16.08.070 Dangerous dogs and related definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 16.08.070 through 16.08.100.

(1) "Potentially dangerous dog" means any dog that when unprovoked: (a) Inflicts bites on a human or a domestic animal either on public or private property, or (b) chases or approaches a person upon the streets, sidewalks, or any public grounds in a menacing fashion or apparent attitude of attack, or any dog with a known propensity, tendency, or disposition to attack unprovoked, to cause injury, or to cause injury or otherwise to threaten the safety of humans or domestic animals.

(2) "Dangerous dog" means any dog that (a) inflicts severe injury on a human being without provocation on public or private property, (b) kills a domestic animal without provocation while the dog is off the owner's property, or (c) has been previously found to be potentially dangerous because of injury inflicted on a human, the owner having received notice of such and the dog again aggressively bites, attacks, or endangers the safety of humans.

(3) "Severe injury" means any physical injury that results in broken bones or disfiguring lacerations requiring multiple sutures or cosmetic surgery.

(4) "Proper enclosure of a dangerous dog" means, while on the owner's property, a dangerous dog shall be securely confined indoors or in a securely enclosed and locked pen or structure, suitable to prevent the entry of young children and designed to prevent the animal from escaping. Such pen or structure shall have secure sides and a secure top, and shall also provide protection from the elements for the dog.

(5) "Animal control authority" means an entity acting alone or in concert with other local governmental units for enforcement of the animal control laws of the city, county, and state and the shelter and welfare of animals.

(6) "Animal control officer" means any individual employed, contracted with, or appointed by the animal control authority for the purpose of aiding in the enforcement of this chapter or any other law or ordinance relating to the licensure of animals, control of animals, or seizure and impoundment of animals, and includes any state or local law enforcement officer or other employee whose duties in whole

16.08.080 Dangerous dogs—Notice to owners—Right of appeal—Certificate of registration required—Surety bond—Liability insurance—Restrictions. (1) Any city or county that has a notification and appeal procedure with regard to determining a dog within its jurisdiction to be dangerous may continue to utilize or amend its procedure. A city or county animal control authority that does not have a notification and appeal procedure in place as of June 13, 2002, and seeks to declare a dog within its jurisdiction, as defined in subsection (7) of this section, to be dangerous must serve notice upon the dog owner in person or by regular and certified mail, return receipt requested.

(2) The notice must state: The statutory basis for the proposed action; the reasons the authority considers the animal dangerous; a statement that the dog is subject to registration and controls required by this chapter, including a recitation of the controls in subsection (6) of this section; and an explanation of the owner's rights and of the proper procedure for appealing a decision finding the dog dangerous.

(3) Prior to the authority issuing its final determination, the authority shall notify the owner in writing that he or she is entitled to an opportunity to meet with the authority, at which meeting the owner may give, orally or in writing, any reasons or information as to why the dog should not be declared dangerous. The notice shall state the date, time, and location of the meeting, which must occur prior to expiration of fifteen calendar days following delivery of the notice. The owner may propose an alternative meeting date and time, but such meeting must occur within the fifteen-day time period set forth in this section. After such meeting, the authority must issue its final determination, in the form of a written order, within fifteen calendar days. In the event the authority declares a dog to be dangerous, the order shall include a recital of the authority for the action, a brief concise statement of the facts that support the determination, and the signature of the person who made the determination. The order shall be sent by regular and certified mail, return receipt requested, or delivered in person to the owner at the owner's last address known to the authority.

(4) If the local jurisdiction has provided for an administrative appeal of the final determination, the owner must follow the appeal procedure set forth by that jurisdiction. If the local jurisdiction has not provided for an administrative appeal, the owner may appeal a municipal authority's final determination that the dog is dangerous to the municipal court, and may appeal a county animal control authority's or county sheriff's final determination that the dog is dangerous to the district court. The owner must make such appeal within twenty days of receiving the final determination. While the appeal is pending, the authority may order that the dog be confined or controlled in compliance with RCW 16.08.090. If the dog is determined to be dangerous, the owner must pay all costs of confinement and control.

(5) It is unlawful for an owner to have a dangerous dog in the state without a certificate of registration issued under this section. This section and RCW 16.08.090 and 16.08.100 shall not apply to police dogs as defined in RCW 4.24.410.

(6) Unless a city or county has a more restrictive code requirement, the animal control authority of the city or county in which an owner has a dangerous dog shall issue a certificate of registration to the owner of such animal if the owner presents to the animal control unit sufficient evidence of:

(a) A proper enclosure to confine a dangerous dog and the posting of the premises with a clearly visible warning sign that there is a dangerous dog on the property. In addition, the owner shall conspicuously display a sign with a warning symbol that informs children of the presence of a dangerous dog;

(b) A surety bond issued by a surety insurer qualified under chapter 48.28 RCW in a form acceptable to the animal control authority in the sum of at least two hundred fifty thousand dollars, payable to any person injured by the dangerous dog; or

(c) A policy of liability insurance, such as homeowner's insurance, issued by an insurer qualified under Title 48 RCW in the amount of at least two hundred fifty thousand dollars, insuring the owner for any personal injuries inflicted by the dangerous dog.

(7)(a)(i) If an owner has the dangerous dog in an incorporated area that is serviced by both a city and a county animal control authority, the owner shall obtain a certificate of registration from the city authority;

(ii) If an owner has the dangerous dog in an incorporated or unincorporated area served only by a county animal control authority, the owner shall obtain a certificate of registration from the county authority;

(iii) If an owner has the dangerous dog in an incorporated or unincorporated area that is not served by an animal control authority, the owner shall obtain a certificate of registration from the office of the local sheriff.

(b) This subsection does not apply if a city or county does not allow dangerous dogs within its jurisdiction.

(8) Cities and counties may charge an annual fee, in addition to regular dog licensing fees, to register dangerous dogs.

(9) Nothing in this section limits a local authority in placing additional restrictions upon owners of dangerous dogs. This section does not require a local authority to allow a dangerous dog within its jurisdiction. [2002 c 244 § 2; 1989 c 26 § 3; 1987 c 94 § 2.]

Additional notes found at www.leg.wa.gov

16.08.090 Dangerous dogs—Requirements for restraint—Potentially dangerous dogs—Dogs not declared dangerous. (1) It is unlawful for an owner of a dangerous dog to permit the dog to be outside the proper enclosure unless the dog is muzzled and restrained by a substantial chain or leash and under physical restraint of a responsible person. The muzzle shall be made in a manner that will not cause injury to the dog or interfere with its vision or respiration but shall prevent it from biting any person or animal.

(2) Potentially dangerous dogs shall be regulated only by local, municipal, and county ordinances. Nothing in this section limits restrictions local jurisdictions may place on owners of potentially dangerous dogs.

(3) Dogs shall not be declared dangerous if the threat, injury, or damage was sustained by a person who, at the time, was committing a wilful trespass or other tort upon the premises occupied by the owner of the dog, or was tormenting, abusing, or assaulting the dog or has, in the past, been observed or reported to have tormented, abused, or assaulted the dog or was committing or attempting to commit a crime. [1987 c 94 § 3.]

Additional notes found at www.leg.wa.gov

16.08.100 Dangerous dogs—Confiscation—Conditions—Duties of animal control authority—Penalties and affirmative defenses for owners of dogs that attack—Dog fights, penalty. (1) Any dangerous dog shall be immediately confiscated by an animal control authority if the: (a) Dog is not validly registered under RCW 16.08.080; (b) owner does not secure the liability insurance coverage required under RCW 16.08.080; (c) dog is not maintained in the proper enclosure; or (d) dog is outside of the dwelling of the owner, or outside of the proper enclosure and not under physical restraint of the responsible person. The owner must pay the costs of confinement and control. The animal control authority must serve notice upon the dog owner in person or by regular and certified mail, return receipt requested, specifying the reason for the confiscation of the dangerous dog, that the owner is responsible for payment of the costs of confinement and control, and that the dog will be destroyed in an expeditious and humane manner if the deficiencies for which the dog was confiscated are not corrected within twenty days. The animal control authority shall destroy the confiscated dangerous dog in an expeditious and humane manner if any deficiencies required by this subsection are not corrected within twenty days of notification. In addition, the owner shall be guilty of a gross misdemeanor punishable in accordance with RCW 9A.20.021.

(2) If a dangerous dog of an owner with a prior conviction under this chapter attacks or bites a person or another domestic animal, the dog's owner is guilty of a class C felony, punishable in accordance with RCW 9A.20.021. It is an affirmative defense that the defendant must prove by a preponderance of the evidence that he or she was in compliance with the requirements for ownership of a dangerous dog pursuant to this chapter and the person or domestic animal attacked or bitten by the defendant's dog trespassed on the defendant's real or personal property or provoked the defendant's dog without justification or excuse. In addition, the dangerous dog shall be immediately confiscated by an animal control authority, placed in quarantine for the proper length of time, and thereafter destroyed in an expeditious and humane manner.

(3) The owner of any dog that aggressively attacks and causes severe injury or death of any human, whether or not the dog has previously been declared potentially dangerous or dangerous, shall, upon conviction, be guilty of a class C felony punishable in accordance with RCW 9A.20.021. It is an affirmative defense that the defendant must prove by a preponderance of the evidence that the human severely

(2016 Ed.)

injured or killed by the defendant's dog: (a) Trespassed on the defendant's real or personal property which was enclosed by fencing suitable to prevent the entry of young children and designed to prevent the dog from escaping and marked with clearly visible signs warning people, including children, not to trespass and to beware of dog; or (b) provoked the defendant's dog without justification or excuse on the defendant's real or personal property which was enclosed by fencing suitable to prevent the entry of young children and designed to prevent the dog from escaping and marked with clearly visible signs warning people, including children, not to trespass and to beware of dog. In such a prosecution, the state has the burden of showing that the owner of the dog either knew or should have known that the dog was potentially dangerous as defined in this chapter. The state may not meet its burden of proof that the owner should have known the dog was potentially dangerous solely by showing the dog to be a particular breed or breeds. In addition, the dog shall be immediately confiscated by an animal control authority, quarantined, and upon conviction of the owner destroyed in an expeditious and humane manner.

(4) Any person entering a dog in a dog fight is guilty of a class C felony punishable in accordance with RCW 9A.20.021. [2002 c 244 § 3; 1987 c 94 § 4.]

DOGS—LICENSING—DOG CONTROL ZONES

Sections

16.10.010	Purpose.
16.10.020	Dog control zones—Determination of need by county commissioners.
16.10.030	Dog control zones—Public hearing, publication of notice.
16.10.040	Dog control zones—Regulations—License fees, collection, disposition.

Pet animals—Taking, concealing, injuring, killing, etc.—Penalty: RCW 9.08.070.

16.10.010 Purpose. The purpose of this chapter is to provide for the licensing of dogs within specific areas of particular counties. [1969 c 72 § 1.]

16.10.020 Dog control zones—Determination of need by county commissioners. County commissioners may, if the situation so requires, establish dog control zones within high density population districts, or other specified areas, of a county outside the corporate limits of any city, and outside the corporate limits of any organized township. For such zones, licensing regulations may be established which shall not necessarily be operative in sparsely settled rural districts, or in other portions of the county where they may not be needed. In determining the need for such zones, and in drawing their boundaries, county commissioners shall take into consideration the following factors:

- (1) The density of population in the area proposed to be zoned;
- (2) Zoning regulations, if any, in force in the area proposed to be zoned;
- (3) The public health, safety and welfare within the area proposed to be zoned.

If the commissioners shall find that the area proposed to be zoned is heavily populated, or that the purposes for which the land is being used therein require that dogs be controlled, or that the health, safety, and welfare of the people in the area require such control, they may propose the establishment of a dog control zone. [1969 c 72 § 2.]

16.10.030 Dog control zones—Public hearing, publication of notice. affected with or have been exposed to disease or when there is reasonable cause to investigate whether any animal or its reproductive products are affected with or have been exposed to disease, either within or outside the state. Overt disease or exposure to disease in any animal or its reproductive products need not be immediately obvious for a quarantine order to be issued or enforced. The quarantine shall remain in effect as long as the director deems necessary.

(3) The director may issue a hold order when:

(a) Overt disease or exposure to disease in an animal is not immediately obvious but there is reasonable cause to investigate whether an animal is diseased or has been exposed to disease;

Finding—Intent—1994 c 261: "The legislature finds there is a need to modernize the law on animal cruelty to more appropriately address the nature of the offense. It is not the intent of this act to remove or decrease any of the exemptions from the statutes on animal cruelty that now apply to customary animal husbandry practices, state game or fish laws, rodeos, fairs under chapter 15.76 RCW, or medical research otherwise authorized under federal or state law. It is the intent of this act to require the enforcement of chapter 16.52 RCW by persons who are accountable to elected officials at the local and state level." [1994 c 261 § 1.]

The legislative authority in each county may grant exclusive authority to exercise the privileges and authority granted by this section to one or more qualified corporations for a period of up to three years based upon ability to fulfill the purposes of this chapter. [1994 c 261 § 4; 1973 1st ex.s. c 125 § 1; 1901 c 146 § 1; RRS § 3184.]

To obtain judicial authorization, an appointee seeking judicial authorization on or after June 9, 1994, shall provide evidence satisfactory to the judge that the appointee has successfully completed training which has prepared the appointee to assume the powers granted to animal control officers pursuant to RCW 16.52.015. The trustees shall review appointments every three years and may revoke an appointment at any time by filing a certified revocation with the superior court that approved the appointment. Authorizations shall not exceed three years or trustee termination, whichever occurs first. To qualify for reappointment when a term expires on or after June 9, 1994, the officer shall obtain training or satisfy the court that the officer has sufficient experience to exercise the powers granted to animal control officers pursuant to RCW 16.52.015. [1982 c 114 § 5; 1974 ex.s. c 12 § 1; 1901 c 146 § 5; RRS § 3188. Prior: 1893 c 27 § 2, part; Code 1881 § 930, part.]

Cruelty to stock in transit: RCW 81.48.070.

16.52.085 Removal of animals for feeding and care—Examination—Notice—Euthanasia. (1) If a law enforcement officer or animal control officer has probable cause to believe that an owner of a domestic animal has violated this chapter or a person owns, cares for, or resides with an animal in violation of an order issued under RCW 16.52.200(4) and no responsible person can be found to assume the animal's care, the officer may authorize, with a warrant, the removal of the animal to a suitable place for feeding and care, or may place the animal under the custody of an animal care and control agency. In determining what is a suitable place, the officer shall consider the animal's needs, including its size and behavioral characteristics. An officer may remove an animal under this subsection without a warrant only if the animal is in an immediate life-threatening condition.

(2) If a law enforcement officer or an animal control officer has probable cause to believe a violation of this chapter has occurred, the officer may authorize an examination of a domestic animal allegedly neglected or abused in violation of this chapter by a veterinarian to determine whether the level of neglect or abuse in violation of this chapter is sufficient to require removal of the animal. This section does not condone illegal entry onto private property.

(3) Any owner whose domestic animal is removed pursuant to this chapter shall be given written notice of the circumstances of the removal and notice of legal remedies available to the owner. The notice shall be given by posting at the place of seizure, by delivery to a person residing at the place of seizure, or by registered mail if the owner is known. In making the decision to remove an animal pursuant to this chapter, the officer shall make a good faith effort to contact the animal's owner before removal.

(4) The agency having custody of the animal may euthanize the animal or may find a responsible person to adopt the animal not less than fifteen business days after the animal is taken into custody. A custodial agency may euthanize severely injured, diseased, or suffering animals at any time. An owner may prevent the animal's destruction or adoption by: (a) Petitioning the district court of the county where the animal was seized for the animal's immediate return subject to court-imposed conditions, or (b) posting a bond or security in an amount sufficient to provide for the animal's care for a minimum of thirty days from the seizure date. If the custodial agency still has custody of the animal when the bond or security expires, the animal shall become the agency's property unless the court orders an alternative disposition. If a court order prevents the agency from assuming ownership and the agency continues to care for the animal, the court shall order the owner to post or renew a bond or security for the agency's continuing costs for the animal's care. When a court has pro-

hibited the owner from owning, caring for, or residing with a similar animal under RCW 16.52.200(4), the agency having custody of the animal may assume ownership upon seizure and the owner may not prevent the animal's destruction or adoption by petitioning the court or posting a bond.

(5) If no criminal case is filed within fourteen business days of the animal's removal, the owner may petition the district court of the county where the animal was removed for the animal's return. The petition shall be filed with the court. Copies of the petition must be served on the law enforcement or animal care and control agency responsible for removing the animal and to the prosecuting attorney. If the court grants the petition, the agency which seized the animal must surrender the animal to the owner at no cost to the owner. If a criminal action is filed after the petition is filed but before the hearing on the petition, then the petition shall be joined with the criminal matter.

(6) In a motion or petition for the animal's return before a trial, the burden is on the owner to prove by a preponderance of the evidence that the animal will not suffer future neglect or abuse and is not in need of being restored to health.

(7) Any authorized person treating or attempting to restore an animal to health under this chapter shall not be civilly or criminally liable for such action. [2016 c 181 § 1; 2011 c 172 § 3; 2009 c 287 § 2; 1994 c 261 § 6; 1987 c 335 § 1; 1974 ex.s. c 12 § 2.]

The person shall not be liable to action for the entry, and may collect from the animal's owner the reasonable cost of the food and water. The animal shall be subject to

attachment for the costs and shall not be exempt from levy and sale upon execution issued upon a judgment. If an investigating officer finds it extremely difficult to supply confined animals with food and water, the officer may remove the animals to protective custody for that purpose. 16.52.220 Transfers of mammals for research—Certification requirements—Pet animals. (1) All transfers of mammals, other than rats and mice bred for use in research and livestock, to research institutions in this state, whether by sale or otherwise, shall conform with federal laws and, except as to those animals obtained from a source outside the United

States, shall be accompanied by one of the following written certifications, dated and signed under penalty of perjury:

(a) Breeder certification: A written statement certifying that the person signing the certification is a United States department of agriculture-licensed class A dealer whose business license in the state of Washington includes only those animals that the dealer breeds and raises as a closed or stable colony and those animals that the dealer acquires for the sole purpose of maintaining or enhancing the dealer's breeding colony, that the animal being sold is one of those animals, and that the person signing the certification is authorized to do so. The certification shall also include an identifying number for the dealer, such as a business license number.

(b) True owner certification: A written statement certifying that the animal being transferred is owned by the person signing the certification, and that the person signing the certification either (i) has no personal knowledge or reason to believe that the animal is a pet animal, or (ii) consents to having the animal used for research at a research institution. The certification shall also state the date that the owner obtained the animal, and the person or other source from whom it was obtained. The certification shall also include an identifying number for the person signing the certification, such as a drivers' license number or business license number. The certifications signed by or on behalf of a humane society, animal control agency, or animal shelter need not contain a statement that the society, agency, or shelter owns the animal, but shall state that the animal has been in the possession of the society, agency, or shelter for the minimum period required by law that entitles it to legally dispose of the animal.

(2) In addition to the foregoing certification, all research institutions in this state shall open at the time a dog or cat is transferred to it a file that contains the following information for each dog or cat transferred to the institution:

(a) All information required by federal law;

(b) The certification required by this section; and

(c) A brief description of the dog or cat (e.g. breed, color, sex, any identifying characteristics), and a photograph of the dog or cat.

The brief description may be contained in the written certification.

These files shall be maintained and open for public inspection for a period of at least two years from the date of acquisition of the animal.

(3) All research institutions in this state shall, within one hundred eighty days of May 12, 1989, adopt and operate under written policies governing the acquisition of animals to be used in biomedical or product research at that institution. The written policies shall be binding on all employees, agents, or contractors of the institution. These policies must contain, at a minimum, the following provisions:

(a) Animals shall be acquired in accordance with the federal animal welfare act, public health service policy, and other applicable statutes and regulations;

(b) No research may be conducted on a pet animal without the written permission of the pet animal's owner;

(c) Any animal acquired by the institution that is determined to be a pet animal shall be returned to its legal owner, unless the institution has the owner's written permission to retain the animal; and

(d) A person at the institution shall be designated to have the responsibility for investigating any facts supporting the possibility that an animal in the institution's possession may be a pet animal, including any inquiries from citizens regarding their pets. This person shall devise and insure implementation of procedures to inform inquiring citizens of their right to prompt review of the relevant files required to be kept by the institution for animals obtained under subsection (2) of this section, and shall be responsible for facilitating the rapid return of any animal determined to be a pet animal to the legal owner who has not given the institution permission to have the animal or transferred ownership of it to the institution.

(4) For the purposes of this section, "research institution" means any facility licensed by the United States department of agriculture to use animals in biomedical or product research. [1989 c 359 § 3.]

The transport or acceptance of each nonambulatory livestock animal is considered a separate and distinct violation.

(2) Nonambulatory livestock must be humanely euthanized before transport to, from, or between locations listed in subsection (1) of this section.

(3) Livestock that was ambulatory prior to transport to a feedlot and becomes nonambulatory because of an injury sustained during transport may be unloaded and placed in a separate pen for rehabilitation at the feedlot.

(4) For the purposes of this section, "nonambulatory livestock" means cattle, sheep, swine, goats, horses, mules, or other equine that cannot rise from a recumbent position or cannot walk, including but not limited to those with broken appendages, severed tendons or ligaments, nerve paralysis, a fractured vertebral column, or metabolic conditions. The provisions of RCW 9.08.070 through 9.08.078 and 16.52.220 are cumulative and nonexclusive and shall not affect any other remedy. [2003 c 53 § 114; 1989 c 359 § 5.]

16.52.310 Dog breeding—Limit on the number of dogs—Required conditions—Penalty—Limitation of section—Definitions.

(1) A person may not own, possess, control, or otherwise have charge or custody of more than fifty dogs with intact sexual organs over the age of six months at any time.

(2) Any person who owns, possesses, controls, or otherwise has charge or custody of more than ten dogs with intact sexual organs over the age of six months and keeps the dogs in an enclosure for the majority of the day must at a minimum:

(a) Provide space to allow each dog to turn about freely, to stand, sit, and lie down. The dog must be able to lie down while fully extended without the dog's head, tail, legs, face, or feet touching any side of an enclosure and without touching any other dog in the enclosure when all dogs are lying down simultaneously. The interior height of the enclosure must be at least six inches higher than the head of the tallest dog in the enclosure when it is in a normal standing position. Each enclosure must be at least three times the length and width of the longest dog in the enclosure, from tip of nose to base of tail and shoulder blade to shoulder blade.

(b) Provide each dog that is over the age of four months with a minimum of one exercise period during each day for a total of not less than one hour of exercise during such day. Such exercise must include either leash walking or giving the dog access to an enclosure at least four times the size of the minimum allowable enclosure specified in (a) of this subsection allowing the dog free mobility for the entire exercise period, but may not include use of a cat mill, jenny mill, slat mill, or similar device, unless prescribed by a doctor of veterinary medicine. The exercise requirements in this subsection do not apply to a dog certified by a doctor of veterinary medicine as being medically precluded from exercise.

(c) Maintain adequate housing facilities and primary enclosures that meet the following requirements at a minimum:

(i) Housing facilities and primary enclosures must be kept in a sanitary condition. Housing facilities where dogs are kept must be sufficiently ventilated at all times to minimize odors, drafts, ammonia levels, and to prevent moisture condensation. Housing facilities must have a means of fire suppression, such as functioning fire extinguishers, on the prem-

ises and must have sufficient lighting to allow for observation of the dogs at any time of day or night;

(ii) Housing facilities must enable all dogs to remain dry and clean;

(iii) Housing facilities must provide shelter and protection from extreme temperatures and weather conditions that may be uncomfortable or hazardous to the dogs;

(iv) Housing facilities must provide sufficient shade to shelter all the dogs housed in the primary enclosure at one time;

(v) A primary enclosure must have floors that are constructed in a manner that protects the dogs' feet and legs from injury;

(vi) Primary enclosures must be placed no higher than forty-two inches above the floor and may not be placed over or stacked on top of another cage or primary enclosure;

(vii) Feces, hair, dirt, debris, and food waste must be removed from primary enclosures at least daily or more often if necessary to prevent accumulation and to reduce disease hazards, insects, pests, and odors; and

(viii) All dogs in the same enclosure at the same time must be compatible, as determined by observation. Animals with a vicious or aggressive disposition must never be placed in an enclosure with another animal, except for breeding purposes. Breeding females in heat may not be in the same enclosure at the same time with sexually mature males, except for breeding purposes. Breeding females and their litters may not be in the same enclosure at the same time with other adult dogs. Puppies under twelve weeks may not be in the same enclosure at the same time with other adult dogs, other than the dam or foster dam unless under immediate supervision.

(d) Provide dogs with easy and convenient access to adequate amounts of clean food and water. Food and water receptacles must be regularly cleaned and sanitized. All enclosures must contain potable water that is not frozen, is substantially free from debris, and is readily accessible to all dogs in the enclosure at all times.

(e) Provide veterinary care without delay when necessary. A dog may not be bred if a veterinarian determines that the animal is unfit for breeding purposes. Only dogs between the ages of twelve months and eight years of age may be used for breeding. Animals requiring euthanasia must be euthanized only by a licensed veterinarian.

(3) A person who violates subsection (1) or (2) of this section is guilty of a gross misdemeanor.

(4) This section does not apply to the following:

(a) A publicly operated animal control facility or animal shelter;

(b) A private, charitable not-for-profit humane society or animal adoption organization;

(c) A veterinary facility;

(d) A retail pet store;

(e) A research institution;

(f) A boarding facility; or

(g) A grooming facility.

(5) Subsection (1) of this section does not apply to a commercial dog breeder licensed, before January 1, 2010, by the United States department of agriculture pursuant to the federal animal welfare act (Title 7 U.S.C. Sec. 2131 et seq.).

(2016 Ed.)

(6) For the purposes of this section, the following definitions apply, unless the context clearly requires otherwise:

(a) "Dog" means any member of *Canis lupus familiaris*; and

(b) "Retail pet store" means a commercial establishment that engages in a for-profit business of selling at retail cats, dogs, or other animals to be kept as household pets and is regulated by the United States department of agriculture. [2009 c 286 § 2.]

Findings—2009 c 286: "The legislature finds that:

(1) Dogs are neither a commercial crop nor commodity and should not be indiscriminately or irresponsibly mass produced;

(2) Large-scale dog breeding increases the likelihood that the dogs will be denied their most basic needs including but not limited to: Sanitary living conditions, proper and timely medical care, the ability to move freely at least once per day, and adequate shelter from the elements;

(3) Without proper oversight, large-scale breeding facilities can easily fall below even the most basic standards of humane housing and husbandry;

(4) Current Washington state laws are inadequate regarding the care and husbandry of dogs in large-scale breeding facilities;

(5) No Washington state agency currently regulates large-scale breeding facilities;

(6) The United States department of agriculture does not regulate large-scale breeding facilities that sell dogs directly to the public and thus, such direct-sales breeders are currently exempt from even the minimum care and housing standards outlined in the federal animal welfare act;

(7) Documented conditions at large-scale breeding facilities include unsanitary conditions, potential for soil and groundwater contamination, the spread of zoonotic parasites and infectious diseases, and the sale of sick and dying animals to the public; and

(8) An unfair fiscal burden is placed on city, county, and state taxpayers as well as government agencies and nongovernmental organizations, which are required to care for discarded or abused and neglected dogs from large-scale breeding facilities." [2009 c 286 § 1.]

Effective date—2009 c 286: "This act takes effect January 1, 2010." [2009 c 286 § 3.]

16.52.320 Maliciously killing or causing substantial bodily harm to livestock belonging to another—Penalty.

(1) It is unlawful for a person to, with malice, kill or cause substantial bodily harm to livestock belonging to another person.

(2) A violation of this section constitutes a class C felony. [2015 c 235 § 4; 2011 c 67 § 1.]

16.52.330 Veterinarians—Animal cruelty—Liability immunity.

A veterinarian lawfully licensed in this state to practice veterinary medicine, surgery, and dentistry who reports, in good faith and in the normal course of business, a suspected incident of animal cruelty that is punishable under this chapter to the proper authorities is immune from liability in any civil or criminal action brought against such veterinarian for reporting the suspected incident. The immunity provided in this section applies only if the veterinarian receives no financial benefit from the suspected incident of animal cruelty beyond charges for services rendered prior to the veterinarian making the initial report. [2013 c 245 § 1.]

16.52.340 Leave or confine any animal in unattended motor vehicle or enclosed space—Class 2 civil infraction—Officers' authority to reasonably remove animal.

(1) It is a class 2 civil infraction under RCW 7.80.120 to leave or confine any animal unattended in a motor vehicle or enclosed space if the animal could be harmed or killed by exposure to excessive heat, cold, lack of ventilation, or lack of necessary water.

(2) To protect the health and safety of an animal, an animal control officer or law enforcement officer who reasonably believes that an animal is suffering or is likely to suffer harm from exposure to excessive heat, cold, lack of ventilation, or lack of necessary water is authorized to enter a vehicle or enclosed space to remove an animal by any means reasonable under the circumstances if no other person is present in the immediate area who has access to the vehicle or enclosed space and who will immediately remove the animal. An animal control officer, law enforcement officer, or the department or agency employing such an officer is not liable for any damage to property resulting from actions taken under this section.

(3) Nothing in this section prevents the person who has confined the animal in the vehicle or enclosed space from being convicted of separate offenses for animal cruelty under RCW 16.52.205 or 16.52.207. [2015 c 235 § 1.]

If no such humane society or pound exists within the county the person with whom the animal was abandoned may notify the sheriff of the county wherein the abandonment occurred. [2011 c 336 § 425; 1955 c 190 § 2.]

16.54.030 Duty of sheriff—Sale—Disposition of proceeds. It shall be the duty of the sheriff of such county upon being so notified, to dispose of such animal as provided by law in reference to estrays if such law is applicable to the animal abandoned, or if not so applicable then such animal shall

be sold by the sheriff at public auction. Notice of any such sale shall be given by posting a notice in three public places in the county at least ten days prior to such public sale. Proceeds of such sale shall be paid to the county treasurer for deposit in the county general fund. [1955 c 190 § 3.]

16.57.015 Livestock identification advisory committee—Rule review—Fee setting. (1) The director shall establish a livestock identification advisory committee. All other livestock transactions are subject to the provisions of RCW 16.57.160.

(c) Transactions that may be reported electronically include any sale, trade, gift, barter, or any other transaction that constitutes a change of ownership of unbranded dairy cattle.

(2) A person may not electronically report transactions involving unbranded dairy cattle under this section without first obtaining an electronic cattle transaction reporting license from the director. (4) All holders of an electronic cattle transaction reporting license must keep accurate records of all transactions involving unbranded dairy cattle and make those records available for inspection by the department upon reasonable request during normal business hours. All records of the licensed property must be retained for at least three years.

(5)(a) The director may enter the property of the holder of an electronic cattle transaction reporting license at any reasonable time to conduct examinations and inspections of cattle and any associated records for movement verification purposes.

(b) It is unlawful for any person to interfere with an examination and inspection of cattle and records performed under this subsection.

(c) If the director is denied access to a property or cattle for the purposes of this subsection, or a person fails to comply with an order of the director, the director may apply to a court of competent jurisdiction for a search warrant. To show that access is denied, the director must file with the court an affidavit or declaration containing a description of all attempts to notify and locate the owner or owner's agent and secure consent.

(6)(a) The director may deny, suspend, or revoke an electronic cattle transaction reporting license issued under this section if the director finds that an electronic cattle transaction reporting license holder:

(i) Fails to satisfy the reporting requirements as provided in this section;

(ii) Knowingly makes false or inaccurate statements;

(b) Any action taken under this subsection must be consistent with the provisions of chapter 34.05 RCW, the administrative procedure act.

(c) If an electronic cattle transaction reporting license is denied, suspended, or revoked, then the mandatory cattle inspection requirements under RCW 16.57.160 apply to any future transactions.

(7) The department must submit an annual report to the legislature, consistent with RCW 43.01.036, that documents all examinations and inspections of cattle and records of electronic cattle transaction reporting license holders performed by the department either since the department's last report or since the adoption of the electronic cattle transaction reporting system. The annual report must also include details regarding any actions the department took following the examinations and inspections. All reports required under this section must be submitted by July 31st of each year.

(8)(a) The director may adopt rules:

(i) Designating the conditions of licensure under this section and the use of the electronic cattle transaction reporting system authorized by this section;

(ii) Establishing an initial application fee and a license renewal fee applicable to the electronic cattle transaction reporting license; and

(iii) Establishing any fees that must be paid by the holder of an electronic cattle transaction reporting license for reporting cattle transactions through the electronic cattle transaction reporting system.

(b) All fees established under this section must, as closely as practicable, cover the cost of the development, maintenance, fee collection, and audit and administrative oversight of the electronic cattle transaction reporting system. [2015 c 197 § 1.]

16.67.035 Regulating beef and beef products—Existing comprehensive scheme—Laws applicable. The history, economy, culture, and the future of Washington state's agriculture involves the beef industry. In order to develop and promote beef and beef products as part of an existing comprehensive scheme to regulate those products the legislature declares:

(1) That the Washington state beef commission is created;

(2) That it is vital to the continued economic well-being of the citizens of this state and their general welfare that its beef and beef products be properly promoted by (a) enabling the beef industry to help themselves in establishing orderly, fair, sound, efficient, and unhampered marketing, grading, and standardizing of beef and beef products they produce; and (b) working to stabilize the beef industry by increasing consumption of beef and beef products within the state, the nation, and internationally;

(3) That beef producers operate within a regulatory environment that imposes burdens on them for the benefit of society and the citizens of the state and includes restrictions on marketing autonomy. Those restrictions may impair the beef producer's ability to compete in local, domestic, and foreign markets;

(4) That it is in the overriding public interest that support for the beef industry be clearly expressed, that adequate protection be given to agricultural commodities, uses, activities, and operations, and that beef and beef products be promoted individually, and as part of a comprehensive industry to:

(a) Enhance the reputation and image of Washington state's agriculture industry;

(b) Increase the sale and use of beef products in local, domestic, and foreign markets;

(c) Protect the public by educating the public in reference to the quality, care, and methods used in the production of beef and beef products, and in reference to the various cuts and grades of beef and the uses to which each should be put;

(d) Increase the knowledge of the health-giving qualities and dietetic value of beef products; and

(e) Support and engage in programs or activities that benefit the production, handling, processing, marketing, and uses of beef and beef products;

(5) That this chapter is enacted in the exercise of the police powers of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state; and

(6) That the beef industry is a highly regulated industry and that this chapter and the rules adopted under it are only
