PREFACE

Numbering system: The number of each section of this code is made up of three parts, in sequence as follows: Number of title; number of chapter within the title; number of section within the chapter. Thus RCW 1.04.020 is Title 1, chapter 4, section 20. The section part of the number (.020) is initially made up of three digits, constitutes a true decimal, and provides a facility for numbering new sections to be inserted between old sections already consecutively numbered, merely by adding one or more digits at the end of the number. In most chapters of the code, sections have been numbered by tens (.010, .020, .030, .040, etc.), leaving nine vacant numbers between original sections so that for a time new sections may be inserted without extension of the section number beyond three digits.

Citation to the Revised Code of Washington: The code should be cited as RCW; see RCW 1.04.040. An RCW title should be cited Title 7 RCW. An RCW chapter should be cited chapter 7.24 RCW. An RCW section should be cited RCW 7.24.010. Through references should be made as RCW 7.24.010 through 7.24.100. Series of sections should be cited as RCW 7.24.010, 7.24.020, and 7.24.030.

History of the Revised Code of Washington; Source notes: The Revised Code of Washington was adopted by the legislature in 1950; see chapter 1.04 RCW. The original publication (1951) contained material variances from the language and organization of the session laws from which it was derived, including a variety of divisions and combinations of the session law sections. During 1953 through 1959, the Statute Law Committee, in exercise of the powers in chapter 1.08 RCW, completed a comprehensive study of these variances and, by means of a series of administrative orders or reenactment bills, restored each title of the code to reflect its session law source, but retaining the general codification scheme originally adopted. An audit trail of this activity has been preserved in the concluding segments of the source note of each section of the code so affected. The legislative source of each section is enclosed in brackets [] at the end of the section. Reference to session laws is abbreviated; thus "1891 c 23 § 1; 1854 p 99 § 135" refers to section 1, chapter 23, Laws of 1891 and section 135, page 99, Laws of 1854. "Prior" indicates a break in the statutory chain, usually a repeal and reenactment. "RRS or Rem. Supp.—" indicates the parallel citation in Remington's Revised Code, last published in 1949.

Where, before restoration, a section of this code constituted a consolidation of two or more sections of the session laws, or of sections separately numbered in Remington's, the line of derivation is shown for each component section, with each line of derivation being set off from the others by use of small Roman numerals, "(i)," "(ii)," etc.

Where, before restoration, only a part of a session law section was reflected in a particular RCW section the history note reference is followed by the word "part."

"Formerly" and its correlative form "FORMER PART OF SECTION" followed by an RCW citation preserves the record of original codification.

Double amendments: Some double or other multiple amendments to a section made without reference to each other are set out in the code in smaller (8-point) type. See RCW 1.12.025.

Index: Titles 1 through 91 are indexed in the RCW General Index. Separate indexes are provided for the Rules of Court and the State Constitution.

Sections repealed or decodified; Disposition table: Memorials to RCW sections repealed or decodified are tabulated in numerical order in the table entitled "Disposition of former RCW sections."

Codification tables: To convert a session law citation to its RCW number (for Laws of 1951 or later) consult the codification tables. A similar table is included to relate the disposition in RCW of sections of Remington's Revised Statutes.

Errors or omissions: (1) Where an obvious clerical error has been made in the law during the legislative process, the code reviser adds a corrected word, phrase, or punctuation mark in [brackets] for clarity. These additions do not constitute any part of the law.

(2) Although considerable care has been taken in the production of this code, within the limits of available time and facilities it is inevitable that in so large a work that there will be errors, both mechanical and of judgment. When those who use this code detect errors in particular sections, a note citing the section involved and the nature of the error may be sent to: Code Reviser, Box 40551, Olympia, WA 98504-0551, so that correction may be made in a subsequent publication.

NATIONAL GUARD MUTUAL ASSISTANCE

(d) Permit and encourage a high degree of flexibility in the deployment of national guard forces in the interest of efficiency.

(e) Maximize the effectiveness of the national guard in those situations that call for its utilization under this compact.

(f) Provide protection for the rights of national guard personnel when performing duty in other states in counter-drug activities.

(g) Ensure uniformity of state laws in the area of national guard involvement in interstate counter-drug activities by incorporating said uniform laws within the compact.

(c) The governor of a party state may, within his or her discretion, withhold the national guard forces of his or her state from such use and recall any forces or part or member thereof previously deployed in a requesting state.

(d) The national guard of this state is hereby authorized to engage in interdiction and counter-drug activities and demand reduction.

(e) The adjutant general of this state, in order to further the purposes of this compact, may enter into a mutual assistance and support agreement with one or more law enforcement agencies of this state, including federal law enforcement agencies operating within this state, or with the national guard of one or more other party states to provide personnel, assets, and services in the area of interdiction and counter-drug activities and demand reduction. The delegation must be in writing and is subject to the following:

(1) The attorney general, or his or her agent as stated above, shall approve an agreement submitted to him or her under this part unless he or she finds that it is not in proper form, does not meet the requirements set forth in this part, or otherwise does not conform to the laws of Washington. If the attorney general disapproves an agreement, he or she shall provide a written explanation to the adjutant general of the Washington national guard; and

(2) If the attorney general, or his or her authorized agent as stated above, does not disapprove an agreement within thirty days after its submission to him or her, it is considered approved by him or her.

(a) Nothing in this compact shall be construed as a waiver of any benefits, privileges, immunities, or rights otherwise provided for national guard personnel performing duty pursuant to Title 32 of the United States Code nor shall anything in this compact be construed as a waiver of coverage provided for under the Federal Tort Claims Act. In the event that national guard personnel performing counter-drug activities do not receive rights, benefits, privileges, and immunities otherwise provided for national guard personnel as stated above, the following provisions shall apply:

(1) Whenever national guard forces of any responding state are engaged in another state in carrying out the purposes of this compact, the members thereof so engaged shall have the same powers, duties, rights, privileges, and immunities as members of national guard forces of the requesting state. The requesting state shall save and hold members of the national guard forces of responding states harmless from civil liability, except as otherwise provided herein, for acts or omissions that occur in the performance of their duty while engaged in carrying out the purposes of this compact, whether responding forces are serving the requesting state within the borders of the responding state or are attached to the requesting state for purposes of operational control.

(2) Subject to the provisions of paragraphs (3), (4), and (5) of this Article, all liability that may arise under the laws of the requesting state or the responding states, on account of or in connection with a request for assistance or support, shall be assumed and borne by the requesting state.

(3) Any responding state rendering aid or assistance pursuant to this compact shall be reimbursed by the requesting state for any loss or damage to, or expense incurred in the operation of, any equipment answering a request for aid, and for the cost of the materials, transportation, and maintenance of national guard personnel and equipment incurred in connection with such request, provided that nothing herein contained shall prevent any responding state from assuming such loss, damage, expense, or other cost.

(4) Unless there is a written agreement to the contrary, each party state shall provide, in the same amounts and manner as if they were on duty within their state, for pay and allowances of the personnel of its national guard units while engaged without the state pursuant to this compact and while going to and returning from such duty pursuant to this compact.

(5) Each party state providing for the payment of compensation and death benefits to injured members and the representatives of deceased members of its national guard forces in case such members sustain injuries or are killed within their own state shall provide for the payment of compensation and death benefits in the same manner and on the same terms in the event such members sustain injury or are killed while rendering assistance or support pursuant to this compact. Such benefits and compensation shall be deemed items of expense reimbursable pursuant to paragraph (3) of this Article.

(b) Officers and enlisted personnel of the national guard performing duties subject to proper orders pursuant to this compact shall be subject to and governed by the provisions of their home state code of military justice whether they are performing duties within or without their home state. In the event that any national guard member commits, or is suspected of committing, a criminal offense while performing duties pursuant to this compact without his or her home state, he or she may be returned immediately to his or her home state and said home state shall be responsible for any disciplinary action to be taken. However, nothing in this section shall abrogate the general criminal jurisdiction of the state in which the offense occurred.

ARTICLE V DELEGATION

Nothing in this compact shall be construed to prevent the governor of a party state from delegating any of his or her responsibilities or authority respecting the national guard, provided that such delegation is otherwise in accordance with law. For purposes of this compact, however, the governor shall not delegate the power to request assistance from another state.

ARTICLE VI LIMITATIONS

Nothing in this compact shall:

(a) Authorize or permit national guard units or personnel to be placed under the operational control of any person not having the national guard rank or status required by law for the command in question.

(b) Deprive a properly convened court of jurisdiction over an offense or a defendant merely because of the fact that

the national guard, while performing duties pursuant to this compact, was utilized in achieving an arrest or indictment.

ARTICLE VII CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the Constitution of the United States or of any state or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters. Chapter 38.10 RCW EMERGENCY MANAGEMENT ASSISTANCE COMPACT

Sections

38.10.010	Emergency management assistance compact.
38.10.900	Severability—2001 c 288.

38.10.010 Emergency management assistance compact. The emergency management assistance compact is enacted and entered into by this state with all other states legally joining the compact in the form substantially as follows:

ARTICLE I PURPOSES AND AUTHORITIES

This compact is made and entered into by and between the participating party states which enact this compact. For the purposes of this agreement, the term "states" means the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all United States territorial possessions.

The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency or disaster that is duly declared by the governor of the affected state or states, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resources shortages, community disorders, insurgency, or enemy attack.

This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states' national guard forces, either in accordance with the national guard mutual assistance compact, or by mutual agreement between states.

ARTICLE II
GENERAL IMPLEMENTATION

Each party state entering into this compact recognizes many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to the emergency. This is because few, if any, individual states have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

The prompt, full, and effective utilization of resources of the participating states, including any resources on hand or available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this compact shall be understood.

On behalf of the governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

ARTICLE III
PARTY STATE RESPONSIBILITIES

(1) It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this article. In formulating such plans, and in carrying them out, the party states, as is practical, shall:

(a) Review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, emergency aspects of resource shortages, civil disorders, insurgency, or enemy attack;

(b) Review party states' individual emergency plans and develop a plan which will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency;

(c) Develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans;

(d) Assist in warning communities adjacent to or crossing the state boundaries;

(e) Protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material;

(f) Inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness;

(g) Provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances that restrict the implementation of the responsibilities listed in this compact.

(2008 Ed.)

(2) The authorized representative of a party state may request assistance of another party state by contacting the authorized representative of that state. The provisions of this agreement shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within thirty days of the verbal request. Requests shall provide the following information:

(a) A description of the emergency services function for which assistance is needed, such as, but not limited to, fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue;

(b) The amount and type of personnel, equipment, materials, and supplies needed, and a reasonable estimate of the length of time they will be needed;

(c) The specific place and time for staging of the assisting party's response and a point of contact at that location.

(3) There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the United States government, with free exchange of information, plans, and resource records relating to emergency capabilities.

ARTICLE IV
LIMITATIONS

Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms of this compact. However, it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for the state. Each party state shall afford to the emergency forces of any party state, while operating within its state limits under the terms and conditions of this compact, the same powers except that of arrest unless specifically authorized by the receiving state, duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor of the party state that is to receive assistance or commencement of exercises or training for mutual aid and shall continue so long as the exercise or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state or states, whichever is longer.

ARTICLE V
LICENSES AND PERMITS

Whenever any person holds a license, certificate, or other permit issued by any state party to the compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by

the receiving party state, such person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving such skill to meet a declared emergency or disaster, subject to such limitations and conditions as the governor of the requesting state may prescribe by executive order or otherwise.

ARTICLE VI LIABILITY

Officers or employees of a party state rendering aid in another state under this compact shall be considered agents of the requesting state for tort liability and immunity purposes; and no party state or its officers or employees rendering aid in another state under this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article may not include willful misconduct, gross negligence, or recklessness.

ARTICLE VII SUPPLEMENTARY AGREEMENTS

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party to this compact, this instrument contains elements of a broad base common to all states, and nothing in this compact shall preclude any state from entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

ARTICLE VIII COMPENSATION

Each party state shall provide for payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid under this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

ARTICLE IX REIMBURSEMENT

Any party state rendering aid in another state under this compact shall be reimbursed by the party state receiving the aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with the requests. However, any aiding party state may assume in whole or in part the loss, damage, expense, or other cost, or may loan equipment or donate services to the receiving party state without charge or cost; and any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states.

Article VIII expenses may not be reimbursable under this article.

ARTICLE X EVACUATION

Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant, shall be worked out and maintained between the party states and the emergency management/services directors of the various jurisdictions where any type of incident requiring evacuation might occur. The plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for the evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. Expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of the evacuees.

ARTICLE XI IMPLEMENTATION

(1) This compact shall become operative immediately upon its enactment into law by any two states. After the first enactment, this compact shall become effective as to any other state upon its enactment by such state.

(2) Any party state may withdraw from this compact by enacting a statute repealing the compact, but no withdrawal may take effect until thirty days after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. This action may not relieve the withdrawing state from obligations assumed under this compact before the effective date of withdrawal.

(3) Duly authenticated copies of this compact and such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states, and with the federal emergency management agency and other appropriate agencies of the United States government.

ARTICLE XII ADDITIONAL PROVISIONS

Nothing in this compact shall authorize or permit the use of military force by the national guard of a state at any place outside that state in any emergency for which the president is authorized by law to call into federal service the militia, or for any purpose for which the use of the army or the air force

would in the absence of express statutory authorization be prohibited under 18 U.S.C. Sec. 1385. [2001 c 288 § 1.]

38.10.900 Severability—2001 c 288. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2001 c 288 § 2.]

(19) "A month's pay" or fraction thereof shall be calculated based upon a member's basic pay entitlement as if the member were serving for a thirty-day period. [1989 c 48 § 1; 1963 c 220 § 1.]

A court-martial so convened has jurisdiction to try the dismissed officer on those charges, and the officer shall be considered to have waived the right to plead any statute of limitations applicable to any offense with which the officer is charged. The court-martial may, as part of its sentence, adjudge the affirmance of the dismissal, but if the court-martial acquits the accused or if the sentence adjudged, as finally approved or affirmed, does not include dismissal, the chief of staff to the governor or adjutant general shall substitute for the dismissal ordered by the governor a form of discharge authorized for administrative issue.

(2) If the governor fails to convene a general court-martial within six months from the presentation of an application for trial under this code, the chief of staff to the governor or adjutant general shall substitute for the dismissal ordered by the governor a form of discharge authorized for administrative issue.

The reappointment of such a former officer may be made only if a vacancy is available under applicable tables of organization. All time between the dismissal and the reappointment shall be considered as actual service for all purposes.

(4) If an officer is discharged from the organized militia by administrative action or by board proceedings under law, or is dropped from the rolls by order of the governor, the

officer has no right to trial under this section. [1989 c 48 § 4; 1963 c 220 § 4.]

It also applies to all persons otherwise subject to this code while they are serving outside the state, and while they are going to and returning from such service outside the state, in the same manner and to the same extent as if they were serving inside the state.

(2) Courts-martial and courts of inquiry may be convened and held in units of the organized militia while those units are serving outside the state with the same jurisdiction and powers as to persons subject to this code as if the proceedings were held inside the state, and offenses committed outside the state may be tried and punished either inside or outside the state. (3) Commissioned officers, warrant officers, and non-commissioned officers have authority to quell quarrels, frays,

(2008 Ed.)

and disorders among persons subject to this code and to apprehend persons subject to this code who take part therein. [1989 c 48 § 7; 1963 c 220 § 7.]

38.38.068 [Art. 8] Apprehension of deserters. Any civil officer having authority to apprehend offenders under the laws of the United States or of a state, territory, commonwealth, or possession, or the District of Columbia may summarily apprehend a deserter from the state of Washington organized militia and deliver the offender into the custody of the state of Washington organized militia. If an offender is apprehended outside of the state of Washington, the return to the area must be in accordance with normal extradition procedures or reciprocal agreement. [1989 c 48 § 8; 1963 c 220 § 8.]

38.38.072 [Art. 9] Imposition of restraint. (1) Arrest is the restraint of a person by an order, not imposed as a punishment for an offense, directing the person to remain within certain specified limits. Confinement is the physical restraint of a person.

(2) An enlisted member may be ordered into arrest or confinement by any commissioned officer by an order, oral or written, delivered in person or through other persons subject to this code or through any person authorized by this code to apprehend persons. A commanding officer may authorize warrant officers or noncommissioned officers to order enlisted members of the officer's command or subject to the officer's authority into arrest or confinement.

(3) A commissioned officer or a warrant officer may be ordered apprehended or into arrest or confinement only by a commanding officer to whose authority the officer is subject, by an order, oral or written, delivered in person or by another commissioned officer. The authority to order such persons apprehended or into arrest or confinement may not be delegated.

(4) No person may be ordered apprehended or into arrest or confinement except for probable cause.

(5) This section does not limit the authority of persons authorized to apprehend offenders to secure the custody of an alleged offender until proper authority may be notified. [1989 c 48 § 9; 1963 c 220 § 9.]

38.38.076 [Art. 10] Restraint of persons charged with offenses. Any person subject to this code charged with an offense under this code shall be ordered into arrest or confinement, as circumstances may require; but when charged only with an offense normally tried by a summary court-martial, such person shall not ordinarily be placed in confinement. When any person subject to this code is placed in arrest or confinement prior to trial, immediate steps shall be taken to inform the person of the specific wrong of which he or she is accused and to try the person or to dismiss the charges and release the person. [1989 c 48 § 10; 1963 c 220 § 10.]

38.38.080 [Art. 10a] Confinement in jails. Persons confined other than in a guard house, whether before, during or after trial by a military court, shall be confined in civil jails, penitentiaries, or prisons designated by the governor or

by such person as the governor may authorize to act. [1989 c 48 § 11; 1963 c 220 § 11.]

38.38.084 [Art. 11] Reports and receiving of prisoners. (1) No provost marshal, commander of a guard, master at arms, warden, keeper, or officer of a city or county jail or any other jail, penitentiary, or prison designated under RCW 38.38.080, may refuse to receive or keep any prisoner committed to his or her charge, when the committing person furnishes a statement, signed by the committing person, of the offense charged against the prisoner.

(2) Every commander of a guard, master at arms, warden, keeper, or officer of a city or county jail or of any other jail, penitentiary, or prison designated under RCW 38.38.080, to whose charge a prisoner is committed shall, within twenty-four hours after that commitment or as soon as he or she is relieved from guard, report to the commanding officer of the prisoner the name of the prisoner, the offense charged against the prisoner, and the name of the person who ordered or authorized the commitment. [1989 c 48 § 12; 1963 c 220 § 12.]

38.38.088 [Art. 13] Punishment prohibited before trial. Subject to RCW 38.38.488, no person, while being held for trial or the result of trial, may be subjected to punishment or penalty other than arrest or confinement upon the charges pending against the person, nor shall the arrest or confinement imposed upon the person be any more rigorous than the circumstances require to insure his or her presence, but the person may be subjected to minor punishment during that period for infractions of discipline. [1989 c 48 § 13; 1963 c 220 § 13.]

38.38.092 [Art. 14] Delivery of offenders to civil authorities. (1) Under such regulations as may be prescribed under this code a person subject to this code who is on active state service or inactive duty who is accused of an offense against civil authority may be delivered, upon request, to the civil authority for trial.

(2) When delivery under this section is made to any civil authority of a person undergoing sentence of a court-martial, the delivery, if followed by conviction in a civil tribunal, interrupts the execution of the sentence of the court-martial, and the offender after having answered to the civil authorities for the offense shall, upon the request of competent military authority, be returned to military custody for the completion of the sentence. [1989 c 48 § 14; 1963 c 220 § 14.]

PART III—NONJUDICIAL PUNISHMENT

38.38.132 [Art. 15] Commanding officer's nonjudicial punishment—Suspension—Appeal. (1) Under such regulations as the governor may prescribe, limitations may be placed on the powers granted by this section with respect to the kind and amount of punishment authorized, the categories of commanding officers and warrant officers exercising command authorized to exercise those powers, the applicability of this section to an accused who demands trial by court-martial, and the kinds of courts-martial to which the case may be referred upon such a demand. However, except in the case of

a member attached to or embarked in a vessel, punishment may not be imposed upon any member of the organized militia under this section if the member has, before the imposition of such punishment, demanded trial by court-martial in lieu of such punishment. Under similar regulations, rules may be prescribed with respect to the suspension of punishments authorized hereunder. If authorized by regulations of the governor, a commanding officer exercising general court-martial jurisdiction or an officer of general rank in command may delegate powers under this section to a principal assistant.

(2) Subject to subsection (1) of this section, any commanding officer may, in addition to or in lieu of admonition or reprimand, impose one or more of the following disciplinary punishments for minor offenses without the intervention of a court-martial:

(a) Upon officers of his or her command:

(i) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive duty or drill days;

(ii) If imposed by an officer exercising general court-martial jurisdiction or an officer of general rank in command:

(A) Forfeiture of up to thirty days' pay, but not more than fifteen days' pay per month;

(B) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive drill or duty days;

(C) Detention of up to forty-five days' pay, but not more than fifteen days' pay per month;

(b) Upon other personnel of his or her command:

(i) If imposed upon a person attached to or embarked in a vessel, confinement for not more than three consecutive days;

(ii) Forfeiture of not more than seven days' pay;

(iii) Reduction to the next inferior pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction;

(iv) Extra duties, including fatigue or other duties for not more than fourteen duty or drill days, which need not be consecutive, and for not more than two hours per day, holidays included;

(v) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive days;

(vi) Detention of not more than fourteen days' pay;

(vii) If imposed by an officer of the grade of major or above:

(A) The punishment authorized in subsection (2)(b)(i) of this section;

(B) Forfeiture of up to thirty days' pay, but not more than fifteen days' pay per month;

(C) Reduction to the lowest or any intermediate pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction, but an enlisted member in a pay grade above E-4 may not be reduced more than two pay grades;

(D) Extra duties, including fatigue or other duties, for not more than fourteen drill or duty days, which need not be consecutive, and for not more than two hours per day, holidays included;

(E) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive days;

(F) Detention of up to forty-five days' pay, but not more than fifteen days' pay per month.

Detention of pay shall be for a stated period of not more than one year but if the offender's term of service expires earlier, the detention shall terminate upon that expiration. Extra duties and restriction may not be combined to run consecutively in the maximum amount imposable for each. Whenever any such punishments are combined to run consecutively, there must be an apportionment. In addition, forfeiture of pay may not be combined with detention of pay without an apportionment.

(3) An officer in charge may impose upon enlisted members assigned to the unit of which the officer is in charge such of the punishment authorized under subsection (2)(b) of this section as the governor may specifically prescribe by regulation.

(4) The officer who imposes the punishment authorized in subsection (2) of this section, or a successor in command, may, at any time, suspend probationally any part or amount of the unexecuted punishment imposed and may suspend probationally a reduction in grade or a forfeiture imposed under subsection (2) of this section, whether or not executed. In addition, the officer may, at any time, remit or mitigate any part or amount of the unexecuted punishment imposed and may set aside in whole or in part the punishment, whether executed or unexecuted, and restore all rights, privileges, and property affected. The officer may also mitigate reduction in grade to forfeiture or detention of pay. When mitigating extra duties to restriction, the restriction shall not be longer than the number of hours of extra duty that may have been imposed. When mitigating reduction in grade to forfeiture or detention of pay, the amount of the forfeiture or detention shall not be greater than the amount that could have been imposed initially under this section by the officer who imposed the punishment mitigated.

(5) A person punished under this section who considers the punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under subsection (4) of this section by the officer who imposed the punishment. Before acting on an appeal from a punishment of:

(a) Forfeiture of more than seven days' pay;
 (b) Reduction of one or more pay grades from the fourth or a higher pay grade;
 (c) Extra duties for more than ten days;
 (d) Restriction for more than ten days; or
 (e) Detention of more than fourteen days' pay;
 the authority who is to act on the appeal shall refer the case to a judge advocate for consideration and advice, and may so refer the case upon appeal from any punishment imposed under subsection (2) of this section.

(6) The imposition and enforcement of disciplinary punishment under this section for any act or omission is not a bar to trial by court-martial for a serious crime or offense grow-

ing out of the same act or omission, and not properly punishable under this section; but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

(7) The governor may by regulation prescribe the form of records to be kept of proceedings under this section and may also prescribe that certain categories of those proceedings shall be in writing. [1991 c 43 § 5; 1989 c 48 § 15; 1963 c 220 § 15.]

PART IV—COURTS-MARTIAL JURISDICTION

38.38.172 [Art. 16] Courts-martial of organized militia not in federal service—Composition—Jurisdiction—Powers and proceedings. (1) In the organized militia not in federal service, there are general, special, and summary courts-martial constituted like similar courts of the armed forces of the United States. They have the jurisdiction and powers, except as to punishments, and shall follow the forms and procedures provided for those courts.

(2) The three kinds of courts-martial are:

(a) General courts-martial, consisting of a military judge and not less than five members, or only a military judge, if before the court is assembled the accused, knowing the identity of the military judge and after consultation with defense counsel, requests orally on the record or in writing a court composed only of a military judge and the military judge approves;

(b) Special courts-martial, consisting of not less than three members, or a military judge and not less than three members, or only a military judge, if one has been detailed to the court, and the accused under the same conditions as those prescribed in (a) of this subsection so requests; and

(c) Summary courts-martial, consisting of one commissioned officer. [1989 c 48 § 16; 1963 c 220 § 16.]

38.38.176 [Art. 17] Jurisdiction of courts-martial in general. Each force of the organized militia has court-martial jurisdiction over all persons subject to this code. The exercise of jurisdiction by one force over personnel of another force shall be in accordance with regulations prescribed by the governor. [1989 c 48 § 17; 1963 c 220 § 17.]

38.38.180 [Art. 18] Jurisdiction of general courts-martial. Subject to RCW 38.38.176, general courts martial have jurisdiction to try persons subject to this code for any offense made punishable by this code and may, under such limitations as the governor may prescribe, adjudge any of the following punishments:

(1) A fine of not more than two hundred dollars;
 (2) Forfeiture of pay and allowances;
 (3) A reprimand;
 (4) Dismissal or dishonorable discharge;
 (5) Reduction of a noncommissioned officer to the ranks;
 or
 (6) Any combination of these punishments. [1963 c 220 § 18.]

38.38.184 [Art. 19] Jurisdiction of special courts-martial—Dishonorable discharge. Subject to RCW 38.38.176, special courts-martial have jurisdiction to try persons subject to this code for any offense for which they may be punished under this code. A special court-martial has the same powers of punishment as a general court-martial, except that a fine imposed by a special court-martial may not be more than one hundred dollars for a single offense. A dishonorable discharge may not be adjudged unless a complete record of the proceedings and testimony has been made, counsel having the qualifications prescribed under RCW 38.38.260 was detailed to represent the accused, and a military judge was detailed to the trial, except in any case in which a military judge could not be detailed to the trial because of physical conditions or military exigencies. In any such case in which a military judge was not detailed to the trial, the convening authority shall make a detailed written statement, to be appended to the record, stating the reason or reasons a military judge could not be detailed. [1989 c 48 § 18; 1963 c 220 § 19.]

38.38.188 [Art. 20] Jurisdiction of summary courts-martial. (1) Subject to RCW 38.38.176, summary courts-martial have jurisdiction to try persons subject to this code, except officers for any offense made punishable by this code.

(2) No person with respect to whom summary courts-martial have jurisdiction may be brought to trial before a summary court-martial if the person objects thereto, unless under RCW 38.38.132 the person has been permitted and has elected to refuse punishment under that section. If objection to trial by summary court-martial is made by an accused who has been permitted to refuse punishment under RCW 38.38.132, trial shall be ordered by special or general court-martial, as may be appropriate.

(3) A summary court-martial may sentence to a fine of not more than twenty-five dollars for a single offense, to forfeiture of pay and allowances, and to reduction of a noncommissioned officer to the ranks. [1989 c 48 § 19; 1963 c 220 § 20.]

38.38.192 Sentences of dismissal or dishonorable discharge to be approved by the governor. In the organized militia not in federal service, no sentence of dismissal or dishonorable discharge may be executed until it is approved by the governor. [1963 c 220 § 21.]

38.38.196 Complete record of proceedings and testimony if dishonorable discharge or dismissal adjudged. A dishonorable discharge or dismissal may not be adjudged by any court-martial unless a complete record of the proceedings and testimony before the court has been made. [1989 c 48 § 20; 1963 c 220 § 22.]

38.38.200 Confinement instead of fine. In the organized militia not in federal service, a court-martial may, instead of imposing a fine, sentence to confinement for not more than one day for each dollar of the authorized fine. [1989 c 48 § 21; 1963 c 220 § 23.]

PART V—APPOINTMENT AND COMPOSITION OF COURTS-MARTIAL

38.38.240 [Art. 22] Who may convene general courts-martial. In the organized militia not in federal service, general courts-martial may be convened by the president or by the governor, or by the commanding general of the national guard of the District of Columbia. [1989 c 48 § 22; 1963 c 220 § 24.]

38.38.244 [Art. 23] Special courts-martial of organized militia not in federal service—Who may convene. (1) In the organized militia not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a brigade, regiment, wing, group, detached battalion, separate squadron, or other detached command, may convene special courts-martial. Special courts-martial may also be convened by superior authority. When any such officer is an accuser, the court shall be convened by superior competent authority.

(2) A special court-martial may not try a commissioned officer. [1989 c 48 § 23; 1963 c 220 § 25.]

38.38.248 [Art. 24] Summary courts-martial of organized militia not in federal service—Who may convene. (1) In the organized militia not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment, may convene a summary court-martial consisting of one commissioned officer. The proceedings shall be informal.

(2) When only one commissioned officer is present with a command or detachment the commissioned officer shall be the summary court-martial of that command or detachment and shall hear and determine all summary court-martial cases brought before him or her. Summary courts-martial may, however, be convened in any case by superior competent authority when considered desirable. [1989 c 48 § 24; 1963 c 220 § 26.]

38.38.252 [Art. 25] Who may serve on courts-martial. (1) Any commissioned officer of or on duty with the organized militia is eligible to serve on all courts-martial for the trial of any person who may lawfully be brought before such courts for trial.

(2) Any warrant officer of or on duty with the organized militia is eligible to serve on general and special courts-martial for the trial of any person, other than a commissioned officer, who may lawfully be brought before such courts for trial.

(3)(a) Any enlisted member of the organized militia who is not a member of the same unit as the accused is eligible to serve on general and special courts-martial for the trial of any enlisted member who may lawfully be brought before such courts for trial, but shall serve as a member of a court only if, before the conclusion of a session called by the military judge under RCW 38.38.380(1) prior to trial or, in the absence of such a session, before the court is assembled for the trial of the accused, the accused personally has requested in writing

that enlisted members serve on it. After such a request, the accused may not be tried by a general or special court-martial the membership of which does not include enlisted members in a number comprising at least one-third of the total membership of the court, unless eligible members cannot be obtained on account of physical conditions or military exigencies. If such members cannot be obtained, the court may be convened and the trial held without them, but the convening authority shall make a detailed written statement, to be appended to the record, stating why they could not be obtained.

(b) In this section, the word "unit" means any regularly organized body of the organized militia not larger than a company, a squadron, or a body corresponding to one of them.

(4)(a) When it can be avoided, no person subject to this code may be tried by a court-martial any member of which is junior to the person in rank or grade.

(b) When convening a court-martial, the convening authority shall detail as members thereof such members as, in his or her opinion, are best qualified for the duty by reason of age, education, training, experience, length of service, and judicial temperament. No member is eligible to serve as a member of a general or special court-martial when the member is the accuser or a witness for the prosecution or has acted as investigating officer or as counsel in the same case.

(c) Before a court-martial is assembled for the trial of a case, the convening authority may excuse a member of the court from participating in the case. Under such regulations as the governor may prescribe, the convening authority may delegate his or her authority under this subsection to the staff judge advocate or to any other principal assistant. [1989 c 48 § 25; 1963 c 220 § 27.]

38.38.256 [Art. 26] Military judge of a general or special court-martial. (1) A military judge shall be detailed to each general court-martial. Subject to regulations of the governor, a military judge may be detailed to any special court-martial. The governor shall prescribe regulations providing for the manner in which military judges are detailed for such courts-martial and for the persons who are authorized to detail military judges for such courts-martial. The military judge shall preside over each open session of the court-martial to which he or she has been detailed.

(2) A military judge shall be a commissioned officer of the armed forces who is a member of the bar of a federal court or a member of the bar of the highest court of a state and who is certified to be qualified for duty as a military judge by the state judge advocate.

(3) The military judge of a general court-martial shall be designated by the state judge advocate or a designee for detail in accordance with regulations prescribed under subsection (1) of this section. Unless the court-martial was convened by the governor, neither the convening authority nor any member of the staff shall prepare or review any report concerning the effectiveness, fitness, or efficiency of the military judge so detailed, which relates to performance of duty as a military judge. A commissioned officer who is certified to be qualified for duty as a military judge of a general court-martial may perform such duties only when he or she is assigned and directly responsible to the state judge advocate or designee,

(2008 Ed.)

and may perform duties of a judicial or nonjudicial nature other than those relating to the primary duty as a military judge of a general court-martial when such duties are assigned by or with the approval of the state judge advocate or designee.

(4) No person is eligible to act as military judge in a case if the person is the accuser or a witness for the prosecution or has acted as investigating officer or a counsel in the same case.

(5) The military judge of a court-martial may not consult with the members of the court except in the presence of the accused, trial counsel, and defense counsel, nor may the military judge vote with the members of the court. [1989 c 48 § 26; 1963 c 220 § 28.]

38.38.260 [Art. 27] Detail of trial counsel and defense counsel. (1)(a) Trial counsel and defense counsel shall be detailed for each general and special court-martial. Assistant trial counsel and assistant and associate defense counsel may be detailed for each general and special court-martial. The governor shall prescribe regulations providing for the manner in which counsel are detailed for such courts-martial and for the persons who are authorized to detail counsel for such courts-martial.

(b) No person who has acted as investigating officer, military judge, or court member in any case may act later as trial counsel, assistant trial counsel, or, unless expressly requested by the accused, as defense counsel or assistant or associate defense counsel in the same case. No person who has acted for the prosecution may act later in the same case for the defense, nor may any person who has acted for the defense act later in the same case for the prosecution.

(2) Trial counsel or defense counsel detailed for a general court-martial:

(a) Must be a judge advocate who is a graduate of an accredited law school or is a member of the bar of a federal court or of the highest court of a state, or must be a member of the bar of a federal court or of the highest court of a state; and

(b) Must be certified as competent to perform such duties by the state judge advocate.

(3) In the case of a special court-martial:

(a) The accused shall be afforded the opportunity to be represented at the trial by counsel having the qualifications prescribed under subsection (2) of this section unless counsel having such qualifications cannot be obtained on account of physical conditions or military exigencies. If counsel having such qualifications cannot be obtained, the court may be convened and the trial held but the convening authority shall make a detailed written statement, to be appended to the record, stating why counsel with such qualifications could not be obtained;

(b) If the trial counsel is qualified to act as counsel before a general court-martial, the defense counsel detailed by the convening authority must be a person similarly qualified; and

(c) If the trial counsel is a judge advocate or a member of the bar of a federal court or the highest court of a state, the defense counsel detailed by the convening authority must be one of the foregoing. [1991 c 43 § 6; 1989 c 48 § 27; 1963 c 220 § 29.]

38.38.264 [Art. 28] Detail or employment of reporters and interpreters. Under such regulations as the governor may prescribe, the convening authority of a general or special court martial or court of inquiry shall detail or employ qualified court reporters, who shall record the proceedings of and testimony taken before that court. Under like regulations the convening authority of a military court may detail or employ interpreters who shall interpret for the court. [1963 c 220 § 30.]

38.38.268 [Art. 29] Absent and additional members. (1) No member of a general or special court-martial may be absent or excused after the court has been assembled for the trial of the accused unless excused as a result of a challenge, excused by the military judge for physical disability or other good cause, or excused by order of the convening authority for good cause.

(2) Whenever a general court-martial, other than a general court-martial composed of a military judge only, is reduced below five members, the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than five members. The trial may proceed with the new members present after the recorded evidence previously introduced before the members of the court has been read to the court in the presence of the military judge, the accused, and counsel for both sides.

(3) Whenever a special court-martial, other than a special court-martial composed of a military judge only, is reduced below three members, the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than three members. The trial shall proceed with the new members present as if no evidence had previously been introduced at the trial, unless a verbatim record of the evidence previously introduced before the members of the court or a stipulation thereof is read to the court in the presence of the military judge, if any, the accused, and counsel for both sides.

(4) If the military judge of a court-martial composed of a military judge only is unable to proceed with the trial because of physical disability, as a result of a challenge, or for other good cause, the trial shall proceed, subject to any applicable conditions of RCW 38.38.172(2) (a) or (b), after the detail of a new military judge as if no evidence had previously been introduced, unless a verbatim record of the evidence previously introduced or a stipulation thereof is read in court in the presence of the new military judge, the accused, and counsel for both sides. [1989 c 48 § 28; 1963 c 220 § 31.]

PART VI—PRETRIAL PROCEDURE

38.38.308 [Art. 30] Charges and specifications. (1) Charges and specifications shall be signed by a person subject to this code under oath before a person authorized by this code to administer oaths and shall state:

(a) That the signer has personal knowledge of, or has investigated, the matters set forth therein; and

(b) That they are true in fact to the best of his or her knowledge and belief.

(2) Upon the preferring of charges, the proper authority shall take immediate steps to determine what disposition should be made thereof in the interest of justice and disci-

pline, and the person accused shall be informed of the charges against him or her as soon as practicable. [1989 c 48 § 29; 1963 c 220 § 32.]

38.38.312 [Art. 31] Compulsory self-incrimination prohibited. (1) No person subject to this code may compel persons to incriminate themselves or to answer any question the answer to which may tend to incriminate them.

(2) No person subject to this code may interrogate, or request any statement from, an accused or a person suspected of an offense without first informing the person of the nature of the accusation and advising that the person does not have to make any statement regarding the offense of which he or she is accused or suspected and that any statement made by the person may be used as evidence against him or her in a trial by court-martial.

(3) No person subject to this code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade the person.

(4) No statement obtained from any person in violation of this section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against the person in a trial by court-martial. [1989 c 48 § 30; 1963 c 220 § 33.]

38.38.316 [Art. 32] Investigation. (1) No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

(2) The accused shall be advised of the charges against him or her and of the right to be represented at that investigation by counsel. The accused has a right to be represented at that investigation as provided in RCW 38.38.376 and in regulations prescribed under that section.

At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him or her if they are available and to present anything the person may desire in his or her own behalf, either in defense or mitigation, and the investigating officer shall examine available witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.

(3) If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (2) hereof, no further investigation of that charge is necessary under this section unless it is demanded by the accused after being informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his or her own behalf.

(4) The requirements of this section are binding on all persons administering this code but failure to follow them does not divest a military court of jurisdiction. [1989 c 48 § 31; 1963 c 220 § 34.]

38.38.320 [Art. 33] Forwarding of charges. When a person is held for trial by general court-martial the commanding officer shall, within eight days after the accused is ordered into arrest or confinement, if practicable, forward the charges, together with the investigation and allied papers, to the governor. If that is not practicable, the officer shall report in writing to the governor the reasons for delay. [1989 c 48 § 32; 1963 c 220 § 35.]

38.38.324 [Art. 34] Advice of state judge advocate and reference for trial. (1) Before directing the trial of any charge by general court-martial, the convening authority shall refer it to the state judge advocate for consideration and advice. The convening authority may not refer a charge to a general court-martial for trial unless he or she has found that the charge alleges an offense under this code, is warranted by evidence indicated in the report of the investigation under RCW 38.38.316, if there is such a report, and the court-martial would have jurisdiction over the accused and the offense.

(2) The advice of the staff judge advocate under subsection (1) of this section with respect to a specification under a charge shall include a written and signed statement by the staff judge advocate:

(a) Expressing conclusions with respect to each matter set forth in subsection (1) of this section; and

(b) Recommending action that the convening authority take regarding the specification.

If the specification is referred for trial, the recommendation of the state judge advocate shall accompany the specification.

(3) If the charges or specifications are not formally correct or do not conform to the substance of the evidence contained in the report of the investigating officer, formal corrections, and such changes in the charges and specifications as are needed to make them conform to the evidence may be made. [1989 c 48 § 33; 1963 c 220 § 36.]

38.38.328 [Art. 35] Service of charges. The trial counsel to whom court-martial charges are referred for trial shall cause to be served upon the accused a copy of the charges upon which trial is to be had. In time of peace no person may, against his or her objection, be brought to trial or be required to participate by himself or counsel in a session called by a military judge under RCW 38.38.380(1), in a general court-martial within a period of five days after the service of the charges upon him or her, or before a special court-martial within a period of three days after the service of the charges upon him or her. [1989 c 48 § 34; 1963 c 220 § 37.]

PART VII—TRIAL PROCEDURE

38.38.368 [Art. 36] Governor may prescribe rules. The procedure, including modes of proof, in cases before military courts and other military tribunals may be prescribed by the governor by regulations, which shall, so far as the governor considers practicable, apply the principles of law and

the rules of evidence generally recognized in the trial of criminal cases in the courts of the state, but which may not be contrary to or inconsistent with this code. [1989 c 48 § 35; 1963 c 220 § 38.]

38.38.372 [Art. 37] Unlawfully influencing action of court. (1) No authority convening a general, special, or summary court-martial nor any other commanding officer, or officer serving on the staff thereof, may censure, reprimand, or admonish the court or any member, military judge, or counsel thereof, with respect to the findings or sentence adjudged by the court, or with respect to any other exercise of its or his or her functions in the conduct of the proceeding. No person subject to this code may attempt to coerce or, by any unauthorized means, influence the action of the court-martial or any other military tribunal or any member thereof, in reaching the findings or sentence in any case, or the action of any convening, approving, or reviewing authority with respect to judicial acts. The foregoing provisions of this section shall not apply with respect to (a) general instructional or informational courses in military justice if such courses are designed solely for the purpose of instructing members of a command in the substantive and procedural aspects of courts-martial, or (b) to statements and instructions given in open court by the military judge, president of a special court-martial, or counsel.

(2) In the preparation of an effectiveness, fitness, or efficiency report or any other report or document used in whole or in part for the purpose of determining whether a member of the organized militia is qualified to be advanced, in grade, or in determining the assignment or transfer of a member of the organized militia, or in determining whether a member of the organized militia should be retained on active duty, no person subject to this chapter may, in preparing any such report (a) consider or evaluate the performance of duty of any such member of a court-martial, or (b) give a less favorable rating or evaluation of any member of the organized militia because of the zeal with which such member, as counsel, represented any accused before a court-martial. [1989 c 48 § 36; 1963 c 220 § 39.]

38.38.376 [Art. 38] Duties of trial counsel and defense counsel. (1) The trial counsel of a general or special court-martial shall prosecute in the name of the state, and shall, under the direction of the court, prepare the record of the proceedings.

(2) The accused has the right to be represented in his or her defense before a general or special court-martial by civilian counsel if provided by the accused, or by military counsel of his or her own selection if reasonably available as defined in regulations of the governor, or by the defense counsel detailed under RCW 38.38.260. Should the accused have civilian counsel of his or her own selection, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as associate counsel; otherwise they shall be excused by the military judge or president of a special court-martial.

(3) In every court-martial proceeding, the defense counsel may, in the event of conviction, forward for attachment to the record of proceedings a brief of such matters the defense

counsel feels should be considered in behalf of the accused on review, including any objection to the contents of the record which he or she considers appropriate and assist the accused in the submission of any matter under RCW 38.38.536.

(4) An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when qualified to be a trial counsel as required by RCW 38.38.260, perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

(5) An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when qualified to be the defense counsel as required by RCW 38.38.260, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused. [1989 c 48 § 37; 1963 c 220 § 40.]

38.38.380 [Art. 39] Sessions. (1) At any time after the service of charges which have been referred for trial to a court-martial composed of a military judge and members, the military judge may, subject to RCW 38.38.328, call the court into session without the presence of the members for the purpose of:

(a) Hearing and determining motions raising defenses or objections which are capable of determination without trial of the issues raised by a plea of not guilty;

(b) Hearing and ruling upon any matter which may be ruled upon by the military judge under this chapter, whether or not the matter is appropriate for later consideration or decision by the members of the court;

(c) Holding the arraignment and receiving the pleas of the accused; and

(d) Performing any other procedural function which may be performed by the military judge under this chapter or under rules prescribed pursuant to RCW 38.38.368 and which does not require the presence of the members of the court.

These proceedings shall be conducted in the presence of the accused, the defense counsel, and the trial counsel and shall be made a part of the record.

(2) When the members of a court-martial deliberate or vote, only the members may be present. All other proceedings, including any other consultation of the members of the court with counsel or the military judge, shall be made a part of the record and shall be in the presence of the accused, the defense counsel, the trial counsel, and in cases in which a military judge has been detailed to the court, the military judge. [1989 c 48 § 38; 1963 c 220 § 41.]

38.38.384 [Art. 40] Continuances. The military judge or a court-martial without a military judge may, for reasonable cause, grant a continuance to any party for such time and as often as may appear to be just. [1989 c 48 § 39; 1963 c 220 § 42.]

38.38.388 [Art. 41] Challenges. (1) The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated

to the court. The military judge or, if none, the court shall determine the relevance and validity of challenges for cause and may not receive a challenge to more than one person at a time. Challenges by the trial counsel shall ordinarily be presented and decided before those by the accused are offered.

(2) Each accused and the trial counsel is entitled to one peremptory challenge, but the military judge may not be challenged except for cause. [1989 c 48 § 40; 1963 c 220 § 43.]

38.38.392 [Art. 42] Oaths. (1) Before performing their respective duties, military judges, members of general and special courts-martial, trial counsel, assistant trial counsel, defense counsel, assistant or associate defense counsel, reporters, and interpreters shall take an oath to perform their duties faithfully. The form of the oath, the time and place of the taking thereof, the manner of recording the same, and whether the oath shall be taken for all cases in which these duties are to be performed or for a particular case, shall be as prescribed in regulations of the governor. These regulations may provide that an oath to perform faithfully duties as a military judge, trial counsel, assistant trial counsel, defense counsel, or assistant or associate defense counsel may be taken at any time by a judge advocate or other person certified to be qualified or competent for the duty, and if such an oath is taken it need not again be taken at the time the judge advocate, or other person, is detailed to that duty.

(2) Each witness before a court-martial shall be examined on oath. [1989 c 48 § 41; 1963 c 220 § 44.]

38.38.396 [Art. 43] Statute of limitations. (1) A person charged with desertion or absence without leave in time of war, or with aiding the enemy or with mutiny may be tried and punished at any time without limitation.

(2) Except as otherwise provided in this section, a person charged with desertion in time of peace or with the offense punishable under RCW 38.38.784 is not liable to be tried by court-martial if the offense was committed more than three years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command.

(3) Except as otherwise provided in this section, a person charged with any offense is not liable to be tried by court-martial or punished under RCW 38.38.132 if the offense was committed more than two years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command or before the imposition of punishment under RCW 38.38.132.

(4) Periods in which the accused was absent from territory in which the state has the authority to apprehend the accused, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this section. [1989 c 48 § 42; 1963 c 220 § 45.]

38.38.400 [Art. 44] Former jeopardy. (1) No person may, without the person's consent, be tried a second time in any military court of the state for the same offense.

(2) No proceeding in which an accused has been found guilty by a court-martial upon any charge or specification is a trial in the sense of this section until the finding of guilty has

become final after review of the case has been fully completed.

(3) A proceeding which, after the introduction of evidence but before a finding, is dismissed or terminated by the convening authority or on motion of the prosecution for failure of available evidence or witnesses without any fault of the accused is a trial in the sense of this section. [1989 c 48 § 43; 1963 c 220 § 46.]

38.38.404 [Art. 45] Pleas of the accused. (1) If an accused arraigned before a court-martial makes an irregular pleading, or after a plea of guilty sets up matter inconsistent with the plea, or if it appears that the accused has entered the plea of guilty improvidently or through lack of understanding of its meaning and effect, or if the accused fails or refuses to plead, a plea of not guilty shall be entered in the record, and the court shall proceed as though the accused had pleaded not guilty.

(2) With respect to any other charge or specification to which a plea of guilty has been made by the accused and accepted by the military judge or by a court-martial without a military judge, a finding of guilty of the charge or specification may be entered immediately without vote. This finding shall constitute the finding of the court unless the plea of guilty is withdrawn prior to announcement of the sentence, in which event the proceedings shall continue as though the accused had pleaded not guilty. [1991 c 43 § 7; 1989 c 48 § 44; 1963 c 220 § 47.]

38.38.408 [Art. 46] Opportunity to obtain witnesses and other evidence. (1) The trial counsel, the defense counsel, and the court-martial shall have equal opportunity to obtain witnesses and other evidence in accordance with such regulations as the governor may prescribe.

(2) The president of a special court-martial, military judge, or a summary court officer may:

(a) Issue a warrant for the arrest of any accused person who, having been served with a warrant and a copy of the charges, disobeys a written order by the convening authority to appear before the court;

(b) Issue subpoenas duces tecum and other subpoenas;

(c) Enforce by attachment the attendance of witnesses and the production of books and papers; and

(d) Sentence for refusal to be sworn or to answer, as provided in actions before civil courts of the state.

(3) Process issued in court-martial cases to compel witnesses to appear and testify and to compel the production of other evidence shall run to any part of the state and shall be executed by civil officers as prescribed by the laws of the state. [1989 c 48 § 45; 1963 c 220 § 48.]

38.38.412 [Art. 47] Refusal to appear or testify—Penalty. (1) Any person not subject to this code who:

(a) Has been duly subpoenaed to appear as a witness or to produce books and records before a court-martial, military commission, court of inquiry, or any other military court or board, or before any military or civil officer designated to take a deposition to be read in evidence before such a court;

(b) Has been duly paid or tendered the fees and mileage of a witness at the rates allowed to witnesses attending the superior court of the state; and

(c) Wilfully neglects or refuses to appear, or refuses to qualify as a witness or to testify or to produce any evidence which that person may have been legally subpoenaed to produce; is guilty of an offense against the state.

(2) Any person who commits an offense named in subsection (1) of this section shall be tried before the superior court of this state having jurisdiction and jurisdiction is conferred upon those courts for that purpose. Upon conviction, such a person shall be punished by a fine of not more than five hundred dollars, or imprisonment for not more than six months, or both.

(3) The prosecuting attorney in any such court, upon the certification of the facts by the military court, commission, court of inquiry, or board, shall prosecute any person violating this section. [1989 c 48 § 46; 1963 c 220 § 49.]

38.38.416 Contempts. A military court may punish for contempt any person who uses any menacing word, sign, or gesture in its presence, or who disturbs its proceedings by any riot or disorder. The punishment may not exceed confinement for thirty days or a fine of one hundred dollars, or both. [1963 c 220 § 50.]

38.38.420 [Art. 49] Depositions. (1) At any time after charges have been signed, as provided in RCW 38.38.308, any party may take oral or written depositions unless a military judge or court-martial without a military judge hearing the case, or if the case is not being heard, an authority competent to convene a court-martial for the trial of those charges forbids it for good cause. If a deposition is to be taken before charges are referred for trial, such an authority may designate commissioned officers to represent the prosecution and the defense and may authorize those officers to take the deposition of any witness.

(2) The party at whose instance a deposition is to be taken shall give to every other party reasonable written notice of the time and place for taking the deposition.

(3) Depositions may be taken before and authenticated by any military or civil officer authorized by the laws of the state or by the laws of the place where the deposition is taken to administer oaths.

(4) A duly authenticated deposition taken upon reasonable notice to the other parties, so far as otherwise admissible under the rules of evidence, may be read in evidence or, in the case of audiotape, videotape, or similar material, may be played in evidence before any court-martial or in any proceeding before a court of inquiry, if it appears:

(a) That the witness resides or is beyond the state in which the court-martial or court of inquiry is ordered to sit, or beyond the distance of one hundred miles from the place of trial or hearing;

(b) That the witness by reason of death, age, sickness, bodily infirmity, imprisonment, military necessity, nonavailability to process, or other reasonable cause, is unable or refuses to appear and testify in person at the place of trial or hearing; or

(c) That the present whereabouts of the witness is unknown. [1989 c 48 § 47; 1963 c 220 § 51.]

38.38.424 [Art. 50] Admissibility of records of courts of inquiry. (1) In any case not extending to the dismissal of a commissioned officer, the sworn testimony, contained in the duly authenticated record of proceedings of a court of inquiry, of a person whose oral testimony cannot be obtained, may, if otherwise admissible under the rules of evidence, be read in evidence by any party before a court martial if the accused was a party before the court of inquiry and if the same issue was involved or if the accused consents to the introduction of such evidence.

(2) Such testimony may be read in evidence only by the defense in cases extending to the dismissal of a commissioned officer.

(3) Such testimony may also be read in evidence before a court of inquiry or a military board. [1963 c 220 § 52.]

38.38.428 [Art. 51] Voting, rulings, instructions. (1) Voting by members of a general or special court-martial on the findings and on the sentence, and by members of a court-martial without a military judge upon questions of challenge, shall be by secret written ballot. The junior member of the court shall count the votes. The count shall be checked by the president, who shall forthwith announce the result of the ballot to the members of the court.

(2) The military judge and, except for questions of challenge, the president of a court-martial without a military judge shall rule upon all questions of law and all interlocutory questions arising during the proceedings. Any such ruling made by the military judge upon any question of law or any interlocutory question other than the factual issue of mental responsibility of the accused, or by the president of a court-martial without a military judge upon any question of law other than a motion for a finding of not guilty, is final and constitutes the ruling of the court. However, the military judge or the president of a court-martial without a military judge may change a ruling at any time during the trial. Unless the ruling is final, if any member objects thereto, the court shall be cleared and closed and the question decided by a vote as provided in RCW 38.38.432, beginning with the junior in rank.

(3) Before a vote is taken on the findings, the military judge or the president of a court-martial without a military judge shall, in the presence of the accused and counsel, instruct the members of the court as to the elements of the offense and charge them:

(a) That the accused must be presumed to be innocent until guilt is established by legal and competent evidence beyond reasonable doubt;

(b) That in the case being considered, if there is reasonable doubt as to the guilt of the accused, the doubt must be resolved in favor of the accused and the accused must be acquitted;

(c) That, if there is a reasonable doubt as to the degree of guilt, the finding must be in a lower degree to which there is no reasonable doubt; and

(d) That the burden of proof to establish the guilt of the accused beyond reasonable doubt is upon the state.

(4) Subsections (1), (2), and (3) of this section do not apply to a court-martial composed of a military judge only. The military judge of such a court-martial shall determine all questions of law and fact arising during the proceedings and, if the accused is convicted, adjudge an appropriate sentence. The military judge of such a court-martial shall make a general finding and shall in addition on request find the facts specially. If an opinion or memorandum of decision is filed, it will be sufficient if the findings of fact appear therein. [1989 c 48 § 48; 1963 c 220 § 53.]

38.38.432 [Art. 52] Number of votes required. (1) No person may be convicted of an offense, except as provided in RCW 38.38.404(2) or by the concurrence of two-thirds of the members present at the time the vote is taken.

(2) All sentences shall be determined by the concurrence of two-thirds of the members present at the time that the vote is taken.

(3) All other questions to be decided by the members of a general or special court-martial shall be determined by a majority vote, but a determination to reconsider a finding of guilty, or to reconsider a sentence with a view towards decreasing it, may be made by any lesser vote which indicates that the reconsideration is not opposed by the number of votes required for that finding or sentence. A tie vote on a challenge disqualifies the member challenged. A tie vote on a motion for a finding of not guilty or on a motion relating to the question of the accused's sanity is a determination against the accused. A tie vote on any other question is a determination in favor of the accused. [1989 c 48 § 49; 1963 c 220 § 54.]

38.38.436 [Art. 53] Court to announce action. A court martial shall announce its findings and sentence to the parties as soon as determined. [1963 c 220 § 55.]

38.38.440 [Art. 54] Record of trial. (1) Each general court-martial shall keep a separate record of the proceedings in each case brought before it, and the record shall be authenticated by the signature of the military judge. If the record cannot be authenticated by the military judge by reason of death, disability, or absence, it shall be authenticated by the signature of the trial counsel or by that of a member if the trial counsel is unable to authenticate it by reason of death, disability, or absence. In a court-martial consisting of only a military judge, the record shall be authenticated by the court reporter under the same conditions which would impose such a duty on a member under this subsection.

(2) Each special and summary court-martial shall keep a separate record of the proceedings in each case, and the record shall be authenticated in the manner required by such regulations as the governor may prescribe.

(3)(a) A complete record of the proceedings and testimony shall be prepared:

(i) In each general court-martial case in which the sentence adjudged includes a dismissal, a discharge, or, if the sentence adjudged does not include a discharge, any other punishment which exceeds that which may otherwise be adjudged by a special court-martial; and

(ii) In each special court-martial case in which the sentence adjudged includes a dishonorable discharge.

(b) In all other court-martial cases, the record shall contain such matters as may be prescribed by regulations of the governor.

(4) A copy of the record of the proceedings of each general and special court-martial shall be given to the accused as soon as it is authenticated. [1989 c 48 § 50; 1963 c 220 § 56.]

PART VIII—SENTENCES

38.38.480 [Art. 55] Cruel and unusual punishments prohibited. Punishment by flogging, or by branding, marking or tattooing on the body, or any other cruel or unusual punishment, may not be adjudged by any court martial or inflicted upon any person subject to this code. The use of irons, single or double, except for the purpose of safe custody, is prohibited. [1963 c 220 § 57.]

38.38.484 [Art. 56] Maximum limits—Reduction in pay grade. (1) The punishment which a court-martial may direct for an offense may not exceed limits prescribed by this code.

(2) Unless otherwise provided in regulations to be prescribed by the governor, a court-martial sentence of an enlisted member in a pay grade above E-1, as approved by the convening authority, that includes a dishonorable discharge reduces that member to pay grade E-1, effective on the date of that approval.

(3) If the sentence of a member who is reduced in pay grade under subsection (2) of this section is set aside or disapproved, or, as finally approved, does not include any punishment named in subsection (2) of this section, the rights and privileges of which the member was deprived because of that reduction shall be restored and the member is entitled to the pay and allowances to which the member would have been entitled for the period the reduction was in effect, had he or she not been so reduced. [1989 c 48 § 51; 1963 c 220 § 58.]

38.38.488 [Art. 57] Effective date of sentences. (1) No forfeiture may extend to any pay or allowances accrued before the date on which the sentence is approved by the person acting under RCW 38.38.536.

(2) Any period of confinement included in a sentence of a court-martial begins to run from the date the sentence is ordered to be executed by the convening authority, but periods during which the sentence to confinement is suspended or deferred shall be excluded in computing the service of the term of confinement. Regulations prescribed by the governor may provide that sentences of confinement may not be executed until approved by designated officers.

(3) All other sentences of courts-martial are effective on the date ordered executed.

(4) On application by an accused who is under sentence to confinement that has not been ordered executed, the convening authority or, if the accused is no longer under his or her jurisdiction, the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned, may, in his or her sole discretion, defer service of the sentence to confinement. The deferment shall ter-

minate when the sentence is ordered executed. The deferment may be rescinded at any time by the officer who granted it or, if the accused is no longer under his or her jurisdiction, by the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned. [1989 c 48 § 52; 1963 c 220 § 59.]

38.38.492 [Art. 58] Execution of confinement. (1) A sentence of confinement adjudged by a military court, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be carried into execution by confinement in any place of confinement under the control of any of the forces of the organized militia or in any jail, penitentiary, or prison designated for that purpose. Persons so confined in a jail, penitentiary, or prison are subject to the same discipline and treatment as persons confined or committed to the jail, penitentiary, or prison by the courts of the state or of any political subdivision thereof.

(2) The omission of the words "hard labor" from any sentence or punishment of a court-martial adjudging confinement does not deprive the authority executing that sentence or punishment of the power to require hard labor as a part of the punishment.

(3) The keepers, officers, and wardens of city or county jails and of other jails, penitentiaries, or prisons designated by the governor, or by such person as the governor may authorize to act under RCW 38.38.080, shall receive persons ordered into confinement before trial and persons committed to confinement by a military court and shall confine them according to law. No such keeper, officer, or warden may require payment of any fee or charge for so receiving or confining a person. [1989 c 48 § 53; 1963 c 220 § 60.]

PART IX—REVIEW OF COURTS-MARTIAL

38.38.532 Execution of sentence—Suspension of sentence. Except as provided in RCW 38.38.196 and 38.38.556, a court-martial sentence, unless suspended, may be ordered executed by the convening authority when approved by him or her. The convening authority shall approve the sentence or such part, amount, or commuted form of the sentence as he or she sees fit, and may suspend the execution of the sentence as approved by him or her. [1989 c 48 § 54; 1963 c 220 § 61.]

38.38.536 Initial action on the record. After a trial by court martial the record shall be forwarded to the convening authority, as reviewing authority, and action thereon may be taken by the person who convened the court, a commissioned officer commanding for the time being, a successor in command, or by the governor. [1963 c 220 § 62.]

38.38.540 [Art. 60] Initial action on the record—General court-martial records. The convening authority shall refer the record of each general court-martial to the staff judge advocate, who shall submit a written opinion thereon to the convening authority. If the final action of the court has resulted in an acquittal of all charges and specifications, the opinion shall be limited to questions of jurisdiction. [1989 c 48 § 55; 1963 c 220 § 63.]

38.38.544 [Art. 61] Reconsideration and revision. (1) If a specification before a court martial has been dismissed on motion and the ruling does not amount to a finding of not guilty, the convening authority may return the record to the court for reconsideration of the ruling and any further appropriate action.

(2) Where there is an apparent error or omission in the record or where the record shows improper or inconsistent action by a court martial with respect to a finding or sentence which can be rectified without material prejudice to the substantial rights of the accused, the convening authority may return the record to the court for appropriate action. In no case, however, may the record be returned:

(a) For reconsideration of a finding of not guilty, or a ruling which amounts to a finding of not guilty;

(b) For reconsideration of a finding of not guilty of any charge, unless the record shows a finding of guilty under a specification laid under that charge, which sufficiently alleges a violation of some section of this code; or

(c) For increasing the severity of the sentence unless the sentence prescribed for the offense is mandatory. [1963 c 220 § 64.]

38.38.548 [Art. 62] Rehearings. (1) If the convening authority disapproves the findings and sentence of a court martial he may, except where there is lack of sufficient evidence in the record to support the findings, order a rehearing. In such a case he shall state the reasons for disapproval. If he disapproves the findings and sentence and does not order a rehearing, he shall dismiss the charges.

(2) Each rehearing shall take place before a court martial composed of members not members of the court martial which first heard the case. Upon a rehearing the accused may not be tried for any offense of which he was found not guilty by the first court martial, and no sentence in excess of or more severe than the original sentence may be imposed, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory. [1963 c 220 § 65.]

38.38.552 [Art. 63] Approval by the convening authority. In acting on the findings and sentence of a court martial, the convening authority may approve only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in law and fact and as he in his discretion determines should be approved. Unless he indicates otherwise, approval of the sentence is approval of the findings and sentence. [1963 c 220 § 66.]

38.38.556 [Art. 64] Review of records—Disposition. (1) If the convening authority is the governor, the governor's action on the review of any record of trial is final.

(2) In all other cases not covered by subsection (1), if the sentence of a special court-martial as approved by the convening authority includes a dishonorable discharge, whether or not suspended, the entire record shall be sent to the appropriate staff judge advocate of the state force concerned to be reviewed in the same manner as a record of trial by general court-martial. The record and the opinion of the staff judge

advocate shall then be sent to the state judge advocate for review.

(3) All other special and summary court-martial records shall be sent to the judge advocate of the appropriate force of the organized militia and shall be acted upon, transmitted, and disposed of as may be prescribed by regulations of the governor.

(4) The state judge advocate shall review the record of trial in each case sent for review as provided under subsection (2) of this section. If the final action of the court-martial has resulted in an acquittal of all charges and specifications, the opinion of the state judge advocate is limited to questions of jurisdiction.

(5) The state judge advocate shall take final action in any case reviewable by the state judge advocate.

(6) In a case reviewable by the state judge advocate under this section, the state judge advocate may act only with respect to the findings and sentence as approved by the convening authority. The state judge advocate may affirm only such findings of guilty, and the sentence or such part or amount of the sentence, as the state judge advocate finds correct in law and fact and determines, on the basis of the entire record, should be approved. In considering the record, the state judge advocate may weigh the evidence, judge the credibility of witnesses, and determine controverted questions of fact, recognizing that the trial court saw and heard the witnesses. If the state judge advocate sets aside the findings and sentence, the state judge advocate may, except where the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If the state judge advocate sets aside the findings and sentence and does not order a rehearing, he shall order that the charges be dismissed.

(7) In a case reviewable by the state judge advocate under this section, the state judge advocate shall instruct the convening authority to act in accordance with the state judge advocate's decision on the review. If the state judge advocate has ordered a rehearing but the convening authority finds a rehearing impracticable, the state judge advocate may dismiss the charges.

(8) The state judge advocate may order one or more boards of review each composed of not less than three commissioned officers of the organized militia, each of whom must be a member of the bar of the highest court of the state. Each board of review shall review the record of any trial by special court-martial, including a sentence to a dishonorable discharge, referred to it by the state judge advocate. Boards of review have the same authority on review as the state judge advocate has under this section. [1989 c 48 § 56; 1963 c 220 § 67.]

38.38.560 [Art. 65] Error of law—Lesser included offense. (1) A finding or sentence of a court martial may not be held incorrect on the ground of an error of law unless the error materially prejudices the substantial rights of the accused.

(2) Any reviewing authority with the power to approve or affirm a finding of guilty may approve or affirm so much of the finding as includes a lesser included offense. [1963 c 220 § 68.]

38.38.564 [Art. 66] Review counsel. (1) Upon the final review of a sentence of a general court-martial, the accused has the right to be represented by counsel before the reviewing authority, before the staff judge advocate, and before the state judge advocate.

(2) Upon the request of an accused entitled to be so represented, the state judge advocate shall appoint a lawyer who is a member of the organized militia and who has the qualifications prescribed in RCW 38.38.260, if available, to represent the accused before the reviewing authority, before the staff judge advocate, and before the state judge advocate, in the review of cases specified in subsection (1) of this section.

(3) If provided by the accused, an accused entitled to be so represented may be represented by civilian counsel before the reviewing authority, before the staff judge advocate, and before the state judge advocate. [1991 c 43 § 8; 1989 c 48 § 57; 1963 c 220 § 69.]

38.38.568 [Art. 67] Vacation of suspension. (1) Before the vacation of the suspension of a special court-martial sentence, or of any general court-martial sentence, the officer having special court-martial jurisdiction over the probationer shall hold a hearing on the alleged violation of probation. The probationer shall be represented at the hearing by counsel if the probationer so desires.

(2) The record of the hearing and the recommendation of the officer having special court-martial jurisdiction shall be sent for action to the governor in cases involving a general court-martial sentence and to the commanding officer of the force of the organized militia of which the probationer is a member in all other cases covered by subsection (1) of this section. If the governor or commanding officer vacates the suspension, any unexecuted part of the sentence except a dismissal shall be executed.

(3) The suspension of any other sentence may be vacated by any authority competent to convene, for the command in which the accused is serving or assigned, a court of the kind that imposed the sentence. [1989 c 48 § 58; 1963 c 220 § 70.]

38.38.572 [Art. 68] Petition for a new trial. At any time within two years after approval by the convening authority of a court-martial sentence which extends to dismissal or dishonorable discharge, the accused may petition the governor for a new trial on ground of newly discovered evidence or fraud on the court-martial. [1989 c 48 § 59; 1963 c 220 § 71.]

38.38.576 [Art. 69] Remission and suspension. (1) A convening authority may remit or suspend any part or amount of the unexecuted part of any sentence, including all uncollected forfeitures.

(2) The governor may, for good cause, substitute an administrative form of discharge for a discharge or dismissal executed in accordance with the sentence of a court martial. [1963 c 220 § 72.]

38.38.580 [Art. 70] Restoration. (1) Under such regulations as the governor may prescribe, all rights, privileges, and property affected by an executed part of a court-martial sentence which has been set aside or disapproved, except an

executed dismissal or discharge, shall be restored unless a new trial or rehearing is ordered and such executed part is included in a sentence imposed upon a new trial or rehearing.

(2) If a previously executed sentence of dishonorable discharge is not imposed on a new trial, the governor shall substitute therefor a form of discharge authorized for administrative issuance unless the accused is to serve out the remainder of his enlistment.

(3) If a previously executed sentence of dismissal is not imposed on a new trial, the governor shall substitute therefor a form of discharge authorized for administrative issue, and the commissioned officer dismissed by that sentence may be reappointed by the governor alone to such commissioned grade and with such rank as in the opinion of the governor that former officer would have attained had he not been dismissed. The reappointment of such a former officer may be made if a position vacancy is available under applicable tables of organization. All time between the dismissal and reappointment shall be considered as service for all purposes. [1989 c 48 § 60; 1963 c 220 § 73.]

38.38.584 [Art. 71] Finality of proceedings, findings and sentences. The proceedings, findings and sentences of courts martial as reviewed and approved, as required by this code, and all dismissals and discharges carried into execution under sentences by courts martial following review and approval, as required by this code, are final and conclusive. Orders publishing the proceedings of courts martial and all action taken pursuant to those proceedings are binding upon all departments, courts, agencies, and officers of the state, subject only to action upon a petition for a new trial as provided in RCW 38.38.572. Sec. 2671 et seq. [1987 c 26 § 2.]

Legislative declaration—1987 c 26: "The legislature recognizes that Congress has established comprehensive administrative programs to compensate members of the military forces for injuries they may incur while performing training for national defense." [1987 c 26 § 1.]

Severability—1987 c 26: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1987 c 26 § 3.]

38.42.902	Severability—2005 c 254.
38.42.903	Effective date—2005 c 254.

38.42.010 Definitions. The definitions in this section apply throughout this chapter.

(1) "Business loan" means a loan or extension of credit granted to a business entity that: (a) Is owned and operated by a service member, in which the service member is either (i) a sole proprietor, or (ii) the owner of at least fifty percent of the entity; and (b) experiences a material reduction in revenue due to the service member's military service.

(2) "Dependent" means:

(a) The service member's spouse;

(b) The service member's minor child; or

(c) An individual for whom the service member provided more than one-half of the individual's support for one hundred eighty days immediately preceding an application for relief under this chapter.

(3) "Financial institution" means an institution as defined in RCW 30.22.041.

(4) "Judgment" does not include temporary orders as issued by a judicial court or administrative tribunal in domestic relations cases under Title 26 RCW, including but not limited to establishment of a temporary child support obligation, creation of a temporary parenting plan, or entry of a temporary protective or restraining order.

(5) "Military service" means a service member under a call to active service authorized by the president of the United States or the secretary of defense for a period of more than thirty consecutive days.

(6) "National guard" has the meaning in RCW 38.04.010.

(7) "Service member" means any resident of Washington state that is a member of the national guard or member of a military reserve component. [2006 c 253 § 1; 2005 c 254 § 1.]

38.42.020 Applicability of chapter. (1) Any service member who is ordered to report for military service and his or her dependents are entitled to the rights and protections of this chapter during the period beginning on the date on which the service member receives the order and ending one hundred eighty days after termination of or release from military service.

(2) This chapter applies to any judicial or administrative proceeding commenced in any court or agency in Washington state in which a service member or his or her dependent is a defendant. This chapter does not apply to criminal proceedings.

(3) This chapter shall be construed liberally so as to provide fairness and do substantial justice to service members and their dependents. [2005 c 254 § 2.]

38.42.030 Protection of persons secondarily liable.

(1) Whenever pursuant to this chapter a court stays, postpones, or suspends (a) the enforcement of an obligation or liability, (b) the prosecution of a suit or proceeding, (c) the

entry or enforcement of an order, writ, judgment, or decree, or (d) the performance of any other act, the court may likewise grant such a stay, postponement, or suspension to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily subject to the obligation or liability the performance or enforcement of which is stayed, postponed, or suspended.

(2) When a judgment or decree is vacated or set aside, in whole or in part, pursuant to this chapter, the court may also set aside or vacate, as the case may be, the judgment or decree as to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily liable on the contract or liability for the enforcement of the judgment decree. [2005 c 254 § 3.]

38.42.040 Waiver of rights pursuant to written agreement. (1) A service member may waive any of the rights and protections provided by this chapter. In the case of a waiver that permits an action described in subsection (2) of this section, the waiver is effective only if made pursuant to a written agreement of the parties that is executed during or after the service member's period of military service. The written agreement shall specify the legal instrument to which the waiver applies and, if the service member is not party to that instrument, the service member concerned.

(2) The requirement in subsection (1) of this section for a written waiver applies to the following: (a) The modification, termination, or cancellation of a contract, lease, or bailment; or an obligation secured by a mortgage, trust, deed, lien, or other security in the nature of a mortgage; and (b) the repossession, retention, foreclosure, sale, forfeiture, or taking possession of property that is security for any obligation or was purchased or received under a contract, lease, or bailment. [2005 c 254 § 4.]

38.42.050 Protection of service members and their dependents against default judgments. (1) This section applies to any civil action or proceeding in which a service member or his or her dependent is a defendant and does not make an appearance under applicable court rules or by law.

(2) In any action or proceeding covered by this section, the court, before entering judgment for the plaintiff, shall require the plaintiff to file with the court an affidavit:

(a) Stating whether the defendant is in military service, or is a dependent of a service member in military service, and showing necessary facts to support the affidavit; or

(b) If the plaintiff is unable to determine whether the defendant is in military service or is a dependent of a service member in military service, stating that the plaintiff is unable to determine whether the defendant is in military service or is a dependent of a service member in military service.

(3)(a) To determine whether or not a defendant is a dependent of a person in the military service under this chapter, the plaintiff may serve on or mail via first-class mail to the defendant a written notice in substantially the following form:

"NOTICE: State and federal law provide protections to defendants who are on active duty in the military service, and to their dependents. Dependents of a service member are the service member's spouse, the service member's minor child,

(2008 Ed.)

or an individual for whom the service member provided more than one-half of the individual's support for one hundred eighty days immediately preceding an application for relief.

One protection provided is the protection against the entry of a default judgment in certain circumstances. This notice only pertains to a defendant who is a dependent of a member of the national guard or a military reserve component under a call to active service for a period of more than thirty consecutive days. Other defendants in military service also have protections against default judgments not covered by this notice. If you are the dependent of a member of the national guard or a military reserve component under a call to active service for a period of more than thirty consecutive days, you should notify the plaintiff or the plaintiff's attorneys in writing of your status as such within twenty days of the receipt of this notice. If you fail to do so, then a court or an administrative tribunal may presume that you are not a dependent of an active duty member of the national guard or reserves, and proceed with the entry of an order of default and/or a default judgment without further proof of your status. Your response to the plaintiff or plaintiff's attorneys about your status does not constitute an appearance for jurisdictional purposes in any pending litigation nor a waiver of your rights."

(b) If the notice is either served on the defendant twenty or more days prior to an application for an order of default or a default judgment, or mailed to the defendant more than twenty-three days prior to such application, and the defendant fails to timely respond, then for purposes of entry of an order of default or default judgment, the court or administrative tribunal may presume that the defendant is not a dependent of a person in the military service under this chapter.

(c) Nothing prohibits the plaintiff from allowing a defendant more than twenty days to respond to the notice, or from amending the notice to so provide.

(4) If in an action covered by this section it appears that the defendant is in military service or is a dependent of a service member in military service, the court may not enter a judgment until after the court appoints an attorney to represent the defendant. If an attorney appointed under this section to represent a service member or his or her dependent cannot locate the service member or dependent, actions by the attorney in the case do not waive any defense of the service member or dependent or otherwise bind the service member or dependent.

(5) In an action covered by this section in which the defendant is in military service or is a dependent of a service member in military service, the court shall grant a stay of proceedings until one hundred eighty days after termination of or release from military service, upon application of defense counsel, or on the court's own motion, if the court determines that:

(a) There may be a defense to the action and a defense cannot be presented without presence of the defendant; or

(b) After due diligence, counsel has been unable to contact the defendant or otherwise determine if a meritorious defense exists. The defendant's failure to communicate or cooperate with counsel after having been contacted is not grounds to find that counsel has been unable to contact the

defendant or that counsel has been unable to determine if a meritorious defense exists.

(6) No bar to entry of judgment under subsection (4) of this section or requirement for grant of stay under subsection (5) of this section precludes the entry of temporary orders in domestic relations cases. If a court or administrative tribunal enters a temporary order as allowed under this subsection, it shall include a finding that failure to act, despite the absence of the service member, would result in manifest injustice to the other interested parties. Temporary orders issued without the service member's participation shall not set any precedent for the final disposition of the matters addressed therein.

(7) If a service member or dependent who is a defendant in an action covered by this section receives actual notice of the action, the service member or dependent may request a stay of proceedings pursuant to RCW 38.42.060.

(8) A person who makes or uses an affidavit permitted under this section knowing it to be false, is guilty of a class C felony.

(9) If a default judgment is entered in an action covered by this section against a service member or his or her dependent during the service member's period of military service or within one hundred eighty days after termination of or release from military service, the court entering the judgment shall, upon application by or on behalf of the service member or his or her dependent, reopen the judgment for the purpose of allowing the service member or his or her dependent to defend the action if it appears that:

(a) The service member or dependent was materially affected by reason of that military service in making a defense to the action; and

(b) The service member or dependent has a meritorious or legal defense to the action or some part of it.

(10) If a court vacates, sets aside, or reverses a default judgment against a service member or his or her dependent and the vacating, setting aside, or reversing is because of a provision of this chapter, that action does not impair a right or title acquired by a bona fide purchaser for value. [2006 c 80 § 1; 2005 c 254 § 5.]

38.42.060 Stay of proceedings when service member has notice. (1) This section applies to any civil action or proceeding in which a defendant at the time of filing an application under this section:

(a)(i) Is in military service, or it is within one hundred eighty days after termination of or release from military service; or

(ii) Is a dependent of a service member in military service; and

(b) Has received actual notice of the action or proceeding.

(2) At any stage before final judgment in a civil action or proceeding in which a service member or his or her dependent described in subsection (1) of this section is a party, the court may on its own motion and shall, upon application by the service member or his or her dependent, stay the action until one hundred eighty days after termination of or release from military service, if the conditions in subsection (3) of this section are met.

(3) An application for a stay under subsection (2) of this section shall include the following:

(a) A letter or other communication setting forth facts stating the manner in which current military duty requirements materially affect the service member's or dependent's ability to appear and stating a date when the service member or dependent will be available to appear; and

(b) A letter or other communication from the service member's commanding officer stating that the service member's current military duty prevents either the service member's or dependent's appearance and that military leave is not authorized for the service member at the time of the letter.

(4) An application for a stay under this section does not constitute an appearance for jurisdictional purposes and does not constitute a waiver of any substantive or procedural defense, including a defense relating to lack of personal jurisdiction.

(5) A service member or dependent who is granted a stay of a civil action or proceeding under subsection (2) of this section may apply for an additional stay based on the continuing material affect of military duty on the service member's or dependent's ability to appear. Such application may be made by the service member or his or her dependent at the time of the initial application under subsection (2) of this section or when it appears that the service member or his or her dependent is unable to prosecute or defend the action. The same information required under subsection (3) of this subsection shall be included in an application under this subsection.

(6) If the court refuses to grant an additional stay of proceedings under subsection (2) of this section, the court shall appoint counsel to represent the service member or his or her dependent in the action or proceeding.

(7) A service member or dependent who applies for a stay under this section and is unsuccessful may not seek the protections afforded by RCW 38.42.050. [2005 c 254 § 6.]

38.42.070 Fines and penalties under contracts. (1) If an action for compliance with the terms of a contract is stayed pursuant to this chapter, a penalty shall not accrue for failure to comply with the terms of the contract during the period of the stay.

(2) If a service member or his or her dependent fails to perform an obligation arising under a contract and a penalty is incurred arising from that nonperformance, a court may reduce or waive the fine or penalty if:

(a)(i) The service member was in military service at the time the fine or penalty was incurred; or

(ii) The action is against a dependent of the service member and the service member was in military service at the time the fine or penalty was incurred; and

(b) The ability of the service member or dependent to perform the obligation was materially affected by the military service. [2005 c 254 § 7.]

38.42.080 Codefendants. If the service member or his or her dependent is a codefendant with others who are not in military service and who are not entitled to the relief and protections provided under this chapter, the plaintiff may proceed against those other defendants with the approval of the court. [2005 c 254 § 8.]

38.42.090 Computation of statutes of limitation. (1)

The period of a service member's military service may not be included in computing any period limited by law, rule, or order, for the bringing of any action or proceeding in a court, or in any board bureau, commission, department, or other agency of a state, or political subdivision of a state, or the United States by or against the service member or the service member's dependents, heirs, executors, administrators, or assigns.

(2) A period of military service may not be included in computing any period provided by law for the redemption of real property sold or forfeited to enforce an obligation, tax, or assessment.

(3) This section does not apply to any period of limitation prescribed by or under the internal revenue laws of the United States. [2005 c 254 § 9.]

38.42.100 Inappropriate use of chapter. If a court determines, in any proceeding to enforce a civil right, that any interest, property, or contract has been transferred or acquired with the intent to delay the just enforcement of such right by taking advantage of this chapter, the court shall enter such judgment or make such order as might lawfully be entered or made concerning such transfer or acquisition. [2005 c 254 § 10.]

38.42.110 Restructure of business loan interest rate.

(1) Upon the request of a service member with a qualifying business loan, the financial institution must restructure the interest rate of the loan to the equivalent provisions in the federal servicemembers civil relief act (50 U.S.C. App. 501 et seq.). The service member must notify the institution at least five days prior to the beginning of military service and submit official documentation that substantiates their eligibility for the protections of this chapter.

(2) This section applies only to loans with an outstanding balance of less than one hundred thousand dollars at the time the service member is called to military service.

(3) This section applies only to business loans executed on or after January 1, 2007. [2006 c 253 § 2.]

38.42.900 Short title. This chapter may be known and cited as the Washington service members' civil relief act. [2005 c 254 § 11.]

38.42.901 Captions not law—2005 c 254. Captions used in this act are not part of the law. [2005 c 254 § 12.]

38.42.902 Severability—2005 c 254. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2005 c 254 § 14.]

38.42.903 Effective date—2005 c 254. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 3, 2005]. [2005 c 254 § 15.]

When complete the rolls shall be verified under oath by the enrolling officer, who shall immediately thereupon file one copy with the adjutant general of the state and another with the county auditor, retaining the third copy for himself or herself. The enrolling officer shall also mark "Exempt" opposite the names of all federal, state and county officers. All other persons claiming exemption must

within fifteen days after service upon them of the notice of enrollment make a written verified claim in duplicate of such exemption and file the same in the office of the county auditor, who shall within five days thereafter forward one copy thereof with remarks and recommendations to the adjutant general. Upon the expiration of the time within which any claim of exemption may be filed and received by the adjutant general, the latter shall notify the county auditor of the decision in each case where exemption has been claimed, and the county auditor shall write upon the roll opposite the name of each person whose claim of exemption has been allowed by the adjutant general, the word "Exempt." All those on the roll not marked "Exempt" shall be subject to military duty. [1991 c 43 § 11; 1989 c 19 § 57; 1909 c 134 § 6; 1895 c 108 § 6, part; RRS § 8458.]

38.52.340 Benefits under other compensation plans. Nothing in this chapter shall deprive any emergency worker or his or her dependents of any right to compensation for injury or death sustained in the course of his or her regular employment even though his or her regular work is under direction of emergency management authorities: PROVIDED, That such worker, if he or she is eligible for some other compensation plan, and receives the benefits of such plan shall not also receive any compensation under this chapter. The department shall adopt such rules and regulations as may be necessary to protect the rights of such workers and may enter into agreements with authorities in charge of other compensation plans to insure protection of such workers: PROVIDED, That if the compensation from some other plan is less than would have been available under this chapter, he or she shall be entitled to receive the deficiency between the amount received under such other plan and the amount available under this chapter. [1986 c 266 § 39; 1984 c 38 § 35; 1974 ex.s. c 171 § 36; 1953 c 223 § 18.]

Severability—1986 c 266: See note following RCW 38.52.005.

38.52.350 Benefits furnished under federal law—Reduction of state benefits. Should the United States or any agent thereof, in accordance with any federal statute or rule or regulation, furnish monetary assistance, benefits, or other temporary or permanent relief to emergency workers or to their dependents for injuries arising out of and occurring in the course of their activities as emergency workers, then the amount of compensation which any emergency worker or his dependents are otherwise entitled to receive from the state of Washington as provided herein, shall be reduced by the amount of monetary assistance, benefits, or other temporary or permanent relief the emergency worker or his dependents have received and will receive from the United States or any agent thereof as a result of his injury. [1984 c 38 § 36; 1974 ex.s. c 171 § 37; 1953 c 223 § 19.]

38.52.360 Medical, surgical or hospital treatment. If, in addition to monetary assistance, benefits or other temporary or permanent relief, the United States or any agent thereof furnishes medical, surgical or hospital treatment or any combination thereof to an injured emergency worker,

then the emergency worker has no right to receive similar medical, surgical or hospital treatment as provided in this chapter. However, the department may furnish medical, surgical or hospital treatment as part of the compensation provided under the provisions of this chapter. [1986 c 266 § 40; 1984 c 38 § 37; 1974 ex.s. c 171 § 38; 1953 c 223 § 20.]

Severability—1986 c 266: See note following RCW 38.52.005.

38.52.370 Medical, surgical or hospital treatment—Reimbursement. If, in addition to monetary assistance, benefits, or other temporary or permanent relief, the United States or any agent thereof, will reimburse an emergency worker or his or her dependents for medical, surgical or hospital treatment, or any combination thereof, furnished to the injured emergency worker, the emergency worker has no right to receive similar medical, surgical or hospital treatment as provided in this chapter, but the department, may furnish a medical, surgical or hospital treatment as part of the compensation provided under the provisions of this chapter and apply to the United States or its agent for the reimbursement which will be made to the emergency worker or his or her dependents. As a condition to the furnishing of such medical, surgical or hospital treatment, the department shall require the emergency worker and his dependents to assign to the state of Washington, for the purpose of reimbursing for any medical, surgical or hospital treatment furnished or to be furnished by the state, any claim or right such emergency worker or his or her dependents may have to reimbursement from the United States or any agent thereof. [1986 c 266 § 41; 1984 c 38 § 38; 1974 ex.s. c 171 § 39; 1953 c 223 § 21.]

Severability—1986 c 266: See note following RCW 38.52.005.

38.52.380 State compensation denied if payment prevents federal benefits. If the furnishing of compensation under the provisions of this chapter to an emergency worker or his dependents prevents such emergency worker or his dependents from receiving assistance, benefits or other temporary or permanent relief under the provisions of a federal statute or rule or regulation, then the emergency worker and his dependents shall have no right to, and shall not receive, any compensation from the state of Washington under the provisions of this chapter for any injury for which the United States or any agent thereof will furnish assistance, benefits or other temporary or permanent relief in the absence of the furnishing of compensation by the state of Washington. [1984 c 38 § 39; 1974 ex.s. c 171 § 40; 1953 c 223 § 22.]

38.52.390 Contracts or work on cost basis for emergency management activities. The governor, or upon his or her direction, the director, or any political subdivision of the state, is authorized to contract with any person, firm, corporation, or entity to provide construction or work on a cost basis to be used in emergency management functions or activities as defined in RCW 38.52.010(1) or as hereafter amended, said functions or activities to expressly include natural disasters, as well as all other emergencies of a type contemplated by RCW 38.52.110, 38.52.180, 38.52.195, 38.52.205, 38.52.207, 38.52.220 and 38.52.390. All funds received for purposes of RCW 38.52.110, 38.52.180, 38.52.195, 38.52.205, 38.52.207, 38.52.220 and 38.52.390, whether

appropriated funds, local funds, or from whatever source, may be used to pay for the construction, equipment, or work contracted for under this section. [1986 c 266 § 42; 1984 c 38 § 40; 1971 ex.s. c 8 § 6.]

Severability—1986 c 266: See note following RCW 38.52.005.

38.52.400 Search and rescue activities—Powers and duties of local officials. (1) The chief law enforcement officer of each political subdivision shall be responsible for local search and rescue activities. Operation of search and rescue activities shall be in accordance with state and local operations plans adopted by the elected governing body of each local political subdivision. These state and local plans must specify the use of the incident command system for multiagency/multijurisdiction search and rescue operations. The local emergency management director shall notify the department of all search and rescue missions. The local director of emergency management shall work in a coordinating capacity directly supporting all search and rescue activities in that political subdivision and in registering emergency search and rescue workers for employee status. The chief law enforcement officer of each political subdivision may restrict access to a specific search and rescue area to personnel authorized by him. Access shall be restricted only for the period of time necessary to accomplish the search and rescue mission. No unauthorized person shall interfere with a search and rescue mission.

(2) When search and rescue activities result in the discovery of a deceased person or search and rescue workers assist in the recovery of human remains, the chief law enforcement officer of the political subdivision shall insure compliance with chapter 68.50 RCW. [1997 c 49 § 5; 1986 c 266 § 43; 1984 c 38 § 41; 1979 ex.s. c 268 § 4.]

Severability—1986 c 266: See note following RCW 38.52.005.

38.52.410 Search and rescue activities—Distribution of funds for compensation and reimbursement of volunteers. Funds received by the department specifically for the purposes of compensating search and rescue volunteers shall be distributed by the director to help fund medical and compensation coverage provided by this chapter and provide reimbursement by the state for: (1) Costs involved in extraordinary search and rescue operations such as search and rescue operations lasting over twenty-four hours where food and lodging for workers is necessary; (2) excessive transportation and rescue costs incurred by out-of-county residents which would not be otherwise collectible; and (3) compensation as provided in RCW 38.52.020(1)(d) as now or hereafter amended. [1986 c 266 § 44; 1984 c 38 § 42; 1979 ex.s. c 268 § 5.]

Severability—1986 c 266: See note following RCW 38.52.005.

38.52.420 Model contingency plan for pollution control facilities and hazardous waste management. (1) The department, in consultation with appropriate federal agencies, the departments of natural resources, fish and wildlife, and ecology, representatives of local government, and any other person the director may deem appropriate, shall assist in the development of a model contingency plan, consistent with other plans required for hazardous materials by federal

and state law, to serve as a draft plan for local governments which may be incorporated into the state and local emergency management plans.

(2) The model contingency plan shall:

(a) Include specific recommendations for pollution control facilities which are deemed to be most appropriate for the control, collection, storage, treatment, disposal, and recycling of oil and other spilled material and furthering the prevention and mitigation of such pollution;

(b) Include recommendations for the training of local personnel consistent with other training proposed, funded, or required by federal or state laws for hazardous materials;

(c) Suggest cooperative training exercises between the public and private sector consistent with other training proposed, funded, or required by federal or state laws for hazardous materials;

(e) Promote formal agreements between the department and local entities for effective spill response; and

(f) Develop policies and procedures for the augmentation of emergency services and agency spill response personnel through the use of volunteers: PROVIDED, That no contingency plan may require the use of volunteers by a responding responsible party without that party's consent. [1997 c 49 § 6; 1995 c 391 § 4; 1994 c 264 § 11; 1988 c 36 § 11; 1987 c 479 § 3.]

Effective date—1995 c 391: See note following RCW 38.52.005.

38.52.430 Emergency response caused by person's intoxication—Recovery of costs from convicted person.

A person whose intoxication causes an incident resulting in an appropriate emergency response, and who, in connection with the incident, has been found guilty of or has had their prosecution deferred for (1) driving while under the influence of intoxicating liquor or any drug, RCW 46.61.502; (2) operating an aircraft under the influence of intoxicants or drugs, RCW 47.68.220; (3) use of a vessel while under the influence of alcohol or drugs, *RCW 88.12.100; (4) vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a); or (5) vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b), is liable for the expense of an emergency response by a public agency to the incident.

The expense of an emergency response is a charge against the person liable for expenses under this section. The charge constitutes a debt of that person and is collectible by the public agency incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied.

In no event shall a person's liability under this section for the expense of an emergency response exceed one thousand dollars for a particular incident.

If more than one public agency makes a claim for payment from an individual for an emergency response to a single incident under the provisions of this section, and the sum

(2008 Ed.)

of the claims exceeds the amount recovered, the division of the amount recovered shall be determined by an interlocal agreement consistent with the requirements of chapter 39.34 RCW. [1993 c 251 § 2.]

***Reviser's note:** RCW 88.12.100 was recodified as RCW 88.12.025 pursuant to 1993 c 244 § 45. RCW 88.12.025 was subsequently recodified as RCW 79A.60.040 pursuant to 1999 c 249 § 1601.

Finding—Intent—1993 c 251: "The legislature finds that a public agency incurs expenses in an emergency response. It is the intent of the legislature to allow a public agency to recover the expenses of an emergency response to an incident involving persons who operate a motor vehicle, boat or vessel, or a civil aircraft while under the influence of an alcoholic beverage or a drug, or the combined influence of an alcoholic beverage and a drug. It is the intent of the legislature that the recovery of expenses of an emergency response under this act shall supplement and shall not supplant other provisions of law relating to the recovery of those expenses." [1993 c 251 § 1.]

38.52.500 Statewide enhanced 911 service—Finding.

The legislature finds that a statewide emergency communications network of enhanced 911 telephone service, which allows an immediate display of a caller's identification and location, would serve to further the safety, health, and welfare of the state's citizens, and would save lives. The legislature, after reviewing the study outlined in section 1, chapter 260, Laws of 1990, further finds that statewide implementation of enhanced 911 telephone service is feasible and should be accomplished as soon as practicable. [1991 c 54 § 1.]

Referral to electorate—1991 c 54: See note following RCW 38.52.030.

38.52.501 Statewide enhanced 911 service—Findings.

The legislature finds that statewide enhanced 911 has proven to be a lifesaving service and that routing a 911 call to the appropriate public safety answering point with a display of the caller's identification and location should be available for all users of telecommunications services, regardless of the technology used to make and transmit the 911 call. The legislature also finds that it is in the best public interest to ensure that there is adequate ongoing funding to support enhanced 911 service. [2002 c 341 § 1.]

Severability—2002 c 341: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2002 c 341 § 14.]

Effective date—2002 c 341: "This act takes effect January 1, 2003." [2002 c 341 § 15.]

38.52.505 Statewide enhanced 911 service—Automatic location identification—Rules.

The adjutant general shall establish rules on minimum information requirements of automatic location identification for the purposes of enhanced 911 emergency service. Such rules shall permit the chief of a local fire department or a chief fire protection officer or such other person as may be designated by the governing body of a city or county to take into consideration local circumstances when approving the accuracy of location information generated when calls are made to 911 from facilities within his or her service area. [1999 c 24 § 2.]

Findings—1999 c 24: "The legislature finds that the citizens of the state increasingly rely on the dependability of enhanced 911, a system that allows the person answering an emergency call to determine the location of the emergency immediately without the caller needing to speak. The legislature further finds that the degree of accuracy of the displayed information

must be adequate to permit rapid location of the caller while taking into consideration variables specific to local conditions. The legislature further finds that it is appropriate that rules permitting local fire agencies to evaluate and approve the accuracy of location information relating to their service areas be adopted." [1999 c 24 § 1.]

38.52.510 Statewide enhanced 911 service—Funding by counties. By December 31, 1998, each county, singly or in combination with adjacent counties, shall implement district-wide, county-wide, or multicounty-wide enhanced 911 emergency communications systems so that enhanced 911 is available throughout the state. The county shall provide funding for the enhanced 911 communication system in the county or district in an amount equal to the amount the maximum tax under RCW 82.14B.030(1) would generate in the county or district or the amount necessary to provide full funding of the system in the county or district, whichever is less. The state enhanced 911 coordination office established by RCW 38.52.520 shall assist and facilitate enhanced 911 implementation throughout the state. [1991 c 54 § 3.]

Referral to electorate—1991 c 54: See note following RCW 38.52.030.

38.52.520 State enhanced 911 coordination office. A state enhanced 911 coordination office, headed by the state enhanced 911 coordinator, is established in the emergency management division of the department. Duties of the office shall include:

(1) Coordinating and facilitating the implementation and operation of enhanced 911 emergency communications systems throughout the state;

(2) Seeking advice and assistance from, and providing staff support for, the enhanced 911 advisory committee; and

(3) Recommending to the utilities and transportation commission by August 31st of each year the level of the state enhanced 911 excise tax for the following year. [1991 c 54 § 4.]

Referral to electorate—1991 c 54: See note following RCW 38.52.030.

38.52.525 State enhanced 911 coordination office—Public education materials. The state enhanced 911 coordination office may develop and implement public education materials regarding the capability of specific equipment used as part of a private telecommunications system or in the provision of private shared telecommunications services to forward automatic location identification and automatic number identification. [1995 c 243 § 9.]

Findings—Severability—1995 c 243: See notes following RCW 80.36.555.

38.52.530 Enhanced 911 advisory committee. (Expires December 31, 2011.) The enhanced 911 advisory committee is created to advise and assist the state enhanced 911 coordinator in coordinating and facilitating the implementation and operation of enhanced 911 throughout the state. The director shall appoint members of the committee who represent diverse geographical areas of the state and include state residents who are members of the national emergency number association, the associated public communications officers Washington chapter, the Washington state fire chiefs association, the Washington association of

sheriffs and police chiefs, the Washington state council of firefighters, the Washington state council of police officers, the Washington ambulance association, the state fire protection policy board, the Washington fire commissioners association, the Washington state patrol, the association of Washington cities, the Washington state association of counties, the utilities and transportation commission or commission staff, a representative of a voice over internet protocol company, and an equal number of representatives of large and small local exchange telephone companies and large and small radio communications service companies offering commercial mobile radio service in the state. This section expires December 31, 2011. [2006 c 210 § 1; 2002 c 341 § 3; 2000 c 34 § 1; 1997 c 49 § 7; 1991 c 54 § 5.]

Severability—Effective date—2002 c 341: See notes following RCW 38.52.501.

Referral to electorate—1991 c 54: See note following RCW 38.52.030.

38.52.532 Enhanced 911 advisory committee—Annual legislative update. On an annual basis, the enhanced 911 advisory committee shall provide an update on the status of enhanced 911 service in the state to the appropriate committees in the legislature. [2006 c 210 § 2.]

38.52.535 State enhanced 911 coordination office and advisory committee—Uniform national standards. The state enhanced 911 coordination office and the enhanced 911 advisory committee may participate in efforts to set uniform national standards for automatic number identification and automatic location identification data transmission for private telecommunications systems and private shared telecommunications services. [1998 c 245 § 32; 1995 c 243 § 10.]

Findings—Severability—1995 c 243: See notes following RCW 80.36.555.

38.52.540 Enhanced 911 account. (1) The enhanced 911 account is created in the state treasury. All receipts from the state enhanced 911 excise taxes imposed by RCW 82.14B.030 shall be deposited into the account. Moneys in the account shall be used only to support the statewide coordination and management of the enhanced 911 system, for the implementation of wireless enhanced 911 statewide, and to help supplement, within available funds, the operational costs of the system, including adequate funding of counties to enable implementation of wireless enhanced 911 service and reimbursement of radio communications service companies for costs incurred in providing wireless enhanced 911 service pursuant to negotiated contracts between the counties or their agents and the radio communications service companies.

(2) Funds generated by the enhanced 911 excise tax imposed by RCW 82.14B.030(3) shall not be distributed to any county that has not imposed the maximum county enhanced 911 tax allowed under RCW 82.14B.030(1). Funds generated by the enhanced 911 excise tax imposed by RCW 82.14B.030(4) shall not be distributed to any county that has not imposed the maximum county enhanced 911 tax allowed under RCW 82.14B.030(2).

(3) The state enhanced 911 coordinator, with the advice and assistance of the enhanced 911 advisory committee, is

authorized to enter into statewide agreements to improve the efficiency of enhanced 911 services for all counties and shall specify by rule the additional purposes for which moneys, if available, may be expended from this account.

(4) During the 2001-2003 fiscal biennium, the legislature may transfer from the enhanced 911 account to the state general fund such amounts as reflect the excess fund balance of the account. [2002 c 371 § 905; 2002 c 341 § 4; 2001 c 128 § 2; 1998 c 304 § 14; 1994 c 96 § 7; 1991 c 54 § 6.]

Reviser's note: This section was amended by 2002 c 341 § 4 and by 2002 c 371 § 905, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Severability—Effective date—2002 c 371: See notes following RCW 9.46.100.

Severability—Effective date—2002 c 341: See notes following RCW 38.52.501.

Findings—2001 c 128: "The legislature finds that the statewide emergency communications network of enhanced 911 telephone service, which allows an immediate display of a caller's identification and location, has served to further the safety, health, and welfare of the state's citizens, and has saved lives.

The legislature further finds that statewide operation and management of the enhanced 911 system will create efficiencies of operation and permit greater local control of county 911 operations, and further that some counties will continue to need assistance from the state to maintain minimum enhanced 911 service levels." [2001 c 128 § 1.]

Effective date—2001 c 128: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2001." [2001 c 128 § 4.]

Findings—Effective dates—1998 c 304: See notes following RCW 82.14B.020.

Finding—Intent—Effective dates—1994 c 96: See notes following RCW 82.14B.020.

Referral to electorate—1991 c 54: See note following RCW 38.52.030.

38.52.545 Priorities for enhanced 911 funding. In specifying rules defining the purposes for which available moneys may be expended, the state enhanced 911 coordinator, with the advice and assistance of the enhanced 911 advisory committee, shall consider base needs of individual counties for specific assistance. Priorities for available enhanced 911 funding are as follows: (1) To assure that 911 dialing is operational statewide; (2) to assist counties as necessary to assure that they can achieve a basic service level for 911 operations; and (3) to assist counties as practicable to acquire items of a capital nature appropriate to increasing 911 effectiveness. [2001 c 128 § 3.]

Findings—Effective date—2001 c 128: See notes following RCW 38.52.540.

38.52.550 Emergency communications systems and information—Immunity from civil liability. (1) Good faith release of information not in the public record, including unpublished or unlisted subscriber information

to emergency service providers responding to calls placed to a 911 or enhanced 911 emergency service; or

(2) Design, development, installation, maintenance, or provision of consolidated 911 or enhanced 911 emergency communication systems or services other than an act or omission constituting gross negligence or wanton or willful misconduct. [2002 c 341 § 5; 1991 c 329 § 7.]

Severability—Effective date—2002 c 341: See notes following RCW 38.52.501.

38.52.561 911 calls from radio communications service companies—Technical and operational standards. The state enhanced 911 coordinator, with the advice and assistance of the enhanced 911 advisory committee, shall set nondiscriminatory, uniform technical and operational standards consistent with the rules of the federal communications commission for the transmission of 911 calls from radio communications service companies to enhanced 911 emergency communications systems. These standards must not exceed the requirements set by the federal communications commission. The authority given to the state enhanced 911 coordinator in this section is limited to setting standards as set forth in this section and does not constitute authority to regulate radio communications service companies. [2002 c 341 § 6.]

Severability—Effective date—2002 c 341: See notes following RCW 38.52.501.

38.52.900 Short title. This chapter may be cited as the Washington Emergency Management Act. [1984 c 38 § 43; 1974 ex.s. c 171 § 41; 1951 c 178 § 1.]

38.52.920 Repeal and saving. Chapter 177, Laws of 1941, chapters 6 and 24, Laws of 1943, and chapter 88, Laws of 1949 are repealed: PROVIDED, That this section shall not affect the validity of any order, rule, regulation, contract, or agreement made or promulgated under authority of the repealed acts, which orders, rules, regulations, contracts, or agreements shall remain in force until they may be repealed, amended, or superseded by orders, rules, regulations, contracts, or agreements made or promulgated under this chapter: PROVIDED FURTHER, That this section shall not affect the tenure of any officer, employee, or person serving under authority of any repealed act and such officer, employee, or person shall continue in his position until such time as a successor is appointed or employed under the provisions of this chapter. [1951 c 178 § 17.]

38.52.930 Transfer of powers, duties, and functions to state military department. All powers, duties, and functions of the department of community, trade, and economic development pertaining to emergency management are transferred to the state military department. All references to the director or the department of community development or the department of community, trade, and economic development in the Revised Code of Washington shall be construed to mean the adjutant general or the state military department when referring to the functions transferred in this section. 39.04.015 Adjustment to bid price—Conditions. Notwithstanding the provisions of RCW 39.04.010, a state contracting authority is authorized to negotiate an adjustment to a bid price, based upon agreed changes to the contract plans and specifications, with a low responsive bidder under the following conditions:

(1) All bids for a state public works project involving buildings and any associated building utilities and appen-

dants exceed the available funds, as certified by the appropriate fiscal officer;

(2) The apparent low responsive bid does not exceed the available funds by: (a) Five percent on projects valued under one million dollars; (b) the greater of fifty thousand dollars or two and one-half percent for projects valued between one million dollars and five million dollars; or (c) the greater of one hundred twenty-five thousand dollars or one percent for projects valued over five million dollars; and

(3) The negotiated adjustment will bring the bid price within the amount of available funds. [1989 c 59 § 1.]

39.04.020 Plans and specifications—Estimates—Publication—Emergencies. Whenever the state or any municipality shall determine that any public work is necessary to be done, it shall cause plans, specifications, or both thereof and an estimate of the cost of such work to be made and filed in the office of the director, supervisor, commissioner, trustee, board, or agency having by law the authority to require such work to be done. The plans, specifications, and estimates of cost shall be approved by the director, supervisor, commissioner, trustee, board, or agency and the original draft or a certified copy filed in such office before further action is taken.

If the state or such municipality shall determine that it is necessary or advisable that such work shall be executed by any means or method other than by contract or by a small works roster process, and it shall appear by such estimate that the probable cost of executing such work will exceed the sum of twenty-five thousand dollars, then the state or such municipality shall at least fifteen days before beginning work cause such estimate, together with a description of the work, to be published at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which such work is to be done. When any emergency shall require the immediate execution of such public work, upon a finding of the existence of such emergency by the authority having power to direct such public work to be done and duly entered of record, publication of description and estimate may be made within seven days after the commencement of the work. [1994 c 243 § 1; 1993 c 379 § 111; 1986 c 282 § 2; 1982 c 98 § 4; 1975 1st ex.s. c 230 § 2; 1967 c 70 § 1; 1923 c 183 § 2; RRS § 10322-2. Formerly RCW 39.04.020 and 39.04.030.]

Severability—1986 c 282: See RCW 82.18.900.

39.04.040 Work to be executed according to plans—Supplemental plans. Whenever plans and specifications shall have been filed the work to be done shall be executed in accordance with such plans and specifications unless supplemental plans and specifications of the alterations to be made therein shall be made and filed in the office where the original plans and specifications are filed.

In the event that the probable cost of executing such work in accordance with the supplemental plans and specifications shall be increased or decreased from the estimated cost as shown by the original estimate to an amount in excess of ten percent of such estimate, then a supplemental estimate shall be made of the increased or decreased cost of executing

the work in accordance with the supplemental plans and specifications and filed in the office where the original estimate is filed. [1923 c 183 § 3; RRS § 10322-3.]

39.04.050 Contents of original estimates. Original estimates shall show in detail the estimated cost of the work; the estimated quantities of each class of work; the estimated unit cost for each class; the estimated total cost for each class; the time limit, allowed for the completion of the work and the estimated dates of commencement and completion. [1986 c 282 § 3; 1923 c 183 § 4; RRS § 10322-4.]

39.04.060 Supplemental estimates. Supplemental estimates shall show the estimated increase or decrease in the total quantities of each class, in the unit cost of each class, in the total cost for each class and in the total cost of the work as shown by the original estimate, together with any change in the time limit and in the estimated dates of commencing and completing the work. [1923 c 183 § 5; RRS § 10322-5.]

39.04.070 Account and record of cost. Whenever the state or any municipality shall execute any public work by any means or method other than by contract or small works roster, it shall cause to be kept and preserved a full, true and accurate account and record of the costs of executing such work in accordance with the budgeting, accounting, and reporting system provisions prescribed by law for the state agency or municipality. [1986 c 282 § 4; 1923 c 183 § 6; RRS § 10322-6.]

Severability—1986 c 282: See RCW 82.18.900.

State auditor to prescribe standard form for costs of public works: RCW 43.09.205.

39.04.080 Certified copy to be filed—Engineers' certificate. A true copy of such account or record, duly certified by the officer or officers having by law authority to direct such work to be done, to be a full, true and accurate account of the costs of executing such work shall be filed in the office where the original plans and specifications are filed within sixty days after the completion of the work.

The engineer or other officer having charge of the execution of such work shall execute a certificate which shall be attached to and filed with such certified copy, certifying that such work was executed in accordance with the plans and specifications on file and the times of commencement and completion of such work. If the work is not in accordance with such plans and specifications he shall set forth the manner and extent of the variance therefrom. [1923 c 183 § 7; RRS § 10322-7.]

39.04.100 Records open to public inspection—Certified copies. All plans, specifications, estimates, and copies of accounts or records and all certificates attached thereto shall, when filed, become public records and shall at all reasonable times be subject to public inspection.

Certified copies of any estimate, account or record shall be furnished by the officer having the custody thereof to any person on demand and the payment of the legal fees for mak-

ing and certifying the same. [1923 c 183 § 9; RRS § 10322-9.]

39.04.105 Competitive bidding—Written protests—Notice of contract execution. When a municipality receives a written protest from a bidder for a public works project which is the subject of competitive bids, the municipality shall not execute a contract for the project with anyone other than the protesting bidder without first providing at least two full business days' written notice of the municipality's intent to execute a contract for the project; provided that the protesting bidder submits notice in writing of its protest no later than two full business days following bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted. [2003 c 300 § 1.]

39.04.107 Competitive bidding—Bidder claiming error. A low bidder on a public works project who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. [2003 c 300 § 2.]

39.04.110 Penalty for false entries. Any director, supervisor, officer or employee of the state and any commissioner, trustee, supervisor, officer or employee of any municipality who shall knowingly make any false entry in any account or record required by this chapter or who shall knowingly certify to any false statement in any certificate required by this chapter, shall be guilty of a misdemeanor. [1923 c 183 § 10; RRS § 10322-10.]

Falsifying accounts: RCW 42.20.070.

Misconduct of public officers: Chapter 42.20 RCW.

39.04.120 Change orders due to environmental protection requirements—Costs—Dispute resolution. If the successful bidder must undertake additional work for public construction projects issued by the state of Washington, its authorities or agencies, or a political subdivision of the state due to the enactment of new environmental protection requirements or the amendment of existing environmental protection statutes, ordinances, or rules occurring after the submission of the successful bid, the awarding agency shall issue a change order setting forth the additional work that must be undertaken, which shall not invalidate the contract. The cost of such a change order to the awarding agency shall be determined in accordance with the provisions of the contract for change orders or, if no such provision is set forth in the contract, then the cost to the awarding agency shall be the contractor's costs for wages, labor costs other than wages, wage taxes, materials, equipment rentals, insurance, and subcontracts attributable to the additional activity plus a reasonable sum for overhead and profit. However, the additional costs to undertake work not specified in the contract documents shall not be approved unless written authorization is given the successful bidder prior to his undertaking such additional activity. In the event of a dispute between the awarding agency and the contractor, dispute resolution procedures may be commenced under the applicable terms of the construction contract, or, if the contract contains no such provision for dispute resolution, the then obtaining rules of the

American arbitration association. [1998 c 196 § 1; 1973 1st ex.s. c 62 § 1.]

Severability—1973 1st ex.s. c 62: "If any provision or part of this 1973 act shall be judged to be invalid or unconstitutional, such adjudication shall not affect the validity of any provision or part of this 1973 act not adjudged invalid or unconstitutional." [1973 1st ex.s. c 62 § 4.]

Delay due to litigation, change orders, costs, arbitration, termination: RCW 60.28.080.

39.04.130 Application of RCW 39.04.120. RCW 39.04.120 shall take effect in ninety days but shall not apply to any contract awarded pursuant to an invitation for bids issued on or before the date it takes effect, or to any persons or bonds in respect of any such contract. [1973 1st ex.s. c 62 § 2.]

Severability—1973 1st ex.s. c 62: See note following RCW 39.04.120.

39.04.133 State capital improvement or construction projects—Product standards. (1) The state's preferences for the purchase and use of recycled content products shall be included as a factor in the design and development of state capital improvement projects.

(2) If a construction project receives state public funding, the product standards, as provided in RCW 43.19A.020, shall apply to the materials used in the project, whenever the administering agency and project owner determine that such products would be cost-effective and are readily available.

(3) This section does not apply to contracts entered into by a municipality. [2002 c 299 § 2; 1996 c 198 § 5.]

39.04.135 Demolition projects—Recycling or reuse of materials. Material from demolition projects shall be recycled or reused whenever practicable. [1996 c 198 § 6.]

39.04.140 Contracts affected by increase in price of petroleum products—Termination—Continuation with contracting agency sharing increased costs—Conditions. (1) The legislature finds (a) that the increase in the price of petroleum products resulting from the world wide shortage of crude oil has created a condition which has rendered performance by contractors of many public works contracts economically impossible and (b) that provision should be made to provide for the orderly termination of such contracts; the deletion of work affected by petroleum prices without the necessity of litigation; or, alternatively at the election of any contracting agency, the continuation of the contract with the agency assuming a share of the increased petroleum costs.

(2) Whenever the state or any municipality shall have awarded any public works contract during the performance of which (a) any legally enforceable private agreement or contractual arrangement between either the contractor or a first tier subcontractor and his suppliers of crude oil, residual fuel oil, refined petroleum products, or asphalt required in order to complete performance of the public works contract are superseded, with resulting increased costs of performance of the public works contract, by force majeure regulations, rules, allocations, or rulings issued by any federal, state, or other agency acting pursuant to any federal or state economic stabilization act, petroleum allocation act, or other legislation authorizing the same; or (b) the cost of petroleum products for which has increased by more than twenty percent over the

current market price thereof as the date of contract award, then the contractor may elect to terminate the contract in its entirety or to delete such portions of the work from the contract, and the state or municipality shall pay the contractor for all work performed prior to the date of termination of the contract or deletion of such work. The state or municipality shall also pay the contractor for all acceptable materials ordered by the contractor and delivered on the work site prior to the termination of the contract or deletion of such work by the contractor. Such materials shall be purchased from the contractor by the state or the municipality at the actual cost of such material to the contractor and shall thereupon become the property of the state or municipality. No payment shall be made to the contractor for overhead costs or anticipated profits as to work not performed as a result of deletion of such work or termination of the contract. Amounts retained and accumulated under RCW 60.28.010 shall be held for a period of thirty days following the election of the contractor to terminate the contract in its entirety: PROVIDED, That if the contractor elects to terminate or delete such portions of the work and the state or such municipality finds that it is in the public interest to complete performance on such public works contract then the state or such municipality shall require the contractor to complete performance of the public works contract and the state or such municipality shall modify the provisions of that public works contract to increase the contract price so that the state or municipality shall bear eighty percent of such increased costs over the contractor's estimated cost at the time of contract bid opening and the contractor shall bear the balance thereof. Upon request by the state or municipality the contractor shall make his records available for audit by the state or municipality to verify such increased costs.

(3) This section shall apply only to public works contracts awarded prior to November 1, 1973, and only to work under such contracts which has not been performed on the date the contractor elects to terminate the contract or delete such work from the contract. [1974 ex.s. c 194 § 1.]

Severability—1974 ex.s. c 194: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1974 ex.s. c 194 § 2.]

39.04.155 Small works roster contract procedures—Limited public works process—Definition. (1) This section provides uniform small works roster provisions to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property that may be used by state agencies and by any local government that is expressly authorized to use these provisions. These provisions may be used in lieu of other procedures to award contracts for such work with an estimated cost of two hundred thousand dollars or less. The small works roster process includes the limited public works process authorized under subsection (3) of this section and any local government authorized to award contracts using the small works roster process under this section may award contracts using the limited public works process under subsection (3) of this section.

(2)(a) A state agency or authorized local government may create a single general small works roster, or may create a small works roster for different specialties or categories of

anticipated work. Where applicable, small works rosters may make distinctions between contractors based upon different geographic areas served by the contractor. The small works roster or rosters shall consist of all responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. A state agency or local government establishing a small works roster or rosters may require eligible contractors desiring to be placed on a roster or rosters to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the state agency or local government as a condition of being placed on a roster or rosters. At least once a year, the state agency or local government shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters. In addition, responsible contractors shall be added to an appropriate roster or rosters at any time they submit a written request and necessary records. Master contracts may be required to be signed that become effective when a specific award is made using a small works roster.

(b) A state agency establishing a small works roster or rosters shall adopt rules implementing this subsection. A local government establishing a small works roster or rosters shall adopt an ordinance or resolution implementing this subsection. Procedures included in rules adopted by the department of general administration in implementing this subsection must be included in any rules providing for a small works roster or rosters that is adopted by another state agency, if the authority for that state agency to engage in these activities has been delegated to it by the department of general administration under chapter 43.19 RCW. An inter-local contract or agreement between two or more state agencies or local governments establishing a small works roster or rosters to be used by the parties to the agreement or contract must clearly identify the lead entity that is responsible for implementing the provisions of this subsection.

(c) Procedures shall be established for securing telephone, written, or electronic quotations from contractors on the appropriate small works roster to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW 39.04.010. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. However, detailed plans and specifications need not be included in the invitation. This subsection does not eliminate other requirements for architectural or engineering approvals as to quality and compliance with building codes. Quotations may be invited from all appropriate contractors on the appropriate small works roster. As an alternative, quotations may be invited from at least five contractors on the appropriate small works roster who have indicated the capability of performing the kind of work being contracted, in a manner that will equitably distribute the opportunity among the contractors on the appropriate roster. However, if the estimated cost of the work is from one hundred thousand dollars to two hundred thousand dollars, a state agency or local government that chooses to solicit bids from less than all the appropriate contractors on the appropriate small works roster must also notify the remaining contractors

on the appropriate small works roster that quotations on the work are being sought. The government has the sole option of determining whether this notice to the remaining contractors is made by: (i) Publishing notice in a legal newspaper in general circulation in the area where the work is to be done; (ii) mailing a notice to these contractors; or (iii) sending a notice to these contractors by facsimile or other electronic means. For purposes of this subsection (2)(c), "equitably distribute" means that a state agency or local government soliciting bids may not favor certain contractors on the appropriate small works roster over other contractors on the appropriate small works roster who perform similar services.

(d) A contract awarded from a small works roster under this section need not be advertised.

(e) Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry.

(3) In lieu of awarding contracts under subsection (2) of this section, a state agency or authorized local government may award a contract for work, construction, alteration, repair, or improvement projects estimated to cost less than thirty-five thousand dollars using the limited public works process provided under this subsection. Public works projects awarded under this subsection are exempt from the other requirements of the small works roster process provided under subsection (2) of this section and are exempt from the requirement that contracts be awarded after advertisement as provided under RCW 39.04.010.

For limited public works projects, a state agency or authorized local government shall solicit electronic or written quotations from a minimum of three contractors from the appropriate small works roster and shall award the contract to the lowest responsible bidder as defined under RCW 39.04.010. After an award is made, the quotations shall be open to public inspection and available by electronic request. A state agency or authorized local government shall attempt to distribute opportunities for limited public works projects equitably among contractors willing to perform in the geographic area of the work. A state agency or authorized local government shall maintain a list of the contractors contacted and the contracts awarded during the previous twenty-four months under the limited public works process, including the name of the contractor, the contractor's registration number, the amount of the contract, a brief description of the type of work performed, and the date the contract was awarded. For limited public works projects, a state agency or authorized local government may waive the payment and performance bond requirements of chapter 39.08 RCW and the retainage requirements of chapter 60.28 RCW, thereby assuming the liability for the contractor's nonpayment of laborers, mechanics, subcontractors, materialpersons, suppliers, and taxes imposed under Title 82 RCW that may be due from the contractor for the limited public works project, however the state agency or authorized local government shall have the right of recovery against the contractor for any payments made on the contractor's behalf.

(4) The breaking of any project into units or accomplishing any projects by phases is prohibited if it is done for the purpose of avoiding the maximum dollar amount of a contract that may be let using the small works roster process or limited public works process.

(5)(a) A state agency or authorized local government may use the limited public works process of subsection (3) of this section to solicit and award small works roster contracts to small businesses that are registered contractors with gross revenues under one million dollars annually as reported on their federal tax return.

(b) A state agency or authorized local government may adopt additional procedures to encourage small businesses that are registered contractors with gross revenues under two hundred fifty thousand dollars annually as reported on their federal tax returns to submit quotations or bids on small works roster contracts.

(6) As used in this section, "state agency" means the department of general administration, the state parks and recreation commission, the department of natural resources, the department of fish and wildlife, the department of transportation, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of general administration to engage in construction, building, renovation, remodeling, alteration, improvement, or repair activities. 39.04.180 Trench excavations—Safety systems required. On public works projects in which trench excavation will exceed a depth of four feet, any contract therefor shall require adequate safety systems for the trench excavation that meet the requirements of the Washington industrial safety and health act, chapter 49.17 RCW. This requirement shall be included in the cost estimates and bidding forms as a separate item. The costs of trench safety systems shall not be considered as incidental to any other contract item and any attempt to include the trench safety systems as an incidental cost is prohibited. [1988 c 180 § 1.]

39.04.190 Purchase contract process—Other than formal sealed bidding. (1) This section provides a uniform process to award contracts for the purchase of any materials, equipment, supplies, or services by those municipalities that are authorized to use this process in lieu of the requirements for formal sealed bidding. The state statutes governing a specific type of municipality shall establish the maximum dollar thresholds of the contracts that can be awarded under this process, and may include other matters concerning the awarding of contracts for purchases, for the municipality.

(2) At least twice per year, the municipality shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of vendor lists and solicit the names of vendors for the lists. Municipalities shall by resolution establish a procedure for securing telephone or written quotations, or both, from at least three different vendors whenever possible to assure that a competitive price is established and for awarding the contracts for the purchase of any materials, equipment, supplies, or services to the lowest responsible bidder as defined in RCW 43.19.1911. Immediately after the award is made, the bid quotations obtained shall be recorded, open to public inspection, and shall be available by telephone inquiry. A contract awarded pursuant to this section need not be advertised. [1993 c 198 § 2; 1991 c 363 § 110.]

39.04.200 Small works roster or purchase contracts—Listing of contracts awarded required. Any state agency or local government using the small works roster process established in RCW 39.04.155 to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property must make available a list of the contracts awarded under

(2008 Ed.)

that process at least once every year. The list shall contain the name of the contractor or vendor awarded the contract, the amount of the contract, a brief description of the type of work performed or items purchased under the contract, and the date it was awarded. The list shall also state the location where the bid quotations for these contracts are available for public inspection. [2000 c 138 § 103; 1993 c 198 § 3; 1991 c 363 § 111.]

39.04.210 Correctional facilities construction and repair—Findings. The legislature recognizes that fair and open competition is a basic tenet of public works procurement, that such competition reduces the appearance of and opportunity for favoritism and inspires public confidence that contracts are awarded equitably and economically, and that effective monitoring mechanisms are important means of curbing any improprieties and establishing public confidence in the process by which contractual services are procured. The legislature finds that there will continue to exist a need for additional correctional facilities due to the inadequate capacity of existing correctional facilities to accommodate the predicted growth of offender populations and that it is necessary to provide public works contract options for the effective construction and repair of additional department of corrections facilities. [1994 c 80 § 1; 1991 c 130 § 1.]

Severability—1994 c 80: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1994 c 80 § 4.]

Effective date—1994 c 80: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 23, 1994]." [1994 c 80 § 5.]

Severability—1991 c 130: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 c 130 § 4.]

39.04.220 Correctional facilities construction and repair—Use of general contractor/construction manager method for awarding contracts—Demonstration projects. (1) In addition to currently authorized methods of public works contracting, and in lieu of the requirements of RCW 39.04.010 and 39.04.020 through 39.04.060, capital projects funded for over ten million dollars authorized by the legislature for the department of corrections to construct or repair facilities may be accomplished under contract using the general contractor/construction manager method described in this section. In addition, the general contractor/construction manager method may be used for up to two demonstration projects under ten million dollars for the department of corrections. Each demonstration project shall aggregate capital projects authorized by the legislature at a single site to total no less than three million dollars with the approval of the office of financial management. The department of general administration shall present its plan for the aggregation of projects under each demonstration project to the oversight advisory committee established under subsec-

tion (2) of this section prior to soliciting proposals for general contractor/construction manager services for the demonstration project.

(2) For the purposes of this section, "general contractor/construction manager" means a firm with which the department of general administration has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through a formal advertisement, and competitive bids to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase. The department of general administration shall establish an independent oversight advisory committee with representatives of interest groups with an interest in this subject area, the department of corrections, and the private sector, to review selection and contracting procedures and contracting documents. The oversight advisory committee shall discuss and review the progress of the demonstration projects. The general contractor/construction manager method is limited to projects authorized on or before July 1, 1997.

(3) Contracts for the services of a general contractor/construction manager awarded under the authority of this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. Minority and women enterprise total project goals shall be specified in the bid instructions to the general contractor/construction manager finalists. The director of general administration is authorized to include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted shall exceed five percent of the maximum allowable construction cost. The director of general administration or his or her designee shall establish a committee to evaluate the proposals considering such factors as: Ability of professional personnel; past performance in negotiated and complex projects; ability to meet time and budget requirements; location; recent, current, and projected work loads of the firm; and the concept of their proposal. After the committee has selected the most qualified finalists, these finalists shall submit sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The maximum allowable construction cost may be negotiated between the department of general administration and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the department of general administration is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the department of general administration determines to be fair, reasonable, and within the available funds, negotia-

tions with that firm shall be formally terminated and the department of general administration shall negotiate with the next low bidder and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the state, the percent fee shall be renegotiated. All subcontract work shall be competitively bid with public bid openings. Specific contract requirements for women and minority enterprise participation shall be specified in each subcontract bid package that exceeds ten percent of the department's estimated project cost. All subcontractors who bid work over two hundred thousand dollars shall post a bid bond and the awarded subcontractor shall provide a performance and payment bond for their contract amount if required by the general contractor/construction manager. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder only in accordance with RCW 39.04.015 or, if unsuccessful in such negotiations, rebid.

(4) If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the state. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the state, the additional cost shall be the responsibility of the general contractor/construction manager.

(5) The powers and authority conferred by this section shall be construed as in addition and supplemental to powers or authority conferred by any other law, and nothing contained in this section may be construed as limiting any other powers or authority of the department of general administration. However, all actions taken pursuant to the powers and authority granted to the director or the department of general administration under this section may only be taken with the concurrence of the department of corrections. [1996 c 18 § 5; 1994 c 80 § 2; 1991 c 130 § 2.]

Severability—1991 c 130: See note following RCW 39.04.210.

39.04.230 Correctional facilities construction and repair—Alternative contracting method to remain in force until contracts completed. Methods of public works contracting authorized by RCW 39.04.210 and 39.04.220 shall remain in full force and effect until completion of projects authorized on or before July 1, 1997. [1994 c 80 § 3; 1991 c 130 § 3.]

Severability—Effective date—1994 c 80: See notes following RCW 39.04.210.

Severability—1991 c 130: See note following RCW 39.04.210.

39.04.240 Public works contracts—Awarding of attorneys' fees. (1) The provisions of RCW 4.84.250 through 4.84.280 shall apply to an action arising out of a pub-

lic works contract in which the state or a municipality, or other public body that contracts for public works, is a party, except that: (a) The maximum dollar limitation in RCW 4.84.250 shall not apply; and (b) in applying RCW 4.84.280, the time period for serving offers of settlement on the adverse party shall be the period not less than thirty days and not more than one hundred twenty days after completion of the service and filing of the summons and complaint.

(2) The rights provided for under this section may not be waived by the parties to a public works contract that is entered into on or after June 11, 1992, and a provision in such a contract that provides for waiver of these rights is void as against public policy. However, this subsection shall not be construed as prohibiting the parties from mutually agreeing to a clause in a public works contract that requires submission of a dispute arising under the contract to arbitration. [1999 c 107 § 1; 1992 c 171 § 1.]

39.04.250 Payments received on account of work performed by subcontractor—Disputed amounts—Remedies. (1) When payment is received by a contractor or subcontractor for work performed on a public work, the contractor or subcontractor shall pay to any subcontractor not later than ten days after the receipt of the payment, amounts allowed the contractor on account of the work performed by the subcontractor, to the extent of each subcontractor's interest therein.

(2) In the event of a good faith dispute over all or any portion of the amount due on a payment from the state or a municipality to the prime contractor, or from the prime contractor or subcontractor to a subcontractor, then the state or the municipality, or the prime contractor or subcontractor, may withhold no more than one hundred fifty percent of the disputed amount. Those not a party to a dispute are entitled to full and prompt payment of their portion of a draw, progress payment, final payment, or released retainage.

(3) In addition to all other remedies, any person from whom funds have been withheld in violation of this section shall be entitled to receive from the person wrongfully withholding the funds, for every month and portion thereof that payment including retainage is not made, interest at the highest rate allowed under RCW 19.52.025. In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to costs of suit and reasonable attorneys' fees. [1992 c 223 § 5.]

Effective date—1992 c 223: See note following RCW 39.76.011.

Waiver of rights, construction—Application—1992 c 223: See RCW 39.04.900 and 39.04.901.

39.04.260 Private construction performed pursuant to contract for rental, lease, or purchase by state—Must comply with prevailing wage law. Any work, construction, alteration, repair, or improvement, other than ordinary maintenance, that the state or a municipality causes to be performed by a private party through a contract to rent, lease, or purchase at least fifty percent of the project by one or more state agencies or municipalities shall comply with chapter 39.12 RCW. [1993 c 110 § 1.]

Application—1993 c 110: "Section 1 of this act shall not apply to any project for which a call for competitive bids was made before July 25, 1993." [1993 c 110 § 2.]

(2008 Ed.)

39.04.270 Electronic data processing and telecommunications systems—Municipalities—Acquisition method—Competitive negotiation—Findings, intent. (1) The legislature finds that the unique aspects of electronic data processing and telecommunications systems and the importance of these systems for effective administration warrant separate acquisition authority for electronic data processing and telecommunication systems. It is the intent of the legislature that municipalities utilize an acquisition method for electronic data processing and telecommunication systems that is both competitive and compatible with the needs of the municipalities.

(2) A municipality may acquire electronic data processing or telecommunication equipment, software, or services through competitive negotiation rather than through competitive bidding.

(3) "Competitive negotiation," for the purposes of this section, shall include, as a minimum, the following requirements:

(a) A request for proposal shall be prepared and submitted to an adequate number of qualified sources, as determined by the municipality in its discretion, to permit reasonable competition consistent with the requirements of the procurement. Notice of the request for the proposal must be published in a newspaper of general circulation in the municipality at least thirteen days before the last date upon which proposals will be received. The request for proposal shall identify significant evaluation factors, including price, and their relative importance.

(b) The municipality shall provide reasonable procedures for technical evaluation of the proposals received, identification of qualified sources, and selection for awarding the contract.

(c) The award shall be made to the qualified bidder whose proposal is most advantageous to the municipality with price and other factors considered. The municipality may reject any and all proposals for good cause and request new proposals. [1996 c 257 § 1.]

39.04.280 Competitive bidding requirements—Exemptions. This section provides uniform exemptions to competitive bidding requirements utilized by municipalities when awarding contracts for public works and contracts for purchases. The statutes governing a specific type of municipality may also include other exemptions from competitive bidding requirements. The purpose of this section is to supplement and not to limit the current powers of any municipality to provide exemptions from competitive bidding requirements.

(1) Competitive bidding requirements may be waived by the governing body of the municipality for:

(a) Purchases that are clearly and legitimately limited to a single source of supply;

(b) Purchases involving special facilities or market conditions;

(c) Purchases in the event of an emergency;

(d) Purchases of insurance or bonds; and

(e) Public works in the event of an emergency.

(2)(a) The waiver of competitive bidding requirements under subsection (1) of this section may be by resolution or by the terms of written policies adopted by the municipality,

at the option of the governing body of the municipality. If the governing body elects to waive competitive bidding requirements by the terms of written policies adopted by the municipality, immediately after the award of any contract, the contract and the factual basis for the exception must be recorded and open to public inspection.

If a resolution is adopted by a governing body to waive competitive bidding requirements under (b) of this subsection, the resolution must recite the factual basis for the exception. This subsection (2)(a) does not apply in the event of an emergency.

(b) If an emergency exists, the person or persons designated by the governing body of the municipality to act in the event of an emergency may declare an emergency situation exists, waive competitive bidding requirements, and award all necessary contracts on behalf of the municipality to address the emergency situation. If a contract is awarded without competitive bidding due to an emergency, a written finding of the existence of an emergency must be made by the governing body or its designee and duly entered of record no later than two weeks following the award of the contract.

(3) For purposes of this section "emergency" means unforeseen circumstances beyond the control of the municipality that either: (a) Present a real, immediate threat to the proper performance of essential functions; or (b) will likely result in material loss or damage to property, bodily injury, or loss of life if immediate action is not taken. [1998 c 278 § 1.]

39.04.290 Contracts for building engineering systems. (1) A state agency or local government may award contracts of any value for the design, fabrication, and installation of building engineering systems by: (a) Using a competitive bidding process or request for proposals process where bidders are required to provide final specifications and a bid price for the design, fabrication, and installation of building engineering systems, with the final specifications being approved by an appropriate design, engineering, and/or public regulatory body; or (b) using a competitive bidding process where bidders are required to provide final specifications for the final design, fabrication, and installation of building engineering systems as part of a larger project with the final specifications for the building engineering systems portion of the project being approved by an appropriate design, engineering, and/or public regulatory body. The provisions of chapter 39.80 RCW do not apply to the design of building engineering systems that are included as part of a contract described under this section.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Building engineering systems" means those systems where contracts for the systems customarily have been awarded with a requirement that the contractor provide final approved specifications, including fire alarm systems, building sprinkler systems, pneumatic tube systems, extensions of heating, ventilation, or air conditioning control systems, chlorination and chemical feed systems, emergency generator systems, building signage systems, pile foundations, and curtain wall systems.

(b) "Local government" means any county, city, town, school district, or other special district, municipal corporation, or quasi-municipal corporation.

(c) "State agency" means the department of general administration, the state parks and recreation commission, the department of fish and wildlife, the department of natural resources, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of general administration to engage in building, renovation, remodeling, alteration, improvement, or repair activities. [2001 c 34 § 1.]

39.04.300 Apprenticeship training programs—Purpose. A well-trained construction trades workforce is critical to the ability of the state of Washington to construct public works. Studies of the state's workforce highlight population trends that, without a concerted effort to offset them, will lead to an inadequate supply of skilled workers in the construction industry. State government regularly constructs public works. The efficient and economical construction of public works projects will be harmed if there is not an ample supply of trained construction workers. Apprenticeship training programs are particularly effective in providing training and experience to individuals seeking to enter or advance in the workforce. By providing for apprenticeship utilization on public works projects, state government can create opportunities for training and experience that will help assure that a trained workforce will be available, including returning veterans, in sufficient numbers in the future for the construction of public works. Furthermore, the state of Washington hereby establishes its intent to assist returning veterans through programs such as the "helmets to hardhats" program, which is administered by the center for military recruitment, assessment, and veterans employment. It is the state's intent to assist returning veterans with apprenticeship placement career opportunities, in order to expedite the transition from military service to the construction workforce. [2006 c 321 § 1; 2005 c 3 § 1.]

Effective date—2005 c 3: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [February 24, 2005]." [2005 c 3 § 5.]

39.04.310 Apprenticeship training programs—Definitions. The definitions in this section apply throughout this section and RCW 39.04.300 and 39.04.320 unless the context clearly requires otherwise.

(1) "Apprentice" means an apprentice enrolled in a state-approved apprenticeship training program.

(2) "Apprentice utilization requirement" means the requirement that the appropriate percentage of labor hours be performed by apprentices.

(3) "Labor hours" means the total hours of workers receiving an hourly wage who are directly employed on the site of the public works project. "Labor hours" includes hours performed by workers employed by the contractor and all subcontractors working on the project. "Labor hours" does not include hours worked by foremen, superintendents, owners, and workers who are not subject to prevailing wage requirements.

(4) "School district" has the same meaning as in RCW 28A.315.025.

(5) "State-approved apprenticeship training program" means an apprenticeship training program approved by the

Washington state apprenticeship council. [2007 c 437 § 1; 2005 c 3 § 2.]

Effective date—2005 c 3: See note following RCW 39.04.300.

39.04.320 Apprenticeship training programs—Public works contracts—Adjustment of specific projects—Report and collection of agency data—Apprenticeship utilization advisory committee created. (1)(a) Except as provided in (b) and (c) of this subsection, from January 1, 2005, and thereafter, for all public works estimated to cost one million dollars or more, all specifications shall require that no less than fifteen percent of the labor hours be performed by apprentices.

(b)(i) This section does not apply to contracts advertised for bid before July 1, 2007, for any public works by the department of transportation.

(ii) For contracts advertised for bid on or after July 1, 2007, and before July 1, 2008, for all public works by the department of transportation estimated to cost five million dollars or more, all specifications shall require that no less than ten percent of the labor hours be performed by apprentices.

(iii) For contracts advertised for bid on or after July 1, 2008, and before July 1, 2009, for all public works by the department of transportation estimated to cost three million dollars or more, all specifications shall require that no less than twelve percent of the labor hours be performed by apprentices.

(iv) For contracts advertised for bid on or after July 1, 2009, for all public works by the department of transportation estimated to cost two million dollars or more, all specifications shall require that no less than fifteen percent of the labor hours be performed by apprentices.

(c)(i) This section does not apply to contracts advertised for bid before January 1, 2008, for any public works by a school district, or to any project funded in whole or in part by bond issues approved before July 1, 2007.

(ii) For contracts advertised for bid on or after January 1, 2008, for all public works by a school district estimated to cost three million dollars or more, all specifications shall require that no less than ten percent of the labor hours be performed by apprentices.

(iii) For contracts advertised for bid on or after January 1, 2009, for all public works by a school district estimated to cost two million dollars or more, all specifications shall require that no less than twelve percent of the labor hours be performed by apprentices.

(iv) For contracts advertised for bid on or after January 1, 2010, for all public works by a school district estimated to cost one million dollars or more, all specifications shall require that no less than fifteen percent of the labor hours be performed by apprentices.

(2) Awarding agency directors or school districts may adjust the requirements of this section for a specific project for the following reasons:

(a) The demonstrated lack of availability of apprentices in specific geographic areas;

(b) A disproportionately high ratio of material costs to labor hours, which does not make feasible the required minimum levels of apprentice participation;

(2008 Ed.)

(c) Participating contractors have demonstrated a good faith effort to comply with the requirements of RCW 39.04.300 and 39.04.310 and this section; or

(d) Other criteria the awarding agency director or school district deems appropriate, which are subject to review by the office of the governor.

(3) The secretary of the department of transportation shall adjust the requirements of this section for a specific project for the following reasons:

(a) The demonstrated lack of availability of apprentices in specific geographic areas; or

(b) A disproportionately high ratio of material costs to labor hours, which does not make feasible the required minimum levels of apprentice participation.

(4) This section applies to public works contracts awarded by the state and to public works contracts awarded by school districts. However, this section does not apply to contracts awarded by state four-year institutions of higher education or state agencies headed by a separately elected public official.

(5)(a) The department of general administration must provide information and technical assistance to affected agencies and collect the following data from affected agencies for each project covered by this section:

(i) The name of each apprentice and apprentice registration number;

(ii) The name of each project;

(iii) The dollar value of each project;

(iv) The date of the contractor's notice to proceed;

(v) The number of apprentices and labor hours worked by them, categorized by trade or craft;

(vi) The number of journey level workers and labor hours worked by them, categorized by trade or craft; and

(vii) The number, type, and rationale for the exceptions granted under subsection (2) of this section.

(b) The department of labor and industries shall assist the department of general administration in providing information and technical assistance.

(6) The secretary of transportation shall establish an apprenticeship utilization advisory committee, which shall include statewide geographic representation and consist of equal numbers of representatives of contractors and labor. The committee must include at least one member representing contractor businesses with less than thirty-five employees. The advisory committee shall meet regularly with the secretary of transportation to discuss implementation of this section by the department of transportation, including development of the process to be used to adjust the requirements of this section for a specific project. The committee shall provide a report to the legislature by January 1, 2008, on the effects of the apprentice labor requirement on transportation projects and on the availability of apprentice labor and programs statewide.

(7) At the request of the senate labor, commerce, research and development committee, the house of representatives commerce and labor committee, or their successor committees, and the governor, the department of general administration and the department of labor and industries shall compile and summarize the agency data and provide a joint report to both committees. The report shall include recommendations on modifications or improvements to the

Reviser's note—Sunset Act application: The alternative public works contracting procedures are subject to review, termination, and possible extension under chapter 43.131 RCW, the Sunset Act. See RCW 43.131.407. RCW 39.10.200 through 39.10.903 are scheduled for future repeal under RCW 43.131.408.

39.10.200 Finding—Purpose. The legislature finds that the traditional process of awarding public works contracts in lump sum to the lowest responsible bidder is a fair and objective method of selecting a contractor. However, under certain circumstances, alternative public works contracting procedures may best serve the public interest if such

procedures are implemented in an open and fair process based on objective and equitable criteria. The purpose of this chapter is to authorize the use of certain supplemental alternative public works contracting procedures, to prescribe appropriate requirements to ensure that such contracting procedures serve the public interest, and to establish a process for evaluation of such contracting procedures. [2007 c 494 § 1; 1994 c 132 § 1. Formerly RCW 39.10.010.]

(8) Board members are expected to consistently attend board meetings. The chair of the board may ask the governor to remove any member who misses more than two meetings in any calendar year without cause.

(9) The department of general administration shall provide staff support as may be required for the proper discharge of the function of the board.

(10) The board may establish subcommittees as it desires and may invite nonmembers of the board to serve as committee members.

(11) The board shall encourage participation from persons and entities not represented on the board. [2007 c 494 § 102; 2005 c 377 § 1. Formerly RCW 39.10.800.]

Sunset Act application: See note following chapter digest.

39.10.230 Board—Powers and duties. The board has the following powers and duties:

(1) Develop and recommend to the legislature policies to further enhance the quality, efficiency, and accountability of capital construction projects through the use of traditional and alternative delivery methods in Washington, and make recommendations regarding expansion, continuation, elimination, or modification of the alternative public works contracting methods;

(2) Evaluate the use of existing contracting procedures and potential future use of other alternative contracting procedures including competitive negotiation contracts;

(3) Appoint members of the committee; and

(4) Develop and administer questionnaires designed to provide quantitative and qualitative data on alternative public works contracting procedures on which evaluations are based. [2007 c 494 § 103; 2005 c 377 § 2. Formerly RCW 39.10.810.]

Sunset Act application: See note following chapter digest.

39.10.240 Project review committee—Creation—Members. (1) The board shall establish a project review committee to review and approve public works projects using the design-build and general contractor/construction manager contracting procedures authorized in RCW 39.10.300 and

39.10.340 and to certify public bodies as provided in RCW 39.10.270.

(2) The board shall, by a majority vote of the board, appoint persons to the committee who are knowledgeable in the use of the design-build and general contractor/construction manager contracting procedures. Appointments must represent a balance among the industries and public owners on the board listed in RCW 39.10.220.

(a) When making initial appointments to the committee, the board shall consider for appointment former members of the school district project review board and the public hospital district project review board.

(b) Each member of the committee shall be appointed for a term of three years. However, for initial appointments, the board shall stagger the appointment of committee members so that the first members are appointed to serve terms of one, two, or three years from the date of appointment. Appointees may be reappointed to serve more than one term.

(c) The committee shall, by a majority vote, elect a chair and vice-chair for the committee.

(d) The committee chair may select a person or persons on a temporary basis as a nonvoting member if project specific expertise is needed to assist in a review.

(3) The chair of the committee, in consultation with the vice-chair, may appoint one or more panels of at least six committee members to carry out the duties of the committee. Each panel shall have balanced representation of the private and public sector representatives serving on the committee.

(4) Any member of the committee directly or indirectly affiliated with a submittal before the committee must recuse himself or herself from the committee consideration of that submittal.

(5) Any person who sits on the committee or panel is not precluded from subsequently bidding on or participating in projects that have been reviewed by the committee.

(6) The committee shall meet as often as necessary to ensure that certification and approvals are completed in a timely manner. [2007 c 494 § 104.]

Sunset Act application: See note following chapter digest.

39.10.250 Project review committee—Duties. The committee shall:

(1) Certify, or recertify, public bodies for a period of three years to use the design-build or general contractor/construction manager, or both, contracting procedures for projects with a total project cost of ten million dollars or more;

(2) Review and approve the use of the design-build or general contractor/construction manager contracting procedures on a project by project basis for public bodies that are not certified under RCW 39.10.270; and

(3) Review and approve the use of the general contractor/construction manager contracting procedure by certified public bodies for projects with a total project cost under ten million dollars. [2007 c 494 § 105.]

Sunset Act application: See note following chapter digest.

39.10.260 Project review committee—Meetings—Open and public. (1) The committee shall hold regular public meetings to carry out its duties as described in RCW

(2008 Ed.)

39.10.250. Committee meetings are subject to chapter 42.30 RCW.

(2) The committee shall publish notice of its public meetings at least twenty days before the meeting in a legal newspaper circulated in the area where the public body seeking certification is located, or where each of the proposed projects under consideration will be constructed. All meeting notices must be posted on the committee's web site.

(3) The meeting notice must identify the public body that is seeking certification or project approval, and where applicable, a description of projects to be considered at the meeting. The notice must indicate when, where, and how the public may present comments regarding the committee's certification of a public body or approval of a project. Information submitted by a public body to be reviewed at the meeting shall be available on the committee's web site at the time the notice is published.

(4) The committee must allow for public comment on the appropriateness of certification of a public body or on the appropriateness of the use of the proposed contracting procedure and the qualifications of a public body to use the contracting procedure. The committee shall receive and record both written and oral comments at the public hearing. [2007 c 494 § 106.]

Sunset Act application: See note following chapter digest.

39.10.270 Project review committee—Certification of public bodies. (1) A public body may apply for certification to use the design-build or general contractor/construction manager contracting procedure, or both. Once certified, a public body may use the contracting procedure for which it is certified on individual projects with a total project cost over ten million dollars without seeking committee approval. The certification period is three years. A public body seeking certification must submit to the committee an application in a format and manner as prescribed by the committee. The application must include a description of the public body's qualifications, its capital plan during the certification period, and its intended use of alternative contracting procedures.

(2) To certify a public body, the committee shall determine that the public body:

(a) Has the necessary experience and qualifications to determine which projects are appropriate for using alternative contracting procedures;

(b) Has the necessary experience and qualifications to carry out the alternative contracting procedure including, but not limited to: (i) Project delivery knowledge and experience; (ii) personnel with appropriate construction experience; (iii) a management plan and rationale for its alternative public works projects; (iv) demonstrated success in managing public works projects; (v) demonstrated success in managing at least one general contractor/construction manager or design-build project within the previous five years; (vi) the ability to properly manage its capital facilities plan including, but not limited to, appropriate project planning and budgeting experience; and (vii) the ability to meet requirements of this chapter; and

(c) Has resolved any audit findings on previous public works projects in a manner satisfactory to the committee.

(3) The committee shall, if practicable, make its determination at the public meeting during which an application for certification is reviewed. Public comments must be considered before a determination is made. Within ten business days of the public meeting, the committee shall provide a written determination to the public body, and make its determination available to the public on the committee's web site.

(4) The committee may revoke any public body's certification upon a finding, after a public hearing, that its use of design-build or general contractor/construction manager contracting procedures no longer serves the public interest.

(5) The committee may renew the certification of a public body for one additional three-year period. The public body must submit an application for recertification at least three months before the initial certification expires. The application shall include updated information on the public body's capital plan for the next three years, its intended use of the procedures, and any other information requested by the committee. The committee must review the application for recertification at a meeting held before expiration of the applicant's initial certification period. A public body must reapply for certification under the process described in subsection (1) of this section once the period of recertification expires.

(6) Certified public bodies must submit project data information as required in RCW 39.10.320 and 39.10.350. [2007 c 494 § 107.]

Sunset Act application: See note following chapter digest.

39.10.280 Project review committee—Project approval process. (1) A public body not certified under RCW 39.10.270 must apply for approval from the committee to use the design-build or general contractor/construction manager contracting procedure on a project. A public body seeking approval must submit to the committee an application in a format and manner as prescribed by the committee. The application must include a description of the public body's qualifications, a description of the project, and its intended use of alternative contracting procedures.

(2) To approve a proposed project, the committee shall determine that:

(a) The alternative contracting procedure will provide a substantial fiscal benefit or the use of the traditional method of awarding contracts in lump sum to the low responsive bidder is not practical for meeting desired quality standards or delivery schedules;

(b) The proposed project meets the requirements for using the alternative contracting procedure as described in RCW 39.10.300 or 39.10.340;

(c) The public body has the necessary experience or qualified team to carry out the alternative contracting procedure including, but not limited to: (i) Project delivery knowledge and experience; (ii) sufficient personnel with construction experience to administer the contract; (iii) a written management plan that shows clear and logical lines of authority; (iv) the necessary and appropriate funding and time to properly manage the job and complete the project; (v) continuity of project management team, including personnel with experience managing projects of similar scope and size to the

project being proposed; and (vi) necessary and appropriate construction budget;

(d) For design-build projects, construction personnel independent of the design-build team are knowledgeable in the design-build process and are able to oversee and administer the contract; and

(e) The public body has resolved any audit findings related to previous public works projects in a manner satisfactory to the committee.

(3) The committee shall, if practicable, make its determination at the public meeting during which a submittal is reviewed. Public comments must be considered before a determination is made.

(4) Within ten business days after the public meeting, the committee shall provide a written determination to the public body, and make its determination available to the public on the committee's web site. If the committee fails to make a written determination within ten business days of the public meeting, the request of the public body to use the alternative contracting procedure on the requested project shall be deemed approved.

(5) The requirements of subsection (1) of this section also apply to certified public bodies seeking to use the general contractor/construction manager contracting procedure on projects with a total project cost of less than ten million dollars.

(6) Failure of the committee to meet within sixty calendar days of a public body's application to use an alternative contracting procedure on a project shall be deemed an approval of the application. [2007 c 494 § 108.]

Sunset Act application: See note following chapter digest.

39.10.290 Appeal process. Final determinations by the committee may be appealed to the board within seven days by the public body or by an interested party. A written notice of an appeal must be provided to the committee and, as applicable, to the public body. The board shall resolve an appeal within forty-five days of receipt of the appeal and shall send a written determination of its decision to the party making the appeal and to the appropriate public body, as applicable. The public body shall comply with the determination of the board. [2007 c 494 § 109.]

Sunset Act application: See note following chapter digest.

39.10.300 Design-build procedure—Uses. (1) Subject to the process in RCW 39.10.270 or 39.10.280, public bodies may utilize the design-build procedure for public works projects in which the total project cost is over ten million dollars and where:

(a) The design and construction activities, technologies, or schedule to be used are highly specialized and a design-build approach is critical in developing the construction methodology or implementing the proposed technology; or

(b) The project design is repetitive in nature and is an incidental part of the installation or construction; or

(c) Regular interaction with and feedback from facilities users and operators during design is not critical to an effective facility design.

(2) Subject to the process in RCW 39.10.270 or 39.10.280, public bodies may use the design-build procedure for parking garages, regardless of cost.

(3) The design-build procedure also may be used for the construction or erection of preengineered metal buildings or prefabricated modular buildings, regardless of cost and is not subject to approval by the committee.

(4) Except for utility projects, the design-build procedure may not be used to procure operations and maintenance services for a period longer than three years. State agency projects that propose to use the design-build-operate-maintain procedure shall submit cost estimates for the construction portion of the project consistent with the office of financial management's capital budget requirements. Operations and maintenance costs must be shown separately and must not be included as part of the capital budget request. [2007 c 494 § 201. Prior: 2003 c 352 § 2; 2003 c 300 § 4; 2002 c 46 § 1; 2001 c 328 § 2. Formerly RCW 39.10.051.]

Sunset Act application: See note following chapter digest.

Effective date—2002 c 46: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 14, 2002]." [2002 c 46 § 5.]

Effective date—2001 c 328: See note following RCW 39.10.210.

39.10.310 Design-build procedure—Negotiated adjustments to lowest bid or proposal—When allowed. Notwithstanding the provisions of RCW 39.04.015, a public body using the design-build contracting procedure is authorized to negotiate an adjustment to the lowest bid or proposal price for a public works project based upon agreed changes to the contract plans and specifications under the following conditions:

(1) All responsive bids or proposal prices exceed the available funds, as certified by an appropriate fiscal officer;

(2) The apparent low-responsive bid or proposal does not exceed the available funds by the greater of one hundred twenty-five thousand dollars or two percent for projects valued over ten million dollars; and

(3) The negotiated adjustment will bring the bid or proposal price within the amount of available funds. [2007 c 494 § 202; 1994 c 132 § 8. Formerly RCW 39.10.080.]

Sunset Act application: See note following chapter digest.

39.10.320 Design-build procedure—Project management and contracting requirements. (1) A public body utilizing the design-build contracting procedure shall provide for:

(a) Reasonable budget contingencies totaling not less than five percent of the anticipated contract value;

(b) Employment of staff or consultants with expertise and prior experience in the management of comparable projects;

(c) Contract documents that include alternative dispute resolution procedures to be attempted prior to the initiation of litigation;

(d) Submission of project information, as required by the board; and

(e) Contract documents that require the contractor, subcontractors, and designers to submit project information required by the board.

(2) A public body utilizing the design-build contracting procedure may provide incentive payments to contractors for early completion, cost savings, or other goals if such payments are identified in the request for proposals. [2007 c 494 § 203; 1994 c 132 § 7. Formerly RCW 39.10.070.]

Sunset Act application: See note following chapter digest.

39.10.330 Design-build contract award process. (1) Contracts for design-build services shall be awarded through a competitive process using public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in, or as near as possible to, that part of the county in which the public work will be done, a notice of its request for qualifications from proposers for design-build services, and the availability and location of the request for proposal documents. The request for qualifications documents shall include:

(a) A general description of the project that provides sufficient information for proposers to submit qualifications;

(b) The reasons for using the design-build procedure;

(c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and finalists' proposals, including evaluation factors and the relative weight of factors and any specific forms to be used by the proposers;

(i) Evaluation factors for request for qualifications shall include, but not be limited to, technical qualifications, such as specialized experience and technical competence; capability to perform; past performance of the proposers' team, including the architect-engineer and construction members; and other appropriate factors. Cost or price-related factors are not permitted in the request for qualifications phase;

(ii) Evaluation factors for finalists' proposals shall include, but not be limited to, the factors listed in (d)(i) of this subsection, as well as technical approach design concept; proposal price; ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected workloads of the firm; and location. Alternatively, if the public body determines that all finalists will be capable of producing a design that adequately meets project requirements, the public body may award the contract to the firm that submits the responsive proposal with the lowest price;

(e) The form of the contract to be awarded;

(f) The amount to be paid to finalists submitting responsive proposals and who are not awarded a design-build contract;

(g) The schedule for the procurement process and the project; and

(h) Other information relevant to the project.

(2) The public body shall establish an evaluation committee to evaluate the responses to the request for qualifications based on the factors, weighting, and process identified in the request for qualifications. Based on the evaluation committee's findings, the public body shall select not more than five responsive and responsible finalists to submit pro-

posals. The public body may, in its sole discretion, reject all proposals and shall provide its reasons for rejection in writing to all proposers.

(3) Upon selection of the finalists, the public body shall issue a request for proposals to the finalists, which shall provide the following information:

(a) A detailed description of the project including programmatic, performance, and technical requirements and specifications; functional and operational elements; minimum and maximum net and gross areas of any building; and, at the discretion of the public body, preliminary engineering and architectural drawings; and

(b) The target budget for the design-build portion of the project.

(4) The public body shall establish an evaluation committee to evaluate the proposals submitted by the finalists. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection. The public body must identify in the request for qualifications which procedure will be used.

(a) The finalists' proposals shall be evaluated and scored based on the factors, weighting, and process identified in the initial request for qualifications and in any addenda published by the public body. Public bodies may request best and final proposals from finalists. The public body shall initiate negotiations with the firm submitting the highest scored proposal. If the public body is unable to execute a contract with the firm submitting the highest scored proposal, negotiations with that firm may be suspended or terminated and the public body may proceed to negotiate with the next highest scored firm. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(b) If the public body determines that all finalists are capable of producing a design that adequately meets project requirements, the public body may award the contract to the firm that submits the responsive proposal with the lowest price.

(5) The firm awarded the contract shall provide a performance and payment bond for the contracted amount. The public body shall provide appropriate honorarium payments to finalists submitting best and final proposals that are not awarded a design-build contract. Honorarium payments shall be sufficient to generate meaningful competition among potential proposers on design-build projects. In determining the amount of the honorarium, the public body shall consider the level of effort required to meet the selection criteria. [2007 c 494 § 204.]

Sunset Act application: See note following chapter digest.

39.10.340 General contractor/construction manager procedure—Uses. Subject to the process in RCW 39.10.270 or 39.10.280, public bodies may utilize the general contractor/construction manager procedure for public works projects where:

(1) Implementation of the project involves complex scheduling, phasing, or coordination;

(2) The project involves construction at an occupied facility which must continue to operate during construction;

(3) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project;

(4) The project encompasses a complex or technical work environment; or

(5) The project requires specialized work on a building that has historic significance. [2007 c 494 § 301. Prior: 2003 c 352 § 3; 2003 c 300 § 5; 2002 c 46 § 2; 2001 c 328 § 3. Formerly RCW 39.10.061.]

Sunset Act application: See note following chapter digest.

Effective date—2002 c 46: See note following RCW 39.10.300.

Effective date—2001 c 328: See note following RCW 39.10.210.

39.10.350 General contractor/construction manager procedure—Project management and contracting requirements. (1) A public body using the general contractor/construction manager contracting procedure shall provide for:

(a) The preparation of appropriate, complete, and coordinated design documents;

(b) Confirmation that a constructability analysis of the design documents has been performed prior to solicitation of a subcontract bid package;

(c) Reasonable budget contingencies totaling not less than five percent of the anticipated contract value;

(d) To the extent appropriate, on-site architectural or engineering representatives during major construction or installation phases;

(e) Employment of staff or consultants with expertise and prior experience in the management of comparable projects, critical path method schedule review and analysis, and the administration, pricing, and negotiation of change orders;

(f) Contract documents that include alternative dispute resolution procedures to be attempted before the initiation of litigation;

(g) Contract documents that: (i) Obligate the public owner to accept or reject a request for equitable adjustment, change order, or claim within a specified time period but no later than sixty calendar days after the receipt by the public body of related documentation; and (ii) provide that if the public owner does not respond in writing to a request for equitable adjustment, change order, or claim within the specified time period, the request is deemed denied;

(h) Submission of project information, as required by the board; and

(i) Contract documents that require the contractor, subcontractors, and designers to submit project information required by the board.

(2) A public body using the general contractor/construction manager contracting procedure may include an incentive clause for early completion, cost savings, or other performance goals if such incentives are identified in the request for proposals. No incentives granted may exceed five percent of the maximum allowable construction cost. No incentives may be paid from any contingency fund established for coordination of the construction documents or coordination of the work.

(3) If the construction is completed for less than the maximum allowable construction cost, any savings not otherwise

negotiated as part of an incentive clause shall accrue to the public body. If the construction is completed for more than the maximum allowable construction cost, the additional cost is the responsibility of the general contractor/construction manager.

(4) If the public body and the general contractor/construction manager agree, in writing, on a price for additional work, the public body must issue a change order within thirty days of the written agreement. If the public body does not issue a change order within the thirty days, interest shall accrue on the dollar amount of the additional work satisfactorily completed until a change order is issued. The public body shall pay this interest at a rate of one percent per month. [2007 c 494 § 302.]

Sunset Act application: See note following chapter digest.

39.10.360 General contractor/construction manager procedure—Contract award process. (1) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(2) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available;

(b) The reasons for using the general contractor/construction manager procedure;

(c) A description of the qualifications to be required of the firm, including submission of the firm's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors;

(e) The form of the contract, including any contract for preconstruction services, to be awarded;

(f) The estimated maximum allowable construction cost; and

(g) The bid instructions to be used by the general contractor/construction manager finalists.

(3) Evaluation factors for selection of the general contractor/construction [manager] shall include, but not be limited to:

(a) Ability of the firm's professional personnel;

(b) The firm's past performance in negotiated and complex projects;

(c) The firm's ability to meet time and budget requirements;

(d) The scope of work the firm proposes to self-perform and its ability to perform that work;

(e) The firm's proximity to the project location;

(f) Recent, current, and projected workloads of the firm; and

(g) The firm's approach to executing the project.

(4) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, these finalists shall submit final proposals,

(2008 Ed.)

including sealed bids for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals. A public body shall not evaluate or disqualify a proposal based on the terms of a collective bargaining agreement.

(5) Public bodies may contract with the selected firm to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase. [2007 c 494 § 303.]

Sunset Act application: See note following chapter digest.

39.10.370 General contractor/construction manager procedure—Maximum allowable construction cost. (1)

The maximum allowable construction cost shall be used to establish a total contract cost for which the general contractor/construction manager shall provide a performance and payment bond. The maximum allowable construction cost shall be negotiated between the public body and the selected firm when the construction documents and specifications are at least ninety percent complete.

(2) Major bid packages may be bid in accordance with RCW 39.10.380 before agreement on the maximum allowable construction cost between the public body and the selected general contractor/construction manager. The general contractor/construction manager may issue an intent to award to the responsible bidder submitting the lowest responsive bid.

(3) The public body may, at its option, authorize the general contractor/construction manager to proceed with the bidding and award of bid packages and construction before receipt of complete project plans and specifications. Any contracts awarded under this subsection shall be incorporated in the negotiated maximum allowable construction cost.

(4) The total contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the negotiated support services, and the percent fee on the negotiated maximum allowable construction cost. Negotiated support services may be included in the specified general conditions at the discretion of the public body.

(5) If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated.

(6) If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated. [2007 c 494 § 304.]

Sunset Act application: See note following chapter digest.

39.10.380 General contractor/construction manager procedure—Subcontract bidding procedure. (1) All subcontract work and equipment and material purchases shall be competitively bid with public bid openings. Subcontract bid packages and equipment and materials purchases shall be awarded to the responsible bidder submitting the lowest responsive bid. In preparing subcontract bid packages, the general contractor/construction manager shall not be required to violate or waive terms of a collective bargaining agreement.

(2) All subcontract bid packages in which bidder eligibility was not determined in advance shall include the specific objective criteria that will be used by the general contractor/construction manager and the public body to evaluate bidder responsibility. If the lowest bidder submitting a responsive bid is determined by the general contractor/construction manager and the public body not to be responsible, the general contractor/construction manager and the public body must provide written documentation to that bidder explaining their intent to reject the bidder as not responsible and afford the bidder the opportunity to establish that it is a responsible bidder. Responsibility shall be determined in accordance with criteria listed in the bid documents. Protests concerning bidder responsibility determination by the general contractor/construction manager and the public body shall be in accordance with subsection (4) of this section.

(3) All subcontractors who bid work over three hundred thousand dollars shall post a bid bond. All subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for the contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager.

(4) If the general contractor/construction manager receives a written protest from a subcontractor bidder or an equipment or material supplier, the general contractor/construction manager shall not execute a contract for the subcontract bid package or equipment or material purchase order with anyone other than the protesting bidder without first providing at least two full business days' written notice to all bidders of the intent to execute a contract for the subcontract bid package. The protesting bidder must submit written notice of its protest no later than two full business days following the bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted.

(5) A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(6) The general contractor/construction manager may negotiate with the lowest responsible and responsive bidder to negotiate an adjustment to the lowest bid or proposal price based upon agreed changes to the contract plans and specifications under the following conditions:

(a) All responsive bids or proposal prices exceed the available funds, as certified by an appropriate fiscal officer;

(b) The apparent low responsive bid or proposal does not exceed the available funds by the greater of one hundred twenty-five thousand dollars or two percent for projects valued over ten million dollars; and

(c) The negotiated adjustment will bring the bid or proposal price within the amount of available funds.

(7) If the negotiation is unsuccessful, the subcontract work or equipment or material purchases must be rebid.

(8) The general contractor/construction manager must provide a written explanation if all bids are rejected. [2007 c 494 § 305.]

Sunset Act application: See note following chapter digest.

39.10.390 General contractor/construction manager procedure—Subcontract work. (1) Except as provided in this section, bidding on subcontract work or for the supply of equipment or materials by the general contractor/construction manager or its subsidiaries is prohibited.

(2) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work or for the supply of equipment or materials if:

(a) The work within the subcontract bid package or equipment or materials is customarily performed or supplied by the general contractor/construction manager;

(b) The bid opening is managed by the public body and is in compliance with RCW 39.10.380; and

(c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package or for the equipment or materials.

(3) In no event may the general contractor/construction manager or its subsidiaries purchase equipment or materials for assignment to subcontract bid package bidders for installation or warranty. The value of subcontract work performed and equipment and materials supplied by the general contractor/construction manager may not exceed thirty percent of the negotiated maximum allowable construction cost. Negotiated support services performed by the general contractor/construction manager shall not be considered subcontract work for purposes of this subsection. [2007 c 494 § 306.]

Sunset Act application: See note following chapter digest.

39.10.400 General contractor/construction manager procedure—Prebid determination of subcontractor eligibility. (1) If determination of subcontractor eligibility prior to seeking bids is in the best interest of the project and critical to the successful completion of a subcontract bid package, the general contractor/construction manager and the public body may determine subcontractor eligibility to bid. The general contractor/construction manager and the public body must:

(a) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding the justification for conducting bidder eligibility, the evaluation criteria, and weights for each criteria and subcriteria;

(b) Publish a notice of intent to evaluate and determine bidder eligibility in a legal newspaper published in or as near as possible to that part of the county where the public work will be constructed at least fourteen calendar days before conducting a public hearing;

(c) Ensure the public hearing notice includes the date, time, and location of the hearing, a statement justifying the basis and need for performing eligibility analysis before bid opening, and specific eligibility criteria and applicable weights given to each criteria and subcriteria that will be used during evaluation;

(d) After the public hearing, consider written and verbal comments received and determine if establishing bidder eligibility in advance of seeking bids is in the best interests of the project and critical to the successful completion of a subcontract bid package; and

(e) Issue a written final determination to all interested parties. All protests of the decision to establish bidder eligibility before issuing a subcontractor bid package must be filed with the superior court within seven calendar days of the final determination. Any modifications to the eligibility criteria and weights shall be based on comments received during the public hearing process and shall be included in the final determination.

(2) Determinations of bidder eligibility shall be in accordance with the evaluation criteria and weights for each criteria established in the final determination and shall be provided to interested persons upon request. Any potential bidder determined not to meet eligibility criteria must be afforded the opportunity to establish its eligibility. Protests concerning bidder eligibility determinations shall be in accordance with subsection (1) of this section. [2007 c 494 § 307.]

Sunset Act application: See note following chapter digest.

39.10.410 General contractor/construction manager procedure—Subcontract agreements. Subcontract agreements used by the general contractor/construction manager shall not:

(1) Delegate, restrict, or assign the general contractor/construction manager's implied duty not to hinder or delay the subcontractor. Nothing in this subsection (1) prohibits the general contractor/construction manager from requiring subcontractors not to hinder or delay the work of the general contractor/construction manager or other subcontractors and to hold subcontractors responsible for such damages;

(2) Delegate, restrict, or assign the general contractor/construction manager's authority to resolve subcontractor conflicts. The general contractor/construction manager may delegate or assign coordination of specific elements of the work, including: (a) The coordination of shop drawings among subcontractors; (b) the coordination among subcontractors in ceiling spaces and mechanical rooms; and (c) the coordination of a subcontractor's lower tier subcontractors. Nothing in this subsection prohibits the general contractor/construction manager from imposing a duty on its subcontractors to cooperate with the general contractor/construction manager and other subcontractors in the coordination of the work;

(3) Restrict the subcontractor's right to damages for changes to the construction schedule or work to the extent that the delay or disruption is caused by the general contractor/construction manager or entities acting for it. The general contractor/construction manager may require the subcontractor to provide notice that rescheduling or resequencing will result in delays or additional costs;

(4) Require the subcontractor to bear the cost of trade damage repair except to the extent the subcontractor is responsible for the damage. Nothing in this subsection (4) precludes the general contractor/construction manager from

(2008 Ed.)

requiring the subcontractor to take reasonable steps to protect the subcontractor's work from trade damage; or

(5) Require the subcontractor to execute progress payment applications that waive claims for additional time or compensation or bond or retainage rights as a condition of receipt of progress payment, except to the extent the subcontractor has received or will receive payment. Nothing in this section precludes the general contractor/construction manager from requiring the subcontractor to provide notice of claims for additional time or compensation as a condition precedent to right of recovery or to execute a full and final release, including a waiver of bond and retainage rights, as a condition of final payment. [2007 c 494 § 308.]

39.10.420 Job order procedure—Which public bodies may use—Authorized use. (1) The following public bodies are authorized to use the job order contracting procedure:

- (a) The department of general administration;
- (b) The University of Washington;
- (c) Washington State University;
- (d) Every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755;
- (e) Every county with a population greater than four hundred fifty thousand;
- (f) Every port district with total revenues greater than fifteen million dollars per year;
- (g) Every public utility district with revenues from energy sales greater than twenty-three million dollars per year;
- (h) Every school district; and
- (i) The state ferry system.

(2) The department of general administration may issue job order contract work orders for Washington state parks department projects.

(3) Public bodies may use a job order contract for public works projects when a determination is made that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for the construction of public works projects for repair and renovation required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project. [2007 c 494 § 401; 2003 c 301 § 1. Formerly RCW 39.10.130.]

Sunset Act application: See note following chapter digest.

39.10.430 Job order procedure—Contract award process. (1) Job order contracts shall be awarded through a competitive process using public requests for proposals.

(2) The public body shall make an effort to solicit proposals from certified minority or certified woman-owned contractors to the extent permitted by the Washington state civil rights act, RCW 49.60.400.

(3) The public body shall publish, at least once in a state-wide publication and legal newspaper of general circulation published in every county in which the public works project

is anticipated, a request for proposals for job order contracts and the availability and location of the request for proposal documents. The public body shall ensure that the request for proposal documents at a minimum includes:

(a) A detailed description of the scope of the job order contract including performance, technical requirements and specifications, functional and operational elements, minimum and maximum work order amounts, duration of the contract, and options to extend the job order contract;

(b) The reasons for using job order contracts;

(c) A description of the qualifications required of the proposer;

(d) The identity of the specific unit price book to be used;

(e) The minimum contracted amount committed to the selected job order contractor;

(f) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. The public body shall ensure that evaluation factors include, but are not limited to, proposal price and the ability of the proposer to perform the job order contract. In evaluating the ability of the proposer to perform the job order contract, the public body may consider: The ability of the professional personnel who will work on the job order contract; past performance on similar contracts; ability to meet time and budget requirements; ability to provide a performance and payment bond for the job order contract; recent, current, and projected workloads of the proposer; location; and the concept of the proposal;

(g) The form of the contract to be awarded;

(h) The method for pricing renewals of or extensions to the job order contract;

(i) A notice that the proposals are subject to RCW 39.10.470; and

(j) Other information relevant to the project.

(4) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, the finalists shall submit final proposals, including sealed bids based upon the identified unit price book. Such bids may be in the form of coefficient markups from listed price book costs. The public body shall award the contract to the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public request for proposals and will notify the board of the award of the contract.

(5) The public body shall provide a protest period of at least ten business days following the day of the announcement of the apparent successful proposal to allow a protester to file a detailed statement of the grounds of the protest. The public body shall promptly make a determination on the merits of the protest and provide to all proposers a written decision of denial or acceptance of the protest. The public body shall not execute the contract until two business days following the public body's decision on the protest.

(6) The requirements of RCW 39.30.060 do not apply to requests for proposals for job order contracts. [2007 c 494 § 402.]

Sunset Act application: See note following chapter digest.

39.10.440 Job order procedure—Contract requirements. (1) The maximum total dollar amount that may be

awarded under a job order contract is four million dollars per year for a maximum of three years.

(2) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(3) A public body may have no more than two job order contracts in effect at any one time, with the exception of the department of general administration, which may have four job order contracts in effect at any one time.

(4) At least ninety percent of work contained in a job order contract must be subcontracted to entities other than the job order contractor. The job order contractor must distribute contracts as equitably as possible among qualified and available subcontractors including minority and woman-owned subcontractors to the extent permitted by law.

(5) The job order contractor shall publish notification of intent to perform public works projects at the beginning of each contract year in a statewide publication and in a legal newspaper of general circulation in every county in which the public works projects are anticipated.

(6) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.

(7) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the contract award coefficient for services as specified in the request for proposals. This is the contractor's sole remedy.

(8) All job order contracts awarded under this section must be signed before July 1, 2013; however the job order contract may be extended or renewed as provided for in this section.

(9) Public bodies may amend job order contracts awarded prior to July 1, 2007, in accordance with this chapter. [2007 c 494 § 403.]

Sunset Act application: See note following chapter digest.

39.10.450 Job order procedure—Work orders. (1) The maximum dollar amount for a work order is three hundred fifty thousand dollars. For each job order contract, public bodies shall not issue more than two work orders equal to or greater than three hundred thousand dollars in a twelve-month contract period.

(2) All work orders issued for the same project shall be treated as a single work order for purposes of the dollar limit on work orders.

(3) No more than twenty percent of the dollar value of a work order may consist of items of work not contained in the unit price book.

(4) Any new permanent, enclosed building space constructed under a work order shall not exceed two thousand gross square feet.

(5) A public body may issue no work orders under a job order contract until it has approved, in consultation with the office of minority and women's business enterprises or the equivalent local agency, a plan prepared by the job order contractor that equitably spreads certified women and minority business enterprise subcontracting opportunities, to the extent permitted by the Washington state civil rights act, RCW 49.60.400, among the various subcontract disciplines.

(6) For purposes of chapters 39.08, 39.12, 39.76, and 60.28 RCW, each work order issued shall be treated as a separate contract. The alternate filing provisions of RCW 39.12.040(2) apply to each work order that otherwise meets the eligibility requirements of RCW 39.12.040(2).

(7) The job order contract shall not be used for the procurement of architectural or engineering services not associated with specific work orders. Architectural and engineering services shall be procured in accordance with RCW 39.80.040. [2007 c 494 § 404.]

Sunset Act application: See note following chapter digest.

39.10.460 Job order procedure—Required information to board. A public body shall provide to the board the following information for each job order contract at the end of each contract year:

- (1) A list of work orders issued;
- (2) The cost of each work order;
- (3) A list of subcontractors hired under each work order;
- (4) If requested by the board, a copy of the intent to pay prevailing wage and the affidavit of wages paid for each work order subcontract; and

(2) Trade secrets, as defined in RCW 19.108.010, or other proprietary information submitted by a bidder, offeror, or contractor in connection with an alternative public works transaction under this chapter shall not be subject to chapter 42.56 RCW if the bidder, offeror, or contractor specifically states in writing the reasons why protection is necessary, and identifies the data or materials to be protected. In that event, the normal contracting or procurement limits or requirements of a public body as imposed by statute, ordinance, resolution, or regulation shall be deemed waived or amended only to the extent necessary to accommodate such procedures for a particular public works project. [1994 c 132 § 9. Formerly RCW 39.10.090.]

39.12.010 Definitions. (1) The "prevailing rate of wage", for the intents and purposes of this chapter, shall be the rate of hourly wage, usual benefits, and overtime paid in the locality, as hereinafter defined, to the majority of workers, laborers, or mechanics, in the same trade or occupation.

In the event that there is not a majority in the same trade or occupation paid at the same rate, then the average rate of hourly wage and overtime paid to such laborers, workers, or mechanics in the same trade or occupation shall be the prevailing rate. If the wage paid by any contractor or subcontractor to laborers, workers, or mechanics on any public work is based on some period of time other than an hour, the hourly wage for the purposes of this chapter shall be mathematically determined by the number of hours worked in such period of time.

(2) The "locality" for the purposes of this chapter shall be the largest city in the county wherein the physical work is being performed.

(3) The "usual benefits" for the purposes of this chapter shall include the amount of:

(a) The rate of contribution irrevocably made by a contractor or subcontractor to a trustee or to a third person pursuant to a fund, plan, or program; and

(b) The rate of costs to the contractor or subcontractor which may be reasonably anticipated in providing benefits to workers, laborers, and mechanics pursuant to an enforceable commitment to carry out a financially responsible plan or program which was communicated in writing to the workers, laborers, and mechanics affected, for medical or hospital care, pensions on retirement or death, compensation for injuries or illness resulting from occupational activity, or insurance to provide any of the foregoing, for unemployment benefits, life insurance, disability and sickness insurance, or accident insurance, for vacation and holiday pay, for defraying costs of apprenticeship or other similar programs, or for other bona fide fringe benefits, but only where the contractor or subcontractor is not required by other federal, state, or local law to provide any of such benefits.

(4) An "interested party" for the purposes of this chapter shall include a contractor, subcontractor, an employee of a contractor or subcontractor, an organization whose members' wages, benefits, and conditions of employment are affected by this chapter, and the director of labor and industries or the director's designee. [1989 c 12 § 6; 1985 c 15 § 1; 1965 ex.s. c 133 § 1; 1945 c 63 § 3; Rem. Supp. 1945 § 10322-22.]

39.12.015 Industrial statistician to make determinations of prevailing rate. All determinations of the prevailing rate of wage shall be made by the industrial statistician of the department of labor and industries. [1965 ex.s. c 133 § 2.]

39.12.020 Prevailing rate to be paid on public works and under public building service maintenance contracts—Posting of statement of intent—Exception. The hourly wages to be paid to laborers, workers, or mechanics, upon all public works and under all public building service maintenance contracts of the state or any county, municipality or political subdivision created by its laws, shall be not less than the prevailing rate of wage for an hour's work in the same trade or occupation in the locality within the state where such labor is performed. For a contract in excess of ten thousand dollars, a contractor required to pay the prevailing rate of wage shall post in a location readily visible to workers at the job site: PROVIDED, That on road construction, sewer

line, pipeline, transmission line, street, or alley improvement projects for which no field office is needed or established, a contractor may post the prevailing rate of wage statement at the contractor's local office, gravel crushing, concrete, or asphalt batch plant as long as the contractor provides a copy of the wage statement to any employee on request:

(1) A copy of a statement of intent to pay prevailing wages approved by the industrial statistician of the department of labor and industries under RCW 39.12.040; and

(2) The address and telephone number of the industrial statistician of the department of labor and industries where a complaint or inquiry concerning prevailing wages may be made.

This chapter shall not apply to workers or other persons regularly employed by the state, or any county, municipality, or political subdivision created by its laws. [2007 c 169 § 1; 1989 c 12 § 7; 1982 c 130 § 1; 1981 c 46 § 1; 1967 ex.s. c 14 § 1; 1945 c 63 § 1; Rem. Supp. 1945 § 10322-20.]

Any worker for whom an apprenticeship agreement has not been registered and approved by the state apprenticeship council shall be considered to be a fully qualified journey level worker, and, therefore, shall be paid at the prevailing hourly rate for journey level workers. [1989 c 12 § 8; 1963 c 93 § 1.]

39.12.022 Vocationally handicapped—Exemption from RCW 39.12.020—Procedure. The director of the department of labor and industries, to the extent necessary in order to prevent curtailment of opportunities for employment, shall by regulations provide for the employment of individuals whose earning capacity is impaired by physical or mental deficiency or injury, under special certificates issued by the director, at such wages lower than the prevailing rate applicable under RCW 39.12.020 and for such period as shall be fixed in such certificates. [1972 ex.s. c 91 § 1.]

39.12.026 Surveys—Applicability by county. (1) In establishing the prevailing rate of wage under RCW 39.12.010, 39.12.015, and 39.12.020, all data collected by the department may be used only in the county for which the work was performed.

(2) This section applies only to prevailing wage surveys initiated on or after August 1, 2003. [2003 c 363 § 206.]

Findings—Intent—2003 c 363 §§ 201-206: See note following RCW 49.04.041.

Part headings not law—Severability—2003 c 363: See notes following RCW 47.28.241.

39.12.030 Contract specifications must state minimum hourly rate—Stipulation for payment. The specifications for every contract for the construction, reconstruction, maintenance or repair of any public work to which the state or any county, municipality, or political subdivision created by its laws is a party, shall contain a provision stating the

hourly minimum rate of wage, not less than the prevailing rate of wage, which may be paid to laborers, workers, or mechanics in each trade or occupation required for such public work employed in the performance of the contract either by the contractor, subcontractor or other person doing or contracting to do the whole or any part of the work contemplated by the contract, and the contract shall contain a stipulation that such laborers, workers, or mechanics shall be paid not less than such specified hourly minimum rate of wage. [1989 c 12 § 9; 1945 c 63 § 2; Rem. Supp. 1945 § 10322-21.]

39.12.040 Statement of intent to pay prevailing wages, affidavit of wages paid—Alternative procedure.

(1) Except as provided in subsection (2) of this section, before payment is made by or on behalf of the state, or any county, municipality, or political subdivision created by its laws, of any sum or sums due on account of a public works contract, it shall be the duty of the officer or person charged with the custody and disbursement of public funds to require the contractor and each and every subcontractor from the contractor or a subcontractor to submit to such officer a "Statement of Intent to Pay Prevailing Wages". For a contract in excess of ten thousand dollars, the statement of intent to pay prevailing wages shall include:

(a) The contractor's registration certificate number; and

(b) The prevailing rate of wage for each classification of workers entitled to prevailing wages under RCW 39.12.020 and the estimated number of workers in each classification.

Each statement of intent to pay prevailing wages must be approved by the industrial statistician of the department of labor and industries before it is submitted to said officer. Unless otherwise authorized by the department of labor and industries, each voucher claim submitted by a contractor for payment on a project estimate shall state that the prevailing wages have been paid in accordance with the prefiled statement or statements of intent to pay prevailing wages on file with the public agency. Following the final acceptance of a public works project, it shall be the duty of the officer charged with the disbursement of public funds, to require the contractor and each and every subcontractor from the contractor or a subcontractor to submit to such officer an "Affidavit of Wages Paid" before the funds retained according to the provisions of RCW 60.28.010 are released to the contractor. Each affidavit of wages paid must be certified by the industrial statistician of the department of labor and industries before it is submitted to said officer.

(2) As an alternate to the procedures provided for in subsection (1) of this section, for public works projects of two thousand five hundred dollars or less and for projects where the limited public works process under RCW 39.04.155(3) is followed:

(a) An awarding agency may authorize the contractor or subcontractor to submit the statement of intent to pay prevailing wages directly to the officer or person charged with the custody or disbursement of public funds in the awarding agency without approval by the industrial statistician of the department of labor and industries. The awarding agency shall retain such statement of intent to pay prevailing wages for a period of not less than three years.

(b) Upon final acceptance of the public works project, the awarding agency shall require the contractor or subcontractor

tractor to submit an affidavit of wages paid. Upon receipt of the affidavit of wages paid, the awarding agency may pay the contractor or subcontractor in full, including funds that would otherwise be retained according to the provisions of RCW 60.28.010. Within thirty days of receipt of the affidavit of wages paid, the awarding agency shall submit the affidavit of wages paid to the industrial statistician of the department of labor and industries for approval.

(c) A statement of intent to pay prevailing wages and an affidavit of wages paid shall be on forms approved by the department of labor and industries.

(d) In the event of a wage claim and a finding for the claimant by the department of labor and industries where the awarding agency has used the alternative process provided for in subsection (2) of this section, the awarding agency shall pay the wages due directly to the claimant. If the contractor or subcontractor did not pay the wages stated in the affidavit of wages paid, the awarding agency may take action at law to seek reimbursement from the contractor or subcontractor of wages paid to the claimant, and may prohibit the contractor or subcontractor from bidding on any public works contract of the awarding agency for up to one year.

(e) Nothing in this section shall be interpreted to allow an awarding agency to subdivide any public works project of more than two thousand five hundred dollars for the purpose of circumventing the procedures required by RCW 39.12.040(1). [2007 c 210 § 4; 1991 c 15 § 1; 1982 c 130 § 2; 1981 c 46 § 2; 1975-'76 2nd ex.s. c 49 § 1; 1965 ex.s. c 133 § 3; 1945 c 63 § 4; Rem. Supp. 1945 § 10322-23.]

39.12.042 Compliance with RCW 39.12.040—Liability of public agencies to workers, laborers, or mechanics. If any agency of the state, or any county, municipality, or political subdivision created by its laws shall knowingly fail to comply with the provisions of RCW 39.12.040 as now or hereafter amended, such agency of the state, or county, municipality, or political subdivision created by its laws, shall be liable to all workers, laborers, or mechanics to the full extent and for the full amount of wages due, pursuant to the prevailing wage requirements of RCW 39.12.020. [1993 c 404 § 3; 1989 c 12 § 11; 1975-'76 2nd ex.s. c 49 § 2.]

Effective date—1993 c 404: See note following RCW 39.12.070.

39.12.050 False statement or failure to file—Penalty—Unpaid wages lien against bond and retainage—Prohibitions on bidding on future contracts—Hearing. (1) Any contractor or subcontractor who files a false statement or fails to file any statement or record required to be filed under this chapter and the rules adopted under this chapter, shall, after a determination to that effect has been issued by the director after hearing under chapter 34.05 RCW, forfeit as a civil penalty the sum of five hundred dollars for each false filing or failure to file, and shall not be permitted to bid, or have a bid considered, on any public works contract until the penalty has been paid in full to the director. The civil penalty under this subsection shall not apply to a violation determined by the director to be an inadvertent filing or reporting error. Civil penalties shall be deposited in the public works administration account.

To the extent that a contractor or subcontractor has not paid wages at the rate due pursuant to RCW 39.12.020, and a finding to that effect has been made as provided by this subsection, such unpaid wages shall constitute a lien against the bonds and retainage as provided in RCW 18.27.040, 19.28.041, 39.08.010, and 60.28.010.

(2) If a contractor or subcontractor is found to have violated the provisions of subsection (1) of this section for a second time within a five year period, the contractor or subcontractor shall be subject to the sanctions prescribed in subsection (1) of this section and shall not be allowed to bid on any public works contract for one year. The one year period shall run from the date of notice by the director of the determination of noncompliance. When an appeal is taken from the director's determination, the one year period shall commence from the date of the final determination of the appeal.

The director shall issue his or her findings that a contractor or subcontractor has violated the provisions of this subsection after a hearing held subject to the provisions of chapter 34.05 RCW. [2001 c 219 § 1; 1985 c 15 § 3; 1977 ex.s. c 71 § 1; 1973 c 120 § 1; 1945 c 63 § 5; Rem. Supp. 1945 § 10322-24.]

Severability—1985 c 15: See note following RCW 39.12.065.

39.12.055 Prohibitions on bidding on future contracts. A contractor shall not be allowed to bid on any public works contract for one year from the date of a final determination that the contractor has committed any combination of two of the following violations or infractions within a five-year period:

(1) Violated RCW 51.48.020(1) or 51.48.103; or

(2) Committed an infraction or violation under chapter 18.27 RCW for performing work as an unregistered contractor. [2008 c 120 § 3.]

Conflict with federal requirements—Severability—2008 c 120: See notes following RCW 18.27.030.

39.12.060 Director of labor and industries to arbitrate disputes. Such contract shall contain a further provision that in case any dispute arises as to what are the prevailing rates of wages for work of a similar nature and such dispute cannot be adjusted by the parties in interest, including labor and management representatives, the matter shall be referred for arbitration to the director of the department of labor and industries of the state and his or her decision therein shall be final and conclusive and binding on all parties involved in the dispute. [1989 c 12 § 10; 1965 ex.s. c 133 § 4; 1945 c 63 § 6; Rem. Supp. 1945 § 10322-25.]

Arbitration of disputes: Chapter 49.08 RCW.

Uniform arbitration act: Chapter 7.04A RCW.

39.12.065 Investigation of complaints—Hearing—Remedies—Penalties. (1) Upon complaint by an interested party, the director of labor and industries shall cause an investigation to be made to determine whether there has been compliance with this chapter and the rules adopted hereunder, and if the investigation indicates that a violation may have occurred, a hearing shall be held in accordance with chapter 34.05 RCW. The director shall issue a written determination including his or her findings after the hearing. A

judicial appeal from the director's determination may be taken in accordance with chapter 34.05 RCW, with the prevailing party entitled to recover reasonable costs and attorneys fees.

A complaint concerning nonpayment of the prevailing rate of wage shall be filed with the department of labor and industries no later than thirty days from the acceptance date of the public works project. The failure to timely file such a complaint shall not prohibit a claimant from pursuing a private right of action against a contractor or subcontractor for unpaid prevailing wages. The remedy provided by this section is not exclusive and is concurrent with any other remedy provided by law.

(2) To the extent that a contractor or subcontractor has not paid the prevailing rate of wage under a determination issued as provided in subsection (1) of this section, the director shall notify the agency awarding the public works contract of the amount of the violation found, and the awarding agency shall withhold, or in the case of a bond, the director shall proceed against the bond in accordance with the applicable statute to recover, such amount from the following sources in the following order of priority until the total of such amount is withheld:

(a) The retainage or bond in lieu of retainage as provided in RCW 60.28.010;

(b) If the claimant was employed by the contractor or subcontractor on the public works project, the bond filed by the contractor or subcontractor with the department of labor and industries as provided in RCW 18.27.040 and 19.28.041;

(c) A surety bond, or at the contractor's or subcontractor's option an escrow account, running to the director in the amount of the violation found; and

(d) That portion of the progress payments which is properly allocable to the contractor or subcontractor who is found to be in violation of this chapter. Under no circumstances shall any portion of the progress payments be withheld that are properly allocable to a contractor, subcontractor, or supplier, that is not found to be in violation of this chapter.

The amount withheld shall be released to the director to distribute in accordance with the director's determination.

(3) A contractor or subcontractor that is found, in accordance with subsection (1) of this section, to have violated the requirement to pay the prevailing rate of wage shall be subject to a civil penalty of not less than one thousand dollars or an amount equal to twenty percent of the total prevailing wage violation found on the contract, whichever is greater, and shall not be permitted to bid, or have a bid considered, on any public works contract until such civil penalty has been paid in full to the director. If a contractor or subcontractor is found to have participated in a violation of the requirement to pay the prevailing rate of wage for a second time within a five-year period, the contractor or subcontractor shall be subject to the sanctions prescribed in this subsection and as an additional sanction shall not be allowed to bid on any public works contract for two years. Civil penalties shall be deposited in the public works administration account. If a previous or subsequent violation of a requirement to pay a prevailing rate of wage under federal or other state law is found against the contractor or subcontractor within five years from a violation under this section, the contractor or subcontractor shall not be allowed to bid on any public works contract for two

(2008 Ed.)

years. A contractor or subcontractor shall not be barred from bidding on any public works contract if the contractor or subcontractor relied upon written information from the department to pay a prevailing rate of wage that is later determined to be in violation of this chapter. The civil penalty and sanctions under this subsection shall not apply to a violation determined by the director to be an inadvertent filing or reporting error. To the extent that a contractor or subcontractor has not paid the prevailing wage rate under a determination issued as provided in subsection (1) of this section, the unpaid wages shall constitute a lien against the bonds and retainage as provided herein and in RCW 18.27.040, 19.28.041, 39.08.010, and 60.28.010. [2001 c 219 § 2; 1994 c 88 § 1; 1985 c 15 § 2.]

Severability—1985 c 15: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1985 c 15 § 4.]

39.12.070 Fees authorized for approvals, certifications, and arbitrations. The department of labor and industries may charge fees to awarding agencies on public works for the approval of statements of intent to pay prevailing wages and the certification of affidavits of wages paid. The department may also charge fees to persons or organizations requesting the arbitration of disputes under RCW 39.12.060. The amount of the fees shall be established by rules adopted by the department under the procedures in the administrative procedure act, chapter 34.05 RCW. The fees shall apply to all approvals, certifications, and arbitration requests made after the effective date of the rules. All fees shall be deposited in the public works administration account. The department may refuse to arbitrate for contractors, subcontractors, persons, or organizations which have not paid the proper fees. The department may, if necessary, request the attorney general to take legal action to collect delinquent fees.

The department shall set the fees permitted by this section at a level that generates revenue that is as near as practicable to the amount of the appropriation to administer this chapter, including, but not limited to, the performance of adequate wage surveys, and to investigate and enforce all alleged violations of this chapter, including, but not limited to, incorrect statements of intent to pay prevailing wage, incorrect certificates of affidavits of wages paid, and wage claims, as provided for in this chapter and chapters 49.48 and 49.52 RCW. However, the fees charged for the approval of statements of intent to pay prevailing wages and the certification of affidavits of wages paid shall be forty dollars. 39.12.080 Public works administration account. The public works administration account is created in the state

treasury. The department of labor and industries shall deposit in the account all moneys received from fees or civil penalties collected under RCW 39.12.050, 39.12.065, and 39.12.070. Appropriations from the account may be made only for the purposes of administration of this chapter, including, but not limited to, the performance of adequate wage surveys, and for the investigation and enforcement of all alleged violations of this chapter as provided for in this chapter and chapters 49.48 and 49.52 RCW. [2006 c 230 § 2; 2001 c 219 § 3; 1993 c 404 § 2.]

39.12.900 Severability—1945 c 63. If any section or provision of this chapter shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the chapter as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional. Minority and women business development office: RCW 43.31.0925.

39.19.010 Intent. The legislature finds that minority and women-owned businesses are significantly under-represented and have been denied equitable competitive opportunities in contracting. It is the intent of this chapter to mitigate societal discrimination and other factors in participating in public works and in providing goods and services and to delineate a policy that an increased level of participation by

minority and women-owned and controlled businesses is desirable at all levels of state government. The purpose and intent of this chapter are to provide the maximum practicable opportunity for increased participation by minority and women-owned and controlled businesses in participating in public works and the process by which goods and services are procured by state agencies and educational institutions from the private sector. [1987 c 328 § 1; 1983 c 120 § 1.]

39.19.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Advisory committee" means the advisory committee on minority and women's business enterprises.

(2) "Broker" means a person that provides a bona fide service, such as professional, technical, consultant, brokerage, or managerial services and assistance in the procurement of essential personnel, facilities, equipment, materials, or supplies required for performance of a contract.

(3) "Director" means the director of the office of minority and women's business enterprises.

(4) "Educational institutions" means the state universities, the regional universities, The Evergreen State College, and the community colleges.

(5) "Goals" means annual overall agency goals, expressed as a percentage of dollar volume, for participation by minority and women-owned and controlled businesses and shall not be construed as a minimum goal for any particular contract or for any particular geographical area. It is the intent of this chapter that such overall agency goals shall be achievable and shall be met on a contract-by-contract or class-of-contract basis.

(6) "Goods and/or services" includes professional services and all other goods and services.

(7) "Office" means the office of minority and women's business enterprises.

(8) "Person" includes one or more individuals, partnerships, associations, organizations, corporations, cooperatives, legal representatives, trustees and receivers, or any group of persons.

(9) "Procurement" means the purchase, lease, or rental of any goods or services.

(10) "Public works" means all work, construction, highway and ferry construction, alteration, repair, or improvement other than ordinary maintenance, which a state agency or educational institution is authorized or required by law to undertake.

(11) "State agency" includes the state of Washington and all agencies, departments, offices, divisions, boards, commissions, and correctional and other types of institutions. [1996 c 69 § 4; 1987 c 328 § 2; 1983 c 120 § 2.]

Intent—1996 c 69: See note following RCW 39.19.030.

39.19.030 Office of minority and women's business enterprises—Director—Powers and duties. There is hereby created the office of minority and women's business enterprises. The governor shall appoint a director for the office, subject to confirmation by the senate. The director may employ a deputy director and a confidential secretary, both of which shall be exempt under chapter 41.06 RCW, and

such staff as are necessary to carry out the purposes of this chapter.

The office shall consult with the minority and women's business enterprises advisory committee to:

(1) Develop, plan, and implement programs to provide an opportunity for participation by qualified minority and women-owned and controlled businesses in public works and the process by which goods and services are procured by state agencies and educational institutions from the private sector;

(2) Develop a comprehensive plan insuring that qualified minority and women-owned and controlled businesses are provided an opportunity to participate in public contracts for public works and goods and services;

(3) Identify barriers to equal participation by qualified minority and women-owned and controlled businesses in all state agency and educational institution contracts;

(4) Establish annual overall goals for participation by qualified minority and women-owned and controlled businesses for each state agency and educational institution to be administered on a contract-by-contract basis or on a class-of-contracts basis;

(5) Develop and maintain a central minority and women's business enterprise certification list for all state agencies and educational institutions. No business is entitled to certification under this chapter unless it meets the definition of small business concern as established by the office. All applications for certification under this chapter shall be sworn under oath;

(6) Develop, implement, and operate a system of monitoring compliance with this chapter;

(7) Adopt rules under chapter 34.05 RCW, the Administrative Procedure Act, governing: (a) Establishment of agency goals; (b) development and maintenance of a central minority and women's business enterprise certification program, including a definition of "small business concern" which shall be consistent with the small business requirements defined under section 3 of the Small Business Act, 15 U.S.C. Sec. 632, and its implementing regulations as guidance; (c) procedures for monitoring and enforcing compliance with goals, regulations, contract provisions, and this chapter; (d) utilization of standard clauses by state agencies and educational institutions, as specified in RCW 39.19.050; and (e) determination of an agency's or educational institution's goal attainment consistent with the limitations of RCW 39.19.075;

(8) Submit an annual report to the governor and the legislature outlining the progress in implementing this chapter;

(9) Investigate complaints of violations of this chapter with the assistance of the involved agency or educational institution; and

(10) Cooperate and act jointly or by division of labor with the United States or other states, and with political subdivisions of the state of Washington and their respective minority, socially and economically disadvantaged and women business enterprise programs to carry out the purposes of this chapter. However, the power which may be exercised by the office under this subsection permits investigation and imposition of sanctions only if the investigation relates to a possible violation of chapter 39.19 RCW, and not to violation of local ordinances, rules, regulations, however denominated, adopted by political subdivisions of the state.

[1996 c 69 § 5; 1989 c 175 § 85; 1987 c 328 § 3; 1983 c 120 § 3.]

Intent—1996 c 69: "It is the intent of the legislature to ensure that the counting of the dollar value of an agency's or educational institution's expenditures to certified minority and women's business enterprises meaningfully reflects the actual financial participation of the certified businesses." [1996 c 69 § 3.]

Effective date—1989 c 175: See note following RCW 34.05.010.

39.19.041 Ad hoc advisory committees. The director may establish ad hoc advisory committees, as necessary, to assist in the development of policies to carry out the purposes of this chapter. [1995 c 269 § 1302.]

Effective date—1995 c 269: See note following RCW 9.94A.850.

Part headings not law—Severability—1995 c 269: See notes following RCW 13.40.005.

39.19.050 Standard clauses required in requests for proposals, advertisements, and bids. The rules adopted under RCW 39.19.030 shall include requirements for standard clauses in requests for proposals, advertisements, bids, or calls for bids, necessary to carry out the purposes of this chapter, which shall include notice of the statutory penalties under RCW 39.19.080 and 39.19.090 for noncompliance. [1983 c 120 § 5.]

39.19.060 Compliance with public works and procurement goals—Plan to maximize opportunity for minority and women-owned businesses. Each state agency and educational institution shall comply with the annual goals established for that agency or institution under this chapter for public works and procuring goods or services. This chapter applies to all public works and procurement by state agencies and educational institutions, including all contracts and other procurement under chapters 28B.10, 39.04, 39.29, 43.19, and 47.28 RCW. Each state agency shall adopt a plan, developed in consultation with the director and the advisory committee, to insure that minority and women-owned businesses are afforded the maximum practicable opportunity to directly and meaningfully participate in the execution of public contracts for public works and goods and services. The plan shall include specific measures the agency will undertake to increase the participation of certified minority and women-owned businesses. The office shall annually notify the governor, the state auditor, and the joint legislative audit and review committee of all agencies and educational institutions not in compliance with this chapter. [1996 c 288 § 28; 1993 c 512 § 9; 1983 c 120 § 6.]

Compliance with chapter 39.19 RCW: RCW 28B.10.023, 39.04.160, 39.29.050, 43.19.536, 47.28.030, 47.28.050, 47.28.090.

39.19.070 Compliance with goals—Bidding procedures. It is the intent of this chapter that the goals established under this chapter for participation by minority and women-owned and controlled businesses be achievable. If necessary to accomplish this intent, contracts may be awarded to the next lowest responsible bidder in turn, or all bids may be rejected and new bids obtained, if the lowest responsible bidder does not meet the goals established for a particular contract under this chapter. The dollar value of the total contract used for the calculation of the specific contract goal may be

increased or decreased to reflect executed change orders. An apparent low-bidder must be in compliance with the contract provisions required under this chapter as a condition precedent to the granting of a notice of award by any state agency or educational institution. [1994 c 15 § 1; 1987 c 328 § 4; 1983 c 120 § 7.]

39.19.075 Compliance with goals—Valuation of goods or services. For purposes of measuring an agency's or educational institution's goal attainment, any regulations adopted under RCW 39.19.030(7)(e) must provide that if a certified minority and women's business enterprise is a broker of goods or materials required under a contract, the contracting agency or educational institution may count only the dollar value of the fee or commission charged and not the value of goods or materials provided. The contracting agency or educational institution may, at its discretion, fix the dollar value of the fee or commission charged at either the actual dollar value of the fee or commission charged or at a standard percentage of the total value of the brokered goods, which percentage must reflect the fees or commissions generally paid to brokers for providing such services. [1996 c 69 § 6.]

Intent—1996 c 69: See note following RCW 39.19.030.

39.19.080 Prohibited activities—Penalties. (1) A person, firm, corporation, business, union, or other organization shall not:

(a) Prevent or interfere with a contractor's or subcontractor's compliance with this chapter, or any rule adopted under this chapter;

(b) Submit false or fraudulent information to the state concerning compliance with this chapter or any such rule;

(c) Fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a minority or women's business enterprise for the purpose of this chapter;

(d) Knowingly make a false statement, whether by affidavit, verified statement, report, or other representation, to a state official or employee for the purpose of influencing the certification or denial of certification of any entity as a minority or women's business enterprise;

(e) Knowingly obstruct, impede, or attempt to obstruct or impede any state official or employee who is investigating the qualification of a business entity that has requested certification as a minority or women's business enterprise;

(f) Fraudulently obtain, attempt to obtain, or aid another person in fraudulently obtaining or attempting to obtain public moneys to which the person is not entitled under this chapter; or

(g) Knowingly make false statements that any entity is or is not certified as a minority or women's business enterprise for purposes of obtaining a contract governed by this chapter.

(2) Any person or entity violating this chapter or any rule adopted under this chapter shall be subject to the penalties in RCW 39.19.090. Nothing in this section prevents the state agency or educational institution from pursuing such procedures or sanctions as are otherwise provided by statute, rule, or contract provision. [1987 c 328 § 5; 1983 c 120 § 8.]

39.19.090 Compliance with chapter or contract—Remedies. If a person, firm, corporation, or business does not comply with any provision of this chapter or with a contract requirement established under this chapter, the state may withhold payment, debar the contractor, suspend, or terminate the contract and subject the contractor to civil penalties of up to ten percent of the amount of the contract or up to five thousand dollars for each violation. The office shall adopt, by rule, criteria for the imposition of penalties under this section. Wilful repeated violations, exceeding a single violation, may disqualify the contractor from further participation in state contracts for a period of up to three years. An apparent low-bidder must be in compliance with the contract provisions required under this chapter as a condition precedent to the granting of a notice of award by any state agency or educational institution.

The office shall follow administrative procedures under chapter 34.05 RCW in determining a violation and imposing penalties under this chapter.

The procedures and sanctions in this section are not exclusive; nothing in this section prevents the state agency or educational institution administering the contracts from pursuing such procedures or sanctions as are otherwise provided by statute, rule, or contract provision. [1987 c 328 § 6; 1983 c 120 § 9.]

39.19.100 Enforcement by attorney general—Injunctive relief. The attorney general may bring an action in the name of the state against any person to restrain and prevent the doing of any act prohibited or declared to be unlawful in this chapter. The attorney general may, in the discretion of the court, recover the costs of the action including reasonable attorneys' fees and the costs of investigation. [1987 c 328 § 12.]

39.19.110 Enforcement by attorney general—Investigative powers. (1) Whenever the attorney general believes that any person (a) may be in possession, custody, or control of any original or copy of any book, record, report, memorandum, paper, communication, tabulation, map, chart, photograph, mechanical transcription, or other tangible document or recording, wherever situated, that the attorney general believes to be relevant to the subject matter of an investigation, the attorney general may require such person to answer written interrogatories or give oral testimony regarding a possible violation of this chapter, or of any provision of a contract as required by this chapter, or (b) may have knowledge of any information that the attorney general believes relevant to the subject matter of such an investigation, the attorney general may, before instituting a civil proceeding thereon, execute in writing and cause to be served upon such a person, a civil investigative demand requiring the person to produce the documentary material and permit inspection and copying, to answer in writing written interrogatories, to give oral testimony, or any combination of demands pertaining to the documentary material or information. Documents and information obtained under this section shall not be admissible in criminal prosecutions.

(2) Each such demand shall:

(4) "Consultant" means an independent individual or firm contracting with an agency to perform a service or render an opinion or recommendation according to the consultant's methods and without being subject to the control of the agency except as to the result of the work. (1) The service is critical to agency responsibilities or operations, or is mandated or authorized by the legislature;

(2) Sufficient staffing or expertise is not available within the agency to perform the service; and

(3) Other qualified public resources are not available to perform the service. [1993 c 433 § 6.]

(1) Emergency contracts;

(2) Sole source contracts;

Emergency contracts shall be filed with the office of financial management and made available for public inspection within three working days following the commencement of work or execution of the contract, whichever occurs first. Documented justification for emergency contracts shall be provided to the office of financial management when the contract is filed. [1998 c 101 § 4; 1996 c 288 § 29; 1987 c 414 § 4.]

These requirements shall also apply to sole source contracts of less than twenty thousand dollars if the total amount of such contracts between an agency and the same consultant is twenty thousand dollars or more within a fiscal year. Agencies shall ensure that the costs, fees, or rates negotiated in filed sole source contracts of twenty thousand dollars or more are reasonable. Reviser's note: This section was amended by 2002 c 200 § 2 and by 2002 c 260 § 11, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—2002 c 200: "The legislature finds that limited-English speaking and sensory-impaired applicants and recipients of public assistance often require interpreter services in order to communicate effectively with employees of the department of social and health services, medical professionals, and other social services personnel. The legislature further finds that interpreter services can be procured and delivered through a variety of different means. It is in the public's interest for the department to deliver interpreter services, to the extent funds are available, by the means which it determines most cost-effectively ensure that limited-English speaking and sensory-impaired persons are able to communicate with department employees and service providers." [2002 c 200 § 1.]

For reporting purposes, the director may establish categories for grouping of contracts. The procedures required under this section shall also include the criteria for amending personal service contracts. At the beginning of each biennium, the director may, by administrative policy, adjust the dollar thresholds prescribed in RCW 39.29.011, 39.29.018, 39.29.040, and *39.29.068 to levels not to exceed the percentage increase in the implicit price deflator. The office of financial management shall also ensure that state accounting definitions and procedures are consistent with RCW 39.29.006 and permit the reporting of personal services expenditures by agency and by type of service. Designations of type of services shall include, but not be limited to, management and organizational services, legal and expert witness services, financial services, computer and information services, social or technical research, marketing, communications, and employee training or recruiting services. Any city or town or metropolitan park district or county or library district may execute an executory conditional sales contract with a county or counties, the state or any of its political subdivisions, the government of the United States, or any private party for the purchase of any real or personal property, or property rights in connection with the exercise of any powers or duties which they now or hereafter are authorized to exercise, if the entire amount of the purchase price specified in such contract does not result in a total indebtedness in excess of three-fourths of one percent of the value of the taxable property in such library district or the maximum amount of nonvoter-approved indebtedness authorized in such county, city, town, or metropolitan park district. If such a proposed contract would result in a total indebtedness in excess of this amount, a proposition in regard to whether or not such a contract may be executed shall be submitted to the voters for approval or rejection in the same manner that bond issues for capital purposes are submitted to the voters. Any city or town or metropolitan park district or county or library district may jointly execute contracts authorized by this section, if the entire amount of the purchase price does not result in a joint total indebtedness in excess of the nonvoter-approved indebtedness limitation of any city, town, metropolitan park district, county, or library district that participates in the jointly executed contract. The term "value of the taxable property" shall have the meaning set forth in RCW 39.36.015. [1997 c 361 § 2; 1970 ex.s. c 42 § 26; 1963 c 92 § 1; 1961 c 158 § 1.]

In addition to any other remedies or penalties contained in any law, municipal charter, ordinance, resolution or other enactment, any municipal officer by or through whom or under whose supervision, in whole or in part, any contract is made in willful and intentional violation of any law, municipal charter, ordinance, resolution or other enactment requiring competitive bidding or procurement procedures for consulting, architectural, engineering, or other services, upon such contract shall be held liable to a civil penalty of not less than three hundred dollars and may be held liable, jointly and severally with any other such municipal officer, for all consequential damages to the municipal corporation. If, as a result of a criminal action, the violation is found to have been intentional, the municipal officer shall immediately forfeit his or her office. For purposes of this section, "municipal officer" means an "officer" or "municipal officer" as those terms are defined in RCW 42.23.020(2). [2008 c 130 § 2; 1974 ex.s. c 74 § 1.]

Contracts by cities or towns, bidding requirements: RCW 35.23.352.

39.30.040 Purchases—Competitive bidding—Local governments may consider tax revenues—Purchase of recycled or reused materials or products. (1) Whenever a unit of local government is required to make purchases from the lowest bidder or from the supplier offering the lowest price for the items desired to be purchased, the unit of local

government may, at its option when awarding a purchase contract, take into consideration tax revenue it would receive from purchasing the supplies, materials, or equipment from a supplier located within its boundaries. The unit of local government must award the purchase contract to the lowest bidder after such tax revenue has been considered. However, any local government may allow for preferential purchase of products made from recycled materials or products that may be recycled or reused. The tax revenues which units of local government may consider include sales taxes that the unit of local government imposes upon the sale of such supplies, materials, or equipment from the supplier to the unit of local government, and business and occupation taxes that the unit of local government imposes upon the supplier that are measured by the gross receipts of the supplier from such sale. Any unit of local government which considers tax revenues it would receive from the imposition of taxes upon a supplier located within its boundaries, shall also consider tax revenues it would receive from taxes it imposes upon a supplier located outside its boundaries.

(2) As used in this section, the term "unit of local government" means any county, city, town, metropolitan municipal corporation, public transit benefit area, county transportation authority, or other municipal or quasi-municipal corporation authorized to impose sales and use taxes or business and occupation taxes. [1989 c 431 § 58; 1985 c 72 § 1.]

Severability—1989 c 431: See RCW 70.95.901.

39.30.045 Purchase at auctions. Any municipality, as defined in RCW 39.04.010, may purchase any supplies, equipment, or materials at auctions conducted by the government of the United States or any agency thereof, any agency of the state of Washington, any municipality or other government agency, or any private party without being subject to public bidding requirements if the items can be obtained at a competitive price. [1993 c 198 § 4; 1991 c 363 § 112.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

39.30.050 Contracts to require use of paper products meeting certain specifications. Any contract by a governmental unit shall require the use of paper products to the maximum extent economically feasible that meet the specifications established by the department of general administration under RCW 43.19.538. [1982 c 61 § 4.]

39.30.060 Bids on public works—Identification, substitution of subcontractors. (1) Every invitation to bid on a prime contract that is expected to cost one million dollars or more for the construction, alteration, or repair of any public building or public work of the state or a state agency or municipality as defined under RCW 39.04.010 or an institution of higher education as defined under RCW 28B.10.016 shall require each prime contract bidder to submit as part of the bid, or within one hour after the published bid submittal time, the names of the subcontractors with whom the bidder, if awarded the contract, will subcontract for performance of the work of: HVAC (heating, ventilation, and air conditioning); plumbing as described in chapter 18.106 RCW; and electrical as described in chapter 19.28 RCW, or to name

itself for the work. The prime contract bidder shall not list more than one subcontractor for each category of work identified, unless subcontractors vary with bid alternates, in which case the prime contract bidder must indicate which subcontractor will be used for which alternate. Failure of the prime contract bidder to submit as part of the bid the names of such subcontractors or to name itself to perform such work or the naming of two or more subcontractors to perform the same work shall render the prime contract bidder's bid non-responsive and, therefore, void.

(2) Substitution of a listed subcontractor in furtherance of bid shopping or bid peddling before or after the award of the prime contract is prohibited and the originally listed subcontractor is entitled to recover monetary damages from the prime contract bidder who executed a contract with the public entity and the substituted subcontractor but not from the public entity inviting the bid. It is the original subcontractor's burden to prove by a preponderance of the evidence that bid shopping or bid peddling occurred. Substitution of a listed subcontractor may be made by the prime contractor for the following reasons:

(a) Refusal of the listed subcontractor to sign a contract with the prime contractor;

(b) Bankruptcy or insolvency of the listed subcontractor;

(c) Inability of the listed subcontractor to perform the requirements of the proposed contract or the project;

(d) Inability of the listed subcontractor to obtain the necessary license, bonding, insurance, or other statutory requirements to perform the work detailed in the contract; or

(e) The listed subcontractor is barred from participating in the project as a result of a court order or summary judgment.

(3) The requirement of this section to name the prime contract bidder's proposed HVAC, plumbing, and electrical subcontractors applies only to proposed HVAC, plumbing, and electrical subcontractors who will contract directly with the prime contract bidder submitting the bid to the public entity.

In the event that an agreement made pursuant to this chapter shall deal in whole or in part with the provision of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control. The agreement shall be approved or disapproved by the state officer or agency with regard to matters within his, her, or its jurisdiction within ninety days after receipt of the agreement. If a state officer or agency fails to act within the ninety-day time limit, the agreement shall be deemed approved by that state officer or agency. [1992 c 161 § 6; 1967 c 239 § 6.]

Intent—1992 c 161: See note following RCW 70.44.450.

39.34.055 Public purchase agreements with public benefit nonprofit corporations. The office of state procurement within the department of general administration may enter into an agreement with a public benefit nonprofit corporation to allow the public benefit nonprofit corporation to

participate in state contracts for purchases administered by the office of state procurement. Such agreement must comply with the requirements of RCW 39.34.030 through 39.34.050. For the purposes of this section "public benefit nonprofit corporation" means a public benefit nonprofit corporation as defined in RCW 24.03.005 that is receiving local, state, or federal funds either directly or through a public agency other than an Indian tribe or a political subdivision of another state. [1994 c 98 § 1.]

39.34.060 Participating agencies may appropriate funds and provide personnel, property, and services. Any public agency entering into an agreement pursuant to this chapter may appropriate funds and may sell, lease, give, or otherwise supply property, personnel, and services to the administrative joint board or other legal or administrative entity created to operate the joint or cooperative undertaking. [1992 c 161 § 7; 1967 c 239 § 7.]

Intent—1992 c 161: See note following RCW 70.44.450.

39.34.070 Authority of joint boards to receive loans or grants. Any joint board created pursuant to the provisions of this chapter is hereby authorized to accept loans or grants of federal, state or private funds in order to accomplish the purposes of this chapter provided each of the participating public agencies is authorized by law to receive such funds. [1967 c 239 § 8.]

39.34.080 Contracts to perform governmental activities which each contracting agency is authorized to perform. Any one or more public agencies may contract with any one or more other public agencies to perform any governmental service, activity, or undertaking which each public agency entering into the contract is authorized by law to perform: PROVIDED, That such contract shall be authorized by the governing body of each party to the contract. Such contract shall set forth fully the purposes, powers, rights, objectives, and responsibilities of the contracting parties. [1967 c 239 § 9.]

39.34.085 Agreements for operation of bus services. In addition to the other powers granted by chapter 39.34 RCW, one or more cities or towns or a county, or any combination thereof, may enter into agreements with each other or with a public transportation agency of a contiguous state, or contiguous Canadian province, to allow a city or such other transportation agency to operate bus service for the transportation of the general public within the territorial boundaries of such city and/or county or to allow such city and/or county to operate such bus service within the jurisdiction of such other public agency when no such existing bus certificate of public convenience and necessity has been authorized by the Washington utilities and transportation commission: PROVIDED, HOWEVER, That such transportation may extend beyond the territorial boundaries of either party to the agreement if the agreement so provides, and if such service is not in conflict with existing bus service authorized by the Washington utilities and transportation commission. The provisions of this section shall be cumulative and nonexclusive and shall not affect any other right granted by this chapter or

any other provision of law. [1977 c 46 § 1; 1969 ex.s. c 139 § 1.]

39.34.090 Agencies' contracting authority regarding electricity, utilities' powers, preserved. Nothing in this chapter shall be construed to increase or decrease existing authority of any public agency of this state to enter into agreements or contracts with any other public agency of this state or of any other state or the United States with regard to the generation, transmission, or distribution of electricity or the existing powers of any private or public utilities. [1967 c 239 § 10.]

39.34.100 Powers conferred by chapter are supplemental. The powers and authority conferred by this chapter shall be construed as in addition and supplemental to powers or authority conferred by any other law, and nothing contained herein shall be construed as limiting any other powers or authority of any public agency. [1967 c 239 § 11.]

39.34.110 Powers otherwise prohibited by Constitutions or federal laws. No power, privilege, or other authority shall be exercised under this chapter where prohibited by the state Constitution or the Constitution or laws of the federal government. [1967 c 239 § 12.]

39.34.130 Transactions between state agencies—Charging of costs—Regulation by director of financial management. Except as otherwise provided by law, the full costs of a state agency incurred in providing services or furnishing materials to or for another agency under chapter 39.34 RCW or any other statute shall be charged to the agency contracting for such services or materials and shall be repaid and credited to the fund or appropriation against which the expenditure originally was charged. Amounts representing a return of expenditures from an appropriation shall be considered as returned loans of services or of goods, supplies or other materials furnished, and may be expended as part of the original appropriation to which they belong without further or additional appropriation. Such interagency transactions shall be subject to regulation by the director of financial management, including but not limited to provisions for the determination of costs, prevention of interagency contract costs beyond those which are fully reimbursable, disclosure of reimbursements in the governor's budget and such other requirements and restrictions as will promote more economical and efficient operations of state agencies.

Except as otherwise provided by law, this section shall not apply to the furnishing of materials or services by one agency to another when other funds have been provided specifically for that purpose pursuant to law. [1979 c 151 § 45; 1969 ex.s. c 61 § 1.]

Duty to submit agreement of jurisdictional state officer or agency: RCW 39.34.050.

39.34.140 Transactions between state agencies—Procedures for payments through transfers upon accounts. The director of financial management may establish procedures whereby some or all payments between state agencies may be made by transfers upon the accounts of the state trea-

sure in lieu of making such payments by warrant or check. Such procedures, when established, shall include provision for corresponding entries to be made in the accounts of the affected agencies. [1979 c 151 § 46; 1969 ex.s. c 61 § 2.]

39.34.150 Transactions between state agencies—Advancements. State agencies are authorized to advance funds to defray charges for materials to be furnished or services to be rendered by other state agencies. Such advances shall be made only upon the approval of the director of financial management, or his order made pursuant to an appropriate regulation requiring advances in certain cases. An advance shall be made from the fund or appropriation available for the procuring of such services or materials, to the state agency which is to perform the services or furnish the materials, in an amount no greater than the estimated charges therefor. [1979 c 151 § 47; 1969 ex.s. c 61 § 3.]

39.34.160 Transactions between state agencies—Time limitation for expenditure of advance—Unexpended balance. An advance made under RCW 39.34.130 through 39.34.150 from appropriated funds shall be available for expenditure for no longer than the period of the appropriation from which it was made. When the actual costs of materials and services have been finally determined, and in no event later than the lapsing of the appropriation, any unexpended balance of the advance shall be returned to the agency for credit to the fund or account from which it was made. [1969 ex.s. c 61 § 4.]

39.34.170 Transactions between state agencies—Powers and authority cumulative. The powers and authority conferred by RCW 39.34.130 through 39.34.160 shall be construed as in addition and supplemental to powers or authority conferred by any other law, and not to limit any other powers or authority of any public agency expressly granted by any other statute. [1969 ex.s. c 61 § 5.]

39.34.180 Criminal justice responsibilities—Interlocal agreements—Termination. (1) Each county, city, and town is responsible for the prosecution, adjudication, sentencing, and incarceration of misdemeanor and gross misdemeanor offenses committed by adults in their respective jurisdictions, and referred from their respective law enforcement agencies, whether filed under state law or city ordinance, and must carry out these responsibilities through the use of their own courts, staff, and facilities, or by entering into contracts or interlocal agreements under this chapter to provide these services. Nothing in this section is intended to alter the statutory responsibilities of each county for the prosecution, adjudication, sentencing, and incarceration for not more than one year of felony offenders, nor shall this section apply to any offense initially filed by the prosecuting attorney as a felony offense or an attempt to commit a felony offense.

(2) The following principles must be followed in negotiating interlocal agreements or contracts: Cities and counties must consider (a) anticipated costs of services; and (b) anticipated and potential revenues to fund the services, including fines and fees, criminal justice funding, and state-authorized sales tax funding levied for criminal justice purposes.

(3) If an agreement as to the levels of compensation within an interlocal agreement or contract for gross misdemeanor and misdemeanor services cannot be reached between a city and county, then either party may invoke binding arbitration on the compensation issued by notice to the other party. In the case of establishing initial compensation, the notice shall request arbitration within thirty days. In the case of nonrenewal of an existing contract or interlocal agreement, the notice must be given one hundred twenty days prior to the expiration of the existing contract or agreement and the existing contract or agreement remains in effect until a new agreement is reached or until an arbitration award on the matter of fees is made. The city and county each select one arbitrator, and the initial two arbitrators pick a third arbitrator.

(4) A city or county that wishes to terminate an agreement for the provision of court services must provide written notice of the intent to terminate the agreement in accordance with RCW 3.50.810 and 35.20.010.

(5) For cities or towns that have not adopted, in whole or in part, criminal code or ordinance provisions related to misdemeanor and gross misdemeanor crimes as defined by state law, this section shall have no application until July 1, 1998. [2001 c 68 § 4; 1996 c 308 § 1.]

Effective date—1996 c 308: "This act shall take effect January 1, 1997." [1996 c 308 § 2.]

39.34.190 Watershed management plan projects—Use of water-related revenues. (1) The legislative authority of a city or county and the governing body of any special purpose district enumerated in subsection (2) of this section may authorize up to ten percent of its water-related revenues to be expended in the implementation of watershed management plan projects or activities that are in addition to the county's, city's, or district's existing water-related services or activities. Such limitation on expenditures shall not apply to water-related revenues of a public utility district organized according to Title 54 RCW. Water-related revenues include rates, charges, and fees for the provision of services relating to water supply, treatment, distribution, and management generally, and those general revenues of the local government that are expended for water management purposes. A local government may not expend for this purpose any revenues that were authorized by voter approval for other specified purposes or that are specifically dedicated to the repayment of municipal bonds or other debt instruments.

(2) The following special purpose districts may exercise the authority provided by this section:

(a) Water districts, sewer districts, and water-sewer districts organized under Title 57 RCW;

(b) Public utility districts organized under Title 54 RCW;

(c) Irrigation, reclamation, conservation, and similar districts organized under Titles 87 and 89 RCW;

(d) Port districts organized under Title 53 RCW;

(e) Diking, drainage, and similar districts organized under Title 85 RCW;

(f) Flood control and similar districts organized under Title 86 RCW;

(g) Lake or beach management districts organized under chapter 36.61 RCW;

(h) Aquifer protection areas organized under chapter 36.36 RCW; and

(i) Shellfish protection districts organized under chapter 90.72 RCW.

(3) The authority for expenditure of local government revenues provided by this section shall be applicable broadly to the implementation of watershed management plans addressing water supply, water transmission, water quality treatment or protection, or any other water-related purposes. Such plans include but are not limited to plans developed under the following authorities:

(a) Watershed plans developed under chapter 90.82 RCW;

(b) Salmon recovery plans developed under chapter 77.85 RCW;

(c) Watershed management elements of comprehensive land use plans developed under the growth management act, chapter 36.70A RCW;

(f) Other comprehensive management plans addressing watershed health at a WRIA level or sub-WRIA basin drainage level;

(g) Coordinated water system plans under chapter 70.116 RCW and similar regional plans for water supply; and

(h) Any combination of the foregoing plans in an integrated watershed management plan.

(4) The authority provided by this section to expend revenues for watershed management plan implementation shall be construed broadly to include, but not be limited to:

(a) The coordination and oversight of plan implementation, including funding a watershed management partnership for this purpose;

(b) Technical support, monitoring, and data collection and analysis;

(c) The design, development, construction, and operation of projects included in the plan; and

(d) Conducting activities and programs included as elements in the plan. [2008 c 301 § 26; 2003 c 327 § 2.]

Finding—Intent—2003 c 327: "The legislature finds that throughout Washington state there are many active efforts to protect, manage, and restore watersheds. The state's river systems provide a variety of benefits for society's many needs, so efforts to protect these watersheds should reflect the diversity of social, environmental, and economic factors that make the state unique.

Yet, there is a conflict between the natural flow of river systems and the way watersheds are governed. From a hydrological standpoint, a watershed is a single, integrated system. But these systems usually flow through a number of cities, counties, and other municipalities as they move from their source to the sea. As a result, many are subject to the full range of management interests, including multiple government entities with jurisdiction over water. In many cases, the political boundaries of government do not align with the hydrological boundaries of watersheds and may actually hinder the implementation of coordinated, cooperative plans. Cooperative watershed management actions by local governments, special districts, and utilities can help maintain healthy watershed function and support the beneficial use of water by these entities and protect the quality of the resource that they use or affect. By participating in cooperative watershed management actions, local governments, special districts, and utilities are acting in the public interest and in a manner that is intended to sustain maximum beneficial use and high quality of water over time and to maintain the services that these entities provide.

Therefore, it is the intent of this act to remove statutory barriers that

may prevent local governments from working together in the creation and implementation of cooperative, coordinated watershed plans. In addition, it is the further intent of this act to provide additional authorities to assist in such implementation." [2003 c 327 § 1.]

39.34.200 Watershed management partnerships—Formation. Any two or more public agencies may enter into agreements with one another to form a watershed management partnership for the purpose of implementing any portion or all elements of a watershed management plan, including the coordination and oversight of plan implementation. The plan may be any plan or plan element described in RCW 39.34.190(3). The watershed partnership agreement shall include the provisions required of all interlocal agreements under RCW 39.34.030(3). The agreement shall be filed pursuant to RCW 39.34.040 with the county auditor of each county lying within the geographical watershed area to be addressed by the partnership. The public agencies forming the partnership shall designate a treasurer for the deposit, accounting, and handling of the funds of the partnership. The treasurer shall be either a county treasurer or a city treasurer of a county or city participating in the agreement to form the partnership. [2003 c 327 § 4.]

Finding—Intent—2003 c 327: See note following RCW 39.34.190.

39.34.210 Watershed management partnerships—Indebtedness—Bonds. Where a watershed management partnership formed under the authority of RCW 39.34.200 establishes a separate legal entity to conduct the cooperating undertaking of the partnership, such legal entity is authorized for the purpose of carrying out such undertaking to contract indebtedness and to issue and sell general obligation bonds pursuant to and in the manner provided for general county bonds in chapters 36.67 and 39.46 RCW and other applicable statutes, and to issue revenue bonds pursuant to and in the manner provided for revenue bonds in chapter 36.67 RCW and other applicable statutes. The joint board established by the partnership agreement shall perform the functions referenced in chapter 36.67 RCW to be performed by the county legislative authority in the case of county bonds. [2003 c 327 § 6.]

Finding—Intent—2003 c 327: See note following RCW 39.34.190.

39.34.220 Watershed management plans—Additional authority for implementation—Existing agreements not affected. The amendments by chapter 327, Laws of 2003 to the interlocal cooperation act authorities are intended to provide additional authority to public agencies for the purposes of implementing watershed management plans, and do not affect any agreements among public agencies existing on July 27, 2003. [2003 c 327 § 7.]

Finding—Intent—2003 c 327: See note following RCW 39.34.190.

39.34.230 Covered emergencies—Interlocal agreements for mutual aid and cooperation—Liability of state—Existing rights. (1) During a covered emergency, the department of community, trade, and economic development may enter into interlocal agreements under this chapter with one or more public agencies for the purposes of providing mutual aid and cooperation to any public agency affected by the cause of the emergency.

(2) All legal liability by a public agency and its employees for damage to property or injury or death to persons caused by acts done or attempted during, or while traveling to or from, a covered emergency, or in preparation for a covered emergency, pursuant to an interlocal agreement entered into under this section, or under the color of this section in a bona fide attempt to comply therewith, shall be the obligation of the state of Washington. Suits may be instituted and maintained against the state for the enforcement of such liability, or for the indemnification of any public agency or its employees for damage done to their private property, or for any judgment against them for acts done in good faith in compliance with this chapter: PROVIDED, That the foregoing shall not be construed to result in indemnification in any case of willful misconduct, gross negligence, or bad faith on the part of any public agency or any of a public agency's employees: PROVIDED, That should the United States or any agency thereof, in accordance with any federal statute, rule, or regulation, provide for the payment of damages to property and/or for death or injury as provided for in this section, then and in that event there shall be no liability or obligation whatsoever upon the part of the state of Washington for any such damage, death, or injury for which the United States government assumes liability.

(3) For purposes of this section, "covered emergency" means an emergency for which the governor has proclaimed a state of emergency under RCW 43.06.010, and for which the governor has authorized the department of community, trade, and economic development to enter into interlocal agreements under this section.

(4) This section shall not affect the right of any person to receive benefits to which he or she would otherwise be entitled under the workers' compensation law, or under any pension or retirement law, nor the right of any such person to receive any benefits or compensation under any act of congress. [2008 c 181 § 101.]

Part headings not law—2008 c 181: See note following RCW 43.06.220.

39.34.900 Short title. This chapter may be cited as the "Interlocal Cooperation Act." [1967 c 239 § 2.]

39.34.910 Severability—1967 c 239. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1967 c 239 § 14.]

39.34.920 Effective date—1967 c 239. The effective date of this chapter is July 1, 1967. [1967 c 239 § 15.]

39.35.010 Legislative finding. The legislature hereby finds:

(1) That major publicly owned or leased facilities have a significant impact on our state's consumption of energy;

(2) That energy conservation practices including energy management systems and renewable energy systems adopted for the design, construction, and utilization of such facilities will have a beneficial effect on our overall supply of energy;

(3) That the cost of the energy consumed by such facilities over the life of the facilities shall be considered in addition to the initial cost of constructing such facilities;

(4) That the cost of energy is significant and major facility designs shall be based on the total life-cycle cost, including the initial construction cost, and the cost, over the economic life of a major facility, of the energy consumed, and of the operation and maintenance of a major facility as they affect energy consumption; and

(5) That the use of energy systems in these facilities which utilize renewable resources such as solar energy, wood or wood waste, or other nonconventional fuels, and which incorporate energy management systems, shall be considered in the design of all publicly owned or leased facilities. [2001 c 214 § 15; 1982 c 159 § 1; 1975 1st ex.s. c 177 § 1.]

Findings—2001 c 214: "(1) The legislature hereby finds that:

(a) The economy of the state and the health, safety, and welfare of its citizens are threatened by the current energy supply and price instabilities;

(b) Many energy efficiency programs for public buildings launched during the 1970s and 1980s were not maintained during the subsequent sustained period of low energy costs and abundant supply; and

(c) Conservation programs originally established in the 1970s and 1980s can be improved or updated. New programs drawing on recently developed technologies, including demand-side energy management systems, can materially increase the efficiency of energy use by the public sector.

(2) It is the policy of the state of Washington that:

(a) State government is committed to achieving significant gains in energy efficiency. Conventional conservation programs will be reviewed and updated in light of experience gained since their commencement;

(b) State government must play a leading role in demonstrating updated and new energy efficiency technologies. New programs or measures made possible by technological advances, such as demand-side response measures and energy management systems, shall be treated in the same manner as conventional conservation programs and will be integrated into the state's energy efficiency programs." [2001 c 214 § 14.]

Severability—Effective date—2001 c 214: See notes following RCW 80.50.010.

Applicability—1982 c 159: "This act does not apply to a major facility construction or renovation on which a life-cycle cost analysis is commenced under chapter 39.35 RCW before June 10, 1982." [1982 c 159 § 5.]

39.35.020 Legislative declaration. The legislature declares that it is the public policy of this state to insure that energy conservation practices and renewable energy systems are employed in the design of major publicly owned or leased facilities and that the use of at least one renewable energy system is considered. To this end the legislature authorizes and directs that public agencies analyze the cost of energy consumption of each major facility to be planned and constructed or renovated after September 8, 1975. [1982 c 159 § 2; 1975 1st ex.s. c 177 § 2.]

Applicability—1982 c 159: See notes following RCW 39.35.010.

(a) Energy consumers to obtain information about their energy usage and the cost of energy in connection with their usage;

(b) Interactive communication between energy consumers and their energy suppliers;

(c) Energy consumers to respond to energy price signals and to manage their purchase and use of energy; or

(d) For other kinds of dynamic, demand-side energy management.

(8) "Life-cycle cost" means the initial cost and cost of operation of a major facility over its economic life. This shall be calculated as the initial cost plus the operation, maintenance, and energy costs over its economic life, reflecting anticipated increases in these costs discounted to present value at the current rate for borrowing public funds, as determined by the office of financial management. The energy cost projections used shall be those provided by the department. The department shall update these projections at least every two years.

(9) "Life-cycle cost analysis" includes, but is not limited to, the following elements:

(a) The coordination and positioning of a major facility on its physical site;

(b) The amount and type of fenestration employed in a major facility;

(c) The amount of insulation incorporated into the design of a major facility;

(d) The variable occupancy and operating conditions of a major facility; and

(e) An energy-consumption analysis of a major facility.

(10) "Energy systems" means all utilities, including, but not limited to, heating, air-conditioning, ventilating, lighting, and the supplying of domestic hot water.

(11) "Energy-consumption analysis" means the evaluation of all energy systems and components by demand and type of energy including the internal energy load imposed on a major facility by its occupants, equipment, and components, and the external energy load imposed on a major facility by the climatic conditions of its location. An energy-consumption analysis of the operation of energy systems of a major facility shall include, but not be limited to, the following elements:

(a) The comparison of three or more system alternatives, at least one of which shall include renewable energy systems, and one of which shall comply at a minimum with the sustainable design guidelines of the United States green building council leadership in energy and environmental design silver standard or similar design standard as may be adopted by rule by the department;

(b) The simulation of each system over the entire range of operation of such facility for a year's operating period; and

(c) The evaluation of the energy consumption of component equipment in each system considering the operation of such components at other than full or rated outputs.

The energy-consumption analysis shall be prepared by a professional engineer or licensed architect who may use computers or such other methods as are capable of producing predictable results.

(12) "Renewable energy systems" means methods of facility design and construction and types of equipment for the utilization of renewable energy sources including, but not limited to, hydroelectric power, active or passive solar space heating or cooling, domestic solar water heating, windmills, waste heat, biomass and/or refuse-derived fuels, photovoltaic devices, and geothermal energy.

(13) "Cogeneration" means the sequential generation of two or more forms of energy from a common fuel or energy source. Where these forms are electricity and thermal energy, then the operating and efficiency standards established by 18 C.F.R. Sec. 292.205 and the definitions established by 18 C.F.R. 292.202 (c) through (m) as of July 28, 1991, shall apply.

(14) "Selected buildings" means educational, office, residential care, and correctional facilities that are designed to comply with the design standards analyzed and recommended by the department.

(15) "Design standards" means the heating, air-conditioning, ventilating, and renewable resource systems identified, analyzed, and recommended by the department as providing an efficient energy system or systems based on the economic life of the selected buildings. [2001 c 214 § 16; 1996 c 186 § 402; 1994 c 242 § 1; 1991 c 201 § 14; 1982 c 159 § 3; 1975 1st ex.s. c 177 § 3.]

Severability—Effective date—2001 c 214: See notes following RCW 80.50.010.

Findings—2001 c 214: See note following RCW 39.35.010.

Findings—Intent—Part headings not law—Effective date—1996 c 186: See notes following RCW 43.330.904.

Captions not law—Severability—1991 c 201: See RCW 39.35C.900 and 39.35C.901.

Applicability—1982 c 159: See notes following RCW 39.35.010.

39.35.040 Facility design to include life-cycle cost analysis. Whenever a public agency determines that any major facility is to be constructed or renovated, such agency shall cause to be included in the design phase of such construction or renovation a provision that requires a life-cycle cost analysis conforming with the guidelines developed in RCW 39.35.050 to be prepared for such facility. Such analysis shall be approved by the agency prior to the commencement of actual construction or renovation. A public agency may accept the facility design if the agency is satisfied that the life-cycle cost analysis provides for an efficient energy system or systems based on the economic life of the major facility.

Nothing in this section prohibits the construction or renovation of major facilities which utilize renewable energy systems. [1994 c 242 § 2; 1982 c 159 § 4; 1975 1st ex.s. c 177 § 4.]

Applicability—1982 c 159: See notes following RCW 39.35.010.

39.35.050 Life-cycle cost analysis—Guidelines. The department, in consultation with affected public agencies, shall develop and issue guidelines for administering this chapter. The purpose of the guidelines is to define a procedure and method for performance of life-cycle cost analysis to promote the selection of low-life-cycle cost alternatives. At a minimum, the guidelines must contain provisions that:

(1) Address energy considerations during the planning phase of the project;

(2) Identify energy components and system alternatives including energy management systems, renewable energy systems, and cogeneration applications prior to commencing the energy consumption analysis;

(3) Identify simplified methods to assure the lowest life-cycle cost alternatives for selected buildings with between twenty-five thousand and one hundred thousand square feet of usable floor area;

(4) Establish times during the design process for preparation, review, and approval or disapproval of the life-cycle cost analysis;

(5) Specify the assumptions to be used for escalation and inflation rates, equipment service lives, economic building lives, and maintenance costs;

(6) Determine life-cycle cost analysis format and submittal requirements to meet the provisions of chapter 201, Laws of 1991;

(7) Provide for review and approval of life-cycle cost analysis. [2001 c 214 § 17; 1996 c 186 § 403; 1994 c 242 § 3; 1991 c 201 § 15.]

for review of the analyses. The department shall set fees at a level necessary to recover all of its costs related to increasing the energy efficiency of state-supported new construction. The fees shall not exceed one-tenth of one percent of the total cost of any project or exceed two thousand dollars for any project unless mutually agreed to. The department shall provide detailed calculation ensuring that the energy savings resulting from its review of life-cycle cost analysis justify the costs of performing that review. PERFORMANCE-BASED CONTRACTS FOR WATER CONSERVATION, SOLID WASTE REDUCTION, AND ENERGY EQUIPMENT

Sections

39.35A.010 Findings.

39.35A.020 Definitions.

39.35A.030 Performance-based contracts for water conservation services, solid waste reduction services, and energy equipment and services.

39.35A.040 Application of other procurement requirements.

39.35A.050 Energy service contractor registry—Identification of performance-based contracting services.

39.35A.010 Findings. The legislature finds that:

(1) Conserving energy and water in publicly owned buildings will have a beneficial effect on our overall supply of energy and water;

(2) Conserving energy and water in publicly owned buildings can result in cost savings for taxpayers; and

(3) Performance-based energy contracts are a means by which municipalities can achieve energy and water conservation without capital outlay.

Therefore, the legislature declares that it is the policy that a municipality may, after a competitive selection process, negotiate a performance-based energy contract with a firm that offers the best proposal. [2007 c 39 § 1; 1985 c 169 § 1.]

39.35A.020 Definitions. Unless the context clearly indicates otherwise, the definitions in this section shall apply throughout this chapter.

(1) "Energy equipment and services" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may

also include reductions in the use or cost of water, wastewater, or solid waste.

(2) "Energy management system" has the definition provided in RCW 39.35.030.

(3) "Municipality" has the definition provided in RCW 39.04.010.

(4) "Performance-based contract" means one or more contracts for water conservation services, solid waste reduction services, or energy equipment and services between a municipality and any other persons or entities, if the payment obligation for each year under the contract, including the year of installation, is either: (a) Set as a percentage of the annual energy cost savings, water cost savings, or solid waste cost savings attributable under the contract; or (b) guaranteed by the other persons or entities to be less than the annual energy cost savings, water cost savings, or solid waste cost savings attributable under the contract. Such guarantee shall be, at the option of the municipality, a bond or insurance policy, or some other guarantee determined sufficient by the municipality to provide a level of assurance similar to the level provided by a bond or insurance policy.

(5) "Water conservation" means reductions in the use of water or wastewater. [2007 c 39 § 2; 2001 c 214 § 18; 1985 c 169 § 2.]

Severability—Effective date—2001 c 214: See notes following RCW 80.50.010.

Findings—2001 c 214: See note following RCW 39.35.010.

39.35A.030 Performance-based contracts for water conservation services, solid waste reduction services, and energy equipment and services. (1) Each municipality shall publish in advance its requirements to procure water conservation services, solid waste reduction services, or energy equipment and services under a performance-based contract. The announcement shall state concisely the scope and nature of the equipment and services for which a performance-based contract is required, and shall encourage firms to submit proposals to meet these requirements.

(2) The municipality may negotiate a fair and reasonable performance-based contract with the firm that is identified, based on the criteria that is established by the municipality, to be the firm that submits the best proposal.

(3) If the municipality is unable to negotiate a satisfactory contract with the firm that submits the best proposal, negotiations with that firm shall be formally terminated and the municipality may select another firm in accordance with this section and continue negotiation until a performance-based contract is reached or the selection process is terminated. [2007 c 39 § 3; 1985 c 169 § 3.]

39.35A.040 Application of other procurement requirements. If a municipality chooses, by resolution or other appropriate mechanism, to negotiate a performance-based contract under this chapter, no otherwise applicable statutory procurement requirement applies. [1985 c 169 § 4.]

39.35A.050 Energy service contractor registry—Identification of performance-based contracting services. The state department of general administration shall maintain a registry of energy service contractors and provide assis-

tance to municipalities in identifying available performance-based contracting services. [2001 c 214 § 19.]

Severability—Effective date—2001 c 214: See notes following RCW 80.50.010.

Chapter 39.35B RCW LIFE-CYCLE COST ANALYSIS OF PUBLIC FACILITIES

Sections

39.35B.010	Legislative findings.
39.35B.020	Legislative declaration.
39.35B.030	Intent.
39.35B.040	Implementation.
39.35B.050	Life-cycle cost model and analysis—Duties of the office of financial management.

39.35B.010 Legislative findings. The legislature finds that:

(1) Operating costs of a facility over its lifetime may greatly exceed the initial cost of the facility;

(2) In the planning, design, and funding for new construction or major renovation of state-owned facilities it is desirable to consider not only the initial costs relating to design and construction or acquisition, but the anticipated operating costs relating to the building throughout its life;

(3) The consideration of both initial and operating costs is known as life-cycle cost or life-cycle cost analysis;

(4) Operating costs of a facility for purposes of this chapter include, but are not limited to, energy costs, maintenance and repair costs, and costs of the work or activity performed within the facility, including wages and salaries;

(5) Current law, chapter 39.35 RCW, speaks to life-cycle cost analysis only in relation to energy conservation; and

(6) Life-cycle cost may not be suitable or cost-effective for all capital projects or all components of a facility, and is not an exclusive criteria for decision-making, but is nonetheless a useful framework for evaluating design and capital investment alternatives. [1986 c 127 § 1.]

39.35B.020 Legislative declaration. The legislature declares that:

(1) It is the policy of the state to consider life-cycle costs in the selection of facility design alternatives, to the full extent practical, reasonable, and cost-effective;

(2) Life-cycle cost should be considered by the state government, school districts, and state universities and community colleges in the planning, design, and funding for new construction or major renovations; and

(3) Use of life-cycle cost should be encouraged for cities, counties, and other governmental districts including special purpose districts. [1986 c 127 § 2.]

39.35B.030 Intent. It is the intent of the legislature to:

(1) Expand the definition and use of "life-cycle cost" and "life-cycle cost analysis" to include consideration of all operating costs, as opposed to only energy-related costs as addressed by chapter 39.35 RCW;

(2) Encourage the recognition, development, and use of life-cycle cost concepts and procedures by both the executive

and legislative branches in the state's design development and capital budgeting processes;

(3) Ensure the dissemination and use of a common and realistic discount rate by all state agencies in the calculation of the present value of future costs;

(4) Allow and encourage the executive branch to develop specific techniques and procedures for the state government and its agencies, and state universities and community colleges to implement this policy; and

(5) Encourage cities, counties, and other governmental districts including special purpose districts to adopt programs and procedures to implement this policy. [1986 c 127 § 3.]

39.35B.040 Implementation. The principal executives of all state agencies are responsible for implementing the policy set forth in this chapter. The office of financial management in conjunction with the department of general administration may establish guidelines for compliance by the state government and its agencies, and state universities and community colleges. The office of financial management shall include within its biennial capital budget instructions:

(1) A discount rate for the use of all agencies in calculating the present value of future costs, and several examples of resultant trade-offs between annual operating costs eliminated and additional capital costs thereby justified; and

(2) Types of projects and building components that are particularly appropriate for life-cycle cost analysis. [1986 c 127 § 4.]

39.35B.050 Life-cycle cost model and analysis—Duties of the office of financial management. The office of financial management shall:

(1) Design and implement a cost-effective life-cycle cost model by October 1, 2008, based on the work completed by the joint legislative audit and review committee in January 2007 and in consultation with legislative fiscal committees;

(2) Deploy the life-cycle cost model for use by state agencies once completed and tested;

(3) Update the life-cycle cost model periodically in consultation with legislative fiscal committees;

(4) Establish clear policies, standards, and procedures regarding the use of life-cycle cost analysis by state agencies including:

(a) When state agencies must use the life-cycle cost analysis, including the types of proposed capital projects and leased facilities to which it must be applied;

(b) Procedures state agencies must use to document the results of required life-cycle cost analyses;

(c) Standards regarding the discount rate and other key model assumptions; and

(d) A process to document and justify any deviation from the standard assumptions. [2007 c 506 § 3.]

Findings—Intent—2007 c 506: See note following RCW 43.82.035.

39.35C.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Cogeneration" means the sequential generation of two or more forms of energy from a common fuel or energy source. If these forms are electricity and thermal energy, then the operating and efficiency standards established by 18 C.F.R. Sec. 292.205 and the definitions established by 18 C.F.R. Sec. 292.202 (c) through (m) apply.

(2) "Conservation" means reduced energy consumption or energy cost, or increased efficiency in the use of energy, and activities, measures, or equipment designed to achieve such results, but does not include thermal or electric energy production from cogeneration. "Conservation" also means reductions in the use or cost of water, wastewater, or solid waste.

(3) "Cost-effective" means that the present value to a state agency or school district of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(4) "Energy" means energy as defined in RCW 43.21F.025(1).

(5) "Energy audit" has the definition provided in RCW 43.19.670, and may include a determination of the water or solid waste consumption characteristics of a facility.

(6) "Energy efficiency project" means a conservation or cogeneration project.

(7) "Energy efficiency services" means assistance furnished by the department to state agencies and school districts in identifying, evaluating, and implementing energy efficiency projects.

(8) "Department" means the state department of general administration.

(9) "Performance-based contracting" means contracts for which payment is conditional on achieving contractually specified energy savings.

(10) "Public agency" means every state office, officer, board, commission, committee, bureau, department, and all political subdivisions of the state.

(11) "Public facility" means a building or structure, or a group of buildings or structures at a single site, owned by a state agency or school district.

(12) "State agency" means every state office or department, whether elective or appointive, state institutions of higher education, and all boards, commissions, or divisions of state government, however designated.

(13) "State facility" means a building or structure, or a group of buildings or structures at a single site, owned by a state agency.

(14) "Utility" means privately or publicly owned electric and gas utilities, electric cooperatives and mutuals, whether located within or without Washington state.

(15) "Local utility" means the utility or utilities in whose service territory a public facility is located. [2007 c 39 § 4; 2001 c 214 § 20; 1996 c 186 § 405; 1991 c 201 § 2.]

Severability—Effective date—2001 c 214: See notes following RCW 80.50.010.

Findings—Intent—Part headings not law—Effective date—1996 c 186: See notes following RCW 43.330.904.

39.35C.020 State agency and school district conservation projects—Implementation—Department assistance. (1) Each state agency and school district shall implement cost-effective conservation improvements and maintain efficient operation of its facilities in order to minimize energy consumption and related environmental impacts and reduce operating costs. Each state agency shall undertake an energy audit and implement cost-effective conservation measures pursuant to the time schedules and requirements set forth in chapter 43.19 RCW, except that any state agency that, after December 31, 1997, has completed energy audits and implemented cost-effective conservation measures, or has contracted with an energy service company for energy audits and conservation measures, is deemed to have met the requirements of this subsection for those facilities included in the audits and conservation measures. Each school district shall undertake an energy audit and implement cost-effective conservation measures pursuant to the time schedules and requirements set forth in RCW 39.35C.025. Performance-based contracting shall be the preferred method for completing energy audits and implementing cost-effective conservation measures.

(2) The department shall assist state agencies and school districts in identifying, evaluating, and implementing cost-effective conservation projects at their facilities. The assistance shall include the following:

(a) Notifying state agencies and school districts of their responsibilities under this chapter;

(b) Apprising state agencies and school districts of opportunities to develop and finance such projects;

(c) Providing technical and analytical support, including procurement of performance-based contracting services;

(d) Reviewing verification procedures for energy savings; and

(e) Assisting in the structuring and arranging of financing for cost-effective conservation projects.

(3) Conservation projects implemented under this chapter shall have appropriate levels of monitoring to verify the performance and measure the energy savings over the life of the project. The department shall solicit involvement in program planning and implementation from utilities and other energy conservation suppliers, especially those that have

demonstrated experience in performance-based energy programs.

(4) The department shall comply with the requirements of chapter 39.80 RCW when contracting for architectural or engineering services.

(5) The department shall recover any costs and expenses it incurs in providing assistance pursuant to this section, including reimbursement from third parties participating in conservation projects. The department shall enter into a written agreement with the public agency for the recovery of costs. [2001 c 214 § 21; 1996 c 186 § 406; 1991 c 201 § 3.]

Severability—Effective date—2001 c 214: See notes following RCW 80.50.010.

Findings—2001 c 214: See note following RCW 39.35.010.

Findings—Intent—Part headings not law—Effective date—1996 c 186: See notes following RCW 43.330.904.

39.35C.025 Energy audit of school district facilities—Completion dates—Identification, implementation of cost-effective energy conservation measures. (1) Except as provided in subsections (2) and (3) of this section, each school district shall conduct an energy audit of its facilities. This energy audit may be conducted by contract or by other arrangement, including appropriate district staff. Performance-based contracting shall be the preferred method for implementing and completing energy audits.

(a) For each district facility, the energy consumption surveys shall be completed no later than December 31, 2001, and the walk-through surveys shall be completed no later than October 1, 2002. Upon completion of each walk-through survey, the district shall implement energy conservation maintenance and operation procedures that may be identified for any district facility. These procedures shall be implemented as soon as possible, but not later than twelve months after the walk-through survey.

(b) Except as provided in subsection (3) of this section, if a walk-through survey has identified potentially cost-effective energy conservation measures, the district shall undertake an investment grade audit of the facility. Investment grade audits shall be completed no later than June 30, 2003, and installation of cost-effective conservation measures recommended in the investment grade audit shall be completed no later than December 31, 2004.

(2) A school district that, after December 31, 1997, has completed energy audits and implemented cost-effective conservation measures, or has contracted with an energy service company for energy audits and conservation measures, is deemed to have met the requirements of this section for those facilities included in the audits and conservation measures.

(3) A school district that after reasonable efforts and consultation with the department is unable to obtain a contract with an energy service company to conduct an investment grade audit or install cost-effective conservation measures recommended in an investment grade audit, is exempt from the requirements of subsection (1)(b) of this section. [2001 c 214 § 22.]

Severability—Effective date—2001 c 214: See notes following RCW 80.50.010.

Findings—2001 c 214: See note following RCW 39.35.010.

39.35C.030 Department coordination of conservation development with utilities. (1) The department shall consult with the local utilities to develop priorities for energy conservation projects pursuant to this chapter, cooperate where possible with existing utility programs, and consult with the local utilities prior to implementing projects in their service territory.

(2) A local utility shall be offered the initial opportunity to participate in the development of conservation projects in the following manner:

(a) Before initiating projects in a local utility service territory, the department shall notify the local utility in writing, on an annual basis, of public facilities in the local utility's service territory at which the department anticipates cost-effective conservation projects will be developed.

(b) Within sixty days of receipt of this notification, the local utility may express interest in these projects by submitting to the department a written description of the role the local utility is willing to perform in developing and acquiring the conservation at these facilities. This role may include any local utility conservation programs which would be available to the public facility, any competitive bidding or solicitation process which the local utility will be undertaking in accordance with the rules of the utilities and transportation commission or the public utility district, municipal utility, cooperative, or mutual governing body for which the public facility would be eligible, or any other role the local utility may be willing to perform.

(c) Upon receipt of the written description from the local utility, the department shall, through discussions with the local utility, and with involvement from state agencies and school districts responsible for the public facilities, develop a plan for coordinated delivery of conservation services and financing or make a determination of whether to participate in the local utility's competitive bidding or solicitation process. The plan shall identify the local utility in roles that the local utility is willing to perform and that are consistent with the provisions of RCW 39.35C.040(2) (d) and (e). [1996 c 186 § 407; 1991 c 201 § 4.]

Findings—Intent—Part headings not law—Effective date—1996 c 186: See notes following RCW 43.330.904.

39.35C.040 Sale of conserved energy. (1) It is the intent of this chapter that the state, state agencies, and school districts are compensated fairly for the energy savings provided to utilities and be allowed to participate on an equal basis in any utility conservation program, bidding, or solicitation process. State agencies and school districts shall not receive preferential treatment. For the purposes of this section, any type of compensation from a utility or the Bonneville power administration intended to achieve reductions or efficiencies in energy use which are cost-effective to the utility or the Bonneville power administration shall be regarded as a sale of energy savings. Such compensation may include credits to the energy bill, low or no interest loans, rebates, or payment per unit of energy saved. The department shall, in coordination with utilities, the Bonneville power administration, state agencies, and school districts, facilitate the sale of energy savings at public facilities including participation in any competitive bidding or solicitation which has been agreed to by the state agency or school district. Energy sav-

(2008 Ed.)

ings may only be sold to local utilities or, under conditions specified in this section, to the Bonneville power administration. The department shall not attempt to sell energy savings occurring in one utility service territory to a different utility. Nothing in this chapter mandates that utilities purchase the energy savings.

(2) To ensure an equitable allocation of benefits to the state, state agencies, and school districts, the following conditions shall apply to transactions between utilities or the Bonneville power administration and state agencies or school districts for sales of energy savings:

(a) A transaction shall be approved by both the state agency or school district and the department.

(b) The state agency or school district and the department shall work together throughout the planning and negotiation process for such transactions unless the department determines that its participation will not further the purposes of this section.

(c) Before making a decision under (d) of this subsection, the department shall review the proposed transaction for its technical and economic feasibility, the adequacy and reasonableness of procedures proposed for verification of project or program performance, the degree of certainty of benefits to the state, state agency, or school district, the degree of risk assumed by the state or school district, the benefits offered to the state, state agency, or school district and such other factors as the department determines to be prudent.

(d) The department shall approve a transaction unless it finds, pursuant to the review in (c) of this subsection, that the transaction would not result in an equitable allocation of costs and benefits to the state, state agency, or school district, in which case the transaction shall be disapproved.

(e) In addition to the requirements of (c) and (d) of this subsection, in areas in which the Bonneville power administration has a program for the purchase of energy savings at public facilities, the department shall approve the transaction unless the local utility cannot offer a benefit substantially equivalent to that offered by the Bonneville power administration, in which case the transaction shall be disapproved. In determining whether the local utility can offer a substantially equivalent benefit, the department shall consider the net present value of the payment for energy savings; any goods, services, or financial assistance provided by the local utility; and any risks borne by the local utility. Any direct negative financial impact on a nongrowing, local utility shall be considered.

(3) Any party to a potential transaction may, within thirty days of any decision to disapprove a transaction made pursuant to subsection (2)(c), (d), or (e) of this section, request an independent reviewer who is mutually agreeable to all parties to the transaction to review the decision. The parties shall within thirty days of selection submit to the independent reviewer documentation supporting their positions. The independent reviewer shall render advice regarding the validity of the disapproval within an additional thirty days. [1996 c 186 § 408; 1991 c 201 § 5.]

Findings—Intent—Part headings not law—Effective date—1996 c 186: See notes following RCW 43.330.904.

39.35C.050 Authority of state agencies and school districts to implement conservation. In addition to any other authorities conferred by law:

(1) The department, with the consent of the state agency or school district responsible for a facility, a state or regional university acting independently, and any other state agency acting through the department of general administration or as otherwise authorized by law, may:

(a) Develop and finance conservation at public facilities in accordance with express provisions of this chapter;

(b) Contract for energy services, including performance-based contracts;

(c) Contract to sell energy savings from a conservation project at public facilities to local utilities or the Bonneville power administration.

(2) A state or regional university acting independently, and any other state agency acting through the department of general administration or as otherwise authorized by law, may undertake procurements for third-party development of conservation at its facilities.

(3) A school district may:

(a) Develop and finance conservation at school district facilities;

(b) Contract for energy services, including performance-based contracts at school district facilities; and

(c) Contract to sell energy savings from energy conservation projects at school district facilities to local utilities or the Bonneville power administration directly or to local utilities or the Bonneville power administration through third parties.

(4) In exercising the authority granted by subsections (1), (2), and (3) of this section, a school district or state agency must comply with the provisions of RCW 39.35C.040. [1996 c 186 § 409; 1991 c 201 § 6.]

Findings—Intent—Part headings not law—Effective date—1996 c 186: See notes following RCW 43.330.904.

39.35C.060 Authority to finance conservation in school districts and state agencies. State agencies may use financing contracts under chapter 39.94 RCW to provide all or part of the funding for conservation projects. The department shall determine the eligibility of such projects for financing contracts. The repayments of the financing contracts shall be sufficient to pay, when due, the principal and interest on the contracts. [1996 c 186 § 410; 1991 c 201 § 7.]

Findings—Intent—Part headings not law—Effective date—1996 c 186: See notes following RCW 43.330.904.

39.35C.070 Development of cogeneration projects.

(1) Consistent with the region's need to develop cost-effective, high efficiency electric energy resources, the state shall investigate and, if appropriate, pursue development of cost-effective opportunities for cogeneration in existing or new state facilities.

(2) To assist state agencies in identifying, evaluating, and developing potential cogeneration projects at their facilities, the department shall notify state agencies of their responsibilities under this chapter; apprise them of opportunities to develop and finance such projects; and provide technical and analytical support. The department shall recover costs for such assistance through written agreements, including

reimbursement from third parties participating in such projects, for any costs and expenses incurred in providing such assistance.

(3)(a) The department shall identify priorities for cogeneration projects at state facilities, and, where such projects are initially deemed desirable by the department and the appropriate state agency, the department shall notify the local utility serving the state facility of its intent to conduct a feasibility study at such facility. The department shall consult with the local utility and provide the local utility an opportunity to participate in the development of the feasibility study for the state facility it serves.

(b) If the local utility has an interest in participating in the feasibility study, it shall notify the department and the state agency whose facility or facilities it serves within sixty days of receipt of notification pursuant to (a) of this subsection as to the nature and scope of its desired participation. The department, state agency, and local utility shall negotiate the responsibilities, if any, of each in conducting the feasibility study, and these responsibilities shall be specified in a written agreement.

(c) If a local utility identifies a potential cogeneration project at a state facility for which it intends to conduct a feasibility study, it shall notify the department and the appropriate state agency. The department, state agency, and local utility shall negotiate the responsibilities, if any, of each in conducting the feasibility study, and these responsibilities shall be specified in a written agreement. Nothing in this section shall preclude a local utility from conducting an independent assessment of a potential cogeneration project at a state facility.

(d) Agreements written pursuant to (a) and (b) of this subsection shall include a provision for the recovery of costs incurred by a local utility in performing a feasibility study in the event such utility does not participate in the development of the cogeneration project. If the local utility does participate in the cogeneration project through energy purchase, project development or ownership, recovery of the utility's costs may be deferred or provided for through negotiation on agreements for energy purchase, project development or ownership.

(e) If the local utility declines participation in the feasibility study, the department and the state agency may receive and solicit proposals to conduct the feasibility study from other parties. Participation of these other parties shall also be secured and defined by a written agreement which may include the provision for reimbursement of costs incurred in the formulation of the feasibility study.

(4) The feasibility study shall include consideration of regional and local utility needs for power, the consistency of the proposed cogeneration project with the state energy strategy, the cost and certainty of fuel supplies, the value of electricity produced, the capability of the state agency to own and/or operate such facilities, the capability of utilities or third parties to own and/or operate such facilities, requirements for and costs of standby sources of power, costs associated with interconnection with the local electric utility's transmission system, the capability of the local electric utility to wheel electricity generated by the facility, costs associated with obtaining wheeling services, potential financial risks and losses to the state and/or state agency, measures to miti-

gate the financial risk to the state and/or state agency, and benefits to the state and to the state agency from a range of design configurations, ownership, and operation options.

(5) Based upon the findings of the feasibility study, the department and the state agency shall determine whether a cogeneration project will be cost-effective and whether development of a cogeneration project should be pursued. This determination shall be made in consultation with the local utility or, if the local utility had not participated in the development of the feasibility study, with any third party that may have participated in the development of the feasibility study.

(a) Recognizing the local utility's expertise, knowledge, and ownership and operation of the local utility systems, the department and the state agency shall have the authority to negotiate directly with the local utility for the purpose of entering into a sole source contract to develop, own, and/or operate the cogeneration facility. The contract may also include provisions for the purchase of electricity or thermal energy from the cogeneration facility, the acquisition of a fuel source, and any financial considerations which may accrue to the state from ownership and/or operation of the cogeneration facility by the local utility.

(b) The department may enter into contracts through competitive negotiation under this subsection for the development, ownership, and/or operation of a cogeneration facility. In determining an acceptable bid, the department and the state agency may consider such factors as technical knowledge, experience, management, staff, or schedule, as may be necessary to achieve economical construction or operation of the project. The selection of a developer or operator of a cogeneration facility shall be made in accordance with procedures for competitive bidding under chapter 43.19 RCW.

(c) The department shall comply with the requirements of chapter 39.80 RCW when contracting for architectural or engineering services.

(6)(a) The state may own and/or operate a cogeneration project at a state facility. However, unless the cogeneration project is determined to be cost-effective, based on the findings of the feasibility study, the department and state agency shall not pursue development of the project as a state-owned facility. If the project is found to be cost-effective, and the department and the state agency agree development of the cogeneration project should be pursued as a state-owned and/or operated facility, the department shall assist the state agency in the preparation of a finance and development plan for the cogeneration project. Any such plan shall fully account for and specify all costs to the state for developing and/or operating the cogeneration facility.

(b) It is the general intent of this chapter that cogeneration projects developed and owned by the state will be sized to the projected thermal energy load of the state facility over the useful life of the project. The principal purpose and use of such projects is to supply thermal energy to a state facility and not primarily to develop generating capacity for the sale of electricity. For state-owned projects with electricity production in excess of projected thermal requirements, the department shall seek and obtain legislative appropriation and approval for development. Nothing in chapter 201, Laws of 1991 shall be construed to authorize any state agency to sell electricity or thermal energy on a retail basis.

(7) When a cogeneration facility will be developed, owned, and/or operated by a state agency or third party other than the local serving utility, the department and the state agency shall negotiate a written agreement with the local utility. Elements of such an agreement shall include provisions to ensure system safety, provisions to ensure reliability of any interconnected operations equipment necessary for parallel operation and switching equipment capable of isolating the generation facility, the provision of and reimbursement for standby services, if required, and the provision of and reimbursement for wheeling electricity, if the provision of such has been agreed to by the local utility.

(8) The state may develop and own a thermal energy distribution system associated with a cogeneration project for the principal purpose of distributing thermal energy at the state facility. If thermal energy is to be sold outside the state facility, the state may only sell the thermal energy to a utility. [1996 c 186 § 411; 1991 c 201 § 8.]

Findings—Intent—Part headings not law—Effective date—1996 c 186: See notes following RCW 43.330.904.

39.35C.080 Sale of cogenerated electricity and thermal energy. It is the intention of chapter 201, Laws of 1991 that the state and its agencies are compensated fairly for the energy provided to utilities from cogeneration at state facilities. Such compensation may include revenues from sales of electricity or thermal energy to utilities, lease of state properties, and value of thermal energy provided to the facility. It is also the intent of chapter 201, Laws of 1991 that the state and its agencies be accorded the opportunity to compete on a fair and reasonable basis to fulfill a utility's new resource acquisition needs when selling the energy produced from cogeneration projects at state facilities through energy purchase agreements.

(1)(a) The department and state agencies may participate in any utility request for resource proposal process, as either established under the rules and regulations of the utilities and transportation commission, or by the governing board of a public utility district, municipal utility, cooperative, or mutual.

(b) If a local utility does not have a request for resource proposal pending, the energy office [department] or a state agency may negotiate an equitable and mutually beneficial energy purchase agreement with that utility.

(2) To ensure an equitable allocation of benefits to the state and its agencies, the following conditions shall apply to energy purchase agreements negotiated between utilities and state agencies:

(a) An energy purchase agreement shall be approved by both the department and the affected state agency.

(b) The department and the state agency shall work together throughout the planning and negotiation process for energy purchase agreements, unless the department determines that its participation will not further the purposes of this section.

(c) Before approving an energy purchase agreement, the department shall review the proposed agreement for its technical and economic feasibility, the degree of certainty of benefits, the degree of financial risk assumed by the state and/or the state agency, the benefits offered to the state and/or state agency, and other such factors as the department deems pru-

dent. The department shall approve an energy purchase agreement unless it finds that such an agreement would not result in an equitable allocation of costs and benefits, in which case the transaction shall be disapproved.

(3)(a) The state or state agency shall comply with and shall be bound by applicable avoided cost schedules, electric power wheeling charges, interconnection requirements, utility tariffs, and regulatory provisions to the same extent it would be required to comply and would be bound if it were a private citizen. The state shall neither seek regulatory advantage, nor change regulations, regulatory policy, process, or decisions to its advantage as a seller of cogenerated energy. Nothing contained in chapter 201, Laws of 1991 shall be construed to mandate or require public or private utilities to wheel electric energy resources within or beyond their service territories. Nothing in chapter 201, Laws of 1991 authorizes any state agency or school district to make any sale of energy or waste heat beyond the explicit provisions of chapter 201, Laws of 1991. Nothing contained in chapter 201, Laws of 1991 requires a utility to purchase energy from the state or a state agency or enter into any agreement in connection with a cogeneration facility.

(b) The state shall neither construct, nor be party to an agreement for developing a cogeneration project at a state facility for the purpose of supplying its own electrical needs, unless it can show that such an arrangement would be in the economic interest of the state taking into account the cost of (i) interconnection requirements, as specified by the local electric utility, (ii) standby charges, as may be required by the local electric utility, and (iii) the current price of electricity offered by the local electric utility. If the local electric utility can demonstrate that the cogeneration project may place an undue burden on the electric utility, the department or the state agency shall attempt to negotiate a mutually beneficial agreement that would minimize the burden upon the ratepayers of the local electric utility.

(4) Any party to an energy purchase agreement may, within thirty days of any decision made pursuant to subsection (2)(c) of this section to disapprove the agreement made pursuant to this section, request an independent reviewer who is mutually agreeable to all parties to review the decision. The parties shall within thirty days of selection submit to the independent reviewer documentation supporting their positions. The independent reviewer shall render advice regarding the validity of the disapproval within an additional thirty days.

(5) For the purposes of this section, "waste heat" means the thermal energy that otherwise would be released to the environment from an industrial process, electric generation, or other process. [1996 c 186 § 412; 1996 c 33 § 4; 1991 c 201 § 9.]

Reviser's note: This section was amended by 1996 c 33 § 4 and by 1996 c 186 § 412, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—1996 c 33: See note following RCW 80.04.550.

(1) The department, with the consent of the state agency responsible for a facility, a state or regional university acting independently, and any other state agency acting through the department of general administration or as otherwise authorized by law, may:

(a) Contract to sell electric energy generated at state facilities to a utility; and

(b) Contract to sell thermal energy produced at state facilities to a utility.

(2) A state or regional university acting independently, and any other state agency acting through the department of general administration or as otherwise authorized by law, may:

(3) After July 28, 1991, a state agency shall consult with the department prior to exercising any authority granted by this section.

(4) In exercising the authority granted by subsections (1) and (2) of this section, a state agency must comply with the provisions of RCW 39.35C.080. [1996 c 186 § 413; 1991 c 201 § 10.]

39.35D.010 Finding—Intent. (1) The legislature finds that public buildings can be built and renovated using high-performance methods that save money, improve school performance, and make workers more productive. High-performance public buildings are proven to increase student test scores, reduce worker absenteeism, and cut energy and utility costs.

(2) It is the intent of the legislature that state-owned buildings and schools be improved by adopting recognized standards for high-performance public buildings and allowing flexible methods and choices in how to achieve those standards. The legislature also intends that public agencies and public school districts shall document costs and savings to monitor this program and ensure that economic, community, and environmental goals are achieved each year, and that an independent performance review be conducted to evaluate this program and determine the extent to which the results intended by this chapter are being met. [2005 c 12 § 1.]

39.35D.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of general administration.

(4) "LEED silver standard" means the United States green building council leadership in energy and environmental design green building rating standard, referred to as silver standard.

(5)(a) "Major facility project" means: (i) A construction project larger than five thousand gross square feet of occupied or conditioned space as defined in the Washington state energy code; or (ii) a building renovation project when the cost is greater than fifty percent of the assessed value and the project is larger than five thousand gross square feet of occupied or conditioned space as defined in the Washington state energy code.

(b) "Major facility project" does not include: (i) Projects for which the department, public school district, or other applicable agency and the design team determine the LEED silver standard or the Washington sustainable school design protocol to be not practicable; or (ii) transmitter buildings, pumping stations, hospitals, research facilities primarily used for sponsored laboratory experimentation, laboratory research, or laboratory training in research methods, or other similar building types as determined by the department. When the LEED silver standard is determined to be not practicable for a project, then it must be determined if any LEED standard is practicable for the project. If LEED standards or the Washington sustainable school design protocol are not followed for the project, the public school district or public agency shall report these reasons to the department.

(6) "Public agency" means every state office, officer, board, commission, committee, bureau, department, and public higher education institution.

(7) "Public school district" means a school district eligible to receive state basic education moneys pursuant to RCW 28A.150.250 and 28A.150.260.

(8) "Washington sustainable school design protocol" means the school design protocol and related information developed by the office of the superintendent of public instruction, in conjunction with school districts and the school facilities advisory board. [2006 c 263 § 330; 2005 c 12 § 2.]

Findings—Purpose—Part headings not law—2006 c 263: See notes following RCW 28A.150.230.

39.35D.030 Standards for major facility projects—Annual reports. (1) All major facility projects of public agencies receiving any funding in a state capital budget, or projects financed through a financing contract as defined in RCW 39.94.020, must be designed, constructed, and certified to at least the LEED silver standard. This subsection applies to major facility projects that have not entered the design phase prior to July 24, 2005, and to the extent appropriate LEED silver standards exist for that type of building or facility.

(2) All major facility projects of any entity other than a public agency or public school district receiving any funding in a state capital budget must be designed, constructed, and certified to at least the LEED silver standard. This subsection applies to major facility projects that have not entered the grant application process prior to July 24, 2005, and to the

extent appropriate LEED silver standards exist for that type of building or facility.

(3)(a) Public agencies, under this section, shall monitor and document ongoing operating savings resulting from major facility projects designed, constructed, and certified as required under this section.

(b) Public agencies, under this section, shall report annually to the department on major facility projects and operating savings.

(4) The department shall consolidate the reports required in subsection (3) of this section into one report and report to the governor and legislature by September 1st of each even-numbered year beginning in 2006 and ending in 2016. In its report, the department shall also report on the implementation of this chapter, including reasons why the LEED standard was not used as required by RCW 39.35D.020(5)(b). The department shall make recommendations regarding the ongoing implementation of this chapter, including a discussion of incentives and disincentives related to implementing this chapter. [2005 c 12 § 3.]

39.35D.040 Public school district major facility projects—Standards—Annual reports—Advisory committee. (1) All major facility projects of public school districts receiving any funding in a state capital budget must be designed and constructed to at least the LEED silver standard or the Washington sustainable school design protocol. To the extent appropriate LEED silver or Washington sustainable school design protocol standards exist for the type of building or facility, this subsection applies to major facility projects that have not received project approval from the superintendent of public instruction prior to: (a) July 1, 2006, for volunteering school districts; (b) July 1, 2007, for class one school districts; and (c) July 1, 2008, for class two school districts.

(2) Public school districts under this section shall: (a) Monitor and document appropriate operating benefits and savings resulting from major facility projects designed and constructed as required under this section for a minimum of five years following local board acceptance of a project receiving state funding; and (b) report annually to the superintendent of public instruction. The form and content of each report must be mutually developed by the office of the superintendent of public instruction in consultation with school districts.

(3) The superintendent of public instruction shall consolidate the reports required in subsection (2) of this section into one report and report to the governor and legislature by September 1st of each even-numbered year beginning in 2006 and ending in 2016. In its report, the superintendent of public instruction shall also report on the implementation of this chapter, including reasons why the LEED standard or Washington sustainable school design protocol was not used as required by RCW 39.35D.020(5)(b). The superintendent of public instruction shall make recommendations regarding the ongoing implementation of this chapter, including a discussion of incentives and disincentives related to implementing this chapter.

(4) The superintendent of public instruction shall develop and issue guidelines for administering this chapter for public school districts. The purpose of the guidelines is to

define a procedure and method for employing and verifying compliance with the LEED silver standard or the Washington sustainable school design protocol.

(5) The superintendent of public instruction shall utilize the school facilities advisory board as a high-performance buildings advisory committee comprised of affected public schools, the superintendent of public instruction, the department, and others at the superintendent of public instruction's discretion to provide advice on implementing this chapter. Among other duties, the advisory committee shall make recommendations regarding an education and training process and an ongoing evaluation or feedback process to help the superintendent of public instruction implement this chapter. [2006 c 263 § 331; 2005 c 12 § 4.]

Findings—Purpose—Part headings not law—2006 c 263: See notes following RCW 28A.150.230.

39.35D.050 Annual reports—Submission to legislature. On or before January 1, 2009, the department and the superintendent of public instruction shall summarize the reports submitted under RCW 39.35D.030(4) and 39.35D.040(3) and submit the individual reports to the legislative committees on capital budget and ways and means for review of the program's performance and consideration of any changes that may be needed to adapt the program to any new or modified standards for high-performance buildings that meet the intent of this chapter. [2005 c 12 § 5.]

39.35D.060 Guidelines for administration of chapter—Amendment of fee schedules—Architecture and engineering services—Building commissioning—Preproposal conferences—Advisory committee. (1)(a) The department, in consultation with affected public agencies, shall develop and issue guidelines for administering this chapter for public agencies. The purpose of the guidelines is to define a procedure and method for employing and verifying activities necessary for certification to at least the LEED silver standard for major facility projects.

(b) The department and the office of the superintendent of public instruction shall amend their fee schedules for architectural and engineering services to accommodate the requirements in the design of major facility projects under this chapter.

(c) The department and the office of the superintendent of public instruction shall procure architecture and engineering services consistent with chapter 39.80 RCW.

(d) Major facility projects designed to meet standards identified in this chapter must include building commissioning as a critical cost-saving part of the construction process. This process includes input from the project design and construction teams and the project ownership representatives.

(e) As provided in the request for proposals for construction services, the operating agency shall hold a preproposal conference for prospective bidders to discuss compliance with and achievement of standards identified in this chapter for prospective respondents.

(2) The department shall create a high-performance buildings advisory committee comprised of representatives from the design and construction industry involved in public works contracting, personnel from the affected public agencies responsible for overseeing public works projects, the

office of the superintendent of public instruction, and others at the department's discretion to provide advice on implementing this chapter. Among other duties, the advisory committee shall make recommendations regarding an education and training process and an ongoing evaluation or feedback process to help the department implement this chapter.

(3) The department and the office of the superintendent of public instruction shall adopt rules to implement this section. [2006 c 263 § 332; 2005 c 12 § 6.]

Findings—Purpose—Part headings not law—2006 c 263: See notes following RCW 28A.150.230.

39.35D.070 Liability for failure to meet standards. A member of the design or construction teams may not be held liable for the failure of a major facility project to meet the LEED silver standard or other LEED standard established for the project as long as a good faith attempt was made to achieve the LEED standard set for the project. [2005 c 12 § 10.]

39.35D.080 Affordable housing projects—Exemption. Except as provided in this section, affordable housing projects funded out of the state capital budget are exempt from the provisions of this chapter. On or before July 1, 2008, the department of community, trade, and economic development shall identify, implement, and apply a sustainable building program for affordable housing projects that receive housing trust fund (under chapter 43.185 RCW) funding in a state capital budget. The department of community, trade, and economic development shall not develop its own sustainable building standard, but shall work with stakeholders to adopt an existing sustainable building standard or criteria appropriate for affordable housing. Any application of the program to affordable housing, including any monitoring to track the performance of either sustainable features or energy standards or both, is the responsibility of the department of community, trade, and economic development. Beginning in 2009 and ending in 2016, the department of community, trade, and economic development shall report to the department as required under RCW 39.35D.030(3)(b). [2005 c 12 § 12.]

39.35D.090 Use of local building materials and products—Intent. It is the intent and an established goal of the LEED program as authored by the United States green building council to increase demand for building materials and products that are extracted and manufactured locally, thereby reducing the environmental impacts and to support the local economy. Therefore, it is the intent of the legislature to emphasize this defined goal and establish a priority to use Washington state based resources, building materials, products, industries, manufacturers, and other businesses to provide economic development to Washington state and to meet the objectives of this chapter. [2005 c 12 § 13.]

39.35D.800 Performance review—Report. The joint legislative audit and review committee, or its successor legislative agency, shall conduct a performance review of the high-performance buildings program established under this chapter.

(2008 Ed.)

(1) The performance audit shall include, but not be limited to:

(a) The identification of the costs of implementation of high-performance building[s] standards in the design and construction of major facility projects subject to this chapter;

(b) The identification of operating savings attributable to the implementation of high-performance building[s] standards, including but not limited to savings in energy, utility, and maintenance costs;

(c) The identification of any impacts of high-performance buildings standards on worker productivity and student performance; and

(d) An evaluation of the effectiveness of the high-performance building[s] standards established under this chapter, and recommendations for any changes in those standards that may be supported by the committee's findings.

(2) The committee shall make a preliminary report of its findings and recommendations on or before December 1, 2010, and a final report on or before July 1, 2011. [2005 c 12 § 14.]

(ii) Counties, cities, and towns are limited to an indebtedness amount not exceeding one and one-half percent of the value of the taxable property in such counties, cities, or towns without the assent of three-fifths of the voters therein voting at an election held for that purpose.

(b) In cases requiring such assent counties, cities, towns, and public hospital districts are limited to a total indebtedness of two and one-half percent of the value of the taxable property therein. However, any county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW may become indebted to a larger amount for its authorized metropolitan functions, as provided under chapter 35.58 RCW, but not exceeding an additional three-fourths of one percent of the value of the taxable property in the county without the assent of three-fifths of the voters therein voting at an election held for that purpose, and in cases requiring such assent not exceeding an additional two and one-half percent of the value of the taxable property in the county.

(3) School districts are limited to an indebtedness amount not exceeding three-eighths of one percent of the value of the taxable property in such district without the assent of three-fifths of the voters therein voting at an election held for that purpose. In cases requiring such assent school districts are limited to a total indebtedness of two and one-half percent of the value of the taxable property therein.

(4) No part of the indebtedness allowed in this chapter shall be incurred for any purpose other than strictly county, city, town, school district, township, port district, metropolitan park district, or other municipal purposes: PROVIDED, That a city or town, with such assent, may become indebted to a larger amount, but not exceeding two and one-half percent additional, determined as herein provided, for supplying such city or town with water, artificial light, and sewers,

when the works for supplying such water, light, and sewers shall be owned and controlled by the city or town; and a city or town, with such assent, may become indebted to a larger amount, but not exceeding two and one-half percent additional for acquiring or developing open space, park facilities, and capital facilities associated with economic development: PROVIDED FURTHER, That any school district may become indebted to a larger amount but not exceeding two and one-half percent additional for capital outlays.

(5) Such indebtedness may be authorized in any total amount in one or more propositions and the amount of such authorization may exceed the amount of indebtedness which could then lawfully be incurred. Such indebtedness may be incurred in one or more series of bonds from time to time out of such authorization but at no time shall the total general indebtedness of any taxing district exceed the above limitation.

The term "value of the taxable property" as used in this section shall have the meaning set forth in RCW 39.36.015. asset only as against indebtedness incurred during such current year which is payable from such taxes or cash on hand: PROVIDED, HOWEVER, That all taxes levied for the payment of bonds, warrants or other public debts of such taxing district, shall be deemed a competent and sufficient asset of the taxing district to be considered in calculating the constitutional debt limit or the debt limit prescribed by this chapter for any taxing district: PROVIDED, That the provisions of this section shall not apply in computing the debt limit of a taxing district in connection with bonds authorized pursuant to a vote of the electors at an election called prior to March 1, 1917.

(2) If reductions in assessed valuation of property within a taxing district result in the outstanding indebtedness of the taxing district exceeding its statutory indebtedness limitations, the amount of such excess indebtedness shall not be included in the statutory indebtedness ceiling. Additional indebtedness that is subject to indebtedness limitations, other than refinancing indebtedness that does not increase the total amount of indebtedness, may not be issued by such a taxing district until its total outstanding indebtedness, including that which this subsection removes from the statutory indebtedness limitations, is below these limitations.

When it is required that such bonds be retired by excess property tax levies, or when the governing body desires such bonds be retired by excess property tax levies, the ballot proposition shall also include authorization for such excess bond retirement property tax levies provided under RCW 84.52.056.

Notice of the proposed election shall be published as required by **RCW 29.27.080. [1984 c 186 § 3.]

39.42.010 Scope of application. This chapter shall apply to all bonds, notes and other evidences of indebtedness of the state authorized by the legislature after *the effective date of this chapter, unless otherwise provided in the authorizing acts. [1971 ex.s. c 184 § 1.]

***Reviser's note:** For "the effective date of this chapter," see RCW 39.42.900.

39.42.020 Evidences of indebtedness—Issuance—Signature. Bonds, notes or other evidences of indebtedness shall be issued by the state finance committee. They may be issued at one time or in a series from time to time. The maturity date of each series shall be determined by the state finance committee, but in no case shall any bonds mature later than thirty years from the date of issue. All evidences of indebtedness shall be signed in the name of the state by the governor and the treasurer. The facsimile signature of said officials is authorized and said evidences of indebtedness may be issued notwithstanding that any of the officials signing them or whose facsimile signatures appear on such evi-

dences of indebtedness has ceased to hold office at the time of issue or at the time of delivery to the purchaser. [1971 ex.s. c 184 § 2.]

39.42.030 Evidences of indebtedness—Issuance—State finance committee, duties and powers. The state finance committee shall determine by resolution the amount, date or dates, terms, conditions, covenants, denominations, interest rate or rates (which may be fixed or variable), maturity or maturities, redemption rights, manner of execution and authentication, manner and price of sale and form of all bonds, notes, or other evidences of indebtedness.

Such bonds, notes, or other evidences of indebtedness shall be payable either to the bearer or to the registered owner as provided in RCW 39.46.030. The resolution may provide for the deposit in trust with any qualified public depository of all or any part of the proceeds of the bonds, notes, or other evidences of indebtedness or money set aside for the payment thereof.

The state finance committee shall also determine by resolution whether interest on all or any part of the bonds is to be payable periodically during the term of such bonds or only at the maturity of the bonds. For purposes of the limitations on the amount of bonds authorized to be issued contained in the acts authorizing their issuance, the amount of bonds which pay interest only at maturity shall be equal to the price, exclusive of accrued interest, at which the bonds are initially offered to the public.

The state finance committee may issue, under chapter 39.53 RCW and this chapter, bonds, notes, or other evidences of indebtedness to refund at or prior to maturity any outstanding state bonds, notes, or other evidences of indebtedness.

The state finance committee may obtain bond insurance, letters of credit or other credit support instruments for the purpose of guaranteeing the payment or enhancing the marketability, or both, of any state bonds, notes, or other evidences of indebtedness, and may authorize the execution and delivery of agreements, promissory notes, and other related instruments. [1989 1st ex.s. c 14 § 16; 1983 c 167 § 104; 1971 ex.s. c 184 § 3.]

Severability—Effective dates—1989 1st ex.s. c 14: See RCW 43.99H.900 and 43.99H.901.

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

39.42.040 Disposition of proceeds from sale of bonds. The proceeds of the sale of any bonds shall be used solely for the purposes, including any expense incurred in connection with the issuance and sale of such bonds, specified in the general statute or special act authorizing the issuance of such bonds. [1971 ex.s. c 184 § 4.]

39.42.050 Anticipation notes—Issued, when—Payment of principal and interest. When the state finance committee has decided to issue such bonds or a portion thereof, it may, pending the issuing of such bonds, issue, in the name of the state, temporary notes in anticipation of the money to be derived from the sale of such bonds, which notes shall be designated as "anticipation notes". If, prior to the issuance of the bonds, it becomes necessary to redeem outstanding notes, additional bond anticipation notes may be

issued to redeem the outstanding notes. Such portion of the proceeds of the sale of such bonds as may be required for such purpose shall be applied to the payment of the principal of such anticipation notes which have been issued. The interest on anticipation notes shall be paid from the revenue source and with the same priority of payment specified in the respective bond acts for payment of principal of and interest on the bonds against which anticipation notes are sold. The procedure for paying the interest on the notes, including the transfer of necessary funds for that purpose, shall be the same as prescribed for the bonds.

If the bonds shall constitute general obligations of the state and pledge the full faith and credit of the state to the payment thereof, then the notes issued in anticipation thereof shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due. The owner and holder of any of the notes or the trustee for the owner and holder of any of the notes may, by a mandamus or other appropriate proceeding, require the transfer and payment of funds as directed in this section. [1981 c 29 § 1; 1971 ex.s. c 184 § 5.]

Application—1981 c 29: "This act shall apply to all outstanding bond anticipation notes of the state, and interest on the notes shall be paid as provided in RCW 39.42.050: PROVIDED, That in the event such interest is not paid as provided in RCW 39.42.050 it shall be paid from such source or sources as are specified in such notes." [1981 c 29 § 2.]

39.42.060 Limitation on issuance of evidences of indebtedness—Annual computation of amount required to pay on outstanding debt. No bonds, notes, or other evidences of indebtedness for borrowed money shall be issued by the state which will cause the aggregate debt contracted by the state to exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than seven percent of the arithmetic mean of its general state revenues, as defined in RCW 39.42.070, for the three immediately preceding fiscal years as certified by the treasurer in accordance with RCW 39.42.070. It shall be the duty of the state finance committee to compute annually the amount required to pay principal of and interest on outstanding debt. In making such computation, the state finance committee shall include all borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be paid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, and shall include debt incurred pursuant to section 3 of Article VIII of the Washington state Constitution, but shall exclude the following:

- (1) Obligations for the payment of current expenses of state government;
- (2) Indebtedness incurred pursuant to RCW 39.42.080 or 39.42.090;
- (3) Principal of and interest on bond anticipation notes;

(2008 Ed.)

- (4) Any indebtedness which has been refunded;
- (5) Financing contracts entered into under chapter 39.94 RCW;

(6) Indebtedness authorized or incurred before July 1, 1993, pursuant to statute which requires that the state treasury be reimbursed, in the amount of the principal of and the interest on such indebtedness, from money other than general state revenues or from the special excise tax imposed pursuant to chapter 67.40 RCW;

(7) Indebtedness authorized and incurred after July 1, 1993, pursuant to statute that requires that the state treasury be reimbursed, in the amount of the principal of and the interest on such indebtedness, from (a) moneys outside the state treasury, except higher education operating fees, (b) higher education building fees, (c) indirect costs recovered from federal grants and contracts, and (d) fees and charges associated with hospitals operated or managed by institutions of higher education;

(8) Any agreement, promissory note, or other instrument entered into by the state finance committee under RCW 39.42.030 in connection with its acquisition of bond insurance, letters of credit, or other credit support instruments for the purpose of guaranteeing the payment or enhancing the marketability, or both, of any state bonds, notes, or other evidence of indebtedness;

(9) Indebtedness incurred for the purposes identified in RCW 43.99N.020;

(10) Indebtedness incurred for the purposes of the school district bond guaranty established by chapter 39.98 RCW;

(11) Indebtedness incurred for the purposes of replacing the waterproof membrane over the east plaza garage and revising related landscaping construction pursuant to RCW 43.99Q.070;

(12) Indebtedness incurred for the purposes of the state legislative building rehabilitation, to the extent that principal and interest payments of such indebtedness are paid from the capitol building construction account pursuant to RCW 43.99Q.140(2)(b);

(13) Indebtedness incurred for the purposes of financing projects under RCW 47.10.867; and

(14) Indebtedness incurred for the purposes of school construction assistance grants and capital improvements for skill centers under RCW 28A.527.010.

To the extent necessary because of the constitutional or statutory debt limitation, priorities with respect to the issuance or guaranteeing of bonds, notes, or other evidences of indebtedness by the state shall be determined by the state finance committee. 39.42.070 Computation of general state revenues—Filing of certificate—Estimate of debt capacity. (1) On or after *the effective date of this act, the treasurer shall compute general state revenues for the three fiscal years immediately preceding such date and shall determine the arithmetic mean thereof. As soon as is practicable after the close of each fiscal year thereafter, he or she shall do likewise. In determining the amount of general state revenues, the treasurer shall include all state money received in the treasury from each and every source whatsoever except: (a) Fees and revenues derived from the ownership or operation of any undertaking, facility or project; (b) moneys received as gifts, grants, donations, aid or assistance or otherwise from the United States or any department, bureau or corporation thereof, or any person, firm or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (c) moneys to be paid into and received from retirement system funds, and performance bonds and deposits; (d) moneys to be paid into and received from trust funds including but not limited to moneys received from taxes levied for specific purposes and the several permanent funds of the state and the moneys derived therefrom but excluding bond redemption funds; (e) proceeds received from the sale of bonds or other evidences of indebtedness. Upon computing general state revenues, the treasurer shall make and file in the office of the secretary of state, a certificate containing the results of such computations. Copies of said certificate shall be sent to each elected official of the state and each member of the legislature. The treasurer shall, at the same time, advise each elected official and each member of the legislature of the current available debt capacity of the state, and may make estimated projections for one or more years concerning debt capacity.

(2) For purposes of this chapter, general state revenues shall also include revenues that are deposited in the general fund under RCW 82.45.180(2), lottery revenues as provided in RCW 67.70.240(3), revenues paid into the general fund under RCW 84.52.067, and revenues deposited into the student achievement fund and distributed to school districts as provided in RCW 84.52.068. [2007 c 215 § 2; 2003 1st sp.s. c 9 § 1; 2002 c 240 § 8; 1971 ex.s. c 184 § 7.]

***Reviser's note:** For "the effective date of this act," see RCW 39.42.900.

Finding—Intent—2007 c 215: "The legislature finds that after passage of a constitutional amendment (*House Joint Resolution No. 4215 or Senate Joint Resolution No. 8220), the state investment board will be permitted in accordance with RCW 43.33A.140 to invest a portion of the higher education permanent funds in equities. The legislature further recognizes that by

investing in equities, the value of the higher education permanent funds may fluctuate over time due to market changes even if no disposition of the fund principal is made. The removal of the word "irreducible" in this act, describing the higher education permanent funds, is needed to clarify that the mere reduction in market value of a permanent fund due to such fluctuations would not violate the mandate of the statute. It is the intent of the legislature to clarify state law to permit equity investment of higher education permanent funds even if there is a decline in the value of a permanent fund due to market changes. It is not the intent of the legislature to change the requirement that unless otherwise allowed by law the principal amounts in the higher education permanent funds are to be held in perpetuity for the benefit of the designated institutions and future generations, and that only the earnings from a higher education permanent fund may be appropriated to support the benefited institution." [2007 c 215 § 1.]

***Reviser's note:** House Joint Resolution No. 4215 passed the legislature on April 11, 2007.

Contingent effective date—2007 c 215: "This act takes effect if the proposed amendment to Article XVI of the state Constitution regarding investment of certain state moneys is validly submitted to and is approved and ratified by the voters at the next general election. If the proposed amendment is not approved and ratified, this act is void in its entirety." [2007 c 215 § 10.] The proposed amendment to Article XVI of the state Constitution (Substitute House Joint Resolution No. 4215) was approved by the people at the November 6, 2007, general election.

Severability—Effective date—2002 c 240: See RCW 43.99G.902 and 43.99G.903.

39.42.080 Obligations allowable under debt limitation. The foregoing limitation on the aggregate amount of indebtedness of the state shall not prevent:

(1) The issuance of obligations to refund or replace any such indebtedness existing at any time in an amount not exceeding 1.05 times the amount which, taking into account earnings from the investment of the proceeds of the issue, is required to pay the principal thereof, interest thereon, and any premium payable with respect thereto, and the costs incurred in accomplishing such refunding, as provided in chapter 39.53 RCW, as now or hereafter amended: PROVIDED, That any proceeds of the refunding, bonds in excess of those acquired to accomplish such refunding or any obligations acquired with such excess proceeds, shall be applied exclusively for the payment of principal, interest, or call premiums with respect to such refunding obligations;

(2) The issuance of obligations in anticipation of revenues to be received by the state during a period of twelve calendar months next following their issuance;

(3) The issuance of obligations payable solely from revenues of particular public improvements;

(b) excise taxes collected by the state on the sale, distribution, or use of motor vehicle fuel; and

(c) interest on the permanent common school fund:

PROVIDED, That the legislature shall, at all times, provide sufficient revenues from such sources to pay the principal and interest due on all obligations for which said source of revenue is pledged. [1974 ex.s. c 111 § 1; 1971 ex.s. c 184 § 8.]

Severability—1974 ex.s. c 111: "If any provision of this 1974 amendatory act, or its application to any person or circumstance is held invalid, the

remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1974 ex.s. c 111 § 6.]

39.42.090 Certificates of indebtedness—Issued, when—Retirement. The state finance committee may issue certificates of indebtedness in such sum or sums that may be necessary to meet temporary deficiencies of the treasury. Such certificates may be issued only to provide for the appropriations already made by the legislature and such certificates must be retired and the debt discharged other than by refunding within twelve months after the date of issuance.

For the purposes of this section, the state treasury shall include all statutorily established funds and accounts except for any of the permanent funds of the state treasury. [2007 c 215 § 3; 1985 c 57 § 21; 1971 ex.s. c 184 § 9.]

Whenever the state finance committee determines to issue bonds, notes or other evidences of indebtedness, it shall file with the treasurer a certified copy of the resolution authorizing their issuance at least thirty days prior to delivery to the purchaser of such bonds, notes, or other evidences of indebtedness. At any time prior to delivery, any person in interest shall have the right to institute an appropriate action or proceeding to contest the validity of the authorized indebtedness, the pledge of revenues for the payment of principal and interest on such indebtedness, the validity of the collection and disposition of revenue necessary to pay the principal and interest on such indebtedness, the expenditure of the proceeds derived from the sale of the evidences of indebtedness for the purposes specified by law, and the validity of all other provisions and proceedings in connection with the authorization and issuance of the evidences of indebtedness. If such action or proceeding shall not have been instituted prior to delivery, then the validity of the evidences of indebtedness shall be conclusively presumed and no court shall have authority to inquire into such matters. Pursuant to legislative appropriation from the excess earnings account, the state treasurer shall periodically remit to the United States treasury any amounts owed to the federal government under section 148 of the federal internal revenue code. [1988 c 92 § 1.]

This act shall become effective coincident with the effective date of the constitutional amendment to Article VIII, section 1 and to Article VIII, section 3 of the Washington state Constitution as presented for a vote of the people by HJR 52, 1971 regular session. Unless such constitutional amendment shall be approved by the people at the next general election, this chapter shall be null and void. [1971 ex.s. c 184 § 12.]

The purposes of this chapter are to permit the state and local governments to conform with registration requirements of federal law which are necessary to exempt interest payments from federal income taxes when the state or local governments issue bonds or incur other obligations and to authorize the establishment and maintenance of differing systems of registering bonds and other obligations as these systems are developed and recognized, which may be instituted, discontinued, and reinstated from time to time. It is further the purpose of this chapter to grant local governments an alternative flexible authority to structure and sell their bond issues and to include a variety of features on their bonds.

This act shall be liberally construed to effect its purposes. [1983 c 167 § 1.]

Severability—1983 c 167: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1983 c 167 § 273.]

Registration may include, without limitation: (a) A book entry system of recording the ownership of a bond or other obligation whether or not a physical instrument is issued; or (b) recording the ownership of a bond or other obligation together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond or other obligation and either the reissuance of the old bond or other obligation or the issuance of a new bond or other obligation to the new owner.

(2) The system of registration shall define the method or methods by which transfer of the registered bonds or other obligations shall be effective, and by which payment of principal and any interest shall be made. The system of registration may permit the issuance of bonds or other obligations in any denomination to represent several registered bonds or other obligations of smaller denominations. The system of registration may also provide for any writing relating to a bond or other obligation that is not issued as a physical instrument, for identifying numbers or other designations, for a sufficient supply of certificates for subsequent transfers, for record and payment dates, for varying denominations, for communications to the owners of bonds or other obligations, for accounting, canceled certificate destruction, registration and release of securing interests, and for such other incidental matters pertaining to the registration of bonds or other obligations as the issuer may deem to be necessary or appropriate.

The interest rates on such bonds or other obligations may be a fixed rate or rates set periodically or a variable rate or rates determined by agreement of the parties. 39.46.100 RCW 39.46.010 through 39.46.070 constitutes alternative method. RCW 39.46.010 through 39.46.070 shall be deemed to provide a complete, additional, and alternative method for the performance of those subjects authorized by these sections and shall be regarded as supplemental and additional to powers conferred by other state laws. Whenever bonds and other obligations are issued and sold in conformance with RCW 39.46.010 through 39.46.070, such issuance and sale need not comply with contrary requirements of other state laws applicable to the issuance and sale of bonds or other obligations. [1983 c 167 § 8.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

39.46.110 Local government general obligation bonds—Indebtedness—Payment—Notice by special district. (1) General obligation bonds of local governments shall be subject to this section. Unless otherwise stated in law, the maximum term of any general obligation bond issue shall be forty years.

(2) General obligation bonds constitute an indebtedness of the local government issuing the bonds that are subject to the indebtedness limitations provided in Article VIII, section 6 of the state Constitution and are payable from tax revenues of the local government and such other money lawfully available and pledged or provided by the governing body of the local government for that purpose. Such governing body may pledge the full faith, credit and resources of the local government for the payment of general obligation bonds. The payment of such bonds shall be enforceable in mandamus against the local government and its officials. The officials now or hereafter charged by law with the duty of levying taxes pledged for the payment of general obligation bonds and interest thereon shall, in the manner provided by law, make an annual levy of such taxes sufficient together with other moneys lawfully available and pledge [pledged] therefor to meet the payments of principal and interest on the bonds as they come due.

(3) General obligation bonds, whether or not issued as physical instruments, shall be executed in the manner determined by the governing body or legislative body of the issuer. If the issuer is the county or a special district for which the county treasurer is the treasurer, the issuer shall notify the county treasurer at least thirty days in advance of authorizing the issuance of bonds or the incurrence of other certificates of indebtedness.

(4) Unless another statute specifically provides otherwise, the owner of a general obligation bond, or the owner of an interest coupon, issued by a local government shall not have any claim against the state arising from the general obligation bond or interest coupon.

(5) As used in this section, the term "local government" means every unit of local government, including municipal corporations, quasi municipal corporations, and political subdivisions, where property ownership is not a prerequisite to vote in the local government's elections. [1998 c 106 § 7; 1995 c 38 § 8; 1994 c 301 § 12; 1984 c 186 § 2.]

Acts of municipal officers ratified and confirmed—1995 c 38: See note following RCW 3.02.045.

Purpose—1984 c 186: "The purpose of this 1984 act is to provide simplified and uniform authorities for various local governments to issue and sell general obligation bonds. It is not the purpose of this 1984 act to alter the indebtedness limitation of local governments." [1984 c 186 § 1.]

39.46.120 Notice of intent to sell general obligation bonds. Notice of intent to sell general obligation bonds at a public sale shall be provided in a reasonable manner as determined by the legislative authority or governing body of the issuer. [1984 c 186 § 4.]

Purpose—1984 c 186: See note following RCW 39.46.110.

39.46.150 Revenue bonds—Alternative method of issuance—Limitations. (1) Any local government authorized to issue revenue bonds may issue revenue bonds under this section and RCW 39.46.160. If a local government chooses to issue revenue bonds under this section and RCW 39.46.160, the issue shall be subject to the limitations and restrictions of these sections. The authority to issue revenue bonds under this section and RCW 39.46.160 is supplementary and in addition to any authority otherwise existing. The maximum term of any revenue bonds shall be forty years unless another statute authorizing the local government to issue revenue bonds provides for a different maximum term, in which event the local government may issue revenue bonds only with terms not in excess of such different maximum term.

(2) The governing body of a local government issuing revenue bonds shall create a special fund or funds, or use an existing special fund or funds, exclusively from which, along with reserve funds which may be created by the governing body, the principal and interest on such revenue bonds shall be payable. These reserve funds include those authorized to be created by RCW 39.46.160.

Subject to the limitations contained in this section, the governing body of a local government may provide such covenants as it may deem necessary to secure the payment of the principal of and interest on revenue bonds, and premium on revenue bonds, if any. Such covenants may include, but are not limited to, depositing certain revenues into a special fund or funds as provided in subsection (3) of this section; establishing, maintaining, and collecting fees, rates, charges, tariffs, or rentals, on facilities and services, the income of which is pledged for the payment of such bonds; operating, maintaining, managing, accounting, and auditing the local government; appointing trustees, depositories, and paying agents; and any and all matters of like or different character, which affect the security or protection of the revenue bonds.

(3) The governing body may obligate the local government to set aside and pay into a special fund or funds created under subsection (2) of this section a proportion or a fixed amount of the revenues from the following: (a) The public improvements, projects, or facilities that are financed by the revenue bonds; or (b) the public utility or system, or an addition or extension to the public utility or system, where the improvements, projects, or facilities financed by the revenue bonds are a portion of the public utility or system; or (c) all the revenues of the local government; or (d) any other money legally available for such purposes. As used in this subsection, the term "revenues" includes the operating revenues of a local government that result from fees, rates, charges, tariffs, or rentals imposed upon the use or availability or benefit from projects, facilities, or utilities owned or operated by the local government and from related services provided by the local government and other revenues legally available to be pledged to secure the revenue bonds.

The proportion or fixed amount of revenue so obligated shall be a lien and charge against these revenues, subject only to maintenance and operating expenses. The governing body shall have due regard for the cost of maintenance and operation of the public utility, system, improvement, project, facility, addition, or extension that generates revenues obligated to be placed into the special fund or funds from which the revenue bonds are payable, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above such cost of maintenance and operation and the proportion or fixed amount, if any, of the revenue so previously pledged. Other revenues, including tax revenues, lawfully available for maintenance or operation of revenue generating facilities may be used for maintenance and operation purposes even though the facilities are acquired, constructed, expanded, replaced, or repaired with moneys arising from the sale of revenue bonds. However, the use of these other revenues for maintenance and operation purposes shall not be deemed to directly or indirectly guarantee the revenue bonds or create a general obligation. The obligation to maintain and impose fees, rates, charges, tariffs, or rentals at levels sufficient to finance maintenance and operations shall remain if the other revenues available for such purposes diminish or cease.

The governing body may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(4) A revenue bond issued by a local government shall not constitute an obligation of the state, either general or special, nor a general obligation of the local government issuing the bond, but is a special obligation of the local government issuing the bond, and the interest and principal on the bond shall only be payable from the special fund or funds established pursuant to subsection (2) of this section, the revenues lawfully pledged to the special fund or funds, and any lawfully created reserve funds. The owner of a revenue bond shall not have any claim for the payment thereof against the local government arising from the revenue bond except for payment from the special fund or funds, the revenues lawfully pledged to the special fund or funds, and any lawfully created reserve funds. The owner of a revenue bond issued by a local government shall not have any claim against the state

arising from the revenue bond. Tax revenues shall not be used directly or indirectly to secure or guarantee the payment of the principal of or interest on revenue bonds.

[(5)] The substance of the limitations included in this subsection shall be plainly printed, written, engraved, or reproduced on: (a) Each revenue bond that is a physical instrument; (b) the official notice of sale; and (c) each official statement associated with the bonds.

(6) The authority to create a fund shall include the authority to create accounts within a fund.

(7) Local governments issuing revenue bonds, payable from revenues derived from projects, facilities, or utilities, shall covenant to maintain and keep these projects, facilities, or utilities in proper operating condition for their useful life. [1986 c 168 § 1.]

Funds for reserve purposes may be included in issue amount: RCW 39.44.140.

39.46.160 Revenue bonds—Alternative method of issuance—Bonds may include reserve funds. Any local government issuing revenue bonds under this section and RCW 39.46.150 may include in the amount of any such issue money for the purpose of establishing, maintaining, or increasing reserve funds to:

(1) Secure the payment of the principal of and interest on such revenue bonds; or

(2) Provide for replacements or renewals of or repairs or betterments to revenue producing facilities; or

(3) Provide for contingencies, including, but not limited to, loss of revenue caused by such contingencies. [1986 c 168 § 2.]

(2) "Local improvement district" includes local improvement districts, utility local improvement districts, road

improvement districts, and other improvement districts that a municipal corporation is authorized by law to establish;

(3) "Municipal corporation" means any city, town, county, water-sewer district, school district, port district, public utility district, metropolitan municipal corporation, public transportation benefit area, park and recreation district, irrigation district, fire protection district or any other municipal or quasi municipal corporation described as such by statute, or regional transit authority, except joint operating agencies under chapter 43.52 RCW;

Part headings not law—1999 c 153: See note following RCW 57.04.050.

39.50.020 Short-term obligations authorized. Subject to any applicable budget requirements, any municipal corporation may borrow money and issue short-term obligations as provided in this chapter, the proceeds of which may be used for any lawful purpose of the municipal corporation. Short-term obligations may be issued in anticipation of the receipt of revenues, taxes, or grants or the sale of (1) general obligation bonds if the bonds may be issued without the assent of the voters or if previously ratified by the voters; (2) revenue bonds if the bonds have been authorized by ordinance; (3) local improvement district bonds if the bonds have been authorized by ordinance. These short-term obligations shall be repaid out of money derived from the source or sources in anticipation of which they were issued or from any money otherwise legally available for this purpose. [1982 c 216 § 3.]

39.50.030 Issuance of short-term obligations—Procedure—Interest rate—Contracts for future sale. (1) The issuance of short-term obligations shall be authorized by ordinance of the governing body which ordinance shall fix the maximum amount of the obligations to be issued or, if applicable, the maximum amount which may be outstanding at any time, the maximum term and interest rate or rates to be borne thereby, the manner of sale, maximum price, form including bearer or registered as provided in RCW 39.46.030, terms, conditions, and the covenants thereof. For those municipalities and taxing and assessment districts for which the county treasurer is not the designated treasurer by law, the ordinance may provide for designation and employment of a paying agent for the short-term obligations and may authorize a designated representative of the municipal corporation, subject to the terms of the ordinance in selling and delivering short-term obligations authorized and fixing the dates, price, interest rates, and other details as may be specified in the ordinance. For the county and those taxing and assessment districts for which the county treasurer is the designated treasurer by law or other appointment, the county treasurer shall be notified thirty days in advance of borrowing under this chapter and will be the designated paying agent to act on its

behalf for all payments of principal, interest, and penalties for that obligation, subject to the terms of the ordinance in selling and delivering short-term obligations authorized and fixing the dates, price, interest rates, and other details as may be specified in the ordinance. Short-term obligations issued under this section shall bear such fixed or variable rate or rates of interest as the governing body considers to be in the best interests of the municipal corporation. Variable rates of interest may be fixed in relationship to such standard or index as the governing body designates.

The governing body may make contracts for the future sale of short-term obligations pursuant to which the purchasers are committed to purchase the short-term obligations from time to time on the terms and conditions stated in the contract, and may pay such consideration as it considers proper for the commitments. Short-term obligations issued in anticipation of the receipt of taxes shall be paid within six months from the end of the fiscal year in which they are issued. For the purpose of this subsection, short-term obligations issued in anticipation of the sale of general obligation bonds shall not be considered to be obligations issued in anticipation of the receipt of taxes.

(2) Notwithstanding subsection (1) of this section, such short-term obligations may be issued and sold in accordance with chapter 39.46 RCW. [2001 c 299 § 17; 1995 c 38 § 9; 1994 c 301 § 13; 1985 c 71 § 1; 1983 c 167 § 112; 1982 c 216 § 4.]

Short-term obligations payable from taxes shall not be renewed or refunded to a date later than six months from the end of the fiscal year in which the original short-term obligation was issued. For the purpose of this section, short-term obligations issued in anticipation of the sale of general obligation bonds shall not be considered to be short-term obligations payable from taxes. [1985 c 332 § 9; 1985 c 71 § 2; 1982 c 216 § 5.]

Short-term obligations issued in anticipation of the sale of revenue or local improvement district bonds and the interest thereon may be secured in the same manner as the revenue and local improvement district bonds in anticipation of which the obligations are issued and by an undertaking to issue the bonds. Short-term obligations issued in anticipation of grants, loans, or other sources of money shall be secured in the manner set forth in the ordinance authorizing their issuance. [1982 c 216 § 6.]

39.50.060 Nonvoted general indebtedness. A municipal corporation may incur nonvoted general indebtedness under this chapter up to an amount which, when added to all other authorized and outstanding nonvoted indebtedness of the municipal corporation, is equal to the maximum amount of indebtedness the municipal corporation is otherwise permitted to incur without a vote of the electors. [1982 c 216 § 7.]

39.50.070 Funds for payment of principal and interest. For the purpose of providing funds for the payment of principal of and interest on short-term obligations, the governing body may authorize the creation of a special fund or funds and provide for the payment from authorized sources to such funds of amounts sufficient to meet principal and interest requirements. [1982 c 216 § 8.]

39.64.005 Short title. This chapter may be cited as the taxing district relief act. [1935 c 143 § 1; RRS § 5608-1.]

39.64.010 Purpose of chapter. The purpose of this chapter is to facilitate and permit taxing districts which are unable to meet their debts either in their present amount and/or at the time they fall due, to obtain relief by the readjustment of such debts as provided for by the act of congress hereinafter referred to, by supplementing the powers of those taxing districts for which refunding of debts is provided for by existing statutes, and by providing a method of refunding of debts for those taxing districts for which no method of refunding such debts has heretofore been provided, and by other provisions appropriate to such purposes.

This chapter shall not be construed as in anywise limiting the powers of the federal courts to grant relief as provided for in said act of congress. [1935 c 143 § 2; RRS § 5608-2.]

39.64.020 Definitions. For the purposes of this chapter a "taxing district" is defined to be a "taxing district" as described in section 80 of chapter IX of the act of congress entitled "An act to establish a uniform system of bankruptcy throughout the United States," approved July 1, 1898, as amended, to wit:

"Any municipality or other political subdivision of any state, including (but not hereby limiting the generality of the foregoing) any county, city, borough, village, parish, town, or township, unincorporated tax or special assessment district, and any school, drainage, irrigation, reclamation, levee, sewer, or paving, sanitary, port, improvement or other district (hereinafter referred to as a 'taxing district')."

Said act of congress and acts amendatory thereof and supplementary thereto, as the same may be amended from time to time, are herein referred to as the "federal bankruptcy act." [1935 c 143 § 3; RRS § 5608-3.]

39.64.030 Exercise of powers granted. All powers herein granted to taxing districts in state of Washington may be exercised by such districts. If a taxing district has no officers of its own, such powers may be exercised in its behalf by the officer or officers, board, council or commission having the power to contract in behalf of such district or to levy special assessments or special taxes within such district. [1935 c 143 § 4; RRS § 5608-4.]

39.64.040 Petition in bankruptcy. Any taxing district in the state of Washington is hereby authorized to file the

petition mentioned in section 80 of chapter IX of the federal bankruptcy act. [1935 c 143 § 5; RRS § 5608-5.]

39.64.050 Resolution of authorization. Before the filing of any petition referred to in RCW 39.64.040, such taxing district shall adopt a resolution authorizing the filing thereof and authorizing its duly and regularly elected or appointed attorney or special counsel duly appointed for such purpose to file the same and to represent it in the proceedings with respect thereto in the competent United States district court. [1935 c 143 § 6; RRS § 5608-6.]

39.64.060 Resolution consenting to readjustment. No final decree or order of such United States district court confirming a plan of readjustment shall be effective for the purpose of binding such taxing district unless and until such taxing district files with such court a certified copy of a resolution of such taxing district, adopted by it or by the officer or officers, board, council or commission referred to in RCW 39.64.030, consenting to the plan of readjustment set forth or referred to in such final decree or order. [1935 c 143 § 7; RRS § 5608-7.]

39.64.070 Plan of readjustment. Such taxing district is hereby authorized and empowered to take any and all action necessary to carry out any plan of readjustment contemplated in said petition, or as the same may be modified from time to time, notwithstanding any other provisions of law. In case of the refunding of debts of irrigation districts, diking or drainage improvement districts, general debts of cities, or debts of other taxing districts for the refunding of which provision is already made under existing statutes, such refunding shall be had and done as provided for in such existing statutes, except that the tenor and character of the refunding bonds and the assessments levied to meet such bonds may be modified to conform to the capacity of the taxing district, or the individual lots, tracts, or parcels of real property therein, to meet and carry the charges, both direct and contingent, against them, as found and set forth in the plan of readjustment and decree of court; and except also as such existing provisions of law may be otherwise supplemented by such plan of readjustment or the provisions of this chapter. [1935 c 143 § 8; RRS § 5608-8.]

39.64.080 Powers under plan of readjustment. Such taxing district shall have power to consummate the plan of readjustment, as adopted by the court's decree and approved by it as aforesaid, and if such plan, as approved by such decree, so requires, may, for such purpose, exercise any of the following powers:

(1) Cancel in whole or in part any assessments or any interest or penalties assessed thereon which may be outstanding and a lien upon any property in such taxing district, as and when such assessments are replaced by the readjusted or revised assessments provided for in the plan of readjustment approved by such decree.

(2) Issue refunding bonds to refund bonds theretofore issued by such taxing district. Such refunding bonds shall have such denominations, rates of interest and maturities as shall be provided in such plan of readjustment and shall be

payable by special assessments or by general taxes, according to the nature of the taxing district, in the manner provided in such plan of readjustment and decree.

(3) Apportion and levy new assessments or taxes appropriate in time or times of payment to provide funds for the payment of principal and interest of such refunding bonds, and of all expenses incurred by such taxing district in filing the petition mentioned in RCW 39.64.040, and any and all other expenses necessary or incidental to the consummation of the plan of readjustment.

In the case of special assessment districts for the refunding of whose debts no procedure is provided by existing laws, such assessments shall be equitably apportioned and levied upon each lot, tract or parcel of real property within such taxing district, due consideration being given to the relative extent to which the original apportionments upon the various lots, tracts or parcels of real property within such taxing district have already been paid and due consideration also being given to the capacity of the respective lots, tracts or parcels of real property to carry such charges against them. Before levying or apportioning such assessment such taxing district or the officer or officers, board, council or commission mentioned in RCW 39.64.030 shall hold a hearing with reference thereto, notice of which hearing shall be published once a week for four consecutive weeks in the newspaper designated for the publication of legal notices by the legislative body of the city or town, or by the board of county commissioners of the county within which such taxing district or any part thereof is located, or in any newspaper published in the city, town or county within which such taxing district or any part thereof is located and of general circulation within such taxing district. At such hearing every owner of real property within such taxing district shall be given an opportunity to be heard with respect to the apportionment and levy of such assessment.

(4) In the case of special assessment districts, of cities or towns, provide that if any of the real property within such taxing district shall not, on foreclosure of the lien of such new assessment for delinquent assessments and penalties and interest thereon, be sold for a sufficient amount to pay such delinquent assessments, penalties and interest, or if any real property assessed was not subject to assessment, or if any assessment or installment or installments thereof shall have been eliminated by foreclosure of a tax lien or made void in any other manner, such taxing district shall cause a supplemental assessment sufficient in amount to make up such deficiency to be made on the real property within such taxing district, including real property upon which any such assessment or any installment or installments thereof shall have been so eliminated or made void. Such supplemental assessment shall be apportioned to the various lots, tracts and parcels of real property within such taxing district in proportion to the amounts apportioned thereto in the assessment originally made under such plan of readjustment.

(5) Provide that refunding bonds may, at the option of the holders thereof, be converted into warrants of such denominations and bearing such rate of interest as may be provided in the plan of readjustment, and that the new assessments mentioned in subdivision (3) and the supplemental assessments mentioned in subdivision (4) of this section may be paid in refunding bonds or warrants of such taxing district

without regard to the serial numbers thereof, or in money, at the option of the person paying such assessments, such refunding bonds and warrants to be received at their par value in payment of such assessments. In such case such refunding bonds and warrants shall bear the following legend: "This bond (or warrant) shall be accepted at its face value in payment of assessments (including interest and penalties thereon) levied to pay the principal and interest of the series of bonds and warrants of which this bond (or warrant) is one without regard to the serial number appearing upon the face hereof."

(6) Provide that all sums of money already paid to the treasurer of such taxing district or other authorized officer in payment, in whole or in part, of any assessment levied by or for such taxing district or of interest or penalties thereon, shall be transferred by such treasurer or other authorized officer to a new account and made applicable to the payment of refunding bonds and warrants to be issued under such plan of readjustment.

(7) Provide that such treasurer or other authorized officer shall have authority to use funds in his possession not required for payment of current interest of such bonds and warrants, to buy such bonds and warrants in the open market through tenders or by call at the lowest prices obtainable at or below par and accrued interest, without preference of one bond or warrant over another because of its serial number, or for any other cause other than the date and hour of such tender or other offer and the amount which the owner of such bond or warrant agrees to accept for it. In such case such refunding bonds and warrants shall bear the following legend: "This bond (or warrant) may be retired by tender or by call without regard to the serial number appearing upon the face hereof."

(8) Provide that if, after the payment of all interest on refunding bonds and warrants issued under any plan of readjustment adopted pursuant to this chapter and chapter IX of the federal bankruptcy act and the retirement of such bonds and warrants, there shall be remaining in the hands of the treasurer or other authorized officer of the taxing district which issued such bonds and warrants money applicable under the provisions of this chapter to the payment of such interest, bonds and warrants, such money shall be applied by such treasurer or other authorized officer to the maintenance, repair and replacement of the improvements originally financed by the bonds readjusted under this chapter and the federal bankruptcy act.

(9) The above enumeration of powers shall not be deemed to exclude powers not herein mentioned that may be necessary for or incidental to the accomplishment of the purposes hereof. [1935 c 143 § 9; RRS § 5608-9.]

39.64.085 Authority of operating agencies to levy taxes. Nothing in this chapter may be deemed to grant to any operating agency organized under chapter 43.52 RCW, or a project of any such operating agency, the authority to levy any tax or assessment not otherwise authorized by law. [1935 c 143 § 10; RRS § 5608-10.]

***Reviser's note:** The "effective date of this chapter" was March 21, 1935.

If any section, part or provision of this chapter shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the chapter as a whole, or of any section, provision or part thereof not adjudged invalid or unconstitutional. [1935 c 143 § 11; RRS § 5608-11.]

Any agreement or contract between two taxing districts other than the state which is otherwise authorized by law may be made contingent upon a particular property tax levy rate of an identified taxing district other than the state where such rate affects the regular property tax rate of one of the parties to the contract and therefore affects the party's resources with which to perform under the contract. Special revenue financing: State Constitution Art. 33 § 1.

39.84.010 Finding and declaration of necessity. The legislature hereby finds and declares that this state urgently needs to do the following: Promote higher employment; encourage the development of new jobs; maintain and supplement the capital investments in industry that currently exist in this state; encourage future employment by ensuring future capital investment; attract environmentally sound industry to the state; protect and enhance the quality of natural resources and the environment; and promote the production and conservation of energy. [1981 c 300 § 1.]

39.84.020 Definitions. As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(7) "Industrial park" means acquisition and development of land as the site for an industrial park. For the purposes of this chapter, "development of land" includes the provision of water, sewage, drainage, or similar facilities, or of transportation, energy, or communication facilities, which are incidental to the use of the site as an industrial park, but does not include the provision of structures or buildings.

(8) "Municipality" means a city, town, county, or port district of this state.

[1986 c 309 § 1; 1986 c 308 § 2; 1985 c 439 § 1; 1983 1st ex.s. c 51 § 1; 1981 c 300 § 2.]

Reviser's note: This section was amended by 1986 c 308 § 2 and by 1986 c 309 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Severability—1986 c 308: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1986 c 308 § 3.]

39.84.030 Public corporations—Creation, dissolution. (1) For the purpose of facilitating economic development and employment opportunities in the state of Washington through the financing of the project costs of industrial development facilities, a municipality may enact an ordinance creating a public corporation for the purposes autho-

rized in this chapter. The ordinance creating the public corporation shall approve a charter for the public corporation containing such provisions as are authorized by and not in conflict with this chapter. Any charter issued under this chapter shall contain in substance the limitations set forth in RCW 39.84.060. In any suit, action, or proceeding involving the validity or enforcement of or relating to any contract of the public corporation, the public corporation is conclusively presumed to be established and authorized to transact business and exercise its powers under this chapter upon proof of the adoption of the ordinance creating the public corporation by the governing body. A copy of the ordinance duly certified by the clerk of the governing body of the municipality shall be admissible in evidence in any suit, action, or proceeding.

(2) A public corporation created by a municipality pursuant to this chapter may be dissolved by the municipality if the public corporation: (a) Has no property to administer, other than funds or property, if any, to be paid or transferred to the municipality by which it was established; and (b) all its outstanding obligations have been satisfied. Such a dissolution shall be accomplished by the governing body of the municipality adopting an ordinance providing for the dissolution.

(3) The creating municipality may, at its discretion and at any time, alter or change the structure, organizational programs, or activities of a public corporation, including termination of the public corporation if contracts entered into by the public corporation are not impaired. Any net earnings of a public corporation, beyond those necessary for retirement of indebtedness incurred by it, shall not inure to the benefit of any person other than the creating municipality. Upon dissolution of a public corporation, title to all property owned by the public corporation shall vest in the municipality. [1981 c 300 § 3.]

39.84.040 Board of directors of public corporation.

The ordinance creating a public corporation shall include provisions establishing a board of directors to govern the affairs of the public corporation, what constitutes a quorum of the board of directors, and how the public corporation shall conduct its affairs. [1981 c 300 § 4.]

39.84.050 Public corporations—Directors—Conflicts of interest. It shall be illegal for a director, officer, agent, or employee of a public corporation to have, directly or indirectly, any financial interest in any property to be included in or any contract for property, services, or materials to be furnished or used in connection with any industrial development facility financed through the public corporation. Violation of any provision of this section is a gross misdemeanor. [1981 c 300 § 5.]

39.84.060 Public corporations—Limitations. No municipality may give or lend any money or property in aid of a public corporation. The municipality that creates a public corporation shall annually review any financial statements of the public corporation and at all times shall have access to the books and records of the public corporation. No public corporation may issue revenue obligations under this chapter except upon the approval of both the municipality under the auspices of which it was created and the county, city, or town

within whose planning jurisdiction the proposed industrial development facility lies. No revenue bonds may be issued pursuant to this chapter unless the board of directors of the public corporation proposing to issue revenue bonds makes a finding that in its opinion the interest paid on the bonds will be exempt from income taxation by the federal government. Revenue bonds issued by a public corporation under this chapter shall not be considered to constitute a debt of the state, of the municipality, or of any other municipal corporation, quasi municipal corporation, subdivision, or agency of this state or to pledge any or all of the faith and credit of any of these entities. The revenue bonds shall be payable solely from both the revenues derived as a result of the industrial development facilities funded by the revenue bonds, including, without limitation, amounts received under the terms of any financing document or by reason of any additional security furnished by the user of the industrial development facility in connection with the financing thereof, and money and other property received from private sources. Each revenue bond shall contain on its face statements to the effect that: (1) Neither the state, the municipality, or any other municipal corporation, quasi municipal corporation, subdivision, or agency of the state is obligated to pay the principal or the interest thereon; (2) no tax funds or governmental revenue may be used to pay the principal or interest thereon; and (3) neither any or all of the faith and credit nor the taxing power of the state, the municipality, or any other municipal corporation, quasi municipal corporation, subdivision, or agency thereof is pledged to the payment of the principal or the interest on the revenue bond. A public corporation may incur only those financial obligations which will be paid from revenues received pursuant to financing documents, from fees or charges paid by users or prospective users of the industrial development facilities funded by the revenue bonds, or from the proceeds of revenue bonds. A public corporation established under the terms of this chapter constitutes an authority and an instrumentality (within the meaning of those terms in the regulations of the United States treasury and the rulings of the Internal Revenue Service prescribed pursuant to section 103 of the Internal Revenue Code of 1954, as amended) and may act on behalf of the municipality under whose auspices it is created for the specific public purposes authorized by this chapter. The public corporation is not a municipal corporation within the meaning of the state Constitution and the laws of the state, or a political subdivision within the meaning of the state Constitution and the laws of the state, including without limitation, Article VIII, section 7, of the Washington state Constitution. A municipality shall not delegate to a public corporation any of the municipality's attributes of sovereignty, including, without limitation, the power to tax, the power of eminent domain, and the police power. [1981 c 300 § 6.]

39.84.070 Public corporations—Audit by state. The finances of any public corporation are subject to examination by the state auditor's office pursuant to RCW 43.09.260. [1981 c 300 § 7.]

39.84.080 Public corporations—Powers. (1) A public corporation created under this chapter has the following powers

with respect to industrial development facilities together with all powers incidental thereto or necessary for the performance thereof:

(a) To construct and maintain one or more industrial development facilities;

(b) To lease to a lessee all or any part of any industrial development facility for such rentals and upon such terms and conditions, including options to purchase, as its board of directors considers advisable and not in conflict with this chapter;

(c) To sell by installment contract or otherwise and convey all or any part of any industrial development facility for such purchase price and upon such terms and conditions as its board of directors considers advisable which are not in conflict with this chapter;

(d) To make secured loans for the purpose of providing temporary or permanent financing or refinancing of all or part of the project cost of any industrial development facility, including the refunding of any outstanding obligations, mortgages, or advances issued, made, or given by any person for the project costs; and to charge and collect interest on the loans for the loan payments upon such terms and conditions as its board of directors considers advisable which are not in conflict with this chapter;

(e) To issue revenue bonds for the purpose of financing all or part of the project cost of any industrial development facility and to secure the payment of the revenue bonds as provided in this chapter;

(f) As security for the payment of the principal of and interest on any revenue bonds issued and any agreements made in connection therewith, to mortgage, pledge, or otherwise encumber any or all of its industrial development facilities or any part or parts thereof, whether then owned or thereafter acquired, and to assign any mortgage and repledge any security conveyed to the public corporation, to secure any loan made by the public corporation and to pledge the revenues and receipts therefrom;

(g) To sue and be sued, complain, and defend in its corporate name;

(h) To make contracts and to execute all instruments necessary or convenient for the carrying out of its business;

(i) To have a corporate seal and to use the same by causing it, or a facsimile thereof, to be impressed or affixed or in any other manner reproduced;

(j) Subject to the limitations of RCW 39.84.060, to borrow money, accept grants from, or contract with any local, state, or federal governmental agency or with any financial, public, or private corporation;

(k) To make and alter bylaws not inconsistent with its charter for the administration and regulation of the affairs of the corporation;

(l) To collect fees or charges from users or prospective users of industrial development facilities to recover actual or anticipated administrative costs;

(m) To execute financing documents incidental to the powers enumerated in this subsection.

(2) No public corporation created under this chapter may operate any industrial development facility as a business other than as lessor, seller, or lender. The purchase and holding of mortgages, deeds of trust, or other security interests

and contracting for any servicing thereof is not considered the operation of an industrial development facility.

(3) No public corporation may exercise any of the powers authorized in this section or issue any revenue bonds with respect to any industrial development facility unless the industrial development facility is located wholly within the boundaries of the municipality under whose auspices the public corporation is created or unless the industrial development facility comprises energy facilities or solid waste disposal facilities which provide energy for or dispose of solid waste from the municipality or the residents thereof. [1981 c 300 § 8.]

39.84.090 Reporting to the department of community, trade, and economic development. (1) Prior to issuance of any revenue bonds, each public corporation shall submit a copy of its enabling ordinance and charter, a description of any industrial development facility proposed to be undertaken, and the basis for its qualification as an industrial development facility to the department of community, trade, and economic development.

(2) If the industrial development facility is not eligible under this chapter, the department of community, trade, and economic development shall give notice to the public corporation, in writing and by certified mail, within twelve working days of receipt of the description.

(3) The department of community, trade, and economic development shall provide such advice and assistance to public corporations and municipalities which have created or may wish to create public corporations as the public corporations or municipalities request and the department of community, trade, and economic development considers appropriate. [1998 c 245 § 34; 1995 c 399 § 56; 1987 c 505 § 22; 1985 c 466 § 46; 1981 c 300 § 9.]

Department of community, trade, and economic development: Chapter 43.330 RCW.

39.84.100 Revenue bonds—Provisions. (1) The principal of and the interest on any revenue bonds issued by a public corporation shall be payable solely from the funds provided for this payment from the revenues of the industrial development facilities funded by the revenue bonds. Each issue of revenue bonds shall be dated, shall bear interest at such rate or rates, and shall mature at such time or times as may be determined by the board of directors, and may be made redeemable before maturity at such price or prices and under such terms and conditions as may be fixed by the board of directors prior to the issuance of the revenue bonds or other revenue obligations.

(2) The board of directors shall determine the form and the manner of execution of the revenue bonds and shall fix the denomination or denominations of the revenue bonds and the place or places of payment of principal and interest. If any officer whose signature or a facsimile of whose signature appears on any revenue bonds or any coupons ceases to be an officer before the delivery of the revenue bonds, the signature shall for all purposes have the same effect as if he had remained in office until delivery. The revenue bonds may be issued in coupon or in registered form, as provided in RCW

39.46.030, or both as the board of directors may determine, and provisions may be made for the registration of any coupon revenue bonds as to the principal alone and also as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. A public corporation may sell revenue bonds at public or private sale for such price and bearing interest at such fixed or variable rate as may be determined by the board of directors.

(3) The proceeds of the revenue bonds of each issue shall be used solely for the payment of all or part of the project cost of or for the making of a loan in the amount of all or part of the project cost of the industrial development facility for which authorized and shall be disbursed in such manner and under such restrictions, if any, provided in the resolution authorizing the issuance of the revenue bonds or in the trust agreement securing the bonds. If the proceeds of the revenue bonds of any series issued with respect to the cost of any industrial development facility exceeds the cost of the industrial development facility for which issued, the surplus shall be deposited to the credit of the debt service fund for the revenue bonds or used to purchase revenue bonds in the open market.

(4) A public corporation may issue interim notes in the manner provided for the issuance of revenue bonds to fund industrial development facilities prior to issuing other revenue bonds to fund such facilities. A public corporation may issue revenue bonds to fund industrial development facilities that are exchangeable for other revenue bonds when these other revenue bonds are executed and available for delivery.

(5) The principal of and interest on any revenue bonds issued by a public corporation shall be secured by a pledge of unexpended bond proceeds and the revenues and receipts received by the public corporation from the industrial development facilities funded by the revenue bonds pursuant to financing documents. The resolution under which the revenue bonds are authorized to be issued and any financing document may contain agreements and provisions respecting the maintenance or use of the industrial development facility covered thereby, the fixing and collection of rents, purchase price payments or loan payments, the creation and maintenance of special funds from such revenues or from revenue bond proceeds, the rights and remedies available in the event of default, and other provisions relating to the security for the bonds, all as the board of directors consider advisable which are not in conflict with this chapter.

(6) The governing body of the municipality under whose auspices the public corporation is created shall approve by resolution any agreement to issue revenue bonds adopted by a public corporation, which agreement and resolution shall set out the amount and purpose of the revenue bonds. Additionally, no issue of revenue bonds, including refunding bonds, may be sold and delivered by a public corporation without a resolution of the governing body of the municipality under whose auspices the public corporation is created, adopted no more than sixty days before the date of sale of the revenue bonds specifically, approving the resolution of the public corporation providing for the issuance of the revenue bonds.

(7) All revenue bonds issued under this chapter and any interest coupons applicable thereto are negotiable instru-

ments within the meaning of Article 8 of the Uniform Commercial Code, Title 62A RCW, regardless of form or character.

(8) Notwithstanding subsections (1) and (2) of this section, such bonds and interim notes may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 115; 1981 c 300 § 10.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

39.84.110 Revenue bonds—Refunding. Each public corporation may provide by resolution for the issuance of revenue refunding bonds for the purpose of refunding any revenue bonds issued for an industrial development facility under this chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption or maturity of the revenue bonds and, if considered advisable by the public corporation, for the additional purpose of financing improvements, extensions, or enlargements to the industrial development facility for another industrial development facility. The issuance of the revenue bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the public corporation in respect to the same shall be governed by this chapter insofar as applicable. [1981 c 300 § 11.]

39.84.120 Trust agreements. Any bonds issued under this chapter may be secured by a trust agreement between the public corporation and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state. The trust agreement may evidence a pledge or assignment of the financing documents and lease, sale, or loan revenues to be received from a lessee or purchaser of or borrower with respect to an industrial development facility for the payment of principal of and interest and any premium on the bonds as the same shall become due and payable and may provide for creation and maintenance of reserves for these purposes. A trust agreement or resolution providing for the issuance of the revenue bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties in relation to the acquisition of property and the construction, improvement, maintenance, use, repair, operation, and insurance of the industrial development facility for which the bonds are authorized, and the custody, safeguarding, and application of all money. Any bank or trust company incorporated under the laws of the state which may act as depository of the proceeds of revenue bonds or of revenues may furnish such indemnifying bonds or pledge such securities as may be required by the corporation. A trust agreement may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of private corporations. In addition, a trust agreement may contain such provisions as the public corporation considers reasonable and proper for the security of the bondholders which are not in conflict with this chapter. [1981 c 300 § 12.]

(2008 Ed.)

39.84.130 Commingling of bond proceeds or revenues with municipal funds prohibited—Exception. No part of the proceeds received from the sale of any revenue bonds under this chapter, of any revenues derived from any industrial development facility acquired or held under this chapter, or of any interest realized on moneys received under this chapter may be commingled by the public corporation with funds of the municipality creating the public corporation. However, those funds of the public corporation, other than proceeds received from the sale of revenue bonds, that are not otherwise encumbered for the payment of revenue bonds and are not reasonably anticipated by the board of directors to be necessary for administrative expenses of the public corporation may be transferred to the creating municipality and used for growth management, planning, or other economic development purposes. [1993 c 139 § 1; 1981 c 300 § 13.]

39.84.140 Subleases and assignments. A lessee or contracting party under a sale contract or loan agreement shall not be required to be the eventual user of an industrial development facility if any sublessee or assignee assumes all of the obligations of the lessee or contracting party under the lease, sale contract, or loan agreement, but the lessee or contracting party or their successors shall remain primarily liable for all of its obligations under the lease, sale contract, or loan agreement and the use of the industrial development facility shall be consistent with the purposes of this chapter. [1981 c 300 § 14.]

39.84.150 Determination of rent. Before entering into a lease, sale contract, or loan agreement with respect to any industrial development facility, the public corporation shall determine that there are sufficient revenues to pay (1) the principal of and the interest on the revenue bonds proposed to be issued to finance the industrial development facility; (2) the amount necessary to be paid each year into any reserve funds which the public corporation considers advisable to establish in connection with the retirement of the proposed bonds and the maintenance of the industrial development facility; and (3) unless the terms of the lease, sale contract, or loan agreement provide that the lessee or contracting party shall maintain the industrial development facility and carry all proper insurance with respect thereto, the estimated cost of maintaining the industrial development facility in good repair and keeping it properly insured. [1981 c 300 § 15.]

39.84.160 Proceedings in the event of default. The proceedings authorizing any revenue bonds under this chapter or any financing document securing the revenue bonds may provide that if there is a default in the payment of the principal of or the interest on the bonds or in the performance of any agreement contained in the proceedings or financing document, the payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents, purchase price payments, and loan repayments, and to apply the revenues from the industrial development facility in accordance with the proceedings or provisions of the financing document. Any financing document entered into under this chapter to secure revenue bonds issued under this chapter may also provide

[Title 39 RCW—page 99]

that if there is a default in the payment thereof or a violation of any agreement contained in the financing document, the industrial development facility may be foreclosed and sold under proceedings in equity or in any other manner now or hereafter permitted by law. Any financing document may also provide that any trustee under the financing document or the holder of any revenue bonds secured thereby may become the purchaser at any foreclosure sale if it is the highest bidder. [1981 c 300 § 16.]

39.84.170 Implementation of economic development programs by port district—Use of nonprofit corporations—Transfer of funds. Funds received by a port district under RCW 39.84.130 may be transferred to a nonprofit corporation created or re-created for the exclusive purpose of providing training, education, and general improvement to the public sector management skills necessary to implement the economic development programs of the port district. The nonprofit corporation selected for that purpose may be, without limitation, a corporation formed by the Washington public ports association.

Any nonprofit corporation selected for the purposes of this section must have tax exempt status under 26 U.S.C. Sec. 501(c)(3).

Transfers and expenditures of funds shall be deemed to be for industrial development and trade promotion as provided in Article VIII, section 8 of the Washington state Constitution.

Nothing in this chapter shall be construed to prohibit the receipt of additional public or private funds by a nonprofit corporation for the purposes described in this section. [2000 c 198 § 2.]

39.84.200 Authority of community economic revitalization board under this chapter. The community economic revitalization board under chapter 43.160 RCW shall have all the powers of a public corporation under this chapter. To the extent applicable, all duties of a public corporation apply to the community economic revitalization board in exercising its powers under this chapter. [1984 c 257 § 11.]

39.84.900 Construction—Supplemental nature of chapter. This chapter supplements and neither restricts nor limits any powers which a municipality or presently authorized public corporation might otherwise have under any laws of this state. [1981 c 300 § 17.]

39.84.910 Captions not part of law. As used in this chapter, captions constitute no part of the law. [1981 c 300 § 19.]

39.84.920 Severability—1981 c 300. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1981 c 300 § 20.]

39.86.100 Legislative findings and policy. The federal tax reform act of 1986 imposes an annual ceiling on the aggregate amount of federally tax-exempt private activity bonds, including bonds for housing, student loans, exempt facilities, small issue industrial, redevelopment, and certain public utility projects, that may be issued during any calendar year by or on behalf of states and their political subdivisions. In 2001, the ceiling will be increased to sixty-two dollars and fifty cents per capita and in 2002 the ceiling will be increased to seventy-five dollars per capita, to be indexed annually, for 2003 and every year thereafter. However, a study by the *department of community development indicates that the dollar amount of the state ceiling is considerably less than the anticipated dollar amount for which issuers would need an allocation from the state ceiling. The tax reform act of 1986 provides a formula for allocating the annual ceiling among various issuers of private activity bonds within a state, but permits each state to enact a different allocation method that is appropriate to that state's needs. The purpose of this chapter is to provide a flexible and efficient method of allocating the annual state ceiling in Washington in a manner that recognizes the need of the state and its political subdivisions to finance activities or projects that satisfy a substantial public purpose. [2001 c 330 § 1; 1987 c 297 § 1.]

***Reviser's note:** Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.

39.86.120 Initial allocation. (1) Except as provided in subsections (2) and (4) of this section, the initial allocation of the state ceiling shall be for each year as follows:

BOND USE CATEGORY	2001	2002 and THEREAFTER	ALTERNATIVE ALLOCATION
Housing	27.5%	30.0%	32.0%
Small Issue	24.5%	24.0%	25.0%
Exempt Facility	19.5%	19.0%	20.0%
Student Loans	14.5%	14.0%	15.0%

BOND USE CATEGORY	2001	2002 and THEREAFTER	ALTERNATIVE ALLOCATION
Public Utility	10.0%	10.0%	0.0%
Remainder and redevelopment	4.0%	3.0%	8.0%

(2) Initial allocations may be modified by the agency only to reflect an issuer's carryforward amount. Any reduction of the initial allocation shall be added to the remainder and be available for allocation or reallocation.

(3) The remainder shall be allocated by the agency among one or more issuers from any bond use category with regard to the criteria specified in RCW 39.86.130.

(4) Should any bond use category no longer be subject to the state ceiling due to federal or state provisions of law, the agency shall divide the amount of that initial allocation among the remaining categories as necessary or appropriate with regard to the criteria specified in RCW 39.86.130. Upon the earlier of: (a) Exhaustion of the seven hundred fifty million dollar authority under I.R.C. 1317(25), or any new federal legislation increasing the amount of authority, or creating additional authority; or (b) waiver of the authority described under (a) of this subsection due to alternative federal authority that does not use a state volume cap, then the alternative allocation schedule in subsection (1) of this section will be used.

(5)(a) Prior to September 1 of each calendar year, any available portion of an initial allocation may be allocated or reallocated only to an issuer within the same bond use category, except that the remainder category, or portions thereof, may be allocated at any time to any bond use category.

(b) Beginning September 1 of each calendar year, the agency may allocate or reallocate any available portion of the state ceiling to any bond use category with regard to the criteria specified in RCW 39.86.130. [2001 c 330 § 2; 1990 c 50 § 1; 1987 c 297 § 3.]

39.86.130 Criteria. (1) In granting an allocation, reallocation, or carryforward of the state ceiling as provided in this chapter, the agency shall consider existing state priorities and other such criteria, including but not limited to, the following criteria:

- (a) Need of issuers to issue private activity bonds within a bond use category;
- (b) Amount of the state ceiling available;
- (c) Public benefit and purpose to be satisfied, including economic development, educational opportunity, and public health, safety, or welfare;
- (d) Cost or availability of alternative methods of financing for the project or program; and
- (e) Certainty of using the allocation which is being requested.

(2) In determining whether to allocate an amount of the state ceiling to an issuer within any bond use category, the agency shall consider, but is not limited to, the following criteria for each of the bond use categories:

(a) Housing: Criteria which comply with RCW 43.180.200.

(b) Student loans: Criteria which comply with the applicable provisions of Title 28B RCW and rules adopted by the higher education coordinating board or applicable state agency dealing with student financial aid.

(c) Small issue: Recommendation by the board regarding how the amount of the state ceiling set aside for the small issue bond use category shall be allocated among issuers. Factors may include:

(i) The number of employment opportunities the project is likely to create or retain in relation to the amount of the bond issuance;

(ii) The level of unemployment existing in the geographic area likely to be affected by the project;

(iii) A commitment to providing employment opportunities to low-income persons in cooperation with the employment security department;

(iv) Geographic distribution of projects;

(v) The number of persons who will benefit from the project;

(vi) Consistency with criteria identified in subsection (1) of this section;

(vii) Order in which requests were received; and

(viii) Requirements of the board's umbrella bond program.

(d) Exempt facility or redevelopment: Factors which may include:

(i) State issuance needs;

(ii) Consistency with criteria identified in subsection (1) of this section;

(iii) Order in which requests were received;

(iv) The proportionate number of persons in relationship to the size of the community who will benefit from the project; and

(v) The unique timing and issuance needs of large scale projects that may require allocations in more than one year.

(e) Public utility: Factors which may include:

(i) Consistency with criteria identified in subsection (1) of this section; and

(ii) Timing needs for issuance of bonds over a multi-year period. [1987 c 297 § 4.]

39.86.140 Procedure for obtaining state ceiling allocation. (1) No issuer may receive an allocation of the state ceiling without a certificate of approval from the agency.

(2)(a) For each state ceiling allocation request, an issuer shall submit to the agency, no sooner than ninety days prior to the beginning of a calendar year for which an allocation of the state ceiling is being requested, a form identifying:

(i) The amount of the allocation sought;

(ii) The bond use category from which the allocation sought would be made;

(iii) The project or program for which the allocation is requested;

(iv) The financing schedule for which the allocation is needed; and

(v) Any other such information required by the agency, including information which corresponds to the allocation criteria of RCW 39.86.130.

(b) Nothing in (a) of this subsection precludes a public utility issuer from filing and the agency from considering a request at such times as may be appropriate in order to meet the criteria set forth in RCW 39.86.130(2)(e)(ii).

(3) The agency may approve or deny an allocation for all or a portion of the issuer's request. Any denied request, however, shall remain on file with the agency for the remainder of

the calendar year and shall be considered for receiving any allocation, reallocation, or carryforward of unused portions of the state ceiling during that period.

(4) After receiving an allocation request, the agency shall mail to the requesting issuer a written certificate of approval or notice of denial for an allocation amount, by a date no later than the latest of the following:

(a) Forty-five days from May 8, 1987;

(b) February 1 of the calendar year, other than 1987, for which the request is made;

(c) Fifteen days from the date the agency receives an allocation request; or

(d) Fifteen days from the date the agency receives a recommendation by the board with regard to a small issue allocation request, should the board choose to review individual requests.

(5)(a) For requests of the state ceiling of any calendar year, the following applies to all bond use categories except housing and student loans:

(i) Except for housing and student loans, any allocations granted prior to April 1, for which bonds have not been issued by September 1 of the same calendar year, shall revert to the agency on September 1 of the same calendar year for reallocation unless an extension or carryforward is granted;

(ii) Except for housing and student loans, any allocations granted on or after April 1, for which bonds have not been issued by December 15 of the same calendar year, shall revert to the agency on December 15 of the same calendar year for reallocation unless an extension or carryforward is granted.

(b) For each calendar year, any housing or student loan allocations, for which bonds have not been issued by December 15 of the same calendar year, shall revert to the agency on December 15 of the same calendar year for reallocation unless an extension or carryforward is granted.

(6) An extension of the deadlines provided by subsection (5) of this section may be granted by the agency for the approved allocation amount or a portion thereof, based on:

(a) Firm and convincing evidence that the bonds will be issued before the end of the calendar year if the extension is granted; and

(b) Any other criteria the agency deems appropriate.

(7) If an issuer determines that bonds subject to the state ceiling will not be issued for the project or program for which an allocation was granted, the issuer shall promptly notify the agency in writing so that the allocation may be canceled and the amount may be available for reallocation.

(8) Bonds subject to the state ceiling may be issued only to finance the project or program for which a certificate of approval is granted.

(9) Within three business days of the date that bonds for which an allocation of the state ceiling is granted have been delivered to the original purchasers, the issuer shall mail to the agency a written notification of the bond issuance. In accordance with chapter 39.44 RCW, the issuer shall also complete bond issuance information on the form provided by the agency.

(10) If the total amount of tax-exempt bonds issued for a project or program is less than the amount allocated, the remaining portion of the allocation shall revert to the agency for reallocation in accordance with the criteria in RCW 39.86.130. If the amount of tax-exempt bonds actually issued

under the state ceiling is greater than the amount allocated, the entire allocation shall be disallowed. [1987 c 297 § 5.]

39.86.150 Reallocation process and carryforwards.

(1) Beginning September 1 of each calendar year, the agency may allocate or reallocate any portions of the state ceiling for which no certificate of approval is in effect. Reallocations may also be made from the remainder category at any time during the year.

(2) Prior to the end of each calendar year, the agency shall allocate or reallocate any unused portions of the state ceiling among one or more issuers as carryforward, to be used within three years, in accordance with the code and relevant criteria described in RCW 39.86.130. [1987 c 297 § 6.]

39.86.160 Executive orders.

If federal legislation is enacted or federal regulations are promulgated which affect the state ceiling, when the legislature is not in session or is less than forty-five days from the constitutional end of session, the governor may establish by executive order an alternative system for the allocation of tax-exempt bonds under the state ceiling, effective until the legislature acts. In allocating or reallocating under this section, the governor shall take into account the requirements of federal law, the policy choices expressed in state law, and the projected needs of issuers. [1987 c 297 § 7.]

39.86.170 Fees.

A fee schedule shall be established by rule by the agency to assist in support of bond allocation activities. Fees shall reflect costs actually incurred or expected to be incurred by the agency in its bond allocation activities. [1987 c 297 § 8.]

39.86.180 Code amendments.

In order to permit the full use of the authorized state ceiling under federal law, the agency may adopt rules approving any amendments made to the code after May 8, 1987. [1987 c 297 § 9.]

39.86.190 Annual and biennial reports.

By February 1 of each year, the agency shall summarize for the legislature each previous year's bond allocation requests and issuance. Beginning in June of 1988 and thereafter in June of each even-numbered year, the agency shall also submit a biennial report summarizing usage of the bond allocation proceeds and any policy concerns for future bond allocations. [1987 c 297 § 10.]

39.86.200 Ratification.

Any state ceiling allocations taken prior to May 8, 1987, in conformance with the code and an applicable executive order of the governor are ratified and confirmed and shall remain in full force and effect notwithstanding any other provision of this chapter. [1987 c 297 § 11.]

39.86.905 Captions.

As used in this chapter, captions constitute no part of the law. [1987 c 297 § 15.]

39.86.906 Severability—1987 c 297.

If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the

provision to other persons or circumstances is not affected. [1987 c 297 § 14.]

Reviser's note: Senate Joint Resolution No. 143, amending the state Constitution to authorize the use of increased property tax revenues resulting from a public improvement for the purpose of paying obligations incurred for the improvement, was enacted during the 1982 first extraordinary session of the legislature and was submitted to the voters at the November 1982 state general election. It was defeated by a vote of 393,030 in favor and 882,194 against. A similar constitutional amendment, House Joint Resolution No. 23, was defeated at the November 1985 state general election.

39.88.010 Declaration. It is declared to be the public policy of the state of Washington to promote and facilitate the orderly development and economic stability of its urban areas. The provision of adequate government services and the creation of employment opportunities for the citizens within urban areas depends upon the economic growth and the strength of their tax base. The construction of necessary public improvements in accordance with local community planning will encourage investment in job-producing private development and will expand the public tax base.

It is the purpose of this chapter to allocate a portion of regular property taxes for limited periods of time to assist in the financing of public improvements which are needed to encourage private development of urban areas; to prevent or arrest the decay of urban areas due to the inability of existing financing methods to provide needed public improvements; to encourage local taxing districts to cooperate in the allocation of future tax revenues arising in urban areas in order to facilitate the long-term growth of their common tax base; and to encourage private investment within urban areas. [1982 1st ex.s. c 42 § 2.]

39.88.020 Definitions. As used in this chapter the following terms have the following meanings unless a different meaning is clearly indicated by the context:

(1) "Apportionment district" means the geographic area, within an urban area, from which regular property taxes are to be apportioned to finance a public improvement contained therein.

(2) "Assessed value of real property" means the valuation of real property as placed on the last completed assessment roll of the county.

(3) "City" means any city or town.

(4) "Ordinance" means any appropriate method of taking a legislative action by a county or city, whether known as a statute, resolution, ordinance, or otherwise.

(5) "Public improvement" means an undertaking to provide public facilities in an urban area which the sponsor has authority to provide.

(6) "Public improvement costs" means the costs of design, planning, acquisition, site preparation, construction, reconstruction, rehabilitation, improvement, and installation of the public improvement; costs of relocation, maintenance, and operation of property pending construction of the public improvement; costs of utilities relocated as a result of the public improvement; costs of financing, including interest during construction, legal and other professional services, taxes, and insurance; costs incurred by the assessor to revalue real property for the purpose of determining the tax allocation base value that are in excess of costs incurred by the assessor in accordance with his revaluation plan under chapter 84.41 RCW, and the costs of apportioning the taxes and complying with this chapter and other applicable law; and administrative costs reasonably necessary and related to these costs. These costs may include costs incurred prior to the adoption of the public improvement ordinance, but subsequent to July 10, 1982.

(7) "Public improvement ordinance" means the ordinance passed under RCW 39.88.040(4).

(8) "Regular property taxes" means regular property taxes as now or hereafter defined in RCW 84.04.140, except regular property taxes levied by port districts or public utility districts specifically for the purpose of making required payments of principal and interest on general indebtedness.

(9) "Sponsor" means any county or city initiating and undertaking a public improvement.

(10) "Tax allocation base value of real property" means the true and fair value of real property within an apportionment district for the year in which the apportionment district was established.

(11) "Tax allocation bonds" means any bonds, notes, or other obligations issued by a sponsor pursuant to *section 10 of this act.

(12) "Tax allocation revenues" means those tax revenues allocated to a sponsor under RCW 39.88.070(1)(b).

(13) "Taxing districts" means any governmental entity which levies or has levied for it regular property taxes upon real property located within a proposed or approved apportionment district.

(14) "Value of taxable property" means value of taxable property as defined in RCW 39.36.015.

(15) "Urban area" means an area in a city or located outside of a city that is characterized by intensive use of the land for the location of structures and receiving such urban services as sewers, water, and other public utilities and services normally associated with urbanized areas. Not more than twenty-five percent of the area within the urban area proposed apportionment district may be vacant land. [1982 1st ex.s. c 42 § 3.]

*Reviser's note: "section 10 of this act," codified as RCW 39.88.090, deals with general obligation bonds. Tax allocation bonds are the subject of section 11 (RCW 39.88.100), which was apparently intended. The error arose in the renumbering of sections in the engrossing of amendments to Second Substitute Senate Bill No. 4603 [1982 1st ex.s. c 42].

39.88.030 Authority—Limitations. (1) Only public improvements which are determined by the legislative authority of the sponsor to meet the following criteria are eligible to be financed under this chapter:

(a) The public improvement is located within an urban area;

(b) The public improvement will encourage private development within the apportionment district;

(c) The public improvement will increase the fair market value of the real property located within the apportionment district;

(d) The private development which is anticipated to occur within the apportionment district as a result of the public improvement is consistent with an existing comprehensive land use plan and approved growth policies of the jurisdiction within which it is located;

(e) A public improvement located within a city has been approved by the legislative authority of such city; and

(f) A public improvement located within an urban area in an unincorporated area has been approved by the legislative authority of the county within whose boundaries the area lies.

(2) Apportionment of regular property tax revenues to finance the public improvements is subject to the following limitations:

(a) No apportionment of regular property tax revenues may take place within a previously established apportionment district where regular property taxes are still apportioned to finance public improvements without the concurrence of the sponsor which established the district;

(b) No apportionment district may be established which includes any geographic area included within a previously established apportionment district which has outstanding bonds payable in whole or in part from tax allocation revenues;

(c) The total amount of outstanding bonds payable in whole or in part from tax allocation revenues arising from property located within a city shall not exceed two percent of the value of taxable property within the city, and the total amount of outstanding bonds payable in whole or in part from tax allocation revenues arising from property located within the unincorporated areas of a county shall not exceed two percent of the value of taxable property within the entire unincorporated area of the county; and

(d) No taxes other than regular property taxes may be apportioned under this chapter.

(3) Public improvements may be undertaken and coordinated with other programs or efforts undertaken by the sponsor or others and may be funded in whole or in part from sources other than those provided by this chapter. [1982 1st ex.s. c 42 § 4.]

39.88.040 Procedure for adoption of public improvement. Public improvements funded by tax allocation revenues may only be located within an urban area. In order to secure an allocation of regular property taxes to finance a public improvement, a sponsor shall:

(1) Propose by ordinance a plan for the public improvement which includes a description of the contemplated public improvement, the estimated cost thereof, the boundaries of the apportionment district, the estimated period during which tax revenue apportionment is contemplated, and the ways in

which the sponsor plans to use tax allocation revenues to finance the public improvement, and which sets at least three public hearings thereon before the legislative authority of the sponsor or a committee thereof: PROVIDED, That public hearings for the public improvement that is undertaken in combination or coordination by two or more sponsors may be held jointly; and public hearings, held before the legislative authority or a committee of a majority thereof may be combined with public hearings held for other purposes;

(2) At least fifteen days in advance of the hearing:

(a) Deliver notice of the hearing to all taxing districts, the county treasurer, and the county assessor, which notice includes a map or drawing showing the location of the contemplated public improvement and the boundaries of the proposed apportionment district, a brief description of the public improvement, the estimated cost thereof, the anticipated increase in property values within the apportionment district, the location of the sponsor's principal business office where it will maintain information concerning the public improvement for public inspection, and the date and place of hearing; and

(b) Post notice in at least six public places located in the proposed apportionment district and publish notice in a legal newspaper of general circulation within the sponsor's jurisdiction briefly describing the public improvement, the proposed apportionment, the boundaries of the proposed apportionment district, the location where additional information concerning the public improvement may be inspected, and the date and place of hearing;

(3) At the time and place fixed for the hearing under subsection (1) of this section, and at such times to which the hearing may be adjourned, receive and consider all statements and materials as may be submitted, and objections and letters filed before or within ten days thereafter;

(4) Within one hundred twenty days after completion of the public hearings, pass an ordinance establishing the apportionment district and authorizing the proposed public improvement, including any modifications which in the sponsor's opinion the hearings indicated should be made, which includes the boundaries of the apportionment district, a description of the public improvement, the estimated cost thereof, the portion of the estimated cost thereof to be reimbursed from tax allocation revenues, the estimated time during which regular property taxes are to be apportioned, the date upon which apportionment of the regular property taxes will commence, and a finding that the public improvement meets the conditions of RCW 39.88.030. [1982 1st ex.s. c 42 § 5.]

39.88.050 Notice of public improvement. Within fifteen days after enactment of the public improvement ordinance, the sponsor shall publish notice in a legal newspaper circulated within the designated apportionment district summarizing the final public improvement, including a brief description of the public improvement, the boundaries of the apportionment district, and the location where the public improvement ordinance and any other information concerning the public improvement may be inspected.

Within fifteen days after enactment of the public improvement ordinance, the sponsor shall deliver a certified

copy thereof to each taxing district, the county treasurer, and the county assessor. [1982 1st ex.s. c 42 § 6.]

39.88.060 Disagreements between taxing districts.

(1) Any taxing district that objects to the apportionment district, the duration of the apportionment, the manner of apportionment, or the propriety of cost items established by the public improvement ordinance of the sponsor may, within thirty days after mailing of the ordinance, petition for review thereof by the state board of tax appeals. The state board of tax appeals shall meet within a reasonable time, hear all the evidence presented by the parties on matters in dispute, and determine the issues upon the evidence as may be presented to it at the hearing. The board may approve or deny the public improvement ordinance as enacted or may grant approval conditioned upon modification of the ordinance by the sponsor. The decision by the state board of tax appeals shall be final and conclusive but shall not preclude modification or discontinuation of the public improvement.

(2) If the sponsor modifies the public improvement ordinance as directed by the board, the public improvement ordinance shall be effective without further hearings or findings and shall not be subject to any further appeal. If the sponsor modifies the public improvement ordinance in a manner other than as directed by the board, the public improvement ordinance shall be subject to the procedures established pursuant to RCW 39.88.040 and 39.88.050. [1989 c 378 § 1; 1982 1st ex.s. c 42 § 7.]

39.88.070 Apportionment of taxes. (1) Upon the date established in the public improvement ordinance, but not sooner than the first day of the calendar year following the passage of the ordinance, the regular property taxes levied upon the assessed value of real property within the apportionment district shall be divided as follows:

(a) That portion of the regular property taxes produced by the rate of tax levied each year by or for each of the taxing districts upon the tax allocation base value of real property, or upon the assessed value of real property in each year, whichever is smaller, shall be allocated to and paid to the respective taxing districts; and

(b) That portion of the regular property taxes levied each year by or for each of the taxing districts upon the assessed value of real property within an apportionment district which is in excess of the tax allocation base value of real property shall be allocated and paid to the sponsor, or the sponsor's designated agent, until all public improvement costs to be paid from the tax allocation revenues have been paid, except that the sponsor may agree to receive less than the full amount of such portion as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of the taxes shall be allocated to the respective taxing districts as the sponsor and the taxing districts may agree.

(2) The county assessor shall revalue the real property within the apportionment district for the purpose of determining the tax allocation base value for the apportionment district and shall certify to the sponsor the tax allocation base value as soon as practicable after the assessor receives notice of the public improvement ordinance and shall certify to the

sponsor the total assessed value of real property within thirty days after the property values for each succeeding year have been established, except that the assessed value of state-assessed real property within the apportionment district shall be certified as soon as the values are provided to the assessor by the department of revenue. Nothing in this section authorizes revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW.

(3) The date upon which the apportionment district was established shall be considered the date upon which the public improvement ordinance was enacted by the sponsor.

(4) The apportionment of regular property taxes under this section shall cease when tax allocation revenues are no longer necessary or obligated to pay public improvement costs or to pay principal of and interest on bonds issued to finance public improvement costs and payable in whole or in part from tax allocation revenues. At the time of termination of the apportionment, any excess money and any earnings thereon held by the sponsor shall be returned to the county treasurer and distributed to the taxing districts which were subject to the allocation in proportion to their regular property tax levies due for the year in which the funds are returned. [1982 1st ex.s. c 42 § 8.]

39.88.080 Application of tax allocation revenues. Tax allocation revenues may be applied as follows:

- (1) To pay public improvement costs;
- (2) To pay principal of and interest on, and to fund any necessary reserves for, tax allocation bonds;
- (3) To pay into bond funds established to pay the principal of and interest on general obligation bonds issued pursuant to law to finance public facilities that are specified in the public improvement ordinance and constructed following the establishment of and within the apportionment district; or
- (4) To pay any combination of the foregoing. [1982 1st ex.s. c 42 § 9.]

39.88.090 General obligation bonds. General obligation bonds which are issued to finance public facilities that are specified in the public improvement ordinance, and for which part or all of the principal or interest is paid by tax allocation revenues, shall be subject to the following requirements:

- (1) The intent to issue such bonds and the maximum amount which the sponsor contemplates issuing are specified in the public improvement ordinance; and
- (2) A statement of the intent of the sponsor to issue such bonds is included in all notices required by RCW 39.88.040 and 39.88.050.

In addition, the ordinance or resolution authorizing the issuance of such general obligation bonds shall be subject to potential referendum approval by the voters of the issuing entity when the bonds are part of the non-voter approved indebtedness limitation established pursuant to RCW 39.36.020. If the voters of the county or city issuing such bonds otherwise possess the general power of referendum on county or city matters, the ordinance or resolution shall be subject to that procedure. If the voters of the county or city issuing such bonds do not otherwise possess the general

power of referendum on county or city matters, the referendum shall conform to the requirements and procedures for referendum petitions provided for code cities in RCW 35A.11.100. [1982 1st ex.s. c 42 § 10.]

39.88.100 Tax allocation bonds. (1) A sponsor may issue such tax allocation bonds as it may deem appropriate for the financing of public improvement costs and a reasonable bond reserve and for the refunding of any outstanding tax allocation bonds.

(2) The principal and interest of tax allocation bonds may be made payable from:

- (a) Tax allocation revenues;
- (b) Project revenues which may include (i) nontax income, revenues, fees, and rents from the public improvement financed with the proceeds of the bonds, or portions thereof, and (ii) contributions, grants, and nontax money available to the sponsor for payment of costs of the public improvement or the debt service of the bonds issued therefor;
- (c) Any combination of the foregoing.

(3) Tax allocation bonds shall not be the general obligation of or guaranteed by all or any part of the full faith and credit of the sponsor or any other state or local government, or any tax revenues other than tax allocation revenues, and shall not be considered a debt of the sponsor or other state or local government for general indebtedness limitation purposes.

(4) The terms and conditions of tax allocation bonds may include provisions for the following matters, among others:

(a) The date of issuance, maturity date or dates, denominations, form, series, negotiability, registration, rank or priority, place of payment, interest rate or rates which may be fixed or may vary over the life of the tax allocation bonds, bond reserve, coverage, and such other terms related to repayment of the tax allocation bonds;

(b) The application of tax allocation bond proceeds; the use, sale, or disposition of property acquired; consideration or rents and fees to be charged in the sale or lease of property acquired; consideration or rents and fees to be charged in the sale or lease of property within a public improvement; the application of rents, fees, and revenues within a public improvement; the maintenance, insurance, and replacement of property within a public improvement; other encumbrances, if any, upon all or part of property within a public improvement, then existing or thereafter acquired; and the type of debts that may be incurred;

(c) The creation of special funds; the money to be so applied; and the use and disposition of the money;

(d) The securing of the tax allocation bonds by a pledge of property and property rights, by assignment of income generated by the public improvement, or by pledging such additional specifically described resources other than tax revenues as are available to the sponsor;

(e) The terms and conditions for redemption;

(f) The replacement of lost and destroyed bond instruments;

(g) Procedures for amendment of the terms and conditions of the tax allocation bonds;

(h) The powers of a trustee to enforce covenants and take other actions in event of default; the rights, liabilities, pow-

ers, and duties arising upon the breach of any covenant, condition, or obligation; and

(i) When consistent with the terms of this chapter, such other terms, conditions, and provisions which may make the tax allocation bonds more marketable and further the purposes of this chapter.

(5) Tax allocation bonds may be issued and sold in such manner as the legislative authority of the sponsor shall determine.

(6) The sponsor may also issue or incur obligations in anticipation of the receipt of tax allocation bond proceeds or other money available to pay public improvement costs. [1982 1st ex.s. c 42 § 11.]

39.88.110 Legal investments. Tax allocation bonds authorized in this chapter shall be legal investments for any of the funds of the state and of municipal corporations, for trustees, and for other fiduciaries. [1982 1st ex.s. c 42 § 13.]

39.88.120 Notice to state. Whenever notice is required to be given to the state, notice shall be given to the director of revenue. [1982 1st ex.s. c 42 § 14.]

39.88.130 Conclusive presumption of validity. No direct or collateral attack on any public improvement, public improvement ordinance, or apportionment district purported to be authorized or created in conformance with applicable legal requirements, including the requirements of this chapter, may be commenced more than thirty days after publication of notice as required by RCW 39.88.050. [1982 1st ex.s. c 42 § 15.]

39.88.900 Supplemental nature of chapter. This chapter supplements and neither restricts nor limits any powers which the state or any municipal corporation might otherwise have under any laws of this state. [1982 1st ex.s. c 42 § 16.]

39.88.905 Short title. This chapter may be known and cited as the Community Redevelopment Financing Act of 1982. [1982 1st ex.s. c 42 § 1.]

39.88.910 Captions not part of law—1982 1st ex.s. c 42. As used in this act, captions constitute no part of the law. [1982 1st ex.s. c 42 § 17.]

39.88.915 Severability—1982 1st ex.s. c 42. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1982 1st ex.s. c 42 § 18.]

39.89.010 Declaration—Purpose. (1) It is declared to be the public policy of the state of Washington to promote and facilitate the orderly development and economic stability of its communities. Local governments need the ability to raise revenue to finance public improvements that are designed to encourage economic growth and development in geographic areas characterized by high levels of unemployment and stagnate employment and income growth. The construction of necessary public improvements in accordance with local economic development plans will encourage investment in job-producing private development and expand the public tax base.

(2) It is the purpose of this chapter:

(a) To encourage taxing districts to cooperate in the allocation of future tax revenues that are used to finance public improvements designed to encourage private development in selected areas, in particular in those local governments that are located adjacent to another state or international border;

(b) To assist those local governments that have a competitive disadvantage in its ability to attract business, private investment, or commercial development due to its location near a state or international border; and

(c) To prevent or arrest the decay of selected areas due to the inability of existing financial methods to provide needed public improvements, and to encourage private investment designed to promote and facilitate the orderly redevelopment of selected areas. [2001 c 212 § 1.]

39.89.030 Authority—Conditions. A local government may finance public improvements using community revitalization financing subject to the following conditions:

(1) The local government adopts an ordinance designating an increment area within its boundaries and specifying the public improvements proposed to be financed in whole or in part with the use of community revitalization financing;

(2) The public improvements proposed to be financed in whole or in part using community revitalization financing are expected to encourage private development within the increment area and to increase the fair market value of real property within the increment area;

(3) Private development that is anticipated to occur within the increment area, as a result of the public improvements, will be consistent with the countywide planning policy adopted by the county under RCW 36.70A.210 and the local government's comprehensive plan and development regulations adopted under chapter 36.70A RCW;

(4) Taxing districts, in the aggregate, that levy at least seventy-five percent of the regular property tax within which the increment area is located approves the community revitalization financing of the project under RCW 39.89.050(1); and

(5) In an increment area that includes any portion of a fire protection district as defined in Title 52 RCW, the fire protection district must agree to participate in the community revitalization financing of the project under chapter 212, Laws of 2001, for the project to proceed. Approval by the fire protection district shall be considered as part of the required participation by taxing districts under subsection (4) of this section. [2002 c 12 § 1; 2001 c 212 § 3.]

39.89.040 Coordination with other programs—Improvements by private developer must meet applicable state and local laws. (1) Public improvements that are financed with community revitalization financing may be undertaken and coordinated with other programs or efforts undertaken by the local government and other taxing districts and may be funded in part from revenue sources other than community revitalization financing.

(2) Public improvements that are constructed by a private developer must meet all applicable state and local laws. [2002 c 12 § 2; 2001 c 212 § 4.]

39.89.050 Procedure for creating increment area. Before adopting an ordinance creating the increment area, a local government must:

(1) Obtain written agreement for the use of community revitalization financing to finance all or a portion of the costs of the designated public improvements from taxing districts that, in the aggregate, levy at least seventy-five percent of the regular property tax on property within the increment area. A signed, written agreement from taxing districts that in the aggregate levy at least seventy-five percent of the regular property tax within the increment area, constitutes concurrence by all taxing districts in the increment area in the public

improvement and participation in the public improvement to the extent of providing limited funding under community revitalization financing authorized under this chapter. The agreement must be authorized by the governing body of taxing districts that in the aggregate levy at least seventy-five percent of the regular property tax on property within the increment area;

(2) Hold a public hearing on the proposed financing of the public improvement in whole or in part with community revitalization financing. Notice of the public hearing must be published in a legal newspaper of general circulation within the proposed increment area at least ten days before the public hearing and posted in at least six conspicuous public places located in the proposed increment area. Notices must describe the contemplated public improvements, estimate the costs of the public improvements, describe the portion of the costs of the public improvements to be borne by community revitalization financing, describe any other sources of revenue to finance the public improvements, describe the boundaries of the proposed increment area, and estimate the period during which community revitalization financing is contemplated to be used. The public hearing may be held by either the governing body of the local government, or a committee of the governing body that includes at least a majority of the whole governing body; and

(3) Adopt an ordinance establishing the increment area that describes the public improvements, describes the boundaries of the increment area, estimates the cost of the public improvements and the portion of these costs to be financed by community revitalization financing, estimates the time during which regular property taxes are to be apportioned, provides the date when the apportionment of the regular property taxes will commence, and finds that the conditions of RCW 39.89.030 are met. [2001 c 212 § 5.]

39.89.060 Public notice—Notice to officials. The local government shall:

(1) Publish notice in a legal newspaper of general circulation within the increment area that describes the public improvement, describes the boundaries of the increment area, and identifies the location and times where the ordinance and other public information concerning the public improvement may be inspected; and

(2) Deliver a certified copy of the ordinance to the county treasurer, the county assessor, and the governing body of each taxing district within which the increment area is located. [2001 c 212 § 6.]

39.89.070 Apportionment of taxes. (1) Commencing in the calendar year following the passage of the ordinance, the county treasurer shall distribute receipts from regular taxes imposed on real property located in the increment area as follows:

(a) Each taxing district shall receive that portion of its regular property taxes produced by the rate of tax levied by or for the taxing district on the tax allocation base value for that community revitalization financing project in the taxing district, or upon the total assessed value of real property in the taxing district, whichever is smaller; and

(b) The local government that created the increment area shall receive an additional portion of the regular property taxes levied by or for each taxing district upon the increment value within the increment area. However, the local government that created the increment area may agree to receive less than the full amount of this portion as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts shall be allocated to the taxing districts that imposed regular property taxes, or have regular property taxes imposed for them, in the increment area for collection that year in proportion to their regular tax levy rates for collection that year. The local government may request that the treasurer transfer this additional portion of the property taxes to its designated agent. The portion of the tax receipts distributed to the local government or its agent under this subsection (1)(b) may only be expended to finance public improvement costs associated with the public improvements financed in whole or in part by community revitalization financing.

(2) The county assessor shall allocate twenty-five percent of any increased real property value occurring in the increment area to the tax allocation base value and seventy-five percent to the increment value. This section does not authorize revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW or under other authorized revaluation procedures.

(3) The apportionment of increases in assessed valuation in an increment area, and the associated distribution to the local government of receipts from regular property taxes that are imposed on the increment value, must cease when tax allocation revenues are no longer necessary or obligated to pay the costs of the public improvements. Any excess tax allocation revenues and earnings on the tax allocation revenues remaining at the time the apportionment of tax receipts terminates must be returned to the county treasurer and distributed to the taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the increment area for collection that year, in proportion to the rates of their regular property tax levies for collection that year. [2001 c 212 § 7.]

39.89.080 General indebtedness—Security. (1) A local government designating an increment area and authorizing the use of community revitalization financing may incur general indebtedness, and issue general obligation bonds, to finance the public improvements and retire the indebtedness in whole or in part from tax allocation revenues it receives, subject to the following requirements:

(a) The ordinance adopted by the local government creating the increment area and authorizing the use of community revitalization financing indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated; and

(b) The local government includes this statement of the intent in all notices required by RCW 39.89.050.

(2) The general indebtedness incurred under subsection (1) of this section may be payable from other tax revenues, the full faith and credit of the local government, and nontax income, revenues, fees, and rents from the public improvements, as well as contributions, grants, and nontax money

available to the local government for payment of costs of the public improvements or associated debt service on the general indebtedness.

(3) In addition to the requirements in subsection (1) of this section, a local government designating an increment area and authorizing the use of community revitalization financing may require the nonpublic participant to provide adequate security to protect the public investment in the public improvement within the increment area. [2001 c 212 § 8.]

39.89.090 Conclusive presumption of validity. A direct or collateral attack on a public improvement, public improvement ordinance, or increment area purported to be authorized or created in conformance with applicable legal requirements, including this chapter, may not be commenced more than thirty days after publication of notice as required by RCW 39.89.060. [2001 c 212 § 9.]

39.89.100 Revenue bonds. (1) A local government may issue revenue bonds to fund revenue-generating public improvements, or portions of public improvements, that are located within an increment area and that it is authorized to provide or operate. Whenever revenue bonds are to be issued, the legislative authority of the local government shall create or have created a special fund or funds from which, along with any reserves created pursuant to RCW 39.44.140, the principal and interest on these revenue bonds shall exclusively be payable. The legislative authority of the local government may obligate the local government to set aside and pay into the special fund or funds a fixed proportion or a fixed amount of the revenues from the public improvements that are funded by the revenue bonds. This amount or proportion is a lien and charge against these revenues, subject only to operating and maintenance expenses. The local government shall have due regard for the cost of operation and maintenance of the public improvements that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues than in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue previously pledged. The local government may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2) Revenue bonds issued pursuant to this section are not an indebtedness of the local government issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The owner or bearer of a revenue bond or any interest coupon issued pursuant to this section shall not have any claim against the local government arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued pursuant to this section.

(3) Revenue bonds with a maturity in excess of thirty years shall not be issued. The legislative authority of the local

government shall by resolution determine for each revenue bond issue the amount, date, form, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, and covenants including the refunding of existing revenue bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding revenue bonds may be issued in the same manner as revenue bonds are issued. [2002 c 12 § 3.]

39.89.900 Supplemental nature of chapter. This chapter supplements and neither restricts nor limits any powers which the state or any local government might otherwise have under any laws of this state. [2001 c 212 § 10.]

39.89.902 Severability—2001 c 212. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2001 c 212 § 31.]

39.92.010 Purpose. The legislature finds that there is an increasing need for local and regional transportation improvements as the result of both existing demands and the foreseeable future demands from economic growth and development within the state, including residential, commercial, and industrial development.

The legislature intends with this chapter to enable local governments to develop and adopt programs for the purpose of jointly funding, from public and private sources, transportation improvements necessitated in whole or in part by economic development and growth within their respective jurisdictions. The programs should provide a fair and predictable method for allocating the cost of necessary transportation improvements between the public and private sectors. The programs should include consideration of public transportation as a method of reducing off-site transportation impacts from development. The legislature finds that the private funds authorized to be collected pursuant to this chapter are for the purpose of mitigating the impacts of development and are not taxes. The state shall encourage and give priority to the state funding of local and regional transportation improvements that are funded in part by local, public, and private funds.

The authority provided by this chapter, RCW 35.43.182 through 35.43.188, and 36.88.072 through 36.88.078 for local governments to create and implement local transportation programs is intended to be supplemental, except as expressly provided in RCW 39.92.030(9), 82.02.020, and 36.73.120, to the existing authorities and responsibilities of local governments to regulate development and provide public facilities. [1988 c 179 § 1.]

39.92.020 Definitions. The definitions set forth in this section apply throughout this chapter.

(1) "Developer" means an individual, group of individuals, partnership, corporation, association, municipal corporation, state agency, or other person undertaking development and their successors and assigns.

(2) "Development" means the subdivision or short platting of land or the construction or reconstruction of residential, commercial, industrial, public, or any other building, building space, or land.

(3) "Direct result of the proposed development" means those quantifiable transportation impacts that are caused by vehicles or pedestrians whose trip origin or destination is the proposed development.

(4) "Local government" means all counties, cities, and towns in the state of Washington and transportation benefit districts created pursuant to chapter 36.73 RCW.

(5) "Off-site transportation improvements" means those transportation capital improvements designated in the local plan adopted under this chapter that are authorized to be undertaken by local government and that serve the transportation needs of more than one development.

(6) "Transportation impact fee" means a monetary charge imposed on new development for the purpose of miti-

gating off-site transportation impacts that are a direct result of the proposed development.

(7) "Fair market value" means the price in terms of money that a property will bring in a competitive and open market under all conditions of a fair sale, the buyer and seller each prudently knowledgeable, and assuming the price is not affected by undue stimulus, measured at the time of the dedication to local government of land or improved transportation facilities. [1988 c 179 § 2.]

39.92.030 Local programs authorized. Local governments may develop and adopt programs for the purpose of jointly funding, from public and private sources, transportation improvements necessitated in whole or in part by economic development and growth within their respective jurisdictions. Local governments shall adopt the programs by ordinance after notice and public hearing. Each program shall contain the elements described in this section.

(1) The program shall identify the geographic boundaries of the entire area or areas generally benefited by the proposed off-site transportation improvements and within which transportation impact fees will be imposed under this chapter.

(2) The program shall be based on an adopted comprehensive, long-term transportation plan identifying the proposed off-site transportation improvements reasonable and necessary to meet the future growth needs of the designated plan area and intended to be covered by this joint funding program, including acquisition of right-of-way, construction and reconstruction of all major and minor arterials and inter-segment improvements, and identifying design standards, levels of service, capacities, and costs applicable to the program. The program shall also indicate how the transportation plan is coordinated with applicable transportation plans for the region and for adjacent jurisdictions. The program shall also indicate how public transportation and ride-sharing improvements and services will be used to reduce off-site transportation impacts from development.

(3) The program shall include at least a six-year capital funding program, updated annually, identifying the specific public sources and amounts of revenue necessary to pay for that portion of the cost of all off-site transportation improvements contained in the transportation plan that will not foreseeably be funded by transportation impact fees. The program shall include a proposed schedule for construction and expenditures of funds. The funding plan shall consider the additional local tax revenue estimated to be generated by new development within the plan area if all or a portion of the additional revenue is proposed to be earmarked as future appropriations for such off-site transportation improvements.

(4) The program shall authorize transportation impact fees to be imposed on new development within the plan area for the purpose of providing a portion of the funding for reasonable and necessary off-site transportation improvements to solve the cumulative impacts of planned growth and development in the plan area. Off-site transportation impacts shall be measured as a pro rata share of the capacity of the off-site transportation improvements being funded under the program. The fees shall not exceed the amount that the local government can demonstrate is reasonably necessary as a direct result of the proposed development.

(5) The program shall provide that the funds collected as a result of a particular new development shall be used in substantial part to pay for improvements mitigating the impacts of the development or be refunded to the property owners of record. Fees paid toward more than one transportation improvement may be pooled and expended on any one of the improvements mitigating the impact of the development. The funds shall be expended in all cases within six years of collection by the local government or the unexpended funds shall be refunded.

(6) The program shall also describe the formula, timing, security, credits, and other terms and conditions affecting the amount and method of payment of the transportation impact fees as further provided for in RCW 39.92.040. In calculating the amount of the fee, local government shall consider and give credit for the developer's participation in public transportation and ride-sharing improvements and services.

(7) The administrative element of the program shall include: An opportunity for administrative appeal by the developer and hearing before an independent examiner of the amount of the transportation impact fee imposed; establishment of a designated account for the public and private funds appropriated or collected for the transportation improvements identified in the plan; methods to enforce collection of the public and private funds identified in the program; designation of the administrative departments or other entities responsible for administering the program, including determination of fee amounts, transportation planning, and construction; and provisions for future amendment of the program including the addition of other off-site transportation improvements. The program shall not be amended in a manner to relieve local government of any contractual obligations made to prior developers.

(8) The program shall provide that private transportation impact fees shall not be collected for any off-site transportation improvement that is incapable of being reasonably carried out because of lack of public funds or other foreseeable impediment.

(9) The program shall provide that no transportation impact fee may be imposed on a development by local government pursuant to this program when mitigation of the same off-site transportation impacts for the development is being required by any government agency pursuant to any other local, state, or federal law. [1988 c 179 § 3.]

39.92.040 Transportation impact fee. The program shall describe the formula or method for calculating the amount of the transportation impact fees to be imposed on new development within the plan area. The program may require developers to pay a transportation impact fee for off-site transportation improvements not yet constructed and for those jointly-funded improvements constructed since the commencement of the program.

The program shall define the event in the development approval process that triggers a determination of the amount of the transportation impact fees and the event that triggers the obligation to make actual payment of the fees. However, the payment obligation shall not commence before the date the developer has obtained a building permit for the new development or, in the case of residential subdivisions or short plats, at the time of final plat approval, at the devel-

oper's option. If the developer of a residential subdivision or short plat elects to pay the fee at the date a building permit has been obtained, the option to pay the transportation impact fee by installments as authorized by this section is deemed to have been waived by the developer. The developer shall be given the option to pay the transportation impact fee in a lump sum, without interest, or by installment with reasonable interest over a period of five years or more as specified by the local government.

The local government shall require security for the obligation to pay the transportation impact fee, in the form of a recorded agreement, deed of trust, letter of credit, or other instrument determined satisfactory by the local government. The developer shall also be given credit against its obligations for the transportation impact fee, for the fair market value of off-site land and/or the cost of constructing off-site transportation improvements dedicated to the local government. If the value of the dedication exceeds the amount of transportation impact fee obligation, the developer is entitled to reimbursement from transportation impact fees attributable to the dedicated improvements and paid by subsequent developers within the plan area.

Payment of the transportation impact fee entitles the developer and its successors and assigns to credit against any other fee, local improvement district assessment, or other monetary imposition made specifically for the designated off-site transportation improvements intended to be covered by the transportation impact fee imposed pursuant to this program. The program shall also define the criteria for establishing periodic fee increases attributable to construction and related cost increases for the improvements designated in the program. [1989 c 296 § 1; 1988 c 179 § 4.]

39.92.050 Interlocal cooperation—Consistency and assistance. Local governments are authorized and encouraged to enter into interlocal agreements to jointly develop and adopt with other local governments the transportation programs authorized by this chapter for the purpose of accomplishing regional transportation planning and development. Local governments shall also seek, to the greatest degree practicable, consistency among jurisdictions in the terms and conditions of their programs for the purpose of increasing fairness and predictability on a regional basis. Local governments shall seek comment, in the development of their programs, from other affected local governments, state agencies, and governments authorized to perform public transportation functions. Local governments are also encouraged to enter into interlocal agreements to provide technical assistance to each other, in return for reasonable reimbursement, for the purpose of developing and implementing such transportation programs. [1988 c 179 § 5.]

39.92.900 Severability—Prospective application—1988 c 179. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. This act is intended to be prospective, not retroactive, in its application. [1988 c 179 § 17.]

39.94.010 Purposes—Construction. The purposes of this chapter are to confirm the authority of the state, its agencies, departments, and instrumentalities, the state board for community and technical colleges, and the state institutions of higher education to enter into contracts for the acquisition of real and personal property which provide for payments over a term of more than one year and to exclude such contracts from the computation of indebtedness under RCW 39.42.060 and Article VIII, section 1 of the state Constitution. It is further the purpose of this chapter to permit the state, its agencies, departments, and instrumentalities, the state board for community and technical colleges, and the state institutions of higher education to enter into financing contracts which make provision for the issuance of certificates of participation and other financing structures. Financing contracts of the state, whether or not entered into under this chapter, shall be subject to approval by the state finance committee except as provided in this chapter.

This chapter shall be liberally construed to effect its purposes. [1998 c 291 § 2; 1989 c 356 § 1.]

Application—1998 c 291: See note following RCW 39.94.050.

39.94.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Credit enhancement" includes insurance, letters of credit, lines of credit, or other similar agreements which enhance the security for the payment of the state's or an other agency's obligations under financing contracts.

(2) "Financing contract" means any contract entered into by the state for itself or on behalf of an other agency which provides for the use and purchase of real or personal property by the state and provides for payment by the state over a term of more than one year, and which provides that title to the subject property may secure performance of the state or transfer to the state or an other agency by the end of the term, upon exercise of an option, for a nominal amount or for a price determined without reference to fair market value. Financing contracts shall include, but not be limited to, conditional sales contracts, financing leases, lease purchase contracts, or refinancing contracts, but shall not include operating or true leases. For purposes of this chapter, the term "financing contract" shall not include any nonrecourse financing contract or other obligation payable only from money or other property

received from private sources and not payable from any public money or property. The term "financing contract" shall include a "master financing contract."

(3) "Master financing contract" means a financing contract which provides for the use and purchase of property by the state, and which may include more than one financing contract and appropriation.

(4) "Other agency" means any commission established under Title 15 RCW, a library or regional library, an educational service district, the superintendent of public instruction, the school directors' association, a health district, or any county, city, town, school district, or other municipal corporation or quasi-municipal corporation described as such by statute.

(5) "State" means the state, agency, department, or instrumentality of the state, the state board for community and technical colleges, and any state institution of higher education.

(6) "State finance committee" means the state finance committee under chapter 43.33 RCW.

(7) "Trustee" means a bank or trust company, within or without the state, authorized by law to exercise trust powers. [1998 c 291 § 3; 1990 c 47 § 3; 1989 c 356 § 2.]

Application—1998 c 291: See note following RCW 39.94.050.

39.94.030 Authority to enter into financing contracts—Terms—Intent—Obligation of state revenues.

(1) The state may enter into financing contracts for itself or on behalf of an other agency for the use and acquisition for public purposes of real and personal property. Payments under financing contracts of the state shall be made by the state from currently appropriated funds or funds not constituting "general state revenues" as defined in Article VIII, section 1 of the state Constitution. Except as provided in subsection (4)(b) of this section, payments under financing contracts of the state on behalf of any other agency shall be made solely from the sources identified in the financing contract, which may not obligate general state revenues as defined in Article VII, section 1 of the state Constitution. The treasurer of an other agency shall remit payments under financing contracts to the office of the state treasurer or to the state treasurer's designee. In the event of any deficiency of payments by an other agency under a financing contract, the treasurer of the other agency shall transfer any legally available funds of the other agency in satisfaction of the other agency's obligations under the financing contract if such funds have been obligated by the other agency under the financing contract and, if such deficiency is not thereby cured, the office of the state treasurer is directed to withdraw from that agency's share of state revenues for distribution or other money an amount sufficient to fulfill the terms and conditions of the financing contract. The term of any financing contract shall not exceed thirty years or the remaining useful life of the property, whichever is shorter. Financing contracts may include other terms and conditions agreed upon by the parties.

(2) The state for itself or on behalf of an other agency may enter into contracts for credit enhancement, which shall limit the recourse of the provider of credit enhancement solely to the security provided under the financing contract secured by the credit enhancement.

The security interest may be perfected as provided by the uniform commercial code - secured transactions, or otherwise as provided by law for perfecting liens on real estate. Other terms and conditions may be included as agreed upon by the parties.

(4)(a) Except under (b) of this subsection, financing contracts and contracts for credit enhancement entered into under the limitations set forth in this chapter shall not constitute a debt or the contracting of indebtedness under RCW 39.42.060 or any other law limiting debt of the state. It is the intent of the legislature that such contracts also shall not constitute a debt or the contracting of indebtedness under Article VIII, section 1 of the state Constitution. Certificates of participation in payments to be made under financing contracts also shall not constitute a debt or the contracting of an indebtedness under RCW 39.42.060 if payment is conditioned upon payment by the state under the financing contract with respect to which the same relates. It is the intent of the legislature that such certificates also shall not constitute a debt or the contracting of indebtedness under Article VIII, section 1 of the state Constitution if payment of the certificates is conditioned upon payment by the state under the financing contract with respect to which those certificates relate.

(b) A financing contract made by the state on behalf of an other agency may be secured by the pledge of revenues of the other agency or other agency's full faith and credit or may, at the option of the state finance committee, include a contingent obligation by the state for payment under such financing contract. [1998 c 291 § 4; 1989 c 356 § 3.]

Application—1998 c 291: See note following RCW 39.94.050.

39.94.040 State finance committee—Duties—Legislative approval required, when.

Except as provided in RCW 28B.10.022, the state finance committee shall approve the form of all financing contracts or a standard format for all financing contracts. The state finance committee also may:

(a) Consolidate existing or potential financing contracts into master financing contracts with respect to property acquired by one or more agencies, departments, instrumentalities of the state, the state board for community and technical colleges, or a state institution of higher learning; or to be acquired by an other agency;

(b) Approve programs providing for the issuance of certificates of participation in master financing contracts for the state or for other agencies;

(c) Enter into agreements with trustees relating to master financing contracts; and

(d) Make appropriate rules for the performance of its duties under this chapter.

(2) In the performance of its duties under this chapter, the state finance committee may consult with representatives from the department of general administration, the office of financial management, and the department of information services.

(3) With the approval of the state finance committee, the state also may enter into agreements with trustees relating to financing contracts and the issuance of certificates of participation.

(4) Except for financing contracts for real property used for the purposes described under chapter 28B.140 RCW, the state may not enter into any financing contract for real property of the state without prior approval of the legislature.

(5) The state may not enter into any financing contract on behalf of an other agency without the approval of such a financing contract by the governing body of the other agency. [2003 c 6 § 2; 2002 c 151 § 6; 1998 c 291 § 5; 1989 c 356 § 4.]

The investment earnings available for this purpose represent the earnings on payments received from state and other agencies. [1998 c 291 § 1.]

Application—1998 c 291: "Chapter 291, Laws of 1998 is applicable to an other agency, as defined in RCW 39.94.020, for the financing of equipment on September 1, 1998, and for the financing of real estate on July 1, 2000." [1998 c 291 § 6.]

39.94.900 Application. The provisions of this chapter shall apply to all financing contracts entered into following July 23, 1989. [1989 c 356 § 5.]

local governments will benefit taxpayers and ratepayers; and that the legislature desires to provide state and local governments with express statutory authority to take advantage of these instruments. In recognition of the complexity of these financial instruments, the legislature desires that this authority be subject to certain limitations. [2004 c 108 § 1; 2000 c 184 § 1; 1995 c 192 § 1; 1993 c 273 § 1.]

(a) With recognized knowledge and experience in connection with the negotiation and execution of payment agreements;

(b) That is acting solely as financial advisor to the governmental entity in connection with the execution of the payment agreement and the issuance or incurring of any related obligations, and not as a principal, placement agent, purchaser, underwriter, or other similar party, and that does not control, nor is it controlled by or under common control with, any such party;

(c) That is compensated for its services in connection with the execution of payment agreements, either directly or indirectly, solely by the governmental entity; and

(2) "Governmental entity" means state government or local government.

(3) "Local government" means any city, county, city transportation authority, regional transit authority established under chapter 81.112 RCW, port district, public hospital district, public facilities district, or public utility district, or any joint operating agency formed under RCW 43.52.360, that has or will have outstanding obligations in an aggregate principal amount of at least one hundred million dollars as of the date a payment agreement is executed or is scheduled by its terms to commence or had at least one hundred million dollars in gross revenues during the preceding calendar year.

(4) "Obligations" means bonds, notes, bond anticipation notes, commercial paper, or other obligations for borrowed money, or lease, installment purchase, or other similar financing agreements or certificates of participation in such agreements.

[2005 c 154 § 1; 2004 c 108 § 2; 2003 c 47 § 1; 1993 c 273 § 2.]

39.96.030 Payment agreements authorized—Conditions. (1) Subject to subsections (2) and (3) of this section, any governmental entity may enter into a payment agreement in connection with, or incidental to, the issuance, incurring, or carrying of specific obligations, for the purpose of managing or reducing the governmental entity's exposure to fluctuations or levels of interest rates. Nothing in this chapter shall be construed to provide governmental entities with separate or additional authority to invest funds or moneys relating to or held in connection with any obligations.

(2) No governmental entity may enter into a payment agreement under this chapter unless it first:

(a) Finds and determines, by ordinance or resolution, that the payment agreement, if fully performed by all parties thereto, will (i) reduce the amount or duration of its exposure to changes in interest rates; or (ii) result in a lower net cost of borrowing with respect to the related obligations;

(b) Obtains, on or prior to the date of execution of the payment agreement, a written certification from a financial advisor that (i) the terms and conditions of the payment agreement and any ancillary agreements, including without limitation, the interest rate or rates and any other amounts payable thereunder, are commercially reasonable in light of then existing market conditions; and (ii) the finding and determination contained in the ordinance or resolution required by (a) of this subsection is reasonable.

(3) Prior to selecting the other party to a payment agreement, a governmental entity shall solicit and give due consideration to proposals from at least two entities that meet the criteria set forth in RCW 39.96.040(2). Such solicitation and consideration shall be conducted in such manner as the governmental entity shall determine is reasonable. [2000 c 184 § 2; 1993 c 273 § 3.]

Effective date—2000 c 184: See note following RCW 39.96.010.

39.96.040 Terms and conditions. (1) Subject to subsections (2), (3), and (4) of this section, payment agreements entered into by any governmental entity may include those payment, term, security, default, remedy, termination, and other terms and conditions, and may be with those parties, as the governmental entity deems reasonably necessary or desirable.

(2) No governmental entity may enter into a payment agreement under this chapter unless:

(a) The other party to the agreement has a rating from at least two nationally recognized credit rating agencies, as of the date of execution of the agreement, that is within the two highest long-term investment grade rating categories, without regard to subcategories, or the payment obligations of the

party under the agreement are unconditionally guaranteed by an entity that then has the required ratings; or

(b)(i) The other party to the agreement has a rating from at least two nationally recognized credit rating agencies, as of the date of execution of the agreement, that is within the three highest long-term investment grade rating categories, without regard to subcategories, or the payment obligations of the party under the agreement are unconditionally guaranteed by an entity that has the required ratings; and

(ii) The payment obligations of the other party under the agreement are collateralized by direct obligations of, or obligations the principal and interest on which are guaranteed by, the United States of America, that (A) are deposited with the governmental entity or an agent of the governmental entity; and (B) maintain a market value of not less than one hundred two percent of the net market value of the payment agreement to the governmental entity, as such net market value may be defined and determined from time to time under the terms of the payment agreement.

(3) No governmental entity may enter into a payment agreement with a party who qualifies under subsection (2)(a) of this section unless the payment agreement provides that, in the event the credit rating of the other party or its guarantor falls below the level required by subsection (2)(a) of this section, such party will comply with the collateralization requirements contained in subsection (2)(b) of this section.

(4) No governmental entity may enter into a payment agreement unless:

(a) The notional amount of the payment agreement does not exceed the principal amount of the obligations with respect to which the payment agreement is made; and

(b) The term of the payment agreement does not exceed the final term of the obligations with respect to which the payment agreement is made. [1993 c 273 § 4.]

39.96.050 Payments—Credit enhancements. (1) Subject to any covenants or agreements applicable to the obligations issued or incurred by the governmental entity, any payments required to be made by the governmental entity under a payment agreement entered into in connection with the issuance, incurring, or carrying of those obligations may be made from money set aside or pledged to pay or secure the payment of those obligations or from any other legally available source.

(2) Any governmental entity may enter into credit enhancement, liquidity, line of credit, or other similar agreements in connection with, or incidental to, the execution of a payment agreement. The credit enhancement, liquidity, line of credit, or other similar agreement may include those payment, term, security, default, remedy, termination, and other terms and conditions, and may be with those parties, as the governmental entity deems reasonably necessary or desirable. [1993 c 273 § 5.]

39.96.060 Calculations regarding payment of obligations—Status of payments. (1) Subject to any covenants or agreements applicable to the obligations issued or incurred by the governmental entity, if the governmental entity enters into a payment agreement with respect to those obligations, then it may elect to treat the amounts payable from time to

time with respect to those obligations as the amounts payable after giving effect to the payment agreement for the purposes of calculating:

(a) Rates and charges to be imposed by a revenue-producing enterprise if the revenues are pledged or used to pay those obligations;

(b) Any taxes to be levied and collected to pay those obligation[s]; and

(c) Payments or debt service on those obligations for any other purpose.

(2) A payment agreement and any obligation of the governmental entity to make payments under the agreement in future fiscal years shall not constitute debt or indebtedness of the governmental entity for purposes of state constitutional and statutory debt limitation provisions if the obligation to make any payments is contingent upon the performance of the other party or parties to the agreement, and no moneys are paid to the governmental entity under the payment agreement that must be repaid in future fiscal years. [1993 c 273 § 6.]

39.96.080 Authority cumulative. The powers conferred by this chapter are in addition to, and not in substitution for, the powers conferred by any existing law, and the limitations imposed by this chapter do not directly or indirectly modify, limit, or affect the powers conferred by any existing law. [1993 c 273 § 8.]

39.98.010 Finding—School district debt obligation not removed. The legislature finds that implementation of the credit enhancement program provided for in this chapter can provide substantial savings to the taxpayers of the state of Washington with minimal cost or risk to the state government. The guaranty provided by pledging the credit of the state to the payment of voter-approved school district general obligation bonds will encourage lower interest rates, and therefore lower taxes, for such bonds than school districts alone can command, despite the excellent credit history of such obligations. Any such guarantee does not remove the debt obligation of the school district and is not state debt. [1999 c 273 § 1.]

39.98.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bond" means any voted general obligation bond issued by a school district, holding a certificate issued pursuant to this chapter for such a bond.

(2) "Credit enhancement program" means the school district bond guaranty established by this chapter.

(3) "General obligation bond" means any bond, note, warrant, certificate of indebtedness, or other obligation of a district that constitutes an indebtedness within the meaning of any applicable constitutional or statutory debt limitations.

(4) "Paying agent" means the paying agent selected, from time to time, for a bond issue pursuant to state law.

(5) "Refunding bond" means any general obligation bond issued by a district for the purpose of refunding its outstanding general obligation bonds.

(6) "School district" or "district" means any school district existing now or later under the laws of the state. [1999 c 273 § 2.]

39.98.030 Bonds guaranteed by full faith, credit, and taxing power of the state—Reference to chapter on face of bond conclusively establishes guaranty. (1)(a) The full faith, credit, and taxing power of the state is pledged to guarantee full and timely payment of the principal of and interest on bonds as such payments become due. However, in the event of any acceleration of the due date of the principal by reason of mandatory redemption or acceleration resulting from default, the payments guaranteed shall be made in the amounts and at the times as payments of principal would have been due had there not been any acceleration.

(b) This guaranty does not extend to the payment of any redemption premium.

(c) Reference to this chapter by its title on the face of any bond conclusively establishes the guaranty provided to that bond under the provisions of this chapter.

(2)(a) The state pledges to and agrees with the owners of any bonds that the state will not alter, impair, or limit the rights vested by the credit enhancement program with respect to the bonds until the bonds, together with applicable interest,

are fully paid and discharged. However, this chapter does not preclude an alteration, impairment, or limitation if full provision is made by law for the payment of the bonds.

(b) Each district may refer to this pledge and undertaking by the state in its bonds.

(3) Only validly issued bonds issued after January 1, 2000, may be guaranteed under this chapter. [1999 c 273 § 3.]

39.98.040 Certificate issued by state treasurer evidencing of guaranty—Limitations on issuance of guaranteed bonds—Fees. (1)(a) Any district, by resolution of its board of directors, may request that the state treasurer issue a certificate evidencing the state's guaranty, under this chapter, of its bonds.

(b) After reviewing the request, if the state treasurer determines that the district is eligible under rules adopted by the state finance committee, the state treasurer shall promptly issue the certificate as to specific bonds of the district and provide it to the requesting district.

(c)(i) The district receiving the certificate and all other persons may rely on the certificate as evidencing the guaranty for bonds issued within one year from and after the date of the certificate, without making further inquiry during that year.

(ii) The certificate of eligibility is valid for one year even if the state treasurer later determines that the school district is ineligible.

(2) Any district that chooses to forego the benefits of the guaranty provided by this chapter for a particular issue of bonds may do so by not referring to this chapter on the face of its bonds.

(3) Any district that has bonds, the principal of or interest on which has been paid, in whole or in part, by the state under this chapter, may not issue any additional bonds guaranteed by this chapter until:

(a) All payment obligations of the district to the state under the credit enhancement program are satisfied; and

(b) The state treasurer and the state superintendent of public instruction each certify in writing, to be kept on file by the state treasurer and the state superintendent of public instruction, that the district is fiscally solvent.

(4) The state finance committee may establish by rule fees sufficient to cover the costs of administering this chapter. [1999 c 273 § 4.]

39.98.050 Debt service payments—Notifications upon nonpayment—Payments by state treasurer—Repayment. (1)(a) The county treasurer for each district with outstanding, unpaid bonds shall transfer money sufficient for each scheduled debt service payment to its paying agent on or before any principal or interest payment date for the bonds.

(b) A county treasurer who is unable to transfer a scheduled debt service payment to the paying agent on the transfer date shall immediately notify the paying agent and the state treasurer by:

(i) Telephone;

(ii) A writing sent by facsimile or electronic transmission; and

(iii) A writing sent by first-class United States mail.

(2) If sufficient funds are not transferred to the paying agent as required by subsection (1) of this section, the paying agent shall immediately notify the state treasurer of that failure by:

(a) Telephone;

(b) A writing sent by facsimile or electronic transmission; and

(c) A writing sent by first-class United States mail.

(3)(a) If sufficient money to pay the scheduled debt service payment have not been so transferred to the paying agent, the state treasurer shall, forthwith, transfer sufficient money to the paying agent to make the scheduled debt service payment.

(b) The payment by the state treasurer:

(i) Discharges the obligation of the issuing district to its bond owners for the payment, but does not retire any bond that has matured. The terms of that bond remain in effect until the state is repaid; and

(ii) Transfers the rights represented by the general obligation of the district from the bond owners to the state.

(c) The district shall repay to the state the money so transferred as provided in this chapter. [1999 c 273 § 5.]

39.98.060 Reimbursement of state-paid debt service payments—Interest and penalties—Legal actions—Revision of collection of taxes to meet obligations. (1) Any district that has issued bonds for which the state has made all or part of a debt service payment shall:

(a) Reimburse all money drawn by the state treasurer on its behalf;

(b) Pay interest to the state on all money paid by the state from the date that money was drawn to the date the state is repaid at a rate to be prescribed by rule by the state finance committee; and

(c) Pay all penalties required by this chapter.

(2)(a) The state treasurer shall establish the reimbursement interest rate after considering the circumstances of any prior draws by the district on the state, market interest and penalty rates, and the cost of funds or opportunity cost of investments, if any, that were required to be borrowed or liquidated by the state to make payment on the bonds.

(b) The state treasurer may, after considering the circumstances giving rise to the failure of the district to make payment on its bonds in a timely manner, impose on the district a penalty of not more than five percent of the amount paid by the state pursuant to its guaranty for each instance in which a payment by the state is made.

(3)(a)(i) If the state treasurer determines that amounts obtained under this chapter will not reimburse the state in full within one year from the state's payment of a district's scheduled debt service payment, the state treasurer may pursue any legal action, including mandamus, against the district to compel it to meet its repayment obligations to the state.

(ii) In pursuing its rights under (a)(i) of this subsection, the state shall have the same substantive and procedural rights as would a holder of the bonds of a district. If and to the extent that the state has made payments to the holders of bonds of a district under RCW 39.98.050 and has not been reimbursed by the district, the state shall be subrogated to the rights of those bond holders.

(iii) The state treasurer may also direct the district and the appropriate county officials to restructure and revise the collection of taxes for the payment of bonds on which the state treasurer has made payments under this chapter and, to the extent permitted by law, may require that the proceeds of such taxes be applied to the district's obligations to the state if all outstanding obligations of the school district payable from such taxes are fully paid or their payment is fully provided for.

(b) The district shall pay the fees, expenses, and costs incurred by the state in recovering amounts paid under the guaranty authorized by this chapter. [1999 c 273 § 6.]

39.98.070 Appropriation required. In order to effect the provisions of Article VIII, section 1(e) of the state Constitution, Senate Joint Resolution No. 8206, the legislature shall make provision for such amounts as may be required to make timely payments under the state school district credit enhancement program under this chapter in each and every biennial appropriations act. [1999 c 273 § 7.]

39.98.080 Adoption of rules. The state finance committee may adopt, under chapter 34.05 RCW, all rules necessary and appropriate for the implementation and administration of this chapter. [1999 c 273 § 8.]

39.98.900 Contingent effective date—1999 c 273. This act takes effect January 1, 2000, if the proposed amendment to Article VIII, section 1 of the state Constitution, guaranteeing the general obligation debt of school districts, is validly submitted to and is approved and ratified by the voters at the next general election. If the proposed amendment is not approved and ratified, this act is void in its entirety. [1999 c 273 § 10.]

Reviser's note: 1999 Senate Joint Resolution No. 8206 was approved at the November 1999 general election. See Article VIII, section 1 and Amendment 78 of the state Constitution.

Finding—2007 c 266: "The legislature finds that local governments need flexible financing for public improvements that do not increase the combined state and local sales tax rate." [2007 c 266 § 1.]

Application—2007 c 266: "This act applies retroactively to July 1, 2006." [2007 c 266 § 10.]

Effective date—2007 c 266: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2007." [2007 c 266 § 11.]

39.100.020 Conditions for financing public improvements. A local government may finance public improvements using hospital benefit zone financing subject to the following conditions:

(1) The local government adopts an ordinance designating a benefit zone within its boundaries and specifying the public improvements proposed to be financed in whole or in part with the use of hospital benefit zone financing;

(2) The public improvements proposed to be financed in whole or in part using hospital benefit zone financing are expected both to encourage private development within the benefit zone and to support the development of a hospital that has received a certificate of need;

(3) Private development that is anticipated to occur within the benefit zone, as a result of the public improvements, will be consistent with the county-wide planning policy adopted by the county under RCW 36.70A.210 and the local government's comprehensive plan and development regulations adopted under chapter 36.70A RCW;

(4) The governing body of the local government finds that the public improvements proposed to be financed in whole or in part using hospital benefit zone financing are reasonably likely to:

(a) Increase private investment within the benefit zone;
 (b) Increase employment within the benefit zone; and
 (c) Generate, over the period of time that the local sales and use tax will be imposed under RCW 82.14.465, excess state excise taxes that are equal to or greater than the state contributions made under this chapter;

(5) The boundaries of a hospital benefit zone may not overlap any part of the boundaries of another hospital benefit zone or a revenue development area defined in chapter 39.102 RCW; and

(6) The boundaries of a hospital benefit zone may not change once the hospital benefit zone is established and approved by the department. [2007 c 266 § 3; 2006 c 111 § 2.]

Finding—Application—Effective date—2007 c 266: See notes following RCW 39.100.010.

39.100.030 Benefit zone creation—Agreement, hearing, and notice requirements—Ordinance requirements.

(1) Before adopting an ordinance creating the benefit zone, a local government must:

(a) Obtain written agreement for the use of hospital benefit zone financing to finance all or a portion of the costs of the designated public improvements from any taxing authority that imposes a sales or use tax under chapter 82.14 RCW within the benefit zone if the taxing authority chooses to participate in the public improvements to the extent of providing limited funding under hospital benefit zone financing authorized under this chapter. The agreement must be authorized by the governing body of such participating taxing authorities; and

(b) Hold a public hearing on the proposed financing of the public improvement in whole or in part with hospital benefit zone financing.

(i) Notice of the public hearing must be published in a legal newspaper of general circulation within the proposed benefit zone at least ten days before the public hearing and posted in at least six conspicuous public places located in the proposed benefit zone.

(ii) Notices must describe the contemplated public improvements, estimate the costs of the public improvements, describe the portion of the costs of the public improvements to be borne by hospital benefit zone financing, describe any other sources of revenue to finance the public improvements, describe the boundaries of the proposed benefit zone, and estimate the period during which hospital ben-

efit zone financing is contemplated to be used. The public hearing may be held by either the governing body of the local government, or a committee of the governing body that includes at least a majority of the whole governing body.

(2) In order to create a benefit zone, a local government must adopt an ordinance establishing the benefit zone that:

(a) Describes the public improvements;

(b) Describes the boundaries of the benefit zone;

(c) Estimates the cost of the public improvements and the portion of these costs to be financed by hospital benefit zone financing;

(d) Estimates the time during which excess local excise taxes are to be used to finance public improvement costs associated with the public improvements financed in whole or in part by hospital benefit zone financing;

(e) Estimates the average amount of tax revenue to be received in all fiscal years through the imposition of a sales and use tax under RCW 82.14.465;

(f) Provides the date when the use of excess local excise taxes will commence; and

(g) Finds that the conditions of RCW 39.100.020 are met.

(3) For purposes of this section, "fiscal year" means the year beginning July 1st and ending the following June 30th. [2007 c 266 § 4; 2006 c 111 § 3.]

Finding—Application—Effective date—2007 c 266: See notes following RCW 39.100.010.

39.100.040 Benefit zone ordinance, publicizing and delivery—Challenges to benefit zone formation. (1) A local government that adopts an ordinance creating a benefit zone under this chapter shall, within ninety days of adopting the ordinance:

(a) Publish notice in a legal newspaper of general circulation within the benefit zone that describes the public improvement, describes the boundaries of the benefit zone, and identifies the location and times where the ordinance and other public information concerning the public improvement may be inspected; and

(b) Deliver a certified copy of the ordinance to the county treasurer, the county assessor, the department of revenue, and the governing body of each participating taxing authority within which the benefit zone is located.

(2) Any challenge to the formation shall be brought within sixty days of the later of the date of its formation or July 1, 2007. All parties, including the holders of bonds payable from tax revenue under chapter 266, Laws of 2007, may rely upon the presumption of validity of formation of the benefit zone following the expiration of the sixty-day period. [2007 c 266 § 5; 2006 c 111 § 4.]

Finding—Application—Effective date—2007 c 266: See notes following RCW 39.100.010.

39.100.050 Use of excess local excise tax—Boundary information—Definitions. (1) A local government that creates a benefit zone and has received approval from the department under RCW 82.32.700 to impose the local option sales and use tax authorized in RCW 82.14.465 may use annually any excess local excise taxes received by it from taxable activity within the benefit zone to finance public improvement costs associated with the public improvements financed

in whole or in part by hospital benefit zone financing. The use of excess local excise taxes must cease when tax allocation revenues are no longer necessary or obligated to pay the costs of the public improvements. Any participating taxing authority is authorized to allocate excess local excise taxes to the local government as long as the local government has received approval from the department under RCW 82.32.700 to impose the local option sales and use tax authorized in RCW 82.14.465. The legislature declares that it is a proper purpose of a local government or participating taxing authority to allocate excess local excise taxes for purposes of financing public improvements under this chapter.

(2) A local government shall provide the department accurate information describing the geographical boundaries of the benefit zone at least seventy-five days before the effective date of the ordinance creating the benefit zone. The local government shall ensure that the boundary information provided to the department is kept current.

(3) The department shall provide the necessary information to calculate excess local excise taxes to each local government that has provided boundary information to the department as provided in this section and that has received approval from the department under RCW 82.32.700 to impose the local option sales and use tax authorized in RCW 82.14.465.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Base year" means the calendar year immediately following the creation of a benefit zone.

(b) "Excess local excise taxes" means the amount of local excise taxes received by the local government during the measurement year from taxable activity within the benefit zone over and above the amount of local excise taxes received by the local government during the base year from taxable activity within the benefit zone. However, if a local government creates the benefit zone and reasonably determines that no activity subject to tax under chapters 82.08 and 82.12 RCW occurred in the twelve months immediately preceding the creation of the benefit zone within the boundaries of the area that became the benefit zone, "excess local excise taxes" means the entire amount of local excise taxes received by the local government during a calendar year period beginning with the calendar year immediately following the creation of the benefit zone and continuing with each measurement year thereafter.

(c) "Local excise taxes" means local revenues derived from the imposition of sales and use taxes authorized in RCW 82.14.030 at the tax rate that was in effect at the time the hospital benefit zone is approved by the department, except that if a local government reduces the rate of such tax after the revenue development area was approved, "local excise taxes" means the local revenues derived from the imposition of the sales and use taxes authorized in RCW 82.14.030 at the lower tax rate.

(d) "Measurement year" means a calendar year, beginning with the calendar year following the base year and each calendar year thereafter, that is used annually to measure the amount of excess state excise taxes and excess local excise taxes required to be used to finance public improvement costs associated with public improvements financed in whole or in

part by hospital benefit zone financing. [2007 c 266 § 6; 2006 c 111 § 5.]

Finding—Application—Effective date—2007 c 266: See notes following RCW 39.100.010.

39.100.060 Issuance of revenue bonds. (1) A local government may issue revenue bonds to fund public improvements, or portions of public improvements, that are located within a benefit zone and that it is authorized to provide or operate. Whenever revenue bonds are to be issued, the legislative authority of the local government shall create or have created a special fund or funds from which, along with any reserves created pursuant to RCW 39.44.140, the principal and interest on these revenue bonds shall exclusively be payable. The legislative authority of the local government may obligate the local government to set aside and pay into the special fund or funds a fixed proportion or a fixed amount of the revenues obtained from within the benefit zone of the development, construction, operation, and maintenance of businesses supported by the public improvements that are funded by the revenue bonds. This amount or proportion is a lien and charge against these revenues, subject only to operating and maintenance expenses. The local government shall have due regard for the cost of operation and maintenance of the public improvements that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue previously pledged. The local government may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2) Revenue bonds issued pursuant to this section are not an indebtedness of the local government issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The owner or bearer of a revenue bond or any interest coupon issued pursuant to this section shall not have any claim against the local government arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued pursuant to this section.

(3) Revenue bonds with a maturity in excess of thirty years shall not be issued. 39.102.010 Finding. (Expires June 30, 2039.) The legislature recognizes that the state as a whole benefits from investment in public infrastructure because it promotes community and economic development. Public investment stimulates business activity and helps create jobs; stimulates the redevelopment of brownfields and blighted areas in the inner city; lowers the cost of housing; and promotes efficient land use. The legislature finds that these activities generate revenue for the state and that it is in the public interest to invest in these projects through a credit against the state sales and use tax and an allocation of property tax revenue to those sponsoring local governments that can demonstrate the expected returns to the state. [2006 c 181 § 101.]

39.102.020 Definitions. (Expires June 30, 2039.) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Annual state contribution limit" means seven million five hundred thousand dollars statewide per fiscal year.

(2) "Assessed value" means the valuation of taxable real property as placed on the last completed assessment roll.

(3) "Base year" means the first calendar year following the calendar year in which a sponsoring local government, and any cosponsoring local government, receives approval by the board for a project award, provided that the approval is granted before October 15th. If approval by the board is received on or after October 15th but on or before December 31st, the "base year" is the second calendar year following the calendar year in which a sponsoring local government, and any cosponsoring local government, receives approval by the board for a project award.

(4) "Board" means the community economic revitalization board under chapter 43.160 RCW.

(5) "Demonstration project" means one of the following projects:

(a) Bellingham waterfront redevelopment project;

(b) Spokane river district project at Liberty Lake; and

(c) Vancouver riverwest project.

(6) "Department" means the department of revenue.

(7) "Fiscal year" means the twelve-month period beginning July 1st and ending the following June 30th.

(8) "Local excise taxes" means local revenues derived from the imposition of sales and use taxes authorized in RCW 82.14.030 at the tax rate that was in effect at the time the revenue development area was approved by the board, except that if a local government reduces the rate of such tax after the revenue development area was approved by the board, "local excise taxes" means the local revenues derived from the imposition of the sales and use taxes authorized in RCW 82.14.030 at the lower tax rate.

(9) "Local excise tax allocation revenue" means the amount of local excise taxes received by the local government during the measurement year from taxable activity within the revenue development area over and above the amount of local excise taxes received by the local government during the base year from taxable activity within the revenue development area, except that:

(a) If a sponsoring local government adopts a revenue development area and reasonably determines that no activity subject to tax under chapters 82.08 and 82.12 RCW occurred within the boundaries of the revenue development area in the twelve months immediately preceding the approval of the revenue development area by the board, "local excise tax allocation revenue" means the entire amount of local excise taxes received by the sponsoring local government during a calendar year period beginning with the calendar year immediately following the approval of the revenue development area by the board and continuing with each measurement year thereafter;

(b) For revenue development areas approved by the board in calendar years 2006 and 2007 that do not meet the requirements in (a) of this subsection and if legislation is enacted in this state during the 2007 legislative session that adopts the sourcing provisions of the streamlined sales and use tax agreement, "local excise tax allocation revenue" means the amount of local excise taxes received by the sponsoring local government during the measurement year from taxable activity within the revenue development area over and above an amount of local excise taxes received by the sponsoring local government during the 2007 or 2008 base year, as the case may be, adjusted by the department for any estimated impacts from retail sales and use tax sourcing changes effective in 2008. The amount of base year adjustment determined by the department is final; and

(c) If the sponsoring local government of a revenue development area related to a demonstration project reasonably determines that no local excise tax distributions were received between August 1, 2008, and December 31, 2008, from within the boundaries of the revenue development area, "local excise tax allocation revenue" means the entire amount of local excise taxes received by the sponsoring local govern-

(b) Funds may be used for public improvements that are historical preservation activities as defined in RCW 39.89.020;

(4) A sponsoring local government, participating local government, or participating taxing district has entered or expects to enter into a contract with a private developer relating to the development of private improvements within the revenue development area or has received a letter of intent from a private developer relating to the developer's plans for the development of private improvements within the revenue development area;

(5) Private development that is anticipated to occur within the revenue development area, as a result of the public improvements, will be consistent with the county-wide planning policy adopted by the county under RCW 36.70A.210 and the local government's comprehensive plan and development regulations adopted under chapter 36.70A RCW;

(6) The governing body of the sponsoring local government, and any cosponsoring local government, must make a finding that local infrastructure financing:

(b) Will improve the viability of existing business entities within the revenue development area;

(7) The governing body of the sponsoring local government, and any cosponsoring local government, finds that the public improvements proposed to be financed in whole or in part using local infrastructure financing are reasonably likely to:

(8) The sponsoring local government may only use local infrastructure financing in areas deemed in need of economic development or redevelopment within boundaries of the sponsoring local government. [2006 c 181 § 205.]

39.102.080 Revenue development area adoption—Process. (*Expires June 30, 2039.*) Before adopting an ordinance creating the revenue development area, a sponsoring local government must:

(1) Obtain written agreement from any participating local government and participating taxing district to use dedicated amounts of local excise tax allocation revenues, local property tax allocation revenues, and other revenues from local public sources in whole or in part, for local infrastructure financing authorized under this chapter. The agreement to opt into the local infrastructure financing public improvement project must be authorized by the governing body of such participating local government and participating taxing district;

(2) Estimate the impact of the revenue development area on small business and low-income housing and develop a mitigation plan for the impacted businesses and housing. In analyzing the impact of the revenue development area, the sponsoring local government must develop:

(a) An inventory of existing low-income housing units, and businesses and retail activity within the revenue development area;

(b) A reasonable estimate of the number of low-income housing units, small businesses, and other commercial activity that may be vulnerable to displacement within the revenue development area;

(c) A reasonable estimate of projected net job growth and net housing growth caused by creation of the revenue development area when compared to the existing jobs or housing balance for the area; and

(d) A reasonable estimate of the impact of net housing growth on the current housing price mix. [2006 c 181 § 206.]

39.102.090 Revenue development area adoption—Ordinance—Hearing and delivery requirements. (Expires June 30, 2039.) (1) To adopt a revenue development area, a sponsoring local government, and any cosponsoring local government, must adopt an ordinance establishing the revenue development area that:

- (c) Estimates the cost of the proposed public improvements and the portion of these costs to be financed by local infrastructure financing;
- (d) Estimates the time during which local excise tax allocation revenues, local property tax allocation revenues, and other revenues from local public sources are to be used for local infrastructure financing;
- (e) Provides the date when the use of local excise tax allocation revenues and local property tax allocation revenues will commence; and
- (f) Finds that the conditions in RCW 39.102.070 are met and the findings in RCW 39.102.080 are complete.

(2) The sponsoring local government, and any cosponsoring local government, must hold a public hearing on the proposed financing of the public improvements in whole or in part with local infrastructure financing before passage of the ordinance establishing the revenue development area. The public hearing may be held by either the governing body of the sponsoring local government and the governing body of any cosponsoring local government, or by a committee of those governing bodies that includes at least a majority of the whole governing body or bodies. The public hearing is subject to the notice requirements in RCW 39.102.100.

(3) The sponsoring local government, and any cosponsoring local government, shall deliver a certified copy of the adopted ordinance to the county treasurer, the governing body of each participating local government and participating taxing district within which the revenue development area is located, the board, and the department. [2007 c 229 § 5; 2006 c 181 § 207.]

Application—Severability—Expiration date—2007 c 229: See notes following RCW 39.102.020.

39.102.100 Revenue development area adoption—Notice requirements. (Expires June 30, 2039.) Prior to adopting the ordinance creating the revenue development area and to meet the requirements of RCW 39.102.150(1)(b), a sponsoring local government and any cosponsoring local government must provide public notice.

(1) Notice of the public hearing must be published in a legal newspaper of general circulation within the proposed revenue development area at least ten days before the public hearing and posted in at least six conspicuous public places located in the proposed revenue development area.

(2) Notice must also be sent by United States mail to the property owners, all identifiable community-based organizations with involvement in the proposed revenue development area, and the business enterprises located within the proposed revenue development area at least thirty days prior to the hearing. In implementing provisions under this chapter, the local governing body may also consult with community-

based groups, business organizations, including the local chamber of commerce, and the office of minority and women's business enterprises to assist with providing appropriate notice to business enterprises and property owners for whom English is a second language.

(3) Notices must describe the contemplated public improvements, estimate the public improvement costs, describe the portion of the public improvement costs to be borne by local infrastructure financing, describe any other sources of revenue to finance the public improvements, describe the boundaries of the proposed revenue development area, estimate the impact that the public improvements will have on small businesses and low-income housing, and estimate the period during which local infrastructure financing is contemplated to be used.

(4) Notices must inform the public where to obtain the information that shows how the limitations, conditions, and findings required in RCW 39.102.060 through 39.102.080 are met.

(5) The sponsoring local government and any cosponsoring local government shall deliver a certified copy of the proposed ordinance to the county treasurer, the governing body of each participating local government and participating taxing district within which the revenue development area is located, the board, and the department. [2006 c 181 § 208.]

39.102.110 Local excise tax allocation revenues. (Expires June 30, 2039.) (1) A sponsoring local government or participating local government that has received approval by the board to use local infrastructure financing may use annually its local excise tax allocation revenues to finance public improvements in the revenue development area financed in whole or in part by local infrastructure financing. The use of local excise tax allocation revenues dedicated by participating local governments must cease on the date specified in the written agreement required in RCW 39.102.080(1), or if no date is specified then the date when the local tax under RCW 82.14.475 expires. Any participating local government is authorized to dedicate local excise tax allocation revenues to the sponsoring local government as authorized in RCW 39.102.080(1).

(2) A sponsoring local government shall provide the board accurate information describing the geographical boundaries of the revenue development area at the time of application. The information shall be provided in an electronic format or manner as prescribed by the department. The sponsoring local government shall ensure that the boundary information provided to the board and department is kept current.

(3) In the event a city annexes a county area located within a county-sponsored revenue development area, the city shall remit to the county the portion of the local excise tax allocation revenue that the county would have received had the area not been annexed to the county. The city shall remit such revenues until such time as the bonds issued under RCW 39.102.150 are retired. [2007 c 229 § 6; 2006 c 181 § 301.]

Application—Severability—Expiration date—2007 c 229: See notes following RCW 39.102.020.

39.102.120 Local property tax allocation revenues. (Expires June 30, 2039.) (1) Commencing in the second calendar year following board approval of a revenue development area, the county treasurer shall distribute receipts from regular taxes imposed on real property located in the revenue development area as follows:

(a) Each participating taxing district and the sponsoring local government shall receive that portion of its regular property taxes produced by the rate of tax levied by or for the taxing district on the property tax allocation revenue base value for that local infrastructure financing project in the taxing district, or upon the total assessed value of real property in the taxing district, whichever is smaller; and

(b) The sponsoring local government shall receive an additional portion of the regular property taxes levied by it and by or for each participating taxing district upon the property tax allocation revenue value within the revenue development area. However, if there is no property tax allocation revenue value, the sponsoring local government shall not receive any additional regular property taxes under this subsection (1)(b). The sponsoring local government may agree to receive less than the full amount of the additional portion of regular property taxes under this subsection (1)(b) as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts shall be allocated to the participating taxing districts that levied regular property taxes, or have regular property taxes levied for them, in the revenue development area for collection that year in proportion to their regular tax levy rates for collection that year. The sponsoring local government may request that the treasurer transfer this additional portion of the property taxes to its designated agent. The portion of the tax receipts distributed to the sponsoring local government or its agent under this subsection (1)(b) may only be expended to finance public improvement costs associated with the public improvements financed in whole or in part by local infrastructure financing.

(2) The county assessor shall allocate any increase in the assessed value of real property occurring in the revenue development area to the property tax allocation revenue value and property tax allocation revenue base value as appropriate. This section does not authorize revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW or under other authorized revaluation procedures.

(3) The apportionment of increases in assessed valuation in a revenue development area, and the associated distribution to the sponsoring local government of receipts from regular property taxes that are imposed on the property tax allocation revenue value, must cease when property tax allocation revenues are no longer obligated to pay the costs of the public improvements. Any excess local property tax allocation revenues derived from regular property taxes and earnings on these tax allocation revenues, remaining at the time the allocation of tax receipts terminates, must be returned to the county treasurer and distributed to the participating taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the revenue development area for collection that year, in proportion to the rates of their regular property tax levies for collection that year.

(2008 Ed.)

(4) The allocation to the revenue development area of portions of the local regular property taxes levied by or for each taxing district upon the property tax allocation revenue value within that revenue development area is declared to be a public purpose of and benefit to each such taxing district.

(5) The allocation of local property tax allocation revenues pursuant to this section shall not affect or be deemed to affect the rate of taxes levied by or within any taxing district or the consistency of any such levies with the uniformity requirement of Article VII, section 1 of the state Constitution.

(6) This section does not apply to those revenue development areas that include any part of an increment area created under chapter 39.89 RCW. [2007 c 229 § 7; 2006 c 181 § 302.]

Application—Severability—Expiration date—2007 c 229: See notes following RCW 39.102.020.

39.102.130 Use of sales and use tax funds. (Expires June 30, 2039.) Money collected from the taxes imposed under RCW 82.14.475 may be used only for the purpose of paying debt service on bonds issued under the authority of RCW 39.102.150 or to pay public improvement costs on a pay-as-you-go basis as provided in RCW 39.102.195, or both. [2007 c 229 § 11; 2006 c 181 § 402.]

Application—Severability—Expiration date—2007 c 229: See notes following RCW 39.102.020.

39.102.140 Reporting requirements. (Expires June 30, 2039.) (1) A sponsoring local government shall provide a report to the board and the department by March 1st of each year. The report shall contain the following information:

(a) The amount of local excise tax allocation revenues, local property tax allocation revenues, other revenues from local public sources, and taxes under RCW 82.14.475 received by the sponsoring local government during the preceding calendar year that were dedicated to pay the public improvements financed in whole or in part with local infrastructure financing, and a summary of how these revenues were expended;

(b) The names of any businesses locating within the revenue development area as a result of the public improvements undertaken by the sponsoring local government and financed in whole or in part with local infrastructure financing;

(c) The total number of permanent jobs created in the revenue development area as a result of the public improvements undertaken by the sponsoring local government and financed in whole or in part with local infrastructure financing;

(d) The average wages and benefits received by all employees of businesses locating within the revenue development area as a result of the public improvements undertaken by the sponsoring local government and financed in whole or in part with local infrastructure financing; and

(e) That the sponsoring local government is in compliance with RCW 39.102.070.

(2) The board shall make a report available to the public and the legislature by June 1st of each year. The report shall include a list of public improvements undertaken by sponsoring local governments and financed in whole or in part with local infrastructure financing and it shall also include a summary of the information provided to the department by spon-

soring local governments under subsection (1) of this section. [2007 c 229 § 9; 2006 c 181 § 403.]

Application—Severability—Expiration date—2007 c 229: See notes following RCW 39.102.020.

39.102.150 Issuance of general obligation bonds. (Expires June 30, 2039.) (1) A sponsoring local government that has designated a revenue development area and been authorized the use of local infrastructure financing may incur general indebtedness, and issue general obligation bonds, to finance the public improvements and retire the indebtedness in whole or in part from local excise tax allocation revenues, local property tax allocation revenues, and sales and use taxes imposed under the authority of RCW 82.14.475 that it receives, subject to the following requirements:

(a) The ordinance adopted by the sponsoring local government and authorizing the use of local infrastructure financing indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated; and

(b) The sponsoring local government includes this statement of the intent in all notices required by RCW 39.102.100.

(2)(a) Except as provided in (b) of this subsection, the general indebtedness incurred under subsection (1) of this section may be payable from other tax revenues, the full faith and credit of the local government, and nontax income, revenues, fees, and rents from the public improvements, as well as contributions, grants, and nontax money available to the local government for payment of costs of the public improvements or associated debt service on the general indebtedness.

(b) A sponsoring local government that issues bonds under this section shall not pledge any money received from the state of Washington for the payment of such bonds, other than the local sales and use taxes imposed under the authority of RCW 82.14.475 and collected by the department.

(3) In addition to the requirements in subsection (1) of this section, a sponsoring local government designating a revenue development area and authorizing the use of local infrastructure financing may require the nonpublic participant to provide adequate security to protect the public investment in the public improvement within the revenue development area.

(4) Bonds issued under this section shall be authorized by ordinance of the governing body of the sponsoring local government and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered as provided in RCW 39.46.030, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption with or without premium, be secured in such manner, and have such other characteristics, as may be provided by such ordinance or trust indenture or mortgage issued pursuant thereto.

(5) The sponsoring local government may annually pay into a fund to be established for the benefit of bonds issued under this section a fixed proportion or a fixed amount of any local excise tax allocation revenues and local property tax allocation revenues derived from property or business activ-

ity within the revenue development area containing the public improvements funded by the bonds, such payment to continue until all bonds payable from the fund are paid in full. The local government may also annually pay into the fund established in this section a fixed proportion or a fixed amount of any revenues derived from taxes imposed under RCW 82.14.475, such payment to continue until all bonds payable from the fund are paid in full. Revenues derived from taxes imposed under RCW 82.14.475 are subject to the use restriction in RCW 39.102.130.

(6) In case any of the public officials of the sponsoring local government whose signatures appear on any bonds or any coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued under this chapter are fully negotiable.

(7) Notwithstanding subsections (4) through (6) of this section, bonds issued under this section may be issued and sold in accordance with chapter 39.46 RCW. [2007 c 229 § 10; 2006 c 181 § 501.]

Application—Severability—Expiration date—2007 c 229: See notes following RCW 39.102.020.

39.102.160 Use of tax revenue for bond repayment. (Expires June 30, 2039.) A sponsoring local government that issues bonds under RCW 39.102.150 to finance public improvements may pledge for the payment of such bonds all or part of any local excise tax allocation revenues and all or part of any local property tax allocation revenues dedicated by the sponsoring local government, any participating local government, or participating taxing district. The sponsoring local government may also pledge all or part of any revenues derived from taxes imposed under RCW 82.14.475 and held in connection with the public improvements. All of such tax revenues are subject to the use restrictions in RCW 39.102.040 through 39.102.070, and the process requirements in RCW 39.102.080(1). [2006 c 181 § 502.]

39.102.170 Limitation on bonds issued. (Expires June 30, 2039.) The bonds issued by a sponsoring local government under RCW 39.102.150 to finance public improvements shall not constitute an obligation of the state of Washington, either general or special. [2006 c 181 § 503.]

39.102.190 Revenue bonds to fund public improvements. (Expires June 30, 2039.) (1) A sponsoring local government may issue revenue bonds to fund revenue-generating public improvements, or portions of public improvements, that are located within a revenue development area. Whenever revenue bonds are to be issued, the legislative authority of the sponsoring local government shall create or have created a special fund or funds from which, along with any reserves created pursuant to RCW 39.44.140, the principal and interest on these revenue bonds shall exclusively be payable. The legislative authority of the sponsoring local government may obligate the sponsoring local government to set aside and pay into the special fund or funds a fixed pro-

portion or a fixed amount of the revenues from the public improvements that are funded by the revenue bonds. This amount or proportion is a lien and charge against these revenues, subject only to operating and maintenance expenses. The sponsoring local government shall have due regard for the cost of operation and maintenance of the public improvements that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue previously pledged. The sponsoring local government may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2) Revenue bonds issued pursuant to this section are not an indebtedness of the sponsoring local government issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The owner or bearer of a revenue bond or any interest coupon issued pursuant to this section shall not have any claim against the sponsoring local government arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued pursuant to this section.

(3) Revenue bonds with a maturity in excess of twenty-five years shall not be issued. The legislative authority of the sponsoring local government shall by resolution determine for each revenue bond issue the amount, date, form, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, and covenants including the refunding of existing revenue bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding revenue bonds may be issued in the same manner as revenue bonds are issued.

(4) Notwithstanding subsections (1) through (3) of this section, bonds issued under this section may be issued and sold in accordance with chapter 39.46 RCW. [2006 c 181 § 505.]

39.102.195 Limitation on use of revenues. (Expires June 30, 2039.) Local excise tax allocation revenues, local property tax allocation revenues, other revenues from local public sources, that are dedicated to local infrastructure financing, and revenues received from the local option sales and use tax authorized in RCW 82.14.475, may not be used to pay for public improvement costs on a pay-as-you-go basis after the date that the sponsoring local government that issued the bonds as provided in RCW 39.102.150 is required to begin paying debt service on those bonds. [2007 c 229 § 14.]

40.14.025 Division of archives and records management—Allocation of costs of services—Archives and records management account. (1) The secretary of state and the director of financial management shall jointly establish a procedure and formula for allocating the costs of services provided by the division of archives and records management to state agencies. (2) There is created the archives and records management account in the state treasury which shall consist of all fees and charges collected under this section. The account shall be appropriated exclusively for the payment of costs and expenses incurred in the operation of the division of archives and records management as specified by law. [2003 c 163 § 1; 1996 c 245 § 3; 1991 sp.s. c 13 § 5; 1985 c 57 § 22; 1981 c 115 § 4.]

(2008 Ed.)

charge revenue shall be transmitted to the state treasurer for deposit in the archives and records management account.

Surcharge revenue deposited in the local government archives account under RCW 40.14.024 shall be expended by the secretary of state exclusively for disaster recovery, essential records protection services, and records management training for local government agencies by the division of archives and records management. The secretary of state shall, with local government representatives, establish a committee to advise the state archivist on the local government archives and records management program. [2003 c 163 § 4; 2001 c 146 § 4; 1996 c 245 § 4; 1995 c 292 § 17; 1994 c 193 § 2.]

Effective date—1996 c 245: See note following RCW 40.14.025.

Findings—1994 c 193: "The legislature finds that: (1) Accountability for and the efficient management of local government records are in the public interest and that compliance with public records management requirements significantly affects the cost of local government administration; (2) the secretary of state is responsible for insuring the preservation of local government archives and may assist local government compliance with public records statutes; (3) as provided in RCW 40.14.025, all archives and records management services provided by the secretary of state are funded exclusively by a schedule of fees and charges established jointly by the secretary of state and the director of financial management; (4) the secretary of state's costs for preserving and providing public access to local government archives and providing records management assistance to local government agencies have been funded by fees paid by state government agencies; (5) local government agencies are responsible for costs associated with managing, protecting, and providing public access to the records in their custody; (6) local government should help fund the secretary of state's local government archives and records management services; (7) the five-dollar fee collected by county clerks for processing warrants for unpaid taxes or liabilities filed by the state of Washington is not sufficient to cover processing costs and is far below filing fees commonly charged for similar types of minor civil actions; (8) a surcharge of twenty dollars would bring the filing fee for warrants for the collection of unpaid taxes and liabilities up to a level comparable to other minor civil filings and should be applied to the support of the secretary of state's local government archives and records services without placing an undue burden on local government; and (9) the process of collecting and transmitting surcharge revenue should not have an undue impact on the operations of the state agencies that file warrants for the collection of unpaid taxes and liabilities or the clerks of superior court who process them." [1994 c 193 § 1.]

Effective date—1994 c 193: "This act shall take effect July 1, 1994." [1994 c 193 § 3.]

40.14.030 Transfer to state archives—Certified copies, cost—Public disclosure. (1) All public records, not required in the current operation of the office where they are made or kept, and all records of every agency, commission, committee, or any other activity of state government which may be abolished or discontinued, shall be transferred to the state archives so that the valuable historical records of the state may be centralized, made more widely available, and insured permanent preservation: PROVIDED, That this section shall have no application to public records approved for destruction under the subsequent provisions of this chapter.

When so transferred, copies of the public records concerned shall be made and certified by the archivist, which certification shall have the same force and effect as though made by the officer originally in charge of them. Fees may be charged to cover the cost of reproduction. In turning over the archives of his office, the officer in charge thereof, or his successor, thereby loses none of his rights of access to them, without charge, whenever necessary.

(2) Records that are confidential, privileged, or exempt from public disclosure under state or federal law while in the possession of the originating agency, commission, board, committee, or other entity of state or local government retain their confidential, privileged, or exempt status after transfer to the state archives unless the archivist, with the concurrence of the originating jurisdiction, determines that the records must be made accessible to the public according to proper and reasonable rules adopted by the secretary of state, in which case the records may be open to inspection and available for copying after the expiration of seventy-five years from creation of the record. If the originating jurisdiction is no longer in existence, the archivist shall make the determination of availability according to such rules. If, while in the possession of the originating agency, commission, board, committee, or other entity, any record is determined to be confidential, privileged, or exempt from public disclosure under state or federal law for a period of less than seventy-five years, then the record, with the concurrence of the originating jurisdiction, must be made accessible to the public upon the expiration of the shorter period of time according to proper and reasonable rules adopted by the secretary of state. [2003 c 305 § 1; 1957 c 246 § 3.]

The records officer shall:

(1) Coordinate all aspects of the records management program.

(2) Inventory, or manage the inventory, of all public records at least once during a biennium for disposition scheduling and transfer action, in accordance with procedures prescribed by the state archivist and state records committee: PROVIDED, That essential records shall be inventoried and processed in accordance with chapter 40.10 RCW at least annually.

(3) Consult with any other personnel responsible for maintenance of specific records within his state organization regarding records retention and transfer recommendations.

(4) Analyze records inventory data, examine and compare divisional or unit inventories for duplication of records, and recommend to the state archivist and state records committee minimal retentions for all copies commensurate with legal, financial and administrative needs.

(5) Approve all records inventory and destruction requests which are submitted to the state records committee.

(6) Review established records retention schedules at least annually to insure that they are complete and current.

(7) Exercise internal control over the acquisition of filming and file equipment.

If a particular agency or department does not wish to transfer records at a time previously scheduled therefor, the records officer shall, within thirty days, notify the archivist and request a change in such previously set schedule, includ-

ing his reasons therefor. [1982 c 36 § 4; 1979 c 151 § 51; 1973 c 54 § 3; 1957 c 246 § 4.]

40.14.050 Records committee—Composition, travel expenses, meetings, powers and duties—Retention schedules. There is created a committee, to be known as the records committee, composed of the archivist, an appointee of the state auditor, an appointee of the attorney general, and an appointee of the director of financial management. Committee members shall serve without additional salary, but shall be entitled to travel expenses incurred in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended. Such expenses shall be paid from the appropriations made for operation of their respective departments or offices.

The records committee shall meet at least once every quarter or oftener as business dictates. Action by the committee shall be by majority vote and records shall be kept of all committee business.

It shall be the duty of the records committee to approve, modify or disapprove the recommendations on retention schedules of all files of public records and to act upon requests to destroy any public records: PROVIDED, That any modification of a request or recommendation must be approved by the head of the agency originating the request or recommendation.

The division of archives and records management shall provide forms, approved by the records committee, upon which it shall prepare recommendations to the committee in cooperation with the records officer of the department or other agency whose records are involved. [1985 c 192 § 1; 1975-'76 2nd ex.s. c 34 § 83; 1957 c 246 § 5.]

Effective date—Severability—1975-'76 2nd ex.s. c 34: See notes following RCW 2.08.115.

40.14.060 Destruction, disposition of official public records or office files and memoranda—Record retention schedules. (1) Any destruction of official public records shall be pursuant to a schedule approved under RCW 40.14.050. Official public records shall not be destroyed unless:

(a) Except as provided under RCW 40.14.070(2)(b), the records are six or more years old;

(b) The department of origin of the records has made a satisfactory showing to the state records committee that the retention of the records for a minimum of six years is both unnecessary and uneconomical, particularly if lesser federal retention periods for records generated by the state under federal programs have been established; or

(c) The originals of official public records less than six years old have been copied or reproduced by any photographic or other process approved by the state archivist which accurately reproduces or forms a durable medium for so reproducing the original.

(2) Any lesser term of retention than six years must have the additional approval of the director of financial management, the state auditor and the attorney general, except when records have federal retention guidelines the state records committee may adjust the retention period accordingly. An automatic reduction of retention periods from seven to six years for official public records on record retention schedules

existing on June 10, 1982, shall not be made, but the same shall be reviewed individually by the state records committee for approval or disapproval of the change to a retention period of six years.

Recommendations for the destruction or disposition of office files and memoranda shall be submitted to the records committee upon approved forms prepared by the records officer of the agency concerned and the archivist. The committee shall determine the period of time that any office file or memorandum shall be preserved and may authorize the division of archives and records management to arrange for its destruction or disposition. [1999 c 326 § 1; 1982 c 36 § 5; 1979 c 151 § 52; 1973 c 54 § 4; 1957 c 246 § 6.]

40.14.070 Destruction, disposition, donation of local government records—Preservation for historical interest—Local records committee, duties—Record retention schedules—Sealed records. (1)(a) County, municipal, and other local government agencies may request authority to destroy noncurrent public records having no further administrative or legal value by submitting to the division of archives and records management lists of such records on forms prepared by the division. The archivist, a representative appointed by the state auditor, and a representative appointed by the attorney general shall constitute a committee, known as the local records committee, which shall review such lists and which may veto the destruction of any or all items contained therein.

(b) A local government agency, as an alternative to submitting lists, may elect to establish a records control program based on recurring disposition schedules recommended by the agency to the local records committee. The schedules are to be submitted on forms provided by the division of archives and records management to the local records committee, which may either veto, approve, or amend the schedule. Approval of such schedule or amended schedule shall be by unanimous vote of the local records committee. Upon such approval, the schedule shall constitute authority for the local government agency to destroy the records listed thereon, after the required retention period, on a recurring basis until the schedule is either amended or revised by the committee.

(2)(a) Except as otherwise provided by law, no public records shall be destroyed until approved for destruction by the local records committee. Official public records shall not be destroyed unless:

(i) The records are six or more years old;

(ii) The department of origin of the records has made a satisfactory showing to the state records committee that the retention of the records for a minimum of six years is both unnecessary and uneconomical, particularly where lesser federal retention periods for records generated by the state under federal programs have been established; or

(iii) The originals of official public records less than six years old have been copied or reproduced by any photographic, photostatic, microfilm, miniature photographic, or other process approved by the state archivist which accurately reproduces or forms a durable medium for so reproducing the original.

An automatic reduction of retention periods from seven to six years for official public records on record retention schedules existing on June 10, 1982, shall not be made, but

the same shall be reviewed individually by the local records committee for approval or disapproval of the change to a retention period of six years.

The state archivist may furnish appropriate information, suggestions, and guidelines to local government agencies for their assistance in the preparation of lists and schedules or any other matter relating to the retention, preservation, or destruction of records under this chapter. The local records committee may adopt appropriate regulations establishing procedures to be followed in such matters.

Records of county, municipal, or other local government agencies, designated by the archivist as of primarily historical interest, may be transferred to a recognized depository agency.

(b)(i) Records of investigative reports prepared by any state, county, municipal, or other law enforcement agency pertaining to sex offenders contained in chapter 9A.44 RCW or sexually violent offenses as defined in RCW 71.09.020 that are not required in the current operation of the law enforcement agency or for pending judicial proceedings shall, following the expiration of the applicable schedule of the law enforcement agency's retention of the records, be transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval. Upon electronic retention of any document, the association shall be permitted to destroy the paper copy of the document.

(ii) Any sealed record transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval, including records sealed after transfer, shall be electronically retained in such a way that the record is clearly marked as sealed.

(iii) The Washington association of sheriffs and police chiefs shall be permitted to destroy both the paper copy and electronic record of any offender verified as deceased.

(c) Any record transferred to the Washington association of sheriffs and police chiefs pursuant to (b) of this subsection shall be deemed to no longer constitute a public record pursuant to RCW 42.17.020 and shall be exempt from public disclosure. Such records shall be disseminated only to criminal justice agencies as defined in RCW 10.97.030 for the purpose of determining if a sex offender met the criteria of a sexually violent predator as defined in chapter 71.09 RCW and the end-of-sentence review committee as defined by RCW 72.09.345 for the purpose of fulfilling its duties under RCW 71.09.025 and 9.95.420.

Electronic records marked as sealed shall only be accessible by criminal justice agencies as defined in RCW 10.97.030 who would otherwise have access to a sealed paper copy of the document, the end-of-sentence review committee as defined by RCW 72.09.345 for the purpose of fulfilling its duties under RCW 71.09.025 and 9.95.420, and the system administrator for the purposes of system administration and maintenance.

(3) Except as otherwise provided by law, county, municipal, and other local government agencies may, as an alternative to destroying noncurrent public records having no further administrative or legal value, donate the public records to the state library, local library, historical society, genealogical society, or similar society or organization.

Public records may not be donated under this subsection unless:

(a) The records are seventy years old or more;

(b) The local records committee has approved the destruction of the public records; and

(c) The state archivist has determined that the public records have no historic interest. [2005 c 227 § 1; 2003 c 240 § 1; 1999 c 326 § 2; 1995 c 301 § 71; 1982 c 36 § 6; 1973 c 54 § 5; 1971 ex.s. c 10 § 1; 1957 c 246 § 7.]

The provisions of this chapter shall not be construed as repealing or modifying any other acts or parts of acts authorizing the destruction of public records save for those specifically named in *section 9 of this act; nor shall this chapter affect the provisions of chapter 40.07 RCW requiring the deposit of all state publications in the state library. [1983 c 3 § 84; 1957 c 246 § 8.]

The state archivist is authorized to establish such guidelines and procedures for the collection of personal papers and correspondence relating to the legislature as he sees fit. The chairman, member, or employee of a legislative interim committee responsible for maintaining the legislative records of that committee shall, on a scheduled basis agreed upon by the chairman, member, or employee of the legislative interim committee, deliver to the clerk or secretary all legislative records in his possession, as long as such records are not required for the regular performance of official duties. The chief clerk and the secretary shall catalogue or index the recordings in their custody according to a uniform system, in order to allow easy access to the debate on specific questions before either house, and shall make available to any court of record, at the cost of reproduction, such portions of the recordings as the court may request. [1971 ex.s. c 102 § 9.]

40.24.010 Findings—Purpose. The legislature finds that persons attempting to escape from actual or threatened domestic violence, sexual assault, trafficking, or stalking frequently establish new addresses in order to prevent their assailants or probable assailants from finding them. The purpose of this chapter is to enable state and local agencies to respond to requests for public records without disclosing the location of a victim of domestic violence, sexual assault, trafficking, or stalking, to enable interagency cooperation with the secretary of state in providing address confidentiality for victims of domestic violence, sexual assault, trafficking, or stalking, and to enable state and local agencies to accept a program participant's use of an address designated by the secretary of state as a substitute mailing address. [2008 c 312 § 1; 2001 c 28 § 1; 1998 c 138 § 1; 1991 c 23 § 1.]

40.24.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Address" means a residential street address, school address, or work address of an individual, as specified on the individual's application to be a program participant under this chapter.

(2) "Domestic violence" means an act as defined in RCW 10.99.020 and includes a threat of such acts committed against an individual in a domestic situation, regardless of whether these acts or threats have been reported to law enforcement officers.

(3) "Program participant" means a person certified as a program participant under RCW 40.24.030.

(4) "Stalking" means an act defined in RCW 9A.46.110 and includes a threat of such acts committed against an individual, regardless of whether these acts or threats have been reported to law enforcement officers.

(5) "Trafficking" means an act as defined in RCW 9A.40.100 or an act recognized as a severe form of trafficking under 22 U.S.C. Sec. 7102(8) as it existed on June 12, 2008, or such subsequent date as may be provided by the secretary of state by rule, consistent with the purposes of this subsection, regardless of whether the act has been reported to

law enforcement. [2008 c 312 § 2; 2008 c 18 § 1; 1991 c 23 § 2.]

Reviser's note: This section was amended by 2008 c 18 § 1 and by 2008 c 312 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

40.24.030 Address confidentiality program—Application—Certification. (1) An adult person, a parent or guardian acting on behalf of a minor, or a guardian acting on behalf of an incapacitated person, as defined in RCW 11.88.010, may apply to the secretary of state to have an address designated by the secretary of state serve as the person's address or the address of the minor or incapacitated person. The secretary of state shall approve an application if it is filed in the manner and on the form prescribed by the secretary of state and if it contains:

(a) A sworn statement, under penalty of perjury, by the applicant that the applicant has good reason to believe (i) that the applicant, or the minor or incapacitated person on whose behalf the application is made, is a victim of domestic violence, sexual assault, trafficking, or stalking; and (ii) that the applicant fears for his or her safety or his or her children's safety, or the safety of the minor or incapacitated person on whose behalf the application is made;

(b) If applicable, a sworn statement, under penalty of perjury, by the applicant, that the applicant has reason to believe they are a victim of domestic violence, sexual assault, or stalking perpetrated by an employee of a law enforcement agency;

(c) A designation of the secretary of state as agent for purposes of service of process and for the purpose of receipt of mail;

(d) The residential address and any telephone number where the applicant can be contacted by the secretary of state, which shall not be disclosed because disclosure will increase the risk of domestic violence, sexual assault, trafficking, or stalking;

(e) The signature of the applicant and of any individual or representative of any office designated in writing under RCW 40.24.080 who assisted in the preparation of the application, and the date on which the applicant signed the application.

(2) Applications shall be filed with the office of the secretary of state.

(3) Upon filing a properly completed application, the secretary of state shall certify the applicant as a program participant. Applicants shall be certified for four years following the date of filing unless the certification is withdrawn or invalidated before that date. The secretary of state shall by rule establish a renewal procedure.

(4) A person who falsely attests in an application that disclosure of the applicant's address would endanger the applicant's safety or the safety of the applicant's children or the minor or incapacitated person on whose behalf the application is made, or who knowingly provides false or incorrect information upon making an application, shall be punishable under RCW 40.16.030 or other applicable statutes. [2008 c 312 § 3; 2008 c 18 § 2; 2001 c 28 § 2; 1998 c 138 § 2; 1991 c 23 § 3.]

Reviser's note: This section was amended by 2008 c 18 § 2 and by 2008 c 312 § 3, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

40.24.040 Certification cancellation. (1) If the program participant obtains a legal change of identity, he or she loses certification as a program participant.

(2) The secretary of state may cancel a program participant's certification if there is a change in the residential address, unless the program participant provides the secretary of state with at least two days' prior notice in writing of the change of address.

(3) The secretary of state may cancel certification of a program participant if mail forwarded by the secretary to the program participant's address is returned as nondeliverable, refused, or unclaimed.

(4) The secretary of state shall cancel certification of a program participant who applies using false information. [2008 c 18 § 3; 1991 c 23 § 4.]

40.24.050 Agency use of designated address. (1) A program participant may request that state and local agencies use the address designated by the secretary of state as his or her address. When creating a new public record, state and local agencies shall accept the address designated by the secretary of state as a program participant's substitute address, unless the secretary of state has determined that:

(a) The agency has a bona fide statutory or administrative requirement for the use of the address which would otherwise be confidential under this chapter; and

(b) This address will be used only for those statutory and administrative purposes.

(2) A program participant may use the address designated by the secretary of state as his or her work address.

(3) The office of the secretary of state shall forward all first-class mail to the appropriate program participants. [1991 c 23 § 5.]

40.24.060 Voting by program participant—Use of address by county auditor. A program participant who is otherwise qualified to vote may register as an ongoing absentee voter under RCW 29A.40.040. The county auditor shall transmit the absentee ballot to the program participant at the mailing address provided. Neither the name nor the address of a program participant shall be included in any list of registered voters available to the public. [2008 c 18 § 4; 1991 c 23 § 6.]

40.24.070 Disclosure of records prohibited—Exceptions. The secretary of state may not make any records in a program participant's file available for inspection or copying, other than the address designated by the secretary of state, except under the following circumstances:

(1) If requested by a law enforcement agency, to the law enforcement agency; and

(a) The participant's application contains no indication that he or she has been a victim of domestic violence, sexual assault, or stalking perpetrated by a law enforcement employee; and

(2008 Ed.)

(b) The request is in accordance with official law enforcement duties and is in writing on official law enforcement letterhead stationery and signed by the law enforcement agency's chief officer, or his or her designee; or

(2) If directed by a court order, to a person identified in the order; and

(a) The request is made by a nonlaw enforcement agency; or

(b) The participant's file indicates he or she has reason to believe he or she is a victim of domestic violence, sexual assault, or stalking perpetrated by a law enforcement employee. [2008 c 18 § 5; 1999 c 53 § 1; 1998 c 138 § 3; 1991 c 23 § 7.]

Effective date—1999 c 53: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 20, 1999]." [1999 c 53 § 2.]

40.24.075 Court order for address confidentiality program participant information. A court order for address confidentiality program participant information may only be issued upon a probable cause finding by a judicial officer that release of address confidentiality program participant information is legally necessary:

(1) In the course of a criminal investigation or prosecution; or

(2) To prevent immediate risk to a minor and meet the statutory requirements of the Washington child welfare system.

Any court order so issued will prohibit the release of the information to any other agency or person not a party to the order. [2008 c 18 § 6.]

40.24.080 Assistance for program applicants. The secretary of state shall designate state and local agencies and nonprofit agencies that provide counseling and shelter services to victims of domestic violence, sexual assault, trafficking, or stalking to assist persons applying to be program participants. Any assistance and counseling rendered by the office of the secretary of state or its designees to applicants shall in no way be construed as legal advice. [2008 c 312 § 4; 2001 c 28 § 3; 1998 c 138 § 4; 1991 c 23 § 8.]

40.24.090 Adoption of rules. The secretary of state may adopt rules to facilitate the administration of this chapter by state and local agencies. [1991 c 23 § 9.]

41.04.208 Local government retirees—Health care—Definitions—Participation—Exception. (1) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Disabled employee" means a person eligible to receive a disability retirement allowance from the Washington law enforcement officers' and firefighters' retirement system plan 2 and the public employees' retirement system.

(b) "Health plan" means a contract, policy, fund, trust, or other program established jointly or individually by a county, municipality, or other political subdivision of the state that provides for all or a part of hospitalization or medical aid for its employees and their dependents under RCW 41.04.180.

(c) "Retired employee" means a public employee meeting the retirement eligibility, years of service requirements, and other criteria of the Washington law enforcement officers' and firefighters' retirement system plan 2 and the public employees' retirement system.

(2) A county, municipality, or other political subdivision that provides a health plan for its employees shall permit retired and disabled employees and their dependents to continue participation in a plan subject to the exceptions, limitations, and conditions set forth in this section. However, this section does not apply to a county, municipality, or other political subdivision participating in an insurance program administered under chapter 41.05 RCW if retired and disabled employees and their dependents of the participating county, municipality, or other political subdivision are covered under an insurance program administered under chapter 41.05 RCW. Nothing in this subsection or chapter 319, Laws of 2002 precludes the local government employer from offering retired or disabled employees a health plan with a benefit structure, copayment, deductible, coinsurance, lifetime benefit maximum, and other plan features which differ from those offered through a health plan provided to active employees. Further, nothing in this subsection precludes a local government employer from joining with other public agency employers, including interjurisdictional benefit pools and multi-employer associations or consortiums, to fulfill its obligations under chapter 319, Laws of 2002.

(3) A county, municipality, or other political subdivision has full authority to require a person who requests continued participation in a health plan under subsection (2) of this section to pay the full cost of such participation, including any amounts necessary for administration. However, this subsection does not require an employer who is currently paying for all or part of a health plan for its retired and disabled employees to discontinue those payments.

(4) Payments for continued participation in a former employer's health plan may be assigned to the underwriter of the health plan from public pension benefits or may be paid to the former employer, as determined by the former employer, so that an underwriter of the health plan that is an insurance company, health care service contractor, or health maintenance organization is not required to accept individual pay-

ments from persons continuing participation in the employer's health plan.

(5) After an initial open enrollment period of ninety days after January 1, 2003, an employer may not be required to permit a person to continue participation in the health plan if the person is responsible for a lapse in coverage under the plan. In addition, an employer may not be required to permit a person to continue participation in the employer's health plan if the employer offered continued participation in a health plan that meets the requirements of chapter 319, Laws of 2002.

(6) If a person continuing participation in the former employer's health plan has medical coverage available through another employer, the medical coverage of the other employer is the primary coverage for purposes of coordination of benefits as provided for in the former employer's health plan.

(7) If a person's continued participation in a health plan was permitted because of the person's relationship to a retired or disabled employee of the employer providing the health plan and the retired or disabled employee dies, then that person is permitted to continue participation in the health plan for a period of not more than six months after the death of the retired or disabled employee. However, the employer providing the health plan may permit continued participation beyond that time period.

(8) An employer may offer one or more health plans different from that provided for active employees and designed to meet the needs of persons requesting continued participation in the employer's health plan. An employer, in designing or offering continued participation in a health plan, may utilize terms or conditions necessary to administer the plan to the extent the terms and conditions do not conflict with this section.

(9) If an employer changes the underwriter of a health plan, the replaced underwriter has no further responsibility or obligation to persons who continued participation in a health plan of the replaced underwriter. However, the employer shall permit those persons to participate in any new health plan.

(10) The benefits granted under this section are not considered a matter of contractual right. Should the legislature, a county, municipality, or other political subdivision of the state revoke or change any benefits granted under this section, an affected person is not entitled to receive the benefits as a matter of contractual right.

(11) This section does not affect any health plan contained in a collective bargaining agreement in existence as of January 1, 2003. However, any plan contained in future collective bargaining agreements shall conform to this section. In addition, this section does not affect any health plan contract or policy in existence as of January 1, 2003. However, any renewal of the contract or policy shall conform to this section.

(12) Counties, municipalities, and other political subdivisions that make a documented good faith effort to comply with the provisions of subsections (2) through (11) of this section and are unable to provide access to a fully insured group health benefit plan are discharged from any obligations under subsections (2) through (11) of this section but shall assist disabled employees and retired employees in applying

for health insurance. Assistance may include developing and distributing standardized information on the availability and cost of individual health benefit plans, application packages, and health benefit fairs.

(13) The office of the insurance commissioner shall make available to counties, municipalities, and other political subdivisions information regarding individual health benefit plans, including a list of carriers offering individual coverage, the rates charged, and how to apply for coverage. [2004 c 173 § 1; 2002 c 319 § 2.]

If the conviction or civil judgment of a slayer is reversed on appeal, the department of retirement systems shall not be liable for payment made prior

(1) The rental value of a home furnished to the person as part of the person's compensation; or

(g) Perform other duties and responsibilities as necessary to carry out the purpose of this section.

(3) No wellness program or activity that involves or requires organized or systematic physical exercise may be implemented or conducted during normal working hours. [1987 c 248 § 2.]

Legislative findings—Purpose—1987 c 248: "The legislature finds that:

(1) Improved health among employees will result in a more productive workforce, better morale, reduced stress, lower injury rates and absenteeism, and improved recruitment and retention rates;

(2) A substantial amount of illness and injury in the workforce is preventable because it results from lifestyle decisions;

(3) Illness and injury among state employees can be reduced if employees engage in healthier lifestyles.

The state, as an employer, desires to foster a working environment that promotes the health and well-being of its employees. Therefore, it is the purpose of this act to establish a state employee wellness program. "Wellness program" means those policies, procedures, and activities that promote the health and well-being of state employees and that contribute to a healthful work environment." [1987 c 248 § 1.]

41.04.364 State employee wellness program—Confidentiality of individually identifiable information. Individual employees' participation in the wellness program and all individually identifiable information gathered in the process of conducting the program shall be held in strict confidence and shall not in any way jeopardize any employee's job security, promotional opportunities, or other employment rights. [1987 c 248 § 3.]

Legislative findings—Purpose—1987 c 248: See note following RCW 41.04.362.

41.04.370 Child care—Legislative intent. The legislature recognizes that supporting child care for employees of public and private organizations is a worthwhile pursuit. To further the goals of affordable, accessible, and quality child care for working parents, the legislature intends to provide for the development of self-supporting child care programs for employees of state government. [1993 c 194 § 1; 1984 c 162 § 1.]

41.04.375 Child care—Rental of suitable space. An agency may identify space they wish to use for child care facilities or they may request assistance from the department of general administration in identifying the availability of suitable space in state-owned or state-leased buildings for use as child care centers for the children of state employees.

When suitable space is identified in state-owned or state-leased buildings, the department of general administration shall establish a rental rate for organizations to pay for the space used by persons who are not state employees. [1993 c 194 § 2; 1984 c 162 § 2.]

41.04.380 Child care—Contracts—Provision of suitable space at reduced cost authorized. When suitable space is determined to be available, either agencies or organizations of state employees may contract with one or more providers to operate child care facilities.

Subject to the approval of the director of financial management, suitable space for child care centers may be provided to organizations of state employees without charge or at reduced charge for rent or services solely for the purpose of reducing employee child care costs. [1993 c 194 § 3; 1984 c 162 § 3.]

41.04.382 Child care organizations—Qualifications for services. In order to qualify for services under RCW 41.04.380, state employee child care organizations shall be organized as nonprofit under chapter 24.03 RCW. [1993 c 194 § 4.]

41.04.385 Child care—Legislative findings—State policy—Responsibilities of director of personnel. The legislature finds that (1) demographic, economic, and social trends underlie a critical and increasing demand for child care in the state of Washington; (2) working parents and their children benefit when the employees' child care needs have been resolved; (3) the state of Washington should serve as a model employer by creating a supportive atmosphere, to the extent feasible, in which its employees may meet their child care needs; and (4) the state of Washington should encourage the development of partnerships between state agencies, state employees, state employee labor organizations, and private employers to expand the availability of affordable quality child care. The legislature finds further that resolving employee child care concerns not only benefits the employees and their children, but may benefit the employer by reducing absenteeism, increasing employee productivity, improving morale, and enhancing the employer's position in recruiting and retaining employees. Therefore, the legislature declares that it is the policy of the state of Washington to assist state employees by creating a supportive atmosphere in which they may meet their child care needs. Policies and procedures for state agencies to address employee child care needs will be the responsibility of the director of personnel in consultation with the director of the department of early learning and state employee representatives. [2006 c 265 § 201; 2005 c 490 § 9; 2002 c 354 § 236; 1993 c 194 § 5; 1986 c 135 § 1.]

41.04.390 Flexible-time work schedules. (1) The legislature finds that flexible-time work schedules, which pro-

vide varying times for employees to arrive at and depart from work, tend to alleviate traffic congestion during peak rush hour periods and thereby reduce hazardous traffic conditions; provide more efficient use of highways and other transit facilities; and decrease fuel consumption. In addition, the legislature finds that flexible-time work schedules provide families in which both parents work outside of the home with the flexibility necessary to provide for day care; provide employees with flexibility allowing them to spend more time with their families; improve employee morale and, in-so-doing, improve productivity. Therefore, due to the clear advantages to both agencies and employees, the legislature finds that flexible-time work schedules should be utilized by agencies to the maximum extent possible.

(2) As used in this section, "flexible-time work schedule" means a daily work schedule which contains a core time of required hours during which an employee subject to the schedule is required to be present for work and designated hours before or after the core time during which an employee, with the approval of his or her agency, may elect a time of arrival to work and departure from work.

(3) Each agency shall prepare a flexible-time work schedule or schedules and shall offer the schedule or schedules to employees as an option to the traditional eight o'clock a.m. to five o'clock p.m. working day. However, an agency shall not be required to prepare or offer a flexible-time work schedule or schedules if the agency head determines that the implementation of such a schedule would serve as an impediment to the provision of services to the public or would in any other way impede the agency in accomplishing its mission.

(4) Any employee wishing to use a flexible-time work schedule prepared under subsection (3) of this section must first obtain the permission of the agency head or the agency head's designee. However, if there is an employee organization certified as an exclusive bargaining representative for a bargaining unit affected by the flexible-time work schedule, the agency shall first negotiate with the certified employee organization.

(5) Nothing in this section affects official hours during which state offices are required to be open for the transaction of business, as prescribed in RCW 42.04.060. [1985 c 411 § 1.]

41.04.393 Public safety officers—Retirement benefits—Death in the line of duty. Retirement benefits paid under chapter 41.26, 41.37, 41.40, or 43.43 RCW to beneficiaries of public safety officers who die in the line of duty shall be paid in accordance with Title 26 U.S.C. Sec. 101(h) as amended by the Fallen Hero Survivor Benefit Fairness Act of 2001. [2006 c 309 § 5; 2003 c 32 § 1.]

Effective date—2006 c 309: See note following RCW 41.37.005.

41.04.395 Disability accommodation revolving fund—Disbursements. (1) The disability accommodation revolving fund is created in the custody of the state treasurer. Disbursements from the fund shall be on authorization of the director of the department of personnel or the director's designee. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is

required for disbursements. The fund shall be used exclusively by state agencies to accommodate the unanticipated job site or equipment needs of persons of disability in state employ.

(2) The director of the department of personnel shall consult with the governor's committee on disability issues and employment regarding requests for disbursements from the disability accommodation revolving fund. The department shall establish application procedures, adopt criteria, and provide technical assistance to users of the fund.

(3) Agencies that receive moneys from the disability accommodation revolving fund shall return to the fund the amount received from the fund by no later than the end of the first month of the following fiscal biennium. [1994 sp.s. c 9 § 801; 1987 c 9 § 2.]

Severability—Headings and captions not law—Effective date—1994 sp.s. c 9: See RCW 18.79.900 through 18.79.902.

Intent—1987 c 9: "The legislature recognizes that persons of disability have faced unfair discrimination in employment. Equal opportunity for persons of disability often necessitate job site changes and equipment purchases. It is the intent of the legislature to remove a potential barrier to employment of persons of disability by giving state agencies, including institutions of higher education, the ability to accommodate the job site and equipment needs of persons of disability without the delay of waiting for an appropriation from the legislature." [1987 c 9 § 1.]

41.04.400 Consolidation of local governmental unit and first-class city retirement system—Intent. It is the purpose of RCW 41.04.405 through 41.04.430 to govern the retirement rights of persons whose employment status is altered when: (1) Two or more units of local government of this state, at least one of which is a first-class city with its own retirement system, enter into an agreement for the consolidated performance of a governmental service, activity, or undertaking; (2) the service, activity, or undertaking is to be performed either by one of the participating local governmental units or by a newly established separate legal entity; and (3) the employees of the participating local governmental units are not all members of the same Washington public retirement system.

RCW 41.04.405 through 41.04.430 are not intended to and do not govern retirement rights of any members of the retirement systems established by chapter 41.16, 41.18, 41.20, or 41.26 RCW, or of employees described in RCW 35.58.265, 35.58.390, or 70.08.070. To the extent there is any conflict between RCW 41.04.405 through 41.04.430 and RCW 41.04.110, the provisions of RCW 41.04.405 through 41.04.430 shall govern. [1984 c 184 § 22.]

Severability—1984 c 184: See note following RCW 41.50.150.

However, any such active member may, by a writing filed with the consolidated employer within thirty days after the consolidation or within thirty days after March 15, 1984, whichever is later, irrevocably elect instead to continue to be a member of the first-class city retirement system, thereby forever waiving any rights under the public employees' or public safety employees' retirement system based upon employment with the consolidated employer.

However, any such active member may, by a writing filed with the consolidated employer within thirty days after the consolidation or within thirty days after March 15, 1984, whichever is later, irrevocably elect instead to continue to be a member of the public employees' retirement system, thereby forever waiving any rights under the first-class city retirement system based upon such employment with the consolidated employer.

However, any such active members may, by a writing filed with the consolidated employer within thirty days after the consolidation or within thirty days after March 15, 1984, whichever is later, irrevocably elect instead to continue as members of the retirement system to which they belonged at the time of the consolidation for all periods of employment with the consolidated employer.

(2) If the consolidated employer later joins the public employees' retirement system, all existing employees still employed on that date shall, effective from that date, have the same retirement system rights and options, subject to the same conditions as employees governed by RCW 41.04.410, notwithstanding any previous election under subsection (1) of this section.

(3) No new employees of the consolidated employer may become members of an employer-sponsored retirement system until such time as the employer joins the public employees' retirement system pursuant to RCW 41.40.062. [1984 c 184 § 26.]

Severability—1984 c 184: See note following RCW 41.50.150.

41.04.425 Consolidation of local governmental unit and first-class city retirement system—Limitations. Notwithstanding any provision of RCW 41.04.410, 41.04.415, or 41.04.420:

(1) No person may simultaneously accrue any contractual rights whatsoever in more than one Washington public retirement system as a consequence of employment by a consolidated employer.

(2) No person who makes a written election permitted by RCW 41.04.410, 41.04.415, or 41.04.420 may receive a retirement allowance from such retirement system under any circumstances while employed or reemployed by the consolidated employer.

The department of retirement systems shall distribute the information to members who are eligible to retire under the provisions of chapter 234, Laws of 1992. 41.04.505 Disability leave supplement for law enforcement officers and firefighters—Amount. Any sick leave drawn prospectively as provided in this section shall be charged against earned sick leave until such time as the employee has accrued the amount needed to restore the amount used. In the event an employee terminates active service without having restored the sick leave drawn prospectively, the employer shall deduct the actual cost of any payments made under this section from compensation or other money payable to the employee, or otherwise recover such payments. 41.04.535 Disability leave supplement for law enforcement officers and firefighters—Greater benefits not precluded. Nothing in RCW 41.04.500 through 41.04.530 shall preclude employers of law enforcement officers and firefighters and such employees from entering into agreements which provide benefits to employees which are greater than those prescribed by RCW 41.04.500 through 41.04.530, nor is there any intent by the legislature to alter or in any way affect any such agreements which may now exist. [1985 c 462 § 11.]

41.04.580 Dismissal of municipal employees during World War II—Redress authorized. A municipality may by ordinance or resolution provide for redress to any municipi-

pal employee or the surviving spouse of a municipal employee who, due to the promulgation of federal Executive Order 9066, was dismissed, terminated from a temporary position, or rejected during the person's probationary period, or who voluntarily resigned in lieu of dismissal from municipal employment, and who incurred salary and other employment related losses as a result thereof during the years 1942 through 1947. [1986 c 225 § 2.]

Legislative findings—1986 c 225: "The dismissal or termination of various municipal employees during World War II resulted from the promulgation of federal Executive Order 9066 which was based mainly on fear and suspicion rather than on factual justification. It is fair and just that redress be made to those employees who were terminated from municipal employment during the wartime years because of these circumstances. The legislature therefore finds that equity and fairness will be served by authorizing municipalities to accept claims for salary and other employment related losses suffered by the municipal employees directly affected and to pay the claims subject to the provisions of this chapter." [1986 c 225 § 1.]

Severability—1986 c 225: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1986 c 225 § 7.]

Reparations to state employees terminated during World War II: Chapter 41.68 RCW.

41.04.585 Dismissal of municipal employees during World War II—Redress not mandatory. RCW 41.04.580 through 41.04.595 do not require a municipality to adopt an ordinance or resolution providing for redress of salary and other employment related losses. [1986 c 225 § 3.]

Legislative findings—Severability—1986 c 225: See notes following RCW 41.04.580.

41.04.590 Dismissal of municipal employees during World War II—Redress—Limitations. Under the system of redress authorized under RCW 41.04.580 through 41.04.595:

(1) A municipality may determine in its sole discretion the monetary amount of redress for salary and other employment related losses, which may not exceed five thousand dollars for any undivided claim.

(2) If a municipality adopts an ordinance or resolution providing for redress of salary and other employment related losses, it has no obligation to notify directly any person of possible eligibility for redress of salary and other employment related losses. [1986 c 225 § 4.]

Legislative findings—Severability—1986 c 225: See notes following RCW 41.04.580.

The purpose of the salary reduction plan established in this chapter is to attract and retain individuals in governmental service by permitting them to enter into agreements with the state to provide for benefits pursuant to 26 U.S.C. Sec. 129.

(2) Nothing in the salary reduction plan constitutes an employment agreement between the participant and the state, and nothing contained in the participant's salary reduction agreement, the plan, or RCW 41.04.605 through 41.04.645 gives a participant any right to be retained in state employment. [1987 c 475 § 1.]

Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for any expense related to the administration of the salary reduction plan.

(5) Every action taken by the department in administering RCW 41.04.600 through 41.04.645 shall be presumed to be a fair and reasonable exercise of the authority vested in or the duties imposed upon it. The department shall be presumed to have exercised reasonable care, diligence, and prudence and to have acted impartially as to all persons interested unless the contrary be proved by clear and convincing affirmative evidence. [1998 c 116 § 5; 1993 c 34 § 1; 1987 c 475 § 4.]

Severability—1987 c 475: See note following RCW 41.04.600.

41.04.650 Leave sharing program—Intent. The legislature finds that: (1) State employees historically have joined together to help their fellow employees who suffer from, or have relatives or household members suffering from, an extraordinary or severe illness, injury, impairment, or physical or mental condition which prevents the individual from working and causes great economic and emotional distress to the employee and his or her family; and (2) these circumstances may be exacerbated because the affected employees use all their accrued sick leave and annual leave and are forced to take leave without pay or terminate their employment. Therefore, the legislature intends to provide for the establishment of a leave sharing program. [1989 c 93 § 1.]

Severability—1989 c 93: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 93 § 8.]

41.04.665 Leave sharing program—When employee may receive leave—When employee may transfer accrued leave—Transfer of leave between employees of different agencies. (Effective until October 1, 2008.) (1) An agency head may permit an employee to receive leave under this section if:

(a)(i) The employee suffers from, or has a relative or household member suffering from, an illness, injury, impairment, or physical or mental condition which is of an extraordinary or severe nature;

(ii) The employee has been called to service in the uniformed services; or

(iii) A state of emergency has been declared anywhere within the United States by the federal or any state government and the employee has needed skills to assist in responding to the emergency or its aftermath and volunteers his or her services to either a governmental agency or to a nonprofit organization engaged in humanitarian relief in the devastated area, and the governmental agency or nonprofit organization accepts the employee's offer of volunteer services;

(b) The illness, injury, impairment, condition, call to service, or emergency volunteer service has caused, or is likely to cause, the employee to:

(i) Go on leave without pay status; or

(ii) Terminate state employment;

(c) The employee's absence and the use of shared leave are justified;

(d) The employee has depleted or will shortly deplete his or her:

(i) Annual leave and sick leave reserves if he or she qualifies under (a)(i) of this subsection;

(ii) Annual leave and paid military leave allowed under RCW 38.40.060 if he or she qualifies under (a)(ii) of this subsection; or

(iii) Annual leave if he or she qualifies under (a)(iii) of this subsection;

(e) The employee has abided by agency rules regarding:

(i) Sick leave use if he or she qualifies under (a)(i) of this subsection; or

(ii) Military leave if he or she qualifies under (a)(ii) of this subsection; and

(f) The employee has diligently pursued and been found to be ineligible for benefits under chapter 51.32 RCW if he or she qualifies under (a)(i) of this subsection.

(2) The agency head shall determine the amount of leave, if any, which an employee may receive under this section. However, an employee shall not receive a total of more than two hundred sixty-one days of leave, except that shared leave received under the uniformed service shared leave pool in RCW 41.04.685 is not included in this total.

(3) An employee may transfer annual leave, sick leave, and his or her personal holiday, as follows:

(a) An employee who has an accrued annual leave balance of more than ten days may request that the head of the agency for which the employee works transfer a specified amount of annual leave to another employee authorized to receive leave under subsection (1) of this section. In no event may the employee request a transfer of an amount of leave that would result in his or her annual leave account going

below ten days. For purposes of this subsection (3)(a), annual leave does not accrue if the employee receives compensation in lieu of accumulating a balance of annual leave.

(b) An employee may transfer a specified amount of sick leave to an employee requesting shared leave only when the donating employee retains a minimum of one hundred seventy-six hours of sick leave after the transfer.

(c) An employee may transfer, under the provisions of this section relating to the transfer of leave, all or part of his or her personal holiday, as that term is defined under RCW 1.16.050, or as such holidays are provided to employees by agreement with a school district's board of directors if the leave transferred under this subsection does not exceed the amount of time provided for personal holidays under RCW 1.16.050.

(4) An employee of an institution of higher education under RCW 28B.10.016, school district, or educational service district who does not accrue annual leave but does accrue sick leave and who has an accrued sick leave balance of more than twenty-two days may request that the head of the agency for which the employee works transfer a specified amount of sick leave to another employee authorized to receive leave under subsection (1) of this section. In no event may such an employee request a transfer that would result in his or her sick leave account going below twenty-two days. Transfers of sick leave under this subsection are limited to transfers from employees who do not accrue annual leave. Under this subsection, "sick leave" also includes leave accrued pursuant to RCW 28A.400.300(2) or 28A.310.240(1) with compensation for illness, injury, and emergencies.

(5) Transfers of leave made by an agency head under subsections (3) and (4) of this section shall not exceed the requested amount.

(6) Leave transferred under this section may be transferred from employees of one agency to an employee of the same agency or, with the approval of the heads of both agencies, to an employee of another state agency. However, leave transferred to or from employees of school districts or educational service districts is limited to transfers to or from employees within the same employing district.

(7) While an employee is on leave transferred under this section, he or she shall continue to be classified as a state employee and shall receive the same treatment in respect to salary, wages, and employee benefits as the employee would normally receive if using accrued annual leave or sick leave.

(a) All salary and wage payments made to employees while on leave transferred under this section shall be made by the agency employing the person receiving the leave. The value of leave transferred shall be based upon the leave value of the person receiving the leave.

(b) In the case of leave transferred by an employee of one agency to an employee of another agency, the agencies involved shall arrange for the transfer of funds and credit for the appropriate value of leave.

(i) Pursuant to rules adopted by the office of financial management, funds shall not be transferred under this section if the transfer would violate any constitutional or statutory restrictions on the funds being transferred.

(ii) The office of financial management may adjust the appropriation authority of an agency receiving funds under

this section only if and to the extent that the agency's existing appropriation authority would prevent it from expending the funds received.

(iii) Where any questions arise in the transfer of funds or the adjustment of appropriation authority, the director of financial management shall determine the appropriate transfer or adjustment.

(8) Leave transferred under this section shall not be used in any calculation to determine an agency's allocation of full time equivalent staff positions.

(9) The value of any leave transferred under this section which remains unused shall be returned at its original value to the employee or employees who transferred the leave when the agency head finds that the leave is no longer needed or will not be needed at a future time in connection with the illness or injury for which the leave was transferred or for any other qualifying condition. Before the agency head makes a determination to return unused leave in connection with an illness or injury, or any other qualifying condition, he or she must receive from the affected employee a statement from the employee's doctor verifying that the illness or injury is resolved. To the extent administratively feasible, the value of unused leave which was transferred by more than one employee shall be returned on a pro rata basis.

(10) An employee who uses leave that is transferred to him or her under this section may not be required to repay the value of the leave that he or she used. [2007 c 454 § 1; 2007 c 25 § 2; 2003 1st sp.s. c 12 § 3; 1999 c 25 § 1; 1996 c 176 § 1; 1990 c 23 § 2; 1989 c 93 § 4.]

41.04.680 Pooled sick leave—Plan establishment—Calculations—Participation—Higher education institutions. The department of personnel and other personnel authorities shall adopt rules or policies governing the accumulation and use of sick leave for state agency and department employees, expressly for the establishment of a plan allowing participating employees to pool sick leave and allowing any sick leave thus pooled to be used by any participating employee who has used all of the sick leave, annual leave, and compensatory leave that has been personally accrued by him or her. Each department or agency of the state may allow employees to participate in a sick leave pool established by the department of personnel and other personnel authorities.

(1) For purposes of calculating maximum sick leave that may be donated or received by any one employee, pooled sick leave:

(a) Is counted and converted in the same manner as sick leave under the Washington state leave sharing program as provided in this chapter; and

(b) Does not create a right to sick leave in addition to the amount that may be donated or received under the Washington state leave sharing program as provided in this chapter.

(2) The department and other personnel authorities, except the personnel authorities for higher education institutions, shall adopt rules which provide:

(a) That employees are eligible to participate in the sick leave pool after one year of employment with the state or agency of the state if the employee has accrued a minimum amount of unused sick leave, to be established by rule;

(b) That participation in the sick leave pool shall, at all times, be voluntary on the part of the employees;

(e) That a participating employee is not eligible to use sick leave accumulated in the pool until all of his or her personally accrued sick, annual, and compensatory leave has been used;

(f) A maximum number of days of sick leave in the pool that any one employee may use;

(g) That a participating employee who uses sick leave from the pool is not required to recontribute such sick leave to the pool, except as otherwise provided in this section;

(h) That an employee who cancels his or her membership in the sick leave pool is not eligible to withdraw the days of sick leave contributed by that employee to the pool;

(i) That an employee who transfers from one position in state government to another position in state government may transfer from one pool to another if the eligibility criteria of the pools are comparable and the administrators of the pools have agreed on a formula for transfer of credits;

(j) That alleged abuse of the use of the sick leave pool shall be investigated, and, on a finding of wrongdoing, the employee shall repay all of the sick leave credits drawn from the sick leave pool and shall be subject to such other disciplinary action as is determined by the agency head;

(k) That sick leave credits may be drawn from the sick leave pool by a part-time employee on a pro rata basis; and

(l) That each department or agency shall maintain accurate and reliable records showing the amount of sick leave which has been accumulated and is unused by employees, in accordance with guidelines established by the department of personnel.

(3) Personnel authorities for higher education institutions shall adopt policies consistent with the needs of the employees under their respective jurisdictions. [2006 c 356 § 1.]

Given that individuals with developmental disabilities or other significant disabilities are capable of filling employment positions in the general workforce population, supported employment is an effective way of integrating such individuals into the general workforce population. The creation of supported employment programs can increase the types and availability of employment positions for individuals with developmental disabilities or other significant disabilities." 41.04.780 Supported employment—Impact on other employment positions. The creation of supported employment positions under RCW 41.04.760 and 41.04.770 shall not count against an agency's allotted full-time equivalent employee positions. Supported employment programs are not intended to displace employees or abrogate any reduction-in-force rights. [1997 c 287 § 5.]

Finding—1997 c 287: See note following RCW 41.04.750.

41.04.800 Chapter not applicable to officers and employees of state convention and trade center. The provisions of this chapter shall not be applicable to the officers and employees of the nonprofit corporation formed under chapter 67.40 RCW. [1984 c 210 § 5.]

41.05.006 Purpose. (1) The legislature recognizes that (a) the state is a major purchaser of health care services, (b) the increasing costs of such health care services are posing and will continue to pose a great financial burden on the state, (c) it is the state's policy, consistent with the best interests of the state, to provide comprehensive health care as an employer, to state employees and officials and their dependents and to those who are dependent on the state for necessary medical care, and (d) it is imperative that the state begin to develop effective and efficient health care delivery systems and strategies for procuring health care services in order for the state to continue to purchase the most comprehensive health care possible.

(2) It is therefore the purpose of this chapter to establish the Washington state health care authority whose purpose shall be to (a) develop health care benefit programs that provide access to at least one comprehensive benefit plan funded to the fullest extent possible by the employer, and a health savings account/high deductible health plan option as defined

in section 1201 of the medicare prescription drug improvement and modernization act of 2003, as amended, for eligible state employees, officials, and their dependents, and (b) study all state-purchased health care, alternative health care delivery systems, and strategies for the procurement of health care services and make recommendations aimed at minimizing the financial burden which health care poses on the state, its employees, and its charges, while at the same time allowing the state to provide the most comprehensive health care options possible. (b) "Chronic care management" means the authority's program that provides care management and coordination activities for health plan enrollees determined to be at risk for high medical costs. "Chronic care management" provides education and training and/or coordination that assist program participants in improving self-management skills to improve health outcomes and reduce medical costs by educating clients to better utilize services. 41.05.033 Shared decision-making demonstration project—Preference-sensitive care. (1) The legislature finds that there is growing evidence that, for preference-sensitive care involving elective surgery, patient-practitioner communication is improved through the use of high-quality decision aids that detail the benefits, harms, and uncertainty of available treatment options. Improved communication leads to more fully informed patient decisions. The legislature intends to increase the extent to which patients make genuinely informed, preference-based treatment decisions, by promoting public/private collaborative efforts to broaden the development, certification, use, and evaluation of effective decision aids and by recognition of shared decision making and patient decision aids in the state's laws on informed consent.

(2) The health care authority shall implement a shared decision-making demonstration project. (c) As a condition of participating in the demonstration project, a participating practice site must bear the cost of selecting, purchasing, and incorporating the chosen decision aids into clinical practice.

(3) The health care authority may solicit and accept funding and in-kind contributions to support the demonstration and evaluation, and may scale the evaluation to fall within resulting resource parameters. [2007 c 259 § 2.]

41.05.050 Contributions for employees and dependents. (Effective until January 1, 2009.) (1) Every department, division, or separate agency of state government, and such county, municipal, school district, educational service district, or other political subdivisions as are covered by this chapter, shall provide contributions to insurance and health care plans for its employees and their dependents, the content of such plans to be determined by the authority. Contributions, paid by the county, the municipality, or other political subdivision for their employees, shall include an amount determined by the authority to pay such administrative expenses of the authority as are necessary to administer the plans for employees of those groups, except as provided in subsection (4) of this section.

(2) If the authority at any time determines that the participation of a county, municipal, or other political subdivision covered under this chapter adversely impacts insurance rates for state employees, the authority shall implement limitations on the participation of additional county, municipal, or other political subdivisions.

(3) The contributions of any department, division, or separate agency of the state government, and such county, municipal, or other political subdivisions as are covered by this chapter, shall be set by the authority, subject to the approval of the governor for availability of funds as specifically appropriated by the legislature for that purpose. Insurance and health care contributions for ferry employees shall be governed by RCW 47.64.270.

(4)(a) Beginning September 1, 2003, the authority shall collect from each participating school district and educational service district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and family size as would be charged to state employees, for groups of district employees enrolled in authority plans as of January 1, 2003. However, during the 2005-07 fiscal biennium, the authority shall collect from each participating school district and educational service district an amount equal to the insurance benefit allocations provided in section 504, chapter 518, Laws of 2005, plus any addi-

tional funding provided by the legislature for school employee health benefits, plus an amount equal to the employee premiums by plan and family size as would be charged to state employees, for groups of district employees enrolled in authority plans as of July 1, 2005.

(b) For all groups of district employees enrolling in authority plans for the first time after September 1, 2003, the authority shall collect from each participating school district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and by family size as would be charged to state employees, only if the authority determines that this method of billing the districts will not result in a material difference between revenues from districts and expenditures made by the authority on behalf of districts and their employees.

(c) If the authority determines at any time that the conditions in (b) of this subsection cannot be met, the authority shall offer enrollment to additional groups of district employees on a tiered rate structure until such time as the authority determines there would be no material difference between revenues and expenditures under a composite rate structure for all district employees enrolled in authority plans.

(d) The authority may charge districts a one-time set-up fee for employee groups enrolling in authority plans for the first time.

(e) For the purposes of this subsection:

(i) "District" means school district and educational service district; and

(ii) "Tiered rates" means the amounts the authority must pay to insuring entities by plan and by family size.

(f) Notwithstanding this subsection and RCW 41.05.065(3), the authority may allow districts enrolled on a tiered rate structure prior to September 1, 2002, to continue participation based on the same rate structure and under the same conditions and eligibility criteria.

(5) The authority shall transmit a recommendation for the amount of the employer contribution to the governor and the director of financial management for inclusion in the proposed budgets submitted to the legislature. 41.05.053 Community and technical colleges—Part-time academic employees—Continuous health care eligibility—Employer contributions. (1) Part-time academic employees, as defined in RCW 28B.50.489, who have established eligibility as determined from the payroll records of the employing community or technical college districts, for employer contributions for benefits under this chapter and who have worked an average of half-time or more in each of the two preceding academic years, through employment at one or more community or technical college districts, are eligible for continuation of employer contributions for the subsequent summer quarter period including the break between summer and fall quarters.

(2) Once a part-time academic employee meets the criteria in subsection (1) of this section, the employee shall continue to receive uninterrupted employer contributions for

benefits if the employee works at least two quarters of the academic year with an average academic workload of half-time or more for three quarters of the academic year. Benefits provided under this section cease if this criteria is not met. Continuous benefits shall be reinstated once the employee reestablishes eligibility under subsection (1) of this section.

(3) As used in this section, "academic year" means summer, fall, winter, and spring quarters.

(4) This section does not modify rules in existence on June 7, 2006, adopted under this chapter regarding the initial establishment of eligibility for benefits.

(5) This section does not preclude individuals from being eligible for benefits under other laws or rules that may apply or for which they may be eligible.

(6) The employer must notify part-time academic employees of their potential right to benefits under this section.

(7) To be eligible for maintenance of benefits through averaging, part-time academic employees must notify their employers of their potential eligibility. The state board for community and technical colleges shall report back to the legislature by November 15, 2009, on the feasibility of eliminating the self-reporting requirement for employees. [2007 c 302 § 2; 2006 c 308 § 2.]

They are also eligible for health benefits through the summer even if they receive no work at all that quarter, if they have worked half-time or more of an academic workload in each of the three preceding quarters. However, workload fluctuations below these thresholds may result in the loss of employer contributions for health care benefits. It is the intent of the legislature to provide for continuous health care eligibility for part-time academic employees based on averaging workload gained during the two preceding academic years." [2007 c 302 § 1; 2006 c 308 § 1.]

41.05.065 Public employees' benefits board—Duties. (Effective until January 1, 2009.) (1) The board shall study all matters connected with the provision of health care coverage, life insurance, liability insurance, accidental death and dismemberment insurance, and disability income insurance or any of, or a combination of, the enumerated types of insurance for employees and their dependents on the best basis possible with relation both to the welfare of the employees and to the state. However, liability insurance shall not be made available to dependents.

(2) The board shall develop employee benefit plans that include comprehensive health care benefits for all employees. In developing these plans, the board shall consider the following elements:

(a) Methods of maximizing cost containment while ensuring access to quality health care;

(b) Development of provider arrangements that encourage cost containment and ensure access to quality care, including but not limited to prepaid delivery systems and prospective payment methods;

(c) Wellness incentives that focus on proven strategies, such as smoking cessation, injury and accident prevention, reduction of alcohol misuse, appropriate weight reduction, exercise, automobile and motorcycle safety, blood cholesterol reduction, and nutrition education;

(d) Utilization review procedures including, but not limited to a cost-efficient method for prior authorization of services, hospital inpatient length of stay review, requirements for use of outpatient surgeries and second opinions for surgeries, review of invoices or claims submitted by service providers, and performance audit of providers;

(e) Effective coordination of benefits;

(f) Minimum standards for insuring entities; and

(g) Minimum scope and content of public employee benefit plans to be offered to enrollees participating in the employee health benefit plans. To maintain the comprehensive nature of employee health care benefits, employee eligi-

bility criteria related to the number of hours worked and the benefits provided to employees shall be substantially equivalent to the state employees' health benefits plan and eligibility criteria in effect on January 1, 1993. Nothing in this subsection (2)(g) shall prohibit changes or increases in employee point-of-service payments or employee premium payments for benefits or the administration of a high deductible health plan in conjunction with a health savings account.

(3) The board shall design benefits and determine the terms and conditions of employee and retired employee participation and coverage, including establishment of eligibility criteria subject to the requirements of RCW 41.05.066. The same terms and conditions of participation and coverage, including eligibility criteria, shall apply to state employees and to school district employees and educational service district employees.

(4) The board may authorize premium contributions for an employee and the employee's dependents in a manner that encourages the use of cost-efficient managed health care systems. During the 2005-2007 fiscal biennium, the board may only authorize premium contributions for an employee and the employee's dependents that are the same, regardless of an employee's status as represented or nonrepresented by a collective bargaining unit under the personnel system reform act of 2002. The board shall require participating school district and educational service district employees to pay at least the same employee premiums by plan and family size as state employees pay.

(5) The board shall develop a health savings account option for employees that conform to section 223, Part VII of subchapter B of chapter 1 of the internal revenue code of 1986. The board shall comply with all applicable federal standards related to the establishment of health savings accounts.

(6) Notwithstanding any other provision of this chapter, the board shall develop a high deductible health plan to be offered in conjunction with a health savings account developed under subsection (5) of this section.

(7) Employees shall choose participation in one of the health care benefit plans developed by the board and may be permitted to waive coverage under terms and conditions established by the board.

(8) The board shall review plans proposed by insuring entities that desire to offer property insurance and/or accident and casualty insurance to state employees through payroll deduction. The board may approve any such plan for payroll deduction by insuring entities holding a valid certificate of authority in the state of Washington and which the board determines to be in the best interests of employees and the state. The board shall promulgate rules setting forth criteria by which it shall evaluate the plans.

(9) Before January 1, 1998, the public employees' benefits board shall make available one or more fully insured long-term care insurance plans that comply with the requirements of chapter 48.84 RCW. Such programs shall be made available to eligible employees, retired employees, and retired school employees as well as eligible dependents which, for the purpose of this section, includes the parents of the employee or retiree and the parents of the spouse of the employee or retiree. Employees of local governments and employees of political subdivisions not otherwise enrolled in

the public employees' benefits board sponsored medical programs may enroll under terms and conditions established by the administrator, if it does not jeopardize the financial viability of the public employees' benefits board's long-term care offering.

(a) Participation of eligible employees or retired employees and retired school employees in any long-term care insurance plan made available by the public employees' benefits board is voluntary and shall not be subject to binding arbitration under chapter 41.56 RCW. Participation is subject to reasonable underwriting guidelines and eligibility rules established by the public employees' benefits board and the health care authority.

(b) The employee, retired employee, and retired school employee are solely responsible for the payment of the premium rates developed by the health care authority. The health care authority is authorized to charge a reasonable administrative fee in addition to the premium charged by the long-term care insurer, which shall include the health care authority's cost of administration, marketing, and consumer education materials prepared by the health care authority and the office of the insurance commissioner.

(c) To the extent administratively possible, the state shall establish an automatic payroll or pension deduction system for the payment of the long-term care insurance premiums.

(d) The public employees' benefits board and the health care authority shall establish a technical advisory committee to provide advice in the development of the benefit design and establishment of underwriting guidelines and eligibility rules. The committee shall also advise the board and authority on effective and cost-effective ways to market and distribute the long-term care product. The technical advisory committee shall be comprised, at a minimum, of representatives of the office of the insurance commissioner, providers of long-term care services, licensed insurance agents with expertise in long-term care insurance, employees, retired employees, retired school employees, and other interested parties determined to be appropriate by the board.

(e) The health care authority shall offer employees, retired employees, and retired school employees the option of purchasing long-term care insurance through licensed agents or brokers appointed by the long-term care insurer. The authority, in consultation with the public employees' benefits board, shall establish marketing procedures and may consider all premium components as a part of the contract negotiations with the long-term care insurer.

(f) In developing the long-term care insurance benefit designs, the public employees' benefits board shall include an alternative plan of care benefit, including adult day services, as approved by the office of the insurance commissioner.

(g) The health care authority, with the cooperation of the office of the insurance commissioner, shall develop a consumer education program for the eligible employees, retired employees, and retired school employees designed to provide education on the potential need for long-term care, methods of financing long-term care, and the availability of long-term care insurance products including the products offered by the board.

(h) By December 1998, the health care authority, in consultation with the public employees' benefits board, shall

submit a report to the appropriate committees of the legislature, including an analysis of the marketing and distribution of the long-term care insurance provided under this section. Nothing in this section shall preclude a self-funded plan authorized under this chapter from negotiating rates with qualified providers.

(2) This section shall not be construed to prevent the application of standard policy provisions applicable to other benefits, such as deductible or copayment provisions. This section does not limit the authority of the health care authority to negotiate rates and contract with specific providers for the delivery of prostate cancer screening services. (1) Each employee benefit plan offered to public employees that provides coverage for hospital, medical, or ambulatory surgery center services must cover general anesthesia services and related facility charges in conjunction with any dental procedure performed in a hospital or ambulatory surgical center if such anesthesia services and related facility charges are medically necessary because the covered person:

(a) Is under the age of seven, or physically or developmentally disabled, with a dental condition that cannot be safely and effectively treated in a dental office; or

(b) Has a medical condition that the person's physician determines would place the person at undue risk if the dental procedure were performed in a dental office. The procedure must be approved by the person's physician.

(2) Each employee benefit plan offered to public employees that provides coverage for dental services must cover general anesthesia services in conjunction with any covered dental procedure performed in a dental office if the general anesthesia services are medically necessary because the covered person is under the age of seven or physically or developmentally disabled.

(3) This section does not prohibit an employee benefit plan from:

(a) Applying cost-sharing requirements, maximum annual benefit limitations, and prior authorization requirements to the services required under this section; or

(b) Covering only those services performed by a health care provider, or in a health care facility, that is part of its provider network; nor does it limit the authority in negotiating rates and contracts with specific providers.

(4) This section does not apply to medicare supplement policies, or supplemental contracts covering a specified disease or other limited benefits.

(5) For the purpose of this section, "general anesthesia services" means services to induce a state of unconsciousness accompanied by a loss of protective reflexes, including the ability to maintain an airway independently and respond purposefully to physical stimulation or verbal command.

The legislature finds that diabetes imposes a significant health risk and tremendous financial burden on the citizens and government of the state of Washington, and that access to the medically accepted standards of care for diabetes, its treatment and supplies, and self-management training and education is crucial to prevent or delay the short and long-term complications of diabetes and its attendant costs.

(2) All state-purchased health care purchased or renewed after January 1, 1998, except the basic health plan described in chapter 70.47 RCW, shall provide benefits for at least the following services and supplies for persons with diabetes:

(a) For state-purchased health care that includes coverage for pharmacy services, appropriate and medically necessary equipment and supplies, as prescribed by a health care provider, that includes but is not limited to insulin, syringes, injection aids, blood glucose monitors, test strips for blood glucose monitors, visual reading and urine test strips, insulin pumps and accessories to the pumps, insulin infusion devices, prescriptive oral agents for controlling blood sugar levels, foot care appliances for prevention of complications associated with diabetes, and glucagon emergency kits; and

(b) For all state-purchased health care, outpatient self-management training and education, including medical nutrition therapy, as ordered by the health care provider. Diabetes outpatient self-management training and education may be provided only by health care providers with expertise in diabetes. Nothing in this section prevents any state agency purchasing health care according to this section from restricting patients to seeing only health care providers who have signed participating provider agreements with that state agency or an insuring entity under contract with that state agency.

(3) Coverage required under this section may be subject to customary cost-sharing provisions established for all other similar services or supplies within a policy.

(4) Health care coverage may not be reduced or eliminated due to this section.

41.05.280 Department of corrections—Inmate health care. The department of corrections shall consult with the state health care authority to identify how the department of corrections shall develop a working plan to correspond to the health care reform measures that require all departments to place all state purchased health services in a community-rated, single risk pool under the direct administrative authority of the state purchasing agent by July 1, 1997. [1998 c 245 § 39; 1993 c 504 § 3.]

Findings—1993 c 504: "The legislature finds that Washington state government purchases approximately one-fourth of all the health care statewide. In addition to this huge expenditure, the state also faces health care inflation rates, far exceeding the growth rate of the economy as a whole and the general inflationary rate. Together these factors are straining state resources beyond our capability to pay.

The legislature finds that the department of corrections is responsible for providing health care to a large and growing number of offenders. It is also facing rapidly escalating medical, dental, and mental health care expenditures. As a result of this, the department must review its entire inmate health care system and take steps to reduce health care expenditures.

The legislature further finds that efforts to achieve statewide health care reform should also include the department of correction's health care facilities. In this light, the department must develop an appropriate plan that will correspond to the changing health care environment." [1993 c 504 § 1.]

Effective date—1993 c 504: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state gov-

ernment and its existing public institutions, and shall take effect immediately [May 18, 1993]." [1993 c 504 § 4.]

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the department of retirement systems pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the health care authority. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the health care authority.

(b) Whenever any question arises as to the transfer of any funds, books, documents, records, papers, files, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(1) The administrator shall design and offer a plan of health care coverage as described in subsection (2) of this section, for any person eligible under subsection (3) of this section. The health care coverage shall be designed and offered only to the extent that state funds are specifically appropriated for this purpose.

(2) The plan of health care coverage shall have the following components:

(a) Services covered more limited in scope than those contained in RCW 48.41.110(3);

(b) Enrollee cost-sharing that may include but not be limited to point-of-service cost-sharing for covered services;

(c) Deductibles of three thousand dollars on a per person per calendar year basis, and four thousand dollars on a per family per calendar year basis. The deductible shall be applied to the first three thousand dollars, or four thousand dollars, of eligible expenses incurred by the covered person or family, respectively, except that the deductible shall not be applied to clinical preventive services as recommended by the United States public health service. Enrollee out-of-pocket expenses required to be paid under the plan for cost-

sharing and deductibles shall not exceed five thousand dollars per person, or six thousand dollars per family;

(d) Payment methodologies for network providers may include but are not limited to resource-based relative value fee schedules, capitation payments, diagnostic related group fee schedules, and other similar strategies including risk-sharing arrangements; and

(e) Other appropriate care management and cost-containment measures determined appropriate by the administrator, including but not limited to care coordination, provider network limitations, preadmission certification, and utilization review.

The preexisting condition waiting period shall not apply to prenatal care services. Credit against the waiting period shall be provided pursuant to subsections (5) and (6) of this section.

(5) Except for persons to whom subsection (6) of this section applies, the administrator shall credit any preexisting condition waiting period in the plan for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the plan in a group health benefit plan or an individual health benefit plan other than a catastrophic health plan. The administrator must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan.

(6) The administrator shall waive any preexisting condition waiting period in the plan for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in the plan under subsection (3) of this section in that county shall no longer be eligible;

(b) The administrator shall provide written notice to any person who is no longer eligible for coverage under the plan within thirty days of the administrator's determination that the person is no longer eligible. Specifically, the program shall measure at least the following outcomes in the demonstration population: The reduction in the percent of the population that is overweight or obese, the reduction in risk factors related to diabetes, the reduction in risk factors related to absenteeism, the reduction in tobacco consumption, the reduction in high blood pressure and high cholesterol, and the increase in appropriate use of preventive health services. The state employee health program shall report to the legislature in December 2008 and December 2010 on the demonstration project.

(4) This section expires June 30, 2011. [2007 c 259 § 41.]

Severability—Subheadings not law—2007 c 259: See notes following RCW 41.05.033.

(a) "Federal poverty level" means the official poverty level based on family size established and adjusted under section 673(2) of the omnibus budget reconciliation act of 1981 (P.L. 97-35; 42 U.S.C. Sec. 9902(2), as amended).

(i) Begins providing assistance to qualified uninsured individuals by January 1, 2006;

(d) The foundation shall apply for and comply with all federal requirements necessary to obtain and maintain tax-exempt status with respect to the federal tax obligations of the foundation's donors.

(e) The foundation is authorized, subject to the direction and ratification of the board, to receive, solicit, contract for, collect, and hold in trust for the purposes of this section, donations, gifts, grants, and bequests in the form of money paid or promised, services, materials, equipment, or other things tangible or intangible that may be useful for helping the foundation to achieve its purpose. The foundation may use all sources of public and private financing to support foundation activities. No general fund-state funds shall be used for the ongoing operation of the foundation.

(f) No liability on the part of, and no cause of action of any nature, shall arise against any member of the board of directors of the foundation or against an employee or agent of the foundation for any lawful action taken by them in the performance of their administrative powers and duties under this section. [2008 c 87 § 1; 2005 c 267 § 1.]

41.05.600 Mental health services—Definition—Coverage required, when. (1) For the purposes of this section, "mental health services" means medically necessary outpatient and inpatient services provided to treat mental disorders covered by the diagnostic categories listed in the most current version of the diagnostic and statistical manual of mental disorders, published by the American psychiatric association, on July 24, 2005, or such subsequent date as may be provided by the administrator by rule, consistent with the purposes of

chapter 6, Laws of 2005, with the exception of the following categories, codes, and services: (a) Substance related disorders; (b) life transition problems, currently referred to as "V" codes, and diagnostic codes 302 through 302.9 as found in the diagnostic and statistical manual of mental disorders, 4th edition, published by the American psychiatric association; (c) skilled nursing facility services, home health care, residential treatment, and custodial care; and (d) court ordered treatment unless the authority's or contracted insuring entity's medical director determines the treatment to be medically necessary.

(2) All health benefit plans offered to public employees and their covered dependents under this chapter that provide coverage for medical and surgical services shall provide:

(a) For all health benefit plans established or renewed on or after January 1, 2006, coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(b) For all health benefit plans established or renewed on or after January 1, 2008, coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the health benefit plan imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(c) For all health benefit plans established or renewed on or after July 1, 2010, coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the health benefit plan imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services. If the health benefit plan imposes any deductible, mental health services shall be included with medical and surgical services for the purpose of meeting the deductible requirement. Treatment limitations or any other financial requirements on cov-

(2008 Ed.)

erage for mental health services are only allowed if the same limitations or requirements are imposed on coverage for medical and surgical services; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(3) In meeting the requirements of subsection (2)(a) and (b) of this section, health benefit plans may not reduce the number of mental health outpatient visits or mental health inpatient days below the level in effect on July 1, 2002.

(4) This section does not prohibit a requirement that mental health services be medically necessary as determined by the medical director or designee, if a comparable requirement is applicable to medical and surgical services.

(5) Nothing in this section shall be construed to prevent the management of mental health services.

(6) The administrator will consider care management techniques for mental health services, including but not limited to: (a) Authorized treatment plans; (b) preauthorization requirements based on the type of service; (c) concurrent and retrospective utilization review; (d) utilization management practices; (e) discharge coordination and planning; and (f) contracting with and using a network of participating providers. [2005 c 6 § 2.]

Findings—Intent—2005 c 6: "The legislature finds that the costs of leaving mental disorders untreated or undertreated are significant, and often include: Decreased job productivity, loss of employment, increased disability costs, deteriorating school performance, increased use of other health services, treatment delays leading to more costly treatments, suicide, family breakdown and impoverishment, and institutionalization, whether in hospitals, juvenile detention, jails, or prisons.

Treatable mental disorders are prevalent and often have a high impact on health and productive life. The legislature finds that the potential benefits of improved access to mental health services are significant. Additionally, the legislature declares that it is not cost-effective to treat persons with mental disorders differently than persons with medical and surgical disorders.

Therefore, the legislature intends to require that insurance coverage be at parity for mental health services, which means this coverage be delivered under the same terms and conditions as medical and surgical services." [2005 c 6 § 1.]

Severability—2005 c 6: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 6 § 13.]

41.05.601 Mental health services—Rules. The administrator may adopt rules to implement RCW 41.05.600. [2005 c 6 § 12.]

Findings—Intent—Severability—2005 c 6: See notes following RCW 41.05.600.

41.05.900 Short title. This chapter shall be known as the Washington state health care reform act of 1988. [1988 c 107 § 1.]

41.05.901 Implementation—Effective dates—1988 c 107. (1) The state health care authority shall be established and shall take such steps as are necessary to ensure that this act is fully implemented on October 1, 1988.

(2) Subsection (1) of this section, RCW 48.14.027 and 82.04.4331, and sections 13 and 31, chapter 107, Laws of 1988 are necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect March 16, 1988.

(3) The remainder of this act shall take effect on October 1, 1988. [1988 c 107 § 36.]

(3) Rules adopted by the board under subsection (2) of this section shall permit an appointing authority and an employee organization representing classified employees of the appointing authority for collective bargaining purposes to make a joint request for the initiation of a classification study. (a) The invitation for bid or request for proposal contains measurable standards for the performance of the contract;

(b) Employees in the classified service whose positions or work would be displaced by the contract are provided an opportunity to offer alternatives to purchasing services by contract and, if these alternatives are not accepted, compete for the contract under competitive contracting procedures in subsection (4) of this section;

(c) The contract with an entity other than an employee business unit includes a provision requiring the entity to consider employment of state employees who may be displaced by the contract;

(d) The department, agency, or institution of higher education has established a contract monitoring process to measure contract performance, costs, service delivery quality,

and other contract standards, and to cancel contracts that do not meet those standards; and

(e) The department, agency, or institution of higher education has determined that the contract results in savings or efficiency improvements. The contracting agency must consider the consequences and potential mitigation of improper or failed performance by the contractor.

(2) Any provision contrary to or in conflict with this section in any collective bargaining agreement in effect on July 1, 2005, is not effective beyond the expiration date of the agreement.

(3) Contracting for services that is expressly mandated by the legislature or was authorized by law prior to July 1, 2005, including contracts and agreements between public entities, shall not be subject to the processes set forth in subsections (1), (4), and (5) of this section.

(4) Competitive contracting shall be implemented as follows:

(a) At least ninety days prior to the date the contracting agency requests bids from private entities for a contract for services provided by classified employees, the contracting agency shall notify the classified employees whose positions or work would be displaced by the contract. The employees shall have sixty days from the date of notification to offer alternatives to purchasing services by contract, and the agency shall consider the alternatives before requesting bids.

Appeal of an agency's actions under this subsection is an adjudicative proceeding and subject to the applicable provisions of chapter 34.05 RCW, the administrative procedure act, with the final decision to be rendered by an administrative law judge assigned under chapter 34.12 RCW.

(e) An employee business unit's bid must include the fully allocated costs of the service, including the cost of the employees' salaries and benefits, space, equipment, materials, and other costs necessary to perform the function. An employee business unit's cost shall not include the state's indirect overhead costs unless those costs can be attributed

directly to the function in question and would not exist if that function were not performed in state service.

(f) A department, agency, or institution of higher education may contract with the department of general administration to conduct the bidding process.

If employees are represented by an exclusive bargaining representative, the representative shall select the employee committee members and also be on the committee. Civil service for employees of fire protection districts: RCW 52.30.040.

41.08.010 Application of chapter. The provisions of this chapter shall have no application to cities and towns which at the present time have provided for civil service in the fire department or which shall subsequently provide for civil service in the fire department by local charter or other regulations which said local charter or regulations substantially accomplish the purpose of this chapter. [1935 c 31 § 1; RRS § 9558-1.]

41.08.020 Excluded cities—Repeal of local law—Effect. If any of the cities or towns referred to in RCW 41.08.010 shall at any time repeal the charter provisions or other local acts of said cities or towns providing for civil service for firefighters as referred to in RCW 41.08.010, in that event this chapter shall apply to all of such cities and towns which have at any time abolished civil service for members of the fire department. [2007 c 218 § 2; 1935 c 31 § 2; RRS § 9558-2.]

Intent—Finding—2007 c 218: See note following RCW 1.08.130.

41.08.030 Civil service commission created—Appointment—Terms—Removal—Quorum. There is hereby created in every city, town or municipality except those referred to in RCW 41.08.010, having a full paid fire department a civil service commission which shall be composed of three persons.

The members of such commission shall be appointed by the person or group of persons who, acting singly or in con-

junction, as a mayor, city manager, council, common council, commission, or otherwise, is or are vested by law with power and authority to select, appoint, or employ the chief of a fire department in any such city, prior to the enactment of this chapter. The members of such commission shall serve without compensation. No person shall be appointed a member of such commission who is not a citizen of the United States, a resident of such city for at least three years immediately preceding such appointment, and an elector of the county wherein he or she resides. The term of office of such commissioners shall be for six years, except that the first three members of such commission shall be appointed for different terms, as follows: One to serve for a period of two years, one to serve for a period of four years, and one to serve for a period of six years. Any member of such commission may be removed from office for incompetency, incompatibility or dereliction of duty, or malfeasance in office, or other good cause: PROVIDED, HOWEVER, That no member of the commission shall be removed until charges have been preferred, in writing, due notice and a full hearing had. The members of such commission shall devote due time and attention to the performance of the duties hereinafter specified and imposed upon them by this chapter. Two members of such commission shall constitute a quorum and the votes of any two members of such commission concurring shall be sufficient for the decision of all matters and the transaction of all business to be decided or transacted by the commission under or by virtue of the provisions of this chapter. Confirmation of said appointment or appointments of commissioners by any legislative body shall not be required. At the time of any appointment not more than two commissioners shall be adherents of the same political party. [2007 c 218 § 3; 1935 c 31 § 3; RRS § 9558-3.]

Intent—Finding—2007 c 218: See note following RCW 1.08.130.

41.08.040 Organization of commission—Secretary—Powers and duties of commission. Immediately after appointment the commission shall organize by electing one of its members chair and hold regular meetings at least once a month, and such additional meetings as may be required for the proper discharge of their duties.

They shall appoint a secretary and chief examiner, who shall keep the records of the commission, preserve all reports made to it, superintend and keep a record of all examinations held under its direction, and perform such other duties as the commission may prescribe.

The secretary and chief examiner shall be appointed as a result of competitive examination which examination may be either original and open to all properly qualified citizens of the city, town or municipality, or promotional and limited to persons already in the service of the fire department or of the fire department and other departments of said city, town or municipality, as the commission may decide. The secretary and chief examiner may be subject to suspension, reduction or discharge in the same manner and subject to the same limitations as are provided in the case of members of the fire department. It shall be the duty of the civil service commission:

(1) To make suitable rules and regulations not inconsistent with the provisions of this chapter. Such rules and regu-

lations shall provide in detail the manner in which examinations may be held, and appointments, promotions, transfers, reinstatements, demotions, suspensions and discharges shall be made, and may also provide for any other matters connected with the general subject of personnel administration, and which may be considered desirable to further carry out the general purposes of this chapter, or which may be found to be in the interest of good personnel administration. Such rules and regulations may be changed from time to time. The rules and regulations and any amendments thereof shall be printed, mimeographed or multigraphed for free public distribution. Such rules and regulations may be changed from time to time.

(2) All tests shall be practical, and shall consist only of subjects which will fairly determine the capacity of persons examined to perform duties of the position to which appointment is to be made, and may include tests of physical fitness and/or of manual skill.

(3) The rules and regulations adopted by the commission shall provide for a credit in accordance with RCW 41.04.010 in favor of all applicants for appointment under civil service, who, in time of war, or in any expedition of the armed forces of the United States, have served in and been honorably discharged from the armed forces of the United States, including the army, navy, and marine corps and the American Red Cross. These credits apply to entrance examinations only.

(4) The commission shall make investigations concerning and report upon all matters touching the enforcement and effect of the provisions of this chapter, and the rules and regulations prescribed hereunder; inspect all institutions, departments, offices, places, positions and employments affected by this chapter, and ascertain whether this chapter and all such rules and regulations are being obeyed. Such investigations may be made by the commission or by any commissioner designated by the commission for that purpose. Not only must these investigations be made by the commission as aforesaid, but the commission must make like investigation on petition of a citizen, duly verified, stating that irregularities or abuses exist, or setting forth in concise language, in writing, the necessity for such investigation. In the course of such investigation the commission or designated commissioner, or chief examiner, shall have the power to administer oaths, subpoena and require the attendance of witnesses and the production by them of books, papers, documents and accounts appertaining to the investigation and also to cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in the superior court; and the oaths administered hereunder and the subpoenas issued hereunder shall have the same force and effect as the oaths administered by a superior court judge in his or her judicial capacity; and the failure upon the part of any person so subpoenaed to comply with the provisions of this section shall be deemed a violation of this chapter, and punishable as such.

(5) All hearings and investigations before the commission, or designated commissioner, or chief examiner, shall be governed by this chapter and by rules of practice and procedure to be adopted by the commission, and in the conduct thereof neither the commission, nor designated commissioner shall be bound by the technical rules of evidence. No informality in any proceedings or hearing, or in the manner of tak-

(2008 Ed.)

ing testimony before the commission or designated commissioner, shall invalidate any order, decision, rule or regulation made, approved or confirmed by the commission: PROVIDED, HOWEVER, That no order, decision, rule or regulation made by any designated commissioner conducting any hearing or investigation alone shall be of any force or effect whatsoever unless and until concurred in by at least one of the other two members.

(6) To hear and determine appeals or complaints respecting the administrative work of the personnel department; appeals upon the allocation of positions; the rejection of an examination, and such other matters as may be referred to the commission.

(7) Establish and maintain in card or other suitable form a roster of officers and employees.

(8) Provide for, formulate and hold competitive tests to determine the relative qualifications of persons who seek employment in any class or position and as a result thereof establish eligible lists for the various classes of positions, and to provide that persons laid off because of curtailment of expenditures, reduction in force, and for like causes, head the list in the order of their seniority, to the end that they shall be the first to be reemployed.

(9) When a vacant position is to be filled, to certify to the appointing authority, on written request, the name of the person highest on the eligible list for the class. If there are no such lists, to authorize provisional or temporary appointment list of such class. Such temporary or provisional appointment shall not continue for a period longer than four months; nor shall any person receive more than one provisional appointment or serve more than four months as a provisional appointee in any one fiscal year.

(10) Keep such records as may be necessary for the proper administration of this chapter. [1993 c 47 § 4; 1973 1st ex.s. c 154 § 60; 1935 c 31 § 5; RRS § 9558-5.]

Purpose—1972 ex.s. c 37: "It is the purpose of this 1972 amendatory act to increase the availability of qualified applicants for employment in positions of public safety in municipal government; namely, firemen and policemen; and to eliminate present inequities that result from the application of residency requirements under existing statutes pertaining to such employment." [1972 ex.s. c 37 § 1.]

41.08.075 Residency as condition of employment—Discrimination because of lack of residency—Prohibited. No city, town, or municipality shall require any person applying for or holding an office, place, position, or employment under the provisions of this chapter or under any local charter or other regulations described in RCW 41.08.010 to reside within the limits of such municipal corporation as a condition of employment, or to discriminate in any manner against any such person because of his or her residence outside of the limits of such city, town, or municipality. (1) Incompetency, inefficiency or inattention to or dereliction of duty;

(2) Dishonesty, intemperance, immoral conduct, insubordination, discourteous treatment of the public, or a fellow employee, or any other act of omission or commission tending to injure the public service; or any other willful failure on

the part of the employee to properly conduct himself or herself; or any willful violation of the provisions of this chapter or the rules and regulations to be adopted hereunder;

(3) Mental or physical unfitness for the position which the employee holds;

(4) Dishonest, disgraceful, immoral or prejudicial conduct;

Any person so removed, suspended, demoted or discharged may within ten days from the time of his or her removal, suspension, demotion or discharge, file with the commission a written demand for an investigation, whereupon the commission shall conduct such investigation. The investigation shall be confined to the determination of the question of whether such removal, suspension, demotion or discharge was or was not made for political or religious reasons and was or was not made in good faith for cause. After such investigation the commission may affirm the removal, or if it shall find that the removal, suspension, or demotion was made for political or religious reasons, or was not made in good faith for cause, shall order the immediate reinstatement or reemployment of such person in the office, place, position or employment from which such person was removed, suspended, demoted or discharged, which reinstatement shall, if the commission so provides in its discretion, be retroactive, and entitle such person to pay or compensation from the time of such removal, suspension, demotion or discharge. The commission upon such investigation, in lieu of affirming the removal, suspension, demotion or discharge may modify the order of removal, suspension, demotion or discharge by directing a suspension, without pay, for a given period, and subsequent restoration to duty, or demotion in classification, grade, or pay; the findings of the commission shall be certified, in writing to the appointing power, and shall be forthwith enforced by such officer.

All investigations made by the commission pursuant to the provisions of this section shall be by public hearing, after

reasonable notice to the accused of the time and place of such hearing, at which hearing the accused shall be afforded an opportunity of appearing in person and by counsel, and presenting his or her defense. If such judgment or order be concurred in by the commission or a majority thereof, the accused may appeal therefrom to the court of original and unlimited jurisdiction in civil suits of the county wherein he or she resides. The commission shall, within ten days after the filing of such notice, make, certify and file such transcript with such court. The court of original and unlimited jurisdiction in civil suits shall thereupon proceed to hear and determine such appeal in a summary manner: PROVIDED, HOWEVER, That such hearing shall be confined to the determination of whether the judgment or order of removal, discharge, demotion or suspension made by the commission, was or was not made in good faith for cause, and no appeal to such court shall be taken except upon such ground or grounds. [2007 c 218 § 6; 1935 c 31 § 9; RRS § 9558-9.]

No person so certified shall be laid off, suspended, or given leave of absence from duty, transferred or reduced in pay or grade, except for reasons which will promote the good of the service, specified in writing, and after an opportunity to be heard by the commission and then only with its consent and approval.

To enable the appointing power to exercise a choice in the filling of positions, no appointment, employment or promotion in any position in the classified service shall be deemed complete until after the expiration of a period of three to six months' probationary service, as may be provided in the rules of the civil service commission during which the appointing power may terminate the employment of the per-

son certified to him or her, or it, if during the performance test thus afforded, upon observation or consideration of the performance of duty, the appointing power deems him or her unfit or unsatisfactory for service in the department. Whereupon the appointing power shall designate the person certified as standing next highest on any such list and such person shall likewise enter upon said duties until some person is found who is deemed fit for appointment, employment or promotion for the probationary period provided therefor, whereupon the appointment, employment or promotion shall be deemed to be complete. 41.12.010 Application of chapter. The provisions of this chapter shall have no application to cities and towns which at the present time have provided for civil service in the police department or which shall subsequently provide for civil service in the police department by local charter or other regulations which said local charter or regulations substantially accomplish the purpose of this chapter, nor to cities having a police force of not more than two persons including the chief of police. [1937 c 13 § 1; RRS § 9558a-1.]

41.12.020 Excluded cities—Repeal of local law—Effect. If any of the cities or towns referred to in RCW 41.12.010 shall at any time repeal the charter provisions or other local acts of said cities or towns providing for civil service for police officers as referred to in RCW 41.12.010, in that event this chapter shall apply to all of such cities and towns which have at any time abolished civil service for members of the police department. [2007 c 218 § 10; 1937 c 13 § 2; RRS § 9558a-2.]

Intent—Finding—2007 c 218: See note following RCW 1.08.130.

41.12.030 Civil service commission—Appointment—Terms—Removal—Quorum. There is hereby created in every city, town or municipality except those referred to in RCW 41.12.010, having fully paid police officers a civil service commission which shall be composed of three persons.

The members of such commission shall be appointed by the person or group of persons who, acting singly or in conjunction, as a mayor, city manager, council, common council, commission, or otherwise, is or are vested by law with the power and authority to select, appoint, or employ the chief of a police department in any such city, prior to the enactment of this chapter. The members of such commission shall serve without compensation. No person shall be appointed a member of such commission who is not a citizen of the United States, a resident of such city for at least three years immediately preceding such appointment, and an elector of the county wherein he or she resides. The term of office of such commissioners shall be for six years, except that the first three members of such commission shall be appointed for different terms, as follows: One to serve for a period of two years, one to serve for a period of four years, and one to serve for a period of six years. Any member of such commission may be removed from office for incompetency, incompatibility or dereliction of duty, or malfeasance in office, or other good cause: PROVIDED, HOWEVER, That no member of

the commission shall be removed until charges have been preferred, in writing, due notice and a full hearing had. The members of such commission shall devote due time and attention to the performance of the duties hereinafter specified and imposed upon them by this chapter. Two members of such commission shall constitute a quorum and the votes of any two members of such commission concurring shall be sufficient for the decision of all matters and the transaction of all business to be decided or transacted by the commission under or by virtue of the provisions of this chapter. Confirmation of said appointment or appointments of commissioners by any legislative body shall not be required. At the time of any appointment not more than two commissioners shall be adherents of the same political party. [2007 c 218 § 11; 1937 c 13 § 3; RRS § 9558a-3.]

Intent—Finding—2007 c 218: See note following RCW 1.08.130.

41.12.040 Organization of commission—Secretary—Powers and duties of commission. Immediately after appointment the commission shall organize by electing one of its members chair and hold regular meetings at least once a month, and such additional meetings as may be required for the proper discharge of their duties.

They shall appoint a secretary and chief examiner, who shall keep the records for the commission, preserve all reports made to it, superintend and keep a record of all examinations held under its direction, and perform such other duties as the commission may prescribe.

The secretary and chief examiner shall be appointed as a result of competitive examination which examination may be either original and open to all properly qualified citizens of the city, town, or municipality, or promotional and limited to persons already in the service of the police department or of the police department and other departments of the city, town, or municipality, as the commission may decide. The secretary and chief examiner may be subject to suspension, reduction, or discharge in the same manner and subject to the same limitations as are provided in the case of members of the police department. It shall be the duty of the civil service commission:

(1) To make suitable rules and regulations not inconsistent with the provisions of this chapter. Such rules and regulations shall provide in detail the manner in which examinations may be held, and appointments, promotions, transfers, reinstatements, demotions, suspensions, and discharges shall be made, and may also provide for any other matters connected with the general subject of personnel administration, and which may be considered desirable to further carry out the general purposes of this chapter, or which may be found to be in the interest of good personnel administration. Such rules and regulations may be changed from time to time. The rules and regulations and any amendments thereof shall be printed, mimeographed, or multigraphed for free public distribution. Such rules and regulations may be changed from time to time;

(2) All tests shall be practical, and shall consist only of subjects which will fairly determine the capacity of persons examined to perform duties of the position to which appointment is to be made, and may include tests of physical fitness and/or of manual skill;

(3) The rules and regulations adopted by the commission shall provide for a credit in accordance with RCW 41.04.010 in favor of all applicants for appointment under civil service, who, in time of war, or in any expedition of the armed forces of the United States, have served in and been honorably discharged from the armed forces of the United States, including the army, navy, and marine corps and the American Red Cross. These credits apply to entrance examinations only;

(4) The commission shall make investigations concerning and report upon all matters touching the enforcement and effect of the provisions of this chapter, and the rules and regulations prescribed hereunder; inspect all institutions, departments, offices, places, positions, and employments affected by this chapter, and ascertain whether this chapter and all such rules and regulations are being obeyed. Such investigations may be made by the commission or by any commissioner designated by the commission for that purpose. Not only must these investigations be made by the commission, but the commission must make like investigation on petition of a citizen, duly verified, stating that irregularities or abuses exist, or setting forth in concise language, in writing, the necessity for such investigation. In the course of such investigation the commission or designated commissioner, or chief examiner, shall have the power to administer oaths, subpoena and require the attendance of witnesses and the production by them of books, papers, documents, and accounts appertaining to the investigation, and also to cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in the superior court; and the oaths administered hereunder and the subpoenas issued hereunder shall have the same force and effect as the oaths administered by a superior court judge in his or her judicial capacity; and the failure upon the part of any person so subpoenaed to comply with the provisions of this section shall be deemed a violation of this chapter, and punishable as such;

(5) Hearings and Investigations: How conducted. All hearings and investigations before the commission, or designated commissioner, or chief examiner, shall be governed by this chapter and by rules of practice and procedure to be adopted by the commission, and in the conduct thereof neither the commission, nor designated commissioner shall be bound by the technical rules of evidence. No informality in any proceedings or hearing, or in the manner of taking testimony before the commission or designated commissioner, shall invalidate any order, decision, rule or regulation made, approved or confirmed by the commission: PROVIDED, HOWEVER, That no order, decision, rule or regulation made by any designated commissioner conducting any hearing or investigation alone shall be of any force or effect whatsoever unless and until concurred in by at least one of the other two members;

(6) To hear and determine appeals or complaints respecting the administrative work of the personnel department; appeals upon the allocation of positions; the rejection of an examination, and such other matters as may be referred to the commission;

(7) Establish and maintain in card or other suitable form a roster of officers and employees;

(8) Provide for, formulate and hold competitive tests to determine the relative qualifications of persons who seek

employment in any class or position and as a result thereof establish eligible lists for the various classes of positions, and to provide that persons laid off because of curtailment of expenditures, reduction in force, and for like causes, head the list in the order of their seniority, to the end that they shall be the first to be reemployed;

(9) When a vacant position is to be filled, to certify to the appointing authority, on written request, the name of the person highest on the eligible list for the class. If there are no such lists, to authorize provisional or temporary appointment list of such class. Such temporary or provisional appointment shall not continue for a period longer than four months; nor shall any person receive more than one provisional appointment or serve more than four months as provisional appointee in any one fiscal year;

(10) Keep such records as may be necessary for the proper administration of this chapter. [1993 c 47 § 5; 1937 c 13 § 5; RRS § 9558a-5.]

Subsequent changes in the designation of which positions are in the unclassified service may be made only with the concurrence of the police chief, the mayor or the city administrator, and the civil service commission, and then only after the civil service commission has heard the issue in an open meeting. If a position initially selected by the police chief to be in the unclassified service is in the classified civil service at the time of the selection, and if the position is occupied, the employee occupying the position has the right to return to the next highest position or a like position in the classified civil service.

(4) All appointments to and promotions in the department shall be made solely on merit, efficiency, and fitness except as provided in RCW 35.13.360 through 35.13.400, which shall be ascertained by open competitive examination and impartial investigation. Any person so removed, suspended, demoted or discharged may within ten days from the time of his or her removal, suspension, demotion or discharge, file with the commission a written demand for an investigation, whereupon the commission shall conduct such investigation. The investigation shall be confined to the determination of the question of whether such removal, suspension, demotion or discharge was or was not made for political or religious reasons and was or was not made in good faith for cause. After such investigation the commission may affirm the removal, or if it shall find that the removal, suspension, or demotion was made for political or religious reasons, or was not made in good faith for cause, shall order the immediate reinstatement or reemployment of such person in the office, place, position or employment from which such person was removed, suspended, demoted or discharged, which reinstatement shall, if the commission so provides in its discretion, be retroactive, and entitle such person to pay or compensation from the time of such removal, suspension, demotion or discharge. The commission upon such investigation, in lieu of affirming the removal, suspension, demotion or discharge may modify the order of removal, suspension, demotion or discharge by directing a suspension, without pay, for

[2007 c 218 § 14; 1937 c 13 § 9; RRS § 9558a-9.]

The commission shall certify the name of the person highest on the eligible list for the class to which the vacant position has been allocated, who is willing to accept employment. If there is no appropriate eligible list for the class, the commission shall certify the name of the person standing highest on said list held appropriate for such class. If more than one vacancy is to be filled an additional name shall be certified for each additional vacancy. The appointing power shall forthwith appoint such person to such vacant position.

Whenever requisition is to be made, or whenever a position is held by a temporary appointee and an eligible list for the class of such position exists, the commission shall forthwith certify the name of the person eligible for appointment to the appointing power, and said appointing power shall forthwith appoint the person so certified to said position. No person so certified shall be laid off, suspended, or given leave of absence from duty, transferred or reduced in pay or grade, except for reasons which will promote the good of the service, specified in writing, and after an opportunity to be heard by the commission and then only with its consent and approval.

To enable the appointing power to exercise a choice in the filling of positions, no appointment, employment or promotion in any position in the classified service shall be deemed complete until after the expiration of a period of three to six months' probationary service, as may be provided in the rules of the civil service commission during which the appointing power may terminate the employment of the person certified to him or her, or it, if during the performance test thus afforded, upon observation or consideration of the performance of duty, the appointing power deems him or her unfit or unsatisfactory for service in the department, whereupon the appointing power shall designate the person certified as standing next highest on any such list and such person shall likewise enter upon said duties until some person is found who is deemed fit for appointment, employment or promotion for the probationary period provided therefor, whereupon the appointment, employment or promotion shall be deemed to be complete. The commission shall refuse to certify the pay of any public officer or employee whom it finds to be illegally or improperly appointed, and may further refuse to certify the pay of any public officer or employee who shall wilfully or through culpable negligence violate or fail to comply with this chapter or

(2008 Ed.)

with the rules of the commission. [1937 c 13 § 13; RRS § 9558a-13.]

[1937 c 13 § 15; RRS § 9558a-15.]

41.12.150 Deceptive practices, false marks, etc., prohibited. No commissioner or any other person shall, by himself or herself, or in cooperation with one or more persons, defeat, deceive, or obstruct any person in respect of his or her right of examination or registration according to the rules and regulations of this chapter, or falsely mark, grade, estimate or report upon the examination or proper standing of any person examined, registered or certified pursuant to the provisions of this chapter, or aid in so doing, or make any false representation concerning the same, or concerning the person examined, or furnish any person any special or secret information for the purpose of improving or injuring the prospects or chances of any person so examined, registered or certified, or to be examined, registered or certified or persuade any other person, or permit or aid in any manner any other person to personate him or her, in connection with any examination or registration of application or request to be examined or registered. [2007 c 218 § 16; 1937 c 13 § 16; RRS § 9558a-16.]

Intent—Finding—2007 c 218: See note following RCW 1.08.130.

[1987 c 251 § 1; 1985 c 429 § 3; 1959 c 1 § 1 (Initiative Measure No. 23, approved November 4, 1958).]

(2008 Ed.)

41.14.030 Civil service commission—Appointment, terms, qualifications, compensation, etc. There is created in each county and in each combination of counties, combined pursuant to RCW 41.14.040 to carry out the provisions of this chapter, a civil service commission which shall be composed of three persons. The commission members shall be appointed by the board of county commissioners, or boards of county commissioners of each combination of counties, within sixty days after December 4, 1958. No person shall be appointed to the commission who is not a citizen of the United States, a resident of the county, or one of the counties combined, for at least two years immediately preceding his appointment, and an elector of the county wherein he resides. The term of office of the commissioners shall be six years, except that the first three members of the commission shall be appointed for different terms, as follows: One to serve for a period of two years, one to serve for a period of four years, and one to serve for a period of six years. Any member of the commission may be removed from office for incompetency, incompatibility, or dereliction of duty, or malfeasance in office, or other good cause: PROVIDED, That no member of the commission shall be removed until charges have been preferred, in writing, due notice, and a full hearing had. Any vacancy in the commission shall be filled by the county commissioners for the unexpired term. Two members of the commission shall constitute a quorum and the votes of any two members concurring shall be sufficient for the decision of all matters and the transaction of all business to be decided or transacted by the commission. Confirmation of the appointment of commissioners by any legislative body shall not be required. At the time of appointment not more than two commissioners shall be adherents of the same political party. No member after appointment shall hold any salaried public office or engage in county employment, other than his commission duties. The members of the commission shall serve without compensation. [1959 c 1 § 3 (Initiative Measure No. 23, approved November 4, 1958).]

41.14.040 Combined system authorized in counties with populations of less than forty thousand. Any counties with populations of less than forty thousand, whether contiguous or not, are authorized to establish and operate a combined civil service system to serve all counties so combined. The combination of any such counties shall be effective whenever each board of county commissioners of the counties involved adopts a resolution declaring intention to participate in the operation of a combined county civil service system in accordance with agreements made between any such counties. Any such combined county civil service commission shall serve the employees of each county sheriff's office impartially and according to need.

All matters affecting the combined civil service commission, including the selection of commissioners, shall be decided by majority vote of all the county commissioners of the counties involved.

All the provisions of this chapter shall apply equally to any such combined civil service system. [1991 c 363 § 114; 1959 c 1 § 4 (Initiative Measure No. 23, approved November 4, 1958).]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

41.14.050 Commission—Organization, meetings—Chief examiner, qualifications, duties. Immediately after appointment the commission shall organize by electing one of its members as chair and shall hold regular meetings at least once a month, and such additional meetings as may be required for the proper discharge of its duties.

The commission shall appoint a chief examiner who shall also serve as secretary of the commission and such assistants as may be necessary. The commission has supervisory responsibility over the chief examiner. The chief examiner shall keep the records for the commission, preserve all reports made to it, superintend and keep a record of all examinations held under its direction, and perform such other duties as the commission may prescribe.

The chief examiner shall be appointed as a result of competitive examination, which examination must be open to all properly qualified citizens of the county: PROVIDED, That no appointee of the commission, either as chief examiner or as an assistant to the chief examiner, shall be an employee of the sheriff's department. The chief examiner may be subject to suspension, reduction, or discharge in the same manner and subject to the same limitations as are provided in the case of members of the classified service. [2007 c 12 § 1; 1979 ex.s. c 153 § 1; 1959 c 1 § 5 (Initiative Measure No. 23, approved November 4, 1958).]

41.14.060 Powers and duties of commission. It shall be the duty of the civil service commission:

(1) To make suitable rules and regulations not inconsistent with the provisions hereof. Such rules and regulations shall provide in detail the manner in which examinations may be held, and appointments, promotions, reallocations, transfers, reinstatements, demotions, suspensions, and discharges shall be made, and may also provide for any other matters connected with the general subject of personnel administration, and which may be considered desirable to further carry out the general purposes of this chapter, or which may be found to be in the interest of good personnel administration. The rules and regulations and any amendments thereof shall be printed, mimeographed, or multigraphed for free public distribution. Such rules and regulations may be changed from time to time.

(2) To give practical tests which shall consist only of subjects which will fairly determine the capacity of persons examined to perform duties of the position to which appointment is to be made. Such tests may include tests of physical fitness or manual skill or both.

(3) To make investigations concerning and report upon all matters touching the enforcement and effect of the provisions of this chapter, and the rules and regulations prescribed hereunder; to inspect all departments, offices, places, positions, and employments affected by this chapter, and ascertain whether this chapter and all such rules and regulations are being obeyed. Such investigations may be made by the commission or by any commissioner designated by the commission for that purpose. Not only must these investigations be made by the commission as aforesaid, but the commission must make like investigation on petition of a citizen, duly verified, stating that irregularities or abuses exist, or setting forth in concise language, in writing, the necessity for such investigation. In the course of such investigation the commis-

sion or designated commissioner, or chief examiner, may administer oaths, subpoena and require the attendance of witnesses and the production by them of books, papers, documents, and accounts appertaining to the investigation and also cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in the superior court; and the oaths administered and the subpoenas issued hereunder shall have the same force and effect as the oaths administered and subpoenas issued by a superior court judge in his judicial capacity; and the failure of any person so subpoenaed to comply with the provisions of this section shall be deemed a violation of this chapter, and punishable as such.

(4) To conduct hearings and investigations in accordance with this chapter and by the rules of practice and procedure adopted by the commission, and in the conduct thereof neither the commission, nor designated commissioner shall be bound by technical rules of evidence. No informality in any proceedings or hearing, or in the manner of taking testimony before the commission or designated commissioner, shall invalidate any order, decision, rule, or regulation made, approved, or confirmed by the commission: PROVIDED, That no order, decision, rule, or regulation made by any designated commissioner conducting any hearing or investigation alone shall be of any force or effect whatsoever unless and until concurred in by at least one of the other two members.

(5) To hear and determine appeals or complaints respecting the allocation of positions, the rejection of an examinee, and such other matters as may be referred to the commission.

(6) To provide for, formulate, and hold competitive tests to determine the relative qualifications of persons who seek employment in any class or position and as a result thereof establish eligible lists for the various classes of positions, and provide that persons laid off, or who have accepted voluntary demotion in lieu of layoff, because of curtailment of expenditures, reduction in force, and for like causes, head the list in the order of their seniority, to the end that they shall be the first to be reemployed or reinstated in their former job class.

(7) To certify to the appointing authority, when a vacant position is to be filled, on written request, the names of the three persons highest on the eligible list for the class. If there is no such list, to authorize a provisional or temporary appointment list for such class. A temporary appointment expires after four months. However, the appointing authority may extend the temporary appointment beyond the four-month period up to one year if the commission continues to advertise and test for the position. If, after one year from the date the initial temporary appointment was first made, there are less than three persons on the eligible list for the class, then the appointing authority may fill the position with any person or persons on the eligible list.

(8) To keep such records as may be necessary for the proper administration of this chapter. [2001 c 232 § 1; 1979 ex.s. c 153 § 2; 1959 c 1 § 6 (Initiative Measure No. 23, approved November 4, 1958).]

41.14.065 Delegation of powers and duties of commission in county with a population of one million or more. Any county with a population of one million or more may assign the powers and duties of the commission to such

county agencies or departments as may be designated by charter or ordinance: PROVIDED, That the powers and duties of the commission under RCW 41.14.120 shall not be assigned to any other body but shall continue to be vested in the commission, which shall exist to perform such powers and duties, together with such other adjudicative functions as may be designated by charter or ordinance. [1991 c 363 § 115; 1987 c 251 § 2.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

41.14.070 Classified and unclassified service designated—Procedures. (1) The classified civil service and provisions of this chapter shall include all deputy sheriffs and other employees of the office of sheriff in each county except the county sheriff in every county and an additional number of positions, designated the unclassified service, determined as follows:

Staff Personnel	Unclassified Position Appointments
1 through 10	2
11 through 20	3
21 through 50	4
51 through 100	5
101 through 250	6
251 through 500	8
501 and over	10

(2) The unclassified position appointments authorized by this section must include selections from the following positions up to the limit of the number of positions authorized: Undersheriff, inspector, chief criminal deputy, chief civil deputy, jail superintendent, and administrative assistant or administrative secretary. The initial selection of specific positions to be exempt shall be made by the sheriff, who shall notify the civil service commission of his or her selection. Subsequent changes in the designation of which positions are to be exempt may be made only with the concurrence of the sheriff and the civil service commission, and then only after the civil service commission has heard the issue in open meeting. Should the position or positions initially selected by the sheriff to be exempt (unclassified) pursuant to this section be under the classified civil service at the time of such selection, and should it (or they) be occupied, the employee(s) occupying said position(s) shall have the right to return to the next highest position or a like position under classified civil service.

(3) In counties with a sheriff's department that operates the 911 emergency communications system, in addition to the unclassified positions authorized in subsections (1), (2), and (4) of this section, the sheriff may designate one unclassified position for the 911 emergency communications system.

(4) In addition to the unclassified positions authorized in this section, the county legislative authority of any county with a population of five hundred thousand or more operating under a home rule charter may designate unclassified positions of administrative responsibility not to exceed twenty positions. [2001 c 151 § 1; 1997 c 62 § 1; 1991 c 363 § 116;

(2008 Ed.)

1979 ex.s. c 153 § 3; 1975 1st ex.s. c 186 § 1; 1959 c 1 § 7 (Initiative Measure No. 23, approved November 4, 1958).]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

41.14.080 Classified service—Appointment, promotion, transfer, suspension, discharge. All appointments to and promotions to positions in the classified civil service of the office of county sheriff shall be made solely on merit, efficiency, and fitness, which shall be ascertained by open competitive examination and impartial investigation: PROVIDED, That before June 30, 1981, employees in an existing county personnel system may be transferred to newly created and classified positions within such county's sheriff's office, in order to permanently transfer the functions of these positions, without meeting the open competitive examination requirements of this section if the transfer is approved by the civil service commission created in RCW 41.14.030. No person in the classified civil service shall be reinstated in or transferred, suspended, or discharged from any such place, position, or employment contrary to the provisions of this chapter. [1980 c 108 § 1; 1959 c 1 § 8 (Initiative Measure No. 23, approved November 4, 1958).]

41.14.090 Status of existing employees in classified service. For the benefit of the public service and to prevent delay, injury, or interruption therein by reason of the enactment hereof, all persons holding a position which is deemed classified by RCW 41.14.070 for a continuous period of six months prior to December 4, 1958, are eligible for permanent appointment under civil service to the offices, places, positions, or employments which they then held without examination or other act on their part, and not on probation; and every such person is automatically adopted and inducted permanently into civil service, into the office, place, position, or employment which he then held as completely and effectually to all intents and purposes as if such person had been permanently appointed thereto under civil service after examination and investigation. [1959 c 1 § 9 (Initiative Measure No. 23, approved November 4, 1958).]

41.14.100 Qualifications of applicants for position. An applicant for a position of any kind under civil service, must be a citizen of the United States who can read and write the English language. [1963 c 95 § 3; 1959 c 1 § 10 (Initiative Measure No. 23, approved November 4, 1958).]

41.14.110 Tenure—Grounds for deprivation. The tenure of every person holding an office, place, position, or employment under the provisions of this chapter shall be only during good behavior, and any such person may be removed or discharged, suspended without pay, demoted, or reduced in rank, or deprived of vacation privileges or other special privileges for any of the following reasons:

(1) Incompetency, inefficiency, or inattention to, or dereliction of duty;

(2) Dishonesty, intemperance, immoral conduct, insubordination, discourteous treatment of the public, or a fellow employee, or any other act of omission or commission tending to injure the public service; or any other wilful failure on

the part of the employee to properly conduct himself; or any wilful violation of the provisions of this chapter or the rules and regulations to be adopted hereunder;

(3) Mental or physical unfitness for the position which the employee holds;

(4) Dishonest, disgraceful, or prejudicial conduct;

(5) Drunkenness or use of intoxicating liquors, narcotics, or any other habit forming drug, liquid, or preparation to such extent that the use thereof interferes with the efficiency or mental or physical fitness of the employee, or which precludes the employee from properly performing the function and duties of any position under civil service;

(6) Conviction of a felony, or a misdemeanor involving moral turpitude;

(7) Any other act or failure to act which in the judgment of the civil service commission is sufficient to show the offender to be an unsuitable and unfit person to be employed in the public service. [1959 c 1 § 11 (Initiative Measure No. 23, approved November 4, 1958).]

41.14.120 Removal, suspension, demotion, or discharge—Procedure—Appeal. No person in the classified civil service who has been permanently appointed or inducted into civil service under provisions of this chapter, shall be removed, suspended, demoted, or discharged except for cause, and only upon written accusation of the appointing power or any citizen or taxpayer; a written statement of which accusation, in general terms, shall be served upon the accused, and a duplicate filed with the commission. Any person so removed, suspended, discharged, or demoted may within ten days from the time of his removal, suspension, discharge, or demotion file with the commission a written demand for an investigation, whereupon the commission shall conduct such investigation. Upon receipt of the written demand for an investigation, the commission shall within ten days set a date for a public hearing which will be held within thirty days from the date of receipt. The investigation shall be confined to the determination of the question of whether the removal, suspension, demotion, or discharge was made in good faith for cause. After such investigation the commission shall render a written decision within ten days and may affirm the removal, suspension, demotion, or discharge, or if it finds that removal, suspension, demotion, or discharge was not made in good faith for cause, shall order the immediate reinstatement or reemployment of such person in the office, place, position, or employment from which he was removed, suspended, demoted, or discharged, which reinstatement shall, if the commission so provides, be retroactive, and entitle such person to pay or compensation from the time of the removal, suspension, demotion, or discharge. The commission upon such investigation, in lieu of affirming a removal, suspension, demotion, or discharge, may modify the order by directing the removal, suspension, demotion, or discharge without pay, for a given period, and subsequent restoration to duty, or demotion in classification, grade, or pay. The findings of the commission shall be certified, in writing to the appointing power, and shall be forthwith enforced by such officer.

All investigations made by the commission pursuant to this section shall be by public hearing, after reasonable notice to the accused of the time and place thereof, at which hearing

the accused shall be afforded an opportunity of appearing in person and by counsel, and presenting his defense. If order of removal, suspension, demotion, or discharge is concurred in by the commission or a majority thereof, the accused may appeal therefrom to the superior court of the county wherein he resides. Such appeal shall be taken by serving the commission, within thirty days after the entry of its order, a written notice of appeal, stating the grounds thereof, and demanding that a certified transcript of the record and of all papers on file in the office of the commission affecting or relating to its order, be filed by the commission with the court. The commission shall, within ten days after the filing of the notice, make, certify, and file such transcript with the court. The court shall thereupon proceed to hear and determine the appeal in a summary manner. Such hearing shall be confined to the determination of whether the order of removal, suspension, demotion, or discharge made by the commission, was or was not made in good faith for cause, and no appeal shall be taken except upon such ground or grounds. The decision of the superior court may be appealed to the supreme court or the court of appeals. [1984 c 199 § 1; 1982 c 133 § 1; 1971 c 81 § 102; 1959 c 1 § 12 (Initiative Measure No. 23, approved November 4, 1958).]

41.14.130 Filling vacancies in classified service—Eligibility list—Probation. Whenever a position in the classified service becomes vacant, the appointing power, if it desires to fill the vacancy, shall requisition the commission for the names and addresses of persons eligible for appointment thereto. Before a requisition can be made, the appointing authority shall give employees of the appointing authority who are in layoff status or who have been notified of an intended layoff an opportunity to qualify for any class within the office of the appointing authority. The commission shall certify the names of the three persons highest on the eligible list for the class to which the vacant position has been allocated, who are willing to accept employment. If there is no appropriate eligible list for the class, the commission shall certify the names of the three persons standing highest on the list held appropriate for such class. If more than one vacancy is to be filled an additional name shall be certified for each additional vacancy. The appointing power shall forthwith appoint a person from those certified to the vacant position.

To enable the appointing power to exercise a greater degree of choice in the filling of positions, no appointment, employment, or promotion in any position in the classified service shall be deemed complete until after the expiration of a period of one year's probationary service, as may be provided in the rules of the civil service commission, during which the appointing power may terminate the employment of the person appointed, if during the performance test thus afforded, upon observation or consideration of the performance of duty, the appointing power deems such person unfit or unsatisfactory for service in the office of county sheriff. Thereupon the appointing power shall again requisition the commission for the names and addresses of persons eligible for appointment in the manner provided by this section and the person appointed in the manner provided by this section shall likewise enter upon said duties for the probationary period, until some person is found who is deemed fit for appointment, employment, or promotion whereupon the

appointment, employment, or promotion shall be deemed complete. [1984 c 199 § 2; 1979 ex.s. c 153 § 4; 1959 c 1 § 13 (Initiative Measure No. 23, approved November 4, 1958).]

41.14.140 Power to fill positions—Consent of county commissioners—Salaries and compensation. All offices, places, positions, and employments coming within the purview of this chapter, shall be filled by the appointing power with the consent of the board of county commissioners, and nothing herein contained shall infringe upon such authority that an appointing power may have to fix the salaries and compensation of all employees employed hereunder. It shall be the duty of the legislative authority of each municipality, each year as a part of its annual tax levy and in addition to the city levy limit set forth in RCW 84.52.043, to levy and place in the fund an additional tax of twenty-two and one-half cents per thousand dollars of assessed value against all taxable property of such municipality: PROVIDED, That

The board may, upon such request being filed, consult such medical advice as it deems fit and proper. If the board finds the firefighter capable of performing his or her duties, it may refuse to recommend retirement and order the firefighter back to duty. If no request for retirement has been received after the expiration of sixty days from the date of his or her disability, the board may recommend retirement of the firefighter. The board shall give the firefighter a thirty-

day written notice of its recommendation, and he or she shall be retired upon expiration of said notice. Upon retirement he or she shall receive a pension equal to fifty percent of his or her basic salary. For a period of ninety days following such disability the firefighter shall receive an allowance from the fund equal to his or her basic salary. He or she shall during said ninety days be provided with such medical, hospital, and nursing care as the board deems proper. No funds shall be expended for such disability if the board determines that the firefighter was gainfully employed or engaged for compensation in other than fire department duty when the disability occurred, or if such disability was the result of dissipation or abuse. Whenever any firefighter shall die as a result of a disability sustained not in the line of duty, his widow or her widower shall receive a monthly pension equal to one-third of his or her basic salary until remarried; if such widow or widower has dependent upon her or him for support a child or children of such deceased firefighter, he or she shall receive an additional pension as follows: One child, one-eighth of the deceased's basic salary; two children, one-seventh; three or more children, one-sixth. All examinations shall be made by physicians duly appointed by the board. If a firefighter shall willfully fail to present himself or herself for examination, within thirty days after being ordered so to do, he or she shall forfeit all rights under this chapter. If such firefighter, upon examination as aforesaid, shall be found fit for service, he or she shall be restored to duty in the same rank held at the time of his or her retirement, or if unable to perform the duties of said rank then, at his or her request, in such other like or lesser rank as may be or become open and available, the duties of which he or she is then able to perform. If she or he at any time so elects in writing and the board after hearing finds it to be financially beneficial to the pension fund, he or she may receive in lieu of all future monthly pension and other benefits, including benefits to child or children, the sum of five thousand dollars in cash. If there be no widow or widower at the time of such firefighter's death or upon the widow's or widower's death the monthly pension benefits hereinabove provided for shall be paid to and divided among his or her child or children share and share alike, until they reach the age of eighteen or are married, whichever occurs first.
