(7) Within one hundred twenty days after completion of the final report of a loss prevention review team, the agency under review shall issue to the office of financial management a response to the report. The response will indicate (a) which of the report's recommendations the agency hopes to implement, (b) whether implementation of those recommendations will require additional funding or legislation, and (c) whatever other information the director may require. This response shall be considered part of the final report and shall be subject to all provisions of this section that apply to the final report, including without limitation the restrictions on admissibility and use in civil or administrative proceedings and the obligation of the director to make the final report public.

(8) Nothing in RCW 43.41.370 or this section is intended to limit the scope of a legislative inquiry into or review of an incident that is the subject of a loss prevention review.

(9) Nothing in RCW 43.41.370 or in this section affects chapter 70.41 RCW and application of that chapter to state-owned or managed hospitals licensed under chapter 70.41 RCW. [2002 c 333 § 3.]

ington and are (a) allocated to fund the implementation of the REAL ID Act of 2005 in the state, and (b) in amounts sufficient to cover the costs of the state implementing or complying with the REAL ID Act of 2005, as those costs are estimated by the office of financial management. The director of the office of financial management shall ensure compliance with this section. [2007 c 85 § 1.]

(1) Review existing research on the short and long-range costs;

[1969 ex.s. c 239 § 20.]

43.41.980 Severability—1969 ex.s. c 239. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of this chapter, or the application of the provision to other persons or circumstances shall not be affected. [1969 ex.s. c 239 § 21.]

43.42.005 Findings—Purpose—Intent. (1) The legislature finds that the health and safety of its citizens, natural resources, and the environment are vital interests of the state that must be protected to preserve the state's quality of life. The legislature also finds that the state's economic well-being is a vital interest that depends upon the development of fair, accessible, and coordinated permitting and regulatory requirements that ensure that the state not only protects public health and safety and natural resources but also encourages appropriate activities that stimulate growth and development. The legislature further finds that Washington's permitting and regulatory programs have established strict standards to protect public health and safety and the environment.

(2) The legislature also finds that, as the number of environmental and land use laws and requirements have grown in Washington, so have the number of permits required of business and government. The increasing number of permits and permitting agencies has generated the potential for conflict, overlap, and duplication among state, local, and federal permitting and regulatory requirements.

(3) The legislature further finds that not all project proponents require the same type of assistance. Proponents with small projects may merely need information and assistance in starting the permitting and application process, while intermediate-sized projects may require more of a facilitated and periodically assisted permitting process, and large complex

projects may need extensive and more continuous coordination among local, state, and federal agencies and tribal governments.

(4) The legislature further finds that persons doing business in Washington state should have access to clear and appropriate information regarding regulations, permit requirements, and agency rule-making processes.

(5) The legislature, therefore, finds that a range of assistance and coordination options should be available to project proponents from a state office independent of any local, state, or federal permit agency. The legislature finds that citizens, businesses, and project proponents should be provided with:

(a) A reliable and consolidated source of information concerning federal, state, and local environmental and land use laws and procedures that may apply to any given project;

(b) Facilitated interagency forums for discussion of significant issues related to the multiple permitting processes if needed for some project proponents; and

(c) Active coordination of all applicable regulatory and land use permitting procedures if needed for some project proponents.

(6) The legislature declares that the purpose of this chapter is to:

(a) Assure that citizens, businesses, and project proponents will continue to be provided with vital information regarding environmental and land use laws and with assistance in complying with environmental and land use laws to promote understanding of these laws and to protect public health and safety and the environment;

(b) Ensure that facilitation of project permit decisions by permit agencies promotes both process efficiency and environmental protection;

(c) Allow for coordination of permit processing for large projects upon project proponents' request and at project proponents' expense to promote efficiency, ensure certainty, and avoid conflicts among permit agencies; and

(d) Provide these services through an office independent of any permit agency to ensure that any potential or perceived conflicts of interest related to providing these services or making permit decisions can be avoided.

(7) The legislature also declares that the purpose of this chapter is to provide citizens of the state with access to information regarding state regulations, permit requirements, and agency rule-making processes in Washington state.

(8) The legislature intends that establishing an office of regulatory assistance will provide these services without abrogating or limiting the authority of any agency to make decisions on permits and regulatory requirements that it requires or any rule-making agency to make decisions on regulations. The legislature therefore declares that the office of regulatory assistance shall have authority to provide these services but shall not have any authority to make decisions on permits. [2007 c 94 § 1; 2003 c 71 § 1; 2002 c 153 § 1.]

Reviser's note—Sunset Act application: The office of regulatory assistance is subject to review, termination, and possible extension under chapter 43.131 RCW, the Sunset Act. See RCW 43.131.401. RCW 43.42.005 through 43.42.070, 43.42.900, and 43.42.901 are scheduled for future repeal under RCW 43.131.402.

Effective date—2003 c 71 § 2: "Section 2 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 18, 2003]." [2003 c 71 § 7.]

43.42.010 Office created—Duties. (1) The office of regulatory assistance is created in the office of financial management and shall be administered by the office of the governor to assist citizens, businesses, and project proponents.

Reviser's note: This section was amended by 2007 c 94 § 2 and by 2007 c 231 § 5, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—Recommendations—Reports encouraged—2007 c 231: See note following RCW 43.155.070.

Sunset Act application: See note following RCW 43.42.005.

43.42.020 Operating principle—Providing information regarding permits. (1) The office shall operate on the principle that citizens of the state of Washington should receive the following information regarding permits:

(a) A date and time for a decision on a permit or regulatory requirement;

(b) The information required for an agency to make a decision on a permit or regulatory requirement, recognizing

that changes in the project or other circumstances may change the information required; and

(c) An estimate of the maximum amount of costs in fees, studies, or public processes that will be incurred by the project proponent.

(2) This section does not create an independent cause of action, affect any existing cause of action, or establish time limits for purposes of RCW 64.40.020. [2007 c 94 § 3; 2002 c 153 § 3.]

Sunset Act application: See note following RCW 43.42.005.

Sunset Act application: See note following RCW 43.42.005.

43.42.040 Maintaining and furnishing information—Contact point—Service center—Web site. (1) The office shall assist citizens, businesses, and project proponents by maintaining and furnishing information, including, but not limited to:

(a) To the extent possible, compiling and periodically updating one or more handbooks containing lists and explanations of permit laws, including all relevant local, state, federal, and tribal laws. In providing this information, the office shall seek the cooperation of relevant local, state, and federal agencies and tribal governments;

(b) Establishing and providing notice of a point of contact for obtaining information;

(c) Working closely and cooperatively with business license centers to provide efficient and nonduplicative service; and

(d) Developing a service center and a web site.

(2) The office shall coordinate among state agencies to develop an office web site that is linked through the office of the governor's web site and that contains information regarding permitting and regulatory requirements for businesses and citizens in Washington state. At a minimum, the web site shall provide information or links to information on:

(a) Federal, state, and local rule-making processes and permitting and regulatory requirements applicable to Washington businesses and citizens;

(b) Federal, state, and local licenses, permits, and approvals necessary to start and operate a business or develop real property in Washington;

Sunset Act application: See note following RCW 43.42.005.

43.42.050 Assisting project proponent—Project facilitator—Project scoping. At the request of a project proponent, the office shall assist the project proponent in determining what regulatory requirements, processes, and permits apply to the project, as provided in this section.

(1) The office shall assign a project facilitator who shall discuss applicable regulatory requirements, permits, and processes with the project proponent and explain the available options for obtaining required permits and regulatory review.

(2) If the project proponent and the project facilitator agree that the project would benefit from a project scoping, the project facilitator shall conduct a project scoping with the project proponent and the relevant permitting and regulatory agencies. The project facilitator shall invite the participation of the relevant federal agencies and tribal governments.

(a) The purpose of the project scoping is to identify the issues and information needs of the project proponent and the participating permit agencies regarding the project, share perspectives, and jointly develop a strategy for the processing of required permits by each participating permit agency.

(b) The scoping shall address:

(i) The permits that are required for the project;

(ii) The permit application forms and other application requirements of the participating permit agencies;

(iii) The specific information needs and issues of concern of each participant and their significance;

(iv) Any statutory or regulatory conflicts that might arise from the differing authorities and roles of the permit agencies;

(v) Any natural resources, including federal or state listed species, that might be adversely affected by the project and might cause an alteration of the project or require mitigation; and

(vi) The anticipated time required for permit decisions by each participating permit agency, including the time required to determine if the permit application is complete, to conduct environmental review, and to review and process the application. In determining the time required, full consideration must be given to achieving the greatest possible efficiencies through any concurrent studies and any consolidated applications, hearings, and comment periods.

(2008 Ed.)

(c) The outcome of the project scoping shall be documented in writing, furnished to the project proponent, and be made available to the public.

(d) The project scoping shall be completed within sixty days of the project proponent's request for a project scoping.

(e) Upon completion of the project scoping, the participating permit agencies shall proceed under their respective authority. The agencies are encouraged to remain in communication for purposes of coordination until their final permit decisions are made.

(3) This section does not create an independent cause of action, affect any existing cause of action, or establish time limits for purposes of RCW 64.40.020. [2007 c 94 § 6; 2003 c 54 § 4; 2002 c 153 § 6.]

Sunset Act application: See note following RCW 43.42.005.

43.42.060 Coordinating permit agencies—Project coordinator—Cost-reimbursement agreement. (1) The office may coordinate the processing by participating permit agencies of permits required for a project, at the request of the project proponent through a cost-reimbursement agreement as provided in subsection (3) of this section or with the agreement of the project proponent as provided in subsection (4) of this section.

(2) The office shall assign a project coordinator to perform any or all of the following functions, as specified by the terms of a cost-reimbursement agreement under subsection (3) of this section or an agreement under subsection (4) of this section:

(a) Serve as the main point of contact for the project proponent;

(b) Conduct a project scoping as provided in RCW 43.42.050(2);

(c) Verify that the project proponent has all the information needed to complete applications;

(d) Coordinate the permit processes of the permit agencies;

(e) Manage the applicable administrative procedures;

(f) Work to assure that timely permit decisions are made by the permit agencies and maintain contact with the project proponent and the permit agencies to ensure adherence to schedules;

(g) Assist in resolving any conflict or inconsistency among permit requirements and conditions; and

(h) Coordinate with relevant federal permit agencies and tribal governments to the extent possible.

(3) At the request of a project proponent and as provided in RCW 43.42.070, the project coordinator shall coordinate negotiations among the project proponent, the office, and participating permit agencies to enter into a cost-reimbursement agreement and shall coordinate implementation of the agreement, which shall govern coordination of permit processing by the participating permit agencies.

(4) For industrial projects of statewide significance or if the office determines that it is in the public interest to coordinate the processing of permits for certain projects that are complex in scope, require multiple permits, involve multiple jurisdictions, or involve a significant number of affected parties, the office shall, upon the proponent's request, enter into an agreement with the project proponent and the participating

permit agencies to coordinate the processing of permits for the project. The office may limit the number of such agreements according to the resources available to the office and the permit agencies at the time. [2007 c 94 § 7; 2003 c 54 § 5; 2002 c 153 § 7.]

Sunset Act application: See note following RCW 43.42.005.

43.42.070 Cost-reimbursement agreements. (1) The office may coordinate negotiation and implementation of a written agreement among the project proponent, the office, and participating permit agencies to recover from the project proponent the reasonable costs incurred by the office in carrying out the provisions of RCW 43.42.050(2) and 43.42.060(2) and by participating permit agencies in carrying out permit processing tasks specified in the agreement.

(2) The office may coordinate negotiation and implementation of a written agreement among the project proponent, the office, and participating permit agencies to recover from the project proponent the reasonable costs incurred by outside independent consultants selected by the office and participating permit agencies to perform permit processing tasks.

(3) Outside independent consultants may only bill for the costs of performing those permit processing tasks that are specified in a cost-reimbursement agreement under this section. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The office shall adopt a policy to coordinate cost-reimbursement agreements with outside independent consultants. Cost-reimbursement agreements coordinated by the office under this section must be based on competitive bids that are awarded for each agreement from a prequalified consultant roster.

(5) Independent consultants hired under a cost-reimbursement agreement shall report directly to the permit agency. The office shall assure that final decisions are made by the permit agency and not by the consultant.

(6) The office shall develop procedures for determining, collecting, and distributing cost reimbursement for carrying out the provisions of this chapter.

(7) For a cost-reimbursement agreement, the office and participating permit agencies shall negotiate a work plan and schedule for reimbursement. Prior to distributing scheduled reimbursement to the agencies, the office shall verify that the agencies have met the obligations contained in their work plan.

(8) Prior to commencing negotiations with the project proponent for a cost-reimbursement agreement, the office shall request work load analyses from each participating permitting agency. These analyses shall be available to the public. The work load of a participating permit agency may only be modified with the concurrence of the agency and if there is both good cause to do so and no significant impact on environmental review.

(9) The office shall develop guidance to ensure that, in developing cost-reimbursement agreements, conflicts of interest are eliminated.

(10) For project permit processes that it coordinates, the office shall coordinate the negotiation of all cost-reimburse-

ment agreements executed under RCW 43.21A.690, 43.30.490, 43.70.630, 43.300.080, and 70.94.085. The office and the permit agencies shall be signatories to the agreements. Each permit agency shall manage performance of its portion of the agreement.

(11) If a permit agency or the project proponent foresees, at any time, that it will be unable to meet its obligations under the cost-reimbursement agreement, it shall notify the office and state the reasons. The office shall notify the participating permit agencies and the project proponent and, upon agreement of all parties, adjust the schedule, or, if necessary, coordinate revision of the work plan. [2007 c 94 § 8; 2003 c 70 § 7; 2002 c 153 § 8.]

Sunset Act application: See note following RCW 43.42.005.

43.42.080 Participating permit agencies—Timelines. With the agreement of all participating permitting agencies and the permit applicant or project proponent, state permitting agencies may establish timelines to make permit decisions, including the time periods required to determine that the permit applications are complete, to review the applications, and to process the permits. Established timelines shall not be shorter than those otherwise required for each permit under other applicable provisions of law, but may extend and coordinate such timelines. The goal of the established timelines is to achieve the maximum efficiencies possible through concurrent studies and consolidation of applications, permit review, hearings, and comment periods. A timeline established under this subsection with the agreement of each permitting agency shall commit each permitting agency to act within the established timeline. [2007 c 94 § 9; 2004 c 32 § 1.]

43.42.900 Jurisdiction of energy facility site evaluation council not affected. Nothing in this chapter affects the jurisdiction of the energy facility site evaluation council under chapter 80.50 RCW. [2002 c 153 § 11.]

Sunset Act application: See note following RCW 43.42.005.

43.42.901 Authority of permit agencies not affected. (1) Nothing in this chapter shall be construed to abrogate or diminish the functions, powers, or duties granted to any permit agency by law.

(2) Nothing in this chapter grants the office authority to decide if a permit shall be issued. The authority for determining if a permit shall be issued shall remain with the permit agency. [2002 c 153 § 12.]

Sunset Act application: See note following RCW 43.42.005.

The chief thereof shall be known as the chief of the Washington state patrol, and members thereof shall be known as Washington state patrol officers. [1965 c 8 § 43.43.010. Prior: 1933 c 25 § 1; RRS § 6362-59.]

The chief shall appoint a sufficient number of competent persons to act as Washington state patrol officers, may remove them for cause, as provided in this chapter, and shall make promotional appointments, determine their compensation, and define their rank and duties, as hereinafter provided. Before a person may be appointed to act as a Washington state patrol officer, the person shall meet the minimum standards for employment with the Washington state patrol, including successful completion of a psychological examination and polygraph examination or similar assessment procedure administered by the chief or his or her designee in accordance with the requirements of RCW 43.101.095(2).

The chief may personally appoint, with the consent of the state treasurer, employees of the office of the state treasurer who are qualified under the standards of the criminal justice training commission, or who have comparable training and experience, to serve as special deputies. 43.43.035 Governor, lieutenant governor, and governor-elect—Security and protection—Duty to provide. The chief of the Washington state patrol is directed to provide security and protection for the governor, the governor's family, and the lieutenant governor to the extent and in the manner the governor and the chief of the Washington state patrol deem adequate and appropriate.

In the same manner the chief of the Washington state patrol is directed to provide security and protection for the governor-elect from the time of the November election. [1991 c 63 § 1; 1965 ex.s. c 96 § 1.]

43.43.037 Legislature—Security and protection—Duty to provide. The chief of the Washington state patrol is directed to provide such security and protection for both houses of the legislative building while in session as in the opinion of the speaker of the house and the president of the senate may be necessary therefor upon the advice of the respective sergeant-at-arms of each legislative body. [1965 ex.s. c 96 § 2.]

43.43.040 Disability of patrol officers. (1) The chief of the Washington state patrol shall relieve from active duty Washington state patrol officers who, while in the performance of their official duties, or while on standby or available for duty, have been or hereafter may be injured or incapacitated to such an extent as to be mentally or physically incapable of active service: PROVIDED, That:

(a) Any officer disabled while performing line duty who is found by the chief to be physically incapacitated shall be placed on disability leave for a period not to exceed six months from the date of injury or the date incapacitated. During this period, the officer shall be entitled to all pay, benefits, insurance, leave, and retirement contributions awarded to an officer on active status, less any compensation received through the department of labor and industries. No such disability leave shall be approved until an officer has been unavailable for duty for more than forty consecutive work hours. Prior to the end of the six-month period, the chief shall either place the officer on disability status or return the officer to active status.

For the purposes of this section, "line duty" is active service which encompasses the traffic law enforcement duties and/or other law enforcement responsibilities of the state patrol. These activities encompass all enforcement practices of the laws, accident and criminal investigations, or actions requiring physical exertion or exposure to hazardous elements.

The chief shall define by rule the situations where a disability has occurred during line duty;

(b) Benefits under this section for a disability that is incurred while in other employment will be reduced by any amount the officer receives or is entitled to receive from workers' compensation, social security, group insurance, other pension plan, or any other similar source provided by another employer on account of the same disability;

(c) An officer injured while engaged in willfully tortious or criminal conduct shall not be entitled to disability benefits under this section; and

(d) Should a disability beneficiary whose disability was not incurred in line of duty, prior to attaining age fifty,

engage in a gainful occupation, the chief shall reduce the amount of his retirement allowance to an amount which when added to the compensation earned by him in such occupation shall not exceed the basic salary currently being paid for the rank the retired officer held at the time he was disabled. All such disability beneficiaries under age fifty shall file with the chief every six months a signed and sworn statement of earnings and any person who shall knowingly swear falsely on such statement shall be subject to prosecution for perjury. Should the earning capacity of such beneficiary be further altered, the chief may further alter his disability retirement allowance as indicated above. The failure of any officer to file the required statement of earnings shall be cause for cancellation of retirement benefits.

(2) Officers on disability status shall receive one-half of their compensation at the existing wage, during the time the disability continues in effect, less any compensation received through the department of labor and industries. They shall be subject to mental or physical examination at any state institution or otherwise under the direction of the chief of the patrol at any time during such relief from duty to ascertain whether or not they are able to resume active duty. [1998 c 194 § 1; 1987 c 185 § 17; 1981 c 165 § 1; 1973 2nd ex.s. c 20 § 1; 1965 c 8 § 43.43.040. Prior: 1947 c 174 § 1; 1943 c 215 § 1; RRS § 6362-65.]

Intent—Severability—1987 c 185: See notes following RCW 51.12.130.

Severability—1981 c 165: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 165 § 2.]

Effective date—1981 c 165: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect January 1, 1981." [1981 c 165 § 3.]

43.43.050 Tenure of patrol officers. Washington state patrol officers shall be entitled to retain their ranks and positions until death or resignation, or until suspended, demoted, or discharged in the manner hereinafter provided. [1965 c 8 § 43.43.050. Prior: 1943 c 205 § 1; Rem. Supp. 1943 § 6362-66.]

43.43.060 Suspension or demotion of probationary officers. The chief of the Washington state patrol may suspend or demote any officer with probationary status, without preferring charges against the officer, and without a hearing. [1984 c 141 § 1; 1965 c 8 § 43.43.060. Prior: 1943 c 205 § 2; Rem. Supp. 1943 § 6362-67.]

43.43.070 Discharge of probationary officers—Discharge, demotion, or suspension of nonprobationary officers—Complaint—Hearing. Discharge of any officer with probationary status and discharge, demotion, or suspension of any officer with nonprobationary status shall be only for cause, which shall be clearly stated in a written complaint, sworn to by the person preferring the charges, and served upon the officer complained of.

Upon being so served, any such officer shall be entitled to a public hearing before a trial board consisting of two Washington state patrol officers of the rank of captain, and one officer of equal rank with the officer complained of, who

shall be selected by the chief of the Washington state patrol by lot from the roster of the patrol. In the case of complaint by an officer, such officer shall not be a member of the trial board. [1984 c 141 § 2; 1965 c 8 § 43.43.070. Prior: 1943 c 205 § 3; Rem. Supp. 1943 § 6362-68.]

43.43.080 Criminal complaint—Authority to suspend officer—Hearing. When the complaint served upon an officer is of a criminal nature calling for the discharge of the officer, the chief of the patrol may immediately suspend the officer without pay pending a trial board hearing. The board shall be convened no later than forty-five days from the date of suspension. However, this does not preclude the granting of a mutually agreed upon extension; in such cases the officer shall remain on suspension without pay.

An officer complained of may waive a hearing and accept the proposed discipline by written notice to the chief of the patrol. [1989 c 28 § 1; 1965 c 8 § 43.43.080. Prior: 1943 c 205 § 4; Rem. Supp. 1943 § 6362-69.]

43.43.090 Procedure at hearing. At the hearing, an administrative law judge appointed under chapter 34.12 RCW shall be the presiding officer, and shall make all necessary rulings in the course of the hearing, but shall not be entitled to vote.

The complainant and the officer complained of may submit evidence, and be represented by counsel, and a full and complete record of the proceedings, and all testimony, shall be taken down by a stenographer.

After hearing, the findings of the trial board shall be submitted to the chief. Such findings shall be final if the charges are not sustained. In the event the charges are sustained the chief may determine the proper disciplinary action and declare it by written order served upon the officer complained of. [1989 c 28 § 2; 1984 c 141 § 3; 1965 c 8 § 43.43.090. Prior: 1943 c 205 § 5; Rem. Supp. 1943 § 6362-70.]

43.43.100 Review of order. Any officer subjected to disciplinary action may, within ten days after the service of the order upon the officer, apply to the superior court of Thurston county for a writ of review to have the reasonableness and lawfulness of the order inquired into and determined.

The superior court shall review the determination of the chief of the Washington state patrol in a summary manner, based upon the record of the hearing before the trial board, and shall render its decision within ninety days, either affirming or reversing the order of the chief, or remanding the matter to the chief for further action. A transcript of the trial board hearing shall be provided to the court by the state patrol after being paid for by the officer subjected to disciplinary action. However, if the officer prevails before the court, the state patrol shall reimburse the officer for the cost of the transcript. [1984 c 141 § 4; 1965 c 8 § 43.43.100. Prior: 1943 c 205 § 6; Rem. Supp. 1943 § 6362-71.]

43.43.110 Reinstatement on acquittal. If as a result of any trial board hearing, or review proceeding, an officer complained of is found not guilty of the charges against him, he shall be immediately reinstated to his former position, and be reimbursed for any loss of salary suffered by reason of the

previous disciplinary action. [1965 c 8 § 43.43.110. Prior: 1943 c 205 § 7; Rem. Supp. 1943 § 6362-72.]

43.43.111 Patrol officer vehicle accidents. To ensure transparency, integrity, and credibility during Washington state patrol vehicle accident investigations, the agency will continue to review and reform the agency policies and procedures regarding Washington state patrol officers that are involved in vehicle accidents. The agency shall develop agency policies and include as part of the terms of their collective bargaining agreements a progressive corrective process addressing Washington state patrol officer vehicle accidents that may include retraining in vehicle handling, wage or benefit reductions, and termination of employment. The agency shall develop a process for tracking accidents and an accident review process. Annually, a collision data report must be produced designating each accident during the year as minor or severe and any resulting disciplinary actions and be available for review by the legislature. The agency shall implement communication procedures for the victims involved in the accidents from the time the accident occurs until the investigative process has been concluded. The policies must also provide for outside supervision of accident investigations by a qualified independent agency under certain circumstances.

Before the legislative committee assembly in September 2005, the Washington state patrol shall have an outside entity that has a reputation for and has proven experience in law enforcement management and reviewing law enforcement and criminal justice policies and procedures review the agency's proposed law enforcement vehicle accident policies and procedures where a law enforcement officer is involved. The agency will present the proposed policies and procedures to the legislature and finalize the policies and procedures based on input from the legislature. The Washington state patrol shall report to the house and senate transportation committees by November 30, 2005, on the updated policies, processes, and procedures. Once the policies and procedures are completed, other law enforcement agencies may adopt the policies and procedures for their agencies. [2005 c 27 § 2.]

Intent—2005 c 27: "It is the intent of the legislature that accidents involving Washington state patrol officers follow a process that provides a high degree of integrity and credibility both within the investigation of the accident and the perception of the investigation from persons outside the investigation. It is the intent of the legislature to have a communication process in place for the Washington state patrol to communicate accident information to the persons and their families who are involved in the vehicle accidents. It is the intent of the legislature to have early detections in place to reduce future vehicle accidents." [2005 c 27 § 1.]

Short title—2005 c 27: "This act may be known and cited as the "Brock Loshbaugh Act."" [2005 c 27 § 3.]

Effective date—2005 c 27: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 13, 2005]." [2005 c 27 § 4.]

43.43.112 Private law enforcement off-duty employment—Guidelines. Washington state patrol officers may engage in private law enforcement off-duty employment, in uniform or in plainclothes for private benefit, subject to guidelines adopted by the chief of the Washington state patrol. These guidelines must ensure that the integrity and professionalism of the Washington state patrol is preserved.

If a member shall terminate service in the patrol and later reenter, he shall be treated in all respects as a new employee.

(3)(a) A member who reenters or has reentered service within ten years from the date of his termination, shall upon completion of six months of continuous service and upon the restoration of all withdrawn contributions, plus interest as determined by the director, which restoration must be completed within five years after resumption of service, be returned to the status of membership he earned at the time of termination.

(4)(a) An employee of the Washington state patrol who becomes a member of the retirement system after June 12, 1980, and who has service as a cadet in the patrol training program may make an irrevocable election to transfer the ser-

vice to the retirement system. 43.43.271 Retirement allowances—Members commissioned on or after January 1, 2003—Court-approved property settlement. (1) A member commissioned on or after January 1, 2003, upon retirement for service as prescribed in RCW 43.43.250 shall elect to have the retirement allowance paid pursuant to the following options, calculated so as to be actuarially equivalent to each other.

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout the member's life. However, if the retiree dies before the total of the retirement allowance paid to the retiree equals the amount of the retiree's accumulated contributions at the time of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the retiree shall have nominated by written designation duly executed and filed with the department; or if there be no such designated person or persons still living at the time of the retiree's death, then to the surviving spouse; or if there be neither such designated person or persons still living at the time of death nor a surviving spouse, then to the retiree's legal representative.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member's reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a designated person. Such person shall be nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not

limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2)(a) A member, if married, must provide the written consent of his or her spouse to the option selected under this section, except as provided in (b) of this subsection. If a member is married and both the member and member's spouse do not give written consent to an option under this section, the department will pay the member a joint and fifty percent survivor benefit and record the member's spouse as the beneficiary. This benefit shall be calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal consent is not required as provided in (b) of this subsection.

(b) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

(ii) The spousal consent provisions of (a) of this subsection do not apply.

(3) No later than January 1, 2003, the department shall adopt rules that allow a member additional actuarially equivalent survivor benefit options, and shall include, but are not limited to:

(a)(i) A retired member who retired without designating a survivor beneficiary shall have the opportunity to designate their spouse from a postretirement marriage as a survivor during a one-year period beginning one year after the date of the postretirement marriage provided the retirement allowance payable to the retiree is not subject to periodic payments pursuant to a property division obligation as provided for in RCW 41.50.670.

(ii) A member who entered into a postretirement marriage prior to the effective date of the rules adopted pursuant to this subsection and satisfies the conditions of (a)(i) of this subsection shall have one year to designate their spouse as a survivor beneficiary following the adoption of the rules.

(b) A retired member who elected to receive a reduced retirement allowance under this section and designated a non-spouse as survivor beneficiary shall have the opportunity to remove the survivor designation and have their future benefit adjusted.

(c) The department may make an additional charge, if necessary, to ensure that the benefits provided under this subsection remain actuarially equivalent.

(4) No later than July 1, 2003, the department shall adopt rules to permit:

(a) A court-approved property settlement incident to a court decree of dissolution made before retirement to provide that benefits payable to a member who has completed at least five years of service and the member's divorcing spouse be divided into two separate benefits payable over the life of each spouse.

The member shall have available the benefit options of subsection (1) of this section upon retirement, and if remarried at the time of retirement remains subject to the spousal consent requirements of subsection (2) of this section. Any reductions of the member's benefit subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

The nonmember ex spouse shall be eligible to commence receiving their separate benefit upon reaching the ages provided in RCW 43.43.250(2) and after filing a written application with the department.

(b) A court-approved property settlement incident to a court decree of dissolution made after retirement may only divide the benefit into two separate benefits payable over the life of each spouse if the nonmember ex spouse was selected as a survivor beneficiary at retirement.

The retired member may later choose the survivor benefit options available in subsection (3) of this section. Any actuarial reductions subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

Both the retired member and the nonmember divorced spouse shall be eligible to commence receiving their separate benefits upon filing a copy of the dissolution order with the department in accordance with RCW 41.50.670.

(c) The department may make an additional charge or adjustment if necessary to ensure that the separate benefits provided under this subsection are actuarially equivalent to the benefits payable prior to the decree of dissolution. [2003 c 294 § 14; 2002 c 158 § 16; 2001 c 329 § 5.]

The continuing allowance to the lawful surviving spouse shall be subject to the yearly increase provided by RCW 43.43.260(5). Examination papers shall be graded promptly and an eligible list shall be made up immediately thereafter. All officers taking an examination shall be informed of the grade earned.

(2) After an eligible list is made up all promotions shall be made from the five top names on the applicable list, and if needed to comply with affirmative action goals three additional names referred under subsection (3) of this section. Not all three additional names need be promoted at the time they are referred and they may be referred more than once. Each officer shall be informed in writing as his or her name is included in the top five on an eligible list or referred under subsection (3) of this section. No officer whose name appears within the top five on any eligible list shall be passed over for promotion more than three times.

(5) The state patrol shall consult with the human rights commission in the development of rules pertaining to affirmative action. The state patrol shall transmit a report annually to the human rights commission which states the progress the state patrol has made in meeting affirmative action goals and timetables. [1985 c 365 § 6; 1965 c 8 § 43.43.340. Prior: 1949 c 192 § 3; Rem. Supp. 1949 § 6362-61b.]

[1984 c 141 § 5; 1965 c 8 § 43.43.360. Prior: 1949 c 192 § 4, part; Rem. Supp. 1949 § 6362-61c, part.]

43.43.370 Staff or technical officers. The chief of the Washington state patrol may appoint such staff or technical officers as he deems necessary for the efficient operation of the patrol, and he may assign whatever rank he deems necessary to such staff or technical officers for the duration of their service as such.

Staff or technical officers may be returned to their line rank or position whenever the chief so desires. Staff or technical officers without line command assignment and whose

duties are of a special or technical nature shall hold their staff or technical rank on a continuing probationary basis; however, such staff or technical officers, if otherwise eligible, shall not be prevented from taking the line promotion examinations, and qualifying for promotion whenever the examinations may be held.

If a staff or technical officer returns to line operations he shall return in the rank that he holds in the line command, unless promoted to a higher rank through examination and appointment as herein provided: PROVIDED, Nothing contained herein shall be construed as giving the chief the right to demote or to reduce the rank of any officer of the patrol who was holding such office on April 1, 1949. 43.43.390 Bicycle awareness program—Generally. Bicycling is increasing in popularity as a form of recreation and as an alternative mode of transportation. To make bicycling safer, the various law enforcement agencies should enforce traffic regulations for bicyclists. By enforcing bicycle regulations, law enforcement officers are reinforcing educational programs. Bicycling takes more skill than most people realize. Since bicyclists have a low profile in traffic and are unprotected, they need more defensive riding skills than motorists do.

A bicycle awareness program is created within the Washington state patrol. In developing the curriculum for the bicycle awareness program the patrol shall consult with the traffic safety commission and with bicycling groups providing bicycle safety education. The patrol shall conduct the program in conjunction with the safety education officer program and may use other law enforcement personnel and volunteers to implement the program for children in grades kindergarten through six. The patrol shall ensure that each safety educator presenting the bicycle awareness program has received specialized training in bicycle safety education and has been trained in effective defensive bicycle riding skills. [1991 c 214 § 1.]

43.43.710 Availability of information. Information contained in the files and records of the section relative to the commission of any crime by any person shall be considered privileged and shall not be made public or disclosed for any personal purpose or in any civil court proceedings except upon a written order of the judge of a court wherein such civil proceedings are had. All information contained in the files of the section relative to criminal records and personal histories of persons arrested for the commission of a crime shall be available to all criminal justice agencies upon the filing of an application as provided in RCW 43.43.705.

Although no application for information has been made to the section as provided in RCW 43.43.705, the section may transmit such information in the chief's discretion, to such agencies as are authorized by RCW 43.43.705 to make application for it. [1995 c 369 § 13; 1987 c 486 § 11; 1986 c 266 § 87; 1985 c 201 § 9; 1979 ex.s. c 36 § 7. Prior: 1977 ex.s. c 314 § 15; 1977 ex.s. c 30 § 1; 1972 ex.s. c 152 § 3.]

Effective date—1995 c 369: See note following RCW 43.43.930.

Severability—1986 c 266: See note following RCW 38.52.005.

43.43.715 Identification—Cooperation with other criminal justice agencies. The section shall, consistent with the procedures set forth in chapter 152, Laws of 1972 ex. sess., cooperate with all other criminal justice agencies within or without the state, in an exchange of information regarding convicted criminals and those suspected of or wanted for the commission of crimes to the end that proper identification may rapidly be made and the ends of justice served. [2006 c 294 § 3; 1989 c 334 § 8; 1985 c 201 § 10; 1972 ex.s. c 152 § 4.]

43.43.720 Local identification and records systems—Assistance. At the request of any criminal justice agency within this state, the section may assist such agency in the establishment of local identification and records systems. [1972 ex.s. c 152 § 5.]

43.43.725 Records as evidence. Any copy of a criminal history record, photograph, fingerprint, or other paper or document in the files of the section, certified by the chief or his or her designee to be a true and complete copy of the original or of information on file with the section, shall be admissible in evidence in any court of this state pursuant to the provisions of RCW 5.44.040. [2006 c 294 § 4; 1985 c 201 § 11; 1972 ex.s. c 152 § 6.]

43.43.730 Records—Inspection—Requests for purge or modification—Appeals. (1) Any individual shall have the right to inspect criminal history record information on file with the section which refers to the individual. If the individual believes such information to be inaccurate or incomplete, he or she may request the section to purge, modify or supplement it and to advise such persons or agencies who have received his or her record and whom the individual designates to modify it accordingly. Should the section decline to so act, or should the individual believe the section's decision to be otherwise unsatisfactory, the individual may appeal such decision to the superior court in the county in which he or she is resident, or the county from which the disputed record emanated or Thurston county. The court shall in such case conduct a de novo hearing, and may order such relief as it finds to be just and equitable.

(2) The section may prescribe reasonable hours and a place for inspection, and may impose such additional restrictions, including fingerprinting, as are reasonably necessary both to assure the record's security and to verify the identities of those who seek to inspect them: PROVIDED, That the section may charge a reasonable fee for fingerprinting. [2006 c 294 § 5; 1985 c 201 § 12; 1977 ex.s. c 314 § 16; 1972 ex.s. c 152 § 7.]

43.43.735 Photographing and fingerprinting—Powers and duties of law enforcement agencies—Other data. (1) It shall be the duty of the sheriff or director of public safety of every county, and the chief of police of every city or town, and of every chief officer of other law enforcement agencies duly operating within this state, to cause the photographing and fingerprinting of all adults and juveniles lawfully arrested for the commission of any criminal offense constituting a felony or gross misdemeanor. (a) When such

juveniles are brought directly to a juvenile detention facility, the juvenile court administrator is also authorized, but not required, to cause the photographing, fingerprinting, and record transmittal to the appropriate law enforcement agency; and (b) a further exception may be made when the arrest is for a violation punishable as a gross misdemeanor and the arrested person is not taken into custody.

(2) It shall be the right, but not the duty, of the sheriff or director of public safety of every county, and the chief of police of every city or town, and every chief officer of other law enforcement agencies operating within this state to photograph and record the fingerprints of all adults lawfully arrested.

[2006 c 294 § 6; 1991 c 3 § 297. Prior: 1989 c 334 § 9; 1989 c 6 § 2; prior: 1987 c 486 § 12; 1987 c 450 § 2; 1985 c 201 § 13; 1972 ex.s. c 152 § 8.]

43.43.740 Photographing and fingerprinting—Transmittal of data. (1) It shall be the duty of the sheriff or director of public safety of every county, and the chief of police of every city or town, and of every chief officer of other law enforcement agencies duly operating within this state to furnish within seventy-two hours from the time of arrest to the section the required sets of fingerprints together with other identifying data as may be prescribed by the chief, of any person lawfully arrested, fingerprinted, and photographed pursuant to RCW 43.43.735.

(2) Law enforcement agencies may retain and file copies of the fingerprints, photographs, and other identifying data and information obtained pursuant to RCW 43.43.735. Said records shall remain in the possession of the law enforcement agency as part of the identification record and are not returnable to the subjects thereof. [2006 c 294 § 7; 1989 c 334 § 10. Prior: 1987 c 486 § 13; 1987 c 450 § 3; 1985 c 201 § 14; 1972 ex.s. c 152 § 9.]

43.43.742 Submission of fingerprints taken from persons for noncriminal purposes—Fees. The Washington state patrol shall adopt rules concerning submission of fingerprints taken by local agencies after July 26, 1987, from persons for license application or other noncriminal purposes. The Washington state patrol may charge fees for submission of fingerprints which will cover as nearly as practicable the direct and indirect costs to the Washington state patrol of processing such submission. [1987 c 450 § 4.]

43.43.745 Convicted persons, fingerprinting required, records—Furloughs, information to section, notice to local agencies—Arrests, disposition information—Convicts, information to section, notice to local agencies—Registration of sex offenders. (2008 Ed.)

of the chief of police of each city or town, or of every chief officer of other law enforcement agencies operating within this state, to record the fingerprints of all persons held in or remanded to their custody when convicted of any crime as provided for in RCW 43.43.735 for which the penalty of imprisonment might be imposed and to disseminate and file such fingerprints in the same manner as those recorded upon arrest pursuant to RCW 43.43.735 and 43.43.740.

(2) Every time the secretary authorizes a furlough as provided for in RCW 72.66.012 the department of corrections shall notify, thirty days prior to the beginning of such furlough, the sheriff or director of public safety of the county to which the prisoner is being furloughed, the nearest Washington state patrol district facility in the county wherein the furloughed prisoner is to be residing, and other similar criminal justice agencies that the named prisoner has been granted a furlough, the place to which furloughed, and the dates and times during which the prisoner will be on furlough status. In the case of an emergency furlough the thirty-day time period shall not be required but notification shall be made as promptly as possible and before the prisoner is released on furlough.

(3) Disposition of the charge for which the arrest was made shall be reported to the section at whatever stage in the proceedings a final disposition occurs by the arresting law enforcement agency, county prosecutor, city attorney, or court having jurisdiction over the offense: PROVIDED, That the chief shall promulgate rules pursuant to chapter 34.05 RCW to carry out the provisions of this subsection.

(4) Whenever a person serving a sentence for a term of confinement in a state correctional facility for convicted felons, pursuant to court commitment, is released on an order of the state indeterminate sentence review board, or is discharged from custody on expiration of sentence, the department of corrections shall promptly notify the sheriff or director of public safety, the nearest Washington state patrol district facility, and other similar criminal justice agencies that the named person has been released or discharged, the place to which such person has been released or discharged, and the conditions of his or her release or discharge.

Local law enforcement agencies shall require persons convicted of sex offenses to register pursuant to RCW 9A.44.130. In addition, nothing in this section shall be construed to prevent any local law enforcement authority from recording the residency and other information concerning any convicted felon or other person convicted of a criminal offense when such information is obtained from a source other than from registration pursuant to RCW 9A.44.130 which source may include any officer or other agency or subdivision of the state.

(5) The existence of the notice requirement in subsection (2) of this section will not require any extension of the release date in the event the release plan changes after notification. [1994 c 129 § 7; 1993 c 24 § 1; 1990 c 3 § 409; 1985 c 346 § 6; 1973 c 20 § 1; 1972 ex.s. c 152 § 10.]

Findings—Intent—1994 c 129: See note following RCW 4.24.550.

Index, part headings not law—Severability—Effective dates—Application—1990 c 3: See RCW 18.155.900 through 18.155.902.

Construction—Prior rules and regulations—1973 c 20: See note following RCW 72.66.010.

43.43.750 Use of force to obtain identification information—Liability. In exercising their duties and authority under RCW 43.43.735 and 43.43.740, the sheriffs, directors of public safety, chiefs of police, and other chief law enforcement officers, may, consistent with constitutional and legal requirements, use such reasonable force as is necessary to compel an unwilling person to submit to being photographed, or fingerprinted, or to submit to any other identification procedure, except interrogation, which will result in obtaining physical evidence serving to identify such person. No one having the custody of any person subject to the identification procedures provided for in chapter 152, Laws of 1972 ex. sess., and no one acting in his aid or under his direction, and no one concerned in such publication as is provided for in RCW 43.43.740, shall incur any liability, civil or criminal, for anything lawfully done in the exercise of the provisions of chapter 152, Laws of 1972 ex. sess. [1972 ex.s. c 152 § 11.]

43.43.751 Biological samples for missing persons investigations. Biological samples taken for a missing person's investigation under RCW 68.50.320 shall be forwarded to the appropriate laboratory as soon as possible. The crime laboratory of the Washington state patrol will provide guidance to agencies regarding where samples should be sent. If substantial delays in testing occur or federal testing is no longer available, the legislature should be requested to provide funding to implement mitochondrial technology in the state of Washington. [2007 c 10 § 6; 2006 c 102 § 7.]

Intent—2007 c 10: See note following RCW 43.103.110.

Finding—Intent—2006 c 102: See note following RCW 36.28A.100.

43.43.752 DNA identification system—Plan—Report. (1) To support criminal justice services in the local communities throughout this state, the state patrol in consultation with the University of Washington school of medicine shall develop a plan for and establish a DNA identification system. In implementing the plan, the state patrol shall purchase the appropriate equipment and supplies. The state patrol shall procure the most efficient equipment available.

(2) The DNA identification system as established shall be compatible with that utilized by the federal bureau of investigation.

(3) The state patrol and the University of Washington school of medicine shall report on the DNA identification system to the legislature no later than November 1, 1989. The report shall include a timeline for implementing each stage, a local agency financial participation analysis, a system analysis, a full cost/purchase analysis, a vendor bid evaluation, and a space location analysis that includes a site determination. The state patrol shall coordinate the preparation of this report with the office of financial management. [1989 c 350 § 2.]

Funding limitations—1989 c 350: "Any moneys received by the state from the federal bureau of justice assistance shall be used to conserve state funds if not inconsistent with the terms of the grant. To the extent that federal funds are available for the purposes of this act, state funds appropriated in this section shall lapse and revert to the general fund." [1989 c 350 § 8.]

43.43.753 Findings—DNA identification system—DNA database—DNA data bank. The legislature finds that recent developments in molecular biology and genetics have important applications for forensic science. It has been scien-

tifically established that there is a unique pattern to the chemical structure of the deoxyribonucleic acid (DNA) contained in each cell of the human body. The process for identifying this pattern is called "DNA identification."

The legislature further finds that DNA databases are important tools in criminal investigations, in the exclusion of individuals who are the subject of investigations or prosecutions, and in detecting recidivist acts. It is the policy of this state to assist federal, state, and local criminal justice and law enforcement agencies in both the identification and detection of individuals in criminal investigations and the identification and location of missing and unidentified persons. Therefore, it is in the best interest of the state to establish a DNA database and DNA data bank containing DNA samples submitted by persons convicted of felony offenses and other crimes as specified in RCW 43.43.754. DNA samples necessary for the identification of missing persons and unidentified human remains shall also be included in the DNA database.

The legislature further finds that the DNA identification system used by the federal bureau of investigation and the Washington state patrol has no ability to predict genetic disease or predisposal to illness. Nonetheless, the legislature intends that biological samples collected under RCW 43.43.754, and DNA identification data obtained from the samples, be used only for purposes related to criminal investigation, identification of human remains or missing persons, or improving the operation of the system authorized under RCW 43.43.752 through 43.43.758. [2008 c 97 § 1; 2002 c 289 § 1; 1989 c 350 § 1.]

Severability—2002 c 289: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2002 c 289 § 7.]

Effective date—2002 c 289: "This act takes effect July 1, 2002." [2002 c 289 § 9.]

43.43.7532 DNA identification system—DNA database account. The state DNA database account is created in the custody of the state treasurer. All receipts under RCW 43.43.7541 must be deposited into the account. Expenditures from the account may be used only for creation, operation, and maintenance of the DNA database under RCW 43.43.754. Only the chief of the Washington state patrol or the chief's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2002 c 289 § 5.]

Severability—Effective date—2002 c 289: See notes following RCW 43.43.753.

43.43.754 DNA identification system—Biological samples—Collection, use, testing—Scope and application of section. (1) A biological sample must be collected for purposes of DNA identification analysis from:

(a) Every adult or juvenile individual convicted of a felony, or any of the following crimes (or equivalent juvenile offenses):

Assault in the fourth degree with sexual motivation (RCW 9A.36.041, 9.94A.835)

Communication with a minor for immoral purposes (RCW 9.68A.090)

Custodial sexual misconduct in the second degree (RCW 9A.44.170)

Failure to register (RCW 9A.44.130)

Harassment (RCW 9A.46.020)

Patronizing a prostitute (RCW 9A.88.110)

Sexual misconduct with a minor in the second degree (RCW 9A.44.096)

Stalking (RCW 9A.46.110)

Violation of a sexual assault protection order granted under chapter 7.90 RCW; and

(b) Every adult or juvenile individual who is required to register under RCW 9A.44.130.

(2) If the Washington state patrol crime laboratory already has a DNA sample from an individual for a qualifying offense, a subsequent submission is not required to be submitted.

(3) Biological samples shall be collected in the following manner:

(a) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense who do not serve a term of confinement in a department of corrections facility, and do serve a term of confinement in a city or county jail facility, the city or county shall be responsible for obtaining the biological samples.

(b) The local police department or sheriff's office shall be responsible for obtaining the biological samples for:

(i) Persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense who do not serve a term of confinement in a department of corrections facility, and do not serve a term of confinement in a city or county jail facility; and

(ii) Persons who are required to register under *RCW 9A.44.030.

(c) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who are serving or who are to serve a term of confinement in a department of corrections facility or a department of social and health services facility, the facility holding the person shall be responsible for obtaining the biological samples. For those persons incarcerated before June 12, 2008, who have not yet had a biological sample collected, priority shall be given to those persons who will be released the soonest.

(4) Any biological sample taken pursuant to RCW 43.43.752 through 43.43.758 may be retained by the forensic laboratory services bureau, and shall be used solely for the purpose of providing DNA or other tests for identification analysis and prosecution of a criminal offense or for the identification of human remains or missing persons. Nothing in this section prohibits the submission of results derived from the biological samples to the federal bureau of investigation combined DNA index system.

(5) The forensic laboratory services bureau of the Washington state patrol is responsible for testing performed on all biological samples that are collected under subsection (1) of this section, to the extent allowed by funding available for this purpose. The director shall give priority to testing on samples collected from those adults or juveniles convicted of a felony or adjudicated guilty of an equivalent juvenile offense that is defined as a sex offense or a violent offense in RCW 9.94A.030. Known duplicate samples may be excluded

(2008 Ed.)

from testing unless testing is deemed necessary or advisable by the director.

(6) This section applies to:

(a) All adults and juveniles to whom this section applied prior to June 12, 2008;

(b) All adults and juveniles to whom this section did not apply prior to June 12, 2008, who:

(i) Are convicted on or after June 12, 2008, of an offense listed in subsection (1)(a) of this section; or

(ii) Were convicted prior to June 12, 2008, of an offense listed in subsection (1)(a) of this section and are still incarcerated on or after June 12, 2008; and

(c) All adults and juveniles who are required to register under RCW 9A.44.130 on or after June 12, 2008, whether convicted before, on, or after June 12, 2008.

(7) This section creates no rights in a third person. No cause of action may be brought based upon the noncollection or nonanalysis or the delayed collection or analysis of a biological sample authorized to be taken under RCW 43.43.752 through 43.43.758.

(8) The detention, arrest, or conviction of a person based upon a database match or database information is not invalidated if it is determined that the sample was obtained or placed in the database by mistake, or if the conviction or juvenile adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including but not limited to posttrial or postfact-finding motions, appeals, or collateral attacks. [2008 c 97 § 2; 2002 c 289 § 2; 1999 c 329 § 2; 1994 c 271 § 402; 1990 c 230 § 3; 1989 c 350 § 4.]

***Reviser's note:** The reference to RCW 9A.44.030 appears to be erroneous. Reference to RCW 9A.44.130 was apparently intended.

Severability—Effective date—2002 c 289: See notes following RCW 43.43.753.

Findings—1999 c 329: "The legislature finds it necessary to expand the current pool of convicted offenders who must have a blood sample drawn for purposes of DNA identification analysis. The legislature further finds that there is a high rate of recidivism among certain types of violent and sex offenders and that drawing blood is minimally intrusive. Creating an expanded DNA data bank bears a rational relationship to the public's interest in enabling law enforcement to better identify convicted violent and sex offenders who are involved in unsolved crimes, who escape to reoffend, and who reoffend after release." [1999 c 329 § 1.]

Severability—1999 c 329: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1999 c 329 § 3.]

Finding—1994 c 271: "The legislature finds that DNA identification analysis is an accurate and useful law enforcement tool for identifying and prosecuting sexual and violent offenders. The legislature further finds no compelling reason to exclude juvenile sexual and juvenile violent offenders from DNA identification analysis." [1994 c 271 § 401.]

Purpose—Severability—1994 c 271: See notes following RCW 9A.28.020.

Finding—Funding limitations—1989 c 350: See notes following RCW 43.43.752.

43.43.7541 DNA identification system—Collection of biological samples—Fee. Every sentence imposed under chapter 9.94A RCW for a crime specified in RCW 43.43.754 must include a fee of one hundred dollars. The fee is a court-ordered legal financial obligation as defined in RCW 9.94A.030, payable by the offender after payment of all other legal financial obligations included in the sentence has been

completed. The clerk of the court shall transmit eighty percent of the fee collected to the state treasurer for deposit in the state DNA database account created under RCW 43.43.7532, and shall transmit twenty percent of the fee collected to the agency responsible for collection of a biological sample from the offender as required under RCW 43.43.754. [2008 c 97 § 3; 2002 c 289 § 4.]

Severability—Effective date—2002 c 289: See notes following RCW 43.43.753.

43.43.756 DNA identification system—Analysis, assistance, and testimony services. The Washington state patrol forensic laboratory services bureau may:

(1) Provide DNA analysis services to law enforcement agencies throughout the state;

(2) Provide assistance to law enforcement officials and prosecutors in the preparation and utilization of DNA evidence for presentation in court; and

(3) Provide expert testimony in court on DNA evidentiary issues. [2008 c 97 § 4; 1989 c 350 § 5.]

Finding—Funding limitations—1989 c 350: See notes following RCW 43.43.752.

43.43.758 DNA identification system—Local law enforcement systems—Limitations. (1) Except as provided in subsection (2) of this section, no local law enforcement agency may establish or operate a DNA identification system before July 1, 1990, and unless:

(a) The equipment of the local system is compatible with that of the state system under RCW 43.43.752;

(b) The local system is equipped to receive and answer inquiries from the Washington state patrol DNA identification system and transmit data to the Washington state patrol DNA identification system; and

(c) The procedure and rules for the collection, analysis, storage, expungement, and use of DNA identification data do not conflict with procedures and rules applicable to the state patrol DNA identification system.

(2) Nothing in this section shall prohibit a local law enforcement agency from performing DNA identification analysis in individual cases to assist law enforcement officials and prosecutors in the preparation and use of DNA evidence for presentation in court. [1990 c 230 § 2; 1989 c 350 § 6.]

Finding—Funding limitations—1989 c 350: See notes following RCW 43.43.752.

43.43.759 DNA identification system—Rule-making requirements. The Washington state patrol shall consult with the forensic investigations council and adopt rules to implement RCW 43.43.752 through 43.43.758. The rules shall prohibit the use of DNA identification data for any research or other purpose that is not related to a criminal investigation, to the identification of human remains or missing persons, or to improving the operation of the system authorized by RCW 43.43.752 through 43.43.758. The rules must also identify appropriate sources and collection methods for biological samples needed for purposes of DNA identification analysis. [2002 c 289 § 3; 1990 c 230 § 1.]

Severability—Effective date—2002 c 289: See notes following RCW 43.43.753.

43.43.760 Personal identification—Requests—Purpose—Applicants—Fee. (1) Whenever a resident of this state appears before any law enforcement agency and requests an impression of his or her fingerprints to be made, such agency may comply with his or her request and make the required copies of the impressions on forms marked "Personal Identification". The required copies shall be forwarded to the section and marked "for personal identification only".

The section shall accept and file such fingerprints submitted voluntarily by such resident, for the purpose of securing a more certain and easy identification in case of death, injury, loss of memory, or other similar circumstances. Upon the request of such person, the section shall return his or her identification data.

(2) Whenever a person claiming to be a victim of identity theft appears before any law enforcement agency and requests an impression of his or her fingerprints to be made, such agency may comply with this request and make the required copies of the impressions on forms marked "Personal Identification." The required copies shall be forwarded to the section and marked "for personal identification only."

The section shall accept and file such fingerprints submitted by such resident, for the purpose of securing a more certain and easy identification in cases of identity theft. The section shall provide a statement showing that the victim's impression of fingerprints has been accepted and filed with the section.

The statement provided to the victim shall state clearly in twelve-point print:

"The person holding this statement has claimed to be a victim of identity theft. Pursuant to chapter 9.35 RCW, a business is required by law to provide this victim with copies of all relevant application and transaction information related to the transaction being alleged as a potential or actual identity theft. A business must provide this information once the victim makes a request in writing, shows this statement, any government issued photo identification card, and a copy of a police report."

Upon the request of such person, the section shall return his or her identification data.

(3) Whenever any person is an applicant for appointment to any position or is an applicant for employment or is an applicant for a license to be issued by any governmental agency, and the law or a regulation of such governmental agency requires that the applicant be of good moral character or not have been convicted of a crime, or is an applicant for appointment to or employment with a criminal justice agency, or the department, or is an applicant for the services of an international matchmaking organization, the applicant may request any law enforcement agency to make an impression of his or her fingerprints to be submitted to the section. The law enforcement agency may comply with such request and make copies of the impressions on forms marked "applicant", and submit such copies to the section.

The section shall accept such fingerprints and shall cause its files to be examined and shall promptly send to the appointing authority, employer, licensing authority, or international matchmaking organization indicated on the form of application, a transcript of the record of previous crimes committed by the person described on the data submitted, or a

transcript of the *dependency record information regarding the person described on the data submitted, or if there is no record of his or her commission of any crimes, or if there is no *dependency record information, a statement to that effect.

(4) The Washington state patrol shall charge fees for processing of noncriminal justice system requests for criminal history record information pursuant to this section which will cover, as nearly as practicable, the direct and indirect costs to the patrol of processing such requests.

Any law enforcement agency may charge a fee not to exceed five dollars for the purpose of taking fingerprint impressions or searching its files of identification for non-criminal purposes. [2002 c 115 § 5; 2001 c 217 § 3; 1985 c 201 § 15; 1983 c 184 § 1; 1972 ex.s. c 152 § 13.]

***Reviser's note:** The definition for "dependency record information" was removed by 2006 c 294 § 2.

43.43.762 Criminal street gang database—Information exempt from public disclosure. The Washington association of sheriffs and police chiefs shall work with the Washington state patrol to coordinate, designate, and recommend the use of a statewide database accessible by law enforcement agencies that utilizes existing resources, networks, or structures for assessing and addressing the problems associated with criminal street gangs.

(1) The gang database shall comply with federal regulations for state law enforcement databases shared with other law enforcement agencies, including auditing and access to data.

(2) The Washington state patrol, in consultation with the Washington state association of sheriffs and police chiefs, shall adopt uniform state criteria for entering gangs, gang members, and gang associates into the database. Data on individuals may be entered only based on reasonable suspicion of criminal activity or actual criminal activity and must be supported by documentation, where documentation is available.

(3) Information in the database shall be available to all local, state, and federal general authority law enforcement agencies, the Washington department of corrections, and the juvenile rehabilitation administration of the Washington department of social and health services solely for gang enforcement and for tracking gangs, gang members, and gang incidents. Information in the database shall not be available for public use.

(4) The database shall provide an internet-based multi-agency, multilocation, information-sharing application that operates in a network fashion.

(5) The database shall be used solely as a law enforcement intelligence tool and shall not be used as evidence in any criminal, civil, or administrative proceeding. Law enforcement may use the information within the database to obtain information external to the database to formulate the probable cause necessary to make a stop or arrest. The mere existence of information relating to an individual within the database does not by itself justify a stop or arrest.

(6) Access to the database shall be determined by the chief executive officer of each participating agency. Information about specific individuals in the database shall be automatically expunged if: (a) No new or updated information has been entered into the database within the previous five years; (b) there are no pending criminal charges against such person in any court in this state or another state or in any federal court; (c) the person has not been convicted of a new crime in this state, another state, or federal court within the last five years; and (d) it has been five years since the person completed his or her term of total confinement.

(7) Each law enforcement and criminal justice agency using the database is required to:

(a) Identify a system administrator that is responsible for annually auditing the use of the system within his or her respective agency to ensure agency compliance with policies established for the use of the database;

(b) Ensure that all users of the database receive training on the use of the database before granting the users access to the database;

(c) Ensure that any information entered into the database relates to a criminal street gang associate or gang member who is twelve years old or older;

(d) Annually produce a gang threat assessment report including available data sources such as uniform crime reports, record management systems, and entries into the statewide gang database. Local public schools shall also be encouraged to provide data to the local gang threat assessment report.

(8) The database and all contents in the database are confidential and exempt from public disclosure under chapter 42.56 RCW.

(9) Any public employee or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, and the Washington association of sheriffs and police chiefs and its employees are immune from civil liability for damages arising from incidents involving a person who has been included in the database, unless it is shown that an employee acted with gross negligence or bad faith. [2008 c 276 § 201.]

Severability—Part headings, subheadings not law—2008 c 276: See notes following RCW 36.28A.200.

The section shall search its files and otherwise make a reasonable effort to determine the identity of the deceased and notify the contributing agency of the finding.

In all cases where there is found to exist a criminal record for the deceased, the section shall notify the federal bureau of investigation and each criminal justice agency, within or outside the state in whose jurisdiction the decedent has been arrested, of the date and place of death of decedent. [1972 ex.s. c 152 § 15.]

[1972 ex.s. c 152 § 17.]

***Reviser's note:** The "section on identification" was renamed the "identification and criminal history section" by 2006 c 294 § 1.

43.43.785 Criminal justice services—Consolidation—Establishment of program. The legislature finds that there is a need for the Washington state patrol to establish a program which will consolidate existing programs of criminal justice services within its jurisdiction so that such services may be more effectively utilized by the criminal justice agencies of this state. The chief shall establish such a program which shall include but not be limited to the identification section, all auxiliary systems including the Washington crime information center and the teletypewriter communications network, the drug control assistance unit, and any other services the chief deems necessary which are not directly related to traffic control. [1999 c 151 § 1102; 1972 ex.s. c 152 § 18.]

[2006 c 294 § 8; 1977 ex.s. c 314 § 17; 1972 ex.s. c 152 § 23.]

43.43.815 Conviction record furnished to employer—Purposes—Notification to subject of record—Fees—Limitations—Injunctive relief, damages, attorneys' fees—Disclaimer of liability—Rules. (1) Notwithstanding any provision of RCW 43.43.700 through 43.43.810 to the contrary, the Washington state patrol shall furnish a conviction record, as defined in RCW 10.97.030, pertaining to any person of whom the Washington state patrol has a record upon the written or electronic request of any employer for the purpose of:

- (a) Securing a bond required for any employment;

- (c) Assisting an investigation of suspected employee misconduct where such misconduct may also constitute a penal offense under the laws of the United States or any state.

(2) When an employer has received a conviction record under subsection (1) of this section, the employer shall notify the subject of the record of such receipt within thirty days after receipt of the record, or upon completion of an investigation under subsection (1)(c) of this section. The employer shall make the record available for examination by its subject and shall notify the subject of such availability.

fees. If, in such action, the court finds that the defendant is violating or has violated any of the provisions of this section, it shall enjoin the defendant from a continuance thereof, and it shall not be necessary that actual damages to the plaintiff be alleged or proved. In addition to such injunctive relief, the plaintiff in the action is entitled to recover from the defendant the amount of the actual damages, if any, sustained by him if actual damages to the plaintiff are alleged and proved. In any suit brought to enjoin a violation of this chapter, the prevailing party may be awarded reasonable attorneys' fees, including fees incurred upon appeal. Commencement, pendency, or conclusion of a civil action for injunction or damages shall not affect the liability of a person or agency to criminal prosecution for a violation of chapter 10.97 RCW.

(6) Neither the section, its employees, nor any other agency or employee of the state is liable for defamation, invasion of privacy, negligence, or any other claim in connection with any dissemination of information pursuant to this section or RCW 43.43.760.

(7) The Washington state patrol may adopt rules and forms to implement this section and to provide for security and privacy of information disseminated pursuant hereto, giving first priority to the criminal justice requirements of chapter 43.43 RCW. Such rules may include requirements for users, audits of users, and other procedures to prevent use of criminal history record information inconsistent with this section.

(8) Nothing in this section shall authorize an employer to make an inquiry not otherwise authorized by law, or be construed to affect the policy of the state declared in RCW 9.96A.010, encouraging the employment of ex-offenders. [1995 c 169 § 1; 1982 c 202 § 1.]

43.43.820 Stale records. Stale records shall be destroyed in a manner to be prescribed by the chief. [1972 ex.s. c 152 § 25.]

(1) Upon a guilty plea or conviction of a person for any felony crime involving homicide under chapter 9A.32 RCW, assault under chapter 9A.36 RCW, kidnapping under chapter 9A.40 RCW, sex offenses under chapter 9A.44 RCW, financial crimes under chapter 9A.60 RCW, violations of the uniform controlled substances act under chapter 69.50 RCW, any drug offense defined under RCW 9.94A.030, or a crime of any type classified as a felony under Washington state law, the prosecuting attorney shall notify the state patrol of such guilty pleas or convictions.

It is the duty of the department of health to identify whether the person holds a credential issued by a disciplining authority listed under RCW 18.130.040, and provide this information to the disciplining authority that issued the credential to the person who pled guilty or was convicted of a crime listed in

43.43.832 Background checks—Disclosure of information—Sharing of criminal background information by health care facilities. (1) The legislature finds that businesses and organizations providing services to children, developmentally disabled persons, and vulnerable adults need adequate information to determine which employees or licensees to hire or engage. The legislature further finds that many developmentally disabled individuals and vulnerable adults desire to hire their own employees directly and also need adequate information to determine which employees or licensees to hire or engage. Therefore, the Washington state patrol identification and criminal history section shall disclose, upon the request of a business or organization as defined in RCW 43.43.830, a developmentally disabled person, or a vulnerable adult as defined in RCW 43.43.830 or his or her guardian, an applicant's conviction record as defined in chapter 10.97 RCW.

(2) The legislature also finds that the Washington professional educator standards board may request of the Washington state patrol criminal identification system information regarding a certificate applicant's conviction record under subsection (1) of this section.

(3) The legislature also finds that law enforcement agencies, the office of the attorney general, prosecuting authorities, and the department of social and health services may request this same information to aid in the investigation and prosecution of child, developmentally disabled person, and vulnerable adult abuse cases and to protect children and adults from further incidents of abuse.

(4) The legislature further finds that the secretary of the department of social and health services must establish rules and set standards to require specific action when considering the information listed in subsection (1) of this section, and when considering additional information including but not limited to civil adjudication proceedings as defined in RCW 43.43.830 and any out-of-state equivalent, in the following circumstances:

(a) When considering persons for state employment in positions directly responsible for the supervision, care, or treatment of children, vulnerable adults, or individuals with mental illness or developmental disabilities;

(b) When considering persons for state positions involving unsupervised access to vulnerable adults to conduct comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards;

(c) When licensing agencies or facilities with individuals in positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to agencies or facilities licensed under chapter 74.15 or 18.51 RCW;

(d) When contracting with individuals or businesses or organizations for the care, supervision, case management, or

treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, *18.48, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW;

(e) When individual providers are paid by the state or providers are paid by home care agencies to provide in-home services involving unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW.

(5) The director of the department of early learning shall investigate the conviction records, pending charges, and other information including civil adjudication proceeding records of current employees and of any person actively being considered for any position with the department who will or may have unsupervised access to children, or for state positions otherwise required by federal law to meet employment standards. "Considered for any position" includes decisions about (a) initial hiring, layoffs, reallocations, transfers, promotions, or demotions, or (b) other decisions that result in an individual being in a position that will or may have unsupervised access to children as an employee, an intern, or a volunteer.

(6) The director of the department of early learning shall adopt rules and investigate conviction records, pending charges, and other information including civil adjudication proceeding records, in the following circumstances:

(a) When licensing or certifying agencies with individuals in positions that will or may have unsupervised access to children who are in child day care, in early learning programs, or receiving early childhood education services, including but not limited to licensees, agency staff, interns, volunteers, contracted providers, and persons living on the premises who are sixteen years of age or older;

(b) When authorizing individuals who will or may have unsupervised access to children who are in child day care, in early learning programs, or receiving early childhood learning education services in licensed or certified agencies, including but not limited to licensees, agency staff, interns, volunteers, contracted providers, and persons living on the premises who are sixteen years of age or older;

(c) When contracting with any business or organization for activities that will or may have unsupervised access to children who are in child day care, in early learning programs, or receiving early childhood learning education services;

(d) When establishing the eligibility criteria for individual providers to receive state paid subsidies to provide child day care or early learning services that will or may involve unsupervised access to children.

(7) Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis pending completion of the state background investigation. Whenever a national criminal record check through the federal bureau of investigation is required by state law, a person may be employed or engaged as a volunteer or independent contractor on a conditional basis pending completion of the national check. The Washington personnel resources board

(2008 Ed.)

shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

(8)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health care facility sharing the criminal background inquiry information is reasonably known to be the person's most recent employer, no more than twelve months has elapsed from the date the person was last employed at a licensed health care facility to the date of their current employment application, and the criminal background information is no more than two years old.

(c) If criminal background inquiry information is shared, the health care facility employing the subject of the inquiry must require the applicant to sign a disclosure statement indicating that there has been no conviction or finding as described in RCW 43.43.842 since the completion date of the most recent criminal background inquiry.

(d) Any health care facility that knows or has reason to believe that an applicant has or may have a disqualifying conviction or finding as described in RCW 43.43.842, subsequent to the completion date of their most recent criminal background inquiry, shall be prohibited from relying on the applicant's previous employer's criminal background inquiry information. A new criminal background inquiry shall be requested pursuant to RCW 43.43.830 through 43.43.842.

(e) Health care facilities that share criminal background inquiry information shall be immune from any claim of defamation, invasion of privacy, negligence, or any other claim in connection with any dissemination of this information in accordance with this subsection.

(f) Health care facilities shall transmit and receive the criminal background inquiry information in a manner that reasonably protects the subject's rights to privacy and confidentiality.

(g) For the purposes of this subsection, "health care facility" means a nursing home licensed under chapter 18.51 RCW, a boarding home licensed under chapter 18.20 RCW, or an adult family home licensed under chapter 70.128 RCW. [2007 c 387 § 10; 2006 c 263 § 826; 2005 c 421 § 2; 2000 c 87 § 1; 1997 c 392 § 524; 1995 c 250 § 2; 1993 c 281 § 51; 1990 c 3 § 1102. Prior: 1989 c 334 § 2; 1989 c 90 § 2; 1987 c 486 § 2.]

43.43.8321 Background checks—Dissemination of conviction record information. When the Washington state patrol disseminates conviction record information in response to a request under RCW 43.43.832, it shall clearly state that: (1) The conviction record data does not include information on civil adjudications, administrative findings, or disciplinary board final decisions and that all such information must be obtained from the courts and licensing agencies; (2) the conviction record that is being disseminated includes information for which a person is currently being processed by the criminal justice system relating to only crimes against a person as defined in RCW 9.94A.411 and that it does not include any other current or pending charge information for which a person could be in the current process of being processed by the criminal justice system; and (3) an arrest is not a conviction or a finding of guilt. [2005 c 421 § 10.]

43.43.833 Background checks—State immunity. If information is released under this chapter by the state of Washington, the state and its employees: (1) Make no representation that the subject of the inquiry has no criminal record or adverse civil or administrative decisions; (2) make no determination that the subject of the inquiry is suitable for involvement with a business or organization; and (3) are not liable for defamation, invasion of privacy, negligence, or any other claim in connection with any lawful dissemination of information. [1997 c 392 § 529.]

43.43.834 Background checks by business, organization, or insurance company—Limitations—Civil liability. (1) A business or organization shall not make an inquiry to the Washington state patrol under RCW 43.43.832 or an equivalent inquiry to a federal law enforcement agency unless the business or organization has notified the applicant who may be offered a position as an employee or volunteer, that an inquiry may be made.

(2) A business or organization shall require each applicant to disclose to the business or organization whether the applicant:

- (a) Has been convicted of a crime;
- (b) Has had findings made against him or her in any civil adjudicative proceeding as defined in RCW 43.43.830; or
- (c) Has both a conviction under (a) of this subsection and findings made against him or her under (b) of this subsection.

(3) The business or organization shall pay such reasonable fee for the records check as the state patrol may require under RCW 43.43.838.

(4) The business or organization shall notify the applicant of the state patrol's response within ten days after receipt by the business or organization. The employer shall provide a copy of the response to the applicant and shall notify the applicant of such availability.

(5) The business or organization shall use this record only in making the initial employment or engagement decision. Further dissemination or use of the record is prohibited, except as provided in RCW 28A.320.155. A business or

organization violating this subsection is subject to a civil action for damages.

(6) An insurance company shall not require a business or organization to request background information on any employee before issuing a policy of insurance.

(3) In consultation with law enforcement personnel, the secretary of social and health services and the secretary of

43.43.930 State fire protection services—Intent. The legislature finds that fire protection services at the state level are provided by different, independent state agencies. This has resulted in a lack of a comprehensive state-level focus for state fire protection services, funding, and policy. The legislature further finds that the paramount duty of the state in fire protection services is to enhance the capacity of all local jurisdictions to assure that their personnel with fire suppression, prevention, inspection, origin and cause, and arson investigation responsibilities are adequately trained to discharge their responsibilities. It is the intent of the legislature to consolidate fire protection services into a single state agency and to create a state board with the responsibility of (1) establishing a comprehensive state policy regarding fire protection services and (2) advising the chief of the Washington state patrol and the director of fire protection on matters relating to their duties under state law. It is also the intent of the legislature that the fire protection services program created herein will assist local fire protection agencies in program development without encroaching upon their historic autonomy. It is the further intent of the legislature that the fire protection services program be implemented incrementally to assure a smooth transition, to build local, regional, and state capacity, and to avoid undue burdens on jurisdictions with limited resources. 43.43.952 Arson investigation information system—Findings—Intent. (1) The legislature finds that provisions for information systems relating to statistics and reporting for fire prevention, suppression, and damage control do not adequately address the needs of ongoing investigations of fire incidents where the cause is suspected or determined to be the result of negligence or otherwise suggestive of some criminal activity, particularly that of arson. It is the intent of the legislature to establish an information and reporting system designed specifically to assist state and local officers in conducting such investigations and, where substantiated, to undertake prosecution of individuals suspected of such activities.

STATE FIRE SERVICE MOBILIZATION

43.43.960 State fire service mobilization—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this subchapter.

(1) "Chief" means the chief of the Washington state patrol.

(2) "State fire marshal" means the director of fire protection in the Washington state patrol.

(3) "Fire chief" includes the chief officer of a statutorily authorized fire agency, or the fire chief's authorized representative. Also included are the department of natural resources fire control chief, and the department of natural resources regional managers.

(4) "Jurisdiction" means state, county, city, fire district, or port district fire fighting units, or other units covered by this chapter.

(5) "Mobilization" means that fire fighting resources beyond those available through existing agreements will be requested and, when available, sent in response to an emergency or disaster situation that has exceeded the capabilities of available local resources. During a large scale emergency, mobilization includes the redistribution of regional or state-wide fire fighting resources to either direct emergency incident assignments or to assignment in communities where fire fighting resources are needed.

When mobilization is declared and authorized as provided in this chapter, all fire fighting resources including those of the host fire protection authorities, i.e. incident jurisdiction, shall be deemed as mobilized under this chapter, including those that responded earlier under existing mutual aid or other agreement. All nonhost fire protection authorities providing fire fighting resources in response to a mobilization declaration shall be eligible for expense reimbursement as provided by this chapter from the time of the mobilization declaration.

This chapter shall not reduce or suspend the authority or responsibility of the department of natural resources under chapter 76.04 RCW.

(6) "Mutual aid" means emergency interagency assistance provided without compensation under an agreement between jurisdictions under chapter 39.34 RCW. [2003 c 405 § 1; 1997 c 49 § 8. Prior: 1995 c 391 § 5; 1995 c 369 § 10; 1992 c 117 § 9. Formerly RCW 38.54.010.]

Effective date—1995 c 391: See note following RCW 38.52.005.

Effective date—1995 c 369: See note following RCW 43.43.930.

Findings—1992 c 117: See note following RCW 35.21.775.

43.43.961 State fire service mobilization—Legislative declaration and intent. Because of the possibility of the occurrence of disastrous fires or other disasters of unprecedented size and destructiveness, the need to insure that the state is adequately prepared to respond to such a fire or disaster, the need to establish a mechanism and a procedure to provide for reimbursement to state agencies and local fire fighting agencies that respond to help others in time of need or to a host fire district that experiences expenses beyond the resources of the fire district, and generally to protect the public peace, health, safety, lives, and property of the people of Washington, it is hereby declared necessary to:

(1) Provide the policy and organizational structure for large scale mobilization of fire fighting resources in the state through creation of the Washington state fire services mobilization plan;

(2) Confer upon the chief the powers provided herein;

(3) Provide a means for reimbursement to state agencies and local fire jurisdictions that incur expenses when mobi-

lized by the chief under the Washington state fire services mobilization plan; and

(4) Provide for reimbursement of the host fire department or fire protection district when it has: (a) Exhausted all of its resources; and (b) invoked its local mutual aid network and exhausted those resources. Upon implementation of state fire mobilization, the host district resources shall become state fire mobilization resources consistent with the fire mobilization plan.

It is the intent of the legislature that mutual aid and other interlocal agreements providing for enhanced emergency response be encouraged as essential to the public peace, safety, health, and welfare, and for the protection of the lives and property of the people of the state of Washington. If possible, mutual aid agreements should be without stated limitations as to resources available, time, or area. Nothing in this chapter shall be construed or interpreted to limit the eligibility of any nonhost fire protection authority for reimbursement of expenses incurred in providing fire fighting resources for mobilization. [2003 c 405 § 2; 1997 c 49 § 9; 1995 c 391 § 6; 1992 c 117 § 10. Formerly RCW 38.54.020.]

43.43.962 State fire service mobilization—State fire protection policy board—State fire services mobilization plan—State fire resources coordinator. The state fire protection policy board shall review and make recommendations to the chief on the refinement and maintenance of the Washington state fire services mobilization plan, which shall include the procedures to be used during fire and other emergencies for coordinating local, regional, and state fire jurisdiction resources. In carrying out this duty, the fire protection policy board shall consult with and solicit recommendations from representatives of state and local fire and emergency management organizations, regional fire defense boards, and the department of natural resources. The Washington state fire services mobilization plan shall be consistent with, and made part of, the Washington state comprehensive emergency management plan. The chief shall review the fire services mobilization plan as submitted by the fire protection policy board, recommend changes that may be necessary, and approve the fire services mobilization plan for inclusion within the state comprehensive emergency management plan.

It is the responsibility of the chief to mobilize jurisdictions under the Washington state fire services mobilization plan. The state fire marshal shall serve as the state fire resources coordinator when the Washington state fire services mobilization plan is mobilized. [2003 c 405 § 3; 1997 c 49 § 10; 1995 c 269 § 1101; 1992 c 117 § 11. Formerly RCW 38.54.030.]

Each county's office of emergency management or, in the event there is no such office, the county's legislative authority shall select the second representative to the regional board. The department of natural resources fire control chief shall appoint a representative from each department of natural resources region to serve as a member of the appropriate regional fire defense board. Members of each regional board will select a chairperson and secretary as officers. Members serving on the regional boards do so in a voluntary capacity and are not eligible for reimbursement for meeting-related expenses from the state.

Each regional plan shall be consistent with the incident command system, the Washington state fire services mobilization plan, and regional response plans already adopted and in use in the state. Legislative declaration and intent—2003 c 405: "(1) Because of the possibility of a disaster of unprecedented size and destruction, including acts of domestic terrorism and civil unrest, that requires law enforcement response for the protection of persons or property and preservation of the peace, the need exists to ensure that the state is adequately prepared to respond to such an incident. There is a need to (a) establish a mechanism and a procedure to provide for reimbursement to law enforcement agencies that respond to help others in time of need, and to host law enforcement agencies that experience expenses beyond the resources of the agencies; and (b) generally to protect the public safety, peace, health, lives, and property of the people of Washington.

(2) It is hereby declared necessary to:

- (a) Provide the policy and organizational structure for large-scale mobilization of law enforcement resources in the state, using the incident command system, through creation of the Washington state law enforcement mobilization plan;
- (b) Confer upon the chief of the Washington state patrol the powers provided in this chapter;
- (c) Provide a means for reimbursement to law enforcement jurisdictions that incur expenses when mobilized by the chief under the Washington state law enforcement mobilization plan; and
- (d) Provide for reimbursement of the host law enforcement agency when it has:
 - (i) Exhausted all of its resources; and
 - (ii) Invoked its local mutual aid network and exhausted those resources." [2003 c 405 § 5.]

43.43.971 Law enforcement mobilization—State law enforcement mobilization policy board—State law enforcement mobilization plan. (1) The state law enforcement mobilization policy board shall be established by the chief and shall have representatives from each of the regions

established in RCW 43.43.974. In carrying out its duty, the board shall consult with and solicit recommendations from representatives of the state and local law enforcement and emergency management organizations, and regional law enforcement mobilization committees.

(2) The board shall establish and make recommendations to the chief on the refinement and maintenance of the Washington state law enforcement mobilization plan, including the procedures to be used during an emergency or disaster response requiring coordination of local, regional, and state law enforcement resources.

(3) The chief shall review the Washington state law enforcement mobilization plan, as submitted by the board, recommend changes as necessary, and may approve the plan. The plan shall be consistent with the Washington state comprehensive emergency management plan. The chief may recommend the plan for inclusion within the state comprehensive emergency management plan established under chapter 38.52 RCW. [2003 c 405 § 7.]

43.43.972 Law enforcement mobilization—Local law enforcement request for mobilization—State law enforcement resource coordinator—Mobilization response—Declaration of end of mobilization. (1) Local law enforcement may request mobilization only in response to an emergency or disaster exceeding the capabilities of available local resources and those available through existing mutual aid agreements. Upon finding that the local jurisdiction has exhausted all available resources, it is the responsibility of the chief to determine whether mobilization is the appropriate response to the emergency or disaster and, if so, to mobilize jurisdictions under the Washington state law enforcement mobilization plan.

(2) Upon mobilization, the chief shall appoint a state law enforcement resource coordinator, and an alternate, who shall serve jointly with the chief law enforcement officer from the host agency to command the mobilization effort consistent with incident command system procedures.

(3) Upon mobilization, all law enforcement resources including those of the host agency and those that responded earlier under an existing mutual aid or other agreement shall be mobilized. Mobilization may include the redistribution of regional or statewide law enforcement resources to either direct emergency incident assignments or to assignments in communities where law enforcement resources are needed.

(4) For the duration of the mobilization:

(a) Host agency resources shall become state law enforcement mobilization resources, under the command of the state law enforcement resource coordinator and the chief law enforcement officer from the host agency, consistent with the state law enforcement mobilization plan and incident command system procedures; and

(b) All law enforcement authorities providing resources in response to a mobilization declaration shall be eligible for expense reimbursement as provided by this chapter.

(5) The chief, in consultation with the regional law enforcement resource coordinator, shall determine when mobilization is no longer required and shall then declare the end to the mobilization. [2003 c 405 § 8.]

(2008 Ed.)

43.43.973 State law enforcement mobilization—State law enforcement coordinator—Duties. (1) The state law enforcement resource coordinator, or alternate, shall serve in that capacity for the duration of the mobilization.

(2) The duties of the coordinator are to:

(a) Coordinate the mobilization of law enforcement and other support resources within a region;

(b) Be primarily responsible for the coordination of resources in conjunction with the regional law enforcement mobilization committees, in the case of incidents involving more than one region or when resources from more than one region must be mobilized; and

(c) Advise and consult with the chief regarding what resources are required in response to the emergency or disaster and in regard to when the mobilization should end. [2003 c 405 § 9.]

43.43.974 State law enforcement mobilization—Regions established—Regional law enforcement mobilization committees—Regional law enforcement mobilization plans. (1) Regions within the state are initially established as follows and may be adjusted as necessary by the state law enforcement policy board, but should remain consistent with the Washington state fire defense regions:

(2) Within each of the regions there is created a regional law enforcement mobilization committee. The committees shall consist of the sheriff of each county in the region, the district commander of the Washington state patrol from the region, a number of police chiefs within the region equivalent to the number of counties within the region plus one, and the director of the counties' emergency management office. The police chief members of each regional committee must include the chiefs of police of each city of ninety-five thousand or more population, and the number of members of the committee shall be increased if necessary to accommodate such chiefs. Members of each regional mobilization committee shall select a chair, who shall have authority to implement the regional plan, and a secretary as officers. Members serving on the regional mobilization committees shall not be eligible for reimbursement for meeting-related expenses from the state.

(3) The regional mobilization committees shall work with the relevant local government entities to facilitate development of intergovernmental agreements if any such agree-

ments are required to implement a regional law enforcement mobilization plan.

(4) Regional mobilization committees shall develop regional law enforcement mobilization plans that include provisions for organized law enforcement agencies to respond across municipal, county, or regional boundaries. Each regional mobilization plan shall be consistent with the incident command system, the Washington state law enforcement mobilization plan, and regional response plans adopted prior to July 27, 2003.

(5) Each regional plan adopted under subsection (4) of this section shall be approved by the state law enforcement mobilization policy board before implementation. [2003 c 405 § 10.]

43.43.975 State law enforcement mobilization—Development of reimbursement procedures—Eligibility of nonhost law enforcement authority for reimbursement. The state patrol in consultation with the Washington association of sheriffs and police chiefs and the office of financial management shall develop procedures to facilitate reimbursement to jurisdictions from funds appropriated specifically for this purpose when jurisdictions are mobilized under the Washington state law enforcement mobilization plan.

Nothing in this chapter shall be construed or interpreted to limit the eligibility of any nonhost law enforcement authority for reimbursement of expenses incurred in providing law enforcement resources for mobilization. [2003 c 405 § 11.]

Such cost may include funds for working capital, for payment of expenses incurred in the conservation activities or the acquisition or construction of the utility and for the repayment of advances made to the operating agency by any public utility district or city. Except as otherwise provided in RCW 43.52.343, all the provisions of law as now or hereafter in effect relating to revenue bonds or warrants of public utility districts shall apply to revenue bonds or warrants issued by the joint operating agency including, without limitation, provisions relating to: The creation of special funds and the pledging of revenues thereto; the time and place of payment of such bonds or warrants and the interest rate or rates thereon; the covenants that may be contained therein and the effect thereof; the execution, issuance, sale, funding, or refunding, redemption and registration of such bonds or warrants; and the status thereof as negotiable instruments, as legal securities for deposits of public moneys and as legal investments for trustees and other fiduciaries and for savings and loan associations, banks and insurance companies doing business in this state. However, for revenue bonds or warrants issued by an operating agency, the provisions under RCW 54.24.030 relating to additional or alternate methods for payment may be made a part of the contract with the owners of any revenue bonds or warrants of an operating agency. The board may authorize the managing director or the treasurer of the operating agency to sell revenue bonds or warrants maturing one year or less from the date of issuance, and to fix the interest rate or rates on such revenue bonds or warrants with such restrictions as the board shall prescribe. Such bonds and warrants may be in any form, including bearer bonds or bearer warrants, or registered bonds or registered warrants as provided in RCW 39.46.030. All bonds issued by an operating agency shall be sold and delivered in such manner, at such rate or rates of interest and for such price or prices and at such time or times as the board shall deem in the best interests of the operating agency, whether by negotiation or to the highest and best bidder after such advertising for bids as the board of the operating agency may deem proper: PROVIDED, That the board may reject any and all bids so submitted and thereafter sell such bonds so advertised under such terms and conditions as it may deem most advantageous to its

own interests. [1981 1st ex.s. c 1 § 3; 1965 c 8 § 43.52.343. Prior: 1957 c 295 § 7; 1955 c 258 § 10.]

43.52.350 Operating agencies to provide fishways, facilities and hatcheries—Contracts. An operating agency shall, at the time of the construction of any dam or obstruction, construct and shall thereafter maintain and operate such fishways, fish protective facilities and hatcheries as the director of fish and wildlife finds necessary to permit anadromous fish to pass any dam or other obstruction operated by the operating agency or to replace fisheries damaged or destroyed by such dam or obstruction and an operating agency is further authorized to enter into contracts with the department of fish and wildlife to provide for the construction and/or operation of such fishways, facilities and hatcheries. [1994 c 264 § 24; 1988 c 36 § 18; 1977 ex.s. c 184 § 5; 1965 c 8 § 43.52.350. Prior: 1953 c 281 § 11.]

43.52.360 Operating agency—Formation—Additional projects—Appeals—Membership, withdrawal—Dissolution. Any two or more cities or public utility districts or combinations thereof may form an operating agency (herein sometimes called a joint operating agency) for the purpose of acquiring, constructing, operating and owning plants, systems and other facilities and extensions thereof, for the generation and/or transmission of electric energy and power. Each such agency shall be a municipal corporation of the state of Washington with the right to sue and be sued in its own name.

Application for the formation of an operating agency shall be made to the director of the department of ecology (herein sometimes referred to as the director) after the adoption of a resolution by the legislative body of each city or public utility district to be initial members thereof authorizing said city or district to participate. Such application shall set forth (1) the name and address of each participant, together with a certified copy of the resolution authorizing its participation; (2) a general description of the project and the principal project works, including dams, reservoirs, power houses and transmission lines; (3) the general location of the project and, if a hydroelectric project, the name of the stream on which such proposed project is to be located; (4) if the project is for the generation of electricity, the proposed use or market for the power to be developed; (5) a general statement of the electric loads and resources of each of the participants; (6) a statement of the proposed method of financing the preliminary engineering and other studies and the participation therein by each of the participants.

Within ten days after such application is filed with the director of the department of ecology notice thereof shall be published by the director once a week for four consecutive weeks in a newspaper of general circulation in the county or counties in which such project is to be located, setting forth the names of the participants and the general nature, extent and location of the project. Any public utility wishing to do so may object to such application by filing an objection, setting forth the reasons therefor, with the director of the department of ecology not later than ten days after the date of last publication of such notice.

Within ninety days after the date of last publication the director shall either make findings thereon or have instituted a hearing thereon. In the event the director has neither made findings nor instituted a hearing within ninety days of the date of last publication, or if such hearing is instituted within such time but no findings are made within one hundred and twenty days of the date of such last publication, the application shall be deemed to have been approved and the operating agency established. If it shall appear (a) that the statements set forth in said application are substantially correct; (b) that the contemplated project is such as is adaptable to the needs, both actual and prospective, of the participants and such other public utilities as indicate a good faith intention by contract or by letter of intent to participate in the use of such project; (c) that no objection to the formation of such operating agency has been filed by any other public utility which prior to and at the time of the filing of the application for such operating agency had on file a permit or license from an agency of the state or an agency of the United States, whichever has primary jurisdiction, for the construction of such project; (d) that adequate provision will be made for financing the preliminary engineering, legal and other costs necessary thereto; the director shall make findings to that effect and enter an order creating such operating agency, establishing the name thereof and the specific project for the construction and operation for which such operating agency is formed. Such order shall not be construed to constitute a bar to any other public utility proceeding according to law to procure any required governmental permits, licenses or authority, but such order shall establish the competency of the operating agency to proceed according to law to procure such permits, licenses or authority.

No operating agency shall undertake projects or conservation activities in addition to those for which it was formed without the approval of the legislative bodies of a majority of the members thereof. Prior to undertaking any new project for acquisition of an energy resource, a joint operating agency shall prepare a plan which details a least-cost approach for investment in energy resources. The plan shall include an analysis of the costs of developing conservation compared with costs of developing other energy resources and a strategy for implementation of the plan. The plan shall be presented to the energy and utilities committees of the senate and house of representatives for their review and comment. In the event that an operating agency desires to undertake such a hydroelectric project at a site or sites upon which any publicly or privately owned public utility has a license or permit or has a prior application for a license or permit pending with any commission or agency, state or federal, having jurisdiction thereof, application to construct such additional project shall be made to the director of the department of ecology in the same manner, subject to the same requirements and with the same notice as required for an initial agency and project and shall not be constructed until an order authorizing the same shall have been made by the director in the manner provided for such original application.

Any party who has joined in filing the application for, or objections against, the creation of such operating agency and/or the construction of an additional project, and who feels aggrieved by any order or finding of the director shall

have the right to appeal to the superior court in the manner set forth in RCW 43.52.430.

After the formation of an operating agency, any other city or district may become a member thereof upon application to such agency after the adoption of a resolution of its legislative body authorizing said city or district to participate, and with the consent of the operating agency by the affirmative vote of the majority of its members. Any member may withdraw from an operating agency, and thereupon such member shall forfeit any and all rights or interest which it may have in such operating agency or in any of the assets thereof: PROVIDED, That all contractual obligations incurred while a member shall remain in full force and effect. An operating agency may be dissolved by the unanimous agreement of the members, and the members, after making provisions for the payment of all debts and obligations, shall thereupon hold the assets thereof as tenants in common. The board of an operating agency shall elect from its members a president, vice president and secretary, who shall serve at the pleasure of the board. All proceedings of an operating agency shall be by motion or resolution and shall be recorded in the minute book which shall be a public record. A majority of the board members shall constitute a quorum for the transaction of business. A majority of the votes which the members present are entitled to cast shall be necessary and sufficient to pass any motion or resolution: PROVIDED, That such board members are entitled to cast a majority of the votes of all members of the board. The members of the board of an operating agency may be compensated by such agency as is provided in RCW 43.52.290: PROVIDED, That the

compensation to any member shall not exceed five thousand dollars in any year except for board members who are elected to serve on an executive board established under RCW 43.52.374.

(2) If an operating agency is constructing, operating, terminating, or decommissioning a nuclear power plant under a site certification agreement under chapter 80.50 RCW, the powers and duties of the board of directors shall include and are limited to the following:

(a) Final authority on any decision of the operating agency to purchase, acquire, construct, terminate, or decommission any power plants, works, and facilities except that once the board of directors has made a final decision regarding a nuclear power plant, the executive board established under RCW 43.52.374 shall have the authority to make all subsequent decisions regarding the plant and any of its components;

43.52.374 Operating agency executive board—Members—Terms—Removal—Rules—Proceedings—Managing director—Civil immunities—Defense and indemnification. (1) With the exception of the powers and duties of the board of directors described in RCW 43.52.370(2), the management and control of an operating agency constructing, operating, terminating, or decommissioning a nuclear power plant under a site certification agreement under chapter 80.50 RCW is vested in an executive board established under this subsection and consisting of eleven members.

(a) Five members of the executive board shall be elected to four-year terms by the board of directors from among the members of the board of directors. The board of directors may provide by rule for the composition of the five members of the executive board elected from among the members of the board of directors so as to reflect the member public utility districts' and cities' participation in the joint operating agency's projects. Members elected to the executive board from the board of directors are ineligible for continued membership on the executive board if they cease to be members of the board of directors. The board of directors may also provide by rule for the removal of a member of the executive board, except for the outside directors. Members of the board of directors may be elected to serve successive terms on the executive board. Members elected to the executive board from the board of directors shall receive a salary from the operating agency at a rate set by the board of directors.

(iv) Not be involved in the financial affairs of the operating agency as an underwriter or financial adviser of the operating agency or any of its members or any of the participants in any of the operating agency's plants; and

(v) Be representative of policy makers in business, finance, or science, or have expertise in the construction or management of such facilities as the operating agency is constructing or operating, or have expertise in the termination, disposition, or liquidation of corporate assets.

(c) The governor may remove outside directors from the executive board for incompetency, misconduct, or malfeasance in office in the same manner as state appointive officers under chapter 43.06 RCW. For purposes of this subsection, misconduct shall include, but not be limited to, nonfeasance and misfeasance.

(2) Nothing in this chapter shall be construed to mean that an operating agency is in any manner an agency of the state. Nothing in this chapter alters or destroys the status of an operating agency as a separate municipal corporation or makes the state liable in any way or to any extent for any pre-existing or future debt of the operating agency or any present or future claim against the agency.

(3) The eleven members of the executive board shall be selected with the objective of establishing an executive board which has the resources to effectively carry out its responsibilities. (b) The board of directors and the governor shall select and appoint the initial outside directors and the executive board shall hold its organizational meeting no later than sixty days after April 20, 1982, and the powers and duties prescribed in this chapter shall devolve upon the executive board at that time.

(6) The executive board shall select and employ a managing director of the operating agency and may delegate to the managing director such authority for the management and control of the operating agency as the executive board deems appropriate. The managing director's employment is terminable at the will of the executive board.

(7) Members of the executive board shall be immune from civil liability for mistakes and errors of judgment in the good faith performance of acts within the scope of their official duties involving the exercise of judgment and discretion. This grant of immunity shall not be construed as modifying the liability of the operating agency.

The operating agency shall undertake the defense of and indemnify each executive board member made a party to any civil proceeding including any threatened, pending, or completed action, suit, or proceeding, whether civil, administrative, or investigative, by reason of the fact he or she is or was a member of the executive board, against judgments, penalties, fines, settlements, and reasonable expenses, actually incurred by him or her in connection with such proceeding if he or she had conducted himself or herself in good faith and reasonably believed his or her conduct to be in the best interest of the operating agency.

(2) All pending business before a board of directors or executive board or committee which is replaced by the executive board created in section 3 of this act shall be continued and acted upon by the new executive board.

(3) This act shall not be construed to alter:

(a) Any existing rights acquired under laws relating to operating agencies;

(b) The status of any actions, activities, or civil or criminal proceedings of any existing operating agencies;

(c) The status of any collective bargaining agreements, indebtedness, contracts, or other obligations;

The premiums on the bonds of the auditor and the treasurer shall be paid by the operating agency. The board may provide for coverage of said officers and other persons on the same bond.

All funds of the joint operating agency shall be paid to the treasurer and shall be disbursed by him only on warrants issued by the auditor upon orders or vouchers approved by the board: PROVIDED, That the board by resolution may authorize the managing director or any other bonded officer or employee as legally permissible to approve or disapprove vouchers presented to defray salaries of employees and other expenses of the operating agency arising in the usual and ordinary course of its business, including expenses incurred by the board of directors, its executive committee, or the executive board in the performance of their duties. 43.52.560 Contracts for materials or work required—Sealed bids. Except as provided otherwise in this chapter, a joint operating agency shall purchase any item or items of materials, equipment, or supplies, the estimated cost of which is more than ten thousand dollars exclusive of sales tax, or order work for construction of generating projects and associated facilities, the estimated cost of which is more than ten thousand dollars exclusive of sales tax, by contract in accordance with RCW 54.04.070 and 54.04.080, which require sealed bids for contracts. [2004 c 189 § 1; 1998 c 245 § 69; 1987 c 376 § 1.]

43.52.565 Contracts for materials or work through competitive negotiation—Nuclear generating projects and associated facilities. (1) An operating agency may enter into contracts through competitive negotiation under subsection (2) of this section for materials, equipment, supplies, or work to be performed during commercial operation of a nuclear generating project and associated facilities (a) to replace a defaulted contract or a contract terminated in whole or in part, or (b) where consideration of factors in addition to price, such as technical knowledge, experience, management, staff, or schedule, is necessary to achieve economical operation of the project, provided that the managing director or a designee determines in writing and the executive board finds that execution of a contract under this section will accomplish project completion or operation more economically than sealed bids.

(2) The selection of a contractor shall be made in accordance with the following procedures:

(a) Proposals shall be solicited through a request for proposals, which shall state the requirements to be met. Responses shall describe the professional competence of the offeror, the technical merits of the offer, and the price.

(b) The request for proposals shall be given adequate public notice in the same manner as for sealed bids.

(c) As provided in the request for proposals, the operating agency shall specify at a preproposal conference the contract requirements in the request for proposal, which may include but are not limited to: Schedule, managerial, and staffing requirements, productivity and production levels, technical expertise, approved project quality assurance procedures, and time and place for submission of proposals. Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all potential offerors.

(d) Proposals shall be opened so as to avoid disclosure of contents to competing offerors during the process of negotiation. A register of proposals shall be open for public inspection after contract award.

(e) As provided in the request for proposals, invitations shall be sent to all responsible offerors who submit proposals to attend discussions for the purpose of clarification to assure full understanding of, and responsiveness to, the solicitation requirements. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals, and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing offerors.

(f) The operating agency shall execute a contract with the responsible offeror whose proposal is determined in writing to be the most advantageous to the operating agency and the state taking into consideration the requirements set forth in the request for proposals. The contract file shall contain the basis on which the successful offeror is selected. The operating agency shall conduct a briefing conference on the selection if requested by an offeror.

(g) The contract may be fixed price or cost-reimbursable, in whole or in part, but not cost-plus-percentage-of-cost.

43.52.567 Contracts for materials or work through competitive negotiation—Renewable electrical energy generation projects. (1) A joint operating agency with an executive board formed under RCW 43.52.374 may enter into contracts through competitive negotiation under subsection (3) of this section for materials, equipment, supplies, or work to be performed in support of siting, constructing, developing, or deploying a renewable electrical energy generation project, if the managing director or a designee determines in writing and the executive board finds that execution of a contract under this section will accomplish project completion or operation more economically than sealed bids.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Professional competence" means the totality of demonstrated experience, knowledge, skills, proficiency, and abilities required to successfully perform the contract.

(b) "Qualified hydropower" means the energy produced either: (i) As a result of modernizations or upgrades made

after June 1, 1998, to hydropower facilities operating on May 8, 2001, that have been demonstrated to reduce the mortality of anadromous fish; or (ii) by run of the river or run of the canal hydropower facilities that are not responsible for obstructing the passage of anadromous fish.

(c) "Renewable electrical energy generation project" means electrical generation facilities that are fueled by: (i) Wind; (ii) solar energy; (iii) geothermal energy; (iv) landfill gas; (v) wave or tidal action; (vi) gas produced during the treatment of wastewater; (vii) qualified hydropower; or (viii) biomass energy based on animal waste or solid organic fuels from wood, forest, or field residues, or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chrome-arsenic.

(d) "Responsible offerors" means offerors who possess necessary management and financial resources, experience, organization, and the ability, capacity, and skill to successfully perform the contract.

(3) The selection of a contractor shall be made in an open public meeting, as part of a public record, and in accordance with the following procedures:

(a) Proposals shall be solicited through a request for proposals, which shall state the requirements to be met. Responses shall describe the professional competence of the offeror, the technical merits of the offer, and the price.

(b) The request for proposals shall be given adequate public notice in the same manner as for sealed bids.

(c) As provided in the request for proposals, the joint operating agency shall specify at a preproposal conference specific contract requirements, which may include but are not limited to: Schedule, managerial, and staffing requirements, productivity and production levels, technical expertise, approved project quality assurance procedures, and time and place for submission of proposals. Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all potential offerors.

(d) Proposals shall be opened so as to avoid disclosure of contents to competing offerors during the process of negotiation. A register of proposals shall be open for public inspection after contract award.

(e) As provided in the request for proposals, invitations shall be sent to all responsible offerors who submit proposals to attend discussions for the purpose of clarification to assure full understanding of, and responsiveness to, the solicitation requirements. Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all offerors. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals, and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing offerors.

(f) The joint operating agency shall execute a contract with the responsible offeror whose proposal is determined in writing to be the most advantageous to the joint operating agency and the state taking into consideration the requirements set forth in the request for proposals. The contract file shall contain the basis on which the successful offeror is

selected. The joint operating agency shall conduct a briefing conference on the selection if requested by an offeror.

(g) The contract may be fixed price or cost-reimbursable, in whole or in part, but not cost-plus-percentage-of-cost.

(h) The joint operating agency shall retain authority and responsibility for inspection, testing, and compliance with applicable regulations or standards of any state or federal governmental agency. [2006 c 176 § 1.]

43.52.570 Purchase of materials by telephone or written quotation authorized—Procedure. For the awarding of a contract to purchase any item or items of materials, equipment, or supplies in an amount exceeding five thousand dollars but less than seventy-five thousand dollars, exclusive of sales tax, the managing director or a designee may, in lieu of sealed bids, secure telephone and/or written quotations from at least five vendors, where practical, and award contracts for purchase of materials, equipment, or supplies to the lowest responsible bidder. The agency shall establish a procurement roster, which shall consist of suppliers and manufacturers who may supply materials or equipment to the operating agency, and shall provide for solicitations which will equitably distribute opportunity for bids among suppliers and manufacturers on the roster. Immediately after the award is made, the bid quotations obtained shall be recorded and shall be posted or otherwise made available for public inspection and copying pursuant to chapter 42.56 RCW at the office of the operating agency or any other officially designated location. Waiver of the deposit or bid bond required for sealed bids may be authorized by the operating agency in securing the bid quotations. [2005 c 274 § 299; 1987 c 376 § 3.]

Part headings not law—Effective date—2005 c 274: See RCW 42.56.901 and 42.56.902.

43.52.575 Purchase of materials without competition authorized. When the managing director or a designee determines in writing that it is impracticable to secure competition for required materials, equipment, or supplies, he or she may purchase the materials, equipment, or supplies without competition. The term "impracticable to secure competition" means:

(1) When material, equipment, or supplies can be obtained from only one person or firm (single source of supply); or

(2) When specially designed parts or components are being procured as replacement parts in support of equipment specially designed by the manufacturer. [1987 c 376 § 4.]

43.52.580 Emergency purchase of materials or work by contract. When the managing director or a designee determines in writing that an emergency endangers the public safety or threatens property damage or that serious financial injury would result if materials, supplies, equipment, or work are not obtained by a certain time, and they cannot be contracted for by that time by means of sealed bids, the managing director or a designee may purchase materials, equipment, or supplies or may order work by contract in any amount necessary, after having taken precautions to secure a responsive proposal at the lowest price practicable under the circumstances.

(2008 Ed.)

For the purposes of this section the term "serious financial injury" means that the costs attributable to the delay caused by contracting by sealed bids exceed the cost of materials, supplies, equipment, or work to be obtained. [1987 c 376 § 5.]

43.52.585 Procedures for implementing RCW 43.52.560 through 43.52.580. The executive board shall establish procedures for implementing RCW 43.52.560 through 43.52.580 by operating agency resolution after notice, public hearing, and opportunity for public comment. The procedures shall be established within six months after July 26, 1987. [1987 c 376 § 6.]

43.52.590 Construction of RCW 43.52.560 through 43.52.585. Nothing in RCW 43.52.560 through 43.52.585 requires reapplication by a joint operating agency in existence on July 26, 1987. [1987 c 376 § 7.]

43.52.595 Contracts for electric power and energy. A city or district may contract to purchase from an operating agency electric power and energy required for its present or future requirements. For projects the output of which is limited to qualified alternative energy resources as defined by RCW 19.29A.090(3), the contract may include the purchase of capability of the projects to produce electricity in addition to the actual output of the projects. The contract may provide that the city or district must make the payments required by the contract whether or not a project is completed, operable, or operating and notwithstanding the suspension, interruption, interference, reduction, or curtailment of the output of a project or the power and energy contracted for. The contract may also provide that payments under the contract are not subject to reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or nonperformance of the operating agency or a city or district under the contract or other instrument. [2003 c 138 § 1.]

43.52.612 Contract bid form. A joint operating agency shall require that bids upon any construction or improvement of any nuclear generating project and associated facilities shall be made upon the contract bid form supplied by the operating agency, and in no other manner. The operating agency may, before furnishing any person, firm, or corporation desiring to bid upon any work with a contract bid form, require from the person, firm, or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of the person, firm, or corporation in performing work. The questionnaire shall be sworn to before a notary public or other person authorized to take acknowledgement of deeds and shall be submitted once a year or at such other times as the operating agency may require. Whenever the operating agency is not satisfied with the sufficiency of the answers contained in the questionnaire and financial statement or whenever the operating agency determines that the person, firm, or corporation does not meet all of the requirements set forth in this section, it may refuse to furnish the person, firm, or corporation with a contract bid form and any bid of the person, firm, or corporation must be

disregarded. The operating agency shall require that a person, firm, or corporation have all of the following requirements in order to obtain a contract form:

(1) Adequate financial resources, the ability to secure these resources, or the capability to secure a one hundred percent payment and performance bond;

(2) The necessary experience, organization, and technical qualifications to perform the proposed contract;

(3) The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;

(4) A satisfactory record of performance, integrity, judgment, and skills; and

(5) Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

The refusal shall be conclusive unless appealed to the superior court of the county where the operating agency is situated or Thurston county within fifteen days, which appeal shall be heard summarily within ten days after the appeal is made and on five days' notice thereof to the operating agency.

The prevailing party in such litigation shall be awarded its attorney fees and costs.

The operating agency shall not be required to make available for public inspection or copying under chapter 42.56 RCW financial information provided under this section. [2005 c 274 § 300; 1982 1st ex.s. c 44 § 5.]

43.58.060 Oregon-Washington Columbia River boundary compact—Terms and provisions. The terms and provisions of the compact referred to in RCW 43.58.050 are as follows:

INTERSTATE COMPACT DETERMINING
OREGON-WASHINGTON BOUNDARY
ON THE COLUMBIA RIVER

ARTICLE I. PURPOSE

The boundary between the states of Oregon and Washington along the course of the Columbia River has not been easy to ascertain because of changes in the main channel of the river with a result that a state of confusion and dispute exists and the enforcement and administration of the laws of the two states has been rendered difficult.

The purpose of this compact is to fix with precision by reference to stations of longitude and latitude the boundary between the states of Oregon and Washington from one marine league due west of the mouth of the Columbia River to the most easterly point at which the 46th parallel of North latitude crosses said river, at which point the river ceases to form the boundary between the two states.

ARTICLE II. DESCRIPTION

The boundary between the states of Oregon and Washington from one marine league due west of the mouth of the Columbia River to the point at which the last described point number (# 191) of the boundary as herein determined meets the 46th parallel of North latitude at 118° 59' 10".12 of West longitude shall be as follows:

Beginning one marine league at sea off the mouth of the Columbia river at north latitude 46° 15' 00".00; running thence due east to point number 1 of this description, which point is at north latitude 46° 15' 00".00, west longitude 124° 05' 00".00; thence from point number 1 continuing upstream in the channel of the Columbia river by a series of straight

lines connecting the following numbered and described points in consecutive order.

43.59.010 Purpose—Finding. (1) The purpose of this chapter is to establish a new agency of state government to be known as the Washington traffic safety commission. The functions and purpose of this commission shall be to find solutions to the problems that have been created as a result of the tremendous increase of motor vehicles on our highways and the attendant traffic death and accident tolls; to plan and supervise programs for the prevention of accidents on streets and highways including but not limited to educational campaigns designed to reduce traffic accidents in cooperation with all official and unofficial organizations interested in traffic safety; to coordinate the activities at the state and local level in the development of statewide and local traffic safety programs; to promote a uniform enforcement of traffic safety laws and establish standards for investigation and reporting of traffic accidents; to promote and improve driver education; and to authorize the governor to perform all functions required to be performed by him under the federal Highway Safety Act of 1966 (Public Law 89-564; 80 Stat. 731).

(2) The legislature finds and declares that bicycling and walking are becoming increasingly popular in Washington as clean and efficient modes of transportation, as recreational

activities, and as organized sports. Future plans for the state's transportation system will require increased access and safety for bicycles and pedestrians on our common roadways, and federal transportation legislation and funding programs have created strong incentives to implement these changes quickly. As a result, many more people are likely to take up bicycling in Washington both as a leisure activity and as a convenient, inexpensive form of transportation. Bicyclists are more vulnerable to injury and accident than motorists, and should be as knowledgeable as possible about traffic laws, be highly visible and predictable when riding in traffic, and be encouraged to wear bicycle safety helmets. Hundreds of bicyclists and pedestrians are seriously injured every year in accidents, and millions of dollars are spent on health care costs associated with these accidents. There is clear evidence that organized training in the rules and techniques of safe and effective cycling can significantly reduce the incidence of serious injury and accidents, increase cooperation among road users, and significantly increase the incidence of bicycle helmet use, particularly among minors. A reduction in accidents benefits the entire community. Therefore it is appropriate for businesses and community organizations to provide donations to bicycle and pedestrian safety training programs. [1998 c 165 § 2; 1967 ex.s. c 147 § 1.]

Intent—Effective date—2007 c 241: See notes following RCW 79A.25.005.

Findings—Purpose—2005 c 257: "The legislature finds that many Washington citizens are veterans of armed forces conflicts that have important skills that may be employed in projects that help to protect and restore Washington's rivers, streams, lakes, marine waters, and open lands, and help to maintain urban and suburban wastewater and storm water management systems. The legislature further finds that such work has demonstrated benefits for many veterans who are coping with posttraumatic stress disorder or have other mental health or substance abuse disorders related to their service in the armed forces. The legislature further finds that these projects provide an opportunity for veterans to obtain on-the-job training, leading to certification in specific skill sets and to living wage employment in environmental restoration and stewardship. Therefore, it is the purpose of this chapter to create the veterans conservation corps program to assist veterans in obtaining training, certification, and employment in the field of environmental restoration and management, and to provide state funding assistance for projects that restore Washington's waters, forests, and habitat through the participation of veterans." [2007 c 451 § 1; 2005 c 257 § 1.]

The department shall consult with the workforce training and education coordinating board, the state board for community and technical colleges, the higher education coordinating board, the employment security department, and other state agencies administering conservation corps programs, to incorporate training, education, and certification in environmental restoration and management fields into the program. The department may enter into agreements with community colleges, private schools, state or local agencies, or other entities to provide training and educational courses as part of the enrollee benefits from the program.

(2) The department may receive gifts, grants, federal funds, or other moneys from public or private sources, for the use and benefit of the veterans conservation corps program. The funds shall be deposited to the veterans conservation corps account created in RCW 43.60A.153.

(3) The department shall submit a report to the appropriate committees of the legislature by December 1, 2008, on the status of the veterans conservation corps program, including the number of enrollees employed in projects, training provided, certifications earned, employment placements achieved, program funding provided from all sources, and the

These agencies shall work together to identify stewardship and maintenance projects on agency-managed lands that are suitable for work by veterans conservation corps enrollees. The department may expend funds appropriated to the veterans conservation corps program to defray the costs of education, training, and certification associated with the enrollees participating in such projects.

(2) By September 30, 2007, the department, in conjunction with the state agencies identified in subsection (1) of this section, shall provide to the office of financial management and to the appropriate committees of the senate and house of representatives a report that:

(a) Identifies projects on state agency-managed lands that are currently planned for veterans conservation corps enrollee participation;

(c) Identifies additional projects on state agency-managed lands for which project implementation has been funded or is included in the agency's multibiennial stewardship plans, and that are suitable for veterans conservation corps enrollee participation in the event that additional funding is provided to the department for associated training, education, and certification. [2007 c 451 § 5.]

43.60A.153 Veterans conservation corps account. The veterans conservation corps account is created in the state treasury. All moneys appropriated to the account or directed to the account from other sources must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for purposes of the veterans conservation corps program. [2007 c 451 § 6.]

43.60A.154 Agreements with federal entities for projects—Report. (1) The department shall seek to enter agreements with the national park service, the United States forest service, the United States fish and wildlife service, and other federal agencies managing lands in Washington, for the employment of veterans conservation corps enrollees in maintenance, restoration, and stewardship projects. Up to twenty percent of the costs of the veterans conservation corps enrollees participation in a federal project may be provided by the department, including the costs of training provided on the project.

(2) By September 30, 2008, the department shall provide a report to the governor and appropriate committees of the senate and house of representatives regarding agreements entered with federal agencies to employ veteran conservation corps enrollees on federal land projects, and any revisions to

From applications submitted, the board and the department shall identify projects that propose work suitable for corps enrollees and located near where enrollees are based or may be created. The department may provide the project applicants with information regarding the benefits of employing a veterans conservation corps enrollee in the project, including funding that the department may make available to assist with the project. Such funding shall be considered by the salmon recovery funding board as matched funding in evaluating the project for salmon recovery funding board funding.

(2) As an element of the report required under RCW 43.60A.151(3), the salmon recovery funding board and the department shall jointly report to the governor and the appropriate committees of the senate and house of representatives regarding projects funded during the 2007 and 2008 grant cycles that employ veterans conservation corps enrollees. The report shall include recommendations for increasing the use of veterans conservation corps enrollees in salmon habitat projects that receive funding from the salmon recovery funding board. [2007 c 451 § 8.]

43.62.020 Method of allocating state funds to cities and towns prescribed. Whenever cities and towns of the state are, by law, allocated and entitled to be paid any funds or state moneys from any source, and the allocation and payment is required to be made on a populations basis, notwithstanding the provisions of any other law to the contrary, all such allocations shall be made on the basis of the population of the respective cities and towns as last determined by the office of financial management: PROVIDED, That the regular federal decennial census figures released for cities and towns shall be considered by the office of financial management in determining the population of cities and towns. 43.62.030 Determination of population—Cities and towns—Certificate—Allocation of state funds. The office of financial management shall annually as of April 1st, determine the populations of all cities and towns of the state; and on or before July 1st of each year, shall file with the secretary of state a certificate showing its determination as to the populations of cities and towns of the state. A copy of such certificate shall be forwarded by the agency to each state official or department responsible for making allocations or payments, and on and after January 1st next following the date when such certificate or certificates are filed, the population determination shown in such certificate or certificates shall be used as the basis for the allocation and payment of state funds, to cities and towns until the next January 1st following the filing of successive certificates by the agency: PROVIDED, That whenever territory is annexed to a city or town, the population of the annexed territory shall be added to the population of the annexing city or town upon the effective date of the annexation as specified in the relevant ordinance, and upon approval of the agency as provided in RCW 35.13.260, as now or hereafter amended, a revised certificate reflecting the determination of the population as increased from such annexation shall be forwarded by the agency to each state official or department responsible for making allocations or payments, and upon and after the date of the commencement of the next quarterly period, the population determination indicated in such revised certificate shall be used as the basis for allocation and payment of state funds to such

city or town until the next annual population determination becomes effective: PROVIDED FURTHER, That whenever any city or town becomes incorporated subsequent to the determination of such population, the populations of such cities and towns as shown in the records of incorporation filed with the secretary of state shall be used in determining the amount of allocation and payments, and the agency shall so notify the proper state officials or departments, and such cities and towns shall be entitled to participate in allocations thereafter made: PROVIDED FURTHER, That in case any incorporated city or town disincorporates subsequent to the filing of such certificate or certificates, the agency shall promptly notify the proper state officials or departments thereof, and such cities and towns shall cease to participate in allocations thereafter made, and all credit accrued to such incorporated city or town shall be distributed to the credit of the remaining cities and towns. The secretary of state shall promptly notify the agency of the incorporation of each new city and town and of the disincorporation of any cities or towns.

For the purposes of this section, each quarterly period shall commence on the first day of the months of January, April, July, and October. Armed forces shipboard population, on-base naval group quarter population, and military dependents living in housing under United States navy jurisdiction, shall be determined quarterly by the office of financial management on the first days of January, April, July, and October. These counts shall be used to increase or decrease the armed forces component of the resident population determinations in the cities of Bremerton and Everett for the purpose of allocating state revenues according to this section. Counts on the first day of the quarterly periods commencing with January, April, July, and October shall be used to adjust the total population for the following quarter, in the same manner adjustments are made for population changes due to annexation as specified in RCW 35.13.260 and 35A.14.700.

Population determinations made under this section shall include only those persons who meet resident population criteria as defined by the federal bureau of the census. [1988 c 260 § 1; 1979 c 151 § 129; 1977 c 75 § 61; 1969 ex.s. c 50 § 2; 1965 c 8 § 43.62.030. Prior: 1957 c 175 § 3; 1951 c 96 § 2.]

The office of financial management also shall determine the percentage increase in population for each county over the preceding ten-year period, as of April 1st, and shall file a certificate with the secretary of state by July 1st showing its determination. At least

once every five years or upon the availability of decennial census data, whichever is later, the office of financial management shall prepare twenty-year growth management planning population projections required by RCW 36.70A.110 for each county that adopts a comprehensive plan under RCW 36.70A.040 and shall review these projections with such counties and the cities in those counties before final adoption. The county and its cities may provide to the office such information as they deem relevant to the office's projection, and the office shall consider and comment on such information before adoption. Each projection shall be expressed as a reasonable range developed within the standard state high and low projection. The middle range shall represent the office's estimate of the most likely population projection for the county. If any city or county believes that a projection will not accurately reflect actual population growth in a county, it may petition the office to revise the projection accordingly. The office shall complete the first set of ranges for every county by December 31, 1995.

A comprehensive plan adopted or amended before December 31, 1995, shall not be considered to be in noncompliance with the twenty-year growth management planning population projection if the projection used in the comprehensive plan is in compliance with the range later adopted under this section. youth is already involved to ensure that the youth is receiving information and referrals to these programs, when appropriate;

(j) Submit expenditure and performance reports, including information related to the performance measures in RCW 43.63A.311, to the department on a time schedule determined by the department; and

(k) Provide recommendations to the department regarding program improvements and strategies that might assist the state to reach its goals as described in RCW 43.63A.311(2)(g). [2007 c 316 § 3.]

Finding—2007 c 316: "(1) The legislature finds that providing needy youth aging out of the state dependency system with safe and viable options for housing to avoid homelessness confers a valuable benefit on the public that is intended to improve public health, safety, and welfare.

(d) There are single parents, recently widowed persons, people in the midst of divorce or separation, and handicapped that are faced with displacement due to the high cost of housing.

(2) The legislature declares that the purpose of RCW 43.63A.680 is to develop a pilot program designed to:

(a) Provide home-matching services that can enable people to continue living in their homes while promoting continuity of home ownership and community stability; and

(b) Counter the problem of displacement among people on relatively low, fixed incomes by linking people offering living space with people seeking housing. [1993 c 478 § 18.]

43.63A.680 Home-matching program—Pilot programs. The evaluation and ranking process shall also consider local community support for projects and an examination of existing assets that applicants may apply to projects.

(ii) The department may establish the amount of state grant assistance for individual project applications but the amount shall not exceed twenty percent of the estimated total capital cost or actual cost of a project, whichever is less. The remaining portions of the project capital cost shall be a match from nonstate sources. The nonstate match may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions. The department is authorized to set matching requirements for individual projects. State assistance may be used to fund separate definable phases of a project if the project demonstrates adequate progress and has secured the necessary match funding.

In contracts for grants authorized under this section, the department shall include provisions requiring that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant. 43.70.005 Intent. The legislature finds and declares that it is of importance to the people of Washington state to live in a healthy environment and to expect a minimum standard of quality in health care. The legislature further finds that the social and economic vitality of the state depends on a healthy and productive population. The legislature further declares where it is a duty of the state to assure a healthy environment and minimum standards of quality in health care facilities and among health care professionals, the ultimate responsibility for a healthy society lies with the citizens themselves.

For these reasons, the legislature recognizes the need for a strong, clear focus on health issues in state government and among state health agencies to give expression to the needs of individual citizens and local communities as they seek to preserve the public health. It is the intent of the legislature to form such focus by creating a single department in state government with the primary responsibilities for the preservation of public health, monitoring health care costs, the maintenance of minimal standards for quality in health care delivery, and the general oversight and planning for all the state's activities as they relate to the health of its citizenry.

Further, it is the intent of the legislature to improve illness and injury prevention and health promotion, and restore the confidence of the citizenry in the efficient and accountable expenditure of public funds on health activities that further the mission of the agency via grants and contracts, and to ensure that this new health agency delivers quality health services in an efficient, effective, and economical manner that is faithful and responsive to policies established by the legislature. [2005 c 32 § 1; 1989 1st ex.s. c 9 § 101.]

43.70.020 Department created. (1) There is hereby created a department of state government to be known as the department of health. The department shall be vested with all powers and duties transferred to it by chapter 9, Laws of 1989 1st ex. sess. and such other powers and duties as may be authorized by law. The main administrative office of the department shall be located in the city of Olympia. The secretary may establish administrative facilities in other locations, if deemed necessary for the efficient operation of the department, and if consistent with the principles set forth in subsection (2) of this section.

(2) The department of health shall be organized consistent with the goals of providing state government with a focus in health and serving the people of this state. The legislature recognizes that the secretary needs sufficient organizational flexibility to carry out the department's various duties. To the extent practical, the secretary shall consider the following organizational principles:

(a) Clear lines of authority which avoid functional duplication within and between subelements of the department;

(b) A clear and simplified organizational design promoting accessibility, responsiveness, and accountability to the legislature, the consumer, and the general public;

(c) Maximum span of control without jeopardizing adequate supervision;

(d) A substate or regional organizational structure for the department's health service delivery programs and activities that encourages joint working agreements with local health departments and that is consistent between programs;

(e) Decentralized authority and responsibility, with clear accountability;

(f) A single point of access for persons receiving like services from the department which would limit the number of referrals between divisions.

(3) The department shall provide leadership and coordination in identifying and resolving threats to the public health by:

(a) Working with local health departments and local governments to strengthen the state and local governmental partnership in providing public protection;

(b) Developing intervention strategies;

(c) Providing expert advice to the executive and legislative branches of state government;

(d) Providing active and fair enforcement of rules;

(e) Working with other federal, state, and local agencies and facilitating their involvement in planning and implementing health preservation measures;

(f) Providing information to the public; and

(g) Carrying out such other related actions as may be appropriate to this purpose.

(4) In accordance with the administrative procedure act, chapter 34.05 RCW, the department shall ensure an opportunity for consultation, review, and comment by the department's clients before the adoption of standards, guidelines, and rules.

(5) Consistent with the principles set forth in subsection (2) of this section, the secretary may create such administrative divisions, offices, bureaus, and programs within the department as the secretary deems necessary. The secretary shall have complete charge of and supervisory powers over

the department, except where the secretary's authority is specifically limited by law.

(6) The secretary shall appoint such personnel as are necessary to carry out the duties of the department in accordance with chapter 41.06 RCW.

(7) The secretary shall appoint the state health officer and such deputy secretaries, assistant secretaries, and other administrative positions as deemed necessary consistent with the principles set forth in subsection (2) of this section. All persons who administer the necessary divisions, offices, bureaus, and programs, and five additional employees shall be exempt from the provisions of chapter 41.06 RCW. The officers and employees appointed under this subsection shall be paid salaries to be fixed by the governor in accordance with the procedure established by law for the fixing of salaries for officers exempt from the state civil service law.

(8) The secretary shall administer family services and programs to promote the state's policy as provided in RCW 74.14A.025. [1992 c 198 § 8; 1989 1st ex.s. c 9 § 103.]

Severability—Effective date—1992 c 198: See RCW 70.190.910 and 70.190.920.

43.70.030 Secretary of health. The executive head and appointing authority of the department shall be the secretary of health. The secretary shall be appointed by, and serve at the pleasure of, the governor in accordance with RCW 43.17.020. The secretary shall be paid a salary to be fixed by the governor in accordance with RCW 43.03.040. [1989 1st ex.s. c 9 § 104.]

43.70.040 Secretary's powers—Rule-making authority—Report to the legislature. In addition to any other powers granted the secretary, the secretary may:

(1) Adopt, in accordance with chapter 34.05 RCW, rules necessary to carry out the provisions of chapter 9, Laws of 1989 1st ex. sess.: PROVIDED, That for rules adopted after July 23, 1995, the secretary may not rely solely on a section of law stating a statute's intent or purpose, on the enabling provisions of the statute establishing the agency, or on any combination of such provisions, for statutory authority to adopt any rule;

(2) Appoint such advisory committees as may be necessary to carry out the provisions of chapter 9, Laws of 1989 1st ex. sess. Members of such advisory committees are authorized to receive travel expenses in accordance with RCW 43.03.050 and 43.03.060. The secretary and the board of health shall review each advisory committee within their jurisdiction and each statutory advisory committee on a biennial basis to determine if such advisory committee is needed;

(3) Undertake studies, research, and analysis necessary to carry out the provisions of chapter 9, Laws of 1989 1st ex. sess. in accordance with RCW 43.70.050;

(4) Delegate powers, duties, and functions of the department to employees of the department as the secretary deems necessary to carry out the provisions of chapter 9, Laws of 1989 1st ex. sess.;

(5) Enter into contracts and enter into and distribute grants on behalf of the department to carry out the purposes of chapter 9, Laws of 1989 1st ex. sess. The department must report to the legislature a summary of the grants distributed under this authority, for each year of the first biennium after

(2008 Ed.)

the department receives authority to distribute grants under this section, and make it electronically available;

(6) Act for the state in the initiation of, or the participation in, any intergovernmental program to the purposes of chapter 9, Laws of 1989 1st ex. sess.; or

(7) Solicit and accept gifts, grants, bequests, devises, or other funds from public and private sources. [2005 c 32 § 2; 2001 c 80 § 2; 1995 c 403 § 105; 1989 1st ex.s. c 9 § 106.]

Findings—Intent—2001 c 80: "(1) The legislature finds that developing, creating, and maintaining partnerships between the public and private sectors can enhance and augment current public health services. The legislature further finds that the department of health should have the ability to establish such partnerships, and seek out and accept gifts, grants, and other funding to advance worthy public health goals and programs.

(2) It is the intent of the legislature that gifts and other funds received by the department of health under the authority granted by RCW 43.70.040 may be used to expand or enhance program operations so long as program standards established by the department are maintained, but may not supplant or replace funds for federal, state, county, or city-supported programs." [2001 c 80 § 1.]

Findings—Short title—Intent—1995 c 403: See note following RCW 34.05.328.

Part headings not law—Severability—1995 c 403: See RCW 43.05.903 and 43.05.904.

43.70.045 Warren Featherstone Reid Award for Excellence in Health Care. There is created an award to honor and recognize cost-effective and quality health care services. This award shall be known as the "Warren Featherstone Reid Award for Excellence in Health Care." [1994 c 7 § 2.]

Finding—1994 c 7: "The legislature recognizes the critical importance of ensuring that all Washington residents have access to quality and affordable health care. The legislature further recognizes that substantial improvements can be made in health care delivery when providers, including health care facilities, are encouraged to continuously strive for excellence in quality management practices, value, and consumer satisfaction. The legislature finds that when centers of quality are highlighted and honored publicly they become examples for other health care providers to emulate, thereby further promoting the implementation of improved health care delivery processes." [1994 c 7 § 1.]

43.70.047 Warren Featherstone Reid Award for Excellence in Health Care. The governor, in conjunction with the secretary of health, shall identify and honor health care providers and facilities in Washington state who exhibit exceptional quality and value in the delivery of health services. The award shall be given annually consistent with the availability of qualified nominees. The secretary may appoint an advisory committee to assist in the selection of nominees, if necessary. [1994 c 7 § 3.]

43.70.050 Collection, use, and accessibility of health-related data. (1) The legislature intends that the department and board promote and assess the quality, cost, and accessibility of health care throughout the state as their roles are specified in chapter 9, Laws of 1989 1st ex. sess. in accordance with the provisions of this chapter. In furtherance of this goal, the secretary shall create an ongoing program of data collection, storage, assessability, and review. The legislature does not intend that the department conduct or contract for the conduct of basic research activity. The secretary may request appropriations for studies according to this section

from the legislature, the federal government, or private sources.

(2) All state agencies which collect or have access to population-based, health-related data are directed to allow the secretary access to such data. This includes, but is not limited to, data on needed health services, facilities, and personnel; future health issues; emerging bioethical issues; health promotion; recommendations from state and national organizations and associations; and programmatic and statutory changes needed to address emerging health needs. Private entities, such as insurance companies, health maintenance organizations, and private purchasers are also encouraged to give the secretary access to such data in their possession. The secretary's access to and use of all data shall be in accordance with state and federal confidentiality laws and ethical guidelines. Such data in any form where the patient or provider of health care can be identified shall not be disclosed, subject to disclosure according to chapter 42.56 RCW, discoverable or admissible in judicial or administrative proceedings. Such data can be used in proceedings in which the use of the data is clearly relevant and necessary and both the department and the patient or provider are parties.

(3) The department shall serve as the clearinghouse for information concerning innovations in the delivery of health care services, the enhancement of competition in the health care marketplace, and federal and state information affecting health care costs.

(4) The secretary shall review any data collected, pursuant to this chapter, to:

(a) Identify high-priority health issues that require study or evaluation. Such issues may include, but are not limited to:

(i) Identification of variations of health practice which indicate a lack of consensus of appropriateness;

(ii) Evaluation of outcomes of health care interventions to assess their benefit to the people of the state;

(iii) Evaluation of specific population groups to identify needed changes in health practices and services;

(iv) Evaluation of the risks and benefits of various incentives aimed at individuals and providers for both preventing illnesses and improving health services;

(v) Identification and evaluation of bioethical issues affecting the people of the state; and

(vi) Other such objectives as may be appropriate;

(b) Further identify a list of high-priority health study issues for consideration by the board, within their authority, for inclusion in the state health report required by RCW 43.20.050. The list shall specify the objectives of each study, a study timeline, the specific improvements in the health status of the citizens expected as a result of the study, and the estimated cost of the study; and

(c) Provide background for the state health report required by RCW 43.20.050.

(5) Any data, research, or findings may also be made available to the general public, including health professions, health associations, the governor, professional boards and regulatory agencies and any person or group who has allowed the secretary access to data.

(6) The secretary may charge a fee to persons requesting copies of any data, research, or findings. The fee shall be no more than necessary to cover the cost to the department of

providing the copy. [2005 c 274 § 301; 1989 1st ex.s. c 9 § 107.]

Part headings not law—Effective date—2005 c 274: See RCW 42.56.901 and 42.56.902.

43.70.052 Hospital discharge data—Financial reports—Data retrieval—American Indian health data.

(1) To promote the public interest consistent with the purposes of chapter 492, Laws of 1993 as amended by chapter 267, Laws of 1995, the department shall continue to require hospitals to submit hospital financial and patient discharge information, which shall be collected, maintained, analyzed, and disseminated by the department. The department shall, if deemed cost-effective and efficient, contract with a private entity for any or all parts of data collection. Data elements shall be reported in conformance with a uniform reporting system established by the department. This includes data elements identifying each hospital's revenues, expenses, contractual allowances, charity care, bad debt, other income, total units of inpatient and outpatient services, and other financial information reasonably necessary to fulfill the purposes of this section. Data elements relating to use of hospital services by patients shall be the same as those currently compiled by hospitals through inpatient discharge abstracts. The department shall encourage and permit reporting by electronic transmission or hard copy as is practical and economical to reporters.

(2) In identifying financial reporting requirements, the department may require both annual reports and condensed quarterly reports from hospitals, so as to achieve both accuracy and timeliness in reporting, but shall craft such requirements with due regard of the data reporting burdens of hospitals.

(3) The health care data collected, maintained, and studied by the department shall only be available for retrieval in original or processed form to public and private requestors and shall be available within a reasonable period of time after the date of request. The cost of retrieving data for state officials and agencies shall be funded through the state general appropriation. The cost of retrieving data for individuals and organizations engaged in research or private use of data or studies shall be funded by a fee schedule developed by the department that reflects the direct cost of retrieving the data or study in the requested form.

(4) The department shall, in consultation and collaboration with the federally recognized tribes, urban or other Indian health service organizations, and the federal area Indian health service, design, develop, and maintain an American Indian-specific health data, statistics information system. The department rules regarding confidentiality shall apply to safeguard the information from inappropriate use or release.

(5) All persons subject to the data collection requirements of this section shall comply with departmental requirements established by rule in the acquisition of data. [1995 c 267 § 1.]

Captions not law—1995 c 267: "Captions as used in this act constitute no part of the law." [1995 c 267 § 16.]

Severability—1995 c 267: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or

the application of the provision to other persons or circumstances is not affected." [1995 c 267 § 17.]

Effective dates—1995 c 267: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995, except sections 8 through 11 of this act which shall take effect immediately [May 8, 1995]." [1995 c 267 § 18.]

43.70.054 Health care data standards—Submittal of standards to legislature. (1) To promote the public interest consistent with chapter 267, Laws of 1995, the department of health, in cooperation with the information services board established under RCW 43.105.032, shall develop health care data standards to be used by, and developed in collaboration with, consumers, purchasers, health carriers, providers, and state government as consistent with the intent of chapter 492, Laws of 1993 as amended by chapter 267, Laws of 1995, to promote the delivery of quality health services that improve health outcomes for state residents. The data standards shall include content, coding, confidentiality, and transmission standards for all health care data elements necessary to support the intent of this section, and to improve administrative efficiency and reduce cost. Purchasers, as allowed by federal law, health carriers, health facilities and providers as defined in chapter 48.43 RCW, and state government shall utilize the data standards. The information and data elements shall be reported as the department of health directs by rule in accordance with data standards developed under this section.

(2) The health care data collected, maintained, and studied by the department under this section or any other entity: (a) Shall include a method of associating all information on health care costs and services with discrete cases; (b) shall not contain any means of determining the personal identity of any enrollee, provider, or facility; (c) shall only be available for retrieval in original or processed form to public and private requesters; (d) shall be available within a reasonable period of time after the date of request; and (e) shall give strong consideration to data standards that achieve national uniformity.

(3) The cost of retrieving data for state officials and agencies shall be funded through state general appropriation. The cost of retrieving data for individuals and organizations engaged in research or private use of data or studies shall be funded by a fee schedule developed by the department that reflects the direct cost of retrieving the data or study in the requested form.

(4) All persons subject to this section shall comply with departmental requirements established by rule in the acquisition of data, however, the department shall adopt no rule or effect no policy implementing the provisions of this section without an act of law.

(5) The department shall submit developed health care data standards to the appropriate committees of the legislature by December 31, 1995. [1997 c 274 § 2; 1995 c 267 § 2.]

Effective date—1997 c 274: See note following RCW 41.05.021.

43.70.056 Health care-associated infections—Data collection and reporting—Advisory committee—Rules.

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Health care-associated infection" means a localized or systemic condition that results from adverse reaction to the presence of an infectious agent or its toxins and that was not present or incubating at the time of admission to the hospital.

(b) "Hospital" means a health care facility licensed under chapter 70.41 RCW.

(2)(a) A hospital shall collect data related to health care-associated infections as required under this subsection (2) on the following:

(i) Beginning July 1, 2008, central line-associated bloodstream infection in the intensive care unit;

(ii) Beginning January 1, 2009, ventilator-associated pneumonia; and

(iii) Beginning January 1, 2010, surgical site infection for the following procedures:

(A) Deep sternal wound for cardiac surgery, including coronary artery bypass graft;

(B) Total hip and knee replacement surgery; and

(C) Hysterectomy, abdominal and vaginal.

(b) Until required otherwise under (c) of this subsection, a hospital must routinely collect and submit the data required to be collected under (a) of this subsection to the national healthcare safety network of the United States centers for disease control and prevention in accordance with national healthcare safety network definitions, methods, requirements, and procedures.

(c)(i) With respect to any of the health care-associated infection measures for which reporting is required under (a) of this subsection, the department must, by rule, require hospitals to collect and submit the data to the centers for medicare and medicaid services according to the definitions, methods, requirements, and procedures of the hospital compare program, or its successor, instead of to the national healthcare safety network, if the department determines that:

(A) The measure is available for reporting under the hospital compare program, or its successor, under substantially the same definition; and

(B) Reporting under this subsection (2)(c) will provide substantially the same information to the public.

(ii) If the department determines that reporting of a measure must be conducted under this subsection (2)(c), the department must adopt rules to implement such reporting. The department's rules must require reporting to the centers for medicare and medicaid services as soon as practicable, but not more than one hundred twenty days, after the centers for medicare and medicaid services allow hospitals to report the respective measure to the hospital compare program, or its successor. However, if the centers for medicare and medicaid services allow infection rates to be reported using the centers for disease control and prevention's national healthcare safety network, the department's rules must require reporting that reduces the burden of data reporting and minimizes changes that hospitals must make to accommodate requirements for reporting.

(d) Data collection and submission required under this subsection (2) must be overseen by a qualified individual with the appropriate level of skill and knowledge to oversee data collection and submission.

(e)(i) A hospital must release to the department, or grant the department access to, its hospital-specific information

contained in the reports submitted under this subsection (2), as requested by the department.

(ii) The hospital reports obtained by the department under this subsection (2), and any of the information contained in them, are not subject to discovery by subpoena or admissible as evidence in a civil proceeding, and are not subject to public disclosure as provided in RCW 42.56.360.

(3) The department shall:

(a) Provide oversight of the health care-associated infection reporting program established in this section;

(b) By January 1, 2011, submit a report to the appropriate committees of the legislature based on the recommendations of the advisory committee established in subsection (5) of this section for additional reporting requirements related to health care-associated infections, considering the methodologies and practices of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations;

(c) Delete, by rule, the reporting of categories that the department determines are no longer necessary to protect public health and safety;

(d) By December 1, 2009, and by each December 1st thereafter, prepare and publish a report on the department's web site that compares the health care-associated infection rates at individual hospitals in the state using the data reported in the previous calendar year pursuant to subsection (2) of this section. The department may update the reports quarterly. In developing a methodology for the report and determining its contents, the department shall consider the recommendations of the advisory committee established in subsection (5) of this section. The report is subject to the following:

(i) The report must disclose data in a format that does not release health information about any individual patient; and

(ii) The report must not include data if the department determines that a data set is too small or possesses other characteristics that make it otherwise unrepresentative of a hospital's particular ability to achieve a specific outcome; and

(e) Evaluate, on a regular basis, the quality and accuracy of health care-associated infection reporting required under subsection (2) of this section and the data collection, analysis, and reporting methodologies.

(4) The department may respond to requests for data and other information from the data required to be reported under subsection (2) of this section, at the requestor's expense, for special studies and analysis consistent with requirements for confidentiality of patient records.

(5)(a) The department shall establish an advisory committee which may include members representing infection control professionals and epidemiologists, licensed health care providers, nursing staff, organizations that represent health care providers and facilities, health maintenance organizations, health care payers and consumers, and the department. The advisory committee shall make recommendations to assist the department in carrying out its responsibilities under this section, including making recommendations on allowing a hospital to review and verify data to be released in the report and on excluding from the report selected data from certified critical access hospitals.

(b) In developing its recommendations, the advisory committee shall consider methodologies and practices related to health care-associated infections of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations.

(6) The department shall adopt rules as necessary to carry out its responsibilities under this section. [2007 c 261 § 2.]

Findings—2007 c 261: "The legislature finds that each year health care-associated infections affect two million Americans. These infections result in the unnecessary death of ninety thousand patients and costs the health care system 4.5 billion dollars. Hospitals should be implementing evidence-based measures to reduce hospital-acquired infections. The legislature further finds the public should have access to data on outcome measures regarding hospital-acquired infections. Data reporting should be consistent with national hospital reporting standards." [2007 c 261 § 1.]

43.70.060 Duties of department—Promotion of health care cost-effectiveness. It is the intent of the legislature to promote appropriate use of health care resources to maximize access to adequate health care services. The legislature understands that the rapidly increasing costs of health care are limiting access to care. To promote health care cost-effectiveness, the department shall:

- (1) Implement the certificate of need program;
- (2) Monitor and evaluate health care costs;
- (3) Evaluate health services and the utilization of services for outcome and effectiveness; and
- (4) Recommend strategies to encourage adequate and cost-effective services and discourage ineffective services. [1989 1st ex.s. c 9 § 108.]

43.70.064 Health care quality—Findings and intent—Requirements for conducting study under RCW 43.70.066. The legislature finds that it is difficult for consumers of health care services to determine the quality of health care prior to purchase or utilization of medical care. The legislature also finds that accountability is a key component in promoting quality assurance and quality improvement throughout the health care delivery system, including public programs. Quality assurance and improvement standards are necessary to promote the public interest, contribute to cost efficiencies, and improve the ability of consumers to ascertain quality health care purchases.

The legislature intends to have consumers, health carriers, health care providers and facilities, and public agencies participate in the development of quality assurance and improvement standards that can be used to develop a uniform quality assurance program for use by all public and private health plans, providers, and facilities. To that end, in conducting the study required under RCW 43.70.066, the department of health shall:

- (1) Consider the needs of consumers, employers, health care providers and facilities, and public and private health plans;
- (2) Take full advantage of existing national standards of quality assurance to extend to middle-income populations the protections required for state management of health programs for low-income populations;

(3) Consider the appropriate minimum level of quality assurance standards that should be disclosed to consumers and employers by health care providers and facilities, and public and private health plans; and

(4) Consider standards that permit health care providers and facilities to share responsibility for participation in a uniform quality assurance program. [1995 c 267 § 3.]

Captions not law—Severability—Effective dates—1995 c 267: See notes following RCW 43.70.052.

43.70.066 Study—Uniform quality assurance and improvement program—Reports to legislature—Limitation on rule making. (1) The department of health shall study the feasibility of a uniform quality assurance and improvement program for use by all public and private health plans and health care providers and facilities. In this study, the department shall consult with:

- (a) Public and private purchasers of health care services;
- (b) Health carriers;
- (c) Health care providers and facilities; and
- (d) Consumers of health services.

(2) In conducting the study, the department shall propose standards that meet the needs of affected persons and organizations, whether public or private, without creation of differing levels of quality assurance. All consumers of health services should be afforded the same level of quality assurance.

(3) At a minimum, the study shall include but not be limited to the following program components and indicators appropriate for consumer disclosure:

- (a) Health care provider training, credentialing, and licensure standards;
- (b) Health care facility credentialing and recredentialing;
- (c) Staff ratios in health care facilities;
- (d) Annual mortality and morbidity rates of cases based on a defined set of procedures performed or diagnoses treated in health care facilities, adjusted to fairly consider variable factors such as patient demographics and case severity;
- (e) The average total cost and average length of hospital stay for a defined set of procedures and diagnoses;
- (f) The total number of the defined set of procedures, by specialty, performed by each physician at a health care facility within the previous twelve months;
- (g) Utilization performance profiles by provider, both primary care and specialty care, that have been adjusted to fairly consider variable factors such as patient demographics and severity of case;
- (h) Health plan fiscal performance standards;
- (i) Health care provider and facility recordkeeping and reporting standards;
- (j) Health care utilization management that monitors trends in health service underutilization, as well as overutilization of services;
- (k) Health monitoring that is responsive to consumer, purchaser, and public health assessment needs; and
- (l) Assessment of consumer satisfaction and disclosure of consumer survey results.

(4) In conducting the study, the department shall develop standards that permit each health care facility, provider group, or health carrier to assume responsibility for and determine the physical method of collection, storage, and assimilation of quality indicators for consumer disclosure.

(2008 Ed.)

The study may define the forms, frequency, and posting requirements for disclosure of information.

In developing proposed standards under this subsection, the department shall identify options that would minimize provider burden and administrative cost resulting from duplicative private sector data submission requirements.

(5) The department shall submit a preliminary report to the legislature by December 31, 1995, including recommendations for initial legislation pursuant to subsection (6) of this section, and may submit supplementary reports and recommendations as completed, consistent with appropriated funds and staffing.

(6) The department shall not adopt any rule implementing the uniform quality assurance program or consumer disclosure provisions unless expressly directed to do so by an act of law. [1998 c 245 § 72; 1997 c 274 § 3; 1995 c 267 § 4.]

43.70.068 Quality assurance—Interagency cooperation. The department of health, the health care authority, the department of social and health services, the office of the insurance commissioner, and the department of labor and industries shall form an interagency group for coordination and consultation on quality assurance activities and collaboration on final recommendations for the study required under RCW 43.70.066. 43.70.070 Duties of department—Analysis of health services. The department shall evaluate and analyze readily available data and information to determine the outcome and effectiveness of health services, utilization of services, and payment methods. This section should not be construed as allowing the department access to proprietary information.

(1) The department shall make its evaluations available to the board for use in preparation of the state health report required by RCW 43.20.050, and to consumers, purchasers, and providers of health care.

(2) The department shall use the information to:

- (a) Develop guidelines which may be used by consumers, purchasers, and providers of health care to encourage necessary and cost-effective services; and
- (b) Make recommendations to the governor on how state government and private purchasers may be prudent purchasers of cost-effective, adequate health services. [1995 c 269 § 2202; 1989 1st ex.s. c 9 § 109.]

Improper quality of care shall not include good faith personnel actions related to employee performance or actions taken according to established terms and conditions of employment.

(c) "Whistleblower" means a consumer, employee, or health care professional who in good faith reports alleged quality of care concerns to the department of health.

(3) Nothing in this section prohibits a health care facility from making any decision exercising its authority to terminate, suspend, or discipline an employee who engages in workplace reprisal or retaliatory action against a whistleblower.

43.70.195 Public water systems—Receivership actions brought by secretary—Plan for disposition. (1) In any action brought by the secretary of health or by a local health officer pursuant to chapter 7.60 RCW to place a public water system in receivership, the petition shall include the names of one or more suitable candidates for receiver who have consented to assume operation of the water system. The department shall maintain a list of interested and qualified individuals, municipal entities, special purpose districts, and investor-owned water companies with experience in the provision of water service and a history of satisfactory operation of a water system. If there is no other person willing and able to be named as receiver, the court shall appoint the county in which the water system is located as receiver. The county may designate a county agency to operate the system, or it may contract with another individual or public water system to provide management for the system. If the county is appointed as receiver, the secretary of health and the county health officer shall provide regulatory oversight for the agency or other person responsible for managing the water system.

(2) In any petition for receivership under subsection (1) of this section, the department shall recommend that the court grant to the receiver full authority to act in the best interests of the customers served by the public water system. The receiver shall assess the capability, in conjunction with the department and local government, for the system to operate in compliance with health and safety standards, and shall report to the court and the petitioning agency its recommendations for the system's future operation, including the formation of a water-sewer district or other public entity, or ownership by another existing water system capable of providing service.

(3) If a petition for receivership and verifying affidavit executed by an appropriate departmental official allege an immediate and serious danger to residents constituting an emergency, the court shall set the matter for hearing within three days and may appoint a temporary receiver ex parte upon the strength of such petition and affidavit pending a full evidentiary hearing, which shall be held within fourteen days after receipt of the petition.

(4) A bond, if any is imposed upon a receiver, shall be minimal and shall reasonably relate to the level of operating revenue generated by the system. Any receiver appointed pursuant to this section shall not be held personally liable for any good faith, reasonable effort to assume possession of, and to operate, the system in compliance with the court's orders.

(5) The court shall authorize the receiver to impose reasonable assessments on a water system's customers to recover expenditures for improvements necessary for the public health and safety.

(6) No later than twelve months after appointment of a receiver, the petitioning agency, in conjunction with the county in which the system is located, and the appropriate state and local health agencies, shall develop and present to the court a plan for the disposition of the system. The report

shall include the recommendations of the receiver made pursuant to subsection (2) of this section. The report shall include all reasonable and feasible alternatives. After receiving the report, the court shall provide notice to interested parties and conduct such hearings as are necessary. The court shall then order the parties to implement one of the alternatives, or any combination thereof, for the disposition of the system. Such order shall include a date, or proposed date, for the termination of the receivership. Nothing in this section authorizes a court to require a city, town, public utility district, water-sewer district, or irrigation district to accept a system that has been in receivership unless the city, town, public utility district, water-sewer district, or irrigation district agrees to the terms and conditions outlined in the plan adopted by the court.

(7) The court shall not terminate the receivership, and order the return of the system to the owners, unless the department of health approves of such an action. The court may impose reasonable conditions upon the return of the system to the owner, including the posting of a bond or other security, routine performance and financial audits, employment of qualified operators and other staff or contracted services, compliance with financial viability requirements, or other measures sufficient to ensure the ongoing proper operation of the system.

(8) If, as part of the ultimate disposition of the system, an eminent domain action is commenced by a public entity to acquire the system, the court shall oversee any appraisal of the system conducted under Title 7 RCW to assure that the appraised value properly reflects any reduced value because of the necessity to make improvements to the system. The court shall have the authority to approve the appraisal, and to modify it based on any information provided at an evidentiary hearing. The court's determination of the proper value of the system, based on the appraisal, shall be final, and only appealable if not supported by substantial evidence. If the appraised value is appealed, the court may order that the system's ownership be transferred upon payment of the approved appraised value. [1999 c 153 § 57; 1994 c 292 § 3; 1990 c 133 § 4.]

(1) The department shall adopt rules providing a procedure and criteria for certifying one or more organizations to perform independent review of health care disputes described in RCW 48.43.535.

(2) The rules must require that the organization ensure:

(a) The confidentiality of medical records transmitted to an independent review organization for use in independent reviews;

Physicians, other health care providers, and, if applicable, contract specialists must be appropriately licensed, certified, or registered as required in Washington state or in at least one state with standards substantially comparable to Washington state. The organization must have demonstrated expertise and a history of reviewing health care in terms of medical necessity, appropriateness, and the application of other health plan coverage provisions;

(c) That any physician, health care provider, or contract specialist making a review determination in a specific review is free of any actual or potential conflict of interest or bias. Neither the expert reviewer, nor the independent review organization, nor any officer, director, or management employee of the independent review organization may have any material professional, familial, or financial affiliation with any of the following: The health carrier; professional associations of carriers and providers; the provider; the provider's medical or practice group; the health facility at which the service would be provided; the developer or manufacturer of a drug or device under review; or the enrollee;

In exceptional circumstances, when the independent review organization has not obtained information necessary to make a determination, a determination may be made by the twenty-fifth day after the date the organization received the request for the determination; and

(ii) In cases of a condition that could seriously jeopardize the enrollee's health or ability to regain maximum function, not later than the earlier of:

(A) Seventy-two hours after the date the independent review organization receives the information necessary to make the determination; or

(B) The eighth day after the date the independent review organization receives the request that the determination be made;

(f) That timely notice is provided to enrollees of the results of the independent review, including the clinical basis for the determination;

(g) That the independent review organization has a quality assurance mechanism in place that ensures the timeliness and quality of review and communication of determinations to enrollees and carriers, and the qualifications, impartiality, and freedom from conflict of interest of the organization, its staff, and expert reviewers; and

(h) That the independent review organization meets any other reasonable requirements of the department directly related to the functions the organization is to perform under this section and RCW 48.43.535, and related to assessing fees to carriers in a manner consistent with the maximum fee schedule developed under this section.

(3) To be certified as an independent review organization under this chapter, an organization must submit to the depart-

(e) The percentage of the applicant's revenues that are anticipated to be derived from reviews conducted under RCW 48.43.535;

(f) A description of the areas of expertise of the health care professionals and contract specialists making review determinations for the applicant; and

(g) The procedures to be used by the independent review organization in making review determinations regarding reviews conducted under RCW 48.43.535.

(4) If at any time there is a material change in the information included in the application under subsection (3) of this section, the independent review organization shall submit updated information to the department.

(5) An independent review organization may not be a subsidiary of, or in any way owned or controlled by, a carrier or a trade or professional association of health care providers or carriers.

(6) An independent review organization, and individuals acting on its behalf, are immune from suit in a civil action when performing functions under chapter 5, Laws of 2000. However, this immunity does not apply to an act or omission made in bad faith or that involves gross negligence.

The intent of these agreements is to provide a process for the department to consult each board on administrative matters and to ensure that the administration and staff functions effectively enable each board to fulfill its statutory responsibilities. The agreements shall include, but not be limited to, the following provisions:

(1) Administrative activities supporting the board's policies, goals, and objectives;

(2) Development and review of the agency budget as it relates to the board; and

(3) Board related personnel issues.

The agreements shall be reviewed and revised in like manner if appropriate at the beginning of each fiscal year, and at other times upon written request by the secretary or the board. [1998 c 245 § 73; 1989 1st ex.s. c 9 § 304.]

43.70.250 License fees for professions, occupations, and businesses. It shall be the policy of the state of Washington that the cost of each professional, occupational, or business licensing program be fully borne by the members of that profession, occupation, or business. The secretary shall from time to time establish the amount of all application fees, license fees, registration fees, examination fees, permit fees, renewal fees, and any other fee associated with licensing or regulation of professions, occupations, or businesses administered by the department. In fixing said fees, the secretary shall set the fees for each program at a sufficient level to defray the costs of administering that program and the cost of regulating licensed volunteer medical workers in accordance with RCW 18.130.360, except as provided in RCW 18.79.202 until June 30, 2013. All such fees shall be fixed by rule adopted by the secretary in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW. [2006 c 72 § 4; 2005 c 268 § 3; 1996 c 191 § 1; 1989 1st ex.s. c 9 § 319.]

Finding—2005 c 268: See note following RCW 18.79.202.

43.70.260 Appointment of temporary additional members of boards and committees for administration and grading of examinations. The secretary may, at the request of a board or committee established under Title 18 RCW under the administrative authority of the department of health, appoint temporary additional members for the purpose of participating as members during the administration and grading of practical examinations for licensure, certification, or registration. The appointment shall be for the duration of the examination specified in the request. Individuals so appointed must meet the same minimum qualifications as

regular members of the board or committee, including the requirement to be licensed, certified, or registered. While serving as board or committee members, persons so appointed have all the powers, duties, and immunities and are entitled to the emoluments, including travel expenses in accordance with RCW 43.03.050 and 43.03.060, of regular members of the board or committee. This authority is intended to provide for more efficient, economical, and effective examinations. [1989 1st ex.s. c 9 § 320.]

43.70.270 License moratorium for persons in the service. Notwithstanding any provision of law to the contrary, the license of any person licensed by the secretary of health to practice a profession or engage in an occupation, if valid and in force and effect at the time the licensee entered service in the armed forces or the merchant marine of the United States, shall continue in full force and effect so long as such service continues, unless sooner suspended, canceled, or revoked for cause as provided by law. The secretary shall renew the license of every such person who applies for renewal thereof within six months after being honorably discharged from service upon payment of the renewal fee applicable to the then current year or other license period. [1989 1st ex.s. c 9 § 321.]

43.70.280 Procedure for issuance, renewal, or reissuance of credentials—Extension or modification of licensing, certification, or registration period authorized. (1) The secretary, in consultation with health profession boards and commissions, shall establish by rule the administrative procedures, administrative requirements, and fees for initial issue, renewal, and reissue of a credential for professions under RCW 18.130.040, including procedures and requirements for late renewals and uniform application of late renewal penalties. Failure to renew invalidates the credential and all privileges granted by the credential. Administrative procedures and administrative requirements do not include establishing, monitoring, and enforcing qualifications for licensure, scope or standards of practice, continuing competency mechanisms, and discipline when such authority is authorized in statute to a health profession board or commission. For the purposes of this section, "in consultation with" means providing an opportunity for meaningful participation in development of rules consistent with processes set forth in RCW 34.05.310.

(2) Notwithstanding any provision of law to the contrary which provides for a licensing period for any type of license subject to this chapter including those under RCW 18.130.040, the secretary of health may, from time to time, extend or otherwise modify the duration of any licensing, certification, or registration period, whether an initial or renewal period, if the secretary determines that it would result in a more economical or efficient operation of state government and that the public health, safety, or welfare would not be substantially adversely affected thereby. However, no license, certification, or registration may be issued or approved for a period in excess of four years, without renewal. Such extension, reduction, or other modification of a licensing, certification, or registration period shall be by rule or regulation of the department of health adopted in

accordance with the provisions of chapter 34.05 RCW. Such rules and regulations may provide a method for imposing and collecting such additional proportional fee as may be required for the extended or modified period. [1999 c 34 § 1; 1998 c 29 § 1; 1996 c 191 § 2; 1989 1st ex.s. c 9 § 322.]

43.70.290 Funeral directors and embalmers subject to chapter 18.130 RCW. The department of licensing shall review the statutes authorizing the regulation of funeral directors and embalmers, and recommend any changes necessary by January 1, 1990. [1989 1st ex.s. c 9 § 323.]

43.70.300 Secretary or secretary's designee ex officio member of health professional licensure and disciplinary boards. In order to provide liaison with the department of health, provide continuity between changes in board membership, achieve uniformity as appropriate in licensure or regulated activities under the jurisdiction of the department, and to better represent the public interest, the secretary, or a designee appointed by the secretary, shall serve as an ex officio member of every health professional licensure or disciplinary board established under Title 18 RCW under the administrative authority of the department of health. The secretary shall have no vote unless otherwise authorized by law. [1989 1st ex.s. c 9 § 318; 1983 c 168 § 11. Formerly RCW 43.24.015.]

All fees received by the department for health professions licenses, registration, certifications, renewals, or examinations and the civil penalties assessed and collected by the department under RCW 18.130.190 shall be forwarded to the state treasurer who shall credit such moneys to the health professions account.

(2) All expenses incurred in carrying out the health professions licensing activities of the department shall be paid from the account as authorized by legislative appropriation, except as provided in subsection (4) of this section. Any residue in the account shall be accumulated and shall not revert to the general fund at the end of the biennium.

(3) The secretary shall biennially prepare a budget request based on the anticipated costs of administering the health professions licensing activities of the department

which shall include the estimated income from health professions fees.

(4) The secretary shall, at the request of a board or commission as applicable, spend unappropriated funds in the health professions account that are allocated to the requesting board or commission to meet unanticipated costs of that board or commission when revenues exceed more than fifteen percent over the department's estimated six-year spending projections for the requesting board or commission. (4) Civil fines under this section shall not exceed twice the cost of the license plus the cost of the initial on-site inspection for the first violation of this section, and shall not exceed ten times the cost of the license plus the cost of the initial on-site inspection for second and subsequent violations within any five-year period. The department may adopt rules as necessary to assure compliance with this section. [1999 c 374 § 10; 1998 c 37 § 5.]

43.70.340 Temporary worker housing inspection fund—Fees on temporary worker housing operating licenses and building permits—Licenses generally. (1) The temporary worker housing fund is established in the custody of the state treasury. The department shall deposit all funds received under subsections (2) and (3) of this section and from the legislature to administer a temporary worker housing permitting, licensing, and inspection program conducted by the department. Disbursement from the fund shall be on authorization of the secretary of health or the secretary's designee. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements.

(2) There is imposed a fee on each operating license issued by the department to every operator of temporary worker housing that is regulated by the state board of health. In establishing the fee to be paid under this subsection the department shall consider the cost of administering a license as well as enforcing applicable state board of health rules on temporary worker housing.

(3) There is imposed a fee on each temporary worker housing building permit issued by the department to every operator of temporary worker housing as required by RCW 43.70.337. The fee shall include the cost of administering a permit as well as enforcing the department's temporary worker building code as adopted under RCW 70.114A.081.

Legislative finding and purpose—1990 c 253: "The legislature finds that the demand for housing for migrant and seasonal farmworkers far exceeds the supply of adequate housing in the state of Washington. In addition, increasing numbers of these housing units are in deteriorated condition because they cannot be economically maintained and repaired.

The legislature further finds that the lack of a clear program for the regulation and inspection of farmworker housing has impeded the construction and renovation of housing units in this state.

It is the purpose of this act for the various agencies involved in the regulation of farmworker housing to coordinate and consolidate their activities to provide for efficient and effective monitoring of farmworker housing. It is intended that this action will provide greater responsiveness in dealing with public concerns over farmworker housing, and allow greater numbers of housing units to be built." [1990 c 253 § 1.]

43.70.400 Head injury prevention—Legislative finding. The legislature finds that head injury is a major cause of death and disability for Washington citizens. The costs of head injury treatment and rehabilitation are extensive and resultant disabilities are long and indeterminate. These costs are often borne by public programs such as medicaid. The legislature finds further that many such injuries are preventable. The legislature intends to reduce the occurrence of head injury by educating persons whose behavior may place them at risk and by regulating certain activities. [1990 c 270 § 2.]

43.70.410 Head injury prevention—Program, generally. As used in RCW 43.70.400 through 43.70.440, the term "head injury" means traumatic brain injury.

A head injury prevention program is created in the department of health. The program's functions may be integrated with those of similar programs to promote comprehensive, integrated, and effective health promotion and disease prevention.

In consultation with the traffic safety commission, the department shall, directly or by contract, identify and coordinate public education efforts currently underway within state government and among private groups to prevent traumatic brain injury, including, but not limited to, bicycle safety, pedestrian safety, bicycle passenger seat safety, motorcycle safety, motor vehicle safety, and sports safety. If the department finds that programs are not available or not in use, it may, within funds appropriated for the purpose, provide grants to promote public education efforts. Grants may be awarded only after recipients have demonstrated coordination with relevant and knowledgeable groups within their communities, including at least schools, brain injury support organizations, hospitals, physicians, traffic safety specialists, police, and the public. The department may accept grants, gifts, and donations from public or private sources to use to carry out the head injury prevention program.

The department may assess or contract for the assessment of the effectiveness of public education efforts coordinated or initiated by any agency of state government. Agencies are directed to cooperate with assessment efforts by providing access to data and program records as reasonably required. The department may seek and receive additional funds from the federal government or private sources for assessments. Assessments shall contain findings and recommendations that will improve the effectiveness of public education efforts. These findings shall be distributed among public and private groups concerned with traumatic brain injury prevention. [1990 c 270 § 3.]

Bicycle awareness program: RCW 43.43.390.

43.70.420 Head injury prevention—Information preparation. The department of health, the department of licensing, and the traffic safety commission shall jointly prepare information for driver license manuals, driver education programs, and driving tests to increase driver awareness of pedestrian safety, to increase driver skills in avoiding pedestrian and motor vehicle accidents, and to determine drivers' abilities to avoid pedestrian motor vehicle accidents. [1990 c 270 § 4.]

43.70.430 Head injury prevention—Guidelines on training and education—Training of emergency medical personnel. The department shall prepare guidelines on relevant training and education regarding traumatic brain injury for health and education professionals, and relevant public safety and law enforcement officials. The department shall distribute such guidelines and any recommendations for training or educational requirements for health professionals or educators to the disciplinary authorities governed by chapter 18.130 RCW and to educational service districts established under chapter 28A.310 RCW. Specifically, all emergency medical personnel shall be trained in proper helmet removal. [1990 c 270 § 6.]

43.70.440 Head injury prevention act—Short title—1990 c 270. This act shall be known and cited as the Head Injury Prevention Act of 1990. [1990 c 270 § 1.]

43.70.460 Retired primary and specialty care provider liability malpractice insurance—Program authorized. (1) The department may establish a program to purchase and maintain liability malpractice insurance for retired primary and specialty care providers who provide health care services to low-income patients. The following conditions apply to the program:

(a) Health care services shall be provided at clinics serving low-income patients that are public or private tax-exempt corporations or other established practice settings as defined by the department;

(b) Health care services provided at the clinics shall be offered to low-income patients based on their ability to pay;

(c) Retired health care providers providing health care services shall not receive compensation for their services; and

(d) The department shall contract only with a liability insurer authorized to offer liability malpractice insurance in the state.

(e) Specialists in this program will be limited to those whose malpractice insurance premiums are comparable to primary care providers.

(2) This section and RCW 43.70.470 shall not be interpreted to require a liability insurer to provide coverage to a health care provider should the insurer determine that coverage should not be offered to a health care provider because of past claims experience or for other appropriate reasons.

(3) The state and its employees who operate the program shall be immune from any civil or criminal action involving claims against clinics or health care providers that provided

health care services under this section and RCW 43.70.470. This protection of immunity shall not extend to any clinic or health care provider participating in the program.

(4) The department may monitor the claims experience of retired health care providers covered by liability insurers contracting with the department.

(5) The department may provide liability insurance under chapter 113, Laws of 1992 only to the extent funds are provided for this purpose by the legislature. If there are insufficient funds to support all applications for liability insurance coverage, priority shall be given to those retired health care providers working at clinics operated by public or private tax-exempt corporations rather than clinics operated by for-profit corporations. [2005 c 156 § 1; 2004 c 184 § 1; 1993 c 492 § 276; 1992 c 113 § 2.]

Finding—1993 c 492: See note following RCW 28B.115.080.

Findings—Intent—1993 c 492: See notes following RCW 43.20.050.

Short title—Severability—Savings—Captions not law—Reservation of legislative power—Effective dates—1993 c 492: See RCW 43.72.910 through 43.72.915.

Legislative declaration—1992 c 113: "There are a number of retired physicians who wish to provide, or are providing, health care services to low-income patients without compensation. However, the cost of obtaining malpractice insurance is a burden that is deterring them from donating their time and services in treating the health problems of the poor. The necessity of maintaining malpractice insurance for those in practice is a significant reality in today's litigious society.

A program to alleviate the onerous costs of malpractice insurance for retired physicians providing uncompensated health care services to low-income patients will encourage philanthropy and augment state resources in providing for the health care needs of those who have no access to basic health care services.

An estimated sixteen percent of the nonelderly population do not have health insurance and lack access to even basic health care services. This is especially problematic for low-income persons who are young and who are either unemployed or have entry-level jobs without health care benefits. The majority of the uninsured, however, are working adults, and some twenty-nine percent are children.

The legislature declares that this act will increase the availability of primary care to low-income persons and is in the interest of the public health and safety." [1992 c 113 § 1.]

43.70.470 Retired health care provider liability malpractice insurance—Conditions. The department may establish by rule the conditions of participation in the liability insurance program by retired health care providers at clinics utilizing retired health care providers for the purposes of this section and RCW 43.70.460. All health care providers must be in conformity with current requirements for licensure, including continuing education requirements;

(2) Health care shall be limited to noninvasive procedures and shall not include obstetrical care. Noninvasive procedures include injections, suturing of minor lacerations, and incisions of boils or superficial abscesses. Primary dental care shall be limited to diagnosis, oral hygiene, restoration,

(4) The participating health care provider shall limit the provision of health care services to primarily low-income persons provided that clinics may, but are not required to, provide means tests for eligibility as a condition for obtaining health care services;

(5) The participating health care provider shall not accept compensation for providing health care services from patients served pursuant to this section and RCW 43.70.460, nor from clinics serving these patients. "Compensation" shall mean any remuneration of value to the participating health care provider for services provided by the health care provider, but shall not be construed to include any nominal copayments charged by the clinic, nor reimbursement of related expenses of a participating health care provider authorized by the clinic in advance of being incurred; and

(6) The use of mediation or arbitration for resolving questions of potential liability may be used, however any mediation or arbitration agreement format shall be expressed in terms clear enough for a person with a sixth grade level of education to understand, and on a form no longer than one page in length. Practice indicators shall be based upon expert consensus and best available scientific evidence. The department shall:

(1) Develop a definition of expert consensus and best available scientific evidence so that practice indicators can serve as a standard for excellence in the provision of health care services.

(2) Establish a process to identify and evaluate practice indicators and risk management protocols as they are developed by the appropriate professional, scientific, and clinical communities.

(3) Recommend the use of practice indicators and risk management protocols in quality assurance, utilization review, or provider payment to the health services commission. [1993 c 492 § 410.]

(6) A coordinated quality improvement program may share information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee or a peer review committee under RCW 4.24.250 with one or more other coordinated quality improvement programs maintained in accordance with this section or with RCW 70.41.200, a coordinated quality improvement committee maintained by an ambulatory surgical facility under RCW 70.230.070, a quality assurance committee maintained in accordance with RCW 18.20.390 or 74.42.640, or a peer review committee under RCW 4.24.250, for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice. The privacy protections of chapter 70.02 RCW and the federal health insurance portability and accountability act of 1996 and its implementing regulations apply to the sharing of individually identifiable patient information held by a coordinated quality improvement program. Any rules necessary to implement this section shall meet the requirements of applicable federal and state privacy laws. Information and documents disclosed

by one coordinated quality improvement program to another coordinated quality improvement program or a peer review committee under RCW 4.24.250 and any information and documents created or maintained as a result of the sharing of information and documents shall not be subject to the discovery process and confidentiality shall be respected as required by subsection (4) of this section and RCW 4.24.250.

(7) The department of health shall adopt rules as are necessary to implement this section. [2007 c 273 § 21. Prior: 2006 c 8 § 113; 2005 c 291 § 2; 2005 c 274 § 302; 2005 c 33 § 6; 2004 c 145 § 2; 1995 c 267 § 7; 1993 c 492 § 417.]

43.70.512 Public health—Required measurable outcomes. (1) Protecting the public's health across the state is a fundamental responsibility of the state. With any new state funding of the public health system as appropriated for the purposes of *sections 60 through 65 of this act, the state expects that measurable benefits will be realized to the health of the residents of Washington. A transparent process that shows the impact of increased public health spending on performance measures related to the health outcomes in subsection (2) of this section is of great value to the state and its residents. In addition, a well-funded public health system is expected to become a more integral part of the state's emergency preparedness system.

(2) Subject to the availability of amounts appropriated for the purposes of *sections 60 through 65 of this act, distributions to local health jurisdictions shall deliver the following outcomes:

(a) Create a disease response system capable of responding at all times;

(b) Stop the increase in, and reduce, sexually transmitted disease rates;

(c) Reduce vaccine preventable diseases;

(d) Build capacity to quickly contain disease outbreaks;

(e) Decrease childhood and adult obesity and types I and II diabetes rates, and resulting kidney failure and dialysis;

(f) Increase childhood immunization rates;

(g) Improve birth outcomes and decrease child abuse;

(h) Reduce animal-to-human disease rates; and

(i) Monitor and protect drinking water across jurisdictional boundaries.

(3) Benchmarks for these outcomes shall be drawn from the national healthy people 2010 goals, other reliable data sets, and any subsequent national goals. [2007 c 259 § 60.]

***Reviser's note:** "Sections 60 through 65 of this act" include this section, RCW 43.70.514 through 43.70.518, and 43.70.522, and the 2007 c 259 amendments to RCW 43.70.520.

43.70.514 Public health—Definitions. The definitions in this section apply throughout *sections 60 through 65 of this act unless the context clearly requires otherwise.

(1) "Core public health functions of statewide significance" or "public health functions" means health services that:

(a) Address: Communicable disease prevention and response; preparation for, and response to, public health emergencies caused by pandemic disease, earthquake, flood, or terrorism; prevention and management of chronic diseases and disabilities; promotion of healthy families and the development of children; assessment of local health conditions, risks, and trends, and evaluation of the effectiveness of intervention efforts; and environmental health concerns;

(b) Promote uniformity in the public health activities conducted by all local health jurisdictions in the public health system, increase the overall strength of the public health system, or apply to broad public health efforts; and

(c) If left neglected or inadequately addressed, are reasonably likely to have a significant adverse impact on counties beyond the borders of the local health jurisdiction.

(2) "Local health jurisdiction" or "jurisdiction" means a county board of health organized under chapter 70.05 RCW, a health district organized under chapter 70.46 RCW, or a combined city and county health department organized under chapter 70.08 RCW. [2007 c 259 § 61.]

***Reviser's note:** "Sections 60 through 65 of this act" include this section, RCW 43.70.512, 43.70.516, 43.70.518, and 43.70.522, and the 2007 c 259 amendments to RCW 43.70.520.

Severability—Subheadings not law—2007 c 259: See notes following RCW 41.05.033.

43.70.516 Public health—Department's duties. (1) The department shall accomplish the tasks included in subsection (2) of this section by utilizing the expertise of varied interests, as provided in this subsection.

(a) In addition to the perspectives of local health jurisdictions, the state board of health, the Washington health foundation, and department staff that are currently engaged in development of the public health services improvement plan under RCW 43.70.520, the secretary shall actively engage:

(i) Individuals or entities with expertise in the development of performance measures, accountability and systems management, such as the University of Washington school of public health and community medicine, and experts in the development of evidence-based medical guidelines or public health practice guidelines; and

(ii) Individuals or entities who will be impacted by performance measures developed under this section and have relevant expertise, such as community clinics, public health nurses, large employers, tribal health providers, family planning providers, and physicians.

(b) In developing the performance measures, consideration shall be given to levels of performance necessary to promote uniformity in core public health functions of statewide significance among all local health jurisdictions, best scientific evidence, national standards of performance, and innovations in public health practice. The performance mea-

asures shall be developed to meet the goals and outcomes in RCW 43.70.512. The office of the state auditor shall provide advice and consultation to the committee to assist in the development of effective performance measures and health status indicators.

(c) On or before November 1, 2007, the experts assembled under this section shall provide recommendations to the secretary related to the activities and services that qualify as core public health functions of statewide significance and performance measures. The secretary shall provide written justification for any departure from the recommendations.

(2) By January 1, 2008, the department shall:

(a) Adopt a prioritized list of activities and services performed by local health jurisdictions that qualify as core public health functions of statewide significance as defined in RCW 43.70.514; and

(b) Adopt appropriate performance measures with the intent of improving health status indicators applicable to the core public health functions of statewide significance that local health jurisdictions must provide.

(3) The secretary may revise the list of activities and the performance measures in future years as appropriate. Prior to modifying either the list or the performance measures, the secretary must provide a written explanation of the rationale for such changes.

(4) The department and the local health jurisdictions shall abide by the prioritized list of activities and services and the performance measures developed pursuant to this section.

(5) The department, in consultation with representatives of county governments, shall provide local jurisdictions with financial incentives to encourage and increase local investments in core public health functions. The local jurisdictions shall not supplant existing local funding with such state-incented resources. [2007 c 259 § 62.]

Severability—Subheadings not law—2007 c 259: See notes following RCW 41.05.033.

43.70.518 Public health—Annual reports. Beginning November 15, 2009, the department shall report to the legislature and the governor annually on the distribution of funds to local health jurisdictions under *sections 60 through 65 of this act and the use of those funds. The initial report must discuss the performance measures adopted by the secretary and any impact the funding in chapter 259, Laws of 2007 has had on local health jurisdiction performance and health status indicators. Future reports shall evaluate trends in performance over time and the effects of expenditures on performance over time. [2007 c 259 § 63.]

***Reviser's note:** "Sections 60 through 65 of this act" include this section, RCW 43.70.512, 43.70.514, 43.70.516, and 43.70.522, and the 2007 c 259 amendments to RCW 43.70.520.

Severability—Subheadings not law—2007 c 259: See notes following RCW 41.05.033.

43.70.520 Public health services improvement plan—Performance measures. (1) The legislature finds that the public health functions of community assessment, policy development, and assurance of service delivery are essential elements in achieving the objectives of health reform in Washington state. The legislature further finds that the population-based services provided by state and local health

departments are cost-effective and are a critical strategy for the long-term containment of health care costs. The legislature further finds that the public health system in the state lacks the capacity to fulfill these functions consistent with the needs of a reformed health care system. The legislature further finds that public health nurses and nursing services are an essential part of our public health system, delivering evidence-based care and providing core services including prevention of illness, injury, or disability; the promotion of health; and maintenance of the health of populations.

(2) The department of health shall develop, in consultation with local health departments and districts, the state board of health, the health services commission, area Indian health service, and other state agencies, health services providers, and citizens concerned about public health, a public health services improvement plan. The plan shall provide a detailed accounting of deficits in the core functions of assessment, policy development, assurance of the current public health system, how additional public health funding would be used, and describe the benefits expected from expanded expenditures.

(3) The plan shall include:

(a) Definition of minimum standards for public health protection through assessment, policy development, and assurances:

(i) Enumeration of communities not meeting those standards;

(ii) A budget and staffing plan for bringing all communities up to minimum standards;

(iii) An analysis of the costs and benefits expected from adopting minimum public health standards for assessment, policy development, and assurances;

(b) Recommended strategies and a schedule for improving public health programs throughout the state, including:

(i) Strategies for transferring personal health care services from the public health system, into the uniform benefits package where feasible; and

(ii) Linking funding for public health services to performance measures that relate to achieving improved health outcomes; and

(c) A recommended level of dedicated funding for public health services to be expressed in terms of a percentage of total health service expenditures in the state or a set per person amount; such recommendation shall also include methods to ensure that such funding does not supplant existing federal, state, and local funds received by local health departments, and methods of distributing funds among local health departments.

(4) The department shall coordinate this planning process with the study activities required in section 258, chapter 492, Laws of 1993.

(5) By March 1, 1994, the department shall provide initial recommendations of the public health services improvement plan to the legislature regarding minimum public health standards, and public health programs needed to address urgent needs, such as those cited in subsection (7) of this section.

(6) By December 1, 1994, the department shall present the public health services improvement plan to the legislature, with specific recommendations for each element of the

plan to be implemented over the period from 1995 through 1997.

(7) Thereafter, the department shall update the public health services improvement plan for presentation to the legislature prior to the beginning of a new biennium.

(8) Among the specific population-based public health activities to be considered in the public health services improvement plan are: Health data assessment and chronic and infectious disease surveillance; rapid response to outbreaks of communicable disease; efforts to prevent and control specific communicable diseases, such as tuberculosis and acquired immune deficiency syndrome; health education to promote healthy behaviors and to reduce the prevalence of chronic disease, such as those linked to the use of tobacco; access to primary care in coordination with existing community and migrant health clinics and other not for profit health care organizations; programs to ensure children are born as healthy as possible and they receive immunizations and adequate nutrition; efforts to prevent intentional and unintentional injury; programs to ensure the safety of drinking water and food supplies; poison control; trauma services; and other activities that have the potential to improve the health of the population or special populations and reduce the need for or cost of health services. 43.70.522 Public health performance measures—Assessing the use of funds—Secretary's duties. (1) Each local health jurisdiction shall submit to the secretary such data as the secretary determines is necessary to allow the secretary to assess whether the local health jurisdiction has used the funds in a manner consistent with achieving the performance measures in RCW 43.70.516.

(2) If the secretary determines that the data submitted demonstrates that the local health jurisdiction is not spending the funds in a manner consistent with achieving the performance measures, the secretary shall:

(a) Provide a report to the governor identifying the local health jurisdiction and the specific items that the secretary identified as inconsistent with achieving the performance measures; and

(b) Require that the local health jurisdiction submit a plan of correction to the secretary within sixty days of receiving notice from the secretary, which explains the measures that the jurisdiction will take to resume spending funds in a manner consistent with achieving the performance measures. The secretary shall provide technical assistance to the local health jurisdiction to support the jurisdiction in successfully completing the activities included in the plan of correction.

(3) Upon a determination by the secretary that a local health jurisdiction that had previously been identified as not spending the funds in a manner consistent with achieving the performance measures has resumed consistency, the secretary shall notify the governor that the jurisdiction has returned to consistent status.

(4) Any local health jurisdiction that has not resumed spending funds in a manner consistent with achieving the performance measures within one year of the secretary reporting the jurisdiction to the governor shall be precluded from receiving any funds appropriated for the purposes of *sections 60 through 65 of this act. Funds may resume once the local health jurisdiction has demonstrated to the satisfaction of the secretary that it has returned to consistent status. [2007 c 259 § 65.]

***Reviser's note:** "Sections 60 through 65 of this act" include this section, RCW 43.70.512, 43.70.514, 43.70.516, and 43.70.518, and the 2007 c 259 amendments to RCW 43.70.520.

Severability—Subheadings not law—2007 c 259: See notes following RCW 41.05.033.

43.70.525 Immunization assessment and enhancement proposals by local jurisdictions. (1) The department, in conjunction with local health jurisdictions, shall require each local health jurisdiction to submit an immunization assessment and enhancement proposal, consistent with the standards established in the public health [services] improvement plan, to provide immunization protection to the children of the state to further reduce vaccine-preventable diseases.

(2) These plans shall include, but not be limited to:

(a) A description of the population groups in the jurisdiction that are in the greatest need of immunizations;

(b) A description of strategies to use outreach, volunteer, and other local educational resources to enhance immunization rates; and

(c) A description of the capacity required to accomplish the enhancement proposal.

(3) This section shall be implemented consistent with available funding.

(4) The secretary shall report through the public health [services] improvement plan to the health care and fiscal committees of the legislature on the status of the program and progress made toward increasing immunization rates in population groups of greatest need. [1994 c 299 § 29.]

43.70.533 Chronic conditions—Training and technical assistance for primary care providers. (1) The department shall conduct a program of training and technical assistance regarding care of people with chronic conditions for providers of primary care. The program shall emphasize evidence-based high quality preventive and chronic disease care. The department may designate one or more chronic conditions to be the subject of the program.

(2) The training and technical assistance program shall include the following elements:

(a) Clinical information systems and sharing and organization of patient data;

(b) Decision support to promote evidence-based care;

(c) Clinical delivery system design;

(d) Support for patients managing their own conditions; and

(e) Identification and use of community resources that are available in the community for patients and their families.

(3) In selecting primary care providers to participate in the program, the department shall consider the number and type of patients with chronic conditions the provider serves, and the provider's participation in the medicaid program, the basic health plan, and health plans offered through the public employees' benefits board. [2007 c 259 § 5.]

Severability—Subheadings not law—2007 c 259: See notes following RCW 41.05.033.

43.70.540 Data collection—Legislative finding and intent. The legislature recognizes that the state patrol, the administrative office of the courts, the sheriffs' and police chiefs' association, the department of social and health services, the department of community, trade, and economic development, the sentencing guidelines commission, the department of corrections, and the superintendent of public instruction each have comprehensive data and analysis capabilities that have contributed greatly to our current understanding of crime and violence, and their causes.

The legislature finds, however, that a single health-oriented agency must be designated to provide consistent guidelines to all these groups regarding the way in which their data systems collect this important data. It is not the intent of the legislature by RCW 43.70.545 to transfer data collection requirements from existing agencies or to require the addition of major new data systems. It is rather the intent to make only the minimum required changes in existing data systems to increase compatibility and comparability, reduce duplication, and to increase the usefulness of data collected by these agencies in developing more accurate descriptions of violence. [2005 c 282 § 45; 1995 c 399 § 76; 1994 sp.s. c 7 § 201.]

Legislative finding and intent—1994 sp.s. c 7: "The legislature finds that the increasing violence in our society causes great concern for the immediate health and safety of our citizens and our social institutions. Youth violence is increasing at an alarming rate and young people between the ages of fifteen and twenty-four are at the highest risk of being perpetrators and victims of violence. Additionally, random violence, including homicide and the use of firearms, has dramatically increased over the last decade.

The legislature finds that violence is abhorrent to the aims of a free society and that it cannot be tolerated. State efforts at reducing violence must include changes in criminal penalties, reducing the unlawful use of and access to firearms, increasing educational efforts to encourage nonviolent means for resolving conflicts, and allowing communities to design their prevention efforts.

The legislature finds that the problem of violence can be addressed with many of the same approaches that public health programs have used to control other problems such as infectious disease, tobacco use, and traffic fatalities.

Addressing the problem of violence requires the concerted effort of all communities and all parts of state and local governments. It is the immediate purpose of chapter 7, Laws of 1994 sp. sess. to: (1) Prevent acts of violence by encouraging change in social norms and individual behaviors that have been shown to increase the risk of violence; (2) reduce the rate of at-risk children and youth, as defined in *RCW 70.190.010; (3) increase the severity and certainty of punishment for youth and adults who commit violent acts; (4) reduce the severity of harm to individuals when violence occurs; (5) empower communities to focus their concerns and allow them to control the funds dedicated to empirically supported preventive efforts in their region; and (6) reduce the fiscal and social impact of violence on our society." [1994 sp.s. c 7 § 101.]

***Reviser's note:** The governor vetoed 1994 sp.s. c 7 § 302, which amended RCW 70.190.010 to define "at-risk children and youth." RCW 70.190.010 was subsequently amended by 1996 c 132 § 2, which now includes a definition for "at-risk children."

Severability—1994 sp.s. c 7: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act

or the application of the provision to other persons or circumstances is not affected." [1994 sp.s. c 7 § 913.]

Effective dates—Contingent expiration date—1994 sp.s. c 7: "(1) Sections 201 through 204, 302, 323, 411, 412, 417, and 418 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 6, 1994].

(2) Sections 904 through 908 of this act shall take effect July 1, 1995.

* (3) Notwithstanding other provisions of this section, if sections 901 through 909 of this act are referred to the voters at the next succeeding general election and sections 901 through 909 of this act are rejected by the voters, then the amendments by sections 510 through 512, 519, 521, 525, and 527 of this act shall expire on July 1, 1995." [1994 sp.s. c 7 § 915 (Referendum Bill No. 43, subsection (3) approved November 8, 1994).]

***Reviser's note:** Sections 901 through 909, chapter 7, Laws of 1994 sp. sess. were approved and ratified by the voters on November 8, 1994, in Referendum Bill No. 43. Therefore, the amendments to sections 510 through 512, 519, 521, 525, and 527, chapter 7, Laws of 1994 sp. sess. do not expire on July 1, 1995.

43.70.545 Data collection and reporting rules. (1) The department of health shall develop, based on recommendations in the public health services improvement plan and in consultation with affected groups or agencies, comprehensive rules for the collection and reporting of data relating to acts of violence, at-risk behaviors, and risk and protective factors. The data collection and reporting rules shall be used by any public or private entity that is required to report data relating to these behaviors and conditions. The department may require any agency or program that is state-funded or that accepts state funds and any licensed or regulated person or professional to report these behaviors and conditions. To the extent possible the department shall require the reports to be filed through existing data systems. The department may also require reporting of attempted acts of violence and of nonphysical injuries. For the purposes of this section "acts of violence" means self-directed and interpersonal behaviors that can result in suicide, homicide, and nonfatal intentional injuries. "At-risk behaviors," "protective factors," and "risk factors" have the same meanings as provided in RCW 70.190.010. A copy of the data used by a school district to prepare and submit a report to the department shall be retained by the district and, in the copy retained by the district, identify the reported acts or behaviors by school site.

(2) The department is designated as the statewide agency for the coordination of all information relating to violence and other intentional injuries, at-risk behaviors, and risk and protective factors.

(3) The department shall provide necessary data to the local health departments for use in planning by or evaluation of any community network authorized under RCW 70.190.060.

(4) The department shall by rule establish requirements for local health departments to perform assessment related to at-risk behaviors and risk and protective factors and to assist community networks in policy development and in planning and other duties under chapter 7, Laws of 1994 sp. sess.

(5) The department may, consistent with its general authority and directives under RCW 43.70.540 through 43.70.560, contract with a college or university that has experience in data collection relating to the health and overall welfare of children to provide assistance to:

(a) State and local health departments in developing new sources of data to track acts of violence, at-risk behaviors, and risk and protective factors; and

(b) Local health departments to compile and effectively communicate data in their communities. [1998 c 245 § 76; 1994 sp.s. c 7 § 202.]

Finding—Intent—Severability—Effective dates—Contingent expiration date—1994 sp.s. c 7: See notes following RCW 43.70.540.

43.70.550 Public health services improvement plan—Contents. The public health services improvement plan developed under RCW 43.70.520 shall include:

(1) Minimum standards for state and local public health assessment, performance measurement, policy development, and assurance regarding social development to reduce at-risk behaviors and risk and protective factors. The department in the development of data collection and reporting requirements for the superintendent of public instruction, schools, and school districts shall consult with the joint select committee on education restructuring and local school districts.

(2)(a) Measurable risk factors that are empirically linked to violent criminal acts by juveniles, teen substance abuse, teen pregnancy and male parentage, teen suicide attempts, dropping out of school, child abuse or neglect, and domestic violence; and

(b) An evaluation of other factors to determine whether they are empirically related risk factors, such as: Out-of-home placements, poverty, single-parent households, inadequate nutrition, hunger, unemployment, lack of job skills, gang affiliation, lack of recreational or cultural opportunities, school absenteeism, court-ordered parenting plans, physical, emotional, or behavioral problems requiring special needs assistance in K-12 schools, learning disabilities, and any other possible factors.

(3) Data collection and analysis standards on at-risk behaviors and risk and protective factors for use by the local public health departments and the *state council and the local community networks to ensure consistent and interchangeable data.

(4) Recommendations regarding any state or federal statutory barriers affecting data collection or reporting.

The department shall provide an annual report to the Washington state institute for public policy on the implementation of this section. [1994 sp.s. c 7 § 203.]

***Reviser's note:** RCW 70.170.030, which created the health care access and cost control council, was repealed by 1995 c 269 § 2204, effective July 1, 1995.

Finding—Intent—Severability—Effective dates—Contingent expiration date—1994 sp.s. c 7: See notes following RCW 43.70.540.

43.70.555 Assessment standards. The department, in consultation with the family policy council created in chapter 70.190 RCW, shall establish, by rule, standards for local health departments and networks to use in assessment, performance measurement, policy development, and assurance regarding social development to prevent health problems caused by risk factors empirically linked to: Violent criminal acts by juveniles, teen substance abuse, teen pregnancy and male parentage, teen suicide attempts, dropping out of school, child abuse or neglect, and domestic violence. The standards shall be based on the standards set forth in the pub-

(2008 Ed.)

lic health services improvement plan as required by RCW 43.70.550. [1998 c 245 § 77; 1994 sp.s. c 7 § 204.]

Finding—Intent—Severability—Effective dates—Contingent expiration date—1994 sp.s. c 7: See notes following RCW 43.70.540.

43.70.560 Media violence—Reporting reduction efforts. The legislature encourages the use of a statewide voluntary, socially responsible policy to reduce the emphasis, amount, and type of violence in all public media. The department shall develop a suggested reporting format for use by the print, television, and radio media in reporting their voluntary violence reduction efforts. Each area of the public media may carry out the policy in whatever manner that area deems appropriate. [1994 sp.s. c 7 § 205.]

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

43.70.570 Intent—1995 c 43. The legislature declares its intent to implement the recommendations of the public health improvement plan by initiating a program to provide the public health system with the necessary capacity to improve the health outcomes of the population of Washington state and establishing the methodology by which improvement in the health outcomes and delivery of public health activities will be assessed. [1995 c 43 § 1.]

Severability—1995 c 43: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1995 c 43 § 14.]

Effective dates—Contingent effective dates—1995 c 43: See note following RCW 70.05.030.

43.70.575 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 43.70.570 through 43.70.580.

(1) "Capacity" means actions that public health jurisdictions must do as part of ongoing daily operations to adequately protect and promote health and prevent disease, injury, and premature death. The public health improvement plan identifies capacity necessary for assessment, policy development, administration, prevention, including promotion and protection, and access and quality.

(2) "Department" means the department of health.

(3) "Local health jurisdiction" means the local health agency, either county or multicounty, operated by local government, with oversight and direction from a local board of health, that provides public health services throughout a defined geographic area.

(4) "Health outcomes" means long-term objectives that define optimal, measurable, future levels of health status, maximum acceptable levels of disease, injury, or dysfunction, or prevalence of risk factors in areas such as improving the rate of immunizations for infants and children to ninety percent and controlling and reducing the spread of tuberculosis and that are stated in the public health improvement plan.

(5) "Public health improvement plan," also known as the public health services improvement plan, means the public health services improvement plan established under RCW 43.70.520, developed by the department, in consultation with local health departments and districts, the state board of health, the health services commission, area Indian health

services, and other state agencies, health services providers, and residents concerned about public health, to provide a detailed accounting of deficits in the core functions of assessment, policy development, and assurance of the current public health system, how additional public health funding would be used, and to describe the benefits expected from expanded expenditures.

(6) "Public health" means activities that society does collectively to assure the conditions in which people can be healthy. This includes organized community efforts to prevent, identify, preempt, and counter threats to the public's health.

(7) "Public health system" means the department, the state board of health, and local health jurisdictions. [1995 c 43 § 2.]

43.70.580 Public health improvement plan—Funds—Performance-based contracts—Rules—Evaluation and report. The primary responsibility of the public health system, is to take those actions necessary to protect, promote, and improve the health of the population. In order to accomplish this, the department shall:

(1) Identify, as part of the public health improvement plan, the key health outcomes sought for the population and the capacity needed by the public health system to fulfill its responsibilities in improving health outcomes.

(2)(a) Distribute state funds that, in conjunction with local revenues, are intended to improve the capacity of the public health system. The distribution methodology shall encourage system-wide effectiveness and efficiency and provide local health jurisdictions with the flexibility both to determine governance structures and address their unique needs.

(b) Enter into with each local health jurisdiction performance-based contracts that establish clear measures of the degree to which the local health jurisdiction is attaining the capacity necessary to improve health outcomes. The contracts negotiated between the local health jurisdictions and the department of health must identify the specific measurable progress that local health jurisdictions will make toward achieving health outcomes. A community assessment conducted by the local health jurisdiction according to the public health improvement plan, which shall include the results of the comprehensive plan prepared according to RCW 70.190.130, will be used as the basis for identifying the health outcomes. The contracts shall include provisions to encourage collaboration among local health jurisdictions. State funds shall be used solely to expand and complement, but not to supplant city and county government support for public health programs.

(3) Develop criteria to assess the degree to which capacity is being achieved and ensure compliance by public health jurisdictions.

(4) Adopt rules necessary to carry out the purposes of chapter 43, Laws of 1995.

(5) Biennially, within the public health improvement plan, evaluate the effectiveness of the public health system, assess the degree to which the public health system is attain-

ing the capacity to improve the status of the public's health, and report progress made by each local health jurisdiction toward improving health outcomes. [1995 c 43 § 3.]

43.70.590 American Indian health care delivery plan. Consistent with funds appropriated specifically for this purpose, the department shall establish in conjunction with the area Indian health services system and providers an advisory group comprised of Indian and non-Indian health care facilities and providers to formulate an American Indian health care delivery plan. The plan shall include:

(1) Recommendations to providers and facilities methods for coordinating and joint venturing with the Indian health services for service delivery;

(2) Methods to improve American Indian-specific health programming; and

(3) Creation of co-funding recommendations and opportunities for the unmet health services programming needs of American Indians. [1995 c 43 § 4; 1993 c 492 § 468. Formerly RCW 41.05.240.]

Reviser's note: RCW 41.05.240 was amended and recodified as RCW 43.70.590 by 1995 c 43 without cognizance of the repeal by 1995 1st sp.s. c 6 § 9. For rule of construction concerning sections amended and repealed in the same legislative session, see RCW 1.12.025.

43.70.600 Survey regarding exposure to radio frequencies—Results. When funds are appropriated for this purpose, the department shall conduct a survey of scientific literature regarding the possible health effects of human exposure to the radio frequency part of the electromagnetic spectrum (300Hz to 300GHz). The department may submit the survey results to the legislature, prepare a summary of that survey, and make the summary available to the public. The department may update the survey and summary periodically. [1998 c 245 § 78; 1996 c 323 § 6.]

Findings—1996 c 323: "The legislature finds that concerns have been raised over possible health effects from exposure to some wireless telecommunications facilities, and that exposures from these facilities should be kept as low as reasonably achievable while still allowing the operation of these networks. The legislature further finds that the department of health should serve as the state agency that follows the issues and compiles information pertaining to potential health effects from wireless telecommunications facilities." [1996 c 323 § 1.]

43.70.605 Personal wireless services—Random testing on power density analysis—Rules. Unless this section is preempted by applicable federal statutes, the department may require that in residential zones or areas, all providers of personal wireless services, as defined in *section 1 of this act, provide random test results on power density analysis for the provider's licensed frequencies showing radio frequency levels before and after development of the personal wireless service antenna facilities, following national standards or protocols of the federal communications commission or other federal agencies. This section shall not apply to microcells as defined in RCW 80.36.375. The department may adopt rules to implement this section. [1996 c 323 § 7.]

***Reviser's note:** The reference to section 1 of this act is erroneous. Section 2 of the act, codified as RCW 43.21C.0384, was apparently intended.

Findings—1996 c 323: See note following RCW 43.70.600.

43.70.610 Domestic violence education program—Established—Findings. The legislature finds that domestic violence is the leading cause of injury among women and is linked to numerous health problems, including depression, abuse of alcohol and other drugs, and suicide. Despite the frequency of medical attention, few people are diagnosed as victims of spousal abuse. The department, in consultation with the disciplinary authorities as defined in RCW 18.130.040, shall establish, within available department general funds, an ongoing domestic violence education program as an integral part of its health professions regulation. The purpose of the education program is to raise awareness and educate health care professionals regarding the identification, appropriate treatment, and appropriate referral of victims of domestic violence. The disciplinary authorities having the authority to offer continuing education may provide training in the dynamics of domestic violence. No funds from the health professions account may be utilized to fund activities under this section unless the disciplinary authority authorizes expenditures from its proportions of the account. A disciplinary authority may defray costs by authorizing a fee to be charged for participants or materials relating to any sponsored program. [1996 c 191 § 89.]

43.70.615 Multicultural health awareness and education program—Integration into health professions basic education preparation curriculum. (1) For the purposes of this section, "multicultural health" means the provision of health care services with the knowledge and awareness of the causes and effects of the determinants of health that lead to disparities in health status between different genders and racial and ethnic populations and the practice skills necessary to respond appropriately.

(2) The department, in consultation with the disciplining authorities as defined in RCW 18.130.040, shall establish, within available department general funds, an ongoing multicultural health awareness and education program as an integral part of its health professions regulation. The purpose of the education program is to raise awareness and educate health care professionals regarding the knowledge, attitudes, and practice skills necessary to care for diverse populations to achieve a greater understanding of the relationship between culture and health. The disciplining authorities having the authority to offer continuing education may provide training in the dynamics of providing culturally competent, multicultural health care to diverse populations. Any such education shall be developed in collaboration with education programs that train students in that health profession. A disciplining authority may require that instructors of continuing education or continuing competency programs integrate multicultural health into their curricula when it is appropriate to the subject matter of the instruction. No funds from the health professions account may be utilized to fund activities under this section unless the disciplining authority authorizes expenditures from its proportions of the account. A disciplining authority may defray costs by authorizing a fee to be

(2008 Ed.)

charged for participants or materials relating to any sponsored program.

(3) By July 1, 2008, each education program with a curriculum to train health professionals for employment in a profession credentialed by a disciplining authority under chapter 18.130 RCW shall integrate into the curriculum instruction in multicultural health as part of its basic education preparation curriculum. The department may not deny the application of any applicant for a credential to practice a health profession on the basis that the education or training program that the applicant successfully completed did not include integrated multicultural health curriculum as part of its basic instruction. [2006 c 237 § 2.]

Findings—2006 c 237: "The legislature finds that women and people of color experience significant disparities from the general population in education, employment, healthy living conditions, access to health care, and other social determinants of health. The legislature finds that it shall be a priority for the state to develop the knowledge, attitudes, and practice skills of health professionals and those working with diverse populations to achieve a greater understanding of the relationship between culture and health and gender and health." [2006 c 237 § 1.]

43.70.620 List of contacts—Health care professions. The secretary shall create and maintain a list of contacts with each of the health care professions regulated under the following chapters for the purpose of policy advice and information dissemination: RCW 18.06.080, 18.89.050, and 18.138.070 and chapters 18.135, 18.55, and 18.88A RCW. [1999 c 151 § 402.]

Part headings not law—Effective date—1999 c 151: See notes following RCW 18.28.010.

43.70.630 Cost-reimbursement agreements. (1) The department may enter into a written cost-reimbursement agreement with a permit applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing. The cost-reimbursement agreement shall identify the specific tasks, costs, and schedule for work to be conducted under the agreement.

(2) The written cost-reimbursement agreement shall be negotiated with the permit applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant or proponent shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants to replace the time and functions committed by these permanent staff to the project. The billing process

shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments. Use of cost-reimbursement agreements shall not reduce the current level of staff available to work on permits not covered by cost-reimbursement agreements. The department may not use any funds under a cost-reimbursement agreement to replace or supplant existing funding. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement. [2007 c 94 § 12; 2003 c 70 § 3; 2000 c 251 § 4.]

Intent—Captions not law—Effective date—2000 c 251: See notes following RCW 43.21A.690.

43.70.640 Workplace breastfeeding policies—Infant-friendly designation. (1) An employer may use the designation "infant-friendly" on its promotional materials if the employer has an approved workplace breastfeeding policy addressing at least the following:

(a) Flexible work scheduling, including scheduling breaks and permitting work patterns that provide time for expression of breast milk;

(b) A convenient, sanitary, safe, and private location, other than a restroom, allowing privacy for breastfeeding or expressing breast milk;

(c) A convenient clean and safe water source with facilities for washing hands and rinsing breast-pumping equipment located in the private location specified in (b) of this subsection; and

(d) A convenient hygienic refrigerator in the workplace for the mother's breast milk.

(2) Employers seeking approval of a workplace breastfeeding policy must submit the policy to the department of health. The department of health shall review and approve those policies that meet the requirements of this section. The department may directly develop and implement the criteria for "infant-friendly" employers, or contract with a vendor for this purpose.

(3) For the purposes of this section, "employer" includes those employers defined in RCW 49.12.005 and also includes the state, state institutions, state agencies, political subdivisions of the state, and municipal corporations or quasi-municipal corporations. [2001 c 88 § 3.]

Acknowledgment—Declaration—Findings—2001 c 88: "(1) The legislature acknowledges the surgeon general's summons to all sectors of society and government to help redress the low breastfeeding rates and duration in the United States, including the social and workplace factors that can make it difficult for women to breastfeed. The legislature also acknowledges the surgeon general's report on the health and economic importance of breastfeeding which concludes that:

(a) Breastfeeding is one of the most important contributors to infant health;

(b) Breastfeeding provides a range of benefits for the infant's growth, immunity, and development; and

(c) Breastfeeding improves maternal health and contributes economic benefits to the family, health care system, and workplace.

(2) The legislature declares that the achievement of optimal infant and child health, growth, and development requires protection and support for the practice of breastfeeding. The legislature finds that:

(a) The American academy of pediatrics recommends exclusive breastfeeding for the first six months of a child's life and breastfeeding with the addition of solid foods to continue for at least twelve months, and that arrangements be made to provide expressed breast milk if the mother and child must separate during the first year. Children should be breastfed or fed expressed breast milk when they show signs of need, rather than according

to a set schedule or the location;

(b) Breast milk contains all the nutrients a child needs for optimal health, growth, and development, many of which can only be found in breast milk;

(c) Research in developed countries provides strong evidence that breastfeeding decreases the incidence and/or severity of diarrhea, lower respiratory tract infection, otitis media, bacteremia, bacterial meningitis, urinary tract infection, and necrotizing enterocolitis. In addition, a number of studies show a possible protective effect of breastfeeding against AIDS, Type I diabetes mellitus, Crohn's disease, lymphoma, ulcerative colitis, and allergic diseases;

(d) Studies also indicate health benefits in mothers who breastfeed. Breastfeeding is one of the few ways that mothers may be able to lower their risk of developing breast and ovarian cancer, with benefits proportional to the duration that they are able to breastfeed. In addition, the maternal hormonal changes stimulated by breastfeeding also help the uterus recover faster and minimize the amount of blood mothers lose after birth. Breastfeeding inhibits ovulation and menstrual bleeding, thereby decreasing the risk of anemia and a precipitous subsequent pregnancy. Breastfeeding women also have an earlier return to prepregnancy weight;

(e) Approximately two-thirds of women who are employed when they become pregnant return to the workforce by the time their children are six months old;

(f) Employers benefit when their employees breastfeed. Breastfed infants are sick less often; therefore, maternal absenteeism from work is lower in companies with established lactation programs. In addition, employee medical costs are lower and employee productivity is higher;

(g) According to a survey of mothers in Washington, most want to breastfeed but discontinue sooner than they hope, citing lack of societal and workplace support as key factors limiting their ability to breastfeed;

(h) Many mothers fear that they are not making enough breast milk and therefore decrease or discontinue breastfeeding. Frequency of breastfeeding or expressing breast milk is the main regulator of milk supply, such that forcing mothers to go prolonged periods without breastfeeding or expressing breast milk can undermine their ability to maintain breastfeeding; and

(i) Maternal stress can physiologically inhibit a mother's ability to produce and let down milk. Mothers report modifiable sources of stress related to breastfeeding, including lack of protection from harassment and difficulty finding time and an appropriate location to express milk while away from their babies.

(3) The legislature encourages state and local governmental agencies, and private and public sector businesses to consider the benefits of providing convenient, sanitary, safe, and private rooms for mothers to express breast milk." [2001 c 88 § 1.]

43.70.650 School sealant endorsement program—Rules—Fee—Report to the legislature. The secretary is authorized to create a school sealant endorsement program for dental hygienists and dental assistants. The secretary of health, in consultation with the dental quality assurance commission and the dental hygiene examining committee, shall adopt rules to implement this section.

(1) A dental hygienist licensed in this state after April 19, 2001, is eligible to apply for endorsement by the department of health as a school sealant dental hygienist upon completion of the Washington state school sealant endorsement program. While otherwise authorized to act, currently licensed hygienists may still elect to apply for the endorsement.

(2) A dental assistant employed after April 19, 2001, by a dentist licensed in this state, who has worked under dental supervision for at least two hundred hours, is eligible to apply for endorsement by the department of health as a school sealant dental assistant upon completion of the Washington state school sealant endorsement program. While otherwise authorized to act, currently employed dental assistants may still elect to apply for the endorsement.

(3) The department may impose a fee for implementation of this section.

(4) The secretary shall provide a report to the legislature by December 1, 2005, evaluating the outcome of chapter 93, Laws of 2001. [2001 c 93 § 2.]

Findings—Intent—2001 c 93: "The legislature finds that access to preventive and restorative oral health services by low-income children is currently restricted by complex regulatory, financial, cultural, and geographic barriers that have resulted in a large number of children suffering unnecessarily from dental disease. The legislature also finds that very early exposure to oral health care can reverse this disease in many cases, thereby significantly reducing costs of providing dental services to low-income populations.

It is the intent of the legislature to address the problem of poor access to oral health care by providing for school-based sealant programs through the endorsement of dental hygienists." [2001 c 93 § 1.]

Effective date—2001 c 93: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 19, 2001]." [2001 c 93 § 5.]

43.70.660 Product safety education. (1) The legislature authorizes the secretary to establish and maintain a product safety education campaign to promote greater awareness of products designed to be used by infants and children that:

(a) Are recalled by the United States consumer products safety commission;

(b) Do not meet federal safety regulations and voluntary safety standards;

(c) Are unsafe or illegal to place into the stream of commerce under the infant crib safety act, chapter 70.111 RCW; or

(d) Contain chemicals of high concern for children as identified under RCW 70.240.030.

(2) The department shall make reasonable efforts to ensure that this infant and children product safety education campaign reaches the target population. The target population for this campaign includes, but is not limited to, parents, foster parents and other caregivers, child care providers, consignment and resale stores selling infant and child products, and charitable and governmental entities serving infants, children, and families.

(3) The secretary may utilize a combination of methods to achieve this outreach and education goal, including but not limited to print and electronic media. The secretary may operate the campaign or may contract with a vendor.

(4) The department shall coordinate this infant and children product safety education campaign with child-serving entities including, but not limited to, hospitals, birthing centers, midwives, pediatricians, obstetricians, family practice physicians, governmental and private entities serving infants, children, and families, and relevant manufacturers.

(5) The department shall coordinate with other agencies and entities to eliminate duplication of effort in disseminating infant and children consumer product safety information.

(6) The department may receive funding for this infant and children product safety education effort from federal, state, and local governmental entities, child-serving foundations, or other private sources. [2008 c 288 § 6; 2001 c 257 § 2.]

Findings—Intent—2001 c 257: "(1) The legislature finds that infants and children in Washington are injured, sometimes fatally, by unsafe consumer products designed for use by infants and children.

(2) The legislature finds that parents and other persons responsible for the care of infants and children are often unaware that some of these consumer products have been recalled or are unsafe.

(2008 Ed.)

(3) The legislature intends to address this lack of awareness by establishing a statewide infant and children product safety campaign across Washington state." [2001 c 257 § 1.]

43.70.665 Early detection breast and cervical cancer screening program—Medical advisory committee. (1)

The legislature finds that Washington state has the highest incidence of breast cancer in the nation. Despite this, mortality rates from breast cancer have declined due largely to early screening and detection. Invasive cervical cancer is the most preventable type of cancer. The Pap test, used to detect early signs of this disease, has been called "medicine's most successful screening test." Applied consistently, invasive cervical cancer could nearly be eliminated. The legislature further finds that increasing access to breast and cervical cancer screening is critical to reducing incidence and mortality rates, and eliminating the disparities of this disease in women in Washington state. Furthermore, the legislature finds there is a need for a permanent program providing early detection and screening to the women and families of Washington state.

It is the intent of the legislature to establish an early detection breast and cervical cancer screening program as a voluntary screening program directed at reducing mortalities through early detection to be offered to eligible women only as funds are available.

(2) As used in this section:

(a) "Eligible woman" means a woman who is age forty to sixty-four, and whose income is at or below two hundred fifty percent of the federal poverty level, as published annually by the federal department of health and human services. Priority enrollment shall be given to women as defined by the federal national breast and cervical cancer early detection program, under P.L. 101-354.

(b) "Approved providers" means those state-supported health providers, radiology facilities, and cytological laboratories that are recognized by the department as meeting the minimum program policies and procedures adopted by the department to qualify under the federal national breast and cervical cancer early detection program, and are designated as eligible for funding by the department.

(c) "Comprehensive" means a screening program that focuses on breast and cervical cancer screening as a preventive health measure, and includes diagnostic and case management services.

(3) The department of health is authorized to administer a state-supported early detection breast and cervical cancer screening program to assist eligible women with preventive health services. To the extent of available funding, eligible women may be enrolled in the early detection breast and cervical cancer screening program and additional eligible women may be enrolled to the extent that grants and contributions from community sources provide sufficient funds for expanding the program.

(4) Funds appropriated for the state program shall be used only to operate early detection breast and cervical cancer screening programs that have been approved by the department, or to increase access to existing state-approved programs, and shall not supplant federally supported breast and cervical cancer early detection programs.

(5) Enrollment in the early detection breast and cervical cancer screening program shall not result in expenditures that

exceed the amount that has been appropriated for the program in the operating budget. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the department may freeze new enrollment in the program. Nothing in this section prevents the department from continuing enrollment in the program if there are adequate private or public funds in addition to those appropriated in the biennial budget to support the cost of such enrollment.

(6) The department shall establish a medical advisory committee composed of interested medical professionals and consumer liaisons with expertise in a variety of areas relevant to breast and cervical health to provide expert medical advice and guidance. The medical advisory committee shall address national, state, and local concerns regarding best practices in the field of early prevention and detection for breast and cervical cancer and assist the early detection breast and cervical cancer screening program in implementing program policy that follows the best practices of high quality health care for clinical, diagnostic, pathologic, radiological, and oncology services. [2006 c 55 § 1.]

43.70.670 Human immunodeficiency virus insurance program. (1) "Human immunodeficiency virus insurance program," as used in this section, means a program that provides health insurance coverage for individuals with human immunodeficiency virus, as defined in RCW 70.24.017(7), who are not eligible for medical assistance programs from the department of social and health services as defined in RCW 74.09.010(8) and meet eligibility requirements established by the department of health.

(2) The department of health may pay for health insurance coverage on behalf of persons with human immunodeficiency virus, who meet department eligibility requirements, and who are eligible for "continuation coverage" as provided by the federal consolidated omnibus budget reconciliation act of 1985, group health insurance policies, or individual policies. [2007 c 259 § 38; 2003 c 274 § 2.]

Severability—Subheadings not law—2007 c 259: See notes following RCW 41.05.033.

Rules—2003 c 274: "The department of health shall adopt rules to implement this act." [2003 c 274 § 3.]

Effective date—2003 c 274: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003." [2003 c 274 § 4.]

43.70.680 Volunteers for emergency or disaster assistance. (1) The department is authorized to contact persons issued credentials under this title for the purpose of requesting permission to collect his or her name, profession, and contact information as a possible volunteer in the event of a bioterrorism incident, natural disaster, public health emergency, or other emergency or disaster, as defined in RCW 38.52.010, that requires the services of health care providers.

(2) The department shall maintain a record of all volunteers who provide information under subsection (1) of this section. Upon request, the department shall provide the record of volunteers to:

- (a) Local health departments;

- (b) State agencies engaged in public health emergency planning and response, including the state military department;

- (c) Agencies of other states responsible for public health emergency planning and response; and

- (d) The centers for disease control and prevention. [2003 c 384 § 1.]

43.70.690 State asthma plan. (1) The department, in collaboration with its public and private partners, shall design a state asthma plan, based on clinically sound criteria including nationally recognized guidelines such as those established by the national asthma education prevention partnership expert panel report guidelines for the diagnosis and management of asthma.

(2) The plan shall include recommendations in the following areas:

- (a) Evidence-based processes for the prevention and management of asthma;

- (b) Data systems that support asthma prevalence reporting, including population disparities and practice variation in the treatment of asthma;

- (c) Quality improvement strategies addressing the successful diagnosis and management of the disease; and

- (d) Cost estimates and sources of funding for plan implementation.

(3) The department shall submit the completed state plan to the governor and the legislature by December 1, 2005. After the initial state plan is submitted, the department shall provide progress reports to the governor and the legislature on a biennial basis beginning December 1, 2007.

(4) The department shall implement the state plan recommendations made under subsection (2) of this section only to the extent that federal, state, or private funds, including grants, are available for that purpose. [2005 c 462 § 4.]

Findings—2005 c 462: See note following RCW 28A.210.370.

43.70.695 Workforce supply and demographics—Surveys—Public data set—Report to the legislature. (Expires January 1, 2012.) (1) The department, in collaboration with the workforce training and education coordinating board, shall distribute survey questions for the purpose of gathering data related to workforce supply and demographics to all health care providers who hold a license to practice a health profession. The department shall adopt a schedule for distributing surveys by profession so that each profession is surveyed every two years. In developing the survey, the department shall seek advice from researchers that are likely to use the survey data.

(2)(a) At a minimum, the survey shall include questions related to understanding the following characteristics of individuals in the health care workforce:

- (i) Specialty;
- (ii) Birthdate and gender;
- (iii) Race and ethnicity;
- (iv) Hours in practice per week;
- (v) Practice statistics, including hours spent in direct patient care;
- (vi) Zip codes of the location where the provider practices;

(vii) Years in practice, years in practice in Washington, location and years in practice in other jurisdictions;

(viii) Education and training background, including the location and types of education and training received; and

(ix) Type of facilities where the provider practices.

(b) The department may approve proposals for the distribution of surveys containing additional data elements to selected health care professions if it determines that there is a legitimate research interest in obtaining the information, the additional burden on members of the health care profession is not unreasonable, the effect on survey response rates is not unreasonable, and there are funds available. The department may accept funds through contracts, grants, donations, or other forms of contributions to support more detailed surveys.

(3) The department must make a public data set available that meets the confidentiality requirements of subsection (5) of this section. The department may respond to requests for data and other information from the registry for special studies and analysis pursuant to a data-sharing agreement. Any use of the data by the requestor must comply with the confidentiality requirements of subsection (5) of this section. The department may require requestors to pay any or all of the reasonable costs associated with such requests that may be approved.

(4) The failure to complete or return the survey may not be grounds to withhold, fail to renew, or revoke a license or to impose any other disciplinary sanctions against a credentialed health care provider.

(5) The department must process the surveys that it receives in such a way that the identity of individual providers remains confidential. Data elements related to the identification of individual providers are confidential and are exempt from RCW 42.56.040 through 42.56.570 and 42.17.350 through 42.17.450, except as provided in a data-sharing agreement approved by the department pursuant to subsection (3) of this section.

(6) By July 1, 2009, the department shall provide a report to the appropriate committees of the legislature on the effectiveness of using a survey to obtain information on the supply of health care professionals, the distribution and use of the information obtained by the surveys by employers and health professions education and training programs[,], and the extent to which the surveys have alleviated identified shortages of trained health care providers. [2006 c 236 § 2.]

Findings—Intent—2006 c 236: "The legislature finds that people of color experience significant disparities from the general population in education, employment, healthy living conditions, access to health care, and other social determinants of health. The legislature intends to address barriers to gender-appropriate and culturally and linguistically appropriate health care and health education materials, including increasing the number of female and minority health care providers, through expanded recruiting, education, and retention programs. The legislature finds that before developing a workforce that is representative of the diversity of the state's population, relevant and accurate data on health care professionals, students in health care professions, and recipients of health services must first be collected." 43.72.300 Managed competition—Findings and intent. (1) The legislature recognizes that competition among health care providers, facilities, payers, and purchasers will yield the best allocation of health care resources, the lowest prices for health care services, and the highest quality of health care when there exists a large number of buyers and sellers, easily comparable health plans and services, minimal barriers to entry and exit into the health care market, and adequate information for buyers and sellers to base purchasing and production decisions. However, the legislature finds that purchasers of health care services and health care coverage do not have adequate information upon which to base purchasing decisions; that health care facilities and providers of health care services face legal and market disincentives to develop economies of scale or to provide the most cost-efficient and efficacious service; that health insurers, contractors, and health maintenance organizations face market disincentives in providing health care coverage to those Washington residents with the most need for health care coverage; and that potential competitors in the provision of health care coverage bear unequal burdens in entering the market for health care coverage.

(2) The legislature therefore intends to exempt from state anti-trust laws, and to provide immunity from federal anti-trust laws through the state action doctrine for activities approved under this chapter that might otherwise be constrained by such laws and intends to displace competition in the health care market: To contain the aggregate cost of health care services; to promote the development of comprehensive, integrated, and cost-effective health care delivery systems through cooperative activities among health care providers and facilities; to promote comparability of health care coverage; to improve the cost-effectiveness in providing health care coverage relative to health promotion, disease

prevention, and the amelioration or cure of illness; to assure universal access to a publicly determined, uniform package of health care benefits; and to create reasonable equity in the distribution of funds, treatment, and medical risk among purchasers of health care coverage, payers of health care services, providers of health care services, health care facilities, and Washington residents. To these ends, any lawful action taken pursuant to chapter 492, Laws of 1993 by any person or entity created or regulated by chapter 492, Laws of 1993 are declared to be taken pursuant to state statute and in furtherance of the public purposes of the state of Washington.

(3) The legislature does not intend and unless explicitly permitted in accordance with RCW 43.72.310 or under rules adopted pursuant to chapter 492, Laws of 1993, does not authorize any person or entity to engage in activities or to conspire to engage in activities that would constitute per se violations of state and federal anti-trust laws including but not limited to conspiracies or agreements:

(a) Among competing health care providers not to grant discounts, not to provide services, or to fix the price of their services;

(b) Among health carriers as to the price or level of reimbursement for health care services;

(c) Among health carriers to boycott a group or class of health care service providers;

(d) Among purchasers of health plan coverage to boycott a particular plan or class of plans;

(e) Among health carriers to divide the market for health care coverage; or

(f) Among health carriers and purchasers to attract or discourage enrollment of any Washington resident or groups of residents in a health plan based upon the perceived or actual risk of loss in including such resident or group of residents in a health plan or purchasing group. [1997 c 274 § 6; 1993 c 492 § 447.]

Effective date—1997 c 274: See note following RCW 41.05.021.

43.72.310 Managed competition—Competitive oversight—Attorney general duties—Anti-trust immunity—Fees. (1) A health carrier, health care facility, health care provider, or other person involved in the development, delivery, or marketing of health care or health plans may request, in writing, that the department of health obtain an informal opinion from the attorney general as to whether particular conduct is authorized by chapter 492, Laws of 1993. Trade secret or proprietary information contained in a request for informal opinion shall be identified as such and shall not be disclosed other than to an authorized employee of the department of health or attorney general without the consent of the party making the request, except that information in summary or aggregate form and market share data may be contained in the informal opinion issued by the attorney general. The attorney general shall issue such opinion within thirty days of receipt of a written request for an opinion or within thirty days of receipt of any additional information requested by the attorney general necessary for rendering an opinion unless extended by the attorney general for good cause shown. If the attorney general concludes that such conduct is not authorized by chapter 492, Laws of 1993, the person or organization making the request may petition the department of health

(2008 Ed.)

for review and approval of such conduct in accordance with subsection (3) of this section.

(2) After obtaining the written opinion of the attorney general and consistent with such opinion, the department of health:

(a) May authorize conduct by a health carrier, health care facility, health care provider, or any other person that could tend to lessen competition in the relevant market upon a strong showing that the conduct is likely to achieve the policy goals of chapter 492, Laws of 1993 and a more competitive alternative is impractical;

(b) Shall adopt rules governing conduct among providers, health care facilities, and health carriers including rules governing provider and facility contracts with health carriers, rules governing the use of "most favored nation" clauses and exclusive dealing clauses in such contracts, and rules providing that health carriers in rural areas contract with a sufficient number and type of health care providers and facilities to ensure consumer access to local health care services;

(c) Shall adopt rules permitting health care providers within the service area of a plan to collectively negotiate the terms and conditions of contracts with a health carrier including the ability of providers to meet and communicate for the purposes of these negotiations;

(d) Shall adopt rules governing cooperative activities among health care facilities and providers; and

(e) Effective July 1, 1997, in addition to the rule-making authority granted to the department under this section, the department shall have the authority to enforce and administer rules previously adopted by the health services commission and the health care policy board pursuant to RCW 43.72.310.

(3) A health carrier, health care facility, health care provider, or any other person involved in the development, delivery, and marketing of health care services or health plans may file a written petition with the department of health requesting approval of conduct that could tend to lessen competition in the relevant market. Such petition shall be filed in a form and manner prescribed by rule of the department of health.

The department of health shall issue a written decision approving or denying a petition filed under this section within ninety days of receipt of a properly completed written petition unless extended by the department of health for good cause shown. The decision shall set forth findings as to benefits and disadvantages and conclusions as to whether the benefits outweigh the disadvantages.

(4) In authorizing conduct and adopting rules of conduct under this section, the department of health with the advice of the attorney general, shall consider the benefits of such conduct in furthering the goals of health care reform including but not limited to:

(a) Enhancement of the quality of health services to consumers;

(b) Gains in cost efficiency of health services;

(c) Improvements in utilization of health services and equipment;

(d) Avoidance of duplication of health services resources; or

(e) And as to (b) and (c) of this subsection: (i) Facilitates the exchange of information relating to performance expectations; (ii) simplifies the negotiation of delivery arrangements

and relationships; and (iii) reduces the transactions costs on the part of health carriers and providers in negotiating more cost-effective delivery arrangements.

These benefits must outweigh disadvantages including and not limited to:

- (i) Reduced competition among health carriers, health care providers, or health care facilities;
- (ii) Adverse impact on quality, availability, or price of health care services to consumers; or
- (iii) The availability of arrangements less restrictive to competition that achieve the same benefits.

(5) Conduct authorized by the department of health shall be deemed taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(6) With the assistance of the attorney general's office, the department of health shall actively supervise any conduct authorized under this section to determine whether such conduct or rules permitting certain conduct should be continued and whether a more competitive alternative is practical. The department of health shall periodically review petitioned conduct through, at least, annual progress reports from petitioners, annual or more frequent reviews by the department of health that evaluate whether the conduct is consistent with the petition, and whether the benefits continue to outweigh any disadvantages. If the department of health determines that the likely benefits of any conduct approved through rule, petition, or otherwise by the department of health no longer outweigh the disadvantages attributable to potential reduction in competition, the department of health shall order a modification or discontinuance of such conduct. Conduct ordered discontinued by the department of health shall no longer be deemed to be taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(7) Nothing contained in chapter 492, Laws of 1993 is intended to in any way limit the ability of rural hospital districts to enter into cooperative agreements and contracts pursuant to RCW 70.44.450 and chapter 39.34 RCW.

(8) The secretary of health shall from time to time establish fees to accompany the filing of a petition or a written request to the department to obtain an opinion from the attorney general under this section and for the active supervision of conduct approved under this section. Such fees may vary according to the size of the transaction proposed in the petition or under active supervision. In setting such fees, the secretary shall consider that consumers and the public benefit when activities meeting the standards of this section are permitted to proceed; the importance of assuring that persons sponsoring beneficial activities are not foreclosed from filing a petition under this section because of the fee; and the necessity to avoid a conflict, or the appearance of a conflict, between the interests of the department and the public. The total fee for a petition under this section, a written request to the department to obtain an opinion from the attorney general, or a combination of both regarding the same conduct shall not exceed the level that will defray the reasonable costs the department and attorney general incur in considering a petition and in no event shall be greater than twenty-five thousand dollars. The fee for review of approved conduct shall not exceed the level that will defray the reasonable costs the department and attorney general incur in conducting such

a review and in no event shall be greater than ten thousand dollars per annum. The fees shall be fixed by rule adopted in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW, and shall be deposited in the health professions account established in accordance with RCW 43.70.320. [1997 c 274 § 7; 1995 c 267 § 8; 1993 c 492 § 448.]

Effective date—1997 c 274: See note following RCW 41.05.021.

Captions not law—Severability—Effective dates—1995 c 267: See notes following RCW 43.70.052.

43.72.860 Managed care pilot projects. (1) The department of labor and industries, in consultation with the workers' compensation advisory committee, may conduct pilot projects to purchase medical services for injured workers through managed care arrangements. The projects shall assess the effects of managed care on the cost and quality of, and employer and employee satisfaction with, medical services provided to injured workers.

(2) The pilot projects may be limited to specific employers. The implementation of a pilot project shall be conditioned upon a participating employer and a majority of its employees, or, if the employees are represented for collective bargaining purposes, the exclusive bargaining representative, voluntarily agreeing to the terms of the pilot. Unless the project is terminated by the department, both the employer and employees are bound by the project agreements for the duration of the project.

(3) Solely for the purpose and duration of a pilot project, the specific requirements of Title 51 RCW that are identified by the department as otherwise prohibiting implementation of the pilot project shall not apply to the participating employers and employees to the extent necessary for conducting the project. Managed care arrangements for the pilot projects may include the designation of doctors responsible for the care delivered to injured workers participating in the projects.

(4) The projects shall conclude no later than January 1, 1997. [1998 c 245 § 79; 1995 c 81 § 2; 1993 c 492 § 486.]

43.72.900 Health services account. (1) The health services account is created in the state treasury. Moneys in the account may be spent only after appropriation. Subject to the transfers described in subsection (3) of this section, moneys in the account may be expended only for maintaining and expanding health services access for low-income residents, maintaining and expanding the public health system, maintaining and improving the capacity of the health care system, containing health care costs, and the regulation, planning, and administering of the health care system.

(2) Funds deposited into the health services account under RCW 82.24.028 and *82.26.028 shall be used solely as follows:

(a) Five million dollars for the state fiscal year beginning July 1, 2002, and five million dollars for the state fiscal year beginning July 1, 2003, shall be appropriated by the legislature for programs that effectively improve the health of low-income persons, including efforts to reduce diseases and illnesses that harm low-income persons. The department of health shall submit a report to the legislature on March 1, 2002, evaluating the cost-effectiveness of programs that

improve the health of low-income persons and address diseases and illnesses that disproportionately affect low-income persons, and making recommendations to the legislature on which of these programs could most effectively utilize the funds appropriated under this subsection.

(b) Ten percent of the funds deposited into the health services account under RCW 82.24.028 and *82.26.028 remaining after the appropriation under (a) of this subsection shall be transferred no less frequently than annually by the treasurer to the tobacco prevention and control account established by RCW 43.79.480. The funds transferred shall be used exclusively for implementation of the Washington state tobacco prevention and control plan and shall be used only to supplement, and not supplant, funds in the tobacco prevention and control account as of January 1, 2001, however, these funds may be used to replace funds appropriated by the legislature for further implementation of the Washington state tobacco prevention and control plan for the biennium beginning July 1, 2001. For each state fiscal year beginning on and after July 1, 2002, the legislature shall appropriate no less than twenty-six million two hundred forty thousand dollars from the tobacco prevention and control account for implementation of the Washington state tobacco prevention and control plan.

Funds appropriated under this subsection may be used to support outreach and enrollment activities only to the extent necessary to achieve the enrollment goals described in this section.

(3) Prior to expenditure for the purposes described in subsection (2) of this section, funds deposited into the health services account under RCW 82.24.028 and *82.26.028 shall first be transferred to the following accounts to ensure the continued availability of previously dedicated revenues for certain existing programs:

43.81.010 Legislative declaration. The legislature recognizes that significant benefits accrue to the state and that certain types of state operations are more efficient when personnel services are available on an extended basis. Such operations include certain types of facilities managed by

agencies such as the departments of natural resources, corrections, fish and wildlife, social and health services, transportation, and veterans affairs, and the parks and recreation commission.

The means of assuring that such personnel are available on an extended basis is through the establishment of on-site state-owned or leased living facilities. The legislature also recognizes the restrictions and hardship placed upon those personnel who are required to reside in such state-owned or leased living facilities in order to provide extended personnel services.

The legislature further recognizes that there are instances where it is to the benefit of the state to have state-owned or leased living facilities occupied even though such occupancy is not required by the agency as a condition of employment. [1994 c 264 § 27; 1988 c 36 § 19; 1985 c 463 § 1.]

43.81.020 Availability of state-owned or leased living facilities. (1) Whenever an agency requires that an employee reside in state-owned or leased living facilities as a condition of employment, such living facilities shall be made available to the employee under the conditions set forth in RCW 43.81.030 and 43.81.040.

(2) Whenever an agency determines that (a) a living facility owned or leased by the agency is not occupied by employees under subsection (1) of this section and (b) it would be to the agency's benefit to have the facility occupied by an employee of the agency whose duties involve extended personnel services associated with the work site upon which the living facility is located or at work site near to where the living facility is located, the agency may make the facility available to such employee.

(3) Whenever an agency determines that (a) a living facility owned or leased by the agency is not occupied by employees under subsection (1) of this section and (b) the facility has been made available to employees under subsection (2) of this section and that no such employees have opted to reside in the facility, the agency may make the facility available for occupancy to other interested parties. [1985 c 463 § 2.]

43.81.030 Rent—Custodial housekeeping—Damages. (1) No rent may be charged to persons living in facilities provided under RCW 43.81.020(1). Such employees shall pay the costs of utilities associated with the living facility.

(2) Any person occupying state-owned or leased living facilities shall do so with the understanding that he or she assumes custodial housekeeping responsibility as directed by the agency. Such responsibility shall not include maintenance, repairs, or improvements to the facilities. An occupant of a state-owned or leased facility is liable for damages to the facility in excess of normal wear and tear. [1989 c 11 § 16; 1985 c 463 § 3.]

Severability—1989 c 11: See note following RCW 9A.56.220.

43.81.040 Maintenance in safe, healthful condition. The state shall maintain living facilities occupied under RCW 43.81.020 in a safe, healthful condition. [1985 c 463 § 4.]

43.82.010 Acquisition, lease, and disposal of real estate for state agencies—Long-range planning—Use of lease as collateral or security—Colocation and consolidation—Studies—Delegation of functions—Exemptions.

(1) The director of general administration, on behalf of the agency involved and after consultation with the office of financial management, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of general administration.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of general administration. The director of general administration shall report to the office of financial management and the appropriate committees of the legislature annually on any exemptions granted pursuant to this subsection.

(3) The director of general administration may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of general administration may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by

the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of general administration may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of general administration shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of general administration shall provide coordinated long-range planning services to identify and evaluate opportunities for colocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of general administration shall determine whether an opportunity exists for colocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of general administration shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of general administration, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of general administration is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of general administration shall charge each

using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of general administration determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of general administration shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of general administration may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of general administration shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of general administration or the director's designee, and recorded with the county auditor of the county in which the property is located.

(12) The director of general administration may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable. By January 1st of each year, beginning January 1, 2008, the department shall submit an annual report to the office of financial management and the appropriate committees of the legislature on all delegated leases.

(13) This section does not apply to the acquisition of real estate by:

(a) The state college and universities for research or experimental purposes;

(b) The state liquor control board for liquor stores and warehouses; and

(c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes.

(14) Notwithstanding any provision in this chapter to the contrary, the department of general administration may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

(15) The department of general administration shall report annually to the office of financial management and the appropriate fiscal committees of the legislature on facility leases executed for all state agencies for the preceding year, lease terms, and annual lease costs. The report must include leases executed under RCW 43.82.045 and subsection (12) of this section. [2007 c 506 § 8; 2004 c 277 § 906; 1997 c 117 § 1. 43.82.020 Approval by capitol committee when real estate located in Thurston county. The acquisition of real estate, and use thereof, shall be subject to the approval of the state capitol committee when the real estate is located in Thurston county. [1965 c 8 § 43.82.020. Prior: 1961 c 184 § 2; 1959 c 255 § 2.]

43.82.030 Acquisition of property and rights declared public use—Eminent domain. The acquisition of any real property or any rights or interests therein for the purpose of this chapter is hereby declared to be for a public use. In furtherance of the purposes of this chapter, the right of eminent domain may be exercised as provided for in chapter 8.04 RCW. [1965 c 8 § 43.82.030. Prior: 1959 c 255 § 3.]

43.82.035 Predesign process for requests to lease, purchase, or build facilities for state programs—Approval of plans for major leased facilities. (1) The office of financial management shall design and implement a modified predesign process for any space request to lease, purchase, or build facilities that involve (a) the housing of new state programs, (b) a major expansion of existing state programs, or (c) the relocation of state agency programs. This includes the consolidation of multiple state agency tenants into one facility. The office of financial management shall define facilities that meet the criteria described in (a) and (b) of this subsection.

(2) State agencies shall submit modified predesigns to the office of financial management and the legislature. Modified predesigns must include a problem statement, an analy-

sis of alternatives to address programmatic and space requirements, proposed locations, and a financial assessment. For proposed projects of twenty thousand gross square feet or less, the agency may provide a cost-benefit analysis, rather than a life-cycle cost analysis, as determined by the office of financial management.

(3) Projects that meet the capital requirements for predesign on major facility projects with an estimated project cost of five million dollars or more pursuant to chapter 43.88 RCW shall not be required to prepare a modified predesign.

(4) The office of financial management shall require state agencies to identify plans for major leased facilities as part of the ten-year capital budget plan. State agencies shall not enter into new or renewed leases of more than one million dollars per year unless such leases have been approved by the office of financial management except when the need for the lease is due to an unanticipated emergency. The regular termination date on an existing lease does not constitute an emergency. The department of general administration shall notify the office of financial management and the appropriate legislative fiscal committees if an emergency situation arises.

(5) For project proposals in which there are estimates of operational savings, the office of financial management shall require the agency or agencies involved to provide details including but not limited to fund sources and timelines. [2007 c 506 § 4.]

Findings—Intent—2007 c 506: "The legislature finds that the capital stock of facilities owned and leased by state agencies represents a significant financial investment by the citizens of the state of Washington. Capital construction projects funded in the state's capital budget require diligent analysis and approval by the governor and the legislature. In some cases, long-term leases obligate state agencies to a larger financial commitment than some capital construction projects without a comparable level of diligence. State facility analysis and portfolio management can be strengthened through greater oversight and support from the office of financial management and the legislature and with input from stakeholders.

The legislature finds that the state lacks specific policies and standards on conducting life-cycle cost analysis to determine the cost-effectiveness of owning or leasing state facilities and lacks clear guidance on when and how to use it. Further, there is limited oversight and review of the results of life-cycle cost analyses in the capital project review process. Unless decision makers are provided a thorough economic analysis, they cannot identify the most cost-effective alternative or identify opportunities for improving the cost-effectiveness of state facility alternatives.

The legislature finds that the statewide accounting system limits the ability of the office of financial management and the legislature to analyze agency expenditures that include only leases for land, buildings, and structures. Additionally, other statewide data systems that track state-owned and leased facility information are limited, onerous, and inflexible.

Therefore, it is the intent of the legislature to strengthen the office of financial management's oversight role in state facility analysis and decision making. Further, it is the intent of the legislature to support the office of financial management's and the department of general administration's need for technical expertise and data systems to conduct thorough analysis, long-term planning, and state facility portfolio management by providing adequate resources in the capital and operating budgets." [2007 c 506 § 1.]

43.82.045 Approval of leases—Privately owned buildings being planned or under construction. State agencies are prohibited from entering into lease agreements for privately owned buildings that are in the planning stage of development or under construction unless there is prior written approval by the director of the office of financial management. Approval of such leases shall not be delegated. Lease agreements described in this section must comply with RCW 43.82.035. [2007 c 506 § 5.]

Findings—Intent—2007 c 506: See note following RCW 43.82.035.

43.82.055 Long-term facility needs—Six-year facility plan. The office of financial management shall:

(1) Work with the department of general administration and all other state agencies to determine the long-term facility needs of state government; and

(2) Develop and submit a six-year facility plan to the legislature by January 1st of every odd-numbered year, beginning January 1, 2009, that includes state agency space requirements and other pertinent data necessary for cost-effective facility planning. The department of general administration shall assist with this effort as required by the office of financial management. [2007 c 506 § 6.]

Findings—Intent—2007 c 506: See note following RCW 43.82.035.

43.82.110 Lease of space—Surplus space. All office or other space made available through the provisions of this chapter shall be leased by the director to such state or federal agencies, for such rental, and on such terms and conditions as he or she deems advisable: PROVIDED, HOWEVER, if space becomes surplus, the director is authorized to lease office or other space in any project to any person, corporation or body politic, for such period as the director shall determine said space is surplus, and upon such other terms and conditions as he or she may prescribe. [1994 c 219 § 13; 1969 c 121 § 2; 1965 c 8 § 43.82.110. Prior: 1961 c 184 § 4; 1959 c 255 § 11.]

Finding—1994 c 219: See note following RCW 43.88.030.

43.82.120 General administration services account—Rental income. All rental income collected by the department of general administration from rental of state buildings shall be deposited in the general administration services account. [1998 c 105 § 14; 1994 c 219 § 14; 1965 c 8 § 43.82.120. Prior: 1961 c 184 § 5; 1959 c 255 § 12.]

Effective date—1998 c 105: See note following RCW 43.19.025.

Finding—1994 c 219: See note following RCW 43.88.030.

43.82.125 Authorized uses for general administration services account. The general administration services account shall be used to pay all costs incurred by the department in the operation of real estate managed under the terms of this chapter. Moneys received into the general administration services account shall be used to pay rent to the owner of the space for occupancy of which the charges have been made and to pay utility and operational costs of the space utilized by the occupying agency: PROVIDED, That moneys received into the account for occupancy of space owned by the state where utilities and other operational costs are covered by appropriation to the department of general administration shall be immediately transmitted to the general fund. [1998 c 105 § 15; 1965 c 8 § 43.82.125. Prior: 1961 c 184 § 6.]

Effective date—1998 c 105: See note following RCW 43.19.025.

43.82.130 Powers and duties of director. The director of the department of general administration is authorized to do all acts and things necessary or convenient to carry out the

powers and duties expressly provided in this chapter. [1965 c 8 § 43.82.130. Prior: 1959 c 255 § 13.]

43.82.140 Insurance on buildings. The director may, in his discretion, obtain fire or other hazard insurance on any building under his management. [1965 c 8 § 43.82.140. Prior: 1961 c 184 § 7.]

43.82.150 Inventory of state-owned or leased facilities—Report. (1) The office of financial management shall develop and maintain an inventory system to account for all owned or leased facilities utilized by state government. At a minimum, the inventory system must include the facility owner, location, type, condition, and size of each facility. In addition, for owned facilities, the inventory system must include the date and cost of original construction and the cost of any major remodeling or renovation. The inventory must be updated by June 30th of each year. The office of financial management shall publish a report summarizing information contained in the inventory system for each agency by October 1st of each year, beginning in 2010 and shall submit this report to the appropriate fiscal committees of the legislature.

(2) All agencies, departments, boards, commissions, and institutions of the state of Washington shall provide to the office of financial management a complete inventory of owned and leased facilities by September 1, 2010. The inventory must be updated and submitted to the office of financial management by September 1st of each subsequent year. The inventories required under this subsection must be submitted in a standard format prescribed by the office of financial management.

(3) The office of financial management shall report to the legislature by September 1, 2008, on recommended improvements to the inventory system, redevelopment costs, and an implementation schedule for the redevelopment of the inventory system. The report shall also make recommendations on other improvements that will improve accountability and assist in the evaluation of budget requests and facility management by the governor and the legislature.

(4) For the purposes of this section, "facilities" means buildings and other structures with walls and a roof. "Facilities" does not mean roads, bridges, parking areas, utility systems, and other similar improvements to real property. [2007 c 506 § 7; 1997 c 96 § 2; 1993 c 325 § 1.]

Findings—Intent—2007 c 506: See note following RCW 43.82.035.

Findings—Purpose—1997 c 96: "The legislature finds that the capital stock of facilities owned by state agencies represents a significant financial investment by the citizens of the state of Washington, and that providing agencies with the tools and incentives needed to adequately maintain state facilities is critically important to realizing the full value of this investment. The legislature also finds that ongoing reporting of facility inventory, condition, and maintenance information by agencies will improve accountability and assist in the evaluation of budget requests and facility management by the legislature and governor. The purpose of this act is to ensure that recent enhancements to facility and maintenance reporting systems implemented by the office of financial management, and a new program created by the department of general administration to provide maintenance information and technical assistance to state and local agencies, are sustained into the future." [1997 c 96 § 1.]

43.82.160 Plant operation and support program—Information and technical assistance—Voluntary charges and fees. The department of general administration

shall provide information, technical assistance, and consultation on physical plant operation and maintenance issues to state and local governments through the operation of a plant operation and support program. The program shall be funded by voluntary subscription charges and service fees. [1997 c 96 § 3.]

Findings—Purpose—1997 c 96: See note following RCW 43.82.150.

thereto. As used in this section the phrase "public waste disposal facilities" shall not include the acquisition of equipment used to collect, carry, and transport garbage. These bonds shall be paid and discharged within twenty years of the date of issuance or within thirty years should Article VIII of the Constitution of the state of Washington be amended to permit such longer term. No bonds authorized by this chapter shall be offered for sale without prior legislative appropriation of the proceeds of such bonds to be sold. [1990 1st ex.s. c 15 § 7. Prior: 1989 1st ex.s. c 14 § 10; 1989 c 136 § 2; 1977 ex.s. c 242 § 1; 1972 ex.s. c 127 § 2.]

Severability—1990 1st ex.s. c 15: See note following RCW 43.99H.010.

Severability—Effective dates—1989 1st ex.s. c 14: See RCW 43.99H.900 and 43.99H.901.

Intent—1989 c 136: "It is the intent of this act to allow the sale of state general obligation bonds to underwriters at a discount so that they may be sold to the public at face value, thereby resulting in lower interest costs to the state. Increases in bond authorizations under this act represent this discount and will have no effect on the amount of money available for the projects to be financed by the bonds." [1989 c 136 § 1.]

Severability—1977 ex.s. c 242: "If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 ex.s. c 242 § 6.]

43.83A.030 Proceeds to be deposited in state and local improvements revolving account. The proceeds from the sale of bonds authorized by this chapter shall be deposited in the state and local improvements revolving account hereby created in the state treasury and shall be used exclusively for the purpose specified in this chapter and for payment of the expenses incurred in the issuance and sale of the bonds. [1991 sp.s. c 13 § 43; 1985 c 57 § 44; 1972 ex.s. c 127 § 3.]

Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.

Effective date—1985 c 57: See note following RCW 18.04.105.

43.83A.040 Administration of proceeds—Use of funds—Integration of disposal systems. The proceeds from the sale of the bonds deposited in the state and local improvements revolving account of the general fund under the terms of this chapter shall be administered by the state department of ecology subject to legislative appropriation. The department may use or permit the use of any funds derived from the sale of bonds authorized under this chapter to accomplish the purpose for which said bonds are issued by direct expenditures and by grants or loans to public bodies, including grants to public bodies as matching funds in any case where federal, local or other funds are made available on a matching basis for improvements within the purposes of this chapter.

The department may not use or permit the use of any funds derived from the sale of bonds authorized by this chapter for the support of a solid waste recycling activity or service in a locale if the department determines that the activity or service is reasonably available to persons within that locale from private enterprise.

Integration of the management and operation of systems for solid waste disposal with systems of liquid waste disposal holds promise of improved waste disposal efficiency and greater environmental protection and restoration. To encour-

age the planning for and development of such integration, the legislature may provide for special grant incentives to public bodies which plan for or operate integrated waste disposal management systems. [1979 c 68 § 2; 1972 ex.s. c 127 § 4.]

43.83A.050 Definitions. As used in this chapter, the term "waste disposal facilities" shall mean any facilities or systems owned or operated by a public body for the collection, storage, treatment, disposal, recycling, control, or recovery of liquid wastes or solid wastes, including, but not limited to, sanitary sewage, storm water, residential, industrial, and commercial wastes, material segregated into recyclables and nonrecyclables, and any combination of such wastes; and all equipment, utilities, structures, real property, and interests in and improvements on real property, necessary for or incidental to such purpose.

As used in this chapter, the term "public body" means the state of Washington or any agency, political subdivision, taxing district, or municipal corporation thereof, and those Indian tribes now or hereafter recognized as such by the federal government for participation in the federal land and water conservation program and which may constitutionally receive grants or loans from the state of Washington. [1980 c 21 § 2; 1979 c 68 § 1; 1972 ex.s. c 127 § 5.]

43.83A.060 Referral to electorate. This chapter shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1972, in accordance with the provisions of section 3, Article VIII of the Constitution of the state of Washington, and in accordance with the provisions of section 1, Article II of the Constitution of the state of Washington, as amended, and the laws adopted to facilitate the operation thereof. [1972 ex.s. c 127 § 6.]

Reviser's note: Chapter 43.83A RCW was adopted and ratified by the people at the November 7, 1972, general election (Referendum Bill No. 26). Governor's proclamation declaring approval of measure is dated December 7, 1972.

State Constitution Art. 2 § 1(d) provides ". . . Such measure [initiatives and referendums] shall be in operation on and after the thirtieth day after the election at which it is approved . . ."

43.83A.070 Form, terms, conditions, etc., of bonds. The state finance committee is authorized to prescribe the form, terms, conditions, and covenants of the bonds, the time or times of sale of all or any portion of them, and the conditions and manner of their sale and issuance. [1989 c 136 § 3; 1972 ex.s. c 127 § 7.]

Intent—1989 c 136: See note following RCW 43.83A.020.

43.83A.080 Anticipation notes—Pledge and promise—Seal. When the state finance committee has decided to issue such bonds or a portion thereof, it may, pending the issuing of such bonds, issue, in the name of the state, temporary notes in anticipation of the money to be derived from the sale of such bonds, which notes shall be designated as "anticipation notes". Such portion of the proceeds of the sale of such bonds as may be required for such purpose shall be applied to the payment of the principal of and interest on such anticipation notes which have been issued. The bonds and

notes shall pledge the full faith and credit of the state of Washington and shall contain an unconditional promise to pay the principal and interest when due. The state finance committee may authorize the use of a printed facsimile of the seal of the state of Washington in the issuance of the bonds and notes. [1972 ex.s. c 127 § 8.]

43.83A.090 Retirement of bonds from waste disposal facilities bond redemption fund—Retail sales tax collections—Remedies of bond holders—Debt-limit general fund bond retirement account. The waste disposal facilities bond redemption fund is created in the state treasury. This fund shall be exclusively devoted to the payment of interest on and retirement of the bonds authorized by this chapter. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet such bond retirement and interest requirements, and on July 1st of each year the state treasurer shall deposit such amount in the waste disposal facilities bond redemption fund from moneys transmitted to the state treasurer by the state department of revenue and certified by the department to be sales tax collections. Such amount certified by the state finance committee to the state treasurer shall be a prior charge against all retail sales tax revenues of the state of Washington, except that portion thereof heretofore pledged for the payment of bond principal and interest. The owner and holder of each of the bonds or the trustee for any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed herein.

If a debt-limit general fund bond retirement account is created in the state treasury by chapter 456, Laws of 1997 and becomes effective prior to the issuance of any of the bonds authorized by this chapter, the debt-limit general fund bond retirement account shall be used for the purposes of this chapter in lieu of the waste disposal facilities bond redemption fund. [1997 c 456 § 12; 1972 ex.s. c 127 § 9.]

Severability—1997 c 456: See RCW 43.99L.900.

Effective date—1997 c 456 §§ 9-43: See RCW 43.99M.901.

43.83A.100 Legislature may provide additional means for payment of bonds. The legislature may provide additional means for raising moneys for the payment of the principal and interest of the bonds authorized herein, and this chapter shall not be deemed to provide an exclusive method for such payment. [1972 ex.s. c 127 § 10.]

43.83A.110 Bonds legal investment for public funds. The bonds herein authorized shall be a legal investment for all state funds, or for funds under state control, and for all funds of any other public body. [1972 ex.s. c 127 § 11.]

43.83A.900 Appropriation. There is appropriated to the state department of ecology, from the state and local improvements revolving account out of the proceeds of sale of the bonds or notes authorized herein, for the period from the effective date of this act through June 30, 1973, the sum of ten million dollars for use by said department for grants to public bodies as state matching funds for the purpose of aid-

EMERGENCY WATER WITHDRAWAL AND FACILITIES

43.83B.300 Legislative findings—General obligation bonds authorized—Issuance, terms—Appropriation required. The legislature finds that the fundamentals of water resource policy in this state must be reviewed by the legislature to ensure that the water resources of the state are protected and fully utilized for the greatest benefit to the people of the state of Washington. The legislature further finds that it is necessary to provide the department of ecology with emergency powers to authorize withdrawals of public surface and groundwaters, including dead storage within reservoirs, on a temporary basis, and construction of facilities in relation thereto, in order to alleviate emergency water supply conditions arising from the drought forecast for the state of Washington during 1977 and during 1987 through 1989.

The legislature further finds that there is a continuing water supply shortage in many areas of the state and that there is an urgent need to assure the survival of irrigated crops and of the state's fisheries.

The legislature further finds that in addition to water storage facilities or other augmentation programs, improved efficiency of water use could provide an important new supply of water in many parts of the state with which to meet future water needs and that improved efficiency of water use

should receive greater emphasis in the management of the state's water resources.

In order to study the fundamentals of water resource policy of the state and to provide needed moneys for the planning, acquisition, construction, and improvement of water supply facilities and for other appropriate measures to assure the survival of irrigated crops and/or the state's fisheries to alleviate emergency water supply conditions arising from droughts occurring from time to time in the state of Washington, and to carry out a comprehensive water use efficiency study for the state of Washington, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of eighteen million dollars, or so much thereof as may be required to finance such projects, and all costs incidental thereto. No bonds authorized by this section and RCW 43.83B.360 through 43.83B.375 shall be offered for sale without prior legislative appropriation, and these bonds shall be paid and discharged within thirty years of the date of issuance in accordance with Article VIII, section 1 of the state Constitution. [1988 c 47 § 1; 1988 c 46 § 2; 1988 c 45 § 1; 1987 c 343 § 1; 1979 ex.s. c 263 § 1; 1977 ex.s. c 1 § 1.]

Reviser's note: This section was amended by 1988 c 45 § 1, 1988 c 46 § 2, and by 1988 c 47 § 1, each without reference to the other. All amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Application—1988 c 47: "Nothing in this act shall apply to or interfere with the processing or issuance of water rights in connection with the Yakima River Basin Water Enhancement Project." [1988 c 47 § 8.]

Severability—1988 c 47: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1988 c 47 § 9.]

Severability—1987 c 343: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1987 c 343 § 11.]

Severability—1979 ex.s. c 263: "If any provision of this 1979 amendatory act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 263 § 5.]

43.83B.336 Civil penalties. See RCW 90.03.600.

43.83B.345 Rates of charges for water—Payment into bond redemption fund—Grants and loans—Contracts. (1) The department of ecology shall, by rule, establish rates of charges for all waters delivered from such facilities as constructed by the department with funds provided in RCW 43.83B.385 (2) or (3). Where the department provides water to public or municipal corporations or other governmental bodies having authority to distribute water, the payment for the water may be made pursuant to contract over a period not exceeding twenty-five years from the date of delivery. In all other cases, the department shall obtain payment for waters prior to its delivery to a purchaser. All payments received shall be deposited into the state emergency water projects bond redemption fund of 1977.

(2) Public bodies, eligible to obtain funds through grants or loans or combinations thereof under the provisions of *RCW 43.83B.300 through 43.83B.345 and 43.83B.210 as now or hereafter amended, are authorized to enter into contracts with the department of ecology for the purpose of

repaying loans authorized by RCW 43.83B.380 and 43.83B.385 and for the purpose of purchasing water under this section.

***Reviser's note:** RCW 43.83B.305 through 43.83B.330 and 43.83B.340 through 43.83B.344 were repealed by 1989 c 171 § 12.

43.83B.350 Loans or grants from department of ecology—Authorized—Limitations. See RCW 43.83B.210.

The bonds shall pledge the full faith and credit of the state of Washington and contain an unconditional promise to pay the principal and interest when due. The committee may provide that the bonds, or any of them, may be called prior to the due date thereof under such terms and conditions as it may determine. The state finance committee may authorize the use of facsimile signatures in the issuance of the bonds.

As used in RCW 43.83B.300, and 43.83B.355 through 43.83B.375, the term "water supply facilities for water withdrawal and distribution" shall mean municipal, industrial, and agricultural water supply and distribution systems including, but not limited to, all equipment, utilities, structures, real property, and interest in and improvements on real property necessary for or incidental to the acquisition, construction, installation, improvement, or use of any water supply or distribution system furnishing water for agricultural, municipal or industrial purposes. 43.83B.370 Retirement of bonds and notes from emergency water projects bond redemption fund—Remedies of bond holders. The state emergency water projects bond redemption fund of 1977, hereby created in the state treasury, shall be used for the purpose of the payment of interest on and retirement of the bonds and notes authorized to be issued by RCW 43.83B.300, and 43.83B.355 through 43.83B.375. The state finance committee, on or before June 30th of each year, shall certify to the state treasurer the amount needed in the ensuing twelve months, to meet bond retirement and interest requirements. Not less than thirty days prior to the date on which any such interest or principal and interest payment is due, the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the 1977 emergency water projects bond redemption fund an amount equal to the amount certified by the state finance committee to be due on such payment date.

The owner and holder of each of the bonds or the trustee for any of the bonds, by mandamus or other appropriate proceeding, may require and compel the transfer and payment of funds as directed herein. [1977 ex.s. c 1 § 15.]

43.83B.380 Appropriations to department of health—Authorized projects—Conditions. There is hereby appropriated to the department of health the sum of nine million seven hundred thirty-seven thousand dollars, or so much thereof as may be necessary, for the biennium ending June 30, 1977, from the general fund—state and local improvements revolving account—water supply facilities for the purposes authorized in *RCW 43.83B.300 through 43.83B.345 and 43.83B.210 as now or hereafter amended relating to the emergency water conditions arising from the drought forecast for the summer and fall of 1977 affecting municipal and industrial water supply distribution facilities. Prior to the expenditure of funds for projects approved by the department, the department shall file a listing of the approved projects with the senate ways and means committee and the house appropriations committee.

(2) There is hereby appropriated to the department of health the sum of five million three hundred twenty-seven thousand dollars, or so much thereof as may be necessary, for the biennium ending June 30, 1977, from the general fund—state and local improvements revolving account—water supply facilities to be expended for municipal and industrial water supply and distribution facility projects for which applications are in progress on March 25, 1977 and have arisen from the drought forecast for the summer and fall of 1977. Prior to the expenditure of funds for projects approved by the department, the department shall file a listing of the approved projects with the senate ways and means committee and the house appropriations committee.

The municipal and industrial water supply and distribution facilities receiving funds from the appropriations contained in this section shall comply with the eligible costs criteria, health and design standards, and contract performance

requirements of the municipal and industrial funding program under chapter 43.83B RCW. All projects shall be evaluated by applying the said chapter's evaluation and prioritization criteria to insure that only projects related to water shortage problems receive funding. The projects funded shall be limited to those projects providing interties with adjacent utilities, an expanded source of supply, conservation projects which will conserve or maximize efficiency of the existing supply, or a new source of supply. No obligation to provide a grant for a project authorized under this section shall be incurred after June 30, 1977. [1991 c 3 § 300; 1977 ex.s. c 1 § 17.]

***Reviser's note:** RCW 43.83B.305 through 43.83B.330 and 43.83B.340 through 43.83B.344 were repealed by 1989 c 171 § 12.

43.83B.385 Appropriations to department of ecology—Authorized projects—Findings. (1) There is hereby appropriated to the department of ecology for the biennium ending June 30, 1977, from the state emergency water projects revolving account in the general fund, the sum of seven million dollars, or so much thereof as may be necessary, which shall be expended for the financing of the following agricultural water supply and distribution projects from surface water sources: Kennewick Irrigation District; Kittitas Reclamation District; Stemilt Irrigation District; Wenatchee Heights Reclamation District; and the Wenatchee Reclamation District.

(2) There is hereby appropriated to the department of ecology for the biennium ending June 30, 1977, from the state emergency water projects revolving account in the general fund, the sum of five million dollars, or so much thereof as may be necessary, which shall be expended for the financing and construction of agricultural water supply and distribution projects from groundwater sources primarily in the Moxee-Ahtanum and Park Creek aquifer areas.

(3) There is hereby appropriated to the department of ecology for the biennium ending June 30, 1977, from the state emergency water supply revolving account in the general fund the sum of six million dollars, or so much thereof as may be necessary, which shall be expended for water withdrawal projects relating to ground and surface waters as provided for in subsections (1) and (2) of this section and for the financing and construction of agricultural water supply and distribution projects from ground and surface water sources which may become required by public bodies other than those identified in this section as a result of the drought forecast for the summer and fall of 1977.

The department may expend funds from the appropriations contained in subsections (1), (2), and (3) of this section to make loans or combinations of loans and grants to public bodies as defined in RCW 43.83B.050. The grant portion of a combination loan and grant to a public body for any project shall not exceed fifteen percent of the total amount received by such project under this section.

The department may expend funds from the appropriations contained in subsections (1), (2), and (3) of this section to make loans or combinations of loans and grants to public bodies as defined in RCW 43.83B.050 to satisfy the matching requirements of RCW 43.83B.210 as now or hereafter amended.

(2008 Ed.)

Prior to the funding of any agriculture projects not specifically set forth in this section the department must make a formal finding that: An emergency water shortage condition exists; the project proposed for funding will alleviate the water shortage; the public body recipient of any funds has reasonable capability to repay the loan involved; and the water from the project will be used for a beneficial purpose as a substitute for water not available due to drought conditions. [1977 ex.s. c 1 § 18.]

43.83B.400 Drought conditions—Defined—Intent. It is the intent of the legislature to provide emergency powers to the department of ecology to enable it to take actions, in a timely and expeditious manner, that are designed to alleviate hardships and reduce burdens on various water users and uses arising from drought conditions. As used in this chapter, "drought condition" means that the water supply for a geographical area or for a significant portion of a geographical area is below seventy-five percent of normal and the water shortage is likely to create undue hardships for various water uses and users. [1989 c 171 § 1.]

Severability—1989 c 171: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 171 § 14.]

43.83B.405 Drought conditions—Withdrawals and diversions—Orders, procedure. (1) Whenever it appears to the department of ecology that a drought condition either exists or is forecast to occur within the state or portions thereof, the department of ecology is authorized to issue orders, pursuant to rules previously adopted, to implement the powers as set forth in RCW 43.83B.410 through 43.83B.420. The department shall, immediately upon the issuance of an order under this section, cause said order to be published in newspapers of general circulation in the areas of the state to which the order relates. Prior to the issuance of an order, the department shall (a) consult with and obtain the views of the federal and state government entities identified in the drought contingency plan periodically revised by the department pursuant to RCW 43.83B.410(4), and (b) obtain the written approval of the governor. Orders issued under this section shall be deemed orders for the purposes of chapter 34.05 RCW.

(2) Any order issued under subsection (1) of this section shall contain a termination date for the order. The termination date shall be not later than one calendar year from the date the order is issued. Although the department may, with the written approval of the governor, change the termination date by amending the order, no such amendment or series of amendments may have the effect of extending its termination to a date which is later than two calendar years after the issuance of the order.

(3) The provisions of subsection (2) of this section do not preclude the issuance of more than one order under subsection (1) of this section for different areas of the state or sequentially for the same area as the need arises for such an order or orders. [1989 c 171 § 2.]

Severability—1989 c 171: See note following RCW 43.83B.400.

43.83B.410 Drought conditions—Withdrawals and diversions—Orders, authority granted. Upon the issuance of an order under RCW 43.83B.405, the department of ecology is empowered to:

(1)(a) Authorize emergency withdrawal of public surface and ground waters, including dead storage within reservoirs, on a temporary basis and authorize associated physical works which may be either temporary or permanent. The termination date for the authority to make such an emergency withdrawal may not be later than the termination date of the order issued under RCW 43.83B.405 under which the power to authorize the withdrawal is established. The department of ecology may issue such withdrawal authorization when, after investigation and after providing appropriate federal, state, and local governmental bodies an opportunity to comment, the following are found:

(i) The waters proposed for withdrawal are to be used for a beneficial use involving a previously established activity or purpose;

(ii) The previously established activity or purpose was furnished water through rights applicable to the use of a public body of water that cannot be exercised due to the lack of water arising from natural drought conditions; and

(iii) The proposed withdrawal will not reduce flows or levels below essential minimums necessary (A) to assure the maintenance of fisheries requirements, and (B) to protect federal and state interests including, among others, power generation, navigation, and existing water rights;

(b) All withdrawal authorizations issued under this section shall contain provisions that allow for termination of withdrawals, in whole or in part, whenever withdrawals will conflict with flows and levels as provided in (a)(iii) of this subsection. Domestic and irrigation uses of public surface and ground waters shall be given priority in determining "beneficial uses." As to water withdrawal and associated works authorized under this subsection, the requirements of chapter 43.21C RCW and public bidding requirements as otherwise provided by law are waived and inapplicable. All state and local agencies with authority to issue permits or other authorizations for such works shall, to the extent possible, expedite the processing of the permits or authorizations in keeping with the emergency nature of the requests and shall provide a decision to the applicant within fifteen calendar days of the date of application. All state departments or other agencies having jurisdiction over state or other public lands, if such lands are necessary to effectuate the withdrawal authorizations issued under this subsection, shall provide short-term easements or other appropriate property interest upon the payment of the fair market value. This mandate shall not apply to any lands of the state that are reserved for a special purpose or use that cannot properly be carried out if the property interest were conveyed;

(2) Approve a temporary change in purpose, place of use, or point of diversion, consistent with existing state policy allowing transfer or lease of waters between willing parties, as provided for in RCW 90.03.380, 90.03.390, and 90.44.100. However, compliance with any requirements of (a) notice of newspaper publication of these sections or (b) the state environmental policy act, chapter 43.21C RCW, is not required when such changes are necessary to respond to drought conditions as determined by the department of ecol-

ogy. An approval of a temporary change of a water right as authorized under this subsection is not admissible as evidence in either supporting or contesting the validity of water claims in *State of Washington, Department of Ecology v. Acquavella*, Yakima county superior court number 77-2-01484-5 or any similar proceeding where the existence of a water right is at issue.

(3) Employ additional persons for specified terms of time, consistent with the term of a drought condition, as are necessary to ensure the successful performance of the activities associated with implementing the emergency drought program of this chapter.

(4) Revise the drought contingency plan previously developed by the department; and

(5) Acquire needed emergency drought-related equipment. [1989 c 171 § 3.]

Severability—1989 c 171: See note following RCW 43.83B.400.

43.83B.415 Drought conditions—Loans and grants.

(1) The department of ecology is authorized to make loans, grants, or combinations of loans and grants from emergency agricultural water supply funds when necessary to provide water to alleviate emergency drought conditions in order to ensure the survival of irrigated crops and the state's fisheries. For the purposes of this section, "emergency agricultural water supply funds" means funds appropriated from the state emergency water projects revolving account created under RCW 43.83B.360. The department of ecology may make the loans, grants, or combinations of loans and grants as matching funds in any case where federal, local, or other funds have been made available on a matching basis. The department may make a loan of up to ninety percent of the total eligible project cost or combination loan and grant up to one hundred percent of the total single project cost. The grant portion for any single project shall not exceed twenty percent of the total project cost except that, for activities forecast to have fifty percent or less of normal seasonal water supply, the grant portion for any single project or entity shall not exceed forty percent of the total project cost. No single entity shall receive more than ten percent of the total emergency agricultural water supply funds available for drought relief. These funds shall not be used for nonagricultural drought relief purposes unless there are no other capital budget funds available for these purposes. In any biennium the total expenditures of emergency agricultural water supply funds for nonagricultural drought relief purposes may not exceed ten percent of the total of such funds available during that biennium.

(2)(a) Except as provided in (b) of this subsection, after June 30, 1989, emergency agricultural water supply funds, including the repayment of loans and any accrued interest, shall not be used for any purpose except during drought conditions as determined under RCW 43.83B.400 and 43.83B.405.

(b) Emergency agricultural water supply funds may be used on a one-time basis for the development of procedures to be used by state governmental entities to implement the state's drought contingency plan. [1989 c 171 § 4.]

Severability—1989 c 171: See note following RCW 43.83B.400.

43.83B.420 Rules. The department shall adopt such rules as are necessary to ensure the successful implementation of this chapter. [1989 c 171 § 5.]

Severability—1989 c 171: See note following RCW 43.83B.400.

43.83B.425 Applicability—Construction. Nothing in this chapter shall:

- (1) Authorize any interference whatsoever with existing water rights;
- (2) Authorize the establishment of rights to withdrawal of waters of a permanent nature or of rights with any priority;
- (3) Authorize the establishment of a water right under RCW 90.03.250 or 90.44.060;
- (4) Preclude any person from filing an application pursuant to RCW 90.03.250 or 90.44.060. [1989 c 171 § 6.]

Severability—1989 c 171: See note following RCW 43.83B.400.

43.83B.430 State drought preparedness account. The state drought preparedness account is created in the state treasury. All receipts from appropriated funds designated for the account and funds transferred from the state emergency water projects revolving account must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for drought preparedness. During the 2001-2003 fiscal biennium, the legislature may transfer from the state drought preparedness account to the state general fund such amounts as reflect the excess fund balance of the account. [2002 c 371 § 910; 1999 c 379 § 921.]

Severability—Effective date—2002 c 371: See notes following RCW 9.46.100.

Effective date—1999 c 379: See note following RCW 43.98A.040.

43.83B.900 Severability—1975 1st ex.s. c 295. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1975 1st ex.s. c 295 § 17.]

43.83B.901 Severability—1977 ex.s. c 1. If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1977 ex.s. c 1 § 19.]

43.83C.010 Declaration. The long-range development goals for the state of Washington must include the acquisition, preservation, and improvement of recreation areas and facilities for the use and enjoyment of present and future residents of the state and the further development of the state's tourism and recreation economic base. [1972 ex.s. c 129 § 1.]

43.83C.020 General obligation bonds—Authorized—Issuance, sale, terms—Appropriation required. For the purpose of providing funds for the planning, acquisition, preservation, development, and improvement of recreation areas and facilities in this state, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of forty million dollars or so much thereof as may be required to finance the improvements defined in this chapter and all costs incidental thereto. These bonds shall be paid and discharged within twenty years of the date of issuance or within thirty years should Article VIII of the Constitution of the state of Washington be amended to permit such longer term. No bonds authorized by this chapter shall be offered for sale without prior legislative appropriation of the proceeds of such bonds to be sold. [1977 ex.s. c 242 § 3; 1972 ex.s. c 129 § 2.]

Severability—1977 ex.s. c 242: See note following RCW 43.83A.020.

43.83C.040 Administration of proceeds—Division into shares—Use of funds. The proceeds from the sale of the bonds deposited in the *state and local improvements revolving account of the general fund under the terms of this chapter shall be divided into three shares as follows:

(1) Thirty-five percent of such proceeds shall be administered, subject to legislative appropriation, by the recreation and conservation funding board through the outdoor recreation account and allocated to the state of Washington, or any agency or department thereof, for the acquisition, preservation, and development of recreation areas and facilities by the state. The recreation and conservation funding board may use or permit the use of any portion of such share as matching funds in any case where federal, local, or other funds are made available on a matching basis for improvements within the purposes of this chapter.

(2) Thirty-five percent of such proceeds shall be administered, subject to legislative appropriation, by the recreation and conservation funding board through the outdoor recreation account and allocated to public bodies for the acquisition, preservation, development, and improvement of recreational areas and facilities within the jurisdiction of such bodies. The recreation and conservation funding board may use or permit the use of any portion of such share for loans or grants to public bodies including use as matching funds in any case where federal, local, or other funds are made available on a matching basis for improvements within the purposes of this chapter.

(3) Thirty percent of such proceeds shall be allocated to the state parks and recreation commission, subject to legislative appropriation, for improvement of existing state parks and the acquisition and preservation of historic sites and buildings. The commission may use or permit the use of any portion of such share as matching funds in any case where federal, local, or other funds are made available on a match-

ing basis for improvements within the purposes of this chapter.

In the event that the bonds authorized by this chapter are sold in more than one series the above division into shares shall apply to the total proceeds of the bonds authorized by this chapter and not to the proceeds of each separate series. [2007 c 241 § 7; 1972 ex.s. c 129 § 4.]

***Reviser's note:** The "state and local improvements revolving account" was created in RCW 43.83C.030 which was repealed by 2000 c 150 § 2, effective July 1, 2001.

Intent—Effective date—2007 c 241: See notes following RCW 79A.25.005.

[1972 ex.s. c 129 § 6.]

Reviser's note: Chapter 43.83C RCW was adopted and ratified by the people at the November 7, 1972, general election (Referendum Bill No. 28). Governor's proclamation declaring approval of measure is dated December 7, 1972.

State Constitution Art. 2 § 1(d) provides ". . . Such measure [initiatives and referendums] shall be in operation on and after the thirtieth day after the election at which it is approved . . ."

43.83C.070 Form, terms, conditions, etc., of bonds. The state finance committee is authorized to prescribe the form, terms, conditions, and covenants of the bonds, the time or times of sale of all or any portion of them, and the conditions and manner of their sale and issuance. None of the bonds herein authorized shall be sold for less than their par value. [1972 ex.s. c 129 § 7.]

43.83C.080 Anticipation notes—Pledge and promise—Seal. When the state finance committee has decided to issue such bonds or a portion thereof, it may, pending the issuing of such bonds, issue, in the name of the state, tempo-

Such portion of the proceeds of the sale of such bonds as may be required for such purpose shall be applied to the payment of the principal of and interest on such anticipation notes which have been issued. The bonds and notes shall pledge the full faith and credit of the state of Washington and shall contain an unconditional promise to pay the principal and interest when due. The state finance committee may authorize the use of a printed facsimile of the seal of the state of Washington in the issuance of the bonds and notes. [1972 ex.s. c 129 § 8.]

Such amount certified by the state finance committee to the state treasurer shall be a prior charge against all retail sales tax revenues of the state of Washington, except that portion thereof heretofore pledged for the payment of bond principal and interest. The owner and holder of each of the bonds or the trustee for any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed herein. [1972 ex.s. c 129 § 9.]

43.83C.100 Legislature may provide additional means for payment of bonds. Effective date—2003 c 150 §§ 2 and 3: "Sections 2 and 3 of this act take effect July 1, 2005." [2003 c 150 § 4.]

Findings—Intent—2003 c 150; 2002 c 242: "The legislature finds that the community economic revitalization board plays a valuable and unique role in stimulating and diversifying local economies, attracting private investment, creating new jobs, and generating additional state and local tax revenues by investing in public facilities projects that result in new or expanded economic development. The legislature also finds that it is in the best interest of the state and local communities to secure a stable and dedicated source of funds for the community economic revitalization board. It is the intent of the legislature to establish an ongoing funding source for the community economic revitalization board that will be used exclusively to advance economic development infrastructure. This act provides a partial funding solution by directing that beginning July 1, 2005, the interest earnings generated by the public works assistance account shall be used to fund the community economic revitalization board's financial assistance programs. These funds are not for use other than for the stated purpose and goals of the community economic revitalization board." [2003 c 150 § 1; 2002 c 242 § 1.]

Legislative finding—1999 c 94: "The legislature finds that a periodic review of the accounts and their uses is necessary. While creating new accounts may facilitate the implementation of legislative intent, the creation of too many accounts limits the effectiveness of performance-based budgeting. Too many accounts also limit the flexibility of the legislature to address emerging and changing issues in addition to creating administrative burdens for the responsible agencies. Accounts created for specific purposes may no longer be valid or needed. Accordingly, this act eliminates accounts that are not in use or are unneeded and consolidates accounts that are similar in nature." [1999 c 94 § 1.]

Legislative finding—1999 c 94: "The legislature finds that a periodic review of the accounts and their uses is necessary. While creating new accounts may facilitate the implementation of legislative intent, the creation of too many accounts limits the effectiveness of performance-based budgeting. Too many accounts also limit the flexibility of the legislature to address emerging and changing issues in addition to creating administrative burdens for the responsible agencies. Accounts created for specific purposes may no longer be valid or needed. Accordingly, this act eliminates accounts that are not in use or are unneeded and consolidates accounts that are similar in nature." [1999 c 94 § 1.]

Public funds, deposit and investment, public depositories: Chapter 39.58 RCW.

43.86A.010 Finding—Objectives. The legislature finds that a procedure should be established for the management of short term treasury surplus funds by the state treasurer in order to insure a maximum return while they are on deposit in public depositories. The objectives of this procedure are to minimize noninterest earning demand deposits and provide fair compensation to financial institutions for services rendered to the state through the investment of state funds in time deposits. [1983 c 66 § 20; 1973 c 123 § 1.]

Severability—1983 c 66: See note following RCW 39.58.010.

43.86A.020 Surplus funds held as demand deposits to be limited. After March 19, 1973, the state treasurer shall limit surplus funds held as demand deposits to an amount necessary for current operating expenses including direct warrant redemption payments, investments and revenue collection. The state treasurer may hold such additional funds as demand deposits as he deems necessary to insure efficient treasury management. [1973 c 123 § 2.]

43.86A.030 Time certificate of deposit investment program—Available funds—Allocation. (1) Funds held in public depositories not as demand deposits as provided in RCW 43.86A.020 and 43.86A.030, shall be available for a time certificate of deposit investment program according to the following formula: The state treasurer shall apportion to all participating depositories an amount equal to five percent of the three year average mean of general state revenues as certified in accordance with Article VIII, section 1(b) of the state Constitution, or fifty percent of the total surplus treasury investment availability, whichever is less. Within thirty days after certification, those funds determined to be available according to this formula for the time certificate of deposit investment program shall be deposited in qualified public depositories. These deposits shall be allocated among the

(2008 Ed.)

participating depositories on a basis to be determined by the state treasurer.

(2) Of all funds available under this section, the state treasurer may use up to one hundred seventy-five million dollars per year for the purposes of RCW 43.86A.060(2)(c)(i) and up to fifteen million dollars per year for the purposes of RCW 43.86A.060(2)(c)(ii). The amounts made available to these public depositories shall be equal to the amounts of outstanding loans made under RCW 43.86A.060.

(3) The formula so devised shall be a matter of public record giving consideration to, but not limited to deposits, assets, loans, capital structure, investments or some combination of these factors. However, if in the judgment of the state treasurer the amount of allocation for certificates of deposit as determined by this section will impair the cash flow needs of the state treasury, the state treasurer may adjust the amount of the allocation accordingly. [2008 c 187 § 2; 2007 c 500 § 1; 2005 c 302 § 2; 1993 c 512 § 33; 1982 c 74 § 1; 1973 c 123 § 3.]

Intent—2005 c 302: "The legislature intends that funds provided under the linked deposit program shall be used to create jobs and economic opportunity as well as to remedy the problem of a lack of access to capital by minority and women's business enterprises." [2005 c 302 § 1.]

43.86A.040 Other investment powers of state treasurer not limited. Except as provided in RCW 43.86A.020 and 43.86A.030, nothing in this chapter shall be construed as a limitation upon the powers of the state treasurer to determine the amount of surplus treasury funds which may be invested in time certificates of deposit. [1973 c 123 § 4.]

43.86A.050 Implementation of chapter by state treasurer. The state treasurer shall devise the necessary formulae and methodology to implement the provisions of this chapter. Periodically, but at least once every six months, the state treasurer shall review all rules and shall adopt, amend or repeal them as may be necessary. These rules and a list of time certificate of deposit allocations shall be published in the treasurer's monthly financial report as required under the provisions of RCW 43.08.150. [1973 c 123 § 5.]

43.86A.060 Linked deposit program—Minority and women's business enterprises—State-certified veteran-owned businesses. (1) The state treasurer shall establish a linked deposit program for investment of deposits in qualified public depositories. As a condition of participating in the program, qualified public depositories must make qualifying loans as provided in this section. The state treasurer may purchase a certificate of deposit that is equal to the amount of the qualifying loan made by the qualified public depository or may purchase a certificate of deposit that is equal to the aggregate amount of two or more qualifying loans made by one or more qualified public depositories.

(2) Qualifying loans made under this section are those:

(a) Having terms that do not exceed ten years;

(b) Where an individual loan does not exceed one million dollars;

(c)(i) That are made to a minority or women's business enterprise that has received state certification under chapter 39.19 RCW; or

(ii) That are made to a veteran-owned business that has received state certification under RCW 43.60A.190;

(d) Where the interest rate on the loan to the minority or women's business enterprise or veteran-owned business does not exceed an interest rate that is two hundred basis points below the interest rate the qualified public depository would charge for a loan for a similar purpose and a similar term, except that, if the preference given by the state treasurer to the qualified public depository under subsection (3) of this section is less than two hundred basis points, the qualified public depository may reduce the preference given on the loan by an amount that corresponds to the reduction in preference below two hundred basis points given to the qualified public depository; and

(e) Where the points or fees charged at loan closing do not exceed one percent of the loan amount.

(3) In setting interest rates of time certificate of deposits, the state treasurer shall offer rates so that a two hundred basis point preference will be given to the qualified public depository, except that the treasurer shall lower the amount of the preference to ensure that the effective interest rate on the time certificate of deposit is not less than two percent.

(4) Upon notification by the state treasurer that a minority or women's business enterprise is no longer certified under chapter 39.19 RCW or that a veteran-owned business is no longer certified under RCW 43.60A.190, the qualified public depository shall reduce the amount of qualifying loans by the outstanding balance of the loan made under this section to the minority or women's business enterprise or the veteran-owned business, as applicable.

(5) The office of minority and women's business enterprises has the authority to adopt rules to:

(a) Ensure that when making a qualified loan under the linked deposit program, businesses that have never received a loan under the linked deposit program are given first priority;

(b) Limit the total principal loan amount that any one business receives in qualified loans under the linked deposit program over the lifetime of the businesses;

(c) Limit the total principal loan amount that an owner of one or more businesses receives in qualified loans under the linked deposit program during the owner's lifetime; and

(d) Limit the total amount of any one qualified loan made under the linked deposit program. [2008 c 187 § 3; 2007 c 500 § 2; 2005 c 302 § 3; 2002 c 305 § 1; 1993 c 512 § 30.]

Intent—2005 c 302: See note following RCW 43.86A.030.

Finding—Intent—1993 c 512: "The legislature finds that minority and women's business enterprises have been historically excluded from access to capital in the marketplace. The lack of capital has been a major barrier to the development and expansion of business by various minority groups and women. There has been a significant amount of attention on the capital needs of minority and women's business enterprises. It is the intent of the legislature to remedy the problem of a lack of access to capital by minority and women's business enterprises, and other small businesses by authorizing the state treasurer to operate a program that links state deposits to business loans by financial institutions to minority and women's business enterprises." [1993 c 512 § 29.]

43.86A.070 Linked deposit program—Liability. The state and those acting as its agents are not liable in any manner for payment of the principal or interest on qualifying loans made under RCW 43.86A.060. Any delay in payments

or defaults on the part of the borrower does not in any manner affect the deposit agreement between the qualified public depository and the state treasurer. [1993 c 512 § 34.]

Finding—Intent—1993 c 512: See note following RCW 43.86A.060.

43.86A.080 Linked deposit program—Minority and women’s business enterprises—Public depositories’ participation. Public depositories participating in the linked deposit program are encouraged to increase the funds available to certified minority and women’s business enterprises by taking full advantage of the linked deposit program loans to qualify for the community reinvestment act community programs under federal law (12 U.S.C. Sec. 2901 et seq.). [2005 c 302 § 4.]

Intent—2005 c 302: See note following RCW 43.86A.030.

43.88.005 Finding—Intent. The legislature finds that agency missions, goals, and objectives should focus on statewide results. It is the intent of the legislature to focus the biennial budget on how state agencies produce real results that reflect the goals of statutory programs. Specifically, budget managers and the legislature must have the data to move toward better statewide results that produce the intended public benefit. This data must be supplied in an impartial, quantifiable form, and demonstrate progress

toward statewide results. With a renewed focus on achieving true results, state agencies, the office of financial management, and the legislature will be able to prioritize state resources. [2005 c 386 § 1.]

43.88.010 Purpose—Intent. It is the purpose of this chapter to establish an effective state budgeting, accounting, and reporting system for all activities of the state government, including both capital and operating expenditures; to prescribe the powers and duties of the governor as these relate to securing such fiscal controls as will promote effective budget administration; and to prescribe the responsibilities of agencies of the executive branch of the state government.

It is the intent of the legislature that the powers conferred by this chapter, as amended, shall be exercised by the executive in cooperation with the legislature and its standing, special, and interim committees in its status as a separate and coequal branch of state government. [1986 c 215 § 1; 1981 c 270 § 1; 1973 1st ex.s. c 100 § 1; 1965 c 8 § 43.88.010. Prior: 1959 c 328 § 1.]

Effective date—1981 c 270: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1981." [1981 c 270 § 18.]

Severability—1981 c 270: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 270 § 17.]

43.88.050 Cash deficit. Cash deficit of the current fiscal period is defined for purposes of this chapter as the amount by which the aggregate of disbursements charged to a fund will exceed the aggregate of estimated receipts cred-

ited to such fund in the current fiscal period, less the extent to which such deficit may have been provided for from available beginning cash surplus.

If, for any applicable fund or account, the estimated receipts for the next ensuing period plus cash beginning balances is less than the aggregate of estimated disbursements proposed by the governor for the next ensuing fiscal period, the governor shall include in Part I of the budget document proposals as to the manner in which the anticipated cash deficit shall be met, whether by an increase in the indebtedness of the state, by the imposition of new taxes, by increases in tax rates or an extension thereof, or in any like manner. The governor may propose orderly liquidation of the anticipated cash deficit over a period of one or more fiscal periods, if, in the governor's discretion, such manner of liquidation would best serve the public interest. [1987 c 502 § 4; 1965 c 8 § 43.88.050. Prior: 1959 c 328 § 5.]

Exception: RCW 43.88.265.

are realized within these maximums. [1965 c 8 § 43.88.070. Prior: 1959 c 328 § 7.]

43.88.080 Adoption of budget. Adoption of the omnibus appropriation bill or bills by the legislature shall constitute adoption of the budget and the making of appropriations therefor. A budget for state government shall be finally adopted not later than thirty calendar days prior to the beginning of the ensuing biennium. [1973 1st ex.s. c 100 § 5; 1965 c 8 § 43.88.080. Prior: 1959 c 328 § 8.]

43.88.090 Development of budget—Detailed estimates—Mission statement, measurable goals, quality and productivity objectives—Integration of strategic plans and performance assessment procedures—Reviews by office of financial management—Governor-elect input.

(1) For purposes of developing budget proposals to the legislature, the governor shall have the power, and it shall be the governor's duty, to require from proper agency officials such detailed estimates and other information in such form and at such times as the governor shall direct. The governor shall communicate statewide priorities to agencies for use in developing biennial budget recommendations for their agency and shall seek public involvement and input on these priorities. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. Copies of all such estimates shall be transmitted to the standing committees on ways and means of the house and senate at the same time as they are filed with the governor and the office of financial management.

The estimates shall include statements or tables which indicate, by agency, the state funds which are required for the receipt of federal matching revenues. The estimates shall be revised as necessary to reflect legislative enactments and adopted appropriations and shall be included with the initial biennial allotment submitted under RCW 43.88.110. The estimates must reflect that the agency considered any alternatives to reduce costs or improve service delivery identified in the findings of a performance audit of the agency by the joint legislative audit and review committee. Nothing in this subsection requires performance audit findings to be published as part of the budget.

(2) Each state agency shall define its mission and establish measurable goals for achieving desirable results for those who receive its services and the taxpayers who pay for those services. Each agency shall also develop clear strategies and timelines to achieve its goals. This section does not require an agency to develop a new mission or goals in place of identifiable missions or goals that meet the intent of this section. The mission and goals of each agency must conform to statutory direction and limitations.

(3) For the purpose of assessing activity performance, each state agency shall establish quality and productivity objectives for each major activity in its budget. The objectives must be consistent with the missions and goals developed under this section. The objectives must be expressed to the extent practicable in outcome-based, objective, and measurable form unless an exception to adopt a different standard

is granted by the office of financial management and approved by the legislative committee on performance review. Objectives must specifically address the statutory purpose or intent of the program or activity and focus on data that measure whether the agency is achieving or making progress toward the purpose of the activity and toward statewide priorities. The office of financial management shall provide necessary professional and technical assistance to assist state agencies in the development of strategic plans that include the mission of the agency and its programs, measurable goals, strategies, and performance measurement systems.

(4) Each state agency shall adopt procedures for and perform continuous self-assessment of each activity, using the mission, goals, objectives, and measurements required under subsections (2) and (3) of this section. The assessment of the activity must also include an evaluation of major information technology systems or projects that may assist the agency in achieving or making progress toward the activity purpose and statewide priorities. The evaluation of proposed major information technology systems or projects shall be in accordance with the standards and policies established by the information services board. Agencies' progress toward the mission, goals, objectives, and measurements required by subsections (2) and (3) of this section is subject to review as set forth in this subsection.

(a) The office of financial management shall regularly conduct reviews of selected activities to analyze whether the objectives and measurements submitted by agencies demonstrate progress toward statewide results.

(b) The office of financial management shall consult with the higher education coordinating board and the state board for community and technical colleges in those reviews that involve institutions of higher education.

(c) The goal is for all major activities to receive at least one review each year.

(d) The office of financial management shall consult with the information services board when conducting reviews of major information technology systems in use by state agencies. The goal is that reviews of these information technology systems occur periodically.

(5) It is the policy of the legislature that each agency's budget recommendations must be directly linked to the agency's stated mission and program, quality, and productivity goals and objectives. Consistent with this policy, agency budget proposals must include integration of performance measures that allow objective determination of an activity's success in achieving its goals. When a review under subsection (4) of this section or other analysis determines that the agency's objectives demonstrate that the agency is making insufficient progress toward the goals of any particular program or is otherwise underachieving or inefficient, the agency's budget request shall contain proposals to remedy or improve the selected programs. The office of financial management shall develop a plan to merge the budget development process with agency performance assessment procedures. The plan must include a schedule to integrate agency strategic plans and performance measures into agency budget requests and the governor's budget proposal over three fiscal biennia. The plan must identify those agencies that will implement the revised budget process in the 1997-1999 bien-

nium, the 1999-2001 biennium, and the 2001-2003 biennium. In consultation with the legislative fiscal committees, the office of financial management shall recommend statutory and procedural modifications to the state's budget, accounting, and reporting systems to facilitate the performance assessment procedures and the merger of those procedures with the state budget process. The plan and recommended statutory and procedural modifications must be submitted to the legislative fiscal committees by September 30, 1996.

(6) In reviewing agency budget requests in order to prepare the governor's biennial budget request, the office of financial management shall consider the extent to which the agency's activities demonstrate progress toward the statewide budgeting priorities, along with any specific review conducted under subsection (4) of this section.

(7) In the year of the gubernatorial election, the governor shall invite the governor-elect or the governor-elect's designee to attend all hearings provided in RCW 43.88.100; and the governor shall furnish the governor-elect or the governor-elect's designee with such information as will enable the governor-elect or the governor-elect's designee to gain an understanding of the state's budget requirements. The governor-elect or the governor-elect's designee may ask such questions during the hearings and require such information as the governor-elect or the governor-elect's designee deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect's reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate. [2005 c 386 § 2; 1997 c 372 § 1; 1996 c 317 § 10; 1994 c 184 § 10; 1993 c 406 § 3; 1989 c 273 § 26; 1987 c 505 § 35; 1984 c 247 § 3; 1981 c 270 § 4; 1979 c 151 § 137; 1975 1st ex.s. c 293 § 5; 1973 1st ex.s. c 100 § 6; 1965 c 8 § 43.88.090. 43.88.100 Executive hearings. The governor may provide for hearings on all agency requests for expenditures to enable him to make determinations as to the need, value or usefulness of activities or programs requested by agencies. The governor may require the attendance of proper agency officials at his hearings and it shall be their duty to disclose such information as may be required to enable the governor to arrive at his final determination. [1965 c 8 § 43.88.100. Prior: 1959 c 328 § 10.]

43.88.110 Expenditure programs—Maintenance summary reports—Allotments—Reserves—Monitor capital appropriations—Predesign review for major capital construction. This section sets forth the expenditure programs and the allotment and reserve procedures to be followed by the executive branch for public funds.

(1) Allotments of an appropriation for any fiscal period shall conform to the terms, limits, or conditions of the appropriation.

(2) The director of financial management shall provide all agencies with a complete set of operating and capital instructions for preparing a statement of proposed expenditures at least thirty days before the beginning of a fiscal period. The set of instructions need not include specific appropriation amounts for the agency.

(3) Within forty-five days after the beginning of the fiscal period or within forty-five days after the governor signs the omnibus biennial appropriations act, whichever is later, all agencies shall submit to the governor a statement of proposed expenditures at such times and in such form as may be required by the governor.

(4) The office of financial management shall develop a method for monitoring capital appropriations and expenditures that will capture at least the following elements:

(a) Appropriations made for capital projects including transportation projects;

(b) Estimates of total project costs including past, current, ensuing, and future biennial costs;

(c) Comparisons of actual costs to estimated costs;

(d) Comparisons of estimated construction start and completion dates with actual dates;

(e) Documentation of fund shifts between projects.

This data may be incorporated into the existing accounting system or into a separate project management system, as deemed appropriate by the office of financial management.

(5) The office of financial management shall publish agency annual maintenance summary reports beginning in October 1997. State agencies shall submit a separate report for each major campus or site, as defined by the office of financial management. Reports shall be prepared in a format prescribed by the office of financial management and shall include, but not be limited to: Information describing the number, size, and condition of state-owned facilities; facility maintenance, repair, and operating expenses paid from the state operating and capital budgets, including maintenance staffing levels; the condition of major infrastructure systems; and maintenance management initiatives undertaken by the agency over the prior year. Agencies shall submit their annual maintenance summary reports to the office of financial management by September 1 each year.

(6) The office of financial management, prior to approving allotments for major capital construction projects valued over five million dollars, shall institute procedures for reviewing such projects at the predesign stage that will reduce long-term costs and increase facility efficiency. The procedures shall include, but not be limited to, the following elements:

(a) Evaluation of facility program requirements and consistency with long-range plans;

(b) Utilization of a system of cost, quality, and performance standards to compare major capital construction projects; and

(c) A requirement to incorporate value-engineering analysis and constructability review into the project schedule.

(7) No expenditure may be incurred or obligation entered into for such major capital construction projects including, without exception, land acquisition, site development, predesign, design, construction, and equipment acquisition and installation, until the allotment of the funds to be expended has been approved by the office of financial management.

This limitation does not prohibit the continuation of expenditures and obligations into the succeeding biennium for projects for which allotments have been approved in the immediate prior biennium.

(8) If at any time during the fiscal period the governor projects a cash deficit in a particular fund or account as defined by RCW 43.88.050, the governor shall make across-the-board reductions in allotments for that particular fund or account so as to prevent a cash deficit, unless the legislature has directed the liquidation of the cash deficit over one or more fiscal periods. Except for the legislative and judicial branches and other agencies headed by elective officials, the governor shall review the statement of proposed operating expenditures for reasonableness and conformance with legislative intent. The governor may request corrections of proposed allotments submitted by the legislative and judicial branches and agencies headed by elective officials if those proposed allotments contain significant technical errors. Once the governor approves the proposed allotments, further revisions may at the request of the office of financial management or upon the agency's initiative be made on a quarterly basis and must be accompanied by an explanation of the reasons for significant changes. However, changes in appropriation level authorized by the legislature, changes required by across-the-board reductions mandated by the governor, changes caused by executive increases to spending authority, and changes caused by executive decreases to spending authority for failure to comply with the provisions of chapter 36.70A RCW may require additional revisions. Revisions shall not be made retroactively. However, the governor may assign to a reserve status any portion of an agency appropriation withheld as part of across-the-board reductions made by the governor and any portion of an agency appropriation conditioned on a contingent event by the appropriations act. The governor may remove these amounts from reserve status if the across-the-board reductions are subsequently modified or if the contingent event occurs. The director of financial management shall enter approved statements of proposed expenditures into the state budgeting, accounting, and reporting system within forty-five days after receipt of the proposed statements from the agencies. If an agency or the director of financial management is unable to meet these requirements, the director of financial management shall provide a timely explanation in writing to the legislative fiscal committees.

(9) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. Within ninety days of the end of the fiscal year, all agencies shall submit to the director of financial management their final adjustments to close their books for the fiscal year. Prior to submitting fiscal data, written or oral, to committees of the legislature, it is the responsibility of the agency submitting the data to reconcile it with the budget and accounting data reported by the agency to the director of financial management.

(10) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall report any exemptions granted

under this subsection to the legislative fiscal committees. [2003 c 206 § 1; 1997 c 96 § 6; 1994 c 219 § 5. For those agencies required to develop six-year programs and financial plans under *RCW 44.40.070, six-year revenue estimates shall be submitted to the director of financial management and the transportation committees of the senate and the house of representatives unless the responsibility for reporting these revenue estimates is assumed elsewhere.

43.88.130 When contracts and expenditures prohibited. No agency shall expend or contract to expend any money or incur any liability in excess of the amounts appropriated for that purpose: PROVIDED, That nothing in this section shall prevent the making of contracts or the spending of money for capital improvements, nor the making of contracts of lease or for service for a period exceeding the fiscal period in which such contract is made, when such contract is permitted by law. 43.88.145 Capital projects—Transfer of excess appropriation authority. (1) The capital appropriations act may authorize the governor, through the director of financial management, to transfer the appropriation authority for a capital project that is in excess of the amount required for the completion of the project to another capital project for which the appropriation is insufficient.

(2008 Ed.)

(a) No such transfer may be used to expand the capacity or change the intended use of the project beyond that intended by the legislature in making the appropriation.

(b) The transfer may be effected only between capital projects within a specific department, commission, agency, or institution of higher education.

(c) The transfer may be effected only if the project from which the transfer of funds is made is substantially complete and there are funds remaining, or bids have been let on the project from which the transfer of funds is made and it appears to a substantial certainty that the project can be completed within the biennium for less than the amount appropriated.

(2) For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless the legislative history demonstrates that the legislature intended to define the scope of a project in a different way.

(3) The office of financial management shall notify the legislative fiscal committees of the senate and the house of representatives at least thirty days before any transfer is effected under this section except emergency projects or any transfer under two hundred fifty thousand dollars, and shall prepare a report to such committees listing all completed transfers at the close of each fiscal year. 43.88.150 Priority of expenditures—Appropriated and nonappropriated funds—Matching funds, disburse state moneys proportionally. (1) For those agencies that make expenditures from both appropriated and nonappropriated funds for the same purpose, the governor shall direct such agencies to charge their expenditures in such ratio, as between appropriated and nonappropriated funds, as will conserve appropriated funds. This subsection does not apply to institutions of higher education, as defined in RCW 28B.10.016.

(2) Unless otherwise provided by law, if state moneys are appropriated for a capital project and matching funds or other contributions are required as a condition of the receipt of the state moneys, the state moneys shall be disbursed in proportion to and only to the extent that the matching funds or other contributions have been received and are available for expenditure.

(3) The office of financial management shall adopt guidelines for the implementation of this section. The guidelines may account for federal matching requirements or other requirements to spend other moneys in a particular manner. [1995 c 6 § 1; 1991 c 284 § 3; 1981 c 270 § 10; 1965 c 8 § 43.88.150. 43.88.160 Fiscal management—Powers and duties of officers and agencies. This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor

[Title 43 RCW—page 461]

pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) Except as provided in chapter 43.88C RCW, the director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to pre-

scribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

Each agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following the standards of internal auditing of the institute of internal auditors;

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(c) Establish policies for allowing the contracting of child care services;

(d) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(e) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter the plans, except that for the following agencies no amendment or alteration of the plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(f) Fix the number and classes of positions or authorized employee years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix the number or the classes for the following: Agencies headed by elective officials;

(g) Adopt rules to effectuate provisions contained in (a) through (f) of this subsection.

(5) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Receive, disburse, or transfer public funds under the treasurer's supervision or custody;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Coordinate agencies' acceptance and use of credit cards and other payment methods, if the agencies have received authorization under RCW 43.41.180;

(e) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to disburse public funds in the treasury except upon forms or by alternative

means duly prescribed by the director of financial management. These forms or alternative means shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made. When services are lawfully paid for in advance of full performance by any private individual or business entity other than equipment maintenance providers or as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services. No payments shall be made in advance for any equipment maintenance services to be performed more than twelve months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official, or employee charged with the receipt, custody, or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include determinations as to whether agencies, in making expenditures, complied with the laws of this state. The state auditor is authorized to perform or participate in performance verifications and performance audits as expressly authorized by the legislature in the omnibus biennial appropriations acts or in the performance audit work plan approved by the joint legislative audit and review committee. The state auditor, upon completing an audit for legal and

financial compliance under chapter 43.09 RCW or a performance verification, may report to the joint legislative audit and review committee or other appropriate committees of the legislature, in a manner prescribed by the joint legislative audit and review committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit or performance verification. The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts or in the performance audit work plan. The results of a performance audit conducted by the state auditor that has been requested by the joint legislative audit and review committee must only be transmitted to the joint legislative audit and review committee.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken within six months, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110. The director of financial management shall annually report by December 31st the status of audit resolution to the appropriate committees of the legislature, the state auditor, and the attorney general. The director of financial management shall include in the audit resolution report actions taken as a result of an audit including, but not limited to, types of personnel actions, costs and types of litigation, and value of recouped goods or services.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

(g) In addition to the authority given to the state auditor in this subsection (6), the state auditor is authorized to conduct performance audits identified in RCW 43.09.470. Nothing in this subsection (6) shall limit, impede, or restrict the state auditor from conducting performance audits identified in RCW 43.09.470.

(7) The joint legislative audit and review committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in chapter 44.28 RCW as well as performance audits and program evaluations. To this end the joint committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and

(ii) Such plans as it deems expedient for the support of the state's credit, for lessening expenditures, for promoting frugality and economy in agency affairs, and generally for an improved level of fiscal management. which insufficient or no appropriations have been made, the head of such agency shall submit to the governor, duplicate copies of a sworn statement, setting forth the facts constituting the emergency and the estimated amount of money required therefor. The action may be brought in the county where the alleged violator resides, or the county where the violation is alleged to have occurred or is threatened.

(b) Any damages sustained by the state as a result of the conduct constituting said violation.

In addition to the other penalties contained in this section, judgment against any person, other than an elected official, for violating RCW 43.88.290 may include a declaration of forfeiture of such person's office or employment, to take effect immediately. [1977 ex.s. c 320 § 3.]

(2) The attorney general shall promptly review each filing received from the legislative auditor and may act thereon as provided in RCW 43.88.300, or any other applicable statute authorizing enforcement proceedings by the attorney general. 43.88.500 State boards, commissions, councils, and committees—Legislative finding and declaration. The legislature finds that members of boards, commissions, councils, and committees in state government make a valuable contribution to the public welfare.

Nevertheless, the legislature also finds that the continued proliferation of both statutory and nonstatutory groups of this nature without effective, periodic review of existing groups can result in wasteful duplication of effort, fragmentation of administrative authority, lack of accountability, plus an excessive and frequently hidden financial burden on the state.

The legislature further finds that effective legislative oversight and review of boards, commissions, councils, and committees is frustrated by a lack of current and reliable information on the status and activities of such groups.

The legislature declares that legislative oversight and overall accountability in state government can be significantly improved by creating in the office of financial management a central clearinghouse for information on boards, commissions, councils, and committees. [1979 c 151 § 142; 1977 c 23 § 1.]

Termination review: RCW 43.41.220.

(c) Performs licensing, regulatory, or quasi-judicial functions, adopts rules, or has responsibility for the administration or policy direction of a state agency or program.

(3) Such list shall contain the following information for each board, commission, council, committee, or other group of similar nomenclature:

43.88.515 State boards, commissions, councils, and committees—Agencies to submit lists, information. (1) In order to facilitate the compilation of data required by RCW 43.88.505, each agency of the executive, legislative, and judicial branches of state government shall submit to the director of financial management a current list of the permanent and temporary, statutory and nonstatutory boards, commissions, councils, committees, and other groups of similar nomenclature that report to, or are involved in the operation of, the agency and whose members are eligible to receive travel expenses for their meetings in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended.

43.88.570 Social services provided by nongovernment entities receiving state moneys—Report by agencies—Audits. (1) Each state agency shall submit a report to the office of the state auditor listing each nongovernment entity that received over three hundred thousand dollars in state moneys during the previous fiscal year under contract with the agency for purposes related to the provision of social services. The report must be submitted by September 1 each

year, and must be in a form prescribed by the office of the state auditor.

(2) The office of the state auditor shall select at random a group of entities from the reports using a procedure prescribed by the office of the state auditor. The office of the state auditor shall ensure that the number of entities selected under this subsection (2) each year is sufficient to ensure a statistically representative sample of all reported entities.

(3) Each entity selected under subsection (2) of this section shall be required to complete a comprehensive entity-wide audit in accordance with generally accepted government auditing standards. (d) The entity has complied with laws, regulations, and contract and grant provisions that have a direct and material effect on performance of the contract and the expenditure of state moneys.

(4) The office of the state auditor shall also select a second group based on a risk assessment of entities conducted by the office of the state auditor in consultation with state agencies. The office of the state auditor shall consider, at a minimum, the following factors when conducting risk assessments: Findings from audits of entities under contract with the state to provide services for the same state or federal program; findings from previous audits; decentralization of decision making and controls; turnover in officials and key personnel; changes in management structure or operations; and the presence of new programs, technologies, or funding sources.

(5) The office of the state auditor is required to complete a comprehensive entity-wide audit, in accordance with generally accepted government auditing standards, of each entity selected under subsection (4) of this section. The office of the state auditor may procure the services of a certified public accountant to perform such an audit, as set forth under RCW 43.09.045. The audit shall determine, at a minimum, whether:

(a) The financial statements of the entity are presented fairly in all material respects in conformity with generally accepted accounting principles;

(b) The schedule of expenditures of state moneys is presented fairly in all material respects in relation to the financial statements taken as a whole;

(c) Internal accounting controls exist and are effective; and

(d) The entity has complied with statutes, rules, regulations, and contract and grant provisions that have a direct and material effect on performance of the contract and the expenditure of state moneys.

(6) The office of the state auditor shall prescribe policies and procedures for the conduct of audits under this section. The office of the state auditor shall deem single audits com-

If the entity is selected under subsection (4) of this section, the office of the state auditor shall review the single audit to determine if there is evidence of misuse of public moneys.

(7) Completed audits must be delivered to the office of the state auditor and the state agency by April 1 in the year following the selection of the entity for audit. Entities must resolve any findings contained in the audit within six months of the delivery of the audit. Entities may not enter into new contracts with state agencies until all major audit findings are resolved.

(8) Nothing in this section limits the authority of the state auditor to carry out statutorily and contractually prescribed powers and duties. [1998 c 232 § 2; 1997 c 374 § 3.]

Fiscal impact of proposed legislation on political subdivisions: Chapter 43.132 RCW.

43.88A.010 Legislative declaration. The legislature hereby recognizes the necessity of developing a uniform and coordinated procedure for determining the expected fiscal impact of bills and resolutions on state government. The legislature also recognizes that developing such statements of fiscal impact, which shall be known as fiscal notes, requires the designation of a state agency to be principally responsible therefor. [1977 ex.s. c 25 § 1.]

43.88A.020 Preparation—Ongoing cost projections—Duties of office of financial management. The office of financial management shall, in cooperation with appropriate legislative committees and legislative staff, establish a procedure for the provision of fiscal notes on the expected impact of bills and resolutions which increase or decrease or tend to increase or decrease state government revenues or expenditures. Such fiscal notes shall indicate by fiscal year the impact for the remainder of the biennium in which the bill or resolution will first take effect as well as a cumulative forecast of the fiscal impact for the succeeding four fiscal years. Fiscal notes shall separately identify the fiscal impacts on the operating and capital budgets. Estimates of fiscal impacts shall be calculated using the procedures contained in the fiscal note instructions issued by the office of financial management.

In establishing the fiscal impact called for pursuant to this chapter, the office of financial management shall coordinate the development of fiscal notes with all state agencies affected.

The preparation and dissemination of the ongoing cost projections and other requirements of RCW 43.135.031 for bills increasing taxes or fees shall take precedence over fiscal notes. [2008 c 1 § 3 (Initiative Measure No. 960, approved November 6, 2007); 1994 c 219 § 3; 1979 c 151 § 146; 1977 ex.s. c 25 § 2.]

Finding—1994 c 219: See note following RCW 43.88.030.

43.88A.030 Distribution of fiscal notes and cost projections. When a fiscal note is prepared and approved as to form, accuracy, and completeness by the office of financial management, which depicts the expected fiscal impact of a bill or resolution, copies shall be filed immediately with:

(1) The chairperson of the committee to which the bill or resolution was referred upon introduction in the house of origin;

(2) The senate committee on ways and means, or its successor; and

(3) The house committees on revenue and appropriations, or their successors.

Whenever possible, such fiscal note and, in the case of a bill increasing taxes or fees, the cost projection and other information required under RCW 43.135.031 shall be provided prior to or at the time the bill or resolution is first heard by the committee of reference in the house of origin.

When a fiscal note has been prepared for a bill or resolution, a copy of the fiscal note shall be placed in the bill books or otherwise attached to the bill or resolution and shall remain with the bill or resolution throughout the legislative process insofar as possible. For bills increasing taxes or fees, the cost projection and other information required by RCW 43.135.031 shall be placed in the bill books or otherwise attached to the bill or resolution and shall remain with the bill or resolution throughout the legislative process insofar as possible. [2008 c 1 § 4 (Initiative Measure No. 960, approved November 6, 2007); 1986 c 158 § 16; 1979 ex.s. c 112 § 1; 1979 c 151 § 147; 1977 ex.s. c 25 § 3.]

Findings—Intent—Construction—Severability—Subheadings and part headings not law—Short title—Effective date—2008 c 1 (Initiative Measure No. 960): See notes following RCW 43.135.031.

43.88A.040 Fiscal notes—Preparation upon request of any legislator. The office of financial management shall also provide a fiscal note on any legislative proposal at the request of any legislator. Such fiscal note shall be returned to the requesting legislator, and copies shall be filed with the appropriate legislative committees pursuant to RCW 43.88A.030 at the time such proposed legislation is introduced in either house. [1979 c 151 § 148; 1977 ex.s. c 25 § 4.]

43.88A.900 Construction of chapter. Nothing in this chapter shall prevent either house of the legislature from acting on any bill or resolution before it as otherwise provided by the state Constitution, by law, and by the rules and joint rules of the senate and house of representatives, nor shall the lack of any fiscal note as provided in this chapter or any error in the accuracy thereof affect the validity of any measure otherwise duly passed by the legislature. Employment of the supervisor shall terminate after each term of three years. At the end of the first year of each three-year term the council shall consider extension of the supervisor's term by one year. The council may fix the compensation of the supervisor. The supervisor shall employ staff sufficient to accomplish the purposes of this section.

(4) The caseload forecast council shall oversee the preparation of and approve, by an affirmative vote of at least four members, the official state caseload forecasts prepared under RCW 43.88C.020. (5) A council member who does not cast an affirmative vote for approval of the official caseload forecast may request, and the supervisor shall provide, an alternative forecast based on assumptions specified by the member.

(6) Members of the caseload forecast council shall serve without additional compensation but shall be reimbursed for travel expenses in accordance with RCW 44.04.120 while attending sessions of the council or on official business authorized by the council. Effective date—2000 c 90: "This act takes effect July 1, 2000." [2000 c 90 § 2.]

43.88C.020 Preparation and submittal of caseload forecasts—Cooperation of state agencies—Official state caseload forecast. (3) All agencies of state government shall provide to the supervisor immediate access to all information relating to caseload forecasts.

(4) The administrator of the legislative evaluation and accountability program committee may request, and the supervisor shall provide, alternative caseload forecasts based on assumptions specified by the administrator.

Each state agency affected by caseloads shall submit caseload reports and data to the council as soon as the reports and data are available and shall provide to the council and the supervisor such additional raw, program-level data or information as may be necessary for discharge of their respective duties.

(2) The caseload forecast work group shall consist of one staff member selected by the executive head or chairperson of each of the following agencies, programs, or committees:

HIGHER EDUCATION CAPITAL PROJECT STRATEGIC PLANNING

Sections

- 43.88D.005 Findings—Intent.
- 43.88D.010 Capital budget projects—Objective analysis and scoring—Prioritized lists—Report.

43.88D.005 Findings—Intent. The legislature finds that the state's public four-year institutions and the higher education coordinating board have made progress in developing a process to create a single prioritized list of capital project requests as required under *RCW 28B.76.220. The legislature also finds that this process requires further refinement to achieve the state's policy objectives as outlined in the higher education coordinating board's strategic master plan for higher education in Washington. The legislature further finds the goal of creating additional, innovative facilities and programs that meet the learning needs of students throughout the state in a timely and cost-effective fashion requires a new approach to facility prioritization that emphasizes strategic planning. The legislature therefore intends to establish a new process for prioritizing capital project requests by the four-year institutions that utilizes the expertise and government-wide perspective of the office of financial management, and that is based upon the model that has been used successfully by the community and technical college system. The new process must emphasize objective analysis, a statewide perspective, and a strategic balance among facility preservation, new construction, and innovative delivery mechanisms. The legislature further recognizes that institutions of higher education are likely to require substantial new capital investments in order to continue to provide a wide range of high quality programs to students and the community, and that the state's ability to provide such resources is constrained by increasing capital expenditure needs within the K-12, public safety, social services, and community economic development arenas. The legislature therefore intends to identify and assess potential alternative means for increasing the capacity of public higher education institutions to meet the demands of the twenty-first century. [2008 c 205 § 1.]

*Reviser's note: RCW 28B.76.220 was repealed by 2008 c 205 § 5.

43.88D.010 Capital budget projects—Objective analysis and scoring—Prioritized lists—Report. (1) By October 15th of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees, the higher education coordinating board, and the four-year institutions, except that, for 2008, the office of financial management shall complete the objective analysis and scoring by November 1st. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at main and branch campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings or renovate facilities to restore building life and upgrade space to meet current program requirements. Facilities that cannot be economically renovated are considered replacement projects. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being replaced or renovated and may include additions to improve access and enhance the relationship of program or support space;

(c) Major stand-alone campus infrastructure projects;

(d) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(e) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(b) Each four-year project category may include projects at the pre-design, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions, except that, for the 2009-2011 budget development cycle, this information must be distributed by July 1, 2008. The office of financial management, in consultation with the legislative fiscal committees and the joint legislative audit and review committee, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

The office of financial management shall report to the legislative fiscal committees by December 1, 2009, on the effect of this pilot project on capital project financing for all branch campuses. The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. STATE PAVILION—BOND ISSUE

43.96B.200 Legislative finding. The legislature finds that an expansion of the state pavilion at Expo '74 initially authorized for construction by the 1971 legislature is consistent with the purposes of the exposition and the needs of the state of Washington in order that the facility produced will both more adequately serve the state during the exposition and as a permanent structure for the benefit of the state afterwards. [1973 1st ex.s. c 116 § 1.]

43.96B.205 Bond issue—Authorized. For the purpose of providing additional space for the Washington State Pavilion at Expo '74 as determined to be necessary by the Expo '74 commission, including the planning, acquisition, construction, remodeling and equipping, together with all improvements and enhancements of said project, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of two million nine hundred thousand dollars, or so much thereof as may be required, to finance the projects defined in RCW 43.96B.200 through 43.96B.245 and all costs incidental thereto. Such bonds shall be paid and discharged within thirty years of the

43.96B.210 Bond issue—Issuance and sale of bonds—Form, terms, conditions, etc.—Authority of state finance committee. The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee. The committee is authorized to prescribe the form, terms, conditions, and covenants of the bonds, the time or times of sale of all or any portion of them, and the conditions and manner of their sale, issuance and redemption. None of the bonds authorized in RCW 43.96B.200 through 43.96B.245 shall be sold for less than the par value thereof.

The committee may provide that the bonds, or any of them, may be called prior to the maturity date thereof under such terms, conditions, and provisions as it may determine and may authorize the use of facsimile signatures in the issuance of such bonds and notes, if any. Such bonds shall be payable at such places as the committee may provide. [1973 1st ex.s. c 116 § 3.]

43.96B.215 Bond issue—Anticipation notes—Disposition of proceeds—Acquisition of property by Expo '74 commission authorized. At the time the state finance committee determines to issue such bonds or a portion thereof, it may, pending the issuing of such bonds, issue, in the name of the state, temporary notes in anticipation of the money to be derived from the sale of the bonds, which notes shall be designated as "anticipation notes". Such portion of the proceeds of the sale of such bonds that may be required for such purpose shall be applied to the payment of the principal of and interest on such anticipation notes which have been issued. The proceeds from the sale of bonds authorized by RCW 43.96B.200 through 43.96B.245 and any interest earned on the interim investment of such proceeds, shall be deposited in the state building construction account of the general fund in the state treasury and shall be used exclusively for the purposes specified in RCW 43.96B.200 through 43.96B.245 and for the payment of expenses incurred in the issuance and sale of the bonds. The Expo '74 commission is hereby authorized to acquire property, real and personal, by lease, purchase[,] condemnation or gift to achieve the objectives of chapters 1, 2, and 3, Laws of 1971 ex. sess., and RCW 43.96B.200 through 43.96B.245. The commission is further directed pursuant to RCW 43.19.450 to utilize the department of general administration services to accomplish the purposes set forth herein. [1973 1st ex.s. c 116 § 4.]

43.96B.220 Bond issue—Administration of proceeds. The principal proceeds from the sale of the bonds or notes deposited in the state building construction account of the general fund shall be administered by the Expo '74 commission. [1973 1st ex.s. c 116 § 5.]

43.96B.225 Bond issue—Redemption fund—Payment of bonds. The state building bond redemption fund, 1973-A, is hereby created in the state treasury, which fund shall be exclusively devoted to the payment of the principal of and interest on the bonds authorized by RCW 43.96B.200 through 43.96B.245. Bonds issued under the provisions of RCW 43.96B.200 through 43.96B.245 shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon and shall contain an unconditional promise to pay such principal and interest as the same shall become due. Outdoor recreational facilities—1963 bond act: Chapter 79A.10 RCW.

43.99A.010 Declaration of purpose. The state of Washington possesses unsurpassed natural wealth in the form of mountains, forests, and waters, ideal not only for recreation, but for supplying the special kind of spiritual regeneration that only close association with the outdoors can provide. As the state grows in population, this wilderness is increasingly threatened; prompt action is necessary to preserve it before much of it permanently disappears. Further, the physical expansion of our cities and towns has made it imperative that outdoor breathing space be set aside and permanently reserved for the people who live in them. Such breathing space may take the form of "green belts" especially planned to relieve the monotony of miles of uninterrupted urban or suburban development, or it may take the form of traditional parks. In any case, it must be acquired as soon as possible,

while land is still available; and where appropriate, this land must be developed in order to meet the recreational needs of growing numbers of potential users. [1967 ex.s. c 126 § 1.]

43.99A.020 General obligation bonds authorized.

For the purpose of providing funds for the acquisition and development of outdoor recreational areas and facilities in this state, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of forty million dollars or so much thereof as may be required to finance the projects described in RCW 43.99A.070 and 43.99A.080. These bonds shall be paid and discharged within twenty years of the date of issuance. [1970 ex.s. c 40 § 1; 1967 ex.s. c 126 § 2.]

Effective, when—1970 ex.s. c 40: "Sections 1 and 2 of this 1970 amendatory act shall not become effective unless this act is adopted and ratified at the referendum election provided for in section 3 of this 1970 amendatory act." [1970 ex.s. c 40 § 4.]

Referral to electorate—1970 ex.s. c 40: "In the event all of the bonds authorized by RCW 43.99A.010 through 43.99A.110 have not been issued on or before September 2, 1970, then this act shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1970, in accordance with the provisions of section 3, Article VIII of the state Constitution; and in accordance with the provisions of section 1, Article II of the state Constitution as amended, and the laws adopted to facilitate the operation thereof." [1970 ex.s. c 40 § 3.] "This act" [1970 ex.s. c 40] was adopted and ratified by the people at the November 3, 1970, general election (Referendum Bill No. 21).

43.99A.030 Form of bonds—Rate of interest—Sale and issuance. The state finance committee is authorized to prescribe the form of the bonds, the maximum rate of interest the same shall bear, the time of sale of all or any portion of them, and the conditions of their sale and issuance. None of the bonds herein authorized shall be sold for less than their par value. [1970 ex.s. c 40 § 2; 1967 ex.s. c 126 § 3.]

Effective, when—Referral to electorate—1970 ex.s. c 40: See notes following RCW 43.99A.020.

43.99A.040 Full faith and credit of state pledged—Call prior to due date—Facsimile signatures. The bonds shall pledge the full faith and credit of the state of Washington and shall contain an unconditional promise to pay the principal and interest when due. The committee may provide that the bonds, or any of them, may be called prior to their due date under such terms and conditions as it may determine. The state finance committee may authorize the use of facsimile signatures in the issuance of the bonds. [1967 ex.s. c 126 § 4.]

43.99A.050 Disposition of proceeds of sale. The proceeds from the sale of bonds authorized by this chapter shall be deposited in the outdoor recreation account of the general fund and shall be used exclusively for the purposes of carrying out the provisions of the chapter and for payment of the expense incurred in the issuance and sale of the bonds. [1967 ex.s. c 126 § 5.]

43.99A.060 Outdoor recreational bond redemption fund of 1967—Created—Use—Sales tax revenues deposited in. The outdoor recreational bond redemption fund of 1967 is created in the state treasury. This fund shall be exclu-

sively devoted to the payment of interest on and retirement of the bonds authorized by this chapter. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet bond retirement and interest requirements, and on July 1st of each year the state treasurer shall deposit such amount in the outdoor recreational bond redemption fund from moneys transmitted to the state treasurer by the department of revenue and certified by the department of revenue to be sales tax collections. Such amount certified by the state finance committee to the state treasurer shall be a prior charge against all retail sales tax revenues of the state of Washington, except that portion thereof heretofore pledged for the payment of bond principal and interest.

The owner and holder of each of the bonds or the trustee for any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed herein. [1971 c 37 § 1; 1967 ex.s. c 126 § 6.]

43.99A.070 Proceeds from sale of bonds—Administration—Disposition and use. The proceeds from the sale of bonds deposited in the outdoor recreation account of the general fund under the terms of RCW 43.99A.050 shall be administered by the recreation and conservation funding board. All such proceeds shall be divided into two equal shares. One share shall be allocated for the acquisition and development of outdoor recreation areas and facilities on behalf of the state as the legislature may direct by appropriation. The other share shall be allocated to public bodies as defined in RCW 79A.25.010 for the acquisition and development of outdoor recreational areas and facilities within the jurisdiction of such public bodies. The recreation and conservation funding board is authorized to use or permit the use of any funds derived from the sale of bonds authorized under this chapter as matching funds in any case where federal or other funds are made available on a matching basis for projects within the purposes of this chapter. [2007 c 241 § 8; 1967 ex.s. c 126 § 7.]

Intent—Effective date—2007 c 241: See notes following RCW 79A.25.005.

43.99A.080 Construction of phrase "acquisition and development of outdoor recreational areas and facilities." As used in this chapter, the phrase "acquisition and development of outdoor recreational areas and facilities" shall be liberally construed in accordance with the broad interpretation suggested by RCW 43.99A.010. It shall include, but shall not be limited to, acquisition of fee simple or any lesser interests in land, and the development of outdoor areas and facilities for either a single recreational use or multiple recreational uses. The preservation of land or water areas in an unspoiled or undeveloped state shall be among the alternatives permissible under this chapter. [1967 ex.s. c 126 § 8.]

43.99A.090 Legislature may provide additional means for payment of bonds. The legislature may provide additional means for raising moneys for the payment of the principal and interest of the bonds authorized herein, and this chapter shall not be deemed to provide an exclusive method for such payment. [1967 ex.s. c 126 § 9.]

43.99A.100 Bonds legal investment for funds of state and municipal corporations. The bonds herein authorized shall be a legal investment for all state funds or for funds under state control and for all funds of municipal corporations. [1967 ex.s. c 126 § 10.]

43.99A.110 Referral to electorate. This chapter shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November 1968, in accordance with the provisions of section 3, Article VIII of the Constitution of the state of Washington, and in accordance with the provisions of section 1, Article II of the Constitution of the state of Washington, as amended, and the laws adopted to facilitate the operation thereof. [1967 ex.s. c 126 § 11.]

Subject to legislative appropriation, all principal proceeds of the bonds and bond anticipation notes authorized in this chapter shall be administered by the state department of social and health services exclusively for the purposes specified in this chapter and for the payment of expenses incurred in connection with the sale and issuance of the bonds and bond anticipation notes.

In carrying out the purposes of this chapter all counties of the state shall be eligible to participate in the distribution of the bond proceeds. The share coming to each county shall be determined by a division among all counties according to the relation which the population of each county, as shown by the last federal or official state census, whichever is the later, bears to the total combined population of all counties, as shown by such census; except that, each county with a population of less than twelve thousand shall receive an aggregate amount of up to seventy-five thousand dollars if, through a procedure established in rule, the department has determined there is a demonstrated need and the share determined for such county is less than seventy-five thousand dollars. No single project in a county with a population of one million or more shall be eligible for more than fifteen percent of such county's total distribution of bond proceeds.

In carrying out the purposes specified in this chapter, the department may use or permit the use of the proceeds by direct expenditures, grants, or loans to any public body, including but not limited to grants to a public body as matching funds in any case where federal, local, or other funds are made available on a matching basis for purposes specified in this chapter.

Prior to such transfer the department shall first determine if the assets can be used by another program as designated by the department of social and health services in RCW 43.99C.020. Such programs shall have priority in obtaining the assets to ensure the purpose of this chapter is carried out. [1991 c 363 § 121; 1989 c 265 § 1; 1980 c 136 § 1; 1979 ex.s. c 221 § 8.]

(1) Public bodies, as defined in RCW 43.99C.020, may transfer without further consideration real property and facilities acquired, constructed, or otherwise improved under this chapter to nonprofit corporations organized to provide services for individuals with physical or mental disabilities, in exchange for the promise to continually operate services benefiting the public on the site, subject to all the conditions in this section. For purposes of this section, "transfer" may include lease renewals. The nonprofit corporation shall use the real property and facilities for the purpose of providing the following limited programs as designated by the department of social and health services: Nonprofit community centers, close-to-home living units, employment and independent living training centers, vocational rehabilitation centers, developmental disabilities training centers, and community homes for individuals with mental illness.

(2) The deed transferring the property in subsection (1) of this section must provide for immediate reversion back to the public body if the nonprofit corporation ceases to use the property for the purposes described in subsection (1) of this section.

(4) If the nonprofit corporation ceases to use the property for the purposes described in subsection (1) of this section, the property and facilities revert immediately to the public body. The public body shall then determine if the property, or the reimbursed amount in the case of a reimbursement under subsection (3)(e) of this section, may be used by another program as designated by the department of social and health services. These programs have priority in obtaining the property to ensure that the purposes specified in this chapter are carried out. [2006 c 35 § 2.]

Findings—2006 c 35: "The legislature finds that protecting the public health, safety, and welfare by providing services to needy or vulnerable persons is a fundamental purpose of government. The legislature further finds that private nonprofit corporations fill an important public purpose in providing these types of health, safety, and welfare services to our state's residents. Acting through partnerships with governmental entities, these private sector providers are able to increase the amount and quality of these services available to state residents. The legislature finds that ensuring continued provi-

sion of these services in the private sector confers a valuable benefit on the public that constitutes consideration for transfer of certain public property and facilities to eligible private nonprofit corporations, subject to restrictions that provide continued protection of the public interest." 43.99F.010 Declaration. The long-range development goals for the state of Washington must include the protection of the resources and environment of the state, the health and safety of its people, and the beneficial uses of water by providing facilities and systems, among others, for the general control, collection, treatment, or disposal of nonradioactive solid and nonradioactive liquid waste materials. The purpose of this chapter is to assist the state and local governments in providing that protection but it is not the purpose of this chapter to provide funding for facilities which encourage development. A high priority in the expenditure of these funds shall be the protection of sole-source aquifers designated pursuant to the federal Safe Drinking Water Act (88 Stat. 1660) which aquifers have been designated as of July 24, 1983. [1983 c 269 § 1; 1980 c 159 § 1.]

43.99F.020 General obligation bonds—Authorized—Issuance, sale, terms—Appropriation required. For the purpose of providing funds to public bodies for the planning, design, acquisition, construction, and improvement of public waste disposal and management facilities, or for purposes of assisting a public body to obtain an ownership interest in waste disposal and management facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, in this state, the state finance committee is authorized to issue general obligation bonds of the state of

Washington in the sum of three hundred thirty million dollars, or so much thereof as may be required, to finance the improvements defined in this chapter and all costs incidental thereto. The department may not use or permit the use of any funds derived from the sale of bonds authorized by this chapter for: (1) the support of a solid waste recycling activity or service in a locale if the department determines that the activity or service is reasonably available to persons within that locale from private enterprise; or (2) the construction of municipal wastewater facilities unless said facilities have been approved by a general purpose unit of local government in accordance with chapter 36.94 RCW, chapter 35.67 RCW, or RCW 57.16.010. These bonds shall be paid and discharged within thirty years of the date of issuance. No bonds authorized by this chapter shall be offered for sale without prior legislative appropriation of the proceeds of the bonds to be sold. [1996 c 230 § 1611; 1990 1st ex.s. c 15 § 9. Prior: 1989 1st ex.s. c 14 § 12; 1989 c 136 § 6; 1987 c 436 § 2; 1980 c 159 § 2.]

43.99F.030 Deposit of proceeds in state and local improvements revolving account, Waste Disposal Facilities, 1980—Use. The proceeds from the sale of bonds authorized by this chapter shall be deposited in the state and local improvements revolving account, Waste Disposal Facilities, 1980 hereby created in the state treasury and shall be used exclusively for the purpose specified in this chapter and for payment of the expenses incurred in the issuance and sale of the bonds. [1991 sp.s. c 13 § 44; 1985 c 57 § 56; 1980 c 159 § 3.]

Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.

Effective date—1985 c 57: See note following RCW 18.04.105.

43.99F.040 Administration of proceeds. The proceeds from the sale of the bonds deposited in the state and local improvements revolving account, Waste Disposal Facilities, 1980 of the general fund under the terms of this chapter shall be administered by the state department of ecology subject to legislative appropriation. The department may use or permit the use of any funds derived from the sale of bonds authorized under this chapter to accomplish the purpose for which the bonds are issued by direct expenditures and by grants or loans to public bodies, including grants to public bodies as cost-sharing funds in any case where federal, local, or other funds are made available on a cost-sharing basis for improvements within the purposes of this chapter. The department shall ensure that funds derived from the sale of bonds authorized under this chapter do not constitute more than seventy-five percent of the total cost of any waste disposal or management facility. Not more than two percent of the proceeds of the bond issue may be used by the department of ecology in relation to the administration of the expenditures, grants, and loans.

At least one hundred fifty million dollars of the proceeds of the bonds authorized by this chapter shall be used exclusively for waste management systems capable of producing renewable energy or energy savings as a result of the management of the wastes. "Renewable energy" means, but is not limited to, the production of steam, hot water for steam heat, electricity, cogeneration, gas, or fuel through the use of wastes by incineration, refuse-derived fuel processes, pyrolysis, hydrolysis, or bioconversion, and energy savings through material recovery from waste source separation and/or recycling.

Integration of the management and operation of systems for solid waste disposal with systems of liquid waste disposal holds promise of improved waste disposal efficiency and greater environmental protection and restoration. To encourage the planning for and development of such integration, the department may provide for special grant incentives to public bodies which plan for or operate integrated waste disposal management systems.

Funds provided for waste disposal and management facilities under this chapter may be used for payments to a service provider under a service agreement pursuant to RCW 70.150.060. If funds are to be used for such payments, the department may make periodic disbursements to a public body or may make a single lump sum disbursement. Disbursements of funds with respect to a facility owned or operated by a service provider shall be equivalent in value to disbursements that would otherwise be made if that facility were owned or operated by a public body. Payments under this chapter for waste disposal and management facilities made to public bodies entering into service agreements pursuant to RCW 70.150.060 shall not exceed amounts paid to public bodies not entering into service agreements. [1998 c 245 § 80; 1996 c 37 § 1; 1987 c 436 § 3; 1980 c 159 § 4.]

43.99F.050 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

43.99F.060 Form, terms, conditions, etc., of bonds.

The state finance committee is authorized to prescribe the form, terms, conditions, and covenants of the bonds, the time or times of sale of all or any portion of them, and the conditions and manner of their sale and issuance. [1989 c 136 § 7; 1980 c 159 § 6.]

Intent—1989 c 136: See note following RCW 43.83A.020.

43.99F.070 Anticipation notes—Payment—Pledge and promise—Seal. When the state finance committee has decided to issue the bonds, or a portion thereof, it may, pending the issuing of the bonds, issue, in the name of the state, temporary notes in anticipation of the money to be derived from the sale of the bonds, which notes shall be designated as "anticipation notes." Such portion of the proceeds of the sale of the bonds as may be required for this purpose shall be applied to the payment of the principal of and interest on any of these anticipation notes which have been issued. The bonds and notes shall pledge the full faith and credit of the state of Washington and shall contain an unconditional promise to pay the principal and interest when due. The state finance committee may authorize the use of a printed facsimile of the seal of the state of Washington in the issuance of the bonds and notes. [1980 c 159 § 7.]

43.99F.080 Retirement of bonds from waste disposal facilities bond redemption fund—Remedies of bondholders—Debt-limit general fund bond retirement account. The waste disposal facilities bond redemption fund shall be used for the purpose of the payment of the principal of and redemption premium, if any, and interest on the bonds and the bond anticipation notes authorized to be issued under this chapter.

The state finance committee, on or before June 30th of each year, shall certify to the state treasurer the amount required in the next succeeding twelve months for the payment of the principal of and interest coming due on the bonds. Not less than thirty days prior to the date on which any interest or principal and interest payment is due, the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the waste disposal facilities bond redemption fund an amount equal to the amount certified by the state finance committee to be due on the payment date. The owner and holder of each of the bonds or the trustee for any of the bonds may by mandamus or other appropriate

proceeding require the transfer and payment of funds as directed in this chapter.

If a debt-limit general fund bond retirement account is created in the state treasury by chapter 456, Laws of 1997 and becomes effective prior to the issuance of any of the bonds authorized by this chapter, the debt-limit general fund bond retirement account shall be used for the purposes of this chapter in lieu of the waste disposal facilities bond redemption fund. [1997 c 456 § 14; 1980 c 159 § 8.]

Severability—1997 c 456: See RCW 43.99L.900.

Effective date—1997 c 456 §§ 9-43: See RCW 43.99M.901.

43.99F.090 Legislature may provide additional means for payment of bonds. The legislature may provide additional means for raising moneys for the payment of the principal and interest of the bonds authorized in this chapter, and this chapter shall not be deemed to provide an exclusive method for such payment. [1980 c 159 § 9.]

43.99F.100 Bonds legal investment for public funds. The bonds authorized in this chapter shall be a legal investment for all state funds or for funds under state control and for all funds of any other public body. [1980 c 159 § 10.]

No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. The state finance committee may obtain insurance or letters of credit and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of bonds authorized in this section. The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. 43.99N.010 Definitions. The definitions in RCW 36.102.010 apply to this chapter. [1997 c 220 § 209 (Referendum Bill No. 48, approved June 17, 1997).]

43.99N.020 General obligation bonds—Certifications by public stadium authority—Obligations of team affiliate. (1) For the purpose of providing funds to pay for operation of the public stadium authority created under RCW 36.102.020, to pay for the preconstruction, site acquisition, design, site preparation, construction, owning, leasing, and equipping of the stadium and exhibition center, and to reimburse the county or the public stadium authority for its direct or indirect expenditures or to repay other indebtedness incurred for these purposes, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of three hundred million dollars, or so much thereof as may be required, for these purposes and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine.

(2) Bonds shall not be issued under this section unless the public stadium authority has certified to the director of financial management that:

(a) A professional football team has made a binding and legally enforceable contractual commitment to play all of its regular season and playoff home games in the stadium and exhibition center, other than games scheduled elsewhere by the league, for a period of time not shorter than the term of the bonds issued or to be issued to finance the initial construction of the stadium and exhibition center;

(b) A team affiliate has entered into one or more binding and legally enforceable contractual commitments with a public stadium authority under RCW 36.102.050 that provide that:

(i) The team affiliate assumes the risks of cost overruns;

(ii) The team affiliate shall raise at least one hundred million dollars, less the amount, if any, raised by the public stadium authority under RCW 36.102.060(15). The total one hundred million dollars raised, which may include cash payments and in-kind contributions, but does not include any interest earned on the escrow account described in RCW 43.99N.030, shall be applied toward the reasonably necessary preconstruction, site acquisition, design, site preparation, construction, and equipping of the stadium and exhibition center, or to any associated public purpose separate from bond-financed expenses. No part of the payment may be made without the consent of the public stadium authority. In any event, all amounts to be raised by the team affiliate under (b)(ii) of this subsection shall be paid or expended before the

completion of the construction of the stadium and exhibition center. To the extent possible, contributions shall be structured in a manner that would allow for the issuance of bonds to construct the stadium and exhibition center that are exempt from federal income taxes;

(iii) The team affiliate shall deposit at least ten million dollars into the *youth athletic facility grant account created in RCW 43.99N.060 upon execution of the lease and development agreements in RCW 36.102.060 (7) and (8);

(iv) At least ten percent of the seats in the stadium for home games of the professional football team shall be for sale at an affordable price. For the purposes of this subsection, "affordable price" means that the price is the average of the lowest ticket prices charged by all other national football league teams;

(v) One executive suite with a minimum of twenty seats must be made available, on a lottery basis, as a free upgrade, at home games of the professional football team, to purchasers of tickets that are not located in executive suites or club seat areas;

(vi) A nonparticipatory interest in the professional football team has been granted to the state beginning on the date on which bonds are issued under this section which only entitles the state to receive ten percent of the gross selling price of the interest in the team that is sold if a majority interest or more of the professional football team is sold within twenty-five years of the date on which bonds are issued under the [this] section. The ten percent shall apply to all preceding sales of interests in the team which comprise the majority interest sold. This provision shall apply only to the first sale of such a majority interest. The ten percent must be deposited in the permanent common school fund. If the debt is retired at the time of the sale, then the ten percent may only be used for costs associated with capital maintenance, capital improvements, renovations, reequipping, replacement, and operations of the stadium and exhibition center;

(vii) The team affiliate must provide reasonable office space to the public stadium authority without charge;

(viii) The team affiliate, in consultation with the public stadium authority, shall work with surrounding areas to mitigate the impact of the construction and operation of the stadium and exhibition center with a budget of at least ten million dollars dedicated to area mitigation. For purposes of this subsection, "mitigation" includes, but is not limited to, parking facilities and amenities, neighborhood beautification projects and landscaping, financial grants for neighborhood programs intended to mitigate adverse impacts caused by the construction and operation of the stadium and exhibition center, and mitigation measures identified in the environmental impact statement required for the stadium and exhibition center under chapter 43.21C RCW; and

(ix) Twenty percent of the net profit from the operation of the exhibition facility of the stadium and exhibition center shall be deposited into the permanent common school fund. Profits shall be verified by the public stadium authority. [1997 c 220 § 210 (Referendum Bill No. 48, approved June 17, 1997).]

*Reviser's note: The "youth athletic facility grant account" was renamed the "youth athletic facility account" by 2000 c 137 § 1.

43.99N.030 Escrow agreement, account—Distributions. On or before August 1, 1997: (1) The state treasurer and a team affiliate or an entity that has an option to become a team affiliate shall enter into an escrow agreement creating an escrow account; and (2) the team affiliate or the entity that has an option to become a team affiliate shall deposit the sum of fifty million dollars into the escrow account as a credit against the obligation of the team affiliate in RCW 43.99N.020(2)(b)(ii).

The escrow agreement shall provide that the fifty million dollar deposit shall be invested by the state treasurer and shall earn interest. If the stadium and exhibition center project proceeds, then the interest on amounts in the escrow account shall be for the benefit of the state, and all amounts in the escrow account, including all principal and interest, shall be distributed to the stadium and exhibition center account. The escrow agreement shall provide for appropriate adjustments based on amounts previously and subsequently raised by the team affiliate under RCW 43.99N.020(2)(b)(ii) and amounts previously and subsequently raised by the public stadium authority under RCW 36.102.060(15). If the stadium and exhibition center project does not proceed, all principal and the interest in the escrow account shall be distributed to the team affiliate or the entity that has an option to become a team affiliate. [1997 c 220 § 211 (Referendum Bill No. 48, approved June 17, 1997).]

43.99N.040 Stadium and exhibition center construction account. The proceeds from the sale of the bonds authorized in RCW 43.99N.020 shall be deposited in the stadium and exhibition center construction account, hereby created in the custody of the state treasurer, and shall be used exclusively for the purposes specified in RCW 43.99N.020 and for the payment of expenses incurred in the issuance and sale of the bonds. These proceeds shall be administered by the office of financial management. Only the director of the office of financial management or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. At the direction of the office of financial management the state treasurer shall transfer moneys from the stadium and exhibition center construction account to the public stadium authority created in RCW 36.102.020 as required by the public stadium authority. [1997 c 220 § 212 (Referendum Bill No. 48, approved June 17, 1997).]

43.99N.050 Payment of principal and interest from nondebt-limit reimbursable bond retirement account—Transfers of certified amounts—Bonds as general obligation, full faith and credit, promise to pay—Insufficiency in stadium and exhibition center account as obligation—Proceedings to require transfer and payment. The nondebt-limit reimbursable bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in RCW 43.99N.020.

The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements. On each date on which any interest or principal and interest payment is due, the state treasurer shall

transfer from the stadium and exhibition center account to the nondebt-limit reimbursable bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

Bonds issued under RCW 43.99N.020 shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due. If in any year the amount accumulated in the stadium and exhibition center account is insufficient for payment of the principal and interest on the bonds issued under RCW 43.99N.020, the amount of the insufficiency shall be a continuing obligation against the stadium and exhibition center account until paid.

The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section. [1997 c 220 § 213 (Referendum Bill No. 48, approved June 17, 1997).]

43.99N.060 Stadium and exhibition center account—Youth athletic facility account—Community outdoor athletic facility loans and grants. (1) The stadium and exhibition center account is created in the custody of the state treasurer. All receipts from the taxes imposed under RCW 82.14.0494 and distributions under RCW 67.70.240(5) shall be deposited into the account. Only the director of the office of financial management or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. An appropriation is not required for expenditures from this account.

(2) Until bonds are issued under RCW 43.99N.020, up to five million dollars per year beginning January 1, 1999, shall be used for the purposes of subsection (3)(b) of this section, all remaining moneys in the account shall be transferred to the public stadium authority, created under RCW 36.102.020, to be used for public stadium authority operations and development of the stadium and exhibition center.

(3) After bonds are issued under RCW 43.99N.020, all moneys in the stadium and exhibition center account shall be used exclusively for the following purposes in the following priority:

(a) On or before June 30th of each year, the office of financial management shall accumulate in the stadium and exhibition center account an amount at least equal to the amount required in the next succeeding twelve months for the payment of principal of and interest on the bonds issued under RCW 43.99N.020;

(b) An additional reserve amount not in excess of the expected average annual principal and interest requirements of bonds issued under RCW 43.99N.020 shall be accumulated and maintained in the account, subject to withdrawal by the state treasurer at any time if necessary to meet the requirements of (a) of this subsection, and, following any withdrawal, reaccumulated from the first tax revenues and other amounts deposited in the account after meeting the requirements of (a) of this subsection; and

(c) The balance, if any, shall be transferred to the youth athletic facility account under subsection (4) of this section.

Any revenues derived from the taxes authorized by RCW 36.38.010(5) and 36.38.040 or other amounts that if used as provided under (a) and (b) of this subsection would cause the loss of any tax exemption under federal law for interest on bonds issued under RCW 43.99N.020 shall be deposited in and used exclusively for the purposes of the youth athletic facility account and shall not be used, directly or indirectly, as a source of payment of principal of or interest on bonds issued under RCW 43.99N.020, or to replace or reimburse other funds used for that purpose.

(4) Any moneys in the stadium and exhibition center account not required or permitted to be used for the purposes described in subsection (3)(a) and (b) of this section shall be deposited in the youth athletic facility account hereby created in the state treasury. Expenditures from the account may be used only for purposes of grants or loans to cities, counties, and qualified nonprofit organizations for community outdoor athletic facilities. For the 2005-2007 biennium, moneys in the account may also be used for a recreation level of service study for local and regional active recreation facilities. Only the director of the recreation and conservation office or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The athletic facility grants or loans may be used for acquiring, developing, equipping, maintaining, and improving community outdoor athletic facilities. Funds shall be divided equally between the development of new community outdoor athletic facilities, the improvement of existing community outdoor athletic facilities, and the maintenance of existing community outdoor athletic facilities. Cities, counties, and qualified nonprofit organizations must submit proposals for grants or loans from the account. To the extent that funds are available, cities, counties, and qualified nonprofit organizations must meet eligibility criteria as established by the director of the recreation and conservation office. The grants and loans shall be awarded on a competitive application process and the amount of the grant or loan shall be in proportion to the population of the city or county for where the community outdoor athletic facility is located. Grants or loans awarded in any one year need not be distributed in that year. In the 2007–2009 biennium, if there are not enough project applications submitted in a category within the account to meet the requirement of equal distribution of funds to each category, the director of the recreation and conservation office may distribute any remaining funds to other categories within the account. The director of the recreation and conservation office may expend up to one and one-half percent of the moneys deposited in the account created in this subsection for administrative purposes. The legislature finds that it is necessary to complete the rehabilitation of the state legislative building, to extend the useful life of the building, and provide for the permanent relocation of offices displaced by the rehabilitation and create new space for public uses.

Furthermore, it is the intent of the legislature to fund the majority of the rehabilitation and construction using bonds repaid by the capitol building construction account, as provided for in the enabling act and dedicated by the federal government for the sole purpose of establishing a state capitol, to fund the cash elements of the project using capital project surcharge revenues in the Thurston county capital facilities

account, and to support the establishment of a private foundation to engage the public in the preservation of the state legislative building and raise private funds for restoration and educational efforts. The bonds repaid by the capitol building construction account, whose revenues are from the sale of capitol building lands, timber, or other materials, shall be exempt from the state debt limit under RCW 39.42.060, and if at any time the capitol building construction account has insufficient revenues to repay the bonds, the legislature may provide additional means for the payment of the bonds, but any such additional means shall be subject to the state debt limit. The approved rehabilitation plan includes costs associated with earthquake repairs and future earthquake mitigation and allows for associated relocation costs and the acquisition of appropriate relocation space. Bonds authorized in this section shall not constitute indebtedness for purposes of the limitations set forth in RCW 39.42.060, to the extent that the bond payments are paid from the capitol building construction account. Bonds authorized in this section may be sold at a price the state finance committee determines. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. The proceeds of the sale of the bonds issued for the purposes of this section shall be deposited in the capitol historic district construction account hereby created in the state treasury. These proceeds shall be used exclusively for the purposes specified in this section and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of this section, and shall be administered by the office of financial management subject to legislative appropriation. amount computed in (a) of this subsection for bonds issued for the purposes of RCW 43.99Q.130.

[2001 2nd sp.s. c 9 § 15.]

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section. [2001 2nd sp.s. c 9 § 16.]

43.101.010 Definitions. When used in this chapter:

(1) The term "commission" means the Washington state criminal justice training commission.

(2) The term "boards" means the education and training standards boards, the establishment of which are authorized by this chapter.

(3) The term "criminal justice personnel" means any person who serves in a county, city, state, or port commission agency engaged in crime prevention, crime reduction, or enforcement of the criminal law.

(4) The term "law enforcement personnel" means any public employee or volunteer having as a primary function the enforcement of criminal laws in general or any employee or volunteer of, or any individual commissioned by, any municipal, county, state, or combination thereof, agency having as its primary function the enforcement of criminal laws in general as distinguished from an agency possessing peace officer powers, the primary function of which is the implementation of specialized subject matter areas. For the purposes of this subsection "primary function" means that function to which the greater allocation of resources is made.

(5) The term "correctional personnel" means any employee or volunteer who by state, county, municipal, or combination thereof, statute has the responsibility for the confinement, care, management, training, treatment, education, supervision, or counseling of those individuals whose civil rights have been limited in some way by legal sanction.

(6) "Chief for a day program" means a program in which commissioners and staff partner with local, state, and federal law enforcement agencies, hospitals, and the community to provide a day of special attention to chronically ill children. Each child is selected and sponsored by a law enforcement agency. The event, "chief for a day," occurs on one day, annually or every other year and may occur on the grounds and in the facilities of the commission. The program may include any appropriate honoring of the child as a "chief," such as a certificate swearing them in as a chief, a badge, a uniform, and donated gifts such as games, puzzles, and art supplies.

(7) A peace officer is "convicted" at the time a plea of guilty has been accepted, or a verdict of guilty or finding of guilt has been filed, notwithstanding the pendency of any future proceedings, including but not limited to sentencing, posttrial or postfact-finding motions and appeals. "Conviction" includes a deferral of sentence and also includes the equivalent disposition by a court in a jurisdiction other than the state of Washington.

(8) "Discharged for disqualifying misconduct" means terminated from employment for: (a) Conviction of (i) any crime committed under color of authority as a peace officer, (ii) any crime involving dishonesty or false statement within the meaning of Evidence Rule 609(a), (iii) the unlawful use or possession of a controlled substance, or (iv) any other crime the conviction of which disqualifies a Washington citizen from the legal right to possess a firearm under state or federal law; (b) conduct that would constitute any of the crimes addressed in (a) of this subsection; or (c) knowingly making materially false statements during disciplinary investigations, where the false statements are the sole basis for the termination.

(9) A peace officer is "discharged for disqualifying misconduct" within the meaning of subsection (8) of this section under the ordinary meaning of the term and when the totality of the circumstances support a finding that the officer resigned in anticipation of discipline, whether or not the misconduct was discovered at the time of resignation, and when such discipline, if carried forward, would more likely than not have led to discharge for disqualifying misconduct within the meaning of subsection (8) of this section.

(10) When used in context of proceedings referred to in this chapter, "final" means that the peace officer has exhausted all available civil service appeals, collective bargaining remedies, and all other such direct administrative appeals, and the officer has not been reinstated as the result of the action. Finality is not affected by the pendency or availability of state or federal administrative or court actions for discrimination, or by the pendency or availability of any remedies other than direct civil service and collective bargaining remedies.

(11) "Peace officer" means any law enforcement personnel subject to the basic law enforcement training requirement of RCW 43.101.200 and any other requirements of that section, notwithstanding any waiver or exemption granted by the commission, and notwithstanding the statutory exemption based on date of initial hire under RCW 43.101.200. Commissioned officers of the Washington state patrol, whether they have been or may be exempted by rule of the commission from the basic training requirement of RCW 43.101.200, are included as peace officers for purposes of this chapter. Fish and wildlife officers with enforcement powers for all criminal laws under RCW 77.15.075 are peace officers for purposes of this chapter. [2008 c 69 § 2; 2003 c 39 § 27; 2001 c 167 § 1; 1981 c 132 § 2; 1977 ex.s. c 212 § 1; 1974 ex.s. c 94 § 1.]

Finding—2008 c 69: "The legislature finds that the Washington state criminal justice commission's participation in charitable work, such as the "chief for a day" program that provides special attention to chronically ill children through recognition by various law enforcement agencies within the state, advances the overall purposes of the commission by promoting positive relationships between law enforcement and the citizens of the state of Washington." Effective date—2006 c 22: "This act takes effect January 1, 2007." [2006 c 22 § 4.]

Severability—2006 c 22: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2006 c 22 § 5.]

43.101.095 Peace officer certification. (1) As a condition of continuing employment as peace officers, all Washington peace officers: (a) Shall timely obtain certification as peace officers, or timely obtain certification or exemption therefrom, by meeting all requirements of RCW 43.101.200, as that section is administered under the rules of the commission, as well by meeting any additional requirements under this chapter; and (b) shall maintain the basic certification as peace officers under this chapter.

(2)(a) As a condition of continuing employment for any applicant that has been offered a conditional offer of employment as a fully commissioned peace officer or a reserve officer after July 24, 2005, including any person whose certification has lapsed as a result of a break of more than twenty-four consecutive months in the officer's service as a fully commissioned peace officer or reserve officer, the applicant shall successfully pass a psychological examination and a polygraph or similar test as administered by the county, city, or state law enforcement agency that complies with the following requirements:

(i) The psychological examination shall be administered by a psychiatrist licensed in the state of Washington pursuant

to chapter 18.71 RCW or a psychologist licensed in the state of Washington pursuant to chapter 18.83 RCW. The examination shall consist of, at a minimum, a standardized clinical test that is widely used as an objective clinical screening tool for personality and psychosocial disorders. The test that is used and the conditions under which the test is administered, scored, and interpreted must comply with accepted psychological standards. Additional tests may be administered at the option of the employing law enforcement agency.

(ii) The polygraph examination or similar assessment shall be administered by an experienced polygrapher who is a graduate of a polygraph school accredited by the American polygraph association.

(b) The employing county, city, or state law enforcement agency may require that each peace officer or reserve officer who is required to take a psychological examination and a polygraph or similar test pay a portion of the testing fee based on the actual cost of the test or four hundred dollars, whichever is less. County, city, and state law enforcement agencies may establish a payment plan if they determine that the peace officer or reserve officer does not readily have the means to pay for his or her portion of the testing fee.

(3) The commission shall certify peace officers who have satisfied, or have been exempted by statute or by rule from, the basic training requirements of RCW 43.101.200 on or before January 1, 2002. Thereafter, the commission may revoke certification pursuant to this chapter.

(4) The commission shall allow a peace officer to retain status as a certified peace officer as long as the officer: (a) Timely meets the basic law enforcement training requirements, or is exempted therefrom, in whole or in part, under RCW 43.101.200 or under rule of the commission; (b) meets or is exempted from any other requirements under this chapter as administered under the rules adopted by the commission; (c) is not denied certification by the commission under this chapter; and (d) has not had certification revoked by the commission.

(5) As a prerequisite to certification, as well as a prerequisite to pursuit of a hearing under RCW 43.101.155, a peace officer must, on a form devised or adopted by the commission, authorize the release to the commission of his or her personnel files, termination papers, criminal investigation files, or other files, papers, or information that are directly related to a certification matter or decertification matter before the commission.

(6) The commission is authorized to receive criminal history record information that includes nonconviction data for any purpose associated with employment by the commission or peace officer certification under this chapter. Dissemination or use of nonconviction data for purposes other than that authorized in this section is prohibited.

(7) For a national criminal history records check, the commission shall require fingerprints be submitted and searched through the Washington state patrol identification and criminal history section. The Washington state patrol shall forward the fingerprints to the federal bureau of investigation. [2008 c 74 § 8; 2005 c 434 § 2; 2001 c 167 § 2.]

Finding—2008 c 74: See note following RCW 51.04.024.

43.101.105 Denial or revocation of peace officer certification. (1) Upon request by a peace officer's employer or on its own initiative, the commission may deny or revoke certification of any peace officer, after written notice and hearing, if a hearing is timely requested by the peace officer under RCW 43.101.155, based upon a finding of one or more of the following conditions:

(a) The peace officer has failed to timely meet all requirements for obtaining a certificate of basic law enforcement training, a certificate of basic law enforcement training equivalency, or a certificate of exemption from the training;

(b) The peace officer has knowingly falsified or omitted material information on an application for training or certification to the commission;

(c) The peace officer has been convicted at any time of a felony offense under the laws of this state or has been convicted of a federal or out-of-state offense comparable to a felony under the laws of this state; except that if a certified peace officer was convicted of a felony before being employed as a peace officer, and the circumstances of the prior felony conviction were fully disclosed to his or her employer before being hired, the commission may revoke certification only with the agreement of the employing law enforcement agency;

(d) The peace officer has been discharged for disqualifying misconduct, the discharge is final, and some or all of the acts or omissions forming the basis for the discharge proceedings occurred on or after January 1, 2002;

(e) The peace officer's certificate was previously issued by administrative error on the part of the commission; or

(f) The peace officer has interfered with an investigation or action for denial or revocation of certificate by: (i) Knowingly making a materially false statement to the commission; or (ii) in any matter under investigation by or otherwise before the commission, tampering with evidence or tampering with or intimidating any witness.

(2) After July 24, 2005, the commission shall deny certification to any applicant that has lost his or her certification as a result of a break in service of more than twenty-four consecutive months if that applicant failed to successfully pass the psychological examination and the polygraph test or similar assessment procedure required in RCW 43.101.095(2), as administered by county, city, or state law enforcement agencies. [2005 c 434 § 3; 2001 c 167 § 3.]

43.101.115 Denial or revocation of peace officer certification—Readmission to academy—Reinstatement. (1) A person denied a certification based upon dismissal or withdrawal from a basic law enforcement academy for any reason not also involving discharge for disqualifying misconduct is eligible for readmission and certification upon meeting standards established in rules of the commission, which rules may provide for probationary terms on readmission.

(2) A person whose certification is denied or revoked based upon prior administrative error of issuance, failure to cooperate, or interference with an investigation is eligible for certification upon meeting standards established in rules of the commission, rules which may provide for a probationary period of certification in the event of reinstatement of eligibility.

(2008 Ed.)

(3) A person whose certification is denied or revoked based upon a felony criminal conviction is not eligible for certification at any time.

(4) A peace officer whose certification is denied or revoked based upon discharge for disqualifying misconduct, but not also based upon a felony criminal conviction, may, five years after the revocation or denial, petition the commission for reinstatement of the certificate or for eligibility for reinstatement. The commission shall hold a hearing on the petition to consider reinstatement, and the commission may allow reinstatement based upon standards established in rules of the commission. If the certificate is reinstated or eligibility for certification is determined, the commission may establish a probationary period of certification.

(5) A peace officer whose certification is revoked based solely upon a criminal conviction may petition the commission for reinstatement immediately upon a final judicial reversal of the conviction. The commission shall hold a hearing on request to consider reinstatement, and the commission may allow reinstatement based on standards established in rules of the commission. If the certificate is reinstated or if eligibility for certification is determined, the commission may establish a probationary period of certification. [2001 c 167 § 4.]

43.101.125 Lapsed peace officer certification—Reinstatement—Rules. A peace officer's certification lapses automatically when there is a break of more than twenty-four consecutive months in the officer's service as a full-time law enforcement officer. A break in full-time law enforcement service which is due solely to the pendency of direct review or appeal from a disciplinary discharge, or to the pendency of a work-related injury, does not cause a lapse in certification. The officer may petition the commission for reinstatement of certification. Upon receipt of a petition for reinstatement of a lapsed certificate, the commission shall determine under this chapter and any applicable rules of the commission if the peace officer's certification status is to be reinstated, and the commission shall also determine any requirements which the officer must meet for reinstatement. The commission may adopt rules establishing requirements for reinstatement. [2001 c 167 § 5.]

43.101.135 Termination of peace officer—Notification to commission. Upon termination of a peace officer for any reason, including resignation, the agency of termination shall, within fifteen days of the termination, notify the commission on a personnel action report form provided by the commission. The agency of termination shall, upon request of the commission, provide such additional documentation or information as the commission deems necessary to determine whether the termination provides grounds for revocation under RCW 43.101.105. The commission shall maintain these notices in a permanent file, subject to RCW 43.101.400. [2001 c 167 § 6.]

43.101.145 Written complaint by law enforcement or law enforcement agency to deny or revoke peace officer certification—Immunity of complainant. A law enforcement officer or duly authorized representative of a law

enforcement agency may submit a written complaint to the commission charging that a peace officer's certificate should be denied or revoked, and specifying the grounds for the charge. Filing a complaint does not make a complainant a party to the commission's action. The commission has sole discretion whether to investigate a complaint, and the commission has sole discretion whether to investigate matters relating to certification, denial of certification, or revocation of certification on any other basis, without restriction as to the source or the existence of a complaint. A person who files a complaint in good faith under this section is immune from suit or any civil action related to the filing or the contents of the complaint. [2001 c 167 § 8.]

43.101.155 Denial or revocation of peace officer certification—Statement of charges—Notice—Hearing. (1) If the commission determines, upon investigation, that there is probable cause to believe that a peace officer's certification should be denied or revoked under RCW 43.101.105, the commission must prepare and serve upon the officer a statement of charges. Service on the officer must be by mail or by personal service on the officer. Notice of the charges must also be mailed to or otherwise served upon the officer's agency of termination and any current law enforcement agency employer. The statement of charges must be accompanied by a notice that to receive a hearing on the denial or revocation, the officer must, within sixty days of communication of the statement of charges, request a hearing before the hearings board appointed under RCW 43.101.380. Failure of the officer to request a hearing within the sixty-day period constitutes a default, whereupon the commission may enter an order under RCW 34.05.440.

(2) If a hearing is requested, the date of the hearing must be scheduled not earlier than ninety days nor later than one hundred eighty days after communication of the statement of charges to the officer; the one hundred eighty-day period may be extended on mutual agreement of the parties or for good cause. The commission shall give written notice of hearing at least twenty days prior to the hearing, specifying the time, date, and place of hearing. [2001 c 167 § 9.]

43.101.157 Tribal police officer certification. (1) Tribal governments may voluntarily request certification for their police officers. Tribal governments requesting certification for their police officers must enter into a written agreement with the commission. The agreement must require the tribal law enforcement agency and its officers to comply with all of the requirements for granting, denying, and revoking certification as those requirements are applied to peace officers certified under this chapter and the rules of the commission.

(2) Officers making application for certification as tribal police officers shall meet the requirements of this chapter and the rules of the commission as those requirements are applied to certification of peace officers. Application for certification as a tribal police officer shall be accepted and processed in the same manner as those for certification of peace officers.

(3) For purposes of certification, "tribal police officer" means any person employed and commissioned by a tribal

government to enforce the criminal laws of that government. [2006 c 22 § 2.]

[1974 ex.s. c 94 § 17.]

***Reviser's note:** RCW 43.101.160 was repealed by 1983 c 197 § 55, effective June 30, 1987.

The services provided by the state through the establishment and maintenance of the programs of the commission are primarily intended for the benefit of the criminal justice agencies of the counties, cities, and towns of this state. To the extent that funds available to the state under the Crime Control Act of 1973 are utilized by the commission, it is the determination of the legislature that, to the maximum extent permitted by federal law, such funds as are so utilized shall be charged against that portion of United States law enforcement assistance administration funds which the state is required to make available to units of local government pursuant to section 303(a)(2) of Part C of the Crime Control Act of 1973. [1974 ex.s. c 94 § 19.]

For personnel initially employed before January 1, 1990, such training shall be successfully completed during the first fifteen months of employment of such personnel unless otherwise extended or waived by the commission and shall be requisite to the continuation of such employment. Additionally, to the extent funds are provided for this purpose, the commission shall reimburse to participating law enforcement agencies with ten or less full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training: PROVIDED, That such reimbursement shall include only the actual cost of temporary replacement not to exceed the total amount of salary and benefits received by the replaced officer during his or her training period. [1997 c 351 § 13. Prior: 1993 sp.s. c 24 § 920; 1993 sp.s. c 21 § 5; 1989 c 299 § 2; 1977 ex.s. c 212 § 2.]

(1) The corrections personnel of the state and all counties and municipal corporations initially employed on or after January 1, 1982, shall engage in basic corrections training which complies with standards adopted by the commission. (3) The training shall: (a) Be based on research-based practices and standards; (b) minimize the trauma of all persons who are interviewed during abuse investigations; (c) provide methods of reducing the number of investigative interviews necessary whenever possible; (d) assure, to the extent possible, that investigative interviews are thorough, objective, and complete; (e) recognize needs of special populations, such as persons with developmental disabilities; (f) recognize the nature and consequences of victimization; (g) require investigative interviews to be conducted in a manner most likely to permit the interviewed persons the maximum emotional comfort under the circumstances; (h) address record retention and retrieval; and (i) documentation of investigative interviews. Intent—2003 c 37: "The legislature intends to improve the safety of law enforcement officers and the public by providing consistent education and training for officers in the matter of vehicle pursuit. (2) The model policy must meet all of the following minimum standards:

(c) Provide procedures for coordinating operations with other jurisdictions; and

(d) Provide guidelines for determining when the interests of public safety and effective law enforcement justify a vehicular pursuit and when a vehicular pursuit should not be initiated or should be terminated.

43.101.270 Sexual assault—Training for investigating and prosecuting. (1) Each year the criminal justice training commission shall offer an intensive, integrated training session on investigating and prosecuting sexual assault cases. The training shall place particular emphasis on the development of professionalism and sensitivity towards the victim and the victim's family.

(2) The commission shall seek advice from the Washington association of prosecuting attorneys, the Washington (2008 Ed.)

defender association, the Washington association of sheriffs and police chiefs, and the Washington coalition of sexual assault programs.

(3) The training shall be an integrated approach to sexual assault cases so that prosecutors, law enforcement, defenders, and victim advocates can all benefit from the training.

(4) The training shall be self-supporting through fees charged to the participants of the training. [1991 c 267 § 2.]

Findings—1991 c 267: "The safety of all children is enhanced when sexual assault cases are properly investigated and prosecuted. The victim of the sexual assault and the victim's family have a right to be treated with sensitivity and professionalism, which also increases the likelihood of their continued cooperation with the investigation and prosecution of the case. The legislature finds the sexual assault cases, particularly those involving victims who are children, are difficult to prosecute successfully. The cooperation of a victim and the victim's family through the investigation and prosecution of the sexual assault case is enhanced and the trauma associated with the investigation and prosecution is reduced when trained victim advocates assist the victim and the victim's family through the investigation and prosecution of the case. Trained victim advocates also assist law enforcement, prosecutors, and defense attorneys, by relieving some of the burden of explaining the investigation and prosecution process and possible delays to the victim and accompanying the victim during interviews by the police, prosecutor, and defense attorney, and accompanying the victim during hearings and the trial.

The legislature finds that counties should give priority to the successful prosecution of sexual assault cases, especially those that involve children, by ensuring that prosecutors, investigators, defense attorneys, and victim advocates are properly trained and available. Therefore, the legislature intends to establish a mechanism to provide the necessary training of prosecutors, law enforcement investigators, defense attorneys, and victim advocates and ensure the availability of victim advocates for victims of sexual assault and their families." (2) In all hearings requested under RCW 43.101.155, a five-member hearings panel shall both hear the case and make the commission's final administrative decision. Members of the commission or the board on law enforcement training standards and education may but need not be appointed to the hearings panels. The commission shall appoint as follows two or more panels to hear appeals from decertification actions:

(a) When a hearing is requested in relation to decertification of a Washington peace officer who is not a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) One police chief; (ii) one sheriff; (iii) two peace officers who are at or below the level of first line supervisor, who are from city or county law enforcement agencies, and who have at least ten years' experience as peace officers; and (iv) one person who is not currently a peace officer and who represents a community college or four-year college or university.

(3) Where the charge upon which revocation or denial is based is that a peace officer was "discharged for disqualifying misconduct," and the discharge is "final," within the meaning of RCW 43.101.105(1)(d), and the officer received a civil service hearing or arbitration hearing culminating in an affirming decision following separation from service by the employer, the hearings panel may revoke or deny certification if the hearings panel determines that the discharge occurred and was based on disqualifying misconduct; the hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the employment separation proceeding. However, the hearings panel may, in its discretion, consider additional evidence to determine whether such a discharge occurred and was based on such disqualifying misconduct. The hearings panel shall, upon written request by the subject peace officer, allow the peace officer to present additional evidence of extenuating circumstances.

Where the charge upon which revocation or denial of certification is based is that a peace officer "has been convicted at any time of a felony offense" within the meaning of RCW 43.101.105(1)(c), the hearings panel shall revoke or

deny certification if it determines that the peace officer was convicted of a felony. The hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the criminal proceeding. However, the hearings panel shall, upon the panel's determination of relevancy, consider additional evidence to determine whether the peace officer was convicted of a felony.

Where the charge upon which revocation or denial is based is under RCW 43.101.105(1) (a), (b), (e), or (f), the hearings panel shall determine the underlying facts relating to the charge upon which revocation or denial of certification is based.

(4) The commission's final administrative decision is subject to judicial review under RCW 34.05.510 through 34.05.598. [2006 c 22 § 3; 2001 c 167 § 10.]

Such records are not subject to public disclosure, subpoena, or discovery proceedings in any civil action, except as provided in subsection (5) of this section.

(2) Records which are otherwise confidential and exempt under subsection (1) of this section may be reviewed and copied: (a) By the officer involved or the officer's counsel or authorized representative, who may review the officer's file and may submit any additional exculpatory or explanatory evidence, statements, or other information, any of which must be included in the file; (b) by a duly authorized representative of (i) the agency of termination, or (ii) a current employing law enforcement agency, which may review and copy its employee-officer's file; or (c) by a representative of or investigator for the commission.

(3) Records which are otherwise confidential and exempt under subsection (1) of this section may also be inspected at the offices of the commission by a duly authorized representative of a law enforcement agency considering an application for employment by a person who is the subject of a record. A copy of records which are otherwise confidential and exempt under subsection (1) of this section may later be obtained by an agency after it hires the applicant. In all other cases under this subsection, the agency may not obtain a copy of the record.

(4) Upon a determination that a complaint is without merit, that a personnel action report filed under RCW 43.101.135 does not merit action by the commission, or that a matter otherwise investigated by the commission does not merit action, the commission shall purge records addressed in subsection (1) of this section.

(5) The hearings, but not the deliberations, of the hearings board are open to the public. The transcripts, admitted evidence, and written decisions of the hearings board on behalf of the commission are not confidential or exempt from public disclosure, and are subject to subpoena and discovery proceedings in civil actions.

(6) Every individual, legal entity, and agency of federal, state, or local government is immune from civil liability, whether direct or derivative, for providing information to the commission in good faith. [2001 c 167 § 12.]

***Reviser's note:** RCW 43.101.095 was amended by 2005 c 434 § 2, changing subsection (3) to subsection (5).

43.101.410 Racial profiling—Policies—Training—Complaint review process—Data collection and reporting. (1) Local law enforcement agencies shall comply with the recommendations of the Washington association of sheriffs and police chiefs regarding racial profiling, as set forth under (a) through (f) of this subsection. Local law enforcement agencies shall:

(a) Adopt a written policy designed to condemn and prevent racial profiling;

(b) Review and audit their existing procedures, practices, and training to ensure that they do not enable or foster the practice of racial profiling;

(c) Continue training to address the issues related to racial profiling. Officers should be trained in how to better interact with persons they stop so that legitimate police actions are not misperceived as racial profiling;

(d) Ensure that they have in place a citizen complaint review process that can adequately address instances of racial profiling. The process must be accessible to citizens and must be fair. Officers found to be engaged in racial profiling must be held accountable through the appropriate disciplinary procedures within each department;

(e) Work with the minority groups in their community to appropriately address the issue of racial profiling; and

(f) Within fiscal constraints, collect demographic data on traffic stops and analyze that data to ensure that racial profiling is not occurring.

(2) The Washington association of sheriffs and police chiefs shall coordinate with the criminal justice training commission to ensure that issues related to racial profiling are addressed in basic law enforcement training and offered in regional training for in-service law enforcement officers at all levels.

(3) Local law enforcement agencies shall report all information required under this section to the Washington association of sheriffs and police chiefs. [2002 c 14 § 2.]

Declaration—Findings—2002 c 14: "(1) The legislature declares that racial profiling is the illegal use of race or ethnicity as a factor in deciding to stop and question, take enforcement action, arrest, or search a person or vehicle with or without a legal basis under the United States Constitution or Washington state Constitution.

(2) The legislature recognizes that the president of the United States has issued an executive order stating that stopping or searching individuals (2008 Ed.)

on the basis of race is not an effective law enforcement policy, that it is inconsistent with democratic ideals, especially the commitment to equal protection under the law for all persons, and that it is neither legitimate nor defensible as a strategy for public protection. The order also instructs the law enforcement agencies within the departments of justice, treasury, and interior to collect race, ethnicity, and gender data on the people they stop or arrest.

(3) The legislature finds that the Washington state patrol has been in the process of collecting data on traffic stops and analyzing the data to determine if the patrol has any areas in its enforcement of traffic laws where minorities are being treated in a discriminatory manner. The legislature further finds that the Washington association of sheriffs and police chiefs has recently passed a resolution condemning racial profiling and has reaffirmed local law enforcement agencies' commitment to ensuring the public safety and the protection of civil liberties for all persons. The association also restated its goal of implementing policing procedures that are fair, equitable, and constitutional." [2002 c 14 § 1.]

43.101.415 Racial profiling—Reports to the legislature. The Washington association of sheriffs and police chiefs, in cooperation with the criminal justice training commission, shall report to the legislature by December 31, 2002, and each December 31st thereafter, on the progress and accomplishments of each local law enforcement agency in the state in meeting the requirements and goals set forth in RCW 43.101.410. [2002 c 14 § 3.]

43.103.100 Sudden infant death syndrome—Training—Protocols. (1) The council shall research and develop an appropriate training component on the subject of sudden, unexplained child death, including but not limited to sudden infant death syndrome. The training component shall include, at a minimum:

(a) Medical information on sudden, unexplained child death for first responders, including awareness and sensitivity in dealing with families and child care providers, and the importance of forensically competent death scene investigation;

(b) Information on community resources and support groups available to assist families who have lost a child to sudden, unexplained death, including sudden infant death syndrome; and

(c) The value of timely communication between the county coroner or medical examiner and the public health department, when a sudden, unexplained child death occurs, in order to achieve a better understanding of such deaths, and connecting families to various community and public health support systems to enhance recovery from grief.

(2) The council shall work with volunteer groups with expertise in the area of sudden, unexplained child death, including but not limited to the SIDS foundation of Washington and the Washington association of county officials.

(3) Basic training for death investigators offered by the Washington association of coroners and medical examiners and the criminal justice training commission shall include a module which specifically addresses the investigations of the sudden unexplained deaths of children under the age of three. The training module shall include a scene investigation protocol endorsed or developed by the council. A similar training curriculum shall be required for city and county law enforcement officers and emergency medical personnel certified by the department of health as part of their basic training through the criminal justice training commission or the department of health emergency medical training certification program.

(5) The council shall develop a protocol for autopsies of children under the age of three whose deaths are sudden and unexplained. This protocol shall be used by pathologists who are not certified by the American board of pathology in forensic pathology, and who are providing autopsy services to coroners and medical examiners. [2001 c 82 § 1; 1991 c 176 § 6.]

Finding—Declaration—1991 c 176: "The legislature finds and declares that sudden and unexplained child deaths are a leading cause of death for children under age three. The public interest is served by research and study of the potential causes and indications of such unexplained child deaths and the prevention of inaccurate and inappropriate designation of sudden infant death syndrome (SIDS) as a cause of death. The legislature further finds and declares that law enforcement officers, firefighters, emergency medical technicians, and other first responders in emergency situations are not adequately informed regarding sudden, unexplained death in young children including but not limited to sudden infant death syndrome, its signs and typical history, and as a result may compound the family and child care provider's grief through conveyed suspicions of a criminal act. Coroners, investigators, and prosecuting attorneys are also in need of updated training on the identification of unexplained death in children under the age of three, including but not limited to sudden infant death syndrome awareness and sensitivity and the establishment of a statewide uniform protocol in cases of sudden, unexplained child death." [1991 c 176 § 5.]

43.103.110 Training modules for missing persons protocols. The Washington state forensic investigations council, in cooperation with the Washington association of coroners and medical examiners and other interested agencies, shall develop training modules that are essential to the effective implementation and use of missing persons protocols using funds provided in RCW 43.79.445. The training commission shall make the training modules available to small departments or those at remote locations with the least disruption. The modules shall include, but not be limited to: The reporting process, the use of forms and protocols, the effective use of resources, the collection and importance of evidence and preservation of biological evidence, and risk assessment of the individuals reported missing. [2007 c 10 § 2; 2006 c 102 § 3.]

Intent—2007 c 10: "It is the intent of this act to build upon the research and findings of the Washington state missing persons task force, assembled by the state attorney general in 2003, the United States department of justice, and the initiative taken in chapter 102, Laws of 2006, by the legislature to aid in recovery of missing persons and the identification of human remains." [2007 c 10 § 1.]

Finding—Intent—2006 c 102: See note following RCW 36.28A.100.

43.103.900 Severability—1983 1st ex.s. c 16. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 1st ex.s. c 16 § 23.]

43.103.901 Effective date—1983 1st ex.s. c 16. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1983. [1983 1st ex.s. c 16 § 24.]

43.105.005 Purpose. It is a purpose of this chapter to provide for coordinated planning and management of state information services. The legislature recognizes that information systems, telecommunications, equipment, software, and services must satisfy the needs of end users and that many appropriate and cost-effective alternatives exist for meeting these needs, such as shared mainframe computing, shared voice, data, and video telecommunications services, local area networks, departmental minicomputers, and microcomputers. [1990 c 208 § 1; 1987 c 504 § 1.]

43.105.017 Legislative intent. It is the intent of the legislature that:

(7) To the greatest extent possible, major information technology projects be implemented on an incremental basis;

(8) The state maximize opportunities to exchange and share data and information by moving toward implementation of open system architecture based upon interface standards providing for application and data portability and interoperability;

(9) To the greatest extent possible, the state recognize any price performance advantages which may be available in midrange and personal computing architecture;

(10) The state improve recruitment, retention, and training of professional staff;

(11) Plans, proposals, and acquisitions for information services be reviewed from a financial and management perspective as part of the budget process; and

43.105.250 Electronic access to public records—Findings—Intent. Based upon the recommendations of the public information access policy task force, the legislature finds that government records and information are a vital resource to both government operations and to the public that government serves. Broad public access to state and local government records and information has potential for expanding citizen access to that information and for improving government services. Electronic methods for locating and transferring information can improve linkages between and among citizens, organizations, businesses, and governments. Information must be managed with great care to meet the objectives of citizens and their governments.

It is the intent of the legislature to encourage state and local governments to develop, store, and manage their public records and information in electronic formats to meet their missions and objectives. Further, it is the intent of the legislature for state and local governments to set priorities for making public records widely available electronically to the public. [1996 c 171 § 1.]

Captions not law—1996 c 171: "Section captions used in this act do not constitute any part of the law." [1996 c 171 § 16.]

Effective dates—1996 c 171: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 28, 1996], except for section 8 of this act, which takes effect June 30, 1997." [1996 c 171 § 19.]

43.105.260 Electronic access to public records—Definitions. Unless the context requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Local government" means every county, city, town, and every other municipal or quasi-municipal corporation.

(2) "Public record" means as defined in RCW 42.17.020 and chapter 40.14 RCW, and includes legislative records and court records that are available for public inspection.

(3) "State agency" includes every state office, department, division, bureau, board, and commission of the state, and each state elected official who is a member of the executive department. [1996 c 171 § 2.]

Captions not law—Effective dates—1996 c 171: See notes following RCW 43.105.250.

43.105.270 Electronic access to public records—Planning. Within existing resources, state agencies shall plan for and implement processes for making information available electronically. Public demand and agencies' missions and goals shall drive the selection and priorities for government information to be made available electronically. When planning for increased public electronic access, agencies should determine what information the public wants and needs most. Widespread public electronic access does not mean that all government information is able to be made available electronically.

(1) In planning for and implementing electronic access, state agencies shall:

(a) Where appropriate, plan for electronic public access and two-way electronic interaction when acquiring, redesigning, or rebuilding information systems;

(b) Focus on providing electronic access to current information, leaving archival material to be made available digitally as resources allow or as a need arises;

(c) Coordinate technology planning across agency boundaries in order to facilitate electronic access to vital public information;

(d) Develop processes to determine which information the public most wants and needs;

(e) Develop and employ methods to readily withhold or mask nondisclosable data.

(2) In planning or implementing electronic access and two-way electronic interaction and delivery technologies, state agencies and local governments are encouraged to:

(a) Increase their capabilities to receive information electronically from the public and to transmit forms, applications, and other communications and transactions electronically;

(b) Use technologies allowing public access throughout the state that allow continuous access twenty-four hours a day, seven days per week, involve little or no cost to access, and are capable of being used by persons without extensive technological ability; and

(c) Consider and incorporate wherever possible ease of access to electronic technologies by persons with disabilities. In planning and implementing new public electronic access projects, agencies should consult with people who have disabilities, with disability access experts, and the general public.

(3) The final report of the public information access policy task force, "Encouraging Widespread Public Electronic Access to Public Records and Information Held by State and Local Governments," shall serve as a major resource for state agencies and local governments in planning and providing increased access to electronic public records and information. [1996 c 171 § 5.]

Captions not law—Effective dates—1996 c 171: See notes following RCW 43.105.250.

43.105.280 Electronic access to public records—Costs and fees. Funding to meet the costs of providing access, including the building of the necessary information systems, the digitizing of information, developing the ability to mask nondisclosable information, and maintenance and upgrade of information access systems should come primarily from state and local appropriations, federal dollars, grants, private funds, cooperative ventures among governments, nonexclusive licensing, and public/private partnerships. Agencies should not offer customized electronic access services as the primary way of responding to requests or as a primary source of revenue. Fees for staff time to respond to requests, and other direct costs may be included in costs of providing customized access.

Agencies and local governments are encouraged to pool resources and to form cooperative ventures to provide electronic access to government records and information. State agencies are encouraged to seek federal and private grants for projects that provide increased efficiency and improve gov-

ernment delivery of information and services. [1996 c 171 § 12.]

Captions not law—Effective dates—1996 c 171: See notes following RCW 43.105.250.

43.105.290 Electronic access to public records—Government information locator service pilot project. The state library, with the assistance of the department of information services and the state archives, shall establish a pilot project to design and test an electronic information locator system, allowing members of the public to locate and access electronic public records. In designing the system, the following factors shall be considered: (1) Ease of operation by citizens; (2) access through multiple technologies, such as direct dial and toll-free numbers, kiosks, and the internet; (3) compatibility with private online services; and (4) capability of expanding the electronic public records included in the system. The pilot project may restrict the type and quality of electronic public records that are included in the system to test the feasibility of making electronic public records and information widely available to the public. [1996 c 171 § 13.]

Captions not law—Effective dates—1996 c 171: See notes following RCW 43.105.250.

43.105.300 Education in use of technology encouraged. State agencies and local governments are encouraged to provide education for their employees in the use and implementation of electronic technologies. State agencies are encouraged to make maximum use of the provisions of RCW 28B.15.558, and training offered by the state department of personnel, to maximize employee education in the creation, design, maintenance, and use of electronic information systems and improved customer service delivery. [1996 c 171 § 14.]

Captions not law—Effective dates—1996 c 171: See notes following RCW 43.105.250.

43.105.310 Accuracy, integrity, and privacy of records and information. State agencies and local governments that collect and enter information concerning individuals into electronic records and information systems that will be widely accessible by the public under RCW 42.17.020 shall ensure the accuracy of this information to the extent possible. To the extent possible, information must be collected directly from, and with the consent of, the individual who is the subject of the data. Agencies shall establish procedures for correcting inaccurate information, including establishing mechanisms for individuals to review information about themselves and recommend changes in information they believe to be inaccurate. The inclusion of personal information in electronic public records that is widely available to the public should include information on the date when the database was created or most recently updated. If personally identifiable information is included in electronic public records that are made widely available to the public, agencies must follow retention and archival schedules in accordance with chapter 40.14 RCW, retaining personally identifiable information only as long as needed to carry out the purpose for which it was collected. [1996 c 171 § 15.]

43.105.320 Departmental authority as certification authority for electronic authentication. The department of information services may become a licensed certification authority, under chapter 19.34 RCW, for the purpose of providing services to agencies, local governments, and other entities and persons for purposes of official state business. The department is not subject to RCW 19.34.100(1)(a). The department shall only issue certificates, as defined in RCW 19.34.020, in which the subscriber is:

(1) The state of Washington or a department, office, or agency of the state;

(2) A city, county, district, or other municipal corporation, or a department, office, or agency of the city, county, district, or municipal corporation;

(3) An agent or employee of an entity described by subsection (1) or (2) of this section, for purposes of official public business;

(4) Any other person or entity engaged in matters of official public business, however, such certificates shall be limited only to matters of official public business. The department may issue certificates to such persons or entities only if after issuing a request for proposals from certification authorities licensed under chapter 19.34 RCW and review of the submitted proposals, makes a determination that such private services are not sufficient to meet the department's published requirements. The department must set forth in writing the basis of any such determination and provide procedures for challenge of the determination as provided by the state procurement requirements; or

(5) An applicant for a license as a certification authority for the purpose of compliance with RCW 19.34.100(1)(a). [1999 c 287 § 18; 1997 c 27 § 29.]

Effective date—1999 c 287: See note following RCW 19.34.010.

Effective date—Severability—1997 c 27: See notes following RCW 19.34.030.

43.105.330 State interoperability executive committee. (1) The board shall appoint a state interoperability executive committee, the membership of which must include, but not be limited to, representatives of the military department, the Washington state patrol, the department of transportation, the department of information services, the department of natural resources, city and county governments, state and local fire chiefs, police chiefs, and sheriffs, and state and local emergency management directors. The chair and legislative members of the board will serve as nonvoting ex officio members of the committee. Voting membership may not exceed fifteen members.

(2) The chair of the board shall appoint the chair of the committee from among the voting members of the committee.

(3) The state interoperability executive committee has the following responsibilities:

(a) Develop policies and make recommendations to the board for technical standards for state wireless radio communications systems, including emergency communications systems. The standards must address, among other things,

[Title 43 RCW—page 543]

the interoperability of systems, taking into account both existing and future systems and technologies;

(b) Coordinate and manage on behalf of the board the licensing and use of state-designated and state-licensed radio frequencies, including the spectrum used for public safety and emergency communications, and serve as the point of contact with the federal communications commission on matters relating to allocation, use, and licensing of radio spectrum;

(c) Coordinate the purchasing of all state wireless radio communications system equipment to ensure that:

(i) After the transition from a radio over internet protocol network, any new trunked system shall be, at a minimum, project-25;

(ii) Any new system that requires advanced digital features shall be, at a minimum, project-25; and

(iii) Any new system or equipment purchases shall be, at a minimum, upgradeable to project-25;

(d) Seek support, including possible federal or other funding, for state-sponsored wireless communications systems;

(e) Develop recommendations for legislation that may be required to promote interoperability of state wireless communications systems;

(f) Foster cooperation and coordination among public safety and emergency response organizations;

(g) Work with wireless communications groups and associations to ensure interoperability among all public safety and emergency response wireless communications systems; and

(h) Perform such other duties as may be assigned by the board to promote interoperability of wireless communications systems. [2006 c 76 § 2; 2003 c 18 § 4.]

Finding—Intent—2006 c 76: "The legislature finds that local governments need to have interoperable communications to ensure the public safety and welfare of all citizens in the state of Washington. In light of recent catastrophic events around the world, including in the United States, it is now more important than ever that all responders be able to communicate clearly and without interference or malfunction.

The legislature has learned that numerous states, the federal government, and some international governments have adopted the project-25 standard for interoperable communications. Local governments in Washington have started to purchase the project-25 interoperable communication[s] standard equipment. In order to ensure that local governments continue to make smart purchasing decisions, they need certainty that the purchases will be interoperable with state equipment and that the state will adopt the national project-25 standards. It is the intent of this act to provide certainty to local governments that a statewide project-25 interoperable communications system will be in place throughout Washington in the near future, and the investments they are making are advantageous to the original intent of interoperable communications, thus ensuring the safety and welfare of Washington's citizens." [2006 c 76 § 1.]

Inventory—Statewide public safety communications plan—2003 c 18: "(1) The state interoperability executive committee shall take inventory of and evaluate all state and local government-owned public safety communications systems, and prepare a statewide public safety communications plan. The plan must set forth recommendations for executive and legislative action to insure that public safety communications systems can communicate with one another and conform to federal law and regulations governing emergency communications systems and spectrum allocation. The plan must include specific goals for improving interoperability of public safety communications systems and identifiable benchmarks for achieving those goals.

(2) The committee shall present the inventory and plan required in subsection (1) of this section to the board and appropriate legislative committees as follows:

(a) By December 31, 2003, an inventory of state government-operated

public safety communications systems;

(b) By July 31, 2004, an inventory of all public safety communications systems in the state;

(c) By March 31, 2004, an interim statewide public safety communications plan; and

(d) By December 31, 2004, a final statewide public safety communications plan.

(3) The committee shall consult regularly with the joint legislative audit and review committee and the legislative evaluation and accounting program committee while developing the inventory and plan under this section." [2003 c 18 § 5.]

Intent—Finding—Effective date—2003 c 18: See notes following RCW 43.105.020.

43.105.340 Consumer protection web site. (1) The department shall coordinate among state agencies to develop a consumer protection web site. The web site shall serve as a one-stop web site for consumer information. At a minimum, the web site must provide links to information on:

(a) Insurance information provided by the office of the insurance commissioner, including information on how to file consumer complaints against insurance companies, how to look up authorized insurers, and how to learn more about health insurance benefits;

(b) Child care information provided by the department of early learning, including how to select a child care provider, how child care providers are rated, and information about product recalls;

(c) Financial information provided by the department of financial institutions, including consumer information on financial fraud, investing, credit, and enforcement actions;

(d) Health care information provided by the department of health, including health care provider listings and quality assurance information;

(e) Home care information provided by the home care quality authority, including information to assist consumers in finding an in-home provider;

(f) Licensing information provided by the department of licensing, including information regarding business, vehicle, and professional licensing; and

(g) Other information available on existing state agency web sites that could be a helpful resource for consumers.

(2) By July 1, 2008, state agencies shall report to the department on whether they maintain resources for consumers that could be made available through the consumer protection web site.

(3) By September 1, 2008, the department shall make the consumer protection web site available to the public.

(4) After September 1, 2008, the department, in coordination with other state agencies, shall develop a plan on how to build upon the consumer protection web site to create a consumer protection portal. The plan must also include an examination of the feasibility of developing a toll-free information line to support the consumer protection portal. The plan must be submitted to the governor and the appropriate committees of the legislature by December 1, 2008. [2008 c 151 § 2.]

Findings—2008 c 151: "The legislature finds that in an era of consumer product recalls, increasing state emphasis on quality ratings and accountability, and decreasing resources at the federal level for consumer protection, there may be a gap in outreach to consumers in the state. The legislature further finds that many state agencies provide helpful information to consumers, but consumers may not always know where to look to find such information. To remedy this potential information gap, the legislature

declares that a "one-stop" consumer protection web site should be created so that consumers in Washington state have access to clear and appropriate information regarding consumer services that are available to them across state government." [2008 c 151 § 1.]

43.105.350 Request for information from providers—Limitation. (1) For purposes of compliance with section 2, chapter 262, Laws of 2008 or any subsequent high-speed internet deployment and adoption initiative, the department of information services, the department of community, trade, and economic development, the utilities and transportation commission, and any other government agent or agency shall not gather or request any information related to high-speed internet infrastructure or service from providers of telecommunications or high-speed internet services that is classified by the provider as proprietary or competitively sensitive.

(2) Nothing in this section may be construed as limiting the authority of a state agency or local government to gather or request information from providers of telecommunications or high-speed internet services for other purposes pursuant to its statutory authority. [2008 c 262 § 3.]

Findings—Intent—2008 c 262: "(1) The legislature finds and declares the following:

(a) The deployment and adoption of high-speed internet services and information technology has resulted in enhanced economic development and public safety for the state's communities, improved health care and educational opportunities, and a better quality of life for the state's residents;

(b) Continued progress in the deployment and adoption of high-speed internet services and other advanced telecommunications services, both land-based and wireless, is vital to ensuring Washington remains competitive and continues to create business and job growth; and

(c) That the state must encourage and support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology for state residents and businesses.

(2) Therefore, in order to begin advancing the state towards further growth and development of high-speed internet in the state, and to ensure a better quality of life for all state residents, it is the legislature's intent to conduct a statewide needs assessment of broadband internet resources through an open dialogue with all interested parties, including providers, unions, businesses, community organizations, local governments, and state agencies. The legislature intends to use this needs assessment in guiding future plans on how to ensure that every resident in Washington state may gain access to high-speed internet services and, as part of this effort, to address digital literacy and technology training needs of low-income and technology underserved residents of the state through state support of community technology programs." [2008 c 262 § 1.]

High-speed internet deployment and adoption strategy—Work group—Report—2008 c 262: "(1) After the broadband study authorized by the legislature in 2007 has been completed, or by July 15, 2008, the department of information services, in coordination with the department of community, trade, and economic development and the utilities and transportation commission, shall convene a work group to develop a high-speed internet deployment and adoption strategy for the state.

(2) The department of information services shall invite representatives from the following organizations to participate in the work group:

(a) Representatives of public, private, and nonprofit agencies and organizations representing economic development, local community development, local government, community planning, technology planning, education, and health care;

(b) Representatives of telecommunications providers, technology companies, telecommunications unions, public utilities, and relevant private sector entities;

(c) Representatives of community-based organizations; and

(d) Representatives of other relevant entities as the department of information services may deem appropriate.

(3) The department of information services shall, in consultation with the work group, develop a high-speed internet deployment and adoption strategy to accomplish the following objectives:

(a) Create and regularly update a detailed, geographic information sys-

tem map at the census block level of the high-speed internet services and other relevant telecommunications and information technology services owned or leased by public entities in the state with instructions on how proprietary and competitively sensitive data will be handled, stored, and used. Development of this geographic information system map may include collaboration with students and faculty at community colleges and universities in the state. The statewide inventory must, at a minimum, detail:

(i) The physical location of all high-speed internet infrastructure owned or leased by public entities;

(ii) The amount of excess capacity available; and

(iii) Whether the high-speed internet infrastructure is active or inactive;

(b) Work collaboratively with telecommunications providers and internet service providers to assess, create, and regularly update a geographic information system map at the census block level of the privately owned high-speed internet infrastructure in the state, with instructions on how proprietary and competitively sensitive data will be handled, stored, and used;

(c) Combine the geographic information system map of high-speed internet infrastructure owned by public entities with the geographic information system map of high-speed internet infrastructure owned by private entities to create and regularly update a statewide inventory of all high-speed internet infrastructure in the state;

(d) Use the geographic information system map of all high-speed internet infrastructure in the state, both public and privately owned or leased, to identify and regularly update the geographic gaps in high-speed internet service, including an assessment of the population located in each of the geographic gaps;

(e) Spur the development of high-speed internet resources in the state, which may include, but is not limited to, soliciting funding in the form of grants or donations; establishing technology literacy programs in conjunction with institutions of higher education; establishing low-cost hardware and software purchasing programs; and developing loan programs targeting small businesses or businesses located in underserved areas;

(f) Track statewide residential and business adoption of high-speed internet, computers, and related information technology, including an identification of barriers to adoption;

(g) Build and facilitate local technology planning teams and partnerships with members representing cross-sections of the community, which may include participation from the following organizations: Representatives of business, telecommunications unions, K-12 education, community colleges, local economic development organizations, health care, libraries, universities, community-based organizations, local governments, tourism, parks and recreation, and agriculture;

(h) Use the local technology planning teams and partnerships to:

(i) Conduct a needs assessment; and

(ii) Work collaboratively with high-speed internet providers and technology companies across the state to encourage deployment and use, especially in unserved areas, through use of local demand aggregation, mapping analysis, and creation of market intelligence to improve the investment rationale and business case; and

(i) Work with Washington State University extension pursuant to section 6 of this act to establish low-cost programs to improve computer ownership, technology literacy, and high-speed internet access for disenfranchised or unserved populations across the state.

(4) By September 1, 2008, the department of information services shall provide a status update to the telecommunications committees in the house of representatives and the senate, outlining the progress made to date by the work group and the issues remaining to be considered.

(5) By December 1, 2008, the department of information services shall complete the high-speed internet deployment and adoption strategy and provide a report to the fiscal and telecommunications committees in the house of representatives and the senate, the governor, and the office of financial management. The main objective of the report is to outline, based on the efforts of the work group, what legislation is needed in order to implement the high-speed internet deployment and adoption strategy, including a range of potential funding requests to accompany the legislation. Specifically, the report shall include the following:

(a) Benchmarks, performance measures, milestones, deliverables, timelines, and such other indicators of performance and progress as are necessary to guide development and implementation of the high-speed internet deployment and adoption strategy, both short term and long term, including an assessment of the amount of funding needed to accomplish a baseline assessment of the high-speed internet infrastructure owned by public and private entities of the state in an eighteen-month period; and

(b) Ways to structure and appropriately scale and phase development and implementation of the high-speed internet deployment and adoption strategy so as to link to, leverage, and otherwise synchronize with other rel-

evant and related funding, technology, capital initiatives, investments, and opportunities." [2008 c 262 § 2.]

43.105.360 Web directory—Public community technology programs. (1) By January 1, 2009, the department, in consultation with Washington State University, shall identify and make publicly available a web directory of public facilities that provide community technology programs throughout the state.

(2) For the purposes of this section, "community technology program" has the same meaning as in RCW 28B.32.020. [2008 c 262 § 5.]

Findings—Intent—2008 c 262: See note following RCW 43.105.350.

43.105.800 K-20 educational network board. The K-20 educational network board is created. The purpose of the K-20 board is to ensure that the K-20 educational telecommunications network is operated in a way that serves the broad public interest above the interest of any network user.

43.117.010 Legislative declaration. The legislature declares that the public policy of this state is to insure equal opportunity for all of its citizens. The legislature finds that Asian Pacific Americans have unique and special problems. It is the purpose of this chapter to improve the well-being of Asian Pacific Americans by insuring their access to participation in the fields of government, business, education, and other areas. The legislature is particularly concerned with the plight of those Asian Pacific Americans who, for economic, linguistic, or cultural reasons, find themselves disadvantaged or isolated from American society and the benefits of equal opportunity. The legislature aims to help these and all Asian Pacific Americans achieve full equality and inclusion in American society. The legislature further finds that it is necessary to aid Asian Pacific Americans in obtaining govern-

mental services in order to promote the health, safety, and welfare of all the residents of this state. Therefore the legislature deems it necessary to create a commission to carry out the purposes of this chapter. [2000 c 236 § 1; 1995 c 67 § 2; 1983 c 119 § 1; 1974 ex.s. c 140 § 1.]

43.121.010 Legislative declaration, intent. The legislature recognizes that child abuse and neglect is a threat to the family unit and imposes major expenses on society. The legislature further declares that there is a need to assist private and public agencies in identifying and establishing community based educational and service programs for the prevention of child abuse and neglect. It is the intent of the legislature that an increase in prevention programs will help reduce the breakdown in families and thus reduce the need for state intervention and state expense. It is further the intent of the legislature that prevention of child abuse and child neglect programs are partnerships between communities, citizens, and the state. [1982 c 4 § 1.]

43.121.050 Council powers and duties—Generally—

Rules. To carry out the purposes of this chapter, the council may:

(1) Contract with public or private nonprofit organizations, agencies, schools, or with qualified individuals for the establishment of community-based educational and service programs designed to:

(a) Reduce the occurrence of child abuse and neglect; and

(b) Provide for parenting skills which include: Consistency in parenting; providing children with positive discipline that provides firm order without hurting children physically or emotionally; and preserving and nurturing the family unit. Programs to provide these parenting skills may include the following:

(i) Programs to teach positive methods of disciplining children;

(ii) Programs to educate parents about the physical, mental, and emotional development of children;

(iii) Programs to enhance the skills of parents in providing for their children's learning and development; and

(iv) Learning experiences for children and parents to help prepare parents and children for the experiences in school. Contracts also may be awarded for research programs

related to primary and secondary prevention of child abuse and neglect, and to develop and strengthen community child abuse and neglect prevention networks. Each contract entered into by the council shall contain a provision for the evaluation of services provided under the contract. Contracts for services to prevent child abuse and child neglect shall be awarded as demonstration projects with continuation based upon goal attainment. Contracts for services to prevent child abuse and child neglect shall be awarded on the basis of probability of success based in part upon sound research data.

(2) Facilitate the exchange of information between groups concerned with families and children.

(3) Consult with applicable state agencies, commissions, and boards to help determine the probable effectiveness, fiscal soundness, and need for proposed educational and service programs for the prevention of child abuse and neglect.

(4) Establish fee schedules to provide for the recipients of services to reimburse the state general fund for the cost of services received.

(5) Adopt its own bylaws.

(6) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter. [1988 c 278 § 5; 1987 c 351 § 4; 1982 c 4 § 5.]

Legislative findings—1987 c 351: See note following RCW 70.58.085.

43.121.060 Contracts for services—Scope of programs—Funding. Programs contracted for under this chapter are intended to provide primary child abuse and neglect prevention services. Such programs may include, but are not limited to:

(1) Community-based educational programs on prenatal care, perinatal bonding, child development, basic child care, care of children with special needs, and coping with family stress; and

(2) Community-based programs relating to crisis care, aid to parents, child-abuse counseling, support groups for abusive or potentially abusive parents and their children, and early identification of families where the potential for child abuse and neglect exists.

The council shall develop policies to determine whether programs will be demonstration or will receive continuous funding. Nothing in this chapter requires continued funding by the state. [1982 c 4 § 6.]

43.121.070 Contracts for services—Factors in awarding. In awarding contracts under RCW 43.121.060, consideration shall be given to factors such as need, diversity of geographic locations, coordination with or enhancement of existing services, and the extensive use of volunteers in the program. Further consideration shall be given to the extent to which contract proposals are based on prior research that indicates a probability of goal achievement. [1982 c 4 § 7.]

43.121.080 Contracts for services—Partial funding by administering organization, what constitutes. Twenty-five percent of the funding for programs under this chapter shall be provided by the organization administering the program. Contributions of materials, supplies, or physical facilities

(2008 Ed.)

may be considered as all or part of the funding provided by the organization. [1982 c 4 § 8.]

43.121.100 Contributions, grants, gifts—Depository for and disbursement and expenditure control of moneys received—Children's trust fund. The council may accept contributions, grants, or gifts in cash or otherwise, including funds generated by the sale of "heirloom" birth certificates under chapter 70.58 RCW from persons, associations, or corporations and funds generated through the issuance of the "Keep Kids Safe" license plate under chapter 46.16 RCW. All moneys received by the council or any employee thereof from contributions, grants, or gifts and not through appropriation by the legislature shall be deposited in a depository approved by the state treasurer to be known as the children's trust fund. Disbursements of such funds shall be on the authorization of the council or a duly authorized representative thereof and only for the purposes stated in RCW 43.121.050. In order to maintain an effective expenditure and revenue control, such funds shall be subject in all respects to chapter 43.88 RCW, but no appropriation shall be required to permit expenditure of such funds. [2005 c 53 § 4; 1987 c 351 § 5; 1984 c 261 § 3; 1982 c 4 § 10.]

Legislative findings—1987 c 351: See note following RCW 70.58.085.

Severability—1984 c 261: See note following RCW 43.121.020.

43.121.110 Parenting skills—Legislative findings. The legislature believes that parents who have developed good early parenting skills provide homes where children are treated with dignity and respect and where closeness and trust among family members provide children with the basis for a productive adult life. The legislature also believes that children raised in this positive atmosphere will develop self esteem and are unlikely to become dependent upon the social service system or to be involved in the criminal justice system. The legislature further believes that teaching parents good early parenting skills can help eliminate physical and emotional abuse of children. [1988 c 278 § 1.]

43.121.120 Community-based early parenting skills programs—Funding. (1) In order to increase the knowledge of early parenting skills of parents in Washington state, voluntary community based programs on early parenting skills shall be established. The council shall fund, within available funds, and monitor community-based early parenting skills programs in at least three geographically balanced areas around the state. Successful programs which the council and the national center on child abuse and neglect have funded or currently fund, may be used as models for the projects.

(2) The early parenting education program shall be designed to serve families with children ranging from infants through three years old and also to serve expectant parents. The projects may include the following:

(a) Education for parents about the physical, mental, and emotional development of children;

(b) Programs to enhance the skills of parents in providing for learning and development of their children;

(c) Shared learning experiences for children and parents;

(d) Activities designed to screen for children's physical, mental, emotional, or behavioral problems that may cause learning problems;

(e) Resources for educational materials which may be borrowed for home use;

(f) Information on related community resources;

(g) Group support which may include counseling for parents under stress;

(h) Emphasis to encourage participation by fathers; or

(i) Other programs or activities consistent with this chapter.

(3) The programs shall be reviewed periodically to provide that the instruction and materials are not racially, culturally, or sexually biased.

(4) The services provided by the projects shall be coordinated with schools and social services provided in the community to avoid duplication of services.

(5) A sliding fee scale shall be utilized at the discretion of the council. [1988 c 278 § 2.]

43.121.130 Decreased state funding of parenting skills programs—Evaluation. (1) Funding shall be provided, as funds are available, in decreasing amounts over a two-year period, with the goal of having the programs become supported by local communities at the end of a two-year period. State funding may be continued in areas where local funding would be difficult to obtain due to local economic conditions to the extent funding is made available to the council.

(2) The council shall work with the projects in the program to evaluate the results of the projects. The council shall make recommendations on these projects and the program. A project agreeing to develop an evaluation component shall be considered for a three-year funding schedule. [1998 c 245 § 48; 1988 c 278 § 3.]

43.121.140 Shaken baby syndrome—Outreach campaign. The council shall conduct a proactive, public information and communication outreach campaign regarding the dangers of shaking infants and young children, and the causes and prevention of shaken baby syndrome.

The public information campaign shall include production and distribution of a readily understandable brochure regarding shaken baby syndrome, explaining its medical effects upon infants and emphasizing preventive measures.

The brochure shall be distributed free of charge to the parents or guardians of each newborn, upon discharge from a hospital or other health facility. In the event of home birth attended by a licensed midwife, the midwife shall be responsible for presenting the brochure to the parents of the newborn.

The public information campaign may, within available funds, also include communication by electronic media, telephone hotlines, and existing parenting education events funded by the council. [1993 c 107 § 2.]

Finding—1993 c 107: "The legislature finds that shaken baby syndrome is a medically serious, sometimes fatal, usually unintentional matter affecting newborns and very young children.

Vigorous shaking of an infant can result in bleeding inside the head, causing irreversible brain damage, blindness, cerebral palsy, hearing loss, spinal cord injury, seizures, learning disabilities, or death. Many healthy, intelligent infants suffer from shaken baby syndrome because their caregivers

were unaware of the dangers. The damage is preventable through education and awareness." [1993 c 107 § 1.]

43.121.150 Juvenile crime—Legislative findings. The legislature of the state of Washington finds that community deterioration and family disintegration are increasing problems in our state. One clear indicator of this damage is juvenile crime and violence. The legislature further finds that prevention is one of the best methods of fighting juvenile crime. Building more facilities to house juvenile offenders can be at best only one part of any solution. Any increased spending on confining juvenile offenders must be closely linked to existing efforts to prevent juvenile crime. [1997 c 338 § 56.]

Finding—Evaluation—Report—1997 c 338: See note following RCW 13.40.0357.

Severability—Effective dates—1997 c 338: See notes following RCW 5.60.060.

43.121.160 Postpartum depression—Public information and communication outreach campaign. The council shall conduct a proactive, public information and communication outreach campaign concerning the significance, signs, and treatment of postpartum depression.

The public information campaign may, within available funds, include production and distribution of a brochure and communication by electronic media, telephone hotlines, and existing parenting education events funded by the council. [2005 c 347 § 2.]

Finding—2005 c 347: "The legislature finds that postpartum depression is a serious condition that affects women of all ages, economic status, and racial and ethnic backgrounds. Postpartum depression includes a range of physical and emotional changes that many mothers can have following the birth of a child, which can be treated with medication and counseling. If untreated, however, postpartum depression can lead to further depression, self-destructive behavior, or even suicide, as well as child abuse, neglect, or death of the infant or other siblings." [2005 c 347 § 1.]

43.121.170 Home visitation programs—Findings—Intent. The legislature finds that:

(1) The years from birth to three are critical in building the social, emotional, and cognitive developmental foundations of a young child. Research into the brain development of young children reveals that children are born learning.

(2) The farther behind children are in their social, emotional, physical, and cognitive development, the more difficult it will be for them to catch up.

(3) A significant number of children age birth to five years are born with two or more of the following risk factors and have a greater chance of failure in school and beyond: Poverty; single or no parent; no parent employed full time or full year; all parents with disability; and mother without a high school degree.

(4) Parents and children involved in home visitation programs exhibit better birth outcomes, enhanced parent and child interactions, more efficient use of health care services, enhanced child development including improved school readiness, and early detection of developmental delays, as well as reduced welfare dependence, higher rates of school completion and job retention, reduction in frequency and severity of maltreatment, and higher rates of school graduation.

The legislature intends to promote the use of voluntary home visitation services to families as an early intervention strategy to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of a high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes. [2007 c 466 § 1.]

43.121.175 Home visitation programs—Definitions. The definitions in this section apply throughout RCW 43.121.170 through 43.121.185 unless the context clearly requires otherwise.

(1) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population.

(2) "Home visitation" means providing services in the permanent or temporary residence, or in other familiar surroundings, of the family receiving such services.

(3) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices. [2007 c 466 § 2.]

43.121.180 Home visitation programs—Funding—Home visitation services coordination or consolidation plan—Report. (1) Within available funds, the council for children and families shall fund evidence-based and research-based home visitation programs for improving parenting skills and outcomes for children. Home visitation programs must be voluntary and must address the needs of families to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes.

(2) The council for children and families shall develop a plan with the department of social and health services, the department of health, the department of early learning, and the family policy council to coordinate or consolidate home visitation services for children and families and report to the appropriate committees of the legislature by December 1, 2007, with their recommendations for implementation of the plan. [2008 c 152 § 6; 2007 c 466 § 3.]

Findings—Intent—2008 c 152: See note following RCW 13.34.136.

43.121.185 Children's trust of Washington renamed. To recognize the focus on home visitation services, the children's trust of Washington is hereby renamed the council for children and families. [2008 c 152 § 5; 2007 c 466 § 4.]

Findings—Intent—2008 c 152: See note following RCW 13.34.136.

43.121.910 Severability—1982 c 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1982 c 4 § 15.]

(4) Serve as a state of Washington liaison with the United States board on geographic names;

(5) Periodically issue a list of names approved by the board. [1983 c 273 § 3.]

[1983 c 273 § 5.]

43.130.010 Purpose. When either for fiscal reasons, obsolescence or other extraordinary reasons, it becomes necessary to close a state facility, as defined by RCW 43.130.020(2), the state has a responsibility to provide certain benefits to affected employees.

It is the purpose of this chapter to establish an economic impact act for the state of Washington to meet the emergency situation now in existence for state employees affected by the closure of state facilities, as defined in RCW 43.130.020. [1973 2nd ex.s. c 37 § 1.]

43.130.020 Definitions. For purposes of this chapter:

(1) "Employees" includes those persons performing services for the state on a salaried or hourly basis including, but not limited to, persons in "classified service" as defined in RCW 41.06.020(3) and those persons defined as exempt from the state civil service laws pursuant to RCW 41.06.070.

(2) The term "closure of a state facility" means the termination of services being provided by a facility operated by the department of social and health services or in conjunction with the department of natural resources, when such facility is terminated for fiscal reasons, obsolescence, or other extraordinary reasons.

(3) "Classified employees" means those employees performing classified service as defined in RCW 41.06.020(3). [1973 2nd ex.s. c 37 § 2.]

43.130.030 Excluded employment and employees. Excluded employment and excluded employees under this chapter include, but are not limited to, the following:

(1) State employment related to a single project under a program separately financed by a grant of nonstate funds, federal funds or state funds, or by a combination of such funding, which is designed to provide training or employment opportunities, expertise or additional manpower related to the project or which, because of the nature of the project funding requirements, is not intended as a permanent program.

(2) Activities at least seventy-five percent federally funded by a categorical grant for a specific purpose and any other activities terminated because of actions taken by the federal government or other funding sources other than the state of Washington in eliminating or substantially limiting funding sources, except to the extent that the federal government or such other funding sources may permit the use of nonstate funds to pay for any employee benefits authorized pursuant to this chapter.

(3) The following categories of employees are excluded from benefits under this chapter:

(a) employees refusing transfer to vacant positions in the same or a like job classification and at not more than one full range lower than the same salary range;

(b) classified employees having other than permanent status in the classified service;

(c) employees having less than three years' consecutive state service as an employee, except that such employees shall nonetheless be eligible for the benefits provided in subsections (1), (2), (4) and (5) of RCW 43.130.040.

(d) nothing in this chapter shall affect any other rights currently held by classified employees regarding reduction in force procedures and subsequent reemployment. [1973 2nd ex.s. c 37 § 3.]

43.130.040 Benefits. In order to carry out the purposes of this chapter, the state shall take every reasonable step at its disposal to provide alternative employment and to minimize the economic loss of state employees affected by the closure of state facilities. Affected state employees shall be paid benefits as specified in this section.

(1) Relocation expenses covering the movement of household goods, incurred by the necessity of an employee moving his domicile to be within reasonable commuting distance of a new job site, shall be paid by the state to employees transferring to other state employment by reason of the closure of a facility.

(2) Relocation leave shall be allowed up to five working days' leave with pay for the purpose of locating new residence in the area of employment.

(3) The state shall reimburse the transferring employee to the extent of any unavoidable financial loss suffered by an employee who sells his home at a price less than the true and fair market value as determined by the county assessor not exceeding three thousand dollars: PROVIDED, That this right of reimbursement must be exercised, and sale of the property must be accomplished, within a period of two years from the date other state employment is accepted.

(4) For employees in facilities which have been terminated who do not choose to participate in the transfer program set forth in the preceding subsections, the following terminal pay plan shall be available:

(a) For qualifying employees, for each one year of continuous state service, one week (five working days) of regular compensation shall be provided.

(b) Regular compensation as used in subsection (a) hereof shall include salary compensation at the rate being paid to the employees at the time operation of the facility is terminated.

(c) Terminal pay as set forth in subsections (a) and (b) hereof shall be paid to the employee at the termination of the

employees last month of employment or within thirty days after *the effective date of this 1973 act, whichever is later: PROVIDED, That from the total amount of terminal pay, the average sum of unemployment compensation that the qualifying employee is eligible to receive multiplied by the total number of weeks of terminal pay minus one week shall be deducted.

(d) Those employees electing the early retirement benefits as stated in subsection (5) of this section shall not be eligible for the terminal pay provisions as set forth in this subsection.

(e) Those employees who are reemployed by the state during the period they are receiving terminal pay pursuant to subsections (a), (b) and (c) of this section shall reimburse the state for that portion of the terminal pay covered by the period of new employment.

(5) As an option to transferring to other state employment an employee may elect early retirement under the following conditions:

(a) Notwithstanding the age requirements of RCW 41.40.180, any affected employee under this chapter who has attained the age of fifty-five years, with at least five years creditable service, shall be immediately eligible to retire, with no actuarial reduction in the amount of his pension benefit.

(b) Notwithstanding the age requirements of RCW 41.40.180, any affected employee under this chapter who has attained the age of forty-five years, with at least five years creditable service, shall be immediately eligible to retire with an actuarial reduction in the amount of his pension benefit of three percent for each complete year that such employee is under fifty-five years of age.

(c) Employees who elect to retire pursuant to RCW 41.40.180 shall be eligible to retire while on authorized leave of absence not in excess of one hundred and twenty days.

(d) Employees who elect to retire under the provisions of this section shall not be eligible for any retirement benefit in a year following a year in which their employment income was in excess of six thousand dollars. This six thousand dollars base shall be adjusted annually beginning in 1974 by such cost of living adjustments as are applied by the public employees' retirement system to membership retirement benefits. The public employees retirement system board shall adopt necessary rules and regulations to implement the provisions of this subsection. [1973 2nd ex.s. c 37 § 4.]

***Reviser's note:** The effective date of 1973 2nd ex.s. c 37 was September 26, 1973.

Upon the determination of the amount necessary to offset said increased cost, the *retirement board shall bill the department of personnel for the amount of the increased cost: PROVIDED, That such billing shall not exceed eight hundred sixty-one thousand dollars. GENERAL PROVISIONS

43.131.010 Short title. (Expires June 30, 2015.) This chapter may be known and cited as the Washington Sunset Act. [1990 c 297 § 1; 1977 ex.s. c 289 § 1.]

43.131.020 Findings. (Expires June 30, 2015.) The state legislature finds that state entities may fail to deliver services as effectively and efficiently as is expected by the general public and as originally contemplated by the legislature. It further finds that state government actions have produced a substantial increase in numbers of entities, growth of programs, and proliferation of rules, and that the entire process has evolved without sufficient legislative and executive oversight, regulatory accountability, or a system of checks and balances. The legislature further finds that by establishing a system for the termination, continuation, or modification of state entities, coupled with a system of scheduled review of such entities, it will be in a better position to: Evaluate the need for the continued existence of existing and future state entities; assess the effectiveness and performance of agen-

cies, boards, commissions, and programs; and ensure public accountability. The legislature recognizes that the executive branch shares in this duty and responsibility to assure that state government operates in an efficient, orderly, and responsive manner. [2000 c 189 § 1; 1977 ex.s. c 289 § 2.]

43.131.030 Definitions. (Expires June 30, 2015.) As used in this chapter the following words and phrases shall have the following meanings unless the context clearly requires otherwise.

(1) "Entity" includes every state office, department, board, commission, unit or subunit, and agency of the state, and where provided by law, programs and activities involving less than the full responsibility of a state agency. "Entity" also includes any part of the Revised Code of Washington scheduled for repeal, expiration, or program termination.

(2) "Person" includes every natural person, firm, partnership, corporation, association, or organization. [2000 c 189 § 2; 1983 1st ex.s. c 27 § 1; 1977 ex.s. c 289 § 3.]

43.131.040 Reestablishment of entity scheduled for termination—Review. (Expires June 30, 2015.) Any state entity scheduled for termination by the processes provided in this chapter may be reestablished by the legislature for a specified period of time or indefinitely. The legislature may again review the state entity in a manner consistent with the provisions of this chapter and reestablish, modify, or consolidate such state entity or allow it to be terminated. [2000 c 189 § 3; 1983 1st ex.s. c 27 § 2; 1977 ex.s. c 289 § 4.]

43.131.051 Program and fiscal review—Reports. (Expires June 30, 2015.) The joint legislative audit and review committee shall conduct a program and fiscal review of any entity scheduled for termination under this chapter. This program and fiscal review shall be completed and a preliminary report prepared during the calendar year prior to the date established for termination. These reports shall be prepared in the manner set forth in RCW 44.28.071 and 44.28.075. Upon completion of its preliminary report, the joint legislative audit and review committee shall transmit copies of the report to the office of financial management and any affected entity. The final report shall include the response, if any, of the affected entity and the office of financial management in the same manner as set forth in RCW 44.28.088, except the affected entity and the office of financial management shall have sixty days to respond to the report. The joint legislative audit and review committee shall transmit the final report to the legislature, to the state entity affected, to the governor, and to the state library. [2000 c 189 § 4.]

43.131.061 Sunset termination and review—Performance measures—Minimum period for sunset termination. (Expires June 30, 2015.) (1) Any entity may be scheduled for sunset termination and review under this chapter by law.

(2) An entity scheduled for sunset termination shall establish performance measures, as required under subsection (3) of this section, and must be evaluated, in part, in terms of the results. The entity has the burden of demonstrat-

ing the extent to which performance results have been achieved. The sunset termination legislation shall name a lead entity, if more than one entity is impacted by scheduled termination. The affected entity or lead entity has the responsibility for developing and implementing a data collection plan and submitting the resulting performance information to the joint legislative audit and review committee.

(3) An entity shall develop performance measures and a data collection plan and submit them for review and comment to the joint legislative audit and review committee within one year of the effective date of the legislation establishing the sunset termination.

(4) Unless specified otherwise, sunset terminations under this chapter shall be a minimum of seven years. The joint legislative audit and review committee shall complete its review in the year prior to the date of termination. [2000 c 189 § 5.]

43.131.071 Scope of review—Recommendations to the legislature. (Expires June 30, 2015.) (1) In conducting the review of an entity, the joint legislative audit and review committee shall determine the scope and objectives of the review and consider, but not be limited to, the following factors, if applicable:

(a) The extent to which the entity has complied with legislative intent;

(b) The extent to which the entity is operating in an efficient and economical manner which results in optimum performance;

(c) The extent to which the entity is operating in the public interest by controlling costs;

(d) The extent to which the entity duplicates the activities of other entities or of the private sector;

(e) The extent to which the entity is meeting the performance measures developed under RCW 43.131.061; and

(f) The possible impact of the termination or modification of the entity.

(2) After completing the review under subsection (1) of this section, the committee shall make its recommendations to the legislature. [2000 c 189 § 6.]

43.131.090 Termination of entity—Procedures—Employee transfers—Property disposition—Funds and moneys—Rules—Contracts. (Expires June 30, 2015.) Unless the legislature specifies a shorter period of time, a terminated entity shall continue in existence until June 30th of the next succeeding year for the purpose of concluding its affairs: PROVIDED, That the powers and authority of the entity shall not be reduced or otherwise limited during this period. Unless otherwise provided:

(1) All employees of terminated entities classified under chapter 41.06 RCW, the state civil service law, shall be transferred as appropriate or as otherwise provided in the procedures adopted by the director of personnel pursuant to RCW 41.06.150;

(2) All documents and papers, equipment, or other tangible property in the possession of the terminated entity shall be delivered to the custody of the entity assuming the responsibilities of the terminated entity or if such responsibilities have been eliminated, documents and papers shall be deliv-

ered to the state archivist and equipment or other tangible property to the department of general administration;

(3) All funds held by, or other moneys due to, the terminated entity shall revert to the fund from which they were appropriated, or if that fund is abolished to the general fund;

(4) Notwithstanding the provisions of RCW 34.05.020, all rules made by a terminated entity shall be repealed, without further action by the entity, at the end of the period provided in this section, unless assumed and reaffirmed by the entity assuming the related legal responsibilities of the terminated entity;

(5) All contractual rights and duties of an entity shall be assigned or delegated to the entity assuming the responsibilities of the terminated entity, or if there is none to such entity as the governor shall direct. [2002 c 354 § 230; 2000 c 189 § 7; 1993 c 281 § 54; 1983 1st ex.s. c 27 § 4; 1977 ex.s. c 289 § 9.]

Expiration date—2002 c 354 § 230: "Section 230 of this act expires June 30, 2015." [2002 c 354 § 412.]

43.131.100 Termination of entity—Pending business—Savings. (Expires June 30, 2015.) This chapter shall not affect the right to institute or prosecute any cause of action by or against an entity terminated pursuant to this chapter if the cause of action arose prior to the end of the period provided in RCW 43.131.090. Such causes of action may be instituted, prosecuted, or defended in the name of the state of Washington by the office of the attorney general. Legislative fiscal notes: Chapter 43.88A RCW.

(2008 Ed.)

43.132.010 Intent. It is the intent of this chapter to create a uniform and coordinated procedure to determine the fiscal impact of proposed legislation on units of local government. [1977 ex.s. c 19 § 1.]

43.132.020 Fiscal notes—Preparation—Contents—Scope—Revisions—Reports. The director of financial management or the director's designee shall, in cooperation with appropriate legislative committees and legislative staff, establish a mechanism for the determination of the fiscal impact of proposed legislation which if enacted into law would directly or indirectly increase or decrease revenues received or expenditures incurred by counties, cities, towns, or any other units of local government. The office of financial management shall, when requested by a member of the state legislature, report in writing as to such fiscal impact and said report shall be known as a "fiscal note".

Such fiscal notes shall indicate by fiscal year the total impact on the local governments involved for the first two years the legislation would be in effect and also a cumulative six year forecast of the fiscal impact. Where feasible and applicable, the fiscal note also shall indicate the fiscal impact on each individual county or on a representative sampling of cities, towns, or other units of local government.

A fiscal note as defined in this section shall be provided only upon request of any member of the state legislature. A request for a fiscal note on legislation shall be considered to be a continuing request for a fiscal note on any formal alteration of the legislation in the form of amendments to the legislation that are adopted by a committee or a house of the legislature or a substitute version of such legislation that is adopted by a committee and preparation of the fiscal note on the prior version of the legislation shall stop, unless the legislator requesting the fiscal note specifies otherwise or the altered version is first adopted or enacted in the last week of a legislative session.

Fiscal notes shall be completed within one week of the request unless a longer time period is allowed by the requesting legislator. In the event a fiscal note has not been completed within one week of a request, a daily report shall be prepared for the requesting legislator by the director of financial management which report summarizes the progress in preparing the fiscal note. If the request is referred to the director of community, trade, and economic development, the daily report shall also include the date and time such referral was made. [2000 c 182 § 2; 1995 c 399 § 79; 1984 c 125 § 16; 1979 c 151 § 149; 1977 ex.s. c 19 § 2.]

Intent—2000 c 182: "It is the intent of the legislature to enhance the local government fiscal note process by providing for updated fiscal information on pending legislation and to establish a process for a more comprehensive report on the fiscal impacts to local governments arising from laws that have been enacted. Further, it is the intent of the legislature that the varying effects of legislation on different local governments be recognized. This act is enacted in recognition of the responsibilities imposed by RCW 43.135.060." [2000 c 182 § 1.]

Severability—Headings—Effective date—1984 c 125: See RCW 43.63A.901 through 43.63A.903.

It is the intent of the legislature that when necessary the resources of other state agencies, appropriate legislative staffs, and the various associations of local government may be employed in the development of such fiscal notes. [1995 c 399 § 80; 1985 c 6 § 10; 1979 c 151 § 150; 1977 ex.s. c 19 § 3.]

[2000 c 182 § 3; 1986 c 158 § 18; 1979 c 151 § 151; 1977 ex.s. c 19 § 4.]

Intent—2000 c 182: See note following RCW 43.132.020.

43.132.050 Fiscal notes—Transmission of copies upon request. The office of financial management may make additional copies of the fiscal note available to members of the legislature and others on request.

At the request of any member of the senate or house of representatives, whichever is considering the proposed legislation, and unless it is prohibited by the rules of the body, copies of the fiscal note or a synopsis thereof shall be placed on the members' desks at the time the proposed legislation takes its place on the second reading calendar.

Whenever proposed legislation accompanied by such a fiscal note is passed by either the senate or the house of representatives, the fiscal note shall be transmitted with the bill to the other house. [1986 c 158 § 19; 1979 c 151 § 152; 1977 ex.s. c 19 § 5.]

43.132.055 Fiscal notes—Expenditures by local government—Fiscal responsibility. When the fiscal note indicates that a bill or resolution would require expenditures of funds by a county, city, town, or other unit of local government, the legislature shall determine the state's fiscal responsibility and shall make every effort to appropriate the funds or provide the revenue generating authority necessary to imple-

ment the legislation during the ensuing biennium. [1979 ex.s. c 112 § 2.]

43.132.060 Legislative action upon or validity of measures not affected. (1) Nothing in this chapter shall prevent either house of the legislature from acting on any bill or resolution before it as otherwise provided by the state Constitution, by law, and by the rules of the senate and house of representatives, nor shall the lack of any fiscal note as provided in this chapter or any error in the accuracy thereof affect the validity of any measure otherwise duly passed by the legislature.

(2) Subsection (1) of this section shall not alter the responsibilities of RCW 43.135.060. [2000 c 182 § 4; 1977 ex.s. c 19 § 6.]

Intent—2000 c 182: See note following RCW 43.132.020.

The office of financial management, in consultation with the department of community, trade, and economic development, shall annually select up to five laws to include within this report from a recommended list of laws approved by the legislature. The office of financial management, in consultation with the department of community, trade, and economic development, may select up to five laws to include within this report if the legislature does not approve a recommended list.

(2) The preparation of the reports required in subsection (1) of this section is subject to available funding. [2000 c 182 § 5.]

Intent—2000 c 182: See note following RCW 43.132.020.

43.132.810 Local government fiscal notes—Fiscal impact of selected laws on local governments—Biennial report. The office of financial management, in consultation with the department of community, trade, and economic development, shall prepare a report for the legislature on or before December 31st of every even-numbered year on local government fiscal notes, and reports on the fiscal impacts on local governments arising from selected laws, that were prepared over the preceding two-year period. 43.135.010 Findings—Intent. The people of the state of Washington hereby find and declare:

(1) The continuing increases in our state tax burden and the corresponding growth of state government is contrary to the interest of the people of the state of Washington.

(2008 Ed.)

(2) It is necessary to limit the rate of growth of state government while assuring adequate funding of essential services, including basic education as defined by the legislature.

(3) The current budgetary system in the state of Washington lacks stability. The system encourages crisis budgeting and results in cutbacks during lean years and overspending during surplus years.

(4) It is therefore the intent of this chapter to:

(a) Establish a limit on state expenditures that will assure that the growth rate of state expenditures does not exceed the growth rate in Washington personal income;

(b) Assure that local governments are provided funds adequate to render those services deemed essential by their citizens;

(c) Assure that the state does not impose responsibility on local governments for new programs or increased levels of service under existing programs unless the costs thereof are paid by the state;

(d) Provide for adjustment of the limit when costs of a program are transferred between the state and another political entity;

(e) Establish a procedure for exceeding this limit in emergency situations;

(f) Provide for voter approval of tax increases; and

(g) Avoid overfunding and underfunding state programs by providing stability, consistency, and long-range planning. [2005 c 72 § 3; 1994 c 2 § 1 (Initiative Measure No. 601, approved November 2, 1993); 1980 c 1 § 1 (Initiative Measure No. 62, approved November 6, 1979).]

Findings—2005 c 72: "The legislature finds that the citizens of the state benefit from a state expenditure limit that ensures that the state budget operates with stability and predictability, while encouraging the establishment of budget priorities and a periodic review of state programs and the delivery of state services. A state expenditure limit can prevent budgeting crises that can occur because of increased spending levels during periods of revenue surplus followed by drastic reductions in state services in lean years. The citizens of the state are best served by an expenditure limit that keeps pace with the growth in the state's economy yet ensures budget discipline and taxpayer protection. For these reasons, the legislature finds that modifications to the state expenditure limit, after ten years of experience following the initial implementation of Initiative Measure No. 601, will recognize the economic productivity of the state's economy and better balance the needs of the citizens for essential government services with the obligation of the legislature for strict spending accountability and protection of its taxpayers." [2005 c 72 § 1.]

Effective dates—2005 c 72: "(1) Sections 1 and 2 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [April 18, 2005].

(2) Sections 3 through 6 of this act take effect July 1, 2007." [2005 c 72 § 7.]

43.135.025 General fund expenditure limit—Computation—Annual limit adjustment—Definitions—Emergency exception—State treasurer duty, penalty—State expenditure limit committee. (1) The state shall not expend from the general fund and related funds during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.

(2) Except pursuant to a declaration of emergency under RCW 43.135.035 or pursuant to an appropriation under *RCW 43.135.045(4)(b), the state treasurer shall not issue or redeem any check, warrant, or voucher that will result in a state general fund or related fund expenditure for any fiscal

[Title 43 RCW—page 567]

year in excess of the state expenditure limit established under this chapter. A violation of this subsection constitutes a violation of RCW 43.88.290 and shall subject the state treasurer to the penalties provided in RCW 43.88.300.

(3) The state expenditure limit for any fiscal year shall be the previous fiscal year's state expenditure limit increased by a percentage rate that equals the fiscal growth factor.

(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, 2007, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund and related funds, not including federal funds, for the fiscal year beginning July 1, 2006, plus the fiscal growth factor.

(5) A state expenditure limit committee is established for the purpose of determining and adjusting the state expenditure limit as provided in this chapter. The members of the state expenditure limit committee are the director of financial management, the attorney general or the attorney general's designee, and the chairs and ranking minority members of the senate committee on ways and means and the house of representatives committee on appropriations. All actions of the state expenditure limit committee taken pursuant to this chapter require an affirmative vote of at least four members.

(6) Each November, the state expenditure limit committee shall adjust the expenditure limit for the preceding fiscal year based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for the next two fiscal years. If, by November 30th, the state expenditure limit committee has not adopted the expenditure limit adjustment and projected expenditure limit as provided in subsection (5) of this section, the attorney general or his or her designee shall adjust or project the expenditure limit, as necessary.

(7) "Fiscal growth factor" means the average growth in state personal income for the prior ten fiscal years.

(8) "General fund" means the state general fund.

(9) "Related fund" means the health services account, violence reduction and drug enforcement account, public safety and education account, water quality account, or student achievement fund. [2005 c 72 § 4; (2006 c 56 § 7 expired July 1, 2007); 2000 2nd sp.s. c 2 § 1; 1994 c 2 § 2 (Initiative Measure No. 601, approved November 2, 1993).]

***Reviser's note:** RCW 43.135.045 was amended by 2007 c 484 § 5, changing subsection (4)(b) to subsection (2)(b), effective July 1, 2008, if the proposed amendment to Article VII of the state Constitution is approved at the November 2007 general election.

Expiration date—2006 c 56 §§ 7 and 8: "Sections 7 and 8 of this act expire July 1, 2007." [2006 c 56 § 12.]

Effective dates—2006 c 56: See note following RCW 41.45.230.

Findings—Effective dates—2005 c 72: See notes following RCW 43.135.010.

Effective date—2000 2nd sp.s. c 2: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2000." [2000 2nd sp.s. c 2 § 4.]

43.135.031 Bills raising taxes or fees—Cost analysis—Press release—Notice of hearings—Updated analyses. (1) For any bill introduced in either the house of representatives or the senate that raises taxes as defined by RCW 43.135.035 or increases fees, the office of financial management must expeditiously determine its cost to the taxpayers in

its first ten years of imposition, must promptly and without delay report the results of its analysis by public press release via e-mail to each member of the house of representatives, each member of the senate, the news media, and the public, and must post and maintain these releases on its web site. Any ten-year cost projection must include a year-by-year breakdown. For any bill containing more than one revenue source, a ten-year cost projection for each revenue source will be included along with the bill's total ten-year cost projection. The press release shall include the names of the legislators, and their contact information, who are sponsors and cosponsors of the bill so they can provide information to, and answer questions from, the public.

(2) Any time any legislative committee schedules a public hearing on a bill that raises taxes as defined by RCW 43.135.035 or increases fees, the office of financial management must promptly and without delay report the results of its most up-to-date analysis of the bill required by subsection (1) of this section and the date, time, and location of the hearing by public press release via e-mail to each member of the house of representatives, each member of the senate, the news media, and the public, and must post and maintain these releases on its web site. The press release required by this subsection must include all the information required by subsection (1) of this section and the names of the legislators, and their contact information, who are members of the legislative committee conducting the hearing so they can provide information to, and answer questions from, the public.

(3) Each time a bill that raises taxes as defined by RCW 43.135.035 or increases fees is approved by any legislative committee or by at least a simple majority in either the house of representatives or the senate, the office of financial management must expeditiously reexamine and redetermine its ten-year cost projection due to amendment or other changes during the legislative process, must promptly and without delay report the results of its most up-to-date analysis by public press release via e-mail to each member of the house of representatives, each member of the senate, the news media, and the public, and must post and maintain these releases on its web site. Any ten-year cost projection must include a year-by-year breakdown. For any bill containing more than one revenue source, a ten-year cost projection for each revenue source will be included along with the bill's total ten-year cost projection. The press release shall include the names of the legislators, and their contact information, and how they voted on the bill so they can provide information to, and answer questions from, the public.

(4) For the purposes of this section, "names of legislators, and their contact information" includes each legislator's position (senator or representative), first name, last name, party affiliation (for example, Democrat or Republican), city or town they live in, office phone number, and office e-mail address.

(5) For the purposes of this section, "news media" means any member of the press or media organization, including newspapers, radio, and television, that signs up with the office of financial management to receive the public press releases by e-mail.

(6) For the purposes of this section, "the public" means any person, group, or organization that signs up with the office of financial management to receive the public press

releases by e-mail. [2008 c 1 § 2 (Initiative Measure No. 960, approved November 6, 2007).]

Findings—Intent—2008 c 1 (Initiative Measure No. 960): "Washington has a long history of public interest in tax increases. The people have clearly and consistently illustrated their ongoing and passionate desire to ensure that taxpayers are protected. The people find that even without raising taxes, the government consistently receives revenue growth many times higher than the rate of inflation every year. With this measure, the people intend to protect taxpayers by creating a series of accountability procedures to ensure greater legislative transparency, broader public participation, and wider agreement before state government takes more of the people's money. This measure protects taxpayers and relates to tax and fee increases imposed by state government. This measure would require publication of cost projections, information on public hearings, and legislators' sponsorship and voting records on bills increasing taxes and fees, allow either two-thirds legislative approval or voter approval for tax increases, and require advisory votes on tax increases blocked from citizen referendum.

The intent of sections 2, 3, and 4 of this act: The people want a thorough, independent analysis of any proposed increase in taxes and fees. The people find that legislators too often do not know the costs to the taxpayers for their tax and fee increases and this fiscal analysis by the office of financial management will provide better, more accessible information. The people want a user-friendly method to track the progress of bills increasing taxes and fees, finding that transparency and openness leads to more public involvement and better understanding. The people want information on public hearings and legislators' sponsorship and voting records on bills increasing taxes and fees and want easy access to contact information of legislators so the people's voice can be heard. Section 2(5) and (6) of this act are intended to provide active, engaged citizens with the opportunity to be notified of the status of bills increasing taxes and fees. Such a notification system is already being provided by the state supreme court with regard to judicial rulings. Intent of RCW 43.88A.020: The cost projection reports required by section 2 of this act will simplify and facilitate the creation of fiscal notes. The people want the office of financial management to fully comply with the cost projections and other requirements of section 2 [of this act] on bills increasing taxes or fees before fiscal notes. Cost projections and the other information required by section 2 [of this act] are critically important for the legislature, the media, and the public to receive before fiscal notes.

The intent of section 5 of this act: The two-thirds requirement for raising taxes has been on the books since 1993 and the people find that this policy has provided the legislature with a much stronger incentive to use existing revenues more cost-effectively rather than reflexively raising taxes. The people want this policy continued and want it to be clear that tax increases inside and outside the general fund are subject to the two-thirds threshold. If the legislature cannot receive a two-thirds vote in the house of representatives and senate to raise taxes, the Constitution provides the legislature with the option of referring the tax increase to the voters for their approval or rejection at an election using a referendum bill. The people expect the legislature to respect, follow, and abide by the law, on the books for thirteen years, to not raise taxes in excess of the state expenditure limit without two-thirds legislative approval and a vote of the people. Intent of RCW 43.135.035(5): When it comes to enactment of tax increases exceeding the state expenditure limit, the legislature has, in recent years, shifted money between funds to get around the voter approval requirement for tax increases above the state expenditure limit as occurred in 2005 with sections 1607 and 1701 of Engrossed Substitute Senate Bill No. 6090. RCW 43.135.035(5) is intended to clarify the law so that the effective taxpayer protection of requiring voter approval for tax increases exceeding the state expenditure limit is not circumvented.

The intent of sections 6 through 13 of this act: Our state Constitution guarantees to the people the right of referendum. In recent years, however, the legislature has thwarted the people's constitutional right to referendum by excessive use of the emergency clause. In 2005, for example, the legislature approved five hundred twenty-three bills and declared ninety-eight of them, nearly twenty percent, "emergencies," insulating them all from the constitution's guaranteed right to referendum. The courts' reviews of emergency clauses have resulted in inconsistent decisions regarding the legality of them in individual cases. The people find that, if they are not allowed to vote on a tax increase, good public policy demands that at least the legislature should be aware of the voters' view of individual tax increases. An advisory vote of the people at least gives the legislature the views of the voters and gives the voters information about the bill increasing taxes and provides the voters with legislators' names and contact information and how they voted on the bill. The people have a right to know what is happening in Olympia. Intent of section 6(1) of this act: If the legislature blocks a citizen

(2008 Ed.)

referendum through the use of an emergency clause or a citizen referendum on the tax increase is not certified for the next general election ballot, then an advisory vote on the tax increase is required. Intent of section 6(4) of this act: If there's a binding vote on the ballot, there's no need for a nonbinding vote.

The intent of section 14 of this act: The people want to return the authority to impose or increase fees from unelected officials at state agencies to the duly elected representatives of the legislature or to the people. The people find that fee increases should be debated openly and transparently and up-or-down votes taken by our elected representatives so the people are given the opportunity to hold them accountable at the next election." [2008 c 1 § 1 (Initiative Measure No. 960, approved November 6, 2007).]

Construction—2008 c 1 (Initiative Measure No. 960): "The provisions of this act are to be liberally construed to effectuate the intent, policies, and purposes of this act." [2008 c 1 § 15 (Initiative Measure No. 960, approved November 6, 2007).]

Severability—2008 c 1 (Initiative Measure No. 960): "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2008 c 1 § 16 (Initiative Measure No. 960, approved November 6, 2007).]

Subheadings and part headings not law—2008 c 1 (Initiative Measure No. 960): "Subheadings and part headings used in this act are not part of the law." [2008 c 1 § 17 (Initiative Measure No. 960, approved November 6, 2007).]

Short title—2008 c 1 (Initiative Measure No. 960): "This act shall be known and cited as the taxpayer protection act of 2007." [2008 c 1 § 18 (Initiative Measure No. 960, approved November 6, 2007).]

Effective date—2008 c 1 (Initiative Measure No. 960): "This act takes effect December 6, 2007." [2008 c 1 § 19 (Initiative Measure No. 960, approved November 6, 2007).]

43.135.035 Tax legislation—Referral to voters—Conditions and restrictions—Ballot title—Declarations of emergency—Taxes on intangible property—Expenditure limit to reflect program cost shifting or fund transfer. (1) After July 1, 1995, any action or combination of actions by the legislature that raises taxes may be taken only if approved by a two-thirds vote of each house of the legislature, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter. Pursuant to the referendum power set forth in Article II, section 1(b) of the state Constitution, tax increases may be referred to the voters for their approval or rejection at an election.

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The state expenditure limit committee shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on in order to allow a spending increase above last year's authorized spending adjusted for *inflation and population increases?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund or a related fund to another source of funding, or if moneys are transferred from the state general fund or a related fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund or a related fund to another fund or account includes any state legislative action taken that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund or a related fund, while increasing the revenues from that particular source to another state or local government account. This subsection does not apply to the dedication or use of lottery revenues under RCW 67.70.240(3) or property taxes under RCW 84.52.068, in support of education or education expenditures.

(5) If the cost of any state program or function and the ongoing revenue necessary to fund the program or function are shifted to the state general fund or a related fund on or after January 1, 2007, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift unless the shifted revenue had previously been shifted from the general fund or a related fund.

(6) For the purposes of chapter 1, Laws of 2008, "raises taxes" means any action or combination of actions by the legislature that increases state tax revenue deposited in any fund, budget, or account, regardless of whether the revenues are deposited into the general fund. [2008 c 1 § 5 (Initiative Measure No. 960, approved November 6, 2007); 2005 c 72 § 5; 2005 c 72 § 2; (2006 c 56 § 8 expired July 1, 2007). Prior: 2001 c 3 § 8 (Initiative Measure No. 728, approved November 7, 2000); 2000 2nd sp.s. c 2 § 2; (2002 c 33 § 1 expired June 30, 2003); 1994 c 2 § 4 (Initiative Measure No. 601, approved November 2, 1993).]

***Reviser's note:** The phrase "personal income growth" was changed to "inflation and population increases" by 2008 c 1 § 5 (Initiative Measure No. 960) without enclosing "personal income growth" in double parentheses and underlining "inflation and population increases."
