mendations to streamline and simplify all planning and reporting requirements to the *department of community, trade, and economic development, which will compile and present the recommendations annually to the legislature. The entities listed in this section shall also give recommendations for additional legislative actions that could promote affordable housing and end homelessness. [2006 c 349 § 11.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Finding—2006 c 349: See note following RCW 43.185.130.

43.185A.110 Affordable housing land acquisition revolving loan fund program. (1) The affordable housing land acquisition revolving loan fund program is created in the department to assist eligible organizations, described under RCW 43.185A.040, to purchase land for affordable housing development. The department shall contract with the Washington state housing finance commission to administer the affordable housing land acquisition revolving loan fund program. Within this program, the Washington state housing finance commission shall establish and administer the Washington state housing finance commission land acquisition revolving loan fund.

(2) As used in this chapter, "market rate" means the current average market interest rate that is determined at the time any individual loan is closed upon using a widely recognized current market interest rate measurement to be selected for use by the Washington state housing finance commission with the department's approval. This interest rate must be noted in an attachment to the closing documents for each loan.

(3) Under the affordable housing land acquisition revolving loan fund program:

(a) Loans may be made to purchase land on which to develop affordable housing. In addition to affordable housing, facilities intended to provide supportive services to affordable housing residents and low-income households in the nearby community may be developed on the land.

(b) Eligible organizations applying for a loan must include in the loan application a proposed affordable housing development plan indicating the number of affordable housing units planned, a description of any other facilities being considered for the property, and an estimated timeline for completion of the development. The Washington state housing finance commission may require additional information from loan applicants and may consider the efficient use of land, project readiness, organizational capacity, and other factors as criteria in awarding loans.

(c) Forty percent of the loans shall go to eligible applicants operating homeownership programs for low-income households in which the households participate in the construction of their homes. Sixty percent of loans shall go to other eligible organizations. If the entire forty percent for applicants operating self-help homeownership programs cannot be lent to these types of applicants, the remainder shall be lent to other eligible organizations.

(d) Within five years of receiving a loan, a loan recipient must present the Washington state housing finance commission with an updated development plan, including a proposed development design, committed and anticipated additional financial resources to be dedicated to the development, and

an estimated development schedule, which indicates completion of the development within eight years of loan receipt. This updated development plan must be substantially consistent with the development plan submitted as part of the original loan application as required in (b) of this subsection.

(e) Within eight years of receiving a loan, a loan recipient must develop affordable housing on the property for which the loan was made and place the affordable housing into service.

(f) A loan recipient must preserve the affordable rental housing developed on the property acquired under this section as affordable housing for a minimum of thirty years.

(4) If a loan recipient does not place affordable housing into service on a property for which a loan has been received under this section within the eight-year period specified in subsection (3)(e) of this section, or if a loan recipient fails to use the property for the intended affordable housing purpose consistent with the loan recipient's original affordable housing development plan, then the loan recipient must pay to the Washington state housing finance commission an amount consisting of the principal of the original loan plus compounded interest calculated at the current market rate. The Washington state housing finance commission shall develop guidelines for the time period in which this repayment must take place, which must be noted in the original loan agreement. The Washington state housing finance commission may grant a partial or total exemption from this repayment requirement if it determines that a development is substantially complete or that the property has been substantially used in keeping with the original affordable housing purpose of the loan. Any repayment funds received as a result of non-compliance with loan requirements shall be deposited into the Washington state housing finance commission land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(5) The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing land acquisition revolving loan fund program.

(6) Interest rates on property loans granted under this section may not exceed one percent. All loan repayment moneys received shall be deposited into the Washington state housing finance commission affordable housing land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(7) The Washington state housing finance commission must develop performance measures for the program, which must be approved by the department, including, at a minimum, measures related to:

(a) The ability of eligible organizations to access land for affordable housing development;

(b) The total number of dwelling units by housing type and the total number of low-income households and persons served; and

(c) The financial efficiency of the program as demonstrated by factors, including the cost per unit developed for affordable housing units in different areas of the state and a measure of the effective use of funds to produce the greatest number of units for low-income households.

(8) By December 1st of each year, beginning in 2007, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature using, at a minimum, the performance measures developed under subsection (7) of this section. [2008 c 112 § 1; 2007 c 428 § 2.]

Findings—2007 c 428: "The legislature finds that protecting the public health, safety, and welfare by providing affordable housing resources to needy or vulnerable persons is a fundamental purpose of government. The legislature further finds that assisting eligible organizations to purchase land for affordable housing development and related supportive services facilities confers a valuable benefit on the public that constitutes consideration for financing assistance to eligible organizations in the form of low-interest loans, subject to restrictions that provide continued protection of the public interest." [2007 c 428 § 1.]

Contingency—2007 c 428: "If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2007, in the omnibus appropriations act, this act is null and void." [2007 c 428 § 3.] Funding was provided in 2007 c 520 § 1044 (capital budget).

43.185A.120 Affordable housing and community facilities rapid response loan program. (1) The affordable housing and community facilities rapid response loan program is created in the department to assist eligible organizations, described under RCW 43.185A.040, to purchase land or real property for affordable housing and community facilities preservation or development in rapidly gentrifying neighborhoods or communities with a significant low-income population that is threatened with displacement by such gentrification. The department shall contract with the Washington state housing finance commission to establish and administer the program.

(2) Loans or grants may be made through the affordable housing and community facilities rapid response loan program to purchase land or real property for the preservation or development of affordable housing or community facilities, including reasonable costs and fees.

(3) The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing and community facilities rapid response loan program.

(4) A loan or grant recipient must preserve affordable rental housing acquired or developed under this section as affordable housing for a minimum of thirty years.

(5) Interest rates on loans made under this section may be as low as zero percent but may not exceed three percent. All loan repayment moneys received must be deposited into a program account established by the Washington state housing finance commission for the purpose of making new loans and grants under this section.

(6) By December 1st of each year, beginning in 2008, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature: The number of loans and grants that were made in the program; for what purposes the loans and grants were made; to whom the loans and grants were made; and when the loans are expected to be paid back. [2008 c 112 § 2.]

43.185A.900 Short title. This chapter may be known and cited as the affordable housing act. [1991 c 356 § 9.]

43.185A.901 Severability—1991 c 356. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1991 c 356 § 18.]

43.185A.902 Conflict with federal requirements—1991 c 356. If any part of this act is found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1991 c 356 § 19.]

43.185C.005 Findings. Despite laudable efforts by all levels of government, private individuals, nonprofit organizations, and charitable foundations to end homelessness, the number of homeless persons in Washington is unacceptably high. The state's homeless population, furthermore, includes a large number of families with children, youth, and employed persons. The legislature finds that the fiscal and societal costs of homelessness are high for both the public and private sectors, and that ending homelessness should be a goal for state and local government.

The legislature finds that there are many causes of homelessness, including a shortage of affordable housing; a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care sys-

tem available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; domestic violence; and a lack of education and job skills necessary to acquire adequate wage jobs in the economy of the twenty-first century.

The support and commitment of all sectors of the statewide community is critical to the chances of success in ending homelessness in Washington. While the provision of housing and housing-related services to the homeless should be administered at the local level to best address specific community needs, the legislature also recognizes the need for the state to play a primary coordinating, supporting, and monitoring role. There must be a clear assignment of responsibilities and a clear statement of achievable and quantifiable goals. Systematic statewide data collection on homelessness in Washington must be a critical component of such a program enabling the state to work with local governments to count homeless persons and assist them in finding housing.

The systematic collection and rigorous evaluation of homeless data, a search for and implementation through adequate resource allocation of best practices, and the systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness are all necessary components of a statewide effort to end homelessness in Washington by July 1, 2015. [2005 c 484 § 1.]

Finding—2006 c 349: See note following RCW 43.185.130.

43.185C.020 Homeless housing program. There is created within the department the homeless housing program to develop and coordinate a statewide strategic plan aimed at

housing homeless persons. The program shall be developed and administered by the department with advice and input from the affordable housing advisory board established in RCW 43.185B.020. [2005 c 484 § 5.]

43.185C.030 Washington homeless census or count—Confidentiality—Online information and referral system—Organizational quality management system. The department shall annually conduct a Washington homeless census or count consistent with the requirements of *RCW 43.63A.655. The census shall make every effort to count all homeless individuals living outdoors, in shelters, and in transitional housing, coordinated, when reasonably feasible, with already existing homeless census projects including those funded in part by the United States department of housing and urban development under the McKinney-Vento homeless assistance program. The department shall determine, in consultation with local governments, the data to be collected.

All personal information collected in the census is confidential, and the department and each local government shall take all necessary steps to protect the identity and confidentiality of each person counted.

The department and each local government are prohibited from disclosing any personally identifying information about any homeless individual when there is reason to believe or evidence indicating that the homeless individual is an adult or minor victim of domestic violence, dating violence, sexual assault, or stalking or is the parent or guardian of a child victim of domestic violence, dating violence, sexual assault, or stalking; or revealing other confidential information regarding HIV/AIDS status, as found in RCW 70.24.105. The department and each local government shall not ask any homeless housing provider to disclose personally identifying information about any homeless individuals when the providers implementing those programs have reason to believe or evidence indicating that those clients are adult or minor victims of domestic violence, dating violence, sexual assault, or stalking or are the parents or guardians of child victims of domestic violence, dating violence, sexual assault, or stalking. Summary data for the provider's facility or program may be substituted.

The Washington homeless census shall be conducted annually on a schedule created by the department. The department shall make summary data by county available to the public each year. This data, and its analysis, shall be included in the department's annual updated homeless housing program strategic plan.

Based on the annual census and provider information from the local government plans, the department shall, by the end of year four, implement an online information and referral system to enable local governments and providers to identify available housing for a homeless person. The department shall work with local governments and their providers to develop a capacity for continuous case management to assist homeless persons.

By the end of year four, the department shall implement an organizational quality management system. [2005 c 484 § 6.]

(2010 Ed.)

43.185C.040 Homeless housing strategic plan—Program outcomes and performance measures and goals—Statewide data gathering instrument—Reports. (1) Six months after the first Washington homeless census, the department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, prepare and publish a ten-year homeless housing strategic plan which shall outline statewide goals and performance measures and shall be coordinated with the plan for homeless families with children required under RCW 43.63A.650. To guide local governments in preparation of their first local homeless housing plans due December 31, 2005, the department shall issue by October 15, 2005, temporary guidelines consistent with this chapter and including the best available data on each community's homeless population. Local governments' ten-year homeless housing plans shall not be substantially inconsistent with the goals and program recommendations of the temporary guidelines and, when amended after 2005, the state strategic plan.

(2) Program outcomes and performance measures and goals shall be created by the department and reflected in the department's homeless housing strategic plan as well as interim goals against which state and local governments' performance may be measured, including:

(a) By the end of year one, completion of the first census as described in RCW 43.185C.030;

(b) By the end of each subsequent year, goals common to all local programs which are measurable and the achievement of which would move that community toward housing its homeless population; and

(c) By July 1, 2015, reduction of the homeless population statewide and in each county by fifty percent.

(3) The department shall develop a consistent statewide data gathering instrument to monitor the performance of cities and counties receiving grants in order to determine compliance with the terms and conditions set forth in the grant application or required by the department.

The department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, report biennially to the governor and the appropriate committees of the legislature an assessment of the state's performance in furthering the goals of the state ten-year homeless housing strategic plan and the performance of each participating local government in creating and executing a local homeless housing plan which meets the requirements of this chapter. The annual report may include performance measures such as:

(a) The reduction in the number of homeless individuals and families from the initial count of homeless persons;

(b) The number of new units available and affordable for homeless families by housing type;

(c) The number of homeless individuals identified who are not offered suitable housing within thirty days of their request or identification as homeless;

(d) The number of households at risk of losing housing who maintain it due to a preventive intervention;

(e) The transition time from homelessness to permanent housing;

(f) The cost per person housed at each level of the housing continuum;

(g) The ability to successfully collect data and report performance;

(h) The extent of collaboration and coordination among public bodies, as well as community stakeholders, and the level of community support and participation;

(i) The quality and safety of housing provided; and

(j) The effectiveness of outreach to homeless persons, and their satisfaction with the program.

(4) Based on the performance of local homeless housing programs in meeting their interim goals, on general population changes and on changes in the homeless population recorded in the annual census, the department may revise the performance measures and goals of the state homeless housing strategic plan, set goals for years following the initial ten-year period, and recommend changes in local governments' plans. [2009 c 518 § 17; 2005 c 484 § 7.]

43.185C.050 Local homeless housing plans. (1) Each local homeless housing task force shall prepare and recommend to its local government legislative authority a ten-year homeless housing plan for its jurisdictional area which shall be not inconsistent with the department's statewide temporary guidelines, for the December 31, 2005, plan, and thereafter the department's ten-year homeless housing strategic plan and which shall be aimed at eliminating homelessness, with a minimum goal of reducing homelessness by fifty percent by July 1, 2015. The local government may amend the proposed local plan and shall adopt a plan by December 31, 2005. Performance in meeting the goals of this local plan shall be assessed annually in terms of the performance measures published by the department. Local plans may include specific local performance measures adopted by the local government legislative authority, and may include recommendations for any state legislation needed to meet the state or local plan goals.

(2) Eligible activities under the local plans include:

(a) Rental and furnishing of dwelling units for the use of homeless persons;

(b) Costs of developing affordable housing for homeless persons, and services for formerly homeless individuals and families residing in transitional housing or permanent housing and still at risk of homelessness;

(c) Operating subsidies for transitional housing or permanent housing serving formerly homeless families or individuals;

(d) Services to prevent homelessness, such as emergency eviction prevention programs including temporary rental subsidies to prevent homelessness;

(e) Temporary services to assist persons leaving state institutions and other state programs to prevent them from becoming or remaining homeless;

(g) Development and management of local homeless plans including homeless census data collection; identification of goals, performance measures, strategies, and costs and evaluation of progress towards established goals;

(h) Rental vouchers payable to landlords for persons who are homeless or below thirty percent of the median income or in immediate danger of becoming homeless; and

(i) Other activities to reduce and prevent homelessness as identified for funding in the local plan. [2005 c 484 § 8.]

43.185C.060 Home security fund account. The home security fund account is created in the state treasury, subject to appropriation. The state's portion of the surcharge established in RCW 36.22.179 and 36.22.1791 must be deposited in the account. Expenditures from the account may be used only for homeless housing programs as described in this chapter. [2007 c 427 § 6; 2005 c 484 § 10.]

43.185C.070 Grant applications. (1) During each calendar year in which moneys from the *homeless housing account are available for use by the department for the homeless housing grant program, the department shall announce to all Washington counties, participating cities, and through major media throughout the state, a grant application period of at least ninety days' duration. This announcement will be made as often as the director deems appropriate for proper utilization of resources. The department shall then promptly grant as many applications as will utilize available funds, less appropriate administrative costs of the department as described in RCW 36.22.179.

(2) The department will develop, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, criteria to evaluate grant applications.

(3) The department may approve applications only if they are consistent with the local and state homeless housing program strategic plans. The department may give preference to applications based on some or all of the following criteria:

(a) The total homeless population in the applicant local government service area, as reported by the most recent annual Washington homeless census;

(b) Current local expenditures to provide housing for the homeless and to address the underlying causes of homelessness as described in RCW 43.185C.005;

(c) Local government and private contributions pledged to the program in the form of matching funds, property, infrastructure improvements, and other contributions; and the degree of leveraging of other funds from local government or private sources for the program for which funds are being requested, to include recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;

(d) Construction projects or rehabilitation that will serve homeless individuals or families for a period of at least twenty-five years;

(e) Projects which demonstrate serving homeless populations with the greatest needs, including projects that serve special needs populations;

(f) The degree to which the applicant project represents a collaboration between local governments, nonprofit community-based organizations, local and state agencies, and the private sector, especially through its integration with the coordinated and comprehensive plan for homeless families with children required under RCW 43.63A.650;

(g) The cooperation of the local government in the annual Washington homeless census project;

(h) The commitment of the local government and any subcontracting local governments, nonprofit organizations, and for-profit entities to employ a diverse workforce;

(i) The extent, if any, that the local homeless population is disproportionate to the revenues collected under this chapter and RCW 36.22.178 and 36.22.179; and

(j) Other elements shown by the applicant to be directly related to the goal and the department's state strategic plan. [2005 c 484 § 11.]

***Reviser's note:** The "homeless housing account" was changed to the "home security fund account" by 2007 c 427 § 6.

43.185C.080 Homeless housing grants—Participation. (1) Only a local government is eligible to receive a homeless housing grant from the *homeless housing account. Any city may assert responsibility for homeless housing within its borders if it so chooses, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. The city shall then receive a percentage of the surcharge assessed under RCW 36.22.179 equal to the percentage of the city's local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for homeless housing program grants. A city choosing to operate a separate homeless housing program shall be responsible for complying with all of the same requirements as counties and shall adopt a local homeless housing plan meeting the requirements of this chapter for county local plans. However, the city may by resolution of its legislative authority accept the county's homeless housing task force as its own and based on that task force's recommendations adopt a homeless housing plan specific to the city.

(2) Local governments applying for homeless housing funds may subcontract with any other local government, housing authority, community action agency or other nonprofit organization for the execution of programs contributing to the overall goal of ending homelessness within a defined service area. All subcontracts shall be consistent with the local homeless housing plan adopted by the legislative authority of the local government, time limited, and filed with the department and shall have specific performance terms. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

(3) A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If such a resolution is adopted, all of the funds otherwise due to the county under RCW 43.185C.060 shall be remitted monthly to the state treasurer for deposit in the *homeless housing account, without any reduction by the county for collecting or administering the funds. Upon receipt of the resolution, the department shall promptly begin to identify and contract with one or more entities eligible under this section to create and execute a local homeless housing plan for the county meeting the requirements of this chapter. The department shall expend all of the funds received from the county

(2010 Ed.)

under this subsection to carry out the purposes of chapter 484, Laws of 2005 in the county, provided that the department may retain six percent of these funds to offset the cost of managing the county's program.

(4) A resolution by the county declining to participate in the program shall have no effect on the ability of each city in the county to assert its right to manage its own program under this chapter, and the county shall monthly transmit to the city the funds due under this chapter. [2005 c 484 § 12.]

***Reviser's note:** The "homeless housing account" was changed to the "home security fund account" by 2007 c 427 § 6.

43.185C.090 Allocation of grant moneys—Issuance of criteria or guidelines. The department shall allocate grant moneys from the *homeless housing account to finance in whole or in part programs and projects in approved local homeless housing plans to assist homeless individuals and families gain access to adequate housing, prevent at-risk individuals from becoming homeless, address the root causes of homelessness, track and report on homeless-related data, and facilitate the movement of homeless or formerly homeless individuals along the housing continuum toward more stable and independent housing. The department may issue criteria or guidelines to guide local governments in the application process. [2005 c 484 § 13.]

***Reviser's note:** The "homeless housing account" was changed to the "home security fund account" by 2007 c 427 § 6.

43.185C.100 Technical assistance. The department shall provide technical assistance to any participating local government that requests such assistance. Technical assistance activities may include:

(1) Assisting local governments to identify appropriate parties to participate on local homeless housing task forces;

(2) Assisting local governments to identify appropriate service providers with which the local governments may subcontract for service provision and development activities, when necessary;

(3) Assisting local governments to implement or expand homeless census programs to meet homeless housing program requirements;

(4) Assisting in the identification of "best practices" from other areas;

(5) Assisting in identifying additional funding sources for specific projects; and

(6) Training local government and subcontractor staff. [2005 c 484 § 14.]

43.185C.110 Progress reports—Uniform process. The department shall establish a uniform process for participating local governments to report progress toward reducing homelessness and meeting locally established goals. [2005 c 484 § 15.]

43.185C.120 Rules. The department may adopt such rules as may be necessary to effect the purposes of this chapter. [2005 c 484 § 16.]

43.185C.130 Protection of state's interest in grant program projects. The department shall ensure that the

state's interest is protected upon the development, use, sale, or change of use of projects constructed, acquired, or financed in whole or in part through the homeless housing grant program. These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state's contribution to the project, or (2) requiring a lump sum repayment of the grant upon the sale or change of use of the project. [2005 c 484 § 17.]

43.185C.140 Public assistance eligibility—Payments exempt. The department of social and health services shall exempt payments to individuals provided under this chapter when determining eligibility for public assistance. [2005 c 484 § 20.]

43.185C.150 Expenditures within authorized funds—Existing expenditures not reduced or supplanted. This chapter does not require either the department or any local government to expend any funds to accomplish the goals of this chapter other than the revenues authorized in chapter 484, Laws of 2005. However, neither the department nor any local government may use any funds authorized in chapter 484, Laws of 2005 to supplant or reduce any existing expenditures of public money for the reduction or prevention of homelessness or services for homeless persons. [2005 c 484 § 21.]

43.185C.160 County homeless housing task forces—Homeless housing plans—Reports by counties. (1) Each county shall create a homeless housing task force to develop a ten-year homeless housing plan addressing short-term and long-term housing for homeless persons.

Membership on the task force may include representatives of the counties, cities, towns, housing authorities, civic and faith organizations, schools, community networks, human services providers, law enforcement personnel, criminal justice personnel, including prosecutors, probation officers, and jail administrators, substance abuse treatment providers, mental health care providers, emergency health care providers, businesses, at-large representatives of the community, and a homeless or formerly homeless individual.

In lieu of creating a new task force, a local government may designate an existing governmental or nonprofit body which substantially conforms to this section and which includes at least one homeless or formerly homeless individual to serve as its homeless representative. As an alternative to a separate plan, two or more local governments may work in concert to develop and execute a joint homeless housing plan, or to contract with another entity to do so according to the requirements of this chapter. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If a county declines to participate, the department shall create and

execute a local homeless housing plan for the county meeting the requirements of this chapter.

(2) In addition to developing a ten-year homeless housing plan, each task force shall establish guidelines consistent with the statewide homeless housing strategic plan, as needed, for the following:

- (a) Emergency shelters;
- (b) Short-term housing needs;
- (c) Temporary encampments;
- (d) Supportive housing for chronically homeless persons; and
- (e) Long-term housing.

Guidelines must include, when appropriate, standards for health and safety and notifying the public of proposed facilities to house the homeless.

(3) Each county, including counties exempted from creating a new task force under subsection (1) of this section, shall report to the *department of community, trade, and economic development such information as may be needed to ensure compliance with this chapter. [2005 c 485 § 1.]

**Reviser's note:* The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

43.185C.170 Interagency council on homelessness—Duties—Reports. (1) The interagency council on homelessness, as defined in RCW 43.185C.010, shall be convened not later than August 31, 2006, and shall meet at least two times each year and report to the appropriate committees of the legislature annually by December 31st on its activities.

(2) The interagency council on homelessness shall work to create greater levels of interagency coordination and to coordinate state agency efforts with the efforts of state and local entities addressing homelessness.

- (3) The interagency council shall seek to:
 - (a) Align homeless-related housing and supportive service policies among state agencies;
 - (b) Identify ways in which providing housing with appropriate services can contribute to cost savings for state agencies;

- (c) Identify policies and actions that may contribute to homelessness or interfere with its reduction;

- (d) Review and improve strategies for discharge from state institutions that contribute to homelessness;

- (e) Recommend policies to either improve practices or align resources, or both, including those policies requested by the affordable housing advisory board or through state and local housing plans; and

- (f) Ensure that the housing status of people served by state programs is collected in consistent formats available for analysis. [2006 c 349 § 7.]

Finding—2006 c 349: See note following RCW 43.185.130.

43.185C.180 Washington homeless client management information system. (1) In order to improve services for the homeless, the department, within amounts appropriated by the legislature for this specific purpose, shall implement the Washington homeless client management information system for the ongoing collection and updates of information about all homeless individuals in the state.

(2) Information about homeless individuals for the Washington homeless client management information system

tem shall come from the Washington homeless census and from state agencies and community organizations providing services to homeless individuals and families. Personally identifying information about homeless individuals for the Washington homeless client management system may only be collected after having obtained informed, reasonably time limited written consent from the homeless individual to whom the information relates. Data collection shall be done in a manner consistent with federally informed consent guidelines regarding human research which, at a minimum, require that individuals be informed about the expected duration of their participation, an explanation of whom to contact for answers to pertinent questions about the data collection and their rights regarding their personal identifying information, an explanation regarding whom to contact in the event of injury to the individual related to the homeless client survey, a description of any reasonably foreseeable risks to the homeless individual, and a statement describing the extent to which confidentiality of records identifying the individual will be maintained.

(3) The Washington homeless client management information system shall serve as an online information and referral system to enable local governments and providers to connect homeless persons in the database with available housing and other support services. Local governments shall develop a capacity for continuous case management, including independent living plans, when appropriate, to assist homeless persons.

(4) The information in the Washington homeless client management information system will also provide the department with the information to consolidate and analyze data about the extent and nature of homelessness in Washington state, giving emphasis to information about the extent and nature of homelessness in Washington state among families with children.

(5) The system may be merged with other data gathering and reporting systems and shall:

- (a) Protect the right of privacy of individuals;
- (b) Provide for consultation and collaboration with all relevant state agencies including the department of social and health services, experts, and community organizations involved in the delivery of services to homeless persons; and
- (c) Include related information held or gathered by other state agencies.

(6) Within amounts appropriated by the legislature, for this specific purpose, the department shall evaluate the information gathered and disseminate the analysis and the evaluation broadly, using appropriate computer networks as well as written reports.

(7) The Washington homeless client management information system shall be implemented by December 31, 2009, and updated with new homeless client information at least annually. [2006 c 349 § 8; 1999 c 267 § 4. Formerly RCW 43.63A.655.]

(8) Nothing in this section allows placement of an offender into housing without an analysis of the risk the offender may pose to that particular community or other residents. [2007 c 483 § 604.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

43.190.010 Findings. The legislature finds that in order to comply with the federal Older Americans Act and to effectively assist residents, patients, and clients of long-term care facilities in the assertion of their civil and human rights, a long-term care ombudsman program should be instituted. [1983 c 290 § 1.]

43.190.020 "Long-term care facility" defined. As used in this chapter, "long-term care facility" means any of the following:

(1) A facility which:

(a) Maintains and operates twenty-four hour skilled nursing services for the care and treatment of chronically ill (2010 Ed.)

or convalescent patients, including mental, emotional, or behavioral problems, intellectual disabilities, or alcoholism;

(b) Provides supportive, restorative, and preventive health services in conjunction with a socially oriented program to its residents, and which maintains and operates twenty-four hour services including board, room, personal care, and intermittent nursing care. "Long-term health care facility" includes nursing homes and nursing facilities, but does not include acute care hospital or other licensed facilities except for that distinct part of the hospital or facility which provides nursing facility services.

(2) Any family home, group care facility, or similar facility determined by the secretary, for twenty-four hour nonmedical care of persons in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for the protection of the individual.

(3) Any swing bed in an acute care facility. [2010 c 94 § 13; 1995 1st sp.s. c 18 § 32; 1991 sp.s. c 8 § 3; 1983 c 290 § 2.]

Purpose—2010 c 94: See note following RCW 44.04.280.

43.190.030 Office of state long-term care ombudsman created—Powers and duties—Rules. There is created the office of the state long-term care ombudsman. The *department of community, trade, and economic development shall contract with a private nonprofit organization to provide long-term care ombudsman services as specified under, and consistent with, the federal older Americans act as amended, federal mandates, the goals of the state, and the needs of its citizens. The *department of community, trade, and economic development shall ensure that all program and staff support necessary to enable the ombudsman to effectively protect the interests of residents, patients, and clients of all long-term care facilities is provided by the nonprofit organization that contracts to provide long-term care ombudsman services. The *department of community, trade, and economic development shall adopt rules to carry out this chapter and the long-term care ombudsman provisions of the federal older Americans act, as amended, and applicable federal regulations. The long-term care ombudsman program shall have the following powers and duties:

(1) To provide services for coordinating the activities of long-term care ombudsmen throughout the state;

(2) Carry out such other activities as the *department of community, trade, and economic development deems appropriate;

(3) Establish procedures consistent with RCW 43.190.110 for appropriate access by long-term care ombudsmen to long-term care facilities and patients' records, including procedures to protect the confidentiality of the records and ensure that the identity of any complainant or resident will not be disclosed without the written consent of the complainant or resident, or upon court order;

(4) Establish a statewide uniform reporting system to collect and analyze data relating to complaints and conditions in long-term care facilities for the purpose of identifying and resolving significant problems, with provision for submission of such data to the department of social and health services

and to the federal department of health and human services, or its successor agency, on a regular basis; and

(5) Establish procedures to assure that any files maintained by ombudsman programs shall be disclosed only at the discretion of the ombudsman having authority over the disposition of such files, except that the identity of any complainant or resident of a long-term care facility shall not be disclosed by such ombudsman unless:

(a) Such complainant or resident, or the complainant's or resident's legal representative, consents in writing to such disclosure; or

(b) Such disclosure is required by court order. [1997 c 194 § 1; 1995 c 399 § 105; 1988 c 119 § 2; 1983 c 290 § 3.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Legislative findings—1988 c 119: "The legislature recognizes that the state long-term care ombudsman program and the office of the state long-term care ombudsman, located within the department of social and health services, have brought into serious question the ability of that office to serve as an effective mechanism on the state level for investigating and resolving complaints made by or on behalf of residents of long-term care facilities.

The legislature further finds it necessary to exercise its options under the federal older Americans act and identify an organization, outside of the department of social and health services and independent of any other state agency, to provide, through contract, long-term care ombudsman services." [1988 c 119 § 1.]

Use of survey findings—1988 c 119: "The survey findings, together with any reports of legislative committees in response to such survey, shall be used by the department of community development in determining the best manner to contract for and provide long-term care ombudsman services." [1988 c 119 § 4.]

Nuclear energy and radiation: Chapter 70.98 RCW.

43.200.010 Finding—Purpose. The legislature finds that the safe transporting, handling, storage, or otherwise caring for radioactive wastes is required to protect the health, safety, and welfare of the citizens of the state of Washington. It is the purpose of this chapter to establish authority for the state to exercise appropriate oversight and care for the safe management and disposal of radioactive wastes; to consult with the federal government and other states on interim or permanent storage of these radioactive wastes; and to carry out the state responsibilities under the federal nuclear waste policy act of 1982. [1983 1st ex.s. c 19 § 1.]

43.200.015 Definitions. As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "High-level radioactive waste" means "high-level radioactive waste" as the term is defined in 42 U.S.C. Sec. 10101 (P.L. 97-425).

(2) "Low-level radioactive waste" means waste material that contains radioactive nuclides emitting primarily beta or gamma radiation, or both, in concentrations or quantities that exceed applicable federal or state standards for unrestricted release. Low-level waste does not include waste containing more than one hundred nanocuries of transuranic contaminants per gram of material, nor spent nuclear fuel, nor material classified as either high-level radioactive waste or waste that is unsuited for disposal by near-surface burial under any applicable federal regulations.

(3) "Radioactive waste" means both high-level and low-level radioactive waste.

(4) "Spent nuclear fuel" means spent nuclear fuel as the term is defined in 42 U.S.C. Sec. 10101.

(5) "Department" means the department of ecology. [1989 c 322 § 1; 1985 c 293 § 1; 1984 c 161 § 1.]

43.200.020 Participation authority regarding federal statutes—Federal financial assistance. The department of ecology is designated as the executive branch agency for participation in the federal nuclear waste policy act of 1982 and the federal low-level radioactive waste policy act of 1980, however the legislature retains an autonomous role with respect to participation in all aspects of the federal nuclear waste policy act of 1982. The department may receive federal financial assistance for carrying out radioactive waste management activities, including assistance for expenses, salaries, travel, and monitoring and evaluating the program of repository exploration and siting undertaken by the federal government. [1989 c 322 § 2; 1984 c 161 § 2; 1983 1st ex.s. c 19 § 2.]

43.200.030 Cooperation required. All departments, agencies, and officers of this state and its subdivisions shall cooperate with the department of ecology in the furtherance of any of its activities pursuant to this chapter. [1989 c 322 § 3; 1984 c 161 § 4; 1983 1st ex.s. c 19 § 3.]

43.200.070 Rules. The department of ecology shall adopt such rules as are necessary to carry out responsibilities under this chapter. The department of ecology is authorized to adopt such rules as are necessary to carry out its responsibilities under chapter 43.145 RCW. [1989 c 322 § 5; 1986 c 2 § 5; 1984 c 161 § 8; 1983 1st ex.s. c 19 § 7.]

43.200.080 Additional powers and duties of director—Site closure account—Perpetual surveillance and maintenance account. The director of ecology shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(1) To fulfill the responsibilities of the state under the lease between the state of Washington and the federal government executed September 10, 1964, covering one thousand acres of land lying within the Hanford reservation near

Richland, Washington. The department of ecology may sublease to private or public entities all or a portion of the land for specific purposes or activities which are determined, after public hearing, to be in agreement with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature;

(2) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965 and the sublease between the state of Washington and the site operator of the Hanford low-level radioactive waste disposal facility. In order to finance perpetual surveillance and maintenance under the agreement and ensure site closure under the sublease, the department of ecology shall impose and collect fees from parties holding radioactive materials for waste management purposes. The fees shall be established by rule adopted under chapter 34.05 RCW and shall be an amount determined by the department of ecology to be necessary to defray the estimated liability of the state. Such fees shall reflect equity between the disposal facilities of this and other states. A site closure account and a perpetual surveillance and maintenance account is hereby created in the state treasury. The site closure account shall be exclusively available to reimburse, to the extent that moneys are available in the account, the site operator for its costs plus a reasonable profit as agreed by the operator and the state, or to reimburse the state licensing agency and any agencies under contract to the state licensing agency for their costs in final closure and decommissioning of the Hanford low-level radioactive waste disposal facility. If a balance remains in the account after satisfactory performance of closure and decommissioning, this balance shall be transferred to the perpetual surveillance and maintenance account. The perpetual surveillance and maintenance account shall be used exclusively by the state to meet post-closure surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations. Appropriations are required to permit expenditures and payment of obligations from the site closure account and the perpetual surveillance and maintenance account. All moneys, including earnings from the investment of balances in the site closure and the perpetual surveillance and maintenance account, less the allocation to the state treasurer's service fund, pursuant to RCW 43.08.190 accruing under the authority of this section shall be directed to the site closure account until December 31, 1992. Thereafter receipts including earnings from the investment of balances in the site closure and the perpetual surveillance and maintenance account, less the allocation to the state treasurer's service fund, pursuant to RCW 43.08.190 shall be directed to the site closure account and the perpetual surveillance and maintenance account as specified by the department. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the site closure account and the perpetual surveillance and maintenance account. During the 2003-2005 fiscal biennium, the legislature may transfer up to thirteen million eight hundred thousand dollars from the site closure account to the general fund;

(3)(a) Subject to the conditions in (b) of this subsection, on July 1, 2008, and each July 1st thereafter, the treasurer shall transfer from the perpetual surveillance and mainte-

nance account to the site closure account the sum of nine hundred sixty-six thousand dollars. The nine hundred sixty-six thousand dollars transferred on July 1, 2009, and thereafter shall be adjusted to a level equal to the percentage increase in the United States implicit price deflator for personal consumption. The last transfer under this section shall occur on July 1, 2033.

(b) The transfer in (a) of this subsection shall occur only if written agreement is reached between the state department of ecology and the United States department of energy pursuant to section 6 of the perpetual care agreement dated July 29, 1965, between the United States atomic energy commission and the state of Washington. If agreement cannot be reached between the state department of ecology and the United States department of energy by June 1, 2008, the treasurer shall transfer the funds from the general fund to the site closure account according to the schedule in (a) of this subsection.

(c) If for any reason the Hanford low level radioactive waste disposal facility is closed to further disposal operations during or after the 2003-2005 biennium and before 2033, then the amount remaining to be repaid from the 2003-2005 transfer of thirteen million eight hundred thousand dollars from the site closure account shall be transferred by the treasurer from the general fund to the site closure account to fund the closure and decommissioning of the facility. The treasurer shall transfer to the site closure account in full the amount remaining to be repaid upon written notice from the secretary of health that the department of health has authorized closure or that disposal operations have ceased. The treasurer shall complete the transfer within sixty days of written notice from the secretary of health.

(d) To the extent that money in the site closure account together with the amount of money identified for repayment to the site closure account, pursuant to (a) through (c) of this subsection, equals or exceeds the cost estimate approved by the department of health for closure and decommissioning of the facility, the money in the site closure account together with the amount of money identified for repayment to the site closure account shall constitute adequate financial assurance for purposes of the department of health financial assurance requirements;

(4) To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities;

(5) To institute a user permit system and issue site use permits, consistent with regulatory practices, for generators, packagers, or brokers using the Hanford low-level radioactive waste disposal facility. The costs of administering the user permit system shall be borne by the applicants for site use permits. The site use permit fee shall be set at a level that is sufficient to fund completely the executive and legislative participation in activities related to the Northwest Interstate Compact on Low-Level Radioactive Waste Management;

(6) To make application for or otherwise pursue any federal funds to which the state may be eligible, through the federal resource conservation and recovery act or any other federal programs, for the management, treatment or disposal, and any remedial actions, of wastes that are both radioactive

and hazardous at all Hanford low-level radioactive waste disposal facilities; and

(7) To develop contingency plans for duties and options for the department and other state agencies related to the Hanford low-level radioactive waste disposal facility based on various projections of annual levels of waste disposal. These plans shall include an analysis of expected revenue to the state in various taxes and funds related to low-level radioactive waste disposal and the resulting implications that any increase or decrease in revenue may have on state agency duties or responsibilities. The plans shall be updated annually. [2003 1st sp.s. c 21 § 1; 1999 c 372 § 12; 1991 sp.s. c 13 § 60; 1990 c 21 § 6; 1989 c 418 § 2; 1986 c 2 § 1; 1983 1st ex.s. c 19 § 8.]

43.200.170 Waste disposal surcharges and penalty surcharges—Disposition. The governor may assess surcharges and penalty surcharges on the disposal of waste at the Hanford low-level radioactive waste disposal facility. The surcharges may be imposed up to the maximum extent permitted by federal law. Ten dollars per cubic foot of the moneys received under this section shall be transmitted monthly to the site closure account established under RCW 43.200.080. The rest of the moneys received under this section shall be deposited in the general fund. [1990 c 21 § 3; 1986 c 2 § 3.]

43.200.180 Implementation of federal low-level radioactive waste policy amendments of 1985. The department of ecology shall be the state agency responsible for implementation of the federal low-level radioactive waste policy amendments act of 1985, including:

(1) Collecting and administering the surcharge assessed by the governor under RCW 43.200.170;

(2) Collecting low-level radioactive waste data from disposal facility operators, generators, intermediate handlers, and the federal department of energy;

(3) Developing and operating a computerized information system to manage low-level radioactive waste data;

(4) Denying and reinstating access to the Hanford low-level radioactive waste disposal facility pursuant to the authority granted under federal law;

(5) Administering and/or monitoring (a) the maximum waste volume levels for the Hanford low-level radioactive waste disposal facility, (b) reactor waste allocations, (c) priority allocations under the Northwest Interstate Compact on Low-Level Radioactive Waste Management, and (d) adherence by other states and compact regions to federal statutory deadlines; and

(6) Coordinating the state's low-level radioactive waste disposal program with similar programs in other states. [1998 c 245 § 81; 1986 c 2 § 4.]

43.200.190 Studies on site closure and perpetual care and maintenance requirements and on adequacy of insurance coverage. The department of ecology shall perform studies, by contract or otherwise, to define site closure and perpetual care and maintenance requirements for the Hanford

low-level radioactive waste disposal facility and to assess the adequacy of insurance coverage for general liability, radiological liability, and transportation liability for the facility. [1998 c 245 § 82; 1986 c 2 § 6.]

43.200.200 Review of potential damage—Financial assurance. (1) The director of the department of ecology shall periodically review the potential for bodily injury and property damage arising from the transportation and disposal of commercial low-level radioactive waste under permits issued by the state.

(2) The director may require permit holders to demonstrate financial assurance in an amount that is adequate to protect the state and its citizens from all claims, suits, losses, damages, or expenses on account of injuries to persons and property damage arising or growing out of the transportation or disposal of commercial low-level radioactive waste. The financial assurance may be in the form of insurance, cash deposits, surety bonds, corporate guarantees, and other acceptable instruments or guarantees determined by the director to be acceptable evidence of financial assurance.

(3) In making the determination of the appropriate level of financial assurance, the director shall consider:

(a) The nature and purpose of the activity and its potential for injury and damages to or claims against the state and its citizens;

(b) The current and cumulative manifested volume and radioactivity of waste being packaged, transported, buried, or otherwise handled;

(c) The location where the waste is being packaged, transported, buried, or otherwise handled, including the proximity to the general public and geographic features such as geology and hydrology, if relevant; and

(d) The legal defense cost, if any, that will be paid from the required financial assurance amount.

(4) The director may establish different levels of required financial assurance for various classes of permit holders.

(5) The director shall establish by rule the instruments or mechanisms by which a permit applicant or holder may demonstrate financial assurance as required by RCW 43.200.210. [1998 c 245 § 83; 1992 c 61 § 1; 1990 c 82 § 1; 1986 c 191 § 1.]

43.200.210 Immunity of state—Demonstration of financial assurance—Suspension of permit. (1) The department of ecology shall require that any person who holds or applies for a permit under this chapter indemnify and hold harmless the state from claims, suits, damages, or expenses on account of injuries to or death of persons and property damage, arising or growing out of any operations and activities for which the person holds the permit, and any necessary or incidental operations.

(2) The department of ecology shall refuse to issue or shall suspend the permit of any person required by this section to demonstrate adequate financial assurance who fails to demonstrate compliance with this section. The permit shall not be issued or reinstated until the person demonstrates compliance with this section.

(3) The department of ecology shall require (a) that any person required to demonstrate financial assurance maintain with the agency current copies of any insurance policies, certificates of insurance, or any other documents sufficient to evidence compliance with this section, (b) that the agency be notified of any changes in the instruments of financial assurance or financial condition of the person, and (c) that the state be named as an insured party on any insurance policy used to comply with this section. This subsection shall not apply to any person subject to the same requirements under RCW 70.98.095. [1992 c 61 § 2; 1990 c 82 § 2; 1986 c 191 § 2.]

43.200.220 Site closure fee—Generally. Beginning January 1, 1993, the department of ecology may impose a reasonable site closure fee if necessary to be deposited in the site closure account established under RCW 43.200.080. The department may continue to collect moneys for the site closure account until the account contains an amount sufficient to complete the closure plan, as specified in the radioactive materials license issued by the department of health. [1990 c 21 § 4.]

43.200.230 Fees for waste generators. The director of the department of ecology shall require that generators of waste pay a fee for each cubic foot of waste disposed at any facility in the state equal to six dollars and fifty cents. The fee shall be imposed specifically on the generator of the waste and shall not be considered to apply in any way to the low-level site operator's disposal activities. The fee shall be allocated in accordance with RCW 43.200.233 and 43.200.235. This subsection shall be invalidated and the authorization to collect a surcharge removed if the legislature or any administrative agency of the state of Washington prior to January 1, 1993, (1) imposes fees, assessments, or charges other than perpetual care and maintenance, site surveillance, and site closing fees currently applicable to the Hanford commercial low-level waste site operator's activities, (2) imposes any additional fees, assessments, or charges on generators using the Hanford commercial low-level waste site, or (3) increases any existing fees, assessments, or charges. [1991 c 272 § 16.]

(1) During 1993, six dollars and fifty cents per cubic foot of waste;

(2) During 1994, three dollars and twenty-five cents per cubic foot of waste; and

(3) During 1995 and thereafter, two dollars per cubic foot of waste. [1991 c 272 § 17.]

If any part of this act shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this act is hereby declared to be inoperative solely to the extent of such conflict and with respect to the agencies directly affected, and such finding or determination shall not affect the operation of the remainder of this act in its application to the agencies concerned. 43.200.905 Construction—1986 c 191. The provisions of this act shall not have the effect of reducing the level of liability coverage required under any law, regulation, or contract of the state before December 31, 1987, or the effective date of the first determination made pursuant to RCW 43.200.200, if earlier. [1986 c 191 § 4.]

43.200.906 Severability—1986 c 191. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1986 c 191 § 6.]

Nuclear waste site—Election for disapproval: Chapter 29A.88 RCW.

(2010 Ed.)

43.205.010 Findings. The legislature and the people of the state of Washington find that:

(1) In order to solve the problem of high-level radioactive waste disposal, congress established a process for selecting two sites for the safe, permanent, and regionally equitable disposal of such waste.

(2) The process of selecting three sites as final candidates, including the Hanford reservation, for a first high-level nuclear waste repository by the United States department of energy violated the intent and the mandate of congress.

(3) The United States department of energy has prematurely deferred consideration of numerous potential sites and disposal media that its own research indicates are more appropriate, safer, and less expensive.

(4) Placement of a repository at Hanford without methodical and independently verified scientific evaluation will pose a threat to the health and safety of the people and the environment of this state.

(5) The selection process is flawed and not credible because it did not include independent experts in the selection of the sites and in the review of that selection, as recommended by the National Academy of Sciences.

(6) By postponing indefinitely all site specific work for a second repository, the United States department of energy has not complied with the intent of congress expressed in the Nuclear Waste Policy Act, Public Law 97-425, and the fundamental compromise which enabled its enactment. [1986 ex.s. c 1 § 1.]

43.205.020 Duties relating to the site selection process for a high-level nuclear waste repository. In order to achieve complete compliance with federal law and protect the health, safety, and welfare of the people of the state of Washington, the governor, the legislature, other statewide elected officials, and the nuclear waste board shall use all legal means necessary to:

(1) Suspend the preliminary site selection process for a high-level nuclear waste repository, including the process of site characterization, until there is compliance with the intent of the Nuclear Waste Policy Act;

(2) Reverse the secretary of energy's decision to postpone indefinitely all site specific work on locating and developing a second repository for high-level nuclear waste;

(3) Insist that the United States department of energy's site selection process, when resumed, considers all acceptable geologic media and results in safe, scientifically justified, and regionally and geographically equitable high-level nuclear waste disposal;

(4) Demand that federal budget actions fully and completely follow the intent of the Nuclear Waste Policy Act; and

(5) Continue to pursue alliances with other states and interested parties, particularly with Pacific Northwest governors, legislatures, and other parties, affected by the site selection and transportation of high-level nuclear waste. [1986 ex.s. c 1 § 2.]

43.210.130	Minority business export outreach program.

43.210.010 Findings. The legislature finds:

(1) The exporting of goods and services from Washington to international markets is an important economic stimulus to the growth, development, and stability of the state's businesses in both urban and rural areas, and that these economic activities create needed jobs for Washingtonians.

(2) Impediments to the entry of many small and medium-sized businesses into export markets have restricted growth in exports from the state.

(3) Particularly significant impediments for many small and medium-sized businesses are the lack of easily accessible information about export opportunities and financing alternatives.

(4) There is a need for a small business export finance assistance center which will specialize in providing export assistance to small and medium-sized businesses throughout the state in acquiring information about export opportunities and financial alternatives for exporting. [1990 1st ex.s. c 17 § 65; 1985 c 231 § 1; 1983 1st ex.s. c 20 § 1.]

Intent—1990 1st ex.s. c 17: "The legislature finds that the Puget Sound region is experiencing economic prosperity and the challenges associated with rapid growth; much of the rest of the state is not experiencing economic prosperity, and faces challenges associated with slow economic growth. It is the intent of the legislature to encourage economic prosperity and balanced economic growth throughout the state.

In order to accomplish this goal, growth must be managed more effectively in the Puget Sound region, and rural areas must build local capacity to accommodate additional economic activity in their communities. Where possible, rural economies and low-income areas should be linked with prosperous urban economies to share economic growth for the benefit of all areas and the state.

To accomplish this goal it is the intent of the legislature to: (1) Assure equitable opportunities to secure prosperity for distressed areas, rural communities, and disadvantaged populations by promoting urban-rural economic links, and by promoting value-added product development, business networks, and increased exports from rural areas; (2) improve the economic development service delivery system to be better able to serve these areas, communities, and populations; (3) redirect the priorities of the state's economic development programs to focus economic development efforts into areas and sectors of the greatest need; (4) build local capacity so that communities are better able to plan for growth and achieve self-reliance; (5) administer grant programs to promote new feasibility studies and project development on projects of interest to rural areas or areas outside of the Puget Sound region; and (6) develop a coordinated economic investment strategy involving state economic development programs, businesses, educational and vocational training institutions, local governments and local economic development organizations, ports, and others." [1990 1st ex.s. c 17 § 64.]

43.210.020 Small business export finance assistance center authorized—Purposes. A nonprofit corporation, to

be known as the small business export finance assistance center, and branches subject to its authority, may be formed under chapter 24.03 RCW for the following public purposes:

(1) To assist small and medium-sized businesses in both urban and rural areas in the financing of export transactions.

(2) To provide, singly or in conjunction with other organizations, information and assistance to these businesses about export opportunities and financing alternatives. [1998 c 109 § 1; 1990 1st ex.s. c 17 § 66; 1985 c 231 § 2; 1983 1st ex.s. c 20 § 2.]

The directors shall serve terms of four years following the terms of service established by the initial appointments after June 11, 1998. Three appointees, including directors on June 11, 1998, who are reappointed, must serve initial terms of two years and, if a director is reappointed that director may serve a consecutive four-year term. Four appointees, including directors on June 11, 1998, who are reappointed, must serve initial terms of four years and, if a director is reappointed that director may serve a consecutive four-year term. After the initial appointments, directors may serve two consecutive terms. The directors may provide for the payment of their expenses. The directors shall include the *director of community, trade, and economic development or the director's designee; representatives of a large financial institution engaged in financing export transactions in the state of Washington; a small financial institution engaged in financing export transactions in the state of Washington; a large exporting company domiciled in the state of Washington; a small exporting company in the state of Washington; organized labor in a trade involved in international commerce; and a representative at large. To the extent possible, appointments to the board shall reflect geographical balance and the diversity of the state population. Any vacancies on the board due to the expiration of a term or for any other reason shall be filled by appointment by the governor for the unexpired term. [1998 c 109 § 2; 1995 c 399 § 106; 1991 c 314 § 15; 1985 c 231 § 3; 1983 1st ex.s. c 20 § 3.]

***Reviser's note:** The "director of community, trade, and economic development" was changed to the "director of commerce" by 2009 c 565.

43.211.901	Severability—2003 c 135.
43.211.902	Effective date—2003 c 135.

43.211.005 Findings. The legislature finds that the implementation of a single easy to use telephone number, 211, for public access to information and referral for health and human services and information about access to services after a natural or nonnatural disaster will benefit the citizens of the state of Washington by providing easier access to available health and human services, by reducing inefficiencies in connecting people with the desired service providers, and by reducing duplication of efforts. The legislature further finds in a time of reduced resources for providing health and human services that establishing a cost-effective means to continue to provide information to the public about available services is important. The legislature further finds that an integrated statewide system of local information and referral service providers will build upon an already existing network of experienced service providers without the necessity of creating a new agency, department, or system to provide 211 services. The legislature further finds that no funds should be appropriated by the legislature to a 211 system under chapter 135, Laws of 2003 without receiving documentation that a 211 system will provide savings to the state. [2003 c 135 § 1.]

43.211.010 211 system. 211 is created as the official state dialing code for public access to information and referral for health and human services and information about access to services after a natural or nonnatural disaster. [2003 c 135 § 2.]

GENERAL PROVISIONS

43.215.005 Finding—Purpose. (1) The legislature recognizes that:

- (a) Parents are their children’s first and most important teachers and decision makers;
- (b) Research across disciplines now demonstrates that what happens in the earliest years makes a critical difference in children’s readiness to succeed in school and life;

(c) Washington's competitiveness in the global economy requires a world-class education system that starts early and supports life-long learning;

(d) Washington state currently makes substantial investments in voluntary child care and early learning services and supports, but because services are fragmented across multiple state agencies, and early learning providers lack the supports and incentives needed to improve the quality of services they provide, many parents have difficulty accessing high quality early learning services;

(e) A more cohesive and integrated voluntary early learning system would result in greater efficiencies for the state, increased partnership between the state and the private sector, improved access to high quality early learning services, and better employment and early learning outcomes for families and all children.

(2) The legislature finds that:

(a) The early years of a child's life are critical to the child's healthy brain development and that the quality of caregiving during the early years can significantly impact the child's intellectual, social, and emotional development;

(b) A successful outcome for every child obtaining a K-12 education depends on children being prepared from birth for academic and social success in school. For children at risk of school failure, the achievement gap often emerges as early as eighteen months of age;

(c) There currently is a shortage of high quality services and supports for children ages birth to three and their parents and caregivers; and

(d) Increasing the availability of high quality services for children ages birth to three and their parents and caregivers will result in improved school and life outcomes.

(3) Therefore, the legislature intends to establish a robust birth-to-three continuum of services for parents and caregivers of young children in order to provide education and support regarding the importance of early childhood development.

(4) The purpose of this chapter is:

(a) To establish the department of early learning;

(b) To coordinate and consolidate state activities relating to child care and early learning programs;

(c) To safeguard and promote the health, safety, and well-being of children receiving child care and early learning assistance, which is paramount over the right of any person to provide care;

(d) To provide tools to promote the hiring of suitable providers of child care by:

(i) Providing parents with access to information regarding child care providers;

(ii) Providing parents with child care licensing action histories regarding child care providers; and

(iii) Requiring background checks of applicants for employment in any child care facility licensed or regulated under current law;

(e) To promote linkages and alignment between early learning programs and elementary schools and support the transition of children and families from prekindergarten environments to kindergarten;

(f) To promote the development of a sufficient number and variety of adequate child care and early learning facilities, both public and private; and

(g) To license agencies and to assure the users of such agencies, their parents, the community at large and the agencies themselves that adequate minimum standards are maintained by all child care and early learning facilities.

(5) This chapter does not expand the state's authority to license or regulate activities or programs beyond those licensed or regulated under existing law. [2010 c 232 § 1; 2007 c 415 § 1; 2006 c 265 § 101.]

(b) Accept gifts, grants, or other funds for the purposes of this chapter; and

(c) Adopt, in accordance with chapter 34.05 RCW, rules necessary to implement this chapter, including rules governing child day care and early learning programs under this chapter. This section does not expand the rule-making authority of the director beyond that necessary to implement

and administer programs and services existing July 1, 2006, as transferred to the department of early learning under section 501, chapter 265, Laws of 2006. The rule-making authority does not include any authority to set mandatory curriculum or establish what must be taught in child day care centers or by family day care providers. [2006 c 265 § 108.]

43.215.080 Reports to the governor and legislature.

Two years after the implementation of the department's early learning program, and every two years thereafter by July 1st, the department shall submit to the governor and the legislature a report measuring the effectiveness of its programs in improving early childhood education. The first report shall include program objectives and identified valid performance measures for evaluating progress toward achieving the objectives, as well as a plan for commissioning a longitudinal study comparing the kindergarten readiness of children participating in the department's programs with the readiness of other children, using nationally accepted testing and assessment methods. Such comparison shall include, but not be limited to, achievement as children of both groups progress through the K-12 system and identify year-to-year changes in achievement, if any, in later years of elementary, middle school, and high school education. [2006 c 265 § 109.]

43.215.090 Early learning advisory council—Statewide early learning plan. (1) The early learning advisory council is established to advise the department on statewide early learning issues that would build a comprehensive system of quality early learning programs and services for Washington's children and families by assessing needs and the availability of services, aligning resources, developing plans for data collection and professional development of early childhood educators, and establishing key performance measures.

(2) The council shall work in conjunction with the department to develop a statewide early learning plan that guides the department in promoting alignment of private and public sector actions, objectives, and resources, and ensuring school readiness.

(3) The council shall include diverse, statewide representation from public, nonprofit, and for-profit entities. Its membership shall reflect regional, racial, and cultural diversity to adequately represent the needs of all children and families in the state.

(4) Council members shall serve two-year terms. However, to stagger the terms of the council, the initial appointments for twelve of the members shall be for one year. Once the initial one-year to two-year terms expire, all subsequent terms shall be for two years, with the terms expiring on June 30th of the applicable year. The terms shall be staggered in such a way that, where possible, the terms of members representing a specific group do not expire simultaneously.

(5) The council shall consist of not more than twenty-three members, as follows:

(f) One representative of the private-public partnership created in RCW 43.215.070, to be appointed by the partnership board;

(g) One representative designated by sovereign tribal governments; and

(h) One representative from the Washington federation of independent schools.

(6) The council shall be cochaired by one representative of a state agency and one nongovernmental member, to be elected by the council for two-year terms.

(7) The council shall appoint two members and stakeholders with expertise in early learning to sit on the technical working group created in section 2, chapter 234, Laws of 2010.

(8) Each member of the board shall be compensated in accordance with RCW 43.03.240 and reimbursed for travel expenses incurred in carrying out the duties of the board in accordance with RCW 43.03.050 and 43.03.060.

(9) The department shall provide staff support to the council. [2010 c 234 § 3; 2010 c 12 § 1; 2007 c 394 § 3.]

Intent—2010 c 234: "The department of early learning, the superintendent of public instruction, and thrive by five's joint early learning recommendations to the governor, and the quality education council's January 2010 recommendations to the legislature both suggested that a voluntary program of early learning should be included within the overall program of basic education. The legislature intends to examine these recommendations and Attorney General Opinion Number 8 (2009) through the development of a working group to identify and recommend a comprehensive plan." [2010 c 234 § 1.]

Finding—Declaration—Captions not law—2007 c 394: See notes following RCW 43.215.010.

43.215.100 Voluntary quality rating and improvement system—Report to the legislature. Subject to the availability of amounts appropriated for this specific purpose, the department, in collaboration with community and statewide partners, shall implement a voluntary quality rating and improvement system applicable to licensed or certified child care centers and homes and early education programs. The purpose of the voluntary quality rating and improvement system is to give parents clear and easily accessible information about the quality of child care and early education programs, support improvement in early learning programs throughout the state, increase the readiness of children for school, and close the disparity in access to quality care. Before final

implementation of the voluntary quality rating and improvement system, the department shall report to the appropriate policy and fiscal committees of the legislature. Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects. [2007 c 394 § 4.]

Finding—Declaration—Captions not law—2007 c 394: See notes following RCW 43.215.010.

The department and an agency shall provide parents annually with information regarding their rights under the public records act, chapter 42.56 RCW, to request the public records regarding the employee. [2007 c 415 § 8.]

43.215.125 Washington head start program proposal—Report. (1) For the 2009-2011 fiscal biennium, to the extent funds are appropriated for this purpose, the department shall develop a proposal for implementing a statewide Washington head start program. To the extent possible while maintaining quality standards, the proposal should align the state early childhood education and assistance program with federal head start program eligibility criteria, guidelines, performance standards, and methods/processes for ensuring con-

tinuous improvement in program quality. In this proposal, the department shall make recommendations that:

(a) Identify federal head start program guidelines, performance measures and standards, or other requirements for which state flexibility would be recommended. This shall include an analysis of how state flexibility may impact outcomes for children and how that flexibility might deviate from outcomes associated with the federal standards. Areas to be examined must include, but are not limited to, transportation requirements, service hour configurations, delivery methods, and impact on rural programs;

(b) Provide comparative data regarding child performance, readiness, and educational outcomes for Washington's existing head start and early childhood education and assistance programs;

(c) Determine the alignment between head start standards and the recommendations of Washington learns;

(d) Identify any change in the state early childhood education and assistance program laws that would be required to implement the Washington head start proposal;

(e) Identify additional resources needed to meet federal guidelines and standards. Areas to be examined must include, but are not limited to: Per-child funding levels, professional development and training needs, facilities needs, and technical assistance;

(f) Identify state early childhood education and assistance programs that do and do not offer full-day, full-year services to children, and what transition steps would be needed for these programs to operate in the same manner as federal head start programs;

(g) Provide steps for phasing-in the Washington head start proposal;

(h) Include a timeline, strategy, and funding needs to implement a statewide, state-supported early head start program as a component of the Washington head start proposal; and

(i) Detail the process the department would take with the regional office of federal head start in identifying any exceptions or waivers needed to provide flexibility and maintain high quality standards.

(2) In developing its recommendations for this proposal, the department shall seek, where appropriate and available, training or technical assistance from the appropriate regional office of federal head start in order to maximize nonstate resources that might be available for the consultative work and research involved with developing this proposal. The department also shall consult with and solicit input from:

(a) State early childhood education and assistance program providers on Indian reservations and across the state, including providers who operate solely state-supported programs;

(b) Tribal governments operating head start programs and early head start programs in the state to ensure that the needs of Indian and Alaskan native children and their families are incorporated into the recommendations of the proposal, especially as they pertain to standards or guidelines around language acquisition, school readiness, availability and need for services among Indian and Alaskan native children and their families, and curriculum development; and

(c) Providers operating migrant and seasonal head start programs in the state in order to address the needs of the children of migrant and seasonal farmworker families.

(3) The department shall make recommendations on how it would periodically review the standards and guidelines within the Washington head start program, including incorporation of the latest research and information on early childhood development as well as any new innovations that may further improve outcomes to low-income children and their families.

(4) The department's recommendations on a Washington head start proposal shall include how the proposal aligns with the department's current statutory duties. The recommendations shall also include any other options that may improve the quality of state-supported early learning programs.

(5) The department shall deliver its report to the governor and legislature by December 1, 2009. [2009 c 564 § 941; 2008 c 164 § 2.]

Effective date—2009 c 564: See note following RCW 2.68.020.

Findings—2008 c 164: "The legislature finds that:

(1) It is in the best interest of the state to provide early learning services to economically disadvantaged families;

(2) Research has demonstrated that comprehensive services, including family support services designed to meet the early education needs of low-income and at-risk children, are successful in improving school readiness, reducing the risk of juvenile delinquency and incarceration, and reducing reliance on public assistance among these children later in life;

(3) The state's early childhood education and assistance program was originally established to serve as the state counterpart to the federal head start program. When it was created, it aligned with the federal program in both standards and funding levels;

(4) The state early childhood education and assistance program has served an important role in providing comprehensive services to low-income children. However, since it was first created, per-child funding levels for the state program have not kept pace with funding levels for the federal program. This has resulted in fewer service hours for children and less intensive services for families;

(5) Aligning performance standards and funding levels for the state early childhood education and assistance program with federal head start will improve the quality of state-supported early learning programs. Additionally, it will improve school readiness through measures, such as a forty percent increase in class time, and it will achieve administrative efficiencies and make state-supported services more easily recognizable and accessible to parents and families eligible for these programs; and

(6) Providing quality early learning services for children from birth to age three is the most cost-effective investment society can make. Additionally, the state can use the demonstrated results from the federal early head start program as an example to expand its reach of services already provided to three and four-year old children to children in the critical birth to three years age category." [2008 c 164 § 1.]

43.215.130 Home visiting services account—Purpose—Administration—Funding. (1)(a) The home visiting services account is created in the custody of the state treasurer. Revenues to the account shall consist of appropriations by the legislature and all other sources deposited in the account.

(b) Expenditures from the account shall be used for state matching funds for the purposes of the program established in this section including administrative expenses. Only the director or the director's designee may authorize expenditures from the account. Authorizations for expenditures may be given only after private funds are committed and available.

(c) Expenditures from the account are exempt from the appropriations and allotment provisions of chapter 43.88

(2010 Ed.)

RCW. However, amounts used for program administration by the department are subject to the allotment and budgetary controls of chapter 43.88 RCW, and an appropriation is required for these expenditures.

(2) The department must expend moneys from the account to provide state matching funds for partnership activities to implement home visiting services and administer the infrastructure necessary to develop, support, and evaluate evidence-based, research-based, and promising home visiting programs.

(3) Activities eligible for funding through the account include, but are not limited to:

(a) Home visiting services that achieve one or more of the following: (i) Enhancing child development and well-being by alleviating the effects on child development of poverty and other known risk factors; (ii) reducing the incidence of child abuse and neglect; or (iii) promoting school readiness for young children and their families; and

(b) Development and maintenance of the infrastructure for home visiting programs, including training, quality improvement, and evaluation.

(4) Beginning July 1, 2010, the department shall contract with the nongovernmental private-public partnership designated in RCW 43.215.070 to administer programs funded through the home visiting services account. The department shall monitor performance and provide periodic reports on the use outcomes of the home visiting services account.

(5) The nongovernmental private-public partnership shall, in the administration of the programs:

(a) Fund programs through a competitive bid process; and

(b) Convene an advisory committee of early learning and home visiting experts, including one representative from the department, to advise the partnership regarding research and the distribution of funds from the account to eligible programs.

(6) To promote continuity for families receiving home visiting services through programs funded on May 4, 2010, those programs funded under chapter 43.121 RCW shall be funded through June 30, 2012, based on availability of funds and the achievement of stated performance goals. This section does not require any program to receive continuous funding beyond June 30, 2012. Organizations that may receive program funding include local health departments; nonprofit, neighborhood-based, community, regional, or statewide organizations; and federally recognized Indian tribes located in the state. [2010 1st sp.s. c 37 § 933.]

Effective date—2010 1st sp.s. c 37: See note following RCW 13.06.050.

43.215.135 Working connections child care program subsidy authorization. (1) The department shall establish and implement policies in the working connections child care program to promote stability and quality of care for children from low-income households. Policies for the expenditure of funds constituting the working connections child care program must be consistent with the outcome measures defined in RCW 74.08A.410 and the standards established in this section intended to promote continuity of care for children.

(2) Beginning in fiscal year 2011, for families with children enrolled in an early childhood education and assistance

program, a head start program, or an early head start program, authorizations for the working connections child care subsidy shall be effective for twelve months unless a change in circumstances necessitates reauthorization sooner than twelve months.

(3) The department, in consultation with the department of social and health services, shall report to the legislature by September 1, 2011, with:

(a) An analysis of the impact of the twelve-month authorization period on the stability of child care, program costs, and administrative savings; and

(b) Recommendations for expanding the application of the twelve-month authorization period to additional populations of children in care. [2010 c 273 § 2.]

Intent—2010 c 273: "It is the intent of the legislature that this act be implemented within the funding appropriated in the 2009-11 biennial budget. No additional appropriations will be provided for its implementation." [2010 c 273 § 7.]

43.215.140 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Community-based early learning providers" includes for-profit and nonprofit licensed providers of child care and preschool programs.

(2) "Program" means the program of early learning established in RCW 43.215.141 for eligible children who are three and four years of age. [2010 c 231 § 2.]

43.215.141 Early learning program—Voluntary preschool opportunities—Program standards. (1) Beginning September 1, 2011, an early learning program to provide voluntary preschool opportunities for children three and four years of age shall be implemented according to the funding and implementation plan in RCW 43.215.142. The program must be a comprehensive program providing early childhood education and family support, options for parental involvement, and health information, screening, and referral services, as family need is determined. Participation in the program is voluntary. On a space available basis, the program may allow enrollment of children who are not otherwise eligible by assessing a fee.

(2) The first phase of the program shall be implemented by utilizing the program standards and eligibility criteria in the early childhood education and assistance program.

(3) The director shall adopt rules for the following program components, as appropriate and necessary during the phased implementation of the program:

(a) Minimum program standards, including lead teacher, assistant teacher, and staff qualifications;

(b) Approval of program providers; and

(c) Accountability and adherence to performance standards.

(4) The department has administrative responsibility for:

(a) Approving and contracting with providers according to rules developed by the director under this section;

(b) In partnership with school districts, monitoring program quality and assuring the program is responsive to the needs of eligible children;

(c) Assuring that program providers work cooperatively with school districts to coordinate the transition from pre-

school to kindergarten so that children and their families are well-prepared and supported; and

(d) Providing technical assistance to contracted providers. [2010 c 231 § 3.]

43.215.142 Early learning program—Voluntary preschool opportunities—Funding and statewide implementation—Reports. (1) Funding for the program of early learning established under this chapter must be appropriated to the department. Allocations must be made on the basis of eligible children enrolled with eligible providers.

(2) The program shall be implemented in phases, so that full implementation is achieved in the 2018-19 school year.

(3) For the initial phase of the early learning program in school years 2011-12 and 2012-13, the legislature shall appropriate funding to the department for implementation of the program in an amount not less than the 2009-2011 enacted budget for the early childhood education and assistance program. The appropriation shall be sufficient to fund an equivalent number of slots as funded in the 2009-2011 enacted budget.

(4) Beginning in the 2013-14 school year, additional funding for the program must be phased in beginning in school districts providing all-day kindergarten programs under RCW 28A.150.315.

(5) Funding shall continue to be phased in incrementally each year until full statewide implementation of the early learning program is achieved in the 2018-19 school year, at which time any eligible child shall be entitled to be enrolled in the program.

(6) The department and the office of financial management shall annually review the caseload forecasts for the program and, beginning December 1, 2012, and annually thereafter, report to the governor and the appropriate committees of the legislature with recommendations for phasing in additional funding necessary to achieve statewide implementation in the 2018-19 school year.

(7) School districts and approved community-based early learning providers may contract with the department to provide services under the program. The department shall collaborate with school districts, community-based providers, and educational service districts to promote an adequate supply of approved providers. [2010 c 231 § 4.]

43.215.143 Short title—2010 c 231. Chapter 231, Laws of 2010 may be known as the ready for school act of 2010. [2010 c 231 § 9.]

43.215.145 Home visitation programs—Findings—Intent. The legislature finds that:

(1) The years from birth to three are critical in building the social, emotional, and cognitive developmental foundations of a young child. Research into the brain development of young children reveals that children are born learning.

(2) The farther behind children are in their social, emotional, physical, and cognitive development, the more difficult it will be for them to catch up.

(3) A significant number of children age birth to five years are born with two or more of the following risk factors and have a greater chance of failure in school and beyond:

Poverty; single or no parent; no parent employed full time or full year; all parents with disability; and mother without a high school degree.

(4) Parents and children involved in home visitation programs exhibit better birth outcomes, enhanced parent and child interactions, more efficient use of health care services, enhanced child development including improved school readiness, and early detection of developmental delays, as well as reduced welfare dependence, higher rates of school completion and job retention, reduction in frequency and severity of maltreatment, and higher rates of school graduation.

The legislature intends to promote the use of voluntary home visitation services to families as an early intervention strategy to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of a high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes. [2007 c 466 § 1. Formerly RCW 43.121.170.]

43.215.146 Home visitation programs—Definitions.

The definitions in this section apply throughout RCW *43.121.170 through 43.121.185 unless the context clearly requires otherwise.

(1) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population.

(2) "Home visitation" means providing services in the permanent or temporary residence, or in other familiar surroundings, of the family receiving such services.

(3) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices. [2007 c 466 § 2. Formerly RCW 43.121.175.]

*Reviser's note: RCW 43.121.170, 43.121.175, and 43.121.180 were recodified as RCW 43.215.145, 43.215.146, and 43.215.147, respectively, pursuant to 2010 1st sp.s. c 7 § 148.

43.215.147 Home visitation programs—Funding—Home visitation services coordination or consolidation plan—Report.

(1) Within available funds, the council for children and families shall fund evidence-based and research-based home visitation programs for improving parenting skills and outcomes for children. Home visitation programs must be voluntary and must address the needs of families to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes.

(2) The council for children and families shall develop a plan with the department of social and health services, the department of health, the department of early learning, and the family policy council to coordinate or consolidate home visitation services for children and families and report to the appropriate committees of the legislature by December 1, 2007, with their recommendations for implementation of the

(2010 Ed.)

plan. [2008 c 152 § 6; 2007 c 466 § 3. Formerly RCW 43.121.180.]

Findings—Intent—2008 c 152: See note following RCW 13.34.136.

(1) In determining whether an individual is of appropriate character, suitability, and competence to provide child care and early learning services to children, the department may consider the history of past involvement of child protective services or law enforcement agencies with the individual for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of a child. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes. 43.215.240 Access to agencies—Records inspection. All agencies subject to this chapter shall accord the department, the chief of the Washington state patrol, and the director of fire protection, or their designees, the right of entrance and the privilege of access to and inspection of records for the purpose of determining whether or not there is compliance with the provisions of this chapter and the requirements adopted under it. [2006 c 265 § 305.]

43.215.250 License required. (1) It is unlawful for any agency to care for children unless the agency is licensed as provided in this chapter.

(2) A license issued under chapter 74.15 RCW before July 1, 2006, for an agency subject to this chapter after July 1, 2006, is valid until its next renewal, unless otherwise suspended or revoked by the department. [2006 c 265 § 306.]

43.215.255 License fees. (1) The director shall charge fees to the licensee for obtaining a license. The director may waive the fees when, in the discretion of the director, the fees would not be in the best interest of public health and safety, or when the fees would be to the financial disadvantage of the state.

(2) Fees charged shall be based on, but shall not exceed, the cost to the department for the licensure of the activity or class of activities and may include costs of necessary inspection.

(3) The director shall establish the fees charged by rule. [2007 c 17 § 1.]

43.215.260 License application—Issuance, renewal, duration. Each agency shall make application for a license or renewal of license to the department on forms prescribed

by the department. Upon receipt of such application, the department shall either grant or deny a license within ninety days. A license shall be granted if the agency meets the minimum requirements set forth in this chapter and the departmental requirements consistent with the [this] chapter, except that an initial license may be issued as provided in RCW 43.215.280. Licenses provided for in this chapter shall be issued for a period of three years. The licensee, however, shall advise the director of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee and the location stated in the application. For licensed family day care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move. [2006 c 265 § 307.]

43.215.270 License renewal. If a licensee desires to apply for a renewal of its license, a request for a renewal shall be filed ninety days before the expiration date of the license. If the department has failed to act at the time of the expiration date of the license, the license shall continue in effect until such time as the department acts. [2006 c 265 § 308.]

43.215.280 Initial licenses. The director may, at his or her discretion, issue an initial license instead of a full license, to an agency or facility for a period not to exceed six months, renewable for a period not to exceed two years, to allow such agency or facility reasonable time to become eligible for full license. [2006 c 265 § 309.]

43.215.290 Probationary licenses. (1) The department may issue a probationary license to a licensee who has had a license but is temporarily unable to comply with a rule or has been the subject of multiple complaints or concerns about noncompliance if:

(a) The noncompliance does not present an immediate threat to the health and well-being of the children but would be likely to do so if allowed to continue; and

(b) The licensee has a plan approved by the department to correct the area of noncompliance within the probationary period.

(2) A probationary license may be issued for up to six months, and at the discretion of the department it may be extended for an additional six months. The department shall immediately terminate the probationary license, if at any time the noncompliance for which the probationary license was issued presents an immediate threat to the health or well-being of the children.

(3) The department may, at any time, issue a probationary license for due cause that states the conditions of probation.

(4) An existing license is invalidated when a probationary license is issued.

(5) At the expiration of the probationary license, the department shall reinstate the original license for the remainder of its term, issue a new license, or revoke the original license.

(6) A right to an adjudicative proceeding shall not accrue to the licensee whose license has been placed on probationary

status unless the licensee does not agree with the placement on probationary status and the department then suspends, revokes, or modifies the license. [2006 c 265 § 310.]

43.215.300 Licenses—Denial, suspension, revocation, modification, nonrenewal—Proceedings—Penalties.

(1) An agency may be denied a license, or any license issued pursuant to this chapter may be suspended, revoked, modified, or not renewed by the director upon proof (a) that the agency has failed or refused to comply with the provisions of this chapter or the requirements adopted pursuant to this chapter; or (b) that the conditions required for the issuance of a license under this chapter have ceased to exist with respect to such licenses. RCW 43.215.305 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(3) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under this chapter or that an agency subject to licensing under this chapter is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home. Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance. Civil monetary penalties shall not exceed seventy-five dollars per violation for a family day care home and two hundred fifty dollars per violation for child day care centers. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty. The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period. The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. RCW 43.215.307 governs notice of a civil monetary penalty and provides the right to an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

(4)(a) In addition to or in lieu of an enforcement action being taken, the department may place a child day care center or family day care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.

(b) Whenever a child day care center or family day care provider is placed on nonreferral status, the department shall provide written notification to the child day care center or family day care provider.

(5) The department shall notify appropriate public and private child care resource and referral agencies of the department's decision to: (a) Take an enforcement action against a child day care center or family day care provider; or (b) place or remove a child day care center or family day care provider on nonreferral status. [2007 c 17 § 2; 2006 c 265 § 311.]

The department shall give written notice of revocation, suspension, or modification of a license to the licensee or his or her agent. The notice shall state the reasons for the action. The notice shall be personally served in the manner of service of a summons in a civil action or shall be given in another manner that shows proof of receipt.

(2) Except as otherwise provided in this subsection and in subsection (4) of this section, revocation, suspension, or modification is effective twenty-eight days after the licensee or the agent receives the notice.

(a) The department may make the date the action is effective later than twenty-eight days after receipt. If the department does so, it shall state the effective date in the written notice given the licensee or agent.

(b) The department may make the date the action is effective sooner than twenty-eight days after receipt when necessary to protect the public health, safety, or welfare. When the department does so, it shall state the effective date and the reasons supporting the effective date in the written notice given to the licensee or agent.

(c) When the department has received certification pursuant to chapter 74.20A RCW from the division of child support that the licensee is a person who is not in compliance with a support order, the department shall provide that the suspension is effective immediately upon receipt of the suspension notice by the licensee.

(3) Except for licensees suspended for noncompliance with a support order under chapter 74.20A RCW, a license applicant or licensee who is aggrieved by a department denial, revocation, suspension, or modification has the right to an adjudicative proceeding. The proceeding is governed by the administrative procedure act, chapter 34.05 RCW. The application must be in writing, state the basis for contesting the adverse action, include a copy of the adverse notice, be served on and received by the department within twenty-eight days of the license applicant's or licensee's receiving the adverse notice, and be served in a manner that shows proof of receipt.

(4)(a) If the department gives a licensee twenty-eight or more days' notice of revocation, suspension, or modification and the licensee files an appeal before its effective date, the department shall not implement the adverse action until the final order has been entered. The presiding or reviewing officer may permit the department to implement part or all of the adverse action while the proceedings are pending if the appellant causes an unreasonable delay in the proceeding, if the circumstances change so that implementation is in the public interest, or for other good cause.

(b) If the department gives a licensee less than twenty-eight days' notice of revocation, suspension, or modification and the licensee timely files a sufficient appeal, the department may implement the adverse action on the effective date stated in the notice. The presiding or reviewing officer may order the department to stay implementation of part or all of the adverse action while the proceedings are pending if staying implementation is in the public interest or for other good cause. [2007 c 17 § 3.]

43.215.307 Civil fines—Notice—Adjudicative proceeding. (1) The department shall give written notice to the person against whom it assesses a civil fine. (2) Except as otherwise provided in subsection (4) of this section, the civil fine is due and payable twenty-eight days after receipt. The department may make the date the fine is due later than twenty-eight days after receipt. When the department does so, it shall state the effective date in the written notice given the person against whom it assesses the fine.

(3) The person against whom the department assesses a civil fine has the right to an adjudicative proceeding. The proceeding is governed by the administrative procedure act, chapter 34.05 RCW. The application must be in writing, state the basis for contesting the fine, include a copy of the adverse notice, be served on and received by the department within twenty-eight days of the person's receiving the notice of civil fine, and be served in a manner that shows proof of receipt.

(4) If the person files a timely and sufficient appeal, the department shall not implement the action until the final order has been served. The presiding or reviewing officer may permit the department to implement part or all of the action while the proceedings are pending if the appellant causes an unreasonable delay in the proceedings or for other good cause. [2007 c 17 § 4.]

43.215.310 Adjudicative proceedings—Training for administrative law judges. (1) The office of administrative hearings shall not assign nor allow an administrative law judge to preside over an adjudicative hearing regarding denial, modification, suspension, or revocation of any license to provide child care under this chapter, unless such judge has received training related to state and federal laws and department policies and procedures regarding:

The director shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order or a residential or visitation order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate shall be automatic upon the director's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order. [2006 c 265 § 313.]

43.215.330 Actions against agencies. Notwithstanding the existence or pursuit of any other remedy, the director may, in the manner provided by law, upon the advice of the attorney general, who shall represent the department in the proceeding, maintain an action in the name of the state for injunction or such other relief as he or she may deem advisable against any agency subject to licensing under the provisions of this chapter or against any such agency not having a license as heretofore provided in this chapter. [2006 c 265 § 314.]

43.215.340 Operating without a license—Penalty. Any agency operating without a license shall be guilty of a misdemeanor. This section shall not be enforceable against an agency until sixty days after the effective date of new rules, applicable to such agency, have been adopted under this chapter. [2006 c 265 § 315.]

43.215.350 Negotiated rule making. The director shall have the power and it shall be the director's duty to engage in negotiated rule making pursuant to RCW 34.05.310(2)(a) with the exclusive representative of the family child care licensees selected in accordance with RCW 43.215.355 and with other affected interests before adopting requirements that affect family child care licensees. [2007 c 17 § 15.]

(1) Solely for the purposes of negotiated rule making pursuant to RCW 34.05.310(2)(a) and 43.215.350, a statewide unit of all family child care licensees is appropriate. As of June 7, 2006, the exclusive representative of family child care licensees in the statewide unit shall be the representative selected as the majority representative in the election held under the directive of the governor to the secretary of the department of social and health services, dated September 16, 2005. If family child care licensees seek to select a different representative thereafter, the family child care licensees may request that the American arbitration association conduct an election and certify the results of the election.

(2) In enacting this section, the legislature intends to provide state action immunity under federal and state antitrust laws for the joint activities of family child care licensees and

their exclusive representative to the extent such activities are authorized by this chapter. [2007 c 17 § 16.]

(2) When developing and periodically reviewing minimum licensing requirements related to safety of the premises, the director shall consult and give serious consideration to publications of the United States consumer product safety commission.

(3) The department may provide information as available regarding reduced cost or no-cost options for retrofitting or replacing unsafe window blinds and window coverings. [2007 c 299 § 1.]

Findings—1994 c 166; 1988 c 174: "The legislature finds that the early childhood education and assistance program provides for the educational, social, health, nutritional, and cultural development of children at risk of failure when they reach school age. The long-term benefits to society in the form of greater educational attainment, employment, and projected lifetime earnings as well as the savings to be realized, from lower crime rates, welfare support, and reduced teenage pregnancy, have been demonstrated through lifelong research of at-risk children and early childhood programs.

The legislature intends to encourage development of community partnerships for children at risk by authorizing a program of voluntary grants and contributions from business and community organizations to increase opportunities for children to participate in early childhood education." [1994 c 166 § 3; 1988 c 174 § 1.]

Funds obtained by providers through voluntary grants or contributions from individuals, agencies, corporations, or organizations may be used to expand or enhance preschool programs so long as program standards established by the department are maintained, but shall not be used to supplant federally supported head start programs or state-supported early childhood programs. Persons applying to conduct the early childhood program shall identify targeted groups and the number of children to be served, program components, the qualifications of instructional and special staff, the source and amount of grants or contributions from sources other than state funds, facilities and equipment support, and transportation and personal care arrangements. Intent—1994 c 166; 1987 c 518: "The long-term social, community welfare, and economic interests of the state will be served by an investment in our children. Conclusive studies and experiences show that providing children with developmental experiences and providing parents with effective parental partnership, empowerment, opportunities for involvement with their child's developmental learning, and expanding parenting skills, learning, and training can greatly improve children's performance in school as well as increase the likelihood of children's success as adults. National studies have also confirmed that special attention to, and educational assistance for, children, their school environment, and their families are the most effective ways in which to meet the state's social and economic goals.

The legislature intends to enhance the readiness to learn of certain children and students by: Providing for an expansion of the state early childhood education and assistance program for children from low-income families and establishing an adult literacy program for certain parents; assisting school districts to establish elementary counseling programs; instituting a program to address learning problems due to drug and alcohol use and abuse; and establishing a program directed at students who leave school before graduation.

The legislature intends further to establish programs that will allow for parental, business, and community involvement in assisting the school systems throughout the state to enhance the ability of children to learn." [1994 c 166 § 7; 1987 c 518 § 1.]

vices for eligible children to measure, among other elements, if possible, how the average level of performance of children completing this program compare to the average level of performance of all state students in their grade level, and to the average level of performance of those eligible students who did not have access to this program. CHILD CARE

43.215.495 Child care services—Declaration of policy. It shall be the policy of the state of Washington to:

(1) Recognize the family as the most important social and economic unit of society and support the central role parents play in child rearing. All parents are encouraged to care for and nurture their children through the traditional methods of parental care at home. The availability of quality, affordable child care is a concern for working parents, the costs of care are often beyond the resources of working parents, and child care facilities are not located conveniently to work places and neighborhoods. Parents are encouraged to participate fully in the effort to improve the quality of child care services.

(2) Promote a variety of culturally and developmentally appropriate child care settings and services of the highest possible quality in accordance with the basic principle of continuity of care. These settings shall include, but not be limited to, family day care homes, mini-centers, centers and schools.

(3) Promote the growth, development and safety of children by working with community groups including providers and parents to establish standards for quality service, training of child care providers, fair and equitable monitoring, and salary levels commensurate with provider responsibilities and support services.

(4) Promote equal access to quality, affordable, socio-economically integrated child care for all children and families.

(5) Facilitate broad community and private sector involvement in the provision of quality child care services to foster economic development and assist industry through the department of early learning. [2006 c 265 § 202; 1989 c 381 § 2; 1988 c 213 § 1. Formerly RCW 74.13.085.]

Part headings not law—Effective date—Severability—2006 c 265: See RCW 43.215.904 through 43.215.906.

Findings—1989 c 381: "The legislature finds that the increasing difficulty of balancing work life and family needs for parents in the workforce has made the availability of quality, affordable child care a critical concern for the state and its citizens. The prospect for labor shortages resulting from the aging of the population and the importance of the quality of the workforce to the competitiveness of Washington businesses make the availability of quality child care an important concern for the state and its businesses.

The legislature further finds that making information on child care options available to businesses can help the market for child care adjust to the needs of businesses and working families. The legislature further finds that investments are necessary to promote partnerships between the public and private sectors, educational institutions, and local governments to increase the supply, affordability, and quality of child care in the state." [1989 c 381 § 1.]

43.215.500 Child care workers—Findings—Intent. The legislature finds that as of 2000, child care workers in the state earned an average hourly wage of eight dollars and twenty-two cents, only fifty-eight percent received medical insurance through employers, only sixty-six percent received paid sick leave, and only seventy-three percent received paid vacation. The legislature further finds that low wages for child care workers create a barrier for individuals entering the profession, result in child care workers leaving the profession in order to earn a living wage in another profession, and make it difficult for child care workers to afford professional education and training. As a result, the availability of quality child care in the state suffers.

The legislature intends to increase wages to child care workers through establishing a child care career and wage ladder that provides increased wages for child care workers based on their work experience, level of responsibility, and education. To the extent practicable within available funds, this child care career and wage ladder shall mirror the successful child care career and wage ladder pilot project operated by the state between 2000 and 2003. While it is the intent of the legislature to establish the vision of a statewide child care career and wage ladder that will enhance employment quality and stability for child care workers, the legislature also recognizes that funding allocations will determine the extent of statewide implementation of a child care career and wage ladder. [2005 c 507 § 1. Formerly RCW 74.13.097.]

43.215.502 Child care provider rules review. In conjunction with child care providers and other early learning leaders, the department shall review and revise child care provider rules in order to emphasize the need for mutual respect among parents, providers, and state staff who enforce rules. Revised rules shall clearly focus on keeping children safe and improving early learning outcomes for children. The department shall develop a plan by July 2007 that outlines the process and timelines to complete the rules review. Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects. [2007 c 394 § 7.]

Finding—Declaration—Captions not law—2007 c 394: See notes following RCW 43.215.010.

43.215.505 Child care workers—Career and wage ladder. (1) Subject to the availability of funds appropriated for this specific purpose, the department shall establish a child care career and wage ladder in licensed child care centers that meet the following criteria: (a) At least ten percent of child care slots are dedicated to children whose care is subsidized by the state or any political subdivision thereof or any local government; (b) the center agrees to adopt the child care career and wage ladder, which, at a minimum, shall be at the same pay schedule as existed in the previous child care career and wage ladder pilot project; and (c) the center meets further program standards as established by rule pursuant to *section 4, chapter 507, Laws of 2005.

The child care career and wage ladder shall include wage increments for levels of education, years of relevant experience, levels of work responsibility, relevant early childhood education credits, and relevant requirements in the state training and registry system.

(2) The department shall establish procedures for the allocation of funds to implement the child care career and wage ladder among child care centers meeting the criteria identified in subsection (1) of this section. In developing these procedures, the department shall:

(a) Review past efforts or administration of the child care career and wage ladder pilot project in order to take advantage of any findings, recommendations, or administrative practices that contributed to that pilot project's success;

(b) Consult with stakeholders, including organizations representing child care teachers and providers, in developing an allocation formula that incorporates consideration of geographic and demographic distribution of child care centers adopting the child care career and wage ladder; and

(c) Develop a system for prioritizing child care centers interested in adopting the child care career and wage ladder that is based on the criteria identified in subsection (1) of this section.

(3) Notwithstanding the requirements of subsection (2) of this section, child care centers meeting the criteria in subsection (1) of this section located in urban areas of the department of social and health services region one shall receive a minimum of fifteen percent of the funds allocated through the child care career and wage ladder, and of these centers, child care centers meeting the criteria in subsection (1) of this section participating in the Spokane tiered reimbursement pilot project shall have first priority for child care career and wage ladder funding. [2006 c 265 § 205; 2005 c 507 § 2. Formerly RCW 74.13.098.]

*Reviser's note: Section 4 of this act was vetoed by the governor.

43.215.510 Child care workers—Career and wage ladder—Wage increases. Child care centers adopting the child care career and wage ladder established pursuant to RCW 43.215.505 shall increase wages for child care workers who have earned a high school diploma or GED certificate, gain additional years of experience, or accept increasing levels of responsibility in providing child care, in accordance with the child care career and wage ladder. The adoption of a child care career and wage ladder shall not prohibit the provision of wage increases based upon merit. The department shall pay wage increments for child care workers employed by child care centers adopting the child care career and wage ladder established pursuant to RCW 43.215.505 who earn early childhood education credits or meet relevant requirements in the state training and registry system, in accordance with the child care career and wage ladder. [2006 c 265 § 206; 2005 c 507 § 3. Formerly RCW 74.13.099.]

This number shall be avail-

from the effective date of the regulations. Regulation by counties of family day-care providers as provided in this section shall be administered and enforced by those counties. The department shall not regulate these activities nor shall the department bear any civil liability under chapter 74.15 RCW for the twelve-month pilot period. Upon request, the department shall provide technical assistance to any county that is in the process of adopting the regulations required by this section, and after the regulations become effective.

Finding—1997 c 58: "The legislature finds that informed choice is consistent with individual responsibility and that parents should be given a range of options for available child care while participating in the program." [1997 c 58 § 401.]

Finding—1993 c 453: "The legislature finds that building a system of quality, affordable child care requires coordinated efforts toward constructing partnerships at state and community levels. Through the office of child care policy, the department of social and health services is responsible for facilitating the coordination of child care efforts and establishing working partnerships among the affected entities within the public and private sectors. Through these collaborative efforts, the office of child care policy encouraged the coalition of locally based child care resource and referral

agencies into a statewide network. The statewide network, in existence since 1989, supports the development and operation of community-based resource and referral programs, improves the quality and quantity of child care available in Washington by fostering statewide strategies, and generates then nurtures effective public-private partnerships. The statewide network provides important training, standards of service, and general technical assistance to its locally based child care resource and referral programs. The locally based programs enrich the availability, affordability, and quality of child care in their communities." [1993 c 453 § 1.]

43.215.555 Child care expansion grant fund. (1) The legislature recognizes that a severe shortage of child care exists to the detriment of all families and employers throughout the state. Many workers are unable to enter or remain in the workforce due to a shortage of child care resources. The high costs of starting a child care business create a barrier to the creation of new slots, especially for children with special needs.

(2) A child care expansion grant fund is created in the custody of the secretary of the department of social and health services. Grants shall be awarded on a one-time only basis to persons, organizations, or schools needing assistance to start a child care center or mini-center as defined by the department by rule, or to existing licensed child care providers, including family home providers, for the purpose of making capital improvements in order to accommodate handi-

capped children as defined under chapter 72.40 RCW, sick children, or infant care, or children needing night time care. No grant may exceed ten thousand dollars. Start-up costs shall not include operational costs after the first three months of business.

(3) Child care expansion grants shall be awarded on the basis of need for the proposed services in the community, within appropriated funds.

43.220.060 Powers and duties—Effect on employed workers—Use of facilities, supplies, instruments, and tools of supervising agency. (1) Each state department identified in RCW 43.220.020 shall have the following powers and duties to carry out its functions relative to the Washington conservation corps:

(a) Recruiting and employing staff, corps members, corps member leaders, and specialists;

(b) Executing agreements for furnishing the services of the corps to carry out conservation corps programs to any federal, state, or local public agency, any local organization as specified in this chapter in concern with the overall objectives of the conservation corps;

(c) Applying for and accepting grants or contributions of funds from any private source;

(d) Determining a preference for those projects which will provide long-term benefits to the public, will provide productive training and work experiences to the members involved, will be labor-intensive, may result in payments to the state for services performed, and can be promptly completed; and

(e) Entering into agreements with community colleges within the state's community and technical college system and other educational institutions or independent nonprofit agencies to provide special education in basic skills, including reading, writing, and mathematics for those conservation corps members who may benefit by participation in such classes. Classes shall be scheduled after corps working hours. Participation by members is not mandatory but shall be strongly encouraged. The participation shall be a primary factor in determining whether the opportunity for corps membership beyond one year shall be offered. Instruction related to the specific role of the department in resource conservation shall also be offered, either in a classroom setting or as is otherwise appropriate.

(2) The assignment of corps members shall not result in the displacement of currently employed workers, including partial displacement such as reduction in hours of nonovertime work, wages, or other employment benefits. Supervising agencies that participate in the program may not terminate, lay-off, or reduce the working hours of any employee for the purpose of using a corps member with available funds. In circumstances where substantial efficiencies or a public purpose may result, supervising agencies may use corps members to carry out essential agency work or contractual functions without displacing current employees.

(3) Facilities, supplies, instruments, and tools of the supervising agency shall be made available for use by the conservation corps to the extent that such use does not conflict with the normal duties of the agency. The agency may purchase, rent, or otherwise acquire other necessary tools, facilities, supplies, and instruments. [1999 c 280 § 4; 1987 c 505 § 44; 1983 1st ex.s. c 40 § 6.]

43.220.070 Corps membership—Eligibility, terms, etc.

The age requirements may be waived for corps leaders and specialists with special leadership or occupational skills; such members shall be given special responsibility for providing leadership, character development, and sense of community responsibility to the corps members, groups, and work crews to which they are assigned. The upper age requirement may be waived for residents who have a sensory or mental handicap. Special effort shall be made to recruit minority and disadvantaged youth who meet selection criteria of the conservation corps. Preference shall be given to youths residing in areas, both urban and rural, in which there exists substantial unemployment exceeding the state average unemployment rate.

(2) The legislature finds that people with developmental disabilities would benefit from experiencing a meaningful work experience, and learning the value of labor and of membership in a productive society.

The legislature urges state agencies that are participating in the Washington conservation corps program to consider for enrollment in the program people who have developmental disabilities, as defined in RCW 71A.10.020.

If an agency chooses to enroll people with developmental disabilities in its Washington conservation corps program, the agency may apply to the United States department of labor, employment standards administration for a special subminimum wage certificate in order to be allowed to pay enrollees with developmental disabilities according to their individual levels of productivity.

(3) Corps members shall not be considered state employees. Other provisions of law relating to civil service, hours of work, rate of compensation, sick leave, unemployment compensation, state retirement plans, and vacation leave do not apply to the Washington conservation corps except for the crew supervisors, who shall be project employees, and the administrative and supervisory personnel.

(4) Enrollment shall be for a period of six months which may be extended for additional six-month periods by mutual agreement of the corps and the corps member, not to exceed

two years. Corps members shall be reimbursed at the minimum wage rate established by state or federal law, whichever is higher, which may be increased by up to five percent for each additional six-month period worked: PROVIDED, That if agencies elect to run a residential program, the appropriate costs for room and board shall be deducted from the corps member's paycheck as provided in chapter 43.220 RCW.

(5) Corps members are to be available at all times for emergency response services coordinated through the *department of community, trade, and economic development or other public agency. Duties may include sandbagging and flood cleanup, search and rescue, and other functions in response to emergencies. [1999 c 280 § 5; 1995 c 399 § 112; 1990 c 71 § 2; 1988 c 78 § 1; 1986 c 266 § 48. Prior: 1985 c 230 § 7; 1985 c 7 § 110; 1983 1st ex.s. c 40 § 7.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Legislative finding—1990 c 71: "The legislature finds that the Washington conservation corps has proven to be an effective method to provide meaningful work experience for many of the state's young persons. Because of recent, and possible future, increases in the minimum wage laws, it is necessary to make an adjustment in the limitation that applies to corps member reimbursements." [1990 c 71 § 1.]

43.235.900 Conflict with federal requirements—2000 c 50. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Investment accounting: RCW 43.33A.180.

43.250.010 Purpose. The purpose of this chapter is to enable eligible governmental entities, including community and technical college districts, the state board for community

and technical colleges as established in chapter 28B.50 RCW, public four-year institutions of higher education, qualifying federally recognized tribes or federally recognized political subdivisions thereof, and other governmental entities to participate with the state in providing maximum opportunities for the investment of surplus public funds consistent with the safety and protection of such funds. The legislature finds and declares that the public interest is found in providing maximum prudent investment of surplus funds, thereby reducing the need for additional taxation. The legislature also recognizes that not all eligible governmental entities are able to maximize the return on their temporary surplus funds. The legislature therefore provides in this chapter a mechanism whereby eligible governmental entities may, at their option, utilize the resources of the state treasurer's office to maximize the potential of surplus funds while ensuring the safety of those funds. [2010 1st sp.s. c 10 § 1; 2001 c 31 § 1; 1996 c 268 § 1; 1986 c 294 § 1.]

(c) Tribal funds under the control of or in the custody of any qualifying federally recognized tribe or federally recognized political subdivisions thereof, where the tribe warrants that the use or disposition of the funds are either not subject to, or are used and deposited with federal approval, and where the tribe warrants that the funds are not immediately required to meet current demands.

the funds considering the probable income as well as the probable safety of the capital. [2010 1st sp.s. c 10 § 3; 2001 c 31 § 3; 1996 c 268 § 3; 1986 c 294 § 4.]

The legislature recognizes that statewide efforts aimed at reducing the incidence of substance abuse, including alcohol, tobacco, or other drug abuse, or violence must be increased. The legislature further recognizes that the most effective strategy for reducing the impact of alcohol, tobacco, other drug abuse, and violence is through the collaborative efforts of educators, law enforcement, local government officials, local treatment providers, and concerned community and citizens' groups.

The legislature intends to support the development and activities of community mobilization strategies against alcohol, tobacco, or other drug abuse, and violence, through the following efforts:

(iv) Evidence of active participation in preparation of the proposal and specific commitments to implementing the community-wide agenda by leadership from education, law enforcement, local government, tribal government, and treatment entities in the community, and the opportunity for meaningful involvement from others such as neighborhood and citizen groups, businesses, human service, health and job training organizations, and other key elements of the community, particularly those whose responsibilities in law enforcement, treatment, prevention, education, or other community efforts provide direct, ongoing contact with substance abusers or those who exhibit violent behavior, or those at risk for alcohol, tobacco, or other drug abuse, or violent behavior;

(v) Evidence of additional local resources committed to the applicant's strategy totaling at least twenty-five percent of funds awarded under this section. These resources may consist of public or private funds, donated goods or services, and other measurable commitments, including in-kind contributions such as volunteer services, materials, supplies, physical facilities, or a combination thereof; and

43.280.010 Intent. The legislature recognizes the need to increase the services available to the victims of sex offenders. The legislature also recognizes that these services are most effectively planned and provided at the local level through the combined efforts of concerned community and citizens groups, treatment providers, and local government officials. The legislature further recognizes that adequate treatment for victims is not only a matter of justice for the victim, but also a method by which additional abuse can be prevented.

The legislature intends to enhance the community-based treatment services available to the victims of sex offenders by:

- (1) Providing consolidated funding support for local treatment programs which provide services to victims of sex offenders;
- (2) Providing technical assistance and support to help communities plan for and provide treatment services;
- (3) Providing sexual assault services with a victim-focused mission, and consistent standards, policies, and contracting and reporting requirements; and
- (4) Providing communities and local treatment providers with opportunities to share information about successful prevention and treatment programs. [1996 c 123 § 2; 1990 c 3 § 1201.]

43.280.011 Intent, approval of committee recommendations, distribution of services—1996 c 123. The Washington state sexual assault services advisory committee issued a report to the *department of community, trade, and economic development and the department of social and health services in June of 1995. The committee made several recommendations to improve the delivery of services to victims of sexual abuse and assault: (1) Consolidate the administration and funding of sexual assault and abuse services in one agency instead of splitting those functions between the department of social and health services and the *department of community, trade, and economic development; (2) adopt a funding allocation plan to pool all funds for sexual assault services and to distribute them across the state to ensure the delivery of core and specialized services; (3) establish service, data collection, and management standards and outcome measurements for recipients of grants; and (4) create a data collection system to gather pertinent data concerning the delivery of sexual assault services to victims.

The legislature approves the recommendations of the advisory committee and consolidates the functions and funding for sexual assault services in the *department of community, trade, and economic development to implement the advisory committee's recommendations.

The legislature does not intend to effect a reduction in service levels within available funding by transferring department of social and health services' powers and duties to the *department of community, trade, and economic development. At a minimum, the *department of community, trade, and economic development shall distribute the same percentage of the services it provides victims of sexual assault and abuse, pursuant to RCW 43.280.020, 70.125.080, and 74.14B.060, to children as were distributed to children through these programs in fiscal year 1996. [1996 c 123 § 1.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

43.280.020 Grant program—Funding. There is established in the *department of community, trade, and economic development a grant program to enhance the funding for treating the victims of sex offenders. Activities that can be funded through this grant program are limited to those that:

- (1) Provide effective treatment to victims of sex offenders;
- (2) Increase access to and availability of treatment for victims of sex offenders, particularly if from underserved populations; and
- (3) Create or build on efforts by existing community programs, coordinate those efforts, or develop cooperative efforts or other initiatives to make the most effective use of resources to provide treatment services to these victims.

Funding shall be given to those applicants that emphasize providing stable, victim-focused sexual abuse services and possess the qualifications to provide core services, as defined in RCW 70.125.030. Funds for specialized services, as defined in RCW 70.125.030, shall be disbursed through the request for proposal or request for qualifications process. [1996 c 123 § 3; 1995 c 399 § 113; 1990 c 3 § 1203.]

43.290.005 Finding—Purpose. The legislature finds that it is in the public interest to create an office of international relations and protocol in order to: Make international relations and protocol a broad-based, focused, and functional part of state government; develop and promote state policies that increase international literacy and cross-cultural understanding among Washington state's citizens; expand Washington state's international cooperation role in such areas as the environment, education, science, culture, and sports; establish coordinated methods for responding to the increasing number of inquiries by foreign governments and institutions seeking cooperative activities within Washington state; provide leadership in state government on international relations and assistance to the legislature and state elected officials on international issues affecting the state; assist with multistate international efforts; and coordinate and improve communication and resource sharing among various state offices, agencies, and educational institutions with international programs.

It is the purpose of this chapter to bring these functions together in a new office under the office of the governor in order to establish a visible, coordinated, and comprehensive approach to international relations and protocol. [1991 c 24 § 1.]

43.290.010 Office created. The office of international relations and protocol is created under the office of the governor. The office shall serve as the state's official liaison and protocol office with foreign governments. The governor shall appoint a director of the office of international relations and protocol, who shall serve at the pleasure of the governor. Because of the diplomatic character of this office, the director and staff will be exempt from the provisions of chapter 41.06 RCW. The director will be paid a salary to be fixed by the governor in accordance with the provisions of RCW 43.03.040. The director may hire such personnel as may be necessary for the general administration of the office. To the extent permitted by law, state agencies may temporarily loan staff to the office of international relations and protocol to assist in carrying out the office's duties and responsibilities under this chapter. An arrangement to temporarily loan staff must have the approval of the staff members to be loaned and the directors of the office and the agencies involved in the loan. [1991 c 24 § 2.]

[Title 43 RCW—page 682]

43.290.020 Authority of office. The office of international relations and protocol may:

(1) Create temporary advisory committees as necessary to deal with specific international issues. Advisory committee representation may include external organizations such as the Seattle consular corps, world affairs councils, public ports, world trade organizations, private nonprofit organizations dealing with international education or international environmental issues, organizations concerned with international understanding, businesses with experience in international relations, or other organizations deemed appropriate by the director.

(2) Accept or request grants or gifts from citizens and other private sources to be used to defray the costs of appropriate hosting of foreign dignitaries, including appropriate gift-giving and reciprocal gift-giving, or other activities of the office. The office shall open and maintain a bank account into which it shall deposit all money received under this subsection. Such money and the interest accruing thereon shall not constitute public funds, shall be kept segregated and apart from funds of the state, and shall not be subject to appropriation or allotment by the state or subject to chapter 43.88 RCW. [1991 c 24 § 4.]

43.290.900 Effective date—1991 c 24. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991. [1991 c 24 § 15.]

Marine resources committees: Chapter 36.125 RCW.

43.300.005 Purpose. Perpetuation of fish and wildlife in Washington requires clear, efficient, streamlined, scientific, management from a single state fish and wildlife agency. Such a consolidation will focus existing funds for the greatest protection of species and stocks. It will bring combined resources to bear on securing, managing, and enhancing habitats. It will simplify licensing, amplify research, increase field staff, avoid duplication, and magnify enforcement of laws and rules. It will provide all fishers, hunters, and observers of fish and wildlife with a single source of consistent policies, procedures, and access. [1993 sp.s. c 2 § 1.]

43.300.010 Department created—Transfer of powers, duties, and functions. There is hereby created a depart-

(2010 Ed.)

ment of state government to be known as the department of fish and wildlife. The department shall be vested with all powers and duties transferred to it under this chapter and such other powers and duties as may be authorized by law. All powers, duties, and functions of the department of fisheries and the department of wildlife are transferred to the department of fish and wildlife. All references in the Revised Code of Washington to the director or the department of fisheries or the director or department of wildlife shall be construed to mean the director or department of fish and wildlife. [1993 sp.s. c 2 § 2.]

43.300.020 Definitions. As used in this chapter, unless the context indicates otherwise:

- (1) "Department" means the department of fish and wildlife.
- (2) "Director" means the director of fish and wildlife.
- (3) "Commission" means the fish and wildlife commission. [1993 sp.s. c 2 § 3.]

43.300.040 Director's duties. In addition to other powers and duties granted or transferred to the director, the commission may delegate to the director any of the powers and duties vested in the commission. [1996 c 267 § 33; 1993 sp.s. c 2 § 5.]

Intent—Effective date—1996 c 267: See notes following RCW 77.12.177.

43.300.050 Exempt positions. The director shall appoint such deputy directors, assistant directors, and up to seven special assistants as may be needed to administer the department. These employees are exempt from the provisions of chapter 41.06 RCW. [1993 sp.s. c 2 § 6.]

43.300.060 Enforcement in accordance with RCW 43.05.100 and 43.05.110. Enforcement action taken after July 23, 1995, by the director or the department shall be in accordance with RCW 43.05.100 and 43.05.110. [1995 c 403 § 627.]

Findings—Short title—Intent—1995 c 403: See note following RCW 34.05.328.

43.300.070 Exchange of tidelands with private or public landowners. (1) The department of fish and wildlife may exchange the tidelands and shorelands it manages with private or public landowners if the exchange is in the public interest.

(2) As used in this section, an exchange of tidelands and shorelands is in the public interest if the exchange would provide significant fish and wildlife habitat or public access to the state's waterways. [1997 c 209 § 3.]

Finding—1997 c 209: "The legislature finds that the department of fish and wildlife manages a large amount of public land and that the department may have opportunities to improve the quality of its land holdings by participating in an exchange with private landowners or other public entities. The legislature declares that it is in the public interest to allow the department to exchange land with private landowners or with public entities if the exchange would provide significant fish and wildlife habitat or public access to the state's waterways." [1997 c 209 § 1.]

(2010 Ed.)

43.300.080 Cost-reimbursement agreements. (1) The department may enter into a written cost-reimbursement agreement with a permit applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing.

(2) The cost-reimbursement agreement shall identify the tasks and costs for work to be conducted under the agreement. The agreement must include a schedule that states:

- (a) The estimated number of weeks for initial review of the permit application;
- (b) The estimated number of revision cycles;
- (c) The estimated number of weeks for review of subsequent revision submittals;
- (d) The estimated number of billable hours of employee time;
- (e) The rate per hour; and
- (f) A date for revision of the agreement if necessary.

(3) The written cost-reimbursement agreement shall be negotiated with the permit applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to hire temporary employees, to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants or hire temporary employees to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The cost-reimbursement agreement must not negatively impact the processing of other permit applications. In order to maintain permit processing capacity, the agency may hire outside consultants, temporary employees, or make internal administrative changes. Consultants or temporary employees hired as part of a cost-reimbursement agreement or to maintain agency capacity are hired as agents of the state not of the permit applicant. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement. 43.310.030	Gang risk prevention and intervention pilot programs—Scope.
43.310.040	Cultural awareness retreats.

43.310.005 Finding. The legislature finds and declares that:

(1) The number of youth who are members and associates of gangs and commit gang violence has significantly increased throughout the entire greater Puget Sound, Spokane, and other areas of the state;

(2) Youth gang violence has caused a tremendous strain on the progress of the communities impacted. The loss of life, property, and positive opportunity for growth caused by youth gang violence has reached intolerable levels. Increased youth gang activity has seriously strained the budgets of many local jurisdictions, as well as threatened the ability of the educational system to educate our youth;

(3) Among youth gang members the high school dropout rate is significantly higher than among nongang members. Since the economic future of our state depends on a highly educated and skilled workforce, this high school dropout rate threatens the economic welfare of our future workforce, as well as the future economic growth of our state;

(4) The unemployment rate among youth gang members is higher than that among the general youth population. The unusual unemployment rate, lack of education and skills, and the increased criminal activity could significantly impact our future prison population;

(5) Most youth gangs are subcultural. This implies that gangs provide the nurturing, discipline, and guidance to gang youth and potential gang youth that is generally provided by communities and other social systems. The subcultural designation means that youth gang participation and violence can be effectively reduced in Washington communities and schools through the involvement of community, educational, criminal justice, and employment systems working in a unified manner with parents and individuals who have a first-hand knowledge of youth gangs and at-risk youth; and

(6) A strong unified effort among parents and community, educational, criminal justice, and employment systems

would facilitate: (a) The learning process; (b) the control and reduction of gang violence; (c) the prevention of youth joining negative gangs; and (d) the intervention into youth gangs. [1993 c 497 § 1.]

43.310.007 Intent—Prevention and intervention pilot programs. It is the intent of the legislature to cause the development of positive prevention and intervention pilot programs for elementary and secondary age youth through cooperation between individual schools, local organizations, and government. It is also the intent of the legislature that if the prevention and intervention pilot programs are determined to be effective in reducing problems associated with youth gang violence, that other counties in the state be eligible to receive special state funding to establish similar positive prevention and intervention programs. [1993 c 497 § 2.]

43.310.010 Definitions. Unless the context otherwise requires, the following definitions shall apply throughout RCW 43.310.005 through 43.310.040 and *sections 5 and 7 through 10, chapter 497, Laws of 1993:

(1) "School" means any public school within a school district any portion of which is in a county with a population of over one hundred ninety thousand.

(2) "Community organization" means any organization recognized by a city or county as such, as well as private, nonprofit organizations registered with the secretary of state.

(3) "Gang risk prevention and intervention pilot program" means a community-based positive prevention and intervention program for gang members, potential gang members, at-risk youth, and elementary through high school-aged youth directed at all of the following:

(a) Reducing the probability of youth involvement in gang activities and consequent violence.

(b) Establishing ties, at an early age, between youth and community organizations.

(c) Committing local business and community resources to positive programming for youth.

(d) Committing state resources to assist in creating the gang risk prevention and intervention pilot programs.

(4) "Cultural awareness retreat" means a program that temporarily relocates at-risk youth or gang members and their parents from their usual social environment to a different social environment, with the specific purpose of having them performing activities which will enhance or increase their positive behavior and potential life successes. [1993 c 497 § 3.]

***Reviser's note:** Sections 5 and 7 through 10, chapter 497, Laws of 1993 were vetoed by the governor.

43.310.020 Gang risk prevention and intervention pilot programs—Request for proposals. (1) The *department of community, trade, and economic development may recommend existing programs or contract with either school districts or community organizations, or both, through a request for proposal process for the development, administration, and implementation in the county of community-based gang risk prevention and intervention pilot programs.

(2) Proposals by the school district for gang risk prevention and intervention pilot program grant funding shall begin

with school years no sooner than the 1994-95 session, and last for a duration of two years.

(3) The school district or community organization proposal shall include:

(a) A description of the program goals, activities, and curriculum. The description of the program goals shall include a list of measurable objectives for the purpose of evaluation by the *department of community, trade, and economic development. To the extent possible, proposals shall contain empirical data on current problems, such as drop-out rates and occurrences of violence on and off campus by school-age individuals.

(b) A description of the individual school or schools and the geographic area to be affected by the program.

(c) A demonstration of broad-based support for the program from business and community organizations.

(d) A clear description of the experience, expertise, and other qualifications of the community organizations to conduct an effective prevention and intervention program in cooperation with a school or a group of schools.

(e) A proposed budget for expenditure of the grant.

(4) Grants awarded under this section may not be used for the administrative costs of the school district or the individual school. [1995 c 399 § 116; 1993 c 497 § 4.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

(1) Counseling for targeted at-risk students, parents, and families, individually and collectively.

(2) Exposure to positive sports and cultural activities, promoting affiliations between youth and the local community.

(3) Job training, which may include apprentice programs in coordination with local businesses, job skills development at the school, or information about vocational opportunities in the community.

(4) Positive interaction with local law enforcement personnel.

(5) The use of local organizations to provide job search training skills.

(6) Cultural awareness retreats.

(7) The use of specified state resources, as requested.

(8) Full service schools under *section 9 of this act.

(9) Community service such as volunteerism and citizenship. [1993 c 497 § 6.]

*Reviser's note: Section 9, chapter 497, Laws of 1993 was vetoed by the governor.

43.310.040 Cultural awareness retreats. Cultural awareness retreats shall include but are not limited to the following programs:

(1) To develop positive attitudes and self-esteem.

(2) To develop youth decision-making ability.

(3) To assist with career development and educational development.

43.320.005 Finding. The legislature finds that, given the overlap of powers and products in the companies regulated, the consolidation of the agencies regulating financial institutions and securities into one department will better serve the public interest through more effective use of staff expertise. Therefore, for the convenience of administration and the centralization of control and the more effective use of state resources and expertise, the state desires to combine the regulation of financial institutions and securities into one department. [1993 c 472 § 1.]

43.320.007 Regulatory reform—Findings—Construction—1994 c 256. (1) The legislature finds that the financial services industry is experiencing a period of rapid change with the development and delivery of new products and services and advances in technology.

(2) The legislature further finds it in the public interest to strengthen the regulation, supervision, and examination of business entities furnishing financial services to the people of this state and that this can be accomplished by streamlining and focusing regulation to reduce costs, increase effectiveness, and foster efficiency by eliminating requirements that are not necessary for the protection of the public.

(3) The provisions of chapter 256, Laws of 1994 should not be construed to limit the ability of the director of financial institutions to implement prudent regulation, prevent unsafe, unsound, and fraudulent practices, and undertake necessary enforcement actions to protect the public and promote the public interest. [1994 c 256 § 1.]

43.320.010 Department created. A state department of financial institutions, headed by the director of financial institutions, is created. The department shall be organized and operated in a manner that to the fullest extent permissible under applicable law protects the public interest, protects the safety and soundness of depository institutions and entities under the jurisdiction of the department, ensures access to the regulatory process for all concerned parties, and protects the interests of investors. The department of financial institutions shall be structured to reflect the unique differences in the types of institutions and areas it regulates. [1993 c 472 § 2.]

43.320.011 Department of general administration and department of licensing powers and duties transferred. (1) All powers, duties, and functions of the department of general administration under Titles 30, 31, 32, 33, and 43 RCW and any other title pertaining to duties relating to banks, savings banks, foreign bank branches, savings and loan associations, credit unions, consumer loan companies, check cashers and sellers, trust companies and departments, and other similar institutions are transferred to the department of financial institutions. All references to the director of general administration, supervisor of banking, or the supervisor of savings and loan associations in the Revised Code of Washington are construed to mean the director of the department of financial institutions when referring to the functions transferred in this section. All references to the department of general administration in the Revised Code of Washington are construed to mean the department of financial institutions when referring to the functions transferred in this subsection.

(2) All powers, duties, and functions of the department of licensing under chapters 18.44, 19.100, 19.110, 21.20, 21.30, and 48.18A RCW and any other statute pertaining to the regulation under the chapters listed in this subsection of escrow agents, securities, franchises, business opportunities, commodities, and any other speculative investments are transferred to the department of financial institutions. All references to the director or department of licensing in the Revised Code of Washington are construed to mean the director or department of financial institutions when referring to the functions transferred in this subsection. [1995 c 238 § 6; 1993 c 472 § 6.]

All cabinets, furniture, office

equipment, motor vehicles, and other tangible property purchased by the division of banking and the division of savings and loan in carrying out the powers, functions, and duties transferred by RCW 43.320.011 shall be transferred to the department of financial institutions. If a dispute arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned. [1993 c 472 § 7.]

43.320.013 Department of general administration and department of licensing civil service employees transferred. All employees classified under chapter 41.06 RCW, the state civil service law, who are employees of the department of general administration or the department of licensing engaged in performing the powers, functions, and duties transferred by RCW 43.320.011, except those under chapter 18.44 RCW, are transferred to the department of financial institutions. All such employees are assigned to the department of financial institutions to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service. [1995 c 238 § 7; 1993 c 472 § 9.]

not affect the validity of any act performed by such an employee before October 1, 1993. [1993 c 472 § 11.]

43.320.016 Apportionment of budgeted funds. If apportionments of budgeted funds are required because of the transfers directed by RCW 43.320.011 through 43.320.015, the director of financial management shall certify the apportionments to the agencies affected, to the state auditor, and to the state treasurer. 43.325.001 Findings—2006 c 171. (Expires June 30, 2016.) The legislature finds that:

(1) Washington's dependence on energy supplied from outside the state and volatile global energy markets makes its economy and citizens vulnerable to unpredictable and high energy prices;

(2) Washington's dependence on petroleum-based fuels increases energy costs for citizens and businesses;

(3) Diesel soot from diesel engines ranks as the highest toxic air pollutant in Washington, leading to hundreds of premature deaths and increasing rates of asthma and other lung diseases;

(4) The use of biodiesel results in significantly less air pollution than traditional diesel fuels;

(5) Improper disposal and treatment of organic waste from farms and livestock operations can have a significant negative impact on water quality;

(6) Washington has abundant supplies of organic wastes from farms that can be used for energy production and abundant farmland where crops could be grown to supplement or supplant petroleum-based fuels;

(7) The use of energy and fuel derived from these sources can help citizens and businesses conserve energy and reduce the use of petroleum-based fuels, would improve air and water quality in Washington, reduce environmental risks from farm wastes, create new markets for farm products, and provide new industries and jobs for Washington citizens;

(8) The bioenergy industry is a new and developing industry that is, in part, limited by the availability of capital for the construction of facilities for converting farm and forest products into energy and fuels;

(9) Instead of leaving our economy at the mercy of global events, and the policies of foreign nations, Washington state should adopt a policy of energy independence; and

(10) The energy freedom program is meant to lead Washington state towards energy independence.

Therefore, the legislature finds that it is in the public interest to encourage the rapid adoption and use of bioenergy, to develop a viable bioenergy industry within Washington state, to promote public research and development in bioenergy sources and markets, and to support a viable agriculture industry to grow bioenergy crops. To accomplish this, the energy freedom program is established to promote public research and development in bioenergy, and to stimulate the construction of facilities in Washington to generate energy from farm sources or convert organic matter into fuels. [2006 c 171 § 1. Formerly RCW 15.110.005.]

43.325.005 Findings—2007 c 348. (1) The legislature finds that excessive dependence on fossil fuels jeopardizes Washington's economic security, environmental integrity, and public health. Accelerated development and use of clean fuels and clean vehicle technologies will reduce the drain on Washington's economy from importing fossil fuels. As fossil fuel prices rise, clean fuels and vehicles can save consumers money while promoting the development of a major, sustainable industry that provides good jobs and a new source of rural prosperity. In addition, clean fuels and vehicles protect public health by reducing toxic air and climate change emissions.

(2) The legislature also finds that climate change is expected to have significant impacts in the Pacific Northwest region in the near and long-term future. These impacts include: Increased temperatures, declining snowpack, more frequent heavy rainfall and flooding, receding glaciers, rising sea levels, increased risks to public health due to insect and rodent-borne diseases, declining salmon populations, and increased drought and risk of forest fires. The legislature recognizes the need at this time to continue to gather and analyze information related to climate protection. This analysis will allow prudent steps to be taken to avoid, mitigate, or respond to climate impacts and protect our communities.

(3) Finally, the legislature finds that to reduce fossil fuel dependence, build our clean energy economy, and reduce climate impacts, the state should develop policies and incentives that help businesses, consumers, and farmers gain greater access to affordable clean fuels and vehicles and to produce clean fuels in the state. These policies and incentives should include: Incentives for replacement of the most polluting diesel engines, especially in school buses; transitional incentives for development of the most promising in-state clean fuels and fuel feedstocks, including biodiesel

crops, ethanol from plant waste, and liquid natural gas from landfill or wastewater treatment gases; reduced fossil fuel consumption by state fleets; development of promising new technologies for displacing petroleum with electricity, such as "plug-in hybrids"; and impact analysis and emission accounting procedures that prepare Washington to respond and prosper as climate change impacts occur, and as policies and markets to reduce climate pollution are developed. [2007 c 348 § 1.]

43.330.005 Findings. The legislature finds that the long-term economic health of the state and its citizens depends upon the strength and vitality of its communities and businesses. It is the intent of this chapter to create a department of commerce that fosters new partnerships for strong and sustainable communities. The mission of the department is to grow and improve jobs in Washington and facilitate innovation. To carry out its mission, the department will bring together focused efforts to: Streamline access to business assistance and economic development services by providing them through sector-based, cluster-based, and regional partners; provide focused and flexible responses to changing economic conditions; generate greater local capacity to respond to both economic growth and environmental challenges; increase accountability to the public, the executive branch, and the legislature; manage growth and achieve sustainable development; diversify the state's economy and export goods and services; provide greater access to economic opportunity; stimulate private sector investment and entrepreneurship; provide stable family-wage jobs and meet the diverse needs of families; provide affordable housing and housing services; and construct public infrastructure.

The legislature further finds that as a result of the rapid pace of global social and economic change, the state and local communities will require coordinated and creative responses by every segment of the community. The state can play a role in assisting such local efforts by reorganizing state assistance efforts to promote such partnerships. The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents. It is the intent of the legislature in creating the department to maximize the use of local expertise and resources in the delivery of community and economic development services. [2010 c 271 § 2; 1993 c 280 § 1.]

Purpose—2010 c 271: "In 2009, the legislature changed the name of the department of community, trade, and economic development to the department of commerce and directed the agency to, among other things, develop a report with recommendations on statutory changes to ensure that the department's efforts: Are organized around a concise core mission and aligned with the state's comprehensive plan for economic development; generate greater local capacity; maximize results through partnerships and the use of intermediaries; and provide transparency and increased accountability. Recommendations for creating or consolidating programs deemed important to meeting the department's core mission and recommendations for terminating or transferring specific programs if they are not consistent with the department's core mission were to be included in the report.

In accordance with that legislation, chapter 565, Laws of 2009, in November 2009 the department of commerce submitted a plan that establishes a mission of growing and improving jobs in the state and recognizes the need for an innovation-driven economy. The plan also outlines agency priorities, efficiencies, and program transfers that will help to advance the new mission.

The primary purpose of this act is to implement portions of the department of commerce plan by transferring certain programs from the department (2010 Ed.)

ment of commerce to other state agencies whose missions are more closely aligned with the core functions of those programs. This act also directs additional efficiencies in state government and directs development of a statewide clean energy strategy, which will better enable the department of commerce to focus on its new mission." [2010 c 271 § 1.]

Effective date—2010 c 271: "This act takes effect July 1, 2010." [2010 c 271 § 803.]

43.330.007 Management responsibility. (1) The purpose of this chapter is to establish the broad outline of the structure of the department of commerce, leaving specific details of its internal organization and management to those charged with its administration. This chapter identifies the broad functions and responsibilities of the department and is intended to provide flexibility to the director to reorganize these functions to more closely reflect its customers, its mission, and its priorities, and to make recommendations for changes.

(2) In order to generate greater local capacity, maximize results through partnerships and the use of intermediaries, and leverage the use of state resources, the department shall, in carrying out its business assistance and economic development functions, provide business and economic development services primarily through sector-based, cluster-based, and regionally based organizations rather than providing assistance directly to individual firms. [2010 c 271 § 3; 2009 c 565 § 1; 1993 c 280 § 2.]

Purpose—Effective date—2010 c 271: See notes following RCW 43.330.005.

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

The legislature intends that the department of commerce and the small business development center each build upon their existing relevant statutory missions and authorities by collaborating on a specific plan to expand services to small businesses and entrepreneurs beginning in the 2011-2013 biennium." At the end of the period of termination, the department may contract with the associate development organization or its successor as it deems appropriate.

(3) The department shall report to the legislature and the Washington economic development commission by December 31st of each even-numbered year on the performance results of the contracts with associate development organizations. [2009 c 518 § 15; 2007 c 249 § 3.]

Findings—2003 c 153: "The legislature finds that tourism is a growing sector of the Washington economy. Washington has a diverse geography, geology, climate, and natural resources, and offers abundant opportunities for wildlife viewing. Nature-based tourism is the fastest growing outdoor activity and segment of the travel industry and the state can take advantage of this by marketing Washington's natural assets to international as well as national tourist markets. Expanding tourism efforts can provide Washington residents with jobs and local communities with needed revenues.

The legislature also finds that current efforts to promote Washington's natural resources and nature-based tourism to national and international markets are too diffuse and limited by funding and that a collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in nature-based tourism made by each." (3) With respect solely to the research capacity required in subsection (2)(a)(i) of this section, the director may waive the requirement that the research institution be located within the zone. To be considered for such a waiver, an applicant must provide a specific plan that demonstrates the research institution's unique qualifications and suitability for the zone, and the types of jointly executed activities that will be used to ensure ongoing, face-to-face interaction and research collaboration among the zone's partners.

(4) On October 1st of each odd-numbered year, the director shall designate innovation partnership zones on the basis of applications that meet the legislative criteria, estimated economic impact of the zone, evidence of forward planning for the zone, and other criteria as recommended by the Washington state economic development commission. Estimated economic impact must include evidence of anticipated private investment, job creation, innovation, and commercialization. The director shall require evidence that zone applicants will promote commercialization, innovation, and collaboration among zone residents.

(5) Innovation partnership zones are eligible for funds and other resources as provided by the legislature or at the discretion of the governor.

(6) If the innovation partnership zone meets the other requirements of the fund sources, then the zone is eligible for the following funds relating to:

(b) The sales and use tax for public facilities in rural counties; and

(c) Job skills.

(7) An innovation partnership zone shall be designated as a zone for a four-year period. At the end of the four-year period, the zone must reapply for the designation through the department.

The report shall provide information for each zone on its: Objectives; funding, tax incentives, and other support obtained from public sector sources; major activities; partnerships; performance measures; and outcomes achieved since the inception of the zone or since the previous biennial report. The Washington state economic development commission shall review the department's draft report and make recommendations on ways to increase the effectiveness of individual zones and the program overall. (E) Steps to take in solicitation of private sector support for the recruitment of entrepreneurial researchers and the commercialization activity of innovation research teams; and

(F) Mechanisms for ensuring the location of innovation research teams in innovation partnership zones;

(ii) Provide direction for the development of comprehensive entrepreneurial assistance programs at research institutions. The programs may involve multidisciplinary students, faculty, entrepreneurial researchers, entrepreneurs, and investors in building business models and evolving business plans around innovative ideas. The programs may provide technical assistance and the support of an entrepreneur-in-residence to innovation research teams and offer entrepreneurial training to faculty, researchers, undergraduates, and graduate students. Curriculum leading to a certificate in entrepreneurship may also be offered;

(e) Develop performance measures to be used in evaluating the performance of innovation research teams, the implementation of the plan and programs under (d)(i) and (ii) of this subsection, and the performance of innovation partnership zone grant recipients, including but not limited to private investment measures, business initiation measures, job creation measures, and measures of innovation such as licensing of ideas in research institutions, patents, or other recognized measures of innovation. (iv) Outcomes of the grants for innovation partnership zones.

The report shall include recommendations for modifications of chapter 227, Laws of 2007 and of state commercialization efforts that would enhance the state's economic competitiveness.

(2) The economic development commission and the workforce training and education coordinating board shall jointly convene a working group to:

(a) Specify the process and criteria for identification of substate geographic concentrations of firms or employment in an industry and the industry's customers, suppliers, supporting businesses, and institutions, which process will include the use of labor market information from the employment security department and local labor markets; and

(b) Establish criteria for identifying strategic clusters which are important to economic prosperity in the state, considering cluster size, growth rate, and wage levels among other factors. [2009 c 565 § 14; 2009 c 72 § 2; 2007 c 227 § 2.]

Reviser's note: This section was amended by 2009 c 72 § 2 and by 2009 c 565 § 14, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

43.330.290 Microenterprise development program.

The microenterprise development program is established in the department of commerce. In implementing the program, the department:

(1) Shall provide organizational support to a statewide microenterprise association and shall contract with the association for the delivery of services and distribution of grants;

(a) The association shall serve as the department's agent in carrying out the purpose and service delivery requirements of this section;

(b) The association's contract with the department shall specify that in administering the funds provided for under subsection (3) of this section, the association may use no greater than ten percent of the funds to cover administrative expenses;

(2) Shall provide funds for capacity building for the statewide microenterprise association and microenterprise development organizations throughout the state;

(3) Shall provide grants to microenterprise development organizations for the delivery of training and technical assistance services;

(4) Shall identify and facilitate the availability of state, federal, and private sources of funds which may enhance microenterprise development in the state;

(5) Shall develop with the statewide microenterprise association criteria for the distribution of grants to microen-

terprise development organizations. Such criteria may include:

(a) The geographic representation of all regions of the state, including both urban and rural communities;

(b) The ability of the microenterprise development organization to provide business development services in low-income communities;

(c) The scope of services offered by a microenterprise development organization and their efficiency in delivery of such services;

(d) The ability of the microenterprise development organization to monitor the progress of its customers and identify technical and financial assistance needs;

(e) The ability of the microenterprise development organization to work with other organizations, public entities, and financial institutions to meet the technical and financial assistance needs of its customers;

(f) The sufficiency of operating funds for the microenterprise development organization; and

(g) Such other criteria as agreed by the department and the association;

(6) Shall require the statewide microenterprise association and any microenterprise development organization receiving funds through the microenterprise development program to raise and contribute to the effort funded by the microenterprise development program an amount equal to twenty-five percent of the microenterprise development program funds received. Such matching funds may come from private foundations, federal or local sources, financial institutions, or any other source other than funds appropriated from the legislature;

(7) Shall require under its contract with the statewide microenterprise association an annual accounting of program outcomes, including job creation, access to capital, leveraging of nonstate funds, and other outcome measures specified by the department. By January 1, 2012, the joint legislative audit and review committee shall use these outcome data and other relevant information to evaluate the program's effectiveness; and

(8) May adopt rules as necessary to implement this section. [2009 c 565 § 15; 2007 c 322 § 3.]

Findings—Purpose—Intent—2007 c 322: "(1) The legislature finds that:

(a) Microenterprises are an important portion of Washington's economy, providing approximately twenty percent of the employment in Washington and playing a vital role in job creation.

(b) While community-based microenterprise development organizations have expanded their assistance to their microentrepreneur customers in recent years, there remains a lack of access to capital, training, and technical assistance for low-income microentrepreneurs.

(c) Support for microenterprise development offers a means to expand business and job creation in low-income communities in both rural and urban areas of the state.

(d) Local and state charitable foundation support, federal program funding, and private sector support can be leveraged by a statewide program for development of microenterprises.

(2) It is the purpose of this act to assist microenterprises in job creation by increasing the training, technical assistance, and financial resources available to microenterprises. It is the intention of the legislature to carry out this purpose by enabling the *department of community, trade, and economic development to contract with a statewide microenterprise association with the potential to provide organizational support and administer grants to local microenterprise development organizations, subject to the requirements of this act, and to leverage additional funds from sources other than moneys appropriated from the general fund." [2007 c 322 § 1.]

(2010 Ed.)

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

43.330.310 Comprehensive green economy jobs growth initiative—Establishment—Green industries jobs training account—Creation. (1) The legislature establishes a comprehensive green economy jobs growth initiative based on the goal of, by 2020, increasing the number of green economy jobs to twenty-five thousand from the eight thousand four hundred green economy jobs the state had in 2004.

(2) The department, in consultation with the employment security department, the state workforce training and education coordinating board, the state board for community and technical colleges, and the higher education coordinating board, shall develop a defined list of terms, consistent with current workforce and economic development terms, associated with green economy industries and jobs.

(3)(a) The employment security department, in consultation with the department, the state workforce training and education coordinating board, the state board for community and technical colleges, the higher education coordinating board, Washington State University small business development center, and the Washington State University extension energy program, shall conduct labor market research to analyze the current labor market and projected job growth in the green economy, the current and projected recruitment and skill requirement of green economy industry employers, the wage and benefits ranges of jobs within green economy industries, and the education and training requirements of entry-level and incumbent workers in those industries.

(i) The employment security department shall conduct an analysis of occupations in the forest products industry to: (A) Determine key growth factors and employment projections in the industry; and (B) define the education and skill standards required for current and emerging green occupations in the industry.

(ii) The term "forest products industry" must be given a broad interpretation when implementing (a)(i) of this subsection and includes, but is not limited to, businesses that grow, manage, harvest, transport, and process forest, wood, and paper products.

(b) The University of Washington business and economic development center shall: Analyze the current opportunities for and participation in the green economy by minority and women-owned business enterprises in Washington; identify existing barriers to their successful participation in the green economy; and develop strategies with specific policy recommendations to improve their successful participation in the green economy. The research may be informed by the research of the Puget Sound regional council prosperity partnership, as well as other entities. The University of Washington business and economic development center shall report to the appropriate committees of the house of representatives and the senate on their research, analysis, and recommendations by December 1, 2008.

(4) Based on the findings from subsection (3) of this section, the employment security department, in consultation with the department and taking into account the requirements and goals of chapter 14, Laws of 2008 and other state clean energy and energy efficiency policies, shall propose which industries will be considered high-demand green industries, based on current and projected job creation and their strategic importance to the development of the state's green economy. The employment security department and the department shall take into account which jobs within green economy industries will be considered high-wage occupations and occupations that are part of career pathways to the same, based on family-sustaining wage and benefits ranges. These designations, and the results of the employment security department's broader labor market research, shall inform the planning and strategic direction of the department, the state workforce training and education coordinating board, the state board for community and technical colleges, and the higher education coordinating board.

(5) The department shall identify emerging technologies and innovations that are likely to contribute to advancements in the green economy, including the activities in designated innovation partnership zones established in RCW 43.330.270.

(6) The department, consistent with the priorities established by the state economic development commission, shall:

(a) Develop targeting criteria for existing investments, and make recommendations for new or expanded financial incentives and comprehensive strategies, to recruit, retain, and expand green economy industries and small businesses; and

(b) Make recommendations for new or expanded financial incentives and comprehensive strategies to stimulate research and development of green technology and innovation, including designating innovation partnership zones linked to the green economy.

(7) For the purposes of this section, "target populations" means (a) entry-level or incumbent workers in high-demand green industries who are in, or are preparing for, high-wage occupations; (b) dislocated workers in declining industries who may be retrained for high-wage occupations in high-demand green industries; (c) dislocated agriculture, timber, or energy sector workers who may be retrained for high-wage occupations in high-demand green industries; (d) eligible veterans or national guard members; (e) disadvantaged populations; or (f) anyone eligible to participate in the state opportunity grant program under RCW 28B.50.271.

(8) The legislature directs the state workforce training and education coordinating board to create and pilot green industry skill panels. These panels shall consist of business representatives from: Green industry sectors, including but not limited to forest product companies, companies engaged in energy efficiency and renewable energy production, companies engaged in pollution prevention, reduction, and mitigation, and companies engaged in green building work and green transportation; labor unions representing workers in those industries or labor affiliates administering state-approved, joint apprenticeship programs or labor-management partnership programs that train workers for these industries; state and local veterans agencies; employer associations; educational institutions; and local workforce develop-

ment councils within the region that the panels propose to operate; and other key stakeholders as determined by the applicant. Any of these stakeholder organizations are eligible to receive grants under this section and serve as the intermediary that convenes and leads the panel. Panel applicants must provide labor market and industry analysis that demonstrates high demand, or demand of strategic importance to the development of the state's clean energy economy as identified in this section, for high-wage occupations, or occupations that are part of career pathways to the same, within the relevant industry sector. The panel shall:

(a) Conduct labor market and industry analyses, in consultation with the employment security department, and drawing on the findings of its research when available;

(b) Plan strategies to meet the recruitment and training needs of the industry and small businesses; and

(c) Leverage and align other public and private funding sources.

(9) The green industries jobs training account is created in the state treasury. Moneys from the account must be utilized to supplement the state opportunity grant program established under RCW 28B.50.271. All receipts from appropriations directed to the account must be deposited into the account. Expenditures from the account may be used only for the activities identified in this subsection. The state board for community and technical colleges, in consultation with the state workforce training and education coordinating board, informed by the research of the employment security department and the strategies developed in this section, may authorize expenditures from the account. The state board for community and technical colleges must distribute grants from the account on a competitive basis.

(a)(i) Allowable uses of these grant funds, which should be used when other public or private funds are insufficient or unavailable, may include:

(A) Curriculum development;

(B) Transitional jobs strategies for dislocated workers in declining industries who may be retrained for high-wage occupations in green industries;

(C) Workforce education to target populations; and

(D) Adult basic and remedial education as necessary linked to occupation skills training.

(ii) Allowable uses of these grant funds do not include student assistance and support services available through the state opportunity grant program under RCW 28B.50.271.

(b) Applicants eligible to receive these grants may be any organization or a partnership of organizations that has demonstrated expertise in:

(i) Implementing effective education and training programs that meet industry demand; and

(ii) Recruiting and supporting, to successful completion of those training programs carried out under these grants, the target populations of workers.

(c) In awarding grants from the green industries jobs training account, the state board for community and technical colleges shall give priority to applicants that demonstrate the ability to:

(i) Use labor market and industry analysis developed by the employment security department and green industry skill panels in the design and delivery of the relevant education

and training program, and otherwise utilize strategies developed by green industry skill panels;

(ii) Leverage and align existing public programs and resources and private resources toward the goal of recruiting, supporting, educating, and training target populations of workers;

(iii) Work collaboratively with other relevant stakeholders in the regional economy;

(iv) Link adult basic and remedial education, where necessary, with occupation skills training;

(v) Involve employers and, where applicable, labor unions in the determination of relevant skills and competencies and, where relevant, the validation of career pathways; and

(vi) Ensure that supportive services, where necessary, are integrated with education and training and are delivered by organizations with direct access to and experience with the targeted population of workers. [2010 c 187 § 2; 2008 c 14 § 9.]

Findings—2010 c 187: "(1) The legislature finds that:

(a) Washington's forest products industry plays a critical economic and environmental role in the state. The industry provides a wide range of services and goods both to Washingtonians and people around the world and is vital to the well-being and lifestyle of the people of the state of Washington; and

(b) It is in the best interest of the state to support and enhance the forest products industry.

(2) The legislature further finds that the state's forest practices are sustainably managed according to some of the most stringent riparian growing and harvest rules of any state in the nation or in the world, and that the state of Washington has received fifty-year assurances from the federal government that the state's forest practices satisfy the requirements of the federal endangered species act for aquatic species. As part of their environmental stewardship, forest landowners in Washington have repaired or removed nearly three thousand fish passage barriers, returned nearly twenty-five hundred miles of forest roads to their natural condition, and opened up nearly fifteen hundred miles of riparian salmonid habitat.

(3) The legislature further finds that Washington's forests naturally create habitat for fish and wildlife, clean water, and carbon storage; all environmental benefits that are lost when land is converted out of working forestry into another use. In recognition of forestry's benefits, the international panel on climate change has reported that a sustainable forest management strategy aimed at maintaining or increasing forest carbon stocks, while producing an annual sustained yield of timber, fiber, wood products, or energy from the forest, will generate the largest sustained carbon mitigation benefit.

(4) The legislature further finds that the forest products industry is a seventeen billion dollar industry, making it Washington's second largest manufacturing industry. The forest products industry alone provides nearly forty-five thousand direct jobs and one hundred sixty-two thousand indirect jobs, many located in rural areas.

(5) The legislature further finds that working forests help generate wealth through recreation and tourism, the retention and creation of green jobs, and through the production of wood products and energy, a finding supported by the United States secretary of agriculture." [2010 c 187 § 1.]

Findings—Intent—Scope of chapter 14, Laws of 2008—Severability—2008 c 14: See RCW 70.235.005, 70.235.900, and 70.235.901.

43.330.320 Obtaining energy efficiency services—Awarding grants to financial institutions—Credit enhancements. (1) The department must: (a) Establish a process to award grants on a competitive basis to provide grants to financial institutions for the purpose of creating credit enhancements, such as loan loss reserve funds as specified in RCW 43.330.330 and 43.330.350, and consumer financial products and services that will be used to obtain energy efficiency services; and (b) develop criteria, in consultation with the department of financial institutions, regard-

ing the extent to which funds will be provided for the purposes of credit enhancements and set forth principles for accountability for financial institutions receiving funding for credit enhancements.

(2) The department must:

(a) Give priority to financial institutions that provide both consumer financial products or services and direct outreach;

(b) Approve any financing mechanisms offered by local municipalities under RCW 43.330.350; and

(c) Require any financial institution or other entity receiving funding for credit enhancements to:

(i) Provide books, accounts, and other records in such a form and manner as the department may require;

(ii) Provide an estimate of projected loan losses; and

(iii) Provide the financial institution's plan to manage loan loss risks, including the rationale for sizing a loan loss reserve and the use of other credit enhancements, as applicable. [2009 c 379 § 205.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.330 Funding energy efficiency improvements--Risk reduction mechanisms--Legislative intent.

(1) The legislature finds that the creation and use of risk reduction mechanisms will promote greater involvement of local financial institutions and other financing mechanisms in funding energy efficiency improvements and will achieve greater leverage of state and federal dollars. Risk reduction mechanisms will allow financial institutions to lend to a broader pool of applicants on more attractive terms, such as potentially lower rates and longer loan terms. Placing a portion of funds in long-term risk reduction mechanisms will support a sustained level of energy efficiency investment by financial institutions while providing funding to projects quickly.

(2) It is the intent of the legislature to leverage new federal funding aimed at promoting energy efficiency projects, improving energy efficiency, and increasing family-wage jobs. To this end, the legislature intends to invest a portion of all federal funding, subject to federal requirements, for energy efficiency projects in financial mechanisms that will provide for maximum leverage of financing. [2009 c 379 § 206.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.340 Appliance efficiency rebate program.

The department may create an appliance efficiency rebate program with available funds from the energy efficient appliances rebate program authorized under the federal energy policy act of 2005 (P.L. 109-58). [2009 c 379 § 207.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.350 Use of moneys by local municipalities to leverage financing for energy efficiency projects.

(1) Local municipalities receiving federal stimulus moneys through the federal energy efficiency and conservation block grant program or state energy program are authorized to use those funds, subject to federal requirements, to establish loan

loss reserves or toward risk reduction mechanisms, such as loan loss reserves, to leverage financing for energy efficiency projects.

(2) Interest rate subsidies, financing transaction cost subsidies, capital grants to energy users, and other forms of grants and incentives that support financing energy efficiency projects are authorized uses of federal energy efficiency funding.

(3) Financing mechanisms offered by local municipalities under this section must conform to all applicable state and federal rules and regulations. [2009 c 379 § 208.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.360 Findings—Involvement of state bond authorities in financing energy efficiency projects.

(1) The legislature finds that the state bond authorities have capacities that can be applied to financing energy efficiency projects for their respective eligible borrowers: Washington economic development finance authority for industry; Washington state housing finance commission for single-family and multifamily housing, commercial properties, agricultural properties, and nonprofit facilities; Washington higher education facilities authority for private, nonprofit higher education; and Washington health care facilities authority for hospitals and all types of health clinics.

(2)(a) Subject to federal requirements, the state bond authorities may accept and administer an allocation of the state's share of the federal energy efficiency funding for designing energy efficiency finance loan products and for developing and operating energy efficiency finance programs. The state bond authorities shall coordinate with the department on the design of the bond authorities' program.

(b) The department may make allocations of the federal funding to the state bond authorities and may direct and administer funding for outreach, marketing, and delivery of energy services to support the programs by the state bond authorities.

(c) The legislature authorizes a portion of the federal energy efficiency funds to be used by the state bond authorities for credit enhancements and reserves for such programs.

(3) The Washington state housing finance commission may:

(a) Issue revenue bonds as the term "bond" is defined in RCW 43.180.020 for the purpose of financing loans for energy efficiency and renewable energy improvement projects in accordance with RCW 43.180.150;

(b) Establish eligibility criteria for financing that will enable it to choose applicants who are likely to repay loans made or acquired by the commission and funded from the proceeds of federal funds or commission bonds; and

(c) Participate fully in federal and other governmental programs and take such actions as are necessary and consistent with chapter 43.180 RCW to secure to itself and the people of the state the benefits of programs to promote energy efficiency and renewable energy technologies. [2009 c 379 § 209.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.370 Evergreen jobs initiative. The Washington state evergreen jobs initiative is established as a comprehensive green economy jobs growth initiative with the goals of:

(1) Creating fifteen thousand new green economy jobs by 2020, with a target of thirty percent of those jobs going to veterans, members of the national guard, and low-income and disadvantaged populations;

(2) Capturing and deploying federal funds in a focused, effective, and coordinated manner;

(3) Preparing the state's workforce to take full advantage of green economy job opportunities and to meet the recruitment and training needs of industry and small businesses;

(4) Attracting private sector investment that will create new and expand existing jobs, with an emphasis on services and products that have a high economic or environmental impact and can be exported domestically and internationally;

(5) Making Washington state a net exporter of green industry products and services, with special attention to renewable energy technology and components;

(6) Empowering local agencies and organizations to recruit green economy businesses and jobs into the state by providing state support and assistance;

(7) Capitalizing on existing partnership agreements in the Washington works plan and the Washington workforce compact; and

(ii) The total amount of new federal funding secured, the respective amounts allocated to the state and local levels, and the timeliness of deployment of new funding by state agencies to the local level;

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Findings—Intent—1996 c 186: "The legislature finds responsibilities of state government need to be limited to core services in support of public safety and welfare. Services provided by the Washington state energy office are primarily advisory and can be eliminated. The legislature further finds a need to redefine the state's role in energy-related regulatory functions. The state may be better served by allowing regulatory functions to be performed by other appropriate entities, simplifying state government while maintaining core services. Further, it is the intent of the legislature that the state continue to receive oil overcharge restitution funds for our citizens while every effort is being made to maximize federal funds available for energy conservation purposes." 43.331.010 General obligation bonds for capital improvements to public facilities. (Effective December 2, 2010, if Referendum Bill No. 52 is approved by the voters at the November general election.) (1) For the purpose of creating jobs by constructing needed capital improvements to public facilities for energy, utility, and operational cost savings, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of five hundred five million dollars, or so much thereof as may be required, for this purpose and all costs incidental thereto.

[Title 43 RCW—page 718]

The bonds issued under the authority of this section are known as jobs act bonds.

(2) Bonds authorized in this section must be sold in the manner, at the time or times, in amounts, and at such prices as the state finance committee determines.

(3) The authorization to issue bonds contained in this chapter does not expire until the full authorization has been issued.

(4) No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. [2010 1st sp.s. c 35 § 201.]

Intent—2010 1st sp.s. c 35: "The legislature intends to create jobs in every corner of Washington state by issuing bonds, which will catalyze energy savings and repair work at public schools and state colleges and universities.

It is the intent of the legislature that these investments will create jobs quickly and directly, at a time when the state's residents need jobs. It is the further intent of the legislature that these investments both accelerate innovation in the energy efficiency sector and create locally developed technologies and companies to provide sustainable jobs. The legislature intends to prioritize the use of innovative technologies and facilitate the development of a sustainable innovation cluster that creates and installs highly efficient building technologies and creates jobs.

The legislature intends that these job-creating projects save taxpayers money, with an estimated one hundred twenty-six million dollars saved each year in public schools through reduced energy and operational costs, and improve the health and safety of those buildings. The energy savings are equivalent to the use of an estimated ninety thousand houses. It is also the intent of the legislature that these job-creating projects lead to reduced pollutants, as the weatherization and energy efficiency projects will reduce pollution emissions by an estimated amount equivalent to removing an estimated one hundred thirty thousand cars from the roads each year." [2010 1st sp.s. c 35 § 102.]

Short title—2010 1st sp.s. c 35: "This act may be known and cited as the jobs act." [2010 1st sp.s. c 35 § 101.]

Contingent effective date—2010 1st sp.s. c 35: "This act takes effect if *Second Engrossed Substitute Senate Bill No. 6143 is enacted by the legislature during the 2010 1st special session." [2010 1st sp.s. c 35 § 601.]

43.331.040 Program administration by department of commerce, in consultation with department of general administration and Washington State University energy program—Definitions. (1) The department of commerce, in consultation with the department of general administration and the Washington State University energy program, shall administer the jobs act.

(2) The department of general administration must develop guidelines that are consistent with national and international energy savings performance standards for the implementation of energy savings performance contracting projects by the energy savings performance contractors by December 31, 2010.

(3) The definitions in this section apply throughout this chapter and RCW 43.331.050 unless the context clearly requires otherwise.

(a) "Cost-effectiveness" means that the present value to higher education institutions and school districts of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(b) "Energy cost savings" means savings realized in expenses for energy use and expenses associated with water, wastewater, or solid waste systems.

(c) "Energy equipment" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may also include reductions in the use or cost of water, wastewater, or solid waste.

(d) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a public agency to conduct energy audits and guarantee energy savings from energy efficiency.

(2010 Ed.)

(e) "Innovative measures" means advanced or emerging technologies, systems, or approaches that may not yet be in common practice but improve energy efficiency, accelerate deployment, or reduce energy usage, and become widely commercially available in the future if proven successful in demonstration programs without compromising the guaranteed performance or measurable energy and operational cost savings anticipated. Examples of innovative measures include, but are not limited to, advanced energy and systems operations monitoring, diagnostics, and controls systems for buildings; novel heating, cooling, ventilation, and water heating systems; advanced windows and insulation technologies, highly efficient lighting technologies, designs, and controls; and integration of renewable energy sources into buildings, and energy savings verification technologies and solutions.

(f) "Operational cost savings" means savings realized from parts, service fees, capital renewal costs, and other measurable annual expenses to maintain and repair systems. This definition does not mean labor savings related to existing facility staff.

(g) "Public facilities" means buildings, building components, and major equipment or systems owned by public school districts and public higher education institutions. [2010 1st sp.s. c 35 § 301.]

Intent—2010 1st sp.s. c 35: "The legislature intends to increase general state revenues to pay for a portion of the increased debt service costs for voter-approved bonds and for debt-limit bonds authorized by the legislature for projects awarded grants under sections 301 and 302 of this act for energy efficiency projects in public facilities." [2010 1st sp.s. c 35 § 304.]

Intent—Short title—Contingent effective date—2010 1st sp.s. c 35: See notes following RCW 43.331.010.

43.331.050 Competitive grant process—Audit—Administrative fees—Reports to the legislature. (1) Within appropriations specifically provided for the purposes of this chapter, the department of commerce, in consultation with the department of general administration, and the Washington State University energy program shall establish a competitive process to solicit and evaluate applications from public school districts, public higher education institutions, and other state agencies. Final grant awards shall be determined by the department of commerce.

(2) Grants must be awarded in competitive rounds, based on demand and capacity, with at least five percent of each grant round awarded to small public school districts with fewer than one thousand full-time equivalent students, based on demand and capacity.

(3) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:

(a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state jobs act grant, the higher the project ranking.

(b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of the energy equipment and improvements. The energy savings analysis must be performed by a licensed engineer and documentation must include but is not limited to the following:

(i) A description of the energy equipment and improvements;

(ii) A description of the energy and operational cost savings; and

(iii) A description of the extent to which the project employs collaborative and innovative measures and encourages demonstration of new and emerging technologies with high energy savings or energy cost reductions.

(c) Expediency of expenditure: Project readiness to spend funds must be prioritized so that the legislative intent to expend funds quickly is met.

(4) Projects that do not use energy savings performance contracting must: (a) Verify energy and operational cost savings, as defined in RCW 43.331.040, for ten years or until the energy and operational costs savings pay for the project, whichever is shorter; (b) follow the department of general administration's energy savings performance contracting project guidelines developed pursuant to RCW 43.331.040; and (c) employ a licensed engineer for the energy audit and construction. The department of commerce may require third-party verification of savings if a project is not implemented by an energy savings performance contractor selected by the department of general administration through the request of qualifications process. Third-party verification must be conducted either by an energy savings performance contractor selected by the department of general administration through a request for qualifications, a licensed engineer specializing in energy conservation, or by a project resource conservation manager or educational service district resource conservation manager.

(5) To intensify competition, the department of commerce may only award funds to the top eighty-five percent of projects applying in a round until the department of commerce determines a final round is appropriate. Projects that do not receive a grant award in one round may reapply in subsequent rounds.

(6) To match federal grants and programs that require state matching funds and produce significantly higher efficiencies in operations and utilities, the level of innovation criteria may be increased for the purposes of weighted scoring to capture those federal dollars for selected projects that require a higher level of innovation and regional collaboration.

(7) Grant amounts awarded to each project must allow for the maximum number of projects funded with the greatest energy and cost benefit.

(8)(a) The department of commerce must use bond proceeds to pay one-half of the preliminary audit, up to five cents per square foot, if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the other one-half of the cost of the preliminary audit if the project does not meet their predetermined cost-effectiveness criteria.

(b) The energy savings performance contractor may not charge for an investment grade audit if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the full price of an investment grade audit if they do not proceed with a project

that meets the school district's and higher education institution's predetermined cost-effectiveness criteria.

(9) The department of commerce may charge projects administrative fees and may pay the department of general administration and the Washington State University energy program administration fees in an amount determined through a memorandum of understanding.

(10) The department of commerce and the department of general administration must submit a joint report to the appropriate committees of the legislature and the office of financial management on the timing and use of the grant funds, program administrative function, compliance with apprenticeship utilization requirements in RCW 39.04.320, compliance with prevailing wage requirements, and administration fees by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled. OFFICE OF THE WASHINGTON STATE TRADE REPRESENTATIVE

Sections

43.332.005	Findings—Purpose.
43.332.010	Office created—Duties.
43.332.020	Gifts, grants—Bank account.

43.332.005 Findings—Purpose. (1) The legislature finds that:

(a) The expansion of international trade is vital to the overall growth of Washington's economy;

(b) On a per capita basis, Washington state is the most international trade dependent state in the nation;

(c) The North American free trade agreement (NAFTA) and the general agreement on tariffs and trade (GATT) highlight the increased importance of international trade opportunities to the United States and the state of Washington;

(d) The passage of NAFTA and GATT will have a major impact on the state's agriculture, aerospace, computer software, and textiles and apparel sectors;

(e) There is a need to strengthen and coordinate the state's activities in promoting and developing its agricultural, manufacturing, and service industries overseas, especially for small and medium-sized businesses, and minority and women-owned business enterprises; and

(f) The importance of having a coherent vision for advancing Washington state's interest in the global economy has rarely been so consequential as it is now.

(2) The legislature declares that the purpose of the office of the Washington state trade representative is to:

(a) Strengthen and expand the state's activities in marketing its goods and services overseas;

(b) Review and analyze proposed international trade agreements to assess their impact on goods and services produced by Washington businesses; and

(c) Inform the legislature about ongoing trade negotiations, trade development, and the possible impacts on Washington's economy. [2003 c 346 § 1; 1995 c 350 § 1.]

43.332.010 Office created—Duties. (1) The office of the Washington state trade representative is created in the office of the governor. The office shall serve as the state's official liaison with foreign governments on trade matters.

(2) The office shall:

(a) Work with the *department of community, trade, and economic development, the department of agriculture, and other appropriate state agencies, and within the agencies' existing resources, review and analyze proposed and enacted international trade agreements and provide an assessment of

the impact of the proposed or enacted agreement on Washington's businesses and firms;

(b) Provide input to the office of the United States trade representative in the development of international trade, commodity, and direct investment policies that reflect the concerns of the state of Washington;

(c) Serve as liaison to the legislature on matters of trade policy oversight including, but not limited to, updates to the legislature regarding the status of trade negotiations, trade litigation, and the impacts of trade policy on Washington state businesses;

(d) Work with the international trade division of the *department of community, trade, and economic development and the international marketing program of the Washington state department of agriculture to develop a statewide strategy designed to increase the export of Washington goods and services, particularly goods and services from small and medium-sized businesses; and

(e) Conduct other activities the governor deems necessary to promote international trade and foreign investment within the state.

(3) The office shall prepare and submit an annual report on its activities under subsection (2) of this section to the governor and appropriate committees of the legislature. [2003 c 346 § 2; 1995 c 350 § 2.]

Reviser's note: *(1) The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

(2) Substitute House Bill No. 1059, Substitute House Bill No. 1173, and Engrossed Substitute House Bill No. 1827 were enacted during the 2003 regular session of the legislature, but were vetoed in part by the governor. A stipulated judgment, No. 03-2-01988-4 filed in the Superior Court of Thurston County, between the governor and the legislature, settled litigation over the governor's use of veto powers and declared the vetoes of SHB 1059, SHB 1173, and ESHB 1827 null and void. Consequently, the text of this section has been returned to the version passed by the legislature prior to the vetoes. For vetoed text and message, see chapter 346, Laws of 2003.

43.332.020 Gifts, grants—Bank account. The office of the Washington state trade representative may accept or request grants or gifts from citizens and other private sources to be used to defray the costs of appropriate hosting of foreign dignitaries, including appropriate gift-giving and reciprocal gift-giving, or other activities of the office. The office shall open and maintain a bank account into which it shall deposit all money received under this section. Such money and the interest accruing thereon shall not constitute public funds, shall be kept segregated and apart from funds of the state, and shall not be subject to appropriation or allotment by the state or subject to chapter 43.88 RCW. [2003 c 346 § 3.]

43.334.010 Department created—Definitions. (1)

There is created a department of state government to be known as the department of archaeology and historic preservation. The department is vested with all powers and duties transferred to it under this chapter and such other powers and duties as may be authorized by law.

(2) Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(a) "Department" means the department of archaeology and historic preservation.

(b) "Director" means the director of the department of archaeology and historic preservation. [2005 c 333 § 1.]

43.334.020 Director—Appointment—Salary. The executive head and appointing authority of the department is the director. The director shall serve as the state historic preservation officer, and shall have a background in program administration, an active involvement in historic preservation, and a knowledge of the national, state, and local preservation programs as they affect the state of Washington. The director shall be appointed by the governor, with the consent of the senate, and serves at the pleasure of the governor. The director shall be paid a salary to be fixed by the governor in accordance with RCW 43.03.040. If a vacancy occurs in the position while the senate is not in session, the governor shall make a temporary appointment until the next meeting of the senate. [2005 c 333 § 2.]

43.334.030 Director powers and duties. It is the intent of the legislature wherever possible to place the internal affairs of the department under the control of the director in order that the director may institute therein the flexible, alert, and intelligent management of its business that changing contemporary circumstances require. Therefore, whenever the director's authority is not specifically limited by law, the director has complete charge and supervisory powers over the department. The director may create such administrative structures as the director considers appropriate, except as otherwise specified by law. The director may employ such assistants and personnel as necessary for the general administration of the department. This employment shall be in accordance with the state civil service law, chapter 41.06 RCW, except as otherwise provided. [2005 c 333 § 3.]

43.334.040 Departmental divisions. If necessary, the department may be subdivided into divisions. Except as otherwise specified or as federal requirements may differently require, divisions shall be established and organized in accordance with plans to be prepared by the director and approved by the governor. In preparing the plans, the director shall endeavor to promote efficient public management and to improve programs. [2005 c 333 § 4.]

43.334.050 Deputy director—Department personnel director—Assistant directors. The director shall appoint a deputy director, a department personnel director, and assis-

tant directors as needed to administer the department. The deputy director is responsible for the general supervision of the department in the absence or disability of the director and, in case of a vacancy in the office of director, shall continue in charge of the department until a successor is appointed and qualified, or until the governor appoints an acting director. [2005 c 333 § 5.]

43.334.060 Director's delegation of powers and duties. Any power or duty vested in or transferred to the director by law or executive order may be delegated by the director to the deputy director or to any other assistant or subordinate; but the director is responsible for the official acts of the officers and employees of the department. [2005 c 333 § 6.]

43.334.070 Advisory committees or councils. The director may appoint advisory committees or councils as required by any federal legislation as a condition to the receipt of federal funds by the department. The director may also appoint statewide committees or councils on those subject matters as are or come within the department's responsibilities. The statewide committees and councils shall have representation from both major political parties and shall have substantial consumer representation. The committees or councils shall be constituted as required by federal law or as the director may determine. The members of the committees or councils shall hold office as follows: One-third to serve one year; one-third to serve two years; and one-third to serve three years. Upon expiration of the original terms, subsequent appointments shall be for three years except in the case of a vacancy, in which event appointment shall be only for the remainder of the unexpired term for which the vacancy occurs. No member may serve more than two consecutive terms.

Members of such state advisory committees or councils may be paid their travel expenses in accordance with RCW 43.03.050 and 43.03.060. [2005 c 333 § 7.]

43.334.075 State physical anthropologist—Appointment—Responsibilities—Support staff. (1) The director shall appoint a state physical anthropologist. At a minimum, the state physical anthropologist must have a doctorate in either archaeology or anthropology and have experience in forensic osteology or other relevant aspects of physical anthropology and must have at least one year of experience in laboratory reconstruction and analysis. A medical degree with archaeological experience in addition to the experience required may substitute for a doctorate in archaeology or anthropology.

(2) The state physical anthropologist has the primary responsibility of investigating, preserving, and, when necessary, removing and reintering discoveries of nonforensic skeletal human remains. The state physical anthropologist is available to any local governments or any federally recognized tribal government within the boundaries of Washington to assist in determining whether discovered skeletal human remains are forensic or nonforensic.

(2010 Ed.)

(3) The director shall hire staff as necessary to support the state physical anthropologist to meet the objectives of this section.

(4) For the purposes of this section, "forensic remains" are those that come under the jurisdiction of the coroner pursuant to RCW 68.50.010. [2008 c 275 § 4.]

Reporting requirements—2008 c 275: See note following RCW 68.50.645.

43.334.077 Skeletal human remains assistance account. The skeletal human remains assistance account is created in the custody of the state treasurer. All appropriations provided by the legislature for this purpose as well as any reimbursement for services provided pursuant to chapter 275, Laws of 2008 must be deposited in the account. Expenditures from the account may be used only for archaeological determinations and excavations of inadvertently discovered skeletal human remains, and removal and reinterment of such remains when necessary. Only the director or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2008 c 275 § 7.]

Reporting requirements—2008 c 275: See note following RCW 68.50.645.

43.334.080 Federal and state cooperation—Rules—Construction. In furtherance of the policy of the state to cooperate with the federal government in all of the programs under the jurisdiction of the department, rules as may become necessary to entitle the state to participate in federal funds may be adopted, unless expressly prohibited by law. Any internal reorganization carried out under the terms of this chapter shall meet federal requirements that are a necessary condition to state receipt of federal funds. Any section or provision of law dealing with the department that may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to comply with federal laws entitling this state to receive federal funds for the various programs of the department. If any law dealing with the department is ruled to be in conflict with federal requirements that are a prescribed condition of the allocation of federal funds to the state, or to any departments or agencies thereof, the conflicting part is declared to be inoperative solely to the extent of the conflict. [2005 c 333 § 8.]

43.334.900 Transfer of powers, duties, and functions.

(1) The office of archaeology and historic preservation is hereby abolished and its powers, duties, and functions are hereby transferred to the department of archaeology and historic preservation.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the office of archaeology and historic preservation shall be delivered to the custody of the department of archaeology and historic preservation. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the office of archaeology and historic preservation shall be made available to the department of archaeology and historic preservation. All funds, credits, or other assets held by the office

of archaeology and historic preservation shall be assigned to the department of archaeology and historic preservation.

(b) Any appropriations made to the office of archaeology and historic preservation shall, on July 24, 2005, be transferred and credited to the department of archaeology and historic preservation.

(c) If any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the office of archaeology and historic preservation are transferred to the jurisdiction of the department of archaeology and historic preservation. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the department of archaeology and historic preservation to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

(4) All rules and all pending business before the office of archaeology and historic preservation shall be continued and acted upon by the department of archaeology and historic preservation. All existing contracts and obligations shall remain in full force and shall be performed by the department of archaeology and historic preservation.

(5) The transfer of the powers, duties, functions, and personnel of the office of archaeology and historic preservation shall not affect the validity of any act performed before July 24, 2005.

(6) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(7) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel resources board as provided by law. [2005 c 333 § 12.]

Reviser’s note—Sunset Act application: The Washington manufacturing innovation and modernization extension service program is subject to review, termination, and possible extension under chapter 43.131 RCW, the Sunset Act. See RCW 43.131.409. RCW 43.338.005 through 43.338.040 and 43.338.900 are scheduled for future repeal under RCW 43.131.410.

43.338.005 Finding—Intent. The legislature finds that a viable manufacturing industry is critical to providing the state economy with family-wage jobs and improving the quality of life for workers and communities. To perform in the emerging global marketplace, Washington manufacturers must master new technologies, streamline production processes, improve quality assurance, expand environmental compliance, and enhance methods of work organization. Only through innovation and modernization techniques, reflecting the specific needs and capabilities of the individual firms, can Washington manufacturers both compete successfully in the market of the future and pay good living wages.

Most small and midsize manufacturers do not have the resources that will allow them to easily access innovation and modernization technical assistance and the skills training needed to make them globally competitive. Because of the statewide public benefit to be gained from increasing the

availability of innovation and modernization services, it is the intent of the legislature to create a new mechanism in a manner that reduces the up-front costs of these services for small and midsize manufacturing firms. It is further the intent of the legislature that Washington state increase its support for the federal manufacturing extension partnership program, to expand the delivery of innovation and modernization services to small and midsize Washington manufacturers, and to leverage federal funding and private resources devoted to such efforts.

The successful implementation of innovation and modernization services will enable a manufacturing firm to reduce costs, increase sales, become more profitable, and ultimately expand job opportunities for Washington citizens. Such growth will result in increased revenue from the state business and occupation taxes paid by manufacturers who have engaged in innovation and modernization services. [2008 c 315 § 1.]

The bonds shall not be obligations of the state of Washington and shall be obligations only of the authority, payable solely from the special fund or funds created by the authority for their payment.

(2) Bonds issued under this chapter shall contain a recital on their face to the effect that payment of the principal of, interest on, and prepayment premium, if any, on the bonds shall be a valid claim only as against the special fund or funds relating thereto, that neither the faith and credit nor the taxing power of the state or any municipal corporation, subdivision, or agency of the state, other than the authority as set forth in this chapter, is pledged to the payment of the principal of, interest on, and prepayment premium, if any, on the bonds.

(3) Contracts entered into by the authority shall be entered into in the name of the authority and not in the name of the state of Washington. (1) The governor is authorized to sell and assign to the authority all of the state's right to receive a portion of the state's annual share of the revenue derived from the master settlement agreement for litigation brought by the state against tobacco product manufacturers. The portion of the state's share sold and assigned shall be determined by the governor in an amount necessary to generate net proceeds to the state for deposit to the tobacco securitization trust account under RCW 43.340.120 up to four hundred fifty million dollars. The attorney general shall assist the governor in the review of all necessary documentation to effect the sale. The

governor and the authority are authorized to take any action necessary to facilitate and complete the sale.

(2) The sale made under this section is irrevocable so long as bonds issued under this chapter remain outstanding. The portion of the revenue sold to the authority shall be pledged to the bondholders. The sale and assignment shall constitute and be treated as a true sale and absolute transfer of the revenue so transferred and not as a pledge or other security interest granted by the state for any borrowing. The characterization of such a sale as an absolute transfer shall not be negated or adversely affected by the fact that only a portion of the revenue from the master settlement agreement is being sold and assigned, or by the state's acquisition or retention of an ownership interest in the portion of the revenue from the master settlement agreement not so assigned.

(3) In addition to such other terms, provisions, and conditions as the governor and the authority may determine appropriate for inclusion in the sale agreements, the sale agreements shall contain (a) a covenant of the state that the state will not agree to any amendment of the master settlement agreement that materially and adversely affects the authority's ability to receive the portion of the state's share of master settlement agreement payments that have been sold to the authority; (b) a requirement that the state enforce, at its own expense, the provisions of the master settlement agreement that require the payment of the portion of the state's share of master settlement agreement payments that have been sold to the authority; and (c) a covenant that the state shall take no action that would adversely affect the tax-exempt status of any tax-exempt bonds of the authority.

(4) On or after the effective date of the sale, the state shall not have any right, title, or interest in the portion of the state's share of the master settlement agreement revenue sold and such portion shall be the property of the authority and not the state, and shall be owned, received, held, and disbursed by the authority or its trustee or assignee, and not the state.

(5) The terms of the state's sale to the authority of a portion of the master settlement agreement revenue shall provide that the portion shall be paid directly to the authority or its trustee or assignee. The revenue sold and assigned shall not be received in the treasury of the state and shall not be or deemed to be general state revenues as that term is used in Article VIII, section 1 of the state Constitution. [2002 c 365 § 7.]

43.340.090 Limitation of liability. Members of the board and persons acting in the authority's behalf, while acting within the scope of their employment or agency, are not subject to personal liability resulting from carrying out the powers and duties conferred on them under this chapter. [2002 c 365 § 10.]

43.340.100 Bankruptcy—Contractual obligation to contain section. Prior to the date that is three hundred sixty-six days after which the authority no longer has any bonds outstanding, the authority is prohibited from filing a voluntary petition under chapter 9 of the federal bankruptcy code or such corresponding chapter or section as may, from time to time, be in effect, and a public official or organization, entity, or other person shall not authorize the authority

to be or become a debtor under chapter 9 or any successor or corresponding chapter or sections during such periods. This section shall be part of any contractual obligation owed to the holders of bonds issued under this chapter. Any such contractual obligation shall not subsequently be modified by state law during the period of the contractual obligation. [2002 c 365 § 11.]

43.340.110 Dissolution of authority. The authority shall dissolve no later than two years from the date of final payment of all of its outstanding bonds and the satisfaction of all outstanding obligations of the authority, except to the extent necessary to remain in existence to fulfill any outstanding covenants or provisions with bondholders or third parties made in accordance with this chapter. Upon dissolution of the authority, all assets of the authority shall be returned to the state and shall be deposited in the state general fund, and the authority shall execute any necessary assignments or instruments, including any assignment of any right, title, or ownership to the state for receipt of payments under the master settlement agreement. [2002 c 365 § 12.]

43.340.120 Tobacco securitization trust account. The state treasurer shall deposit the proceeds of the sale of revenue under this chapter into the tobacco securitization trust account hereby created and held in the custody of the state treasurer. Moneys in the tobacco securitization trust account shall be subject to such appropriations and transfers as may be provided by law and shall be used for capital expenditures, debt service on outstanding bonds of the state, or for other purposes as permitted by law. The sales agreement under this chapter shall provide for the state to allocate the use of proceeds of the bonds issued by the authority to enable interest on all or a portion of the bonds to be excluded from income for federal tax law purposes. [2002 c 365 § 13.]

43.340.130 Appeals bonds—Amounts. (1) Except as provided in subsection (2) of this section, in order to secure and protect the moneys to be received as a result of the master settlement agreement in civil litigation under any legal theory involving a signatory, a successor of a signatory, or any affiliate of a signatory to the master settlement agreement, the supersedeas bond to be furnished in order to stay the execution of the judgment during the entire course of appellate review shall be set in accordance with applicable laws or court rules, except that the total bond that is required of all appellants collectively shall not exceed one hundred million dollars, regardless of the value of the judgment.

(2) If an appellee proves by a preponderance of the evidence that an appellant is dissipating assets outside the ordinary course of business to avoid the payment of a judgment, a court may require the appellant to post a bond in an amount up to the amount of the judgment. [2006 c 246 § 2.]

Findings—Intent—2006 c 246: "(1) The legislature finds that:

(a) Over the past five years, Washington has received more than seven hundred million dollars from the tobacco master settlement agreement;

(b) While the state has securitized a portion of the moneys it was promised under the master settlement agreement, the remainder of the master settlement agreement payments is used to fund important health programs such as the state's basic health plan, children's health insurance, childhood vaccines, and public health;

(c) Litigation now pending in the state or filed in the future could result

in damage awards against master settlement agreement signatories or their successors or affiliates that are so large that the defendants could obtain a stay of the execution of the judgment while they appeal only by declaring bankruptcy, rather than posting an appeal bond under state law;

(d) Should a master settlement agreement signatory declare bankruptcy, issues might be raised about whether that disrupts or jeopardizes the payments that fund important state programs;

(e) The legislature has the substantive obligation to raise revenue and to protect the financial well-being of the state and its citizens. Pursuant to that obligation, it is the legislature's responsibility to ensure the continued receipt of master settlement agreement funds to the maximum extent possible.

(2) Therefore, the legislature intends to place a maximum limit on the appeal bond a master settlement agreement signatory or a successor or affiliate of a master settlement agreement signatory can be required to post in litigation in order to stay execution of the judgment without being forced into bankruptcy while it exercises its right to appeal an adverse judgment." [2006 c 246 § 1.]

Application—2006 c 246: "This act applies to all actions pending on or filed on or after June 7, 2006." [2006 c 246 § 3.]

43.340.900 Captions not law—2002 c 365. Captions used in this act are not any part of the law. [2002 c 365 § 16.]

43.340.901 Severability—2002 c 365. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2002 c 365 § 18.]

43.340.902 Effective date—2002 c 365. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 4, 2002]. [2002 c 365 § 19.]

43.350.005 Findings—Purpose—Intent. The legislature declares that promoting the health of state residents is a fundamental purpose of state government. The legislature declares it to be a clear public purpose and governmental function to promote life sciences research to foster a preventive and predictive vision of the next generation of health-related innovations, to enhance the competitive position of Washington state in this vital sector of the economy, and to improve the quality and delivery of health care for the people of Washington. The legislature finds that public support for and promotion of life sciences research will benefit the state and its residents through improved health status and health outcomes, economic development, and contributions to scientific knowledge, and such research will lead to break-

throughs and improvements that might not otherwise be discovered due to lack of existing market incentives, especially in the area of regenerative medicine. The legislature finds that public support for and promotion of life sciences research has the potential to provide cures or new treatments for many debilitating diseases that cost the state millions of dollars each year. It is appropriate and consistent with the intent of the master settlement agreement between the state and tobacco product manufacturers to invest a portion of the revenues derived therefrom by the state in life sciences research, to leverage the revenues with other funds, and to encourage cooperation and innovation among public and private institutions involved in life sciences research. The purpose of this chapter is to establish a life sciences discovery fund authority, to grant that authority the power to contract with the state to receive revenues under the master settlement agreement, and to contract with other entities to receive other funds, and to disburse those funds consistent with the purpose of this chapter. The life sciences discovery fund is intended to promote the best available research in life sciences disciplines through diverse Washington institutions and to build upon existing strengths in the area of biosciences and biomanufacturing in order to spread the economic benefits across the state. The life sciences discovery fund is also intended to foster improved health care outcomes and improved agricultural production research across this state and the world. The research investments of the life sciences discovery fund are intended to further the goals of the "Bio 21" report and to support future statewide, comprehensive strategies to lead the nation in life sciences-related research and employment. [2005 c 424 § 1.]

43.350.020 Life sciences discovery fund authority.

(1) The life sciences discovery fund authority is created and constitutes a public instrumentality and agency of the state, separate and distinct from the state, exercising public and essential governmental functions.

(2) The powers of the authority are vested in and shall be exercised by a board of trustees consisting of: Two members of either the house appropriations committee or the house committee dealing with technology issues, one from each caucus, to be appointed by the speaker of the house of representatives; two members of either the senate committee on ways and means or the senate committee dealing with technology issues, one from each caucus, to be appointed by the president of the senate; and seven members appointed by the governor with the consent of the senate, one of whom shall be appointed by the governor as chair of the authority and who shall serve on the board and as chair of the authority at the pleasure of the governor. The respective officials shall make the initial appointments no later than thirty days after May 12, 2005. The term of the trustees, other than the chair, is four years from the date of their appointment, except that the terms of three of the initial gubernatorial appointees, as determined by the governor, are for two years from the date of their appointment. 43.350.030 Authority—Trust powers. In addition to other powers and duties prescribed in this chapter, the authority is empowered to:

(1) Use public moneys in the life sciences discovery fund, leveraging those moneys with amounts received from other public and private sources in accordance with contribution agreements, to promote life sciences research;

(2) Solicit and receive gifts, grants, and bequests, and enter into contribution agreements with private entities and public entities other than the state to receive moneys in consideration of the authority's promise to leverage those moneys with amounts received through appropriations from the legislature and contributions from other public entities and private entities, in order to use those moneys to promote life sciences research. Nonstate moneys received by the authority for this purpose shall be deposited in the life sciences discovery fund created in RCW 43.350.070;

(3) Hold funds received by the authority in trust for their use pursuant to this chapter to promote life sciences research;

(4) Manage its funds, obligations, and investments as necessary and as consistent with its purpose including the segregation of revenues into separate funds and accounts;

(5) Make grants to entities pursuant to contract for the promotion of life sciences research to be conducted in the state. Grant agreements shall specify deliverables to be provided by the recipient pursuant to the grant. The authority shall solicit requests for funding and evaluate the requests by reference to factors such as: (a) The quality of the proposed research; (b) its potential to improve health outcomes, with particular attention to the likelihood that it will also lower health care costs, substitute for a more costly diagnostic or treatment modality, or offer a breakthrough treatment for a particular disease or condition; (c) its potential for leveraging additional funding; (d) its potential to provide health care benefits or benefit human learning and development; (e) its potential to stimulate the health care delivery, biomedical manufacturing, and life sciences related employment in the state; (f) the geographic diversity of the grantees within Washington; (g) evidence of potential royalty income and contractual means to recapture such income for purposes of this chapter; and (h) evidence of public and private collaboration;

Tax incentives for Washington main street program: Chapter 82.73 RCW.

43.360.005 Findings—Intent. (1) The legislature finds:

(a) The continued economic vitality of downtown and neighborhood commercial districts in our state's cities is essential to community preservation, social cohesion, and economic growth;

(b) In recent years there has been a deterioration of downtown and neighborhood commercial districts in both rural and urban communities due to a shifting population base, changes in the marketplace, and greater competition from suburban shopping malls, discount centers, and business transacted through the internet;

(c) This decline has eroded the ability of businesses and property owners to renovate and enhance their commercial and residential properties; and

(d) Business owners in these districts need to maintain their local economies in order to provide goods and services to adjacent residents, to provide employment opportunities, to avoid disinvestment and economic dislocations, and to develop and sustain downtown and neighborhood commercial district revitalization programs to address these problems.

(2) It is the intent of the legislature to establish a program to:

(a) Work in partnership with these organizations;

(b) Provide technical assistance and training to local governments, business organizations, downtown and neighborhood commercial district organizations, and business and property owners to accomplish community and economic revitalization and development of business districts; and

(c) Certify a downtown or neighborhood commercial district organization's use of available tax incentives. [2005 c 514 § 901.]

Short title—2005 c 514 §§ 901-912: "Sections 901 through 912 of this act may be known and cited as the Washington main street act." [2005 c 514 § 1310.]

43.360.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Area" means a geographic area within a local government that is described by a closed perimeter boundary.

(2) "Department" means the department of archaeology and historic preservation.

(3) "Director" means the director of the department.

(4) "Local government" means a city, code city, or town.

(5) "Qualified levels of participation" means a local downtown or neighborhood commercial district revitalization program that has been designated by the department. [2010 c 30 § 3; 2009 c 565 § 44; 2005 c 514 § 908.]

Finding—2010 c 30: "Many of Washington's communities use the main street program to address issues facing their older traditional commercial districts. The main street program is a preservation-based economic development program that assists communities in implementing a locally driven downtown revitalization effort. However, the main street program is broader than merely preserving a community's downtown, it is the revitalization of that community's downtown. Downtown revitalization creates jobs and puts people to work. Downtown revitalization attracts new businesses and offers local investment opportunities. New and expanding downtown businesses generate increased sales tax and attract export dollars to the community. Therefore, the legislature finds that the movement of the main street program from the department of commerce to the department of archaeology and historic preservation is designed to provide for both the preservation of a community's downtown and economic development for that community." [2010 c 30 § 1.]

43.360.020 Program created—Duties. The Washington main street program is created within the department. In order to implement the Washington main street program, the department shall:

(1) Provide technical assistance to businesses, property owners, organizations, and local governments undertaking a comprehensive downtown or neighborhood commercial district revitalization initiative and management strategy. Technical assistance may include, but is not limited to, initial site evaluations and assessments, training for local programs, training for local program staff, site visits and assessments by technical specialists, local program design assistance and evaluation, and continued local program on-site assistance;

(2) To the extent funds are made available, provide financial assistance to local governments or local organizations to assist in initial downtown or neighborhood commercial district revitalization program start-up costs, specialized training, specific project feasibility studies, market studies, and design assistance;

(3) Develop objective criteria for selecting recipients of assistance under subsections (1) and (2) of this section, which shall include priority for downtown or neighborhood commercial district revitalization programs located in a rural county as defined in *RCW 43.160.020(12), and provide for designation of local programs under RCW 43.360.030;

(4) Operate the Washington main street program in accordance with the plan developed by the department, in

consultation with the Washington main street advisory committee created under **RCW 43.360.040; and

(5) Consider other factors the department deems necessary for the implementation of this chapter. [2005 c 514 § 909.]

Reviser's note: *(1) RCW 43.160.020 was amended by 2009 c 565 § 35, changing subsection (12) to subsection (5).

***(2) RCW 43.360.040 was repealed by 2010 1st sp.s. c 7 § 68.

43.360.030 Designation of specific programs—Criteria. (1) The department shall adopt criteria for the designation of local downtown or neighborhood commercial district revitalization programs and official local main street programs. In establishing the criteria, the department shall consider:

(a) The degree of interest and commitment to comprehensive downtown or neighborhood commercial district revitalization and, where applicable, historic preservation by both the public and private sectors;

(b) The evidence of potential private sector investment in the downtown or neighborhood commercial district;

(c) Where applicable, a downtown or neighborhood commercial district with sufficient historic fabric to become a foundation for an enhanced community image;

(d) The capacity of the organization to undertake a comprehensive program and the financial commitment to implement a long-term downtown or neighborhood commercial district revitalization program that includes a commitment to employ a professional program manager and maintain a sufficient operating budget;

(e) The department's existing downtown revitalization program's tier system;

(f) The national main street center's criteria for designating official main street cities; and

(g) Other factors the department deems necessary for the designation of a local program.

(2) The department shall designate local downtown or neighborhood commercial district revitalization programs and official local main street programs. The programs shall be limited to three categories of designation, one of which shall be the main street level.

(3) *RCW 82.73.010 does not apply to any local downtown or neighborhood commercial district revitalization program unless the boundaries of the program have been identified and approved by the department. The boundaries of a local downtown or neighborhood commercial district revitalization program are typically defined using the pedestrian core of a traditional commercial district.

(4) The department may not designate a local downtown or neighborhood commercial district revitalization program or official local main street program if the program is undertaken by a local government with a population of one hundred ninety thousand persons or more. [2005 c 514 § 910.]

43.362.005 Findings. (1) The legislature finds that current concern over the rapid and increasing loss of rural, agricultural, and forested land has led to the exploration of creative approaches to preserving these important lands, and that the creation of a regional transfer of development rights marketplace will assist in conserving these lands.

(2) A transfer of development rights is a market-based exchange mechanism that encourages the voluntary transfer of development rights from sending areas with lower population densities to receiving areas with higher population densities. When development rights are transferred through a transfer of development rights exchange, permanent deed restrictions are placed on the sending area properties to ensure that the land will be used only for approved activities, activities that may include farming, forest management, conservation, or passive recreation. Additionally, in a transfer of development rights exchange, the costs of purchasing the recorded development restrictions are borne by the developers who receive the transferred right in the form of a building credit or bonus.

(3) The legislature further finds that a successful transfer of development rights program must consider housing affordable to all economic segments of the population, and economic development programs and policies in designated receiving areas. Counties, cities, and towns that decide to

participate in the regional transfer of development rights program for central Puget Sound are encouraged to adopt comprehensive plan policies and development regulations to implement the program that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing. Participating cities and towns are also encouraged to use the development of receiving areas to maximize opportunities for economic development that supports the creation or retention of jobs.

(4) Participation in a regional transfer of development rights program by counties, cities, and towns should be as simple as possible.

(5) Accordingly, the legislature has determined that it is good public policy to build upon existing transfer of development rights programs, pilot projects, and private initiatives that foster effective use of transferred development rights through the creation of a market-based program that focuses on the central Puget Sound region. A regional transfer of development rights program in the central Puget Sound should be voluntary, incentive-driven, and separate, but compatible with existing local transfer of development rights programs. [2009 c 474 § 1; 2007 c 482 § 1.]

43.362.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "By-right permitting" means that project applications for permits that use transferable development rights would be subject to administrative review. Administrative review allows a local planning official to approve a project without noticed public hearings.

(2) "Department" means the department of commerce.

(3) "Nongovernmental entities" includes nonprofit or membership organizations with experience or expertise in transferring development rights.

Reviser's note: (1) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

(2) This section was amended by 2009 c 474 § 2 and by 2009 c 565 § 45, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

43.362.020 Regional transfer of development rights program. Subject to the availability of amounts appropriated for this specific purpose, the department shall fund a process to develop a regional transfer of development rights program that comports with chapter 36.70A RCW that:

(1) Encourages King, Kitsap, Pierce, and Snohomish counties, and the cities within these counties, to participate in the development and implementation of regional frameworks and mechanisms that make transfer of development rights programs viable and successful. The department shall encourage and embrace the efforts in any of these counties or cities to develop local transfer of development rights programs. In fulfilling the requirements of this chapter, the department shall work with the Puget Sound regional council and its growth management policy board to develop a process that satisfies the requirements of this chapter. In the development of a process to create a regional transfer of development rights program, the Puget Sound regional council and its growth management policy board shall develop policies to discourage, or prohibit if necessary, the transfer of development rights from a sending area that would negatively impact the future economic viability of the sending area. The department shall also work with an advisory committee to develop a regional transfer of development rights marketplace that includes, but is not limited to, supporting strategies for financing infrastructure and conservation. The department shall establish an advisory committee of nine stakeholders with representatives of the following interests:

(a) Two qualified nongovernmental organizations with expertise in the transfer of development rights. At least one organization must have a statewide expertise in growth management planning and in the transfer of development rights and at least one organization must have a local perspective on market-based conservation strategies and transfer of development rights;

(b) Two representatives from real estate and development;

(c) One representative with a county government perspective;

(d) Two representatives from cities of different sizes and geographic areas within the four-county region; and

(e) Two representatives of the agricultural industry; and

(2) Allows the department to utilize recommendations of the interested local governments, nongovernmental entities, and the Puget Sound regional council to develop recommendations and strategies for a regional transfer of development rights marketplace with supporting strategies for financing infrastructure and conservation that represents the consensus

of the governmental and nongovernmental parties engaged in the process. However, if agreement between the parties cannot be reached, the department shall make recommendations to the legislature that seek to balance the needs and interests of the interested governmental and nongovernmental parties. The department may contract for expertise to accomplish any of the following tasks. Recommendations developed under this subsection must:

(a) Identify opportunities for cities, counties, and the state to achieve significant benefits through using transfer of development rights programs and the value in modifying criteria by which capital budget funds are allocated, including but not limited to, existing state grant programs to provide incentives for local governments to implement transfer of development rights programs;

(b) Address challenges to the creation of an efficient and transparent transfer of development rights market, including the creation of a transfer of development rights bank, brokerage, or direct buyer-seller exchange;

(c) Address issues of certainty to buyers and sellers of development rights that address long-term environmental benefits and perceived inequities in land values and permitting processes;

(d) Address the means for assuring that appropriate values are recognized and updated, as well as specifically addressing the need to maintain the quality of life in receiving neighborhoods and the protection of environmental values over time;

(e) Identify opportunities and challenges that, if resolved, would result in cities throughout the Puget Sound region participating in a transfer of development rights market;

(f) Compare the uses of a regional transfer of development rights program to other existing land conservation strategies to protect rural and resource lands and implement the growth management act; and

(g) Identify appropriate sending areas so as to protect future growth and economic development needs of the sending areas. [2007 c 482 § 3.]

43.362.030 Program established in central Puget Sound. (1) Subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, the department shall establish a regional transfer of development rights program in central Puget Sound, including King, Kitsap, Snohomish, and Pierce counties and the cities and towns within these counties. The program must be guided by the Puget Sound regional council's multicounty planning policies adopted under RCW 36.70A.210(7).

(2) The purpose of the program is to foster voluntary county, city, and town participation in the program so that interjurisdictional transfers occur between the counties, cities, and towns, including transfers from counties to cities and towns in other counties. Private transactions between buyers and sellers of transferable development rights are allowed and encouraged under this program. In fulfilling the requirements of this chapter, the department shall work with the Puget Sound regional council to implement a regional program.

(2010 Ed.)

(3) The department shall encourage participation by the cities, towns, and counties in the regional program. The regional program shall not be implemented in a manner that negatively impacts existing local programs. The department shall encourage and work to enhance the efforts in any of these counties, cities, or towns to develop local transfer of development rights programs or enhance existing programs.

(4) Subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, the department shall do the following to implement a regional transfer of development rights program in central Puget Sound:

(a) Serve as the central coordinator for state government in the implementation of RCW 43.362.030 through 43.362.070.

(b) Offer technical assistance to cities, towns, and counties planning for participation in the regional transfer of development rights program. The department's technical assistance shall:

Activities may include, but are not limited to, provision for by-right permitting, substantial environmental review of a subarea plan for the receiving area that includes the use of transferable development rights, adoption of a categorical exemption for infill under RCW 43.21C.229 for a receiving area, or adoption of a planned action under RCW 43.21C.240;

(iii) Provide guidance to counties, cities, and towns to negotiate receiving area ratios and foster private transactions;

(iv) Provide guidance and encourage planning for receiving areas that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing; and

(v) Provide guidance and encourage planning for receiving areas that maximizes opportunities for economic development through the creation or retention of jobs.

(c) Work with counties, cities, and towns to inform elected officials, planning commissions, and the public regarding the regional transfer of development rights program. The information provided by the department shall discuss the importance of preserving farmland and farming, and forest land and forestry, to cities and towns and the local economy.

(d) Based on information provided by the counties, cities, and towns, post on a web site information regarding transfer of development rights transactions and a list of interested buyers and sellers of transferable development rights.

(e) Coordinate with and provide resources to state and local agencies and stakeholders to provide public outreach. [2009 c 474 § 3.]

43.362.040 Designation of sending and receiving areas—Inclusion of certain lands in programs for agricultural or forest land conservation. (1) Counties shall use the following criteria to guide the designation of sending areas for participation in the regional transfer of development rights program:

(a) Land designated as agricultural or forest land of long-term commercial significance;

(b) Land designated rural that is being farmed or managed for forestry;

(c) Land whose conservation meets other state and regionally adopted priorities; and

(d) Land that is in current use as a manufactured/mobile home park as defined in chapter 59.20 RCW.

Nothing in these criteria limits a county's authority to designate additional lands as a sending area for conservation under a local county transfer of development rights program.

(2) Upon purchase of a transferable development right from land designated rural that is being farmed or managed for forestry, a county must include the land from which the right was purchased in any programs it administers for conservation of agricultural land or forest land.

(3) The designation of receiving areas is limited to incorporated cities or towns. Prior to designating a receiving area, a city or town should have adequate infrastructure planned and funding identified for development in the receiving area at densities or intensities consistent with what can be achieved under the local transfer of development rights program. Nothing in this subsection limits a city's, town's, or county's authority to designate additional lands for a receiving area under a local intrajurisdictional transfer of development rights program that is not part of the regional program.

(4) Cities and towns participating in the regional transfer of development rights program shall have discretion to determine which sending areas they receive development rights from to be used in their designated receiving areas.

(5) Designation of sending and receiving areas should include a process for public outreach consistent with the public participation requirements in chapter 36.70A RCW. [2009 c 474 § 4.]

43.362.050 Interlocal agreement for transfers of development rights—Rules. (1) To facilitate participation, the department shall develop and adopt by rule terms and conditions of an interlocal agreement for transfers of development rights between counties, cities, and towns. Counties, cities, and towns participating in the regional program have the option of adopting the rule by reference to transfer development rights across jurisdictional boundaries as an alternative to entering into an interlocal agreement under chapter 39.34 RCW.

(2) This section and the rules adopted under this section shall be deemed to provide an alternative method for the implementation of a regional transfer of development rights program, and shall not be construed as imposing any additional condition upon the exercise of any other powers vested in municipalities.

(3) Nothing in this section prohibits a county, city, or town from entering into an interlocal agreement under chapter 39.34 RCW to transfer development rights under the regional program. [2009 c 474 § 5.]

43.362.060 Participation in regional transfer of development rights program—Requirements—Incentives for developers. (1) Counties, cities, and towns that

choose to participate in the regional transfer of development rights program must:

(a) Enter into an interlocal agreement or adopt a resolution adopting by reference the provisions in the department rule authorized in RCW 43.362.050; and

(b) Adopt transfer of development rights policies or implement development regulations that:

(i) Comply with chapter 36.70A RCW;

(ii) Designate sending or receiving areas consistent with RCW 43.362.030 through 43.362.070; and

(iii) Adopt a sending or receiving area ratio in cooperation with the sending or receiving jurisdiction.

(2) Cities and towns that choose to participate in the regional transfer of development rights program are encouraged to provide permitting or environmental review incentives for developers to participate. Such incentives may include, but are not limited to, provision for by-right permitting, substantial environmental review of a subarea plan for the receiving area that includes the use of transferable development rights, adoption of a categorical exemption for infill under RCW 43.21C.229 for a receiving area, or adoption of a planned action under RCW 43.21C.240. [2009 c 474 § 6.]

43.362.070 Quantitative and qualitative performance measures—Reporting—Posting on web site. The department will develop quantitative and qualitative performance measures for monitoring the regional transfer of development rights program. The performance measures may address conservation of land and creation of compact communities, as well as other measures identified by the department. The department may require cities, towns, and counties to report on these performance measures biannually. The department shall compile any performance measure information that has been reported by the counties, cities, and towns and post it on a web site. [2009 c 474 § 7.]

43.365.005 Findings—Intent. The legislature recognizes the motion picture industry in Washington as a valuable commodity contributing greatly to the economic vitality of the state and the cultural integrity of our communities. The legislature further recognizes the production of in-state motion pictures, television programs, and television commercials creates a marked increase in tourism, family wage jobs, and the sale of local goods and services generating revenue for the state. Furthermore, with captive national and international audiences, the world is introduced to the state's pristine scenic venues and reminded that the Pacific Northwest is a

great place to live and raise a family. The legislature also recognizes the inherent educational value of promoting arts and culture as well as the benefits of training young motion picture professionals who will build a fruitful industry for years to come.

The legislature finds in recent years that the state has realized a drastic decline in motion picture production that precludes economic expansion and threatens the state's reputation as a production destination. With the emergence of tax incentives in thirty states nationwide, in-state producers are taking their projects to more competitive economic climates, such as Oregon and Vancouver, British Columbia, where compelling tax incentive packages and subsidies are already in effect.

The legislature also finds that in recent years increasingly workers in Washington state are without health insurance coverage and retirement income protections, causing hardships on workers and their families and higher costs to the state.

Therefore, it is the intent of the legislature to recognize both national and international competition in the motion picture production marketplace. The legislature is committed to leveling the competitive playing field and interested in a partnership with the private sector to regain Washington's place as a premier destination to make motion pictures, television, and television commercials. While at the same time the legislature is committed to ensuring that workers in the motion picture and television industry are covered under health insurance and retirement income plans. [2006 c 247 § 1.]

The plan shall identify any deficiencies in the inventory of existing data resources and the data necessary to conduct comprehensive health planning activities. The plan may recommend that the office be authorized to access existing data sources and conduct appropriate analyses of such data or that other agencies expand their data collection activities as statutory authority permits. The plan may identify any computing infrastructure deficiencies that impede the proper storage, transmission, and analysis of health planning data. The plan shall provide recommendations for increasing the availability of data related to health planning to provide greater community involvement in the health planning process and consistency in data used for certificate of need applications and determinations;

(d) An assessment of emerging trends in health care delivery and technology as they relate to access to health care facilities and services, quality of care, and costs of care. The assessment shall recommend any changes to the scope of health care facilities and services covered by the certificate of need program that may be warranted by these emerging trends. In addition, the assessment may recommend any

changes to criteria used by the department to review certificate of need applications, as necessary;

(e) A rural health resource plan to assess the availability of health resources in rural areas of the state, assess the unmet needs of these communities, and evaluate how federal and state reimbursement policies can be modified, if necessary, to more efficiently and effectively meet the health care needs of rural communities. The plan shall consider the unique health care needs of rural communities, the adequacy of the rural health workforce, and transportation needs for accessing appropriate care.

(4) The office shall submit the initial strategy to the governor and the appropriate committees of the senate and house of representatives by January 1, 2010. Every two years the office shall submit an updated strategy. The health care facilities and services plan as it pertains to a distinct geographic planning region may be updated by individual categories on a rotating, biannual schedule.

(5) The office shall hold at least one public hearing and allow opportunity to submit written comments prior to the issuance of the initial strategy or an updated strategy. A public hearing shall be held prior to issuing a draft of an updated health care facilities and services plan, and another public hearing shall be held before final adoption of an updated health care facilities and services plan. Any hearing related to updating a health care facilities and services plan for a specific planning region shall be held in that region with sufficient notice to the public and an opportunity to comment. 43.370.040 Department of health—Certificate of need review program. The office shall submit the strategy to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. As the health care facilities and services plan is updated for any specific geographic planning region, the office shall submit that plan to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. The office shall not issue determinations of the merits of specific project proposals submitted by applicants for certificates of need. [2007 c 259 § 53.]

43.370.050 Requests for data and other information. (1) The office may respond to requests for data and other information from its computerized system for special studies and analysis consistent with requirements for confidentiality of patient, provider, and facility-specific records. The office may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) Data elements related to the identification of individual patient's, provider's, and facility's care outcomes are confidential, are exempt from RCW 42.56.030 through 42.56.570 and *42.17.350 through 42.17.450, and are not subject to discovery by subpoena or admissible as evidence. 43.372.005 Findings—Purpose. (1) The legislature finds that:

(a) Native American tribes have depended on the state’s marine waters and its resources for countless generations and continue to do so for cultural, spiritual, economic, and subsistence purposes.

(b) The state has long demonstrated a strong commitment to protecting the state’s marine waters, which are abundant in natural resources, contain a treasure of biological diversity, and are a source of multiple uses by the public supporting the economies of nearby communities as well as the entire state. These multiple uses include, but are not limited to: Marine-based industries and activities such as cargo, fuel, and passenger transportation; commercial, recreational, and tribal fishing; shellfish aquaculture; telecommunications and energy infrastructure; seafood processing; tourism; scientific research; and many related goods and services. These multiple uses as well as new emerging uses, such as renewable ocean energy, constitute a management challenge for sustaining resources and coordinating state decision making in a proactive, comprehensive and ecosystem-based manner.

(c) Washington’s marine waters are part of a west coast-wide large marine ecosystem known as the California current, and the Puget Sound and Columbia river estuaries constitute two of the three largest estuaries that are part of this large marine ecosystem. Puget Sound and the Columbia river are estuaries of national significance under the national estuary program, and the outer coast includes the Olympic national marine sanctuary.

(d) Washington is working in cooperation with the states of Oregon and California and federal agencies on ocean and ocean health management issues through the west coast governors’ agreement on ocean health, and with the government of British Columbia on shared waters management issues through the British Columbia-Washington coastal and ocean task force.

(e) Washington has initiated comprehensive management programs to protect and promote compatible uses of these waters. These include: The development of a comprehensive ecosystem-based management plan known as the

Puget Sound action agenda; shoreline plans for shorelines around the state; management plans for state-owned aquatic lands and their associated waters statewide; and watershed and salmon recovery management plans in the upland areas of Puget Sound, the coast, and the Columbia river. Data and data management tools have also been developed to support these management and planning activities, such as the coastal atlas managed by the department of ecology and the shore zone database managed by the department of natural resources.

(f) For marine waters specifically, Washington has formed several mechanisms to improve coordination and management. A legislatively authorized task force formed by the governor identified priority recommendations for improving state management of ocean resources through Washington’s ocean action plan in 2006. The governor further formed an ongoing interagency team that assists the department of ecology in implementing these recommendations. There is an extensive network of marine resources committees within Puget Sound and on the outer coast and the Columbia river to promote and support local involvement identifying and conducting local priority marine projects and some have been involved in local planning and management. Through the Olympic coast intergovernmental policy council, the state has also formalized its working relationship with coastal tribes and the federal government in the management of the Olympic coast national marine sanctuary.

(g) Reports by the United States commission on oceans policy, the Pew oceans commission, and the joint oceans commission initiative recommend the adoption of a national ocean policy under which states and coastal communities would have a principal role in developing and implementing ecosystem-based management of marine waters. Acting on these recommendations, the president of the United States recently formed an interagency ocean policy task force charged with developing a national ocean policy and a framework for marine spatial planning that involves all governmental levels, including state, tribal, and local governments. To further develop and implement such a planning framework, it is anticipated that federal cooperation and support will be available to coastal states that are engaged in marine and coastal resource management and planning, including marine spatial planning.

(2) The purpose of this chapter is to build upon existing statewide Puget Sound, coastal, and Columbia river efforts. When resources become available, the state intends to augment the marine spatial component of existing plans and to improve the coordination among state agencies in the development and implementation of marine management plans.

(3) It is also the purpose of this chapter to establish policies to guide state agencies and local governments when exercising jurisdiction over proposed uses and activities in these waters. Specifically, in conducting marine spatial planning, and in augmenting existing marine management plans with marine spatial planning components, the state must:

(a) Continue to recognize the rights of native American tribes regarding marine natural resources;

(b) Base all planning on best available science. This includes identifying gaps in existing information, recommend a strategy for acquiring science needed to strengthen

marine spatial plans, and create a process to adjust plans once additional scientific information is available;

(c) Coordinate with all stakeholders, including marine resources committees and nongovernmental organizations, that are significantly involved in the collection of scientific information, ecosystem protection and restoration, or other activities related to marine spatial planning;

(d) Recognize that marine ecosystems span tribal, state, and international boundaries and that planning has to be coordinated with all entities with jurisdiction or authority in order to be effective;

(e) Establish or further promote an ecosystem-based management approach including linking marine spatial plans to adjacent nearshore and upland spatial or ecosystem-based plans;

(f) Ensure that all marine spatial plans are linked to measurable environmental outcomes;

(g) Establish a performance management system to monitor implementation of any new marine spatial plan;

(h) Establish an ocean stewardship policy that takes into account the existing natural, social, cultural, historic, and economic uses;

(i) Recognize that commercial, tribal, and recreational fisheries, and shellfish aquaculture are an integral part of our state's culture and contribute substantial economic benefits;

(j) Value biodiversity and ecosystem health, and protect special, sensitive, or unique estuarine and marine life and habitats, including important spawning, rearing, and migration areas for finfish, marine mammals, and productive shellfish habitats;

(k) Integrate this planning with existing plans and ongoing planning in the same marine waters and provide additional mechanisms for improving coordination and aligning management;

(l) Promote recovery of listed species under state and federal endangered species acts plans pursuant to those plans; and

(m) Fulfill the state's public trust and tribal treaty trust responsibilities in managing the state's ocean waters in a sustainable manner for current and future generations. [2010 c 145 § 1.]

43.372.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Aquatic lands" includes all tidelands, shorelands, harbor areas, and the beds of navigable waters, and must be construed to be coextensive with the term "aquatic lands" as defined in RCW 79.105.060.

(2) "Exclusive economic zone waters" means marine waters from the offshore state boundary to the boundary of the exclusive economic zone, over which the United States government has primary jurisdiction.

(3) "Marine counties" includes Clallam, Jefferson, Grays Harbor, Wahkiakum, San Juan, Whatcom, Skagit, Island, Snohomish, King, Pierce, Thurston, Mason, Kitsap, and Pacific counties.

(4) "Marine ecosystem" means the physical, biological, and chemical components and processes and their interactions in marine waters and aquatic lands, including humans.

(5) "Marine interagency team" or "team" means the marine interagency team created under RCW 43.372.020.

(6) "Marine management plan" and "marine waters management plan" means any plan guiding activities on and uses of the state's marine waters, and may include a marine spatial plan or element.

(7) "Marine resources committees" means those committees organized under RCW 36.125.020 or by counties within the Northwest straits marine conservation initiative.

(8) "Marine spatial planning" means a public process of analyzing and allocating the spatial and temporal distribution of human activities in marine areas to achieve ecological, economic, and social objectives. Often this type of planning is done to reduce conflicts among uses, to reduce environmental impacts, to facilitate compatible uses, to align management decisions, and to meet other objectives determined by the planning process.

(9) "Marine waters" means aquatic lands and waters under tidal influence, including saltwaters and estuaries to the ordinary high water mark lying within the boundaries of the state. This definition also includes the portion of the Columbia river bordering Pacific and Wahkiakum counties, Willapa Bay, Grays Harbor, the Strait of Juan de Fuca, and the entire Puget Sound. [2010 c 145 § 2.]

43.372.020 Marine interagency team. (1) The office of the governor shall chair a marine interagency team that is composed of representatives of each of the agencies in the governor's natural resources cabinet with management responsibilities for marine waters, including the independent agencies. A representative from a federal agency with lead responsibility for marine spatial planning must be invited to serve as a liaison to the team to help ensure consistency with federal actions and policy. The team must conduct the assessment authorized in section 4, chapter 145, Laws of 2010, assist state agencies under RCW 43.372.030 with the review and coordination of such planning with their existing and ongoing planning, and conduct the marine management planning authorized in RCW 43.372.040.

(2) The team may not commence any activities authorized under RCW 43.372.030 and 43.372.040 until federal, private, or other nonstate funding is secured specifically for these activities. [2010 c 145 § 3.]

43.372.030 Marine spatial data and marine spatial planning elements—Inclusion in planning—Joint plans and planning frameworks—Integration with comprehensive marine management plan. (1) Concurrently or prior to the assessment and planning activities provided in section 4, chapter 145, Laws of 2010 and RCW 43.372.040, and subject to available federal, private, or other nonstate funding for this purpose, all state agencies with marine waters planning and management responsibilities are authorized to include marine spatial data and marine spatial planning elements into their existing plans and ongoing planning.

(2) The director of the Puget Sound partnership under the direction of the leadership council created in RCW 90.71.220 must integrate marine spatial information and planning provisions into the action agenda. The information should be used to address gaps or improve the effectiveness of the spatial

planning component of the action agenda, such as in addressing potential new uses such as renewable energy projects.

(3) The governor and the commissioner of public lands, working with appropriate marine management and planning agencies, should work cooperatively with the applicable west coast states, Canadian provinces, and with federal agencies, through existing cooperative entities such as the west coast governor's agreement on ocean health, the coastal and oceans task force, the Pacific coast collaborative, the Puget Sound federal caucus, and the United States and Canada cooperative agreement working group, to explore the benefits of developing joint marine spatial plans or planning frameworks in the shared waters of the Salish Sea, the Columbia river estuary, and in the exclusive economic zone waters. The governor and commissioner may approve the adoption of shared marine spatial plans or planning frameworks where they determine it would further policies of this chapter and chapter 43.143 RCW.

(4) On an ongoing basis, the director of the department of ecology shall work with other state agencies with marine management responsibilities, tribal governments, marine resources committees, local and federal agencies, and marine waters stakeholders to compile marine spatial information and to incorporate this information into ongoing plans. This work may be integrated with the comprehensive marine management plan authorized under RCW 43.372.040 when that planning process is initiated.

(5) All actions taken to implement this section must be consistent with RCW 43.372.060. [2010 c 145 § 5.]

43.372.040 Comprehensive marine management plan. (1) Upon the receipt of federal, private, or other non-state funding for this purpose, together with any required match of state funding that may be specifically provided for this purpose, the marine interagency team shall coordinate the development of a comprehensive marine management plan for the state's marine waters. The marine management plan must include marine spatial planning, as well as recommendations to the appropriate federal agencies regarding the exclusive economic zone waters. The plan may be developed in geographic segments, and may incorporate or be developed as an element of existing marine plans, such as the Puget Sound action agenda. The chair of the team may designate a state agency with marine management responsibilities to take the lead in developing and recommending to the team particular segments or elements of the comprehensive marine management plan.

(2) The marine management plan must be developed and implemented in a manner that:

(a) Recognizes and respects existing uses and tribal treaty rights;

(b) Promotes protection and restoration of ecosystem processes to a level that will enable long-term sustainable production of ecosystem goods and services;

(c) Addresses potential impacts of climate change and sea level rise upon current and projected marine waters uses and shoreline and coastal impacts;

(d) Fosters and encourages sustainable uses that provide economic opportunity without significant adverse environmental impacts;

(e) Preserves and enhances public access;

(f) Protects and encourages working waterfronts and supports the infrastructure necessary to sustain marine industry, commercial shipping, shellfish aquaculture, and other water-dependent uses;

(g) Fosters public participation in decision making and significant involvement of communities adjacent to the state's marine waters; and

(h) Integrates existing management plans and authorities and makes recommendations for aligning plans to the extent practicable.

(3) To ensure the effective stewardship of the state's marine waters held in trust for the benefit of the people, the marine management plan must rely upon existing data and resources, but also identify data gaps and, as possible, procure missing data necessary for planning.

(4) The marine management plan must include but not be limited to:

(a) An ecosystem assessment that analyzes the health and status of Washington marine waters including key social, economic, and ecological characteristics and incorporates the best available scientific information, including relevant marine data. This assessment should seek to identify key threats to plan goals, analyze risk and management scenarios, and develop key ecosystem indicators. In addition, the plan should incorporate existing adaptive management strategies underway by local, state, or federal entities and provide an adaptive management element to incorporate new information and consider revisions to the plan based upon research, monitoring, and evaluation;

(b) Using and relying upon existing plans and processes and additional management measures to guide decisions among uses proposed for specific geographic areas of the state's marine and estuarine waters consistent with applicable state laws and programs that control or address developments in the state's marine waters;

(c) A series of maps that, at a minimum, summarize available data on: The key ecological aspects of the marine ecosystem, including physical and biological characteristics, as well as areas that are environmentally sensitive or contain unique or sensitive species or biological communities that must be conserved and warrant protective measures; human uses of marine waters, particularly areas with high value for fishing, shellfish aquaculture, recreation, and maritime commerce; and appropriate locations with high potential for renewable energy production with minimal potential for conflicts with other existing uses or sensitive environments;

(d) An element that sets forth the state's recommendations to the federal government for use priorities and limitations, siting criteria, and protection of unique and sensitive biota and ocean floor features within the exclusive economic zone waters consistent with the policies and management criteria contained in this chapter and chapter 43.143 RCW;

(e) An implementation strategy describing how the plan's management measures and other provisions will be considered and implemented through existing state and local authorities; and

(f) A framework for coordinating state agency and local government review of proposed renewable energy development uses requiring multiple permits and other approvals that provide for the timely review and action upon renewable energy development proposals while ensuring protection of

sensitive resources and minimizing impacts to other existing or projected uses in the area.

(5) If the director of the department of fish and wildlife determines that a fisheries management element is appropriate for inclusion in the marine management plan, this element may include the incorporation of existing management plans and procedures and standards for consideration in adopting and revising fisheries management plans in cooperation with the appropriate federal agencies and tribal governments.

(6) Any provision of the marine management plan that does not have as its primary purpose the management of commercial or recreational fishing but that has an impact on this fishing must minimize the negative impacts on the fishing. The team must accord substantial weight to recommendations from the director of the department of fish and wildlife for plan revisions to minimize the negative impacts.

(7) The marine management plan must recognize and value existing uses. All actions taken to implement this section must be consistent with RCW 43.372.060.

(8) The marine management plan must identify any provisions of existing management plans that are substantially inconsistent with the plan.

(9)(a) In developing the marine management plan, the team shall implement a strong public participation strategy that seeks input from throughout the state and particularly from communities adjacent to marine waters. Public review and comment must be sought and incorporated with regard to planning the scope of work as well as in regard to significant drafts of the plan and plan elements.

(b) The team must engage tribes and marine resources committees in its activities throughout the planning process. In particular, prior to finalizing the plan, the team must provide each tribe and marine resources committee with a draft of the plan and invite them to review and comment on the plan.

(10) The team must complete the plan within twenty-four months of the initiation of planning under this section.

(11) The director of the department of ecology shall submit the completed marine management plan to the appropriate federal agency for its review and approval for incorporation into the state's federally approved coastal zone management program.

(12) Subsequent to the adoption of the marine management plan, the team may periodically review and adopt revisions to the plan to incorporate new information and to recognize and incorporate provisions in other marine management plans. The team must afford the public an opportunity to review and comment upon significant proposed revisions to the marine management plan. [2010 c 145 § 6.]

43.372.050 Marine management plans—Compliance—Consistency—Review—Report and recommendations. (1) Upon the adoption of the marine management plan under RCW 43.372.040, each state agency and local government must make decisions in a manner that ensures consistency with applicable legal authorities and conformance with the applicable provisions of the marine management plan to the greatest extent possible.

(2) The director of the department of ecology, in coordination with the team, shall periodically review existing management plans maintained by state agencies and local govern-

ments that cover the same marine waters as the marine management plan under RCW 43.372.040, and for any substantial inconsistency with the marine management plan the director shall make recommendations to the agency or to the local government for revisions to eliminate the inconsistency.

(3) Not later than four years following adoption of the marine management plan under RCW 43.372.040, the department of ecology, in coordination with the team, shall report to the appropriate marine waters committees in the senate and house of representatives describing provisions of existing management plans that are substantially inconsistent with the marine management plan under RCW 43.372.040, and making recommendations for eliminating the inconsistency.

(4) All actions taken to implement this section must be consistent with RCW 43.372.060. [2010 c 145 § 7.]

43.372.060 Authority limited. No authority is created under this chapter to affect in any way any project, use, or activity in the state's marine waters existing prior to or during the development and review of the marine management plan. No authority is created under this chapter to supersede the current authority of any state agency or local government. [2010 c 145 § 8.]

43.372.070 Marine resources stewardship trust account. (1) The marine resources stewardship trust account is created in the state treasury. All receipts from income derived from the investment of amounts credited to the account, any grants, gifts, or donations to the state for the purposes of marine management planning, marine spatial planning, data compilation, research, or monitoring, and any appropriations made to the account must be deposited in the account. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may only be used for the purposes of marine management planning, marine spatial planning, research, monitoring, implementation of the marine management plan, and for the restoration or enhancement of marine habitat or resources. [2010 c 145 § 10.]

43.374.010	Washington global health technologies and product development competitiveness program.
43.374.020	Washington global health technologies and product development account.

43.374.005 Finding—Intent—Purpose. The legislature finds that the global health sector develops new technologies and products for the improvement of health delivery locally and worldwide and that Washington is home to the world's richest collection of global health research and education programs creating new and innovative technologies on a daily basis. It is the intent of the legislature to stimulate the state's economy and foster job creation in the emerging field

of global health while improving the health of people in Washington state and the world. The purpose of chapter 13, Laws of 2010 1st sp. sess. is to create a funding mechanism and a grant program to ensure that Washington remains competitive in global health innovation and to guarantee that the development, manufacture, and delivery of global health products will become an even more dynamic part of the state's economy. [2010 1st sp.s. c 13 § 1.]

43.374.010 Washington global health technologies and product development competitiveness program. (1) The Washington global health technologies and product development competitiveness program is created.

(2)(a) The program must be administered by a nonprofit organization exempt from income taxation under 26 U.S.C. Sec. 501(c)(6) of the federal internal revenue code whose board of directors is appointed by the governor. The governor must make the appointments after consultation with a statewide alliance of global health research, nonprofit, and private entities. The board consists of the following members:

(i) Three members representing private companies engaged in the provision of global health products or services;

(ii) Three members representing nonprofit organizations supporting global health research or providing global health products or services;

(iii) Three members representing public research institutions engaged in global health research and education; and

(iv) One member who is a former elected official.

(b) The governor must appoint the chair of the board from among the members. The governor must appoint the members to staggered terms and each appointment may not last more than three years, but an appointee may serve more than one term.

(3) The board must contract with the department of commerce for management services to assist the board in implementing the program.

(4) The board must solicit and receive gifts, grants, bequests, royalty payments, licensing income, and other funds from businesses, foundations, and the federal government to promote the development and delivery of global health technologies and products. All federal funds received must be deposited in the Washington global health technologies and product development account created in RCW 43.374.020. All remaining nonstate funds received must be deposited in an account that the board creates and administers to carry out the purposes of this section. Expenditures from the account created by the board may be used only for funding activities of the program created in this section. Of the total amounts deposited into these accounts, no more than three percent of the total funds may be used for the department of commerce's management services and administrative expenses related to the program created in this section.

(5) The board must establish eligibility criteria for global health technologies and product development grants and adopt policies and procedures to facilitate the orderly process of grant application, review, and reward.

(6) In making grants to entities pursuant to contract for the development, production, promotion, and delivery of glo-

bal health technologies and products, the board must consider the following:

(a) The quality of the proposed research or the proposed technical assistance in product development or production process design. Any grant funds awarded for research activities must be awarded for nonbasic research which will assist in commercialization or manufacture of global health technologies;

(b) The potential for the grant recipient to improve global health outcomes;

(c) The potential for the grant to leverage additional funding for the development of global health technologies and products;

(d) The potential for the grant to stimulate, or promote technical skills training for, employment in the development of global health technologies in the state;

(e) The willingness of the grant recipient, when appropriate, to enter into royalty or licensing income agreements with the board; and

(f) Any other factors, as the board determines.

(7) Grant contracts must specify that award recipients must conduct their research, development, and any subsequent production activities within Washington, with the exception of activities such as clinical trials that must be carried out in developing countries, and that a failure to comply with this requirement will obligate the recipient to return the amount of the award plus interest as determined by the board.

(8) Upon the recommendation of the Washington economic development commission, the board may provide funding for the recruitment and employment by public research institutions and global health nonprofit organizations in the state, of global health researchers with a history of commercialization of global health technologies.

(9) Each project receiving a grant under this section must report information to the board in the format and at the intervals as the board requires to provide accountability and to evaluate the effectiveness of the program. The information reported must include the amount of funding received; the funding, if any, leveraged by the grant; the number and types of jobs created as a result of the grant; and any other information that the board requires. The board must use the information to prepare an annual evaluation of the program for a report to the appropriate committees of the legislature and the governor, beginning December 1, 2012. [2010 1st sp.s. c 13 § 2.]

43.374.020 Washington global health technologies and product development account. The Washington global health technologies and product development account is created in the custody of the state treasurer. Only the board of directors of the Washington global health technologies and product development competitiveness program or the board's designee may authorize expenditures from the account. All federal moneys received from the solicitations required in RCW 43.374.010 and all state funds appropriated for the specific purposes of the Washington global health technologies and product development competitiveness program must be deposited in the account. Expenditures from the account may be used only for funding activities of the Washington global health technologies and product development competitiveness program created in RCW 43.374.010. The account is

subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2010 1st sp.s. c 13 § 3.]

44.04.280 State laws—Respectful language. (1) The legislature recognizes that language used in reference to individuals with disabilities shapes and reflects society's attitudes towards people with disabilities. Many of the terms currently used diminish the humanity and natural condition of having a disability. Certain terms are demeaning and create an invisible barrier to inclusion as equal community members. The legislature finds it necessary to clarify preferred language for new and revised laws by requiring the use of terminology that puts the person before the disability.

(2)(a) The code reviser is directed to avoid all references to: Disabled, developmentally disabled, mentally disabled, mentally ill, mentally retarded, handicapped, cripple, and crippled, in any new statute, memorial, or resolution, and to change such references in any existing statute, memorial, or resolution as sections including these references are otherwise amended by law.

(b) The code reviser is directed to replace terms referenced in (a) of this subsection as appropriate with the following revised terminology: "Individuals with disabilities," "individuals with developmental disabilities," "individuals with mental illness," and "individuals with intellectual disabilities."

(3) No statute, memorial, or resolution is invalid because it does not comply with this section.

(4) The replacement of outmoded terminology with more appropriate references may not be construed as changing the application of any provision of this code to any person. [2010 c 94 § 2; 2009 c 377 § 1; 2004 c 175 § 1.]

Purpose—2010 c 94: "The purpose of this act is to move toward fulfillment of the goals stated in RCW 44.04.280, to remove demeaning language from the Revised Code of Washington and to use respectful language when referring to individuals with disabilities. It is not the intent of the legislature to expand or contract the scope or application of any provision of this code. Nothing in this act may be construed to change the application of any provision of this code to any person." [2010 c 94 § 1.]

(b) Any area described in this plan as specifically embraced in two or more noninclusive districts shall be a part of the adjacent district having the smallest number of inhabitants and shall not be a part of the other district or districts.

(c) Any area specifically mentioned as embraced within a district but separated from such district by one or more other districts, shall be assigned as though it had not been included in any district specifically described.

(d) The 2000 United States federal decennial census data submitted pursuant to P.L. 94-171 shall be used for determining the number of inhabitants under this plan.

Sec. 5. For purposes of this plan, districts shall be described in terms of:

(1) Official United States census bureau tracts, block groups, or blocks, established by the United States bureau of the census in the 2000 federal decennial census;

(2) Counties, municipalities, or other political subdivisions as they existed on January 1, 2000;

(3) Any natural or artificial boundaries or monuments including but not limited to rivers, streams, or lakes as they existed on January 1, 2000;

(4) Roads, streets, or highways as they existed on January 1, 2000.

Sec. 6. Pursuant to RCW 44.05.090(4) and Article II, section 43 of the state Constitution, the territory of the state shall be divided into forty-nine legislative districts. Two members of the house of representatives shall be elected from and run at large within each legislative district. One member of the senate shall be elected from each legislative district.

Sec. 7. The legislative districts described by this plan shall be those recorded electronically as "JOINTSUB-L-03", maintained in computer files and designated as FINAL-LEG-2001, which are public records of the commission. As soon as practicable after approval and submission of this plan to the legislature, the commission shall publish "FINAL-LEG-2001".

Sec. 8. The commission intends that existing law shall continue to govern such matters as the terms and dates of election for members of the senate to be elected from each district, the status of "hold-over" senators, and the elections to fill vacancies, when required, provided that districts referred to in existing law and designated by number shall refer to districts of the same number described in this plan, beginning with the next elections in 2002.

Sec. 9. This commission intends that this plan supersede the district boundaries established by chapter 44.07C RCW.

Sec. 10. If any provision of this plan or its application to any person or circumstance is held invalid, the remainder of the plan or its application to other persons or circumstances is not affected.

44.28.005 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Legislative auditor" means the executive officer of the joint legislative audit and review committee.

(2) "Economy and efficiency audits" means performance audits that establish: (a) Whether a state agency or unit of local government receiving state funds is acquiring, protecting, and using its resources such as personnel, property, and space economically and efficiently; (b) the causes of inefficiencies or uneconomical practices; and (c) whether the state agency or local government has complied with significant laws and rules in acquiring, protecting, and using its resources.

(3) "Final compliance report" means a written document, as approved by the joint committee, that states the specific actions a state agency or unit of local government receiving state funds has taken to implement recommendations contained in the final performance audit report and the preliminary compliance report. Any recommendations, including proposed legislation and changes in the agency's rules and practices or the local government's practices, based on testimony received, must be included in the final compliance report.

(4) "Final performance audit report" means a written document adopted by the joint legislative audit and review committee that contains the findings and proposed recommendations made in the preliminary performance audit report, the final recommendations adopted by the joint committee, any comments to the preliminary performance audit report by the joint committee, and any comments to the preliminary performance audit report by the state agency or local government that was audited.

(5) "Joint committee" means the joint legislative audit and review committee.

(6) "Local government" means a city, town, county, special purpose district, political subdivision, municipal corporation, or quasi-municipal corporation, including a public corporation created by such an entity.

(7) "Performance audit" means an objective and systematic assessment of a state agency or any of its programs, functions, or activities, or a unit of local government receiving state funds, by an independent evaluator in order to help public officials improve efficiency, effectiveness, and accountability. Performance audits include economy and efficiency audits and program audits. A performance audit of a local government may only be made to determine whether the local government is using state funds for their intended purpose in an efficient and effective manner.

(8) "Performance measures" are a composite of key indicators of a program's or activity's inputs, outputs, outcomes, productivity, timeliness, and/or quality. They are means of evaluating policies and programs by measuring results against agreed upon program goals or standards.

(9) "Preliminary compliance report" means a written document that states the specific actions a state agency or unit of local government receiving state funds has taken to implement any recommendations contained in the final performance audit report.

(10) "Preliminary performance audit report" means a written document prepared for review and comment by the

joint legislative audit and review committee after the completion of a performance audit. The preliminary performance audit report must contain the audit findings and any proposed recommendations to improve the efficiency, effectiveness, or accountability of the state agency or local government audited.

(11) "Program audits" means performance audits that determine: (a) The extent to which desired outcomes or results are being achieved; (b) the causes for not achieving intended outcomes or results; and (c) compliance with significant laws and rules applicable to the program.

(12) "State agency" or "agency" means a state agency, department, office, officer, board, commission, bureau, division, institution, or institution of higher education. "State agency" includes all elective offices in the executive branch of state government. [1996 c 288 § 2.]

Findings and intent—1996 c 288: "The public expects the legislature to address citizens' increasing demand for the basic services of state government, while limiting the growth in spending. The public demands that public officials and state employees be accountable to provide maximum value for every dollar entrusted to state government. The public believes that it is possible to improve the responsiveness of state government and to save the taxpayers' money, and that efficiency and effectiveness should result in savings.

The legislature, public officials, state employees, and citizens need to know the extent to which state agencies, programs, and activities are achieving the purposes for which they were created. It is essential to compare the conditions, problems, and priorities that led to the creation of government programs with current conditions, problems, and priorities, and to examine the need for and performance of those programs in the current environment.

Along with examining the performance of state agencies and programs, the legislature, public officials, state employees, and citizens must also consider the effect that state government programs can reasonably expect to have on citizens' lives, how the level of programs and services of Washington state government compares with that of other states, and alternatives for service delivery, including other levels of government and the private sector including not-for-profit organizations. It is essential that the legislature, public officials, state employees, and citizens share a common understanding of the role of state government. The performance and relative priority of state agency programs and activities must be the basis for managing and allocating resources within Washington state government.

It is the intent of the legislature to strengthen the role of the current legislative budget committee so that it may more effectively examine how efficiently state agencies perform their responsibilities and whether the agencies are achieving their goals, and whether units of local government are using state funds for their intended purpose in an efficient and effective manner. It is also the intent of the legislature to enact a clear set of definitions for different types of audits in order to eliminate confusion with regard to government reviews." [1996 c 288 § 1.]

44.28.010 Committee created—Members. The joint legislative audit and review committee is created, which shall consist of eight senators and eight representatives from the legislature. The senate members of the joint committee shall be appointed by the president of the senate, and the house members of the joint committee shall be appointed by the speaker of the house. 44.28.083 Performance audit work plans. (1) At the conclusion of the regular legislative session of each odd-numbered year, the joint legislative audit and review committee shall develop and approve a performance audit work plan for the ensuing biennium. The biennial work plan may be modified, as necessary, at the conclusion of other legislative sessions to reflect actions taken by the legislature and the joint committee. The work plan shall include a description of each performance audit, and the cost of completing the audits on the work plan shall be limited to the funds appropriated to the joint committee. Approved performance audit work plans shall be transmitted to the entire legislature by July 1st following the conclusion of each regular session of an odd-numbered year and as soon as practical following other legislative sessions.

(2) Among the factors to be considered in preparing the work plans are:

(a) Whether a program newly created or significantly altered by the legislature warrants continued oversight because (i) the fiscal impact of the program is significant, or (ii) the program represents a relatively high degree of risk in terms of reaching the stated goals and objectives for that program;

(b) Whether implementation of an existing program has failed to meet its goals and objectives by any significant degree;

(c) Whether a follow-up audit would help ensure that previously identified recommendations for improvements were being implemented; and

(d) Whether an assignment for the joint committee to conduct a performance audit has been mandated in legislation.

(3) The legislative auditor may consult with the chairs and staff of appropriate legislative committees, the state auditor, and the director of financial management in developing

44.55.040	Powers, duties.
44.55.050	Staff support.
44.55.060	Compensation.

44.55.010 Findings—Intent. The legislature finds that international trade is an important part of Washington's economy with Washington as the fifth largest exporting state in the nation. The legislature further finds that World Trade Organization agreements and the North American Free Trade Agreement have implications for Washington state laws governing agriculture, services, environmental regulation, and economic subsidies. The legislature further finds that future trade agreements such as the proposed Free Trade Area of the Americas may also impact Washington state. Therefore, it is the intent of the legislature to create a joint legislative oversight committee on trade policy to monitor the impact of these trade agreements on Washington state laws, and to provide a mechanism for legislators and citizens to voice their opinions and concerns about the potential impacts of these trade agreements to state and federal government officials. [2003 c 404 § 1.]

44.55.020 Committee membership. A joint legislative oversight committee on trade policy is created, to consist of four senators and four representatives from the legislature and three ex officio members. The president of the senate shall appoint the senate members of the committee, and the speaker of the house shall appoint the house members of the committee. No more than two members from each house may be from the same political party. A list of appointees must be submitted by July 1, 2003, and before the close of each regular session during an even-numbered year. Vacancies on the committee will be filled by appointment and must be filled from the same political party and from the same house as the member whose seat was vacated. The ex officio members shall be appointed by the speaker of the house and the president of the senate, and include a representative from the department of agriculture, the state trade representative, and a representative from the office of the attorney general. [2003 c 404 § 2.]

[Title 44 RCW—page 50]

Reviser's note: Substitute House Bill No. 1059, Substitute House Bill No. 1173, and Engrossed Substitute House Bill No. 1827 were enacted during the 2003 regular session of the legislature, but were vetoed in part by the governor. A stipulated judgment, No. 03-2-01988-4 filed in the Superior Court of Thurston County, between the governor and the legislature, settled litigation over the governor's use of veto powers and declared the vetoes of SHB 1059, SHB 1173, and ESHB 1827 null and void. Consequently, the text of this section has been returned to the version passed by the legislature prior to the vetoes. For vetoed text and message, see chapter 404, Laws of 2003.

Effective date—2003 c 404 § 2: "Section 2 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 20, 2003]." [2003 c 404 § 8.]

44.55.030 Chair—Officers—Rules. The committee shall appoint its own chair and other officers and make rules for orderly procedure. [2003 c 404 § 3.]

44.55.040 Powers, duties. The committee has the following powers and duties:

(1) At least once a year, hear public testimony on the actual and potential impacts of international trade agreements and negotiations on Washington state and submit an annual report to the state trade representative's office and to the legislature regarding the public testimony;

(3) Conduct an annual assessment of the impacts of international trade agreements upon Washington law and submit the report to the legislature;

(4) Examine any aspects of international trade, international economic integration, and trade agreements that the members deem appropriate. [2003 c 404 § 4.]

44.55.050 Staff support. The committee will receive the necessary staff support from both the senate committee services and the house office of program research. [2003 c 404 § 5.]

44.55.060 Compensation. The members of the committee shall serve without additional compensation, but are entitled to receive per diem, mileage, and incidental expense allowances at the rates provided in chapter 44.04 RCW. [2003 c 404 § 6.]

Chapter 44.73 RCW LEGISLATIVE GIFT CENTER

Sections

44.73.005	Findings.
44.73.010	Legislative gift center—Created—Retail sale of products—Governance—Planning.

- 44.73.015 Legislative gift center—Selling wine for off-premises consumption—Collection and remittance of all applicable state and local taxes—Consultation with the Washington wine commission.
- 44.73.020 Legislative gift center account.

44.73.005 Findings. The legislature finds that Washington is committed to economic development and supporting the tourism industry, and that economic development is achieved by promoting the state and the goods produced around the state. The legislature further finds that tourism is encouraged providing a memorable experience and an opportunity for visitors to take something back home with them to remind them of this experience. There are many visitors every day to the legislative building, including tourists, school children, and people from around the state visiting the state capitol. These visitors offer an opportunity for the state to showcase its products and history. Therefore, the legislature finds that a gift center in the legislative building would be an appropriate response to this opportunity, and further, that such a gift center could provide a source of revenue to help fund the oral history program and to pay for the restoration and repurchase of historical capitol furnishings. [2007 c 453 § 1.]

44.73.010 Legislative gift center—Created—Retail sale of products—Governance—Planning. (1) There is created in the legislature a legislative gift center for the retail sale of products bearing the state seal, Washington state souvenirs, other Washington products, and other products as approved. Wholesale purchase of products for sale at the legislative gift center is not subject to competitive bidding.

(2) Governance for the legislative gift center shall be under the chief clerk of the house of representatives and the secretary of the senate. They may designate a legislative staff member as the lead staff person to oversee management and operation of the gift shop.

(3) The chief clerk of the house of representatives and secretary of the senate shall consult with the department of general administration in planning, siting, and maintaining legislative building space for the gift center.

(4) Products bearing the "Seal of the State of Washington" as described in Article XVIII, section 1 of the Washington state Constitution and RCW 1.20.080, must be purchased from the secretary of state pursuant to an agreement between the chief clerk of the house of representatives, the secretary of the senate, and the secretary of state. [2007 c 453 § 2.]

44.73.015 Legislative gift center—Selling wine for off-premises consumption—Collection and remittance of all applicable state and local taxes—Consultation with the Washington wine commission. (1) The legislative gift center is authorized to sell at retail for off-premises consumption wine produced in Washington by a licensed domestic winery. Wine sold by the legislative gift center must: (a) Be sold to individuals twenty-one years of age or older; (b) be sold for personal use and not for resale; and (c) have been purchased from a licensed wine distributor or from a manufacturer authorized to distribute wine of its own production.

(2) The legislative gift center must collect and remit to the department of revenue all applicable state and local taxes on sales of wine.

(3) The legislative gift center must consult with the Washington wine commission to select which Washington wines will be sold. The Washington wine commission must give consideration to award winning wines in assisting the gift center. [2009 c 228 § 3.]

Findings—Intent—2009 c 228: See note following RCW 66.12.195.

44.73.020 Legislative gift center account. (1) The legislative gift center account is created in the custody of the state treasurer. All moneys received by the gift center from the sale of Washington state souvenirs, other Washington products, and other products as approved shall be deposited in the account. Expenditures from the account may be used only for the operations and maintenance of the gift center, including the purchase of inventory, and for other purposes as provided in this section. Only the chief clerk of the house of representatives and the secretary of the senate, or the lead staff person designated by them to oversee management and operation of the gift shop, may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) Net profits, after expenses, from the sale of Washington state souvenirs, other Washington products, and products approved by the legislative gift center, shall be deposited as provided in this subsection:

(a) Twenty-five percent in the legislative oral history account in chapter 44.04 RCW (created in *Substitute House Bill No. 1741);

(b) Twenty-five percent in the oral history, state library, and archives account created in **RCW 43.07.380; and

(c) Fifty percent in the capitol furnishings preservation committee account created in RCW 27.48.040.

(3) Net profits, after expenses, from the sale of items bearing the state seal by the legislative gift center shall be deposited in the capitol furnishings preservation committee account created in RCW 27.48.040. A full accounting thereof shall be provided to the secretary of state.

(4) The legislative gift center may designate special sales, the proceeds of which shall go to an account specified at the time of designation. [2007 c 453 § 3.]

Reviser's note: *(1) Substitute House Bill No. 1741 was not enacted during the 2007 legislative session.

46.09.010 Application of chapter—Permission necessary to enter upon private lands. (Effective until July 1, 2011.) The provisions of this chapter shall apply to all lands in this state. Nothing in this chapter, RCW 79A.35.040, 79A.35.070, 79A.35.090, 79A.35.110, and 79A.35.120 shall be deemed to grant to any person the right or authority to enter upon private property without permission of the property owner. [2005 c 213 § 2; 1972 ex.s. c 153 § 2; 1971 ex.s. c 47 § 6.]

Findings—Construction—2005 c 213: "The legislature finds that off-road recreational vehicles (ORVs) provide opportunities for a wide variety of outdoor recreation activities. The legislature further finds that the limited amount of ORV recreation areas presents a challenge for ORV recreational users, natural resource land managers, and private landowners. The legislature further finds that many nonhighway roads provide opportunities for ORV use and that these opportunities may reduce conflicts between users and facilitate responsible ORV recreation. However, restrictions intended for motor vehicles may prevent ORV use on certain roads, including forest service roads. Therefore, the legislature finds that local, state, and federal jurisdictions should be given the flexibility to allow ORV use on nonhighway roads they own and manage or for which they are authorized to allow public ORV use under an easement granted by the owner. Nothing in this act authorizes trespass on private property." [2005 c 213 § 1.]

Effective date—2005 c 213: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state gov-

ernment and its existing public institutions, and takes effect July 1, 2005." [2005 c 213 § 9.]

Purpose—1972 ex.s. c 153: See RCW 67.32.080.

46.09.170 Refunds from motor vehicle fund—Distribution—Use. (Effective until July 1, 2011.) (1) From time to time, but at least once each year, the state treasurer shall refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.36 RCW, based on a tax rate of: (a) Nineteen cents per gallon of motor vehicle fuel from July 1, 2003, through June 30, 2005; (b) twenty cents per gallon of motor vehicle fuel from July 1, 2005, through June 30, 2007; (c) twenty-one cents per gallon of motor vehicle fuel from July 1, 2007, through June 30, 2009; (d) twenty-two cents per gallon of motor vehicle fuel from July 1, 2009, through June 30, 2011; and (e) twenty-three cents per gallon of motor vehicle fuel beginning July 1, 2011, and thereafter, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer shall place these funds in the general fund as follows:

(a) Thirty-six percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and information programs and maintenance of nonhighway roads;

(b) Three and one-half percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and the maintenance of nonhighway roads;

(c) Two percent shall be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and

(d) Fifty-eight and one-half percent shall be credited to the nonhighway and off-road vehicle activities program account to be administered by the board for planning, acquisition, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs. The funds under this subsection shall be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(iii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the board receives under *RCW 46.09.110, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) shall be known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(3) On a yearly basis an agency may not, except as provided in *RCW 46.09.110, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of

state parks or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. The appropriations under this subsection are not required to follow the specific distribution specified in subsection (2) of this section. [2010 1st sp.s. c 37 § 936. Notwithstanding any of the provisions of this chapter, any city, county, or other political subdivision of this state, or any state agency, may regulate the operation of nonhighway vehicles on public lands, waters, and other properties under its jurisdiction, and on streets, roads, or highways within its boundaries by adopting regulations or ordinances of its governing body, provided such regulations are not less stringent than the provisions of this chapter. However, the legislative body of a city with a population of less than three thousand persons may, by ordinance, designate a street or highway within its boundaries to be suitable for use by off-road vehicles. The legislative body of a county may, by ordinance, designate a road or highway within its boundaries to be suitable for use by off-road vehicles if the road or highway is a direct connection between a city with a population of less than three thousand persons and an off-road vehicle recreation facility. [2006 c 212 § 4; 1977 ex.s. c 220 § 15; 1971 ex.s. c 47 § 23.]

46.09.190 General penalty—Civil liability. (Effective until July 1, 2011.) (1) Except as provided in RCW 46.09.120(2) and 46.09.130 as now or hereafter amended, violation of the provisions of this chapter is a traffic infrac-

tion for which a penalty of not less than twenty-five dollars may be imposed.

(2) In addition to the penalties provided in subsection (1) of this section, the owner and/or the operator of any nonhighway vehicle shall be liable for any damage to property including damage to trees, shrubs, or growing crops injured as the result of travel by the nonhighway vehicle. The owner of such property may recover from the person responsible three times the amount of damage. [1979 ex.s. c 136 § 42; 1977 ex.s. c 220 § 16; 1972 ex.s. c 153 § 16; 1971 ex.s. c 47 § 24.]

Funds distributed under this section to nonprofit ORV organizations may be spent only on projects or activities that benefit ORV recreation on lands once publicly owned that come into private ownership in a federally approved land exchange completed between January 1, 1998, and January 1, 2005.

(2) The board shall adopt rules governing applications for funds administered by the recreation and conservation office under this chapter and shall determine the amount of money distributed to each applicant. Agencies receiving funds under this chapter for capital purposes shall consider the possibility of contracting with the state parks and recreation commission, the department of natural resources, or other federal, state, and local agencies to employ the youth development and conservation corps or other youth crews in completing the project.

The committee consists of governmental representatives, land managers, and a proportional representation of persons with recreational experience in areas identified in the most recent fuel use study, including but not limited to people with ORV, hiking, equestrian, mountain biking, hunting, fishing, and wildlife viewing experience.

(2) After the advisory committee has made recommendations regarding the expenditure of the fuel tax revenue portion of the nonhighway and off-road vehicle account moneys, the advisory committee's ORV and mountain biking recreationists, governmental representatives, and land managers will make recommendations regarding the expenditure of funds received under RCW 46.09.110.

GENERAL PROVISIONS

46.09.300 Application of chapter—Permission necessary to enter upon private lands. (Effective July 1, 2011.) The provisions of this chapter shall apply to all lands in this state. Nothing in this chapter, RCW 79A.35.040, 79A.35.070, 79A.35.090, 79A.35.110, and 79A.35.120 shall be deemed to grant to any person the right or authority to enter upon private property without permission of the property owner. [2005 c 213 § 2; 1972 ex.s. c 153 § 2; 1971 ex.s. c 47 § 6. Formerly RCW 46.09.010.]

Findings—Construction—2005 c 213: "The legislature finds that off-road recreational vehicles (ORVs) provide opportunities for a wide variety

(2010 Ed.)

of outdoor recreation activities. The legislature further finds that the limited amount of ORV recreation areas presents a challenge for ORV recreational users, natural resource land managers, and private landowners. The legislature further finds that many nonhighway roads provide opportunities for ORV use and that these opportunities may reduce conflicts between users and facilitate responsible ORV recreation. However, restrictions intended for motor vehicles may prevent ORV use on certain roads, including forest service roads. Therefore, the legislature finds that local, state, and federal jurisdictions should be given the flexibility to allow ORV use on nonhighway roads they own and manage or for which they are authorized to allow public ORV use under an easement granted by the owner. Nothing in this act authorizes trespass on private property." [2005 c 213 § 1.]

Effective date—2005 c 213: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005." [2005 c 213 § 9.]

Purpose—1972 ex.s. c 153: See RCW 67.32.080.

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.68.045, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) shall be known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(iii) The board may waive the minimum percentage cited in (d)(ii) of this subsection due to insufficient requests for funds or projects that score low in the board's project evaluation. Funds remaining after such a waiver must be allocated in accordance with board policy.

(3) On a yearly basis an agency may not, except as provided in RCW 46.68.045, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. The appropriations under this subsection are not required to follow the specific distribution specified in subsection (2) of this section. [2010 1st sp.s. c 37 § 936; 2010 c 161 § 222. chapter. [1991 sp.s. c 13 § 9; 1985 c 57 § 61; 1982 c 17 § 6; 1979 ex.s. c 182 § 7.]

(2) The remainder of such funds each year shall be remitted to the state treasurer to be deposited in the snowmobile account of the general fund and shall be appropriated only to the commission to be expended for snowmobile purposes. Such purposes may include but not necessarily be limited to the administration, acquisition, development, operation, and maintenance of snowmobile facilities and development and implementation of snowmobile safety, enforcement, and education programs.

The commission is authorized to make grants to public agencies and to contract with any public or private agency or person for the purpose of developing and implementing snowmobile programs, provided that the programs are not inconsistent with the rules adopted by the commission. [1982 c 17 § 7; 1979 ex.s. c 182 § 8; 1975 1st ex.s. c 181 § 2; 1973 1st ex.s. c 128 § 3; 1972 ex.s. c 153 § 22; 1971 ex.s. c 29 § 8.]

This section shall not affect the power of the department of ecology to adopt noise performance standards for snowmobiles. 46.12.005 Definitions. (Effective until July 1, 2011.)

The definitions set forth in this section apply throughout this chapter.

(1) The words "delivery," "notice," "send," and "security interest" have the same meaning as these terms are defined in RCW 62A.1-201; the word "secured party" has the same meaning as this term is defined in RCW 62A.9A-102.

(2) "Salvage vehicle" means a vehicle whose certificate of ownership has been surrendered to the department under RCW 46.12.070 due to the vehicle's destruction or declaration as a total loss or for which there is documentation indicating that the vehicle has been declared salvage or has been damaged to the extent that the owner, an insurer, or other person acting on behalf of the owner, has determined that the cost of parts and labor plus the salvage value has made it uneconomical to repair the vehicle. The term does not include a motor vehicle having a model year designation of a calendar year that is at least six years before the calendar year in which the vehicle was wrecked, destroyed, or damaged, unless, after June 13, 2002, and immediately before the vehicle was wrecked, destroyed, or damaged, the vehicle had a retail fair market value of at least the then market value threshold amount and has a model year designation of a calendar year not more than twenty years before the calendar year in which the vehicle was wrecked, destroyed, or damaged. "Market value threshold amount" means six thousand five hundred dollars or such greater amount as is then in effect by rule of the department in accordance with this section. If, for any year beginning with 2002, the Consumer Price Index for All Urban Consumers, compiled by the Bureau of Labor Statistics, United States Department of Labor, or its successor, for the West Region, in the expenditure category "used cars and trucks," shows an increase in the annual average for that year compared to that of the year immediately prior, the department shall, by rule, increase the then market value threshold amount by the same percentage as the percentage increase of the annual average, with the increase of the market value threshold amount to be effective on July 1st of the year immediately after the year with the increase of the annual average. However, the market value

threshold amount may not be increased if the amount of the increase would be less than fifty dollars, and each increase of the market value threshold amount will be rounded to the nearest ten dollars. If an increase in the market value threshold amount is not made because the increase would be less than fifty dollars, the unmade increase will be carried forward and added to later year calculations of increase until the unmade increase is included in an increase made to the market value threshold amount. (b) The name and address of the person who is to be the registered owner of the vehicle and, if the vehicle is subject to a security interest, the name and address of the secured party;

(2) The department may in any instance, in addition to the information required on the application, require additional information and a physical examination of the vehicle or of any class of vehicles, or either.

(3)(a) A physical examination of the vehicle is mandatory if (i) it has been rebuilt after surrender of the certificate of ownership to the department under RCW 46.12.070 due to the vehicle's destruction or declaration as a total loss and (ii) it is not retained by the registered owner at the time of the vehicle's destruction or declaration as a total loss. The inspection must verify that the vehicle identification number is genuine and agrees with the number shown on the title and registration certificate. The inspection must be made by a member of the Washington state patrol or other person authorized by the department to make such inspections.

(b)(i) A physical examination of the vehicle is mandatory if the vehicle was declared totaled or salvage under the laws of this state, or the vehicle is presented with documents from another state showing the vehicle was totaled or salvage and has not been reissued a valid registration from that state after the declaration of total loss or salvage.

(iv) A vehicle presented for inspection must have all damaged major component parts replaced or repaired to meet RCW and WAC requirements before inspection of the salvage vehicle by the Washington state patrol.

(4) To the extent that the Washington state patrol has a backlog of vehicle inspections that it is to perform under this section, chapter 420, Laws of 2007 shall not be construed to reduce the vehicle inspection workload of the Washington state patrol.

(1)(a) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee's driver's license number if available, and such description of the vehicle, including the vehicle identification number, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller's report of sale to the department. Reports of sale processed and recorded by the department's agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b). By January 1, 2003, the department shall create a system enabling the seller of a vehicle to transmit the report of sale electronically. The system created by the department must immediately indicate on the department's vehicle record that a seller's report of sale has been filed.

(b) By January 1, 2008, the department shall provide instructions on release of interest forms that allow the seller of a vehicle to release his or her interest in a vehicle at the same time a financial institution, as defined in RCW 30.22.040, releases its lien on the vehicle.

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department accompanied by a fee of five dollars in addition to any other fees required.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner's assignment from the transferee, it shall transmit the transferee's application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

(a) The department requesting additional supporting documents;

(b) Extended hospitalization or illness of the purchaser;

(c) Failure of a legal owner to release his or her interest;

(d) Failure, negligence, or nonperformance of the department, auditor, or subagent;

(e) The transferee had no knowledge of the filing of the vehicle report of sale and signs an affidavit to the fact.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor and a continuing offense for each day during which the purchaser or transferee does not make application to transfer the certificate of ownership and license registration. Despite the continuing nature of this offense, it shall be considered a single offense, regardless of the number of days that have elapsed following the forty-five day time period.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer.

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller's report has been received but no transfer of title has taken place. (2) A transitional ownership record is only acceptable as an ownership record for vehicles currently stored on the department's computer system and if the certificate of ownership or other authorized proof of ownership for the motor vehicle is not in the possession of the selling vehicle dealer or new security interest holder at the time the transitional ownership record is submitted to the department.

(3) A person shall submit the transitional ownership record to the department or to any of its agents or subagents. Within ten days of receipt of the certificate of ownership for the vehicle, or of written confirmation that only an electronic record of ownership exists or that the certificate of ownership has been lost or destroyed, the selling dealer or new security interest holder shall promptly submit the same to the department together with an application for a new certificate of ownership containing the name and address of the secured party and tender the required fee as provided in RCW 46.12.095(1). 46.16.004 Definitions. (Effective until July 1, 2011.)

For the purposes of this chapter unless the context clearly requires otherwise:

(1) "Commercial motor vehicle," for the purposes of requiring a department of transportation number, means the same as defined in RCW 46.25.010(6), or a motor vehicle used in commerce when the motor vehicle: (a) Has a gross vehicle weight rating of 11,794 kilograms or more (26,001 pounds or more) inclusive of a towed unit of a gross vehicle weight rating of more than 4,536 kilograms (10,000 pounds or more); (b) has a gross vehicle weight rating of 11,794 kilograms or more (26,001 pounds or more); or (c) is used in the transportation of hazardous materials, as defined in RCW 46.25.010(13);

(2) "Department" means the department of licensing;

(3) "Department of transportation number" means a department of transportation number from the federal motor carrier safety administration;

(4) "Interstate commercial motor vehicle" means a commercial vehicle that operates in more than one state;

(5) "Intrastate commercial motor vehicle" means a commercial vehicle that operates exclusively within the state of Washington;

(6) "Motor carrier" means a person or entity who has been issued a department of transportation number and who owns a commercial motor vehicle. [2007 c 419 § 3.]

Findings—2007 c 419: "The legislature finds and declares that it is the policy of the state of Washington to prevent the loss of human lives and the loss of property and vehicles, and to protect the traveling environment of the state of Washington through sound and consistent regulatory provisions for interstate and intrastate motor carriers.

The legislature further finds and declares that it is a policy of the state of Washington to require commercial motor vehicles operating on state roadways to comply with rigorous federal and state safety regulations. The legislature also finds that intrastate and interstate commercial motor vehicles should comply with consistent state and federal commercial vehicle regulations." [2007 c 419 § 1.]

(2010 Ed.)

Short title—2007 c 419: "This act may be known and cited as the Tony Qamar and Daniel Johnson act." [2007 c 419 § 2.]

46.16.006 "Registration year" defined—Registration months—"Last day of the month" defined. (Effective until July 1, 2011.) (1) The term "registration year" for the purposes of chapters 46.16, 82.44, and 82.50 RCW means the effective period of a vehicle license issued by the department. Such year commences at 12:01 a.m. on the date of the calendar year designated by the department and ends at 12:01 a.m. on the same date of the next succeeding calendar year.

(a) If a vehicle license previously issued in this state has expired and is renewed with a different registered owner, a new registration year is deemed to commence upon the date the expired license is renewed in order that the renewed license be useable for a full twelve-month period.

(b) A new registration year is deemed to commence upon the date the expired license is renewed in order that the renewed license be useable for a full twelve months when the registered owner:

- (i) Is a member of the United States armed forces;
- (ii) Was stationed outside of Washington under military orders during the prior vehicle registration year; and
- (iii) Provides the department a copy of the military orders.

(2) Each registration year may be divided into twelve registration months. Each registration month commences on the day numerically corresponding to the day of the calendar month on which the registration year begins, and terminates on the numerically corresponding day of the next succeeding calendar month.

(3) Where the term "last day of the month" is used in chapters 46.16, 82.44, and 82.50 RCW in lieu of a specified day of any calendar month it means the last day of such calendar month or months irrespective of the numerical designation of that day.

(4) If the final day of a registration year or month falls on a Saturday, Sunday, or legal holiday, such period extends through the end of the next business day. [2009 c 159 § 1; 1992 c 222 § 1; 1983 c 27 § 1; 1981 c 214 § 1; 1975 1st ex.s. c 118 § 1.]

Legislative intent—1989 c 192: "The legislature recognizes that there are residents of this state who intentionally register motor vehicles in other states to evade payment of taxes and fees required by the laws of this state. This results in a substantial loss of revenue to the state. It is the intent of the legislature to impose a stronger criminal penalty upon those residents who defraud the state, thereby enhancing compliance with the registration laws of this state and further enhancing enforcement and collection efforts.

In order to encourage voluntary compliance with the registration laws of this state, administrative penalties associated with failing to register a motor vehicle are waived until September 1, 1989. It is not the intent of the legislature to waive traffic infraction or criminal traffic violations imposed prior to July 23, 1989." [1989 c 192 § 1.]

(2) For the purposes of this section, "license tab fees" are defined as the general fees paid annually for licensing motor vehicles and trailers as defined in RCW 46.04.620 and 46.04.623, including cars, sport utility vehicles, motorcycles, and motor homes. Trailers licensed under RCW 46.16.068 or 46.16.085 and campers licensed under RCW 46.16.505 are not required to pay license tab fees under this section. [2003

c 1 § 2 (Initiative Measure No. 776, approved November 5, 2002); 2002 c 352 § 7; 2000 1st sp.s. c 1 § 1.]

Reviser's note: This section was amended by 2002 c 352 § 7 and by 2003 c 1 § 2 (Initiative Measure No. 776), each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Severability—Savings—2003 c 1 (Initiative Measure No. 776): See note following RCW 81.104.160.

Policies and purposes—2003 c 1 (Initiative Measure No. 776): "This measure would require license tab fees to be \$30 per year for motor vehicles and light trucks and would repeal certain government-imposed charges, including excise taxes and fees, levied on motor vehicles. Politicians promised "\$30 license tabs are here to stay" and promised any increases in vehicle-related taxes, fees and surcharges would be put to a public vote. Politicians should keep their promises. As long as taxpayers must pay incredibly high sales taxes when buying motor vehicles (meaning state and local governments receive huge windfalls of sales tax revenue from these transactions), the people want license tab fees to not exceed the promised \$30 per year. Without this follow-up measure, "tab creep" will continue until license tab fees are once again obscenely expensive, as they were prior to Initiative 695. The people want a public vote on any increases in vehicle-related taxes, fees and surcharges to ensure increased accountability. Voters will require more cost-effective use of existing revenues and fundamental reforms before approving higher charges on motor vehicles (such changes may remove the need for any increases). Also, dramatic changes to transportation plans and programs previously presented to voters must be resubmitted. This measure provides a strong directive to all taxing districts to obtain voter approval before imposing taxes, fees and surcharges on motor vehicles. However, if the legislature ignores this clear message, a referendum will be filed to protect the voters' rights. Politicians should just do the right thing and keep their promises." [2003 c 1 § 1 (Initiative Measure No. 776, approved November 5, 2002).]

Construction—2003 c 1 (Initiative Measure No. 776): "The provisions of this act are to be liberally construed to effectuate the intent, policies, and purposes of this act." [2003 c 1 § 9 (Initiative Measure No. 776, approved November 5, 2002).]

Intent—2003 c 1 (Initiative Measure No. 776): "The people have made clear through the passage of numerous initiatives and referenda that taxes need to be reasonable and tax increases should always be a last resort. However, politicians throughout the state of Washington continue to ignore these repeated mandates.

The people expect politicians to keep their promises. The legislative intent of this measure is to ensure that they do.

Politicians are reminded:

(1) Washington voters want license tab fees to be \$30 per year for motor vehicles unless voters authorize higher vehicle-related charges at an election.

(2) All political power is vested in the people, as stated in Article I, section 1 of the Washington state Constitution.

(3) The first power reserved by the people is the initiative, as stated in Article II, section 1 of the Washington state Constitution.

(4) When voters approve initiatives, politicians have a moral, ethical, and constitutional obligation to fully implement them. When politicians ignore this obligation, they corrupt the term "public servant."

(5) Any attempt to violate the clear intent and spirit of this measure undermines the trust of the people in their government and will increase the likelihood of future tax limitation measures." [2003 c 1 § 11 (Initiative Measure No. 776, approved November 5, 2002).]

Effective dates—2002 c 352: See note following RCW 46.09.070.

Effective date—2000 1st sp.s. c 1: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 31, 2000]." [2000 1st sp.s. c 1 § 3.]

Retroactive application—2000 1st sp.s. c 1: "This act applies retroactively to January 1, 2000." [2000 1st sp.s. c 1 § 4.]

Boat trailer fee: RCW 46.16.670.

46.16.063 Additional fee for recreational vehicles. (Effective until July 1, 2011.) In addition to other fees for the licensing of vehicles there shall be paid and collected annually for each camper, travel trailer, and motor home as

the same are defined in RCW 82.50.010 a fee of three dollars to be deposited in the RV account of the motor vehicle fund. Under RCW 43.135.055, the department of transportation may increase RV account fees by a percentage that exceeds the fiscal growth factor. After consultation with citizen representatives of the recreational vehicle user community, the department of transportation may implement RV account fee adjustments no more than once every four years. RV account fee adjustments must be preceded by evaluation of the following factors: Maintenance of a self-supporting program, levels of service at existing RV sanitary disposal facilities, identified needs for improved RV service at safety rest areas statewide, sewage treatment costs, and inflation. If the department chooses to adjust the RV account fee, it shall notify the department of licensing six months before implementation of the fee increase. Adjustments in the RV account fee must be in increments of no more than fifty cents per biennium. [1996 c 237 § 1; 1980 c 60 § 2.]

Upon the sale, permanent removal from the state, or other disposition of a trailing unit bearing a permanent license plate the registered owner is required to return the license plate and registration certificate to the department. This section does not apply to any trailing units subject to the annual excise taxes prescribed in *RCW 82.44.020. The department is authorized to adopt rules to implement this section for leased vehicles and other applications as necessary. Farmers shall be permitted an allowance of an additional eight thousand pounds, within the legal limits, on such vehicles, when used in the transportation of the farmer's own farm machinery between the farmer's own farm or farms and for a distance of not more than thirty-five miles from the farmer's farm or farms.

46.16.111 Gross weight, how computed. (Effective until July 1, 2011.) The gross weight in the case of any motor truck, tractor, or truck tractor shall be the scale weight of the motor truck, tractor, or truck tractor, plus the scale weight of any trailer, semitrailer, converter gear, or pole trailer to be towed thereby, to which shall be added the weight of the maximum load to be carried thereon or towed thereby as set by the licensee in the application if it does not

(2010 Ed.)

exceed the weight limitations prescribed by chapter 46.44 RCW. If the sum of the scale weight and maximum load of the trailer is not greater than four thousand pounds, that sum shall not be computed as part of the gross weight of any motor truck, tractor, or truck tractor. Where the trailer is a utility trailer, travel trailer, horse trailer, or boat trailer, for the personal use of the owner of the truck, tractor, or truck tractor, and not for sale or commercial purposes, the gross weight of such trailer and its load shall not be computed as part of the gross weight of any motor truck, tractor, or truck tractor. The weight of any camper is exempt from the determination of gross weight in the computation of any licensing fees required under RCW 46.16.070.

The gross weight in the case of any bus, auto stage, or for hire vehicle, except taxicabs, with a seating capacity over six, shall be the scale weight of each bus, auto stage, and for hire vehicle plus the seating capacity, including the operator's seat, computed at one hundred and fifty pounds per seat.

If the resultant gross weight, according to this section, is not listed in RCW 46.16.070, it shall be increased to the next higher gross weight so listed pursuant to chapter 46.44 RCW. [1987 c 244 § 5; 1986 c 18 § 11; 1971 ex.s. c 231 § 1; 1969 ex.s. c 170 § 6; 1967 ex.s. c 83 § 57.]

46.16.121 Seating capacity fees on stages, for hire vehicles. (Effective until July 1, 2011.) 46.16.125 Mileage fees on stages—Penalty. (Effective until July 1, 2011.) In addition to the fees required by RCW 46.16.070, operators of auto stages with seating capacity over six shall pay, at the time they file gross earning returns with the utilities and transportation commission, the sum of fifteen cents for each one hundred vehicle miles operated by each auto stage over the public highways of this state. However, in the case of each auto stage propelled by steam, electricity, natural gas, diesel oil, butane, or propane, the payment required in this section is twenty cents per one hundred miles of such operation. The commission shall transmit all sums so collected to the state treasurer, who shall deposit the same in the motor vehicle fund. Any person failing to make any payment required by this section is subject to a penalty of one hundred percent of the payment due in this section, in addition to any penalty provided for failure to submit a report. Any penalties so collected shall be credited to the public service revolving fund. [1997 c 215 § 2; 1967 ex.s. c 83 § 60; 1961 c 12 § 46.16.125. Prior: 1951 c 269 § 14.]

46.16.135 Monthly license fee—Penalty. (Effective until July 1, 2011.) The annual vehicle licensing fees as provided in RCW 46.16.070 for any motor vehicle or combination of vehicles having a declared gross weight in excess of twelve thousand pounds may be paid for any full registration month or months at one-twelfth of the usual annual fee plus

two dollars, this sum to be multiplied by the number of full months for which the fees are paid if for less than a full year. An additional fee of two dollars shall be collected each time a license fee is paid.

Operation of a vehicle licensed under the provisions of this section by any person upon the public highways after the expiration of the monthly license is a traffic infraction, and in addition the person shall be required to pay a license fee for the vehicle involved covering an entire registration year's operation, less the fees for any registration month or months of the registration year already paid. If, within five days, no license fee for a full registration year has been paid as required aforesaid, the Washington state patrol, county sheriff, or city police shall impound such vehicle in such manner as may be directed for such cases by the chief of the Washington state patrol, until such requirement is met. Any person who operates or causes to be operated upon a public highway of this state any motor truck, truck tractor, or tractor with a maximum gross weight in excess of the maximum gross weight for which the vehicle is licensed shall be deemed to have set a new maximum gross weight and shall, in addition to any penalties otherwise provided, be required to purchase a new license covering the new maximum gross weight, and any failure to secure such new license is a traffic infraction. No such person may be permitted or required to purchase the new license for a gross weight or combined gross weight which would exceed the maximum gross weight or combined gross weight allowed by law. This section does not apply to for hire vehicles, buses, or auto stages operating principally within cities and towns. [1986 c 18 § 13; 1979 ex.s. c 136 § 47; 1961 c 12 § 46.16.140. 46.16.150 School buses exempt from load and seat capacity fees. (*Effective until July 1, 2011.*) No provision of the law of this state shall be construed to require for hire vehicle license or adult seating capacity fees, either directly or indirectly for the transportation of school children or teachers, or both, to and from school and other school activities, or either, whether the same be done in motor vehicles owned, leased, rented or used by the school authority or upon contract to furnish such transportation: PROVIDED, That this section shall apply to vehicles used exclusively for the purpose set forth and in the event that any vehicle so used is also used for any other purpose, such vehicle shall be appropriately licensed for such other purpose, as required by this chapter. [1961 c 12 § 46.16.150. Prior: 1937 c 188 § 22; RRS § 6312-22.]

46.16.160 Vehicle trip permits—Restrictions and requirements—Fees and taxes—Penalty—Rules. (*Effective until July 1, 2011.*) (1) The owner of a vehicle which under reciprocal relations with another jurisdiction would be required to obtain a license registration in this state or an unlicensed vehicle which would be required to obtain a license registration for operation on public highways of this state may, as an alternative to such license registration, secure and operate such vehicle under authority of a trip permit issued by this state in lieu of a Washington certificate of license registration, and licensed gross weight if applicable. The licensed gross weight may not exceed eighty thousand pounds for a combination of vehicles nor forty thousand pounds for a single unit vehicle with three or more axles. Trip permits are required for movement of mobile homes or park model trailers and may only be issued if property taxes are paid in full. For the purpose of this section, a vehicle is considered unlicensed if the licensed gross weight currently in effect for the vehicle or combination of vehicles is not adequate for the load being carried. Vehicles registered under RCW 46.16.135 shall not be operated under authority of trip permits in lieu of further registration within the same registration year.

(2) Each trip permit shall authorize the operation of a single vehicle at the maximum legal weight limit for such vehicle for a period of three consecutive days commencing with the day of first use. No more than three such permits may be used for any one vehicle in any period of thirty consecutive days, except that in the case of a recreational vehicle as defined in RCW 43.22.335, no more than two trip permits may be used for any one vehicle in a one-year period. Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety

and signed by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, license number, or vehicle identification number invalidates the permit. The trip permit shall be displayed on the vehicle to which it is issued as prescribed by the department.

(3) Vehicles operating under authority of trip permits are subject to all laws, rules, and regulations affecting the operation of like vehicles in this state.

(4) Prorate operators operating commercial vehicles on trip permits in Washington shall retain the customer copy of such permit for four years.

(5) Trip permits may be obtained from field offices of the department of transportation, department of licensing, or other agents appointed by the department. The fee for each trip permit is twenty dollars. Five dollars from every twenty-dollar trip permit fee shall be deposited into the state patrol highway account and must be used for commercial motor vehicle inspections. For each permit issued, the fee includes a filing fee as provided by RCW 46.01.140 and an excise tax of one dollar. The remaining portion of the trip permit fee must be deposited to the credit of the motor vehicle fund as an administrative fee. If the filing fee amount of three dollars as prescribed in RCW 46.01.140 is increased or decreased after July 1, 2002, the administrative fee must be increased or decreased by the same amount so that the total trip permit would be adjusted equally to compensate. These fees and taxes are in lieu of all other vehicle license fees and taxes. No exchange, credits, or refunds may be given for trip permits after they have been purchased.

(6) The department may appoint county auditors or businesses as agents for the purpose of selling trip permits to the public. County auditors or businesses so appointed may retain the filing fee collected for each trip permit to defray expenses incurred in handling and selling the permits.

(7) Commercial motor vehicles that are owned by a motor carrier subject to RCW 46.32.080, must not be operated on trip permits authorized by RCW 46.16.160 or 46.16.162 if the motor carrier's department of transportation number has been placed out of service by the Washington state patrol. A violation of or a failure to comply with this subsection is a gross misdemeanor, subject to a minimum monetary penalty of two thousand five hundred dollars for the first violation and five thousand dollars for each subsequent violation.

(8) Except as provided in subsection (7) of this section, a violation of or a failure to comply with any provision of this section is a gross misdemeanor.

(9) The department of licensing may adopt rules as it deems necessary to administer this section.

(10) A surcharge of five dollars is imposed on the issuance of trip permits. The portion of the surcharge paid by motor carriers must be deposited in the motor vehicle fund for the purpose of supporting vehicle weigh stations, weigh-in-motion programs, and the commercial vehicle information systems and networks program. The remaining portion of the surcharge must be deposited in the motor vehicle fund for the purpose of supporting congestion relief programs. All other administrative fees and excise taxes collected under the provisions of this chapter shall be forwarded by the department with proper identifying detailed report to the state treasurer

(2010 Ed.)

who shall deposit the administrative fees to the credit of the motor vehicle fund and the excise taxes to the credit of the general fund. Filing fees will be forwarded and reported to the state treasurer by the department as prescribed in RCW 46.01.140. [2007 c 419 § 6. Finding—2002 c 264: "The legislature finds that bicycling and walking are becoming increasingly popular in Washington as clean and efficient

(2010 Ed.)

modes of transportation, as recreational activities, and as organized sports. Future plans for the state's transportation system will require increased access and safety for bicycles and pedestrians on our common roadways, and federal transportation legislation and funding programs have created strong incentives to implement these changes quickly. As a result, many more people are likely to take up bicycling in Washington both as a leisure activity and as a convenient, inexpensive form of transportation. Bicyclists are more vulnerable to injury and accident than motorists, and both should be knowledgeable about traffic laws. Bicyclists should be highly visible and predictable when riding in traffic, and be encouraged to wear bicycle safety helmets. Hundreds of bicyclists and pedestrians are seriously injured every year in accidents, and millions of dollars are spent on health care costs associated with these accidents. There is clear evidence that organized training in the rules and techniques of safe and effective cycling can significantly reduce the incidence of serious injury and accidents, increase cooperation among road users, and significantly increase the incidence of bicycle helmet use, particularly among minors. A reduction in accidents benefits the entire community. Therefore, it is appropriate for businesses and community organizations to provide donations to bicycle and pedestrian safety training programs." [2002 c 264 § 1.]

Persons with disabilities who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the placard or special license plates issued under this section or *RCW 46.16.385 may park in places reserved for persons with physical disabilities. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport persons with disabilities who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding home, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the person with disabilities transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the person with disabilities and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the person with disabilities, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the person's physician. The permanent parking placard and identification card of a person with disabilities shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder's death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its database of parking

permits issued to persons with disabilities with available death record information at least every twelve months.

(6) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(7) Any unauthorized use of the special placard, special license plate issued under this section or *RCW 46.16.385, or identification card is a parking infraction with a monetary penalty of two hundred fifty dollars. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed.

(8) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for a person to park in, block, or otherwise make inaccessible the access aisle located next to a space reserved for persons with physical disabilities. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed. The clerk of the court shall report all violations related to this subsection to the department.

(9) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for any person to park a vehicle in a parking place provided on private property without charge or on public property reserved for persons with physical disabilities without a placard or special license plate issued under this section or *RCW 46.16.385. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the placard or special license plate issued under this section or *RCW 46.16.385 required under this section. A local jurisdiction providing nonmetered, on-street parking places reserved for persons with physical disabilities may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards or special license plates issued under this section or *RCW 46.16.385. All time restrictions must be clearly posted.

(10)(a) The assessment imposed under subsections (7), (8), and (9) of this section shall be allocated as follows:

(i) One hundred dollars shall be deposited in the accessible communities account created in RCW 50.40.071; and

(ii) One hundred dollars shall be deposited in the multi-modal transportation account under RCW 47.66.070 for the sole purpose of supplementing a grant program for special needs transportation provided by transit agencies and non-profit providers of transportation that is administered by the department of transportation.

(b) Any reduction in any penalty or fine and assessment imposed under subsections (7), (8), and (9) of this section shall be applied proportionally between the penalty or fine and the assessment. When a reduced penalty is imposed under subsection (7), (8), or (9) of this section, the amount deposited in the accounts identified in (a) of this subsection shall be reduced equally and proportionally.

(c) The penalty or fine amounts shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(11) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate issued under this section or *RCW 46.16.385, placard, or identification card in a manner other than that established under this section.

(12)(a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person's identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(13) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of:

(a) Community restitution for a nonprofit organization that serves persons having disabilities or disabling diseases; or

(b) Any other community restitution that may sensitize the violator to the needs and obstacles faced by persons who have disabilities.

(14) The court may not suspend more than one-half of any fine imposed under subsection (7), (8), (9), or (11) of this section.

(15) For the purposes of this section, "legally blind" means a person who: (a) Has no vision or whose vision with corrective lenses is so limited that the individual requires alternative methods or skills to do efficiently those things that are ordinarily done with sight by individuals with normal vision; or (b) has an eye condition of a progressive nature which may lead to blindness. Findings—2006 c 357: "The legislature reaffirms its recognition that legal blindness does not affect the physical ability to walk, nor does it limit the ability to participate and contribute in employment and all aspects of life as an equal and productive citizen. Furthermore, for a legally blind individ-

ual with appropriate training in travel skills, any limitations on that individual's mobility are not resolved by the granting of special parking privileges. However, for some individuals, including the newly blind and those in transition, the availability of special parking privileges could prove to be an appropriate benefit if those individuals choose to avail themselves of the opportunity." Personalized license plates—Legislative declaration: "It is declared to be the public policy of the state of Washington to direct financial resources of this state toward the support and aid of the wildlife resources existing within the state of Washington in order that the general welfare of these inhabitants of the state be served. For the purposes of *this chapter, wildlife resources are understood to be those species of wildlife other than that managed by the department of fisheries under their existing jurisdiction as well

(2010 Ed.)

as all unclassified marine fish, shellfish, and marine invertebrates which shall remain under the jurisdiction of the director of fisheries. The legislature further finds that the preservation, protection, perpetuation, and enhancement of such wildlife resources of the state is of major concern to it, and that aid for a satisfactory environment and ecological balance in this state for such wildlife resources serves a public interest, purpose, and desire.

It is further declared that such preservation, protection, perpetuation, and enhancement can be fostered through financial support derived on a voluntary basis from those citizens of the state of Washington who wish to assist in such objectives; that a desirable manner of accomplishing this is through offering personalized license plates for certain vehicles and campers the fees for which are to be directed to the state treasury to the credit of the **state game fund for the furtherance of the programs, policies, and activities of the state **game department in preservation, protection, perpetuation, and enhancement of the wildlife resources that abound within the geographical limits of the state of Washington.

In particular, the legislature recognizes the benefit of this program to be specifically directed toward those species of wildlife including but not limited to song birds, protected wildlife, rare and endangered wildlife, aquatic life, and specialized-habitat types, both terrestrial and aquatic, as well as all unclassified marine fish, shellfish, and marine invertebrates which shall remain under the jurisdiction of the director of fisheries that exist within the limits of the state of Washington." [1975 c 59 § 7; 1973 1st ex.s. c 200 § 1. Formerly RCW 77.12.175.]

Reviser's note: *(1) The term "this chapter" refers to chapter 77.12 RCW, where this section was originally codified, pursuant to legislative directive, as RCW 77.12.175. It was subsequently decodified by 1980 c 78 § 32.

** (2) References to the "state game fund" and "game department" mean the "state wildlife fund" and "department of wildlife." See note following RCW 77.04.020. The "state wildlife fund" was renamed the "state wildlife account" pursuant to 2005 c 224 § 4 and 2005 c 225 § 4.

All personalized license plates must be renewed on an annual basis, regardless of whether a vehicle on which they are displayed will not be driven on public highways or may also be eligible to display permanent license plates valid for the life of such vehicle without annual renewal. 46.16.700 Special license plates—Intent. (*Effective until July 1, 2011.*) The legislature has seen an increase in the demand from constituent groups seeking recognition and funding through the establishment of commemorative or special license plates. The high cost of implementing a new special license plate series coupled with the uncertainty of the state's ability to recoup its costs, has led the legislature to delay the implementation of new special license plates. In order to address these issues, it is the intent of the legislature to create a mechanism that will allow for the evaluation of special license plate requests and establish a funding policy that will alleviate the financial burden currently placed on the state. Using these two strategies, the legislature will be better equipped to efficiently process special license plate legislation. [2003 c 196 § 1.]

It is the intent of the legislature that there shall be neither a significant net gain nor loss of revenue to the state general fund or the motor vehicle fund as the result of implementing and maintaining a staggered vehicle registration system. struction concerning sections amended more than once during the same legislative session, see RCW 1.12.025.

Declaration and intent—2005 c 323: "When a person establishes residency in this state, unless otherwise exempt by statute, the person must register any vehicles to be operated on public highways, and pay all required licensing fees and taxes. Washington residents must renew vehicle registrations annually as well. The intent of this act is to increase the monetary penalties associated with failure to properly register vehicles in the state of Washington." [2005 c 323 § 1.]

Legislative intent—1989 c 192: "The legislature recognizes that there are residents of this state who intentionally register motor vehicles in other states to evade payment of taxes and fees required by the laws of this state. This results in a substantial loss of revenue to the state. It is the intent of the legislature to impose a stronger criminal penalty upon those residents who defraud the state, thereby enhancing compliance with the registration laws of this state and further enhancing enforcement and collection efforts.

In order to encourage voluntary compliance with the registration laws of this state, administrative penalties associated with failing to register a motor vehicle are waived until September 1, 1989. It is not the intent of the legislature to waive traffic infraction or criminal traffic violations imposed prior to July 23, 1989." [1989 c 192 § 1.]

[Title 46 RCW—page 139]

46.16A.455 Trucks, buses, and for hire vehicles based on gross weight. (Effective July 1, 2011.) (1) **Auto stage, bus, for hire vehicle - more than six seats.** The declared gross weight for an auto stage, bus, or for hire vehicle, except taxicabs, with a seating capacity of more than six is determined by:

(a) Multiplying the number of seats, including the driver, times one hundred fifty pounds per seat;

(b) Adding the scale weight to the product derived in (a) of this subsection; and

(c) Locating the sum derived in (b) of this subsection in the registration fee based on declared gross weight table provided in RCW 46.17.355 and rounding up to the next greater weight.

(2) **Motor truck, road tractor, truck, truck tractor - sufficient declared gross weight required.** The declared gross weight for a motor truck, road tractor, truck, or truck tractor must have a sufficient declared gross weight, as required under chapter 46.44 RCW, to cover:

(a) Its empty scale weight plus the maximum load it will carry; and

(b) The empty scale weight of any trailer it will tow and the maximum load that the trailer will carry. The declared gross weight of the motor vehicle does not need to include the trailer if:

(i) The empty scale weight of the trailer and the maximum load the trailer will carry does not exceed four thousand pounds; or

(ii) The trailer is for personal use, such as a horse trailer, travel trailer, or utility trailer.

(3) **Motor truck, road tractor, truck, and truck tractor -exceeding six thousand pounds empty scale weight.** Every truck, motor truck, truck tractor, and tractor exceeding six thousand pounds empty scale weight registered under chapter 46.16 or 46.87 RCW must be licensed for not less than one hundred fifty percent of its empty weight unless:

(a) The amount would exceed the legal limits described in RCW 46.44.041 or 46.44.042, in which event the vehicle must be licensed for the maximum weight authorized for the vehicle; or

(b) The vehicle is a fixed load vehicle.

(4) **Increasing declared gross weight.** The following provisions apply when increasing declared gross weight for a motor vehicle licensed under this section:

(a) The declared gross weight must be increased to the end of the current registration year when the declared gross weight remains at 12,000 pounds or less.

(b) For motor vehicles increasing to a declared gross weight of 14,000 pounds or more, the declared gross weight must be increased, at a minimum, to the expiration of the current declared gross weight license.

(c) The new license fee is one-twelfth of the annual license fee listed in RCW 46.17.355 for each of the number of months remaining in the registration period. The department shall:

(i) Apply credit to any gross weight license fees already paid for the full months remaining in the registration period;

(ii) Charge the monthly declared gross weight license fee required under RCW 46.17.360, in addition to any other fees or taxes due; and

(iii) Not apply credit to monthly declared gross weight license fees already used.

(d) (c) of this subsection does not apply to motor vehicles described in (a) of this subsection.

(e) Upon surrender of the current registration certificate or cab card, credit must be applied as described in (c) of this subsection.

(5) **Monthly license—Authorized.** The annual license fees required in RCW 46.17.355 for any motor vehicle or combination of vehicles having a declared gross weight of twelve thousand one pounds or more may be paid for any full registration month or months at one-twelfth of the annual license fee plus the monthly declared gross weight license fee required in RCW 46.17.360. This sum must be multiplied by the number of full months for which the fees are paid if for less than a full year.

(6) **Monthly license—Penalty.** Operation of a vehicle registered under subsection (5) of this section by any person upon the public highways after the expiration of the monthly license is a traffic infraction. The person shall pay a license fee for the vehicle involved covering an entire registration year's operation, less the fees for any registration month or months of the registration year already paid. If, within five days, a license fee for a full registration year has not been paid as required, the Washington state patrol, county sheriff, or city police shall impound the vehicle until the fees have been paid.

(7) **Camper, school bus—Exemptions.** (a) The weight of a camper must not be included when determining declared gross weight.

(b) Motor vehicles used for the transportation of school children or teachers to and from school and other school activities are exempt from subsection (1) of this section and the seating capacity fee provided in RCW 46.17.340. If the motor vehicle is used for any other purpose, it must be appropriately registered as required under this chapter.

(8) **Credit for unused license fee.** A registered owner of a motor vehicle with a declared gross weight of more than twelve thousand pounds may obtain credit for the unused portion of the license fee paid or transfer the credit to a new owner under the following conditions:

(a) The motor vehicle must have been recently sold or transferred to another owner, is no longer in the possession of the owner, or is reported destroyed under RCW 46.12.600;

(b) The available credit must be fifteen dollars or more;

(c) Credit will be given for any unused months of the declared gross weight license already purchased at the rate of one-twelfth for each full or partial month of registration;

(d) Credit only applies to license fees due under RCW 46.17.355 for the registration year for which it was purchased;

(e) Credit as used in this section may not be refunded. [2010 c 161 § 419; 2005 c 314 § 204. Policies and purposes—2003 c 1 (Initiative Measure No. 776): "This measure would require license tab fees to be \$30 per year for motor vehicles and light trucks and would repeal certain government-imposed charges, including excise taxes and fees, levied on motor vehicles. Politicians promised "\$30 license tabs are here to stay" and promised any increases in vehicle-related taxes, fees and surcharges would be put to a public vote. Politicians should keep their promises. As long as taxpayers must pay incredibly high sales taxes when buying motor vehicles (meaning state and local governments receive huge windfalls of sales tax revenue from these transactions), the people want license tab fees to not exceed the promised \$30 per year. Without this follow-up measure, "tab creep" will continue until license tab fees are once again obscenely expensive, as they were prior to Initiative 695. The people want a public vote on any increases in vehicle-related taxes, fees and surcharges to ensure increased accountability. Voters will require more cost-effective use of existing revenues and fundamental reforms before approving higher charges on motor vehicles (such changes may remove the need for any increases). Also, dramatic changes to transportation plans and programs previously presented to voters must be resubmitted. This measure provides a strong directive to all taxing districts to obtain voter approval before imposing taxes, fees and surcharges on motor vehicles. However, if the legislature ignores this clear message, a referendum will be filed to protect the voters' rights. Politicians should just do the right thing and keep their promises." [2003 c 1 § 1 (Initiative Measure No. 776, approved November 5, 2002).]

Construction—2003 c 1 (Initiative Measure No. 776): "The provisions of this act are to be liberally construed to effectuate the intent, policies, and purposes of this act." [2003 c 1 § 9 (Initiative Measure No. 776, approved November 5, 2002).]

Intent—2003 c 1 (Initiative Measure No. 776): "The people have made clear through the passage of numerous initiatives and referenda that taxes need to be reasonable and tax increases should always be a last resort. However, politicians throughout the state of Washington continue to ignore these repeated mandates.

The people expect politicians to keep their promises. The legislative intent of this measure is to ensure that they do.

Politicians are reminded:

(1) Washington voters want license tab fees to be \$30 per year for motor vehicles unless voters authorize higher vehicle-related charges at an election.

(2) All political power is vested in the people, as stated in Article I, section 1 of the Washington state Constitution.

(3) The first power reserved by the people is the initiative, as stated in Article II, section 1 of the Washington state Constitution.

(4) When voters approve initiatives, politicians have a moral, ethical, and constitutional obligation to fully implement them. When politicians ignore this obligation, they corrupt the term "public servant."

(5) Any attempt to violate the clear intent and spirit of this measure undermines the trust of the people in their government and will increase the likelihood of future tax limitation measures." [2003 c 1 § 11 (Initiative Measure No. 776, approved November 5, 2002).]

GENERAL PROVISIONS

46.18.005 Intent. (Effective July 1, 2011.) The legislature has seen an increase in the demand from constituent groups seeking recognition and funding through the establishment of commemorative or special license plates. The high cost of implementing a new special license plate series coupled with the uncertainty of the state's ability to recoup its costs has led the legislature to delay the implementation of new special license plates. In order to address these issues, it is the intent of the legislature to create a mechanism that will allow for the evaluation of special license plate requests and establish a funding policy that will alleviate the financial burden currently placed on the state. Using these two strategies,

the legislature will be better equipped to efficiently process special license plate legislation. [2010 c 161 § 601; 2003 c 196 § 1. Formerly RCW 46.16.700.]

Reviser's note: 2010 c 161 § 1226 directed that RCW 46.16.700 be recodified under the subchapter heading "review board" under chapter 46.18 RCW. However, recodification under the subchapter heading "general provisions" appears to be more appropriate.

Formerly RCW 46.16.309.]

***Reviser's note:** RCW 46.16.040 was recodified as RCW 46.16A.040 pursuant to 2010 c 161 § 1215, effective July 1, 2011.
