(1) The board is authorized to make direct loans to political subdivisions of the state and to federally recognized Indian tribes for the purposes of assisting the political subdivisions and federally recognized Indian tribes in financing the cost of public facilities, including development of land and improvements for public facilities, project-specific environmental, capital facilities, land use, permitting, feasibility, and marketing studies and plans; project design, site planning, and analysis; project debt and revenue impact analysis; as well as the construction, rehabilitation, alteration,

(2014 Ed.)

expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe and the finding by the board that financial circumstances require grant assistance to enable the project to move forward. However, no more than twenty-five percent of all financial assistance approved by the board in any biennium may consist of grants to political subdivisions and federally recognized Indian tribes.

(2) Application for funds must be made in the form and manner as the board may prescribe. In making grants or loans the board must conform to the following requirements:

(a) The board may not provide financial assistance:

(i) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(ii) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

(iii) For a project the primary purpose of which is to facilitate or promote gambling.

(iv) For a project located outside the jurisdiction of the applicant political subdivision or federally recognized Indian tribe.

(b) The board may only provide financial assistance:

(i) For a project demonstrating convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board; and

(B) Will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities;

(ii) For a project that cannot meet the requirement of (b)(i) of this subsection but is a project that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;

(B) Is part of a local economic development plan consistent with applicable state planning requirements;

(C) Can demonstrate project feasibility using standard economic principles; and

(D) Is located in a rural community as defined by the board, or a rural county;

(iii) For site-specific plans, studies, and analyses that address environmental impacts, capital facilities, land use, permitting, feasibility, marketing, project engineering, design, site planning, and project debt and revenue impacts, as grants not to exceed fifty thousand dollars.

(c) The board must develop guidelines for local participation and allowable match and activities.

(d) An application must demonstrate local match and local participation, in accordance with guidelines developed by the board.

(e) An application must be approved by the political subdivision and supported by the local associate development organization or local workforce development council or

(2014 Ed.)

approved by the governing body of the federally recognized Indian tribe.

(f) The board may allow de minimis general system improvements to be funded if they are critically linked to the viability of the project.

(g) An application must demonstrate convincing evidence that the median hourly wage of the private sector jobs created after the project is completed will exceed the county-wide median hourly wage.

(h) The board must prioritize each proposed project according to:

(i) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed, but also giving consideration to the unemployment rate in the area in which the jobs would be located;

(ii) The rate of return of the state's investment, including, but not limited to, the leveraging of private sector investment, anticipated job creation and retention, and expected increases in state and local tax revenues associated with the project;

(iii) Whether the proposed project offers a health insurance plan for employees that includes an option for dependents of employees;

(iv) Whether the public facility investment will increase existing capacity necessary to accommodate projected population and employment growth in a manner that supports infill and redevelopment of existing urban or industrial areas that are served by adequate public facilities. Projects should maximize the use of existing infrastructure and provide for adequate funding of necessary transportation improvements;

(v) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance; and

(vi) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007.

(i) A responsible official of the political subdivision or the federally recognized Indian tribe must be present during board deliberations and provide information that the board requests.

(3) Before any financial assistance application is approved, the political subdivision or the federally recognized Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board. (2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in rural counties are clearly insufficient to use up the allocations under subsection (1) of this section, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in rural counties.

(3) The board shall solicit qualifying projects to plan, design, and construct public facilities needed to attract new industrial and commercial activities in areas impacted by the closure or potential closure of large coal-fired electric generation facilities, which for the purposes of this section means a facility that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. 43.163.005 Purpose—Construction. Economic development is essential to the health, safety, and welfare of all Washington citizens by broadening and strengthening state and local tax bases, providing meaningful employment opportunities and thereby enhancing the quality of life. Economic development increasingly is dependent upon the ability of small-sized and medium-sized businesses and farms to finance growth and trade activities. Many of these businesses face an unmet need for capital that limits their growth. These unmet capital needs are a problem in both urban and rural areas which cannot be solved by the private sector alone. There presently exist some federal programs, private credit enhancements and other financial tools to complement the private banking industry in providing this needed capital. More research is needed to develop effective strategies to enhance access to capital and thereby stimulate economic development.

It is the purpose of this chapter to establish a state economic development finance authority to act as a financial conduit that, without using state funds or lending the credit of the state or local governments, can issue nonrecourse revenue bonds, and participate in federal, state, and local economic development programs to help facilitate access to needed capital by Washington businesses that cannot otherwise readily obtain needed capital on terms and rates comparable to large corporations, and can help local governments obtain capital more efficiently. It is also a primary purpose of this chapter to encourage the employment and retention of Washington workers at meaningful wages and to develop innovative approaches to the problem of unmet capital needs. This chapter is enacted to accomplish these and related purposes and shall be construed liberally to carry out its purposes and objectives. [1990 c 53 § 1; 1989 c 279 § 1.]

Findings—Purpose—1994 c 302: "The legislature finds that when public funds are used to support private enterprise, the public may gain through the creation of new jobs, the diversification of the economy, or higher quality jobs for existing workers. The legislature further finds that such returns on public investments are not automatic and that tax-based incentives, in particular, may result in a greater tax burden on businesses and individuals that are not eligible for the public support. It is the purpose of this *chapter to collect information sufficient to allow the legislature and the executive branch to make informed decisions about the merits of existing tax-based incentives and loan programs intended to encourage economic development in the state." [1994 c 302 § 1.]

***Reviser's note:** 1994 c 302 § 2 was vetoed. 1994 c 302 § 3 is a codification direction and 1994 c 302 § 4 is an emergency clause. The code reviser's office chose not to create a new chapter for the only remaining section, section 1.

proposal to form a community preservation and development authority must be presented in writing to the appropriate legislative committee in both the house of representatives and the senate. The proposal must contain proposed general geographic boundaries that will be used to define the community for the purposes of the authority. Proposals presented after January 1, 2008, must identify in its proposal one or more stable revenue sources that (a) have a nexus with the multiple publicly funded facilities that have adversely impacted the community, and (b) can be used to support future operating or capital projects that will be identified in the strategic plan required under RCW 43.167.030.

(2) Formation of the community preservation and development authority is subject to legislative authorization by statute. The legislature must find that (a) the area within the proposal's geographic boundaries meets the definition of "impacted community" contained in *section 2(4) of this act and (b) those persons that have brought forth the proposal are members of the community as defined in *section 2(1) of this act and, if the authority were approved, would meet the definition of constituency contained in *section 2(3) of this act. For proposals brought after January 1, 2008, the legislature must also find that the community has identified one or more stable revenue sources as required in subsection (1) of this section. The legislature may then act to authorize the establishment of the community preservation and development authority in law.

(e) Two members with knowledge of the community's culture and history;

(f) One member who is involved in a nonprofit or public planning organization that directly serves the impacted community; and

(g) Two representatives of the local legislative authority or authorities, as ex officio members.

(4) No member of the board shall hold office for more than four years. Board positions shall be numbered one through nine, and the terms staggered as follows:

(a) Board members elected to positions one through five shall serve two-year terms, and if reelected, may serve no more than one additional two-year term.

(b) Board members initially elected to positions six through thirteen shall serve a three-year term only.

(c) Board members elected to positions six through thirteen after the initial three-year term shall serve two-year terms, and if reelected, may serve no more than one additional two-year term.

(5) With respect to an authority's initial board of directors: The state legislative delegation and those proposing formation of the authority shall jointly establish a committee to develop a list of candidates to stand for election once the authority has received legislative approval as established in

subsection (2) of this section. For the purpose of developing the list and identifying those persons who meet the criteria in subsection (3)(a) through (e) of this section, community shall mean the proposed geographic boundaries as set out in the proposal. The board of directors shall be elected by the constituency during a meeting convened for that purpose by the state legislative delegation.

43.168.010 Legislative findings and declaration. The legislature finds that:

(1) The economic health and well-being of the state, particularly in areas of high unemployment, economic stagnation, and poverty, is of substantial public concern.

(2) The consequences of minimal economic activity and persistent unemployment and underemployment are serious threats to the safety, health, and welfare of residents of these areas, decreasing the value of private investments and jeopardizing the sources of public revenue.

(3) The economic and social interdependence of communities and the vitality of industrial and economic activity necessitates, and is in part dependent on preventing substantial dislocation of residents and rebuilding the diversification of the areas' economy.

(4) The ability to remedy problems in stagnant areas of the state is beyond the power and control of the regulatory process and influence of the state, and the ordinary operations of private enterprise without additional governmental assistance are insufficient to adequately remedy the problems of poverty and unemployment.

(5) The revitalization of depressed communities requires the stimulation of private investment, the development of new business ventures, the provision of capital to ventures sponsored by local organizations and capable of growth in the business markets, and assistance to viable, but under-financed, small businesses in order to create and preserve jobs that are sustainable in the local economy.

Therefore, the legislature declares there to be a substantial public purpose in providing capital to promote economic development and job creation in areas of economic stagnation, unemployment, and poverty. To accomplish this purpose, the legislature hereby creates the rural Washington loan fund and vests in the *department of community, trade, and economic development the authority to spend federal funds

to stimulate the economy of distressed areas. [1999 c 164 § 501; 1985 c 164 § 1.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

43.168.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) "Department" means the department of commerce.
- (2) "Director" means the director of commerce.

(3) "Distressed area" means: (a) A rural county; (b) a county which has an unemployment rate which is twenty percent above the state average for the immediately previous three years; (c) a county that has a median household income that is less than seventy-five percent of the state median household income for the previous three years; (d) a metropolitan statistical area, as defined by the office of federal statistical policy and standards, United States department of commerce, in which the average level of unemployment for the calendar year immediately preceding the year in which an application is filed under this chapter exceeds the average state unemployment for such calendar year by twenty percent; or (e) an area within a county, which area: (i) Is composed of contiguous census tracts; (ii) has a minimum population of five thousand persons; (iii) has at least seventy percent of its families and unrelated individuals with incomes below eighty percent of the county's median income for families and unrelated individuals; and (iv) has an unemployment rate which is at least forty percent higher than the county's unemployment rate. 43.168.040 Approval of applications for federal community development block grant funds for projects. Subject to the restrictions contained in this chapter, the director is authorized to approve applications of local governments for federal community development block grant funds which the local governments would use to make loans to finance business projects within their jurisdictions. Applications approved by the director under this chapter shall conform to applicable federal requirements. [2005 c 136 § 4; 1987 c 461 § 3; 1985 c 164 § 4.]

Savings—Effective date—2005 c 136: See notes following RCW 43.168.020.

43.168.050 Application approval—Conditions and limitations. (1) The director may only approve an application providing a loan for a project which the director finds:

(a) Will result in the creation of employment opportunities, the maintenance of threatened employment, or development or expansion of business ownership by minorities and women;

(b) Will conform to federal rules and regulations governing the spending of federal community development block grant funds;

(c) Will be of public benefit and for a public purpose, and that the benefits, including increased or maintained employment, improved standard of living, the employment of disadvantaged workers, and development or expansion of business ownership by minorities and women, will primarily accrue to residents of the area;

(d) Will probably be successful;

(e) Would probably not be completed without the loan because other capital or financing at feasible terms is unavailable or the return on investment is inadequate.

(2) The director shall, subject to federal block grant criteria, give higher priority to economic development projects that contain provisions for child care.

(3) The director may not approve an application if it fails to provide for adequate reporting or disclosure of financial data to the director. The director may require an annual or other periodic audit of the project books.

(4) The director may require that the project be managed in whole or in part by a local development organization and may prescribe a management fee to be paid to such organization by the recipient of the loan or grant.

(5) The director may approve an application which results in a loan or grant of up to one million dollars.

(6) The director shall fix the terms and rates pertaining to fund loans.

(7) Should there be more demand for loans than funds available for lending, the director shall provide loans for those projects which will lead to the greatest amount of employment or benefit to a community. In determining the

"greatest amount of employment or benefit" the director shall also consider the employment which would be saved by its loan and the benefit relative to the community, not just the total number of new jobs or jobs saved.

(8) To the extent permitted under federal law the director shall require applicants to provide for the transfer of all payments of principal and interest on loans to the fund created under this chapter. Under circumstances where the federal law does not permit the director to require such transfer, the director shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer.

(9) The director shall not approve any application to finance or help finance a shopping mall.

(10) For loans not made to minority and women-owned businesses, the director shall make at least eighty percent of the appropriated funds available to projects located in distressed areas, and may make up to twenty percent available to projects located in areas not designated as distressed. For loans not made to minority and women-owned businesses, the director shall not make funds available to projects located in areas not designated as distressed if the fund's net worth is less than seven million one hundred thousand dollars.

(11) If an objection is raised to a project on the basis of unfair business competition, the director shall evaluate the potential impact of a project on similar businesses located in the local market area. A grant may be denied by the director if a project is not likely to result in a net increase in employment within a local market area.

(12) For loans to minority and women-owned businesses who do not meet the credit criteria, the director may consider nontraditional credit standards to offset past discrimination that has precluded full participation of minority or women-owned businesses in the economy. For applicants with high potential who do not meet the credit criteria, the director shall consider developing alternative borrowing methods. For applicants denied loans due to credit problems, the department shall provide financial counseling within available resources and provide referrals to credit rehabilitation services. In circumstances of competing applications, priority shall be given to members of eligible groups which previously have been least served by this fund. [2005 c 136 § 5; 1993 c 512 § 12; 1990 1st ex.s. c 17 § 74; 1989 c 430 § 9; 1987 c 461 § 4; 1986 c 204 § 2; 1985 c 164 § 5.]

43.168.055 Application priorities. In addition to the requirements of RCW 43.168.050, the department shall, subject to applicable federal funding criteria, give priority to applications that capitalize or recapitalize an existing or new local revolving fund based on criteria established by the department. [1999 c 164 § 503.]

43.168.060 Local development organizations—Duties of department—Rules. The department is encouraged to work with local development organizations to promote applications for loans by the fund. The department shall also provide assistance to local development organizations and local governments to identify viable projects for consideration. The department shall adopt such rules and regulations as are appropriate for implementation of this chapter. [2005 c 136 § 6; 1985 c 164 § 6.]

Savings—Effective date—2005 c 136: See notes following RCW 43.168.020.

43.168.070 Processing of applications—Contents of applications. The director may receive and approve applications on a monthly basis but shall receive and approve applications on at least a quarterly basis for each fiscal year. The director shall make every effort to simplify the loan process for applicants. Department staff shall process and assist in the preparation of applications. Each application shall show in detail the nature of the project, the types and numbers of jobs to be created, wages to be paid to new employees, and methods to hire unemployed persons from the area. Each application shall contain a credit analysis of the business to receive the loan. The director may respond on short notice to applications of a serious or immediate nature. Savings—Effective date—2005 c 136: See notes following RCW 43.168.020.

43.168.090 Use of federal community development block grant funds. [2005 c 136 § 8; 1985 c 164 § 9.]

Savings—Effective date—2005 c 136: See notes following RCW 43.168.020.

43.168.100 Entitlement community grants—Conditions. The director may make grants of state funds to local governments which qualify as "entitlement communities" under the federal law authorizing community development block grants. These grants may only be made on the condition that the entitlement community provide the director with assurances that it will: (1) Spend the grant moneys for purposes and in a manner which satisfies state constitutional requirements; (2) spend the grant moneys for purposes and in a manner which would satisfy federal requirements; and (3) spend at least the same amount of the grant for loans to businesses from the federal funds received by the entitlement community. [2005 c 136 § 9; 1993 c 512 § 15; 1986 c 204 § 1; 1985 c 164 § 10.]

43.168.110 Rural Washington loan fund. There is established the rural Washington loan fund which shall be an account in the state treasury. All loan payments of principal and interest which are transferred under RCW 43.168.050 shall be deposited into the account. Moneys in the account may be spent only after legislative appropriation for loans under this chapter. Any expenditures of these moneys shall

(2014 Ed.)

conform to federal law. [1999 c 164 § 504; 1992 c 235 § 11; 1985 c 164 § 11.]

Findings—Intent—Part headings and subheadings not law—Effective date—Severability—1999 c 164: See notes following RCW 43.160.010.

43.168.120 Guidelines for use of funds for existing economic development revolving loan funds—Grants to local governments to assist existing economic development revolving loan funds. (1) The department shall develop guidelines for rural Washington loan funds to be used to fund existing economic development revolving loan funds. Consideration shall be given to the selection process for grantees, loan quality criteria, legal and regulatory issues, and ways to minimize duplication between rural Washington loan funds and local economic development revolving loan funds.

(2) If it appears that all of the funds appropriated to the fund for a biennium will not be fully granted to local governments within that biennium, the department may make available up to twenty percent of the eighty percent of the funds available to projects in distressed areas under RCW 43.168.050(10) for grants to local governments to assist existing economic development revolving loan funds in distressed areas. The grants to local governments shall be utilized to make loans to businesses that meet the specifications for loans under this chapter. The local governments shall, to the extent permitted under federal law, agree to convey to the fund the principal and interest payments from existing loans that the local governments have made through their revolving loan funds. Under circumstances where the federal law does not permit the department to require such transfer, the department shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer. [1999 c 164 § 505; 1987 c 461 § 6.]

Findings—Intent—Part headings and subheadings not law—Effective date—Severability—1999 c 164: See notes following RCW 43.160.010.

43.168.130 Development of performance standards. The director shall develop performance standards for judging the effectiveness of the program. Such standards shall include, to the extent possible, examining the effectiveness of grants in regard to:

- (1) Job creation for individuals of low and moderate income;
- (2) Retention of existing employment;
- (3) The creation of new employment opportunities;
- (4) The diversification of the economic base of local communities;
- (5) The establishment of employee cooperatives;
- (6) The provision of assistance in cases of employee buy-outs of firms to prevent the loss of existing employment;
- (7) The degree of risk assumed by the fund, with emphasis on loans which did not receive financing from commercial lenders, but which are considered financially sound. [2005 c 136 § 10; 1998 c 245 § 52; 1987 c 461 § 7.]

43.168.150 Minority and women-owned businesses—Application process—Joint loan guarantee program.

(2014 Ed.)

Subject to the restrictions contained in this chapter, the director is authorized to approve applications of minority and women-owned businesses for loans or loan guarantees from the fund. Applications approved by the director under this chapter shall conform to applicable federal requirements. The director shall prioritize available funds for loan guarantees rather than loans when possible. The director may enter into agreements with other public or private lending institutions to develop a joint loan guarantee program for minority and women-owned businesses. If such a program is developed, the director may provide funds, in conjunction with the other organizations, to operate the program. This section does not preclude the director from making individual loan guarantees.

To the maximum extent practicable, the funds available under this section shall be made available on an equal basis to minority and women-owned businesses. The director shall submit to the appropriate committees of the senate and house of representatives quarterly reports that detail the number of loans approved and the characteristics of the recipients by ethnic and gender groups. 43.180.010 Declaration of public policies—Purpose.

It is declared to be the public policy of the state and a recognized governmental function to assist in making affordable and decent housing available throughout the state and by so doing to contribute to the general welfare. Decent housing for the people of our state is a most important public concern. Interest rates and construction costs have made it impossible for many Washington citizens to purchase their own homes. Older people, disabled persons, and low and moderate income families often cannot afford to rent decent housing. There exists throughout the state a serious shortage of safe, sanitary and energy efficient housing available at prices within the financial means of our citizens. General economic development within the state is also impeded by a lack of affordable housing. The state's economy, which is dependent on the timber, wood products, and construction industries, has been damaged by inadequate investment in housing construction and rehabilitation. The result has been high unemployment and economic hardship affecting the prosperity of all the people of the state, particularly those in the wood products industry.

It is the purpose of this chapter to establish a state housing finance commission to act as a financial conduit which, without using public funds or lending the credit of the state or local government, can issue nonrecourse revenue bonds and

participate in federal, state, and local housing programs and thereby make additional funds available at affordable rates to help provide housing throughout the state. It is also a primary purpose of this chapter to encourage the use of Washington state forest products in residential construction. This chapter is enacted to accomplish these and related purposes and shall be liberally construed to carry out its purposes and objectives. [1983 c 161 § 1.]

43.180.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bonds" means the bonds, notes, or other evidences of indebtedness of the commission, the interest paid on which may or may not qualify for tax exemption.

(2) "Certifying authority" means: (a) For improvements involving solar electric systems, the Washington climate and rural energy development center at Washington State University, established under RCW 28B.30.642; or (b) for all other energy efficiency and renewable energy improvements, any utility company or other institution qualified to assess and certify the feasibility and benefit of energy efficiency and renewable energy improvements in a manner that is efficient and minimizes the amount of time or cost.

(3) "Code" means the federal internal revenue code of 1954, as now or hereafter amended, and the regulations and rulings promulgated thereunder.

(4) "Commission" means the Washington state housing finance commission or any board, body, commission, department, or officer succeeding to the principal functions thereof or to whom the powers conferred upon the commission shall be given by law.

(5) "Costs of housing" means all costs related to the development, design, acquisition, construction, reconstruction, leasing, rehabilitation, and other improvements of housing, as determined by the commission.

(6) "Eligible applicant" means, with respect to the sustainable energy trust program, an owner of a residential, agricultural, commercial, state, or municipal property.

(7) "Eligible person" means a person or family eligible in accordance with standards promulgated by the commission. Such persons shall include those persons whose income is insufficient to obtain at a reasonable cost, without financial assistance, decent, safe, and sanitary housing in the area in which the person or family resides, and may include such other persons whom the commission determines to be eligible.

(8) "Energy efficiency improvement" means an installation or modification that is designed to reduce energy consumption in residential, agricultural, commercial, state, or municipal properties. The term includes, but is not limited to: Insulation; storm windows and doors; automatic energy control systems; heating, ventilating, or air conditioning and distribution system modifications or replacements in buildings or central plants; caulking and weather stripping; energy recovery systems; geothermal heat pumps; and day lighting systems.

(9) "Housing" means specific new, existing, or improved residential dwellings within this state or dwellings to be constructed within this state. The term includes land, buildings, and manufactured dwellings, and improvements, furnishings,

and equipment, and such other nonhousing facilities, furnishings, equipment, and costs as may be incidental or appurtenant thereto if in the judgment of the commission the facilities, furnishings, equipment and costs are an integral part of the project. Housing may consist of single-family or multi-family dwellings in one or more structures located on contiguous or noncontiguous parcels or any combination thereof. Improvements may include such equipment and materials as are appropriate to accomplish energy efficiency within a dwelling. The term also includes a dwelling constructed by a person who occupies and owns the dwelling, and nursing homes licensed under chapter 18.51 RCW.

(10) "Mortgage" means a mortgage, mortgage deed, deed of trust, security agreement, or other instrument securing a mortgage loan and constituting a lien on or security interest in housing. The property may be held in fee simple or on a leasehold under a lease having a remaining term, at the time the mortgage is acquired, of not less than the term of repayment of the mortgage loan secured by the mortgage. The property may also be housing which is evidenced by an interest in a cooperative association or corporation if ownership of the interest entitles the owner of the interest to occupancy of a dwelling owned by the association or corporation.

(11) "Mortgage lender" means any of the following entities which customarily provide service or otherwise aid in the financing of housing and which are approved as a mortgage lender by the commission: A bank, trust company, savings bank, national banking association, savings and loan association, building and loan association, mortgage banker, mortgage company, credit union, life insurance company, or any other financial institution, governmental agency, municipal corporation, or any holding company for any of the entities specified in this subsection.

(12) "Mortgage loan" means an interest-bearing loan or a participation therein, made to a borrower, for the purpose of financing the costs of housing, evidenced by a promissory note, and which may or may not be secured (a) under a mortgage agreement, (b) under any other security agreement, regardless of whether the collateral is personal or real property, or (c) by insurance or a loan guarantee of a third party. However, an unsecured loan shall not be considered a mortgage loan under this definition unless the amount of the loan is under two thousand five hundred dollars.

(13) "Qualified improvement" means an energy efficiency improvement which has been approved by a certifying authority or a net metering system as defined under RCW 80.60.010. [2009 c 65 § 2; 1990 c 167 § 1; 1983 c 161 § 2.]

Intent—Finding—2009 c 65: "The legislature intends to promote the development of renewable energy technologies and the application of energy efficiency measures by authorizing the issuance of revenue bonds to finance renewable energy and energy efficiency improvement costs. The legislature finds that by providing access to low-cost capital to finance renewable energy and energy efficiency projects, a key barrier is eliminated." [2009 c 65 § 1.]

43.180.030 Bonds not debt of state. Bonds issued under this chapter shall be issued in the name of the commission. The bonds shall not be obligations of the state of Washington and shall be obligations only of the commission payable from the special fund or funds created by the commission for their payment. Such funds shall not be or constitute

public moneys or funds of the state of Washington but at all times shall be kept segregated and set apart from other funds.

Bonds issued under this chapter shall contain a recital on their face to the effect that payment of the principal of, interest on, and prepayment premium, if any, on the bonds, shall be a valid claim only as against the special fund or funds relating thereto, that neither the faith and credit nor the taxing power of the state or any municipal corporation, subdivision, or agency of the state, other than the commission as set forth in this chapter, is pledged to the payment of the principal of, interest on, and prepayment premium, if any, on the bonds.

Contracts entered into by the commission shall be entered into in the name of the commission and not in the name of the state of Washington. The obligations of the commission under the contracts shall be obligations only of the commission and are not in any way obligations of the state of Washington. [1983 c 161 § 3.]

43.180.040 Commission created. (1) There is hereby established a public body corporate and politic, with perpetual corporate succession, to be known as the Washington state housing finance commission. The commission is an instrumentality of the state exercising essential government functions and, for purposes of the code, acts as a constituted authority on behalf of the state when it issues bonds pursuant to this chapter. The commission is a "public body" within the meaning of RCW 39.53.010.

(2) The commission shall consist of the following voting members:

- (a) The state treasurer, ex officio;
- (b) The *director of community, trade, and economic development, ex officio;
- (c) An elected local government official, ex officio, with experience in local housing programs, who shall be appointed by the governor with the consent of the senate;
- (d) A representative of housing consumer interests, appointed by the governor with the consent of the senate;
- (e) A representative of labor interests, appointed by the governor, with the consent of the senate, after consultation with representatives of organized labor;
- (f) A representative of low-income persons, appointed by the governor with the consent of the senate;
- (g) Five members of the public appointed by the governor, with the consent of the senate, on the basis of geographic distribution and their expertise in housing, real estate, finance, energy efficiency, or construction, one of whom shall be appointed by the governor as chair of the commission and who shall serve on the commission and as chair of the commission at the pleasure of the governor.

The term of the persons appointed by the governor, other than the chair, shall be four years from the date of their appointment, except that the terms of three of the initial appointees shall be for two years from the date of their appointment. The governor shall designate the appointees who will serve the two-year terms. An appointee may be removed by the governor for cause pursuant to RCW 43.06.070 and 43.06.080. The governor shall fill any vacancy in an appointed position by appointment for the remainder of the unexpired term. If the **department of community development is abolished, the resulting vacancy shall be filled by a state official who shall be appointed to the commission by the

governor. If this official occupies an office or position for which senate confirmation is not required, then his or her appointment to the commission shall be subject to the consent of the senate. The members of the commission shall be compensated in accordance with RCW 43.03.240 and may be reimbursed, solely from the funds of the commission, for expenses incurred in the discharge of their duties under this chapter, subject to the provisions of RCW 43.03.050 and 43.03.060. A majority of the commission constitutes a quorum. Designees shall be appointed in such manner and shall exercise such powers as are specified by the rules of the commission.

(3) The commission may adopt an official seal and may select from its membership a vice chair, a secretary, and a treasurer. The commission shall establish rules concerning its exercise of the powers authorized by this chapter. The rules shall be adopted in conformance with chapter 34.05 RCW. [1995 c 399 § 98; 1985 c 6 § 14; 1984 c 287 § 90; 1983 c 161 § 4.]

Reviser's note: *(1) The "director of community, trade, and economic development" was changed to the "director of commerce" by 2009 c 565.

** (2) Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994. The department of community, trade, and economic development was renamed the department of commerce by 2009 c 565.

Legislative findings—Severability—Effective date—1984 c 287: See notes following RCW 43.03.220.

43.180.050 Housing financing powers—Annual

[2013 c 13 § 1; 1986 c 264 § 1; 1983 c 161 § 5.]

Effective date—2013 c 13: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 17, 2013]." [2013 c 13 § 2.]

The commission does not have the power of eminent domain and the commission does not have the power to levy any taxes of any kind. [1983 c 161 § 6.]

43.180.070 Housing finance plan. The commission shall adopt a general plan of housing finance objectives to be implemented by the commission during the period of the plan. The commission may exercise the powers authorized under this chapter prior to the adoption of the initial plan. In developing the plan, the commission shall consider and set objectives for:

- (1) The use of funds for single-family and multifamily housing;

- (4) The use of funds in coordination with federal, state, and local housing programs for low-income persons;
- (5) The use of funds in urban, rural, suburban, and special areas of the state;
- (6) The use of financing assistance to stabilize and upgrade declining urban neighborhoods;
- (7) The use of financing assistance for economically depressed areas, areas of minority concentration, reservations, and in mortgage-deficient areas;
- (8) The geographical distribution of bond proceeds so that the benefits of the housing programs provided under this chapter will be available to address demand on a fair basis throughout the state;
- (9) The use of financing assistance for implementation of cost-effective energy efficiency measures in dwellings.

The plan shall include an estimate of the amount of bonds the commission will issue during the term of the plan and how bond proceeds will be expended.

The plan shall be adopted by resolution of the commission following at least one public hearing thereon, notice of which shall be made by mailing to the clerk of the governing body of each county and by publication in the Washington State Register no more than forty and no less than twenty days prior to the hearing. A draft of the plan shall be made available not less than thirty days prior to any such public hearing. At least every two years, the commission shall report to the legislature regarding implementation of the plan.

The commission may periodically update the plan.

The commission shall adopt rules designed to result in the use of bond proceeds in a manner consistent with the plan. The commission may periodically update its rules.

This section is designed to deal only with the use of bond proceeds and nothing in this section shall be construed as a limitation on the commission's authority to issue bonds. [1999 c 372 § 11; 1999 c 131 § 1; 1983 c 161 § 7.]

Reviser's note: This section was amended by 1999 c 131 § 1 and by 1999 c 372 § 11, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

43.180.080 General powers. In addition to other powers and duties specified in this chapter, the commission may:

- (1) Establish in resolutions relating to any issuance of bonds, or in any financing documents relating to such issuance, such standards and requirements applicable to the purchase of mortgages and mortgage loans or the making of loans to mortgage lenders as the commission deems necessary or desirable, including but not limited to: (a) The time within which mortgage lenders must make commitments and disbursements for mortgages or mortgage loans; (b) the location and other characteristics of single-family housing or multifamily housing to be financed by mortgages and mortgage loans; (c) the terms and conditions of mortgages and mortgage loans to be acquired; (d) the amounts and types of insurance coverage required on mortgages, mortgage loans, and bonds; (e) the representations and warranties of mortgage lenders confirming compliance with such standards and requirements; (f) restrictions as to interest rate and other terms of mortgages or mortgage loans or the return realized therefrom by mortgage lenders; (g) the type and amount of collateral security to be provided to assure repayment of any loans from the commission and to assure repayment of bonds; and (h) any other matters related to the purchase of mortgages or mortgage loans or the making of loans to lending institutions as shall be deemed relevant by the commission;

- (4) Procure such insurance, including but not limited to insurance: (a) Against any loss in connection with its property and other assets, including but not limited to mortgages or mortgage loans, in such amounts and from such insurers as the commission deems desirable, and (b) to indemnify members of the commission for acts done in the course of their duties;

Any properties acquired by the commission through such actions shall be sold as soon as practicable through persons licensed under chapter 18.85 RCW or at public auction, or by transfer to a public agency. In preparation for the disposition of the properties, the commission may own, lease, clear, construct, reconstruct, rehabilitate, repair, maintain, manage, operate, assign, or encumber the properties;

(11) Take assignments of leases and rentals;

(13) Subject to provisions of the commission's contracts with the holders of bonds, permit the reduction of rental or carrying charges to persons unable to pay the regular rent or schedule of charges if, by reason of other income of the commission or by reason of payment by any department, agency, or instrumentality of the United States or of this state, the reduction can be made without jeopardizing the economic stability of the housing being financed;

(15) Employ, contract with, or engage engineers, architects, attorneys, financial advisors, bond underwriters, mortgage lenders, mortgage administrators, housing construction or financing experts, other technical or professional assistants, and such other personnel as are necessary. The commission may delegate to the appropriate persons the power to execute legal instruments on its behalf;

(16) Receive contributions or grants from any source unless otherwise prohibited;

(17) Impose covenants running with the land in order to satisfy and enforce the requirements of applicable state and federal law and commission policy with respect to housing or other facilities financed by the commission or assisted by federal, state, or local programs administered by the commission, by executing and recording regulatory agreements or other covenants between the commission and the person or entity to be bound. These regulatory agreements and covenants shall run with the land and be enforceable by the commission or its successors or assigns against the person or entity making the regulatory agreement or covenants or its successors or assigns, even though there may be no privity of estate or privity of contract between the commission or its

successors or assigns and the person or entity against whom enforcement is sought. The term of any such covenant shall be set forth in the recorded agreement containing the covenant. This subsection shall apply to regulatory agreements and covenants previously entered into by the commission as well as regulatory agreements and covenants entered into by the commission on or after July 27, 1997;

(18) Delegate any of its powers and duties if consistent with the purposes of this chapter;

(19) Exercise any other power reasonably required to implement the purposes of this chapter.

From February 15, 2010, through June 30, 2011, neither the commission nor its designees may grant any monetary performance-based awards or incentives to any employee. This subsection does not prohibit the payment of awards provided for in chapter 41.60 RCW. [2010 c 2 § 5; 1997 c 163 § 1; 1983 c 161 § 8.]

Findings—Effective date—2010 c 2: See notes following RCW 41.06.070.

43.180.090 Selection of bond counsel—Written policies to be adopted. (1) The commission shall adopt written policies to provide for the selection of bond counsel. The policies shall provide for the creation and maintenance of a roster of attorneys whom the commission believes possess the requisite special expertise and professional standing to provide bond counsel opinions which would be accepted by the underwriters, bondholders, and other members of the financial community, and which would be in furtherance of the public interest in obtaining the lowest possible interest rates on the bonds issued by the commission. Any attorney may apply to have his or her name placed on the roster, but may not be placed on the roster unless the attorney demonstrates to the commission's satisfaction that the attorney would issue the kind of opinions required by this section.

(2) Prior to selecting an attorney or attorneys to provide bond counsel services, the commission shall provide all attorneys on the roster with a notice of its intentions to select bond counsel and shall invite each of them to submit to the commission his or her fee schedule for providing bond counsel services. The commission shall have wide discretion in selecting the attorney or attorneys it considers to be most appropriate to provide the services, but in the exercise of this discretion the commission shall consider all submitted fee schedules and the public interest in achieving both savings in bond counsel fees and issuance of bonds on terms most favorable to the commission. At least once every two calendar years, the commission shall select anew an attorney or attorneys to serve as bond counsel. However, the commission may retain an attorney for longer than two years when necessary to complete work on a particular bond issue. An attorney previously retained may be selected again but only after the commission has provided other attorneys on the roster with an opportunity to be selected and has made the fee schedule review required under this subsection. In addition to or as an alternative to retaining counsel for a period of time, the commission may appoint an attorney to serve as counsel in respect to only a particular bond issue. [1983 c 161 § 9.]

43.180.100 Selection of underwriters—Written policies to be adopted. (1) The commission shall adopt written

policies to provide for the selection of underwriters. The policies shall provide for the creation of a roster of underwriters whom the commission believes possess the requisite special expertise and professional standing to provide bond marketing services which would be accepted by bondholders and other members of the financial community, and which would be in furtherance of the public interest in marketing the commission's bonds at the lowest possible costs. Any underwriter may apply to have its name placed on the roster, but may not be placed on the roster unless it demonstrates to the commission's satisfaction that it meets the requirements of this section.

(2) Whenever the commission decides that it needs the services of an underwriter, it shall provide all underwriters on the roster with a notice of its intentions and shall invite each of them to submit to the commission an itemization of its fees and other charges for providing underwriting services on the issue. The itemization shall be by categories designed by the commission. The commission shall have wide discretion in selecting the underwriter it considers to be most appropriate to provide the services, but in the exercise of this discretion the commission shall consider the underwriter's fees and other charges and the public interest in achieving both savings in the total costs of underwriting services and issuance of bonds on terms most favorable to the commission. [1983 c 161 § 10.]

43.180.110 Review of initial policies adopted under RCW 43.180.090 and 43.180.100—Adoption—Change.

The commission shall submit the initial policies adopted under RCW 43.180.090 and 43.180.100 to the chief clerk of the house and the secretary of the senate for transmittal to and review by the appropriate standing committees and the joint administrative rules review committee. By January 1, 1984 the commission shall have adopted policies in the form of rules and regulations under chapter 34.05 RCW. Such rules and regulations may only be changed or revised in accordance with chapter 34.05 RCW. [1983 c 161 § 11.]

43.180.120 Rules for fair allocation of bond proceeds for nonrental single-family housing. The legislature recognizes that the demand for mortgage loans for nonrental single-family housing will probably greatly exceed the supply of bond proceeds available to satisfy the demand. Therefore, the commission shall adopt rules providing procedures to assure that the bond proceeds available for that kind of housing shall be made available to qualified mortgagors in a fair and equitable manner. [1983 c 161 § 12.]

43.180.130 Protection of bondholders—Mortgage insurance. The commission is encouraged to adopt policies which will assure that bondholders will be protected against the failure to make mortgage payments financed under this chapter. Such policies may require, among other things, mortgage insurance. [1983 c 161 § 13.]

43.180.140 Rules for energy efficiency. The commission shall adopt rules providing for financing assistance to implement cost-effective energy efficiency improvements. [1983 c 161 § 14.]

43.180.150 Bond issues—Terms—Issuance—Purchase, etc. (1) The commission's bonds shall bear such date or dates, mature at such time or times, be in such denominations, be in such form, be registered or registrable in such manner, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, be subject to such terms of redemption, bear such fixed or variable rate or rates of interest, be payable at such time or times, and be sold in such manner and at such price or prices, as the commission determines. The bonds shall be executed by the chair, by either its duly elected secretary or its treasurer, and by the trustee or paying agent if the commission determines to use a trustee or paying agent for the bonds. Execution of the bonds may be by manual or facsimile signature.

(2) The bonds of the commission shall be subject to such terms, conditions, covenants, and protective provisions as are found necessary or desirable by the commission, including, but not limited to, pledges of the commission's assets, setting aside of reserves, limitations on additional forms of indebtedness, and the mortgaging of all or any part of the commission's real or personal property, then owned or thereafter acquired, and other provisions the commission finds are necessary or desirable for the security of bond holders.

(3) Any security interest created in the unexpended bond proceeds and in the special funds created by the commission shall be immediately valid and binding against such moneys and any securities in which such moneys may be invested without commission or trustee possession thereof, and the security interest shall be prior to any party having any competing claim in such moneys or securities, without filing or recording pursuant to *chapter 62A.9 RCW and regardless of whether the party has notice of the security interest.

(4) When issuing bonds, the commission may provide for the future issuance of additional bonds or parity debt on a parity with outstanding bonds, and the terms and conditions of their issuance. The commission may refund or advance refund any bond of the commission in accordance with chapter 39.53 RCW or issue bonds with a subordinate lien against the fund or funds securing outstanding bonds.

(5) The chair of the state finance committee or the chair's designee shall be notified in advance of the issuance of bonds by the commission in order to promote the orderly offering of obligations in the financial markets.

(6) The members of the commission and any person executing the bonds are not liable personally on the indebtedness or subject to any personal liability or accountability by reason of the issuance thereof.

(7) The commission may, out of any fund available therefor, purchase its bonds in the open market. [1983 c 161 § 15.]

*Reviser's note: Chapter 62A.9 RCW was repealed in its entirety by 2000 c 250 § 9A-901, effective July 1, 2001. For later enactment, see chapter 62A.9A RCW.

43.180.160 Debt limitation—Washington works housing program. (1) The total amount of outstanding indebtedness of the commission may not exceed six billion dollars at any time. The calculation of outstanding indebtedness shall include the initial principal amount of an issue and shall not include interest that is either currently payable or that accrues as a part of the face amount of an issue payable

at maturity or earlier redemption. Outstanding indebtedness shall not include notes or bonds as to which the obligation of the commission has been satisfied and discharged by refunding or for which payment has been provided by reserves or otherwise.

(2)(a) The Washington works housing program is created to increase opportunities for nonprofit organizations and public agencies to purchase, acquire, build, and own real property to be used for affordable housing for low and moderate-income households. The Washington works housing program is intended to provide access to new funding mechanisms and build long-term community equity by increasing the stock of permanently affordable housing owned by nonprofit organizations and public agencies.

(b) The Washington works housing program is intended to provide these opportunities for public agencies and nonprofit organizations, including those materially participating as a managing member or general partner of a partnership, limited liability company, or equivalent organization, through the issuance of tax exempt or taxable revenue bonds issued by the commission in conjunction with a subsidy necessary to make bond issues to finance affordable housing properties financially feasible. The program is intended to provide financing for affordable housing that will meet the following income and rent restrictions during the period of initial bond indebtedness and thereafter:

(c) During the period of initial bond indebtedness under the program, the owner of the property must meet one of the following requirements: A minimum of twenty percent of the units will be occupied by households earning less than fifty percent of area median income and an additional thirty-one percent of the units will be occupied by persons earning less than eighty percent of area median income; or forty percent of the units will be occupied by households earning less than sixty percent of area median income and an additional eleven percent of the units will be occupied by households earning less than eighty percent of area median income.

(d) After the initial bond indebtedness is retired, the rents charged for units in the project will be adjusted to be sufficient to pay reasonable operation and maintenance expenses, including necessary capital needs, and to make reasonable deposits into a reserve account with the intent of providing affordable housing to very low or low-income households for the remaining useful life of the property. The reasonableness of the rent levels must be periodically approved by the commission based on information provided by the owner of the property about income, expenses, and necessary reserve levels. The determination of the commission regarding the reasonableness of the rent levels will be final.

(e) The commission will enter into a recorded regulatory agreement with the borrower at the time of the issuance of bonds under the program for the purpose of ensuring that the property will meet the income and rent restrictions established in this section. The commission may charge such compliance fees as necessary to ensure enforcement of the income and rent restrictions during the useful life of the property.

(3) One billion dollars of the outstanding indebtedness of the commission is for the primary purpose of implementing the Washington works housing program.

(4) If no subsidies are available to make the program in subsection (2) of this section feasible, then the commission may pass a resolution stating these facts and authorize the use of a portion of the one billion dollars of indebtedness intended for the program to support its other bond programs until such time as the one billion dollars is exhausted or subsidies are available to make the program feasible. 43.185.010 Findings. The legislature finds that current economic conditions, federal housing policies and declining resources at the federal, state, and local level adversely affect the ability of low and very low-income persons to obtain safe, decent, and affordable housing.

The legislature further finds that members of over one hundred twenty thousand households live in housing units which are overcrowded, lack plumbing, are otherwise threatening to health and safety, and have rents and utility payments which exceed thirty percent of their income.

The legislature further finds that minorities, rural households, and migrant farmworkers require housing assistance at a rate which significantly exceeds their proportion of the general population.

The legislature further finds that one of the most dramatic housing needs is that of persons needing special housing-related services, such as the mentally ill, recovering alcoholics, frail elderly persons, families with members who have disabilities, and single parents. These services include medical assistance, counseling, chore services, and child care.

The legislature further finds that housing assistance programs in the past have often failed to help those in greatest need.

The legislature declares that it is in the public interest to establish a continuously renewable resource known as the housing trust fund and housing assistance program to assist low and very low-income citizens in meeting their basic housing needs, and that the needs of very low-income citizens should be given priority and that whenever feasible, assistance should be in the form of loans. At least thirty percent of these moneys used in any given funding cycle shall be for the benefit of projects located in rural areas of the state as defined by the department. If the department determines that it has not received an adequate number of suitable applications for rural projects during any given funding cycle, the department may allocate unused moneys for projects in nonrural areas of the state.

(2) Activities eligible for assistance from the housing trust fund and other legislative appropriations include, but are not limited to:

(a) New construction, rehabilitation, or acquisition of low and very low-income housing units;

(4) Moneys from repayment of loans from appropriations from capital bond proceeds may be used for all activities necessary for the proper functioning of the housing assistance program except for activities authorized under subsection (2)(b) and (c) of this section.

(5) Administrative costs associated with application, distribution, and project development activities of the department may not exceed three percent of the annual funds available for the housing assistance program. 43.185.120 Protection of state's interest. (2014 Ed.)

43.185.130 Application process—Distribution procedure. The application process and distribution procedure for the allocation of funds are the same as the competitive application process and distribution procedure for the housing trust fund, described in this chapter and chapter 43.185A RCW, except for the funds applied to the homeless families services fund created in RCW 43.330.167, dollars appropriated to weatherization administered through the energy matchmaker program, dollars appropriated for housing vouchers for homeless persons, victims of domestic violence, and low-income persons or seasonal farmworkers, and dollars appropriated to any program to provide financial assistance for grower-provided on-farm housing for low-income migrant or seasonal farmworkers. [2006 c 349 § 3.]

Finding—2006 c 349: "The legislature finds that Washington is experiencing an affordable housing crisis and that this crisis is growing exponentially every year as the population of the state expands and housing values increase at a rate that far exceeds most households' proportionate increase in income.

The fiscal and societal costs of the lack of adequate affordable housing are high for both the public and private sectors. Current levels of funding for affordable housing programs are inadequate to meet the housing needs of many low-income Washington households." [2006 c 349 § 1.]

43.185.140 Findings—Review of all housing properties—Energy audits. (1) The legislature finds that growing preservation and rehabilitation needs in the housing trust fund property portfolio provide opportunities to advance energy efficiency and weatherization efforts for low-income individuals in Washington state while protecting the state's six hundred million dollars in affordable housing investments. Preservation of existing affordable housing, when done in conjunction with weatherization activities, is a cost-effective, prudent, and environmentally friendly strategy to ensure that low-income housing remains durable, safe, and affordable. Therefore, the legislature intends that where federal funds are available for increasing and improving energy efficiency of low-income housing that these funds must be utilized, subject to federal requirements, for energy audits and implementing energy efficiency measures in the state housing trust fund real estate portfolio.

(2) The department shall review all housing properties in the housing trust fund real estate portfolio and identify those in need of major renovation or rehabilitation. In its review, the department shall survey property owners for information including, but not limited to, the age of the building and the type of heating, cooling, plumbing, and electrical systems contained in the property. The department shall prioritize all renovation or rehabilitation projects identified in the review by the department's ability to:

(a) Achieve the greatest possible expected monetary and energy savings by low-income households and other energy consumers over the greatest period of time;

(b) Promote the greatest possible health and safety improvements for residents of low-income households; and

(c) Leverage, to the extent feasible, technologically advanced and environmentally friendly sustainable technologies, practices, and designs.

(3) Subject to the availability of amounts appropriated for this specific purpose, the department shall use the prioritization of potential energy efficiency needs and opportunities in subsection (2) of this section to make offers of energy audit services to project owners and operators. The depart-

ment shall use all practicable means to achieve the completion of energy audits in at least twenty-five percent of the properties in its portfolio that exceed twenty-five years in age, by June 30, 2011. Where the energy audits identify cost-effective weatherization and other energy efficiency measures, the department shall accord a priority within appropriated funding levels to include funding for energy efficiency improvements when the department allocates funding for renovation or rehabilitation of the property. [2009 c 379 § 301.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.185.900 Severability—1986 c 298. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1986 c 298 § 13.]

43.185.910 Conflict with federal requirements—1991 c 356. If any part of this act is found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1991 c 356 § 8.]

ing costs, including utilities other than telephone, to qualify as affordable housing.

(2) "Contracted amount" has the same meaning as provided in RCW 43.185.020.

(3) "Department" means the department of commerce.

These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the

(2014 Ed.)

project in proportion to the state's contribution to the project; (2) requiring a lump-sum repayment of the loan or grant upon the sale or change of use of the project; or (3) requiring a deferred payment of principal or principal and interest on loans after a specified time period. [1991 c 356 § 15.]

43.185A.070 Monitor recipient activities. The director shall monitor the activities of recipients of grants and loans under this chapter to determine compliance with the terms and conditions set forth in its application or stated by the department in connection with the grant or loan. The entities listed in this section shall also give recommendations for additional legislative actions that could promote affordable housing and end homelessness. [2006 c 349 § 11.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Finding—2006 c 349: See note following RCW 43.185.130.

43.185A.110 Affordable housing land acquisition revolving loan fund program. (1) The affordable housing land acquisition revolving loan fund program is created in the department to assist eligible organizations, described under RCW 43.185A.040, to purchase land for affordable housing development. The department shall contract with the Washington state housing finance commission to administer the affordable housing land acquisition revolving loan fund program. Within this program, the Washington state housing finance commission shall establish and administer the Washington state housing finance commission land acquisition revolving loan fund.

(2) As used in this chapter, "market rate" means the current average market interest rate that is determined at the time any individual loan is closed upon using a widely recognized

current market interest rate measurement to be selected for use by the Washington state housing finance commission with the department's approval. This interest rate must be noted in an attachment to the closing documents for each loan.

(3) Under the affordable housing land acquisition revolving loan fund program:

(a) Loans may be made to purchase land on which to develop affordable housing. In addition to affordable housing, facilities intended to provide supportive services to affordable housing residents and low-income households in the nearby community may be developed on the land.

(b) Eligible organizations applying for a loan must include in the loan application a proposed affordable housing development plan indicating the number of affordable housing units planned, a description of any other facilities being considered for the property, and an estimated timeline for completion of the development. The Washington state housing finance commission may require additional information from loan applicants and may consider the efficient use of land, project readiness, organizational capacity, and other factors as criteria in awarding loans.

(c) Forty percent of the loans shall go to eligible applicants operating homeownership programs for low-income households in which the households participate in the construction of their homes. Sixty percent of loans shall go to other eligible organizations. If the entire forty percent for applicants operating self-help homeownership programs cannot be lent to these types of applicants, the remainder shall be lent to other eligible organizations.

(d) Within five years of receiving a loan, a loan recipient must present the Washington state housing finance commission with an updated development plan, including a proposed development design, committed and anticipated additional financial resources to be dedicated to the development, and an estimated development schedule, which indicates completion of the development within eight years of loan receipt. This updated development plan must be substantially consistent with the development plan submitted as part of the original loan application as required in (b) of this subsection.

(e) Within eight years of receiving a loan, a loan recipient must develop affordable housing on the property for which the loan was made and place the affordable housing into service.

(f) A loan recipient must preserve the affordable rental housing developed on the property acquired under this section as affordable housing for a minimum of thirty years.

(4) If a loan recipient does not place affordable housing into service on a property for which a loan has been received under this section within the eight-year period specified in subsection (3)(e) of this section, or if a loan recipient fails to use the property for the intended affordable housing purpose consistent with the loan recipient's original affordable housing development plan, then the loan recipient must pay to the Washington state housing finance commission an amount consisting of the principal of the original loan plus compounded interest calculated at the current market rate. The Washington state housing finance commission shall develop guidelines for the time period in which this repayment must take place, which must be noted in the original loan agreement. The Washington state housing finance commission

may grant a partial or total exemption from this repayment requirement if it determines that a development is substantially complete or that the property has been substantially used in keeping with the original affordable housing purpose of the loan. Any repayment funds received as a result of non-compliance with loan requirements shall be deposited into the Washington state housing finance commission land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(5) The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing land acquisition revolving loan fund program.

(6) Interest rates on property loans granted under this section may not exceed one percent. All loan repayment moneys received shall be deposited into the Washington state housing finance commission affordable housing land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(7) The Washington state housing finance commission must develop performance measures for the program, which must be approved by the department, including, at a minimum, measures related to:

(a) The ability of eligible organizations to access land for affordable housing development;

(b) The total number of dwelling units by housing type and the total number of low-income households and persons served; and

(c) The financial efficiency of the program as demonstrated by factors, including the cost per unit developed for affordable housing units in different areas of the state and a measure of the effective use of funds to produce the greatest number of units for low-income households.

(8) By December 1st of each year, beginning in 2007, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature using, at a minimum, the performance measures developed under subsection (7) of this section. [2008 c 112 § 1; 2007 c 428 § 2.]

Findings—2007 c 428: "The legislature finds that protecting the public health, safety, and welfare by providing affordable housing resources to needy or vulnerable persons is a fundamental purpose of government. The legislature further finds that assisting eligible organizations to purchase land for affordable housing development and related supportive services facilities confers a valuable benefit on the public that constitutes consideration for financing assistance to eligible organizations in the form of low-interest loans, subject to restrictions that provide continued protection of the public interest." [2007 c 428 § 1.]

Contingency—2007 c 428: "If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2007, in the omnibus appropriations act, this act is null and void." [2007 c 428 § 3.] Funding was provided in 2007 c 520 § 1044 (capital budget).

43.185A.120 Affordable housing and community facilities rapid response loan program. (1) The affordable housing and community facilities rapid response loan program is created in the department to assist eligible organizations, described under RCW 43.185A.040, to purchase land or real property for affordable housing and community facilities preservation or development in rapidly gentrifying neighborhoods or communities with a significant low-income population that is threatened with displacement by

such gentrification. The department shall contract with the Washington state housing finance commission to establish and administer the program.

(2) Loans or grants may be made through the affordable housing and community facilities rapid response loan program to purchase land or real property for the preservation or development of affordable housing or community facilities, including reasonable costs and fees.

(3) The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing and community facilities rapid response loan program.

(4) A loan or grant recipient must preserve affordable rental housing acquired or developed under this section as affordable housing for a minimum of thirty years.

(5) Interest rates on loans made under this section may be as low as zero percent but may not exceed three percent. All loan repayment moneys received must be deposited into a program account established by the Washington state housing finance commission for the purpose of making new loans and grants under this section.

(6) By December 1st of each year, beginning in 2008, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature: The number of loans and grants that were made in the program; for what purposes the loans and grants were made; to whom the loans and grants were made; and when the loans are expected to be paid back. [2008 c 112 § 2.]

43.185A.900 Short title. This chapter may be known and cited as the affordable housing act. [1991 c 356 § 9.]

43.185A.902 Conflict with federal requirements—1991 c 356. If any part of this act is found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1991 c 356 § 19.]

43.185C.005 Findings. Despite laudable efforts by all levels of government, private individuals, nonprofit organizations, and charitable foundations to end homelessness, the number of homeless persons in Washington is unacceptably high. The state's homeless population, furthermore, includes a large number of families with children, youth, and employed persons. The legislature finds that the fiscal and societal costs of homelessness are high for both the public and private sectors, and that ending homelessness should be a goal for state and local government.

The legislature finds that there are many causes of homelessness, including a shortage of affordable housing; a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care system available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; domestic violence; and a lack of education and job skills necessary to acquire adequate wage jobs in the economy of the twenty-first century.

The support and commitment of all sectors of the statewide community is critical to the chances of success in ending homelessness in Washington. While the provision of housing and housing-related services to the homeless should be administered at the local level to best address specific community needs, the legislature also recognizes the need for the state to play a primary coordinating, supporting, and monitoring role. There must be a clear assignment of responsibilities and a clear statement of achievable and quantifiable goals. Systematic statewide data collection on homelessness in Washington must be a critical component of such a program enabling the state to work with local governments to count homeless persons and assist them in finding housing.

The systematic collection and rigorous evaluation of homeless data, a search for and implementation through adequate resource allocation of best practices, and the systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness are all necessary components of a statewide effort to end homelessness in Washington by July 1, 2015. [2005 c 484 § 1.]

43.185C.020 Homeless housing program. There is created within the department the homeless housing program to develop and coordinate a statewide strategic plan aimed at housing homeless persons. The program shall be developed and administered by the department with advice and input from the affordable housing advisory board established in RCW 43.185B.020. [2005 c 484 § 5.]

43.185C.030 Washington homeless census or count—Confidentiality—Online information and referral system—Organizational quality management system. The department shall annually conduct a Washington homeless census or count consistent with the requirements of RCW 43.185C.180. The census shall make every effort to count all homeless individuals living outdoors, in shelters, and in transitional housing, coordinated, when reasonably feasible, with already existing homeless census projects including those funded in part by the United States department of housing and urban development under the McKinney-Vento homeless assistance program. The department shall determine, in consultation with local governments, the data to be collected.

All personal information collected in the census is confidential, and the department and each local government shall take all necessary steps to protect the identity and confidentiality of each person counted.

The department and each local government are prohibited from disclosing any personally identifying information about any homeless individual when there is reason to believe or evidence indicating that the homeless individual is an adult or minor victim of domestic violence, dating violence, sexual assault, or stalking or is the parent or guardian of a child victim of domestic violence, dating violence, sexual assault, or stalking; or revealing other confidential information regarding HIV/AIDS status, as found in RCW 70.02.220. The department and each local government shall not ask any homeless housing provider to disclose personally identifying information about any homeless individuals when the providers implementing those programs have reason to

43.185C.040 Homeless housing strategic plan—Program outcomes and performance measures and goals—Statewide data gathering instrument—Reports. (1) Six months after the first Washington homeless census, the department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, prepare and publish a ten-year homeless housing strategic plan which shall outline statewide goals and performance measures and shall be coordinated with the plan for homeless families with children required under RCW 43.63A.650. To guide local governments in preparation of their first local homeless housing plans due December 31, 2005, the department shall issue by October 15, 2005, temporary guidelines consistent with this chapter and including the best available data on each community's homeless population. Local governments' ten-year homeless housing plans shall not be substantially inconsistent with the goals and program recommendations of the temporary guidelines and, when amended after 2005, the state strategic plan.

(2) Program outcomes and performance measures and goals shall be created by the department and reflected in the department's homeless housing strategic plan as well as interim goals against which state and local governments' performance may be measured, including:

(a) By the end of year one, completion of the first census as described in RCW 43.185C.030;

(b) By the end of each subsequent year, goals common to all local programs which are measurable and the achievement of which would move that community toward housing its homeless population; and

(c) By July 1, 2015, reduction of the homeless population statewide and in each county by fifty percent.

(3) The department shall develop a consistent statewide data gathering instrument to monitor the performance of cities and counties receiving grants in order to determine com-

pliance with the terms and conditions set forth in the grant application or required by the department.

The department shall, in consultation with the inter-agency council on homelessness and the affordable housing advisory board, report biennially to the governor and the appropriate committees of the legislature an assessment of the state's performance in furthering the goals of the state ten-year homeless housing strategic plan and the performance of each participating local government in creating and executing a local homeless housing plan which meets the requirements of this chapter. The annual report may include performance measures such as:

- (a) The reduction in the number of homeless individuals and families from the initial count of homeless persons;
- (b) The number of new units available and affordable for homeless families by housing type;
- (c) The number of homeless individuals identified who are not offered suitable housing within thirty days of their request or identification as homeless;
- (d) The number of households at risk of losing housing who maintain it due to a preventive intervention;
- (e) The transition time from homelessness to permanent housing;
- (f) The cost per person housed at each level of the housing continuum;
- (g) The ability to successfully collect data and report performance;
- (h) The extent of collaboration and coordination among public bodies, as well as community stakeholders, and the level of community support and participation;
- (i) The quality and safety of housing provided; and
- (j) The effectiveness of outreach to homeless persons, and their satisfaction with the program.

(4) Based on the performance of local homeless housing programs in meeting their interim goals, on general population changes and on changes in the homeless population recorded in the annual census, the department may revise the performance measures and goals of the state homeless housing strategic plan, set goals for years following the initial ten-year period, and recommend changes in local governments' plans. [2009 c 518 § 17; 2005 c 484 § 7.]

43.185C.050 Local homeless housing plans. (1) Each local homeless housing task force shall prepare and recommend to its local government legislative authority a ten-year homeless housing plan for its jurisdictional area which shall be not inconsistent with the department's statewide temporary guidelines, for the December 31, 2005, plan, and thereafter the department's ten-year homeless housing strategic plan and which shall be aimed at eliminating homelessness, with a minimum goal of reducing homelessness by fifty percent by July 1, 2015. The local government may amend the proposed local plan and shall adopt a plan by December 31, 2005. Performance in meeting the goals of this local plan shall be assessed annually in terms of the performance measures published by the department. Local plans may include specific local performance measures adopted by the local government legislative authority, and may include recommendations for any state legislation needed to meet the state or local plan goals.

(2) Eligible activities under the local plans include:

- (a) Rental and furnishing of dwelling units for the use of homeless persons;
- (b) Costs of developing affordable housing for homeless persons, and services for formerly homeless individuals and families residing in transitional housing or permanent housing and still at risk of homelessness;
- (c) Operating subsidies for transitional housing or permanent housing serving formerly homeless families or individuals;
- (d) Services to prevent homelessness, such as emergency eviction prevention programs including temporary rental subsidies to prevent homelessness;
- (e) Temporary services to assist persons leaving state institutions and other state programs to prevent them from becoming or remaining homeless;
- (f) Outreach services for homeless individuals and families;
- (g) Development and management of local homeless plans including homeless census data collection; identification of goals, performance measures, strategies, and costs and evaluation of progress towards established goals;
- (h) Rental vouchers payable to landlords for persons who are homeless or below thirty percent of the median income or in immediate danger of becoming homeless; and
- (i) Other activities to reduce and prevent homelessness as identified for funding in the local plan. [2005 c 484 § 8.]

43.185C.060 Home security fund account. The home security fund account is created in the state treasury, subject to appropriation. The state's portion of the surcharge established in RCW 36.22.179 and 36.22.1791 must be deposited in the account. Expenditures from the account may be used only for homeless housing programs as described in this chapter. If an independent audit finds that the department has failed to set aside at least forty-five percent of funds received under RCW 36.22.179(1)(b) after June 12, 2014, for the use of private rental housing payments, the department must submit a corrective action plan to the office of financial management within thirty days of receipt of the independent audit. The office of financial management must monitor the department's corrective action plan and expenditures from this account for the remainder of the fiscal year. If the department is not in compliance with RCW 36.22.179(1)(b) in any month of the fiscal year following submission of the corrective action plan, the office of financial management must reduce the department's allotments from this account and hold in reserve status a portion of the department's appropriation equal to the expenditures made during the month not in compliance with RCW 36.22.179(1)(b). [2014 c 200 § 2; 2007 c 427 § 6; 2005 c 484 § 10.]

43.185C.070 Grant applications. (1) During each calendar year in which moneys from the *homeless housing account are available for use by the department for the homeless housing grant program, the department shall announce to all Washington counties, participating cities, and through major media throughout the state, a grant application period of at least ninety days' duration. This announcement will be made as often as the director deems appropriate for proper utilization of resources. The department shall then promptly grant as many applications as will utilize available funds, less

appropriate administrative costs of the department as described in RCW 36.22.179.

(2) The department will develop, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, criteria to evaluate grant applications.

(3) The department may approve applications only if they are consistent with the local and state homeless housing program strategic plans. The department may give preference to applications based on some or all of the following criteria:

(a) The total homeless population in the applicant local government service area, as reported by the most recent annual Washington homeless census;

(b) Current local expenditures to provide housing for the homeless and to address the underlying causes of homelessness as described in RCW 43.185C.005;

(c) Local government and private contributions pledged to the program in the form of matching funds, property, infrastructure improvements, and other contributions; and the degree of leveraging of other funds from local government or private sources for the program for which funds are being requested, to include recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;

(d) Construction projects or rehabilitation that will serve homeless individuals or families for a period of at least twenty-five years;

(e) Projects which demonstrate serving homeless populations with the greatest needs, including projects that serve special needs populations;

(f) The degree to which the applicant project represents a collaboration between local governments, nonprofit community-based organizations, local and state agencies, and the private sector, especially through its integration with the coordinated and comprehensive plan for homeless families with children required under RCW 43.63A.650;

(g) The cooperation of the local government in the annual Washington homeless census project;

(h) The commitment of the local government and any subcontracting local governments, nonprofit organizations, and for-profit entities to employ a diverse workforce;

(i) The extent, if any, that the local homeless population is disproportionate to the revenues collected under this chapter and RCW 36.22.178 and 36.22.179; and

(j) Other elements shown by the applicant to be directly related to the goal and the department's state strategic plan. [2005 c 484 § 11.]

***Reviser's note:** The "homeless housing account" was changed to the "home security fund account" by 2007 c 427 § 6.

43.185C.080 Homeless housing grants—Participation. (1) Only a local government is eligible to receive a homeless housing grant from the *homeless housing account. Any city may assert responsibility for homeless housing within its borders if it so chooses, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. The city shall then receive a percentage of the surcharge assessed under RCW 36.22.179 equal to the percentage of the city's local portion of the real estate excise tax collected by the county. A participating city may also then apply

separately for homeless housing program grants. A city choosing to operate a separate homeless housing program shall be responsible for complying with all of the same requirements as counties and shall adopt a local homeless housing plan meeting the requirements of this chapter for county local plans. However, the city may by resolution of its legislative authority accept the county's homeless housing task force as its own and based on that task force's recommendations adopt a homeless housing plan specific to the city.

(2) Local governments applying for homeless housing funds may subcontract with any other local government, housing authority, community action agency or other non-profit organization for the execution of programs contributing to the overall goal of ending homelessness within a defined service area. All subcontracts shall be consistent with the local homeless housing plan adopted by the legislative authority of the local government, time limited, and filed with the department and shall have specific performance terms. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

(3) A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If such a resolution is adopted, all of the funds otherwise due to the county under RCW 43.185C.060 shall be remitted monthly to the state treasurer for deposit in the *homeless housing account, without any reduction by the county for collecting or administering the funds. Upon receipt of the resolution, the department shall promptly begin to identify and contract with one or more entities eligible under this section to create and execute a local homeless housing plan for the county meeting the requirements of this chapter. The department shall expend all of the funds received from the county under this subsection to carry out the purposes of chapter 484, Laws of 2005 in the county, provided that the department may retain six percent of these funds to offset the cost of managing the county's program.

(4) A resolution by the county declining to participate in the program shall have no effect on the ability of each city in the county to assert its right to manage its own program under this chapter, and the county shall monthly transmit to the city the funds due under this chapter. [2005 c 484 § 12.]

***Reviser's note:** The "homeless housing account" was changed to the "home security fund account" by 2007 c 427 § 6.

43.185C.090 Allocation of grant moneys—Issuance of criteria or guidelines. The department shall allocate grant moneys from the *homeless housing account to finance in whole or in part programs and projects in approved local homeless housing plans to assist homeless individuals and families gain access to adequate housing, prevent at-risk individuals from becoming homeless, address the root causes of homelessness, track and report on homeless-related data, and facilitate the movement of homeless or formerly homeless individuals along the housing continuum toward more stable and independent housing. The department may issue criteria

or guidelines to guide local governments in the application process. [2005 c 484 § 13.]

*Reviser's note: The "homeless housing account" was changed to the "home security fund account" by 2007 c 427 § 6.

43.185C.100 Technical assistance. The department shall provide technical assistance to any participating local government that requests such assistance. Technical assistance activities may include:

- (1) Assisting local governments to identify appropriate parties to participate on local homeless housing task forces;
- (2) Assisting local governments to identify appropriate service providers with which the local governments may subcontract for service provision and development activities, when necessary;
- (3) Assisting local governments to implement or expand homeless census programs to meet homeless housing program requirements;
- (4) Assisting in the identification of "best practices" from other areas;
- (5) Assisting in identifying additional funding sources for specific projects; and
- (6) Training local government and subcontractor staff. [2005 c 484 § 14.]

43.185C.110 Progress reports—Uniform process. The department shall establish a uniform process for participating local governments to report progress toward reducing homelessness and meeting locally established goals. [2005 c 484 § 15.]

43.185C.120 Rules. The department may adopt such rules as may be necessary to effect the purposes of this chapter. [2005 c 484 § 16.]

43.185C.130 Protection of state's interest in grant program projects. The department shall ensure that the state's interest is protected upon the development, use, sale, or change of use of projects constructed, acquired, or financed in whole or in part through the homeless housing grant program. These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state's contribution to the project, or (2) requiring a lump sum repayment of the grant upon the sale or change of use of the project. [2005 c 484 § 17.]

43.185C.140 Public assistance eligibility—Payments exempt. The department of social and health services shall exempt payments to individuals provided under this chapter when determining eligibility for public assistance. [2005 c 484 § 20.]

43.185C.150 Expenditures within authorized funds—Existing expenditures not reduced or supplanted. This chapter does not require either the department or any local government to expend any funds to accomplish the goals of this chapter other than the revenues authorized in chapter 484, Laws of 2005. However, neither the department nor any local government may use any funds authorized in chapter 484, Laws of 2005 to supplant or reduce any existing expenditures of public money for the reduction or prevention

of homelessness or services for homeless persons. [2005 c 484 § 21.]

43.185C.160 County homeless housing task forces—Homeless housing plans—Reports by counties. (1) Each county shall create a homeless housing task force to develop a ten-year homeless housing plan addressing short-term and long-term housing for homeless persons.

Membership on the task force may include representatives of the counties, cities, towns, housing authorities, civic and faith organizations, schools, community networks, human services providers, law enforcement personnel, criminal justice personnel, including prosecutors, probation officers, and jail administrators, substance abuse treatment providers, mental health care providers, emergency health care providers, businesses, at-large representatives of the community, and a homeless or formerly homeless individual.

In lieu of creating a new task force, a local government may designate an existing governmental or nonprofit body which substantially conforms to this section and which includes at least one homeless or formerly homeless individual to serve as its homeless representative. As an alternative to a separate plan, two or more local governments may work in concert to develop and execute a joint homeless housing plan, or to contract with another entity to do so according to the requirements of this chapter. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If a county declines to participate, the department shall create and execute a local homeless housing plan for the county meeting the requirements of this chapter.

(2) In addition to developing a ten-year homeless housing plan, each task force shall establish guidelines consistent with the statewide homeless housing strategic plan, as needed, for the following:

- (a) Emergency shelters;
- (b) Short-term housing needs;
- (c) Temporary encampments;
- (d) Supportive housing for chronically homeless persons; and
- (e) Long-term housing.

Guidelines must include, when appropriate, standards for health and safety and notifying the public of proposed facilities to house the homeless.

(3) Each county, including counties exempted from creating a new task force under subsection (1) of this section, shall report to the *department of community, trade, and economic development such information as may be needed to ensure compliance with this chapter. [2005 c 485 § 1.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

43.185C.170 Interagency council on homelessness—Duties—Reports. (1) The interagency council on homelessness, as defined in RCW 43.185C.010, shall be convened not

later than August 31, 2006, and shall meet at least two times each year and report to the appropriate committees of the legislature annually by December 31st on its activities.

(2) The interagency council on homelessness shall work to create greater levels of interagency coordination and to coordinate state agency efforts with the efforts of state and local entities addressing homelessness.

(3) The interagency council shall seek to:

(a) Align homeless-related housing and supportive service policies among state agencies;

(b) Identify ways in which providing housing with appropriate services can contribute to cost savings for state agencies;

(c) Identify policies and actions that may contribute to homelessness or interfere with its reduction;

(d) Review and improve strategies for discharge from state institutions that contribute to homelessness;

(e) Recommend policies to either improve practices or align resources, or both, including those policies requested by the affordable housing advisory board or through state and local housing plans; and

(f) Ensure that the housing status of people served by state programs is collected in consistent formats available for analysis. [2006 c 349 § 7.]

Finding—2006 c 349: See note following RCW 43.185.130.

43.185C.180 Washington homeless client management information system. (1) In order to improve services for the homeless, the department, within amounts appropriated by the legislature for this specific purpose, shall implement the Washington homeless client management information system for the ongoing collection and updates of information about all homeless individuals in the state.

(2) Information about homeless individuals for the Washington homeless client management information system shall come from the Washington homeless census and from state agencies and community organizations providing services to homeless individuals and families.

(a) Personally identifying information about homeless individuals for the Washington homeless client management information system may only be collected after having obtained informed, reasonably time limited (i) written consent from the homeless individual to whom the information relates, or (ii) telephonic consent from the homeless individual, provided that written consent is obtained at the first time the individual is physically present at an organization with access to the Washington homeless client management information system. Safeguards consistent with federal requirements on data collection must be in place to protect homeless individuals' rights regarding their personally identifying information.

(b) Data collection under this subsection shall be done in a manner consistent with federally informed consent guidelines regarding human research which, at a minimum, require that individuals receive:

(i) Information about the expected duration of their participation in the Washington homeless client management information system;

(ii) An explanation of whom to contact for answers to pertinent questions about the data collection and their rights regarding their personal identifying information;

(iii) An explanation regarding whom to contact in the event of injury to the individual related to the Washington homeless client management information system;

(iv) A description of any reasonably foreseeable risks to the homeless individual; and

(v) A statement describing the extent to which confidentiality of records identifying the individual will be maintained.

(c) The department must adopt policies governing the appropriate process for destroying Washington homeless client management information system paper documents containing personally identifying information when the paper documents are no longer needed. The policies must not conflict with any federal data requirements.

(3) The Washington homeless client management information system shall serve as an online information and referral system to enable local governments and providers to connect homeless persons in the database with available housing and other support services. Local governments shall develop a capacity for continuous case management, including independent living plans, when appropriate, to assist homeless persons.

(4) The information in the Washington homeless client management information system will also provide the department with the information to consolidate and analyze data about the extent and nature of homelessness in Washington state, giving emphasis to information about the extent and nature of homelessness in Washington state among families with children.

(5) The system may be merged with other data gathering and reporting systems and shall:

(a) Protect the right of privacy of individuals;

(b) Provide for consultation and collaboration with all relevant state agencies including the department of social and health services, experts, and community organizations involved in the delivery of services to homeless persons; and

(c) Include related information held or gathered by other state agencies.

(6) Within amounts appropriated by the legislature, for this specific purpose, the department shall evaluate the information gathered and disseminate the analysis and the evaluation broadly, using appropriate computer networks as well as written reports.

(7) The Washington homeless client management information system shall be implemented by December 31, 2009, and updated with new homeless client information at least annually. [2011 c 239 § 1; 2006 c 349 § 8; 1999 c 267 § 4. Formerly RCW 43.63A.655.]

Finding—2006 c 349: See note following RCW 43.185.130.

Findings—Intent—Severability—1999 c 267: See notes following RCW 43.20A.790.

The state's portion of the surcharges established in RCW 36.22.178 shall be deposited in the account. Expenditures from the account may only be used for affordable housing programs. During the 2011-2013 fiscal biennium, moneys in the account may be transferred to the home security fund. [2011 1st sp.s. c 50 § 955; 2007 c 427 § 2.]

(2) There shall be a minimum of two pilot programs established in two counties. The pilot programs shall be selected through a request for proposal process and in consultation with the department of corrections. The department shall select the pilot sites by January 1, 2008.

(3) The pilot program shall:

(a) Be operated in collaboration with the community justice center existing in the location of the pilot site;

Supportive housing services can be provided directly by the housing operator, or in partnership with community-based organizations;

(c) In providing assistance, give priority to offenders who are designated as high risk or high needs as well as those determined not to have a viable release plan by the department of corrections;

(d) Optimize available funding by utilizing cost-effective community-based shared housing arrangements or other noninstitutional living arrangements; and

(e) Provide housing assistance for a period of time not to exceed twelve months for a participating offender.

(4) The department may also use up to twenty percent of the funding appropriated in the operating budget for this section to support the development of additional supportive housing resources for offenders who are reentering the community.

(5) The department shall:

(a) Collaborate with the department of corrections in developing criteria to determine who will qualify for housing assistance; and

(b) Gather data, and report to the legislature by November 1, 2008, on the number of offenders seeking housing, the number of offenders eligible for housing, the number of offenders who receive the housing, and the number of offenders who commit new crimes while residing in the housing to the extent information is available.

(6) The department of corrections shall collaborate with organizations receiving grant funds to:

(a) Help identify appropriate housing solutions in the community for offenders;

(b) Where possible, facilitate an offender's application for housing prior to discharge;

(c) Identify enhancements to training provided to offenders prior to discharge that may assist an offender in effectively transitioning to the community;

(d) Maintain communication between the organization receiving grant funds, the housing provider, and corrections staff supervising the offender; and

(e) Assist the offender in accessing resources and services available through the department of corrections and a community justice center.

(7) The state, *department of community, trade, and economic development, department of corrections, local governments, local housing authorities, eligible organizations as described in RCW 43.185.060, and their employees are not liable for civil damages arising from the criminal conduct of an offender solely due to the placement of an offender in housing provided under this section or the provision of housing assistance.

(8) Nothing in this section allows placement of an offender into housing without an analysis of the risk the offender may pose to that particular community or other residents. [2007 c 483 § 604.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

43.185C.210 Transitional housing operating and rent program. (1) The transitional housing operating and rent program is created in the department to assist individuals and families who are homeless or who are at risk of becoming homeless to secure and retain safe, decent, and affordable housing. The department shall provide grants to eligible organizations, as described in RCW 43.185.060, to provide assistance to program participants. The eligible organizations must use grant moneys for:

(a) Rental assistance, which includes security or utility deposits, first and last month's rent assistance, and eligible moving expenses to be determined by the department;

(b) Case management services designed to assist program participants to secure and retain immediate housing and to transition into permanent housing and greater levels of self-sufficiency;

(c) Operating expenses of transitional housing facilities that serve homeless families with children; and

(d) Administrative costs of the eligible organization, which must not exceed limits prescribed by the department.

(2) Eligible to receive assistance through the transitional housing operating and rent program are:

(a) Families with children who are homeless or who are at risk of becoming homeless and who have household incomes at or below fifty percent of the median household income for their county;

(b) Families with children who are homeless or who are at risk of becoming homeless and who are receiving services under chapter 13.34 RCW;

(c) Individuals or families without children who are homeless or at risk of becoming homeless and who have household incomes at or below thirty percent of the median household income for their county;

(e) Individuals or families who are homeless or who are at risk of becoming homeless and who have a household with

an adult member who is an offender released from confinement within the past eighteen months.

(3) All program participants must be willing to create and actively participate in a housing stability plan for achieving permanent housing and greater levels of self-sufficiency.

(4) Data on all program participants must be entered into and tracked through the Washington homeless client management information system as described in RCW 43.185C.180. For eligible organizations serving victims of domestic violence or sexual assault, compliance with this subsection must be accomplished in accordance with 42 U.S.C. Sec. 11383(a)(8).

(5)(a) Except as provided in (b) of this subsection, beginning in 2011, each eligible organization receiving over five hundred thousand dollars during the previous calendar year from the transitional housing operating and rent program and from sources including: (i) State housing-related funding sources; (ii) the affordable housing for all surcharge in RCW 36.22.178; (iii) the home security fund surcharges in RCW 36.22.179 and 36.22.1791; and (iv) any other surcharge imposed under chapter 36.22 or 43.185C RCW to fund homelessness programs or other housing programs, shall apply to the Washington state quality award program for an independent assessment of its quality management, accountability, and performance system, once every three years.

(b) Cities and counties are exempt from the provisions of (a) of this subsection until 2018.

(6) The department may develop rules, requirements, procedures, and guidelines as necessary to implement and operate the transitional housing operating and rent program.

(7) The department shall produce an annual transitional housing operating and rent program report that must be included in the department's homeless housing strategic plan as described in RCW 43.185C.040. The report must include performance measures to be determined by the department that address, at a minimum, the following issue areas:

(a) The success of the program in helping program participants transition into permanent affordable housing and achieve self-sufficiency or increase their levels of self-sufficiency, which shall be defined by the department based upon the costs of living, including housing costs, needed to support: (i) One adult individual; and (ii) two adult individuals and one preschool-aged child and one school-aged child;

(b) The financial performance of the program related to efficient program administration by the department and program operation by selected eligible organizations, including an analysis of the costs per program participant served;

(c) The quality, completeness, and timeliness of the information on program participants provided to the Washington homeless client management information system database; and

(d) The satisfaction of program participants in the assistance provided through the program. [2011 c 353 § 6; 2008 c 256 § 1.]

Intent—2011 c 353: See note following RCW 36.70A.130.

43.185C.215 Transitional housing operating and rent account. The transitional housing operating and rent account is created in the custody of the state treasurer. All receipts from sources directed to the transitional housing operating and rent program must be deposited into the account. Expen-

ditures from the account may be used solely for the purpose of the transitional housing operating and rent program as described in RCW 43.185C.210. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2008 c 256 § 2.]

43.185C.220 Essential needs and housing support program—Distribution of funds. (1) The department shall distribute funds for the essential needs and housing support program established under this section in a manner consistent with the requirements of this section and the biennial operating budget. The first distribution of funds must be completed by September 1, 2011. Essential needs or housing support is only for persons found eligible for such services under RCW 74.04.805 and is not considered an entitlement.

(2) The department shall distribute funds appropriated for the essential needs and housing support program in the form of grants to designated essential needs support and housing support entities within each county. The department shall not distribute any funds until it approves the expenditure plan submitted by the designated essential needs support and housing support entities. The amount of funds to be distributed pursuant to this section shall be designated in the biennial operating budget. For the sole purpose of meeting the initial distribution of funds date, the department may distribute partial funds upon the department's approval of a preliminary expenditure plan. The department shall not distribute the remaining funds until it has approved a final expenditure plan.

(3)(a) During the 2011-2013 biennium, in awarding housing support that is not funded through the contingency fund in this subsection, the designated housing support entity shall provide housing support to clients who are homeless persons as defined in RCW 43.185C.010. As provided in the biennial operating budget for the 2011-2013 biennium, a contingency fund shall be used solely for those clients who are at substantial risk of losing stable housing or at substantial risk of losing one of the other services defined in RCW 74.62.010(6). For purposes of this chapter, "substantial risk" means the client has provided documentation that he or she will lose his or her housing within the next thirty days or that the services will be discontinued within the next thirty days.

(b) After July 1, 2013, the designated housing support entity shall give first priority to clients who are homeless persons as defined in RCW 43.185C.010 and second priority to clients who would be at substantial risk of losing stable housing without housing support.

(4) For each county, the department shall designate an essential needs support entity and a housing support entity that will begin providing these supports to medical care services program recipients on November 1, 2011. Essential needs and housing support entities are not required to provide assistance to every person referred to the local entity or who meets the priority standards in subsection (3) of this section.

(a) Each designated entity must be a local government or community-based organization, and may administer the funding for essential needs support, housing support, or both. Designated entities have the authority to subcontract with qualified entities. Upon request, and the approval of the

department, two or more counties may combine resources to more effectively deliver services.

(b) The department's designation process must include a review of proficiency in managing housing or human services programs when designating housing support entities.

(c) Within a county, if the department directly awards separate grants to the designated housing support entity and the designated essential needs support entity, the department shall determine the amount allocated for essential needs support as directed in the biennial operating budget.

(5)(a) Essential needs and housing support entities must use funds distributed under this section as flexibly as is practicable to provide essential needs items and housing support to recipients of the essential needs and housing support program, subject to the requirements of this section.

(b) Benefits provided under the essential needs and housing support program shall not be provided to recipients in the form of cash assistance.

(c) The appropriations by the legislature for the purposes of the essential needs and housing support program established under this section shall be based on forecasted program caseloads. The caseload forecast council shall provide a courtesy forecast of the population eligible for a referral for essential needs and housing support that is homeless or is included in reporting under subsection (7)(c)(iii) of this section. The department may move funds between entities or between counties to reflect actual caseload changes. In doing so, the department must: (i) Develop a process for reviewing the caseload of designated essential needs and housing support entities, and for redistributing grant funds from those entities experiencing reduced actual caseloads to those with increased actual caseloads; and (ii) inform all designated entities of the redistribution process. Savings resulting from program caseload attrition from the essential needs and housing support program shall not result in increased per-client expenditures.

(d) Essential needs and housing support entities must partner with other public and private organizations to maximize the beneficial impact of funds distributed under this section, and should attempt to leverage other sources of public and private funds to serve essential needs and housing support recipients. Funds appropriated in the operating budget for essential needs and housing support must be used only to serve persons eligible to receive services under that program.

(6) The department shall use no more than five percent of the funds for administration of the essential needs and housing support program. Each essential needs and housing support entity shall use no more than seven percent of the funds for administrative expenses.

(7) The department shall:

(a) Require housing support entities to enter data into the homeless client management information system;

(b) Require essential needs support entities to report on services provided under this section;

(c) In collaboration with the department of social and health services, submit a report annually to the relevant policy and fiscal committees of the legislature. A preliminary report shall be submitted by December 31, 2011, and must include (c)(i), (iii), and (v) of this subsection. Annual reports must be submitted beginning December 1, 2012, and must include:

(i) A description of the actions the department has taken to achieve the objectives of chapter 36, Laws of 2011 1st sp. sess.;

(ii) The amount of funds used by the department to administer the program;

(iii) Information on the housing status of essential needs and housing support recipients served by housing support entities, and individuals who have requested housing support but did not receive housing support;

(iv) Grantee expenditure data related to administration and services provided under this section; and

(v) Efforts made to partner with other entities and leverage sources or public and private funds;

(d) Review the data submitted by the designated entities, and make recommendations for program improvements and administrative efficiencies. The department has the authority to designate alternative entities as necessary due to performance or other significant issues. Such change must only be made after consultation with the department of social and health services and the impacted entity.

(8) The department, counties, and essential needs and housing support entities are not civilly or criminally liable and may not have any penalty or cause of action of any nature arise against them related to decisions regarding: (a) The provision or lack of provision of housing or essential needs support; or (b) the type of housing arrangement supported with funds allocated under this section, when the decision was made in good faith and in the performance of the powers and duties under this section. However, this section does not prohibit legal actions against the department, county, or essential needs or housing support entity to enforce contractual duties or obligations. 43.185C.230 Verification of eligibility—Medical care services. The department, in collaboration with the department of social and health services, shall develop a mechanism through which the department and local governments or community-based organizations can verify a person has been determined eligible by the department of social and health services and remains eligible for the essential needs and housing support program. 43.185C.240 Document recording surcharge funds—Use—Local government obligations—Washington state quality award program—Department's duties—Definitions. (Expires June 30, 2019.) (1) As a means of efficiently and cost-effectively providing housing assistance to very-low income and homeless households:

(a) Any local government that has the authority to issue housing vouchers, directly or through a contractor, using document recording surcharge funds collected pursuant to RCW 36.22.178, 36.22.179, or 36.22.1791 must:

(i)(A) Maintain an interested landlord list, which at a minimum, includes information on rental properties in buildings with fewer than fifty units;

(B) Update the list at least once per quarter;

(C) Distribute the list to agencies providing services to individuals and households receiving housing vouchers;

(D) Ensure that a copy of the list or information for accessing the list online is provided with voucher paperwork; and

(E) Communicate and interact with landlord and tenant associations located within its jurisdiction to facilitate development, maintenance, and distribution of the list to private rental housing landlords. The department must make reasonable efforts to ensure that local providers conduct outreach to private rental housing landlords each calendar quarter regarding opportunities to provide rental housing to the homeless and the availability of funds;

(ii) Using cost-effective methods of communication, convene, on a semiannual or more frequent basis, landlords represented on the interested landlord list and agencies providing services to individuals and households receiving housing vouchers to identify successes, barriers, and process improvements. The local government is not required to reimburse any participants for expenses related to attendance;

(iii) Produce data, limited to document recording fee uses and expenditures, on a calendar year basis in consultation with landlords represented on the interested landlord list and agencies providing services to individuals and households receiving housing vouchers, that include the following: Total amount expended from document recording fees; amount expended on, number of households that received, and number of housing vouchers issued in each of the private, public, and nonprofit markets; amount expended on, number of households that received, and number of housing placement payments provided in each of the private, public, and nonprofit markets; amount expended on and number of eviction prevention services provided in the private market; and amount expended on and number of other tenant-based rent assistance services provided in the private market. If these data elements are not readily available, the reporting government may request the department to use the sampling methodology established pursuant to (c)(iii) of this subsection to obtain the data; and

(iv) Annually submit the calendar year data to the department by October 1st, with preliminary data submitted by October 1, 2012, and full calendar year data submitted beginning October 1, 2013.

(b) Any local government receiving more than three million five hundred thousand dollars during the previous calendar year from document recording surcharge funds collected pursuant to RCW 36.22.178, 36.22.179, and 36.22.1791, must apply to the Washington state quality award program, or similar Baldrige assessment organization, for an independent assessment of its quality management, accountability, and performance system. The first assessment may be a lite assessment. After submitting an application, a local government is required to reapply to at least every two years.

(c) The department must:

(i) Require contractors that provide housing vouchers to distribute the interested landlord list created by the appropriate local government to individuals and households receiving the housing vouchers;

(ii) Convene a stakeholder group by March 1, 2017, consisting of landlords, homeless housing advocates, real estate industry representatives, cities, counties, and the department to meet to discuss long-term funding strategies for homeless housing programs that do not include a surcharge on document recording fees. The stakeholder group must provide a report of its findings to the legislature by December 1, 2017;

(iii) Develop a sampling methodology to obtain data required under this section when a local government or contractor does not have such information readily available. The process for developing the sampling methodology must include providing notification to and the opportunity for public comment by local governments issuing housing vouchers, landlord association representatives, and agencies providing services to individuals and households receiving housing vouchers;

(iv) Develop a report, limited to document recording fee uses and expenditures, on a calendar year basis that may include consultation with local governments, landlord association representatives, and agencies providing services to individuals and households receiving housing vouchers, that includes the following: Total amount expended from document recording fees; amount expended on, number of households that received, and number of housing vouchers issued in each of the private, public, and nonprofit markets; amount expended on, number of households that received, and number of housing placement payments provided in each of the private, public, and nonprofit markets; amount expended on and number of eviction prevention services provided in the private market; the total amount of funds set aside for private rental housing payments as required in RCW 36.22.179(1)(b); and amount expended on and number of other tenant-based rent assistance services provided in the private market. The information in the report must include data submitted by local governments and data on all additional document recording fee activities for which the department contracted that were not otherwise reported. The data, samples, and sampling methodology used to develop the report must be made available upon request and for the audits required in this section;

(v) Annually submit the calendar year report to the legislature by December 15th, with a preliminary report submitted by December 15, 2012, and full calendar year reports submitted beginning December 15, 2013; and

(vi) Work with the Washington state quality award program, local governments, and any other organizations to ensure the appropriate scheduling of assessments for all local governments meeting the criteria described in subsection (1)(b) of this section.

(d) The office of financial management must secure an independent audit of the department's data and expenditures of state funds received under RCW 36.22.179(1)(b) on an annual basis. The independent audit must review a random sample of local governments, contractors, and housing providers that is geographically and demographically diverse. The independent auditor must meet with the department and

a landlord representative to review the preliminary audit and provide the department and the landlord representative with the opportunity to include written comments regarding the findings that must be included with the audit. The first audit of the department's data and expenditures will be for calendar year 2014 and is due July 1, 2015. Each audit thereafter will be due July 1st following the department's submission of the report to the legislature. If the independent audit finds that the department has failed to set aside at least forty-five percent of the funds received under RCW 36.22.179(1)(b) after June 12, 2014, for private rental housing payments, the independent auditor must notify the department and the office of financial management of its finding. In addition, the independent auditor must make recommendations to the office of financial management and the legislature on alternative means of distributing the funds to meet the requirements of RCW 36.22.179(1)(b).

(e) The office of financial management must contract with an independent auditor to conduct a performance audit of the programs funded by document recording surcharge funds collected pursuant to RCW 36.22.178, 36.22.179, and 36.22.1791. The audit must provide findings to determine if the funds are being used effectively, efficiently, and for their intended purpose. The audit must review the department's performance in meeting all statutory requirements related to document recording surcharge funds including, but not limited to, the data the department collects, the timeliness and quality of required reports, and whether the data and required reports provide adequate information and accountability for the use of the document recording surcharge funds. The audit must include recommendations for policy and operational improvements to the use of document recording surcharges by counties and the department. The performance audit must be submitted to the legislature by December 1, 2016.

(2) For purposes of this section:

(a) "Housing placement payments" means one-time payments, such as first and last month's rent and move-in costs, funded by document recording surcharges collected pursuant to RCW 36.22.178, 36.22.179, or 36.22.1791 that are made to secure a unit on behalf of a tenant.

(b) "Housing vouchers" means payments, including private rental housing payments, funded by document recording surcharges collected pursuant to RCW 36.22.178, 36.22.179, or 36.22.1791 that are made by a local government or contractor to secure: (i) A rental unit on behalf of an individual tenant; or (ii) a block of units on behalf of multiple tenants.

The legislature finds that in order to comply with the federal older Americans act and to effectively assist residents, patients, and clients of long-term care facilities in the assertion of their civil and human rights, a long-term care ombuds program should be instituted. [2013 c 23 § 88; 1983 c 290 § 1.]

(b) Provides supportive, restorative, and preventive health services in conjunction with a socially oriented program to its residents, and which maintains and operates twenty-four hour services including board, room, personal care, and intermittent nursing care. 43.190.030 Office of state long-term care ombuds created—Powers and duties—Rules. There is created the office of the state long-term care ombuds. The department of commerce shall contract with a private nonprofit organization to provide long-term care ombuds services as specified under, and consistent with, the federal older Americans act as amended, federal mandates, the goals of the state, and the needs of its citizens. The department of commerce shall ensure that all program and staff support necessary to enable the ombuds to effectively protect the interests of residents, patients, and clients of all long-term care facilities is provided by the nonprofit organization that contracts to provide long-term care ombuds services. The department of commerce shall adopt rules to carry out this chapter and the long-term care ombuds provisions of the federal older Americans act, as amended, and applicable federal regulations. The long-term care ombuds program shall have the following powers and duties:

(1) To provide services for coordinating the activities of long-term care ombuds throughout the state;

(2) Carry out such other activities as the department of commerce deems appropriate;

(3) Establish procedures consistent with RCW 43.190.110 for appropriate access by long-term care ombuds to long-term care facilities and patients' records, including procedures to protect the confidentiality of the records and ensure that the identity of any complainant or resident will not be disclosed without the written consent of the complainant or resident, or upon court order;

(4) Establish a statewide uniform reporting system to collect and analyze data relating to complaints and conditions in long-term care facilities for the purpose of identifying and resolving significant problems, with provision for submission of such data to the department of social and health services and to the federal department of health and human services, or its successor agency, on a regular basis; and

(5) Establish procedures to assure that any files maintained by ombuds programs shall be disclosed only at the discretion of the ombuds having authority over the disposition of such files, except that the identity of any complainant or resident of a long-term care facility shall not be disclosed by such ombuds unless:

(a) Such complainant or resident, or the complainant's or resident's legal representative, consents in writing to such disclosure; or

(b) Such disclosure is required by court order. [2013 c 23 § 89; 1997 c 194 § 1; 1995 c 399 § 105; 1988 c 119 § 2; 1983 c 290 § 3.]

Legislative findings—1988 c 119: "The legislature recognizes that the state long-term care ombudsman [ombuds] program and the office of the state long-term care ombudsman [ombuds], located within the department of social and health services, have brought into serious question the ability of that office to serve as an effective mechanism on the state level for investigating and resolving complaints made by or on behalf of residents of long-

(2014 Ed.)

term care facilities.

The legislature further finds it necessary to exercise its options under the federal older Americans act and identify an organization, outside of the department of social and health services and independent of any other state agency, to provide, through contract, long-term care ombudsman [ombuds] services." [1988 c 119 § 1.]

Use of survey findings—1988 c 119: "The survey findings, together with any reports of legislative committees in response to such survey, shall be used by the department of community development in determining the best manner to contract for and provide long-term care ombudsman [ombuds] services." [1988 c 119 § 4.]

Nuclear energy and radiation: Chapter 70.98 RCW.

43.200.010 Finding—Purpose. The legislature finds that the safe transporting, handling, storage, or otherwise caring for radioactive wastes is required to protect the health, safety, and welfare of the citizens of the state of Washington. It is the purpose of this chapter to establish authority for the state to exercise appropriate oversight and care for the safe management and disposal of radioactive wastes; to consult with the federal government and other states on interim or permanent storage of these radioactive wastes; and to carry out the state responsibilities under the federal nuclear waste policy act of 1982. [1983 1st ex.s. c 19 § 1.]

43.200.015 Definitions. As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Commercial low-level radioactive waste disposal facility" has the same meaning as "facility" as defined in RCW 43.145.010.

(2) "Department" means the department of ecology.

(3) "High-level radioactive waste" means "high-level radioactive waste" as the term is defined in 42 U.S.C. Sec. 10101 (P.L. 97-425).

(4) "Low-level radioactive waste" means waste material that contains radioactive nuclides emitting primarily beta or gamma radiation, or both, in concentrations or quantities that exceed applicable federal or state standards for unrestricted release. Low-level waste does not include waste containing more than one hundred nanocuries of transuranic contaminants per gram of material, nor spent nuclear fuel, nor material classified as either high-level radioactive waste or waste that is unsuited for disposal by near-surface burial under any applicable federal regulations.

(5) "Radioactive waste" means both high-level and low-level radioactive waste.

(6) "Spent nuclear fuel" means spent nuclear fuel as the term is defined in 42 U.S.C. Sec. 10101. [2012 c 19 § 1; 1989 c 322 § 1; 1985 c 293 § 1; 1984 c 161 § 1.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Effective date—2012 c 19: "This act takes effect July 1, 2012." [2012 c 19 § 15.]

43.200.020 Participation authority regarding federal statutes—Federal financial assistance. The department of ecology is designated as the executive branch agency for participation in the federal nuclear waste policy act of 1982 and the federal low-level radioactive waste policy act of 1980, however the legislature retains an autonomous role with respect to participation in all aspects of the federal nuclear waste policy act of 1982. The department may receive federal financial assistance for carrying out radioactive waste management activities, including assistance for expenses, salaries, travel, and monitoring and evaluating the program of repository exploration and siting undertaken by the federal government. [1989 c 322 § 2; 1984 c 161 § 2; 1983 1st ex.s. c 19 § 2.]

43.200.030 Cooperation required. All departments, agencies, and officers of this state and its subdivisions shall cooperate with the department of ecology in the furtherance of any of its activities pursuant to this chapter. [1989 c 322 § 3; 1984 c 161 § 4; 1983 1st ex.s. c 19 § 3.]

43.200.070 Rules. The department of ecology shall adopt such rules as are necessary to carry out responsibilities under this chapter. The department of ecology is authorized to adopt such rules as are necessary to carry out its responsibilities under chapter 43.145 RCW. [1989 c 322 § 5; 1986 c 2 § 5; 1984 c 161 § 8; 1983 1st ex.s. c 19 § 7.]

43.200.080 Additional powers and duties of director—Site closure account—Perpetual surveillance and maintenance account. The director of ecology shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(1) To fulfill the responsibilities of the state under the lease between the state of Washington and the federal government executed September 10, 1964, as amended, covering approximately one hundred fifteen acres of land lying within the Hanford reservation near Richland, Washington. The department of ecology may sublease to private or public entities all or a portion of the land for specific purposes or activities which are determined, after public hearing, to be in agreement with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature;

(2) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965, and the sublease between the state of Washington and the site operator of the commercial low-level radioactive waste disposal facility. In order to finance perpetual surveillance and maintenance under the agreement and ensure site closure under the sublease, the department of ecology shall impose and collect fees from parties holding radioactive materials for waste

management purposes. The fees shall be established by rule adopted under chapter 34.05 RCW and shall be an amount determined by the department of ecology to be necessary to defray the estimated liability of the state. Such fees shall reflect equity between the disposal facilities of this and other states. A site closure account and a perpetual surveillance and maintenance account are hereby created in the state treasury. Site use permit fees collected by the department of health under RCW 70.98.085(3) must be deposited in the site closure account and must be used as specified in RCW 70.98.085(3). Funds in the site closure account other than site use permit fee funds shall be exclusively available to reimburse, to the extent that moneys are available in the account, the site operator for its costs plus a reasonable profit as agreed by the operator and the state, or to reimburse the state licensing agency and any agencies under contract to the state licensing agency for their costs in final closure and decommissioning of the commercial low-level radioactive waste disposal facility. If a balance remains in the account after satisfactory performance of closure and decommissioning, this balance shall be transferred to the perpetual surveillance and maintenance account. The perpetual surveillance and maintenance account shall be used exclusively by the state to meet post-closure surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations. Appropriations are required to permit expenditures and payment of obligations from the site closure account and the perpetual surveillance and maintenance account. Receipts shall be directed to the site closure account and the perpetual surveillance and maintenance account as specified by the department. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the site closure account and the perpetual surveillance and maintenance account. During the 2003-2005 fiscal biennium, the legislature may transfer up to thirteen million eight hundred thousand dollars from the site closure account to the general fund;

(3)(a) Subject to the conditions in (b) of this subsection, on July 1, 2008, and each July 1st thereafter, the treasurer shall transfer from the perpetual surveillance and maintenance account to the site closure account the sum of nine hundred sixty-six thousand dollars. The nine hundred sixty-six thousand dollars transferred on July 1, 2009, and thereafter shall be adjusted to a level equal to the percentage increase in the United States implicit price deflator for personal consumption. The last transfer under this section shall occur on July 1, 2033.

(b) The transfer in (a) of this subsection shall occur only if written agreement is reached between the state department of ecology and the United States department of energy pursuant to section 6 of the perpetual care agreement dated July 29, 1965, between the United States atomic energy commission and the state of Washington. If agreement cannot be reached between the state department of ecology and the United States department of energy by June 1, 2008, the treasurer shall transfer the funds from the general fund to the site closure account according to the schedule in (a) of this subsection.

(c) If for any reason the commercial low-level radioactive waste disposal facility is closed to further disposal operations during or after the 2003-2005 biennium and before

2033, then the amount remaining to be repaid from the 2003-2005 transfer of thirteen million eight hundred thousand dollars from the site closure account shall be transferred by the treasurer from the general fund to the site closure account to fund the closure and decommissioning of the facility. The treasurer shall transfer to the site closure account in full the amount remaining to be repaid upon written notice from the secretary of health that the department of health has authorized closure or that disposal operations have ceased. The treasurer shall complete the transfer within sixty days of written notice from the secretary of health.

(d) To the extent that money in the site closure account together with the amount of money identified for repayment to the site closure account, pursuant to (a) through (c) of this subsection, equals or exceeds the cost estimate approved by the department of health for closure and decommissioning of the facility, the money in the site closure account together with the amount of money identified for repayment to the site closure account shall constitute adequate financial assurance for purposes of the department of health financial assurance requirements;

(4) To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities;

(5) To make application for or otherwise pursue any federal funds to which the state may be eligible, through the federal resource conservation and recovery act or any other federal programs, for the management, treatment or disposal, and any remedial actions, of wastes that are both radioactive and hazardous at all commercial low-level radioactive waste disposal facilities; and

(6) To develop contingency plans for duties and options for the department and other state agencies related to the commercial low-level radioactive waste disposal facility based on various projections of annual levels of waste disposal. These plans shall include an analysis of expected revenue to the state in various taxes and funds related to low-level radioactive waste disposal and the resulting implications that any increase or decrease in revenue may have on state agency duties or responsibilities. The plans shall be updated annually. [2012 c 19 § 2; 2003 1st sp.s. c 21 § 1; 1999 c 372 § 12; 1991 sp.s. c 13 § 60; 1990 c 21 § 6; 1989 c 418 § 2; 1986 c 2 § 1; 1983 1st ex.s. c 19 § 8.]

43.200.170 Waste disposal surcharges and penalty surcharges—Disposition. The governor may assess surcharges and penalty surcharges on the disposal of waste at the commercial low-level radioactive waste disposal facility. The surcharges may be imposed up to the maximum extent permitted by federal law. Ten dollars per cubic foot of the moneys received under this section shall be transmitted monthly to the site closure account established under RCW 43.200.080. The rest of the moneys received under this section shall be deposited in the general fund. [2012 c 19 § 3; 1990 c 21 § 3; 1986 c 2 § 3.]

43.200.180 Implementation of federal low-level radioactive waste policy amendments of 1985. Except as provided in chapter 70.98 RCW related to administration of a user permit system, the department of ecology shall be the state agency responsible for implementation of the federal low-level radioactive waste policy amendments act of 1985, including:

- (1) Collecting and administering the surcharge assessed by the governor under RCW 43.200.170;
- (2) Collecting low-level radioactive waste data from disposal facility operators, generators, intermediate handlers, and the federal department of energy;
- (3) Developing and operating a computerized information system to manage low-level radioactive waste data;
- (4) Denying and reinstating access to the commercial low-level radioactive waste disposal facility pursuant to the authority granted under federal law;
- (5) Administering and/or monitoring (a) the maximum waste volume levels for the commercial low-level radioactive waste disposal facility, (b) reactor waste allocations, (c) priority allocations under the Northwest Interstate Compact on Low-Level Radioactive Waste Management, and (d) adherence by other states and compact regions to federal statutory deadlines; and
- (6) Coordinating the state's low-level radioactive waste disposal program with similar programs in other states. [2012 c 19 § 4; 1998 c 245 § 81; 1986 c 2 § 4.]

Effective date—2012 c 19: See note following RCW 43.200.015.

43.200.190 Studies on site closure and perpetual care and maintenance requirements and on adequacy of insurance coverage. The department of ecology shall perform studies, by contract or otherwise, to define site closure and perpetual care and maintenance requirements for the commercial low-level radioactive waste disposal facility and to assess the adequacy of insurance coverage for general liability, radiological liability, and transportation liability for the facility. [2012 c 19 § 5; 1998 c 245 § 82; 1986 c 2 § 6.]

Effective date—2012 c 19: See note following RCW 43.200.015.

43.200.200 Review of potential damage—Financial assurance. (1) The director of the department of ecology may periodically review the potential for bodily injury and property damage arising from the transportation and disposal of commercial low-level radioactive waste under permits issued by the state.

(2) In making the determination of the appropriate level of financial assurance, the director shall consider:

- (a) The nature and purpose of the activity and its potential for injury and damages to or claims against the state and its citizens;
- (b) The current and cumulative manifested volume and radioactivity of waste being packaged, transported, buried, or otherwise handled;
- (c) The location where the waste is being packaged, transported, buried, or otherwise handled, including the proximity to the general public and geographic features such as geology and hydrology, if relevant; and

(2014 Ed.)

(d) The legal defense cost, if any, that will be paid from the required financial assurance amount. [2012 c 19 § 6; 1998 c 245 § 83; 1992 c 61 § 1; 1990 c 82 § 1; 1986 c 191 § 1.]

Effective date—2012 c 19: See note following RCW 43.200.015.

43.200.220 Site closure fee—Generally. Beginning January 1, 1993, the department of ecology may impose a reasonable site closure fee if necessary to be deposited in the site closure account established under RCW 43.200.080. The department may continue to collect moneys for the site closure account until the account contains an amount sufficient to complete the closure plan, as specified in the radioactive materials license issued by the department of health. [1990 c 21 § 4.]

Additional notes found at www.leg.wa.gov

43.200.230 Fees for waste generators. The director of the department of ecology shall require that generators of waste pay a fee for each cubic foot of waste disposed at any facility in the state equal to six dollars and fifty cents. The fee shall be imposed specifically on the generator of the waste and shall not be considered to apply in any way to the low-level site operator's disposal activities. The fee shall be allocated in accordance with RCW 43.200.233 and 43.200.235. Failure to comply with this section may result in denial or suspension of the generator's site use permit pursuant to RCW 70.98.085. [2012 c 19 § 7; 1991 c 272 § 16.]

- (2) During 1994, three dollars and twenty-five cents per cubic foot of waste; and
- (3) During 1995 and thereafter, two dollars per cubic foot of waste. [1991 c 272 § 17.]

Nuclear waste site—Election for disapproval: Chapter 29A.88 RCW.

43.205.010 Findings. The legislature and the people of the state of Washington find that:

(1) In order to solve the problem of high-level radioactive waste disposal, congress established a process for selecting two sites for the safe, permanent, and regionally equitable disposal of such waste.

(2) The process of selecting three sites as final candidates, including the Hanford reservation, for a first high-level nuclear waste repository by the United States department of energy violated the intent and the mandate of congress.

(3) The United States department of energy has prematurely deferred consideration of numerous potential sites and disposal media that its own research indicates are more appropriate, safer, and less expensive.

(4) Placement of a repository at Hanford without methodical and independently verified scientific evaluation will pose a threat to the health and safety of the people and the environment of this state.

(5) The selection process is flawed and not credible because it did not include independent experts in the selection of the sites and in the review of that selection, as recommended by the National Academy of Sciences.

(6) By postponing indefinitely all site specific work for a second repository, the United States department of energy has not complied with the intent of congress expressed in the Nuclear Waste Policy Act, Public Law 97-425, and the fundamental compromise which enabled its enactment. [1986 ex.s. c 1 § 1.]

43.205.020 Duties relating to the site selection process for a high-level nuclear waste repository. In order to achieve complete compliance with federal law and protect the health, safety, and welfare of the people of the state of Washington, the governor, the legislature, other statewide elected officials, and the nuclear waste board shall use all legal means necessary to:

(1) Suspend the preliminary site selection process for a high-level nuclear waste repository, including the process of site characterization, until there is compliance with the intent of the Nuclear Waste Policy Act;

(2) Reverse the secretary of energy's decision to postpone indefinitely all site specific work on locating and developing a second repository for high-level nuclear waste;

(3) Insist that the United States department of energy's site selection process, when resumed, considers all acceptable geologic media and results in safe, scientifically justified, and regionally and geographically equitable high-level nuclear waste disposal;

(4) Demand that federal budget actions fully and completely follow the intent of the Nuclear Waste Policy Act; and

(5) Continue to pursue alliances with other states and interested parties, particularly with Pacific Northwest governors, legislatures, and other parties, affected by the site selection and transportation of high-level nuclear waste. [1986 ex.s. c 1 § 2.]

SMALL BUSINESS EXPORT FINANCE
ASSISTANCE CENTER
(Formerly: Export assistance center)

43.210.010 Findings. The legislature finds:

(1) The exporting of goods and services from Washington to international markets is an important economic stimulus to the growth, development, and stability of the state's businesses in both urban and rural areas, and that these economic activities create needed jobs for Washingtonians.

(2) Impediments to the entry of many small and medium-sized businesses into export markets have restricted growth in exports from the state.

(3) Particularly significant impediments for many small and medium-sized businesses are the lack of easily accessible information about export opportunities and financing alternatives.

(4) There is a need for a small business export finance assistance center which will specialize in providing export assistance to small and medium-sized businesses throughout the state in acquiring information about export opportunities and financial alternatives for exporting. [1990 1st ex.s. c 17 § 65; 1985 c 231 § 1; 1983 1st ex.s. c 20 § 1.]

Intent—1990 1st ex.s. c 17: "The legislature finds that the Puget Sound region is experiencing economic prosperity and the challenges associated with rapid growth; much of the rest of the state is not experiencing economic prosperity, and faces challenges associated with slow economic growth. It is the intent of the legislature to encourage economic prosperity and balanced economic growth throughout the state.

In order to accomplish this goal, growth must be managed more effectively in the Puget Sound region, and rural areas must build local capacity to accommodate additional economic activity in their communities. Where possible, rural economies and low-income areas should be linked with prosperous urban economies to share economic growth for the benefit of all areas and the state.

To accomplish this goal it is the intent of the legislature to: (1) Assure equitable opportunities to secure prosperity for distressed areas, rural communities, and disadvantaged populations by promoting urban-rural economic links, and by promoting value-added product development, business networks, and increased exports from rural areas; (2) improve the economic

development service delivery system to be better able to serve these areas, communities, and populations; (3) redirect the priorities of the state's economic development programs to focus economic development efforts into areas and sectors of the greatest need; (4) build local capacity so that communities are better able to plan for growth and achieve self-reliance; (5) administer grant programs to promote new feasibility studies and project development on projects of interest to rural areas or areas outside of the Puget Sound region; and (6) develop a coordinated economic investment strategy involving state economic development programs, businesses, educational and vocational training institutions, local governments and local economic development organizations, ports, and others." [1990 1st ex.s. c 17 § 64.]

(1) To assist small and medium-sized businesses in both urban and rural areas in the financing of export transactions.

43.211.010	211 system.
43.211.020	Definitions.

43.211.901	Severability—2003 c 135.
43.211.902	Effective date—2003 c 135.

43.211.005 Findings. The legislature finds that the implementation of a single easy to use telephone number, 211, for public access to information and referral for health and human services and information about access to services after a natural or nonnatural disaster will benefit the citizens of the state of Washington by providing easier access to available health and human services, by reducing inefficiencies in connecting people with the desired service providers, and by reducing duplication of efforts. The legislature further finds in a time of reduced resources for providing health and human services that establishing a cost-effective means to continue to provide information to the public about available services is important. The legislature further finds that an integrated statewide system of local information and referral service providers will build upon an already existing network of experienced service providers without the necessity of creating a new agency, department, or system to provide 211 services. The legislature further finds that no funds should be appropriated by the legislature to a 211 system under chapter 135, Laws of 2003 without receiving documentation that a 211 system will provide savings to the state. [2003 c 135 § 1.]

43.211.010 211 system. 211 is created as the official state dialing code for public access to information and referral for health and human services and information about access to services after a natural or nonnatural disaster. [2003 c 135 § 2.]

43.211.070 Reports to the legislature. WIN 211 shall provide an annual report to the legislature and the department beginning July 1, 2004. [2003 c 135 § 8.]

43.211.900 Captions not law. Captions used in this chapter are not part of the law. [2003 c 135 § 9.]

GENERAL PROVISIONS

43.215.005 Finding—Purpose. (1) The legislature recognizes that:

(a) Parents are their children's first and most important teachers and decision makers;

(b) Research across disciplines now demonstrates that what happens in the earliest years makes a critical difference in children's readiness to succeed in school and life;

(c) Washington's competitiveness in the global economy requires a world-class education system that starts early and supports lifelong learning;

(d) Washington state currently makes substantial investments in voluntary child care and early learning services and supports, but because services are fragmented across multiple state agencies, and early learning providers lack the supports and incentives needed to improve the quality of services they provide, many parents have difficulty accessing high quality early learning services;

(e) A more cohesive and integrated voluntary early learning system would result in greater efficiencies for the state, increased partnership between the state and the private sector, improved access to high quality early learning services, and better employment and early learning outcomes for families and all children.

(2) The legislature finds that:

(a) The early years of a child's life are critical to the child's healthy brain development and that the quality of caregiving during the early years can significantly impact the child's intellectual, social, and emotional development;

(b) A successful outcome for every child obtaining a K-12 education depends on children being prepared from birth for academic and social success in school. For children at risk of school failure, the achievement gap often emerges as early as eighteen months of age;

(c) There currently is a shortage of high quality services and supports for children ages birth to three and their parents and caregivers; and

(d) Increasing the availability of high quality services for children ages birth to three and their parents and caregivers will result in improved school and life outcomes.

(3) Therefore, the legislature intends to establish a robust birth-to-three continuum of services for parents and caregivers of young children in order to provide education and support regarding the importance of early childhood development.

(4) The purpose of this chapter is:

(a) To establish the department of early learning;

(b) To coordinate and consolidate state activities relating to child care and early learning programs;

(c) To safeguard and promote the health, safety, and well-being of children receiving child care and early learning assistance, which is paramount over the right of any person to provide care;

(2014 Ed.)

(d) To provide tools to promote the hiring of suitable providers of child care by:

(i) Providing parents with access to information regarding child care providers;

(ii) Providing parents with child care licensing action histories regarding child care providers; and

(iii) Requiring background checks of applicants for employment in any child care facility licensed or regulated under current law;

(e) To promote linkages and alignment between early learning programs and elementary schools and support the transition of children and families from prekindergarten environments to kindergarten;

(f) To promote the development of a sufficient number and variety of adequate child care and early learning facilities, both public and private; and

(g) To license agencies and to assure the users of such agencies, their parents, the community at large and the agencies themselves that adequate minimum standards are maintained by all child care and early learning facilities.

(5) This chapter does not expand the state's authority to license or regulate activities or programs beyond those licensed or regulated under existing law. [2010 c 232 § 1; 2007 c 415 § 1; 2006 c 265 § 101.]

Such comparison shall include, but not be

limited to, achievement as children of both groups progress through the K-12 system and identify year-to-year changes in achievement, if any, in later years of elementary, middle school, and high school education. [2006 c 265 § 109.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Finding—Purpose—2011 c 177: "The legislature finds that to fully comply with requirements in section 642B of the federal head start act, 42 U.S.C. Sec. 9837b, regarding state advisory council membership, Washington must amend existing law to reflect necessary changes in early learning advisory council membership in accordance with the federal requirement.

Accordingly, the purpose of this act is to specify four of the governor's appointees as permanent members on the early learning advisory council to comply with state advisory council requirements as follows: The head start state collaboration office director or a designee; a representative of a head start, early head start, migrant/seasonal head start, or tribal head start program; a representative of a local education agency; and a representative of the state agency responsible for programs under section 619 or part C of the federal individuals with disabilities education act. Intent—2010 c 234: "The department of early learning, the superintendent of public instruction, and thrive by five's joint early learning recommendations to the governor, and the quality education council's January 2010 recommendations to the legislature both suggested that a voluntary program of early learning should be included within the overall program of basic education. The legislature intends to examine these recommendations and Attorney General Opinion Number 8 (2009) through the development of a working group to identify and recommend a comprehensive plan." [2010 c 234 § 1.]

Finding—Declaration—Captions not law—2007 c 394: See notes following RCW 43.215.010.

43.215.100 Early achievers program—Voluntary quality rating and improvement system—Report to the legislature. (1) Subject to the availability of amounts appropriated for this specific purpose, the department, in collaboration with community and statewide partners, shall implement a voluntary quality rating and improvement system, called the early achievers program, that is applicable to licensed or certified child care centers and homes and early education programs.

(2) The purpose of the early achievers program is: (a) To give parents clear and easily accessible information about the quality of child care and early education programs, support improvement in early learning programs throughout the state, increase the readiness of children for school, and close the disparity in access to quality care; and (b) to establish a common set of expectations and standards that define, measure, and improve the quality of early learning settings.

(3) Participation in the early achievers program is voluntary for licensed or certified child care centers and homes.

(4) By fiscal year 2015, Washington state preschool programs receiving state funds must enroll in the early achievers program and maintain a minimum score level.

(5) Before final implementation of the early achievers program, the department shall report on program progress, as defined within the race to the top federal grant award, and expenditures to the appropriate policy and fiscal committees of the legislature. Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects. [2013 c 323 § 6; 2007 c 394 § 4.]

Finding—Declaration—Captions not law—2007 c 394: See notes following RCW 43.215.010.

The department shall incorporate the core competencies into all appropriate professional development opportunities including, but not limited to, the quality rating and improvement system, the early childhood education and assistance program, child care licensing, and the early support for infants and toddlers program. The purpose of the core competencies is to serve as a foundation for what early care and education professionals and child and youth development professionals need to know and do to provide quality care for children. The core competencies must be reviewed and updated every five years. [2012 c 149 § 2.]

Findings—2012 c 149: "The legislature finds that adopting statewide core competencies for early care and education professionals and child and youth development professionals is important because the competencies:

(2) Serve as the foundation for decisions and practices carried out by professionals in all early care and education settings and school-age child care settings;

(3) Establish a set of standards for early care and education professionals and child and youth development professionals that support the professionalism for the field;

(4) Are an integral part of a comprehensive professional development system; and

(5) Recognize existing standards met by nationally chartered nonprofit youth development agencies providing facility-based after school services for school-age children as relevant and sufficient standards." [2012 c 149 § 1.]

43.215.125 Washington head start program proposal—Report. (1) For the 2009-2011 fiscal biennium, to the extent funds are appropriated for this purpose, the department shall develop a proposal for implementing a statewide Washington head start program. To the extent possible while maintaining quality standards, the proposal should align the state early childhood education and assistance program with federal head start program eligibility criteria, guidelines, performance standards, and methods/processes for ensuring continuous improvement in program quality. In this proposal, the department shall make recommendations that:

(a) Identify federal head start program guidelines, performance measures and standards, or other requirements for which state flexibility would be recommended. This shall include an analysis of how state flexibility may impact outcomes for children and how that flexibility might deviate from outcomes associated with the federal standards. Areas to be examined must include, but are not limited to, transportation requirements, service hour configurations, delivery methods, and impact on rural programs;

(b) Provide comparative data regarding child performance, readiness, and educational outcomes for Washing-

ton's existing head start and early childhood education and assistance programs;

(c) Determine the alignment between head start standards and the recommendations of Washington learns;

(d) Identify any change in the state early childhood education and assistance program laws that would be required to implement the Washington head start proposal;

(e) Identify additional resources needed to meet federal guidelines and standards. Areas to be examined must include, but are not limited to: Per-child funding levels, professional development and training needs, facilities needs, and technical assistance;

(f) Identify state early childhood education and assistance programs that do and do not offer full-day, full-year services to children, and what transition steps would be needed for these programs to operate in the same manner as federal head start programs;

(g) Provide steps for phasing-in the Washington head start proposal;

(h) Include a timeline, strategy, and funding needs to implement a statewide, state-supported early head start program as a component of the Washington head start proposal; and

(i) Detail the process the department would take with the regional office of federal head start in identifying any exceptions or waivers needed to provide flexibility and maintain high quality standards.

(2) In developing its recommendations for this proposal, the department shall seek, where appropriate and available, training or technical assistance from the appropriate regional office of federal head start in order to maximize nonstate resources that might be available for the consultative work and research involved with developing this proposal. The department also shall consult with and solicit input from:

(a) State early childhood education and assistance program providers on Indian reservations and across the state, including providers who operate solely state-supported programs;

(b) Tribal governments operating head start programs and early head start programs in the state to ensure that the needs of Indian and Alaskan native children and their families are incorporated into the recommendations of the proposal, especially as they pertain to standards or guidelines around language acquisition, school readiness, availability and need for services among Indian and Alaskan native children and their families, and curriculum development; and

(c) Providers operating migrant and seasonal head start programs in the state in order to address the needs of the children of migrant and seasonal farmworker families.

(3) The department shall make recommendations on how it would periodically review the standards and guidelines within the Washington head start program, including incorporation of the latest research and information on early childhood development as well as any new innovations that may further improve outcomes to low-income children and their families.

(4) The department's recommendations on a Washington head start proposal shall include how the proposal aligns with the department's current statutory duties. The recommendations shall also include any other options that may improve the quality of state-supported early learning programs.

(5) The department shall deliver its report to the governor and legislature by December 1, 2009. [2009 c 564 § 941; 2008 c 164 § 2.]

Effective date—2009 c 564: See note following RCW 2.68.020.

Findings—2008 c 164: "The legislature finds that:

(1) It is in the best interest of the state to provide early learning services to economically disadvantaged families;

(2) Research has demonstrated that comprehensive services, including family support services designed to meet the early education needs of low-income and at-risk children, are successful in improving school readiness, reducing the risk of juvenile delinquency and incarceration, and reducing reliance on public assistance among these children later in life;

(3) The state's early childhood education and assistance program was originally established to serve as the state counterpart to the federal head start program. When it was created, it aligned with the federal program in both standards and funding levels;

(4) The state early childhood education and assistance program has served an important role in providing comprehensive services to low-income children. However, since it was first created, per-child funding levels for the state program have not kept pace with funding levels for the federal program. This has resulted in fewer service hours for children and less intensive services for families;

(5) Aligning performance standards and funding levels for the state early childhood education and assistance program with federal head start will improve the quality of state-supported early learning programs. Additionally, it will improve school readiness through measures, such as a forty percent increase in class time, and it will achieve administrative efficiencies and make state-supported services more easily recognizable and accessible to parents and families eligible for these programs; and

(6) Providing quality early learning services for children from birth to age three is the most cost-effective investment society can make. Additionally, the state can use the demonstrated results from the federal early head start program as an example to expand its reach of services already provided to three and four-year old children to children in the critical birth to three years age category." [2008 c 164 § 1.]

43.215.130 Home visiting services account—Purpose—Administration—Funding. (1)(a) The home visiting services account is created in the state treasury. Revenues to the account shall consist of appropriations by the legislature and all other sources deposited in the account. All federal funds received by the department for home visiting activities must be deposited into the account.

(b)(i) Expenditures from the account shall be used for state matching funds for the purposes of the program established in this section and federally funded activities for the home visiting program, including administrative expenses.

(ii) The department oversees the account and is the lead state agency for home visiting system development. The non-governmental private-public partnership administers the home visiting service delivery system and provides implementation support functions to funded programs.

(iii) It is the intent of the legislature that state funds invested in the account be matched at fifty percent by the private-public partnership each fiscal year. However, state funds in the account may be accessed in the event that the private-public partnership fails to meet the fifty percent match target. Should the private-public partnership not meet the fifty percent match target by the conclusion of the fiscal year ending on June 30th, the department and the private-public partnership, shall jointly submit a report to the relevant legislative committees detailing the reasons why the fifty percent match target was not met, the actual match rate achieved, and a plan to achieve fifty percent match in the subsequent fiscal year. This report shall be submitted as promptly as practicable, but the lack of receipt of this report shall not prevent state funds in the account from being accessed.

(iv) Amounts used for program administration by the department may not exceed an average of four percent in any two consecutive fiscal years.

(v) Authorizations for expenditures may be given only after private funds are committed. The nongovernmental private-public partnership must report to the department quarterly to demonstrate sufficient investment of private match funds.

(c) Expenditures from the account are subject to appropriation and the allotment provisions of chapter 43.88 RCW.

(2) The department must expend moneys from the account to provide state matching funds for partnership activities to implement home visiting services and administer the infrastructure necessary to develop, support, and evaluate evidence-based, research-based, and promising home visiting programs.

(3) Activities eligible for funding through the account include, but are not limited to:

(a) Home visiting services that achieve one or more of the following: (i) Enhancing child development and well-being by alleviating the effects on child development of poverty and other known risk factors; (ii) reducing the incidence of child abuse and neglect; or (iii) promoting school readiness for young children and their families; and

(b) Development and maintenance of the infrastructure for home visiting programs, including training, quality improvement, and evaluation.

(4) Beginning July 1, 2010, the department shall contract with the nongovernmental private-public partnership designated in RCW 43.215.070 to administer programs funded through the home visiting services account. The department shall monitor performance and provide periodic reports on the use outcomes of the home visiting services account.

(5) The nongovernmental private-public partnership shall, in the administration of the programs:

(a) Fund programs through a competitive bid process or in compliance with the regulations of the funding source; and

(b) Convene an advisory committee of early learning and home visiting experts, including one representative from the department, to advise the partnership regarding research and the distribution of funds from the account to eligible programs. [2013 c 165 § 1; 2010 1st sp.s. c 37 § 933.]

Effective date—2010 1st sp.s. c 37: See note following RCW 13.06.050.

43.215.135 Working connections child care program—Subsidy authorization. (1) The department shall establish and implement policies in the working connections child care program to promote stability and quality of care for children from low-income households. Policies for the expenditure of funds constituting the working connections child care program must be consistent with the outcome measures defined in RCW 74.08A.410 and the standards established in this section intended to promote continuity of care for children.

(2) Beginning in fiscal year 2013, authorizations for the working connections child care subsidy shall be effective for twelve months unless a change in circumstances necessitates reauthorization sooner than twelve months. The twelve-month certification applies only if the enrollments in the

child care subsidy or working connections child care program are capped.

(3) Subject to the availability of amounts appropriated for this specific purpose, beginning September 1, 2013, working connections child care providers shall receive a five percent increase in the subsidy rate for enrolling in level 2 in the early achievers programs. Providers must complete level 2 and advance to level 3 within thirty months in order to maintain this increase. [2013 c 323 § 9. Prior: 2012 c 253 § 5; 2012 c 251 § 1; 2011 1st sp.s. c 42 § 11; 2010 c 273 § 2.]

Findings—Purpose—2012 c 253: See note following RCW 74.08.580.

Effective date—2012 c 251: "This act takes effect July 1, 2012." [2012 c 251 § 3.]

Finding—2011 1st sp.s. c 42: See note following RCW 74.04.004.

Intent—2010 c 273: "It is the intent of the legislature that this act be implemented within the funding appropriated in the 2009-11 biennial budget. No additional appropriations will be provided for its implementation." [2010 c 273 § 7.]

43.215.1351 Working connections child care program—Unemployment compensation. For the working connections child care program, the department shall not count the twenty-five dollar increase paid as part of an individual's weekly benefit amount as provided in RCW 50.20.1202 when determining a consumer's income eligibility and copayment. [2011 c 4 § 17.]

Effective date—2011 c 4 §§ 1-6 and 16-21: See note following RCW 50.20.1202.

Conflict with federal requirements—2011 c 4: See note following RCW 50.20.1202.

43.215.1352 Working connections child care program—Requirements for applicants and recipients. When an applicant or recipient applies for or receives working connections child care benefits, he or she is required to:

(1) Notify the department of social and health services, within five days, of any change in providers; and

(2) Notify the department of social and health services, within ten days, about any significant change related to the number of child care hours the applicant or recipient needs, cost sharing, or eligibility. [2012 c 251 § 2.]

Effective date—2012 c 251: See note following RCW 43.215.135.

43.215.136 Working connections child care program—Standards and guidelines—Duties of the department—Duties of the department of social and health services. (1) The standards and guidelines described in this section are intended for the guidance of the department and the department of social and health services. They are not intended to, do not, and may not be relied upon to create a right or benefit, substantive or procedural, enforceable at law by a party in litigation with the state.

(2) When providing services to parents applying for or receiving working connections child care benefits, the department must provide training to departmental employees on professionalism.

(3) When providing services to parents applying for or receiving working connections child care benefits, the department of social and health services has the following responsibilities:

(a) To return all calls from parents receiving working connections child care benefits within two business days of receiving the call;

(b) To develop a process by which parents receiving working connections child care benefits can submit required forms and information electronically by June 30, 2015;

(c) To notify providers and parents ten days before the loss of working connections child care benefits; and

(d) To provide parents with a document that explains in detail and in easily understood language what services they are eligible for, how they can appeal an adverse decision, and the parents' responsibilities in obtaining and maintaining eligibility for working connections child care. [2013 c 337 § 1.]

43.215.140 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Community-based early learning providers" includes for-profit and nonprofit licensed providers of child care and preschool programs.

(2) "Program" means the program of early learning established in *RCW 43.215.141 for eligible children who are three and four years of age. [2010 c 231 § 2.]

*Reviser's note: RCW 43.215.141 was recodified as RCW 43.215.455 pursuant to 2013 2nd sp.s. c 16 § 5.

43.215.145 Home visitation programs—Findings—Intent. The legislature finds that:

(1) The years from birth to three are critical in building the social, emotional, and cognitive developmental foundations of a young child. Research into the brain development of young children reveals that children are born learning.

(2) The farther behind children are in their social, emotional, physical, and cognitive development, the more difficult it will be for them to catch up.

(3) A significant number of children age birth to five years are born with two or more of the following risk factors and have a greater chance of failure in school and beyond: Poverty; single or no parent; no parent employed full time or full year; all parents with disability; and mother without a high school degree.

(4) Parents and children involved in home visitation programs exhibit better birth outcomes, enhanced parent and child interactions, more efficient use of health care services, enhanced child development including improved school readiness, and early detection of developmental delays, as well as reduced welfare dependence, higher rates of school completion and job retention, reduction in frequency and severity of maltreatment, and higher rates of school graduation.

The legislature intends to promote the use of voluntary home visitation services to families as an early intervention strategy to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of a high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes. [2007 c 466 § 1. Formerly RCW 43.121.170.]

(2014 Ed.)

and RCW 43.215.145, 43.215.147, and *43.121.185 unless the context clearly requires otherwise.

(1) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population.

(2) "Home visitation" means providing services in the permanent or temporary residence, or in other familiar surroundings, of the family receiving such services.

(3) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices. [2011 1st sp.s. c 32 § 6; 2007 c 466 § 2. Formerly RCW 43.121.175.]

43.215.147 Home visitation programs—Funding—Home visitation services coordination or consolidation plan.

(1) Within available funds, the department shall fund evidence-based and research-based home visitation programs for improving parenting skills and outcomes for children. Home visitation programs must be voluntary and must address the needs of families to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes. In order to maximize opportunities to obtain matching funds from private entities, general funds intended to support home visiting funding shall be appropriated to the home visiting services account established in RCW 43.215.130.

(2) The department shall work with the department of social and health services, the department of health, the private-public partnership created in RCW 43.215.070, and key partners and stakeholders to develop a plan to coordinate or consolidate home visitation services for children and families to the extent practicable. LICENSING

43.215.200 Director's licensing duties. It shall be the director's duty with regard to licensing:

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2) In consultation with the state fire marshal's office, the director shall use an interagency process to address health

and safety requirements for child care programs that serve school-age children and are operated in buildings that contain public or private schools that safely serve children during times in which school is in session;

(3) In consultation and with the advice and assistance of parents or guardians, and persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed under this chapter;

(4) In consultation with law enforcement personnel, the director shall investigate the conviction record or pending charges of each agency and its staff seeking licensure or relicensure, and other persons having unsupervised access to children in care;

(5) To satisfy the shared background check requirements provided for in RCW 43.215.215 and 43.20A.710, the department of early learning and the department of social and health services shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person;

(6) To issue, revoke, or deny licenses to agencies pursuant to this chapter. Licenses shall specify the category of care that an agency is authorized to render and the ages and number of children to be served;

(7) To prescribe the procedures and the form and contents of reports necessary for the administration of this chapter and to require regular reports from each licensee;

(8) To inspect agencies periodically to determine whether or not there is compliance with this chapter and the requirements adopted under this chapter;

(9) To review requirements adopted under this chapter at least every two years and to adopt appropriate changes after consultation with affected groups for child day care requirements; and

(10) To consult with public and private agencies in order to help them improve their methods and facilities for the care and early learning of children. [2011 c 359 § 2; 2011 c 253 § 3; 2007 c 415 § 3; 2006 c 265 § 301.]

Reviser's note: This section was amended by 2011 c 253 § 3 and by 2011 c 359 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Finding—Intent—2011 c 359: "(1) The legislature finds that some licensed child care centers seeking to operate in public schools incur substantial costs to renovate spaces that are considered safe for children to use for the purpose of education. Consequently, families are forced to seek before or after school child care outside of the school building, resulting in additional transitions for students.

(2) It is the legislature's intent to allow licensed child care centers that serve school-age children to operate in facilities that provide a safe and healthy environment for children to use for the purpose of education. With respect to section 2(2) of this act, the legislature intends that the development of any related child care licensing requirements shall:

- (a) Ensure safe and healthy environments for children;
- (b) Utilize existing rule-making processes and resources;
- (c) Utilize existing requirements as a starting point rather than create an entirely new set of requirements; and
- (d) Give due consideration to the burdens imposed by inconsistent licensing requirements." [2011 c 359 § 1.]

Captions not law—2007 c 415: See note following RCW 43.215.005.

43.215.205 Minimum requirements for licensure. Applications for licensure shall require, at a minimum, the following information:

(1) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(2) The character, suitability, and competence of an agency and other persons associated with an agency directly responsible for the care of children;

(3) The number of qualified persons required to render the type of care for which an agency seeks a license;

(4) The health, safety, cleanliness, and general adequacy of the premises to provide for the comfort, care, and well-being of children;

(5) The provision of necessary care and early learning, including food, supervision, and discipline; physical, mental, and social well-being; and educational and recreational opportunities for those served;

(6) The financial ability of an agency to comply with minimum requirements established under this chapter; and

(7) The maintenance of records pertaining to the care of children. [2007 c 415 § 4.]

Captions not law—2007 c 415: See note following RCW 43.215.005.

43.215.210 Fire protection—Powers and duties of chief of the Washington state patrol. The chief of the Washington state patrol, through the director of fire protection, shall have the power and it shall be his or her duty:

(1) In consultation with the director and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt recognized minimum standard requirements pertaining to each category of agency established pursuant to this chapter necessary to protect all persons residing therein from fire hazards;

(2) To adopt licensing minimum standard requirements to allow children who attend classes in a school building during school hours to remain in the same building to participate in before-school or after-school programs and to allow participation in such before-school and after-school programs by children who attend other schools and are transported to attend such before-school and after-school programs;

(3) To make or cause to be made such inspections and investigations of agencies as he or she deems necessary;

(4) To make a periodic review of requirements under *RCW 43.215.200(5) and to adopt necessary changes after consultation as required in subsection (1) of this section;

(5) To issue to applicants for licenses under this chapter who comply with the requirements, a certificate of compliance, a copy of which shall be presented to the department before a license shall be issued, except that an initial license may be issued as provided in RCW 43.215.280. [2013 c 227 § 1; 2006 c 265 § 302.]

***Reviser's note:** RCW 43.215.200 was amended by 2007 c 415 § 3, changing subsection (5) to subsection (6). RCW 43.215.200 was subsequently amended by 2011 c 359 § 2 and by 2011 c 253 § 3, changing subsection (6) to subsection (8).

43.215.215 Character, suitability, and competence to provide child care and early learning services—Fingerprint criminal history record checks—Background check clearance card or certificate—Shared background checks. (1) In determining whether an individual is of appro-

priate character, suitability, and competence to provide child care and early learning services to children, the department may consider the history of past involvement of child protective services or law enforcement agencies with the individual for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of a child. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes. No unfounded or inconclusive allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this chapter.

(2) In order to determine the suitability of individuals newly applying for an agency license, new licensees, their new employees, and other persons who newly have unsupervised access to children in care, shall be fingerprinted.

(a) The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history record check.

(b)(i) Effective July 1, 2012, all individuals applying for first-time agency licenses, all new employees, and other persons who have not been previously qualified by the department to have unsupervised access to children in care must be fingerprinted and obtain a criminal history record check pursuant to this section.

(ii) Persons required to be fingerprinted and obtain a criminal [history] record check pursuant to this section must pay for the cost of this check as follows: The fee established by the Washington state patrol for the criminal background history check, including the cost of obtaining the fingerprints; and a fee paid to the department for the cost of administering the individual-based/portable background check clearance registry. The fee paid to the department must be deposited into the individual-based/portable background check clearance account established in RCW 43.215.218. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(c) The director shall use the fingerprint criminal history record check information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children.

(d) Criminal justice agencies shall provide the director such information as they may have and that the director may require for such purpose.

(e) No later than July 1, 2013, all agency licensees holding licenses prior to July 1, 2012, persons who were employees before July 1, 2012, and persons who have been qualified by the department before July 1, 2012, to have unsupervised access to children in care, must submit a new background application to the department. The department must require persons submitting a new background application pursuant to this subsection (2)(e) to pay a fee to the department for the cost of administering the individual-based/portable background check clearance registry. This fee must be paid into the individual-based/portable background check clearance account established in RCW 43.215.218. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these

(2014 Ed.)

costs. The licensee and the prospective employee may share these costs.

(f) The department shall issue a background check clearance card or certificate to the applicant if after the completion of a background check the department concludes the applicant is qualified for unsupervised access to children in care. The background check clearance card or certificate is valid for three years from the date of issuance. A valid card or certificate must be accepted by a potential employer as proof that the applicant has successfully completed a background check as required under this chapter.

(g) The original applicant for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care shall submit a new background check application to the department, on a form and by a date as determined by the department.

(h) The applicant and agency shall maintain on-site for inspection a copy of the background check clearance card or certificate.

(i) Individuals who have been issued a background check clearance card or certificate shall report nonconviction and conviction information to the department within twenty-four hours of the event constituting the nonconviction or conviction information.

(j) The department shall investigate and conduct a re-determination of an applicant's or licensee's background clearance if the department receives a complaint or information from individuals, a law enforcement agency, or other federal, state, or local government agency. Subject to the requirements contained in RCW 43.215.300 and 43.215.305 and based on a determination that an individual lacks the appropriate character, suitability, or competence to provide child care or early learning services to children, the department may: (i) Invalidate the background card or certificate; or (ii) suspend, modify, or revoke any license authorized by this chapter.

(3) To satisfy the shared background check requirements of the department of early learning and the department of social and health services, each department shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person. [2011 c 295 § 2; 2011 c 253 § 4; 2007 c 415 § 5.]

Reviser's note: This section was amended by 2011 c 253 § 4 and by 2011 c 295 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

43.215.216 Background check clearance registry—Background application form. Subject to appropriation, the department of early learning shall establish and maintain an individual-based or portable background check clearance registry by July 1, 2012. Any individual seeking a child care license or employment in any child care facility licensed or regulated under current law shall submit a background appli-

cation on a form prescribed by the department in rule. [2011 c 295 § 1.]

43.215.217 Fee for developing and administering individual-based/portable background check clearance registry. Effective July 1, 2011, all agency licensees shall pay the department a one-time fee established by the department. When establishing the fee, the department must consider the cost of developing and administering the registry, and shall not set a fee which is estimated to generate revenue beyond estimated costs for the development and administration of the registry. Fee revenues must be deposited in the individual-based/portable background check clearance account created in RCW 43.215.218 and may be expended only for the costs of developing and administering the individual-based/portable background check clearance registry created in RCW 43.215.216. [2011 c 295 § 4.]

43.215.218 Individual-based/portable background check clearance account. The individual-based/portable background check clearance account is created in the custody of the state treasurer. All fees collected pursuant to RCW 43.215.215 and 43.215.217 must be deposited in the account. Expenditures from the account may be made only for development and administration, and implementation of the individual-based/portable background check registry established in RCW 43.215.216. Only the director of the department of early learning or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2011 c 295 § 5.]

43.215.220 Licensed day care centers—Notice of pesticide use. Licensed child day care centers shall provide notice of pesticide use to parents or guardians of students and employees pursuant to chapter 17.21 RCW. [2006 c 265 § 303.]

43.215.230 Articles of incorporation. A copy of the articles of incorporation of any agency or amendments to the articles of existing corporation agencies shall be sent by the secretary of state to the department at the time such articles or amendments are filed. [2006 c 265 § 304.]

43.215.240 Access to agencies—Records inspection. All agencies subject to this chapter shall accord the department, the chief of the Washington state patrol, and the director of fire protection, or their designees, the right of entrance and the privilege of access to and inspection of records for the purpose of determining whether or not there is compliance with the provisions of this chapter and the requirements adopted under it. [2006 c 265 § 305.]

43.215.250 License required. (1) It is unlawful for any agency to care for children unless the agency is licensed as provided in this chapter.

(2) A license issued under chapter 74.15 RCW before July 1, 2006, for an agency subject to this chapter after July 1, 2006, is valid until its next renewal, unless otherwise suspended or revoked by the department. [2006 c 265 § 306.]

43.215.255 License fees. (1) The director shall charge fees to the licensee for obtaining a license. The director may waive the fees when, in the discretion of the director, the fees would not be in the best interest of public health and safety, or when the fees would be to the financial disadvantage of the state.

(2) Fees charged shall be based on, but shall not exceed, the cost to the department for the licensure of the activity or class of activities and may include costs of necessary inspection.

(3) The director shall establish the fees charged by rule. [2007 c 17 § 1.]

43.215.260 License application—Nonexpiring licenses—Issuance, renewal, duration. (1) Each agency shall make application for a license or the continuation of a full license to the department on forms prescribed by the department. Upon receipt of such application, the department shall either grant or deny a license or continuation of a full license within ninety days. A license or continuation shall be granted if the agency meets the minimum requirements set forth in this chapter and the departmental requirements consistent with this chapter, except that an initial license may be issued as provided in RCW 43.215.280. The department shall consider whether an agency is in good standing, as defined in subsection (4)(b) of this section, before granting a continuation of a full license. Full licenses provided for in this chapter shall continue to remain valid so long as the licensee meets the requirements for a nonexpiring license in subsection (2) of this section. The licensee, however, shall advise the director of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee and the location stated in the application. For licensed family day care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move.

(2) In order to qualify for a nonexpiring full license, a licensee must meet the following requirements on an annual basis as established from the date of initial licensure:

(a) Submit the annual licensing fee;

(b) Submit a declaration to the department indicating the licensee's intent to continue operating a licensed child care program, or the intent to cease operation on a date certain;

(c) Submit a declaration of compliance with all licensing rules; and

(d) Submit background check applications on the schedule established by the department.

(3) If a licensee fails to meet the requirements in subsection (2) of this section for continuation of a full license the license expires and the licensee must submit a new application for licensure under this chapter.

(4)(a) Nothing about the nonexpiring license process may interfere with the department's established monitoring practice.

(b) For the purpose of this section, an agency is considered to be in good standing if in the intervening period between monitoring visits the agency does not have any of the following:

(i) Valid complaints;

(ii) A history of noncompliance related to those valid complaints or pending from prior monitoring visits; or

(iii) Other information that when evaluated would result in a finding of noncompliance with this section.

(c) The department shall consider whether an agency is in good standing when determining the most appropriate approach and process for monitoring visits, for the purposes of administrative efficiency while protecting children, consistent with this chapter. If the department determines that an agency is not in good standing, the department may issue a probationary license, as provided in RCW 43.215.290. [2011 c 297 § 1; 2006 c 265 § 307.]

43.215.270 License renewal. (1) If a licensee desires to apply for a renewal of its license, a request for a renewal shall be filed ninety days before the expiration date of the license. If the department has failed to act at the time of the expiration date of the license, the license shall continue in effect until such time as the department acts.

(2) License renewal under this section does not apply to nonexpiring licenses described in RCW 43.215.260. [2011 c 297 § 3; 2006 c 265 § 308.]

43.215.280 Initial licenses. The director may, at his or her discretion, issue an initial license instead of a full license, to an agency or facility for a period not to exceed six months, renewable for a period not to exceed two years, to allow such agency or facility reasonable time to become eligible for full license. [2006 c 265 § 309.]

43.215.290 Probationary licenses. (1) The department may issue a probationary license to a licensee who has had an initial, expiring, or other license but is temporarily unable to comply with a rule or has been the subject of multiple complaints or concerns about noncompliance if:

(a) The noncompliance does not present an immediate threat to the health and well-being of the children but would be likely to do so if allowed to continue; and

(b) The licensee has a plan approved by the department to correct the area of noncompliance within the probationary period.

(2) Before issuing a probationary license, the department shall, in writing, refer the licensee to the child care resource and referral network or other appropriate resource for technical assistance. The department may issue a probationary license pursuant to subsection (1) of this section if within fifteen working days after the department has sent its referral:

(a) The licensee, in writing, has refused the department's referral for technical assistance; or

(b) The licensee has failed to respond in writing to the department's referral for technical assistance.

(3) If the licensee accepts the department's referral for technical assistance issued under subsection (2) of this section, the department, the licensee, and the technical assistance provider shall meet within thirty days after the licensee's acceptance. The licensee and the department, in consultation with the technical assistance provider, shall develop a plan to correct the areas of noncompliance identified by the department. If, after sixty days, the licensee has not corrected the areas of noncompliance identified in the plan developed in consultation with the technical assistance provider, the

department may issue a probationary license pursuant to subsection (1) of this section.

(4) A probationary license may be issued for up to six months, and at the discretion of the department it may be extended for an additional six months. The department shall immediately terminate the probationary license, if at any time the noncompliance for which the probationary license was issued presents an immediate threat to the health or well-being of the children.

(5) The department may, at any time, issue a probationary license for due cause that states the conditions of probation.

(6) An existing license is invalidated when a probationary license is issued.

(7) At the expiration of the probationary license, the department shall reinstate the original license for the remainder of its term, issue a new license, or revoke the original license.

(8) A right to an adjudicative proceeding shall not accrue to the licensee whose license has been placed on probationary status unless the licensee does not agree with the placement on probationary status and the department then suspends, revokes, or modifies the license. [2011 c 297 § 2; 2006 c 265 § 310.]

43.215.300 Licenses—Denial, suspension, revocation, modification, nonrenewal—Proceedings—Penalties.

(1) An agency may be denied a license, or any license issued pursuant to this chapter may be suspended, revoked, modified, or not renewed by the director upon proof (a) that the agency has failed or refused to comply with the provisions of this chapter or the requirements adopted pursuant to this chapter; or (b) that the conditions required for the issuance of a license under this chapter have ceased to exist with respect to such licenses. RCW 43.215.305 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(3)(a) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under this chapter or that an agency subject to licensing under this chapter is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home.

(b) Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance.

(c) Civil monetary penalties shall not exceed one hundred fifty dollars per violation for a family day care home and two hundred fifty dollars per violation for child day care centers. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(d) The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period.

(e) The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. RCW 43.215.307 governs notice of a civil monetary penalty and provides the right to an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

(4)(a) In addition to or in lieu of an enforcement action being taken, the department may place a child day care center or family day care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.

(b) Whenever a child day care center or family day care provider is placed on nonreferral status, the department shall provide written notification to the child day care center or family day care provider.

(5) The department shall notify appropriate public and private child care resource and referral agencies of the department's decision to: (a) Take an enforcement action against a child day care center or family day care provider; or (b) place or remove a child day care center or family day care provider on nonreferral status. [2011 c 296 § 1; 2007 c 17 § 2; 2006 c 265 § 311.]

(c) When the department has received certification pursuant to chapter 74.20A RCW from the division of child support that the licensee is a person who is not in compliance with a support order, the department shall provide that the suspension is effective immediately upon receipt of the suspension notice by the licensee.

(3) Except for licensees suspended for noncompliance with a support order under chapter 74.20A RCW, a license applicant or licensee who is aggrieved by a department denial, revocation, suspension, or modification has the right to an adjudicative proceeding. The proceeding is governed by the administrative procedure act, chapter 34.05 RCW. The application must be in writing, state the basis for contesting the adverse action, include a copy of the adverse notice, be served on and received by the department within twenty-eight days of the license applicant's or licensee's receiving the adverse notice, and be served in a manner that shows proof of receipt.

The presiding or reviewing officer may permit the department to implement part or all of the adverse action while the proceedings are pending if the appellant causes an unreasonable delay in the proceeding, if the circumstances change so that implementation is in the public interest, or for other good cause.

(b) If the department gives a licensee less than twenty-eight days' notice of revocation, suspension, or modification and the licensee timely files a sufficient appeal, the department may implement the adverse action on the effective date stated in the notice. The presiding or reviewing officer may order the department to stay implementation of part or all of the adverse action while the proceedings are pending if staying implementation is in the public interest or for other good cause. [2007 c 17 § 3.]

Findings—Intent—2013 2nd sp.s. c 16: "The legislature finds that high quality early learning opportunities are an important factor in lifelong success. The legislature is committed to expanding high quality evidence-based early learning opportunities in order to improve educational outcomes. The legislature further finds that moving toward effective and research-based practices are critical in achieving educational and societal outcomes from early learning investments. The legislature intends to continue improvements in early learning through ongoing evaluation, application of emerging research, and enhanced quality assurance. It is the intent of the legislature that additional investments in early learning will be based on current information regarding the most efficient, research-based, and cost-effective investments." Findings—1994 c 166; 1988 c 174: "The legislature finds that the early childhood education and assistance program provides for the educational, social, health, nutritional, and cultural development of children at risk of failure when they reach school age. The long-term benefits to society in the form of greater educational attainment, employment, and projected lifetime earnings as well as the savings to be realized, from lower crime rates, welfare support, and reduced teenage pregnancy, have been demonstrated through lifelong research of at-risk children and early childhood programs.

The legislature intends to encourage development of community partnerships for children at risk by authorizing a program of voluntary grants and contributions from business and community organizations to increase opportunities for children to participate in early childhood education." The department shall administer a state-supported early childhood education and assistance program to assist eligible children with educational, social, health, nutritional, and cultural development to enhance their opportunity for success in the common school system. Eligible children shall be admitted to approved early childhood programs to the extent that the legislature provides funds, and additional eligible children may be admitted to the extent that grants and contributions from community sources provide sufficient funds for a program equivalent to that supported by state funds. 43.215.425 Rules. The department shall adopt rules under chapter 34.05 RCW for the administration of the early childhood program. Approved early childhood programs shall conduct needs assessments of their service area, identify any targeted groups of children, to include but not be limited to children of seasonal and migrant farmworkers and native American populations living either on or off reservation, and provide to the department a service delivery plan, to the extent practicable, that addresses these targeted populations.

[Title 43 RCW—page 694]

The department in developing rules for the early childhood program shall consult with the advisory committee, and shall consider such factors as coordination with existing head start and other early childhood programs, the preparation necessary for instructors, qualifications of instructors, adequate space and equipment, and special transportation needs. The rules shall specifically require the early childhood programs to provide for parental involvement in participation with their child's program, in local program policy decisions, in development and revision of service delivery systems, and in parent education and training. Findings—1994 c 166; 1988 c 174: See note following RCW 43.215.405.

Intent—1994 c 166; 1987 c 518: "The long-term social, community welfare, and economic interests of the state will be served by an investment in our children. Conclusive studies and experiences show that providing children with developmental experiences and providing parents with effective parental partnership, empowerment, opportunities for involvement with their child's developmental learning, and expanding parenting skills, learning, and training can greatly improve children's performance in school as well as increase the likelihood of children's success as adults. National studies have also confirmed that special attention to, and educational assistance for, children, their school environment, and their families are the most effective ways in which to meet the state's social and economic goals.

The legislature intends to enhance the readiness to learn of certain children and students by: Providing for an expansion of the state early childhood education and assistance program for children from low-income families and establishing an adult literacy program for certain parents; assisting school districts to establish elementary counseling programs; instituting a program to address learning problems due to drug and alcohol use and abuse; and establishing a program directed at students who leave school before graduation.

The legislature intends further to establish programs that will allow for parental, business, and community involvement in assisting the school systems throughout the state to enhance the ability of children to learn." [1994 c 166 § 7; 1987 c 518 § 1.]

43.215.430 Review of applications. The department shall review applications from public or private nonsectarian organizations for state funding of early childhood education and assistance programs. The department shall consider local community needs, demonstrated capacity, and the need to support a mixed delivery system of early learning that includes alternative models for delivery including licensed centers and licensed family child care providers when reviewing applications. 43.215.435 Reports. The department shall annually report to the governor and the legislature on the findings of the longitudinal study undertaken to examine and monitor the effectiveness of early childhood educational and assistance services for eligible children to measure, among other elements, if possible, how the average level of performance of children completing this program compare to the average level of performance of all state students in their grade level, and to the average level of performance of those eligible students who did not have access to this program. The evalua-

tion system shall examine how the percentage of these children needing access to special education or remedial programs compares to the overall percentage of children needing such services and compares to the percentage of eligible students who did not have access to this program needing such services. 43.215.455 Early learning program—Voluntary preschool opportunities—Program standards. (1) Beginning September 1, 2011, an early learning program to provide voluntary preschool opportunities for children three and four years of age shall be implemented according to the funding and implementation plan in *RCW 43.215.142. The program must be a comprehensive program providing early childhood education and family support, options for parental involvement, and health information, screening, and referral services, as family need is determined. Participation in the program is voluntary. On a space available basis, the program may allow enrollment of children who are not otherwise eligible by assessing a fee.

(2) The first phase of the program shall be implemented by utilizing the program standards and eligibility criteria in the early childhood education and assistance program.

(3) The director shall adopt rules for the following program components, as appropriate and necessary during the phased implementation of the program:

(a) Minimum program standards, including lead teacher, assistant teacher, and staff qualifications;

(b) Approval of program providers; and

(c) Accountability and adherence to performance standards.

(4) The department has administrative responsibility for:

(a) Approving and contracting with providers according to rules developed by the director under this section;

(b) In partnership with school districts, monitoring program quality and assuring the program is responsive to the needs of eligible children;

(c) Assuring that program providers work cooperatively with school districts to coordinate the transition from preschool to kindergarten so that children and their families are well-prepared and supported; and

(d) Providing technical assistance to contracted providers. [2010 c 231 § 3. Formerly RCW 43.215.141.]

43.215.456 Early learning program—Voluntary preschool opportunities—Funding and statewide implementation—Reports. (1) Funding for the program of early learning established under this chapter must be appropriated to the department. Allocations must be made on the basis of eligible children enrolled with eligible providers.

(2) The program shall be implemented in phases, so that full implementation is achieved in the 2018-19 school year.

(3) For the initial phase of the early learning program in school years 2011-12 and 2012-13, the legislature shall appropriate funding to the department for implementation of the program in an amount not less than the 2009-2011 enacted budget for the early childhood education and assistance program. The appropriation shall be sufficient to fund an equivalent number of slots as funded in the 2009-2011 enacted budget.

(4) Beginning in the 2013-14 school year, additional funding for the program must be phased in beginning in school districts providing all-day kindergarten programs under RCW 28A.150.315.

(5) Funding shall continue to be phased in incrementally each year until full statewide implementation of the early

learning program is achieved in the 2018-19 school year, at which time any eligible child shall be entitled to be enrolled in the program.

(6) The department and the office of financial management shall annually review the caseload forecasts for the program and, beginning December 1, 2012, and annually thereafter, report to the governor and the appropriate committees of the legislature with recommendations for phasing in additional funding necessary to achieve statewide implementation in the 2018-19 school year.

(7) School districts and approved community-based early learning providers may contract with the department to provide services under the program. The department shall collaborate with school districts, community-based providers, and educational service districts to promote an adequate supply of approved providers. [2010 c 231 § 4. Formerly RCW 43.215.142.]

43.215.457 Short title—2010 c 231. Chapter 231, Laws of 2010 may be known as the ready for school act of 2010. [2010 c 231 § 9. Formerly RCW 43.215.143.]

43.215.460 Findings—Intent—Early start program. The legislature finds that the first five years of a child's life establish the foundation for educational success. The legislature also finds that children who have high quality early learning opportunities from birth through age five are more likely to succeed throughout their K-12 education and beyond. The legislature further finds that the benefits of high quality early learning experiences are particularly significant for low-income parents and children, and provide an opportunity to narrow the opportunity gap in Washington's K-12 educational system. The legislature understands that early supports for high-risk parents of young children through home visiting services show a high return on investment due to significantly improved chances of better education, health, and life outcomes for children. The legislature further recognizes that, when parents work or go to school, high quality and full-day early learning opportunities should be available and accessible for their children. In order to improve education outcomes, particularly for low-income children, the legislature is committed to expanding high quality early learning opportunities and integrating currently disparate funding streams for all birth-to-five early learning services including, working connections child care and the early childhood education and assistance program, into a single high quality continuum of learning that provides essential services to low-income families and prepares all enrolled children for success in school. The legislature therefore intends to establish the early start program to provide a continuum of high quality and accountable early learning opportunities for Washington's parents and children. [2013 c 323 § 1.]

CHILD CARE

43.215.495 Child care services—Declaration of policy. It shall be the policy of the state of Washington to:

(1) Recognize the family as the most important social and economic unit of society and support the central role parents play in child rearing. All parents are encouraged to care for and nurture their children through the traditional methods

of parental care at home. The availability of quality, affordable child care is a concern for working parents, the costs of care are often beyond the resources of working parents, and child care facilities are not located conveniently to workplaces and neighborhoods. Parents are encouraged to participate fully in the effort to improve the quality of child care services.

(2) Promote a variety of culturally and developmentally appropriate child care settings and services of the highest possible quality in accordance with the basic principle of continuity of care. These settings shall include, but not be limited to, family day care homes, mini-centers, centers and schools.

(3) Promote the growth, development and safety of children by working with community groups including providers and parents to establish standards for quality service, training of child care providers, fair and equitable monitoring, and salary levels commensurate with provider responsibilities and support services.

(4) Promote equal access to quality, affordable, socio-economically integrated child care for all children and families.

(5) Facilitate broad community and private sector involvement in the provision of quality child care services to foster economic development and assist industry through the department of early learning. [2006 c 265 § 202; 1989 c 381 § 2; 1988 c 213 § 1. Formerly RCW 74.13.085.]

Part headings not law—Effective date—Severability—2006 c 265: See RCW 43.215.904 through 43.215.906.

Findings—1989 c 381: "The legislature finds that the increasing difficulty of balancing work life and family needs for parents in the workforce has made the availability of quality, affordable child care a critical concern for the state and its citizens. The prospect for labor shortages resulting from the aging of the population and the importance of the quality of the workforce to the competitiveness of Washington businesses make the availability of quality child care an important concern for the state and its businesses.

The legislature further finds that making information on child care options available to businesses can help the market for child care adjust to the needs of businesses and working families. The legislature further finds that investments are necessary to promote partnerships between the public and private sectors, educational institutions, and local governments to increase the supply, affordability, and quality of child care in the state." [1989 c 381 § 1.]

43.215.500 Child care workers—Findings—Intent. The legislature finds that as of 2000, child care workers in the state earned an average hourly wage of eight dollars and twenty-two cents, only fifty-eight percent received medical insurance through employers, only sixty-six percent received paid sick leave, and only seventy-three percent received paid vacation. The legislature further finds that low wages for child care workers create a barrier for individuals entering the profession, result in child care workers leaving the profession in order to earn a living wage in another profession, and make it difficult for child care workers to afford professional education and training. As a result, the availability of quality child care in the state suffers.

The legislature intends to increase wages to child care workers through establishing a child care career and wage ladder that provides increased wages for child care workers based on their work experience, level of responsibility, and education. To the extent practicable within available funds,

this child care career and wage ladder shall mirror the successful child care career and wage ladder pilot project operated by the state between 2000 and 2003. While it is the intent of the legislature to establish the vision of a statewide child care career and wage ladder that will enhance employment quality and stability for child care workers, the legislature also recognizes that funding allocations will determine the extent of statewide implementation of a child care career and wage ladder. [2005 c 507 § 1. Formerly RCW 74.13.097.]

43.215.502 Child care provider rules review. In conjunction with child care providers and other early learning leaders, the department shall review and revise child care provider rules in order to emphasize the need for mutual respect among parents, providers, and state staff who enforce rules. Revised rules shall clearly focus on keeping children safe and improving early learning outcomes for children. The department shall develop a plan by July 2007 that outlines the process and timelines to complete the rules review. Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects. [2007 c 394 § 7.]

Finding—Declaration—Captions not law—2007 c 394: See notes following RCW 43.215.010.

43.215.505 Child care workers—Career and wage ladder. (1) Subject to the availability of funds appropriated for this specific purpose, the department shall establish a child care career and wage ladder in licensed child care centers that meet the following criteria: (a) At least ten percent of child care slots are dedicated to children whose care is subsidized by the state or any political subdivision thereof or any local government; (b) the center agrees to adopt the child care career and wage ladder, which, at a minimum, shall be at the same pay schedule as existed in the previous child care career and wage ladder pilot project; and (c) the center meets further program standards as established by rule pursuant to *section 4, chapter 507, Laws of 2005.

The child care career and wage ladder shall include wage increments for levels of education, years of relevant experience, levels of work responsibility, relevant early childhood education credits, and relevant requirements in the state training and registry system.

(2) The department shall establish procedures for the allocation of funds to implement the child care career and wage ladder among child care centers meeting the criteria identified in subsection (1) of this section. In developing these procedures, the department shall:

(a) Review past efforts or administration of the child care career and wage ladder pilot project in order to take advantage of any findings, recommendations, or administrative practices that contributed to that pilot project's success;

(b) Consult with stakeholders, including organizations representing child care teachers and providers, in developing an allocation formula that incorporates consideration of geographic and demographic distribution of child care centers adopting the child care career and wage ladder; and

(c) Develop a system for prioritizing child care centers interested in adopting the child care career and wage ladder that is based on the criteria identified in subsection (1) of this section.

(2014 Ed.)

(3) Notwithstanding the requirements of subsection (2) of this section, child care centers meeting the criteria in subsection (1) of this section located in urban areas of the department of social and health services region one shall receive a minimum of fifteen percent of the funds allocated through the child care career and wage ladder, and of these centers, child care centers meeting the criteria in subsection (1) of this section participating in the Spokane tiered reimbursement pilot project shall have first priority for child care career and wage ladder funding. [2006 c 265 § 205; 2005 c 507 § 2. Formerly RCW 74.13.098.]

*Reviser's note: Section 4 of this act was vetoed.

43.215.510 Child care workers—Career and wage ladder—Wage increases. Child care centers adopting the child care career and wage ladder established pursuant to RCW 43.215.505 shall increase wages for child care workers who have earned a high school diploma or high school equivalency certificate as provided in RCW 28B.50.536, gain additional years of experience, or accept increasing levels of responsibility in providing child care, in accordance with the child care career and wage ladder. The adoption of a child care career and wage ladder shall not prohibit the provision of wage increases based upon merit. The department shall pay wage increments for child care workers employed by child care centers adopting the child care career and wage ladder established pursuant to RCW 43.215.505 who earn early childhood education credits or meet relevant requirements in the state training and registry system, in accordance with the child care career and wage ladder. [2013 c 39 § 20; 2006 c 265 § 206; 2005 c 507 § 3. Formerly RCW 74.13.099.]

43.215.520 Child day care centers, family day care providers—Toll-free information number. (1) The department shall establish and maintain a toll-free telephone number, and an interactive web-based system through which persons may obtain information regarding child day care centers and family day care providers. This number shall be available twenty-four hours a day for persons to request information. The department shall respond to recorded messages left at the number within two business days. The number shall be published in reasonably available printed and electronic media. The number shall be easily identifiable as a number through which persons may obtain information regarding child day care centers and family day care providers as set forth in this section.

(2) Through the toll-free telephone line established by this section, the department shall provide information to callers about: (a) Whether a day care provider is licensed; (b) whether a day care provider's license is current; (c) the general nature of any enforcement against the providers; (d) how to report suspected or observed noncompliance with licensing requirements; (e) how to report alleged abuse or neglect in a day care; (f) how to report health, safety, and welfare concerns in a day care; (g) how to receive follow-up assistance, including information on the office of the family and children's ombuds; and (h) how to receive referral information on other agencies or entities that may be of further assistance to the caller.

(3) Beginning in January 2006, the department shall print the toll-free number established by this section on the

face of new licenses issued to child day care centers and family day care providers.

Finding—1993 c 453: "The legislature finds that building a system of quality, affordable child care requires coordinated efforts toward constructing partnerships at state and community levels. Through the office of child care policy, the department of social and health services is responsible for facilitating the coordination of child care efforts and establishing working partnerships among the affected entities within the public and private sectors. Through these collaborative efforts, the office of child care policy encouraged the coalition of locally based child care resource and referral agencies into a statewide network. The statewide network, in existence since 1989, supports the development and operation of community-based resource and referral programs, improves the quality and quantity of child care available in Washington by fostering statewide strategies, and generates then nurtures effective public-private partnerships. The statewide network provides important training, standards of service, and general technical assistance to its locally based child care resource and referral programs. The locally based programs enrich the availability, affordability, and quality of child care in their communities." [1993 c 453 § 1.]

43.215.555 Child care expansion grant fund. (1) The legislature recognizes that a severe shortage of child care exists to the detriment of all families and employers throughout the state. Many workers are unable to enter or remain in the workforce due to a shortage of child care resources. The high costs of starting a child care business create a barrier to the creation of new slots, especially for children with special needs.

(2) A child care expansion grant fund is created in the custody of the secretary of the department of social and health services. Grants shall be awarded on a one-time only basis to persons, organizations, or schools needing assistance to start a child care center or mini-center as defined by the department by rule, or to existing licensed child care providers, including family home providers, for the purpose of making capital improvements in order to accommodate handicapped children as defined under chapter 72.40 RCW, sick children, or infant care, or children needing nighttime care. No grant may exceed ten thousand dollars. Start-up costs shall not include operational costs after the first three months of business.

(3) Child care expansion grants shall be awarded on the basis of need for the proposed services in the community, within appropriated funds.

(4) The department shall adopt rules under chapter 34.05 RCW setting forth criteria, application procedures, and methods to assure compliance with the purposes described in this section. [1988 c 213 § 3. Formerly RCW 74.13.095.]

43.215.560 Subsidized child care report and assessment. The department and the department of social and health services, in consultation with interested individuals and organizations, shall jointly:

(1) Identify different options to track subsidized child care attendance, including methods using a land line or cellular telephone, a computer, a point of sale system, or some combination of these methods and report their recommended method to the legislature no later than December 31, 2011. Each department's recommendations must include implementation issues to be addressed and a proposed implementation timeline, and should assume a January 2013 implementation date for the attendance tracking system. The legislature shall review the recommendations and authorize implementation. The method that is chosen must interface smoothly with the current and future payment systems for subsidized child care payments.

(2) Conduct an assessment of the current subsidized child care eligibility determination system and develop recommendations to improve the accuracy, efficiency, and responsiveness of the system, including consideration of the most appropriate entity or entities to make eligibility determinations. The results of the assessment shall be reported to the legislature no later than December 31, 2011. [2011 1st sp.s. c 42 § 12.]

Finding—2011 1st sp.s. c 42: See note following RCW 74.04.004.

43.215.562 Child care subsidy fraud—Referral—Collection of overpayments. (1) The department must refer all suspected incidents of child care subsidy fraud to the department of social and health services office of fraud and accountability for appropriate investigation and action.

(2) For the purposes of this section, "fraud" has the definition in RCW 74.04.004.

(3) This section does not limit or preclude the department or the department of social and health services from establishing and collecting overpayments consistent with federal regulation or seek other remedies that may be legally available, including but not limited to criminal investigation or prosecution. [2013 2nd sp.s. c 29 § 2.]

Finding—Intent—2013 2nd sp.s. c 29: "The legislature finds that child care providers positively contribute to local communities by offering important services that support the well-being of children and their families. The legislature further recognizes that most child care providers make every effort to ensure that subsidy payments received are correct and align with agency rules. When a child care provider is found to have fraudulently accepted subsidy payments, however, it is the legislature's intent to prohibit such a provider from receiving future child care subsidy payments." [2013 2nd sp.s. c 29 § 1.]

43.220.020 Conservation corps created—Puget Sound corps created. (1) The Washington conservation corps is created. The department of ecology must administer the corps as a partnership with the departments of natural resources and fish and wildlife, the state parks and recreation commission, and when appropriate, other agencies and nonprofit organizations to advance the program goals outlined in RCW 43.220.045.

(2) The Puget Sound corps is created as a distinct program within the Washington conservation corps focused on the implementation of the specific program goals outlined in RCW 43.220.045. [2011 c 20 § 2; 1999 c 280 § 1; 1994 c 264 § 32; 1988 c 36 § 23; 1983 1st ex.s. c 40 § 1.]

Findings—Intent—2011 c 20: "(1) The legislature finds that the Washington conservation corps, the veterans conservation corps, and other state and nonprofit service corps contribute significantly to the priorities of state government to protect natural resources, including Puget Sound, while providing meaningful work experience for the state's youth, veterans, unemployed, and underemployed workforces.

(2) The legislature further finds that the long-term health of the economy of Washington depends on the sustainable management of its natural resources and that the livelihoods and revenues produced by Washington's forests, agricultural lands, estuaries, waterways, and watersheds would be enhanced by targeted, streamlined, and prioritized investments in clean

water and habitat restoration.

(3) The legislature further finds that it is important to stretch limited public resources to advance the state's natural resource management priorities. Transformation of natural resource management and service delivery, including the creation of strategic partnerships among agencies and nongovernmental partners, will increase the efficiency and effectiveness of the expenditure of federal, state, and local funds for clean water and habitat rehabilitation projects.

(4) The legislature further finds that there are efficiencies to be gained by streamlining how the various conservation corps are administered, managed, funded, and deployed by the natural resources agencies. There are further efficiencies to be gained through coordinating the conservation corps with other state service corps programs, recruitment activities, and through public-private partnerships.

(5) The legislature further finds that the state should seek to expand the conservation corps in all areas of the state, deploying the corps to work on projects that advance established priorities including, but not limited to, the cleanup and rehabilitation of the Puget Sound ecosystem, oil spill response and cleanup, salmon recovery, and the reduction of wildfire and forest health hazards statewide.

(6) The legislature further finds that individuals with developmental disabilities would benefit from experiencing a meaningful work experience, and learning the value of labor and of membership in a productive society. As such, the legislature urges state agencies that are participating in the Washington conservation corps program to consider for enrollment in the program individuals with developmental disabilities, as defined in RCW 71A.10.020.

(7)(a) Therefore, it is the intent of the legislature to maintain the conservation corps statewide, to collaborate with the veterans conservation corps, to establish the Puget Sound corps, to streamline how government administers and manages the state's conservation corps to more efficiently expend the state's resources toward priority outcomes, including the recovery of the Puget Sound ecosystem to health by 2020, to increase opportunities for meaningful work experience, and to authorize public-private partnerships as a key element of corps activities.

(b) It is also the intent of the legislature to integrate into the Puget Sound corps the therapeutic and reintegration intent of the veterans conservation corps for veterans involved in the Puget Sound corps." [2011 c 20 § 1.]

Investment accounting: RCW 43.33A.180.

43.250.010 Purpose. The purpose of this chapter is to enable eligible governmental entities, including community and technical college districts, the state board for community and technical colleges as established in chapter 28B.50 RCW, public four-year institutions of higher education, qualifying federally recognized tribes or federally recognized political subdivisions thereof, and other governmental entities to participate with the state in providing maximum opportunities for the investment of surplus public funds consistent with the safety and protection of such funds. The legislature finds and declares that the public interest is found in providing maximum prudent investment of surplus funds, thereby reducing the need for additional taxation. The legislature also recognizes that not all eligible governmental entities are able to maximize the return on their temporary surplus funds. The legislature therefore provides in this chapter a mechanism whereby eligible governmental entities may, at their option, utilize the resources of the state treasurer's office to maximize the potential of surplus funds while ensuring the safety of those funds. [2010 1st sp.s. c 10 § 1; 2001 c 31 § 1; 1996 c 268 § 1; 1986 c 294 § 1.]

(3) "Financial officer" means the board-appointed treasurer of a community or technical college district, the state board for community and technical colleges, or a public four-year institution of higher education.

(4) "Funds" means:

(a) Funds of an eligible governmental entity under the control of or in the custody of any government finance official or local funds, as defined by the office of financial management publication "Policies, Regulations and Procedures," under the control of or in the custody of a financial officer by virtue of the official's authority that are not immediately required to meet current demands;

(b) State funds deposited in the investment pool by the state treasurer that are the proceeds of bonds, notes, or other evidences of indebtedness authorized by the state finance committee under chapter 39.42 RCW, or the proceeds of bonds or certificates of participation with respect to financing contracts approved by the state finance committee under RCW 39.94.040, or payments pursuant to financing contracts under chapter 39.94 RCW, when the investments are made in order to comply with the Internal Revenue Code of 1986, as amended; and

(c) Tribal funds under the control of or in the custody of any qualifying federally recognized tribe or federally recognized political subdivisions thereof, where the tribe warrants that the use or disposition of the funds are either not subject to, or are used and deposited with federal approval, and where the tribe warrants that the funds are not immediately required to meet current demands.

(5) "Government finance official" means any officer or employee of an eligible governmental entity who has been designated by statute or by local charter, ordinance, resolution, or other appropriate official action, as the officer having the authority to invest the funds of the eligible governmental entity. However, the county treasurer shall be deemed the only government finance official for all public agencies for which the county treasurer has exclusive statutory authority to invest the funds thereof.

(6) "Public funds investment account" or "investment pool" means the aggregate of all funds as defined in subsection (4) of this section that are placed in the custody of the state treasurer for investment and reinvestment.

(7) "Qualifying federally recognized tribe or federally recognized political subdivisions thereof" means any federally recognized tribe, located in the state of Washington, authorized and empowered by its constitution or ordinance to invest its surplus funds pursuant to this section, and whose authorized tribal official has executed a deposit agreement with the office of the treasurer. [2010 1st sp.s. c 10 § 2; 2001 c 31 § 2; 1996 c 268 § 2; 1990 c 106 § 1; 1986 c 294 § 2.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

43.250.030 Public funds investment account. There is created a trust fund to be known as the public funds invest-

ment account. The account is to be separately accounted for and invested by the state treasurer. All moneys remitted under this chapter shall be deposited in this account. All earnings on any balances in the public funds investment account, less moneys for administration pursuant to RCW 43.250.060, shall be credited to the public funds investment account. [2010 1st sp.s. c 10 § 3; 2001 c 31 § 3; 1996 c 268 § 3; 1986 c 294 § 4.]

The state treasurer may deduct the amounts necessary to reimburse the treasurer's office for the actual expenses the office incurs and to repay any funds appropriated and expended for the initial administrative costs of the pool. Any credits or payments to the participants shall be calculated and made in a manner which equitably reflects the differing amounts of the participants' respective deposits in the investment pool fund and the differing periods of time for which the amounts were placed in the investment pool. The legislature intends to support the development and activities of community mobilization strategies against alcohol, tobacco, or other drug abuse, and violence, through the following efforts:

munity, trade, and economic development a grant program to provide incentive for and support for communities to develop targeted and coordinated strategies to reduce the incidence and impact of alcohol, tobacco, or other drug abuse, or violence.

(2) The *department of community, trade, and economic development shall make awards, subject to funds appropriated by the legislature, under the following terms:

(a) Starting July 1, 2001, funds will be available to countywide programs through a formula developed by the *department of community, trade, and economic development in consultation with program contractors, which will take into consideration county population size.

(b) In order to be eligible for consideration, applicants must demonstrate, at a minimum:

(i) That the community has developed and is committed to carrying out a coordinated strategy of prevention, treatment, and law enforcement activities;

(ii) That the community has considered research-based theory when developing its strategy;

(iv) Evidence of active participation in preparation of the proposal and specific commitments to implementing the community-wide agenda by leadership from education, law enforcement, local government, tribal government, and treatment entities in the community, and the opportunity for meaningful involvement from others such as neighborhood and citizen groups, businesses, human service, health and job training organizations, and other key elements of the community, particularly those whose responsibilities in law enforcement, treatment, prevention, education, or other community efforts provide direct, ongoing contact with substance abusers or those who exhibit violent behavior, or those at risk for alcohol, tobacco, or other drug abuse, or violent behavior;

(v) Evidence of additional local resources committed to the applicant's strategy totaling at least twenty-five percent of funds awarded under this section. These resources may consist of public or private funds, donated goods or services, and other measurable commitments, including in-kind contributions such as volunteer services, materials, supplies, physical facilities, or a combination thereof; and

(iv) An explanation of who was involved in development of the strategy and what specific commitments have been made to carry it out;

(v) Identification of existing prevention, education, treatment, and law enforcement resources committed by the applicant, including financial and other support, and an explanation of how the applicant's strategy involves and builds on the efforts of existing organizations or coalitions that have been carrying out community efforts against alcohol, tobacco, or other drug abuse, or violence;

(vi) Identification of activities that address specific objectives in the strategy for which additional resources are needed;

(vii) Identification of additional local resources, including public or private funds, donated goods or services, and other measurable commitments, that have been committed to the activities identified in (c)(vi) of this subsection;

43.280.010 Intent. The legislature recognizes the need to increase the services available to the victims of sexual assault. The legislature also recognizes that these services are most effectively planned and provided at the local level through the combined efforts of concerned community and citizens groups, treatment providers, and local government

officials. The legislature further recognizes that adequate services for victims is not only a matter of justice for the victim, but also a method by which additional abuse can be prevented.

The legislature intends to enhance the community-based services available to the victims of sexual assault by:

- (1) Providing consolidated funding support for local programs which provide services to victims of sexual assault, as defined in RCW 70.125.030;
- (2) Providing technical assistance and support to help communities plan for and provide victim services;
- (3) Providing sexual assault services with a victim-focused mission, and consistent standards, policies, and granting and reporting requirements; and
- (4) Providing communities and local victim service providers with opportunities to share information about successful prevention and treatment programs. [2012 c 29 § 1; 1996 c 123 § 2; 1990 c 3 § 1201.]

43.280.011 Intent—Approval of committee recommendations. The Washington state sexual assault services advisory committee issued a report to the department of commerce and the department of social and health services in June of 1995. The committee made several recommendations to improve the delivery of services to victims of sexual assault: (1) Consolidate the administration and funding of sexual assault and abuse services in one agency instead of splitting those functions between the department of social and health services and the department of commerce; (2) adopt a funding allocation plan to pool all funds for sexual assault services and to distribute them across the state to ensure the delivery of core and specialized services; (3) establish service, data collection, and management standards and outcome measurements for recipients of grants; and (4) create a data collection system to gather pertinent data concerning the delivery of sexual assault services to victims.

The legislature approves the recommendations of the advisory committee and consolidates the functions and funding for sexual assault services in the department of commerce to implement the advisory committee's recommendations. [2012 c 29 § 2; 1996 c 123 § 1.]

Intent—Finding—2013 c 121: "The legislature recognizes there are many state agencies and private organizations that might be called on to provide services to victims of sex trafficking. Victims of human trafficking are often in need of services such as emergency medical attention, food and shelter, vocational and English language training, mental health counseling, and legal support. The state intends to improve the response of state, local, and private entities to incidents of trafficking of humans. Victims would be better served if there is an established, coordinated system of identifying the needs of sex trafficking victims, training of service delivery agencies and staff, timely and appropriate delivery of services, and better investigations and prosecutions of trafficking.

Leadership in providing services to victims of sex trafficking also extends beyond government efforts and is grounded in the work of highly dedicated individuals and community-based groups. Without these efforts the struggle against human trafficking will be very difficult to win. The legislature, therefore, finds that such efforts merit regular public recognition and appreciation. Such recognition and appreciation will encourage the efforts of all persons to end sex trafficking, and provide the public with information and education about the necessity of its involvement in this struggle." [2013 c 121 § 1.]

(2) Any funds remitted to the department of commerce pursuant to RCW 9.68A.105, 9A.88.120, or 9A.88.140 shall be spent on the fulfillment of the duties described in subsection (1) of this section. Any remaining funds may be spent on the administration of grants for services for victims of the commercial sex trade, consistent with this chapter. [2013 c 121 § 7.]

Marine resources committees: Chapter 36.125 RCW.

43.300.005 Purpose. Perpetuation of fish and wildlife in Washington requires clear, efficient, streamlined, scientific, management from a single state fish and wildlife agency. Such a consolidation will focus existing funds for the greatest protection of species and stocks. It will bring combined resources to bear on securing, managing, and enhancing habitats. It will simplify licensing, amplify research, increase field staff, avoid duplication, and magnify enforcement of laws and rules. It will provide all fishers, hunters, and observers of fish and wildlife with a single source of consistent policies, procedures, and access. [1993 sp.s. c 2 § 1.]

43.300.010 Department created—Transfer of powers, duties, and functions. There is hereby created a department of state government to be known as the department of fish and wildlife. The department shall be vested with all powers and duties transferred to it under this chapter and such other powers and duties as may be authorized by law. All powers, duties, and functions of the department of fisheries and the department of wildlife are transferred to the department of fish and wildlife. All references in the Revised Code of Washington to the director or the department of fisheries or the director or department of wildlife shall be construed to mean the director or department of fish and wildlife. [1993 sp.s. c 2 § 2.]

43.300.070 Exchange of tidelands with private or public landowners. (1) The department of fish and wildlife may exchange the tidelands and shorelands it manages with private or public landowners if the exchange is in the public interest.

(2) As used in this section, an exchange of tidelands and shorelands is in the public interest if the exchange would provide significant fish and wildlife habitat or public access to the state's waterways. [1997 c 209 § 3.]

Finding—1997 c 209: "The legislature finds that the department of fish and wildlife manages a large amount of public land and that the department may have opportunities to improve the quality of its landholdings by participating in an exchange with private landowners or other public entities. 43.300.080 Cost-reimbursement agreements. (1) The department may enter into a written cost-reimbursement agreement with a permit applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing.

(2) The cost-reimbursement agreement shall identify the tasks and costs for work to be conducted under the agreement. The agreement must include a schedule that states:

- (a) The estimated number of weeks for initial review of the permit application;
- (b) The estimated number of revision cycles;
- (c) The estimated number of weeks for review of subsequent revision submittals;
- (d) The estimated number of billable hours of employee time;
- (e) The rate per hour; and
- (f) A date for revision of the agreement if necessary.

(3) The written cost-reimbursement agreement shall be negotiated with the permit applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to hire temporary employees, to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants or hire temporary employees to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The cost-reimbursement agreement must not negatively impact the processing of other permit applications. In order to maintain permit processing capacity, the agency may hire outside consultants, temporary employees, or make internal administrative changes. Consultants or temporary employees hired as part of a cost-reimbursement agreement or to maintain agency capacity are hired as agents of the state not of the permit applicant. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement.  43.310.040 Cultural awareness retreats.

43.310.005 Finding. The legislature finds and declares that:

(1) The number of youth who are members and associates of gangs and commit gang violence has significantly increased throughout the entire greater Puget Sound, Spokane, and other areas of the state;

(2) Youth gang violence has caused a tremendous strain on the progress of the communities impacted. The loss of life, property, and positive opportunity for growth caused by youth gang violence has reached intolerable levels. Increased youth gang activity has seriously strained the budgets of many local jurisdictions, as well as threatened the ability of the educational system to educate our youth;

(3) Among youth gang members the high school dropout rate is significantly higher than among nongang members. Since the economic future of our state depends on a highly educated and skilled workforce, this high school dropout rate threatens the economic welfare of our future workforce, as well as the future economic growth of our state;

(4) The unemployment rate among youth gang members is higher than that among the general youth population. The unusual unemployment rate, lack of education and skills, and the increased criminal activity could significantly impact our future prison population;

(5) Most youth gangs are subcultural. This implies that gangs provide the nurturing, discipline, and guidance to gang youth and potential gang youth that is generally provided by communities and other social systems. The subcultural designation means that youth gang participation and violence can be effectively reduced in Washington communities and schools through the involvement of community, educational, criminal justice, and employment systems working in a unified manner with parents and individuals who have a first-hand knowledge of youth gangs and at-risk youth; and

(6) A strong unified effort among parents and community, educational, criminal justice, and employment systems would facilitate: (a) The learning process; (b) the control and reduction of gang violence; (c) the prevention of youth joining negative gangs; and (d) the intervention into youth gangs. [1993 c 497 § 1.]

43.310.007 Intent—Prevention and intervention pilot programs. It is the intent of the legislature to cause the development of positive prevention and intervention pilot programs for elementary and secondary age youth through cooperation between individual schools, local organizations, and government. It is also the intent of the legislature that if the prevention and intervention pilot programs are determined to be effective in reducing problems associated with youth gang violence, that other counties in the state be eligible to receive special state funding to establish similar positive prevention and intervention programs. [1993 c 497 § 2.]

43.310.010 Definitions. Unless the context otherwise requires, the following definitions shall apply throughout RCW 43.310.005 through 43.310.040 and *sections 5 and 7 through 10, chapter 497, Laws of 1993:

(1) "School" means any public school within a school district any portion of which is in a county with a population of over one hundred ninety thousand.

(2) "Community organization" means any organization recognized by a city or county as such, as well as private, nonprofit organizations registered with the secretary of state.

(3) "Gang risk prevention and intervention pilot program" means a community-based positive prevention and intervention program for gang members, potential gang members, at-risk youth, and elementary through high school-aged youth directed at all of the following:

(a) Reducing the probability of youth involvement in gang activities and consequent violence.

(b) Establishing ties, at an early age, between youth and community organizations.

(c) Committing local business and community resources to positive programming for youth.

(d) Committing state resources to assist in creating the gang risk prevention and intervention pilot programs.

(4) "Cultural awareness retreat" means a program that temporarily relocates at-risk youth or gang members and their parents from their usual social environment to a different social environment, with the specific purpose of having them performing activities which will enhance or increase their positive behavior and potential life successes. [1993 c 497 § 3.]

*Reviser's note: Sections 5 and 7 through 10, chapter 497, Laws of 1993 were vetoed.

(1) The *department of community, trade, and economic development may recommend existing programs or contract with either school districts or community organizations, or both, through a request for proposal process for the development, administration, and implementation in the county of community-based gang risk prevention and intervention pilot programs.

(2) Proposals by the school district for gang risk prevention and intervention pilot program grant funding shall begin with school years no sooner than the 1994-95 session, and last for a duration of two years.

(3) The school district or community organization proposal shall include:

(a) A description of the program goals, activities, and curriculum. The description of the program goals shall include a list of measurable objectives for the purpose of evaluation by the *department of community, trade, and economic development. To the extent possible, proposals shall contain empirical data on current problems, such as drop-out rates and occurrences of violence on and off campus by school-age individuals.

(b) A description of the individual school or schools and the geographic area to be affected by the program.

(c) A demonstration of broad-based support for the program from business and community organizations.

(7) The use of specified state resources, as requested.

(1) To develop positive attitudes and self-esteem.

(2) To develop youth decision-making ability.

43.320.005 Finding. The legislature finds that, given the overlap of powers and products in the companies regulated, the consolidation of the agencies regulating financial institutions and securities into one department will better serve the public interest through more effective use of staff expertise. Therefore, for the convenience of administration and the centralization of control and the more effective use of state resources and expertise, the state desires to combine the regulation of financial institutions and securities into one department. [1993 c 472 § 1.]

43.320.007 Regulatory reform—Findings—Construction—1994 c 256. (1) The legislature finds that the financial services industry is experiencing a period of rapid change with the development and delivery of new products and services and advances in technology.

(2) The legislature further finds it in the public interest to strengthen the regulation, supervision, and examination of business entities furnishing financial services to the people of this state and that this can be accomplished by streamlining and focusing regulation to reduce costs, increase effectiveness, and foster efficiency by eliminating requirements that are not necessary for the protection of the public.

(3) The provisions of chapter 256, Laws of 1994 should not be construed to limit the ability of the director of financial institutions to implement prudent regulation, prevent unsafe, unsound, and fraudulent practices, and undertake necessary enforcement actions to protect the public and promote the public interest. [1994 c 256 § 1.]

43.320.010 Department created. A state department of financial institutions, headed by the director of financial institutions, is created. The department shall be organized and operated in a manner that to the fullest extent permissible under applicable law protects the public interest, protects the safety and soundness of depository institutions and entities under the jurisdiction of the department, ensures access to the regulatory process for all concerned parties, and protects the interests of investors. The department of financial institutions shall be structured to reflect the unique differences in the types of institutions and areas it regulates. [1993 c 472 § 2.]

43.320.011 Department of general administration and department of licensing powers and duties transferred. (1) All powers, duties, and functions of the *department of general administration under Titles **30, 31, 32, 33, and 43 RCW and any other title pertaining to duties relating to banks, savings banks, foreign bank branches, savings and loan associations, credit unions, consumer loan companies, check cashers and sellers, trust companies and departments,

and other similar institutions are transferred to the department of financial institutions. All references to the *director of general administration, supervisor of banking, or the supervisor of savings and loan associations in the Revised Code of Washington are construed to mean the director of the department of financial institutions when referring to the functions transferred in this section. All references to the *department of general administration in the Revised Code of Washington are construed to mean the department of financial institutions when referring to the functions transferred in this subsection.

(2) All powers, duties, and functions of the department of licensing under chapters 18.44, 19.100, 19.110, 21.20, 21.30, and 48.18A RCW and any other statute pertaining to the regulation under the chapters listed in this subsection of escrow agents, securities, franchises, business opportunities, commodities, and any other speculative investments are transferred to the department of financial institutions. All references to the director or department of licensing in the Revised Code of Washington are construed to mean the director or department of financial institutions when referring to the functions transferred in this subsection. [1995 c 238 § 6; 1993 c 472 § 6.]

Reviser's note: *(1) The "department of general administration" and the "director of general administration" were renamed the "department of enterprise services" and the "director of enterprise services" by 2011 1st sp.s. c 43.

** (2) Title 30 RCW was recodified and/or repealed pursuant to 2014 c 37, effective January 5, 2015.

43.325.001 Findings—2006 c 171. (Expires June 30, 2016.) The legislature finds that:

(1) Washington's dependence on energy supplied from outside the state and volatile global energy markets makes its economy and citizens vulnerable to unpredictable and high energy prices;

(2) Washington's dependence on petroleum-based fuels increases energy costs for citizens and businesses;

(3) Diesel soot from diesel engines ranks as the highest toxic air pollutant in Washington, leading to hundreds of premature deaths and increasing rates of asthma and other lung diseases;

(4) The use of biodiesel results in significantly less air pollution than traditional diesel fuels;

(5) Improper disposal and treatment of organic waste from farms and livestock operations can have a significant negative impact on water quality;

(6) Washington has abundant supplies of organic wastes from farms that can be used for energy production and abundant farmland where crops could be grown to supplement or supplant petroleum-based fuels;

(7) The use of energy and fuel derived from these sources can help citizens and businesses conserve energy and reduce the use of petroleum-based fuels, would improve air and water quality in Washington, reduce environmental risks from farm wastes, create new markets for farm products, and provide new industries and jobs for Washington citizens;

(8) The bioenergy industry is a new and developing industry that is, in part, limited by the availability of capital for the construction of facilities for converting farm and forest products into energy and fuels;

(9) Instead of leaving our economy at the mercy of global events, and the policies of foreign nations, Washington state should adopt a policy of energy independence; and

(10) The energy freedom program is meant to lead Washington state towards energy independence.

Therefore, the legislature finds that it is in the public interest to encourage the rapid adoption and use of bioenergy, to develop a viable bioenergy industry within Washington state, to promote public research and development in bioenergy sources and markets, and to support a viable agriculture industry to grow bioenergy crops. To accomplish this, the energy freedom program is established to promote public research and development in bioenergy, and to stimulate the construction of facilities in Washington to generate energy from farm sources or convert organic matter into fuels. [2006 c 171 § 1. Formerly RCW 15.110.005.]

43.325.005 Findings—2007 c 348. (1) The legislature finds that excessive dependence on fossil fuels jeopardizes Washington's economic security, environmental integrity, and public health. Accelerated development and use of clean fuels and clean vehicle technologies will reduce the drain on Washington's economy from importing fossil fuels. As fossil fuel prices rise, clean fuels and vehicles can save consumers money while promoting the development of a major, sustainable industry that provides good jobs and a new source of rural prosperity. In addition, clean fuels and vehicles protect public health by reducing toxic air and climate change emissions.

(2) The legislature also finds that climate change is expected to have significant impacts in the Pacific Northwest region in the near and long-term future. These impacts include: Increased temperatures, declining snowpack, more frequent heavy rainfall and flooding, receding glaciers, rising sea levels, increased risks to public health due to insect and rodent-borne diseases, declining salmon populations, and increased drought and risk of forest fires. The legislature recognizes the need at this time to continue to gather and analyze information related to climate protection. This analysis will allow prudent steps to be taken to avoid, mitigate, or respond to climate impacts and protect our communities.

(3) Finally, the legislature finds that to reduce fossil fuel dependence, build our clean energy economy, and reduce climate impacts, the state should develop policies and incentives that help businesses, consumers, and farmers gain greater access to affordable clean fuels and vehicles and to produce clean fuels in the state. These policies and incentives should include: Incentives for replacement of the most polluting diesel engines, especially in school buses; transitional incentives for development of the most promising in-state clean fuels and fuel feedstocks, including biodiesel crops,

ethanol from plant waste, and liquid natural gas from landfill or wastewater treatment gases; reduced fossil fuel consumption by state fleets; development of promising new technologies for displacing petroleum with electricity, such as "plug-in hybrids"; and impact analysis and emission accounting procedures that prepare Washington to respond and prosper as climate change impacts occur, and as policies and markets to reduce climate pollution are developed. [2007 c 348 § 1.]

43.330.005 Findings. The legislature finds that the long-term economic health of the state and its citizens depends upon the strength and vitality of its communities and businesses. It is the intent of this chapter to create a department of commerce that fosters new partnerships for strong and sustainable communities. The mission of the department is to grow and improve jobs in Washington and facilitate innovation. To carry out its mission, the department will bring together focused efforts to: Streamline access to business assistance and economic development services by providing them through sector-based, cluster-based, and

regional partners; provide focused and flexible responses to changing economic conditions; generate greater local capacity to respond to both economic growth and environmental challenges; increase accountability to the public, the executive branch, and the legislature; manage growth and achieve sustainable development; diversify the state's economy and export goods and services; provide greater access to economic opportunity; stimulate private sector investment and entrepreneurship; provide stable family-wage jobs and meet the diverse needs of families; provide affordable housing and housing services; and construct public infrastructure.

The legislature further finds that as a result of the rapid pace of global social and economic change, the state and local communities will require coordinated and creative responses by every segment of the community. The state can play a role in assisting such local efforts by reorganizing state assistance efforts to promote such partnerships. The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents. It is the intent of the legislature in creating the department to maximize the use of local expertise and resources in the delivery of community and economic development services. [2010 c 271 § 2; 1993 c 280 § 1.]

Purpose—2010 c 271: "In 2009, the legislature changed the name of the department of community, trade, and economic development to the department of commerce and directed the agency to, among other things, develop a report with recommendations on statutory changes to ensure that the department's efforts: Are organized around a concise core mission and aligned with the state's comprehensive plan for economic development; generate greater local capacity; maximize results through partnerships and the use of intermediaries; and provide transparency and increased accountability. Recommendations for creating or consolidating programs deemed important to meeting the department's core mission and recommendations for terminating or transferring specific programs if they are not consistent with the department's core mission were to be included in the report.

In accordance with that legislation, chapter 565, Laws of 2009, in November 2009 the department of commerce submitted a plan that establishes a mission of growing and improving jobs in the state and recognizes the need for an innovation-driven economy. The plan also outlines agency priorities, efficiencies, and program transfers that will help to advance the new mission.

The primary purpose of this act is to implement portions of the department of commerce plan by transferring certain programs from the department of commerce to other state agencies whose missions are more closely aligned with the core functions of those programs. This act also directs additional efficiencies in state government and directs development of a statewide clean energy strategy, which will better enable the department of commerce to focus on its new mission." [2010 c 271 § 1.]

Effective date—2010 c 271: "This act takes effect July 1, 2010." [2010 c 271 § 803.]

43.330.007 Management responsibility. (1) The purpose of this chapter is to establish the broad outline of the structure of the department of commerce, leaving specific details of its internal organization and management to those charged with its administration. This chapter identifies the broad functions and responsibilities of the department and is intended to provide flexibility to the director to reorganize these functions to more closely reflect its customers, its mission, and its priorities, and to make recommendations for changes.

(2) In order to generate greater local capacity, maximize results through partnerships and the use of intermediaries, and leverage the use of state resources, the department shall, in carrying out its business assistance and economic development functions, provide business and economic development services primarily through sector-based, cluster-based, and regionally based organizations rather than providing assistance directly to individual firms. [2010 c 271 § 3; 2009 c 565 § 1; 1993 c 280 § 2.]

Purpose—Effective date—2010 c 271: See notes following RCW 43.330.005.

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

43.330.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Associate development organization" means a local economic development nonprofit corporation that is broadly representative of community interests.

(2) "Department" means the department of commerce.

(3) "Director" means the director of the department of commerce.

(4) "Financial institution" means a bank, trust company, mutual savings bank, savings and loan association, or credit union authorized to do business in this state under state or federal law.

(5) "Small business" has the same meaning as provided in RCW 39.26.010. [2014 c 112 § 401; 2011 c 286 § 4; 2009 c 565 § 2; 2007 c 322 § 2; 1993 c 280 § 3.]

Findings—Purpose—Intent—2007 c 322: "(1) The legislature finds that:

(a) Microenterprises are an important portion of Washington's economy, providing approximately twenty percent of the employment in Washington and playing a vital role in job creation.

(b) While community-based microenterprise development organizations have expanded their assistance to their microentrepreneur customers in recent years, there remains a lack of access to capital, training, and technical assistance for low-income microentrepreneurs.

(c) Support for microenterprise development offers a means to expand business and job creation in low-income communities in both rural and urban areas of the state.

(d) Local and state charitable foundation support, federal program funding, and private sector support can be leveraged by a statewide program for development of microenterprises.

(2) It is the purpose of this act to assist microenterprises in job creation by increasing the training, technical assistance, and financial resources available to microenterprises. It is the intention of the legislature to carry out this purpose by enabling the *department of community, trade, and economic development to contract with a statewide microenterprise association with the potential to provide organizational support and administer grants to local microenterprise development organizations, subject to the requirements of this act, and to leverage additional funds from sources other than moneys appropriated from the general fund." [2007 c 322 § 1.]

Findings—2003 c 153: "The legislature finds that tourism is a growing sector of the Washington economy. Washington has a diverse geography, geology, climate, and natural resources, and offers abundant opportunities for wildlife viewing. Nature-based tourism is the fastest growing outdoor activity and segment of the travel industry and the state can take advantage of this by marketing Washington's natural assets to international as well as national tourist markets. Expanding tourism efforts can provide Washington residents with jobs and local communities with needed revenues.

The legislature also finds that current efforts to promote Washington's natural resources and nature-based tourism to national and international markets are too diffuse and limited by funding and that a collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in nature-based tourism made by each." (d) The innovation partnership zone administrator must be an economic development council, port, workforce development council, city, or county.

(3) With respect solely to the research capacity required in subsection (2)(a)(i) of this section, the director may waive the requirement that the research institution be located within the zone. (4) On October 1st of each odd-numbered year, the director must designate innovation partnership zones on the basis of applications that meet the legislative criteria, estimated economic impact of the zone, evidence of forward planning for the zone, and other criteria as developed by the department. Estimated economic impact must include evidence of anticipated private investment, job creation, innovation, and commercialization. The director must require evidence that zone applicants will promote commercialization, innovation, and collaboration among zone residents.

(5) Innovation partnership zones are eligible for funds and other resources as provided by the legislature or at the discretion of the governor.

(6) If the innovation partnership zone meets the other requirements of the fund sources, then the zone is eligible for the following funds relating to:

- (b) The sales and use tax for public facilities in rural counties;
- (c) Job skills;
- (d) Local improvement districts; and
- (e) Community economic revitalization board projects under chapter 43.160 RCW.

(7) An innovation partnership zone must be designated as a zone for a four-year period. At the end of the four-year period, the zone must reapply for the designation through the department.

(8) If the director finds that an applicant does not meet all of the statutory criteria or additional criteria recommended by the department to be designated as an innovation partnership zone, the department must:

- (a) Identify the deficiencies in the proposal and recommended steps for the applicant to take to strengthen the proposal;
- (b) Provide the applicant with the opportunity to appeal the decision to the director; and
- (c) Allow the applicant to reapply for innovation partnership designation on October 1st of the following calendar year or during any subsequent application cycle.

(9) If the director finds at any time after the initial year of designation that an innovation partnership zone is failing to meet the performance standards required in its contract with the department, the director may withdraw such designation and cease state funding of the zone.

(10) The department must convene annual information sharing events for innovation partnership zone administrators and other interested parties.

(11) An innovation partnership zone must annually provide performance measures as required by the director, including but not limited to private investment measures, job creation measures, and measures of innovation such as licensing of ideas in research institutions, patents, or other recognized measures of innovation.

(12) The department must compile a biennial report on the innovation partnership zone program by December 1st of every even-numbered year. (b) Make recommendations for new or expanded financial incentives and comprehensive strategies to stimulate research and development of green technology and innovation, including designating innovation partnership zones linked to the green economy.

(7) For the purposes of this section, "target populations" means (a) entry-level or incumbent workers in high-demand green industries who are in, or are preparing for, high-wage occupations; (b) dislocated workers in declining industries who may be retrained for high-wage occupations in high-demand green industries; (c) dislocated agriculture, timber, or energy sector workers who may be retrained for high-wage occupations in high-demand green industries; (d) eligible veterans or national guard members; (e) disadvantaged populations; or (f) anyone eligible to participate in the state opportunity grant program under RCW 28B.50.271.

(8) The legislature directs the state workforce training and education coordinating board to create and pilot green

industry skill panels. These panels shall consist of business representatives from: Green industry sectors, including but not limited to forest product companies, companies engaged in energy efficiency and renewable energy production, companies engaged in pollution prevention, reduction, and mitigation, and companies engaged in green building work and green transportation; labor unions representing workers in those industries or labor affiliates administering state-approved, joint apprenticeship programs or labor-management partnership programs that train workers for these industries; state and local veterans agencies; employer associations; educational institutions; and local workforce development councils within the region that the panels propose to operate; and other key stakeholders as determined by the applicant. Any of these stakeholder organizations are eligible to receive grants under this section and serve as the intermediary that convenes and leads the panel. Panel applicants must provide labor market and industry analysis that demonstrates high demand, or demand of strategic importance to the development of the state's clean energy economy as identified in this section, for high-wage occupations, or occupations that are part of career pathways to the same, within the relevant industry sector. The panel shall:

(a) Conduct labor market and industry analyses, in consultation with the employment security department, and drawing on the findings of its research when available;

(b) Plan strategies to meet the recruitment and training needs of the industry and small businesses; and

(c) Leverage and align other public and private funding sources. [2014 c 112 § 117. Prior: 2012 c 229 § 590; 2012 c 198 § 12; 2010 c 187 § 2; 2008 c 14 § 9.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Effective date—2012 c 198: See note following RCW 70.94.6532.

Findings—2010 c 187: "(1) The legislature finds that:

(a) Washington's forest products industry plays a critical economic and environmental role in the state. The industry provides a wide range of services and goods both to Washingtonians and people around the world and is vital to the well-being and lifestyle of the people of the state of Washington; and

(b) It is in the best interest of the state to support and enhance the forest products industry.

(2) The legislature further finds that the state's forest practices are sustainably managed according to some of the most stringent riparian growing and harvest rules of any state in the nation or in the world, and that the state of Washington has received fifty-year assurances from the federal government that the state's forest practices satisfy the requirements of the federal endangered species act for aquatic species. As part of their environmental stewardship, forest landowners in Washington have repaired or removed nearly three thousand fish passage barriers, returned nearly twenty-five hundred miles of forest roads to their natural condition, and opened up nearly fifteen hundred miles of riparian salmonid habitat.

(3) The legislature further finds that Washington's forests naturally create habitat for fish and wildlife, clean water, and carbon storage; all environmental benefits that are lost when land is converted out of working forestry into another use. In recognition of forestry's benefits, the international panel on climate change has reported that a sustainable forest management strategy aimed at maintaining or increasing forest carbon stocks, while producing an annual sustained yield of timber, fiber, wood products, or energy from the forest, will generate the largest sustained carbon mitigation benefit.

(4) The legislature further finds that the forest products industry is a seventeen billion dollar industry, making it Washington's second largest manufacturing industry. The forest products industry alone provides nearly forty-five thousand direct jobs and one hundred sixty-two thousand indirect jobs, many located in rural areas.

(5) The legislature further finds that working forests help generate

wealth through recreation and tourism, the retention and creation of green jobs, and through the production of wood products and energy, a finding supported by the United States secretary of agriculture." [2010 c 187 § 1.]

Findings—Intent—Scope of chapter 14, Laws of 2008—Severability—2008 c 14: See RCW 70.235.005, 70.235.900, and 70.235.901.

43.330.320 Obtaining energy efficiency services—Awarding grants to financial institutions—Credit enhancements. (1) The department must: (a) Establish a process to award grants on a competitive basis to provide grants to financial institutions for the purpose of creating credit enhancements, such as loan loss reserve funds as specified in RCW 43.330.330 and 43.330.350, and consumer financial products and services that will be used to obtain energy efficiency services; and (b) develop criteria, in consultation with the department of financial institutions, regarding the extent to which funds will be provided for the purposes of credit enhancements and set forth principles for accountability for financial institutions receiving funding for credit enhancements.

(2) The department must:

(a) Give priority to financial institutions that provide both consumer financial products or services and direct outreach;

(b) Approve any financing mechanisms offered by local municipalities under RCW 43.330.350; and

(c) Require any financial institution or other entity receiving funding for credit enhancements to:

(i) Provide books, accounts, and other records in such a form and manner as the department may require;

(ii) Provide an estimate of projected loan losses; and

(iii) Provide the financial institution's plan to manage loan loss risks, including the rationale for sizing a loan loss reserve and the use of other credit enhancements, as applicable. [2009 c 379 § 205.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.330 Funding energy efficiency improvements—Risk reduction mechanisms—Legislative intent.

(1) The legislature finds that the creation and use of risk reduction mechanisms will promote greater involvement of local financial institutions and other financing mechanisms in funding energy efficiency improvements and will achieve greater leverage of state and federal dollars. Risk reduction mechanisms will allow financial institutions to lend to a broader pool of applicants on more attractive terms, such as potentially lower rates and longer loan terms. Placing a portion of funds in long-term risk reduction mechanisms will support a sustained level of energy efficiency investment by financial institutions while providing funding to projects quickly.

(2) It is the intent of the legislature to leverage new federal funding aimed at promoting energy efficiency projects, improving energy efficiency, and increasing family-wage jobs. To this end, the legislature intends to invest a portion of all federal funding, subject to federal requirements, for energy efficiency projects in financial mechanisms that will provide for maximum leverage of financing. [2009 c 379 § 206.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.340 Appliance efficiency rebate program.

The department may create an appliance efficiency rebate program with available funds from the energy efficient appliances rebate program authorized under the federal energy policy act of 2005 (P.L. 109-58). [2009 c 379 § 207.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.350 Use of moneys by local municipalities to leverage financing for energy efficiency projects.

(1) Local municipalities receiving federal stimulus moneys through the federal energy efficiency and conservation block grant program or state energy program are authorized to use those funds, subject to federal requirements, to establish loan loss reserves or toward risk reduction mechanisms, such as loan loss reserves, to leverage financing for energy efficiency projects.

(2) Interest rate subsidies, financing transaction cost subsidies, capital grants to energy users, and other forms of grants and incentives that support financing energy efficiency projects are authorized uses of federal energy efficiency funding.

(3) Financing mechanisms offered by local municipalities under this section must conform to all applicable state and federal rules and regulations. [2009 c 379 § 208.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.360 Findings—Involvement of state bond authorities in financing energy efficiency projects.

(1) The legislature finds that the state bond authorities have capacities that can be applied to financing energy efficiency projects for their respective eligible borrowers: Washington economic development finance authority for industry; Washington state housing finance commission for single-family and multifamily housing, commercial properties, agricultural properties, and nonprofit facilities; Washington higher education facilities authority for private, nonprofit higher education; and Washington health care facilities authority for hospitals and all types of health clinics.

(2)(a) Subject to federal requirements, the state bond authorities may accept and administer an allocation of the state's share of the federal energy efficiency funding for designing energy efficiency finance loan products and for developing and operating energy efficiency finance programs. The state bond authorities shall coordinate with the department on the design of the bond authorities' program.

(b) The department may make allocations of the federal funding to the state bond authorities and may direct and administer funding for outreach, marketing, and delivery of energy services to support the programs by the state bond authorities.

(c) The legislature authorizes a portion of the federal energy efficiency funds to be used by the state bond authorities for credit enhancements and reserves for such programs.

(3) The Washington state housing finance commission may:

(a) Issue revenue bonds as the term "bond" is defined in RCW 43.180.020 for the purpose of financing loans for energy efficiency and renewable energy improvement projects in accordance with RCW 43.180.150;

(b) Establish eligibility criteria for financing that will enable it to choose applicants who are likely to repay loans made or acquired by the commission and funded from the proceeds of federal funds or commission bonds; and

(c) Participate fully in federal and other governmental programs and take such actions as are necessary and consistent with chapter 43.180 RCW to secure to itself and the people of the state the benefits of programs to promote energy efficiency and renewable energy technologies. [2009 c 379 § 209.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.370 Evergreen jobs initiative. The Washington state evergreen jobs initiative is established as a comprehensive green economy jobs growth initiative with the goals of:

(1) Creating fifteen thousand new green economy jobs by 2020, with a target of thirty percent of those jobs going to veterans, members of the national guard, and low-income and disadvantaged populations;

43.330.400 Broadband mapping account—Federal broadband data improvement act funding—Coordination of broadband mapping activities. (1) The broadband mapping account is established in the custody of the state treasurer. The department shall deposit into the account such funds received from legislative appropriation, federal fund-

ing, and donated funds from private and public sources. Expenditures from the account may be used only for the purposes of RCW 43.330.403 through 43.330.409. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) The department is the single eligible entity in the state for purposes of the federal broadband mapping activities.

(3) Federal funding received by the department for broadband mapping activities must be used in accordance with any federal requirements and, subject to those requirements, may be distributed by the department on a competitive basis to other entities in the state.

(4) The department shall consult with the office of financial management and the utilities and transportation commission in coordinating broadband mapping activities. In carrying out any broadband mapping activities, the provisions of P.L. 110-385, Title I, regarding trade secrets, commercial or financial information, and privileged or confidential information submitted by the federal communications commission or a broadband provider are deemed to encompass the consulted agencies. [2011 1st sp.s. c 43 § 603; 2009 c 509 § 2. Formerly RCW 43.105.370.]

Findings—Intent—Purpose—2009 c 509: "(1) The legislature finds that the deployment and adoption of high-speed internet services and technology advancements enhance economic development and public safety for the state's communities. Such deployment also offers improved health care, access to consumer and legal services, increased educational and civic participation opportunities, and a better quality of life for the state's residents. The legislature further finds that improvements in the deployment and adoption of high-speed internet services and the strategic inclusion of technology advancements and technology education are critical to ensuring that Washington remains competitive and continues to provide a skilled workforce, attract businesses, and stimulate job growth.

(2) The legislature intends to support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology. The legislature further intends to ensure that all Washington citizens, businesses, schools, and organizations are able to obtain and utilize broadband fully, regardless of location, economic status, literacy level, age, disability, structure, or size. In addition, the legislature intends that a statewide assessment of the availability, location, service levels, and other characteristics of high-speed internet services and other advanced telecommunications services in the state be conducted.

(3) In recognition of the importance of broadband deployment and adoption to the economy, health, safety, and welfare of the people of Washington, it is the purpose of this act to make high-speed internet service more readily available throughout the state, especially in areas and for populations with a low utilization rate." [2009 c 509 § 1.]

Effective date—2009 c 509: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2009." [2009 c 509 § 16.]

(1) The department is authorized, through a competitive bidding process, to procure on behalf of the state a geographic information system map detailing high-speed internet infrastructure, service availability, and adoption. This geographic information system map may include adoption information, availability information, type of high-speed internet deployment technology, and available speed tiers for high-speed internet based on any publicly available data.

(2) The department may procure this map either by:

(a) Contracting for and purchasing a completed map or updates to a map from a third party; or

(b) Working directly with the federal communications commission to accept publicly available data.

(4) In contracting for purchase of the map or updates to a map in subsection (2)(a) of this section, the department may take no action, nor impose any condition on the third party, that causes any record submitted by a public or private broadband service provider to the third party to meet the standard of a public record as defined in RCW 42.56.010. This prohibition does not apply to any records delivered to the department by the third party as a component of the map. For the purpose of RCW 42.56.010(3), the purchase by the department of a completed map or updates to a map may not be deemed use or ownership by the department of the underlying information used by the third party to complete the map.

43.330.409 Broadband mapping, deployment, and adoption—Reports. (1) The department, in coordination with the utilities and transportation commission, and such advisors as the department chooses, may prepare regular reports that identify the following:

(a) The geographic areas of greatest priority for the deployment of advanced telecommunications infrastructure in the state;

(b) A detailed explanation of how any amount of funding received from the federal government for the purposes of broadband mapping, deployment, and adoption will be or have been used; and

(c) A determination of how nonfederal sources may be utilized to achieve the purposes of broadband mapping, deployment, and adoption activities in the state.

(2) To the greatest extent possible, the initial report should be based upon the information identified in the geographic system maps developed under the requirements of this chapter.

(3) The initial report should be delivered to the appropriate committees of the legislature as soon as feasible, but no later than January 18, 2010.

(4) Any future reports prepared by the department based upon the requirements of subsection (1) of this section should be delivered to the appropriate committees of the legislature by January 15th of each year. [2011 1st sp.s. c 43 § 606; 2009 c 509 § 5. Formerly RCW 43.105.376.]

43.330.415 Washington community technology opportunity account. The Washington community technology opportunity account is established in the state treasury. The governor or the governor's designee and the director or the director's designee shall deposit into the account federal grants to the state, legislative appropriations, and donated funds from private and public sources for purposes related to broadband deployment and adoption, including matching funds required by *the act. Donated funds from private and public sources may be deposited into the account. Expenditures from the account may be used only as matching funds for federal and other grants to fund the operation of the community technology opportunity program under this chapter, and to fund other broadband-related activities authorized in chapter 509, Laws of 2009. Only the director or the director's designee may authorize expenditures from the account. [2011 1st sp.s. c 43 § 608; 2009 c 509 § 8; 2008 c 262 § 8. Formerly RCW 43.105.382, 28B.32.030.]

43.330.418 Broadband deployment and adoption—Governor's actions—Oversight and implementation by the department. (1) The governor may take all appropriate steps to seek federal funding in order to maximize investment in broadband deployment and adoption in the state of Washington. Such steps may include the designation of a broadband deployment and adoption coordinator; review and prioritization of grant applications by public and private entities as directed by the national telecommunications and information administration, the rural utility services, and the federal communications commission; disbursement of block grant funding; and direction to state agencies to provide staffing as necessary to carry out this section. The authority for overseeing broadband adoption and deployment efforts on behalf of the state is vested in the department.

(2) The department may apply for federal funds and other grants or donations, may deposit such funds in the Washington community technology opportunity account created in RCW 43.330.415, may oversee implementation of federally funded or mandated broadband programs for the state and may adopt rules to administer the programs. (c) Identifying broadband demand opportunities in communities by working cooperatively with local organizations, government agencies, and businesses;

(d) Creating, implementing, and administering programs to improve computer ownership, technology literacy, digital media literacy, and high-speed internet access for populations not currently served or underserved in the state. This may include programs to provide low-income families, community-based nonprofit organizations, nonprofit entities, and public entities that work in partnership with nonprofit entities to provide increased access to computers and broadband, with reduced cost internet access;

(e) Administering the community technology opportunity program under RCW 43.330.412 and 43.330.415;

(f) Creating additional programs to spur the development of high-speed internet resources in the state;

43.330.430 Developmental disabilities endowment—Definitions. The definitions in this section apply throughout *RCW 43.330.200 through 43.330.230.

(1) "Developmental disability" has the meaning in **RCW 71A.10.020(3).

(2) "Developmental disabilities endowment trust fund" means the fund established in the custody of the state treasurer in *RCW 43.330.200, comprised of private, public, or private and public sources, to finance services for persons with developmental disabilities. All moneys in the fund, all property and rights purchased from the fund, and all income attributable to the fund, shall be held in trust by the state investment board, as provided in RCW 43.33A.030, for the exclusive benefit of fund beneficiaries. The principal and interest of the endowment fund must be maintained until such time as the governing board policy specifies except for the costs and expenses of the state treasurer and the state investment board otherwise provided for in chapter 120, Laws of 2000.

(3) "Governing board" means the developmental disabilities endowment governing board in *RCW 43.330.205.

(4) "Individual trust account" means accounts established within the endowment trust fund for each individual named beneficiary for the benefit of whom contributions have been made to the fund. The money in each of the individual accounts is held in trust as provided for in subsection (2) of this section, and shall not be considered state funds or revenues of the state. The governing board serves as administrator, manager, and recordkeeper for the individual trust accounts for the benefit of the individual beneficiaries. The policies governing the disbursements, and the qualifying services for the trust accounts, shall be established by the governing board. Individual trust accounts are separate accounts within the developmental disabilities endowment trust fund, and are invested for the beneficiaries through the endowment trust fund. [2000 c 120 § 2. Formerly RCW 43.70.730, 43.330.195.]

Reviser's note: *(1) RCW 43.330.200 through 43.330.230 were recodified as RCW 43.70.731 through 43.70.736, respectively, pursuant to 2010 c 271 § 203. RCW 43.70.731 through 43.70.736 were subsequently recodified as RCW 43.330.431 through 43.330.436, respectively, pursuant to 2012 c 197 § 4.

***(2) RCW 71A.10.020 was amended by 2011 1st sp.s. c 30 § 3, changing subsection (3) to subsection (4). RCW 71A.10.020 was subsequently amended by 2014 c 139 § 2, changing subsection (4) to subsection (5).

43.330.431 Developmental disabilities endowment—Trust fund. (1) The developmental disabilities endowment trust fund is created in the custody of the state treasurer. Expenditures from the fund may be used only for the purposes of the developmental disabilities endowment established under this chapter, except for expenses of the state investment board and the state treasurer as specified in subsection (2) of this section. Only the developmental disabilities endowment governing board or the board's designee may authorize expenditures from the fund. The fund shall retain its interest earnings in accordance with RCW 43.79A.040.

(2) The developmental disabilities endowment governing board shall deposit in the fund all money received for the program, including state appropriations and private contributions. With the exception of investment and operating costs associated with the investment of money by the investment board paid under RCW 43.33A.160 and 43.84.160 and the expenses and operating costs of the state treasurer paid under RCW 43.08.190 and 43.79A.040, the fund shall be credited with all investment income earned by the fund. Disbursements from the fund are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. However, money used for program administration by the department or the governing board is subject to the allotment and budgetary controls of chapter 43.88 RCW, and an appropriation is required for these expenditures. [2000 c 120 § 3; 1999 c 384 § 2. Formerly RCW 43.70.731, 43.330.200.]

Intent—1999 c 384: "The legislature recognizes that the main and most enduring support for persons with developmental disabilities, along with public resources, is their immediate and extended families. The legislature recognizes that these families are searching for ways to provide for the long-term continuing care of their disabled family member when the family can no longer provide that care. It is the intent of the legislature to encourage and assist families to engage in long-range financial planning and to contribute to the lifetime care of their disabled family member. To further these objectives, this chapter is enacted to finance lifetime services and supports for persons with developmental disabilities through an endowment funded jointly by the investment of public funds and dedicated family contributions.

The establishment of this endowment is not intended to diminish the state's responsibility for funding services currently available to future endowment participants, subject to available funding, nor is it the intent of the legislature, by the creation of this public/private endowment, to impose additional, unintended financial liabilities on the public." [2000 c 120 § 1; 1999 c 384 § 1.]

All investment and operating costs associated with the investment of money shall be paid under RCW 43.33A.160 and 43.84.160. With the exception of these expenses, the earnings from the investment of the money shall be retained by the fund.

(2) All investments made by the state investment board shall be made with the exercise of that degree of judgment and care under RCW 43.33A.140 and the investment policy established by the state investment board.

(4) The authority to establish all policies relating to the fund, other than the investment policies as set forth in subsections (1) through (3) of this section, resides with the governing board acting in accordance with the principles set forth in *RCW 43.330.220. With the exception of expenses of the state treasurer in *RCW 43.330.200 and the investment board set forth in subsection (1) of this section, disbursements from the fund shall be made only on the authorization of the governing board or the board's designee, and money in the fund may be spent only for the purposes of the developmental disabilities endowment program as specified in this chapter.

(5) The investment board shall routinely consult and communicate with the governing board on the investment policy, earnings of the trust, and related needs of the program. [2000 c 120 § 4. Formerly RCW 43.70.732, 43.330.205.]

***Reviser's note:** RCW 43.330.220 and 43.330.200 were recodified as RCW 43.70.734 and 43.70.731, respectively, pursuant to 2010 c 271 § 203. RCW 43.70.734 and 43.70.731 were subsequently recodified as RCW 43.330.434 and 43.330.431, respectively, pursuant to 2012 c 197 § 4.

43.330.433 Developmental disabilities endowment—Governing board—Liability of governing board and state investment board. The developmental disabilities endowment governing board is established to design and administer the developmental disabilities endowment. To the extent funds are appropriated for this purpose, the director of the department shall provide staff and administrative support to the governing board.

(1) The governing board shall consist of seven members as follows:

(a) Three of the members, who shall be appointed by the governor, shall be persons who have demonstrated expertise and leadership in areas such as finance, actuarial science, management, business, or public policy.

(b) Three members of the board, who shall be appointed by the governor, shall be persons who have demonstrated expertise and leadership in areas such as business, developmental disabilities service design, management, or public policy, and shall be family members of persons with developmental disabilities.

(c) The seventh member of the board, who shall serve as chair of the board, shall be appointed by the remaining six members of the board.

(2) Members of the board shall serve terms of four years and may be appointed for successive terms of four years at the discretion of the appointing authority. However, the governor may stagger the terms of the initial six members of the board so that approximately one-fourth of the members' terms expire each year.

(3) Members of the board shall be compensated for their service under RCW 43.03.240 and shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(6) Members of the governing board and the state investment board are not liable to the state, to the fund, or to any other person as a result of their activities as members, whether ministerial or discretionary, except for willful dishonesty or intentional violations of law. 43.330.434 Developmental disabilities endowment—Endowment principles. The design, implementation, and administration of the developmental disabilities endowment shall be governed by the following principles:

(1) The design and operation of the endowment should reward families who set aside resources for their child's future care and provide incentives for continued caregiving by the family.

(2) The endowment should encourage financial planning and reward caregiving by a broad range of families, not just those who have substantial financial resources.

(3) Families should not feel compelled to contribute to the endowment in order to meet the needs of continuing care for their child.

(4) All families should have equal access to developmental disabilities services not funded through the endowment regardless of whether they contribute to the endowment.

(5) Services funded through the endowment should be stable, ongoing, of reasonable quality, and respectful of individual and family preferences.

(6) Endowment resources should be expended economically in order to benefit as many families as possible.

(7) Endowment resources should be managed prudently so that families can be confident that their agreement with the endowment on behalf of their child will be honored.

(8) The private financial contribution on behalf of each person receiving services from the endowment shall be at least equal to the state's contribution to the endowment.

(9) In order to be matched with funding from the state's contribution to the endowment, the private contribution on behalf of a beneficiary must be sufficient to support the beneficiary's approved service plan for a significant portion of the beneficiary's anticipated remaining lifetime.

(10) The rate that state appropriations to the endowment are used to match private contributions shall be such that each legislative appropriation to the developmental disabilities endowment trust fund, including principal and investment income, is not depleted in a period of less than five years.

(2014 Ed.)

(11) Private contributions made on behalf of a particular individual, and the associated state match, shall only be used for services provided upon that person's behalf.

(12) State funds contributed to the developmental disabilities endowment trust fund are to support the individual trust accounts established by individual private contributions made by families or other interested persons for named individual beneficiaries.

(13) The governing board shall explore methods to solicit private donations. The governing board shall explore mechanisms to support individuals with developmental disabilities who do not have individual private contributions made on their behalf. The governing board shall establish policies for the use of any private donations.

(14) Types of services funded by money managed through the developmental disabilities endowment trust fund shall be approved by the governing board or its designee. [2000 c 120 § 6; 1999 c 384 § 5. Formerly RCW 43.70.734, 43.330.220.]

43.330.435 Developmental disabilities endowment—Development of operating plan—Elements. To the extent funds are appropriated for this purpose, the governing board shall contract with an appropriate organization for the development of a proposed operating plan for the developmental disabilities endowment program. The proposed operating plan shall be consistent with the endowment principles specified in *RCW 43.330.220. The plan shall address at least the following elements:

(1) The recommended types of services to be available through the endowment program and their projected average costs per beneficiary;

(2) An assessment of the number of people likely to apply for participation in the endowment under alternative rates of matching funds, minimum service year requirements, and contribution timing approaches;

(3) An actuarial analysis of the number of disabled beneficiaries who are likely to be supported under alternative levels of public contribution to the endowment, and the length of time the beneficiaries are likely to be served, under alternative rates of matching funds, minimum service year requirements, and contribution timing approaches;

(4) Recommended eligibility criteria for participation in the endowment program;

(5) Recommended policies regarding withdrawal of private contributions from the endowment in cases of movement out of state, death of the beneficiary, or other circumstances;

(6) Recommended matching rate of public and private contributions and, for each beneficiary, the maximum annual and lifetime amount of private contributions eligible for public matching funds;

(7) The recommended minimum years of service on behalf of a beneficiary that must be supported by private contributions in order for the contributions to qualify for public matching funds from the endowment;

(8) The recommended schedule according to which lump sum or periodic private contributions should be made to the endowment in order to qualify for public matching funds;

[Title 43 RCW—page 747]

(9) A recommended program for educating families about the endowment, and about planning for their child's long-term future; and

(10) Recommended criteria and procedure for selecting an organization or organizations to administer the developmental disabilities endowment program, and projected administrative costs. [2000 c 120 § 7. Formerly RCW 43.70.735, 43.330.225.]

43.330.436 Developmental disabilities endowment—Program implementation and administration. Based on the proposed operating plan under *RCW 43.330.225, and to the extent funds are appropriated for this purpose, the developmental disabilities endowment governing board shall implement and administer, or contract for the administration of, the developmental disabilities endowment program under the principles specified in *RCW 43.330.220. By December 1, 2000, and prior to implementation, the final program design shall be submitted to the appropriate committees of the legislature.

The secretary of the department of social and health services shall seek to maximize federal reimbursement and matching funds for expenditures made under the endowment program, and shall seek waivers from federal requirements as necessary for the receipt of federal funds.

The governing board may receive gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the endowment program and may expend the gifts, grants, and endowments according to their terms. 43.330.437 Developmental disabilities endowment—Rules. The department shall adopt rules for the implementation of policies established by the governing board in *RCW 43.70.731 through 43.70.736. Such rules will be consistent with those statutes and chapter 34.05 RCW. [2010 c 271 § 202; 2009 c 565 § 12; 2000 c 120 § 9. Formerly RCW 43.70.737, 43.330.240.]

***Reviser's note:** RCW 43.70.731 through 43.70.736 were recodified as RCW 43.330.431 through 43.330.436, respectively, pursuant to 2012 c 197 § 4.

Purpose—Effective date—2010 c 271: See notes following RCW 43.330.005.

43.330.440 Multijurisdictional regulatory streamlining projects—Establishment—Reports. (1) The department, in collaboration with the office of regulatory assistance and the office of accountability and performance, must conduct multijurisdictional regulatory streamlining projects that each impact a specific industry sector or subsector within a specific geographical location. Planning for an initial pilot project must begin by September 1, 2013, and the initial pilot

project must be underway by December 31, 2013. One or more projects must be implemented in each subsequent calendar year through 2019.

(2) The department must establish and implement a competitive process and select a minimum of one applicant comprised of a public-private partnership for participation in each project. The initial pilot project must focus on the manufacturing sector. The department, in consultation with the economic development commission, must determine the sectors for subsequent projects. The criteria to be used to select projects must include:

(a) Evidence of strong business commitment to the project;

(b) Evidence of strong commitment by the local government jurisdictions where the project is located to allocate necessary staff to the project and to streamline laws, rules, and administrative process requirements both within their jurisdictions and collaboratively across jurisdictions;

(c) Willingness to apply lean principles and tools to streamline the business regulatory experience;

(d) Identification of a lead partner capable of providing project management and coordination of partners;

(e) Support of the stakeholders necessary to implement the project;

(f) A plan and capacity to complete the project within the time frame; and

(g) A minimum of fifty percent match must be provided from project partners. The match may be cash, in-kind, or a combination of cash and in-kind.

(3) The department is encouraged to collaborate with nonprofit industry organizations, the private sector, foundations, and other interested entities to successfully complete each project.

(4) The department must pursue opportunities for non-state funding as the match to the fifty percent or more provided by project partners. A maximum of fifty thousand dollars of state funds may be used for a project.

(5) The department may contract with a third party for expertise and facilitation.

(6) All state agencies with regulatory requirements that impact the project's industry sector must participate.

(7) The state agencies, local jurisdictions, business partners, and other participants must jointly:

(a) Develop a project plan to conduct a cross-jurisdictional review process;

(b) Identify and review all laws, rules, and administrative processes and requirements pertaining to the selected sector;

(c) Apply specific criteria to evaluate the extent to which the laws, rules, and administrative processes and requirements provide for consistent, clear, and efficient customer experiences while continuing to maintain public health, safety, and environmental standards;

(d) Develop an implementation plan and schedule that identifies priority streamlining actions;

(e) Present their recommendations to the department for comment and endorsement; and

(f) Present their recommendations to the Washington state economic development commission for comment, endorsement, and evaluation.

(8) The department must document and distribute the streamlined laws, rules, processes, and other potentially rep-

licable information, derived from the projects to the association of Washington cities and Washington state association of counties for distribution to their membership.

(9) The department must brief the economic development committees of the legislature by January 15, 2014, on the status of the initial pilot project, and must submit a report on the outcomes of the projects to the economic development committees of the legislature by January 15th of each calendar year, from 2015 through 2020. The department must include in the reports any streamlining recommendations identified in the projects that require statutory changes for implementation and any potentially replicable models, approaches, and tools that could be applied to other sectors and geographical areas. [2013 c 324 § 2.]

Findings—Intent—2013 c 324: "(1) The legislature finds that: Since 2010, the department of commerce and the office of regulatory assistance have convened and coordinated a number of cross-agency collaborative regulatory streamlining efforts focused on improving the regulatory experience for small businesses, while maintaining public health and safety; the department of commerce has established efficient and effective regulation as one of its four global priorities to support the mission to grow and improve jobs; the state auditor's office issued a regulatory performance audit in 2012 identifying many agency actions that can also improve the business community's ability to comply with regulatory requirements; and the Washington state economic development commission's 2012 comprehensive statewide strategy emphasized the need for smarter regulations in order to achieve long-term global competitiveness, prosperity, and economic opportunity for all the state's citizens.

(2) The legislature further finds that while individual agency streamlining activities result in improvements, businesses are required to interact with many state and local agencies, all with unique requirements, processes, forms, instructions, payment options, and electronic transaction capabilities. Cross-agency and cross-jurisdictional regulatory improvements are needed to meaningfully improve the overall business customer experience and ability to more easily understand and comply with requirements.

(3) Therefore, the legislature intends to authorize a business regulatory efficiency program administered by the department of commerce with the goal of providing an improved regulatory environment in Washington. By enhancing, simplifying, and better coordinating state and local regulatory processes for specific industry sectors, the amount of time it takes businesses to conduct their interactions with state government will decrease, compliance will increase, and businesses will have the opportunity to generate more revenue and create more jobs, thereby strengthening Washington's economy and overall global competitiveness." 43.330.904 Transfer of certain state energy office powers, duties, and functions—References to director—Appointment of assistant director. (1) All powers, duties, and functions of the state energy office relating to energy resource policy and planning and energy facility siting are transferred to the *department of community, trade, and economic development. All references to the director or the state energy office in the Revised Code of Washington shall be construed to mean the director or the *department of community, trade, and economic development when referring to the functions transferred in this section.

The director shall appoint an assistant director for energy policy, and energy policy staff shall have no additional responsibilities beyond activities concerning energy policy.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the state energy office pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the *department of community, trade, and economic development. All cabinets, furniture, office equipment, software, database, motor vehicles, and other tangible property employed by the state energy office in carrying out the powers, functions, and duties transferred shall be made available to the *department of community, trade, and economic development.

(b) Any appropriations made to the state energy office for carrying out the powers, functions, and duties transferred shall, on July 1, 1996, be transferred and credited to the *department of community, trade, and economic development.

(c) Whenever any question arises as to the transfer of any funds, books, documents, records, papers, files, software, database, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the state energy office engaged in performing the powers, functions, and duties pertaining to the energy facility site evaluation council are transferred to the jurisdiction of the *department of community, trade, and economic development. All employees engaged in energy facility site evaluation council duties classified under chapter 41.06 RCW, the state civil service law, are assigned to the *department of community, trade, and economic development to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

(4) All rules and all pending business before the state energy office pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the *department of community, trade, and economic development. All existing contracts and obligations shall remain in full force and shall be performed by the *department of community, trade, and economic development.

(5) The transfer of the powers, duties, and functions of the state energy office does not affect the validity of any act performed before July 1, 1996.

(6) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of the office of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation.

(7) The *department of community, trade, and economic development shall direct the closure of the financial records of the state energy office.

(8) Responsibility for implementing energy education, applied research, and technology transfer programs rests with Washington State University. The *department of community, trade, and economic development shall provide Washington State University available existing and future oil overcharge restitution and federal energy block funding for a minimum period of five years to carry out energy programs under an interagency agreement with the *department of community, trade, and economic development. The interagency agreement shall also outline the working relationship between the *department of community, trade, and economic development and Washington State University as it pertains to the relationship between energy policy development and public outreach. Nothing in chapter 186, Laws of 1996 prohibits Washington State University from seeking grant, contract, or fee-for-service funding for energy or related programs directly from other entities. [1996 c 186 § 101.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Findings—Intent—1996 c 186: "The legislature finds responsibilities of state government need to be limited to core services in support of public safety and welfare. Services provided by the Washington state energy office are primarily advisory and can be eliminated. The legislature further finds a need to redefine the state's role in energy-related regulatory functions. The state may be better served by allowing regulatory functions to be performed by other appropriate entities, simplifying state government while maintaining core services. Further, it is the intent of the legislature that the state continue to receive oil overcharge restitution funds for our citizens while every effort is being made to maximize federal funds available for energy conservation purposes." 43.331.040 Program administration by department of commerce, in consultation with department of general administration and Washington State University energy program—Definitions. (1) The department of commerce, in consultation with the *department of general administration and the Washington State University energy program, shall administer the jobs act.

(2) The *department of general administration must develop guidelines that are consistent with national and international energy savings performance standards for the imple-

(2014 Ed.)

mentation of energy savings performance contracting projects by the energy savings performance contractors by December 31, 2010.

(3) The definitions in this section apply throughout this chapter and RCW 43.331.050 unless the context clearly requires otherwise.

(a) "Cost-effectiveness" means that the present value to higher education institutions and school districts of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(b) "Energy cost savings" means savings realized in expenses for energy use and expenses associated with water, wastewater, or solid waste systems.

(c) "Energy equipment" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may also include reductions in the use or cost of water, wastewater, or solid waste.

(d) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a public agency to conduct energy audits and guarantee energy savings from energy efficiency.

(e) "Innovative measures" means advanced or emerging technologies, systems, or approaches that may not yet be in common practice but improve energy efficiency, accelerate deployment, or reduce energy usage, and become widely commercially available in the future if proven successful in demonstration programs without compromising the guaranteed performance or measurable energy and operational cost savings anticipated. Examples of innovative measures include, but are not limited to, advanced energy and systems operations monitoring, diagnostics, and controls systems for buildings; novel heating, cooling, ventilation, and water heating systems; advanced windows and insulation technologies, highly efficient lighting technologies, designs, and controls; and integration of renewable energy sources into buildings, and energy savings verification technologies and solutions.

(f) "Operational cost savings" means savings realized from parts, service fees, capital renewal costs, and other measurable annual expenses to maintain and repair systems. This definition does not mean labor savings related to existing facility staff.

(g) "Public facilities" means buildings, building components, and major equipment or systems owned by public school districts and public higher education institutions. [2010 1st sp.s. c 35 § 301.]

43.331.050 Competitive grant process—Audit—Administrative fees—Reports to the legislature. (1)

Within appropriations specifically provided for the purposes of this chapter, the department of commerce, in consultation with the *department of general administration, and the Washington State University energy program shall establish a competitive process to solicit and evaluate applications from public school districts, public higher education institutions, and other state agencies. Final grant awards shall be determined by the department of commerce.

(2) Grants must be awarded in competitive rounds, based on demand and capacity, with at least five percent of each grant round awarded to small public school districts with fewer than one thousand full-time equivalent students, based on demand and capacity.

(3) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:

(a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state jobs act grant, the higher the project ranking.

(b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of the energy equipment and improvements. The energy savings analysis must be performed by a licensed engineer and documentation must include but is not limited to the following:

(i) A description of the energy equipment and improvements;

(ii) A description of the energy and operational cost savings; and

(iii) A description of the extent to which the project employs collaborative and innovative measures and encourages demonstration of new and emerging technologies with high energy savings or energy cost reductions.

(c) Expediency of expenditure: Project readiness to spend funds must be prioritized so that the legislative intent to expend funds quickly is met.

(4) Projects that do not use energy savings performance contracting must: (a) Verify energy and operational cost savings, as defined in RCW 43.331.040, for ten years or until the energy and operational costs savings pay for the project, whichever is shorter; (b) follow the *department of general administration's energy savings performance contracting project guidelines developed pursuant to RCW 43.331.040; and (c) employ a licensed engineer for the energy audit and construction. The department of commerce may require third-party verification of savings if a project is not implemented by an energy savings performance contractor selected by the *department of general administration through the request of qualifications process. Third-party verification must be conducted either by an energy savings performance contractor selected by the *department of general administration through a request for qualifications, a licensed engineer specializing in energy conservation, or by a project resource

conservation manager or educational service district resource conservation manager.

(5) To intensify competition, the department of commerce may only award funds to the top eighty-five percent of projects applying in a round until the department of commerce determines a final round is appropriate. Projects that do not receive a grant award in one round may reapply in subsequent rounds.

(6) To match federal grants and programs that require state matching funds and produce significantly higher efficiencies in operations and utilities, the level of innovation criteria may be increased for the purposes of weighted scoring to capture those federal dollars for selected projects that require a higher level of innovation and regional collaboration.

(7) Grant amounts awarded to each project must allow for the maximum number of projects funded with the greatest energy and cost benefit.

(8)(a) The department of commerce must use bond proceeds to pay one-half of the preliminary audit, up to five cents per square foot, if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the other one-half of the cost of the preliminary audit if the project does not meet their predetermined cost-effectiveness criteria.

(b) The energy savings performance contractor may not charge for an investment grade audit if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the full price of an investment grade audit if they do not proceed with a project that meets the school district's and higher education institution's predetermined cost-effectiveness criteria.

(9) The department of commerce may charge projects administrative fees and may pay the *department of general administration and the Washington State University energy program administration fees in an amount determined through a memorandum of understanding.

(10) The department of commerce and the *department of general administration must submit a joint report to the appropriate committees of the legislature and the office of financial management on the timing and use of the grant funds, program administrative function, compliance with apprenticeship utilization requirements in RCW 39.04.320, compliance with prevailing wage requirements, and administration fees by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled. [2010 1st sp.s. c 35 § 302.]

***Reviser's note:** The "department of general administration" was renamed the "department of enterprise services" by 2011 1st sp.s. c 43 § 107.

Contingent effective date—2010 1st sp.s. c 35: See note following RCW 43.331.040.

43.331.900 Referral to people—Spending restriction—Ballot title—2010 1st sp.s. c 35 §§ 101 through 203 and 401 through 405. (1) The secretary of state shall submit sections 101 through 203 and 401 through 405 of this act to the people for their adoption and ratification, or rejection, at the next general election to be held in this state, in accordance with Article II, section 1 and Article VIII, section 3 of the

state Constitution and the laws adopted to facilitate their operation.

(2) If the people ratify this act as specified under subsection (1) of this section, revenues generated shall be spent as detailed in this act.

(3) Pursuant to RCW 29A.72.050(6), the statement of subject and concise description for the ballot title shall read: "The legislature has passed Engrossed House Bill No. 2561 (this act), concerning job creation through energy efficiency projects in school buildings. This bill would promote job creation by authorizing bonds to construct energy efficiency savings improvements to schools, including higher education buildings." [2010 1st sp.s. c 35 § 501.]

OFFICE OF THE WASHINGTON STATE TRADE REPRESENTATIVE

Sections

- 43.332.005 Findings—Purpose.
43.332.010 Office created—Duties.
43.332.020 Gifts, grants—Bank account.

43.332.005 Findings—Purpose. (1) The legislature finds that:

(a) The expansion of international trade is vital to the overall growth of Washington's economy;

(b) On a per capita basis, Washington state is the most international trade dependent state in the nation;

(c) The North American free trade agreement (NAFTA) and the general agreement on tariffs and trade (GATT) highlight the increased importance of international trade opportunities to the United States and the state of Washington;

(d) The passage of NAFTA and GATT will have a major impact on the state's agriculture, aerospace, computer software, and textiles and apparel sectors;

(e) There is a need to strengthen and coordinate the state's activities in promoting and developing its agricultural, manufacturing, and service industries overseas, especially for small and medium-sized businesses, and minority and women-owned business enterprises; and

(f) The importance of having a coherent vision for advancing Washington state's interest in the global economy has rarely been so consequential as it is now.

(2) The legislature declares that the purpose of the office of the Washington state trade representative is to:

(a) Strengthen and expand the state's activities in marketing its goods and services overseas;

(b) Review and analyze proposed international trade agreements to assess their impact on goods and services produced by Washington businesses; and

(c) Inform the legislature about ongoing trade negotiations, trade development, and the possible impacts on Washington's economy. [2003 c 346 § 1; 1995 c 350 § 1.]

43.332.010 Office created—Duties. (1) The office of the Washington state trade representative is created in the office of the governor. The office shall serve as the state's official liaison with foreign governments on trade matters.

(2014 Ed.)

(2) The office shall:

(a) Work with the *department of community, trade, and economic development, the department of agriculture, and other appropriate state agencies, and within the agencies' existing resources, review and analyze proposed and enacted international trade agreements and provide an assessment of the impact of the proposed or enacted agreement on Washington's businesses and firms;

(b) Provide input to the office of the United States trade representative in the development of international trade, commodity, and direct investment policies that reflect the concerns of the state of Washington;

(c) Serve as liaison to the legislature on matters of trade policy oversight including, but not limited to, updates to the legislature regarding the status of trade negotiations, trade litigation, and the impacts of trade policy on Washington state businesses;

(d) Work with the international trade division of the *department of community, trade, and economic development and the international marketing program of the Washington state department of agriculture to develop a statewide strategy designed to increase the export of Washington goods and services, particularly goods and services from small and medium-sized businesses; and

(e) Conduct other activities the governor deems necessary to promote international trade and foreign investment within the state.

(3) The office shall prepare and submit an annual report on its activities under subsection (2) of this section to the governor and appropriate committees of the legislature. [2003 c 346 § 2; 1995 c 350 § 2.]

Reviser's note: *(1) The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

(2) Substitute House Bill No. 1059, Substitute House Bill No. 1173, and Engrossed Substitute House Bill No. 1827 were enacted during the 2003 regular session of the legislature, but were vetoed in part by the governor. A stipulated judgment, No. 03-2-01988-4 filed in the Superior Court of Thurston County, between the governor and the legislature, settled litigation over the governor's use of veto powers and declared the vetoes of SHB 1059, SHB 1173, and ESHB 1827 null and void. Consequently, the text of this section has been returned to the version passed by the legislature prior to the vetoes. For vetoed text and message, see chapter 346, Laws of 2003.

43.332.020 Gifts, grants—Bank account. The office shall open and maintain a bank account into which it shall deposit all money received under this section. Such money and the interest accruing thereon shall not constitute public funds, shall be kept segregated and apart from funds of the state, and shall not be subject to appropriation or allotment by the state or subject to chapter 43.88 RCW. 43.340.060 Bonds—Obligations of authority—Not obligations of state. (1) Bonds issued under this chapter shall be issued in the name of the authority. The bonds shall not be obligations of the state of Washington and shall be obligations only of the authority, payable solely from the special fund or funds created by the authority for their payment.

(2) Bonds issued under this chapter shall contain a recital on their face to the effect that payment of the principal of, interest on, and prepayment premium, if any, on the bonds shall be a valid claim only as against the special fund or funds relating thereto, that neither the faith and credit nor the taxing power of the state or any municipal corporation, subdivision, or agency of the state, other than the authority as set forth in this chapter, is pledged to the payment of the principal of, interest on, and prepayment premium, if any, on the bonds.

(3) Contracts entered into by the authority shall be entered into in the name of the authority and not in the name of the state of Washington. The obligations of the authority under the contracts shall be obligations only of the authority and are not in any way obligations of the state of Washington. [2002 c 365 § 4.]

43.340.070 Bonds—Legal investments. Bonds issued under this chapter are hereby made securities in which all insurance companies, trust companies in their commercial departments, savings banks, cooperative banks, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in obligations of the state may properly and legally invest funds, including capital in their control or belonging to them. [2002 c 365 § 9.]

43.340.080 Sale of rights in master settlement agreement. (1) The governor is authorized to sell and assign to the authority all of the state's right to receive a portion of the state's annual share of the revenue derived from the master settlement agreement for litigation brought by the state against tobacco product manufacturers. The portion of the state's share sold and assigned shall be determined by the governor in an amount necessary to generate net proceeds to the state for deposit to the tobacco securitization trust account under *RCW 43.340.120 up to four hundred fifty million dollars. The attorney general shall assist the governor in the

review of all necessary documentation to effect the sale. The governor and the authority are authorized to take any action necessary to facilitate and complete the sale.

(2) The sale made under this section is irrevocable so long as bonds issued under this chapter remain outstanding. The portion of the revenue sold to the authority shall be pledged to the bondholders. The sale and assignment shall constitute and be treated as a true sale and absolute transfer of the revenue so transferred and not as a pledge or other security interest granted by the state for any borrowing. The characterization of such a sale as an absolute transfer shall not be negated or adversely affected by the fact that only a portion of the revenue from the master settlement agreement is being sold and assigned, or by the state's acquisition or retention of an ownership interest in the portion of the revenue from the master settlement agreement not so assigned.

(3) In addition to such other terms, provisions, and conditions as the governor and the authority may determine appropriate for inclusion in the sale agreements, the sale agreements shall contain (a) a covenant of the state that the state will not agree to any amendment of the master settlement agreement that materially and adversely affects the authority's ability to receive the portion of the state's share of master settlement agreement payments that have been sold to the authority; (b) a requirement that the state enforce, at its own expense, the provisions of the master settlement agreement that require the payment of the portion of the state's share of master settlement agreement payments that have been sold to the authority; and (c) a covenant that the state shall take no action that would adversely affect the tax-exempt status of any tax-exempt bonds of the authority.

(4) On or after the effective date of the sale, the state shall not have any right, title, or interest in the portion of the state's share of the master settlement agreement revenue sold and such portion shall be the property of the authority and not the state, and shall be owned, received, held, and disbursed by the authority or its trustee or assignee, and not the state.

(5) The terms of the state's sale to the authority of a portion of the master settlement agreement revenue shall provide that the portion shall be paid directly to the authority or its trustee or assignee. The revenue sold and assigned shall not be received in the treasury of the state and shall not be or deemed to be general state revenues as that term is used in Article VIII, section 1 of the state Constitution. [2002 c 365 § 7.]

*Reviser's note: RCW 43.340.120 was repealed by 2012 c 198 § 26.

43.340.090 Limitation of liability. Members of the board and persons acting in the authority's behalf, while acting within the scope of their employment or agency, are not subject to personal liability resulting from carrying out the powers and duties conferred on them under this chapter. [2002 c 365 § 10.]

43.340.100 Bankruptcy—Contractual obligation to contain section. Prior to the date that is three hundred sixty-six days after which the authority no longer has any bonds outstanding, the authority is prohibited from filing a voluntary petition under chapter 9 of the federal bankruptcy code or such corresponding chapter or section as may, from time to time, be in effect, and a public official or organiza-

tion, entity, or other person shall not authorize the authority to be or become a debtor under chapter 9 or any successor or corresponding chapter or sections during such periods. This section shall be part of any contractual obligation owed to the holders of bonds issued under this chapter. Any such contractual obligation shall not subsequently be modified by state law during the period of the contractual obligation. [2002 c 365 § 11.]

43.340.110 Dissolution of authority. The authority shall dissolve no later than two years from the date of final payment of all of its outstanding bonds and the satisfaction of all outstanding obligations of the authority, except to the extent necessary to remain in existence to fulfill any outstanding covenants or provisions with bondholders or third parties made in accordance with this chapter. Upon dissolution of the authority, all assets of the authority shall be returned to the state and shall be deposited in the state general fund, and the authority shall execute any necessary assignments or instruments, including any assignment of any right, title, or ownership to the state for receipt of payments under the master settlement agreement. [2002 c 365 § 12.]

43.340.130 Appeals bonds—Amounts. (1) Except as provided in subsection (2) of this section, in order to secure and protect the moneys to be received as a result of the master settlement agreement in civil litigation under any legal theory involving a signatory, a successor of a signatory, or any affiliate of a signatory to the master settlement agreement, the supersedeas bond to be furnished in order to stay the execution of the judgment during the entire course of appellate review shall be set in accordance with applicable laws or court rules, except that the total bond that is required of all appellants collectively shall not exceed one hundred million dollars, regardless of the value of the judgment.

(2) If an appellee proves by a preponderance of the evidence that an appellant is dissipating assets outside the ordinary course of business to avoid the payment of a judgment, a court may require the appellant to post a bond in an amount up to the amount of the judgment. [2006 c 246 § 2.]

Findings—Intent—2006 c 246: "(1) The legislature finds that:

(a) Over the past five years, Washington has received more than seven hundred million dollars from the tobacco master settlement agreement;

(b) While the state has securitized a portion of the moneys it was promised under the master settlement agreement, the remainder of the master settlement agreement payments is used to fund important health programs such as the state's basic health plan, children's health insurance, childhood vaccines, and public health;

(c) Litigation now pending in the state or filed in the future could result in damage awards against master settlement agreement signatories or their successors or affiliates that are so large that the defendants could obtain a stay of the execution of the judgment while they appeal only by declaring bankruptcy, rather than posting an appeal bond under state law;

(d) Should a master settlement agreement signatory declare bankruptcy, issues might be raised about whether that disrupts or jeopardizes the payments that fund important state programs;

(e) The legislature has the substantive obligation to raise revenue and to protect the financial well-being of the state and its citizens. Pursuant to that obligation, it is the legislature's responsibility to ensure the continued receipt of master settlement agreement funds to the maximum extent possible.

(2) Therefore, the legislature intends to place a maximum limit on the appeal bond a master settlement agreement signatory or a successor or affiliate of a master settlement agreement signatory can be required to post in litigation in order to stay execution of the judgment without being forced into

bankruptcy while it exercises its right to appeal an adverse judgment." [2006 c 246 § 1.]

Application—2006 c 246: "This act applies to all actions pending on or filed on or after June 7, 2006." [2006 c 246 § 3.]

43.340.900 Captions not law—2002 c 365. Captions used in this act are not any part of the law. [2002 c 365 § 16.]

43.340.901 Severability—2002 c 365. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2002 c 365 § 18.]

43.340.902 Effective date—2002 c 365. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 4, 2002]. [2002 c 365 § 19.]

43.350.005 Findings—Purpose—Intent. The legislature declares that promoting the health of state residents is a fundamental purpose of state government. The legislature declares it to be a clear public purpose and governmental function to promote life sciences research to foster a preventive and predictive vision of the next generation of health-related innovations, to enhance the competitive position of Washington state in this vital sector of the economy, and to improve the quality and delivery of health care for the people of Washington. The legislature finds that public support for and promotion of life sciences research will benefit the state and its residents through improved health status and health outcomes, economic development, and contributions to scientific knowledge, and such research will lead to breakthroughs and improvements that might not otherwise be discovered due to lack of existing market incentives, especially in the area of regenerative medicine. The legislature finds that public support for and promotion of life sciences research has the potential to provide cures or new treatments for many debilitating diseases that cost the state millions of dollars each year. It is appropriate and consistent with the intent of the master settlement agreement between the state and tobacco product manufacturers to invest a portion of the revenues derived therefrom by the state in life sciences research, to leverage the revenues with other funds, and to encourage cooperation and innovation among public and private institutions involved in life sciences research. The pur-

pose of this chapter is to establish a life sciences discovery fund authority, to grant that authority the power to contract with the state to receive revenues under the master settlement agreement, and to contract with other entities to receive other funds, and to disburse those funds consistent with the purpose of this chapter. The life sciences discovery fund is intended to promote the best available research in life sciences disciplines through diverse Washington institutions and to build upon existing strengths in the area of biosciences and biomanufacturing in order to spread the economic benefits across the state. The life sciences discovery fund is also intended to foster improved health care outcomes and improved agricultural production research across this state and the world. The research investments of the life sciences discovery fund are intended to further the goals of the "Bio 21" report and to support future statewide, comprehensive strategies to lead the nation in life sciences-related research and employment. [2005 c 424 § 1.]

(1) The life sciences discovery fund authority is created and constitutes a public instrumentality and agency of the state, separate and distinct from the state, exercising public and essential governmental functions.

(2) The powers of the authority are vested in and shall be exercised by a board of trustees consisting of: Two members of either the house appropriations committee or the house committee dealing with technology issues, one from each caucus, to be appointed by the speaker of the house of representatives; two members of either the senate committee on ways and means or the senate committee dealing with technology issues, one from each caucus, to be appointed by the president of the senate; and seven members appointed by the governor with the consent of the senate, one of whom shall be appointed by the governor as chair of the authority and who shall serve on the board and as chair of the authority at the pleasure of the governor. 43.350.030 Authority—Trust powers. In addition to other powers and duties prescribed in this chapter, the authority is empowered to:

(1) Use public moneys in the life sciences discovery fund, leveraging those moneys with amounts received from other public and private sources in accordance with contribution agreements, to promote life sciences research;

(2) Solicit and receive gifts, grants, and bequests, and enter into contribution agreements with private entities and public entities other than the state to receive moneys in consideration of the authority's promise to leverage those moneys with amounts received through appropriations from the legislature and contributions from other public entities and private entities, in order to use those moneys to promote life sciences research. Nonstate moneys received by the authority for this purpose shall be deposited in the life sciences discovery fund created in RCW 43.350.070;

(3) Hold funds received by the authority in trust for their use pursuant to this chapter to promote life sciences research;

(4) Manage its funds, obligations, and investments as necessary and as consistent with its purpose including the segregation of revenues into separate funds and accounts;

(5) Make grants to entities pursuant to contract for the promotion of life sciences research to be conducted in the state. Grant agreements shall specify deliverables to be provided by the recipient pursuant to the grant. The authority shall solicit requests for funding and evaluate the requests by reference to factors such as: (a) The quality of the proposed research; (b) its potential to improve health outcomes, with particular attention to the likelihood that it will also lower health care costs, substitute for a more costly diagnostic or treatment modality, or offer a breakthrough treatment for a particular disease or condition; (c) its potential for leveraging additional funding; (d) its potential to provide health care benefits or benefit human learning and development; (e) its potential to stimulate the health care delivery, biomedical manufacturing, and life sciences related employment in the state; (f) the geographic diversity of the grantees within Washington; (g) evidence of potential royalty income and contractual means to recapture such income for purposes of this chapter; and (h) evidence of public and private collaboration;

43.350.040 Authority—General powers. The authority has all the general powers necessary to carry out its purposes and duties and to exercise its specific powers. In addition to other powers specified in this chapter, the authority may: (1) Sue and be sued in its own name; (2) make and execute agreements, contracts, and other instruments, with any public or private person or entity, in accordance with this chapter; (3) employ, contract with, or engage independent counsel, financial advisors, auditors, other technical or professional assistants, and such other personnel as are necessary or desirable to implement this chapter; (4) establish such special funds, and controls on deposits to and disbursements from them, as it finds convenient for the implementation of this chapter; (5) enter into contracts with public and private entities for life sciences research to be conducted in the state;

[2005 c 424 § 6.]

43.350.060 Dissolving the authority. The authority may petition the legislature to be dissolved upon a showing that it has no reason to exist and that any assets it retains must be distributed to one or more similar entities approved by the legislature. Revenues to the fund consist of transfers made by the legislature from strategic contribution payments deposited in the tobacco settlement account under RCW 43.79.480, moneys received pursuant to contribution agreements entered into pursuant to RCW 43.350.030, moneys received from gifts, grants, and bequests, and interest earned on the fund. During the 2009-2011 fiscal biennium, the legislature may transfer to other state funds or accounts such amounts as represent the excess balance of the life sciences discovery fund. Tax incentives for Washington main street program: Chapter 82.73 RCW.

43.360.005 Findings—Intent. (1) The legislature finds:

(a) The continued economic vitality of downtown and neighborhood commercial districts in our state's cities is essential to community preservation, social cohesion, and economic growth;

(b) In recent years there has been a deterioration of downtown and neighborhood commercial districts in both rural and urban communities due to a shifting population base, changes in the marketplace, and greater competition from suburban shopping malls, discount centers, and business transacted through the internet;

(c) This decline has eroded the ability of businesses and property owners to renovate and enhance their commercial and residential properties; and

(d) Business owners in these districts need to maintain their local economies in order to provide goods and services to adjacent residents, to provide employment opportunities, to avoid disinvestment and economic dislocations, and to develop and sustain downtown and neighborhood commercial district revitalization programs to address these problems.

(2) It is the intent of the legislature to establish a program to:

(a) Work in partnership with these organizations;

(b) Provide technical assistance and training to local governments, business organizations, downtown and neighborhood commercial district organizations, and business and property owners to accomplish community and economic revitalization and development of business districts; and

(c) Certify a downtown or neighborhood commercial district organization's use of available tax incentives. [2005 c 514 § 901.]

Short title—2005 c 514 §§ 901-912: "Sections 901 through 912 of this act may be known and cited as the Washington main street act." [2005 c 514 § 1310.]

Part headings not law—Severability—2005 c 514: See notes following RCW 82.12.808.

43.360.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Area" means a geographic area within a local government that is described by a closed perimeter boundary.

(2) "Department" means the department of archaeology and historic preservation.

(3) "Director" means the director of the department.

(4) "Local government" means a city, code city, or town.

(5) "Qualified levels of participation" means a local downtown or neighborhood commercial district revitaliza-

tion program that has been designated by the department. [2010 c 30 § 3; 2009 c 565 § 44; 2005 c 514 § 908.]

Finding—2010 c 30: "Many of Washington's communities use the main street program to address issues facing their older traditional commercial districts. The main street program is a preservation-based economic development program that assists communities in implementing a locally driven downtown revitalization effort. However, the main street program is broader than merely preserving a community's downtown, it is the revitalization of that community's downtown. Downtown revitalization creates jobs and puts people to work. Downtown revitalization attracts new businesses and offers local investment opportunities. New and expanding downtown businesses generate increased sales tax and attract export dollars to the community. Therefore, the legislature finds that the movement of the main street program from the department of commerce to the department of archaeology and historic preservation is designed to provide for both the preservation of a community's downtown and economic development for that community." [2010 c 30 § 1.]

Effective date—2010 c 30: "This act takes effect July 1, 2010." [2010 c 30 § 7.]

Part headings not law—Severability—2005 c 514: See notes following RCW 82.12.808.

43.360.020 Program created—Duties. The Washington main street program is created within the department. In order to implement the Washington main street program, the department shall:

(1) Provide technical assistance to businesses, property owners, organizations, and local governments undertaking a comprehensive downtown or neighborhood commercial district revitalization initiative and management strategy. Technical assistance may include, but is not limited to, initial site evaluations and assessments, training for local programs, training for local program staff, site visits and assessments by technical specialists, local program design assistance and evaluation, and continued local program on-site assistance;

(2) To the extent funds are made available, provide financial assistance to local governments or local organizations to assist in initial downtown or neighborhood commercial district revitalization program start-up costs, specialized training, specific project feasibility studies, market studies, and design assistance;

(3) Develop objective criteria for selecting recipients of assistance under subsections (1) and (2) of this section, which shall include priority for downtown or neighborhood commercial district revitalization programs located in a rural county as defined in *RCW 43.160.020(12), and provide for designation of local programs under RCW 43.360.030;

(4) Operate the Washington main street program in accordance with the plan developed by the department, in consultation with the Washington main street advisory committee created under **RCW 43.360.040; and

(5) Consider other factors the department deems necessary for the implementation of this chapter. [2005 c 514 § 909.]

Reviser's note: *(1) RCW 43.160.020 was amended by 2009 c 565 § 35, changing subsection (12) to subsection (5).

** (2) RCW 43.360.040 was repealed by 2010 1st sp.s. c 7 § 68.

[Title 43 RCW—page 766]

43.360.030 Designation of specific programs—Criteria. (1) The department shall adopt criteria for the designation of local downtown or neighborhood commercial district revitalization programs and official local main street programs. In establishing the criteria, the department shall consider:

(a) The degree of interest and commitment to comprehensive downtown or neighborhood commercial district revitalization and, where applicable, historic preservation by both the public and private sectors;

(b) The evidence of potential private sector investment in the downtown or neighborhood commercial district;

(c) Where applicable, a downtown or neighborhood commercial district with sufficient historic fabric to become a foundation for an enhanced community image;

(d) The capacity of the organization to undertake a comprehensive program and the financial commitment to implement a long-term downtown or neighborhood commercial district revitalization program that includes a commitment to employ a professional program manager and maintain a sufficient operating budget;

(e) The department's existing downtown revitalization program's tier system;

(f) The national main street center's criteria for designating official main street cities; and

(g) Other factors the department deems necessary for the designation of a local program.

(2) The department shall designate local downtown or neighborhood commercial district revitalization programs and official local main street programs. The programs shall be limited to three categories of designation, one of which shall be the main street level.

(3) *RCW 82.73.010 does not apply to any local downtown or neighborhood commercial district revitalization program unless the boundaries of the program have been identified and approved by the department. The boundaries of a local downtown or neighborhood commercial district revitalization program are typically defined using the pedestrian core of a traditional commercial district.

(4) The department may not designate a local downtown or neighborhood commercial district revitalization program or official local main street program if the program is undertaken by a local government with a population of one hundred ninety thousand persons or more. [2005 c 514 § 910.]

43.362.005 Findings. (1) The legislature finds that current concern over the rapid and increasing loss of rural, agricultural, and forested land has led to the exploration of creative approaches to preserving these important lands, and that the creation of a regional transfer of development rights marketplace will assist in conserving these lands.

(2) A transfer of development rights is a market-based exchange mechanism that encourages the voluntary transfer of development rights from sending areas with lower population densities to receiving areas with higher population densities. When development rights are transferred through a transfer of development rights exchange, permanent deed restrictions are placed on the sending area properties to ensure that the land will be used only for approved activities, activities that may include farming, forest management, conservation, or passive recreation. Additionally, in a transfer of development rights exchange, the costs of purchasing the recorded development restrictions are borne by the developers who receive the transferred right in the form of a building credit or bonus.

(3) The legislature further finds that a successful transfer of development rights program must consider housing affordable to all economic segments of the population, and economic development programs and policies in designated receiving areas. Counties, cities, and towns that decide to participate in the regional transfer of development rights program for central Puget Sound are encouraged to adopt comprehensive plan policies and development regulations to implement the program that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing. Participating cities and towns are also encouraged to use the development of receiving areas to maximize opportunities for economic development that supports the creation or retention of jobs.

(4) Participation in a regional transfer of development rights program by counties, cities, and towns should be as simple as possible.

(5) Accordingly, the legislature has determined that it is good public policy to build upon existing transfer of development rights programs, pilot projects, and private initiatives that foster effective use of transferred development rights through the creation of a market-based program that focuses

on the central Puget Sound region. A regional transfer of development rights program in the central Puget Sound should be voluntary, incentive-driven, and separate, but compatible with existing local transfer of development rights programs. [2009 c 474 § 1; 2007 c 482 § 1.]

43.362.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "By-right permitting" means that project applications for permits that use transferable development rights would be subject to administrative review. Administrative review allows a local planning official to approve a project without noticed public hearings.

(2) "Department" means the department of commerce.

(3) "Nongovernmental entities" includes nonprofit or membership organizations with experience or expertise in transferring development rights.

(4) "Receiving area ratio" means the number or character of development rights that are assigned to a development right for use in a receiving area. Development rights in a receiving area may be used at the discretion of the receiving area jurisdiction, including but not limited to additional residential density, additional building height, additional commercial floor area, or to meet regulatory requirements.

(5) "Receiving areas" are lands within and designated by a city or town in which transferable development rights from the regional program established by this chapter may be used.

(6) "Regional transfer of development rights program" or "regional program" means the regional transfer of development rights program established by RCW 43.362.030 in central Puget Sound, including King, Pierce, Kitsap, and Snohomish counties and the cities and towns within these counties.

(7) "Sending area" includes those lands that meet conservation criteria as described in RCW 43.362.040.

(8) "Sending area ratio" means the number of development rights that a sending area landowner can sell per acre.

(9) "Transfer of development rights" includes methods for protecting land from development by voluntarily removing the development rights from a sending area and transferring them to a receiving area for the purpose of increasing development density or intensity in the receiving area.

(10) "Transferable development right" means a right to develop one or more residential units in a sending area that can be sold and transferred for use consistent with a receiving ratio adopted for development in a designated receiving area consistent with the regional program. [2009 c 565 § 45; 2009 c 474 § 2; 2007 c 482 § 2.]

Reviser's note: (1) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

(2) This section was amended by 2009 c 474 § 2 and by 2009 c 565 § 45, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

43.362.020 Regional transfer of development rights program. Subject to the availability of amounts appropriated for this specific purpose, the department shall fund a process to develop a regional transfer of development rights program that comports with chapter 36.70A RCW that:

(1) Encourages King, Kitsap, Pierce, and Snohomish counties, and the cities within these counties, to participate in the development and implementation of regional frameworks and mechanisms that make transfer of development rights programs viable and successful. The department shall encourage and embrace the efforts in any of these counties or cities to develop local transfer of development rights programs. In fulfilling the requirements of this chapter, the department shall work with the Puget Sound regional council and its growth management policy board to develop a process that satisfies the requirements of this chapter. In the development of a process to create a regional transfer of development rights program, the Puget Sound regional council and its growth management policy board shall develop policies to discourage, or prohibit if necessary, the transfer of development rights from a sending area that would negatively impact the future economic viability of the sending area. The department shall also work with an advisory committee to develop a regional transfer of development rights marketplace that includes, but is not limited to, supporting strategies for financing infrastructure and conservation. The department shall establish an advisory committee of nine stakeholders with representatives of the following interests:

(a) Two qualified nongovernmental organizations with expertise in the transfer of development rights. At least one organization must have a statewide expertise in growth management planning and in the transfer of development rights and at least one organization must have a local perspective on market-based conservation strategies and transfer of development rights;

(b) Two representatives from real estate and development;

(c) One representative with a county government perspective;

(d) Two representatives from cities of different sizes and geographic areas within the four-county region; and

(e) Two representatives of the agricultural industry; and

(2) Allows the department to utilize recommendations of the interested local governments, nongovernmental entities, and the Puget Sound regional council to develop recommendations and strategies for a regional transfer of development rights marketplace with supporting strategies for financing infrastructure and conservation that represents the consensus of the governmental and nongovernmental parties engaged in the process. However, if agreement between the parties cannot be reached, the department shall make recommendations to the legislature that seek to balance the needs and interests of the interested governmental and nongovernmental parties. The department may contract for expertise to accomplish any of the following tasks. Recommendations developed under this subsection must:

(a) Identify opportunities for cities, counties, and the state to achieve significant benefits through using transfer of development rights programs and the value in modifying criteria by which capital budget funds are allocated, including but not limited to, existing state grant programs to provide incentives for local governments to implement transfer of development rights programs;

(b) Address challenges to the creation of an efficient and transparent transfer of development rights market, including

the creation of a transfer of development rights bank, brokerage, or direct buyer-seller exchange;

(c) Address issues of certainty to buyers and sellers of development rights that address long-term environmental benefits and perceived inequities in land values and permitting processes;

(d) Address the means for assuring that appropriate values are recognized and updated, as well as specifically addressing the need to maintain the quality of life in receiving neighborhoods and the protection of environmental values over time;

(e) Identify opportunities and challenges that, if resolved, would result in cities throughout the Puget Sound region participating in a transfer of development rights market;

(f) Compare the uses of a regional transfer of development rights program to other existing land conservation strategies to protect rural and resource lands and implement the growth management act; and

(g) Identify appropriate sending areas so as to protect future growth and economic development needs of the sending areas. [2007 c 482 § 3.]

43.362.030 Program established in central Puget Sound. (1) Subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, the department shall establish a regional transfer of development rights program in central Puget Sound, including King, Kitsap, Snohomish, and Pierce counties and the cities and towns within these counties. The program must be guided by the Puget Sound regional council's multicounty planning policies adopted under RCW 36.70A.210(7).

(2) The purpose of the program is to foster voluntary county, city, and town participation in the program so that interjurisdictional transfers occur between the counties, cities, and towns, including transfers from counties to cities and towns in other counties. Private transactions between buyers and sellers of transferable development rights are allowed and encouraged under this program. In fulfilling the requirements of this chapter, the department shall work with the Puget Sound regional council to implement a regional program.

(3) The department shall encourage participation by the cities, towns, and counties in the regional program. The regional program shall not be implemented in a manner that negatively impacts existing local programs. The department shall encourage and work to enhance the efforts in any of these counties, cities, or towns to develop local transfer of development rights programs or enhance existing programs.

(4) Subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, the department shall do the following to implement a regional transfer of development rights program in central Puget Sound:

(a) Serve as the central coordinator for state government in the implementation of RCW 43.362.030 through 43.362.070.

(b) Offer technical assistance to cities, towns, and counties planning for participation in the regional transfer of

development rights program. The department's technical assistance shall:

(i) Include written guidance for local development and implementation of the regional transfer of development rights program;

(ii) Include guidance for and encourage permitting or environmental review incentives for developers to participate. Activities may include, but are not limited to, provision for by-right permitting, substantial environmental review of a subarea plan for the receiving area that includes the use of transferable development rights, adoption of a categorical exemption for infill under RCW 43.21C.229 for a receiving area, or adoption of a planned action under RCW 43.21C.240;

(iii) Provide guidance to counties, cities, and towns to negotiate receiving area ratios and foster private transactions;

(iv) Provide guidance and encourage planning for receiving areas that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing; and

(v) Provide guidance and encourage planning for receiving areas that maximizes opportunities for economic development through the creation or retention of jobs.

(c) Work with counties, cities, and towns to inform elected officials, planning commissions, and the public regarding the regional transfer of development rights program. The information provided by the department shall discuss the importance of preserving farmland and farming, and forest land and forestry, to cities and towns and the local economy.

(d) Based on information provided by the counties, cities, and towns, post on a web site information regarding transfer of development rights transactions and a list of interested buyers and sellers of transferable development rights.

(e) Coordinate with and provide resources to state and local agencies and stakeholders to provide public outreach. [2009 c 474 § 3.]

43.362.040 Designation of sending and receiving areas—Inclusion of certain lands in programs for agricultural or forest land conservation. (1) Counties shall use the following criteria to guide the designation of sending areas for participation in the regional transfer of development rights program:

(a) Land designated as agricultural or forest land of long-term commercial significance;

(b) Land designated rural that is being farmed or managed for forestry;

(c) Land whose conservation meets other state and regionally adopted priorities; and

(d) Land that is in current use as a manufactured/mobile home park as defined in chapter 59.20 RCW.

Nothing in these criteria limits a county's authority to designate additional lands as a sending area for conservation under a local county transfer of development rights program.

(2) Upon purchase of a transferable development right from land designated rural that is being farmed or managed for forestry, a county must include the land from which the right was purchased in any programs it administers for conservation of agricultural land or forest land.

(3) The designation of receiving areas is limited to incorporated cities or towns. Prior to designating a receiving area, a city or town should have adequate infrastructure planned and funding identified for development in the receiving area at densities or intensities consistent with what can be achieved under the local transfer of development rights program. Nothing in this subsection limits a city's, town's, or county's authority to designate additional lands for a receiving area under a local intrajurisdictional transfer of development rights program that is not part of the regional program.

(4) Cities and towns participating in the regional transfer of development rights program shall have discretion to determine which sending areas they receive development rights from to be used in their designated receiving areas.

(5) Designation of sending and receiving areas should include a process for public outreach consistent with the public participation requirements in chapter 36.70A RCW. [2009 c 474 § 4.]

43.362.050 Interlocal agreement for transfers of development rights—Rules. (1) To facilitate participation, the department shall develop and adopt by rule terms and conditions of an interlocal agreement for transfers of development rights between counties, cities, and towns. Counties, cities, and towns participating in the regional program have the option of adopting the rule by reference to transfer development rights across jurisdictional boundaries as an alternative to entering into an interlocal agreement under chapter 39.34 RCW.

(2) This section and the rules adopted under this section shall be deemed to provide an alternative method for the implementation of a regional transfer of development rights program, and shall not be construed as imposing any additional condition upon the exercise of any other powers vested in municipalities.

(3) Nothing in this section prohibits a county, city, or town from entering into an interlocal agreement under chapter 39.34 RCW to transfer development rights under the regional program. [2009 c 474 § 5.]

43.362.060 Participation in regional transfer of development rights program—Requirements—Incentives for developers. (1) Counties, cities, and towns that choose to participate in the regional transfer of development rights program must:

(a) Enter into an interlocal agreement or adopt a resolution adopting by reference the provisions in the department rule authorized in RCW 43.362.050; and

(b) Adopt transfer of development rights policies or implement development regulations that:

(i) Comply with chapter 36.70A RCW;

(ii) Designate sending or receiving areas consistent with RCW 43.362.030 through 43.362.070; and

(iii) Adopt a sending or receiving area ratio in cooperation with the sending or receiving jurisdiction.

(2) Cities and towns that choose to participate in the regional transfer of development rights program are encouraged to provide permitting or environmental review incentives for developers to participate. Such incentives may include, but are not limited to, provision for by-right permitting, substantial environmental review of a subarea plan for

the receiving area that includes the use of transferable development rights, adoption of a categorical exemption for infill under RCW 43.21C.229 for a receiving area, or adoption of a planned action under RCW 43.21C.240. [2009 c 474 § 6.]

43.362.070 Quantitative and qualitative performance measures—Reporting—Posting on web site. The department will develop quantitative and qualitative performance measures for monitoring the regional transfer of development rights program. The performance measures may address conservation of land and creation of compact communities, as well as other measures identified by the department. The department may require cities, towns, and counties to report on these performance measures biannually. The department shall compile any performance measure information that has been reported by the counties, cities, and towns and post it on a web site. [2009 c 474 § 7.]

MOTION PICTURE COMPETITIVENESS PROGRAM

43.365.005 Findings—Intent. The legislature recognizes the motion picture industry in Washington as a valuable commodity contributing greatly to the economic vitality of the state and the cultural integrity of our communities. The legislature further recognizes the production of in-state motion pictures, television programs, and television commercials creates a marked increase in tourism, family wage jobs, and the sale of local goods and services generating revenue for the state. Furthermore, with captive national and international audiences, the world is introduced to the state's pristine scenic venues and reminded that the Pacific Northwest is a great place to live and raise a family. The legislature also recognizes the inherent educational value of promoting arts and culture as well as the benefits of training young motion picture professionals who will build a fruitful industry for years to come.

The legislature finds in recent years that the state has realized a drastic decline in motion picture production that precludes economic expansion and threatens the state's reputation as a production destination. With the emergence of tax incentives in thirty states nationwide, in-state producers are taking their projects to more competitive economic climates, such as Oregon and Vancouver, British Columbia, where compelling tax incentive packages and subsidies are already in effect.

The legislature also finds that in recent years increasingly workers in Washington state are without health insurance coverage and retirement income protections, causing

hardships on workers and their families and higher costs to the state.

Therefore, it is the intent of the legislature to recognize both national and international competition in the motion picture production marketplace. The legislature is committed to leveling the competitive playing field and interested in a partnership with the private sector to regain Washington's place as a premier destination to make motion pictures, television, and television commercials. While at the same time the legislature is committed to ensuring that workers in the motion picture and television industry are covered under health insurance and retirement income plans. [2006 c 247 § 1.]

43.365.040 Annual survey. (1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how incentives are used.

(2) Each motion picture production receiving funding assistance under RCW 43.365.020 must report information to the department by filing a complete annual survey. The survey is due by March 31st of the year following any calendar year in which funding assistance under RCW 43.365.020 is taken. The department may extend the due date for timely filing of annual surveys under this section if failure to file was the result of circumstances beyond the control of the motion picture production receiving the funding assistance.

(3) The Washington motion picture competitiveness program established in RCW 43.365.030, in collaboration with the department and the department of revenue, and in consultation with the joint legislative audit and review committee, must develop a survey form and instructions that accompany the survey form by November 1, 2012. The instructions must provide sufficient detail to ensure consistent reporting. The survey must be designed to acquire data to allow the state to better measure the effectiveness of the program and to provide transparency of the motion picture competitiveness program. The survey must include:

(a) The total amount of taxes paid;

(b) The amount of taxes paid classified by type, which may include, but is not limited to, sales taxes, use taxes, business and occupation taxes, unemployment insurance taxes, and workers' compensation premiums;

The department must assess interest, but not penalties, on the amounts due under this section. The interest is assessed at the rate provided for delinquent taxes under chapter 82.32 RCW, retroactively to the date the funding assistance was received, and accrues until the funding assistance is repaid.

(6) The department must use the information from this section to prepare summary descriptive statistics. The department must report these statistics to the legislature each even-numbered year by September 1st. The department must provide the complete annual surveys to the joint legislative audit and review committee.

(7) The motion picture competitiveness program must monitor the survey information submitted by production companies for completeness and accuracy. [2012 c 189 § 5; 2009 c 518 § 14; 2006 c 247 § 6.]

43.365.050 Review by joint legislative audit and review committee—Report to the legislature. The provisions of RCW 82.04.4489 are subject to review by the joint legislative audit and review committee. The joint legislative audit and review committee will make a recommendation to the house finance committee and the senate ways and means committee by December 1, 2010, regarding the effectiveness of the motion picture competitiveness program including, but not limited to, the amount of state revenue generated, the amount of family wages [wage] jobs with benefits created, adherence to the criteria in RCW 43.365.020, and any other factors deemed appropriate by the joint legislative audit and review committee. 43.370.020 Office of financial management—Duties.

(1) The office shall serve as a coordinating body for public and private efforts to improve quality in health care, promote cost-effectiveness in health care, and plan health facility and health service availability. In addition, the office shall facilitate access to health care data collected by public and private organizations as needed to conduct its planning responsibilities.

(2) The office shall:

(a) Conduct strategic health planning activities related to the preparation of the strategy, as specified in this chapter;

(b) Develop a computerized system for accessing, analyzing, and disseminating data relevant to strategic health planning responsibilities. The office may contract with an organization to create the computerized system capable of meeting the needs of the office;

(c) Have access to the information submitted as part of the health professional licensing application and renewal process, excluding social security number and background check information, whether the license is issued by the secretary of the department of health or a board or commission. The office shall also have access to information submitted to the department of health as part of the medical or health facility

licensing process. Access to and use of all data shall be in accordance with state and federal confidentiality laws and ethical guidelines, and the office shall maintain the same degree of confidentiality as the department of health. For professional licensing information provided to the office, the department of health shall replace any social security number with an alternative identifier capable of linking all licensing records of an individual; and

(d) Conduct research and analysis or arrange for research and analysis projects to be conducted by public or private organizations to further the purposes of the strategy. [2010 1st sp.s. c 7 § 113; 2009 c 343 § 1; 2007 c 259 § 51.]

Effective date—2010 1st sp.s. c 26; 2010 1st sp.s. c 7: See note following RCW 43.03.027.

43.370.030 Development of strategy—Goals and principles—Required elements—Reports—Public hearings.

(1) The office shall develop a statewide health resources strategy. The strategy shall establish statewide health planning policies and goals related to the availability of health care facilities and services, quality of care, and cost of care. The strategy shall identify needs according to geographic regions suitable for comprehensive health planning as designated by the office.

(2) The development of the strategy shall consider the following general goals and principles:

(a) That excess capacity of health services and facilities place considerable economic burden on the public who pay for the construction and operation of these facilities as patients, health insurance purchasers, carriers, and taxpayers; and

(b) That the development and ongoing maintenance of current and accurate health care information and statistics related to cost and quality of health care, as well as projections of need for health facilities and services, are essential to effective strategic health planning.

(3) The strategy, with public input by health service areas, shall include:

(a) A health system assessment and objectives component that:

(i) Describes state and regional population demographics, health status indicators, and trends in health status and health care needs; and

(ii) Identifies key policy objectives for the state health system related to access to care, health outcomes, quality, and cost-effectiveness;

(b) A health care facilities and services plan that shall assess the demand for health care facilities and services to inform state health planning efforts and direct certificate of need determinations, for those facilities and services subject to certificate of need as provided in chapter 70.38 RCW. The plan shall include:

(i) An inventory of each geographic region's existing health care facilities and services;

(ii) Projections of need for each category of health care facility and service, including those subject to certificate of need;

(iii) Policies to guide the addition of new or expanded health care facilities and services to promote the use of quality, evidence-based, cost-effective health care delivery options, including any recommendations for criteria, stan-

dards, and methods relevant to the certificate of need review process; and

(iv) An assessment of the availability of health care providers, public health resources, transportation infrastructure, and other considerations necessary to support the needed health care facilities and services in each region;

(c) A health care data resource plan that identifies data elements necessary to properly conduct planning activities and to review certificate of need applications, including data related to inpatient and outpatient utilization and outcomes information, and financial and utilization information related to charity care, quality, and cost. The plan shall inventory existing data resources, both public and private, that store and disclose information relevant to the health planning process, including information necessary to conduct certificate of need activities pursuant to chapter 70.38 RCW. The plan shall identify any deficiencies in the inventory of existing data resources and the data necessary to conduct comprehensive health planning activities. The plan may recommend that the office be authorized to access existing data sources and conduct appropriate analyses of such data or that other agencies expand their data collection activities as statutory authority permits. The plan may identify any computing infrastructure deficiencies that impede the proper storage, transmission, and analysis of health planning data. The plan shall provide recommendations for increasing the availability of data related to health planning to provide greater community involvement in the health planning process and consistency in data used for certificate of need applications and determinations;

(d) An assessment of emerging trends in health care delivery and technology as they relate to access to health care facilities and services, quality of care, and costs of care. The assessment shall recommend any changes to the scope of health care facilities and services covered by the certificate of need program that may be warranted by these emerging trends. In addition, the assessment may recommend any changes to criteria used by the department to review certificate of need applications, as necessary;

(e) A rural health resource plan to assess the availability of health resources in rural areas of the state, assess the unmet needs of these communities, and evaluate how federal and state reimbursement policies can be modified, if necessary, to more efficiently and effectively meet the health care needs of rural communities. The plan shall consider the unique health care needs of rural communities, the adequacy of the rural health workforce, and transportation needs for accessing appropriate care.

(4) The office shall submit the initial strategy to the governor and the appropriate committees of the senate and house of representatives by January 1, 2010. Every two years the office shall submit an updated strategy. The health care facilities and services plan as it pertains to a distinct geographic planning region may be updated by individual categories on a rotating, biannual schedule.

(5) The office shall hold at least one public hearing and allow opportunity to submit written comments prior to the issuance of the initial strategy or an updated strategy. A public hearing shall be held prior to issuing a draft of an updated health care facilities and services plan, and another public hearing shall be held before final adoption of an updated

health care facilities and services plan. Any hearing related to updating a health care facilities and services plan for a specific planning region shall be held in that region with sufficient notice to the public and an opportunity to comment. [2010 1st sp.s. c 7 § 114; 2007 c 259 § 52.]

Effective date—2010 1st sp.s. c 26; 2010 1st sp.s. c 7: See note following RCW 43.03.027.

43.370.040 Department of health—Certificate of need review program. The office shall submit the strategy to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. As the health care facilities and services plan is updated for any specific geographic planning region, the office shall submit that plan to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. The office shall not issue determinations of the merits of specific project proposals submitted by applicants for certificates of need. [2007 c 259 § 53.]

43.370.050 Requests for data and other information.

(1) The office may respond to requests for data and other information from its computerized system for special studies and analysis consistent with requirements for confidentiality of patient, provider, and facility-specific records. The office may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) Data elements related to the identification of individual patient's, provider's, and facility's care outcomes are confidential, are exempt from RCW 42.56.030 through 42.56.570 and *42.17.350 through 42.17.450, and are not subject to discovery by subpoena or admissible as evidence. [2007 c 259 § 54.]

43.371.005 Findings. The legislature finds that:

(1) The activities authorized by this chapter will require collaboration among state agencies and local governments that purchase health care, private health carriers, third-party purchasers, health care providers, and hospitals. These activities will identify strategies to increase the quality and effec-

tiveness of health care delivered in Washington state and are therefore in the best interest of the public.

(2) The benefits of collaboration, together with active state supervision, outweigh potential adverse impacts. Therefore, the legislature intends to exempt from state antitrust laws, and provide immunity through the state action doctrine from federal antitrust laws, activities that are undertaken, reviewed, and approved by the office pursuant to this chapter that might otherwise be constrained by such laws. The legislature does not intend and does not authorize any person or entity to engage in activities not provided for by this chapter, and the legislature neither exempts nor provides immunity for such activities including, but not limited to, agreements among competing providers or carriers to set prices or specific levels of reimbursement for health care services. [2014 c 223 § 9.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

"Claims data" includes: (a) Claims data related to health care coverage and services funded, in whole or in part, in the omnibus appropriations act, including coverage and services funded by appropriated and nonappropriated state and federal moneys, for medicaid programs and the public employees benefits board program; and (b) claims data voluntarily provided by other data suppliers, including carriers and self-funded employers.

(4) "Database" means the statewide all-payer health care claims database established in RCW 43.371.020.

(6) "Lead organization" means the organization selected under RCW 43.371.020.

(7) "Office" means the office of financial management. [2014 c 223 § 8.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.020 Statewide all-payer health care claims database—Selection and duties of lead organization. (1) The office shall establish a statewide all-payer health care claims database to support transparent public reporting of health care information. The database must improve transparency to: Assist patients, providers, and hospitals to make informed choices about care; enable providers, hospitals, and communities to improve by benchmarking their performance against that of others by focusing on best practices; enable purchasers to identify value, build expectations into their purchasing strategy, and reward improvements over time; and promote competition based on quality and cost.

(2) The director shall select a lead organization to coordinate and manage the database. The lead organization is responsible for internal governance, management, funding, and operations of the database. At the direction of the office, the lead organization shall:

(a) Collect claims data from data suppliers as provided in RCW 43.371.030;

(b) Design data collection mechanisms with consideration for the time and cost involved in collection and the benefits that measurement would achieve;

(c) Ensure protection of collected data and store and use any data with patient-specific information in a manner that protects patient privacy;

(d) Consistent with the requirements of this chapter, make information from the database available as a resource for public and private entities, including carriers, employers, providers, hospitals, and purchasers of health care;

(e) Report performance on cost and quality pursuant to RCW 43.371.060 using, but not limited to, the performance measures developed under RCW 41.05.690;

(f) Develop protocols and policies to ensure the quality of data releases;

(g) Develop a plan for the financial sustainability of the database and charge fees not to exceed five thousand dollars unless otherwise negotiated for reports and data files as needed to fund the database. Any fees must be approved by the office and must be comparable across data requesters and users; and

(h) Convene advisory committees with the approval and participation of the office, including: (i) A committee on data policy development; and (ii) a committee to establish a data release process consistent with the requirements of this chapter and to provide advice regarding formal data release requests. The advisory committees must include representation from key provider, hospital, payer, public health, health maintenance organization, purchaser, and consumer organizations.

(3) The lead organization governance structure and advisory committees must include representation of the third-party administrator of the uniform medical plan. A payer, health maintenance organization, or third-party administrator must be a data supplier to the all-payer health care claims database to be represented on the lead organization governance structure or advisory committees. [2014 c 223 § 10.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.030 Submission of claims data to database—Annual status report. (1) Data suppliers must submit claims data to the database within the time frames established by the director in rule and in accordance with procedures established by the lead organization.

(2) An entity that is not a data supplier but that chooses to participate in the database shall require any third-party administrator utilized by the entity's plan to release any claims data related to persons receiving health coverage from the plan.

(3) Each data supplier shall submit an annual status report to the office regarding its compliance with this section. The report to the legislature required by *section 2 of this act must include a summary of these status reports. [2014 c 223 § 11.]

*Reviser's note: Section 2 of this act was vetoed.

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.040 Claims data and database—Exempt from public disclosure—Not subject to subpoena or compul-

sory process. (1) The claims data provided to the database, the database itself, including the data compilation, and any raw data received from the database are not public records and are exempt from public disclosure under chapter 42.56 RCW.

(2) Claims data obtained in the course of activities undertaken pursuant to or supported under this chapter are not subject to subpoena or similar compulsory process in any civil or criminal, judicial, or administrative proceeding, nor may any individual or organization with lawful access to data under this chapter be compelled to testify with regard to such data, except that data pertaining to a party in litigation may be subject to subpoena or similar compulsory process in an action brought by or on behalf of such individual to enforce any liability arising under this chapter. [2014 c 223 § 12.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.050 Availability of claims or data for retrieval—Confidentiality of claims or data—Duties of lead organization—Definitions. (1) Except as otherwise required by law, claims or other data from the database shall only be available for retrieval in original or processed form to public and private requesters pursuant to this section and shall be made available within a reasonable time after the request.

(2) Except as otherwise required by law, the office shall direct the lead organization to maintain the confidentiality of claims or other data it collects for the database that include direct and indirect patient identifiers. Any agency, researcher, or other person that receives claims or other data under this section containing direct or indirect patient identifiers must also maintain confidentiality and may not release such claims or other data except as consistent with this section. The office shall oversee the lead organization's release of data as follows:

(a) Claims or other data that include direct or indirect patient identifiers, as specifically defined in rule, may be released to:

(i) Federal, state, and local government agencies upon receipt of a signed data use agreement with the office and the lead organization; and

(ii) Researchers with approval of an institutional review board upon receipt of a signed confidentiality agreement with the office and the lead organization.

(b) Claims or other data that do not contain direct patient identifiers but that may contain indirect patient identifiers may be released to agencies, researchers, and other persons upon receipt of a signed data use agreement with the lead organization.

(c) Claims or other data that do not contain direct or indirect patient identifiers may be released upon request.

(3) Recipients of claims or other data under subsection (2)(a) or (b) of this section must agree in a data use agreement or a confidentiality agreement to, at a minimum:

(a) Take steps to protect direct and indirect patient identifying information as described in the agreement; and

(b) Not redisclose the data except as authorized in the agreement consistent with the purpose of the agreement or as otherwise required by law.

(4) Recipients of the claims or other data under subsection (2)(b) of this section must not attempt to determine the

identity of persons whose information is included in the data set or use the claims or other data in any manner that identifies the individuals or their families.

(5) For purposes of this section, the following definitions apply unless the context clearly requires otherwise.

(a) "Direct patient identifier" means information that identifies a patient.

(b) "Indirect patient identifier" means information that may identify a patient when combined with other information. [2014 c 223 § 13.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.060 Health care data reports—Preparation—Contents—Publication or release of reports. (1) Under the supervision of the office, the lead organization shall prepare health care data reports using the database and the statewide health performance and quality measure set, including only those measures that can be completed with readily available claims data. Prior to releasing any health care data reports that use claims data, the lead organization must submit the reports to the office for review and approval.

(2)(a) Health care data reports prepared by the lead organization that use claims data must assist the legislature and the public with awareness and promotion of transparency in the health care market by reporting on:

(i) Whether providers and health systems deliver efficient, high quality care; and

(ii) Geographic and other variations in medical care and costs as demonstrated by data available to the lead organization.

(b) Measures in the health care data reports should be stratified by demography, income, language, health status, and geography when feasible with available data to identify disparities in care and successful efforts to reduce disparities.

(c) Comparisons of costs among providers and health care systems must account for differences in acuity of patients, as appropriate and feasible, and must take into consideration the cost impact of subsidization for uninsured and governmental patients, as well as teaching expenses, when feasible with available data.

(3) The lead organization may not publish any data or health care data reports that:

(a) Directly or indirectly identify patients;

(b) Disclose specific terms of contracts, discounts, or fixed reimbursement arrangements or other specific reimbursement arrangements between an individual provider and a specific payer; or

(c) Compares performance in a report generated for the general public that includes any provider in a practice with fewer than five providers.

(4) The lead organization may not release a report that compares and identifies providers, hospitals, or data suppliers unless it:

(a) Allows the data supplier, the hospital, or the provider to verify the accuracy of the information submitted to the lead organization and submit to the lead organization any corrections of errors with supporting evidence and comments within forty-five days of receipt of the report; and

(b) Corrects data found to be in error within a reasonable amount of time.

(5) The office and the lead organization may use claims data to identify and make available information on payers, providers, and facilities, but may not use claims data to recommend or incentivize direct contracting between providers and employers.

(6) The lead organization shall ensure that no individual data supplier comprises more than twenty-five percent of the claims data used in any report or other analysis generated from the database. For purposes of this subsection, a "data supplier" means a carrier and any self-insured employer that uses the carrier's provider contracts. [2014 c 223 § 14.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.070 Rules. (1) The director shall adopt any rules necessary to implement this chapter, including:

43.372.005 Findings—Purpose. (1) The legislature finds that:

(a) Native American tribes have depended on the state's marine waters and its resources for countless generations and continue to do so for cultural, spiritual, economic, and subsistence purposes.

(b) The state has long demonstrated a strong commitment to protecting the state's marine waters, which are abundant in natural resources, contain a treasure of biological diversity, and are a source of multiple uses by the public supporting the economies of nearby communities as well as the entire state. These multiple uses include, but are not limited to: Marine-based industries and activities such as cargo, fuel, and passenger transportation; commercial, recreational, and

(2014 Ed.)

tribal fishing; shellfish aquaculture; telecommunications and energy infrastructure; seafood processing; tourism; scientific research; and many related goods and services. These multiple uses as well as new emerging uses, such as renewable ocean energy, constitute a management challenge for sustaining resources and coordinating state decision making in a proactive, comprehensive and ecosystem-based manner.

(c) Washington's marine waters are part of a west coast-wide large marine ecosystem known as the California current, and the Puget Sound and Columbia river estuaries constitute two of the three largest estuaries that are part of this large marine ecosystem. Puget Sound and the Columbia river are estuaries of national significance under the national estuary program, and the outer coast includes the Olympic national marine sanctuary.

(d) Washington is working in cooperation with the states of Oregon and California and federal agencies on ocean and ocean health management issues through the west coast governors' agreement on ocean health, and with the government of British Columbia on shared waters management issues through the British Columbia-Washington coastal and ocean task force.

(e) Washington has initiated comprehensive management programs to protect and promote compatible uses of these waters. These include: The development of a comprehensive ecosystem-based management plan known as the Puget Sound action agenda; shoreline plans for shorelines around the state; management plans for state-owned aquatic lands and their associated waters statewide; and watershed and salmon recovery management plans in the upland areas of Puget Sound, the coast, and the Columbia river. Data and data management tools have also been developed to support these management and planning activities, such as the coastal atlas managed by the department of ecology and the shore zone database managed by the department of natural resources.

(f) For marine waters specifically, Washington has formed several mechanisms to improve coordination and management. A legislatively authorized task force formed by the governor identified priority recommendations for improving state management of ocean resources through Washington's ocean action plan in 2006. The governor further formed an ongoing interagency team that assists the department of ecology in implementing these recommendations. There is an extensive network of marine resources committees within Puget Sound and on the outer coast and the Columbia river to promote and support local involvement identifying and conducting local priority marine projects and some have been involved in local planning and management. Through the Olympic coast intergovernmental policy council, the state has also formalized its working relationship with coastal tribes and the federal government in the management of the Olympic coast national marine sanctuary.

(g) Reports by the United States commission on oceans policy, the Pew oceans commission, and the joint oceans commission initiative recommend the adoption of a national ocean policy under which states and coastal communities would have a principal role in developing and implementing ecosystem-based management of marine waters. Acting on these recommendations, the president of the United States recently formed an interagency ocean policy task force

charged with developing a national ocean policy and a framework for marine spatial planning that involves all governmental levels, including state, tribal, and local governments. To further develop and implement such a planning framework, it is anticipated that federal cooperation and support will be available to coastal states that are engaged in marine and coastal resource management and planning, including marine spatial planning.

(2) The purpose of this chapter is to build upon existing statewide Puget Sound, coastal, and Columbia river efforts. When resources become available, the state intends to augment the marine spatial component of existing plans and to improve the coordination among state agencies in the development and implementation of marine management plans.

(3) It is also the purpose of this chapter to establish policies to guide state agencies and local governments when exercising jurisdiction over proposed uses and activities in these waters. Specifically, in conducting marine spatial planning, and in augmenting existing marine management plans with marine spatial planning components, the state must:

(a) Continue to recognize the rights of native American tribes regarding marine natural resources;

(b) Base all planning on best available science. This includes identifying gaps in existing information, recommend a strategy for acquiring science needed to strengthen marine spatial plans, and create a process to adjust plans once additional scientific information is available;

(c) Coordinate with all stakeholders, including marine resources committees and nongovernmental organizations, that are significantly involved in the collection of scientific information, ecosystem protection and restoration, or other activities related to marine spatial planning;

(d) Recognize that marine ecosystems span tribal, state, and international boundaries and that planning has to be coordinated with all entities with jurisdiction or authority in order to be effective;

(e) Establish or further promote an ecosystem-based management approach including linking marine spatial plans to adjacent nearshore and upland spatial or ecosystem-based plans;

(f) Ensure that all marine spatial plans are linked to measurable environmental outcomes;

(g) Establish a performance management system to monitor implementation of any new marine spatial plan;

(h) Establish an ocean stewardship policy that takes into account the existing natural, social, cultural, historic, and economic uses;

(i) Recognize that commercial, tribal, and recreational fisheries, and shellfish aquaculture are an integral part of our state's culture and contribute substantial economic benefits;

(j) Value biodiversity and ecosystem health, and protect special, sensitive, or unique estuarine and marine life and habitats, including important spawning, rearing, and migration areas for finfish, marine mammals, and productive shellfish habitats;

(k) Integrate this planning with existing plans and ongoing planning in the same marine waters and provide additional mechanisms for improving coordination and aligning management;

(l) Promote recovery of listed species under state and federal endangered species acts plans pursuant to those plans; and

(m) Fulfill the state's public trust and tribal treaty trust responsibilities in managing the state's ocean waters in a sustainable manner for current and future generations. [2010 c 145 § 1.]

43.372.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(5) "Marine interagency team" or "team" means the marine interagency team created under RCW 43.372.020.

(6) "Marine management plan" and "marine waters management plan" means any plan guiding activities on and uses of the state's marine waters, and may include a marine spatial plan or element.

(7) "Marine resources committees" means those committees organized under RCW 36.125.020 or by counties within the Northwest straits marine conservation initiative.

(8) "Marine spatial planning" means a public process of analyzing and allocating the spatial and temporal distribution of human activities in marine areas to achieve ecological, economic, and social objectives. Often this type of planning is done to reduce conflicts among uses, to reduce environmental impacts, to facilitate compatible uses, to align management decisions, and to meet other objectives determined by the planning process.

(9) "Marine waters" means aquatic lands and waters under tidal influence, including saltwaters and estuaries to the ordinary high water mark lying within the boundaries of the state. This definition also includes the portion of the Columbia river bordering Pacific and Wahkiakum counties, Willapa Bay, Grays Harbor, the Strait of Juan de Fuca, and the entire Puget Sound. [2010 c 145 § 2.]

43.372.020 Marine interagency team. (1) The office of the governor shall chair a marine interagency team that is composed of representatives of each of the agencies in the governor's natural resources cabinet with management responsibilities for marine waters, including the independent agencies. A representative from a federal agency with lead responsibility for marine spatial planning must be invited to serve as a liaison to the team to help ensure consistency with federal actions and policy. The team must assist state agencies under RCW 43.372.030 with the review and coordina-

tion of such planning with their existing and ongoing planning and conduct the marine management planning authorized in RCW 43.372.040.

(2) The team may not commence any activities authorized under RCW 43.372.030 and 43.372.040 until federal, private, or other funding is secured specifically for these activities. [2012 c 252 § 1; 2010 c 145 § 3.]

43.372.030 Marine spatial data and marine spatial planning elements—Inclusion in planning—Joint plans and planning frameworks—Integration with comprehensive marine management plan. (1) Subject to available federal, private, or other funding for this purpose, all state agencies with marine waters planning and management responsibilities are authorized to include marine spatial data and marine spatial planning elements into their existing plans and ongoing planning.

(2) The director of the Puget Sound partnership under the direction of the leadership council created in RCW 90.71.220 must integrate marine spatial information and planning provisions into the action agenda. The information should be used to address gaps or improve the effectiveness of the spatial planning component of the action agenda, such as in addressing potential new uses such as renewable energy projects.

(3) The governor and the commissioner of public lands, working with appropriate marine management and planning agencies, should work cooperatively with the applicable west coast states, Canadian provinces, and with federal agencies, through existing cooperative entities such as the west coast governor's agreement on ocean health, the coastal and oceans task force, the Pacific coast collaborative, the Puget Sound federal caucus, and the United States and Canada cooperative agreement working group, to explore the benefits of developing joint marine spatial plans or planning frameworks in the shared waters of the Salish Sea, the Columbia river estuary, and in the exclusive economic zone waters. The governor and commissioner may approve the adoption of shared marine spatial plans or planning frameworks where they determine it would further policies of this chapter and chapter 43.143 RCW.

(4) On an ongoing basis, the director of the department of ecology shall work with other state agencies with marine management responsibilities, tribal governments, marine resources committees, local and federal agencies, and marine waters stakeholders to compile marine spatial information and to incorporate this information into ongoing plans. This work may be integrated with the comprehensive marine management plan authorized under RCW 43.372.040 when that planning process is initiated.

(5) All actions taken to implement this section must be consistent with RCW 43.372.060. [2012 c 252 § 2; 2010 c 145 § 5.]

43.372.040 Comprehensive marine management plan. (1) Upon the receipt of federal, private, or other funding for this purpose, the marine interagency team shall coordinate the development of a comprehensive marine management plan for the state's marine waters. The marine management plan must include marine spatial planning, as well as recommendations to the appropriate federal agencies regarding the exclusive economic zone waters.

(2) The comprehensive marine management plan may be developed in geographic segments, and may incorporate or be developed as an element of existing marine plans, such as the Puget Sound action agenda. If the team exercises the option to develop the comprehensive marine management plan in geographic segments, it may proceed with development and adoption of marine management plans for these geographic segments on different schedules.

(3) The chair of the team may designate a state agency with marine management responsibilities to take the lead in developing and recommending to the team particular segments or elements of the comprehensive marine management plan.

(4) The marine management plan must be developed and implemented in a manner that:

(a) Recognizes and respects existing uses and tribal treaty rights;

(b) Promotes protection and restoration of ecosystem processes to a level that will enable long-term sustainable production of ecosystem goods and services;

(c) Addresses potential impacts of climate change and sea level rise upon current and projected marine waters uses and shoreline and coastal impacts;

(d) Fosters and encourages sustainable uses that provide economic opportunity without significant adverse environmental impacts;

(e) Preserves and enhances public access;

(f) Protects and encourages working waterfronts and supports the infrastructure necessary to sustain marine industry, commercial shipping, shellfish aquaculture, and other water-dependent uses;

(g) Fosters public participation in decision making and significant involvement of communities adjacent to the state's marine waters; and

(h) Integrates existing management plans and authorities and makes recommendations for aligning plans to the extent practicable.

(5) To ensure the effective stewardship of the state's marine waters held in trust for the benefit of the people, the marine management plan must rely upon existing data and resources, but also identify data gaps and, as possible, procure missing data necessary for planning.

(6) The marine management plan must include but not be limited to:

(a) An ecosystem assessment that analyzes the health and status of Washington marine waters including key social, economic, and ecological characteristics and incorporates the best available scientific information, including relevant marine data. This assessment should seek to identify key threats to plan goals, analyze risk and management scenarios, and develop key ecosystem indicators. In addition, the plan should incorporate existing adaptive management strategies underway by local, state, or federal entities and provide an adaptive management element to incorporate new information and consider revisions to the plan based upon research, monitoring, and evaluation;

(b) Using and relying upon existing plans and processes and additional management measures to guide decisions among uses proposed for specific geographic areas of the state's marine and estuarine waters consistent with applicable

state laws and programs that control or address developments in the state's marine waters;

(c) A series of maps that, at a minimum, summarize available data on: The key ecological aspects of the marine ecosystem, including physical and biological characteristics, as well as areas that are environmentally sensitive or contain unique or sensitive species or biological communities that must be conserved and warrant protective measures; human uses of marine waters, particularly areas with high value for fishing, shellfish aquaculture, recreation, and maritime commerce; and appropriate locations with high potential for renewable energy production with minimal potential for conflicts with other existing uses or sensitive environments;

(d) An element that sets forth the state's recommendations to the federal government for use priorities and limitations, siting criteria, and protection of unique and sensitive biota and ocean floor features within the exclusive economic zone waters consistent with the policies and management criteria contained in this chapter and chapter 43.143 RCW;

(e) An implementation strategy describing how the plan's management measures and other provisions will be considered and implemented through existing state and local authorities; and

(f) A framework for coordinating state agency and local government review of proposed renewable energy development uses requiring multiple permits and other approvals that provide for the timely review and action upon renewable energy development proposals while ensuring protection of sensitive resources and minimizing impacts to other existing or projected uses in the area.

(7) If the director of the department of fish and wildlife determines that a fisheries management element is appropriate for inclusion in the marine management plan, this element may include the incorporation of existing management plans and procedures and standards for consideration in adopting and revising fisheries management plans in cooperation with the appropriate federal agencies and tribal governments.

(8) Any provision of the marine management plan that does not have as its primary purpose the management of commercial or recreational fishing but that has an impact on this fishing must minimize the negative impacts on the fishing. The team must accord substantial weight to recommendations from the director of the department of fish and wildlife for plan revisions to minimize the negative impacts.

(9) The marine management plan must recognize and value existing uses. All actions taken to implement this section must be consistent with RCW 43.372.060.

(10) The marine management plan must identify any provisions of existing management plans that are substantially inconsistent with the plan.

(11)(a) In developing the marine management plan, the team shall implement a strong public participation strategy that seeks input from throughout the state and particularly from communities adjacent to marine waters. Public review and comment must be sought and incorporated with regard to planning the scope of work as well as in regard to significant drafts of the plan and plan elements.

(b) The team must engage tribes and marine resources committees in its activities throughout the planning process. In particular, prior to finalizing the plan, the team must provide each tribe and marine resources committee with a draft

of the plan and invite them to review and comment on the plan.

(12) The director of the department of ecology shall submit the completed marine management plan to the appropriate federal agency for its review and approval for incorporation into the state's federally approved coastal zone management program.

(13) Subsequent to the adoption of the marine management plan, the team may periodically review and adopt revisions to the plan to incorporate new information and to recognize and incorporate provisions in other marine management plans. The team must afford the public an opportunity to review and comment upon significant proposed revisions to the marine management plan. [2012 c 252 § 3; 2010 c 145 § 6.]

43.372.050 Marine management plans—Compliance—Consistency—Review—Report and recommendations. (1) Upon the adoption of the marine management plan under RCW 43.372.040, each state agency and local government must make decisions in a manner that ensures consistency with applicable legal authorities and conformance with the applicable provisions of the marine management plan to the greatest extent possible.

(2) The director of the department of ecology, in coordination with the team, shall periodically review existing management plans maintained by state agencies and local governments that cover the same marine waters as the marine management plan under RCW 43.372.040, and for any substantial inconsistency with the marine management plan the director shall make recommendations to the agency or to the local government for revisions to eliminate the inconsistency.

(3) Not later than four years following adoption of the marine management plan under RCW 43.372.040, the department of ecology, in coordination with the team, shall report to the appropriate marine waters committees in the senate and house of representatives describing provisions of existing management plans that are substantially inconsistent with the marine management plan under RCW 43.372.040, and making recommendations for eliminating the inconsistency.

(4) All actions taken to implement this section must be consistent with RCW 43.372.060. [2010 c 145 § 7.]

43.372.060 Authority limited. No authority is created under this chapter to affect in any way any project, use, or activity in the state's marine waters existing prior to or during the development and review of the marine management plan. No authority is created under this chapter to supersede the current authority of any state agency or local government. [2010 c 145 § 8.]

43.372.070 Marine resources stewardship trust account. (1) The marine resources stewardship trust account is created in the state treasury. All receipts from income derived from the investment of amounts credited to the account, any grants, gifts, or donations to the state for the purposes of marine management planning, marine spatial planning, data compilation, research, or monitoring, and any appropriations made to the account must be deposited in the

account. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may only be used for the purposes of marine management planning, marine spatial planning, research, monitoring, and implementation of the marine management plan.

(3) Until July 1, 2016, expenditures from the account may only be used for the purposes of:

(a) Conducting ecosystem assessment and mapping activities in marine waters consistent with RCW 43.372.040(6) (a) and (c), with a focus on assessment and mapping activities related to marine resource uses and developing potential economic opportunities;

(b) Developing a marine management plan for the state's coastal waters as that term is defined in RCW 43.143.020; and

(c) Coordination under the west coast governors' agreement on ocean health, entered into on September 18, 2006, and other regional planning efforts consistent with RCW 43.372.030.

(4) Expenditures from the account on projects and activities relating to the state's coastal waters, as defined in RCW 43.143.020, must be made, to the maximum extent possible, consistent with the recommendations of the Washington coastal marine advisory council as provided in RCW 43.143.060. If expenditures relating to coastal waters are made in a manner that differs substantially from the Washington coastal marine advisory council's recommendations, the responsible agency receiving the appropriation shall provide the council and appropriate committees of the legislature with a written explanation. [2013 c 318 § 3; 2012 c 252 § 4; 2011 c 250 § 2; 2010 c 145 § 10.]

Findings—2011 c 250: "(1) The legislature finds that the states of Washington, Oregon, and California have a common interest in the management and protection of ocean and coastal resources. This common interest stems from the many ocean and coastal resources that cross jurisdictional boundaries including winds, currents, fish, and wildlife, as well as the multi-jurisdictional reach of many uses of marine waters. These shared resources provide enormous economic, environmental, and social benefits to the states, and are an integral part of maintaining the high quality of life enjoyed by residents of the west coast.

(2) The legislature finds that the shared nature of ocean and coastal resources make coordination between the states of Washington, Oregon, and California essential in order to achieve effective ocean and coastal resource management and support sustainable coastal communities.

(3) The legislature recognizes the west coast governors' agreement on ocean health, entered into on September 18, 2006, as an important step towards achieving more coordinated management of these ocean and coastal resources.

(4) Ocean and coastal resource planning processes and funding opportunities recently initiated by the federal government contemplate action at the regional level. Early action on the part of Washington, Oregon, and California to collaboratively define and implement such planning efforts and projects will increase the states' ability to determine the course of federal planning processes for the west coast and receive nonstate support for the planning efforts, resource preservation and restoration projects, and projects to support ocean health and sustainable coastal communities.

(5) Therefore, collaboration on ocean and coastal resource management between Washington, Oregon, and California should be continued and enhanced through the respective legislatures, as well as through the respective executive branches through the west coast governors' agreement on ocean health." [2011 c 250 § 1.]

WASHINGTON GLOBAL HEALTH TECHNOLOGIES AND PRODUCT DEVELOPMENT COMPETITIVENESS

Sections

- 43.374.005 Finding—Intent—Purpose.
- 43.374.020 Washington global health technologies and product development account.

43.374.005 Finding—Intent—Purpose. The legislature finds that the global health sector develops new technologies and products for the improvement of health delivery locally and worldwide and that Washington is home to the world's richest collection of global health research and education programs creating new and innovative technologies on a daily basis. It is the intent of the legislature to stimulate the state's economy and foster job creation in the emerging field of global health while improving the health of people in Washington state and the world. The purpose of chapter 13, Laws of 2010 1st sp. sess. is to create a funding mechanism and a grant program to ensure that Washington remains competitive in global health innovation and to guarantee that the development, manufacture, and delivery of global health products will become an even more dynamic part of the state's economy. [2010 1st sp.s. c 13 § 1.]

43.374.020 Washington global health technologies and product development account. The Washington global health technologies and product development account is created in the custody of the state treasurer. Only the board of directors of the Washington global health technologies and product development competitiveness program or the board's designee may authorize expenditures from the account. All federal moneys received from the solicitations required in *RCW 43.374.010 and all state funds appropriated for the specific purposes of the Washington global health technologies and product development competitiveness program must be deposited in the account. Expenditures from the account may be used only for funding activities of the Washington global health technologies and product development competitiveness program created in *RCW 43.374.010. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2010 1st sp.s. c 13 § 3.]

*Reviser's note: RCW 43.374.010, which created the Washington global health technologies and product development competitiveness program, was repealed by 2014 c 112 § 201.

44.04.280 State laws—Respectful language. (1) The legislature recognizes that language used in reference to individuals with disabilities shapes and reflects society's attitudes towards people with disabilities. Many of the terms currently used diminish the humanity and natural condition of having a disability. The legislature finds it necessary to clarify preferred language for new and revised laws by requiring the use of terminology that puts the person before the disability.

(2)(a) The code reviser is directed to avoid all references to: Disabled, developmentally disabled, mentally disabled, mentally ill, mentally retarded, handicapped, cripple, and crippled, in any new statute, memorial, or resolution, and to change such references in any existing statute, memorial, or resolution as sections including these references are otherwise amended by law.

(b) The code reviser is directed to replace terms referenced in (a) of this subsection as appropriate with the following revised terminology: "Individuals with disabilities," "individuals with developmental disabilities," "individuals with mental illness," and "individuals with intellectual disabilities."

(3) No statute, memorial, or resolution is invalid because it does not comply with this section.

(4) The replacement of outmoded terminology with more appropriate references may not be construed as changing the application of any provision of this code to any person. [2010 c 94 § 2; 2009 c 377 § 1; 2004 c 175 § 1.]

Purpose—2010 c 94: "The purpose of this act is to move toward fulfillment of the goals stated in RCW 44.04.280, to remove demeaning language from the Revised Code of Washington and to use respectful language when referring to individuals with disabilities. It is not the intent of the legislature to expand or contract the scope or application of any provision of this code. Nothing in this act may be construed to change the application of any provision of this code to any person." [2010 c 94 § 1.]

(3) The plan approved by the commission, with any amendment approved by the legislature, shall be final upon approval of such amendment or after expiration of the time provided for legislative amendment by subsection (2) of this section whichever occurs first, and shall constitute the districting law applicable to this state for legislative and congressional elections, beginning with the next elections held in the year ending in two. 44.28.005 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Legislative auditor" means the executive officer of the joint legislative audit and review committee.

(2) "Economy and efficiency audits" means performance audits that establish: (a) Whether a state agency or unit of local government receiving state funds is acquiring, protecting, and using its resources such as personnel, property, and space economically and efficiently; (b) the causes of inefficiencies or uneconomical practices; and (c) whether the state agency or local government has complied with significant laws and rules in acquiring, protecting, and using its resources.

(3) "Final compliance report" means a written document, as approved by the joint committee, that states the specific actions a state agency or unit of local government receiving state funds has taken to implement recommendations contained in the final performance audit report and the preliminary compliance report. Any recommendations, including proposed legislation and changes in the agency's rules and practices or the local government's practices, based on testimony received, must be included in the final compliance report.

(4) "Final performance audit report" means a written document adopted by the joint legislative audit and review committee that contains the findings and proposed recommendations made in the preliminary performance audit report, the final recommendations adopted by the joint committee, any comments to the preliminary performance audit report by the joint committee, and any comments to the preliminary performance audit report by the state agency or local government that was audited.

(5) "Joint committee" means the joint legislative audit and review committee.

(6) "Local government" means a city, town, county, special purpose district, political subdivision, municipal corporation, or quasi-municipal corporation, including a public corporation created by such an entity.

(7) "Performance audit" means an objective and systematic assessment of a state agency or any of its programs, functions, or activities, or a unit of local government receiving state funds, by an independent evaluator in order to help public officials improve efficiency, effectiveness, and accountability. Performance audits include economy and efficiency audits and program audits. A performance audit of a local government may only be made to determine whether the

local government is using state funds for their intended purpose in an efficient and effective manner.

(8) "Performance measures" are a composite of key indicators of a program's or activity's inputs, outputs, outcomes, productivity, timeliness, and/or quality. They are means of evaluating policies and programs by measuring results against agreed upon program goals or standards.

(9) "Preliminary compliance report" means a written document that states the specific actions a state agency or unit of local government receiving state funds has taken to implement any recommendations contained in the final performance audit report.

(10) "Preliminary performance audit report" means a written document prepared for review and comment by the joint legislative audit and review committee after the completion of a performance audit. The preliminary performance audit report must contain the audit findings and any proposed recommendations to improve the efficiency, effectiveness, or accountability of the state agency or local government audited.

(11) "Program audits" means performance audits that determine: (a) The extent to which desired outcomes or results are being achieved; (b) the causes for not achieving intended outcomes or results; and (c) compliance with significant laws and rules applicable to the program.

(12) "State agency" or "agency" means a state agency, department, office, officer, board, commission, bureau, division, institution, or institution of higher education. "State agency" includes all elective offices in the executive branch of state government. [1996 c 288 § 2.]

Findings and intent—1996 c 288: "The public expects the legislature to address citizens' increasing demand for the basic services of state government, while limiting the growth in spending. The public demands that public officials and state employees be accountable to provide maximum value for every dollar entrusted to state government. The public believes that it is possible to improve the responsiveness of state government and to save the taxpayers' money, and that efficiency and effectiveness should result in savings.

The legislature, public officials, state employees, and citizens need to know the extent to which state agencies, programs, and activities are achieving the purposes for which they were created. It is essential to compare the conditions, problems, and priorities that led to the creation of government programs with current conditions, problems, and priorities, and to examine the need for and performance of those programs in the current environment.

Along with examining the performance of state agencies and programs, the legislature, public officials, state employees, and citizens must also consider the effect that state government programs can reasonably expect to have on citizens' lives, how the level of programs and services of Washington state government compares with that of other states, and alternatives for service delivery, including other levels of government and the private sector including not-for-profit organizations. It is essential that the legislature, public officials, state employees, and citizens share a common understanding of the role of state government. The performance and relative priority of state agency programs and activities must be the basis for managing and allocating resources within Washington state government.

It is the intent of the legislature to strengthen the role of the current legislative budget committee so that it may more effectively examine how efficiently state agencies perform their responsibilities and whether the agencies are achieving their goals, and whether units of local government are using state funds for their intended purpose in an efficient and effective manner. It is also the intent of the legislature to enact a clear set of definitions for different types of audits in order to eliminate confusion with regard to government reviews." [1996 c 288 § 1.]

44.28.010 Committee created—Members. The joint legislative audit and review committee is created, which shall consist of eight senators and eight representatives from the legislature. The senate members of the joint committee shall

44.28.075 Performance audits—Scope. (1) Subject to the requirements of the performance audit work plan approved by the joint committee under RCW 44.28.083, performance audits may, in addition to the determinations that may be made in such an audit as specified in RCW 44.28.005, include the following:

(d) Comparison with other states whose agencies perform similar functions, as well as their relative funding levels and performance.

[1996 c 288 § 10.]

44.28.080 Powers—Appropriations, expenses, revenues. The joint committee has the following powers:

state agencies, and to make recommendations and reports to the legislature.

(8) To receive messages and reports in person or in writing from the governor or any other state officials and to study generally any and all business relating to economy, efficiency, and effectiveness in state government and state agencies. 44.28.083 Performance audit work plans. (1) At the conclusion of the regular legislative session of each odd-numbered year, the joint legislative audit and review committee shall develop and approve a performance audit work plan for the ensuing biennium. The biennial work plan may be modified, as necessary, at the conclusion of other legislative sessions to reflect actions taken by the legislature and the joint committee. The work plan shall include a description of each performance audit, and the cost of completing the audits on the work plan shall be limited to the funds appropriated to the joint committee. Approved performance audit work plans shall be transmitted to the entire legislature by July 1st following the conclusion of each regular session of an odd-numbered year and as soon as practical following other legislative sessions.

(2) Among the factors to be considered in preparing the work plans are:

(a) Whether a program newly created or significantly altered by the legislature warrants continued oversight because (i) the fiscal impact of the program is significant, or (ii) the program represents a relatively high degree of risk in terms of reaching the stated goals and objectives for that program;

(b) Whether implementation of an existing program has failed to meet its goals and objectives by any significant degree;

(c) Whether a follow-up audit would help ensure that previously identified recommendations for improvements were being implemented; and

(d) Whether an assignment for the joint committee to conduct a performance audit has been mandated in legislation.

(3) The legislative auditor may consult with the chairs and staff of appropriate legislative committees, the state auditor, and the director of financial management in developing the performance audit work plan. [2010 c 26 § 3; 1996 c 288 § 12; 1993 c 406 § 5. Formerly RCW 44.28.180.]

The legislative auditor shall incorporate the response of the agency or local government and the office of financial management into the final performance audit report.

(2) Before releasing the results of a performance audit to the legislature or the public, the legislative auditor shall submit the preliminary performance audit report to the joint committee for its review, comments, and final recommendations. Any comments by the joint committee must be included as a separate addendum to the final performance audit report. Upon consideration and incorporation of the review, comments, and recommendations of the joint committee, the legislative auditor shall transmit the final performance audit report to the affected agency or local government, the director of financial management, the leadership of the senate and the house of representatives, and the appropriate standing committees of the house of representatives and the senate and shall publish the results and make the report available to the public. The agency or local government may attach its comments to the joint committee's preliminary compliance report as a separate addendum.

(2) Within three months after the issuance of the preliminary compliance report, the joint committee may hold at least one public hearing and receive public testimony regarding the findings and recommendations contained in the preliminary compliance report. The joint committee may waive the public hearing requirement if the preliminary compliance report demonstrates that the agency or local government is in compliance with the audit recommendations. The joint committee shall issue any final compliance report within four weeks after the public hearing or hearings. The legislative auditor shall transmit the final compliance report in the same manner as a final performance audit is transmitted under RCW 44.28.088. [1996 c 288 § 14.]

44.28.094 Quality control review of joint committee. Subject to the joint committee's approval, the office of the joint committee shall undergo an external quality control review within three years of June 6, 1996, and at regular intervals thereafter. The evaluation shall assess the success of the program in assisting clients to become employed and to reduce their use of temporary assistance for needy families. The study shall include but not be limited to the following:

(a) An assessment of employment outcomes, including hourly wages, hours worked, and total earnings, for clients;

(b) A comparison of temporary assistance for needy families outcomes, including grant amounts and program exits, for clients; and

44.28.156 Education performance agreement pilot—

Evaluation. The joint committee shall conduct an evaluation of the higher education performance agreement pilot test under *RCW 28B.10.920 through 28B.10.922 and make recommendations regarding changes to the substance or process of creating the agreements, including whether the performance agreement process should be continued and expanded to include additional higher education institutions. The evaluation shall be submitted to the governor and the higher education committees of the senate and house of representatives by November 1, 2014. [2008 c 160 § 5.]

*Reviser's note: RCW 28B.10.920 through 28B.10.922 were repealed by 2011 1st sp.s. c 10 § 26. RCW 28B.10.922 was also repealed by 2011 1st sp.s. c 21 § 18.

Findings—Intent—2008 c 160: "(1) The legislature finds that in the last ten years, significant progress has been made to identify and monitor accountability and performance measures in higher education, both internally in institutions and externally in the legislative and state policymaking environment.

(2) However, the legislature further finds that opportunities exist to promote greater visibility of performance measures among policymakers and among the public consumers of higher education. Policy decisions, including decisions about resource allocation, should be made with greater knowledge and a shared understanding about the tradeoffs between resources, flexibility, and desired outcomes. A forum should be created to allow discussion among policymakers and institution leaders about setting outcome-oriented priorities, targeting of investments, linking operating and capital planning, and creating a longer-term view than the biennial budget cycle typically permits.

(3) Therefore, the legislature intends to implement a process for such discussions, agreements, and planning to occur. The process of crafting higher education performance agreements will be pilot-tested over a six-year period with the public four-year institutions of higher education beginning in 2008." [2008 c 160 § 1.]

44.28.157 School district health benefits—Review—

Recommendations—Performance grants—Report. (1) By December 31, 2015, the joint committee must review the reports on school district health benefits submitted to it by the office of the insurance commissioner and the health care authority and report to the legislature on the progress by school districts and their benefit providers in meeting the following legislative goals to:

(a) Improve the transparency of health benefit plan claims and financial data to assure prudent and efficient use of taxpayers' funds at the state and local levels;

(b) Create greater affordability for full family coverage and greater equity between premium costs for full family coverage and employee only coverage for the same health benefit plan;

(c) Promote health care innovations and cost savings and significantly reduce administrative costs.

(2) The joint committee shall also make a recommendation regarding a specific target to realize the goal in subsection (1)(b) of this section.

(3) The joint committee shall report on the status of individual school districts' progress in achieving the goals in subsection (1) of this section.

(4)(a) In the 2015-2016 school year, the joint committee shall determine which school districts have met the requirements of RCW 28A.400.350 (5) and (6), and shall rank order these districts from highest to lowest in term of their performance in meeting the requirements.

(b) The joint committee shall then allocate performance grants to the highest performing districts from a performance fund of five million dollars appropriated by the legislature for this purpose. Performance grants shall be used by school districts only to reduce employee health insurance copayments and deductibles. In determining the number of school districts to receive awards, the joint committee must consider the impact of the award on district employee copayments and deductibles in such a manner that the award amounts have a meaningful impact.

(5) If the joint committee determines that districts and their benefit providers have not made adequate progress, in the judgment of the joint committee, in achieving one or more of the legislative goals in subsection (1) of this section, the joint committee report to the legislature must contain advantages, disadvantages, and recommendations on the following:

(a) Why adequate progress has not been made, to the extent the joint committee is able to determine the reason or reasons for the insufficient progress;

(b) What legislative or agency actions would help remove barriers to improvement;

(c) Whether school district health insurance purchasing should be accomplished through a single consolidated school employee health benefits purchasing plan;

(d) Whether school district health insurance purchasing should be accomplished through the public employees' benefits board program, and whether consolidation into the public employees' benefits board program would be preferable to the creation of a consolidated school employee health benefits purchasing plan; and

(e) Whether certificated or classified employees, as separate groups, would be better served by purchasing health insurance through a single consolidated school employee health benefits purchasing plan or through participation in the public employees' benefits board program.

(6) The report shall contain any legislation necessary to implement the recommendations of the joint committee.

(7) The legislature shall take all steps necessary to implement the recommendations of the joint committee unless the legislature adopts alternative strategies to meet its goals during the 2016 session. [2012 2nd sp.s. c 3 § 7.]

Findings—Goals—Intent—2012 2nd sp.s. c 3: See note following RCW 28A.400.275.

During calendar year 2008, the joint legislative audit and review committee shall review the distributions to cities and counties under RCW 43.08.290 to determine the extent to which the distributions target the needs of cities and counties for which the repeal of the motor vehicle excise tax had the greatest fiscal impact. The audit must include a separate analysis of both the authority granted in RCW 28B.15.067(3) and the authority in RCW 28B.15.067(4). The purpose of the audit is to evaluate the impact of institutional tuition-setting authority on student access, affordability, and completion.

Implementing conservation measures across all levels of government will create actual energy conservation savings, maintenance and cost savings to state and local governments, and savings to the state economy, which depends on affordable, realizable electricity to retain jobs. The legislature intends that conservation measures be identified and aggregated within a government entity or among multiple government entities to maximize energy savings and project efficiencies." JOINT LEGISLATIVE OVERSIGHT COMMITTEE ON TRADE POLICY

44.55.030	Chair—Officers—Rules.
44.55.040	Powers, duties.
44.55.050	Staff support.
44.55.060	Compensation.

44.55.010 Findings—Intent. The legislature finds that international trade is an important part of Washington's economy with Washington as the fifth largest exporting state in the nation. The legislature further finds that World Trade Organization agreements and the North American Free Trade Agreement have implications for Washington state laws governing agriculture, services, environmental regulation, and economic subsidies. The legislature further finds that future trade agreements such as the proposed Free Trade Area of the Americas may also impact Washington state. Therefore, it is the intent of the legislature to create a joint legislative oversight committee on trade policy to monitor the impact of these trade agreements on Washington state laws, and to provide a mechanism for legislators and citizens to voice their opinions and concerns about the potential impacts of these trade agreements to state and federal government officials. [2003 c 404 § 1.]

44.55.020 Committee membership. A joint legislative oversight committee on trade policy is created, to consist of four senators and four representatives from the legislature and three ex officio members. The president of the senate shall appoint the senate members of the committee, and the speaker of the house shall appoint the house members of the committee. No more than two members from each house may be from the same political party. A list of appointees must be submitted by July 1, 2003, and before the close of each regular session during an even-numbered year. Vacancies on the committee will be filled by appointment and must be filled from the same political party and from the same house as the member whose seat was vacated. The ex officio members shall be appointed by the speaker of the house and the president of the senate, and include a representative from the department of agriculture, the state trade representative, and a representative from the office of the attorney general. [2003 c 404 § 2.]

Reviser's note: Substitute House Bill No. 1059, Substitute House Bill No. 1173, and Engrossed Substitute House Bill No. 1827 were enacted during the 2003 regular session of the legislature, but were vetoed in part by the governor. A stipulated judgment, No. 03-2-01988-4 filed in the Superior Court of Thurston County, between the governor and the legislature, settled litigation over the governor's use of veto powers and declared the vetoes of SHB 1059, SHB 1173, and ESHB 1827 null and void. Consequently, the text of this section has been returned to the version passed by the legislature prior to the vetoes. For vetoed text and message, see chapter 404, Laws of 2003.

44.55.030 Chair—Officers—Rules. The committee shall appoint its own chair and other officers and make rules for orderly procedure. [2003 c 404 § 3.]

44.55.040 Powers, duties. The committee has the following powers and duties:

(1) At least once a year, hear public testimony on the actual and potential impacts of international trade agreements and negotiations on Washington state and submit an annual report to the state trade representative's office and to the legislature regarding the public testimony;

(2) Maintain active communication with the state trade representative's office, the United States trade representative's office, Washington's congressional delegation, the national conference of state legislatures, and any other bodies

(2014 Ed.)

(3) Conduct an annual assessment of the impacts of international trade agreements upon Washington law and submit the report to the legislature;

(4) Examine any aspects of international trade, international economic integration, and trade agreements that the members deem appropriate. [2003 c 404 § 4.]

44.55.050 Staff support. The committee will receive the necessary staff support from both the senate committee services and the house office of program research. [2003 c 404 § 5.]

44.55.060 Compensation. The members of the committee shall serve without additional compensation, but are entitled to receive per diem, mileage, and incidental expense allowances at the rates provided in chapter 44.04 RCW. [2003 c 404 § 6.]

Chapter 44.73 RCW LEGISLATIVE GIFT CENTER

44.73.005	Findings.
44.73.010	Legislative gift center—Created—Retail sale of products—Governance—Planning.
44.73.015	Legislative gift center—Selling wine for off-premises consumption—Collection and remittance of all applicable state and local taxes—Consultation with the Washington wine commission.
44.73.020	Legislative gift center account.

44.73.005 Findings. The legislature finds that Washington is committed to economic development and supporting the tourism industry, and that economic development is achieved by promoting the state and the goods produced around the state. The legislature further finds that tourism is encouraged providing a memorable experience and an opportunity for visitors to take something back home with them to remind them of this experience. There are many visitors every day to the legislative building, including tourists, school children, and people from around the state visiting the state capitol. These visitors offer an opportunity for the state to showcase its products and history. Therefore, the legislature finds that a gift center in the legislative building would be an appropriate response to this opportunity, and further, that such a gift center could provide a source of revenue to help fund the oral history program and to pay for the restoration and repurchase of historical capitol furnishings. [2007 c 453 § 1.]

44.73.010 Legislative gift center—Created—Retail sale of products—Governance—Planning. (1) There is created in the legislature a legislative gift center for the retail sale of products bearing the state seal, Washington state souvenirs, other Washington products, and other products as

approved. Wholesale purchase of products for sale at the legislative gift center is not subject to competitive bidding.

(2) Governance for the legislative gift center shall be under the chief clerk of the house of representatives and the secretary of the senate. They may designate a legislative staff member as the lead staff person to oversee management and operation of the gift shop.

(f) If the county auditor or other agent appointed by the director does not select the recommended successor for appointment as a result of the open competitive process, the county auditor or other agent appointed by the director must contact the subagent appointee by letter and explain the decision. The subagent appointee must be provided an opportunity to respond in writing. Any response by the subagent appointee must be included in the open competitive process materials submitted to the department.

Payment must be made on those requests found to be allowable from the licensing services account.

(8) **County auditor/agent revenue disbursement.** County revenues that exceed the cost of providing services described in the standard contract, calculated in accordance with the procedures in subsection (7) of this section, must be expended as determined by the county legislative authority during the process established by law for adoption of county budgets.

GENERAL PROVISIONS

46.09.300 Application of chapter—Permission necessary to enter upon private lands. The provisions of this chapter shall apply to all lands in this state. Nothing in this chapter, RCW 79A.35.040, 79A.35.070, 79A.35.090, 79A.35.110, and 79A.35.120 shall be deemed to grant to any person the right or authority to enter upon private property without permission of the property owner. [2005 c 213 § 2; 1972 ex.s. c 153 § 2; 1971 ex.s. c 47 § 6. Formerly RCW 46.09.010.]

Findings—Construction—2005 c 213: "The legislature finds that off-road recreational vehicles (ORVs) provide opportunities for a wide variety of outdoor recreation activities. The legislature further finds that the limited amount of ORV recreation areas presents a challenge for ORV recreational users, natural resource land managers, and private landowners. The legislature further finds that many nonhighway roads provide opportunities for ORV use and that these opportunities may reduce conflicts between users and facilitate responsible ORV recreation. However, restrictions intended for motor vehicles may prevent ORV use on certain roads, including forest service roads. Therefore, the legislature finds that local, state, and federal jurisdictions should be given the flexibility to allow ORV use on nonhighway roads they own and manage or for which they are authorized to allow public ORV use under an easement granted by the owner. Nothing in this act authorizes trespass on private property." [2005 c 213 § 1.]

Effective date—2005 c 213: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005." [2005 c 213 § 9.]

Purpose—1972 ex.s. c 153: See RCW 67.32.080.

46.09.520 Refunds from motor vehicle fund—Distribution—Use. (Effective until July 1, 2015.) (1) From time to time, but at least once each year, the state treasurer shall refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.36 RCW, based on a tax rate of: (a) Nineteen cents per gallon of motor vehicle fuel from July 1, 2003, through June 30, 2005; (b) twenty cents per gallon of motor vehicle fuel from July 1, 2005, through June 30, 2007; (c) twenty-one cents per gallon of motor vehicle fuel from July 1, 2007, through June 30, 2009; (d) twenty-two cents per gallon of motor vehicle fuel from July 1, 2009, through June 30, 2011; and (e) twenty-three cents per gallon of motor vehicle fuel beginning July 1, 2011, and thereafter, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer shall place these funds in the general fund as follows:

(a) Thirty-six percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, non-motorized, and nonhighway road recreation facilities, and

information programs and maintenance of nonhighway roads;

(b) Three and one-half percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and the maintenance of nonhighway roads;

(c) Two percent shall be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and

(d) Fifty-eight and one-half percent shall be credited to the nonhighway and off-road vehicle activities program account to be administered by the board for planning, acquisition, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs. The funds under this subsection shall be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(iii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.68.045, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) shall be known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(iii) The board may waive the minimum percentage cited in (d)(ii) of this subsection due to insufficient requests for funds or projects that score low in the board's project evaluation. Funds remaining after such a waiver must be allocated in accordance with board policy.

(3) On a yearly basis an agency may not, except as provided in RCW 46.68.045, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. The legislature further finds and declares that it is a policy of the state of Washington to require commercial motor vehicles operating on state roadways to comply with rigorous federal and state safety regulations. The legislature also finds that intrastate and interstate commercial motor vehicles should comply with consistent state and federal commercial vehicle regulations." [2007 c 419 § 1.]

46.16A.025 Adjustment of vehicle registration periods to stagger renewal periods. The department may by rule extend or reduce vehicle registration periods for the purpose of staggering renewal periods. The rules shall provide for the collection of proportionately increased or decreased vehicle license fees and of excise or property taxes required to be paid at the time of registration.

It is the intent of the legislature that there shall be neither a significant net gain nor loss of revenue to the state general fund or the motor vehicle fund as the result of implementing and maintaining a staggered vehicle registration system. [2010 c 161 § 431; 1986 c 18 § 15; 1979 c 158 § 140; 1975 1st ex.s. c 118 § 2. Formerly RCW 46.16.225.]

Legislative intent—1989 c 192: "The legislature recognizes that there are residents of this state who intentionally register motor vehicles in other states to evade payment of taxes and fees required by the laws of this state. This results in a substantial loss of revenue to the state. It is the intent of the legislature to impose a stronger criminal penalty upon those residents who defraud the state, thereby enhancing compliance with the registration laws of this state and further enhancing enforcement and collection efforts.

In order to encourage voluntary compliance with the registration laws of this state, administrative penalties associated with failing to register a motor vehicle are waived until September 1, 1989. It is not the intent of the legislature to waive traffic infraction or criminal traffic violations imposed prior to July 23, 1989." [1989 c 192 § 1.]

(i) Under reciprocal relations with another jurisdiction, the owner would be required to register the vehicle in this state;

(ii) Not registered when registration is required under this chapter;

(iii) The license tabs have expired; or

(iv) The current gross weight license is insufficient for the load being carried. The licensed gross weight may not exceed eighty thousand pounds for a combination of vehicles or forty thousand pounds for a single unit vehicle with three or more axles.

(b) Trip permits are required to move mobile homes or park model trailers and may only be issued if property taxes are paid in full.

(2) Trip permits may not be:

(b) Used for commercial motor vehicles owned by a motor carrier subject to RCW 46.32.080 if the motor carrier's department of transportation number has been placed out of service by the Washington state patrol. A violation of or a failure to comply with this subsection is a gross misdemeanor, subject to a minimum monetary penalty of two thousand five hundred dollars for the first violation and five thousand dollars for each subsequent violation.

(3)(a) Each trip permit authorizes the operation of a single vehicle at the maximum legal weight limit for the vehicle for a period of three consecutive days beginning with the day of first use. No more than three trip permits may be used for any one vehicle in any thirty consecutive day period. No more than two trip permits may be used for any one recreational vehicle, as defined in RCW 43.22.335, in a one-year period. Every trip permit must:

(i) Identify the vehicle for which it is issued;

(ii) Be completed in its entirety;

(iii) Be signed by the operator before operation of the vehicle on the public highways of this state;

(iv) Not be altered or corrected. Altering or correcting data on the trip permit invalidates the trip permit; and

(v) Be displayed on the vehicle for which it is issued as required by the department.

(b) Vehicles operating under the authority of trip permits are subject to all laws, rules, and regulations affecting the operation of similar vehicles in this state.

(4) Prorate operators operating commercial vehicles on trip permits in Washington shall retain the customer copy of each permit for four years.

(5) Trip permits may be obtained from field offices of the department of transportation, department of licensing, county auditors or other agents, and subagents appointed by

the department for the fee provided in RCW 46.17.400(1)(h). Exchanges, credits, or refunds may not be given for trip permits after they have been purchased.

(6) Except as provided in subsection (2)(b) of this section, a violation of or a failure to comply with this section is a gross misdemeanor.

(a) The declared gross weight must be increased to the end of the current registration year when the declared gross weight remains at 12,000 pounds or less.

(b) For motor vehicles increasing to a declared gross weight of 14,000 pounds or more, the declared gross weight must be increased, at a minimum, to the expiration of the current declared gross weight license.

(c) The new license fee is one-twelfth of the annual license fee listed in RCW 46.17.355 for each of the number of months remaining in the registration period. The department shall:

(i) Apply credit to any gross weight license fees already paid for the full months remaining in the registration period;

(ii) Charge the monthly declared gross weight license fee required under RCW 46.17.360, in addition to any other fees or taxes due; and

(iii) Not apply credit to monthly declared gross weight license fees already used.

(d) (c) of this subsection does not apply to motor vehicles described in (a) of this subsection.

(e) Upon surrender of the current registration certificate or cab card, credit must be applied as described in (c) of this subsection.

(5) **Monthly license—Authorized.** The annual license fees required in RCW 46.17.355 for any motor vehicle or combination of vehicles having a declared gross weight of twelve thousand one pounds or more may be paid for any full registration month or months at one-twelfth of the annual license fee plus the monthly declared gross weight license fee required in RCW 46.17.360. This sum must be multiplied by the number of full months for which the fees are paid if for less than a full year.

(6) **Monthly license—Penalty.** Operation of a vehicle registered under subsection (5) of this section by any person upon the public highways after the expiration of the monthly license is a traffic infraction. The person shall pay a license fee for the vehicle involved covering an entire registration year's operation, less the fees for any registration month or months of the registration year already paid. If, within five days, a license fee for a full registration year has not been paid as required, the Washington state patrol, county sheriff, or city police shall impound the vehicle until the fees have been paid.

(7) **Camper, school bus—Exemptions.** (a) The weight of a camper must not be included when determining declared gross weight.

(b) Motor vehicles used for the transportation of school children or teachers to and from school and other school activities are exempt from subsection (1) of this section and the seating capacity fee provided in RCW 46.17.340. If the motor vehicle is used for any other purpose, it must be appropriately registered as required under this chapter.

(8) **Credit for unused license fee.** A registered owner of a motor vehicle with a declared gross weight of more than twelve thousand pounds may obtain credit for the unused portion of the license fee paid or transfer the credit to a new owner under the following conditions:

(a) The motor vehicle must have been recently sold or transferred to another owner, is no longer in the possession of the owner, or is reported destroyed under RCW 46.12.600;

(b) The available credit must be fifteen dollars or more;

(c) Credit will be given for any unused months of the declared gross weight license already purchased at the rate of one-twelfth for each full or partial month of registration;

(d) Credit only applies to license fees due under RCW 46.17.355 for the registration year for which it was purchased;

(e) Credit as used in this section may not be refunded. [2011 c 171 § 50; 2010 c 161 § 419; 2005 c 314 § 204. Prior: 2003 c 361 § 201; 2003 c 1 § 3 (Initiative Measure No. 776, approved November 5, 2002); 1994 c 262 § 8; 1993 sp.s. c 23 § 60; prior: 1993 c 123 § 5; 1993 c 102 § 1; 1990 c 42 § 105;

Findings—Part headings not law—Severability—2003 c 361: See notes following RCW 82.36.025.

Policies and purposes—2003 c 1 (Initiative Measure No. 776): "This measure would require license tab fees to be \$30 per year for motor vehicles and light trucks and would repeal certain government-imposed charges, including excise taxes and fees, levied on motor vehicles. Politicians promised "\$30 license tabs are here to stay" and promised any increases in vehicle-related taxes, fees and surcharges would be put to a public vote. Politicians should keep their promises. As long as taxpayers must pay incredibly high sales taxes when buying motor vehicles (meaning state and local governments receive huge windfalls of sales tax revenue from these transactions), the people want license tab fees to not exceed the promised \$30 per year. Without this follow-up measure, "tab creep" will continue until license tab fees are once again obscenely expensive, as they were prior to Initiative 695. The people want a public vote on any increases in vehicle-related taxes, fees and surcharges to ensure increased accountability. Voters will require more cost-effective use of existing revenues and fundamental reforms before approving higher charges on motor vehicles (such changes may remove the need for any increases). Also, dramatic changes to transportation plans and programs previously presented to voters must be resubmitted. This measure provides a strong directive to all taxing districts to obtain voter approval before imposing taxes, fees and surcharges on motor vehicles. However, if the legislature ignores this clear message, a referendum will be filed to protect the voters' rights. Politicians should just do the right thing and keep their promises." [2003 c 1 § 1 (Initiative Measure No. 776, approved November 5, 2002).]

Intent—2003 c 1 (Initiative Measure No. 776): "The people have made clear through the passage of numerous initiatives and referenda that taxes need to be reasonable and tax increases should always be a last resort. However, politicians throughout the state of Washington continue to ignore these repeated mandates.

The people expect politicians to keep their promises. The legislative intent of this measure is to ensure that they do.

Politicians are reminded:

(1) Washington voters want license tab fees to be \$30 per year for motor vehicles unless voters authorize higher vehicle-related charges at an election.

(2) All political power is vested in the people, as stated in Article I, section 1 of the Washington state Constitution.

(3) The first power reserved by the people is the initiative, as stated in Article II, section 1 of the Washington state Constitution.

(4) When voters approve initiatives, politicians have a moral, ethical, and constitutional obligation to fully implement them. When politicians ignore this obligation, they corrupt the term "public servant."

(5) Any attempt to violate the clear intent and spirit of this measure undermines the trust of the people in their government and will increase the likelihood of future tax limitation measures." [2003 c 1 § 11 (Initiative Measure No. 776, approved November 5, 2002).]

GENERAL PROVISIONS

46.18.005 Intent. The legislature has seen an increase in the demand from constituent groups seeking recognition and funding through the establishment of commemorative or special license plates. The high cost of implementing a new special license plate series coupled with the uncertainty of the state's ability to recoup its costs has led the legislature to delay the implementation of new special license plates. In order to address these issues, it is the intent of the legislature to create a mechanism that will allow for the evaluation of special license plate requests and establish a funding policy that will alleviate the financial burden currently placed on the state. Using these two strategies, the legislature will be better equipped to efficiently process special license plate legislation. [2010 c 161 § 601; 2003 c 196 § 1. Formerly RCW 46.16.700.]

Reviser's note: 2010 c 161 § 1226 directed that RCW 46.16.700 be recodified under the subchapter heading "review board" under chapter 46.18 RCW. However, recodification under the subchapter heading "general provisions" appears to be more appropriate.

Finding—1997 c 291: "The legislature finds that the proliferation of special license plate series has decreased the ready identification of vehicles by law enforcement, and increased the amount of computer programming conducted by the department of licensing, thereby increasing costs. Furthermore, rarely has the actual demand for special license plates met the requesters' projections. Most importantly, special plates detract from the primary purpose of license plates, that of vehicle identification." [1997 c 291 § 1.]

Purpose—Construction—1965 ex.s. c 121: "With the advent of greatly increased interstate vehicular travel and the migration of motorists between the states, the legislature recognizes the necessity of enacting driver licensing laws which are reasonably uniform with the laws of other states and are at the same time based upon sound, realistic principles, stated in clear explicit language. To achieve these ends the legislature does hereby adopt this 1965 amendatory act relating to driver licensing modeled after the Uniform Vehicle Code subject to such variances as are deemed better suited to the people of this state. It is intended that this 1965 amendatory act be liberally construed to effectuate the purpose of improving the safety of our high-

ways through driver licensing procedures within the framework of the traditional freedoms to which every motorist is entitled." [1965 ex.s. c 121 § 1.]

46.20.037 Facial recognition matching system. (1) The department may implement a facial recognition match-

(2014 Ed.)

ing system for drivers' licenses, permits, and identicards. Any facial recognition matching system selected by the department must be used only to verify the identity of an applicant for or holder of a driver's license, permit, or identicard to determine whether the person has been issued a driver's license, permit, or identicard under a different name or names.

(2) Any facial recognition matching system selected by the department must be capable of highly accurate matching, and must be compliant with appropriate standards established by the American association of motor vehicle administrators that exist on June 7, 2012, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(3) The department shall post notices in conspicuous locations at all department driver licensing offices, make written information available to all applicants at department driver licensing offices, and provide information on the department's web site regarding the facial recognition matching system. The notices, written information, and information on the web site must address how the facial recognition matching system works, all ways in which the department may use results from the facial recognition matching system, how an investigation based on results from the facial recognition matching system would be conducted, and a person's right to appeal any determinations made under this chapter.

(4) Results from the facial recognition matching system:

(a) Are not available for public inspection and copying under chapter 42.56 RCW;

(b) May only be disclosed when authorized by a court order;

(c) May only be disclosed to a federal government agency if specifically required under federal law; and

(d) May only be disclosed by the department to a government agency, including a court or law enforcement agency, for use in carrying out its functions if the department has determined that person has committed one of the prohibited practices listed in RCW 46.20.0921 and this determination has been confirmed by a hearings examiner under this chapter or the person declined a hearing or did not attend a scheduled hearing.

(5) All personally identifying information derived from the facial recognition matching system must be stored with appropriate security safeguards. The office of the chief information officer shall develop the appropriate security standards for the department's use of the facial recognition matching system, subject to approval and oversight by the technology services board.

(6) The department shall develop procedures to handle instances in which the facial recognition matching system fails to verify the identity of an applicant for a renewal or duplicate driver's license, permit, or identicard. These procedures must allow an applicant to prove identity without using the facial recognition matching system. [2012 c 80 § 1; 2006 c 292 § 1; 2004 c 273 § 3.]

Finding—Purpose—Effective date—2004 c 273: See notes following RCW 9.35.020.

(1) If the department has reason to believe that a person is suffering from a physical or mental disability or disease that may affect that person's ability to drive a motor vehicle, the department must evaluate whether the person is able to safely drive a motor vehicle. As part of the evaluation:

(a) The department shall permit the person to demonstrate personally that notwithstanding the disability or disease he or she is able to safely drive a motor vehicle.

(b) The department may require the person to obtain a statement signed by a licensed physician or other proper authority designated by the department certifying the person's condition.

(i) The statement is for the confidential use of the director and the chief of the Washington state patrol and for other public officials designated by law. It is exempt from public inspection and copying notwithstanding chapter 42.56 RCW.

(ii) The statement may not be offered as evidence in any court except when appeal is taken from the order of the director canceling or withholding a person's driving privilege. However, the department may make the statement available to the director of the department of retirement systems for use in determining eligibility for or continuance of disability benefits and it may be offered and admitted as evidence in any administrative proceeding or court action concerning the disability benefits.

(2) On the basis of the evaluation the department may:

(a) Issue or renew a driver's license to the person without restrictions;

(b) Cancel or withhold the driving privilege from the person; or

(i) Special mechanical control devices on the motor vehicle operated by the licensee;

(ii) Limitations on the type of motor vehicle that the licensee may operate; or

(iii) Other restrictions determined by the department to be appropriate to assure the licensee's safe operation of a motor vehicle.

(3) The department may either issue a special restricted license or may set forth the restrictions upon the usual license form.

(4) The department may suspend or revoke a restricted license upon receiving satisfactory evidence of any violation of the restrictions. In that event the licensee is entitled to a driver improvement interview and a hearing as provided by RCW 46.20.322 or 46.20.328.

(5) Operating a motor vehicle in violation of the restrictions imposed in a restricted license is a traffic infraction. [2005 c 274 § 306; 1999 c 274 § 12; 1999 c 6 § 9; 1986 c 176 § 1; 1979 ex.s. c 136 § 54; 1979 c 61 § 2; 1965 ex.s. c 121 § 5.]

(2) The department may make the file available to official governmental enforcement agencies to assist in the investigation by the agencies of suspected criminal activity or for the purposes of verifying identity when a law enforcement officer is authorized by law to request identification from an individual.

(3) The department shall make the file available to the office of the secretary of state, at the expense of the secretary of state, to assist in maintenance of the statewide voter registration database.

(4) The department may also provide a print to the driver's next of kin in the event the driver is deceased. [2009 c 366 § 1. Prior: 2005 c 274 § 307; 2005 c 246 § 23; 1990 c 250 § 37; 1981 c 22 § 1; 1979 c 158 § 149; 1969 ex.s. c 155 § 5.]

Purpose—1969 ex.s. c 155: "The identification of the injured or the seriously ill is often difficult. The need for an identification file to facilitate use by proper law enforcement officers has hampered law enforcement. Personal identification for criminal, personal and commercial reasons is becoming most important at a time when it is increasingly difficult to accomplish. The legislature finds that the public health and welfare requires a standard and readily recognizable means of identification of each person living within the state. The legislature further finds that the need for an identification file by law enforcement agencies must be met. The use of photographic drivers' licenses will greatly aid the problem, but some means of identification must be provided for persons who do not possess a driver's license. The purpose of this 1969 amendatory act is to provide for the positive identification of persons, both through an expanded use of drivers' licenses and also through issue of personal identification cards for nondrivers." 46.20.120 Examinations—Waiver—Fees—Renewals—Administration. An applicant for a new or renewed driver's license must successfully pass a driver licensing examination to qualify for a driver's license. The department must ensure that examinations are given at places and times reasonably available to the people of this state. If the department does not administer driver licensing examinations as a routine part of its licensing services within a department region because adequate testing sites are provided by driver training schools or school districts within that region, the department shall, at a minimum, administer driver licensing examinations by appointment to applicants eighteen years of age and older in at least one licensing office within that region.

(1) **Waiver.** The department may waive:

(a) All or any part of the examination of any person applying for the renewal of a driver's license unless the department determines that the applicant is not qualified to hold a driver's license under this title; or

(b) All or any part of the examination involving operating a motor vehicle if the applicant:

(i) Surrenders a valid driver's license issued by the person's previous home state; or

(ii) Provides for verification a valid driver's license issued by a foreign driver licensing jurisdiction with which the department has an informal agreement under RCW 46.20.125; and

(iii) Is otherwise qualified to be licensed.

(2) **Fee.** Each applicant for a new license must pay an examination fee of thirty-five dollars.

(a) The examination fee is in addition to the fee charged for issuance of the license.

(b) "New license" means a license issued to a driver:

(i) Who has not been previously licensed in this state; or

(ii) Whose last previous Washington license has been expired for more than six years.

(3) An application for driver's license renewal may be submitted by means of:

(a) Personal appearance before the department; or

(b) Mail or electronic commerce, if permitted by rule of the department and if the applicant did not renew his or her license by mail or by electronic commerce when it last expired.

(4) A person whose license expired or will expire while he or she is living outside the state, may:

(a) Apply to the department to extend the validity of his or her license for no more than twelve months. If the person establishes to the department's satisfaction that he or she is unable to return to Washington before the date his or her license expires, the department shall extend the person's license. The department may grant consecutive extensions, but in no event may the cumulative total of extensions exceed twelve months. An extension granted under this section does not change the expiration date of the license for purposes of RCW 46.20.181. The department shall charge a fee of five dollars for each license extension;

(b) Apply to the department to renew his or her license by mail or, if permitted by rule of the department, by electronic commerce even if subsection (3)(b) of this section would not otherwise allow renewal by that means. If the person establishes to the department's satisfaction that he or she is unable to return to Washington within twelve months of the date that his or her license expires, the department shall renew the person's license by mail or, if permitted by rule of the department, by electronic commerce.

(5) If a qualified person submits an application for renewal under subsection (3)(b) or (4)(b) of this section, he or she is not required to pass an examination nor provide an updated photograph. A license renewed by mail or by electronic commerce that does not include a photograph of the licensee must be labeled "not valid for identification purposes."

(6) Driver training schools licensed by the department under chapter 46.82 RCW may administer the portions of the driver licensing examination that test the applicant's knowl-

edge of traffic laws and ability to safely operate a motor vehicle.

(7) School districts that offer a traffic safety education program under chapter 28A.220 RCW may administer the portions of the driver licensing examination that test the applicant's knowledge of traffic laws and ability to safely operate a motor vehicle. 46.20.125 Waiver—Agreement with other jurisdictions. (1) The department may enter into an informal agreement with one or more other licensing jurisdictions to waive the requirement for the examination involving operating a motor vehicle by licensed drivers, age eighteen years or older, from that jurisdiction.

(2) The department may only enter into an agreement with a jurisdiction if:

(a) The jurisdiction has procedures in place to verify the validity of the drivers' licenses it issues; and

(b) The jurisdiction has agreed to waive all or any part of the driver's license examination requirements for Washington licensed drivers applying for a driver's license in that jurisdiction. [2005 c 61 § 3.]

Intent—2005 c 61: "The legislature recognizes the importance of global markets to our state and national economy. As a leader among states in international commerce, Washington houses many multinational corporations. Competition among states for foreign businesses and personnel is fierce and it is necessary to Washington's future economic viability to eliminate a significant regulatory barrier to efficient personnel exchange, resulting in a more attractive business climate in Washington. The legislature recognizes that more than twenty other states have entered into informal reciprocal agreements with other nations to waive driver's license testing requirements in order to ease the transition of personnel to and from those states. By removing an unnecessary barrier to efficient personnel mobility it is the intent of the legislature to strengthen and diversify Washington's economy." [2005 c 61 § 1.]

46.20.126 Rules. The department may make rules to carry out the purposes of RCW 46.20.120 and 46.20.125. [2005 c 61 § 4.]

46.20.130 Content and conduct of examinations. (1) The director shall prescribe the content of the driver licensing examination and the manner of conducting the examination, which shall include but is not limited to:

(a) A test of the applicant's eyesight and ability to see, understand, and follow highway signs regulating, warning, and directing traffic;

(b) A test of the applicant's knowledge of traffic laws and ability to understand and follow the directives of lawful authority, orally or graphically, that regulate, warn, and direct traffic in accordance with the traffic laws of this state;

(c) An actual demonstration of the applicant's ability to operate a motor vehicle without jeopardizing the safety of persons or property. If the applicant is deaf or hearing impaired, the applicant may be accompanied by an interpreter to assist the applicant during the demonstration. The interpreter will be of the applicant's choosing from a list provided by the department of licensing; and

(d) Such further examination as the director deems necessary:

(i) To determine whether any facts exist that would bar the issuance of a vehicle operator's license under chapters 46.20, 46.21, and 46.29 RCW; and

(ii) To determine the applicant's fitness to operate a motor vehicle safely on the highways.

(2) If the applicant desires to drive a motorcycle or a motor-driven cycle he or she must qualify for a motorcycle endorsement under RCW 46.20.500 through 46.20.515. Supp. 1943 § 6312-57.]

Collective bargaining rights not affected—2006 c 190: "This act does not affect the right of state employees to collectively bargain wages, hours, and other terms and conditions of employment under chapter 41.80 RCW." [2006 c 190 § 2.]

46.20.153 Voter registration—Posting signs. The department shall post signs at each driver licensing facility advertising the availability of voter registration services and advising of the qualifications to register to vote. [2001 c 41 § 15.]

46.20.155 Voter registration, update—Services. (1) Before issuing an original license or identicard or renewing a license or identicard under this chapter, the licensing agent shall determine if the applicant wants to register to vote or update his or her voter registration by asking the following question:

"Do you want to register to vote or update your voter registration?"

If the applicant chooses to register or update a registration, the agent shall ask the following:
