PREFACE

This "Pictorial Directory of 1959 Washington State Legislature" is designed to provide biographical material about the members of the legislature and the information of the general public.

Many states publish official "Blue Books" containing information about their public officials. Since lack of funds makes this impossible in Washington, we offer this smaller volume.

I hope that members of the 36th Legislature will find this a useful reference work and a memento of their service in this body.

The State Legislature

The Legislature is the paramount branch of American Government. It makes the state laws, controls the expenditures and determines the duties which the administrative authorities perform.

Without action by the state legislature there would be no elections, no registration, no public schools and no municipalities.

It regulates the citizen's civil rights and duties, secures him in the tenure of his property, and makes most of the rules that govern his daily movements.

In presenting this volume, I wish to express my sincere appreciation and thanks to the following. *Hon. John L. O'Brien, Speaker of the House, Hon. Gerald Dixon, Speaker Pro-Tem of the Senate. S.R. "Si" Holcomb, Chief Clerk of the House and Ward Bowden, Secretary of the Senate* for their cooperation in providing information and in arranging for the pictures used in this book.

VICTOR A. MEYERS
