Such programs shall include competency-based applied learning which contributes to an individual's academic knowledge, higher-order reasoning, and problem-solving skills, work attitudes, general employability skills, and the occupational-specific skills necessary for economic independence as a productive and contributing member of society. Such term also includes applied technology education.

(7) "Workforce development council" means a local workforce development board as established in P.L. 113-128 Sec. 107.

(8) "Workforce skills" means skills developed through applied learning that strengthen and reinforce an individual's academic knowledge, critical thinking, problem solving, and work ethic and, thereby, develop the employability, occupational skills, and management of home and work responsibilities necessary for economic independence. [2017 c 39 § 3; 2013 c 39 § 16. Prior: 2009 c 151 § 5; 2008 c 103 § 2; 1996 c 99 § 2; 1991 c 238 § 2.]

Findings—Intent—2008 c 103: "(1) The legislature finds that a skilled workforce is essential for employers and job seekers to compete in today's global economy. The engines of economic progress are fueled by education and training. The legislature further finds that industry skill panels are a critical and proven form of public-private partnership that harness the expertise of leaders in business, labor, and education to identify workforce development strategies for industries that drive Washington's regional economies. Industry skill panels foster innovation and enable industry leaders and public partners to be proactive, addressing changing needs for businesses quickly and strategically. Industry skill panels leverage small state investments with private sector investments to ensure that public resources are better aligned with industry needs.

(2) The legislature further finds that industry skill panels support other valuable initiatives such as the department of community, trade, and economic development's cluster-based economic development grants; the community and technical college centers of excellence, high-demand funds, and the job skills program; and the employment security department's incumbent worker training funds. Industry skill panels provide a framework for coordinating these and other investments in line with economic and workforce development strategies identified by industry leaders. It is the intent of the legislature to support the development and maintenance of industry skill panels in key sectors of the economy as an efficient and effective way to support regional economic development." [2008 c 103 § 1.]

29A.05.900	Construction—2017 c 1 (Initiative Measure No. 735).

29A.05.010 Short title—2017 c 1 (Initiative Measure No. 735). Chapter 1, Laws of 2017 is known and may be cited as the "government of, by, and for the people act." [2017 c 1 § 9 (Initiative Measure No. 735, approved November 8, 2016).]

29A.05.020 Intent. Chapter 1, Laws of 2017 declares that the people of Washington state support amending the Constitution of the United States to eliminate the undue influence of concentrated money and political power on elections and governmental policy. The amendment would overturn decisions by the supreme court of the United States extending constitutional rights to corporations and other artificial legal entities as well as those decisions equating the spending of money with free speech. It also provides for the regulation and disclosure of political contributions and spending. [2017 c 1 § 1 (Initiative Measure No. 735, approved November 8, 2016).]

29A.05.030 Findings. (1) Free and fair elections, as well as honest representation, are essential to self-determination and self-governance as described in the Declaration of Independence and established in the Constitution of the United States.

(2) The American people have lost faith in the political process because their voices are not heard and their interests are not represented. Thus, an ever smaller percentage of Americans is motivated to vote.

(3) The U.S. Constitution makes no mention of corporations or other artificial entities; there are no provisions extending rights to such entities. However, through a series of decisions equating a "corporation" with a "person," the U.S. supreme court extended to corporations the constitutional rights and protections intended for people only.

(4) Unlike human beings, corporations can exist in perpetuity and in many countries at the same time. As a result many large corporations, both foreign and domestic, invest in campaigns to invalidate or bypass regulatory law intended to protect the public. Thus, corporate participation in the political process often conflicts with the public interest.

(5) Money is property; it is not speech. Nowhere in the U.S. Constitution is money equated with speech. Because advertising is limited and costly, equating the spending of money with free speech gives those with the most money the most speech.

(6) Whenever special interests, including very wealthy individuals, are able to spend unlimited amounts of money on political speech, candidates and officeholders can be corrupted and intimidated, and the free speech of most citizens is drowned out and denied. Monopolizing public speech neither promotes nor protects free speech.

(7) Anonymous contributions and spending for political gain promote dishonesty and corruption, preventing voters from assessing the motives of the speaker. The public must be able to hold funders of political speech accountable when their messages prove false or misleading. Full and prompt disclosure of funding sources is essential to an informed electorate, fair elections, and effective governance.

(8) Article V of the U.S. Constitution empowers the people and the states to use the amendment process to correct egregious decisions by the U.S. supreme court that subvert our representative government. [2017 c 1 § 2 (Initiative Measure No. 735, approved November 8, 2016).]

29A.05.040 Joint resolution for amendment to United States Constitution. The voters of the state of Washington urge immediate action by the current and future Washington state congressional delegations to propose a joint resolution for an amendment to the Constitution of the United States clarifying that:

(1) The rights listed and acknowledged in the Constitution of the United States are the rights of individual human beings only.

(2) The judiciary shall not construe the spending of money to be free speech under the First Amendment of the Constitution of the United States. Federal, state, and local governments shall be fully empowered to regulate political contributions and expenditures to ensure that no person or artificial legal entity gains undue influence over government and the political process.

(3) All political contributions and expenditures shall be disclosed promptly and in a manner accessible to voters prior to elections.

(4) Chapter 1, Laws of 2017 does not limit the people's rights to freedom of speech, freedom of the press, free exercise of religion, or freedom of association. [2017 c 1 § 3 (Initiative Measure No. 735, approved November 8, 2016).]

29A.05.050 Recommendation to congress. In accordance with the U.S. Constitution, the voters of the state of Washington urge the Washington state congressional delegation, and the U.S. congress generally, to include an amendment ratification method which will best ensure that the people are heard and represented during the ratification process.

[2017 c 1 § 4 (Initiative Measure No. 735, approved November 8, 2016).]

29A.05.060 Recommendation to state legislature.

The voters of the state of Washington urge our current and future Washington state legislatures to ratify such an amendment when passed by congress and delivered to the states for ratification. [2017 c 1 § 5 (Initiative Measure No. 735, approved November 8, 2016).]

29A.05.070 Secretary of state to deliver copies.

The Washington secretary of state is authorized and directed to immediately deliver copies of this initiative, when enacted, to the following persons: The governor of the state of Washington, all current members of the Washington state legislature, all current members of the United States congress, and the president of the United States. [2017 c 1 § 6 (Initiative Measure No. 735, approved November 8, 2016).]

29A.05.900 Construction—2017 c 1 (Initiative Measure No. 735). The provisions of chapter 1, Laws of 2017 are to be liberally construed to effectuate the intent, policies, and purposes of chapter 1, Laws of 2017. [2017 c 1 § 7 (Initiative Measure No. 735, approved November 8, 2016).]

(10) If any voter states that he or she is unable to cast his or her votes due to a disability, the voter may designate a person of his or her choice, or two election officers, to enter the voting booth and record the votes as he or she directs.

(11) No voter is entitled to vote more than once at a primary, special election, or general election. If a voter incorrectly marks a ballot, he or she may be issued a replacement ballot.

(12) A voter who has already returned a ballot but requests to vote at a voting center shall be issued a provisional ballot. The canvassing board shall not count the provisional ballot if it finds that the voter has also voted a regular ballot in that primary, special election, or general election.

(13) The county auditor must prevent overflow of each ballot drop box to allow a voter to deposit his or her ballot securely. Ballots must be removed from a ballot drop box by at least two people, with a record kept of the date and time ballots were removed, and the names of people removing them. Ballots from drop boxes must be returned to the counting center in secured transport containers. A copy of the record must be placed in the container, and one copy must be transported with the ballots to the counting center, where the seal number must be verified by the county auditor or a designated representative. All ballot drop boxes must be secured at 8:00 p.m. on the day of the primary, special election, or general election.

(14) Any voter who is inside or in line at the voting center at 8:00 p.m. on the day of the primary, special election, or general election must be allowed to vote.

(15) For each primary, special election, and general election, the county auditor may provide election services at locations in addition to the voting center. The county auditor has discretion to establish which services will be provided at the additional locations, and which days and hours the locations will be open, except that the county auditor must establish a minimum of one ballot drop box per fifteen thousand registered voters in the county and a minimum of one ballot drop box in each city, town, and census-designated place in the county with a post office. (d) Unanimous vote of the supervisory committee to suspend a director for cause pursuant to RCW 31.12.345 if the supervisory committee has provided the director and the board with written notice of such cause and a statement of reasons why cause was found, and the board and the director have failed to act within a reasonable period to rectify the activity that constitutes cause.

(2) A call of a special membership meeting of a credit union shall be in writing submitted to the secretary of the credit union by the board, the petitioners, or the supervisory committee as applicable, and shall state specifically the purpose or purposes for which the meeting is called and the agenda item or items for consideration by the members at the meeting. If the special membership meeting is called for the removal of one or more directors or supervisory committee members, the call shall state the name of each individual whose removal is sought.

(3)(a) Upon receipt of a call for a special membership meeting, the secretary of the credit union shall determine whether the call satisfies the requirements of this section. If so, the secretary shall determine the date, time, and place at which the special membership meeting will be held, and provide notice of the special membership meeting in accordance with the requirements of this subsection. The special membership meeting must be held at a reasonable location within

the county in which the principal place of business of the credit union is located, unless provided otherwise by the bylaws. The special membership meeting must be held no later than ninety days after the date on which the call is received by the secretary.

(b) The secretary shall give notice of the special membership meeting at least thirty days before the date of the meeting, or within such other reasonable time period as may be provided by the bylaws. (1) The members of a credit union may remove a director of the credit union at a special membership meeting held in accordance with RCW 31.12.195 and called for that purpose. (2) The members of a credit union may remove a supervisory committee member at a special membership meeting held in accordance with RCW 31.12.195 and called for that purpose. If the members remove a supervisory committee member, the members may at the same special membership meeting elect an interim supervisory committee member to complete the remainder of the former supervisory committee member's term of office or authorize the supervisory committee to appoint an interim supervisory committee member as provided in RCW 31.12.326. [2017 c 61 § 5; 1997 c 397 § 16; 1984 c 31 § 26.]

31.12.267 Officials—Fiduciary duty—Information relied on—Definition. (1) Officials owe a fiduciary duty to the credit union, and must discharge the duties of their positions:

(a) In good faith;

(b) With the care an ordinarily prudent person in a like position would exercise under similar circumstances; and

(c) In a manner the official reasonably believes to be in the best interests of the credit union.

(2) In discharging the duties of an official, the official is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:

(a) One or more officers or employees of the credit union whom the official reasonably believes to be reliable and competent in the matters presented;

(b) Legal counsel, public accountants, or other persons as to matters the official reasonably believes are within the person's professional or expert competence; or

(c) A committee of the board of directors or supervisory committee of which the official is not a member if the official reasonably believes the committee merits confidence.

(3) An official is not acting in good faith if the official has knowledge concerning the matter in question that makes reliance otherwise permitted by subsection (2) of this section unwarranted.

(4) An official is not liable for any action taken as a director, or any failure to take any action, if the director performed the duties of the director's office in compliance with this section.

(5) As used in this section, "official" means a director, board officer, supervisory committee member, or senior operating officer of the credit union. [2017 c 61 § 6; 2010 c 87 § 3; 2001 c 83 § 9; 1997 c 397 § 19.]

31.12.326 Supervisory committee—Membership—Terms—Vacancies—Operating officers and employees may not serve—Audit committee alternative. (1) A supervisory committee of at least three members must be elected at the annual membership meeting of the credit union. Members of the supervisory committee shall serve a term of three years, unless sooner removed under this chapter or until their successors are qualified and elected or appointed. The members of the supervisory committee shall be divided into classes so that as equal a number as is possible is elected each year.

(2) At least one supervisory committee member may attend each regular meeting of the board. However, supervisory committee members may be excluded from executive sessions of board meetings.

(3)(a) If a supervisory committee member is absent from more than one-third of the committee meetings in any twelve-month period in a term without being reasonably excused by the committee, the member shall no longer serve as a member of the committee for the period remaining in the term.

(b) The supervisory committee shall promptly notify the member that he or she shall no longer serve as a committee member. Failure to provide notice does not affect the termination of the member's service under (a) of this subsection.

(4) A supervisory committee member must be a natural person and a member of the credit union. If a member of the supervisory committee ceases to be a member of the credit union, the member shall no longer serve as a committee member. The chairperson of the supervisory committee may not serve as a board officer.

(5) Except as provided in subsection (6) of this section, any vacancy on the committee must be filled by an interim

member appointed by the committee, unless the interim member would serve a term of fewer than ninety days. Interim members appointed to fill vacancies created by expansion of the committee will serve until the next annual meeting of members. Other interim members may serve out the unexpired term of the former member, unless provided otherwise by the credit union's bylaws. However, if all positions on the committee are vacant at the same time, the board may appoint interim members to serve until the next annual membership meeting.

(6) In the case of a merger between two credit unions pursuant to RCW 31.12.461, a supervisory committee member of the merging credit union may continue to serve as a supervisory committee member of the continuing credit union for a period not to exceed the equivalent of the duration of his or her unexpired term on the supervisory committee of the merging credit union, provided that the approved plan of merger or other agreement approved by the director provides for such service on the continuing credit union's supervisory committee with a corresponding expansion in the size of the continuing credit union's supervisory committee.

(7) No operating officer or employee of a credit union may serve on the credit union's supervisory committee. No more than one director may be a member of the supervisory committee at the same time, unless provided otherwise by the credit union's bylaws. No member of the supervisory committee may serve on the credit committee or investment committee of the credit union while serving on the supervisory committee.

(8) A credit union may establish an audit committee in lieu of a supervisory committee. An audit committee and its members possess the same duties and powers, and are subject to the same limitations as a supervisory committee and its members pursuant to this chapter. [2017 c 61 § 7; 2015 c 114 § 5; 2001 c 83 § 10; 1997 c 397 § 22; 1984 c 31 § 34.]

31.12.335 Supervisory committee—Duties. (1) The supervisory committee of a credit union shall:

(a) Keep informed as to the financial condition of the credit union and the decisions of the credit union's board;

(b) Perform or arrange for a complete annual audit of the credit union and a verification of its members' accounts and provide any related findings and recommendations to the board;

(c) Provide an annual report to members at each annual membership meeting;

(d) Perform or arrange for additional audits as requested by the board or management or as deemed necessary by the supervisory committee and provide any related findings and recommendations to management or the board as deemed appropriate by the supervisory committee;

(e) Monitor the implementation of management responses to material adverse findings in audits and regulatory examinations;

(f) Implement a process for the supervisory committee to receive and respond to whistleblower complaints; and

(g) Perform any additional duties as specified by the board or in the credit union's bylaws.

(2) The supervisory committee may in its sole discretion retain, at the credit union's expense, independent counsel or other professional advisors or consultants as necessary to per-

form the duties under this section. [2017 c 61 § 8; 2001 c 83 § 11; 1997 c 397 § 23. Prior: 1994 c 256 § 82; 1994 c 92 § 192; 1984 c 31 § 35.]

Findings—Construction—1994 c 256: See RCW 43.320.007.

31.12.386 Voting rights—Methods—Proxy—Under eighteen years of age. (1) No member may have more than one vote. A natural person may not hold more than one membership in a credit union on behalf of himself or herself. An organization having membership in a credit union may cast one vote through a natural person agent duly authorized in writing.

(2) Members may vote, as prescribed in the credit union's bylaws, by mail ballot, absentee ballot, or other method. However, no member may vote by proxy.

(3) A member who is not at least eighteen years of age is not eligible to vote as a member unless otherwise provided in the credit union's bylaws. [2017 c 61 § 9; 1997 c 397 § 28; 1994 c 256 § 76; 1984 c 31 § 17. Formerly RCW 31.12.155.]

Findings—Construction—1994 c 256: See RCW 43.320.007.

31.12.404 Additional powers—Powers conferred on federal credit union—Authority of director. (1) Notwithstanding any other provision of law, and in addition to all powers and authorities, express or implied, that a credit union has under the laws of this state, a credit union has the powers and authorities that a federal credit union had on December 31, 1993, or a subsequent date not later than July 23, 2017.

(2) Notwithstanding any other provision of law, and in addition to the powers and authorities, express or implied, that a credit union has under subsection (1) of this section, a credit union has the powers and authorities that a federal credit union has, and an out-of-state credit union operating a branch in Washington has, subsequent to July 23, 2017, if the director finds that the exercise of the power and authority serves the convenience and advantage of members of credit unions, and maintains the fairness of competition and parity between credit unions and federal or out-of-state credit unions. However, a credit union:

(a) Must still comply with RCW 31.12.408; and

(b) Is not granted the field of membership powers or authorities of any out-of-state credit union operating a branch in Washington.

(3) The restrictions, limitations, and requirements applicable to specific powers or authorities of federal or out-of-state credit unions apply to credit unions exercising those powers or authorities permitted under this section but only insofar as the restrictions, limitations, and requirements relate to the specific exercise of the powers or authorities granted credit unions solely under this section.

(4) As used in this section, "powers and authorities" include, but are not limited to, powers and authorities in corporate governance matters. 31.12.413 Low-income credit unions—Director's approval required—Powers—Rules. (1) A credit union may apply in writing to the director for designation as a low-

income credit union. To qualify for approval of this designation, the credit union must provide evidence satisfactory to the director that at least fifty percent of a substantial and well-defined segment of the credit union's members or potential primary members are low-income members.

(2) Among other powers and authorities, a low-income credit union may:

(a) Issue secondary capital accounts approved in advance by the director upon application of the credit union; and

(b) Accept and maintain shares and deposits from non-members.

(3) The director may adopt rules for the organization and operation of low-income credit unions including, but not limited to, rules concerning secondary capital accounts and requiring disclosures to the purchasers of the accounts. [2017 c 61 § 11; 2015 c 114 § 10; 2001 c 83 § 16.]

31.12.436 Investment of funds—When investment later becomes impermissible. (1) A credit union may invest its funds in any of the following, as long as the investments are deemed prudent by the board:

(a) Loans held by credit unions, out-of-state credit unions, or federal credit unions; loans to members held by other lenders; and loans to nonmembers held by other lenders, with the approval of the director;

(b) Bonds, securities, or other investments that are fully guaranteed as to principal and interest by the United States government, and general obligations of this state and its political subdivisions;

(c) Obligations issued by corporations designated under 31 U.S.C. Sec. 9101, or obligations, participations or other instruments issued and guaranteed by the federal national mortgage association, federal home loan mortgage corporation, government national mortgage association, or other government-sponsored enterprise;

(d) Participations or obligations which have been subjected by one or more government agencies to a trust or trusts for which an executive department, agency, or instrumentality of the United States has been named to act as trustee;

(e) Share or deposit accounts of other financial institutions, the accounts of which are federally insured or insured or guaranteed by another insurer or guarantor approved by the director. The shares and deposits made by a credit union under this subsection (1)(e) may exceed the insurance or guarantee limits established by the organization insuring or guaranteeing the institution into which the shares or deposits are made;

(f) Common trust or mutual funds whose investment portfolios consist of securities issued or guaranteed by the federal government or an agency of the government;

(g) Up to five percent of the capital of the credit union, in debt or equity issued by an organization owned by the Northwest credit union association or its successor credit union association;

(h) Shares, stocks, loans, or other obligations of organizations whose primary purpose is to strengthen, advance, or provide services to the credit union industry or credit union members. A credit union may invest in or make loans to organizations under this subsection (1)(h) in an aggregate amount

not to exceed five percent of its assets. This limit does not apply to investments in, and loans to, an organization:

(i) That is wholly owned by one or more credit unions or federal or out-of-state credit unions; and

(ii) Whose activities are limited exclusively to those authorized by this chapter for a credit union;

(i) Loans to credit unions, out-of-state credit unions, or federal credit unions. However, the aggregate of loans issued under this subsection (1)(i) is limited to twenty-five percent of the total shares and deposits of the credit union making the loans;

(j) Key person insurance policies and investment products related to employee benefits, the proceeds of which inure exclusively to the benefit of the credit union;

(k) A registered investment company or collective investment fund, as long as the prospectus of the company or fund restricts the investment portfolio to investments and investment transactions that are permissible for credit unions; or

(l) Other investments approved by the director upon written application.

(2) If a credit union has lawfully made an investment that later becomes impermissible because of a change in circumstances or law, and the director finds that this investment will have an adverse effect on the safety and soundness of the credit union, then the director may require that the credit union develop a reasonable plan for the divestiture of the investment. 35.21.920 State and federal background checks of license applicants and licensees of occupations under local licensing authority. (1) For the purpose of receiving criminal history record information by city or town officials, cities or towns may:

(a) By ordinance, require a state and federal background investigation of license applicants or licensees in occupations specified by ordinance;

(b) By ordinance, require a federal background investigation of city or town employees, applicants for employment, volunteers, vendors, and independent contractors, who, in the course of their work or volunteer activity with the city or town, may have unsupervised access to children, persons with developmental disabilities, or vulnerable adults;

(c) Require a state criminal background investigation of city or town employees, applicants for employment, volunteers, vendors, and independent contractors, who, in the course of their work or volunteer activity with the city or town, may have unsupervised access to children, persons with developmental disabilities, or vulnerable adults; and

(d) Require a criminal background investigation conducted through a private organization of city or town employees, applicants for employment, volunteers, vendors, and independent contractors, who, in the course of their work or volunteer activity with the city or town, may have unsupervised access to children, persons with developmental disabilities, or vulnerable adults.

(2) The investigation conducted under subsection (1)(a) through (c) of this section shall consist of a background check as allowed through the Washington state criminal records privacy act under RCW 10.97.050, the Washington state patrol criminal identification system under RCW 43.43.832 through 43.43.834, and the federal bureau of investigation.

(3) The background checks conducted under subsection (1)(a) through (c) of this section must be done through the Washington state patrol identification and criminal history section and may include a national check from the federal bureau of investigation, which shall be through the submission of fingerprints. The Washington state patrol shall serve as the sole source for receipt of fingerprint submissions and the responses to the submissions from the federal bureau of investigation, which must be disseminated to the city or town.

(4) For a criminal background check conducted under subsection (1)(a) through (c) of this section, the city or town shall transmit appropriate fees for a state and national criminal history check to the Washington state patrol, unless alternately arranged. The cost of investigations conducted under this section shall be borne by the city or town.

(5) The authority for background checks outlined in this section is in addition to any other authority for such checks provided by law. [2017 c 332 § 1; 2010 c 47 § 2.]

35.21.930 Community assistance referral and education services program. (1) Any fire department may develop a community assistance referral and education services program to provide community outreach and assistance to residents of its jurisdiction in order to improve population health and advance injury and illness prevention within its community. The program should identify members of the community who use the 911 system or emergency depart-

ment for low acuity assistance calls (calls that are nonemergency or nonurgent) and connect them to their primary care providers, other health care professionals, low-cost medication programs, and other social services. The program may partner with hospitals to reduce readmissions. The program may also provide nonemergency contact information in order to provide an alternative resource to the 911 system. The program may hire or contract with health care professionals as needed to provide these services, including emergency medical technicians certified under chapter 18.73 RCW and advanced emergency medical technicians and paramedics certified under chapter 18.71 RCW. The services provided by emergency medical technicians, advanced emergency medical technicians, and paramedics must be under the responsible supervision and direction of an approved medical program director. Nothing in this section authorizes an emergency medical technician, advanced emergency medical technician, or paramedic to perform medical procedures they are not trained and certified to perform.

(2) In order to support its community assistance referral and education services program, a participating fire department may seek grant opportunities and private gifts, and, by resolution or ordinance, establish and collect reasonable charges for these services.

(3) In developing a community assistance referral and education services program, a fire department may consult with the health workforce council to identify health care professionals capable of working in a nontraditional setting and providing assistance, referral, and education services.

(4) Community assistance referral and education services programs implemented under this section must, at least annually, measure any reduction of repeated use of the 911 emergency system and any reduction in avoidable emergency room trips attributable to implementation of the program. Results of findings under this subsection must be reportable to the legislature or other local governments upon request. Findings should include estimated amounts of medicaid dollars that would have been spent on emergency room visits had the program not been in existence.

(5) For purposes of this section, "fire department" includes city and town fire departments, fire protection districts organized under Title 52 RCW, regional fire protection service authorities organized under chapter 52.26 RCW, providers of emergency medical services eligible to levy a tax under RCW 84.52.069, and federally recognized Indian tribes. [2017 c 273 § 2; 2015 c 93 § 1; 2013 c 247 § 1.]

35.21.960 Removal of restrictive covenants—Hearing, notice. Any city, town, or municipal corporation must hold a public hearing upon a proposal to remove, vacate, or extinguish a restrictive covenant from property owned by the city, town, or municipal corporation before the action is finalized. The public hearing must allow individuals to provide testimony regarding the proposed action. The city, town, or municipal corporation must provide notice of the public hearing at least ten days before the hearing at its usual place of business and issue a press release to local media providing the date, time, location, and reason for the public hearing. The notice must be posted on the city, town, or municipal corporation's web site if it is updated for any reason before the hearing date. The notice must also identify the property

and provide a brief explanation of the restrictive covenant to be removed, vacated, or extinguished. Any member of the public, in person or by counsel, may submit testimony at the public hearing. [2017 c 119 § 3.]

Short title—2017 c 119: "This act may be known and cited as the land covenant preservation and transparency act." [2017 c 119 § 1.]

Finding—2017 c 119: "The legislature finds that many pieces of property are provided to government agencies as part of agreements in which the land includes restrictive covenants. There is a desire that government agencies become more transparent when they want to change the use of property that has covenants that restrict what can be done with property, especially if the property was a gift to be used for parks, open space, habitat, or environmental mitigation and conservation. The legislature declares that any local government agency that intends to remove restrictive covenants from real property owned by the agency must do so through an open process in which citizens are made aware of the agency's intent to remove or modify the restrictive covenant before the legal action occurs." 35.61.020 Election—Resolution or petition—Area—Limitations. (1) When proposed by citizen petition or by local government resolution as provided in this section, a ballot proposition authorizing the creation of a metropolitan park district must be submitted by resolution to the voters of the area proposed to be included in the district at any general election, or at any special election which may be called for that purpose.

(2) The ballot proposition must be submitted if the governing body of each city in which all or a portion of the proposed district is located, and the legislative authority of each county in which all or a portion of the proposed district is located within the unincorporated portion of the county, each adopts a resolution submitting the proposition to create a metropolitan park district.

(3) As an alternative to the method provided under subsection (2) of this section, the ballot proposition must be submitted if a petition proposing creation of a metropolitan park district is submitted to the county auditor of each county in which all or a portion of the proposed district is located that is signed by at least fifteen percent of the registered voters residing in the area to be included within the proposed district. Where the petition is for creation of a district in more than one county, the petition must be filed with the county auditor of the county having the greater area of the proposed district, and a copy filed with each other county auditor of the other counties covering the proposed district.

(4) Territory by virtue of its annexation to any city whose territory lies entirely within a park district are deemed to be within the limits of the metropolitan park district. Such an extension of a park district's boundaries is not subject to

review by a boundary review board independent of the board's review of the city annexation of territory.

(5) A city, county, or contiguous group of cities or counties proposing or approving a petition regarding formation of a metropolitan park district may limit the purpose and may limit the taxing powers of such proposed metropolitan park district in its resolution in cases where the metropolitan park district is being formed for specifically identified facilities referenced in (a) of this subsection. The ballot proposition must reflect such limitations as follows:

(a) A city, county, or contiguous group of cities or counties may limit the proposed district's purposes to providing the funds necessary to acquire, construct, renovate, expand, operate, maintain, and provide programming for specifically identified public parks or recreational facilities that are otherwise authorized by law for metropolitan park districts. The ballot proposition must specifically identify those public parks or recreational facilities to be funded, which identification may be made by referencing a metropolitan park district plan that has been approved by the legislative authority of the city, county, or contiguous group of cities or counties proposing the formation of the district;

(b) A city, county, or contiguous group of cities or counties may limit the maximum levy rate that is available to such metropolitan park district to any levy rate that does not exceed the aggregate rate set forth under RCW 35.61.210(1). The ballot proposition must state the maximum regular levy rate.

(6) Nothing herein prevents a city, county, or contiguous group of cities or counties from proposing formation of a metropolitan park district that is not limited under subsection (5) of this section. [2017 c 215 § 1; 2002 c 88 § 2; 1965 c 7 § 35.61.020. Prior: 1943 c 264 § 2, part; Rem. Supp. 1943 § 6741-2, part; prior: 1909 c 131 § 1; 1907 c 98 § 2, part; RRS § 6721, part.]

35.61.040 Election—Creation of district—Bridge loan, line of credit. If a majority of the voters voting on the ballot proposition authorizing the creation of the metropolitan park district vote in favor of the formation of a metropolitan park district, the metropolitan park district must be created as a municipal corporation effective immediately upon certification of the election results and its name must be that designated in the ballot proposition. When an ex officio treasurer of a metropolitan park district is a city or county treasurer, the treasurer may provide a bridge loan or line of credit to the newly formed metropolitan park district until such time as the district has received sufficient levy proceeds to pay for the maintenance and operations of the metropolitan park district. [2017 c 215 § 6; 2002 c 88 § 4; 1965 c 7 § 35.61.040. Prior: 1943 c 264 § 3, part; Rem. Supp. 1943 § 6741-3, part; prior: 1909 c 131 § 2; 1907 c 98 § 3, part; RRS § 6722, part.]

35.61.100 Indebtedness limit—Without popular vote. Every metropolitan park district through its board of commissioners may contract indebtedness and evidence such indebtedness by the issuance and sale of warrants, short-term obligations as provided by chapter 39.50 RCW, or general obligation bonds, for any purposes authorized for such metropolitan park district and the extension and maintenance thereof, not exceeding, together with all other outstanding

nonvoter approved general indebtedness, one-quarter of one percent of the value of the taxable property in such metropolitan park district, as the term "value of the taxable property" is defined in RCW 39.36.015. General obligation bonds may not be issued with a maximum term in excess of the maximum term set forth in chapter 39.46 RCW. 35.61.120 Park commissioners as officers of district—Organization. (1) The officers of a metropolitan park district must be a board of park commissioners consisting of five members. The board must annually elect one of their number as president and another of their number as clerk of the board.

(2) Notwithstanding the foregoing, when the boundaries of any metropolitan park district are coterminous with the boundaries of a city, and if the governing body of a city is designated to serve in an ex officio capacity as the board, the number of members of the board of park commissioners must be equal to the number of positions on the relevant city governing body as it may be constituted from time to time. 35.61.130 Eminent domain—Park commissioners' authority, generally—Prospective staff screening. (1) A metropolitan park district has the right of eminent domain, and may purchase, acquire and condemn lands lying within or without the boundaries of said park district, for public parks, parkways, boulevards, aviation landings and playgrounds, and may condemn such lands to widen, alter and extend streets, avenues, boulevards, parkways, aviation landings and playgrounds, to enlarge and extend existing parks, and to acquire lands for the establishment of new parks, boulevards, parkways, aviation landings and playgrounds. 35.61.210 Park district tax levy—Metropolitan park district fund. (1) The board of park commissioners may levy or cause to be levied a general tax on all the property located in said park district each year not to exceed fifty cents per thousand dollars of assessed value of the property in such park district. In addition, the board of park commissioners may levy or cause to be levied a general tax on all property located in said park district each year not to exceed twenty-five cents per thousand dollars of assessed valuation. Although park districts are authorized to impose two separate regular property tax levies, the levies are considered to be a single levy for purposes of the limitation provided for in chapter 84.55 RCW.

(2) The maximum levy rate of a metropolitan park district formed subject to the limitations set forth in RCW 35.61.020(5) must be the levy rate set forth in the ballot prop-

osition. At any time after the initial formation of a district subject to a limitation under RCW 35.61.020(5), the board of metropolitan park commissioners may submit to the voters of the district at a general or special election a proposition to alter such maximum regular levy rate, which proposition becomes effective only upon approval by a majority of the votes cast on the proposition. The limitations provided in chapter 84.55 RCW do not apply in the first year after the approval of any proposition under this subsection.

(3) The board is hereby authorized to levy a general tax in excess of its regular property tax levy or levies when authorized so to do at a special election conducted in accordance with and subject to all the requirements of the Constitution and laws of the state now in force or hereafter enacted governing the limitation of tax levies. The board is hereby authorized to call a special election for the purpose of submitting to the qualified voters of the park district a proposition to levy a tax in excess of the regular levy rates authorized for the district under subsection (1) or (2) of this section. The manner of submitting any such proposition, of certifying the same, and of giving or publishing notice thereof, must be as provided by law for the submission of propositions by cities, towns, or counties.

(4) The board must include in its general tax levy for each year a sufficient sum to pay the interest on all outstanding bonds and may include a sufficient amount to create a sinking fund for the redemption of all outstanding bonds. The levy must be certified to the proper county officials for collection the same as other general taxes and, for any metropolitan park district for which the county treasurer serves as the ex officio treasurer, when collected, the general tax must be placed in a separate fund in the office of the county treasurer to be known as the "metropolitan park district fund" and disbursed under RCW 36.29.010(1) and 39.58.750. (1) Any city within or comprising any metropolitan park district may turn over to the park district any lands that it may own, or any street, avenue, or public place within the city for playground, park, or other purposes authorized for such district, and thereafter its control and management must vest in the board of park commissioners. However, the police regulations of such city apply to all such premises.

(2) At any time that any such metropolitan park district is unable, through lack of sufficient funds, to provide for the continuous operation, maintenance and improvement of the parks and playgrounds and other properties or facilities owned by it or under its control, and the legislative body of

35.90.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Business licensing service," "business licensing system," and "business license" have the same meaning as in RCW 19.02.020.

(2) "City" means a city, town, or code city.

(3) "Department" means the department of revenue.

(4) "General business license" means a license, not including a regulatory license or a temporary license, that a city requires all or most businesses to obtain to conduct business within that city.

(5) "Partner" means the relationship between a city and the department under which general business licenses are issued and renewed through the business licensing service in accordance with chapter 19.02 RCW.

(6) "Regulatory business license" means a license, other than a general business license, required for certain types of businesses that a city has determined warrants additional regulation, such as taxicab or other for-hire vehicle operators, adult entertainment businesses, amusement device operators, massage parlors, debt collectors, door-to-door sales persons, trade-show operators, and home-based businesses. [2017 c 209 § 1.]

35.90.020 Licensing as partnership with department—Partnership priority—Biennial plan—Exception—Report. (1) Except as otherwise provided in subsection (7) of this section, a city that requires a general business license of any person that engages in business activities within that city must partner with the department to have such license issued, and renewed if the city requires renewal, through the business licensing service in accordance with chapter 19.02 RCW.

(a) Except as otherwise provided in subsection (3) of this section, the department must phase in the issuance and renewal of general business licenses of cities that required a general business license as of July 1, 2017, and are not already partnering with the department, as follows:

(i) Between January 1, 2018, and December 31, 2021, the department must partner with at least six cities per year;

(ii) Between January 1, 2022, and December 31, 2027, the department must partner with the remaining cities; or

(iii) Between July 1, 2017 and December 31, 2022, the department must partner with all cities requiring a general business license if specific funding for the purposes of this subsection [(1)(a)](iii) is appropriated in the omnibus appropriations act.

(b) A city that imposes a general business license requirement and does not partner with the department as of January 1, 2018, may continue to issue and renew its general business licenses until the city partners with the department as provided in subsection (4) of this section.

(2)(a) A city that did not require a general business license as of July 1, 2017, but imposes a new general business license requirement after that date must advise the department in writing of its intent to do so at least ninety days before the requirement takes effect.

(b) If a city subject to (a) of this subsection (2) imposes a new general business license requirement after July 1, 2017, the department, in its sole discretion, may adjust resources to partner with the imposing city as of the date that the new general business licensing requirement takes effect. If the department cannot reallocate resources, the city may issue and renew its general business license until the department is able to partner with the city.

(3) The department may delay assuming the duties of issuing and renewing general business licenses beyond the dates provided in subsection (1)(a) of this section if:

(a) Insufficient funds are appropriated for this specific purpose;

(b) The department cannot ensure the business licensing system is adequately prepared to handle all general business licenses due to unforeseen circumstances;

(c) The department determines that a delay is necessary to ensure that the transition to mandatory department issuance and renewal of general business licenses is as seamless as possible; or

(d) The department receives a written notice from a city within sixty days of the date that the city appears on the department's biennial partnership plan, which includes an explanation of the fiscal or technical challenges causing the city to delay joining the system. A delay under this subsection (3)(d) may be for no more than three years.

(4)(a) In consultation with affected cities and in accordance with the priorities established in subsection (5) of this section, the department must establish a biennial plan for partnering with cities to assume the issuance and renewal of general business licenses as required by this section. The plan must identify the cities that the department will partner with and the dates targeted for the department to assume the duties of issuing and renewing general business licenses.

(b) By January 1, 2018, and January 1st of each even-numbered year thereafter, the department must submit the partnering plan required in (a) of this subsection (4) to the governor; legislative fiscal committees; house local government committee; senate agriculture, water, trade and economic development committee; senate local government committee; affected cities; association of Washington cities; association of Washington business; national federation of independent business; and Washington retail association.

(c) The department may, in its sole discretion, alter the plan required in (a) of this subsection (4) with a minimum notice of thirty days to affected cities.

(5) When determining the plan to partner with cities for the issuance and renewal of general business licenses as required in subsection (4) of this section, cities that notified the department of their wish to partner with the department before January 1, 2017, must be allowed to partner before other cities.

(6) A city that partners with the department for the issuance and renewal of general business licenses through the business licensing service in accordance with chapter 19.02 RCW may not issue and renew those licenses.

(7) A city may decline to partner with the department for the issuance and renewal of a general business license as provided in subsection (1) of this section if the city participates in the online local business license and tax filing portal known as "FileLocal" as of July 1, 2020. For the purposes of this subsection (7), a city is considered to be a FileLocal participant as of the date that a business may access FileLocal for purposes of applying for or renewing that city's general business license and reporting and paying that city's local business and occupation taxes. A city that ceases participation in FileLocal after July 1, 2020, must partner with the department for the issuance and renewal of its general business license as provided in subsection (1) of this section.

(8) By January 1, 2019, and each January 1st thereafter through January 1, 2028, the department must submit a progress report to the legislature. The report required by this sub-

section must provide information about the progress of the department's efforts to partner with all cities that impose a general business license requirement and include:

- (a) A list of cities that have partnered with the department as required in subsection (1) of this section;
- (b) A list of cities that have not partnered with the department;
- (c) A list of cities that are scheduled to partner with the department during the upcoming calendar year;
- (d) A list of cities that have declined to partner with the department as provided in subsection (7) of this section;
- (e) An explanation of lessons learned and any process efficiencies incorporated by the department;
- (f) Any recommendations to further simplify the issuance and renewal of general business licenses by the department; and
- (g) Any other information the department considers relevant. [2017 c 209 § 2.]

35.90.030 Licenses issued under business license act—Fee structures—License renewal—Penalty accommodation—Inconsistent ordinances. (1) A general business license that must be issued and renewed through the business licensing service in accordance with chapter 19.02 RCW is subject to the provisions of this section.

(2)(a) A city has broad authority to impose a fee structure as provided by RCW 35.22.280, 35.23.440, and 35A.82.020. However, any fee structure selected by a city must be within the department's technical ability to administer. The department has the sole discretion to determine if it can administer a city's fee structure.

(b) If the department is unable to administer a city's fee structure, the city must work with the department to adopt a fee structure that is administrable by the department. If a city fails to comply with this subsection (2)(b), it may not enforce its general business licensing requirements on any person until the effective date of a fee structure that is administrable by the department.

(3) A general business license may not be renewed more frequently than once per year except that the department may require a more frequent renewal date as may be necessary to synchronize the renewal date for the general business license with the business's business license expiration date.

(4) The business licensing system need not accommodate any monetary penalty imposed by a city for failing to obtain or renew a general business license. The penalty imposed in RCW 19.02.085 applies to general business licenses that are not renewed by their expiration date.

(5) The department may refuse to administer any provision of a city business license ordinance that is inconsistent with this chapter. [2017 c 209 § 3.]

35.90.040 Department enforcement of licensing laws. The department is not authorized to enforce a city's licensing laws except to the extent of issuing or renewing a license in accordance with this chapter and chapter 19.02 RCW or refusing to issue a license due to an incomplete application, nonpayment of the appropriate fees as indicated by the license application or renewal application, or the nonpayment of any applicable penalty for late renewal. [2017 c 209 § 4.]

35.90.050 Authority retained by cities. Cities whose general business licenses are issued through the business licensing system retain the authority to set license fees, provide exemptions and thresholds for these licenses, approve or deny license applicants, and take appropriate administrative actions against licensees. [2017 c 209 § 5.]

35.90.060 Geographic restrictions on license requirement. Cities may not require a person to obtain or renew a general business license unless the person engages in business within its respective city. For the purposes of this section, a person may not be considered to be engaging in business within a city unless the person is subject to the taxing jurisdiction of a city under the standards established for interstate commerce under the commerce clause of the United States Constitution. [2017 c 209 § 6.]

35.90.070 License change—When effective. A general business license change enacted by a city whose general business license is issued through the business licensing system takes effect no sooner than seventy-five days after the department receives notice of the change if the change affects in any way who must obtain a license, who is exempt from obtaining a license, or the amount or method of determining any fee for the issuance or renewal of a license. [2017 c 209 § 7.]

35.90.080 Adoption of model ordinance—Development committee—Mandatory provisions—City registration. (1)(a) The cities, working through the association of Washington cities, must form a model ordinance development committee made up of a representative sampling of cities that impose a general business license requirement. This committee must work through the association of Washington cities to adopt a model ordinance on general business license requirements by July 1, 2018. The model ordinance and subsequent amendments developed by the committee must be adopted using a process that includes opportunity for substantial input from business stakeholders and other members of the public. Input must be solicited from statewide business associations and from local chambers of commerce and downtown business associations in cities that require a person that conducts business in the city to obtain a general business license.

(b) The department, association of Washington cities, and municipal research and services center must post copies of, or links to, the model ordinance on their internet web sites. Additionally, a city that imposes a general business license requirement must make copies of its general business license ordinance or ordinances available for inspection and copying as provided in chapter 42.56 RCW.

(c) The definitions in the model ordinance may not be amended more frequently than once every four years, except that the model ordinance may be amended at any time to comply with changes in state law or court decisions. Any amendment to a mandatory provision of the model ordinance must be adopted with the same effective date by all cities.

(2) A city that imposes a general business license requirement must adopt the mandatory provisions of the model ordinance by January 1, 2019. The following provisions are mandatory:

(a) A definition of "engaging in business within the city" for purposes of delineating the circumstances under which a general business license is required;

(b) A uniform minimum licensing threshold under which a person would be relieved of the requirement to obtain a city's general business license. A city retains the authority to create a higher threshold for the requirement to obtain a general business license but must not deviate lower than the level required by the model ordinance.

(3)(a) A city may require a person that is under the uniform minimum licensing threshold as provided in subsection (2) of this section to obtain a city registration with no fee due to the city.

(b) A city that requires a city registration as provided in (a) of this subsection must partner with the department to have such registration issued through the business licensing service in accordance with chapter 19.02 RCW. This subsection (3)(b) does not apply to a city that is excluded from the requirement to partner with the department for the issuance and renewal of general business licenses as provided in RCW 35.90.020. [2017 c 209 § 8.]

35.90.090 Adoption of mandatory provisions of model ordinance. Cities that impose a general business license must adopt the mandatory provisions of the model ordinance as provided in RCW 35.90.080 by January 1, 2019. A city that has not complied with the requirements of this section by January 1, 2019, may not enforce its general business licensing requirements on any person until the date that the mandatory provisions of the model ordinance take effect within the city. [2017 c 209 § 9.]

35.90.100 Report. Cities must coordinate with the association of Washington cities to submit a report to the governor; legislative fiscal committees; house local government committee; and the senate agriculture, water, trade and economic development committee by January 1, 2019. The report must:

(1) Provide information about the model ordinance adopted by the cities as required in RCW 35.90.080;

(2) Identify cities that have and have not adopted the mandatory provisions of the model ordinance; and

(3) Incorporate comments from statewide business organizations concerning the process and substance of the model ordinance. Statewide business organizations must be allowed thirty days to submit comments for inclusion in the report. [2017 c 209 § 10.]

MUNICIPAL BUSINESS AND OCCUPATION TAX

Sections

35.102.130 Allocation and apportionment of income.

35.102.130 Allocation and apportionment of income.

A city that imposes a business and occupation tax must provide for the allocation and apportionment of a person's gross income, other than persons subject to the provisions of chapter 82.14A RCW, as follows:

(1) Gross income derived from all activities other than those taxed as service or royalties must be allocated to the location where the activity takes place.

(a) In the case of sales of tangible personal property, the activity takes place where delivery to the buyer occurs.

(b)(i) In the case of sales of digital products, the activity takes place where delivery to the buyer occurs. The delivery of digital products will be deemed to occur at:

(A) The seller's place of business if the purchaser receives the digital product at the seller's place of business;

(B) If not received at the seller's place of business, the location where the purchaser or the purchaser's donee, designated as such by the purchaser, receives the digital product, including the location indicated by instructions for delivery to the purchaser or donee, known to the seller;

(C) If the location where the purchaser or the purchaser's donee receives the digital product is not known, the purchaser's address maintained in the ordinary course of the seller's business when use of this address does not constitute bad faith;

(D) If no address for the purchaser is maintained in the ordinary course of the seller's business, the purchaser's address obtained during the consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available, when use of this address does not constitute bad faith; and

(E) If no address for the purchaser is obtained during the consummation of the sale, the address where the digital good or digital code is first made available for transmission by the seller or the address from which the digital automated service or service described in RCW 82.04.050 (2)(g) or (6)(c) was provided, disregarding for these purposes any location that merely provided the digital transfer of the product sold.

(ii) If none of the methods in (b)(i) of this subsection (1) for determining where the delivery of digital products occurs are available after a good faith effort by the taxpayer to apply the methods provided in (b)(i)(A) through (E) of this subsection (1), then the city and the taxpayer may mutually agree to employ any other method to effectuate an equitable allocation of income from the sale of digital products. The taxpayer will be responsible for petitioning the city to use an alternative method under this subsection (1)(b)(ii). The city may employ an alternative method for allocating the income from the sale of digital products if the methods provided in (b)(i)(A) through (E) of this subsection (1) are not available and the taxpayer and the city are unable to mutually agree on an alternative method to effectuate an equitable allocation of income from the sale of digital products.

(iii) For purposes of this subsection (1)(b), the following definitions apply:

(A) "Digital automated services," "digital codes," and "digital goods" have the same meaning as in RCW 82.04.192;

(B) "Digital products" means digital goods, digital codes, digital automated services, and the services described in RCW 82.04.050 (2)(g) and (6)(c); and

(C) "Receive" has the same meaning as in RCW 82.32.730.

(c) If a business activity allocated under this subsection (1) takes place in more than one city and all cities impose a gross receipts tax, a credit must be allowed as provided in RCW 35.102.060; if not all of the cities impose a gross receipts tax, the affected cities must allow another credit or allocation system as they and the taxpayer agree.

(2) Gross income derived as royalties from the granting of intangible rights must be allocated to the commercial domicile of the taxpayer.

(3) Gross income derived from activities taxed as services shall be apportioned to a city by multiplying apportionable income by a fraction, the numerator of which is the payroll factor plus the service-income factor and the denominator of which is two.

(a) The payroll factor is a fraction, the numerator of which is the total amount paid in the city during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period. Compensation is paid in the city if:

(i) The individual is primarily assigned within the city;

(ii) The individual is not primarily assigned to any place of business for the tax period and the employee performs fifty percent or more of his or her service for the tax period in the city; or

(iii) The individual is not primarily assigned to any place of business for the tax period, the individual does not perform fifty percent or more of his or her service in any city, and the employee resides in the city.

(b) The service income factor is a fraction, the numerator of which is the total service income of the taxpayer in the city during the tax period, and the denominator of which is the total service income of the taxpayer everywhere during the tax period. Service income is in the city if:

(i) The customer location is in the city; or

(ii) The income-producing activity is performed in more than one location and a greater proportion of the service-income-producing activity is performed in the city than in any other location, based on costs of performance, and the taxpayer is not taxable at the customer location; or

(iii) The service-income-producing activity is performed within the city, and the taxpayer is not taxable in the customer location.

(c) If the allocation and apportionment provisions of this subsection do not fairly represent the extent of the taxpayer's business activity in the city or cities in which the taxpayer does business, the taxpayer may petition for or the tax administrators may jointly require, in respect to all or any part of the taxpayer's business activity, that one of the following methods be used jointly by the cities to allocate or apportion gross income, if reasonable:

(i) Separate accounting;

(ii) The use of a single factor;

(ii) The inclusion of one or more additional factors that will fairly represent the taxpayer's business activity in the city; or

(iv) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

(4) The definitions in this subsection apply throughout this section.

(a) "Apportionable income" means the gross income of the business taxable under the service classifications of a city's gross receipts tax, including income received from activities outside the city if the income would be taxable under the service classification if received from activities within the city, less any exemptions or deductions available.

(b) "Compensation" means wages, salaries, commissions, and any other form of remuneration paid to individuals for personal services that are or would be included in the individual's gross income under the federal internal revenue code.

(c) "Individual" means any individual who, under the usual common law rules applicable in determining the employer-employee relationship, has the status of an employee of that taxpayer.

(d) "Customer location" means the city or unincorporated area of a county where the majority of the contacts between the taxpayer and the customer take place.

(e) "Primarily assigned" means the business location of the taxpayer where the individual performs his or her duties.

(f) "Service-taxable income" or "service income" means gross income of the business subject to tax under either the service or royalty classification.

(g) "Tax period" means the calendar year during which tax liability is accrued. If taxes are reported by a taxpayer on a basis more frequent than once per year, taxpayers shall calculate the factors for the previous calendar year for reporting in the current calendar year and correct the reporting for the previous year when the factors are calculated for that year, but not later than the end of the first quarter of the following year.

(h) "Taxable in the customer location" means either that a taxpayer is subject to a gross receipts tax in the customer location for the privilege of doing business, or that the government where the customer is located has the authority to subject the taxpayer to gross receipts tax regardless of whether, in fact, the government does so. [2017 c 323 § 511; 2010 c 111 § 305; 2003 c 79 § 13.]

(a) By ordinance, require a state and federal background investigation of license applicants or licensees in occupations specified by ordinance;

(b) By ordinance, require a federal background investigation of code city employees, applicants for employment, volunteers, vendors, and independent contractors, who, in the course of their work or volunteer activity with the code city, may have unsupervised access to children, persons with developmental disabilities, or vulnerable adults;

(1) Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs must create and maintain an electronic portal for a dealer, as defined in RCW 9.41.010, to report the information as required pursuant to RCW 9.41.114 pertaining to persons who have applied for the purchase or transfer of a firearm and were denied as the result of a background check or completed and submitted firearm purchase or transfer application that indicates the applicant is ineligible to possess a firearm under state or federal law.

(2) Upon receipt of information from a dealer pursuant to RCW 9.41.114 that a person originally denied the purchase or transfer of a firearm as the result of a background check that indicates the applicant is ineligible to possess a firearm has subsequently been approved for the purchase or transfer, the Washington association of sheriffs and police chiefs must purge any record of the person's denial in its possession and inform the Washington state patrol and any local law enforcement agency participating in the grant program cre-

ated in RCW 36.28A.420 of the subsequent approval of the purchase or transfer.

36.28A.405 Denied firearm transaction information—Annual report. Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs shall prepare an annual report on the number of denied firearms sales or transfers reported pursuant to chapter 261, Laws of 2017. The report shall indicate the number of cases in which a person was denied a firearms sale or transfer, the number of cases where the denied sale or transfer was investigated for potential criminal prosecution, and the number of cases where an arrest was made, the case was referred for prosecution, and a conviction was obtained. The Washington state patrol shall submit the report to the appropriate committees of the legislature on or before December 31st of each year. [2017 c 261 § 4.]

(1)(a) Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs shall create and operate a statewide automated protected person notification system to automatically notify a registered person via the registered person's choice of telephone or email when a respondent subject to a court order specified in (b) of this subsection has attempted to purchase or acquire a firearm and been denied based on a background check or completed and submitted firearm purchase or transfer application that indicates the respondent is ineligible to possess a firearm under state or federal law. The system must permit a person to register for notification, or a registered person to update the person's registration information, for the statewide automated protected person notification system by calling a toll-free telephone number or by accessing a public web site.

(b) The notification requirements of this section apply to any court order issued under chapter 7.92 RCW and RCW 7.90.090, 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, 26.26.130, 26.26.590, 26.50.060, or 26.50.070, and any foreign protection order filed with a Washington court pursuant to chapter 26.52 RCW, where the order prohibits the respondent from possessing firearms or where by operation of law the respondent is ineligible to possess firearms during the term of the order. The notification requirements of this section apply even if the respondent has notified the Washington state patrol that he or she has appealed a background check denial under RCW 43.43.823.

(2) An appointed or elected official, public employee, or public agency as defined in RCW 4.24.470, or combination of units of government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any release of information or the failure to release information related to the statewide automated protected person notification system in this section, so long as the release or failure to release was without gross negligence. The immunity provided under this subsection applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(3) Information and records prepared, owned, used, or retained by the Washington association of sheriffs and police chiefs pursuant to chapter 261, Laws of 2017, including information a person submits to register and participate in the statewide automated protected person notification system, are exempt from public inspection and copying under chapter 42.56 RCW. [2017 c 261 § 5.]

36.28A.420 Illegal firearm transaction investigation grant program—Requirements—Public disclosure exemption. (1) Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs shall establish a grant program for local law enforcement agencies to conduct criminal investigations regarding persons who illegally attempted to purchase or transfer a firearm within their jurisdiction.

(2) Each grant applicant must be required to submit reports to the Washington association of sheriffs and police chiefs that indicate the number of cases in which a person was denied a firearms sale or transfer, the number of cases where the denied sale or transfer was investigated for potential criminal prosecution, and the number of cases where an arrest was made, the case was referred for prosecution, and a conviction was obtained.

(3) Information and records prepared, owned, used, or retained by the Washington association of sheriffs and police chiefs pursuant to chapter 261, Laws of 2017 are exempt from public inspection and copying under chapter 42.56 RCW. [2017 c 261 § 6.]

36.28A.430 Sexual assault kit initiative project—Definitions. (1) Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs shall establish and administer the Washington sexual assault kit initiative project.

(2) The project is created for the purpose of providing funding through a competitive grant program to support multidisciplinary community response teams engaged in seeking a just resolution to sexual assault cases resulting from evidence found in previously unsubmitted sexual assault kits.

(3) In administering the project, the Washington association of sheriffs and police chiefs has the following powers and duties:

(a) Design and implement the grant project with the elements included in this section;

(b) Screen and select eligible applicants to receive grants;

(c) Award grants and disburse funds to at least two eligible applicants, at least one located in western Washington and at least one located in eastern Washington;

(d) Adopt necessary policies and procedures to implement and administer the program;

(e) Monitor use of grant funds and compliance with the grant requirements;

(f) Create and implement reporting requirements for grant recipients;

(g) Facilitate the hosting of a sexual assault kit summit in the state of Washington through a grant recipient or directly through the Washington association of sheriffs and police chiefs, subject to the availability of funds, which may include a combination of public and private dollars allocated for the particular purpose; and

(h) Report to the appropriate committees of the legislature, the joint legislative task force on sexual assault forensic examination best practices, and the governor by December 1, 2017, and each December 1st of each subsequent year the project is funded and operating, regarding the status of grant awards, the progress of the grant recipients toward the identified goals in this section, the data required by subsection (4) of this section, and any other relevant information or recommendations related to the project or sexual assault kit policies.

(4) Grant recipients must:

(a) Perform an inventory of all unsubmitted sexual assault kits in the jurisdiction's possession regardless of where they are stored and submit those sexual assault kits for forensic analysis through the Washington state patrol or another laboratory with the permission of the Washington state patrol;

(b) Establish a multidisciplinary cold case or sexual assault investigation team or teams for follow-up investigations and prosecutions resulting from evidence from the testing of previously unsubmitted sexual assault kits. Cold case or sexual assault investigative teams must: Include prosecutors, law enforcement, and victim advocates for the duration of the project; use victim-centered, trauma-informed protocols, including for victim notification; and use protocols and policies established by the Washington association of sheriffs and police chiefs. The grant funds may support personnel costs, including hiring and overtime, to allow for adequate follow-up investigations and prosecutions. Grant awards must be prioritized for eligible applicants with a commitment to colocate assigned prosecutors, law enforcement, and victim advocates for the duration of the grant program;

(c) Require participants in the multidisciplinary cold case or sexual assault investigation team or teams to participate in and complete specialized training for victim-centered, trauma-informed investigation and prosecutions;

(d) Identify and address individual level, organizational level, and systemic factors that lead to unsubmitted sexual assault kits in the jurisdiction and development of a comprehensive strategy to address the issues, including effecting changes in practice, protocol, and organizational culture, and implementing evidence-based, victim-centered, trauma-informed practices and protocols;

(e) Appoint an informed representative to attend meetings of and provide information and assistance to the joint

legislative task force on sexual assault forensic examination best practices;

(f) Identify and maintain consistent, experienced, and committed leadership of their sexual assault kit initiative; and

(g) Track and report the following data to the Washington association of sheriffs and police chiefs, in addition to any data required by the Washington association of sheriffs and police chiefs: The number of kits inventoried; the dates collected and submitted for testing; the number of kits tested; the number of kits with information eligible for entry into the combined DNA index system; the number of combined DNA index system hits; the number of identified suspects; including serial perpetrators; the number of investigations conducted and cases reviewed; the number of charges filed; and the number of convictions.

(5) Subject to the availability of amounts appropriated for this specific purpose, the project may also allocate funds for grant recipients to:

(a) Create and employ training in relation to sexual assault evidence, victimization and trauma response, and other related topics to improve the quality and outcomes of sexual assault investigations and prosecutions;

(b) Enhance victim services and support for past and current victims of sexual assault; or

(c) Develop evidence collection, retention, victim notification, and other protocols needed to optimize data sharing, case investigation, prosecution, and victim support.

(6) For the purposes of this section:

(a) "Eligible applicants" include: Law enforcement agencies, units of local government, or combination of units of local government, prosecutor's offices, or a governmental nonlaw enforcement agency acting as fiscal agent for one of the previously listed types of eligible applicants. A combination of jurisdictions, including contiguous jurisdictions of multiple towns, cities, or counties, may create a task force or other entity for the purposes of applying for and receiving a grant, provided that the relevant prosecutors and law enforcement agencies are acting in partnership in complying with the grant requirements.

(b) "Project" means the Washington sexual assault kit initiative project created in this section.

(c) "Unsubmitted sexual assault kit" are sexual assault kits that have not been submitted to a forensic laboratory for testing with the combined DNA index system-eligible DNA methodologies as of the effective date of the mandatory testing law in RCW 70.125.090. Unsubmitted sexual assault kits includes partially tested sexual assault kits, which are sexual assault kits that have only been subjected to serological testing, or that have previously been tested only with noncombined DNA index system-eligible DNA methodologies. The project does not include untested sexual assault kits that have been submitted to forensic labs for testing with combined DNA index system-eligible DNA methodologies but are delayed for testing as a result of a backlog of work in the laboratory. [2017 c 290 § 1.]

36.28A.435 Sexual assault prevention and response account. (1) The sexual assault prevention and response account is created in the state treasury. All legislative appropriations and transfers; gifts, grants, and other donations; and all other revenues directed to the account must be deposited

into the sexual assault prevention and response account. Moneys in the account may only be spent after appropriation.

(2) The legislature must prioritize appropriations from the account for: The Washington sexual assault kit initiative project created in RCW 36.28A.430; the office of crime victims advocacy for the purpose of providing support and services, including educational and vocational training, to victims of sexual assault and trafficking; victim-centered, trauma-informed training for prosecutors, law enforcement, and victim advocates including, but not limited to, the training in RCW 43.101.272, 43.101.274, and 43.101.276; the Washington state patrol for the purpose of funding the statewide sexual assault kit tracking system and funding the forensic analysis of sexual assault kits. 36.70A.030 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by *RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(6) "Department" means the department of commerce.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under *RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

(9) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of goods where the use is dependent on and makes use of an adjacent short line railroad. Such facilities are both urban and rural development for purposes of this chapter. "Freight rail dependent uses" does not include buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of coal, liquefied natural gas, or "crude oil" as defined in RCW 90.56.010.

(10) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(11) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(12) "Minerals" include gravel, sand, and valuable metallic substances.

(13) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(14) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(15) "Recreational land" means land so designated under **RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

(16) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

(17) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preserva-

tion of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(18) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(19) "Short line railroad" means those railroad lines designated class II or class III by the United States surface transportation board.

(20) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

(21) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(22) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(23) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands. [2017 3rd sp.s. c 18 § 2; 2012 c 21 § 1. Prior: 2009 c 565 § 22; 2005 c 423 § 2; 1997 c 429 § 3; 1995 c 382 § 9; prior: 1994 c 307 § 2; 1994 c 257 § 5; 1990 1st ex.s. c 17 § 3.]

Reviser's note: *(1) RCW 84.33.100 through 84.33.118 were repealed or decodified by 2001 c 249 §§ 15 and 16. RCW 84.33.120 was repealed by 2001 c 249 § 16 and by 2003 c 170 § 7.

** (2) RCW 36.70A.1701 expired June 30, 2006.

Finding—2017 3rd sp.s. c 18: "The legislature recognizes that it enacted the rail preservation program because railroads provide benefits to state and local jurisdictions that are valuable to economic development, highway safety, and the environment. The Washington state freight mobility plan includes the goal of supporting rural economies farm-to-market, manufacturing, and resource industry sectors. The plan makes clear that ensuring the availability of rail capacity is vital to meeting the future needs of the Puget Sound region. Rail-served industrial sites are a necessary part of a thriving freight mobility system, and are a key means of assuring that food and goods from rural areas are able to make it to people living in urban areas and international markets. Planned and effective access to railroad services is a pivotal aspect of transportation planning. The legislature affirms that it is in the public interest to allow economic development infrastructure to occur near rail lines as a means to alleviate strains on government infrastructure elsewhere. Therefore, the legislature finds that there is a need for counties and cities to improve their planning under the growth management act to provide much needed infrastructure for freight rail dependent uses adjacent to railroad lines." [2017 3rd sp.s. c 18 § 1.]

Intent—2005 c 423: "The legislature recognizes the need for playing fields and supporting facilities for sports played on grass as well as the need to preserve agricultural land of long-term commercial significance. With thoughtful and deliberate planning, and adherence to the goals and requirements of the growth management act, both needs can be met.

The legislature acknowledges the state's interest in preserving the agricultural industry and family farms, and recognizes that the state's rich and productive lands enable agricultural production. Because of its unique qualities and limited quantities, designated agricultural land of long-term commercial significance is best suited for agricultural and farm uses, not recreational uses.

The legislature acknowledges also that certain local governments have either failed or neglected to properly plan for population growth and the sufficient number of playing fields and supporting facilities needed to accommodate this growth. The legislature recognizes that citizens responded to this lack of planning, fields, and supporting facilities by constructing nonconforming fields and facilities on agricultural lands of long-term commercial significance. It is the intent of the legislature to permit the continued existence and use of these fields and facilities in very limited circumstances if specific criteria are satisfied within a limited time frame. It is also the intent of the legislature to grant this authorization without diminishing the designation and preservation requirements of the growth management act pertaining to Washington's invaluable farmland." [2005 c 423 § 1.]

Finding—Intent—1994 c 307: "The legislature finds that it is in the public interest to identify and provide long-term conservation of those productive natural resource lands that are critical to and can be managed economically and practically for long-term commercial production of food, fiber, and minerals. Successful achievement of the natural resource industries' goal set forth in RCW 36.70A.020 requires the conservation of a land base sufficient in size and quality to maintain and enhance those industries and the development and use of land use techniques that discourage uses incompatible to the management of designated lands. The 1994 amendment to RCW 36.70A.030(8) (section 2(8), chapter 307, Laws of 1994) is intended to clarify legislative intent regarding the designation of forestlands and is not intended to require every county that has already complied with the interim forestland designation requirement of RCW 36.70A.170 to review its actions until the adoption of its comprehensive plans and development regulations as provided in RCW 36.70A.060(3)." 36.70A.060 Natural resource lands and critical areas—Development regulations. (1)(a) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.040. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accus-

tomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals. Any county located to the west of the crest of the Cascade mountains that has both a population of at least four hundred thousand and a border that touches another state, and any city in such county, may adopt development regulations to assure that agriculture, forest, and mineral resource lands adjacent to short line railroads may be developed for freight rail dependent uses.

(b) Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within five hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration. The notice for mineral resource lands shall also inform that an application might be made for mining-related activities, including mining, extraction, washing, crushing, stockpiling, blasting, transporting, and recycling of minerals.

(c) Each county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b), and each city within such county, shall adopt development regulations within one year after the adoption of the resolution of partial planning to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection (1)(c) must comply with the requirements governing regulations adopted under (a) of this subsection.

(d)(i) A county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b) and that is not in compliance with the planning requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172 at the time the resolution is adopted must, by January 30, 2017, apply for a determination of compliance from the department finding that the county's development regulations, including development regulations adopted to protect critical areas, and comprehensive plans are in compliance with the requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172. The department must approve or deny the application for a determination of compliance within one hundred twenty days of its receipt or by June 30, 2017, whichever date is earlier.

(ii) If the department denies an application under (d)(i) of this subsection, the county and each city within is obligated to comply with all requirements of this chapter and the resolution for partial planning adopted under RCW 36.70A.040(2)(b) is no longer in effect.

(iii) A petition for review of a determination of compliance under (d)(i) of this subsection may only be appealed to the growth management hearings board within sixty days of the issuance of the decision by the department.

(iv) In the event of a filing of a petition in accordance with (d)(iii) of this subsection, the county and the department must equally share the costs incurred by the department for defending an approval of determination of compliance that is before the growth management hearings board.

(v) The department may implement this subsection (1)(d) by adopting rules related to determinations of compliance. The rules may address, but are not limited to: The requirements for applications for a determination of compliance; charging of costs under (d)(iv) of this subsection; procedures for processing applications; criteria for the evaluation of applications; issuance and notice of department decisions; and applicable timelines.

(e) Any county that borders both the Cascade mountains and another country and has a population of less than fifty thousand people, and any city in such county, may adopt development regulations to assure that agriculture, forest, and mineral resource lands adjacent to short line railroads may be developed for freight rail dependent uses.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights. Finding—2017 3rd sp.s. c 18: See note following RCW 36.70A.030.

36.70A.070 Comprehensive plans—Mandatory elements. The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use ele-

ment should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water runoff in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community. In counties and cities subject to the review and evaluation requirements of RCW 36.70A.215, any revision to the housing element shall include consideration of prior review and evaluation reports and any reasonable measures identified.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may

provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural economic advancement, densities, and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area are subject to the requirements of (d)(iv) of this subsection, but are not subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of iso-

lated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(16). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(16). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that

address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride-sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after full payment of all impact fees is due to the county or city.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130. Findings—Intent—2005 c 360: "The legislature finds that regular physical activity is essential to maintaining good health and reducing the rates of chronic disease. The legislature further finds that providing opportunities for walking, biking, horseback riding, and other regular forms of exercise is best accomplished through collaboration between the private sector and local, state, and institutional policymakers. This collaboration can build communities where people find it easy and safe to be physically active. It is the intent of the legislature to promote policy and planning efforts that increase access to inexpensive or free opportunities for regular exercise in all communities around the state." 36.70A.108 Comprehensive plans—Transportation element—Multimodal transportation improvements and strategies. (1) The transportation element required by RCW 36.70A.070 may include, in addition to improvements or strategies to accommodate the impacts of development authorized under RCW 36.70A.070(6)(b), multimodal transportation improvements or strategies that are made concurrent with the development. These transportation improvements or strategies may include, but are not limited to, measures implementing or evaluating:

(a) Multiple modes of transportation with peak and non-peak hour capacity performance standards for locally owned transportation facilities; and

(b) Modal performance standards meeting the peak and nonpeak hour capacity performance standards.

(2) Any county located to the west of the crest of the Cascade mountains that has both a population of at least four hundred thousand and a border that touches another state, and any city in such county, may include development of freight rail dependent uses on land adjacent to a short line railroad in the transportation element required by RCW 36.70A.070. Such counties and cities may also modify development regulations to include development of freight rail dependent uses that do not require urban governmental services in rural lands.

(3) Nothing in this section or RCW 36.70A.070(6)(b) shall be construed as prohibiting a county or city planning under RCW 36.70A.040 from exercising existing authority to develop multimodal improvements or strategies to satisfy the concurrency requirements of this chapter.

(4) Nothing in this section is intended to affect or otherwise modify the authority of jurisdictions planning under RCW 36.70A.040. [2017 3rd sp.s. c 18 § 5; 2005 c 328 § 1.]

Finding—2017 3rd sp.s. c 18: See note following RCW 36.70A.030.

36.70A.110 Comprehensive plans—Urban growth areas. (1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth,

or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve. As part of this planning process, each city within the county must include areas sufficient to accommodate the broad range of needs and uses that will accompany the projected urban growth including, as appropriate, medical, governmental, institutional, commercial, service, retail, and other nonresidential uses.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services

be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and under this section. Such action may be appealed to the growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

(8)(a) Except as provided in (b) of this subsection, the expansion of an urban growth area is prohibited into the one hundred year floodplain of any river or river segment that: (i) Is located west of the crest of the Cascade mountains; and (ii) has a mean annual flow of one thousand or more cubic feet per second as determined by the department of ecology.

(b) Subsection (8)(a) of this section does not apply to:

(i) Urban growth areas that are fully contained within a floodplain and lack adjacent buildable areas outside the floodplain;

(ii) Urban growth areas where expansions are precluded outside floodplains because:

(A) Urban governmental services cannot be physically provided to serve areas outside the floodplain; or

(B) Expansions outside the floodplain would require a river or estuary crossing to access the expansion; or

(iii) Urban growth area expansions where:

(A) Public facilities already exist within the floodplain and the expansion of an existing public facility is only possible on the land to be included in the urban growth area and located within the floodplain; or

(B) Urban development already exists within a floodplain as of July 26, 2009, and is adjacent to, but outside of, the urban growth area, and the expansion of the urban growth area is necessary to include such urban development within the urban growth area; or

(C) The land is owned by a jurisdiction planning under this chapter or the rights to the development of the land have been permanently extinguished, and the following criteria are met:

(I) The permissible use of the land is limited to one of the following: Outdoor recreation; environmentally beneficial projects, including but not limited to habitat enhancement or

environmental restoration; stormwater facilities; flood control facilities; or underground conveyances; and

(II) The development and use of such facilities or projects will not decrease flood storage, increase stormwater runoff, discharge pollutants to fresh or salt waters during normal operations or floods, or increase hazards to people and property.

(c) For the purposes of this subsection (8), "one hundred year floodplain" means the same as "special flood hazard area" as set forth in WAC 173-158-040 as it exists on July 26, 2009.

(9) If a county, city, or utility has adopted a capital facility plan or utilities element to provide sewer service within the urban growth areas during the twenty-year planning period, nothing in this chapter obligates counties, cities, or utilities to install sanitary sewer systems to properties within urban growth areas designated under subsection (2) of this section by the end of the twenty-year planning period when those properties:

(a)(i) Have existing, functioning, nonpolluting on-site sewage systems;

(ii) Have a periodic inspection program by a public agency to verify the on-site sewage systems function properly and do not pollute surface or groundwater; and

(iii) Have no redevelopment capacity; or

(b) Do not require sewer service because development densities are limited due to wetlands, flood plains, fish and wildlife habitats, or geological hazards. [2017 c 305 § 1; 2010 c 211 § 1. Prior: 2009 c 342 § 1; 2009 c 121 § 1; 2004 c 206 § 1; 2003 c 299 § 5; 1997 c 429 § 24; 1995 c 400 § 2; 1994 c 249 § 27; 1993 sp.s. c 6 § 2; 1991 sp.s. c 32 § 29; 1990 1st ex.s. c 17 § 11.]

36.70A.115 Comprehensive plans and development regulations must provide sufficient land capacity for development. (1) Counties and cities that are required or choose to plan under RCW 36.70A.040 shall ensure that, taken collectively, adoption of and amendments to their comprehensive plans and/or development regulations provide sufficient capacity of land suitable for development within their jurisdictions to accommodate their allocated housing and employment growth, including the accommodation of, as appropriate, the medical, governmental, educational, institutional, commercial, and industrial facilities related to such growth, as adopted in the applicable countywide planning policies and consistent with the twenty-year population forecast from the office of financial management.

36.70A.211 Siting of schools—Rural areas, when authorized—Impact fees. (Expires June 30, 2031.) (1) A county may authorize the siting in a rural area of a school that serves students from an urban area, even where otherwise prohibited by a multicounty planning policy, under the following circumstances:

(a) The county has a population of more than eight hundred forty thousand but fewer than one million five hundred thousand and abuts at least six other counties;

(b) The county must have adopted in its comprehensive plan a policy concerning the siting of schools in rural areas;

(c) Any impacts associated with the siting of such a school are mitigated as required by the state environmental policy act, chapter 43.21C RCW; and

(d) The county must be a participant in a multicounty planning policy as described in RCW 36.70A.210.

(2) A multicounty planning policy in which any county referenced in subsection (1) of this section is a participant must be amended, at its next regularly scheduled update, to include a policy that addresses the siting of schools in rural areas of all counties subject to the multicounty planning policy.

(3) A school sited under this section may not collect or impose the impact fees described in RCW 82.02.050.

(4) This section expires June 30, 2031. [2017 c 129 § 2.]

36.70A.212 Siting of schools—Periodic updates. In a county that chooses to site schools under RCW 36.70A.211, each school district within the county must participate in the county's periodic updates required by RCW 36.70A.130(1)(b) by:

(1) Coordinating its enrollment forecasts and projections with the county's adopted population projections;

(2) Identifying school siting criteria with the county, cities, and regional transportation planning organizations;

(3) Identifying suitable school sites with the county and cities, with priority to siting urban-serving schools in existing cities and towns in locations where students can safely walk and bicycle to the school from their homes and that can effectively be served with transit; and

(4) Working with the county and cities to identify school costs and funding for the capital facilities plan element required by RCW 36.70A.070(3). [2017 c 129 § 3.]

36.70A.213 Extension of public facilities and utilities to serve school sited in a rural area authorized—Requirements for authorization—Report. (1) This chapter does not prohibit a county planning under RCW 36.70A.040 from authorizing the extension of public facilities and utilities to serve a school sited in a rural area that serves students from a rural area and an urban area so long as the following requirements are met:

(a) The applicable school district board of directors has adopted a policy addressing school service area and facility needs and educational program requirements;

(b) The applicable school district has made a finding, with the concurrence of the county legislative authority and the legislative authorities of any affected cities, that the district's proposed site is suitable to site the school and any associated recreational facilities that the district has determined cannot reasonably be collocated on an existing school site, taking into consideration the policy adopted in (a) of this subsection and the extent to which vacant or developable land within the growth area meets those requirements;

(c) The county and any affected cities agree to the extension of public facilities and utilities to serve the school sited

in a rural area that serves urban and rural students at the time of concurrence in (b) of this subsection;

(d) If the public facility or utility is extended beyond the urban growth area to serve a school, the public facility or utility must serve only the school and the costs of such extension must be borne by the applicable school district based on a reasonable nexus to the impacts of the school, except as provided in subsection (3) of this section; and

(e) Any impacts associated with the siting of the school are mitigated as required by the state environmental policy act, chapter 43.21C RCW.

(2) This chapter does not prohibit either the expansion or modernization of an existing school in the rural area or the placement of portable classrooms at an existing school in the rural area.

(3) Where a public facility or utility has been extended beyond the urban growth area to serve a school, the public facility or utility may, where consistent with RCW 36.70A.110(4), serve a property or properties in addition to the school if the property owner so requests, provided that the county and any affected cities agree with the request and provided that the property is located no further from the public facility or utility than the distance that, if the property were within the urban growth area, the property would be required to connect to the public facility or utility. In such an instance, the school district may, for a period not to exceed twenty years, require reimbursement from a requesting property owner for a proportional share of the construction costs incurred by the school district for the extension of the public facility or utility.

(4) By December 1, 2023, the department shall report to the governor and the appropriate committees of the legislature about schools outside of urban growth areas that have been built, are under construction, or are planned as a result of the requirements of chapter 32, Laws of 2017 3rd sp. sess. The report shall include the number, location, and characteristics of the schools; the number of urban and rural students served; and a cost analysis of schools built outside of urban growth boundaries. [2017 3rd sp.s. c 32 § 1.]

36.70A.215 Review and evaluation program. (Effective until January 1, 2030.) (1) Subject to the limitations in subsection (5) of this section, a county shall adopt, in consultation with its cities, countywide planning policies to establish a review and evaluation program. This program shall be in addition to the requirements of RCW 36.70A.110, 36.70A.130, and 36.70A.210. In developing and implementing the review and evaluation program required by this section, the county and its cities shall consider information from other appropriate jurisdictions and sources. The purpose of the review and evaluation program shall be to:

(a) Determine whether a county and its cities are achieving urban densities within urban growth areas by comparing growth and development assumptions, targets, and objectives contained in the countywide planning policies and the county and city comprehensive plans with actual growth and development that has occurred in the county and its cities; and

(b) Identify reasonable measures, other than adjusting urban growth areas, that will be taken to comply with the requirements of this chapter. Reasonable measures are those actions necessary to reduce the differences between growth

and development assumptions and targets contained in the countywide planning policies and the county and city comprehensive plans with actual development patterns. The reasonable measures process in subsection (3) of this section shall be used as part of the next comprehensive plan update to reconcile inconsistencies.

(2) The review and evaluation program shall:

(a) Encompass land uses and activities both within and outside of urban growth areas and provide for annual collection of data on urban and rural land uses, development, zoning and development standards, environmental regulations including but not limited to critical areas, stormwater, shoreline, and tree retention requirements; and capital facilities to determine the quantity and type of land suitable for development, both for residential and employment-based activities;

(b) Provide for evaluation of the data collected under (a) of this subsection as provided in subsection (3) of this section. The evaluation shall be completed no later than three years prior to the deadline for review and, if necessary, update of comprehensive plans and development regulations as required by RCW 36.70A.130. For comprehensive plans required to be updated before 2024, the evaluation as provided in subsection (3) of this section shall be completed no later than two years prior to the deadline for review and, if necessary, update of comprehensive plans. The county and its cities may establish in the countywide planning policies indicators, benchmarks, and other similar criteria to use in conducting the evaluation;

(c) Provide for methods to resolve disputes among jurisdictions relating to the countywide planning policies required by this section and procedures to resolve inconsistencies in collection and analysis of data; and

(d) Develop reasonable measures to use in reducing the differences between growth and development assumptions and targets contained in the countywide planning policies and county and city comprehensive plans, with the actual development patterns. The reasonable measures shall be adopted, if necessary, into the countywide planning policies and the county or city comprehensive plans and development regulations during the next scheduled update of the plans.

(3) At a minimum, the evaluation component of the program required by subsection (1) of this section shall:

(a) Determine whether there is sufficient suitable land to accommodate the countywide population projection established for the county pursuant to RCW 43.62.035 and the subsequent population allocations within the county and between the county and its cities and the requirements of RCW 36.70A.110. The zoned capacity of land alone is not a sufficient standard to deem land suitable for development or redevelopment within the twenty-year planning period;

(b) An evaluation and identification of land suitable for development or redevelopment shall include:

(i) A review and evaluation of the land use designation and zoning/development regulations; environmental regulations (such as tree retention, stormwater, or critical area regulations) impacting development; and other regulations that could prevent assigned densities from being achieved; infrastructure gaps (including but not limited to transportation, water, sewer, and stormwater); and

(ii) Use of a reasonable land market supply factor when evaluating land suitable to accommodate new development

or redevelopment of land for residential development and employment activities. The reasonable market supply factor identifies reductions in the amount of land suitable for development and redevelopment. The methodology for conducting a reasonable land market factor shall be determined through the guidance developed in RCW 36.70A.217;

(c) Provide an analysis of county and/or city development assumptions, targets, and objectives contained in the countywide planning policies and the county and city comprehensive plans when growth targets and assumptions are not being achieved. It is not appropriate to make a finding that assumed growth contained in the countywide planning policies and the county or city comprehensive plan will occur at the end of the current comprehensive planning twenty-year planning cycle without rationale;

(d) Determine the actual density of housing that has been constructed and the actual amount of land developed for commercial and industrial uses within the urban growth area since the adoption of a comprehensive plan under this chapter or since the last periodic evaluation as required by subsection (1) of this section; and

(e) Based on the actual density of development as determined under (b) of this subsection, review commercial, industrial, and housing needs by type and density range to determine the amount of land needed for commercial, industrial, and housing for the remaining portion of the twenty-year planning period used in the most recently adopted comprehensive plan.

(4) From funds appropriated by the legislature for this purpose, the department shall provide grants to counties, cities, and regional planning organizations required under subsection (5) of this section to conduct the review and perform the evaluation required by this section.

(5) The provisions of this section shall apply to counties, and the cities within those counties, that were greater than one hundred fifty thousand in population in 1996 as determined by office of financial management population estimates and that are located west of the crest of the Cascade mountain range. Any other county planning under RCW 36.70A.040 may carry out the review, evaluation, and amendment programs and procedures as provided in this section.

(6) The requirements of this section are subject to the availability of funds appropriated for this specific purpose. If sufficient funds are not appropriated consistent with the timelines in subsection (2)(b) of this section, counties and cities shall be subject to the review and evaluation program as it existed prior to October 19, 2017. [2017 3rd sp.s. c 16 § 2; 2011 c 353 § 3; 1997 c 429 § 25.]

Expiration date—2017 3rd sp.s. c 16 § 2: "Section 2 of this act expires January 1, 2030." [2017 3rd sp.s. c 16 § 8.]

36.70A.215 Review and evaluation program. (Effective January 1, 2030.) (1) Subject to the limitations in subsection (7) of this section, a county shall adopt, in consultation with its cities, countywide planning policies to establish a review and evaluation program. This program shall be in addition to the requirements of RCW 36.70A.110, 36.70A.130, and 36.70A.210. In developing and implement-

ing the review and evaluation program required by this section, the county and its cities shall consider information from other appropriate jurisdictions and sources. The purpose of the review and evaluation program shall be to:

(a) Determine whether a county and its cities are achieving urban densities within urban growth areas by comparing growth and development assumptions, targets, and objectives contained in the countywide planning policies and the county and city comprehensive plans with actual growth and development that has occurred in the county and its cities; and

(b) Identify reasonable measures, other than adjusting urban growth areas, that will be taken to comply with the requirements of this chapter.

(2) The review and evaluation program shall:

(a) Encompass land uses and activities both within and outside of urban growth areas and provide for annual collection of data on urban and rural land uses, development, critical areas, and capital facilities to the extent necessary to determine the quantity and type of land suitable for development, both for residential and employment-based activities;

(b) Provide for evaluation of the data collected under (a) of this subsection as provided in subsection (3) of this section. The evaluation shall be completed no later than one year prior to the deadline for review and, if necessary, update of comprehensive plans and development regulations as required by RCW 36.70A.130. The county and its cities may establish in the countywide planning policies indicators, benchmarks, and other similar criteria to use in conducting the evaluation;

(c) Provide for methods to resolve disputes among jurisdictions relating to the countywide planning policies required by this section and procedures to resolve inconsistencies in collection and analysis of data; and

(d) Provide for the amendment of the countywide policies and county and city comprehensive plans as needed to remedy an inconsistency identified through the evaluation required by this section, or to bring these policies into compliance with the requirements of this chapter.

(3) At a minimum, the evaluation component of the program required by subsection (1) of this section shall:

(a) Determine whether there is sufficient suitable land to accommodate the countywide population projection established for the county pursuant to RCW 43.62.035 and the subsequent population allocations within the county and between the county and its cities and the requirements of RCW 36.70A.110;

(b) Determine the actual density of housing that has been constructed and the actual amount of land developed for commercial and industrial uses within the urban growth area since the adoption of a comprehensive plan under this chapter or since the last periodic evaluation as required by subsection (1) of this section; and

(c) Based on the actual density of development as determined under (b) of this subsection, review commercial, industrial, and housing needs by type and density range to determine the amount of land needed for commercial, industrial, and housing for the remaining portion of the twenty-year planning period used in the most recently adopted comprehensive plan.

(4) If the evaluation required by subsection (3) of this section demonstrates an inconsistency between what has

occurred since the adoption of the countywide planning policies and the county and city comprehensive plans and development regulations and what was envisioned in those policies and plans and the planning goals and the requirements of this chapter, as the inconsistency relates to the evaluation factors specified in subsection (3) of this section, the county and its cities shall adopt and implement measures that are reasonably likely to increase consistency during the subsequent five-year period. If necessary, a county, in consultation with its cities as required by RCW 36.70A.210, shall adopt amendments to countywide planning policies to increase consistency. The county and its cities shall annually monitor the measures adopted under this subsection to determine their effect and may revise or rescind them as appropriate.

(5)(a) Not later than July 1, 1998, the department shall prepare a list of methods used by counties and cities in carrying out the types of activities required by this section. The department shall provide this information and appropriate technical assistance to counties and cities required to or choosing to comply with the provisions of this section.

(b) By December 31, 2007, the department shall submit to the appropriate committees of the legislature a report analyzing the effectiveness of the activities described in this section in achieving the goals envisioned by the countywide planning policies and the comprehensive plans and development regulations of the counties and cities.

(6) From funds appropriated by the legislature for this purpose, the department shall provide grants to counties, cities, and regional planning organizations required under subsection (7) of this section to conduct the review and perform the evaluation required by this section.

(7) The provisions of this section shall apply to counties, and the cities within those counties, that were greater than one hundred fifty thousand in population in 1995 as determined by office of financial management population estimates and that are located west of the crest of the Cascade mountain range. Any other county planning under RCW 36.70A.040 may carry out the review, evaluation, and amendment programs and procedures as provided in this section. [2011 c 353 § 3; 1997 c 429 § 25.]

36.70A.217 Guidance for local governments on the review and evaluation program—Public participation—Analysis and recommendations. (1) The department of commerce, through a contract with a land use and economics entity, shall develop guidance for local governments on the review and evaluation program in RCW 36.70A.215. The contract shall be with an entity experienced in serving private and public sector clients which can assist developers and policymakers to understand near-term market realities and long-term planning considerations, and with experience facilitating successful conversations between multiple local governments and stakeholders on complex land use issues. The department of commerce shall enable appropriate public participation by affected stakeholders in the development of the guidance for the appropriate market factor analysis and review and update of the overall buildable lands program. This guidance regarding the market factor methodology and buildable lands program shall be completed by December 1,

2018. The buildable lands guidance shall analyze and provide recommendations on:

(a) The review and evaluation program in RCW 36.70A.215 and changes to the required information to be analyzed within the program to increase the accuracy of the report when updating countywide planning policies and the county and city comprehensive plans;

(b) Whether a more effective schedule could be developed for countywide planning policies and the county and city comprehensive plan updates to better align with implementing reasonable measures identified through the review and evaluation program, and population projections and census data while maintaining appropriate and timely consideration of planning needs best done through a comprehensive planning process;

(c) A determination on how reasonable measures, based on the review and evaluation program, should be implemented into updates for countywide planning policies and the county and city comprehensive plans;

(d) Infrastructure costs, including but not limited to transportation, water, sewer, stormwater, and the cost to provide new or upgraded infrastructure if required to serve development; cost of development; timelines to permit and develop land; market availability of land; the nexus between proposed densities, economic conditions needed to achieve those densities, and the impact to housing affordability for home ownership and rental housing; and, market demand when evaluating if land is suitable for development or redevelopment. These all have an impact on whether development occurs or if planned for densities will differ from achieved densities;

(e) Identifying the measures to increase housing availability and affordability for all economic segments of the community and the factors contributing to the high cost of housing including zoning/development/environmental regulations, permit processing timelines, housing production trends by housing type and rents and prices, national and regional economic and demographic trends affecting housing affordability and production by rents and prices, housing unit size by housing type, and how well growth targets align with market conditions including the assumptions on where people desire to live;

(f) Evaluating how existing zoning and land use regulations are promoting or hindering attainment of the goal for affordable housing in RCW 36.70A.020(4). Barriers to meeting this goal shall be identified and considered as possible reasonable measures for each county and city, and as part of the next countywide planning policies and county and city comprehensive plan update;

(g) Identifying opportunities and strategies to encourage growth within urban growth areas;

(h) Identifying strategies to increase local government capacity to invest in the infrastructure necessary to accommodate growth and provide opportunities for affordable housing across all economic segments of the community and housing types; and

(i) Other topics identified by stakeholders and the department.

(2) The requirements of this section are subject to the availability of funds appropriated for this specific purpose. [2017 3rd sp.s. c 16 § 3.]

36.70A.690 On-site sewage system self-inspection.

This chapter does not preclude counties from authorizing inspections of on-site sewage systems to be conducted by a homeowner, a homeowner's family member, or a homeowner's tenant that has completed certification requirements specified by the county. Nothing in this section eliminates the requirement that counties protect water quality consistent with RCW 36.70A.070 (1) and (5). [2017 c 105 § 1.]

36.70A.725 Technical review of work plan—Time frame for action by director. (1) Upon receipt of a work plan submitted to the director under RCW 36.70A.720(2)(a), the director must submit the work plan to the technical panel for review.

(2) The technical panel shall review the work plan and report to the director within ninety days after the director receives the work plan. The technical panel shall assess whether at the end of ten years after receipt of funding, the work plan, in conjunction with other existing plans and regulations, will protect critical areas while maintaining and enhancing the viability of agriculture in the watershed.

(3)(a) If the technical panel determines the proposed work plan will protect critical areas while maintaining and enhancing the viability of agriculture in the watershed:

- (i) It must recommend approval of the work plan; and
- (ii) The director must approve the work plan.

(b) If the technical panel determines the proposed work plan will not protect critical areas while maintaining and enhancing the viability of agriculture in the watershed:

- (i) It must identify the reasons for its determination; and
- (ii) The director must advise the watershed group of the reasons for disapproval.

(4) The watershed group may modify and resubmit its work plan for review and approval consistent with this section.

(5) If the director does not approve a work plan submitted under this section within two years and nine months after receipt of funding, the director shall submit the work plan to the statewide advisory committee for resolution. If the statewide advisory committee recommends approval, the director must approve the work plan.

(6) If the director does not approve a work plan for a watershed within three years after receipt of funding, the provisions of RCW 36.70A.735(2) apply to the watershed. [2017 3rd sp.s. c 1 § 961; 2011 c 360 § 7.]

with a county road for a distance of one hundred feet from the crossing in such a manner as to permit a person upon the road to obtain an unobstructed view in both directions of an approaching train or other on-track equipment. The county legislative authority shall cause brush and timber to be cleared from the right-of-way of county roads in the proximity of a railroad grade crossing for a distance of one hundred feet from the crossing in such a manner as to permit a person traveling upon the road to obtain an unobstructed view in both directions of an approaching train or other on-track equipment. It is unlawful to erect or maintain a sign, signboard, or billboard within a distance of one hundred feet from the point of intersection of the road and railroad grade crossing located outside the corporate limits of any city or town unless, after thirty days notice to the Washington utilities and transportation commission and the railroad operating the crossing, the county legislative authority determines that it does not obscure the sight distance of a person operating a vehicle or train approaching the grade crossing.

When a person who has erected or who maintains such a sign, signboard, or billboard or when a railroad company permits such brush or timber in the vicinity of a railroad grade crossing with a county road or permits the surface of a grade crossing to become inconvenient or dangerous for passage and who has the duty to maintain it, fails, neglects, or refuses to remove or cause to be removed such brush, timber, sign, signboard, or billboard, or maintain the surface of the crossing, the utilities and transportation commission upon complaint of the county legislative authority or upon complaint of any party interested, or upon its own motion, shall enter upon a hearing in the manner now provided for hearings with respect to railroad-highway grade crossings, and make and enforce proper orders for the removal of the brush, timber, sign, signboard or billboard, or maintenance of the crossing. Nothing in this section prevents the posting or maintaining thereon of highway or road signs or traffic devices giving directions or distances for the information of the public when the signs conform to the "Manual for Uniform Traffic Control Devices" issued by the state department of transportation. 38.52.010 Definitions. As used in this chapter:

(1) "Communication plan," as used in RCW 38.52.070, means a section in a local comprehensive emergency management plan that addresses emergency notification of life safety information.

(2) "Continuity of operations planning" means the internal effort of an organization to assure that the capability exists to continue essential functions and services in response to a comprehensive array of potential emergencies or disasters.

(3) "Department" means the state military department.

(4) "Director" means the adjutant general.

(5) "Emergency management" or "comprehensive emergency management" means the preparation for and the carrying out of all emergency functions, other than functions for which the military forces are primarily responsible, to mitigate, prepare for, respond to, and recover from emergencies and disasters, and to aid victims suffering from injury or damage, resulting from disasters caused by all hazards, whether natural, technological, or human caused, and to provide support for search and rescue operations for persons and property in distress. However, "emergency management" or "comprehensive emergency management" does not mean preparation for emergency evacuation or relocation of residents in anticipation of nuclear attack.

(6)(a) "Emergency or disaster" as used in all sections of this chapter except RCW 38.52.430 shall mean an event or set of circumstances which: (i) Demands immediate action to preserve public health, protect life, protect public property, or to provide relief to any stricken community overtaken by such occurrences, or (ii) reaches such a dimension or degree of destructiveness as to warrant the governor declaring a state of emergency pursuant to RCW 43.06.010.

(b) "Emergency" as used in RCW 38.52.430 means an incident that requires a normal police, coroner, fire, rescue, emergency medical services, or utility response as a result of a violation of one of the statutes enumerated in RCW 38.52.430.

(7) "Emergency response" as used in RCW 38.52.430 means a public agency's use of emergency services during an emergency or disaster as defined in subsection (6)(b) of this section.

(8) "Emergency worker" means any person who is registered with a local emergency management organization or the department and holds an identification card issued by the local emergency management director or the department for the purpose of engaging in authorized emergency management activities or is an employee of the state of Washington or any political subdivision thereof who is called upon to perform emergency management activities.

(9) "Executive head" and "executive heads" means the county executive in those charter counties with an elective office of county executive, however designated, and, in the case of other counties, the county legislative authority. In the case of cities and towns, it means the mayor in those cities

and towns with mayor-council or commission forms of government, where the mayor is directly elected, and it means the city manager in those cities and towns with council manager forms of government. Cities and towns may also designate an executive head for the purposes of this chapter by ordinance.

(10) "Expense of an emergency response" as used in RCW 38.52.430 means reasonable costs incurred by a public agency in reasonably making an appropriate emergency response to the incident, but shall only include those costs directly arising from the response to the particular incident. Reasonable costs shall include the costs of providing police, coroner, firefighting, rescue, emergency medical services, or utility response at the scene of the incident, as well as the salaries of the personnel responding to the incident.

38.52.070 Local organizations and joint local organizations authorized—Establishment, operation—Emergency powers, procedures—Communication plans. (1)

Each political subdivision of this state is hereby authorized and directed to establish a local organization or to be a member of a joint local organization for emergency management in accordance with the state comprehensive emergency management plan and program: PROVIDED, That a political subdivision proposing such establishment shall submit its plan and program for emergency management to the state director and secure his or her recommendations thereon, and verification of consistency with the state comprehensive emergency management plan, in order that the plan of the local organization for emergency management may be coordinated with the plan and program of the state. Local comprehensive emergency management plans must specify the use of the incident command system for multiagency/multijurisdiction operations. No political subdivision may be required to include in its plan provisions for the emergency evacuation or relocation of residents in anticipation of nuclear attack. If the director's recommendations are adverse to the plan as submitted, and, if the local organization does not agree to the director's recommendations for modification to the proposal, the matter shall be referred to the council for final action. The director may authorize two or more political subdivisions to join in the establishment and operation of a joint local organization for emergency management as circumstances may warrant, in which case each political subdivision shall contribute to the cost of emergency management upon such fair and equitable basis as may be determined upon by the executive heads of the constituent subdivisions. If in any case the executive heads cannot agree upon the proper division of cost the matter shall be referred to the council for arbitration and its decision shall be final. When two or more political subdivisions join in the establishment and operation of a joint local organization for emergency management each shall pay its share of the cost into a special pooled fund to be administered by the treasurer of the most populous subdivision, which fund shall be known as the emergency management fund. Each local organization or joint local organization for emergency management shall have a director who shall be appointed by the executive head of the political subdivision, and who shall have direct responsibility for the organization, administration, and operation of such local organization for emergency management, subject to the direction and control of such executive officer or officers. In the case of a joint local organization for emergency management, the director shall be appointed by the joint action of the executive heads of the constituent political subdivisions. Each local organization or joint local organization for emergency management shall perform emergency management functions within the territorial limits of the political subdivision within which it is organized, and, in addition, shall conduct such functions outside of such territorial limits as may be required pursuant to the provisions of this chapter.

(2) In carrying out the provisions of this chapter each political subdivision, in which any disaster as described in RCW 38.52.020 occurs, shall have the power to enter into contracts and incur obligations necessary to combat such disaster, protecting the health and safety of persons and property, and providing emergency assistance to the victims of such disaster. Each political subdivision is authorized to exercise the powers vested under this section in the light of the exigencies of an extreme emergency situation without regard to time-consuming procedures and formalities prescribed by law (excepting mandatory constitutional requirements), including, but not limited to, budget law limitations, requirements of competitive bidding and publication of notices, provisions pertaining to the performance of public work, entering into contracts, the incurring of obligations, the employment of temporary workers, the rental of equipment, the purchase of supplies and materials, the levying of taxes, and the appropriation and expenditures of public funds.

(3)(a) Each local organization or joint local organization for emergency management that produces a local comprehensive emergency management plan must include a communication plan for notifying significant population segments of life safety information during an emergency. Local organizations and joint local organizations are encouraged to consult with affected community organizations in the development of the communication plans.

(i) In developing communication plans, local organizations and joint organizations should consider, as part of their determination of the extent of the obligation to provide emergency notification to significant population segments, the following factors: The number or proportion of the limited English proficiency persons eligible to be served or likely to be encountered; the frequency with which limited English proficiency individuals come in contact with the emergency notification; the nature and importance of the emergency notification, service, or program to people's lives; and the resources available to the political subdivision to provide emergency notifications.

(ii) "Significant population segment" means, for the purposes of this subsection (3), each limited English proficiency language group that constitutes five percent or one thousand residents, whichever is less, of the population of persons eligible to be served or likely to be affected within a city, town, or county. The office of financial management forecasting division's limited English proficiency population estimates are the demographic data set for determining eligible limited English proficiency language groups.

(b) Local organizations and joint local organizations must submit the plans produced under (a) of this subsection to the Washington military department emergency management division, and must implement those plans. An initial communication plan must be submitted with the local organization or joint local organization's next local emergency management plan update following July 23, 2017, and subsequent plans must be reviewed in accordance with the director's schedule.

(4) When conducting emergency or disaster after-action reviews, local organizations and joint local organizations must evaluate the effectiveness of communication of life safety information and must inform the emergency management division of the Washington military department of tech-

nological challenges which limited communications efforts, along with identifying recommendations and resources needed to address those challenges. [2017 c 312 § 4; 1997 c 49 § 4; 1986 c 266 § 28; 1984 c 38 § 7; 1974 ex.s. c 171 § 9; 1951 c 178 § 8.]

38.52.073 Communication plan status report—Life safety information communication report. (1) Beginning December 1, 2019, the Washington military department emergency management division must submit a report every five years to the relevant committees of the legislature containing the status of communication plans produced under RCW 38.52.070(3)(a).

(2) The emergency management division of the Washington military department must provide the legislature an annual report on instances of emergency or disaster in which communication of life safety information was technologically infeasible, as reported to the department pursuant to RCW 38.52.070(4). When potential technology solutions exist, the report must include recommendations and an estimate of resources required to remedy the infeasibility. The first annual report is due December 1, 2019. 38.52.105 Disaster response account. The disaster response account is created in the state treasury. Moneys may be placed in the account from legislative appropriations and transfers, federal appropriations, or any other lawful source. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for support of state agency and local government disaster response and recovery efforts and to reimburse the workers' compensation funds and self-insured employers under RCW 51.16.220. During the 2009-2011 fiscal biennium, the legislature may transfer from the disaster response account to the state drought preparedness account such amounts as reflect the excess fund balance of the account to support expenditures related to a state drought declaration. During the 2009-2011 fiscal biennium, the legislature may transfer from the disaster response account to the state general fund such amounts as reflect the excess fund balance of the account. During the 2015-2017 and 2017-2019 fiscal biennia, expenditures from the disaster response account may be used for military department operations and to support wildland fire suppression preparedness, prevention, and restoration activities by state agencies and local governments. During the 2017-2019 fiscal biennium, the legislature may direct the treasurer to make transfers of moneys in the disaster response account to the state general fund. (b) "Covered activity" means:

(i) Providing assistance or transportation authorized by the department during an emergency or disaster or search and rescue as defined in RCW 38.52.010, whether such assistance or transportation is provided at the scene of the emergency or disaster or search and rescue, at an alternative care site, at a hospital, or while in route to or from such sites or between sites; or

(ii) Participating in training or exercise authorized by the department in preparation for an emergency or disaster or search and rescue.

(6) Any requirement for a license to practice any professional, mechanical, or other skill shall not apply to any authorized emergency worker who shall, in the course of performing his or her duties as such, practice such professional, mechanical, or other skill during an emergency described in this chapter.

(7) The provisions of this section shall not affect the right of any person to receive benefits to which he or she would otherwise be entitled under this chapter, or under the workers' compensation law, or under any pension or retirement law, nor the right of any such person to receive any benefits or compensation under any act of congress.

(8) Any act or omission by a covered volunteer emergency worker while engaged in a covered activity using an off-road vehicle, nonhighway vehicle, or wheeled all-terrain vehicle does not impose any liability for civil damages resulting from such an act or omission upon the covered volunteer emergency worker or the worker's sponsoring organization. 38.52.580 State agency communication plan for emergencies and disasters—Copy to legislature—Report.

Beginning December 1, 2019, a state agency that provides life safety information in an emergency or disaster must provide, to the relevant committees of the legislature, a copy of its current communication plan for notifying significant population segments of such information, including the agency's point of contact. have willfully violated, as defined in RCW 49.48.082, any provision of chapter 49.46, 49.48, or 49.52 RCW.

(2) Before award of a public works contract, a bidder shall submit to the contracting agency a signed statement in accordance with RCW 9A.72.085 verifying under penalty of perjury that the bidder is in compliance with the responsible bidder criteria requirement of subsection (1)(g) of this section. A contracting agency may award a contract in reasonable reliance upon such a sworn statement.

(3) In addition to the bidder responsibility criteria in subsection (1) of this section, the state or municipality may adopt relevant supplemental criteria for determining bidder responsibility applicable to a particular project which the bidder must meet.

(a) Supplemental criteria for determining bidder responsibility, including the basis for evaluation and the deadline for appealing a determination that a bidder is not responsible, must be provided in the invitation to bid or bidding documents.

(b) In a timely manner before the bid submittal deadline, a potential bidder may request that the state or municipality modify the supplemental criteria. The state or municipality must evaluate the information submitted by the potential bidder and respond before the bid submittal deadline. If the evaluation results in a change of the criteria, the state or municipality must issue an addendum to the bidding documents identifying the new criteria.

(c) If the bidder fails to supply information requested concerning responsibility within the time and manner specified in the bid documents, the state or municipality may base its determination of responsibility upon any available information related to the supplemental criteria or may find the bidder not responsible.

(d) If the state or municipality determines a bidder to be not responsible, the state or municipality must provide, in writing, the reasons for the determination. The bidder may appeal the determination within the time period specified in the bidding documents by presenting additional information to the state or municipality. The state or municipality must consider the additional information before issuing its final determination. If the final determination affirms that the bidder is not responsible, the state or municipality may not execute a contract with any other bidder until two business days after the bidder determined to be not responsible has received the final determination.

(4) The capital projects advisory review board created in RCW 39.10.220 shall develop suggested guidelines to assist the state and municipalities in developing supplemental bidder responsibility criteria. The guidelines must be posted on the board's web site. [2017 c 258 § 2; 2010 c 276 § 2; 2009 c 197 § 2; 2007 c 133 § 2.]

Findings—2017 c 258: "The legislature finds that government contracts should not be awarded to those who knowingly and intentionally violate state laws. The legislature also finds that businesses that follow the law and pay their workers appropriately are placed at a competitive disadvantage to those who reduce costs by willfully violating the minimum wage act and wage payment act. In order to create a level playing field for businesses and avoid taxpayer contracts going to those that willfully violate the law and illegally withhold money from workers, the state should amend the state responsible bidder criteria to consider whether a company has willfully violated the state's wage payment laws over the previous three years." [2017 c 258 § 1.]

Rules—Implementation—2009 c 197: See note following RCW 39.04.320.

(b) The bond, in cases of cities and towns, must be filed with the clerk or comptroller thereof, and any person or persons performing such services or furnishing material to any subcontractor has the same right under the provisions of such bond as if such work, services, or material was furnished to the original contractor.

(2) The provisions of RCW 39.08.010 through 39.08.030 do not apply to any money loaned or advanced to any such contractor, subcontractor, or other person in the performance of any such work.

(3) On contracts of one hundred fifty thousand dollars or less, at the option of the contractor or the general contractor/construction manager as defined in RCW 39.10.210, the respective public entity may, in lieu of the bond, retain ten percent of the contract amount for a period of thirty days after date of final acceptance, or until receipt of all necessary releases from the department of revenue, the employment security department, and the department of labor and industries and settlement of any liens filed under chapter 60.28 RCW, whichever is later. The recovery of unpaid wages and benefits must be the first priority for any actions filed against retainage held by a state agency or authorized local government.

(4) For contracts of one hundred fifty thousand dollars or less, the public entity may accept a full payment and performance bond from an individual surety or sureties.

(5) The surety must agree to be bound by the laws of the state of Washington and subjected to the jurisdiction of the state of Washington. [2017 c 75 § 1; 2013 c 113 § 2. written determination to the public body, and make its determination available to the public on the committee's web site.

(6) The committee may renew the certification of a public body for additional three-year periods. The public body must submit an application for recertification at least three months before the initial certification expires. The committee may accept late applications, if administratively feasible, to avoid expiration of certification on a case-by-case basis. The application shall include updated information on the public body's experience and current staffing with the procedure it is applying to renew, and any other information requested in advance by the committee. The committee must review the application for recertification at a meeting held before expiration of the applicant's initial certification period. A public body must reapply for certification under the process described in subsection (1) of this section once the period of recertification expires.

(7) Certified public bodies must submit project data information as required in RCW 39.10.320 and 39.10.350. [2017 c 211 § 1; 2013 c 222 § 7; 2009 c 75 § 3; 2007 c 494 § 107.]

39.26.160 Bid awards—Considerations—Requirements and criteria to be set forth—Negotiations—Use of enterprise vendor registration and bid notification system. (1)(a) After bids that are submitted in response to a competitive solicitation process are reviewed by the awarding agency, the awarding agency may:

- (i) Reject all bids and rebid or cancel the competitive solicitation;
 - (ii) Request best and final offers from responsive and responsible bidders; or
 - (iii) Award the purchase or contract to the lowest responsive and responsible bidder.
- (b) The agency may award one or more contracts from a competitive solicitation.
- (2) In determining whether the bidder is a responsible bidder, the agency must consider the following elements:
- (a) The ability, capacity, and skill of the bidder to perform the contract or provide the service required;
 - (b) The character, integrity, reputation, judgment, experience, and efficiency of the bidder;
 - (c) Whether the bidder can perform the contract within the time specified;
 - (d) The quality of performance of previous contracts or services;
 - (e) The previous and existing compliance by the bidder with laws relating to the contract or services;

(f) Whether, within the three-year period immediately preceding the date of the bid solicitation, the bidder has been determined by a final and binding citation and notice of assessment issued by the department of labor and industries or through a civil judgment entered by a court of limited or general jurisdiction to have willfully violated, as defined in RCW 49.48.082, any provision of chapter 49.46, 49.48, or 49.52 RCW; and

(g) Such other information as may be secured having a bearing on the decision to award the contract.

(3) In determining the lowest responsive and responsible bidder, an agency may consider best value criteria, including but not limited to:

- (a) Whether the bid satisfies the needs of the state as specified in the solicitation documents;
- (b) Whether the bid encourages diverse contractor participation;
- (c) Whether the bid provides competitive pricing, economies, and efficiencies;
- (d) Whether the bid considers human health and environmental impacts;
- (e) Whether the bid appropriately weighs cost and non-cost considerations; and
- (f) Life-cycle cost.

(4) The solicitation document must clearly set forth the requirements and criteria that the agency will apply in evaluating bid submissions. Before award of a contract, a bidder shall submit to the contracting agency a signed statement in accordance with RCW 9A.72.085 verifying under penalty of perjury that the bidder is in compliance with the responsible bidder criteria requirement of subsection (2)(f) of this section. A contracting agency may award a contract in reasonable reliance upon such a sworn statement.

(5) The awarding agency may at its discretion reject the bid of any contractor who has failed to perform satisfactorily on a previous contract with the state.

(6) After reviewing all bid submissions, an agency may enter into negotiations with the lowest responsive and responsible bidder in order to determine if the bid may be improved. An agency may not use this negotiation opportunity to permit a bidder to change a nonresponsive bid into a responsive bid.

(7) The procuring agency must enter into the state's enterprise vendor registration and bid notification system the name of each bidder and an indication as to the successful bidder. [2017 c 258 § 3; 2012 c 224 § 18.]

Findings—2017 c 258: See note following RCW 39.04.350.

39.26.200 Authority to fine or debar. (1)(a) The director shall provide notice to the contractor of the director's intent to either fine or debar with the specific reason for either the fine or debarment. The department must establish the debarment and fining processes by rule.

(b) After reasonable notice to the contractor and reasonable opportunity for that contractor to be heard, the director has the authority to debar a contractor for cause from consideration for award of contracts. The debarment must be for a period of not more than three years.

(2) The director may either fine or debar a contractor based on a finding of one or more of the following causes:

(a) Conviction for commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of such contract or subcontract;

(b) Conviction or a final determination in a civil action under state or federal statutes of fraud, embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, violation of the federal false claims act, 31 U.S.C. Sec. 3729 et seq., or the state medicaid fraud

false claims act, chapter 74.66 RCW, or any other offense indicating a lack of business integrity or business honesty that currently, seriously, and directly affects responsibility as a state contractor;

(c) Conviction under state or federal antitrust statutes arising out of the submission of bids or proposals;

(d) Two or more violations within the previous five years of the federal labor relations act as determined by the national labor relations board or court of competent jurisdiction;

(e) Violation of contract provisions, as set forth in this subsection, of a character that is regarded by the director to be so serious as to justify debarment action:

(i) Deliberate failure without good cause to perform in accordance with the specifications or within the time limit provided in the contract; or

(ii) A recent record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts, however the failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor may not be considered to be a basis for debarment;

(f) Violation of ethical standards set forth in RCW 39.26.020;

(g) Any other cause the director determines to be so serious and compelling as to affect responsibility as a state contractor, including debarment by another governmental entity for any cause listed in regulations; and

(h) During the 2017-2019 fiscal biennium, the failure to comply with a provision in a state master contract or other agreement with a state agency that requires equality among its workers by ensuring similarly employed individuals are compensated as equals.

(3) The director must issue a written decision to debar. The decision must:

(a) State the reasons for the action taken; and

(b) Inform the debarred contractor of the contractor's rights to judicial or administrative review. [2017 3rd sp.s. c 1 § 996; 2015 c 44 § 1; 2013 2nd sp.s. c 34 § 1; 2012 c 224 § 22.]

40.14.026 Division of archives and records management—Competitive grant program to improve technology information systems for public records and related training—Review of program and training services—Public records request log—Agency reporting requirements—Duties of the joint legislative audit and review committee. (1) The division of archives and records management in the office of the secretary of state must establish and administer a competitive grant program for local agencies to improve technology information systems for public record retention, management, and disclosure, and any related training. The division of archives and records management may use up to six percent of amounts appropriated for the program for administration of the grant program. The program in this subsection ceases to exist June 30, 2020.

(2) Any local agency may apply to the grant program. The division of archives and records management in the office of the secretary of state must award grants annually. The division of archives and records management must consult with the chief information officer to develop the criteria for grant recipient selection with a preference given to small local governmental agencies based on the applicant agency's need and ability to improve its information technology systems for public record retention, management, and disclosure. The division of archives and records management may award grants for specific hardware, software, equipment, technology services management and training needs, indexing for local records and digital data, and other resources for improving information technology systems. Grants are provided for one-time investments and are not an ongoing source of revenue for operation or management costs. A grantee may not supplant local funding with grant funding provided by the office of the secretary of state. The program in this subsection ceases to exist June 30, 2020.

(3) The joint legislative audit and review committee must conduct a review of the attorney general's consultation program and the state archivist's training services created under section 4, chapter 303, Laws of 2017, and the local government competitive grant program created under this section. The log must be retained by the agency in accordance with the relevant record retention schedule established under this chapter, and shall be a public record subject to disclosure under chapter 42.56 RCW.

(5) To improve best practices for dissemination of public records, each agency with actual staff and legal costs associated with fulfilling public records requests of at least one hundred thousand dollars during the prior fiscal year must, and each agency with such estimated costs of less than one hundred thousand dollars during the prior fiscal year may, report to the joint legislative audit and review committee by July 1st of each subsequent year the following metrics, measured over the preceding year:

Chapter 40.26 RCW BIOMETRIC IDENTIFIERS

Sections

40.26.010	Finding.
40.26.020	Biometric identifiers—Notice and consent—Agencies—Use, storage, retention—Review—Definitions—Exceptions.

40.26.010 Finding. The legislature finds that the collection and use of personal information has been a practice of virtually all state agencies and programs. Advances in technology have given rise to new forms of data, such as email

and internet protocol (IP) addresses, which can be easily collected and stored along with traditional types of data such as names and dates of birth. One new form of personally identifiable information is biometric identifiers. The unique nature of this new type of personal data calls for additional guidance regarding its use by state agencies. [2017 c 306 § 1.]

40.26.020 Biometric identifiers—Notice and consent—Agencies—Use, storage, retention—Review—Definitions—Exceptions. (1) Unless authorized by law, an agency may not collect, capture, purchase, or otherwise obtain a biometric identifier without first providing notice and obtaining the individual's consent, as follows:

(a) The notice provided must clearly specify the purpose and use of the biometric identifier; and

(b) The consent obtained must be specific to the terms of the notice, and must be recorded and maintained by the agency for the duration of the retention of the biometric identifier.

(2) Any biometric identifier obtained by an agency:

(a) May not be sold;

(b) May only be used consistent with the terms of the notice and consent obtained under subsection (1) of this section, or as authorized by law; and

(c) May be shared, including with other state agencies or local governments, only:

(i) As needed to execute the purposes of the collection, consistent with the notice and consent obtained under subsection (1) of this section, or as authorized by law; or

(ii) If such sharing is specified within the original consent.

(3) An agency that collects, purchases, or otherwise obtains biometric identifiers must:

(a) Establish security policies that ensure the integrity and appropriate confidentiality of the biometric identifiers;

(b) Address biometric identifiers in the agency's privacy policies;

(c) Only retain biometric identifiers necessary to fulfill the original purpose and use, as specified in the notice and consent obtained under subsection (1) of this section, or as authorized by law;

(d) Set record retention schedules tailored to the original purpose of the collection of biometric identifiers;

(e) Otherwise minimize the review and retention of the biometric identifiers, consistent with state record retention requirements; and

(f) Design a biometric policy to ensure that the agency is minimizing the collection of biometric identifiers to the fewest number necessary to accomplish the agency mission.

(4) The use and storage of biometric identifiers obtained by an agency must comply with all other applicable state and federal laws and regulations, including the health insurance portability and accountability act (HIPAA), the family educational rights and privacy act (FERPA), regulations regarding data breach notifications and individual privacy protections, and any policies or standards published by the office of the chief information officer.

(5) Biometric identifiers may not be disclosed under the public records act, chapter 42.56 RCW.

(6) Agency policies, regulations, guidance, and retention schedules regarding biometric identifiers must be reviewed

annually to incorporate any new technology, as appropriate, and respond to citizen complaints.

(7) The definitions in this subsection apply throughout this section unless the context requires otherwise.

(a) "Agency" means every state office, department, division, bureau, board, commission, or other state agency.

(b) "Biometric identifier" means any information, regardless of how it is captured, converted, stored, or shared, based on an individual's retina or iris scan, fingerprint, voiceprint, DNA, or scan of hand or face geometry, except when such information is derived from:

(i) Writing samples, written signatures, photographs, human biological samples used for valid scientific testing or screening, demographic data, tattoo descriptions, or physical descriptions such as height, weight, hair color, or eye color;

(ii) Donated organ tissues or parts, or blood or serum stored on behalf of recipients or potential recipients of living or cadaveric transplants and obtained or stored by a federally designated organ procurement agency;

(iii) Information captured from a patient in a health care setting or information collected, used, or stored for health care treatment, payment, or operations under the federal health insurance portability and accountability act of 1996; or

(iv) X-ray, roentgen process, computed tomography, magnetic resonance imaging (MRI), positron emission tomography (PET) scan, mammography, or other image or film of the human anatomy used to diagnose, develop a prognosis for, or treat an illness or other medical condition or to further validate scientific testing or screening.

(8) Subsection (1) of this section does not apply to general authority Washington law enforcement agencies, as defined under RCW 10.93.020.

(9)(a) For purposes of the restrictions and obligations in subsection (1) of this section, "biometric identifier" does not include fingerprints or DNA for the following:

(i) Limited authority Washington law enforcement agencies, as defined under RCW 10.93.020;

(ii) Agencies authorized by statute to confine a person involuntarily, or to petition for such confinement; and

(iii) The attorney general's office when obtaining or using biometric identifiers is necessary for law enforcement, legal advice, or legal representation.

(b) When an agency listed under (a) of this subsection has a need to collect, capture, purchase, or otherwise obtain a biometric identifier other than a fingerprint or DNA to fulfill a purpose authorized by law, for either an individual circumstance or a categorical circumstance, the requirements of subsection (1) of this section are waived upon such agency providing prompt written notice to the state's chief privacy officer and to the appropriate committees of the legislature, stating the type of biometric identifier at issue and the general circumstances requiring the waiver. [2017 2nd sp.s. c 1 § 1; 2017 c 306 § 2.]

Effective date—2017 2nd sp.s. c 1: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect on the date that Substitute House Bill No. 1717 takes effect [July 23, 2017]." (c) Strive to integrate purchasing for all publicly sponsored health services in order to maximize the cost control potential and promote the most efficient methods of financing and coordinating services;

(d) Consult regularly with the governor, the legislature, and state agency directors whose operations are affected by the implementation of this section; and

(7) This section does not require the plan to reimburse:

(a) An originating site for professional fees;

Effective date—2015 c 23 §§ 2-4: "Sections 2 through 4 of this act take effect January 1, 2017." [2015 c 23 § 7.]

Adoption of sections—2015 c 23 §§ 2-4: "The legislature encourages health plans to adopt the requirements of sections 2 through 4 of this act prior to January 1, 2017. (i) The basic salary the member would have received had such member not served in the legislature; or

(ii) Such member's actual basic salary received for non-legislative public employment and legislative service combined. Any additional contributions to the retirement system required because basic salary under (b)(i) of this subsection is greater than basic salary under (b)(ii) of this subsection shall be paid by the member for both member and employer contributions.

(5)(a) "Beneficiary" for plan 1 members, means any person in receipt of a retirement allowance, disability allowance, death benefit, or any other benefit described herein.

(b) "Beneficiary" for plan 2 members, means any person in receipt of a retirement allowance or other benefit provided by this chapter resulting from service rendered to an employer by another person.

- (iii) A posthumous child;
- (iv) A child legally adopted or made a legal ward of a member prior to the date benefits are payable under this chapter; or

For the purposes of this chapter service shall also include service in the armed forces of the United States as provided in RCW 41.26.190. Credit shall be allowed for all service credit months of service rendered by a member from and after the member's initial commencement of employment as a firefighter or law enforcement officer, during which the member worked for seventy or more hours, or was on disability leave or disability retirement. (b) "Service" for plan 2 members, means periods of employment by a member for one or more employers for which basic salary is earned for ninety or more hours per calendar month which shall constitute a service credit month. Periods of employment by a member for one or more employers for which basic salary is earned for at least seventy hours but less than ninety hours per calendar month shall constitute one-half service credit month. Periods of employment by a member for one or more employers for which basic salary is earned for less than seventy hours shall constitute a one-quarter service credit month.

Members of the retirement system who are elected or appointed to a state elective position may elect to continue to be members of this retirement system.

Service credit years of service shall be determined by dividing the total number of service credit months of service by twelve. Any fraction of a service credit year of service as so determined shall be taken into account in the computation of such retirement allowance or benefits.

If a member receives basic salary from two or more employers during any calendar month, the individual shall receive one service credit month's service credit during any calendar month in which multiple service for ninety or more

hours is rendered; or one-half service credit month's service credit during any calendar month in which multiple service for at least seventy hours but less than ninety hours is rendered; or one-quarter service credit month during any calendar month in which multiple service for less than seventy hours is rendered.

Purpose—Application—2012 c 236: "(1) On August 18, 2011, the state supreme court entered an opinion in the matter of *Dolan v. King County*, Cause No. 82842-3. The court recognized that a public employees' retirement system eligible employee must work for a public employees' retirement system employer under RCW 41.40.010. However, the court did not explain how such an employee can be an employee of a government contractor and also of a government employer. The legislature determines it necessary and appropriate to affirmatively state that a governmental contractor is not an employer for purposes of the state's public pension systems, including the public employees' retirement system, whether or not the contractor is providing mandatory or discretionary governmental services, and whether or not the contractor is a for-profit or not-for-profit entity.

(2) The legislature has not intended in its pension legislation to provide retirement system eligibility to employees of government contractors. Only in specific circumstances, such as employees of entities, including nonprofits, created by government under the interlocal cooperation act in chapter 39.34 RCW, has the legislature and department of retirement systems permitted retirement system eligibility for employees of government contractors. The department's rules in WAC 415-02-110 conform to the purpose and intent of the legislature regarding public pension eligibility.

(3) It is the purpose of this act to more clearly state and to confirm that employees of for-profit or not-for-profit corporations or other entities providing services under governmental contracts are not, as a result of providing such governmental service, eligible for membership in the various public retirement programs. The state and its local governments have not provided for such eligibility and such eligibility would create unfunded liability for state and local governments and potential impacts on the integrity of the public pension systems.

(4) This act provides cross-references to existing statutes that affect eligibility for pensions under the retirement systems authorized by chapters 41.26, 41.32, 41.35, 41.37, 41.40, and 41.50 RCW and to the relevant definition sections of those chapters. Except as provided, this act is technical in nature and neither enhances nor diminishes existing pension rights. It is not the intent of the legislature to change the substance or effect of any statute previously enacted. Rather, this act provides cross-references to applicable statutes in order to aid with the administration of eligibility and benefits authorized in chapters 41.26, 41.32, 41.35, 41.37, 41.40, and 41.50 RCW.

(5) This act shall apply solely to eligibility for state-sponsored public employee pension plans under chapters 41.26, 41.32, 41.35, 41.37, and 41.40 RCW and shall not affect any other statute or rule regarding employee benefits, status, or workplace protections.

(6) This act is curative and remedial, but does not affect the state supreme court decision in *Dolan v. King County*, Cause No. 82842-3, and the right established therein of King county public defenders and staff to public employees' retirement system enrollment and eligibility." [2012 c 236 § 1.]

Sec. 457 and any other requirements of federal law relating to such a deferred compensation plan. This act shall be construed in such a manner as to accomplish this purpose." [1981 c 256 § 1.]

Purpose—1971 ex.s. c 257: "It is the purpose of this act to provide minimum medical and health standards for membership coverage into the Washington law enforcement officers' and firefighters' retirement system act, for the improvement of the public service, and to safeguard the integrity and actuarial soundness of their pension systems, and to improve their retirement and pension systems and related provisions." (b) The service is provided, whether directly or indirectly, to an entity that is not an "employer" under RCW 41.26.030(14)(b);

the employer shall contribute both the employer and state shares of the cost of the retirement system contributions for that compensation. Nothing in this subsection prevents an employer from recovering the cost of the contribution from the entity receiving services from the member. (ii) Upon full payment of employee contributions for the elected period of service the department of retirement systems must:

(A) Credit the member with the service; and

(B) Bill the employer for the employer contributions it would have paid if such member had been participating in the retirement system at the time of such service. The amount billed to the employer by the department of retirement systems must be reduced by the amount of any employer contributions to an employee's retirement account prior to January 1, 2016, not to exceed three percent of the member's basic salary from July 1, 2005, through December 31, 2015.

(iii) The employer shall pay the required amount prior to July 1, 2028.

(I) A member who elects to transfer service credit under this subsection (1)(b) shall pay, for the applicable period of service, the difference between the contributions the employee paid to the public employees' retirement system plan and the contributions that would have been paid by the employee had the employee been a member of the law enforcement officers' and firefighters' retirement system plan 2, plus interest on this difference as determined by the director.

(II) The payment under (a) of this subsection must be made no later than five years from the effective date of the election and must be made prior to retirement, except as provided under RCW 41.26.546.

(2) Upon transfer or establishment of service credit, contributions, and interest under this section, the employee is permanently excluded from membership in the public employees' retirement system for all service transfers related to their time served as an emergency medical technician under the public employees' retirement system.

(2) If a member's obligation under RCW 41.26.545 has not been paid in full at the time of death or disability retirement, the member, or in the case of death the surviving spouse or eligible minor children, have the following options:

(a) Pay the bill in full;

(b) If a continuing monthly benefit is chosen, have the benefit actuarially reduced to reflect the amount of the unpaid obligation under RCW 41.26.545; or

(c) Continue to make payment against the obligation under RCW 41.26.545, provided that payment in full is made no later than five years from the member's original election date. [2017 c 309 § 3.]

Chapter 41.37 RCW

WASHINGTON PUBLIC SAFETY EMPLOYEES' RETIREMENT SYSTEM

Sections

41.37.300 Election to transfer public employees' retirement system service credit—Eligibility—Retroactive to July 1, 2006.

41.37.300 Election to transfer public employees' retirement system service credit—Eligibility—Retroactive to July 1, 2006. (1) An employee may elect to have their public employees' retirement system service credit transferred to the public safety employees' retirement system if:

(a) They worked under a written employment contract prior to January 1, 2017, that defined full-time as less than one hundred sixty hours per month;

(b) Other than the full-time requirement under RCW 41.37.010(19), have met all membership requirements for the public safety employees' retirement system under RCW 41.37.010(19);

(c) Their employer incorrectly reported the employee's service in the public safety employees' retirement system instead of the public employees' retirement system; and

(d) All contributions required for past periods of service established under this subsection are paid to the department, as follows:

(i) A member who elects to transfer service credit under this subsection shall pay, for the applicable period of service, the difference between the contributions the employee paid to the public employees' retirement system and the contributions that would have been paid by the employee had the employee been a member of the public safety employees' retirement system.

(ii) Employer contributions shall be paid by the employer and calculated by the department equal to the difference between the contributions the employer paid to the public employees' retirement system and the contributions that would have been paid by the employer had the employee been a member of the public safety employees' retirement system.

(2) This section applies retroactively to July 1, 2006.

(3) All employees who elect to have their public employees' retirement system service credit transferred to the public safety employees' retirement system under this section shall

continue to have their service credit reported in the public safety employees' retirement system so long as:

(a) They remain with their current employer in an otherwise public safety employees' retirement system eligible position; and

(b) Continue to work under a written employment contract that defines full-time as less than one hundred sixty hours per month, but at least one hundred forty hours per month. [2017 c 143 § 2.]

Intent—2017 c 143: "Since the establishment of the public safety employees' retirement system in 2006, some employees have been reported by employers as members of that retirement system even though they did not work what is normally considered full-time for the purposes of determining plan membership under RCW 41.37.010(19) due to written employment agreements that defined full-time differently. As a result, some employees who believed they were in the public safety employees' retirement system have been, or will be, moved into the public employees' retirement system that has different plan provisions and, generally, a later retirement date. The legislature intends that section 2 of this act only applies to those employees who believed they were in the public safety employees' retirement system and have been, or will be, moved into the public employees' retirement system, as described in this section." [2017 c 143 § 1.]

41.56.500 School district collective bargaining agreements. (1) All collective bargaining agreements entered into between a school district employer and school district employees under this chapter after June 10, 2010, as well as bargaining agreements existing on June 10, 2010, but

renewed or extended after June 10, 2010, shall be consistent with RCW 28A.657.050.

(2) All collective bargaining agreements entered into between a school district employer and school district employees under this chapter shall be consistent with RCW 28A.400.280 and 28A.400.350.

(3) Employee bargaining shall be initiated after July 1, 2018, over the dollar amount to be contributed for school employee health benefits beginning January 1, 2020, on behalf of each employee for health care benefits. Bargaining must subsequently be conducted in even-numbered years between the governor or governor's designee and one coalition of all the exclusive bargaining representatives impacted by benefit purchasing with the school employees' benefits board established in RCW 41.05.740, consistent with RCW 28A.400.280 and 28A.400.350. The coalition bargaining must follow the model initially established for state employees in RCW 41.80.020.

(4) The governor shall submit a request for funds necessary to implement the collective bargaining agreement for the dollar amount to be expended for school employee health benefits, or for legislation necessary to implement the agreement. A request for funds shall not be submitted to the legislature by the governor unless such request:

(a) Has been submitted to the director of the office of financial management by October 1st prior to the legislative session at which the request is to be considered; and

(b) Has been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds. The legislature shall not consider a request for funds unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060.

If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement. However, if the director of the office of financial management does not certify a request under this section as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the health care benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement. [2017 3rd sp.s. c 13 § 817; 2010 c 235 § 802.]

Intent—2017 3rd sp.s. c 13: See note following RCW 28A.150.410.

Finding—2010 c 235: See note following RCW 28A.405.245.

41.56.510 Application of chapter to language access providers—Governor as public employer—Procedure—Intent. (Effective July 1, 2018.) (1) In addition to the entities listed in RCW 41.56.020, this chapter applies to the governor with respect to language access providers. Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the

public employer of language access providers who, solely for the purposes of collective bargaining, are public employees. The governor or the governor's designee shall represent the public employer for bargaining purposes.

(2) There shall be collective bargaining, as defined in RCW 41.56.030, between the governor and language access providers, except as follows:

(a) A statewide unit of all language access providers is the only unit appropriate for purposes of collective bargaining under RCW 41.56.060;

(b) The exclusive bargaining representative of language access providers in the unit specified in (a) of this subsection shall be the representative chosen in an election conducted pursuant to RCW 41.56.070.

Bargaining authorization cards furnished as the showing of interest in support of any representation petition or motion for intervention filed under this section are exempt from disclosure under chapter 42.56 RCW;

(c) Notwithstanding the definition of "collective bargaining" in RCW 41.56.030(4), the scope of collective bargaining for language access providers under this section is limited solely to: (i) Economic compensation, such as the manner and rate of payments; (ii) professional development and training; (iii) labor-management committees; and (iv) grievance procedures. Retirement benefits are not subject to collective bargaining. By such obligation neither party may be compelled to agree to a proposal or be required to make a concession unless otherwise provided in this chapter;

(d) In addition to the entities listed in the mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480, the provisions apply to the governor or the governor's designee and the exclusive bargaining representative of language access providers, except that:

(i) In addition to the factors to be taken into consideration by an interest arbitration panel under RCW 41.56.465, the panel shall consider the financial ability of the state to pay for the compensation and benefit provisions of a collective bargaining agreement;

(ii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and benefit provisions of the arbitrated collective bargaining agreement, the decision is not binding on the state;

(e) Language access providers do not have the right to strike.

(3) Language access providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state for any other purpose. This section applies only to the governance of the collective bargaining relationship between the employer and language access providers as provided in subsections (1) and (2) of this section.

(4) Each party with whom the department of social and health services or the department of children, youth, and families contracts for language access services and each of their subcontractors shall provide to the department an accurate list of language access providers, as defined in RCW 41.56.030, including their names, addresses, and other contact information, annually by January 30th, except that initially the lists must be provided within thirty days of June 10, 2010. The department shall, upon request, provide a list of all

language access providers, including their names, addresses, and other contact information, to a labor union seeking to represent language access providers.

(5) This section does not create or modify:

(a) The department's obligation to comply with the federal statute and regulations; and

(b) The legislature's right to make programmatic modifications to the delivery of state services under chapter 74.04 RCW. The governor may not enter into, extend, or renew any agreement under this chapter that does not expressly reserve the legislative rights described in this subsection.

(6) Upon meeting the requirements of subsection (7) of this section, the governor must submit, as a part of the proposed biennial or supplemental operating budget submitted to the legislature under RCW 43.88.030, a request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section or for legislation necessary to implement the agreement.

(7) A request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section may not be submitted by the governor to the legislature unless the request has been:

(a) Submitted to the director of financial management by October 1st prior to the legislative session at which the requests are to be considered, except that, for initial negotiations under this section, the request may not be submitted before July 1, 2011; and

(b) Certified by the director of financial management as financially feasible for the state or reflective of a binding decision of an arbitration panel reached under subsection (2)(d) of this section.

(8) The legislature must approve or reject the submission of the request for funds as a whole. If the legislature rejects or fails to act on the submission, any collective bargaining agreement must be reopened for the sole purpose of renegotiating the funds necessary to implement the agreement.

(9) If, after the compensation and benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(10) After the expiration date of any collective bargaining agreement entered into under this section, all of the terms and conditions specified in the agreement remain in effect until the effective date of a subsequent agreement, not to exceed one year from the expiration date stated in the agreement.

(11) In enacting this section, the legislature intends to provide state action immunity under federal and state anti-trust laws for the joint activities of language access providers and their exclusive bargaining representative to the extent the activities are authorized by this chapter. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state." [2010 c 296 § 9.]

41.56.800 School district collective bargaining agreements—Classified staff—Restrictions during the 2018-19 school year. (Expires August 31, 2019.) (b) The chair and ranking minority member of the house appropriations committee, or its successor, representing each of the two largest caucuses;

(c) Two members with leadership positions in the senate, representing each of the two largest caucuses;

(d) The chair and ranking minority member of the senate ways and means committee, or its successor, representing each of the two largest caucuses; and

(e) One nonvoting member, appointed by the governor, representing the office of financial management.

(2) The committee shall elect a chairperson and a vice chairperson.

(3) The governor or a designee shall convene meetings of the committee. The committee must meet at least six times, generally every two months, for the purpose of consulting

[2017 RCW Supp—page 392]

with the governor or the governor's designee and institutions of higher education on matters related to collective bargaining with state employees conducted under the authority of this chapter and chapters 41.56, 47.64, and 74.39A RCW. The governor or the governor's designee or the institution of higher education may not share internal bargaining notes.

(4) In years when master collective bargaining agreements are negotiated, the committee must meet prior to the start of bargaining to identify goals and objectives for public employee collective bargaining that the governor may take into consideration during negotiations.

(5) One meeting must be convened following the governor's budget submittal to the legislature to consult with the committee regarding the appropriations necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreements and to advise the committee on the elements of the agreements and on any legislation necessary to implement the agreements.

(6) The committee shall, by a majority of the members, adopt rules to govern its conduct as may be necessary or appropriate, including reasonable procedures for calling and conducting meetings of the committee, ensuring reasonable advance notice of each meeting, and providing for the right of the public to attend each such meeting with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and confidential information used or to be used in collective bargaining, including the specific details of bargaining proposals.

(7) The committee may, by a majority of the members, meet more or less frequently. A quorum of the joint committee is not required for the meeting to take place. Meetings may take place by conference telephone or similar communications equipment so that all persons participating in the meeting can hear each other at the same time. Participation by that method constitutes presence in person at a meeting. [2017 3rd sp.s. c 23 § 2.]

41.80.010 Negotiation and ratification of collective bargaining agreements—Funding to implement modification of certain collective bargaining agreements. (1) For the purpose of negotiating collective bargaining agreements under this chapter, the employer shall be represented by the governor or governor's designee, except as provided for institutions of higher education in subsection (4) of this section.

(2)(a) If an exclusive bargaining representative represents more than one bargaining unit, the exclusive bargaining representative shall negotiate with each employer representative as designated in subsection (1) of this section one master collective bargaining agreement on behalf of all the employees in bargaining units that the exclusive bargaining representative represents. For those exclusive bargaining representatives who represent fewer than a total of five hundred employees each, negotiation shall be by a coalition of all those exclusive bargaining representatives. The coalition shall bargain for a master collective bargaining agreement covering all of the employees represented by the coalition. The governor's designee and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of agency-specific issues for inclusion in or as an addendum to the master collective bargaining agreement, subject to the parties' agreement regarding the

issues and procedures for supplemental bargaining. This section does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(b) This subsection (2) does not apply to exclusive bargaining representatives who represent employees of institutions of higher education, except when the institution of higher education has elected to exercise its option under subsection (4) of this section to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(c) If five hundred or more employees of an independent state elected official listed in RCW 43.01.010 are organized in a bargaining unit or bargaining units under RCW 41.80.070, the official shall be consulted by the governor or the governor's designee before any agreement is reached under (a) of this subsection concerning supplemental bargaining of agency specific issues affecting the employees in such bargaining unit.

(3) The governor shall submit a request for funds necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreement or for legislation necessary to implement the agreement. Requests for funds necessary to implement the provisions of bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(a) Have been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the requests are to be considered; and

(b) Have been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds as a whole. The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(4)(a)(i) For the purpose of negotiating agreements for institutions of higher education, the employer shall be the respective governing board of each of the universities, colleges, or community colleges or a designee chosen by the board to negotiate on its behalf.

(ii) A governing board of a university or college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section, except that:

(A) The governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of a university or college that the representative represents; or

(B) If the parties mutually agree, the governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agree-

ment for all of the bargaining units of employees of more than one university or college that the representative represents.

(iii) A governing board of a community college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit's initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(6) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(7) For the 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating appropriations act by the sitting legislature.

(8)(a) For the 2015-2017 fiscal biennium, the governor may request funds to implement:

(i) Modifications to collective bargaining agreements as set forth in a memorandum of understanding negotiated between the employer and the service employees international union healthcare 1199nw, an exclusive bargaining representative, that was necessitated by an emergency situation or an imminent jeopardy determination by the center for medicare and medicaid services that relates to the safety or health of the clients, employees, or both the clients and employees.

(ii) Unilaterally implemented modifications to collective bargaining agreements, resulting from the employer being prohibited from negotiating with an exclusive bargaining representative due to a pending representation petition, necessitated by an emergency situation or an imminent jeopardy determination by the center for medicare and medicaid services that relates to the safety or health of the clients, employees, or both the clients and employees.

(iii) Modifications to collective bargaining agreements as set forth in a memorandum of understanding negotiated between the employer and the union of physicians of Washington, an exclusive bargaining representative, that was necessitated by an emergency situation or an imminent jeopardy

ard determination by the center for medicare and medicaid services that relates to the safety or health of the clients, employees, or both the clients and employees. If the memorandum of understanding submitted to the legislature as part of the governor's budget document is rejected by the legislature, and the parties reach a new memorandum of understanding by June 30, 2016, within the funds, conditions, and limitations provided in section 204, chapter 36, Laws of 2016 sp. sess., the new memorandum of understanding shall be considered approved by the legislature and may be retroactive to December 1, 2015.

(iv) Modifications to collective bargaining agreements as set forth in a memorandum of understanding negotiated between the employer and the teamsters union local 117, an exclusive bargaining representative, for salary adjustments for the state employee job classifications of psychiatrist, psychiatric social worker, and psychologist.

(b) For the 2015-2017 fiscal biennium, the legislature may act upon the request for funds for modifications to a 2015-2017 collective bargaining agreement under (a)(i), (ii), (iii), and (iv) of this subsection if funds are requested by the governor before final legislative action on the supplemental omnibus appropriations act by the sitting legislature.

(c) The request for funding made under this subsection and any action by the legislature taken pursuant to this subsection is limited to the modifications described in this subsection and may not otherwise affect the original terms of the 2015-2017 collective bargaining agreement.

(d) Subsection (3)(a) and (b) of this section do not apply to requests for funding made pursuant to this subsection. [2017 3rd sp.s. c 23 § 3; 2016 sp.s. c 36 § 923; 2013 2nd sp.s. c 4 § 971. Prior: 2011 1st sp.s. c 50 § 938; 2011 c 344 § 1; 2010 c 104 § 1; 2002 c 354 § 302.]

Sections

42.30.035	Minutes.
42.30.110	Executive sessions.

42.30.035 Minutes. The minutes of all regular and special meetings except executive sessions of such boards, commissions, agencies or authorities shall be promptly recorded and such records shall be open to public inspection. [1953 c 216 § 3. Formerly RCW 42.32.030.]

42.30.110 Executive sessions. (1) Nothing contained in this chapter may be construed to prevent a governing body from holding an executive session during a regular or special meeting:

(a)(i) To consider matters affecting national security;

(ii) To consider, if in compliance with any required data security breach disclosure under RCW 19.255.010 and 42.56.590, and with legal counsel available, information

regarding the infrastructure and security of computer and telecommunications networks, security and service recovery plans, security risk assessments and security test results to the extent that they identify specific system vulnerabilities, and other information that if made public may increase the risk to the confidentiality, integrity, or availability of agency security or to information technology infrastructure or assets;

(b) To consider the selection of a site or the acquisition of real estate by lease or purchase when public knowledge regarding such consideration would cause a likelihood of increased price;

(c) To consider the minimum price at which real estate will be offered for sale or lease when public knowledge regarding such consideration would cause a likelihood of decreased price. However, final action selling or leasing public property shall be taken in a meeting open to the public;

(d) To review negotiations on the performance of publicly bid contracts when public knowledge regarding such consideration would cause a likelihood of increased costs;

(e) To consider, in the case of an export trading company, financial and commercial information supplied by private persons to the export trading company;

(f) To receive and evaluate complaints or charges brought against a public officer or employee. However, upon the request of such officer or employee, a public hearing or a meeting open to the public shall be conducted upon such complaint or charge;

(g) To evaluate the qualifications of an applicant for public employment or to review the performance of a public employee. However, subject to RCW 42.30.140(4), discussion by a governing body of salaries, wages, and other conditions of employment to be generally applied within the agency shall occur in a meeting open to the public, and when a governing body elects to take final action hiring, setting the salary of an individual employee or class of employees, or discharging or disciplining an employee, that action shall be taken in a meeting open to the public;

(h) To evaluate the qualifications of a candidate for appointment to elective office. However, any interview of such candidate and final action appointing a candidate to elective office shall be in a meeting open to the public;

(i) To discuss with legal counsel representing the agency matters relating to agency enforcement actions, or to discuss with legal counsel representing the agency litigation or potential litigation to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party, when public knowledge regarding the discussion is likely to result in an adverse legal or financial consequence to the agency.

This subsection (1)(i) does not permit a governing body to hold an executive session solely because an attorney representing the agency is present. For purposes of this subsection (1)(i), "potential litigation" means matters protected by RPC 1.6 or RCW 5.60.060(2)(a) concerning:

(i) Litigation that has been specifically threatened to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party;

(ii) Litigation that the agency reasonably believes may be commenced by or against the agency, the governing body, or a member acting in an official capacity; or

(iii) Litigation or legal risks of a proposed action or current practice that the agency has identified when public discussion of the litigation or legal risks is likely to result in an adverse legal or financial consequence to the agency;

(j) To consider, in the case of the state library commission or its advisory bodies, western library network prices, products, equipment, and services, when such discussion would be likely to adversely affect the network's ability to conduct business in a competitive economic climate. However, final action on these matters shall be taken in a meeting open to the public;

(k) To consider, in the case of the state investment board, financial and commercial information when the information relates to the investment of public trust or retirement funds and when public knowledge regarding the discussion would result in loss to such funds or in private loss to the providers of this information;

(l) To consider proprietary or confidential nonpublished information related to the development, acquisition, or implementation of state purchased health care services as provided in RCW 41.05.026;

(m) To consider in the case of the life sciences discovery fund authority, the substance of grant applications and grant awards when public knowledge regarding the discussion would reasonably be expected to result in private loss to the providers of this information;

(n) To consider in the case of a health sciences and services authority, the substance of grant applications and grant awards when public knowledge regarding the discussion would reasonably be expected to result in private loss to the providers of this information.

(2) Before convening in executive session, the presiding officer of a governing body shall publicly announce the purpose for excluding the public from the meeting place, and the time when the executive session will be concluded. The executive session may be extended to a stated later time by announcement of the presiding officer. Chapter 42.40 RCW STATE EMPLOYEE WHISTLEBLOWER PROTECTION

Sections

42.40.010 Policy.
42.40.020 Definitions.

42.40.010 Policy. It is the policy of the legislature that employees should be encouraged to disclose, to the extent not expressly prohibited by law, improper governmental actions, and it is the intent of the legislature to protect the rights of state employees making these disclosures, regardless of whether an investigation is initiated under RCW 42.40.040. It is also the policy of the legislature that employees should be encouraged to identify rules warranting review or provide information to the rules review committee, and it is the intent of the legislature to protect the rights of these employees. [2017 c 44 § 1; 1995 c 403 § 508; 1982 c 208 § 1.]

Findings—Short title—Intent—1995 c 403: See note following RCW 34.05.328.

42.40.020 Definitions. As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly requires otherwise.

- (1) "Auditor" means the office of the state auditor.
- (2) "Employee" means any individual employed or holding office in any department or agency of state government.
- (3) "Good faith" means the individual providing the information or report of improper governmental activity has a reasonable basis in fact for reporting or providing the information. An individual who knowingly provides or reports, or who reasonably ought to know he or she is providing or reporting, malicious, false, or frivolous information, or information that is provided with reckless disregard for the truth, or who knowingly omits relevant information is not acting in good faith.
- (4) "Gross mismanagement" means the exercise of management responsibilities in a manner grossly deviating from the standard of care or competence that a reasonable person would observe in the same situation.
- (5) "Gross waste of funds" means to spend or use funds or to allow funds to be used without valuable result in a manner grossly deviating from the standard of care or competence that a reasonable person would observe in the same situation.
- (6)(a) "Improper governmental action" means any action by an employee undertaken in the performance of the employee's official duties:
 - (i) Which is a gross waste of public funds or resources as defined in this section;
 - (ii) Which is in violation of federal or state law or rule, if the violation is not merely technical or of a minimum nature;
 - (iii) Which is of substantial and specific danger to the public health or safety;
 - (iv) Which is gross mismanagement;
 - (v) Which prevents the dissemination of scientific opinion or alters technical findings without scientifically valid justification, unless state law or a common law privilege prohibits disclosure. This provision is not meant to preclude the discretion of agency management to adopt a particular scientific opinion or technical finding from among differing opinions or technical findings to the exclusion of other scientific opinions or technical findings. Nothing in this subsection prevents or impairs a state agency's or public official's ability to manage its public resources or its employees in the performance of their official job duties. This subsection does not apply to de minimis, technical disagreements that are not relevant for otherwise improper governmental activity. Nothing in this provision requires the auditor to contract or consult

with external experts regarding the scientific validity, invalidity, or justification of a finding or opinion; or

(vi) Which violates the administrative procedure act or analogous provisions of law that prohibit ex parte communication regarding cases or matters pending in which an agency is party between the agency's employee and a presiding officer, hearing officer, or an administrative law judge. The availability of other avenues for addressing ex parte communication by agency employees does not bar an investigation by the auditor.

(b) "Improper governmental action" does not include personnel actions, for which other remedies exist, including but not limited to employee grievances, complaints, appointments, promotions, transfers, assignments, reassignments, reinstatements, restorations, reemployments, performance evaluations, reductions in pay, dismissals, suspensions, demotions, violations of the state civil service law, alleged labor agreement violations, reprimands, claims of discriminatory treatment, or any action which may be taken under chapter 41.06 RCW, or other disciplinary action except as provided in RCW 42.40.030.

(7) "Public official" means the attorney general's designee or designees; the director, or equivalent thereof in the agency where the employee works; an appropriate number of individuals designated to receive whistleblower reports by the head of each agency; or the executive ethics board.

(8) "Substantial and specific danger" means a risk of serious injury, illness, peril, or loss, to which the exposure of the public is a gross deviation from the standard of care or competence which a reasonable person would observe in the same situation.

Findings—Intent—2008 c 266: "The legislature finds and declares that government exists to conduct the people's business, and the people remaining informed about the actions of government contributes to the oversight of how the people's business is conducted. The legislature further finds that many public servants who expose actions of their government that are contrary to the law or public interest face the potential loss of their careers and livelihoods.

It is the policy of the legislature that employees should be encouraged to disclose, to the extent not expressly prohibited by law, improper governmental actions, and it is the intent of the legislature to protect the rights of state employees making these disclosures. It is also the policy of the legislature that employees should be encouraged to identify rules warranting review or provide information to the rules review committee, and it is the intent of the legislature to protect the rights of these employees.

This act shall be broadly construed in order to effectuate the purpose of this act." [2008 c 266 § 1.]

Findings—Short title—Intent—1995 c 403: See note following RCW 34.05.328.

42.45.160 Stamping device—Security. (Effective July 1, 2018.) (1)

A notary public is responsible for the security of the notary public's stamping device and may not allow another individual to use the device to perform a notarial act. On resignation from, or the revocation or expiration of, the notary public's commission, or on the expiration of the date set forth in the stamping device, the notary public shall disable the stamping device by destroying, defacing, damaging, erasing, or securing it against use in a manner that renders it unusable. The notary public shall retain the journal for ten years after the performance of the last notarial act chronicled in the journal. The journal is to be destroyed as required by the director in rule upon completion of the ten-year period.

(2) Notwithstanding any other provision of this chapter requiring a notary public to maintain a journal, a notary pub-

The journal must be a permanent, bound register with numbered pages. - (c) The full name and address of each individual for whom the notarial act is performed; and
- (d) Any additional information as required by the director in rule.

(5) The journal shall be kept in a locked and secured area, under the direct and exclusive control of the notary public. Failure to secure the journal may be cause for the director to take administrative action against the commission held by the notary public. If a notary public's journal is lost or stolen, the notary public promptly shall notify the department on discovering that the journal is lost or stolen.

(6) On resignation from, or the revocation or suspension of, a notary public's commission, the notary public shall retain the notary public's journal in accordance with subsection (1) of this section and inform the department where the journal is located. [2017 c 281 § 20.]

42.45.190 Notarial acts on electronic records—Technology—Notification—Standards. (Effective July 1, 2018.) (1) A notary public may not perform notarial acts with respect to electronic records unless the notary public holds a commission as an electronic records notary public.

(2) An electronic records notary public may select one or more tamper-evident technologies to perform notarial acts with respect to electronic records that meet the standards provided in subsection (4) of this section. A person cannot require an electronic records notary public to perform a notarial act with respect to an electronic record with a technology that the notary public has not selected.

(3) Before an electronic records notary public performs the notary public's initial notarial act with respect to an electronic record, an electronic records notary public shall notify the department that he or she will be performing notarial acts with respect to electronic records and identify the technology the electronic records notary public intends to use.

(4) The director shall establish standards for approval of technology in rule. If the technology conforms to the standards, the director shall approve the use of the technology. [2017 c 281 § 21.]

42.45.200 Commission—Qualifications—Oath—Surety bond—Commission term—Electronic records

notary public. (Effective July 1, 2018.) (1) An individual qualified under subsection (2) of this section may apply to the director for a commission as a notary public. The applicant shall comply with and provide the information required by rules established by the director and pay any application fee.

(2) An applicant for a commission as a notary public must:

- (a) Be at least eighteen years of age;
- (b) Be a citizen or permanent legal resident of the United States;
- (c) Be a resident of or have a place of employment or practice in this state;
- (d) Be able to read and write English; and
- (e) Not be disqualified to receive a commission under RCW 42.45.210.

(3) Before issuance of a commission as a notary public, an applicant for the commission shall execute an oath of office and submit it to the department in the format prescribed by the director in rule.

(4) Before issuance of a commission as a notary public, the applicant for a commission shall submit to the director an assurance in the form of a surety bond in the amount established by the director in rule. The assurance must be issued by a surety or other entity licensed or authorized to write surety bonds in this state. The assurance must be effective for a four-year term or for a term that expires on the date the notary public's commission expires. The assurance must cover acts performed during the term of the notary public's commission and must be in the form prescribed by the director. If a notary public violates law with respect to notaries public in this state, the surety or issuing entity is liable under the assurance. The surety or issuing entity shall give at least thirty days' notice to the department before canceling the assurance. The surety or issuing entity shall notify the department not later than thirty days after making a payment to a claimant under the assurance. A notary public may perform notarial acts in this state only during the period that a valid assurance is on file with the department.

(5) On compliance with this section, the director shall issue a commission as a notary public to an applicant for a term of four years or for a term that expires on the date of expiration of the assurance, whichever comes first.

(6) A commission to act as a notary public authorizes the notary public to perform notarial acts. The commission does not provide the notary public any immunity or benefit conferred by law of this state on public officials or employees.

(7) An individual qualified under (a) of this subsection may apply to the director for a commission as an electronic records notary public. The applicant shall comply with and provide the information required by rules established by the director and pay the relevant application fee.

(a) An applicant for a commission as an electronic records notary public must hold a commission as notary public.

(b) An electronic records notary public commission may take the form of an endorsement to the notary public commission if deemed appropriate by the director. [2017 c 281 § 22.]

42.45.210 Grounds to deny, refuse to renew, revoke, suspend, or condition commission of notary public. (Effective July 1, 2018.) (1) In addition to conduct defined

as unprofessional under RCW 18.235.130, the director may take action as provided for in RCW 18.235.110 against a commission as notary public for any act or omission that demonstrates the individual lacks the honesty, integrity, competence, or reliability to act as a notary public, including:

- (a) Failure to comply with this chapter;
 - (b) A fraudulent, dishonest, or deceitful misstatement or omission in the application for a commission as a notary public submitted to the department;
 - (c) A conviction of the applicant or notary public of any felony or crime involving fraud, dishonesty, or deceit;
 - (d) A finding against, or admission of liability by, the applicant or notary public in any legal proceeding or disciplinary action based on the applicant's or notary public's fraud, dishonesty, or deceit;
 - (e) Failure by the notary public to discharge any duty required of a notary public, whether by this chapter, rules of the director, or any federal or state law;
 - (f) Use of false or misleading advertising or representation by the notary public representing that the notary public has a duty, right, or privilege that the notary public does not have;
 - (g) Violation by the notary public of a rule of the director regarding a notary public;
 - (h) Denial, refusal to renew, revocation, suspension, or conditioning of a notary public commission in another state;
 - (i) Failure of the notary public to maintain an assurance as provided in RCW 42.45.200(4); or
 - (j) Making or noting a protest of a negotiable instrument without being a person authorized by RCW 42.45.030(5).
- (2) If the director denies, refuses to renew, revokes, suspends, imposes conditions, or otherwise sanctions, a commission as a notary public, the applicant or notary public is entitled to timely notice and hearing in accordance with chapter 34.05 RCW.
- (3) The authority of the director to take disciplinary action on a commission as a notary public does not prevent a person from seeking and obtaining other criminal or civil remedies provided by law. [2017 c 281 § 23.]

42.45.220 Database of notaries public. (Effective July 1, 2018.) The director shall maintain an electronic database of notaries public:

- (1) Through which a person may verify the authority of a notary public to perform notarial acts; and
- (2) Which indicates whether a notary public has notified the director that the notary public will be performing notarial acts on electronic records. [2017 c 281 § 24.]

42.45.230 Prohibited acts. (Effective July 1, 2018.) (1) A commission as a notary public does not authorize an individual to:

- (a) Assist persons in drafting legal records, give legal advice, or otherwise practice law;
- (b) Act as an immigration consultant or an expert on immigration matters;
- (c) Represent a person in a judicial or administrative proceeding relating to immigration to the United States, United States citizenship, or related matters;
- (d) Receive compensation for performing any of the activities listed in this subsection; or

(e) Provide court reporting services.

(2) A notary public may not engage in false or deceptive advertising.

(3) A notary public, other than an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, may not use the term "notario" or "notario publico."

(4) A notary public, other than an attorney licensed to practice law in this state or a limited license legal technician acting within the scope of his or her license, may not assist another person in selecting the appropriate certificate required by RCW 42.45.130.

(5) A notary public, other than an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, may not advertise or represent that the notary public may assist persons in drafting legal records, give legal advice, or otherwise practice law. If a notary public who is not an attorney licensed to practice law in this state, or a Washington-licensed limited license legal technician acting within the scope of his or her license, in any manner advertises or represents that the notary public offers notarial services, whether orally or in a record, including broadcast media, print media, and the internet, the notary public shall include the following statement, or an alternate statement authorized or required by the director, in the advertisement or representation, prominently and in each language used in the advertisement or representation: "I am not an attorney licensed to practice law in this state. I am not allowed to draft legal records, give advice on legal matters, including immigration, or charge a fee for those activities." If the form of advertisement or representation is not broadcast media, print media, or the internet and does not permit inclusion of the statement required by this subsection because of size, it must be displayed prominently or provided at the place of performance of the notarial act before the notarial act is performed.

(6) Except as otherwise allowed by law, a notary public may not withhold access to or possession of an original record provided by a person that seeks performance of a notarial act by the notary public. A notary public may not maintain copies or electronic images of documents notarized unless the copies or images are maintained by an attorney or Washington-licensed limited license legal technician acting within his or her scope of practice for the performance of legal services or for other services performed for the client and the copies or images are not maintained solely as part of the notary transaction. [2017 c 281 § 25.]

42.45.240 Validity of notarial acts. (Effective July 1, 2018.) Except as otherwise provided in RCW 42.45.020(2), the failure of a notarial officer to perform a duty or meet a requirement specified in this chapter does not invalidate a notarial act performed by the notarial officer. The validity of a notarial act under this chapter does not prevent an aggrieved person from seeking to invalidate the record or transaction that is the subject of the notarial act or from seeking other remedies based on law of this state other than this chapter or law of the United States. This section does not validate a purported notarial act performed by an individual who does not have the authority to perform notarial acts. Nothing in chap-

ter 281, Laws of 2017 gives the director authority to invalidate a notarial act. [2017 c 281 § 26.]

42.45.250 Rules. (Effective July 1, 2018.) (1) The director may adopt rules necessary to implement this chapter.

(2) In adopting, amending, or repealing rules about notarial acts with respect to electronic records, the director shall consider standards, practices, and customs of other jurisdictions that substantially enact this chapter. [2017 c 281 § 27.]

42.45.260 Commissions in effect July 1, 2018—Continuation. (Effective July 1, 2018.) A commission as a notary public in effect on July 1, 2018, continues until its date of expiration. A notary public who applies to renew a commission as a notary public on or after July 1, 2018, is subject to and shall comply with this chapter. A notary public, in performing notarial acts after July 1, 2018, shall comply with this chapter. [2017 c 281 § 28.]

42.45.270 Uniform regulation of business and professions act—Application. (Effective July 1, 2018.) The uniform regulation of business and professions act, chapter 18.235 RCW, governs unlicensed practice, the issuance and denial of licenses, and the discipline of licensees under this chapter. [2017 c 281 § 32.]

42.45.900 Short title. (Effective July 1, 2018.) This chapter may be known and cited as the revised uniform law on notarial acts. [2017 c 281 § 1.]

42.45.901 Application. (Effective July 1, 2018.) This chapter applies to a notarial act performed on or after July 1, 2018. [2017 c 281 § 3.]

42.45.902 Savings. (Effective July 1, 2018.) This chapter does not affect the validity or effect of a notarial act performed before July 1, 2018. [2017 c 281 § 29.]

42.45.903 Application—Construction. (Effective July 1, 2018.) In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it. [2017 c 281 § 30.]

42.45.904 Relation to electronic signatures in global and national commerce act. (Effective July 1, 2018.) This chapter modifies, limits, and supersedes the electronic signatures in global and national commerce act, 15 U.S.C. Sec. 7001 et seq., but does not modify, limit, or supersede section 101(c) of that act, 15 U.S.C. Sec. 7001(c), or authorize electronic delivery of any of the notices described in section 103(b) of that act, 15 U.S.C. Sec. 7003(b). [2017 c 281 § 31.]

42.45.905 Effective date—2017 c 281. This act takes effect July 1, 2018. [2017 c 281 § 44.]

Chapter 42.52 RCW ETHICS IN PUBLIC SERVICE

Sections

42.52.180	Use of public resources for political campaigns.
42.52.185	Restrictions on mailings by legislators.
42.52.8023	Exemption—Gina Grant Bull memorial legislative page scholarship account.

42.52.180 Use of public resources for political campaigns. (1) No state officer or state employee may use or authorize the use of facilities of an agency, directly or indirectly, for the purpose of assisting a campaign for election of a person to an office or for the promotion of or opposition to a ballot proposition. Knowing acquiescence by a person with authority to direct, control, or influence the actions of the state officer or state employee using public resources in violation of this section constitutes a violation of this section. Facilities of an agency include, but are not limited to, use of stationery, postage, machines, and equipment, use of state employees of the agency during working hours, vehicles, office space, publications of the agency, and clientele lists of persons served by the agency.

(2) This section shall not apply to the following activities:

(a) Action taken at an open public meeting by members of an elected legislative body to express a collective decision, or to actually vote upon a motion, proposal, resolution, order, or ordinance, or to support or oppose a ballot proposition as long as (i) required notice of the meeting includes the title and number of the ballot proposition, and (ii) members of the legislative body or members of the public are afforded an approximately equal opportunity for the expression of an opposing view;

(b) A statement by an elected official in support of or in opposition to any ballot proposition at an open press conference or in response to a specific inquiry. For the purposes of this subsection, it is not a violation of this section for an elected official to respond to an inquiry regarding a ballot proposition, to make incidental remarks concerning a ballot proposition in an official communication, or otherwise comment on a ballot proposition without an actual, measurable expenditure of public funds. The ethics boards shall adopt by rule a definition of measurable expenditure;

(c) The maintenance of official legislative web sites throughout the year, regardless of pending elections. The web sites may contain any discretionary material which was also specifically prepared for the legislator in the course of his or her duties as a legislator, including newsletters and press releases. The official legislative web sites of legislators seeking reelection or election to any office shall not be altered, other than during a special legislative session, beginning on the first day of the declaration of candidacy filing period specified in RCW 29A.24.050 through the date of certification of the general election of the election year. The web site shall not be used for campaign purposes;

(d) Activities that are part of the normal and regular conduct of the office or agency; and

(e) De minimis use of public facilities by statewide elected officials and legislators incidental to the preparation or delivery of permissible communications, including written and verbal communications initiated by them of their views

on ballot propositions that foreseeably may affect a matter that falls within their constitutional or statutory responsibilities.

(3) As to state officers and employees, this section operates to the exclusion of RCW 42.17A.555. [2017 c 7 § 2; 2011 c 60 § 30; 2010 c 185 § 1; 1995 c 397 § 30; 1994 c 154 § 118.]

Finding—Intent—2017 c 7: "The legislature finds that the prohibition on the use of public resources for campaign purposes serves an important purpose, but that the period prohibiting state legislators from communicating with constituents at public expense is unnecessary once the election, and the campaign itself, has ended. Furthermore, the delay in constituent outreach after the election only hinders a legislator's ability to quickly and effectively respond to requests and keep the public informed about current state issues, and the various deadlines relating to mailed, emailed, and web site communications are confusing and need to be harmonized. For these reasons, the legislature intends to change mailed, emailed, and web site communication deadlines to the same time periods, in order to allow legislators to actively engage with the public on official legislative business in a timely and effective manner." [2017 c 7 § 1.]

Effective date—2017 c 7: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 31, 2017]." [2017 c 7 § 4.]

Effective date—2011 c 60: See RCW 42.17A.919.

42.52.185 Restrictions on mailings by legislators. (1) During the period beginning on December 1st of the year before a general election for a state legislator's election to office and continuing through the date of certification of the general election, the legislator may not mail, either by regular mail or email, to a constituent at public expense a letter, newsletter, brochure, or other piece of literature, except for routine legislative correspondence, such as scheduling, and as follows:

(a) The legislator may mail two mailings of newsletters to constituents. All newsletters within each mailing of newsletters must be identical as to their content but not as to the constituent name or address. Both mailings must be mailed before the first day of the declaration of candidacy filing period specified in RCW 29A.24.050.

(b) The legislator may mail an individual letter to (i) an individual constituent who has contacted the legislator regarding the subject matter of the letter during the legislator's current term of office; (ii) an individual constituent who holds a governmental office with jurisdiction over the subject matter of the letter; or (iii) an individual constituent who has received an award or honor of extraordinary distinction of a type that is sufficiently infrequent to be noteworthy to a reasonable person, including, but not limited to: (A) An international or national award such as the Nobel prize or the Pulitzer prize; (B) a state award such as Washington scholar; (C) an Eagle Scout award; and (D) a Medal of Honor.

(c) In those cases where constituents have specifically indicated that they would like to be contacted to receive regular or periodic updates on legislative matters or been added to a distribution list and provided regular opportunities to unsubscribe from that mailing list, legislators may provide such updates by email throughout the legislative session and up until the first day of the declaration of candidacy filing period specified in RCW 29A.24.050. Legislators may also

provide these updates by email during any special legislative session.

(2) A violation of this section constitutes use of the facilities of a public office for the purpose of assisting a campaign under RCW 42.52.180.

(3) The house of representatives and senate shall specifically limit expenditures per member for the total cost of mailings. Those costs include, but are not limited to, production costs, printing costs, and postage costs. The limits imposed under this subsection apply only to the total expenditures on mailings per member and not to any categorical cost within the total.

(4) For purposes of this section:

(a) "Legislator" means a legislator who is a "candidate," as defined in RCW 42.17A.005, for any public office; and

(b) Persons residing outside the legislative district represented by the legislator are not considered to be constituents, but students, military personnel, or others temporarily employed outside of the district who normally reside in the district are considered to be constituents. [2017 c 7 § 3; 2011 c 60 § 31; 2008 c 39 § 2; 1997 c 320 § 1; 1995 c 397 § 5; 1993 c 2 § 25 (Initiative Measure No. 134, approved November 3, 1992). Formerly RCW 42.17.132.]

Finding—Intent—Effective date—2017 c 7: See notes following RCW 42.52.180.

Effective date—2011 c 60: See RCW 42.17A.919.

Findings—Intent—2008 c 39: "The legislature finds that the legislature's ability to communicate with its constituency is of the utmost importance in having a healthy representative democracy. It is the intent of the legislature to provide important information to constituents on an ongoing basis in order to truly be a government of the people and for the people. The legislature finds that this communication will only increase citizen access to legislative issues." [2008 c 39 § 1.]

42.52.8023 Exemption—Gina Grant Bull memorial legislative page scholarship account. This chapter does not prohibit the secretary of the senate, the chief clerk of the house of representatives, or their designee from soliciting and accepting contributions to the Gina Grant Bull memorial legislative page scholarship account created in RCW 44.04.380. Furthermore, this chapter does not prohibit any legislative member or legislative employee from soliciting gifts for the Gina Grant Bull memorial legislative page scholarship account. [2017 c 322 § 4.]

42.56.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Agency" includes all state agencies and all local agencies. "State agency" includes every state office, department, division, bureau, board, commission, or other state agency. "Local agency" includes every county, city, town, municipal corporation, quasi-municipal corporation, or special purpose district, or any office, department, division, bureau, board, commission, or agency thereof, or other local public agency.

(2) "Person in interest" means the person who is the subject of a record or any representative designated by that person, except that if that person is under a legal disability, "person in interest" means and includes the parent or duly appointed legal representative.

(3) "Public record" includes any writing containing information relating to the conduct of government or the performance of any governmental or proprietary function prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics. For the office of the secretary of the senate and the office of the chief clerk of the house of representatives, public records means legislative records as defined in RCW 40.14.100 and also means the following: All budget and financial records; personnel leave, travel, and payroll records; records of legislative sessions; reports submitted to the legislature; and any other record designated a public record by any official action of the senate or the house of representatives. This definition does not include records that are not otherwise required to be retained by the agency and are held by volunteers who:

- Do not serve in an administrative capacity;
- Have not been appointed by the agency to an agency board, commission, or internship; and
- Do not have a supervisory role or delegated agency authority.

(4) "Writing" means handwriting, typewriting, printing, photostating, photographing, and every other means of recording any form of communication or representation including, but not limited to, letters, words, pictures, sounds, or symbols, or combination thereof, and all papers, maps, magnetic or paper tapes, photographic films and prints, motion picture, film and video recordings, magnetic or punched cards, discs, drums, diskettes, sound recordings, and other documents including existing data compilations from which information may be obtained or translated. [2017 c 303 § 1; 2010 c 204 § 1005; 2007 c 197 § 1; 2005 c 274 § 101.]

42.56.070 Documents and indexes to be made public—Statement of costs. (1) Each agency, in accordance with published rules, shall make available for public inspection and copying all public records, unless the record falls within the specific exemptions of subsection (8) of this section, this chapter, or other statute which exempts or prohibits disclosure of specific information or records. To the extent required to prevent an unreasonable invasion of personal privacy interests protected by this chapter, an agency shall delete identifying details in a manner consistent with this chapter when it makes available or publishes any public record; however, in each case, the justification for the deletion shall be explained fully in writing.

(2) For informational purposes, each agency shall publish and maintain a current list containing every law, other than those listed in this chapter, that the agency believes exempts or prohibits disclosure of specific information or records of the agency. An agency's failure to list an exemption shall not affect the efficacy of any exemption.

(3) Each local agency shall maintain and make available for public inspection and copying a current index providing identifying information as to the following records issued, adopted, or promulgated after January 1, 1973:

(a) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(b) Those statements of policy and interpretations of policy, statute, and the Constitution which have been adopted by the agency;

(c) Administrative staff manuals and instructions to staff that affect a member of the public;

(d) Planning policies and goals, and interim and final planning decisions;

(e) Factual staff reports and studies, factual consultant's reports and studies, scientific reports and studies, and any other factual information derived from tests, studies, reports, or surveys, whether conducted by public employees or others; and

(f) Correspondence, and materials referred to therein, by and with the agency relating to any regulatory, supervisory, or enforcement responsibilities of the agency, whereby the agency determines, or opines upon, or is asked to determine or opine upon, the rights of the state, the public, a subdivision of state government, or of any private party.

(4) A local agency need not maintain such an index, if to do so would be unduly burdensome, but it shall in that event:

(a) Issue and publish a formal order specifying the reasons why and the extent to which compliance would unduly burden or interfere with agency operations; and

(b) Make available for public inspection and copying all indexes maintained for agency use.

(5) Each state agency shall, by rule, establish and implement a system of indexing for the identification and location of the following records:

(a) All records issued before July 1, 1990, for which the agency has maintained an index;

(b) Final orders entered after June 30, 1990, that are issued in adjudicative proceedings as defined in RCW 34.05.010 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(c) Declaratory orders entered after June 30, 1990, that are issued pursuant to RCW 34.05.240 and that contain an

analysis or decision of substantial importance to the agency in carrying out its duties;

(d) Interpretive statements as defined in RCW 34.05.010 that were entered after June 30, 1990; and

(e) Policy statements as defined in RCW 34.05.010 that were entered after June 30, 1990.

Rules establishing systems of indexing shall include, but not be limited to, requirements for the form and content of the index, its location and availability to the public, and the schedule for revising or updating the index. State agencies that have maintained indexes for records issued before July 1, 1990, shall continue to make such indexes available for public inspection and copying. Information in such indexes may be incorporated into indexes prepared pursuant to this subsection. State agencies may satisfy the requirements of this subsection by making available to the public indexes prepared by other parties but actually used by the agency in its operations. State agencies shall make indexes available for public inspection and copying. State agencies may charge a fee to cover the actual costs of providing individual mailed copies of indexes.

(6) A public record may be relied on, used, or cited as precedent by an agency against a party other than an agency and it may be invoked by the agency for any other purpose only if:

(a) It has been indexed in an index available to the public; or

(b) Parties affected have timely notice (actual or constructive) of the terms thereof.

(7) Each agency may establish, maintain, and make available for public inspection and copying a statement of the actual costs that it charges for providing photocopies or electronically produced copies, of public records and a statement of the factors and manner used to determine the actual costs. Any statement of costs may be adopted by an agency only after providing notice and public hearing.

(a)(i) In determining the actual cost for providing copies of public records, an agency may include all costs directly incident to copying such public records including:

(A) The actual cost of the paper and the per page cost for use of agency copying equipment; and

(B) The actual cost of the electronic production or file transfer of the record and the use of any cloud-based data storage and processing service.

(ii) In determining other actual costs for providing copies of public records, an agency may include all costs directly incident to:

(A) Shipping such public records, including the cost of postage or delivery charges and the cost of any container or envelope used; and

(B) Transmitting such records in an electronic format, including the cost of any transmission charge and use of any physical media device provided by the agency.

(b) In determining the actual costs for providing copies of public records, an agency may not include staff salaries, benefits, or other general administrative or overhead charges, unless those costs are directly related to the actual cost of copying the public records. Staff time to copy and send the requested public records may be included in an agency's costs.

42.56.080 Identifiable records—Facilities for copying—Availability of public records. (1) A public records request must be for identifiable records. A request for all or substantially all records prepared, owned, used, or retained by an agency is not a valid request for identifiable records under this chapter, provided that a request for all records regarding a particular topic or containing a particular keyword or name shall not be considered a request for all of an agency's records.

(2) Public records shall be available for inspection and copying, and agencies shall, upon request for identifiable public records, make them promptly available to any person including, if applicable, on a partial or installment basis as records that are part of a larger set of requested records are assembled or made ready for inspection or disclosure. Agencies shall not deny a request for identifiable public records solely on the basis that the request is overbroad. Agencies shall not distinguish among persons requesting records, and such persons shall not be required to provide information as to the purpose for the request except to establish whether inspection and copying would violate RCW 42.56.070(8) or 42.56.240(14), or other statute which exempts or prohibits disclosure of specific information or records to certain persons. Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency. Agencies shall honor requests received in person during an agency's normal office hours, or by mail or email, for identifiable public records unless exempted by provisions of this chapter. No official format is required for making a records request; however, agencies may recommend that requestors submit requests using an agency provided form or web page.

(3) An agency may deny a bot request that is one of multiple requests from the requestor to the agency within a twenty-four hour period, if the agency establishes that responding to the multiple requests would cause excessive interference with other essential functions of the agency. For purposes of this subsection, "bot request" means a request for public records that an agency reasonably believes was automatically generated by a computer program or script. 42.56.120 Charges for copying. (1) No fee shall be charged for the inspection of public records or locating public documents and making them available for copying, except as provided in RCW 42.56.240(14) and subsection (3) of this section. A reasonable charge may be imposed for providing copies of public records and for the use by any person of agency equipment or equipment of the office of the secretary of the senate or the office of the chief clerk of the house of representatives to copy public records, which charges shall not exceed the amount necessary to reimburse the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives for its actual costs directly incident to such copying. When calculating any fees authorized under this section, an agency shall use the most reasonable cost-efficient method available to the agency as part of its normal operations. If any agency translates a record into an alternative electronic format at the request of a requestor, the copy created does not constitute a new public record for purposes of this chapter. Scanning paper records to make electronic copies of such records is a method of copying paper records and does not amount to the creation of a new public record.

(2)(a) Agency charges for actual costs may only be imposed in accordance with the costs established and published by the agency pursuant to RCW 42.56.070(7), and in accordance with the statement of factors and manner used to determine the actual costs. In no event may an agency charge a per page cost greater than the actual cost as established and published by the agency.

(b) An agency need not calculate the actual costs it charges for providing public records if it has rules or regulations declaring the reasons doing so would be unduly burdensome. To the extent the agency has not determined the actual costs of copying public records, the agency may not charge in excess of:

(i) Fifteen cents per page for photocopies of public records, printed copies of electronic public records when requested by the person requesting records, or for the use of agency equipment to photocopy public records;

(ii) Ten cents per page for public records scanned into an electronic format or for the use of agency equipment to scan the records;

(iii) Five cents per each four electronic files or attachment uploaded to email, cloud-based data storage service, or other means of electronic delivery; and

(iv) Ten cents per gigabyte for the transmission of public records in an electronic format or for the use of agency equipment to send the records electronically. The agency shall take reasonable steps to provide the records in the most efficient manner available to the agency in its normal operations; and

(v) The actual cost of any digital storage media or device provided by the agency, the actual cost of any container or envelope used to mail the copies to the requestor, and the actual postage or delivery charge.

(c) The charges in (b) of this subsection may be combined to the extent that more than one type of charge applies to copies produced in response to a particular request.

(d) An agency may charge a flat fee of up to two dollars for any request as an alternative to fees authorized under (a) or (b) of this subsection when the agency reasonably estimates and documents that the costs allowed under this subsection are clearly equal to or more than two dollars. An additional flat fee shall not be charged for any installment after the first installment of a request produced in installments. An agency that has elected to charge the flat fee in this subsection for an initial installment may not charge the fees authorized under (a) or (b) of this subsection on subsequent installments.

(e) An agency shall not impose copying charges under this section for access to or downloading of records that the agency routinely posts on its public internet web site prior to receipt of a request unless the requestor has specifically requested that the agency provide copies of such records through other means.

(f) A requestor may ask an agency to provide, and if requested an agency shall provide, a summary of the applicable charges before any copies are made and the requestor may revise the request to reduce the number of copies to be made and reduce the applicable charges.

(3)(a)(i) In addition to the charge imposed for providing copies of public records and for the use by any person of agency equipment copying costs, an agency may include a customized service charge. A customized service charge may only be imposed if the agency estimates that the request would require the use of information technology expertise to prepare data compilations, or provide customized electronic access services when such compilations and customized access services are not used by the agency for other agency purposes.

(ii) The customized service charge may reimburse the agency up to the actual cost of providing the services in this subsection.

(b) An agency may not assess a customized service charge unless the agency has notified the requestor of the customized service charge to be applied to the request, including an explanation of why the customized service charge applies, a description of the specific expertise, and a reasonable estimate cost of the charge. The notice also must provide the requestor the opportunity to amend his or her request in order to avoid or reduce the cost of a customized service charge.

(4) An agency may require a deposit in an amount not to exceed ten percent of the estimated cost of providing copies for a request, including a customized service charge. If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not

claimed or reviewed, the agency is not obligated to fulfill the balance of the request. An agency may waive any charge assessed for a request pursuant to agency rules and regulations. An agency may enter into any contract, memorandum of understanding, or other agreement with a requestor that provides an alternative fee arrangement to the charges authorized in this section, or in response to a voluminous or frequently occurring request. 42.56.130 Other provisions not superseded. The provisions of RCW *42.56.070 (7) and (8) and 42.56.120 that establish or allow agencies to establish the costs charged for photocopies or electronically produced copies of public records do not supersede other statutory provisions, other than in this chapter, authorizing or governing fees for copying public records. 42.56.141 Public records exemptions accountability committee—Wolf depredation information exemption. (Expires June 30, 2022.) By December 1, 2021, the public records exemptions accountability committee, in addition to its duties in RCW 42.56.140, must prepare and submit a report to the legislature that includes recommendations on whether the exemptions created in section 1, chapter 246, Laws of 2017 should be continued or allowed to expire. The report should focus on whether the exemption continues to serve the intent of the legislature in section 1, chapter 246, Laws of 2017 to provide protections of personal information during the period the state establishes and implements new policies regarding wolf management. The committee must consider whether the development of wolf management policy, by the time of the report, has diminished risks of threats to personal safety so that the protection of personal information in section 1, chapter 246, Laws of 2017 is no longer an ongoing necessity. (5) Training must address particular issues related to the retention, production, and disclosure of electronic docu-

ments, including updating and improving technology information services. [2017 c 303 § 2; 2014 c 66 § 4.]

(1) Specific intelligence information and specific investigative records compiled by investigative, law enforcement, and penology agencies, and state agencies vested with the responsibility to discipline members of any profession, the nondisclosure of which is essential to effective law enforcement or for the protection of any person's right to privacy;

(2) Information revealing the identity of persons who are witnesses to or victims of crime or who file complaints with investigative, law enforcement, or penology agencies, other than the commission, if disclosure would endanger any person's life, physical safety, or property. If at the time a com-

However, all complaints filed with the commission about any elected official or candidate for public office must be made in writing and signed by the complainant under oath;

(3) Any records of investigative reports prepared by any state, county, municipal, or other law enforcement agency pertaining to sex offenses contained in chapter 9A.44 RCW or sexually violent offenses as defined in RCW 71.09.020, which have been transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval pursuant to RCW 40.14.070(2)(b);

(9) Personally identifying information collected by law enforcement agencies pursuant to local security alarm system programs and vacation crime watch programs. Nothing in this subsection shall be interpreted so as to prohibit the legal owner of a residence or business from accessing information regarding his or her residence or business;

(10) The felony firearm offense conviction database of felony firearm offenders established in RCW 43.43.822;

(11) The identity of a state employee or officer who has in good faith filed a complaint with an ethics board, as provided in RCW 42.52.410, or who has in good faith reported improper governmental action, as defined in RCW 42.40.020, to the auditor or other public official, as defined in RCW 42.40.020;

(14) Body worn camera recordings to the extent nondisclosure is essential for the protection of any person's right to privacy as described in RCW 42.56.050, including, but not limited to, the circumstances enumerated in (a) of this sub-

section. A law enforcement or corrections agency shall not disclose a body worn camera recording to the extent the recording is exempt under this subsection.

(a) Disclosure of a body worn camera recording is presumed to be highly offensive to a reasonable person under RCW 42.56.050 to the extent it depicts:

(i)(A) Any areas of a medical facility, counseling, or therapeutic program office where:

(I) A patient is registered to receive treatment, receiving treatment, waiting for treatment, or being transported in the course of treatment; or

(II) Health care information is shared with patients, their families, or among the care team; or

(B) Information that meets the definition of protected health information for purposes of the health insurance portability and accountability act of 1996 or health care information for purposes of chapter 70.02 RCW;

If at the time of recording the victim or witness indicates a desire for disclosure or nondisclosure of the recorded identity or communications, such desire shall govern; or

(vii) The identifiable location information of a community-based domestic violence program as defined in RCW 70.123.020, or emergency shelter as defined in RCW 70.123.020.

(b) The presumptions set out in (a) of this subsection may be rebutted by specific evidence in individual cases.

(c) In a court action seeking the right to inspect or copy a body worn camera recording, a person who prevails against a law enforcement or corrections agency that withholds or discloses all or part of a body worn camera recording pursuant to (a) of this subsection is not entitled to fees, costs, or awards pursuant to RCW 42.56.550 unless it is shown that the law enforcement or corrections agency acted in bad faith or with gross negligence.

(d) A request for body worn camera recordings must:

(i) Specifically identify a name of a person or persons involved in the incident;

(ii) Provide the incident or case number;

(iii) Provide the date, time, and location of the incident or incidents; or

(iv) Identify a law enforcement or corrections officer involved in the incident or incidents.

(e)(i) A person directly involved in an incident recorded by the requested body worn camera recording, an attorney representing a person directly involved in an incident recorded by the requested body worn camera recording, a person or his or her attorney who requests a body worn camera recording relevant to a criminal case involving that person, or the executive director from either the Washington state commission on African-American affairs, Asian Pacific American affairs, or Hispanic affairs, has the right to obtain

the body worn camera recording, subject to any exemption under this chapter or any applicable law. In addition, an attorney who represents a person regarding a potential or existing civil cause of action involving the denial of civil rights under the federal or state Constitution, or a violation of a United States department of justice settlement agreement, has the right to obtain the body worn camera recording if relevant to the cause of action, subject to any exemption under this chapter or any applicable law. The attorney must explain the relevancy of the requested body worn camera recording to the cause of action and specify that he or she is seeking relief from redaction costs under this subsection (14)(e).

(ii) A law enforcement or corrections agency responding to requests under this subsection (14)(e) may not require the requesting individual to pay costs of any redacting, altering, distorting, pixelating, suppressing, or otherwise obscuring any portion of a body worn camera recording.

(iii) A law enforcement or corrections agency may require any person requesting a body worn camera recording pursuant to this subsection (14)(e) to identify himself or herself to ensure he or she is a person entitled to obtain the body worn camera recording under this subsection (14)(e).

(f)(i) A law enforcement or corrections agency responding to a request to disclose body worn camera recordings may require any requester not listed in (e) of this subsection to pay the reasonable costs of redacting, altering, distorting, pixelating, suppressing, or otherwise obscuring any portion of the body worn camera recording prior to disclosure only to the extent necessary to comply with the exemptions in this chapter or any applicable law.

(ii) An agency that charges redaction costs under this subsection (14)(f) must use redaction technology that provides the least costly commercially available method of redacting body worn camera recordings, to the extent possible and reasonable.

(iii) In any case where an agency charges a requestor for the costs of redacting a body worn camera recording under this subsection (14)(f), the time spent on redaction of the recording shall not count towards the agency's allocation of, or limitation on, time or costs spent responding to public records requests under this chapter, as established pursuant to local ordinance, policy, procedure, or state law.

(g) For purposes of this subsection (14):

(i) "Body worn camera recording" means a video and/or sound recording that is made by a body worn camera attached to the uniform or eyewear of a law enforcement or corrections officer from a covered jurisdiction while in the course of his or her official duties and that is made on or after June 9, 2016, and prior to July 1, 2019; and

(ii) "Covered jurisdiction" means any jurisdiction that has deployed body worn cameras as of June 9, 2016, regardless of whether or not body worn cameras are being deployed in the jurisdiction on June 9, 2016, including, but not limited to, jurisdictions that have deployed body worn cameras on a pilot basis.

(h) Nothing in this subsection shall be construed to restrict access to body worn camera recordings as otherwise permitted by law for official or recognized civilian and accountability bodies or pursuant to any court order.

(i) Nothing in this section is intended to modify the obligations of prosecuting attorneys and law enforcement under

Brady v. Maryland, 373 U.S. 83, 83 S. Ct. 1194, 10 L. Ed. 2d 215 (1963), *Kyles v. Whitley*, 541 U.S. 419, 115 S. Ct. 1555, 131 L. Ed.2d 490 (1995), and the relevant Washington court criminal rules and statutes.

(j) A law enforcement or corrections agency must retain body worn camera recordings for at least sixty days and thereafter may destroy the records;

(15) Any records and information contained within the statewide sexual assault kit tracking system established in RCW 43.43.545; and

(16)(a) Survivor communications with, and survivor records maintained by, campus-affiliated advocates.

(b) Nothing in this subsection shall be construed to restrict access to records maintained by a campus-affiliated advocate in the event that:

(i) The survivor consents to inspection or copying;

(ii) There is a clear, imminent risk of serious physical injury or death of the survivor or another person;

(iii) Inspection or copying is required by federal law; or

(iv) A court of competent jurisdiction mandates that the record be available for inspection or copying.

(c) "Campus-affiliated advocate" and "survivor" have the definitions in RCW 28B.112.030; and

(17) Information and records prepared, owned, used, or retained by the Washington association of sheriffs and police chiefs and information and records prepared, owned, used, or retained by the Washington state patrol pursuant to chapter 261, Laws of 2017. 42.56.520 Prompt responses required. (1) Responses to requests for public records shall be made promptly by agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives. Within five business days of receiving a public record request, an agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives must respond in one of the ways provided in this subsection (1):

- (a) Providing the record;
- (b) Providing an internet address and link on the agency's web site to the specific records requested, except that if the requester notifies the agency that he or she cannot access the records through the internet, then the agency must provide copies of the record or allow the requester to view copies using an agency computer;
- (c) Acknowledging that the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives has received the request and providing a reasonable estimate of the time the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives will require to respond to the request;
- (d) Acknowledging that the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives has received the request and asking the requestor to provide clarification for a request that is unclear, and providing, to the greatest extent possible, a reasonable estimate of the time the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives will require to respond to the request if it is not clarified; or
- (e) Denying the public record request.

(2) Additional time required to respond to a request may be based upon the need to clarify the intent of the request, to locate and assemble the information requested, to notify third persons or agencies affected by the request, or to determine whether any of the information requested is exempt and that a denial should be made as to all or part of the request.

(3)(a) In acknowledging receipt of a public record request that is unclear, an agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives may ask the requestor to clarify what information the requestor is seeking.

(b) If the requestor fails to respond to an agency request to clarify the request, and the entire request is unclear, the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives need not respond to it. Otherwise, the agency must respond, pursuant to this section, to those portions of the request that are clear.

(4) Denials of requests must be accompanied by a written statement of the specific reasons therefor. Agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall establish mechanisms for the most prompt possible review of decisions denying inspection, and such review shall be deemed completed at the end of the second business day following the denial of inspection and shall constitute final agency action or final action by the office of the secretary of the senate or the office of the chief clerk of the house of representatives for the purposes of judicial review. [2017 c 303 § 3; 2010 c 69 § 2; 1995

c 397 § 15; 1992 c 139 § 6; 1975 1st ex.s. c 294 § 18; 1973 c 1 § 32 (Initiative Measure No. 276, approved November 7, 1972). Formerly RCW 42.17.320.]

Finding—2010 c 69: "The internet provides for instant access to public records at a significantly reduced cost to the agency and the public. Agencies are encouraged to make commonly requested records available on agency web sites. When an agency has made records available on its web site, members of the public with computer access should be encouraged to preserve taxpayer resources by accessing those records online." [2010 c 69 § 1.]

42.56.550 Judicial review of agency actions. (1) Upon the motion of any person having been denied an opportunity to inspect or copy a public record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is in accordance with a statute that exempts or prohibits disclosure in whole or in part of specific information or records.

(2) Upon the motion of any person who believes that an agency has not made a reasonable estimate of the time that the agency requires to respond to a public record request or a reasonable estimate of the charges to produce copies of public records, the superior court in the county in which a record is maintained may require the responsible agency to show that the estimate it provided is reasonable. The burden of proof shall be on the agency to show that the estimate it provided is reasonable.

(3) Judicial review of all agency actions taken or challenged under RCW 42.56.030 through 42.56.520 shall be de novo. Courts shall take into account the policy of this chapter that free and open examination of public records is in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Courts may examine any record in camera in any proceeding brought under this section. The court may conduct a hearing based solely on affidavits.

(4) Any person who prevails against an agency in any action in the courts seeking the right to inspect or copy any public record or the right to receive a response to a public record request within a reasonable amount of time shall be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. In addition, it shall be within the discretion of the court to award such person an amount not to exceed one hundred dollars for each day that he or she was denied the right to inspect or copy said public record.

(5) For actions under this section against counties, the venue provisions of RCW 36.01.050 apply.

(6) Actions under this section must be filed within one year of the agency's claim of exemption or the last production of a record on a partial or installment basis. [2017 c 304 § 5; 2011 c 273 § 1. Prior: 2005 c 483 § 5; 2005 c 274 § 288; 1992 c 139 § 8; 1987 c 403 § 5; 1975 1st ex.s. c 294 § 20; 1973 c 1 § 34 (Initiative Measure No. 276, approved November 7, 1972). Formerly RCW 42.17.340.]

(3) The attorney general, in his or her discretion, may from time to time revise the model rule[s].

(4) Local agencies should consult the advisory model rules when establishing local ordinances for compliance with the requirements and responsibilities of this chapter.

(5) Until June 30, 2020, the attorney general must establish a consultation program to provide information for developing best practices for local agencies requesting assistance in compliance with this chapter including, but not limited to: Responding to records requests, seeking additional public and private resources for developing and updating technology information services, and mitigating liability and costs of compliance. The attorney general may develop the program in conjunction with the advisory model rule and may collaborate with the chief information officer, the state archivist, and other relevant agencies and organizations in developing and managing the program. The program in this subsection ceases to exist June 30, 2020.

(6) Until June 30, 2020, the state archivist must offer and provide consultation and training services for local agencies on improving record retention practices. [2017 c 303 § 4; 2007 c 197 § 8. Prior: 2005 c 483 § 4; 2005 c 274 § 290; 1992 c 139 § 9. Formerly RCW 42.17.348.]

Each subordinate officer and employee of the several offices, departments, and institutions of the state government shall be entitled under his or her contract of employment with the state government to accrue unused vacation leave not to exceed two hundred forty hours. However, employees of the Washington state ferries covered by collective bargaining agreements containing provisions in effect on June 30, 2017, allowing accrual of unused vacation leave not to exceed three hundred twenty hours shall be allowed to continue the higher accrual limit until such time as those provisions are modified through collective bargaining, or the bargaining unit changes its exclusive representative or is decertified. 43.01.044 Vacations—Accumulation of leave in excess of two hundred forty hours authorized without statement of necessity—Requirements of statement of necessity. As an alternative, in addition to the provisions of RCW 43.01.040 authorizing the accumulation of vacation leave in excess of two hundred forty hours with the filing of a statement of necessity, vacation leave in excess of two hundred forty hours may also be accumulated as provided in this section but without the filing of a statement of necessity. The accumulation of leave under this alternative method shall be governed by the following provisions:

(2) All vacation hours accumulated under this section shall be used by the anniversary date and at a time convenient to the employing office, department, or institution. If an officer or employee does not use the excess leave by the anniversary date, then such leave shall be automatically extinguished and considered to have never existed.

(3) This section shall not result in any increase in a retirement allowance under any public retirement system in this state.

(4) Should the legislature revoke any benefits or rights provided under this section, no affected officer or employee shall be entitled thereafter to receive such benefits or exercise such rights as a matter of contractual right.

(5) Vacation leave credit acquired and accumulated under this section shall never, regardless of circumstances, be deferred by the employing office, department, or institution by filing a statement of necessity under the provisions of RCW 43.01.040.

(6) Notwithstanding any other provision of this chapter, on or after July 24, 1983, a statement of necessity for excess leave shall, as [at] a minimum, include the following: (a) The specific number of hours of excess leave; and (b) the date on which it was authorized. A copy of any such authorization shall be sent to the department of retirement systems. [2017 c 167 § 2; 1983 c 283 § 1.]

(5) The department of labor and industries must provide online education materials explaining the respective rights and responsibilities of employers and employees who have a health condition related to pregnancy or childbirth. The online education materials must be prominently displayed on the department's web site.

(6) The attorney general shall investigate complaints and enforce this section, including by conference and conciliation. In addition to the complaint process with the attorney general, any person believed to be injured by a violation of this section has a civil cause of action in court to enjoin further violations, or to recover the actual damages sustained by the person, or both, together with the cost of suit and reasonable attorneys' fees or any other appropriate remedy authorized by state or federal law.

(7) This section does not preempt, limit, diminish, or otherwise affect any other provision of law relating to sex discrimination or pregnancy, or in any way diminish or limit legal protections or coverage for pregnancy, childbirth, or a pregnancy-related health condition. [2017 c 294 § 3.]

Findings—Intent—2005 c 319: "The legislature finds that it is in the interest of the state to restructure the roles and responsibilities of the state's transportation agencies in order to improve efficiency and accountability. The legislature also finds that continued citizen oversight of the state's transportation system remains an important priority. To achieve these purposes, the legislature intends to provide direct accountability of the department of transportation to the governor, in his or her role as chief executive officer of state government, by making the secretary of transportation a cabinet-level official. Additionally, it is essential to clearly delineate between the separate and distinct roles and responsibilities of the executive and legislative branches of government. The role of executive is to oversee the implementation of transportation programs, while the legislature reserves to itself the role of policymaking. Finally, consolidating public outreach and auditing of the state's transportation agencies under a single citizen-governed entity, the transportation commission, will provide the public with information about the performance of the transportation system and an avenue for direct participation in its oversight." 43.19.782 Loss prevention review team—Appointment—Duties—Rules—Annual report. (1) In consultation with the department and upon delegation, a state agency shall appoint a loss prevention review team when the death of a person, serious injury to a person, or other substantial loss is alleged or suspected to be caused at least in part by the actions of a state agency except when the death, injury, or substantial loss is already being investigated by another federal or state agency, or by the affected state agency, pursuant to the federal or state agency requirements. Any review conducted by another agency or under other requirements must contain elements of subsection (3) of this section and must comply with RCW 43.19.783 to the extent RCW 43.19.783 does not conflict with statutes or rules governing those reviews. The department may also direct a state agency to conduct a loss prevention review after consultation with the affected agency as to the purpose, scope, necessary resources, and intended outcomes of the loss prevention review. The department may provide guidance to the state agency conducting the loss prevention review as requested by the state agency.

(2) A loss prevention review team shall consist of at least three persons, and may include independent consultants, contractors, or state employees, but it shall not include any person directly involved in the loss or risk of loss giving rise to the review, nor any person with testimonial knowledge of the incident to be reviewed. At least one member of the review team shall have expertise relevant to the matter under review, but no more than half of the review team members may be employees of the affected agency.

(3) The loss prevention review team shall review the death, serious injury, or other incident and the circumstances surrounding it, evaluate its causes, and recommend steps to reduce the risk of such incidents occurring in the future. The loss prevention review team shall accomplish these tasks by reviewing relevant documents and interviewing persons with relevant knowledge. The loss prevention review team must submit a report in writing to the director and the head of the

state agency involved in the loss or risk of loss. The report must include the teams' findings, analyze the causes and contributing factors, analyze future risk, include methods that the agency will use to address and mitigate the risks identified, which may include changes to policies or procedures, and any legislative recommendation necessary to address and carry out the risk treatment strategies identified in the subject report and include the manner in which the agency will measure the effectiveness of its changes. The final report shall not disclose the contents of any documents required by law or regulation to be kept private or confidential, or that are subject to legal privilege or exemption.

(4) The director may develop and enact rules to implement the provisions of this chapter that apply to all state agency loss prevention review teams. State agencies must notify the department immediately upon becoming aware of a death, serious injury, or other substantial loss that is alleged or suspected to be caused at least in part by the actions of the state agency.

(5) All state agencies shall provide the loss prevention review team ready access to relevant documents in their possession and ready access to their employees.

(6) The director shall submit an annual report to the legislature identifying the reviews conducted in the past year, providing appropriate metrics on effectiveness and efficiency of the loss prevention review team and programs, and summarizing any determinations of trends in incidents such as reductions or increases in the frequency or magnitude of losses and innovative approaches to mitigating risks identified. [2017 c 318 § 2; 2011 1st sp.s. c 43 § 508; 2002 c 333 § 2. Formerly RCW 43.41.370.]

Effective date—Purpose—2011 1st sp.s. c 43: See notes following RCW 43.19.003.

Intent—2002 c 333: "The legislature intends that when the death of a person, serious injury to a person, or other substantial loss is alleged or suspected to be caused at least in part by the actions of a state agency, a loss prevention review shall be conducted. The legislature recognizes the tension inherent in a loss prevention review and the need to balance the prevention of harm to the public with state agencies' accountability to the public. The legislature intends to minimize this tension and to foster open and frank discussions by granting members of the loss prevention review teams protection from having to testify, and by declaring a general rule that the work product of these teams is inadmissible in civil actions or administrative proceedings." [2002 c 333 § 1.]

43.19.783 Loss prevention review team—Final report—Use of report and testimony limited. (1) The final report from the state agency's loss prevention review team to the director shall be made public by the director promptly after review, and shall be subject to public disclosure. The final report shall be subject to discovery in a civil or administrative proceeding. However, the final report shall not be admitted into evidence or otherwise used in a civil or administrative proceeding except pursuant to subsection (2) of this section.

(2) The relevant excerpt or excerpts from the final report of a loss prevention review team may be used to impeach a fact witness in a civil or administrative proceeding only if the party wishing to use the excerpt or excerpts from the report first shows the court by clear and convincing evidence that the witness, in testimony provided in deposition or at trial in the present proceeding, has contradicted his or her previous statements to the loss prevention review team on an issue of

fact material to the present proceeding. In that case, the party may use only the excerpt or excerpts necessary to demonstrate the contradiction. This section shall not be interpreted as expanding the scope of material that may be used to impeach a witness.

(3) No member of a loss prevention review team may be examined in a civil or administrative proceeding as to (a) the work of the loss prevention review team, (b) the incident under review, (c) his or her statements, deliberations, thoughts, analyses, or impressions relating to the work of the loss prevention review team or the incident under review, or (d) the statements, deliberations, thoughts, analyses, or impressions of any other member of the loss prevention review team, or any person who provided information to it, relating to the work of the loss prevention review team or the incident under review.

(4) Any document that exists prior to the appointment of a loss prevention review team, or that is created independently of such a team, does not become inadmissible merely because it is reviewed or used by the loss prevention review team. A person does not become unavailable as a witness merely because the person has been interviewed by or has provided a statement to a loss prevention review team. However, if called as a witness, the person may not be examined regarding the person's interactions with the loss prevention review team, including without limitation whether the loss prevention review team interviewed the person, what questions the loss prevention review team asked, and what answers the person provided to the loss prevention review team. This section shall not be construed as restricting the person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(5) Documents prepared by or for the loss prevention review team are inadmissible and may not be used in a civil or administrative proceeding, except that excerpts may be used to impeach the credibility of a witness under the same circumstances that excerpts of the final report may be used pursuant to subsection (2) of this section.

(6) The restrictions set forth in this section shall not apply in a licensing or disciplinary proceeding arising from an agency's effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with the death, injury, or other incident reviewed by the loss prevention review team.

(7) Nothing in RCW 43.19.782 or this section is intended to limit the scope of a legislative inquiry into or review of an incident that is the subject of a loss prevention review.

(8) Nothing in RCW 43.19.782 or in this section affects chapter 70.41 RCW and application of that chapter to state-owned or managed hospitals licensed under chapter 70.41 RCW. [2017 c 318 § 3; 2011 1st sp.s. c 43 § 509; 2002 c 333 § 3. Formerly RCW 43.41.380.]

In the alternative, there may be furnished to the secretary a good and sufficient bond, satisfactory to the secretary, conditioned upon final determination of liability.

(e) Where money is due and owing under any contract of employment, express or implied, or is held by any person, firm, corporation, association, political subdivision, or department of the state subject to withdrawal by the debtor, such money shall be delivered by remittance payable to the order of the secretary. Delivery to the secretary, subject to the exemptions under RCW 6.27.150 and 6.27.160, chapters 6.13 and 6.15 RCW, 15 U.S.C. 1673, and other state or federal law applicable generally to debtors, of the money or other property held or claimed satisfies the requirement of the order to withhold and deliver. Delivery to the secretary serves as full acquittance, and the state warrants and represents that it shall defend and hold harmless for such actions persons delivering money or property to the secretary pursuant to this chapter. The state also warrants and represents that it shall defend and hold harmless for such actions persons withholding money or property pursuant to this chapter.

(4)(a) The secretary shall also, on or before the date of service of the order to withhold and deliver, mail or cause to be mailed a copy of the order to withhold and deliver to the debtor at the debtor's last known post office address or, with a party's agreement serve the order upon the debtor electronically on or before the date of service of the order to withhold and deliver.

(b) The copy of the order shall be mailed or served together with a concise explanation of the right to petition for a hearing on any issue related to the collection. This requirement is not jurisdictional, but, if the copy is not mailed or served as provided in this section, or if any irregularity appears with respect to the mailing or service electronically, the superior court, on its discretion on motion of the debtor promptly made and supported by affidavit showing that the debtor has suffered substantial injury due to the failure to mail the copy or serve the copy electronically, may set aside the order to withhold and deliver and award to the debtor an amount equal to the damages resulting from the secretary's failure to serve on or mail to the debtor the copy. 43.21A.150 Director to consult with other states, federal government, and Canadian provinces—Authority to receive and disburse grants, funds, and gifts—Department's web site list of interagency agreements. (1) The director, whenever it is lawful and feasible to do so, shall consult and cooperate with the federal government, as well as with other states and Canadian provinces, in the study and control of environmental problems. On behalf of the department, the director is authorized to accept, receive, disburse, and administer grants or other funds or gifts from any source, including private individuals or agencies, the federal government, and other public agencies, for the purpose of carrying out the provisions of this chapter.

(2)(a) Beginning December 31, 2017, the director must list on the department's web site information regarding the current interagency agreements to which the department is a party or in which the department is a participant.

(b) The list must identify each agreement, the type of agreement, parties to the agreement, the effective date of the agreement, and a brief description of the agreement. The list must include all interagency agreements involving the department and other state agencies, local governments, special purpose districts, the federal government and federal government agencies, and the agencies of other states.

(c) For the initial list, the department must by December 31, 2017, list all grant agreements and federal agreements where information is readily extractable from the department's data systems. For those data systems that, because of their age, require programming support to extract and format data for publishing to the internet, the department must complete listing the required information according to the following schedule:

(i) By June 30, 2018, all contract, loan, and grant agreements;

(ii) By December 31, 2018, all agreements pertaining to funds receivable for work performed by the department, leases, and nonfinancial interagency agreements.

(d) Beginning December 1, 2018, the department must annually update the web site to include new interagency agreements that the department has entered into and must identify the agreements that have been updated within the past year.

(e) For the purposes of this section, the term "interagency agreement" includes but is not limited to memoranda of understanding, grant contracts, and advisory or nonbinding agreements.

(f) For purposes of this section, the information posted on the department's web site is considered to function as a report to the legislature because the report acts as a mechanism of keeping the legislature apprised of the department's interagency agreements. [2017 c 47 § 2; 1970 ex.s. c 62 § 15.]

Findings—Intent—2017 c 47: "The legislature finds that department of ecology pursues its mission of environmental protection within a complicated framework of national, state, and local authorities and responsibilities, and that the department of ecology's roles within this framework are not always readily intelligible to the public. Furthermore, the legislature finds that promoting the transparency of department of ecology activities will bolster the understanding and trust in the agency held by legislators and the Washingtonians they represent. Therefore, it is the intent of the legislature to require the department of ecology to maintain a list of the department's participation in interagency agreements on its web site for the purposes of

improving public understanding of the extent and implications of those agreements." [2017 c 47 § 1.]

43.21A.731 Chehalis board. (1) The Chehalis board is created consisting of seven voting members.

(2)(a) Four members of the board must be voting members who are appointed through the governor. The governor shall invite the Confederated Tribes of the Chehalis Reservation and the Quinault Indian Nation to each designate a voting member of the board. In addition, the governor shall appoint two members of the board, subject to confirmation by the senate. Three board members must be selected by the Chehalis basin flood authority. No member may have a direct financial interest in the actions of the board. The governor shall appoint one of the flood authority appointees as the chair. The voting members of the board must be appointed for terms of four years, except that one member appointed by the governor and one member appointed by the flood authority initially must be appointed for terms of two years, and one member appointed by the governor and two members appointed by the flood authority must initially be appointed for terms of three years. In making the appointments, each appointing authority shall seek a board membership that collectively provides the expertise necessary to provide strong oversight for implementation of the Chehalis basin strategy, that provides extensive knowledge of local government processes and functions, and that has an understanding of issues relevant to reducing flood damages and restoring aquatic species.

(b) In addition to the seven voting members of the board, the following five state officials must serve as ex officio non-voting members of the board: The director of the department of fish and wildlife, the executive director of the Washington state conservation commission, the secretary of the department of transportation, the director of the department of ecology, and the commissioner of public lands. The state officials serving in an ex officio capacity may designate a representative of their respective agencies to serve on the board in their behalf. These designations must be made in writing and in such a manner as is specified by the board.

(3) Staff support to the board must be provided by the department. For administrative purposes, the board is located within the department.

(4) Members of the board who do not represent state agencies must be compensated as provided by RCW 43.03.250. Members of the board shall be reimbursed for travel expenses as provided by RCW 43.03.050 and 43.03.060.

(5) The board is responsible for oversight of a long-term strategy resulting from the department's programmatic environmental impact statement for the Chehalis river basin to reduce flood damages and restore aquatic species habitat.

(6) The board is responsible for overseeing the implementation of the strategy and developing biennial and supplemental budget recommendations to the governor. [2017 c 27 § 1; 2016 c 194 § 2.]

Effective date—2017 c 27: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 17, 2017]." [2017 c 27 § 2.]

Sections

- 43.21C.0311 Final environmental impact statements—Expeditious manner—Time limit—Reports.
 43.21C.440 Planned action—Defined—Authority of a county, city, or town—Community meetings.

43.21C.0311 Final environmental impact statements—Expeditious manner—Time limit—Reports. (1) A lead agency shall aspire to prepare a final environmental impact statement required by RCW 43.21C.030(2) in as expeditious a manner as possible while not compromising the integrity of the analysis.

(a) For even the most complex government decisions associated with a broad scope of possible environmental impacts, a lead agency shall aspire to prepare a final environmental impact statement required by RCW 43.21C.030(2) within twenty-four months of a threshold determination of a probable significant, adverse environmental impact.

(b) Wherever possible, a lead agency shall aspire to far outpace the twenty-four month time limit established in this section for more commonplace government decisions associated with narrower and more easily identifiable environmental impacts.

(2) Beginning December 31, 2018, and every two years thereafter, the department of ecology must submit a report on the environmental impact statements produced by state agencies and local governments to the appropriate committees of the legislature. The report must include data on the average time, and document the range of time, it took to complete environmental impact statements within the previous two years.

(3) Nothing in this section creates any civil liability for a lead agency or creates a new cause of action against a lead agency. [2017 c 289 § 2.]

Finding—Intent—2017 c 289: "The legislature finds that the analysis of environmental impacts required under the state environmental policy act adds value to government decision-making processes in Washington state and helps minimize the potential environmental harm coming from those government decisions. However, the legislature also recognizes that excessive delays in the environmental impact analysis process adds uncertainty and burdensome costs to those seeking to do business in the state of Washington. Therefore, it is the intent of the legislature to promote timely completion of state environmental policy act processes. In doing so, the legislature intends to restore balance between the need to carefully consider environmental impacts and the need to maintain the economic competitiveness of state businesses." [2017 c 289 § 1.]

43.21C.440 Planned action—Defined—Authority of a county, city, or town—Community meetings. (1) For purposes of this chapter, a planned action means one or more types of development or redevelopment that meet the following criteria:

(a) Are designated as planned actions by an ordinance or resolution adopted by a county, city, or town planning under RCW 36.70A.040;

(b) In conjunction with, or to implement, a comprehensive plan or subarea plan adopted under chapter 36.70A RCW, or a fully contained community, a master planned resort, a master planned development, or a phased project, have had the significant impacts adequately addressed:

(i) In an environmental impact statement under the requirements of this chapter; or

(ii) In a threshold determination or, where one is appropriate, in an environmental impact statement under the requirements of this chapter, if the planned action contains mixed use or residential development and encompasses an area that:

(A) Is within one-half mile of a major transit stop; or

(B) Will be within one-half mile of a major transit stop no later than five years from the date of the designation of the planned action;

(c) Have had project level significant impacts adequately addressed in a threshold determination or, where one is required under (b) of this subsection or where otherwise appropriate, an environmental impact statement, unless the impacts are specifically deferred for consideration at the project level pursuant to subsection (3)(b) of this section;

(d) Are subsequent or implementing projects for the proposals listed in (b) of this subsection;

(e) Are located within an urban growth area designated pursuant to RCW 36.70A.110;

(f) Are not essential public facilities, as defined in RCW 36.70A.200, unless an essential public facility is accessory to or part of a residential, office, school, commercial, recreational, service, or industrial development that is designated a planned action under this subsection; and

(g) Are consistent with a comprehensive plan or subarea plan adopted under chapter 36.70A RCW.

(2) A county, city, or town shall define the types of development included in the planned action and may limit a planned action to:

(a) A specific geographic area that is less extensive than the jurisdictional boundaries of the county, city, or town; or

(b) A time period identified in the ordinance or resolution adopted under this subsection.

(3)(a) A county, city, or town shall determine during permit review whether a proposed project is consistent with a planned action ordinance adopted by the jurisdiction. To determine project consistency with a planned action ordinance, a county, city, or town may utilize a modified checklist pursuant to the rules adopted to implement RCW 43.21C.110, a form that is designated within the planned action ordinance, or a form contained in agency rules adopted pursuant to RCW 43.21C.120.

(b) A county, city, or town is not required to make a threshold determination and may not require additional environmental review, for a proposal that is determined to be consistent with the development or redevelopment described in the planned action ordinance, except for impacts that are specifically deferred to the project level at the time of the planned action ordinance's adoption. At least one community meeting must be held before the notice is issued for the planned action ordinance. Notice for the planned action and notice of the community meeting required by this subsection (3)(b) must be mailed or otherwise verifiably provided to: (i) All affected federally recognized tribal governments; and (ii) agencies with jurisdiction over the future development anticipated for the planned action. The determination of consistency, and the adequacy of any environmental review that was specifically deferred, are subject to the type of adminis-

trative appeal that the county, city, or town provides for the proposal itself consistent with RCW 36.70B.060.

(4) For a planned action ordinance that encompasses the entire jurisdictional boundary of a county, city, or town, at least one community meeting must be held before the notice is issued for the planned action ordinance. Notice for the planned action ordinance and notice of the community meeting required by this subsection must be mailed or otherwise verifiably provided to:

(a) All property owners of record within the county, city, or town;

(b) All affected federally recognized tribal governments; and

(c) All agencies with jurisdiction over the future development anticipated for the planned action.

(5) For purposes of this section, "major transit stop" means a commuter rail stop, a stop on a rail or fixed guideway or transitway system, or a stop on a high capacity transportation service funded or expanded under chapter 81.104 RCW. [2017 3rd sp.s. c 16 § 7; 2012 1st sp.s. c 1 § 303.]

Subject to the availability of amounts appropriated for this specific purpose, in order to prevent homelessness in any county located east of the crest of the Cascade mountain range that shares a common border with Canada and has a population of one hundred thousand or less, the department shall, to strengthen the local capacity for controlling risk to life and property that may result from wildfires, administer to these counties, funding for radio communication equipment; and fire protection service providers within these counties to provide residential wildfire risk reduction activities, including education and outreach, technical assistance, fuel mitigation and other residential risk reduction measures. 43.31.565 Early learning facilities grant and loan program—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout *chapter 12, Laws of 2017 3rd sp. sess.:

- (1) "Department" means the department of commerce.
- (2) "Director" means the director of commerce.
- (3) "Early learning facility" means a facility providing regularly scheduled care for a group of children one month of age through twelve years of age for periods of less than twenty-four hours. [2017 3rd sp.s. c 12 § 3.]

***Reviser's note:** Chapter 12, Laws of 2017 3rd sp.s. consists of RCW 43.31.565 through 43.31.583 and the 2017 3rd sp.s. c 12 amendments to RCW 43.84.092 and 43.185.050.

Findings—Intent—2017 3rd sp.s. c 12: "The legislature finds that there is a significant and critical need for additional early learning facilities to meet the state's commitment to providing high quality early learning opportunities to low-income children, including the legal mandate to provide preschool opportunities through the early childhood education and assistance program to all eligible children by 2023.

The legislature further finds that private and public partnerships and investments are critical to meeting the need for increased classrooms neces-

sary to deliver high quality early learning opportunities to low-income children across Washington.

(a) Every adult or juvenile individual convicted of a felony, or any of the following crimes (or equivalent juvenile offenses):

(b) The local police department or sheriff's office shall be responsible for obtaining the biological samples for:

(i) Persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense who do not serve a term of confinement in a

(4) Any biological sample taken pursuant to RCW 43.43.752 through 43.43.758 may be retained by the forensic laboratory services bureau, and shall be used solely for the purpose of providing DNA or other tests for identification analysis and prosecution of a criminal offense or for the identification of human remains or missing persons. Nothing in this section prohibits the submission of results derived from the biological samples to the federal bureau of investigation combined DNA index system.

(5) The forensic laboratory services bureau of the Washington state patrol is responsible for testing performed on all biological samples that are collected under subsection (1) of this section, to the extent allowed by funding available for this purpose. The director shall give priority to testing on samples collected from those adults or juveniles convicted of a felony or adjudicated guilty of an equivalent juvenile offense that is defined as a sex offense or a violent offense in RCW 9.94A.030. Known duplicate samples may be excluded from testing unless testing is deemed necessary or advisable by the director.

(6) This section applies to:

(b) All adults and juveniles to whom this section did not apply prior to June 12, 2008, who:

(i) Are convicted on or after June 12, 2008, of an offense listed in subsection (1)(a) of this section; or

(ii) Were convicted prior to June 12, 2008, of an offense listed in subsection (1)(a) of this section and are still incarcerated on or after June 12, 2008; and

(7) This section creates no rights in a third person. No cause of action may be brought based upon the noncollection or nonanalysis or the delayed collection or analysis of a biological sample authorized to be taken under RCW 43.43.752 through 43.43.758.

(8) The detention, arrest, or conviction of a person based upon a database match or database information is not invalidated if it is determined that the sample was obtained or placed in the database by mistake, or if the conviction or juvenile adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including but not limited to posttrial or postfact-finding motions, appeals, or collateral attacks.

(9) A person commits the crime of refusal to provide DNA if the person has a duty to register under RCW 9A.44.130 and the person willfully refuses to comply with a legal request for a DNA sample as required under this section. The refusal to provide DNA is a gross misdemeanor. [2017 c 272 § 4; 2015 c 261 § 10; 2008 c 97 § 2; 2002 c 289 § 2; 1999 c 329 § 2; 1994 c 271 § 402; 1990 c 230 § 3; 1989 c 350 § 4.]

***Reviser's note:** 2010 c 267 removed from RCW 9A.44.130 provisions relating to the crime of "failure to register" as a sex offender or kidnapping offender, and placed similar provisions in RCW 9A.44.132.

Finding—2017 c 272: See note following RCW 9A.36.041.

Findings—1999 c 329: "The legislature finds it necessary to expand the current pool of convicted offenders who must have a blood sample drawn for purposes of DNA identification analysis. The legislature further finds that there is a high rate of recidivism among certain types of violent and sex offenders and that drawing blood is minimally intrusive. Creating an expanded DNA data bank bears a rational relationship to the public's interest in enabling law enforcement to better identify convicted violent and sex offenders who are involved in unsolved crimes, who escape to reoffend, and who reoffend after release." [1999 c 329 § 1.]

Finding—1994 c 271: "The legislature finds that DNA identification analysis is an accurate and useful law enforcement tool for identifying and prosecuting sexual and violent offenders. The legislature further finds no compelling reason to exclude juvenile sexual and juvenile violent offenders from DNA identification analysis." [1994 c 271 § 401.]

Purpose—Severability—1994 c 271: See notes following RCW 9A.28.020.

Finding—Funding limitations—1989 c 350: See notes following RCW 43.43.752.

(5) The Washington state patrol shall generate and distribute a notice form to all firearm dealers, to be provided by the dealers to applicants denied the purchase or transfer of a firearm as a result of a background check that indicates the applicant is ineligible to possess a firearm. The notice form must contain the following statements:

State law requires that I transmit the following information to the Washington association of sheriffs and police chiefs as a result of your firearm purchase or transfer denial within two days of the denial:

- (a) Identifying information of the applicant;
- (b) The date of the application and denial of the application;
- (c) Other information as prescribed by the Washington association of sheriffs and police chiefs.

If you believe this denial is in error, and you do not exercise your right to appeal, you may be subject to criminal investigation by the Washington state patrol and/or a local law enforcement agency.

The notice form shall also contain information directing the applicant to a web site describing the process of appealing a national instant criminal background check system denial through the federal bureau of investigation and refer the applicant to local law enforcement for information on a denial based on a state background check. The notice form shall also contain a phone number for a contact at the Washington state patrol to direct the person to resources regarding an individual's right to appeal a background check denial.

(6) The Washington state patrol may adopt rules as are necessary to carry out the purposes of this section. [2017 c 261 § 3.]

ARTS COMMISSION

Sections

- 43.46.100 Creative districts—Definitions.
- 43.46.105 Creative districts—Designation—Certification.
- 43.46.110 Creative districts—Applications for certification—Review—Approval, rejection, revocation—Additional powers of commission.
- 43.46.115 Creative districts—Coordinator.

43.46.100 Creative districts—Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the Washington state arts commission.

(2) "Coordinator" means the employee of the Washington state arts commission who is responsible for performing the specific tasks under RCW 43.46.115.

(3) "Creative district" means a land area designated by a local government in accordance with RCW 43.46.105 that contains either a hub of cultural facilities, creative industries, or arts-related businesses, or multiple vacant properties in close proximity that would be suitable for redevelopment as a creative district.

(4) "Local government" means a city, county, or town.

(5) "State-certified creative district" means a creative district whose application for certification has been approved by the commission. [2017 c 240 § 2.]

Findings—Intent—2017 c 240: "(1) The legislature finds that:

(a) A creative district is a designated, geographical, mixed-use area of a community in which a high concentration of cultural facilities, creative businesses, or arts-related businesses serve as a collective anchor of public attraction;

(b) In certain cases, multiple vacant properties in close proximity may exist within a community that would be suitable for redevelopment as a creative district;

(c) Creative districts are a highly adaptable economic development tool that is able to take a community's unique conditions, assets, needs, and opportunities into account and thereby address the needs of large, small, rural, and urban areas;

(d) Creative districts may be home to both nonprofit and for-profit creative industries and organizations;

(e) The arts and culture transcend boundaries of race, age, gender, language, and social status; and

(f) Creative districts promote and improve communities in particular and the state more generally in many ways. Specifically, such districts:

(i) Attract artists and creative entrepreneurs to a community and thereby infuse the community with energy and innovation and enhance the economic and civic capital of the community;

(ii) Create a hub of economic activity that helps an area become an appealing place to live, visit, and conduct business, complements adjacent businesses, creates new economic opportunities and jobs in both the cultural sector and other local industries, and attracts new businesses and assists in the recruitment of employees;

(iii) Establish marketable tourism assets that highlight the distinct identity of communities, attract in-state, out-of-state, and international visitors, and become especially attractive destinations for cultural, recreational, and business travelers;

(iv) Revitalize and beautify neighborhoods, cities, and larger regions, reverse urban decay, promote the preservation of historic buildings, and facilitate a healthy mixture of business and residential activity that contributes to reduced vacancy rates and enhanced property values;

(v) Provide a focal point for celebrating and strengthening a community's unique cultural identity, providing communities with opportunities to highlight existing cultural amenities as well as mechanisms to recruit and establish new artists, creative industries, and organizations;

(vi) Provide artists with a creative area in which they can live and work, with living spaces that enable them to work in artistic fields and find affordable housing close to their place of employment; and

(vii) Enhance property values. Successful creative districts combine improvements to public spaces such as parks, waterfronts, and pedestrian corridors, alongside property development. The redevelopment of abandoned properties and historic sites and recruiting businesses to occupy vacant spaces can also contribute to reduced vacancy rates and enhanced property values.

(2) It is the intent of the legislature that the state provide leadership, technical support, and the infrastructure to local communities desirous of creating their own creative districts by, among other things, certifying districts, offering available incentives to encourage business development, exploring new incentives that are directly related to creative enterprises, facilitating local access to state assistance, enhancing the visibility of creative districts, providing technical assistance and planning help, ensuring

broad and equitable program benefits, and fostering a supportive climate for the arts and culture, thereby contributing to the development of healthy communities across the state and improving the quality of life of the state's residents." [2017 c 240 § 1.]

43.46.105 Creative districts—Designation—Certification. (1) A local government may designate a creative district within its territorial boundaries subject to certification as a state-certified creative district by the commission. Two or more local governments may jointly apply for certification of a creative district that extends across a common boundary.

(2) In order to receive certification as a state-certified creative district, a creative district must:

- (a) Be a geographically contiguous area;
- (b) Be distinguished by physical, artistic, or cultural resources that play a vital role in the quality and life of a community, including its economic and cultural development;
- (c) Be the site of a concentration of artistic or cultural activity, a major arts or cultural institution or facility, arts and entertainment businesses, an area with arts and cultural activities, or artistic or cultural production;
- (d) Be engaged in the promotional, preservation, and educational aspects of the arts and culture of the community and contribute to the public through interpretive, educational, or recreational uses; and

(e) Satisfy any additional criteria required by the commission that in its discretion will further the purposes of RCW 43.46.100 through 43.46.115. Any additional eligibility criteria must be posted by the commission on its public web site.

(3) The commission may grant certification to a creative district that does not qualify for certification under subsection (2) of this section if the land area proposed for certification contains multiple vacant properties in close proximity that would be suitable, as determined by the commission, for redevelopment as a creative district. [2017 c 240 § 3.]

Findings—Intent—2017 c 240: See note following RCW 43.46.100.

43.46.110 Creative districts—Applications for certification—Review—Approval, rejection, revocation—Additional powers of commission. (1) Subject to the availability of amounts appropriated for this specific purpose, the commission may create a process for review of applications submitted by local governments or federally recognized Indian tribes for certification of state-certified creative districts. The application must be submitted on a standard form developed and approved by the commission.

(2) After reviewing an application for certification, the commission must approve or reject the application or return it to the applicant with a request for changes or additional information. The commission may request that an applicant provide relevant information supporting an application. Rejected applicants may reapply at any time in coordination with program guidelines.

(3) Certification must be based upon the criteria specified in RCW 43.46.105.

(4) If the commission approves an application for certification, it must notify the applicant in writing and must specify the terms and conditions of the commission's approval, including the terms and conditions set forth in the application and as modified by written agreement between the applicant and the commission.

(5) Upon approval by the commission of an application for certification, a creative district becomes a state-certified creative district with all of the attendant benefits under RCW 43.46.100 through 43.46.115.

(6) The commission may revoke a certification previously granted for failure by a local government to comply with the requirements of this section or an agreement executed pursuant to this section.

(7) In addition to any powers explicitly granted to the commission under RCW 43.46.100 through 43.46.115, the commission is granted such additional powers as are necessary to carry out the purposes of RCW 43.46.100 through 43.46.115. Where authorized by law, such powers may include offering incentives to state-certified creative districts to encourage business development, exploring new incentives that are directly related to creative enterprises, facilitating local access to state economic development assistance, enhancing the visibility of state-certified creative districts, providing state-certified creative districts with technical assistance and planning aid, ensuring broad and equitable program benefits, and fostering a supportive climate for the arts and culture within the state.

(8) The creation of a district under this section may not be used to prohibit any particular business or the development of residential real property within the boundaries of the district or to impose a burden on the operation or use of any particular business or parcel of residential real property located within the boundaries of the district. [2017 c 240 § 4.]

Findings—Intent—2017 c 240: See note following RCW 43.46.100.

43.46.115 Creative districts—Coordinator. Subject to the availability of amounts appropriated for this specific purpose, the commission may appoint a coordinator. The coordinator must:

(1) Review applications for certification and make a recommendation to the commission for action;

(2) Administer and promote the application process for the certification of creative districts;

(3) With the approval of the commission, develop standards and policies for the certification of state-certified creative districts. Any approved standards and policies must be posted on the commission's public web site;

(4) Require periodic written reports from any state-certified creative district for the purpose of reviewing the activities of the district, including the compliance of the district with the policies and standards developed under this section and with the conditions of an approved application for certification;

(5) Identify available public and private resources, including any applicable economic development incentives and other tools, that support and enhance the development and maintenance of creative districts and, with the assistance of the commission, ensure that such programs and services are accessible to creative districts; and

(6) With the approval of the commission, develop such additional procedures as may be necessary to administer this section. Any approved procedures must be posted on the commission's public web site. [2017 c 240 § 5.]

Findings—Intent—2017 c 240: See note following RCW 43.46.100.

Chapter 43.59 RCW
TRAFFIC SAFETY COMMISSION

Sections

43.59.160 Cooper Jones bicyclist safety advisory council. (*Expires June 30, 2019.*)

43.59.160 Cooper Jones bicyclist safety advisory council. (*Expires June 30, 2019.*) (1) Within amounts appropriated to the traffic safety commission, the commission must convene the Cooper Jones bicyclist safety advisory council comprised of stakeholders who have a unique interest or expertise in bicyclist and road safety.

(2) The purpose of the council is to review and analyze data related to bicyclist fatalities and serious injuries to identify points at which the transportation system can be improved and to identify patterns in bicyclist fatalities and serious injuries.

(3)(a) The council may include, but is not limited to:

- (i) A representative from the commission;
- (ii) An emergency medical technician from the county in which the most bicyclist deaths have occurred;
- (iii) A representative from the Washington association of sheriffs and police chiefs;
- (iv) Multiple members of law enforcement who have investigated bicyclist fatalities;
- (v) A traffic engineer;
- (vi) A representative from the department of transportation;
- (vii) A representative of cities, and up to two stakeholders, chosen by the council, who represent municipalities in which at least one bicyclist fatality has occurred in the previous three years;

- (ix) A transportation planner with a focus on multimodal planning;
- (x) A public health official, researcher, or epidemiologist; and
- (xi) A member of an academic transportation research organization, such as the transportation research board.

(b) The commission may invite other representatives of stakeholder groups to participate in the council as deemed appropriate by the commission. Additionally, the commission may invite a victim or family member of a victim to participate in the council.

(4) The council must meet at least quarterly. By December 31st of each year, the council must issue an annual report detailing any findings and recommendations to the governor and the transportation committees of the legislature. The commission must provide the annual report electronically to all municipal governments and state agencies that participated in the council during that calendar year. Additionally, the council must report any budgetary or fiscal recommendations to the office of financial management and the legislature by August 1, 2018.

(5) As part of the review of bicyclist fatalities and serious injuries that occur in Washington, the council may review any available information, including accident information maintained in existing databases; statutes, rules, policies, or ordinances governing bicyclists and traffic related to the incidents; and any other relevant information. The council may make recommendations regarding changes in statutes,

ordinances, rules, and policies that could improve bicyclist safety. Additionally, the council may make recommendations on how to improve traffic fatality and serious injury data quality.

(6)(a) Documents prepared by or for the council are inadmissible and may not be used in a civil or administrative proceeding, except that any document that exists before its use or consideration in a review by the council, or that is created independently of such review, does not become inadmissible merely because it is reviewed or used by the council. For confidential information, such as personally identifiable information and medical records, which are obtained by the council, neither the commission nor the council may publicly disclose such confidential information. No person who was in attendance at a meeting of the council or who participated in the creation, retention, collection, or maintenance of information or documents specifically for the commission or the council shall be permitted to testify in any civil action as to the content of such proceedings or of the documents and information prepared specifically as part of the activities of the council. However, recommendations from the council and the commission generally may be disclosed without personal identifiers.

(b) The council may review, only to the extent otherwise permitted by law or court rule when determined to be relevant and necessary: Any law enforcement incident documentation, such as incident reports, dispatch records, and victim, witness, and suspect statements; any supplemental reports, probable cause statements, and 911 call taker's reports; and any other information determined to be relevant to the review. The commission and the council must maintain the confidentiality of such information to the extent required by any applicable law.

(7) If acting in good faith, without malice, and within the parameters of and protocols established under this chapter, representatives of the commission and the council are immune from civil liability for an activity related to reviews of particular fatalities and serious injuries.

(8) This section must not be construed to provide a private civil cause of action.

(9)(a) The council may receive gifts, grants, or endowments from public or private sources that are made from time to time, in trust or otherwise, for the use and benefit of the purposes of the council and spend the gifts, grants, or endowments from the public or private sources according to their terms, unless the receipt of the gifts, grants, or endowments violates RCW 42.17A.560.

(b) Subject to the appropriation of funds for this specific purpose, the council may provide grants targeted at improving bicyclist safety in accordance with recommendations made by the council.

(10) By December 1, 2018, the council must report to the transportation committees of the legislature on the strategies that have been deployed to improve bicyclist safety by the council and make a recommendation as to whether the council should be continued and if there are any improvements the legislature can make to improve the council.

(11) For purposes of this section:

(a) "Bicyclist fatality" means any death of a bicyclist resulting from a collision with a vehicle, whether on a road-

way, at an intersection, along an adjacent sidewalk, or on a path that is contiguous with a roadway.

(b) "Council" means the Cooper Jones bicyclist safety advisory council.

(c) "Serious injury" means any injury other than a fatal injury that prevents the injured person from walking, driving, or normally continuing the activities the person was capable of performing before the injury occurred.

(12) This section expires June 30, 2019. [2017 c 324 § 2.]

Finding—Intent—2017 c 324: "The legislature finds that Washington state is the nation's number one "Bike Friendly State." However, people who bike encounter road safety dangers that result in severe injury and death. Bicycle ridership has significantly increased over the last ten years, and the number of injuries and fatalities are also on the rise, despite the five percent annual reduction goal. The Cooper Jones act of 1998 laid the groundwork to begin a focus on bicycle safety and education. It is the intent of the legislature that the Cooper Jones bicycle safety advisory council continue that work with a focus on a review of best practices for the reduction and eventual elimination of bicycle-related injuries and fatalities in contribution to Washington state's adoption of Target Zero." [2017 c 324 § 1.]

The department of veterans affairs, to the extent funds are made available, shall: (1) Contract with professional counseling specialists to provide a range of direct treatment services to ~~((war))~~ combat-affected state veterans and to those national guard and reservists who served in the Middle East, and their family members; (2) provide additional treatment services to Washington state Vietnam veterans for posttraumatic stress disorder, particularly for those veterans whose posttraumatic stress disorder has intensified or initially emerged due to ~~((the war))~~ combat in the Middle East; (3) provide an educational program designed to train primary care professionals, such as ~~((mental))~~ behavioral health professionals, about the effects of ~~((war))~~ combat-related stress and trauma; (4) provide informational and counseling services for the purpose of establishing and fostering peer-support networks throughout the state for families of deployed members of the reserves and the Washington national guard; (5) provide for veterans' families, a referral network of community mental health providers who are skilled in treating deployment stress, combat stress, and posttraumatic stress; and (6) offer training and support for volunteers interested in providing peer-to-peer support to other veterans. [2017 c 192 § 2; 1991 c 55 § 1.]

Reviser's note: RCW 43.60A.100 was amended twice during the 2017 legislative session, each without reference to the other. For rule of construction concerning sections amended more than once during the same legislative session, see RCW 1.12.025.

Findings—2017 c 192: "The legislature finds that:

- (1) Veterans are national heroes who have made great sacrifices in their lives for the protection of our nation;
- (2) Due to the relatively high number of military installations in our state, as well as the standard of living in our state, many veterans choose to live in Washington;
- (3) Many veterans have a need for support services, including peer-to-peer counseling services. Some veterans need to talk about their experiences with combat, deployment, or other situations experienced during their time in the military. Often, there is no person better prepared to speak with a veteran about his or her experiences than another veteran;
- (4) In 2009, the state of Texas created an award winning peer-to-peer counseling network, called the military veteran peer network. On a voluntary basis, veterans elect to receive specialized training about the facilitation of group counseling sessions. After receiving their training, the volunteers create peer-to-peer support groups in their local communities;
- (5) Veterans living in Washington would benefit from a program that is similar to the military veteran peer network." [2017 c 192 § 1.]

Findings—2017 c 192: See note following RCW 43.41.460.

43.60A.101 Peer-to-peer support program—Report to the legislature. By December 31, 2018, the department of veterans affairs must submit a report to the legislature on the veteran peer-to-peer training and support program authorized in RCW 43.60A.100 to determine the effectiveness of the program in meeting the needs of veterans in the state. The report must include the number of veterans receiving peer-to-peer support and the location of such support services; the number of veterans trained through the program to provide peer-to-peer support; and the types of training and support services provided by the program. The report must also include an analysis of peer-to-peer training and support programs developed by other states, as well as in the private and nonprofit sectors, in order to evaluate best practices for implementing and managing the veteran peer-to-peer training and support program authorized in RCW 43.60A.100. [2017 c 192 § 5.]

Findings—2017 c 192: See notes following RCW 43.41.460 and 43.60A.100.

43.60A.150 Veterans conservation corps—Created.

(1) The Washington veterans conservation corps is created. The department shall establish enrollment procedures for the program. Enrollees may choose to participate in either or both the volunteer projects list authorized in subsection (2) of this section, and the training, certification, ecotherapy, and placement program authorized in RCW 43.60A.151.

(2) The department shall create a list of veterans who are interested in working on projects that restore Washington's natural habitat. The department shall promote the opportunity to volunteer for the veterans conservation corps through its local counselors and representatives. Only veterans who grant their approval may be included on the list. The department shall consult with the salmon recovery board, the recreation and conservation funding board, the department of natural resources, the department of fish and wildlife, the department of agriculture, conservation districts, and the state parks and recreation commission to determine the most effective ways to market the veterans conservation corps to agencies and natural resource partners. [2017 c 185 § 3. Prior: 2007 c 451 § 2; 2007 c 241 § 6; 2005 c 257 § 2.]

Intent—Effective date—2007 c 241: See notes following RCW 79A.25.005.

Findings—Purpose—2005 c 257: "The legislature finds that many Washington citizens are veterans of armed forces conflicts that have important skills that may be employed in projects that help to protect and restore Washington's rivers, streams, lakes, marine waters, and open lands, and help to maintain urban and suburban wastewater and stormwater management systems. The legislature further finds that such work has demonstrated benefits for many veterans who are coping with posttraumatic stress disorder or have other mental health or substance abuse disorders related to their service in the armed forces. The legislature further finds that these projects provide an opportunity for veterans to obtain on-the-job training, leading to certification in specific skill sets and to living wage employment in environmental restoration and stewardship. Therefore, it is the purpose of this chapter to create the veterans conservation corps program to assist veterans in obtaining training, certification, and employment in the field of environmental restoration and management, and to provide state funding assistance for projects that restore Washington's waters, forests, and habitat through the participation of veterans." [2007 c 451 § 1; 2005 c 257 § 1.]

43.60A.151 Veterans conservation corps—Employment assistance—Agreements for educational benefits—Receipt of gifts, grants, or federal moneys. (1) The department shall assist veterans enrolled in the veterans conservation corps with obtaining employment in conservation programs and projects that restore Washington's natural habitat, maintain and steward local, state, and federal forestlands and other outdoor lands, maintain and improve urban and suburban stormwater management facilities and other water management facilities, and other environmental maintenance, stewardship, and restoration projects. The department shall consult with the workforce training and education coordinating board, the state board for community and technical colleges, the employment security department, and other state agencies administering conservation corps programs, to incorporate training, education, ecotherapy, and certification in environmental restoration and management fields into the program. The department may enter into agreements with community colleges, private schools, conservation districts, state or local agencies, or other entities to provide training, internships, and educational courses as part of the enrollee benefits from the program.

(2) The department may receive gifts, grants, federal funds, or other moneys from public or private sources, for the use and benefit of the veterans conservation corps program. The funds shall be deposited to the veterans conservation corps account created in RCW 43.60A.153. [2017 c 185 § 4; 2012 c 229 § 820; 2007 c 451 § 3.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

43.60A.154 Agreements with federal entities for projects. The department shall seek to enter agreements with the bureau of land management, the national park service, the United States forest service, the United States fish and wildlife service, and other federal agencies managing lands or waterways in Washington, for the employment of veterans conservation corps enrollees in maintenance, restoration, and stewardship projects. [2017 c 185 § 5; 2007 c 451 § 7.]

43.60A.155 Cooperation with the salmon recovery funding board regarding project work. The salmon recovery funding board shall cooperate with the department of veterans affairs to inform salmon habitat project sponsors of the availability of veterans conservation corps enrollees to perform project work. From applications submitted, the board and the department shall identify projects that propose work suitable for corps enrollees and located near where enrollees are based or may be created. The department may provide the project applicants with information regarding the benefits of employing a veterans conservation corps enrollee in the project, as well as training to increase the success of hiring a veteran. [2017 c 185 § 6; 2007 c 451 § 8.]

43.60A.190 Certified veteran-owned businesses. (1) The department shall:

(a) Maintain a current list of certified veteran-owned businesses; and

(b) Make the list of certified veteran-owned businesses available on the department's public web site.

(2) To qualify as a certified veteran-owned business, the business must:

(a) Be at least fifty-one percent owned and controlled by:

(i) A veteran as defined as every person who at the time he or she seeks certification has received a discharge with an honorable characterization or received a discharge for medical reasons with an honorable record, where applicable, and who has served in at least one of the capacities listed in RCW 41.04.007;

(ii) A person who is in receipt of disability compensation or pension from the department of veterans affairs; or

(iii) An active or reserve member in any branch of the armed forces of the United States, including the national guard, coast guard, and armed forces reserves; and

(b) Be either an enterprise which is incorporated in the state of Washington as a Washington domestic corporation, or an enterprise whose principal place of business is located within the state of Washington for enterprises which are not incorporated.

(3) To participate in the linked deposit program under chapter 43.86A RCW, a veteran-owned business qualified

under this section must be certified by the department as a business:

(a) In which the veteran owner possesses and exercises sufficient expertise specifically in the business's field of operation to make decisions governing the long-term direction and the day-to-day operations of the business;

(b) That is organized for profit and performing a commercially useful function; and

(c) That meets the criteria for a small business concern as established under chapter 39.19 RCW.

(4) The department shall create a logo for the purpose of identifying veteran-owned businesses to the public. The department shall put the logo on an adhesive sticker or decal suitable for display in a business window and distribute the stickers or decals to veteran-owned businesses listed with the department.

(5)(a) Businesses may submit an application on a form prescribed by the department to apply for certification under this section.

(b) The department must notify the state treasurer of veteran-owned businesses who have participated in the linked deposit program and are no longer certified under this section. The written notification to the state treasurer must contain information regarding the reasons for the decertification and information on financing provided to the veteran-owned business under RCW 43.86A.060.

(6) The department may adopt rules necessary to implement this section. [2017 c 185 § 7; 2014 c 182 § 1; 2008 c 187 § 1; 2007 c 11 § 1.]

43.70.057 Hospital emergency room patient care information—Data collection, maintenance, analysis, and dissemination—Rules. (1) The legislature finds that public health data is critical to the department's ability to respond to emerging public health threats and chronic conditions affecting the public health and, therefore, intends that the department be fully informed about emerging public health threats and chronic conditions that may impact the health of Washington citizens.

(2) The department shall require hospitals with emergency departments to submit emergency department patient care information, which must be collected, maintained, analyzed, and disseminated by the department. The department shall also accept other data types submitted voluntarily as approved by the department. The data must be collected in a way that allows automated reporting by electronic transmission. Emergency departments submitting data must be able to obtain their data and aggregate regional and statewide data from the collection system within thirty minutes of submission of a query for the data once the data is available in the system. The department may, if deemed cost-effective and efficient, contract with a private entity for any or all parts of data collection, maintenance, analysis, and dissemination. The department or contractor shall include the following elements:

(a) A demonstrated ability to collect the data required by this section in a way that allows automated reporting by electronic transmission;

(b) An established data submission arrangement with the majority of emergency departments required to submit data pursuant to this section;

(c) The demonstrated ability to allow emergency departments submitting data to immediately obtain their own data and aggregate regional and statewide data and the department to immediately obtain any data within thirty minutes of submission of a query for data once the data is available in the system; and

(d) The capacity to work with existing emergency department data systems to minimize administrative reporting burden and costs.

(3) Data elements must be reported in conformance with a uniform reporting system established by the department in collaboration with representatives from emergency departments required to submit data pursuant to this section and in conformance with current or emerging national standards for

reporting similar data. Data elements to be initially collected include, but are not limited to, data elements identifying facility information, limited patient identifiers, patient demographics, and encounter, clinical, and laboratory information. In order to ensure meaningful public health surveillance, after consulting with emergency departments required to submit data pursuant to this section, the department shall adopt rules including, but not limited to, data element and format requirements and time frames for reporting and addressing errors in submission. The rules adopted shall support alignment with current or emerging national standards for reporting similar data and minimization of administrative burden and costs.

(4) The department may require additional information from data providers only for the purposes of validating data received, verifying data accuracy, conducting surveillance of potential public health threats, and addressing potential public health threats.

(5) The data collected, maintained, and analyzed by the department must only be available for retrieval in original or processed form to public and private requestors pursuant to subsection (6) of this section and must be available within a reasonable period of time after the date of request, except that emergency departments submitting data pursuant to this section must have the ability to immediately obtain their own data and aggregate regional and statewide data within thirty minutes of submission of a query for data once the data is available in the system. The cost of retrieving their own data and aggregate regional and statewide data in standardized reports for state, local, tribal, federal officials and agencies, and health care facilities, and health care providers associated with the emergency departments submitting data pursuant to this section, must be funded through the agency's resources. The cost of retrieving data for individuals and organizations engaged in research or private use of data or reports must be funded by a fee schedule developed by the department that reflects the direct cost of retrieving the data or report in the requested form.

(6) The department must maintain the confidentiality of patient data it collects under subsection (2) of this section. Patient data collected by the department is health care information under chapter 70.02 RCW. Patient data that includes direct and indirect identifiers is not subject to public inspection and copying and the department may only release that data as allowed for in this section. Any agency that receives patient data under (a) or (b) of this subsection must also maintain the confidentiality of the data and may not release the data except as consistent with subsection (7)(b) of this section. The department may release the data as follows:

(a) Data that includes direct and indirect patient identifiers, as specifically defined in rule, may be released to:

(i)(A) Federal, Washington state, tribal, and local government agencies upon receipt of a signed data use agreement with the department;

(B) In the case of an emergent public health threat, the signed data use agreement requirement must be waived for public health authorities. The department may disclose only the minimum amount of information necessary, to the fewest number of people, for the least amount of time required to address the threat;

(ii) Researchers with approval of an institutional review board upon receipt of a signed confidentiality agreement with the department;

(b) Data that does not contain direct patient identifiers but may contain indirect patient identifiers may be released to agencies, institutional review board-approved researchers, and other persons upon receipt of a signed data use agreement with the department;

(c) Data that does not contain direct or indirect patient identifiers may be released on request.

(7) Recipients of data under subsection (6)(a) and (b) of this section must agree in a data use agreement, as applicable, at a minimum, to:

(a) Take steps to protect direct and indirect patient identifiers as described in the data use agreement; and

(b) Not redisclose the data except as authorized in their data use agreement consistent with the purpose of the agreement.

(8) Recipients of data under subsection (6)(b) and (c) of this section must not attempt to determine the identity of persons whose information is included in the data set or use the data in any manner that identifies individuals or their families.

(9) For the purposes of this section:

(a) "Direct patient identifier" means information that identifies a patient; and

(b) "Indirect patient identifier" means information that may identify a patient when combined with other information.

(10) The department may adopt rules necessary to carry out its responsibilities under this section. The department must consider national standards when adopting rules. [2017 c 220 § 1.]

43.70.250 License fees for professions, occupations, and businesses. (1) It shall be the policy of the state of Washington that the cost of each professional, occupational, or business licensing program be fully borne by the members of that profession, occupation, or business.

(2) The secretary shall from time to time establish the amount of all application fees, license fees, registration fees, examination fees, permit fees, renewal fees, and any other fee associated with licensing or regulation of professions, occupations, or businesses administered by the department. Any and all fees or assessments, or both, levied on the state to cover the costs of the operations and activities of the interstate health professions licensure compacts with participating authorities listed under chapter 18.130 RCW shall be borne by the persons who hold licenses issued pursuant to the authority and procedures established under the compacts. In fixing said fees, the secretary shall set the fees for each program at a sufficient level to defray the costs of administering that program and the cost of regulating licensed volunteer medical workers in accordance with RCW 18.130.360, except as provided in RCW 18.79.202. In no case may the secretary increase a licensing fee for an ambulatory surgical facility licensed under chapter 70.230 RCW prior to July 1, 2018, nor may he or she commence the adoption of rules to increase a licensing fee prior to July 1, 2018.

(3) All such fees shall be fixed by rule adopted by the secretary in accordance with the provisions of the administra-

tive procedure act, chapter 34.05 RCW. [2017 c 195 § 26; 2016 c 146 § 1; 2013 c 77 § 2; 2006 c 72 § 4; 2005 c 268 § 3; 1996 c 191 § 1; 1989 1st ex.s. c 9 § 319.]

(1) There is created in the state treasury an account to be known as the health professions account. All fees received by the department for health professions licenses, registration, certifications, renewals, compact privileges, or examinations and the civil penalties assessed and collected by the department under RCW 18.130.190 shall be forwarded to the state treasurer who shall credit such moneys to the health professions account.

(2) All expenses incurred in carrying out the health professions licensing activities of the department and implementing and administering the medical marijuana authorization database established in RCW 69.51A.230 shall be paid from the account as authorized by legislative appropriation, except as provided in subsections (4) and (5) of this section. Any residue in the account shall be accumulated and shall not revert to the general fund at the end of the biennium.

(3) The secretary shall biennially prepare a budget request based on the anticipated costs of administering the health professions licensing activities of the department which shall include the estimated income from health professions fees.

(4) The fees received by the department from applicants for compact privilege under RCW 18.74.500 must be used for the purpose of meeting financial obligations imposed on the state as a result of this state's participation in the physical therapy licensure compact.

(5) The secretary shall, at the request of a board or commission as applicable, spend unappropriated funds in the health professions account that are allocated to the requesting board or commission to meet unanticipated costs of that board or commission when revenues exceed more than fifteen percent over the department's estimated six-year spending projections for the requesting board or commission. Unanticipated costs shall be limited to spending as authorized in subsection (3) of this section for anticipated costs. (iii) A person or entity providing the training required in this section may petition the department for inclusion on the model list. The department shall add the training to the list only if the department determines that the training meets the minimum standards established in the rules adopted under (c) of this subsection.

(7) The department shall provide the health profession training standards created in this section to the professional educator standards board as a model in meeting the requirements of RCW 28A.410.226 and provide technical assistance, as requested, in the review and evaluation of educator training programs. The educator training programs approved by the professional educator standards board may be included in the department's model list.

(8) Nothing in this section may be interpreted to expand or limit the scope of practice of any profession regulated under chapter 18.130 RCW.

(9) The secretary and the disciplining authorities affected by this section shall adopt any rules necessary to implement this section.

(10) For purposes of this section:

(a) "Disciplining authority" has the same meaning as in RCW 18.130.020.

(b) "Training in suicide assessment, treatment, and management" means empirically supported training approved by the appropriate disciplining authority that contains the following elements: Suicide assessment, including screening and referral, suicide treatment, and suicide management. However, the disciplining authority may approve training that includes only screening and referral elements if appropriate for the profession in question based on the profession's scope of practice. The board of occupational therapy may also approve training that includes only screening and referral elements if appropriate for occupational therapy practitioners based on practice setting.

(11) A state or local government employee is exempt from the requirements of this section if he or she receives a total of at least six hours of training in suicide assessment, treatment, and management from his or her employer every six years. For purposes of this subsection, the training may be provided in one six-hour block or may be spread among shorter training sessions at the employer's discretion.

(12) An employee of a community mental health agency licensed under chapter 71.24 RCW or a chemical dependency program certified under *chapter 70.96A RCW is exempt from the requirements of this section if he or she receives a total of at least six hours of training in suicide assessment, treatment, and management from his or her employer every six years. For purposes of this subsection, the training may be provided in one six-hour block or may be spread among shorter training sessions at the employer's discretion. *Reviser's note: Many sections in chapter 70.96A RCW were recodified in chapter 71.24 RCW pursuant to 2016 sp.s. c 29 § 701.

Effective date—2017 c 262 § 4: "Section 4 of this act takes effect August 1, 2020." [2017 c 262 § 7.]

Findings—Intent—2017 c 262: "The legislature finds that over one thousand one hundred suicide deaths occur each year in Washington and these suicide deaths take an enormous toll on families and communities across the state. The legislature further finds that: Sixty-five percent of all suicides, and most suicide deaths and attempts for young people ages ten to eighteen, occur using firearms and prescription medications that are easily accessible in homes; firearms are the most lethal method used in suicide and almost entirely account for more men dying by suicide than women; sixty-seven percent of all veteran deaths by suicide are by firearm; and nearly eighty percent of all deaths by firearms in Washington are suicides. The legislature further finds that there is a need for a robust public education campaign designed to raise awareness of suicide and to teach everyone the role that he or she can play in suicide prevention. The legislature further finds that important suicide prevention efforts include: Motivating households to improve safe storage practices to reduce deaths from firearms and prescription medications; decreasing barriers to prevent access to lethal means by allowing for temporary and voluntary transfers of firearms when individuals are at risk for suicide; increasing access to drug take-back sites; and making the public aware of suicide prevention steps, including recognizing warning signs, empathizing and listening, asking directly about suicide, removing dangers to ensure immediate safety, and getting help. The legislature intends by this act to create a public-private partnership fund to implement a suicide-safer home public education campaign in the coming years." [2017 c 262 § 1.]

Effective date—2016 c 90 § 5: "Section 5 of this act takes effect January 1, 2017." [2016 c 90 § 8.]

Findings—2016 c 90: "The legislature finds that: Washington's suicide rate is fourteen percent higher than the national average; on average, two young people between the ages of ten and twenty-four die by suicide each week; almost a quarter of those who die by suicide are veterans; and many of the state's rural and tribal communities have the highest suicide rates. The legislature further finds that when suicide occurs, it has devastating consequences for communities and schools, yet, according to the United States surgeon general, suicide is the nation's most preventable form of death. The legislature further finds that one of the most immediate ways to reduce the tragedy of suicide is through suicide awareness and prevention education coupled with safe storage of lethal means commonly used in suicides, such as firearms and prescription medications. The legislature further finds that encouraging firearms dealers to voluntarily participate in suicide awareness and prevention education programs and provide certain safe storage devices at cost is an important step in creating safer homes and reducing suicide deaths in the state." [2016 c 90 § 1.]

Findings—Intent—2014 c 71; 2012 c 181: "(1) The legislature finds that:

(a) According to the centers for disease control and prevention:

(i) In 2008, more than thirty-six thousand people died by suicide in the United States, making it the tenth leading cause of death nationally.

(ii) During 2007-2008, an estimated five hundred sixty-nine thousand people visited hospital emergency departments with self-inflicted injuries in the United States, seventy percent of whom had attempted suicide.

(iii) During 2008-2009, the average percentages of adults who thought, planned, or attempted suicide in Washington were higher than the national average.

(b) According to a national study, veterans face an elevated risk of suicide as compared to the general population, more than twice the risk among male veterans. Another study has indicated a positive correlation between posttraumatic stress disorder and suicide.

(i) Washington state is home to more than sixty thousand men and women who have deployed in support of the wars in Iraq and Afghanistan.

(ii) Research continues on how the effects of wartime service and injuries, such as traumatic brain injury, posttraumatic stress disorder, or other service-related conditions, may increase the number of veterans who attempt suicide.

(iii) As more men and women separate from the military and transition back into civilian life, community mental health providers will become a vital resource to help these veterans and their families deal with issues that may arise.

(c) Suicide has an enormous impact on the family and friends of the victim as well as the community as a whole.

(d) Approximately ninety percent of people who die by suicide had a diagnosable psychiatric disorder at the time of death, such as depression. Most suicide victims exhibit warning signs or behaviors prior to an attempt.

(e) Improved training and education in suicide assessment, treatment, and management has been recommended by a variety of organizations, including the United States department of health and human services and the institute of medicine.

(2) It is therefore the intent of the legislature to help lower the suicide rate in Washington by requiring certain health professionals to complete training in suicide assessment, treatment, and management as part of their continuing education, continuing competency, or recertification requirements.

(3) The legislature does not intend to expand or limit the existing scope of practice of any health professional affected by this act." [2014 c 71 § 1; 2012 c 181 § 1.]

The legislature also finds that it is in the best interest of the state and local communities to secure a stable and dedicated source of funds for the community economic revitalization board. It is the intent of the legislature to establish an ongoing funding source for the community economic revitalization board that will be used exclusively to advance economic development infrastructure. This act provides a partial funding solution by directing that beginning July 1, 2005, the interest earnings generated by the public works assistance account shall be used to fund the community economic revitalization board's financial assistance programs. These funds are not for use other than for the stated purpose and goals of the community economic revitalization board." [2003 c 150 § 1; 2002 c 242 § 1.]

Legislative finding—1999 c 94: "The legislature finds that a periodic review of the accounts and their uses is necessary. While creating new accounts may facilitate the implementation of legislative intent, the creation of too many accounts limits the effectiveness of performance-based budgeting. Too many accounts also limit the flexibility of the legislature to address emerging and changing issues in addition to creating administrative burdens for the responsible agencies. Accounts created for specific purposes may no longer be valid or needed. Accordingly, this act eliminates accounts that are not in use or are unneeded and consolidates accounts that are similar in nature." [1999 c 94 § 1.]

Sections

43.88D.010 Capital budget projects—Objective analysis and scoring—Prioritized lists.

43.88D.010 Capital budget projects—Objective analysis and scoring—Prioritized lists. (1) By October 1st of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees and the four-year institutions. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at all campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings. Facilities that cannot be economically renovated are considered replacement projects. New space may be programmed for the same or a different use than the space being replaced

and may include additions to improve access and enhance the relationship of program or support space;

(c) Projects that renovate facilities to restore building life and upgrade space to meet current program requirements. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space;

(d) Major stand-alone campus infrastructure projects;

(e) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(f) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the pre-design, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions. The office of financial management, in consultation with the legislative fiscal committees, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(c) Shall have full access to all data maintained by the joint legislative audit and review committee concerning the condition of higher education facilities.

(7) By August 1st of each even-numbered year each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees. 43.155.010 Legislative findings and policy. The legislature finds that there exists in the state of Washington over four billion dollars worth of critical projects for the planning, acquisition, construction, repair, replacement, rehabilitation, or improvement of streets and roads, bridges, water systems, and storm and sanitary sewage systems. The December, 1983 Washington state public works report prepared by the planning and community affairs agency documented that local governments expect to be capable of financing over two billion dollars worth of the costs of those critical projects but will not be able to fund nearly half of the documented needs.

The legislature further finds that Washington's local governments have unmet financial needs for solid waste disposal, including recycling, and encourages the board to make an equitable geographic distribution of the funds.

It is the policy of the state of Washington to encourage self-reliance by local governments in meeting their public works needs and to assist in the financing of critical public works projects by making loans, grants, financing guarantees, and technical assistance available to local governments for these projects. [2017 3rd sp.s. c 10 § 1; 1996 c 168 § 1; 1985 c 446 § 7.]

(7) "Solid waste or recycling project" means remedial actions necessary to bring abandoned or closed landfills into compliance with regulatory requirements and the repair, restoration, and replacement of existing solid waste transfer, recycling facilities, and landfill projects limited to the opening of landfill cells that are in existing and permitted landfills.

(8) "Technical assistance" means training and other services provided to local governments to: (a) Help such local governments plan, apply, and qualify for loans, grants, and financing guarantees from the board, and (b) help local governments improve their ability to plan for, finance, acquire, construct, repair, replace, rehabilitate, and maintain public facilities.

(9) "Value planning" means a uniform approach to assist in decision making through systematic evaluation of potential alternatives to solving an identified problem. [2017 3rd sp.s. c 10 § 2; 2009 c 565 § 33; 2001 c 131 § 1; 1996 c 168 § 2; 1995 c 399 § 85; 1985 c 446 § 8.]

43.155.040 General powers of the board. The board may:

(1) Accept from any state or federal agency, loans or grants for the planning or financing of any public works project and enter into agreements with any such agency concerning the loans or grants;

(2) Provide technical assistance to local governments;

(3) Accept any gifts, grants, or loans of funds, property, or financial or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter;

(4) Develop a program that provides grants and additional assistance to leverage federal programs, and other opportunities to target deeper financial assistance to communities with economic distress or projects that would result in rate increases to residential utility rates that exceed a determined percentage of median household income;

(5) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter;

(6) Do all acts and things necessary or convenient to carry out the powers expressly granted or implied under this chapter. [2017 3rd sp.s. c 10 § 4; 1985 c 446 § 10.]

43.155.050 Public works assistance account. The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and grants and to give financial guarantees to

local governments for public works projects. Moneys in the account may also be appropriated or transferred to the water pollution control revolving account and the drinking water assistance account to provide for state match requirements under federal law. Not more than twenty percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans and grants, emergency loans and grants, or loans and grants for capital facility planning under this chapter. Not more than ten percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated as grants for preconstruction, emergency, capital facility planning, and construction projects. During the 2015-2017 fiscal biennium, the legislature may transfer from the public works assistance account to the general fund, the water pollution control revolving account, and the drinking water assistance account such amounts as reflect the excess fund balance of the account. During the 2015-2017 and 2017-2019 fiscal biennia, the legislature may appropriate moneys from the account for activities related to rural economic development, the growth management act, and the voluntary stewardship program. During the 2015-2017 fiscal biennium, the legislature may transfer from the public works assistance account to the state general fund such amounts as specified by the legislature. During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the public works assistance account to the education legacy trust account. It is the intent of the legislature that this policy will be continued in subsequent fiscal biennia. [2017 3rd sp.s. c 10 § 5; 2017 3rd sp.s. c 1 § 974. Finding—2005 c 425: "The legislature has and continues to recognize the vital importance of economic development to the health and prosperity of Washington state as indicated in RCW 43.160.010, *43.155.070(4)(g), 43.163.005, and 43.168.010. The legislature finds that current economic development programs and funding, which are primarily low-interest loan programs, can be enhanced by creating a grant program to assist with public infrastructure projects that directly stimulate community and economic development by supporting the creation of new jobs or the retention of existing jobs." 43.155.060 Public works financing powers—Establishment of interest rates—Competitive bids on projects. (1) In order to aid the financing of public works projects, the board may:

(a) Make loans or grants to local governments from the public works assistance account or other funds and accounts for the purpose of assisting local governments in financing public works projects. Money received from local governments in repayment of loans made under this section shall be paid into the public works assistance account for uses consistent with this chapter.

(b) Pledge money in the public works assistance account, or money to be received by the public works assistance account, to the repayment of all or a portion of the principal of or interest on obligations issued by local governments to finance public works projects. The board shall not pledge any amount greater than the sum of money in the public works assistance account plus money to be received from the payment of the debt service on loans made from that account, nor shall the board pledge the faith and credit or the taxing power of the state or any agency or subdivision thereof to the repayment of obligations issued by any local government.

(c) Create such subaccounts in the public works assistance account as the board deems necessary to carry out the purposes of this chapter.

(d) Provide a method for the allocation of loans, grants, and financing guarantees and the provision of technical assistance under this chapter.

(2) When establishing interest rates for loan programs authorized in this chapter for projects which are supported by a rate base of at least fifty thousand equivalent residential

units, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle.

(a) For projects with a repayment period between five and twenty years, the rate must be fifty percent of the market rate.

(b) For projects with a repayment period under five years, the rate must be twenty-five percent of the market rate.

(c) For any year in which the average daily market interest rate for tax-exempt municipal bonds for the period from sixty to thirty days before the start of an application cycle is nine percent or greater, the board may cap interest rates at four percent for projects with a repayment period between five and twenty years and at two percent for projects with a repayment period under five years.

(d) The board may also provide reduced interest rates, extended repayment periods, or grants for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship. The board may provide reduced interest rates, extended repayment periods, or grants for projects that are supported by a rate base of less than fifty thousand equivalent residential units.

(3) All local public works projects aided in whole or in part under the provisions of this chapter shall be put out for competitive bids, except for emergency public works under RCW 43.155.065 for which the recipient jurisdiction shall comply with this requirement to the extent feasible and practicable. The competitive bids called for shall be administered in the same manner as all other public works projects put out for competitive bidding by the local governmental entity aided under this chapter. [2017 3rd sp.s. c 10 § 6; 1988 c 93 § 2; 1985 c 446 § 11.]

43.155.065 Emergency public works projects. The board may make low-interest or interest-free loans or grants to local governments for emergency public works projects. Emergency public works projects shall include the construction, repair, reconstruction, replacement, rehabilitation, or improvement of a public water system that is in violation of health and safety standards and is being operated by a local government on a temporary basis. The loans or grants may be used to help fund all or part of an emergency public works project less any reimbursement from any of the following sources: (1) Federal disaster or emergency funds, including funds from the federal emergency management agency; (2) state disaster or emergency funds; (3) insurance settlements; or (4) litigation. [2017 3rd sp.s. c 10 § 7; 2001 c 131 § 3; 1990 c 133 § 7; 1988 c 93 § 1.]

Findings—Severability—1990 c 133: See notes following RCW 36.94.140.

43.155.068 Loans or grants for preconstruction activities. (1) The board may make loans or grants to local governments for preconstruction activities on public works projects before the legislature approves the construction phase of the project. Preconstruction activities include design, engineering, bid-document preparation, environmental studies, right-of-way acquisition, value planning, and other preliminary phases of public works projects as deter-

mined by the board. The purpose of the loans and grants authorized in this section is to accelerate the completion of public works projects by allowing preconstruction activities to be performed before the appropriation for the construction phase of the project by the legislature.

(2) Projects receiving loans or grants for preconstruction activities under this section must be evaluated using the priority process and factors in RCW 43.155.070. The receipt of a loan or grant for preconstruction activities does not ensure the receipt of a construction loan or grant for the project under this chapter. Construction loans or grants for projects receiving a loan or grant for preconstruction activities under this section are subject to legislative appropriation under RCW 43.155.070(7). The board shall adopt a single application process for local governments seeking both a loan or grant for preconstruction activities under this section and a construction loan for the project. [2017 3rd sp.s. c 10 § 8; 2001 c 131 § 4; 1995 c 363 § 2.]

Finding—Purpose—1995 c 363: "The legislature finds that there continues to exist a great need for capital projects to plan, acquire, design, construct, and repair local government streets, roads, bridges, water systems, and storm and sanitary sewage systems. It is the purpose of this act to accelerate the construction of these projects under the public works assistance program." [1995 c 363 § 1.]

43.155.070 Eligibility, priority, limitations, and exceptions—Report. (1) To qualify for financial assistance under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in

whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4)(a) The board must develop a process to prioritize applications and funding of loans and grants for public works projects submitted by local governments. The board must consider, at a minimum and in any order, the following factors in prioritizing projects:

(i) Whether the project is critical in nature and would affect the health and safety of many people;

(ii) The extent to which the project leverages other funds;

(iii) The extent to which the project is ready to proceed to construction;

(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(v) Whether the project promotes the sustainable use of resources and environmental quality, as applicable;

(vi) Whether the project consolidates or regionalizes systems;

(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW;

(viii) Whether the system is being well-managed in the present and for long-term sustainability;

(ix) Achieving equitable distribution of funds by geography and population;

(x) The extent to which the project meets the following state policy objectives:

(A) Efficient use of state resources;

(B) Preservation and enhancement of health and safety;

(C) Abatement of pollution and protection of the environment;

(D) Creation of new, family-wage jobs, and avoidance of shifting existing jobs from one Washington state community to another;

(E) Fostering economic development consistent with chapter 36.70A RCW;

(F) Efficiency in delivery of goods and services and transportation; and

(G) Reduction of the overall cost of public infrastructure;

(xi) Whether the applicant sought or is seeking funding for the project from other sources; and

(xii) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before September 1, 2018, and each year thereafter, the board must develop and submit a report regarding the construction loans and grants to the office of financial management and appropriate fiscal committees of the senate and house of representatives. The report must include:

(i) The total number of applications and amount of funding requested for public works projects;

(ii) A list and description of projects approved in the preceding fiscal year with project scores against the board's prioritization criteria;

(iii) The total amount of loan and grants disbursements made from the public works assistance account in the preceding fiscal year;

(iv) The total amount of loan repayments in the preceding fiscal year for outstanding loans from the public works assistance account;

(v) The total amount of loan repayments due for outstanding loans for each fiscal year over the following ten-year period; and

(vi) The total amount of funds obligated and timing of when the funds were obligated in the preceding fiscal year.

(c) The maximum amount of funding that the board may provide for any jurisdiction is ten million dollars per biennium.

(5) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(6) Before September 1st of each year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans and grants made under RCW 43.155.065 and 43.155.068.

(7) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds to the board for the purpose of funding public works projects under this chapter.

(8) To qualify for loans, grants, or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

(9) After January 1, 2010, any project designed to address the effects of stormwater or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(10) For projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is reasonably obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan or grant.

(11) The board must implement policies and procedures designed to maximize local government consideration of other funds to finance local infrastructure. Findings—Recommendations—Reports encouraged—2007 c 231:

"(1) The legislature finds that permit programs have been legislatively established to protect the health, welfare, economy, and environment of Washington's citizens and to provide a fair, competitive opportunity for business innovation and consumer confidence. The legislature also finds that uncertainty in government processes to permit an activity by a citizen of Washington state is undesirable and erodes confidence in government. The legislature further finds that in the case of projects that would further economic development in the state, information about the permitting process is critical for an applicant's planning and financial assessment of the proposed project. The legislature also finds that applicants have a responsibility to provide complete and accurate information.

(2) The legislature recommends that applicants be provided with the following information when applying for a development permit from a city, county, or state agency:

(a) The minimum and maximum time an agency will need to make a decision on a permit, including public comment requirements;

(b) The minimum amount of information required for an agency to make a decision on a permit;

(c) When an agency considers an application complete for processing;

(d) The minimum and maximum costs in agency fees that will be incurred by the permit applicant; and

(e) The reasons for a denial of a permit in writing.

(3) In providing this information to applicants, an agency should base estimates on the best information available about the permitting program and prior applications for similar permits, as well as on the information provided by the applicant. New information provided by the applicant subsequent to the agency estimates may change the information provided by an agency per subsection (2) of this section. Project modifications by an applicant may result in more time, more information, or higher fees being required for permit processing.

(4) This section does not create an independent cause of action, affect any existing cause of action, or establish time limits for purposes of RCW 64.40.020.

(5) City, county, and state agencies issuing development permits are encouraged to track the progress in providing the information to applicants per subsection (2) of this section by preparing an annual report of its performance for the preceding fiscal year. The report should be posted on its web site [and] made available and provided to the appropriate standing committees of the senate and house of representatives." [2007 c 231 § 1.]

43.155.075 Loans and grants for public works projects—Statement of environmental benefits—Sustainable asset management best practices—Development of outcome-focused performance measures. In providing loans and grants for public works projects, the board shall require recipients to incorporate the environmental benefits of the project into their applications, and the board shall utilize the statement of environmental benefits in its prioritization and selection process, when applicable. For projects funded under this chapter, the board may require a local government to have sustainable asset management best practices in place; provide a long-term financial plan to demonstrate a sound maintenance program; have a long-term financial plan for loan repayments in place; and undergo value planning at the predesign project stage, where the greatest productivity gains and cost savings can be found. The board shall also develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the loan and grant program. To the extent possible, the

department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270. The board shall consult with affected interest groups in implementing this section. [2017 3rd sp.s. c 10 § 10; 2001 c 227 § 10.]

43.155.150 Interagency, multijurisdictional system improvement team. (Expires June 30, 2021.) (1) An interagency, multijurisdictional system improvement team must identify, implement, and report on system improvements that achieve the designated outcomes, including:

(a) Projects that maximize value, minimize overall costs and disturbance to the community, and ensure long-term durability and resilience;

(b) Projects that are designed to meet the unique needs of each community, rather than the needs of particular funding programs;

(c) Project designs that maximize long-term value by fully considering and responding to anticipated long-term environmental, technological, economic and population changes;

(d) The flexibility to innovate, including utilizing natural systems, addressing multiple regulatory drivers, and forming regional partnerships;

(e) The ability to plan and collaborate across programs and jurisdictions so that different investments are packaged to be complementary, timely, and responsive to economic and community opportunities;

(f) The needed capacity for communities, appropriate to their unique financial, planning, and management capacities, so they can design, finance, and build projects that best meet their long-term needs and minimize costs;

(g) Optimal use and leveraging of federal and private infrastructure dollars; and

(h) Mechanisms to ensure periodic, system-wide review and ongoing achievement of the designated outcomes.

(2) The system improvement team must consist of representatives of state infrastructure programs that provide funding for drinking water, wastewater, and stormwater programs, including but not limited to representatives from the public works board, department of ecology, department of health, and the department of commerce. The system improvement team may invite representatives of other infrastructure programs, such as transportation and energy, as needed in order to achieve efficiency, minimize costs, and maximize value across infrastructure programs. The system improvement team shall also consist of representatives of users of those programs, representatives of infrastructure project builders, and other parties the system improvement team determines would contribute to achieving the desired outcomes, including but not limited to representatives from a state association of cities, a state association of counties, a state association of public utility districts, a state association of water and sewer districts, a state association of general contractors, and a state organization representing building trades. The public works board, a representative from the department of ecology, department of health, and department of commerce shall facilitate the work of the system improvement team.

(3) The system improvement team must focus on achieving the designated outcomes within existing program structures and authorities. The system improvement team shall use lean practices to achieve the designated outcomes.

(4) The system improvement team shall provide briefings as requested to the public works board on the current state of infrastructure programs to build an understanding of the infrastructure investment program landscape and the interplay of its component parts.

(5) If the system improvement team encounters statutory or regulatory barriers to system improvements, the system improvement team must inform the public works board and consult on possible solutions. When achieving the designated outcomes would be best served through changes in program structures or authorities, the system improvement team must report those findings to the public works board.

A project may be qualified under this subsection (5)(b)(iii)(J) only after consultation on the availability of staff resources of the office of regulatory assistance.

(6) "Research and development" shall have the meaning assigned it in RCW 82.62.010. [2017 c 288 § 2. Prior: 2012 c 63 § 2; prior: 2009 c 565 § 34; 2009 c 421 § 2; 2004 c 275 § 63; 2003 c 54 § 1; 1997 c 369 § 2.]

Finding—2017 c 288: "The legislature finds that Washington is one of our nation's trade leaders, serving as a gateway to both international and interstate trade for the west. Clark county's population has grown by thirty percent over the past fifteen years. Recent southwest Washington regional transportation council data found a greater than fifty percent year-over-year increase in peak-hour vehicle and truck delays on the Interstate 5 corridor through Vancouver. Southwest Washington must find a path forward to establishing a unified plan for infrastructure investments that will serve as the basis for progress for the next one hundred years. The safety and economic well-being of our residents cannot wait. Legislators representing southwest Washington have set out some guiding principles that will enable a planning process to begin to select a new Interstate 5 bridge project that will serve as the foundation of an initial investment in the bridges that link

Washington with Oregon, supporting critical trade routes, alleviating congestion, and improving safety." [2017 c 288 § 1.]

Findings—Intent—2014 c 174; 2012 c 63: "The legislature finds that Washington is becoming a leader in the development and commercialization of aviation biofuels due to its strong tradition of market innovation, a concentrated demand for sustainable aviation fuels, leading expertise and research capacity, an established aviation manufacturing sector, and the availability of a diverse range of feedstocks for the production of biofuels. The legislature also finds that the development of aviation biofuels has the potential to reduce dependence on foreign sources of fossil fuels, reduce greenhouse gas emissions, and promote economic development and jobs in Washington. The legislature intends to support the development of commercial-scale aviation biofuels production facilities in Washington by facilitating and streamlining the permitting process for new facilities and the expansion of existing facilities and by providing access to low-cost financing through the issuance of revenue bonds.

The legislature finds that the 2012 Washington state energy strategy calls for a targeted, strategic policy focus on sustainable aviation biofuels to encourage the realization of Washington's potential. The legislature also finds that a regional stakeholder effort to explore the opportunities and challenges surrounding the production of sustainable aviation fuels, known as sustainable aviation biofuels northwest, urged policymakers in the Northwest to develop supportive public policies that will jump start the industry, attract investment, and accelerate industry growth. In order to provide focus and develop policy recommendations to support the sustainable aviation biofuels sector in Washington, the legislature intends to establish a sustainable aviation biofuels work group." The application shall contain information regarding the location of the project, the applicant's average employment in the state for the prior year, estimated new employment related to the project, estimated wages of employees related to the project, estimated time schedules for completion and operation, and other information required by the department; and

(b) Designate a development project as a project of statewide significance if the department determines:

(i) After review of the application under criteria adopted by rule, the development project will provide significant economic benefit to the local or state economy, or both, the project is aligned with the state's comprehensive plan for economic development under *RCW 43.162.020, and, by its designation, the project will not prevent equal consideration of all categories of proposals under RCW 43.157.010; and

(ii) The development project meets or will meet the requirements of RCW 43.157.010 regarding designation as a project of statewide significance.

[2017 RCW Supp—page 488]

(2) Any project designated by the legislature and codified in this chapter is not subject to the application requirements set out in subsection (1) of this section.

(a) Assist in the scoping and coordinating functions provided for in chapter 43.42 RCW;

(b) Assemble a team of state and local government and private officials to help meet the planning, permitting, and development needs of each project, which team shall include those responsible for planning, permitting and licensing, infrastructure development, workforce development services including higher education, transportation services, and the provision of utilities; and

(c) Work with each team member to expedite their actions in furtherance of the project. [2017 c 288 § 3; 2009 c 421 § 4; 2003 c 54 § 3; 1997 c 369 § 4.]

43.180.295 Renewable energy systems—Report—Financing tool. (1) It is the intent of the legislature to investigate methods by which the state may establish or facilitate financing models that allow electric utilities in the state to maximize federal tax incentives and monetize the depreciation of renewable energy systems and other distributed energy assets, with the goal of providing improved access to the benefits of these assets to low and moderate-income households as well as broad system benefits to utility rate-payers and state taxpayers.

(2) By December 31, 2017, the commission must prepare and submit to the appropriate committees of the legislature a report that assesses financing tools or models for the aggregation, by public or private entities, of federal tax incentives and other financial benefits accruing from the installation, ownership, and operation of renewable energy systems and other distributed energy resources. The report must:

(a) Assess the legal, financial, and economic feasibility of one or more financing tools or models for the aggregation of federal tax incentives and other financial benefits accruing from the installation, ownership, and operation of renewable energy systems and other distributed energy resources;

(b) Consider the state and federal legal aspects of such a financing tool or model, including considerations of how to structure the role of the state or any subdivision of the state in a manner that is consistent with the Constitution of the state of Washington; and

(c) Describe any legislation that may be necessary to facilitate, implement, or create incentives for the private sector to implement such a financing tool or model within the state.

(3) Beginning July 1, 2018, the commission may implement a financing tool or model for the aggregation, by public or private entities, of federal tax incentives and other financial benefits accruing from the installation, ownership, and operation of renewable energy systems and other distributed energy resources if the commission determines that it is legally, financially, and economically feasible and that it would further the public policy goals set forth in subsection (1) of this section. Chapter 43.185A RCW AFFORDABLE HOUSING PROGRAM

Sections

43.185A.110 Affordable housing land acquisition revolving loan fund program.

43.185A.110 Affordable housing land acquisition revolving loan fund program. (1) The affordable housing land acquisition revolving loan fund program is created in the department to assist eligible organizations, described under RCW 43.185A.040, to purchase land for affordable housing development. The department shall contract with the Washington state housing finance commission to administer the affordable housing land acquisition revolving loan fund program. Within this program, the Washington state housing finance commission shall establish and administer the Washington state housing finance commission land acquisition revolving loan fund.

(2) As used in this chapter, "market rate" means the current average market interest rate that is determined at the time any individual loan is closed upon using a widely recognized current market interest rate measurement to be selected for use by the Washington state housing finance commission with the department's approval. This interest rate must be noted in an attachment to the closing documents for each loan.

(3) Under the affordable housing land acquisition revolving loan fund program:

(a) Loans may be made to purchase vacant or improved land on which to develop affordable housing. In addition to affordable housing, facilities intended to provide supportive services to affordable housing residents and low-income households in the nearby community may be developed on the land.

(b) Eligible organizations applying for a loan must include in the loan application a proposed affordable housing development plan indicating the number of affordable housing units planned, a description of any other facilities being considered for the property, and an estimated timeline for completion of the development. The Washington state housing finance commission may require additional information from loan applicants and may consider the efficient use of land, project readiness, organizational capacity, and other factors as criteria in awarding loans.

(c) Forty percent of the loans shall go to eligible applicants operating homeownership programs for low-income households in which the households participate in the construction of their homes. Sixty percent of loans shall go to other eligible organizations. If the entire forty percent for applicants operating self-help homeownership programs cannot be lent to these types of applicants, the remainder shall be lent to other eligible organizations.

(d) Within five years of receiving a loan, a loan recipient must present the Washington state housing finance commission with an updated development plan, including a proposed development design, committed and anticipated additional financial resources to be dedicated to the development, and an estimated development schedule, which indicates completion of the development within eight years of loan receipt. This updated development plan must be substantially consistent with the development plan submitted as part of the original loan application as required in (b) of this subsection.

(e) Within eight years of receiving a loan, a loan recipient must develop affordable housing on the property for which the loan was made and place the affordable housing into service.

(f) A loan recipient must preserve the affordable rental housing developed on the property acquired under this section as affordable housing for a minimum of thirty years.

(4) If a loan recipient does not place affordable housing into service on a property for which a loan has been received under this section within the eight-year period specified in subsection (3)(e) of this section, or if a loan recipient fails to use the property for the intended affordable housing purpose consistent with the loan recipient's original affordable housing development plan, then the loan recipient must pay to the Washington state housing finance commission an amount consisting of the principal of the original loan plus compounded interest calculated at the current market rate. The Washington state housing finance commission shall develop guidelines for the time period in which this repayment must take place, which must be noted in the original loan agreement. The Washington state housing finance commission may grant a partial or total exemption from this repayment requirement if it determines that a development is substantially complete or that the property has been substantially used in keeping with the original affordable housing purpose

of the loan. Any repayment funds received as a result of non-compliance with loan requirements shall be deposited into the Washington state housing finance commission land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(5) The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing land acquisition revolving loan fund program.

(6) Interest rates on property loans granted under this section may not exceed one percent. All loan repayment moneys received shall be deposited into the Washington state housing finance commission affordable housing land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(7) The Washington state housing finance commission must develop performance measures for the program, which must be approved by the department, including, at a minimum, measures related to:

(a) The ability of eligible organizations to access land for affordable housing development;

(b) The total number of dwelling units by housing type and the total number of low-income households and persons served; and

(c) The financial efficiency of the program as demonstrated by factors, including the cost per unit developed for affordable housing units in different areas of the state and a measure of the effective use of funds to produce the greatest number of units for low-income households.

(8) By December 1st of each year, beginning in 2007, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature using, at a minimum, the performance measures developed under subsection (7) of this section. [2017 c 274 § 1; 2008 c 112 § 1; 2007 c 428 § 2.]

Findings—2007 c 428: "The legislature finds that protecting the public health, safety, and welfare by providing affordable housing resources to needy or vulnerable persons is a fundamental purpose of government. The legislature further finds that assisting eligible organizations to purchase land for affordable housing development and related supportive services facilities confers a valuable benefit on the public that constitutes consideration for financing assistance to eligible organizations in the form of low-interest loans, subject to restrictions that provide continued protection of the public interest." [2007 c 428 § 1.]

Contingency—2007 c 428: "If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2007, in the omnibus appropriations act, this act is null and void." [2007 c 428 § 3.] Funding was provided in 2007 c 520 § 1044 (capital budget).

43.185C.040 Homeless housing strategic plan—Program outcomes and performance measures and goals—Statewide data gathering instrument—Reports. (1) Six months after the first Washington homeless census, the department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, prepare and publish a ten-year homeless housing strategic plan which shall outline statewide goals and performance measures and shall be coordinated with the plan for homeless families with children required under RCW 43.63A.650. To guide local governments in preparation of their first local homeless housing plans due December 31, 2005, the department shall issue by October 15, 2005, temporary guidelines consistent with this chapter and including the best available data on each community's homeless population. Local governments' ten-year homeless housing plans shall not be substantially inconsistent with the goals and program recommendations of the temporary guidelines and, when amended after 2005, the state strategic plan.

(2) Program outcomes and performance measures and goals shall be created by the department and reflected in the department's homeless housing strategic plan as well as interim goals against which state and local governments' performance may be measured, including:

(a) By the end of year one, completion of the first census as described in RCW 43.185C.030;

(b) By the end of each subsequent year, goals common to all local programs which are measurable and the achievement of which would move that community toward housing its homeless population; and

(c) By July 1, 2015, reduction of the homeless population statewide and in each county by fifty percent.

(3)(a) The department shall work in consultation with the interagency council on homelessness, the affordable housing advisory board, and the state advisory council on homelessness to develop performance measures that address the limitations of the annual point-in-time count on measuring the effectiveness of the document recording fee surcharge funds

in supporting homeless programs. The department must report its findings and recommendations regarding the new performance measures to the appropriate committees of the legislature by December 1, 2017.

(b) The department must implement at least three performance metrics, in addition to the point-in-time measurement, that measure the impact of surcharge funding on reducing homelessness by July 1, 2018.

(c) The joint legislative audit and review committee must review how the surcharge fees are expended to address homelessness, including a review of the related program performance measures and targets. The joint legislative audit and review committee must report its review findings by December 1, 2022, and update the review every five years thereafter.

(4) The department shall develop a consistent statewide data gathering instrument to monitor the performance of cities and counties receiving grants in order to determine compliance with the terms and conditions set forth in the grant application or required by the department.

The department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, report biennially to the governor and the appropriate committees of the legislature an assessment of the state's performance in furthering the goals of the state ten-year homeless housing strategic plan and the performance of each participating local government in creating and executing a local homeless housing plan which meets the requirements of this chapter. To increase the effectiveness of the report, the department must develop a process to ensure consistent presentation, analysis, and explanation in the report, including year-to-year comparisons, highlights of program successes and challenges, and information that supports recommended strategy or operational changes. The annual report may include performance measures such as:

(a) The reduction in the number of homeless individuals and families from the initial count of homeless persons;

(b) The reduction in the number of unaccompanied homeless youth. "Unaccompanied homeless youth" has the same meaning as in RCW 43.330.702;

(c) The number of new units available and affordable for homeless families by housing type;

(d) The number of homeless individuals identified who are not offered suitable housing within thirty days of their request or identification as homeless;

(e) The number of households at risk of losing housing who maintain it due to a preventive intervention;

(f) The transition time from homelessness to permanent housing;

(g) The cost per person housed at each level of the housing continuum;

(h) The ability to successfully collect data and report performance;

(i) The extent of collaboration and coordination among public bodies, as well as community stakeholders, and the level of community support and participation;

(j) The quality and safety of housing provided; and

(k) The effectiveness of outreach to homeless persons, and their satisfaction with the program.

(5) Based on the performance of local homeless housing programs in meeting their interim goals, on general population changes and on changes in the homeless population

recorded in the annual census, the department may revise the performance measures and goals of the state homeless housing strategic plan, set goals for years following the initial ten-year period, and recommend changes in local governments' plans. [2017 3rd sp.s. c 15 § 2; 2015 c 69 § 25; 2009 c 518 § 17; 2005 c 484 § 7.]

Findings—2017 3rd sp.s. c 15: "The legislature finds that a surcharge on documents recorded for the sale or transfer of real property have generated approximately one hundred forty million dollars for homeless programs in Washington. The legislature further finds that according to a third-party audit of the use of surcharge funds, additional performance measures are needed to effectively measure the success of the state's homeless programs. Therefore, the legislature finds that developing and adopting recommendations to improve performance measures contained in the December 5, 2016, report required under RCW 43.185C.240(1)(e) will help ensure accountability and transparency of public funds and their effectiveness in reducing homelessness in Washington." (1)(a) The administrator of a crisis residential center may convene a multidisciplinary team, which is to be locally based and administered, at the request of a child placed at the center or the child's parent.

(b) If the administrator has reasonable cause to believe that a child is a child in need of services and the parent is unavailable or unwilling to continue efforts to maintain the family structure, the administrator shall immediately convene a multidisciplinary team.

(c) A parent may disband a team twenty-four hours, excluding weekends and holidays, after receiving notice of formation of the team under (b) of this subsection unless a petition has been filed under RCW 13.32A.140. If a petition has been filed the parent may not disband the team until the hearing is held under RCW 13.32A.179. The court may allow the team to continue if an out-of-home placement is ordered under RCW 13.32A.179(3). Upon the filing of an at-risk youth or dependency petition the team shall cease to exist, unless the parent requests continuation of the team or unless the out-of-home placement was ordered under RCW 13.32A.179(3).

(2) The department shall request participation of appropriate state agencies to assist in the coordination and delivery of services through the multidisciplinary teams. Those agencies that agree to participate shall provide the director or the director's designee all information necessary to facilitate forming a multidisciplinary team and the director or the director's designee shall provide this information to the administrator of each crisis residential center.

(3) The administrator shall also seek participation from representatives of mental health and drug and alcohol treatment providers as appropriate.

(4) A parent shall be advised of the request to form a multidisciplinary team and may select additional members of the multidisciplinary team. The parent or child may request any person or persons to participate including, but not limited to, educators, law enforcement personnel, court personnel, family therapists, licensed health care practitioners, social service providers, youth residential placement providers, other family members, church representatives, and members of their own community. The administrator shall assist in

obtaining the prompt participation of persons requested by the parent or child.

(5) When an administrator of a crisis residential center requests the formation of a team, the state agencies must respond as soon as possible. [2017 c 277 § 3; 2015 c 69 § 11; 2000 c 123 § 4; 1995 c 312 § 13. Formerly RCW 13.32A.042.]

43.185C.260 Youth services—Officer taking child into custody—Authorization—Duration of custody—Transporting to crisis residential center—Report on suspected abuse or neglect. (1) A law enforcement officer shall take a child into custody:

(a) If a law enforcement agency has been contacted by the parent of the child that the child is absent from parental custody without consent; or

(b) If a law enforcement officer reasonably believes, considering the child's age, the location, and the time of day, that a child is in circumstances which constitute a danger to the child's safety or that a child is violating a local curfew ordinance; or

(c) If an agency legally charged with the supervision of a child has notified a law enforcement agency that the child has run away from placement; or

(d) If a law enforcement agency has been notified by the juvenile court that the court finds probable cause exists to believe that the child has violated a court placement order issued under this chapter or chapter 13.34 RCW or that the court has issued an order for law enforcement pick-up of the child under this chapter or chapter 13.34 RCW.

(2) Law enforcement custody shall not extend beyond the amount of time reasonably necessary to transport the child to a destination authorized by law and to place the child at that destination. Law enforcement custody continues until the law enforcement officer transfers custody to a person, agency, or other authorized entity under this chapter, or releases the child because no placement is available. Transfer of custody is not complete unless the person, agency, or entity to whom the child is released agrees to accept custody.

(3) If a law enforcement officer takes a child into custody pursuant to either subsection (1)(a) or (b) of this section and transports the child to a crisis residential center, the officer shall, within twenty-four hours of delivering the child to the center, provide to the center a written report detailing the reasons the officer took the child into custody. The center shall provide the department of social and health services with a copy of the officer's report if the youth is in the care of or receiving services from the department of social and health services children's administration.

(4) If the law enforcement officer who initially takes the juvenile into custody or the staff of the crisis residential center have reasonable cause to believe that the child is absent from home because he or she is abused or neglected, a report shall be made immediately to the department of social and health services.

(5) Nothing in this section affects the authority of any political subdivision to make regulations concerning the conduct of minors in public places by ordinance or other local law.

(6) If a law enforcement officer has a reasonable suspicion that a child is being unlawfully harbored in violation of RCW 13.32A.080, the officer shall remove the child from the custody of the person harboring the child and shall transport the child to one of the locations specified in RCW 43.185C.265.

(7) No child may be placed in a secure facility except as provided in this chapter. 43.185C.295 Youth services—Crisis residential centers—Establishment—Staff—Duties—Semi-secure facilities—Secure facilities. (1) The department shall establish, through performance-based contracts with private or public vendors, regional crisis residential centers with semi-secure facilities. These facilities shall be structured group care facilities licensed under rules adopted by the department of social and health services and shall have an average of at least four adult staff members and in no event less than three adult staff members to every eight children.

(2) Crisis residential centers must record client information into a homeless management information system specified by the department.

(3) Within available funds appropriated for this purpose, the department shall establish, through performance-based contracts with private or public vendors, regional crisis residential centers with secure facilities. These facilities shall be facilities licensed under rules adopted by the department of social and health services. These centers may also include semi-secure facilities and to such extent shall be subject to subsection (1) of this section.

(4) The department shall, in addition to the facilities established under subsections (1) and (2) of this section,

establish additional crisis residential centers pursuant to performance-based contracts with licensed private group care facilities.

(5) The department is authorized to allow contracting entities to include a combination of secure or semi-secure crisis residential centers as defined in RCW 13.32A.030 and/or HOPE centers pursuant to RCW 43.185C.315 in the same building or structure. The department of social and health services shall permit the colocation of these centers only if the entity operating the facility agrees to designate a particular number of beds to each type of center that is located within the building or structure.

(6) The staff at the facilities established under this section shall be trained so that they may effectively counsel juveniles admitted to the centers, provide treatment, supervision, and structure to the juveniles that recognize the need for support and the varying circumstances that cause children to leave their families, and carry out the responsibilities stated in RCW 43.185C.280.

(7) The secure facilities located within crisis residential centers shall be operated to conform with the definition in RCW 13.32A.030. The facilities shall have an average of no less than one adult staff member to every ten children. The staffing ratio shall continue to ensure the safety of the children.

(8) If a secure crisis residential center is located in or adjacent to a secure juvenile detention facility, the center shall be operated in a manner that prevents in-person contact between the residents of the center and the persons held in such facility. 43.185C.315 Youth services—HOPE centers—Establishment—Requirements. (1) The department shall establish HOPE centers that provide no more than seventy-five beds across the state and may establish HOPE centers by contract, within funds appropriated by the legislature specifically for this purpose. HOPE centers shall be operated in a manner to reasonably assure that street youth placed there will not run away. Pursuant to rules established by the facility administrator, residents may come and go from the facility at reasonable hours such that no residents are free to come and go at all hours of the day and night. The facility administrator, where appropriate, may condition a resident's leaving the facility upon the resident being accompanied by the administrator or the administrator's designee and the resident may be required to notify the administrator or the administrator's designee of any intent to leave, his or her intended destination, and the probable time of his or her return to the HOPE center. Any street youth who runs away from a HOPE center shall not be readmitted unless specifically authorized by the street youth's placement and liaison specialist, and the placement and liaison specialist shall document with specific factual findings an appropriate basis for readmitting any street youth to a HOPE center. HOPE centers are required to have the following:

(a) A license issued by the department of social and health services;

(b) A professional with a master's degree in counseling, social work, or related field and at least one year of experience working with street youth or a bachelor of arts degree in social work or a related field and five years of experience working with street youth. This professional staff person may be contractual or a part-time employee, but must be available to work with street youth in a HOPE center at a ratio of one to every fifteen youth staying in a HOPE center. This professional shall be known as a placement and liaison specialist. Preference shall be given to those professionals cross-credentialed in mental health and chemical dependency. The placement and liaison specialist shall:

(i) Conduct an assessment of the street youth that includes a determination of the street youth's legal status regarding residential placement;

(ii) Facilitate the street youth's return to his or her legally authorized residence at the earliest possible date or initiate processes to arrange legally authorized appropriate placement. Any street youth who may meet the definition of dependent child under RCW 13.34.030 must be referred to the department of social and health services. The department of social and health services shall determine whether a dependency petition should be filed under chapter 13.34 RCW. A shelter care hearing must be held within seventy-two hours to authorize out-of-home placement for any youth the department of social and health services determines is appropriate for out-of-home placement under chapter 13.34 RCW. All of the provisions of chapter 13.32A RCW must be followed for children in need of services or at-risk youth;

(iii) Interface with other relevant resources and system representatives to secure long-term residential placement and other needed services for the street youth;

(iv) Be assigned immediately to each youth and meet with the youth within eight hours of the youth receiving HOPE center services;

(v) Facilitate a physical examination of any street youth who has not seen a physician within one year prior to residence at a HOPE center and facilitate evaluation by a county-designated mental health professional, a chemical dependency specialist, or both if appropriate; and

(vi) Arrange an educational assessment to measure the street youth's competency level in reading, writing, and basic mathematics, and that will measure learning disabilities or special needs;

(c) Staff trained in development needs of street youth as determined by the department, including an administrator who is a professional with a master's degree in counseling, social work, or a related field and at least one year of experience working with street youth, or a bachelor of arts degree in social work or a related field and five years of experience working with street youth, who must work with the placement and liaison specialist to provide appropriate services on site;

(d) A data collection system that measures outcomes for the population served, and enables research and evaluation that can be used for future program development and service delivery. Data collection systems must have confidentiality rules and protocols developed by the department;

(e) Notification requirements that meet the notification requirements of chapter 13.32A RCW. The youth's arrival date and time must be logged at intake by HOPE center staff. The staff must immediately notify law enforcement and dependency caseworkers if a street youth runs away from a HOPE center. A child may be transferred to a secure facility as defined in RCW 13.32A.030 whenever the staff reasonably believes that a street youth is likely to leave the HOPE center and not return after full consideration of the factors set forth in RCW 43.185C.290(2)(a) (i) and (ii). The street youth's temporary placement in the HOPE center must be authorized by the court or the secretary of the department of social and health services if the youth is a dependent of the state under chapter 13.34 RCW or the department of social and health services is responsible for the youth under chapter 13.32A RCW, or by the youth's parent or legal custodian, until such time as the parent can retrieve the youth who is returning to home;

(f) HOPE centers must identify to the department of social and health services any street youth it serves who is not returning promptly to home. The department of social and health services then must contact the missing children's clearinghouse identified in chapter 13.60 RCW and either report the youth's location or report that the youth is the subject of a dependency action and the parent should receive notice from the department of social and health services; and

(g) Services that provide counseling and education to the street youth.

(2) The department shall award contracts for the operation of HOPE center beds with the goal of facilitating the coordination of services provided for youth by such programs and those services provided by secure and semi-secure crisis residential centers.

(3) Subject to funds appropriated for this purpose, the department must incrementally increase the number of available HOPE beds by at least seventeen beds in fiscal year 2017, at least seventeen beds in fiscal year 2018, and at least seventeen beds in fiscal year 2019, such that by July 1, 2019, seventy-five HOPE beds are established and operated throughout the state as set forth in subsection (1) of this section.

(4) Subject to funds appropriated for this purpose, the beds available in HOPE centers shall be increased incrementally beyond the limit of seventy-five set forth in subsection (1) of this section. The additional capacity shall be distributed around the state based upon need and, to the extent feasible, shall be geographically situated so that HOPE beds are available across the state. In determining the need for increased numbers of HOPE beds in a particular county or counties, one of the considerations should be the volume of truancy petitions filed there. The foundation of quality in the early care and education system in Washington is the quality rating and improvement system entitled the early achievers program. In an effort to build on the existing quality framework, enhance access to quality care for children, and strengthen the entire early care and education systems in the state, it is important to integrate the efforts of state and local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations.

(2) Local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations are encouraged to collaborate with the department when establishing and strengthening early learning programs for residents.

(3) Local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations may contribute funds to the department for the following purposes:

(a) Initial investments to build capacity and quality in local early care and education programming;

(b) Reductions in copayments charged to parents or caregivers;

(c) To expand access and eligibility in the early childhood education and assistance program.

(4) Funds contributed to the department by local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations must be deposited in the early start account established in RCW 43.215.195.

[2017 c 178 § 2; 2015 3rd sp.s. c 7 § 15.]

Intent—2017 c 178: "The legislature recognizes that local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations play an important role in strengthening the early care and education systems in the state. The legislature acknowledges that these entities may face barriers to investing in early care and education programs. The legislature intends to create a local pathway to high quality early learning to help these entities understand how they can use additional local and private funds with existing funds to expand access for existing programs. The legislature intends for this local pathway to reduce barriers and increase efficiency to provide more high quality early learning opportunities." [2017 c 178 § 1.]

43.215.195 Early start account. (Effective until July 1, 2018, then recodified as RCW 43.216.165.) (1) The early start account is created in the custody of the state treasurer. Revenues in the account shall consist of appropriations by the legislature and all other sources deposited into the account. Expenditures from the account may be used only for the purposes listed in RCW 43.215.099. All receipts from local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations must be deposited into the account.

(2) The department oversees the account. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(3) The department shall separately track funds received for each local government, school district, institution of higher education as defined in RCW 28B.10.016, or nonprofit organization that deposits funds into the account. Expenditures from these funds may be used only for the purposes listed in RCW 43.215.099 as identified in writing with the department by the contributing local government, school district, institution of higher education as defined in RCW 28B.10.016, or nonprofit organization. 43.215.215 Character, suitability, and competence to provide child care and early learning services—Fingerprint criminal history record checks—Background check clearance card or certificate—Shared background checks. (Effective until July 1, 2018, then recodified as RCW 43.216.270.) (1) In determining whether an individual is of appropriate character, suitability, and competence to provide child care and early learning services to children, the department may consider the history of past involvement of child protective services or law enforcement agencies with the individual for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of a child. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes. No unfounded or inconclusive allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this chapter.

(2) In order to determine the suitability of individuals newly applying for an agency license, new licensees, their new employees, and other persons who newly have unsupervised access to children in care, shall be fingerprinted.

(a) The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history record check.

(b)(i) Effective July 1, 2012, all individuals applying for first-time agency licenses, all new employees, and other persons who have not been previously qualified by the department to have unsupervised access to children in care must be fingerprinted and obtain a criminal history record check pursuant to this section.

(ii) Persons required to be fingerprinted and obtain a criminal history record check pursuant to this section must pay for the cost of this check as follows: The fee established by the Washington state patrol for the criminal background history check, including the cost of obtaining the fingerprints; and a fee paid to the department for the cost of administering the individual-based/portable background check clearance registry. The fee paid to the department must be deposited into the individual-based/portable background check clearance account established in RCW 43.215.218. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(c) The director shall use the fingerprint criminal history record check information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children.

(d) Criminal justice agencies shall provide the director such information as they may have and that the director may require for such purpose.

(e) No later than July 1, 2013, all agency licensees holding licenses prior to July 1, 2012, persons who were employees before July 1, 2012, and persons who have been qualified by the department before July 1, 2012, to have unsupervised access to children in care, must submit a new background application to the department. The department must require persons submitting a new background application pursuant to this subsection (2)(e) to pay a fee to the department for the cost of administering the individual-based/portable background check clearance registry. This fee must be paid into the individual-based/portable background check clearance account established in RCW 43.215.218. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(f) The department shall issue a background check clearance card or certificate to the applicant if after the completion of a background check the department concludes the applicant is qualified for unsupervised access to children in care. The background check clearance card or certificate is valid for three years from the date of issuance. A valid card or certificate must be accepted by a potential employer as proof that the applicant has successfully completed a background check as required under this chapter.

(g) The original applicant for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care shall submit a new background check application to the department, on a form and by a date as determined by the department.

(h) The applicant and agency shall maintain on-site for inspection a copy of the background check clearance card or certificate.

(i) Individuals who have been issued a background check clearance card or certificate shall report nonconviction and conviction information to the department within twenty-four hours of the event constituting the nonconviction or conviction information.

(j) The department shall investigate and conduct a reevaluation of an applicant's or licensee's background clearance if the department receives a complaint or information from individuals, a law enforcement agency, or other federal, state, or local government agency. Subject to the requirements contained in RCW 43.215.300 and 43.215.305 and based on a determination that an individual lacks the appropriate character, suitability, or competence to provide child care or early learning services to children, the department may: (i) Invalidate the background card or certificate; or (ii) suspend, modify, or revoke any license authorized by this chapter.

(3) To satisfy the shared background check requirements of the department of early learning, the office of the superin-

tendent of public instruction, and the department of social and health services, each department shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow these departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. These departments may not share the federal background check results with any other state agency or person.

(4) Individuals who have completed a fingerprint background check as required by the office of the superintendent of public instruction, consistent with RCW 28A.400.303, and have been continuously employed by the same school district or educational service district, can meet the requirements in subsection (2) of this section by providing a true and accurate copy of their Washington state patrol and federal bureau of investigation background check report results to the department or if the school district or the educational service district provides an affidavit to the department that the individual has been authorized to work by the school district or educational service district after completing a record check consistent with RCW 28A.400.303. The department may require that additional background checks be completed that do not require additional fingerprinting and may charge a fee for these additional background checks. 43.215.410 Admission and funding. (Effective until July 1, 2018, then recodified as RCW 43.216.510.) The department shall administer a state-supported early childhood education and assistance program to assist eligible children with educational, social, health, nutritional, and cultural development to enhance their opportunity for success in the common school system. Eligible children shall be admitted to approved early childhood programs to the extent that the legislature provides funds, and additional children may be admitted to the extent that grants and contributions from community sources provide sufficient funds for a program equivalent to that supported by state funds. Grants and contributions from community sources shall not supplant the funding required for the full statewide implementation of the early learning program in RCW 43.215.456. 43.215.456 Early learning program—Voluntary preschool opportunities—Funding and statewide implementation. (Effective until July 1, 2018, then recodified as RCW 43.216.556.) (1) Funding for the program of early learning established under this chapter must be appropriated to the department. Allocations must be made on the basis of eligible children enrolled with eligible providers.

(2) The program shall be implemented in phases, so that full implementation is achieved in the 2022-23 school year.

(3) For the initial phase of the early learning program in school years 2011-12 and 2012-13, the legislature shall appropriate funding to the department for implementation of the program in an amount not less than the 2009-2011 enacted budget for the early childhood education and assistance program. The appropriation shall be sufficient to fund an equivalent number of slots as funded in the 2009-2011 enacted budget.

(4) Beginning in the 2013-14 school year, additional funding for the program must be phased in beginning in school districts providing all-day kindergarten programs under RCW 28A.150.315.

(5) Funding shall continue to be phased in each year until full statewide implementation of the early learning program is achieved in the 2022-23 school year, at which time any eligible child shall be entitled to be enrolled in the program.

(6) School districts and approved community-based early learning providers may contract with the department to provide services under the program. The department shall collaborate with school districts, community-based providers, and educational service districts to promote an adequate supply of approved providers. 43.215.566 Outdoor, nature-based early learning and child care programs—Pilot project—Reports. (Effective until July 1, 2018, then recodified as RCW 43.216.740.) (1) The department shall establish a pilot project to license outdoor, nature-based early learning and child care programs. The pilot project shall commence beginning August 31, 2017, and conclude June 30, 2021.

(2) The department shall adopt rules to implement the pilot project and may waive or adapt licensing requirements when necessary to allow for the operation of outdoor classrooms.

(3) As part of the pilot project, the department shall explore options for developing a quality rating and improvement system for outdoor preschools. Options may include, but are not limited to, adapting the early achievers program to assess quality in outdoor learning environments, as well as excluding or replacing the early achievers indoor environmental rating scale. The department may receive and expend

funds from philanthropic organizations in order to implement this subsection and subsection (6) of this section. The department shall include a discussion of options and recommendations in the final report required under subsection (8) of this section.

(4) The department shall select up to ten pilot locations during the first year of the pilot project. Beginning August 31, 2018, additional outdoor, nature-based early learning and child care programs may apply to participate in the pilot project. When selecting and approving pilot project locations, the department shall aim to select a mix of rural, urban, and suburban locations, and may give priority to:

(a) Areas where there are few or limited licensed early learning programs;

(b) Areas of need where licensed early learning programs are at or near full capacity, and where access may be restricted by one or more enrollment wait-lists; and

(c) Areas where an outdoor early learning program would provide more family choice.

(5) A child care or early learning program operated by a federally recognized tribe may participate in the pilot project through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty.

(6) Subject to the availability of funds, the department may convene an advisory group of outdoor, nature-based early learning practitioners to inform and support implementation of the pilot project.

(7) For purposes of this section, "outdoor, nature-based early learning and child care program" means an agency-offered program operated primarily outdoors in which children are enrolled on a regular basis for three or more hours per day.

(8) The department shall provide the following reports to the legislature and the governor:

(a) By January 15, 2018, and annually thereafter through January 15, 2020, a brief status report describing implementation of the pilot project, including a description of participating providers and the number of children and families being served;

(b) By November 30, 2020, a full report on findings from the pilot project, including recommendations for modifying or expanding the availability of outdoor, nature-based early learning and child care programs. The final report also must include a discussion of potential options to mitigate the uncertainty for families and participating providers during the final six months of the pilot project when legislation may be pending.

(9) The provisions of this section are subject to appropriation.

(10) This section expires August 1, 2021. [2017 c 162 § 2.]

Findings—Intent—2017 c 162: "The legislature finds that, over the past decade, more than forty outdoor, nature-based early learning and child care programs have opened in Washington, several of which are in high demand based on existing wait-lists. The legislature finds, however, that these programs currently are unlicensed and thus unable to offer full-day programs, which many working families are seeking. Unlicensed outdoor programs also are unable to serve families who are eligible for assistance through the working connections child care program. The legislature further finds that the outdoor preschool model could help expand the number of high

quality early learning opportunities available to families throughout Washington, particularly in areas where preschool-appropriate indoor space is unavailable or unaffordable. Additionally, when early learning programs spend less on their physical facilities, they are able to spend more on recruiting and retaining teachers and other early learning professionals. The legislature also finds that research on outdoor preschools operating in Scandinavian countries for decades has demonstrated a positive impact on children's development, including improved cognitive and social skills when children transition to grade school. The legislature, therefore, intends to establish a pilot project to license outdoor preschools in order to expand access to affordable, high quality early learning programs, and to further investigate the benefits of outdoor, nature-based classrooms for Washington's children and families." (2) In establishing and operating the program, the department or contracted entity shall: (a) Assist child care providers in recognizing the signs and symptoms of trauma in children; (b) provide support and guidance to child care staff; (c) consult and coordinate with parents, other caregivers, and experts or practitioners involved with the care and well-being of the young children; and (d) provide referrals for children who need additional services. GENERAL PROVISIONS

43.216.005 Findings. (1) The legislature finds that state services are not currently organized and delivered in a way that achieves the optimal outcomes for children, youth, and families. The legislature believes that, to improve service delivery and outcomes, existing services must be restructured into a comprehensive agency dedicated to the safety, development, and well-being of children that emphasizes prevention, early childhood development, and early intervention, and supporting parents to be their children's first and most important teachers.

(2) The legislature finds that:

(a) The early years of a child's life are critical to the child's healthy brain development and that the quality of caregiving during the early years can significantly impact the child's intellectual, social, and emotional development;

(b) A successful outcome for every child obtaining a K-12 education depends on children being prepared from birth for academic and social success in school. For children at risk of school failure, the opportunity gap often emerges as early as eighteen months of age;

(c) A more cohesive and integrated early learning system has been established that provides a solid foundation for further improvements in the quality and availability of early learning programs; and

(d) Increasing the availability of high quality services for children ages birth to three and their parents or caregivers will result in improved school and life outcomes.

(3) Research is clear that quality culturally and linguistically responsive early care and education builds the foundation for a child's success in school and in life. In restructuring early learning and child welfare services, the legislature seeks to build on the success of Washington's early learning efforts to assure children most at risk of experiencing adversity are provided high quality early learning experiences.

(4) The legislature finds that advancements in research and science have identified indicators of risk, how they impact healthy development, and the critical importance of stable, nurturing relationships, particularly in the early years. Services for families and children should be prioritized for those who are most at risk of neglect, physical harm, and other adverse factors.

(5) The legislature finds that a focus on adolescent development is needed to ensure that effective supports and interventions are targeted to support adolescents successfully transitioning to adulthood. Youth known to both the child welfare and juvenile justice systems often suffer from childhood trauma, have multisystem involvement, and experience homelessness. Increased integration of the child welfare and juvenile justice systems can increase opportunities for prevention and improve outcomes for youth in both systems.

(6) The legislature finds that children and youth of color are disproportionately impacted at every point in the child welfare and juvenile justice systems. The department of children, youth, and families must prioritize addressing equity, disproportionality, and disparity in service delivery and outcomes, and provide transparent, frequent reporting of outcomes by race, ethnicity, and geography. The legislature finds that the state values the partnership with tribes in providing services for our children and youth and intends to honor the government-to-government relationship between the state and tribes.

(7) The department of children, youth, and families must be anchored in a culture of innovation, transparency, accountability, rigorous data analysis, and reliance on research and evidence-based interventions.

(8) The legislature finds that the public expects an effective service delivery system that is comprehensive, accountable, and goes beyond a single department's role. For this reason, the legislature is creating a mechanism in the department of children, youth, and families to align, integrate, and ensure accountability of state services for children, youth, and their families across state agencies so that there is a seamless, effective, prevention and early intervention-based service system regardless of which state agency is responsible for particular services.

(9) The legislature finds that the work of the department of children, youth, and families will only be as successful as the workforce—both the agency employees and community-based providers. Increased support for the professionals working with children, youth, and families is critical to improving outcomes.

(10) The legislature further finds that other states have successfully established integrated departments dedicated to serving children, youth, and families. These departments have improved the visibility of child and family issues, increased authority and accountability, enabled system improvements, and created a stronger focus on improving child outcomes. [2017 3rd sp.s. c 6 § 1.]

(c) The early achievers program rating levels shall be published in a manner that is easily accessible to parents and caregivers and takes into account the linguistic needs of parents and caregivers.

(d) The department must publish early achievers program rating levels for child care programs that do not receive state subsidy but have voluntarily joined the early achievers program.

(e) Early achievers program participants who have published rating levels on the department's web site or on a link on the department's web site may include a brief description of their program, contingent upon the review and approval by the department, as determined by established marketing standards.

(8)(a) The department shall create a professional development pathway for early achievers program participants to obtain a high school diploma or equivalency or higher educa-

tion credential in early childhood education, early childhood studies, child development, or an academic field related to early care and education.

(b) The professional development pathway must include opportunities for scholarships and grants to assist early achievers program participants with the costs associated with obtaining an educational degree.

(c) The department shall address cultural and linguistic diversity when developing the professional development pathway.

(9) The early achievers quality improvement awards shall be reserved for participants offering programs to an enrollment population consisting of at least five percent of children receiving a state subsidy.

(10) In collaboration with tribal governments, community and statewide partners, and the early achievers review subcommittee created in RCW 43.216.075, the department shall develop a protocol for granting early achievers program participants an extension in meeting rating level requirement timelines outlined for the working connections child care program and the early childhood education and assistance program.

(a) The department may grant extensions only under exceptional circumstances, such as when early achievers program participants experience an unexpected life circumstance.

(b) Extensions shall not exceed six months, and early achievers program participants are only eligible for one extension in meeting rating level requirement timelines.

(c) Extensions may only be granted to early achievers program participants who have demonstrated engagement in the early achievers program.

The department shall grant credit to accreditation bodies that can demonstrate that their standards meet or exceed the current early achievers program standards.

(c) Licensed child care centers and child care home providers must meet national accreditation standards approved by the department for the early achievers program in order to be granted credit for the early achievers program standards. Eligibility for the early achievers program is not subject to bargaining, mediation, or interest arbitration under RCW 41.56.028, consistent with the legislative reservation of rights under RCW 41.56.028(4)(d).

(13) A child care or early learning program that is operated by a federally recognized tribe and receives state funds shall participate in the early achievers program. The tribe may choose to participate through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of

tribal sovereignty. The interlocal agreement must provide that:

(a) Tribal child care facilities and early learning programs may volunteer, but are not required, to be licensed by the department;

(b) Tribal child care facilities and early learning programs are not required to have their early achievers program rating level published to the department's web site or through a link on the department's web site; and

(14) The department shall consult with the early achievers review subcommittee on all substantial policy changes to the early achievers program.

(15) Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects or limits the legislature's authority to make programmatic modifications to licensed child care and early learning programs under RCW 41.56.028(4)(d). [2017 3rd sp.s. c 6 § 113; 2015 3rd sp.s. c 7 § 2; 2013 c 323 § 6; 2007 c 394 § 4. Formerly RCW 43.215.100.]

Finding—Intent—2015 3rd sp.s. c 7: "(1) The legislature finds that quality early care and education builds the foundation for a child's success in school and in life. The legislature acknowledges that a quality framework is necessary for the early care and education system in Washington. The legislature recognizes that empirical evidence supports the conclusion that high quality programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children. The legislature acknowledges that critical developmental windows exist in early childhood, and low quality child care has damaging effects for children. The legislature further understands that the proper dosage, duration of programming, and stability of care are critical to enhancing program quality and improving child outcomes. The legislature acknowledges that the early care and education system should strive to address the needs of Washington's culturally and linguistically diverse populations. The legislature understands that parental choice and provider diversity are guiding principles for early learning programs.

(2) The legislature intends to prioritize the integration of child care and preschool in an effort to promote full day programming. The legislature further intends to reward quality and create incentives for providers to participate in a quality rating and improvement system that will also provide valuable information to parents regarding the quality of care available in their communities." 43.216.135 Working connections child care program—Subsidy requirements—Tiered reimbursements—Copayments—Eligibility. (Effective December 1, 2018.) (1) The department shall establish and implement policies in the working connections child care program to promote stability and quality of care for children from low-income households. These policies shall focus on supporting school readiness for young learners. Policies for the expenditure of funds constituting the working connections child care program must be consistent with the outcome measures defined in RCW 74.08A.410 and the standards established in this section intended to promote stability, quality, and continuity of early care and education programming.

(2) As recommended by Public Law 113-186, authorizations for the working connections child care subsidy shall be effective for twelve months beginning July 1, 2016, unless an earlier date is provided in the omnibus appropriations act.

(3) Existing child care providers serving nonschool-age children and receiving state subsidy payments must complete the following requirements to be eligible for a state subsidy under this section:

(a) Enroll in the early achievers program by August 1, 2016;

(b) Complete level 2 activities in the early achievers program by August 1, 2017; and

(c) Rate at a level 3 or higher in the early achievers program by December 31, 2019. If a child care provider rates below a level 3 by December 31, 2019, the provider must complete remedial activities with the department, and rate at a level 3 or higher no later than June 30, 2020.

(4) Effective July 1, 2016, a new child care provider serving nonschool-age children and receiving state subsidy payments must complete the following activities to be eligible to receive a state subsidy under this section:

(a) Enroll in the early achievers program within thirty days of receiving the initial state subsidy payment;

(b) Complete level 2 activities in the early achievers program within twelve months of enrollment; and

(c) Rate at a level 3 or higher in the early achievers program within thirty months of enrollment. If a child care provider rates below a level 3 within thirty months from enrollment into the early achievers program, the provider must complete remedial activities with the department, and rate at a level 3 or higher within six months of beginning remedial activities.

(5) If a child care provider does not rate at a level 3 or higher following the remedial period, the provider is no longer eligible to receive state subsidy under this section.

(6) If a child care provider serving nonschool-age children and receiving state subsidy payments has successfully completed all level 2 activities and is waiting to be rated by the deadline provided in this section, the provider may continue to receive a state subsidy pending the successful completion of the level 3 rating activity.

(7) The department shall implement tiered reimbursement for early achievers program participants in the working connections child care program rating at level 3, 4, or 5.

(8) The department shall account for a child care copayment collected by the provider from the family for each contracted slot and establish the copayment fee by rule.

(9) The department shall establish and implement policies in the working connections child care program to allow eligibility for families with children who:

(a) In the last six months have:

(i) Received child protective services as defined and used by chapters 26.44 and 74.13 RCW;

(ii) Received child welfare services as defined and used by chapter 74.13 RCW; or

(iii) Received services through a family assessment response as defined and used by chapter 26.44 RCW;

(b) Have been referred for child care as part of the family's case management as defined by RCW 74.13.020; and

(c) Are residing with a biological parent or guardian.

(10) Children who are eligible for working connections child care pursuant to subsection (9) of this section do not have to keep receiving services through the department of social and health services to maintain twelve-month authorization. The department of social and health services' involvement with the family referred for working connections child care ends when the family's child protective services, child welfare services, or family assessment response case is closed. Findings—Intent—2017 3rd sp.s. c 9: "The legislature finds that children with the greatest needs benefit significantly from child care programs that promote stability, quality, and continuity of care. The legislature recognizes that empirical evidence supports the conclusion that high quality child care programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children.

Children in the child welfare system are some of the most vulnerable children. The legislature finds that a child who experiences child abuse or neglect is over four times more likely to abuse substances as an adult and forty-three percent of youth in the juvenile justice system were involved in the child welfare system.

The legislature finds that the child care and development block grant act of 2014 allows the *department of early learning to provide working connections child care to children in need of, or receiving, protective services. The legislature further understands that as of July 1, 2016, authorizations for the working connections child care subsidy are effective for twelve months.

The legislature finds that the children's mental health work group, in its December 2016 final report, recommended that state agencies provide at least twelve months of stable child care through the working connections child care program for certain children involved in the child welfare system, regardless of the employment status of their parents or guardians. Many of these child welfare-involved families are addressing chemical dependency issues, which require a significant amount of time to overcome. For these reasons, the legislature intends to allow certain populations of vulnerable children to be eligible for the working connections child care subsidy for a minimum of twelve months." [2017 3rd sp.s. c 9 § 1.]

***Reviser's note:** The department of early learning was abolished and its powers, duties, and functions were transferred to the department of children, youth, and families by 2017 3rd sp.s. c 6 § 802, effective July 1, 2018.

43.216.137 Working connections child care program—Unemployment compensation. (Effective July 1, 2018.) For the working connections child care program, the department shall not count the twenty-five dollar increase paid as part of an individual's weekly benefit amount as provided in RCW 50.20.1202 when determining a consumer's income eligibility and copayment. Beginning July 1, 2016, or earlier if a different date is provided in the omnibus appropriations act, when an applicant or recipient applies for or receives working connections child care benefits, the applicant or recipient is required to notify the department of social and health services, within five days, of any change in providers. 43.216.141 Working connections child care program—Standards and guidelines—Duties of the department—Duties of the department of social and health services. (Effective July 1, 2018.) (1) The standards and guidelines described in this section are intended for the guidance of the department and the department of social and health services. They are not intended to, do not, and may not be relied upon to create a right or benefit, substantive or procedural, enforceable at law by a party in litigation with the state.

(2) When providing services to parents applying for or receiving working connections child care benefits, the department must provide training to departmental employees on professionalism.

(3) When providing services to parents applying for or receiving working connections child care benefits, the department of social and health services has the following responsibilities:

(a) To return all calls from parents receiving working connections child care benefits within two business days of receiving the call;

(b) To develop a process by which parents receiving working connections child care benefits can submit required forms and information electronically by June 30, 2015;

(c) To notify providers and parents ten days before the loss of working connections child care benefits; and

(d) To provide parents with a document that explains in detail and in easily understood language what services they are eligible for, how they can appeal an adverse decision, and the parents' responsibilities in obtaining and maintaining eligibility for working connections child care. [2013 c 337 § 1. Formerly RCW 43.215.136.]

43.216.143 Working connections child care program—Contracted child care slots and vouchers. (Effective July 1, 2018.) (1) The department may employ a combination of vouchers and contracted slots for the subsidized child care programs in *RCW 43.215.135. Child care vouchers preserve parental choice. Child care contracted slots promote access to continuous quality care for children, provide parents and caregivers stable child care that supports employment, and allow providers to have predictable funding. Any contracted slots the department may create under this section must meet the requirements in subsections (2) through (6) of this section.

(2) Only child care providers who participate in the early achievers program and rate at a level 3, 4, or 5 are eligible to be awarded a contracted slot.

(3)(a) The department is required to use data to calculate a set number of targeted contracted slots. In calculating the number, the department must take into account a balance of family home and center child care programs and the overall geographic distribution of child care programs in the state and the distribution of slots between ages zero and five.

(b) The targeted contracted slots are reserved for programs meeting both of the following conditions:

(i) Programs in low-income neighborhoods; and

(ii) Programs that consist of at least fifty percent of children receiving subsidy pursuant to *RCW 43.215.135.

(c) Until August 1, 2017, the department shall assure an even distribution of contracted slots for children birth to age five.

(4) The department shall award the remaining contracted slots via a competitive process and prioritize child care programs with at least one of the following characteristics:

(a) Programs located in a high-need geographic area;

(b) Programs partnering with elementary schools to offer transitional planning and support to children as they advance to kindergarten;

(c) Programs serving children involved in the child welfare system; or

(d) Programs serving children diagnosed with a special need.

(5) The department shall pay a provider for each contracted slot, unless a contracted slot is not used for thirty days.

(6) The department shall include the number of contracted slots that use both early childhood education and assistance program funding and working connections child

care program funding in the annual report to the legislature required under *RCW 43.215.102. [2015 3rd sp.s. c 7 § 14. Formerly RCW 43.215.137.]

***Reviser's note:** RCW 43.215.135 and 43.215.102 were recodified as RCW 43.216.135 and 43.216.089, respectively, pursuant to 2017 3rd sp.s. c 6 § 821, effective July 1, 2018.

Finding—Intent—2015 3rd sp.s. c 7: See note following RCW 43.216.085.

43.216.152 Definitions. (Effective July 1, 2018.) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Community-based early learning providers" includes for-profit and nonprofit licensed providers of child care and preschool programs.

(2) "Program" means the program of early learning established in *RCW 43.215.141 for eligible children who are three and four years of age. [2010 c 231 § 2. Formerly RCW 43.215.140.]

***Reviser's note:** RCW 43.215.141 was recodified as RCW 43.215.455 pursuant to 2013 2nd sp.s. c 16 § 5. RCW 43.215.455 was subsequently recodified as RCW 43.216.555 pursuant to 2017 3rd sp.s. c 6 § 821, effective July 1, 2018.

43.216.155 Home visitation programs—Findings—Intent. (Effective July 1, 2018.) The legislature finds that:

(1) The years from birth to three are critical in building the social, emotional, and cognitive developmental foundations of a young child. Research into the brain development of young children reveals that children are born learning.

(2) The farther behind children are in their social, emotional, physical, and cognitive development, the more difficult it will be for them to catch up.

(3) A significant number of children age birth to five years are born with two or more of the following risk factors and have a greater chance of failure in school and beyond: Poverty; single or no parent; no parent employed full time or full year; all parents with disability; and mother without a high school degree.

(4) Parents and children involved in home visitation programs exhibit better birth outcomes, enhanced parent and child interactions, more efficient use of health care services, enhanced child development including improved school readiness, and early detection of developmental delays, as well as reduced welfare dependence, higher rates of school completion and job retention, reduction in frequency and severity of maltreatment, and higher rates of school graduation.

The legislature intends to promote the use of voluntary home visitation services to families as an early intervention strategy to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of a high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes. [2007 c 466 § 1. Formerly RCW 43.215.145, 43.121.170.]

43.216.157 Home visitation programs—Definitions. (Effective July 1, 2018.) The definitions in this section apply throughout this section and RCW *43.215.145, *43.215.147,

and **43.121.185 unless the context clearly requires otherwise.

(1) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population.

(2) "Home visitation" means providing services in the permanent or temporary residence, or in other familiar surroundings, of the family receiving such services.

(3) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices. [2011 1st sp.s. c 32 § 6; 2007 c 466 § 2. Formerly RCW 43.215.146, 43.121.175.]

43.216.159 Home visitation programs—Funding—Home visitation services coordination or consolidation plan. (Effective July 1, 2018.) (1) Within available funds, the department shall fund evidence-based and research-based home visitation programs for improving parenting skills and outcomes for children. Home visitation programs must be voluntary and must address the needs of families to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes. In order to maximize opportunities to obtain matching funds from private entities, general funds intended to support home visiting funding shall be appropriated to the home visiting services account established in *RCW 43.215.130.

(2) The department shall work with the department of social and health services, the department of health, the private-public partnership created in *RCW 43.215.070, and key partners and stakeholders to develop a plan to coordinate or consolidate home visitation services for children and families to the extent practicable. [2011 1st sp.s. c 32 § 7; 2008 c 152 § 6; 2007 c 466 § 3. Formerly RCW 43.215.147, 43.121.180.]

Revenues in the account shall consist of appropriations by the legislature and all other sources deposited into the account. Expenditures from the account may be used only for the purposes listed in *RCW 43.215.099. All receipts from local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and non-profit organizations must be deposited into the account.

[2017 RCW Supp—page 528]

(2) The department oversees the account. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(3) The department shall separately track funds received for each local government, school district, institution of higher education as defined in RCW 28B.10.016, or non-profit organization that deposits funds into the account. Expenditures from these funds may be used only for the purposes listed in *RCW 43.215.099 as identified in writing with the department by the contributing local government, school district, institution of higher education as defined in RCW 28B.10.016, or nonprofit organization. 43.216.170 Applicants for positions with the department—Investigation and background checks. (Effective July 1, 2018.) (1) The secretary shall investigate the conviction records, pending charges, and disciplinary board final decisions of any current employee or applicant seeking or being considered for any position with the department who will or may have unsupervised access to children. This includes, but is not limited to, positions conducting comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards.

(2) The secretary shall require a fingerprint-based background check through both the Washington state patrol and the federal bureau of investigation as provided in RCW 43.43.837. Unless otherwise authorized by law, the secretary shall use the information solely for the purpose of determining the character, suitability, and competence of the applicant.

(3) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

(4) Any person whose criminal history would otherwise disqualify the person under this section from a position that will or may have unsupervised access to children shall not be disqualified if the department of social and health services reviewed the person's otherwise disqualifying criminal history through the department of social and health services' background assessment review team process conducted in 2002 and determined that such person could remain in a position covered by this section, or if the otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure. LICENSING

43.216.250 Secretary's licensing duties. (Effective July 1, 2018.) It shall be the secretary's duty with regard to licensing under this chapter:

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2)(a) In consultation with the state fire marshal's office, the secretary shall use an interagency process to address health and safety requirements for child care programs that serve school-age children and are operated in buildings that contain public or private schools that safely serve children during times in which school is in session;

(b) Any requirements in (a) of this subsection as they relate to the physical facility, including outdoor playgrounds, do not apply to before-school and after-school programs that serve only school-age children and operate in the same facilities used by public or private schools;

(3) In consultation and with the advice and assistance of parents or guardians, and persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed under this chapter;

(4) In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges of each agency and its staff seeking licensure or relicensure, and other persons having unsupervised access to children in care;

The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person;

(6) To issue, revoke, or deny licenses to agencies pursuant to this chapter. Licenses shall specify the category of care that an agency is authorized to render and the ages and number of children to be served;

(7) To prescribe the procedures and the form and contents of reports necessary for the administration of this chapter and to require regular reports from each licensee;

(8) To inspect agencies periodically to determine whether or not there is compliance with this chapter and the requirements adopted under this chapter;

(9) To review requirements adopted under this chapter at least every two years and to adopt appropriate changes after consultation with affected groups for child day care requirements; and

(10) To consult with public and private agencies in order to help them improve their methods and facilities for the care and early learning of children. Finding—Intent—2015 3rd sp.s. c 7: See note following RCW 43.216.085.

Finding—Intent—2011 c 359: "(1) The legislature finds that some licensed child care centers seeking to operate in public schools incur substantial costs to renovate spaces that are considered safe for children to use for the purpose of education. Consequently, families are forced to seek before or after school child care outside of the school building, resulting in additional transitions for students.

(2) It is the legislature's intent to allow licensed child care centers that serve school-age children to operate in facilities that provide a safe and healthy environment for children to use for the purpose of education. With respect to section 2(2) of this act, the legislature intends that the development of any related child care licensing requirements shall:

- (a) Ensure safe and healthy environments for children;
- (b) Utilize existing rule-making processes and resources;
- (c) Utilize existing requirements as a starting point rather than create an entirely new set of requirements; and
- (d) Give due consideration to the burdens imposed by inconsistent licensing requirements." [2011 c 359 § 1.]

43.216.255 Licensing standards. (Effective July 1, 2018.) (1) No later than November 1, 2016, the department shall implement a single set of licensing standards for child care and the early childhood education and assistance program. The department shall produce the single set of licensing standards within the department's available appropriations. The new licensing standards must:

- (a) Provide minimum health and safety standards for child care and preschool programs;
- (b) Rely on the standards established in the early achievers program to address quality issues in participating early childhood programs;
- (c) Take into account the separate needs of family care providers and child care centers; and
- (d) Promote the continued safety of child care settings.

(2) Private schools that operate early learning programs and do not receive state subsidy payments shall be subject only to the minimum health and safety standards in subsection (1)(a) of this section and the requirements necessary to assure a sufficient early childhood education to meet usual requirements needed for transition into elementary school. The state, and any agency thereof, shall not restrict or dictate any specific educational or other programs for early learning programs operated by private schools except for programs that receive state subsidy payments. ****(3) RCW 43.215.280 was recodified as RCW 43.216.315 pursuant to 2017 3rd sp.s. c 6 § 821, effective July 1, 2018.

43.216.270 Character, suitability, and competence to provide child care and early learning services—Fingerprint criminal history record checks—Background check clearance card or certificate—Shared background checks. (Effective July 1, 2018.) (1) In determining whether

an individual is of appropriate character, suitability, and competence to provide child care and early learning services to children, the department may consider the history of past involvement of child protective services or law enforcement agencies with the individual for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of a child. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes. No unfounded or inconclusive allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this chapter.

(2) In order to determine the suitability of individuals newly applying for an agency license, new licensees, their new employees, and other persons who newly have unsupervised access to children in care, shall be fingerprinted.

(a) The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history record check.

(b)(i) All individuals applying for first-time agency licenses, all new employees, and other persons who have not been previously qualified by the department to have unsupervised access to children in care must be fingerprinted and obtain a criminal history record check pursuant to this section.

(ii) Persons required to be fingerprinted and obtain a criminal history record check pursuant to this section must pay for the cost of this check as follows: The fee established by the Washington state patrol for the criminal background history check, including the cost of obtaining the fingerprints; and a fee paid to the department for the cost of administering the individual-based/portable background check clearance registry. The fee paid to the department must be deposited into the individual-based/portable background check clearance account established in RCW 43.216.273. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(c) The secretary shall use the fingerprint criminal history record check information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children.

(d) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

(e) No later than July 1, 2013, all agency licensees holding licenses prior to July 1, 2012, persons who were employees before July 1, 2012, and persons who have been qualified by the department before July 1, 2012, to have unsupervised access to children in care, must submit a new background application to the department. The department must require persons submitting a new background application pursuant to this subsection (2)(e) to pay a fee to the department for the cost of administering the individual-based/portable background check clearance registry. This fee must be paid into the individual-based/portable background check clearance account established in RCW 43.216.273. The licensee may, but need not, pay these costs on behalf of a prospective

employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(f) The department shall issue a background check clearance card or certificate to the applicant if after the completion of a background check the department concludes the applicant is qualified for unsupervised access to children in child care. The background check clearance card or certificate is valid for three years from the date of issuance. A valid card or certificate must be accepted by a potential employer as proof that the applicant has successfully completed a background check as required under this chapter.

(g) The original applicant for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care shall submit a new background check application to the department, on a form and by a date as determined by the department.

(h) The applicant and agency shall maintain on-site for inspection a copy of the background check clearance card or certificate.

(i) Individuals who have been issued a background check clearance card or certificate shall report nonconviction and conviction information to the department within twenty-four hours of the event constituting the nonconviction or conviction information.

(j) The department shall investigate and conduct a re-determination of an applicant's or licensee's background clearance if the department receives a complaint or information from individuals, a law enforcement agency, or other federal, state, or local government agency. Subject to the requirements contained in RCW 43.216.325 and 43.216.327 and based on a determination that an individual lacks the appropriate character, suitability, or competence to provide child care or early learning services to children, the department may: (i) Invalidate the background card or certificate; or (ii) suspend, modify, or revoke any license authorized by this chapter.

(3) To satisfy the shared background check requirements of the department of children, youth, and families, the office of the superintendent of public instruction, and the department of social and health services, each department shall share federal fingerprint-based background check results as permitted under the law. These departments may not share the federal background check results with any other state agency or person.

(4) Individuals who have completed a fingerprint background check as required by the office of the superintendent of public instruction, consistent with RCW 28A.400.303, and have been continuously employed by the same school district or educational service district, can meet the requirements in subsection (2) of this section by providing a true and accurate copy of their Washington state patrol and federal bureau of investigation background check report results to the department or if the school district or the educational service district provides an affidavit to the department that the individual has been authorized to work by the school district or educational service district after completing a record check consistent with RCW 28A.400.303. The department may require that

additional background checks be completed that do not require additional fingerprinting and may charge a fee for these additional background checks. [2017 3rd sp.s. c 33 § 6; 2017 3rd sp.s. c 6 § 206. Prior: 2011 c 295 § 2; 2011 c 253 § 4; 2007 c 415 § 5. Formerly RCW 43.215.215.]

Fee revenues must be deposited in the individual-based/portable background check clearance account created in RCW 43.216.273 and may be expended only for the costs of developing and administering the individual-based/portable background check clearance registry created in RCW 43.216.271. (1) Each agency shall make application for a license or the continuation of a full license to the department on forms prescribed by the department. Upon receipt of such application, the department shall either grant or deny a license or continuation of a full license within ninety days. A license or continuation shall be granted if the agency meets the minimum requirements set forth in this chapter and the departmental requirements consistent with this chapter, except that an initial license may be issued as provided in *RCW 43.215.280. The department shall consider whether an agency is in good standing, as defined in subsection (4)(b)

of this section, before granting a continuation of a full license. Full licenses provided for in this chapter shall continue to remain valid so long as the licensee meets the requirements for a nonexpiring license in subsection (2) of this section. The licensee, however, shall advise the **director of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee and the location stated in the application. For licensed family day care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move.

(2) In order to qualify for a nonexpiring full license, a licensee must meet the following requirements on an annual basis as established from the date of initial licensure:

- (c) Submit a declaration of compliance with all licensing rules; and
- (d) Submit background check applications on the schedule established by the department.

(3) If a licensee fails to meet the requirements in subsection (2) of this section for continuation of a full license the license expires and the licensee must submit a new application for licensure under this chapter.

(4)(a) Nothing about the nonexpiring license process may interfere with the department's established monitoring practice.

(b) For the purpose of this section, an agency is considered to be in good standing if in the intervening period between monitoring visits the agency does not have any of the following:

- (i) Valid complaints;
- (ii) A history of noncompliance related to those valid complaints or pending from prior monitoring visits; or
- (iii) Other information that when evaluated would result in a finding of noncompliance with this section.

(c) The department shall consider whether an agency is in good standing when determining the most appropriate approach and process for monitoring visits, for the purposes of administrative efficiency while protecting children, consistent with this chapter. If the department determines that an agency is not in good standing, the department may issue a probationary license, as provided in *RCW 43.215.290. [2011 c 297 § 1; 2006 c 265 § 307. Formerly RCW 43.215.260.]

43.216.310 License renewal. (Effective July 1, 2018.) (1) If a licensee desires to apply for a renewal of its license, a request for a renewal shall be filed ninety days before the expiration date of the license. If the department has failed to act at the time of the expiration date of the license, the license shall continue in effect until such time as the department acts.

(2) License renewal under this section does not apply to nonexpiring licenses described in *RCW 43.215.260. [2011 c 297 § 3; 2006 c 265 § 308. Formerly RCW 43.215.270.]

43.216.315 Initial licenses. (Effective July 1, 2018.)

The *director may, at his or her discretion, issue an initial license instead of a full license, to an agency or facility for a period not to exceed six months, renewable for a period not to exceed two years, to allow such agency or facility reasonable time to become eligible for full license. [2006 c 265 § 309. Formerly RCW 43.215.280.]

*Reviser's note: RCW 43.215.130, 43.215.070, and 43.215.102 were recodified as RCW 43.216.135, 43.216.065, and 43.216.089, respectively, pursuant to 2017 3rd sp.s. c 6 § 821, effective July 1, 2018.

43.216.320 Probationary licenses. (Effective July 1, 2018.) (1) The department may issue a probationary license to a licensee who has had an initial, expiring, or other license but is temporarily unable to comply with a rule or has been the subject of multiple complaints or concerns about non-compliance if:

(a) The noncompliance does not present an immediate threat to the health and well-being of the children but would be likely to do so if allowed to continue; and

(b) The licensee has a plan approved by the department to correct the area of noncompliance within the probationary period.

(2) Before issuing a probationary license, the department shall, in writing, refer the licensee to the child care resource and referral network or other appropriate resource for technical assistance. The department may issue a probationary license pursuant to subsection (1) of this section if within fifteen working days after the department has sent its referral:

(a) The licensee, in writing, has refused the department's referral for technical assistance; or

(b) The licensee has failed to respond in writing to the department's referral for technical assistance.

(3) If the licensee accepts the department's referral for technical assistance issued under subsection (2) of this section, the department, the licensee, and the technical assistance provider shall meet within thirty days after the licensee's acceptance. The licensee and the department, in consultation with the technical assistance provider, shall develop a plan to correct the areas of noncompliance identified by the department. If, after sixty days, the licensee has not corrected the areas of noncompliance identified in the plan developed in consultation with the technical assistance provider, the department may issue a probationary license pursuant to subsection (1) of this section.

(4) A probationary license may be issued for up to six months, and at the discretion of the department it may be extended for an additional six months. The department shall immediately terminate the probationary license, if at any time the noncompliance for which the probationary license was issued presents an immediate threat to the health or well-being of the children.

(5) The department may, at any time, issue a probationary license for due cause that states the conditions of probation.

(6) An existing license is invalidated when a probationary license is issued.

(7) At the expiration of the probationary license, the department shall reinstate the original license for the remainder of its term, issue a new license, or revoke the original license.

(8) A right to an adjudicative proceeding shall not accrue to the licensee whose license has been placed on probationary status unless the licensee does not agree with the placement on probationary status and the department then suspends, revokes, or modifies the license. [2011 c 297 § 2; 2006 c 265 § 310. Formerly RCW 43.215.290.]

43.216.325 Licenses—Denial, suspension, revocation, modification, nonrenewal—Proceedings—Penalties. (Effective July 1, 2018.)

(1) An agency may be denied a license, or any license issued pursuant to this chapter may be suspended, revoked, modified, or not renewed by the *director upon proof (a) that the agency has failed or refused to comply with the provisions of this chapter or the requirements adopted pursuant to this chapter; or (b) that the conditions required for the issuance of a license under this chapter have ceased to exist with respect to such licenses. *RCW 43.215.305 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

Intent—1994 c 166; 1987 c 518: "The long-term social, community welfare, and economic interests of the state will be served by an investment in our children. Conclusive studies and experiences show that providing children with developmental experiences and providing parents with effective parental partnership, empowerment, opportunities for involvement with their child's developmental learning, and expanding parenting skills, learning, and

training can greatly improve children's performance in school as well as increase the likelihood of children's success as adults. National studies have also confirmed that special attention to, and educational assistance for, children, their school environment, and their families are the most effective ways in which to meet the state's social and economic goals.

The legislature intends to enhance the readiness to learn of certain children and students by: Providing for an expansion of the state early childhood education and assistance program for children from low-income families and establishing an adult literacy program for certain parents; assisting school districts to establish elementary counseling programs; instituting a program to address learning problems due to drug and alcohol use and abuse; and establishing a program directed at students who leave school before graduation.

The legislature intends further to establish programs that will allow for parental, business, and community involvement in assisting the school systems throughout the state to enhance the ability of children to learn." [1994 c 166 § 7; 1987 c 518 § 1.]

43.216.535 Reports. (Effective July 1, 2018.) The department shall annually report to the governor and the legislature on the findings of the longitudinal study undertaken to examine and monitor the effectiveness of early childhood educational and assistance services for eligible children to measure, among other elements, if possible, how the average level of performance of children completing this program compare to the average level of performance of all state students in their grade level, and to the average level of performance of those eligible students who did not have access to this program. 43.216.565 Findings—Intent—Early start program. (Effective July 1, 2018.) The legislature finds that the first five years of a child's life establish the foundation for educational success. The legislature also finds that children who have high quality early learning opportunities from birth through age five are more likely to succeed throughout their K-12 education and beyond. The legislature further finds that the benefits of high quality early learning experiences are particularly significant for low-income parents and children, and provide an opportunity to narrow the opportunity gap in Washington's K-12 educational system. The legislature understands that early supports for high-risk parents of young children through home visiting services show a high return on investment due to significantly improved chances of better education, health, and life outcomes for children. The legislature further recognizes that, when parents work or go to school, high quality and full-day early learning opportunities should be available and accessible for their children. In order to improve education outcomes, particularly for low-income children, the legislature is committed to expanding high quality early learning opportunities and integrating currently disparate funding streams for all birth-to-five early learning services including, working connections child care and the early childhood education and assistance program, into a single high quality continuum of learning that provides essential services to low-income families and prepares all enrolled children for success in school. The legislature therefore intends to establish the early start program to provide a continuum of high quality and accountable early learning opportunities for Washington's parents and children. [2013 c 323 § 1. Formerly RCW 43.215.460.]

43.216.570 Early intervention services—Findings. (Effective July 1, 2018.) The legislature finds that there is an urgent and substantial need to:

(1) Enhance the development of infants and toddlers with disabilities in the state of Washington in order to minimize developmental delay and maximize individual potential and enhance the capability of families to meet the needs of their infants and toddlers with disabilities and maintain family integrity;

(2) Coordinate and enhance the state's existing early intervention services to ensure a statewide, community-based, coordinated, interagency program of early intervention services for infants and toddlers with disabilities and their families; and

(3) Facilitate the coordination of payment for early intervention services from federal, state, local, and private sources including public and private insurance coverage. [1992 c 198 § 14. Formerly RCW 43.215.470, 70.195.005.]

43.216.572 Early intervention services—Birth-to-three—Interagency coordinating council—Conditions and limitations. (Effective July 1, 2018.) For the purposes of implementing this chapter, the governor shall appoint a state birth-to-three interagency coordinating council and

ensure that state agencies involved in the provision of, or payment for, early intervention services to infants and toddlers with disabilities and their families shall coordinate and collaborate in the planning and delivery of such services.

No state or local agency currently providing early intervention services to infants and toddlers with disabilities may use funds appropriated for early intervention services for infants and toddlers with disabilities to supplant funds from other sources.

All state and local agencies shall ensure that the implementation of this chapter will not cause any interruption in existing early intervention services for infants and toddlers with disabilities.

Nothing in this chapter shall be construed to permit the restriction or reduction of eligibility under Title V of the Social Security Act, P.L. 90-248, relating to maternal and child health or Title XIX of the Social Security Act, P.L. 89-97, relating to medicaid for infants and toddlers with disabilities. 43.216.574 Early intervention services—Birth-to-three—Interagency coordinating council—Coordination with counties and communities. (Effective July 1, 2018.) The state birth-to-three interagency coordinating council shall identify and work with county early childhood interagency coordinating councils to coordinate and enhance existing early intervention services and assist each community to meet the needs of infants and toddlers with disabilities and their families. [2016 c 57 § 2; 1992 c 198 § 17. Formerly RCW 43.215.474, 70.195.020.]

43.216.576 Early intervention services—Interagency agreements. (Effective July 1, 2018.) State agencies providing or paying for early intervention services shall enter into formal interagency agreements with each other and where appropriate, with school districts, counties, and other providers, to define their relationships and financial and service responsibilities. Local agencies or entities, including local school districts, counties, and service providers receiving public money for providing or paying for early intervention services shall enter into formal interagency agreements with each other that define their relationships and financial responsibilities to provide services within each county. In establishing priorities, school districts, counties, and other service providers shall give due regard to the needs of children birth to three years of age and shall ensure that they continue to participate in providing services and collaborate with each other. The interagency agreements shall include procedures for resolving disputes, provisions for establishing maintenance requirements, and all additional components necessary to ensure collaboration and coordination. The department shall ensure that the fatality review team is made up of individuals who had no previous involvement in the case.

(c) The department shall allow the parents or guardians whose child's death is being reviewed to testify before the child fatality review committee.

(d) The primary purpose of the fatality review shall be the development of recommendations to the department and legislature regarding changes in licensing requirements, practice, or policy to prevent fatalities and strengthen safety and health protections for children.

(e) Upon conclusion of a child fatality review required pursuant to this section, the department shall, within one hundred eighty days following the fatality, issue a report on the results of the review, unless an extension has been granted by the governor. Reports must be distributed to the appropriate committees of the legislature, and the department shall create a public web site where all child fatality review reports required under this section must be posted and maintained. A child fatality review report completed pursuant to this section is subject to public disclosure and must be posted on the public web site, except that confidential information may be redacted by the department consistent with the requirements of RCW 13.50.100, 68.50.105, and 74.13.500 through 74.13.525, chapter 42.56 RCW, and other applicable state and federal laws.

(3) The department shall consult with the office of the family and children's ombuds to determine if a review should be conducted in the case of a near child fatality that occurs in an early learning program described in *RCW 43.215.400 through 43.215.450 or licensed child care center or licensed child care home.

(4) In any review of a child fatality or near fatality, the department and the fatality review team must have access to all records and files regarding the child or that are otherwise relevant to the review and that have been produced or retained by the early education and assistance program provider or licensed child care center or licensed family home provider.

(5) The child fatality review committee shall coordinate with local law enforcement to ensure that the fatality or near fatality review does not interfere with any ongoing or potential criminal investigation.

(6)(a) A child fatality or near fatality review completed pursuant to this section is subject to discovery in a civil or administrative proceeding, but may not be admitted into evi-

dence or otherwise used in a civil or administrative proceeding except pursuant to this section.

(b) A department employee responsible for conducting a child fatality or near fatality review, or member of a child fatality or near fatality review team, may not be examined in a civil or administrative proceeding regarding the following:

(i) The work of the child fatality or near fatality review team;

(ii) The incident under review;

(iii) The employee's or member's statements, deliberations, thoughts, analyses, or impressions relating to the work of the child fatality or near fatality review team or the incident under review; or

(iv) Statements, deliberations, thoughts, analyses, or impressions of any other member of the child fatality or near fatality review team, or any person who provided information to the child fatality or near fatality review team, relating to the work of the child fatality or near fatality review team or the incident under review.

(c) Documents prepared by or for a child fatality or near fatality review team are inadmissible and may not be used in a civil or administrative proceeding, except that any document that exists before its use or consideration in a child fatality or near fatality review, or that is created independently of such review, does not become inadmissible merely because it is reviewed or used by a child fatality or near fatality review team. A person is not unavailable as a witness merely because the person has been interviewed by or has provided a statement for a child fatality or near fatality review, but if called as a witness, a person may not be examined regarding the person's interactions with the child fatality or near fatality review including, without limitation, whether the person was interviewed during such review, the questions that were asked during such review, and the answers that the person provided during such review. This section may not be construed as restricting a person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(d) The restrictions in this section do not apply in a licensing or disciplinary proceeding arising from an agency's effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with a minor's death or near fatality reviewed by a child fatality or near fatality review team.

(7) The department shall develop and implement procedures to carry out the requirements of this section.

(8) Nothing in this section creates a duty for the office of the family and children's ombuds under RCW 43.06A.030 as related to children in the care of an early learning program described in *RCW 43.215.400 through 43.215.450, a licensed child care center, or a licensed child care home. 43.216.660 Child care services—Declaration of policy. (Effective July 1, 2018.) It shall be the policy of the state of Washington to:

(1) Recognize the family as the most important social and economic unit of society and support the central role parents play in child rearing. All parents are encouraged to care for and nurture their children through the traditional methods of parental care at home. The availability of quality, affordable child care is a concern for working parents, the costs of care are often beyond the resources of working parents, and child care facilities are not located conveniently to workplaces and neighborhoods. Parents are encouraged to participate fully in the effort to improve the quality of child care services.

(2) Promote a variety of culturally and developmentally appropriate child care settings and services of the highest possible quality in accordance with the basic principle of continuity of care. These settings shall include, but not be limited to, family day care homes, mini-centers, centers and schools.

(3) Promote the growth, development and safety of children by working with community groups including providers and parents to establish standards for quality service, training of child care providers, fair and equitable monitoring, and salary levels commensurate with provider responsibilities and support services.

(4) Promote equal access to quality, affordable, socio-economically integrated child care for all children and families.

(5) Facilitate broad community and private sector involvement in the provision of quality child care services to foster economic development and assist industry through the department. [2017 3rd sp.s. c 6 § 212; 2006 c 265 § 202; 1989 c 381 § 2; 1988 c 213 § 1. Formerly RCW 43.215.495, 74.13.085.]

Effective date—2017 3rd sp.s. c 6 §§ 102, 104-115, 201-227, 301-337, 401-419, 501-513, 801-803, and 805-822: See note following RCW 43.216.025.

Findings—1989 c 381: "The legislature finds that the increasing difficulty of balancing work life and family needs for parents in the workforce has made the availability of quality, affordable child care a critical concern for the state and its citizens. The prospect for labor shortages resulting from the aging of the population and the importance of the quality of the workforce to the competitiveness of Washington businesses make the availability of quality child care an important concern for the state and its businesses.

The legislature further finds that making information on child care options available to businesses can help the market for child care adjust to the needs of businesses and working families. The legislature further finds that investments are necessary to promote partnerships between the public and private sectors, educational institutions, and local governments to increase the supply, affordability, and quality of child care in the state." 43.216.665 Child care workers—Findings—Intent. (Effective July 1, 2018.) The legislature finds that as of 2000, child care workers in the state earned an average hourly

[2017 RCW Supp—page 544]

wage of eight dollars and twenty-two cents, only fifty-eight percent received medical insurance through employers, only sixty-six percent received paid sick leave, and only seventy-three percent received paid vacation. The legislature further finds that low wages for child care workers create a barrier for individuals entering the profession, result in child care workers leaving the profession in order to earn a living wage in another profession, and make it difficult for child care workers to afford professional education and training. As a result, the availability of quality child care in the state suffers.

The legislature intends to increase wages to child care workers through establishing a child care career and wage ladder that provides increased wages for child care workers based on their work experience, level of responsibility, and education. To the extent practicable within available funds, this child care career and wage ladder shall mirror the successful child care career and wage ladder pilot project operated by the state between 2000 and 2003. While it is the intent of the legislature to establish the vision of a statewide child care career and wage ladder that will enhance employment quality and stability for child care workers, the legislature also recognizes that funding allocations will determine the extent of statewide implementation of a child care career and wage ladder. 43.216.670 Child care provider rules review. (Effective July 1, 2018.) In conjunction with child care providers and other early learning leaders, the department shall review and revise child care provider rules in order to emphasize the need for mutual respect among parents, providers, and state staff who enforce rules. Revised rules shall clearly focus on keeping children safe and improving early learning outcomes for children. The department shall develop a plan by July 2007 that outlines the process and timelines to complete the rules review. Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects. [2007 c 394 § 7. Formerly RCW 43.215.502.]

Finding—Declaration—Captions not law—2007 c 394: See notes following RCW 43.216.010.

The child care career and wage ladder shall include wage increments for levels of education, years of relevant experience, levels of work responsibility, relevant early childhood education credits, and relevant requirements in the state training and registry system.

(2) The department shall establish procedures for the allocation of funds to implement the child care career and wage ladder among child care centers meeting the criteria identified in subsection (1) of this section. In developing these procedures, the department shall:

(a) Review past efforts or administration of the child care career and wage ladder pilot project in order to take advantage of any findings, recommendations, or administrative practices that contributed to that pilot project's success;

(b) Consult with stakeholders, including organizations representing child care teachers and providers, in developing an allocation formula that incorporates consideration of geographic and demographic distribution of child care centers adopting the child care career and wage ladder; and

(c) Develop a system for prioritizing child care centers interested in adopting the child care career and wage ladder that is based on the criteria identified in subsection (1) of this section.

(3) Notwithstanding the requirements of subsection (2) of this section, child care centers meeting the criteria in subsection (1) of this section located in urban areas of the department of social and health services region one shall receive a minimum of fifteen percent of the funds allocated through the child care career and wage ladder, and of these centers, child care centers meeting the criteria in subsection (1) of this section participating in the Spokane tiered reimbursement pilot project shall have first priority for child care career and wage ladder funding. [2006 c 265 § 205; 2005 c 507 § 2. Formerly RCW 43.215.505, 74.13.098.]

The adoption of a child care career and wage ladder shall not prohibit the provision of wage increases based upon merit. The department shall pay wage increments for child care workers employed by child care centers adopting the child care career and wage ladder established pursuant to *RCW 43.215.505 who earn early childhood education credits or meet relevant requirements in the state training and registry system, in accordance with the child care career and wage ladder. (8) Collect and assemble information regarding the availability of insurance and of federal and other child care funding to assist state and local agencies, businesses, and other child care providers in offering child care services;

(9) Subject to the availability of amounts appropriated for this specific purpose, increase the base rate for all child care providers by ten percent;

(10) Subject to the availability of amounts appropriated for this specific purpose, provide tiered subsidy rate enhancements to child care providers if the provider meets the following requirements:

(a) The provider enrolls in quality rating and improvement system levels 2, 3, 4, or 5;

(b) The provider is actively participating in the early achievers program;

(c) The provider continues to advance towards level 5 of the early achievers program; and

Finding—1997 c 58: "The legislature finds that informed choice is consistent with individual responsibility and that parents should be given a range of options for available child care while participating in the program." [1997 c 58 § 401.]

Finding—1993 c 453: "The legislature finds that building a system of quality, affordable child care requires coordinated efforts toward constructing partnerships at state and community levels. Through the office of child care policy, the department of social and health services is responsible for facilitating the coordination of child care efforts and establishing working partnerships among the affected entities within the public and private sectors. Through these collaborative efforts, the office of child care policy encouraged the coalition of locally based child care resource and referral agencies into a statewide network. The statewide network, in existence since 1989, supports the development and operation of community-based resource and referral programs, improves the quality and quantity of child care available in Washington by fostering statewide strategies, and generates then nurtures effective public-private partnerships. The statewide network provides important training, standards of service, and general technical assistance to its locally based child care resource and referral programs. The locally based programs enrich the availability, affordability, and quality of child care in their communities." [1993 c 453 § 1.]

43.216.720 Child care expansion grant fund. (Effective July 1, 2018.) (1) The legislature recognizes that a severe shortage of child care exists to the detriment of all

[2017 RCW Supp—page 548]

families and employers throughout the state. Many workers are unable to enter or remain in the workforce due to a shortage of child care resources. The high costs of starting a child care business create a barrier to the creation of new slots, especially for children with special needs.

(2) A child care expansion grant fund is created in the custody of the secretary of the department of social and health services. Grants shall be awarded on a one-time only basis to persons, organizations, or schools needing assistance to start a child care center or mini-center as defined by the department by rule, or to existing licensed child care providers, including family home providers, for the purpose of making capital improvements in order to accommodate handicapped children as defined under chapter 72.40 RCW, sick children, or infant care, or children needing nighttime care. No grant may exceed ten thousand dollars. Start-up costs shall not include operational costs after the first three months of business.

(3) Child care expansion grants shall be awarded on the basis of need for the proposed services in the community, within appropriated funds.

(4) The department shall adopt rules under chapter 34.05 RCW setting forth criteria, application procedures, and methods to assure compliance with the purposes described in this section. [1988 c 213 § 3. Formerly RCW 43.215.555, 74.13.095.]

43.216.725 Subsidized child care report and assessment. (Effective July 1, 2018.) The department and the department of social and health services, in consultation with interested individuals and organizations, shall jointly:

(1) Identify different options to track subsidized child care attendance, including methods using a land line or cellular telephone, a computer, a point of sale system, or some combination of these methods and report their recommended method to the legislature no later than December 31, 2011. Each department's recommendations must include implementation issues to be addressed and a proposed implementation timeline, and should assume a January 2013 implementation date for the attendance tracking system. The legislature shall review the recommendations and authorize implementation. The method that is chosen must interface smoothly with the current and future payment systems for subsidized child care payments.

(2) Conduct an assessment of the current subsidized child care eligibility determination system and develop recommendations to improve the accuracy, efficiency, and responsiveness of the system, including consideration of the most appropriate entity or entities to make eligibility determinations. The results of the assessment shall be reported to the legislature no later than December 31, 2011. [2011 1st sp.s. c 42 § 12. Formerly RCW 43.215.560.]

Findings—Intent—Effective date—2011 1st sp.s. c 42: See notes following RCW 74.08A.260.

Finding—2011 1st sp.s. c 42: See note following RCW 74.04.004.

43.216.730 Child care subsidy fraud—Referral—Collection of overpayments. (Effective July 1, 2018.) (1) The department must refer all suspected incidents of child care subsidy fraud to the department of social and health ser-

vices office of fraud and accountability for appropriate investigation and action.

(2) For the purposes of this section, "fraud" has the definition in RCW 74.04.004.

(3) This section does not limit or preclude the department or the department of social and health services from establishing and collecting overpayments consistent with federal regulation or seek other remedies that may be legally available, including but not limited to criminal investigation or prosecution. [2013 2nd sp.s. c 29 § 2. Formerly RCW 43.215.562.]

Finding—Intent—2013 2nd sp.s. c 29: "The legislature finds that child care providers positively contribute to local communities by offering important services that support the well-being of children and their families. The legislature further recognizes that most child care providers make every effort to ensure that subsidy payments received are correct and align with agency rules. When a child care provider is found to have fraudulently accepted subsidy payments, however, it is the legislature's intent to prohibit such a provider from receiving future child care subsidy payments." [2013 2nd sp.s. c 29 § 1.]

43.216.735 Placement of children ages sixty months through six years. (Effective July 1, 2018.) For children ages sixty months through six years, the child's school enrollment status may not be used as a reason to require the child be placed within a specific mixed-age group. Nothing in this section changes or requires the department to change the staff-to-child ratio requirements for mixed-age groups that include children who are ages thirty months through six years. [2016 c 169 § 2. Formerly RCW 43.215.564.]

Finding—Intent—2016 c 169: "(1) The legislature recognizes that the high cost of quality child care places a heavy burden on Washington's poorest families. The legislature further acknowledges the administrative burden unnecessary regulations place on child care providers and the families they serve. The legislature finds that under current rule, child care providers may not serve five year olds attending school in the same group as five year olds not attending school.

(2) The legislature intends to allow child care centers to serve kindergartners in a mixed group or classroom without having to go through a waiver process. The legislature further intends to streamline the delivery of services to children while continuing to protect their safety and well-being." [2016 c 169 § 1.]

43.216.740 Outdoor, nature-based early learning and child care programs—Pilot project—Reports. (Effective July 1, 2018, until August 1, 2021.) (1) The department shall establish a pilot project to license outdoor, nature-based early learning and child care programs. The pilot project shall commence beginning August 31, 2017, and conclude June 30, 2021.

(2) The department shall adopt rules to implement the pilot project and may waive or adapt licensing requirements when necessary to allow for the operation of outdoor classrooms.

(3) As part of the pilot project, the department shall explore options for developing a quality rating and improvement system for outdoor preschools. Options may include, but are not limited to, adapting the early achievers program to assess quality in outdoor learning environments, as well as excluding or replacing the early achievers indoor environmental rating scale. The department may receive and expend funds from philanthropic organizations in order to implement this subsection and subsection (6) of this section. The department shall include a discussion of options and recommenda-

tions in the final report required under subsection (8) of this section.

(4) The department shall select up to ten pilot locations during the first year of the pilot project. Beginning August 31, 2018, additional outdoor, nature-based early learning and child care programs may apply to participate in the pilot project. When selecting and approving pilot project locations, the department shall aim to select a mix of rural, urban, and suburban locations, and may give priority to:

(a) Areas where there are few or limited licensed early learning programs;

(b) Areas of need where licensed early learning programs are at or near full capacity, and where access may be restricted by one or more enrollment wait-lists; and

(c) Areas where an outdoor early learning program would provide more family choice.

(5) A child care or early learning program operated by a federally recognized tribe may participate in the pilot project through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty.

(6) Subject to the availability of funds, the department may convene an advisory group of outdoor, nature-based early learning practitioners to inform and support implementation of the pilot project.

(7) For purposes of this section, "outdoor, nature-based early learning and child care program" means an agency-offered program operated primarily outdoors in which children are enrolled on a regular basis for three or more hours per day.

(8) The department shall provide the following reports to the legislature and the governor:

(a) By January 15, 2018, and annually thereafter through January 15, 2020, a brief status report describing implementation of the pilot project, including a description of participating providers and the number of children and families being served;

(b) By November 30, 2020, a full report on findings from the pilot project, including recommendations for modifying or expanding the availability of outdoor, nature-based early learning and child care programs. The final report also must include a discussion of potential options to mitigate the uncertainty for families and participating providers during the final six months of the pilot project when legislation may be pending.

(9) The provisions of this section are subject to appropriation.

(10) This section expires August 1, 2021. [2017 c 162 § 2. Formerly RCW 43.215.566.]

Findings—Intent—2017 c 162: "The legislature finds that, over the past decade, more than forty outdoor, nature-based early learning and child care programs have opened in Washington, several of which are in high demand based on existing wait-lists. The legislature finds, however, that these programs currently are unlicensed and thus unable to offer full-day programs, which many working families are seeking. Unlicensed outdoor programs also are unable to serve families who are eligible for assistance through the working connections child care program. The legislature further finds that the outdoor preschool model could help expand the number of high quality early learning opportunities available to families throughout Washington, particularly in areas where preschool-appropriate indoor space is unavailable or unaffordable. Additionally, when early learning programs spend less on their physical facilities, they are able to spend more on recruit-

ing and retaining teachers and other early learning professionals. The legislature also finds that research on outdoor preschools operating in Scandinavian countries for decades has demonstrated a positive impact on children's development, including improved cognitive and social skills when children transition to grade school. The legislature, therefore, intends to establish a pilot project to license outdoor preschools in order to expand access to affordable, high quality early learning programs, and to further investigate the benefits of outdoor, nature-based classrooms for Washington's children and families." [2017 c 162 § 1.]

43.216.745 Child care consultation program—Creation, operation, and duties. (Effective July 1, 2018.) (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall establish a child care consultation program linking child care providers with evidence-based, trauma-informed, and best practice resources regarding caring for infants and young children who present behavioral concerns or symptoms of trauma. The department may contract with an entity with expertise in child development and early learning programs in order to operate the child care consultation program.

(2) In establishing and operating the program, the department or contracted entity shall: (a) Assist child care providers in recognizing the signs and symptoms of trauma in children; (b) provide support and guidance to child care staff; (c) consult and coordinate with parents, other caregivers, and experts or practitioners involved with the care and well-being of the young children; and (d) provide referrals for children who need additional services. At the same time, the legislature recognizes that the current law and corresponding enforcement regime may not be robust enough to ensure full compliance with legal registration requirements and a level playing field for all users. 46.20.192 Compliance with federal REAL ID Act of 2005 requirements—Driver's license and identicard markings—Rules. (1) Beginning July 1, 2018, except for enhanced drivers' licenses and identicards issued under RCW 46.20.202, the department must mark a driver's license or identicard issued under this chapter in accordance with the requirements of 6 C.F.R. Sec. 37.71 as it existed on July 23, 2017, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(2) The department must adopt rules necessary to implement this section. [2017 c 310 § 1.]

46.20.1921 Compliance with federal REAL ID Act of 2005 requirements—Design feature restrictions. (1) A driver's license or identicard issued with the design features required in RCW 46.20.192 may not be used as evidence of or as a basis to infer an individual's citizenship or immigration status for any purpose.

(2) The presence of the design features required in RCW 46.20.192 on a person's driver's license or identicard may not be used as a basis for the criminal investigation, arrest, or detention of that person in circumstances where a person with a driver's license or identicard without these design features would not be criminally investigated, arrested, or detained. [2017 c 310 § 2.]

46.20.202 Enhanced drivers' licenses and identicards for Canadian border crossing—Border-crossing initiative—Fee amount, distribution. (1) The department may enter into a memorandum of understanding with any federal agency for the purposes of facilitating the crossing of the border between the state of Washington and the Canadian province of British Columbia.

(2) The department may enter into an agreement with the Canadian province of British Columbia for the purposes of implementing a border-crossing initiative.

(3)(a) The department may issue an enhanced driver's license or identicard for the purposes of crossing the border between the state of Washington and the Canadian province of British Columbia to an applicant who provides the department with proof of: United States citizenship, identity, and state residency. The department shall continue to offer a standard driver's license and identicard. If the department chooses to issue an enhanced driver's license, the department must allow each applicant to choose between a standard

driver's license or identicard, or an enhanced driver's license or identicard.

(b) The department shall implement a one-to-many biometric matching system for the enhanced driver's license or identicard. An applicant for an enhanced driver's license or identicard shall submit a biometric identifier as designated by the department. The biometric identifier must be used solely for the purpose of verifying the identity of the holders and for any purpose set out in RCW 46.20.037. Applicants are required to sign a declaration acknowledging their understanding of the one-to-many biometric match.

(c) The enhanced driver's license or identicard must include reasonable security measures to protect the privacy of Washington state residents, including reasonable safeguards to protect against unauthorized disclosure of data about Washington state residents. If the enhanced driver's license or identicard includes a radio frequency identification chip, or similar technology, the department shall ensure that the technology is encrypted or otherwise secure from unauthorized data access.

(d) The requirements of this subsection are in addition to the requirements otherwise imposed on applicants for a driver's license or identicard. The department shall adopt such rules as necessary to meet the requirements of this subsection. From time to time the department shall review technological innovations related to the security of identity cards and amend the rules related to enhanced driver's licenses and identicards as the director deems consistent with this section and appropriate to protect the privacy of Washington state residents.

(e) Notwithstanding RCW 46.20.118, the department may make images associated with enhanced drivers' licenses or identicards from the negative file available to United States customs and border agents for the purposes of verifying identity.

(4) Beginning on July 23, 2017, the fee for an enhanced driver's license or enhanced identicard is twenty-four dollars, which is in addition to the fees for any regular driver's license or identicard. If the enhanced driver's license or enhanced identicard is issued, renewed, or extended for a period other than six years, the fee for each class is four dollars for each year that the enhanced driver's license or enhanced identicard is issued, renewed, or extended.

(5) The enhanced driver's license and enhanced identicard fee under this section must be deposited into the highway safety fund unless prior to July 1, 2023, the actions described in (a) or (b) of this subsection occur, in which case the portion of the revenue that is the result of the fee increased in section 209, chapter 44, Laws of 2015 3rd sp. sess. must be distributed to the connecting Washington account created under RCW 46.68.395.

(a) Any state agency files a notice of rule making under chapter 34.05 RCW for a rule regarding a fuel standard based upon or defined by the carbon intensity of fuel, including a low carbon fuel standard or clean fuel standard.

(b) Any state agency otherwise enacts, adopts, orders, or in any way implements a fuel standard based upon or defined by the carbon intensity of fuel, including a low carbon fuel standard or clean fuel standard.

(c) Nothing in this subsection acknowledges, establishes, or creates legal authority for the department of ecology or any

other state agency to enact, adopt, order, or in any way implement a fuel standard based upon or defined by the carbon intensity of fuel, including a low carbon fuel standard or clean fuel standard. [2017 c 310 § 3; 2016 c 32 § 2; 2015 3rd sp.s. c 44 § 209; 2007 c 7 § 1.]

Intent—2016 c 32: "During the third special legislative session of 2015, the legislature passed Second Engrossed Substitute Senate Bill No. 5987 (chapter 44, Laws of 2015 3rd sp. sess.), a significant transportation revenue bill intended to provide needed transportation funding throughout the state. However, since the enactment of that legislation, certain drafting errors were discovered within the bill resulting in some provisions being enacted contrary to legislative intent. Therefore, it is the intent of the legislature to simply correct manifest drafting errors in order to conform certain provisions with the original legislative intent of Second Engrossed Substitute Senate Bill No. 5987. It is not the intent of the legislature to alter the intended substantive policy enacted in Second Engrossed Substitute Senate Bill No. 5987, but rather to make technical changes that correct certain drafting errors." [2016 c 32 § 1.]

Retroactive application—2016 c 32: "This act is remedial in nature and applies retroactively to July 15, 2015." [2016 c 32 § 4.]

(1)(a) Any person licensed under this chapter or who has a valid driver's license from another state, who is convicted of: (i) A violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or (ii) a violation of RCW 46.61.520(1)(a) or an equivalent local or out-of-state statute or ordinance, or (iii) a conviction for a violation of RCW 46.61.520(1) (b) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520(1)(a), or (iv) RCW 46.61.522(1)(b) or an equivalent local or out-of-state statute or ordinance, or (v) RCW 46.61.522(1) (a) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.522(1)(b) committed while under the influence of intoxicating liquor or any drug, or (vi) who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or who is otherwise permitted under sub-

section (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial, unless otherwise permitted under RCW 46.20.720(6).

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he

or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional fee to the department, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee.

(b) The department shall deposit the proceeds of the twenty dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The department may require the person to take any driver's licensing examination under this chapter and may require the person to also apply and qualify for a temporary restricted driver's license under RCW 46.20.391. 46.20.720 Ignition interlock device restriction—For whom—Duration—Removal requirements—Credit—Employer exemption—Fee. (1) **Ignition interlock restriction.** The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device:

(a) **Pretrial release.** Upon receipt of notice from a court that an ignition interlock device restriction has been imposed under RCW 10.21.055;

(b) **Ignition interlock driver's license.** As required for issuance of an ignition interlock driver's license under RCW 46.20.385;

(c) **Deferred prosecution.** Upon receipt of notice from a court that the person is participating in a deferred prosecution program under RCW 10.05.020 for a violation of:

(i) RCW 46.61.502 or 46.61.504 or an equivalent local ordinance; or

(ii) RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person would be required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person in the event of a conviction;

(d) **Post conviction.** After any applicable period of suspension, revocation, or denial of driving privileges:

(i) Due to a conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(ii) Due to a conviction of a violation of RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person; or

(e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific calibration setting at which the ignition interlock will prevent the vehicle from being started. The court shall also establish the period of time for which ignition interlock use will be required.

(2) **Calibration.** Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

(c) Subsection (1)(c)(i) or (d)(i) of this section shall be for no less than:

(i) For a person who has not previously been restricted under this subsection, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ten years.

The restriction of a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and who committed the offense while a passenger

under the age of sixteen was in the vehicle shall be extended for an additional six-month period as required by RCW 46.61.5055(6)(a).

(d) Subsection (1)(c)(ii) or (d)(ii) of this section shall be for a period of no less than six months.

(e) Subsection (1)(e) of this section shall remain in effect for the period of time specified by the court.

The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must be tolled for any period in which the person does not have an ignition interlock device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) **Requirements for removal.** A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the one hundred eighty consecutive days prior to the date of release:

(a) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(b) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(c) Failure to pass any random retest with a breath alcohol concentration of 0.025 or lower unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.025, and the digital image confirms the same person provided both samples; or

(d) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) **Day-for-day credit.** (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates, other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of

this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4) of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) **Employer exemption.** (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(7) **Ignition interlock device revolving account.** In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twenty dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee. The department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) **Foreign jurisdiction.** For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be impractical in the case of a person residing in another jurisdiction. Finding—Intent—1998 c 210: "The legislature finds that driving is a privilege and that the state may restrict that privilege in the interests of public safety. One such reasonable restriction is requiring certain individuals, if they choose to drive, to drive only vehicles equipped with ignition interlock devices. The legislature further finds that the costs of these devices are minimal and are affordable. It is the intent of the legislature that these devices be paid for by the drivers using them and that neither the state nor entities of local government provide any public funding for this purpose." 46.20.745 Ignition interlock device revolving account program—Pilot program. (1) The ignition interlock device revolving account program is created within the department to assist in covering the monetary costs of installing, removing, and leasing an ignition interlock device, and applicable licensing, for indigent persons who are required under RCW 46.20.385, 46.20.720, and 46.61.5055 to install an ignition interlock device in all vehicles owned or operated by the person. For purposes of this subsection, "indigent" has the same meaning as in RCW 10.101.010, as determined by the department. During the 2017-2019 fiscal biennium, the ignition interlock device revolving account program also includes ignition interlock enforcement work conducted by the Washington state patrol.

(2) A pilot program is created within the ignition interlock device revolving account program for the purpose of monitoring compliance by persons required to use ignition interlock devices and by ignition interlock companies and vendors.

(3) The department, the state patrol, and the Washington traffic safety commission shall coordinate to establish a compliance pilot program that will target at least one county from eastern Washington and one county from western Washington, as determined by the department, state patrol, and Washington traffic safety commission.

(4) At a minimum, the compliance pilot program shall:

(a) Review the number of ignition interlock devices that are required to be installed in the targeted county and the number of ignition interlock devices actually installed;

(b) Work to identify those persons who are not complying with ignition interlock requirements or are repeatedly violating ignition interlock requirements; and

(c) Identify ways to track compliance and reduce non-compliance.

(5) As part of monitoring compliance, the Washington traffic safety commission shall also track recidivism for violations of RCW 46.61.502 and 46.61.504 by persons required to have an ignition interlock driver's license under RCW 46.20.385 and 46.20.720. Findings—2003 c 195: "The legislature finds that current economic conditions impose severe hardships on many commercial vehicle drivers. The legislature finds that commercial drivers who may not currently be working may not be able to afford the expense of a required physical in order to maintain their commercial driver's license. The legislature finds that Washington's commercial driver's license statutes should be harmonized with federal requirements, which require proof of a physical capacity to drive a commercial vehicle, along with a valid commercial driver's license, but do not link the two requirements. The legislature finds that allowing commercial drivers to delay getting a physical until they are actually driving a commercial vehicle will prevent the imposition of unnecessary expense and hardship on Washington's commercial vehicle drivers." 46.44.030 Maximum lengths. It is unlawful for any person to operate upon the public highways of this state any vehicle having an overall length, with or without load, in excess of forty feet. This restriction does not apply to (1) a municipal transit vehicle, (2) auto stage, private carrier bus, school bus, or motor home with an overall length not to exceed forty-six feet, (3) an articulated auto stage with an overall length not to exceed sixty-one feet, excluding a bike rack up to four feet in length, or (4) an auto recycling carrier up to forty-two feet in length manufactured prior to 2005.

It is unlawful for any person to operate upon the public highways of this state any combination consisting of a tractor and semitrailer that has a semitrailer length in excess of fifty-three feet or a combination consisting of a tractor and two trailers in which the combined length of the trailers exceeds sixty-one feet, with or without load.

It is unlawful for any person to operate on the highways of this state any combination consisting of a truck and trailer, or log truck and stinger-steered pole trailer, with an overall length, with or without load, in excess of seventy-five feet. "Stinger-steered," as used in this section, means the coupling device is located behind the tread of the tires of the last axle of the towing vehicle.

These length limitations do not apply to vehicles transporting poles, pipe, machinery, or other objects of a structural nature that cannot be dismembered and operated by a public utility when required for emergency repair of public service facilities or properties, but in respect to night transportation every such vehicle and load thereon shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of the load.

Excluded from the calculation of length are certain devices that provide added safety, energy conservation, or are otherwise necessary, and are not designed or used to carry cargo. The length-exclusive devices must be identified in rules adopted by the department of transportation under RCW 46.44.101. Sections

46.52.120	Case record of convictions and infractions.
46.52.130	Abstract of driving record—Access—Fee—Violations.

46.52.120 Case record of convictions and infractions. (1) The director shall keep a case record on every motor vehicle driver licensed under the laws of this state, together with information on each driver, showing all the convictions and findings of traffic infractions certified by the courts, together with an index cross-reference record of each accident reported relating to such individual with a brief statement of the cause of the accident and whether or not the accident resulted in any fatality.

(2) The records shall be for the confidential use of the director, the chief of the Washington state patrol, the director of the Washington traffic safety commission, and for such police officers or other cognizant public officials as may be designated by law. Such case records shall not be admitted into evidence in any court, except where relevant to the prosecution or defense of a criminal charge, or in case appeal is taken from the order of the director, suspending, revoking, canceling, or refusing a vehicle driver's license.

(3) The director shall tabulate and analyze vehicle driver's case records and suspend, revoke, cancel, or refuse a vehicle driver's license to a person when it is deemed from facts contained in the case record of such person that it is for the best interest of public safety that such person be denied the privilege of operating a motor vehicle. The director shall also suspend a person's driver's license if the person fails to attend or complete a driver improvement interview or fails to abide by conditions of probation under RCW 46.20.335. Whenever the director orders the vehicle driver's license of any such person suspended, revoked, or canceled, or refuses the issuance of a vehicle driver's license, such suspension, revocation, cancellation, or refusal is final and effective unless appeal from the decision of the director is taken as provided by law. 46.52.130 Abstract of driving record—Access—Fee—Violations. Upon a proper request, the department may furnish an abstract of a person's driving record as permitted under this section.

(1) **Contents of abstract of driving record.** An abstract of a person's driving record, whenever possible, must include:

- (a) An enumeration of motor vehicle accidents in which the person was driving, including:
 - (i) The total number of vehicles involved;
 - (ii) Whether the vehicles were legally parked or moving;
 - (iii) Whether the vehicles were occupied at the time of the accident; and
 - (iv) Whether the accident resulted in a fatality;
- (b) Any reported convictions, forfeitures of bail, or findings that an infraction was committed based upon a violation of any motor vehicle law;
- (c) The status of the person's driving privilege in this state; and
- (d) Any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer.

(2) **Release of abstract of driving record.** An abstract of a person's driving record may be furnished to the following persons or entities:

- (a) **Named individuals.** (i) An abstract of the full driving record maintained by the department may be furnished to the individual named in the abstract.
- (ii) Nothing in this section prevents a court from providing a copy of the driver's abstract to the individual named in

the abstract or that named individual's attorney, provided that the named individual has a pending or open infraction or criminal case in that court. A pending case includes criminal cases that have not reached a disposition by plea, stipulation, trial, or amended charge. An open infraction or criminal case includes cases on probation, payment agreement or subject to, or in collections. Courts may charge a reasonable fee for the production and copying of the abstract for the individual.

(b) **Employers or prospective employers.** (i)(A) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or an agent acting on behalf of an employer or prospective employer of the named individual for purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer.

(B) Release of an abstract of the driving record of an employee or prospective employee requires a statement signed by: (I) The employee or prospective employee that authorizes the release of the record; and (II) the employer attesting that the information is necessary for employment purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer. If the employer or prospective employer authorizes an agent to obtain this information on their behalf, this must be noted in the statement. The statement must also note that any information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee may not be used by the employer or prospective employer, or an agent authorized to obtain this information on their behalf, unless required by federal regulation or law. The employer or prospective employer must afford the employee or prospective employee an opportunity to demonstrate that an adjudication contained in the abstract is subject to a court order sealing the juvenile record.

(C) Upon request of the person named in the abstract provided under this subsection, and upon that same person furnishing copies of court records ruling that the person was not at fault in a motor vehicle accident, the department must indicate on any abstract provided under this subsection that the person was not at fault in the motor vehicle accident.

(D) No employer or prospective employer, nor any agent of an employer or prospective employer, may use information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee for any purpose unless required by federal regulation or law. The employee or prospective employee must furnish a copy of the court order sealing the juvenile record to the employer or prospective employer, or the agent of the employer or prospective employer, as may be required to ensure the application of this subsection.

(ii) In addition to the methods described in (b)(i) of this subsection, the director may enter into a contractual agreement with an employer or its agent for the purpose of reviewing the driving records of existing employees for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that will not result in a net revenue loss to the state. Any information provided under this subsection must

be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(c) **Volunteer organizations.** (i) An abstract of the full driving record maintained by the department may be furnished to a volunteer organization or an agent for a volunteer organization for which the named individual has submitted an application for a position that would require driving by the individual at the direction of the volunteer organization.

(ii) Release of an abstract of the driving record of a prospective volunteer requires a statement signed by: (A) The prospective volunteer that authorizes the release of the record; and (B) the volunteer organization attesting that the information is necessary for purposes related to driving by the individual at the direction of the volunteer organization. If the volunteer organization authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

(d) **Transit authorities.** An abstract of the full driving record maintained by the department may be furnished to an employee or agent of a transit authority checking prospective volunteer vanpool drivers for insurance and risk management needs.

(e) **Insurance carriers.** (i) An abstract of the driving record maintained by the department covering the period of not more than the last three years may be furnished to an insurance company or its agent:

(A) That has motor vehicle or life insurance in effect covering the named individual;

(B) To which the named individual has applied; or

(C) That has insurance in effect covering the employer or a prospective employer of the named individual.

(ii) The abstract provided to the insurance company must:

(A) Not contain any information related to actions committed by law enforcement officers or firefighters, as both terms are defined in RCW 41.26.030, or by Washington state patrol officers, while driving official vehicles in the performance of their occupational duty, or by registered tow truck operators as defined in RCW 46.55.010 in the performance of their occupational duties while at the scene of a roadside impound or recovery so long as they are not issued a citation. This does not apply to any situation where the vehicle was used in the commission of a misdemeanor or felony;

(B) Include convictions under RCW 46.61.5249 and 46.61.525, except that the abstract must report the convictions only as negligent driving without reference to whether they are for first or second degree negligent driving; and

(C) Exclude any deferred prosecution under RCW 10.05.060, except that if a person is removed from a deferred prosecution under RCW 10.05.090, the abstract must show the deferred prosecution as well as the removal.

(iii) Any policy of insurance may not be canceled, non-renewed, denied, or have the rate increased on the basis of information regarding an accident included in the abstract of a driving record, unless the policyholder was determined to be at fault.

(iv) Any insurance company or its agent, for underwriting purposes relating to the operation of commercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment. Any insurance com-

pany or its agent, for underwriting purposes relating to the operation of noncommercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of commercial motor vehicles.

(v) The director may enter into a contractual agreement with an insurance company or its agent for the limited purpose of reviewing the driving records of existing policyholders for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that will not result in a net revenue loss to the state. Any information provided under this subsection must be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(f) **Alcohol/drug assessment or treatment agencies.** An abstract of the driving record maintained by the department covering the period of not more than the last five years may be furnished to an alcohol/drug assessment or treatment agency approved by the department of social and health services to which the named individual has applied or been assigned for evaluation or treatment, for purposes of assisting employees in making a determination as to what level of treatment, if any, is appropriate, except that the abstract must:

(i) Also include records of alcohol-related offenses, as defined in RCW 46.01.260(2), covering a period of not more than the last ten years; and

(ii) Indicate whether an alcohol-related offense was originally charged as a violation of either RCW 46.61.502 or 46.61.504.

(g) **Attorneys—City attorneys, county prosecuting attorneys, and named individual's attorney of record.** An abstract of the full driving record maintained by the department, including whether a recorded violation is an alcohol-related offense, as defined in RCW 46.01.260(2), that was originally charged as a violation of either RCW 46.61.502 or 46.61.504, may be furnished to city attorneys, county prosecuting attorneys, or the named individual's attorney of record. City attorneys, county prosecuting attorneys, or the named individual's attorney of record may provide the driving record to alcohol/drug assessment or treatment agencies approved by the department of social and health services to which the named individual has applied or been assigned for evaluation or treatment.

(h) **State colleges, universities, or agencies, or units of local government.** An abstract of the full driving record maintained by the department may be furnished to (i) state colleges, universities, or agencies for employment and risk management purposes or (ii) units of local government authorized to self-insure under RCW 48.62.031 for employment and risk management purposes.

(i) **Superintendent of public instruction.** An abstract of the full driving record maintained by the department may be furnished to the superintendent of public instruction for review of public school bus driver records. The superintendent or superintendent's designee may discuss information on the driving record with an authorized representative of the employing school district for employment and risk management purposes.

(3) **Release to third parties prohibited.** Any person or entity receiving an abstract of a person's driving record under subsection (2)(b) through (i) of this section shall use the

abstract exclusively for his, her, or its own purposes or as otherwise expressly permitted under this section, and shall not divulge any information contained in the abstract to a third party.

(4) **Fee.** The director shall collect a thirteen dollar fee for each abstract of a person's driving record furnished by the department. Fifty percent of the fee must be deposited in the highway safety fund, and fifty percent of the fee must be deposited according to RCW 46.68.038.

(5) **Violation.** (a) Any negligent violation of this section is a gross misdemeanor.

(b) Any intentional violation of this section is a class C felony.

(6) Effective July 1, 2019, the contents of a driving abstract pursuant to this section shall not include any information related to sealed juvenile records unless that information is required by federal law or regulation. TOWING AND IMPOUNDMENT

Sections

46.55.063	Fees, schedules, contracts, invoices.
46.55.110	Notice to legal and registered owners.
46.55.120	Redemption of vehicles—Sale of unredeemed property—Improper impoundment.
46.55.125	Redemption of motorcycle or moped as bailment while owner hospitalized due to accident—Requirements—Declaration form.

46.55.150	Vehicle transaction file.
46.55.160	Availability of records, equipment, and facilities for audit and inspection.

46.55.063 Fees, schedules, contracts, invoices. (1) An operator shall file a fee schedule with the department. All filed fees must be adequate to cover the costs of service provided. No fees may exceed those filed with the department. At least ten days before the effective date of any change in an operator's fee schedule, the registered tow truck operator shall file the revised fee schedule with the department.

(2) Towing contracts with private property owners shall be in written form and state the hours of authorization to impound, the persons empowered to authorize the impounds, and the present charge of a private impound for the classes of tow trucks to be used in the impound, and must be retained in the files of the registered tow truck operator for three years.

(3) A fee that is charged for tow truck service must be calculated on an hourly basis, and after the first hour must be charged to the nearest quarter hour.

(4) Fees that are charged for the storage of a vehicle, or for other items of personal property registered or titled with the department, must be calculated on a twenty-four hour basis and must be charged to the nearest half day from the time when the operator has unloaded the vehicle and completed the necessary paperwork at the secure storage area. The total amount of time to unload the towed vehicle, complete required paperwork, and reasonably prepare the tow truck to return to service may be charged as part of the tow truck service in fifteen-minute increments not to exceed a total of sixty minutes after the return of the tow truck to the secure storage area. If a portion of any fifteen-minute increment exceeds a total of eight minutes, the total minutes must be rounded up to the next highest fifteen-minute period of total time except in the last fifteen minutes of the total sixty minutes. However, items of personal property registered or titled with the department that are wholly contained within an impounded vehicle are not subject to additional storage fees; they are, however, subject to satisfying the underlying lien for towing and storage of the vehicle in which they are contained.

(5) All billing invoices that are provided to the redeemer of the vehicle, or other items of personal property registered or titled with the department, must be itemized so that the individual fees are clearly discernible. [2017 c 94 § 1; 1995 c 360 § 3; 1989 c 111 § 7.]

46.55.110 Notice to legal and registered owners. (1) When an unauthorized vehicle is impounded, the impounding towing operator shall notify the legal and registered owners of the impoundment of the unauthorized vehicle and the owners of any other items of personal property registered or titled with the department. The notification shall be sent by first-class mail within twenty-four hours after the impoundment to the last known registered and legal owners of the vehicle, and the owners of any other items of personal property registered or titled with the department, as provided by the law enforcement agency, and shall inform the owners of the identity of the person or agency authorizing the impound. The notification shall include the name of the impounding tow firm, its address, and telephone number. The notice shall also include the location, time of the impound, and by whose authority the vehicle was impounded. The notice shall also include the written notice of the right of redemption and opportunity for

a hearing to contest the validity of the impoundment pursuant to RCW 46.55.120.

(2) In addition, if a suspended license impound has been ordered, the notice must state the length of the impound, the requirement of the posting of a security deposit to ensure payment of the costs of removal, towing, and storage, notification that if the security deposit is not posted the vehicle will immediately be processed and sold at auction as an abandoned vehicle, and the requirements set out in RCW 46.55.120(1)(c) regarding the payment of the costs of removal, towing, and storage as well as providing proof of satisfaction of any penalties, fines, or forfeitures before redemption. The notice must also state that the registered owner is ineligible to purchase the vehicle at the abandoned vehicle auction, if held.

(3) In the case of an abandoned vehicle, or other item of personal property registered or titled with the department, within twenty-four hours after receiving information on the legal and registered owners from the department through the abandoned vehicle report, the tow truck operator shall send by first-class mail a notice of custody and sale to the legal and registered owners and of the penalties for the traffic infraction littering—abandoned vehicle. The tow truck operator shall obtain a certificate of mailing from the United States postal service when notice is mailed.

(4) If the date on which a notice required by subsection (3) of this section is to be mailed falls upon a Saturday, Sunday, or a postal holiday, the notice may be mailed on the next day that is neither a Saturday, Sunday, nor a postal holiday.

(5) No notices need be sent to the legal or registered owners of an impounded vehicle or other item of personal property registered or titled with the department, if the vehicle or personal property has been redeemed. [2017 c 43 § 1; 2002 c 279 § 11; 1999 c 398 § 6; 1998 c 203 § 3; 1995 c 360 § 6; 1989 c 111 § 10; 1987 c 311 § 9; 1985 c 377 § 11.]

Finding—1998 c 203: See note following RCW 46.55.105.

46.55.120 Redemption of vehicles—Sale of unredeemed property—Improper impoundment. (1)(a) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, 46.55.113, or 9A.88.140 may be redeemed only by the following persons or entities:

(i) The legal owner;
 (ii) The registered owner;
 (iii) A person authorized in writing by the registered owner;

(iv) The vehicle's insurer or a vendor working on behalf of the vehicle's insurer;

(v) A third-party insurer that has a duty to repair or replace the vehicle, has obtained consent from the registered owner or the owner's agent to move the vehicle, and has documented that consent in the insurer's claim file, or a vendor working on behalf of a third-party insurer that has received such consent; provided, however, that at all times the registered owner must be granted access to and may reclaim possession of the vehicle. For the purposes of this subsection, "owner's agent" means the legal owner of the vehicle, a driver in possession of the vehicle with the registered owner's permission, or an adult member of the registered owner's family;

(vi) A person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department;

(vii) A person who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor; or

(viii) If (a)(i) through (vii) of this subsection do not apply, a person, who is known to the registered or legal owner of a motorcycle or moped, as each are defined in chapter 46.04 RCW, that was towed from the scene of an accident, may redeem the motorcycle or moped as a bailment in accordance with RCW 46.55.125 while the registered or legal owner is admitted as a patient in a hospital due to the accident.

(b) In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under (a) of this subsection satisfies the requirements of (f) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded or from the court having jurisdiction. An agency shall issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of the following:

(i) Economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record; or

(ii) The owner of the vehicle was not the driver, the owner did not know that the driver's license was suspended or revoked, and the owner has not received a prior release under this subsection or RCW 46.55.113(3).

In order to avoid discriminatory application, other than for the reasons for release set forth in (b)(i) and (ii) of this subsection, an agency shall, under a provision of an applicable state agency rule or local ordinance, deny release in all other circumstances without discretion.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under (a) of this subsection satisfies the requirements of (f) of this subsection, including pay-

ing all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(c) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(d) Notwithstanding (c) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

(e) Notwithstanding (c) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9A RCW, including providing redemption rights to the debtor under RCW 62A.9A-623. If the debtor is the registered owner of the vehicle, the debtor's right to redeem the vehicle under chapter 62A.9A RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(f) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs

of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under (c) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or 46.20.345 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards issued by financial institutions, or personal checks drawn on Washington state branches of financial institutions if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm cannot determine through the customer's bank or a check verification service that the presented check would be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in (a) of this subsection and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is

waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.345 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mail-

ing the notice. Notice of the entry of the judgment shall read essentially as follows:

TO:
 YOU ARE HEREBY NOTIFIED JUDGMENT was entered against you in the Court located at in the sum of \$., in an action entitled, Case No. YOU ARE FURTHER NOTIFIED that attorneys fees and costs will be awarded against you under RCW . . . if the judgment is not paid within 15 days of the date of this notice. (4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees. 46.55.125 Redemption of motorcycle or moped as bailment while owner hospitalized due to accident—Requirements—Declaration form. (1) Any person, who is known to the registered or legal owner of a motorcycle or moped that was towed from the scene of an accident, may redeem the motorcycle or moped as a bailment on behalf of the registered or legal owner who is admitted as a patient in a hospital due to the accident subject to the following requirements:

(a) The eligible person must pay the costs of towing, storage, or other services rendered during the course of towing, removal, or storing of the motorcycle or moped.

(b) The eligible person must provide a valid government-issued photo identification, such as a current driver's license or state-issued identification card, military identification, or passport.

(c) The eligible person must sign a declaration on a form furnished by the department that provides:

(i) The person's name, telephone number, and physical address;

(ii) The relationship between the person and the registered or legal owner;

(iii) The name and location of the hospital where the registered or legal owner is admitted;

(iv) The address of the physical location where the motorcycle or moped will be stored for the registered or legal owner at no additional cost to the owner;

(v) A statement that the person agrees to protect the motorcycle or moped and return it to the registered or legal owner in the same form it was received when removed from the registered tow truck operator's premises; and

(vi) A statement that the person knowingly agrees to become the bailee for the motorcycle or moped.

(d) The declaration form under (c) of this subsection must be signed under penalty of perjury.

(2) The registered tow truck operator may refuse an offer to redeem under this section for good cause, which includes, but is not limited to, competing applications for redemption from persons identified under RCW 46.55.120(1)(a) or the person applying to be the bailee has been convicted of a crime of dishonesty or theft. This section does not require a registered tow truck operator to investigate or otherwise determine the criminal history or the honesty of the bailee.

(3) Any registered tow truck operator acting in good faith in compliance with this section that releases a motorcycle or moped to bailment in accordance with the requirements of this section is immune from civil liability arising out of the bailment unless the tow truck operator's act or omission constitutes gross negligence or willful or wanton misconduct.

(4) In addition to any remedies provided by common law for bailments, a person who becomes the bailee of a motorcycle or moped under this section and fails to return the motorcycle or moped to the registered or legal owner may be charged with possession of a stolen vehicle under RCW 9A.56.068.

(5) The department must create a declaration form to be completed by individuals that identifies the required information in subsection (1)(b) and (c) of this section. The department must post the form on its web site, and the form must be able to be downloaded from the department's web site. [2017 c 152 § 4.]

46.55.130 Notice requirements—Public auction—Accumulation of storage charges. (1) If, after the expiration of fifteen days from the date of mailing of notice of custody and sale required in RCW 46.55.110(3) to the registered and legal owners, the vehicle remains unclaimed and has not been listed as a stolen vehicle, a suspended license impound has been directed but no commercially reasonable tender has been paid under RCW 46.55.120, or a person eligible to redeem under RCW 46.55.120(1)(a)(viii) has not come forth providing information that the registered or legal owner of a motorcycle or moped is an admitted patient in a hospital, the registered tow truck operator having custody of the vehicle shall conduct a sale of the vehicle at public auction after having first published a notice of the date, place, and time of the auction, and a method to contact the tow truck operator conducting the auction such as a telephone number, email address, or web site, in a newspaper of general circulation in the county in which the vehicle is located not less than three days and no more than ten days before the date of the auction. For the purposes of this section, a newspaper of general circulation may be a commercial, widely circulated, free, classified advertisement circular not affiliated with the registered tow truck operator and the notice may be listed in a classification delineating "auctions" or similar language designed to

attract potential bidders to the auction. The notice shall contain a notification that a public viewing period will be available before the auction and the length of the viewing period. The auction shall be held during daylight hours of a normal business day. The viewing period must be one hour if twenty-five or fewer vehicles are to be auctioned, two hours if more than twenty-five and fewer than fifty vehicles are to be auctioned, and three hours if fifty or more vehicles are to be auctioned. If the registered tow truck operator is notified that the registered or legal owner of the moped or motorcycle is an admitted patient in the hospital as evidenced by a declaration on a form authorized by the department, the registered tow truck operator may delay the auction of the moped or motorcycle for a reasonable time in a good faith effort to provide additional time for the redemption of the vehicle.

(2) The following procedures are required in any public auction of such abandoned vehicles:

(a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;

(b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck operator, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;

(c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;

(d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each such bidder;

(e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;

(f) The successful bidder shall apply for title within fifteen days;

(g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted;

(h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator's lien shall be remitted within thirty days to the department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the registered vehicle owner of record as determined by the department within one year from the date of the auction, the surplus moneys shall be remitted to such owner;

(i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within forty-five days, sell the vehicle to a licensed vehicle wrecker, hulk hauler, or scrap processor by use of the abandoned vehicle report-affidavit of sale, or the operator shall apply for title to the vehicle.

(3) A tow truck operator may refuse to accept a bid at an abandoned vehicle auction under this section for any reason in the operator's posted operating procedures and for any of the following reasons: (a) The bidder is currently indebted to the operator; (b) the operator has knowledge that the bidder has previously abandoned vehicles purchased at auction; or (c) the bidder has purchased, at auction, more than four vehicles in the last calendar year without obtaining title to any or all of the vehicles. In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.

(4)(a) The accumulation of storage charges applied to the lien at auction under RCW 46.55.140 may not exceed fifteen additional days from the date of receipt of the information by the operator from the department as provided by RCW 46.55.110(3) plus the storage charges accumulated prior to the receipt of the information. However, vehicles redeemed pursuant to RCW 46.55.120 prior to their sale at auction are subject to payment of all accumulated storage charges from the time of impoundment up to the time of redemption.

(b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable. Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available. However, storage charges begin to accrue again on the date the correct and complete information is provided to the department by the registered tow truck operator. 46.55.150 Vehicle transaction file. (1) The registered tow truck operator shall keep a transaction file on each vehicle, which shall be kept for a minimum of three years. The transaction file shall contain as a minimum those of the following items that are required at the time the vehicle is redeemed or becomes abandoned and is sold at a public auction:

(a) A signed impoundment authorization as required by RCW 46.55.080;

(b) A record of the twenty-four hour written impound notice to a law enforcement agency;

(c) A copy of the impoundment notification to registered and legal owners, sent within twenty-four hours of impoundment, that advises the owners of the address of the impounding firm, a twenty-four hour telephone number, and the name of the person or agency under whose authority the vehicle was impounded;

(d) A copy of the abandoned vehicle report that was sent to and returned by the department;

(e) A copy and proof of mailing of the notice of custody and sale sent by the registered tow truck operator to the owners advising them they have fifteen days to redeem the vehicle before it is sold at public auction;

(f) A copy of the published notice of public auction;

(g) A copy of the affidavit of sale showing the sales date, purchaser, amount of the lien, and sale price;

(h) A record of the two highest bid offers on the vehicle, with the names, addresses, and telephone numbers of the two bidders;

(i) A copy of the notice of opportunity for hearing given to those who redeem vehicles;

(j) An itemized invoice of charges against the vehicle; and

(k) Documentation of a bailment in accordance with RCW 46.55.125, if applicable.

(2)(a) The transaction file kept under subsection (1) of this section may be created and stored electronically. If the tow truck operator elects to store records electronically, the method of electronic records storage shall utilize software developed for that business purpose. This method of storage may include the use of cloud storage or another acceptable method that makes storage, retrieval, and access to the records reliable and available during normal business hours for audit or inspection by the department of licensing, the Washington state patrol, or any law enforcement agency with jurisdiction.

(b) Any electronic record created for each tow transaction must be maintained in an electronic folder labeled with the date the towing service was performed. The electronic folders must be maintained in chronological order. [2017 c 152 § 3; 2017 c 50 § 1; 1989 c 111 § 14; 1987 c 311 § 15; 1985 c 377 § 15.]

Reviser's note: This section was amended by 2017 c 50 § 1 and by 2017 c 152 § 3, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

46.55.160 Availability of records, equipment, and facilities for audit and inspection. Records, including any electronic records, equipment, and facilities of a registered tow truck operator shall be available during normal business hours for audit or inspection by the department of licensing, the Washington state patrol, or any law enforcement agency having jurisdiction. (6) **Penalty for having a minor passenger in vehicle.** If a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 committed the offense while a passenger under the age of sixteen was in the vehicle, the court shall:

(a) Order the use of an ignition interlock or other device for an additional six months;

(b) In any case in which the person has no prior offenses within seven years, and except as provided in RCW 46.61.502(6) or 46.61.504(6), order an additional twenty-four hours of imprisonment and a fine of not less than one thousand dollars and not more than five thousand dollars. One thousand dollars of the fine may not be suspended unless the court finds the offender to be indigent;

(c) In any case in which the person has one prior offense within seven years, and except as provided in RCW 46.61.502(6) or 46.61.504(6), order an additional five days of imprisonment and a fine of not less than two thousand dollars and not more than five thousand dollars. One thousand dollars of the fine may not be suspended unless the court finds the offender to be indigent;

(d) In any case in which the person has two prior offenses within seven years, and except as provided in RCW 46.61.502(6) or 46.61.504(6), order an additional ten days of imprisonment and a fine of not less than three thousand dollars and not more than ten thousand dollars. One thousand dollars of the fine may not be suspended unless the court finds the offender to be indigent.

(7) **Other items courts must consider while setting penalties.** In exercising its discretion in setting penalties within the limits allowed by this section, the court shall particularly consider the following:

(a) Whether the person's driving at the time of the offense was responsible for injury or damage to another or another's property;

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers;

(c) Whether the driver was driving in the opposite direction of the normal flow of traffic on a multiple lane highway, as defined by RCW 46.04.350, with a posted speed limit of forty-five miles per hour or greater; and

(d) Whether a child passenger under the age of sixteen was an occupant in the driver's vehicle.

(8) **Treatment and information school.** An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

(9) **Driver's license privileges of the defendant.** The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

(a) **Penalty for alcohol concentration less than 0.15.** If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days or until the person is evaluated by an alcoholism agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a ninety-day period of 24/7 sobriety program monitoring. In no circumstances shall the license suspension be for fewer than two days;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for two years or until the person is evaluated by an alcoholism agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a six-month period of 24/7 sobriety program monitoring. In no circumstances shall the license suspension be for less than one year; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for three years;

(b) **Penalty for alcohol concentration at least 0.15.** If the person's alcohol concentration was at least 0.15:

(i) Where there has been no prior offense within seven years, be revoked or denied by the department for one year or until the person is evaluated by an alcoholism agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a one hundred twenty day period of 24/7 sobriety program monitoring. In no circumstances shall the license revocation be for fewer than four days;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for nine hundred days; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years; or

(c) **Penalty for refusing to take test.** If by reason of the person's refusal to take a test offered under RCW 46.20.308, there is no test result indicating the person's alcohol concentration:

(i) Where there have been no prior offenses within seven years, be revoked or denied by the department for two years;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for three years; or

(iii) Where there have been two or more previous offenses within seven years, be revoked or denied by the department for four years.

The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

Upon receipt of a notice from the court under RCW 36.28A.390 that a participant has been removed from a 24/7 sobriety program, the department must resume any suspension, revocation, or denial that had been terminated early under this subsection due to participation in the program, granting credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) **Probation of driving privilege.** After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11) **Conditions of probation.** (a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720. The court may impose condi-

tions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), (iii), (iv), or (v) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

46.61.506 Persons under influence of intoxicating liquor or drug—Evidence—Tests—Information concerning tests. (1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or any drug, if the person's alcohol concentration is less than 0.08 or the person's THC concentration is less than 5.00, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or any drug.

(2)(a) The breath analysis of the person's alcohol concentration shall be based upon grams of alcohol per two hundred ten liters of breath.

(b) The blood analysis of the person's THC concentration shall be based upon nanograms per milliliter of whole blood.

(c) The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

(3) Analysis of the person's blood or breath to be considered valid under the provisions of this section or RCW 46.61.502 or 46.61.504 shall have been performed according to methods approved by the state toxicologist and by an individual possessing a valid permit issued by the state toxicologist for this purpose. The state toxicologist is directed to approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications and competence to conduct such analyses, and to issue permits which shall be subject to termination or revocation at the discretion of the state toxicologist.

(4)(a) A breath test performed by any instrument approved by the state toxicologist shall be admissible at trial or in an administrative proceeding if the prosecution or department produces prima facie evidence of the following:

(i) The person who performed the test was authorized to perform such test by the state toxicologist;

(ii) The person being tested did not vomit or have anything to eat, drink, or smoke for at least fifteen minutes prior to administration of the test;

(iii) The person being tested did not have any foreign substances, not to include dental work or piercings, fixed or removable, in his or her mouth at the beginning of the fifteen-minute observation period;

(iv) Prior to the start of the test, the temperature of any liquid simulator solution utilized as an external standard, as measured by a thermometer approved of by the state toxicologist was thirty-four degrees centigrade plus or minus 0.3 degrees centigrade;

(v) The internal standard test resulted in the message "verified";

(vi) The two breath samples agree to within plus or minus ten percent of their mean to be determined by the method approved by the state toxicologist;

(vii) The result of the test of the liquid simulator solution external standard or dry gas external standard result did lie between .072 to .088 inclusive; and

(viii) All blank tests gave results of .000.

(b) For purposes of this section, "prima facie evidence" is evidence of sufficient circumstances that would support a

logical and reasonable inference of the facts sought to be proved. In assessing whether there is sufficient evidence of the foundational facts, the court or administrative tribunal is to assume the truth of the prosecution's or department's evidence and all reasonable inferences from it in a light most favorable to the prosecution or department.

(c) Nothing in this section shall be deemed to prevent the subject of the test from challenging the reliability or accuracy of the test, the reliability or functioning of the instrument, or any maintenance procedures. Such challenges, however, shall not preclude the admissibility of the test once the prosecution or department has made a prima facie showing of the requirements contained in (a) of this subsection. Instead, such challenges may be considered by the trier of fact in determining what weight to give to the test result.

(5) When a blood test is administered under the provisions of RCW 46.20.308, the withdrawal of blood for the purpose of determining its alcohol or drug content may be performed only by a physician licensed under chapter 18.71 RCW; an osteopathic physician licensed under chapter 18.57 RCW; a registered nurse, licensed practical nurse, or advanced registered nurse practitioner licensed under chapter 18.79 RCW; a physician assistant licensed under chapter 18.71A RCW; an osteopathic physician assistant licensed under chapter 18.57A RCW; an advanced emergency medical technician or paramedic certified under chapter 18.71 RCW; or a medical assistant-certified or medical assistant-phlebotomist certified under chapter 18.360 RCW, a person holding another credential under Title 18 RCW whose scope of practice includes performing venous blood draws, or a forensic phlebotomist certified under chapter 18.360 RCW. When the blood test is performed outside the state of Washington, the withdrawal of blood for the purpose of determining its alcohol or drug content may be performed by any person who is authorized by the out-of-state jurisdiction to perform venous blood draws. Proof of qualification to draw blood may be established through the department of health's provider credential search. This limitation shall not apply to the taking of breath specimens.

(6) When a venous blood sample is performed by a forensic phlebotomist certified under chapter 18.360 RCW, it must be done under the following conditions:

(a) If taken at the scene, it must be performed in an ambulance or aid service vehicle licensed by the department of health under chapter 18.73 RCW.

(b) The collection of blood samples must not interfere with the provision of essential medical care.

(c) The blood sample must be collected using sterile equipment and the skin area of puncture must be thoroughly cleansed and disinfected.

(d) The person whose blood is collected must be seated, reclined, or lying down when the blood is collected.

(7) The person tested may have a licensed or certified health care provider listed in subsection (5) of this section, or a qualified technician, chemist, or other qualified person of his or her own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. The test will be admissible if the person establishes the general acceptability of the testing technique or method. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the

test or tests taken at the direction of a law enforcement officer.

(8) Upon the request of the person who shall submit to a test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to him or her or his or her attorney. 46.70.023 Place of business. (Effective July 1, 2019.)

(1) An "established place of business" requires a permanent, enclosed commercial building located within the state of Washington easily accessible at all reasonable times. The business of a vehicle dealer must be lawfully carried on at an established place of business in accordance with the terms of all applicable building code, zoning, and other land-use regulatory ordinances. A vehicle dealer may display a vehicle for sale only at its established place of business, licensed subagency, or temporary subagency site, except at auction. The dealer shall keep the building open to the public so that the public may contact the vehicle dealer or the dealer's salespersons at all reasonable times. The books, records, and files necessary to conduct the business shall be kept and maintained at that place. The established place of business shall display an exterior sign with the business name and nature of the business, such as auto sales, permanently affixed to the land or building, with letters clearly visible to the major avenue of traffic. A room or rooms in a hotel, rooming house, or apartment house building or part of a single or multiple-unit dwelling house may not be considered an "established place of business" unless the ground floor of such a dwelling is devoted principally to and occupied for commercial purposes and the dealer offices are located on the ground floor. A mobile office or mobile home may be used as an office if it is connected to utilities and is set up in accordance with state law. A statewide trade association representing manufactured housing dealers shall be permitted to use a manufactured home as an office if the office complies with all other applicable building code, zoning, and other land-use regulatory ordinances. This subsection does not apply to auction companies that do not own vehicle inventory or sell vehicles from an auction yard.

(2) An auction company shall have office facilities within the state. The books, records, and files necessary to conduct the business shall be maintained at the office facilities. All storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. An auction company shall maintain a telecommunications system.

(3) Auction companies shall post their vehicle dealer license at each auction where vehicles are offered, and shall provide the department with the address of the auction at least three days before the auction.

(4) If a dealer maintains a place of business at more than one location or under more than one name in this state, he or she shall designate one location as the principal place of business of the firm, one name as the principal name of the firm, and all other locations or names as subagencies. A subagency license is required for each and every subagency: PROVIDED, That the department may grant an exception to the subagency requirement in the specific instance where a licensed dealer is unable to locate their used vehicle sales facilities adjacent to or at the established place of business. This exception shall be granted and defined under the promulgation of rules consistent with the administrative procedure act.

(5) All vehicle dealers shall maintain ownership or leasehold throughout the license year of the real property from which they do business. The dealer shall provide the department with evidence of ownership or leasehold whenever the ownership changes or the lease is terminated.

(6) A subagency shall comply with all requirements of an established place of business, except that subagency records may be kept at the principal place of business designated by the dealer. Auction companies shall comply with the requirements in subsection (2) of this section.

(7) A temporary subagency shall meet all local zoning and building codes for the type of merchandising being conducted. The dealer license certificate shall be posted at the location. No other requirements of an established place of business apply to a temporary subagency. Auction companies are not required to obtain a temporary subagency license.

(8) A retail vehicle dealer shall be open during normal business hours, maintain office and display facilities in a commercially zoned location or in a location complying with all applicable building and land use ordinances, and maintain a business telephone listing in the local directory. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory shall be physically segregated and clearly identified.

(9) A subagency license is not required for a mobile home dealer to display an on-site display model, a consigned mobile home not relocated from its site, or a repossessed mobile home if sales are handled from a principal place of business or subagency. A mobile home dealer shall identify on-site display models, repossessed mobile homes, and those consigned at their sites with a sign that includes the dealer's name and telephone number.

(10) Every vehicle dealer shall advise the department of the location of each and every place of business of the firm and the name or names under which the firm is doing business at such location or locations. If any name or location is changed, the dealer shall notify the department of such change within ten days. The license issued by the department shall reflect the name and location of the firm and shall be posted in a conspicuous place at that location by the dealer.

(11) A vehicle dealer's license shall upon the death or incapacity of an individual vehicle dealer authorize the personal representative of such dealer, subject to payment of license fees, to continue the business for a period of six months from the date of the death or incapacity. [2017 c 15 § 4; 2016 sp.s. c 26 § 2; 1997 c 432 § 1; 1996 c 282 § 1; 1995 c 7 § 1; 1993 c 307 § 5; 1991 c 339 § 28; 1989 c 301 § 2; 1986 c 241 § 4.]

46.70.027 Accountability of dealer for employees—Violation of chapter. (Effective July 1, 2019.) A vehicle dealer is accountable for the dealer's employees, sales personnel, and managerial personnel while in the performance of their official duties. Any violations of this chapter or applicable provisions of chapter 46.12 or 46.16A RCW committed by any of these employees subjects the dealer to license penalties prescribed under RCW 46.70.101. [2017 c 15 § 5; 2011 c 171 § 90; 1989 c 337 § 12; 1986 c 241 § 5.]

46.70.070 Dealers—Bond required, exceptions—Actions—Cancellation of license. (Effective July 1, 2019.)

- (a) Thirty thousand dollars for motor vehicle dealers;
 - (b) Thirty thousand dollars for mobile home, park trailer, and travel trailer dealers;
 - (c) Five thousand dollars for miscellaneous dealers,
- running to the state, and executed by a surety company authorized to do business in the state. Such bond shall be approved by the attorney general as to form and conditioned that the dealer shall conduct his or her business in conformity with the provisions of this chapter.

Any retail purchaser or consignor who is not a motor vehicle dealer and who has suffered any loss or damage by reason of any act by a dealer which constitutes a violation of this chapter may institute an action for recovery against such dealer and the surety upon such bond. Successive recoveries against said bond shall be permitted, but the aggregate liability of the surety to all persons shall in no event exceed the amount of the bond. Upon exhaustion of the penalty of said bond or cancellation of the bond by the surety the vehicle dealer license shall automatically be deemed canceled.

(2) The bond for any vehicle dealer licensed or to be licensed under more than one classification shall be the highest bond required for any such classification.

(3) Vehicle dealers shall maintain a bond for each business location in this state and bond coverage for all temporary subagencies. 46.70.180 Unlawful acts and practices. Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact

amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2)(a)(i) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(ii) However, an amount not to exceed one hundred fifty dollars per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The dealer discloses to the purchaser or lessee in writing that the documentary service fee is a negotiable fee. The disclosure must be written in a typeface that is at least as large as the typeface used in the standard text of the document that contains the disclosure and that is bold faced, capitalized, underlined, or otherwise set out from the surrounding material so as to be conspicuous. The dealer shall not represent to the purchaser or lessee that the fee or charge is required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount up to one hundred fifty dollars may be added to the sale price or the capitalized cost.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Entering into a written contract,

written purchase order or agreement, retail installment sales agreement, note and security agreement, or written lease agreement, hereinafter collectively referred to as contract or lease, signed by the prospective buyer or lessee of a vehicle, which:

(a) Is subject to any conditions or the dealer's or his or her authorized representative's future acceptance, and the dealer fails or refuses within the "bushing" period, which is four calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee to inform the buyer or lessee either: (i) That the dealer unconditionally accepts the contract or lease, having satisfied, removed, or waived all conditions to acceptance or performance, including, but not limited to, financing, assignment, or lease approval; or (ii) that the dealer rejects the contract or lease, thereby automatically voiding the contract or lease, as long as such voiding does not negate commercially reasonable contract or lease provisions pertaining to the return of the subject vehicle and any physical damage, excessive mileage after the demand for return of the vehicle, and attorneys' fees authorized by law, and tenders the refund of any initial payment or security made or given by the buyer or lessee, including, but not limited to, any down payment, and tenders return of the trade-in vehicle, key, other trade-in, or certificate of title to a trade-in. Tender may be conditioned on return of the subject vehicle if previously delivered to the buyer or lessee.

The provisions of this subsection (4)(a) do not impair, prejudice, or abrogate the rights of a dealer to assert a claim against the buyer or lessee for misrepresentation or breach of contract and to exercise all remedies available at law or in equity, including those under chapter 62A.9A RCW, if the dealer, bank, or other lender or leasing company discovers that approval of the contract or financing or approval of the lease was based upon material misrepresentations made by the buyer or lessee, including, but not limited to, misrepresentations regarding income, employment, or debt of the buyer or lessee, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation. A dealer shall not be in violation of this subsection (4)(a) if the buyer or lessee made a material misrepresentation to the dealer, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation.

A dealer may inform a buyer or lessee under this subsection (4)(a) regarding the unconditional acceptance or rejection of the contract, lease, or financing by sending an email message to the buyer's or lessee's supplied email address, by phone call, by leaving a voice message or sending a text message to a phone number provided by the buyer or lessee, by in-person oral communication, by mailing a letter by first-class mail if the buyer or lessee expresses a preference for a letter or declines to provide an email address and a phone number capable of receiving a free text message, or by another means agreed to by the buyer or lessee or approved by the department, effective upon the execution, mailing, or sending of the communication and before expiration of the "bushing" period;

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of title has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.540 and 46.12.560; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse

"on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.93 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may

only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

(17)(a) For a dealer to enter into a new motor vehicle sales contract without disclosing in writing to a buyer of the new motor vehicle, or to a dealer in the case of an unregistered motor vehicle, any known damage and repair to the new motor vehicle if the damage exceeds five percent of the manufacturer's suggested retail price as calculated at the dealer's authorized warranty rate for labor and parts, or one thousand dollars, whichever amount is greater. A manufacturer or new motor vehicle dealer is not required to disclose to a dealer or buyer that glass, tires, bumpers, or cosmetic parts of a new motor vehicle were damaged at any time if the damaged item has been replaced with original or comparable equipment. A replaced part is not part of the cumulative damage required to be disclosed under this subsection.

(b) A manufacturer is required to provide the same disclosure to a dealer of any known damage or repair as required in (a) of this subsection.

(c) If disclosure of any known damage or repair is not required under this section, a buyer may not revoke or rescind a sales contract due to the fact that the new motor vehicle was damaged and repaired before completion of the sale.

(d) As used in this section:

(i) "Cosmetic parts" means parts that are attached by and can be replaced in total through the use of screws, bolts, or other fasteners without the use of welding or thermal cutting, and includes windshields, bumpers, hoods, or trim panels.

(ii) "Manufacturer's suggested retail price" means the retail price of the new motor vehicle suggested by the manufacturer, and includes the retail delivered price suggested by the manufacturer for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer that is not included within the retail price suggested by the manufacturer for the new motor vehicle. An application for a renewal instructor's license must be accompanied by proof of the applicant's continuing professional development that meets the standards adopted by the director. If the applicant satisfactorily meets the application requirements as prescribed in RCW 46.82.330, the applicant shall be granted a license valid for a period of two years from the date of issuance. An applicant for a renewal instructor's license is not required to retake the examination specified in RCW 46.82.330 to renew his or her instructor's license if his or her original instructor's license is unexpired or has not been expired for longer than six months before submission of his or her renewal application.

(2) The director shall issue a license certificate to each qualified applicant.

(a) An employing driver training school must conspicuously display an instructor's license at its established place of business and display copies of the instructor's license at any branch office where the instructor provides instruction.

(b) Unless revoked, canceled, or denied by the director, the license shall remain the property of the licensee in the event of termination of employment or employment by another driver training school.

(c) If the director has not received a renewal application on or before the date a license expires, the license is void, requiring a new application as provided for in this chapter, including payment of all fees, as well as an examination subject to the exception in subsection (1) of this section.

(d) If revoked, canceled, or denied by the director, the license must be surrendered to the department within ten days following the effective date of such action.

46.82.360 Suspension, revocation, or denial of licenses—Failure to comply with specified business practices. (Effective August 1, 2018.) The license of any driver training school or instructor may be suspended, revoked, denied, or refused renewal, or such other disciplinary action authorized under RCW 18.235.110 may be imposed, for failure to comply with the business practices specified in this section.

(1) No place of business shall be established nor any business of a driver training school conducted or solicited within one thousand feet of an office or building owned or

leased by the department of licensing in which examinations for drivers' licenses are conducted. The distance of one thousand feet shall be measured along the public streets by the nearest route from the place of business to such building.

(2) Any automobile used by a driver training school or an instructor for instruction purposes must be equipped with:

(a) Dual controls for foot brake and clutch, or foot brake only in a vehicle equipped with an automatic transmission;

(b) An instructor's rear view mirror; and

(c) A sign in legible, printed English letters displayed on the back or top, or both, of the vehicle that:

(i) Is not less than twenty inches in horizontal width or less than ten inches in vertical height;

(ii) Has the words "student driver," "instruction car," or "driving school" in letters at least two and one-half inches in height near the top;

(4) No driver training school or instructor shall advertise or otherwise indicate that the issuance of a driver's license is guaranteed or assured as a result of the course of instruction offered.

(5) No driver training school or instructor shall utilize any types of advertising without using the full, legal name of the school and identifying itself as a driver training school. Instruction vehicles and equipment, classrooms, driving simulators, training materials and services advertised must be available in a manner as might be expected by the average person reading the advertisement.

(6) A driver training school shall have an established place of business owned, rented, or leased by the school and regularly occupied and used exclusively for the business of giving driver instruction. The established place of business of a driver training school shall be located in a district that is zoned for business or commercial purposes or zoned for conditional use permits for schools, trade schools, or colleges. However, the use of public or private schools does not alleviate the driver training school from securing and maintaining an established place of business or from using its own classroom on a regular basis as required under this chapter.

(a) The established place of business, branch office, or classroom or advertised address of any such driver training school shall not consist of or include a house trailer, residence, tent, temporary stand, temporary address, bus, telephone answering service if such service is the sole means of contacting the driver training school, a room or rooms in a hotel or rooming house or apartment house, or premises occupied by a single or multiple-unit dwelling house.

(b) A driver training school may lease classroom space within a public or private school that is recognized and regu-

lated by the office of the superintendent of public instruction to conduct student instruction as approved by the director. However, such use of public or private classroom space does not alleviate the driver training school from securing and maintaining an established place of business nor from using its own classroom on a regular basis as required by this chapter.

(c) To classify as a branch office or classroom the facility must be within a thirty-five mile radius of the established place of business. The department may waive or extend the thirty-five mile restriction for driver training schools located in counties below the median population density.

(d) Nothing in this subsection may be construed as limiting the authority of local governments to grant conditional use permits or variances from zoning ordinances.

(7) No driver training school or instructor shall conduct any type of instruction or training on a course used by the department of licensing for testing applicants for a Washington driver's license.

(8) Each driver training school shall maintain its student, instructor, vehicle, insurance, and operating records at its established place of business.

(a) Student records must include the student's name, address, and telephone number, date of enrollment and all dates of instruction, the student's instruction permit or driver's license number, the type of training given, the total number of hours of instruction, and the name and signature of the instructor or instructors.

(b) Vehicle records shall include the original insurance policies and copies of the vehicle registration for all instruction vehicles.

(c) Student and instructor records shall be maintained for three years following the completion of the instruction. Vehicle records shall be maintained for five years following their issuance. All records shall be made available for inspection upon the request of the department.

(d) Upon a transfer or sale of school ownership the school records shall be transferred to and become the property and responsibility of the new owner.

(9) Each driver training school shall, at its established place of business, display, in a place where it can be seen by all clients, a copy of the required curriculum furnished by the department. Copies of the required curriculum are to be provided to driver training schools and instructors by the director.

(10) Driver training schools and instructors shall submit to periodic inspections of their business practices, facilities, records, and insurance by authorized representatives of the director of the department of licensing. [2017 c 197 § 11; 2009 c 101 § 7; 2006 c 219 § 10; 1989 c 337 § 19; 1979 ex.s. c 51 § 9.]

The department shall furnish to each qualifying applicant for an instructor's

license or a driver training school license a copy of such curriculum.

(2) In addition to information on the safe, lawful, and responsible operation of motor vehicles on the state's highways, the required curriculum shall include information on:

(a) Intermediate driver's license issuance, passenger and driving restrictions and sanctions for violating the restrictions, and the effect of traffic violations and collisions on the driving privileges;

(b) The effects of alcohol and drug use on motor vehicle operators, including information on drug and alcohol related traffic injury and mortality rates in the state of Washington and the current penalties for driving under the influence of drugs or alcohol;

If the director does not accept such reasons as may be offered, the director may revoke the license of the instructor or school, or both. 47.01.505 Interstate 5 Columbia river bridge project—Joint legislative action committee. (1) On behalf of the state, the legislature of the state of Washington invites the legislature of the state of Oregon to participate in a joint legislative action committee regarding the construction of a new Interstate 5 bridge spanning the Columbia river that achieves the following purposes:

(a) Works with both states' departments of transportation and transportation commissions and stakeholders to begin a process toward project development. It is assumed that the appropriate local and bistate entities already tasked with related work will also be included when the legislative and interagency agreements are ready to move forward. The legislative action committee must convene its first meeting by December 15, 2017;

(b) Reviews and confirms lead roles related to permitting, construction, operation, and maintenance of a future Interstate 5 bridge project;

(c) Establishes a process to seek public comment on the Interstate 5 bridge project development plan selected and presents final recommendations for the process and financing to both states;

(d) Works to ensure that there are sufficient resources available to both states' departments of transportation to inventory and utilize existing data and any prior relevant work to allow for nonduplicative and efficient decision making regarding a new project;

(e) Examines all of the potential mass transit options available for a future Interstate 5 bridge project;

(f) Utilizes design-build procurement, or an equivalent or better innovation delivery method, and determines the least costly, most efficient project management and best practices tools consistent with work already completed including, but not limited to, height, navigation needs, transparency, economic development, and other critical elements, while minimizing the impacts of congestion during construction;

(g) Considers the creation of a Columbia river bridge authority to review bridge needs for possible repair, maintenance, or new construction, prioritizing those needs and making recommendations to both states with regard to financing specific projects, timing, authorities, and operations; and

(h) Provides a report to the legislatures of each state that details the findings and recommendations of the legislative action committee by December 15, 2018. The report must also contain a recommendation as to whether the Interstate 5 project should be designated by the legislature of the state of Washington as a project of statewide significance and by the state of Oregon with an equivalent designation.

(2)(a) The joint Oregon-Washington legislative action committee is established, with sixteen members as provided in this subsection:

(i) The speaker and minority leader of the house of representatives of each state shall jointly appoint four members, two from each of the two largest caucuses of their state's house of representatives.

(ii) The majority leader and minority leader of the senate of each state shall jointly appoint four members, two from each of the two largest caucuses of their state's senate.

(b) The legislative action committee shall choose its cochairs from among its membership, one each from the senate and the house of representatives of both states.

(c) Executive agencies, including the departments of transportation and the transportation commissions, shall cooperate with the committee and provide information and other assistance as the cochairs may reasonably request.

(d) Staff support for the legislative action committee must be provided by the Washington house of representatives office of program research, Washington senate committee services, and, contingent upon the acceptance by the legislature of the state of Oregon of the invitation in subsection (1) of this section to participate in the legislative action committee, the Oregon legislative policy and research office.

(e) Legislative members of the legislative action committee are reimbursed for travel expenses. For Washington legislative members, this reimbursement must be in accordance with RCW 44.04.120.

(f) The expenses of the legislative action committee must be paid jointly by both states' senate and house of representatives. In Washington, committee expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(g) Each meeting of the legislative action committee must allow an opportunity for public comment. Legislative action committee meetings must be scheduled and conducted in accordance with the requirements of both the senate and the house of representatives of both states. [2017 c 288 § 4.]

47.32.140 Railroad grade crossings, obstructions—Hearing. Each railroad company shall keep its right-of-way clear of all brush and timber in the vicinity of a railroad grade crossing with a state highway for a distance of one hundred feet from the crossing in such manner as to permit a person upon the highway to obtain an unobstructed view in both directions of an approaching train or other on-track equipment. The department shall cause brush and timber to be cleared from the right-of-way of a state highway in the proximity of a railroad grade crossing for a distance of one hundred feet from the crossing in such manner as to permit a person upon the highway to obtain an unobstructed view in both directions of an approaching train or other on-track equipment. It is unlawful to erect or maintain a sign, signboard, or billboard, except official highway signs and traffic devices and railroad warning or operating signs, outside the corporate limits of any city or town within a distance of one hundred feet from the point of intersection of the highway and railroad grade crossing unless, after thirty days notice to the Washington utilities and transportation commission and the railroad operating the crossing, the department determines that it does not obscure the sight distance of a person operating a vehicle or train approaching the grade crossing.

When a person who has erected or who maintains such a sign, signboard, or billboard or when a railroad company permits such brush or timber in the vicinity of a railroad grade crossing with a state highway or permits the surface of a

However, nothing in this section prevents the posting or maintaining of any legal notice or sign, signal, or traffic device required or permitted to be posted or maintained, or the placing and maintaining thereon of highway or road signs or traffic devices giving directions or distances for the information of the public when the signs are approved by the department. 47.56.876 State route number 520 civil penalties account.

47.56.403 High occupancy toll lane pilot project. (1) The department may provide for the establishment, construction, and operation of a pilot project of high occupancy toll lanes on state route 167 high occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high occupancy toll lane pilot project.

(2) Tolls for high occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-

emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

- (a) Freeway efficiency and safety;
- (b) Effectiveness for transit;
- (c) Person and vehicle movements by mode;
- (d) Ability to finance improvements and transportation services through tolls; and

(e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geographic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high occupancy vehicle lane users.

(5) Authorization to impose high occupancy vehicle tolls for the state route 167 high occupancy toll pilot project expires if either of the following two conditions apply:

(a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of July 24, 2005; or

(b) If high occupancy vehicle tolls are being collected on June 30, 2019.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high occupancy vehicle lane to a high occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with *chapter 39.29 RCW. [2017 c 313 § 712; 2015 1st sp.s. c 10 § 705; 2013 c 306 § 709; 2011 c 367 § 709; 2005 c 312 § 3.]

Finding—2017 c 48: "The legislature finds that the Washington state department of transportation airport investment study identified total statewide airport preservation and capital needs and included a list of recommended changes. One of the recommendations is to increase the maximum

amount authorized by the airport aid program per grant to airports. This change can help smaller airports use the state grant to match federal funding." [2017 c 48 § 1.]

47.68.250 Registration of aircraft. (Effective until July 1, 2021.) (1) Every aircraft must be registered with the department for each calendar year in which the aircraft is operated or is based within this state. A fee of fifteen dollars is charged for each such registration and each annual renewal thereof.

(2) Possession of the appropriate effective federal certificate, permit, rating, or license relating to ownership and airworthiness of the aircraft, and payment of the excise tax imposed by Title 82 RCW for the privilege of using the aircraft within this state during the year for which the registration is sought, and payment of the registration fee required by this section are the only requisites for registration of an aircraft under this section.

(3) The registration fee imposed by this section is payable to and collected by the secretary. The fee for any calendar year must be paid during the month of January, and must be collected by the secretary at the time of the collection by him or her of the excise tax. If the secretary is satisfied that the requirements for registration of the aircraft have been met, he or she must issue to the owner of the aircraft a certificate of registration therefor. The secretary must pay to the state treasurer the registration fees collected under this section, which registration fees must be credited to the aeronautics account.

(4) It is not necessary for the registrant to provide the secretary with originals or copies of federal certificates, permits, ratings, or licenses. The secretary must issue certificates of registration, or such other evidences of registration or payment of fees as he or she may deem proper; and in connection therewith may prescribe requirements for the possession and exhibition of such certificates or other evidences.

(5) The provisions of this section do not apply to:

(b) An aircraft registered under the laws of a foreign country;

(c) An aircraft that is owned by a nonresident if:

(i) The aircraft remains in this state or is based in this state, or both, for a period less than ninety days; or

(ii) The aircraft is a large private airplane as defined in RCW 82.08.215 and remains in this state for a period of ninety days or longer, but only when:

(B) An employee of the facility providing these services is on board the airplane during any flight testing; and

(C) Within ninety days of the date the airplane first arrived in this state during the calendar year, the nonresident files a written statement with the department indicating that the airplane is exempt from registration under this subsection (5)(c)(ii). The written statement must be filed in a form and manner prescribed by the department and must include such information as the department requires. The department may require additional periodic verification that the airplane remains exempt from registration under this subsection (5)(c)(ii) and that written statements conform with the provisions of RCW 9A.72.085;

(d) An aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce;

(e) An aircraft owned by the commercial manufacturer thereof while being operated for test or experimental purposes, or for the purpose of training crews for purchasers of the aircraft;

(g) An aircraft based within the state that is in an unairworthy condition, is not operated within the registration period, and has obtained a written exemption issued by the secretary.

(6) The secretary must be notified within thirty days of any change in ownership of a registered aircraft. The notification must contain the N, NC, NR, NL, or NX number of the aircraft, the full name and address of the former owner, and the full name and address of the new owner. For failure to so notify the secretary, the registration of that aircraft may be canceled by the secretary, subject to reinstatement upon application and payment of a reinstatement fee of ten dollars by the new owner.

(7) A municipality or port district that owns, operates, or leases an airport, as defined in RCW 47.68.020, with the intent to operate, must require from an aircraft owner proof of aircraft registration as a condition of leasing or selling tiedown or hangar space for an aircraft. It is the responsibility of the lessee or purchaser to register the aircraft. Proof of registration must be provided according to the following schedule:

(a) For the purchase of tiedown or hangar space, the municipality or port district must allow the purchaser thirty days from the date of the application for purchase to produce proof of aircraft registration.

(b) For the lease of tiedown or hangar space that extends thirty days or more, the municipality or port district must allow the lessee thirty days to produce proof of aircraft registration from the date of the application for lease of tiedown or hangar space.

Intent—Findings—2013 2nd sp.s. c 13: "(1) The legislature intends to promote the economic development of our state's aerospace cluster and increase the tax revenues collected by the state through promoting a competitive marketplace for storing and modifying unfurnished, noncommercial aircraft. The legislature finds that Washington is currently losing these types of jobs to other states, resulting in the loss of high-wage jobs and new tax revenue. Further, the legislature finds that the current tax statutes are an impediment to encouraging the development of aerospace clusters in our state. Therefore, the legislature intends to modify our state's tax policy to encourage aerospace cluster development within the state and increase tax revenues.

(2) The joint legislative audit and review committee, as part of its tax preference review process, must estimate the net impact on state tax revenues by comparing the decrease in state revenues resulting from the changes made in part XI of this act to the additional tax revenues generated from the direct, indirect, and induced economic impacts from those changes. The committee must also, to the extent practicable, estimate job growth in the aerospace cluster resulting from the changes made in part XI of this act. The committee must conduct its tax preference review of part XI of this act during calendar year 2016 and report its findings and recommendations to the legislature by January 1, 2017." - 48.15.070 Surplus line brokers—Licensing—Bond—Renewal. (*Effective January 1, 2018.*)
48.15.073 Nonresident surplus line brokers—Licensing—Reciprocity—Service of process. (*Effective January 1, 2018.*)

48.15.070 Surplus line brokers—Licensing—Bond—Renewal. (*Effective January 1, 2018.*) Any individual while a resident of this state, or any firm, corporation, or other business entity that has in its employ a qualified individual who is a resident of this state and who is authorized to exercise the powers of the firm or corporation, deemed by the commissioner to be competent and trustworthy, and while maintaining an office at a designated location in this state, may be licensed as a surplus line broker in accordance with this section.

(1) An applicant and a licensee for a resident surplus line broker license must have and maintain a license from the commissioner as a resident insurance producer with property and casualty lines of authority.

(2) Each applicant for a resident surplus line broker's license must pass the required examination and pay the required fee when applying for a license.

(3) If a nonresident that is licensed as a resident surplus line broker in another state moves to this state and wishes to become licensed as a resident surplus line broker in this state, then the examination requirement is waived if the application is received by the commissioner within ninety days of the cancellation of the surplus line broker's resident license in the other state.

(4) Application to the commissioner for the license must be made on forms furnished by the commissioner. As part of, or in connection with, this application, the applicant must furnish information concerning his or her identity, including fingerprints for submission to the Washington state patrol, the federal bureau of investigation, and any governmental agency or entity authorized to receive this information for a state and national criminal history background check; personal history; experience; business records; purposes; and other pertinent information, as the commissioner may reasonably require. If in the process of verifying fingerprints, business records, or other information, the commissioner's office incurs fees or charges from another governmental agency or from a business firm, the amount of the fees or charges must be paid to the commissioner's office by the applicant.

(5) Every resident surplus line broker licensed under this chapter must maintain a bond in favor of the state of Washington in the penal sum of twenty thousand dollars, with authorized corporate sureties approved by the commissioner,

conditioned that the licensee will conduct business under the license in accordance with the provisions of this chapter and that the licensee will promptly remit the taxes provided by RCW 48.15.120. The licensee must maintain such bond in force for as long as the license remains in effect.

(6) Every resident surplus line broker licensed under this chapter must maintain in force while so licensed a bond in favor of the people of the state of Washington or a named insured such that the people of the state are covered by the bond, executed by an authorized corporate surety approved by the commissioner, in the amount of two thousand five hundred dollars, or five percent of the premiums from placement of coverage with surplus line insurers in the previous calendar year, whichever is greater, but not to exceed one hundred thousand dollars total aggregate liability. The bond may be continuous in form, and total aggregate liability on the bond may be limited to the required amount of the bond. The bond must be contingent on the accounting by the resident surplus line broker to any person requesting the broker to obtain insurance, for moneys or premiums collected in connection therewith. A bond issued in accordance with RCW 48.17.250 or with this subsection will satisfy the requirements of both RCW 48.17.250 and this subsection if the limit of liability is not less than the greater of the requirement of RCW 48.17.250 or the requirement of this subsection.

(7) Authorized surplus line brokers of a business entity may meet the requirements of subsection (6) of this section with a bond in the name of the business entity, continuous in form, and in the amount set forth in subsection (6) of this section.

(8) Surplus line brokers may meet the requirements of this section with a bond in the name of an association. The association must have been in existence for five years, have common membership, and have been formed for a purpose other than obtaining a bond. An individual surplus line broker remains responsible for assuring that a bond is in effect and is for the correct amount.

(9) Members of an association may meet the requirements of subsection (6) of this section with a bond in the name of the association that is continuous in form and in the amounts set forth in subsection (6) of this section for each participating member.

(10) The surety may cancel the bond and be released from further liability thereunder upon thirty days' written notice in advance to the principal. The cancellation does not affect any liability incurred or accrued under the bond before the termination of the thirty-day period.

(11) Failure to have and maintain the bonds required under subsections (5) and (6) of this section is grounds for revocation of a license under RCW 48.15.140.

(12) If a party injured under the terms of the bond required under subsection (6) of this section requests the surplus line broker to provide the name of the surety and the bond number, the surplus line broker must provide the information within three working days after receiving the request.

(13) All records relating to the bonds required by this section must be kept available and open to the inspection of the commissioner at any business time.

(14) A surplus line broker's license expires if not timely renewed. Surplus line broker licenses are valid for the time

period established by the commissioner unless suspended or revoked at an earlier date.

(15) Subject to the right of the commissioner to suspend, revoke, or refuse to renew any surplus line broker's license as provided in this title, the license may be renewed into another like period by filing with the commissioner by any means acceptable to the commissioner on or before the expiration date a request, by or on behalf of the licensee, for the renewal accompanied by payment of the renewal fee as specified in RCW 48.14.010.

(16) If the request and fee for renewal of a surplus line broker's license are filed with the commissioner prior to expiration of the existing license, the licensee may continue to act under the license, unless sooner revoked or suspended, until the issuance of a renewal license, or until the expiration of fifteen days after the commissioner has refused to renew the license and has mailed notification of the refusal to the licensee. If the request and fee for the license are not received by the expiration date, the authority conferred by the license ends on the expiration date.

(17) If the request for renewal of a surplus line broker's license and payment of the fee are not received by the commissioner prior to the expiration date, the applicant for renewal must pay to the commissioner in addition to the renewal fee, a surcharge as follows:

(a) For the first thirty days or part thereof of delinquency, the surcharge is fifty percent of the renewal fee; and

(b) For the next thirty days or part thereof of delinquency, the surcharge is one hundred percent of the renewal fee.

(18) If the request for renewal of a surplus line broker's license and payment of the renewal fee are not received by the commissioner after sixty days but prior to twelve months after the expiration date, the application must be for reinstatement of the license and the applicant for reinstatement must pay to the commissioner the license fee and a surcharge of two hundred percent of the license fee.

(19) Subsections (17) and (18) of this section do not exempt any person from any penalty provided by law for transacting business without a valid and subsisting license.

(20) An individual surplus line broker who allows his or her license to lapse may, within twelve months after the expiration date, reinstate the same license without the necessity of passing a written examination.

(21) For the purposes of this section, a "qualified individual" is a natural person who has met all the requirements that must be met by an individual surplus line broker.

(22) The commissioner may require any documents reasonably necessary to verify the information contained in an application and may, from time to time, require any licensed surplus line broker to produce the information called for in an application for license. 48.15.073 Nonresident surplus line brokers—Licensing—Reciprocity—Service of process. (Effective January 1, 2018.) (1) The commissioner may license a nonresident person as a surplus line broker who is not a resident of this state if the person's resident state issues nonresident surplus line broker licenses to residents of this state on the same basis.

(2) A nonresident that holds a surplus line broker's license, or the equivalent, in the applicant's home state, and that license is in good standing is deemed qualified and meets the minimum standards of this state for licensing as a nonresident surplus line broker.

(3) Once a person has been issued a nonresident surplus line broker's license by the commissioner, the licensee must fulfill all the same responsibilities as a resident surplus line broker, except for bonding, and is subject to the (a) commissioner's supervision as though resident in this state and (b) rules adopted under this chapter.

(4) A nonresident surplus line broker's license expires if not timely renewed. A nonresident surplus line broker's license is valid for the time period established by the commissioner unless suspended or revoked at an earlier date. The request and fee for the renewal of the license is the same as the renewal and fee requirements for a resident surplus line broker licensed under RCW 48.15.070.

(5) Each licensed nonresident surplus line broker, by application for and issuance of a license, is deemed to have appointed the commissioner as the surplus line broker's attorney to receive service of legal process issued against the surplus line broker in this state upon causes of action arising within this state. Service upon the commissioner as attorney constitutes effective legal service upon the surplus line broker.

(a) The appointment of the commissioner as attorney is irrevocable, binds any successor in interest or to the assets or liabilities of the surplus line broker, and remains in effect for as long as there could be any cause of action against the surplus line broker arising out of the surplus line broker's insurance transactions in this state.

(b) Service of legal process must be accomplished and processed in the manner prescribed in RCW 48.02.200. [2017 c 49 § 2; 2010 c 18 § 2; 2009 c 162 § 4; 2001 c 91 § 1.]
