(xii) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70.105.150.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

(a) Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments for the following purposes in descending order of priority: (i) Remedial actions; (ii) hazardous waste plans and programs under chapter 70.105 RCW; (iii) solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW; (iv) funds for a program to assist in the assessment and cleanup of sites of methamphetamine production, but not to be used for the initial containment of such sites, consistent with the responsibilities and intent of RCW 69.50.511; and (v) cleanup and disposal of hazardous substances from abandoned or derelict vessels that pose a threat to human health or the environment. For purposes of this subsection (3)(a)(v), "abandoned or derelict vessels" means vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel. Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW. During the 1999-2001 fiscal biennium, moneys in the account may also be used for the following activities: Conducting a study of whether dioxins occur in fertilizers, soil amendments, and soils; reviewing applications for registration of fertilizers; and conducting a study of plant uptake of metals. During the 2005-2007 fiscal biennium, the legislature may transfer from the local toxics control account to the state toxics control account such amounts as specified in the omnibus capital budget bill. During the 2005-2007 fiscal biennium, moneys in the account may also be used for grants to local governments to retrofit public sector diesel equipment and for storm water planning and implementation activities.

(b) Funds may also be appropriated to the department of health to implement programs to reduce testing requirements under the federal safe drinking water act for public water systems. The department of health shall reimburse the account from fees assessed under RCW 70.119A.115 by June 30, 1995.

(c) To expedite cleanups throughout the state, the department shall partner with local communities and liable parties for cleanups. The department is authorized to use the following additional strategies in order to ensure a healthful environment for future generations:

(i) The director may alter grant-matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of vacant, orphaned, or abandoned property under RCW 70.105D.040(5) that would not otherwise occur;

(ii) The use of outside contracts to conduct necessary studies;

(iii) The purchase of remedial action cost-cap insurance, when necessary to expedite multiparty clean-up efforts.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) One percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. However, during the 1999-2001 fiscal biennium, funding may not be granted to entities engaged in lobbying activities, and applicants may not be awarded grants if their cumulative grant awards under this section exceed two hundred thousand dollars. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation.

(7) The department shall adopt rules for grant or loan issuance and performance.

(8) During the 2005-2007 fiscal biennium, the legislature may transfer from the state toxics control account to the water quality account such amounts as reflect the excess fund balance of the fund.

(9) During the 2007-2009 fiscal biennium, the local toxics control account may also be used for a standby rescue tug at Neah Bay. [2008 c 329 § 920; 2007 c 446 § 2; 2005 c 488 § 926; 2003 1st sp.s. c 25 § 933; 2001 c 27 § 2; 2000 2nd sp.s. c 1 § 912; 1999 c 309 § 923. (xii) Development and demonstration of alternative management technologies designed to carry out the top two hazardous waste management priorities of RCW 70.105.150.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

(b) Funds may also be appropriated to the department of health to implement programs to reduce testing requirements under the federal safe drinking water act for public water systems. The department of health shall reimburse the account from fees assessed under RCW 70.119A.115 by June 30, 1995.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) One percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. **70.105D.080 Private right of action—Remedial action costs.** Except as provided in RCW 70.105D.040(4) (d) and (f), a person may bring a private right of action, including a claim for contribution or for declaratory relief, against any other person liable under RCW 70.105D.040 for the recovery of remedial action costs. In the action, natural resource damages paid to the state under this chapter may also be recovered. Recovery shall be based on such equitable factors as the court determines are appropriate. Remedial action costs shall include reasonable attorneys' fees and expenses. Recovery of remedial action costs shall be limited to those remedial actions that, when evaluated as a whole, are the substantial equivalent of a department-conducted or department-supervised remedial action. Substantial equivalence shall be determined by the court with reference to the rules adopted by the department under this chapter. An action under this section may be brought after remedial action costs are incurred but must be brought within three years from the date remedial action confirms cleanup standards are met or within one year of May 12, 1993, whichever is later. The prevailing party in such an action shall recover its reasonable

attorneys' fees and costs. This section applies to all causes of action regardless of when the cause of action may have arisen. To the extent a cause of action has arisen prior to May 12, 1993, this section applies retroactively, but in all other respects it applies prospectively. [1997 c 406 § 6; 1993 c 326 § 1.]

**Findings—Intent—1997 c 406:** See note following RCW 70.105D.020.

**Effective date—1993 c 326:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 12, 1993]." [1993 c 326 § 2.]

**Severability—1993 c 326:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1993 c 326 § 3.]

**70.105D.090 Remedial actions—Exemption from procedural requirements.** (1) A person conducting a remedial action at a facility under a consent decree, order, or agreed order, and the department when it conducts a remedial action, are exempt from the procedural requirements of chapters 70.94, 70.95, 70.105, 77.55, 90.48, and 90.58 RCW, and the procedural requirements of any laws requiring or authorizing local government permits or approvals for the remedial action. The department shall ensure compliance with the substantive provisions of chapters 70.94, 70.95, 70.105, 77.55, 90.48, and 90.58 RCW, and the substantive provisions of any laws requiring or authorizing local government permits or approvals. The department shall establish procedures for ensuring that such remedial actions comply with the substantive requirements adopted pursuant to such laws, and shall consult with the state agencies and local governments charged with implementing these laws. The procedures shall provide an opportunity for comment by the public and by the state agencies and local governments that would otherwise implement the laws referenced in this section. Nothing in this section is intended to prohibit implementing agencies from charging a fee to the person conducting the remedial action to defray the costs of services rendered relating to the substantive requirements for the remedial action.

(2) An exemption in this section or in RCW 70.94.335, 70.95.270, 70.105.116, \*77.55.030, 90.48.039, and 90.58.355 shall not apply if the department determines that the exemption would result in loss of approval from a federal agency necessary for the state to administer any federal law, including the federal resource conservation and recovery act, the federal clean water act, the federal clean air act, and the federal coastal zone management act. Such a determination by the department shall not affect the applicability of the exemptions to other statutes specified in this section. [2003 c 39 § 30; 1994 c 257 § 14.]

\*Reviser's note: RCW 77.55.030 was recodified as RCW 77.55.061 pursuant to 2005 c 146 § 1001.

**Severability—1994 c 257:** See note following RCW 36.70A.270.

**70.105D.100 Grants to local governments—Statement of environmental benefits—Development of outcome-focused performance measures.** In providing grants to local governments, the department shall require grant recipients to incorporate the environmental benefits of the project into their grant applications, and the department shall

utilize the statement of environmental benefit[s] in its prioritization and selection process. The department shall also develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grant program. To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270. The department shall consult with affected interest groups in implementing this section. [2001 c 227 § 5.]

**Findings—Intent—2001 c 227:** See note following RCW 43.41.270.

**70.105D.110 Releases of hazardous substances—Notice—Exemptions.** (1) Except as provided in subsection (5) of this section, any owner or operator of a facility that is actively transitioning from operating under a federal permit for treatment, storage, or disposal of hazardous waste issued under 42 U.S.C. Sec. 6925 to operating under the provisions of this chapter, who has information that a hazardous substance has been released to the environment at the owner or operator's facility that may be a threat to human health or the environment, shall issue a notice to the department within ninety days. The notice shall include a description of any remedial actions planned, completed, or underway.

(2) The notice must be posted in a visible, publicly accessible location on the facility, to remain in place until all remedial actions except confirmational monitoring are complete.

(3) After receiving the notice from the facility, the department must review the notice and mail a summary of its contents, along with any additional information deemed appropriate by the department, to:

(a) Each residence and landowner of a residence whose property boundary is within three hundred feet of the boundary of the property where the release occurred or if the release occurred from a pipeline or other facility that does not have a property boundary, within three hundred feet of the actual release;

(b) Each business and landowner of a business whose property boundary is within three hundred feet of the boundary of the property where the release occurred;

(c) Each residence, landowner of a residence, and business with a property boundary within the area where hazardous substances have come to be located as a result of the release;

(d) Neighborhood associations and community organizations representing an area within one mile of the facility and recognized by the city or county with jurisdiction within this area;

(e) The city, county, and local health district with jurisdiction within the areas described in (a), (b), and (c) of this subsection; and

(f) The department of health.

(4) A notice produced by a facility shall provide the following information:

(a) The common name of any hazardous substances released and, if available, the chemical abstract service registry number of these substances;

(b) The address of the facility where the release occurred;

(c) The date the release was discovered;

- (d) The cause and date of the release, if known;
  - (e) The remedial actions being taken or planned to address the release;
  - (f) The potential health and environmental effects of the hazardous substances released; and
  - (g) The name, address, and telephone number of a contact person at the facility where the release occurred.
- (5) The following releases are exempt from the notification requirements in this section:
- (a) Application of pesticides and fertilizers for their intended purposes and according to label instructions;
  - (b) The lawful and nonnegligent use of hazardous household substances by a natural person for personal or domestic purposes;
  - (c) The discharge of hazardous substances in compliance with permits issued under chapter 70.94, 90.48, or 90.56 RCW;
  - (d) De minimis amounts of any hazardous substance leaked or discharged onto the ground;
  - (e) The discharge of hazardous substances to a permitted waste water treatment facility or from a permitted waste water collection system or treatment facility as allowed by a facility's discharge permit;
  - (f) Any releases originating from a single-family or multifamily residence, including but not limited to the discharge of oil from a residential home heating oil tank with the capacity of five hundred gallons or less;
  - (g) Any spill on a public road, street, or highway or to surface waters of the state that has previously been reported to the United States coast guard and the state division of emergency management under chapter 90.56 RCW;
  - (h) Any release of hazardous substances to the air;
  - (i) Any release that occurs on agricultural land, including land used to grow trees for the commercial production of wood or wood fiber, that is at least five acres in size, when the effects of the release do not come within three hundred feet of any property boundary. For the purposes of this subsection, agricultural land includes incidental uses that are compatible with agricultural or silvicultural purposes, including, but not limited to, land used for the housing of the owner, operator, or employees, structures used for the storage or repair of equipment, machinery, and chemicals, and any paths or roads on the land; and
  - (j) Releases that, before January 1, 2003, have been previously reported to the department, or remediated in compliance with a settlement agreement under RCW 70.105D.040(4) or enforcement order or agreed order issued under this chapter or have been the subject of an opinion from the department under RCW 70.105D.030(1)(i) that no further remedial action is required.

An exemption from the notification requirements of this section does not exempt the owner or operator of a facility from any other notification or reporting requirements, or imply a release from liability under this chapter.

(6) If a significant segment of the community to be notified speaks a language other than English, an appropriate translation of the notice must also be posted and mailed to the department in accordance with the requirements of this section.

(7) The facility where the release occurred is responsible for reimbursing the department within thirty days for the

actual costs associated with the production and mailing of the notices under this section. [2002 c 288 § 2.]

**Effective date—2002 c 288 §§ 2-4:** "Sections 2 through 4 of this act take effect January 1, 2003." [2002 c 288 § 6.]

**Severability—2002 c 288:** See note following RCW 70.105D.010.

**70.105D.120 Puget Sound partners.** When administering funds under this chapter, the department shall give preference only to Puget Sound partners, as defined in RCW 90.71.010, in comparison to other entities that are eligible to be included in the definition of Puget Sound partner. Entities that are not eligible to be a Puget Sound partner due to geographic location, composition, exclusion from the scope of the Puget Sound action agenda developed by the Puget Sound partnership under RCW 90.71.310, or for any other reason, shall not be given less preferential treatment than Puget Sound partners. [2007 c 341 § 31.]

**Severability—Effective date—2007 c 341:** See RCW 90.71.906 and 90.71.907.

**70.105D.130 Cleanup settlement account—Reporting requirements.** (1) The cleanup settlement account is created in the state treasury. The account is not intended to replace the state toxics control account established under RCW 70.105D.070. All receipts from the sources identified in subsection (2) of this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only as identified in subsection (4) of this section.

(2) The following receipts must be deposited into the cleanup settlement account:

(a) Receipts from settlements or court orders that direct payment to the account and resolve a person's liability or potential liability under this chapter for either or both of the following:

(i) Conducting future remedial action at a specific facility, if it is not feasible to require the person to conduct the remedial action based on the person's financial insolvency, limited ability to pay, or insignificant contribution under RCW 70.105D.040(4)(a);

(ii) Assessing or addressing the injury to natural resources caused by the release of a hazardous substance from a specific facility; and

(b) Receipts from investment of the moneys in the account.

(3) If a settlement or court order does not direct payment of receipts described in subsection (2)(a) of this section into the cleanup settlement account, then the receipts from any payment to the state must be deposited into the state toxics control account.

(4) Expenditures from the cleanup settlement account may only be used to conduct remedial actions at the specific facility or to assess or address the injury to natural resources caused by the release of hazardous substances from that facility for which the moneys were deposited in the account. Conducting remedial actions or assessing or addressing injury to natural resources includes direct expenditures and indirect expenditures such as department oversight costs.

(5) The department shall track moneys received, interest earned, and moneys expended separately for each facility.

(6) After the department determines that all remedial actions at a specific facility, and all actions assessing or addressing injury to natural resources caused by the release of hazardous substances from that facility, are completed, including payment of all related costs, any moneys remaining for the specific facility must be transferred to the state toxics control account established under RCW 70.105D.070.

(7) The department shall provide the office of financial management and the fiscal committees of the legislature with a report by October 31st of each year regarding the activity within the cleanup settlement account during the previous fiscal year. [2008 c 106 § 1.]

**70.105D.900 Short title—1989 c 2.** This act shall be known as "the model toxics control act." [1989 c 2 § 22 (Initiative Measure No. 97, approved November 8, 1988).]

**70.105D.905 Captions—1989 c 2.** As used in this act, captions constitute no part of the law. [1989 c 2 § 21 (Initiative Measure No. 97, approved November 8, 1988).]

**70.105D.910 Construction—1989 c 2.** The provisions of this act are to be liberally construed to effectuate the policies and purposes of this act. In the event of conflict between the provisions of this act and any other act, the provisions of this act shall govern. [1989 c 2 § 19 (Initiative Measure No. 97, approved November 8, 1988).]

**70.105D.915 Existing agreements—1989 c 2.** The consent orders and decrees in effect on March 1, 1989, shall remain valid and binding. [1989 c 2 § 20 (Initiative Measure No. 97, approved November 8, 1988).]

**70.105D.920 Effective date—1989 c 2.** (1) Sections 1 through 24 of this act shall take effect March 1, 1989, except that the director of ecology and the director of revenue may take whatever actions may be necessary to ensure that sections 1 through 24 of this act are implemented on their effective date.

\*(2) This section does not apply and shall have no force or effect if (a) this act is passed by the legislature in the 1988 regular session or (b) no bill is enacted by the legislature involving hazardous substance cleanup (along with any other subject matter) between August 15, 1987, and January 1, 1988. [1989 c 2 § 26 (Initiative Measure No. 97, approved November 8, 1988).]

**70.105E.010 Purpose.** The purpose of chapter 1, Laws of 2005 is to prohibit sites at which mixed radioactive and hazardous wastes have contaminated or threaten to contaminate the environment, such as at the Hanford nuclear reservation, from adding more waste that is not generated from the cleanup of the site until such waste on-site has been cleaned up and is stored, treated, or disposed of in compliance with all state and federal environment laws. [2005 c 1 § 1 (Initiative Measure No. 297, approved November 2, 2004).]

**Reviser's note:** Initiative Measure No. 297 was declared unconstitutional in its entirety in *United States of America, et al. v. Manning, et al.*, U.S.D.C. No. CV-04-5128-AAM (E.D. Wash. 2006).

**70.105E.020 Policy.** (1) The Hanford nuclear reservation, through which the Columbia river flows for fifty miles, is the most contaminated area in North America. Use of Hanford as a national waste dump for radioactive and/or hazardous or toxic wastes will increase contamination and risks.

(2) Cleanup is the state of Washington's top priority at sites with hazardous waste contamination that threatens our rivers, groundwater, environment, and health. Adding more waste to contaminated sites undermines the cleanup of those sites. Cleanup is delayed and funds and resources diverted if facilities needed to treat or clean up existing waste are used for imported waste, and if larger facilities must be built to accommodate off-site wastes.

(3) The fundamental and inalienable right of each person residing in Washington state to a healthy environment has been jeopardized by pollution of air and water spreading from Hanford.

(4) The economy of Washington state, from agriculture to tourism, to fisheries, could be irreparably harmed from any accident releasing radiation or mixed radioactive and hazardous wastes.

(5) It is Washington state policy to prohibit adding more waste to a site where mixed radioactive and hazardous wastes (a) are not stored or monitored in compliance with state and federal hazardous waste laws and (b) have been dumped in unlined soil trenches which threaten to contaminate our state's resources.

(6) It is state policy to protect Washington's current and future residents, particularly children and other sensitive individuals, from the cumulative risks of cancer caused by all cancer-causing hazardous substances, including radionu-

clides, by ensuring that hazardous substance release and disposal sites meet the standards established pursuant to chapter 70.105D RCW.

(7) Effective public and tribal involvement is necessary for government agencies to make sound decisions that will protect human health and the environment for thousands of years. It is Washington state policy to encourage and enhance effective public and tribal involvement in the complex decisions relating to cleanup, closure, permitting, and transportation of mixed waste; and to provide effective assistance to the public and local governments in reviewing and commenting upon complex decision documents. It is appropriate that the polluter pay for necessary public participation for decisions relating to waste releases and risks from mixed waste sites.

(8) The transport of mixed radioactive and hazardous wastes is inherently dangerous, and should be minimized. Decisions involving transportation of these wastes must be made with full involvement of the potentially affected public through whose communities these wastes will pass. [2005 c 1 § 2 (Initiative Measure No. 297, approved November 2, 2004).]

**Reviser's note:** Initiative Measure No. 297 was declared unconstitutional in its entirety in *United States of America, et al. v. Manning, et al.*, U.S.D.C. No. CV-04-5128-AAM (E.D. Wash. 2006).

**70.105E.030 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Dangerous waste" has the same meaning as the term is defined in RCW 70.105.010.

(2) "Department" means the department of ecology.

(3) "Dispose" or "disposal" have the same meanings as the terms are defined in RCW 70.105.010.

(8) "Local government" means a city, town, or county.

(9) "Mixed waste" or "mixed radioactive and hazardous waste" means any hazardous substance or dangerous or extremely hazardous waste that contains both a nonradioactive hazardous component and a radioactive component, including any such substances that have been released to the environment, or pose a threat of future release, in a manner that may expose persons or the environment to either the non-radioactive or radioactive hazardous substances.

(10) "Mixed waste surcharge" means an additional charge for the purposes of local government and public participation in decisions relating to mixed waste facilities: Added to the service charge assessed under RCW 70.105.280 against those facilities that store, treat, incinerate, or dispose of mixed wastes; or against facilities at which mixed wastes have been released, or which are undergoing closure pursuant

to chapter 70.105 RCW or remedial action pursuant to chapter 70.105D RCW.

In the event of a release of hazardous substances, "site" includes any area, or body of surface or ground water, where a hazardous substance has been deposited, stored, disposed of, placed, migrated to, or otherwise come to be located.

(15) Unless otherwise defined, or the context indicates otherwise, terms not defined in this section have the same meaning as defined in chapter 70.105 RCW, when used in this chapter. [2005 c 1 § 3 (Initiative Measure No. 297, approved November 2, 2004).]

**Reviser's note:** Initiative Measure No. 297 was declared unconstitutional in its entirety in *United States of America, et al. v. Manning, et al.*, U.S.D.C. No. CV-04-5128-AAM (E.D. Wash. 2006).

**70.105E.040 Duties of the department of ecology to regulate mixed wastes.** (1) The department of ecology shall regulate mixed wastes to the fullest extent it is not preempted by federal law, pursuant to chapter 70.105 RCW and the further provisions of this chapter.

(2) Any facility owner or operator of a site storing, managing, processing, transferring, treating, or disposing of mixed wastes shall apply for and obtain a final facility permit under chapter 70.105 RCW, this chapter, and the federal resource, conservation, and recovery act (RCRA), 42 U.S.C. Sec. 6901 et seq., as amended, before transporting to, storing or disposing at, the facility any additional mixed wastes not generated at the facility. At any facility granted a sitewide permit, under which permits for individual units are appended or become individual chapters, final facility permits must be applied for and obtained, for each unit or facility within the site where mixed wastes are, or will be, stored or disposed, prior to transporting to, storing or disposing at, the facility any additional mixed wastes not generated at the facility.

(3) The department shall not issue any permit requested under subsection (2) of this section unless the facility owner or operator is in compliance with the requirements of chapter 70.105 RCW, this chapter, and RCRA, 42 U.S.C. Sec. 6901 et seq., as amended, for obtaining and maintaining a final facility permit for existing mixed wastes stored, treated, or disposed of at the facility.

(4) If any sites, units, or facilities have interim status or an interim status permit, but fail to meet requirements for maintaining interim status under chapter 70.105 RCW, this chapter, or RCRA, 42 U.S.C. Sec. 6901 et seq., as amended, including but not limited to groundwater monitoring and compliance requirements, the department shall find that the applicant for a final facility permit for mixed wastes under this section has failed to demonstrate compliance for pur-

poses of obtaining such a permit pursuant to subsection (2) or (3) of this section.

(5) The addition of new trenches or cells, or widening or deepening of trenches, at a site with existing trenches containing mixed wastes shall be considered an expansion of the existing facilities for purposes of compliance with chapter 70.105 RCW or this chapter, and any permit or permit modification for such expansion shall be subject to the requirements of this section.

(6)(a) The department shall not issue a permit, or modify any existing permit, allowing for the treatment, storage, or disposal of any additional mixed wastes not generated at the site or facility as part of a remedial or corrective action, until:

(i) The site or facility is in full compliance with the requirements of chapter 70.105 RCW, this chapter, and RCRA, 42 U.S.C. Sec. 6901 et seq., as amended, for obtaining and maintaining a closure permit for any facility or unit from which a release of hazardous substances has occurred or is threatened to occur, after characterization and corrective action; or

(ii) The department has issued a formal determination that no further remedial action is necessary to remedy such a release pursuant to chapter 70.105D RCW.

(b) The prohibitions of this subsection (6) against granting or modifying a permit apply whenever a release of a hazardous substance, including but not limited to releases of radionuclides and any other carcinogenic substances, has occurred at a site or facility, and such release, or the cumulative impact of all releases at the site, are projected by the department to have the potential to exceed the following standards:

(i) Surface or ground water standards established pursuant to federal or state laws, including but not limited to maximum concentration limits, drinking water, or other standards; or

(ii) Cleanup or other standards adopted to protect human health or the environment pursuant to RCW 70.105D.030.

(7) Until all the requirements of subsection (6) [of this section] have been met, the department shall, by permit condition, limit any new construction of, expansion of, or final facility permit for, a facility for treating, storing or disposing of mixed waste to the capacity or size necessary for investigation, characterization, remediation, or corrective action of facilities or units undergoing closure, or remedial or corrective action at the site.

(8) The department may grant or modify permits pursuant to chapter 70.105 RCW solely for the purpose of remediating or closing existing facilities or units where there has been a release or threatened release of mixed wastes, if the permit expressly bars the storage or disposal of wastes that are not generated on-site pursuant to a remedial action, closure or corrective action approved by the department pursuant to this chapter or chapter 70.105D RCW.

(9) The department may permit specific treatment capacity at sites subject to the limitations of this section to be utilized for remediation or clean-up wastes from other sites, consistent with a site treatment plan approved by the department pursuant to RCRA, 42 U.S.C. [Sec.] 6901 et seq., as amended; provided that the department determines, after public notice and comment and consideration of impacts and alternatives in an environmental impact statement prepared

(2008 Ed.)

pursuant to chapter 43.21C RCW, that use of such capacity will not: (i) Significantly increase any emissions, discharges, risks or consequences of potential accidents; (ii) result in permanent disposal of imported off-site wastes in the soil at the site; (iii) be stored in excess of any applicable time limits, or any applicable requirement; or, (iv) impact funding for cleanup and corrective actions at the site or, result in delay of treatment or remediation of wastes at the site. [2005 c 1 § 4 (Initiative Measure No. 297, approved November 2, 2004).]

**Reviser's note:** Initiative Measure No. 297 was declared unconstitutional in its entirety in *United States of America, et al. v. Manning, et al.*, U.S.D.C. No. CV-04-5128-AAM (E.D. Wash. 2006).

**70.105E.050 Releases of radioactive substances—Clean-up standards.** (1) The department shall consider releases, or potential releases, of radioactive substances or radionuclides as hazardous substances if the radioactive substance poses a risk of a carcinogenic, toxic, or any other adverse health or environmental effect. The department shall require corrective action for, or remediation of, such releases to meet the same health risk based minimum clean-up standards as adopted for other carcinogenic, toxic, or other hazardous substances posing similar health risks pursuant to RCW 70.105D.030.

(2) The department shall include all known or suspected human carcinogens, including radionuclides and radioactive substances, in calculating the applicable clean-up standard, corrective action level, or maximum allowable projected release from a landfill or other facility or unit at which mixed wastes are stored, disposed, or are reasonably believed by the department to be present, for purposes of chapter 70.105 RCW, this chapter, or chapter 70.105D RCW. In making any permit decision pursuant to chapter 70.105 RCW or this chapter, or in reviewing the adequacy of any environmental document prepared by another state, local, or federal agency, relating to mixed waste sites or facilities, the department shall ensure that the cumulative risk from all such carcinogens does not exceed the maximum acceptable carcinogen risk established by the department for purposes of determining clean-up standards pursuant to RCW 70.105D.030, or one additional cancer caused from exposure to all potential releases of hazardous substances at the site per one hundred thousand exposed individuals, whichever is more protective. [2005 c 1 § 5 (Initiative Measure No. 297, approved November 2, 2004).]

**Reviser's note:** Initiative Measure No. 297 was declared unconstitutional in its entirety in *United States of America, et al. v. Manning, et al.*, U.S.D.C. No. CV-04-5128-AAM (E.D. Wash. 2006).

**70.105E.060 Disposal of waste in unlined trenches—Investigation and cleanup of unlined trenches—Closure of mixed waste tank systems.** (1)(a) The department, within sixty days after December 2, 2004, shall order any site owner or operator utilizing landfills or burial grounds containing unlined soil trenches in which mixed wastes are reasonably believed by the department to have been disposed to:

(i) Cease disposal of all further wastes in unlined soil trenches or facilities within thirty days of the order;

(ii) Initiate an investigation to provide the department with an inventory based on actual characterization of all hazardous substances potentially disposed in unlined trenches;

(iii) Initiate an investigation of releases or potential releases of any hazardous substances that were potentially disposed in unlined trenches;

(iv) Prepare, or pay the costs of the department to prepare, pursuant to the provisions of chapters 70.105 and 70.105D RCW, a plan for waste retrieval, treatment, closure, and monitoring for the unlined soil trenches, which may include temporary caps pending full characterization and remediation, the schedule for which shall be based upon determination of requirements to prevent migration of wastes; and

(v) Install and maintain a groundwater and soil column monitoring system, within two years, which is in compliance with all requirements of chapter 70.105 RCW, this chapter, and RCRA, 42 U.S.C. Sec. 6901 et seq., as amended.

(b) The department shall provide, by rule, for public notice, hearings, and comment on the scope of investigations and all actions necessary to fulfill the purposes of this section. Notice to the public for purposes of this section shall include a description of potential impacts to health or the environment from the facilities, and the potential for any state resources, or land areas, to be restricted from future use due to potential releases of hazardous substances from the site or facility.

(2) At any site with one or more land disposal facilities or units containing unlined trenches or pits, at which mixed wastes are stored or were disposed, any proposed expansion of such land disposal facility or unit, or application to permit new land disposal facilities at the same site, shall be considered to be an impermissible expansion of the existing units or facilities where:

(a) There is a reasonable basis to believe mixed or hazardous wastes are buried or stored that have not been fully characterized to conclusively determine that no mixed or hazardous wastes are present;

(b) A release of a hazardous substance has occurred, including but not limited to releases of radioactive or mixed wastes; or

(c) The department has information to indicate that there is a significant potential for a release of hazardous substances.

(3) Determinations and permit actions, pursuant to chapter 70.105 RCW or this chapter, relating to the closure of tank systems consisting of one or more interconnected tanks in which mixed wastes are currently, or were, stored, shall be made by the department only after consideration of the cumulative impacts of all tank residuals and leaks from such systems at the site pursuant to chapter 43.21C RCW. Actions may not be taken to close individual tanks, or which may prevent the retrieval of residual mixed wastes remaining in a tank, in any element of the tank system, or in the soil due to leaks from the tank system, prior to compliance with this section and determination of the quantity, nature, and potential impacts from such residuals or releases. In no event may the department allow the use of a landfill closure for mixed waste tank systems prior to all potentially effective and practicable actions having been taken to characterize, and remediate, releases and potential releases. The department may require research and development of technologies for characterization or retrieval pursuant to this section. [2005 c 1 § 6 (Initiative Measure No. 297, approved November 2, 2004).]

**Reviser's note:** Initiative Measure No. 297 was declared unconstitutional in its entirety in *United States of America, et al. v. Manning, et al.*, U.S.D.C. No. CV-04-5128-AAM (E.D. Wash. 2006).

**70.105E.070 Disclosure of costs and clean-up budgets.** The department shall require, as a condition for any permit issued pursuant to the provisions of chapter 70.105 RCW or this chapter for facilities storing, treating, or disposing of mixed wastes, and at which hazardous substance releases to the environment have occurred, and remedial or corrective action has not been completed, that the site owner or operator disclose annually to the department the projected total and annual cost of each project or action required to meet the provisions of each applicable federal or state law governing investigation, cleanup, corrective action, closure, or health and safety of facilities at the site; and, if the owner or operator is a state or federal agency, the budgets or budget requests for such purposes for the owner's current fiscal year and each of the upcoming three fiscal years. Where the owner of the site is a federal agency, the annual disclosure shall be provided to the department within fourteen days of: Submission of the agency's budget request to congress; final appropriation of funds; and at the time any field request is submitted to the agency's headquarters for funding in fiscal years beyond the current fiscal year. The disclosures to the department required by this section shall include, at a minimum, a comparison of the cost estimate for all activity required by compliance orders, decrees, schedules, or agreements, with the funds requested and with the funds appropriated. The owner or operator shall provide additional detail on projected costs and budgets, at the request of the department. Every year, the department shall hold public hearings, and seek advice from the site advisory board, on the disclosures required by this section and funding priorities. [2005 c 1 § 7 (Initiative Measure No. 297, approved November 2, 2004).]

**Reviser's note:** Initiative Measure No. 297 was declared unconstitutional in its entirety in *United States of America, et al. v. Manning, et al.*, U.S.D.C. No. CV-04-5128-AAM (E.D. Wash. 2006).

**70.105E.080 Exemptions: Naval reactor disposal at Hanford—Low-level waste compact.** (1) Intent. The state of Washington has previously permitted, and committed to assist in the national need for, disposal of sealed nuclear reactor vessels and compartments from submarines and other vessels of the United States navy; and to operate a regional disposal site for low-level waste with no hazardous waste pursuant to an interstate compact. The United States navy reactor vessels or compartments are sealed in a manner estimated to prevent release of hazardous or radioactive wastes for hundreds of years, exceeding the performance of a liner system while disposal trenches are operating. Therefore, the state of Washington accepts the burden and risks of continued disposal of retired United States navy reactor vessels and low-level waste pursuant to the compact, recognizing that this disposal will cause future impacts to the soil, environment, and groundwater.

(2) Nothing in chapter 1, Laws of 2005 shall affect existing permits for, or in any manner prohibit, the storage or disposal of sealed nuclear reactor vessels or compartments from retired United States navy submarines or surface ships at the existing disposal facility at Hanford, or affect existing per-

mits for the operation of any facility by the federal government at which United States navy reactors are decommissioned or refueled.

(3) Obligations of the state pursuant to the Northwest interstate compact on low-level radioactive waste management and agreements made by the compact shall not be interfered with or affected by any provision of chapter 1, Laws of 2005. If hazardous or mixed wastes have been disposed or released at any facility operated pursuant to the compact, the relevant provisions of this chapter apply. [2005 c 1 § 8 (Initiative Measure No. 297, approved November 2, 2004).]

**Reviser's note:** Initiative Measure No. 297 was declared unconstitutional in its entirety in *United States of America, et al. v. Manning, et al.*, U.S.D.C. No. CV-04-5128-AAM (E.D. Wash. 2006).

#### **70.105E.090 Advisory board—Public involvement—**

**Funding.** (1) At any site or facility at which there has been a release of mixed wastes, permits issued under chapter 70.105 RCW for mixed waste facilities shall provide for the operation and funding of a broadly representative advisory board. The board shall be composed of representatives chosen by: Potentially affected tribes; regional and statewide citizen groups with an established record of concern regarding human health or the environment impacted or potentially impacted by releases from the site; local groups concerned with health and resource impacts; local governments; and the state of Oregon if that state may be, or has been, impacted by the release or threatened release of waste. Such permits shall specify that the advisory board be continued with adequate funding, provided by the owner or operator of the site, to perform its chartered functions until final closure or certification of the completion of remedial or corrective action.

(2) The department shall request the advisory board created or maintained at a facility pursuant to this section to advise it on procedural and substantive matters necessary for informed public comment. The department shall formally consider and respond to any comments from the advisory board regarding exposure scenarios prior to issuing any decision on a remedial, corrective, or closure action.

(3) The department shall base planning for its own oversight and permitting functions utilizing an assumption that mixed waste facility service charges established pursuant to RCW 70.105.280 should not be less than one percent of the first two hundred million dollars of the estimated annual site clean-up budget for the coming year, and one-half of one percent of the estimated annual site clean-up budget above that level. If the department determines that a lower or higher level of service charges is necessary to support its oversight and public involvement functions, then it shall seek comment from any advisory committee established for the site, and from the public, regarding the appropriate level of support.

(4)(a) Due to the complexity of issues involving mixed waste storage, treatment and disposal facilities, at such facilities, the department shall make available annual local government and public participation grants for both: (i) Assistance in public review of mixed waste permit, closure, and clean-up decisions; and, (ii) review of, and public comment on, site budgets, compliance costs and funding priorities. Public participation grants pursuant to this section shall be provided as determined by the criteria adopted by the department pursuant to RCW 70.105D.070(5). Local government

(2008 Ed.)

grants pursuant to this section shall be made available to either a local government or a coalition of local governments. Grants under this section may be renewed annually at a level two times that permitted under RCW 70.105D.070(5), and shall not be subject to annual appropriation by the legislature.

(b) Local government and public participation grants established under this chapter shall be funded through the state toxics control account, by charging an applicant or permit holder a mixed waste surcharge added to the service charge established by RCW 70.105.280. This surcharge shall be collected and administered consistent with the procedures and requirements established in this section and RCW 70.105.280 to ensure adequate public and local government involvement. This mixed waste surcharge shall be no less than fifteen one-hundredths of one percent of the first two hundred million dollars of annual site budget for all related clean-up activities, of which five one-hundredths of one percent shall be available for grants to local government. The mixed waste surcharge for public and local government participation grants shall be five one-hundredths of one percent of the portion of any estimated annual site clean-up budget exceeding two hundred million dollars. Any unused mixed waste surcharges assessed under this section shall remain in the state toxics control account established pursuant to chapter 70.105D RCW, and shall be utilized to reduce the mixed waste surcharge assessed the owner or operator of the facility in future years.

(5) For federal facilities with releases of mixed wastes or hazardous substances owned or operated [by] a federal agency, such as Hanford, the annual site clean-up budget shall be determined by the department, for purposes of this section, based upon the greater of the congressional budget request or appropriations of the federal government for activities at the site related to cleanup or waste management. If the appropriation amount for a fiscal year exceeds the congressional budget request, the department shall adjust the assessment of the mixed waste surcharge within thirty days of final enactment of the appropriation. [2005 c 1 § 9 (Initiative Measure No. 297, approved November 2, 2004).]

**Reviser's note:** Initiative Measure No. 297 was declared unconstitutional in its entirety in *United States of America, et al. v. Manning, et al.*, U.S.D.C. No. CV-04-5128-AAM (E.D. Wash. 2006).

**70.105E.100 Enforcement and appeals.** (1) Any person may bring a civil action to compel the owner or operator of a mixed waste facility to comply with the requirements of this chapter or any permit or order issued by the department pursuant to this chapter; or to compel the department to perform any nondiscretionary duty under this chapter. At least thirty days before commencing the action, the person must give written notice to the department of intent to sue, unless a substantial endangerment exists. The court may award attorney fees and other costs to a prevailing plaintiff in the action.

(2) Orders of the department relating to mixed waste facilities under this chapter may be appealed to the pollution control hearings board, by any person whose interests in natural resources or health may be adversely affected by the action or inaction of the department.

(3) Civil actions under this section may be brought in superior court of Thurston county or of the county in which the release or threatened release of a hazardous substance

occurs, or where mixed wastes that are the subject of the action may be transported, stored, treated, or disposed.

(4) Any violation of this chapter shall be considered a violation of chapter 70.105 RCW, and subject to all enforcement actions by the department or attorney general for violations of that chapter, including imposition of civil or criminal penalties. [2005 c 1 § 10 (Initiative Measure No. 297, approved November 2, 2004).]

**70.105E.900 Construction—2005 c 1 (Initiative Measure No. 297).** The provisions of this act are to be liberally construed to effectuate the policies and purposes of this act. In the event of conflict between the provisions of this act and any other act, the provisions of this act shall govern. [2005 c 1 § 11 (Initiative Measure No. 297, approved November 2, 2004).]

*Radioactive and hazardous waste emergency response programs, state coordinator: RCW 38.52.030.*

**70.106.010 Purpose.** The purpose of this chapter is to provide for special packaging to protect children from personal injury, serious illness or death resulting from handling, using or ingesting household substances, and to provide penalties. [1974 ex.s. c 49 § 1.]

**70.106.020 Short title.** This chapter shall be cited as the Washington Poison Prevention Act of 1974. [1974 ex.s. c 49 § 2.]

**70.106.030 Definitions—Construction.** The definitions in RCW 70.106.040 through 70.106.090 unless the context otherwise requires shall govern the construction of this chapter. [1974 ex.s. c 49 § 3.]

**70.106.040 "Director" defined.** "Director" means the director of the department of agriculture of the state of Washington, or his duly authorized representative. [1974 ex.s. c 49 § 4.]

**70.106.050 "Sale" defined.** "Sale" means to sell, offer for sale, hold for sale, handle or use as an inducement in the promotion of a household substance or the sale of another article or product. [1974 ex.s. c 49 § 5.]

**70.106.060 "Household substance" defined.** "Household substance" means any substance which is customarily produced or distributed for sale for consumption or use, or customarily stored, by individuals in or about the household and which is:

(1) A "hazardous substance", which means (a) any substance or mixture of substances or product which (i) is toxic, (ii) is corrosive, (iii) is an irritant, (iv) is a strong sensitizer, (v) is flammable or combustible, or (vi) generates pressure through decomposition, heat, or other means, if such substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children; (b) any substances which the director by regulation finds to meet the requirements of subsection (1)(a) of this section; (c) any radioactive substance, if, with respect to such substance as used in a particular class of article or as packaged, the director determines by regulation that the substance is sufficiently hazardous to require labeling in accordance with this chapter in order to protect the public health, safety or welfare; and (d) any toy or other article intended for use by children which the director by regulation determines presents an electrical, mechanical or thermal hazard.

(2) A pesticide as defined in the Washington Pesticide Control Act, chapter 15.58 RCW as now or hereafter amended;

(3) A food, drug, or cosmetic as those terms are defined in the Uniform Washington Food, Drug and Cosmetic Act, chapter 69.04 RCW as now or hereafter amended; or

(4) A substance intended for use as fuel when stored in portable containers and used in the heating, cooking, or refrigeration system of a house; or

(5) Any other substance which the director may declare to be a household substance subsequent to a hearing as pro-

vided for under the provisions of chapter 34.05 RCW, Administrative Procedure Act, for the adoption of rules. [1974 ex.s. c 49 § 6.]

**70.106.070 "Package" defined.** "Package" means the immediate container or wrapping in which any household substance is contained for consumption, use, or storage by individuals in or about the household, and, for purposes of RCW 70.106.110(1)(b), also means any outer container or wrapping used in the retail display of any such substance to consumers. Such term does not include:

(1) Any shipping container or wrapping used solely for the transportation of any household substance in bulk or in quantity to manufacturers, packers, or processors, or to wholesale or retail distributors thereof; or

(2) Any shipping container or outer wrapping used by retailers to ship or deliver any household substance to consumers unless it is the only such container or wrapping. [1974 ex.s. c 49 § 7.]

**70.106.080 "Special packaging" defined.** "Special packaging" means packaging that is designed or constructed to be significantly difficult for children under five years of age to open or obtain a toxic or harmful amount of the substance contained therein within a reasonable time and not difficult for normal adults to use properly, but does not mean packaging which all such children cannot open or obtain a toxic or harmful amount within a reasonable time. [1974 ex.s. c 49 § 8.]

**70.106.090 "Labeling" defined.** "Labeling" means all labels and other written, printed, or graphic matter upon any household substance or its package, or accompanying such substance. [1974 ex.s. c 49 § 9.]

**70.106.100 Standards for packaging.** (1) The director may establish in accordance with the provisions of this chapter, by regulation, standards for the special packaging of any household substance if he finds that:

(a) The degree or nature of the hazard to children in the availability of such substance, by reason of its packaging is such that special packaging is required to protect children from serious personal injury or serious illness resulting from handling, using or ingesting such substance; and

(b) The special packaging to be required by such standard is technically feasible, practicable, and appropriate for such substance.

(2) In establishing a standard under this section, the director shall consider:

(a) The reasonableness of such standard;

(b) Available scientific, medical, and engineering data concerning special packaging and concerning childhood accidental ingestions, illness, and injury caused by household substances;

(c) The manufacturing practices of industries affected by this chapter; and

(d) The nature and use of the household substance.

(3) In carrying out the provisions of this chapter, the director shall publish his findings, his reasons therefor, and citation of the sections of statutes which authorize his action.

(2008 Ed.)

(4) Nothing in this chapter authorizes the director to prescribe specific packaging designs, product content, package quantity, or, with the exception of authority granted in RCW 70.106.110(1)(b), labeling. In the case of a household substance for which special packaging is required pursuant to a regulation under this section, the director may in such regulation prohibit the packaging of such substance in packages which he determines are unnecessarily attractive to children.

(5) The director shall cause the regulations promulgated under this chapter to conform with the requirements or exemptions of the Federal Hazardous Substances Act and with the regulations or interpretations promulgated pursuant thereto. [1974 ex.s. c 49 § 10.]

**70.106.110 Exceptions from packaging standards.**

(1) For the purpose of making any household substance which is subject to a standard established under RCW 70.106.100 readily available to elderly or handicapped persons unable to use such substance when packaged in compliance with such standard, the manufacturer or packer, as the case may be, may package any household substance, subject to such a standard, in packaging of a single size which does not comply with such standard if:

(a) The manufacturer or packer also supplies such substance in packages which comply with such standard; and

(b) The packages of such substance which do not meet such standard bear conspicuous labeling stating: "This package for households without young children"; except that the director may by regulation prescribe a substitute statement to the same effect for packaging too small to accommodate such labeling.

(2) In the case of a household substance which is subject to such a standard and which is dispensed pursuant to an order of a physician, dentist, or other licensed medical practitioner authorized to prescribe, such substance may be dispensed in noncomplying packages only when directed in such order or when requested by the purchaser.

(3) In the case of a household substance subject to such a standard which is packaged under subsection (1) of this section in a noncomplying package, if the director determines that such substance is not also being supplied by a manufacturer or packer in popular size packages which comply with such standard, he may, after giving the manufacturer or packer an opportunity to comply with the purposes of this chapter, by order require such substance to be packaged by such manufacturer or packer exclusively in special packaging complying with such standard if he finds, after opportunity for hearing, that such exclusive use of special packaging is necessary to accomplish the purposes of this chapter. [1974 ex.s. c 49 § 11.]

**70.106.120 Adoption of rules and regulations under federal poison prevention packaging act.** One of the purposes of this chapter is to promote uniformity with the Poison Prevention Packaging Act of 1970 and rules and regulations adopted thereunder. In accordance with such declared purpose, all of the special packaging rules and regulations adopted under the Poison Prevention Packaging Act of 1970 (84 Stat. 1670; 7 U.S.C. Sec. 135; 15 U.S.C. Sec. 1261, 1471-1476; 21 U.S.C. Sec. 343, 352, 353, 362) on July 24, 1974,

are hereby adopted as rules and regulations applicable to this chapter. In addition, any rule or regulation adopted hereafter under said Federal Poison Prevention Act of 1970 concerning special packaging and published in the federal register shall be deemed to have been adopted under the provisions of this chapter. The director may, however, within thirty days of the publication of the adoption of any such rule or regulation under the Federal Poison Prevention Packaging Act of 1970, give public notice that a hearing will be held to determine if such regulations shall not be applicable under the provisions of this chapter. Such hearing shall be conducted in accord with the provisions of chapter 34.05 RCW, Administrative Procedure Act, as now enacted or hereafter amended. [1974 ex.s. c 49 § 12.]

**70.106.140 Penalties.** (1) Except as provided in subsection (2) of this section, any person violating the provisions of this chapter or rules adopted under this chapter is guilty of a misdemeanor.

(2) A second or subsequent violation of the provisions of this chapter or rules adopted under this chapter is a gross misdemeanor. Any offense committed more than five years after a previous conviction shall be considered a first offense. [2003 c 53 § 358; 1974 ex.s. c 49 § 16.]

**Intent—Effective date—2003 c 53:** See notes following RCW 2.48.180.

**70.106.150 Authority to adopt regulations—Delegation of authority to board of pharmacy.** The authority to promulgate regulations for the efficient enforcement of this chapter is hereby vested in the director. However, the director shall designate the Washington state board of pharmacy to carry out all the provisions of this chapter pertaining to drugs and cosmetics, with authority to promulgate regulations for the efficient enforcement thereof. [1987 c 236 § 1.]

**70.106.900 Severability—1974 ex.s. c 49.** If any provision of this 1974 act is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the act and the applicability thereof to other persons and circumstances shall not be affected thereby. [1974 ex.s. c 49 § 14.]

**70.106.905 Saving—1974 ex.s. c 49.** The enactment of this 1974 act shall not have the effect of terminating, or in any way modifying any liability, civil or criminal, which shall already be in existence on July 24, 1974. [1974 ex.s. c 49 § 15.]

**70.106.910 Chapter cumulative and nonexclusive.** The provisions of this chapter shall be cumulative and nonexclusive and shall not affect any other remedy. [1974 ex.s. c 49 § 17.]

70.107.020 Definitions.

70.107.030 Powers and duties of department.  
70.107.040 Technical advisory committee.

70.107.900 Construction—Severability—1974 ex.s. c 183.  
70.107.910 Short title.

**70.107.010 Purpose.** The legislature finds that inadequately controlled noise adversely affects the health, safety and welfare of the people, the value of property, and the quality of the environment. Antinoise measures of the past have not adequately protected against the invasion of these interests by noise. There is a need, therefore, for an expansion of efforts statewide directed toward the abatement and control of noise, considering the social and economic impact upon the community and the state. The purpose of this chapter is to provide authority for such an expansion of efforts, supplementing existing programs in the field. [1974 ex.s. c 183 § 1.]

**70.107.020 Definitions.** As used in this chapter, unless the context clearly indicates otherwise:

- (1) "Department" means the department of ecology.
- (2) "Director" means director of the department of ecology.
- (3) "Local government" means county or city government or any combination of the two.
- (4) "Noise" means the intensity, duration and character of sounds from any and all sources.
- (5) "Person" means any individual, corporation, partnership, association, governmental body, state, or other entity whatsoever. [1974 ex.s. c 183 § 2.]

**70.107.030 Powers and duties of department.** The department is empowered as follows:

(1) The department, after consultation with state agencies expressing an interest therein, shall adopt, by rule, maximum noise levels permissible in identified environments in order to protect against adverse affects of noise on the health, safety and welfare of the people, the value of property, and the quality of environment: PROVIDED, That in so doing the department shall take also into account the economic and practical benefits to be derived from the use of various products in each such environment, whether the source of the noise or the use of such products in each environment is permanent or temporary in nature, and the state of technology relative to the control of noise generated by all such sources of the noise or the products.

(2) At any time after the adoption of maximum noise levels under subsection (1) of this section the department shall, in consultation with state agencies and local governments expressing an interest therein, adopt rules, consistent with the Federal Noise Control Act of 1972 (86 Stat. 1234; 42 U.S.C. Sec. 4901-4918 and 49 U.S.C. Sec. 1431), for noise abatement and control in the state designed to achieve compliance with the noise level adopted in subsection (1) of this section, including reasonable implementation schedules where appropriate, to insure that the maximum noise levels are not exceeded and that application of the best practicable noise

control technology and practice is provided. These rules may include, but shall not be limited to:

(a) Performance standards setting allowable noise limits for the operation of products which produce noise;

(b) Use standards regulating, as to time and place, the operation of individual products which produce noise above specified levels considering frequency spectrum and duration: PROVIDED, The rules shall provide for temporarily exceeding those standards for stated purposes; and

(c) Public information requirements dealing with disclosure of levels and characteristics of noise produced by products.

(3) The department may, as desirable in the performance of its duties under this chapter, conduct surveys, studies and public education programs, and enter into contracts.

(4) The department is authorized to apply for and accept moneys from the federal government and other sources to assist in the implementation of this chapter.

(5) The legislature recognizes that the operation of motor vehicles on public highways as defined in RCW 46.09.020 contributes significantly to environmental noise levels and directs the department, in exercising the rule-making authority under the provisions of this section, to give first priority to the adoption of motor vehicle noise performance standards.

(6) Noise levels and rules adopted by the department pursuant to this chapter shall not be effective prior to March 31, 1975. [1974 ex.s. c 183 § 3.]

**70.107.040 Technical advisory committee.** The director shall name a technical advisory committee to assist the department in the implementation of this chapter. Committee members shall be entitled to reimbursement for travel expenses as provided in RCW 43.03.050 and 43.03.060, as now existing or hereafter amended. [1975-'76 2nd ex.s. c 34 § 164; 1974 ex.s. c 183 § 4.]

**Effective date—Severability—1975-'76 2nd ex.s. c 34:** See notes following RCW 2.08.115.

**70.107.050 Civil penalties.** (1) Any person who violates any rule adopted by the department under this chapter shall be subject to a civil penalty not to exceed one hundred dollars imposed by local government pursuant to this section. An action under this section shall not preclude enforcement of any provisions of the local government noise ordinance.

Penalties shall become due and payable thirty days from the date of receipt of a notice of penalty unless within such time said notice is appealed in accordance with the administrative procedures of the local government, or if it has no such administrative appeal, to the pollution control hearings board pursuant to the provisions of chapter 43.21B RCW and procedural rules adopted thereunder. In cases in which appeals are timely filed, penalties sustained by the local administrative agency or the pollution control hearings board shall become due and payable on the issuance of said agency or board's final order in the appeal.

(2) Whenever penalties incurred pursuant to this section have become due and payable but remain unpaid, the attorney for the local government may bring an action in the superior court of the county in which the violation occurred for recovery of penalties incurred. In all such actions the procedures

(2008 Ed.)

and rules of evidence shall be the same as in any other civil action. [1987 c 103 § 2; 1974 ex.s. c 183 § 5.]

**70.107.060 Other rights, remedies, powers, duties and functions—Local regulation—Approval—Procedure.** (1) Nothing in this chapter shall be construed to deny, abridge or alter alternative rights of action or remedies in equity or under common law or statutory law, criminal or civil.

(2) Nothing in this chapter shall deny, abridge or alter any powers, duties and functions relating to noise abatement and control now or hereafter vested in any state agency, nor shall this chapter be construed as granting jurisdiction over the industrial safety and health of employees in work places of the state, as now or hereafter vested in the department of labor and industries.

(3) Standards and other control measures adopted by the department under this chapter shall be exclusive except as hereinafter provided. A local government may impose limits or control sources differing from those adopted or controlled by the department upon a finding that such requirements are necessitated by special conditions. Noise limiting requirements of local government which differ from those adopted or controlled by the department shall be invalid unless first approved by the department. If the department of ecology fails to approve or disapprove standards submitted by local governmental jurisdictions within ninety days of submittal, such standards shall be deemed approved. If disapproved, the local government may appeal the decision to the pollution control hearings board which shall decide the appeal on the basis of the provisions of this chapter, and the applicable regulations, together with such briefs, testimony, and oral argument as the hearings board in its discretion may require. The department determination of whether to grant approval shall depend on the reasonableness and practicability of compliance. Particular attention shall be given to stationary sources located near jurisdictional boundaries, and temporary noise producing operations which may operate across one or more jurisdictional boundaries.

(4) In carrying out the rule-making authority provided in this chapter, the department shall follow the procedures of the administrative procedure act, chapter 34.05 RCW, and shall take care that no rules adopted purport to exercise any powers preempted by the United States under federal law. [1987 c 103 § 1; 1974 ex.s. c 183 § 6.]

**70.107.070 Rules relating to motor vehicles—Violations—Penalty.** Any rule adopted under this chapter relating to the operation of motor vehicles on public highways shall be administered according to testing and inspection procedures adopted by rule by the state patrol. Violation of any motor vehicle performance standard adopted pursuant to this chapter shall be a misdemeanor, enforced by such authorities and in such manner as violations of chapter 46.37 RCW. Violations subject to the provisions of this section shall be exempt from the provisions of RCW 70.107.050. [1987 c 330 § 749; 1974 ex.s. c 183 § 7.]

**Construction—Application of rules—Severability—1987 c 330:** See notes following RCW 28B.12.050.

**70.107.080 Exemptions.** The department shall, in the exercise of rule-making power under this chapter, provide exemptions or specially limited regulations relating to recreational shooting and emergency or law enforcement equipment where appropriate in the interests of public safety.

The department in the development of rules under this chapter, shall consult and take into consideration the land use policies and programs of local government. [1974 ex.s. c 183 § 8.]

**70.107.900 Construction—Severability—1974 ex.s. c 183.** (1) This chapter shall be liberally construed to carry out its broad purposes.

(2) If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1974 ex.s. c 183 § 11.]

**70.107.910 Short title.** This chapter shall be known and may be cited as the "Noise Control Act of 1974". [1974 ex.s. c 183 § 12.]

**Reviser's note:** Throughout chapter 70.108 RCW the references to "this act" have been changed to "this chapter." "This act" [1971 ex.s. c 302] consists of this chapter, the 1971 amendments to RCW 9.40.110-9.40.130, 9.41.010, 9.41.070, 26.44.050, 70.74.135, 70.74.270, 70.74.280, and the enactment of RCW 9.27.015 and 9.91.110.

**70.108.010 Legislative declaration.** The legislature hereby declares it to be the public interest, and for the protection of the health, welfare and property of the residents of the state of Washington to provide for the orderly and lawful conduct of outdoor music festivals by assuring that proper sanitary, health, fire, safety, and police measures are provided and maintained. This invocation of the police power is prompted by and based upon prior experience with outdoor music festivals where the enforcement of the existing laws and regulations on dangerous and narcotic drugs, indecent exposure, intoxicating liquor, and sanitation has been rendered most difficult by the flagrant violations thereof by a large number of festival patrons. [1971 ex.s. c 302 § 19.]

**Severability—1971 ex.s. c 302:** See note following RCW 9.41.010.

(1) "Outdoor music festival" or "music festival" or "festival" means an assembly of persons gathered primarily for outdoor, live or recorded musical entertainment, where the predicted attendance is two thousand persons or more and where the duration of the program is five hours or longer: PROVIDED, That this definition shall not be applied to any regularly established permanent place of worship, stadium, athletic field, arena, auditorium, coliseum, or other similar permanently established places of assembly for assemblies which do not exceed by more than two hundred fifty people the maximum seating capacity of the structure where the assembly is held: PROVIDED, FURTHER, That this definition shall not apply to government sponsored fairs held on regularly established fairgrounds nor to assemblies required to be licensed under other laws or regulations of the state.

(2) "Promoter" means any person or other legal entity issued a permit to conduct an outdoor music festival.

(3) "Applicant" means the promoter who has the right of control of the conduct of an outdoor music festival who applies to the appropriate legislative authority for a license to hold an outdoor music festival.

(4) "Issuing authority" means the legislative body of the local governmental unit where the site for an outdoor music festival is located.

## Chapter 70.111 RCW INFANT CRIB SAFETY ACT

### Sections

70.111.010	Findings—Purpose—Intent.
70.111.020	Definitions.
70.111.030	Unsafe cribs—Prohibition—Definition—Penalty.
70.111.040	Exemption.

70.111.070	Remedies.
70.111.900	Short title.
70.111.901	Severability—1996 c 158.

**70.111.010 Findings—Purpose—Intent.** (1) The legislature finds all of the following:

(a) The disability and death of infants resulting from injuries sustained in crib accidents are a serious threat to the public health, welfare, and safety of the people of this state.

(b) Infants are an especially vulnerable class of people.

(c) The design and construction of a baby crib must ensure that it is safe to leave an infant unattended for extended periods of time. A parent or caregiver has a right to believe that the crib in use is a safe place to leave an infant.

(d) Over thirteen thousand infants are injured in unsafe cribs every year.

(e) In the past decade, six hundred twenty-two infants died (a rate of sixty-two infants each year) from injuries sustained in unsafe cribs.

(f) The United States consumer product safety commission estimates that the cost to society resulting from injuries and death due to unsafe cribs is two hundred thirty-five million dollars per year.

(g) Secondhand, hand-me-down, and heirloom cribs pose a special problem. There were four million infants born in this country last year, but only one million new cribs sold. As many as three out of four infants are placed in secondhand, hand-me-down, or heirloom cribs.

(h) Most injuries and deaths occur in secondhand, hand-me-down, or heirloom cribs.

(i) Existing state and federal legislation is inadequate to deal with this hazard.

(j) Prohibiting the remanufacture, retrofit, sale, contracting to sell or resell, leasing, or subletting of unsafe cribs, particularly unsafe secondhand, hand-me-down, or heirloom cribs, will prevent injuries and deaths caused by cribs.

(2) The purpose of this chapter is to prevent the occurrence of injuries and deaths to infants as a result of unsafe cribs by making it illegal to remanufacture, retrofit, sell, contract to sell or resell, lease, sublet, or otherwise place in the stream of commerce, after June 6, 1996, any full-size or nonfull-size crib that is unsafe for any infant using the crib.

(3) It is the intent of the legislature to encourage public and private collaboration in disseminating materials relative to the safety of baby cribs to parents, child care providers, and those who would be likely to place unsafe cribs in the stream of commerce. The legislature also intends that informational materials regarding baby crib safety be available to consumers through the department of health. [1996 c 158 § 1.]

**70.111.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Infant" means any person less than thirty-five inches tall and less than three years of age.

(2) "Crib" means a bed or containment designed to accommodate an infant.

(3) "Full-size crib" means a full-size crib as defined in Section 1508.3 of Title 16 of the Code of Federal Regulations regarding the requirements for full-size cribs.

(4) "Nonfull-size crib" means a nonfull-size crib as defined in Section 1509.2(b) of Title 16 of the Code of the Federal Regulations regarding the requirements for nonfull-size cribs.

(5) "Person" means any natural person, firm, corporation, association, or agent or employee thereof.

(6) "Commercial user" means any person who deals in full-size or nonfull-size cribs of the kind governed by this chapter or who otherwise by one's occupation holds oneself out as having knowledge or skill peculiar to the full-size or nonfull-size cribs governed by this chapter, including child care facilities and family child care homes licensed by the department of social and health services under chapter 74.15 RCW, or any person who is in the business of remanufacturing, retrofitting, selling, leasing, subletting, or otherwise placing in the stream of commerce full-size or nonfull-size cribs. [1996 c 158 § 3.]

**70.111.030 Unsafe cribs—Prohibition—Definition—Penalty.** (1) No commercial user may remanufacture, retrofit, sell, contract to sell or resell, lease, sublet, or otherwise place in the stream of commerce, on or after June 6, 1996, a full-size or nonfull-size crib that is unsafe for any infant using the crib.

(2) A crib is presumed to be unsafe pursuant to this chapter if it does not conform to all of the following:

(a) Part 1508 (commencing with Section 1508.1) of Title 16 of the Code of Federal Regulations;

(b) Part 1509 (commencing with Section 1509.1) of Title 16 of the Code of Federal Regulations;

(d) American Society for Testing Materials Voluntary Standards F966-90;

(e) American Society for Testing Materials Voluntary Standards F1169.88;

(f) Any regulations that are adopted in order to amend or supplement the regulations described in (a) through (e) of this subsection.

(3) Cribs that are unsafe or fail to perform as expected pursuant to subsection (2) of this section include, but are not limited to, cribs that have any of the following dangerous features or characteristics:

(a) Corner posts that extend more than one-sixteenth of an inch;

(b) Spaces between side slats more than two and three-eighths inches;

(c) Mattress support that can be easily dislodged from any point of the crib. A mattress segment can be easily dislodged if it cannot withstand at least a twenty-five pound upward force from underneath the crib;

(d) Cutout designs on the end panels;

(e) Rail height dimensions that do not conform to the following:

(i) The height of the rail and end panel as measured from the top of the rail or panel in its lowest position to the top of the mattress support in its highest position is at least nine inches;

(ii) The height of the rail and end panel as measured from the top of the rail or panel in its highest position to the top of the mattress support in its lowest position is at least twenty-six inches;

(f) Any screws, bolts, or hardware that are loose and not secured;

(g) Sharp edges, points, or rough surfaces, or any wood surfaces that are not smooth and free from splinters, splits, or cracks;

(h) Nonfull-size cribs with tears in mesh or fabric sides.

(4) On or after January 1, 1997, any commercial user who willfully and knowingly violates this section is guilty of a misdemeanor, punishable by a fine not exceeding one thousand dollars. Hotels, motels, and similar transient lodging, child care facilities, and family child care homes are not subject to this section until January 1, 1999. [2003 c 53 § 361; 1996 c 158 § 4.]

**Intent—Effective date—2003 c 53:** See notes following RCW 2.48.180.

**70.111.040 Exemption.** Any crib that is clearly not intended for use by an infant is exempt from the provisions of this chapter, provided that it is accompanied at the time of remanufacturing, retrofitting, selling, leasing, subletting, or otherwise placing in the stream of commerce, by a notice to be furnished by the commercial user declaring that it is not intended to be used for an infant and is dangerous to use for an infant. The commercial user is further exempt from claims for liability resulting from use of a crib contrary to the notice required in this section. [1996 c 158 § 5.]

(2008 Ed.)

**70.111.060 Civil actions.** Any person may maintain an action against any commercial user who violates RCW 70.111.030 to enjoin the remanufacture, retrofit, sale, contract to sell, contract to resell, lease, or subletting of a full-size or nonfull-size crib that is unsafe for any infant using the crib, and for reasonable attorneys' fees and costs. This section does not apply to hotels, motels, and similar transient lodging, child care facilities, and family child care homes until January 1, 1999. [1996 c 158 § 7.]

**70.111.070 Remedies.** Remedies available under this chapter are in addition to any other remedies or procedures under any other provision of law that may be available to an aggrieved party. [1996 c 158 § 8.]

**70.114A.010 Findings—Intent.** The legislature finds that there is an inadequate supply of temporary and permanent housing for migrant and seasonal workers in this state. The legislature also finds that unclear, complex regulations related to the development, construction, and permitting of worker housing inhibit the development of this much needed housing. The legislature further finds that as a result, many workers are forced to obtain housing that is unsafe and unsanitary.

Therefore, it is the intent of the legislature to encourage the development of temporary and permanent housing for workers that is safe and sanitary by: Establishing a clear and concise set of regulations for temporary housing; establishing a streamlined permitting and administrative process that will be locally administered and encourage the development of such housing; and by providing technical assistance to organizations or individuals interested in the development of worker housing. [1995 c 220 § 1.]

**70.114A.020 Definitions.** The definitions in this section apply throughout this chapter.

(1) "Agricultural employee" means any person who renders personal services to, or under the direction of, an agricultural employer in connection with the employer's agricultural activity.

(2) "Agricultural employer" means any person engaged in agricultural activity, including the growing, producing, or harvesting of farm or nursery products, or engaged in the reforestation or reforestation of lands, which includes but is not limited to the planting, transplanting, tubing, precommercial thinning, and thinning of trees and seedlings, the clearing, piling, and disposal of brush and slash, the harvest of Christmas trees, and other related activities.

(3) "Department" means the department of health.

(4) "Dwelling unit" means a shelter, building, or portion of a building, that may include cooking and eating facilities, that is:

(5) "Enforcement" and "enforcement actions" include the authority to levy and collect fines.

(6) "Facility" means a sleeping place, drinking water, toilet, sewage disposal, food handling installation, or other installations required for compliance with this chapter.

(7) "Occupant" means a temporary worker or a person who resides with a temporary worker at the housing site.

(8) "Operator" means a person holding legal title to the land on which temporary worker housing is located. However, if the legal title and the right to possession are in different persons, "operator" means a person having the lawful control or supervision over the temporary worker housing under a lease or other arrangement.

(9) "Temporary worker" means an agricultural employee employed intermittently and not residing year-round at the same site.

(10) "Temporary worker housing" means a place, area, or piece of land where sleeping places or housing sites are provided by an agricultural employer for his or her agricultural employees or by another person, including a temporary worker housing operator, who is providing such accommodations for employees, for temporary, seasonal occupancy. [1999 c 374 § 6; 1995 c 220 § 2.]

**70.114A.030 Application of chapter.** Chapter 220, Laws of 1995, applies to temporary worker housing that consists of five or more dwelling units, or any combination of dwelling units, dormitories, or spaces that house ten or more occupants. [1995 c 220 § 3.]

**70.114A.040 Responsibilities of department.** The department is designated the single state agency responsible for encouraging the development of additional temporary worker housing, and shall be responsible for coordinating the activities of the various state and local agencies to assure a seamless, nonduplicative system for the development and operation of temporary worker housing. [1995 c 220 § 4.]

**70.114A.045 Housing operation standards—Departments' agreement—Enforcement.** By December 1, 1999, the department and the department of labor and industries shall jointly establish a formal agreement that identifies the roles of each of the two agencies with respect to the enforcement of temporary worker housing operation standards.

The agreement shall, to the extent feasible, provide for inspection and enforcement actions by a single agency, and shall include measures to avoid multiple citations for the same violation. [1999 c 374 § 3.]

**70.114A.050 Housing on rural worksites.** Temporary worker housing located on a rural worksite, and used for workers employed on the worksite, shall be considered a permitted use at the rural worksite for the purposes of zoning or other land use review processes, subject only to height, setback, and road access requirements of the underlying zone. [1995 c 220 § 5.]

**70.114A.060 Inspection of housing.** The secretary of the department or authorized representative may inspect housing covered by chapter 220, Laws of 1995, to enforce temporary worker housing rules adopted by the state board of health prior to July 25, 1999, or the department, or when the secretary or representative has reasonable cause to believe that a violation of temporary worker housing rules adopted by the state board of health prior to July 25, 1999, or the department is occurring or is being maintained. If the buildings or premises are occupied as a residence, a reasonable effort shall be made to obtain permission from the resident. If the premises or building is unoccupied, a reasonable effort shall be made to locate the owner or other person having charge or control of the building or premises and request entry. If consent for entry is not obtained, for whatever reason, the secretary or representative shall have recourse to

every remedy provided by law to secure entry. [1999 c 374 § 7; 1995 c 220 § 6.]

**70.114A.065 Licensing, operation, and inspection—Rules.** The department and the department of labor and industries shall adopt joint rules for the licensing, operation, and inspection of temporary worker housing, and the enforcement thereof. These rules shall establish standards that are as effective as the standards developed under the Washington industrial safety and health act, chapter 49.17 RCW. [1999 c 374 § 1.]

**70.114A.070 Technical assistance.** The department of community, trade, and economic development shall contract with private, nonprofit corporations to provide technical assistance to any private individual or nonprofit organization wishing to construct temporary or permanent worker housing. The assistance may include information on state and local application and approval procedures, information or assistance in applying for federal, state, or local financial assistance, including tax incentives, information on cost-effective housing designs, or any other assistance the department of community, trade, and economic development may deem helpful in obtaining the active participation of private individuals or groups in constructing or operating temporary or permanent worker housing. [1995 c 220 § 7.]

**70.114A.081 Temporary worker building code—Rules—Guidelines—Exceptions—Enforcement—Variations.** (1) The department shall adopt by rule a temporary worker building code in conformance with the temporary worker housing standards developed under the Washington industrial safety and health act, chapter 49.17 RCW, and the following guidelines:

(a) The temporary worker building code shall provide construction standards for shelter and associated facilities that are safe, secure, and capable of withstanding the stresses and loads associated with their designated use, and to which they are likely to be subjected by the elements;

(b) The temporary worker building code shall permit and facilitate designs and formats that allow for maximum affordability, consistent with the provision of decent, safe, and sanitary housing;

(c) In developing the temporary worker building code the department of health shall consider:

(i) The need for dormitory type housing for groups of unrelated individuals; and

(ii) The need for housing to accommodate families;

(d) The temporary worker building code shall incorporate the opportunity for the use of construction alternatives and the use of new technologies that meet the performance standards required by law;

(e) The temporary worker building code shall include standards for heating and insulation appropriate to the type of structure and length and season of occupancy;

(f) The temporary worker building code shall include standards for temporary worker housing that are to be used only during periods when no auxiliary heat is required; and

(g) The temporary worker building code shall provide that persons operating temporary worker housing consisting

of four or fewer dwelling units or combinations of dwelling units, dormitories, or spaces that house nine or fewer occupants may elect to comply with the provisions of the temporary worker building code, and that unless the election is made, such housing is subject to the codes adopted under RCW 19.27.031.

(2) In adopting the temporary worker building code, the department shall make exceptions to the codes listed in RCW 19.27.031 and chapter 19.27A RCW, in keeping with the guidelines set forth in this section. The initial temporary worker building code adopted by the department shall be substantially equivalent with the temporary worker building code developed by the state building code council as directed by section 8, chapter 220, Laws of 1995.

(3) The temporary worker building code authorized and required by this section shall be enforced by the department.

The department shall have the authority to allow minor variations from the temporary worker building code that do not compromise the health or safety of workers. Procedures for requesting variations and guidelines for granting such requests shall be included in the rules adopted under this section. [1999 c 374 § 8; 1998 c 37 § 2.]

**70.114A.085 Temporary worker building code—Report.** The department shall prepare a report to the legislature on utilization of the temporary worker building code authorized by RCW 70.114A.081. The report shall include the number of housing units, number of families or individuals housed, number of growers obtaining permits, the geographic distribution of the permits, and recommendations of changes in the temporary worker building code necessary to avoid health and safety problems for the occupants. The report shall be transmitted to the senate committee on commerce, trade, housing and financial institutions and the house of representatives committee on economic development, housing and trade by December 15, 2000, and an update shall be transmitted every two years thereafter. [1999 c 374 § 11.]

**70.114A.100 Rules—Compliance with federal act.** Any rules adopted under chapter 220, Laws of 1995, pertaining to an employer who is subject to the migrant and seasonal agricultural worker protection act (96 Stat. 2583; 29 U.S.C. Sec. 1801 et seq.), must comply with the housing provisions of that federal act. [1995 c 220 § 10.]

**70.114A.110 Cherry harvest temporary labor camps—Rule making—Definition—Conditions for occupation—Application.** (1) The department and the department of labor and industries are directed to engage in joint rule making to establish standards for cherry harvest temporary labor camps. These standards may include some variation from standards that are necessary for longer occupancies, provided they are as effective as the standards adopted under the Washington industrial safety and health act, chapter 49.17 RCW. As used in this section "cherry harvest temporary labor camp" means a place where housing and related facilities are provided to agricultural employees by agricultural employers for their use while employed for the harvest of cherries. The housing and facilities may be occupied by agricultural employees for a period not to exceed one week before the

commencement through one week following the conclusion of the cherry crop harvest within the state.

(2) Facilities licensed under rules adopted under this section may not be used to provide housing for agricultural employees who are nonimmigrant aliens admitted to the United States for agricultural labor or services of a temporary or seasonal nature under section 1101(a)(15)(H)(ii)(a) of the immigration and nationality act (8 U.S.C. Sec. 1101(a)(15)(H)(ii)(a)).

(3) This section has no application to temporary worker housing constructed in conformance with codes listed in RCW 19.27.031 or 70.114A.081. [2002 c 23 § 1; 1999 c 374 § 5.]

**70.114A.900 Severability—1995 c 220.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1995 c 220 § 13.]

**70.114A.901 Effective date—1995 c 220.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 3, 1995]. [1995 c 220 § 14.]

*Drinking water quality consumer complaints: RCW 80.04.110.*

**70.116.010 Legislative declaration.** The legislature hereby finds that an adequate supply of potable water for domestic, commercial, and industrial use is vital to the health and well-being of the people of the state. Readily available water for use in public water systems is limited and should be developed and used efficiently with a minimum of loss or waste.

In order to maximize efficient and effective development of the state's public water supply systems, the department of health shall assist water purveyors by providing a procedure to coordinate the planning of the public water supply systems. [1991 c 3 § 365; 1977 ex.s. c 142 § 1.]

**70.116.020 Declaration of purpose.** The purposes of this chapter are:

(1) To provide for the establishment of critical water supply service areas related to water utility planning and development;

(2) To provide for the development of minimum planning and design standards for critical water supply service areas to insure that water systems developed in these areas are consistent with regional needs;

(3) To assist in the orderly and efficient administration of state financial assistance programs for public water systems; and

(4) To assist public water systems to meet reasonable standards of quality, quantity and pressure. [1977 ex.s. c 142 § 2.]

**70.116.030 Definitions.** Unless the context clearly requires otherwise, the following terms when used in this chapter shall be defined as follows:

(1) "Coordinated water system plan" means a plan for public water systems within a critical water supply service area which identifies the present and future needs of the systems and sets forth means for meeting those needs in the most efficient manner possible. Such a plan shall include provisions for subsequently updating the plan. In areas where more than one water system exists, a coordinated plan may consist of either: (a) A new plan developed for the area following its designation as a critical water supply service area; or (b) a compilation of compatible water system plans existing at the time of such designation and containing such supplementary provisions as are necessary to satisfy the requirements of this chapter. Any such coordinated plan must include provisions regarding: Future service area designations; assessment of the feasibility of shared source, transmission, and storage facilities; emergency inter-ties; design standards; and other concerns related to the construction and operation of the water system facilities.

(2) "Critical water supply service area" means a geographical area which is characterized by a proliferation of small, inadequate water systems, or by water supply prob-

lems which threaten the present or future water quality or reliability of service in such a manner that efficient and orderly development may best be achieved through coordinated planning by the water utilities in the area.

(3) "Public water system" means any system providing water intended for, or used for, human consumption or other domestic uses. It includes, but is not limited to, the source, treatment for purifying purposes only, storage, transmission, pumping, and distribution facilities where water is furnished to any community, or number of individuals, or is made available to the public for human consumption or domestic use, but excluding water systems serving one single family residence. However, systems existing on September 21, 1977 which are owner operated and serve less than ten single family residences or which serve only one industrial plant shall be excluded from this definition and the provisions of this chapter.

(4) "Purveyor" means any agency or subdivision of the state or any municipal corporation, firm, company, mutual or cooperative association, institution, partnership, or person or any other entity, that owns or operates for wholesale or retail service a public water system. It also means the authorized agents of any such entities.

(5) "Secretary" means the secretary of the department of health or the secretary's authorized representative.

(6) "Service area" means a specific geographical area serviced or for which service is planned by a purveyor. [1991 c 3 § 366; 1977 ex.s. c 142 § 3.]

**70.116.040 Critical water supply service area—Designation—Establishment or amendment of external boundaries—Procedures.** (1) The secretary and the appropriate local planning agencies and purveyors, shall study geographical areas where water supply problems related to uncoordinated planning, inadequate water quality or unreliable service appear to exist. If the results of the study indicate that such water supply problems do exist, the secretary or the county legislative authority shall designate the area involved as being a critical water supply service area, consult with the appropriate local planning agencies and purveyors, and appoint a committee of not less than three representatives therefrom solely for the purpose of establishing the proposed external boundaries of the critical water supply service area. The committee shall include a representative from each purveyor serving more than fifty customers, the county legislative authority, county planning agency, and health agencies. Such proposed boundaries shall be established within six months of the appointment of the committee.

During the six month period following the establishment of the proposed external boundaries of the critical water supply services areas, the county legislative authority shall conduct public hearings on the proposed boundaries and shall modify or ratify the proposed boundaries in accordance with the findings of the public hearings. The boundaries shall reflect the existing land usage, and permitted densities in county plans, ordinances, and/or growth policies. If the proposed boundaries are not modified during the six month period, the proposed boundaries shall be automatically ratified and be the critical water supply service area.

After establishment of the external boundaries of the critical water supply service area, no new public water sys-

tems may be approved within the boundary area unless an existing water purveyor is unable to provide water service.

(2) At the time a critical water supply service area is established, the external boundaries for such area shall not include any fractional part of a purveyor's existing contiguous service area.

(3) The external boundaries of the critical water supply service area may be amended in accordance with procedures prescribed in subsection (1) of this section for the establishment of the critical water supply service areas when such amendment is necessary to accomplish the purposes of this chapter. [1977 ex.s. c 142 § 4.]

**70.116.050 Development of water system plans for critical water supply service areas.** (1) Each purveyor within the boundaries of a critical water supply service area shall develop a water system plan for the purveyor's future service area if such a plan has not already been developed: PROVIDED, That nonmunicipally owned public water systems are exempt from the planning requirements of this chapter, except for the establishment of service area boundaries if they have no plans for water service beyond their existing service area: PROVIDED FURTHER, That if the county legislative authority permits a change in development that will increase the demand for water service of such a system beyond the existing system's ability to provide minimum water service, the purveyor shall develop a water system plan in accordance with this section. The establishment of future service area boundaries shall be in accordance with RCW 70.116.070.

(2) After the boundaries of a critical water supply service area have been established pursuant to RCW 70.116.040, the committee established in RCW 70.116.040 shall participate in the development of a coordinated water system plan for the designated area. Such a plan shall incorporate all water system plans developed pursuant to subsection (1) of this section. The plan shall provide for maximum integration and coordination of public water system facilities consistent with the protection and enhancement of the public health and well-being. Decisions of the committee shall be by majority vote of those present at meetings of the committee.

(3) Those portions of a critical water supply service area not yet served by a public water system shall have a coordinated water system plan developed by existing purveyors based upon permitted densities in county plans, ordinances, and/or growth policies for a minimum of five years beyond the date of establishment of the boundaries of the critical water supply service area.

(4) To insure that the plan incorporates the proper designs to protect public health, the secretary shall adopt regulations pursuant to chapter 34.05 RCW concerning the scope and content of coordinated water system plans, and shall ensure, as minimum requirements, that such plans:

(a) Are reviewed by the appropriate local governmental agency to insure that the plan is not inconsistent with the land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects.

(b) Recognize all water resource plans, water quality plans, and water pollution control plans which have been adopted by units of local, regional, and state government.

(c) Incorporate the fire protection standards developed pursuant to RCW 70.116.080.

(d) Identify the future service area boundaries of the public water system or systems included in the plan within the critical water supply service area.

(e) Identify feasible emergency inter-ties between adjacent purveyors.

(f) Include satellite system management requirements consistent with RCW 70.116.134.

(g) Include policies and procedures that generally address failing water systems for which counties may become responsible under RCW 43.70.195.

(5) If a "water general plan" for a critical water supply service area or portion thereof has been prepared pursuant to chapter 36.94 RCW and such a plan meets the requirements of subsections (1) and (4) of this section, such a plan shall constitute the coordinated water system plan for the applicable geographical area.

(6) The committee established in RCW 70.116.040 may develop and utilize a mechanism for addressing disputes that arise in the development of the coordinated water system plan.

(7) Prior to the submission of a coordinated water system plan to the secretary for approval pursuant to RCW 70.116.060, the legislative authorities of the counties in which the critical water supply service area is located shall hold a public hearing thereon and shall determine the plan's consistency with subsection (4) of this section. If within sixty days of receipt of the plan, the legislative authorities find any segment of a proposed service area of a purveyor's plan or any segment of the coordinated water system plan to be inconsistent with any current land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects, the secretary shall not approve that portion of the plan until the inconsistency is resolved between the local government and the purveyor. If no comments have been received from the legislative authorities within sixty days of receipt of the plan, the secretary may consider the plan for approval.

(8) Any county legislative authority may adopt an abbreviated plan for the provision of water supplies within its boundaries that includes provisions for service area boundaries, minimum design criteria, and review process. The elements of the abbreviated plan shall conform to the criteria established by the department under subsection (4) of this section and shall otherwise be consistent with other adopted land use and resource plans. The county legislative authority may, in lieu of the committee required under RCW 70.116.040, and the procedures authorized in this section, utilize an advisory committee that is representative of the water utilities and local governments within its jurisdiction to assist in the preparation of the abbreviated plan, which may be adopted by resolution and submitted to the secretary for approval. Purveyors within the boundaries covered by the abbreviated plan need not develop a water system plan, except to the extent required by the secretary or state board of health under other authority. Any abbreviated plan adopted by a county legislative authority pursuant to this subsection shall be subject to the same provisions contained in RCW 70.116.060 for coordinated water system plans that are

approved by the secretary. [1995 c 376 § 7; 1977 ex.s. c 142 § 5.]

**Findings—1995 c 376:** See note following RCW 70.116.060.

**70.116.060 Approval of coordinated water system plan—Limitations following approval—Dispute resolution mechanism—Update or revision of plan.** (1) A coordinated water system plan shall be submitted to the secretary for design approval within two years of the establishment of the boundaries of a critical water supply service area.

(2) The secretary shall review the coordinated water system plan and, to the extent the plan is consistent with the requirements of this chapter and regulations adopted hereunder, shall approve the plan, provided that the secretary shall not approve those portions of a coordinated water system plan that fail to meet the requirements for future service area boundaries until any boundary dispute is resolved as set forth in RCW 70.116.070.

(3) Following the approval of a coordinated water system plan by the secretary:

(a) All purveyors constructing or proposing to construct public water system facilities within the area covered by the plan shall comply with the plan.

(b) No other purveyor shall establish a public water system within the area covered by the plan, unless the local legislative authority determines that existing purveyors are unable to provide the service in a timely and reasonable manner, pursuant to guidelines developed by the secretary. An existing purveyor is unable to provide the service in a timely manner if the water cannot be provided to an applicant for water within one hundred twenty days unless specified otherwise by the local legislative authority. If such a determination is made, the local legislative authority shall require the new public water system to be constructed in accordance with the construction standards and specifications embodied in the coordinated water system plan approved for the area. The service area boundaries in the coordinated plan for the affected utilities shall be revised to reflect the decision of the local legislative authority.

(4) The secretary may deny proposals to establish or to expand any public water system within a critical water supply service area for which there is not an approved coordinated water system plan at any time after two years of the establishment of the critical water supply service area: PROVIDED, That service connections shall not be considered expansions.

(5) The affected legislative authorities may develop and utilize a mechanism for addressing disputes that arise in the implementation of the coordinated water system plan after the plan has been approved by the secretary.

(6) After adoption of the initial coordinated water system plan, the local legislative authority or the secretary may determine that the plan should be updated or revised. The legislative authority may initiate an update at any time, but the secretary may initiate an update no more frequently than once every five years. The update may encompass all or a portion of the plan, with the scope of the update to be determined by the secretary and the legislative authority. The process for the update shall be the one prescribed in RCW 70.116.050.

(7) The provisions of subsection (3) of this section shall not apply in any county for which a coordinated water system

plan has not been approved under subsection (2) of this section.

(8) If the secretary initiates an update or revision of a coordinated water system plan, the state shall pay for the cost of updating or revising the plan. [1995 c 376 § 2; 1977 ex.s. c 142 § 6.]

**Findings—1995 c 376:** "The legislature finds that:

(1) Protection of the state's water resources, and utilization of such resources for provision of public water supplies, requires more efficient and effective management than is currently provided under state law;

(2) The provision of public water supplies to the people of the state should be undertaken in a manner that is consistent with the planning principles of the growth management act and the comprehensive plans adopted by local governments under the growth management act;

(3) Small water systems have inherent difficulties with proper planning, operation, financing, management and maintenance. The ability of such systems to provide safe and reliable supplies to their customers on a long-term basis needs to be assured through proper management and training of operators;

(4) New water quality standards and operational requirements for public water systems will soon generate higher rates for the customers of those systems, which may be difficult for customers to afford to pay. It is in the best interest of the people of this state that small systems maintain themselves in a financially viable condition;

(5) The drinking water 2000 task force has recommended maintaining a strong and properly funded statewide drinking water program, retaining primary responsibility for administering the federal safe drinking water act in Washington. The task force has further recommended delegation of as many water system regulatory functions as possible to local governments, with provision of adequate resources and elimination of barriers to such delegation. In order to achieve these objectives, the state shall provide adequate funding from both general state funds and funding directly from the regulated water system;

(6) The public health services improvement plan recommends that the principal public health functions in Washington, including regulation of public water systems, should be fully funded by state revenues and undertaken by local jurisdictions with the capacity to perform them; and

(7) State government, local governments, water suppliers, and other interested parties should work for continuing economic growth of the state by maximizing the use of existing water supply management alternatives, including regional water systems, satellite management, and coordinated water system development." [1995 c 376 § 1.]

**70.116.070 Service area boundaries within critical water supply area.** (1) The proposed service area boundaries of public water systems within the critical water supply service area that are required to submit water system plans under this chapter shall be identified in the system's plan. The local legislative authority, or its planning department or other designee, shall review the proposed boundaries to determine whether the proposed boundaries of one or more systems overlap. The boundaries determined by the local legislative authority not to overlap shall be incorporated into the coordinated water system plan. Where any overlap exists, the local legislative authority may attempt to resolve the conflict through procedures established under RCW 70.116.060(5).

(2) Any final decision by a local legislative authority regarding overlapping service areas, or any unresolved disputes regarding service area boundaries, may be appealed or referred to the secretary in writing for resolution. After receipt of an appeal or referral, the secretary shall hold a public hearing thereon. The secretary shall provide notice of the hearing by certified mail to each purveyor involved in the dispute, to each county legislative authority having jurisdiction in the area and to the public. The secretary shall provide public notice pursuant to the provisions of chapter 65.16 RCW. Such notice shall be given at least twenty days prior to the

hearing. The hearing may be continued from time to time and, at the termination thereof, the secretary may restrict the expansion of service of any purveyor within the area if the secretary finds such restriction is necessary to provide the greatest protection of the public health and well-being. [1995 c 376 § 13; 1977 ex.s. c 142 § 7.]

**Findings—1995 c 376:** See note following RCW 70.116.060.

**70.116.080 Performance standards relating to fire protection.** The secretary shall adopt performance standards relating to fire protection to be incorporated into the design and construction of public water systems. The standards shall be consistent with recognized national standards. The secretary shall adopt regulations pertaining to the application and enforcement of the standards: PROVIDED, That the regulations shall require the application of the standards for new and expanding systems only. The standards shall apply in critical water supply service areas unless the approved coordinated plan provides for nonfire flow systems. [1977 ex.s. c 142 § 8.]

**70.116.090 Assumption of jurisdiction or control of public water system by city, town, or code city.** The assumption of jurisdiction or control of any public water system or systems by a city, town, or code city, shall be subject to the provisions of chapter 35.13A RCW, and the provisions of this chapter shall be superseded by the provisions of chapter 35.13A RCW regarding such an assumption of jurisdiction. [1977 ex.s. c 142 § 9.]

**70.116.100 Bottled water exempt.** Nothing in this chapter shall apply to water which is bottled or otherwise packaged in a container for human consumption or domestic use, or to the treatment, storage and transportation facilities used in the processing of the bottled water or the distribution of the bottles or containers of water. [1977 ex.s. c 142 § 10.]

**70.116.110 Rate making authority preserved.** Nothing in this chapter shall be construed to alter in any way the existing authority of purveyors and municipal corporations to establish, administer and apply water rates and rate provisions. [1977 ex.s. c 142 § 11.]

**70.116.120 Short title.** This chapter shall be known and may be cited as the "Public Water System Coordination Act of 1977". [1977 ex.s. c 142 § 12.]

**70.116.134 Satellite system management agencies.** (1) The secretary shall adopt rules pursuant to chapter 34.05 RCW establishing criteria for designating individuals or water purveyors as qualified satellite system management agencies. The criteria shall set forth minimum standards for designation as a satellite system management agency qualified to assume ownership, operation, or both, of an existing or proposed public water system. The criteria shall include demonstration of financial integrity and operational capability, and may require demonstration of previous experience in successful operation and management of a public water system.

(2) Each county shall identify potential satellite system management agencies to the secretary for areas where: (a) No purveyor has been designated a future service area pursuant to this chapter, or (b) an existing purveyor is unable or unwilling to provide service. Preference shall be given to public utilities or utility districts or to investor-owned utilities under the jurisdiction of the utilities and transportation commission.

(3) The secretary shall approve satellite system management agencies meeting the established criteria and shall maintain and make available to counties a list of approved agencies. Prior to the construction of a new public water system, the individual(s) proposing the new system or requesting service shall first be directed by the local agency responsible for issuing the construction or building permit to one or more qualified satellite system management agencies designated for the service area where the new system is proposed for the purpose of exploring the possibility of a satellite agency either owning or operating the proposed new water system.

(4) Approved satellite system management agencies shall be reviewed periodically by the secretary for continued compliance with established criteria. The secretary may require status reports and other information necessary for such review. Satellite system management agencies shall be subject to reapproval at the discretion of the secretary but not less than once every five years.

(5) The secretary may assess reasonable fees to process applications for initial approval and for periodic review of satellite system management agencies. A satellite system management account is hereby created in the custody of the state treasurer. All receipts from satellite system management agencies or applicants under subsection (4) of this section shall be deposited into the account. Funds in this account may be used only for administration of the satellite system management program. Expenditures from the account shall be authorized by the secretary or the secretary's designee. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(6) For purposes of this section, "satellite system management agency" and "satellite agency" shall mean a person or entity that is certified by the secretary to own or operate more than one public water system on a regional or county-wide basis, without the necessity for a physical connection between such systems. [1991 c 18 § 1.]

**70.116.140 Review of water or sewer system plan—Time limitations—Notice of rejection of plan or extension of timeline.** For any new or revised water or sewer system plan submitted for review under this chapter, the department of health shall review and either approve, conditionally approve, reject, or request amendments within ninety days of the receipt of the submission of the plan. The department of health may extend this ninety-day time limitation for new submittals by up to an additional ninety days if insufficient time exists to adequately review the general comprehensive plan. For rejections of plans or extensions of the timeline, the department shall provide in writing, to the person or entity submitting the plan, the reason for such action. In addition, the person or entity submitting the plan and the department of

(2008 Ed.)

health may mutually agree to an extension of the deadlines contained in this section. [2002 c 161 § 3.]

**70.116.900 Severability—1977 ex.s. c 142.** If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1977 ex.s. c 142 § 13.]

*Local health officer authority to grant waiver from on-site sewage system requirements: RCW 70.05.072.*

**70.118.010 Legislative declaration.** The legislature finds that over one million, two hundred thousand persons in the state are not served by sanitary sewers and that they must rely on septic tank systems. The failure of large numbers of such systems has resulted in significant health hazards, loss of property values, and water quality degradation. The legislature further finds that failure of such systems could be reduced by utilization of nonwater-carried sewage disposal systems, or other alternative methods of effluent disposal, as a correctional measure. Waste water volume diminution and disposal of most of the high bacterial waste through composting or other alternative methods of effluent disposal would result in restorative improvement or correction of existing substandard systems. [1977 ex.s. c 133 § 1.]

**70.118.020 Definitions.** As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly indicates otherwise.

(1) "Nonwater-carried sewage disposal devices" means any device that stores and treats nonwater-carried human urine and feces.

(2) "Alternative methods of effluent disposal" means systems approved by the department of health, including at least, mound systems, alternating drainfields, anaerobic filters, evapotranspiration systems, and aerobic systems.

(3) "Failure" means: (a) Effluent has been discharged on the surface of the ground prior to approved treatment; or (b) effluent has percolated to the surface of the ground; or (c) effluent has contaminated or threatens to contaminate a groundwater supply.

(4) "Additive" means any commercial product intended to affect the performance or aesthetics of an on-site sewage disposal system.

(5) "Department" means the department of health.

(6) "On-site sewage disposal system" means any system of piping, treatment devices, or other facilities that convey, store, treat, or dispose of sewage on the property where it originates or on nearby property under the control of the user where the system is not connected to a public sewer system. For purposes of this chapter, an on-site sewage disposal system does not include indoor plumbing and associated fixtures.

(7) "Chemical additive" means those additives containing acids, bases, or other chemicals deemed unsafe by the department for use in an on-site sewage disposal system.

(8) "Additive manufacturer" means any person who manufactures, formulates, blends, packages, or repackages an additive product for sale, use, or distribution within the state. [1994 c 281 § 2; 1993 c 321 § 2; 1991 c 3 § 367; 1977 ex.s. c 133 § 2.]

**Finding—Purpose—1994 c 281:** "The legislature finds that chemical additives do, and that other types of additives may, contribute to septic system failure and groundwater contamination. In order to determine which ingredients of nonchemically based additive products have adverse effects on public health or the environment, it is necessary to submit such products to a review procedure.

The purpose of this act is: (1) To establish a timely and orderly procedure for review and approval of on-site sewage disposal system additives; (2) to prohibit the use, sale, or distribution of additives having an adverse effect on public health or the water quality of the state; (3) to require the disclosure of the contents of additives that are advertised, sold, or distributed in the state; and (4) to provide for consumer protection." [1994 c 281 § 1.]

**Effective date—1994 c 281:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 1, 1994]." [1994 c 281 § 7.]

**Intent—1993 c 321:** See note following RCW 70.118.060.

**70.118.030 Local boards of health—Administrative search warrant—Administrative plan—Corrections.** (1) Local boards of health shall identify failing septic tank drain-field systems in the normal manner and will use reasonable effort to determine new failures. The local health officer, environmental health director, or equivalent officer may apply for an administrative search warrant to a court official authorized to issue a criminal search warrant. The warrant may only be applied for after the local health officer or the health officer's designee has requested inspection of the person's property under the specific administrative plan required in this section, and the person has refused the health officer or the health officer's designee access to the person's property. Timely notice must be given to any affected person that a warrant is being requested and that the person may be present at any court proceeding to consider the requested search warrant. The court official may issue the warrant upon probable cause. A request for a search warrant must show [that] the inspection, examination, test, or sampling is in response to pollution in commercial or recreational shellfish harvesting areas or pollution in fresh water. A specific administrative plan must be developed expressly in response to the pollution. The local health officer, environmental health director, or equivalent officer shall submit the plan to the court as part of the justification for the warrant, along with specific evi-

dence showing that it is reasonable to believe pollution is coming from the septic system on the property to be accessed for inspection. The plan must include each of the following elements:

(a) The overall goal of the inspection;

(b) The location and identification by address of the properties being authorized for inspection;

(c) Requirements for giving the person owning the property and the person occupying the property if it is someone other than the owner, notice of the plan, its provisions, and times of any inspections;

(d) The survey procedures to be used in the inspection;

(e) The criteria that would be used to define an on-site sewage system failure; and

(f) The follow-up actions that would be pursued once an on-site sewage system failure has been identified and confirmed.

(2) Discretionary judgment will be made in implementing corrections by specifying nonwater-carried sewage disposal devices or other alternative methods of treatment and effluent disposal as a measure of ameliorating existing substandard conditions. Local regulations shall be consistent with the intent and purposes stated in this section. [1998 c 152 § 1; 1977 ex.s. c 133 § 3.]

**70.118.040 Local boards of health—Authority to waive sections of local plumbing and/or building codes.**

With the advice of the secretary of the department of health, local boards of health are hereby authorized to waive applicable sections of local plumbing and/or building codes that might prohibit the use of an alternative method for correcting a failure. [1991 c 3 § 368; 1977 ex.s. c 133 § 4.]

**70.118.050 Adoption of more restrictive standards.**

If the legislative authority of a county or city finds that more restrictive standards than those contained in \*section 2 of this act or those adopted by the state board of health for systems allowed under \*section 2 of this act or limitations on expansion of a residence are necessary to ensure protection of the public health, attainment of state water quality standards, and the protection of shellfish and other public resources, the legislative authority may adopt ordinances or resolutions setting standards as they may find necessary for implementing their findings. The legislative authority may identify the geographic areas where it is necessary to implement the more restrictive standards. In addition, the legislative authority may adopt standards for the design, construction, maintenance, and monitoring of sewage disposal systems. [1989 c 349 § 3.]

**\*Reviser's note:** "Section 2 of this act" did not become law. See effective date note following.

**Effective date—1989 c 349:** "(1) Except as provided in subsection (2) of this section, this act shall take effect November 1, 1989.

(2) \*Section 2 of this act shall not take effect if the state board of health adopts standards for the replacement and repair of existing on-site sewage disposal systems located on property adjacent to marine waters by October 31, 1989." [1989 c 349 § 4.]

**\*Reviser's note:** Section 2 of this act did not take effect. See chapter 248-96 WAC.

**70.118.060 Additive regulation.** (1) After July 1, 1994, a person may not use, sell, or distribute a chemical additive to on-site sewage disposal systems.

(2) After January 1, 1996, no person shall use, sell, or distribute any on-site sewage disposal additive whose ingredients have not been approved by the department.

(3) Each manufacturer of an on-site sewage disposal system additive that is sold, advertised, or distributed in the state shall submit the following information to the department: (a) The name and address of the company; (b) the name of the product; (c) the complete product formulation; (d) the location where the product is manufactured; (e) the intended method of product application; and (f) a request that the product be reviewed.

(4) The department shall adopt rules providing the criteria, review, and decision-making procedures to be used in reviewing on-site sewage disposal additives for use, sale, or distribution in the state. The criteria shall be designed to determine whether the additive has an adverse effect on public health or water quality. The department may charge a fee sufficient to cover the costs of evaluating the additive, including the development of criteria and review procedures. The fee schedule shall be established by rule.

(5) The department shall issue a decision as to whether a product registered pursuant to subsection (3) of this section is approved or denied within forty-five days of receiving a complete evaluation as required pursuant to subsection (4) of this section.

(6) Manufacturers shall reregister their product as provided in subsection (3) of this section each time their product formulation changes. The department may require a new approval for products registered under this subsection prior to allowing the use, sale, or distribution within the state.

(7) The department may contract with private laboratories for the performance of any duties necessary to carry out the purpose of this section.

(8) The attorney general or appropriate city or county prosecuting attorney is authorized to bring an appropriate action to enjoin any violation of the prohibition on the sale or distribution of additives, or to enjoin any violation of the conditions in RCW 70.118.080.

(9) The department is responsible for providing written notification to additives manufacturers of the provisions of this section and RCW 70.118.070 and 70.118.080. The notification shall be provided no later than thirty days after April 1, 1994. Within thirty days of notification from the department, manufacturers shall provide the same notification to their distributors, wholesalers, and retail customers. [1994 c 281 § 3; 1993 c 321 § 3.]

**Finding—Purpose—Effective date—1994 c 281:** See notes following RCW 70.118.020.

**Intent—1993 c 321:** "The legislature finds that most additives do not have a positive effect on the operation of on-site systems and can contaminate groundwater aquifers, render septic drainfields dysfunctional, and result in costly repairs to homeowners. It is therefore the intent of the legislature to ban the use, sale, and distribution of additives within the state unless an additive has been specifically approved by the department of health." [1993 c 321 § 1.]

**70.118.070 Additives—Confidentiality.** The department shall hold confidential any information obtained pursuant to RCW 70.118.060 when shown by any manufacturer

(2008 Ed.)

that such information, if made public, would divulge confidential business information, methods, or processes entitled to protection as trade secrets of the manufacturer. [1994 c 281 § 4.]

**Finding—Purpose—Effective date—1994 c 281:** See notes following RCW 70.118.020.

**70.118.080 Additives—Unfair practices.** (1) Each manufacturer of a certified and approved additive product advertised, sold, or distributed in the state shall:

(a) Make no claims relating to the elimination of the need for septic tank pumping or proper septic tank maintenance;

(b) List the components of additive products on the product label, along with information regarding instructions for use and precautions;

(c) Make no false statements, design, or graphic representation relative to an additive product that is inconsistent with RCW 70.118.060, 70.118.070, or this section; and

(d) Make no claims, either direct or implied, about the performance of the product based on state approval of its ingredients.

(2) A violation of this section is an unfair act or practice in violation of the consumer protection act, chapter 19.86 RCW. [1994 c 281 § 5.]

**Finding—Purpose—Effective date—1994 c 281:** See notes following RCW 70.118.020.

**70.118.090 Funding.** The department may not use funds appropriated to implement an element of the action agenda developed by the Puget Sound partnership under RCW 90.71.310 to conduct any activity required under chapter 281, Laws of 1994. [2007 c 341 § 61; 1994 c 281 § 6.]

**Severability—Effective date—2007 c 341:** See RCW 90.71.906 and 90.71.907.

**Finding—Purpose—Effective date—1994 c 281:** See notes following RCW 70.118.020.

**70.118.100 Alternative systems—Technical review committee.** The department of health must include one person who is familiar with the operation and maintenance of certified proprietary devices on the technical review committee responsible for evaluating and making recommendations to the department of health regarding the general use of alternative on-site sewage systems in the state. [1997 c 447 § 3.]

**Finding—Purpose—Construction—1997 c 447:** See notes following RCW 70.05.074.

**70.118.110 Alternative systems—State guidelines and standards.** In order to assure that technical guidelines and standards keep pace with advancing technologies, the department of health in collaboration with the technical review committee, local health departments, and other interested parties, must review and update as appropriate, the state guidelines and standards for alternative on-site sewage disposal every three years. The first review and update must be completed by January 1, 1999. [1997 c 447 § 5.]

**Finding—Purpose—1997 c 447:** See note following RCW 70.05.074.

**70.118.120 Inspectors—Certificate of competency.** (1) The local board of health shall ensure that individuals

who conduct inspections of on-site wastewater treatment systems or who otherwise conduct reviews of such systems are qualified in the technology and application of on-site sewage treatment principles. A certificate of competency issued by the department of licensing is adequate demonstration that an individual is competent in the engineering aspects of on-site wastewater treatment system technology.

(2) A local board of health may allow noncertified individuals to review designs of, and conduct inspections of, on-site wastewater treatment systems for a maximum of two years after the date of hire, if a certified individual reviews or supervises the work during that time. [1999 c 263 § 22.]

**70.118.130 Civil penalties.** A local health officer who is responsible for administering and enforcing regulations regarding on-site sewage disposal systems is authorized to issue civil penalties for violations of those regulations under the same limitations and requirements imposed on the department under RCW 70.118B.050, except that the amount of a penalty shall not exceed one thousand dollars per day for every violation, and judgments shall be entered in the name of the local health jurisdiction and penalties shall be placed into the general fund or funds of the entity or entities operating the local health jurisdiction. [2007 c 343 § 9.]

**Captions and part headings not law—2007 c 343:** See RCW 70.118B.900.

**70.118A.010 Findings—Purpose.** The legislature finds that:

(1) Hood Canal and other marine waters in Puget Sound are at risk of severe loss of marine life from low-dissolved oxygen. The increased input of human-influenced nutrients, especially nitrogen, is a factor causing this low-dissolved oxygen condition in some of Puget Sound’s waters, in addition to such natural factors as poor overall water circulation and stratification that discourages mixing of surface-to-deeper waters;

(2) A significant portion of the state’s residents live in homes served by on-site sewage disposal systems, and many new residences will be served by these systems;

(3) Properly functioning on-site sewage disposal systems largely protect water quality. However, improperly functioning on-site sewage disposal systems in marine recovery areas

may contaminate surface water, causing public health problems;

(4) Local programs designed to identify and correct failing on-site sewage disposal systems have proven effective in reducing and eliminating public health hazards, improving water quality, and reopening previously closed shellfish areas; and

(5) State water quality monitoring data and analysis can help to focus these enhanced local programs on specific geographic areas that are sources of pollutants degrading Puget Sound waters.

Therefore, it is the purpose of this chapter to authorize enhanced local programs in marine recovery areas to inventory existing on-site sewage disposal systems, to identify the location of all on-site sewage disposal systems in marine recovery areas, to require inspection of on-site sewage disposal systems and repairs to failing systems, to develop electronic data systems capable of sharing information regarding on-site sewage disposal systems, and to monitor these programs to ensure that they are working to protect public health and Puget Sound water quality. [2006 c 18 § 1.]

**70.118A.020 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

- (1) "Board" means the state board of health.
- (2) "Department" means the department of health.
- (3) "Failing" means a condition of an existing on-site sewage disposal system or component that threatens the public health by inadequately treating sewage, or by creating a potential for direct or indirect contact between sewage and the public. Examples of a failing on-site sewage disposal system include:
  - (a) Sewage on the surface of the ground;
  - (b) Sewage backing up into a structure caused by slow soil absorption of septic tank effluent;
  - (c) Sewage leaking from a sewage tank or collection system;
  - (d) Cesspools or seepage pits where evidence of groundwater or surface water quality degradation exists;
  - (e) Inadequately treated effluent contaminating groundwater or surface water; or
  - (f) Noncompliance with standards stipulated on the permit.

(4) "Local health officer" or "local health jurisdiction" means the local health officers and local health jurisdictions in the following counties bordering Puget Sound: Clallam, Island, Kitsap, Jefferson, Mason, San Juan, Seattle-King, Skagit, Snohomish, Tacoma-Pierce, Thurston, and Whatcom.

(5) "Marine recovery area" means an area of definite boundaries where the local health officer, or the department in consultation with the health officer, determines that additional requirements for existing on-site sewage disposal systems may be necessary to reduce potential failing systems or minimize negative impacts of on-site sewage disposal systems.

(6) "Marine recovery area on-site strategy" or "on-site strategy" means a local health jurisdiction’s on-site sewage disposal system strategy required under RCW 70.118A.050. This strategy is a component of the on-site program management plan required under RCW 70.118A.030.

(7) "On-site sewage disposal system" means an integrated system of components, located on or nearby the property it serves, that conveys, stores, treats, or provides subsurface soil treatment and dispersal of sewage. It consists of a collection system, a treatment component or treatment sequence, and a soil dispersal component. An on-site sewage disposal system also refers to a holding tank sewage system or other system that does not have a soil dispersal component. For purposes of this chapter, the term "on-site sewage disposal system" does not include any system regulated by a water quality discharge permit issued under chapter 90.48 RCW.

(8) "Unknown system" means an on-site sewage disposal system that was installed without the knowledge or approval of the local health jurisdiction, including those that were installed before such approval was required. [2006 c 18 § 2.]

**70.118A.030 Local health officers to develop a written on-site program management plan.** By July 1, 2007, the local health officers of health jurisdictions in the twelve counties bordering Puget Sound shall develop a written on-site program management plan to provide guidance to the local health jurisdiction. [2006 c 18 § 3.]

**70.118A.040 Local health officers—Determination of marine recovery areas.** (1) In developing on-site program management plans required under RCW 70.118A.030, the local health officer shall propose a marine recovery area for those land areas where existing on-site sewage disposal systems are a significant factor contributing to concerns associated with:

(a) Shellfish growing areas that have been threatened or downgraded by the department under chapter 69.30 RCW;

(b) Marine waters that are listed by the department of ecology under section 303(d) of the federal clean water act (33 U.S.C. Sec. 1251 et seq.) for low-dissolved oxygen or fecal coliform; or

(c) Marine waters where nitrogen has been identified as a contaminant of concern by the local health officer.

(2) In determining the boundaries for a marine recovery area, the local health officer shall assess and include those land areas where existing on-site sewage disposal systems may affect water quality in the marine recovery area.

(3) Determinations made by the local health officer under this section, including identification of nitrogen as a contaminant of concern, will be based on published guidance developed by the department. The guidance must be designed to ensure the proper use of available scientific and technical data. The health officer shall document the basis for these determinations when plans are submitted to the department.

(4) After July 1, 2007, the local health officer may designate additional marine recovery areas meeting the criteria of this section, according to new information. Where the department recommends the designation of a marine recovery area or expansion of a designated marine recovery area, the local health officer shall notify the department of its decision concerning the recommendation within ninety days of receipt of the recommendation. [2006 c 18 § 4.]

(2008 Ed.)

**70.118A.050 Marine recovery area on-site strategy.**

(1) The local health officer of a local health jurisdiction where a marine recovery area has been proposed under RCW 70.118A.040 shall develop and approve a marine recovery area on-site strategy that includes designation of marine recovery areas to guide the local health jurisdiction in developing and managing all existing on-site sewage disposal systems within marine recovery areas within its jurisdiction. The on-site strategy must be a component of the program management plan required under RCW 70.118A.030. The department may grant an extension of twelve months where a local health jurisdiction has demonstrated substantial progress toward completing its on-site strategy.

(2) An on-site strategy for a marine recovery area must specify how the local health jurisdiction will by July 1, 2012, and thereafter, find:

(a) Existing failing systems and ensure that system owners make necessary repairs; and

(b) Unknown systems and ensure that they are inspected as required to ensure that they are functioning properly, and repaired, if necessary. [2006 c 18 § 5.]

**70.118A.060 Local health officer duties—Electronic data systems.** In a marine recovery area, each local health officer shall:

(1) Require that on-site sewage disposal system maintenance specialists, septic tank pumpers, or others performing on-site sewage disposal system inspections submit reports or inspection results to the local health jurisdiction regarding any failing system; and

(2) Develop and maintain an electronic data system of all on-site sewage disposal systems within a marine recovery area to enable the local health jurisdiction to actively manage on-site sewage disposal systems. In assisting development of electronic data systems, the department shall work with local health jurisdictions with marine recovery areas and the on-site sewage disposal system industry to develop common forms and protocols to facilitate sharing of data. A marine recovery area on-site sewage disposal electronic data system must be compatible with all on-site sewage disposal electronic data systems used throughout a local health jurisdiction. [2006 c 18 § 6.]

**70.118A.070 Department review of on-site program management plans—Assistance to local health jurisdictions.**

(1) The on-site program management plans of local health jurisdictions required under RCW 70.118A.030 must be submitted to the department by July 1, 2007, and be reviewed to determine if they contain all necessary elements. The department shall provide in writing to the local board of health its review of the completeness of the plan. The board may adopt additional criteria by rule for approving plans.

(2) In reviewing the on-site strategy component of the plan, the department shall ensure that all required elements, including designation of any marine recovery area, have been addressed.

(3) Within thirty days of receiving an on-site strategy, the department shall either approve the on-site strategy or provide in writing the reasons for not approving the strategy and recommend changes. If the department does not approve

the on-site strategy, the local health officer must amend and resubmit the plan to the department for approval.

(4) Upon receipt of department approval or after thirty days without notification, whichever comes first, the local health officer shall implement the on-site strategy.

(5) If the department denies approval of an on-site strategy, the local health officer may appeal the denial to the board. The board must make a final determination concerning the denial.

(6) The department shall assist local health jurisdictions in:

(a) Developing written on-site program management plans required by RCW 70.118A.030;

(b) Identifying reasonable methods for finding unknown systems; and

(c) Developing or enhancing electronic data systems that will enable each local health jurisdiction to actively manage all on-site sewage disposal systems within their jurisdictions, with priority given to those on-site sewage disposal systems that are located in or which could affect designated marine recovery areas. [2006 c 18 § 7.]

**70.118A.080 Department to contract with local health jurisdictions—Funding assistance—Requirements—Revised compliance dates—Work group.** (1) The department shall enter into a contract with each local health jurisdiction subject to the requirements of this chapter to implement plans developed under this chapter, and to develop or enhance electronic data systems required by this chapter. The contract must include state funding assistance to the local health jurisdiction from funds appropriated to the department for this purpose.

(2) The contract must require, at a minimum, that within a marine recovery area, the local health jurisdiction:

(a) Show progressive improvement in finding failing systems;

(b) Show progressive improvement in working with on-site sewage disposal system owners to make needed system repairs;

(c) Is actively taking steps to find previously unknown systems and ensuring that they are inspected as required and repaired if necessary;

(d) Show progressive improvement in the percentage of on-site sewage disposal systems that are included in an electronic data system; and

(e) Of those on-site sewage disposal systems in the electronic data system, show progressive improvement in the percentage that have had required inspections.

(3) The contract must also include provisions for state assistance in updating the plan. Beginning July 1, 2012, the contract may adopt revised compliance dates, including those in RCW 70.118A.050, where the local health jurisdiction has demonstrated substantial progress in updating the on-site strategy.

(4) The department shall convene a work group for the purpose of making recommendations to the appropriate committees of the legislature for the development of certification or licensing of maintenance specialists. The work group shall make its recommendation with consideration given to the 1998 report to the legislature entitled "On-Site Wastewater Certification Work Group" as it pertains to maintenance spe-

cialists. The work group may give priority to appropriate levels of certification or licensure of maintenance specialists who work in the Puget Sound basin. [2006 c 18 § 8.]

**70.118A.090 Chapter to supplement chapter 70.118 RCW.** The provisions of this chapter are supplemental to all other authorities governing on-site sewage disposal systems, including chapter 70.118 RCW and rules adopted under that chapter. [2006 c 18 § 9.]

**70.118B.005 Findings.** The legislature finds that:

(1) Protection of the environment and public health requires properly designed, operated, and maintained on-site sewage systems. Failure of those systems can pose certain health and environmental hazards if sewage leaks above ground or if untreated sewage reaches surface or groundwater.

(2) Chapter 70.118A RCW provides a framework for ongoing management of on-site sewage systems located in marine recovery areas and regulated by local health jurisdictions under state board of health rules. This chapter will provide a framework for comprehensive management of large on-site sewage systems statewide.

(3) The primary purpose of this chapter is to establish, in a single state agency, comprehensive regulation of the design, operation, and maintenance of large on-site sewage systems, and their operators, that provides both public health and environmental protection. To accomplish these purposes, this chapter provides for:

(a) The permitting and continuing oversight of large on-site sewage systems;

(b) The establishment by the department of standards and rules for the siting, design, construction, installation, operation, maintenance, and repair of large on-site sewage systems; and

(c) The enforcement by the department of the standards and rules established under this chapter. [2007 c 343 § 1.]

**70.118B.010 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the state department of health.

(2) "Industrial wastewater" means the water or liquid carried waste from an industrial process. These wastes may result from any process or activity of industry, manufacture, trade, or business, from the development of any natural resource, or from animal operations such as feedlots, poultry

houses, or dairies. The term includes contaminated storm water and leachate from solid waste facilities.

(3) "Large on-site sewage system" means an on-site sewage system with design flows of between three thousand five hundred gallons per day and one hundred thousand gallons per day.

(4) "On-site sewage system" means an integrated system of components, located on or nearby the property it serves, that conveys, stores, treats, and provides subsurface soil treatment and disposal of domestic sewage. It consists of a collection system, a treatment component or treatment sequence, and a subsurface soil disposal component. It may or may not include a mechanical treatment system. An on-site sewage system also refers to a holding tank sewage system or other system that does not have a soil dispersal component. A holding tank that discharges to a sewer is not included in the definition of on-site sewage system. A system into which storm water or industrial wastewater is discharged is not included in the definition of on-site sewage system.

(5) "Person" means any individual, corporation, company, association, firm, partnership, governmental agency, or any other entity whatsoever, and the authorized agents of any such entities.

(6) "Secretary" means the secretary of health.

(7) "Waters of the state" has the same meaning as defined in RCW 90.48.020. [2007 c 343 § 2.]

**70.118B.020 Comprehensive regulation—Department duties.** (1) For the protection of human health and the environment the department shall:

(a) Establish and provide for the comprehensive regulation of large on-site sewage systems including, but not limited to, system siting, design, construction, installation, operation, maintenance, and repair;

(b) Control and prevent pollution of streams, lakes, rivers, ponds, inland waters, salt waters, water courses, and other surface and underground waters of the state of Washington, except to the extent authorized by permits issued under this chapter;

(c) Issue annual operating permits for large on-site sewage systems based on the system's ability to function properly in compliance with the applicable comprehensive regulatory requirements; and

(d) Enforce the large on-site sewage system requirements.

(2) Large on-site sewage systems permitted by the department may not be used for treatment and disposal of industrial wastewater or combined sanitary sewer and storm water systems.

(3) The work group convened under RCW 70.118A.080(4) to make recommendations to the appropriate committees of the legislature for the development of certification or licensing of maintenance specialists shall include recommendations for the development of certification or licensing of large on-site [sewage] system operators. [2007 c 343 § 3.]

**70.118B.030 Operating permits required—Application.** (1) A person may not install or operate a large on-site sewage system without an operating permit as provided in (2008 Ed.)

this chapter after July 1, 2009. The owner of the system is responsible for obtaining a permit.

(2) The department shall issue operating permits in accordance with the rules adopted under RCW 70.118B.040.

(3) The department shall ensure the system meets all applicable siting, design, construction, and installation requirements prior to issuing an initial operating permit. Prior to renewing an operating permit, the department may review the performance of the system to determine compliance with rules and any permit conditions.

(4) At the time of initial permit application or at the time of permit renewal the department shall impose those permit conditions, requirements for system improvements, and compliance schedules as it determines are reasonable and necessary to ensure that the system will be operated and maintained properly. Each application must be accompanied by a fee as established in rules adopted by the department.

(5) Operating permits shall be issued for a term of one year, and shall be renewed annually, unless the operator fails to apply for a new permit or the department finds good cause to deny the application for renewal.

(6) Each permit may be issued only for the site and owner named in the application. Permits are not transferable or assignable except with the written approval of the department.

(7) The department may deny an application for a permit or modify, suspend, or revoke a permit in any case in which it finds that the permit was obtained by fraud or there is or has been a failure, refusal, or inability to comply with the requirements of this chapter or the standards or rules adopted under this chapter. RCW 43.70.115 governs notice of denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding to the permit applicant or permittee.

(8) For systems with design flows of more than fourteen thousand five hundred gallons per day, the department shall adopt rules to ensure adequate public notice and opportunity for review and comment on initial large on-site sewage system permit applications and subsequent permit applications to increase the volume of waste disposal or change effluent characteristics. The rules must include provisions for notice of final decisions. Methods for providing notice may include electronic mail, posting on the department's internet site, publication in a local newspaper, press releases, mailings, or other means of notification the department determines appropriate.

(9) A person aggrieved by the issuance of an initial permit, or by the issuance of a subsequent permit to increase the volume of waste disposal or to change effluent characteristics, for systems with design flows of more than fourteen thousand five hundred gallons per day, has the right to an adjudicative proceeding. The application for an adjudicative proceeding must be in writing, state the basis for contesting the action, include a copy of the decision, be served on and received by the department within twenty-eight days of receipt of notice of the final decision, and be served in a manner that shows proof of receipt. An adjudicative proceeding conducted under this subsection is governed by chapter 34.05 RCW.

(10) Any permit issued by the department of ecology for a large on-site sewage system under chapter 90.48 RCW is

valid until it first expires after July 22, 2007. The system owner shall apply for an operating permit at least one hundred twenty days prior to expiration of the department of ecology permit.

(11) Systems required to meet operator certification requirements under chapter 70.95B RCW must continue to meet those requirements as a condition of the department operating permit. [2007 c 343 § 4.]

**70.118B.040 Rules.** (1) For the protection of human health and the environment, the secretary shall adopt rules for the comprehensive regulation of large on-site sewage systems, which includes, but is not limited to, the siting, design, construction, installation, maintenance, repair, and permitting of the systems.

(2) In adopting the rules, the secretary shall, in consultation with the department of ecology, require that large on-site sewage systems comply with the applicable sections of chapter 90.48 RCW regarding control and prevention of pollution of waters of the state, including but not limited to:

(a) Surface and groundwater standards established under RCW 90.48.035; and

(b) Those provisions requiring all known, available, and reasonable methods of treatment.

(3) In adopting the rules, the secretary shall ensure that requirements for large on-site sewage systems are consistent with the requirements of any comprehensive plans or development regulations adopted under chapter 36.70A RCW or any other applicable comprehensive plan, land use plan, or development regulation adopted by a city, town, or county. [2007 c 343 § 5.]

**70.118B.050 Violations—Civil penalties.** (1) A person who violates a law or rule regulating large on-site sewage systems administered by the department is subject to a penalty of not more than ten thousand dollars per day for every violation. Every violation is a separate and distinct offense. In case of a continuing violation, each day's continuing violation is a separate and distinct violation. The penalty assessed must reflect the significance of the violation and the previous record of compliance on the part of the person responsible for compliance with large on-site sewage system requirements.

(2) Every person who, through an act of commission or omission, procures, aids, or abets a violation is considered to have violated the provisions of this section and is subject to the penalty provided in this section.

(3) The penalty provided for in this section must be imposed by a notice in writing to the person against whom the civil penalty is assessed and must describe the violation. The notice must be personally served in the manner of service of a summons in a civil action or in a manner that shows proof of receipt. A penalty imposed by this section is due twenty-eight days after receipt of notice unless application for an adjudicative proceeding is filed as provided in subsection (4) of this section.

(4) Within twenty-eight days after notice is received, the person incurring the penalty may file an application for an adjudicative proceeding and may pursue subsequent review as provided in chapter 34.05 RCW and applicable rules.

(5) A penalty imposed by a final administrative order is due upon service of the final administrative order. A person who fails to pay a penalty assessed by a final administrative order within thirty days of service of the final administrative order shall pay, in addition to the amount of the penalty, interest at the rate of one percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid, commencing with the month in which the notice of penalty was served, and reasonable attorneys' fees as are incurred if civil enforcement of the final administrative order is required to collect the penalty.

(6) A person who institutes proceedings for judicial review of a final administrative order assessing a civil penalty under this chapter shall place the full amount of the penalty in an interest-bearing account in the registry of the reviewing court. At the conclusion of the proceeding the court shall, as appropriate, enter a judgment on behalf of the department and order that the judgment be satisfied to the extent possible from moneys paid into the registry of the court or shall enter a judgment in favor of the person appealing the penalty assessment and order return of the moneys paid into the registry of the court together with accrued interest to the person appealing. The judgment may award reasonable attorneys' fees for the cost of the attorney general's office in representing the department.

(7) If no appeal is taken from a final administrative order assessing a civil penalty under this chapter, the department may file a certified copy of the final administrative order with the clerk of the superior court in which the large on-site sewage system is located or in Thurston county, and the clerk shall enter judgment in the name of the department and in the amount of the penalty assessed in the final administrative order.

(8) A judgment entered under subsection (6) or (7) of this section has the same force and effect as, and is subject to all of the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court in which it is entered.

(9) The large on-site sewage systems account is created in the custody of the state treasurer. All receipts from penalties imposed under this section shall be deposited into the account. Expenditures from the account shall be used by the department to provide training and technical assistance to large on-site sewage system owners and operators. Only the secretary or the secretary's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2007 c 343 § 6.]

**70.118B.060 Injunctions.** Notwithstanding the existence or use of any other remedy, the department may bring an action to enjoin a violation or threatened violation of this chapter or rules adopted under this chapter. The department may bring the action in the superior court of the county in which the large on-site sewage system is located or in the superior court of Thurston county. [2007 c 343 § 7.]

**70.118B.070 Authority and duties.** The authority and duties created in this chapter are in addition to any authority and duties already provided in law. Nothing in this chapter

limits the powers of the state or any political subdivision to exercise such authority. [2007 c 343 § 8.]

**70.118B.900 Captions and part headings not law—2007 c 343.** Captions and part headings used in this act are not any part of the law. [2007 c 343 § 16.]

**70.119.010 Legislative declaration.** The legislature declares that competent operation of a public water system is necessary for the protection of the consumers' health, and therefore it is of vital interest to the public. In order to protect the public health and conserve and protect the water resources of the state, it is necessary to provide for the classifying of all public water systems; to require the examination and certification of the persons responsible for the technical operation of such systems; and to provide for the promulgation of rules and regulations to carry out this chapter. [1991 c 305 § 1; 1983 c 292 § 1; 1977 ex.s. c 99 § 1.]

**70.119.020 Definitions.** As used in this chapter unless context requires another meaning:

(1) "Certificate" means a certificate of competency issued by the secretary stating that the operator has met the requirements for the specified operator classification of the certification program.

(2) "Certified operator" means an individual holding a valid certificate and employed or appointed by any county, water-sewer district, municipality, public or private corporation, company, institution, person, or the state of Washington and who is designated by the employing or appointing officials as the person responsible for active daily technical operation.

(3) "Department" means the department of health.

(4) "Distribution system" means that portion of a public water system which stores, transmits, pumps and distributes water to consumers.

(5) "Groundwater under the direct influence of surface water" means any water beneath the surface of the ground with:

(a) Significant occurrence of insects or other macroorganisms, algae, or large diameter pathogens such as giardia lamblia; or

(2008 Ed.)

(b) Significant and relatively rapid shifts in water characteristics such as turbidity, temperature, conductivity, or pH which closely correlate to climatological or surface water conditions.

(6) "Group A water system" means a system with fifteen or more service connections, regardless of the number of people; or a system serving an average of twenty-five or more people per day for sixty or more days within a calendar year, regardless of the number of service connections. Group A water system does not include a system serving fewer than fifteen single-family residences, regardless of the number of people.

(7) "Nationally recognized association of certification authorities" shall mean an organization which serves as an information center for certification activities, recommends minimum standards and guidelines for classification of potable water treatment plants, water distribution systems and waste water facilities and certification of operators, facilitates reciprocity between state programs and assists authorities in establishing new certification programs and updating existing ones.

(8) "Public water system" means any system, excluding a system serving only one single-family residence and a system with four or fewer connections all of which serve residences on the same farm, providing piped water for human consumption, including any collection, treatment, storage, or distribution facilities under control of the purveyor and used primarily in connection with the system; and collection or pretreatment storage facilities not under control of the purveyor but primarily used in connection with the system.

(9) "Purification plant" means that portion of a public water system which treats or improves the physical, chemical or bacteriological quality of the system's water to bring the water into compliance with state board of health standards.

(10) "Secretary" means the secretary of the department of health.

(11) "Service" means a connection to a public water system designed to serve a single-family residence, dwelling unit, or equivalent use. If the facility has group home or barracks-type accommodations, three persons will be considered equivalent to one service.

(12) "Surface water" means all water open to the atmosphere and subject to surface runoff. [1999 c 153 § 67; 1995 c 269 § 2904; 1991 c 305 § 2; 1991 c 3 § 369; 1983 c 292 § 2; 1977 ex.s. c 99 § 2.]

**Part headings not law—1999 c 153:** See note following RCW 57.04.050.

**Effective date—1995 c 269:** See note following RCW 9.94A.850.

**Part headings not law—Severability—1995 c 269:** See notes following RCW 13.40.005.

*Public water supply systems to comply with water quality standards: RCW 70.142.050.*

**70.119.030 Certified operators required for certain public water systems.** (1) A public water system shall have a certified operator if:

(a) It is a group A water system; or

(b) It is a public water system using a surface water source or a groundwater source under the direct influence of surface water.

(2) The certified operators shall be in charge of the technical direction of a water system's operation, or an operating shift of such a system, or a major segment of a system necessary for monitoring or improving the quality of water. The operator shall be certified as provided in RCW 70.119.050.

(3) A certified operator may provide required services to more than one system or to a group of systems. The amount of time that a certified operator shall be required to be present at any given system shall be based upon the time required to properly operate and maintain the public water system as designed and constructed in accordance with RCW 43.20.050. The employing or appointing officials shall designate the position or positions requiring mandatory certification within their individual systems and shall assure that such certified operators are responsible for the system's technical operation.

(4) The department shall, in establishing by rule or otherwise the requirements for public water systems with fewer than one hundred connections, phase in such requirements in order to assure that (a) an adequate number of certified operators are available to serve the additional systems, (b) the systems have adequate notice and time to plan for securing the services of a certified operator, (c) the department has the additional data and other administrative capacity, (d) adequate training is available to certify additional operators as necessary, and (e) any additional requirements under federal law are satisfied. The department shall require certified operators for all group A systems as necessary to conform to federal law or implementing rules or guidelines. Unless necessary to conform to federal law, rules, or guidelines, the department shall not require a certified operator for a system with fewer than one hundred connections unless that system is determined by the department to be in significant noncompliance with operational, monitoring, or water quality standards that would put the public health at risk, as defined by the department by rule, or has, or is required to have, water treatment facilities other than simple disinfection.

(5) Any examination required by the department as a prerequisite for the issuance of a certificate under this chapter shall be offered in each region where the department has a regional office.

(6) Operators not required to be certified by this chapter are encouraged to become certified on a voluntary basis. [1997 c 218 § 2; 1995 c 376 § 6; 1991 c 305 § 3; 1983 c 292 § 3; 1977 ex.s. c 99 § 3.]

**Findings—1997 c 218:** "The legislature finds and declares that:

(1) The provision of safe and reliable water supplies to the people of the state of Washington is fundamental to ensuring public health and continuing economic vitality of this state.

(2) The department of health, pursuant to legislative directive in 1995, has provided a report that incorporates the findings and recommendations of the water supply advisory committee as to progress in meeting the objectives of the public health improvement plan, changes warranted by the recent congressional action reauthorizing the federal safe drinking water act, and new approaches to providing services under the general principles of regulatory reform.

(3) The environmental protection agency has recently completed a national assessment of public water system capital needs, which has identified over four billion dollars in such needs in the state of Washington.

(4) The changes to the safe drinking water act offer the opportunity for the increased ability of the state to tailor federal requirements and programs to meet the conditions and objectives within this state.

(5) The department of health and local governments should be provided with adequate authority, flexibility, and resources to be able to imple-

ment the principles and recommendations adopted by the water supply advisory committee.

(6) Statutory changes are necessary to eliminate ambiguity or conflicting authorities, provide additional information and tools to consumers and the public, and make necessary changes to be consistent with federal law.

(7) A basic element to the protection of the public's health from water-borne disease outbreaks is systematic and comprehensive monitoring of water supplies for all contaminants, including hazardous substances with long-term health effects, and routine field visits to water systems for technical assistance and evaluation.

(8) The water systems of this state should have prompt and full access to the newly created federal state revolving fund program to help meet their financial needs and to achieve and maintain the technical, managerial, and financial capacity necessary for long-term compliance with state and federal regulations. This requires authority for streamlined program administration and the provision of the necessary state funds required to match the available federal funds.

(9) Stable, predictable, and adequate funding is essential to a statewide drinking water program that meets state public health objectives and provides the necessary state resources to utilize the new flexibility, opportunities, and programs under the safe drinking water act." [1997 c 218 § 1.]

**Effective date—1997 c 218:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 25, 1997]." [1997 c 218 § 6.]

**Findings—1995 c 376:** See note following RCW 70.116.060.

**70.119.040 Exclusions from chapter.** Nothing in this chapter shall apply to:

(1) Industrial water supply systems which do not supply water to residences for domestic use and are under the jurisdictional requirements of the Washington Industrial Safety and Health Act of 1973, chapter 49.17 RCW, as now or hereafter amended; or

(2) The preparation, distribution, or sale of bottled water or water similarly packaged. [1977 ex.s. c 99 § 4.]

**70.119.050 Rules and regulations—Secretary to adopt.** The secretary shall adopt such rules and regulations as may be necessary for the administration of this chapter and shall enforce such rules and regulations. The rules and regulations shall include provisions establishing minimum qualifications and procedures for the certification of operators, criteria for determining the kind and nature of continuing educational requirements for renewal of certification under RCW 70.119.100(2), and provisions for classifying water purification plants and distribution systems.

Rules and regulations adopted under the provisions of this section shall be adopted in accordance with the provisions of chapter 34.05 RCW. [1995 c 269 § 2905; 1983 c 292 § 4; 1977 ex.s. c 99 § 5.]

**Effective date—1995 c 269:** See note following RCW 9.94A.850.

**Part headings not law—Severability—1995 c 269:** See notes following RCW 13.40.005.

**70.119.060 Public water systems—Secretary to categorize.** The secretary shall further categorize all public water systems with regard to the size, type, source of water, and other relevant physical conditions affecting purification plants and distribution systems to assist in identifying the skills, knowledge and experience required for the certification of operators for each category of such systems, to assure the protection of the public health and conservation and protection of the state's water resources as required under RCW 70.119.010, and to implement the provisions of the state safe

drinking water act in chapter 70.119A RCW. In categorizing all public water systems for the purpose of implementing these provisions of state law, the secretary shall take into consideration economic impacts as well as the degree and nature of any public health risk. [1991 c 305 § 4; 1977 ex.s. c 99 § 6.]

**70.119.070 Secretary—Consideration of guidelines.**

The secretary is authorized, when taking action pursuant to RCW 70.119.050 and 70.119.060, to consider generally applicable criteria and guidelines developed by a nationally recognized association of certification authorities and commonly accepted national guidelines and standards. [1983 c 292 § 5; 1977 ex.s. c 99 § 7.]

**70.119.081 Ad hoc advisory committees.** The secretary, in cooperation with the director of ecology, may establish ad hoc advisory committees, as necessary, to obtain advice and technical assistance regarding the development of rules implementing this chapter and on the examination and certification of operators of water systems. [1995 c 269 § 2909.]

**Effective date—1995 c 269:** See note following RCW 9.94A.850.

**Part headings not law—Severability—1995 c 269:** See notes following RCW 13.40.005.

**70.119.090 Certificates without examination—Conditions.** Certificates shall be issued without examination under the following conditions:

(1) Certificates shall be issued without application fee to operators who, on January 1, 1978, hold certificates of competency attained under the voluntary certification program sponsored jointly by the state department of social and health services, health services division, and the Pacific Northwest section of the American water works association.

(2) Certification shall be issued to persons certified by a governing body or owner of a public water system to have been the operators of a purification plant or distribution system on January 1, 1978, but only to those who are required to be certified under RCW 70.119.030(1). A certificate so issued shall be valid for operating any plant or system of the same classification and same type of water source.

(3) A nonrenewable certificate, temporary in nature, may be issued to an operator for a period not to exceed twelve months to fill a vacated position required to have a certified operator. Only one such certificate may be issued subsequent to each instance of vacation of any such position. [1991 c 305 § 5; 1983 c 292 § 7; 1977 ex.s. c 99 § 9.]

**Effective date—1977 ex.s. c 99:** See RCW 70.119.900.

**70.119.100 Certificates—Issuance and renewal—Conditions.** The issuance and renewal of a certificate shall be subject to the following conditions:

(1) Except as provided in RCW 70.119.090, a certificate shall be issued if the operator has satisfactorily passed a written examination, has paid the department an application fee as established by the department under RCW 70.119.160, and has met the requirements specified in the rules and regulations as authorized by this chapter.

**Finding—Intent—1999 c 118:** "The legislature finds and declares that the provision of safe and reliable water supplies is essential to public health and the continued economic vitality of the state of Washington. Maintaining the authority necessary to ensure safe and reliable water supplies requires that state laws conform with the provisions of the federal safe drinking water act. It is the intent of the legislature that the definition of public water system be amended to reflect recent amendments to the federal safe drinking water act." [1999 c 118 § 1.]

**Finding—1994 c 252:** "The legislature finds that:

(1) The federal safe drinking water act has imposed significant new costs on public water systems and that the state should seek maximum regulatory flexibility allowed under federal law;

(2) There is a need to comprehensively assess and characterize the groundwaters of the state to evaluate public health risks from organic and inorganic chemicals regulated under federal law;

(3) That federal law provides a mechanism to significantly reduce testing and monitoring costs to public water systems through the use of area-wide waivers.

The legislature therefore directs the department of health to conduct a voluntary program to selectively test the groundwaters of the state for organic and inorganic chemicals regulated under federal law for the purpose of granting area-wide waivers." [1994 c 252 § 1.]

**Effective date—1994 c 252:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 1, 1994]." [1994 c 252 § 6.]

**Requirements effective upon adoption of rules—1991 c 304:** See note following RCW 70.119A.100.

**70.119A.025 Environmental excellence program agreements—Effect on chapter.** Notwithstanding any other provision of law, any legal requirement under this chapter, including any standard, limitation, rule, or order is superseded and replaced in accordance with the terms and provisions of an environmental excellence program agreement, entered into under chapter 43.21K RCW. [1997 c 381 § 24.]

**Purpose—1997 c 381:** See RCW 43.21K.005.

**70.119A.030 Public health emergencies—Violations—Penalty.** (1) The secretary or his or her designee or the local health officer may declare a public health emer-

gency. As limited by RCW 70.119A.040, the department may impose penalties for violations of laws or regulations that are determined to be a public health emergency.

(2) As limited by RCW 70.119A.040, the department may impose penalties for violation of laws or rules regulating public water systems and administered by the department of health. [1993 c 305 § 1; 1991 c 304 § 3; 1989 c 422 § 6; 1986 c 271 § 3.]

**Requirements effective upon adoption of rules—1991 c 304:** See note following RCW 70.119A.100.

**70.119A.040 Additional or alternative penalty—Informal resolution unless a public health emergency.**

(1)(a) In addition to or as an alternative to any other penalty or action allowed by law, a person who violates a law or rule regulating public water systems and administered by the department of health is subject to a penalty of not more than five thousand dollars per day for every such violation, or, in the case of a violation that has been determined to be a public health emergency, a penalty of not more than ten thousand dollars per day for every such violation. Every such violation shall be a separate and distinct offense. The amount of fine shall reflect the health significance of the violation and the previous record of compliance on the part of the public water supplier. In case of continuing violation, every day's continuance shall be a separate and distinct violation.

(b) In addition, a person who constructs, modifies, or expands a public water system or who commences the construction, modification, or expansion of a public water system without first obtaining the required departmental approval is subject to penalties of not more than five thousand dollars per service connection, or, in the case of a system serving a transient population, a penalty of not more than four hundred dollars per person based on the highest average daily population the system serves or is anticipated to serve may be imposed. The total penalty that may be imposed pursuant to this subsection (1)(b) is five hundred thousand dollars. For the purpose of computing the penalty under this subsection, a service connection shall include any new service connection actually constructed, any anticipated service connection the system has been designed to serve, and, in the case of a system modification not involving expansions, each existing service connection that benefits or would benefit from the modification.

(c) Every person who, through an act of commission or omission, procures, aids, or abets a violation is considered to have violated the provisions of this section and is subject to the penalty provided in this section.

(2) The penalty provided for in this section shall be imposed by a notice in writing to the person against whom the civil penalty is assessed and shall describe the violation. The notice shall be personally served in the manner of service of a summons in a civil action or in a manner that shows proof of receipt. A penalty imposed by this section is due twenty-eight days after receipt of notice unless application for an adjudicative proceeding is filed as provided in subsection (3) of this section.

(3) Within twenty-eight days after notice is received, the person incurring the penalty may file an application for an adjudicative proceeding and may pursue subsequent review

as provided in chapter 34.05 RCW and applicable rules of the department or board of health.

(4) A penalty imposed by a final administrative order is due upon service of the final administrative order. A person who fails to pay a penalty assessed by a final administrative order within thirty days of service of the final administrative order shall pay, in addition to the amount of the penalty, interest at the rate of one percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid, commencing with the month in which the notice of penalty was served and such reasonable attorney's fees as are incurred in securing the final administrative order.

(5) A person who institutes proceedings for judicial review of a final administrative order assessing a civil penalty under this chapter shall place the full amount of the penalty in an interest bearing account in the registry of the reviewing court. At the conclusion of the proceeding the court shall, as appropriate, enter a judgment on behalf of the department and order that the judgment be satisfied to the extent possible from moneys paid into the registry of the court or shall enter a judgment in favor of the person appealing the penalty assessment and order return of the moneys paid into the registry of the court together with accrued interest to the person appealing. The judgment may award reasonable attorney's fees for the cost of the attorney general's office in representing the department.

(6) If no appeal is taken from a final administrative order assessing a civil penalty under this chapter, the department may file a certified copy of the final administrative order with the clerk of the superior court in which the public water system is located or in Thurston county, and the clerk shall enter judgment in the name of the department and in the amount of the penalty assessed in the final administrative order.

(7) A judgment entered under subsection (5) or (6) of this section shall have the same force and effect as, and is subject to all of the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court in which it is entered.

(8) All penalties imposed under this section shall be payable to the state treasury and credited to the safe drinking water account, and shall be used by the department to provide training and technical assistance to system owners and operators.

(9) Except in cases of public health emergencies, the department may not impose monetary penalties under this section unless a prior effort has been made to resolve the violation informally. [1995 c 376 § 8; 1993 c 305 § 2; 1990 c 133 § 8; 1989 c 175 § 135; 1986 c 271 § 4.]

**Findings—1995 c 376:** See note following RCW 70.116.060.

**Findings—Severability—1990 c 133:** See notes following RCW 36.94.140.

**Effective date—1989 c 175:** See note following RCW 34.05.010.

**70.119A.050 Enforcement of regulations by local boards of health—Civil penalties.** Each local board of health that is enforcing the regulations under an agreement with the department allocating state and local responsibility is authorized to impose and collect civil penalties for violations within the area of its responsibility under the same limitations and requirements imposed upon the department by

RCW 70.119A.030 and 70.119A.040, except that judgment shall be entered in the name of the local board [and] penalties shall be placed into the general fund of the county, city, or town operating the local board of health. [1993 c 305 § 3; 1989 c 422 § 8; 1986 c 271 § 5.]

**70.119A.060 Public water systems—Mandate—Conditions for approval or creation of new public water system—Department and local health jurisdiction duties.**

(1) In order to assure safe and reliable public drinking water and to protect the public health, public water systems shall:

- (a) Protect the water sources used for drinking water;
- (b) Provide treatment adequate to assure that the public health is protected;
- (c) Provide and effectively operate and maintain public water system facilities;
- (d) Plan for future growth and assure the availability of safe and reliable drinking water;
- (e) Provide the department with the current names, addresses, and telephone numbers of the owners, operators, and emergency contact persons for the system, including any changes to this information, and provide to users the name and twenty-four hour telephone number of an emergency contact person; and

(f) Take whatever investigative or corrective action is necessary to assure that a safe and reliable drinking water supply is continuously available to users.

(2) No new public water system may be approved or created unless: (a) It is owned or operated by a satellite system management agency established under RCW 70.116.134 and the satellite system management system complies with financial viability requirements of the department; or (b) a satellite management system is not available and it is determined that the new system has sufficient management and financial resources to provide safe and reliable service. The approval of any new system that is not owned by a satellite system management agency shall be conditioned upon future management or ownership by a satellite system management agency, if such management or ownership can be made with reasonable economy and efficiency, or upon periodic review of the system's operational history to determine its ability to meet the department's financial viability and other operating requirements. The department and local health jurisdictions shall enforce this requirement under authority provided under this chapter, chapter 70.116, or 70.05 RCW, or other authority governing the approval of new water systems by the department or a local jurisdiction.

(3) The department and local health jurisdictions shall carry out the rules and regulations of the state board of health adopted pursuant to RCW 43.20.050(2)(a) and other rules adopted by the department relating to public water systems. [1995 c 376 § 3; 1991 c 304 § 4; 1990 c 132 § 4; 1989 c 422 § 3.]

**Findings—1995 c 376:** See note following RCW 70.116.060.

**Requirements effective upon adoption of rules—1991 c 304:** See note following RCW 70.119A.100.

**Legislative findings—Severability—1990 c 132:** See notes following RCW 43.20.240.

**70.119A.070 Department contracting authority.** The department may enter into contracts to carry out the purposes of this chapter. [1989 c 422 § 4.]

**70.119A.080 Drinking water program.** (1) The department shall administer a drinking water program which includes, but is not limited to, those program elements necessary to assume primary enforcement responsibility for part B, and section 1428 of part C of the federal safe drinking water act. No rule promulgated or implemented by the department of health or the state board of health for the purpose of compliance with the requirements of the federal safe drinking water act, 42 U.S.C. Sec. 300f et seq., shall be applicable to public water systems to which that federal law is not applicable, unless the department or the state board determines that such rule is necessary for the protection of public health.

(2) The department shall enter into an agreement of administration with the department of ecology and any other appropriate agencies, to administer the federal safe drinking water act.

(3) The department is authorized to accept federal grants for the administration of a primary program. [1991 c 3 § 371; 1989 c 422 § 5.]

**70.119A.100 Operating permits—Findings.** The legislature finds that:

(1) The responsibility for ensuring that the citizens of this state have a safe and reliable drinking water supply is shared between local government and state government, and is the obligation of every public water system;

(2) A rapid increase in the number of public water systems supplying drinking water to the citizens of this state has significantly increased the burden on both local and state government to monitor and enforce compliance by these systems with state laws that govern planning, design, construction, operation, maintenance, financing, management, and emergency response;

(3) The federal safe drinking water act imposes on state and local governments and the public water systems of this state significant new responsibilities for monitoring, testing, and treating drinking water supplies; and

(4) Existing drinking water programs at both the state and local government level need additional authorities to enable them to more comprehensively and systematically address the needs of the public water systems of this state and assure that the public health and safety of its citizens are protected.

Therefore, annual operating permit requirements shall be established in accordance with this chapter. The operating permit requirements shall be administered by the department and shall be used as a means to assure that public water systems provide safe and reliable drinking water to the public. The department and local government shall conduct comprehensive and systematic evaluations to assess the adequacy and financial viability of public water systems. The department may impose permit conditions, requirements for system improvements, and compliance schedules in order to carry out the purpose of chapter 304, Laws of 1991. [1991 c 304 § 1.]

**Requirements effective upon adoption of rules—1991 c 304:** "The department shall adopt rules necessary to implement sections 5 through 7 of (2008 Ed.)

this act. The requirements of this act shall take effect upon adoption of rules pursuant to this act." [1991 c 304 § 8.]

**70.119A.110 Operating permits—Application process—Phase-in of implementation—Satellite systems.** (1) No person may operate a group A public water system unless the person first submits an application to the department and receives an operating permit as provided in this section. A new application must be submitted upon any change in ownership of the system. Any person operating a public water system on July 28, 1991, may continue to operate the system until the department takes final action, including any time necessary for a hearing under subsection (3) of this section, on a permit application submitted by the person operating the system under the rules adopted by the department to implement this section.

(2) The department may require that each application include the information that is reasonable and necessary to determine that the system complies with applicable standards and requirements of the federal safe drinking water act, state law, and rules adopted by the department or by the state board of health.

(3) Following its review of the application, its supporting material, and any information received by the department in its investigation of the application, the department shall issue or deny the operating permit. The department shall act on initial permit applications as expeditiously as possible, and shall in all cases either grant or deny the application within one hundred twenty days of receipt of the application or of any supplemental information required to complete the application. The applicant for a permit shall be entitled to file an appeal in accordance with chapter 34.05 RCW if the department denies the initial or subsequent applications or imposes conditions or requirements upon the operator. Any operator of a public water system that requests a hearing may continue to operate the system until a decision is issued after the hearing.

(4) At the time of initial permit application or at the time of permit renewal the department may impose such permit conditions, requirements for system improvements, and compliance schedules as it determines are reasonable and necessary to ensure that the system will provide a safe and reliable water supply to its users.

(5) Operating permits shall be issued for a term of one year, and shall be renewed annually, unless the operator fails to apply for a new permit or the department finds good cause to deny the application for renewal.

(6) Each application shall be accompanied by an annual fee as follows:

(a) The annual fee for public water supply systems serving fifteen to forty-nine service connections shall be twenty-five dollars.

(b) The annual fee for public water supply systems serving fifty to three thousand three hundred thirty-three service connections shall be based on a uniform per service connection fee of one dollar and fifty cents per service connection.

(c) The annual fee for public water supply systems serving three thousand three hundred thirty-four to fifty-three thousand three hundred thirty-three service connections shall be based on a uniform per service connection fee of one dollar and fifty cents per service connection plus ten cents for

each service connection in excess of three thousand three hundred thirty-three service connections.

(d) The annual fee for public water supply systems serving fifty-three thousand three hundred thirty-four or more service connections shall be ten thousand dollars.

(e) In addition to the fees under (a) through (d) of this subsection, the department may charge an additional one-time fee of five dollars for each service connection in a new water system.

(f) Until June 30, 2007, in addition to the fees under (a) through (e) of this subsection, the department may charge municipal water suppliers, as defined in RCW 90.03.015, an additional annual fee equivalent to twenty-five cents for each residential service connection for the purpose of funding the water conservation activities in RCW 70.119A.180.

(7) The department may phase-in the implementation for any group of systems provided the schedule for implementation is established by rule. Prior to implementing the operating permit requirement on water systems having less than five hundred service connections, the department shall form a committee composed of persons operating these systems. The committee shall be composed of the department of health, two operators of water systems having under one hundred connections, two operators of water systems having between one hundred and two hundred service connections, two operators of water systems having between two hundred and three hundred service connections, two operators of water systems having between three hundred and four hundred service connections, two operators of water systems having between four hundred and five hundred service connections, and two county public health officials. The members shall be chosen from different geographic regions of the state. This committee shall develop draft rules to implement this section. The draft rules will then be subject to the rule-making procedures in accordance with chapter 34.05 RCW.

(8) The department shall notify existing public water systems of the requirements of RCW 70.119A.030, 70.119A.060, and this section at least one hundred twenty days prior to the date that an application for a permit is required pursuant to RCW 70.119A.030, 70.119A.060, and this section.

(9) The department shall issue one operating permit to any approved satellite system management agency. Operating permit fees for approved satellite system management agencies shall be one dollar per connection per year for the total number of connections under the management of the approved satellite agency. The department shall define by rule the meaning of the term "satellite system management agency." If a statutory definition of this term exists, then the department shall adopt by rule a definition consistent with the statutory definition.

(10) For purposes of this section, "group A public water system" and "system" mean those water systems with fifteen or more service connections, regardless of the number of people; or a system serving an average of twenty-five or more people per day for sixty or more days within a calendar year, regardless of the number of service connections. [2003 1st sp.s. c 5 § 18; 1991 c 304 § 5.]

**70.119A.115 Organic and inorganic chemicals—Area-wide waiver program.** The department shall develop and implement a voluntary consolidated source monitoring program sufficient to accurately characterize the source water quality of the state's drinking water supplies and to maximize the flexibility allowed in the federal safe drinking water act to allow public water systems to be waived from full testing requirements for organic and inorganic chemicals under the federal safe drinking water act. The department shall arrange for the initial sampling and provide for testing and programmatic costs to the extent that the legislature provides funding for this purpose in water system operating permit fees or through specific appropriation of funds from other sources. The department shall assess a fee using its authority under RCW 43.20B.020, sufficient to cover all testing and directly related costs to public water systems that otherwise are not funded. The department shall adjust the amount of the fee based on the size of the public drinking water system. Fees charged by the department for this purpose may not vary by more than a factor of ten. The department shall, to the extent feasible and cost-effective, use the services of local governments, local health departments, and private laboratories to implement the testing program. The department shall consult with the departments of agriculture and ecology for the purpose of exchanging water quality and other information. [1997 c 218 § 3; 1994 c 252 § 3.]

All receipts from the operating permit fees required to be paid under RCW 70.119A.110 shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used by the department of health to carry out the purposes of chapter 304, Laws of 1991 and to carry out contracts with local governments in accordance with this chapter. [1991 c 304 § 6.]

**Requirements effective upon adoption of rules—1991 c 304:** See note following RCW 70.119A.100.

**70.119A.130 Local government authority.** Local governments may establish separate operating permit requirements for public water systems provided the operating permit requirements have been approved by the department. The department shall not approve local operating permit requirements unless the local system will result in an increased level of service to the public water system. There shall not be duplicate operating permit requirements imposed by local governments and the department. [1995 c 376 § 9; 1991 c 304 § 7.]

**Effective date—1995 c 376 § 9:** "Section 9 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995." [1995 c 376 § 17.]

**Severability—1992 c 34:** See note following RCW 69.07.170.

**70.119A.150 Authority to enter premises—Search warrants—Investigations.** (1)(a) Except as otherwise provided in (b) of this subsection, the secretary or his or her designee shall have the right to enter a premises under the control of a public water system at reasonable times with prior notification in order to determine compliance with laws and rules administered by the department of health to test, inspect, or sample features of a public water system and inspect, copy, or photograph monitoring equipment or other features of a public water system, or records required to be kept under laws or rules regulating public water systems. For the purposes of this section, "premises under the control of a public water system" does not include the premises or private property of a customer of a public water system past the point on the system where the service connection is made.

(b) The secretary or his or her designee need not give prior notification to enter a premises under (a) of this subsection if the purpose of the entry is to ensure compliance by the public water system with a prior order of the department or if the secretary or the secretary's designee has reasonable cause to believe the public water system is violating the law and poses a serious threat to public health and safety.

(2) The secretary or his or her designee may apply for an administrative search warrant to a court official authorized to issue a criminal search warrant. An administrative search warrant may be issued for the purposes of inspecting or examining property, buildings, premises, place, books, records, or other physical evidence, or conducting tests or taking samples. The warrant shall be issued upon probable cause. It is sufficient probable cause to show any of the following:

(a) The inspection, examination, test, or sampling is pursuant to a general administrative plan to determine compliance with laws or rules administered by the department; or

(b) The secretary or his or her designee has reason to believe that a violation of a law or rule administered by the department has occurred, is occurring, or may occur.

(3) The local health officer or the designee of a local health officer of a local board of health that is enforcing rules regulating public water systems under an agreement with the department allocating state and local responsibility is authorized to conduct investigations and to apply for, obtain, and execute administrative search warrants necessary to perform the local board's agreed-to responsibilities under the same limitations and requirements imposed on the department under this section. [1993 c 305 § 4.]

**70.119A.160 Water supply advisory committee.** The department shall create a water supply advisory committee. Membership on the committee shall reflect a broad range of

interests in the regulation of public water supplies, including water utilities of all sizes, local governments, business groups, special purpose districts, local health jurisdictions, other state and federal agencies, financial institutions, environmental organizations, the legislature, and other groups substantially affected by the department's role in implementing state and federal requirements for public water systems. Members shall be appointed for fixed terms of no less than two years, and may be reappointed. Any members of an existing advisory committee to the drinking water program may remain as members of the water supply advisory committee. The committee shall provide advice to the department on the organization, functions, service delivery methods, and funding of the drinking water program. The committee shall also review the adequacy and necessity of the current and prospective funding for the drinking water program, and the results of the committees' review shall be forwarded to the department. The report shall include a discussion of the extent to which the drinking water program has progressed toward achieving the objectives of the public health improvement plan, and an assessment of any changes to the program necessitated by modifications to the federal safe drinking water act. [1998 c 245 § 112; 1995 c 376 § 4.]

**70.119A.170 Drinking water assistance account—Drinking water assistance administrative account—Drinking water assistance repayment account—Program to provide financial assistance to public water systems—Responsibilities.** (1) A drinking water assistance account is created in the state treasury. Such subaccounts as are necessary to carry out the purposes of this chapter are permitted to be established within the account. Therefore, the drinking water assistance administrative account and the drinking water assistance repayment account are created in the state treasury. The purpose of the account is to allow the state to use any federal funds that become available to states from congress to fund a state revolving loan fund program as part of the reauthorization of the federal safe drinking water act. Expenditures from the account may only be made by the secretary, the public works board, or the department of community, trade, and economic development, after appropriation. Moneys in the account may only be used, consistent with federal law, to assist water systems to provide safe drinking water through a program administered through the department of health, the public works board, and the department of community, trade, and economic development and for other activities authorized under federal law. Money may be placed in the account from the proceeds of bonds when authorized by the legislature, transfers from other state funds or accounts, federal capitalization grants or other financial assistance, all repayments of moneys borrowed from the account, all interest payments made by borrowers from the account or otherwise earned on the account, or any other lawful source. All interest earned on moneys deposited in the account, including repayments, shall remain in the account and may be used for any eligible purpose. Moneys in the account may only be used to assist local governments and water systems to provide safe and reliable drinking water, for other services and assistance authorized by federal law to be

funded from these federal funds, and to administer the program.

(2) The department and the public works board shall establish and maintain a program to use the moneys in the drinking water assistance account as provided by the federal government under the safe drinking water act. The department and the public works board, in consultation with purveyors, local governments, local health jurisdictions, financial institutions, commercial construction interests, other state agencies, and other affected and interested parties, shall by January 1, 1999, adopt final joint rules and requirements for the provision of financial assistance to public water systems as authorized under federal law. Prior to the effective date of the final rules, the department and the public works board may establish and utilize guidelines for the sole purpose of ensuring the timely procurement of financial assistance from the federal government under the safe drinking water act, but such guidelines shall be converted to rules by January 1, 1999. The department and the public works board shall make every reasonable effort to ensure the state's receipt and disbursement of federal funds to eligible public water systems as quickly as possible after the federal government has made them available. By December 15, 1997, the department and the public works board shall provide a report to the appropriate committees of the legislature reflecting the input from the affected interests and parties on the status of the program. The report shall include significant issues and concerns, the status of rule making and guidelines, and a plan for the adoption of final rules.

(3) If the department, public works board, or any other department, agency, board, or commission of state government participates in providing service under this section, the administering entity shall endeavor to provide cost-effective and timely services. Mechanisms to provide cost-effective and timely services include: (a) Adopting federal guidelines by reference into administrative rules; (b) using existing management mechanisms rather than creating new administrative structures; (c) investigating the use of service contracts, either with other governmental entities or with non-governmental service providers; (d) the use of joint or combined financial assistance applications; and (e) any other method or practice designed to streamline and expedite the delivery of services and financial assistance.

(4) The department shall have the authority to establish assistance priorities and carry out oversight and related activities, other than financial administration, with respect to assistance provided with federal funds. The department, the public works board, and the department of community, trade, and economic development shall jointly develop, with the assistance of water purveyors and other affected and interested parties, a memorandum of understanding setting forth responsibilities and duties for each of the parties. The memorandum of understanding at a minimum, shall include:

(a) Responsibility for developing guidelines for providing assistance to public water systems and related oversight prioritization and oversight responsibilities including requirements for prioritization of loans or other financial assistance to public water systems;

(b) Department submittal of preapplication information to the public works board for review and comment;

(c) Department submittal of a prioritized list of projects to the public works board for determination of:

(i) Financial capability of the applicant; and

(ii) Readiness to proceed, or the ability of the applicant to promptly commence the project;

(d) A process for determining consistency with existing water resource planning and management, including coordinated water supply plans, regional water resource plans, and comprehensive plans under the growth management act, chapter 36.70A RCW;

(e) A determination of:

(i) Least-cost solutions, including consolidation and restructuring of small systems, where appropriate, into more economical units;

(ii) The provision of regional facilities;

(iii) Projects and activities that facilitate compliance with the federal safe drinking water act; and

(iv) Projects and activities that are intended to achieve the public health objectives of federal and state drinking water laws;

(f) Implementation of water conservation and other demand management measures consistent with state guidelines for water utilities;

(g) Assistance for the necessary planning and engineering to assure that consistency, coordination, and proper professional review are incorporated into projects or activities proposed for funding;

(h) Minimum standards for water system capacity, financial viability, and water system planning;

(i) Testing and evaluation of the water quality of the state's public water system to assure that priority for financial assistance is provided to systems and areas with threats to public health from contaminated supplies and reduce in appropriate cases the substantial increases in costs and rates that customers of small systems would otherwise incur under the monitoring and testing requirements of the federal safe drinking water act;

(j) Coordination, to the maximum extent possible, with other state programs that provide financial assistance to public water systems and state programs that address existing or potential water quality or drinking contamination problems;

(k) Definitions of "affordability" and "disadvantaged community" that are consistent with these and similar terms in use by other state or federal assistance programs;

(l) Criteria for the financial assistance program for public water systems, which shall include, but are not limited to:

(i) Determining projects addressing the most serious risk to human health;

(ii) Determining the capacity of the system to effectively manage its resources, including meeting state financial viability criteria; and

(iii) Determining the relative benefit to the community served; and

(m) Ensure that each agency fulfills the audit, accounting, and reporting requirements under federal law for its portion of the administration of this program.

(5) The department and the public works board shall begin the process to disburse funds no later than October 1, 1997, and shall adopt such rules as are necessary under chapter 34.05 RCW to administer the program by January 1, 1999. [2001 c 141 § 4; 1997 c 218 § 4; 1995 c 376 § 10.]

**Purpose—2001 c 141:** See note following RCW 43.84.092.

### **70.119A.180 Water use efficiency requirements—**

**Rules.** (1) It is the intent of the legislature that the department establish water use efficiency requirements designed to ensure efficient use of water while maintaining water system financial viability, improving affordability of supplies, and enhancing system reliability.

(2) The requirements of this section shall apply to all municipal water suppliers and shall be tailored to be appropriate to system size, forecasted system demand, and system supply characteristics.

(3) For the purposes of this section:

(a) Water use efficiency includes conservation planning requirements, water distribution system leakage standards, and water conservation performance reporting requirements; and

(b) "Municipal water supplier" and "municipal water supply purposes" have the meanings provided by RCW 90.03.015.

(4) To accomplish the purposes of this section, the department shall adopt rules necessary to implement this section by December 31, 2005. The department shall:

(a) Develop conservation planning requirements that ensure municipal water suppliers are: (i) Implementing programs to integrate conservation with water system operation and management; and (ii) identifying how to appropriately fund and implement conservation activities. Requirements shall apply to the conservation element of water system plans and small water system management programs developed pursuant to chapter 43.20 RCW. In establishing the conservation planning requirements the department shall review the current department conservation planning guidelines and include those elements that are appropriate for rule. Conservation planning requirements shall include but not be limited to:

(A) Selection of cost-effective measures to achieve a system's water conservation objectives. Requirements shall allow the municipal water supplier to select and schedule implementation of the best methods for achieving its conservation objectives;

(B) Evaluation of the feasibility of adopting and implementing water delivery rate structures that encourage water conservation;

(C) Evaluation of each system's water distribution system leakage and, if necessary, identification of steps necessary for achieving water distribution system leakage standards developed under (b) of this subsection;

(D) Collection and reporting of water consumption and source production and/or water purchase data. Data collection and reporting requirements shall be sufficient to identify water use patterns among utility customer classes, where applicable, and evaluate the effectiveness of each system's conservation program. Requirements, including reporting frequency, shall be appropriate to system size and complexity. Reports shall be available to the public; and

(E) Establishment of minimum requirements for water demand forecast methodologies such that demand forecasts

prepared by municipal water suppliers are sufficient for use in determining reasonably anticipated future water needs;

(b) Develop water distribution system leakage standards to ensure that municipal water suppliers are taking appropriate steps to reduce water system leakage rates or are maintaining their water distribution systems in a condition that results in leakage rates in compliance with the standards. Limits shall be developed in terms of percentage of total water produced and/or purchased and shall not be lower than ten percent. The department may consider alternatives to the percentage of total water supplied where alternatives provide a better evaluation of the water system's leakage performance. The department shall institute a graduated system of requirements based on levels of water system leakage. A municipal water supplier shall select one or more control methods appropriate for addressing leakage in its water system;

(c) Establish minimum requirements for water conservation performance reporting to assure that municipal water suppliers are regularly evaluating and reporting their water conservation performance. The objective of setting conservation goals is to enhance the efficient use of water by the water system customers. Performance reporting shall include:

(i) Requirements that municipal water suppliers adopt and achieve water conservation goals. The elected governing board or governing body of the water system shall set water conservation goals for the system. In setting water conservation goals the water supplier may consider historic conservation performance and conservation investment, customer base demographics, regional climate variations, forecasted demand and system supply characteristics, system financial viability, system reliability, and affordability of water rates. Conservation goals shall be established by the municipal water supplier in an open public forum;

(ii) Requirements that the municipal water supplier adopt schedules for implementing conservation program elements and achieving conservation goals to ensure that progress is being made toward adopted conservation goals;

(iii) A reporting system for regular reviews of conservation performance against adopted goals. Performance reports shall be available to customers and the public. Requirements, including reporting frequency, shall be appropriate to system size and complexity;

(iv) Requirements that any system not meeting its water conservation goals shall develop a plan for modifying its conservation program to achieve its goals along with procedures for reporting performance to the department;

(v) If a municipal water supplier determines that further reductions in consumption are not reasonably achievable, it shall identify how current consumption levels will be maintained;

(d) Adopt rules that, to the maximum extent practical, utilize existing mechanisms and simplified procedures in order to minimize the cost and complexity of implementation and to avoid placing unreasonable financial burden on smaller municipal systems.

(5) The department shall establish an advisory committee to assist the department in developing rules for water use efficiency. The advisory committee shall include representatives from public water system customers, environmental

interest groups, business interest groups, a representative cross-section of municipal water suppliers, a water utility conservation professional, tribal governments, the department of ecology, and any other members determined necessary by the department. The department may use the water supply advisory committee created pursuant to RCW 70.119A.160 augmented with additional participants as necessary to comply with this subsection to assist the department in developing rules.

(6) The department shall provide technical assistance upon request to municipal water suppliers and local governments regarding water conservation, which may include development of best management practices for water conservation programs, conservation landscape ordinances, conservation rate structures for public water systems, and general public education programs on water conservation.

(7) To ensure compliance with this section, the department shall establish a compliance process that incorporates a graduated approach employing the full range of compliance mechanisms available to the department.

(8) Prior to completion of rule making required in subsection (4) of this section, municipal water suppliers shall continue to meet the existing conservation requirements of the department and shall continue to implement their current water conservation programs. [2003 1st sp.s. c 5 § 7.]

**Severability—2003 1st sp.s. c 5:** See note following RCW 90.03.015.

**70.119A.190 Water system acquisition and rehabilitation program—Created.** Subject to the availability of amounts appropriated for this specific purpose, the department shall provide financial assistance through a water system acquisition and rehabilitation program, hereby created. The program shall be jointly administered with the public works board and the department of community, trade, and economic development. The agencies shall adopt guidelines for the program using as a model the procedures and criteria of the drinking water revolving loan program authorized under RCW 70.119A.170. All financing provided through the program must be in the form of grants that partially cover project costs. The maximum grant to any eligible entity may not exceed twenty-five percent of the funds allocated to the appropriation in any fiscal year. [2008 c 214 § 2.]

**Finding—Purpose—2008 c 214:** "The legislature finds that it is the state's policy to maintain the highest quality and reliability of drinking water supplies to all citizens of the state. Small water systems may face greater challenges in this regard because of declining quality in water sources, catastrophic events such as flooding that impair water sources, the age of the system's infrastructure, saltwater intrusion into water sources, inadequate rate base for conducting necessary improvements, and other challenges. In response to these needs, the water system acquisition and rehabilitation program was created through biennial budget law, and through the current biennium has a total of nine million seven-hundred fifty thousand dollars toward assisting dozens of water systems to improve the quality of water supply service to thousands of customers.

It is the purpose of this act to establish an ongoing water system acquisition and rehabilitation program, to direct a review of the program to date, and to provide for recommendations for strengthening the program and increasing the financial assistance available under the program." [2008 c 214 § 1.]

**70.119A.900 Short title—1989 c 422.** This act shall be known and cited as the "Washington state safe drinking water act." [1989 c 422 § 1.]

**70.120.120 Rules.** The director shall adopt rules implementing and enforcing this chapter in accordance with chapter 34.05 RCW. The department shall take into account when considering proposed modifications of emission contributing boundaries, as provided for in RCW 70.120.150(6), alterna-

tive transportation control and motor vehicle emission reduction measures that are required by local municipal corporations for the purpose of satisfying federal emission guidelines. [1991 c 199 § 206; 1989 c 240 § 8; 1979 ex.s. c 163 § 13.]

**70.120.130 Authority.** The authority granted by this chapter to the director and the department for controlling vehicle emissions is supplementary to the department's authority to control air pollution pursuant to chapter 70.94 RCW. [1979 ex.s. c 163 § 14.]

**Severability—1979 ex.s. c 163:** See note following RCW 70.120.010.

**70.120.150 Vehicle emission and equipment standards—Designation of noncompliance areas and emission contributing areas.** The director:

(1) Shall adopt motor vehicle emission and equipment standards to: Ensure that no less than seventy percent of the vehicles tested comply with the standards on the first inspection conducted, meet federal clean air act requirements, and protect human health and the environment.

(2) Shall adopt rules implementing the smoke opacity testing requirement for diesel vehicles that ensure that such test is objective and repeatable and that properly maintained engines that otherwise would meet the applicable federal emission standards, as measured by the new engine certification test, would not fail the smoke opacity test.

(3) Shall designate a geographic area as being a "non-compliance area" for motor vehicle emissions if (a) the department's analysis of emission and ambient air quality data, covering a period of no less than one year, indicates that the standard has or will probably be exceeded, and (b) the department determines that the primary source of the air contaminant is motor vehicle emissions.

(4) Shall reevaluate noncompliance areas if the United States environmental protection agency modifies the relevant air quality standards, and shall discontinue the program if compliance is indicated and if the department determines that the area would continue to be in compliance after the program is discontinued. The director shall notify persons residing in noncompliance areas of the reevaluation.

(5) Shall analyze information regarding the motor vehicle traffic in a noncompliance area to determine the smallest land area within whose boundaries are present registered motor vehicles that contribute significantly to the violation of motor vehicle-related air quality standards in the noncompliance area. The director shall declare the area to be an "emission contributing area." An emission contributing area established for a carbon monoxide or oxides of nitrogen noncompliance area must contain the noncompliance area within its boundaries. An emission contributing area established for an ozone noncompliance area located in this state need not contain the ozone noncompliance area within its boundaries if it can be proven that vehicles registered in the area contribute significantly to violations of the ozone air quality standard in the noncompliance area. An emission contributing area may

be established in this state for violations of federal air quality standards for ozone in an adjacent state if (a) the United States environmental protection agency designates an area to be a "nonattainment area for ozone" under the provisions of the federal Clean Air Act (42 U.S.C. 7401 et seq.), and (b) it can be proven that vehicles registered in this state contribute significantly to the violation of the federal air quality standards for ozone in the adjacent state's nonattainment area.

(6) Shall, after consultation with the appropriate local government entities, designate areas as being noncompliance areas or emission contributing areas, and shall establish the boundaries of such areas by rule. The director may also modify boundaries. In establishing the external boundaries of an emission contributing area, the director shall use the boundaries established for ZIP code service areas by the United States postal service.

(7) May make grants to units of government in support of planning efforts to reduce motor vehicle emissions. [1991 c 199 § 207; 1989 c 240 § 2.]

**Finding—1991 c 199:** See note following RCW 70.94.011.

**Effective dates—Severability—Captions not law—1991 c 199:** See RCW 70.94.904 through 70.94.906.

**70.120.160 Noncompliance areas—Annual review.**

(1) The director shall review annually the air quality and forecasted air quality of each area in the state designated as a noncompliance area for motor vehicle emissions.

(2) An area shall no longer be designated as a noncompliance area if the director determines that:

(a) Air quality standards for contaminants derived from motor vehicle emissions are no longer being violated in the noncompliance area; and

(b) The standards would not be violated if the emission inspection system in the emission contributing area was discontinued and the requirements of RCW 46.16.015 no longer applied. [1989 c 240 § 3.]

**70.120.170 Motor vehicle emission inspections—Fees—Certificate of compliance—State and local agency vehicles. (Expires January 1, 2020.)**

(1) The department shall administer a system for emission inspections of all motor vehicles, except those described in RCW 46.16.015(2), that are registered within the boundaries of each emission contributing area. Under such system a motor vehicle shall be inspected biennially except where an annual program would be required to meet federal law and prevent federal sanctions. In addition, motor vehicles shall be inspected at each change of registered owner of a licensed vehicle as provided under RCW 46.16.015.

(2) The director shall:

(a) Adopt procedures for conducting emission inspections of motor vehicles. The inspections may include idle and high revolution per minute emission tests. The emission test for diesel vehicles shall consist solely of a smoke opacity test.

(b) Adopt criteria for calibrating emission testing equipment. Electronic equipment used to test for emissions standards provided for in this chapter shall be properly calibrated. The department shall examine frequently the calibration of the emission testing equipment used at the stations.

(c) Authorize, through contracts, the establishment and operation of inspection stations for conducting vehicle emission inspections authorized in this chapter. No person contracted to inspect motor vehicles may perform for compensation repairs on any vehicles. No public body may establish or operate contracted inspection stations. Any contracts [must] comply with the procedures established for competitive bids in chapter 43.19 RCW.

(d) Beginning in 2012, authorize businesses other than those contracted to operate inspection stations under (c) of this subsection to conduct vehicle emission inspections. Businesses authorized under this subsection may also inspect and perform, for compensation, repairs on vehicles. The fee limitations under subsection (4) of this section do not apply to the fee charged for a vehicle emissions inspection by a business authorized to conduct vehicle emission inspections under this subsection. The director may establish by rule a fee to be paid to the department for the oversight costs for each vehicle emission inspection performed by a business authorized under this subsection (2)(d).

(3) Subsection (2)(c) of this section does not apply to volunteer motor vehicle inspections under RCW 70.120.020(1) if the inspections are conducted for the following purposes:

- (a) Auditing;
- (b) Contractor evaluation;
- (c) Collection of data for establishing calibration and performance standards; or
- (d) Public information and education.

(4)(a) The director shall establish by rule the fee to be charged for emission inspections. The inspection fee shall be a standard fee applicable statewide or throughout an emission contributing area and shall be no greater than fifteen dollars. Surplus moneys collected from fees over the amount due the contractor shall be paid to the state and deposited in the general fund. Fees shall be set at the minimum whole dollar amount required to (i) compensate the contractor or inspection facility owner, and (ii) offset the general fund appropriation to the department to cover the administrative costs of the motor vehicle emission inspection program.

(b) Before each inspection, a person whose motor vehicle is to be inspected shall pay to the inspection station the fee established under this section. The person whose motor vehicle is inspected shall receive the results of the inspection. If the inspected vehicle complies with the standards established by the director, the person shall receive a dated certificate of compliance. If the inspected vehicle does not comply with those standards, one reinspection of the vehicle shall be afforded without charge.

(5) All units of local government and agencies of the state with motor vehicles garaged or regularly operated in an emissions contributing area shall test the emissions of those vehicles annually to ensure that the vehicle's emissions comply with the emission standards established by the director. All state agencies outside of emission contributing areas with more than twenty motor vehicles housed at a single facility or contiguous facilities shall test the emissions of those vehicles annually to ensure that the vehicles' emissions comply with standards established by the director. A report of the results of the tests shall be submitted to the department.

(6) This section expires January 1, 2020. [2005 c 295 § 6; 1998 c 342 § 4; 1991 c 199 § 208; 1989 c 240 § 4.]

**Effective dates—Severability—Captions not law—1991 c 199:** See RCW 70.94.904 through 70.94.906.

**70.120.190 Used vehicles.** (1) Motor vehicle dealers selling a used vehicle not under a new vehicle warranty shall include a notice in each vehicle purchase order form that reads as follows: "The owner of a vehicle may be required to spend up to (a dollar amount established under RCW 70.120.070) for repairs if the vehicle does not meet the vehicle emission standards under this chapter. Unless expressly warranted by the motor vehicle dealer, the dealer is not warranting that this vehicle will pass any emission tests required by federal or state law."

(2) The signature of the purchaser on the notice required under subsection (1) of this section shall constitute a valid disclaimer of any implied warranty by the dealer as to a vehicle's compliance with any emission standards.

(3) The disclosure requirement of subsection (1) of this section applies to all motor vehicle dealers located in counties where state emission inspections are required. [1991 c 199 § 210.]

**70.120.210 Clean-fuel performance and clean-fuel vehicle emissions specifications.** By July 1, 1992, the department shall develop, in cooperation with the departments of general administration and transportation, and Washington State University, aggressive clean-fuel performance and clean-fuel vehicle emissions specifications including clean-fuel vehicle conversion equipment. To the extent possible, such specifications shall be equivalent for all fuel types. In developing such specifications the department shall consider the requirements of the clean air act and the findings of the environmental protection agency, other states, the American petroleum institute, the gas research institute, and the motor vehicles manufacturers association. *Clean-fuel grants:* RCW 70.94.960.

**70.120.230 Scientific advisory board—Composition of board—Duties.** The department shall establish a scientific advisory board to review plans to establish or expand the geographic area where an inspection and maintenance system for motor vehicle emissions is required. The board shall consist of three to five members. All members shall have at least a master's degree in physics, chemistry, or engineering, or a closely related field. No member may be a current employee of a local air pollution control authority, the department, the

United States environmental protection agency, or a company that may benefit from a review by the board.

The board shall review an inspection and maintenance plan at the request of a local air pollution control authority, the department, or by a petition of at least fifty people living within the proposed boundaries of a vehicle emission inspection and maintenance system. The entity or entities requesting a scientific review may include specific issues for the board to consider in its review. The board shall limit its review to matters of science and shall not provide advice on penalties or issues that are strictly legal in nature.

The board shall provide a complete written review to the department. If the board members are not in agreement as to the scientific merit of any issue under review, the board may include a dissenting opinion in its report to the department. The department shall immediately make copies available to the local air pollution control authority and to the public.

The department shall conduct a public hearing, within the area affected by the proposed rule, if any significant aspect of the rule is in conflict with a majority opinion of the board. The department shall include in its responsiveness summary the rationale for including a rule that is not consistent with the review of the board, including a response to the issues raised at the public hearing.

Members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. [1998 c 342 § 5.]

**70.120A.010 Department of ecology to adopt rules to implement California motor vehicle emission standards—Limitations—Advisory group—Exemptions.** (1) Pursuant to the federal clean air act, the legislature adopts the California motor vehicle emission standards in Title 13 of the California Code of Regulations, effective January 1, 2005, except as provided in this chapter. The department of ecology shall adopt rules to implement the emission standards of the state of California for passenger cars, light duty trucks, and medium duty passenger vehicles, and shall amend the rules from time to time, to maintain consistency with the California motor vehicle emission standards and 42 U.S.C. Sec. 7507 (section 177 of the federal clean air act). Notwithstanding other provisions of this chapter, the department of ecol-

ogy shall not adopt the zero emission vehicle program regulations contained in Title 13 section 1962 of the California Code of Regulations effective January 1, 2005. During rule development, the department of ecology shall convene an advisory group composed of industry and consumer group representatives. Any proposed rules or changes to rules shall be subject to review and comment by the advisory group, prior to rule adoption. The order of adoption for the rules required in this section shall include the signature of the governor. The rules shall be effective only for those model years for which the state of Oregon has adopted the California motor vehicle emission standards. This section does not limit the department of ecology's authority to regulate motor vehicle emissions for any other class of vehicle.

(2) Motor vehicles with a model year equal to or later than the first model year for which new vehicles sold to Washington state residents are required to comply with California motor vehicle emission standards are exempt from emission inspections under chapter 70.120 RCW. [2005 c 295 § 2.]

#### **Findings—2005 c 295:** "The legislature finds that:

(1) Motor vehicles are the largest source of air pollution in the state of Washington, and motor vehicles contribute approximately fifty-seven percent of criteria air pollutant emissions, eighty percent of air toxics emissions, and fifty-five percent of greenhouse gas emissions;

(2) Air pollution levels routinely measured in the state of Washington continue to harm public health, the environment, and the economy. Air pollution causes or contributes to premature death, cancer, asthma, and heart and lung disease. Over half of the state's population suffers from one or more medical conditions that make them very vulnerable to air pollution. Air pollution increases pain and suffering for vulnerable individuals. Air pollution imposes several hundred million dollars annually in added health care costs for air pollution-associated death and illness, reducing the quality of life and economic security of the citizens of Washington;

(3) Reductions of greenhouse gas emissions from transportation sources are necessary, and it is equitable to seek such reductions because reductions in greenhouse gas emissions have already been initiated in other sectors such as power generation;

(4) Reductions in greenhouse gas emissions made under this act should be credited toward any future federal, state, or regional comprehensive regulatory structure enacted to address reducing greenhouse gas emissions;

(5) Under the federal clean air act, the state of Washington has the option to implement either federal motor vehicle emission standards or California motor vehicle emission standards for passenger cars, light duty trucks, and medium duty passenger vehicles;

(6) Opting into the California motor vehicle standards will provide significant and necessary air quality benefits to residents of the state of Washington; and

(7) Adoption of the California motor vehicle standards will increase consumer choices of cleaner vehicles, provide better warranties to consumers, and provide sufficient air quality benefit to allow additional business and economic growth in the key airsheds of the state while maintaining conformance with federal air quality standards." [2005 c 295 § 1.]

**Effective date—2005 c 295 §§ 1, 2, 7, and 11-13:** "Sections 1, 2, 7, and 11 through 13 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [May 6, 2005]." [2005 c 295 § 15.]

**70.120A.020 Early credits and banking—Alternative means of compliance.** (1) In recognition of the provisions of the federal clean air act which require a minimum phase-in period of three model years for adoption of California motor vehicle emission standards, the implementing rules shall include a system of early credits and banking for manufacturers for zero emission vehicles produced and sold earlier than the implementation date for the standards in Washington. Beginning with the model year in which the new standards

become effective, each manufacturer's fleet of passenger cars and light duty trucks delivered for sale in the state of Washington shall proportionately conform to the zero emission vehicle requirements of Title 13 of the California Code of Regulations, including early credit and banking provisions set forth in Title 13 of the Code of California Regulations using Washington specific vehicle numbers. A manufacturer shall be given early Washington zero emission vehicle credits proportionally equivalent to the zero emission vehicle credits possessed by the requesting manufacturer for use in the state of California on January 1st of the model year the California standards become effective in Washington.

(2) In addition, an alternative means of compliance with the requirements of subsection (1) of this section shall be created in the implementing rules provided for in RCW 70.120A.010. The alternative means of compliance shall allow a manufacturer to earn Washington zero emission vehicle credits beginning with the 2005 model year. The alternative means of compliance shall be developed to be consistent in concept with the alternative compliance systems developed for the states of Connecticut, New York, and Maine as they adopted the zero emission vehicle provisions of the California motor vehicle standards and shall contain a Washington multiplier consistent with the multipliers in those systems. The implementing rules shall require timely notification by the manufacturer to the department of ecology of an election to use the alternative means of compliance. [2005 c 295 § 3.]

**Findings—2005 c 295:** See note following RCW 70.120A.010.

**70.120A.030 Warranty repair service—Manufacturers, repair shops.** Individual automobile manufacturers may certify independent automobile repair shops to perform warranty service on the manufacturers' vehicles. Upon certification of the independent automobile repair shops, the manufacturers shall compensate the repair shops at the same rate as franchised dealers for covered warranty repair services. [2005 c 295 § 4.]

**Findings—2005 c 295:** See note following RCW 70.120A.010.

**70.120A.040 Reports.** The office of financial management shall provide an annual progress report to the appropriate committees of the legislature. The office of financial management, in conjunction with the departments of licensing, revenue, and ecology, shall report on the availability of vehicles meeting the standards, the progress of automobile industries in meeting the requirements of the standards, and any other matters relevant to the success of auto-related industries in implementing these requirements. [2005 c 295 § 9.]

**Findings—2005 c 295:** See note following RCW 70.120A.010.

**70.120A.050 New vehicle greenhouse gas emissions disclosure—Rule-making authority—Report to the legislature.** (1) No model year 2010 or subsequent model year new passenger car, light duty truck, or medium duty passenger vehicle may be sold in Washington unless there is securely and conspicuously affixed in a clearly visible location a label on which the manufacturer clearly discloses comparative greenhouse gas emissions for that new vehicle.

(2008 Ed.)

(2) The label required by this section should include a greenhouse gas index or rating system that contains quantitative and graphical information presented in a continuous, easy-to-read scale that compares the greenhouse gas emissions from the vehicle with the average projected greenhouse gas emissions from all passenger cars, light duty trucks, and medium duty passenger vehicles of the same model year. For reference purposes, the index or rating system should also identify the greenhouse gas emissions from the vehicle model of that same model year that has the lowest greenhouse gas emissions.

(3) The index or rating system included in the label under subsection (2) of this section shall be updated as necessary to ensure that the differences in greenhouse gas emissions among vehicles are readily apparent to the consumer.

(4) An automobile manufacturer may apply to the department of ecology for approval of an alternative to the disclosure labeling requirement that is at least as effective in providing notification and disclosure of the vehicle's greenhouse gas emissions as is the labeling required by this section.

(5) A label that complies with the requirements of the California greenhouse gas vehicle labeling program shall be deemed to meet the requirements of this section and any rules adopted under this section.

(6) The department of ecology may adopt such rules as are necessary to implement this section.

(7) The department of ecology shall provide a status report to the appropriate committees of the legislature on or before December 1, 2008, (a) outlining its approach and progress toward implementing a greenhouse gas vehicle emissions disclosure labeling program for Washington, (b) providing an update on the status of California's greenhouse gas vehicle labeling program, and (c) making recommendations as necessary for legislation to meet the intent and purpose of chapter 32, Laws of 2008 by the 2010 model year. [2008 c 32 § 2.]

**Intent—2008 c 32:** "The legislature intends that new passenger cars, light duty trucks, and medium duty passenger vehicles for sale in Washington display clear and easy to understand information disclosing the new vehicle's greenhouse gas emissions. Further, the legislature intends that disclosure of such emissions serves as a means of educating consumers, other motorists, and the general public about the sources of greenhouse gas, their impact, available options, and in particular the role and contribution of automobiles and other motor vehicles." [2008 c 32 § 1.]

*Radioactive waste storage and transportation act of 1980: Chapter 70.99 RCW.*

**70.121.010 Legislative findings.** The legislature finds that:

(1) The milling of uranium and thorium creates potential hazards to the health of the citizens of the state of Washington in that potentially hazardous radioactive isotopes, decay products of uranium and thorium, naturally occurring in relatively dispersed geologic formations, are brought to one location on the surface and pulverized in the process of mining and milling uranium and thorium.

(2) These radioactive isotopes, in addition to creating a field of gamma radiation in the vicinity of the tailings area, also exude potentially hazardous radioactive gas and particulates into the atmosphere from the tailings areas, and contaminate the milling facilities, thereby creating hazards which will be present for many generations.

(3) The public health and welfare of the citizens demands that the state assure that the public health be protected by requiring that: (a) Prior to the termination of any radioactive materials license, all milling facilities and associated tailings piles will be decommissioned in such a manner as to bring the potential public health hazard to a minimum; and (b) such environmental radiation monitoring as is necessary to verify the status of decommissioned facilities will be conducted. [1979 ex.s. c 110 § 1.]

**Effective date—1979 ex.s. c 110:** "This act shall take effect on January 1, 1980." [1979 ex.s. c 110 § 18.]

**70.121.020 Definitions.** Unless the context clearly requires a different meaning, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of health.

(2) "Secretary" means the secretary of health.

(3) "Site" means the restricted area as defined by the United States nuclear regulatory commission.

(4) "Tailings" means the residue remaining after extraction of uranium or thorium from the ore whether or not the residue is left in piles, but shall not include ore bodies nor ore stock piles.

(5) "License" means a radioactive materials license issued under chapter 70.98 RCW and the rules adopted under chapter 70.98 RCW.

(6) "Termination of license" means the cancellation of the license after permanent cessation of operations. Temporary interruptions or suspensions of production due to economic or other conditions are not a permanent cessation of operations.

(7) "Milling" means grinding, cutting, working, or concentrating ore which has been extracted from the earth by mechanical (conventional) or chemical (in situ) processes.

(8) "Obligor-licensee" means any person who obtains a license to operate a uranium or thorium mill in the state of Washington or any person who owns the property on which the mill operates and who owes money to the state for the licensing fee, for reclamation of the site, for perpetual sur-

veillance and maintenance of the site, or for any other obligation owed the state under this chapter.

(9) "Statement of claim" means the document recorded or filed pursuant to this chapter, which names an obligor-licensee, names the state as obligee, describes the obligation owed to the state, and describes property owned by the obligor-licensee on which a lien will attach for the benefit of the state, and which creates the lien when filed. [1991 c 3 § 372; 1987 c 184 § 1; 1982 c 78 § 1; 1979 ex.s. c 110 § 2.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.030 Licenses—Renewal—Hearings.** (1) Any person who proposes to operate a uranium or thorium mill within the state of Washington after January 1, 1980, shall obtain a license from the department to mill thorium and uranium. The period of the license shall be determined by the secretary and shall be initially valid for not more than two years and renewable thereafter for periods of not more than five years. No license may be granted unless:

(a) The owner or operator of the mill submits to the department a plan for reclamation and disposal of tailings and for decommissioning the site that conforms to the criteria and standards then in effect for the protection of the public safety and health; and

(b) The owner of the mill agrees to transfer or revert to the appropriate state or federal agency upon termination of the license all lands, buildings, and grounds, and any interests therein, necessary to fulfill the purposes of this chapter except where the lands are held in trust for or are owned by any Indian tribe.

(2) Any person operating a uranium or thorium mill on January 1, 1980, shall, at the time of application for renewal of his license to mill thorium or uranium, comply with the following conditions for continued operation of the mill:

(a) The owner or operator of the mill shall submit to the department a plan for reclamation and disposal of tailings and for decommissioning the site that conforms to the criteria and standards then in effect for the protection of the public safety and health; and

(b) The owner of the mill shall agree to transfer or revert to the appropriate state or federal agency upon termination of the license all lands, buildings, and grounds, and any interests therein, necessary to fulfill the purposes of this chapter except where the lands are held in trust for or are owned by any Indian tribe.

(3) The department shall, after public notice and opportunity for written comment, hold a public hearing to consider the adequacy of the proposed plan to protect the safety and health of the public required by subsections (1) and (2) of this section. The proceedings shall be recorded and transcribed. The public hearing shall provide the opportunity for cross-examination by both the department and the person proposing the plan required under this section. The department shall make a written determination as to the licensing of the mill which is based upon the findings included in the determination and upon the evidence presented during the public comment period. The determination is subject to judicial review. If a declaration of nonsignificance is issued for a license renewal application under rules adopted under chapter 43.21C RCW, the public hearing is not required.

(4) The department shall set a schedule of license and amendment fees predicated on the cost of reviewing the license application and of monitoring for compliance with the conditions of the license. A permit for construction of a uranium or thorium mill may be granted by the secretary prior to licensing. [1979 ex.s. c 110 § 3.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.040 Facility operations and decommissioning—Monitoring.** The secretary or his representative shall monitor the operations of the mill for compliance with the conditions of the license by the owner or operator. The mill owner or operator shall be responsible for compliance, both during the lifetime of the facility and at shutdown, including but not limited to such requirements as fencing and posting the site; contouring, covering, and stabilizing the pile; and for decommissioning the facility. [1979 ex.s. c 110 § 4.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.050 Radiation perpetual maintenance fund—Licensee contributions—Disposition.** On a quarterly basis on and after January 1, 1980, there shall be levied and the department shall collect a charge of five cents per pound on each pound of uranium or thorium compound milled out of the raw ore. All moneys paid to the department from these charges shall be deposited in a special security fund in the treasury of the state of Washington to be known as the "radiation perpetual maintenance fund". This security fund shall be used by the department when a licensee has ceased to operate and the site may still contain, or have associated with the site at which the licensed activity was conducted in spite of full compliance with RCW 70.121.030, radioactive material which will require further maintenance, surveillance, or other care. If, with respect to a licensee, the department determines that the estimated total of these charges will be less than or greater than that required to defray the estimated cost of administration of this responsibility, the department may prescribe such an increased or decreased charge as is considered necessary for this purpose. If, at termination of the license, the department determines that by the applicable standards and practices then in effect, the charges which have been collected from the licensee and earnings generated therefrom are in excess of the amount required to defray the cost of this responsibility, the department may refund the excess portion to the licensee. If, at termination of the license or cessation of operation, the department determines, by the applicable standards and practices then in effect, that the charges which have been collected from the licensee and earnings generated therefrom are together insufficient to defray the cost of this responsibility, the department may collect the excess portion from the licensee.

Moneys in the radiation perpetual maintenance fund shall be invested by the state investment board in the manner as other state moneys. [1987 c 184 § 2; 1979 ex.s. c 110 § 5.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.060 State authority to acquire property for surveillance sites.** In order to provide for the proper care and

(2008 Ed.)

surveillance of sites under RCW 70.121.050, the state may acquire by gift or transfer from any government agency, corporation, partnership, or person, all lands, buildings, and grounds necessary to fulfill the purposes of this chapter. Any such gift or transfer shall be subject to approval by the department. In exercising the authority of this section, the department shall take into consideration the status of the ownership of the land and interests therein and the ability of the licensee to transfer title and custody thereof to the state. [1979 ex.s. c 110 § 6.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.070 Status of acquired state property for surveillance sites.** Recognizing the uncertainty of the existence of a person or corporation in perpetuity, and recognizing that ultimate responsibility to protect the public health and safety must be reposed in a solvent government, without regard to the existence of any particular agency or department thereof, all lands, buildings, and grounds acquired by the state under RCW 70.121.060 shall be owned in fee simple by the state and dedicated in perpetuity to the purposes stated in RCW 70.121.060. All radioactive material received at a site and located therein at the time of acquisition of ownership by the state shall become the property of the state. [1979 ex.s. c 110 § 7.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.080 Payment for transferred sites for surveillance.** If a person licensed by any governmental agency other than the state or if any other governmental agency desires to transfer a site to the state for the purpose of administering or providing perpetual care, a lump sum payment shall be made to the radiation perpetual maintenance fund. The amount of the deposit shall be determined by the department taking into consideration the factors stated in RCW 70.121.050. [1979 ex.s. c 110 § 8.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.090 Authority for on-site inspections and monitoring.** Each licensee under this chapter, as a condition of his license, shall submit to whatever reasonable on-site inspections and on-site monitoring as required in order for the department to carry out its responsibilities and duties under this chapter. Such on-site inspections and monitoring shall be conducted without the necessity of any further approval or any permit or warrant therefor. [1979 ex.s. c 110 § 9.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.100 Licensees' bond requirements.** The secretary or the secretary's duly authorized representative shall require the posting of a bond by licensees to be used exclusively to provide funds in the event of abandonment, default, or other inability of the licensee to meet the requirements of the department. The secretary may establish bonding requirements by classes of licensees and by range of monetary amounts. In establishing these requirements, the secretary

shall consider the potential for contamination, injury, cost of disposal, and reclamation of the property. The amount of the bond shall be sufficient to pay the costs of reclamation and perpetual maintenance. [1987 c 184 § 5; 1979 ex.s. c 110 § 10.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.110 Acceptable bonds.** A bond shall be accepted by the department if it is a bond issued by a fidelity or surety company admitted to do business in the state of Washington and the fidelity or surety company is found by the state finance commission to be financially secure at licensing and licensing renewals, if it is a personal bond secured by such collateral as the secretary deems satisfactory and in accordance with RCW 70.121.100, or if it is a cash bond. [1987 c 184 § 6; 1979 ex.s. c 110 § 11.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.120 Forfeited bonds—Use of fund.** All bonds forfeited shall be paid to the department for deposit in the radiation perpetual maintenance fund. All moneys in this fund may only be expended by the department as necessary for the protection of the public health and safety and shall not be used for normal operating expenses of the department. [1979 ex.s. c 110 § 12.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.130 Exemptions from bonding requirements.** All state, local, or other governmental agencies, or subdivisions thereof, are exempt from the bonding requirements of this chapter. [1987 c 184 § 7; 1979 ex.s. c 110 § 13.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.140 Amounts owed to state—Lien created.** If a licensee fails to pay the department within a reasonable time money owed to the state under this chapter, the obligation owed to the state shall constitute a lien on all property, both real and personal, owned by the obligor-licensee when the department records or files, pursuant to this section, a statement of claim against the obligor-licensee. The statement of claim against the obligor-licensee shall name the obligor-licensee, name the state as obligee, describe the obligation, and describe the property to be held in security for the obligation.

Statements of claim creating a lien on real property, fixtures, timber, agricultural products, oil, gas, or minerals shall be recorded with the county auditor in each county where the property is located. Statements of claim creating a lien in personal property, whether tangible or intangible, shall be filed with the department of licensing.

A lien recorded or filed pursuant to this section has priority over any lien, interest, or other encumbrance previously or thereafter recorded or filed concerning any property described in the statement of claim, to the extent allowed by federal law.

A lien created pursuant to this section shall continue in force until extinguished by foreclosure or bankruptcy pro-

ceedings or until a release of the lien signed by the secretary is recorded or filed in the place where the statement of claim was recorded or filed. The secretary shall sign and record or file a release only after the obligation owed to the state under this chapter, together with accrued interest and costs of collection has been paid. [1987 c 184 § 3.]

**70.121.150 Amounts owed to the state—Collection by attorney general.** The attorney general shall use all available methods of obtaining funds owed to the state under this chapter. The attorney general shall foreclose on liens made pursuant to this section, obtain judgments against obligor-licensees and pursue assets of the obligor-licensees found outside the state, consider pursuing the assets of parent corporations and shareholders where an obligor-licensee corporation is an underfinanced corporation, and pursue any other legal remedy available. [1987 c 184 § 4.]

**70.121.900 Construction.** This chapter is cumulative and not exclusive, and no part of this chapter shall be construed to repeal any existing law specifically enacted for the protection of the public health and safety. [1979 ex.s. c 110 § 14.]

**Effective date—1979 ex.s. c 110:** See note following RCW 70.121.010.

**70.121.905 Short title.** This chapter may be known as the "Mill Tailings Licensing and Perpetual Care Act of 1979". [1979 ex.s. c 110 § 15.]

**70.121.910 Severability—1979 ex.s. c 110.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1979 ex.s. c 110 § 16.]

*Futile treatment and emergency medical personnel: RCW 43.70.480.*

**70.122.010 Legislative findings.** The legislature finds that adult persons have the fundamental right to control the decisions relating to the rendering of their own health care, including the decision to have life-sustaining treatment withheld or withdrawn in instances of a terminal condition or permanent unconscious condition.

The legislature further finds that modern medical technology has made possible the artificial prolongation of human life beyond natural limits.

The legislature further finds that, in the interest of protecting individual autonomy, such prolongation of the process of dying for persons with a terminal condition or permanent unconscious condition may cause loss of patient dignity, and unnecessary pain and suffering, while providing nothing medically necessary or beneficial to the patient. The legislature further believes that physicians and nurses should not withhold or unreasonably diminish pain medication for patients in a terminal condition where the primary intent of providing such medication is to alleviate pain and maintain or increase the patient's comfort.

The legislature further finds that there exists considerable uncertainty in the medical and legal professions as to the legality of terminating the use or application of life-sustaining treatment where the patient having the capacity to make health care decisions has voluntarily evidenced a desire that such treatment be withheld or withdrawn.

In recognition of the dignity and privacy which patients have a right to expect, the legislature hereby declares that the laws of the state of Washington shall recognize the right of an adult person to make a written directive instructing such person's physician to withhold or withdraw life-sustaining treatment in the event of a terminal condition or permanent unconscious condition. The legislature also recognizes that a person's right to control his or her health care may be exercised by an authorized representative who validly holds the person's durable power of attorney for health care. [1992 c 98 § 1; 1979 c 112 § 2.]

**70.122.020 Definitions.** Unless the context clearly requires otherwise, the definitions contained in this section shall apply throughout this chapter.

(1) "Adult person" means a person who has attained the age of majority as defined in RCW 26.28.010 and 26.28.015, and who has the capacity to make health care decisions.

(2) "Attending physician" means the physician selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

(3) "Directive" means a written document voluntarily executed by the declarer generally consistent with the guidelines of RCW 70.122.030.

(4) "Health facility" means a hospital as defined in \*RCW 70.41.020(2) or a nursing home as defined in RCW 18.51.010, a home health agency or hospice agency as defined in RCW 70.126.010, or a boarding home as defined in RCW 18.20.020.

(5) "Life-sustaining treatment" means any medical or surgical intervention that uses mechanical or other artificial means, including artificially provided nutrition and hydration, to sustain, restore, or replace a vital function, which, when applied to a qualified patient, would serve only to prolong the process of dying. "Life-sustaining treatment" shall

(2008 Ed.)

not include the administration of medication or the performance of any medical or surgical intervention deemed necessary solely to alleviate pain.

(6) "Permanent unconscious condition" means an incurable and irreversible condition in which the patient is medically assessed within reasonable medical judgment as having no reasonable probability of recovery from an irreversible coma or a persistent vegetative state.

(7) "Physician" means a person licensed under chapters 18.71 or 18.57 RCW.

(8) "Qualified patient" means an adult person who is a patient diagnosed in writing to have a terminal condition by the patient's attending physician, who has personally examined the patient, or a patient who is diagnosed in writing to be in a permanent unconscious condition in accordance with accepted medical standards by two physicians, one of whom is the patient's attending physician, and both of whom have personally examined the patient.

(9) "Terminal condition" means an incurable and irreversible condition caused by injury, disease, or illness, that, within reasonable medical judgment, will cause death within a reasonable period of time in accordance with accepted medical standards, and where the application of life-sustaining treatment serves only to prolong the process of dying. [1992 c 98 § 2; 1979 c 112 § 3.]

\*Reviser's note: RCW 70.41.020 was amended by 2002 c 116 § 2, changing subsection (2) to subsection (4).

**70.122.030 Directive to withhold or withdraw life-sustaining treatment.** (1) Any adult person may execute a directive directing the withholding or withdrawal of life-sustaining treatment in a terminal condition or permanent unconscious condition. The directive shall be signed by the declarer in the presence of two witnesses not related to the declarer by blood or marriage and who would not be entitled to any portion of the estate of the declarer upon declarer's decease under any will of the declarer or codicil thereto then existing or, at the time of the directive, by operation of law then existing. In addition, a witness to a directive shall not be the attending physician, an employee of the attending physician or a health facility in which the declarer is a patient, or any person who has a claim against any portion of the estate of the declarer upon declarer's decease at the time of the execution of the directive. The directive, or a copy thereof, shall be made part of the patient's medical records retained by the attending physician, a copy of which shall be forwarded by the custodian of the records to the health facility when the withholding or withdrawal of life-support treatment is contemplated. The directive may be in the following form, but in addition may include other specific directions:

Health Care Directive

Directive made this . . . day of . . . . (month, year).

I . . . . , having the capacity to make health care decisions, willfully, and voluntarily make known my desire that my dying shall not be artificially prolonged under the circumstances set forth below, and do hereby declare that:

(a) If at any time I should be diagnosed in writing to be in a terminal condition by the attending physician, or in a permanent unconscious condition by two physicians, and where the application of life-sustaining treatment would serve only

to artificially prolong the process of my dying, I direct that such treatment be withheld or withdrawn, and that I be permitted to die naturally. I understand by using this form that a terminal condition means an incurable and irreversible condition caused by injury, disease, or illness, that would within reasonable medical judgment cause death within a reasonable period of time in accordance with accepted medical standards, and where the application of life-sustaining treatment would serve only to prolong the process of dying. I further understand in using this form that a permanent unconscious condition means an incurable and irreversible condition in which I am medically assessed within reasonable medical judgment as having no reasonable probability of recovery from an irreversible coma or a persistent vegetative state.

(b) In the absence of my ability to give directions regarding the use of such life-sustaining treatment, it is my intention that this directive shall be honored by my family and physician(s) as the final expression of my legal right to refuse medical or surgical treatment and I accept the consequences of such refusal. If another person is appointed to make these decisions for me, whether through a durable power of attorney or otherwise, I request that the person be guided by this directive and any other clear expressions of my desires.

(c) If I am diagnosed to be in a terminal condition or in a permanent unconscious condition (check one):

I DO want to have artificially provided nutrition and hydration.

I DO NOT want to have artificially provided nutrition and hydration.

(d) If I have been diagnosed as pregnant and that diagnosis is known to my physician, this directive shall have no force or effect during the course of my pregnancy.

(e) I understand the full import of this directive and I am emotionally and mentally capable to make the health care decisions contained in this directive.

(f) I understand that before I sign this directive, I can add to or delete from or otherwise change the wording of this directive and that I may add to or delete from this directive at any time and that any changes shall be consistent with Washington state law or federal constitutional law to be legally valid.

(g) It is my wish that every part of this directive be fully implemented. If for any reason any part is held invalid it is my wish that the remainder of my directive be implemented.

Signed .....

City, County, and State of Residence

The declarer has been personally known to me and I believe him or her to be capable of making health care decisions.

Witness .....

Witness .....

(2) Prior to withholding or withdrawing life-sustaining treatment, the diagnosis of a terminal condition by the attending physician or the diagnosis of a permanent unconscious state by two physicians shall be entered in writing and made a permanent part of the patient's medical records.

(3) A directive executed in another political jurisdiction is valid to the extent permitted by Washington state law and federal constitutional law. [1992 c 98 § 3; 1979 c 112 § 4.]

**70.122.040 Revocation of directive.** (1) A directive may be revoked at any time by the declarer, without regard to the declarer's mental state or competency, by any of the following methods:

(a) By being canceled, defaced, obliterated, burned, torn, or otherwise destroyed by the declarer or by some person in the declarer's presence and by the declarer's direction.

(b) By a written revocation of the declarer expressing his or her intent to revoke, signed, and dated by the declarer. Such revocation shall become effective only upon communication to the attending physician by the declarer or by a person acting on behalf of the declarer. The attending physician shall record in the patient's medical record the time and date when the physician received notification of the written revocation.

(c) By a verbal expression by the declarer of his or her intent to revoke the directive. Such revocation shall become effective only upon communication to the attending physician by the declarer or by a person acting on behalf of the declarer. The attending physician shall record in the patient's medical record the time, date, and place of the revocation and the time, date, and place, if different, of when the physician received notification of the revocation.

(d) In the case of a directive that is stored in the health care declarations registry under RCW 70.122.130, by an online method established by the department of health. Failure to use this method of revocation for a directive that is stored in the registry does not invalidate a revocation that is made by another method described under this section.

(2) There shall be no criminal or civil liability on the part of any person for failure to act upon a revocation made pursuant to this section unless that person has actual or constructive knowledge of the revocation except as provided in RCW 70.122.051(4).

(3) If the declarer becomes comatose or is rendered incapable of communicating with the attending physician, the directive shall remain in effect for the duration of the comatose condition or until such time as the declarer's condition renders the declarer able to communicate with the attending physician. [2006 c 108 § 4; 1979 c 112 § 5.]

**Finding—Intent—2006 c 108:** See note following RCW 70.122.130.

**70.122.051 Liability of health care provider.** (1) For the purposes of this section, "provider" means a physician, advanced registered nurse practitioner, health care provider acting under the direction of a physician or an advanced registered nurse practitioner, or health care facility, as defined in this chapter or in chapter 71.32 RCW, and its personnel.

(2) Any provider who participates in good faith in the withholding or withdrawal of life-sustaining treatment from a qualified patient in accordance with the requirements of this chapter, shall be immune from legal liability, including civil, criminal, or professional conduct sanctions, unless otherwise negligent.

(3) The establishment of a health care declarations registry does not create any new or distinct obligation for a provider to determine whether a patient has a health care declaration.

(4) A provider is not subject to civil or criminal liability or sanctions for unprofessional conduct under the uniform

disciplinary act, chapter 18.130 RCW, when in good faith and without negligence:

(a) The provider provides, does not provide, withdraws, or withholds treatment to a patient in the absence of actual knowledge of the existence of a health care declaration stored in the health care declarations registry established in RCW 70.122.130;

(b) The provider provides, does not provide, withdraws, or withholds treatment pursuant to a health care declaration stored in the health care declarations registry established in RCW 70.122.130 in the absence of actual knowledge of the revocation of the declaration;

(c) The provider provides, does not provide, withdraws, or withholds treatment according to a health care declaration stored in the health care declarations registry established in RCW 70.122.130 in good faith reliance upon the validity of the health care declaration and the declaration is subsequently found to be invalid; or

(d) The provider provides, does not provide, withdraws, or withholds treatment according to the patient's health care declaration stored in the health care declarations registry established in RCW 70.122.130.

(5) Except for acts of gross negligence, willful misconduct, or intentional wrongdoing, the department of health is not subject to civil liability for any claims or demands arising out of the administration or operation of the health care declarations registry established in RCW 70.122.130. [2006 c 108 § 6; 1992 c 98 § 5.]

**Finding—Intent—2006 c 108:** See note following RCW 70.122.130.

**70.122.060 Procedures by physician—Health care facility or personnel may refuse to participate.** (1) Prior to the withholding or withdrawal of life-sustaining treatment from a qualified patient pursuant to the directive, the attending physician shall make a reasonable effort to determine that the directive complies with RCW 70.122.030 and, if the patient is capable of making health care decisions, that the directive and all steps proposed by the attending physician to be undertaken are currently in accord with the desires of the qualified patient.

(2) The attending physician or health facility shall inform a patient or patient's authorized representative of the existence of any policy or practice that would preclude the honoring of the patient's directive at the time the physician or facility becomes aware of the existence of such a directive. If the patient, after being informed of such policy or directive, chooses to retain the physician or facility, the physician or facility with the patient or the patient's representative shall prepare a written plan to be filed with the patient's directive that sets forth the physician's or facilities' intended actions should the patient's medical status change so that the directive would become operative. The physician or facility under this subsection has no obligation to honor the patient's directive if they have complied with the requirements of this subsection, including compliance with the written plan required under this subsection.

(3) The directive shall be conclusively presumed, unless revoked, to be the directions of the patient regarding the withholding or withdrawal of life-sustaining treatment. No physician, health facility, or health personnel acting in good faith

(2008 Ed.)

with the directive or in accordance with the written plan in subsection (2) of this section shall be criminally or civilly liable for failing to effectuate the directive of the qualified patient pursuant to this subsection.

(4) No nurse, physician, or other health care practitioner may be required by law or contract in any circumstances to participate in the withholding or withdrawal of life-sustaining treatment if such person objects to so doing. No person may be discriminated against in employment or professional privileges because of the person's participation or refusal to participate in the withholding or withdrawal of life-sustaining treatment. [1992 c 98 § 6; 1979 c 112 § 7.]

**70.122.070 Effects of carrying out directive—Insurance.** (1) The withholding or withdrawal of life-sustaining treatment from a qualified patient pursuant to the patient's directive in accordance with the provisions of this chapter shall not, for any purpose, constitute a suicide or a homicide.

(2) The making of a directive pursuant to RCW 70.122.030 shall not restrict, inhibit, or impair in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance shall be legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining treatment from an insured qualified patient, notwithstanding any term of the policy to the contrary.

(3) No physician, health facility, or other health provider, and no health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital service plan, shall require any person to execute a directive as a condition for being insured for, or receiving, health care services. [1992 c 98 § 7; 1979 c 112 § 8.]

**70.122.080 Effects of carrying out directive on cause of death.** The act of withholding or withdrawing life-sustaining treatment, when done pursuant to a directive described in RCW 70.122.030 and which results in the death of the declarer, shall not be construed to be an intervening force or to affect the chain of proximate cause between the conduct of anyone that placed the declarer in a terminal condition or a permanent unconscious condition and the death of the declarer. [1992 c 98 § 8; 1979 c 112 § 10.]

**70.122.090 Criminal conduct—Penalties.** (1) Any person who willfully conceals, cancels, defaces, obliterates, or damages the directive of another without such declarer's consent is guilty of a gross misdemeanor.

(2) Any person who falsifies or forges the directive of another, or willfully conceals or withholds personal knowledge of a revocation as provided in RCW 70.122.040 with the intent to cause a withholding or withdrawal of life-sustaining treatment contrary to the wishes of the declarer, and thereby, because of any such act, directly causes life-sustaining treatment to be withheld or withdrawn and death to thereby be hastened, shall be subject to prosecution for murder in the first degree as defined in RCW 9A.32.030. [2003 c 53 § 362; 1992 c 98 § 9; 1979 c 112 § 9.]

**Intent—Effective date—2003 c 53:** See notes following RCW 2.48.180.

**70.122.100 Mercy killing or physician-assisted suicide not authorized.** Nothing in this chapter shall be construed to condone, authorize, or approve mercy killing or physician-assisted suicide, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying. [1992 c 98 § 10; 1979 c 112 § 11.]

**70.122.110 Discharge so that patient may die at home.** If a qualified patient capable of making health care decisions indicates that he or she wishes to die at home, the patient shall be discharged as soon as reasonably possible. The health care provider or facility has an obligation to explain the medical risks of an immediate discharge to the qualified patient. If the provider or facility complies with the obligation to explain the medical risks of an immediate discharge to a qualified patient, there shall be no civil or criminal liability for claims arising from such discharge. [1992 c 98 § 4.]

**70.122.120 Directive's validity assumed.** Any person or health facility may assume that a directive complies with this chapter and is valid. [1992 c 98 § 12.]

**70.122.130 Health care declarations registry—Rules—Report.** (1) The department of health shall establish and maintain a statewide health care declarations registry containing the health care declarations identified in subsection (2) of this section as submitted by residents of Washington. The department shall digitally reproduce and store health care declarations in the registry. The department may establish standards for individuals to submit digitally reproduced health care declarations directly to the registry, but is not required to review the health care declarations that it receives to ensure they comply with the particular statutory requirements applicable to the document. The department may contract with an organization that meets the standards identified in this section.

(2)(a) An individual may submit any of the following health care declarations to the department of health to be digitally reproduced and stored in the registry:

- (i) A directive, as defined by this chapter;
- (ii) A durable power of attorney for health care, as authorized in chapter 11.94 RCW;
- (iii) A mental health advance directive, as defined by chapter 71.32 RCW; or
- (iv) A form adopted pursuant to the department of health's authority in RCW 43.70.480.

(b) Failure to submit a health care declaration to the department of health does not affect the validity of the declaration.

(c) Failure to notify the department of health of a valid revocation of a health care declaration does not affect the validity of the revocation.

(d) The entry of a health care directive in the registry under this section does not:

- (i) Affect the validity of the document;
- (ii) Take the place of any requirements in law necessary to make the submitted document legal; or

(ii) Create a presumption regarding the validity of the document.

(3) The department of health shall prescribe a procedure for an individual to revoke a health care declaration contained in the registry.

(4) The registry must:

(a) Be maintained in a secure database that is accessible through a web site maintained by the department of health;

**Finding—Intent—2006 c 108:** "The legislature finds that effective communication between patients, their families, and their caregivers regarding their wishes if they become incapacitated results in health care decisions that are more respectful of patients' desires. Whether the communication is for end-of-life planning or incapacity resulting from mental illness, the state must respect those wishes and support efforts to facilitate such communications and to make that information available when it is needed.

It is the intent of the legislature to establish an electronic registry to

improve access to health care decision-making documents. The registry would support, not supplant, the current systems for advance directives and mental health advance directives by improving access to these documents. It is the legislature's intent that the registry would be consulted by health care providers in every instance where there may be a question about the patient's wishes for periods of incapacity and the existence of a document that may clarify a patient's intentions unless the circumstances are such that consulting the registry would compromise the emergency care of the patient." [2006 c 108 § 1.]

**70.122.140 Health care declarations registry account.** The health care declarations registry account is created in the state treasury. All receipts from donations made under RCW 70.122.130, and other contributions and appropriations specifically made for the purposes of creating and maintaining the registry established by RCW 70.122.130 and statewide public education campaigns related to the existence of the registry, shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for purposes of the health care declarations registry. [2006 c 108 § 3.]

**Finding—Intent—2006 c 108:** See note following RCW 70.122.130.

**70.122.900 Short title—1979 c 112.** This act shall be known and may be cited as the "Natural Death Act". [1979 c 112 § 1.]

**70.122.905 Severability—1979 c 112.** If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable. [1979 c 112 § 13.]

**70.122.910 Construction.** This chapter shall not be construed as providing the exclusive means by which individuals may make decisions regarding their health treatment, including but not limited to, the withholding or withdrawal of life-sustaining treatment, nor limiting the means provided by case law more expansive than chapter 98, Laws of 1992. [1992 c 98 § 11.]

**70.122.915 Application—1992 c 98.** A directive executed anytime before June 11, 1992, which generally complies with chapter 98, Laws of 1992 is effective under chapter 98, Laws of 1992. [1992 c 98 § 13.]

**70.122.920 Severability—1992 c 98.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1992 c 98 § 17.]

**70.123.010 Legislative findings.** The legislature finds that domestic violence is an issue of growing concern at all levels of government and that there is a present and growing need to develop innovative strategies and services which will ameliorate and reduce the trauma of domestic violence. Research findings show that domestic violence constitutes a significant percentage of homicides, aggravated assaults, and assaults and batteries in the United States. Domestic violence is a disruptive influence on personal and community life and is often interrelated with a number of other family problems and stresses. Shelters for victims of domestic violence are essential to provide protection to victims from further abuse and physical harm and to help the victim find long-range alternative living situations, if requested. Shelters provide safety, refuge, advocacy, and helping resources to victims who may not have access to such things if they remain in abusive situations.

The legislature therefore recognizes the need for the statewide development and expansion of shelters for victims of domestic violence. [1979 ex.s. c 245 § 1.]

**70.123.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(6) "Community advocate" means a person employed by a local domestic violence program to provide ongoing assistance to victims of domestic violence in assessing safety needs, documenting the incidents and the extent of violence for possible use in the legal system, making appropriate

### 70.123.030 Departmental duties and responsibilities.

The department of social and health services, in consultation with the state department of health, and individuals or groups having experience and knowledge of the problems of victims of domestic violence, shall:

(1) Establish minimum standards for shelters applying for grants from the department under this chapter. Classifications may be made dependent upon size, geographic location, and population needs;

(2) Receive grant applications for the development and establishment of shelters for victims of domestic violence;

(3) Distribute funds, within forty-five days after approval, to those shelters meeting departmental standards;

(4) Evaluate biennially each shelter receiving departmental funds for compliance with the established minimum standards;

(5) Review the minimum standards each biennium to ensure applicability to community and client needs; and

(6) Administer funds available from the domestic violence prevention account under RCW 70.123.150 and establish minimum standards for preventive, nonshelter community-based services receiving funds administered by the department. Preventive, nonshelter community-based services include services for victims of domestic violence from communities that have been traditionally underserved or unserved and services for children who have witnessed domestic violence. [2005 c 374 § 4; 1989 1st ex.s. c 9 § 235; 1979 ex.s. c 245 § 3.]

**70.123.040 Minimum standards to provide basic survival needs.** (1) Minimum standards established by the department under RCW 70.123.030 shall ensure that shelters receiving grants under this chapter provide services meeting basic survival needs, where not provided by other means, such as, but not limited to, food, clothing, housing, safety, security, client advocacy, client confidentiality, and counseling. These services shall be problem-oriented and designed to provide necessary assistance to the victims of domestic violence and their children.

(2) The department shall establish minimum standards that ensure that nonshelter community-based services for victims of domestic violence funded under RCW 70.123.150 provide services designed to enhance safety and security by means such as, but not limited to, client advocacy, client confidentiality, and counseling. [2006 c 259 § 3; 1979 ex.s. c 245 § 4.]

**70.123.050 Contracts with nonprofit organizations—Purposes.** The department shall contract, where appropriate, with public or private nonprofit groups or organizations with experience and expertise in the field of domestic violence to:

(1) Develop and implement an educational program designed to promote public and professional awareness of the problems of domestic violence and of the availability of services for victims of domestic violence. Particular emphasis should be given to the education needs of law enforcement agencies, the legal system, the medical profession, and other relevant professions that are engaged in the prevention, identification, and treatment of domestic violence;

(2) Maintain a directory of temporary shelters and other direct service facilities for the victims of domestic violence which is current, complete, detailed, and available, as necessary, to provide useful referral services to persons seeking help on an emergency basis;

(3) Create a statewide toll-free telephone number that would provide information and referral to victims of domestic violence;

(4) Provide opportunities to persons working in the area of domestic violence to exchange information; and

(5) Provide training opportunities for both volunteer workers and staff personnel. [1979 ex.s. c 245 § 5.]

(a) A written pretrial motion is made to a court stating that discovery is requested of the client's domestic violence records;

(b) The written motion is accompanied by an affidavit or affidavits setting forth specifically the reasons why discovery is requested of the domestic violence program's records;

(c) The court reviews the domestic violence program's records in camera to determine whether the domestic violence program's records are relevant and whether the probative value of the records is outweighed by the victim's privacy interest in the confidentiality of such records, taking into account the further trauma that may be inflicted upon the victim by the disclosure of the records; and

(d) The court enters an order stating whether the records or any part of the records are discoverable and setting forth the basis for the court's findings.

(2) For purposes of this section "domestic violence program" means a program that provides shelter, advocacy, or counseling services for domestic violence victims. [1994 c 233 § 1; 1991 c 301 § 10.]

If the authorization does not contain a date upon which the authorization to disclose information expires, the recipient's authorization expires ninety days after the date it was signed.

(b) The domestic violence program's disclosure of information shall be only to the extent authorized by the recipient. The domestic violence program, if requested, shall provide a copy of the disclosed information to the recipient.

(c) Except as provided under this chapter, an authorization is not a waiver of the recipient's rights or privileges under other statutes, rules of evidence, or common law.

(3) If disclosure of a recipient's information is required by statute or court order, the domestic violence program shall make reasonable attempts to provide notice to the recipient affected by the disclosure of information. If personally identifying information is or will be disclosed, the domestic violence program shall take steps necessary to protect the privacy and safety of the persons affected by the disclosure of the information.

*Persons over sixty, abuse: Chapter 74.34 RCW.*

**70.124.010 Legislative findings.** (1) The Washington state legislature finds and declares that a reporting system is needed to protect state hospital patients from abuse. Instances of nonaccidental injury, neglect, death, sexual abuse, and cruelty to such patients have occurred, and in the instance where such a patient is deprived of his or her right to conditions of minimal health and safety, the state is justified in emergency intervention based upon verified information. Therefore the Washington state legislature hereby provides for the reporting of such cases to the appropriate public authorities.

(2) It is the intent of the legislature that: (a) As a result of such reports, protective services shall be made available in an effort to prevent further abuses, and to safeguard the general welfare of the patients; and (b) such reports shall be maintained and disseminated with strictest regard for the privacy of the subjects of such reports and so as to safeguard against arbitrary, malicious, or erroneous information or actions. [1999 c 176 § 20; 1981 c 174 § 1; 1979 ex.s. c 228 § 1.]

(h) Any other information that may be helpful in establishing the cause of the patient's death, injury, or injuries, and the identity of the perpetrator or perpetrators.

(2) Each law enforcement agency receiving such a report shall, in addition to taking the action required by RCW 70.124.050, immediately relay the report to the department, and to other law enforcement agencies, including the medic-aid fraud control unit of the office of the attorney general, as appropriate. For any report it receives, the department shall likewise take the required action and in addition relay the report to the appropriate law enforcement agency or agencies. The appropriate law enforcement agency or agencies must receive immediate notification when the department, upon receipt of such report, has reasonable cause to believe that a criminal act has been committed. [1999 c 176 § 23. Prior: 1997 c 392 § 520; 1997 c 386 § 30; 1981 c 174 § 4; 1979 ex.s. c 228 § 4.]

**70.124.050 Investigations required—Seeking restraining orders authorized.** Upon the receipt of a report concerning the possible occurrence of abuse or neglect, it is the duty of the law enforcement agency and the department to commence an investigation within twenty-four hours of such receipt and, where appropriate, submit a report to the appropriate prosecuting attorney. The local prosecutor may seek a restraining order to prohibit continued patient abuse. In all cases investigated by the department a report to the complainant shall be made by the department. [1983 1st ex.s. c 41 § 24; 1979 ex.s. c 228 § 5.]

**Severability—1983 1st ex.s. c 41:** See note following RCW 26.09.060.

**70.124.060 Liability of persons making reports.** (1) A person other than a person alleged to have committed the abuse or neglect participating in good faith in the making of a report pursuant to this chapter, or testifying as to alleged patient abuse or neglect in a judicial proceeding, is, in so doing, immune from any liability, civil or criminal, arising out of such reporting or testifying under any law of this state or its political subdivisions, and if such person is an employee of a state hospital it is an unfair practice under chapter 49.60 RCW for the employer to discharge, expel, or

otherwise discriminate against the employee for such reporting activity.

(2) Conduct conforming with the reporting requirements of this chapter is not a violation of the confidential communication privilege of RCW 5.60.060 (3) or (4) or 18.83.110. Nothing in this chapter supersedes or abridges remedies provided in chapter 4.92 RCW. [1999 c 176 § 24; 1993 c 510 § 25; 1981 c 174 § 5; 1979 ex.s. c 228 § 6.]

#### **70.124.070 Failure to report is gross misdemeanor.**

A person who is required to make or to cause to be made a report pursuant to RCW 70.124.030 or 70.124.040 and who knowingly fails to make such report or fails to cause such report to be made is guilty of a gross misdemeanor. [1997 c 392 § 521; 1979 ex.s. c 228 § 7.]

**Short title—Findings—Construction—Conflict with federal requirements—Part headings and captions not law—1997 c 392:** See notes following RCW 74.39A.009.

**70.124.080 Department reports of abused or neglected patients.** The department shall forward to the appropriate state licensing authority a copy of any report received pursuant to this chapter which alleges that a person who is professionally licensed by this state has abused or neglected a patient. [1979 ex.s. c 228 § 8.]

**70.124.090 Publicizing objectives.** In the adoption of rules under the authority of this chapter, the department shall provide for the publication and dissemination to state hospitals and state hospital employees and the posting where appropriate by state hospitals of informational, educational, or training materials calculated to aid and assist in achieving the objectives of this chapter. [1999 c 176 § 25; 1981 c 174 § 6; 1979 ex.s. c 228 § 9.]

**Findings—Purpose—Severability—Conflict with federal requirements—1999 c 176:** See notes following RCW 74.34.005.

**70.124.100 Retaliation against whistleblowers and residents—Remedies—Rules.** (1) An employee who is a whistleblower and who as a result of being a whistleblower has been subjected to workplace reprisal or retaliatory action, has the remedies provided under chapter 49.60 RCW. RCW 4.24.500 through 4.24.520, providing certain protection to persons who communicate to government agencies, apply to complaints made under this section. The identity of a whistleblower who complains, in good faith, to the department about suspected abuse, neglect, financial exploitation, or abandonment by any person in a state hospital may remain confidential if requested. The identity of the whistleblower shall subsequently remain confidential unless the department determines that the complaint was not made in good faith.

(2)(a) An attempt to discharge a resident from a state hospital or any type of discriminatory treatment of a resident by whom, or upon whose behalf, a complaint substantiated by the department has been submitted to the department or any proceeding instituted under or related to this chapter within one year of the filing of the complaint or the institution

of the action, raises a rebuttable presumption that the action was in retaliation for the filing of the complaint.

(b) The presumption is rebutted by credible evidence establishing the alleged retaliatory action was initiated prior to the complaint.

(c) The presumption is rebutted by a functional assessment conducted by the department that shows that the resident's needs cannot be met by the reasonable accommodations of the facility due to the increased needs of the resident.

(3) For the purposes of this section:

(a) "Whistleblower" means a resident or employee of a state hospital or any person licensed under Title 18 RCW, who in good faith reports alleged abuse, neglect, financial exploitation, or abandonment to the department or to a law enforcement agency;

(b) "Workplace reprisal or retaliatory action" means, but is not limited to: Denial of adequate staff to perform duties; frequent staff changes; frequent and undesirable office changes; refusal to assign meaningful work; unwarranted and unsubstantiated report of misconduct under Title 18 RCW; letters of reprimand or unsatisfactory performance evaluations; demotion; denial of employment; or a supervisor or superior encouraging coworkers to behave in a hostile manner toward the whistleblower; and

(c) "Reasonable accommodation" by a facility to the needs of a prospective or current resident has the meaning given to this term under the federal Americans with disabilities act of 1990, 42 U.S.C. Sec. 12101 et seq. and other applicable federal or state antidiscrimination laws and regulations.

(4) This section does not prohibit a state hospital from exercising its authority to terminate, suspend, or discipline an employee who engages in workplace reprisal or retaliatory action against a whistleblower. The protections provided to whistleblowers under this chapter shall not prevent a state hospital from: (a) Terminating, suspending, or disciplining a whistleblower for other lawful purposes; or (b) for facilities with six or fewer residents, reducing the hours of employment or terminating employment as a result of the demonstrated inability to meet payroll requirements. The department shall determine if the facility cannot meet payroll in cases where a whistleblower has been terminated or had hours of employment reduced due to the inability of a facility to meet payroll.

(5) The department shall adopt rules to implement procedures for filing, investigation, and resolution of whistleblower complaints that are integrated with complaint procedures under this chapter.

(6) No resident who relies upon and is being provided spiritual treatment in lieu of medical treatment in accordance with the tenets and practices of a well-recognized religious denomination shall for that reason alone be considered abandoned, abused, or neglected, nor shall anything in this chapter be construed to authorize, permit, or require medical treatment contrary to the stated or clearly implied objection of such a person.

(7) The department shall adopt rules designed to discourage whistleblower complaints made in bad faith or for retaliatory purposes. [1999 c 176 § 26; 1997 c 392 § 201.]

**Findings—Purpose—Severability—Conflict with federal requirements—1999 c 176:** See notes following RCW 74.34.005.

**Short title—Findings—Construction—Conflict with federal requirements—Part headings and captions not law—1997 c 392:** See notes following RCW 74.39A.009.

**70.124.900 Severability—1979 ex.s. c 228.** If any provision of this 1979 act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1979 ex.s. c 228 § 12.]

*compensation, assistance: Chapter 7.68 RCW.*

*survivors, witnesses: Chapter 7.69 RCW.*

**70.125.010 Short title.** This chapter may be known and cited as the Victims of Sexual Assault Act. [1979 ex.s. c 219 § 1.]

**Severability—1979 ex.s. c 219:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 219 § 22.]

**70.125.020 Legislative findings—Program objectives.** (1) The legislature hereby finds and declares that:

(a) Sexual assault has become one of the most rapidly increasing violent crimes over the last decade;

(b) There is a lack of essential information and data concerning sexual assault;

(c) There is a lack of adequate training for law enforcement officers concerning sexual assault, the victim, the offender, and the investigation;

(d) There is a lack of community awareness and knowledge concerning sexual assault and the physical and psychological impact upon the victim;

(e) There is a lack of public information concerning sexual assault prevention and personal self-protection;

(f) Because of the lack of information, training, and services, the victims of sexual assault are not receiving the assistance they require in dealing with the physical and psychological trauma of a sexual assault;

(g) The criminal justice system and health care system should maintain close contact and cooperation with each other and with community rape crisis centers to expedite the disposition of sexual assault cases; and

(h) Persons who are victims of sexual assault will benefit directly from increased public awareness and education, increased prosecutions, and a criminal justice system which treats them in a humane manner.

(2008 Ed.)

(2) Therefore, a statewide sexual assault education, training, and consultation program should be developed. Such a statewide program should seek to improve treatment of victims through information-gathering, education, training, community awareness programs, and by increasing the efficiency of the criminal justice and health care systems as they relate to sexual assault. Such a program should serve a consultative and facilitative function for organizations which provide services to victims and potential victims of sexual assault. [1979 ex.s. c 219 § 2.]

**70.125.060 Personal representative may accompany victim during treatment or proceedings.** If the victim of a sexual assault so desires, a personal representative of the victim's choice may accompany the victim to the hospital or other health care facility, and to proceedings concerning the alleged assault, including police and prosecution interviews and court proceedings. [1979 ex.s. c 219 § 6.]

**Severability—1979 ex.s. c 219:** See note following RCW 70.125.010.

**70.125.065 Records of rape crisis centers not available as part of discovery—Exceptions.** Records maintained by rape crisis centers shall not be made available to

(2) The written motion is accompanied by an affidavit or affidavits setting forth specifically the reasons why the defendant is requesting discovery of the rape crisis center's records;

(3) The court reviews the rape crisis center's records in camera to determine whether the rape crisis center's records are relevant and whether the probative value of the records is outweighed by the victim's privacy interest in the confidentiality of such records taking into account the further trauma that may be inflicted upon the victim by the disclosure of the records to the defendant; and

(4) The court enters an order stating whether the records or any part of the records are discoverable and setting forth the basis for the court's findings. [1981 c 145 § 9.]

**70.125.080 Community sexual assault programs—Victim advocates.** (1) Community sexual assault programs that are eligible for funding from the department under this chapter may apply for grants for the purpose of hiring, training, and supervising victim advocates to provide core services to assist victims and their families through the investigation, prosecution, and treatment process that resulted from a sexual assault. **70.127.005 Legislative intent.** The legislature finds that the availability of home health, hospice, and home care services has improved the quality of life for Washington's citizens. However, the delivery of these services bring risks because the in-home location of services makes their actual delivery virtually invisible. Also, the complexity of products, services, and delivery systems in today's health care delivery system challenges even informed and healthy individuals. The fact that these services are delivered to the state's most vulnerable population, the ill or disabled who are frequently also elderly, adds to these risks.

It is the intent of the legislature to protect the citizens of Washington state by licensing home health, hospice, and home care agencies. This legislation is not intended to unreasonably restrict entry into the in-home service marketplace. Standards established are intended to be the minimum necessary to ensure safe and competent care, and should be demonstrably related to patient safety and welfare. [1988 c 245 § 1.]

**70.127.010 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Administrator" means an individual responsible for managing the operation of an agency.

(2) "Department" means the department of health.

(20) Failed or refused to comply with chapter 70.02 RCW;

(21) Abused, neglected, abandoned, or financially exploited a patient or client as these terms are defined in RCW 74.34.020;

(22) Misappropriated the property of an individual;

(23) Is unqualified or unable to operate or direct the operation of the agency according to this chapter and the rules adopted under this chapter;

(24) Obtained or attempted to obtain a license by fraudulent means or misrepresentation; or

(25) Failed to report abuse or neglect of a patient or client in violation of chapter 74.34 RCW. [2003 c 140 § 10; 2000 c 175 § 14; 1988 c 245 § 18.]

**Effective date—2003 c 140:** See note following RCW 18.79.040.

**Effective date—2000 c 175:** See note following RCW 70.127.010.

**70.127.180 Surveys and in-home visits—Notice of violations—Enforcement action.** (1) The department may at any time conduct a survey of all records and operations of a licensee in order to determine compliance with this chapter. The department may conduct in-home visits to observe patient/client care and services. The right to conduct a survey

shall extend to any premises and records of persons whom the department has reason to believe are providing home health, hospice, or home care services without a license.

(2) Following a survey, the department shall give written notice of any violation of this chapter or the rules adopted under this chapter. The notice shall describe the reasons for noncompliance.

(3) The licensee may be subject to formal enforcement action under RCW 70.127.170 if the department determines: (a) The licensee has previously been subject to a formal enforcement action for the same or similar type of violation of the same statute or rule, or has been given previous notice of the same or similar type of violation of the same statute or rule; (b) the licensee failed to achieve compliance with a statute, rule, or order by the date established in a previously issued notice or order; (c) the violation resulted in actual serious physical or emotional harm or immediate threat to the health, safety, welfare, or rights of one or more individuals; or (d) the violation has a potential for serious physical or emotional harm or immediate threat to the health, safety, welfare, or rights of one or more individuals. [2000 c 175 § 15; 1988 c 245 § 19.]

**Effective date—2000 c 175:** See note following RCW 70.127.010.

**70.127.190 Disclosure of compliance information.**

All information received by the department through filed reports, surveys, and in-home visits conducted under this chapter shall not be disclosed publicly in any manner that would identify individuals receiving care under this chapter. [2000 c 175 § 16; 1988 c 245 § 20.]

**Effective date—2000 c 175:** See note following RCW 70.127.010.

**70.127.200 Unlicensed agencies—Department may seek injunctive or other relief—Injunctive relief does not prohibit criminal or civil penalties—Fines.** (1) Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law and upon the advice of the attorney general, who shall represent the department in the proceedings, maintain an action in the name of the state for an injunction or other process against any person to restrain or prevent the advertising, operating, maintaining, managing, or opening of a home health, hospice, hospice care center, or home care agency without an in-home services agency license under this chapter.

(2) The injunction shall not relieve the person operating an in-home services agency without a license from criminal prosecution, or the imposition of a civil fine under RCW 70.127.213(2), but the remedy by injunction shall be in addition to any criminal liability or civil fine. A person that violates an injunction issued under this chapter shall pay a civil penalty, as determined by the court, of not more than twenty-five thousand dollars, which shall be deposited in the department's local fee account. For the purpose of this section, the superior court issuing any injunction shall retain jurisdiction and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties. All fines, forfeitures, and penalties collected or assessed by a court because of a violation of RCW 70.127.020 shall be deposited in the department's local fee account. [2000 c 175 § 17; 1988 c 245 § 21.]

**Effective date—2000 c 175:** See note following RCW 70.127.010.

**70.127.213 Unlicensed operation of an in-home services agency—Cease and desist orders—Adjudicative proceedings—Fines.** (1) The department may issue a notice of intention to issue a cease and desist order to any person whom the department has reason to believe is engaged in the unlicensed operation of an in-home services agency. The person to whom the notice of intent is issued may request an adjudicative proceeding to contest the charges. The request for hearing must be filed within twenty days after service of the notice of intent to issue a cease and desist order. The failure to request a hearing constitutes a default, whereupon the department may enter a permanent cease and desist order, which may include a civil fine. All proceedings shall be conducted in accordance with chapter 34.05 RCW.

(2) If the department makes a final determination that a person has engaged or is engaging in unlicensed operation of an in-home services agency, the department may issue a cease and desist order. In addition, the department may impose a civil fine in an amount not exceeding one thousand dollars for each day upon which the person engaged in unlicensed operation of an in-home services agency. The proceeds of such fines shall be deposited in the department's local fee account.

(3) If the department makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, the department may issue a temporary cease and desist order. The person receiving a temporary cease and desist order shall be provided an opportunity for a prompt hearing. The temporary cease and desist order shall remain in effect until further order of the department. The failure to request a prompt or regularly scheduled hearing constitutes a default, whereupon the department may enter a permanent cease and desist order, which may include a civil fine.

(4) Neither the issuance of a cease and desist order nor payment of a civil fine shall relieve the person so operating an in-home services agency without a license from criminal prosecution, but the remedy of a cease and desist order or civil fine shall be in addition to any criminal liability. The cease and desist order is conclusive proof of unlicensed operation and may be enforced under RCW 7.21.060. This method of enforcement of the cease and desist order or civil fine may be used in addition to, or as an alternative to, any provisions for enforcement of agency orders set out in chapter 34.05 RCW. [2000 c 175 § 19.]

**Effective date—2000 c 175:** See note following RCW 70.127.010.

**70.127.216 Unlicensed operation of an in-home services agency—Consumer protection act.** The legislature finds that the operation of an in-home services agency without a license in violation of this chapter is a matter vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Operation of an in-home services agency without a license in violation of this chapter is not reasonable in relation to the development and preservation of business. Such a violation is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW. [2000 c 175 § 20.]

**Effective date—2000 c 175:** See note following RCW 70.127.010.

**70.127.280 Hospice care centers—Applicants—**

**Rules.** (1) Applicants desiring to operate a hospice care center are subject to the following:

(a) The application may only be made by a licensed hospice agency. The agency shall list which of the following service categories will be provided:

(h) A hospice care center may either be freestanding or a separate portion of another building.

(2) The department is authorized to develop rules to implement this section. The rules shall be specific to each hospice care center service category provided. The rules shall at least specifically address the following:

(a) Adequate space for family members to visit, meet, cook, share meals, and stay overnight with patients or clients;

(b) A separate external entrance, clearly identifiable to the public when part of an existing structure;

(c) Construction, maintenance, and operation of a hospice care center;

(d) Means to inform the public which hospice care center service categories are provided; and

(e) A registered nurse present twenty-four hours a day, seven days a week for hospice care centers delivering general inpatient services.

(3) Hospice agencies which as of January 1, 2000, operate the functional equivalent of a hospice care center through licensure as a hospital, under chapter 70.41 RCW, shall be exempt from the certificate of need requirement for hospice care centers if they apply for and receive a license as an in-home services agency to operate a hospice home care center by July 1, 2002. [2000 c 175 § 21.]

**Effective date—2000 c 175:** See note following RCW 70.127.010.

**70.127.902 Severability—1988 c 245.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1988 c 245 § 39.]

**70.128.005 Findings—Intent.** The legislature finds that adult family homes are an important part of the state's long-term care system. Adult family homes provide an alternative to institutional care and promote a high degree of independent living for residents. Persons with functional limitations have broadly varying service needs. Adult family homes that can meet those needs are an essential component of a long-term system. The legislature further finds that different populations living in adult family homes, such as the developmentally disabled and the elderly, often have significantly different needs and capacities from one another.

It is the legislature's intent that department rules and policies relating to the licensing and operation of adult family homes recognize and accommodate the different needs and capacities of the various populations served by the homes. Furthermore, the development and operation of adult family

homes that can provide quality personal care and special care services should be encouraged.

The legislature finds that many residents of community-based long-term care facilities are vulnerable and their health and well-being are dependent on their caregivers. The quality, skills, and knowledge of their caregivers are the key to good care. The legislature finds that the need for well-trained caregivers is growing as the state's population ages and residents' needs increase. The legislature intends that current training standards be enhanced.

The legislature finds that the state of Washington has a compelling interest in protecting and promoting the health, welfare, and safety of vulnerable adults residing in adult family homes. The health, safety, and well-being of vulnerable adults must be the paramount concern in determining whether to issue a license to an applicant, whether to suspend or revoke a license, or whether to take other licensing actions. [2001 c 319 § 1; 2000 c 121 § 4; 1995 c 260 § 1; 1989 c 427 § 14.]

**70.128.007 Purpose.** The purposes of this chapter are to:

- (1) Encourage the establishment and maintenance of adult family homes that provide a humane, safe, and residential home environment for persons with functional limitations who need personal and special care;
- (2) Establish standards for regulating adult family homes that adequately protect residents;
- (3) Encourage consumers, families, providers, and the public to become active in assuring their full participation in development of adult family homes that provide high quality and cost-effective care;
- (4) Provide for appropriate care of residents in adult family homes by requiring that each resident have a care plan that promotes the most appropriate level of physical, mental, and psychosocial well-being consistent with client choice; and
- (5) Accord each resident the right to participate in the development of the care plan and in other major decisions involving the resident and their care. [2001 c 319 § 5; 1995 1st sp.s. c 18 § 19; 1989 c 427 § 15.]

**Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18:** See notes following RCW 74.39A.030.

**70.128.010 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) "Adult family home" means a residential home in which a person or persons provide personal care, special care, room, and board to more than one but not more than six adults who are not related by blood or marriage to the person or persons providing the services.
- (2) "Provider" means any person who is licensed under this chapter to operate an adult family home. For the purposes of this section, "person" means any individual, partnership, corporation, association, or limited liability company.
- (3) "Department" means the department of social and health services.
- (4) "Resident" means an adult in need of personal or special care in an adult family home who is not related to the provider.

(5) "Adults" means persons who have attained the age of eighteen years.

(6) "Home" means an adult family home.

(7) "Imminent danger" means serious physical harm to or death of a resident has occurred, or there is a serious threat to resident life, health, or safety.

(8) "Special care" means care beyond personal care as defined by the department, in rule.

(9) "Capacity" means the maximum number of persons in need of personal or special care permitted in an adult family home at a given time. This number shall include related children or adults in the home and who received special care.

(10) "Resident manager" means a person employed or designated by the provider to manage the adult family home.

(11) "Adult family home licensee" means a provider as defined in this section who does not receive payments from the medicaid and state-funded long-term care programs. [2007 c 184 § 7. Prior: 2001 c 319 § 6; 2001 c 319 § 2; 1995 c 260 § 2; 1989 c 427 § 16.]

**Part headings not law—Severability—Conflict with federal requirements—2007 c 184:** See notes following RCW 41.56.029.

**70.128.030 Exemptions.** The following residential facilities shall be exempt from the operation of this chapter:

- (1) Nursing homes licensed under chapter 18.51 RCW;
- (2) Boarding homes licensed under chapter 18.20 RCW;
- (3) Facilities approved and certified under chapter 71A.22 RCW;
- (4) Residential treatment centers for the mentally ill licensed under chapter 71.24 RCW;
- (5) Hospitals licensed under chapter 70.41 RCW;
- (6) Homes for the developmentally disabled licensed under chapter 74.15 RCW. [1989 c 427 § 17.]

**70.128.040 Adoption of rules and standards—Negotiated rule making.** (1) The department shall adopt rules and standards with respect to adult family homes and the operators thereof to be licensed under this chapter to carry out the purposes and requirements of this chapter. The rules and standards relating to applicants and operators shall address the differences between individual providers and providers that are partnerships, corporations, associations, or companies. The rules and standards shall also recognize and be appropriate to the different needs and capacities of the various populations served by adult family homes such as but not limited to persons who are developmentally disabled or elderly. In developing rules and standards the department shall recognize the residential family-like nature of adult family homes and not develop rules and standards which by their complexity serve as an overly restrictive barrier to the development of the adult family homes in the state. Procedures and forms established by the department shall be developed so they are easy to understand and comply with. Paper work requirements shall be minimal. Easy to understand materials shall be developed for applicants and providers explaining licensure requirements and procedures.

(2)(a) In developing the rules and standards, the department shall consult with all divisions and administrations within the department serving the various populations living in adult family homes, including the division of developmental disabilities and the aging and adult services administra-

tion. Involvement by the divisions and administration shall be for the purposes of assisting the department to develop rules and standards appropriate to the different needs and capacities of the various populations served by adult family homes. During the initial stages of development of proposed rules, the department shall provide notice of development of the rules to organizations representing adult family homes and their residents, and other groups that the department finds appropriate. The notice shall state the subject of the rules under consideration and solicit written recommendations regarding their form and content.

(b) In addition, the department shall engage in negotiated rule making pursuant to RCW 34.05.310(2)(a) with the exclusive representative of the adult family home licensees selected in accordance with RCW 70.128.043 and with other affected interests before adopting requirements that affect adult family home licensees.

(3) Except where provided otherwise, chapter 34.05 RCW shall govern all department rule-making and adjudicative activities under this chapter. [2007 c 184 § 8; 1995 c 260 § 3; 1989 c 427 § 18.]

**Part headings not law—Severability—Conflict with federal requirements—2007 c 184:** See notes following RCW 41.56.029.

**70.128.043 Negotiated rule making—Statewide unit of licensees—Intent.** (1) Solely for the purposes of negotiated rule making pursuant to RCW 34.05.310(2)(a) and 70.128.040, a statewide unit of all adult family home licensees is appropriate. As of July 22, 2007, the exclusive representative of adult family home licensees in the statewide unit shall be the organization certified by the American arbitration association as the sole representative after the association conducts a cross-check comparing authorization cards against the department of social and health services' records and finds that majority support for the organization exists. If adult family home licensees seek to select a different representative thereafter, the adult family home licensees may request that the American arbitration association conduct an election and certify the results of the election.

(2) In enacting this section, the legislature intends to provide state action immunity under federal and state antitrust laws for the joint activities of licensees and their exclusive representative to the extent such activities are authorized by this chapter. [2007 c 184 § 6.]

**Part headings not law—Severability—Conflict with federal requirements—2007 c 184:** See notes following RCW 41.56.029.

**70.128.050 License—Required as of July 1, 1990.** After July 1, 1990, no person shall operate or maintain an adult family home in this state without a license under this chapter. [1989 c 427 § 19.]

**70.128.055 Operating without a license—Misdemeanor.** A person operating or maintaining an adult family home without a license under this chapter is guilty of a misdemeanor. Each day of a continuing violation after conviction is considered a separate offense. [1991 c 40 § 1.]

**70.128.057 Operating without a license—Injunction or civil penalty.** Notwithstanding the existence or use of any other remedy, the department may, in the manner provided

by law, upon the advice of the attorney general who shall represent the department in the proceedings, maintain an action in the name of the state for an injunction, civil penalty, or other process against a person to restrain or prevent the operation or maintenance of an adult family home without a license under this chapter. [1995 1st sp.s. c 18 § 20; 1991 c 40 § 2.]

**Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18:** See notes following RCW 74.39A.030.

**70.128.058 Operating without a license—Application of consumer protection act.** The legislature finds that the operation of an adult family home without a license in violation of this chapter is a matter vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Operation of an adult family home without a license in violation of this chapter is not reasonable in relation to the development and preservation of business. Such a violation is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW. [1995 1st sp.s. c 18 § 21.]

**Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18:** See notes following RCW 74.39A.030.

**70.128.060 License—Generally.** (1) An application for license shall be made to the department upon forms provided by it and shall contain such information as the department reasonably requires.

(2) Subject to the provisions of this section, the department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter, unless (a) the applicant or a person affiliated with the applicant has prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past five years that resulted in revocation, suspension, or nonrenewal of a license or contract with the department; or (b) the applicant or a person affiliated with the applicant has a history of significant noncompliance with federal, state, or local laws, rules, or regulations relating to the provision of care or services to vulnerable adults or to children. A person is considered affiliated with an applicant if the person is listed on the license application as a partner, officer, director, resident manager, or majority owner of the applying entity, or is the spouse of the applicant.

(3) The license fee shall be submitted with the application.

(4) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as provided in chapter 34.05 RCW by requesting a hearing in writing within twenty-eight days after receipt of the notice of denial.

(5) The department shall not issue a license to a provider if the department finds that the provider or spouse of the provider or any partner, officer, director, managerial employee, or majority owner has a history of significant noncompliance with federal or state regulations, rules, or laws in providing care or services to vulnerable adults or to children.

(6) The department shall license an adult family home for the maximum level of care that the adult family home may provide. The department shall define, in rule, license levels based upon the education, training, and caregiving experience of the licensed provider or staff.

(7) The department shall establish, by rule, standards used to license nonresident providers and multiple facility operators.

(8) The department shall establish, by rule, for multiple facility operators educational standards substantially equivalent to recognized national certification standards for residential care administrators.

(9) The license fee shall be set at fifty dollars per year for each home. A fifty dollar processing fee shall also be charged each home when the home is initially licensed.

(10) A provider who receives notification of the department's initiation of a denial, suspension, nonrenewal, or revocation of an adult family home license may, in lieu of appealing the department's action, surrender or relinquish the license. The department shall not issue a new license to or contract with the provider, for the purposes of providing care to vulnerable adults or children, for a period of twenty years following the surrendering or relinquishment of the former license. The licensing record shall indicate that the provider relinquished or surrendered the license, without admitting the violations, after receiving notice of the department's initiation of a denial, suspension, nonrenewal, or revocation of a license.

(11) The department shall establish, by rule, the circumstances requiring a change in the licensed provider, which include, but are not limited to, a change in ownership or control of the adult family home or provider, a change in the provider's form of legal organization, such as from sole proprietorship to partnership or corporation, and a dissolution or merger of the licensed entity with another legal organization. The new provider is subject to the provisions of this chapter, the rules adopted under this chapter, and other applicable law. In order to ensure that the safety of residents is not compromised by a change in provider, the new provider is responsible for correction of all violations that may exist at the time of the new license. [2004 c 140 § 3; 2001 c 193 § 9; 1995 c 260 § 4; 1989 c 427 § 20.]

**70.128.064 Priority processing for license applications—Provisional license.** In order to prevent disruption to current residents, at the request of the current licensed provider, the department shall give processing priority to the application of a person seeking to be licensed as the new provider for the adult family home. The department may issue a provisional license when a currently licensed adult family home provider has applied to be licensed as the new provider for a currently licensed adult family home, the application has been initially processed, and all that remains to complete the application process is an on-site inspection. [2001 c 319 § 10.]

**70.128.065 Multiple facility operators—Requirements.** A multiple facility operator must successfully demonstrate to the department financial solvency and management experience for the homes under its ownership and the

ability to meet other relevant safety, health, and operating standards pertaining to the operation of multiple homes, including ways to mitigate the potential impact of vehicular traffic related to the operation of the homes. [1996 c 81 § 6.]

**Reviser's note:** 1996 c 81 directed that this section be added to chapter 18.48 RCW. However, it appears that placement is erroneous and the appropriate placement is in chapter 70.128 RCW.

**Effective date—1996 c 81:** See note following RCW 70.128.120.

**70.128.070 License—Inspections—Correction of violations.** (1) A license shall remain valid unless voluntarily surrendered, suspended, or revoked in accordance with this chapter.

(2)(a) Homes applying for a license shall be inspected at the time of licensure.

(b) Homes licensed by the department shall be inspected at least every eighteen months, subject to available funds. However, an adult family home may be allowed to continue without inspection for two years if the adult family home had no inspection citations for the past three consecutive inspections and has received no written notice of violations resulting from complaint investigations during that same time period.

(c) The department may make an unannounced inspection of a licensed home at any time to assure that the home and provider are in compliance with this chapter and the rules adopted under this chapter.

(3) If the department finds that the home is not in compliance with this chapter, it shall require the home to correct any violations as provided in this chapter. [2004 c 143 § 1; 1998 c 272 § 4; 1995 1st sp.s. c 18 § 22; 1989 c 427 § 22.]

**Findings—Severability—Effective date—1998 c 272:** See notes following RCW 18.20.230.

**Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18:** See notes following RCW 74.39A.030.

**70.128.080 License and inspection report—Availability for review.** An adult family home shall have readily available for review by the department, residents, and the public:

(1) Its license to operate; and

Except that a person may be conditionally employed pending the completion of a criminal conviction background inquiry.

**Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18:** See notes following RCW 74.39A.030.

**70.128.160 Department authority to take actions in response to noncompliance or violations.** (1) The department is authorized to take one or more of the actions listed in subsection (2) of this section in any case in which the department finds that an adult family home provider has:

(a) Failed or refused to comply with the requirements of this chapter or the rules adopted under this chapter;

(b) Operated an adult family home without a license or under a revoked license;

(c) Knowingly or with reason to know made a false statement of material fact on his or her application for license or

any data attached thereto, or in any matter under investigation by the department; or

(d) Willfully prevented or interfered with any inspection or investigation by the department.

(2) When authorized by subsection (1) of this section, the department may take one or more of the following actions:

(a) Refuse to issue a license;

(b) Impose reasonable conditions on a license, such as correction within a specified time, training, and limits on the type of clients the provider may admit or serve;

(c) Impose civil penalties of not more than one hundred dollars per day per violation;

(d) Suspend, revoke, or refuse to renew a license; or

(e) Suspend admissions to the adult family home by imposing stop placement.

(3) When the department orders stop placement, the facility shall not admit any person until the stop placement order is terminated. The department may approve readmission of a resident to the facility from a hospital or nursing home during the stop placement. The department shall terminate the stop placement when: (a) The violations necessitating the stop placement have been corrected; and (b) the provider exhibits the capacity to maintain correction of the violations previously found deficient. However, if upon the revisit the department finds new violations that the department reasonably believes will result in a new stop placement, the previous stop placement shall remain in effect until the new stop placement is imposed.

(4) After a department finding of a violation for which a stop placement has been imposed, the department shall make an on-site revisit of the provider within fifteen working days from the request for revisit, to ensure correction of the violation. For violations that are serious or recurring or uncorrected following a previous citation, and create actual or threatened harm to one or more residents' well-being, including violations of residents' rights, the department shall make an on-site revisit as soon as appropriate to ensure correction of the violation. Verification of correction of all other violations may be made by either a department on-site revisit or by written or photographic documentation found by the department to be credible. This subsection does not prevent the department from enforcing license suspensions or revocations. Nothing in this subsection shall interfere with or diminish the department's authority and duty to ensure that the provider adequately cares for residents, including to make departmental on-site revisits as needed to ensure that the provider protects residents, and to enforce compliance with this chapter.

(5) Chapter 34.05 RCW applies to department actions under this section, except that orders of the department imposing license suspension, stop placement, or conditions for continuation of a license are effective immediately upon notice and shall continue in effect pending any hearing. **70.128.163 Temporary management program—Purposes—Voluntary participation—Temporary management duties, duration—Rules.** (1) When the department has summarily suspended a license, the licensee may, subject

to the department's approval, elect to participate in a temporary management program. All provisions of this section shall apply.

The purposes of a temporary management program are as follows:

(a) To mitigate dislocation and transfer trauma of residents while the department and licensee may pursue dispute resolution or appeal of a summary suspension of license;

(b) To facilitate the continuity of safe and appropriate resident care and services;

(c) To preserve a residential option that meets a specialized service need and/or is in a geographical area that has a lack of available providers; and

(d) To provide residents with the opportunity for orderly discharge.

(2) Licensee participation in the temporary management program is voluntary. The department shall have the discretion to approve any temporary manager and the temporary management arrangements. The temporary management shall assume the total responsibility for the daily operations of the home.

(3) The temporary management shall contract with the licensee as an independent contractor and is responsible for ensuring that all minimum licensing requirements are met. The temporary management shall protect the health, safety, and well-being of the residents for the duration of the temporary management and shall perform all acts reasonably necessary to ensure that residents' needs are met. The licensee is responsible for all costs related to administering the temporary management program and contracting with the temporary management. The temporary management agreement shall at a minimum address the following:

(a) Provision of liability insurance to protect residents and their property;

(b) Preservation of resident trust funds;

(c) The timely payment of past due or current accounts, operating expenses, including but not limited to staff compensation, and all debt that comes due during the period of the temporary management;

(d) The responsibilities for addressing all other financial obligations that would interfere with the ability of the temporary manager to provide adequate care and services to residents; and

(e) The authority of the temporary manager to manage the home, including the hiring, managing, and firing of employees for good cause, and to provide adequate care and services to residents.

(4) The licensee and department shall provide written notification immediately to all residents, legal representatives, interested family members, and the state long-term care ombudsman program, of the temporary management and the reasons for it. This notification shall include notice that residents may move from the home without notifying the licensee in advance, and without incurring any charges, fees, or costs otherwise available for insufficient advance notice, during the temporary management period.

(5) The temporary management period under this section concludes twenty-eight days after issuance of the formal notification of enforcement action or conclusion of administrative proceedings, whichever date is later. Nothing in this section precludes the department from revoking its approval of

the temporary management and/or exercising its licensing enforcement authority under this chapter. The department's decision whether to approve or to revoke a temporary management arrangement is not subject to the administrative procedure act, chapter 34.05 RCW.

(6) The department is authorized to adopt rules implementing this section. In implementing this section, the department shall consult with consumers, advocates, the adult family home advisory committee established under \*chapter 18.48 RCW, and organizations representing adult family homes. The department may recruit and approve qualified, licensed providers interested in serving as temporary managers. [2001 c 193 § 6.]

\*Reviser's note: Chapter 18.48 RCW was repealed in its entirety by 2002 c 223 § 2.

**70.128.167 Disputed violations, enforcement remedies—Informal dispute resolution process.** (1) The licensee or its designee has the right to an informal dispute resolution process to dispute any violation found or enforcement remedy imposed by the department during a licensing inspection or complaint investigation. The purpose of the informal dispute resolution process is to provide an opportunity for an exchange of information that may lead to the modification, deletion, or removal of a violation, or parts of a violation, or enforcement remedy imposed by the department.

(2) The informal dispute resolution process provided by the department shall include, but is not necessarily limited to, an opportunity for review by a department employee who did not participate in, or oversee, the determination of the violation or enforcement remedy under dispute. The department shall develop, or further develop, an informal dispute resolution process consistent with this section.

(3) A request for an informal dispute resolution shall be made to the department within ten working days from the receipt of a written finding of a violation or enforcement remedy. The request shall identify the violation or violations and enforcement remedy or remedies being disputed. The department shall convene a meeting, when possible, within ten working days of receipt of the request for informal dispute resolution, unless by mutual agreement a later date is agreed upon.

(4) If the department determines that a violation or enforcement remedy should not be cited or imposed, the department shall delete the violation or immediately rescind or modify the enforcement remedy. Upon request, the department shall issue a clean copy of the revised report, statement of deficiencies, or notice of enforcement action.

(5) The request for informal dispute resolution does not delay the effective date of any enforcement remedy imposed by the department, except that civil monetary fines are not payable until the exhaustion of any formal hearing and appeal rights provided under this chapter. The licensee shall submit to the department, within the time period prescribed by the department, a plan of correction to address any undisputed violations, and including any violations that still remain following the informal dispute resolution. [2001 c 193 § 8.]

**70.128.170 Homes relying on prayer for healing—Application of chapter.** Nothing in this chapter or the rules adopted under it may be construed as authorizing the supervi-

sion, regulation, or control of the remedial care or treatment of residents in any adult family home conducted by and for the adherents of a church or religious denomination who rely upon spiritual means alone through prayer for healing in accordance with the tenets and practices of such church or religious denomination and the bona fide religious beliefs genuinely held by such adherents. [1989 c 427 § 33.]

**70.128.175 Definitions.** (1) Unless the context clearly requires otherwise, these definitions shall apply throughout this section and RCW 35.63.140, 35A.63.149, 36.70.755, 35.22.680, and 36.32.560:

(2) An adult family home shall post in a place and manner clearly visible to residents and visitors the department's toll-free complaint telephone number.

**Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18:** See notes following RCW 74.39A.030.

**70.128.210 Training standards review—Delivery system—Issues reviewed—Report to the legislature.** (1) The department of social and health services shall review, in coordination with the department of health, the nursing care quality assurance commission, adult family home providers, boarding home providers, in-home personal care providers, and long-term care consumers and advocates, training standards for providers, resident managers, and resident caregivers-

ing staff. The departments and the commission shall submit to the appropriate committees of the house of representatives and the senate by December 1, 1998, specific recommendations on training standards and the delivery system, including necessary statutory changes and funding requirements. Any proposed enhancements shall be consistent with this section, shall take into account and not duplicate other training requirements applicable to adult family homes and staff, and shall be developed with the input of adult family home and resident representatives, health care professionals, and other vested interest groups. Training standards and the delivery system shall be relevant to the needs of residents served by the adult family home and recipients of long-term in-home personal care services and shall be sufficient to ensure that providers, resident managers, and caregiving staff have the skills and knowledge necessary to provide high quality, appropriate care.

(2) The recommendations on training standards and the delivery system developed under subsection (1) of this section shall be based on a review and consideration of the following: Quality of care; availability of training; affordability, including the training costs incurred by the department of social and health services and private providers; portability of existing training requirements; competency testing; practical and clinical course work; methods of delivery of training; standards for management; uniform caregiving staff training; necessary enhancements for special needs populations; and resident rights training. Residents with special needs include, but are not limited to, residents with a diagnosis of mental illness, dementia, or developmental disability. Development of training recommendations for developmental disabilities services shall be coordinated with the study requirements in section 6, chapter 272, Laws of 1998.

(3) The department of social and health services shall report to the appropriate committees of the house of representatives and the senate by December 1, 1998, on the cost of implementing the proposed training standards for state-funded residents, and on the extent to which that cost is covered by existing state payment rates. [1998 c 272 § 3.]

**Findings—Severability—Effective date—1998 c 272:** See notes following RCW 18.20.230.

**70.128.220 Elder care—Professionalization of providers.** Adult family homes have developed rapidly in response to the health and social needs of the aging population in community settings, especially as the aging population has increased in proportion to the general population. The growing demand for elder care with a new focus on issues affecting senior citizens, including persons with developmental disabilities, mental illness, or dementia, has prompted a growing professionalization of adult family home providers to address quality care and quality of life issues consistent with standards of accountability and regulatory safeguards for the health and safety of the residents. The establishment of an advisory committee to the department of social and health services under RCW 70.128.225 formalizes a stable process for discussing and considering these issues among residents and their advocates, regulatory officials, and adult family home providers. The dialogue among all stakeholders interested in maintaining a healthy option for the aging population in community settings assures the highest

(2008 Ed.)

regard for the well-being of these residents within a benign and functional regulatory environment. The secretary shall be advised by an advisory committee on adult family homes established under RCW 70.128.225. [2002 c 223 § 3; 1998 c 272 § 9.]

**Findings—Severability—Effective date—1998 c 272:** See notes following RCW 18.20.230.

**70.128.225 Advisory committee.** (1) In an effort to ensure a cooperative process among the department, adult family home provider representatives, and resident and family representatives on matters pertaining to the adult family home program, the secretary, or his or her designee, shall designate an advisory committee. The advisory committee must include: Representatives from the industry including four adult family home providers, at least two of whom are affiliated with recognized adult family home associations; one representative from the state long-term care ombudsman program; one representative from the statewide resident council program; one representative from a general authority Washington law enforcement agency as defined in RCW 10.93.020; and two representatives of families and other consumers. The secretary shall appoint a chairperson for the committee from the committee membership for a term of one year. In appointing the chairperson, the secretary shall consult with members of the committee. Depending on the topic to be discussed, the department may invite other representatives in addition to the named members of the advisory committee. The secretary, or his or her designee, shall periodically, but not less than quarterly, convene a meeting of the advisory committee to encourage open dialogue on matters affecting the adult family home program. It is, minimally, expected that the department will discuss with the advisory committee the department's inspection, enforcement, and quality improvement activities, in addition to seeking their comments and recommendations on matters described under subsection (2) of this section.

(2) The secretary, or his or her designee, shall seek comments and recommendations from the advisory committee prior to the adoption of rules and standards, implementation of adult family home provider programs, or development of methods and rates of payment.

(3) Establishment of the advisory committee shall not prohibit the department of social and health services from utilizing other advisory activities that the department of social and health services deems necessary for program development.

(4) Members of the advisory committee shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060 from license fees collected under chapter 70.128 RCW. [2007 c 40 § 1; 2002 c 223 § 4.]

**70.128.230 Long-term caregiver training.** (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Caregiver" includes all adult family home resident managers and any person who provides residents with hands-on personal care on behalf of an adult family home, except volunteers who are directly supervised.

(b) "Indirect supervision" means oversight by a person who has demonstrated competency in the core areas or has

been fully exempted from the training requirements pursuant to this section and is quickly and easily available to the caregiver, but not necessarily on-site.

(2) Training must have three components: Orientation, basic training, and continuing education. All adult family home providers, resident managers, and employees, or volunteers who routinely interact with residents shall complete orientation. Caregivers shall complete orientation, basic training, and continuing education.

(3) Orientation consists of introductory information on residents' rights, communication skills, fire and life safety, and universal precautions. Orientation must be provided at the facility by appropriate adult family home staff to all adult family home employees before the employees have routine interaction with residents.

(4) Basic training consists of modules on the core knowledge and skills that caregivers need to learn and understand to effectively and safely provide care to residents. Basic training must be outcome-based, and the effectiveness of the basic training must be measured by demonstrated competency in the core areas through the use of a competency test. Basic training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care or within one hundred twenty days of September 1, 2002, whichever is later. Until competency in the core areas has been demonstrated, caregivers shall not provide hands-on personal care to residents without indirect supervision.

(5) For adult family homes that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of providers and resident managers. Specialty training consists of modules on the core knowledge and skills that providers and resident managers need to effectively and safely provide care to residents with special needs. Specialty training should be integrated into basic training wherever appropriate. Specialty training must be outcome-based, and the effectiveness of the specialty training measured by demonstrated competency in the core specialty areas through the use of a competency test. Specialty training must be completed by providers and resident managers before admitting and serving residents who have been determined to have special needs related to mental illness, dementia, or a developmental disability. Should a resident develop special needs while living in a home without specialty designation, the provider and resident manager have one hundred twenty days to complete specialty training.

(6) Continuing education consists of ongoing delivery of information to caregivers on various topics relevant to the care setting and care needs of residents. Competency testing is not required for continuing education. Continuing education is not required in the same calendar year in which basic or modified basic training is successfully completed. Continuing education is required in each calendar year thereafter. If specialty training is completed, the specialty training applies toward any continuing education requirement for up to two years following the completion of the specialty training.

(7) Persons who successfully challenge the competency test for basic training are fully exempt from the basic training requirements of this section. Persons who successfully chal-

**70.129.005 Intent—Basic rights.** The legislature recognizes that long-term care facilities are a critical part of the state’s long-term care services system. It is the intent of the legislature that individuals who reside in long-term care facilities receive appropriate services, be treated with courtesy, and continue to enjoy their basic civil and legal rights.

It is also the intent of the legislature that long-term care facility residents have the opportunity to exercise reasonable control over life decisions. The legislature finds that choice, participation, privacy, and the opportunity to engage in reli-

gious, political, civic, recreational, and other social activities foster a sense of self-worth and enhance the quality of life for long-term care residents.

The legislature finds that the public interest would be best served by providing the same basic resident rights in all long-term care settings. Residents in nursing facilities are guaranteed certain rights by federal law and regulation, 42 U.S.C. 1396r and 42 C.F.R. part 483. It is the intent of the legislature to extend those basic rights to residents in veterans’ homes, boarding homes, and adult family homes.

The legislature intends that a facility should care for its residents in a manner and in an environment that promotes maintenance or enhancement of each resident’s quality of life. A resident should have a safe, clean, comfortable, and homelike environment, allowing the resident to use his or her personal belongings to the extent possible. [1994 c 214 § 1.]

**Zoning—1994 c 214:** "Nothing in this act shall affect the classifying of an adult family home for the purposes of zoning." [1994 c 214 § 30.]

**70.129.007 Rights are minimal—Other rights not diminished.** The rights set forth in this chapter are the minimal rights guaranteed to all residents of long-term care facilities, and are not intended to diminish rights set forth in other state or federal laws that may contain additional rights. [1994 c 214 § 20.]

**70.129.160 Ombudsman implementation duties.** The long-term care ombudsman shall monitor implementation of this chapter and determine the degree to which veterans' homes, nursing facilities, adult family homes, and boarding homes ensure that residents are able to exercise their rights. The long-term care ombudsman shall consult with the departments of health and social and health services, long-term care facility organizations, resident groups, and senior and disabled citizen organizations. [1998 c 245 § 113; 1994 c 214 § 18.]

**70.129.170 Nonjudicial remedies through regulatory authorities encouraged—Remedies cumulative.** The leg-

islature intends that long-term care facility or nursing home residents, their family members or guardians, the long-term care ombudsman, protection and advocacy personnel identified in \*RCW 70.129.110(4) (e) and (f), and others who may seek to assist long-term care facility or nursing home residents, use the least formal means available to satisfactorily resolve disputes that may arise regarding the rights conferred by the provisions of chapter 70.129 RCW and RCW 18.20.180, 18.51.009, 72.36.037, and 70.128.125. Wherever feasible, direct discussion with facility personnel or administrators should be employed. Failing that, and where feasible, recourse may be sought through state or federal long-term care or nursing home licensing or other regulatory authorities. However, the procedures suggested in this section are cumulative and shall not restrict an agency or person from seeking a remedy provided by law or from obtaining additional relief based on the same facts, including any remedy available to an individual at common law. Chapter 214, Laws of 1994 is not intended to, and shall not be construed to, create any right of action on the part of any individual beyond those in existence under any common law or statutory doctrine. Chapter 214, Laws of 1994 is not intended to, and shall not be construed to, operate in derogation of any right of action on the part of any individual in existence on June 9, 1994. [1994 c 214 § 19.]

**\*Reviser's note:** RCW 70.129.110 was amended by 1997 c 392 § 205, changing subsection (4) to subsection (5).

**70.129.900 Severability—1994 c 214.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1994 c 214 § 26.]

**70.129.901 Conflict with federal requirements—1994 c 214.** If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state. [1994 c 214 § 27.]

**70.129.902 Captions not law.** Captions as used in this act constitute no part of the law. [1994 c 214 § 28.]

**70.132.010 Legislative findings.** The legislature finds that beverage containers designed to be opened through the use of detachable metal rings or tabs are hazardous to the health and welfare of the citizens of this state and detrimental to certain wildlife. The detachable parts are susceptible to ingestion by human beings and wildlife. The legislature intends to eliminate the danger posed by these unnecessary containers by prohibiting their retail sale in this state. [1982 c 113 § 1.]

**70.132.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Beverage" means beer or other malt beverage or mineral water, soda water, or other drink in liquid form and intended for human consumption. The term does not include milk-based, soy-based, or similar products requiring heat and pressure in the canning process.

(2) "Beverage container" means a separate and sealed can containing a beverage.

(3) "Department" means the department of ecology created under chapter 43.21A RCW. [1983 c 257 § 1; 1982 c 113 § 2.]

**70.132.030 Sale of containers with detachable metal rings or tabs prohibited.** No person may sell or offer to sell at retail in this state any beverage container so designed and constructed that a metal part of the container is detachable in opening the container through use of a metal ring or tab. Nothing in this section prohibits the sale of a beverage container which container's only detachable part is a piece of pressure sensitive or metallic tape. [1982 c 113 § 3.]

**70.132.040 Enforcement—Rules.** The department shall administer and enforce this chapter. The department shall adopt rules interpreting and implementing this chapter. Any rule adopted under this section shall be adopted under the administrative procedure act, chapter 34.05 RCW. [1982 c 113 § 4.]

**70.132.050 Penalty.** Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, any person who violates any provision of this chapter or any rule adopted under this chapter is subject to a civil penalty not exceeding five hundred dollars for each violation. Each day of a continuing violation is a separate violation. [1995 c 403 § 632; 1982 c 113 § 5.]

**Findings—Short title—Intent—1995 c 403:** See note following RCW 34.05.328.

**70.132.900 Effective date—Implementation—1982 c 113.** This act shall take effect on July 1, 1983. The director of the department of ecology is authorized to take such steps prior to such date as are necessary to ensure that this act is implemented on its effective date. [1982 c 113 § 7.]

*Radioactive and hazardous waste emergency response programs, state coordinator: RCW 38.52.030.*

*Transport of hazardous materials, state patrol authority over: Chapter 46.48 RCW.*

**70.136.010 Legislative intent.** It is the intent of the legislature to promote and encourage advance planning, cooperation, and mutual assistance between applicable political subdivisions of the state and persons with equipment, personnel, and expertise in the handling of hazardous materials incidents, by establishing limitations on liability for those persons responding in accordance with the provisions of RCW 70.136.020 through 70.136.070. [1982 c 172 § 1.]

**Reviser's note:** Although 1982 c 172 directed that sections 1 through 7 of that enactment be added to chapter 4.24 RCW, codification of these sections as a new chapter in Title 70 RCW appears more appropriate.

**70.136.020 Definitions.** The definitions set forth in this section apply throughout RCW 70.136.010 through 70.136.070.

(1) "Hazardous materials" means:

(a) Materials which, if not contained may cause unacceptable risks to human life within a specified area adjacent to the spill, seepage, fire, explosion, or other release, and will, consequently, require evacuation;

(b) Materials that, if spilled, could cause unusual risks to the general public and to emergency response personnel responding at the scene;

(c) Materials that, if involved in a fire will pose unusual risks to emergency response personnel;

(d) Materials requiring unusual storage or transportation conditions to assure safe containment; or

(e) Materials requiring unusual treatment, packaging, or vehicles during transportation to assure safe containment.

(2) "Applicable political subdivisions of the state" means cities, towns, counties, fire districts, and those port authorities with emergency response capabilities.

(3) "Person" means an individual, partnership, corporation, or association.

(4) "Public agency" means any agency, political subdivision, or unit of local government of this state including, but not limited to, municipal corporations, quasi-municipal corporations, special purpose districts, and local service districts; any agency of the state government; any agency of the

(2008 Ed.)

United States; any Indian tribe recognized as such by the federal government; and any political subdivision of another state.

(5) "Hazardous materials incident" means an incident creating a danger to persons, property, or the environment as a result of spillage, seepage, fire, explosion, or release of hazardous materials, or the possibility thereof.

(6) "Governing body" means the elected legislative council, board, or commission or the chief executive of the applicable political subdivision of the state with public safety responsibility.

(7) "Incident command agency" means the predesignated or appointed agency charged with coordinating all activities and resources at the incident scene.

(8) "Representative" means an agent from the designated hazardous materials incident command agency with the authority to secure the services of persons with hazardous materials expertise or equipment.

(9) "Profit" means compensation for rendering care, assistance, or advice in excess of expenses actually incurred. [1987 c 238 § 1; 1982 c 172 § 2.]

**70.136.030 Incident command agencies—Designation by political subdivisions.** The governing body of each applicable political subdivision of this state shall designate a hazardous materials incident command agency within its respective boundaries, and file this designation with the director of community, trade, and economic development. In designating an incident command agency, the political subdivision shall consider the training, manpower, expertise, and equipment of various available agencies as well as the Uniform Fire Code and other existing codes and regulations. Along state and interstate highway corridors, the Washington state patrol shall be the designated incident command agency unless by mutual agreement that role has been assumed by another designated incident command agency. If a political subdivision has not designated an incident command agency within six months after July 26, 1987, the Washington state patrol shall then assume the role of incident command agency by action of the chief until a designation has been made. [1995 c 399 § 197; 1987 c 238 § 2; 1986 c 266 § 50; 1985 c 7 § 132; 1984 c 165 § 1; 1982 c 172 § 4.]

**Severability—1986 c 266:** See note following RCW 38.52.005.

**70.136.035 Incident command agencies—Assistance from state patrol.** In political subdivisions where an incident command agency has been designated, the Washington state patrol shall continue to respond with a supervisor to provide assistance to the incident command agency. [1987 c 238 § 3.]

**70.136.040 Incident command agencies—Emergency assistance agreements.** Hazardous materials incident command agencies, so designated by all applicable political subdivisions of the state, are authorized and encouraged, prior to a hazardous materials incident, to enter individually or jointly into written hazardous materials emergency assistance agreements with any person whose knowledge or expertise is deemed potentially useful. [1982 c 172 § 3.]

**70.136.050 Persons and agencies rendering emergency aid in hazardous materials incidents—Immunity from liability—Limitations.** An incident command agency in the good faith performance of its duties, is not liable for civil damages resulting from any act or omission in the performance of its duties, other than acts or omissions constituting gross negligence or wilful or wanton misconduct.

Any person or public agency whose assistance has been requested by an incident command agency, who has entered into a written hazardous materials assistance agreement before or at the scene of the incident pursuant to RCW 70.136.060 and 70.136.070, and who, in good faith, renders emergency care, assistance, or advice with respect to a hazardous materials incident, is not liable for civil damages resulting from any act or omission in the rendering of such care, assistance, or advice, other than acts or omissions constituting gross negligence or wilful or wanton misconduct. [1987 c 238 § 4; 1984 c 165 § 2; 1982 c 172 § 5.]

**70.136.055 Person causing hazardous materials incident—Responsibility for incident clean-up—Liability.** See RCW 4.24.314.

**70.136.060 Written emergency assistance agreements—Terms and conditions—Records.** Hazardous materials emergency assistance agreements which are executed prior to a hazardous materials incident shall include the following terms and conditions:

- (1) The person or public agency requested to assist shall not be obligated to assist;
- (2) The person or public agency requested to assist may act only under the direction of the incident command agency or its representative;
- (3) The person or public agency requested to assist may withdraw its assistance if it deems the actions or directions of the incident command agency to be contrary to accepted hazardous materials response practices;
- (4) The person or public agency requested to assist shall not profit from rendering the assistance;
- (5) Any person responsible for causing the hazardous materials incident shall not be covered by the liability standard defined in RCW 70.136.050.

It is the responsibility of both parties to ensure that mutually agreeable procedures are established for identifying the incident command agency when assistance is requested, for recording the name of the person or public agency whose assistance is requested, and the time and date of the request, which records shall be retained for three years by the incident command agency. A copy of the official incident command agency designation shall be a part of the assistance agreement specified in this section. [1987 c 238 § 5; 1982 c 172 § 6.]

**70.136.070 Verbal emergency assistance agreements—Good Samaritan law—Notification—Form.** (1) Verbal hazardous materials emergency assistance agreements may be entered into at the scene of an incident where execution of a written agreement prior to the incident is not possible. A notification of the terms of this section shall be presented at the scene by the incident command agency or its representative to the person or public agency whose assistance is requested. The incident command agency and the

person or public agency whose assistance is requested shall both sign the notification which appears in subsection (2) of this section, indicating the date and time of signature. If a requesting incident command agency deliberately misrepresents individual or agency status, that agency shall assume full liability for any damages resulting from the actions of the person or public agency whose assistance is requested, other than those damages resulting from gross negligence or wilful or wanton misconduct.

(2) The notification required by subsection (1) of this section shall be in substantially the following form:

**NOTIFICATION OF "GOOD SAMARITAN" LAW**

You have been requested to provide emergency assistance by a representative of a hazardous materials incident command agency. To encourage your assistance, the Washington state legislature has passed "Good Samaritan" legislation (RCW 70.136.050) to protect you from potential liability. The law reads, in part:

"Any person or public agency whose assistance has been requested by an incident command agency, who has entered into a written hazardous materials assistance agreement . . . at the scene of the incident pursuant to . . . RCW 70.136.070, and who, in good faith, renders emergency care, assistance, or advice with respect to a hazardous materials incident, is not liable for civil damages resulting from any act or omission in the rendering of such care, assistance, or advice, other than acts or omissions constituting gross negligence or wilful or wanton misconduct."

The law requires that you be advised of certain conditions to ensure your protection:

- 1. You are not obligated to assist and you may withdraw your assistance at any time.
- 2. You cannot profit from assisting.
- 3. You must agree to act under the direction of the incident command agency.
- 4. You are not covered by this law if you caused the initial accident.

I have read and understand the above.

*Environmental certification programs—Fees—Rules—Liability: RCW 43.21A.175.*

**70.138.010 Legislative findings.** The legislature finds:

(1) Solid wastes generated in the state are to be managed in the following order of descending priority: (a) Waste reduction; (b) recycling; (c) treatment; (d) energy recovery or incineration; (e) solidification/stabilization; and (f) landfill.

(2) Special incinerator ash residues from the incineration of municipal solid waste that would otherwise be regulated as hazardous wastes need a separate regulatory scheme in order to (a) ease the permitting and reporting requirements of chapter 70.105 RCW, the state hazardous waste management act, and (b) supplement the environmental protection provisions of chapter 70.95 RCW, the state solid waste management act.

(3) Raw garbage poses significant environmental and public health risks. Municipal solid waste incineration constitutes a higher waste management priority than the land disposal of untreated municipal solid waste due to its reduction of waste volumes and environmental health risks.

It is therefore the purpose of this chapter to establish management requirements for special incinerator ash that otherwise would be regulated as hazardous waste under chapter 70.105 RCW, the hazardous waste management act. [1987 c 528 § 1.]

**70.138.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of ecology.

(2) "Director" means the director of the department of ecology or the director's designee.

(3) "Dispose" or "disposal" means the treatment, utilization, processing, or final deposit of special incineration ash.

(4) "Generate" means any act or process which produces special incinerator ash or which first causes special incinerator ash to become subject to regulation.

(5) "Management" means the handling, storage, collection, transportation, and disposal of special incinerator ash.

(6) "Person" means any person, firm, association, county, public or municipal or private corporation, agency, or other entity whatsoever.

(7) "Facility" means all structures, other appurtenances, improvements, and land used for recycling, storing, treating, or disposing of special incinerator ash.

(8) "Special incinerator ash" means ash residues resulting from the operation of incinerator or energy recovery facilities managing municipal solid waste, including solid waste from residential, commercial, and industrial establishments, if the ash residues (a) would otherwise be regulated as hazardous wastes under chapter 70.105 RCW; and (b) are not regulated as a hazardous waste under the federal resource conservation and recovery act, 42 U.S.C. Sec. 6901 et seq. [1987 c 528 § 2.]

**70.138.030 Review and approval of management plans—Disposal permits.** (1) Prior to managing special

(2008 Ed.)

incinerator ash, persons who generate special incinerator ash shall develop plans for managing the special incinerator ash. These plans shall:

(a) Identify procedures for all aspects relating to the management of the special incinerator ash that are necessary to protect employees, human health, and the environment;

(b) Identify alternatives for managing solid waste prior to incineration for the purpose of (i) reducing the toxicity of the special incinerator ash; and (ii) reducing the quantity of the special incinerator ash;

(c) Establish a process for submittal of an annual report to the department disclosing the results of a testing program to identify the toxic properties of the special incinerator ash as necessary to ensure that the procedures established in the plans submitted pursuant to this chapter are adequate to protect employees, human health, and the environment; and

(d) Comply with the rules established by the department in accordance with this section.

(2) Prior to managing any special incinerator ash, any person required to develop a plan pursuant to subsection (1) of this section shall submit the plan to the department for review and approval. Prior to approving a plan, the department shall find that the plan complies with the provisions of this chapter, including any rules adopted under this chapter. Approval may be conditioned upon additional requirements necessary to protect employees, human health, and the environment, including special management requirements, waste segregation, or treatment techniques such as neutralization, detoxification, and solidification/stabilization.

(3) The department shall give notice of receipt of a proposed plan to interested persons and the public and shall accept public comment for a minimum of thirty days. The department shall approve, approve with conditions, or reject the plan submitted pursuant to this section within ninety days of submittal.

(4) Prior to accepting any special incinerator ash for disposal, persons owning or operating facilities for the disposal of the incinerator ash shall apply to the department for a permit. The department shall issue a permit if the disposal will provide adequate protection of human health and the environment. Prior to issuance of any permit, the department shall find that the facility meets the requirements of chapter 70.95 RCW and any rules adopted under this chapter. The department may place conditions on the permit to include additional requirements necessary to protect employees, human health, and the environment, including special management requirements, waste segregation, or treatment techniques such as neutralization, detoxification, and solidification/stabilization.

(5) The department shall give notice of its receipt of a permit application to interested persons and the public and shall accept public comment for a minimum of thirty days. The department shall issue, issue with conditions, or deny the permit within ninety days of submittal.

(6) The department shall adopt rules to implement the provisions of this chapter. The rules shall (a) establish minimum requirements for the management of special incinerator ash as necessary to protect employees, human health, and the environment, (b) clearly define the elements of the plans required by this chapter, and (c) require special incinerator

ash to be disposed at facilities that are operating in compliance with this chapter. [1987 c 528 § 3.]

**70.138.040 Civil penalties.** (1) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, any person who violates any provision of a department regulation or regulatory order relating to the management of special incinerator ash shall incur in addition to any other penalty provided by law, a penalty in an amount up to ten thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense. In case of continuing violation, every day's continuance shall be a separate and distinct violation. Every person who, through an act of commission or omission, procures, aids, or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty herein provided.

(2) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department, describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, the department may remit or mitigate the penalty upon whatever terms the department in its discretion deems proper, giving consideration to the degree of hazard associated with the violation, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such rules as it may deem proper.

(3) Any penalty imposed by this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or petition for review by the hearings board is filed. When such an application for remission or mitigation is made, any penalty incurred pursuant to this section shall become due and payable thirty days after receipt of notice setting forth the disposition of such application.

(4) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county, or any county in which such violator may do business, to recover such penalty. In all such actions, the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise provided in this chapter. [1995 c 403 § 633; 1987 c 528 § 4.]

**Findings—Short title—Intent—1995 c 403:** See note following RCW 34.05.328.

**Part headings not law—Severability—1995 c 403:** See RCW 43.05.903 and 43.05.904.

**70.138.050 Violations—Orders.** Whenever a person violates any provision of this chapter or any permit or regulation the department may issue an order appropriate under the circumstances to assure compliance with the chapter, permit, or regulation. Such an order must be served personally or by

registered mail upon any person to whom it is directed. [1987 c 528 § 5.]

**70.138.060 Enforcement—Injunctive relief.** The department, with the assistance of the attorney general, may bring any appropriate action at law or in equity, including action for injunctive relief as may be necessary to enforce the provisions of this chapter or any permit or regulation issued thereunder. [1987 c 528 § 6.]

**70.138.070 Criminal penalties.** Any person found guilty of wilfully violating, without sufficient cause, any of the provisions of this chapter, or permit or order issued pursuant to this chapter is guilty of a gross misdemeanor and upon conviction shall be punished by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment for up to one year, or by both. Each day of violation may be deemed a separate violation. [1987 c 528 § 7.]

**70.138.900 Application of chapter to certain incinerators.** This chapter shall not apply to municipal solid waste incinerators that are in operation on May 19, 1987, until a special incinerator waste disposal permit is issued in the county where the municipal solid waste incinerator is located, or July 1, 1989, whichever is sooner. [1987 c 528 § 12.]

**70.138.901 Short title.** This chapter shall be known as the special incinerator ash disposal act. [1987 c 528 § 11.]

**70.138.902 Severability—1987 c 528.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 528 § 14.]

The legislature further finds that it is in the public interest to enhance those efforts in western Washington in areas located within the central Puget Sound smelter plume. [2005 c 306 § 1.]

**70.140.020 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Area-wide soil contamination" means low to moderate arsenic and lead soil contamination dispersed over a large geographic area.

(2) "Child care facility" means a child day-care center or a family day-care provider as those terms are defined under \*RCW 74.15.020.

(3) "Department" means the department of ecology.

(4) "Director" means the director of the department of ecology.

(5) "Low to moderate soil contamination" means low level arsenic or lead concentrations where a child's exposure to soil contamination at a school or a child care facility may be reduced through best management practices.

(2) The department shall:

(a) Identify schools and child care facilities that are located within the central Puget Sound smelter plume based on available information;

(b) Conduct qualitative evaluations to determine the potential for children's exposure to area-wide soil contamination;

(c) If the qualitative evaluation determines that children may be routinely exposed to area-wide soil contamination at a property, conduct soil samples at that property by December 31, 2009; and

(d) If soil sample results confirm the presence of area-wide soil contamination, notify schools and child care facilities regarding the test results and the steps necessary for implementing best management practices.

(3) If a school or a child care facility with area-wide soil contamination does not implement best management practices within six months of receiving written notification from the department, the superintendent or board of directors of a school or the owner or operator of a child care facility must notify parents and guardians in writing of the results of soil tests. The written notice shall be prepared by the department.

(4) The department shall recognize schools and child care facilities that successfully implement best management practices with a voluntary certification letter confirming that the facility has successfully implemented best management practices.

(5) Schools and child care facilities must work with the department to provide the department with site access for soil sampling at times that are the most convenient for all parties. [2005 c 306 § 3.]

(2008 Ed.)

**70.140.040 Department assistance—Best management practice guidelines—Grants—Interagency agreements authorized—Reports.** (1) The department shall assist schools and owners and operators of child care facilities located within the central Puget Sound smelter plume. Such assistance may include the following:

(a) Technical assistance in conducting qualitative evaluations to determine where area-wide soil contamination exposures could occur;

(b) Technical and financial assistance in testing soils where evaluations indicate potential for contamination; and

(c) Technical and financial assistance to implement best management practices.

(2) The department shall develop best management practice guidelines for schools and day care facilities with area-wide soil contamination. The guidelines shall recommend a range of methods for reducing exposure to contaminated soil, considering the concentration, extent, and location of contamination and the nature and frequency of child use of the area.

(3) The department shall develop a grant program to assist schools and child care facilities with implementing best management practices.

(4) The department, within available funds, may provide grants to schools and child care facilities for the purpose of implementing best management practices.

(5) The department, within available funds, may provide financial assistance to the department of health and the department of social and health services to implement this chapter.

(6) The department may, through an interagency agreement, authorize a local health jurisdiction to administer any activity in this chapter that is otherwise not assigned to a local health jurisdiction by this chapter.

(7) The department shall evaluate actions to reduce child exposure to contaminated soils and submit progress reports to the governor and to the appropriate committees of the legislature by December 31, 2006, and December 31, 2008. [2005 c 306 § 4.]

**70.140.050 Department of health to provide assistance.** The department of health shall assist the department in implementing this chapter, including but not limited to developing best management practices and guidelines. [2005 c 306 § 5.]

**70.142.010 Establishment of standards for chemical contaminants in drinking water by state board of health.**

(1) In order to protect public health from chemical contaminants in drinking water, the state board of health shall conduct public hearings and, where technical data allow, establish by rule standards for allowable concentrations. For purposes of this chapter, the words "chemical contaminants" are limited to synthetic organic chemical contaminants and to any other contaminants which in the opinion of the board constitute a threat to public health. If adequate data to support setting of a standard is available, the state board of health shall adopt by rule a maximum contaminant level for water provided to consumers' taps. Standards set for contaminants known to be toxic shall consider both short-term and chronic toxicity. Standards set for contaminants known to be carcinogenic shall be consistent with risk levels established by the state board of health.

(2) The board shall consider the best available scientific information in establishing the standards. The board may review and revise the standards. State and local standards for chemical contaminants may be more strict than the federal standards. [1984 c 187 § 1.]

**70.142.020 Establishment of monitoring requirements for chemical contaminants in public water supplies by state board of health.** The state board of health shall conduct public hearings and establish by rule monitoring requirements for chemical contaminants in public water supplies. Results of tests conducted pursuant to such requirements shall be submitted to the department of health and to the local health department. The state board of health may review and revise monitoring requirements for chemical contaminants. [1991 c 3 § 374; 1984 c 187 § 2.]

**70.142.030 Monitoring requirements—Considerations.** The state board of health in determining monitoring requirements for public water supply systems shall take into consideration economic impacts as well as public health risks. [1984 c 187 § 5.]

**70.142.040 Establishment of water quality standards by local health department in large counties.** Each local

[Title 70 RCW—page 464]

health department serving a county with a population of one hundred twenty-five thousand or more may establish water quality standards for its jurisdiction more stringent than standards established by the state board of health. Each local health department establishing such standards shall base the standards on the best available scientific information. [1991 c 363 § 145; 1984 c 187 § 3.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**70.142.050 Noncomplying public water supply systems—Submission of corrective plan—Notification to system's customers.** Public water supply systems as defined by RCW 70.119.020 that the state board of health or local health department determines do not comply with the water quality standards applicable to the system shall immediately initiate preparation of a corrective plan designed to meet or exceed the minimum standards for submission to the department of health. The owner of such system shall within one year take any action required to bring the water into full compliance with the standards. The department of health may require compliance as promptly as necessary to abate an immediate public health threat or may extend the period of compliance if substantial new construction is required: PROVIDED FURTHER, That the extension shall be granted only upon a determination by the department, after a public hearing, that the extension will not pose an imminent threat to public health. Each such system shall include a notice identifying the water quality standards exceeded, and the amount by which the water tested exceeded the standards, in all customer bills mailed after such determination. The notification shall continue until water quality tests conducted in accordance with this chapter establish that the system meets or exceeds the minimum standards. [1991 c 3 § 375; 1984 c 187 § 4.]

**70.146.010 Purpose—Legislative intent.** The long-range health and environmental goals for the state of Washington require the protection of the state's surface and underground waters for the health, safety, use, enjoyment, and economic benefit of its people. It is the purpose of this chapter to

(2008 Ed.)

provide financial assistance to the state and to local governments for the planning, design, acquisition, construction, and improvement of water pollution control facilities and related activities in the achievement of state and federal water pollution control requirements for the protection of the state's waters.

It is the intent of the legislature that distribution of moneys for water pollution control facilities under this chapter be made on an equitable basis taking into consideration legal mandates, local effort, ratepayer impacts, and past distributions of state and federal moneys for water pollution control facilities.

It is the intent of this chapter that the cost of any water pollution control facility attributable to increased or additional capacity that exceeds one hundred ten percent of existing needs at the time of application for assistance under this chapter shall be entirely a local or private responsibility. It is the intent of this chapter that industrial pretreatment be paid by industries and that the water quality account shall not be used for such purposes. [1986 c 3 § 1.]

**Effective dates—1986 c 3:** See note following RCW 82.24.027.

**70.146.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Account" means the water quality account in the state treasury.

(2) "Department" means the department of ecology.

(3) "Eligible cost" means the cost of that portion of a water pollution control facility that can be financed under this chapter excluding any portion of a facility's cost attributable to capacity that is in excess of that reasonably required to address one hundred ten percent of the applicant's needs for water pollution control existing at the time application is submitted for assistance under this chapter.

(4) "Water pollution control facility" or "facilities" means any facilities or systems for the control, collection, storage, treatment, disposal, or recycling of wastewater, including but not limited to sanitary sewage, storm water, residential, commercial, industrial, and agricultural wastes, which are causing water quality degradation due to concentrations of conventional, nonconventional, or toxic pollutants. Water pollution control facilities include all equipment, utilities, structures, real property, and interests in and improvements on real property necessary for or incidental to such purpose. Water pollution control facilities also include such facilities, equipment, and collection systems as are necessary to protect federally designated sole source aquifers.

(5) "Water pollution control activities" means actions taken by a public body for the following purposes: (a) To prevent or mitigate pollution of underground water; (b) to control nonpoint sources of water pollution; (c) to restore the water quality of fresh water lakes; and (d) to maintain or improve water quality through the use of water pollution control facilities or other means. During the 1995-1997 fiscal biennium, "water pollution control activities" includes activities by state agencies to protect public drinking water supplies and sources.

(6) "Public body" means the state of Washington or any agency, county, city or town, conservation district, other

(2008 Ed.)

political subdivision, municipal corporation, quasi-municipal corporation, and those Indian tribes now or hereafter recognized as such by the federal government.

(7) "Water pollution" means such contamination, or other alteration of the physical, chemical, or biological properties of any waters of the state, including change in temperature, taste, color, turbidity, or odor of the waters, or such discharge of any liquid, gaseous, solid, radioactive, or other substance into any waters of the state as will or is likely to create a nuisance or render such waters harmful, detrimental, or injurious to the public health, safety, or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate beneficial uses, or to livestock, wild animals, birds, fish, or other aquatic life.

(8) "Nonpoint source water pollution" means pollution that enters any waters of the state from any dispersed water-based or land-use activities, including, but not limited to, atmospheric deposition, surface water runoff from agricultural lands, urban areas, and forest lands, subsurface or underground sources, and discharges from boats or other marine vessels.

(9) "Sole source aquifer" means the sole or principal source of public drinking water for an area designated by the administrator of the environmental protection agency pursuant to Public Law 93-523, Sec. 1424(b). [1995 2nd sp.s. c 18 § 920; 1993 sp.s. c 24 § 923; 1987 c 436 § 5; 1986 c 3 § 2.]

**70.146.030 Water quality account—Progress report.**

(1) The water quality account is hereby created in the state treasury. Moneys in the account may be used only in a manner consistent with this chapter. Moneys deposited in the account shall be administered by the department of ecology and shall be subject to legislative appropriation. Moneys placed in the account shall include tax receipts as provided in RCW 82.24.027, 82.24.026(2)(d), and 82.32.390, principal and interest from the repayment of any loans granted pursuant to this chapter, and any other moneys appropriated to the account by the legislature.

(2) The department may use or permit the use of any moneys in the account to make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other funds are made available on a cost-sharing basis, for water pollution control facilities and activities, or for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, within the purposes of this chapter and for related administrative expenses. For the period July 1, 2007, to June 30, 2009, moneys in the account may be used to process applications received by the department that seek to make changes to or transfer existing water rights and for other water resources and water quality activities, for water conveyance projects, shoreline technical assistance[,] Puget Sound education and outreach[,] and for grants and technical assistance to public bodies for watershed

planning under chapter 90.82 RCW. No more than three percent of the moneys deposited in the account may be used by the department to pay for the administration of the grant and loan program authorized by this chapter.

(3) Beginning with the biennium ending June 30, 1997, the department shall present a biennial progress report on the use of moneys from the account to the chairs of the senate committee on ways and means and the house of representatives committee on appropriations. The first report is due June 30, 1996, and the report for each succeeding biennium is due December 31st of the odd-numbered year. The report shall consist of a list of each recipient, project description, and amount of the grant, loan, or both. [2007 c 522 § 955. **Effective dates—1986 c 3:** See note following RCW 82.24.027.

**70.146.040 Level of grant or loan not precedent.** No grant or loan made in this chapter for fiscal year 1987 shall be construed to establish a precedent for levels of grants or loans made from the water quality account thereafter. [1986 c 3 § 6.]

**Effective dates—1986 c 3:** See note following RCW 82.24.027.

**70.146.050 Compliance schedule for secondary treatment.** The department of ecology may provide for a phased in compliance schedule for secondary treatment which addresses local factors that may impede compliance with secondary treatment requirements of the federal clean water act.

In determining the length of time to be granted for compliance, the department shall consider the criteria specified in the federal clean water act. [1986 c 3 § 8.]

**Effective dates—1986 c 3:** See note following RCW 82.24.027.

**70.146.060 Water quality account distributions—Limitations.** During the period from July 1, 1987, until June 30, 1995, the following limitations shall apply to the department's total distribution of funds appropriated from the water quality account:

(1) Not more than fifty percent for water pollution control facilities which discharge directly into marine waters;

(2) Not more than twenty percent for water pollution control activities that prevent or mitigate pollution of underground waters and facilities that protect federally designated sole source aquifers with at least two-thirds for the Spokane-Rathdrum Prairie Aquifer;

(3) Not more than ten percent for water pollution control activities that protect freshwater lakes and rivers including but not limited to Lake Chelan and the Yakima and Columbia rivers;

(4) Not more than ten percent for activities which control nonpoint source water pollution;

(5) Ten percent and such sums as may be remaining from the categories specified in subsections (1) through (4) of this section for water pollution control activities or facilities as determined by the department; and

(6) Two and one-half percent of the total amounts of moneys under subsections (1) through (5) of this section from February 21, 1986, until December 31, 1995, shall be appropriated biennially to the state conservation commission for the purposes of this chapter. Not less than ten percent of the moneys received by the state conservation commission under the provisions of this section shall be expended on research activities.

The distribution under this section shall not be required to be met in any single fiscal year.

Funds provided for facilities and activities under this chapter may be used for payments to a service provider under a service agreement pursuant to RCW 70.150.060. If funds are to be used for such payments, the department may make periodic disbursements to a public body or may make a single lump sum disbursement. Disbursements of funds with respect to a facility owned or operated by a service provider shall be equivalent in value to disbursements that would otherwise be made if that facility were owned or operated by a public body. Payments under this chapter for waste disposal and management facilities made to public bodies entering into service agreements pursuant to RCW 70.150.060 shall not exceed amounts paid to public bodies not entering into service agreements. [1987 c 527 § 1; 1987 c 436 § 7; 1986 c 3 § 9.]

**Reviser's note:** This section was amended by 1987 c 436 § 7 and by 1987 c 527 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Effective dates—1986 c 3:** See note following RCW 82.24.027.

**70.146.070 Grants or loans for water pollution control facilities—Considerations.** (1) When making grants or loans for water pollution control facilities, the department shall consider the following:

(a) The protection of water quality and public health;

(b) The cost to residential ratepayers if they had to finance water pollution control facilities without state assistance;

(c) Actions required under federal and state permits and compliance orders;

(d) The level of local fiscal effort by residential ratepayers since 1972 in financing water pollution control facilities;

(e) Except as otherwise conditioned by RCW 70.146.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;

(f) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(g) Except as otherwise provided in RCW 70.146.120, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the project is sponsored by an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(h) The extent to which the applicant county or city, or if the applicant is another public body, the extent to which the county or city in which the applicant public body is located, has established programs to mitigate nonpoint pollution of the surface or subterranean water sought to be protected by the water pollution control facility named in the application for state assistance; and

(i) The recommendations of the Puget Sound partnership, created in RCW 90.71.210, and any other board, council, commission, or group established by the legislature or a state agency to study water pollution control issues in the state.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive a grant or loan for water pollution control facilities unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving a grant or loan under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 which has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 is not prohibited from receiving a grant or loan under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before submitting a request for a grant or loan.

(3) Whenever the department is considering awarding grants or loans for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, it shall consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) After January 1, 2010, any project designed to address the effects of water pollution on Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. **70.146.075 Extended grant payments.** (1) The department of ecology may enter into contracts with local jurisdictions which provide for extended grant payments under which eligible costs may be paid on an advanced or deferred basis.

(2) Extended grant payments shall be in equal annual payments, the total of which does not exceed, on a net present value basis, fifty percent of the total eligible cost of the project incurred at the time of design and construction. The duration of such extended grant payments shall be for a period not to exceed twenty years. The total of federal and state grant moneys received for the eligible costs of the project shall not exceed fifty percent of the eligible costs.

(3) Any moneys appropriated by the legislature from the water quality account shall be first used by the department of ecology to satisfy the conditions of the extended grant payment contracts. [1987 c 516 § 1.]

**70.146.080 Determination of tax receipts in water quality account—Transfer of sufficient moneys from general revenues.** Within thirty days after June 30, 1987, and within thirty days after each succeeding fiscal year thereafter, the state treasurer shall determine the tax receipts deposited into the water quality account for the preceding fiscal year. If the tax receipts deposited into the account in each of the fiscal years 1988 and 1989 are less than forty million dollars, the state treasurer shall transfer sufficient moneys from general state revenues into the water quality account to bring the total receipts in each fiscal year up to forty million dollars.

For the biennium ending June 30, 1991, if the tax receipts deposited into the water quality account and the earnings on investment of balances credited to the account are less than ninety million dollars, the treasurer shall transfer sufficient moneys from general state revenues into the water quality account to bring the total revenue up to ninety million dollars. The determination and transfer shall be made by July 31, 1991.

For fiscal year 1992 and for fiscal years 1995 and 1996 and thereafter, if the tax receipts deposited into the water quality account for each fiscal year are less than forty-five million dollars, the treasurer shall transfer sufficient moneys from general state revenues into the water quality account to bring the total revenue up to forty-five million dollars. However, during the 2007-2009 fiscal biennium, the legislature may specify the transfer of a different amount in the operating budget bill. Determinations and transfers shall be made by July 31 for the preceding fiscal year. [2007 c 522 § 956; 2005 c 518 § 941; 2003 1st sp.s. c 25 § 935; 1994 sp.s. c 6 §

**70.146.090 Grants and loans to local governments—Statement of environmental benefits—Development of outcome-focused performance measures.** In providing grants and loans to local governments, the department shall require recipients to incorporate the environmental benefits of the project into their applications, and the department shall utilize the statement of environmental benefits in its grant and loan prioritization and selection process. The department shall also develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grant and loan program. To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270. #### **70.148.005 Finding—Intent. (Expires June 1, 2013.)**

(1) The legislature finds that:

(a) Final regulations adopted by the United States environmental protection agency (EPA) require owners and operators of underground petroleum storage tanks to demonstrate financial responsibility for accidental releases of petroleum as a precondition to continued ownership and operation of such tanks;

(b) Financial responsibility is demonstrated through the purchase of pollution liability insurance or an acceptable alternative such as coverage under a state financial responsibility program, in the amount of at least five hundred thousand dollars per occurrence and one million dollars annual

aggregate depending upon the nature, use, and number of tanks owned or operated;

(c) Many owners and operators of underground petroleum storage tanks cannot purchase pollution liability insurance either because private insurance is unavailable at any price or because owners and operators cannot meet the rigid underwriting standards of existing insurers, nor can many owners and operators meet the strict regulatory standards imposed for alternatives to the purchase of insurance; and

(d) Without a state financial responsibility program for owners and operators of underground petroleum storage tanks, many tank owners and operators will be forced to discontinue the ownership and operation of these tanks.

(2) The purpose of this chapter is to create a state financial responsibility program meeting EPA standards for owners and operators of underground petroleum storage tanks in a manner that:

(a) Minimizes state involvement in pollution liability claims management and insurance administration;

(b) Protects the state of Washington from unwanted and unanticipated liability for accidental release claims;

(c) Creates incentives for private insurers to provide needed liability insurance; and

(d) Parallels generally accepted principles of insurance and risk management.

To that end, this chapter establishes a temporary program to provide pollution liability reinsurance at a price that will encourage a private insurance company or risk retention group to sell pollution liability insurance in accordance with the requirements of this chapter to owners and operators of underground petroleum storage tanks, thereby allowing the owners and operators to comply with the financial responsibility regulations of the EPA.

(3) It is not the intent of this chapter to permit owners and operators of underground petroleum storage tanks to obtain pollution liability insurance without regard to the quality or condition of their storage tanks or without regard to the risk management practices of tank owners and operators, nor is it the intent of this chapter to provide coverage or funding for past or existing petroleum releases. Further, it is the intent of the legislature that the program follow generally accepted insurance underwriting and actuarial principles and to deviate from those principles only to the extent necessary and within the tax revenue limits provided, to make pollution liability insurance reasonably affordable and available to owners and operators who meet the requirements of this chapter, particularly to those owners and operators whose underground storage tanks meet a vital economic need within the affected community. [1990 c 64 § 1; 1989 c 383 § 1.]

**70.148.010 Definitions. (Expires June 1, 2013.)**

Unless the context requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Accidental release" means any sudden or nonsudden release of petroleum arising from operating an underground storage tank that results in a need for corrective action, bodily injury, or property damage neither expected nor intended by the owner or operator.

(2) "Director" means the Washington pollution liability insurance program director.

(3) "Bodily injury" means bodily injury, sickness, or disease sustained by any person, including death at any time resulting from the injury, sickness, or disease.

(4) "Corrective action" means those actions reasonably required to be undertaken by the insured to remove, treat, neutralize, contain, or clean up an accidental release in order to comply with any statute, ordinance, rule, regulation, directive, order, or similar legal requirement of the United States, the state of Washington, or any political subdivision of the United States or the state of Washington in effect at the time of an accidental release. "Corrective action" includes, when agreed to in writing, in advance by the insurer, action to remove, treat, neutralize, contain, or clean up an accidental release to avert, reduce, or eliminate the liability of the insured for corrective action, bodily injury, or property damage. "Corrective action" also includes actions reasonably necessary to monitor, assess, and evaluate an accidental release. "Corrective action" does not include:

(a) Replacement or repair of storage tanks or other receptacles;

(b) Replacement or repair of piping, connections, and valves of storage tanks or other receptacles;

(c) Excavation or backfilling done in conjunction with (a) or (b) of this subsection; or

(d) Testing for a suspected accidental release if the results of the testing indicate that there has been no accidental release.

(5) "Defense costs" include the costs of legal representation, expert fees, and related costs and expenses incurred in defending against claims or actions brought by or on behalf of:

(a) The United States, the state of Washington, or any political subdivision of the United States or state of Washington to require corrective action or to recover costs of corrective action; or

(b) A third party for bodily injury or property damage caused by an accidental release.

(6) "Washington pollution liability insurance program" or "program" means the reinsurance program created by this chapter.

(7) "Insured" means the owner or operator who is provided insurance coverage in accordance with this chapter.

(8) "Insurer" means the insurance company or risk retention group licensed or qualified to do business in Washington and authorized by the director to provide insurance coverage in accordance with this chapter.

(9) "Loss reserve" means the amount traditionally set aside by commercial liability insurers for costs and expenses related to claims that have been made. "Loss reserve" does not include losses that have been incurred but not reported to the insurer.

(10) "Occurrence" means an accident, including continuous or repeated exposure to conditions, that results in a release from an underground storage tank.

(11) "Operator" means a person in control of, or having responsibility for, the daily operation of an underground storage tank.

(12) "Owner" means a person who owns an underground storage tank.

(13) "Person" means an individual, trust, firm, joint stock company, corporation (including government corpora-

tion), partnership, association, consortium, joint venture, commercial entity, state, municipality, commission, political subdivision of a state, interstate body, the federal government, or any department or agency of the federal government.

(15) "Property damage" means:

(a) Physical injury to, destruction of, or contamination of tangible property, including the loss of use of the property resulting from the injury, destruction, or contamination; or

(b) Loss of use of tangible property that has not been physically injured, destroyed, or contaminated but has been evacuated, withdrawn from use, or rendered inaccessible because of an accidental release.

(16) "Release" means the emission, discharge, disposal, dispersal, seepage, or escape of petroleum from an underground storage tank into or upon land, groundwater, surface water, subsurface soils, or the atmosphere.

(17) "Surplus reserve" means the amount traditionally set aside by commercial property and casualty insurance companies to provide financial protection from unexpected losses and to serve, in part, as a measure of an insurance company's net worth.

(18) "Tank" means a stationary device, designed to contain an accumulation of petroleum, that is constructed primarily of nonearthen materials such as wood, concrete, steel, or plastic that provides structural support.

(19) "Underground storage tank" means any one or a combination of tanks including underground pipes connected to the tank, that is used to contain an accumulation of petroleum and the volume of which (including the volume of the underground pipes connected to the tank) is ten percent or more beneath the surface of the ground. [1990 c 64 § 2; 1989 c 383 § 2.]

**70.148.020 Pollution liability insurance program trust account. (Expires June 1, 2013.)** (1) The pollution liability insurance program trust account is established in the custody of the state treasurer. All funds appropriated for this chapter and all premiums collected for reinsurance shall be deposited in the account. Expenditures from the account shall be used exclusively for the purposes of this chapter including payment of costs of administering the pollution liability insurance and underground storage tank community assistance programs. Expenditures for payment of administrative and operating costs of the agency are subject to the allotment procedures under chapter 43.88 RCW and may be made only after appropriation by statute. No appropriation is required for other expenditures from the account.

(2) Each calendar quarter, the director shall report to the insurance commissioner the loss and surplus reserves required for the calendar quarter. The director shall notify the department of revenue of this amount by the fifteenth day of each calendar quarter.

(3) Each calendar quarter the director shall determine the amount of reserves necessary to fund commitments made to provide financial assistance under RCW 70.148.130 to the extent that the financial assistance reserves do not jeopardize

the operations and liabilities of the pollution liability insurance program. The director shall notify the department of revenue of this amount by the fifteenth day of each calendar quarter. The director may immediately establish an initial financial assistance reserve of five million dollars from available revenues. The director may not expend more than fifteen million dollars for the financial assistance program.

(4) During the 2005-2007 fiscal biennium, the legislature may transfer from the pollution liability insurance program trust account to the state general fund such amounts as reflect the excess fund balance of the account.

(5) This section expires June 1, 2013. [2006 c 276 § 1; 2005 c 518 § 942; 1999 c 73 § 1; 1998 c 245 § 114; 1991 sp.s. c 13 § 90; 1991 c 4 § 7; 1990 c 64 § 3; 1989 c 383 § 3.]

**70.148.025 Reinsurance for heating oil pollution liability protection program. (Expires June 1, 2013.)** The director shall provide reinsurance through the pollution liability insurance program trust account to the heating oil pollution liability protection program under chapter 70.149 RCW. [1995 c 20 § 12.]

**Severability—1995 c 20:** See RCW 70.149.901.

**70.148.030 Pollution liability insurance program—Generally—Ad hoc committees. (Expires June 1, 2013.)** (1) The Washington pollution liability insurance program is created as an independent agency of the state. The administrative head and appointing authority of the program shall be the director who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040. The director shall appoint a deputy director. The director, deputy director, and up to three other employees are exempt from the civil service law, chapter 41.06 RCW.

(2) The director shall employ such other staff as are necessary to fulfill the responsibilities and duties of the director. The staff is subject to the civil service law, chapter 41.06 RCW. In addition, the director may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. To the extent necessary to protect the state from unintended liability and ensure quality program and contract design, the director shall contract with an organization or organizations with demonstrated experience and ability in managing and designing pollution liability insurance and with an organization or organizations with demonstrated experience and ability in managing and designing pollution liability reinsurance. The director shall enter into such contracts after competitive bid but need not select the lowest bid. Any such contractor or consultant is prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the program director. The director may call upon other agencies of the state to provide technical support and available information as necessary to

assist the director in meeting the director's responsibilities under this chapter. Agencies shall supply this support and information as promptly as circumstances permit.

(3) The director may appoint ad hoc technical advisory committees to obtain expertise necessary to fulfill the purposes of this chapter. [1994 sp.s. c 9 § 805; 1990 c 64 § 4; 1989 c 383 § 4.]

**Severability—Headings and captions not law—Effective date—1994 sp.s. c 9:** See RCW 18.79.900 through 18.79.902.

**70.148.035 Program design—Cost coverage. (Expires June 1, 2013.)** The director may design the program to cover the costs incurred in determining whether a proposed applicant for pollution insurance under the program meets the underwriting standards of the insurer. In covering such costs the director shall consider the financial resources of the applicant, shall take into consideration the economic impact of the discontinued use of the applicant's storage tank upon the affected community, shall provide coverage within the revenue limits provided under this chapter, and shall limit coverage of such costs to the extent that coverage would be detrimental to providing affordable insurance under the program. [1990 c 64 § 11.]

**70.148.040 Rules. (Expires June 1, 2013.)** The director may adopt rules consistent with this chapter to carry out the purposes of this chapter. All rules shall be adopted in accordance with chapter 34.05 RCW. [1990 c 64 § 5; 1989 c 383 § 5.]

**70.148.050 Powers and duties of director. (Expires June 1, 2013.)** The director has the following powers and duties:

(1) To design and from time to time revise a reinsurance contract providing coverage to an insurer meeting the requirements of this chapter. Before initially entering into a reinsurance contract, the director shall prepare an actuarial report describing the various reinsurance methods considered by the director and describing each method's costs. In designing the reinsurance contract the director shall consider common insurance industry reinsurance contract provisions and shall design the contract in accordance with the following guidelines:

(a) The contract shall provide coverage to the insurer for the liability risks of owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action that are underwritten by the insurer.

(b) In the event of an insolvency of the insurer, the reinsurance contract shall provide reinsurance payable directly to the insurer or to its liquidator, receiver, or successor on the basis of the liability of the insurer in accordance with the reinsurance contract. In no event may the program be liable for or provide coverage for that portion of any covered loss that is the responsibility of the insurer whether or not the insurer is able to fulfill the responsibility.

(c) The total limit of liability for reinsurance coverage shall not exceed one million dollars per occurrence and two million dollars annual aggregate for each policy underwritten by the insurer less the ultimate net loss retained by the insurer as defined and provided for in the reinsurance contract.

(d) Disputes between the insurer and the insurance program shall be settled through arbitration.

(2) To design and implement a structure of periodic premiums due the director from the insurer that takes full advantage of revenue collections and projected revenue collections to ensure affordable premiums to the insured consistent with sound actuarial principles.

(3) To periodically review premium rates for reinsurance to determine whether revenue appropriations supporting the program can be reduced without substantially increasing the insured's premium costs.

(4) To solicit bids from insurers and select an insurer to provide pollution liability insurance to owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action.

(5) To monitor the activities of the insurer to ensure compliance with this chapter and protect the program from excessive loss exposure resulting from claims mismanagement by the insurer.

(6) To monitor the success of the program and periodically make such reports and recommendations to the legislature as the director deems appropriate, and to annually publish a financial report on the pollution liability insurance program trust account showing, among other things, administrative and other expenses paid from the fund.

(7) To annually report the financial and loss experience of the insurer as to policies issued under the program and the financial and loss experience of the program to the legislature.

(8) To enter into contracts with public and private agencies to assist the director in his or her duties to design, revise, monitor, and evaluate the program and to provide technical or professional assistance to the director.

(9) To examine the affairs, transactions, accounts, records, documents, and assets of insurers as the director deems advisable. [2006 c 276 § 2; 1998 c 245 § 115; 1995 c 12 § 1; 1990 c 64 § 6; 1989 c 383 § 6.]

**Effective date—1995 c 12:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 12, 1995]." [1995 c 12 § 3.]

**70.148.060 Disclosure of reports and information—Penalty. (Expires June 1, 2013.)** (1) All examination and proprietary reports and information obtained by the director and the director's staff in soliciting bids from insurers and in monitoring the insurer selected by the director shall not be made public or otherwise disclosed to any person, firm, corporation, agency, association, governmental body, or other entity.

(2) Subsection (1) of this section notwithstanding, the director may furnish all or part of examination reports prepared by the director or by any person, firm, corporation, association, or other entity preparing the reports on behalf of the director to:

(a) The Washington state insurance commissioner;

(b) A person or organization officially connected with the insurer as officer, director, attorney, auditor, or independent attorney or independent auditor; and

(c) The attorney general in his or her role as legal advisor to the director.

(3) Subsection (1) of this section notwithstanding, the director may furnish all or part of the examination or proprietary reports or information obtained by the director to:

- (a) The Washington state insurance commissioner; and
- (b) A person, firm, corporation, association, governmental body, or other entity with whom the director has contracted for services necessary to perform his or her official duties.

(4) Examination reports and proprietary information obtained by the director and the director's staff are not subject to public disclosure under chapter 42.56 RCW.

(5) A person who violates any provision of this section is guilty of a gross misdemeanor. [2005 c 274 § 341; 1990 c 64 § 7; 1989 c 383 § 7.]

**Part headings not law—Effective date—2005 c 274:** See RCW 42.56.901 and 42.56.902.

**70.148.070 Insurer selection process and criteria. (Expires June 1, 2013.)** (1) In selecting an insurer to provide pollution liability insurance coverage to owners and operators of underground storage tanks, the director shall evaluate bids based upon criteria established by the director that shall include:

- (a) The insurer's ability to underwrite pollution liability insurance;
- (b) The insurer's ability to settle pollution liability claims quickly and efficiently;
- (c) The insurer's estimate of underwriting and claims adjustment expenses;
- (d) The insurer's estimate of premium rates for providing coverage;
- (e) The insurer's ability to manage and invest premiums; and
- (f) The insurer's ability to provide risk management guidance to insureds.

The director shall select the bidder most qualified to provide insurance consistent with this chapter and need not select the bidder submitting the least expensive bid. The director may consider bids by groups of insurers and management companies who propose to act in concert in providing coverage and who otherwise meet the requirements of this chapter.

(2) The successful bidder shall agree to provide liability insurance coverage to owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action consistent with the following minimum standards:

- (a) The insurer shall provide coverage for defense costs.
- (b) The insurer shall collect a deductible from the insured for corrective action in an amount approved by the director.
- (c) The insurer shall provide coverage for accidental releases in the amount of five hundred thousand dollars per occurrence and one million dollars annual aggregate but no more than one million dollars per occurrence and two million dollars annual aggregate exclusive of defense costs.
- (d) The insurer shall require insurance applicants to meet at least the following underwriting standards before issuing coverage to the applicant:

(i) The applicant must be in compliance with statutes, ordinances, rules, regulations, and orders governing the own-

ership and operation of underground storage tanks as identified by the director by rule; and

(ii) The applicant must exercise adequate underground storage tank risk management as specified by the director by rule.

(e) The insurer may exclude coverage for losses arising before the effective date of coverage, and the director may adopt rules establishing standards for determining whether a loss was incurred before the effective date of coverage.

(f) The insurer may exclude coverage for bodily injury, property damage, and corrective action as permitted by the director by rule.

(g) The insurer shall use a variable rate schedule approved by the director taking into account tank type, tank age, and other factors specified by the director.

(3) The director shall adopt all rules necessary to implement this section. In developing and adopting rules governing rates, deductibles, underwriting standards, and coverage conditions, limitations, and exclusions, the director shall balance the owner and operator's need for coverage with the need to maintain the actuarial integrity of the program, shall take into consideration the economic impact of the discontinued use of a storage tank upon the affected community, and shall consult with the \*standing technical advisory committee established under RCW 70.148.030(3). In developing and adopting rules governing coverage exclusions affecting corrective action, the director shall consult with the Washington state department of ecology.

(4) Notwithstanding the definitions contained in RCW 70.148.010, the director may permit an insurer to use different words or phrases describing the coverage provided under the program. In permitting such deviations from the definitions contained in RCW 70.148.010, the director shall consider the regulations adopted by the United States environmental protection agency requiring financial responsibility by owners and operators of underground petroleum storage tanks.

(5) Owners and operators of underground storage tanks or sites containing underground storage tanks where a preexisting release has been identified or where the owner or operator knows of a preexisting release are eligible for coverage under the program subject to the following conditions:

- (a) The owner or operator must have a plan for proceeding with corrective action; and
- (b) If the owner or operator files a claim with the insurer, the owner or operator has the burden of proving that the claim is not related to a preexisting release until the owner or operator demonstrates to the satisfaction of the director that corrective action has been completed.

(6) When a reinsurance contract has been entered into by the agency and insurance companies, the director shall notify the department of ecology of the letting of the contract. Within thirty days of that notification, the department of ecology shall notify all known owners and operators of petroleum underground storage tanks that appropriate levels of financial responsibility must be established by October 26, 1990, in accordance with federal environmental protection agency requirements, and that insurance under the program is available. All owners and operators of petroleum underground storage tanks must also be notified that declaration of method of financial responsibility or intent to seek to be insured

under the program must be made to the state by November 1, 1990. If the declaration of method of financial responsibility is not made by November 1, 1990, the department of ecology shall, pursuant to chapter 90.76 RCW, prohibit the owner or operator of an underground storage tank from obtaining a tank tag or receiving petroleum products until such time as financial responsibility has been established. [1990 c 64 § 8; 1989 c 383 § 8.]

**\*Reviser's note:** The "standing technical advisory committee" was abolished by 1994 sp.s. c 9 § 805 and in its place the director was given authority to appoint ad hoc technical advisory committees.

**70.148.080 Cancellation or refusal by insurer—Appeal. (Expires June 1, 2013.)** If the insurer cancels or refuses to issue or renew a policy, the affected owner or operator may appeal the insurer's decision to the director. The director shall conduct a brief adjudicative proceeding under chapter 34.05 RCW. [1990 c 64 § 9; 1989 c 383 § 9.]

**70.148.090 Exemptions from Title 48 RCW—Exceptions. (Expires June 1, 2013.)** (1) The activities and operations of the program are exempt from the provisions and requirements of Title 48 RCW and to the extent of their participation in the program, the activities and operations of the insurer selected by the director to provide liability insurance coverage to owners and operators of underground storage tanks are exempt from the requirements of Title 48 RCW except for:

- (a) Chapter 48.03 RCW pertaining to examinations;
- (b) RCW 48.05.250 pertaining to annual reports;
- (c) Chapter 48.12 RCW pertaining to assets and liabilities;
- (d) Chapter 48.13 RCW pertaining to investments;
- (e) Chapter 48.30 RCW pertaining to deceptive, false, or fraudulent acts or practices; and
- (f) Chapter 48.92 RCW pertaining to liability risk retention.

(2) To the extent of their participation in the program, the insurer selected by the director to provide liability insurance coverage to owners and operators of underground storage tanks shall not participate in the Washington insurance guaranty association nor shall the association be liable for coverage provided to owners and operators of underground storage tanks issued in connection with the program. [1990 c 64 § 10; 1989 c 383 § 10.]

**70.148.110 Reservation of legislative power. (Expires June 1, 2013.)** The legislature reserves the right to amend or repeal all or any part of this chapter at any time, and there is no vested right of any kind against such amendment or repeal. All the rights, privileges, or immunities conferred by this chapter or any acts done under it exist subject to the power of the legislature to amend or repeal this chapter at any time. [1989 c 383 § 12.]

**70.148.120 Financial assistance for corrective actions in small communities—Intent. (Expires June 1, 2013.)** The legislature recognizes as a fundamental government purpose the need to protect the environment and human health and safety. To that end the state has enacted laws designed to limit and prevent environmental damage and risk to public

health and safety caused by underground petroleum storage tank leaks. Because of the costs associated with compliance with such laws and the high costs associated with correcting past environmental damage, many owners and operators of underground petroleum storage tanks have discontinued the use of or have planned to discontinue the use of such tanks. As a consequence, isolated communities face the loss of their source of motor vehicle fuel and face the risk that the owner or operator will have insufficient funds to take corrective action for pollution caused by past leaks from the tanks. In particular, rural communities face the risk that essential emergency, medical, fire and police services may be disrupted through the diminution or elimination of local sellers of petroleum products and by the closure of underground storage tanks owned by local government entities serving these communities.

The legislature also recognizes as a fundamental government purpose the need to preserve a minimum level of economic viability in rural communities so that public revenues generated from economic activity are sufficient to sustain necessary governmental functions. The closing of local service stations adversely affects local economies by reducing or eliminating reasonable access to fuel for agricultural, commercial, recreational, and transportation needs.

The legislature intends to assist small communities within this state by authorizing:

(1) Cities, towns, and counties to certify that a local private owner or operator of an underground petroleum storage tank meets a vital local government, public health or safety need thereby qualifying the owner or operator for state financial assistance in complying with environmental regulations and assistance in taking needed corrective action for existing tank leaks; and

(2) Local government entities to obtain state financial assistance to bring local government underground petroleum storage tanks into compliance with environmental regulations and to take needed corrective action for existing tank leaks. [2005 c 428 § 1; 1991 c 4 § 1.]

**Severability—1991 c 4:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 c 4 § 10.]

**70.148.130 Financial assistance—Criteria. (Expires June 1, 2013.)** (1) Subject to the conditions and limitations of RCW 70.148.120 through 70.148.170, the director shall establish and manage a program for providing financial assistance to public and private owners and operators of underground storage tanks who have been certified by the governing body of the county, city, or town in which the tanks are located as meeting a vital local government, public health or safety need. In providing such financial assistance the director shall:

(a) Require owners and operators, including local government owners and operators, to demonstrate serious financial hardship;

(b) Limit assistance to only that amount necessary to supplement applicant financial resources;

(c) Limit assistance to no more than two hundred thousand dollars in value for any one underground storage tank

site of which amount no more than seventy-five thousand dollars in value may be provided for corrective action; and

(d) Whenever practicable, provide assistance through the direct payment of contractors and other professionals for labor, materials, and other services.

(2)(a) Except as otherwise provided in RCW 70.148.120 through 70.148.170, no grant of financial assistance may be used for any purpose other than for corrective action and repair, replacement, reconstruction, and improvement of underground storage tanks and tank sites. If at any time prior to providing financial assistance or in the course of providing such assistance, it appears to the director that corrective action costs may exceed seventy-five thousand dollars, the director may not provide further financial assistance until the owner or operator has developed and implemented a corrective action plan with the department of ecology.

(b) A grant of financial assistance may also be made to an owner or operator that has discontinued using underground petroleum storage tanks due to economic hardship. An owner or operator may receive a grant up to two hundred thousand dollars per retailing location if:

- (i) The property is located in an underserved rural area;
- (ii) The property was previously used by a private owner or operator to provide motor vehicle fuel; and
- (iii) The property is at least ten miles from the nearest motor vehicle fuel service station.

(3) When requests for financial assistance exceed available funds, the director shall give preference to providing assistance first to those underground storage tank sites which constitute the sole source of petroleum products in remote rural communities.

(4) The director shall consult with the department of ecology in approving financial assistance for corrective action to ensure compliance with regulations governing underground petroleum storage tanks and corrective action.

(5) The director shall approve or disapprove applications for financial assistance within sixty days of receipt of a completed application meeting the requirements of RCW 70.148.120 through 70.148.170. The certification by local government of an owner or operator shall not preclude the director from disapproving an application for financial assistance if the director finds that such assistance would not meet the purposes of RCW 70.148.120 through 70.148.170.

(6) The director may adopt all rules necessary to implement the financial assistance program and shall consult with the technical advisory committee established under RCW 70.148.030 in developing such rules and in reviewing applications for financial assistance. [2005 c 428 § 2; 1991 c 4 § 2.]

**Severability—1991 c 4:** See note following RCW 70.148.120.

**70.148.140 Financial assistance—Private owner or operator. (Expires June 1, 2013.)** (1) To qualify for financial assistance, a private owner or operator retailing petroleum products to the public must:

(a) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(b) If the director makes a preliminary determination of possible eligibility for financial assistance, apply to the

appropriate governing body of the city or town in which the tanks are located or in the case where the tanks are located outside of the jurisdiction of a city or town, then to the appropriate governing body of the county in which the tanks are located, for a determination by the governing body of the city, town, or county that the continued operation of the tanks meets a vital local government, or public health or safety need; and

(c) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided.

(2) In consideration for financial assistance and prior to receiving such assistance the owner and operator must enter into an agreement with the state whereby the owner and operator agree:

(a) To sell petroleum products to the public;

(b) To maintain the tank site for use in the retail sale of petroleum products for a period of not less than fifteen years from the date of agreement;

(c) To sell petroleum products to local government entities within the affected community on a cost-plus basis periodically negotiated between the owner and operator and the city, town, or county in which the tanks are located; and

(d) To maintain compliance with state underground storage tank financial responsibility and environmental regulations.

(3) The agreement shall be filed as a real property lien against the tank site with the county auditor [of the county] in which the tanks are located. If the owner or operator transfers his or her interest in such property, the new owner or operator must agree to abide by the agreement or any financial assistance provided under RCW 70.148.120 through 70.148.170 shall be immediately repaid to the state by the owner or operator who received such assistance.

(4) As determined by the director, if an owner or operator materially breaches the agreement, any financial assistance provided shall be immediately repaid by such owner or operator.

(5) The agreement between an owner and operator and the state required under this section shall expire fifteen years from the date of entering into the agreement. [1991 c 4 § 3.]

**Severability—1991 c 4:** See note following RCW 70.148.120.

**70.148.150 Financial assistance—Public owner or operator. (Expires June 1, 2013.)** (1) To qualify for financial assistance, a public owner or operator must:

(a) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(b) Provide to the director a copy of the resolution by the governing body of the city, town, or county having jurisdiction, finding that the continued operation of the tanks is necessary to maintain vital local public health, education, or safety needs;

(c) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided.

(2) The director shall give priority to and shall encourage local government entities to consolidate multiple operational underground storage tank sites into as few sites as possible.

For this purpose, the director may provide financial assistance for the establishment of a new local government underground storage tank site contingent upon the closure of other operational sites in accordance with environmental regulations. Within the per site financial limits imposed under RCW 70.148.120 through 70.148.170, the director may authorize financial assistance for the closure of operational sites when closure is for the purpose of consolidation. [1991 c 4 § 4.]

**Severability—1991 c 4:** See note following RCW 70.148.120.

**70.148.160 Financial assistance—Rural hospitals. (Expires June 1, 2013.)** To qualify for financial assistance, a rural hospital as defined in \*RCW 18.89.020, owning or operating an underground storage tank must:

(1) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(2) Apply to the governing body of the city, town, or county in which the hospital is located for certification that the continued operation of the tank or tanks is necessary to maintain vital local public health or safety needs;

(3) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided; and

(4) Agree to provide charity care as defined in \*\*RCW 70.39.020 in an amount of equivalent value to the financial assistance provided under RCW 70.148.120 through 70.148.170. The director shall consult with the department of health to monitor and determine the time period over which such care should be expected to be provided in the local community. [1991 c 4 § 5.]

**Reviser's note:** \*(1) RCW 18.89.020 was amended by 1997 c 334 § 3, deleting the definition of "rural hospital."

\*\*\*(2) RCW 70.39.020 was repealed by 1982 c 223 § 10, effective June 30, 1990.

**Severability—1991 c 4:** See note following RCW 70.148.120.

**70.148.170 Certification. (Expires June 1, 2013.)** (1) The director shall develop and distribute to appropriate cities, towns, and counties a form for use by the local government in making the certification required for all private owner and operator financial assistance along with instructions on the use of such form.

(2) In certifying a private owner or operator retailing petroleum products to the public as meeting vital local government, public health or safety needs, the local government shall:

(a) Consider and find that other retail suppliers of petroleum products are located remote from the local community;

(b) Consider and find that the owner or operator requesting certification is capable of faithfully fulfilling the agreement required for financial assistance;

(c) Designate the local government official who will be responsible for negotiating the price of petroleum products to be sold on a cost-plus basis to the local government entities in the affected communities and the entities eligible to receive petroleum products at such price; and

(d) State the vital need or needs that the owner or operator meets.

(2008 Ed.)

(3) In certifying a hospital as meeting local public health and safety needs the local government shall:

(a) Consider and find that the continued use of the underground storage tank by the hospital is necessary; and

(b) Consider and find that the hospital provides health care services to the poor and otherwise provides charity care.

(4) The director shall notify the governing body of the city, town, or county providing certification when financial assistance for a private owner or operator has been approved. [1991 c 4 § 6.]

**Severability—1991 c 4:** See note following RCW 70.148.120.

**70.148.900 Expiration of chapter.** This chapter shall expire June 1, 2013. [2006 c 276 § 3; 2000 c 16 § 1; 1995 c 12 § 2; 1989 c 383 § 13.]

**70.149.010 Intent—Findings. (Expires June 1, 2013.)** It is the intent of the legislature to establish a temporary regulatory program to assist owners and operators of heating oil tanks. The legislature finds that it is in the best interests of all citizens for heating oil tanks to be operated safely and for tank leaks or spills to be dealt with expeditiously. The legislature further finds that it is necessary to protect tank owners from the financial hardship related to damaged heating oil tanks. The problem is especially acute because owners and operators of heating oil tanks used for space heating have been unable to obtain pollution liability insurance or insurance has been unaffordable. [1995 c 20 § 1.]

**70.149.020 Short title. (Expires June 1, 2013.)** This chapter may be known and cited as the Washington state heating oil pollution liability protection act. [1995 c 20 § 2.]

**70.149.030 Definitions. (Expires June 1, 2013.)** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Accidental release" means a sudden or nonsudden release of heating oil, occurring after July 23, 1995, from operating a heating oil tank that results in bodily injury, property damage, or a need for corrective action, neither expected nor intended by the owner or operator.

(2) "Bodily injury" means bodily injury, sickness, or disease sustained by a person, including death at any time, resulting from the injury, sickness, or disease.

(3)(a) "Corrective action" means those actions reasonably required to be undertaken by the insured to remove, treat, neutralize, contain, or clean up an accidental release in order to comply with a statute, ordinance, rule, regulation, directive, order, or similar legal requirement, in effect at the time of an accidental release, of the United States, the state of Washington, or a political subdivision of the United States or the state of Washington. "Corrective action" includes, where agreed to in writing, in advance by the insurer, action to remove, treat, neutralize, contain, or clean up an accidental release to avert, reduce, or eliminate the liability of the insured for corrective action, bodily injury, or property damage. "Corrective action" also includes actions reasonably necessary to monitor, assess, and evaluate an accidental release.

(b) "Corrective action" does not include:

(i) Replacement or repair of heating oil tanks or other receptacles; or

(ii) Replacement or repair of piping, connections, and valves of tanks or other receptacles.

(4) "Defense costs" include the costs of legal representation, expert fees, and related costs and expenses incurred in defending against claims or actions brought by or on behalf of:

(a) The United States, the state of Washington, or a political subdivision of the United States or state of Washington to require corrective action or to recover costs of corrective action; or

(b) A third party for bodily injury or property damage caused by an accidental release.

(5) "Director" means the director of the Washington state pollution liability insurance agency or the director's appointed representative.

(6) "Heating oil" means any petroleum product used for space heating in oil-fired furnaces, heaters, and boilers, including stove oil, diesel fuel, or kerosene. "Heating oil" does not include petroleum products used as fuels in motor vehicles, marine vessels, trains, buses, aircraft, or any off-highway equipment not used for space heating, or for industrial processing or the generation of electrical energy.

(7) "Heating oil tank" means a tank and its connecting pipes, whether above or below ground, or in a basement, with pipes connected to the tank for space heating of human living or working space on the premises where the tank is located. "Heating oil tank" does not include a decommissioned or abandoned heating oil tank, or a tank used solely for industrial process heating purposes or generation of electrical energy.

(8) "Occurrence" means an accident, including continuous or repeated exposure to conditions, that results in a release from a heating oil tank.

(9) "Owner or operator" means a person in control of, or having responsibility for, the daily operation of a heating oil tank.

(10) "Pollution liability insurance agency" means the Washington state pollution liability insurance agency.

(11) "Property damage" means:

(a) Physical injury to, destruction of, or contamination of tangible property, including the loss of use of the property resulting from the injury, destruction, or contamination; or

(b) Loss of use of tangible property that has not been physically injured, destroyed, or contaminated but has been evacuated, withdrawn from use, or rendered inaccessible because of an accidental release.

(12) "Release" means a spill, leak, emission, escape, or leaching into the environment.

(13) "Remedial action costs" means reasonable costs that are attributable to or associated with a remedial action.

(14) "Tank" means a stationary device, designed to contain an accumulation of heating oil, that is constructed primarily of nonearthen materials such as concrete, steel, fiberglass, or plastic that provides structural support.

(15) "Third-party liability" means the liability of a heating oil tank owner to another person due to property damage or personal injury that results from a leak or spill. [1995 c 20 § 3.]

**70.149.040 Duties of director. (Expires June 1, 2013.)**

The director shall:

(1) Design a program, consistent with RCW 70.149.120, for providing pollution liability insurance for heating oil tanks that provides up to sixty thousand dollars per occurrence coverage and aggregate limits, and protects the state of Washington from unwanted or unanticipated liability for accidental release claims;

(2) Administer, implement, and enforce the provisions of this chapter. To assist in administration of the program, the director is authorized to appoint up to two employees who are exempt from the civil service law, chapter 41.06 RCW, and who shall serve at the pleasure of the director;

(3) Administer the heating oil pollution liability trust account, as established under RCW 70.149.070;

(4) Employ and discharge, at his or her discretion, agents, attorneys, consultants, companies, organizations, and employees as deemed necessary, and to prescribe their duties and powers, and fix their compensation;

(5) Adopt rules under chapter 34.05 RCW as necessary to carry out the provisions of this chapter;

(6) Design and from time to time revise a reinsurance contract providing coverage to an insurer or insurers meeting the requirements of this chapter. The director is authorized to provide reinsurance through the pollution liability insurance program trust account;

(7) Solicit bids from insurers and select an insurer to provide pollution liability insurance for third-party bodily injury and property damage, and corrective action to owners and operators of heating oil tanks;

(8) Register, and design a means of accounting for, operating heating oil tanks;

(9) Implement a program to provide advice and technical assistance to owners and operators of active and abandoned heating oil tanks if contamination from an active or abandoned heating oil tank is suspected. Advice and assistance regarding administrative and technical requirements may include observation of testing or site assessment and review

of the results of reports. If the director finds that contamination is not present or that the contamination is apparently minor and not a threat to human health or the environment, the director may provide written opinions and conclusions on the results of the investigation to owners and operators of active and abandoned heating oil tanks. The agency is authorized to collect, from persons requesting advice and assistance, the costs incurred by the agency in providing such advice and assistance. The costs may include travel costs and expenses associated with review of reports and preparation of written opinions and conclusions. Funds from cost reimbursement must be deposited in the heating oil pollution liability trust account. The state of Washington, the pollution liability insurance agency, and its officers and employees are immune from all liability, and no cause of action arises from any act or omission in providing, or failing to provide, such advice, opinion, conclusion, or assistance;

(10) Establish a public information program to provide information regarding liability, technical, and environmental requirements associated with active and abandoned heating oil tanks;

(11) Monitor agency expenditures and seek to minimize costs and maximize benefits to ensure responsible financial stewardship;

(12) Create an advisory committee of stakeholders to advise the director on all aspects of program operations and fees authorized by this chapter, including pollution prevention programs. The advisory committee must have one member each from the Pacific Northwest oil heat council, the Washington oil marketers association, the western states petroleum association, and the department of ecology and three members from among the owners of home heating oil tanks registered with the pollution liability insurance agency who are generally representative of the geographical distribution and types of registered owners. The committee should meet at least quarterly, or more frequently at the discretion of the director; and

(13) Study if appropriate user fees to supplement program funding are necessary and develop recommendations for legislation to authorize such fees. [2007 c 240 § 1; 2004 c 203 § 1; 1997 c 8 § 1; 1995 c 20 § 4.]

**Application—2007 c 240:** See note following RCW 70.149.120.

**70.149.050 Selection of insurer to provide pollution liability insurance—Eligibility for coverage. (Expires June 1, 2013.)** (1) In selecting an insurer to provide pollution liability insurance coverage to owners and operators of heating oil tanks used for space heating, the director shall evaluate bids based upon criteria established by the director that shall include:

(a) The insurer's ability to underwrite pollution liability insurance;

(b) The insurer's ability to settle pollution liability claims quickly and efficiently;

(c) The insurer's estimate of underwriting and claims adjustment expenses;

(d) The insurer's estimate of premium rates for providing coverage;

(e) The insurer's ability to manage and invest premiums; and

(2008 Ed.)

(f) The insurer's ability to provide risk management guidance to insureds.

(2) The director shall select the bidder most qualified to provide insurance consistent with this chapter and need not select the bidder submitting the least expensive bid. The director may consider bids by groups of insurers and management companies who propose to act in concert in providing coverage and who otherwise meet the requirements of this chapter.

(3) Owners and operators of heating oil tanks, or sites containing heating oil tanks where a preexisting release has been identified or where the owner or operator knows of a preexisting release are eligible for coverage under the program subject to the following conditions:

(a) The owner or operator must have a plan for proceeding with corrective action; and

(b) If the owner or operator files a claim with the insurer, the owner or operator has the burden of proving that the claim is not related to a preexisting release until the owner or operator demonstrates to the satisfaction of the director that corrective action has been completed. [1995 c 20 § 5.]

**70.149.060 Exemptions from Title 48 RCW—Exceptions. (Expires June 1, 2013.)** (1) The activities and operations of the program are exempt from the provisions and requirements of Title 48 RCW and to the extent of their participation in the program, the activities and operations of the insurer selected by the director to provide liability insurance coverage to owners and operators of heating oil tanks are exempt from the requirements of Title 48 RCW except for:

All receipts from the pollution liability insurance fee collected under RCW 70.149.080 and reinsurance premiums shall be deposited into the account. Expenditures from the account may be used only for the purposes set out under this chapter. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. Any residue in the account in excess of funds needed to meet administrative costs for January of the following year shall be transferred

the end of the calendar year to the pollution liability insurance program trust account.

(2) Money in the account may be used by the director for the following purposes:

- (a) Corrective action costs;
- (b) Third-party liability claims;
- (c) Costs associated with claims administration;

It is the intent of the legislature that public bodies be authorized to provide service from water pollution control facilities by means of service agreements with public or private parties as provided in this chapter. [1986 c 244 § 1.]

**70.150.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Water pollution control facilities" or "facilities" means any facilities, systems, or subsystems owned or operated by a public body, or owned or operated by any person or entity for the purpose of providing service to a public body, for the control, collection, storage, treatment, disposal, or recycling of wastewater, including but not limited to sanitary sewage, storm water, residential wastes, commercial wastes, industrial wastes, and agricultural wastes, that are causing or threatening the degradation of subterranean or surface bodies of water due to concentrations of conventional, nonconventional, or toxic pollutants. Water pollution control facilities do not include dams or water supply systems.

(2) "Public body" means the state of Washington or any agency, county, city or town, political subdivision, municipal corporation, or quasi-municipal corporation.

(3) "Water pollution" means such contamination, or other alteration of the physical, chemical, or biological properties of any surface or subterranean waters of the state, including change in temperature, taste, color, turbidity, or odor of the waters, or such discharge of any liquid, gaseous, solid, radioactive, or other substance into any waters of the state as will or is likely to create a nuisance or render such waters harmful, detrimental, or injurious to the public health, safety, or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate beneficial uses, or to livestock, wild animals, birds, fish, or other aquatic life.

(4) "Agreement" means any agreement to which a public body and a service provider are parties by which the service provider agrees to deliver service to such public body in connection with its design, financing, construction, ownership, operation, or maintenance of water pollution control facilities in accordance with this chapter.

(5) "Service provider" means any privately owned or publicly owned profit or nonprofit corporation, partnership, joint venture, association, or other person or entity that is legally capable of contracting for and providing service with respect to the design, financing, ownership, construction, operation, or maintenance of water pollution control facilities in accordance with this chapter. [1986 c 244 § 2.]

**70.150.030 Agreements with service providers—Contents—Sources of funds for periodic payments under agreements.** (1) Public bodies may enter into agreements with service providers for the furnishing of service in connection with water pollution control facilities pursuant to the process set forth in RCW 70.150.040. The agreements may

provide that a public body pay a minimum periodic fee in consideration of the service actually available without regard to the amount of service actually used during all or any part of the contractual period. Agreements may be for a term not to exceed forty years or the life of the facility, whichever is longer, and may be renewable.

(2) The source of funds to meet periodic payment obligations assumed by a public body pursuant to an agreement permitted under this section may be paid from taxes, or solely from user fees, charges, or other revenues pledged to the payment of the periodic obligations, or any of these sources. [1986 c 244 § 3.]

**70.150.040 Service agreements and related agreements—Procedural requirements.** The legislative authority of a public body may secure services by means of an agreement with a service provider. Such an agreement may obligate a service provider to perform one or more of the following services: Design, finance, construct, own, operate, or maintain water pollution control facilities by which services are provided to the public body. Service agreements and related agreements under this chapter shall be entered into in accordance with the following procedure:

(1) The legislative authority of the public body shall publish notice that it is seeking to secure certain specified services by means of entering into an agreement with a service provider. The notice shall be published in the official newspaper of the public body, or if there is no official newspaper then in a newspaper in general circulation within the boundaries of the public body, at least once each week for two consecutive weeks. The final notice shall appear not less than thirty days before the date for submission of proposals. The notice shall state (a) the nature of the services needed, (b) the location in the public body's offices where the requirements and standards for construction, operation, or maintenance of projects needed as part of the services are available for inspection, and (c) the final date for the submission of proposals. The legislative authority may undertake a prequalification process by the same procedure set forth in this subsection.

(2) The request for proposals shall (a) indicate the time and place responses are due, (b) include evaluation criteria to be considered in selecting a service provider, (c) specify minimum requirements or other limitations applying to selection, (d) insofar as practicable, set forth terms and provisions to be included in the service agreement, and (e) require the service provider to demonstrate in its proposal to the public body's satisfaction that it is in the public interest to enter into the service agreement and that the service agreement is financially sound and advantageous to the public body from the standpoint of annual costs, quality of services, experience of the provider, reduction of risk, and other factors.

(3) The criteria set forth in the request for proposals shall be those determined to be relevant by the legislative authority of the public body, which may include but shall not be limited to: The respondent's prior experience, including design, construction, or operation of other similar facilities; respondent's management capability, schedule availability, and financial resources; cost of the service; nature of facility design proposed by respondents; system reliability; performance standards required for the facilities; compatibility with existing

service facilities operated by the public body or other providers of service to the public body; project performance warranties; penalty and other enforcement provisions; environmental protection measures to be used; and allocation of project risks. The legislative authority may designate persons or entities within or outside the public body (a) to assist it in issuing the request for proposals to ensure that proposals will be responsive to its needs, and (b) to assist it in evaluating the proposals received.

(4) After proposals under subsections (1) through (3) of this section have been received, the legislative authority or its designee shall determine, on the basis of its review of the proposals, whether one or more proposals have been received from respondents which are (a) determined to be qualified to provide the requested services, and (b) responsive to the notice and evaluation criteria, which shall include, but not be limited to, cost of services. These chosen respondents may, at the discretion of the public body, be aggregated into a short list of qualified respondents, who shall be referred to as the selected respondents in this section. The legislative authority or its designee shall conduct a bidder's conference to include all these selected respondents to assure a full understanding of the proposals. The bidder's conference shall make these selected respondents aware of any changes in the request for proposal. Any information related to revisions in the request for proposal shall be made available to all these selected respondents. Any selected respondent shall be accorded a reasonable opportunity for revision of its proposal prior to commencement of the negotiation provided in subsection (5) of this section, for the purpose of obtaining best and final proposals.

(5) After such conference is held, the legislative authority or its designee may negotiate with the selected respondent whose proposal it determines to be the most advantageous to the public body, considering the criteria set forth in the request for proposals. If negotiations are conducted by the designee, the legislative authority shall continue to oversee the negotiations and provide direction to its designee. If the negotiation is unsuccessful, the legislative authority may commence negotiations with any other selected respondent. On completion of this process, and after the department of ecology review and comments as provided for in subsection (9) of this section, and after public hearing as provided for in subsection (10) of this section, the legislative authority may approve a contract with its chosen respondent.

(6) Any person aggrieved by the legislative authority's approval of a contract may appeal the determination to an appeals board selected by the public body, which shall consist of not less than three persons determined by the legislative authority to be qualified for such purposes. Such board shall promptly hear and determine whether the public body entered into the agreement in accordance with this chapter and other applicable law. The board shall have the power only to affirm or void the agreement.

(7) Notwithstanding the foregoing, where contracting for design services by the public body is done separately from contracting for other services permitted under this chapter, the contracting for design services shall be done in accordance with chapter 39.80 RCW.

(8) If a public body elects to enter into an agreement whereby the service provider will own all or a portion of the

water pollution control facilities it constructs, the service agreement shall include provision for an option by which a public body may acquire at fair market value facilities dedicated to such service.

(9) Before any service agreement is entered into by the public body, it shall be reviewed by the department of ecology to ensure consistency with the purposes of chapters 90.46 and 90.48 RCW.

The department of ecology has thirty days from receipt of the proposed service agreement to complete its review and provide the public body with comments. A review under this section is not intended to replace any additional permitting or regulatory reviews and approvals that may be required under other applicable laws.

(10) Prior to entering into any service agreement under this chapter, the public body must have made written findings, after holding a public hearing on the proposal, that it is in the public interest to enter into the service agreement and that the service agreement is financially sound and advantageous compared to other methods.

(11) Each service agreement shall include project performance bonds or other security by the service provider which in the judgment of the public body is sufficient to secure adequate performance by the service provider. [2005 c 469 § 1; 1989 c 175 § 136; 1986 c 244 § 4.]

**Effective date—1989 c 175:** See note following RCW 34.05.010.

The property sold or leased shall be used by the provider, directly or indirectly, in providing services to the public body. Such use may include demolition, modification, or other use of the property as may be necessary to execute the purposes of the service agreement. [1986 c 244 § 5.]

**70.150.060 Public body eligible for grants or loans—Use of grants or loans.** A public body that enters into a service agreement pursuant to this chapter, under which a facility is owned wholly or partly by a service provider, shall be eligible for grants or loans to the extent permitted by law or regulation as if the entire portion of the facility dedicated to service to such public body were publicly owned. The grants or loans shall be made to and shall inure to the benefit of the public body and not the service provider. Such grants or loans shall be used by the public body for all or part of its ownership interest in the facility, and/or to defray a part of the payments it makes to the service provider under a service agreement if such uses are permitted under the grant or loan program. [1986 c 244 § 6.]

**70.150.070 RCW 70.150.030 through 70.150.060 to be additional method of providing services.** RCW 70.150.030 through 70.150.060 shall be deemed to provide an additional method for the provision of services from and in connection with facilities and shall be regarded as supple-

mental and additional to powers conferred by other state laws and by federal laws. [2007 c 494 § 505; 2005 c 469 § 2; 1986 c 244 § 7.]

**Part headings and captions not law—Effective dates—Severability—2007 c 494:** See RCW 39.10.903 through 39.10.905.

(2) Subsection (1) of this section shall not be construed to apply to agreements or actions by persons or entities which are not undertaken pursuant to this chapter.

(3) Except for RCW 39.04.175, this chapter shall not be construed as a limitation or restriction on the application of Title 39 RCW to public bodies.

(4) Prevailing wages shall be established as the prevailing wage in the largest city of the county in which facilities are built. [1986 c 244 § 8.]

**\*Reviser's note:** Chapter 39.25 RCW was repealed by 1994 c 138 § 2.

**70.150.900 Short title.** This chapter may be cited as the water quality joint development act. [1986 c 244 § 9.]

**70.150.905 Severability—1986 c 244.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1986 c 244 § 18.]

**70.155.005 Finding.** The legislature finds that while present state law prohibits the sale and distribution of tobacco to minors, youth obtain tobacco products with ease. Availability and lack of enforcement put tobacco products in the hands of youth.

Federal law requires states to enforce laws prohibiting sale and distribution of tobacco products to minors in a manner that can reasonably be expected to reduce the extent to which the products are available to minors. It is imperative to

effectively reduce the sale, distribution, and availability of tobacco products to minors. [1993 c 507 § 1.]

*Minors and tobacco:* RCW 26.28.080.

*Taxation:* Chapters 82.24 and 82.26 RCW.

*Tobacco on school grounds:* RCW 28A.210.310.

**70.155.010 Definitions.** The definitions set forth in RCW 82.24.010 shall apply to RCW 70.155.020 through 70.155.130. In addition, for the purposes of this chapter, unless otherwise required by the context:

(1) "Board" means the Washington state liquor control board.

(2) "Delivery sale" means any sale of cigarettes to a consumer in the state where either: (a) The purchaser submits an order for a sale by means of a telephonic or other method of voice transmission, mail delivery, any other delivery service, or the internet or other online service; or (b) the cigarettes are delivered by use of mail delivery or any other delivery service. A sale of cigarettes shall be a delivery sale regardless of whether the seller is located within or without the state. A sale of cigarettes not for personal consumption to a person who is a wholesaler licensed pursuant to chapter 82.24 RCW or a retailer pursuant to chapter 82.24 RCW is not a delivery sale.

(3) "Delivery service" means any private carrier engaged in the commercial delivery of letters, packages, or other containers that requires the recipient of that letter, package, or container to sign to accept delivery.

(4) "Minor" refers to an individual who is less than eighteen years old.

(5) "Sample" means a tobacco product distributed to members of the general public at no cost or at nominal cost for product promotion purposes.

(6) "Sampling" means the distribution of samples to members of the public.

(7) "Shipping container" means a container in which cigarettes are shipped in connection with a delivery sale.

(8) "Shipping documents" means bills of lading, airbills, or any other documents used to evidence the undertaking by a delivery service to deliver letters, packages, or other containers.

(9) "Tobacco product" means a product that contains tobacco and is intended for human use, including any product defined in RCW 82.24.010(2) or 82.26.010(1). [2006 c 14 § 2; 2003 c 113 § 1; 1993 c 507 § 2.]

**Reviser's note:** In an order on motion for reconsideration and request for stay pending appeal dated September 25, 2006, the United States District Court for the Western District ruled that chapter 14, Laws of 2006 is preempted by the Federal Cigarette Labeling and Advertising Act, 15 U.S.C. Sec. 1334(b) only in application of the law to cigarette sampling. (Case No. C06-5223, W.D. Wash. 2006.)

**Finding—Intent—2006 c 14:** See note following RCW 70.155.050.

**70.155.020 Cigarette wholesaler or retailer licensee duties—Prohibition sign to be posted.** A person who holds a license issued under RCW 82.24.520 or 82.24.530 shall:

(1) Display the license or a copy in a prominent location at the outlet for which the license is issued; and

(2) Display a sign concerning the prohibition of tobacco sales to minors.

Such sign shall:

(a) Be posted so that it is clearly visible to anyone purchasing tobacco products from the licensee;

(b) Be designed and produced by the department of health to read: "THE SALE OF TOBACCO PRODUCTS TO PERSONS UNDER AGE 18 IS STRICTLY PROHIBITED BY STATE LAW. IF YOU ARE UNDER 18, YOU COULD BE PENALIZED FOR PURCHASING A TOBACCO PRODUCT; PHOTO ID REQUIRED"; and

(c) Be provided free of charge by the liquor control board. [1993 c 507 § 3.]

**70.155.030 Cigarette machine location.** No person shall sell or permit to be sold any tobacco product through any device that mechanically dispenses tobacco products unless the device is located fully within premises from which minors are prohibited or in industrial worksites where minors are not employed and not less than ten feet from all entrance or exit ways to and from each premise. The board shall adopt rules that allow an exception to the requirement that a device be located not less than ten feet from all entrance or exit ways to and from a premise if it is architecturally impractical for the device to be located not less than ten feet from all entrance and exit ways. [1994 c 202 § 1; 1993 c 507 § 4.]

**70.155.040 Cigarettes must be sold in original package—Exception.** No person shall sell or permit to be sold cigarettes not in the original unopened package or container to which the stamps required by RCW 82.24.060 have been affixed.

This section does not apply to the sale of loose leaf tobacco by a retail business that generates a minimum of sixty percent of annual gross sales from the sale of tobacco products. [1993 c 507 § 5.]

**70.155.050 Sampling prohibited—Penalty.** (1) No person may engage in the business of sampling tobacco products.

(2) A violation of this section is a misdemeanor. [2006 c 14 § 3; 1993 c 507 § 6.]

**Reviser's note:** In an order on motion for reconsideration and request for stay pending appeal dated September 25, 2006, the United States District Court for the Western District ruled that chapter 14, Laws of 2006 is preempted by the Federal Cigarette Labeling and Advertising Act, 15 U.S.C. Sec. 1334(b) only in application of the law to cigarette sampling. (Case No. C06-5223, W.D. Wash. 2006.)

**Finding—Intent—2006 c 14:** "The legislature recognizes that tobacco use among children is a serious and preventable health problem. Every day sixty-five more children in Washington state become smokers, and every year more than eight thousand two hundred state residents die from tobacco-related illnesses. The legislature further finds that tobacco samples contribute to children's access to tobacco products by providing a no-cost initiation that encourages minors to experiment with nicotine at early ages. Sampling activity often occurs in venues frequented by minors, and tobacco samples are distributed along with other promotional items that contain tobacco brand logos, thus increasing the appeal of the tobacco products as well as the chances that children will obtain them. Sampling events in this state have increased twenty-fold over the past nine years, and nationwide, tobacco industry spending on samples has increased significantly. It is therefore the intent of the legislature to protect minors from the influence of tobacco sampling by eliminating the distribution of samples in this state." [2006 c 14 § 1.]

**70.155.070 Coupons.** No person shall give or distribute cigarettes or other tobacco products to a person by a coupon

if such coupon is redeemed in any manner that does not require an in-person transaction in a retail store. [1993 c 507 § 8.]

**70.155.080 Purchasing, possessing by persons under eighteen—Civil infraction—Jurisdiction.** (1) A person under the age of eighteen who purchases or attempts to purchase, possesses, or obtains or attempts to obtain cigarettes or tobacco products commits a class 3 civil infraction under chapter 7.80 RCW and is subject to a fine as set out in chapter 7.80 RCW or participation in up to four hours of community restitution, or both. The court may also require participation in a smoking cessation program. This provision does not apply if a person under the age of eighteen, with parental authorization, is participating in a controlled purchase as part of a liquor control board, law enforcement, or local health department activity.

(2) Municipal and district courts within the state have jurisdiction for enforcement of this section. [2002 c 175 § 47; 1998 c 133 § 2; 1993 c 507 § 9.]

**Effective date—2002 c 175:** See note following RCW 7.80.130.

**Finding—Intent—1998 c 133:** "The legislature finds that the protection of adolescents' health requires a strong set of comprehensive health and law enforcement interventions. We know that youth are deterred from using alcohol in public because of existing laws making possession illegal. However, while the purchase of tobacco by youth is clearly prohibited, the possession of tobacco is not. It is the legislature's intent that youth hear consistent messages from public entities, including law enforcement, about public opposition to their illegal use of tobacco products." [1998 c 133 § 1.]

**70.155.090 Age identification requirement.** (1) Where there may be a question of a person's right to purchase or obtain tobacco products by reason of age, the retailer or agent thereof, shall require the purchaser to present any one of the following officially issued identification that shows the purchaser's age and bears his or her signature and photograph: (a) Liquor control authority card of identification of a state or province of Canada; (b) driver's license, instruction permit, or identification card of a state or province of Canada; (c) "identocard" issued by the Washington state department of licensing under chapter 46.20 RCW; (d) United States military identification; (e) passport; (f) enrollment card, issued by the governing authority of a federally recognized Indian tribe located in Washington, that incorporates security features comparable to those implemented by the department of licensing for Washington drivers' licenses. At least ninety days prior to implementation of an enrollment card under this subsection, the appropriate tribal authority shall give notice to the board. The board shall publish and communicate to licensees regarding the implementation of each new enrollment card; or (g) merchant marine identification card issued by the United States coast guard.

(2) It is a defense to a prosecution under RCW 26.28.080 that the person making a sale reasonably relied on any of the officially issued identification as defined in subsection (1) of this section. The liquor control board shall waive the suspension or revocation of a license if the licensee clearly establishes that he or she acted in good faith to prevent violations and a violation occurred despite the licensee's exercise of due diligence. [2006 c 14 § 4; 2005 c 206 § 2; 1993 c 507 § 10.]

**Reviser's note:** In an order on motion for reconsideration and request for stay pending appeal dated September 25, 2006, the United States District

Court for the Western District ruled that chapter 14, Laws of 2006 is preempted by the Federal Cigarette Labeling and Advertising Act, 15 U.S.C. Sec. 1334(b) only in application of the law to cigarette sampling. (Case No. C06-5223, W.D. Wash. 2006.)

**Finding—Intent—2006 c 14:** See note following RCW 70.155.050.

**70.155.100 Penalties, sanctions, and actions against licensees.** (1) The liquor control board may suspend or revoke a retailer's license issued under RCW 82.24.510(1)(b) held by a business at any location, or may impose a monetary penalty as set forth in subsection (2) of this section, if the liquor control board finds that the licensee has violated RCW 26.28.080, 70.155.020, 70.155.030, 70.155.040, 70.155.050, 70.155.070, or 70.155.090.

(2) The sanctions that the liquor control board may impose against a person licensed under RCW 82.24.530 based upon one or more findings under subsection (1) of this section may not exceed the following:

(a) For violation of RCW 26.28.080 or 70.155.020:

(i) A monetary penalty of one hundred dollars for the first violation within any two-year period;

(ii) A monetary penalty of three hundred dollars for the second violation within any two-year period;

(iii) A monetary penalty of one thousand dollars and suspension of the license for a period of six months for the third violation within any two-year period;

(iv) A monetary penalty of one thousand five hundred dollars and suspension of the license for a period of twelve months for the fourth violation within any two-year period;

(v) Revocation of the license with no possibility of reinstatement for a period of five years for the fifth or more violation within any two-year period;

(b) For violations of RCW 70.155.030, a monetary penalty in the amount of one hundred dollars for each day upon which such violation occurred;

(c) For violations of RCW 70.155.040 occurring on the licensed premises:

(i) A monetary penalty of one hundred dollars for the first violation within any two-year period;

(ii) A monetary penalty of three hundred dollars for the second violation within any two-year period;

(iii) A monetary penalty of one thousand dollars and suspension of the license for a period of six months for the third violation within any two-year period;

(iv) A monetary penalty of one thousand five hundred dollars and suspension of the license for a period of twelve months for the fourth violation within any two-year period;

(v) Revocation of the license with no possibility of reinstatement for a period of five years for the fifth or more violation within any two-year period;

(d) For violations of RCW 70.155.050, a monetary penalty in the amount of three hundred dollars for each violation;

(e) For violations of RCW 70.155.070, a monetary penalty in the amount of one thousand dollars for each violation.

(3) The liquor control board may impose a monetary penalty upon any person other than a licensed cigarette retailer if the liquor control board finds that the person has violated RCW 26.28.080, 70.155.020, 70.155.030, 70.155.040, 70.155.050, 70.155.070, or 70.155.090.

(2008 Ed.)

(4) The monetary penalty that the liquor control board may impose based upon one or more findings under subsection (3) of this section may not exceed the following:

(a) For violation of RCW 26.28.080 or 70.155.020, fifty dollars for the first violation and one hundred dollars for each subsequent violation;

(b) For violations of RCW 70.155.030, one hundred dollars for each day upon which such violation occurred;

(c) For violations of RCW 70.155.040, one hundred dollars for each violation;

(e) For violations of RCW 70.155.070, one thousand dollars for each violation.

(5) The liquor control board may develop and offer a class for retail clerks and use this class in lieu of a monetary penalty for the clerk's first violation.

(6) The liquor control board may issue a cease and desist order to any person who is found by the liquor control board to have violated or intending to violate the provisions of this chapter, RCW 26.28.080 or 82.24.500, requiring such person to cease specified conduct that is in violation. The issuance of a cease and desist order shall not preclude the imposition of other sanctions authorized by this statute or any other provision of law.

(7) The liquor control board may seek injunctive relief to enforce the provisions of RCW 26.28.080 or 82.24.500 or this chapter. The liquor control board may initiate legal action to collect civil penalties imposed under this chapter if the same have not been paid within thirty days after imposition of such penalties. In any action filed by the liquor control board under this chapter, the court may, in addition to any other relief, award the liquor control board reasonable attorneys' fees and costs.

(8) All proceedings under subsections (1) through (6) of this section shall be conducted in accordance with chapter 34.05 RCW.

(9) The liquor control board may reduce or waive either the penalties or the suspension or revocation of a license, or both, as set forth in this chapter where the elements of proof are inadequate or where there are mitigating circumstances. Mitigating circumstances may include, but are not limited to, an exercise of due diligence by a retailer. Further, the board may exceed penalties set forth in this chapter based on aggravating circumstances. [2006 c 14 § 5; 1998 c 133 § 3; 1993 c 507 § 11.]

**Reviser's note:** In an order on motion for reconsideration and request for stay pending appeal dated September 25, 2006, the United States District Court for the Western District ruled that chapter 14, Laws of 2006 is preempted by the Federal Cigarette Labeling and Advertising Act, 15 U.S.C. Sec. 1334(b) only in application of the law to cigarette sampling. (Case No. C06-5223, W.D. Wash. 2006.)

**Finding—Intent—2006 c 14:** See note following RCW 70.155.050.

**Finding—Intent—1998 c 133:** See note following RCW 70.155.080.

**70.155.105 Delivery sale of cigarettes—Requirements, unlawful practices—Penalties—Enforcement.** (1) It is unlawful for a person who mails, ships, or otherwise delivers cigarettes to fail to:

(b) Any person who mails, ships, or otherwise delivers cigarettes in connection with a delivery sale shall within fifteen days after the first of each month file with the board a report of all delivery sales made by the person within this state for the preceding month. (8) For the purpose of obtaining information concerning any matter relating to the administration or enforcement of this title, the board or any of its agents may inspect the books, documents, and records of any person who makes delivery sales or mailings, or ships or otherwise delivers cigarettes or retains another person to make delivery sales or mailings, or to ship or otherwise deliver cigarettes insofar as such books, documents, and/or records pertain to the financial transaction involved. If such a person neglects or refuses to produce and submit for inspection any book, record, or document as required by this section when requested to do so by the board or its agent, then the board or the attorney general may seek an order in superior court compelling such production of books, records, or documents. [2003 c 113 § 2.]

**70.155.110 Liquor control board authority.** (1) The liquor control board shall, in addition to the board's other powers and authorities, have the authority to enforce the provisions of this chapter and \*RCW 26.28.080(4) and 82.24.500. The liquor control board shall have full power to revoke or suspend the license of any retailer or wholesaler in accordance with the provisions of RCW 70.155.100.

(3) For the purpose of enforcing the provisions of this chapter and \*RCW 26.28.080(4) and 82.24.500, a peace officer or enforcement officer of the liquor control board who has reasonable grounds to believe a person observed by the officer purchasing, attempting to purchase, or in possession of tobacco products is under the age of eighteen years of age, may detain such person for a reasonable period of time and in such a reasonable manner as is necessary to determine the person's true identity and date of birth. Further, tobacco products possessed by persons under the age of eighteen years of age are considered contraband and may be seized by a peace officer or enforcement officer of the liquor control board.

(4) The liquor control board may work with local county health departments or districts and local law enforcement agencies to conduct random, unannounced, inspections to assure compliance. [1993 c 507 § 12.]

\*Reviser's note: RCW 26.28.080 was amended by 1994 sp.s. c 7 § 437, and no longer has numbered subsections.

**70.155.120 Youth tobacco prevention account—Source and use of funds.** (1) The youth tobacco prevention account is created in the state treasury. All fees collected pursuant to RCW 82.24.520 and 82.24.530 and funds collected by the liquor control board from the imposition of monetary penalties and samplers' fees shall be deposited into this account, except that ten percent of all such fees and penalties shall be deposited in the state general fund.

(2) Moneys appropriated from the youth tobacco prevention account to the department of health shall be used by the department of health for implementation of this chapter, including collection and reporting of data regarding enforcement and the extent to which access to tobacco products by youth has been reduced.

(3) The department of health shall enter into interagency agreements with the liquor control board to pay the costs incurred, up to thirty percent of available funds, in carrying out its enforcement responsibilities under this chapter. Such agreements shall set forth standards of enforcement, consistent with the funding available, so as to reduce the extent to which tobacco products are available to individuals under the age of eighteen. The agreements shall also set forth requirements for data reporting by the liquor control board regarding its enforcement activities.

(4) The department of health and the department of revenue shall enter into an interagency agreement for payment of the cost of administering the tobacco retailer licensing system and for the provision of quarterly documentation of tobacco wholesaler, retailer, and vending machine names and locations.

(2008 Ed.)

(5) The department of health shall, within up to seventy percent of available funds, provide grants to local health departments or other local community agencies to develop and implement coordinated tobacco intervention strategies to prevent and reduce tobacco use by youth. [1993 c 507 § 13.]

**70.155.130 Preemption of political subdivisions.** This chapter preempts political subdivisions from adopting or enforcing requirements for the licensure and regulation of tobacco product promotions and sales within retail stores, except that political subdivisions that have adopted ordinances prohibiting sampling by January 1, 1993, may continue to enforce these ordinances. No political subdivision may: (1) Impose fees or license requirements on retail businesses for possessing or selling cigarettes or tobacco products, other than general business taxes or license fees not primarily levied on tobacco products; or (2) regulate or prohibit activities covered by RCW 70.155.020 through 70.155.080. This chapter does not otherwise preempt political subdivisions from adopting ordinances regulating the sale, purchase, use, or promotion of tobacco products not inconsistent with chapter 507, Laws of 1993. [1993 c 507 § 14.]

**70.155.900 Severability—1993 c 507.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1993 c 507 § 20.]

## Chapter 70.157 RCW

### NATIONAL UNIFORM TOBACCO SETTLEMENT—NONPARTICIPATING TOBACCO PRODUCT MANUFACTURERS

#### Sections

70.157.005	Findings and purpose.
70.157.010	Definitions.
70.157.020	Requirements.
70.157.030	Contingent expiration date—Court action.

**70.157.005 Findings and purpose.** (a) Cigarette smoking presents serious public health concerns to the State and to the citizens of the State. The Surgeon General has determined that smoking causes lung cancer, heart disease and other serious diseases, and that there are hundreds of thousands of tobacco-related deaths in the United States each year. These diseases most often do not appear until many years after the person in question begins smoking.

(b) Cigarette smoking also presents serious financial concerns for the State. Under certain health-care programs, the State may have a legal obligation to provide medical assistance to eligible persons for health conditions associated with cigarette smoking, and those persons may have a legal entitlement to receive such medical assistance.

(c) Under these programs, the State pays millions of dollars each year to provide medical assistance for these persons for health conditions associated with cigarette smoking.

(d) It is the policy of the State that financial burdens imposed on the State by cigarette smoking be borne by tobacco product manufacturers rather than by the State to the extent that such manufacturers either determine to enter into

a settlement with the State or are found culpable by the courts.

(e) On November 23, 1998, leading United States tobacco product manufacturers entered into a settlement agreement, entitled the "Master Settlement Agreement," with the State. The Master Settlement Agreement obligates these manufacturers, in return for a release of past, present and certain future claims against them as described therein, to pay substantial sums to the State (tied in part to their volume of sales); to fund a national foundation devoted to the interests of public health; and to make substantial changes in their advertising and marketing practices and corporate culture, with the intention of reducing underage smoking.

(f) It would be contrary to the policy of the State if tobacco product manufacturers who determine not to enter into such a settlement could use a resulting cost advantage to derive large, short-term profits in the years before liability may arise without ensuring that the State will have an eventual source of recovery from them if they are proven to have acted culpably. It is thus in the interest of the State to require that such manufacturers establish a reserve fund to guarantee a source of compensation and to prevent such manufacturers from deriving large, short-term profits and then becoming judgment-proof before liability may arise. [1999 c 393 § 1.]

**Captions not law—1999 c 393:** "Captions used in this act are not part of the law." [1999 c 393 § 5.]

**Effective date—1999 c 393:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 18, 1999]." [1999 c 393 § 6.]

**70.157.010 Definitions.** (a) "Adjusted for inflation" means increased in accordance with the formula for inflation adjustment set forth in Exhibit C to the Master Settlement Agreement.

(b) "Affiliate" means a person who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control with, another person. Solely for purposes of this definition, the terms "owns," "is owned" and "ownership" mean ownership of an equity interest, or the equivalent thereof, of ten percent or more, and the term "person" means an individual, partnership, committee, association, corporation or any other organization or group of persons.

(c) "Allocable share" means Allocable Share as that term is defined in the Master Settlement Agreement.

(d) "Cigarette" means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of or contains (1) any roll of tobacco wrapped in paper or in any substance not containing tobacco; or (2) tobacco, in any form, that is functional in the product, which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette; or (3) any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in clause (1) of this definition. The term "cigarette" includes "roll-your-own" (i.e., any tobacco which, because of its appearance, type, packaging, or labeling is suitable for use

and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes). For purposes of this definition of "cigarette," 0.09 ounces of "roll-your-own" tobacco shall constitute one individual "cigarette".

(e) "Master Settlement Agreement" means the settlement agreement (and related documents) entered into on November 23, 1998 by the State and leading United States tobacco product manufacturers.

(f) "Qualified escrow fund" means an escrow arrangement with a federally or State chartered financial institution having no affiliation with any tobacco product manufacturer and having assets of at least \$1,000,000,000 where such arrangement requires that such financial institution hold the escrowed funds' principal for the benefit of releasing parties and prohibits the tobacco product manufacturer placing the funds into escrow from using, accessing or directing the use of the funds' principal except as consistent with RCW 70.157.020(b).

(g) "Released claims" means Released Claims as that term is defined in the Master Settlement Agreement.

(h) "Releasing parties" means Releasing Parties as that term is defined in the Master Settlement Agreement.

(i) "Tobacco Product Manufacturer" means an entity that after the date of enactment of this Act directly (and not exclusively through any affiliate):

(1) manufactures cigarettes anywhere that such manufacturer intends to be sold in the United States, including cigarettes intended to be sold in the United States through an importer (except where such importer is an original participating manufacturer (as that term is defined in the Master Settlement Agreement) that will be responsible for the payments under the Master Settlement Agreement with respect to such cigarettes as a result of the provisions of subsections II(mm) of the Master Settlement Agreement and that pays the taxes specified in subsection II(z) of the Master Settlement Agreement, and provided that the manufacturer of such cigarettes does not market or advertise such cigarettes in the United States);

(2) is the first purchaser anywhere for resale in the United States of cigarettes manufactured anywhere that the manufacturer does not intend to be sold in the United States; or

(3) becomes a successor of an entity described in paragraph (1) or (2).

The term "Tobacco Product Manufacturer" shall not include an affiliate of a tobacco product manufacturer unless such affiliate itself falls within any of (1)-(3) above.

(j) "Units sold" means the number of individual cigarettes sold in the State by the applicable tobacco product manufacturer (whether directly or through a distributor, retailer or similar intermediary or intermediaries) during the year in question, as measured by excise taxes collected by the State on packs bearing the excise tax stamp of the State or "roll-your-own" tobacco containers. The department of revenue shall promulgate such regulations as are necessary to ascertain the amount of State excise tax paid on the cigarettes of such tobacco product manufacturer for each year. [1999 c 393 § 2.]

**Captions not law—Effective date—1999 c 393:** See notes following RCW 70.157.005.

**70.157.020 Requirements. (Contingent expiration date.)** Any tobacco product manufacturer selling cigarettes to consumers within the State (whether directly or through a distributor, retailer or similar intermediary or intermediaries) after May 18, 1999, shall do one of the following:

for each of 2007 and each year thereafter: \$.0188482 per unit sold.

(2) A tobacco product manufacturer that places funds into escrow pursuant to paragraph (1) shall receive the interest or other appreciation on such funds as earned. Such funds themselves shall be released from escrow only under the following circumstances—

(A) to pay a judgment or settlement on any released claim brought against such tobacco product manufacturer by the State or any releasing party located or residing in the State. Funds shall be released from escrow under this subparagraph (i) in the order in which they were placed into escrow and (ii) only to the extent and at the time necessary to make payments required under such judgment or settlement;

(B) to the extent that a tobacco product manufacturer establishes that the amount it was required to place into escrow on account of units sold in the state in a particular year was greater than the Master Settlement Agreement payments, as determined pursuant to section IX(i) of that Agreement including after final determination of all adjustments, that such manufacturer would have been required to make on account of such units sold, had it been a Participating Manufacturer, the excess shall be released from escrow and revert back to such tobacco product manufacturer; or

(C) to the extent not released from escrow under subparagraphs (A) or (B), funds shall be released from escrow and revert back to such tobacco product manufacturer twenty-five years after the date on which they were placed into escrow.

The court, upon a finding of a violation of this subsection, may impose a civil penalty to be paid to the general fund of the state in an amount not to exceed 5 percent of the amount improperly withheld from escrow per day of the violation and

(B) in the case of a knowing violation, be required within 15 days to place such funds into escrow as shall bring it into compliance with this section. The court, upon a finding of a knowing violation of this subsection, may impose a civil penalty to be paid to the general fund of the state in an amount not to exceed 15 percent of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed 300 percent of the original amount improperly withheld from escrow; and

(C) in the case of a second knowing violation, be prohibited from selling cigarettes to consumers within the State (whether directly or through a distributor, retailer or similar intermediary) for a period not to exceed 2 years.

for each of 2007 and each year thereafter: \$.0188482 per unit sold.

(2) A tobacco product manufacturer that places funds into escrow pursuant to paragraph (1) shall receive the interest or other appreciation on such funds as earned. Such funds themselves shall be released from escrow only under the following circumstances—

(3) Each tobacco product manufacturer that elects to place funds into escrow pursuant to this subsection shall annually certify to the Attorney General that it is in compliance with this subsection. The Attorney General may bring a civil action on behalf of the State against any tobacco product manufacturer that fails to place into escrow the funds required under this section. **Captions not law—Effective date—1999 c 393:** See notes following RCW 70.157.005.

**70.157.030 Contingent expiration date—Court action.** If chapter 342, Laws of 2003 is held by a court of competent jurisdiction to be unconstitutional, then RCW 70.157.020(b)(2)(B) shall be repealed in its entirety. If RCW 70.157.020(b)(2) shall thereafter be held by a court of competent jurisdiction to be unconstitutional, then chapter 342, Laws of 2003 shall be repealed, and RCW 70.157.020(b)(2)(B) be restored as if no amendments had been made. Neither any holding of unconstitutionality nor the repeal of RCW 70.157.020(b)(2)(B) shall affect, impair, or invalidate any other portion of RCW 70.157.020 or the application of that section to any other person or circumstance, and the remaining portions of RCW 70.157.020 shall at all times continue in full force and effect. **70.158.010 Findings.** The legislature finds that violations of RCW 70.157.020 threaten the integrity of the tobacco master settlement agreement, the fiscal soundness of the state, and the public health. The nonparticipating manufacturer shall update the list thirty calendar days prior to any addition to or modification of its brand families by executing and delivering a supplemental certification to the attorney general.

(c) In the case of a nonparticipating manufacturer, the certification shall further certify:

(i) That the nonparticipating manufacturer is registered to do business in the state or has appointed a resident agent for service of process and provided notice as required by RCW 70.158.040;

(ii) That the nonparticipating manufacturer: (A) Has established and continues to maintain a qualified escrow fund; and (B) has executed a qualified escrow agreement that has been reviewed and approved by the attorney general and that governs the qualified escrow fund;

(iii) That the nonparticipating manufacturer is in full compliance with RCW 70.157.020(b)(1) and this chapter, and any rules adopted pursuant thereto; and

(iv)(A) The name, address, and telephone number of the financial institution where the nonparticipating manufacturer has established a qualified escrow fund required pursuant to RCW 70.157.020(b)(1) and all rules adopted thereunder; (B) the account number of the qualified escrow fund and any sub-account number for the state of Washington; (C) the amount

the nonparticipating manufacturer placed in the fund for cigarettes sold in the state during the preceding calendar year, the date and amount of each deposit, and evidence or verification as may be deemed necessary by the attorney general to confirm the foregoing; and (D) the amount and date of any withdrawal or transfer of funds the nonparticipating manufacturer made at any time from the fund or from any other qualified escrow fund into which it ever made escrow payments pursuant to RCW 70.157.020(b)(1) and all rules adopted thereunder.

(d) A tobacco product manufacturer may not include a brand family in its certification unless: (i) In the case of a participating manufacturer, the participating manufacturer affirms that the brand family is to be deemed to be its cigarettes for purposes of calculating its payments under the master settlement agreement for the relevant year, in the volume and shares determined pursuant to the master settlement agreement; and (ii) in the case of a nonparticipating manufacturer, the nonparticipating manufacturer affirms that the brand family is to be deemed to be its cigarettes for purposes of RCW 70.157.020(b)(1). Nothing in this section limits or otherwise affects the state's right to maintain that a brand family constitutes cigarettes of a different tobacco product manufacturer for purposes of calculating payments under the master settlement agreement or for purposes of RCW 70.157.020.

(e) A tobacco product manufacturer shall maintain all invoices and documentation of sales and other information relied upon for such certification for a period of five years, unless otherwise required by law to maintain them for a greater period of time.

(2) Not later than November 1, 2003, the attorney general shall develop and publish on its web site a directory listing all tobacco product manufacturers that have provided current and accurate certifications conforming to the requirements of this section and all brand families that are listed in these certifications, except as noted below:

(a) The attorney general shall not include or retain in the directory the name or brand families of any nonparticipating manufacturer that has failed to provide the required certification or whose certification the attorney general determines is not in compliance with subsection (1)(b) and (c) of this section, unless the attorney general has determined that the violation has been cured to the satisfaction of the attorney general.

(b) Neither a tobacco product manufacturer nor brand family shall be included or retained in the directory if the attorney general concludes, in the case of a nonparticipating manufacturer, that: (i) Any escrow payment required pursuant to RCW 70.157.020(b)(1) for any period for any brand family, whether or not listed by the nonparticipating manufacturer, has not been fully paid into a qualified escrow fund governed by a qualified escrow agreement that has been approved by the attorney general; or (ii) any outstanding final judgment, including interest, for a violation of RCW 70.157.020(b)(1) that has not been fully satisfied for the brand family or manufacturer.

(c) The attorney general shall update the directory as necessary in order to correct mistakes and to add or remove a tobacco product manufacturer or brand family to keep the directory in conformity with the requirements of this chapter.

The attorney general shall transmit, by e-mail or other practicable means to each wholesaler or distributor, notice of any addition to or removal from the directory of any tobacco product manufacturer or brand family. Unless otherwise provided by agreement between the wholesaler or distributor and a tobacco product manufacturer, the wholesaler or distributor shall be entitled to a refund from a tobacco product manufacturer for any money paid by the wholesaler or distributor to the tobacco product manufacturer for any cigarettes of the tobacco product manufacturer still held by the wholesaler or distributor on the date of notice by the attorney general of the removal from the directory of that tobacco product manufacturer or the brand family of the cigarettes. The attorney general shall not restore to the directory the tobacco product manufacturer or the brand family until the tobacco product manufacturer has paid the wholesaler or distributor any refund due.

(d) Every wholesaler and distributor shall provide and update as necessary an electronic mail address to the attorney general for the purpose of receiving any notifications as may be required by this chapter.

(e) A tobacco product manufacturer included in the directory may request that a new brand family be certified and added to the directory. Within forty-five business days of receiving the request, the attorney general will respond by either: (i) Certifying the new brand family; or (ii) denying the request. However, in cases where the attorney general determines that it needs clarification as to whether the requestor is actually the tobacco product manufacturer, the attorney general may take more time as needed to clarify the request, to locate and assemble information or documents needed to process the request, and to notify persons or agencies affected by the request.

(f) The web site will state that chapter 25, Laws of 2003 applies only to cigarettes including, pursuant to the definition of "cigarettes" in chapter 25, Laws of 2003, roll-your-own tobacco.

(3) It is unlawful for any person (a) to affix a stamp to a package or other container of cigarettes of a tobacco product manufacturer or brand family not included in the directory, or to pay or cause to be paid the tobacco products tax on any package or container; or (b) to sell, offer, or possess for sale in this state or import for sale in this state, any cigarettes of a tobacco product manufacturer or brand family not included in the directory. [2003 c 25 § 3.]

**70.158.040 Nonresident, nonparticipating manufacturers—Agent for service of process.** (1) Any nonresident or foreign nonparticipating manufacturer that has not registered to do business in the state as a foreign corporation or business entity shall, as a condition precedent to having its brand families included or retained in the directory, appoint and continually engage without interruption the services of an agent in this state to act as agent for the service of process on whom all process, and any action or proceeding against it concerning or arising out of the enforcement of this chapter and RCW 70.157.020(b)(1), may be served in any manner authorized by law. The service shall constitute legal and valid service of process on the nonparticipating manufacturer. The nonparticipating manufacturer shall provide the name, address, phone number, and proof of the appointment

and availability of the agent to the satisfaction of the attorney general.

(2) The nonparticipating manufacturer shall provide notice to the attorney general thirty calendar days prior to termination of the authority of an agent and shall further provide proof to the satisfaction of the attorney general of the appointment of a new agent no less than five calendar days prior to the termination of an existing agent appointment. In the event an agent terminates an agency appointment, the nonparticipating manufacturer shall notify the attorney general of the termination within five calendar days and include proof to the satisfaction of the attorney general of the appointment of a new agent.

(3) Any nonparticipating manufacturer whose cigarettes are sold in this state, who has not appointed and engaged an agent as required in this section, shall be deemed to have appointed the secretary of state as the agent and may be proceeded against in courts of this state by service of process upon the secretary of state. However, the appointment of the secretary of state as agent shall not satisfy the condition precedent for having the brand families of the nonparticipating manufacturer included or retained in the directory. [2003 c 25 § 4.]

**70.158.050 Reports, records—Confidentiality, disclosures, voluntary waivers—Escrow payments.** (1) In addition to the reporting requirements under \*RCW 70.157.010(j) and the rules adopted thereunder, not later than twenty-five calendar days after the end of each calendar month, and more frequently if directed by the director, each wholesaler and distributor shall submit information the director requires to facilitate compliance with this chapter, including, but not limited to, a list by brand family of the total number of cigarettes, or, in the case of roll-your-own, the equivalent stick count for which the wholesaler or distributor affixed stamps during the previous calendar month or otherwise paid the tax due for the cigarettes. Each wholesaler and distributor shall maintain and make available to the director, all invoices and documentation of sales of all nonparticipating manufacturer cigarettes and any other information relied upon in reporting to the attorney general or the director for a period of five years.

(2) Information or records required to be furnished to the department, the board, or the attorney general are confidential and shall not be disclosed. However, the director and the board are authorized to disclose to the attorney general any information received under this chapter and requested by the attorney general for purposes of determining compliance with and enforcing the provisions of this chapter. The director, the board, and the attorney general may share with each other the information received under this chapter, and may share information with other federal, state, or local agencies, including without limitation the board, only for purposes of enforcement of this chapter, RCW 70.157.020, or corresponding laws of other states. If a tobacco product manufacturer that is required to establish a qualified escrow fund under RCW 70.157.020 disputes the attorney general's determination of what that manufacturer needs to place into escrow, and the attorney general determines that the dispute can likely be resolved by disclosing reports from the relevant distributors and wholesalers indicating the sales or purchases

of the tobacco manufacturer's products, then the attorney general shall request voluntary waivers of confidentiality so that the reports may be disclosed to the tobacco product manufacturer to help resolve the dispute. If the waivers are provided, then the director and the attorney general are authorized to disclose the waived confidential information collected on the sales or purchases of cigarettes to the tobacco product manufacturer. However, before the attorney general or the director discloses the waived confidential information, the tobacco product manufacturer must provide to the attorney general all records relating to its sales or purchases of cigarettes in dispute. The information provided to a tobacco product manufacturer pursuant to this subsection (2) shall be limited to brands or products of that manufacturer only, may be used only for the limited purpose of determining the appropriate escrow deposit, and may not be disclosed by the tobacco product manufacturer.

(3) The attorney general may require at any time from the nonparticipating manufacturer proof, from the financial institution in which the manufacturer has established a qualified escrow fund for the purpose of compliance with RCW 70.157.020(b)(1), of the amount of money in the fund, exclusive of interest, the amount and date of each deposit to the fund, and the amount and date of each withdrawal from the fund.

(4) In addition to the information required to be submitted pursuant to RCW 70.158.030, this section, and chapters 82.24 and 82.26 RCW, the director, the board, or the attorney general may require a wholesaler, distributor, or tobacco product manufacturer to submit any additional information including, but not limited to, samples of the packaging or labeling of each brand family, as is necessary to enable the attorney general to determine whether a tobacco product manufacturer is in compliance with this chapter. If the director, the board, or the attorney general makes a request for information pursuant to this subsection (4), the tobacco product manufacturer, distributor, or wholesaler shall comply promptly.

(5) A nonparticipating manufacturer that either: (a) Has not previously made escrow payments to the state of Washington pursuant to RCW 70.157.020; or (b) has not actually made any escrow payments for more than one year, shall make the required escrow deposits in quarterly installments during the first year in which the sales covered by the deposits are made or in the first year in which the payments are made. The director or the attorney general may require production of information sufficient to enable the attorney general to determine the adequacy of the amount of the installment deposit. [2003 c 25 § 5.]

**\*Reviser's note:** For rules and reporting requirements adopted pursuant to RCW 70.157.010, see WAC 458-20-264.

**70.158.060 Penalties—Application of consumer protection act.** (1) In addition to or in lieu of any other civil or criminal remedy provided by law, upon a determination that a wholesaler has violated RCW 70.158.030(3) or any rule adopted pursuant to this chapter, the director or the board may revoke or suspend the license of the wholesaler in the manner provided by chapter 82.24 or 82.32 RCW. Each stamp affixed and each sale or offer to sell cigarettes in violation of RCW 70.158.030(3) shall constitute a separate viola-

tion. For each violation of this chapter, the director or the board may also impose a civil penalty in an amount not to exceed the greater of five hundred percent of the retail value of the cigarettes or five thousand dollars upon a determination of violation of RCW 70.158.030(3) or any rules adopted pursuant thereto. The penalty shall be imposed in the manner provided by chapter 82.24 RCW.

(2) The attorney general may seek an injunction in superior court to restrain a threatened or actual violation of RCW 70.158.030(3) or 70.158.050 (1) or (4) by a person and to compel the person to comply with these sections. In any action brought pursuant to this section, the state shall be entitled to recover the costs of investigation, costs of the action, and reasonable attorney fees.

(3) It is unlawful for a person to: (a) Sell or distribute cigarettes or (b) acquire, hold, own, possess, transport, import, or cause to be imported cigarettes, that the person knows or should know are intended for distribution or sale in the state in violation of RCW 70.158.030(3). A violation of this subsection (3) is a gross misdemeanor.

(4) Any violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair and deceptive act or practice and an unfair method of competition in the conduct of trade or commerce in violation of RCW 19.86.020. Standing to bring an action to enforce RCW 19.86.020 for violation of this chapter shall lie solely with the attorney general. Remedies provided by chapter 19.86 RCW are cumulative and not exclusive. [2003 c 25 § 6.]

**70.158.070 Attorney general's directory decision to be final agency action—Due dates for reports, certifications, directory—Rules—Costs—Penalties.** (1) A determination of the attorney general not to include or to remove from the directory a brand family or tobacco product manufacturer shall be final agency action for purposes of review under RCW 34.05.570(4).

(2) No person shall be issued a license or granted a renewal of a license to act as a wholesaler unless the person has certified in writing under penalty of perjury, that the person will comply fully with this section.

(3) The first reports of wholesalers and distributors are due August 25, 2003. The certifications by a tobacco product manufacturer described in RCW 70.158.030(1) are due September 15, 2003. The directory described in RCW 70.158.030(2) shall be published or made available by November 1, 2003.

(4) The attorney general, the board, and the director may adopt rules as necessary to effect the administration of this chapter.

(5) In any action brought by the state to enforce this chapter, the state is entitled to recover the costs of investigation, expert witness fees, costs of the action, and reasonable attorney fees.

(6) If a court determines that a person has violated this chapter, the court shall order any profits, gain, gross receipts, or other benefit from the violation to be disgorged and paid to the general fund. Unless otherwise expressly provided, the remedies or penalties provided by this chapter are cumulative to each other and to the remedies or penalties available under all other laws of this state. [2003 c 25 § 7.]

**70.158.900 Conflict of law—Severability—2003 c 25.**

If a court of competent jurisdiction finds that the provisions of chapter 25, Laws of 2003 and chapter 70.157 RCW conflict and cannot be harmonized, then the provisions of chapter 70.157 RCW shall control. If any section, subsection, subdivision, paragraph, sentence, clause, or phrase of chapter 25, Laws of 2003 causes chapter 70.157 RCW no longer to constitute a qualifying or model statute, as those terms are defined in the master settlement agreement, then that portion of chapter 25, Laws of 2003 shall not be valid. If any section, subsection, subdivision, paragraph, sentence, clause, or phrase of chapter 25, Laws of 2003 is for any reason held to be invalid, unlawful, or unconstitutional, the decision shall not affect the validity of the remaining portions of chapter 25, Laws of 2003 or any part thereof. [2003 c 25 § 8.]

**70.158.901 Effective date—2003 c 25.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003. [2003 c 25 § 13.]

**70.160.011 Findings—Intent—2006 c 2 (Initiative Measure No. 901).** The people of the state of Washington recognize that exposure to secondhand smoke is known to cause cancer in humans. Secondhand smoke is a known cause of other diseases including pneumonia, asthma, bronchitis, and heart disease. Citizens are often exposed to secondhand smoke in the workplace, and are likely to develop chronic, potentially fatal diseases as a result of such exposure. In order to protect the health and welfare of all citizens, including workers in their places of employment, it is necessary to prohibit smoking in public places and workplaces. [2006 c 2 § 1 (Initiative Measure No. 901, approved November 8, 2005).]

**Captions not law—2006 c 2 (Initiative Measure No. 901):** "Captions used in this act are not any part of the law." [2006 c 2 § 8 (Initiative Measure No. 901, approved November 8, 2005).]

**70.160.020 Definitions.** As used in this chapter, the following terms have the meanings indicated unless the context clearly indicates otherwise.

[Title 70 RCW—page 492]

(1) "Smoke" or "smoking" means the carrying or smoking of any kind of lighted pipe, cigar, cigarette, or any other lighted smoking equipment.

(2) "Public place" means that portion of any building or vehicle used by and open to the public, regardless of whether the building or vehicle is owned in whole or in part by private persons or entities, the state of Washington, or other public entity, and regardless of whether a fee is charged for admission, and includes a presumptively reasonable minimum distance, as set forth in RCW 70.160.075, of twenty-five feet from entrances, exits, windows that open, and ventilation intakes that serve an enclosed area where smoking is prohibited. A public place does not include a private residence unless the private residence is used to provide licensed child care, foster care, adult care, or other similar social service care on the premises.

Public places include, but are not limited to: Schools, elevators, public conveyances or transportation facilities, museums, concert halls, theaters, auditoriums, exhibition halls, indoor sports arenas, hospitals, nursing homes, health care facilities or clinics, enclosed shopping centers, retail stores, retail service establishments, financial institutions, educational facilities, ticket areas, public hearing facilities, state legislative chambers and immediately adjacent hallways, public restrooms, libraries, restaurants, waiting areas, lobbies, bars, taverns, bowling alleys, skating rinks, casinos, reception areas, and no less than seventy-five percent of the sleeping quarters within a hotel or motel that are rented to guests. A public place does not include a private residence. This chapter is not intended to restrict smoking in private facilities which are occasionally open to the public except upon the occasions when the facility is open to the public.

(3) "Place of employment" means any area under the control of a public or private employer which employees are required to pass through during the course of employment, including, but not limited to: Entrances and exits to the places of employment, and including a presumptively reasonable minimum distance, as set forth in RCW 70.160.075, of twenty-five feet from entrances, exits, windows that open, and ventilation intakes that serve an enclosed area where smoking is prohibited; work areas; restrooms; conference and classrooms; break rooms and cafeterias; and other common areas. A private residence or home-based business, unless used to provide licensed child care, foster care, adult care, or other similar social service care on the premises, is not a place of employment. [2006 c 2 § 2 (Initiative Measure No. 901, approved November 8, 2005); 1985 c 236 § 2.]

**Captions not law—2006 c 2 (Initiative Measure No. 901):** See note following RCW 70.160.011.

**70.160.030 Smoking prohibited in public places or places of employment.** No person may smoke in a public place or in any place of employment. [2006 c 2 § 3 (Initiative Measure No. 901, approved November 8, 2005); 1985 c 236 § 3.]

**Captions not law—2006 c 2 (Initiative Measure No. 901):** See note following RCW 70.160.011.

**70.160.050 Owners, lessees to post signs prohibiting smoking.** Owners, or in the case of a leased or rented space the lessee or other person in charge, of a place regulated

(2008 Ed.)

under this chapter shall prohibit smoking in public places and places of employment and shall post signs prohibiting smoking as appropriate under this chapter. Signs shall be posted conspicuously at each building entrance. In the case of retail stores and retail service establishments, signs shall be posted conspicuously at each entrance and in prominent locations throughout the place. [2006 c 2 § 4 (Initiative Measure No. 901, approved November 8, 2005); 1985 c 236 § 5.]

**Captions not law—2006 c 2 (Initiative Measure No. 901):** See note following RCW 70.160.011.

**70.160.060 Intent of chapter as applied to certain private workplaces.** This chapter is not intended to regulate smoking in a private enclosed workplace, within a public place, even though such workplace may be visited by non-smokers, excepting places in which smoking is prohibited by the chief of the Washington state patrol, through the director of fire protection, or by other law, ordinance, or regulation. [1995 c 369 § 60; 1986 c 266 § 121; 1985 c 236 § 6.]

**Effective date—1995 c 369:** See note following RCW 43.43.930.

**Severability—1986 c 266:** See note following RCW 38.52.005.

**70.160.070 Intentional violation of chapter—Removing, defacing, or destroying required sign—Fine—Notice of infraction—Exceptions—Violations of RCW 70.160.050—Fine—Enforcement.** (1) Any person intentionally violating this chapter by smoking in a public place or place of employment, or any person removing, defacing, or destroying a sign required by this chapter, is subject to a civil fine of up to one hundred dollars. Any person passing by or through a public place while on a public sidewalk or public right-of-way has not intentionally violated this chapter. Local law enforcement agencies shall enforce this section by issuing a notice of infraction to be assessed in the same manner as traffic infractions. The provisions contained in chapter 46.63 RCW for the disposition of traffic infractions apply to the disposition of infractions for violation of this subsection except as follows:

(a) The provisions in chapter 46.63 RCW relating to the provision of records to the department of licensing in accordance with RCW 46.20.270 are not applicable to this chapter; and

(b) The provisions in chapter 46.63 RCW relating to the imposition of sanctions against a person's driver's license or vehicle license are not applicable to this chapter.

The form for the notice of infraction for a violation of this subsection shall be prescribed by rule of the supreme court.

(2) When violations of RCW 70.160.050 occur, a warning shall first be given to the owner or other person in charge. Any subsequent violation is subject to a civil fine of up to one hundred dollars. Each day upon which a violation occurs or is permitted to continue constitutes a separate violation.

(3) Local health departments shall enforce RCW 70.160.050 regarding the duties of owners or persons in control of public places and places of employment by either of the following actions:

(a) Serving notice requiring the correction of any violation; or

(2008 Ed.)

(b) Calling upon the city or town attorney or county prosecutor or local health department attorney to maintain an action for an injunction to enforce RCW 70.160.050, to correct a violation, and to assess and recover a civil penalty for the violation. [2006 c 2 § 5 (Initiative Measure No. 901, approved November 8, 2005); 1985 c 236 § 7.]

**Captions not law—2006 c 2 (Initiative Measure No. 901):** See note following RCW 70.160.011.

**70.160.075 Smoking prohibited within twenty-five feet of public places or places of employment—Application to modify presumptively reasonable minimum distance.** Smoking is prohibited within a presumptively reasonable minimum distance of twenty-five feet from entrances, exits, windows that open, and ventilation intakes that serve an enclosed area where smoking is prohibited so as to ensure that tobacco smoke does not enter the area through entrances, exits, open windows, or other means. Owners, operators, managers, employers, or other persons who own or control a public place or place of employment may seek to rebut the presumption that twenty-five feet is a reasonable minimum distance by making application to the director of the local health department or district in which the public place or place of employment is located. The presumption will be rebutted if the applicant can show by clear and convincing evidence that, given the unique circumstances presented by the location of entrances, exits, windows that open, ventilation intakes, or other factors, smoke will not infiltrate or reach the entrances, exits, open windows, or ventilation intakes or enter into such public place or place of employment and, therefore, the public health and safety will be adequately protected by a lesser distance. [2006 c 2 § 6 (Initiative Measure No. 901, approved November 8, 2005).]

**Captions not law—2006 c 2 (Initiative Measure No. 901):** See note following RCW 70.160.011.

**70.160.080 Local regulations authorized.** Local fire departments or fire districts and local health departments may adopt regulations as required to implement this chapter. [1985 c 236 § 9.]

**70.160.100 Penalty assessed under this chapter paid to jurisdiction bringing action.** Any penalty assessed and recovered in an action brought under this chapter shall be paid to the city or county bringing the action. [1985 c 236 § 8.]

**70.162.005 Finding—Intent.** The legislature finds that many Washington residents spend a significant amount of their time working indoors and that exposure to indoor air

pollutants may occur in public buildings, schools, work places, and other indoor environments. Scientific studies indicate that pollutants common in the indoor air may include radon, asbestos, volatile organic chemicals including formaldehyde and benzene, combustion byproducts including carbon monoxide, nitrogen oxides, and carbon dioxide, metals and gases including lead, chlorine, and ozone, respirable particles, tobacco smoke, biological contaminants, microorganisms, and other contaminants. In some circumstances, exposure to these substances may cause adverse health effects, including respiratory illnesses, multiple chemical sensitivities, skin and eye irritations, headaches, and other related symptoms. There is inadequate information about indoor air quality within the state of Washington, including the sources and nature of indoor air pollution.

The intent of the legislature is to develop a control strategy that will improve indoor air quality, provide for the evaluation of indoor air quality in public buildings, and encourage voluntary measures to improve indoor air quality. [1989 c 315 § 1.]

**70.162.010 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of labor and industries.

(2) "Public agency" means a state office, commission, committee, bureau, or department.

(3) "Industry standard" means the 62-1981R standard established by the American society of heating, refrigerating, and air conditioning engineers as codified in M-1602 of the building officials and code administrators international manual as of January 1, 1990. [1989 c 315 § 2.]

**70.162.020 Department duties.** The department shall, in coordination with other appropriate state agencies:

(1) Recommend a policy for evaluation and prioritization of state-owned or leased buildings with respect to indoor air quality;

(2) Recommend stronger workplace regulation of indoor air quality under the Washington industrial safety and health act;

(3) Review indoor air quality programs in public schools administered by the superintendent of public instruction and the department of social and health services;

(4) Provide educational and informational pamphlets or brochures to state agencies on indoor air quality standards; and

(5) Recommend to the legislature measures to implement the recommendations, if any, for the improvement of indoor air quality in public buildings within a reasonable period of time. [1989 c 315 § 3.]

**70.162.030 State building code council duties.** The state building code council is directed to:

(1) Review the state building code to determine the adequacy of current mechanical ventilation and filtration standards prescribed by the state compared to the industry standard; and

(2) Make appropriate changes in the building code to bring the state prescribed standards into conformity with the industry standard. [1989 c 315 § 4.]

**70.162.040 Public agencies—Directive.** Public agencies are encouraged to:

(1) Evaluate the adequacy of mechanical ventilation and filtration systems in light of the recommendations of the American society of heating, refrigerating, and air conditioning engineers and the building officials and code administrators international; and

(2) Maintain and operate any mechanical ventilation and filtration systems in a manner that allows for maximum operating efficiency consistent with the recommendations of the American society of heating, refrigerating, and air conditioning engineers and the building officials and code administrators international. [1989 c 315 § 5.]

**70.162.050 Superintendent of public instruction—Model program.** (1) The superintendent of public instruction may implement a model indoor air quality program in a school district selected by the superintendent.

(2) The superintendent shall ensure that the model program includes:

**70.164.010 Legislative findings.** The legislature finds and declares that weatherization of the residences of low-income households will help conserve energy resources in this state and can reduce the need to obtain energy from more costly conventional energy resources. The legislature also finds that rising energy costs have made it difficult for low-income citizens of the state to afford adequate fuel for residential space heat. Weatherization of residences will lower energy consumption, making space heat more affordable for persons in low-income households. It will also reduce the uncollectible accounts of fuel suppliers resulting from low-income customers not being able to pay fuel bills.

The program implementing the policy of this chapter is necessary to support the poor and infirm and also to benefit the health, safety, and general welfare of all citizens of the state. [1987 c 36 § 1.]

**70.164.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of community, trade, and economic development.

(2) "Energy assessment" means an analysis of a dwelling unit to determine the need for cost-effective energy conservation measures as determined by the department.

(3) "Household" means an individual or group of individuals living in a dwelling unit as defined by the department.

(4) "Low income" means household income that is at or below one hundred twenty-five percent of the federally established poverty level.

**70.164.030 Low-income weatherization assistance account.** The low-income weatherization assistance account is created in the state treasury. All moneys from the money distributed to the state pursuant to *Exxon v. United States*, 561 F.Supp. 816 (1983), affirmed 773 F.2d 1240 (1985), or (2008 Ed.)

any other oil overcharge settlements or judgments distributed by the federal government, that are allocated to the low-income weatherization assistance account shall be deposited in the account. The department may accept such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, and shall deposit such funds in the account. Any moneys received from sponsor match payments shall be deposited in the account. The legislature may also appropriate moneys to the account. Moneys in the account shall be spent pursuant to appropriation and only for the purposes and in the manner provided in RCW 70.164.040. Any moneys appropriated that are not spent by the department shall return to the account. [1991 sp.s. c 13 § 62; 1987 c 36 § 3.]

**70.164.040 Proposals for low-income weatherization programs—Matching funds.** (1) The department shall solicit proposals for low-income weatherization programs from potential sponsors. A proposal shall state the amount of the sponsor match, the amount requested from the low-income weatherization assistance account, the name of the weatherizing agency, and any other information required by the department.

(2)(a) A sponsor may use its own moneys, including corporate or ratepayer moneys, or moneys provided by landlords, charitable groups, government programs, the Bonneville Power Administration, or other sources to pay the sponsor match.

(b) Moneys provided by a sponsor pursuant to requirements in this section shall be in addition to and shall not supplant any funding for low-income weatherization that would otherwise have been provided by the sponsor or any other entity enumerated in (a) of this subsection.

(c) No proposal may require any contribution as a condition of weatherization from any household whose residence is weatherized under the proposal.

(d) Proposals shall provide that full levels of all cost-effective structurally feasible measures, as determined by the department, shall be installed when a low-income residence is weatherized.

(3) The department may in its discretion accept, accept in part, or reject proposals submitted. The department shall allocate funds appropriated from the low-income weatherization assistance account among proposals accepted or accepted in part so as to achieve the greatest possible expected monetary and energy savings by low-income households and other energy consumers and shall, to the extent feasible, ensure a balance of participation in proportion to population among low-income households for: (a) Geographic regions in the state; (b) types of fuel used for heating; (c) owner-occupied and rental residences; and (d) single-family and multifamily dwellings. The department may allocate funds to a nonutility sponsor without requiring a sponsor match if the department determines that such an allocation is necessary to provide the greatest benefits to low-income residents of the state.

(4)(a) A sponsor may elect to: (i) Pay a sponsor match as a lump sum at the time of weatherization, or (ii) make yearly payments to the low-income weatherization assistance account over a period not to exceed ten years. If a sponsor

elects to make yearly payments, the value of the payments shall not be less than the value of the lump sum payment that would have been made under (i) of this subsection.

(b) The department may permit a sponsor to meet its match requirement in whole or in part through providing labor, materials, or other in-kind expenditures.

(5) The department shall adopt rules to carry out this section. [1987 c 36 § 4.]

**70.164.050 Program compliance with laws and rules—Energy assessment required.** (1) The department is responsible for ensuring that sponsors and weatherizing agencies comply with the state laws, the department's rules, and the sponsor's proposal in carrying out proposals.

(2) Before a residence is weatherized, the department shall require that an energy assessment be conducted. [1987 c 36 § 5.]

**70.164.060 Weatherization of leased or rented residences—Limitations.** Before a leased or rented residence is weatherized, written permission shall be obtained from the owner of the residence for the weatherization. The department shall adopt rules to ensure that: (1) The benefits of weatherization assistance in connection with a leased or rented residence accrue primarily to low-income tenants; (2) as a result of weatherization provided under this chapter, the rent on the residence is not increased and the tenant is not evicted; and (3) as a result of weatherization provided under this chapter, no undue or excessive enhancement occurs in the value of the residence. This section is in the public interest and any violation by a landlord of the rules adopted under this section shall be an act in trade or commerce violating chapter 19.86 RCW, the consumer protection act. [1987 c 36 § 6.]

**70.164.070 Payments to low-income weatherization assistance account.** Payments to the low-income weatherization assistance account shall be treated, for purposes of state law, as payments for energy conservation and shall be eligible for any tax credits or deductions, equity returns, or other benefits for which conservation investments are eligible. [1987 c 36 § 7.]

**70.164.900 Severability—1987 c 36.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 36 § 9.]

**70.168.010 Legislative finding.** The legislature finds and declares that:

(1) Trauma is a severe health problem in the state of Washington and a major cause of death;

(2) Presently, trauma care is very limited in many parts of the state, and health care in rural areas is in transition with the danger that some communities will be without emergency medical care;

(3) It is in the best interest of the citizens of Washington state to establish an efficient and well-coordinated statewide emergency medical services and trauma care system to reduce costs and incidence of inappropriate and inadequate trauma care and emergency medical service and minimize the human suffering and costs associated with preventable mortality and morbidity;

(4) The goals and objectives of an emergency medical services and trauma care system are to: (a) Pursue trauma prevention activities to decrease the incidence of trauma; (b) provide optimal care for the trauma victim; (c) prevent unnecessary death and disability from trauma and emergency illness; and (d) contain costs of trauma care and trauma system implementation; and

(5) In other parts of the United States where trauma care systems have failed and trauma care centers have closed, there is a direct relationship between such failures and closures and a lack of commitment to fair and equitable reimbursement for trauma care participating providers and system overhead costs. [1990 c 269 § 1; 1988 c 183 § 1.]

(17) By July 1991, develop patient outcome measures to assess the effectiveness of emergency medical services and trauma care in the system;

(18) By July 1993, develop standards for regional emergency medical services and trauma care quality assurance programs required in RCW 70.168.090;

(19) Administer funding allocated to the department for the purpose of creating, maintaining, or enhancing the statewide emergency medical services and trauma care system; and

(20) By October 1990, begin coordination and development of trauma prevention and education programs. [1990 c 269 § 8.]

**70.168.070 Provision of trauma care service—Designation.** Any hospital or health care facility that desires to be authorized to provide a designated trauma care service shall request designation from the department. Designation involves a contractual relationship between the state and a hospital or health care facility whereby each agrees to main-

tain a level of commitment and resources sufficient to meet responsibilities and standards required by the statewide emergency medical services and trauma care system plan. By January 1992, the department shall determine by rule the manner and form of such requests. Upon receiving a request, the department shall review the request to determine whether the hospital or health care facility is in compliance with standards for the trauma care service or services for which designation is desired. If requests are received from more than one hospital or health care facility within the same emergency medical planning and trauma care planning and service region, the department shall select the most qualified applicant or applicants to be selected through a competitive process. Any applicant not designated may request a hearing to review the decision.

Designations are valid for a period of three years and are renewable upon receipt of a request for renewal prior to expiration from the hospital or health care facility. When an authorization for designation is due for renewal other hospitals and health care facilities in the area may also apply and compete for designation. Regional emergency medical and trauma care councils shall be notified promptly of designated hospitals and health care facilities in their region so they may incorporate them into the regional plan as required by this chapter. The department may revoke or suspend the designation should it determine that the hospital or health care facility is substantially out of compliance with the standards and has refused or been unable to comply after a reasonable period of time has elapsed. The department shall promptly notify the regional emergency medical and trauma care planning and service region of suspensions or revocations. Any facility whose designation has been revoked or suspended may request a hearing to review the action by the department as provided for in chapter 34.05 RCW.

As a part of the process to designate and renew the designation of hospitals authorized to provide level I, II, or III trauma care services or level I, II, and III pediatric trauma care services, the department shall contract for on-site reviews of such hospitals to determine compliance with required standards. The department may contract for on-site reviews of hospitals and health care facilities authorized to provide level IV or V trauma care services or level I, I-pediatric, II, or III trauma-related rehabilitative services to determine compliance with required standards. Members of on-site review teams and staff included in site visits are exempt from chapter 42.56 RCW. They may not divulge and cannot be subpoenaed to divulge information obtained or reports written pursuant to this section in any civil action, except, after in camera review, pursuant to a court order which provides for the protection of sensitive information of interested parties including the department: (1) In actions arising out of the department's designation of a hospital or health care facility pursuant to this section; (2) in actions arising out of the department's revocation or suspension of designation status of a hospital or health care facility under this section; or (3) in actions arising out of the restriction or revocation of the clinical or staff privileges of a health care provider as defined in RCW 7.70.020 (1) and (2), subject to any further restrictions on disclosure in RCW 4.24.250 that may apply. Information that identifies individual patients shall not be publicly disclosed without the patient's consent. When a facility

requests designation for more than one service, the department may coordinate the joint consideration of such requests.

The department may establish fees to help defray the costs of this section, though such fees shall not be assessed to health care facilities authorized to provide level IV and V trauma care services.

This section shall not restrict the authority of a hospital or a health care provider licensed under Title 18 RCW to provide services which it has been authorized to provide by state law. [2005 c 274 § 343; 1990 c 269 § 9.]

**Part headings not law—Effective date—2005 c 274:** See RCW 42.56.901 and 42.56.902.

**70.168.080 Prehospital trauma care service—Verification—Compliance—Variance.** (1) Any provider desiring to provide a verified prehospital trauma care service shall indicate on the licensing application how they meet the standards required for verification as a provider of this service. The department shall notify the regional emergency medical services and trauma care councils of the providers of verified trauma care services in their regions. The department may conduct on-site reviews of prehospital providers to assess compliance with the applicable standards.

(2) Should the department determine that a prehospital provider is substantially out of compliance with the standards, the department shall notify the regional emergency medical services and trauma care council. If the failure of a prehospital provider to comply with the applicable standards results in the region being out of compliance with its regional plan, the council shall take such steps necessary to assure the region is brought into compliance within a reasonable period of time. The council may seek assistance and funding from the department and others to provide training or grants necessary to bring a prehospital provider into compliance. The council may appeal to the department for modification of the regional plan if it is unable to assure continued compliance with the regional plan. The department may authorize modification of the plan if such modifications meet the requirements of this chapter. The department may suspend or revoke the authorization of a prehospital provider to provide a verified prehospital service if the provider has refused or been unable to comply after a reasonable period of time has elapsed. The council shall be notified promptly of any revocations or suspensions. Any prehospital provider whose verification has been suspended or revoked may request a hearing to review the action by the department as provided for in chapter 34.05 RCW.

(3) The department may grant a variance from provisions of this section if the department determines: (a) That no detriment to public health and safety will result from the variance, and (b) compliance with provisions of this section will cause a reduction or loss of existing prehospital services. Variances may be granted for a period not to exceed one year. A variance may be renewed by the department. If a renewal is granted, a plan of compliance shall be prepared specifying steps necessary to bring a provider or region into compliance and expected date of compliance.

(4) This section shall not restrict the authority of a provider licensed under Title 18 RCW to provide services which it has been authorized to provide by state law. [1990 c 269 § 10.]

**70.168.090 Statewide data registry—Quality assurance program—Confidentiality.** (1) By July 1991, the department shall establish a statewide data registry to collect and analyze data on the incidence, severity, and causes of trauma, including traumatic brain injury. The department shall collect additional data on traumatic brain injury should additional data requirements be enacted by the legislature. The registry shall be used to improve the availability and delivery of prehospital and hospital trauma care services. Specific data elements of the registry shall be defined by rule by the department. To the extent possible, the department shall coordinate data collection from hospitals for the trauma registry with the health care data system authorized in chapter 70.170 RCW. Every hospital, facility, or health care provider authorized to provide level I, II, III, IV, or V trauma care services, level I, II, or III pediatric trauma care services, level I, level I-pediatric, II, or III trauma-related rehabilitative services, and prehospital trauma-related services in the state shall furnish data to the registry. All other hospitals and prehospital providers shall furnish trauma data as required by the department by rule.

The department may respond to requests for data and other information from the registry for special studies and analysis consistent with requirements for confidentiality of patient and quality assurance records. The department may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) By January 1994, in each emergency medical services and trauma care planning and service region, a regional emergency medical services and trauma care systems quality assurance program shall be established by those facilities authorized to provide levels I, II, and III trauma care services. The systems quality assurance program shall evaluate trauma care delivery, patient care outcomes, and compliance with the requirements of this chapter. The emergency medical services medical program director and all other health care providers and facilities who provide trauma care services within the region shall be invited to participate in the regional emergency medical services and trauma care quality assurance program.

(3) Data elements related to the identification of individual patient's, provider's and facility's care outcomes shall be confidential, shall be exempt from RCW 42.56.030 through 42.56.570 and 42.17.350 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence.

(4) Patient care quality assurance proceedings, records, and reports developed pursuant to this section are confidential, exempt from chapter 42.56 RCW, and are not subject to discovery by subpoena or admissible as evidence. In any civil action, except, after in camera review, pursuant to a court order which provides for the protection of sensitive information of interested parties including the department: (a) In actions arising out of the department's designation of a hospital or health care facility pursuant to RCW 70.168.070; (b) in actions arising out of the department's revocation or suspension of designation status of a hospital or health care facility under RCW 70.168.070; or (c) in actions arising out of the restriction or revocation of the clinical or staff privileges of a health care provider as defined in RCW 7.70.020 (1) and (2), subject to any further restrictions on disclosure in RCW 4.24.250 that may apply. Information that identifies

individual patients shall not be publicly disclosed without the patient's consent. [2005 c 274 § 344; 1990 c 269 § 11.]

**Part headings not law—Effective date—2005 c 274:** See RCW 42.56.901 and 42.56.902.

**70.168.100 Regional emergency medical services and trauma care councils.** Regional emergency medical services and trauma care councils are established. The councils shall:

(1) By June 1990, begin the development of regional emergency medical services and trauma care plans to:

(a) Assess and analyze regional emergency medical services and trauma care needs;

(b) Identify personnel, agencies, facilities, equipment, training, and education to meet regional and local needs;

(c) Identify specific activities necessary to meet statewide standards and patient care outcomes and develop a plan of implementation for regional compliance;

(d) Establish and review agreements with regional providers necessary to meet state standards;

(e) Establish agreements with providers outside the region to facilitate patient transfer;

(f) Include a regional budget;

(g) Establish the number and level of facilities to be designated which are consistent with state standards and based upon availability of resources and the distribution of trauma within the region;

(h) Identify the need for and recommend distribution and level of care of prehospital services to assure adequate availability and avoid inefficient duplication and lack of coordination of prehospital services within the region; and

(i) Include other specific elements defined by the department;

(2) By June 1991, begin the submission of the regional emergency services and trauma care plan to the department;

(3) Advise the department on matters relating to the delivery of emergency medical services and trauma care within the region;

(4) Provide data required by the department to assess the effectiveness of the emergency medical services and trauma care system;

(5) May apply for, receive, and accept gifts and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including any activities related to the design, maintenance, or enhancements of the emergency medical services and trauma care system in the region. The councils shall report in the regional budget the amount, source, and purpose of all gifts and payments. [1990 c 269 § 13.]

**70.168.110 Planning and service regions.** The department shall designate at least eight emergency medical services and trauma care planning and service regions so that all parts of the state are within such an area. These regional designations are to be made on the basis of efficiency of delivery of needed emergency medical services and trauma care. [1990 c 269 § 14; 1987 c 214 § 4; 1973 1st ex.s. c 208 § 6. Formerly RCW 18.73.060.]

**70.168.120 Local and regional emergency medical services and trauma care councils—Power and duties.** (1) A county or group of counties may create a local emergency medical services and trauma care council composed of representatives of hospital and prehospital trauma care and emergency medical services providers, local elected officials, consumers, local law enforcement officials, and local government agencies involved in the delivery of emergency medical services and trauma care.

(2) The department shall establish regional emergency medical services and trauma care councils and shall appoint members to be comprised of a balance of hospital and prehospital trauma care and emergency medical services providers, local elected officials, consumers, local law enforcement representatives, and local government agencies involved in the delivery of trauma care and emergency medical services recommended by the local emergency medical services and trauma care councils within the region.

(3) Local emergency medical services and trauma care councils shall review, evaluate, and provide recommendations to the regional emergency medical services and trauma care council regarding the provision of emergency medical services and trauma care in the region, and provide recommendations to the regional emergency medical services and trauma care councils on the plan for emergency medical services and trauma care. [1990 c 269 § 15; 1987 c 214 § 6; 1983 c 112 § 8. Formerly RCW 18.73.073.]

**70.168.130 Disbursement of funds to regional emergency medical services and trauma care councils—Grants to nonprofit agencies—Purposes.** (1) The department, with the assistance of the emergency medical services and trauma care steering committee, shall adopt a program for the disbursement of funds for the development, implementation, and enhancement of the emergency medical services and trauma care system. Under the program, the department shall disburse funds to each emergency medical services and trauma care regional council, or their chosen fiscal agent or agents, which shall be city or county governments, stipulating the purpose for which the funds shall be expended. The regional emergency medical services and trauma care council shall use such funds to make available matching grants in an amount not to exceed fifty percent of the cost of the proposal for which the grant is made; provided, the department may waive or modify the matching requirement if it determines insufficient local funding exists and the public health and safety would be jeopardized if the proposal were not funded. Grants shall be made to any public or private nonprofit agency which, in the judgment of the regional emergency medical services and trauma care council, will best fulfill the purpose of the grant.

(2) Grants may be awarded for any of the following purposes:

(a) Establishment and initial development of an emergency medical services and trauma care system;

(b) Expansion and improvement of an emergency medical services and trauma care system;

(c) Purchase of equipment for the operation of an emergency medical services and trauma care system;

(d) Training and continuing education of emergency medical and trauma care personnel; and

(e) Department approved research and development activities pertaining to emergency medical services and trauma care.

(3) Any emergency medical services agency or trauma care provider which receives a grant shall stipulate that it will:

(a) Operate in accordance with applicable provisions and standards required under this chapter;

(b) Provide, without prior inquiry as to ability to pay, emergency medical and trauma care to all patients requiring such care; and

(c) Be consistent with applicable provisions of the regional emergency medical services and trauma care plan and the statewide emergency medical services and trauma care system plan. [1990 c 269 § 16; 1987 c 214 § 8; 1979 ex.s. c 261 § 8. Formerly RCW 18.73.085.]

**70.168.135 Grant program for designated trauma care services—Rules.** The department shall establish by rule a grant program for designated trauma care services. The grants shall be made from the emergency medical services and trauma care system trust account and shall require regional matching funds. The trust account funds and regional match shall be in a seventy-five to twenty-five percent ratio. [1997 c 331 § 1.]

**Effective date—1997 c 331:** "Sections 1 through 8 of this act take effect January 1, 1998." [1997 c 331 § 11.]

**70.168.140 Prehospital provider liability.** (1) No act or omission of any prehospital provider done or omitted in good faith while rendering emergency medical services in accordance with the approved regional plan shall impose any liability upon that provider.

(2) This section does not apply to the commission or omission of an act which is not within the field of the medical expertise of the provider.

(3) This section does not relieve a provider of any duty otherwise imposed by law.

(4) This section does not apply to any act or omission which constitutes gross negligence or willful or wanton misconduct.

(5) This section applies in addition to provisions already established in RCW 18.71.210. [1990 c 269 § 26.]

**70.168.900 Short title.** This chapter shall be known and cited as the "statewide emergency medical services and trauma care system act." [1990 c 269 § 2.]

**70.168.901 Severability—1990 c 269.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1990 c 269 § 30.]

*Hospital discharge data—Financial reports—Data retrieval—American Indian health data: RCW 43.70.052.*

**70.170.010 Intent.** (1) The legislature finds and declares that there is a need for health care information that helps the general public understand health care issues and how they can be better consumers and that is useful to purchasers, payers, and providers in making health care choices and negotiating payments. It is the purpose and intent of this chapter to establish a hospital data collection, storage, and retrieval system which supports these data needs and which also provides public officials and others engaged in the development of state health policy the information necessary for the analysis of health care issues.

(2) The legislature finds that rising health care costs and access to health care services are of vital concern to the people of this state. It is, therefore, essential that strategies be explored that moderate health care costs and promote access to health care services.

(3) The legislature further finds that access to health care is among the state's goals and the provision of such care should be among the purposes of health care providers and facilities. Therefore, the legislature intends that charity care requirements and related enforcement provisions for hospitals be explicitly established.

(4) The lack of reliable statistical information about the delivery of charity care is a particular concern that should be addressed. It is the purpose and intent of this chapter to require hospitals to provide, and report to the state, charity care to persons with acute care needs, and to have a state agency both monitor and report on the relative commitment of hospitals to the delivery of charity care services, as well as the relative commitment of public and private purchasers or payers to charity care funding. [1989 1st ex.s. c 9 § 501.]

**70.170.020 Definitions.** As used in this chapter:

- (1) "Department" means department of health.
- (2) "Hospital" means any health care institution which is required to qualify for a license under \*RCW 70.41.020(2); or as a psychiatric hospital under chapter 71.12 RCW.
- (3) "Secretary" means secretary of health.
- (4) "Charity care" means necessary hospital health care rendered to indigent persons, to the extent that the persons are unable to pay for the care or to pay deductibles or co-insurance amounts required by a third-party payer, as determined by the department.
- (5) "Sliding fee schedule" means a hospital-determined, publicly available schedule of discounts to charges for persons deemed eligible for charity care; such schedules shall be established after consideration of guidelines developed by the department.
- (6) "Special studies" means studies which have not been funded through the department's biennial or other legislative appropriations. [1995 c 269 § 2203; 1989 1st ex.s. c 9 § 502.]

**\*Reviser's note:** RCW 70.41.020 was amended by 2002 c 116 § 2, changing subsection (2) to subsection (4).

**Effective date—1995 c 269:** See note following RCW 9.94A.850.

**Part headings not law—Severability—1995 c 269:** See notes following RCW 13.40.005.

**70.170.050 Requested studies—Costs.** The department shall have the authority to respond to requests of others for special studies or analysis. The department may require such sponsors to pay any or all of the reasonable costs associated with such requests that might be approved, but in no event may costs directly associated with any such special study be charged against the funds generated by the assessment authorized under RCW 70.170.080. [1989 1st ex.s. c 9 § 505.]

**70.170.060 Charity care—Prohibited and required hospital practices and policies—Rules—Department to monitor and report.** (1) No hospital or its medical staff shall adopt or maintain admission practices or policies which result in:

(a) A significant reduction in the proportion of patients who have no third-party coverage and who are unable to pay for hospital services;

(b) A significant reduction in the proportion of individuals admitted for inpatient hospital services for which payment is, or is likely to be, less than the anticipated charges for or costs of such services; or

(c) The refusal to admit patients who would be expected to require unusually costly or prolonged treatment for reasons other than those related to the appropriateness of the care available at the hospital.

(2) No hospital shall adopt or maintain practices or policies which would deny access to emergency care based on ability to pay. No hospital which maintains an emergency department shall transfer a patient with an emergency medical condition or who is in active labor unless the transfer is performed at the request of the patient or is due to the limited medical resources of the transferring hospital. Hospitals must follow reasonable procedures in making transfers to other hospitals including confirmation of acceptance of the transfer by the receiving hospital.

(3) The department shall develop definitions by rule, as appropriate, for subsection (1) of this section and, with reference to federal requirements, subsection (2) of this section. The department shall monitor hospital compliance with subsections (1) and (2) of this section. The department shall report individual instances of possible noncompliance to the state attorney general or the appropriate federal agency.

(4) The department shall establish and maintain by rule, consistent with the definition of charity care in RCW 70.170.020, the following:

(a) Uniform procedures, data requirements, and criteria for identifying patients receiving charity care;

(b) A definition of residual bad debt including reasonable and uniform standards for collection procedures to be used in efforts to collect the unpaid portions of hospital charges that are the patient's responsibility.

(5) For the purpose of providing charity care, each hospital shall develop, implement, and maintain a charity care policy which, consistent with subsection (1) of this section, shall enable people below the federal poverty level access to appropriate hospital-based medical services, and a sliding fee

schedule for determination of discounts from charges for persons who qualify for such discounts by January 1, 1990. The department shall develop specific guidelines to assist hospitals in setting sliding fee schedules required by this section. All persons with family income below one hundred percent of the federal poverty standard shall be deemed charity care patients for the full amount of hospital charges, provided that such persons are not eligible for other private or public health coverage sponsorship. Persons who may be eligible for charity care shall be notified by the hospital.

(6) Each hospital shall make every reasonable effort to determine the existence or nonexistence of private or public sponsorship which might cover in full or part the charges for care rendered by the hospital to a patient; the family income of the patient as classified under federal poverty income guidelines; and the eligibility of the patient for charity care as defined in this chapter and in accordance with hospital policy. An initial determination of sponsorship status shall preclude collection efforts directed at the patient.

(7) The department shall monitor the distribution of charity care among hospitals, with reference to factors such as relative need for charity care in hospital service areas and trends in private and public health coverage. The department shall prepare reports that identify any problems in distribution which are in contradiction of the intent of this chapter. The report shall include an assessment of the effects of the provisions of this chapter on access to hospital and health care services, as well as an evaluation of the contribution of all purchasers of care to hospital charity care.

(8) The department shall issue a report on the subjects addressed in this section at least annually, with the first report due on July 1, 1990. [1998 c 245 § 118; 1989 1st ex.s. c 9 § 506.]

**70.170.070 Penalties.** (1) Every person who shall violate or knowingly aid and abet the violation of RCW 70.170.060 (5) or (6), 70.170.080, or \*70.170.100, or any valid orders or rules adopted pursuant to these sections, or who fails to perform any act which it is herein made his or her duty to perform, shall be guilty of a misdemeanor. Following official notice to the accused by the department of the existence of an alleged violation, each day of noncompliance upon which a violation occurs shall constitute a separate violation. Any person violating the provisions of this chapter may be enjoined from continuing such violation. The department has authority to levy civil penalties not exceeding one thousand dollars for violations of this chapter and determined pursuant to this section.

(2) Every person who shall violate or knowingly aid and abet the violation of RCW 70.170.060 (1) or (2), or any valid orders or rules adopted pursuant to such section, or who fails to perform any act which it is herein made his or her duty to perform, shall be subject to the following criminal and civil penalties:

(a) For any initial violations: The violating person shall be guilty of a misdemeanor, and the department may impose a civil penalty not to exceed one thousand dollars as determined pursuant to this section.

(b) For a subsequent violation of RCW 70.170.060 (1) or (2) within five years following a conviction: The violating person shall be guilty of a misdemeanor, and the department

may impose a penalty not to exceed three thousand dollars as determined pursuant to this section.

(c) For a subsequent violation with intent to violate RCW 70.170.060 (1) or (2) within five years following a conviction: The criminal and civil penalties enumerated in (a) of this subsection; plus up to a three-year prohibition against the issuance of tax exempt bonds under the authority of the Washington health care facilities authority; and up to a three-year prohibition from applying for and receiving a certificate of need.

(d) For a violation of RCW 70.170.060 (1) or (2) within five years of a conviction under (c) of this subsection: The criminal and civil penalties and prohibition enumerated in (a) and (b) of this subsection; plus up to a one-year prohibition from participation in the state medical assistance or medical care services authorized under chapter 74.09 RCW.

(3) The provisions of chapter 34.05 RCW shall apply to all noncriminal actions undertaken by the department of health, the department of social and health services, and the Washington health care facilities authority pursuant to chapter 9, Laws of 1989 1st ex. sess. [1989 1st ex.s. c 9 § 507.]

**\*Reviser's note:** RCW 70.170.100 was repealed by 1995 c 265 § 27 and by 1995 c 267 § 12, effective July 1, 1995.

**70.170.080 Assessments—Costs.** The basic expenses for the hospital data collection and reporting activities of this chapter shall be financed by an assessment against hospitals of no more than four one-hundredths of one percent of each hospital's gross operating costs, to be levied and collected from and after that date, upon which the similar assessment levied under \*chapter 70.39 RCW is terminated, for the provision of hospital services for its last fiscal year ending on or before June 30th of the preceding calendar year. Budgetary requirements in excess of that limit must be financed by a general fund appropriation by the legislature. All moneys collected under this section shall be deposited by the state treasurer in the hospital data collection account which is hereby created in the state treasury. The department may also charge, receive, and dispense funds or authorize any contractor or outside sponsor to charge for and reimburse the costs associated with special studies as specified in RCW 70.170.050.

During the 1993-1995 fiscal biennium, moneys in the hospital data collection account may be expended, pursuant to appropriation, for hospital data analysis and the administration of the health information program.

Any amounts raised by the collection of assessments from hospitals provided for in this section which are not required to meet appropriations in the budget act for the current fiscal year shall be available to the department in succeeding years. [1993 sp.s. c 24 § 925; 1991 sp.s. c 13 § 71; 1989 1st ex.s. c 9 § 508.]

**\*Reviser's note:** Chapter 70.39 RCW was repealed by 1982 c 223 § 10, effective June 30, 1990.

**Severability—Effective dates—1993 sp.s. c 24:** See notes following RCW 28A.310.020.

**Effective dates—Severability—1991 sp.s. c 13:** See notes following RCW 18.08.240.

**70.170.090 Confidentiality.** The department and any of its contractors or agents shall maintain the confidentiality (2008 Ed.)

of any information which may, in any manner, identify individual patients. [1989 1st ex.s. c 9 § 509.]

**70.170.900 Effective date—1989 1st ex.s. c 9.** See RCW 43.70.910.

**70.175.010 Legislative findings.** (1) The legislature declares that availability of health services to rural citizens is an issue on which a state policy is needed.

The legislature finds that changes in the demand for health care, in reimbursement policies of public and private purchasers, [and] in the economic and demographic conditions in rural areas threaten the availability of care services.

In addition, many factors inhibit needed changes in the delivery of health care services to rural areas which include inappropriate and outdated regulatory laws, aging and inefficient health care facilities, the absence of local planning and coordination of rural health care services, the lack of community understanding of the real costs and benefits of supporting rural hospitals, the lack of regional systems to assure access to care that cannot be provided in every community, and the absence of state health care policy objectives.

The legislature further finds that the creation of effective health care delivery systems that assure access to health care services provided in an affordable manner will depend on active local community involvement. It further finds that it is the duty of the state to create a regulatory environment and health care payment policy that promotes innovation at the local level to provide such care.

It further declares that it is the responsibility of the state to develop policy that provides direction to local communities with regard to such factors as a definition of health care services, identification of statewide health status outcomes, clarification of state, regional, [and] community responsibilities and interrelationships for assuring access to affordable

health care and continued assurances that quality health care services are provided.

(2) The legislature further finds that many rural communities do not operate hospitals in a cost-efficient manner. The cost of operating the rural hospital often exceeds the revenues generated. Some of these hospitals face closure, which may result in the loss of health care services for the community. Many communities are struggling to retain health care services by operating a cost-efficient facility located in the community. Current regulatory laws do not provide for the facilities licensure option that is appropriate for rural areas. A major barrier to the development of an appropriate rural licensure model is federal medicare approval to guarantee reimbursement for the costs of providing care and operating the facility. Medicare certification typically elaborates upon state licensure requirements. Medicare approval of reimbursement is more likely if the state has developed legal criteria for a rural-appropriate health facility. Medicare has begun negotiations with other states facing similar problems to develop exceptions with the goal of allowing reimbursement of rural alternative health care facilities. It is in the best interests of rural citizens for Washington state to begin negotiations with the federal government with the objective of designing a medicare eligible rural health care facility structured to meet the health care needs of rural Washington and be eligible for federal and state financial support for its development and operation. [1989 1st ex.s. c 9 § 701.]

(4) The secretary may apply for, receive, and accept gifts and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects related to the delivery of health care in rural areas.

(5) In designing and implementing the project the secretary shall consider the report of the Washington rural health care commission established under chapter 207, Laws of 1988. Nothing in this chapter requires the secretary to follow any specific recommendation contained in that report except as it may also be included in this chapter. [1994 sp.s. c 9 § 806; 1989 1st ex.s. c 9 § 703.]

**Severability—Headings and captions not law—Effective date—1994 sp.s. c 9:** See RCW 18.79.900 through 18.79.902.

**70.175.050 Secretary's powers and duties.** The secretary shall have the following powers and duties:

(1) To design the project application and selection process, including a program to advertise the project to rural communities and encourage prospective applicants to apply. Project sites that receive seed grant funding may hire consultants and shall perform other activities necessary to meet participant requirements defined in this chapter. In considering selection of participants eligible for seed grant funding, the secretary should consider project sites where (a) existing access to health care is severely inadequate, (b) where a financially vulnerable health care facility is present, (c) where a financially vulnerable health care facility is present and an adjoining community in the same catchment area has a competing facility, or (d) where improvements in the delivery of primary care services, including preventive care services, is needed.

The department may obtain technical assistance support for project sites that are not selected to be funded sites. The secretary shall select these assisted project sites based upon merit and to the extent possible, based upon the desire to address specific health status outcomes;

(2) To design acceptable outcome measures which are based upon health status outcomes and are to be part of the community plan, to work with communities to set acceptable local outcome targets in the health care delivery system strategic plan, and to serve as a general resource to participants in the planning, administration, and evaluation of project sites;

(3) To assess and approve community strategic plans developed by participants, including an assessment of the technical and financial feasibility of implementing the plan and whether adequate local support for the plan is demonstrated;

Participants should create health care delivery system strategic plans which promote health care services which the participant can financially sustain;

(8) To screen and contract with consultants for technical assistance if the project site was selected to receive funding and assistance is needed;

(9) To monitor and evaluate the project in an ongoing manner;

(10) To implement necessary changes as defined in the plans such as converting existing facilities, developing or modifying services, recruiting providers, or obtaining agreements with other communities to provide some or all health care services; and

The department shall also consult with third-party payers, consumers, local officials, and others to ensure broad participation in defining regulatory standards and requirements that are appropriate for a rural health care facility.

(2) When developing the rural health care facility licensure rules, the department shall consider the report of the Washington rural health care commission established under chapter 207, Laws of 1988. Nothing in this chapter requires the department to follow any specific recommendation contained in that report except as it may also be included in this chapter.

(3) Upon developing rules, the department shall enter into negotiations with appropriate federal officials to seek medicare approval of the facility and financial participation of medicare and other federal programs in developing and operating the rural health care facility. [1998 c 245 § 119; 1989 1st ex.s. c 9 § 710.]

**70.175.120 Rural health care facility not a hospital.** The rural health care facility is not considered a hospital for building occupancy purposes. [1989 1st ex.s. c 9 § 712.]

**70.175.130 Rural health care plan.** The department may develop and implement a rural health care plan and may approve hospital and rural health care facility requests to be designated as essential access community hospitals or rural primary care hospitals so that such facilities may form rural health networks to preserve health care services in rural areas and thereby be eligible for federal program funding and enhanced medicare reimbursement. The department may monitor any rural health care plan and designated facilities to assure continued compliance with the rural health care plan. [1992 c 27 § 4; 1990 c 271 § 18.]

**70.180.005 Finding—Health care professionals.** The legislature finds that a health care access problem exists in rural areas of the state because rural health care providers are unable to leave the community for short-term periods of time to attend required continuing education training or for personal matters because their absence would leave the community without adequate medical care coverage. The lack of adequate medical coverage in geographically remote rural communities constitutes a threat to the health and safety of the people in those communities.

The legislature declares that it is in the public interest to recruit and maintain a pool of physicians, physician assistants, pharmacists, and advanced registered nurse practitioners willing and able on short notice to practice in rural communities on a short-term basis to meet the medical needs of the community. [1991 c 332 § 27; 1990 c 271 § 1.]

**Application to scope of practice—Captions not law—1991 c 332:** See notes following RCW 18.130.010.

**70.180.009 Finding—Rural training opportunities.** The legislature finds that a shortage of physicians, nurses, pharmacists, and physician assistants exists in rural areas of the state. In addition, many education programs to train these health care providers do not include options for practical training experience in rural settings. As a result, many health care providers find their current training does not prepare them for the unique demands of rural practice.

The legislature declares that the availability of rural training opportunities as a part of professional medical, nursing, pharmacist, and physician assistant education would provide needed practical experience, serve to attract providers to rural areas, and help address the current shortage of these providers in rural Washington. [1990 c 271 § 14.]

**70.180.011 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of health.

(2) "Rural areas" means a rural area in the state of Washington as identified by the department. [1991 c 332 § 29.]

**Application to scope of practice—Captions not law—1991 c 332:** See notes following RCW 18.130.010.

**70.180.020 Health professional temporary substitute resource pool.** The department shall establish or contract for a health professional temporary substitute resource pool. The purpose of the pool is to provide short-term physician, physician assistant, pharmacist, and advanced registered nurse practitioner personnel to rural communities where these health care providers:

(1) Are unavailable due to provider shortages;

(2) Need time off from practice to attend continuing education and other training programs; and

(3) Need time off from practice to attend to personal matters or recover from illness.

The health professional temporary substitute resource pool is intended to provide short-term assistance and should complement active health provider recruitment efforts by

(2008 Ed.)

rural communities where shortages exist. [1994 c 103 § 1; 1990 c 271 § 2.]

**70.180.030 Registry of health care professionals available to rural communities—Conditions of participation.** (1) The department, in cooperation with the University of Washington school of medicine, the state's registered nursing programs, the state's pharmacy programs, and other appropriate public and private agencies and associations, shall develop and keep current a register of physicians, physician assistants, pharmacists, and advanced registered nurse practitioners who are available to practice on a short-term basis in rural communities of the state. The department shall list only individuals who have a valid license to practice. The register shall be compiled and made available to all rural hospitals, public health departments and districts, rural pharmacies, and other appropriate public and private agencies and associations.

(2) Eligible health care professionals are those licensed under chapters 18.57, 18.57A, 18.64, 18.71, and 18.71A RCW and advanced registered nurse practitioners licensed under chapter 18.79 RCW.

(3) Participating sites may:

(a) Receive reimbursement for substitute provider travel to and from the rural community and for lodging at a rate determined under RCW 43.03.050 and 43.03.060; and

(b) Receive reimbursement for the cost of malpractice insurance if the services provided are not covered by the substitute provider's or local provider's existing medical malpractice insurance. Reimbursement for malpractice insurance shall only be made available to sites that incur additional costs for substitute provider coverage.

(4) The department may require rural communities to participate in health professional recruitment programs as a condition for providing a temporary substitute health care professional if the community does not have adequate permanent health care personnel. To the extent deemed appropriate and subject to funding, the department may also require communities to participate in other programs or projects, such as the rural health system project authorized in chapter 70.175 RCW, that are designed to assist communities to reorganize the delivery of rural health care services.

(5) A participating site may receive reimbursement for substitute provider assistance as provided for in subsection (3) of this section for up to ninety days during any twelve-month period. The department may modify or waive this limitation should it determine that the health and safety of the community warrants a waiver or modification.

(6) Participating sites shall:

(a) Be responsible for all salary expenses for the temporary substitute provider.

(b) Provide the temporary substitute provider with referral and back-up coverage information. [1994 sp.s. c 9 § 746; 1994 c 103 § 2; 1990 c 271 § 3.]

**Reviser's note:** This section was amended by 1994 c 103 § 2 and by 1994 sp.s. c 9 § 746, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Severability—Headings and captions not law—Effective date—1994 sp.s. c 9:** See RCW 18.79.900 through 18.79.902.

**70.180.040 Request procedure—Acceptance of gifts.**

(1) Requests for a temporary substitute health care professional may be made to the department by the certified health plan, local rural hospital, public health department or district, community health clinic, local practicing physician, physician assistant, pharmacist, or advanced registered nurse practitioner, or local city or county government.

(2) The department may provide directly or contract for services to:

(a) Establish a manner and form for receiving requests;

(b) Minimize paperwork and compliance requirements for participant health care professionals and entities requesting assistance; and

(c) Respond promptly to all requests for assistance.

(3) The department may apply for, receive, and accept gifts and other payments, including property and services, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts to operate the pool. The department shall make available upon request to the appropriate legislative committees information concerning the source, amount, and use of such gifts or payments. [1994 c 103 § 3; 1990 c 271 § 4.]

**70.180.110 Rural training opportunities—Plan development.** (1) The department, in consultation with at least the higher education coordinating board, the state board for community and technical colleges, the superintendent of public instruction, and state-supported education programs in medicine, pharmacy, and nursing, shall develop a plan for increasing rural training opportunities for students in medicine, pharmacy, and nursing. The plan shall provide for direct exposure to rural health professional practice conditions for students planning careers in medicine, pharmacy, and nursing.

(2) The department and the medical, pharmacy, and nurse education programs shall:

(a) Inventory existing rural-based clinical experience programs, including internships, clerkships, residencies, and other training opportunities available to students pursuing degrees in nursing, pharmacy, and medicine;

(b) Identify where training opportunities do not currently exist and are needed;

(c) Develop recommendations for improving the availability of rural training opportunities;

(d) Develop recommendations on establishing agreements between education programs to assure that all students in medical, pharmacist, and nurse education programs in the state have access to rural training opportunities; and

(e) Review private and public funding sources to finance rural-based training opportunities. [1998 c 245 § 120; 1990 c 271 § 15.]

**70.180.120 Midwifery—Statewide plan.** The department, in consultation with training programs that lead to licensure in midwifery and certification as a certified nurse midwife, and other appropriate private and public groups, shall develop a statewide plan to address access to midwifery services.

The plan shall include at least the following: (1) Identification of maternity service shortage areas in the state where midwives could reduce the shortage of services; (2) an inven-

tory of current training programs and preceptorship activities available to train licensed and certified nurse midwives; (3) identification of gaps in the availability of training due to such factors as geographic or economic conditions that prevent individuals from seeking training; (4) identification of other barriers to utilizing midwives; (5) identification of strategies to train future midwives such as developing training programs at community colleges and universities, using innovative telecommunications for training in rural areas, and establishing preceptorship programs accessible to prospective midwives in shortage areas; (6) development of recruitment strategies; and (7) estimates of expected costs associated in recruitment and training.

The plan shall identify the most expeditious and cost-efficient manner to recruit and train midwives to meet the current shortages. Plan development and implementation shall be coordinated with other state policy efforts directed toward, but not limited to, maternity care access, rural health care system organization, and provider recruitment for shortage and medically underserved areas of the state. [1998 c 245 § 121; 1990 c 271 § 16.]

**70.180.130 Expenditures, funding.** Any additional expenditures incurred by the University of Washington from provisions of chapter 271, Laws of 1990 shall be funded from existing financial resources. [1990 c 271 § 28.]

[1993 c 492 § 273; 1991 c 332 § 9.]

**University of Washington primary care physician shortage plan development—1993 c 492:** "(1) The University of Washington shall prepare a primary care shortage plan that accomplishes the following:

(a) Identifies specific activities that the school of medicine shall pursue to increase the number of Washington residents serving as primary care physicians in rural and medically underserved areas of the state, including establishing a goal that assures that no less than fifty percent of medical school graduates who are Washington state residents at the time of matriculation will enter into primary care residencies, to the extent possible, in Washington state by the year 2000;

(b) Assures that the school of medicine shall establish among its highest training priorities the distribution of its primary care physician graduates from the school and associated postgraduate residency programs into rural and medically underserved areas;

(c) Establishes the goal of assuring that the annual number of graduates from the family practice residency network entering rural or medically underserved practice shall be increased by forty percent over a baseline period from 1988 through 1990 by 1995;

(d) Establishes a further goal to make operational at least two additional family practice residency programs within Washington state in geographic areas identified by the plan as underserved in family practice by 1997. The geographic areas identified by the plan as being underserved by family practice physicians shall be consistent with any such similar designations as may be made in the health personnel research plan as authorized under chapter 28B.125 RCW;

(e) Establishes, with the cooperation of existing community and migrant health clinics in rural or medically underserved areas of the state, three family practice residency training tracks. Furthermore, the primary care shortage plan shall provide that one of these training tracks shall be a joint American osteopathic association and American medical association approved training site coordinated with an accredited college of osteopathic medicine with extensive experience in training primary care physicians for the western United States. Such a proposed joint accredited training track will have at least fifty percent of its residency positions in osteopathic medicine; and

(f) Implements the plan, with the exception of the expansion of the family practice residency network, within current biennial appropriations for the University of Washington school of medicine.

(2) The plan shall be submitted to the appropriate committees of the legislature no later than December 1, 1993." [1993 c 492 § 279.]

**70.185.040 Rules.** The department shall adopt rules consistent with this chapter to carry out the purpose of this chapter. All rules shall be adopted in accordance with chapter 34.05 RCW. All rules and procedures adopted by the department shall minimize paperwork and compliance requirements for participants and should not be complex in nature so as to serve as a barrier or disincentive for prospective participants applying for the project. [Title 70 RCW—page 511]

**70.185.050 Secretary's powers and duties.** The secretary shall have the following powers and duties:

(1) To design the project application and selection process, including a program to advertise the project to rural communities and encourage prospective applicants to apply. Subject to funding, project sites shall be selected that are eligible to receive funding. Funding shall be used to hire consultants and perform other activities necessary to meet participant requirements under this chapter. The secretary shall require at least fifty percent matching funds or in-kind contributions from participants. In considering selection of participants eligible for seed grant funding, the secretary should consider project sites where (a) existing access to health care is severely inadequate, (b) recruitment and retention problems have been chronic, (c) the community is in need of primary care practitioners, or (d) the community has unmet health care needs for specific target populations;

(2) To design acceptable health care professional recruitment and retention strategic plans, and to serve as a general resource to participants in the planning, administration, and evaluation of project sites;

(3) To assess and approve strategic plans developed by participants, including an assessment of the technical and financial feasibility of implementing the plan and whether adequate local support for the plan is demonstrated;

(4) To identify existing private and public resources that may serve as eligible consultants, identify technical assistance resources for communities in the project, create a register of public and private technical resource services available, and provide the register to participants. (8) To act as facilitator for multiple applicants and entrants to the project;

(9) To report to the appropriate legislative committees and others from time to time on the progress of the projects including the identification of statutory and regulatory barriers to successful completion of rural health care delivery goals and an ongoing evaluation of the project. [1991 c 332 § 11.]

**70.185.060 Duties and responsibilities of participating communities.** The duties and responsibilities of participating communities shall include:

(1) To involve major health care providers, businesses, public officials, and other community leaders in project design, administration, and oversight;

(2) The secretary may call upon other state agencies including institutions of higher education as authorized under Titles 28A and 28B RCW to identify and coordinate the delivery of technical assistance services to participants in meeting the responsibilities of this chapter. The state agencies, vocational-technical institutions, and institutions of higher education shall cooperate and provide technical assistance to the secretary to the extent that current funding for these entities permits. [1991 c 332 § 13.]

**70.185.080 Participants authorized to contract—Penalty—Secretary and state exempt from liability.** (1) Participants are authorized to use funding granted to them by the secretary for the purpose of contracting for technical assistance services. Participants shall use only consultants identified by the secretary for consulting services unless the participant can show that an alternative consultant is qualified to provide technical assistance and is approved by the secretary. Adequate records shall be kept by the participant showing project site expenditures from grant moneys. Inappropriate use of grant funding is a gross misdemeanor and shall incur the penalties under chapter 9A.20 RCW.

(2) In providing a list of qualified consultants the secretary and the state shall not be held responsible for assuring qualifications of consultants and shall be held harmless for the actions of consultants. (4) Participants in the program incur an obligation to repay any contracted funds with interest set by state law, unless they serve at least three years in the sponsoring community.

(5) The department may provide funds to communities for use in contracting. [1993 c 492 § 274.]

**70.190.005 Purpose.** The legislature finds that a primary goal of public involvement in the lives of children has been to strengthen the family unit.

However, the legislature recognizes that traditional two-parent families with one parent routinely at home are now in the minority. In addition, extended family and natural community supports have eroded drastically. The legislature recognizes that public policy assumptions must be altered to account for this new social reality. Public effort must be redirected to expand, support, strengthen, and help reconstruct family and community networks to assist in meeting the needs of children.

The legislature finds that a broad variety of services for children and families has been independently designed over the years and that the coordination and cost-effectiveness of these services will be enhanced through the adoption of an approach that allows communities to prioritize and coordinate services to meet their local needs. The legislature further finds that the most successful programs for reaching and working with at-risk families and children treat individuals' problems in the context of the family, offer a broad spectrum of services, are flexible in the use of program resources, and use staff who are trained in crossing traditional program categories in order to broker services necessary to fully meet a family's needs.

The legislature further finds that eligibility criteria, expenditure restrictions, and reporting requirements of state and federal categorical programs often create barriers toward the effective use of resources for addressing the multiple problems of at-risk families and children.

The purposes of this chapter are (1) to modify public policy and programs to empower communities to support and respond to the needs of individual families and children and (2) to improve the responsiveness of services for children and

families at risk by facilitating greater coordination and flexibility in the use of funds by state and local service agencies. [1994 sp.s. c 7 § 301; 1992 c 198 § 1.]

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

**70.190.010 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Administrative costs" means the costs associated with procurement; payroll processing; personnel functions; management; maintenance and operation of space and property; data processing and computer services; accounting; budgeting; auditing; indirect costs; and organizational planning, consultation, coordination, and training.

(4) "At-risk behaviors" means violent delinquent acts, teen substance abuse, teen pregnancy and male parentage, teen suicide attempts, dropping out of school, child abuse or neglect, and domestic violence.

(5) "Community public health and safety networks" or "networks" means the organizations authorized under RCW 70.190.060.

(14) "Risk factors" means those factors determined by the department of health to be empirically associated with at-risk behaviors that contribute to violence. [1996 c 132 § 2; 1995 c 399 § 200; 1992 c 198 § 3.]

**Intent—Construction—1996 c 132:** "It is the intent of this act only to make minimal clarifying, technical, and administrative revisions to the laws concerning community public health and safety networks and to the related agencies responsible for implementation of the networks. This act is not intended to change the scope of the duties or responsibilities, nor to undermine the underlying policies, set forth in chapter 7, Laws of 1994 sp. sess." [1996 c 132 § 1.]

**Severability—1996 c 132:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1996 c 132 § 10.]

**70.190.020 Consolidate efforts of existing entities.** To the extent that any power or duty of the council may duplicate efforts of existing councils, commissions, advisory committees, or other entities, the governor is authorized to take necessary actions to eliminate such duplication. This shall include authority to consolidate similar councils or activities in a manner consistent with the goals of this chapter. [1994 sp.s. c 7 § 315; 1992 c 198 § 4.]

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

**70.190.030 Proposals to facilitate services at the community level.** The council shall annually solicit from community networks proposals to facilitate greater flexibility, coordination, and responsiveness of services at the community level. The council shall consider such proposals only if:

(1) A comprehensive plan has been prepared by the community networks;

(2) The community network has identified and agreed to contribute matching funds as specified in RCW 70.190.010;

(3) An interagency agreement has been prepared by the council and the participating local service and support agencies that governs the use of funds, specifies the relationship of the project to the principles listed in RCW 74.14A.025, and identifies specific outcomes and indicators; and

(4) The community network has designed into its comprehensive plan standards for accountability. Accountability standards include, but are not limited to, the public hearing process eliciting public comment about the appropriateness

of the proposed comprehensive plan. The community network must submit reports to the council outlining the public response regarding the appropriateness and effectiveness of the comprehensive plan. [1994 sp.s. c 7 § 316; 1992 c 198 § 5.]

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

**70.190.040 Finding—Grants to improve readiness to learn.** (1) The legislature finds that helping children to arrive at school ready to learn is an important part of improving student learning.

(2) To the extent funds are appropriated, the family policy council shall award grants to community-based consortiums that submit comprehensive plans that include strategies to improve readiness to learn. [1993 c 336 § 901.]

**Findings—Intent—Part headings not law—1993 c 336:** See notes following RCW 28A.150.210.

**Findings—1993 c 336:** See note following RCW 28A.150.210.

**70.190.050 Community networks—Outcome evaluation.** (1) The Washington state institute for public policy shall conduct or contract for monitoring and tracking of the implementation of chapter 7, Laws of 1994 sp. sess. to determine whether these efforts result in a measurable reduction of violence. The institute shall also conduct or contract for an evaluation of the effectiveness of the community public health and safety networks in reducing the rate of at-risk youth through reducing risk factors and increasing protective factors. The evaluation plan shall result in statistically valid evaluation at both statewide and community levels.

(2) Starting five years after the initial grant to a community network, if the community network fails to meet the outcome standards and goals in any two consecutive years, the institute shall make recommendations to the legislature concerning whether the funds received by that community network should revert back to the originating agency. In making this determination, the institute shall consider the adequacy of the level of intervention relative to the risk factors in the community and any external events having a significant impact on risk factors or outcomes.

(3) The outcomes required under this chapter and social development standards and measures established by the department of health under RCW 43.70.555 shall be used in conducting the outcome evaluation of the community networks. [1998 c 245 § 122; 1994 sp.s. c 7 § 207.]

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

**70.190.060 Community networks—Legislative intent—Membership—Open meetings.** (1) The legislature authorizes community public health and safety networks to reconnect parents and other citizens with children, youth, families, and community institutions which support health and safety. The networks have only those powers and duties expressly authorized under this chapter. The networks should empower parents and other citizens by being a means of expressing their attitudes, spirit, and perspectives regarding safe and healthy family and community life. The legislature intends that parent and other citizen perspectives exercise a controlling influence over policy and program opera-

tions of professional organizations concerned with children and family issues within networks in a manner consistent with the Constitution and state law. It is not the intent of the legislature that health, social service, or educational professionals dominate community public health and safety network processes or programs, but rather that these professionals use their skills to lend support to parents and other citizens in expressing their values as parents and other citizens identify community needs and establish community priorities. To this end, the legislature intends full participation of parents and other citizens in community public health and safety networks. The intent is that local community values are reflected in the operations of the network.

(2) A group of persons described in subsection (3) of this section may apply to be a community public health and safety network.

(3) Each community public health and safety network shall be composed of twenty-three people, thirteen of whom shall be citizens who live within the network boundary with no fiduciary interest. In selecting these members, first priority shall be given to members of community mobilization advisory boards, city or county children's services commissions, human services advisory boards, or other such organizations. The thirteen persons shall be selected as follows: Three by chambers of commerce, three by school board members, three by county legislative authorities, three by city legislative authorities, and one high school student, selected by student organizations. The remaining ten members shall live or work within the network boundary and shall include local representation selected by the following groups and entities: Cities; counties; federally recognized Indian tribes; parks and recreation programs; law enforcement agencies; state children's service workers; employment assistance workers; private social service providers, broad-based non-secular organizations, or health service providers; and public education.

(4) Each of the twenty-three people who are members of each community public health and safety network must sign an annual declaration under penalty of perjury or a notarized statement that clearly, in plain and understandable language, states whether or not he or she has a fiduciary interest. If a member has a fiduciary interest, the nature of that interest must be made clear, in plain understandable language, on the signed statement.

(5) Members of the network shall serve terms of three years.

The terms of the initial members of each network shall be as follows: (a) One-third shall serve for one year; (b) one-third shall serve for two years; and (c) one-third shall serve for three years. Initial members may agree which shall serve fewer than three years or the decision may be made by lot. Any vacancy occurring during the term may be filled by the chair for the balance of the unexpired term.

(6) Not less than sixty days before the expiration of a network member's term, the chair shall submit the name of a nominee to the network for its approval. The network shall comply with subsection (3) of this section.

(7) Networks are subject to the open public meetings act under chapter 42.30 RCW and the public records provisions of chapter 42.56 RCW. [2005 c 274 § 345; 1998 c 314 § 12; 1996 c 132 § 3; 1994 sp.s. c 7 § 303.]

**Part headings not law—Effective date—2005 c 274:** See RCW 42.56.901 and 42.56.902.

**Application—1996 c 132 § 3:** "The amendments to RCW 70.190.060 in 1996 c 132 § 3 shall apply prospectively only and are not intended to affect the composition of any community public health and safety network's membership that has been approved by the family policy council prior to June 6, 1996." [1996 c 132 § 11.]

**Intent—Construction—Severability—1996 c 132:** See notes following RCW 70.190.010.

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

**70.190.065 Member's authorization of expenditures—Limitation.** No network member may vote to authorize, or attempt to influence the authorization of, any expenditure in which the member's immediate family has a fiduciary interest. For the purpose of this section "immediate family" means a spouse, parent, grandparent, adult child, brother, or sister. [1996 c 132 § 5.]

**Intent—Construction—Severability—1996 c 132:** See notes following RCW 70.190.010.

**70.190.070 Community networks—Duties.** The community public health and safety networks shall:

(1) Review state and local public health data and analysis relating to risk factors, protective factors, and at-risk children and youth;

(2) Prioritize the risk factors and protective factors to reduce the likelihood of their children and youth being at risk. The priorities shall be based upon public health data and assessment and policy development standards provided by the department of health under RCW 43.70.555;

(3) Develop long-term comprehensive plans to reduce the rate of at-risk children and youth; set definitive, measurable goals, based upon the department of health standards; and project their desired outcomes;

(4) Distribute funds to local programs that reflect the locally established priorities and as provided in \*RCW 70.190.140;

(5) Comply with outcome-based standards;

(6) Cooperate with the department of health and local boards of health to provide data and determine outcomes; and

(7) Coordinate its efforts with anti-drug use efforts and organizations and maintain a high priority for combatting drug use by at-risk youth. [1994 sp.s. c 7 § 304.]

\*Reviser's note: RCW 70.190.140 expired June 30, 1995.

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

**70.190.075 Lead fiscal agent.** (1) Each network shall contract with a public entity as its lead fiscal agent. The contract shall grant the agent authority to perform fiscal, accounting, contract administration, legal, and other administrative duties, including the provision of liability insurance. Any contract under this subsection shall be submitted to the council by the network for approval prior to its execution. The council shall review the contract to determine whether the administrative costs will be held to no more than ten percent.

(2) The lead agent shall maintain a system of accounting for network funds consistent with the budgeting, accounting,

and reporting systems and standards adopted or approved by the state auditor.

(3) The lead agent may contract with another public or private entity to perform duties other than fiscal or accounting duties. [1996 c 132 § 4.]

**Intent—Construction—Severability—1996 c 132:** See notes following RCW 70.190.010.

#### **70.190.080 Community networks—Programs and plans.**

(1) The community network's plan may include a program to provide postsecondary scholarships to at-risk students who: (a) Are community role models under criteria established by the community network; (b) successfully complete high school; and (c) maintain at least a 2.5 grade point average throughout high school. Funding for the scholarships may include public and private sources.

(2) The community network's plan may also include funding of community-based home visitor programs which are designed to reduce the incidence of child abuse and neglect within the network. Parents shall sign a voluntary authorization for services, which may be withdrawn at any time. The program may provide parents with education and support either in parents' homes or in other locations comfortable for parents, beginning with the birth of their first baby. The program may make the following services available to the families:

(a) Visits for all expectant or new parents, either at the parent's home or another location with which the parent is comfortable;

(b) Screening before or soon after the birth of a child to assess the family's strengths and goals and define areas of concern in consultation with the family;

(c) Parenting education and skills development;

(d) Parenting and family support information and referral;

(e) Parent support groups; and

(f) Service coordination for individual families, and assistance with accessing services, provided in a manner that ensures that individual families have only one individual or agency to which they look for service coordination. Where appropriate for a family, service coordination may be conducted through interdisciplinary or interagency teams.

These programs are intended to be voluntary for the parents involved.

(3) In developing long-term comprehensive plans to reduce the rate of at-risk children and youth, the community networks shall consider increasing employment and job training opportunities in recognition that they constitute an effective network strategy and strong protective factor. The networks shall consider and may include funding of:

(a) At-risk youth job placement and training programs. The programs shall:

(i) Identify and recruit at-risk youth for local job opportunities;

(ii) Provide skills and needs assessments for each youth recruited;

(iii) Provide career and occupational counseling to each youth recruited;

(iv) Identify businesses willing to provide employment and training opportunities for at-risk youth;

(v) Match each youth recruited with a business that meets his or her skills and training needs;

(vi) Provide employment and training opportunities that prepare the individual for demand occupations; and

(vii) Include, to the extent possible, collaboration of business, labor, education and training, community organizations, and local government;

(b) Employment assistance, including job development, school-to-work placement, employment readiness training, basic skills, apprenticeships, job mentoring, and private sector and community service employment;

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

**70.190.085 Community networks—Sexual abstinence and activity campaign.** The community network's plan may include funding for a student designed media and community campaign promoting sexual abstinence and addressing the importance of delaying sexual activity and pregnancy or male parenting until individuals are ready to nurture and support their children. Under the campaign, which shall be substantially designed and produced by students, the same messages shall be distributed in schools, through the media, and in the community where the campaign is targeted. The campaign shall require local private sector matching funds equal to state funds. Local private sector funds may include in-kind contributions of technical or other assistance from consultants or firms involved in public relations, advertising, broadcasting, and graphics or video production or other related fields. The campaign shall be evaluated using the outcomes required of community networks under this chapter, in particular reductions in the number or rate of teen pregnancies and teen male parentage over a three to five year period. [1994 c 299 § 5.]

**Intent—Finding—Severability—Conflict with federal requirements—1994 c 299:** See notes following RCW 74.12.400.

**70.190.090 Community networks—Planning grants and contracts—Distribution of funds—Reports.** (1) A network shall, upon application to the council, be eligible to receive planning grants and technical assistance from the council. However, during the 1999-01 fiscal biennium, a net-

(2008 Ed.)

work that has not finalized its membership shall be eligible to receive such grants and assistance. Planning grants may be funded through available federal funds for family preservation services. After receiving the planning grant the network has up to one year to submit the long-term comprehensive plan.

(2) The council shall enter into biennial contracts with networks as part of the grant process. The contracts shall be consistent with available resources, and shall be distributed in accordance with the distribution formula developed pursuant to RCW 43.41.195, subject to the applicable matching fund requirement.

(3) No later than February 1 of each odd-numbered year following the initial contract between the council and a network, the council shall request from the network its plan for the upcoming biennial contract period.

(4) The council shall notify the networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(5) The networks shall, by contract, distribute funds (a) appropriated for plan implementation by the legislature, and (b) obtained from nonstate or federal sources. In distributing funds, the networks shall ensure that administrative costs are held to a maximum of ten percent. However, during the 1999-01 fiscal biennium, administrative costs shall be held to a maximum of ten percent or twenty thousand dollars, whichever is greater, exclusive of costs associated with procurement, payroll processing, personnel functions, management, maintenance and operation of space and property, data processing and computer services, indirect costs, and organizational planning, consultation, coordination, and training.

(6) A network shall not provide services or operate programs.

(7) A network shall file a report with the council by May 1 of each year that includes but is not limited to the following information: Detailed expenditures, programs under way, progress on contracted services and programs, and successes and problems in achieving the outcomes required by RCW 70.190.130(1)(h) related to reducing the rate of state-funded out-of-home placements and the other three at-risk behaviors covered by the comprehensive plan and approved by the council. [1999 c 309 § 918; 1996 c 132 § 7; 1994 sp.s. c 7 § 306.]

**Severability—Effective date—1999 c 309:** See notes following RCW 41.06.152.

**Effective dates—1996 c 132 §§ 7, 8:** "(1) Section 7 of this act shall take effect July 1, 1996.

(2) Section 8 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 22, 1996]." [1996 c 132 § 12.]

**Intent—Construction—Severability—1996 c 132:** See notes following RCW 70.190.010.

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

**70.190.100 Duties of council.** The family policy council shall:

(1) Establish network boundaries no later than July 1, 1994. There is a presumption that no county may be divided between two or more community networks and no network shall have fewer than forty thousand population. When

approving multicounty networks, considering dividing a county between networks, or creating a network with a population of less than forty thousand, the council must consider: (a) Common economic, geographic, and social interests; (b) historical and existing shared governance; and (c) the size and location of population centers. Individuals and groups within any area shall be given ample opportunity to propose network boundaries in a manner designed to assure full consideration of their expressed wishes;

(2) Develop a technical assistance and training program to assist communities in creating and developing community networks and comprehensive plans;

(3) Approve the structure, purpose, goals, plan, and performance measurements of each community network;

(4) Identify all prevention and early intervention programs and funds, including all programs funded under RCW 69.50.520, in addition to the programs set forth in RCW 70.190.110, which could be transferred, in all or part, to the community networks, and report their findings and recommendations to the governor and the legislature regarding any appropriate program transfers by January 1 of each year;

(5) Reward community networks that show exceptional success as provided in RCW 43.41.195;

(6) Seek every opportunity to maximize federal and other funding that is consistent with the plans approved by the council for the purpose and goals of this chapter;

(7) Review the state-funded out-of-home placement rate before the end of each contract to determine whether the region has sufficiently reduced the rate. If the council determines that there has not been a sufficient reduction in the rate, it may reduce the immediately succeeding grant to the network;

(8)(a) The council shall monitor the implementation of programs contracted by participating state agencies by reviewing periodic reports on the extent to which services were delivered to intended populations, the quality of services, and the extent to which service outcomes were achieved at the conclusion of service interventions. This monitoring shall include provision for periodic feedback to community networks;

(b) The legislature intends that this monitoring be used by the Washington state institute for public policy, together with public health data on at-risk behaviors and risk and protective factors, to produce an external evaluation of the effectiveness of the networks and their programs. For this reason, and to conserve public funds, the council shall not conduct or contract for the conduct of control group studies, quasi-experimental design studies, or other analysis efforts to attempt to determine the impact of network programs on at-risk behaviors or risk and protective factors; and

(9) Review the implementation of chapter 7, Laws of 1994 sp. sess. The report shall use measurable performance standards to evaluate the implementation. [1998 c 245 § 123; 1994 sp.s. c 7 § 307.]

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

**70.190.110 Program review.** (1) The council, and each network, shall biennially review all state and federal funded programs serving individuals, families, or communities to

determine whether a network may be better able to integrate and coordinate these services within the community.

(2) The council, and each network, shall specifically review the feasibility and desirability of decategorizing and granting, all or part of, the following program funds to the networks:

(a) Consolidated juvenile services;

(b) Family preservation and support services;

(c) Readiness to learn;

(d) Community mobilization;

(e) Violence prevention;

(f) Community-police partnership;

(g) Child care;

(h) Early intervention and educational services, including but not limited to, birth to three, birth to six, early childhood education and assistance, and headstart;

(i) Crisis residential care;

(j) Victims' assistance;

(k) Foster care;

(l) Adoption support;

(m) Continuum of care; and

(n) Drug and alcohol abuse prevention and early intervention in schools.

(3) In determining the desirability of decategorizing these programs the report shall analyze whether:

(a) The program is an integral part of the comprehensive plan without decategorization;

(b) The program is already adequately integrated and coordinated with other programs that are, or will be, funded by the network;

(c) The network could develop the capacity to provide the program's services;

(d) The program goals might receive greater community support and reinforcement through the network;

(e) The program presently ensures that adequate follow-up efforts are utilized, and whether the network could improve on those efforts through decategorization of the funds;

(f) The decategorization would benefit the community; and

(g) The decategorization would assist the network in achieving its goals.

(4) If the council or a network determines that a program should not be decategorized, the council or network shall make recommendations regarding programmatic changes that are necessary to improve the coordination and integration of services and programs, regardless of the funding source for those programs. [1998 c 245 § 124; 1994 sp.s. c 7 § 308.]

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

*Office of financial management, recommended legislation: RCW 43.41.190.*

**70.190.120 Interagency agreement.** (1) The participating state agencies shall execute an interagency agreement to ensure the coordination of their local program efforts regarding children. This agreement shall recognize and give specific planning, coordination, and program administration responsibilities to community networks, after the approval under RCW 70.190.130 of their comprehensive plans. The community networks shall encourage the development of

integrated, regionally based children, youth, and family activities and services with adequate local flexibility to accomplish the purposes stated in section 101, chapter 7, Laws of 1994 sp. sess. and RCW 74.14A.020.

(2) The community networks shall exercise the planning, coordinating, and program administration functions specified by the state interagency agreement in addition to other activities required by law, and shall participate in the planning process required by chapter 71.36 RCW.

(3) Any state or federal funds identified for contracts with community networks shall be transferred with no reductions. [1994 sp.s. c 7 § 309.]

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

**70.190.130 Comprehensive plan—Approval process—Network expenditures—Penalty for noncompliance with chapter.** (1) The council shall only disburse funds to a network after a comprehensive plan has been prepared by the network and approved by the council. In approving the plan the council shall consider whether the network:

(a) Promoted input from the widest practical range of agencies and affected parties, including public hearings;

(b) Reviewed the indicators of violence data compiled by the local public health departments and incorporated a response to those indicators in the plan;

(c) Obtained a declaration by the largest health department within the network boundary, indicating whether the plan meets minimum standards for assessment and policy development relating to social development according to RCW 43.70.555;

(d) Included a specific mechanism of data collection and transmission based on the rules established under RCW 43.70.555;

(e) Considered all relevant causes of violence in its community and did not isolate only one or a few of the elements to the exclusion of others and demonstrated evidence of building community capacity through effective neighborhood and community development;

(f) Considered youth employment and job training programs outlined in this chapter as a strategy to reduce the rate of at-risk children and youth;

(g) Integrated local programs that met the network's priorities and were deemed successful by the network;

(h) Committed to make measurable reductions in the rate of at-risk children and youth by reducing the rate of state-funded out-of-home placements and make reductions in at least three of the following rates of youth: Violent criminal acts, substance abuse, pregnancy and male parentage, suicide attempts, dropping out of school, child abuse or neglect, and domestic violence; and

(i) Held a public hearing on its proposed comprehensive plan and submitted to the council all of the written comments received at the hearing and a copy of the minutes taken at the hearing.

(2) The council may establish a maximum amount to be expended by a network for purposes of planning and administrative duties, that shall not, in total, exceed ten percent of funds available to a network. The council shall make recommendations to the legislature regarding the specific maximum amounts that can be spent by a network or group of net-

(2008 Ed.)

works on planning and administrative duties. The recommendation may provide differing percentages, considering the size of the budgets of each network and giving consideration to whether there should be a higher percentage for administrative and planning purposes in budgets for smaller networks and a smaller percentage of the budgets for administration and planning purposes in larger networks.

(3) The council may determine that a network is not in compliance with this chapter if it fails to comply with statutory requirements. Upon a determination of noncompliance, the council may suspend or revoke a network's status or contract and specify a process and deadline for the network's compliance. *Office of financial management, fund distribution formula:* RCW 43.41.195.

**70.190.150 Federal restrictions on funds transfers, waivers.** If there exist any federal restrictions against the transfer of funds, for the programs enumerated in RCW 70.190.110, to the community networks, the council shall assist the governor in immediately applying to the federal government for waivers of the federal restrictions. The council shall also assist the governor in coordinating efforts to make any changes in federal law necessary to meet the purpose and intent of chapter 7, Laws of 1994 sp. sess. [1994 sp.s. c 7 § 312.]

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

**70.190.160 Community networks—Implementation in federal and state plans.** The implementation of community networks shall be included in all federal and state plans affecting the state's children, youth, and families. The plans shall be consistent with the intent and requirements of this chapter. [1994 sp.s. c 7 § 314.]

**Finding—Intent—Severability—1994 sp.s. c 7:** See notes following RCW 43.70.540.

**70.190.170 Transfer of funds and programs to state agency.** If a community network is unable or unwilling to assume powers and duties authorized under this chapter by June 30, 1998, or the Washington state institute for public policy makes a recommendation under RCW 70.190.050, the governor may transfer all funds and programs available to a community network to a single state agency whose statutory purpose, mission, goals, and operating philosophy most closely supports the principles and purposes of section 101, chapter 7, Laws of 1994 sp. sess. and RCW 74.14A.020, for the purpose of integrating the programs and services. **70.190.180 Community network—Grants for use of school facilities.** A community public health and safety net-

work, based on rules adopted by the department of health, may include in its comprehensive community plans procedures for providing matching grants to school districts to support expanded use of school facilities for after-hours recreational opportunities and day care as authorized under chapter 28A.215 RCW and RCW 28A.620.010. [1994 sp.s. c 7 § 604.]

**70.190.190 Network members immune from civil liability—Network assets not subject to attachment or execution.** (1) The network members are immune from all civil liability arising from their actions done in their decision-making capacity as a network member, except for their intentional tortious acts or acts of official misconduct.

(2) The assets of a network are not subject to attachment or execution in satisfaction of a judgment for the tortious acts or official misconduct of any network member or for the acts of any agency or program to which it provides funds. [1996 c 132 § 9.]

**70.195.005 Findings.** The legislature finds that there is an urgent and substantial need to:

(1) Enhance the development of infants and toddlers with disabilities in the state of Washington in order to minimize developmental delay and maximize individual potential and enhance the capability of families to meet the needs of their infants and toddlers with disabilities and maintain family integrity;

(2) Coordinate and enhance the state's existing early intervention services to ensure a statewide, community-based, coordinated, interagency program of early intervention services for infants and toddlers with disabilities and their families; and

(3) Facilitate the coordination of payment for early intervention services from federal, state, local, and private sources

including public and private insurance coverage. [1992 c 198 § 14.]

**70.195.010 Birth-to-six interagency coordinating council—Early intervention services—Conditions and limitations.** For the purposes of implementing this chapter, the governor shall appoint a state birth-to-six interagency coordinating council and ensure that state agencies involved in the provision of, or payment for, early intervention services to infants and toddlers with disabilities and their families shall coordinate and collaborate in the planning and delivery of such services.

No state or local agency currently providing early intervention services to infants and toddlers with disabilities may use funds appropriated for early intervention services for infants and toddlers with disabilities to supplant funds from other sources.

All state and local agencies shall ensure that the implementation of this chapter will not cause any interruption in existing early intervention services for infants and toddlers with disabilities.

Nothing in this chapter shall be construed to permit the restriction or reduction of eligibility under Title V of the Social Security Act, P.L. 90-248, relating to maternal and child health or Title XIX of the Social Security Act, P.L. 89-97, relating to medicaid for infants and toddlers with disabilities. [1998 c 245 § 125; 1992 c 198 § 15.]

**70.195.020 Birth-to-six interagency coordinating council—Coordination with counties and communities.** The state birth-to-six interagency coordinating council shall identify and work with county early childhood interagency coordinating councils to coordinate and enhance existing early intervention services and assist each community to meet the needs of infants and toddlers with disabilities and their families. [1992 c 198 § 17.]

**70.195.030 Early intervention services—Interagency agreements.** State agencies providing or paying for early intervention services shall enter into formal interagency agreements with each other and where appropriate, with school districts, counties, and other providers, to define their relationships and financial and service responsibilities. Local agencies or entities, including local school districts, counties, and service providers receiving public money for providing or paying for early intervention services shall enter into formal interagency agreements with each other that define their relationships and financial responsibilities to provide services within each county. In establishing priorities, school districts, counties, and other service providers shall give due regard to the needs of children birth to three years of age and shall ensure that they continue to participate in providing services and collaborate with each other. The interagency agreements shall include procedures for resolving disputes, provisions for establishing maintenance requirements, and all additional components necessary to ensure collaboration and coordination. [1992 c 198 § 16.]

**70.195.900 Severability—1992 c 198.** See RCW 70.190.910.

 70.198.020 Advisory council—Membership.  
 70.198.030 Development of early intervention service standards.  
 70.198.040 Hearing loss pamphlet.

**70.198.010 Findings.** (1) The legislature finds that children who are deaf or hard of hearing and their families have unique needs specific to the hearing loss. These unique needs reflect the challenges children with hearing loss and their families encounter related to their lack of full access to auditory communication.

(2) The legislature further finds that early detection of hearing loss in a child and early intervention and treatment have been demonstrated to be highly effective in facilitating a child's healthy development in a manner consistent with the child's age and cognitive ability.

(3) These combined factors support the need for early intervention services providers with specialized training and expertise, spanning the spectrum of available approaches and educational options, who can address the unique characteristics and needs of each child who is deaf or hard of hearing and that child's family. [2004 c 47 § 1.]

**70.198.020 Advisory council—Membership.** (1) There is established an advisory council in the department of social and health services for the purpose of advancing the development of a comprehensive and effective statewide system to provide prompt and effective early interventions for children in the state who are deaf or hard of hearing and their families.

(2) Members of the advisory council shall have training, experience, or interest in hearing loss in children. Membership shall include, but not be limited to, the following: Pediatricians; audiologists; teachers of the deaf and hard of hearing; parents of children who are deaf or hard of hearing; a representative from the Washington state school for the deaf; and representatives of the infant toddler early intervention program in the department of social and health services, the department of health, and the office of the superintendent of public instruction. [2004 c 47 § 2.]

**70.198.030 Development of early intervention service standards.** (1) The advisory council shall develop statewide standards for early intervention services and early intervention services providers specifically related to children who are deaf or hard of hearing.

(2) The advisory council shall develop these standards by January 1, 2005. [2004 c 47 § 3.]

**70.198.040 Hearing loss pamphlet.** (1) The advisory council shall create a pamphlet to be provided to the parents of a child in the state who is diagnosed with hearing loss by their child's pediatrician or audiologist, as appropriate, upon diagnosis of hearing loss. The pamphlet shall contain, at minimum, information on the following: The variety of interventions and treatments available for children who are deaf or hard of hearing; and resources for parent support,

(2008 Ed.)

counseling, financing, and education related to hearing loss in children.

(2) The pamphlet shall be available for distribution by July 1, 2005. [2004 c 47 § 4.]

**70.200.020 Immunity from liability.** Donors and distributing organizations are not liable for civil damages or criminal penalties resulting from the nature, age, condition, or packaging of the donated children's items unless a donor or distributing organization acts with gross negligence or intentional misconduct. [1994 c 25 § 2.]

**70.200.030 Construction—Liability, penalty.** Nothing in this chapter may be construed to create any liability of, or penalty against a donor or distributing organization except as provided in RCW 70.200.020. [1994 c 25 § 3.]

**70.200.900 Severability—1994 c 25.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1994 c 25 § 4.]

## Chapter 70.220 RCW

## WASHINGTON ACADEMY OF SCIENCES

## Sections

70.220.010	Finding—Purpose.
70.220.020	Washington academy of sciences to assist governor, legislature—Duty of state scientists not diminished.
70.220.030	Organizing committee, staff support—Organizational structure.
70.220.040	Duties—Review panels—Funding.
70.220.050	Additional services permitted.
70.220.060	Funding report required by April 30, 2007.

**70.220.010 Finding—Purpose.** The legislature finds that public policies and programs will be improved when informed by independent scientific analysis and communication with state and local policymakers. Throughout the state there are highly qualified persons in a wide range of scientific disciplines who are willing to contribute their time and expertise in such reviews, but that presently there is lacking an organizational structure in which the entire scientific community may most effectively respond to requests for assessments of complex public policy questions. Therefore it is the purpose of chapter 305, Laws of 2005 to authorize the creation of the Washington academy of sciences as a nonprofit entity independent of government, whose principal mission will be the provision of scientific analysis and recommendations on questions referred to the academy by the governor, the governor's designee, or the legislature. [2005 c 305 § 1.]

**70.220.020 Washington academy of sciences to assist governor, legislature—Duty of state scientists not diminished.** The Washington academy of sciences authorized to be formed under RCW 70.220.030 shall serve as a principal source of scientific investigation, examination, and reporting on scientific questions referred to the academy by the governor or the legislature under the provisions of RCW

70.220.040. Nothing in this section or this chapter supersedes or diminishes the responsibilities performed by scientists employed by the state or its political subdivisions. [2005 c 305 § 2.]

**70.220.030 Organizing committee, staff support—Organizational structure.** (1) The presidents of the University of Washington and Washington State University shall jointly form and serve as the cochairs of an organizing committee for the purpose of creating the Washington academy of sciences as an independent entity to carry out the purposes of this chapter. The committee should be representative of appropriate disciplines from the academic, private, governmental, and research sectors.

(2) Staff from the University of Washington and Washington State University, and from other available entities, shall provide support to the organizing committee under the direction of the cochairs.

(3)(a) The committee shall investigate organizational structures that will ensure the participation or membership in the academy of scientists and experts with distinction in their fields, and that will ensure broad participation among the several disciplines that may be called upon in the investigation, examination, and reporting upon questions referred to the academy by the governor or the legislature.

(b) The organizational structure shall include a process by which the academy responds to inquiries from the governor or the legislature, including but not limited to the identification of research projects, past or present, at Washington or other research institutions and the findings of such research projects.

(4) The committee cochairs shall use their best efforts to form the committee by January 1, 2006, and to complete the committee's review by April 30, 2007. By April 30, 2007, the committee, or such individuals as the committee selects, shall file articles of incorporation to create the academy as a Washington independent organizational entity. The articles shall expressly recognize the power and responsibility of the academy to provide services as described in RCW 70.220.040 upon request of the governor, the governor's designee, or the legislature. The articles shall also provide for a board of directors of the academy that includes distinguished scientists from the range of disciplines that may be called upon to provide such services to the state and its political subdivisions, and provide a balance of representation from the academic, private, governmental, and research sectors.

(5) The articles shall provide for all such powers as may be appropriate or necessary to carry out the academy's purposes under this chapter, to the full extent allowable under the proposed organizational structure. [2005 c 305 § 3.]

**70.220.040 Duties—Review panels—Funding.** (1) The academy shall investigate, examine, and report on any subject of science requested by the governor, the governor's designee, or the legislature. The procedures for selecting panels of experts to respond to such requests shall be set forth in the bylaws or other appropriate operating guidelines. In forming review panels, the academy shall endeavor to assure that the panel members have no conflicts of interest and that proposed panelists first disclose any advocacy positions or

(2008 Ed.)

financial interest related to the questions to be addressed by the panel that the candidate has held within the past ten years.

(2) The governor shall provide funding to the academy for the actual expense of such investigation, examination, and reports. Such funding shall be in addition to state funding assistance to the academy in its initial years of operation as described in RCW 70.220.060. [2005 c 305 § 4.]

**70.220.050 Additional services permitted.** The academy may carry out functions or provide services to its members and the public in addition to the services provided under RCW 70.220.040, such as public education programs, newsletters, web sites, science fairs, and research assistance. [2005 c 305 § 5.]

**70.220.060 Funding report required by April 30, 2007.** The organizational committee shall recommend procedures and funding requirements for receiving and disbursing funding in support of the academy's programs and services in a report to the governor and the appropriate committees of the senate and house of representatives no later than April 30, 2007. [2005 c 305 § 6.]

**70.225.020 Prescription monitoring program—Subject to funding—Duties of dispensers.** (1) When sufficient funding is provided for such purpose through federal or private grants, or is appropriated by the legislature, the department shall establish and maintain a prescription monitoring

program to monitor the prescribing and dispensing of all Schedules II, III, IV, and V controlled substances and any additional drugs identified by the board of pharmacy as demonstrating a potential for abuse by all professionals licensed to prescribe or dispense such substances in this state. The program shall be designed to improve health care quality and effectiveness by reducing abuse of controlled substances, reducing duplicative prescribing and overprescribing of controlled substances, and improving controlled substance prescribing practices with the intent of eventually establishing an electronic database available in real time to dispensers and prescribers of controlled substances. As much as possible, the department should establish a common database with other states.

**Rules. (Effective July 1, 2009.)** (1) Every ambulatory surgical facility shall maintain a coordinated quality improvement program for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice. The program shall include at least the following:

(a) The establishment of a quality improvement committee with the responsibility to review the services rendered in the ambulatory surgical facility, both retrospectively and prospectively, in order to improve the quality of medical care of patients and to prevent medical malpractice. The committee shall oversee and coordinate the quality improvement and medical malpractice prevention program and shall ensure that information gathered pursuant to the program is used to review and to revise the policies and procedures of the ambulatory surgical facility;

(b) A medical staff privileges sanction procedure through which credentials, physical and mental capacity, and competence in delivering health care services are periodically reviewed as part of an evaluation of staff privileges;

(c) The periodic review of the credentials, physical and mental capacity, and competence in delivering health care services of all persons who are employed or associated with the ambulatory surgical facility;

(d) A procedure for the prompt resolution of grievances by patients or their representatives related to accidents, injuries, treatment, and other events that may result in claims of medical malpractice;

(e) The maintenance and continuous collection of information concerning the ambulatory surgical facility's experience with negative health care outcomes and incidents injurious to patients, patient grievances, professional liability premiums, settlements, awards, costs incurred by the ambulatory surgical facility for patient injury prevention, and safety improvement activities;

(f) The maintenance of relevant and appropriate information gathered pursuant to (a) through (e) of this subsection concerning individual practitioners within the practitioner's personnel or credential file maintained by the ambulatory surgical facility;

(g) Education programs dealing with quality improvement, patient safety, medication errors, injury prevention, staff responsibility to report professional misconduct, the legal aspects of patient care, improved communication with

patients, and causes of malpractice claims for staff personnel engaged in patient care activities; and

(2) Any person who, in substantial good faith, provides information to further the purposes of the quality improvement and medical malpractice prevention program or who, in substantial good faith, participates on the quality improvement committee is not subject to an action for civil damages or other relief as a result of such activity. Any person or entity participating in a coordinated quality improvement program that, in substantial good faith, shares information or documents with one or more other programs, committees, or boards under subsection (8) of this section is not subject to an action for civil damages or other relief as a result of the activity. For the purposes of this section, sharing information is presumed to be in substantial good faith. However, the presumption may be rebutted upon a showing of clear, cogent, and convincing evidence that the information shared was knowingly false or deliberately misleading.

(3) Information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee are not subject to review or disclosure, except as provided in this section, or discovery or introduction into evidence in any civil action, and no person who was in attendance at a meeting of such committee or who participated in the creation, collection, or maintenance of information or documents specifically for the committee shall be permitted or required to testify in any civil action as to the content of such proceedings or the documents and information prepared specifically for the committee. This subsection does not preclude: (a) In any civil action, the discovery of the identity of persons involved in the medical care that is the basis of the civil action whose involvement was independent of any quality improvement activity; (b) in any civil action, the testimony of any person concerning the facts which form the basis for the institution of such proceedings of which the person had personal knowledge acquired independently of such proceedings; (c) in any civil action by a health care provider regarding the restriction or revocation of that individual's clinical or staff privileges, introduction into evidence of information collected and maintained by quality improvement committees regarding such health care provider; (d) in any civil action, disclosure of the fact that staff privileges were terminated or restricted, including the specific restrictions imposed, if any, and the reasons for the restrictions; or (e) in any civil action, discovery and introduction into evidence of the patient's medical records required by rule of the department to be made regarding the care and treatment received.

(4) Each quality improvement committee shall, on at least a semiannual basis, report to the management of the ambulatory surgical facility, as identified in the facility's application, in which the committee is located. The report shall review the quality improvement activities conducted by the committee, and any actions taken as a result of those activities.

(5) The department shall adopt such rules as are deemed appropriate to effectuate the purposes of this section.

(6) The medical quality assurance commission, the board of osteopathic medicine and surgery, or the podiatric medical

board, as appropriate, may review and audit the records of committee decisions in which a practitioner's privileges are terminated or restricted. Each ambulatory surgical facility shall produce and make accessible to the commission or board the appropriate records and otherwise facilitate the review and audit. Information so gained is not subject to the discovery process and confidentiality shall be respected as required by subsection (3) of this section. Failure of an ambulatory surgical facility to comply with this subsection is punishable by a civil penalty not to exceed two hundred fifty dollars.

(7) The department and any accrediting organization may review and audit the records of a quality improvement committee or peer review committee in connection with their inspection and review of the ambulatory surgical facility. Information so obtained is not subject to the discovery process, and confidentiality shall be respected as required by subsection (3) of this section. Each ambulatory surgical facility shall produce and make accessible to the department the appropriate records and otherwise facilitate the review and audit.

(8) A coordinated quality improvement program may share information and documents, including complaints and incident reports, created specifically for, and collected and maintained by, a quality improvement committee or a peer review committee under RCW 4.24.250 with one or more other coordinated quality improvement programs maintained in accordance with this section or RCW 43.70.510 or 70.41.200, a quality assurance committee maintained in accordance with RCW 18.20.390 or 74.42.640, or a peer review committee under RCW 4.24.250, for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice. The privacy protections of chapter 70.02 RCW and the federal health insurance portability and accountability act of 1996 and its implementing regulations apply to the sharing of individually identifiable patient information held by a coordinated quality improvement program. Any rules necessary to implement this section shall meet the requirements of applicable federal and state privacy laws. Information and documents disclosed by one coordinated quality improvement program to another coordinated quality improvement program or a peer review committee under RCW 4.24.250 and any information and documents created or maintained as a result of the sharing of information and documents are not subject to the discovery process and confidentiality shall be respected as required by subsection (3) of this section, RCW 18.20.390 (6) and (8), 70.41.200(3), 74.42.640 (7) and (9), and 4.24.250.

(9) An ambulatory surgical facility that participates in a coordinated quality improvement program under RCW 43.70.510 shall be deemed to have met the requirements of this section.

(10) Violation of this section shall not be considered negligence per se. [2007 c 273 § 9.]

**70.230.090 Ambulatory surgical facilities—Construction, maintenance, and operation—Minimum standards and rules. (Effective July 1, 2009.)** The department shall establish and adopt such minimum standards and rules pertaining to the construction, maintenance, and operation of

ambulatory surgical facilities and rescind, amend, or modify such rules, as are necessary in the public interest, and particularly for the establishment and maintenance of standards of patient care required for the safe and adequate care and treatment of patients. In establishing the format and content of these standards and rules, the department shall give consideration to maintaining consistency with such minimum standards and rules applicable to ambulatory surgical facilities in the survey standards of accrediting organizations or federal agencies that the secretary has determined to have substantially equivalent standards as the statutes and rules of this state. [2007 c 273 § 10.]

**70.230.100 Ambulatory surgical facilities—Surveys. (Effective July 1, 2009.)** (1) The department shall make or cause to be made a survey of all ambulatory surgical facilities every eighteen months. Every survey of an ambulatory surgical facility may include an inspection of every part of the surgical facility. The department may make an examination of all phases of the ambulatory surgical facility operation necessary to determine compliance with all applicable statutes, rules, and regulations. In the event that the department is unable to make a survey or cause a survey to be made during the three years of the term of the license, the license of the ambulatory surgical facility shall remain in effect until the state conducts a survey or a substitute survey is performed if the ambulatory surgical facility is in compliance with all other licensing requirements.

(2) An ambulatory surgical facility shall be deemed to have met the survey standards of this section if it submits proof of certification as a medicare ambulatory surgical facility or accreditation by an organization that the secretary has determined to have substantially equivalent survey standards to those of the department. A survey performed pursuant to medicare certification or by an approved accrediting organization may substitute for a survey by the department if:

(a) The ambulatory surgical facility has satisfactorily completed a survey by the department in the previous eighteen months; and

(b) Within thirty days of learning the result of a survey, the ambulatory surgical facility provides the department with documentary evidence that the ambulatory surgical facility has been certified or accredited as a result of a survey and the date of the survey.

(3) Ambulatory surgical facilities shall make the written reports of surveys conducted pursuant to medicare certification procedures or by an approved accrediting organization available to department surveyors during any department surveys, upon request. [2007 c 273 § 11.]

**70.230.110 Ambulatory surgical facilities—Submission of data related to the quality of patient care. (Effective July 1, 2009.)** The department shall require ambulatory surgical facilities to submit data related to the quality of patient care for review by the department. The data shall be submitted every eighteen months. The department shall consider the reporting standards of other public and private organizations that measure quality in order to maintain consistency in reporting and minimize the burden on the ambulatory surgical facility. The department shall review the data to

determine the maintenance of quality patient care at the facility. If the department determines that the care offered at the facility may present a risk to the health and safety of patients, the department may conduct an inspection of the facility and initiate appropriate actions to protect the public. Information submitted to the department pursuant to this section shall be exempt from disclosure under chapter 42.56 RCW. [2007 c 273 § 12.]

**70.230.120 Reports—Discipline of a health care provider for unprofessional conduct—Penalties. (Effective July 1, 2009.)** (1) The chief administrator or executive officer of an ambulatory surgical facility shall report to the department when the practice of a health care provider licensed by a disciplining authority under RCW 18.130.040 is restricted, suspended, limited, or terminated based upon a conviction, determination, or finding by the ambulatory surgical facility that the provider has committed an action defined as unprofessional conduct under RCW 18.130.180. The chief administrator or executive officer shall also report any voluntary restriction or termination of the practice of a health care provider licensed by a disciplining authority under RCW 18.130.040 while the provider is under investigation or the subject of a proceeding by the ambulatory surgical facility regarding unprofessional conduct, or in return for the ambulatory surgical facility not conducting such an investigation or proceeding or not taking action. The department shall forward the report to the appropriate disciplining authority.

(2) Reports made under subsection (1) of this section must be made within fifteen days of the date of: (a) A conviction, determination, or finding by the ambulatory surgical facility that the health care provider has committed an action defined as unprofessional conduct under RCW 18.130.180; or (b) acceptance by the ambulatory surgical facility of the voluntary restriction or termination of the practice of a health care provider, including his or her voluntary resignation, while under investigation or the subject of proceedings regarding unprofessional conduct under RCW 18.130.180.

(3) Failure of an ambulatory surgical facility to comply with this section is punishable by a civil penalty not to exceed two hundred fifty dollars.

(4) An ambulatory surgical facility, its chief administrator, or its executive officer who files a report under this section is immune from suit, whether direct or derivative, in any civil action related to the filing or contents of the report, unless the conviction, determination, or finding on which the report and its content are based is proven to not have been made in good faith. The prevailing party in any action brought alleging that the conviction, determination, finding, or report was not made in good faith is entitled to recover the costs of litigation, including reasonable attorneys' fees.

(5) The department shall forward reports made under subsection (1) of this section to the appropriate disciplining authority designated under Title 18 RCW within fifteen days of the date the report is received by the department. The department shall notify an ambulatory surgical facility that has made a report under subsection (1) of this section of the results of the disciplining authority's case disposition decision within fifteen days after the case disposition. Case disposition is the decision whether to issue a statement of

charges, take informal action, or close the complaint without action against a provider. In its biennial report to the legislature under RCW 18.130.310, the department shall specifically identify the case dispositions of reports made by ambulatory surgical facilities under subsection (1) of this section. [2007 c 273 § 13.]

**70.230.130 Written records—Decisions to restrict or terminate privileges of practitioners—Penalties. (Effective July 1, 2009.)** Each ambulatory surgical facility shall keep written records of decisions to restrict or terminate privileges of practitioners. Copies of such records shall be made available to the medical quality assurance commission, the board of osteopathic medicine and surgery, or the podiatric medical board, within thirty days of a request, and all information so gained remains confidential in accordance with RCW 70.230.080 and 70.230.120 and is protected from the discovery process. Failure of an ambulatory surgical facility to comply with this section is punishable by a civil penalty not to exceed two hundred fifty dollars. [2007 c 273 § 14.]

**70.230.140 Information concerning practitioners—Disclosure. (Effective July 1, 2009.)** (1) Prior to granting or renewing clinical privileges or association of any practitioner or hiring a practitioner, an ambulatory surgical facility approved pursuant to this chapter shall request from the practitioner and the practitioner shall provide the following information:

(a) The name of any hospital, ambulatory surgical facility, or other facility with or at which the practitioner had or has any association, employment, privileges, or practice;

(b) If such association, employment, privilege, or practice was discontinued, the reasons for its discontinuation;

(c) Any pending professional medical misconduct proceedings or any pending medical malpractice actions in this state or another state, the substance of the allegations in the proceedings or actions, and any additional information concerning the proceedings or actions as the practitioner deems appropriate;

(d) The substance of the findings in the actions or proceedings and any additional information concerning the actions or proceedings as the practitioner deems appropriate;

(e) A waiver by the practitioner of any confidentiality provisions concerning the information required to be provided to ambulatory surgical facilities pursuant to this subsection; and

(f) A verification by the practitioner that the information provided by the practitioner is accurate and complete.

(2) Prior to granting privileges or association to any practitioner or hiring a practitioner, an ambulatory surgical facility approved under this chapter shall request from any hospital or ambulatory surgical facility with or at which the practitioner had or has privileges, was associated, or was employed, the following information concerning the practitioner:

(a) Any pending professional medical misconduct proceedings or any pending medical malpractice actions, in this state or another state;

70.235.901	Severability—2008 c 14.

**70.235.005 Findings—Intent.** (1) The legislature finds that Washington has long been a national and international leader on energy conservation and environmental stewardship, including air quality protection, renewable energy development and generation, emission standards for fossil-fuel based energy generation, energy efficiency programs, natural resource conservation, vehicle emission standards, and the use of biofuels. Washington is also unique among most states in that in addition to its commitment to reduce emissions of greenhouse gases, it has established goals to grow the clean energy sector and reduce the state's expenditures on imported fuels.

(2) The legislature further finds that Washington should continue its leadership on climate change policy by creating accountability for achieving the emission reductions established in RCW 70.235.020, participating in the design of a regional multisector market-based system to help achieve those emission reductions, assessing other market strategies to reduce emissions of greenhouse gases, and ensuring the state has a well trained workforce for our clean energy future.

(3) It is the intent of the legislature that the state will: (a) Limit and reduce emissions of greenhouse gas consistent with the emission reductions established in RCW 70.235.020; (b) minimize the potential to export pollution, jobs, and economic opportunities; and (c) reduce emissions at the lowest cost to Washington's economy, consumers, and businesses.

(4) In the event the state elects to participate in a regional multisector market-based system, it is the intent of the legislature that the system will become effective by January 1, 2012, after authority is provided to the department for its implementation. By acting now, Washington businesses and citizens will have adequate time and opportunities to be well positioned to take advantage of the low-carbon economy and to make necessary investments in low-carbon technology.

(5) It is also the intent of the legislature that the regional multisector market-based system recognize Washington's unique emissions portfolio, including the state's hydroelectric system, the opportunities presented by Washington's abundant forest resources and agriculture land, and the state's leadership in energy efficiency and the actions it has already taken that have reduced its generation of greenhouse gas

(2008 Ed.)

emissions and that entities receive appropriate credit for early actions to reduce greenhouse gases.

(6) If any revenues that accrue to the state are created by a market system, they must be used to further the state's efforts to achieve the goals established in RCW 70.235.020, address the impacts of global warming on affected habitats, species, and communities, and increase investment in the clean energy economy particularly for communities and workers that have suffered from heavy job losses and chronic unemployment and underemployment. [2008 c 14 § 1.]

**70.235.010 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Carbon dioxide equivalents" means a metric measure used to compare the emissions from various greenhouse gases based upon their global warming potential.

**70.235.020 Greenhouse gas emissions reductions—Reporting requirements.** (1)(a) The state shall limit emissions of greenhouse gases to achieve the following emission reductions for Washington state:

(i) By 2020, reduce overall emissions of greenhouse gases in the state to 1990 levels;

(ii) By 2035, reduce overall emissions of greenhouse gases in the state to twenty-five percent below 1990 levels;

(iii) By 2050, the state will do its part to reach global climate stabilization levels by reducing overall emissions to fifty percent below 1990 levels, or seventy percent below the state's expected emissions that year.

(b) By December 1, 2008, the department shall submit a greenhouse gas reduction plan for review and approval to the

legislature, describing those actions necessary to achieve the emission reductions in (a) of this subsection by using existing statutory authority and any additional authority granted by the legislature. Actions taken using existing statutory authority may proceed prior to approval of the greenhouse gas reduction plan.

(c) Except where explicitly stated otherwise, nothing in chapter 14, Laws of 2008 limits any state agency authorities as they existed prior to June 12, 2008.

(d) Consistent with this directive, the department shall take the following actions:

(i) Develop and implement a system for monitoring and reporting emissions of greenhouse gases as required under RCW 70.94.151; and

(ii) Track progress toward meeting the emission reductions established in this subsection, including the results from policies currently in effect that have been previously adopted by the state and policies adopted in the future, and report on that progress.

(2) By December 31st of each even-numbered year beginning in 2010, the department and the department of community, trade, and economic development shall report to the governor and the appropriate committees of the senate and house of representatives the total emissions of greenhouse gases for the preceding two years, and totals in each major source sector. The department shall ensure the reporting rules adopted under RCW 70.94.151 allow it to develop a comprehensive inventory of emissions of greenhouse gases from all significant sectors of the Washington economy.

(3) Except for purposes of reporting, emissions of carbon dioxide from industrial combustion of biomass in the form of fuel wood, wood waste, wood byproducts, and wood residuals shall not be considered a greenhouse gas as long as the region's silvicultural sequestration capacity is maintained or increased. [2008 c 14 § 3.]

**70.235.030 Development of a design for a regional multisector market-based system to limit and reduce emissions of greenhouse gas—Information required to be submitted to the legislature.** (1)(a) The director shall develop, in coordination with the western climate initiative, a design for a regional multisector market-based system to limit and reduce emissions of greenhouse gas consistent with the emission reductions established in RCW 70.235.020(1).

(b) By December 1, 2008, the director and the director of the department of community, trade, and economic development shall deliver to the legislature specific recommendations for approval and request for authority to implement the preferred design of a regional multisector market-based system in (a) of this subsection. These recommendations must include:

(i) Proposed legislation, necessary funding, and the schedule necessary to implement the preferred design by January 1, 2012;

(ii) Any changes determined necessary to the reporting requirements established under RCW 70.94.151; and

(iii) Actions that the state should take to prevent manipulation of the multisector market-based system designed under this section.

(2) In developing the design for the regional multisector market-based system under subsection (1) of this section, the

department shall consult with the affected state agencies, and provide opportunity for public review and comment.

(3) In addition to the information required under subsection (1)(b) of this section, the director and the director of the department of community, trade, and economic development shall submit the following to the legislature by December 1, 2008:

(a) Information on progress to date in achieving the requirements of chapter 14, Laws of 2008;

(i) Commercial and other working forests, including accounting for site-class specific forest management practices;

(ii) Agricultural and forest products, including accounting for substitution of wood for fossil intensive substitutes;

(iii) Agricultural land and practices;
