing water rights not impaired.** Nothing in RCW 87.03.530(2) and 87.03.845 through 87.03.855 shall authorize the impairment or operate to impair any existing water rights. [1993 c 235 § 8.]

**87.03.860 Assumption of substandard water system—Limited immunity from liability.** An irrigation district assuming responsibility for a water system that is not in compliance with state or federal requirements for public drinking water systems, and its agents and employees, are immune from lawsuits or causes of action, based on non-compliance with state or federal requirements for public drinking water systems, which predate the date of assuming responsibility and continue after the date of assuming responsibility, provided that the irrigation district has submitted and is complying with a plan and schedule of improvements approved by the department of health. This immunity shall expire on the earlier of the date the plan of improvements is completed or four years from the date of assuming responsibility. This immunity does not apply to intentional injuries, fraud, or bad faith. [1994 c 292 § 11.]

**Findings—Intent—1994 c 292:** See note following RCW 57.04.050.

**87.03.870 Mutual aid agreements for emergency interdistrict assistance—Authority—Liability.** (1) Under the interlocal cooperation act, chapter 39.34 RCW, an irrigation district may enter into a mutual aid agreement with any other irrigation district to provide emergency interdistrict assistance to respond to a breach or other failure of an irrigation water conveyance system when the required response exceeds the existing resources available to the district requesting assistance. Assistance may be provided without compensation.

(2) Whenever the employees of an irrigation district are rendering outside aid pursuant to the authority contained in this section, the employees have the same powers, duties, rights, privileges, and immunities as if they were performing their duties in the irrigation district in which they are normally employed. Supervision of the employees may be temporarily delegated as provided by the mutual aid agreement.

(3) The irrigation district in which any equipment is used pursuant to this section is liable for any loss or damage caused to the equipment and shall pay any ordinary expense incurred in the daily operation and maintenance of the equipment. No claim for loss, damage, or expense may be

allowed unless, within sixty days after the loss, damage, or expense is sustained or incurred, an itemized notice of the claim under oath is served by mail or otherwise upon the secretary of the irrigation district where the equipment was used. [1996 c 214 § 3.]

**87.03.880 Tariff for irrigation pumping service—Authority to buy back electricity.** The board may approve a tariff for irrigation pumping service that allows the irrigation district to buy back electricity from customers to reduce electricity usage by those customers during the irrigation district's particular irrigation season. [2001 c 122 § 6.]

**Effective date—2001 c 122:** See note following RCW 80.28.310.

**87.03.900 Construction—1913 c 165.** All irrigation districts in the state of Washington, and all proceedings had for the organization of any irrigation district, and all proceedings now pending in or relating to any irrigation district, shall be governed and controlled by the terms of this act, and this act shall not be construed as abridging or abrogating any of the rights or privileges of any irrigation district now organized, or being organized, and any contract, obligation, lien or charge, or bonds of any district, which may have been made, incurred, authorized or issued, prior to the taking effect of this act shall not be abridged or impaired by the terms of this act, but this act shall be construed as being a continuation of, and in aid of the previously existing laws relating to irrigation districts, except as to the sections specially repealed; and if in any instance relating to an existing district or any of its proceedings, the term of this amendatory act shall not be legally applicable, the district may proceed, and any contract, obligation, lien or charge against it may be enforced, under the terms and provisions of the law relating to irrigation districts in force and in effect prior to the taking effect of this act. [1913 c 165 § 23.]

**87.03.905 Severability—1921 c 129.** If any section or provision of this act shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the act as a whole, or any section, provision or part thereof not adjudged to be invalid or unconstitutional. [1921 c 129 § 49.]

**87.03.910 Severability—1923 c 138.** If any section or provision of this act shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the act as a whole or any section, provision or part thereof not adjudged to be invalid or unconstitutional. [1923 c 138 § 14.]

**87.03.915 Severability—1935 c 128.** In case any part or portion of this act shall be held unconstitutional, such holding shall not affect the validity of this act as a whole or any other part or portion of this act not adjudged unconstitutional. [1935 c 128 § 3.]

**87.04.010 Divisions of certain districts required—Number—Directors—Who are electors.** An irrigation district comprising two hundred thousand or more acres, or irrigation districts comprising less than two hundred thousand acres which have followed the optional procedure specified in \*this amendatory act, shall be divided into divisions of as nearly equal area as practical, consistent with being fair and equitable to the electors of the district. The number of divisions shall be the same as the number of directors, which shall be numbered first, second, third, etc. One director, who shall be an elector of the division, shall be elected for each division of the district by the electors of his division. A district elector shall be considered an elector of the division in which he holds title to or evidence of title to land. An elector holding title to or evidence of title to land in more than one division shall be considered an elector of the division nearest his place of residence. [1961 c 192 § 1; 1939 c 13 § 1; RRS § 7505-5a.]

**\*Reviser's note:** The language "this amendatory act" refers to 1961 c 192 codified as RCW 87.04.010 through 87.04.900, 87.03.045, 87.03.080, 87.03.081, and 87.03.082.

**87.04.020 Director vacancies, how filled.** Vacancies in the representation of director divisions on the board of directors of the irrigation district shall be filled by appointment of an elector of the division concerned, in the same manner and for the same time as provided by law for the filling of vacancies on the board of directors of irrigation districts generally. [1961 c 192 § 2; 1939 c 13 § 2; RRS § 7505-5b.]

*Directors—Vacancies, how filled:* RCW 87.03.081.

**87.04.030 New district to be divided by county commissioners—Objections, denial, election.** When a new

irrigation district comprising more than two hundred thousand acres has been authorized, pursuant to law, the board of county commissioners shall, within thirty days from the canvassing of the returns, divide the district into director divisions equal to the number of directors, and in the resolution organizing the district, they shall include an order designating the director divisions and describing the boundaries thereof. When a petition for the formation of a new irrigation district comprising less than two hundred thousand acres has been filed pursuant to law and said petition includes a request that the district be divided into director divisions, the board of county commissioners shall divide the district into director divisions as provided in this section unless objections to director divisions are made at the hearing held pursuant to RCW 87.03.020; and in the event objections to director divisions are made and not withdrawn, the board of county commissioners may deny the request for director divisions or if it determines that it is to the best interests of the district that director divisions be established, it may, in its order calling an election for organization of the district, include a separate proposition on the question of director divisions; and if a majority of the votes cast on said proposition are in favor of director divisions, then the resolution organizing the district shall include an order designating the director divisions and describing the boundaries thereof. [1961 c 192 § 3; 1939 c 13 § 3; RRS § 7505-5c.]

**87.04.040 Petition to divide or redivide.** Proceedings to divide or redivide a district comprising less than two hundred thousand acres into director divisions, or to redivide the director divisions heretofore established for districts comprising more than two hundred thousand acres, may be initiated by a petition filed with the county commissioners of the county in which the principal office of the district is situated. The petition shall designate the name of the district and pray that it be divided into director divisions, or that existing director divisions be redivided, and shall be signed by at least two-thirds of the directors of the district or in lieu thereof by at least twenty electors of the district. A petition to divide or redivide a district shall not be filed more than once in each five-year period except for redivisions necessitated by reason of a change in the total number of directors of the district. [1961 c 192 § 4; 1939 c 13 § 4; RRS § 7505-5d.]

**87.04.050 Redivision when number of directors changed or new lands included.** If the number of directors is changed for a district which is divided into director divisions or new lands outside of existing director divisions are included into a district but cannot be added to director divisions as provided in RCW 87.04.055 due to geographic limitations, a petition for redivision or addition shall be filed with the board of county commissioners by the directors of the district and all proceedings thereon shall be conducted in the manner as provided in RCW 87.04.060 and 87.04.070: PROVIDED, That even if objections are filed at the hearing on said petition, no election shall be held but the board of county commissioners shall make such division or addition that they determine to be fair and equitable to the electors of the district. [1967 c 205 § 1; 1961 c 192 § 5; 1939 c 13 § 7; RRS § 7505-5g.]

**87.04.055 Procedure for adding land to director divisions when new land included in district.** When land located outside existing director divisions is included in an irrigation district such land shall thereby be added to the nearest director division, except that where added lands are adjacent to two or more director divisions, the common boundary lines between the divisions shall be extended in a straight line so as to include the new lands in such divisions: PROVIDED, That where the provisions of this section cannot be applied due to geographic limitations, the procedures provided for in RCW 87.04.050 shall apply. [1967 c 205 § 2.]

**87.04.058 Application of RCW 87.04.030 through 87.04.055 following merger of minor irrigation district into major irrigation district.** RCW 87.04.030 through 87.04.055 do not apply to redividing a district immediately following a merger as provided in RCW 87.03.849. [1993 c 235 § 9.]

**87.04.060 Time for hearing on petition—Notice, contents.** Upon the filing of the petition the board of county commissioners shall fix a time and place for hearing thereon, which shall be not less than thirty days nor more than forty-five days from the date of filing, and shall cause notice thereof, stating the time, place, and general purpose of the hearing, to be published in a newspaper of general circulation in each county in which any of the lands of the district are situated, in at least three consecutive weekly issues; if there is no such newspaper published in a county, then in a newspaper of general circulation therein, designated by the county commissioner. The notice shall state the filing of the petition and its prayer, but need not describe with particularity the boundaries of the divisions recommended in the petition, and shall notify all electors of the district to appear at the time and place named in the notice to show cause, if any they have, why the district should not be divided or redivided into director divisions. [1961 c 192 § 6; 1939 c 13 § 5; RRS § 7505-5e.]

*Official paper for publication: RCW 87.03.020.*

**87.04.070 Hearing—Order of denial or rejection—Election to divide or redivide.** At the hearing or adjournments thereof, which shall not be for more than sixty days in all, the board of county commissioners shall consider the petition and shall hear electors of the district for or against the division or redivision of director divisions and recommendations for the manner in which division should be made. If the board deems it against the best interests of the district to divide the district into director divisions or to redivide existing divisions, it shall order the petition rejected, but if it deems it for the best interests of the district that the petition be granted, and if no elector of the district files cause in writing at said hearing why the petition should not be granted, or if having filed said cause in writing withdraws the same, the board shall enter an order dividing or redividing the district into the same number of director divisions as there are directors of the district, and designating the divisions and describing the boundaries thereof. The division to be made shall be such as the commissioners consider fair and equitable to the electors of the district. A copy of the

commissioners' order shall be filed for record, without charge, with the auditor of each county in which any part of the district is situated, and thereafter the directors shall be elected or appointed as provided in this chapter. If any elector shall appear in person at said hearing and shall file cause in writing as aforesaid why the petition should not be granted and shall not withdraw the same, and if the board nevertheless deems it for the best interests of the district that the petition be granted, the board shall adopt a resolution to that effect and shall order an election held within the district on whether the district should be divided into director divisions or its existing director divisions be redivided, and shall fix the time thereof and cause notice to be published. The notice shall be given and the election conducted in the manner as for special elections on a bond issue of the district. The notice shall state the general plan of division or redivision but need not describe with particularity the boundaries of the proposed division or redivision. Such boundaries shall be described on the ballot. If the majority of votes cast at the election are in favor of dividing or redividing the district into director divisions, the board of county commissioners shall enter an order dividing or redividing the district into the same number of director divisions as there are directors of the district, and designating the divisions and designating the boundaries thereof. If a majority of the votes cast are against division or redivision into director districts, the board shall order the petition denied. [1961 c 192 § 7; 1939 c 13 § 6; RRS § 7505-5f.]

**87.04.080 Election of directors—Terms.** At the next general election of directors of a district which has been divided into director divisions, the electors of the first division shall select the director then to be elected on the board, and if more than one director is to be selected, the second division shall select one, and so on in numerical order, until, as the terms of incumbent directors expire, all the divisions are represented on the board, and thereafter directors shall be elected from the divisions in rotation, as their respective terms of office expire: PROVIDED, That if following the numerical order of director divisions will result in any year in one division having more than one director and one division having no director, then the numerical order of the divisions shall not be followed for the year or years in question but the electors of the next highest numbered division without representation on the board of directors shall select the director then to be elected on the board. If such a district is organized but has not yet held an annual election of officers, it shall, at its next annual election, select directors for three, two and one-year terms respectively, and if the district is managed by a board of three directors, the first division shall select a director for the three-year term, the second division shall select one for the two-year term, and the third division shall select one for the one-year term, and thereafter their successors shall be elected for three-year terms, respectively. If the district has five directors, the first and second divisions shall each select a director for the three-year term, the third and fourth divisions shall each select one for the two-year term, and the fifth division shall select one for the one-year term, and thereafter their successors shall be elected for three-year terms respectively. If the district has seven directors, the first, second and third

divisions shall each select a director for the three-year term, the fourth and fifth divisions shall each select a director for the two-year term, and the sixth and seventh divisions shall each select a director for the one-year term, and thereafter their successors shall be elected for three-year terms respectively. **87.06.010 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Date of delinquency" means the date when the assessment first became delinquent under chapter 87.03 RCW.

(2) "Description of property" means a legal description, the parcel number, tax number, or other description that sufficiently describes the property or specific parcel of land.

(3) "Minimum bid sheet" means the informational sheet which is prepared by the treasurer for use at the treasurer's sale and which contains a description of the various properties and the minimum bid required for each.

(4) "Party in interest" means an occupant of the property, the owner of record, and any other person having a financial interest of record in the property.

(5) "Treasurer" means the irrigation district treasurer. However, if the county treasurer acts as ex officio district treasurer in accordance with RCW 87.03.440, then "treasurer" means the county treasurer. [1988 c 134 § 1.]

**87.06.020 Certificates of delinquency—Posting of certificates.** (1) After thirty-six calendar months from the month of the date of delinquency, the treasurer shall prepare certificates of delinquency on the property for the unpaid irrigation district assessments, and for costs and interest. An individual certificate of delinquency may be prepared for each property or the individual certificates may be compiled and issued in one general certificate including all delinquent properties. Each certificate shall contain the following information:

- Description of the property assessed;
- Street address of property, if available;
- Years for which assessed;
- Amount of delinquent assessments, costs, and interest;
- Name appearing on the treasurer's most current assessment roll for the property; and

(f) A statement that interest will be charged on the amount listed in (d) of this subsection at a rate of twelve percent per year, computed monthly and without compounding, from the date of the issuance of the certificate and that additional costs, incurred as a result of the delinquency, will be imposed, including the costs of a title search;

(2) The treasurer may provide for the posting of the certificates or other measures designed to advertise the certificates and encourage the payment of the amounts due. [1988 c 134 § 2.]

**87.06.030 Title search to verify legal description of property.** The treasurer shall order a title search of the property for which a certificate of delinquency has been prepared to determine or verify the legal description of the property to be sold and parties in interest. [1988 c 134 § 3.]

**87.06.040 Commencement of action to foreclose assessment liens—Notice and summons—Recording of notice of lis pendens.** (1) After the completion of the title searches, the treasurer, in the name of the irrigation district, shall commence legal action to foreclose on the assessment liens. The treasurer shall give notice of application for judgment foreclosing assessment liens and summons to all parties in interest as disclosed by the title search. The treasurer may include in any notice any number of separate properties. Such notice and summons shall contain:

(a) A statement that the irrigation district is applying to superior court of the county in which the property is located for a judgment foreclosing the lien against the property for delinquent assessments, costs, and interest;

(b) The full name of the superior court in which the district is applying for the judgment; and for each property: The description of the property, the local street address (if any), and the name of each party in interest;

(c) A description of the lien amount due, which shall include the amount listed in RCW 87.06.020(1)(d), plus any costs and interest accruing since the date of preparation of the certificate of delinquency;

(d) A direction to each party in interest summoning the party to appear within sixty days after service of the notice and summons, exclusive of the day of the service, and defend the action or pay the lien amount due; and when service is made by publication, a direction summoning each party to appear within sixty days after the date of the first publication of the notice and summons, exclusive of the day of first publication, and defend the action or pay the amount due;

(e) A notice that, in case of failure to defend or pay the amount due, judgment will be rendered foreclosing the lien of the assessments, costs, and interest against the property; and

(f) The date, time, and place of the foreclosure sale as specified in the application for judgment.

(2) The treasurer shall record in the office of the auditor of the county in which the property is located a notice of lis pendens before commencing the service of the notice and summons.

(3) The notice and summons shall be served in a manner reasonably calculated to inform each party in interest of the foreclosure action. At a minimum, service shall be

accomplished by either (a) personal service upon a party in interest, or (b) publication once in a newspaper of general circulation that is circulated in the area in which the property is located and mailing of notice by certified mail to the party in interest.

(4) It shall be the duty of the treasurer to mail a copy of the notice and summons, within fifteen days after the first publication or service thereof, to the treasurer of each county, city, or town within which any property involved in an assessment foreclosure is situated, but the treasurer's failure to do so shall not affect the jurisdiction of the court nor the priority of any assessment lien sought to be foreclosed. [1988 c 134 § 4.]

**87.06.050 Payment on certificate of delinquency before foreclosure.** (1) Any party in interest of property for which a certificate of delinquency has been prepared, but against which a foreclosure judgment has not been entered, may pay to the treasurer, in person or by agent, the total amount of the assessment lien, as listed under RCW 87.06.020(1)(d), plus any additional costs and interest, including any title search costs. If a foreclosure judgment has been entered, then any party in interest may pay to the treasurer, in person or by agent, the lien amount for which the judgment has been rendered, so long as payment is received by the treasurer during regular business hours before the day of the foreclosure sale. The treasurer shall give a receipt for each payment received under this subsection.

(2) Upon receipt of payment under this section, the district shall abandon any foreclosure proceedings commenced against the property. If a notice of lis pendens has been filed with the county auditor, the treasurer shall record a release of lis pendens with the auditor. [1988 c 134 § 5.]

**87.06.060 Combining foreclosure proceedings—Irregularities or informalities in assessment role not illegal—Correction.** (1) The proceedings to foreclose the liens against all properties on a general certificate of delinquency or on more than one individual certificate may be brought in one action.

(2) No assessment, costs, or interest may be considered illegal because of any irregularity in the assessment roll or because the assessment roll has not been made, completed, or returned within the time required by law, or because the property has been charged or listed in the assessment roll without name, or in any other name than that of the owner, and no error or informality in the proceedings of any of the officers connected with the assessment may invalidate or in any other manner affect the assessment thereof. Any irregularities or informality in the assessment roll or in any of the proceedings connected with the assessment or any omission or defective act of any officer or officers connected with the assessment may be, at the discretion of the court corrected, supplied, and made to conform to the law by the court. This section does not apply if the court finds that the failure to conform to the law unfairly affects parties in interest. [1988 c 134 § 6.]

**87.06.070 Sale of foreclosed property.** (1) If the court renders a judgment of foreclosure, the court shall direct the treasurer to proceed with the sale of the property and

shall specify the minimum sale price below which the property is not to be sold.

(2) The treasurer shall sell the property to the highest and best bidder. All sales shall be made on Friday between the hours of nine a.m. and five p.m. at a location designated by the treasurer. However, sales not concluded on Friday shall be continued from day to day, Saturdays, Sundays, and holidays excluded, during the same hours until all properties are sold. [1988 c 134 § 7.]

**87.06.080 Notice of foreclosure sale—Conduct of sale—Remittal of excess moneys.** (1) The treasurer shall post notice of the foreclosure sale, at least ten days before the sale, at the following locations: At the courthouse of the county in which the property is located, at the district office, and at a public place in the district. The treasurer shall also publish, at least once and not fewer than ten days before the sale, the notice in any daily or weekly legal newspaper of general circulation in the district.

(4) If the bid amount paid for the property is in excess of the lien amount for which the judgment has been rendered, plus any additional assessments, costs, and interest which have become due after the date of preparation of the certificate of delinquency and before the date of sale, then the excess shall be remitted, on application therefor, to the owner of the property. If no claim for the excess is received by the treasurer within three years after the date of the sale,

the treasurer, at expiration of the three-year period, shall deposit the excess in the current expense fund of the district. [1988 c 134 § 8.]

The deed provided for in RCW 87.06.090 shall be conveyed to the irrigation district.

(3) All property deeded to the district under the provisions of this chapter shall be stricken from the tax rolls as district property and exempt from taxation and shall not be taxed while property of the district.

This section does not apply to any foreclosure sale declared to be invalid by a court of competent jurisdiction or if district assessments again become delinquent after the date of sale.

(3) A certificate of delinquency may be issued, and foreclosure proceedings instituted, under this chapter for property acquired by an irrigation district under foreclosure proceedings which occurred prior to June 9, 1988, and which the district believes might be legally defective. [1996 c 320 § 1; 1949 c 56 § 1; Rem. Supp. 1949 § 7505-20.]

**87.80.020 Petition to create board required—Signatures—Filing.** (1) For the purpose of creating a board of joint control a petition signed by two or more entities that are owners of or hold an ownership interest in water rights having the same source of water or use common works for the diversion, transportation, or drainage of all or any part of their respective irrigation water supplies, must be filed with the board of county commissioners of the county in which the greater part of the land irrigated from the source of water supply is situated.

(2) The petition shall also be filed with the board of commissioners of each county containing lands irrigated from the source of water supply of the entities signing the petition. The board of county commissioners making the review under RCW 87.80.090 shall consider any comments of other boards of county commissioners provided within the public hearing and comment period on the petition. However, lands included in any irrigation entity involved need not be described individually but shall be included by stating the name of the irrigation entity and all the irrigable lands in the irrigation entity named shall by that method be deemed to be involved unless otherwise specifically stated in the petition. Further, the petition must propose the formula for board of joint control apportionment of costs among its members, and may propose the composition of the board of joint control as to membership, chair, and voting structure. The petition shall also state generally the reasons for the creation of a

board of joint control and any other matter the petitioners deem material, and shall allege that it is in the public interest and to the benefit of all the owners of the lands receiving water within the area of jurisdiction, that the board of joint control be created and request that the board of county commissioners consider the petition and take the necessary steps provided by law for the creation of a board of joint control. The petition shall be accompanied by a map showing the area of jurisdiction and the general location of the water supply and distribution facilities. [1996 c 320 § 4; 1949 c 56 § 3; Rem. The notice shall be published in at least three weekly issues thereof. However, the time of the hearing shall not be less than thirty days from the date of the first publication of the notice. A copy of the notice shall be posted at the regular meeting place of the board of directors of each irrigation entity concerned in the granting or denial of the petition and a copy of the notice shall be mailed to the department of ecology at Olympia at least thirty days prior to the day of the hearing. [1996 c 320 § 5; 1988 c 127 § 66; 1949 c 56 § 5; Rem. Supp. 1949 § 7505-24.]

**87.80.130 Powers of board of joint control—Limitation.** (1) A board of joint control created under the provisions of this chapter shall have full authority within its area of jurisdiction to enter into and perform any and all necessary contracts; to accept grants and loans, including, but not limited to, those provided under chapters 43.83B and 43.99E RCW, to appoint and employ and discharge the necessary officers, agents, and employees; to sue and be sued as a board but without personal liability of the members thereof in any and all matters in which all the irrigation entities represented on the board as a whole have a common interest without making the irrigation entities parties to the suit; to represent the entities in all matters of common interest as a whole within the scope of this chapter; and to do any and all lawful acts required and expedient to carry out the purposes of this chapter. A board of joint control may, subject to the same limitations as an irrigation district operating under chapter 87.03 RCW, acquire any property or property rights for use within the board's area of jurisdiction by power of eminent domain; acquire, purchase, or lease in its own name all necessary real or personal property or property rights; and sell, lease, or exchange any surplus real or personal property or property rights. Any transfers of water, however, are limited to transfers authorized under subsection (2) of this section.

(2) A board of joint control is authorized and encouraged to pursue conservation and system efficiency improvements to optimize the use of appropriated waters and to either redistribute the saved water within its area of jurisdiction, or, transfer the water to others, or both. A redistribution of saved water as an operational practice internal to the board of joint control's area of jurisdiction, may be authorized if it can be made without detriment or injury to rights existing outside of the board of control's area of jurisdiction, including instream flow water rights established under state or federal law. Prior to undertaking a water conservation or system efficiency improvement project which will result in a redistribution of saved water, the board of joint control must consult with the department of ecology and if the board's jurisdiction is within a United States reclamation project the board must obtain the approval of the bureau of reclamation. The purpose of such consultation is to assure that the proposal will not impair the rights of other water holders or bureau of reclamation contract water users. A board of control does not have the power to authorize a change of any water right that would change the point or points of diversion, purpose of use, or place of use outside the board's area of jurisdiction, without the approval of the department of ecology pursuant to RCW 90.03.380 and if the board's jurisdiction is within a United States reclamation project, the approval of the bureau of reclamation.

(3) A board of joint control is authorized to design, construct, and operate either drainage projects, or water quality enhancement projects, or both.

(4) Where the board of joint control area of jurisdiction is totally within a federal reclamation project, the board is authorized to accept operational responsibility for federal reserved works.

(5) Nothing contained in this chapter gives a board of joint control the authority to abridge the existing rights, responsibilities, and authorities of an individual irrigation entity or others within the area of jurisdiction; nor in a case where the board of joint control consists of representatives of two or more divisions of a federal reclamation project shall the board of joint control abridge any powers of an existing board of control created through federal contract; nor shall a board of joint control have any authority to abridge or modify a water right benefiting lands within its area of jurisdiction without consent of the party holding the ownership interest in the water right.

(6) A board of joint control created under this chapter may not use any authority granted to it by this chapter or by RCW 90.03.380 to authorize a transfer of or change in a water right or to authorize a redistribution of saved water before July 1, 1997. [1998 c 84 § 2; 1996 c 320 § 11; 1949 c 56 § 12; Rem. Supp. 1949 § 7505-31.]

#### ARTICLE II Definition

As used in this compact, "state" means a state that has entered into this compact.

#### ARTICLE III Concurrent Jurisdiction

(2) This compact does not authorize:

(a) Prosecution of any person for conduct that is unlawful in the state where it was committed, but lawful in the other party state;

(b) A prohibited conduct by the party state.

#### ARTICLE IV Entry Into Force and Withdrawal

All voluntary donations collected under this section shall be deposited in the maritime historic restoration and preservation account created under RCW 88.02.053. [1996 c 3 § 1.]

**88.02.053 Maritime historic restoration and preservation account.** (1) The maritime historic restoration and preservation account is created in the custody of the state treasurer. All receipts from the voluntary donations made simultaneously with the registration of vessels under chapter 88.02 RCW shall be deposited into this account. These deposits are not public funds and are not subject to allotment procedures under chapter 43.88 RCW.

(2) At the end of each fiscal year, the state treasurer shall pay from this account to the department of licensing an amount equal to the reasonable administrative expenses of that agency for that fiscal year for collecting the voluntary donations and transmitting them to the state treasurer and shall pay to the state treasurer an amount equal to the reasonable administrative expenses of that agency for that fiscal year for maintaining the account and disbursing funds from the account.

(3) At the end of each fiscal year, the state treasurer shall pay one-half of the balance of the funds in the account after payment of the administrative costs provided in subsection (2) of this section, to the Grays Harbor historical seaport or its corporate successor and the remainder to the Steamer Virginia V foundation or its corporate successor.

(4) If either the Grays Harbor historical seaport and its corporate successors or the Steamer Virginia V foundation and its corporate successors legally ceases to exist, the state treasurer shall, at the end of each fiscal year, pay the balance of the funds in the account to the remaining organization.

(5) If both the Grays Harbor historical seaport and its corporate successors and the Steamer Virginia V foundation and its corporate successors legally cease to exist, the department of licensing shall discontinue the collection of the voluntary donations in conjunction with the registration of vessels under RCW 88.02.052, and the balance of the funds in the account escheat to the state. If funds in the account escheat to the state, one-half of the fund balance shall be provided to the office of archaeology and historic preservation and the remainder shall be deposited into the parks renewal and stewardship account.

(6) The secretary of state, the directors of the state historical societies, the director of the office of archaeology and historic preservation within the department of community, trade, and economic development, and two members representing the recreational boating community appointed by the secretary of state, shall review the success of the voluntary donation program for maritime historic restoration and preservation established under RCW 88.02.052 and report their findings to the appropriate legislative committees by January 31, 1998. The findings must include the progress of the program and the potential to expand the voluntary funding to other historic vessels. [1996 c 3 § 2.]

**Reviser's note:** 1996 c 3 directed that this section be added to chapter 43.08 RCW. This section has been codified in chapter 88.02 RCW, which relates more directly to vessel registration receipts.

**88.02.055 Refund, collection of erroneous amounts—Penalty for false statement.** Whenever any license fee paid under this chapter has been erroneously paid, in whole or in part, the person paying the fee, upon satisfactory proof to the director of licensing, is entitled to a refund of the amount erroneously paid. A license fee is refundable in one or more of the following circumstances:

(1) If the vessel for which the renewal license was purchased was destroyed before the beginning date of the registration period for which the renewal fee was paid; (2) if the vessel for which the renewal license was purchased was permanently removed from the state before the beginning date of the registration period for which the renewal fee was paid; (3) if the vessel license was purchased after the owner has sold the vessel; (4) if the vessel is currently licensed in Washington and is subsequently licensed in another jurisdiction, in which case any full months of Washington fees between the date of license application in the other jurisdiction and the expiration of the Washington license are refundable; or (5) if the vessel for which the renewal license was purchased is sold before the beginning date of the registration period for which the renewal fee was paid, and the payor returns the new, unused, never affixed license renewal decal to the department before the beginning of the registration period for which the registration was purchased. Upon the refund being certified as correct to the state treasurer by the director and being claimed in the time required by law, the state treasurer shall mail or deliver the amount of each refund to the person entitled to the refund. A claim for refund shall not be allowed for erroneous payments unless the claim is filed with the director within three years after such payment was made.

If due to error a person has been required to pay a license fee under this chapter and excise tax which amounts to an overpayment of ten dollars or more, the person is entitled to a refund of the entire amount of the overpayment, regardless of whether a refund of the overpayment has been requested. If due to error the department or its agents has failed to collect the full amount of the license fee and excise tax due, which underpayment is in the amount of ten dollars or more, the department shall charge and collect the additional amount as will constitute full payment of the tax and fees.

Any person who makes a false statement under which he or she obtains a refund to which he or she is not entitled under this section is guilty of a gross misdemeanor. [1997 c 22 § 2; 1996 c 31 § 2; 1989 c 68 § 5.]

The bond shall be approved by the attorney general as to form and conditioned that the dealer shall conduct his business in conformity with the provisions of this chapter. Any vessel consignor or purchaser who has suffered any loss or damage by reason of any act or omis-

sion by a dealer that constitutes a violation of this chapter may institute an action for recovery against the dealer and the surety upon the bond. Successive recoveries against the bond shall be permitted, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. Upon exhaustion of the penalty of the bond or cancellation of the bond by the surety, the vessel dealer registration shall automatically be deemed canceled.

(3) Vessel dealers selling fifteen vessels or fewer per year having a retail value of no more than two thousand dollars each shall not be subject to the provisions of subsection (2).

(4) For the fiscal biennium from July 1, 1987, through June 30, 1989, the registration fee for dealers shall be fifty dollars per year for an original registration, and twenty-five dollars for any subsequent renewal. In addition, a fee of twenty-five dollars shall be collected for the first decal, fifteen dollars for each additional decal, and fifteen dollars for each vessel dealer display decal replacement. In ensuing biennia, the director shall establish the amount of such fees at a sufficient level to defray the costs of administering the vessel dealer registration program. All such fees shall be fixed by rule adopted by the director in accordance with the Administrative Procedure Act, chapter 34.05 RCW. All fees collected under this section shall be deposited with the state treasurer and credited to the general fund. [1987 c 149 § 1; 1983 c 7 § 19.]

**Effective date—1987 c 149:** "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1987." [1987 c 149 § 15.]

**88.02.070 Certificates of title.** (1) The department shall provide for the issuance of vessel certificates of title. Applications for certificates may be made through the agents appointed under RCW 88.02.040. The fee for a vessel certificate of title is five dollars. Fees required for licensing agents under RCW 46.01.140 are in addition to the vessel certificate of title fee. Fees for vessel certificates of title shall be deposited in the general fund. Security interests in vessels subject to the requirements of this chapter and attaching after July 1, 1983, shall be perfected only by indication upon the vessel's title certificate. The provisions of chapters 46.12 and 46.16 RCW relating to motor vehicle certificates of registration, titles, certificate issuance, ownership transfer, and perfection of security interests, and other provisions which may be applied to vessels subject to this chapter, may be so applied by rule of the department if they are not inconsistent with this chapter.

(2) Whenever a vessel is to be registered for the first time as required by this chapter, except for a vessel having a valid marine document as a vessel of the United States, application shall be made at the same time for a certificate of title. Any person who purchases or otherwise obtains majority ownership of any vessel subject to the provisions of this chapter, except for a vessel having a valid marine document as a vessel of the United States, shall within fifteen days thereof apply for a new certificate of title which shows the vessel's change of ownership.

(3) Security interests may be released or acted upon as provided by the law under which they arose or were perfected. No new security interest or renewal or extension of an

existing security interest is affected except as provided under the terms of this chapter and RCW 46.12.095.

(4) Notice shall be given to the issuing authority by the owner indicated on the certificate of registration within fifteen days of the occurrence of any of the following: Any change of address of owner; destruction, loss, abandonment, theft, or recovery of the vessel; or loss or destruction of a valid certificate of registration on the vessel.

(5) Within five days, excluding Saturdays, Sundays, and state and federal holidays, the owner shall notify the department in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, and such description of the vessel, including the hull identification number, the vessel decal number, or both, as may be required by the department. [1996 c 315 § 5; 1991 c 339 § 31; 1985 c 258 § 4; 1983 2nd ex.s. c 3 § 46.]

**Effective dates—1996 c 315 §§ 1, 4, 5:** See note following RCW 46.01.140.

**Effective date—1985 c 258:** "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect June 30, 1985." [1985 c 258 § 13.]

(2) The duplicate certificate of ownership or registration shall contain the legend, "duplicate." It shall be mailed to the first priority secured party named in it or, if none, to the owner.

(3) A person recovering an original certificate of ownership, certificate of registration, or decal for which a duplicate or replacement has been issued shall promptly surrender the original to the department. [1997 c 241 § 12; 1986 c 71 § 1.]

**88.02.078 Vessel dealer business address—Office—Identification of business.** (1) A vessel dealer shall have and maintain an office in which to conduct business at the business address of the dealer.

(2) The vessel dealer's place of business shall be identified by an exterior sign with the business name. In the absence of other identifiers that the business conducted is marine business, the sign must identify the nature of the business, such as marine sales, service, repair, or manufacturing. [1987 c 149 § 2.]

**Effective date—1987 c 149:** See note following RCW 88.02.060.

**88.02.090 Inspection of registration—Violation of chapter.** Any person charged with the enforcement of this chapter may request for inspection the certificate of registration from any vessel owner or operator to ascertain the legal and registered ownership of such vessel. Failure to provide such certificate for inspection upon the request of any person charged with enforcement of this chapter constitutes a violation of this chapter and subjects the person requested to produce such document to the penalties provided by RCW 88.02.110. [1983 c 7 § 21.]

**88.02.100 Rule-making authority.** The department may adopt rules under chapter 34.05 RCW to implement this chapter. [1983 c 7 § 20.]

**88.02.110 Penalties—Disposition of moneys collected—Enforcement authority.** (1) Except as otherwise provided in this chapter, a violation of this chapter and the rules adopted by the department pursuant to these statutes is a misdemeanor punishable only by a fine not to exceed one hundred dollars per vessel for the first violation. Subsequent violations in the same year are subject to the following fines:

(a) For the second violation, a fine of two hundred dollars per vessel;

(b) For the third and successive violations, a fine of four hundred dollars per vessel.

(2) After subtraction of court costs and administrative collection fees, moneys collected under this section shall be credited to the current expense fund of the arresting jurisdiction.

(3) All law enforcement officers shall have the authority to enforce this chapter, and the rules adopted by the department pursuant to these statutes within their respective jurisdictions: PROVIDED, That a city, town, or county may contract with a fire protection district for such enforcement and fire protection districts are authorized to engage in such activities. [1993 c 244 § 4; 1987 c 149 § 13; 1984 c 183 § 2; 1983 2nd ex.s. c 3 § 50; 1983 c 7 § 22.]

**88.02.112 Registration certificate required—Penalty.** Any person engaging in vessel dealer activities without first obtaining a registration certificate is guilty of a gross misdemeanor. [1987 c 149 § 3.]

**Effective date—1987 c 149:** See note following RCW 88.02.060.

**88.02.115 Additional penalties for unauthorized or personal use of dealer display decals.** In addition to other penalties imposed by this chapter for unauthorized or

personal use of vessel dealer display decals, the director may confiscate all display decals for such period as the director deems appropriate, and in addition, or in lieu of other sanctions, the director may impose a monetary penalty not exceeding twice the amount of excise tax that should have been paid to register each vessel properly. A monetary penalty assessment is in addition to any fees owing to register each vessel properly. Any monetary penalty imposed or vessel display decals confiscated shall be done in accordance with chapter 34.05 RCW. Any monetary penalty imposed by the director and the delinquent excise taxes collected shall be deposited in the general fund. [1987 c 149 § 6.]

**Effective date—1987 c 149:** See note following RCW 88.02.060.

**88.02.118 Evasive registration—Penalty.** It is a gross misdemeanor punishable as provided under chapter 9A.20 RCW for any person owning a vessel subject to taxation under chapter 82.49 RCW to register a vessel in another state to avoid Washington state vessel excise tax required under chapter 82.49 RCW or to obtain a vessel dealer's registration for the purpose of evading excise tax on vessels under chapter 82.49 RCW. For a second or subsequent offense, the person convicted is also subject to a fine equal to four times the amount of avoided taxes and fees, no part of which may be suspended or deferred. Excise taxes owed and fines assessed will be deposited in the manner provided under RCW 46.16.010(2). [2000 c 229 § 6; 1999 c 277 § 10; 1996 c 184 § 4; 1993 c 238 § 4; 1987 c 149 § 7.]

**Effective date—1996 c 184:** See note following RCW 46.16.010.

**Effective date—1987 c 149:** See note following RCW 88.02.060.

**88.02.120 Title certificate system—Legislative intent—Authority for rules and procedures to establish system.** It is the intention of the legislature to establish a system of certificates of title for vessels and watercraft similar to that in existence for motor vehicles. It is the goal of this legislation that the title certificate become prima facie evidence of ownership of the vessel it describes so that persons may rely upon that certificate; and that security interest in vessels be perfected solely by notation of a secured party upon the title certificate. However, there are title certificates issued prior to June 30, 1985, which may not indicate security interests in the certificated vessel. The establishment of a more reliable system will require implementation over several years, as the existing security interests are either satisfied or their perfection is not continued. During this interim period of five years from June 30, 1985, two different classes, class A and class B, of title certificates will be in existence and issued by the department of licensing. The establishment and operation of the system for watercraft and vessels should be patterned upon the system established and operating for motor vehicles and the department of licensing is hereby authorized and directed to adopt the regulations and procedures necessary and desirable to establish such a similar system, excepting only as the same may be inconsistent with this chapter. [1985 c 258 § 1.]

**Effective date—1985 c 258:** See note following RCW 88.02.070.

**88.02.125 Evidence of ownership by vessel dealers—Sales of consigned vessels—Assignment and warranty of certificates of ownership.** (1) Vessel dealers shall possess a certificate of ownership, a manufacturer's statement of origin, a carpenter's certificate, or a factory invoice or other evidence of ownership approved by the department for each vessel in the vessel dealer's inventory unless the vessel for sale is consigned or subject to an inventory security agreement. Evidence of ownership shall be either in the name of the dealer or in the name of the dealer's immediate vendor properly assigned.

(2) A vessel dealer may display and sell consigned vessels or vessels subject to an inventory security agreement if there is a written and signed consignment agreement for each vessel or an inventory security agreement covering all inventory vessels. The consignment agreement shall include verification by the vessel dealer that evidence of ownership by the consignor exists and its location, the name and address of the registered owner, and the legal owner, if any. Vessels that are subject to an inventory security interest shall be supported with evidence of ownership that is in the dealer's possession or the possession of the inventory security party. Upon payment of the debt secured for that vessel, the secured party shall deliver the ownership document, appropriately released, to the dealer. It is the vessel dealer's responsibility to ensure that ownership documents are available for ownership transfer upon the sale of the vessel.

(3) Following the retail sale of any vessel, the dealer shall promptly make application and execute the assignment and warranty of the certificate of ownership. Such assignment shall show any secured party holding a security interest created at the time of sale. The dealer shall deliver the certificate of ownership and application for registration to the department. [1994 c 262 § 27; 1987 c 149 § 8.]

**Effective date—1987 c 149:** See note following RCW 88.02.060.

**88.02.130 Class A title certificates.** After June 30, 1985, a class A certificate shall be issued in the following circumstances:

(1) Upon application for a certificate of title to a new vessel never before titled and sold by an in-state or out-of-state dealer or manufacturer. The application must be accompanied by a manufacturer's statement of origin or other document or documents certifying the first conveyance of said vessel after its manufacture. The manufacturer's statement of origin or other similar document or documents shall reflect the model year, make, and hull identification number of the vessel.

(2) Upon transfer of a vessel or release of a security interest in a vessel for which a class A certificate of title has previously been issued if the department receives appropriate releases of interests.

(3) Commencing five years after June 30, 1985, in all cases. [1985 c 258 § 7.]

**Effective date—1985 c 258:** See note following RCW 88.02.070.

**88.02.140 Issuance of class A title certificates—Required evidence.** After June 30, 1985, a class A title certificate may be issued upon application by an owner, purchaser, or secured party who presents evidence satisfacto-

ry to the department of ownership of the vessel in the registered owner's name and the absence of security interests or claims except as will be shown on the new title certificate. The absence of outstanding security interests may be evidenced by appropriate Uniform Commercial Code financing statement searches by the appropriate filing officer or officers pursuant to \*RCW 62A.9-407(2) and releases or disclaimers of interest by any secured parties who might have security interests perfected by filing of [a] Uniform Commercial Code financing statement. [1985 c 258 § 8.]

**\*Reviser's note:** Article 62A.9 RCW was repealed in its entirety by 2000 c 250 § 9A-901, effective July 1, 2001. For later enactment, see Article 62A.9A RCW.

**Effective date—1985 c 258:** See note following RCW 88.02.070.

**88.02.150 Issuance of class A title certificates—Limitation.** A class A certificate of title shall not be issued for any vessel for which a class B certificate has been issued unless the class B certificate is surrendered together with appropriate releases of interest by parties shown on such certificate. [1985 c 258 § 9.]

**Effective date—1985 c 258:** See note following RCW 88.02.070.

**88.02.160 Class B title certificates.** All titles issued prior to June 30, 1985, are designated class B title certificates. Class B certificates evidence ownership of vessels but the vessel is more likely to be subject to a valid and perfected security interest or other claims of interest than class A certificated vessels. [1985 c 258 § 2.]

**Effective date—1985 c 258:** See note following RCW 88.02.070.

**88.02.170 Class A and class B title certificates to have apparent distinctions—Class B certificate to bear legend.** Class A and class B certificates shall be readily distinguishable from each other, through different color, format, or other apparent distinctions. Each class B certificate issued after June 30, 1985, shall bear the legend: "The vessel may be subject to perfected security interests or claims not indicated on this certificate." [1985 c 258 § 5.]

**Effective date—1985 c 258:** See note following RCW 88.02.070.

**88.02.180 Application for title certificate—Oath by owner.** Each application for a title certificate shall require the person to be designated as the registered owner to swear under penalty of the perjury laws of this state that he is the owner or an authorized agent of the owner of the vessel, and that it is free of any claim of lien, mortgage, conditional sale, or other security interest of any person except the person or persons set forth in the application as secured parties. [1985 c 258 § 6.]

**Effective date—1985 c 258:** See note following RCW 88.02.070.

**88.02.184 Issuance of temporary permits by registered vessel dealers—Fee.** (1) The department may authorize vessel dealers properly registered pursuant to this chapter to issue temporary permits to operate vessels under such rules as the department adopts.

(2) The fee for each temporary permit application distributed to an authorized vessel dealer shall be five dollars, which shall be credited to the payment of registration

fees at the time application for registration is made. [1987 c 149 § 9.]

**Effective date—1987 c 149:** See note following RCW 88.02.060.

**88.02.188 Denial, suspension, or revocation of vessel dealer registration—Penalties.** Except as otherwise provided in this chapter, the director may by order deny, suspend, or revoke the registration of any vessel dealer, or in lieu thereof or in addition thereto, may by order assess monetary penalties of a civil nature not to exceed one thousand dollars per violation, if the director finds that the applicant or registrant:

(1) Is applying for a dealer's registration or has obtained a dealer's registration for the purpose of evading excise taxes on vessels; or

(2) Has been adjudged guilty of a felony that directly relates to marine trade and the time elapsed since the adjudication is less than ten years. For purposes of this section, adjudged guilty means, in addition to a final conviction in court, an unvacated forfeiture of bail or collateral deposited to secure a defendant's appearance in court, the payment of a fine, a plea of guilty, or a finding of guilt regardless of whether the sentence is deferred or the penalty is suspended; or

(3) Has failed to comply with the trust account requirements of this chapter; or

(4) Has failed to transfer a certificate of title to a purchaser as required in this chapter; or

(5) Has misrepresented the facts at the time of application for registration or renewal; or

(6) Has failed to comply with applicable provisions of this chapter or any rules adopted under it. [1987 c 149 § 12.]

**Effective date—1987 c 149:** See note following RCW 88.02.060.

**88.02.189 Vessel registration or vessel dealer registration suspension—Noncompliance with support order—Reissuance.** The department shall immediately suspend the vessel registration or vessel dealer's registration of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order or a \*residential or visitation order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the registration shall be automatic upon the department's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order. [1997 c 58 § 863.]

**\*Reviser's note:** 1997 c 58 § 887 requiring a court to order certification of noncompliance with residential provisions of a court-ordered parenting plan was vetoed. Provisions ordering the department of social and health services to certify a responsible parent based on a court order to certify for noncompliance with residential provisions of a parenting plan were vetoed. See RCW 74.20A.320.

**Short title—Part headings, captions, table of contents not law—Exemptions and waivers from federal law—Conflict with federal requirements—Severability—1997 c 58:** See RCW 74.08A.900 through 74.08A.904.

**Effective dates—Intent—1997 c 58:** See notes following RCW 74.20A.320.

**88.02.190 Inspection of vessels.** The department is hereby authorized to require inspection of vessels which are brought into this state from another state and for which no title certificate has been issued and for any other vessel if the department determines that inspection of the vessel will help to verify the accuracy of the information set forth on the application. [1985 c 258 § 10.]

**Effective date—1985 c 258:** See note following RCW 88.02.070.

**88.02.200 Department and state immune from suit for administration of chapter.** No suit or action shall ever be commenced or prosecuted against the department of licensing or the state of Washington by reason of any act done or omitted to be done in the administration of the duties and responsibilities imposed upon the department under chapter 88.02 RCW. [1985 c 258 § 11.]

**Effective date—1985 c 258:** See note following RCW 88.02.070.

**88.02.210 Records of the purchase and sale of vessels.** (1) A vessel dealer shall complete and maintain for a period of at least three years a record of the purchase and sale of all vessels purchased or consigned and sold by the vessel dealer. Records shall be made available for inspection by the department during normal business hours.

(2) Before renewal of the vessel dealer registration, the department shall require, on the forms prescribed, a record of the number of vessels sold during the registration year. Vessel dealers who assert that they qualify for the exemption provided in RCW 88.02.060(3) shall also record, on forms prescribed, the highest retail value of any vessel sold in the registration year. [1987 c 149 § 10.]

**Effective date—1987 c 149:** See note following RCW 88.02.060.

**88.02.220 Receipt of cash or negotiable instrument before delivery of vessel—Trust account.** A vessel dealer who receives cash or a negotiable instrument of deposit in excess of one thousand dollars, or a deposit of any amount that will be held for more than fourteen calendar days, shall place the funds in a separate trust account.

(1) The cash or negotiable instrument must be set aside immediately upon receipt for the trust account, or endorsed to such a trust account immediately upon receipt.

(2) The cash or negotiable instrument must be deposited in the trust account by the close of banking hours on the day following the receipt.

(3) After delivery of the purchaser's vessel the vessel dealer shall remove the deposited funds from the trust account.

(4) The dealer shall not commingle the purchaser's funds with any other funds at any time.

(5) The funds shall remain in the trust account until the delivery of the purchased vessel. However, upon written agreement from the purchaser, the vessel dealer may remove and release trust funds before delivery. [1991 c 339 § 33; 1987 c 149 § 11.]

**Effective date—1987 c 149:** See note following RCW 88.02.060.

**88.02.230 Exemption from vessel dealer requirements.** (1) The department may exempt from compliance with the vessel dealer requirements of this chapter, any person who is engaged in the business of selling in this state

at wholesale or retail, human-powered watercraft which is: (a) Under sixteen feet in length; (b) unable to be powered by propulsion machinery or wind propulsion as designed by the manufacturer; and (c) not designed for use on commonly-used navigable waters.

(2) Any person engaged in the business of selling at wholesale or retail, exempt and nonexempt watercraft under this section shall only be required to comply with the provisions of this chapter in regard to the sale of nonexempt watercraft. [1990 c 250 § 90.]

**Severability—1990 c 250:** See note following RCW 46.16.301.

**88.02.235 Denial of license.** The director may deny a license under this chapter when the application is a subterfuge that conceals the real person in interest whose license has been denied, suspended, or revoked for cause under this chapter and the terms have not been fulfilled or a civil penalty has not been paid, or the director finds that the application was not filed in good faith. This section does not preclude the department from taking an action against a current licensee. [1997 c 432 § 3.]

Beginning no later than January 1, 2002, the department shall also inspect or provide for the inspection of every charter boat that carries more than six passengers once every sixty months with the vessel in drydock. In addition, the department may at any time inspect or provide for the inspection of any charter boat if the department has reasonable cause to believe either that a provision of this chapter has been violated or that an inspection is necessary to ensure the safety of persons or property on the vessel.

(1) Ninety days before any certificate of inspection expires, the department shall mail written notification to the owner of the vessel that a twelve-month or sixty-month inspection must be completed before the expiration date. The department shall include with the notification an application for inspection, which must be completed and returned by the owner no later than sixty days before the expiration date of the current certificate of inspection. The owner shall include the registration fee with the completed application form. A charter boat that operates on state waters under a reciprocal agreement pursuant to this section shall obtain an annual operating permit from the department for a fee for each year the charter boat does business on the waters of the state of Washington. The department shall deposit the fees from annual operating permits issued pursuant to this section in the industrial insurance trust funds.

(2) The department shall develop an education and enforcement program designed to eliminate the operation of charter boats that have not been inspected and certified as

However, the board shall, upon the written petition of any interested party, and upon notice and opportunity for hearing, grant an exemption from the provisions of this chapter to

any vessel that the board finds is a small passenger vessel or yacht which is not more than five hundred gross tons (international), does not exceed two hundred feet in length, and is operated exclusively in the waters of the Puget Sound pilotage district and lower British Columbia. **88.16.090 Pilots' licenses—Qualifications—Duration—Annual fee—Written and oral examinations—Physical examinations—Familiarization trips—Penalty—Reporting requirements.** (1) A person may pilot any vessel subject to the provisions of this chapter on waters covered by this chapter only if appointed and licensed to pilot such vessels on said waters under and pursuant to the provisions of this chapter.

(2) A person is eligible to be appointed a pilot if the person is a citizen of the United States, over the age of twenty-five years and under the age of seventy years, a resident of the state of Washington at the time of appointment and only if the pilot applicant holds as a minimum, a United States government license as a master of ocean or near coastal steam or motor vessels of not more than one thousand six hundred gross tons or as a master of inland steam or motor vessels of not more than one thousand six hundred gross tons, such license to have been held by the applicant for a period of at least two years prior to taking the Washington state pilotage examination and a first class United States endorsement without restrictions on that license to pilot in the pilotage districts for which the pilot applicant desires to be licensed, and if the pilot applicant meets such other qualifications as may be required by the board. A person applying for a license under this section shall not have been convicted of an offense involving drugs or the personal consumption of alcohol in the twelve months prior to the date of application. This restriction does not apply to license renewals under this section.

(3) Pilots shall be licensed hereunder for a term of five years from and after the date of the issuance of their respective state licenses. Such licenses shall thereafter be renewed as of course, unless the board shall withhold same for good cause. Each pilot shall pay to the state treasurer an annual license fee as follows: For the period beginning July 1, 1995, through June 30, 2001, the fee shall be two thousand five hundred dollars; and for the period beginning July 1, 2001, the fee shall be three thousand dollars. The fees shall be deposited in the state treasury to the credit of the pilotage account. The board may assess partially active or inactive pilots a reduced fee.

(4) Pilot applicants shall be required to pass a written and oral examination administered and graded by the board which shall test such applicants on this chapter, the rules of the board, local harbor ordinances, and such other matters as may be required to compliment [complement] the United States examinations and qualifications. The board shall hold examinations at such times as will, in the judgment of the board, ensure the maintenance of an efficient and competent pilotage service. An examination shall be scheduled for the Puget Sound pilotage district if there are three or fewer successful candidates from the previous examination who are waiting to become pilots in that district.

(5) The board shall develop an examination and grading sheet for each pilotage district, for the testing and grading of pilot applicants. The examinations shall be administered to

pilot applicants and shall be updated as required to reflect changes in law, rules, policies, or procedures. The board may appoint a special independent examination committee or may contract with a firm knowledgeable and experienced in the development of professional tests for development of said examinations. Active licensed state pilots may be consulted for the general development of examinations but shall have no knowledge of the specific questions. The pilot members of the board may participate in the grading of examinations. If the board does appoint a special examination development committee it is authorized to pay the members of said committee the same compensation and travel expenses as received by members of the board. When grading examinations the board shall carefully follow the grading sheet prepared for that examination. The board shall develop a "sample examination" which would tend to indicate to an applicant the general types of questions on pilot examinations, but such sample questions shall not appear on any actual examinations. Any person who willfully gives advance knowledge of information contained on a pilot examination is guilty of a gross misdemeanor.

(6) All pilots and applicants are subject to an annual physical examination by a physician chosen by the board. The physician shall examine the applicant's heart, blood pressure, circulatory system, lungs and respiratory system, eyesight, hearing, and such other items as may be prescribed by the board. After consultation with a physician and the United States coast guard, the board shall establish minimum health standards to ensure that pilots licensed by the state are able to perform their duties. Within ninety days of the date of each annual physical examination, and after review of the physician's report, the board shall make a determination of whether the pilot or candidate is fully able to carry out the duties of a pilot under this chapter. The board may in its discretion check with the appropriate authority for any convictions of offenses involving drugs or the personal consumption of alcohol in the prior twelve months.

(7) The board shall prescribe, pursuant to chapter 34.05 RCW, a number of familiarization trips, between a minimum number of twenty-five and a maximum of one hundred, which pilot applicants must make in the pilotage district for which they desire to be licensed. Familiarization trips any particular applicant must make are to be based upon the applicant's vessel handling experience.

(8) The board may require vessel simulator training for a pilot applicant and shall require vessel simulator training for a pilot subject to RCW 88.16.105. The board shall also require vessel simulator training in the first year of active duty for a new pilot and at least once every five years for all active pilots.

(9) The board shall prescribe, pursuant to chapter 34.05 RCW, such reporting requirements and review procedures as may be necessary to assure the accuracy and validity of license and service claims, and records of familiarization trips of pilot candidates. Willful misrepresentation of such required information by a pilot candidate shall result in disqualification of the candidate.

(10) The board shall adopt rules to establish time periods and procedures for additional training trips and retesting as necessary for pilots who at the time of their licensing are unable to become active pilots. [1999 sp.s. c 1 § 607; 1995 c 175 § 1; 1991 c 200 § 1002. Prior: 1990

**88.16.100 Pilots' licenses—Revocation, suspension, etc., of—Reprimand or fine—Other disciplinary actions—Procedure—Judicial review.** (1) The board shall have power on its own motion or, in its discretion, upon the written request of any interested party, to investigate the performance of pilotage services subject to this chapter and to issue a reprimand, impose a fine against a pilot in an amount not to exceed five thousand dollars, suspend, withhold, or revoke the license of any pilot, or any combination of the above, for misconduct, incompetency, inattention to duty, intoxication, or failure to perform his duties under this chapter, or violation of any of the rules or regulations provided by the board for the government of pilots. The board may partially or totally stay any disciplinary action authorized in this subsection and subsection (2) of this section. The board shall have the power to require that a pilot satisfactorily complete a specific course of training or treatment.

(2) In all instances where a pilot licensed under this chapter performs pilot services on a vessel exempt under RCW 88.16.070, the board may on its own motion, or in its discretion upon the written request of any interested party, investigate whether the services were performed in a professional manner consistent with sound maritime practices. If the board finds that the pilotage services were performed in a manner that constitutes an act of incompetence, misconduct, or negligence so as to endanger life, limb, or property, or violated or failed to comply with state laws or regulations intended to promote marine safety or to protect navigable waters, the board may issue a reprimand, impose a fine against a pilot in an amount not to exceed five thousand dollars, suspend, withhold, or revoke the state pilot license, or any combination of the above. The board shall have the power to require that a pilot satisfactorily complete a specific course of training or treatment.

(3) The board shall implement a system of specified disciplinary actions or corrective actions, including training or treatment, that will be taken when a state licensed pilot in a specified period of time has had multiple disciplinary actions taken against the pilot's license pursuant to subsections (1) and (2) of this section. In developing these disciplinary or corrective actions, the board shall take into account the cause of the disciplinary action and the pilot's previous record.

(4) The board shall immediately review the pilot's license of a pilot who has been convicted within the prior

twelve months of any offense involving drugs or the personal consumption of alcohol while on duty, including an offense of operation of a vehicle or vessel while under the influence of alcohol or drugs. After a hearing held pursuant to subsection (5) of this section:

(a) The board shall order a pilot who has been found to have been convicted within the prior twelve months of an offense involving drugs or the personal consumption of alcohol while on duty and who has not been convicted of another offense involving drugs or the personal consumption of alcohol in the previous five years to actively participate in and satisfactorily complete a specific program of treatment. The board may impose other sanctions it determines are appropriate. If the pilot does not satisfactorily complete the program of treatment, the board shall suspend, revoke, or withhold the pilot's license until the treatment is completed; and

(b) The board shall suspend for up to one year the license of a pilot found to have been convicted within the prior twelve months of a second or subsequent offense involving drugs or the personal consumption of alcohol while on duty.

(5) When the board determines that reasonable cause exists to issue a reprimand, impose a fine, suspend, revoke, or withhold any pilot's license or require training or treatment under subsection (1), (2), or (4) of this section, it shall forthwith prepare and personally serve upon such pilot a notice advising him of the board's intended action, the specific grounds therefor, and the right to request a hearing to challenge the board's action. The pilot shall have thirty days from the date on which notice is served to request a full hearing before an administrative law judge on the issue of the reprimand, fine, suspension, revocation, or withholding of his pilot's license, or requiring treatment or training. The board's proposed reprimand, fine, suspension, revocation, or withholding of a license, or requiring treatment or training shall become final upon the expiration of thirty days from the date notice is served, unless a hearing has been requested prior to that time. When a hearing is requested the board shall request the appointment of an administrative law judge under chapter 34.12 RCW who has sufficient experience and familiarity with pilotage matters to be able to conduct a fair and impartial hearing. The hearing shall be governed by the provisions of Title 34 RCW. All final decisions of the administrative law judge shall be subject to review by the superior court of the state of Washington for Thurston county or by the superior court of the county in which the pilot maintains his residence or principal place of business, to which court any case with all the papers and proceedings therein shall be immediately certified by the administrative law judge if requested to do so by any party to the proceedings at any time within thirty days after the date of any such final decision. No appeal may be taken after the expiration of thirty days after the date of final decision. Any case so certified to the superior court shall be tried de novo and after certification of the record to said superior court the proceedings shall be had as in a civil action. Moneys collected from fines under this section shall be deposited in the pilotage account.

(6) The board shall have the power, on an emergency basis, to temporarily suspend a state pilot's license: (a) When a pilot has been involved in any vessel accident where

there has been major property damage, loss of life, or loss of a vessel, or (b) where there is a reasonable cause to believe that a pilot has diminished mental capacity or is under the influence of drugs, alcohol, or other substances, when in the opinion of the board, such an accident or physical or mental impairment would significantly diminish that pilot's ability to carry out pilotage duties and that the public health, safety, and welfare requires such emergency action. The board shall make a determination within seventy-two hours whether to continue the suspension. The board shall develop rules for exercising this authority including procedures for the chairperson or vice-chairperson of the board to temporarily order such suspensions, emergency meetings of the board to consider such suspensions, the length of suspension, opportunities for hearings, and an appeal process. The board shall develop rules under chapter 34.05 RCW.

(7) The board shall immediately notify the United States coast guard that it has revoked or suspended a license pursuant to this section and that a suspended or revoked license has been reinstated. **88.16.103 Mandatory rest periods for pilots—Rules—Pilot to refuse assignment, when, report—Penalty.**

(1) Pilots, after completion of an assignment or assignments which are seven hours or longer in duration, shall receive a mandatory rest period of seven hours.

(2) A pilot shall refuse a pilotage assignment if the pilot is physically or mentally fatigued or if the pilot has a reasonable belief that the assignment cannot be carried out in a competent and safe manner. Upon refusing an assignment as herein provided a pilot shall submit a written explanation to the board within forty-eight hours. If the board finds that the pilot's written explanation is without merit, or reasonable cause did not exist for the assignment refusal, such pilot may be subject to the provisions of RCW 88.16.100.

(3) The board shall quarterly review the dispatch records of pilot organizations or pilot's quarterly reports to ensure

the provisions of this section are enforced. The board may prescribe rules for rest periods pursuant to chapter 34.05 RCW. [1986 c 122 § 2; 1977 ex.s. c 337 § 9.]

**88.16.105 Size and type of vessels prescribed for newly licensed pilot—Rules.** The board shall prescribe, pursuant to chapter 34.05 RCW, rules governing the size and type of vessels which a newly licensed pilot may be assigned to pilot on the waters of this state and whether the assignment involves docking or undocking a vessel. The rules shall also prescribe required familiarization trips before a newly licensed pilot may pilot a larger or different type of vessel. Such rules shall be for the first five-year period in which pilots are actually employed. [1991 c 200 § 1003; 1987 c 264 § 3; 1977 ex.s. c 337 § 10.]

**Severability—1977 ex.s. c 337:** See note following RCW 88.16.005.

**88.16.110 Pilots to file quarterly report—Contents.**

(1) Every pilot licensed under this chapter shall file with the board not later than the tenth day of January, April, July and October of each year a report for the preceding quarter. Said report shall contain an account of all moneys received for pilotage by him or her or by any other person for the pilot or on the pilot's account or for his or her benefit. Said report shall state the name of each vessel piloted, the amount charged to and/or collected from each vessel, the port of registry of such vessel, its dead weight tonnage, whether it was inward or outward bound, whether the amount so received, collected or charged is in full payment of pilotage and such other information as the board shall by regulation prescribe.

(2) The report shall include information for each vessel that suffers a grounding, collision, or other major marine casualty that occurred while the pilot was on duty during the reporting period. The report shall also include information on near miss incidents as defined in RCW 88.46.100. Information concerning near miss incidents provided pursuant to this section shall not be used for imposing any sanctions or penalties. The board shall forward information provided under this subsection to the department of ecology for inclusion in the collision reporting system established under RCW 88.46.100. [2001 c 36 § 5; 1991 c 200 § 1004; 1935 c 18 § 7; RRS § 9871-7. Prior: 1888 p 178 § 22.]

**Effective dates—Severability—1991 c 200:** See RCW 90.56.901 and 90.56.904.

**88.16.115 Limiting liability of pilots—Deemed in public interest.** The preservation of human life and property associated with maritime commerce on the pilotage waters of this state is declared to be in the public interest,

and the limitation and regulation of the liability of pilots licensed by the state of Washington is necessary to such preservation and is deemed to be in the public interest. [1981 c 196 § 1.]

**Report to legislature and governor—1981 c 196:** "Prior to January 5, 1983, the board of pilotage commissioners shall forward to the legislature and governor a report concerning the implementation of sections 1 through 3 of this act." [1981 c 196 § 4.] Sections 1 through 3 of this act consist of the enactment of RCW 88.16.115, 88.16.116, and 88.16.117.

**88.16.118 Limiting liability of pilots—Liability of vessel, owner, or operator not limited.** A ship's pilot licensed to act as such by the state of Washington shall not be liable for damages in excess of the amount of five thousand dollars for damages or loss occasioned by the pilot's errors, omissions, fault, or neglect in the performance of pilotage services, except as may arise by reason of the wilful misconduct or gross negligence of the pilot.

When a pilot boards a vessel, that pilot becomes a servant of the vessel and its owner and operator. Nothing in this section exempts the vessel, its owner or operator from liability for damage or loss occasioned by that ship to a person or property on the ground that (1) the ship was piloted by a Washington state licensed pilot, or (2) the damage or loss was occasioned by the error, omission, fault, or neglect of a Washington state licensed pilot. [1984 c 69 § 1.]

**88.16.120 Failure to observe pilotage rate—Penalty.** No pilot shall charge, collect or receive and no person, firm, corporation or association shall pay for pilotage or other services performed hereunder any greater, less or different amount, directly or indirectly, than the rates or charges herein established or which may be hereafter fixed by the board pursuant to this chapter. Any pilot, person, firm, corporation or association violating the provisions of this section shall be guilty of a misdemeanor and shall be punished pursuant to RCW 88.16.150 as now or hereafter amended, said prosecution to be conducted by the attorney general or the prosecuting attorney of any county wherein the offense or any part thereof was committed. [1987 c 485 § 4; 1977 ex.s. c 337 § 13; 1967 c 15 § 4; 1935 c 18 § 6; RRS § 9871-6.]

**88.16.130 Unlicensed pilot liable for payment of rates—Penalty for refusing to employ licensed pilot.** Any person not holding a license as pilot under the provisions of this chapter who pilots any vessel subject to the provisions of this chapter on waters covered by this chapter shall pay to the board the pilotage rates payable under the provisions of this chapter. Any master or owner of a vessel required to employ a pilot licensed under the provisions of this chapter who refuses to do so when such a pilot is available shall be punished pursuant to RCW 88.16.150 as now or hereafter amended and shall be imprisoned in the county jail of the county wherein he is so convicted until said fine and the costs of his prosecution are paid. [1977 ex.s. c 337 § 14; 1967 c 15 § 8; 1935 c 18 § 11; RRS § 9871-11. Prior: 1907 c 147 § 4.]

**Severability—1977 ex.s. c 337:** See note following RCW 88.16.005.

**88.16.135 Assignment of pilots to vessels—Request that pilot not be assigned—Hearing on request.** Any steamship company or agent may submit a request in writing to the board that a particular pilot not be assigned to pilot that company's vessels. The request shall be based on specific safety concerns of the steamship company or agent.

The board shall notify interested persons and hold a hearing on that request, and either approve or disapprove the request. If the request is approved, the board shall notify the affected pilot and give the pilot a specific list of vessels for which that pilot shall not provide pilotage services. [1987 c 485 § 6.]

**88.16.140 Pilot's lien for compensation.** Each vessel, its tackle, apparel and furniture and the owner thereof shall be jointly and severally liable for the compensation of any pilot employed thereon and such pilot shall have a lien upon such vessel, her tackle, apparel and furniture for such compensation. [1935 c 18 § 15; RRS § 9871-15. Prior: 1907 c 147 § 2; 1888 p 178 § 23.]

**88.16.150 General penalty—Civil penalty—Jurisdiction—Disposition of fines—Failure to inform of special directions, gross misdemeanor.** (1) In all cases where no other penalty is prescribed in this chapter, any violation of this chapter or of any rule or regulation of the board shall be punished as a gross misdemeanor, and all violations may be prosecuted in any court of competent jurisdiction in any county where the offense or any part thereof was committed. In any case where the offense was committed upon a ship, boat or vessel, and there is doubt as to the proper county, the same may be prosecuted in any county through any part of which the ship, boat or vessel passed, during the trip upon which the offense was committed. All fines collected for any violation of this chapter or any rule or regulation of the board shall within thirty days be paid by the official collecting the same to the state treasurer and shall be credited to the pilotage account: PROVIDED, That all fees, fines, forfeitures and penalties collected or assessed by a district court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as now exists or is later amended.

(2) Notwithstanding any other penalty imposed by this section, any person who shall violate the provisions of this chapter, shall be liable to a maximum civil penalty of ten thousand dollars for each violation. The board may request the attorney general or the prosecuting attorney of the county in which any violation of this chapter occurs to bring an action for imposing the civil penalties provided for in this subsection.

Moneys collected from civil penalties shall be deposited in the pilotage account.

(3) Any master of a vessel who shall knowingly fail to inform the pilot dispatched to said vessel or any agent, owner, or operator, who shall knowingly fail to inform the pilot dispatcher, or any dispatcher who shall knowingly fail to inform the pilot actually dispatched to said vessel of any special directions mandated by the coast guard captain of the port under authority of the Ports and Waterways Safety Act of 1972, as amended, for the handling of such vessel shall be

guilty of a gross misdemeanor. [1995 c 174 § 2. Prior: 1987 c 485 § 5; 1987 c 202 § 247; 1977 ex.s. c 337 § 8; 1969 ex.s. c 199 § 41; 1967 c 15 § 7; 1935 c 18 § 10; RRS § 9871-10; prior: 1888 p 179 § 27.]

**88.16.155 Vessel master to make certification before pilotage service offered—Procedure upon refusal—Rules—Penalties—Exception.** (1) The master of any vessel which employs a Washington licensed pilot shall certify on a form prescribed by the board of pilotage commissioners that the vessel complies with:

(a) Such provisions of the United States coast guard regulations governing the safety and navigation of vessels in United States waters, as codified in Title 33 of the code of federal regulations, as the board may prescribe; and

(b) The provisions of current international agreements governing the safety, radio equipment, and pollution of vessels and other matters as ratified by the United States Senate and prescribed by the board.

(2) The master of any vessel which employs a Washington licensed pilot shall be prepared to produce, and any Washington licensed pilot employed by a vessel shall request to see, certificates of the vessel which certify and indicate that the vessel complies with subsection (1) of this section and the rules of the board promulgated pursuant to subsection (1) of this section.

(3) If the master of a vessel which employs a Washington licensed pilot cannot certify that the vessel complies with subsection (1) of this section and the rules of the board adopted pursuant to subsection (1) of this section, the master shall certify that:

(a) The vessel will comply with subsection (1) of this section before the time the vessel is scheduled to leave the waters of Washington state; and

(b) The coast guard captain of the port was notified of the noncomplying items when they were determined; and

(c) The coast guard captain of the port has authorized the vessel to proceed under such conditions as prescribed by the coast guard pursuant to its authority under federal statutes and regulations.

(4) After the board has prescribed the form required under subsection (1) of this section, no Washington licensed pilot shall offer pilotage services to any vessel on which the master has failed to make a certification required by this section. If the master fails to make a certification the pilot shall:

(a) Disembark from the vessel as soon as practicable; and

(b) Immediately inform the port captain of the conditions and circumstances by the best possible means; and

(c) Forward a written report to the board no later than twenty-four hours after disembarking from the vessel.

(5) Any Washington licensed pilot who offers pilotage services to a vessel on which the master has failed to make a certification required by this section or the rules of the board adopted under this section shall be subject to RCW 88.16.150, as now or hereafter amended, and RCW 88.16.100, as now or hereafter amended.

(6) The board shall revise the requirements enumerated in this section as necessary to reflect changes in coast guard regulations, federal statutes, and international agreements. All actions of the board under this section shall comply with chapters 34.05 and 42.30 RCW. The board shall prescribe the time of and method for retention of forms which have been signed by the master of a vessel in accordance with the provisions of this section.

(7) This section shall not apply to the movement of dead ships. The board shall prescribe pursuant to chapter 34.05 RCW, after consultation with the coast guard and interested persons, for the movement of dead ships and the certification process thereon. [1977 ex.s. c 337 § 11.]

**88.16.160 Severability and short title.** If any section, subsection, sentence, clause or phrase of this chapter is for any reason held to be invalid, such decision shall not affect the validity of the remaining provisions of this chapter. This chapter may be cited as the "Pilotage Act." [1967 c 15 § 10; 1935 c 18 § 17; RRS § 9871-16.]

**88.16.170 Oil tankers—Intent and purpose.** Because of the danger of spills, the legislature finds that the transportation of crude oil and refined petroleum products by tankers on the Columbia river and on Puget Sound and adjacent waters creates a great potential hazard to important natural resources of the state and to jobs and incomes dependent on these resources.

The legislature recognizes that the Columbia river has many natural obstacles to navigation and shifting navigation channels that create the risk of an oil spill. The legislature also recognizes Puget Sound and adjacent waters are a relatively confined salt water environment with irregular shorelines and therefore there is a greater than usual likelihood of long-term damage from any large oil spill.

The legislature further recognizes that certain areas of the Columbia river and Puget Sound and adjacent waters have limited space for maneuvering a large oil tanker and that these waters contain many natural navigational obstacles as well as a high density of commercial and pleasure boat traffic.

For these reasons, it is important that large oil tankers be piloted by highly skilled persons who are familiar with local waters and that such tankers have sufficient capability for rapid maneuvering responses.

It is therefore the intent and purpose of RCW 88.16.180 and 88.16.190 to decrease the likelihood of oil spills on the Columbia river and on Puget Sound and its shorelines by requiring all oil tankers above a certain size to employ licensed pilots and to be escorted by a tug or tugs while navigating on certain areas of Puget Sound and adjacent waters. (4) If such owner of the land does not apply as aforesaid the commissioners may authorize the same to be erected and kept by such applicant upon his entering into an undertaking as required of such owner of the land. [1893 c 49 § 1; Code 1881 § 3272; 1863 p 531 § 2; 1854 p 537 § 2; RRS § 9614.]

substantial banisters or railing on the sides thereof, or a strip of hewn timber at least eight by ten inches square, well secured all around said wharves within ten inches of the outer edge thereof, except at the ends. [Code 1881 § 3274; 1863 p 532 § 4; 1860 p 327 § 2; RRS § 9616.]

### PRIVATE MOORAGE FACILITIES

#### Sections

88.26.010 Definitions.

88.26.020 Securing vessels—Notice—Moving vessels ashore—Regaining possession—Abandoned vessels—Public sale.

**88.26.010 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Charges" means charges of a private moorage facility operator for moorage and storage, all other charges owing to or that become owing under a contract between a vessel owner and the private moorage facility operator, or any costs of sale and related legal expenses for implementing RCW 88.26.020.

(2) "Vessel" means every watercraft used or capable of being used as a means of transportation on the water. "Vessel" includes any trailer used for the transportation of watercraft.

(3) "Private moorage facility" means any properties or facilities owned or operated by a private moorage facility operator that are capable of use for the moorage or storage of vessels.

(4) "Private moorage facility operator" means every natural person, firm, partnership, corporation, association, organization, or any other legal entity, employee, or their agent, that owns or operates a private moorage facility. Private moorage facility operation does not include a "moorage facility operator" as defined in RCW 53.08.310.

(5) "Owner" means every natural person, firm, partnership, corporation, association, or organization, or their agent,

with actual or apparent authority, who expressly or impliedly contracts for use of a moorage facility.

(6) "Transient vessel" means a vessel using a private moorage facility and that belongs to an owner who does not have a moorage agreement with the private moorage facility operator. Transient vessels include, but are not limited to, vessels seeking a harbor or refuge, day use, or overnight use of a private moorage facility on a space-as-available basis. [1993 c 474 § 1.]

**88.26.020 Securing vessels—Notice—Moving vessels ashore—Regaining possession—Abandoned vessels—Public sale.**

(1) Any private moorage facility operator may take reasonable measures, including the use of chains, ropes, and locks, or removal from the water, to secure vessels within the private moorage facility so that the vessels are in the possession and control of the operator and cannot be removed from the facility. These procedures may be used if an owner mooring or storing a vessel at the facility fails, after being notified that charges are owing and of the owner's right to commence legal proceedings to contest that such charges are owing, to pay charges owed or to commence legal proceedings. Notification shall be by two separate letters, one sent by first class mail and one sent by registered mail to the owner and any lienholder of record at the last known address. In the case of a transient vessel, or where no address was furnished by the owner, the operator need not give notice prior to securing the vessel. At the time of securing the vessel, an operator shall attach to the vessel a readily visible notice. The notice shall be of a reasonable size and shall contain the following information:

- (a) The date and time the notice was attached;
- (b) A statement that if the account is not paid in full within ninety days from the time the notice is attached the vessel may be sold at public auction to satisfy the charges; and
- (c) The address and telephone number where additional information may be obtained concerning release of the vessel.

After a vessel is secured, the operator shall make a reasonable effort to notify the owner and any lienholder of record by registered mail in order to give the owner the information contained in the notice.

(2) A private moorage facility operator, at his or her discretion, may move moored vessels ashore for storage within properties under the operator's control or for storage with a private person under their control as bailees of the private moorage facility, if the vessel is, in the opinion of the operator, a nuisance, in danger of sinking or creating other damage, or is owing charges. The costs of any such procedure shall be paid by the vessel's owner.

(3) If a vessel is secured under subsection (1) of this section or moved ashore under subsection (2) of this section, the owner who is obligated to the private operator for charges may regain possession of the vessel by:

- (a) Making arrangements satisfactory with the operator for the immediate removal of the vessel from the facility or for authorized moorage; and
- (b) Making payment to the operator of all charges, or by posting with the operator a sufficient cash bond or other acceptable security, to be held in trust by the operator

pending written agreement of the parties with respect to payment by the vessel owner of the amount owing, or pending resolution of the matter of the charges in a civil action in a court of competent jurisdiction. After entry of judgment, including any appeals, in a court of competent jurisdiction, or after the parties reach agreement with respect to payment, the trust shall terminate and the operator shall receive so much of the bond or other security as agreed, or as is necessary, to satisfy any judgment, costs, and interest as may be awarded to the operator. The balance shall be refunded immediately to the owner at the last known address.

(4) If a vessel has been secured by the operator under subsection (1) of this section and is not released to the owner under the bonding provisions of this section within ninety days after notifying or attempting to notify the owner under subsection (1) of this section, the vessel is conclusively presumed to have been abandoned by the owner.

(5) If a vessel moored or stored at a private moorage facility is abandoned, the operator may authorize the public sale of the vessel by authorized personnel to the highest and best bidder for cash as follows:

(a) Before the vessel is sold, the vessel owner and any lienholder of record shall be given at least twenty days' notice of the sale in the manner set forth in subsection (1) of this section if the name and address of the owner is known. The notice shall contain the time and place of the sale, a reasonable description of the vessel to be sold, and the amount of charges owed with respect to the vessel. The notice of sale shall be published at least once, more than ten but not more than twenty days before the sale, in a newspaper of general circulation in the county in which the facility is located. This notice shall include the name of the vessel, if any, the last known owner and address, and a reasonable description of the vessel to be sold. The operator may bid all or part of its charges at the sale and may become a purchaser at the sale.

(b) Before the vessel is sold, any person seeking to redeem an impounded vessel under this section may commence a lawsuit in the superior court for the county in which the vessel was impounded to contest the validity of the impoundment or the amount of charges owing. This lawsuit must be commenced within sixty days of the date the notification was provided under subsection (1) of this section, or the right to a hearing is deemed waived and the owner is liable for any charges owing the operator. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(c) The proceeds of a sale under this section shall be applied first to the payment of any liens superior to the claim for charges, then to payment of the charges, then to satisfy any other liens on the vessel in the order of their priority. The balance, if any, shall be paid to the owner. If the owner cannot in the exercise of due diligence be located by the operator within one year of the date of the sale, the excess funds from the sale shall revert to the department of revenue under chapter 63.29 RCW. If the sale is for a sum less than the applicable charges, the operator is entitled to assert a claim for deficiency, however, the deficiency judgment shall not exceed the moorage fees owed for the previous six-month period.

(d) In the event no one purchases the vessel at a sale, or a vessel is not removed from the premises or other arrangements are not made within ten days of sale, title to the vessel will revert to the operator.

(6) The rights granted to a private moorage facility operator under this section are in addition to any other legal rights an operator may have to hold and sell a vessel and in no manner does this section alter those rights, or affect the priority of other liens on a vessel. [1993 c 474 § 2.]

the state nor deed shall issue to such purchaser, nor shall any assignment of his contract to purchase be approved by the commissioner of public lands until every matured installment of such assessment shall have first been fully paid and satisfied: PROVIDED, HOWEVER, That no such assessment shall create any charge against such shoreland or affect the title thereof as against the state, and the state shall be as free to forfeit or annul such contract and again sell such land as if the assessment had never been made, and in case of such forfeiture or annulment the state shall be free to sell again such land entirely disencumbered and unencumbered of all right and claim of such former purchaser, and such purchaser shall have no right, interest or claim upon or against such land or the state or such new purchaser or at all, but every such sum paid by such former purchaser upon such assessment shall be utterly forfeited as against him, his personal representatives and assigns, and shall inure to the benefit of such new purchaser. [1907 c 236 § 3; RRS § 9671. Formerly RCW 88.32.040 and 88.32.050.]

**88.32.060 Assessment roll.** Such commission shall also make, or cause to be made, an assessment roll, in which shall appear the names of the owners of the property assessed, so far as known, the description of each lot, block, parcel or tract of land within such assessment district, and the amount assessed against the same, as separate, special or particular benefits, and certify such assessment roll to the board of county commissioners, of such county, within ten weeks after their appointment, or within such further time as may be allowed by the board of county commissioners of such county. [1907 c 236 § 4; RRS § 9672. Prior: 1905 c 104 § 1; 1903 c 143 § 21.]

**88.32.070 Hearing on roll—Date—Notice.** After the return of the assessment roll to the county legislative authority it shall make an order setting a day for the hearing upon any objections to the assessment roll by any parties affected thereby who shall be heard by the county legislative authority as a board of equalization, which date shall be at least twenty days after the filing of such roll. It shall be the duty of the county legislative authority to give, or cause to be given, notice of such assessment, and of the day fixed for the hearing, as follows:

(1) They shall send or cause to be sent, by mail, to each owner of premises assessed, whose name and place of residence is known to them, a notice, substantially in this form, to wit:

" . . . . .  
"Your property (here describe the property) is assessed \$. . . . . for river and harbor improvement to be made in this county.  
"Hearing on the assessment roll will be had before the undersigned, at the office of the county commissioners, on the . . . . day of . . . . 19. . .  
. . . . .  
. . . . .  
. . . . .  
"Board of county commissioners."

But failure to send, or cause to be sent, such notice, shall not be fatal to the proceedings herein prescribed.

(2) They shall cause at least ten days' notice of the hearing to be given by posting notice in at least ten public places in the county, three of which shall be in the neighborhood of the proposed improvement, and by publishing the same at least once a week for two consecutive weeks in the official newspaper of the county which notice shall be signed by the county legislative authority, and shall state the day and place of the hearing of objections to the assessment roll, and the nature of the improvement, and that all interested parties will be heard as to any objections to said assessment roll. **88.32.080 Hearing on roll—Objections—Certification for collection.** Any person interested in any real estate affected by such assessment may appear and file objections to the assessment roll, and the board of county commissioners may make an order regarding the time of filing such objections, as to them seems proper. As to all parcels, lots or blocks as to which no objections are filed within the time so fixed, the assessment thereon shall be confirmed. On the hearing, each party may offer proof and the board shall then have authority to affirm, modify, change and determine the assessment in such sum as to them appears just and right. When the assessment is finally equalized and fixed by the board of county commissioners, the clerk thereof shall certify the same to the county treasurer for collection, or if appeal has been taken from any part thereof, then so much thereof, as has not been appealed from, shall be certified. [1907 c 236 § 6; RRS § 9674.]

**88.32.090 Appeal from final assessment.** Any person who feels aggrieved by the final assessment made against any lot, block or parcel of land owned by him may appeal therefrom to the superior court of such county. Such appeal shall be taken within the time, and substantially in the manner prescribed by the laws of this state for appeals from justice's courts. All notices of appeal shall be filed with the board of county commissioners, and served upon the prosecuting attorney of the county. The clerk of the board of county commissioners shall at appellant's expense certify to the superior court so much of the record, as appellant may request, and the cause shall be tried in the superior court de novo.

Any person aggrieved by any final order or judgment, made by the superior court concerning any assessment authorized by RCW 88.32.010 through 88.32.220, may seek appellate review of the order or judgment in accordance with the laws of this state relative to such review, except that review shall be sought within thirty days after the entry of such judgment. [1988 c 202 § 90; 1971 c 81 § 175; 1907 c 236 § 7; RRS § 9675.]

After said roll shall have been delivered to the county treasurer for collection, he shall

proceed to collect the same, in the manner as other taxes are collected: PROVIDED, That such treasurer shall give at least ten days' notice in the official newspaper (and shall mail a copy of such notice to the owner of the property assessed, when the post office address of such owner is known, but failure to mail such notice shall not be fatal when publication thereof is made), that such roll has been certified to him for collection, and that unless payment be made within thirty days from the date of such notice, that the sum charged against each lot or parcel of land shall be paid in not more than ten equal annual payments, with interest upon the whole sum so charged at a rate not to exceed seven percent per annum. Said interest shall be paid semiannually, and the county treasurer shall proceed to collect the amount due each year by the publication of notice as hereinabove provided. [1907 c 236 § 8; RRS § 9676. (11) "Offshore facility" means any facility located in, on, or under any of the navigable waters of the state, but does not include a facility any part of which is located in, on, or under any land of the state, other than submerged land.

(12) "Onshore facility" means any facility any part of which is located in, on, or under any land of the state, other than submerged land, that because of its location, could reasonably be expected to cause substantial harm to the environment by discharging oil into or on the navigable waters of the state or the adjoining shorelines.

(13)(a) "Owner or operator" means (i) in the case of a vessel, any person owning, operating, or chartering by

demise, the vessel; (ii) in the case of an onshore or offshore facility, any person owning or operating the facility; and (iii) in the case of an abandoned vessel or onshore or offshore facility, the person who owned or operated the vessel or facility immediately before its abandonment.

(b) "Operator" does not include any person who owns the land underlying a facility if the person is not involved in the operations of the facility.

(14) "Passenger vessel" means a ship of three hundred or more gross tons with a fuel capacity of at least six thousand gallons carrying passengers for compensation.

(15) "Ship" means any boat, ship, vessel, barge, or other floating craft of any kind.

(16) "Spill" means an unauthorized discharge of oil into the waters of the state.

(17) "Tank vessel" means a ship that is constructed or adapted to carry, or that carries, oil in bulk as cargo or cargo residue, and that:

(a) Operates on the waters of the state; or

(b) Transfers oil in a port or place subject to the jurisdiction of this state.

(18) "Waters of the state" includes lakes, rivers, ponds, streams, inland waters, underground water, salt waters, estuaries, tidal flats, beaches and lands adjoining the seacoast of the state, sewers, and all other surface waters and water-courses within the jurisdiction of the state of Washington. [2000 c 69 § 30; 1992 c 73 § 12; 1991 c 200 § 702.]

**Effective dates—Severability—1991 c 200:** See RCW 90.56.901 and 90.56.904.

**88.40.020 Evidence of financial responsibility for vessels.** (1) Any inland barge that transports hazardous substances in bulk as cargo, using any port or place in the state of Washington or the navigable waters of the state shall establish evidence of financial responsibility in the amount of the greater of one million dollars, or one hundred fifty dollars per gross ton of such vessel.

(2)(a) Except as provided in (c) of this subsection, a tank vessel that carries oil as cargo in bulk shall demonstrate financial responsibility to pay at least five hundred million dollars.

(b) The director by rule may establish a lesser standard of financial responsibility for barges of three hundred gross tons or less. The standard shall set the level of financial responsibility based on the quantity of cargo the barge is capable of carrying. The director shall not set the standard for barges of three hundred gross tons or less below that required under federal law.

(c) The owner or operator of a tank vessel who is a member of an international protection and indemnity mutual organization and is covered for oil pollution risks up to the amounts required under this section is not required to demonstrate financial responsibility under this chapter. The director may require the owner or operator of a tank vessel to prove membership in such an organization.

(3) A cargo vessel or passenger vessel that carries oil as fuel shall demonstrate financial responsibility to pay the greater of at least six hundred dollars per gross ton or five hundred thousand dollars.

(4) The documentation of financial responsibility shall demonstrate the ability of the document holder to meet state and federal financial liability requirements for the actual costs for removal of oil spills, for natural resource damages, and necessary expenses.

(5) The department may by rule set a lesser amount of financial responsibility for a tank vessel that meets standards for construction, propulsion, equipment, and personnel established by the department. The department shall require as a minimum level of financial responsibility under this subsection the same level of financial responsibility required under federal law.

(6) This section shall not apply to a covered vessel owned or operated by the federal government or by a state or local government. [2000 c 69 § 31; 1992 c 73 § 13; 1991 c 200 § 703; 1990 c 116 § 31; 1989 1st ex.s. c 2 § 3.]

**88.40.025 Evidence of financial responsibility for onshore or offshore facilities.** An onshore or offshore facility shall demonstrate financial responsibility in an amount determined by the department as necessary to compensate the state and affected counties and cities for damages that might occur during a reasonable worst case spill of oil from that facility into the navigable waters of the state. The department shall consider such matters as the amount of oil that could be spilled into the navigable waters from the facility, the cost of cleaning up the spilled oil, the frequency of operations at the facility, the damages that could result from the spill and the commercial availability and affordability of financial responsibility. This section shall not apply to an onshore or offshore facility owned or operated by the federal government or by the state or local government. [1991 c 200 § 704.]

**Effective dates—Severability—1991 c 200:** See RCW 90.56.901 and 90.56.904.

Any bond filed shall be issued by a bonding company authorized to do business in the United States. Documentation of such financial responsibility shall be kept on any covered vessel and filed with the department at least twenty-four hours before entry of the vessel into the navigable waters of the state. A covered vessel is not required to file documentation of financial responsibility twenty-four hours before entry of the vessel into the navigable waters of the state, if the vessel has filed documentation of financial responsibility with the federal government, and the level of financial responsibility required by the federal government is the same as or exceeds state requirements. The owner or operator of the vessel may file with the department a certificate evidencing compliance with the

requirements of another state's or federal financial responsibility requirements if the state or federal government requires a level of financial responsibility the same as or greater than that required under this chapter. [2000 c 69 § 32; 1991 c 200 § 705; 1990 c 116 § 32; 1989 1st ex.s. c 2 § 4.]

[2000 c 69 § 1; 1992 c 73 § 18; 1991 c 200 § 414.]

**Effective dates—Severability—1992 c 73:** See RCW 82.23B.902 and 90.56.905.

**88.46.020 Coordination with federal law.** In carrying out the purposes of this chapter, including the adoption of rules for contingency plans, the director shall to the greatest extent practicable implement this chapter in a manner consistent with federal law. [2000 c 69 § 2; 1991 c 200 § 415.]

**88.46.030 Tank vessel inspection programs.** (1) All tank vessels entering the navigable waters of the state shall be subject to inspection to assure that they comply with all applicable federal and state standards.

(2) The department shall review the tank vessel inspection programs conducted by the United States coast guard and other federal agencies to determine if the programs as actually operated by those agencies provide the best achievable protection to the waters of the state. If the department determines that the tank vessel inspection programs conducted by these agencies are not adequate to protect the state's waters, it shall adopt rules for a state tank vessel inspection program. The department shall adopt rules providing for a random review of individual tank vessel inspections conducted by federal agencies. The department may accept a tank vessel inspection report issued by another state if that state's tank vessel inspection program is determined by the department to be at least as protective of the public health and the environment as the program adopted by the department.

(3) The state tank vessel inspection program shall ensure that all tank vessels entering state waters are inspected at least annually. To the maximum extent feasible, the state program shall consist of the monitoring of existing tank vessel inspection programs conducted by the federal government. The department shall consult with the coast guard regarding the tank vessel inspection program. Any tank vessel inspection conducted pursuant to this section shall be performed during the vessel's scheduled stay in port.

(4) Any violation of coast guard or other federal regulations uncovered during a state tank vessel inspection shall be immediately reported to the appropriate agency. [2000 c 69 § 3; 1991 c 200 § 416.]

**88.46.040 Prevention plans.** (1) The owner or operator for each tank vessel shall prepare and submit to the department an oil spill prevention plan in conformance with the requirements of this chapter. The plans shall be submitted to the department in the time and manner directed by the department. The spill prevention plan may be consolidated with a spill contingency plan submitted pursuant to RCW 88.46.060. The department may accept plans prepared to comply with other state or federal law as spill prevention plans to the extent those plans comply with the requirements of this chapter. The department, by rule, shall establish standards for spill prevention plans.

(2) The spill prevention plan for a tank vessel or a fleet of tank vessels operated by the same operator shall:

(a) Establish compliance with the federal oil pollution act of 1990 and state and federal financial responsibility requirements, if applicable;

(b) State all discharges of oil of more than twenty-five barrels from the vessel within the prior five years and what measures have been taken to prevent a reoccurrence;

(c) Describe all accidents, collisions, groundings, and near miss incidents in which the vessel has been involved in the prior five years, analyze the causes, and state the measures that have been taken to prevent a reoccurrence;

(d) Describe the vessel operations with respect to staffing standards;

(e) Describe the vessel inspection program carried out by the owner or operator of the vessel;

(f) Describe the training given to vessel crews with respect to spill prevention;

(g) Establish compliance with federal drug and alcohol programs;

(h) Describe all spill prevention technology that has been incorporated into the vessel;

(i) Describe the procedures used by the vessel owner or operator to ensure English language proficiency of at least one bridge officer while on duty in waters of the state;

(j) Describe relevant prevention measures incorporated in any applicable regional marine spill safety plan that have not been adopted and the reasons for that decision; and

(k) Include any other information reasonably necessary to carry out the purposes of this chapter required by rules adopted by the department.

(3) The department shall only approve a prevention plan if it provides the best achievable protection from damages caused by the discharge of oil into the waters of the state and if it determines that the plan meets the requirements of this section and rules adopted by the department.

(4) Upon approval of a prevention plan, the department shall provide to the person submitting the plan a statement indicating that the plan has been approved, the vessels covered by the plan, and other information the department determines should be included.

(5) The approval of a prevention plan shall be valid for five years. An owner or operator of a tank vessel shall notify the department in writing immediately of any significant change of which it is aware affecting its prevention plan, including changes in any factor set forth in this section or in rules adopted by the department. The department may require the owner or operator to update a prevention plan as a result of these changes.

(6) The department by rule shall require prevention plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

(7) Approval of a prevention plan by the department does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law.

(8) This section does not authorize the department to modify the terms of a collective bargaining agreement. [2000 c 69 § 4; 1991 c 200 § 417.]

**88.46.050 Vessel screening.** (1) In order to ensure the safety of marine transportation within the navigable waters of the state and to protect the state's natural resources, the department shall adopt rules for determining whether cargo vessels and passenger vessels entering the navigable waters

of the state pose a substantial risk of harm to the public health and safety and the environment.

(2) The rules may include:

(a) Examining available information sources for evidence that a cargo or passenger vessel may pose a substantial risk to safe marine transportation or the state's natural resources. Information sources may include: Vessel casualty lists, United States coast guard casualty reports, maritime insurance ratings, the index of contingency plans compiled by the department of ecology, other data gathered by the maritime commission, or any other resources;

(b) Requesting the United States coast guard to deny a cargo vessel or passenger vessel entry into the navigable waters of the state, if the vessel poses a substantial environmental risk;

(c) Notifying the state's spill response system that a cargo or passenger vessel entering the state's navigable waters poses a substantial environmental risk;

(d) Inspecting a cargo or passenger vessel that may pose a substantial environmental risk, to determine whether the vessel complies with applicable state or federal laws. Any vessel inspection conducted pursuant to this section shall be performed during the vessel's scheduled stay in port; and

(e) Enforcement actions. [2000 c 69 § 5; 1992 c 73 § 19; 1991 c 200 § 418.]

**Effective dates—Severability—1992 c 73:** See RCW 82.23B.902 and 90.56.905.

**88.46.060 Contingency plans.** (1) Each covered vessel shall have a contingency plan for the containment and cleanup of oil spills from the covered vessel into the waters of the state and for the protection of fisheries and wildlife, natural resources, and public and private property from such spills. The department shall by rule adopt and periodically revise standards for the preparation of contingency plans. The department shall require contingency plans, at a minimum, to meet the following standards:

(a) Include full details of the method of response to spills of various sizes from any vessel which is covered by the plan;

(b) Be designed to be capable in terms of personnel, materials, and equipment, of promptly and properly, to the maximum extent practicable, as defined by the department, removing oil and minimizing any damage to the environment resulting from a worst case spill;

(c) Provide a clear, precise, and detailed description of how the plan relates to and is integrated into relevant contingency plans which have been prepared by cooperatives, ports, regional entities, the state, and the federal government;

(d) Provide procedures for early detection of spills and timely notification of such spills to appropriate federal, state, and local authorities under applicable state and federal law;

(e) State the number, training preparedness, and fitness of all dedicated, prepositioned personnel assigned to direct and implement the plan;

(f) Incorporate periodic training and drill programs to evaluate whether personnel and equipment provided under the plan are in a state of operational readiness at all times;

(g) Describe important features of the surrounding environment, including fish and wildlife habitat, environmental and archaeologically sensitive areas, and public facilities.

ties. The departments of ecology, fish and wildlife, and natural resources, and the office of archaeology and historic preservation, upon request, shall provide information that they have available to assist in preparing this description. If the \*office of marine safety adopted rules for contingency plans prior to July 1, 1992, the description of archaeologically sensitive areas shall only be required when the department revises the rules for contingency plans after July 1, 1992. The description of archaeologically sensitive areas shall not be required to be included in a contingency plan until it is reviewed and updated pursuant to subsection (9) of this section;

(h) State the means of protecting and mitigating effects on the environment, including fish, marine mammals, and other wildlife, and ensure that implementation of the plan does not pose unacceptable risks to the public or the environment;

(i) Establish guidelines for the use of equipment by the crew of a vessel to minimize vessel damage, stop or reduce any spilling from the vessel, and, only when appropriate and only when vessel safety is assured, contain and clean up the spilled oil;

(j) Provide arrangements for the repositioning of spill containment and cleanup equipment and trained personnel at strategic locations from which they can be deployed to the spill site to promptly and properly remove the spilled oil;

(k) Provide arrangements for enlisting the use of qualified and trained cleanup personnel to implement the plan;

(l) Provide for disposal of recovered spilled oil in accordance with local, state, and federal laws;

(m) Until a spill prevention plan has been submitted pursuant to RCW 88.46.040, state the measures that have been taken to reduce the likelihood that a spill will occur, including but not limited to, design and operation of a vessel, training of personnel, number of personnel, and backup systems designed to prevent a spill;

(n) State the amount and type of equipment available to respond to a spill, where the equipment is located, and the extent to which other contingency plans rely on the same equipment; and

(o) If the department has adopted rules permitting the use of dispersants, the circumstances, if any, and the manner for the application of the dispersants in conformance with the department's rules.

(2)(a) The owner or operator of a tank vessel of three thousand gross tons or more shall submit a contingency plan to the department within six months after the department adopts rules establishing standards for contingency plans under subsection (1) of this section.

(b) Contingency plans for all other covered vessels shall be submitted to the department within eighteen months after the department has adopted rules under subsection (1) of this section. The department may adopt a schedule for submission of plans within the eighteen-month period.

(3)(a) The owner or operator of a tank vessel or of the facilities at which the vessel will be unloading its cargo, or a Washington state nonprofit corporation established for the purpose of oil spill response and contingency plan coverage and of which the owner or operator is a member, shall submit the contingency plan for the tank vessel. Subject to conditions imposed by the department, the owner or operator

of a facility may submit a single contingency plan for tank vessels of a particular class that will be unloading cargo at the facility.

(b) The contingency plan for a cargo vessel or passenger vessel may be submitted by the owner or operator of the cargo vessel or passenger vessel, by the agent for the vessel resident in this state, or by a Washington state nonprofit corporation established for the purpose of oil spill response and contingency plan coverage and of which the owner or operator is a member. Subject to conditions imposed by the department, the owner, operator, or agent may submit a single contingency plan for cargo vessels or passenger vessels of a particular class.

(c) A person who has contracted with a covered vessel to provide containment and cleanup services and who meets the standards established pursuant to RCW 90.56.240, may submit the plan for any covered vessel for which the person is contractually obligated to provide services. Subject to conditions imposed by the department, the person may submit a single plan for more than one covered vessel.

(4) A contingency plan prepared for an agency of the federal government or another state that satisfies the requirements of this section and rules adopted by the department may be accepted by the department as a contingency plan under this section. The department shall assure that to the greatest extent possible, requirements for contingency plans under this section are consistent with the requirements for contingency plans under federal law.

(5) In reviewing the contingency plans required by this section, the department shall consider at least the following factors:

(a) The adequacy of containment and cleanup equipment, personnel, communications equipment, notification procedures and call down lists, response time, and logistical arrangements for coordination and implementation of response efforts to remove oil spills promptly and properly and to protect the environment;

(b) The nature and amount of vessel traffic within the area covered by the plan;

(c) The volume and type of oil being transported within the area covered by the plan;

(d) The existence of navigational hazards within the area covered by the plan;

(e) The history and circumstances surrounding prior spills of oil within the area covered by the plan;

(f) The sensitivity of fisheries and wildlife and other natural resources within the area covered by the plan;

(g) Relevant information on previous spills contained in on-scene coordinator reports prepared by the director; and

(h) The extent to which reasonable, cost-effective measures to prevent a likelihood that a spill will occur have been incorporated into the plan.

(6) The department shall approve a contingency plan only if it determines that the plan meets the requirements of this section and that, if implemented, the plan is capable, in terms of personnel, materials, and equipment, of removing oil promptly and properly and minimizing any damage to the environment.

(7) The approval of the contingency plan shall be valid for five years. Upon approval of a contingency plan, the department shall provide to the person submitting the plan a statement indicating that the plan has been approved, the

vessels covered by the plan, and other information the department determines should be included.

(8) An owner or operator of a covered vessel shall notify the department in writing immediately of any significant change of which it is aware affecting its contingency plan, including changes in any factor set forth in this section or in rules adopted by the department. The department may require the owner or operator to update a contingency plan as a result of these changes.

(9) The department by rule shall require contingency plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

(10) Approval of a contingency plan by the department does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law. [2000 c 69 § 6; 1995 c 148 § 3; 1992 c 73 § 20; 1991 c 200 § 419.]

**\*Reviser's note:** The office of marine safety was abolished and its powers, duties, and functions transferred to the department of ecology by 1991 c 200 § 430, effective July 1, 1997.

**Effective date—1995 c 148 §§ 1-3:** "Sections 1 through 3 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 27, 1995]." [1995 c 148 § 6.]

**Effective dates—Severability—1992 c 73:** See RCW 82.23B.902 and 90.56.905.

**88.46.062 Nonprofit corporation providing contingency plan—Findings—Termination of maritime commission.**

(1) The legislature finds that there is a need to continue to provide oil spill response and contingency plan coverage for vessels that do not have their own contingency plans that transit the waters of this state. A nonprofit corporation shall be established for the sole purpose of providing oil spill response and contingency plan coverage in compliance with RCW 88.46.060.

(2) The maritime commission may conduct activities and make expenditures necessary for the transition of services presently provided by the commission and its contractors to the nonprofit corporation established pursuant to this section.

(3) Once the nonprofit corporation is established and the transfers under RCW 88.46.063 are completed, the maritime commission may cease operation. [1995 c 148 § 1.]

**Effective date—1995 c 148 §§ 1-3:** See note following RCW 88.46.060.

Funds transferred under this section shall be used for the sole purpose of providing oil spill response and contingency plan coverage and related activities in compliance with RCW 88.46.060. No funds may be transferred under this section until all liabilities of the maritime commission have been provided for or satisfied. A nonprofit corporation established for the sole purpose of providing contingency plan coverage for any vessel in compliance with RCW 88.46.060 is entitled to liability protection as provided in this section. Obligations incurred by the corporation and any other liabilities or claims against the corporation may be enforced only against the assets of the corporation, and no liability for the debts or actions of the corporation exists against a director, officer, member, employee, incident commander, agent, contractor, or subcontractor of the corporation in his or her individual or representative capacity. Except as otherwise provided in this chapter, neither the directors, officers, members, employees, incident commander[s], or agents of the corporation, nor the business entities by whom they are regularly employed may be held individually responsible for discretionary decisions, errors in judgment, mistakes, or other acts, either of commission or omission, that are directly related to the operation or implementation of contingency plans, other than for acts of gross negligence or willful or wanton misconduct. The corporation may insure and defend and indemnify the directors, officers, members, employees, incident commanders, and agents to the extent permitted by chapters 23B.08 and 24.03 RCW. This section does not alter or limit the responsibility or liability of any person for the operation of a motor vehicle. [1994 sp.s. c 9 § 853.]

The superior court shall have jurisdiction to restrain a violation of, compel specific performance of, or otherwise to enforce such plans upon application by the department. The department may issue an order pursuant to chapter 34.05 RCW requiring compliance with a contingency plan or a prevention plan and may impose administrative penalties for failure to comply with a plan.

(2) If the director believes a person has violated or is violating or creates a substantial potential to violate the provisions of this chapter, the director shall notify the person of the director's determination by registered mail. The determination shall not constitute an order or directive under RCW 43.21B.310. Within thirty days from the receipt of notice of the determination, the person shall file with the director a full report stating what steps have been and are being taken to comply with the determination of the director. The director shall issue an order or directive, as the director deems appropriate under the circumstances, and shall notify the person by registered mail.

(3) If the director believes immediate action is necessary to accomplish the purposes of this chapter, the director may issue an order or directive, as appropriate under the circumstances, without first issuing a notice or determination pursuant to subsection (2) of this section. An order or directive issued pursuant to this subsection shall be served by registered mail or personally upon any person to whom it is directed. [2000 c 69 § 7; 1992 c 73 § 21; 1991 c 200 § 420.]

(b) All required plans have been submitted to the department as required by this chapter and rules adopted by the department and the department is reviewing the plan and has not denied approval; or

(c) The covered vessel has entered state waters after the United States coast guard has determined that the vessel is in distress.

(3) A person may rely on a copy of the statement issued by the department pursuant to RCW 88.46.060 as evidence that a vessel has an approved contingency plan and the statement issued pursuant to RCW 88.46.040 that a vessel has an approved prevention plan.

(4) Any person found guilty of willfully violating any of the provisions of this chapter, or any final written orders or directive of the director or a court in pursuance thereof shall be deemed guilty of a gross misdemeanor, as provided in chapter 9A.20 RCW, and upon conviction thereof shall be punished by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment in the discretion of the court. 88.46.040, or financial responsibility in compliance with chapter 88.40 RCW and the federal oil pollution act of 1990. The department may deny entry onto the waters of the state to any covered vessel that does not have a required contingency or spill prevention plan or financial responsibility.

(2) Except as provided in subsection (4) of this section, it shall be unlawful for a covered vessel to transfer oil to or from an onshore or offshore facility that does not have an approved contingency plan required under RCW 90.56.210, a spill prevention plan required by RCW 90.56.200, or financial responsibility in compliance with chapter 88.40 RCW and the federal oil pollution act of 1990.

(3) The director may assess a civil penalty of up to one hundred thousand dollars against the owner or operator of a vessel who is in violation of subsection (1) or (2) of this section. Each day that the owner or operator of a covered vessel is in violation of this section shall be considered a separate violation.

(5) Any person may rely on a copy of the statement issued by the department to RCW 88.46.060 as evidence that the vessel has an approved contingency plan and the statement issued pursuant to RCW 88.46.040 as evidence that the vessel has an approved spill prevention plan.

(6) Except for violations of subsection (1) or (2) of this section, any person who violates the provisions of this chapter or rules or orders adopted or issued pursuant thereto, shall incur, in addition to any other penalty as provided by law, a penalty in an amount of up to ten thousand dollars a day for each violation. Each violation is a separate offense, and in case of a continuing violation, every day's continuance is a separate violation. Every act of commission or omission which procures, aids, or abets in the violation shall be considered a violation under the provisions of this subsection and subject to penalty. The penalty amount shall be set in consideration of the previous history of the violator and the severity of the violation's impact on public health and the environment in addition to other relevant factors. The penalty shall be imposed pursuant to the procedures set forth in RCW 43.21B.300. [2000 c 69 § 9; 1992 c 73 § 23; 1991 c 200 § 422.]

(b) Of a collision or a near miss incident within twelve miles of the shore of the state.

(2) The state military department and the department shall request the coast guard to notify the state military department as soon as possible after the coast guard receives notice of a disabled covered vessel or of a collision or near miss incident within twelve miles of the shore of the state. The department shall negotiate an agreement with the coast guard governing procedures for coast guard notification to the state regarding disabled covered vessels and collisions and near miss incidents.

(3) The department shall prepare a summary of the information collected under this section and provide the summary to the regional marine safety committees, the coast guard, and others in order to identify problems with the marine transportation system.

(4) For the purposes of this section:

(a) A tank vessel or cargo vessel is considered disabled if any of the following occur:

(iii) An occurrence materially and adversely affecting the vessel's seaworthiness or fitness for service, including but not limited to, fire, flooding, or collision with another vessel;

(iv) Any other occurrence that creates the serious possibility of an oil spill or an occurrence that may result in such a spill.

(b) A barge is considered disabled if any of the following occur:

(i) The towing mechanism becomes disabled;

(ii) The towboat towing the barge becomes disabled through occurrences defined in (a) of this subsection.

(c) A near miss incident is an incident that requires the pilot or master of a covered vessel to take evasive actions or make significant course corrections in order to avoid a collision with another ship or to avoid a grounding as required by the international rules of the road.

(5) Failure of any person to make a report under this section shall not be used as the basis for the imposition of any fine or penalty. [2000 c 69 § 10; 1995 c 391 § 9; 1991 c 200 § 423.]

To the extent feasible, the department shall coordinate its boarding schedules with those of the United States coast guard to reduce the impact of boardings on vessel operators, to more efficiently use state and federal resources, and to avoid duplication of United States coast guard inspection operations.

(3) In developing and implementing the field operations program, the department shall give priority to activities designed to identify those vessels which pose the greatest risk to the waters of the state. The department shall consult with the marine transportation industry, individuals concerned with the marine environment, other state and federal agencies, and the public in developing and implementing the program required by this section.
