Findings—Intent—2018 c 199: "The legislature finds that an educated workforce is essential for the state's economic development. By 2020 seventy percent of available jobs in Washington will require at least a postsecondary credential. According to the 2015 A Skilled and Educated Workforce report, bachelor degree production in high-demand fields, such as science, technology, engineering, mathematics, and health, does not meet the demand of Washington's employers. The state has also set educational attainment goals to recognize the need and benefits of an educated workforce. College degree holders have higher incomes, better financial health, and are more likely to be homeowners than those who do not have college degrees. In fact, young adults aged twenty-two to thirty-five with a college degree are fifty percent more likely to own a home than those without a degree.

However, the legislature finds that the cost of higher education has risen dramatically in recent years. Between 2003 and 2013, the price index of tuition rose eighty percent, three times the increase in the consumer price index and nearly double the increase in the medical price index over the same period. The legislature also finds that students are financing their education with more student loan debt. According to the institute for college access and success' project on student debt, in 2014 fifty-eight percent of recent graduates in Washington had debt, and the average federal student loan debt load for a student graduating from a four-year public or private institution of higher education was twenty-four thousand eight hundred dollars. This is an increase of forty-two percent since 2004, when the average debt load was seventeen thousand four hundred dollars. These averages do not take into account additional private loans that many students take out to supplement their federal loans.

Student loan debt can greatly impact the economic benefits of earning a college degree. Surveys indicate that people burdened by student loan debt are less likely to buy a home; get married and start a family; start a small business; pursue lower paying professions such as teaching, nonprofit work, or social work; or even continue their education. The legislature finds that these decisions create a chain reaction of economic and social impact to the state.

The legislature recognizes that student loan debt is very different from other forms of debt, such as auto loans and home mortgages, for a variety of reasons. With most debt, borrowers know beforehand how much their monthly payment will be. However, student loans are more complicated because a student may borrow different amounts term to term and make decisions on an incremental basis as their financial aid packages, work, and living situations change. In addition, student loans may have origination fees, accumulated and capitalized interest, grace and forbearance periods, and income-based repayment options that all change the monthly payment amount. The legislature recognizes that another major difference with student loan debt is the unknown factor: Students take out the debt without having a clear idea of their future income and other financial obligations. Lastly, if a student has trouble repaying a student loan, the loans are not secured with physical property that can be sold, and in the event of bankruptcy, are nearly impossible to discharge.

According to the United States department of education, Washington students are defaulting on their federal student loans at roughly the same rate as the national average. For the cohort that entered into repayment on their federal student loans in 2013, ten percent, or seven thousand seven hundred forty-six students, fell into default during the fiscal year ending September 30, 2016, just under the national average of eleven percent.

The consequences of default can haunt student loan borrowers for years unless they are able to rehabilitate their loans. These consequences may include suspension of the borrower's professional license; excessive contact from collection agencies; garnishment of wages and bank accounts; as well as seizing of the borrower's tax refund and other federal payments, such as social security retirement, and disability benefits. Defaulting on a student loan damages a borrower's credit, making it difficult to qualify for a mortgage or auto loan, rent an apartment, and even find employment, closing people off from the resources they need for financial stability.

The legislature acknowledges that the state currently allows regulators of twenty-six professions to suspend the professional licenses or certificates of student loan borrowers who have defaulted on their loans. In 2015 the department of licensing reported one hundred ten license suspensions for student loan default within the eleven professions it regulates, most of which were in the field of cosmetology. Twenty-one states have similar laws, but recently some states have repealed their laws or introduced legislation to do so, recognizing that license suspension hinders a borrower's ability to repay. It is the legislature's intent to repeal the statutes regarding professional license or certificate suspension and intends for those who had their license or certificate suspended to be eligible to have their license or certificate reinstated.

The legislature also finds that Washington state has high postjudgment interest rates and generous wage and bank account garnishment rates that negatively impact private student loan borrowers who default. Studies indicate that wage and bank account garnishment contributes to financial and employment instability, unemployment, bankruptcy, homelessness, and chronic stress. Washington's high interest and garnishment rates also increase the courts' caseload by making it more attractive for lenders of private student loans to sue a borrower in court and obtain a judgment than to negotiate an agreement or settlement with the borrower.

Washington state's postjudgment interest rate was set at twelve percent in 1980 when the prime interest rate was fifteen percent. The current prime interest rate stands at three and one-half percent. In addition, the state's current postjudgment rate on torts is around three percent.

Regarding wage garnishment, many states, such as Texas, Pennsylvania, and South Carolina do not allow for wage garnishment for consumer debt. For federal student loans, the department of education can garnish up to fifteen percent of a borrower's disposable income, but not more than thirty times the minimum wage. In Washington, a borrower can have twenty-five percent of his or her disposable earnings garnished, or thirty-five times the federal minimum wage. As for bank account exemptions, Massachusetts protects two thousand five hundred dollars from garnishment compared to Washington's current exemption of five hundred dollars. To put this figure into perspective, the average rent in the Seattle metropolitan area is two thousand eighty-seven dollars.

Therefore, it is the legislature's intent to help student loan borrowers in default avoid loss of professional license or certification, which hinders repayment. It is also the legislature's intent to help student loan borrowers in default to maintain financial stability and to avoid the hardships of bank account and wage garnishment by making the postjudgment interest rate for private student loan debt more comparable to the market rate and by increasing the exemptions for bank account and wage garnishments." (1) Conviction of a gross misdemeanor, felony, or the commission of an act involving moral turpitude, dishonesty, or corruption whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or

nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. This section does not abrogate rights guaranteed under chapter 9.96 RCW;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement of a license;

(3) Advertising that is false, fraudulent, or misleading;

(4) Incompetence or negligence that results in injury to a person or that creates an unreasonable risk that a person may be harmed;

(5) Suspension, revocation, or restriction of a license to act as a professional or amateur athletic licensee by competent authority in a state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;

(6) Violation of a statute or administrative rule regulating professional or amateur athletics;

(7) Failure to cooperate with the department's investigations by:

(a) Not furnishing papers or documents;

(b) Not furnishing in writing a full and complete explanation regarding a matter under investigation by the department; or

(c) Not responding to subpoenas issued by the department, whether or not the recipient of the subpoena is the subject of the proceeding;

(8) Failure to comply with an order issued by the director or an assurance of discontinuance entered into by the director;

(9) Aiding or abetting an unlicensed person to act in a manner that requires a professional or amateur athletics license;

(10) Misrepresentation or fraud in any aspect of the conduct of a professional athletics or amateur event; and

(11) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the department or by the use of threats or harassment against any person to prevent them from providing evidence in a disciplinary proceeding or other legal action. [2012 c 99 § 9; 1997 c 205 § 21.]

67.08.300 Immunity of director and director's agents. The director or individuals acting on the director's behalf are immune from suit in an action, civil or criminal, based on official acts performed in the course of their duties in the administration and enforcement of this chapter. [2002 c 86 § 314; 1997 c 205 § 24.]

Additional notes found at www.leg.wa.gov

67.08.310 Uniform regulation of business and professions act. The uniform regulation of business and professions act, chapter 18.235 RCW, governs unlicensed practice, the issuance and denial of licenses, and the discipline of licensees under this chapter. [2002 c 86 § 315.]

Additional notes found at www.leg.wa.gov

67.08.320 Military training or experience. An applicant with military training or experience satisfies the training or experience requirements of this chapter unless the director determines that the military training or experience is not sub-

stantially equivalent to the standards of this state. [2011 c 351 § 21.]

67.08.321 Spouses of military personnel—Licensure. The director shall develop rules consistent with RCW 18.340.020 for the licensure of spouses of military personnel. [2011 2nd sp.s. c 5 § 8.]

Implementation—2011 2nd sp.s. c 5: See note following RCW 18.340.010.

67.08.330 Theatrical wrestling schools—Wrestling shows. (1) A theatrical wrestling school may hold wrestling shows at the school facility for training purposes and may charge an admission fee without a promoter license.

(2) A theatrical wrestling school may hold a limited number of wrestling shows for training purposes off the school premises and may charge a fee without a promoter license.

(3) Any wrestling show presented by a theatrical wrestling school must feature at least eighty percent amateur participants and must have an ambulance or paramedical unit or an emergency medical technician licensed under RCW 18.73.081 at the event location.

(4) The department must promulgate rules to implement this section. [2017 c 46 § 2.]

Findings—2017 c 46: "(1) The legislature finds that theatrical wrestling, like circus arts, is an art form that promotes the economic and cultural vitality of the state of Washington. Theatrical wrestling has a long history in Washington, and while large-scale professional wrestling companies have dominated the field in recent years, independent theatrical wrestling again has the potential to thrive in this state. Legislation and rule making should reflect the economic and cultural potential of theatrical wrestling.

(2) The legislature further finds that theatrical wrestling can be safe for both participants and spectators. Safety requirements aimed at more dangerous and daring forms of sport and entertainment are unduly burdensome on theatrical wrestling promoters. Additionally, it is important to adequately train the next generation of theatrical wrestlers to foster safety and skill in theatrical wrestling.

(3) The legislature finds that a theatrical wrestling school license will create opportunity for a new generation of luchadores, faces, and heels to create economic and cultural vitality in Washington. Finally, reducing the medical personnel requirement for wrestling shows will preserve the safety of participants and spectators while fostering the ability of independent theatrical wrestling promoters to build an audience in Washington and create new artistic opportunities for Washington residents.

(4) The legislature finds that Washington is ready to rumble." [2017 c 46 § 5.]

67.08.902 Effective date—1993 c 278. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993. [1993 c 278 § 28.]

Reviser's note: The territorial act codified in this chapter, though for the most part obsolete, has never been expressly repealed. "An Act in relation to licenses," it empowers the county commissioners to license hawkers and auctioneers, persons dealing in intoxicating liquors, and persons conducting bowling alleys, billiard tables and other games. The auctioneer sections have been codified as RCW 36.71.070 and 36.71.080. As to the sections relating to intoxicating liquors, it seems clear that this field has been preempted by the state; see RCW 66.08.120. The legislative authorities of each county, in their respective counties, shall have the power to grant license to persons to keep drinking houses or saloons therein, at which spirituous, malt, or fermented liquors and wines may be sold in less quantities than one gallon; and such license shall be called a retail license upon the payment, by the person applying for such license, of the sum of three hundred dollars a year into the county treasury, and the execution of a good and sufficient bond, executed to such county in the sum of one thousand dollars, to be approved by such legislative authority or the county auditor of the county in which such license is granted, conditioned that he or she will keep such drinking saloon or house in a quiet, peaceable, and orderly manner: PROVIDED, The foregoing shall not be so construed as to prevent the legislative authority of any county from granting licenses to drinking saloons or houses therein, when there is but little business doing, for less than three hundred dollars, but in no case for less than one hundred dollars per annum: AND PROVIDED FURTHER, That such license shall be used only in the precinct to which it shall be granted; PROVIDED FURTHER, That no license shall be used in more than one place at the same time. AND FURTHER PROVIDED, That no license shall be granted to any person to retail spirituous liquors until he or she shall furnish to the legislative authority satisfactory proof that he or she is a person of good moral character. Also, upon the payment of such sum as the county commissioners may establish and fix, by order duly entered in the record of their proceedings, not exceeding twenty-five dollars per annum for each billiard table, pigeon-hole table, or bowling alley, grant a license to any person applying for the same and giving such bond not exceeding two hundred dollars, as such commissioners may require: PROVIDED, No person shall be required to take out any license to sell any wine made from fruit produced by such person's own labor, in this territory. [2012 c 117 § 303; 1873 p 439 § 7; Code 1881, Bagley's Supp. p 27 § 7.]

67.14.080 Duration of license. The licenses authorized to be granted by this chapter shall at the option of the person applying for the same, be granted for six, nine, or twelve months, and the person holding such license may transact the business thereby authorized at any place in the county where such license is granted: PROVIDED, That such business shall not be transacted in but one place in the county at a time. 67.14.110 Druggists excepted. None of the provisions of this chapter shall be held to apply to the sale by apothecaries or druggists of spirituous, malt, or fermented liquors or wines for medicinal purposes, upon the prescription of a practicing physician. It shall determine and announce the place, time and duration of race meets for which license fees are exacted; and it shall be the duty of each person holding a license under the authority of this chapter, and every owner, trainer, jockey, and attendant at any race course in this state, to comply with all rules and regulations promulgated and all orders issued by the commission. It shall be unlawful for any person to hold any race meet without having first obtained and having in force and effect a license issued by the commission as in this chapter provided; and it shall be unlawful for any owner, trainer or jockey to participate in race meets in this state without first securing a license therefor from the state racing commission, the fee for which shall be set by the commission which shall offset the cost of administration and shall not be for a period exceeding one year.

(2) The commission shall immediately suspend the license of a person who has been certified under RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for a license under this chapter during the suspension, reissuance of the license shall be automatic upon the department's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the support order. The procedure in RCW 74.20A.320 is the exclusive administrative remedy for contesting the establishment of noncompliance with a child support order, and suspension of a license under this subsection, and satisfies the requirements of RCW 34.05.422. Every person making application for license to hold a race meet, under the provisions of this chapter shall file an application with the commission which shall set forth the time, the place, the number of days such meet will continue, and such other information as the commission may require. The commission shall be the sole judge of whether or not the race meet shall be licensed and the number of days the meet shall continue. No person who has been convicted of any crime involving moral turpitude shall be issued a license, nor shall any license be issued to any person who has violated the terms or provisions of this chapter, or any of the rules and regulations of the commission made pursuant thereto, or who has failed to pay to the commission any or all sums required under the provisions of this chapter. The license shall specify the number of days the race meet shall continue and the number of races per day, which shall include not less than six nor more than eleven live races per day, and for which a fee shall be paid daily in advance of five hundred dollars for each live race day for those licensees which had gross receipts from parimutuel machines in excess of fifty million dollars in the previous year and two hundred dollars for each day for meets which had gross receipts from parimutuel machines at or below fifty million dollars in the previous year; in addition any newly authorized live race meets shall pay two hundred dollars per day for the first year: PROVIDED, That if unforeseen obstacles arise, which prevent the holding, or completion of any race meet, the license fee for the meet, or for a portion which cannot be held may be refunded the licensee, if the commission deems the reasons for failure to hold or complete the race meet sufficient. Any unexpired license held by any person who violates any of the provisions of this chapter, or any of the rules or regulations of the commission made pursuant thereto, or who fails to pay to the commission any and all sums required under the provisions of this chapter, shall be subject to cancellation and revocation by the commission. Such cancellation shall be made only after a summary hearing before the commission, of which three days' notice, in writing, shall be given the licensee, specifying the grounds for the proposed cancellation, and at which hearing the licensee shall be given an opportunity to be heard in opposition to the proposed cancellation. 67.16.101 Legislative finding—Responsibilities of horse racing commission—Availability of interest on one percent of gross receipts to support nonprofit race meets. The legislature finds that:

(1) A primary responsibility of the horse racing commission is the encouragement of the training and development of the equine industry in the state of Washington whether the result of this training and development results in legalized horse racing or in the recreational use of horses;

(2) The horse racing commission has a further major responsibility to assure that any facility used as a race course should be maintained and upgraded to insure the continued safety of both the public and the horse at any time the facility is used for the training or contesting of these animals;

(3) Nonprofit race meets within the state have difficulty in obtaining sufficient funds to provide the maintenance and

upgrading necessary to assure this safety at these facilities, or to permit frequent use of these facilities by 4-H children or other horse owners involved in training; and

(4) The one percent of the parimutuel machine gross receipts used to pay a special purse to the licensed owners of Washington bred horses is available for the purpose of drawing interest, thereby obtaining funds to be disbursed to achieve the necessary support to these nonprofit race meets. [2006 c 174 § 2; 1977 ex.s. c 372 § 1.]

67.16.102 Withholding of additional one percent of gross receipts—Payment to owners—Interest payment on one percent and amount retained by commission—Reimbursement for new racetracks. (1) Notwithstanding any other provision of chapter 67.16 RCW to the contrary, the licensee shall withhold and shall pay daily to the commission, in addition to the percentages authorized by RCW 67.16.105, one percent of the gross receipts of all parimutuel machines at each race meet which sums shall, at the end of each meet, be paid by the commission to the licensed owners of those Washington bred only horses finishing first, second, third, and fourth at each meet from which the additional one percent is derived in accordance with an equitable distribution formula to be promulgated by the commission prior to the commencement of each race meet: PROVIDED, That nothing in this section shall apply to race meets which are nonprofit in nature, are of ten days or less, and have an average daily handle of less than one hundred twenty thousand dollars.

(2) The additional one percent specified in subsection (1) of this section shall be deposited by the commission in the Washington horse racing commission Washington bred owners' bonus fund and breeder awards account created in RCW 67.16.275. The interest derived from this account shall be distributed annually on an equal basis to those race courses at which independent race meets are held which are nonprofit in nature and are of ten days or less. Prior to receiving a payment under this subsection, any new race course shall meet the qualifications set forth in this section for a period of two years. All funds distributed under this subsection shall be used for the purpose of maintaining and upgrading the respective racing courses and equine quartering areas of said nonprofit meets.

(3) The commission shall not permit the licensees to take into consideration the benefits derived from this section in establishing purses.

(4) The commission is authorized to pay at the end of the calendar year one-half of the one percent collected from a new licensee under subsection (1) of this section for reimbursement of capital construction of that new licensee's new racetrack for a period of fifteen years. This reimbursement does not include interest earned on that one-half of one percent and such interest shall continue to be collected and disbursed as provided in RCW 67.16.101 and subsection (1) of this section. [2009 c 87 § 1; 2004 c 246 § 6; 2001 c 53 § 1; 1991 c 270 § 5; 1982 c 132 § 5; 1979 c 31 § 3; 1977 ex.s. c 372 § 2; 1969 ex.s. c 233 § 3.]

67.16.105 Gross receipts—Commission's percentage—Distributions. (1) Licensees of race meets that are nonprofit in nature and are of ten days or less are exempt from payment of a parimutuel tax.

(2) Licensees that do not fall under subsection (1) of this section must withhold and pay to the commission daily for each authorized day of parimutuel wagering the following applicable percentage of all daily gross receipts from its in-state parimutuel machines:

(a) If the gross receipts of all its in-state parimutuel machines are more than fifty million dollars in the previous calendar year, the licensee must withhold and pay to the commission daily 1.30 percent of the daily gross receipts; and

(b) If the gross receipts of all its in-state parimutuel machines are fifty million dollars or less in the previous calendar year, the licensee must withhold and pay to the commission daily 1.803 percent of the daily gross receipts.

(3)(a) In addition to those amounts in subsection (2) of this section, a licensee must forward one-tenth of one percent of the daily gross receipts of all its in-state parimutuel machines to the commission for payment to those nonprofit race meets as set forth in RCW 67.16.130 and subsection (1) of this section, but the percentage may not be charged against the licensee.

(b) Payments to nonprofit race meets under this subsection must be distributed on a per-race-day basis and used only for purses at racetracks that have been operating under RCW 67.16.130 and subsection (1) of this section in 2010 or for the five consecutive years immediately preceding the year of payment.

(c) As provided in this subsection, the commission must distribute funds up to fifteen thousand eight hundred dollars per race day from funds generated under this subsection (3).

(4) Beginning July 1, 1999, at the conclusion of each authorized race meet, the commission must calculate the mathematical average daily gross receipts of parimutuel wagering that is conducted only at the physical location of the live race meet at those race meets of licensees with gross receipts of all their in-state parimutuel machines of more than fifty million dollars. Such calculation shall include only the gross parimutuel receipts from wagering occurring on live racing dates, including live racing receipts and receipts derived from one simulcast race card that is conducted only at the physical location of the live racing meet, which, for the purposes of this subsection, is "the handle." If the calculation exceeds eight hundred eighty-six thousand dollars, the licensee must within ten days of receipt of written notification by the commission forward to the commission a sum equal to the product obtained by multiplying 0.6 percent by the handle. Sums collected by the commission under this subsection must be forwarded on the next business day following receipt thereof to the state treasurer to be deposited in the fair fund created in RCW 15.76.115. Intent—1995 c 173: "It is the intent of the legislature that one-half of the money being paid into the Washington thoroughbred racing fund continue to be directed to enhanced purses, and that one-half of the money being paid into the fund continue to be deposited into an escrow or trust account and used for the construction of a new thoroughbred racing facility in western Washington." [1995 c 173 § 1.]

Intent—1994 c 159: "It is the intent of the legislature to terminate payments into the Washington thoroughbred racing fund from licensees of non-profit race meets from March 30, 1994, until June 1, 1995, and to provide that one-half of moneys that otherwise would have been paid into the fund be directed to enhanced purses and one-half of moneys be deposited in an escrow or trust account and used solely for construction of a new thoroughbred racetrack facility in western Washington." [1994 c 159 § 1.]

Intent—1993 c 170: "It is the intent of the legislature that one-half of those moneys that would otherwise have been paid into the Washington thoroughbred racing fund be retained for the purpose of enhancing purses, excluding stakes purses, until that time as a permanent thoroughbred racing facility is built and operating in western Washington. It is recognized by the Washington legislature that the enhancement in purses provided in this legislation will not directly benefit all racetracks in Washington. It is the legislature's intent that the horse racing commission work with the horse racing community to ensure that this opportunity for increased purses will not inadvertently injure horse racing at tracks not directly benefiting from this legislation." 67.16.200 Parimutuel wagering at satellite locations—Simulcasts. (1) A class 1 racing association licensed by the commission to conduct a race meet may seek approval from the commission to conduct parimutuel wagering at a satellite location or locations within the state of Washington. In order to participate in parimutuel wagering at a satellite location or locations within the state of Washington, the holder of a class 1 racing association license must have conducted at least one full live racing season. All class 1 racing associations must hold a live race meet within each succeeding twelve-month period to maintain eligibility to continue to participate in parimutuel wagering at a satellite location or locations. The sale of parimutuel pools at satellite locations shall be conducted simultaneous to all parimutuel wagering activity conducted at the licensee's live racing facility in the state of Washington. The commission's authority to approve satellite wagering at a particular location is subject to the following limitations:

(a) The commission may approve only one satellite location in each county in the state; provided however, the commission may approve two satellite locations in counties with a population exceeding one million. The commission may grant approval for more than one licensee to conduct wagering at each satellite location. A satellite location shall not be operated within twenty driving miles of any class 1 racing facility. For the purposes of this section, "driving miles" means miles measured by the most direct route as determined by the commission; and

(b) A licensee shall not conduct satellite wagering at any satellite location within sixty driving miles of any other racing facility conducting a live race meet.

(2) Subject to local zoning and other land use ordinances, the commission shall be the sole judge of whether approval to conduct wagering at a satellite location shall be granted.

(3) The licensee shall combine the parimutuel pools of the satellite location with those of the racing facility for the purpose of determining odds and computing payoffs. The amount wagered at the satellite location shall be combined with the amount wagered at the racing facility for the application of take out formulas and distribution as provided in RCW 67.16.102, 67.16.105, 67.16.170, and 67.16.175. A satellite extension of the licensee's racing facility shall be subject to the same application of the rules of racing as the licensee's racing facility.

(4) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to locations outside of the state of Washington approved by the commission and in accordance with the interstate horse racing act of 1978 (15 U.S.C. Sec. 3001 to 3007) or any other applicable laws. The commission may permit parimutuel pools on the simulcast races to be combined in a common pool. A racing association that transmits simulcasts of its races to locations outside this state shall pay at least fifty percent of the fee that it receives for sale of the simulcast signal to the horsemen's or horsewomen's purse account for its live races after first deducting the actual cost of sending the signal out of state.

(5) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to licensed racing associations located within the state of Washington and approved by the commission for the receipt of the simulcasts. The commission shall permit parimutuel pools on the simulcast races to be combined in a common pool. The fee for in-state, track-to-track simulcasts shall be five and one-half percent of the gross parimutuel receipts generated at the receiving location and payable to the sending racing association. A racing association that transmits simulcasts of its races to other licensed racing associations shall pay at least fifty percent of the fee that it receives for the simulcast signal to the horsemen's or horsewomen's purse account for its live race meet after first deducting the actual cost of sending the simulcast signal. A racing association that receives races simulcast from class 1 racing associations within the state shall pay at least fifty percent of its share of the parimutuel receipts to the horsemen's or horsewomen's purse account for its live race meet after first deducting the purchase price and the actual direct costs of importing the race.

(6) A class 1 racing association may be allowed to import simulcasts of horse races from out-of-state racing facilities. With the prior approval of the commission, the class 1 racing association may participate in a multijurisdictional common pool and may change its commission and breakage rates to achieve a common rate with other participants in the common pool.

(a) The class 1 racing association shall make written application with the commission for permission to import simulcast horse races for the purpose of parimutuel wagering. Subject to the terms of this section, the commission is the sole authority in determining whether to grant approval for an imported simulcast race.

(b) When open for parimutuel wagering, a class 1 racing association which imports simulcast races shall also conduct simulcast parimutuel wagering within its licensed racing enclosure on all races simulcast from other class 1 racing associations within the state of Washington.

(c) On any imported simulcast race, the class 1 racing association shall pay fifty percent of its share of the parimutuel receipts to the horsemen's or horsewomen's purse account for its live race meet after first deducting the purchase price of the imported race and the actual costs of importing and offering the race.

(7) A licensed nonprofit racing association may be approved to import one simulcast race of regional or national interest on each live race day.

(8) For purposes of this section, a class 1 racing association is defined as a licensee approved by the commission to conduct during each twelve-month period at least forty days of live racing. If a live race day is canceled due to reasons directly attributable to acts of God, labor disruptions affecting live race days but not directly involving the licensee or its employees, or other circumstances that the commission decides are beyond the control of the class 1 racing association, then the canceled day counts toward the forty-day requirement. The commission may by rule increase the number of live racing days required to maintain class 1 racing association status or make other rules necessary to implement this section.

(9) This section does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before April 19, 1997. Therefore, this section does not allow gaming of any nature or scope that was prohibited before April 19, 1997. This section is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. The purpose of this section is to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. Therefore, a licensed class 1 racing association may be approved to disseminate imported simulcast race card programs to satellite locations approved under this section, provided that the class 1 racing association has conducted at least forty live racing days with an average on-track handle on the live racing product of a minimum of one hundred fifty thousand dollars per day during the twelve months immediately preceding the application date. However, to promote the development of a new class 1 racing association facility and to meet the best interests of the Washington equine breeding and racing industries, the commission may by rule reduce the required minimum average on-track handle on the live racing product from one hundred fifty thousand dollars per day to thirty thousand dollars per day.

(10) A licensee conducting simulcasting under this section shall place signs in the licensee's gambling establishment under RCW 9.46.071. The informational signs concerning problem and compulsive gambling must include a toll-free telephone number for problem and pathological gamblers and be developed under RCW 9.46.071.

(11) Chapter 10, Laws of 2001 1st sp. sess. does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before August 23, 2001. Therefore, this section does not allow gaming of any nature or scope that was prohibited before August 23, 2001. Chapter 10, Laws of 2001 1st sp. sess. is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. The purpose of chapter 10, Laws of 2001 1st sp. sess. is to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. [2013 c 23 § 178; 2013 c 18 § 1; 2007 c 100 § 1; 2004 c 274 § 2; 2001 1st sp.s. c 10 § 2; 2000 c 223 § 1; 1997 c 87 § 4; 1991 c 270 § 10; 1987 c 347 § 1.]

Reviser's note: This section was amended by 2013 c 18 § 1 and by 2013 c 23 § 178, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Finding—Purpose—2001 1st sp.s. c 10: "The legislature finds that Washington's equine racing industry creates economic, environmental, and recreational impacts across the state affecting agriculture, horse breeding, the horse training industry, agricultural fairs and youth programs, and tourism and employment opportunities. The Washington equine industry has incurred a financial decline coinciding with increased competition from the gaming industry in the state and from the lack of a class 1 racing facility in western Washington from 1993 through 1995. This act is necessary to preserve, restore, and revitalize the equine breeding and racing industries and to preserve in Washington the economic and social impacts associated with these industries. Preserving Washington's equine breeding and racing industries, and in particular those sectors of the industries that are dependent upon live horse racing, is in the public interest of the state. 67.17.005 Purpose. The purposes of the live horse racing compact are to:

- (1) Establish uniform requirements among the party states for the licensing of participants in live horse racing with pari-mutuel wagering, and ensure that all such participants who are licensed pursuant to the compact meet a uniform minimum standard of honesty and integrity;
- (2) Facilitate the growth of the horse racing industry in each party state and nationwide by simplifying the process for licensing participants in live racing, and reduce the dupli-

(2020 Ed.)

cative and costly process of separate licensing by the regulatory agency in each state that conducts live horse racing with pari-mutuel wagering;

(3) Authorize the Washington horse racing commission to participate in the live horse racing compact;

(4) Provide for participation in the live horse racing compact by officials of the party states, and permit those officials, through the compact committee established by this chapter, to enter into contracts with governmental agencies and non-governmental persons to carry out the purposes of the live horse racing compact; and

(5) Establish the compact committee created by this chapter as an interstate governmental entity duly authorized to request and receive criminal history record information from the federal bureau of investigation and other state and local law enforcement agencies. [2001 c 18 § 1.]

67.17.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Compact committee" means the organization of officials from the party states that is authorized and empowered by the live horse racing compact to carry out the purposes of the compact.

(2) "Official" means the appointed, elected, designated, or otherwise duly selected member of a racing commission or the equivalent thereof in a party state who represents that party state as a member of the compact committee.

(3) "Participants in live racing" means participants in live horse racing with pari-mutuel wagering in the party states.

(4) "Party state" means each state that has enacted the live horse racing compact.

(5) "State" means each of the several states of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and each territory or possession of the United States. [2001 c 18 § 2.]

67.17.020 Compact effective date. The live horse racing compact shall come into force when enacted by any four states. Thereafter, the compact shall become effective as to any other state upon: (1) That state's enactment of the compact; and (2) the affirmative vote of a majority of the officials on the compact committee as provided in RCW 67.17.070. [2001 c 18 § 3.]

67.17.030 Eligibility to enter compact. Any state that has adopted or authorized horse racing with pari-mutuel wagering is eligible to become party to the live horse racing compact. [2001 c 18 § 4.]

67.17.040 Withdrawal from compact. Any party state may withdraw from the live horse racing compact by enacting a statute repealing the compact, but no such withdrawal is effective until the head of the executive branch of the withdrawing state has given notice in writing of such withdrawal to the head of the executive branch of all other party states. If, as a result of withdrawals, participation in the compact decreases to less than three party states, the compact no longer shall be in force and effect unless and until there are at

least three or more party states again participating in the compact. [2001 c 18 § 5.]

67.17.050 Creation of compact committee. (1) There is created an interstate governmental entity to be known as the "compact committee" which shall be comprised of one official from the racing commission or its equivalent in each party state who shall be appointed, serve, and be subject to removal in accordance with the laws of the party state he or she represents. Under the laws of his or her party state, each official shall have the assistance of his or her state's racing commission or the equivalent thereof in considering issues related to licensing of participants in live racing and in fulfilling his or her responsibilities as the representative from his or her state to the compact committee. If an official is unable to perform any duty in connection with the powers and duties of the compact committee, the racing commission or equivalent thereof from his or her state shall designate another of its members as an alternate who shall serve in his or her place and represent the party state as its official on the compact committee until that racing commission or equivalent thereof determines that the original representative official is able once again to perform his or her duties as that party state's representative official on the compact committee. The designation of an alternate shall be communicated by the affected state's racing commission or equivalent thereof to the compact committee as the committee's bylaws may provide.

(2) The horse racing commission shall appoint the official to represent the state of Washington on the compact committee for a term of four years. No official may serve more than three consecutive terms. A vacancy shall be filled by the horse racing commission for the unexpired term. [2011 1st sp.s. c 21 § 29; 2001 c 18 § 6.]

Effective date—2011 1st sp.s. c 21: See note following RCW 72.23.025.

67.17.060 Compact committee powers and duties. In order to carry out the live horse racing compact, the compact committee is granted the power and duty to:

(1) Determine which categories of participants in live racing, including but not limited to owners, trainers, jockeys, grooms, mutuel clerks, racing officials, veterinarians, and farriers, should be licensed by the compact committee, and establish the requirements for the initial licensure of applicants in each such category, the term of the license for each category, and the requirements for renewal of licenses in each category. However, with regard to requests for criminal history record information on each applicant for a license, and with regard to the effect of a criminal record on the issuance or renewal of a license, the compact committee shall determine for each category of participants in live racing which licensure requirements for that category are, in its judgment, the most restrictive licensure requirements of any party state for that category and shall adopt licensure requirements for that category that are, in its judgment, comparable to those most restrictive requirements;

(2) Investigate applicants for a license from the compact committee and, as permitted by federal and state law, gather information on such applicants, including criminal history record information from the federal bureau of investigation and relevant state and local law enforcement agencies, and,

where appropriate, from the royal Canadian mounted police and law enforcement agencies of other countries, necessary to determine whether a license should be issued under the licensure requirements established by the compact committee under subsection (1) of this section. Only officials on, and employees of, the compact committee may receive and review such criminal history record information, and those officials and employees may use that information only for the purposes of the compact. No such official or employee may disclose or disseminate such information to any person or entity other than another official on or employee of the compact committee. The fingerprints of each applicant for a license from the compact committee shall be taken by the compact committee, its employees, or its designee and shall be forwarded to a state identification bureau, or to an association of state officials regulating pari-mutuel wagering designated by the attorney general of the United States, for submission to the federal bureau of investigation for a criminal history record check. Such fingerprints may be submitted on a fingerprint card or by electronic or other means authorized by the federal bureau of investigation or other receiving law enforcement agency;

(3) Issue licenses to, and renew the licenses of, participants in live racing listed in subsection (1) of this section who are found by the compact committee to have met the licensure and renewal requirements established by the compact committee. The compact committee shall not have the power or authority to deny a license. If it determines that an applicant will not be eligible for the issuance or renewal of a compact committee license, the compact committee shall notify the applicant that it will not be able to process his or her application further. Such notification does not constitute and shall not be considered to be the denial of a license. Any such applicant has the right to present additional evidence to, and to be heard by, the compact committee, but the final decision on issuance or renewal of the license shall be made by the compact committee using the requirements established under subsection (1) of this section;

(4) Enter into contracts or agreements with governmental agencies and with nongovernmental persons to provide personal services for its activities and such other services as may be necessary to carry out the compact;

(5) Create, appoint, and abolish those offices, employments, and positions, including an executive director, as it deems necessary for the purposes of the compact, prescribe their powers, duties, and qualifications, hire persons to fill those offices, employments, and positions, and provide for the removal, term, tenure, compensation, fringe benefits, retirement benefits, and other conditions of employment of its officers, employees, and other positions;

(6) Borrow, accept, or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association, corporation, or other entity;

(7) Acquire, hold, and dispose of real and personal property by gift, purchase, lease, license, or in other similar manner, in furtherance of the compact;

(8) Charge a fee to each applicant for an initial license or renewal of a license; and

(9) Receive other funds through gifts, grants, and appropriations. [2001 c 18 § 7.]

67.17.070 Compact committee voting requirements.

(1) Each official is entitled to one vote on the compact committee.

(2) All action taken by the compact committee with regard to the addition of party states as provided in RCW 67.17.020, the licensure of participants in live racing, and the receipt and disbursement of funds require a majority vote of the total number of officials, or their alternates, on the compact committee. All other action by the compact committee requires a majority vote of those officials, or their alternates, present and voting.

(3) No action of the compact committee may be taken unless a quorum is present. A majority of the officials, or their alternates, on the compact committee constitutes a quorum. [2001 c 18 § 8.]

67.17.080 Compact committee governance. (1) The compact committee shall elect annually from among its members a chair, a vice chair, and a secretary/treasurer.

(2) The compact committee shall adopt bylaws for the conduct of its business by a two-thirds vote of the total number of officials, or their alternates, on the compact committee at that time and shall have the power by the same vote to amend and rescind such bylaws. The compact committee shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendments thereto with the secretary of state or equivalent agency of each of the party states.

(3) The compact committee may delegate the day-to-day management and administration of its duties and responsibilities to an executive director and the executive director's support staff.

(4) Employees of the compact committee are considered governmental employees. [2001 c 18 § 9.]

67.17.090 Liability of compact committee employees or officials. No official of a party state or employee of the compact committee shall be held personally liable for any good faith act or omission that occurs during the performance and within the scope of his or her responsibilities and duties under the live horse racing compact. [2001 c 18 § 10.]

67.17.100 Conditions and terms for participating states. (1) By enacting the compact, each party state:

(a) Agrees: (i) To accept the decisions of the compact committee regarding the issuance of compact committee licenses to participants in live racing under the compact committee's licensure requirements; and (ii) to reimburse or otherwise pay the expenses of its official representative on the compact committee or his or her alternate;

(b) Agrees not to treat a notification to an applicant by the compact committee under RCW 67.17.060(3) that the compact committee will not be able to process the application further as the denial of a license, or to penalize such an applicant in any other way based solely on such a decision by the compact committee; and

(c) Reserves the right: (i) To charge a fee for the use of a compact committee license in that state; (ii) to apply its own standards in determining whether, on the facts of a particular case, a compact committee license should be suspended or revoked; (iii) to apply its own standards in determining licen-

(2020 Ed.)

sure eligibility, under the laws of that party state, for categories of participants in live racing that the compact committee determines not to license and for individual participants in live racing who do not meet the licensure requirements of the compact committee; and (iv) to establish its own licensure standards for the licensure of nonracing employees at horse racetracks and employees at separate satellite wagering facilities. Any party state that suspends or revokes a compact committee license shall, through its racing commission or the equivalent thereof or otherwise, promptly notify the compact committee of that suspension or revocation.

(2) No party state shall be held liable for the debts or other financial obligations incurred by the compact committee. [2001 c 18 § 11.]

67.17.110 Cooperation by governmental entities with compact committee. All departments, agencies, and officers of the state of Washington and its political subdivisions are authorized to cooperate with the compact committee in furtherance of any of its activities of the live horse racing compact. [2001 c 18 § 12.]

67.17.120 Impact on horse racing commission. Nothing in this chapter shall be construed to diminish or limit the powers and responsibilities of the Washington horse racing commission established in chapter 67.16 RCW or to invalidate any action of the Washington horse racing commission previously taken, including without limitation any regulation issued by the commission. [2001 c 18 § 13.]

67.17.130 Construction and severability of language. This chapter shall be liberally construed so as to effectuate its purposes. The provisions of this chapter are severable, and, if any phrase, clause, sentence, or provision of the compact is declared to be contrary to the Constitution of the United States or of any party state, or the applicability of the live horse racing compact to any government, agency, person, or circumstance is held invalid, the validity of the remainder of the compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If all or some portion of the live horse racing compact is held to be contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters. [2001 c 18 § 14.]

67.28.160 Revenue bonds—Issuance, sale, form, term, payment, reserves, actions. (1) To carry out the purposes of this chapter including, but not limited to, financing loans or grants to nonprofit organizations or public housing authorities for affordable workforce housing within one-half mile of a transit station, the legislative body of any municipality has the power to issue revenue bonds without submitting the matter to the voters of the municipality and may pledge the special taxes provided for in this chapter to the repayment of such revenue bonds. However, the legislative body must create a special fund or funds for the sole purpose of paying the principal of and interest on the bonds of each such issue, into which fund or funds the legislative body may obligate the municipality to pay all or part of amounts collected from the special taxes provided for in this chapter, and/or to pay such amounts of the gross revenue of all or any part of the facilities constructed, acquired, improved, added to, repaired, or replaced pursuant to this chapter, as the legislative body determines. The principal of and interest on such bonds is payable only out of such special fund or funds, and the owners of such bonds must have a lien and charge against the gross revenue pledged to such fund.

(a) The revenue bonds and the interest thereon issued against the fund or funds constitutes a claim of the owners thereof only as against such fund or funds and the revenue pledged therefor, and does not constitute a general indebtedness of the municipality.

(b) Each revenue bond must state upon its face that it is payable from such special fund or funds, and all revenue bonds issued under this chapter are negotiable securities within the provisions of the law of this state. The revenue bonds may be registered either as to principal only or as to principal and interest as provided in RCW 39.46.030, or may be bearer bonds. The revenue bonds must be:

(i) In such denominations as the legislative body deems proper;

(ii) Payable at such time or times and at such places, as determined by the legislative body;

(iii) Executed in such manner and bear interest at such rate or rates, as determined by the legislative body; and

(iv) Sold in such manner as the legislative body deems to be for the best interests of the municipality, either at public or private sale.

(c) The legislative body may at the time of the issuance of the revenue bonds make covenants with the owners of such bonds as it may deem necessary to secure and guaranty the payment of the principal thereof and the interest thereon, including but not being limited to covenants to set aside adequate reserves to secure or guaranty the payment of such principal and interest, to pledge and apply thereto part or all of any lawfully authorized special taxes provided for in this chapter, to maintain rates, charges, or rentals sufficient with other available moneys to pay such principal and interest and to maintain adequate coverage over debt service, to appoint a trustee or trustees for the bond owners, to safeguard the expenditure of the proceeds of sale of such bonds and to fix the powers and duties of such trustee or trustees and to make such other covenants as the legislative body may deem necessary to accomplish the most advantageous sale of such bonds. For revenue bonds issued for the purpose of funding affordable workforce housing projects within one-half mile of a transit station, where such revenue bonds are reasonably expected to be awarded to projects that can expend the funds within three years after bond issuance, the legislative body must require that the aggregate debt service on all such outstanding revenue bonds be limited to no more than fifty percent of the revenue collected under RCW 67.28.180(3)(d)(ii), and that at least ten percent of the aggregate proceeds of all such outstanding revenue bonds be committed to finance one or more projects by an authority under chapter 43.167 RCW to promote sustainable workplace opportunities near a community impacted by the construction or operation of tourism-related facilities. The legislative body may also provide that revenue bonds payable out of the same source may later be issued on a parity with revenue bonds being issued and sold.

(d) The legislative body may include in the principal amount of any such revenue bond issue an amount for engineering, architectural, planning, financial, legal, and other services and charges incident to the acquisition or construction of public stadium facilities, convention center facilities, performing arts center facilities, and/or visual arts center facilities, an amount to establish necessary reserves, an amount for working capital, and an amount necessary for interest during the period of construction of any facilities to be financed from the proceeds of such issue plus six months. The legislative body may, if it deems it in the best interest of the municipality, provide in any contract for the construction or acquisition of any facilities or additions or improvements thereto or replacements or extensions thereof that payment therefor may be made only in such revenue bonds.

(e) If the municipality fails to carry out or perform any of its obligations or covenants made in the authorization, issuance, and sale of such bonds, the owner of any such bond may bring action against the municipality and compel the performance of any or all of such covenants.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [2015 c 102 § 2; 1997 c 452 § 10; 1983 c 167 § 168; 1979 ex.s. c 222 § 3; 1973 2nd ex.s. c 34 § 3; 1967 c 236 § 9.]

67.28.170 Power to lease all or part of facilities—Disposition of proceeds. The legislative body of any municipality owning or operating tourism-related facilities acquired under this chapter shall have power to lease to any municipality or person, or to contract for the use or operation by any municipality or person, of all or any part of the facilities authorized by this chapter, including but not limited to parking facilities, concession facilities of all kinds and any property or property rights appurtenant to such tourism-related facilities, for such period and under such terms and conditions and upon such rentals, fees and charges as such legislative body may determine, and may pledge all or any portion of such rentals, fees and charges and all other revenue derived from the ownership and/or operation of such facilities to pay and to secure the payment of general obligation bonds and/or revenue bonds of such municipality issued for authorized tourism-related facilities purposes. [1997 c 452 § 11; 1979 ex.s. c 222 § 4; 1973 2nd ex.s. c 34 § 4; 1967 c 236 § 10.]

67.28.180 Lodging tax authorized—Conditions. (1) Subject to the conditions set forth in subsections (2) and (3) of this section, the legislative body of any county or any city, is authorized to levy and collect a special excise tax of not to exceed two percent on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW.

(2) Any levy authorized by this section is subject to the following:

(a) Any county ordinance or resolution adopted pursuant to this section must contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax for the full amount of any city tax imposed pursuant to this section upon the same taxable event.

(b)(i) In the event that any county has levied the tax authorized by this section and has, prior to June 26, 1975, either pledged the tax revenues for payment of principal and interest on city revenue or general obligation bonds authorized and issued pursuant to RCW 67.28.150 through [and] 67.28.160 or has authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through [and] 67.28.160, such county is exempt from the provisions of (a) of this subsection, to the extent that the tax revenues are pledged for payment of principal and interest on bonds issued at any time pursuant to the provisions of RCW 67.28.150 through [and] 67.28.160. However, so much of such pledged tax revenues, together with any investment earnings thereon, not immediately necessary for actual payment of principal and interest on such bonds may be used: (A) In any county with a population of one million five hundred thousand or more, for repayment either of limited tax levy general obligation bonds or of any county fund or account from which a loan was made, the proceeds from

the bonds or loan being used to pay for constructing, installing, improving, and equipping stadium capital improvement projects, and to pay for any engineering, planning, financial, legal and professional services incident to the development of such stadium capital improvement projects, regardless of the date the debt for such capital improvement projects was or may be incurred; (B) in any county with a population of one million five hundred thousand or more, for repayment or refinancing of bonded indebtedness incurred prior to January 1, 1997, for any purpose authorized by this section or relating to stadium repairs or rehabilitation, including but not limited to the cost of settling legal claims, reimbursing operating funds, interest payments on short-term loans, and any other purpose for which such debt has been incurred if the county has created a public stadium authority to develop a stadium and exhibition center under RCW 36.102.030; or (C) in other counties, for county-owned facilities for agricultural promotion until January 1, 2009, and thereafter for any purpose authorized in this chapter.

(ii) A county is exempt under this subsection with respect to city revenue or general obligation bonds issued after April 1, 1991, only if such bonds mature before January 1, 2013. If any county located east of the crest of the Cascade mountains has levied the tax authorized by this section and has, prior to June 26, 1975, pledged the tax revenue for payment of principal and interest on city revenue or general obligation bonds, the county is exempt under this subsection with respect to revenue or general obligation bonds issued after January 1, 2007, only if the bonds mature before January 1, 2035. Such a county may only use funds under this subsection (2)(b) for constructing or improving facilities authorized under this chapter, including county-owned facilities for agricultural promotion.

(iii) As used in this subsection (2)(b), "capital improvement projects" may include, but not be limited to a stadium restaurant facility, restroom facilities, artificial turf system, seating facilities, parking facilities and scoreboard and information system adjacent to or within a county owned stadium, together with equipment, utilities, accessories and appurtenances necessary thereto. The stadium restaurant authorized by this subsection (2)(b) must be operated by a private concessionaire under a contract with the county.

(c)(i) No city within a county exempt under (b) of this subsection may levy the tax authorized by this section so long as said county is so exempt.

(ii) No city within a county with a population of one million five hundred thousand or more may levy the tax authorized by this section.

(iii) However, in the event that any city in a county described in (c)(i) or (ii) of this subsection (2) has levied the tax authorized by this section and has, prior to June 26, 1975, authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through [and] 67.28.160, such city may levy the tax so long as the tax revenues are pledged for payment of principal and interest on bonds issued at any time pursuant to the provisions of RCW 67.28.150 through [and] 67.28.160.

(3) Any levy authorized by this section by a county that has a population of one million five hundred thousand or more is subject to the following:

(a) Taxes collected under this section in any calendar year before 2013 in excess of five million three hundred thousand dollars may only be used as follows:

(i) Seventy percent from January 1, 2001, through December 31, 2012, for art museums, cultural museums, heritage museums, the arts, and the performing arts. Moneys spent under this subsection (3)(a)(i) must be used for the purposes of this subsection (3)(a)(i) in all parts of the county.

(ii) Thirty percent from January 1, 2001, through December 31, 2012, for the following purposes and in a manner reflecting the following order of priority: Stadium purposes as authorized under subsection (2)(b) of this section; acquisition of open space lands; youth sports activities; and tourism promotion. If all or part of the debt on the stadium is refinanced, all revenues under this subsection (3)(a)(ii) must be used to retire the debt.

(b) From January 1, 2013, through December 31, 2015, all revenues under this section must be used to retire the debt on the stadium, until the debt on the stadium is retired. On and after the date the debt on the stadium is retired, and through December 31, 2015, all revenues under this section in a county of one million five hundred thousand or more must be deposited in the special account under (e) of this subsection.

(c) From January 1, 2016, through December 31, 2020, all revenues under this section must be deposited in the stadium and exhibition center account under RCW 43.99N.060.

(d) On and after January 1, 2021, the revenues under this section must be used as follows:

(i) At least thirty-seven and one-half percent of the revenues under this section must be deposited in the special account under (e) of this subsection.

(ii) At least thirty-seven and one-half percent of the revenues under this section must be used:

(A) For contracts, loans, or grants to nonprofit organizations or public housing authorities for affordable workforce housing within one-half mile of a transit station, as described under RCW 9.91.025 or for services for homeless youth; or

(B) To repay:

(I) General obligation bonds issued pursuant to RCW 67.28.150 to finance such contracts, loans, or grants; or

(II) Revenue bonds issued pursuant to RCW 67.28.160 to finance a fund to make such contracts, loans, or grants; or

(III) Revenue bonds issued pursuant to RCW 67.28.160 to finance projects authorized by an authority under chapter 43.167 RCW to promote sustainable workplace opportunities near a community impacted by the construction or operation of tourism-related facilities.

(iii) The remainder must be used for capital or operating programs that promote tourism and attract tourists to the county.

(e) At least forty percent of the revenues distributed pursuant to (a)(i) of this subsection must be deposited in a special account. The account may only be used for the purposes of (a)(i) of this subsection.

(f) School districts and schools may not receive revenues distributed pursuant to (a)(i) of this subsection.

(g) Moneys distributed to art museums, cultural museums, heritage museums, the arts, and the performing arts, and moneys distributed for tourism promotion must be in addition

to and may not be used to replace or supplant any other funding by the legislative body of the county.

(h) For the purposes of this section:

(i) "Affordable workforce housing" means housing for a single person, family, or unrelated persons living together whose income is between thirty percent and eighty percent of the median income, adjusted for household size, for the county where the housing is located; and

(ii) "Tourism promotion" includes activities intended to attract visitors for overnight stays, arts, heritage, and cultural events, and recreational, professional, and amateur sports events. Moneys allocated to tourism promotion in a county with a population of one million or more must be allocated to local public organizations and nonprofit organizations formed for the express purpose of tourism promotion in the county. Such organizations must use moneys from the taxes to promote events in all parts of the county.

(i) No taxes collected under this section may be used for the operation or maintenance of a public stadium that is financed directly or indirectly by bonds to which the tax is pledged. Expenditures for operation or maintenance include all expenditures other than expenditures that directly result in new fixed assets or that directly increase the capacity, life span, or operating economy of existing fixed assets.

(j) No ad valorem property taxes may be used for debt service on bonds issued for a public stadium that is financed by bonds to which the tax is pledged, unless the taxes collected under this section are or are projected to be insufficient to meet debt service requirements on such bonds.

(k) If a substantial part of the operation and management of a public stadium that is financed directly or indirectly by bonds to which the tax is pledged is performed by a nonpublic entity or if a public stadium is sold that is financed directly or indirectly by bonds to which the tax is pledged, any bonds to which the tax is pledged shall be retired. This subsection (3)(k) does not apply in respect to a public stadium under chapter 36.102 RCW transferred to, owned by, or constructed by a public facilities district under chapter 36.100 RCW or a stadium and exhibition center.

(l) The county may not lease a public stadium that is financed directly or indirectly by bonds to which the tax is pledged to, or authorize the use of the public stadium by, a professional major league sports franchise unless the sports franchise gives the right of first refusal to purchase the sports franchise, upon its sale, to local government. This subsection (3)(l) does not apply to contracts in existence on April 1, 1986.

(4) If a court of competent jurisdiction declares any provision of subsection (3) of this section invalid, then that invalid provision is null and void and the remainder of this section is not affected. [2015 c 102 § 3; 2011 1st sp.s. c 38 § 1; 2010 1st sp.s. c 26 § 8; 2007 c 189 § 1; (2008 c 264 § 2 expired July 1, 2009); 2002 c 178 § 2; 1997 c 220 § 501 (Referendum Bill No. 48, approved June 17, 1997); 1995 1st sp.s. c 14 § 10; 1995 c 386 § 8. Findings—Intent—2008 c 264: "The legislature finds that locally funded heritage and arts programs build vital communities and preserve community history and culture. It further finds that within existing revenue

sources, local jurisdictions should have the capability to preserve these programs in the future.

The locally funded heritage and arts program in the state's most populated county was established in 1989 using a portion of hotel-motel tax revenues. This program was structured to provide for inflation and an expanding population of the county.

In 1997, the legislature acted to assure the future of the heritage and arts program by creating an endowment fund using these same local funds. This funding mechanism has proved to be inadequate and unless immediately modified will result in a seventy-five percent reduction of funds for the program.

This act will provide a stable and predictable flow of funds to the program, provide for inflation and an expanding population, and assure the future viability of the program within existing revenue flows." [2008 c 264 § 1.]

67.70.070 Licenses for lottery sales agents—Factors—"Person" defined. No license as an agent to sell lottery tickets or shares may be issued to any person to engage in business exclusively as a lottery sales agent. Before issuing a license, the director shall consider such factors as: (1) The financial responsibility and security of the person and his or her business or activity, (2) the accessibility of his or her place of business or activity to the public, (3) the sufficiency of existing licenses to serve the public convenience, and (4) the volume of expected sales.

For purposes of this section, the term "person" means an individual, association, corporation, club, trust, estate, society, company, joint stock company, receiver, trustee, assignee, referee, or any other person acting in a fiduciary or representative capacity, whether appointed by a court or otherwise, and any combination of individuals. "Person" does not mean any department, commission, agency, or instrumentality of the state, or any county or municipality or any agency or instrumentality thereof, except for retail outlets of the *state liquor control board. [2012 c 117 § 308; 1982 2nd ex.s. c 7 § 7.]

67.70.090 Denial, suspension, and revocation of licenses. The director may deny an application for, or suspend or revoke, after notice and hearing, any license issued pursuant to this chapter. Such license may, however, be temporarily suspended by the director without prior notice, pending any prosecution, investigation, or hearing. A license may be suspended or revoked or an application may be denied by the director for one or more of the following reasons:

(1) Failure to account for lottery tickets received or the proceeds of the sale of lottery tickets or to file a bond if required by the director or to comply with the instructions of the director concerning the licensed activity;

(2) For any of the reasons or grounds stated in RCW 9.46.075 or violation of this chapter or the rules of the commission;

(3) Failure to file any return or report or to keep records or to pay any tax required by this chapter;

(4) Fraud, deceit, misrepresentation, or conduct prejudicial to public confidence in the state lottery;

For the purpose of reviewing any application for a license and for considering the denial, suspension, or revocation of any license the director may consider any prior criminal conduct of the applicant or licensee and the provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to such cases. [1982 2nd ex.s. c 7 § 9.]

67.70.100 Assignment of rights prohibited—Exceptions—Notices—Assignment of payment of remainder of an annuity—Intervention—Limitation on payment by director—Rules—Recovery of costs of commission—Federal ruling required—Discharge of liability. (1) Except under subsection (2) of this section, no right of any person to a prize drawn is assignable, except that payment of any prize drawn may be paid to the estate of a deceased prize winner, and except that any person pursuant to an appropriate judicial order may be paid the prize to which the winner is entitled.

(2)(a) The payment of all or part of the remainder of an annuity may be assigned to another person, pursuant to a voluntary assignment of the right to receive future annual prize payments, if the assignment is made pursuant to an appropriate judicial order of the Thurston county superior court or the superior court of the county in which the prize winner resides, if the winner is a resident of Washington state. If the prize winner is not a resident of Washington state, the winner must seek an appropriate order from the Thurston county superior court.

(b) If there is a voluntary assignment under (a) of this subsection, a copy of the petition for an order under (a) of this subsection and all notices of any hearing in the matter shall be served on the attorney general no later than ten days before any hearing or entry of any order.

(c) The court receiving the petition may issue an order approving the assignment and directing the director to pay to the assignee the remainder or portion of an annuity so assigned upon finding that all of the following conditions have been met:

(i) The assignment has been memorialized in writing and executed by the assignor and is subject to Washington law;

(ii) The assignor provides a sworn declaration to the court attesting to the facts that the assignor has had the opportunity to be represented by independent legal counsel in connection with the assignment, has received independent financial and tax advice concerning the effects of the assignment, and is of sound mind and not acting under duress, and the court makes findings determining so;

(iii) The assignee has provided a one-page written disclosure statement that sets forth in bold-face type, fourteen point or larger, the payments being assigned by amount and payment dates, the purchase price, or loan amount being paid; the interest rate or rate of discount to present value, assuming monthly compounding and funding on the contract date; and the amount, if any, of any origination or closing fees that will be charged to the lottery winner. The disclosure statement must also advise the winner that the winner should consult with and rely upon the advice of his or her own independent legal or financial advisors regarding the potential federal and state tax consequences of the transaction; and

(iv) The proposed assignment does not and will not include or cover payments or portions of payments subject to offsets pursuant to RCW 67.70.255 unless appropriate provision is made in the order to satisfy the obligations giving rise to the offset.

(d) The commission may intervene as of right in any proceeding under this section but shall not be deemed an indispensable or necessary party.

(3) The director will not pay the assignee an amount in excess of the annual payment entitled to the assignor.

(4) The commission may adopt rules pertaining to the assignment of prizes under this section, including recovery of actual costs incurred by the commission. The recovery of actual costs shall be deducted from the initial annuity payment made to the assignee.

(5) No voluntary assignment under this section is effective unless and until the national office of the federal internal revenue service provides a ruling that declares that the voluntary assignment of prizes will not affect the federal income tax treatment of prize winners who do not assign their prizes. If at any time the federal internal revenue service or a court of competent jurisdiction provides a determination letter, revenue ruling, other public ruling of the internal revenue service or published decision to any state lottery or state lottery prize winner declaring that the voluntary assignment of prizes will effect the federal income tax treatment of prize winners who do not assign their prizes, the director shall immediately file a copy of that letter, ruling, or published decision with the secretary of state. No further voluntary assignments may be allowed after the date the ruling, letter, or published decision is filed.

(6) The occurrence of any event described in subsection (5) of this section does not render invalid or ineffective assignments validly made and approved pursuant to an appropriate judicial order before the occurrence of any such event.

(7) The requirement for a disclosure statement in subsection (2)(c)(iii) of this section does not apply to any assignment agreement executed before April 21, 1997.

(8) The commission and the director shall be discharged of all further liability upon payment of a prize pursuant to this section. [1997 c 111 § 1; 1996 c 228 § 2; 1982 2nd ex.s. c 7 § 10.]

Intent—1996 c 228: "The Washington state lottery act under chapter 7, Laws of 1982 2nd ex. sess., provides, among other things, that the right of any person to a prize shall not be assignable, except to the estate of a deceased prize winner, or to a person designated pursuant to an appropriate judicial order. Current law and practices provide that those who win lotto jackpots are paid in annual installments over a period of twenty years. The legislature recognizes that some prize winners, particularly elderly persons, those seeking to acquire a small business, and others with unique needs, may not want to wait to be paid over the course of up to twenty years. It is the intent of the legislature to provide a restrictive means to accommodate those prize winners who wish to enjoy more of their winnings currently, without impacting the current fiscal structure of the Washington state lottery commission." [1996 c 228 § 1.]

(1) A ticket or share shall not be sold to any person under the age of eighteen, but this shall not be deemed to prohibit the purchase of a ticket or share for the purpose of making a gift by a person eighteen years of age or older to a person less than that age.

(2) Any licensee who knowingly sells or offers to sell a lottery ticket or share to any person under the age of eighteen is guilty of a misdemeanor.

Intent—2011 c 352: "In recognition of the extraordinary sacrifices made by the men and women serving in the United States armed forces, including Washington state's national guard and reserves, the legislature intends to authorize an ongoing source of funding to preserve the veterans innovations program. This important program provides assistance to military members and their families who face extreme financial hardships due to extended deployments." [2011 c 352 § 1.]

Findings—Intent—2010 1st sp.s. c 27: See note following RCW 28B.76.526.

Purpose—Intent—2001 c 3 (Initiative Measure No. 728): "The citizens of Washington state expect and deserve great public schools for our generation of school children and for those who will follow. A quality public education system is crucial for our state's future economic success and prosperity, and for our children and their children to lead successful lives.

The purpose of this act is to improve public education and to achieve higher academic standards for all students through smaller class sizes and other improvements. A portion of the state's surplus general fund revenues is dedicated to this purpose.

In 1993, Washington state made a major commitment to improved public education by passing the Washington education reform act. This act established new, higher standards of academic achievement for all students. It also established new levels of accountability for students, teachers, schools, and school districts. However, the K-12 finance system has not been changed to respond to the new standards and individual student needs.

(2020 Ed.)

To make higher student achievement a reality, schools need the additional resources and flexibility to provide all students with more individualized quality instruction, more time, and the extra support that they may require. We need to ensure that curriculum, instruction methods, and assessments of student performance are aligned with the new standards and student needs. The current level of state funding does not provide adequate resources to support higher academic achievement for all students. In fact, inflation-adjusted per-student state funding has declined since the legislature adopted the 1993 education reform act.

The erosion of state funding for K-12 education is directly at odds with the state's "paramount duty to make ample provision for the education of all children...." Now is the time to invest some of our surplus state revenues in K-12 education and redirect state lottery funds to education, as was originally intended, so that we can fulfill the state's paramount duty.

Conditions and needs vary across Washington's two hundred ninety-six school districts. School boards accountable to their local communities should therefore have the flexibility to decide which of the following strategies will be most effective in increasing student performance and in helping students meet the state's new, higher academic standards:

- (1) Major reductions in K-4 class size;
- (2) Selected class size reductions in grades 5-12, such as small high school writing classes;
- (3) Extended learning opportunities for students who need or want additional time in school;
- (4) Investments in educators and their professional development;
- (5) Early assistance for children who need prekindergarten support in order to be successful in school; and
- (6) Providing improvements or additions to facilities to support class size reductions and extended learning opportunities.

REDUCING CLASS SIZE

Smaller classes in the early grades can significantly increase the amount of learning that takes place in the classroom. Washington state now ranks forty-eighth in the nation in its student-teacher ratio. This is unacceptable.

Significant class size reductions will provide our children with more individualized instruction and the attention they need and deserve and will reduce behavioral problems in classrooms. The state's long-term goal should be to reduce class size in grades K-4 to no more than eighteen students per teacher in a class.

The people recognize that class size reduction should be phased-in over several years. It should be accompanied by the necessary funds for school construction and modernization and for high-quality, well-trained teachers.

EXTENDED LEARNING OPPORTUNITIES

Student achievement will also be increased if we expand learning opportunities beyond our traditional-length school day and year. In many school districts, educators and parents want a longer school day, a longer school year, and/or all-day kindergarten to help students improve their academic performance or explore new learning opportunities. In addition, special programs such as before-and-after-school tutoring will help struggling students catch and keep up with their classmates. Extended learning opportunities will be increasingly important as attainment of a certificate of mastery becomes a high school graduation requirement.

TEACHER QUALITY

Key to every student's academic success is a quality teacher in every classroom. Washington state's new standards for student achievement make teacher quality more important than ever. We are asking our teachers to teach more demanding curriculum in new ways, and we are holding our educators and schools to new, higher levels of accountability for student performance. Resources are needed to give teachers the content knowledge and skills to teach to higher standards and to give school leaders the skills to improve instruction and manage organizational change.

The ability of school districts throughout the state to attract and retain the highest quality teaching corps by offering competitive salaries and effective working conditions is an essential element of basic education. The state legislature is responsible for establishing teacher salaries. It is imperative that the legislature fund salary levels that ensure school districts' ability to recruit and retain the highest quality teachers.

EARLY ASSISTANCE

The importance of a child's intellectual development in the first five years has been established by widespread scientific research. This is especially true for children with disabilities and special needs. Providing assistance appropriate to children's developmental needs will enhance the aca-

demographic achievement of these children in grades K-12. Early assistance will also lessen the need for more expensive remedial efforts in later years.

NO SUPPLANTING OF EXISTING EDUCATION FUNDS

It is the intent of the people that existing state funding for education, including all sources of such funding, shall not be reduced, supplanted, or otherwise adversely impacted by appropriations or expenditures from the *student achievement fund created in RCW 43.135.045 or the education construction fund.

INVESTING SURPLUS IN SCHOOLS UNTIL GOAL MET

It is the intent of the people to invest a portion of state surplus revenues in their schools. This investment should continue until the state's contribution to funding public education achieves a reasonable goal. The goal should reflect the state's paramount duty to make ample provision for the education of all children and our citizens' desire that all students receive a quality education. The people set a goal of per-student state funding for the maintenance and operation of K-12 education being equal to at least ninety percent of the national average per-student expenditure from all sources. When this goal is met, further deposits to the *student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level." [2001 c 3 § 2 (Initiative Measure No. 728, approved November 7, 2000).]

67.70.250 Methods for payment of prizes by installments. If the director decides to pay any portion of or all of the prizes in the form of installments over a period of years, the director shall provide for the payment of all such installments for any specific lottery game by one, but not both, of the following methods:

(1) The director may enter into contracts with any financially responsible person or firm providing for the payment of such installments; or

(2) The director may establish and maintain a reserve account into which shall be placed sufficient moneys for the director to pay such installments as they become due. Such

67.70.340 Transfer of shared game lottery proceeds.

(1) The legislature recognizes that creating a shared game lottery could result in less revenue being raised by the existing state lottery ticket sales. The legislature further recognizes that the fund most impacted by this potential event is the Washington opportunity pathways account. Therefore, it is the intent of the legislature to use some of the proceeds from the shared game lottery to make up the difference that the potential state lottery revenue loss would have on the Washington opportunity pathways account. The legislature further intends to use some of the proceeds from the shared game lottery to fund programs and services related to problem and pathological gambling.

(2) The Washington opportunity pathways account is expected to receive one hundred two million dollars annually from state lottery games other than the shared game lottery. For fiscal year 2011 and thereafter, if the amount of lottery revenues earmarked for the Washington opportunity pathways account is less than one hundred two million dollars, the commission, after making the transfer required under subsection (3) of this section, must transfer sufficient moneys from revenues derived from the shared game lottery into the Washington opportunity pathways account to bring the total revenue up to one hundred two million dollars.

(3)(a) The commission shall transfer, from revenue derived from the shared game lottery, to the problem gambling account created in *RCW 43.20A.892, an amount equal to the percentage specified in (b) of this subsection of net

receipts. For purposes of this subsection, "net receipts" means the difference between (i) revenue received from the sale of lottery tickets or shares and revenue received from the sale of shared game lottery tickets or shares; and (ii) the sum of payments made to winners.

(b) In fiscal year 2006, the percentage to be transferred to the problem gambling account is one-tenth of one percent. In fiscal year 2007 and subsequent fiscal years, the percentage to be transferred to the problem gambling account is thirteen one-hundredths of one percent.

(4) The commission shall transfer the remaining net revenues, if any, derived from the shared game lottery "Powerball" authorized in RCW 67.70.044(1) after the transfers pursuant to this section into the state general fund for support for the program of basic education under RCW 28A.150.200.

(5) The remaining net revenues, if any, in the shared game lottery account after the transfers pursuant to this section shall be deposited into the Washington opportunity pathways account. The commission shall report to the economic development, higher education, and commerce committees of the legislature on the key messages, components, performance objectives, and anticipated revenue impacts of the strategy by September 1, 2010, and by December 1, 2010. purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships.
