SB 5017 Prime Sponsor, Senator Wellman: Clarifying school district procurement requirements for personal service contracts for construction management, value engineering, constructibility review, and building commissioning. Reported by Committee on Capital Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that school construction procurement processes must comply with the requirements of public works laws specified in chapter 39.04 RCW. Competitive bidding requirements under chapter 39.04 RCW apply to construction contracts by registered contractors. Procurement requirements in RCW 28A.335.190 for public works by school districts are not well defined and may be interpreted as being inconsistent with the requirements of chapter 39.04 RCW and with the authority to contract for personal services under RCW 28A.320.035. The purpose of this act is to make retroactive, remedial, curative, and technical amendments to clarify the intent of RCW 28A.335.190.

Sec. 2. RCW 28A.335.190 and 2013 c 223 s 1 are each amended to read as follows:

(1) When, in the opinion of the board of directors of any school district, the cost of any furniture, supplies, equipment, building, improvements, or repairs, (~~or~~) other construction work by a contractor who meets the criteria in RCW 39.04.350, or other purchases, except books, will equal or exceed the threshold levels specified in subsections (2) and (4) of this section, complete plans and specifications for such work or purchases shall be prepared and notice by

publication given in at least one newspaper of general circulation within the district, once each week for two consecutive weeks, of the intention to receive bids and that specifications and other information may be examined at the office of the board or any other officially designated location. The cost of any public work, improvement, or repair for the purposes of this section shall be the aggregate of all amounts to be paid for labor, material, and equipment on one continuous or interrelated project where work is to be performed simultaneously or in close sequence. The bids shall be in writing and shall be opened and read in public on the date and in the place named in the notice and after being opened shall be filed for public inspection.

(2) Every purchase of furniture, equipment, or supplies, except books, the cost of which is estimated to be in excess of forty thousand dollars, shall be on a competitive basis. The board of directors shall establish a procedure for securing telephone and/or written quotations for such purchases. Whenever the estimated cost is from forty thousand dollars up to seventy-five thousand dollars, the procedure shall require quotations from at least three different sources to be obtained in writing or by telephone, and recorded for public perusal. Whenever the estimated cost is in excess of seventy-five thousand dollars, the public bidding process provided in subsection (1) of this section shall be followed.

(3) Any school district may purchase goods produced or provided in whole or in part from class II inmate work programs operated by the department of corrections pursuant to RCW 72.09.100, including but not limited to furniture, equipment, or supplies. School districts are encouraged to set as a target to contract, beginning after June 30, 2006, to purchase up to one percent of the total goods required by the school districts each year, goods produced or provided in whole or in part from class II inmate work programs operated by the department of corrections.

(4) The board may make improvements or repairs to the property of the district through a department within the district without following the public bidding process provided in subsection (1) of this section when the total of such improvements or repairs does not exceed

the sum of seventy-five thousand dollars. Whenever the estimated cost of a building, improvement, repair, or other public works project is one hundred thousand dollars or more, the public bidding process provided in subsection (1) of this section shall be followed unless the contract is let using the small works roster process in RCW 39.04.155 or under any other procedure authorized for school districts. One or more school districts may authorize an educational service district to establish and operate a small works roster for the school district under the provisions of RCW 39.04.155.

(5) The contract for the work or purchase shall be awarded to the lowest responsible bidder as described in RCW 39.26.160(2) but the board may by resolution reject any and all bids and make further calls for bids in the same manner as the original call. On any work or purchase the board shall provide bidding information to any qualified bidder or the bidder's agent, requesting it in person.

(6) In the event of any emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the board declaring the existence of such an emergency and reciting the facts constituting the same, the board may waive the requirements of this section with reference to any purchase or contract: PROVIDED, That an "emergency," for the purposes of this section, means a condition likely to result in immediate physical injury to persons or to property of the school district in the absence of prompt remedial action.

(7) This section does not apply to the direct purchase of school buses by school districts and educational services in accordance with RCW 28A.160.195.

(8) This section does not apply to the purchase of Washington grown food.

(9) At the discretion of the board, a school district may develop and implement policies and procedures to facilitate and maximize to the extent practicable, purchases of Washington grown food including, but not limited to, policies that permit a percentage price preference for the purpose of procuring Washington grown food.

(10) As used in this section, "Washington grown" has the definition in RCW 15.64.060.

(11) As used in this section, "price percentage preference" means the percent by which a responsive bid from a responsible bidder whose product is a Washington grown food may exceed the lowest responsive bid submitted by a responsible bidder whose product is not a Washington grown food.

(12) For purposes of this section, "construction work" does not include the following services: (a) Construction management services; (b) value engineering; (c) constructability review; (d) building commissioning; and (e) other construction-related professional and personal services.

(13) Requests for proposals or qualifications, advertisements, bids, or calls for bids pursuant to this section for the services listed under subsection (12) of this section, must include the standard clauses required under RCW 39.19.050.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

E2SSB 5287 Prime Sponsor, Committee on Ways & Means: Concerning affordable housing incentives. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 84.14.005 and 2007 c 430 s 1 are each amended to read as follows:

(1) The legislature finds:

~~((1))~~ (a) That in many of Washington's urban centers there is insufficient availability of desirable and convenient residential units, including affordable housing units, to meet the needs of a growing number of the public who would live in these urban centers if these desirable, convenient, attractive, affordable, and livable places to live were available;

~~((2))~~ (b) That the development of additional and desirable residential units, including affordable housing units, in these urban centers that will attract and maintain a significant increase in the number of permanent residents in these areas will help to alleviate the detrimental conditions and social liability that tend to exist in the absence of a viable mixed income

residential population and will help to achieve the planning goals mandated by the growth management act under RCW 36.70A.020; and

~~((3))~~ (c) That planning solutions to solve the problems of urban sprawl often lack incentive and implementation techniques needed to encourage residential redevelopment in those urban centers lacking a sufficient variety of residential opportunities, and it is in the public interest and will benefit, provide, and promote the public health, safety, and welfare to stimulate new or enhanced residential opportunities, including affordable housing opportunities, within urban centers through a tax incentive as provided by this chapter.

(2) Therefore, the legislature intends to achieve multiple goals by incentivizing the development of multiple-unit housing including creating additional affordable housing, encouraging urban development and density, increasing market rate workforce housing, developing permanently affordable housing opportunities, promoting economic investment and recovery, and creating family-wage jobs.

Sec. 2. RCW 84.14.010 and 2017 c 52 s 16 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

~~((10*))~~ (9) "Moderate-income household" means a single person, family, or unrelated persons living together whose adjusted income is more than eighty percent but is at or below one hundred fifteen percent of the median family income adjusted for family size, for the county, city, or metropolitan statistical area, where the project is located, as reported by the United States

~~((11*))~~ (10) "Multiple-unit housing" means a building or a group of buildings having four or more dwelling units not designed or used as transient accommodations and not including hotels and motels. ~~((16*))~~ (15) "Rural county" means a county with a population between fifty thousand and seventy-one thousand and bordering Puget Sound.

~~((17*))~~ (16) "Substantial compliance" means compliance with local building or housing code requirements that are typically required for rehabilitation as opposed to new construction.

~~((18))~~ (17) "Urban center" means a compact identifiable district where urban residents may obtain a variety of products and services. An urban center must contain:

(b) Adequate public facilities including streets, sidewalks, lighting, transit, domestic water, and sanitary sewer systems; and

(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office, or both, use.

Sec. 3. RCW 84.14.020 and 2020 c 237 s 2 are each amended to read as follows:

(1)(a) The value of new housing construction, conversion, and rehabilitation improvements qualifying under this chapter is exempt from ad valorem property taxation, as follows:

(i) For properties for which applications for certificates of tax exemption eligibility are submitted under this chapter before July 22, 2007, the value is exempt for ten successive years beginning January 1 of the year immediately following the calendar year of issuance of the certificate; ~~((and))~~

(ii) For properties for which applications for certificates of tax exemption eligibility are submitted under this chapter on or after July 22, 2007, the value is exempt:

(A) For eight successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate; ~~((or))~~

(B) For twelve successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption under this chapter and meets the conditions in this subsection (1)(a)(ii)(B). For the property to qualify for the twelve-year exemption under this subsection, the applicant must commit to renting or selling at least twenty percent of the multifamily housing units as affordable housing units to low and moderate-income households, and the property must satisfy that commitment and

any additional affordability and income eligibility conditions adopted by the local government under this chapter. In the case of projects intended exclusively for owner occupancy, the minimum requirement of this subsection (1)(a)(ii)(B) may be satisfied solely through housing affordable to moderate-income households; or

(C) For 20 successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption under this chapter and meets the conditions in this subsection (1)(a)(ii)(C). For the property to qualify for the 20-year exemption under this subsection, the project must be located within one mile of high capacity transit of at least 15 minute scheduled frequency, in a city that has implemented, as of the effective date of this section, a mandatory inclusionary zoning requirement for affordable housing that ensures affordability of housing units for a period of at least 99 years and that has a population of no more than 65,000 as measured on the effective date of this section. To qualify for the exemption provided in this subsection (1)(a)(ii)(C), the applicant must commit to renting at least 20 percent of the dwelling units as affordable to low-income households for a term of at least 99 years, and the property must satisfy that commitment and all required affordability and income eligibility conditions adopted by the local government under this chapter. A city must require the applicant to record a covenant or deed restriction that ensures the continuing rental of units subject to these affordability requirements consistent with the conditions in this subsection (1)(a)(ii)(C) for a period of no less than 99 years. The covenant or deed restriction must also address criteria and policies to maintain public benefit if the property is converted to a use other than which continues to provide for permanently affordable low-income housing consistent with this subsection (1)(a)(ii)(C); and

(iii) Until December 31, 2026, for a city as defined in RCW 84.14.010(3)(d), for 12 successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption under this

chapter and meets the conditions in this subsection (1)(a)(iii). For the property to qualify for the 12-year exemption under this subsection, the applicant must commit to renting or selling at least 20 percent of the multifamily housing units as affordable housing units to low and moderate-income households, the property must satisfy that commitment and any additional affordability and income eligibility conditions adopted by the local government under this chapter, and the area must be zoned to have an average minimum density equivalent to 15 dwelling units or more per gross acre, or for cities with a population over 20,000, the area must be zoned to have an average minimum density equivalent to 25 dwelling units or more per gross acre. (b) The exemptions provided in (a)(i) ~~((and (ii)))~~ through (iii) of this subsection do not include the value of land or nonhousing-related improvements not qualifying under this chapter.

(c) For properties receiving an exemption as provided in (a)(ii)(B) of this subsection that are in compliance with existing contracts and where the certificate of tax exemption is set to expire after June 11, 2020, but before December 31, 2021, the exemption is extended until December 31, 2021, provided that the property must satisfy any eligibility criteria or limitations provided in this chapter as a condition to the existing exemption for a given property continue to be met. For all properties eligible to receive an extension pursuant to this subsection (1)(c), the city or county that issued the initial certificate of tax exemption, as required in RCW 84.14.090, must notify the county assessor and the applicant of the extension of the certificate of tax exemption.

(2) When a local government adopts guidelines pursuant to RCW 84.14.030(2) and includes conditions that must be satisfied with respect to individual dwelling units, rather than with respect to the multiple-unit housing as a whole or some minimum portion thereof, the exemption may, at the local government's discretion, be limited to the value of the qualifying improvements allocable to

those dwelling units that meet the local guidelines.

(3) In the case of rehabilitation of existing buildings, the exemption does not include the value of improvements constructed prior to the submission of the application required under this chapter. The incentive provided by this chapter is in addition to any other incentives, tax credits, grants, or other incentives provided by law.

(4) This chapter does not apply to increases in assessed valuation made by the assessor on nonqualifying portions of building and value of land nor to increases made by lawful order of a county board of equalization, the department of revenue, or a county, to a class of property throughout the county or specific area of the county to achieve the uniformity of assessment or appraisal required by law.

(5) At the conclusion of the exemption period, the ~~((new or rehabilitated housing cost shall))~~ value of the new housing construction, conversion, or rehabilitation improvements must be considered as new construction for the purposes of ((chapter 84.55 RCW)) chapters 84.55 and 36.21 RCW as though the property was not exempt under this chapter.

(6) For properties that qualified for, satisfied the conditions of, and utilized the exemption under subsection (1)(a)(ii)(A) or (B) of this section, following the initial exemption period or the extension period authorized in subsection (1)(c) of this section, the exemption period may be extended for an additional 12 years for projects that are within 18 months of expiration contingent on city or county approval. For the property to qualify for an extension under this subsection (6), the applicant must meet at a minimum the locally adopted requirements for the property to qualify for an exemption under subsection (1)(a)(ii)(B) of this section as applicable at the time of the extension application, and the applicant commits to renting or selling at least 20 percent of the multifamily housing units as affordable housing units for low-income households.

(7) At the end of both the tenth and eleventh years of an extension, for twelve-year extensions of the exemption, applicants must provide tenants of rent-restricted units with notification of

intent to provide the tenant with rental relocation assistance as provided in subsection (8) of this section.

(8)(a) Except as provided in (b) of this subsection, for any 12-year exemption authorized under subsection (1)(a)(ii)(B) or (iii) of this section after the effective date of this section, or for any 12-year exemption extension authorized under subsection (6) of this section, at the expiration of the exemption the applicant must provide tenant relocation assistance in an amount equal to one month's rent to a qualified tenant within the final month of the qualified tenant's lease. To be eligible for tenant relocation assistance under this subsection, the tenant must occupy an income-restricted unit at the time the exemption expires and must qualify as a low-income household under this chapter at the time relocation assistance is sought.

(b) If affordability requirements consistent, at a minimum, with those required under subsection (1)(a)(ii)(B) or (iii) of this section remain in place for the unit after the expiration of the exemption, relocation assistance in an amount equal to one month's rent must be provided to a qualified tenant within the final month of a qualified tenant's lease who occupies an income-restricted unit at the time those additional affordability requirements cease to apply to the unit.

(9) No new exemptions may be provided under this section beginning on or after January 1, 2032. No extensions may be granted under subsection (6) of this section on or after January 1, 2046.

Sec. 4. RCW 84.14.040 and 2014 c 96 s 4 are each amended to read as follows:

(1) The following criteria must be met before an area may be designated as a residential targeted area:

(a) The area must be within an urban center, as determined by the governing authority;

(b) The area must lack, as determined by the governing authority, sufficient available, desirable, and convenient residential housing, including affordable housing, to meet the needs of the public who would be likely to live in the urban center, if the affordable, desirable, attractive, and livable places to live were available;

(c) The providing of additional housing opportunity, including affordable housing, in the area, as determined by the governing authority, will assist in achieving one or more of the stated purposes of this chapter; ~~((and))~~

(d) If the residential targeted area is designated by a county, the area must be located in an unincorporated area of the county that is within an urban growth area under RCW 36.70A.110 and the area must be: (i) In a rural county, served by a sewer system and designated by a county prior to January 1, 2013; or (ii) in a county that includes a campus of an institution of higher education, as defined in RCW 28B.92.030, where at least one thousand two hundred students live on campus during the academic year; and (iii) until July 15, 2024, in a county seeking to promote transit supportive densities and efficient land use in an area that is located within a designated urban growth area and within .25 miles of a corridor where bus service is scheduled at least every thirty minutes for no less than 10 hours per weekday and is in service or is planned for service to begin within five years of designation; and

(e) For a residential targeted area designated by a county after the effective date of this section, the county governing authority must conduct an evaluation of the risk of potential displacement of residents currently living in the area if the tax incentives authorized in this chapter were to be used in the area. The county may use an existing analysis if one exists. An area may not be designated as a residential targeted area unless: (i) The evaluation finds that the risk of displacement is minimal; or (ii) the governing authority mitigates the risk of displacement with locally adopted mitigation measures such as, but not limited to, ensuring that those directly or indirectly displaced have a first right of refusal to occupy the newly created dwelling units receiving an exemption under this chapter, including the affordable units if they otherwise meet the qualifications.

(2) For the purpose of designating a residential targeted area or areas, the governing authority may adopt a resolution of intention to so designate an area as generally described in the resolution. The resolution must state the

time and place of a hearing to be held by the governing authority to consider the designation of the area and may include such other information pertaining to the designation of the area as the governing authority determines to be appropriate to apprise the public of the action intended.

(3) The governing authority must give notice of a hearing held under this chapter by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than thirty days before the date of the hearing in a paper having a general circulation in the city or county where the proposed residential targeted area is located. The notice must state the time, date, place, and purpose of the hearing and generally identify the area proposed to be designated as a residential targeted area.

(4) Following the hearing, or a continuance of the hearing, the governing authority may designate all or a portion of the area described in the resolution of intent as a residential targeted area if it finds, in its sole discretion, that the criteria in subsections (1) through (3) of this section have been met.

(5) After designation of a residential targeted area, the governing authority must adopt and implement standards and guidelines to be utilized in considering applications and making the determinations required under RCW 84.14.060. The standards and guidelines must establish basic requirements for both new construction and rehabilitation, which must include:

(a) Application process and procedures;

(b) Income and rent standards for affordable units;

(c) Requirements that address demolition of existing structures and site utilization; and

~~((e))~~ (d) Building requirements that may include elements addressing parking, height, density, environmental impact, and compatibility with the existing surrounding property and such other amenities as will attract and keep permanent residents and that will properly enhance the livability of the residential targeted area in which they are to be located.

(6)(a) The governing authority may adopt and implement, either as conditions to eight-year exemptions or as conditions to an extended exemption period under RCW 84.14.020(1)(a)(ii) (B) or (C), or ~~((both))~~ as conditions to any combination of exemptions authorized under this chapter, more stringent income eligibility, rent, or sale price limits, including limits that apply to a higher percentage of units, than the minimum conditions for an extended exemption period under RCW 84.14.020(1)(a)(ii) (B) or (C).

(b) Additionally, a governing authority may adopt and implement as a contractual prerequisite to any exemption granted pursuant to RCW 84.14.020:

(i) A requirement that applicants pay at least the prevailing rate of hourly wage established under chapter 39.12 RCW for journey level and apprentice workers on residential and commercial construction;

(ii) Payroll record requirements consistent with RCW 39.12.120(1);

(iii) Apprenticeship utilization requirements consistent with RCW 39.04.310; and

(iv) A contracting inclusion plan developed in consultation with the office of minority and women's business enterprises.

(7) For any multiunit housing located in an unincorporated area of a county, a property owner seeking tax incentives under this chapter must commit to renting or selling at least twenty percent of the multifamily housing units as affordable housing units to low and moderate-income households. In the case of multiunit housing intended exclusively for owner occupancy, the minimum requirement of this subsection ~~((e))~~ (7) may be satisfied solely through housing affordable to moderate-income households.

(8) Nothing in this section prevents a governing authority from adopting and implementing additional requirements to any exemption granted under RCW 84.14.020.

Sec. 5. RCW 84.14.100 and 2012 c 194 s 9 are each amended to read as follows:

(1) Thirty days after the anniversary of the date of the certificate of tax exemption and each year for the tax

exemption period, the owner of the rehabilitated or newly constructed property, or the qualified nonprofit or local government that will assure permanent affordable homeownership for at least 25 percent of the units for properties receiving an exemption under section 7 of this act, must file with a designated authorized representative of the city or county an annual report indicating the following:

(a) A statement of occupancy and vacancy of the rehabilitated or newly constructed property during the twelve months ending with the anniversary date;

(b) A certification by the owner that the property has not changed use and, if applicable, that the property has been in compliance with the affordable housing requirements as described in RCW 84.14.020 since the date of the certificate approved by the city or county;

(c) A description of changes or improvements constructed after issuance of the certificate of tax exemption; and

(d) Any additional information requested by the city or county in regards to the units receiving a tax exemption.

(2) All cities or counties, which issue certificates of tax exemption for multiunit housing that conform to the requirements of this chapter, must report annually by ~~((December 31st))~~ April 1st of each year, beginning in 2007, to the department of commerce. A city or county must be in compliance with the reporting requirements of this section to offer certificates of tax exemption for multiunit housing authorized in this chapter. The report must include the following information:

(a) The number of tax exemption certificates granted;

(b) The total number and type of units produced or to be produced;

(c) The number, size, and type of units produced or to be produced meeting affordable housing requirements;

(d) The actual development cost of each unit produced;

(e) The total monthly rent or total sale amount of each unit produced;

(f) The annual household income (~~of each renter household at the time of initial occupancy and the income of each~~

~~initial purchaser of owner occupied units at the time of purchase)) and household size for each of the affordable units receiving a tax exemption and a summary of these figures for the city or county; and~~

(g) The value of the tax exemption for each project receiving a tax exemption and the total value of tax exemptions granted.

(3) The department of commerce must provide guidance to cities and counties, which issue certificates of tax exemption for multiunit housing that conform to the requirements of this chapter, on best practices in managing and reporting for the exemption programs authorized under this chapter, including guidance for cities and counties to collect and report demographic information for tenants of units receiving a tax exemption under this chapter.

(4) This section expires January 1, 2058.

NEW SECTION. Sec. 6. (1) This section is the tax preference performance statement for the tax preferences contained in section 3, chapter . . . , Laws of 2021 (section 3 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preferences. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes these tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to:

(a) Incentivize developers to construct or rehabilitate multifamily housing;

(b) Incentivize local governments and multifamily housing owners to maintain or expand existing income-restricted unit stock that have been incentivized through the tax exemption provided under chapter 84.14 RCW via new authority to renew the property tax abatement in exchange for continued or additional affordability; and

(c) Further encourage multifamily construction in cities and certain unincorporated urban growth areas by

expanding access to the multifamily tax exemption program to a broader set of jurisdictions.

(4) It is the legislature's intent to provide the value of new housing construction, conversion, and rehabilitation improvements qualifying under chapter 84.14 RCW an exemption from ad valorem property taxation for eight to 12 years or more, as provided for in RCW 84.14.020, in order to provide incentives to developers to construct or rehabilitate multifamily housing thereby increasing the number of affordable housing units, or preserving the state's stock of income-restricted units, for low-income to moderate-income residents in certain urban growth areas.

(5) The legislature intends to extend the expiration date of the tax preferences in section 3, chapter . . . , Laws of 2021 (section 3 of this act), if a review finds that:

(a) Projects receiving an initial eight-year or 12-year exemption regularly enter into subsequent 12-year extensions in exchange for continued or increased income restrictions on affordable units; and

(b) At least 20 percent of the new housing is developed and occupied by households earning:

(i) At or below 80 percent of the area median income, at the time of occupancy, adjusted for family size for the county in which the project is located; or

(ii) Where the housing is intended exclusively for owner occupancy, up to 115 percent of the area median income, at the time of sale, adjusted for family size for the county in which the project is located.

(6) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee must refer to the annual reports compiled by the department of commerce under RCW 84.14.100 and may refer to data provided by counties or cities in which persons are utilizing the preferences, the office of financial management, the department of commerce, the United States department of housing and urban development, and any other data sources, as needed by the joint legislative audit and review committee.

NEW SECTION. **Sec. 7.** A new section is added to chapter 84.14 RCW to read as follows:

(1)(a) The value of new housing construction, conversion, and rehabilitation improvements qualifying under this chapter is exempt from ad valorem property taxation, as follows: For 20 successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption under this chapter and meets the conditions in this section. For the property to qualify for the 20-year exemption under this section, at least 25 percent of the units must be built by or sold to a qualified nonprofit or local government that will assure permanent affordable homeownership. The remaining 75 percent of units may be rented or sold at market rates.

(b) Until December 31, 2031, for a city as defined in RCW 84.14.010(3)(d), in any city the value of new housing construction, conversion, and rehabilitation improvements qualifying under this chapter is exempt from ad valorem property taxation, as follows: For 20 successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption under this chapter and meets the conditions in this section. For the property to qualify for the 20-year exemption under this section, at least 25 percent of the units must be sold to a qualified nonprofit or local government partner that will assure permanent affordable homeownership. The remaining 75 percent of units may be rented or sold at market rates. The area must be zoned to have an average minimum density equivalent to 15 dwelling units or more per gross acre, or for cities with a population over 20,000, the area must be zoned to have an average minimum density equivalent to 25 dwelling units or more per gross acre.

(2) Permanently affordable homeownership units or permanently affordable rental units must be sold or rented to households earning no more than 80 percent of the average median income for the city or local jurisdiction in which the unit is located.

(3) A local jurisdiction may assign and collect an administration fee at each point of sale to cover the administrative costs for oversight of the program to

maintain permanently affordable housing units consistent with this section.

(4) The exemptions in this section do not include the value of land or nonhousing-related improvements not qualifying under this chapter.

(5) At the conclusion of the exemption period, the value of the new housing construction, conversion, or rehabilitation improvements must be considered as new construction for the purposes of chapters 84.55 and 36.21 RCW as though the property was not exempt under this chapter.

(6) For purposes of this section, "permanently affordable homeownership" means homeownership that, in addition to meeting the definition of "affordable housing" in RCW 43.185A.010, is:

(a) Sponsored by a nonprofit organization or governmental entity;

(b) Subject to a ground lease or deed restriction that includes:

(i) A resale restriction designed to provide affordability for future low and moderate-income homebuyers;

(ii) A right of first refusal for the sponsor organization to purchase the home at resale; and

(iii) A requirement that the sponsor must approve any refinancing, including home equity lines of credit; and

(c) Sponsored by a nonprofit organization or governmental entity and the sponsor organization:

(i) Executes a new ground lease or deed restriction with a duration of at least 99 years at the initial sale and with each successive sale; and

(ii) Supports homeowners and enforces the ground lease or deed restriction.

(7) The department of commerce must develop a template for permanent affordability for home or condo ownership through deed restrictions that can be used by a city or local government to ensure compliance with this section.

(8) No new exemptions may be provided under this section beginning on or after January 1, 2032.

NEW SECTION. Sec. 8. (1) This section is the tax preference performance statement for the tax preference contained in section 7, chapter . . . , Laws of 2021 (section 7 of this act).

This performance statement is only intended to be used for subsequent evaluation of the tax preferences. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes these tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to incentivize developers to construct or rehabilitate permanently affordable homeownership units.

(4) It is the legislature's intent to provide the value of new housing construction, conversion, and rehabilitation improvements qualifying under chapter 84.14 RCW an exemption from ad valorem property taxation for 20 years, as provided for in section 7 of this act, in order to provide incentives to developers to construct or rehabilitate multifamily housing thereby increasing the number of permanently affordable homeownership units.

(5) The legislature intends to extend the expiration date of the tax preferences in section 7, chapter . . . , Laws of 2021 (section 7 of this act), if a review finds that:

(a) The number of local governments utilizing the permanently affordable homeownership tax exemption program authorized in section 7 of this act increases over time;

(b) The number of permanently affordable homeownership units increases; and

(c) The income level of those households benefiting from the permanently affordable homeownership units is consistent with the requirements of section 7 of this act.

(6) In order to obtain the data necessary to perform the review in subsection (5) of this section, the joint legislative audit and review committee must refer to the annual reports compiled by the department of commerce under RCW 84.14.100 and may refer to data provided by counties or cities in which persons are utilizing the preferences, the office of financial management, the department of commerce, the United States department

of housing and urban development, and any other data sources, as needed by the joint legislative audit and review committee.

Sec. 9. RCW 84.14.030 and 2012 c 194 s 3 are each amended to read as follows:

An owner of property making application under this chapter must meet the following requirements:

(1) The new or rehabilitated multiple-unit housing must be located in a residential targeted area as designated by the city or county;

(2) The multiple-unit housing must meet guidelines as adopted by the governing authority that may include height, density, public benefit features, number and size of proposed development, parking, income limits for occupancy, limits on rents or sale prices, and other adopted requirements indicated necessary by the city or county. The required amenities should be relative to the size of the project and tax benefit to be obtained;

(3) The new, converted, or rehabilitated multiple-unit housing must provide for a minimum of fifty percent of the space for permanent residential occupancy. In the case of existing occupied multifamily development, the multifamily housing must also provide for a minimum of four additional multifamily units. Existing multifamily vacant housing that has been vacant for twelve months or more does not have to provide additional multifamily units;

(4) New construction multifamily housing and rehabilitation improvements must be completed within three years from the date of approval of the application, plus any extension authorized under RCW 84.14.090 (5);

(5) Property proposed to be rehabilitated must fail to comply with one or more standards of the applicable state or local building or housing codes on or after July 23, 1995. If the property proposed to be rehabilitated is not vacant, an applicant must provide each existing tenant housing of comparable size, quality, and price and a reasonable opportunity to relocate; and

(6) The applicant must enter into a contract with the city or county approved by the governing authority, or an administrative official or commission authorized by the governing authority,

under which the applicant has agreed to the implementation of the development on terms and conditions satisfactory to the governing authority.

Sec. 10. RCW 84.14.090 and 2012 c 194 s 8 are each amended to read as follows:

(1) Upon completion of rehabilitation or new construction for which an application for a limited tax exemption under this chapter has been approved and after issuance of the certificate of occupancy, the owner must file with the city or county the following:

(a) A statement of the amount of rehabilitation or construction expenditures made with respect to each housing unit and the composite expenditures made in the rehabilitation or construction of the entire property;

(b) A description of the work that has been completed and a statement that the rehabilitation improvements or new construction on the owner's property qualify the property for limited exemption under this chapter;

(c) If applicable, a statement that the project meets the affordable housing requirements as described in RCW 84.14.020; and

(d) A statement that the work has been completed within three years of the issuance of the conditional certificate of tax exemption.

(2) Within thirty days after receipt of the statements required under subsection (1) of this section, the authorized representative of the city or county must determine whether the work completed, and the affordability of the units, is consistent with the application and the contract approved by the city or county and is qualified for a limited tax exemption under this chapter. The city or county must also determine which specific improvements completed meet the requirements and required findings.

(3) If the rehabilitation, conversion, or construction is completed within three years of the date the application for a limited tax exemption is filed under this chapter, or within an authorized extension of this time limit, and the authorized representative of the city or county determines that improvements were constructed consistent with the application and other applicable requirements, including if applicable, affordable housing requirements, and the

owner's property is qualified for a limited tax exemption under this chapter, the city or county must file the certificate of tax exemption with the county assessor within ten days of the expiration of the thirty-day period provided under subsection (2) of this section.

(4) The authorized representative of the city or county must notify the applicant that a certificate of tax exemption is not going to be filed if the authorized representative determines that:

(a) The rehabilitation or new construction was not completed within three years of the application date, or within any authorized extension of the time limit;

(b) The improvements were not constructed consistent with the application or other applicable requirements;

(c) If applicable, the affordable housing requirements as described in RCW 84.14.020 were not met; or

(d) The owner's property is otherwise not qualified for limited exemption under this chapter.

(5) If the authorized representative of the city or county finds that construction or rehabilitation of multiple-unit housing was not completed within the required time period due to circumstances beyond the control of the owner and that the owner has been acting and could reasonably be expected to act in good faith and with due diligence, the governing authority or the city or county official authorized by the governing authority may extend the deadline for completion of construction or rehabilitation for a period not to exceed twenty-four consecutive months. For preliminary or final applications submitted on or before February 15, 2020, with any outstanding application requirements, such as obtaining a temporary certificate of occupancy, the city or county may choose to extend the deadline for completion for an additional five years. The five-year extension begins immediately following the completion of any outstanding applications or previously authorized extensions, whichever is later.

(6) The governing authority may provide by ordinance for an appeal of a decision by the deciding officer or

authority that an owner is not entitled to a certificate of tax exemption to the governing authority, a hearing examiner, or other city or county officer authorized by the governing authority to hear the appeal in accordance with such reasonable procedures and time periods as provided by ordinance of the governing authority. The owner may appeal a decision by the deciding officer or authority that is not subject to local appeal or a decision by the local appeal authority that the owner is not entitled to a certificate of tax exemption in superior court under RCW 34.05.510 through 34.05.598, if the appeal is filed within thirty days of notification by the city or county to the owner of the decision being challenged."

(7) The Washington state patrol and the office of financial management must be consulted by the department of transportation during the design phase of any improvement or preservation project that could impact Washington state patrol weigh station operations. During the design phase of any such project, the department of transportation must estimate the cost of designing around the affected weigh station's current operations, as well as the cost of moving the affected weigh station.

(11) \$289,000 of the state patrol highway account—state appropriation is provided solely for the replacement of 911 workstations.

(12) \$35,000 of the state patrol highway account—state appropriation is provided solely for the replacement of bomb response equipment.

(13) \$713,000 of the state patrol highway account—state appropriation is provided solely for information technology infrastructure maintenance.

(14) The Washington state patrol must provide a report to the office of financial management and the house and senate transportation committees on its plan for implementing a transition to cloud computing and storage with its 2023–2025 budget submittal.

(15) \$945,000 of the state patrol highway account—state appropriation is provided solely for implementation of chapter . . . (Substitute House Bill No. 1223), Laws of 2021 (custodial interrogations). If chapter . . . The legislature finds that the water connection extension constructed by the Washington state patrol from the city of Shelton's water facilities to the Washington state patrol academy was necessary to meet the water supply needs of the academy. The legislature also finds that the water connection provides an ongoing water supply that is necessary to the operation of the training facility, that the state is making use of the water connection for these public activities, and that any future incidental use of the municipal infrastructure put in place to support these activities will not impede the Washington state patrol's ongoing use of the water connection extension.

(b) \$2,220,000 of the transfer from the waste tire removal account—state appropriation to the motor vehicle account—state appropriation in this act, as required under RCW 70A.205.425, reimburses the motor vehicle account—state appropriation for the portion of the water project costs assigned by the agreement to properties, other than the Washington state patrol academy, that make use of the water connection while the agreement remains in effect. This reimbursement to the motor vehicle fund is intended to address any possibility that the termination of this agreement could be determined to result in the unconstitutional use of 18th amendment designated funds for nonhighway purposes under the constitution of the state of Washington; however, this transfer is not intended to indicate that the incidental use of this infrastructure by these

properties necessarily requires such reimbursement under the state Constitution.

(v) Other information as required by the department upon application.

(e) The department, county auditor or other agent, or subagent appointed by the director shall collect the fee required under (f) of this subsection when issuing a high occupancy vehicle exempt decal.

(f) The department, county auditor or other agent, or subagent, is required to collect a \$5 fee when issuing a decal under this subsection, in addition to any other fees and taxes required by law.

(g) A high occupancy vehicle exempt decal may not be renewed and expires upon the termination of the pilot program established elsewhere in this act. The status as an exempt vehicle continues until suspended or revoked for misuse, or when the vehicle is no longer used as a for hire nonemergency medical transportation vehicle, or when the pilot program established elsewhere in this act is terminated.

(h) The department may adopt rules to implement this subsection.

(11) The department must place personal and company data elements in separate data fields to allow the department to select discrete data elements when providing information or data to persons or entities outside the department. (12) The department must work with any regional transit authority pursuant to RCW 82.44.135 to determine cost allocations that are based on actual costs and that would result in full cost recovery for administration and collection of the taxes. The department must report actual cost allocations to the transportation committees of the legislature by January 1, 2022.

The request for proposals and subsequent competitive procurement must incorporate elements that prioritize the overall goal of lowering costs per transaction for the facility, such as incentives for innovative approaches which result in lower transactional costs, requests for efficiencies on the part of the bidder that lower operational costs, and incorporation of technologies such as self-serve credit card machines or other point-of-payment technologies that lower costs or improve operational efficiencies.

(5) \$20,001,000 of the Alaskan Way viaduct replacement project account—state appropriation is provided solely for the new state route number 99 tunnel toll facility's expected share of collecting toll revenues, operating customer services, and maintaining toll collection systems. (2) \$2,400,000 of the multimodal transportation account—state appropriation is provided solely for the pilot program established under RCW 47.04.355, to provide clean alternative fuel vehicle use opportunities to underserved communities and low to moderate income members of the workforce not readily served by transit or located in transportation corridors with emissions that exceed federal or state emissions standards.

(3) (a) (i) \$133,000 of the multimodal transportation account—state appropriation is provided solely for the purpose of conducting an assessment of options for the development, including potential features and costs, for a publicly available mapping and forecasting tool that provides locations and essential information of charging and refueling infrastructure to support forecasted levels of electric vehicle adoption, travel, and usage across Washington state as described in chapter . . . (Engrossed Substitute House Bill No. 1287), Laws of 2021 (preparedness for a zero emissions transportation future).

(ii) The assessment must include a review of existing infrastructure needs assessments, mapping and forecasting tools, environmental health disparity resources, and related modeling. It must be performed in consultation with the department of ecology, department of commerce, and office of equity, and include a stakeholder process to address community, public agency, and relevant public and private utility needs to determine the resources needed to facilitate statewide and local transportation electrification efforts to drive emission reductions consistent with RCW 70A.45.020.

(iii) A report summarizing the findings of the assessment and the options recommended by the department for the tool's development is due to the transportation committees of the legislature by December 31, 2021.

(b) \$10,000,000 of the multimodal transportation account—state appropriation is provided solely for a clean alternative fuel vehicle infrastructure grant program for clean alternative fuel vehicle charging and refueling infrastructure that will provide public benefits for the state's network of charging infrastructure to facilitate state zero emission vehicle requirements under RCW 70A.30.010 and greenhouse gas emission reduction goals under RCW 70A.45.020. The department must develop a strategy for grant award selection based on maximizing public benefits by: Facilitating residents' and businesses' ability to purchase and lease clean alternative fuel vehicles through increased access to public electric vehicle charging and refueling, facilitating a decline in vehicle emissions that would otherwise contribute to pollution and greenhouse gas emissions, and increasing equity of access to clean alternative fuel vehicles. The department shall use proposed grant matching funds as a criterion for selecting grant award recipients. When the publicly available mapping and forecasting tool in (a) of this subsection has been developed and is available to be used for this purpose, strategy development for grant award selection must include analysis of the information provided by the tool.

(1) \$7,529,000 of the motor vehicle account—state appropriation is provided solely for utility fees assessed by local governments as authorized under RCW 90.03.525 for the mitigation of stormwater runoff from state highways. Plan and reporting requirements as required in chapter 435, Laws of 2019 (Local Stormwater Charges) shall be consistent with the January 2012 findings of the Joint Transportation Committee Report for Effective Cost Recovery Structure for WSDOT, Jurisdictions, and Efficiencies in Stormwater Management.

(2) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for a contingency pool for snow and ice removal. The department must notify the office of financial management and the transportation committees of the legislature when they have spent the base budget for snow and ice removal and will begin using the contingency pool funding.

(3) \$1,025,000 of the motor vehicle account—state appropriation is provided solely for the department to implement safety improvements and debris clean up on department-owned rights-of-way in the city of Seattle at levels above that being implemented as of January 1, 2019. The department must contract out or hire a crew dedicated solely to collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public, department employees, or people encamped upon department-owned rights-of-way. The department may request assistance from the Washington state patrol as necessary in order for both agencies to provide enhanced safety-related activities regarding the emergency hazards along state highway rights-of-way in the Seattle area.

(4) \$1,015,000 of the motor vehicle account—state appropriation is provided solely for a partnership program between the department and the city of Tacoma. The program shall address the safety and public health problems created by homeless encampments on the department's property along state highways within the city limits. \$570,000 is for dedicated department maintenance staff and associated clean-up costs. The

department and the city of Tacoma shall enter into a reimbursable agreement to cover up to \$445,000 of the city's expenses for clean-up crews and landfill costs.

(5) The department must continue a pilot program for the 2021-2023 fiscal biennium at the four highest demand safety rest areas to create and maintain an online calendar for volunteer groups to check availability of weekends for the free coffee program. The calendar must be updated at least weekly and show dates and times that are, or are not, available to participate in the free coffee program. The department must submit a report to the legislature on the ongoing pilot by December 1, 2022, outlining the costs and benefits of the online calendar pilot, and including surveys from the volunteer groups and agency staff to determine its effectiveness.

(6) \$686,000 of the motor vehicle account—state appropriation is provided solely for reimbursing the Oregon department of transportation (ODOT) for the department's share of increased maintenance costs of six highway bridges over the Columbia River that are maintained by ODOT.

(8) \$5,816,000 of the motor vehicle account—state appropriation is provided solely for a contingency pool for repairing damages to highways caused by known and unknown third parties. The department must notify the office of financial management and the transportation committees of the legislature when they have spent the base budget for third-party damage repair and will begin using the contingency pool funding.

(9) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for the department to address the risks to safety and public health associated with homeless encampments on department owned rights-of-way. The department must coordinate and work with local government officials and social service organizations to provide services and direct people to housing alternatives that are not in highway rights-of-way to help prevent future encampments from forming on highway rights of way. The department may hire

crews specializing in collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist. The department may request assistance from the Washington state patrol as necessary to provide enhanced safety-related activities along state highway rights-of-way.

(10) \$623,000 of the motor vehicle account—state appropriation is provided solely for the implementation of chapter . . . (Substitute House Bill No. 1355), Laws of 2021 (noxious weeds). The appropriations in this section are subject to the following conditions and limitations:

(1) \$6,000,000 of the motor vehicle account—state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all low-cost

enhancement projects completed in the prior fiscal biennium.

(2)(a) During the 2021-2023 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

(b) The department shall expand the high occupancy vehicle lane access pilot program to vehicles that deliver or collect blood, tissue, or blood components for a blood-collecting or distributing establishment regulated under chapter 70.335 RCW. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, blood-collecting or distributing establishment vehicles that are clearly and identifiably marked as such on all sides of the vehicle are considered emergency vehicles and must be authorized to use the reserved portion of the highway.

(c) The department shall expand the high occupancy vehicle lane access pilot program to organ transport vehicles transporting a time urgent organ for an organ procurement organization as defined in RCW 68.64.010. Under the pilot program, when the department reserves a

portion of a highway based on the number of passengers in a vehicle, organ transport vehicles that are clearly and identifiably marked as such on all sides of the vehicle are considered emergency vehicles and must be authorized to use the reserved portion of the highway.

(d) The department shall expand the high occupancy vehicle lane access pilot program to private, for hire vehicles regulated under chapter 81.72 RCW that have been specially manufactured, designed, or modified for the transportation of a person who has a mobility disability and uses a wheelchair or other assistive device. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, wheelchair-accessible taxicabs that are clearly and identifiably marked as such on all sides of the vehicle are considered public transportation vehicles and must be authorized to use the reserved portion of the highway.

(e) The department shall expand the high occupancy vehicle lane access pilot program to for hire nonemergency medical transportation vehicles, when in use for medical purposes, as described elsewhere in this act. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, nonemergency medical transportation vehicles that meet the requirements identified elsewhere in this act must be authorized to use the reserved portion of the highway.

(f) Nothing in this subsection (2) is intended to exempt these vehicles from paying tolls when they do not meet the occupancy requirements established by the department for express toll lanes.

(3) When regional transit authority construction activities are visible from a state highway, the department shall allow the regional transit authority to place safe and appropriate signage informing the public of the purpose of the construction activity.

(4) The department must make signage for low-height bridges a high priority.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,879,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation is provided solely for completion of updating the state route number 167 master plan.

(2) \$406,000 of the state route number 520 corridor account—state appropriation is provided solely for the department to contract with the University of Washington department of mechanical engineering, to study measures to reduce noise impacts from the state route number 520 bridge expansion joints. The field testing shall be scheduled during existing construction, maintenance, or other scheduled closures to minimize

impacts. The testing must also ensure safety of the traveling public. The study shall examine testing methodologies and project timelines and costs. A final report must be submitted to the transportation committees of the legislature and the governor by March 1, 2022.

(3) \$5,900,000 of the motor vehicle account—federal appropriation and \$400,000 of the motor vehicle account—private/local appropriation are provided solely for delivery of the department's state planning and research work program and pooled fund research projects, provided that the department may not expend any amounts provided in this section on a long-range plan or corridor scenario analysis for I-5 from Tumwater to Marysville. (4) \$4,080,000 of the motor vehicle account—federal appropriation is provided solely for the Forward Drive road usage charge research project overseen by the transportation commission using a portion of the amount of the federal grant award. The purpose of the Forward Drive road usage charge research project is to advance research in key policy areas related to road usage charge including assessing impacts of future mobility shifts on road usage charge revenues, conducting an equity analysis, updating and assessing emerging mileage reporting methods, determining opportunities to reduce cost of collection, conducting small-scale pilot tests, and identifying a long-term, detailed phase-in plan.

(5) \$500,000 of the multimodal transportation account—state appropriation is provided for the department to partner with the department of commerce in developing vehicle miles traveled targets for the counties in Washington state with (a) a population density of at least 100 people per square mile and a population of at least 200,000; or (b) a population density of at least 75 people per square mile and an annual growth rate of at least 1.75 percent as determined by the office of financial management. Given land use

patterns are key factors in travel demand and should be taken into consideration when developing the targets, the department and the department of commerce shall partner with local jurisdictions, regional transportation planning organizations and other stakeholders to inventory existing laws and rules that promote transportation and land use, identify gaps and make recommendations for changes in laws, rules and agency guidance, and establish a framework for considering underserved and rural communities in the evaluation. The department and the department of commerce shall provide an initial technical report by December 31, 2021, an interim report by June 22, 2022, and a final report to the governor and legislature by June 30, 2023, that includes a process for establishing vehicle miles traveled reduction targets, a recommended suite of options for local jurisdictions to achieve the targets, and funding requirements for state and local jurisdictions.

(6) \$500,000 of the multimodal transportation account—state appropriation is provided solely for implementation of a state route number 161 corridor study to be conducted in consultation with Pierce Transit, Sound Transit, and other regional entities. limitations:

(1) \$72,698,000 of the multimodal
transportation account—state
appropriation is provided solely for a
grant program for special needs
transportation provided by transit
agencies and nonprofit providers of
transportation. Of this amount:

(a) \$16,526,000 of the multimodal transportation account—state appropriation is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers must be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided. Fuel type may not be a factor in the grant selection process.

(b) \$56,172,000 of the multimodal transportation account—state appropriation is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must, to the greatest extent practicable, have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2019 as reported in the "Summary of Public Transportation - 2019" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions. Fuel type may not be a factor in the grant selection process.

(2) \$33,168,000 of the rural mobility grant program account—state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100. Fuel type may not be a factor in the grant selection process.

(3) \$2,000,000 of the multimodal transportation account—state appropriation is provided solely for a vanpool grant program for: (i) Public transit agencies to add vanpools or replace vans; and (ii) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds.

Fuel type may not be a factor in the grant selection process.

(4) \$26,800,000 of the regional mobility grant program account—state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document 2021-2 ALL PROJECTS as developed March 22, 2021, Program - Public Transportation Program (V), except for the King County Metro Eastlake Off-Street Layover Facility project, for which \$4,524,000 is reappropriated, and the King County Metro Transit Speed & Reliability Hot Spot Imp Program project, for which \$950,000 is reappropriated.

(5) (a) \$77,679,000 of the regional mobility grant program account—state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document 2021-2 ALL PROJECTS as developed March 22, 2021, Program - Public Transportation Program (V). The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2021, and December 15, 2022, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. A grantee may not receive more than twenty-five percent of the amount appropriated in this subsection. Additionally, when allocating funding for the 2023-2025 biennium, no more than thirty percent of the total grant program may directly benefit or support one grantee. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded

grant. Fuel type may not be a factor in the grant selection process.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2021-2023 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and (ii) "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

(a) \$30,000 of the state vehicle parking account—state appropriation is provided solely for the STAR pass program for state employees residing in Mason and Grays Harbor Counties. Use of the pass is for public transportation between Mason County and Thurston County, and Grays Harbor and Thurston County. The pass may also be used within Grays Harbor County. The STAR pass commute trip reduction program is open to any state employee who expresses intent to commute to his or her assigned state worksite using a public transit system currently participating in the STAR pass program.

(b) \$800,000 of the multimodal transportation account—state appropriation is provided solely for a first mile/last mile connections grant program. Eligible grant recipients include cities, businesses, nonprofits, and transportation network companies

with first mile/last mile solution proposals. Transit agencies are not eligible. The commute trip reduction board shall develop grant parameters, evaluation criteria, and evaluate grant proposals. The commute trip reduction board shall provide the transportation committees of the legislature a report on the effectiveness of this grant program and best practices for continuing the program.

(8) Except as provided otherwise in this subsection, \$28,263,000 of the multimodal transportation account—state appropriation is provided solely for connecting Washington transit projects identified in LEAP Transportation Document 2021-2 ALL PROJECTS as developed March 22, 2021. It is the intent of the legislature that entities identified to receive funding in the LEAP document referenced in this subsection receive the amounts specified in the time frame specified in that LEAP document. If an entity has already completed a project in the LEAP document referenced in this subsection before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(9) The department shall not require more than a ten percent match from nonprofit transportation providers for state grants.

(10) \$375,000 of the multimodal transportation account—state appropriation is provided solely for Intercity Transit for the Dash shuttle program.

The Washington State University extension energy program shall prepare a report regarding the utilization of the program and provide this report to the

transportation committees of the legislature by November 15, 2021.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document 2021-1 as developed March 22, 2021, Program - Highway Improvements Program (I). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds

redistribution process must then be applied to highway and bridge preservation activities or fish passage barrier corrections (OBI4001).

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised. The department shall submit a report on fiscal year funds transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

It is the intent of the legislature that any legal damages paid to the state as a result of a lawsuit related to contractual provisions for construction and delivery of the Alaskan Way viaduct replacement project be used to repay project cost increases paid from the transportation partnership account—state funds.

(8) \$193,699,000 of the connecting Washington account—state appropriation is provided solely for the US 395 North Spokane Corridor project (M00800R).

(9) \$14,827,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation is provided solely for the I-405/SR 522 to I-5 Capacity Improvements project

(L2000234) for activities related to adding capacity on Interstate 405 between state route number 522 and Interstate 5, with the goals of increasing vehicle throughput and aligning project completion with the implementation of bus rapid transit in the vicinity of the project.

(10) (a) \$492,349,000 of the connecting Washington account—state appropriation and \$355,000 of the motor vehicle account—private/local appropriation are provided solely for the SR 520 Seattle Corridor Improvements - West End project (M00400R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(c) It is the legislature's intent that the department shall construct a full single-point urban interchange at

the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. (12) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(13) Any advisory group that the department convenes during the 2021-2023 fiscal biennium must consider the interests of the entire state of Washington.

(14) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

Further, the legislature determines construction aggregate and recycled concrete materials substantially meet widely recognized international, national, and local standards and specifications referenced in American society for testing and materials,

American concrete institute, Washington state department of transportation, Seattle department of transportation, American public works association, federal aviation administration, and federal highway administration specifications, and are described as necessary and desirable products for recycling and reuse by state and federal agencies.

As these recyclable materials have well established markets, are substantially a primary or secondary product of necessary construction processes and production, and are managed as an item of commercial value, construction aggregate and recycled concrete materials are exempt from chapter 173-350 WAC.

(15) (a) \$26,928,000 of the motor vehicle account—state appropriation and \$1,671,000 of the motor vehicle account—private/local appropriation are provided solely for supporting a project office and the continued work towards replacement of the Interstate 5 bridge across the Columbia river (G2000088).

(b) The work of this project office includes, but is not limited to, the reevaluation of the purpose and need identified for the project previously known as the Columbia river crossing, the reevaluation of permits and development of a finance plan, the reengagement of key stakeholders and the public, and the reevaluation of scope, schedule, and budget for a reinvigorated bistate effort for replacement of the Interstate 5 Columbia river bridge. When reevaluating the finance plan for the project, the department shall assume that some costs of the new facility may be covered by tolls. The project office must also study the possible different governance structures for a bridge authority that would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the project office must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts.

(c) During the 2021-2023 biennium the department shall have as a goal to:

(i) Conduct all work necessary to prepare and publish a draft SEIS;

(ii) Coordinate with regulatory agencies to begin the process of obtaining environmental approvals and permits;

(iii) Identify a locally preferred alternative; and

(iv) Begin preparing a final SEIS.

The department shall aim to provide progress reports on these activities to the governor and the transportation committees of the legislature by December 1, 2021, June 1, 2022, and December 1, 2022.

(16) \$1,000,000 of the connecting Washington account—state appropriation is provided solely for the North Lewis County transportation study. The study shall examine new, alternate routes for vehicular and truck traffic at the Harrison interchange (Exit 82) in North Centralia and shall allow for a site and configuration to be selected and feasibility to be conducted for final design, permitting and construction of the I-5/North Lewis county Interchange project (L2000204).

(17) (a) \$332,500,000 of the connecting Washington account—state appropriation, \$52,036,000 of the motor vehicle account—federal appropriation, and \$1,849,000 of the motor vehicle account—state appropriation are provided solely for the Fish Passage Barrier Removal project (0BI4001) with the intent of fully complying with the federal *U.S. v. Washington* court injunction by 2030.

(b) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach to maximize habitat gain by replacing both state and local culverts. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, ability to leverage investments by others, presence of other barriers, project readiness, other transportation projects in the area, and transportation impacts.

(c) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(18) \$340,000,000 of the Coronavirus State Fiscal Recovery Account—federal appropriation is provided solely for

water infrastructure projects that remove fish passage barriers that are impeding state streams, rivers, and other waterways (OBI4001), as permitted under the federal American rescue plan act of 2021. Once available, these amounts must be applied prior to other amounts provided for this purpose (OBI4001). These water infrastructure projects are intended to meet compliance requirements with the federal *U.S. v. Washington* court injunction by 2030.

(19) (a) The Washington state department of transportation is directed to pursue compliance with the *U.S. v. Washington* permanent injunction by delivering culvert corrections within the injunction area guided by the principle of providing the greatest fisheries habitat gain at the earliest time and considering the following factors: Opportunity to bundle projects, tribal priorities, ability to leverage investments by others, presence of other barriers, project readiness, culvert condition, other transportation projects in the area, and transportation impacts.

(b) The department and Brian Abbott fish barrier removal board must provide updates on the implementation of the statewide culvert remediation plan to the legislature by November 1, 2021, and June 1, 2022.

(20) \$14,669,000 of the connecting Washington account—state appropriation and \$3,037,000 of the motor vehicle account—private/local appropriation are provided solely for the I-90/Barker to Harvard - Improve Interchanges & Local Roads project (L2000122). The connecting Washington account appropriation for the improvements that fall within the city of Liberty Lake may only be expended if the city of Liberty Lake agrees to cover any project costs within the city of Liberty Lake above the \$20,900,000 of state appropriation provided for the total project in LEAP Transportation Document 2021-1 as developed March 22, 2021, Program - Highway Improvements (I).

(21) \$15,189,000 of the motor vehicle account—federal appropriation, \$259,000 of the motor vehicle account—state appropriation, and \$15,481,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation are provided solely for the SR 167/SR 410 to SR 18 - Congestion Management project (316706C).

(27) (a) \$6,581,000 of the connecting Washington account—state appropriation is provided solely for the US Hwy 2 Safety project (N00200R).

(b) Of the amounts provided in this subsection, \$2,000,000 of the connecting Washington account—state appropriation is for the department to conduct a Highway 2 Safety-Capacity study.

(28) The department may advance the I-405/SR 522 to I-5 Capacity Improvements (L2000234) project and construct the project earlier than is scheduled in the LEAP list if funding is identified by September 1, 2021. The department shall explore alternatives to toll revenue funding including but not limited to federal loan and grant programs. The department shall explore phasing and modifying the project to align as best as possible with the anticipated deployment of bus rapid transit on the corridor in 2023-25. (5) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund. The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted. No funds provided in this subsection may be expended on any legal fees related to the SR 99/Alaskan Way viaduct replacement project (809936Z).

(6) The appropriation in this section includes funding for starting planning, engineering, and construction of the Elwha River bridge replacement. To the greatest extent practicable, the department shall maintain public access on the existing route.

(7) The department must consult with the Washington state patrol and the office of financial management during the design phase of any improvement or preservation project that could impact Washington state patrol weigh station operations. During the design phase of any such project, the department must estimate the cost of designing around the affected weigh station's current operations, as well as the cost of moving the affected weigh station.

(8) Within the connecting Washington account—state appropriation, the department may transfer funds from Highway System Preservation (L1100071) to other preservation projects listed in the LEAP transportation document identified in subsection (1) of this

section, if it is determined necessary for completion of these high priority preservation projects. The department's next budget submittal after using this subsection must appropriately reflect the transfer.

Appropriation \$152,453,000

TOTAL APPROPRIATION \$504,762,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed in LEAP Transportation Document 2021-2 ALL PROJECTS as developed March 22, 2021, Program - Washington State Ferries Capital Program (W).

(2) No additional funding may be allocated or expended for terminal electrification purposes.

(3) \$28,097,000 of the Puget Sound capital construction account—federal appropriation, \$71,293,000 of the connecting Washington account—state appropriation, and \$809,000 of the Puget Sound capital construction account—state appropriation are provided solely for the Seattle Terminal Replacement project (900010L).

(5) \$1,277,000 of the Puget Sound capital construction account—state appropriation is provided solely for the ORCA card next generation project (L2000300). The ferry system shall work with Washington technology solutions and the tolling division on the development of a new, interoperable ticketing system.

(8) \$152,453,000 of the capital vessel replacement account—state appropriation is provided solely for the acquisition of a 144-car hybrid-electric vessel. The commencement of construction of new vessels for the ferry system is important not only for safety reasons, but also to keep skilled marine construction jobs in the Puget Sound region and to sustain the capacity of the region to meet the ongoing construction and preservation needs of the ferry system fleet of vessels. The legislature has determined that the current vessel procurement process must move forward with all due speed, balancing the interests of both the taxpayers and shipyards. To accomplish construction of vessels in accordance with RCW 47.60.810, the prevailing shipbuilder, for vessels initially funded after July 1, 2020, is encouraged to follow the historical practice of subcontracting the construction of ferry superstructures to a separate nonaffiliated contractor located within the Puget Sound region, that is qualified in accordance with RCW 47.60.690.

(9) The capital vessel replacement account—state appropriation includes up to \$152,453,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

The value of the public benefit of this project is expected to meet or exceed the cost of this project in: Shipper savings on transportation costs; jobs saved in rail-dependent industries; and/or reduced future costs to repair wear and tear on state and local highways due to fewer annual truck trips (reduced vehicle miles traveled). The amounts provided in this subsection are not a commitment for future legislatures, but it is the legislature's intent that future legislatures will work to approve biennial appropriations until the full \$7,337,000 cost of this project is reimbursed.

(6) The department shall issue a call for projects for the freight rail assistance program, and shall evaluate the applications in a manner consistent with past practices as specified in section 309, chapter 367, Laws of 2011. By November 15, 2022, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature.

(7) \$12,077,000 of the multimodal transportation account—state appropriation is provided solely as expenditure authority for any insurance proceeds received by the state for Passenger Rail Equipment Replacement (project 700010C.) The department must use this expenditure authority only to purchase replacement equipment that has been competitively procured and for service recovery needs and corrective actions related to the December 2017 derailment.

(8) It is the intent of the legislature to encourage the department to pursue federal grant opportunities leveraging up to \$6,696,000 in connecting Washington programmed funds to be used as a state match to improve the state-owned Palouse river and Coulee City system. The amount listed in this subsection is not a commitment for future legislatures, but is the legislature's intent that future legislatures will work to approve biennial appropriations up to a state match share not to exceed \$6,696,000 of a grant award.

(4) The chief executive officer of the ferry system may authorize the use of promotional, discounted, and special event fares to the general public and commercial enterprises for the purpose of maximizing capacity use and the revenues collected by the ferry system. The department shall report to the commission a summary of the promotional, discounted, and special event fares offered during each fiscal year and the financial results from these activities.

(5) ~~((Fare))~~ Except for the 2021-2023 fiscal biennium, fare revenues and other revenues deposited in the Puget Sound ferry operations account created in RCW 47.60.530 may not be used to support the Puget Sound capital construction account created in RCW 47.60.505, unless the support for capital is separately identified in the fare.

Sec. 713. RCW 34.05.350 and 2011 1st sp.s. c 2 s 1 are each amended to read as follows:

(1) If an agency for good cause finds:

(a) That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest;

(b) That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule; or

(c) In order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, or in an omnibus transportation appropriations act for the 2021-2023 biennium related to setting toll rates, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency,

the agency may dispense with those requirements and adopt, amend, or repeal the rule on an emergency basis. The

agency's finding and a concise statement of the reasons for its finding shall be incorporated in the order for adoption of the emergency rule or amendment filed with the office of the code reviser under RCW 34.05.380 and with the rules review committee.

(2) An emergency rule adopted under this section takes effect upon filing with the code reviser, unless a later date is specified in the order of adoption, and may not remain in effect for longer than one hundred twenty days after filing. Identical or substantially similar emergency rules may not be adopted in sequence unless conditions have changed or the agency has filed notice of its intent to adopt the rule as a permanent rule, and is actively undertaking the appropriate procedures to adopt the rule as a permanent rule. This section does not relieve any agency from compliance with any law requiring that its permanent rules be approved by designated persons or bodies before they become effective.

(3) Within seven days after the rule is adopted, any person may petition the governor requesting the immediate repeal of a rule adopted on an emergency basis by any department listed in RCW 43.17.010. Within seven days after submission of the petition, the governor shall either deny the petition in writing, stating his or her reasons for the denial, or order the immediate repeal of the rule. In ruling on the petition, the governor shall consider only whether the conditions in subsection (1) of this section were met such that adoption of the rule on an emergency basis was necessary. If the governor orders the repeal of the emergency rule, any sanction imposed based on that rule is void. This subsection shall not be construed to prohibit adoption of any rule as a permanent rule.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,300,000 of the Tacoma Narrows toll bridge account—state appropriation and \$11,034,000 of the state route number 520 corridor account—state appropriation are provided solely for the purposes of addressing unforeseen operations and maintenance costs on the Tacoma Narrows bridge and the state route number 520 bridge, respectively. The office of financial management shall place the amounts provided in this subsection, which represent a portion of the required minimum fund balance under the policy of

the state treasurer, in unallotted status. The office may release the funds only when it determines that all other funds designated for operations and maintenance purposes have been exhausted.

(2) As long as the facility is tolled, the department must provide quarterly reports to the transportation committees of the legislature on the Interstate 405 express toll lane project performance measures listed in RCW 47.56.880(4). These reports must include:

(a) Information on the travel times and travel time reliability (at a minimum, average and 90th percentile travel times) maintained during peak and nonpeak periods in the express toll lanes and general purpose lanes for both the entire corridor and commonly made trips in the corridor including, but not limited to, northbound from Bellevue to Rose Hill, state route number 520 at NE 148th to Interstate 405 at state route number 522, Bellevue to Bothell (both NE 8th to state route number 522 and NE 8th to state route number 527), and a trip internal to the corridor (such as NE 85th to NE 160th) and similar southbound trips;

(b) A month-to-month comparison of travel times and travel time reliability for the entire corridor and commonly made trips in the corridor as specified in (a) of this subsection since implementation of the express toll lanes and, to the extent available, a comparison to the travel times and travel time reliability prior to implementation of the express toll lanes;

(c) Total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane (i) compared to total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane, on this segment of Interstate 405 prior to implementation of the express toll lanes and (ii) compared to total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane, from month to month since implementation of the express toll lanes; and

(d) Underlying congestion measurements, that is, speeds, that are being used to generate the summary graphs

provided, to be made available in a digital file format.

(3)(a) \$2,114,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation, \$4,920,000 of the state route number 520 corridor account—state appropriation, \$2,116,000 of the Tacoma Narrows toll bridge account—state appropriation, and \$2,776,000 of the Alaskan Way viaduct replacement project account—state appropriation are provided solely for the department to finish implementing a new tolling customer service toll collection system, and are subject to the conditions, limitations, and review provided in section 701 (~~of this act~~), chapter 219, Laws of 2020.

(b) The department shall continue to work with the office of financial management, office of the chief information officer, and the transportation committees of the legislature on the project management plan that includes a provision for independent verification and validation of contract deliverables from the successful bidder and a provision for quality assurance that includes reporting independently to the office of the chief information officer on an ongoing basis during system implementation.

(4) The department shall make detailed quarterly reports to the transportation committees of the legislature and the public on the department's web site on the following:

(a) The use of consultants in the tolling program, including the name of the contractor, the scope of work, the type of contract, timelines, deliverables, any new task orders, and any extensions to existing consultant contracts;

(b) The nonvendor costs of administering toll operations, including the costs of staffing the division, consultants, and other personal service contracts required for technical oversight and management assistance, insurance, payments related to credit card processing, transponder purchases and inventory management, facility operations and maintenance, and other miscellaneous nonvendor costs;

(c) The vendor-related costs of operating tolled facilities, including the costs of the customer service center,

cash collections on the Tacoma Narrows bridge, electronic payment processing, and toll collection equipment maintenance, renewal, and replacement;

(d) The toll adjudication process, including a summary table for each toll facility that includes:

(i) The number of notices of civil penalty issued;

(ii) The number of recipients who pay before the notice becomes a penalty;

(iii) The number of recipients who request a hearing and the number who do not respond;

(iv) Workload costs related to hearings;

(v) The cost and effectiveness of debt collection activities; and

(vi) Revenues generated from notices of civil penalty; and

(6) In calendar year 2021, toll equipment on the Tacoma Narrows Bridge will have reached the end of its operational life. During the 2019-2021 fiscal biennium, the department plans to issue a request for proposals as the first stage of a competitive procurement process that will replace the toll equipment and select a new tolling operator for the Tacoma Narrows Bridge. The request for proposals and subsequent competitive procurement must incorporate elements that prioritize the overall goal of lowering costs per transaction for the facility, such as incentives for innovative approaches which result in lower transactional costs, requests for efficiencies on the part of the bidder that lower operational costs, and incorporation of technologies such as self-serve credit card machines or other point-of-payment technologies that lower costs or improve operational efficiencies.

(7) (~~(\$18,840,000)~~) \$17,082,000 of the Alaskan Way viaduct replacement project account—state appropriation is provided solely for the new state route number 99 tunnel toll facility's expected share of collecting toll revenues, operating customer services, and maintaining toll collection systems. The legislature expects to see appropriate reductions to the other toll facility accounts once tolling on the new state route number 99 tunnel toll facility commences and any previously incurred costs for start-up of the new facility are charged back to the Alaskan Way viaduct replacement project account. The office of financial management shall closely monitor the application of the cost allocation model and ensure that the new state route number 99 tunnel toll facility is adequately sharing costs and the other toll facility accounts are not being overspent or subsidizing the new state route number 99 tunnel toll facility.

(8) \$608,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation are provided solely for increased levels of service from the Washington state patrol for enforcement of toll lane violations on the Interstate 405 and state route number 167 express toll lanes. The department shall provide this data in a report to the transportation committees of the legislature on at least a calendar quarterly basis.

(9) The department shall develop an ongoing cost allocation method to assign appropriate costs to each of the toll funds for services provided by each Washington state department of transportation program and all relevant transportation agencies, including the Washington state patrol and the transportation commission. This method should update the toll cost allocation method used in the 2020 supplemental transportation appropriations act. By December 1, 2020, a report with the recommended method and any changes or potential impacts to toll rates shall be submitted to the transportation committees of the legislature and the office of financial management.

It is the intent of the legislature that if any portion of the labor system replacement project is leveraged in the future for the time, leave, and labor distribution of any other agencies, the motor vehicle account will be reimbursed proportionally for the development of the system since amounts expended from the motor vehicle account must be used exclusively for highway purposes in conformance with Article II, section 40 of the state Constitution. This must be accomplished through a loan arrangement with the current interest rate under the terms set by the office of the state treasurer at the time the system is deployed to additional agencies. If the motor vehicle account is not reimbursed for future use of the system, it is further the intent of the legislature that reductions will be made to central

During the 2019-2021 fiscal biennium, the department may use the distributed direct program support or other cost allocation method to fund a new capital systems replacement or modernization project. The department shall submit a decision package for implementation of a new capital systems replacement project to the governor and the transportation committees of the legislature as part of the normal budget process for the 2021-2023 biennium.

The appropriations in this section are subject to the following conditions and limitations:

(1) The legislature recognizes that the trail known as the Rocky Reach Trail, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on state route number 2 and the coincident section of state route number 97. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) No. 2-09-04686 containing the trail and associated buffer areas to the Washington state parks and recreation commission is consistent with the public interest. The legislature directs the department to transfer the property to the Washington state parks and recreation commission.

(a) The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes.

(b) Prior to completing the transfer in this subsection (1), the department must ensure that provisions are made to accommodate private and public utilities and any facilities that predate the department's acquisition of the property, at no cost to those entities. Prior to completing the transfer, the department shall also ensure that provisions, by fair market assessment, are made to accommodate other private and public utilities and any facilities that have been legally allowed by permit or other instrument.

(c) The department may sell any adjoining property that is not necessary to support the Rocky Reach Trail and adjacent buffer areas only after the transfer of trail-related property to the Washington state parks and recreation commission is complete. Adjoining property owners must be given the first opportunity to acquire such property that abuts their property, and applicable boundary line or other adjustments must be made to the legal descriptions for recording purposes.

(2) With respect to Parcel 12 of the real property conveyed by the state of Washington to the city of Mercer Island under that certain quitclaim deed, dated April 19, 2000, recorded in King county under recording no. 20000425001234, the requirement in the deed that the property be used for road/street purposes only will be deemed satisfied by the department of transportation so long as commuter parking, as part of the vertical development of the property, is one of the significant uses of the property.

(3) \$1,600,000 of the motor vehicle account—state appropriation is provided solely for real estate services activities. Consistent with RCW 47.12.120 and during the 2019-2021 fiscal biennium, when initiating, extending, or renewing any rent or lease agreements with a regional transit authority, consideration of value must be equivalent to one hundred percent of economic or market rent.

(4)(a) \$100,000 of the motor vehicle account—state appropriation is provided solely for the department to:

(i) Determine the real property owned by the state of Washington and under the jurisdiction of the department in King county that is surplus property located in an area encompassing south of Dearborn Street in Seattle, south of Newcastle,

west of SR 515, and north of South 216th to SR 515; and

(ii) Use any remaining funds after (a)(i) of this subsection is completed to identify additional real property across the state owned by the state of Washington and under the jurisdiction of the department that is surplus property.

(b) The department shall provide a report to the transportation committees of the legislature describing the properties it has identified as surplus property under (a) of this subsection by October 1, 2020.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$6,000,000 of the motor vehicle account—state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects completed in the prior fiscal biennium.

(2)(a) During the 2019-2021 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under

For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. (d) The department shall expand the high occupancy vehicle lane access pilot program to private, for hire vehicles regulated under chapter 81.72 RCW that have been specially manufactured, designed, or modified for the transportation of a person who has a mobility disability and uses a wheelchair or other assistive device. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, wheelchair-accessible taxicabs that are clearly and identifiably marked as such on all sides of the vehicle are considered public transportation

vehicles and must be authorized to use the reserved portion of the highway.

(e) Nothing in this subsection (2) is intended to exempt these vehicles from paying tolls when they do not meet the occupancy requirements established by the department for express toll lanes.

The reason for the geographic selection of Spokane and Whatcom counties is based on the high utilization of studded tires in these jurisdictions. The public information campaigns must primarily focus on making the consumer aware of the

safety implications for other drivers, road deterioration, financial impact for taxpayers, and, secondarily, the alternatives to studded tires. The Whatcom county pilot media-based public information campaign must begin by September 1, 2020. By January 14, 2021, the department must provide the transportation committees of the legislature an update on the Spokane and Whatcom county pilot media-based public information campaigns.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$62,698,000 of the multimodal transportation account—state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation. Of this amount:

(a) \$14,297,000 of the multimodal transportation account—state appropriation is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers must be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided. Fuel type may not be a factor in the grant selection process.

(b) \$48,401,000 of the multimodal transportation account—state appropriation is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must, to the greatest extent practicable, have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2017 as reported in the "Summary of Public Transportation - 2017" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions. Fuel type may not be a factor in the grant selection process.

(2) \$32,223,000 of the rural mobility grant program account—state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100. Fuel type may not be a factor in the grant selection process.

(3)(a) \$10,539,000 of the multimodal transportation account—state appropriation is provided solely for a vanpool grant program for: (i) Public transit agencies to add vanpools or replace vans; and (ii) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds.

Fuel type may not be a factor in the grant selection process.

(b) At least \$1,600,000 of the amount provided in this subsection must be used for vanpool grants in congested corridors.

(4) \$27,483,000 of the regional mobility grant program account—state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document ((2020)) 2021-2 ALL PROJECTS as developed March ((11, 2020)) 22, 2021, Program - Public Transportation Program (V).

(5)(a) (~~(\$61,215,000)~~) \$50,676,000 of the regional mobility grant program account—state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document ((2020)) 2021-2 ALL PROJECTS as developed March ((11, 2020)) 22, 2021, Program - Public Transportation Program (V). The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2019, and December 15, 2020, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. A grantee may not receive more than twenty-five percent of the amount appropriated in this subsection. Additionally, when allocating funding for the 2021-2023 biennium, no more than thirty percent of the total grant program may directly benefit or support one grantee. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded

grant. Fuel type may not be a factor in the grant selection process.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2019-2021 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. (a) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for the department to continue a pilot transit pass incentive program. Businesses and nonprofit organizations located in a county adjacent to Puget Sound with a population of more than seven hundred thousand that have never offered transit subsidies to employees are eligible to apply to the program for a fifty percent rebate on the cost of employee transit subsidies provided through the regional ORCA fare collection system. No single business or nonprofit organization may receive more than ten thousand dollars from the program.

(i) Businesses and nonprofit organizations may apply and be awarded funds prior to purchasing a transit subsidy, but the department may not provide reimbursement until proof of

purchase or a contract has been provided to the department.

(ii) The department shall update the transportation committees of the legislature on the impact of the program by January 31, 2020, and may adopt rules to administer the program.

(b) \$30,000 of the state vehicle parking account—state appropriation is provided solely for the STAR pass program for state employees residing in Mason and Grays Harbor Counties. Use of the pass is for public transportation between Mason County and Thurston County, and Grays Harbor and Thurston County. The pass may also be used within Grays Harbor County. The STAR pass commute trip reduction program is open to any state employee who expresses intent to commute to his or her assigned state worksite using a public transit system currently participating in the STAR pass program.

(c) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for a first mile/last mile connections grant program. Eligible grant recipients include cities, businesses, nonprofits, and transportation network companies with first mile/last mile solution proposals. Transit agencies are not eligible. The commute trip reduction board shall develop grant parameters, evaluation criteria, and evaluate grant proposals. The commute trip reduction board shall provide the transportation committees of the legislature a report on the effectiveness of this grant program and best practices for continuing the program.

(8) Except as provided otherwise in this subsection, \$33,370,000 of the multimodal transportation account—state appropriation is provided solely for connecting Washington transit projects identified in LEAP Transportation Document ((2020)) 2021-2 ALL PROJECTS as developed March ((11, 2020)) 22, 2021. It is the intent of the legislature that entities identified to receive funding in the LEAP document referenced in this subsection receive the amounts specified in the time frame specified in that LEAP document. If an entity has already completed a project in the LEAP document referenced in this subsection before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(9) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for transit coordination grants. Fuel type may not be a factor in the grant selection process.

(10) The department shall not require more than a ten percent match from nonprofit transportation providers for state grants.

(11) (a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (4) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) King County Metro - RapidRide Expansion, Burien-Delridge (G2000031);

initiative, "Telework Tuesday," beginning in January 2020.

(b) Capitol campus state agency management is directed to fully participate in this work, which aims to reduce greenhouse gases, require less office space and parking investments; provide low cost congestion relief on I-5 during peak periods, US 101, and the local transportation network; and improve retention and recruitment of public employees. The agencies should actively: Encourage employees qualified to telework to participate in this program and increase the number of employees who qualify for mobile work and schedule shifts.

(c) If measurable success is achieved, the capitol campus state agencies shall provide options to expand the project to other jurisdictions concentrated with large employers. (ii) Upon completion of the Montlake Phase of the West End project (current anticipated contract completion of 2023), WSDOT shall sell that portion of the property not used for permanent transportation improvements and initiate a process to convey that surplus property to a subsequent owner.

(c) \$60,000 of the motor vehicle account—state appropriation is provided solely for grants to nonprofit organizations located in a city with a population exceeding six hundred thousand persons and that empower artists through equitable access to vital expertise, opportunities, and business services. Funds may be used only for the purpose of preserving, commemorating, and sharing the history of the city of Seattle's freeway protests and making the history of activism around the promotion of more integrated transportation and land use planning accessible to current and future generations through the preservation of Bent 2 of the R. H. Thompson freeway ramp.

(13) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue \$50,000,000 in federal funds to pay for this project to supplant state funds in the future. \$50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(14) (~~(\$310,469,000)~~) \$172,911,000 of the connecting Washington account—state appropriation (~~(+)~~), \$12,599,000 of the motor vehicle account—private/local appropriation, \$2,500,000 of the motor vehicle account—state appropriation, and \$1,500,000 of the motor vehicle account—federal appropriation are provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) Proceeds from the sale of any surplus real property acquired for the purpose of building the SR 167/SR 509 Puget Sound Gateway (M00600R) project must be deposited into the motor vehicle account for the purpose of constructing the project.

(c) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(d) It is the legislature's intent that the department shall construct a full single-point urban interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state

route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the base project is fully funded, the funds must first be applied toward the completion of these two full single-point urban interchanges.

(e) In designing the state route number 509/state route number 516 interchange component of the SR 167/SR 509 Puget Sound Gateway project (M00600R), the department shall make every effort to utilize the preferred "4B" design.

(f) The department shall explore the development of a multiuse trail for bicyclists, pedestrians, skateboarders, and similar users along the SR 167 right-of-way acquired for the project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park.

(g) If sufficient bonding authority to complete this project is not provided within chapter 421, Laws of 2019 (addressing tolling), or within a bond authorization act referencing chapter 421, Laws of 2019 by June 30, 2019, it is the intent of the legislature to return the Puget Sound Gateway project (M00600R) to its previously identified construction schedule by moving \$128,900,000 in connecting Washington account—state appropriation back to the 2027-2029 biennium from the 2023-2025 biennium on the list referenced in subsection (2) of this section. If sufficient bonding authority is provided, it is the intent of the legislature to advance the project to allow for earlier completion and inflationary savings.

(15) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(16) (~~(\$1,029,000)~~) \$1,030,000 of the transportation partnership account—state appropriation is provided solely for the U.S. 2 Trestle IJR project (L1000158).

(17) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(18) Any advisory group that the department convenes during the 2019-2021 fiscal biennium must consider the interests of the entire state of Washington.

(19) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2021, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(20)(a) For connecting Washington projects that have already begun and are eligible for the authority granted in section 601 (~~(of this act)~~), chapter 219, Laws of 2020, the department shall prioritize advancing the following projects if expected reappropriations become available:

(i) SR 14/I-205 to SE 164th Ave - Auxiliary Lanes (L2000102);

(ii) SR 305 Construction - Safety Improvements (N30500R);

(iii) SR 14/Bingen Underpass (L2220062);

(iv) I-405/NE 132nd Interchange - Totem Lake (L1000110);

(v) US Hwy 2 Safety (N00200R);

(vi) US-12/Walla Walla Corridor Improvements (T20900R);

(vii) I-5 JBLM Corridor Improvements (M00100R);

(viii) I-5/Slater Road Interchange - Improvements (L1000099);

(ix) SR 510/Yelm Loop Phase 2 (T32700R); or

(x) SR 520/124th St Interchange (Design and Right of Way) (L1000098).

(b) To the extent practicable, the department shall use the flexibility and authority granted in this section and in section 601 of this act to minimize the amount of reappropriations needed each biennium.

(c) The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(21) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

Further, the legislature determines construction aggregate and recycled concrete materials substantially meet widely recognized international, national, and local standards and specifications referenced in American society for testing and materials, American concrete institute, Washington state department of transportation, Seattle department of transportation, American public works association, federal aviation administration, and federal highway administration specifications, and are described as necessary and desirable products for recycling and reuse by state and federal agencies.

As these recyclable materials have well established markets, are substantially a primary or secondary product of necessary construction processes and production, and are managed as an item of commercial value,

construction aggregate and recycled concrete materials are exempt from chapter 173-350 WAC.

(22) (a) (~~(\$17,500,000)~~) \$8,072,000 of the motor vehicle account—state appropriation (~~(+e)~~) and \$7,329,000 of the motor vehicle account—private/local appropriation are provided solely for staffing of a project office to replace the Interstate 5 bridge across the Columbia river (G2000088). If at least a \$9,000,000 transfer is not authorized in section 406(29), chapter 416, Laws of 2019, then \$9,000,000 of the motor vehicle account—state appropriation lapses.

(b) (~~Of the amount provided in this subsection, \$7,780,000 of the motor vehicle account state appropriation must be placed in unallotted status by the office of financial management until the department develops a detailed plan for the work of this project office in consultation with the chairs and ranking members of the transportation committees of the legislature. The director of the office of financial management shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.~~)

(~~e~~) The work of this project office includes, but is not limited to, the reevaluation of the purpose and need identified for the project previously known as the Columbia river crossing, the reevaluation of permits and development of a finance plan, the reengagement of key stakeholders and the public, and the reevaluation of scope, schedule, and budget for a reinvigorated bistate effort for replacement of the Interstate 5 Columbia river bridge. When reevaluating the finance plan for the project, the department shall assume that some costs of the new facility may be covered by tolls. The project office must also study the possible different governance structures for a bridge authority that would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the project office must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts.

(~~d~~) (c) Within the amount provided in this subsection, the department must

implement chapter 137, Laws of 2019 (projects of statewide significance).

(~~e~~) (d) The department shall have as a goal to:

(i) Reengage project stakeholders and reevaluate the purpose and need and environmental permits by July 1, 2020;

(ii) Develop a finance plan by December 1, 2020; and

(iii) Have made significant progress toward beginning the supplemental environmental impact statement process by June 30, 2021. The department shall aim to provide a progress report on these activities to the governor and the transportation committees of the legislature by December 1, 2019, and a final report to the governor and the transportation committees of the legislature by December 1, 2020.

(23) (~~(\$17,500,000 of the motor vehicle account state appropriation is provided solely to begin the pre design phase on the I-5/Columbia River Bridge project (G2000088).~~)

(~~e~~) (a) \$191,360,000 of the connecting Washington account—state appropriation, \$47,655,000 of the motor vehicle account—federal appropriation, \$11,179,000 of the motor vehicle account—private/local appropriation, \$6,100,000 of the motor vehicle account—state appropriation, and \$18,706,000 of the transportation partnership account—state appropriation are provided solely for the Fish Passage Barrier Removal project (OBI4001) with the intent of fully complying with the court injunction by 2030.

(b) Of the amounts provided in this subsection, \$320,000 of the connecting Washington account—state appropriation is provided solely to remove the fish passage barrier on state route number 6 that interfaces with Boistfort Valley water utilities near milepost 46.6.

(c) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach to maximize habitat gain by replacing both state and local culverts. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, ability to leverage investments by others, presence of other barriers, project readiness, other

transportation projects in the area, and transportation impacts.

(d) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(e) It is the intent of the legislature that for the amount listed for the 2021-2023 biennium for the Fish Passage Barrier Removal project (OBI4001) on the LEAP list referenced in subsection (1) of this section, that accrued practical design savings deposited in the transportation future funding program account be used to help fund the cost of fully complying with the court injunction by 2030.

~~((25))~~ (24) (a) The Washington state department of transportation is directed to pursue compliance with the *U.S. v. Washington* permanent injunction by delivering culvert corrections within the injunction area guided by the principle of providing the greatest fisheries habitat gain at the earliest time and considering the following factors: Opportunity to bundle projects, tribal priorities, ability to leverage investments by others, presence of other barriers, project readiness, culvert condition, other transportation projects in the area, and transportation impacts.

(b) The department and Brian Abbott fish barrier removal board, while providing the opportunity for stakeholders, tribes, and government agencies to give input on a statewide culvert remediation plan, must provide updates on the development of the statewide culvert remediation plan to the capital budget, ways and means, and transportation committees of the legislature by November 1, 2020, and March 15, 2021. The first update must include a project timeline and plan to ensure that all state agencies with culvert correction programs are involved in the creation of the comprehensive plan. The department and Brian Abbott fish barrier removal board must submit the final comprehensive statewide culvert remediation plan and the process by which it will be adaptively managed over time to the governor and the legislative fiscal committees by June 30, 2021.

(b) If sufficient bonding authority to complete this project is not provided within chapter 421, Laws of 2019 (addressing tolling), or within a bond authorization act referencing chapter 421, Laws of 2019 by June 30, 2019, it is the intent of the legislature to remove the \$100,000,000 in toll funding from this project on the list referenced in subsection (2) of this section.

~~((28))~~ (27) For the I-405/North 8th Street Direct Access Ramp in Renton project (L1000280), if sufficient bonding authority to begin this project is not provided within chapter 421, Laws of 2019 (addressing tolling), or within a bond authorization act referencing chapter 421, Laws of 2019, it is the intent of the legislature to remove the project from the list referenced in subsection (2) of this section.

((~~36~~)) (34) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

(b) Allotment modifications authorized under this subsection may not result in

increased funding for any project beyond the amount provided for that project in the 2019-2021 fiscal biennium in LEAP Transportation Document ((~~2020~~)) 2021-2 ALL PROJECTS as developed March ((~~11, 2020~~)) 22, 2021;

(d) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

this section, the entire connecting
Washington account—state appropriation
and the entire transportation
partnership account—state appropriation
are provided solely for the projects and
activities as listed by fund, project,
and amount in LEAP Transportation
Document ((2020)) 2021-1 as developed
March ((11, 2020)) 22, 2021, Program -
Highway Preservation Program (P).
However, limited transfers of specific
line-item project appropriations may
occur between projects for those amounts
listed subject to the conditions and
limitations in section 601 ((~~of this~~
~~act~~)), chapter 219, Laws of 2020.

(2) Except as provided otherwise in
this section, the entire motor vehicle
account—state appropriation and motor
vehicle account—federal appropriation
are provided solely for the projects and
activities listed in LEAP Transportation
Document ((2020)) 2021-2 ALL PROJECTS as
developed March ((11, 2020)) 22, 2021,

efficiencies, adjustments to the federal
funds forecast, additional congressional
action not related to a specific project
or purpose, or the federal funds
redistribution process must then be

applied to highway and bridge
preservation activities or fish passage
barrier corrections (0BI4001).

(3) Within the motor vehicle account—
state appropriation and motor vehicle
account—federal appropriation, the
department may transfer funds between
programs I and P, except for funds that
are otherwise restricted in this act. Ten
days prior to any transfer, the
department must submit its request to the
office of financial management and the
transportation committees of the
legislature and consider any concerns
raised. The department shall submit a
report on fiscal year funds transferred
in the prior fiscal year using this
subsection as part of the department's

Laws of 2020. The land mobile radio
project is subject to technical oversight
by the office of the chief information
officer. The department, in
collaboration with the office of the
chief information officer, shall
identify where existing or proposed
mobile radio technology investments
should be consolidated, identify when
existing or proposed mobile radio
technology investments can be reused or
leveraged to meet multiagency needs,
increase mobile radio interoperability
between agencies, and identify how
redundant investments can be reduced over
time. The department shall also provide
quarterly reports to the technology

extraordinary costs incurred from
litigation awards, settlements, or
dispute mitigation activities not
eligible for funding from the self-
insurance fund. The amount provided in
this subsection must be held in
unallotted status until the department
submits a request to the office of
financial management that includes
documentation detailing litigation-
related expenses. The office of financial
management may release the funds only
when it determines that all other funds
designated for litigation awards,

settlements, and dispute mitigation activities have been exhausted. No funds provided in this subsection may be expended on any legal fees related to the SR 99/Alaskan Way viaduct replacement project (809936Z).

(6) The appropriation in this section includes funding for starting planning, engineering, and construction of the Elwha River bridge replacement. To the greatest extent practicable, the department shall maintain public access on the existing route.

(7) \$21,289,000 of the motor vehicle account—federal appropriation and \$840,000 of the motor vehicle account—state appropriation are provided solely for the preservation of structurally deficient bridges or bridges that are at risk of becoming structurally deficient (L1000068). The department shall provide a report that identifies the progress of each project funded in this subsection as part of its annual agency budget request.

(8) The department must consult with the Washington state patrol and the office of financial management during the design phase of any improvement or preservation project that could impact Washington state patrol weigh station operations. During the design phase of any such project, the department must estimate the cost of designing around the affected weigh station's current operations, as well as the cost of moving the affected weigh station.

(9) During the course of any planned resurfacing or other preservation activity on state route number 26 between Colfax and Othello in the 2019-2021 fiscal biennium, the department must add dug-in reflectors.

(10) Within the connecting Washington account—state appropriation, the department may transfer funds from Highway System Preservation (L1100071) to other preservation projects listed in the LEAP transportation document identified in subsection (1) of this section, if it is determined necessary for completion of these high priority preservation projects. appropriation is provided solely for
emergency capital repair costs
(999910K). Funds may only be spent after
approval by the office of financial
management.

(5) (~~(\$2,300,000)~~) \$2,224,000 of the
Puget Sound capital construction
account—state appropriation is provided
solely for the ORCA acceptance project
(L2000300). The ferry system shall work
with Washington technology solutions and
the tolling division on the development
of a new, interoperable ticketing system.

(6) \$495,000 of the Puget Sound
capital construction account—state
appropriation is provided solely for an
electric ferry planning team (G2000087)
to develop ten-year and twenty-year
implementation plans to efficiently
deploy hybrid-electric vessels,
including a cost-benefit analysis of
construction and operation of hybrid-
electric vessels with and without
charging infrastructure. The plan
includes, but is not limited to, vessel
technology and feasibility, vessel and
terminal deployment schedules, project
financing, and workforce requirements.
The plan shall be submitted to the office
of financial management and the
transportation committees of the
legislature by June 30, 2020.

(7) (~~(\$35,000,000)~~) \$10,776,000 of the
Puget Sound capital construction
account—state appropriation and
\$8,000,000 of the Puget Sound capital
construction account—federal
appropriation are provided solely for the
conversion of up to two Jumbo Mark II
vessels to electric hybrid propulsion
(G2000084). The department shall seek
additional funds for the purposes of this
subsection. The department may spend from
the Puget Sound capital construction
account—state appropriation in this
section only as much as the department
receives in Volkswagen settlement funds
for the purposes of this subsection.

(8) \$400,000 of the Puget Sound
capital construction account—state
appropriation is provided solely for a
request for proposals for a new
maintenance management system (project
L2000301) and is subject to the
conditions, limitations, and review
provided in section 701 (~~(of this act)~~),
chapter 219, Laws of 2020.

(9) (~~(\$96,030,000)~~) \$35,547,000 of the capital vessel replacement account—state appropriation is provided solely for the acquisition of a 144-car hybrid-electric vessel. The vendor must present to the joint transportation committee and the office of financial management, by September 15, 2019, a list of options that will result in significant cost savings changes in terms of construction or the long-term maintenance and operations of the vessel. The vendor must allow for exercising the options without a penalty. It is the intent of the legislature to provide an additional \$88,000,000 in funding in the 2021-23 biennium. The reduction provided in this subsection is an assumed underrun pursuant to subsection (11) of this section. The commencement of construction of new vessels for the ferry system is important not only for safety reasons, but also to keep skilled marine construction jobs in the Puget Sound region and to sustain the capacity of the region to meet the ongoing construction and preservation needs of the ferry system fleet of vessels. The legislature has determined that the current vessel procurement process must move forward with all due speed, balancing the interests of both the taxpayers and shipyards. To accomplish construction of vessels in accordance with RCW 47.60.810, the prevailing shipbuilder, for vessels initially funded after July 1, 2020, is encouraged to follow the historical practice of subcontracting the construction of ferry superstructures to a separate nonaffiliated contractor located within the Puget Sound region, that is qualified in accordance with RCW 47.60.690.

(10) The capital vessel replacement account—state appropriation includes up to (~~(\$96,030,000)~~) \$35,547,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(~~(12)~~) (11) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within

this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

(b) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2019-2021 fiscal biennium in LEAP Transportation Document (~~(2020)~~) 2021-2 ALL PROJECTS as developed March (~~(11, 2020)~~) 22, 2021;

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Puget Sound capital construction account—state, transportation partnership account—state, and capital vessel replacement account—state; and

(d) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

service recovery needs and corrective actions related to the December 2017 derailment.

(9) (a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project in this section with an appropriation that cannot be used for the current fiscal biennium to advance the South Kelso Railroad Crossing project (L1000147).

(b) At least ten business days before advancing the project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of the project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(c) To the extent practicable, the department shall use the flexibility and authority granted in this section to minimize the amount of reappropriations needed each biennium.

"(3) (a) The transportation budget is currently reliant on vehicle and driver related fees. Motor vehicle registrations, driver licenses, tolls, and the motor vehicle fuel tax provide the primary revenues for the transportation budget. These user revenues no longer adequately support the transportation system's needs. Many of the transportation modes have no or little ability to generate revenue, yet are important elements of a functioning transportation network. Providing transportation options that do not involve passenger vehicles is critical. The tax burden in the transportation budget falls on people that own and drive vehicles. It fails to provide the money needed for the system quality that the people of Washington want.

(b) Therefore, the commission is directed to evaluate, identify, and consider agencies, programs, and activities that are currently funded in the transportation budget that provide a public good that might be paid for using other revenues. The commission is directed to make recommendations for potential changes to funding sources for the transportation system with the goal of providing funding to maintain existing transportation assets in a state of good repair without exclusively relying on vehicle owners or drivers as the revenue source. Preliminary findings must be presented to the Joint Transportation Committee by September 30, 2022, and a final report issued to the appropriate committees of the legislature by December 1, 2022."

POINT OF ORDER

Representative Stonier requested a scope and object ruling on amendment (493).

SPEAKER'S RULING

"The bill before us is the omnibus transportation budget for the 2021-23 biennium.

The amendment changes the amount of statutorily established individual vehicle registration fees that may be collected during the biennium.

There is frequently a relationship between fee revenue and the amount of funding that a budget must provide to operate a regulatory program. Here, however, the legislature has established a comprehensive fee structure in statute that establishes fees at specific dollar amounts for vehicle registrations. A wholesale suspension of that statutory scheme, even for the biennium, is outside the scope and object of a budget bill.

The Speaker therefore finds and rules that the amendment is outside the scope and object of the bill.

The point of order is well taken."

Striking amendment (488) as amended, was adopted.

There being no objection, the rules were suspended, the second reading considered the third and the bill, as amended by the House, was placed on final passage.

percentage, less the pounds of total plastic multiplied by the percent of postconsumer recycled plastic used; multiplied by 20 cents.

(ii) Example: [(Total pounds of plastic used x minimum postconsumer recycled plastic target percentage) - (Total pounds of plastic used x postconsumer recycled plastic percentage used)] x 20 cents.

(b) For the purposes of (a) of this subsection, both of the following apply:

(i) The total pounds of plastic used must equal the sum of the amount of virgin plastic, postconsumer recycled content plastic, and any other plastic used by the producer, as reported pursuant to section 4 of this act.

(ii) If the product calculated pursuant to (a) of this subsection is equal to or less than zero, the department may not assess a penalty.

(3)(a)(i) The department shall consider granting a reduction of penalties assessed pursuant to this section for the purpose of meeting the minimum postconsumer recycled content requirements required pursuant to section 3 of this act.

(ii) In determining whether to grant the reduction pursuant to (a)(i) of this subsection, the department shall consider, at a minimum, all of the following factors:

- (A) Anomalous market conditions;
- (B) Disruption in, or lack of supply of, recycled plastics; and
- (C) Other factors that have prevented a producer from meeting the requirements.

(b) In lieu of or in addition to assessing a penalty under this section, the department may require a producer to submit a corrective action plan detailing how the producer plans to come into compliance with section 3 of this act.

(4) A producer shall pay the penalty assessed pursuant to this section, as applicable, based on the information reported to the department as required under section 4 of this act in the form and manner prescribed by the department.

(3) The public body must notify all proposers of the finalists selected to move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee's selection decision. At the request of a proposer not selected as a finalist, the public body must provide the requesting proposer with a scoring summary of the evaluation factors for its proposal. Proposers filing a protest on the selection of the finalists must file the protest in accordance with the published protest procedures. The selection process may not advance to the next phase of selection until two business days after the final protest decision is transmitted to the protestor.

(4) Upon selection of the finalists, the public body shall issue a request for proposals to the finalists. The request for proposal documents shall include:

(a) Any specific forms to be used by the finalists; and

(b) Submission of a summary of the finalist's accident prevention program and an overview of its implementation.

(5) The public body shall establish an evaluation committee to evaluate the proposals submitted by the finalists. The finalists' proposals shall be evaluated and scored based solely on the factors, weighting, and process identified in the request for qualifications, the request for proposals, and in any addenda published by the public body. Public bodies may request best and final proposals from finalists. The public body may initiate negotiations with the finalist submitting the highest scored proposal. If the public body is unable to execute a contract with the finalist submitting the highest scored proposal, negotiations with that finalist may be suspended or terminated and the public body may proceed to negotiate with the next highest scored finalist. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(6) The public body shall notify all finalists of the selection decision and

make a selection summary of the final proposals available to all proposers within two business days of such notification. If the public body receives a timely written protest from a finalist firm, the public body may not execute a contract until two business days after the final protest decision is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

(7) The firm awarded the contract shall provide a performance and payment bond for the contracted amount.

(8) Any contract must require the firm awarded the contract to track and report to the public body and to the office of minority and women's business enterprises its utilization of the office of minority and women's business enterprises certified businesses and veteran certified businesses.

(9) The public body shall provide appropriate honorarium payments to finalists submitting responsive proposals that are not awarded a design-build contract. Honorarium payments shall be sufficient to generate meaningful competition among potential proposers on design-build projects. In determining the amount of the honorarium, the public body shall recognize the level of effort required to meet the selection criteria.

Sec. 8. RCW 39.10.350 and 2014 c 42 s 4 are each amended to read as follows:

(1) A public body using the general contractor/construction manager contracting procedure shall provide for:

(a) The preparation of appropriate, complete, and coordinated design documents;

(b) Confirmation that a constructability analysis of the design documents has been performed prior to solicitation of a subcontract bid package;

(c) Reasonable budget contingencies totaling not less than five percent of the anticipated contract value;

(d) To the extent appropriate, on-site architectural or engineering representatives during major construction or installation phases;

(e) Employment of staff or consultants with expertise and prior experience in the management of comparable projects,

critical path method schedule review and analysis, and the administration, pricing, and negotiation of change orders;

(f) Contract documents that include alternative dispute resolution procedures to be attempted before the initiation of litigation;

(g) Contract documents that: (i) Obligate the public owner to, in writing, accept, dispute, or reject a request for equitable adjustment, change order request, or claim within a specified time period but no later than ((sixty)) 30 calendar days after the receipt by the public body of related documentation; ((and)) (ii) provide that, if the request is disputed or rejected, the public owner shall state in writing why part or all of the request is disputed or rejected; and (iii) provide that if the public owner does not respond in writing to a request for equitable adjustment, change order request, or claim within the specified time period, the ((request is deemed denied)) contractor shall not be deemed to have waived any right to the claims process;

(h) Submission of project information, as required by the board; and

(i) Contract documents that require the contractor, subcontractors, and designers to submit project information required by the board.

(2) A public body using the general contractor/construction manager contracting procedure may include an incentive clause for early completion, cost savings, or other performance goals if such incentives are identified in the request for proposals. No incentives granted may exceed five percent of the maximum allowable construction cost. No incentives may be paid from any contingency fund established for coordination of the construction documents or coordination of the work.

(3) If the construction is completed for less than the maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the construction is completed for more than the maximum allowable construction cost, the additional cost is the responsibility of the general contractor/construction manager.

(4) If the public body and the general contractor/construction manager agree, in writing, on a price for additional work, the public body must issue a change order within ~~((thirty))~~ 30 days of the written agreement. If the public body does not issue a change order within the ~~((thirty))~~ 30 days, interest shall accrue on the dollar amount of the additional work satisfactorily completed until a change order is issued. The public body shall pay this interest at a rate of one percent per month.

~~((5) For a project procured as a heavy civil construction project, an independent audit, paid for by the public body, must be conducted to confirm the proper accrual of costs as outlined in the contract.))~~

Sec. 9. RCW 39.10.360 and 2014 c 42 s 5 are each amended to read as follows:

(1) Public bodies should select general contractor/construction managers ~~((early in the life of public works projects, and in most situations no later than the completion of schematic design))~~ at a time in the project when the general contractor/construction manager's participation provides value.

(2) Contracts for the services of a general contractor/ construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. At a minimum, the public body shall publish at least once in a legal newspaper of general circulation published in, or as near as possible to, that part of the county in which the public work will be performed, a notice of its request for qualifications from proposers for general contractor/construction manager services, and the availability and location of the request for proposal documents. The public body is encouraged to post the general contractor/construction manager opportunity in additional areas, such as websites for business associations or the office of minority and women's business enterprises, to further publicize the opportunity for qualified general contractors/construction managers. The public solicitation of proposals shall include:

(a) A description of the project, including programmatic, performance, and

technical requirements and specifications when available;

(b) The reasons for using the general contractor/construction manager procedure ~~((including, if applicable, a clear statement that the public body is electing to procure the project as a heavy civil construction project, in which case the solicitation must additionally:~~

~~((i) Indicate the minimum percentage of the cost of the work to construct the project that will constitute the negotiated self-perform portion of the project;~~

~~((ii) Indicate whether the public body will allow the price to be paid for the negotiated self-perform portion of the project to be deemed a cost of the work to which the general contractor/construction manager's percent fee applies; and~~

~~((iii) Require proposals to indicate the proposer's fee for the negotiated self-perform portion of the project));~~

(c) A description of the qualifications to be required of the firm, including submission of the firm's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors, the relative weight of factors, and protest procedures including time limits for filing a protest, which in no event may limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;

(e) The form of the contract, including any contract for preconstruction services, to be awarded;

(f) The estimated maximum allowable construction cost; and

(g) The bid instructions to be used by the general contractor/construction manager finalists.

(3) ~~((a))~~ Evaluation factors for ~~((selection))~~ qualifications of the general contractor/construction manager shall include, but not be limited to:

~~((i) Ability of the firm's professional))~~ (a) Experience and technical competence of key personnel;

~~((ii))~~ (b) The ((firm's)) proposer's past performance ((is)) with negotiated ((and)) or similarly complex projects;

~~((iii))~~ (c) The ((firm's ability to meet time and budget requirements)) proposer's capacity to perform the work;

~~((iv))~~ (d) The scope of work the firm proposes to self-perform and its ((ability to perform)) past performance of that scope of work;

~~((v) The firm's proximity to the project location;~~

~~((vi) Recent, current, and projected workloads of the firm; and~~

~~((vii))~~ (e) The ((firm's)) proposer's approach to executing the project, including ability to meet the project time and budget requirements; and

(f) The proposer's past performance in utilization of disadvantaged business enterprises and small business entities and the inclusion plan for small business entities and disadvantaged business enterprises as subconsultants, subcontractors, and suppliers for the project.

~~((b) An agency may also consider the firm's outreach plan to include small business entities and disadvantaged business enterprises, and the firm's past performance in the utilization of such firms as an evaluation factor.))~~

(4) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, at the time specified by the public body, these finalists shall submit final proposals, ~~((including))~~ which must include sealed bids for the percent fee on the estimated maximum allowable construction cost and ~~((the fixed amount for the general conditions work specified))~~ which may include other price-related factors identified in the request for proposal. In no event shall a price-related factor include a request for overall project budget, estimate, or bid. The public body shall establish a time and place for the opening of sealed bids ~~((for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal))~~. At the time and place named, these bids must be publicly opened and read and the public body shall make all previous scoring available to the public. The public body

shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals. A public body shall not evaluate or disqualify a proposal based on the terms of a collective bargaining agreement.

(5) The public body shall notify all finalists of the selection decision and make a selection summary of the final proposals available to all proposers within two business days of such notification. If the public body receives a timely written protest from a proposer, the public body may not execute a contract until two business days after the final protest decision is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

(6) Public bodies may contract with the selected firm to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

Sec. 10. RCW 39.10.370 and 2014 c 42 s 6 are each amended to read as follows:

(1) The maximum allowable construction cost shall be used to establish a total contract cost for which the general contractor/construction manager shall provide a performance and payment bond. The maximum allowable construction cost shall be negotiated between the public body and the selected firm when the construction documents and specifications are at least ninety percent complete.

(2) Major bid packages may be bid in accordance with RCW 39.10.380 before agreement on the maximum allowable construction cost between the public body and the selected general contractor/construction manager. The general contractor/construction manager may issue an intent to award to the responsible bidder submitting the lowest responsive bid.

(3) The public body may, at its option, authorize the general contractor/construction manager to proceed with the bidding and award of bid packages and construction before receipt

of complete project plans and specifications. Any contracts awarded under this subsection shall be incorporated in the negotiated maximum allowable construction cost.

(4) The total contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the negotiated support services, and the percent fee on the negotiated maximum allowable construction cost. ~~((Negotiated support services may be included in the specified general conditions at the discretion of the public body.))~~ Unless portions or all are converted to lump sum, negotiated support services shall be treated as a contractual allowance, subject to reconciliation at the conclusion of work.

(5) If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated.

(6) If the maximum allowable construction cost varies more than ~~((fifteen))~~ 15 percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

~~((7) As part of the negotiation of the maximum allowable construction cost under subsection (1) of this section, on a project that the public body has elected to procure as a heavy civil construction project:~~

~~(a) The general contractor/construction manager shall submit a proposed construction management and contracting plan, which must include, at a minimum:~~

~~(i) The scope of work and cost estimates for each bid package;~~

~~(ii) A proposed price and scope of work for the negotiated self perform portion of the project;~~

~~(iii) The bases used by the general contractor/construction manager to develop all cost estimates, including the~~

~~negotiated self perform portion of the project; and~~

~~(iv) The general contractor/construction manager's updated outreach plan to include small business entities, disadvantaged business entities, and any other disadvantaged or underutilized businesses as the public body may designate in the public solicitation of proposals, as subcontractors and suppliers for the project;~~

~~(b) The public body and general contractor/construction manager may negotiate the scopes of work to be procured by bid and the price and scope of work for the negotiated self perform portion of the project, if any;~~

~~(c) The negotiated self perform portion of the project must not exceed fifty percent of the cost of the work to construct the project;~~

~~(d) Subject to the limitation of RCW 39.10.390(4), the public body may additionally negotiate with the general contractor/construction manager to determine on which scopes of work the general contractor/construction manager will be permitted to bid, if any;~~

~~(e) The public body and general contractor/construction manager shall negotiate, to the public body's satisfaction, a fair and reasonable outreach plan;~~

~~(f) If the public body is unable to negotiate to its reasonable satisfaction a component of this subsection (7), negotiations with the firm must be terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated.)~~

Sec. 11. RCW 39.10.380 and 2013 c 222 s 14 are each amended to read as follows:

(1) All subcontract work and equipment and material purchases shall be competitively bid with public bid openings and require the public solicitation of the bid documents. At a minimum, the general contractor/construction manager shall publish at least once in a legal newspaper of general circulation published in, or as near as possible to, that part of the county in which the subcontract work will be performed, a notice of its request for bid, and the availability and location of the bid

documents. The general contractor/construction manager is encouraged to post the subcontract opportunity in additional areas beyond the legal newspaper as required by this subsection, such as websites for business associations, the office of minority and women's business enterprises, and other locations and mediums that will further publicize the opportunity for qualified subcontractors. Subcontract bid packages and equipment and materials purchases shall be awarded to the responsible bidder submitting the lowest responsive bid. In preparing subcontract bid packages, the general contractor/construction manager shall not be required to violate or waive terms of a collective bargaining agreement. Individual bid packages are to be prepared with trades separated in the manner consistent with industry practice to maximize participation and competition across all trades. Bundling of trades not normally combined into one bid package is not allowed without justification and specific approval by the public body. Bid packages must be prepared to reduce barriers for and increase participation by disadvantaged business enterprises.

(2) All subcontract bid packages in which bidder eligibility was not determined in advance shall include the specific objective criteria that will be used by the general contractor/construction manager and the public body to evaluate bidder responsibility. If the lowest bidder submitting a responsive bid is determined by the general contractor/construction manager and the public body not to be responsible, the general contractor/construction manager and the public body must provide written documentation to that bidder explaining their intent to reject the bidder as not responsible and afford the bidder the opportunity to establish that it is a responsible bidder. Responsibility shall be determined in accordance with criteria listed in the bid documents. Protests concerning bidder responsibility determination by the general contractor/construction manager and the public body shall be in accordance with subsection (4) of this section.

(3) All subcontractors who bid work over ~~((three hundred thousand dollars))~~ \$300,000 shall post a bid bond. All subcontractors who are awarded a contract over ~~((three hundred thousand dollars))~~

\$300,000 shall provide a performance and payment bond for the contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager.

(4) If the general contractor/construction manager receives a written protest from a subcontractor bidder or an equipment or material supplier, the general contractor/construction manager shall not execute a contract for the subcontract bid package or equipment or material purchase order with anyone other than the protesting bidder without first providing at least two full business days' written notice to all bidders of the intent to execute a contract for the subcontract bid package. The protesting bidder must submit written notice of its protest no later than two full business days following the bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted.

(5) A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(6) The general contractor/construction manager may negotiate with the lowest responsible and responsive bidder to negotiate an adjustment to the lowest bid or proposal price to reduce cost based upon agreed changes to the contract plans and specifications under the following conditions:

(a) All responsive bids or proposal prices exceed the ~~((available funds))~~ published bid package estimates; and

(b) The apparent low responsive bid or proposal does not exceed the ~~((available funds by the greater of one hundred twenty-five thousand dollars or two percent for projects valued over ten million dollars; and~~

~~(c) The negotiated adjustment will bring the bid or proposal price within the amount of available funds))~~ published bid package estimates by more than 10 percent.

(7) If the negotiation is unsuccessful, the subcontract work or equipment or material purchases must be rebid.

(8) The general contractor/construction manager must provide a written explanation to the public body if all bids are rejected.

Sec. 12. RCW 39.10.385 and 2013 c 222 s 15 are each amended to read as follows:

The selection process in this section may be used by public bodies certified under RCW 39.10.270. It may also be used by noncertified public bodies if this selection process has been approved for the project by the project review committee. As an alternative to the subcontractor selection process outlined in RCW 39.10.380, a general contractor/construction manager may, with the approval of the public body, select ~~((mechanical subcontractors, electrical))~~ one or more subcontractors ~~((or both))~~ using the process outlined in this section. This alternative selection process may only be used when the anticipated value of the subcontract will exceed three million dollars. When using the alternative selection process, the general contractor/construction manager should select the subcontractor early in the life of the public works project.

(1) In order to use this alternative selection process, the general contractor/construction manager and the public body must determine that it is in the best interest of the public. In making this determination the general contractor/construction manager and the public body must:

(a) Publish a notice of intent to use this alternative selection process in ~~((a))~~ the same legal newspaper where the public solicitation of proposals is published ~~((in or as near as possible to that part of the county where the public work will be constructed)).~~ The general contractor/construction manager and public body are encouraged to post the notice in additional areas beyond the legal newspaper as required under this subsection, such as websites for business associations, the office of minority and women's business enterprises, and other locations and mediums that will further publicize the intent to use this alternative selection process. Notice must be published at least fourteen calendar days before conducting a public hearing. The notice must include the date, time, and location of the hearing; a statement justifying the basis and need for the alternative selection process; how interested parties may, prior to the

hearing, obtain the following: (i) The evaluation criteria and applicable weight given to each criteria that will be used for evaluation, including clear definitions of what should be considered specified general conditions work and what should be considered the fee; and (ii) protest procedures including time limits for filing a protest, which may, in no event, limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision. The evaluation criteria, weights assigned to each criteria, and justification for using this selection process must be made available upon request at least seven calendar days before the public hearing;

(b) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding the justification for using this selection process, the evaluation criteria, weights for each criteria, and protest procedures;

(c) After the public hearing, consider the written and verbal comments received and determine if using this alternative selection process is in the best interests of the public; and

(d) Issue a written final determination to all interested parties. ~~((All protests of the decision to use the alternative selection process must be in writing and submitted to the public body within seven calendar days of the final determination.))~~ The final determination shall state the reasons the alternative selection process is determined to be in the best interests of the public and shall reasonably address the comments received regarding the criteria and weights for each criterion. Any modifications to the criteria, weights, and protest procedures based on comments received during the public hearing process must be included in the final determination. All protests of the decision to use the alternative selection process must be in writing and submitted to the public body within seven calendar days of the final determination. The public body shall not proceed with the selection process until after responding in writing to the protest.

(2) Contracts for the services of a subcontractor under this section must be awarded through a competitive process requiring a public solicitation of proposals. Notice of the public solicitation of proposals must be

provided to the office of minority and women's business enterprises. The public solicitation of proposals must include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available, along with a description of the project's unique aspects, complexities, and challenges;

(b) The reasons for using the alternative selection process;

(c) A description of the minimum qualifications required of the firm;

(d) A description of the process used to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors;

(e) Protest procedures;

(f) The form of the contract, including any contract for preconstruction services, to be awarded;

(g) The estimated maximum allowable subcontract cost; and

(h) The bid instructions to be used by the finalists.

(3) Evaluation factors for selection of the subcontractor must include, but not be limited to:

(a) Ability of the firm's professional personnel to deliver projects similar in size, scope, or complexity;

(b) The firm's past performance on ~~((similar))~~ projects similar in size, scope, or complexity;

(c) The firm's ability to meet time and budget requirements on projects similar in size, scope, or complexity;

(d) The scope of work the firm proposes to perform with its own forces and its ability to perform that work;

(e) The firm's plan for ~~((outreach to minority and women owned businesses))~~ inclusion of disadvantaged business enterprises, to the extent permitted by law;

(f) The firm's proximity to the project location;

(g) ~~((The firm's capacity to successfully complete the project;~~

~~(h))~~ The firm's approach to executing the project based on its delivery of

other projects similar in size, scope, or complexity;

~~((i))~~ (h) The firm's approach to safety on the project;

~~((j))~~ (i) The firm's safety history;

(j) If interviews are part of the selection process, the solicitation shall describe how interviews will be scored or evaluated, and evaluations shall be included in the written selection summary; and

(k) If the firm is selected as one of the most qualified finalists, the firm's fee and cost proposal.

(4) The general contractor/construction manager shall establish a committee to evaluate the proposals. At least one representative from the public body shall serve on the committee. Final proposals, including sealed bids for the percent fee on the estimated maximum allowable subcontract cost, and the fixed amount for the subcontract general conditions work specified in the request for proposal, will be requested from the most qualified firms.

(5) The general contractor/construction manager must notify all proposers of the most qualified firms that will move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee's selection decision. At the request of a proposer, the general contractor/construction manager must provide the requesting proposer with a scoring summary of the evaluation factors for its proposal. Proposers filing a protest on the selection of the most qualified finalists must file the protest with the public body in accordance with the published protest procedures. The selection process may not advance to the next phase of selection until two business days after the final protest decision issued by the public body is transmitted to the protestor.

(6) The general contractor/construction manager and the public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors identified in the solicitation of proposals. Scoring of the nonprice factors shall be added to the scoring of the fee and cost proposals

to determine the highest scored firm. The scoring of the nonprice factors must be made available at the public opening of the fee and cost proposals. The general contractor/construction manager shall notify all proposers of the selection decision and make a selection summary of the final proposals, which shall be available to all proposers within two business days of such notification. The general contractor/construction manager may not evaluate or disqualify a proposal based on the terms of a collective bargaining agreement.

(7) If the public body receives a timely written protest from a "most qualified firm," the general contractor/construction manager may not execute a contract for the protested subcontract work until two business days after the final protest decision issued by the public body is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

(8) If the general contractor/construction manager is unable to negotiate a satisfactory maximum allowable subcontract cost with the firm selected deemed by public body and the general contractor/construction manager to be fair, reasonable, and within the available funds, negotiations with that firm must be formally terminated and the general contractor/construction manager may negotiate with the next highest scored firm until an agreement is reached or the process is terminated.

(9) With the approval of the public body, the general contractor/construction manager may contract with the selected firm to provide preconstruction services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work; and to act as the ~~((mechanical or electrical))~~ subcontractor during the construction phase.

(10) The maximum allowable subcontract cost must be used to establish a total subcontract cost for purposes of a performance and payment bond. Total subcontract cost means the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable subcontract cost, and the

percent fee on the negotiated maximum allowable subcontract cost. Maximum allowable subcontract cost means the maximum cost to complete the work specified for the subcontract, including the estimated cost of work to be performed by the subcontractor's own forces, a percentage for risk contingency, negotiated support services, and approved change orders. The maximum allowable subcontract cost must be negotiated between the general contractor/construction manager and the selected firm when the construction documents and specifications are at least ninety percent complete. Final agreement on the maximum allowable subcontract cost is subject to the approval of the public body.

(11) If the work of the (~~mechanical contractor or electrical contractor~~) subcontractor is completed for less than the maximum allowable subcontract cost, any savings not otherwise negotiated as part of an incentive clause becomes part of the risk contingency included in the general contractor/construction manager's maximum allowable construction cost. If the work of the (~~mechanical contractor or the electrical contractor~~) subcontractor is completed for more than the maximum allowable subcontract cost, the additional cost is the responsibility of that subcontractor. An independent audit, paid for by the public body, must be conducted to confirm the proper accrual of costs (~~as outlined in the contract~~). The public body or general contractor/construction manager shall define the scope of the audit in the contract.

(12) A (~~mechanical or electrical contractor~~) subcontractor selected under this section may perform work with its own forces. In the event it elects to subcontract some of its work, it must select a subcontractor utilizing the procedure outlined in RCW 39.10.380.

Sec. 13. RCW 39.10.390 and 2014 c 42 s 7 are each amended to read as follows:

(1) Except as provided in this section, bidding on subcontract work or for the supply of equipment or materials by the general contractor/construction manager or its subsidiaries is prohibited.

(2) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work

or for the supply of equipment or materials if:

(a) The work within the subcontract bid package or equipment or materials is customarily performed or supplied by the general contractor/construction manager;

(b) The bid opening is managed by the public body and is in compliance with RCW 39.10.380; and

(c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package or for the equipment or materials.

(3) In no event may the general contractor/construction manager or its subsidiaries assign warranty responsibility or the terms of its contract or purchase order with vendors for equipment or material purchases to subcontract bid package bidders or subcontractors who have been awarded a contract. The value of subcontract work performed and equipment and materials supplied by the general contractor/construction manager may not exceed (~~thirty~~) 30 percent of the negotiated maximum allowable construction cost, unless procured as a heavy civil construction project under this chapter. Negotiated support services performed by the general contractor/construction manager shall not be considered subcontract work for purposes of this subsection.

~~((4) Notwithstanding any contrary provision of this chapter, for a project that a public body has elected to procure as a heavy civil construction project under this chapter, at least thirty percent of the cost of the work to construct the project included in the negotiated maximum allowable construction cost must be procured through competitive sealed bidding in which bidding by the general contractor/construction manager or its subsidiaries is prohibited.))~~

Sec. 14. RCW 39.10.400 and 2013 c 222 s 17 are each amended to read as follows:

(1) If determination of subcontractor eligibility prior to seeking bids is in the best interest of the project and critical to the successful completion of a subcontract bid package, the general contractor/construction manager and the public body may determine subcontractor eligibility to bid. The general

contractor/construction manager and the public body must:

(a) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding the justification for conducting bidder eligibility, the evaluation criteria, and weights for each criteria and subcriteria;

(b) Publish a notice of intent to evaluate and determine bidder eligibility in a legal newspaper published in or as near as possible to that part of the county where the public work will be constructed at least ~~((fourteen))~~ 14 calendar days before conducting a public hearing. The general contractor/construction manager and public body are encouraged to post the notice in additional areas beyond the legal newspaper as required under this subsection, such as websites for business associations, the office of minority and women's business enterprises, and other locations and mediums that will further publicize the intent to use subcontractor eligibility prior to seeking bids;

(c) Ensure the public hearing notice includes the date, time, and location of the hearing, a statement justifying the basis and need for performing eligibility analysis before bid opening, and how interested parties may, at least five days before the hearing, obtain the specific eligibility criteria and applicable weights given to each criteria and subcriteria that will be used during evaluation;

(d) After the public hearing, consider written and verbal comments received and determine if establishing bidder eligibility in advance of seeking bids is in the best interests of the project and critical to the successful completion of a subcontract bid package; and

(e) Issue a written final determination to all interested parties. All protests of the decision to establish bidder eligibility before issuing a subcontractor bid package must be filed with the superior court within seven calendar days of the final determination. Any modifications to the eligibility criteria and weights shall be based on comments received during the public hearing process and shall be included in the final determination.

(2) Determinations of bidder eligibility shall be in accordance with the evaluation criteria and weights for

each criteria established in the final determination and shall be provided to interested persons upon request. Any potential bidder determined not to meet eligibility criteria must be afforded one opportunity to establish its eligibility. Protests concerning bidder eligibility determinations shall be in accordance with subsection (1) of this section.

Sec. 15. RCW 39.10.430 and 2019 c 212 s 8 are each amended to read as follows:

(1) Job order contracts shall be awarded through a competitive process using public requests for proposals.

(2) The public body shall ~~((make an effort))~~ prioritize efforts to solicit proposals from certified minority or certified woman-owned contractors to the extent permitted by the Washington state civil rights act, RCW 49.60.400.

(3) The public body shall publish, at least once in a statewide publication and legal newspaper of general circulation published in every county in which the public works project is anticipated, a request for proposals for job order contracts and the availability and location of the request for proposal documents. The public body shall ensure that the request for proposal documents at a minimum includes:

(a) A detailed description of the scope of the job order contract including performance, technical requirements and specifications, functional and operational elements, minimum and maximum work order amounts, duration of the contract, and options to extend the job order contract;

(b) The reasons for using job order contracts;

In evaluating the ability of the proposer to perform the job order contract, the public body may consider: The ability of the professional personnel who will work on the job order contract; past performance on similar contracts; ability to meet time and budget requirements; past performance on approved subcontractor inclusion plans; ability to provide a performance and payment bond for the job order contract; recent, current, and projected workloads of the proposer; location; and the concept of the proposal;

(g) The form of the contract to be awarded;

(h) The method for pricing renewals or extensions to the job order contract;

(4) A public body shall establish a committee, including a member with knowledge and experience in state and federal laws, rules, and best practices concerning public contracting for minority, women, and veteran-owned businesses and small businesses, to evaluate the proposals. After the committee has selected the most qualified finalists, the finalists shall submit ~~((final proposals, including sealed bids based upon the identified unit price book))~~ a sealed bid including, but not limited to, coefficient(s). Such bids may be in the form of coefficient ~~((markups from))~~ adjustments to the listed unit price book ((costs)). will notify the board of the award of the contract.

(5) The public body shall provide a protest period of at least ten business days following the day of the announcement of the apparent successful proposal to allow a protester to file a detailed statement of the grounds of the protest. The public body shall promptly make a determination on the merits of the protest and provide to all proposers a written decision of denial or acceptance of the protest. The public body shall not execute the contract until two business days following the public body's decision on the protest.

(6) The requirements of RCW 39.30.060 do not apply to requests for proposals for job order contracts.

Sec. 16. RCW 39.10.440 and 2019 c 212 s 9 are each amended to read as follows:

(1) The maximum total dollar amount that may be awarded under a job order contract is ~~((four million dollars))~~ \$4,000,000 per year for a maximum of three years. Any unused capacity from the previous year may be carried over for one year and added to the immediate following year's limit. The maximum annual volume including unused capacity shall not exceed the limit of two years. The maximum total dollar amount that may be awarded under a job order contract for the department of enterprise services, counties with a population of more than ~~((one million))~~ 1,000,000, and cities with a population of more than ~~((four hundred thousand))~~ 400,000 is ~~((six million dollars))~~ \$6,000,000 per year for a maximum of three years. The maximum total dollar amounts are exclusive of Washington state sales and use tax.

(2) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(3) A public body may have no more than three job order contracts in effect at any one time, with the exception of the department of enterprise services, which may have six job order contracts in effect at any one time.

(4) At least (~~ninety~~) 90 percent of work contained in a job order contract must be subcontracted to entities other than the job order contractor. The job order contractor must distribute contracts as equitably as possible among qualified and available subcontractors including certified minority and woman-owned subcontractors to the extent permitted by law as demonstrated on the subcontractor and supplier project submission, and shall limit subcontractor bonding requirements to the greatest extent possible.

(5) The job order contractor shall publish notification of intent to perform public works projects at the beginning of each contract year in a statewide publication and in a legal newspaper of general circulation in every county in which the public works projects are anticipated. The job order contractor is encouraged to post the notification of intent to perform public works projects in other areas, such as websites for business associations, the office of minority and women's business enterprises, and other locations and mediums that will further publicize subcontractor opportunities.

(6) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.

(7) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the contract award coefficient for services as specified in the request for proposals. This is the contractor's sole remedy.

(8) All job order contracts awarded under this section must be signed before July 1, (~~2021~~) 2031; however the job order contract may be extended or renewed as provided for in this section.

~~((9) Public bodies may amend job order contracts awarded prior to July 1, 2007, in accordance with this chapter.)~~

- (2) The cost of each work order;

(3) A list of subcontractors hired under each work order, including whether those subcontractors were certified small, minority, women, or veteran-owned businesses; and

(4) (~~If requested by the board, a~~) A copy of the intent to pay prevailing wage and the affidavit of wages paid for each work order subcontract (~~and~~

NEW SECTION. Sec. 19. A new section is added to chapter 39.10 RCW to read as follows:

In addition to the general contractor/construction manager requirements established in this chapter, public bodies utilizing the general contractor/construction manager method for a heavy civil construction project must also comply with the following requirements:

(1) The heavy civil construction general contractor/construction manager contract solicitation must:

(a) Provide the reasons for using the general contractor/construction manager procedure, including a clear statement that the public body is electing to procure the project as a heavy civil construction project;

(b) Indicate the minimum percentage of the cost of the work to construct the project that will constitute the negotiated self-perform portion of the project;

(c) Indicate whether the public body will allow the price to be paid for the negotiated self-perform portion of the project to be deemed a cost of the work to which the general contractor/construction manager's percent fee applies; and

(d) Require proposals to indicate the proposer's fee for the negotiated self-perform portion of the project;

(2) As part of the negotiation of the maximum allowable construction cost established in RCW 39.10.370(1), the general contractor/construction manager shall submit a proposed construction management and contracting plan, which must include, at a minimum:

(a) The scope of work and cost estimates for each bid package;

(b) A proposed price and scope of work for the negotiated self-perform portion of the project;

(c) The bases used by the general contractor/construction manager to develop all cost estimates, including the negotiated self-perform portion of the project; and

(d) The general contractor/construction manager's updated inclusion plan for small business entities, disadvantaged business enterprises, and any other disadvantaged or underutilized businesses as the public body may designate in the public solicitation of proposals, as subcontractors and suppliers for the project;

(3) The public body and general contractor/construction manager may negotiate the scopes of work to be procured by bid and the price and scope of work for the negotiated self-perform portion of the project, if any;

(4) The negotiated self-perform portion of the project must not exceed 50 percent of the cost of the work to construct the project;

(5) Notwithstanding any contrary provision of this chapter, for a project that a public body has elected to procure as a heavy civil construction project under this chapter, at least 30 percent

of the cost of the work to construct the project included in the negotiated maximum allowable construction cost must be procured through competitive sealed bidding in which bidding by the general contractor/construction manager or its subsidiaries is prohibited;

(6) Subject to the limitation of subsection (5) of this section, the public body may additionally negotiate with the general contractor/construction manager to determine on which scopes of work the general contractor/construction manager will be permitted to bid, if any;

(7) The public body and general contractor/construction manager shall negotiate, to the public body's satisfaction, a fair and reasonable inclusion plan;

(8) If the public body is unable to negotiate to its reasonable satisfaction a component of this section, negotiations with the firm must be terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated; and

(9) For a project procured as a heavy civil construction project, an independent audit, paid for by the public body, must be conducted to confirm the proper accrual of costs as outlined in the contract. The public body shall define the scope of the audit in the contract.

NEW SECTION. Sec. 20. (1) The capital projects advisory review board shall coordinate and consult with the office of minority and women's business enterprises, the department of enterprise services, the office of equity, community stakeholders and advocates, and subject matter experts to create best practices guidelines for increasing and sustaining access to contracting opportunities in alternative public works for minority, women, and veteran-owned businesses, and small businesses. In creating the guidelines, the board shall take into consideration the barriers to participation identified in the local government contracting report produced pursuant to section 16, chapter 434, Laws of 2019, information and recommendations from the 2019 Washington state disparity study and disparity studies of any other public body in Washington state, and successful diversity and inclusion policies being implemented by state and local

governmental agencies. The best practices shall address, at a minimum, guidelines for use of race-neutral and race-conscious programs, elements of successful inclusion plans, the use of aspirational inclusion goals, evaluation of inclusion plans in the contract award process, and the evaluation of inclusion plans and past performance in public body certification and project approval processes under RCW 39.10.270 and 39.10.280. The board shall make the best practices guidelines available on its website by June 30, 2022, and should have a plan to update the practices to keep them relevant for use. Additionally, by June 30, 2022, the board shall report to the appropriate committees of the legislature regarding any recommendations for changes to state law that are advisable based upon the best practices guidelines.

(a) Property held for charitable purposes may not be used to confer benefits upon or make transfers to members or nonmembers, repurchase memberships, or repay capital contributions;

(b) The nonprofit corporation may not be insolvent, and conferral of benefits, making of transfers, repurchase of memberships, or repayment of capital contributions shall not render the corporation insolvent or unable to carry out its purposes; and

(c) The fair value of the corporation's assets remaining after the conferring of benefits, making of transfers, repurchase, or repayment must be sufficient to meet the corporation's liabilities.

NEW SECTION. Sec. 1407. REASONABLE COMPENSATION PERMITTED. (a) The corporation is a charitable corporation;

(b) The property is subject to restrictions contained in a gift instrument that limit its use only to one or more charitable purposes; or

(c) The property is subject to restrictions contained in the corporation's articles, bylaws, or any record adopted by the corporation's board, or to other limitations in the form of a record, that limit its use only to one or more charitable purposes.

(2) In no event may property held for charitable purposes be distributed in a manner inconsistent with sections 1406, 3404, or 3502 of this act.

NEW SECTION. Sec. 1409. DEBT AND SECURITY INTERESTS. (1) A nonprofit corporation shall not issue bonds or other evidences of indebtedness except for cash or other property, tangible or intangible, or labor or services actually received by or performed for the corporation or for its benefit or in its formation or reorganization, or a combination thereof.

(2) The board may authorize a mortgage or pledge of, or the creation of a security interest in, all or any part of the property of the nonprofit corporation, or any interest therein. Unless otherwise provided in the articles or bylaws, the vote or consent of the members is not required to make effective such an action by the board.

NEW SECTION. Sec. 1410. PRIVATE FOUNDATIONS. (1) Except as provided in subsection (2) of this section, a nonprofit corporation that is a private foundation as defined in section 509(a) of the Internal Revenue Code shall:

(a) Distribute sufficient amounts for each taxable year at a time and in a manner so as not to subject the corporation to tax under section 4942 of the Internal Revenue Code;

(b) Not engage in any act of self-dealing as defined in section 4941(d) of the Internal Revenue Code;

ARTICLE 5

GIFT RESTRICTIONS

NEW SECTION. Sec. 1501. UNRESTRICTED GIFTS. Giving a gift to a nonprofit corporation, including a charitable corporation, without a gift instrument transfers complete ownership of the gift to the nonprofit corporation. A restricted gift to a nonprofit corporation is created only by a gift instrument.

NEW SECTION. Sec. 1502. RESTRICTED GIFTS. (1) This section distinguishes between:

(a) Enforceable trusts held by a nonprofit corporation, including a charitable corporation, governed under chapter 11.110 RCW; and

(b) Gift restrictions whose terms may be enforced and are subject to modification under this chapter or other applicable law.

(2) A gift to a nonprofit corporation, including a charitable corporation, does not create a charitable trust unless:

(a) The donor expresses an intent to create a charitable trust; and

(b) The trustee, which may be a charitable corporation, agrees in the form of a record to act as trustee of that trust according to its terms.

(3) Giving a gift to a nonprofit corporation, including a charitable corporation, that is: (a) Accepted by the corporation; (b) not in trust; and (c) subject to material restrictions or requirements contained in a gift instrument transfers complete ownership to the nonprofit corporation. The nonprofit corporation is bound by the material restrictions or requirements contained in the gift instrument.

(4) A nonprofit corporation complies with a term contained in a gift instrument if the nonprofit corporation reasonably complies with all material

restrictions or requirements contained in the term, or, when appropriate under the facts and circumstances, seeks modification in accordance with section 1503 of this act.

(5) If the nonprofit corporation fails to comply with any material restriction or requirement contained in a gift instrument and fails to seek a modification in accordance with section 1503 of this act, then the attorney general may bring a proceeding to enforce the terms of the gift instrument.

NEW SECTION. Sec. 1503. MODIFICATION OR RELEASE OF GIFT RESTRICTIONS. (1) A term of a gift instrument that binds a nonprofit corporation may be modified or released, in whole or in part:

(a) If the donor consents in a record;

(b) As set forth in subsection (2) of this section, if the term is unlawful, impracticable, impossible to achieve, or wasteful;

(c) For gift instruments limiting the use of property to one or more charitable purposes, through a binding agreement executed by the nonprofit corporation, the attorney general, and other interested parties, and filed with or approved by the court in accordance with section 1504 of this act;

(d) By approval of the court in accordance with section 1505 of this act; or

(e) As provided by other applicable law including, but not limited to, chapter 24.55 RCW.

(2) If a nonprofit corporation, including a charitable corporation, determines that a restriction contained in a gift instrument on the management, investment, or purpose of a gift is unlawful, impracticable, impossible to achieve, or wasteful, then the nonprofit corporation, sixty days after notification to the attorney general, may modify the restriction, in whole or part, if:

(a) The gift subject to the restriction has a total value consistent with RCW 24.55.045(4) (a) or any successor provision;

(b) More than twenty years have elapsed since the gift was given; and

(c) The nonprofit corporation uses the gift in a manner consistent with any

charitable purposes expressed in the gift instrument.

(3) Application of sections 1501 through 1506 of this act to existing gifts:

(a) Before January 1, 2023, sections 1501 through 1506 of this act apply to gifts existing on December 31, 2021, only if the nonprofit corporation's board elects to apply sections 1501 through 1506 of this act to existing gifts before January 1, 2023.

(b) On or after January 1, 2023, sections 1501 through 1506 of this act apply to all gifts.

(c) As applied to gifts existing on December 31, 2021, sections 1501 through 1506 of this act govern only decisions made or actions taken on or after January 1, 2023, except that in the case of a nonprofit corporation that makes the election under (a) of this subsection sections 1501 through 1506 of this act govern decisions made or actions taken on or after the date the nonprofit corporation elects to be covered by sections 1501 through 1506 of this act.

NEW SECTION. Sec. 1504. BINDING AGREEMENT TO MODIFY OR RELEASE RESTRICTIONS. (1) If a gift instrument limits the use of the gift to one or more charitable purposes, and the conditions set forth in subsection (3) or (4) of this section are satisfied, then the gift instrument may be modified by agreement of the nonprofit corporation, the attorney general, and all other interested parties.

(2) For purposes of this section, an "interested party" does not include:

(a) The donor; or

(b) Any member of any charitable class that the gift would benefit, either before or after the modifications to be made by the agreement.

(3) A restriction related to a gift's management or investment may be modified by an agreement described in subsection (1) of this section if:

(a) Because of circumstances not anticipated by the donor, modification will further the charitable purpose of the gift;

(b) Enforcement of the restriction has become impracticable or wasteful; or

(c) Enforcement of the restriction impairs the management or investment of the gift.

(4) A restriction on the use of a gift relating to the gift's charitable purpose, rather than its management or investment, may be modified by an agreement described in subsection (1) of this section if the purpose becomes unlawful, impracticable, impossible to achieve, or wasteful.

(5) An agreement described in subsection (1) of this section must:

(a) Be in writing and executed by all of the parties;

(b) Be binding and conclusive on the nonprofit corporation and all other parties with a beneficial interest in the gift;

(c) Identify the gift instrument and the term or terms of the gift instrument that it modifies;

(d) Describe completely the modifications that it would make;

(e) Set forth the reasons why the modifications would comply with subsection (3) or (4) of this section; and

(f) State changes to the charitable purposes to which the use of the gift is limited, if any, resulting from the modifications.

(6) The nonprofit corporation or its legal representative may file the executed agreement with the court within thirty days of the agreement's execution by all parties. Upon filing of the executed agreement with the court:

(a) The agreement becomes effective and equivalent to a final court order binding on the nonprofit corporation and all other parties with a beneficial interest in the use of the gift, and

(b) The modifications are deemed approved by the court, and have the same effect as if the court ordered them pursuant to section 1505 of this act.

(7) The nonprofit corporation or its legal representative may, as an alternative to the procedure described in subsection (6) of this section, petition the court for a hearing for presentation of an agreement entered under this section to the court within twenty-one days of the agreement's execution by all parties. The nonprofit corporation shall

(a) provide notice of the time and date of the hearing to each party to the agreement unless that party has waived notice in the form of a record, and (b) file proof of mailing or delivery of the notice or waiver with the court. At the hearing, the court shall review the agreement on behalf of all the parties. The court shall determine whether the agreement adequately represents and protects the interests of the parties and the public interest, and enter an order declaring its determination. If the court determines that the agreement does not adequately represent and protect those interests, then the agreement is void.

NEW SECTION. **Sec. 1505.** JUDICIAL MODIFICATION OR RELEASE OF RESTRICTIONS.

(1) Upon application by a corporation subject to a restriction related to a gift's management or investment, rather than to its charitable purpose, the court may modify the restriction if:

(a) Because of circumstances not anticipated by the donor, modification will further the charitable purpose of the gift;

(b) Enforcement of the restriction has become impracticable or wasteful; or

(c) Enforcement of the restriction impairs the management or investment of the gift.

(2) Upon application by a corporation subject to a restriction on the use of a gift relating to the charitable purpose of the gift, rather than its management or investment, the court may modify the restriction if the purpose becomes unlawful, impracticable, impossible to achieve, or wasteful.

(3) If the gift instrument provides for a forfeiture or gift-over to an alternative beneficiary, then the court may modify one or more restrictions under the procedure set out in subsection (1) of this section if a management or investment provision fails. The court may not, however, modify any restriction under the procedure set out in subsection (2) of this section to defeat the interest of an alternate beneficiary unless the beneficiary would also be subject to, and unable to perform, the term requiring modification. The alternative beneficiary is entitled to notice and may participate in the determination of whether to grant modification.

(4) Any modification made by the court must, to the extent possible, be made in a manner consistent with the charitable purposes as expressed in the gift instrument.

(5) A nonprofit corporation shall notify the attorney general whenever it seeks to modify a charitable gift restriction under this section and the court shall offer the attorney general an opportunity to be heard.

NEW SECTION. Sec. 1506. CHARITABLE PURPOSE SURVIVES. Modification or release of a gift restriction shall not allow a gift to be used for a purpose other than a charitable purpose.

ARTICLE 6

BOOKS AND RECORDS

NEW SECTION. Sec. 1601. CORPORATE RECORDS. (1) A nonprofit corporation shall keep permanently a copy of the following records:

(a) Minutes of all meetings of its members and of its board of directors;

(b) A record of all actions taken by the members and board of directors by unanimous written consent; and

(e) Its most recent annual report delivered to the secretary of state under section 1204 of this act.

(3) A nonprofit corporation shall maintain appropriate accounting records.

(4) A membership corporation or its agent shall maintain a record of its

members, in a form that permits preparation of a list of the names and addresses of all members, in alphabetical order by class, showing the number of votes each member is entitled to cast.

(5) A nonprofit corporation shall maintain its records in written form or in any other form of a record.

(6) All records required to be maintained by a nonprofit corporation may be maintained at any location within or without this state.

NEW SECTION. Sec. 1602. INSPECTION BY MEMBERS. (1) A member of a nonprofit corporation may inspect and copy, during regular business hours at a reasonable location specified by the corporation, any of the records the corporation is required to maintain under section 1601(2) of this act, if the member delivers to the corporation an executed notice in the form of a record at least five business days before the date on which the member wishes to inspect and copy the records.

(2) Subject to the limitations set forth in subsections (3) and (4) of this section, a member of a nonprofit corporation may inspect and copy, during regular business hours at a reasonable location specified by the corporation, any of the following records of the corporation, if the member delivers to the corporation an executed notice in the form of a record at least five business days before the date on which the member wishes to inspect and copy the records:

(a) Excerpts from those minutes and records required to be maintained under section 1601(1) of this act;

(b) Accounting records of the corporation described in section 1601(3) of this act; and

(c) Subject to section 1607 of this act, the membership list described in section 1601(4) of this act.

(3) A nonprofit corporation may withhold from inspection under this section:

(a) Those portions of records that contain information protected by the attorney-client privilege or related work product;

(b) The address of any member who is known to the corporation to be a participant in the address confidentiality program described in

chapter 40.24 RCW or any similar program established by law;

(c) Those portions of records, which, if disclosed, would be reasonably likely to result in harm to the corporation or a third party, such as disciplinary actions involving nondirector members, identities of job applicants, discussions of strategic acquisitions, records that are required to be kept confidential under obligations to a third party, etc.; or

(d) Any information that a nonprofit corporation is required to keep confidential under any other law.

(4) A member may inspect and copy the records described in subsection (2) of this section only if the:

(a) Member's demand is made in good faith and for a proper purpose;

(b) Member describes with reasonable particularity the purpose and the records the member desires to inspect;

(c) Member agrees in the form of a record to reasonable restrictions required by the board on the use or distribution of the records; and

(d) Records are directly connected with this purpose.

(5) The right of inspection granted by this section may not be abolished or limited by a nonprofit corporation's articles or bylaws.

(6) This section does not affect the:

(a) Right of a member to inspect records as part of discovery in connection with litigation; or

(b) Power of any court of competent jurisdiction, independently of this chapter, to compel the production of corporate records for examination.

NEW SECTION. Sec. 1603. SCOPE OF MEMBER'S INSPECTION RIGHT. (1) A member's agent or attorney has the same inspection and copying rights as the member represented.

(2) The right to copy records under section 1602 of this act includes, if reasonable, the right to receive copies. Copies may be provided through electronic transmission unless the member requests otherwise in the form of a record.

(3) The nonprofit corporation may comply with a member's demand to inspect and copy the list of members under

section 1602(2)(c) of this act by providing the member for a reasonable charge as described in subsection (4) of this section with a list of members that was compiled no earlier than the date of the member's demand.

(4) The nonprofit corporation shall provide a copy of its articles and bylaws at no cost to a member on request. The nonprofit corporation may impose a reasonable charge, covering the costs of labor and material, for copies of any other documents provided to the member. The charge may not exceed the estimated cost of production, reproduction, or transmission of the records.

NEW SECTION. Sec. 1604. FINANCIAL STATEMENTS FOR MEMBERS. (1) Except as provided in the articles or bylaws of a nonprofit corporation engaged in religious activity, upon a demand in the form of a record from a member, a corporation shall furnish that member with its latest annual financial statements, which may be consolidated or combined statements of the corporation and one or more of its subsidiaries, as appropriate, that include a balance sheet as of the end of the fiscal year and a statement of operations for the year. If financial statements are prepared for the corporation on the basis of generally accepted accounting principles, then the annual financial statements must also be prepared on that basis.

(2) If the annual financial statements are reported upon by a certified public accountant, then the accountant's report shall accompany them. If not, then the statements must be accompanied by a statement of the president or the person responsible for the nonprofit corporation's accounting records:

(a) Stating the reasonable belief of the president or other person as to whether the statements were prepared on the basis of generally accepted accounting principles and, if not, describing the basis of preparation; and

(b) Describing any respects in which the statements were not prepared on a basis of accounting consistent with the statements prepared for the preceding year.

NEW SECTION. Sec. 1605. COURT-ORDERED INSPECTION. (1) If a nonprofit corporation does not allow a member who complies with section 1602(1) of this act to inspect and copy any records required by that subsection to be available for

inspection, then the court may summarily order inspection and copying of the records demanded at the corporation's expense upon application of the member.

(2) If a nonprofit corporation does not within a reasonable time allow a member to inspect and copy any other record to which the member is entitled under section 1602(2) of this act, then the member who complies with section 1602 (3) and (4) of this act may apply to the court for an order to permit inspection and copying of the records demanded. The court may inspect the records in question *in camera* and determine the extent of required disclosure, if any, in light of section 1602 of this act. In making that determination, the court shall consider the probability and extent of potential harm to the corporation or any third party that may result from inspection, and the probability and extent of benefit to the corporation or the member.

(3) If the court orders inspection and copying of the records demanded, then it shall also order the nonprofit corporation to pay the member's costs, including reasonable attorneys' fees, incurred to obtain the order, unless the corporation proves that it refused inspection in good faith because it had a reasonable basis for doubt about the right of the member to inspect the records demanded. If the court denies the majority of the request for inspection and copying, it may order the member to pay part or all of the nonprofit corporation's costs, including reasonable attorneys' fees.

(4) If the court orders inspection and copying of the records demanded, then it may impose reasonable restrictions on the use or distribution of the records by the demanding member.

NEW SECTION. **Sec. 1606.** INSPECTION BY DIRECTORS. (1) A director of a nonprofit corporation may inspect and copy the books, records, and documents of the corporation at any reasonable time to the extent reasonably related to the performance of the director's duties as a director, including duties as a member of a committee, but not for any other purpose or in any manner that would violate any duty to the corporation or law other than this chapter.

(2) The court may order inspection and copying of the books, records, and documents at the corporation's expense, upon application of a director who has

been refused the inspection rights set out in subsection (1) of this section, unless the corporation establishes that the director is not entitled to those inspection rights.

(3) If an order is issued, then the court may include provisions protecting the nonprofit corporation from undue burden or expense, and prohibiting the director from using information obtained upon exercise of the inspection rights in a manner that would violate a duty to the corporation, and may also order the corporation to reimburse the director for the director's costs, including reasonable attorneys' fees, incurred in connection with the application.

NEW SECTION. **Sec. 1607.** USE OF MEMBERSHIP LIST. (1) Without the consent of the board, a membership list or any part thereof may not be obtained or used by any person for any purpose unrelated to a member's interest as a member. Without limiting the generality of the foregoing, without the consent of the board, a membership list or any part thereof may not be:

(a) Used to solicit cash or other property unless the cash or other property will be used solely to solicit the votes of the members in an election to be held by the nonprofit corporation;

(b) Used for any commercial purpose; or

(c) Sold to or purchased by any person.

(2) Instead of making a membership list available for inspection and copying under sections 1601 through 1607 of this act, a nonprofit corporation may elect to proceed under the procedures set forth in section 2304(6) of this act.

ARTICLE 7

(3) Designation of a corporation as a public benefit nonprofit corporation does not alter the applicability to the corporation of any other provision of this chapter.

NEW SECTION. Sec. 1702. APPLICATION AND RENEWAL. (1) The secretary of state shall develop an application process for new and existing corporations to apply for public benefit nonprofit corporation status.

(2) Public benefit nonprofit corporation status must be renewed annually. The secretary of state may schedule renewals in conjunction with the corporation's annual report.

NEW SECTION. Sec. 1703. REMOVAL OF STATUS. The secretary of state may remove a corporation's public benefit nonprofit corporation designation if the corporation does not comply with this chapter or the internal revenue service revokes recognition of the corporation's status as an organization described in section 501(c)(3) of the Internal Revenue Code.

NEW SECTION. Sec. 2101. MEMBERS. (1) A nonprofit corporation may have one or more classes of members or may have no members.

(2) For corporations formed on or after January 1, 2022, notwithstanding anything to the contrary in the bylaws, where the articles of a nonprofit corporation do not provide that it has members, the nonprofit corporation does not have members.

(3) For organizations formed before January 1, 2022, where the articles of a nonprofit corporation do not provide that it has members, the corporation has members only if the bylaws:

(a) Provide that the corporation has members; and

(b) Provide that members of at least one class have the right to select or

vote for the election of directors or delegates or to vote on at least one type of fundamental transaction.

(4) Where a nonprofit corporation does not have members under this section, or where a corporation has no members entitled to vote on a given matter, any provision of this chapter or any other provision of law requiring notice to, the presence of, or the vote, consent, or other action by members in connection with that matter is satisfied by notice to, the presence of, or the vote, consent, or other action by the board.

NEW SECTION. Sec. 2102. SCOPE OF MEMBERSHIP. A person is not a member of a nonprofit corporation for purposes of any provision of this chapter unless the person meets the definition of "member" in section 1102 of this act, regardless of whether the corporation refers to or designates the person as a member.

NEW SECTION. Sec. 2103. ADMISSION OF MEMBERS. (1) The articles or bylaws of a membership corporation may establish criteria or procedures for admission of members.

NEW SECTION. Sec. 2104. CONSIDERATION FOR ADMISSION. Except as provided in its articles or bylaws, a membership corporation may admit members for no consideration or for consideration determined by the board, which may take any form, including promissory notes, intangible property, or past or future services. Except as provided in the articles or bylaws, the board shall fix the amount. The requirement of a capital

contribution may apply to all members, or to the members of a single class, or to members of different classes in different amounts or proportions.

(2) The adoption or amendment of a capital contribution requirement, whether or not approved by the members, shall not apply to, or be an obligation of, a member who did not vote in favor of the adoption or amendment until thirty days after the member has been given notice of the adoption or amendment.

NEW SECTION. Sec. 2106. RIGHTS AND OBLIGATIONS. (1) The members of a membership corporation have only those rights, privileges, powers, or obligations specifically given or assigned to members in the articles, the bylaws, or section 2313 of this act.

(2) A member shall not have the right to vote on any matter unless the articles, the bylaws, or section 2313(1) of this act provides expressly that the class of members to which that member belongs has the right to vote on that particular matter.

NEW SECTION. Sec. 2107. DIFFERENCES IN RIGHTS AND OBLIGATIONS. (1) Except as provided in the articles or bylaws, each member of a membership corporation has the same rights and obligations as every other member with respect to voting, dissolution, membership transfer, and other matters.

(2) If the corporation has one or more classes of members, then the designation of the class or classes, the articles, or the bylaws shall set forth the manner of election or appointment and the qualifications and rights of the members of each class.

NEW SECTION. Sec. 2108. TRANSFERS OF MEMBERSHIP. (1) Except as provided in the articles or bylaws or by resolution of the board, a member of a membership corporation may not transfer a membership or any right arising therefrom.

(2) Where the right to transfer a membership has been provided, a restriction on that right shall not be binding with respect to a member holding a membership issued before the adoption of the restriction unless the affected member consents to the restriction in the form of a record.

NEW SECTION. Sec. 2109. MEMBER'S LIABILITY FOR CORPORATE OBLIGATIONS. A member of a membership corporation is not

personally liable for the acts, debts, liabilities, or obligations of the corporation.

NEW SECTION. **Sec. 2110.** MEMBER'S LIABILITY FOR DUES, FEES, AND ASSESSMENTS. (1) A membership corporation may levy dues, assessments, and fees on its members to the extent authorized in the articles or bylaws. Particular dues, assessments, and fees may be imposed in the articles or bylaws or by resolution of the board, subject to any membership approval required under section 3112(1) of this act, on members of the same class either alike or in different amounts or proportions, and may be imposed on a different basis on different classes of members. Members of a class may be made exempt from dues, assessments, and fees to the extent provided in the articles or bylaws or by resolution of the board.

(2) The amount and method of collection of dues, assessments, and fees may be fixed in the articles or bylaws, or the articles or bylaws may authorize the board or members to fix the amount and method of collection, with or without approval of the class or classes of members affected.

(3) The articles or bylaws may provide reasonable means, such as termination and reinstatement of membership, to enforce the collection of dues, assessments, and fees.

NEW SECTION. **Sec. 2111.** CREDITOR'S ACTION AGAINST MEMBER. (1) A proceeding may not be brought by a creditor of a membership corporation to reach the liability, if any, of a member to the corporation unless final judgment has been rendered in favor of the creditor against the corporation and execution has been returned unsatisfied in whole or in part.

(2) All creditors of a membership corporation, with or without reducing their claims to judgment, may intervene in any creditor's proceeding brought under subsection (1) of this section to reach and apply unpaid amounts due the corporation. Any or all members who owe amounts to the corporation may be joined in the proceeding.

NEW SECTION. **Sec. 2112.** RESIGNATION OF MEMBER. (1) A member of a membership corporation may resign at any time.

(2) The resignation of a member does not relieve the member from any

obligations incurred or commitments made before resignation.

NEW SECTION. **Sec. 2113.** TERMINATION AND SUSPENSION OF MEMBER. (1) A membership in a membership corporation may be terminated or suspended for the reasons and in the manner provided in the articles or bylaws.

(2) A membership in a membership corporation may also be terminated, regardless of the procedure set forth in the articles or bylaws, if:

(a) The corporation has had no contact from the member for at least three years; and

(b) Either:

(i) The member fails to respond within ninety days to a request from the corporation to update the member's contact information that includes a statement that failure to respond could result in termination of membership, delivered to that member by means reasonably likely to reach that member; or

(ii) A request from the corporation to update the member's contact information that includes a statement that failure to respond could result in termination of membership, sent to that member by first-class forwardable mail, with postage prepaid, is returned as undeliverable; or

(iii) If members, or a class of members, are not identified individually on the records of the corporation, a request from the corporation for members to provide contact information that includes a statement that failure to respond could result in termination of membership is published once a week for six consecutive weeks in a newspaper of general circulation in the county in which the corporation's principal office is located.

(3) Unless otherwise provided in the articles or bylaws, if the articles or bylaws allow the board or any other body to admit members, the affirmative vote of two-thirds of that body may terminate a member.

(4) Irrespective of anything to the contrary in the articles or bylaws, in any proceeding involving a corporation or upon application from the corporation, the court may order termination of a member of the corporation in the best interests of the corporation.

(5) A proceeding challenging a termination or suspension for any reason must be commenced within one year after the effective date of the termination or suspension.

(6) The termination or suspension of a member does not relieve the member from any obligations incurred or commitments made before the termination or suspension.

NEW SECTION. Sec. 2114. REPURCHASE OF MEMBERSHIPS. A membership corporation that is not a charitable corporation may repurchase any of its memberships or any right arising therefrom only if it is so provided in the articles or bylaws. A membership corporation that is a charitable corporation may not repurchase any of its memberships or any right arising therefrom.

ARTICLE 2

DELEGATES

NEW SECTION. Sec. 2201. DELEGATES. (1) A membership corporation may provide in its articles or bylaws for delegates.

(2) The articles or bylaws may set forth provisions relating to:

(a) The characteristics, qualifications, rights, limitations, and obligations of delegates including their selection and removal;

(b) Calling, noticing, holding, and conducting meetings of delegates; and

(c) Carrying on activities during and between meetings of delegates.

(3) If the articles or bylaws provide for delegates, then, unless otherwise provided in the articles or bylaws:

(a) The power to appoint, remove, or modify any provision of the articles or bylaws governing the appointment or removal of delegates is reserved to the members.

(b) All other powers of members including, but not limited to, the right to vote on other amendments to articles or bylaws, may be exercised by delegates.

ARTICLE 3

MEMBERSHIP MEETINGS AND VOTING

NEW SECTION. Sec. 2301. ANNUAL AND REGULAR MEETINGS. (1) A membership corporation shall hold an annual meeting of members once during each fiscal year

at a time stated in or fixed in accordance with the articles or bylaws.

(2) A membership corporation may hold regular meetings on a regional or other basis at times stated in or fixed in accordance with the articles or bylaws.

(3) Except as provided in subsection (5) of this section, annual and regular meetings of the members may be held in or out of this state at the place stated in or fixed in accordance with the articles or bylaws. If no place is stated in or fixed in accordance with the articles or bylaws, then annual and regular meetings shall be held at the membership corporation's principal office.

(4) The failure to hold an annual or regular meeting at the time stated in or fixed in accordance with the articles or bylaws does not affect the validity of any corporate action.

(5) The articles or bylaws may provide that an annual or regular meeting of members may be held in a specified location and, if so provided under the articles or bylaws, through one or more means of remote communication through which members not physically present may participate in the meeting substantially concurrently, vote on matters submitted to the members, pose questions, and make comments. For any meeting at which one or more members may participate by means of remote communication, the corporation shall deliver notice of the meeting to each member by a means which the member has authorized and provide complete instructions for participating in the meeting by remote communication.

NEW SECTION. Sec. 2302. SPECIAL MEETINGS. (1) A membership corporation shall hold a special meeting of members:

(a) At the call of its board of directors, the president, or the persons authorized to do so by the articles or bylaws; or

(b) Upon the execution and delivery to the corporation of one or more demands for a special meeting, in the form of a record, describing the purpose for which the meeting is to be held, by either:

(i) The number or proportion of members entitled under the articles or bylaws to call a meeting on the subject matter proposed to be considered at the proposed special meeting, which shall not represent more than twenty-five percent

of all the votes entitled to be cast on that subject matter; or

(ii) In the absence of a provision fixing the number or proportion of members entitled to call a meeting, the number or proportion of members representing five percent of all the votes entitled to be cast on the subject matter proposed to be considered at the proposed special meeting.

(2) Unless otherwise provided in the articles or bylaws, a demand for a special meeting may be revoked by notice to that effect received by the membership corporation from the members calling the meeting before the receipt by the corporation of demands sufficient in number to require the holding of a special meeting.

(3) If not otherwise fixed under section 2303 or 2307 of this act, the record date for determining members entitled to demand a special meeting is the date the first member executes a demand.

(4) Only business within the purpose or purposes described in the meeting notice required by section 2305(3) of this act may be conducted at a special meeting of the members.

(5) Except as provided in subsection (6) of this section, special meetings of the members may be held in or out of this state at the place stated in or fixed in accordance with the articles or bylaws. If no place is stated or fixed in accordance with the articles or bylaws, then special meetings shall be held at the corporation's principal office.

(6) The articles or bylaws may provide that a special meeting of members be held at a specified location and, unless otherwise provided under the articles or bylaws, through means of remote communication through which members not physically present may participate in the meeting substantially concurrently, vote on matters submitted to the members, pose questions, and make comments. Notice of meetings at which one or more members may participate by means of remote communication must be delivered by a means which the member has authorized and provide complete instructions for participating in the meeting from a remote location.

NEW SECTION. Sec. 2303. COURT-ORDERED MEETING. (1) The court may summarily order a meeting to be held:

(a) On application of any member entitled to participate in an annual or regular meeting if an annual meeting was not held within eighteen months after the last annual meeting; or

(b) On application of a member who executed a demand for a special meeting under section 2302 of this act that was executed by a sufficient number of members to call a meeting, if:

(i) Notice of the special meeting was not given within thirty days after the date the demand was delivered to the corporation's secretary; or

(ii) The special meeting was not held in accordance with the notice.

(2) The court may fix the time and place of a court-ordered meeting, determine the members entitled to participate in the meeting, specify a record date for determining members entitled to notice of and to vote at the meeting, prescribe the form and content of the meeting notice, fix the quorum required for specific matters to be considered at the meeting or direct that the votes represented at the meeting constitute a quorum for action on those matters, and enter other orders necessary to accomplish the purpose or purposes of the court-ordered meeting.

NEW SECTION. Sec. 2304. LIST OF MEMBERS FOR MEETING. (1) After fixing a record date for a meeting, a membership corporation shall prepare an alphabetical list of the names of all its members who are entitled to notice of that meeting of the members. The list of members shall show the address of and number of votes each member is entitled to cast at the meeting, except that the address of any member who is known to the corporation to be a participant in the address confidentiality program described in chapter 40.24 RCW or any similar law may be omitted.

(2) The list of members must be available for inspection by any member, beginning two business days after notice of the meeting is given for which the list was prepared and continuing through the meeting, at the membership corporation's principal office or at a place identified in the meeting notice in the city where the meeting will be held. A member or the member's agent, on demand in the form of a record, may inspect and, subject to the requirements of section 1602(4) of this act, copy the list, during regular business hours and at the

member's expense, during the period it is available for inspection.

(3) The membership corporation shall make the list of members available at the meeting, and a member or the member's agent may inspect the list at any time during the meeting or any adjournment.

(4) If a membership corporation refuses to allow a member or the member's agent to inspect the list of members before or at the meeting or copy the list as permitted by subsection (2) of this section, then the court, on application of the member, may:

(a) Summarily order the inspection or copying at the corporation's expense;

(b) Postpone the meeting for which the list was prepared until the inspection or copying is complete;

(c) Order the corporation to pay the member's costs including reasonable attorneys' fees incurred to obtain the order; and

(d) Order other appropriate relief.

(5) Refusal or failure to prepare or make available the list of members does not affect the validity of action taken at the meeting.

(6) Instead of making the list of members available as provided in subsection (2) of this section, a membership corporation may state in a notice of meeting that the corporation has elected to proceed under this subsection. A member of a corporation that has elected to proceed under this subsection shall state in the member's demand for inspection a proper purpose for inspection. Within ten business days after receiving a demand under this subsection, the corporation shall deliver to the member making the demand an offer of a reasonable alternative method of achieving the purpose identified in the demand without providing access to or a copy of the list of members. An alternative method that reasonably and in a timely manner accomplishes the proper purpose set forth in the demand relieves the corporation from making the list of members available under subsection (4)(b) of this section, unless within a reasonable time after acceptance of the offer the corporation fails to do the things it offered to do. Any rejection of the corporation's offer must be in the form of a record and indicate the reasons the alternative

proposed by the corporation does not meet the proper purpose of the demand.

NEW SECTION. Sec. 2305. NOTICE OF MEMBERSHIP MEETING. (1) A membership corporation shall give notice to the members of the date, time, and place of each annual, regular, or special meeting of the members. Except as provided under subsection (6) of this section, the notice must be given in the form of a record no fewer than ten nor more than sixty days before the meeting date. Except as provided in this chapter, the articles, or the bylaws, the corporation is only required to give notice to members entitled to vote at the meeting.

(2) Unless this chapter, the articles, or the bylaws require otherwise, notice of an annual or regular meeting need not include a description of the purpose for which the meeting is called.

(3) Notice of a special meeting shall include a description of the purpose for which the meeting is called.

(4) If not otherwise fixed under section 2303 or 2307 of this act, the record date for determining members entitled to notice of and to vote at an annual or special meeting of the members is the day before the first notice is given to members.

(5) Unless the articles or bylaws require otherwise, if an annual, regular, or special meeting of the members is adjourned to a different date, time, or place, notice need not be given of the new date, time, or place if the new date, time, or place is announced at the meeting before adjournment. If a new record date for the adjourned meeting is or is required to be fixed under section 2307 of this act, then the corporation shall give notice of the adjourned meeting to the members entitled to vote on the new record date.

(6) Notice of regular meetings other than the annual meeting may be made by providing each member with the adopted schedule of regular meetings for the ensuing year in the form of a record at any time after the annual meeting and ten days before the next succeeding regular meeting and at any time requested by a member or by any other notice prescribed by the bylaws.

(7) Whenever notice would otherwise be required to be given under any provision of this chapter to a member, the notice need not be given if notice of two

consecutive annual meetings, and all notices of meetings during the period between those two consecutive annual meetings, have been returned undeliverable or could not be delivered. If a member delivers to the nonprofit corporation a notice setting forth the member's then current address, then the requirement that notice be given to that member is reinstated.

NEW SECTION. **Sec. 2306.** WAIVER OF NOTICE. (1) A member may waive any notice required by this chapter, the articles, or the bylaws no more than sixty days before or sixty days after the date and time stated in the notice or of the meeting or action. The waiver must be in the form of a record, be executed by the member entitled to the notice, and be delivered to the membership corporation for inclusion in the minutes or filing with the corporate records.

(2) The attendance of a member at a meeting:

(a) Waives objection to lack of notice or defective notice of the meeting, unless the member at the beginning of the meeting or immediately upon arrival at the meeting objects to holding the meeting or transacting business at the meeting; and

(b) Waives objection to consideration of a particular matter at the meeting that is not within the purpose described in the meeting notice, unless the member objects at the meeting to considering the matter.

NEW SECTION. **Sec. 2307.** RECORD DATE. (1) The articles or bylaws may fix or provide the manner of fixing the record date to determine the members entitled to notice of a meeting of the members, to demand a special meeting, to vote, or to take any other action. If the articles or bylaws do not fix or provide for fixing a record date, then the board of the membership corporation may fix a future date as the record date.

(2) A record date fixed under this section may not be more than seventy days before the meeting or action requiring a determination of members.

(3) A determination of members entitled to notice of or to vote at a meeting of the members is effective for any adjournment of the meeting unless the board fixes a new record date, which it shall do if the meeting is adjourned to a date more than one hundred twenty days

after the date fixed for the original meeting.

(4) If the court orders a meeting adjourned to a date more than one hundred twenty days after the date fixed for the original meeting, then it may provide that the original record date continues in effect or it may fix a new record date.

NEW SECTION. **Sec. 2308.** CONDUCT OF MEETING. (1) At each meeting of members, an individual shall preside as chair. The chair is appointed and may be removed:

(a) As provided in the articles or bylaws;

(b) In the absence of a provision in the articles or bylaws, by the board; or

(c) In the absence of both a provision in the articles or bylaws and an appointment by the board, by the members at the meeting.

(2) Except as provided in the articles or bylaws or by resolution of the board, the chair determines the order of business and has the authority to establish rules for the order and conduct of the meeting.

(3) Any rules established for the order and conduct of the meeting pursuant to subsection (2) of this section must be fair to the members.

(4) Except as provided in the articles or bylaws or by resolution of the board:

(a) The chair of the meeting shall announce at the meeting when the polls close for each matter voted upon.

(b) If no announcement is made, then the polls are deemed to have closed upon the final adjournment of the meeting.

(c) After the polls close, no ballots, proxies, or votes, nor any otherwise permissible revocations or changes thereto may be accepted.

NEW SECTION. **Sec. 2309.** PROXIES. (1) Except as provided in the articles or bylaws, a member may not vote by proxy.

(2) If the articles or bylaws allow members to vote by proxy, then the following procedure applies unless the articles or bylaws provide otherwise:

(a) A member or the member's agent or attorney-in-fact may appoint a proxy to vote or otherwise act for the member by executing an appointment form in the form of a record. An appointment form must contain or be accompanied by information

from which it can be determined that the member or the member's agent or attorney-in-fact authorized the appointment of the proxy.

(b) An appointment of a proxy is effective when an executed appointment in the form of a record is received by the inspectors of election, the officer or agent of the membership corporation authorized to tabulate votes, or the secretary. An appointment is valid for eleven months unless a shorter or longer period is expressly provided in the appointment form.

(c) The death or incapacity of the member appointing a proxy does not affect the right of the membership corporation to accept the proxy's authority unless notice of the death or incapacity is received by the inspectors of election, the officer or agent authorized to tabulate votes, or the secretary before the proxy exercises his or her authority under the appointment.

(d) A membership corporation may accept the proxy's vote or other action as that of the member making the appointment, subject to section 2314 of this act and to any express limitation on the proxy's authority stated in the appointment form.

(e) A proxy may be revoked by a member by delivering notice in the form of a record to the corporation before the corporation has relied upon the proxy.

NEW SECTION. **Sec. 2310.** VOTING ENTITLEMENT OF MEMBERS. Except as provided in the articles or bylaws, each member is entitled to one vote on each matter on which the articles or bylaws entitle the members of the class of members to which the member belongs to vote.

NEW SECTION. **Sec. 2311.** MEMBERSHIP QUORUM AND VOTING REQUIREMENTS. (1) Members may take action at a meeting on matters with respect to which all of the members are entitled to vote only if a quorum of the members is present. Except as provided in the articles or the bylaws, ten percent of the votes entitled to be cast at a meeting of the members constitutes a quorum with respect to those matters.

(2) Members entitled to vote as a separate voting group may take action on a matter at a meeting only if a quorum of those members is present with respect to that matter. Except as provided in the

articles or bylaws, ten percent of the votes entitled to be cast on the matter by the voting group constitutes a quorum of that voting group for action on that matter.

(3) Once a member is represented for any purpose at a meeting, the member is deemed present for quorum purposes for the remainder of the meeting and for any adjournment of that meeting unless a new record date is or is required to be set for that adjourned meeting.

(4) If a quorum is present, then action on a matter other than the election of directors by a voting group is approved if the votes cast within the voting group favoring the action exceed the votes cast opposing the action, unless the articles, bylaws, or applicable law require a greater number of affirmative votes.

(5) An amendment of the articles or bylaws adding, changing, or deleting a quorum or voting requirement for a voting group greater than specified in subsection (2) or (4) of this section is governed by section 2312 of this act.

(6) If a meeting cannot be organized because a quorum of members entitled to vote is not present, then those members present may adjourn the meeting to such a time and place as they may determine. When a meeting that has been adjourned for lack of a quorum is reconvened, those members present, although less than a quorum as fixed in this section, the articles, or the bylaws, nonetheless constitute a quorum, if notice of the time and place of the reconvened meeting is provided by electronic transmission or in person to the members entitled to vote at least twenty-four hours before the reconvened meeting, or by other methods pursuant to the requirements and procedures set forth in section 2305 of this act. The articles or the bylaws may, however, permit the reconvening of a meeting without notice, by means of a provision that makes explicit reference to elimination of the notice requirement that would otherwise apply under this section.

(7) The election of directors is governed by section 2313 of this act.

NEW SECTION. **Sec. 2312.** DIFFERING QUORUM AND VOTING REQUIREMENTS. (1) The articles or bylaws may provide for a higher or lower quorum or higher voting requirement for members or voting groups of members than is provided for by this

chapter, either generally or with respect to specific matters.

(2) An amendment to the articles or bylaws that adds, changes, or deletes a greater quorum or voting requirement must meet the same quorum requirement and be adopted by the same vote and voting groups required to take action under the quorum and voting requirements then in effect.

NEW SECTION. **Sec. 2313.** VOTING FOR DIRECTORS. (1) Except as provided in the articles or bylaws, directors of a membership corporation are elected by a plurality of the votes cast by the members entitled to vote in the election at a meeting at which a quorum is present.

(2) Except as provided in the articles or bylaws, or under subsection (3) of this section, members do not have a right to cumulate their votes for directors.

(3) Members of a nonprofit corporation who were entitled to cumulate their votes for the election of directors on the effective date of this chapter continue to be entitled to cumulate their votes for the election of directors until otherwise provided in the articles or bylaws of the corporation.

NEW SECTION. **Sec. 2314.** ACCEPTANCE OF BALLOTS, CONSENTS, WAIVERS, OR PROXIES. (1) If the name signed on a ballot, consent, waiver, or proxy appointment corresponds to the name of a member, then the membership corporation if acting in good faith may accept the ballot, consent, waiver, or proxy appointment and give it effect as the act of the member.

(2) If the name signed on a ballot, consent, waiver, or proxy appointment does not correspond to the name of its member, then the membership corporation if acting in good faith is nevertheless entitled to accept the ballot, consent, waiver, or proxy appointment and give it effect as the act of the member if:

(a) The member is an entity and the name signed purports to be that of an officer or agent of the entity;

(b) The name signed purports to be that of an administrator, executor, guardian, or conservator representing the member and, if the corporation requests, evidence of fiduciary status acceptable to the corporation has been presented

with respect to the ballot, consent, waiver, or proxy appointment;

(c) The name signed purports to be that of a receiver or trustee in bankruptcy of the member and, if the corporation requests, evidence of this status acceptable to the corporation has been presented with respect to the ballot, consent, waiver, or proxy appointment;

(d) The name signed purports to be that of a beneficial owner or attorney-in-fact of the member and, if the corporation requests, evidence acceptable to the corporation of the signatory's authority to sign for the member has been presented with respect to the ballot, consent, waiver, or proxy appointment; and

(e) Two or more persons are the member as cotenants or fiduciaries and the name signed purports to be the name of at least one of the co-owners and the person signing appears to be acting on behalf of all the co-owners.

(3) The membership corporation may reject a ballot, consent, waiver, or proxy appointment if the secretary or other officer or agent authorized to tabulate votes, acting in good faith, has reasonable basis for doubt about the validity of the signature on it or about the signatory's authority to sign for the member.

(4) The membership corporation and its officer or agent who accepts or rejects a ballot, consent, waiver, or proxy appointment in good faith and in accordance with the standards of this section or section 2309(2) of this act are not liable in damages to the member for the consequences of the acceptance or rejection.

(5) Corporate action based on the acceptance or rejection of a ballot, consent, waiver, or proxy appointment under this section is valid unless the court determines otherwise.

NEW SECTION. **Sec. 2315.** INSPECTORS OF ELECTION. (1) A membership corporation may appoint one or more inspectors to act at a meeting of members and make a report in the form of a record of the inspectors' determinations. Each inspector shall execute the duties of inspector impartially and according to the best of the inspector's ability.

(2) The inspectors must:

(a) Ascertain the number of members and delegates, and their voting power;

(b) Determine the members and delegates present at a meeting;

(c) Determine the validity of proxies and ballots;

(d) Count all votes; and

(e) Determine the result.

(3) An inspector may, but need not, be a director, member, officer, or employee of the membership corporation. A person who is a candidate for office to be filled at the meeting may not be an inspector.

NEW SECTION. **Sec. 2316.** ACTION BY VOTING GROUPS. (1) If this chapter, the articles, or the bylaws provide for voting by a single voting group on a matter, then action on that matter is taken when voted upon by that voting group as provided in section 2311 or 2318 of this act.

(2) If this chapter, the articles, or the bylaws provide for voting by two or more voting groups on a matter, then action on that matter is taken only when voted upon by each of those voting groups counted separately as provided in section 2311 or 2318 of this act.

NEW SECTION. **Sec. 2317.** VOTING AGREEMENTS. (1) If the articles or bylaws allow voting agreements, then two or more members may provide for the manner in which they will vote by executing an agreement in the form of a record for that purpose, to the extent allowed under the articles or bylaws.

(2) A voting agreement is specifically enforceable if:

(a) The voting agreement is allowed under the articles or bylaws; or

(b) The effective date of the voting agreement is before the effective date of this section.

(3) Notwithstanding subsection (2) of this section, no voting agreement is enforceable to the extent that enforcement of the agreement would violate the purposes of the membership corporation.

NEW SECTION. **Sec. 2318.** ACTION WITHOUT MEETING BY UNANIMOUS WRITTEN CONSENT. (1) Except as provided in the articles or bylaws, action required or permitted by this chapter to be taken at a meeting of the members may be taken without a meeting if the action is taken by all the members entitled to vote on

the action. The action must be evidenced by one or more consents in the form of a record bearing the date of execution and describing the action taken, executed by all the members entitled to vote on the action, and delivered to the membership corporation for inclusion in the minutes or filing with the corporate records.

(2) If not otherwise fixed under section 2303 or 2307 of this act, the record date for determining members entitled to take action without a meeting is the date the first member executes the consent under subsection (1) of this section. A consent shall not be effective to take the corporate action referred to therein unless, within sixty days after the earliest date appearing on a consent delivered to the membership corporation in the manner required by this section, consents executed by all members entitled to vote on the action are received by the corporation. A consent may be revoked by an executed notice in the form of a record to that effect received by the corporation before receipt by the corporation of unrevoked consents sufficient in number to take corporate action.

(3) A consent executed under this section has the same force and effect as a unanimous vote at a meeting duly called and held, and may be described as such.

(4) If this chapter, the articles, or the bylaws require that prior notice of any proposed action be given to members not entitled to vote on the action and the action is to be taken by consent of the members entitled to vote, then the membership corporation shall deliver to the members not entitled to vote notice of the proposed action at least ten days before taking the action by consent. The notice must contain or be accompanied by the same material that would have been required to be delivered to members not entitled to vote in a notice of meeting at which the proposed action would have been submitted to the members for action.

NEW SECTION. **Sec. 2319.** ACTION WITHOUT MEETING BY BALLOT. (1) Except as otherwise restricted by the articles or bylaws, any action that may be taken at any annual, regular, or special meeting of members may be taken without a meeting if the membership corporation delivers a ballot to every member entitled to vote on the matter.

(2) A ballot must:

(a) Be in the form of a record;

(b) Set forth each proposed action;

(c) Provide an opportunity to vote, or withhold a vote, separately for each candidate for a director position; and

(d) Provide an opportunity to vote for or against each other proposed action.

(3) Approval by ballot pursuant to this section of action other than election of directors is valid only when the number of ballots returned equals or exceeds the quorum required to be present at a meeting authorizing the action, and the number of approvals equals or exceeds the number of votes that would be required to approve the matter at a meeting at which the total number of votes cast was the same as the number of votes cast by ballot.

(4) All requests for votes by ballot must:

(a) Indicate the number of responses needed to meet the quorum requirements;

(b) State the percentage of approvals necessary to approve each matter other than election of directors; and

(c) Specify the time by which a ballot must be received by the membership corporation to be counted, which shall not be less than ten days after the ballot is delivered to the member.

(5) Except as provided in the articles or bylaws, a ballot may not be revoked.

NEW SECTION. Sec. 2320. PROCEDURE FOR REMOTE MEETINGS. When provided for in the articles or bylaws, meetings of the members held by remote communication must follow the provisions of sections 2301 through 2319 of this act to the greatest practicable extent.

ARTICLE 4

BOARD OF DIRECTORS

NEW SECTION. Sec. 2401. BOARD OF DIRECTORS—AUTHORITY. (1) A nonprofit corporation shall have a board of directors.

(2) All corporate powers shall be exercised by or under the authority of the board of directors, and the activities and affairs of the corporation shall be managed by or under the direction, and subject to the oversight, of the board of directors, subject only to any powers expressly reserved to the corporation's membership or other persons in the articles or bylaws.

NEW SECTION. Sec. 2402. STANDARDS OF CONDUCT FOR DIRECTORS. (1) Each director, when discharging the duties of a director, shall act:

(a) In good faith;

(b) With the care an ordinarily prudent person in a like position would exercise under similar circumstances; and

(c) In a manner the director reasonably believes to be in the best interests of the nonprofit corporation.

(2) In discharging board or committee duties a director shall disclose, or cause to be disclosed, to the other board or committee members information not already known by them but known by the director to be material to the discharge of their decision-making or oversight functions, except that disclosure is not required to the extent that the director reasonably believes that doing so would violate a duty imposed by law, a legally enforceable obligation of confidentiality, or a professional ethics rule.

(3) In discharging the duties of a director, a director may rely on information, opinions, reports, or statements, including financial statements or other financial data, if prepared or presented by:

(a) One or more officers, employees, or volunteers of the nonprofit corporation whom the director reasonably believes to be reliable and competent in the functions performed or the matters presented;

(b) Legal counsel, public accountants, or other persons retained by the corporation as to matters involving skills or expertise the director reasonably believes are matters:

(i) Within the particular person's professional or expert competence; or

(ii) As to which the particular person merits confidence; or

(c) A committee of the board of which the director is not a member, designated in accordance with provisions of the articles or bylaws, as to matters within its designated authority, if the director reasonably believes the committee merits confidence.

(4) A director is not a trustee with respect to the nonprofit corporation or with respect to any property held or

administered by the corporation, including property that may be subject to restrictions imposed by the donor or transferor of the property.

NEW SECTION. **Sec. 2403.** QUALIFICATION OF DIRECTORS. A director of a nonprofit corporation must be an individual. The articles or bylaws may prescribe other qualifications for directors. A director need not be a resident of this state or a member of the corporation unless the articles or bylaws so prescribe.

NEW SECTION. **Sec. 2404.** NUMBER OF DIRECTORS. (1) A board of directors shall consist of one or more directors, with the number specified in or fixed in accordance with the articles or bylaws.

(2) The board of directors of any corporation shall consist of three or more directors if:

(a) The internal revenue service has determined the corporation to be a public charity described in section 509(a)(1) through (4) of the Internal Revenue Code;

(b) The corporation has applied to the internal revenue service for a determination of exempt status through an application representing that the corporation is described in section 509(a)(1) through (4) of the Internal Revenue Code; or

(c) The corporation has applied to the internal revenue service for classification as an organization described in section 509(a)(1) through (4) of the Internal Revenue Code.

(3) The number of directors on a board of directors who are under 18 years of age may not exceed three or one-third of the total number of directors then in office, whichever is fewer.

(4) A corporation described in subsection (2) of this section may have fewer than three directors if the death, incapacity, resignation, or removal of a director causes the corporation to have fewer than three directors, provided that the entity, body, or person with the power to elect or appoint directors makes reasonable and prompt efforts to elect or appoint additional directors.

(5) The number of directors may be increased or decreased but to no fewer than one from time to time by amendment to, or in the manner provided in, the articles or bylaws.

(6) A decrease in the number of directors may not shorten an incumbent director's term.

NEW SECTION. **Sec. 2405.** SELECTION OF DIRECTORS. (1) The members of a membership corporation shall elect the directors, other than the initial directors named in the articles, at the annual meetings of members, unless the articles or bylaws provide some other time or method of election, or provide that some other person or persons shall appoint some or all of the directors, or designate some other manner of appointment, for example, ex officio directors.

(2) The directors of a nonmembership corporation shall elect the directors, other than the initial directors named in the articles, at the annual meeting of directors, unless the articles or bylaws provide some other time or method of election, or provide that some other person or persons shall appoint some or all of the directors, or designate some other manner of appointment, for example, ex officio directors.

NEW SECTION. **Sec. 2406.** TERMS OF DIRECTORS, GENERALLY. (1) The articles or bylaws may specify the terms of directors. If a term is not specified in the articles or bylaws, then the term of a director is one year. Each term of a director elected by the members or directors, or by some other method provided in the articles or bylaws, may not exceed five years except as provided in subsection (2) of this section. Terms of directors appointed by some other person or persons, or designated in some other manner, may be of any length.

(2) For a corporation formed before the effective date of this section, if the articles or bylaws current as of the effective date of this section provided for terms of elected directors longer than five years, then the terms for elected directors provided in those articles or bylaws may continue in effect until and unless the articles or bylaws are amended to shorten those terms.

(3) The initial directors named in the articles hold office until the first annual election of directors or for any other period specified in the articles.

(4) A reduction in directors' terms of office does not shorten an incumbent director's term.

(5) Except as provided in the articles or bylaws, the term of a director elected to fill a vacancy expires at the end of the unexpired term that the director is filling.

(6) Despite the expiration of a director's term, the director continues to serve until the director's successor is elected, appointed, or designated and until the director's successor takes office, unless otherwise provided in the articles or bylaws.

NEW SECTION. Sec. 2407. STAGGERED TERMS FOR DIRECTORS. The articles or bylaws may provide for staggering the terms of directors by dividing the total number of directors into groups of one or more directors. The terms of office and number of directors in each group do not need to be uniform.

NEW SECTION. Sec. 2408. RESIGNATION OF DIRECTOR. (1) A director may resign at any time by delivering an executed notice in the form of a record to the president, the secretary of the corporation, or another officer designated for that purpose in the articles or bylaws. A director may also resign by giving oral notice to the board at a meeting of the board.

(2) A resignation is effective when the notice is delivered unless the notice specifies a later effective time.

(3) If the resignation of a director of a charitable corporation results in the charitable corporation having no directors in office, then the resigning director shall notify the attorney general that the charitable corporation has no directors in office. Such notice must be in the form of a record delivered to the attorney general within ten calendar days after the effective date of the director's resignation.

NEW SECTION. Sec. 2409. REMOVAL OF DIRECTORS. (1) Removal of directors of a membership corporation is subject to the following provisions:

(a) The members may remove, with or without cause, one or more directors who have been elected by the members, unless the articles or bylaws provide that directors may be removed only for cause. The articles or bylaws may specify what constitutes cause for removal.

(b) The board of a membership corporation may not remove a director who has been elected by the members except as

provided in subsection (5) of this section or in the articles or bylaws.

(c) The directors may remove, with or without cause, one or more directors who have been elected by the directors, unless the articles or bylaws provide that directors may be removed only for cause. The articles or bylaws may specify what constitutes cause for removal.

(d) Except as provided in the articles or bylaws, if a director is elected by a voting group of members, or by a chapter or other organizational unit, or by a region or other geographic grouping, then only the members of that voting group or chapter, unit, region, or grouping may participate in the vote to remove the director.

(e) The notice of a meeting of members at which removal of a director is to be considered shall state that the purpose, or one of the purposes, of the meeting is removal of the director.

(2) The board may remove a director of a nonmembership corporation who was elected by the directors:

(a) With or without cause, unless the articles or bylaws provide that directors may be removed only for cause. The articles or bylaws may specify what constitutes cause for removal.

(b) A nonprofit corporation shall give notice of any meeting of directors at which removal of a director is to be considered in accordance with the articles or bylaws governing notice for special meetings, but in no event less than forty-eight hours before the meeting. Such notice shall state that the purpose, or one of the purposes, of the meeting is removal of a director.

(c) As provided in subsection (5) of this section.

(3) A director who is designated by name in the articles or bylaws may be removed by an amendment to the articles or bylaws deleting or changing the designation.

(4) Except as provided in the articles or bylaws, a director who is appointed by persons other than the members or the directors may be removed with or without cause only by those persons.

(5) Notwithstanding anything else to the contrary in this section or the articles or bylaws, the board of a

membership corporation or nonmembership corporation may remove a director:

(a) Who has been appointed a guardian under RCW 11.130.185 or 11.130.265;

(b) Who has been appointed a conservator under RCW 11.130.360;

(c) Who is subject to a written certification by his or her attending physician that in the physician's opinion the director is substantially unable to manage his or her financial resources or resist fraud or undue influence;

(d) Who has been convicted of a felony;

(e) Who has been found by a final order of any court of competent jurisdiction to have breached a duty as a director under section 2402 of this act;

(f) Who has missed the number of board meetings specified in the articles or bylaws, if the articles or bylaws at the beginning of the director's current term provided that a director may be removed for missing the specified number of board meetings; or

(g) Who does not satisfy any of the qualifications for directors set forth in the articles or bylaws at the beginning of the director's current term, if the decision that the director fails to satisfy a qualification is made by the vote of a majority of the directors who meet all of the required qualifications.

(6) Notwithstanding anything else to the contrary in this section or the articles or bylaws, the board of a charitable corporation that is a membership corporation or a nonmembership corporation may remove a director if the director's continued service would cause the charitable corporation to be prohibited from soliciting charitable funds under RCW 19.09.100(13).

NEW SECTION. Sec. 2410. VACANCY ON BOARD OF DIRECTORS. (1) Except as provided in subsection (2) of this section, the articles, or the bylaws, if a vacancy occurs on the board, including a vacancy resulting from an increase in the number of directors, then the vacancy may be filled by a majority of the directors remaining in office even if they constitute less than a quorum. For purposes of section 2409 of this act, any director so elected is deemed to have been elected by the members, voting group, or persons who would elect that director at a regular election.

(2) Except as provided in the articles or bylaws, a vacancy in the position of a director who is:

(a) Appointed by persons other than the members, may be filled only by those persons; or

(b) Designated by name in the articles or bylaws, may not be filled by action of the board.

(3) A vacancy that will occur at a specific later time, by reason of a resignation effective at a later time under section 2408(2) of this act, or otherwise, may be filled before the vacancy occurs but the new director may not take office until the vacancy occurs.

(4) If no directors remain in office, and there are no members with the right to elect directors, then the attorney general has the power to appoint one or more directors selected for their interest and ability to carry out the purposes of the corporation, unless the articles or bylaws provide a different method for electing, appointing, or designating at least one director.

NEW SECTION. Sec. 2411. LIABILITY OF DIRECTORS. (1) A director of a nonprofit corporation is not liable to the nonprofit corporation for any action taken, or any failure to take any action, as a director, except as provided in subsection (2) or (3) of this section or in the articles or bylaws.

(2) Notwithstanding any provision to the contrary in the articles or bylaws, a director is liable to the corporation for:

(a) The value of any benefit in cash, other property, or services received by the director to which the director is not legally entitled; or

(b) Intentional misconduct or a knowing violation of law, including but not limited to criminal law or this chapter, by the director.

(3) A director is liable to the corporation for a violation of any additional standard of conduct specified in the nonprofit corporation's articles as an exception to the limitation on director's liability.

(4) A director of a nonprofit corporation is not liable to any member of the nonprofit corporation for any action taken, or any failure to take

action, as a director, except as provided in subsection (5) of this section.

(5) A director is liable to a member of the corporation only for:

(a) A knowing infliction of harm upon the member; or

(b) An intentional violation of criminal law or this chapter that results in harm or loss to the member.

(6) The party seeking to establish the director's liability to the corporation or any member of the corporation:

(a) For money damages, also has the burden of establishing that:

(i) Harm to the nonprofit corporation or its members has been suffered; and

(ii) The harm suffered was proximately caused by the director's challenged conduct; or

(b) For other money payment under a legal remedy, such as compensation for the unauthorized use of corporate assets, also has whatever burden of persuasion may be called for to establish that the payment sought is appropriate in the circumstances; or

(c) For other money payment under an equitable remedy, such as profit recovery by or disgorgement to the corporation, also has whatever burden of persuasion may be called for to establish that the equitable remedy sought is appropriate in the circumstances.

(7) Nothing contained in this section:

(a) In any instance where fairness is at issue, such as consideration of the fairness of a transaction to the nonprofit corporation under section 2703(1)(c) of this act, alters the burden of proving the fact or lack of fairness otherwise applicable;

(b) Alters the fact or lack of liability of a director to the nonprofit corporation under another section of this chapter, such as the provisions governing the consequences of an unlawful distribution under section 2702 of this act, a conflicting interest transaction under section 2703 of this act, or taking advantage of a business opportunity under section 2704 of this act;

(c) Affects any rights to which the corporation or a director or member may be entitled under another statute of this state or the United States; or

(d) Affects the authority of the attorney general to take any action against a director under this chapter or other applicable Washington state law.

NEW SECTION. **Sec. 2412.** COMPENSATION OF DIRECTORS. Unless the articles or bylaws provide otherwise, the board may fix the compensation of directors.

ARTICLE 5

MEETINGS AND ACTION OF THE BOARD

NEW SECTION. **Sec. 2501.** MEETINGS OF THE BOARD. (1) The board may hold regular or special meetings in or out of this state.

(2) Unless the articles or bylaws provide otherwise, the board may permit any or all directors to participate in a regular or special meeting by, or conduct the meeting through the use of, one or more means of remote communication through which all of the directors may simultaneously participate with each other during the meeting. A director participating in a meeting by this means is considered present in person at the meeting. For any meeting at which one or more directors may participate by means of remote communication, notice of the meeting must be delivered to each director by a means which the director has authorized and provide complete instructions for participating in the meeting by remote communication.

NEW SECTION. **Sec. 2502.** NOTICE OF BOARD MEETINGS. (1) Regular meetings of the board may be held with or without notice as prescribed in the articles or bylaws, unless notice is required by section 2409(2) of this act or other provisions of this chapter.

(2) Unless the articles or bylaws provide for a longer or shorter period, special meetings of the board must be preceded by at least forty-eight hours' notice of the date, time, and place of the meeting. The notice need not describe the purpose of the special meeting, except as required by section 2409(2) of this act, other provisions of this chapter, or the articles or bylaws.

(3) Unless the articles or bylaws provide otherwise, the president, the secretary, or twenty percent of the directors then in office may call and give, or cause to be given, notice of a meeting of the board.

(4) Oral notice of meetings of the board may be given, unless oral notice is

not permitted by a corporation's articles or bylaws.

NEW SECTION. Sec. 2503. WAIVER OF NOTICE. (1) A director may waive any notice required by this chapter, the articles, or the bylaws before or after the date and time stated in the notice. Except as provided by subsection (2) of this section, the waiver must be in the form of a record, executed by the director entitled to the notice, and filed with the minutes or corporate records.

(2) A director's attendance at or participation in a meeting waives any required notice to the director of the meeting, unless the director at the beginning of the meeting or promptly upon arrival objects to holding the meeting or transacting business at the meeting and does not thereafter vote for or assent to action taken at the meeting.

NEW SECTION. Sec. 2504. BOARD QUORUM AND VOTING REQUIREMENTS. (1) Except as provided in subsection (2) or (3) of this section, the articles, or the bylaws, a quorum of the board consists of a majority of the directors in office before a meeting begins.

(2) The articles or bylaws may authorize a quorum of the board to consist of no fewer than one-third of the number of directors in office.

(3) A quorum shall not be present at any time during a meeting unless a majority of the directors present are at least 18 years of age.

(4) If a quorum is present when a vote is taken, then the affirmative vote of a majority of directors present is the act of the board unless a greater vote is required by the articles or bylaws or this chapter.

(5) No proxy for a director, however appointed, may:

(a) Participate in any vote of the board or of any board committee;

(b) Be counted for the purpose of determining whether a quorum is present at a meeting; or

(c) Execute any written consent on behalf of the director.

(6) A director who is present at a meeting of the board when corporate action is taken is considered to have assented to the action taken unless:

(a) The director objects at the beginning of the meeting or promptly upon arrival to holding it or transacting business at the meeting;

(b) The director dissents or abstains from the action; or

(c) The director delivers notice in the form of a record of the director's dissent or abstention to the president or secretary of the corporation or another officer of the corporation designated in the bylaws before or during the meeting or before the approval of the minutes of the meeting.

(7) The right of dissent or abstention is not available to a director who votes in favor of the action taken.

NEW SECTION. Sec. 2505. ACTION WITHOUT MEETING BY UNANIMOUS WRITTEN CONSENT. (1) Unless the articles or bylaws prohibit action without a meeting, action required or permitted by this chapter to be taken by the board may be taken without a meeting if each director entitled to vote with respect to the subject matter thereof executes a consent in the form of a record describing the action to be taken and delivers it to the nonprofit corporation.

(2) For purposes of this section only, "each director entitled to vote" does not include an "interested director" who abstains in writing from providing consent, where:

(a) The board has determined that:

(i) The corporation is entering into the transaction for its own benefit; and

(ii) The transaction is fair and reasonable to the corporation when it enters into the transaction or the noninterested directors determine in good faith after reasonable investigation that the corporation cannot obtain a more advantageous arrangement with reasonable effort under the circumstances, at or before execution of the written consent;

(b) That determination of the board is included in the written consent executed by the noninterested directors or in other records of the corporation; and

(c) All of the noninterested directors approve the action.

(3) Action taken under this section is the act of the board when one or more consents executed by all the directors entitled to vote are delivered to the

nonprofit corporation. In no event may the period between the date of the first signature by a director on such a consent and the date on which all directors have executed the consent be more than sixty days. The consent may specify the time at which the action taken in the consent is to be effective. A director's consent may be withdrawn by a revocation in the form of a record executed by the director and delivered to the president, secretary, or other officer of the corporation specified by the board for that purpose before delivery to the corporation of unrevoked consents executed by all the directors.

(4) A written consent executed under this section has the effect of action taken at a meeting of the board and may be described as such in any document.

NEW SECTION. **Sec. 2506.** BOARD AND ADVISORY COMMITTEES. (1) Unless this chapter, the articles, or the bylaws provide otherwise, a board may create one or more committees of the board that consist of two or more directors. A committee of the board shall not include as voting members persons who are not directors, except:

(a) As provided in Title 48 RCW or the regulations promulgated thereunder;

(b) If the only powers delegated to the committee are those necessary for the committee to serve in any fiduciary capacity with respect to one or more employee benefit plans established under the federal employee retirement income security act of 1974, or any successor statute; or

(c) Unless without the inclusion of persons who are not directors it is impossible or impracticable for the corporation to comply with applicable law other than this chapter.

(2) Unless this chapter otherwise provides, the creation of a committee of the board and appointment of directors to it shall be approved by the greater of:

(a) A majority of all the directors in office when the action is taken; or

(b) The number of directors required by the articles or bylaws to take action under section 2504 of this act.

(3) Sections 2501 through 2505 of this act apply to both committees of the board and their members to the greatest practicable extent.

(4) To the extent specified by the board or in the articles or bylaws, each committee of the board may exercise the powers of the board granted through section 2401(2) of this act, except as limited by subsection (5) of this section.

(5) A committee of the board may not:

(a) Authorize distributions;

(b) Adopt, amend, alter, or repeal bylaws;

(c) In the case of a membership corporation, approve or propose to members action that must be approved by members under the articles or bylaws;

(d) Elect, appoint or remove any member of any committee of the board or any director or officer of the corporation;

(e) Amend the articles;

(f) Adopt a plan of merger with another corporation;

(g) Adopt a plan of domestication, for-profit conversion, or entity conversion;

(h) Authorize the sale, lease, or exchange of all or substantially all of the property and assets of the corporation not in the ordinary course of business;

(i) Authorize the voluntary dissolution of the corporation or revoke proceedings therefor;

(j) Adopt a plan for the distribution of the assets of the corporation; or

(k) Amend, alter, or repeal any resolution of the board, unless the resolution provides by its terms that it may be amended, altered, or repealed by a committee.

(6) The creation of, delegation of authority to, or action by a committee of the board does not alone constitute compliance by a director with the standards of conduct described in section 2402 of this act.

(7) A nonprofit corporation may create or authorize the creation of one or more advisory committees whose members need not be directors or meet the qualification requirements for directors. The board shall not delegate any of its authority to an advisory committee. An advisory committee:

(a) Is not a committee of the board;
and

(b) May not exercise any of the powers of the board.

NEW SECTION. Sec. 2507. PROCEDURE FOR REMOTE MEETINGS. Unless otherwise provided in the articles or bylaws, meetings of the board or any committee held by remote communication must follow the provisions of sections 2501 through 2506 of this act to the greatest practicable extent.

ARTICLE 6

OFFICERS

NEW SECTION. Sec. 2601. OFFICERS—DUTIES. (1) The officers of a nonprofit corporation consist of a president, secretary, and treasurer, and other officers as may be authorized by the articles, the bylaws, or the board.

(2) Unless the articles or bylaws provide otherwise, the board shall elect or appoint all officers annually, and officers shall serve until their respective successors have been elected or appointed or until their earlier removal or resignation.

(3) The same individual may simultaneously hold more than one office in a nonprofit corporation, except that the same individual may not hold the offices of president and secretary.

(4) Each officer has the authority and shall perform the duties set forth in the articles or bylaws or, to the extent consistent with the articles and bylaws, the duties prescribed by the board or by direction of an officer authorized by the board to prescribe the duties of other officers.

NEW SECTION. Sec. 2602. STANDARDS OF CONDUCT FOR OFFICERS. (1) An officer with discretionary authority shall discharge his or her duties under that authority:

- (a) In good faith;
- (b) With the care an ordinarily prudent person in a like position would exercise under similar circumstances; and
- (c) In a manner the officer reasonably believes to be in the best interests of the corporation.

(2) The duty of an officer includes the obligation to convey to his or her

superior officer, the board, a board committee, or another appropriate person within the nonprofit corporation:

(a) Information about the affairs of the nonprofit corporation within the scope of the officer's functions, and known to the officer to be material to the superior officer, board, or committee thereof; and

(b) Information regarding any actual or probable material violation of law involving the corporation or material breach of duty to the corporation by an officer, director, employee, agent, or vendor of the corporation, that the officer believes has occurred or is likely to occur.

(3) In discharging his or her duties, an officer who does not have knowledge that makes reliance unwarranted may rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:

(a) One or more officers or employees of the nonprofit corporation whom the officer reasonably believes to be reliable and competent in the functions performed or the information, opinions, reports, or statements provided;

(b) Legal counsel, public accountants, or other persons retained by the corporation as to matters involving skills or expertise the officer reasonably believes are matters:

(i) Within the particular person's professional or expert competence; or

(ii) As to which the particular person merits confidence.

(4) An officer is not a trustee with respect to the nonprofit corporation or with respect to any property held or administered by the corporation, including property that may be subject to restrictions imposed by the donor or transferor of the property.

NEW SECTION. Sec. 2603. RESIGNATION AND REMOVAL OF OFFICERS. (1) An officer may resign at any time by delivering notice to the nonprofit corporation. A resignation is effective when the notice is delivered unless the notice specifies a later effective time. If a resignation is made effective at a later time and the board or the appointing officer accepts the future effective time, then the board or the appointing officer may designate a successor before the effective time if

the board or the appointing officer provides that the successor does not take office until the effective time.

(2) Except as provided in the articles or bylaws, an officer may be removed at any time with or without cause by:

(a) The board;

(b) The officer who appointed the officer being removed, unless the board provides otherwise; or

(c) Any other officer authorized by the articles, the bylaws, or the board to remove the officer being removed.

(3) In this section, "appointing officer" means the officer, including any successor to that officer who appointed the officer resigning or being removed.

NEW SECTION. Sec. 2604. CONTRACT RIGHTS OF OFFICERS. (1) The appointment or election of an officer does not itself create contract rights.

(2) An officer's removal does not affect the officer's contract rights, if any, with the nonprofit corporation. An officer's resignation does not affect the corporation's contract rights, if any, with the officer.

ARTICLE 7

PROVISIONS COMMON TO DIRECTORS AND OFFICERS

NEW SECTION. Sec. 2701. LOANS OR GUARANTEES. (1) A nonprofit corporation may not lend money to, advance credit to, or guarantee the obligation of a director or officer of the corporation.

(2) Subsection (1) of this section does not apply to:

(a) An advance to pay reimbursable expenses reasonably expected to be incurred within a time period that is reasonable under the circumstances by a director or officer;

(b) Advances pursuant to section 2706 of this act;

(c) Loans or advances pursuant to employee benefit plans; or

(d) A loan to pay reasonable relocation expenses of an officer.

(3) The fact that a loan or guarantee is made in violation of this section does not affect the borrower's liability on the loan.

(4) The directors who vote for or assent to any loan, advance, or guarantee in violation of subsection (1) of this section, and any officer materially participating in the making of such a loan, advance, or guarantee, are personally liable on a joint and several basis to the nonprofit corporation on the loan, advance, or guarantee. Liability under this subsection terminates upon the repayment of any funds advanced by the nonprofit corporation in violation of subsection (1) of this section or, if no funds have been advanced under a guarantee, upon the termination of the guarantee.

(5) A director or officer held liable under subsection (4) of this section for any unlawful loan or guarantee is entitled to contribution from every other director or officer who could be held liable under subsection (4) of this section for the unlawful loan or guarantee.

(6) A proceeding to enforce contribution or recoupment under subsection (5) of this section is barred unless it is commenced within one year after the liability of the claimant has been finally adjudicated under subsection (4) of this section.

NEW SECTION. Sec. 2702. LIABILITY FOR UNLAWFUL DISTRIBUTIONS. (1) A director or officer is personally liable to the nonprofit corporation for the amount of any distribution that exceeds the amount the corporation could have distributed without violating section 1406 of this act if:

(a) The nature or amount of the distribution was material to the interests of the corporation for any reason under all of the facts and circumstances including, but not limited to, federal excise tax liability or federal tax penalties imposed on the corporation as a result of the distribution;

(b) The director or officer voted for or assented to that distribution as a director, or participated beyond the level of a ministerial function in making that distribution as an officer; and

(c) The party asserting liability establishes that, when taking the action, the director or officer violated the standard of conduct set forth in subsection (2) of this section.

(2) A director or officer may be held liable under this section:

(a) For a distribution by a charitable corporation, or a distribution of assets held for charitable purposes, if the director did not comply with section 2402 of this act or the officer did not comply with section 2602 of this act; or

(b) If the conduct of the director or officer with respect to the distribution constitutes gross negligence.

(3) A director or officer held liable under this section for an unlawful distribution is entitled to:

(a) Contribution from every other director or officer who could be held liable under this section for the unlawful distribution; and

(b) Recoupment from each person of the pro rata portion of the amount of the unlawful distribution the person received:

(i) Whether or not the person knew the distribution was made in violation of this chapter, for a distribution by a charitable corporation or of property held for charitable purposes; or

(ii) Knowing the distribution was made in violation of this chapter, for a distribution of property not held for charitable purposes.

(4) A proceeding to enforce:

(a) The liability of a director or officer under this section is barred, unless it is commenced within three years after the date on which the distribution was made; or

(b) Contribution or recoupment under subsection (3) of this section is barred, unless it is commenced within one year after the liability of the claimant under this section has been finally adjudicated.

NEW SECTION. Sec. 2703. CONFLICTING INTEREST TRANSACTIONS—VOIDABILITY. (1) A contract or transaction between a nonprofit corporation and one or more of its members, directors, or officers; or between a nonprofit corporation and any other entity in which one or more of its directors or officers are directors or officers, hold a similar position, or have a financial interest is not void or voidable solely for that reason, or solely because the member, director, or officer is present at or participates in

the meeting of the board that authorizes the contract or transaction or solely because his or her or their votes are counted for that purpose, if:

(a) The material facts as to the relationship or interest and as to the contract or transaction are disclosed or are known to the board and the board in good faith authorizes the contract or transaction by the affirmative vote of a majority of the disinterested directors even though the disinterested directors are less than a quorum;

(b) The material facts as to the relationship or interest of the member, director, or officer and as to the contract or transaction are disclosed or are known to the members entitled to vote thereon, if any, and the contract or transaction is specifically approved in good faith by vote of those members; or

(c) The contract or transaction is fair as to the corporation as of the time the board or the members authorize, approve, or ratify the transaction.

(2) Interested directors or directors holding a similar position in the other entity involved in a contract or transaction specified in subsection (1) of this section may be counted in determining the presence of a quorum at a meeting of the board that authorizes the contract or transaction.

(3) This section is applicable except as provided in the articles or bylaws.

NEW SECTION. Sec. 2704. BUSINESS OPPORTUNITIES. (1) The taking advantage, directly or indirectly, by a director or officer of a business opportunity may not be the subject of equitable relief, or give rise to an award of damages or other sanctions against the director or officer, in a proceeding by or in the right of the nonprofit corporation on the ground that the opportunity should have first been offered to the corporation, if before becoming legally obligated or entitled respecting the opportunity the director or officer brings it to the attention of the corporation and action by the members or the directors disclaiming the corporation's interest in the opportunity is taken in compliance with the procedures set forth in section 2703 of this act, as if the decision being made concerned a conflicting interest transaction.

(2) In any proceeding seeking equitable relief or other remedies, based

upon an alleged improper taking advantage of a business opportunity by a director or officer, the fact that the director or officer did not employ the procedure described in subsection (1) of this section before taking advantage of the opportunity does not support an inference that the opportunity should have been first presented to the nonprofit corporation or alter the burden of proof otherwise applicable to establish that the director or officer breached a duty to the corporation in the circumstances.

NEW SECTION. Sec. 2705. REMOVAL BY JUDICIAL PROCEEDING. (1) The court may remove a director or officer from office in a proceeding commenced by or in the right of the corporation if the court finds that:

(a) The director or officer engaged in fraudulent conduct with respect to the corporation or its members, knowingly inflicted harm on the corporation, or engaged in acts or omissions constituting gross negligence with respect to the director's or officer's duties; and

(b) Considering the course of conduct of the director or officer and the inadequacy of other available remedies, removal would be in the best interest of the corporation.

(2) An action under this section may be commenced by a member, individual director, or delegate. The attorney general may also commence an action under this section if the corporation holds property for charitable purposes.

(3) The court, in addition to removing the director or officer, may bar the director or officer from being reelected, redesignated, or reappointed as a director, an officer, or both for a period prescribed by the court.

(4) Nothing in this section limits the equitable powers of the court to order other relief.

(5) If a proceeding is commenced under this section to remove a director or officer of a charitable corporation, then the plaintiff shall give the attorney general notice in the form of a record of the commencement of the proceeding.

NEW SECTION. Sec. 2706. INDEMNIFICATION AND ADVANCE FOR EXPENSES. The provisions of RCW 23B.08.500 through 23B.08.603, or their successors, apply to any corporation to

which this chapter applies. For purposes of this chapter:

(1) All references in those provisions to shares of a corporation are deemed to refer to membership interests in the nonprofit corporation.

(2) All references in those provisions to shareholders are deemed to refer to members of the nonprofit corporation.

(3) All references in those provisions to a shareholders meeting are deemed to refer to a meeting of the members of the nonprofit corporation.

(4) All references in those provisions to transactions from which directors or officers will personally receive a benefit to which they are not entitled are deemed to include transactions approved or implemented by a director or officer knowing them to be in violation of section 1406 of this act.

(5) This section does not limit a nonprofit corporation's power to indemnify, advance expenses to, or provide or maintain insurance on behalf of an employee, agent, or volunteer.

NEW SECTION. Sec. 2707. DIRECTORS AND OFFICERS UNDER 18 YEARS OF AGE. No director or officer of a corporation who is under 18 years of age shall have authority to execute any document on behalf of the corporation, or otherwise to bind the corporation with respect to any other party, without the written concurrence of one or more other directors or officers of the corporation who are at least 18 years of age and would, between them, have independent authority to execute the same document or to bind the corporation in the same way.

PART III

FUNDAMENTAL TRANSACTIONS

ARTICLE 1

AMENDMENT OF ARTICLES OR BYLAWS

NEW SECTION. Sec. 3101. AUTHORITY TO AMEND. (1) A nonprofit corporation may amend its articles of incorporation, from time to time, so long as its articles as amended contain only provisions that are lawful under this chapter.

(2) Amendments to the articles of a charitable corporation to include one or more purposes of the corporation substantially different from the corporation's purposes before the amendment are subject to the reporting

requirement set out in section 1205 of this act.

NEW SECTION. Sec. 3102. AMENDMENT OF ARTICLES BY NONMEMBERSHIP CORPORATION.

(1) Except as provided in the articles, the board of a nonmembership corporation may adopt amendments to the corporation's articles by the vote of a majority of the directors in office.

(2) Except as provided in subsection (3) of this section, an amendment adopted by the board under this subsection must also be approved, if the amendment changes or deletes a provision regarding the appointment of a director by persons other than the board, by those persons as if they constituted a voting group.

(3) Unless the articles provide otherwise, the board of a nonmembership corporation may adopt amendments to the corporation's articles without approval of any of the other persons identified in subsection (2) of this section to:

(a) Extend the duration of the corporation if it was incorporated at a time when limited duration was required by law;

(b) Delete the names and addresses of the initial directors;

(c) Notwithstanding section 1303(1) of this act, delete the name of each incorporator and the name and address of the initial registered agent or registered office, if a statement of change is on file with the secretary of state; and

(d) Restate without change all of the then operative provisions of the articles.

NEW SECTION. Sec. 3103. AMENDMENT BEFORE ADMISSION OF MEMBERS. If a membership corporation has not yet admitted members, then its board may adopt one or more amendments to the articles.

NEW SECTION. Sec. 3104. AMENDMENT AFTER ADMISSION OF MEMBERS. (1) An amendment to the articles of a membership corporation must be adopted in the following manner:

(a) Except as provided in (e) of this subsection, a proposed amendment must be adopted by the board.

(b) Except as provided in sections 3107 and 3108 of this act, a proposed amendment must be submitted to the

members entitled to vote on the amendment, if any, for their approval.

(c) The board shall deliver to all members a recommendation that the members approve an amendment, unless the board makes a determination that because of conflicts of interest or other special circumstances it should not make such a recommendation, in which case the board shall deliver to the members the basis for that determination.

(d) The board may condition its submission of an amendment to the members on any basis. Such a condition is in addition to any approval requirements set forth in the corporation's articles or bylaws or in this chapter.

(e) If the articles or bylaws so permit, an amendment may be proposed by ten percent or more of the members entitled to vote on the amendment, or by a greater number of members if the articles or bylaws so specify. The provisions of (a), (c), and (d) of this subsection do not apply to an amendment proposed by the members under this subsection.

(f) If an amendment is required to be approved by the members, including under (e) of this subsection, and the approval is to be given at a meeting, then the corporation shall give notice to each member, whether or not entitled to vote on the amendment, of the meeting of members at which the amendment is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the amendment and must contain or be accompanied by a copy or summary of the amendment. If a summary is provided in lieu of a copy of the amendment, then a copy must be available to members upon request and the notice shall state that fact.

(g) At a meeting described in (f) of this subsection, those members entitled to vote on the amendment may:

(i) Approve or reject the amendment exactly as provided or summarized in the notice of the meeting; or

(ii) Approve revisions to the amendment at the meeting, if the subject matter of the revisions is within the scope of the subject matter of the amendment as provided or summarized in the notice of the meeting.

(h) The board shall determine whether the subject matter of any revisions approved by members remains within the scope of the subject matter of the amendment as provided or summarized in the notice of the meeting. If the board determines that the revisions approved by the members are not within that scope, then the amendment is deemed rejected by the membership. If the board determines that the revisions by members are within scope, then the board may:

(i) Accept the amendment incorporating the revisions approved by the members; or

(ii) Propose a further revised amendment to the members for approval.

This process may continue until an amendment acceptable to the board has been approved by the members. If successive votes take place at the same meeting of members, then no further notices or meetings are required.

(i) Unless the articles or bylaws, or the board acting pursuant to (d) of this subsection, requires a greater vote or a greater number of votes to be present, the approval of an amendment by the members entitled to vote thereon requires the approval of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the amendment, the approval of each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present.

(j) Except as provided in subsection (2) of this section, an amendment adopted by the board under this subsection must also be approved, if the amendment changes or deletes a provision regarding the appointment of a director by persons other than the board, by those persons as if they constituted a voting group.

(k) If a membership corporation has no members entitled to vote on the amendment, then the corporation shall deliver notice of the approval of the amendment by the board to all members of the corporation at least five days before filing articles of amendment or restated articles of incorporation with the secretary of state.

(2) Unless the articles provide otherwise, the board of a membership corporation may adopt amendments to the corporation's articles without approval of the members to:

(a) Delete the names and addresses of the initial directors;

(b) Notwithstanding section 1303(2) of this act, delete the name of each incorporator and the name and address of the initial registered agent or registered office, if a statement of change is on file with the secretary of state; or

(c) Restate without change all of the then operative provisions of the articles.

NEW SECTION. **Sec. 3105.** VOTING ON AMENDMENTS BY VOTING GROUPS. (1) If a nonprofit corporation has more than one class of members entitled to vote on an amendment to the articles, then the articles or bylaws may provide that the members of each class entitled to vote on the amendment are entitled to vote as a separate voting group if the amendment would change the rights, powers, preferences, or limitations of the class.

(2) If a class of members will be divided into two or more classes by an amendment to the articles, then the amendment must be approved by a majority of the members of each class that will be created.

NEW SECTION. **Sec. 3106.** ARTICLES OF AMENDMENT. After an amendment to the articles has been adopted and approved in the manner required by sections 3101 through 3114 of this act and by the articles, the nonprofit corporation shall deliver to the secretary of state for filing articles of amendment, which must be executed by an officer or other authorized representative and set forth:

- (1) The name of the corporation;
- (2) The text of the amendment adopted;
- (3) The date of the amendment's adoption; and
- (4) If the amendment:
 - (a) Was adopted by the board without member approval, a statement that the amendment was adopted by the board of directors, and that member approval was not required; or
 - (b) Required approval by the members, a statement that the amendment was approved by the members in the manner required by this chapter and by the articles and bylaws.

NEW SECTION. **Sec. 3107.** RESTATED ARTICLES OF INCORPORATION. (1) The board

of a nonprofit corporation may restate its articles of incorporation at any time, without approval by the members or any other person, to consolidate all amendments into a single document without substantive change.

(2) A restatement of the articles may include one or more amendments to the articles. If restated articles of incorporation of a nonmembership corporation include one or more new amendments, then these amendments must have been adopted and approved as provided in section 3102 of this act. If restated articles of incorporation of a membership corporation include one or more new amendments that require member approval, then the amendments must have been adopted and approved as provided in section 3103 or 3104 of this act, as appropriate.

(3) A nonprofit corporation that restates its articles of incorporation shall deliver to the secretary of state for filing articles of restatement setting forth the name of the nonprofit corporation and the text of the restated articles of incorporation together with a certificate setting forth:

(a) If the restatement does not include any amendments to the articles, a statement of that fact;

(b) If the restatement contains one or more amendments to the articles, the information required by section 3106 (1) through (4) of this act.

(4) The articles of restatement and the certificate must be executed by an officer or other authorized representative.

(5) Duly adopted restated articles of incorporation supersede the original articles and all amendments thereto.

(6) The secretary of state shall certify restated articles of incorporation as the articles currently in effect.

NEW SECTION. Sec. 3108. AMENDMENT OF ARTICLES PURSUANT TO REORGANIZATION. (1) A nonprofit corporation's articles of incorporation may be amended without action by the board or the members to carry out a plan of reorganization ordered or decreed by any court of competent jurisdiction in a proceeding relating to the corporation.

(2) An individual designated by the court shall deliver to the secretary of

state for filing articles of amendment setting forth:

(a) The name of the corporation;

(b) The text of each amendment approved by the court;

(c) The date of the court's order or decree approving the articles of amendment;

(d) The title of the reorganization proceeding in which the order or decree was entered; and

(e) A statement that the court had jurisdiction of the proceeding.

(3) This section does not apply after entry of a final decree in the reorganization proceeding even though the court retains jurisdiction of the proceeding for limited purposes unrelated to consummation of the reorganization plan.

NEW SECTION. Sec. 3109. EFFECTIVE DATE. Unless a delayed effective date is specified, articles of amendment or restated articles of incorporation become effective on the date the articles of amendment or restated articles of incorporation are filed by the secretary of state.

NEW SECTION. Sec. 3110. EFFECT OF ARTICLES OF AMENDMENT. (1) Except as provided in subsection (2) of this section, an amendment to the articles does not affect a cause of action existing against or in favor of the nonprofit corporation, a proceeding to which the corporation is a party, or the existing rights of persons other than members of the corporation or persons referred to in the articles. An amendment changing a corporation's name does not abate a proceeding brought by or against the corporation in its former name.

(2) No amendment to the articles shall modify any restriction imposed through any means upon property held for charitable purposes unless, before the delivery of the amendment to the secretary of state for filing, the restriction is modified:

(a) In the case of a restriction imposed pursuant to a trust instrument governed by chapter 11.110 RCW in which the nonprofit corporation is a trustee or a beneficiary, through an appropriate order of the court or the agreement of all interested parties, including the

attorney general, under chapter 11.96A RCW; or

(b) In the case of any other restriction, pursuant to section 1503 of this act.

(3) A person who is a member or otherwise affiliated with a charitable corporation may not receive a direct or indirect financial benefit in connection with an amendment of the articles unless the person is itself a charitable corporation, the federal government, a state, a governmental subdivision, or an unincorporated entity that has charitable purposes. This subsection does not apply to the receipt of reasonable compensation for services rendered.

NEW SECTION. Sec. 3111. POWER TO AMEND BYLAWS. The power to alter, amend, or repeal the bylaws or adopt new bylaws is vested in the board unless otherwise provided in the articles, the bylaws, or this chapter.

NEW SECTION. Sec. 3112. BYLAW AMENDMENTS REQUIRING MEMBER APPROVAL. (1) Except as provided in the articles or bylaws, the board of a membership corporation that has one or more members may not, without approval of the class or classes of members affected, adopt or amend a provision of the bylaws:

(a) That would eliminate any existing right, power, or privilege of membership contained in the bylaws;

(b) Under section 2107 of this act, providing that some of the members have different rights or obligations than other members with respect to voting, dissolution, transfer of memberships or other matters;

(c) Under section 2110 of this act, levying dues, assessments, or fees on some or all of the members;

(d) Under section 2113 of this act, relating to the termination or suspension of members; or

(e) Under section 2114 of this act, authorizing the purchase of memberships.

(2) The board of a membership corporation that has members may not amend the articles or bylaws without approval of every class or classes of members affected to vary the application of subsection (1) of this section to the corporation.

(3) If a nonprofit corporation has more than one class of members, then the members of a class are entitled to vote as a separate voting group on an amendment to the bylaws that:

(a) Is described in subsection (1) of this section, if the amendment would affect the members of that class differently than the members of another class; or

(b) Has any of the effects described in section 3104(1)(j) of this act.

(4) If a class of members will be divided into two or more classes by an amendment to the bylaws, then the amendment must be approved by a majority of the members of each class that will be created.

NEW SECTION. Sec. 3113. EFFECT OF BYLAW AMENDMENT. (1) No amendment to the bylaws shall modify any restriction imposed through any means upon property held for charitable purposes unless, before or simultaneously with the adoption of the bylaws amendment, the restriction is modified:

(a) In the case of a restriction imposed pursuant to a trust instrument governed by chapter 11.110 RCW in which the nonprofit corporation is a trustee or a beneficiary, through an appropriate order of the court or the agreement of all interested parties, including the attorney general, under chapter 11.96A RCW; or

(b) In the case of any other restriction, pursuant to section 1503 of this act.

(2) A person who is a member or otherwise affiliated with a charitable corporation may not receive a direct or indirect financial benefit in connection with an amendment of the bylaws unless the person is itself a charitable corporation, the federal government, a state, a governmental subdivision, or an unincorporated entity that has charitable purposes. This subsection does not apply to the receipt of reasonable compensation for services rendered.

NEW SECTION. Sec. 3114. APPROVAL OF AMENDMENTS BY THIRD PARTIES. (1) The articles of incorporation may require that an amendment to the articles be approved in the form of a record by a specified person or group of persons in addition to the board or members.

(2) The articles or bylaws may require that an amendment to the bylaws be approved in the form of a record by a specified person or group of persons in addition to the board or members.

(3) A requirement in the articles or bylaws described in subsection (1) or (2) of this section may only be amended with the approval in the form of a record of the specified person or group of persons.

ARTICLE 2

MERGER

NEW SECTION. Sec. 3201. DEFINITIONS. The definitions in this section apply throughout this section and sections 3202 through 3209 of this act unless the context clearly requires otherwise.

(1) "Eligible interests" means interests or shares.

(2) "Interests" means either or both of the following rights under the organic law of an unincorporated entity:

(a) The right to receive distributions from the entity either in the ordinary course or upon liquidation; or

(b) The right to receive notice or vote on issues involving its internal affairs, other than as an agent, assignee, proxy, or person responsible for managing its business, activities, or affairs.

(3) "Merger" means a transaction pursuant to section 3205 of this act.

(4) "Party to a merger" means any domestic or foreign nonprofit corporation or eligible entity that will merge under a plan of merger.

(5) "Shares" means the units into which the proprietary interests in a domestic or foreign for-profit corporation are divided.

(6) "Survivor" in a merger means the corporation or eligible entity into which one or more other corporations or eligible entities are merged. A survivor of a merger may preexist the merger or be created by the merger.

NEW SECTION. Sec. 3202. PROPERTY HELD FOR CHARITABLE PURPOSES. (1) In a merger under sections 3201 through 3209 of this act, property held for charitable purposes by a nonprofit corporation may not be diverted from charitable purposes.

(2) The survivor of any merger under sections 3201 through 3209 of this act remains bound by any restriction imposed

through any means upon property held for charitable purposes by any party to the merger including, but not limited to, any restriction that affects existing rights of persons other than members, shareholders, or interest holders of the other party, unless the restriction is modified:

(a) In the case of a restriction imposed pursuant to a trust instrument governed by chapter 11.110 RCW in which the nonprofit corporation is a trustee or a beneficiary, through an appropriate order of the court or the agreement of all interested parties, including the attorney general, under chapter 11.96A RCW; or

(b) In the case of any other restriction, pursuant to section 1503 of this act.

(3) Property held by a nonprofit corporation for charitable purposes upon condition requiring return, transfer, or conveyance, which condition occurs by reason of the merger, must be returned, transferred, or conveyed in accordance with that condition.

(4) A corporation that is not a charitable corporation but holds property for charitable purposes shall deliver to the attorney general notice of its intent to consummate a merger, unless the survivor of the merger is a charitable corporation. The notice must be delivered to the attorney general in the form of a record at least twenty days before the meeting at which the proposed transaction is to be approved. Such a merger may not be implemented without the approval of the attorney general, or the approval of the court in a proceeding to which the attorney general is made a party. In the event that the attorney general does not deliver a notice of objection in the form of a record to the corporation within twenty days after the delivery to the attorney general of notice of the transaction, approval of the transaction is deemed to have been given.

(5) The notice described in subsection (4) of this section shall include:

(a) A statement specifying how the merger will comply with subsections (1) through (3) of this section; and

(b) A brief description of:

(i) Real property held by the corporation for charitable purposes, and its nature and location;

(ii) Cash, bank deposits, brokerage accounts, or other financial assets held by the corporation for charitable purposes, and their approximate total fair market value;

(iii) Other personal property held by the corporation for charitable purposes, and its nature and approximate total fair market value; and

(iv) All gift restrictions applicable to any property described in (b)(i) through (iii) of this subsection, and the nature of those restrictions.

NEW SECTION. Sec. 3203. PROHIBITION OF FINANCIAL BENEFIT. A person who is a member, director, officer, interest holder, or otherwise affiliated with a charitable corporation or any other eligible entity with a charitable purpose may not receive a direct or indirect financial benefit in connection with a merger governed by sections 3201 through 3209 of this act to which the charitable corporation or unincorporated entity is a party unless the person is itself a charitable corporation, the federal government, a tribal government, a state or local government, a governmental subdivision, or an eligible entity that is organized exclusively for charitable purposes. This section does not apply to the receipt of reasonable compensation for services rendered.

NEW SECTION. Sec. 3204. LIMITATIONS ON CHARITABLE CORPORATIONS. (1) A charitable corporation may merge only with:

(a) Another charitable corporation;

(b) A foreign corporation that, if it were a domestic corporation, would qualify under this chapter as a charitable corporation; or

(c) A foreign or domestic for-profit or nonprofit corporation, or unincorporated entity, only if the charitable corporation is the surviving corporation and continues to qualify as a charitable corporation after the merger.

(2) No member of a charitable corporation may receive or keep anything as a result of a merger other than a membership in the surviving charitable corporation, unless:

(a) The attorney general, or the court in a proceeding in which the attorney general has been given notice, has provided prior written consent; or

(b) The member is a charitable corporation, another entity that is organized and operated exclusively for one or more charitable purposes, the federal government, or a tribal, state, or local government.

NEW SECTION. Sec. 3205. MERGER. (1) Subject to the restrictions in sections 3202 through 3204 of this act, one or more domestic nonprofit corporations may merge with one or more domestic or foreign nonprofit corporations or eligible entities pursuant to a plan of merger or two or more foreign nonprofit corporations or domestic or foreign eligible entities may merge into a new domestic nonprofit corporation to be created in the merger in the manner provided in sections 3201 through 3209 of this act.

(2) A foreign nonprofit corporation, or a foreign eligible entity, may be a party to a merger with a domestic nonprofit corporation, or may be created by the terms of the plan of merger, only if the merger is permitted by the organic law of the corporation or eligible entity.

(3) If the law of this state, other than this chapter, permits the merger of a domestic eligible entity with a nonprofit corporation but does not provide procedures for the approval of such a merger, then a plan of merger may be adopted and approved, and the merger may be effectuated, in accordance with the procedures in sections 3201 through 3209 of this act. For the purposes of applying sections 3201 through 3209 of this act, as the context may require:

(a) The eligible entity is treated as a domestic nonprofit corporation, its interest holders are treated as members, eligible interests are treated as memberships, and organic records are treated as articles and bylaws; and

(b) If there is no board of directors and the business and affairs of the eligible entity are managed by a team or body of persons that is not identical to the interest holders, that team or body is deemed to be the board of directors.

(4) The plan of merger must be in the form of a record and include:

(a) The name of each domestic or foreign nonprofit corporation or eligible entity that will merge and the name of the domestic or foreign nonprofit corporation or eligible entity that will be the survivor of the merger;

(b) The terms and conditions of the merger;

(c) The manner and basis of converting the memberships of each merging domestic or foreign nonprofit membership corporation and the eligible interests of each merging domestic or foreign eligible entity into memberships, eligible interests, securities, or obligations; rights to acquire memberships, eligible interests, securities, or obligations; cash; other property or other consideration; or any combination of the foregoing;

(d) The articles and bylaws of any corporation, or the organic records of any eligible entity, to be created by the merger; or if a new corporation or eligible entity is not to be created by the merger, any changes to the survivor's articles or bylaws or organic records;

(e) Whether the corporation is a charitable corporation or is holding assets for charitable purposes;

(f) If the corporation is a charitable corporation or is holding assets for charitable purposes, a plan setting forth how the merging entities will comply with sections 3202 and 3204 of this act; and

(g) Any other provisions relating to the merger that the parties desire be included in the plan of merger.

(5) The plan of merger may also include a provision that the plan may be amended before filing articles of merger, but if the members of a domestic corporation that is a party to the merger are required or entitled to vote on the plan, then the plan shall provide that after approval of the plan by those members the plan may not be amended to change:

(a) The amount or kind of memberships, eligible interests, securities, or obligations; rights to acquire memberships, eligible interests, securities, or obligations; cash; or other property or other consideration to be received by the members of or owners of eligible interests in any party to the merger;

(b) The articles or bylaws of any corporation, or the organic records of

any unincorporated entity, that will survive or be created as a result of the merger, except for changes permitted by section 3104(2) of this act or by comparable provisions of the organic law of a foreign nonprofit or for-profit corporation or domestic or foreign unincorporated entity; or

(c) Any of the other terms or conditions of the plan, if the change would adversely affect those members in any material respect.

(6) Terms of a plan of merger may be made dependent on facts objectively ascertainable outside the plan in accordance with section 1202(3) of this act.

NEW SECTION. **Sec. 3206.** ADOPTION OF PLAN OF MERGER. In the case of a nonprofit corporation that is a party to a merger:

(1) The plan of merger must be adopted by the board.

(2) Except as provided in subsection (9) of this section, section 3205 of this act, or the articles or bylaws, after adopting the plan of merger, the board shall submit the plan to those members entitled to vote on the plan for their approval. The board shall also deliver to the members a recommendation that the members approve the plan, unless the board makes a determination that because of conflicts of interest or other special circumstances it should not make such a recommendation, in which case the board shall deliver to the members the basis for that determination.

(3) The board may condition its submission of the plan of merger to the members on any basis.

(4) If the plan of merger is required to be approved by the members, and if the approval is to be given at a meeting, then the nonprofit corporation shall give notice to each member, whether or not entitled to vote on the merger, of the meeting of members at which the plan is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the plan and must contain or be accompanied by a copy or summary of the plan. If the corporation is to be merged into an existing corporation or eligible entity, then the notice shall also include a copy or summary of the articles and bylaws or organic records of that corporation or eligible entity. If the

corporation is to be merged into a corporation or eligible entity that is to be created pursuant to the merger, then the notice shall include a copy or a summary of the articles and bylaws or organic records of the new corporation or eligible entity. If a summary is provided in lieu of a copy of the plan or of the articles and bylaws, then a copy of the plan and articles and bylaws, as applicable, must be available to members upon request and this fact must be stated in the notice. Such copy of the plan and articles and bylaws, as applicable, may be made available in electronic format.

(5) Unless the articles or bylaws, or the board acting pursuant to subsection (3) of this section, requires a greater vote or a greater number of votes to be present, the approval of the plan of merger by the members entitled to vote thereon requires the approval of a majority of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the plan of merger, the approval of a majority of the members of each voting group entitled to vote at a meeting at which a quorum of the voting group is present.

(6) Separate voting on a plan of merger is required:

(a) By each class of members:

(i) Whose memberships are to be converted into eligible interests, securities, or obligations; rights to acquire eligible interests, securities, or obligations; cash; other property or other consideration; or any combination of the foregoing;

(ii) Which is to experience a change in the rights, powers, preferences, or limitations of the class as a result of the merger; or

(iii) That would be entitled to vote as a separate group on a provision in the plan that, if contained in a proposed amendment to articles of incorporation, would require action by separate voting groups under the articles or bylaws.

(b) By a voting group, if the voting group is entitled under the articles or bylaws to vote as a voting group to approve a plan of merger.

(7) If a plan of merger would affect in the same or a substantially similar way two or more classes of members entitled to vote separately on the plan

of merger under subsection (6) (a) of this section, then, instead of voting separately, all similarly affected classes of members shall vote together as a single voting group on the plan of merger, unless otherwise provided in the articles or as a condition imposed by the board under subsection (3) of this section.

(8) If as a result of a merger one or more members of a domestic nonprofit corporation would become subject to owner liability for the debts, obligations or liabilities of any other person or entity, then approval of the plan of merger requires the execution, by each member who would become subject to owner liability, of a separate record consenting to become subject to owner liability.

(9) If a domestic nonprofit corporation that is a party to a merger does not have any members entitled to vote on the merger, then a plan of merger is deemed adopted by the corporation when it has been adopted by the board pursuant to subsection (1) of this section. If a membership corporation has no members entitled to vote on the merger, then the corporation shall deliver notice of the proposed merger to all members of the corporation at least five days before the meeting at which the board is to adopt the plan of merger.

(10) In addition to the adoption and approval of the plan of merger by the board and members as required by this section, the plan of merger must also be approved in the form of a record by any person or group of persons whose approval is required under section 3114 of this act to amend the articles or bylaws.

(11) Adoption and approval of a plan of merger by all required persons under the procedures set forth in this section constitutes adoption and approval of all changes to the approving party's articles, bylaws, or other organic documents contained within the plan of merger.

NEW SECTION. Sec. 3207. ARTICLES OF MERGER. (1) After a plan of merger has been adopted and approved as required by sections 3201 through 3209 of this act, articles of merger must be executed on behalf of each party to the merger by an officer or other authorized representative of the party. The articles of merger shall set forth:

(a) The names of the parties to the merger;

(b) If the articles of the surviving domestic nonprofit corporation are being changed, or if a new domestic nonprofit corporation is created as a result of a merger, the changes to the articles of the surviving corporation or the articles of the new corporation;

(c) If the plan of merger required approval by the members of a domestic nonprofit corporation that was a party to the merger, a statement that the plan was approved by the members and, if voting by any separate voting group was required, by each separate voting group entitled to vote, in the manner required by this chapter and the articles or bylaws;

(d) If the plan of merger did not require approval by the members of a domestic nonprofit corporation that was a party to the merger, a statement to that effect;

(e) If a party to the merger is a noncharitable corporation holding property for charitable purposes, and the survivor is not a charitable corporation, a statement that the attorney general has approved, or is deemed to have approved, the merger pursuant to section 3202 of this act; and

(f) As to each foreign nonprofit corporation or eligible entity that was a party to the merger, a statement that the participation of the foreign corporation or eligible entity was authorized as required by the organic law of the corporation or eligible entity.

(2) Terms of articles of merger may be made dependent on facts objectively ascertainable outside the articles in accordance with section 1202(3) of this act.

(3) Articles of merger must be delivered to the secretary of state for filing by the surviving entity of the merger and shall take effect at the effective time provided in RCW 23.95.210. Articles of merger filed under this section may be combined with any filing required under the organic law of any domestic eligible entity involved in the transaction if the combined filing satisfies the requirements of both this section and the other organic law.

NEW SECTION. **Sec. 3208.** EFFECT OF MERGER. (1) Subject to sections 3202 and 3203 of this act, if the surviving

entity is a domestic nonprofit corporation when a merger becomes effective:

(a) The domestic nonprofit corporation that is designated in the plan of merger as the surviving corporation continues or comes into existence, as the case may be;

(b) The separate existence of every domestic or foreign nonprofit corporation or eligible entity that is merged into the survivor ceases;

(c) All property owned by, and every contract and other right possessed by, each domestic or foreign nonprofit corporation or eligible entity that merges into the surviving corporation is vested in the surviving corporation without reversion or impairment;

(d) All liabilities of each domestic or foreign nonprofit corporation or eligible entity that is merged into the survivor are vested in the surviving corporation;

(e) The name of the surviving corporation may, but need not be, substituted in any pending proceeding for the name of any party to the merger whose separate existence ceased in the merger;

(f) The articles and bylaws or organic records of the surviving corporation are amended to the extent of the changes provided in the plan of merger;

(g) The articles and bylaws of a surviving corporation that is created by the merger become effective; and

(h) The memberships of each corporation that is a party to the merger, and the eligible interests in an eligible entity that is a party to a merger, that are to be converted under the plan of merger into memberships, eligible interests, securities, or obligations; rights to acquire memberships, eligible interests, securities, or obligations; cash; other property or other consideration; or any combination of the foregoing; are converted.

(2) A person who becomes subject to owner liability for some or all of the debts, obligations, or liabilities of any entity as a result of a merger has owner liability only to the extent provided in the organic law of the entity and only for those debts, obligations, and liabilities that arise after the effective time of the articles of merger, except to the extent that the person

consented to become subject to liability under section 3206(8) of this act.

(3) The effect of a merger on the owner liability of a person who had owner liability for some or all of the debts, obligations, or liabilities of a party to the merger is as follows:

(a) The merger does not discharge any owner liability under the organic law of the entity in which the person was a member, shareholder, or interest holder to the extent that owner liability arose before the effective time of the articles of merger.

(b) The person does not have owner liability under the organic law of the entity in which the person was a member, shareholder, or interest holder before the merger for any debt, obligation, or liability that arises after the effective time of the articles of merger.

(c) The provisions of the organic law of any entity for which the person had owner liability before the merger continue to apply to the collection or discharge of any owner liability preserved by subsection (1) of this section, as if the merger had not occurred.

(d) The person has whatever rights of contribution from other persons are provided by the organic law of the entity for which the person had owner liability with respect to any owner liability preserved by (a) of this subsection, as if the merger had not occurred.

(4) A devise, bequest, gift, grant, or promise contained in a will or other instrument, in trust or otherwise, made before or after a merger, to or for any of the parties to the merger, inures to the survivor, subject to the express terms of the will or other instrument.

NEW SECTION. Sec. 3209. ABANDONMENT OF MERGER. (1) Unless otherwise provided in a plan of merger or in the organic law of a foreign nonprofit corporation or a domestic or foreign eligible entity that is a party to a merger, after the plan has been adopted and approved as required by sections 3201 through 3209 of this act, and at any time before the merger has become effective, it may be abandoned by a domestic nonprofit corporation that is a party thereto without action by its members, in accordance with any procedures set forth in the plan of merger or, if no procedures are set forth in the plan, in

the manner determined by the board, subject to any contractual rights of other parties to the merger.

(2) If a merger is abandoned under subsection (1) of this section after articles of merger have been filed by the secretary of state but before the merger has become effective, then a statement that the merger has been abandoned in accordance with this section, executed on behalf of a party to the merger by an officer or other authorized representative, must be delivered to the secretary of state for filing before the effective date of the merger. Upon filing by the secretary of state, the statement takes effect and the merger is deemed abandoned and shall not become effective.

NEW SECTION. **Sec. 3306.** VOTING RIGHTS IN EXISTING CORPORATIONS. For any corporation formed before January 1, 2022, any member or other person who is entitled under the articles or bylaws to vote on or approve a merger transaction involving the corporation is deemed entitled, to the same extent, to vote on or approve any transaction under sections 3301 through 3326 of this act involving the corporation.

NEW SECTION. **Sec. 3307.** DOMESTICATION. (1) A foreign nonprofit corporation may become a domestic nonprofit corporation only if the law of the foreign jurisdiction allows the domestication.

(2) A domestic nonprofit corporation may become a foreign nonprofit corporation if the law of the foreign jurisdiction allows the domestication.

(3) Regardless of whether the laws of the foreign jurisdiction require the adoption of a plan of domestication, the domestication must be approved by the corporation's adoption of a plan of domestication in the manner provided in sections 3301 through 3326 of this act.

(4) The plan of domestication shall include:

(a) A statement of the jurisdiction in which the corporation is to be domesticated;

(b) The terms and conditions of the domestication;

(c) The manner and basis of canceling or reclassifying the memberships of the corporation following its domestication into memberships, obligations, rights to

acquire memberships, cash, other property, or any combination of the foregoing;

(d) If the corporation is a charitable corporation or is holding assets for charitable purposes, a plan setting forth how the corporation will comply with section 3304 (1) through (3) of this act; and

(e) Any desired changes to the articles or bylaws of the corporation in connection with its domestication.

(5) The plan of domestication may also include a provision that the plan may be amended before filing the document required by the laws of this state or the other jurisdiction to consummate the domestication; except that, after approval of the plan by the members, the plan may not be amended without the approval of the members entitled to vote thereon to change:

(a) The amount or kind of memberships, obligations, rights to acquire memberships, cash, or other property to be received by the members under the plan;

(b) The articles as they will be in effect immediately following the domestication, except for changes permitted by section 3104 of this act or by comparable provisions of the laws of the other jurisdiction; or

(c) Any of the other terms or conditions of the plan if the change would adversely affect any of the members in any material respect.

(6) Terms of a plan of domestication may be made dependent upon facts objectively ascertainable outside the plan in accordance with section 1202(3) of this act.

(7) If any debt security, note, or similar evidence of indebtedness for money borrowed, whether secured or unsecured, or a contract of any kind, issued, incurred or executed by a domestic nonprofit corporation before January 1, 2022, contains a provision applying to a merger of the corporation and the document does not refer to a domestication of the corporation, then the provision is deemed to apply to a domestication of the corporation until the provision is amended after that date.

NEW SECTION. **Sec. 3308.** ACTION ON A PLAN OF DOMESTICATION. In the case of a

domestication of a domestic nonprofit corporation in a foreign jurisdiction:

(1) The plan of domestication must be adopted by the board.

(2) If there are no members entitled to vote on the plan, then the plan must be adopted by a vote of the majority of directors then in office. If a membership corporation has no members entitled to vote on the plan, then the corporation shall deliver notice of the proposed domestication to all members of the corporation at least ten days before the meeting at which the board is to adopt the plan.

(3) After adopting the plan of domestication, the board shall submit the plan to the members for their approval, if there are members entitled to vote on the plan. The board shall also transmit to the members a recommendation that the members approve the plan, unless the board determines that, because of conflicts of interest or other special circumstances, it should not make such a recommendation, in which case the board shall transmit to the members the basis for that determination.

(4) The board may condition its submission of the plan of domestication to the members on any basis.

(5) If the approval of the members is to be given at a meeting, then the corporation shall notify each member, whether or not entitled to vote, of the meeting of members at which the plan of domestication is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the plan and must contain or be accompanied by a copy or summary of the plan. The notice shall include a copy of the articles and bylaws as they will be in effect immediately after the domestication. If a summary is provided in lieu of a copy of the plan, then a copy of the plan must be available to members upon request and this fact must be stated in the notice.

(6) Unless the articles or bylaws, or the board acting pursuant to subsection (4) of this section, requires a greater vote or a greater number of votes to be present, the approval of the plan of domestication by the members entitled to vote thereon requires the approval of a majority of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the plan, the

approval of a majority of the members of each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present.

(7) A separate voting by voting groups is required by each class of members that:

(a) Is to be reclassified under the plan of domestication into a different class of members, or into obligations, rights to acquire memberships, cash, other property, or any combination of the foregoing;

(b) Would be entitled to vote as a separate group on a provision of the plan that, if contained in a proposed amendment to articles of incorporation, would require action by separate voting groups under section 3105 of this act; or

(c) Is entitled under the articles or bylaws to vote as a voting group to approve an amendment of the articles.

(8) If any provision of the articles, bylaws, or an agreement to which any of the directors or members are parties, adopted or entered into before January 1, 2022, applies to a merger of the corporation and that document does not refer to a domestication of the corporation, then the provision is deemed to apply to a domestication of the corporation until the provision is later amended.

NEW SECTION. **Sec. 3309.** ARTICLES OF DOMESTICATION. (1) Articles of domestication must be executed on behalf of the domesticating corporation by an officer or other authorized representative. The articles shall set forth:

(a) The name and jurisdiction of incorporation of the domesticating corporation;

(b) The name and jurisdiction of incorporation of the domesticated entity; and

(c) If the domesticating corporation is a domestic nonprofit corporation, a statement that the plan of domestication was approved in accordance with sections 3301 through 3326 of this act or, if the domesticating corporation is a foreign nonprofit corporation, a statement that the domestication was approved in accordance with the law of its jurisdiction of incorporation.

(2) The articles of domestication must be delivered to the secretary of state for filing, and take effect at the effective time provided in RCW 23.95.210.

(3) If the domesticating corporation is a foreign corporation, then the domesticating corporation must, simultaneously with the delivery of the articles of domestication, deliver articles of incorporation that comply with this title to the secretary of state for filing and the secretary of state shall file the articles. Provisions that would not be required to be included in restated articles of incorporation may be omitted, except that the name and address of the initial registered agent of the corporation must be included and the name of the corporation must satisfy the requirements of section 1302 of this act.

(4) If the domesticating corporation is a registered foreign corporation, then its registration is terminated automatically on the effective date of its domestication, and the secretary of state shall record the termination of the registration.

NEW SECTION. Sec. 3310. EFFECT OF DOMESTICATION. (1) Except as provided in section 3304 of this act, when a domestication becomes effective:

(a) The title to all real and personal property, both tangible and intangible, of the domesticating corporation remains in the domesticated corporation without reversion or impairment;

(b) The liabilities of the domesticating corporation remain the liabilities of the domesticated corporation;

(c) An action or proceeding pending against the domesticating corporation continues against the domesticated corporation as if the domestication had not occurred;

(d) The articles of incorporation filed pursuant to section 3309(3) of this act constitute the articles of a foreign corporation domesticating in Washington state;

(e) The memberships in the domesticating corporation are reclassified into memberships, obligations, rights to acquire memberships, or cash or other property in accordance with the terms of the domestication, and the members are

entitled only to the rights provided by those terms;

(f) Gift restrictions binding the domestic corporation remain in place as if the domestication had not occurred, unless modified in accordance with section 1503 of this act;

(g) A devise, bequest, gift, grant, or promise contained in a will or other instrument, in trust or otherwise, made to or for the domesticating corporation before or after the domestication, inures to the domesticated corporation, subject to the express terms of the will or other instrument; and

(h) The domesticating corporation is deemed to be:

(i) Incorporated under and subject to the organic law of the domesticated corporation for all purposes; and

(ii) The same corporation without interruption as the domesticating corporation.

(2) The interest holder liability of a member in a foreign nonprofit corporation that is domesticated in the state of Washington is as follows:

(a) The domestication does not discharge any interest holder liability under the laws of the foreign jurisdiction to the extent the interest holder liability arose before the effective time of the articles of domestication.

(b) The member does not have interest holder liability under the laws of the foreign jurisdiction for any debt, obligation, or liability of the corporation that arises after the effective time of the articles of domestication.

(c) The provisions of the laws of the foreign jurisdiction continue to apply to the collection or discharge of any interest holder liability preserved by (a) of this subsection, as if the domestication had not occurred.

(d) The domestication has no effect on any member's rights of contribution from other members provided by the laws of the foreign jurisdiction with respect to any interest holder liability preserved by (a) of this subsection.

NEW SECTION. Sec. 3311. ABANDONMENT OF DOMESTICATION. (1) Unless otherwise provided in a plan of domestication of a domestic nonprofit corporation, after

the plan has been adopted and approved as required by sections 3301 through 3326 of this act, and at any time before the domestication has become effective, it may be abandoned by the members if there are members entitled to vote on the plan of domestication, or by the board without action by members.

(2) If a domestication is abandoned under subsection (1) of this section after articles of domestication have been filed by the secretary of state but before the domestication has become effective, then a statement that the domestication has been abandoned in accordance with this section, executed by an officer or other authorized representative, must be delivered to the secretary of state for filing before the effective date of the domestication. The statement takes effect upon filing and the domestication is abandoned and does not become effective.

(3) If the domestication of a foreign nonprofit corporation in Washington state is abandoned in accordance with the laws of the foreign jurisdiction after articles of domestication have been filed by the secretary of state, then a statement that the domestication has been abandoned, executed by an officer or other authorized representative, must be delivered to the secretary of state for filing. The statement takes effect upon filing and the domestication is abandoned and does not become effective.

NEW SECTION. Sec. 3312. FOR-PROFIT CONVERSION OF NONCHARITABLE CORPORATIONS. (1) A domestic nonprofit corporation, other than a charitable corporation, may become a domestic for-profit corporation pursuant to a plan of for-profit conversion if the for-profit conversion is permitted under Title 23B RCW.

(2) A domestic nonprofit corporation, other than a charitable corporation, may become a foreign for-profit corporation if the for-profit conversion is permitted by the laws of the foreign jurisdiction. Regardless of whether the laws of the foreign jurisdiction require the adoption of a plan of for-profit conversion, the foreign for-profit conversion must be approved by the adoption by the domestic nonprofit corporation of a plan of for-profit conversion in the manner provided in sections 3301 through 3326 of this act.

(3) The plan of for-profit conversion shall include:

(a) The terms and conditions of the conversion;

(b) The manner and basis of:

(i) Issuing at least one share in the corporation following its conversion; and

(ii) Otherwise reclassifying the memberships in the corporation, if any, following its conversion into shares and other securities, obligations, rights to acquire shares or other securities, cash, other property, or any combination of the foregoing;

(c) If the corporation is holding assets for charitable purposes, a plan setting forth how the corporation will comply with section 3304 (1) through (3) of this act;

(d) Any desired changes to the articles or bylaws of the corporation following its conversion; and

(e) If the domestic nonprofit corporation is to be converted to a foreign for-profit corporation, a statement of the jurisdiction in which the corporation will be incorporated after the conversion.

(4) The plan of for-profit conversion may also include a provision that the plan may be amended before filing articles of for-profit conversion, except that after approval of the plan by the members the plan may not be amended without the approval of the members to change:

(a) The amount or kind of shares and other securities, obligations, rights to acquire shares or other securities, cash, or other property to be received by the members under the plan;

(b) The articles of incorporation as they will be in effect immediately following the conversion, except for changes permitted by section 3104 of this act; or

(c) Any of the other terms or conditions of the plan if the change would adversely affect any of the members in any material respect.

(5) Terms of a plan of for-profit conversion may be made dependent upon facts objectively ascertainable outside the plan in accordance with section 1202(3) of this act.

(6) If any debt security, note, or similar evidence of indebtedness for money borrowed, whether secured or unsecured, or a contract of any kind, issued, incurred, or executed by a domestic nonprofit corporation before January 1, 2022, contains a provision applying to a merger of the corporation and the document does not refer to a for-profit conversion of the corporation, then the provision is deemed to apply to a for-profit conversion of the corporation until the provision is later amended.

NEW SECTION. Sec. 3313. ACTION ON A PLAN OF FOR-PROFIT CONVERSION. In the case of a conversion of a domestic nonprofit corporation to a domestic or foreign for-profit corporation:

(1) The plan of for-profit conversion must be adopted by the board.

(2) If there are no members entitled to vote on the plan, then the plan must be adopted by a vote of the majority of directors then in office. If a membership corporation has no members entitled to vote on the plan, then the corporation shall deliver notice of the proposed for-profit conversion to all members of the corporation at least ten days before the meeting at which the board is to adopt the plan.

(3) After adopting the plan of for-profit conversion, the board shall submit the plan to the members for their approval if there are members entitled to vote on the plan. The board shall also deliver to the members a recommendation that the members approve the plan, unless the board determines that because of conflicts of interest or other special circumstances, it should not make such a recommendation, in which case the board shall deliver to the members the basis for that determination.

(4) The board may condition its submission of the plan of for-profit conversion to the members on any basis.

(5) If the approval of the members is to be given at a meeting, then the corporation shall notify each member of the meeting of members at which the plan of for-profit conversion is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the plan and must contain or be accompanied by a copy or summary of the plan. The notice shall include a copy of the articles as they will be in effect

immediately after the for-profit conversion. If a summary is provided in lieu of a copy of the plan, then a copy of the plan must be available to members upon request and this fact must be stated in the notice.

(6) Unless the articles or bylaws, or the board acting pursuant to subsection (4) of this section, require a greater vote or a greater number of votes to be present, the approval of the plan of for-profit conversion by the members entitled to vote thereon requires approval of a majority of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the plan of for-profit conversion, the approval of a majority of the members of each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present.

(7) If any provision of the articles, bylaws, or an agreement to which any of the directors or members are parties, adopted or entered into before January 1, 2022, applies to a merger of the corporation and the document does not refer to a for-profit conversion of the corporation, then the provision is deemed to apply to a for-profit conversion of the corporation until the provision is later amended.

NEW SECTION. Sec. 3314. ARTICLES OF FOR-PROFIT CONVERSION. (1) Articles of for-profit conversion must be executed on behalf of the converting corporation by an officer of the corporation. The articles shall set forth:

(c) If the corporation is holding assets for charitable purposes, that the attorney general has approved, or is deemed to have approved, the for-profit conversion pursuant to section 3304(4) of this act;

(d) If the surviving corporation is a foreign for-profit corporation, its name

after the conversion and its jurisdiction of incorporation;

(e) If the nonprofit corporation has members with voting rights with respect to the for-profit conversion, a statement that the plan of for-profit conversion was approved by the members in the manner required by this chapter and the articles or bylaws; and

(f) Where there are no members or no members having voting rights with respect to the for-profit conversion, a statement to that effect, the date of the meeting of the board at which the amendment was adopted, and a statement that the amendment received the vote of a majority of directors in office.

(2) If the surviving corporation is a domestic for-profit corporation, then the articles of for-profit conversion shall either contain all of the provisions that RCW 23B.02.020 requires to be set forth in articles of incorporation of a domestic for-profit corporation and any other desired provisions permitted under Title 23B RCW, or have attached articles of incorporation that satisfy the requirements of RCW 23B.02.020. In either case, provisions that would not be required to be included in restated articles of incorporation of a domestic for-profit corporation may be omitted, except that the name and address of the initial registered agent of the for-profit corporation must be included.

(3) The articles of for-profit conversion and articles of incorporation, if a separate document, must be delivered to the secretary of state for filing, and take effect at the effective time provided in RCW 23.95.210.

NEW SECTION. Sec. 3315. EFFECT OF FOR-PROFIT CONVERSION. (1) Except as provided in section 3304 of this act, when a conversion of a domestic nonprofit corporation to a domestic or foreign for-profit corporation becomes effective:

(a) The title to all real and personal property, both tangible and intangible, of the corporation remains in the corporation without reversion or impairment;

(b) The liabilities of the corporation remain the liabilities of the corporation;

(c) An action or proceeding pending against the corporation continues

against the corporation as if the conversion had not occurred;

(d) The articles of the domestic or foreign for-profit corporation become effective;

(e) The memberships of the corporation are reclassified into shares or other securities, obligations, rights to acquire shares or other securities, or into cash or other property in accordance with the plan of conversion, and the members are entitled only to the rights provided in the plan of for-profit conversion;

(f) A devise, bequest, gift, grant, or promise contained in a will or other instrument, in trust or otherwise, made to or for the corporation before or after the for-profit conversion, continues to inure to the corporation, subject to the express terms of the will or other instrument; and

(g) The corporation is deemed to:

(i) Be a domestic or foreign for-profit corporation for all purposes; and

(ii) Be the same corporation without interruption as the nonprofit corporation.

(2) The interest holder liability of a member in a domestic nonprofit corporation that converts to a domestic for-profit corporation is as follows:

(a) The conversion does not discharge any interest holder liability of the member as a member of the nonprofit corporation to the extent the interest holder liability arose before the effective time of the articles of for-profit conversion.

(b) The member does not have interest holder liability for any debt, obligation, or liability of the for-profit corporation that arises after the effective time of the articles of for-profit conversion.

(c) The laws of this state continue to apply to the collection or discharge of any interest holder liability preserved by (a) of this subsection, as if the conversion had not occurred.

(d) The member has whatever rights of contribution from other members are provided by the laws of this state with respect to any interest holder liability preserved by (a) of this subsection, as if the conversion had not occurred.

(3) A member who becomes subject to interest holder liability for some or all of the debts, obligations, or liabilities of the for-profit corporation has interest holder liability only for those debts, obligations, or liabilities of the for-profit corporation that arise after the effective time of the articles of for-profit conversion.

NEW SECTION. Sec. 3316. ABANDONMENT OF FOR-PROFIT CONVERSION. (1) Unless otherwise provided in a plan of for-profit conversion of a domestic nonprofit corporation, after the plan has been adopted and approved as required by sections 3301 through 3326 of this act, and at any time before the for-profit conversion has become effective, it may be abandoned by the members if there are members entitled to vote on the for-profit conversion, or by the board without action by members.

(2) If a for-profit conversion is abandoned under subsection (1) of this section after articles of for-profit conversion have been filed by the secretary of state but before the for-profit conversion has become effective, then a statement that the for-profit conversion has been abandoned in accordance with this section, executed by an officer of the corporation, must be delivered to the secretary of state for filing before the effective date of the for-profit conversion. The statement takes effect upon filing and the for-profit conversion is abandoned and does not become effective.

NEW SECTION. Sec. 3317. FOR-PROFIT DOMESTICATION AND CONVERSION. A foreign for-profit corporation may become a domestic nonprofit corporation if the domestication and conversion is permitted by the law of the foreign jurisdiction.

NEW SECTION. Sec. 3318. ARTICLES OF DOMESTICATION AND CONVERSION. (1) Articles of domestication and conversion must be executed on behalf of the domesticating and converting corporation by an officer or other authorized representative. The articles shall set forth:

(a) The name of the corporation immediately before the filing of the articles of domestication and conversion and, if that name is unavailable for use in Washington state or the corporation desires to change its name in connection with the domestication and conversion, a

name that satisfies the requirements of section 1302 of this act;

(b) The jurisdiction of incorporation of the corporation immediately before the filing of the articles of domestication and conversion and the date the corporation was incorporated in that jurisdiction; and

(c) A statement that the domestication and conversion of the corporation in this state was authorized as required by the laws of the jurisdiction in which the corporation was incorporated immediately before its domestication and conversion in Washington state.

(2) The articles of domestication and conversion shall either contain all of the provisions that section 1303(1) of this act requires to be set forth in articles of incorporation and any other desired provisions that section 1303 (2) and (3) of this act permit to be included in articles of incorporation, or have attached articles of incorporation that comply with this chapter. In either case, provisions that would not be required to be included in restated articles of incorporation may be omitted, except that the name and address of the initial registered agent of the domestic nonprofit corporation must be included.

(3) If the domesticating corporation is a foreign corporation, then the domesticating corporation must, simultaneously with the delivery of the articles of domestication and conversion, deliver articles of incorporation that comply with this chapter to the secretary of state for filing and the secretary of state shall file the articles. Provisions that would not be required to be included in restated articles of incorporation may be omitted, except that the name and address of the initial registered agent of the corporation must be included and the name of the corporation must satisfy the requirements of section 1302 of this act.

(4) If the foreign for-profit corporation is authorized to transact business in Washington state under chapter 23B.01 RCW, then its registration shall be terminated automatically on the effective date of its domestication and conversion and the secretary of state shall record the termination of registration.

NEW SECTION. Sec. 3319. EFFECT OF FOR-PROFIT DOMESTICATION AND CONVERSION. (1) When a domestication and conversion

of a foreign for-profit corporation to a domestic nonprofit corporation becomes effective:

(a) The title to all real and personal property, both tangible and intangible, of the corporation remains in the corporation without reversion or impairment;

(b) The liabilities of the corporation remain the liabilities of the corporation;

(c) An action or proceeding pending against the corporation continues against the corporation as if the domestication and conversion had not occurred;

(d) The articles of domestication and conversion, or the articles attached to the articles of domestication and conversion, constitute the articles of incorporation of the corporation;

(e) Memberships, securities, obligations, rights to acquire memberships or securities of the corporation, or cash or other property must be issued or paid as provided pursuant to the laws of the foreign jurisdiction;

(f) A devise, bequest, gift, grant, or promise contained in a will or other instrument, in trust or otherwise, made to or for the foreign for-profit corporation before or after the domestication and conversion, inures to the domestic nonprofit corporation, subject to the express terms of the will or other instrument and to applicable law of the foreign jurisdiction; and

(g) The corporation is deemed to be:

(i) A domestic corporation for all purposes; and

(ii) The same corporation without interruption as the foreign for-profit corporation.

(2) The interest holder liability of a shareholder of the foreign for-profit corporation who becomes a member of the domestic nonprofit corporation in the domestication and conversion is as follows:

(a) The domestication and conversion does not discharge any interest holder liability under the laws of the foreign jurisdiction to the extent the interest holder liability arose before the effective time of the articles of domestication and conversion.

(b) The member does not have interest holder liability under the laws of the foreign jurisdiction for any debt, obligation, or liability of the corporation that arises after the effective time of the articles of domestication and conversion.

(c) The provisions of the laws of the foreign jurisdiction continue to apply to the collection or discharge of any interest holder liability preserved by (a) of this subsection, as if the domestication and conversion had not occurred.

(d) The member has whatever rights of contribution from other members are provided by the laws of the foreign jurisdiction with respect to any interest holder liability preserved by (a) of this subsection, as if the domestication and conversion had not occurred.

(3) A shareholder of a foreign for-profit corporation who becomes subject to interest holder liability for some or all of the debts, obligations, or liabilities of the corporation as a result of its domestication and conversion in this state has interest holder liability only for those debts, obligations, or liabilities of the corporation that arise after the effective time of the articles of domestication and conversion.

NEW SECTION. Sec. 3320. ABANDONMENT OF FOR-PROFIT DOMESTICATION AND CONVERSION. If the domestication and conversion of a foreign for-profit corporation to a domestic nonprofit corporation is abandoned in accordance with the laws of the foreign jurisdiction after articles of domestication and conversion have been filed by the secretary of state, then a statement that the domestication and conversion has been abandoned, executed by an officer or other authorized representative, must be delivered to the secretary of state for filing. The statement takes effect upon filing and the domestication and conversion is abandoned and does not become effective.

NEW SECTION. Sec. 3321. ENTITY CONVERSION FOR NONCHARITABLE CORPORATIONS. (1) A domestic nonprofit corporation, other than a charitable corporation, may become a domestic unincorporated entity pursuant to a plan of entity conversion only if the entity conversion is permitted under the organic law governing the entity that would survive the entity conversion.

(2) A domestic nonprofit corporation, other than a charitable corporation, may become a foreign unincorporated entity if the entity conversion is permitted by the laws of the foreign jurisdiction.

(3) A domestic unincorporated entity may be converted into a domestic nonprofit corporation only if applicable Washington state law provides procedures for the approval of an entity conversion into a domestic nonprofit corporation.

(4) A foreign unincorporated entity may become a domestic nonprofit corporation if the law of the foreign jurisdiction authorizes it to become a nonprofit corporation in another jurisdiction.

(5) If any provision of a debt security, note, or similar evidence of indebtedness for money borrowed, whether secured or unsecured, or a contract of any kind, issued, incurred, or executed by a domestic nonprofit corporation before January 1, 2022, applies to a merger of the corporation and the document does not refer to an entity conversion of the corporation, then the provision is deemed to apply to an entity conversion of the corporation until the provision is later amended.

NEW SECTION. Sec. 3322. PLAN OF ENTITY CONVERSION. (1) A plan of entity conversion shall include:

(a) A statement of the type of unincorporated entity the surviving entity will be and, if it will be a foreign unincorporated entity, its jurisdiction of organization;

(b) The terms and conditions of the conversion;

(c) The manner and basis of converting the memberships in the domestic nonprofit corporation following its conversion into interests or other securities, obligations, rights to acquire interests or other securities, cash, other property, or any combination of the foregoing;

(d) If the corporation is holding assets for charitable purposes, a plan setting forth how the corporation will comply with section 3304 (1) through (3) of this act; and

(e) The full text, as they will be in effect immediately following the conversion, of the organic documents of the surviving entity.

(2) The plan of entity conversion may also include a provision that the plan may be amended before filing articles of entity conversion, except that after approval of the plan by the members the plan may not be amended to change:

(a) The amount or kind of memberships or other securities, interests, obligations, rights to acquire memberships, securities, or interests, cash, or other property to be received under the plan by the members;

(b) The organic documents that will be in effect immediately following the conversion, except for changes permitted by a provision of the organic law of the surviving entity comparable to section 3104(2) of this act; or

(c) Any of the other terms or conditions of the plan if the change would adversely affect any of the members in any material respect.

(3) Terms of a plan of entity conversion may be made dependent upon facts objectively ascertainable outside the plan in accordance with section 1202(3) of this act.

NEW SECTION. Sec. 3323. ACTION ON A PLAN OF ENTITY CONVERSION. In the case of an entity conversion of a domestic nonprofit corporation to a domestic or foreign unincorporated entity:

(1) The plan of entity conversion must be adopted by a vote of the majority of the directors in office.

(2) If there are no members entitled to vote on the plan, then the plan must be adopted by a vote of the majority of directors then in office. If a membership corporation has no members entitled to vote on the plan, then the corporation shall deliver notice of the proposed entity conversion to all members of the corporation at least ten days before the meeting at which the board is to adopt the plan.

(3) After adopting the plan of entity conversion, the board shall submit the plan to the members for their approval if there are members entitled to vote on the plan. The board shall also deliver to the members a recommendation that the members approve the plan, unless the board determines that because of conflicts of interest or other special circumstances it should not make such a recommendation, in which case the board shall deliver to

the members the basis for that determination.

(4) The board may condition its submission of the plan of entity conversion to the members on any basis.

(5) If the approval of the members is to be given at a meeting, then the corporation shall notify each member, whether or not entitled to vote, of the meeting of members at which the plan of entity conversion is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the plan and must contain or be accompanied by a copy or summary of the plan. The notice shall include a copy of the organic documents as they will be in effect immediately after the entity conversion. The notice may additionally be accompanied by a summary of the required materials. If a summary is provided in lieu of a copy of the plan, then a copy of the plan must be available to members upon request and this fact must be stated in the notice. Such copy of the plan may be made available to members electronically.

(6) Unless the articles, or the board acting pursuant to subsection (3) of this section, requires a greater vote or a greater number of votes to be present, the approval of the plan of entity conversion by the members entitled to vote thereon requires the approval of a majority of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the plan of entity conversion, the approval of a majority of the members of each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present.

(7) If any provision of the articles, bylaws, or an agreement to which any of the directors or members are parties, adopted or entered into before January 1, 2022, applies to a merger of the corporation and the document does not refer to an entity conversion of the corporation, then the provision is deemed to apply to an entity conversion of the corporation until the provision is later amended.

(8) If, as a result of the conversion, one or more members of the corporation would become subject to interest holder liability for the debts, obligations, or liabilities of any other person or entity, then approval of the plan of conversion requires the execution, by

each affected member, of a separate written consent to become subject to interest holder liability.

NEW SECTION. **Sec. 3324.** ARTICLES OF ENTITY CONVERSION. (1) After the conversion of a domestic nonprofit corporation to a domestic or foreign unincorporated entity has been adopted and approved as required under sections 3301 through 3326 of this act, articles of entity conversion must be executed on behalf of the converting corporation by an officer of the corporation. The articles must:

(a) Set forth the name of the corporation immediately before the filing of the articles of entity conversion and the name to which the name of the corporation is to be changed, which must be a name that satisfies the organic law of the surviving entity if the surviving entity is a domestic entity;

(b) State whether the corporation is holding assets for charitable purposes;

(c) If the corporation is holding assets for charitable purposes, state that the attorney general has approved, or is deemed to have approved, the entity conversion pursuant to section 3304(4) of this act;

(d) State the type of unincorporated entity that the surviving entity will be and its jurisdiction of organization;

(e) State that the plan of entity conversion was approved in the manner required by this chapter; and

(f) If the surviving entity is a domestic filing entity, either contain all of the provisions required to be set forth in its public organic record and any other desired provisions that are permitted, or have attached a public organic record.

(2) After the conversion of a domestic unincorporated entity to a domestic nonprofit corporation has been adopted and approved as required by the organic law of the unincorporated entity, articles of entity conversion must be executed on behalf of the unincorporated entity by an officer or other authorized representative. The articles must:

(a) Set forth the name of the unincorporated entity immediately before the filing of the articles of entity conversion and the name to which the name of the unincorporated entity is to be

changed, which must be a name that satisfies the requirements of section 1302 of this act;

(b) Set forth a statement that the plan of entity conversion was approved in accordance with the organic law of the unincorporated entity; and

(c) Either contain all of the provisions that section 1303(1) of this act requires to be set forth in articles of incorporation and any other desired provisions that section 1303 (2) and (3) of this act permit to be included in articles of incorporation, or have attached articles of incorporation that comply with this act.

(3) After the conversion of a foreign unincorporated entity to a domestic nonprofit corporation has been authorized as required by the laws of the foreign jurisdiction, articles of entity conversion must be executed on behalf of the foreign unincorporated entity by an officer or other authorized representative. The articles must:

(a) Set forth the name of the unincorporated entity immediately before the filing of the articles of entity conversion and the name to which the name of the unincorporated entity is to be changed, which must be a name that satisfies the requirements of section 1302 of this act;

(b) Set forth the jurisdiction under the laws of which the unincorporated entity was organized immediately before the filing of the articles of entity conversion and the date on which the unincorporated entity was organized in that jurisdiction;

(c) Set forth a statement that the conversion of the unincorporated entity was approved in the manner required by the law of the foreign jurisdiction; and

(d) Either contain all of the provisions that section 1303(1) of this act requires to be set forth in articles of incorporation and any other desired provisions that section 1303 (2) and (3) of this act permit to be included in articles of incorporation, or have attached articles of incorporation that comply with this act; except that, in either case, provisions that would not be required to be included in restated articles of incorporation of a domestic nonprofit corporation may be omitted.

(4) The articles of entity conversion and articles of incorporation must be simultaneously delivered to the secretary of state for filing. The articles of entity conversion and articles of incorporation take effect at the effective time provided in RCW 23.95.210. Articles of entity conversion filed under subsection (1) or (2) of this section may be combined with any required conversion filing under the organic law of the domestic unincorporated entity if the combined filing satisfies the requirements of both this section and the other organic law.

(5) If the converting entity is a foreign unincorporated entity that is registered to do business in this state under chapter 23.95 RCW, then its registration statement is canceled automatically on the effective date of its conversion.

NEW SECTION. Sec. 3325. EFFECT OF ENTITY CONVERSION. (1) Except as provided in section 3304 of this act, when a conversion under sections 3301 through 3326 of this act becomes effective:

(a) The title to all real and personal property, both tangible and intangible, of the converting entity remains in the surviving entity without reversion or impairment;

(b) The liabilities of the converting entity remain the liabilities of the surviving entity;

(c) An action or proceeding pending against the converting entity continues against the surviving entity as if the conversion had not occurred;

(d) In the case of a surviving entity that is a filing entity, its articles or public organic record and its private organic rules become effective;

(e) In the case of a surviving entity that is a nonfiling entity, its private organic rules become effective;

(f) The memberships or interests of the converting entity are reclassified into memberships, interests, other securities, obligations, rights to acquire memberships, interests, or securities, or into cash or other property in accordance with the plan of conversion; and the members or interest holders of the converting entity are entitled only to the rights provided to them under the terms of the conversion

and to any appraisal rights they may have under the organic law of the converting entity;

(g) A devise, bequest, gift, grant, or promise contained in a will or other instrument, in trust or otherwise, made to or for the converting entity before or after the conversion, inures to the surviving entity, subject to the express terms of the will or other instrument; and

(h) The surviving entity is deemed to be:

(i) Incorporated or organized under and subject to the organic law of the converting entity for all purposes; and

(ii) The same nonprofit corporation or unincorporated entity without interruption as the converting entity.

(2) A member who becomes subject to interest holder liability for some or all of the debts, obligations, or liabilities of the surviving entity has interest holder liability only for those debts, obligations, or liabilities of the surviving entity that arise after the effective time of the articles of entity conversion.

(3) The interest holder liability of an interest holder in an unincorporated entity that converts to a domestic nonprofit corporation is as follows:

(a) The conversion does not discharge any interest holder liability under the organic law of the unincorporated entity to the extent the interest holder liability arose before the effective time of the articles of entity conversion.

(b) The interest holder does not have interest holder liability under the organic law of the unincorporated entity for any debt, obligation, or liability of the corporation that arises after the effective time of the articles of entity conversion.

(c) The provisions of the organic law of the unincorporated entity continue to apply to the collection or discharge of any interest holder liability preserved by (a) of this subsection, as if the conversion had not occurred.

(d) The interest holder has whatever rights of contribution from other interest holders are provided by the organic law of the unincorporated entity with respect to any interest holder liability preserved by (a) of this

subsection, as if the conversion had not occurred.

NEW SECTION. Sec. 3326. ABANDONMENT OF ENTITY CONVERSION. (1) Unless otherwise provided in a plan of entity conversion of a domestic nonprofit corporation, after the plan has been adopted and approved as required by sections 3301 through 3326 of this act, and at any time before the entity conversion has become effective, it may be abandoned by the members if there are members entitled to vote, or by the board without action by the members.

(2) If an entity conversion is abandoned after articles of entity conversion have been filed by the secretary of state but before the entity conversion has become effective, then a statement that the entity conversion has been abandoned in accordance with this section, executed by an officer of the corporation, must be delivered to the secretary of state for filing before the effective date of the entity conversion. Upon filing, the statement takes effect and the entity conversion is abandoned and does not become effective.

ARTICLE 4

DISPOSITION OF ASSETS

NEW SECTION. Sec. 3401. DISPOSITIONS NOT REQUIRING MEMBER APPROVAL. Unless the articles or bylaws otherwise provide, approval of the members of a nonprofit corporation is not required:

(1) To sell, lease, exchange, or otherwise dispose of any or all of the corporation's assets:

(a) In the usual and regular course of its activities; or

(b) If the assets disposed of represent less than fifty percent of the total assets of the corporation and its consolidated subsidiaries, determined as of the end of the most recently completed fiscal year;

(2) To mortgage, pledge, dedicate to the repayment of indebtedness whether with or without recourse, or otherwise encumber any or all of the corporation's assets, whether or not in the usual and regular course of business its activities; or

(3) To transfer any or all of the corporation's assets to one or more corporations or other entities all of the

memberships or interests of which are owned by the corporation.

NEW SECTION. Sec. 3402. DISPOSITIONS REQUIRING MEMBER APPROVAL. (1) A sale, lease, exchange, or other disposition of assets, other than a disposition described in section 3401 of this act, requires approval of the corporation's members that are entitled to vote on the disposition, unless the articles or bylaws otherwise provide.

(2) A disposition that requires approval of the members must be initiated by a resolution by the board authorizing the disposition. After adoption of the resolution, the board shall submit the proposed disposition to the members for their approval. The board shall also deliver to the members a recommendation that the members approve the proposed disposition, unless the board makes a determination that because of conflicts of interest or other special circumstances it should not make a recommendation, in which case the board shall deliver to the members the basis for that determination.

(3) The board may condition its submission of a disposition to the members under subsection (2) of this section on any basis.

(4) If a disposition is required to be approved by the members, and if the approval is to be given at a meeting, then the nonprofit corporation shall give notice to each member, whether or not entitled to vote, of the meeting of members at which the disposition is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the disposition and must contain a description of the disposition, including the terms and conditions thereof and the consideration to be received by the corporation.

(5) Unless the articles, bylaws, or the board acting pursuant to subsection (3) of this section requires a greater vote, or a greater number of votes to be present, the approval of a disposition by the members entitled to vote thereon requires the approval of a majority of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the disposition, the approval of a majority of the members of each separate voting group entitled to vote at

a meeting at which a quorum of the voting group is present.

(6) If a membership corporation has no members entitled to vote on a disposition, then the corporation shall deliver notice of a proposed disposition to all members of the corporation at least ten days before the meeting at which the board is to act upon the disposition.

(7) After a disposition has been approved by the members under subsection (5) of this section, and at any time before the disposition has been consummated, it may be abandoned by the nonprofit corporation without action by the members, subject to any contractual rights of other parties to the disposition.

(8) In addition to the approval of a disposition of assets by the board and members as required by this section, the disposition must also be approved in the form of a record by any person or group of persons whose approval is required under section 3114 of this act to amend the articles or bylaws.

(9) The assets of a direct or indirect consolidated subsidiary are deemed the assets of the parent nonprofit corporation for the purposes of this section.

(10) A disposition of assets in the course of a dissolution governed by sections 3501 through 3512 of this act is not governed by sections 3401 through 3405 of this act.

NEW SECTION. Sec. 3403. EFFECT OF DISPOSITIONS. Unless a domestic entity that is a party to a disposition of assets obtains an appropriate order of the court or approval from the attorney general under the law of this state, a disposition of assets under sections 3401 through 3405 of this act may not affect:

(1) Any restriction imposed upon the entity by its organic documents or other governing authority that may not be amended by its directors, members, or interest holders; or

(2) The existing rights of persons other than members, shareholders, or interest holders of the entity.

NEW SECTION. Sec. 3404. PROPERTY HELD FOR CHARITABLE PURPOSES. (1) In a disposition of assets under sections 3401 through 3405 of this act, property held for charitable purposes by a nonprofit

corporation may not be diverted from charitable purposes.

(2) Property held by a nonprofit corporation and restricted to charitable purposes by a gift instrument may not be diverted from the restricted charitable purpose by a disposition of assets under sections 3401 through 3405 of this act unless modified in accordance with section 1503 of this act.

(3) Property held for charitable purposes pursuant to a trust instrument governed by chapter 11.110 RCW in which the nonprofit corporation is a trustee or a beneficiary may not be diverted from the charitable purposes specified in the trust instrument unless those purposes are modified by the court or pursuant to an agreement between all interested parties, including the attorney general, under chapter 11.96A RCW.

(4) Property held by a nonprofit corporation for charitable purposes upon condition requiring return, transfer, or conveyance, which condition occurs by reason of a disposition of assets under sections 3401 through 3405 of this act, must be returned, transferred, or conveyed in accordance with that condition.

(5) A charitable corporation or a corporation holding property for charitable purposes shall deliver to the attorney general of its intent to consummate a disposition, other than a disposition described in section 3401 of this act. The notice must be delivered to the attorney general in the form of a record at least twenty days before the meeting at which the proposed disposition is to be approved. Such a disposition may not be implemented without the approval of the attorney general, or the approval of the court in a proceeding to which the attorney general is made a party. In the event that the attorney general does not deliver a notice of objection in the form of a record to the corporation within twenty days after the delivery to the attorney general of notice of the disposition, approval of the disposition is deemed to have been given.

(6) The notice described in subsection (5) of this section shall include:

(a) A statement specifying how the disposition will comply with subsections (1) through (4) of this section; and

(b) A brief description of:

(i) Real property held for charitable purposes that will be included in the disposition, and its nature and location;

(ii) Cash, bank deposits, brokerage accounts, or other financial assets held for charitable purposes that will be included in the disposition in full or in part, and their approximate total fair market value;

(iii) Other personal property held for charitable purposes that will be included in the disposition, and its nature and approximate total fair market value; and

(iv) Any gift restrictions applicable to any property described in (b)(i) through (iii) of this subsection, and the nature of those restrictions.

NEW SECTION. Sec. 3405. PROHIBITION OF FINANCIAL BENEFIT. A person who is a member or otherwise affiliated with a charitable corporation may not receive a direct or indirect financial benefit in connection with a disposition of assets governed by sections 3401 through 3405 of this act unless the person is a charitable corporation, the federal government, a tribal government, a state or local government, a governmental subdivision, or an unincorporated entity that has charitable purposes. This section does not apply to the receipt of reasonable compensation for services rendered.

ARTICLE 5

VOLUNTARY DISSOLUTION

NEW SECTION. Sec. 3501. AUTHORIZATION OF VOLUNTARY DISSOLUTION.

(1) Unless the articles or bylaws require a greater vote, a majority of the directors in office of a nonprofit corporation may authorize the dissolution of any nonprofit corporation that is not a membership corporation or is a membership corporation but has no members entitled to vote on its dissolution.

(2) If a membership corporation has no members entitled to vote on dissolution, then the corporation shall deliver notice of the proposed dissolution to all members of the corporation at least ten days before the meeting at which the board is to authorize the dissolution.

(3) For a membership corporation that has members that are entitled to vote on its dissolution:

(a) The board may propose dissolution for submission to the members entitled to vote, and for such a proposal to dissolve to be authorized:

(i) The board shall recommend dissolution to the members entitled to vote on the dissolution, unless the board determines that because of conflict of interest or other special circumstances it should make no recommendation and communicates the basis for its determination to the members entitled to vote on the dissolution;

(ii) The board may condition its submission of the proposal for dissolution on any basis, including approval of the proposed plan of distribution if required under section 3502 of this act;

(iii) The nonprofit corporation shall give notice to each member, whether or not entitled to vote, of the proposed meeting of members that includes the following statements:

(A) That the purpose, or one of the purposes, of the meeting is to consider dissolving the corporation; and

(B) How the assets of the corporation will be distributed after all creditors have been paid or how the distribution of assets will be determined; and

(iv) The members entitled to vote on the dissolution shall approve the proposal to dissolve as provided in (b) of this subsection.

(b) Unless the articles, the bylaws, or the board acting pursuant to (a) (ii) of this subsection requires a greater vote or a greater number of members to be present, the adoption of the proposal to dissolve by the members entitled to vote thereon requires the approval of at least a majority of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the proposal, the approval by a majority of the members in each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present.

NEW SECTION. Sec. 3502. DISTRIBUTION OF ASSETS ON DISSOLUTION. The assets of a corporation in the process of dissolution shall be applied and distributed in the following order:

(1) All known liabilities and obligations of the corporation must be paid, satisfied, and discharged, or

adequate provision must be made to pay, satisfy, and discharge those liabilities.

(2) All property held for charitable purposes by the corporation, including all assets of a charitable corporation remaining after satisfaction of subsection (1) of this section, must be applied and distributed consistently with the corporation's articles, such that property is not diverted from charitable purposes, and as follows:

(a) Property held for charitable purposes pursuant to a trust instrument in which the nonprofit corporation is a trustee or a beneficiary must be governed by and distributed in accordance with the trust instrument and chapter 11.110 RCW, and any modification of restrictions imposed through the trust instrument accomplished through an appropriate order of the court or the agreement of all interested parties, including the attorney general, pursuant to chapter 11.96A RCW.

(b) Property owned outright and held for charitable purposes, but not held upon a condition requiring return, transfer, or conveyance by reason of the dissolution and not subject to any gift restriction, must be transferred or conveyed:

(i) To one or more entities operated exclusively for one or more charitable purposes;

(ii) To the federal government, a tribal government, or a state or local government for a public purpose; or

(iii) Subject to one or more gift restrictions requiring the property to be used exclusively for the same charitable purposes for which the dissolving corporation holds the property.

(c) Property that is subject to charitable purpose or management or investment restrictions that do not require modification at the time of dissolution and is not held upon a condition requiring return, transfer, or conveyance by reason of the dissolution must be transferred or conveyed subject to all restrictions applicable to the property, except to the extent restrictions are modified pursuant to section 1503 of this act before distribution, pursuant to a plan of distribution adopted by the board and as provided by sections 3501 through 3512 of this act.

(d) Property subject to charitable purpose or management or investment restrictions that require modification at the time of dissolution and are not held upon a condition requiring return, transfer, or conveyance by reason of dissolution, must be modified pursuant to section 1503 of this act before the gifts can be distributed, pursuant to a plan of distribution adopted by the board and as provided by sections 3501 through 3512 of this act.

(e) Property held for charitable purposes by the nonprofit corporation upon condition requiring return, transfer, or conveyance, which condition occurs by reason of the dissolution, must be returned, transferred, or conveyed in accordance with those requirements.

(3) Property held by a corporation upon condition requiring return, transfer, or conveyance, which condition occurs by reason of the dissolution, must be returned, transferred, or conveyed in accordance with the requirements of the condition.

(4) Other assets of a corporation other than a charitable corporation, if any, must be distributed:

(a) To members or other persons in accordance with the articles or bylaws, to the extent that the articles or bylaws determine the rights of members to distributions upon dissolution, or provide for distribution to other persons or classes of persons; and

(b) To the extent that the articles or bylaws do not govern distribution of assets on dissolution, to any persons the board may select.

NEW SECTION. Sec. 3503. CORPORATIONS HOLDING PROPERTY FOR CHARITABLE PURPOSES. (1) A nonprofit corporation holding property for charitable purposes, including any charitable corporation, may not deliver articles of dissolution to the secretary of state for filing pursuant to section 3504 of this act until it has complied with all of the requirements of this section.

(2) A nonprofit corporation described in subsection (1) of this section shall adopt a plan for the distribution of assets for the purpose of authorizing any transfer or conveyance of property held for charitable purposes, which shall:

(a) Be consistent with sections 3502 and 3506 of this act; and

(b) Include a brief description of the following:

(i) Real property held for charitable purposes, and its nature and location;

(ii) Cash, bank deposits, brokerage accounts, or other financial assets held for charitable purposes, and their approximate total fair market value;

(iii) Other personal property held for charitable purposes, and its nature and approximate total fair market value; and

(iv) Any gift restrictions applicable to any property described in (b)(i) through (iii) of this subsection, and the nature of those restrictions.

(3) A plan of distribution shall be adopted in the following manner:

(a) Where there are no members, or no members having voting rights, a plan of distribution is adopted at a meeting of the board upon receiving a vote of a majority of the directors in office.

(b) Where there are members having voting rights, the board shall adopt a resolution recommending a plan of distribution and directing the submission thereof to a vote at a meeting of members having voting rights. Such vote may take place at the same meeting during which members having voting rights vote upon dissolution of the nonprofit corporation. Notice in the form of a record setting forth the proposed plan of distribution or a summary thereof must be given to each member, whether or not entitled to vote at the meeting, within the time and in the manner provided in this chapter for the giving of notice of meetings of members. Such plan of distribution is adopted upon receiving votes from a majority of the members entitled to vote at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the plan, the approval by a majority of the members in each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present. If the members entitled to vote on the dissolution approve the proposal to dissolve but do not approve the proposed plan of distribution in all material respects, then the board may either accept the plan of distribution, as approved by the members, or propose a new plan of distribution to the members for approval. This process shall continue until a plan of distribution acceptable to the board has been approved by the

members. If successive votes take place at the same meeting of members, then no further notices or meetings are required.

(4) A nonprofit corporation described in subsection (1) of this section shall give the attorney general notice that it intends to dissolve. The notice shall include:

(a) A copy of the plan of distribution proposed to be adopted in accordance with subsection (3) of this section; and

(b) The names and phone numbers of individuals available to answer questions regarding the dissolution and proposed plan of distribution.

(5) Notice required under subsection (4) of this section must be delivered to the attorney general in the form of a record at least twenty days before the meeting at which the proposed plan is to be adopted. No plan of distribution for a corporation described in subsection (1) of this section may be implemented without the approval of the attorney general, or the approval of the court in a proceeding to which the attorney general is made a party. In the event that the attorney general does not deliver a notice of objection in the form of a record to the corporation within twenty days after the delivery to the attorney general of notice of the plan, approval of the plan is deemed to have been given.

NEW SECTION. Sec. 3504. ARTICLES OF DISSOLUTION. (1) At any time after dissolution is authorized, the nonprofit corporation may dissolve by filing with the secretary of state articles of dissolution, accompanied by a revenue clearance certificate issued pursuant to RCW 82.32.260. The articles of dissolution shall set forth:

(a) The name of the corporation;

(b) The date of its incorporation;

(c) The effective date of the dissolution, which may be the date on which the articles of dissolution are filed or any date and time up to thirty days thereafter;

(d) Whether it is a membership corporation and, if it is a membership corporation, whether it has members that have a right to vote on its dissolution;

(e) If the corporation is not a membership corporation or has no members that have a right to vote on its

dissolution, that the dissolution was authorized by the requisite number of directors;

(f) If the corporation is a membership corporation that has members that have a right to vote on its dissolution, that the requisite number of members has approved the proposal to dissolve;

(g) Whether the corporation is a charitable corporation or is holding property for charitable purposes;

(h) If the corporation is a charitable corporation or is holding property for charitable purposes, that the attorney general has approved, or is deemed to have approved, the corporation's plan of distribution pursuant to section 3503 of this act; and

(i) That the net assets of the corporation remaining after winding up have been, or will be, distributed in accordance with the corporation's articles and bylaws and the corporation's adopted plan of distribution.

(2) A nonprofit corporation is dissolved upon the effective date of its articles of dissolution.

(3) For purposes of sections 3501 through 3512 of this act, "dissolved corporation" means a nonprofit corporation whose articles of dissolution have become effective and includes a liquidating trust, if any, or other acquirer entity to which the remaining assets of the corporation are transferred subject to its liabilities for purposes of liquidation.

NEW SECTION. Sec. 3505. REVOCATION OF DISSOLUTION. (1) A nonprofit corporation may revoke its dissolution within one hundred twenty days of the effective date of the dissolution.

(2) Revocation of dissolution must be authorized in the same manner as the dissolution was authorized unless that authorization permitted revocation by action of the board alone, in which event the board may revoke the dissolution without action by the members.

(3) Except as provided in subsection (4) of this section, after the revocation of dissolution is authorized, the nonprofit corporation may revoke the dissolution by delivering to the secretary of state for filing articles of revocation of dissolution, together with a copy of its articles of dissolution, that set forth:

- (a) The name of the corporation;
- (b) The effective date of the dissolution that was revoked;
- (c) The date that the revocation of dissolution was authorized; and
- (d) That the revocation of dissolution was approved in the manner required by this chapter and by the articles and bylaws.
- (4) A charitable corporation or a nonprofit corporation holding property restricted to charitable purposes shall not deliver articles of revocation of dissolution to the secretary of state for filing without the approval of the attorney general. Such a corporation shall give the attorney general notice in the form of a record that it intends to revoke its dissolution, to which notice a copy of the articles of revocation of dissolution adopted in accordance with subsection (2) of this section must be attached. In the event that the attorney general does not deliver a notice of objection in the form of a record to the corporation within twenty days after the delivery to the attorney general of notice of the revocation of dissolution, approval of the revocation of dissolution is deemed to have been given.
- (5) Revocation of dissolution is effective upon the effective date of the articles of revocation of dissolution.
- (6) When the revocation of dissolution is effective, it relates back to and takes effect as of the effective date of the dissolution and the nonprofit corporation resumes carrying on its activities as if dissolution had never occurred.

NEW SECTION. Sec. 3506. EFFECT OF DISSOLUTION. (1) A nonprofit corporation, the dissolution of which has been authorized, continues its corporate existence but may not carry on any activities except those appropriate to wind up and liquidate its affairs, including:

- (a) Collecting its assets;
- (b) Disposing of its properties that will not be distributed in kind;
- (c) Discharging or making provision for discharging its liabilities;
- (d) Distributing its remaining property as required by the plan of distribution; and

(e) Doing every other act necessary to wind up and liquidate its activities and affairs.

(2) Dissolution of or authorization to dissolve a nonprofit corporation does not:

- (a) Transfer title to the corporation's property;
- (b) Subject its directors or officers to standards of conduct different from those prescribed in sections 2402 and 2602 of this act;
- (c) Change quorum or voting requirements for its board or members; change provisions for selection, resignation, or removal of its directors or officers or both; or change provisions for amending its bylaws;
- (d) Prevent commencement of a proceeding by or against the corporation in its corporate name;
- (e) Abate or suspend a proceeding pending by or against the corporation on the effective date of dissolution;
- (f) Terminate the authority of the registered agent of the corporation; or
- (g) Modify any gift restriction, unless the restriction is modified in accordance with section 1503 of this act.

NEW SECTION. Sec. 3507. PROHIBITION OF FINANCIAL BENEFIT. No person may receive a direct or indirect financial benefit in connection with the dissolution of a charitable corporation unless the person is an entity operated exclusively for one or more charitable purposes, the federal government, a tribal government, a state or local government, or an unincorporated entity that has charitable purposes. This section does not apply to the receipt of reasonable compensation for services rendered.

NEW SECTION. Sec. 3508. KNOWN CLAIMS AGAINST DISSOLVED CORPORATION. (1) A dissolved nonprofit corporation shall deliver notice of the dissolution in the form of a record to all of the corporation's known claimants within thirty days of the date when the corporation delivered articles of dissolution to the secretary of state for filing.

(2) A dissolved nonprofit corporation may dispose of the known claims against it by delivering a notice in the form of a record that meets the requirements

listed in subsection (3) of this section to its known claimants at any time after the date when the corporation delivered articles of dissolution to the secretary of state for filing. Delivery of a notice under this subsection shall satisfy the requirement of subsection (1) of this section if the notice is delivered to all known claimants within thirty days of the date when the corporation delivered articles of dissolution to the secretary of state for filing.

(3) A notice to claimants under subsection (2) of this section must:

(a) Describe information that must be included in a claim;

(b) Provide a mailing address where a claim may be sent;

(c) State the deadline, which may not be fewer than one hundred twenty days from the effective date of the notice, by which the dissolved nonprofit corporation must receive the claim; and

(d) State that the claim will be barred if not received by the deadline.

(4) A claim against the dissolved nonprofit corporation is barred:

(a) If a claimant who was given notice under subsection (2) of this section does not deliver the claim to the dissolved corporation by the deadline; or

(b) If a claimant whose claim was rejected by the dissolved corporation does not commence a proceeding to enforce the claim within ninety days from the effective date of the rejection notice.

(5) For purposes of this section, "claim" does not include a contingent liability or a claim based on an event occurring after the effective date of dissolution.

NEW SECTION. Sec. 3509. OTHER CLAIMS AGAINST DISSOLVED CORPORATION. (1) A dissolved nonprofit corporation may publish notice of its dissolution and request that persons with claims against the dissolved corporation present them in accordance with the notice.

(2) The notice must:

(a) Be published three times during three successive weeks in a newspaper of general circulation in the county where the principal office of the dissolved nonprofit corporation or, if none in this state, its registered office is or was last located;

(b) Describe the information that must be included in a claim and provide a mailing address where the claim shall be sent; and

(c) State that a claim against the dissolved corporation will be barred unless a proceeding to enforce the claim is commenced within three years after the last publication of the notice.

(3) If the dissolved nonprofit corporation publishes a newspaper notice in accordance with subsection (2) of this section, then the claim of each of the following claimants is barred unless the claimant commences a proceeding to enforce the claim against the dissolved corporation within three years after the last publication date of the newspaper notice:

(a) A claimant who was not given notice under section 3508 of this act;

(b) A claimant whose claim was timely sent to the dissolved corporation but not acted on; or

(c) A claimant whose claim is contingent or based on an event occurring after the effective date of dissolution.

NEW SECTION. Sec. 3510. ENFORCEMENT OF CLAIMS. A claim that is not barred by section 3508(4) or 3509(3) of this act may be enforced:

(1) Against the dissolved nonprofit corporation, to the extent of its undistributed assets; or

(2) Except as provided in section 3511(4) of this act, if the assets have been distributed in liquidation, against any person, other than a creditor of the dissolved corporation, to whom the corporation distributed its property, subject to the following restrictions:

(a) Recovery is limited to the amount of the distributee's pro rata share of the claim or the corporate assets distributed to the distributee in liquidation, whichever is less;

(b) A distributee's total liability for all claims under this section may not exceed the total amount of assets distributed to the distributee; and

(c) A distributee is only liable to the extent permitted by existing common law or statutory remedies, and nothing in this section creates a separate cause of action against a distributee.

NEW SECTION. **Sec. 3511.** COURT PROCEEDINGS. (1) A dissolved nonprofit corporation that has published a notice under section 3508 of this act may file an application with the court for a determination of the amount and form of security to be provided for payment of claims that are contingent or have not been made known to the dissolved corporation or that are based on an event occurring after the effective date of dissolution but that, based on the facts known to the dissolved corporation, are reasonably estimated to be presented after the effective date of dissolution. Provision need not be made for any claim that is or is reasonably anticipated to be barred under section 3508(3) of this act.

(2) Within ten days after the filing of the application, the dissolved corporation shall give notice of the proceeding to each claimant holding a contingent claim whose contingent claim is shown on the records of the dissolved corporation.

(3) The court may appoint a special representative to represent the interests of all claimants whose identities are unknown in any proceeding brought under this section. The dissolved corporation shall pay reasonable fees and expenses of the special representative, including all reasonable expert witness fees.

(4) Provision by the dissolved nonprofit corporation for security in the amount and the form ordered by the court under this section satisfies the dissolved corporation's obligations with respect to claims that are contingent, have not been made known to the dissolved corporation, or are based on an event occurring after the effective date of dissolution. Such claims may not be enforced against a person who received assets in liquidation.

NEW SECTION. **Sec. 3512.** DIRECTORS' DUTIES. (1) Directors shall cause the dissolved corporation to discharge or make reasonable provision for the payment of claims and make distributions of assets in accordance with the plan of distribution after payment or provision for claims.

(2) Directors of a dissolved corporation that has disposed of claims under section 3508, 3509, or 3511 of this act are not liable for breach of subsection (1) of this section with

respect to claims against the dissolved corporation that are barred or satisfied under section 3508, 3509, or 3511 of this act.

(3) Failure to dispose of claims under section 3508, 3509, or 3511 of this act is not, in and of itself, a violation of this section.

ARTICLE 6

NEW SECTION. **Sec. 3602.** PROCEDURE AND EFFECT OF ADMINISTRATIVE DISSOLUTION. (1) Administrative dissolution does not terminate, bar, or otherwise modify any claim against the administratively dissolved corporation.

(2) A person is not liable in contract, tort, or otherwise solely by reason of being a director, officer, or member of a nonprofit corporation that was dissolved under sections 3601 through 3608 of this act, with respect to the activities or affairs of the corporation that have been continued, without knowledge of the dissolution.

NEW SECTION. Sec. 3604.
REINSTATEMENT OF ADMINISTRATIVELY DISSOLVED CORPORATION. A nonprofit corporation administratively dissolved under RCW 23.95.610 may apply to the secretary of state for reinstatement by following the procedure and meeting the requirements set forth in RCW 23.95.615. A nonprofit corporation denied reinstatement may obtain judicial review of the denial within the time specified in RCW 23.95.620.

NEW SECTION. Sec. 3605. **JUDICIAL DISSOLUTION.** The court may dissolve a nonprofit corporation:

(1) In a proceeding by the attorney general, if it is established that:

(a) The corporation obtained its articles through fraud; or

(b) The corporation has exceeded or abused, and is continuing to exceed or abuse, the authority conferred upon it by law; or

(c) The directors are deadlocked in the management of the corporate affairs; the members, if any, are unable to break the deadlock; and irreparable injury to the corporation or its purposes is threatened or being suffered because of the deadlock; or

(d) The corporation is misapplying or wasting property held for charitable purposes;

(2) Except as provided in the articles or bylaws, in a proceeding by fifty members or members holding at least five percent of the voting power, whichever is less, or by a director, if it is established that:

(b) The directors or those in control of the corporation have acted, are acting, or have expressed intent to act in a manner that is illegal, oppressive, or fraudulent;

(4) In a proceeding by the corporation to have its voluntary dissolution continued under court supervision.

NEW SECTION. Sec. 3606. **PROCEDURE FOR JUDICIAL DISSOLUTION.** (1) It is not necessary to make directors or members parties to a proceeding to dissolve a nonprofit corporation unless relief is sought against them individually.

(2) A person commencing a proceeding to dissolve a nonprofit corporation shall notify the attorney general of the proceeding in the form of a record if:

(a) The corporation is recognized by the internal revenue service as an organization described in section 501(c)(3) of the Internal Revenue Code; or

(b) The person bringing the proceeding knows that the nonprofit corporation is a charitable corporation or has property held for charitable purposes.

(3) The court in a proceeding brought to dissolve a nonprofit corporation may issue injunctions, take other action required to preserve the corporate assets wherever located, and carry on the activities of the corporation until a full hearing can be held.

NEW SECTION. Sec. 3607.

ARTICLE 1

SUPERVISION OF PROPERTY HELD FOR CHARITABLE PURPOSES

NEW SECTION. **Sec. 4101.** NOTICE TO ATTORNEY GENERAL. (1) Every notice to the attorney general required under this chapter must be served upon the attorney general. Service upon the attorney general must be via United States mail, postage prepaid, or by other means as authorized by the attorney general.

(2) Every notice to the attorney general under this chapter shall identify the provisions of this chapter relevant to the subject matter of the notice.

(3) Any person that has commenced any proceeding which this chapter authorizes the attorney general to bring, including but not limited to any proceeding involving a charitable corporation or property held for charitable purposes brought under section 1502, 1505, 2702, 3510, 3605, or 4203 of this act, shall serve notice of the commencement of the proceeding upon the attorney general. Any other party to such a proceeding may serve notice of the commencement of the proceeding upon the attorney general. To be valid, the notice must identify that it is being given pursuant to this subsection. The attorney general may waive this notice at any time.

(4) Notice to the attorney general is effective:

(a) Five days after its deposit in the United States mail, only if the postage is paid and the notice is correctly addressed; or

(b) When given, if the notice is delivered in any other manner that the attorney general has authorized.

NEW SECTION. **Sec. 4102.** ACTIONS TO SECURE PROPERTY HELD FOR CHARITABLE PURPOSES. The attorney general may commence in the court described in section 1105 of this act any action or proceeding to:

(1) Ensure compliance by a nonprofit corporation, or its members, directors, officers, employees, or agents, with any provision of this chapter that governs the distribution, disposition, management, or expenditure of, or reporting obligations relating to, any property held for charitable purposes;

(2) Secure the proper administration of a charitable corporation, or of property held for charitable purposes by a nonprofit corporation, when reasonably necessary to protect property held for charitable purposes; and

(3) Restrain and prevent any act that violates any provision of this chapter that governs the distribution, disposition, management, or expenditure of, or reporting obligations relating to, any property held for charitable purposes.

NEW SECTION. **Sec. 4103.** ATTORNEY GENERAL'S RIGHT TO INTERVENE. The attorney general, as of right, may intervene in any proceeding that has been commenced by a person other than the attorney general if the attorney general is otherwise authorized to bring such a proceeding under this chapter.

NEW SECTION. **Sec. 4104.** ATTORNEY GENERAL'S INVESTIGATIVE POWER. Upon reasonable suspicion that there has been a violation of any provision of this chapter that governs the distribution, disposition, management, or expenditure of, or reporting obligations relating to, any property held for charitable purposes, or that a charitable corporation or property held for charitable purposes by a nonprofit corporation has been improperly administered, the attorney general may institute an investigation for the

purpose of determining whether there has been such a violation or improper administration.

NEW SECTION. **Sec. 4105.** CIVIL INVESTIGATIVE DEMANDS. (1) The attorney general may, before the institution of a civil proceeding arising from an investigation instituted under section 4104 of this act, execute in writing and cause to be served upon a person a civil investigative demand requiring the person to produce documentary material and permit inspection and copying, to answer in writing written interrogatories, to give oral testimony, or any combination of those demands, whenever the attorney general believes that the person:

(a) May be in possession, custody, or control of any original or copy of any record, report, memorandum, paper, communication, tabulation, map, chart, photograph, mechanical transcription, or other document or recording, wherever situated, which the attorney general reasonably believes to be relevant to the subject matter of any investigation instituted under section 4104 of this act; or

(b) May have knowledge of any information which the attorney general reasonably believes to be relevant to the subject matter of any such investigation.

(2) The provisions of RCW 19.86.110 (2) through (9) except for RCW 19.86.110(7) (b) and (c), shall apply to every civil investigative demand issued under this section.

(3) With respect to a civil investigative demand issued under this section, the venue for filing a petition to extend a return date under RCW 19.86.110(8) or a petition for an order of enforcement under RCW 19.86.110(9) shall include any court described in section 1105 of this act.

(4) The attorney general may provide copies of documentary material, answers to written interrogatories, or transcripts of oral testimony provided under this section to an official of this state, another state, or the federal government who is charged with the enforcement of state or federal laws related to the protection or regulation of property held for charitable purposes, provided that before the disclosure the receiving official agrees in the form of a record that the information may not be disclosed to anyone other than that

official or the official's authorized employees or agents. Material provided under this subsection is subject to the limitations on disclosure contained in RCW 19.86.110(7)(a), and, where applicable, Title 5 U.S.C. Sec. 552, and may not be introduced as evidence in a criminal prosecution.

(5) The attorney general may use such copies of documentary material, answers to written interrogatories, or transcripts of oral testimony as the attorney general determines necessary in the enforcement of any provision of this chapter that governs the distribution, disposition, management, or expenditure of, or reporting obligations relating to, any property held for charitable purposes, including presentation before any court, provided, however, that any such material, answers to written interrogatories, or transcripts of oral testimony which contain trade secrets shall not be presented except with the approval of the court in which the action is pending after adequate notice to the person furnishing such material, answers to written interrogatories, or oral testimony.

NEW SECTION. **Sec. 4106.** RELIGIOUS CORPORATIONS. The attorney general shall not commence any action under section 4102 of this act against a religious corporation; intervene in any action under section 4103 of this act involving a religious corporation; institute any investigation under section 4104 of this act, the subject of which is a religious corporation; or serve any civil investigative demand under section 4105 of this act on a religious corporation, unless for the purposes of this section only:

(1) The basis for the action, investigation, or civil investigative demand is the attorney general's knowledge of facts, circumstances, or results that property held by the religious corporation for charitable purposes has been, is threatened to be, or is about to be distributed in violation of section 1406 of this act;

(2) The board of directors of the religious corporation has adopted a resolution in the form of a record requesting the attorney general's involvement in the action or investigation; or

(3) The attorney general has knowledge of facts, circumstances, or results

indicating that the religious corporation has no directors in office, in which case the attorney general may investigate the issue of whether the religious corporation has directors in office, and, if necessary, appoint one or more directors of the religious corporation following the procedure set out in section 2410(4) of this act.

NEW SECTION. Sec. 4107. ASSURANCES OF DISCONTINUANCE. In the enforcement of the provisions of this chapter that govern the distribution, disposition, or expenditure of, or reporting obligations relating to, property held for charitable purposes, the attorney general may accept an assurance of discontinuance of any act or practice deemed in violation of such provision, from any person engaging in, or who has engaged in, such act or practice. Any such assurance must be in writing and be filed with and subject to the approval of the court. Such assurance of discontinuance is not an admission of a violation for any purpose, but proof of failure to comply with the assurance of discontinuance is prima facie evidence of a violation of this chapter.

NEW SECTION. Sec. 4108. CIVIL PENALTIES, COSTS, AND FEES. (1) Pursuant to an action by the attorney general, a person shall forfeit and pay a civil penalty of not more than five thousand dollars for each violation if such person:

(a) Engages in conduct that violates any provision of this chapter governing the distribution, disposition, management, or expenditure of, or reporting obligations relating to, property held for charitable purposes, intending or knowing that such conduct was in violation of this chapter;

(b) As a director or officer of a corporation, votes for or assents to a distribution of property held for charitable purposes that would give rise to liability under section 2702 of this act; or

(c) Receives any portion of a distribution described in (b) of this subsection knowing that the distribution was made in violation of this chapter.

(2) Any person who shall violate the terms of any injunction issued pursuant to an action by the attorney general under section 4102 of this act shall forfeit and pay a civil penalty of not more than twenty-five thousand dollars for each violation.

(3) At the discretion of the court, the attorney general is entitled to recovery of its costs and fees incurred in securing compliance with the provisions of this chapter governing the distribution, disposition, management, or expenditure of, or reporting obligations relating to, property held for charitable purposes.

NEW SECTION. Sec. 4109. CHARITABLE ASSET PROTECTION ACCOUNT. (1) The Washington state attorney general charitable asset protection account is created in the custody of the state treasurer. Only the attorney general or the attorney general's designee may authorize expenditures from the account. Moneys in the account shall be used exclusively for:

(a) The costs associated with the attorney general's enforcement of the provisions of this chapter governing the distribution, disposition, management, or expenditure of, or reporting obligations relating to, property held for charitable purposes, or the proper administration of a charitable corporation or property held for charitable purposes;

(b) The costs associated with the attorney general's review and handling of notices and requests submitted to the attorney general under the provisions of this chapter including, but not limited to, binding agreements described in section 1504 of this act, major changes in purposes or programs reported under section 1205 of this act, and notices of proposed transactions under sections 3101 through 3608 of this act;

(c) The costs associated with the attorney general's review and handling of notices and requests submitted to the attorney general in connection with the release or modification under RCW 24.55.045 of restrictions applicable to institutional funds;

(d) The costs associated with the attorney general's supervision of charitable trusts under the authority granted in chapter 11.110 RCW, including review and handling of binding agreements under chapter 11.96A RCW, involving assets held in charitable trust; and

(e) The charitable solicitation education program.

An appropriation is not required for expenditures, but the account is subject

to allotment procedures under chapter 43.88 RCW.

(2)(a) The secretary of state shall collect a charitable asset protection fee, in addition to fees that the secretary of state may set under section 1207 of this act, for filing:

(i) Annual reports under section 1204 of this act;

(1) Where under applicable law or the articles or bylaws of a nonprofit corporation there has been a failure to hold a meeting to take corporate action and the failure has continued for thirty days after the date designated or appropriate therefor, the court may summarily order a meeting to be held upon the application of any person entitled, either alone or in conjunction with other persons similarly seeking relief under this section, to call a meeting to consider the corporate action in issue, and, in the case of a charitable corporation, upon the application of the attorney general.

(2) The court may determine the right to vote at the meeting of persons claiming that right, may appoint an individual to hold the meeting under such orders and powers as the court may deem proper, and may take such action as may be required to give due notice of the meeting and convene and conduct the meeting in the interests of justice.

The petitioner shall provide notice of the proceeding to every other person the petitioner knows, or should reasonably know, to be affected by the proceeding.

(2) The court may make such orders in any such case as may be just and proper, with power to enforce the production of any books, papers, and records of the corporation and other evidence that may relate to the issue, and may provide for notice of the proceeding to other parties if necessary. If it is determined that no valid corporate action has been taken, the court may order a meeting to be held

in accordance with section 4202 of this act.

(4) The order appointing a receiver in all cases must reasonably describe the property over which the receiver is to take charge, by category, individual items, or both if the receiver is to take charge of less than all of the owner's property. If the order appointing a receiver does not expressly limit the receiver's authority to designated property or categories of property of the owner, the receiver is a general receiver with the authority to take charge over all of the owner's property, wherever located.

(5) The court may condition the appointment of a receiver upon the giving of security by the person seeking the receiver's appointment, in such amount as the court may specify, for the payment of costs and damages incurred or suffered by any person should it later be determined that the appointment of the receiver was wrongfully obtained.

The fact that contributions to an organization do not qualify for charitable contribution deduction purposes or that the organization is not otherwise exempt from payment of federal income taxes pursuant to the internal revenue code of 1954, as amended, shall constitute prima facie evidence that the organization is not a bona fide charitable or nonprofit organization for the purposes of this section.

(c) Any person, association or organization which pays its employees, including members, compensation other than is reasonable therefor under the local prevailing wage scale shall be deemed paying compensation based in part or whole upon receipts relating to gambling activities authorized under this chapter and shall not be a bona fide charitable or nonprofit organization for the purposes of this chapter.

The tax levied by RCW 82.08.020 does not apply to sales of trail grooming services to the state of Washington or nonprofit corporations organized under chapter ~~((24.03 RCW))~~ 24.-- RCW (the new

chapter created in section 6101 of this act). For the purposes of this section, "trail grooming" means the activity of snow compacting, snow redistribution, or snow removal on state-owned or privately owned trails.

Sec. 5249. RCW 82.08.0293 and 2019 c 8 s 401 are each amended to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of food and food ingredients. "Food and food ingredients" means substances, whether in liquid, concentrated, solid, frozen, dried, or dehydrated form, that are sold for ingestion or chewing by humans and are consumed for their taste or nutritional value. "Food and food ingredients" does not include:

(a) "Alcoholic beverages," which means beverages that are suitable for human consumption and contain one-half of one percent or more of alcohol by volume;

(b) "Tobacco," which means cigarettes, cigars, chewing or pipe tobacco, or any other item that contains tobacco; and

(c) Marijuana, useable marijuana, or marijuana-infused products.

(2) The exemption of "food and food ingredients" provided for in subsection (1) of this section does not apply to prepared food, soft drinks, bottled water, or dietary supplements. The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Bottled water" means water that is placed in a safety sealed container or package for human consumption. Bottled water is calorie free and does not contain sweeteners or other additives except that it may contain: (i) Antimicrobial agents; (ii) fluoride; (iii) carbonation; (iv) vitamins, minerals, and electrolytes; (v) oxygen; (vi) preservatives; and (vii) only those flavors, extracts, or essences derived from a spice or fruit. "Bottled water" includes water that is delivered to the buyer in a reusable container that is not sold with the water.

(b) "Dietary supplement" means any product, other than tobacco, intended to supplement the diet that:

(i) Contains one or more of the following dietary ingredients:

(A) A vitamin;

(B) A mineral;

(C) An herb or other botanical;

(D) An amino acid;

(E) A dietary substance for use by humans to supplement the diet by increasing the total dietary intake; or

(F) A concentrate, metabolite, constituent, extract, or combination of any ingredient described in this subsection;

(ii) Is intended for ingestion in tablet, capsule, powder, softgel, gelcap, or liquid form, or if not intended for ingestion in such form, is not represented as conventional food and is not represented for use as a sole item of a meal or of the diet; and

(iii) Is required to be labeled as a dietary supplement, identifiable by the "supplement facts" box found on the label as required pursuant to 21 C.F.R. Sec. 101.36, as amended or renumbered as of January 1, 2003.

(c) (i) "Prepared food" means:

(A) Food sold in a heated state or heated by the seller;

(B) Food sold with eating utensils provided by the seller, including plates, knives, forks, spoons, glasses, cups, napkins, or straws. A plate does not include a container or packaging used to transport the food; or

(C) Two or more food ingredients mixed or combined by the seller for sale as a single item, except:

(I) Food that is only cut, repackaged, or pasteurized by the seller; or

(II) Raw eggs, fish, meat, poultry, and foods containing these raw animal foods requiring cooking by the consumer as recommended by the federal food and drug administration in chapter 3, part 401.11 of The Food Code, published by the food and drug administration, as amended or renumbered as of January 1, 2003, so as to prevent foodborne illness.

(ii) Food is "sold with eating utensils provided by the seller" if:

(A) The seller's customary practice for that item is to physically deliver or hand a utensil to the customer with the food or food ingredient as part of the sales transaction. If the food or food ingredient is prepackaged with a utensil, the seller is considered to have

physically delivered a utensil to the customer unless the food and utensil are prepackaged together by a food manufacturer classified under sector 311 of the North American industry classification system (NAICS);

(B) A plate, glass, cup, or bowl is necessary to receive the food or food ingredient, and the seller makes those utensils available to its customers; or

(C)(I) The seller makes utensils available to its customers, and the seller has more than seventy-five percent prepared food sales. For purposes of this subsection (2)(c)(ii)(C), a seller has more than seventy-five percent prepared food sales if the seller's gross retail sales of prepared food under (c)(i)(A), (c)(i)(C), and (c)(ii)(B) of this subsection equal more than seventy-five percent of the seller's gross retail sales of all food and food ingredients, including prepared food, soft drinks, and dietary supplements.

(II) However, even if a seller has more than seventy-five percent prepared food sales, four servings or more of food or food ingredients packaged for sale as a single item and sold for a single price are not "sold with utensils provided by the seller" unless the seller's customary practice for the package is to physically hand or otherwise deliver a utensil to the customer as part of the sales transaction. Whenever available, the number of servings included in a package of food or food ingredients must be determined based on the manufacturer's product label. If no label is available, the seller must reasonably determine the number of servings.

(III) The seller must determine a single prepared food sales percentage annually for all the seller's establishments in the state based on the prior year of sales. The seller may elect to determine its prepared food sales percentage based either on the prior calendar year or on the prior fiscal year. A seller may not change its elected method for determining its prepared food percentage without the written consent of the department. The seller must determine its annual prepared food sales percentage as soon as possible after accounting records are available, but in no event later than ninety days after the beginning of the seller's calendar or fiscal year. A seller may make a good faith estimate of its first annual prepared food sales percentage if the

seller's records for the prior year are not sufficient to allow the seller to calculate the prepared food sales percentage. The seller must adjust its good faith estimate prospectively if its relative sales of prepared foods in the first ninety days of operation materially depart from the seller's estimate.

(iii) "Prepared food" does not include the following items, if sold without eating utensils provided by the seller:

(A) Food sold by a seller whose proper primary NAICS classification is manufacturing in sector 311, except subsector 3118 (bakeries), as provided in the "North American industry classification system—United States, 2002";

(B) Food sold in an unheated state by weight or volume as a single item; or

(C) Bakery items. The term "bakery items" includes bread, rolls, buns, biscuits, bagels, croissants, pastries, donuts, Danish, cakes, tortes, pies, tarts, muffins, bars, cookies, or tortillas.

(d) "Soft drinks" means nonalcoholic beverages that contain natural or artificial sweeteners. Soft drinks do not include beverages that contain: Milk or milk products; soy, rice, or similar milk substitutes; or greater than fifty percent of vegetable or fruit juice by volume.

(3) Notwithstanding anything in this section to the contrary, the exemption of "food and food ingredients" provided in this section applies to food and food ingredients that are furnished, prepared, or served as meals:

(a) Under a state administered nutrition program for the aged as provided for in the older Americans act (P.L. 95-478 Title III) and RCW 74.38.040(6);

(b) That are provided to senior citizens, individuals with disabilities, or low-income persons by a (~~not-for-profit~~) nonprofit organization organized under chapter (~~24.03~~) 24.-- (the new chapter created in section 6101 of this act) or 24.12 RCW; or

(c) That are provided to residents, sixty-two years of age or older, of a qualified low-income senior housing facility by the lessor or operator of the facility. The sale of a meal that is billed to both spouses of a marital

community or both domestic partners of a domestic partnership meets the age requirement in this subsection (3)(c) if at least one of the spouses or domestic partners is at least sixty-two years of age. For purposes of this subsection, "qualified low-income senior housing facility" means a facility:

(i) That meets the definition of a qualified low-income housing project under 26 U.S.C. Sec. 42 of the federal internal revenue code, as existing on August 1, 2009;

(ii) That has been partially funded under 42 U.S.C. Sec. 1485; and

(iii) For which the lessor or operator has at any time been entitled to claim a federal income tax credit under 26 U.S.C. Sec. 42 of the federal internal revenue code.

(4)(a) Subsection (1) of this section notwithstanding, the retail sale of food and food ingredients is subject to sales tax under RCW 82.08.020 if the food and food ingredients are sold through a vending machine. Except as provided in (b) of this subsection, the selling price of food and food ingredients sold through a vending machine for purposes of RCW 82.08.020 is fifty-seven percent of the gross receipts.

(b) For soft drinks, bottled water, and hot prepared food and food ingredients, other than food and food ingredients which are heated after they have been dispensed from the vending machine, the selling price is the total gross receipts of such sales divided by the sum of one plus the sales tax rate expressed as a decimal.

(c) For tax collected under this subsection (4), the requirements that the tax be collected from the buyer and that the amount of tax be stated as a separate item are waived.

Sec. 5250. RCW 82.12.0293 and 2017 3rd sp.s. c 28 s 102 are each amended to read as follows:

(1) The provisions of this chapter do not apply in respect to the use of food and food ingredients for human consumption. "Food and food ingredients" has the same meaning as in RCW 82.08.0293.

(2) The exemption of "food and food ingredients" provided for in subsection (1) of this section does not apply to prepared food, soft drinks, bottled

water, or dietary supplements. "Prepared food," "soft drinks," "bottled water," and "dietary supplements" have the same meanings as in RCW 82.08.0293.

(3) Notwithstanding anything in this section to the contrary, the exemption of "food and food ingredients" provided in this section applies to food and food ingredients which are furnished, prepared, or served as meals:

(a) Under a state administered nutrition program for the aged as provided for in the older Americans act (P.L. 95-478 Title III) and RCW 74.38.040(6);

(b) Which are provided to senior citizens, individuals with disabilities, or low-income persons by a (~~not-for-profit~~) nonprofit organization organized under chapter (~~24.03~~) 24.-- (the new chapter created in section 6101 of this act) or 24.12 RCW; or

(c) That are provided to residents, sixty-two years of age or older, of a qualified low-income senior housing facility by the lessor or operator of the facility. The sale of a meal that is billed to both spouses of a marital community or both domestic partners of a domestic partnership meets the age requirement in this subsection (3)(c) if at least one of the spouses or domestic partners is at least sixty-two years of age. For purposes of this subsection, "qualified low-income senior housing facility" has the same meaning as in RCW 82.08.0293.

Sec. 5251. RCW 88.46.065 and 1994 sp.s. c 9 s 853 are each amended to read as follows:

A nonprofit corporation established for the sole purpose of providing contingency plan coverage for any vessel in compliance with RCW 88.46.060 is entitled to liability protection as provided in this section. Obligations incurred by the corporation and any other liabilities or claims against the corporation may be enforced only against the assets of the corporation, and no liability for the debts or actions of the corporation exists against a director, officer, member, employee, incident commander, agent, contractor, or subcontractor of the corporation in his or her individual or representative capacity. Except as otherwise provided in this chapter, neither the directors, officers, members, employees, incident (~~commander(s)~~) commanders, or agents

of the corporation, nor the business entities by whom they are regularly employed may be held individually responsible for discretionary decisions, errors in judgment, mistakes, or other acts, either of commission or omission, that are directly related to the operation or implementation of contingency plans, other than for acts of gross negligence or willful or wanton misconduct. The corporation may insure and defend and indemnify the directors, officers, members, employees, incident commanders, and agents to the extent permitted by chapters 23B.08 and ~~((24.03))~~ 24.-- (the new chapter created in section 6101 of this act) RCW. This section does not alter or limit the responsibility or liability of any person for the operation of a motor vehicle.

Sec. 5252. RCW 89.08.405 and 2015 c 88 s 1 are each amended to read as follows:

(1) Any county legislative authority may approve by resolution revenues to a conservation district by fixing rates and charges. The county legislative authority may provide for this system of rates and charges as an alternative to, but not in addition to, a special assessment provided by RCW 89.08.400. In fixing rates and charges, the county legislative authority may in its discretion consider the information proposed to the county legislative authority by a conservation district consistent with this section.

(2) A conservation district, in proposing a system of rates and charges, may consider:

(a) Services furnished, to be furnished, or available to the landowner;

(b) Benefits received, to be received, or available to the property;

(c) The character and use of land;

(d) The ~~((nonprofit))~~ public benefit nonprofit corporation status, as defined in ~~((RCW 24.03.490))~~ section 1701 of this act, of the land user;

(e) The income level of persons served or provided benefits under this chapter, including senior citizens and disabled persons; or

(f) Any other matters that present a reasonable difference as a ground for distinction, including the natural resource needs within the district and

the capacity of the district to provide either services or improvements, or both.

(3) (a) The system of rates and charges may include an annual per acre amount, an annual per parcel amount, or an annual per parcel amount plus an annual per acre amount. If included in the system of rates and charges, the maximum annual per acre rate or charge shall not exceed ten cents per acre. The maximum annual per parcel rate shall not exceed five dollars, except that for counties with a population of over four hundred eighty thousand persons, the maximum annual per parcel rate shall not exceed ten dollars, and for counties with a population of over one million five hundred thousand persons, the maximum annual per parcel rate shall not exceed fifteen dollars.

(b) Public land, including lands owned or held by the state, shall be subject to rates and charges to the same extent as privately owned lands. The procedures provided in chapter 79.44 RCW shall be followed if lands owned or held by the state are subject to the rates and charges of a conservation district.

(c) Forestlands used solely for the planting, growing, or harvesting of trees may be subject to rates and charges if such lands are served by the activities of the conservation district. However, if the system of rates and charges includes an annual per acre amount or an annual per parcel amount plus an annual per acre amount, the per acre rate or charge on such forestlands shall not exceed one-tenth of the weighted average per acre rate or charge on all other lands within the conservation district that are subject to rates and charges. The calculation of the weighted average per acre shall be a ratio calculated as follows: (i) The numerator shall be the total amount of money estimated to be derived from the per acre special rates and charges on the nonforestlands in the conservation district; and (ii) the denominator shall be the total number of nonforestland acres in the conservation district that are served by the activities of the conservation district and that are subject to the rates or charges of the conservation district. No more than ten thousand acres of such forestlands that is both owned by the same person or entity and is located in the same conservation district may be subject to the rates and charges that are imposed for that conservation district in any year. Per parcel charges shall not be

imposed on forestland parcels. However, in lieu of a per parcel charge, a charge of up to three dollars per forestland owner may be imposed on each owner of forestlands whose forestlands are subject to a per acre rate or charge.

(4) The consideration, development, adoption, and implementation of a system of rates and charges shall follow the same public notice and hearing process and be subject to the same procedure and authority of RCW 89.08.400(2).

(5)(a) Following the adoption of a system of rates and charges, the conservation district board of supervisors shall establish by resolution a process providing for landowner appeals of the individual rates and charges as applicable to a parcel or parcels.

(b) Any appeal must be filed by the landowner with the conservation district no later than twenty-one days after the date property taxes are due. The decision of the board of supervisors regarding any appeal shall be final and conclusive.

(c) Any appeal of the decision of the board shall be to the superior court of the county in which the district is located, and served and filed within twenty-one days of the date of the board's written decision.

(6) A conservation district shall prepare a roll that implements the system of rates and charges approved by the county legislative authority. The rates and charges from the roll shall be spread by the county assessor as a separate item on the tax rolls and shall be collected and accounted for with property taxes by the county treasurer. The amount of the rates and charges shall constitute a lien against the land that shall be subject to the same conditions as a tax lien, and collected by the treasurer in the same manner as delinquent real property taxes, and subject to the same interest and penalty as for delinquent property taxes. The county treasurer shall deduct an amount from the collected rates and charges, as established by the county legislative authority, to cover the costs incurred by the county assessor and county treasurer in spreading and collecting the rates and charges, but not to exceed the actual costs of such work. All remaining funds collected under this section shall be transferred to the conservation district and used by the

conservation district in accordance with this section.

(7) The rates and charges for a conservation district shall not be spread on the tax rolls and shall not be allocated with property tax collections in the following year if, after the system of rates and charges has been approved by the county legislative authority but before the fifteenth day of December in that year, a petition has been filed with the county legislative authority objecting to the imposition of such rates and charges, which petition has been signed by at least twenty percent of the owners of land that would be subject to the rate or charge to be imposed for a conservation district.

E2SSB 5036 Prime Sponsor, Committee on Ways & Means: Concerning the release of incarcerated individuals from total confinement prior to the expiration of a sentence. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Public Safety.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.030 and 2020 c 296 s 2, 2020 c 252 s 4, and 2020 c 137 s 1 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific

duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed as part of a sentence under this chapter and served in the community subject to controls placed on the offender's movement and activities by the department.

(6) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(7) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(8) "Confinement" means total or partial confinement.

(9) "Conviction" means an adjudication of guilt pursuant to Title 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(10) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere, and any issued certificates of restoration of opportunity pursuant to RCW 9.97.020.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's

pardon. However, when a defendant is charged with a recidivist offense, "criminal history" includes a vacated prior conviction for the sole purpose of establishing that such vacated prior conviction constitutes an element of the present recidivist offense as provided in RCW 9.94A.640(3)(b) and 9.96.060(6)(c).

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of labor and bona fide nonprofit organizations or their members or agents.

(13) "Criminal street gang associate or member" means any person who actively participates in any criminal street gang and who intentionally promotes, furthers, or assists in any criminal act by the criminal street gang.

(14) "Criminal street gang-related offense" means any felony or misdemeanor offense, whether in this state or elsewhere, that is committed for the benefit of, at the direction of, or in association with any criminal street gang, or is committed with the intent to promote, further, or assist in any criminal conduct by the gang, or is committed for one or more of the following reasons:

(a) To gain admission, prestige, or promotion within the gang;

(b) To increase or maintain the gang's size, membership, prestige, dominance, or control in any geographical area;

(c) To exact revenge or retribution for the gang or any member of the gang;

(d) To obstruct justice, or intimidate or eliminate any witness against the gang or any member of the gang;

(e) To directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage for the gang, its reputation, influence, or membership; or

(f) To provide the gang with any advantage in, or any control or dominance over any criminal market sector, including, but not limited to, manufacturing, delivering, or selling any controlled substance (chapter 69.50 RCW); arson (chapter 9A.48 RCW); trafficking in stolen property (chapter 9A.82 RCW); promoting prostitution (chapter 9A.88 RCW); human trafficking (RCW 9A.40.100); promoting commercial sexual abuse of a minor (RCW 9.68A.101); or promoting pornography (chapter 9.68 RCW).

(15) "Day fine" means a fine imposed by the sentencing court that equals the difference between the offender's net daily income and the reasonable obligations that the offender has for the support of the offender and any dependents.

(16) "Day reporting" means a program of enhanced supervision designed to monitor the offender's daily activities and compliance with sentence conditions, and in which the offender is required to report daily to a specific location designated by the department or the sentencing court.

(17) "Department" means the department of corrections.

(18) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community custody, the number of actual hours or days of community restitution work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal

services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(b) Active or passive global positioning system technology, which

detects the location of the monitored individual and notifies the monitoring agency of the monitored individual's location and which may also include electronic monitoring with victim notification technology that is capable of notifying a victim or protected party, either directly or through a monitoring agency, if the monitored individual enters within the restricted distance of a victim or protected party, or within the restricted distance of a designated location.

The board may consider an individual's failure to participate in an evaluation under this subsection in determining whether to release the individual.

(5) The board shall recommend the individual be released under such affirmative and other conditions as the panel determines appropriate, unless the panel determines by a preponderance of the evidence that, despite such conditions, it is more likely than not that the individual will commit new criminal law violations if released.

the proposed release plan and make an independent evaluation to ensure the individual is not released to an area where the victim resides or that impacts community safety.

(9) If the board recommends commutation or denies the petition, it shall specify the reasons for the decision.

(10) The conditions for conditional commutation may include: Partial confinement for up to six months, regular drug and/or alcohol testing, no violations of law, restrictions on travel, no contact with certain individuals or classes of individuals, restrictions on the type of employment and any other restrictions that the board determines to be reasonable and appropriate, or any other condition which provides for community protection from the released individual.

NEW SECTION. Sec. 9. (1) Chapter 187, Laws of 2019 removed robbery in the second degree as a most serious offense in sentencing an individual as a persistent offender. At that time, the legislature declined to require resentencing of individuals serving a life sentence as the result of a conviction for robbery in the second degree. The legislature recognizes the need to balance considerations that may have gone into the original charging decision and the inequities that may have resulted from including robbery in the second degree as a third strike offense.

(2) In exercising its duties under RCW 9.94A.885 and section 8 of this act, the clemency and pardons board shall give priority consideration to individuals who petition for conditional commutation and who have a current or past conviction for robbery in the second degree that was used as a basis for a finding that the individual was a persistent offender.

(2) In addition to those circumstances under subsection (1) of this section and whether or not disciplinary proceedings have been concluded, the employing agency shall:

(a) Notify the commission within 15 days of learning of the occurrence of any death or serious injury caused by the use of force by an officer or any time an officer has been charged with a crime. Employing agencies must have a policy requiring officers to report any pending criminal charges and any conviction, plea, or other case disposition immediately to their agency; and

(b) Notify the commission within 15 days of an initial disciplinary decision by an employing agency for alleged behavior or conduct by an officer that is noncriminal and may result in revocation of certification pursuant to RCW 43.101.105.

(3) To better enable the commission to act swiftly and comprehensively when misconduct has occurred that may undermine public trust and confidence in law enforcement or the correctional system, if the totality of the circumstances support a conclusion that the officer resigned or retired in anticipation of discipline, whether or not the misconduct was discovered at the time, and when such discipline, if carried forward, would more likely than not have led to discharge, or if the

officer was laid off when disciplinary investigation or action was imminent or pending which could have resulted in the officer's suspension or discharge, the employing agency shall conduct and complete the investigation and provide all relevant information to the commission as if the officer were still employed by the agency.

(4) Upon request of the commission, the employing agency shall provide such additional documentation or information as the commission deems necessary to determine whether the (~~termination~~) separation or event provides grounds for suspension or revocation (~~(under RCW 43.101.105)~~).

Where a decertification decision requires a finding that the officer's conduct violated policy and the employing agency has begun its investigation into the underlying event, the commission shall await notification of a finding by the employing agency before beginning the decertification process.

(6) No action or failure to act by an employing agency or decision resulting from an appeal of that action precludes action by the commission to suspend or revoke an officer's certification.

(7) An employing agency may not enter into any agreement or contract with an officer, or union:

(a) Not to report conduct, delay reporting, or preclude disclosure of any relevant information, including a promise not to check the box on a commission notice that indicates the officer may have committed misconduct, in exchange for allowing an officer to resign or retire or for any other reason; or

(b) That allows the agency to destroy or remove any personnel record while the

officer is employed and for 10 years thereafter. Such records must include all misconduct and equal employment opportunity complaints, progressive discipline imposed including written reprimands, supervisor coaching, suspensions, involuntary transfers, investigatory files, and other disciplinary appeals and litigation records.

(8) The commission shall maintain ~~((these notices))~~ all information provided pursuant to this section in a permanent file ~~((, subject to RCW 43.101.400))~~.

(9) In addition to disciplinary action authorized in RCW 43.101.105, the commission may impose a civil penalty not to exceed \$10,000 for the failure by an officer or an employing agency to timely and accurately report information pursuant to this section.

Sec. 12. RCW 43.101.145 and 2001 c 167 s 8 are each amended to read as follows:

~~((A law enforcement officer or duly authorized representative of a law enforcement agency))~~ (1) Any individual may submit a written complaint to the commission ~~((charging))~~ stating that ~~((a peace))~~ an officer's certificate should be denied, suspended, or revoked, and specifying the grounds for the ~~((charge))~~ complaint. Filing a complaint does not make a complainant a party to the commission's action.

(2) The commission has sole discretion whether to investigate a complaint, and the commission has sole discretion whether to investigate matters relating to certification, denial of certification, or revocation of certification on any other basis, without restriction as to the source or the existence of a complaint. All complaints must be resolved with a written determination, regardless of the decision to investigate.

(3) The commission may initiate an investigation in any instance where there is a pattern of complaints or other actions that may not have resulted in a formal adjudication of wrongdoing, but when considered together demonstrate conduct that would constitute a violation of RCW 43.101.105 (2) or (3). The commission must consider the agency's policies and procedures and the officer's job duties and assignment in determining what constitutes a pattern.

(4) A person who files a complaint in good faith under this section is immune from suit or any civil action related to the filing or the contents of the complaint.

Sec. 13. RCW 43.101.155 and 2001 c 167 s 9 are each amended to read as follows:

(1) If the commission determines, upon investigation, that there is ~~((probable))~~ cause to believe that a peace officer's or corrections officer's certification should be denied, suspended, or revoked under RCW 43.101.105, the commission must prepare and serve upon the officer a statement of charges. Service on the officer must be by mail or by personal service on the officer unless the officer has consented to service in some other manner, including electronic notification. Notice of the charges must also be mailed to or otherwise served upon the officer's agency of ~~((termination))~~ separation and any current ~~((law enforcement))~~ agency employer. The statement of charges must be accompanied by a notice that to receive a hearing on the denial or revocation, the officer must, within ~~((sixty))~~ 60 days of ~~((communication of))~~ the statement of charges, request a hearing before the hearings ~~((board))~~ panel appointed under RCW 43.101.380. Failure of the officer to request a hearing within the ~~((sixty-day))~~ 60-day period constitutes a default, whereupon the commission may enter an order under RCW 34.05.440.

(2) If a hearing is requested, the officer is required to provide an email address that constitutes the officer's legal address for purposes of any subsequent communication from the commission. Unless otherwise agreed to by the mutual agreement of the parties or for good cause, within two weeks of receipt of the officer's request for a hearing, the commission shall set a date ~~((of))~~ for the hearing, which must be ~~((scheduled not earlier than ninety days nor later than one hundred eighty days after communication of the statement of charges to the officer; the one hundred eighty-day period may be extended on mutual agreement of the parties or for good cause))~~ held within 90 days thereafter. ~~((The))~~ On the date the hearing is set, the commission shall ~~((give))~~ transmit electronic and written notice of the hearing ~~((at least twenty days prior to the hearing))~~ to the

officer, and provide public notice on the commission website, specifying the time, date, and place of hearing.

Sec. 14. RCW 43.101.157 and 2006 c 22 s 2 are each amended to read as follows:

(1) Tribal governments may voluntarily request certification for their police officers. Tribal governments requesting certification for their police officers must enter into a written agreement with the commission. The agreement must require the tribal law enforcement agency and its officers to comply with all of the requirements for granting, denying, and revoking certification as those requirements are applied to peace officers certified under this chapter and the rules of the commission.

(2) Officers making application for certification as tribal police officers shall meet the requirements of this chapter and the rules of the commission as those requirements are applied to certification of peace officers. Application for certification as a tribal police officer shall be accepted and processed in the same manner as those for certification of peace officers.

~~((3) For purposes of certification, "tribal police officer" means any person employed and commissioned by a tribal government to enforce the criminal laws of that government.))~~

Sec. 15. RCW 43.101.230 and 1981 c 134 s 1 are each amended to read as follows:

~~((Indian tribe))~~ Tribal police officers and employees who are engaged in law enforcement activities and who do not qualify as "criminal justice personnel" or "law enforcement personnel" under RCW 43.101.010 ~~((, as now law or hereafter amended, may))~~ shall be provided training under this chapter if: (a) The tribe is recognized by the federal government, and (b) the tribe pays to the commission the full cost of providing such training. The commission shall place all money received under this section into the criminal justice training account.

Sec. 16. RCW 43.101.390 and 2001 c 167 s 11 are each amended to read as follows:

(1) The commission ~~((, its boards,))~~ and individuals acting on behalf of the commission ~~((and its boards))~~ are immune from suit in any civil or criminal action contesting or based upon proceedings or

other official acts performed in the course of their duties in the administration and enforcement of this chapter.

(2) Without limiting the generality of the foregoing, the commission and individuals acting on behalf of the commission are immune from suit in any civil action based on the certification, denial of certification, suspension, or other action regarding decertification of peace officers, reserve officers, or corrections officers.

Sec. 17. RCW 43.101.420 and 2009 c 19 s 1 are each amended to read as follows:

(1) The commission shall offer a training session on personal crisis recognition and crisis intervention services to criminal justice, ~~((correctional personnel))~~ corrections, and other public safety employees. The training shall be implemented by the commission in consultation with appropriate public and private organizations that have expertise in crisis referral services and in the underlying conditions leading to the need for crisis referral.

(2) The training shall consist of a minimum of one hour of classroom or internet instruction, and shall include instruction on the following subjects:

(a) The description and underlying causes of problems that may have an impact on the personal and professional lives of public safety employees, including mental health issues, chemical dependency, domestic violence, financial problems, and other personal crises;

(b) Techniques by which public safety employees may recognize the conditions listed in (a) of this subsection and understand the need to seek assistance and obtain a referral for consultation and possible treatment; and

(c) A listing of examples of public and private crisis referral agencies available to public safety employees.

(3) The training developed by the commission shall be made available by the commission to all employees of state and local agencies that perform public safety duties. The commission may charge a reasonable fee to defer the cost of making the training available.

Sec. 18. RCW 34.12.035 and 1984 c 141 s 6 are each amended to read as follows:

The chief administrative law judge shall designate an administrative law judge with subject matter expertise to serve, as the need arises, as presiding officer in (~~state~~):

(1) State patrol disciplinary hearings conducted under RCW 43.43.090; and

(2) Decertification hearings conducted under RCW 43.101.380.

Sec. 19. RCW 40.14.070 and 2011 c 60 s 18 are each amended to read as follows:

(1)(a) (~~County~~) Other than those records detailed in subsection (4) of this section, county, municipal, and other local government agencies may request authority to destroy noncurrent public records having no further administrative or legal value by submitting to the division of archives and records management lists of such records on forms prepared by the division. The ~~archivist, a representative appointed by the state auditor, and a representative appointed by the attorney general shall constitute a committee, known as the local records committee, which shall review such lists and which may veto the destruction of any or all items contained therein.~~

(b) A local government agency, as an alternative to submitting lists, may elect to establish a records control program based on recurring disposition schedules recommended by the agency to the local records committee. The schedules are to be submitted on forms provided by the division of archives and records management to the local records committee, which may either veto, approve, or amend the schedule. Approval of such schedule or amended schedule shall be by unanimous vote of the local records committee. Upon such approval, the schedule shall constitute authority for the local government agency to destroy the records listed thereon, after the required retention period, on a recurring basis until the schedule is either amended or revised by the committee.

(2)(a) Except as otherwise provided by law, and other than the law enforcement records detailed in subsection (4) of this section, no public records shall be destroyed until approved for destruction by the local records committee. Official public records shall not be destroyed unless:

(i) The records are six or more years old;

(ii) The department of origin of the records has made a satisfactory showing to the state records committee that the retention of the records for a minimum of six years is both unnecessary and uneconomical, particularly where lesser federal retention periods for records generated by the state under federal programs have been established; or

(iii) The originals of official public records less than six years old have been copied or reproduced by any photographic, photostatic, microfilm, miniature photographic, or other process approved by the state archivist which accurately reproduces or forms a durable medium for so reproducing the original.

An automatic reduction of retention periods from seven to six years for official public records on record retention schedules existing on June 10, 1982, shall not be made, but the same shall be reviewed individually by the local records committee for approval or disapproval of the change to a retention period of six years.

The state archivist may furnish appropriate information, suggestions, and guidelines to local government agencies for their assistance in the preparation of lists and schedules or any other matter relating to the retention, preservation, or destruction of records under this chapter. The local records committee may adopt appropriate regulations establishing procedures to be followed in such matters.

Records of county, municipal, or other local government agencies, designated by the archivist as of primarily historical interest, may be transferred to a recognized depository agency.

(b)(i) Records of investigative reports prepared by any state, county, municipal, or other law enforcement agency pertaining to sex offenders contained in chapter 9A.44 RCW or sexually violent offenses as defined in RCW 71.09.020 that are not required in the current operation of the law enforcement agency or for pending judicial proceedings shall, following the expiration of the applicable schedule of the law enforcement agency's retention of the records, be transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval. Upon electronic

retention of any document, the association shall be permitted to destroy the paper copy of the document.

(ii) Any sealed record transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval, including records sealed after transfer, shall be electronically retained in such a way that the record is clearly marked as sealed.

(iii) The Washington association of sheriffs and police chiefs shall be permitted to destroy both the paper copy and electronic record of any offender verified as deceased.

(c) Any record transferred to the Washington association of sheriffs and police chiefs pursuant to (b) of this subsection shall be deemed to no longer constitute a public record pursuant to RCW 42.56.010 and shall be exempt from public disclosure. Such records shall be disseminated only to criminal justice agencies as defined in RCW 10.97.030 for the purpose of determining if a sex offender met the criteria of a sexually violent predator as defined in chapter 71.09 RCW and the end-of-sentence review committee as defined by RCW 72.09.345 for the purpose of fulfilling its duties under RCW 71.09.025 and 9.95.420.

Electronic records marked as sealed shall only be accessible by criminal justice agencies as defined in RCW 10.97.030 who would otherwise have access to a sealed paper copy of the document, the end-of-sentence review committee as defined by RCW 72.09.345 for the purpose of fulfilling its duties under RCW 71.09.025 and 9.95.420, and the system administrator for the purposes of system administration and maintenance.

(3) Except as otherwise provided by law, county, municipal, and other local government agencies may, as an alternative to destroying noncurrent public records having no further administrative or legal value, donate the public records to the state library, local library, historical society, genealogical society, or similar society or organization.

Public records may not be donated under this subsection unless:

(a) The records are seventy years old or more;

(b) The local records committee has approved the destruction of the public records; and

(c) The state archivist has determined that the public records have no historic interest.

(4) Personnel records for any peace officer or corrections officer must be retained for the duration of the officer's employment and a minimum of 10 years thereafter. Such records include all misconduct and equal employment opportunity complaints, progressive discipline imposed including written reprimands, supervisor coaching, suspensions, involuntary transfers, other disciplinary appeals and litigation records, and any other records needed to comply with the requirements set forth in RCW 43.101.095 and 43.101.135.

Sec. 20. RCW 43.101.380 and 2020 c 119 s 10 are each amended to read as follows:

(1) The procedures governing adjudicative proceedings before agencies under chapter 34.05 RCW, the administrative procedure act, govern hearings before the commission and govern all other actions before the commission unless otherwise provided in this chapter. The standard of proof in actions before the commission is ~~((clear, cogent, and convincing))~~ a preponderance of the evidence.

(2) In all hearings requested under RCW 43.101.155 ~~((or 43.101.156))~~, an administrative law judge appointed under chapter 34.12 RCW shall be the presiding officer, shall make all necessary rulings in the course of the hearing, and shall issue a proposed recommendation, but is not entitled to vote. In addition, a five-member hearings panel shall ~~((both))~~ hear the case and make the commission's final administrative decision. ((Members of the commission may, but need not, be appointed to the hearings panels.))

(3) The commission shall appoint ~~((as follows two or more panels))~~ a panel to hear certification actions as follows:

(a) When a hearing is requested in relation to a certification action of a Washington peace officer ~~((who is not a peace officer of the Washington state patrol))~~, the commission shall appoint to the panel: (i) One police chief ~~((+ (iii) one))~~ or sheriff from an agency not a

current or past employer of the peace officer; ~~((iii) two)~~ (ii) one certified Washington peace officer~~((s))~~ who ~~((are))~~ is at or below the level of first line supervisor ~~((, one of whom is from a city or county law enforcement agency,))~~ and who ~~((have))~~ has at least ten years' experience as a peace officer~~((s))~~; ~~((and (iv) one person who is not currently a peace officer and who represents a community college or four year college or university))~~ (iii) one civilian member of the commission as appointed under RCW 43.101.030(1) (f) and (h) through (j); (iv) one member of the public who is not a prosecutor, defense attorney, judge, or law enforcement officer; and (v) one person with expertise and background in police accountability who is not a current or former peace officer or corrections officer.

~~(b) ((When a hearing is requested in relation to a certification action of a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) Either one police chief or one sheriff; (ii) one administrator of the state patrol; (iii) one certified Washington peace officer who is at or below the level of first line supervisor, who is not a state patrol officer, and who has at least ten years' experience as a peace officer; (iv) one state patrol officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; and (v) one person who is not currently a peace officer and who represents a community college or four year college or university.~~

~~(e))~~ When a hearing is requested in relation to a certification action of a Washington corrections officer, the commission shall appoint to the panel: (i) ~~((Two heads of))~~ A person who heads either a city or county corrections agency or facility or of a Washington state department of corrections facility; (ii) ~~((two))~~ one corrections officer~~((s))~~ who ~~((are))~~ is at or below the level of first line supervisor ~~((, who are from city, county, or state corrections agencies,))~~ and who ~~((have))~~ has at least ten years' experience as a corrections officer~~((s))~~; (iii) one civilian member of the commission as appointed under RCW 43.101.030(1) (f) and (h) through (j); (iv) one member of the public who is not a prosecutor, defense attorney, judge, or law enforcement officer; and ~~((iii))~~ (v) one person with expertise and background in police

accountability who is not ~~((currently))~~ a current or former peace officer or corrections officer ~~((and who represents a community college or four year college or university))~~.

~~((d))~~ (c) When a hearing is requested in relation to a certification action of a tribal police officer, the commission shall appoint to the panel (i) ~~((either one police chief or one sheriff; (ii))~~ one tribal police chief; ~~((iii))~~ one certified Washington peace officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; ~~((iv))~~ (ii) one tribal police officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; ~~((and (v) one person who is not currently a peace officer and who represents a community college or four year college or university))~~ (iii) one civilian member of the commission as appointed under RCW 43.101.030(1) (f) and (h) through (j); (iv) one member of the public who is not a prosecutor, defense attorney, judge, or law enforcement officer; and (v) one person with expertise and background in police accountability who is not a current or former peace officer or corrections officer.

~~((e))~~ (d) Persons appointed to hearings panels by the commission shall, in relation to any certification action on which they sit, have the powers, duties, and immunities, and are entitled to the emoluments, including travel expenses in accordance with RCW 43.03.050 and 43.03.060, of regular commission members.

~~((3))~~ Where the charge upon which revocation or denial is based is that a peace officer or corrections officer was "discharged for disqualifying misconduct," and the discharge is "final," within the meaning of RCW 43.101.105(1)(d) or 43.101.106(4), and the officer received a civil service hearing or arbitration hearing culminating in an affirming decision following separation from service by the employer, the hearings panel may revoke or deny certification if the hearings panel determines that the discharge occurred and was based on disqualifying misconduct; ~~((4))~~ (4) In decertification matters where there was a due process hearing or a disciplinary appeals hearing following an investigation by a law enforcement agency, or a criminal hearing

~~regarding the alleged misconduct, the hearings panel need not redetermine the underlying facts but may make ((this)) its determination based solely on review of the records and decision relating to ((the employment separation)) those proceedings and any investigative or summary materials from the administrative law judge, legal counsel, and commission staff. However, the hearings panel may, in its discretion, consider additional evidence to determine whether ((such a discharge)) misconduct occurred ((and was based on such disqualifying misconduct)).~~ The hearings panel shall, upon written request by the subject peace officer or corrections officer, allow the peace officer or corrections officer to present additional evidence of extenuating circumstances.

~~((Where the charge upon which revocation or denial of certification is based is that a peace officer or corrections officer "has been convicted at any time of a felony offense" within the meaning of RCW 43.101.105(1)(c) or 43.101.106(3), the hearings panel shall revoke or deny certification if it determines that the peace officer or corrections officer was convicted of a felony. The hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the criminal proceeding. However, the hearings panel shall, upon the panel's determination of relevancy, consider additional evidence to determine whether the peace officer or corrections officer was convicted of a felony.~~

~~Where the charge upon which revocation or denial is based is under RCW 43.101.105(1) (a), (b), (c), or (f) or 43.101.106 (1), (2), (5), or (6), the hearings panel shall determine the underlying facts relating to the charge upon which revocation or denial of certification is based.~~

~~(4))~~ (5) The commission is authorized to proceed regardless of whether an arbitrator or other appellate decision maker overturns the discipline imposed by the officer's employing agency or whether the agency settles an appeal. No action or failure to act by a law enforcement agency or corrections agency or decision resulting from an appeal of that action precludes action by the commission to suspend or revoke an officer's

certificate, to place on probation, or to require remedial training for the officer.

(6) The hearings, but not the deliberations of the hearings panel, are open to the public. The transcripts, admitted evidence, and written decisions of the hearings panel on behalf of the commission are not confidential or exempt from public disclosure, and are subject to subpoena and discovery proceedings in civil actions.

(7) Summary records of hearing dispositions must be made available on an annual basis on a public website.

(8) The commission's final administrative decision is subject to judicial review under RCW 34.05.510 through 34.05.598.

Sec. 21. RCW 43.101.400 and 2020 c 119 s 12 are each amended to read as follows:

(1) Except as provided under subsection (2) of this section, ((the following records of the commission are confidential and exempt from public disclosure: (a) The contents of personnel action reports filed under RCW 43.101.135 or 43.101.136; (b)) all files, papers, and other information obtained by the commission as part of an initial background investigation pursuant to RCW 43.101.095((5) or 43.101.096; and (c) all investigative files of the commission compiled in carrying out the responsibilities of the commission under this chapter)) (2) and (4) are confidential and exempt from public disclosure. Such records are not subject to public disclosure, subpoena, or discovery proceedings in any civil action, except as provided in ((subsection (5) of this section)) RCW 43.101.380(6) or which become part of the record in a suspension or decertification matter.

(2) Records which are otherwise confidential and exempt under subsection (1) of this section may be reviewed and copied: (a) By the officer involved or the officer's counsel or authorized representative, who may review the officer's file and may submit any additional exculpatory or explanatory evidence, statements, or other information, any of which must be included in the file; (b) by a duly authorized representative of (i) the agency of termination, or (ii) a current employing law enforcement or corrections

agency, which may review and copy its employee-officer's file; or (c) by a representative of or investigator for the commission.

(3) Records which are otherwise confidential and exempt under subsection (1) of this section may also be inspected at the offices of the commission by a duly authorized representative of a law enforcement or corrections agency considering an application for employment by a person who is the subject of a record. A copy of records which are otherwise confidential and exempt under subsection (1) of this section may later be obtained by an agency after it hires the applicant. In all other cases under this subsection, the agency may not obtain a copy of the record.

~~(4) (Upon a determination that a complaint is without merit, that a personnel action report filed under RCW 43.101.135 does not merit action by the commission, or that a matter otherwise investigated by the commission does not merit action, the commission shall purge records addressed in subsection (1) of this section.~~

~~(5) The hearings, but not the deliberations, of the hearings board are open to the public. The transcripts, admitted evidence, and written decisions of the hearings board on behalf of the commission are not confidential or exempt from public disclosure, and are subject to subpoena and discovery proceedings in civil actions.~~

~~(6)) The commission shall maintain a database that is publicly searchable, machine readable, and exportable, and accompanied by a complete, plain-language data dictionary describing the names of officers and employing agencies, all conduct investigated, certifications denied, notices and accompanying information provided by law enforcement or correctional agencies, including the reasons for separation from the agency, decertification or suspension actions pursued, and final disposition and the reasons therefor for at least 30 years after final disposition of each incident. The dates for each material step of the process must be included. Any decertification must be reported to the national decertification index.~~

(5) Every individual, legal entity, and agency of federal, state, or local government is immune from civil liability, whether direct or derivative,

for providing information to the commission in good faith.

NEW SECTION. **Sec. 22.** A new section is added to chapter 43.101 RCW to read as follows:

The commission must work in collaboration with interested parties and entities in developing the policies, procedures, and rules, and must take into account issues regarding when and how the commission may appropriately exercise authority in relation to simultaneous investigations and disciplinary processes, and how the commission may exercise available remedies in a manner that is appropriate to case circumstances and consistent with the goals of this act. The policies, procedures, and rules must be completed by June 30, 2022.

"NEW SECTION. Sec. 1. FINDINGS AND INTENT. (1) The legislature finds that people of color, Indian, people experiencing poverty, and immigrant populations experience significant health disparities compared to the general population, including more limited access to health care and poorer health outcomes. The legislature finds that these circumstances result in higher rates of morbidity and mortality for persons of color and immigrant populations than observed in the general population.

(2) Therefore, the legislature intends to create health equity zones to address significant health disparities identified by health outcome data. The state intends to work with community leaders within the health equity zones to share information and coordinate efforts with the goal of addressing the most urgent needs. Health equity zone partners shall develop, expand, and maintain positive relationships with communities of color, Indian communities, communities experiencing poverty, and immigrant communities within the zone to develop effective and sustainable programs to address health inequity.

NEW SECTION. Sec. 2. A new section is added to chapter 43.70 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department, in coordination with the governor's interagency council on health disparities, local health jurisdictions, and accountable communities of health, must share and review population health data, which may be related to chronic and infectious diseases, maternal birth complications, preterm births and other newborn health complications, and any other relevant health data, including hospital community health needs assessments, to identify, or allow communities to self-identify, potential health equity zones in the state and develop projects to meet the unique needs of each zone. The department must provide technical support to communities in the use of data to facilitate self-identification of health equity zones.

(2) Communities' uses of data must align with projects and outcomes to be measured in self-identified zones.

(3) The department must use the first 12 months following the effective date of

this section to develop a plan and process to allow communities to implement health equity zone programs statewide. The department has authority to determine the number of health equity zones and projects based on available resources.

(4) Communities that self-identify zones or the department must notify relevant community organizations in the zones of the health equity zone designation and allow those organizations to identify projects to address the zone's most urgent needs related to health disparities. Community organizations may include, but are not limited to:

- (a) Community health clinics;
- (b) Local health providers;
- (c) Federally qualified health centers;
- (d) Health systems;
- (e) Local government;
- (f) Public school districts;
- (g) Recognized American Indian organizations and Indian health organizations;
- (h) Local health jurisdictions; and
- (i) Any other nonprofit organization working to address health disparities in the zone.

(5) Local organizations working within zones may form coalitions to identify the needs of the zone, design projects to address those needs, and develop an action plan to implement the projects. Local organizations may partner with state or national organizations outside the specific zone designation. Projects may include, but are not limited to:

- (a) Addressing health care provider access and health service delivery;
- (b) Improving information sharing and community trust in providers and services;
- (c) Conducting outreach and education efforts; and
- (d) Recommending systems and policy changes that will improve population health.

(6) The department must provide:

(a) Support to the coalitions in identifying and applying for resources to support projects within the zones;

(b) Technical assistance related to project management and developing health outcome and other measures to evaluate project success; and

(c) Subject to availability, funding to implement projects.

(7) Subject to the availability of amounts appropriated for this specific purpose, by December 1, 2023, and every two years thereafter, the department must submit a report to the legislature detailing the projects implemented in each zone and the outcome measures, including year-over-year health data, to demonstrate project success.

(8) For the purposes of this section "health equity zone" or "zone" means a contiguous geographic area that demonstrates measurable and documented health disparities and poor health outcomes, which may include but are not limited to high rates of maternal complications, newborn health complications, and chronic and infectious disease, is populated by communities of color, Indian communities, communities experiencing poverty, or immigrant communities, and is small enough for targeted interventions to have a significant impact on health outcomes and health disparities. Documented health disparities must be documented or identified by the department or the centers for disease control and prevention."

Prime Sponsor, Committee on Ways & Means: Concerning the management,

oversight, and use of data. Reported by
Committee on Appropriations

MAJORITY recommendation: Do pass as amended by
Committee on Civil Rights & Judiciary.

Strike everything after the enacting
clause and insert the following:

"NEW SECTION. Sec. 1. SHORT TITLE.
This act may be known and cited as the
Washington privacy act.

NEW SECTION. Sec. 2. LEGISLATIVE
FINDINGS AND INTENT. (1) The legislature
finds that the people of Washington
regard their privacy as a fundamental
right and an essential element of their
individual freedom. Washington's
Constitution explicitly provides the
right to privacy, and fundamental privacy
rights have long been and continue to be
integral to protecting Washingtonians
and to safeguarding our democratic
republic.

(2) Ongoing advances in technology
have produced an exponential growth in
the volume and variety of personal data
being generated, collected, stored, and
analyzed, which presents both promise and
potential peril. The ability to harness
and use data in positive ways is driving
innovation and brings beneficial
technologies to society. However, it has
also created risks to privacy and
freedom. The unregulated and
unauthorized use and disclosure of
personal information and loss of privacy
can have devastating impacts, ranging
from financial fraud, identity theft, and
unnecessary costs, to personal time and
finances, to destruction of property,
harassment, reputational damage,
emotional distress, and physical harm.

(3) Given that technological
innovation and new uses of data can help
solve societal problems, protect public
health associated with global pandemics,
and improve quality of life, the
legislature seeks to shape responsible
public policies where innovation and
protection of individual privacy
coexist. The legislature notes that our
federal authorities have not developed or
adopted into law regulatory or
legislative solutions that give
consumers control over their privacy. In
contrast, the European Union's general
data protection regulation has continued
to influence data privacy policies and
practices of those businesses competing
in global markets. In the absence of
federal standards, Washington and other

states across the United States are
analyzing elements of the European
Union's general data protection
regulation to enact state-based data
privacy regulatory protections.

(4) Responding to COVID-19 illustrates
the need for public policies that protect
individual privacy while fostering
technological innovation. For years,
contact tracing best practices have been
used by public health officials to
securely process high value individual
data and have effectively stopped the
prolific spread of infectious diseases.
However, the scale of COVID-19 is
unprecedented. Contact tracing is
evolving in a manner that necessitates
the use of technology to rapidly collect
and process data from multiple data sets,
many of which are unanticipated, to
protect public health as well as to
facilitate the continued safe operation
of the economy. The benefits of such
technology, however, should not
supersede the potential privacy risks to
individuals.

(5) Exposure notification applications
have already been deployed throughout the
country and the world. However, contact
tracing technology is rapidly evolving.
Applications may be integrated in a
manner that facilitates the aggregation
and sharing of individual data that in
effect generate profiles of individuals.
Artificial intelligence may be used for
the extrapolation of data to analyze and
interpret data for public health
purposes. Moreover, the potential
government use of exposure notification
applications poses additional potential
privacy risks to individuals due to the
types of sensitive data it has access to
and processes. Much of that processing
may have legal effects, including access
to services or establishments. The
capabilities of next generation contact
tracing technologies are unknown and
policies must be in place to provide
privacy protections for current uses as
well as potential future uses.

(6) With this act, the legislature
intends to: Provide a modern privacy
regulatory framework with data privacy
guardrails to protect individual
privacy; establish mechanisms for
consumers to exercise control over their
data; instill public confidence on the
processing of their personal and public
health data during any global pandemic;
and require companies to be responsible

custodians of data as technological innovations emerge.

(7) This act gives consumers the ability to protect their own rights to privacy by explicitly providing consumers the right to access, correct, and delete personal data, as well as the rights to obtain data in a portable format and to opt out of the collection and use of personal data for certain purposes. These rights will add to, and not subtract from, the consumer protection rights that consumers already have under Washington state law.

(8) This act also imposes affirmative obligations upon companies to safeguard personal data, and provide clear, understandable, and transparent information to consumers about how their personal data is used. It strengthens compliance and accountability by requiring data protection assessments in the collection and use of personal data. Finally, it exclusively empowers the state attorney general to obtain and evaluate a company's data protection assessments, to conduct investigations, while preserving consumers' rights under the consumer protection act to impose penalties where violations occur, and to prevent against future violations.

(9) Lastly, the legislature encourages the state office of privacy and data protection to monitor (1) the development of universal privacy controls that communicate a consumer's affirmative, freely given, and unambiguous choice to opt out of the processing of their personal data, and (2) the effectiveness of allowing a consumer to designate a third party to exercise a consumer right on their behalf as authorized in other privacy laws.

(3) In the case of processing personal data of a known child, the parent or legal guardian of the known child may exercise the rights of this chapter on the child's behalf.

(4) In the case of processing personal data concerning a consumer subject to guardianship, conservatorship, or other protective arrangement under chapter 11.88, 11.92, or 11.130 RCW, the guardian or the conservator of the consumer may exercise the rights of this chapter on the consumer's behalf.

NEW SECTION. Sec. 105. RESPONDING TO REQUESTS. (1) Except as provided in this chapter, the controller must comply with a request to exercise the rights pursuant to section 103 of this act.

(2) (a) Controllers must provide one or more secure and reliable means for consumers to submit a request to exercise their rights under this chapter. These means must take into account the ways in which consumers interact with the controller and the need for secure and reliable communication of the requests.

(b) Controllers may not require a consumer to create a new account in order to exercise a right, but a controller may require a consumer to use an existing account to exercise the consumer's rights under this chapter.

(3) A controller must comply with a request to exercise the right in section 103(5) of this act as soon as feasibly possible, but no later than 15 days of receipt of the request.

(4) (a) A controller must inform a consumer of any action taken on a request to exercise any of the rights in section 103 (1) through (4) of this act without undue delay and in any event within 45 days of receipt of the request. That period may be extended once by 45 additional days where reasonably necessary, taking into account the complexity and number of the requests. The controller must inform the consumer of any such extension within 45 days of receipt of the request, together with the reasons for the delay.

(b) If a controller does not take action on the request of a consumer, the controller must inform the consumer without undue delay and at the latest within 45 days of receipt of the request of the reasons for not taking action and instructions for how to appeal the decision with the controller as described in subsection (5) of this section.

(c) Information provided under this section must be provided by the controller to the consumer free of charge, up to twice annually. Where requests from a consumer are manifestly unfounded or excessive, in particular because of their repetitive character, the controller may either: (i) Charge a reasonable fee to cover the administrative costs of complying with the request; or (ii) refuse to act on the request. The controller bears the burden of demonstrating the manifestly unfounded or excessive character of the request.

(d) A controller is not required to comply with a request to exercise any of the rights under section 103 (1) through

(4) of this act if the controller is unable to authenticate the request using commercially reasonable efforts. In such a case, the controller may request the provision of additional information reasonably necessary to authenticate the request.

(5) (a) A controller must establish an internal process whereby a consumer may appeal a refusal to take action on a request to exercise any of the rights under section 103 of this act within a reasonable period of time after the controller refuses to take action on such request.

(b) The appeal process must be conspicuously available and as easy to use as the process for submitting such a request under this section.

(c) Within 30 days of receipt of an appeal, a controller must inform the consumer of any action taken or not taken in response to the appeal, along with a written explanation of the reasons in support thereof. That period may be extended by 60 additional days where reasonably necessary, taking into account the complexity and number of the requests serving as the basis for the appeal. The controller must inform the consumer of such an extension within 30 days of receipt of the appeal, together with the reasons for the delay. The controller must also provide the consumer with an email address or other online mechanism through which the consumer may submit the appeal, along with any action taken or not taken by the controller in response to the appeal and the controller's written explanation of the reasons in support thereof, to the attorney general.

(d) When informing a consumer of any action taken or not taken in response to an appeal pursuant to (c) of this subsection, the controller must clearly and prominently provide the consumer with information about how to file a complaint with the consumer protection division of the attorney general's office. The controller must maintain records of all such appeals and how it responded to them for at least 24 months and shall, upon request, compile and provide a copy of such records to the attorney general.

NEW SECTION. Sec. 106.
RESPONSIBILITY ACCORDING TO ROLE. (1)
Controllers and processors are responsible for meeting their respective

obligations established under this chapter.

(2) Processors are responsible under this chapter for adhering to the instructions of the controller and assisting the controller to meet its obligations under this chapter. This assistance includes the following:

(a) Taking into account the nature of the processing, the processor shall assist the controller by appropriate technical and organizational measures, insofar as this is possible, for the fulfillment of the controller's obligation to respond to consumer requests to exercise their rights pursuant to section 103 of this act; and

(b) Taking into account the nature of processing and the information available to the processor, the processor shall: Assist the controller in meeting the controller's obligations in relation to the security of processing the personal data and in relation to the notification of a breach of the security of the system pursuant to RCW 19.255.010; and provide information to the controller necessary to enable the controller to conduct and document any data protection assessments required by section 109 of this act. The controller and processor are each responsible for only the measures allocated to them.

(3) Notwithstanding the instructions of the controller, a processor shall:

(a) Ensure that each person processing the personal data is subject to a duty of confidentiality with respect to the data; and

(b) Engage a subcontractor only after providing the controller with an opportunity to object and pursuant to a written contract in accordance with subsection (5) of this section that requires the subcontractor to meet the obligations of the processor with respect to the personal data.

(4) Taking into account the context of processing, the controller and the processor shall implement appropriate technical and organizational measures to ensure a level of security appropriate to the risk and establish a clear allocation of the responsibilities between them to implement such measures.

(5) Processing by a processor must be governed by a contract between the controller and the processor that is

binding on both parties and that sets out the processing instructions to which the processor is bound, including the nature and purpose of the processing, the type of personal data subject to the processing, the duration of the processing, and the obligations and rights of both parties. In addition, the contract must include the requirements imposed by this subsection and subsections (3) and (4) of this section, as well as the following requirements:

(a) At the choice of the controller, the processor shall delete or return all personal data to the controller as requested at the end of the provision of services, unless retention of the personal data is required by law;

(b) (i) The processor shall make available to the controller all information necessary to demonstrate compliance with the obligations in this chapter; and

(ii) The processor shall allow for, and contribute to, reasonable audits and inspections by the controller or the controller's designated auditor. Alternatively, the processor may, with the controller's consent, arrange for a qualified and independent auditor to conduct, at least annually and at the processor's expense, an audit of the processor's policies and technical and organizational measures in support of the obligations under this chapter using an appropriate and accepted control standard or framework and audit procedure for the audits as applicable, and provide a report of the audit to the controller upon request.

(6) In no event may any contract relieve a controller or a processor from the liabilities imposed on them by virtue of its role in the processing relationship as defined by this chapter.

(7) Determining whether a person is acting as a controller or processor with respect to a specific processing of data is a fact-based determination that depends upon the context in which personal data are to be processed. A person that is not limited in its processing of personal data pursuant to a controller's instructions, or that fails to adhere to such instructions, is a controller and not a processor with respect to a specific processing of data. A processor that continues to adhere to a controller's instructions with respect to a specific processing of personal data

remains a processor. If a processor begins, alone or jointly with others, determining the purposes and means of the processing of personal data, it is a controller with respect to the processing.

NEW SECTION. Sec. 107.
RESPONSIBILITIES OF CONTROLLERS. (1) (a) Controllers shall provide consumers with a reasonably accessible, clear, and meaningful privacy notice that includes:

(i) The categories of personal data processed by the controller;

(ii) The purposes for which the categories of personal data are processed;

(iii) How and where consumers may exercise the rights contained in section 103 of this act, including how a consumer may appeal a controller's action with regard to the consumer's request;

(iv) The categories of personal data that the controller shares with third parties, if any; and

(v) The categories of third parties, if any, with whom the controller shares personal data.

(b) If a controller sells personal data to third parties or processes personal data for targeted advertising, the controller must clearly and conspicuously disclose the processing, as well as the manner in which a consumer may exercise the right to opt out of the processing, in a clear and conspicuous manner.

(c) The privacy notice required under this subsection must:

(i) Use clear and plain language;

(ii) Be in English and any other language in which a controller communicates with the consumer to whom the information pertains; and

(iii) Be understandable to the least sophisticated consumer.

(2) A controller's collection of personal data must be limited to what is reasonably necessary in relation to the purposes for which the data is processed.

(3) A controller's collection of personal data must be adequate, relevant, and limited to what is reasonably necessary in relation to the purposes for which the data is processed.

(4) Except as provided in this chapter, a controller may not process personal data for purposes that are not reasonably necessary to, or compatible with, the purposes for which the personal data is processed unless the controller obtains the consumer's consent.

(5) A controller shall establish, implement, and maintain reasonable administrative, technical, and physical data security practices to protect the confidentiality, integrity, and accessibility of personal data. The data security practices must be appropriate to the volume and nature of the personal data at issue.

(6) A controller shall not process personal data on the basis of a consumer's or a class of consumers' actual or perceived race, color, ethnicity, religion, national origin, sex, gender, gender identity, sexual orientation, familial status, lawful source of income, or disability, in a manner that unlawfully discriminates against the consumer or class of consumers with respect to the offering or provision of: (a) Housing; (b) employment; (c) credit; (d) education; or (e) the goods, services, facilities, privileges, advantages, or accommodations of any place of public accommodation.

(7) A controller may not discriminate against a consumer for exercising any of the rights contained in this chapter, including denying goods or services to the consumer, charging different prices or rates for goods or services, and providing a different level of quality of goods and services to the consumer. This subsection does not prohibit a controller from offering a different price, rate, level, quality, or selection of goods or services to a consumer, including offering goods or services for no fee, if the offering is in connection with a consumer's voluntary participation in a bona fide loyalty, rewards, premium features, discounts, or club card program. If a consumer exercises their right pursuant to section 103(5) of this act, a controller may not sell personal data to a third-party controller as part of such a program unless: (a) The sale is reasonably necessary to enable the third party to provide a benefit to which the consumer is entitled; (b) the sale of personal data to third parties is clearly disclosed in the terms of the program; and (c) the third party uses the personal

data only for purposes of facilitating such a benefit to which the consumer is entitled and does not retain or otherwise use or disclose the personal data for any other purpose.

(8) Except as otherwise provided in this chapter, a controller may not process sensitive data concerning a consumer without obtaining the consumer's consent or, in the case of the processing of sensitive data of a known child, without obtaining consent from the child's parent or lawful guardian, in accordance with the children's online privacy protection act requirements.

(9) Except as otherwise provided in this chapter, a controller may not process the personal data of a minor for the purposes of targeted advertising or the sale of personal data without obtaining consent from the minor.

(10) Any provision of a contract or agreement of any kind that purports to waive or limit in any way a consumer's rights under this chapter is deemed contrary to public policy and is void and unenforceable.

NEW SECTION. Sec. 108. PROCESSING DEIDENTIFIED DATA OR PSEUDONYMOUS DATA.

(1) This chapter does not require a controller or processor to do any of the following solely for purposes of complying with this chapter:

- (a) Reidentify deidentified data;
- (b) Comply with an authenticated consumer request to access, correct, delete, or port personal data pursuant to section 103 (1) through (4) of this act, if all of the following are true:
 - (i)(A) The controller is not reasonably capable of associating the request with the personal data; or (B) it would be unreasonably burdensome for the controller to associate the request with the personal data;

(ii) The controller does not use the personal data to recognize or respond to the specific consumer who is the subject of the personal data, or associate the personal data with other personal data about the same specific consumer; and

(iii) The controller does not sell the personal data to any third party or otherwise voluntarily disclose the personal data to any third party other than a processor, except as otherwise permitted in this section; or

(c) Maintain data in identifiable form, or collect, obtain, retain, or access any data or technology, in order to be capable of associating an authenticated consumer request with personal data.

(2) The rights contained in section 103 (1) through (4) of this act do not apply to pseudonymous data in cases where the controller is able to demonstrate any information necessary to identify the consumer is kept separately and is subject to effective technical and organizational controls that prevent the controller from accessing such information.

(3) A controller that uses pseudonymous data or deidentified data must exercise reasonable oversight to monitor compliance with any contractual commitments to which the pseudonymous data or deidentified data are subject and must take appropriate steps to address any breaches of contractual commitments.

NEW SECTION. Sec. 109. DATA PROTECTION ASSESSMENTS. (1) Controllers must conduct and document a data protection assessment of each of the following processing activities involving personal data:

- (a) The processing of personal data for purposes of targeted advertising;
- (b) The processing of personal data for the purposes of the sale of personal data;
- (c) The processing of personal data for purposes of profiling, where such profiling presents a reasonably foreseeable risk of: (i) Unfair or deceptive treatment of, or disparate impact on, consumers; (ii) financial, physical, or reputational injury to consumers; (iii) a physical or other intrusion upon the solitude or seclusion, or the private affairs or concerns, of consumers, where such intrusion would be offensive to a reasonable person; or (iv) other substantial injury to consumers;
- (d) The processing of sensitive data; and
- (e) Any processing activities involving personal data that present a heightened risk of harm to consumers.

Such data protection assessments must take into account the type of personal data to be processed by the controller, including the extent to which the personal data are sensitive data, and the

context in which the personal data are to be processed.

(2) Data protection assessments conducted under subsection (1) of this section must identify and weigh the benefits that may flow directly and indirectly from the processing to the controller, consumer, other stakeholders, and the public against the potential risks to the rights of the consumer associated with such processing, as mitigated by safeguards that can be employed by the controller to reduce such risks. The use of deidentified data and the reasonable expectations of consumers, as well as the context of the processing and the relationship between the controller and the consumer whose personal data will be processed, must be factored into this assessment by the controller.

(3) The attorney general may request, in writing, that a controller disclose any data protection assessment that is relevant to an investigation conducted by the attorney general. The controller must make a data protection assessment available to the attorney general upon such a request. The attorney general may evaluate the data protection assessments for compliance with the responsibilities contained in section 107 of this act and, if it serves a civil investigative demand, with RCW 19.86.110. Data protection assessments are confidential and exempt from public inspection and copying under chapter 42.56 RCW. The disclosure of a data protection assessment pursuant to a request from the attorney general under this subsection does not constitute a waiver of the attorney-client privilege or work product protection with respect to the assessment and any information contained in the assessment unless otherwise subject to case law regarding the applicability of attorney-client privilege or work product protections.

(4) Data protection assessments conducted by a controller for the purpose of compliance with other laws or regulations may qualify under this section if they have a similar scope and effect.

NEW SECTION. Sec. 110. LIMITATIONS AND APPLICABILITY. (1) The obligations imposed on controllers or processors under this chapter do not restrict a controller's or processor's ability to:

(a) Comply with federal, state, or local laws, rules, or regulations;

(b) Comply with a civil, criminal, or regulatory inquiry, investigation, subpoena, or summons by federal, state, local, or other governmental authorities;

(c) Cooperate with law enforcement agencies concerning conduct or activity that the controller or processor reasonably and in good faith believes may violate federal, state, or local laws, rules, or regulations;

(d) Investigate, establish, exercise, prepare for, or defend legal claims;

(e) Provide a product or service specifically requested by a consumer, perform a contract to which the consumer is a party, or take steps at the request of the consumer prior to entering into a contract;

(f) Take immediate steps to protect an interest that is essential for the life of the consumer or of another natural person, and where the processing cannot be manifestly based on another legal basis;

(g) Prevent, detect, protect against, or respond to security incidents, identity theft, fraud, harassment, malicious or deceptive activities, or any illegal activity; preserve the integrity or security of systems; or investigate, report, or prosecute those responsible for any such action;

(h) Engage in public or peer-reviewed scientific, historical, or statistical research in the public interest that adheres to all other applicable ethics and privacy laws and is approved, monitored, and governed by an institutional review board, human subjects research ethics review board, or a similar independent oversight entity that determines: (i) If the research is likely to provide substantial benefits that do not exclusively accrue to the controller; (ii) the expected benefits of the research outweigh the privacy risks; and (iii) if the controller has implemented reasonable safeguards to mitigate privacy risks associated with research, including any risks associated with reidentification; or

(i) Assist another controller, processor, or third party with any of the obligations under this subsection.

(2) The obligations imposed on controllers or processors under this chapter do not restrict a controller's or processor's ability to collect, use, or retain data to:

(a) Identify and repair technical errors that impair existing or intended functionality; or

(b) Perform solely internal operations that are reasonably aligned with the expectations of the consumer based on the consumer's existing relationship with the controller, or are otherwise compatible with processing in furtherance of the provision of a product or service specifically requested by a consumer or the performance of a contract to which the consumer is a party when those internal operations are performed during, and not following, the consumer's relationship with the controller.

(3) The obligations imposed on controllers or processors under this chapter do not apply where compliance by the controller or processor with this chapter would violate an evidentiary privilege under Washington law and do not prevent a controller or processor from providing personal data concerning a consumer to a person covered by an evidentiary privilege under Washington law as part of a privileged communication.

(4) A controller or processor that discloses personal data to a third-party controller or processor in compliance with the requirements of this chapter is not in violation of this chapter if the recipient processes such personal data in violation of this chapter, provided that, at the time of disclosing the personal data, the disclosing controller or processor did not have actual knowledge that the recipient intended to commit a violation. A third-party controller or processor receiving personal data from a controller or processor in compliance with the requirements of this chapter is likewise not in violation of this chapter for the obligations of the controller or processor from which it receives such personal data.

(5) Obligations imposed on controllers and processors under this chapter shall not:

(a) Adversely affect the rights or freedoms of any persons, such as exercising the right of free speech pursuant to the First Amendment to the United States Constitution; or

(b) Apply to the processing of personal data by a natural person in the course of a purely personal or household activity.

(6) Processing personal data solely for the purposes expressly identified in subsection (1)(a) through (g) of this section does not, by itself, make an entity a controller with respect to the processing.

(7) If a controller processes personal data pursuant to an exemption in this section, the controller bears the burden of demonstrating that the processing qualifies for the exemption and complies with the requirements in subsection (8) of this section.

(8) (a) Personal data that is processed by a controller pursuant to this section must not be processed for any purpose other than those expressly listed in this section.

(b) Personal data that is processed by a controller pursuant to this section may be processed solely to the extent that such processing is: (i) Necessary, reasonable, and proportionate to the purposes listed in this section; (ii) adequate, relevant, and limited to what is necessary in relation to the specific purpose or purposes listed in this section; and (iii) insofar as possible, taking into account the nature and purpose of processing the personal data, subjected to reasonable administrative, technical, and physical measures to protect the confidentiality, integrity, and accessibility of the personal data, and to reduce reasonably foreseeable risks of harm to consumers.

NEW SECTION. Sec. 111. PRIVATE RIGHT OF ACTION. (1) Except as provided in subsection (2) of this section, nothing in this chapter creates an independent cause of action, except for the actions brought by the attorney general to enforce this chapter. Except as provided in subsection (2) of this section, no person, except for the attorney general, may enforce the rights and protections created by this chapter in any action. However, nothing in this chapter limits any other independent causes of action enjoyed by any person, including any constitutional, statutory, administrative, or common law rights or causes of action. The rights and protections in this chapter are not exclusive, and to the extent that a person has the rights and protections in

this chapter because of another law other than this chapter, the person continues to have those rights and protections notwithstanding the existence of this chapter.

(2) A consumer alleging a violation of section 103 or 107 (6), (8), or (9) of this act may bring a civil action in any court of competent jurisdiction. Remedies shall be limited to appropriate injunctive relief. The court shall also award reasonable attorneys' fees and costs to any prevailing plaintiff.

NEW SECTION. **Sec. 112.** ENFORCEMENT.

(1) Except as provided in section 111 of this act, chapter may be enforced solely by the attorney general under the consumer protection act, chapter 19.86 RCW.

(2) In actions brought by the attorney general, the legislature finds: (a) The practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW, and (b) a violation of this chapter is not reasonable in relation to the development and preservation of business, is an unfair or deceptive act in trade or commerce, and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

(3) The legislative declarations in this section shall not apply to any claim or action by any party other than the attorney general alleging that conduct regulated by this chapter violates chapter 19.86 RCW, and this chapter does not incorporate RCW 19.86.093.

(4) Until July 31, 2023, in the event of a controller's or processor's violation under this chapter, prior to filing a complaint, the attorney general must provide the controller or processor with a warning letter identifying the specific provisions of this chapter the attorney general alleges have been or are being violated. If, after 30 days of issuance of the warning letter, the attorney general believes the controller or processor has failed to cure any alleged violation, the attorney general may bring an action against the controller or processor as provided under this chapter.

(5) Beginning July 31, 2023, in determining a civil penalty under this chapter, the court must consider, as mitigating factors, a controller's or

processor's good faith efforts to comply with the requirements of this chapter and any actions to cure or remedy the violations before an action is filed.

(6) All receipts from the imposition of civil penalties under this chapter must be deposited into the consumer privacy account created in section 113 of this act.

NEW SECTION. **Sec. 113.** CONSUMER PRIVACY ACCOUNT. The consumer privacy account is created in the state treasury. All receipts from the imposition of civil penalties under this chapter must be deposited into the account. Moneys in the account may be spent only after appropriation. Moneys in the account may only be used for the purposes of recovery of costs and attorneys' fees accrued by the attorney general in enforcing this chapter and for the office of privacy and data protection as created in RCW 43.105.369. Moneys may not be used to supplant general fund appropriations to either agency.

NEW SECTION. **Sec. 114.** PREEMPTION.

(1) Except as provided in this section, this chapter supersedes and preempts laws, ordinances, regulations, or the equivalent adopted by any local entity regarding the processing of personal data by controllers or processors.

(2) Laws, ordinances, or regulations regarding the processing of personal data by controllers or processors that are adopted by any local entity prior to July 1, 2020, are not superseded or preempted.

NEW SECTION. **Sec. 115.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 116.** PRIVACY OFFICE REPORT.

(1) The state office of privacy and data protection, in collaboration with the office of the attorney general, shall research and examine existing analysis on the development of technology, such as a browser setting, browser extension, or global device setting, indicating a consumer's affirmative, freely given, and unambiguous choice to opt out of the processing of personal data for the purposes of targeted advertising, the sale of personal data, or profiling in furtherance of decisions that produce legal effects concerning consumers or similarly significant effects concerning

consumers, and the effectiveness of allowing a consumer to designate a third party to exercise a consumer right on their behalf. A contracted study is not required.

(2) The office of privacy and data protection shall submit a report of its findings and will identify specific recommendations to the governor and the appropriate committees of the legislature by December 1, 2022.

NEW SECTION. Sec. 117. A new section is added to chapter 42.56 RCW to read as follows:

Data protection assessments submitted by a controller to the attorney general in accordance with requirements under section 109 of this act are exempt from disclosure under this chapter.

NEW SECTION. Sec. 118. A new section is added to chapter 44.28 RCW to read as follows:

(1) By December 1, 2023, the joint committee must review the efficacy of the attorney general providing controllers and processors with warning letters and 30 days to cure alleged violations in the warning letters pursuant to section 112 of this act and report its findings to the governor and the appropriate committees of the legislature.

(2) The report must include, but not be limited to:

(a) The number of warning letters the attorney general sent to controllers and processors;

(b) A list of the controller and processor names that received the warning letters;

(c) The categories of violations and the number of violations per category;

(d) The number of actions brought by the attorney general as authorized in this act due to a controller or processor not curing the alleged violations within 30 days;

(e) The types of resources, including associated costs, expended when providing warning letters and tracking compliance; and

(f) A recommendation on whether the warning letters provided by the attorney general should be continued.

(3) The office of the attorney general shall provide the joint committee any

data within their purview that the joint committee considers necessary to conduct the review.

(4) This section expires June 30, 2024.

(10) "Deidentified data" means data that cannot reasonably be used to infer information about, or otherwise be linked to, an identified or identifiable natural person, or a device linked to such a person, provided that the controller that possesses the data: (a) Takes reasonable measures to ensure that the data cannot be associated with a natural person, household, or device; (b) publicly commits to maintain and use the data only in a deidentified fashion and not attempt to reidentify the data; and (c) contractually obligates any recipients of the information to comply with all provisions of this subsection.

(18) "Personal health data" means information relating to the past, present, or future diagnosis or treatment of a consumer regarding an infectious disease.

(19) "Process," "processed," or "processing" means any operation or set of operations that are performed on covered data or on sets of covered data by automated means, such as the collection, use, storage, disclosure, analysis, deletion, or modification of covered data.

(21) "Protected health information" has the same meaning as defined in Title 45 C.F.R. Sec. 160.103, established pursuant to the federal health insurance portability and accountability act of 1996.

(22) "Proximity data" means technologically derived information that identifies past or present proximity of one consumer to another, or the proximity of natural persons to other locations or objects.

(23) "Publicly available information" means information that is lawfully made available from federal, state, or local government records.

(27) "Third party" means a natural or legal person, public authority, agency, or body other than the consumer, controller, processor, or an affiliate of the processor or the controller.

NEW SECTION. **Sec. 202.** PROHIBITIONS. Except as provided in this chapter, it is unlawful for a controller or processor to:

(1) Process covered data for a covered purpose unless:

(a) The controller or processor provides the consumer with a privacy notice as required in section 207 of this act prior to or at the time of the processing; and

(b) The consumer provides consent for the processing;

(2) Disclose any covered data processed for a covered purpose to federal, state, or local law enforcement;

(3) Sell any covered data processed for a covered purpose; or

(4) Share any covered data processed for a covered purpose with another controller, processor, or third party unless the sharing is governed by contract pursuant to section 206 of this act and is disclosed to a consumer in the notice required in section 207 of this act.

NEW SECTION. **Sec. 203.** CONSUMER RIGHTS. (1) A consumer has the right to opt out of the processing of covered data concerning the consumer for a covered purpose.

(2) A consumer has the right to confirm whether or not a controller is processing covered data concerning the consumer for a covered purpose and access the covered data.

(3) A consumer has the right to request correction of inaccurate covered data concerning the consumer processed for a covered purpose.

(4) A consumer has the right to request deletion of covered data concerning the consumer processed for a covered purpose.

NEW SECTION. **Sec. 204.** EXERCISING CONSUMER RIGHTS. (1) A consumer may exercise the rights set forth in section 203 of this act by submitting a request, at any time, to a controller specifying which rights the consumer wishes to exercise.

(2) In the case of processing personal data of a known child, the parent or legal guardian of the known child may exercise the rights of this chapter on the child's behalf.

(3) In the case of processing personal data concerning a consumer subject to guardianship, conservatorship, or other protective arrangement under chapter 11.88, 11.92, or 11.130 RCW, the guardian or the conservator of the consumer may exercise the rights of this chapter on the consumer's behalf.

NEW SECTION. **Sec. 205.** RESPONDING TO REQUESTS. (1) Except as provided in this chapter, controllers that process covered data for a covered purpose must comply with a request to exercise the rights pursuant to section 203 of this act.

(2) (a) Controllers must provide one or more secure and reliable means for consumers to submit a request to exercise their rights under this chapter. These means must take into account the ways in which consumers interact with the controller and the need for secure and reliable communication of the requests.

(b) Controllers may not require a consumer to create a new account in order to exercise a right, but a controller may require a consumer to use an existing account to exercise the consumer's rights under this chapter.

(3) A controller must comply with a request to exercise the right in section 203(1) of this act as soon as feasibly possible, but no later than 15 days of receipt of the request.

(4) (a) A controller must inform a consumer of any action taken on a request to exercise any of the rights in section 203 (2) through (4) of this act without undue delay and in any event within 45 days of receipt of the request. That period may be extended once by 45 additional days where reasonably necessary, taking into account the

complexity and number of the requests. The controller must inform the consumer of any such extension within 45 days of receipt of the request, together with the reasons for the delay.

(b) If a controller does not take action on the request of a consumer, the controller must inform the consumer without undue delay and within 45 days of receipt of the request, of the reasons for not taking action and instructions for how to appeal the decision with the controller as described in subsection (5) of this section.

(c) Information provided under this section must be provided by the controller to the consumer free of charge, up to twice annually. Where requests from a consumer are manifestly unfounded or excessive, because of their repetitive character, the controller may either: (i) Charge a reasonable fee to cover the administrative costs of complying with the request; or (ii) refuse to act on the request. The controller bears the burden of demonstrating the manifestly unfounded or excessive character of the request.

(d) A controller is not required to comply with a request to exercise any of the rights under section 203 (1) through (4) of this act if the controller is unable to authenticate the request using commercially reasonable efforts. In such a case, the controller may request the provision of additional information reasonably necessary to authenticate the request.

(5)(a) Controllers must establish an internal process whereby consumers may appeal a refusal to take action on a request to exercise any of the rights under section 203 of this act within a reasonable period of time after the consumer's receipt of the notice sent by the controller under subsection (4)(b) of this section.

(b) The appeal process must be conspicuously available and as easy to use as the process for submitting such a request under this section.

(c) Within 30 days of receipt of an appeal, a controller must inform the consumer of any action taken or not taken in response to the appeal, along with a written explanation of the reasons in support thereof. That period may be extended by 60 additional days where reasonably necessary, taking into account the complexity and number of the

requests serving as the basis for the appeal. The controller must inform the consumer of such an extension within 30 days of receipt of the appeal, together with the reasons for the delay. The controller must also provide the consumer with an email address or other online mechanism through which the consumer may submit the appeal, along with any action taken or not taken by the controller in response to the appeal and the controller's written explanation of the reasons in support thereof, to the attorney general.

(d) When informing a consumer of any action taken or not taken in response to an appeal pursuant to (c) of this subsection, the controller must clearly and prominently provide the consumer with information about how to file a complaint with the consumer protection division of the attorney general's office. The controller must maintain records of all such appeals and how it responded to them for at least 24 months and shall, upon request, compile and provide a copy of such records to the attorney general.

NEW SECTION. **Sec. 206.**
RESPONSIBILITY ACCORDING TO ROLE. (1) Controllers and processors are responsible for meeting their respective obligations established under this chapter.

(2) Processors are responsible under this chapter for adhering to the instructions of the controller and assisting the controller to meet their obligations under this chapter. This assistance includes the following:

(a) Taking into account the nature of the processing, the processor shall assist the controller by appropriate technical and organizational measures, insofar as this is possible, for the fulfillment of the controller's obligation to respond to consumer requests to exercise their rights pursuant to section 203 of this act; and

(b) Taking into account the nature of processing and the information available to the processor, the processor shall assist the controller in meeting the controller's obligations in relation to the security of processing the personal data and in relation to the notification of a breach of the security of the system pursuant to RCW 19.255.010.

(3) Notwithstanding the instructions of the controller, a processor shall:

(a) Ensure that each person processing the personal data is subject to a duty of confidentiality with respect to the data; and

(b) Engage a subcontractor only after providing the controller with an opportunity to object and pursuant to a written contract in accordance with subsection (5) of this section that requires the subcontractor to meet the obligations of the processor with respect to the personal data.

(4) Taking into account the context of processing, the controller and the processor shall implement appropriate technical and organizational measures to ensure a level of security appropriate to the risk and establish a clear allocation of the responsibilities between them to implement such measures.

(5) Processing by a processor must be governed by a contract between the controller and the processor that is binding on both parties and that sets out the processing instructions to which the processor is bound, including the nature and purpose of the processing, the type of personal data subject to the processing, the duration of the processing, and the obligations and rights of both parties. In addition, the contract must include the requirements imposed by this subsection and subsections (3) and (4) of this section, as well as the following requirements:

(a) At the choice of the controller, the processor shall delete or return all personal data to the controller as requested at the end of the provision of services, unless retention of the personal data is required by law;

(b) (i) The processor shall make available to the controller all information necessary to demonstrate compliance with the obligations in this chapter; and

(ii) The processor shall allow for, and contribute to, reasonable audits and inspections by the controller or the controller's designated auditor. Alternatively, the processor may, with the controller's consent, arrange for a qualified and independent auditor to conduct, at least annually and at the processor's expense, an audit of the processor's policies and technical and organizational measures in support of the obligations under this chapter using an appropriate and accepted control standard or framework and audit procedure

for the audits as applicable, and provide a report of the audit to the controller upon request.

(6) In no event may any contract relieve a controller or a processor from the liabilities imposed on them by virtue of its role in the processing relationship as defined by this chapter.

(7) Determining whether a person is acting as a controller or processor with respect to a specific processing of data is a fact-based determination that depends upon the context in which personal data is to be processed. A person that is not limited in its processing of personal data pursuant to a controller's instructions, or that fails to adhere to such instructions, is a controller and not a processor with respect to a specific processing of data. A processor that continues to adhere to a controller's instructions with respect to a specific processing of personal data remains a processor. If a processor begins, alone or jointly with others, determining the purposes and means of the processing of personal data, it is a controller with respect to the processing.

NEW SECTION. Sec. 207.
RESPONSIBILITIES OF CONTROLLERS. (1) Controllers that process covered data for a covered purpose must provide consumers with a clear and conspicuous privacy notice that includes, at a minimum:

(a) How a consumer may exercise the rights contained in section 203 of this act, including how a consumer may appeal a controller's action with regard to the consumer's request;

(b) The categories of covered data processed by the controller;

(c) The purposes for which the categories of covered data are processed;

(d) The categories of covered data that the controller shares with third parties, if any; and

(e) The categories of third parties, if any, with whom the controller shares covered data.

(2) A controller's collection of covered data must be limited to what is reasonably necessary in relation to the covered purposes for which the data is processed.

(3) A controller's collection of covered data must be adequate, relevant,

and limited to what is reasonably necessary in relation to the covered purpose for which the data is processed.

(4) Except as provided in this chapter, a controller may not process covered data for purposes that are not reasonably necessary to, or compatible with, the covered purposes for which the personal data is processed unless the controller obtains the consumer's consent. Controllers may not process covered data or deidentified data that was processed for a covered purpose for purposes of marketing, developing new products or services, or engaging in commercial product or market research.

(5) A controller shall establish, implement, and maintain reasonable administrative, technical, and physical data security practices to protect the confidentiality, integrity, and accessibility of covered data. The data security practices must be appropriate to the volume and nature of the personal data at issue.

(6) A controller must delete or deidentify all covered data processed for a covered purpose when the data is no longer being used for the covered purpose.

(7) A controller may not process personal data on the basis of a consumer's or a class of consumers' actual or perceived race, color, ethnicity, religion, national origin, sex, gender, gender identity, sexual orientation, familial status, lawful source of income, or disability, in a manner that unlawfully discriminates against the consumer or class of consumers with respect to the offering or provision of: (a) Housing; (b) employment; (c) credit; (d) education; or (e) the goods, services, facilities, privileges, advantages, or accommodations of any place of public accommodation.

(8) Any provision of a contract or agreement of any kind that purports to waive or limit in any way a consumer's rights under this chapter is deemed contrary to public policy and is void and unenforceable.

NEW SECTION. Sec. 208. LIMITATIONS AND APPLICABILITY. (1) The obligations imposed on controllers or processors under this chapter do not restrict a controller's or processor's ability to:

(a) Comply with federal, state, or local laws, rules, or regulations; or

(b) Process deidentified information to engage in public or peer-reviewed scientific, historical, or statistical research in the public interest that adheres to all other applicable ethics and privacy laws and is approved, monitored, and governed by an institutional review board, human subjects research ethics review board, or a similar independent oversight entity that determines: (i) If the research is likely to provide substantial benefits that do not exclusively accrue to the controller; (ii) the expected benefits of the research outweigh the privacy risks; and (iii) if the controller has implemented reasonable safeguards to mitigate privacy risks associated with research, including any risks associated with reidentification.

(2) This chapter does not apply to:

(a) Information that meets the definition of:

(i) Protected health information for purposes of the federal health insurance portability and accountability act of 1996 and health insurance portability and accountability act of 1996 and related regulations;

(ii) Health care information for purposes of chapter 70.02 RCW;

(iii) Identifiable private information for purposes of the federal policy for the protection of human subjects, 45 C.F.R. Part 46; identifiable private information that is otherwise information collected as part of human subjects research pursuant to the good clinical practice guidelines issued by the international council for harmonization; the protection of human subjects under 21 C.F.R. Parts 50 and 56; or personal data used or shared in research conducted in accordance with one or more of the requirements set forth in this subsection; or

(iv) Information that is (A) deidentified in accordance with the requirements for deidentification set forth in 45 C.F.R. Sec. 164, and (B) derived from any of the health care-related information listed in this subsection (2)(a);

(b) Information originating from, and intermingled to be indistinguishable

with, information under (a) of this subsection that is maintained by:

(i) A covered entity or business associate as defined by the health insurance portability and accountability act of 1996 and related regulations;

(ii) A health care facility or health care provider as defined in RCW 70.02.010; or

(iii) A program or a qualified service organization as defined by 42 C.F.R. Part 2, established pursuant to 42 U.S.C. Sec. 290dd-2;

(c) Information used only for public health activities and purposes as described in 45 C.F.R. Sec. 164.512; or

(d) Data maintained for employment records purposes.

(3) Processing covered data solely for the purposes expressly identified in subsection (1) of this section does not, by itself, make an entity a controller with respect to the processing.

(4) If a controller processes covered data pursuant to an exemption in subsection (1) of this section, the controller bears the burden of demonstrating that the processing qualifies for the exemption and complies with the requirements in subsection (2) of this section.

(5)(a) Covered data that is processed by a controller pursuant to this section must not be processed for any purpose other than those expressly listed in this section.

(b) Covered data that is processed by a controller pursuant to this section may be processed solely to the extent that such processing is: (i) Necessary, reasonable, and proportionate to the purposes listed in this section; (ii) adequate, relevant, and limited to what is necessary in relation to the specific purpose or purposes listed in this section; and (iii) insofar as possible, taking into account the nature and purpose of processing the personal data, subjected to reasonable administrative, technical, and physical measures to protect the confidentiality, integrity, and accessibility of the personal data, and to reduce reasonably foreseeable risks of harm to consumers.

NEW SECTION. Sec. 209. PRIVATE RIGHT OF ACTION. (1) Except as provided in subsection (2) of this section, nothing

in this chapter creates an independent cause of action, except for the actions brought by the attorney general to enforce this chapter. Except as provided in subsection (2) of this section, no person, except for the attorney general, may enforce the rights and protections created by this chapter in any action. However, nothing in this chapter limits any other causes of action enjoyed by any person, including any constitutional, statutory, administrative, or common law rights or causes of action. The rights and protections in this chapter are not exclusive, and to the extent that a person has the rights and protections in this chapter because of another law other than this chapter, the person continues to have those rights and protections notwithstanding the existence of this chapter.

(2) A consumer alleging a violation of section 203 or 207(7) of this act may bring a civil action in any court of competent jurisdiction. Remedies shall be limited to appropriate injunctive relief. The court shall also award reasonable attorneys' fees and costs to any prevailing plaintiff.

NEW SECTION. Sec. 210. ENFORCEMENT.

(1) Except as provided in section 209 of this act, this chapter may be enforced solely by the attorney general under the consumer protection act, chapter 19.86 RCW.

(2) In actions brought by the attorney general, the legislature finds: (a) The practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW, and (b) a violation of this chapter is not reasonable in relation to the development and preservation of business, is an unfair or deceptive act in trade or commerce, and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

(3) The legislative declarations in this section shall not apply to any claim or action by any party other than the attorney general alleging that conduct regulated by this chapter violates chapter 19.86 RCW, and this chapter does not incorporate RCW 19.86.093.

(4) Until July 31, 2023, in the event of a controller's or processor's violation under this chapter, prior to filing a complaint, the attorney general

must provide the controller or processor with a warning letter identifying the specific provisions of this chapter the attorney general alleges have been or are being violated. If, after 30 days of issuance of the warning letter, the attorney general believes the controller or processor has failed to cure any alleged violation, the attorney general may bring an action against the controller or processor as provided under this chapter.

(5) Beginning July 31, 2023, in determining a civil penalty under this chapter, the court must consider, as mitigating factors, a controller's or processor's good faith efforts to comply with the requirements of this chapter and any actions to cure or remedy the violations before an action is filed.

(6) All receipts from the imposition of civil penalties under this chapter must be deposited into the consumer privacy account created in section 113 of this act.

NEW SECTION. **Sec. 211.** PREEMPTION.

(1) Except as provided in this section, this chapter supersedes and preempts laws, ordinances, regulations, or the equivalent adopted by any local entity regarding the processing of covered data for a covered purpose by controllers or processors.

(2) Laws, ordinances, or regulations regarding the processing of covered data for a covered purpose by controllers or processors that are adopted by any local entity prior to July 1, 2020, are not superseded or preempted.

NEW SECTION. **Sec. 212.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

PART 3

Data Privacy Regarding Public Health Emergency—Public Sector

NEW SECTION. **Sec. 301.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Consent" means any freely given, specific, informed, and unambiguous indication of the consumer's wishes by which the consumer signifies agreement to the processing of personal data relating to the consumer for a narrowly defined

particular purpose. Acceptance of a general or broad terms of use or similar document that contains descriptions of personal data processing along with other, unrelated information, does not constitute consent. Hovering over, muting, pausing, or closing a given piece of content does not constitute consent. Likewise, agreement obtained through dark patterns does not constitute consent.

(2) "Controller" means the local government, state agency, or institutions of higher education that, alone or jointly with others, determines the purposes and means of the processing of technology-assisted contact tracing information.

(3)(a) "Deidentified data" means data that cannot reasonably be used to infer information about, or otherwise be linked to, an identified or identifiable natural person, or a device linked to such a person, provided that the controller that possesses the data: (i) Takes reasonable measures to ensure that the data cannot be associated with a natural person, household, or device; (ii) publicly commits to maintain and use the data only in a deidentified fashion and not attempt to reidentify the data; and (iii) except as provided in (b) of this subsection, contractually obligates any recipients of the information to comply with all provisions of this subsection.

(b) For the purposes of this subsection, the obligations imposed under (a)(iii) of this subsection do not apply when a controller discloses deidentified data to the public pursuant to chapter 42.56 RCW or other state disclosure laws.

(4) "Delete" means to remove or destroy information such that it is not maintained in human or machine-readable form and cannot be retrieved or utilized in the course of business.

(5) "Identified or identifiable natural person" means an individual who can be readily identified, directly or indirectly.

(6) "Individual" means a natural person who is a Washington resident acting only in an individual or household context. "Individual" does not include a natural person acting in a commercial or employment context.

(7) "Institutions of higher education" has the same meaning as defined in RCW 28B.92.030.

(8) "Local government" has the same meaning as in RCW 39.46.020.

(9) "Local health departments" has the same meaning as in RCW 70.05.010.

(10)(a) "Process," "processed," or "processing" means any operation or set of operations that are performed on technology-assisted contact tracing information by automated means, such as the collection, use, storage, disclosure, analysis, deletion, or modification of technology-assisted contact tracing information.

(b) "Processing" does not include means such as recognized investigatory measures intended to gather information to facilitate investigations including, but not limited to, traditional in-person, email, or telephonic activities used as of the effective date of this section by the department of health, created under chapter 43.70 RCW, or local health departments to provide for the control and prevention of any dangerous, contagious, or infectious disease.

(11) "Processor" means a natural or legal person, local government, state agency, or institutions of higher education that processes technology-assisted contact tracing information on behalf of a controller.

(12) "Secure" means encrypted in a manner that meets or exceeds the national institute of standards and technology standard or is otherwise modified so that the technology-assisted contact tracing information is rendered unreadable, unusable, or undecipherable by an unauthorized person.

(13) "Sell" means the exchange of technology-assisted contact tracing information for monetary or other valuable consideration by the controller to a third party. For the purposes of this subsection, "sell" does not include the recovery of fees by a controller.

(14) "State agency" has the same meaning as defined in RCW 43.105.020.

(15) "Technology-assisted contact tracing" means the use of a digital application or other electronic or digital platform that is capable of independently transmitting information and is offered to individuals for the purpose of notifying individuals who may

have had contact with an infectious person through data collection and analysis as a means of controlling the spread of a communicable disease.

(16) "Technology-assisted contact tracing information" means any information, data, or metadata received through technology-assisted contact tracing.

(17) "Third party" means a natural or legal person, public authority, agency, or body other than the individual, controller, processor, or an affiliate of the processor or the controller.

NEW SECTION. **Sec. 302.** PROHIBITIONS. Except as provided in this chapter, it is unlawful for a controller or processor to:

(1) Process technology-assisted contact tracing information unless:

(a) The controller or processor provides the individual with a privacy notice prior to or at the time of the processing; and

(b) The individual provides consent for the processing;

(2) Disclose any technology-assisted contact tracing information to federal, state, or local law enforcement;

(3) Sell any technology-assisted contact tracing information; or

(4) Share any technology-assisted contact tracing information with another controller, processor, or third party unless the sharing is governed by a contract or data-sharing agreement as prescribed in section 303 of this act and is disclosed to an individual in the notice required in section 304 of this act.

NEW SECTION. **Sec. 303.** RESPONSIBILITY ACCORDING TO ROLE. (1) Controllers and processors are responsible for meeting their respective obligations established under this chapter.

(2) Processors are responsible under this chapter for adhering to the instructions of the controller and assisting the controller to meet its obligations under this chapter. This assistance must include the processor assisting the controller in meeting the controller's obligations in relation to the security of processing technology-assisted contact tracing information and in relation to the notification of a

breach of the security of the system pursuant to RCW 42.56.590.

(3) Notwithstanding the instructions of the controller, a processor shall:

(a) Ensure that each person processing the technology-assisted contact tracing information is subject to a duty of confidentiality with respect to the information; and

(b) Engage a subcontractor only after providing the controller with an opportunity to object and pursuant to a written contract in accordance with subsection (5) of this section that requires the subcontractor to meet the obligations of the processor with respect to the technology-assisted contact tracing information.

(4) Taking into account the context of processing, the controller and the processor shall implement appropriate technical and organizational measures to ensure a level of security appropriate to the risk and establish a clear allocation of the responsibilities between them to implement such measures.

(5) Processing by a processor must be governed by a contract or data-sharing agreement between the controller and the processor that is binding on both parties and that sets out the processing instructions to which the processor is bound, including the nature and purpose of the processing, the type of data subject to the processing, the duration of the processing, and the obligations and rights of both parties. In addition, the contract or data-sharing agreement must include the requirements imposed by this subsection and subsections (3) and (4) of this section, as well as the following requirements:

(a) At the choice of the controller, the processor shall delete or return all technology-assisted contact tracing information to the controller as requested at the end of the provision of services, unless retention of the technology-assisted contact tracing information is required by law;

(b) (i) The processor shall make available to the controller all information necessary to demonstrate compliance with the obligations in this chapter; and

(ii) The processor shall allow for, and contribute to, reasonable audits and inspections by the controller or the

controller's designated auditor. Alternatively, the processor may, with the controller's consent, arrange for a qualified and independent auditor to conduct, at least annually and at the processor's expense, an audit of the processor's policies and technical and organizational measures in support of the obligations under this chapter using an appropriate and accepted control standard or framework and audit procedure for the audits as applicable, and provide a report of the audit to the controller upon request.

(6) In no event may any contract or data-sharing agreement relieve a controller or a processor from the liabilities imposed on them by virtue of its role in the processing relationship as defined in this chapter.

(7) Determining whether a person is acting as a controller or processor with respect to a specific processing of data is a fact-based determination that depends upon the context in which technology-assisted contact tracing information is to be processed. A person that is not limited in its processing of technology-assisted contact tracing information pursuant to a controller's instructions, or that fails to adhere to such instructions, is a controller and not a processor with respect to processing of technology-assisted contact tracing information. A processor that continues to adhere to a controller's instructions with respect to processing of technology-assisted contact tracing information remains a processor. If a processor begins, alone or jointly with others, determining the purposes and means of the processing of technology-assisted contact tracing information, it is a controller with respect to the processing.

NEW SECTION. **Sec. 304.**
RESPONSIBILITIES OF CONTROLLERS. (1) Controllers that process technology-assisted contact tracing information must provide individuals with a clear and conspicuous privacy notice that includes, at a minimum:

(a) The categories of technology-assisted contact tracing information processed by the controller;

(b) The purposes for which the categories of technology-assisted contact tracing information are processed;

(c) The categories of technology-assisted contact tracing information that the controller shares with third parties, if any; and

(d) The categories of third parties, if any, with whom the controller shares technology-assisted contact tracing information.

(2) A controller's collection of technology-assisted contact tracing information must be limited to what is reasonably necessary in relation to the technology-assisted contact tracing purpose for which the information is processed.

(3) A controller's collection of technology-assisted contact tracing information must be adequate, relevant, and limited to what is reasonably necessary in relation to the technology-assisted contact tracing purposes for which the information is processed.

(4) Except as provided in this chapter, a controller may not process technology-assisted contact tracing information for purposes that are not reasonably necessary to, or compatible with, the technology-assisted contact tracing purposes for which the technology-assisted contact tracing information is processed unless the controller obtains the individual's consent. Controllers may not process technology-assisted contact tracing information or deidentified data that was processed for a technology-assisted contact tracing purpose for purposes of marketing, developing new products or services, or engaging in commercial product or market research.

(5) A controller shall establish, implement, and maintain reasonable administrative, technical, and physical data security practices to protect the confidentiality, integrity, and accessibility of technology-assisted contact tracing information. These data security practices must be appropriate to the volume and nature of the data at issue.

(6) A controller must delete or deidentify all technology-assisted contact tracing information when the information is no longer being used for a technology-assisted contact tracing purpose and has met records retention as required by federal or state law.

(7) A controller may not process technology-assisted contact tracing

information on the basis of an individual's or a class of individuals' actual or perceived race, color, ethnicity, religion, national origin, sex, gender, gender identity, sexual orientation, familial status, lawful source of income, or disability, in a manner that unlawfully discriminates against the individual or class of individuals with respect to the offering or provision of: (a) Housing; (b) employment; (c) credit; (d) education; or (e) the goods, services, facilities, privileges, advantages, or accommodations of any place of public accommodation.

NEW SECTION. **Sec. 305.** LIMITATIONS AND APPLICABILITY. (1) The obligations imposed on controllers or processors under this chapter do not restrict a controller's or processor's ability to:

(a) Comply with federal, state, or local laws, rules, or regulations; or

(b) Process deidentified information to engage in public or peer-reviewed scientific, historical, or statistical research in the public interest that adheres to all other applicable ethics and privacy laws and is approved, monitored, and governed by an institutional review board, human subjects research ethics review board, or a similar independent oversight entity that determines: (i) If the research is likely to provide substantial benefits that do not exclusively accrue to the controller; (ii) the expected benefits of the research outweigh the privacy risks; and (iii) the controller has implemented reasonable safeguards to mitigate privacy risks associated with research, including any risks associated with reidentification.

(2) Processing technology-assisted contact tracing information solely for the purposes expressly identified in this section does not, by itself, make an entity a controller with respect to such processing.

(3) If a controller processes technology-assisted contact tracing information pursuant to an exemption in this section, the controller bears the burden of demonstrating that the processing qualifies for the exemption and complies with the requirements in subsection (4) of this section.

(4)(a) Technology-assisted contact tracing information that is processed by a controller pursuant to this section

must not be processed for any purpose other than those expressly listed in this section.

(b) Technology-assisted contact tracing information that is processed by a controller pursuant to this section may be processed solely to the extent that such processing is: (i) Necessary, reasonable, and proportionate to the purposes listed in this section; (ii) adequate, relevant, and limited to what is necessary in relation to the specific purpose or purposes listed in this section; and (iii) insofar as possible, taking into account the nature and purpose of processing the technology-assisted contact tracing information, subjected to reasonable administrative, technical, and physical measures to protect the confidentiality, integrity, and accessibility of the personal data, and to reduce reasonably foreseeable risks of harm to consumers.

NEW SECTION. Sec. 306. LIABILITY. Where more than one controller or processor, or both a controller and a processor, involved in the same processing, is in violation of this chapter, the liability must be allocated among the parties according to principles of comparative fault.

NEW SECTION. Sec. 307. ENFORCEMENT. (1) Any waiver of the provisions of this chapter is contrary to public policy and is void and unenforceable.

(2)(a) Any individual injured by a violation of this chapter may institute a civil action to recover damages.

(b) Any controller that violates, proposes to violate, or has violated this chapter may be enjoined.

(c) The rights and remedies available under this chapter are cumulative to each other and to any other rights and remedies available under law.

NEW SECTION. Sec. 308. EXPIRATION. This chapter expires June 30, 2024.

NEW SECTION. Sec. 309. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

E2SSB 5071 Prime Sponsor, Committee on Ways & Means: Creating transition teams to assist specified persons under civil commitment. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Civil Rights & Judiciary.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 10.77.150 and 2010 c 263 s 5 are each amended to read as follows:

(1) Persons examined pursuant to RCW 10.77.140 may make application to the secretary for conditional release. The secretary shall, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, forward to the court of the county which ordered the person's commitment the person's application for conditional release as well as the secretary's recommendations concerning the application and any proposed terms and conditions upon which the secretary reasonably believes the person can be conditionally released. Conditional release may also contemplate partial release for work, training, or educational purposes.

(2) In instances in which persons examined pursuant to RCW 10.77.140 have not made application to the secretary for conditional release, but the secretary, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, reasonably believes the person may be conditionally released, the secretary may submit a recommendation for release to the court of the county that ordered the person's commitment. The secretary's recommendation must include any proposed terms and conditions upon which the person

may be conditionally released. Conditional release may also include partial release for work, training, or educational purposes. Notice of the secretary's recommendation under this subsection must be provided to the person for whom the secretary has made the recommendation for release and to his or her attorney.

(3) (a) The court of the county which ordered the person's commitment, upon receipt of an application or recommendation for conditional release with the secretary's recommendation for conditional release terms and conditions, shall within thirty days schedule a hearing. The court may schedule a hearing on applications recommended for disapproval by the secretary.

(b) The prosecuting attorney shall represent the state at such hearings and shall have the right to have the ~~((patient))~~ person examined by an expert or professional person of the prosecuting attorney's choice. If the committed person is indigent, and he or she so requests, the court shall appoint a qualified expert or professional person to examine the person on his or her behalf.

(c) The issue to be determined at such a hearing is whether or not the person may be released conditionally to less restrictive alternative treatment under the supervision of a multidisciplinary transition team under conditions imposed by the court, including access to services under section 4 of this act without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security.

(d) ~~((The court, after the hearing, shall rule on the secretary's recommendations, and if it disapproves of conditional release, may do so))~~ In cases that come before the court under subsection (1) or (2) of this section, the court may deny conditional release to a less restrictive alternative only on the basis of substantial evidence. The court may modify the suggested terms and conditions on which the person is to be conditionally released. Pursuant to the determination of the court after hearing, the committed person shall thereupon be released on such conditions as the court determines to be necessary, or shall be remitted to the custody of the secretary.

(4) If the order of conditional release ~~((includes a))~~ provides for the conditional release of the person to a less restrictive alternative, including residential treatment or treatment in the community, the conditional release order must also include:

(a) A requirement for the committed person to ~~((report to a))~~ be supervised by a multidisciplinary transition team, including a specially trained community corrections officer, ~~((the order shall also specify that the conditionally released person shall be under the supervision of the secretary of corrections or such person as the secretary of corrections may designate and shall follow explicitly the instructions of the secretary of corrections including))~~ a representative of the department of social and health services, and a representative of the community behavioral health agency providing treatment to the person under section 4 of this act.

(i) The court may omit appointment of the representative of the community behavioral health agency if the conditional release order does not require participation in behavioral health treatment;

(ii) The court may omit the appointment of a community corrections officer if it makes a special finding that the appointment of a community corrections officer would not facilitate the success of the person, or the safety of the person and the community;

(b) A requirement for the person to comply with conditions of supervision established by the court which shall include at a minimum reporting as directed to a ~~((community corrections officer))~~ designated member of the transition team, remaining within prescribed geographical boundaries, and notifying the ~~((community corrections officer))~~ transition team prior to making any change in the ~~((offender's))~~ person's address or employment. If the ~~((order of conditional release includes a requirement for the committed person to report to a community corrections officer, the community corrections officer shall notify the secretary or the secretary's designee, if the))~~ person is not in compliance with the court-ordered conditions of release~~((r))~~, the community corrections officer or another designated transition team member shall

notify the secretary or the secretary's designee; and

~~((4))~~ (c) If the court ~~((determines that receiving regular or periodic medication or other medical treatment shall be a condition of the committed person's release, then the court shall require him or her to report to a physician or other medical or mental health practitioner for the medication or treatment. In addition to submitting any report required by RCW 10.77.160, the physician or other medical or mental health practitioner shall immediately upon the released person's failure to appear for the))~~ requires participation in behavioral health treatment, the name of the licensed or certified behavioral health agency responsible for identifying the services the person will receive under section 4 of this act, and a requirement that the person cooperate with the services planned by the licensed or certified behavioral health agency. The licensed or certified behavioral health agency must comply with the reporting requirements of RCW 10.77.160, and must immediately report to the court, prosecutor, and defense counsel any substantial withdrawal or disengagement from medication or treatment, or ~~((upon a))~~ any change in the person's mental health condition that renders ~~((the patient))~~ him or her a potential risk to the public ~~((report to the court, to the prosecuting attorney of the county in which the released person was committed, to the secretary, and to the supervising community corrections officer))~~.

(5) The role of the transition team appointed under subsection (4) of this section shall be to facilitate the success of the person on the conditional release order by monitoring the person's progress in treatment, compliance with court-ordered conditions, and to problem solve around extra support the person may need or circumstances that may arise that threaten the safety of the person or the community. The transition team may develop a monitoring plan that may be carried out by any member of the team. The transition team shall meet according to a schedule developed by the team, and shall communicate as needed if issues arise that require the immediate attention of the team.

(6) The department of corrections shall collaborate with the department to develop specialized training for community corrections officers under

this section. The lack of a trained community corrections officer must not be the cause of delay to entry of a conditional release order. Another community corrections officer may be appointed if no specially trained officer is available.

(7) Any person, whose application for conditional release has been denied, may reapply after a period of six months from the date of denial, or sooner with the support of the department.

(8) A person examined under RCW 10.77.140 or the department may make a motion for limited conditional release under this section, on the grounds that there is insufficient evidence that the person may be released conditionally to less restrictive alternative treatment under subsection (3)(c) of this section, but the person would benefit from the opportunity to exercise increased privileges while remaining under the custody and supervision of the department and with the supervision of the department these increased privileges can be exercised without substantial danger to other persons or substantial likelihood of committing criminal acts jeopardizing public safety or security. The department may respond to a person's application for conditional release by instead supporting limited conditional release.

Sec. 2. RCW 71.05.320 and 2020 c 302 s 45 are each amended to read as follows:

(1)(a) Subject to (b) of this subsection, if the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

(b) If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. The court may only enter an order for commitment based on a substance use disorder if there is an available approved substance use

disorder treatment program with adequate space for the person.

(c) If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department or under RCW 71.05.745.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court has made an affirmative special finding under RCW 71.05.280(3)(b), the court shall appoint a multidisciplinary transition team as provided in subsection (6)(a)(i) of this section. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for

involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a behavioral health disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of a behavioral health disorder or developmental disability, a likelihood of serious harm; or

(c) (i) Is in custody pursuant to RCW 71.05.280(3) and as a result of a behavioral health disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty-day period whenever the petition presents prima facie evidence that the person continues to suffer from a behavioral health disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the behavioral health disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6) (a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, subject to subsection (1)(b) of this section, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(i) In cases where the court has ordered less restrictive alternative treatment and has previously made an affirmative special finding under RCW 71.05.280(3)(b), the court shall appoint a multidisciplinary transition team to supervise and assist the person on the order for less restrictive treatment, which shall include a representative of the community behavioral health agency providing treatment under RCW 71.05.585, and a specially trained supervising community corrections officer. The court may omit the appointment of a community

corrections officer if it makes a special finding that the appointment of a community corrections officer would not facilitate the success of the person, or the safety of the person and the community under (a)(ii) of this subsection.

(ii) The role of the transition team shall be to facilitate the success of the person on the less restrictive alternative order by monitoring the person's progress in treatment, compliance with court-ordered conditions, and to problem solve around extra support the person may need or circumstances which may arise that threaten the safety of the person or the community. The transition team may develop a monitoring plan which may be carried out by any member of the team. The transition team shall meet according to a schedule developed by the team, and shall communicate as needed if issues arise that require the immediate attention of the team.

(iii) The department of corrections shall collaborate with the department to develop specialized training for community corrections officers under this section. The lack of a trained community corrections officer must not be the cause of delay to entry of a less restrictive alternative order.

(b) At the end of the one hundred eighty-day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty-day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty-day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty-day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

Sec. 3. RCW 71.05.320 and 2020 c 302 s 46 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department or under RCW 71.05.745.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court has made an affirmative special finding under RCW 71.05.280(3)(b), the court shall appoint a multidisciplinary transition team as provided in subsection (6)(a)(i) of this section. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name

the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a behavioral health disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of a behavioral health disorder or developmental disability, a likelihood of serious harm; or

(c) (i) Is in custody pursuant to RCW 71.05.280(3) and as a result of a behavioral health disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty-day period whenever the petition presents prima facie evidence that the person continues to suffer from a behavioral health disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has

so changed such that the behavioral health disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(i) In cases where the court has ordered less restrictive alternative treatment and has previously made an affirmative special finding under RCW 71.05.280(3)(b), the court shall appoint a multidisciplinary transition team to supervise and assist the person on the order for less restrictive treatment, which shall include a representative of the community behavioral health agency providing treatment under RCW 71.05.585, and a specially trained supervising community corrections officer. The court may omit the appointment of a community corrections officer if it makes a special finding that the appointment of a community corrections officer would not facilitate the success of the person, or the safety of the person and the community under (a)(ii) of this subsection.

(ii) The role of the transition team shall be to facilitate the success of the person on the less restrictive alternative order by monitoring the person's progress in treatment, compliance with court-ordered conditions, and to problem solve around extra support the person may need or circumstances which may arise that threaten the safety of the person or the community. The transition team may develop a monitoring plan which may be carried out by any member of the team. The transition team shall meet according to a schedule developed by the team, and shall communicate as needed if issues arise that require the immediate attention of the team.

(iii) The department of corrections shall collaborate with the department to develop specialized training for community corrections officers under this section. The lack of a trained community corrections officer must not be the cause of delay to entry of a less restrictive alternative order.

(b) At the end of the one hundred eighty-day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty-day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty-day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty-day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

NEW SECTION. Sec. 4. A new section is added to chapter 10.77 RCW to read as follows:

(1) Conditional release planning should start at admission and proceed in coordination between the department and the person's managed care organization, or behavioral health administrative services organization if the person is not eligible for medical assistance under chapter 74.09 RCW. If needed, the department shall assist the person to enroll in medical assistance in suspense status under RCW 74.09.670. The state hospital liaison for the managed care organization or behavioral health administrative services organization shall facilitate conditional release planning in collaboration with the department.

(2) Less restrictive alternative treatment pursuant to a conditional release order, at a minimum, includes the following services:

- (a) Assignment of a care coordinator;
- (b) An intake evaluation with the provider of the conditional treatment;
- (c) A psychiatric evaluation or a substance use disorder evaluation, or both;
- (d) A schedule of regular contacts with the provider of the less restrictive alternative treatment services for the duration of the order;
- (e) A transition plan addressing access to continued services at the expiration of the order;
- (f) An individual crisis plan;
- (g) Consultation about the formation of a mental health advance directive under chapter 71.32 RCW; and
- (h) Appointment of a transition team under RCW 10.77.150;

(i) Notification to the care coordinator assigned in (a) of this subsection and to the transition team as provided in RCW 10.77.150 if reasonable efforts to engage the client fail to produce substantial compliance with court-ordered treatment conditions.

(3) Less restrictive alternative treatment pursuant to a conditional release order may additionally include requirements to participate in the following services:

- (a) Medication management;
- (b) Psychotherapy;
- (c) Nursing;
- (d) Substance use disorder counseling;
- (e) Residential treatment;
- (f) Support for housing, benefits, education, and employment; and
- (g) Periodic court review.

(4) Nothing in this section prohibits items in subsection (2) of this section from beginning before the conditional release of the individual.

(5) If the person was provided with involuntary medication under RCW 10.77.094 or pursuant to a judicial order during the involuntary commitment period, the less restrictive alternative treatment pursuant to the conditional release order may authorize the less restrictive alternative treatment provider or its designee to administer involuntary antipsychotic medication to the person if the provider has attempted and failed to obtain the informed consent of the person and there is a concurring medical opinion approving the medication by a psychiatrist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, or physician or physician assistant in consultation with an independent mental health professional with prescribing authority.

(6) Less restrictive alternative treatment pursuant to a conditional release order must be administered by a provider that is certified or licensed to provide or coordinate the full scope of services required under the less restrictive alternative order and that has agreed to assume this responsibility.

Sec. 5. RCW 10.77.060 and 2016 sp.s. c 29 s 408 are each amended to read as follows:

(1)(a) Whenever a defendant has pleaded not guilty by reason of insanity, or there is reason to doubt his or her competency, the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(b) The signed order of the court shall serve as authority for the evaluator to be given access to all records held by any mental health, medical, educational, or correctional facility that relate to the present or past mental, emotional, or physical condition of the defendant. If the court is advised by any party that the defendant may have a developmental disability, the evaluation must be performed by a developmental disabilities professional.

(c) The evaluator shall assess the defendant in a jail, detention facility, in the community, or in court to determine whether a period of inpatient commitment will be necessary to complete an accurate evaluation. If inpatient commitment is needed, the signed order of the court shall serve as authority for the evaluator to request the jail or detention facility to transport the defendant to a hospital or secure mental health facility for a period of commitment not to exceed fifteen days from the time of admission to the facility. Otherwise, the evaluator shall complete the evaluation.

(d) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if: (i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the jail setting is necessary for the health, safety, or welfare of the defendant. The court shall not order an initial inpatient evaluation for any purpose other than a competency evaluation.

(e) The order shall indicate whether, in the event the defendant is committed to a hospital or secure mental health facility for evaluation, all parties agree to waive the presence of the defendant or to the defendant's remote participation at a subsequent competency hearing or presentation of an agreed order if the recommendation of the evaluator is for continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to the expiration of the authorized commitment period.

(f) When a defendant is ordered to be ~~((committed for inpatient evaluation))~~ evaluated under this subsection (1), or when a party or the court determines at first appearance that an order for evaluation under this subsection will be requested or ordered if charges are pursued, the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court

shall consider: (i) Recommendations of the evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the evaluation shall include the following:

(a) A description of the nature of the evaluation;

(b) A diagnosis or description of the current mental status of the defendant;

(c) If the defendant suffers from a mental disease or defect, or has a developmental disability, an opinion as to competency;

(d) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, and an evaluation and report by an expert or professional person has been provided concluding that the defendant was criminally insane at the time of the alleged offense, an opinion as to the defendant's sanity at the time of the act, and an opinion as to whether the defendant presents a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, provided that no opinion shall be rendered under this subsection (3)(d) unless the evaluator or court determines that the defendant is competent to stand trial;

(e) When directed by the court, if an evaluation and report by an expert or professional person has been provided concluding that the defendant lacked the capacity at the time of the offense to form the mental state necessary to commit the charged offense, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(f) An opinion as to whether the defendant should be evaluated by a designated crisis responder under chapter 71.05 RCW.

(4) The secretary may execute such agreements as appropriate and necessary to implement this section and may choose to designate more than one evaluator.

(d) A court may not issue an order to detain a person to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program unless there is an available secure withdrawal management and stabilization facility or approved substance use disorder treatment program that has adequate space for the person.

expressly declined to exercise its exclusive jurisdiction.

(6) Tribal court orders for involuntary commitment shall be recognized and enforced in accordance with superior court civil rule 82.5.

(7) In any investigation and evaluation of an individual under RCW 71.05.150 or 71.05.153 in which the designated crisis responder knows, or has reason to know, that the individual is an American Indian or Alaska Native who receives medical or behavioral health services from a tribe within this state, the designated crisis responder shall notify the tribe or Indian health care provider regarding whether or not a petition for initial detention or involuntary outpatient treatment will be filed. Notification shall be made in person or by telephonic or electronic communication to the tribal contact listed in the authority's tribal crisis coordination plan as soon as possible but no later than three hours subject to the requirements in RCW 70.02.230 (2) ~~((dd))~~ (ee) and (3). A designated crisis responder may restrict the release of information as necessary to comply with 42 C.F.R. Part 2.

Sec. 2. RCW 71.05.150 and 2020 c 302 s 14, 2020 c 256 s 303, and 2020 c 5 s 3 are each reenacted and amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as a result of a behavioral health disorder, presents a likelihood of serious harm or is gravely disabled, or that a person is in need of assisted outpatient behavioral health treatment; the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention or involuntary outpatient treatment, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention under this section or a petition for involuntary outpatient behavioral health treatment under RCW 71.05.148. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at an evaluation

and treatment facility, crisis stabilization unit, triage facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program. As part of the assessment, the designated crisis responder must attempt to ascertain if the person has executed a mental health advance directive under chapter 71.32 RCW. The interview performed by the designated crisis responder may be conducted by video provided that a licensed health care professional or professional person who can adequately and accurately assist with obtaining any necessary information is present with the person at the time of the interview.

(2) (a) ~~A ((written order of apprehension))~~ superior court judge may issue a warrant to detain a person with a behavioral health disorder to a designated evaluation and treatment facility, a secure withdrawal management and stabilization facility, or an approved substance use disorder treatment program, for a period of not more than one hundred twenty hours for evaluation and treatment ~~((, may be issued by a judge of the superior court))~~ upon request of a designated crisis responder whenever it appears to the satisfaction of ~~((a))~~ the judge ~~((of the superior court))~~ that:

(i) ~~((That there))~~ There is probable cause to support the petition; and

(ii) ~~((That the))~~ The person has refused or failed to accept appropriate evaluation and treatment voluntarily.

(b) The petition for initial detention, signed under penalty of perjury, or sworn telephonic testimony may be considered by the court in determining whether there are sufficient grounds for issuing the order.

(c) The order shall designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(d) If the court does not issue an order to detain a person pursuant to this subsection (2), the court shall issue an order to dismiss the initial petition.

(3) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order

together with a notice of rights, and a petition for initial detention. After service on such person the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program, and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within one hundred twenty hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program. The person shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other individual accompanying the person may be present during the admission evaluation. The facility may exclude the individual if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(4) The designated crisis responder may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program. At the time such person is taken into custody there shall commence to be served on such person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of rights and a petition for initial detention.

(5) An Indian tribe shall have jurisdiction exclusive to the state as to any involuntary commitment of an American Indian or Alaska Native to an evaluation and treatment facility located within the boundaries of that tribe, unless the tribe has consented to the state's concurrent jurisdiction, or the tribe has expressly declined to exercise its exclusive jurisdiction.

(6) Tribal court orders for involuntary commitment shall be recognized and enforced in accordance with superior court civil rule 82.5.

(7) In any investigation and evaluation of an individual under RCW 71.05.150 or 71.05.153 in which the designated crisis responder knows, or has reason to know, that the individual is an American Indian or Alaska Native who receives medical or behavioral health services from a tribe within this state, the designated crisis responder shall notify the tribe or Indian health care provider regarding whether or not a petition for initial detention or involuntary outpatient treatment will be filed. Notification shall be made in person or by telephonic or electronic communication to the tribal contact listed in the authority's tribal crisis coordination plan as soon as possible but no later than three hours subject to the requirements in RCW 70.02.230 (2) ~~((ee))~~ (ee) and (3). A designated crisis responder may restrict the release of information as necessary to comply with 42 C.F.R. Part 2.

Sec. 3. RCW 71.05.153 and 2020 c 302 s 16 and 2020 c 5 s 4 are each reenacted and amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as the result of a behavioral health disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take such person, or cause by oral or written order such person to be taken into emergency custody in an evaluation and treatment facility, secure withdrawal management and stabilization facility if available with adequate space for the person, or approved substance use disorder treatment program if available with adequate space for the person, for not more than one hundred twenty hours as described in RCW 71.05.180.

(2)(a) Subject to (b) of this subsection, a peace officer may take or cause such person to be taken into custody and immediately delivered to a triage facility, crisis stabilization unit, evaluation and treatment facility, secure withdrawal management and

stabilization facility, approved substance use disorder treatment program, or the emergency department of a local hospital under the following circumstances:

(i) Pursuant to subsection (1) of this section; or

(ii) When he or she has reasonable cause to believe that such person is suffering from a behavioral health disorder and presents an imminent likelihood of serious harm or is in imminent danger because of being gravely disabled.

(b) A peace officer's delivery of a person, to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program is subject to the availability of a secure withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the person.

(3) Persons delivered to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, triage facility that has elected to operate as an involuntary facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program by peace officers pursuant to subsection (2) of this section may be held by the facility for a period of up to twelve hours, not counting time periods prior to medical clearance.

(4) Within three hours after arrival, not counting time periods prior to medical clearance, the person must be examined by a mental health professional or substance use disorder professional. Within twelve hours of notice of the need for evaluation, not counting time periods prior to medical clearance, the designated crisis responder must determine whether the individual meets detention criteria. As part of the assessment, the designated crisis responder must attempt to ascertain if the person has executed a mental health advance directive under chapter 71.32 RCW. The interview performed by the designated crisis responder may be conducted by video provided that a licensed health care professional or professional person who can adequately and accurately assist with obtaining any necessary information is present with the person at the time of the interview. If the individual is detained, the

designated crisis responder shall file a petition for detention or a supplemental petition as appropriate and commence service on the designated attorney for the detained person. If the individual is released to the community, the behavioral health service provider shall inform the peace officer of the release within a reasonable period of time after the release if the peace officer has specifically requested notification and provided contact information to the provider.

(5) Dismissal of a commitment petition is not the appropriate remedy for a violation of the timeliness requirements of this section based on the intent of this chapter under RCW 71.05.010 except in the few cases where the facility staff or designated crisis responder has totally disregarded the requirements of this section.

Sec. 4. RCW 71.05.153 and 2020 c 302 s 17 and 2020 c 5 s 5 are each reenacted and amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as the result of a behavioral health disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take such person, or cause by oral or written order such person to be taken into emergency custody in an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program, for not more than one hundred twenty hours as described in RCW 71.05.180.

(2) A peace officer may take or cause such person to be taken into custody and immediately delivered to a triage facility, crisis stabilization unit, evaluation and treatment facility, secure withdrawal management and stabilization facility, approved substance use disorder treatment program, or the emergency department of a local hospital under the following circumstances:

(a) Pursuant to subsection (1) of this section; or

(b) When he or she has reasonable cause to believe that such person is suffering from a behavioral health disorder and presents an imminent likelihood of serious harm or is in imminent danger because of being gravely disabled.

(3) Persons delivered to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, triage facility that has elected to operate as an involuntary facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program by peace officers pursuant to subsection (2) of this section may be held by the facility for a period of up to twelve hours, not counting time periods prior to medical clearance.

(4) Within three hours after arrival, not counting time periods prior to medical clearance, the person must be examined by a mental health professional or substance use disorder professional. Within twelve hours of notice of the need for evaluation, not counting time periods prior to medical clearance, the designated crisis responder must determine whether the individual meets detention criteria. As part of the assessment, the designated crisis responder must attempt to ascertain if the person has executed a mental health advance directive under chapter 71.32 RCW. The interview performed by the designated crisis responder may be conducted by video provided that a licensed health care professional or professional person who can adequately and accurately assist with obtaining any necessary information is present with the person at the time of the interview. If the individual is detained, the designated crisis responder shall file a petition for detention or a supplemental petition as appropriate and commence service on the designated attorney for the detained person. If the individual is released to the community, the behavioral health service provider shall inform the peace officer of the release within a reasonable period of time after the release if the peace officer has specifically requested notification and provided contact information to the provider.

(5) Dismissal of a commitment petition is not the appropriate remedy for a violation of the timeliness requirements of this section based on the intent of this chapter under RCW 71.05.010 except

in the few cases where the facility staff or designated crisis responder has totally disregarded the requirements of this section.

Sec. 5. RCW 71.05.210 and 2020 c 302 s 26 are each amended to read as follows:

(1) Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician, physician assistant, or advanced registered nurse practitioner; and

(ii) One mental health professional. If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a substance use disorder professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to one hundred twenty hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for one hundred twenty hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, ~~((after))~~ at any time during the involuntary treatment hold and following the initial examination and

evaluation, the mental health professional or substance use disorder professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, or, if detained to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement for the remainder of the current commitment period without any need for further court review; however, a person may only be referred to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program if there is an available secure withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the person.

(3) An evaluation and treatment center, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 6. RCW 71.05.210 and 2020 c 302 s 27 are each amended to read as follows:

(1) Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician, physician assistant, or advanced registered nurse practitioner; and

(ii) One mental health professional. If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a substance use disorder professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to one hundred twenty hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for one hundred twenty hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, ~~((after))~~ at any time during the involuntary treatment hold and following the initial examination and evaluation, the mental health professional or substance use disorder professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, or, if detained to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement for the

remainder of the current commitment period without any need for further court review.

(3) An evaluation and treatment center, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 7. RCW 71.05.240 and 2020 c 302 s 39 are each amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within one hundred twenty hours of the initial detention of such person as determined in RCW 71.05.180, or at a time determined under RCW 71.05.148.

(2) If the petition is for mental health treatment, the court or the prosecutor at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3) If the person or his or her attorney alleges, prior to the commencement of the hearing, that the person has in good faith volunteered for treatment, the petitioner must show, by preponderance of the evidence, that the person has not in good faith volunteered for appropriate treatment. In order to qualify as a good faith volunteer, the person must abide by procedures and a treatment plan as prescribed by a treatment facility and professional staff.

(4)(a) Subject to (b) of this subsection, at the conclusion of the

probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a behavioral health disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility licensed or certified to provide treatment by the department or under RCW 71.05.745.

(b) A court may only order commitment to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program if there is an available facility with adequate space for the person.

(c) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a behavioral health disorder, presents a likelihood of serious harm or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for up to ninety days.

(d) If the court finds by a preponderance of the evidence that such person, as the result of a behavioral health disorder, is in need of assisted outpatient behavioral health treatment, and that the person does not present a likelihood of serious harm and is not gravely disabled, the court shall order an appropriate less restrictive alternative course of treatment for up to ninety days.

(5) An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the treatment recommendations of the behavioral health service provider.

(6) The court shall notify the person orally and in writing that if involuntary treatment is sought beyond the fourteen-day inpatient or ninety-day less restrictive treatment period, the person has the right to a full hearing or jury

trial under RCW 71.05.310. If the commitment is for mental health treatment, the court shall also notify the person orally and in writing that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

(7) If the court does not issue an order to detain a person under this section, the court shall issue an order to dismiss the petition.

(8) Nothing in this section precludes the court from subsequently modifying the terms of an order for less restrictive alternative treatment under RCW 71.05.590(3).

Sec. 8. RCW 71.05.240 and 2020 c 302 s 40 are each amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within one hundred twenty hours of the initial detention of such person as determined in RCW 71.05.180, or at a time determined under RCW 71.05.148.

(2) If the petition is for mental health treatment, the court or the prosecutor at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3) If the person or his or her attorney alleges, prior to the commencement of the hearing, that the person has in good faith volunteered for treatment, the petitioner must show, by preponderance of the evidence, that the person has not in good faith volunteered for appropriate treatment. In order to qualify as a good faith volunteer, the person must abide by procedures and a treatment plan as prescribed by a treatment facility and professional staff.

(4)(a) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a

behavioral health disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility licensed or certified to provide treatment by the department or under RCW 71.05.745.

(b) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a behavioral health disorder, presents a likelihood of serious harm or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for up to ninety days.

(c) If the court finds by a preponderance of the evidence that such person, as the result of a behavioral health disorder, is in need of assisted outpatient behavioral health treatment, and that the person does not present a likelihood of serious harm and is not gravely disabled, the court shall order an appropriate less restrictive alternative course of treatment for up to ninety days.

(5) An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the treatment recommendations of the behavioral health service provider.

(6) The court shall notify the person orally and in writing that if involuntary treatment is sought beyond the fourteen-day inpatient or ninety-day less restrictive treatment period, such person has the right to a full hearing or jury trial under RCW 71.05.310. If the commitment is for mental health treatment, the court shall also notify the person orally and in writing that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

(7) If the court does not issue an order to detain a person under this section, the court shall issue an order to dismiss the petition.

(8) Nothing in this section precludes the court from subsequently modifying the terms of an order for less restrictive alternative treatment under RCW 71.05.590(3).

Sec. 9. RCW 71.05.320 and 2020 c 302 s 45 are each amended to read as follows:

(1)(a) Subject to (b) of this subsection, if the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

(b) If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. The court may only enter an order for commitment based on a substance use disorder if there is an available approved substance use disorder treatment program with adequate space for the person.

(c) If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department or under RCW 71.05.745.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment,

then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a behavioral health disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of a behavioral health disorder or developmental disability, a likelihood of serious harm; or

(c) (i) Is in custody pursuant to RCW 71.05.280(3) and as a result of a behavioral health disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative

special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty-day period whenever the petition presents prima facie evidence that the person continues to suffer from a behavioral health disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the behavioral health disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6) (a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, subject to subsection (1)(b) of this section, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in

subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(b) At the end of the one hundred eighty-day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty-day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty-day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty-day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

(9) Nothing in this section precludes the court from subsequently modifying the terms of an order for less restrictive alternative treatment under RCW 71.05.590(3).

Sec. 10. RCW 71.05.320 and 2020 c 302 s 46 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department for a further period of

intensive treatment not to exceed ninety days from the date of judgment.

If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department or under RCW 71.05.745.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for

involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a behavioral health disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of a behavioral health disorder or developmental disability, a likelihood of serious harm; or

(c) (i) Is in custody pursuant to RCW 71.05.280(3) and as a result of a behavioral health disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty-day period whenever the petition presents prima facie evidence that the person continues to suffer from a behavioral health disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the behavioral health disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6) (a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(b) At the end of the one hundred eighty-day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty-day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty-day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty-day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

(9) Nothing in this section precludes the court from subsequently modifying the terms of an order for less restrictive alternative treatment under RCW 71.05.590(3).

Sec. 11. RCW 71.05.340 and 2018 c 201 s 3017 are each amended to read as follows:

(1)(a) When, in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient treatment prior to or at the expiration of the period of commitment, then such outpatient care may be required as a term of conditional release for a period which, when ~~((added to the))~~ combined with the number of days the person has spent in inpatient treatment ((period)), shall not exceed ((the period of commitment)) 90 days if the underlying commitment was for a period of 14 or 90 days, or 180 days if the underlying commitment was for a period of 180 days. If the facility or agency designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the terms of conditional release shall be given to the patient, the designated crisis responder in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(b) Before a person committed under grounds set forth in RCW 71.05.280(3) or 71.05.320(4)(c) is conditionally released under (a) of this subsection, the superintendent or professional person in charge of the hospital or facility providing involuntary treatment shall in writing notify the prosecuting attorney of the county in which the

criminal charges against the committed person were dismissed, of the decision to conditionally release the person. Notice and a copy of the terms of conditional release shall be provided at least thirty days before the person is released from inpatient care. Within twenty days after receiving notice, the prosecuting attorney may petition the court in the county that issued the commitment order to hold a hearing to determine whether the person may be conditionally released and the terms of the conditional release. The prosecuting attorney shall provide a copy of the petition to the superintendent or professional person in charge of the hospital or facility providing involuntary treatment, the attorney, if any, and guardian or conservator of the committed person, and the court of original commitment. If the county in which the committed person is to receive outpatient treatment is the same county in which the criminal charges against the committed person were dismissed, then the court shall, upon the motion of the prosecuting attorney, transfer the proceeding to the court in that county. The court shall conduct a hearing on the petition within ten days of the filing of the petition. The committed person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as set forth in this subsection and except that there shall be no right to jury trial. The issue to be determined at the hearing is whether or not the person may be conditionally released without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security. If the court disapproves of the conditional release, it may do so only on the basis of substantial evidence. Pursuant to the determination of the court upon the hearing, the conditional release of the person shall be approved by the court on the same or modified conditions or the person shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed, or otherwise in accordance with the provisions of this chapter.

(2) The facility or agency designated to provide outpatient care or the secretary of the department of social and health services may modify the conditions for continued release when such modification is in the best interest of

the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions. Enforcement or revocation proceedings related to a conditional release (~~order~~) may occur as provided under RCW 71.05.590.

Sec. 12. RCW 71.05.585 and 2020 c 302 s 53 are each amended to read as follows:

(1) Less restrictive alternative treatment, at a minimum, includes the following services:

- (a) Assignment of a care coordinator;
- (b) An intake evaluation with the provider of the less restrictive alternative treatment;
- (c) A psychiatric evaluation, a substance use disorder evaluation, or both;
- (d) A schedule of regular contacts with the provider of the (~~less restrictive alternative~~) treatment services for the duration of the order;
- (e) A transition plan addressing access to continued services at the expiration of the order;
- (f) An individual crisis plan; (~~and~~)
- (g) Consultation about the formation of a mental health advance directive under chapter 71.32 RCW; and
- (h) Notification to the care coordinator assigned in (a) of this subsection if reasonable efforts to engage the client fail to produce substantial compliance with court-ordered treatment conditions.

(2) Less restrictive alternative treatment may additionally include requirements to participate in the following services:

- (a) Medication management;
- (b) Psychotherapy;
- (c) Nursing;
- (d) Substance (~~abuse~~) use disorder counseling;
- (e) Residential treatment; (~~and~~)
- (f) Support for housing, benefits, education, and employment; and
- (g) Periodic court review.

(3) If the person was provided with involuntary medication under RCW 71.05.215 or pursuant to a judicial order

during the involuntary commitment period, the less restrictive alternative treatment order may authorize the less restrictive alternative treatment provider or its designee to administer involuntary antipsychotic medication to the person if the provider has attempted and failed to obtain the informed consent of the person and there is a concurring medical opinion approving the medication by a psychiatrist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, or physician or physician assistant in consultation with an independent mental health professional with prescribing authority.

(4) Less restrictive alternative treatment must be administered by a provider that is certified or licensed to provide or coordinate the full scope of services required under the less restrictive alternative order and that has agreed to assume this responsibility.

(5) The care coordinator assigned to a person ordered to less restrictive alternative treatment must submit an individualized plan for the person's treatment services to the court that entered the order. An initial plan must be submitted as soon as possible following the intake evaluation and a revised plan must be submitted upon any subsequent modification in which a type of service is removed from or added to the treatment plan.

(6) A care coordinator may disclose information and records related to mental health services pursuant to RCW 70.02.230(2)(k) for purposes of implementing less restrictive alternative treatment.

(7) For the purpose of this section, "care coordinator" means a clinical practitioner who coordinates the activities of less restrictive alternative treatment. The care coordinator coordinates activities with the designated crisis responders that are necessary for enforcement and continuation of less restrictive alternative orders and is responsible for coordinating service activities with other agencies and establishing and maintaining a therapeutic relationship with the individual on a continuing basis.

Sec. 13. RCW 71.05.590 and 2020 c 302 s 55 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release (~~(order)~~), or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative or conditional release (~~(order)~~). The agency, facility, or designated crisis responder must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel or advise the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to or by the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is

necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, evaluation and treatment facility, secure withdrawal management and stabilization facility with available space, or an approved substance use disorder treatment program with available space. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection ~~((4+))~~ (5) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection ~~((4+))~~ (5) of this section or, if the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, initiate initial inpatient detention procedures under subsection ~~((6+))~~ (7) of this section.

(3) A court may supervise a person on an order for less restrictive alternative treatment or a conditional release. While the person is under the order, the court may:

(a) Require appearance in court for periodic reviews; and

(b) Modify the order after considering input from the agency or facility designated to provide or facilitate services. The court may not remand the person into inpatient treatment except as

provided under subsection (5) of this section, but may take actions under subsection (2)(a) through (d) of this section.

(4) The facility or agency designated to provide outpatient treatment shall notify the secretary of the department of social and health services or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

~~((4))~~ (5)(a) Except as provided in subsection ~~((6))~~ (7) of this section, a designated crisis responder or the secretary of the department of social and health services may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility, an available secure withdrawal management and stabilization facility with adequate space, or an available approved substance use disorder treatment program with adequate space, in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection ~~((4))~~ (5) may be initiated without ordering the apprehension and detention of the person.

(b) Except as provided in subsection ~~((6))~~ (7) of this section, a person detained under this subsection ~~((4))~~ (5) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary of the department of social and health services may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary of the department of social and health services shall file a revocation petition and order of apprehension and detention with the court of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and

conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings is the county where the petition is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) Except as provided in subsection ~~((6))~~ (7) of this section, the issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release ~~((order))~~ or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period must be for fourteen days from the revocation hearing if the outpatient order was based on a petition under RCW 71.05.160 or 71.05.230. If the court orders detention for inpatient treatment and the outpatient order was based on a petition under RCW 71.05.290 or 71.05.320, the number of days remaining on the outpatient order must be converted to days of inpatient treatment authorized in the original court order. A court may not issue an order to detain a person for inpatient treatment in a secure withdrawal management and stabilization facility or approved substance use disorder treatment program under this subsection unless there is a secure withdrawal management and stabilization facility or approved substance use disorder treatment program available and with adequate space for the person.

~~((5))~~ (6) In determining whether or not to take action under this section the designated crisis responder, agency, or

facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

((46)) (7)(a) If the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, a designated crisis responder may initiate inpatient detention procedures under RCW 71.05.150 or 71.05.153 when appropriate. A designated crisis responder or the secretary may, upon their own motion or notification by the facility or agency designated to provide outpatient care to a person subject to a less restrictive alternative treatment order under RCW 71.05.320 subsequent to an order for assisted outpatient behavioral health treatment entered under RCW 71.05.148, order the person to be apprehended and taken into custody and temporary detention for inpatient evaluation in an evaluation and treatment facility, secure withdrawal management and stabilization facility, or in an approved substance use disorder treatment program, in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection may be held for evaluation for up to one hundred twenty hours, excluding weekends and holidays, pending a court hearing. If the person is not detained, the hearing must be scheduled within one hundred twenty hours of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The issues for the court to determine are whether to continue the detention of the person for inpatient treatment or whether the court should reinstate or modify the person's less restrictive alternative order or order the person's detention for inpatient treatment. To continue detention after the one hundred twenty hour period, the court must find that the person, as a result of a behavioral health disorder, presents a likelihood of serious harm or is gravely disabled and, after

considering less restrictive alternatives to involuntary detention and treatment, that no such alternatives are in the best interest of the person or others.

(d) A court may not issue an order to detain a person for inpatient treatment in a secure withdrawal management and stabilization facility or approved substance use disorder program under this subsection unless there is a secure withdrawal management and stabilization facility or approved substance use disorder treatment program available and with adequate space for the person.

Sec. 14. RCW 71.05.590 and 2020 c 302 s 56 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release (~~order~~), or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative or conditional release (~~order~~). The agency, facility, or designated crisis responder must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel or advise the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of

contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to or by the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, evaluation and treatment facility, secure withdrawal management and stabilization facility, or an approved substance use disorder treatment program. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection ~~((4))~~ (5) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection ~~((4))~~ (5) of this section or, if the current commitment is solely based on the person being in need of assisted outpatient behavioral health

treatment as defined in RCW 71.05.020, initial inpatient detention procedures under subsection ~~((6))~~ (7) of this section.

(3) A court may supervise a person on an order for less restrictive alternative treatment or a conditional release. While the person is under the order, the court may:

(a) Require appearance in court for periodic reviews; and

(b) Modify the order after considering input from the agency or facility designated to provide or facilitate services. The court may not remand the person into inpatient treatment except as provided under subsection (5) of this section, but may take actions under subsection (2)(a) through (d) of this section.

(4) The facility or agency designated to provide outpatient treatment shall notify the secretary of the department of social and health services or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

~~((4))~~ (5)(a) Except as provided in subsection ~~((6))~~ (7) of this section, a designated crisis responder or the secretary of the department of social and health services may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility, in a secure withdrawal management and stabilization facility, or in an approved substance use disorder treatment program, in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection ~~((4))~~ (5) may be initiated without ordering the apprehension and detention of the person.

(b) Except as provided in subsection ~~((6))~~ (7) of this section, a person detained under this subsection ~~((4))~~ (5) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five

days of service on the person. The designated crisis responder or the secretary of the department of social and health services may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary of the department of social and health services shall file a revocation petition and order of apprehension and detention with the court of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings is the county where the petition is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) Except as provided in subsection ~~((6))~~ (7) of this section, the issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release ~~((order))~~ or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period must be for fourteen days from the revocation hearing if the outpatient order was based on a petition under RCW 71.05.160 or 71.05.230. If the court orders detention for inpatient treatment and the outpatient order was based on a petition under RCW 71.05.290 or 71.05.320, the number of days remaining on the outpatient order must be

converted to days of inpatient treatment authorized in the original court order.

~~((5))~~ (6) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

~~((6))~~ (7)(a) If the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, a designated crisis responder may initiate inpatient detention procedures under RCW 71.05.150 or 71.05.153 when appropriate. A designated crisis responder or the secretary may, upon their own motion or notification by the facility or agency designated to provide outpatient care to a person subject to a less restrictive alternative treatment order under RCW 71.05.320 subsequent to an order for assisted outpatient behavioral health treatment entered under RCW 71.05.148, order the person to be apprehended and taken into custody and temporary detention for inpatient evaluation in an evaluation and treatment facility, in a secure withdrawal management and stabilization facility, or in an approved substance use disorder treatment program, in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection may be held for evaluation for up to one hundred twenty hours, excluding weekends and holidays, pending a court hearing. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The issues for the court to determine are whether to continue the detention of the person for inpatient treatment or whether the court should reinstate or modify the person's less restrictive alternative order or order the person's detention for inpatient treatment. To continue detention after the one hundred twenty hour period, the court must find that the person, as a result of a behavioral health disorder,

presents a likelihood of serious harm or is gravely disabled and, after considering less restrictive alternatives to involuntary detention and treatment, that no such alternatives are in the best interest of the person or others.

Sec. 15. RCW 71.34.755 and 2020 c 302 s 96 are each amended to read as follows:

(1) Less restrictive alternative treatment, at a minimum, must include the following services:

- (a) Assignment of a care coordinator;
- (b) An intake evaluation with the provider of the less restrictive alternative treatment;
- (c) A psychiatric evaluation, a substance use disorder evaluation, or both;
- (d) A schedule of regular contacts with the provider of the less restrictive alternative treatment services for the duration of the order;
- (e) A transition plan addressing access to continued services at the expiration of the order;
- (f) An individual crisis plan; and
- (g) Notification to the care coordinator assigned in (a) of this subsection if reasonable efforts to engage the client fail to produce substantial compliance with court-ordered treatment conditions.

(2) Less restrictive alternative treatment may include the following additional services:

- (a) Medication management;
- (b) Psychotherapy;
- (c) Nursing;
- (d) Substance ~~((abuse))~~ use disorder counseling;
- (e) Residential treatment; ~~((and))~~
- (f) Support for housing, benefits, education, and employment; and
- (g) Periodic court review.

(3) If the minor was provided with involuntary medication during the involuntary commitment period, the less restrictive alternative treatment order may authorize the less restrictive alternative treatment provider or its designee to administer involuntary

antipsychotic medication to the person if the provider has attempted and failed to obtain the informed consent of the person and there is a concurring medical opinion approving the medication by a psychiatrist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, or physician or physician assistant in consultation with an independent mental health professional with prescribing authority.

The designated crisis responder shall file with the court on the next judicial day following the initial detention the original petition for initial detention, notice of initial detention, and statement of rights along with an affidavit of service. The designated crisis responder shall commence service of the petition for initial detention and notice of the initial detention on the adolescent's parent and the adolescent's attorney as soon as possible following the initial detention.

or release the adolescent in accordance with this chapter.

(5) If an adolescent is not approved for admission by the inpatient evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program, the facility shall make such recommendations and referrals for further care and treatment of the adolescent as necessary.

A minor must not be denied the opportunity to consult an attorney unless there is an immediate risk of harm to the minor or others.

(C) The individual is customarily engaged in an independently established trade, occupation, profession, or business, of the same nature as that involved in the contract of service, or the individual has a principal place of business for the business the individual is conducting that is eligible for a business deduction for federal income tax purposes, other than that furnished by the employer for which the business has contracted to furnish services;

(D) On the effective date of the contract of service, the individual is responsible for filing at the next applicable filing period, both under the contract of service and in fact, a schedule of expenses with the internal revenue service for the type of business the individual is conducting;

(E) On the effective date of the contract of service, or within a reasonable period after the effective date of the contract, the individual has an active and valid certificate of registration with the department of revenue, and an active and valid account with any other state agencies as required by the particular case, for the business the individual is conducting for the payment of all state taxes normally paid

by employers and businesses and has registered for and received a unified business identifier number from the state of Washington;

(F) On the effective date of the contract of service, the individual is maintaining a separate set of books or records that reflect all items of income and expenses of the business that the individual is conducting; and

(G) On the effective date of the contract of service, the individual has a valid contractor registration pursuant to chapter 18.27 RCW or an electrical contractor license pursuant to chapter 19.28 RCW.

(9) "Employment benefits" means all benefits provided or made available to employees by an employer, including group life insurance, health insurance, disability insurance, sick leave, annual leave, educational benefits, and pensions.

(10) "Family leave" means any leave taken by an employee from work:

(a) To participate in providing care, including physical or psychological care, for a family member of the employee made necessary by a serious health condition of the family member;

(b) To bond with the employee's child during the first twelve months after the child's birth, or the first twelve months after the placement of a child under the age of eighteen with the employee; or

(c) Because of any qualifying exigency as permitted under the federal family and medical leave act, 29 U.S.C. Sec. 2612(a)(1)(E) and 29 C.F.R. Sec. 825.126(b)(1) through (9), as they existed on October 19, 2017, for family members as defined in subsection ~~((10))~~ ((11)) of this section.

(11) "Family member" means a child, grandchild, grandparent, parent, sibling, or spouse of an employee, and also includes any individual who regularly resides in the employee's home or where the relationship creates an expectation that the employee care for the person, and that individual depends on the employee for care. "Family member" includes any individual who regularly resides in the employee's home, except that it does not include an individual who simply resides in the same home with no expectation that the employee care for the individual.

(12) "Grandchild" means a child of the employee's child.

(13) "Grandparent" means a parent of the employee's parent.

(14) "Health care provider" means: (a) A person licensed as a physician under chapter 18.71 RCW or an osteopathic physician and surgeon under chapter 18.57 RCW; (b) a person licensed as an advanced registered nurse practitioner under chapter 18.79 RCW; or (c) any other person determined by the commissioner to be capable of providing health care services.

(15) "Medical leave" means any leave taken by an employee from work made necessary by the employee's own serious health condition.

(16) "Paid time off" includes vacation leave, personal leave, medical leave, sick leave, compensatory leave, or any other paid leave offered by an employer under the employer's established policy.

(17) "Parent" means the biological, adoptive, de facto, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse, or an individual who stood in loco parentis to an employee when the employee was a child.

(18) "Period of incapacity" means an inability to work, attend school, or perform other regular daily activities because of a serious health condition, treatment of that condition or recovery from it, or subsequent treatment in connection with such inpatient care.

(19) "Premium" or "premiums" means the payments required by RCW 50A.10.030 and paid to the department for deposit in the family and medical leave insurance account under RCW 50A.05.070.

(20) "Qualifying period" means the first four of the last five completed calendar quarters or, if eligibility is not established, the last four completed calendar quarters immediately preceding the application for leave.

(21)(a) "Remuneration" means all compensation paid for personal services including commissions and bonuses and the cash value of all compensation paid in any medium other than cash.

(b) Previously accrued compensation, other than severance pay or payments received pursuant to plant closure agreements, when assigned to a specific

period of time by virtue of a collective bargaining agreement, individual employment contract, customary trade practice, or request of the individual compensated, is considered remuneration for the period to which it is assigned. Assignment clearly occurs when the compensation serves to make the individual eligible for all regular fringe benefits for the period to which the compensation is assigned.

(c) Remuneration also includes settlements or other proceeds received by an individual as a result of a negotiated settlement for termination of an individual written employment contract prior to its expiration date. The proceeds are deemed assigned in the same intervals and in the same amount for each interval as compensation was allocated under the contract.

(d) Remuneration does not include:

(i) The payment of tips;

(ii) Supplemental benefit payments made by an employer to an employee in addition to any paid family or medical leave benefits received by the employee; or

(iii) Payments to members of the armed forces of the United States, including the organized militia of the state of Washington, for the performance of duty for periods not exceeding seventy-two hours at a time.

(22)(a) "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:

(i) Inpatient care in a hospital, hospice, or residential medical care facility, including any period of incapacity; or

(ii) Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes any one or more of the following:

(A) A period of incapacity of more than three consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves:

(I) Treatment two or more times, within thirty days of the first day of incapacity, unless extenuating circumstances exist, by a health care provider, by a nurse or physician's

assistant under direct supervision of a health care provider, or by a provider of health care services, such as a physical therapist, under orders of, or on referral by, a health care provider; or

(II) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider;

(B) Any period of incapacity due to pregnancy, or for prenatal care;

(C) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:

(I) Requires periodic visits, defined as at least twice a year, for treatment by a health care provider, or by a nurse under direct supervision of a health care provider;

(II) Continues over an extended period of time, including recurring episodes of a single underlying condition; and

(III) May cause episodic rather than a continuing period of incapacity, including asthma, diabetes, and epilepsy;

(D) A period of incapacity which is permanent or long term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider, including Alzheimer's, a severe stroke, or the terminal stages of a disease; or

(E) Any period of absence to receive multiple treatments, including any period of recovery from the treatments, by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for: (I) Restorative surgery after an accident or other injury; or (II) a condition that would likely result in a period of incapacity of more than three consecutive, full calendar days in the absence of medical intervention or treatment, such as cancer, severe arthritis, or kidney disease.

(b) The requirement in (a)(i) and (ii) of this subsection for treatment by a health care provider means an in-person visit to a health care provider. The first, or only, in-person treatment visit

must take place within seven days of the first day of incapacity.

(c) Whether additional treatment visits or a regimen of continuing treatment is necessary within the thirty-day period shall be determined by the health care provider.

(d) The term extenuating circumstances in (a)(ii)(A)(I) of this subsection means circumstances beyond the employee's control that prevent the follow-up visit from occurring as planned by the health care provider. Whether a given set of circumstances are extenuating depends on the facts. For example, extenuating circumstances exist if a health care provider determines that a second in-person visit is needed within the thirty-day period, but the health care provider does not have any available appointments during that time period.

(e) Treatment for purposes of (a) of this subsection includes, but is not limited to, examinations to determine if a serious health condition exists and evaluations of the condition. Treatment does not include routine physical examinations, eye examinations, or dental examinations. Under (a)(ii)(A)(II) of this subsection, a regimen of continuing treatment includes, but is not limited to, a course of prescription medication, such as an antibiotic, or therapy requiring special equipment to resolve or alleviate the health condition, such as oxygen. A regimen of continuing treatment that includes taking over-the-counter medications, such as aspirin, antihistamines, or salves, or bed rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of this title.

(f) Conditions for which cosmetic treatments are administered, such as most treatments for acne or plastic surgery, are not serious health conditions unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, minor ulcers, headaches other than migraines, routine dental or orthodontia problems, and periodontal disease are examples of conditions that are not serious health conditions and do not qualify for leave under this title. Restorative dental or plastic surgery

after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this section are met. Mental illness resulting from stress or allergies may be serious health conditions, but only if all the conditions of this section are met.

(g)(i) Substance abuse may be a serious health condition if the conditions of this section are met. However, leave may only be taken for treatment for substance abuse by a health care provider or by a licensed substance abuse treatment provider. Absence because of the employee's use of the substance, rather than for treatment, does not qualify for leave under this title.

(ii) Treatment for substance abuse does not prevent an employer from taking employment action against an employee. The employer may not take action against the employee because the employee has exercised his or her right to take medical leave for treatment. However, if the employer has an established policy, applied in a nondiscriminatory manner that has been communicated to all employees, that provides under certain circumstances an employee may be terminated for substance abuse, pursuant to that policy the employee may be terminated whether or not the employee is presently taking medical leave. An employee may also take family leave to care for a covered family member who is receiving treatment for substance abuse. The employer may not take action against an employee who is providing care for a covered family member receiving treatment for substance abuse.

(h) Absences attributable to incapacity under (a)(ii)(B) or (C) of this subsection qualify for leave under this title even though the employee or the family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three consecutive, full calendar days. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee who is pregnant may be unable to report to work because of severe morning sickness.

(23) "Service is localized in this state" has the same meaning as described in RCW 50.04.120.

(24) "Spouse" means a husband or wife, as the case may be, or state registered domestic partner.

(25) "State average weekly wage" means the most recent average weekly wage calculated under RCW 50.04.355 and available on January 1st of each year.

(26) "Supplemental benefit payments" means payments made by an employer to an employee as salary continuation or as paid time off. Such payments must be in addition to any paid family or medical leave benefits the employee is receiving.

(27) "Typical workweek hours" means:

(a) For an hourly employee, the average number of hours worked per week by an employee within the qualifying period; and

(b) Forty hours for a salaried employee, regardless of the number of hours the salaried employee typically works.

(28) "Wage" or "wages" means:

(a) For the purpose of premium assessment, the remuneration paid by an employer to an employee. The maximum wages subject to a premium assessment are those wages as set by the commissioner under RCW 50A.10.030;

(b) For the purpose of payment of benefits, the remuneration paid by one or more employers to an employee for employment during the employee's qualifying period. At the request of an employee, wages may be calculated on the basis of remuneration payable. The department shall notify each employee that wages are calculated on the basis of remuneration paid, but at the employee's request a redetermination may be performed and based on remuneration payable; and

(c) For the purpose of a self-employed person electing coverage under RCW 50A.10.010, the meaning is defined by rule.

NEW SECTION. Sec. 3. (1) The employment security department must collect and analyze disaggregated data relating to employment protections under Title 50A RCW. The employment security department must develop the proposed plan for data collection and analysis in

consultation with the paid family and medical leave advisory committee.

(2) By December 1, 2021, the employment security department must submit a report to the appropriate committees of the legislature with the following information:

(a) Program utilization by employees covered under approved voluntary plans compared to employees covered under the state plan; and

(b) Program utilization by employees working for employers with 50 or more employees compared to employees working for employers with fewer than 50 employees.

(3) By June 30, 2022, and June 30, 2023, the employment security department must submit a report to the appropriate committees of the legislature with the following information:

(a) The number of individuals who used leave under Title 50A RCW in the preceding 12 months as a result of the amended definition of family member in this act; and

(b) The effects, if any, on the family and medical leave insurance account as a result of the amended definition of family member in this act.

(4) The employment security department must provide members of the paid family and medical leave advisory committee opportunity for comment on the reports under subsections (2) and (3) of this section. Comments provided through this process must be included in a separate section of each final report.

NEW SECTION. Sec. 4. If the number of individuals utilizing leave under Title 50A RCW as a result of the amended definition of family member in this act exceeds 500 individuals in any calendar year before July 1, 2023, the expenses of the additional leave must be paid by the general fund into the family and medical leave insurance account created in RCW 50A.05.070."

ESSB 5122 Prime Sponsor, Committee on Human Services, Reentry & Rehabilitation: Concerning the jurisdiction of juvenile court. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Children, Youth & Families.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the goal of the juvenile justice system should be to protect public safety, connect youth with age-appropriate services that reduce the risk of recidivism, and provide meaningful rehabilitation so all youth can have the opportunity for success in life. The legislature declares that responses to problematic behaviors of youth should be guided by evidence-based practices and that policy changes to the system should be strongly rooted in eliminating racial inequities.

The legislature recognizes that a scientific consensus has developed that demonstrates that youth continue to develop neurologically until age 26. The legislature finds that youth ages eight through 12 are less capable of making fully informed decisions and youth ages 18 and 19 are particularly susceptible to outside factors influencing their decision making.

The legislature recognizes that on January 18, 2021, the Washington state board of health released a review regarding the health impacts of raising the age of the juvenile court's

jurisdiction to likely decrease the juvenile criminal legal system's involvement for some youth ages eight through 12 and to likely decrease the adult criminal legal system's involvement for some emerging adults ages 18 and 19. The board further found very strong evidence that this would decrease juvenile recidivism and improve health outcomes, access to employment opportunities, housing access, and economic stability.

The legislature intends to amend jurisdiction of juvenile court to include youth ages 13 through 19, with certain exceptions, and consider expanding juvenile court jurisdiction to include individuals over age 19. The legislature recognizes the important role that local governments play in ensuring access to justice in the juvenile court system. The legislature recognizes that amended jurisdiction in juvenile court may increase expenses for juvenile court systems despite significant offset savings in the adult system through reduced adult caseloads. The legislature intends to partner with local governments, courts, and other stakeholders to ensure successful expansion of juvenile court jurisdiction. The legislature therefore resolves to convene the raise the age juvenile justice task force to examine and plan for implementation of expanded juvenile court jurisdiction.

NEW SECTION. Sec. 2. A new section is added to chapter 43.216 RCW to read as follows:

(8) The task force must hold at least one meeting a month. The task force may form work groups and may consult experts in fields that will inform and assist the work of the task force.

(9) This section expires January 1, 2023.

and convincing evidence that they have sufficient capacity to understand the act or neglect, and to know that it was wrong. Whenever in legal proceedings it becomes necessary to determine the age of a child, he or she may be produced for inspection, to enable the court or jury to determine the age thereby; and the court may also direct his or her examination by one or more physicians, whose opinion shall be competent evidence upon the question of his or her age.

E2SSB 5141 Prime Sponsor, Committee on Ways & Means: Reducing environmental and health disparities and improving the health of all Washington state residents by implementing the recommendations of the environmental justice task force. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Environment & Energy.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** FINDINGS AND INTENT. (1) The purpose of this chapter is to reduce environmental and health disparities in Washington state and improve the health of all Washington state residents. This chapter implements the recommendations of the environmental justice task force established in section 221(48), chapter 415, Laws of 2019 entitled "Report to the Washington state governor and legislature, *Environmental Justice Task Force: Recommendations for Prioritizing EJ in Washington State Government* (October 2020)."

(2) As conveyed in the task force report, Washington state studies and national studies found that people of color and low-income people continue to be disproportionately exposed to environmental harms in their communities. As a result, there is a

higher risk of adverse health outcomes for those communities. This risk is amplified when overlaid on communities with preexisting social and economic barriers and environmental risks, and creates cumulative environmental health impacts, which this act seeks to prevent and mitigate.

This chapter also seeks to reduce exposure to environmental hazards within Indian country, as defined in 18 U.S.C. Sec. 1151, due to off-reservation activities within the state, and to improve state practices to reduce contamination of traditional foods wherever they occur. Exposure to such hazards can result in generational health and ecological problems, particularly on small reservations where it is impossible to move away from a hazard.

(3) Accordingly, the state has a compelling interest in preventing and addressing such environmental health disparities in the administration of ongoing and new environmental programs, including allocation of funds, and in administering these programs so as to remedy the effects of past disparate treatment of overburdened communities and vulnerable populations.

(4) The task force provided recommendations to state agencies for measurable goals and model policies to reduce environmental health inequities in Washington, equitable practices for meaningful community involvement, and how to use the environmental health disparities map to identify and promote the equitable distribution of environmental benefits to overburdened communities. In order for all communities in Washington state to be healthy and thriving, state government should aim to concentrate government actions to benefit communities that currently have the greatest environmental and health burdens.

NEW SECTION. **Sec. 2.** DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Council" means the environmental justice council established in section 20 of this act.

(2) "Covered agency" means the departments of ecology, health, natural resources, commerce, agriculture, and transportation, the Puget Sound partnership, and any agency that opts to

assume all of the obligations of this act pursuant to section 11 of this act.

(3) "Cumulative environmental health impact" means the combined, multiple environmental impacts and health impacts on a vulnerable population or overburdened community.

(4) "Environmental benefits" means activities that:

(a) Prevent or reduce existing environmental harms or associated risks that contribute significantly to cumulative environmental health impacts;

(b) Prevent or mitigate impacts to overburdened communities or vulnerable populations from, or support community response to, the impacts of environmental harm; or

(c) Meet a community need identified by an overburdened community or vulnerable population that is consistent with the intent of this chapter.

(5) "Environmental harm" means the individual or cumulative environmental health impacts and risks to communities caused by historic, current, and projected:

(a) Exposure to pollution, conventional or toxic pollutants, environmental hazards, or other contamination in the air, water, and land;

(b) Adverse environmental effects, including exposure to contamination, hazardous substances, or pollution that increase the risk of adverse environmental health outcomes or create vulnerabilities to the impacts of climate change;

(c) Loss or impairment of ecosystem functions or traditional food resources and loss of access to gather cultural resources or harvest traditional foods; and

(d) Health and economic impacts from climate change.

(6) "Environmental health disparities map" means the data and information developed pursuant to section 19 of this act.

(7) "Environmental impacts" means environmental benefits or environmental harms, or the combination of environmental benefits and harms, resulting or expected to result from a proposed action.

(8) "Environmental justice" means the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, rules, and policies. Environmental justice includes addressing disproportionate environmental and health impacts in all laws, rules, and policies with environmental impacts by prioritizing vulnerable populations and overburdened communities, equitably distributing resources and benefits, and eliminating harm.

(9) "Equitable distribution" means a fair and just, but not necessarily equal, allocation intended to mitigate disparities in benefits and burdens, and based on current conditions, including existing legacy and cumulative impacts, that are informed by cumulative environmental health impact analysis.

(10) "Evidence-based" means a process that is conducted by a systematic review of available data based on a well-established and widely used hierarchy of data in current use by other state and national programs, selected by the departments of ecology and health. The environmental justice council may provide input on the development of the process.

(11) "Overburdened community" means a geographic area where vulnerable populations face combined, multiple environmental harms and health impacts, and includes, but is not limited to, highly impacted communities as defined in RCW 19.405.020.

(12) "Significant agency action" means the following actions when reasonably evident, at the beginning of a covered agency's consideration of the significant agency action or at the time when an environmental justice assessment would normally be initiated in conjunction with an agency action, that the action may cause environmental harm or may affect the equitable distribution of environmental benefits to an overburdened community or a vulnerable population:

(a) The process of developing and adopting significant legislative rules as defined in RCW 34.05.328;

(b) The development and adoption of any new grant or loan program that a

covered agency is explicitly authorized or required by statute to carry out;

(c) Transportation projects that increase the capacity of the state transportation system, such as system capacity expansion projects and new state highway, ferry, or freight facilities;

(d) Major capital projects of at least \$12,000,000;

(e) The submission of agency request legislation to the office of the governor or the office of financial management for approval; and

(f) Any other agency actions deemed significant by a covered agency consistent with section 14 of this act.

(13) "Tribal lands" has the same meaning as "Indian country" as provided in 18 U.S.C. Sec. 1151, and also includes sacred sites, traditional cultural properties, burial grounds, and other tribal sites protected by federal or state law.

(14) (a) "Vulnerable populations" means population groups that are more likely to be at higher risk for poor health outcomes in response to environmental harms, due to: (i) Adverse socioeconomic factors, such as unemployment, high housing and transportation costs relative to income, limited access to nutritious food and adequate health care, linguistic isolation, and other factors that negatively affect health outcomes and increase vulnerability to the effects of environmental harms; and (ii) sensitivity factors, such as low birth weight and higher rates of hospitalization.

(b) "Vulnerable populations" includes, but is not limited to:

(i) Racial or ethnic minorities;

(ii) Low-income populations;

(iii) Populations disproportionately impacted by environmental harms; and

(iv) Populations of workers experiencing environmental harms.

NEW SECTION. Sec. 3. ENVIRONMENTAL JUSTICE OBLIGATIONS FOR ALL AGENCIES. Covered agencies are required to comply with all provisions of this chapter. All other state agencies should strive to apply the laws of the state of Washington, and the rules and policies of the agency, in accordance with the policies of this chapter including, to

the extent feasible, incorporating the principles of environmental justice assessment processes set forth in section 14 of this act into agency decisions.

NEW SECTION. **Sec. 4.** A new section is added to chapter 43.70 RCW to read as follows:

ENVIRONMENTAL JUSTICE OBLIGATIONS OF THE DEPARTMENT OF HEALTH.

NEW SECTION. **Sec. 12.** INCORPORATING ENVIRONMENTAL JUSTICE INTO AGENCY STRATEGIC PLANS. (1) By January 1, 2023, each covered agency shall include an environmental justice implementation plan within its strategic plan. A covered agency may additionally incorporate an environmental justice implementation plan into other significant agency planning documents. The plan must describe how the covered agency plans to apply the principles of environmental justice to the agency's activities and guide the agency in its implementation of its obligations under this chapter.

(2) In its environmental justice implementation plan, each covered agency must include:

(a) Agency-specific goals and deliverables to reduce environmental and health disparities and for otherwise achieving environmental justice in the agency's programs;

(b) Metrics to track and measure accomplishments of the agency goals and deliverables;

(c) Methods to embed equitable community engagement with, and equitable participation from, members of the public, into agency practices for soliciting and receiving public comment;

(d) Strategies to ensure compliance with existing federal and state laws and policies relating to environmental justice, including Title VI of the civil rights act of 1964, 42 U.S.C. Sec. 794, and the age discrimination act of 1975, 42 U.S.C. Sec. 6101-6107;

(e) The plan for community engagement required under section 13 of this act; and

(f) Specific plans and timelines for incorporating environmental justice considerations into agency activities as required under this chapter.

(3) In developing and updating its plan, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

NEW SECTION. Sec. 13. EQUITABLE COMMUNITY ENGAGEMENT AND PUBLIC PARTICIPATION. (1) By July 1, 2022, each covered agency must create and adopt a community engagement plan that describes how it will engage with overburdened communities and vulnerable populations as it evaluates new and existing activities and programs. This plan must describe how the agency plans to facilitate equitable participation and support meaningful and direct involvement of vulnerable populations and overburdened communities. The plan must include:

(a) How the covered agency will identify and prioritize overburdened communities for purposes of this chapter;

(b) Best practices for outreach and communication to overcome barriers to engagement with overburdened communities and vulnerable populations;

(c) Use of special screening tools that integrate environmental, demographic, and health disparities data, such as the environmental health disparities map, to evaluate and understand the nature and needs of the people who the agency expects to be impacted by significant agency actions under section 14 of this act and processes under section 16 of this act to overcome barriers to participation;

(d) Processes that facilitate and support the inclusion of members of communities affected by agency decision making including, to the extent legal and practicable, but not limited to, child care, and reimbursement for travel and other expenses; and

(e) Methods for outreach and communication with those who face barriers, language or otherwise, to participation.

(2) Covered agencies must regularly review their compliance with existing laws and policies that guide community engagement and must comply with the following:

(a) Title VI of the civil rights act, prohibiting discrimination based on race, color, or national origin and requiring meaningful access to people with limited English proficiency, and disability;

(4) A covered agency may coordinate with the office of equity to identify policy and system barriers to meaningful engagement with communities as conducted by the office under RCW 43.06D.040(1)(b).

NEW SECTION. Sec. 14. ENVIRONMENTAL JUSTICE ASSESSMENT. (1)(a) When considering a significant agency action initiated after July 1, 2023, a covered

agency must conduct an environmental justice assessment in accordance with this section to inform and support the agency's consideration of overburdened communities and vulnerable populations when making decisions and to assist the agency with the equitable distribution of environmental benefits, the reduction of environmental harms, and the identification and reduction of environmental and health disparities.

(b) A covered agency must aspire to complete the environmental justice assessment for a significant agency action within 15 business days of initiating the assessment. A failure to achieve this aspirational 15-day deadline does not make an associated agency action subject to appeal under section 22 of this act.

(2)(a) Consistent with section 2(12)(f) of this act, for the purpose of preparing environmental justice assessments, a covered agency may deem actions significant that are additional to the significant agency actions identified in section 2(12)(a) through (e) of this act, in iterative consultation with the council and interagency work group established under section 20 of this act. By July 1, 2025, each covered agency must consider their agency's activities and identify and begin applying environmental justice assessments to any actions that the agency identifies as significant that are in addition to the significant agency actions identified in section 2(12)(a) through (e) of this act. Significant agency actions designated by a covered agency under this subsection must be actions that may cause environmental harm or may affect the equitable distribution of environmental benefits to an overburdened community or a vulnerable population.

(b) In the identification of significant agency actions, covered agencies shall consider guidance issued by the council established in section 20 of this act. Each covered agency must periodically review and update its identified types of significant agency actions for which an environmental justice assessment is required under this section, and the relevant factors to the agency's environmental justice assessments that result from the unique mission, authorities, and priorities of the agency.

(3) By July 1, 2023, and periodically thereafter, after an opportunity for public comment on its determinations, each covered agency must:

(a) Publish on its website the types of agency actions that the agency has determined are significant agency actions that require an environmental justice assessment under this section, including any significant agency actions identified under subsection (2)(a) of this section;

(b) Provide notification of the determination of the types of significant agency actions in the Washington State Register; and

(c) Prepare an environmental justice assessment when considering a listed action, after publication of the list of any additional significant agency actions identified under (a) of this subsection.

(4) At a minimum, environmental justice assessments must:

(a) Consider guidance prepared by the council under section 20 of this act relating to best practices on environmental justice assessments and when and how to use cumulative environmental health impact analysis;

(b) Use cumulative environmental health impact analysis, such as the environmental health disparities map or other data that considers the effects of a proposed action on overburdened communities and vulnerable populations;

(c) Identify overburdened communities and vulnerable populations who are expected to be affected by the proposed action and the potential environmental and health impacts;

(d) Identify if the proposed action is expected to have any local or regional impacts to federally reserved tribal rights and resources including, but not limited to, those protected by treaty, executive order, or federal law;

(e) Summarize community input and describe how the covered agency can further involve overburdened communities, vulnerable populations, affected tribes, and indigenous populations in development of the proposed action; and

(f) Describe options and, where practicable, related cost projections for the agency to reduce, mitigate, or

eliminate identified probable impacts on overburdened communities and vulnerable populations, or provide a justification for not reducing, mitigating, or eliminating identified probable impacts.

(5) To obtain information for the purposes of assessments, a covered agency must solicit feedback from members of overburdened communities and vulnerable populations to assist in the accurate assessment of the potential impact of the action and in developing the means to reduce or eliminate the impact on overburdened communities and vulnerable populations.

(6) Based on the environmental justice assessment, each covered agency must seek, to the extent legal and feasible and consistent with the underlying statute being implemented, to reduce or eliminate the environmental harms and maximize the environmental benefits created by the significant agency action on overburdened communities and vulnerable populations. Consistent with agency authority, mission, and statutory responsibilities, the covered agency must consider each of the following methods for reducing environmental harms or equitably distributing environmental benefits:

(a) Eliminating the disparate impact of environmental harms on overburdened communities and vulnerable populations;

(b) Reducing cumulative environmental health impacts on overburdened communities or vulnerable populations;

(c) Preventing the action from adding to the cumulative environmental health impacts on overburdened communities or vulnerable populations;

(d) Providing equitable participation and meaningful engagement of vulnerable populations and overburdened communities in the development of the significant agency action;

(e) Prioritizing equitable distribution of resources and benefits to overburdened communities;

(f) Promoting positive workforce and job outcomes for overburdened communities;

(g) Meeting community needs identified by the affected overburdened community;

(h) Modifying substantive regulatory or policy requirements; and

(i) Any other mitigation techniques, including those suggested by the council, the office of equity, or representatives of overburdened communities and vulnerable populations.

(7) If the covered agency determines it does not have the ability or authority to avoid or reduce any estimated environmental harm of the significant agency action on overburdened communities and vulnerable populations or address the distribution of environmental and health benefits, the agency must provide a clear explanation of why it has made that determination and provide notice of that explanation to members of the public who participated in the environmental justice assessment process for the significant agency action and who provided contact information to the agency.

(8) In developing a process for conducting environmental justice assessments, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

(9) The issuance of forest practices permits under chapter 76.09 RCW or sale of timber from state lands and state forestlands as defined in RCW 79.02.010 do not require an environmental justice assessment under this section.

NEW SECTION. Sec. 15. The obligation of a covered agency to conduct an environmental justice assessment pursuant to section 14 of this act for significant agency actions does not, by itself, trigger requirements in chapter 43.21C RCW.

NEW SECTION. Sec. 16. ENVIRONMENTAL JUSTICE OBLIGATIONS OF AGENCIES RELATING TO BUDGETS AND FUNDING. (1) With consideration of the guidelines issued by the council in section 20 of this act, and in iterative consultation with the council, each covered agency must incorporate environmental justice principles into its decision processes for budget development, making expenditures, and granting or withholding environmental benefits. Through the incorporation of environmental justice principles into its decision processes, including by conducting environmental justice assessments where required under section 14 of this act, each covered agency, to the extent allowed by law and consistent with legislative appropriations, must

equitably distribute funding and expenditures related to programs that address or may cause environmental harms or provide environmental benefits towards overburdened communities and vulnerable populations.

(2) Beginning on or before July 1, 2023, each covered agency must, where practicable, take the following actions when making expenditure decisions or developing budget requests to the office of financial management and the legislature for programs that address or may cause environmental harms or provide environmental benefits:

(a) Focus applicable expenditures on creating environmental benefits, including reducing or eliminating environmental harms, creating community and population resilience, and improving the quality of life of overburdened communities and vulnerable populations;

(b) Create opportunities for overburdened communities and vulnerable populations to meaningfully participate in agency expenditure decisions;

(c) Clearly articulate environmental justice goals and assessment metrics to communicate the basis for agency expenditures;

(d) Consider a broad scope of grants and contracting opportunities that effectuate environmental justice principles, including:

(i) Community grants to monitor pollution;

(ii) Grants focused on building capacity and providing training for community scientists and other staff;

(iii) Making technical assistance available for communities that may be new to receiving agency grant funding; and

(iv) Education and work readiness youth programs focused on infrastructure or utility-related internships to develop career paths and leadership skills for youth; and

(e) Establish a goal of directing 40 percent of grants and expenditures that create environmental benefits to vulnerable populations and overburdened communities.

(3) A covered agency may adopt rules or guidelines for criteria and procedures applicable to incorporating environmental justice principles in

expenditure decisions under this section.

(4) In incorporating environmental justice principles into its decision processes for budget development, making expenditures, and granting or withholding benefits, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

(5) A covered agency may not take actions or make expenditures under this section that are inconsistent with or conflict with other statutes or with conditions or limitations on the agency's appropriations.

(6) If a covered agency, due to the breadth of its programs and funding opportunities, determines it is not practicable to take the actions listed in subsection (2) of this section for all applicable expenditure decisions and budget requests developed, the covered agency is encouraged to prioritize taking the actions listed in subsection (2) of this section for those budget requests and expenditure decisions that are primarily directed at addressing environmental impacts. By July 1, 2023, each covered agency must publish on its website the types of decision processes for budget development, making expenditures, and granting or withholding environmental benefits for which the agency will take the actions listed in subsection (2) of this section.

NEW SECTION. Sec. 17. REPORTING REQUIREMENTS. (1) By September 1st of each year, each covered agency must annually update the council on the development and implementation of environmental justice in agency strategic plans pursuant to section 12 of this act, budgeting and funding criteria for making budgeting and funding decisions pursuant to section 16 of this act, and community engagement plans pursuant to section 13 of this act.

(2)(a) Beginning in 2024, as part of each covered agency's annual update to the council under subsection (1) of this section, each covered agency must include updates on the agency's implementation status with respect to the environmental justice assessments under section 14 of this act.

(b) By September 1st of each year beginning in 2024, each covered agency must publish or update a dashboard report, in a uniform dashboard format on

the office of financial management's website, describing the agency's progress on:

(i) Environmental justice in its strategic plan;

(ii) The obligations of agencies relating to budgets and funding under section 16 of this act; and

(iii) Its environmental justice assessments of proposed significant agency actions, including its success rate in meeting the aspirational timeline for the completion of environmental justice assessments.

(3) Each covered agency must file a notice with the office of financial management of significant agency actions for which the agency is initiating an environmental justice assessment under section 14 of this act. The office of financial management must prepare a list of all filings received from covered agencies each week and must post the list on its website and make it available to any interested parties. The list of filings must include a brief description of the significant agency action and the methods for providing public comment for agency consideration as part of the environmental justice assessment.

NEW SECTION. Sec. 18. TRIBAL CONSULTATION. (1) Covered agencies must offer consultation with federally recognized Indian tribes on decisions that affect federally recognized Indian tribes' rights and interests in their tribal lands. The consultation must occur in accordance with chapter 43.376 RCW and must be independent of any public participation process required by state law, or by a state agency, and regardless of whether the agency receives a request for consultation from an Indian tribe. A covered agency's collaboration should include protocols for communication and development of best practices in consultation.

(2) Nothing in this chapter is intended to direct, authorize, or encourage covered agencies to collect, maintain, or provide data related to sacred sites, traditional cultural properties, burial grounds, and other tribal sites protected by federal or state law.

NEW SECTION. Sec. 19. A new section is added to chapter 43.70 RCW to read as follows:

ENVIRONMENTAL HEALTH DISPARITIES MAP.

(1) In consultation with the environmental justice council established in section 20 of this act, the department must continue to develop and maintain an environmental health disparities map with the most current available information necessary to identify cumulative environmental health impacts and overburdened communities. The department may also consult with other interested partners, such as the University of Washington department of environmental and occupational health sciences, other academic partners, members of overburdened communities and vulnerable populations, and other agencies. The environmental health disparities map must include tools to:

(a) Track changes in environmental health disparities over time in an interactive, regularly updated display; and

(b) Measure the link between overall environmental health disparity map ranks, environmental data, vulnerable populations characteristics, such as race and income, and human health data.

(2) In further developing and maintaining the environmental health disparities map, the department must:

(a) Solicit feedback from representatives from overburdened communities and vulnerable populations through community engagement and listening sessions in all regions of the state and provide opportunities for public comment; and

(b) Request assistance from:

(i) State universities;

(ii) Other academic researchers, such as the Washington state institute for public policy, to perform modeling and create evidence-based indicators and to conduct sensitivity analyses to assess the impact of new indicators on communities and determinations of overburdened communities; and

(iii) Other state agencies to provide applicable statewide environmental and sampling data for air, water, soil, polluted sites, toxic waste, pesticides, toxic chemicals, and other applicable media.

(3) The department must:

(a) Document and publish a summary of the regular updates and revisions to the

environmental health disparities map that happen over time as the new data becomes available, in order to help the public understand different versions of the map as they are published;

(c) Develop technical guidance for agencies that includes an online training video detailing a description of how to use the environmental health disparities map's features, access source data, and explanation of map and indicator limitations; and

(d) Provide support and consultation to agencies on the use of the environmental health disparities map by Washington tracking network staff.

(4) (a) By July 1, 2022, the Washington state institute for public policy must conduct a technical review of the measures and methods used in the environmental health disparities map. The review must, to the extent possible, address the following:

(i) Identify how the measures used in the map compare to measures used in other similar tools that aim to identify communities that are disproportionately impacted as a result of environmental justice issues;

(ii) Compare characteristics such as the reliability, validity, and clinical importance of individual and composite measures included in the map and other similar tools; and

(iii) Compare methodologies used in the map to statistical methodologies used in other similar tools.

(b) The department of health and the University of Washington must provide technical documentation regarding current methods to the Washington state institute for public policy and must consult with the institute as needed to ensure that the institute has adequate information to complete the technical review.

(c) By November 1, 2022, the Washington state institute for public policy must complete the review and submit a report on their findings to the

office of the governor, the appropriate committees of the legislature, and the environmental justice council.

If the court finds that the petitioner has exercised due diligence in attempting to locate the

(2) "Child," "juvenile," and "youth" mean:

(a) Any individual under the age of eighteen years; or

(b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. (7) "Developmental disability" means a disability attributable to intellectual

disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary of the department of social and health services to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

(8) "Educational liaison" means a person who has been appointed by the court to fulfill responsibilities outlined in RCW 13.34.046.

(9) "Extended foster care services" means residential and other support services the department is authorized to provide under RCW 74.13.031. (12) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management

department shall include parents and legal guardians in the development of policies and program decisions affecting their children.

Sec. 6. RCW 43.216.085 and 2019 c 369 s 2 are each amended to read as follows:

(1) The department, in collaboration with tribal governments and community and statewide partners, shall implement a quality rating and improvement system, called the early achievers program. The early achievers program provides a foundation of quality for the early care and education system. The early achievers program is applicable to licensed or certified child care centers (~~(and homes)~~), family home child care, outdoor nature-based child care, and early learning programs such as working connections child care and early childhood education and assistance programs.

(2) The objectives of the early achievers program are to:

(a) Improve short-term and long-term educational outcomes for children as measured by assessments including, but not limited to, the Washington kindergarten inventory of developing skills in RCW 28A.655.080;

(b) Give parents clear and easily accessible information about the quality of child care and early education programs;

(c) Support improvement in early learning and child care programs throughout the state;

(d) Increase the readiness of children for school;

(e) Close the disparities in access to quality care;

(f) Provide professional development and coaching opportunities to early child care and education providers; and

(g) Establish a common set of expectations and standards that define, measure, and improve the quality of early learning and child care settings.

(3)(a) Licensed or certified child care centers (~~(and homes)~~), family home child care, and outdoor nature-based child care, serving nonschool-age children and receiving state subsidy payments, must participate in the early achievers program by the required deadlines established in RCW 43.216.135.

(b) Approved early childhood education and assistance program providers receiving state-funded support must participate in the early achievers program by the required deadlines established in RCW 43.216.515.

(c) Participation in the early achievers program is voluntary for:

(i) Licensed or certified child care centers (~~(and homes)~~), family home child care, and outdoor nature-based child care, not receiving state subsidy payments; and

(ii) Early learning programs not receiving state funds.

(d) School-age child care providers are exempt from participating in the early achievers program. By July 1, 2017, the department and the office of the superintendent of public instruction shall jointly design a plan to incorporate school-age child care providers into the early achievers program or other appropriate quality improvement system. To test implementation of the early achievers system for school-age child care providers the department and the office of the superintendent of public instruction shall implement a pilot program.

(4)(a) There are five primary levels in the early achievers program.

(b) In addition to the primary levels, the department must establish an intermediate level that is between level 3 and level 4 and serves to assist participants in transitioning to level 4.

(c) Participants are expected to actively engage and continually advance within the program.

(5) The department has the authority to determine the rating cycle for the early achievers program. The department shall streamline and eliminate duplication between early achievers standards and state child care rules in order to reduce costs associated with the early achievers rating cycle and child care licensing.

(a) Early achievers program participants may request to be rated at any time after the completion of all level 2 activities.

(b) The department shall provide an early achievers program participant an update on the participant's progress

toward completing level 2 activities after the participant has been enrolled in the early achievers program for fifteen months.

(c) The first rating is free for early achievers program participants.

(d) Each subsequent rating within the established rating cycle is free for early achievers program participants.

(6)(a) Early achievers program participants may request to be rerated outside the established rating cycle. A rerating shall reset the rating cycle timeline for participants.

(b) The department may charge a fee for optional rerating requests made by program participants that are outside the established rating cycle.

(c) Fees charged are based on, but may not exceed, the cost to the department for activities associated with the early achievers program.

(7)(a) The department must create a single source of information for parents and caregivers to access details on a provider's early achievers program rating level, licensing history, and other indicators of quality and safety that will help parents and caregivers make informed choices. The licensing history that the department must provide for parents and caregivers pursuant to this subsection shall only include license suspension, surrender, revocation, denial, stayed suspension, or reinstatement. No unfounded child abuse or neglect reports may be provided to parents and caregivers pursuant to this subsection.

(b) The department shall publish to the department's web site, or offer a link on its web site to, the following information:

(i) Early achievers program rating levels 1 through 5 for all child care programs that receive state subsidy, early childhood education and assistance programs, and federal head start programs in Washington; and

(ii) New early achievers program ratings within thirty days after a program becomes licensed or certified, or receives a rating.

(c) The early achievers program rating levels shall be published in a manner that is easily accessible to parents and caregivers and takes into account the

linguistic needs of parents and caregivers.

(d) The department must publish early achievers program rating levels for child care programs that do not receive state subsidy but have voluntarily joined the early achievers program.

(e) Early achievers program participants who have published rating levels on the department's web site or on a link on the department's web site may include a brief description of their program, contingent upon the review and approval by the department, as determined by established marketing standards.

(8)(a) The department shall create a professional development pathway for early achievers program participants to obtain a high school diploma or equivalency or higher education credential in early childhood education, early childhood studies, child development, or an academic field related to early care and education.

(b) The professional development pathway must include opportunities for scholarships and grants to assist early achievers program participants with the costs associated with obtaining an educational degree.

(c) The department shall address cultural and linguistic diversity when developing the professional development pathway.

(9) The early achievers quality improvement awards shall be reserved for participants offering programs to an enrollment population consisting of at least five percent of children receiving a state subsidy.

(10) In collaboration with tribal governments, community and statewide partners, and the early achievers review subcommittee created in RCW 43.216.075, the department shall develop a protocol for granting early achievers program participants an extension in meeting rating level requirement timelines outlined for the working connections child care program and the early childhood education and assistance program.

(a) The department may grant extensions only under exceptional circumstances, such as when early achievers program participants experience an unexpected life circumstance.

(b) Extensions shall not exceed six months, and early achievers program participants are only eligible for one extension in meeting rating level requirement timelines.

(c) Extensions may only be granted to early achievers program participants who have demonstrated engagement in the early achievers program.

(11)(a) The department shall accept national accreditation that meets the requirements of this subsection (11) as a qualification for the early achievers program ratings.

(b) Each national accreditation agency will be allowed to submit its most current standards of accreditation to establish potential credit earned in the early achievers program. The department shall grant credit to accreditation bodies that can demonstrate that their standards meet or exceed the current early achievers program standards. By December 1, 2019, and subject to the availability of amounts appropriated for this specific purpose, the department must submit a detailed plan to the governor and the legislature to implement a robust cross-accreditation process with multiple pathways that allows a provider to earn equivalent early achievers credit resulting from accreditation by high quality national organizations.

(c) Licensed child care centers ~~((and)),~~ child care home providers, and outdoor nature-based child care must meet national accreditation standards approved by the department for the early achievers program in order to be granted credit for the early achievers program standards. Eligibility for the early achievers program is not subject to bargaining, mediation, or interest arbitration under RCW 41.56.028, consistent with the legislative reservation of rights under RCW 41.56.028(4)(d).

(12) The department shall explore the use of alternative quality assessment tools that meet the culturally specific needs of the federally recognized tribes in the state of Washington.

(13) A child care or early learning program that is operated by a federally recognized tribe and receives state funds shall participate in the early achievers program. The tribe may choose to participate through an interlocal agreement between the tribe and the

department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty. The interlocal agreement must provide that:

(a) Tribal child care facilities and early learning programs may volunteer, but are not required, to be licensed by the department;

(b) Tribal child care facilities and early learning programs are not required to have their early achievers program rating level published to the department's web site or through a link on the department's web site; and

(c) Tribal child care facilities and early learning programs must provide notification to parents or guardians who apply for or have been admitted into their program that early achievers program rating level information is available and provide the parents or guardians with the program's early achievers program rating level upon request.

(14) The department shall consult with the early achievers review subcommittee on all substantial policy changes to the early achievers program.

(15) Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects or limits the legislature's authority to make programmatic modifications to licensed child care and early learning programs under RCW 41.56.028(4)(d).

Sec. 7. RCW 43.216.087 and 2019 c 369 s 5 are each amended to read as follows:

(1)(a) The department shall, in collaboration with tribal governments and community and statewide partners, implement a protocol to maximize and encourage participation in the early achievers program for culturally diverse and low-income center ~~((and)),~~ family home, and outdoor nature-based child care providers. Amounts appropriated for the encouragement of culturally diverse and low-income center ~~((and)),~~ family home, and outdoor nature-based child care provider participation shall be appropriated separately from the other funds appropriated for the department, are the only funds that may be used for the protocol, and may not be used for any other purposes. Funds appropriated for the protocol shall be considered an

ongoing program for purposes of future departmental budget requests.

(b) The department shall prioritize the resources authorized in this section to assist providers in the early achievers program to help them reach a rating of level 3 or higher wherever access to subsidized care is at risk.

(2) The protocol should address barriers to early achievers program participation and include at a minimum the following:

(a) The creation of a substitute pool;

(b) The development of needs-based grants for providers in the early achievers program who demonstrate a need for assistance to improve program quality. Needs-based grants may be used for environmental improvements of early learning facilities; purchasing curriculum development, instructional materials, supplies, and equipment; and focused infant-toddler improvements. Priority for the needs-based grants shall be given to culturally diverse and low-income providers;

(c) The development of materials and assessments in a timely manner, and to the extent feasible, in the provider and family home languages; and

(d) The development of flexibility in technical assistance and coaching structures to provide differentiated types and amounts of support to providers based on individual need and cultural context.

It shall be the secretary's duty with regard to licensing under this chapter:

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities or outdoor locations for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2)(a) In consultation with the state fire marshal's office, the secretary shall use an interagency process to address health and safety requirements for child care programs that serve school-age children and are operated in buildings that contain public or private schools that safely serve children during times in which school is in session;

(c) Take into account the separate needs of family care providers, outdoor nature-based child care providers, and child care centers; and

(2) Private schools that operate early learning programs and do not receive state subsidy payments shall be subject (~~only~~) to the minimum health and safety standards (~~in subsection (1)(a) of this section~~) as defined in RCW 43.216.395(2)(b), the health and safety requirements under chapter 28A.195 RCW, and the requirements necessary to assure a sufficient early childhood education to meet usual requirements needed for transition into elementary school. The state, and any agency thereof, shall not restrict or dictate any specific educational or other programs for early learning programs operated by private schools except for programs that receive state subsidy payments.

Sec. 11. RCW 43.216.260 and 2007 c 415 s 4 are each amended to read as follows:

Licensed child day care centers and outdoor nature-based child care providers shall provide notice of pesticide use to parents or guardians of students and employees pursuant to chapter 17.21 RCW.

Sec. 14. RCW 43.216.305 and 2020 c 343 s 5 are each amended to read as follows:

(1) Each agency shall make application for a license or the continuation of a full license to the department (~~on forms~~) using a method prescribed by the department. Upon receipt of such application, the department shall either grant or deny a license or continuation of a full license within ninety days. A license or continuation shall be granted if the agency meets the minimum requirements set forth in this chapter and the departmental requirements consistent with this chapter, except that an initial license may be issued as provided in RCW 43.216.315. The department shall consider whether an agency is in good standing, as defined in subsection (4) (b) of this section, before

granting a continuation of a full license. Full licenses provided for in this chapter shall continue to remain valid so long as the licensee meets the requirements for a nonexpiring license in subsection (2) of this section and may be transferred to a new licensee in the event of a transfer of ownership of a child care operation. The licensee, however, shall advise the secretary of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter applies only to the licensee and the location stated in the application. For licensed family day care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move.

(2) In order to qualify for a nonexpiring full license, a licensee must meet the following requirements on an annual basis as established from the date of initial licensure:

(a) Submit the annual licensing fee;

(b) Submit a declaration to the department indicating the licensee's intent to continue operating a licensed child care program, or the intent to cease operation on a date certain;

(c) Submit a declaration of compliance with all licensing rules; and

(d) (~~Submit~~) For all current employees of the agency and as defined by department rule, submit background check applications into the department's electronic workforce registry on the schedule established by the department.

(3) If a licensee fails to meet the requirements in subsection (2) of this section for continuation of a full license the license expires and the licensee must submit a new application for licensure under this chapter.

(4) (a) Nothing about the nonexpiring license process may interfere with the department's established monitoring practice.

(b) For the purpose of this section, an agency is considered to be in good standing if in the intervening period between monitoring visits the agency does not have any of the following:

(i) Valid complaints;

(ii) A history of noncompliance related to those valid complaints or pending from prior monitoring visits; or

(iii) Other information that when evaluated would result in a finding of noncompliance with this section.

(c) The department shall consider whether an agency is in good standing when determining the most appropriate approach and process for monitoring visits, for the purposes of administrative efficiency while protecting children, consistent with this chapter. If the department determines that an agency is not in good standing, the department may issue a probationary license, as provided in RCW 43.216.320.

Sec. 15. RCW 43.216.325 and 2018 c 58 s 38 are each amended to read as follows:

(1) An agency may be denied a license, or any license issued pursuant to this chapter may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of this chapter or the requirements adopted pursuant to this chapter; or (b) that the conditions required for the issuance of a license under this chapter have ceased to exist with respect to such licenses. RCW 43.216.327 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(3) (a) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under this chapter or that an agency subject to licensing under this chapter is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home.

(b) Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may

be assessed and collected, with interest, for each day an agency is or was out of compliance.

(c) Civil monetary penalties shall not exceed one hundred fifty dollars per violation for a family day care home and two hundred fifty dollars per violation for child day care centers or outdoor nature-based child care programs. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(d) The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period.

(e) The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. RCW 43.216.335 governs notice of a civil monetary penalty and provides the right to an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

(4) (a) In addition to or in lieu of an enforcement action being taken, the department may place a child day care center, outdoor nature-based child care provider, or family day care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.

(b) Whenever a child day care center, outdoor nature-based child care provider, or family day care provider is placed on nonreferral status, the department shall provide written notification to the child day care center, outdoor nature-based child care provider, or family day care provider.

(5) The department shall notify appropriate public and private child care resource and referral agencies of the department's decision to: (a) Take an enforcement action against a child day care center, outdoor nature-based child care provider, or family day care provider; or (b) place or remove a child

day care center, outdoor nature-based child care provider, or family day care provider on nonreferral status.

Sec. 16. RCW 43.216.340 and 2014 c 9 s 1 are each amended to read as follows:

(1) Before requiring any alterations to a child care facility due to inconsistencies with requirements in chapter 19.27 RCW, the department shall:

(a) Consult with the city or county enforcement official; and

(b) Receive written verification from the city or county enforcement official that the alteration is required.

(2) The department's consultation with the city or county enforcement official is limited to licensed child care space.

(3) Unless there is imminent danger to children or staff, the department may not modify, suspend, or revoke a child care license or business activities while the department is waiting to:

(a) Consult with the city or county enforcement official under subsection (1)(a) of this section; or

(b) Receive written verification from the city or county enforcement official that the alteration is required under subsection (1)(b) of this section.

(4) For the purposes of this section, "child care facility" means a family day care home, school-age care, outdoor nature-based child care, and child day care center.

Sec. 17. RCW 43.216.360 and 2011 c 296 s 3 are each amended to read as follows:

When the department suspects that an agency is providing child care services without a license, it shall send notice to that agency within ten days. The notice shall include, but not be limited to, the following information:

(1) That a license is required and the reasons why;

(2) That the agency is suspected of providing child care without a license;

(3) That the agency must immediately stop providing child care until the agency becomes licensed;

(4) That the department can issue a penalty of one hundred fifty dollars per day for each day a family day care home provided care without being licensed and

two hundred fifty dollars for each day a child day care center or outdoor nature-based child care provider provided care without being licensed;

(5) That if the agency does not initiate the licensing process within thirty days of the date of the notice, the department will post on its web site that the agency is providing child care without a license.

Sec. 18. RCW 43.216.395 and 2017 3rd sp.s. c 6 s 114 are each amended to read as follows:

(1) The department shall develop an internal review process to determine whether department licensors have appropriately and consistently applied agency rules in (~~(child care facility licensing compliance agreements)~~) inspection reports that do not involve a violation of health and safety standards. Adverse licensing decisions including license denial, suspension, revocation, modification, or nonrenewal pursuant to RCW 43.216.325 or imposition of civil fines pursuant to RCW 43.216.335 are not subject to the internal review process in this section, but may be appealed using the administrative procedure act, chapter 34.05 RCW.

(2) The definitions in this subsection apply throughout this section.

(a) "Child care facility licensing compliance agreement" means an agreement issued by the department in lieu of the department taking enforcement action against a child care provider that contains: (i) A description of the violation and the rule or law that was violated; (ii) a statement from the licensee regarding the proposed plan to comply with the rule or law; (iii) the date the violation must be corrected; (iv) information regarding other licensing action that may be imposed if compliance does not occur by the required date; and (v) the signature of the licensor and licensee or the licensee's delegate.

(b) "Health and safety standards" means rules or requirements developed by the department to protect the health and safety of children against (~~substantial~~) risk of bodily, mental, or psychological injury, harm, illness, or death.

(3) The internal review process shall be conducted by the following six individuals:

(a) Three department employees who may include child care licensers; and

(b) Three child care providers selected by the department from names submitted by the oversight board for children, youth, and families established in RCW 43.216.015.

(4) The internal review process established in this section may overturn, change, or uphold a department licensing decision by majority vote. In the event that the six individuals conducting the internal review process are equally divided, the secretary or the secretary's designee shall make the decision of the internal review process. The internal review process must provide the parties with a written decision of the outcome after completion of the internal review process. A licensee must request a review under the internal review process within ten days of the development of ~~((a child care facility licensing compliance agreement))~~ an inspection report and the internal review process must be completed within ~~((thirty))~~ sixty days after the request from the licensee to initiate the internal review process is received.

(5) A licensee may request a final review by the oversight board for children, youth, and families after completing the internal review process established in this section by giving notice to the department and the oversight board for children, youth, and families within ten days of receiving the written decision produced by the internal review process.

~~((6) The department shall not develop a child care facility licensing compliance agreement with a child care provider for first-time violations of rules that do not relate to health and safety standards and that can be corrected on the same day that the violation is identified. The department shall develop a procedure for providing a warning and offering technical assistance to providers in response to these first-time violations.))~~

Sec. 19. RCW 43.216.515 and 2020 c 321 s 1 are each amended to read as follows:

(1) Approved early childhood education and assistance programs shall receive state-funded support through the department. Public or private organizations including, but not limited to, school districts, educational service districts, community and

technical colleges, local governments, or nonprofit organizations, are eligible to participate as providers of the state early childhood education and assistance program.

(2) Funds obtained by providers through voluntary grants or contributions from individuals, agencies, corporations, or organizations may be used to expand or enhance preschool programs so long as program standards established by the department are maintained.

(3) Persons applying to conduct the early childhood education and assistance program shall identify targeted groups and the number of children to be served, program components, the qualifications of instructional and special staff, the source and amount of grants or contributions from sources other than state funds, facilities and equipment support, and transportation and personal care arrangements.

(4) A new early childhood education and assistance program provider must complete the requirements in this subsection to be eligible to receive state-funded support under the early childhood education and assistance program:

(a) Enroll in the early achievers program within thirty days of the start date of the early childhood education and assistance program contract;

(b)(i) Except as provided in (b)(ii) of this subsection, rate at a level 4 or 5 in the early achievers program within twenty-four months of enrollment. If an early childhood education and assistance program provider rates below a level 4 within twenty-four months of enrollment, the provider must complete remedial activities with the department, and must rate at or request to be rated at a level 4 or 5 within twelve months of beginning remedial activities.

(ii) Licensed or certified child care centers ~~((and homes))~~, family home providers, and outdoor nature-based child care providers that administer an early childhood education and assistance program shall rate at a level 4 or 5 in the early achievers program within twenty-four months of the start date of the early childhood education and assistance program contract. If an early childhood education and assistance program provider rates below a level 4 within twenty-four months, the provider

must complete remedial activities with the department, and must rate at or request to be rated at a level 4 or 5 within twelve months of beginning remedial activities.

(5) (a) If an early childhood education and assistance program provider has successfully completed all of the required early achievers program activities and is waiting to be rated by the deadline provided in this section, the provider may continue to participate in the early achievers program as an approved early childhood education and assistance program provider and receive state subsidy pending the successful completion of a level 4 or 5 rating.

(b) To avoid disruption, the department may allow for early childhood education and assistance program providers who have rated below a level 4 after completion of the twelve-month remedial period to continue to provide services until the current school year is finished.

(c) (i) If the early childhood education and assistance program provider described under subsection (4) (b) (i) or (ii) of this section does not rate or request to be rated at a level 4 or 5 following the remedial period, the provider is not eligible to receive state-funded support under the early childhood education and assistance program under this section.

(ii) If the early childhood education and assistance program provider described under subsection (4) (b) (i) or (ii) of this section does not rate at a level 4 or 5 when the rating is released following the remedial period, the provider is not eligible to receive state-funded support under the early childhood education and assistance program under this section.

(6) (a) When an early childhood education and assistance program in good standing changes classroom locations to a comparable or improved space within the same facility, or to a comparable or improved outdoor location for an outdoor nature-based child care, a rerating is not required outside of the regular rerating and renewal cycle.

(b) When an early childhood education and assistance program in good standing moves to a new facility, or to a new outdoor location for an outdoor nature-based child care, the provider must notify the department of the move within

six months of changing locations in order to retain their existing rating. The early achievers program must conduct an observational visit to ensure the new classroom space is of comparable or improved environmental quality. If a provider fails to notify the department within six months of a move, the early achievers rating must be changed from the posted rated level to "Participating, Not Yet Rated" and the provider will cease to receive tiered reimbursement incentives until a new rating is completed.

(7) The department shall collect data periodically to determine the demand for full-day programming for early childhood education and assistance program providers. The department shall analyze this demand by geographic region and shall include the findings in the annual report required under RCW 43.216.089.

(8) The department shall develop multiple pathways for licensed or certified child care centers and homes to administer an early childhood education and assistance program. The pathways shall include an accommodation for these providers to rate at a level 4 or 5 in the early achievers program according to the timelines and standards established in subsection (4) (b) (ii) of this section. The department must consider using the intermediate level that is between level 3 and level 4 as described in RCW 43.216.085, incentives, and front-end funding in order to encourage providers to participate in the pathway.

Sec. 20. RCW 43.216.530 and 2015 3rd sp.s. c 7 s 10 are each amended to read as follows:

The department shall review applications from public or private organizations for state funding of early childhood education and assistance programs. The department shall consider local community needs, demonstrated capacity, and the need to support a mixed delivery system of early learning that includes alternative models for delivery including licensed centers, outdoor nature-based child care providers, and licensed family child care providers when reviewing applications.

Sec. 21. RCW 43.216.650 and 2015 c 199 s 1 are each amended to read as follows:

(1) For the purposes of this section, "near fatality" means an act that, as certified by a physician, places the child in serious or critical condition.

(2) (a) The department shall conduct a child fatality review if a child fatality occurs in an early learning program described in RCW (~~43.215.400 through 43.215.450~~) 43.216.500 through 43.216.550 or a licensed child care center, licensed outdoor nature-based child care, or a licensed child care home.

(b) The department shall convene a child fatality review committee and determine the membership of the review committee. The committee shall comprise individuals with appropriate expertise, including but not limited to experts from outside the department with knowledge of early learning licensing requirements and program standards, a law enforcement officer with investigative experience, a representative from a county or state health department, and a child advocate with expertise in child fatalities. The department shall invite one parent or guardian for membership on the child fatality review committee who has had a child die in a child care setting. The department shall ensure that the fatality review team is made up of individuals who had no previous involvement in the case.

(c) The department shall allow the parents or guardians whose child's death is being reviewed to testify before the child fatality review committee.

(d) The primary purpose of the fatality review shall be the development of recommendations to the department and legislature regarding changes in licensing requirements, practice, or policy to prevent fatalities and strengthen safety and health protections for children.

(e) Upon conclusion of a child fatality review required pursuant to this section, the department shall, within one hundred eighty days following the fatality, issue a report on the results of the review, unless an extension has been granted by the governor. Reports must be distributed to the appropriate committees of the legislature, and the department shall create a public web site where all child fatality review reports required under this section must be posted and maintained. A child fatality review report completed pursuant to this section is subject to public disclosure and must be posted on the public web site, except that confidential information may be redacted by the department consistent with the requirements of RCW 13.50.100,

68.50.105, and 74.13.500 through 74.13.525, chapter 42.56 RCW, and other applicable state and federal laws.

(3) The department shall consult with the office of the family and children's ombuds to determine if a review should be conducted in the case of a near child fatality that occurs in an early learning program described in RCW (~~43.215.400 through 43.215.450~~) 43.216.500 through 43.216.550 or licensed child care center, licensed outdoor nature-based child care, or licensed child care home.

(4) In any review of a child fatality or near fatality, the department and the fatality review team must have access to all records and files regarding the child or that are otherwise relevant to the review and that have been produced or retained by the early education and assistance program provider or licensed child care center, licensed outdoor nature-based child care, or licensed family home provider.

(5) The child fatality review committee shall coordinate with local law enforcement to ensure that the fatality or near fatality review does not interfere with any ongoing or potential criminal investigation.

(6) (a) A child fatality or near fatality review completed pursuant to this section is subject to discovery in a civil or administrative proceeding, but may not be admitted into evidence or otherwise used in a civil or administrative proceeding except pursuant to this section.

(b) A department employee responsible for conducting a child fatality or near fatality review, or member of a child fatality or near fatality review team, may not be examined in a civil or administrative proceeding regarding the following:

(i) The work of the child fatality or near fatality review team;

(ii) The incident under review;

(iii) The employee's or member's statements, deliberations, thoughts, analyses, or impressions relating to the work of the child fatality or near fatality review team or the incident under review; or

(iv) Statements, deliberations, thoughts, analyses, or impressions of any other member of the child fatality or near fatality review team, or any person

who provided information to the child fatality or near fatality review team, relating to the work of the child fatality or near fatality review team or the incident under review.

(c) Documents prepared by or for a child fatality or near fatality review team are inadmissible and may not be used in a civil or administrative proceeding, except that any document that exists before its use or consideration in a child fatality or near fatality review, or that is created independently of such review, does not become inadmissible merely because it is reviewed or used by a child fatality or near fatality review team. A person is not unavailable as a witness merely because the person has been interviewed by or has provided a statement for a child fatality or near fatality review, but if called as a witness, a person may not be examined regarding the person's interactions with the child fatality or near fatality review including, without limitation, whether the person was interviewed during such review, the questions that were asked during such review, and the answers that the person provided during such review. This section may not be construed as restricting a person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(d) The restrictions in this section do not apply in a licensing or disciplinary proceeding arising from an agency's effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with a minor's death or near fatality reviewed by a child fatality or near fatality review team.

(7) The department shall develop and implement procedures to carry out the requirements of this section.

(8) Nothing in this section creates a duty for the office of the family and children's ombuds under RCW 43.06A.030 as related to children in the care of an early learning program described in RCW (~~43.215.400 through 43.215.450~~) 43.216.500 through 43.216.550, a licensed child care center, a licensed outdoor nature-based child care, or a licensed child care home.

Sec. 22. RCW 43.216.660 and 2017 3rd sp.s. c 6 s 212 are each amended to read as follows:

It shall be the policy of the state of Washington to:

(1) Recognize the family as the most important social and economic unit of society and support the central role parents play in child rearing. All parents are encouraged to care for and nurture their children through the traditional methods of parental care at home. The availability of quality, affordable child care is a concern for working parents, the costs of care are often beyond the resources of working parents, and child care facilities are not located conveniently to workplaces and neighborhoods. Parents are encouraged to participate fully in the effort to improve the quality of child care services.

(2) A probationary license may be issued for up to six months, and at the discretion of the department it may be extended for an additional six months. Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the COVID-19 pandemic is causing a sustained global economic slowdown, and an economic downturn throughout Washington state with unprecedented numbers of layoffs and reduced work hours for a significant percentage of our workforce. Many of the state's workforce has been impacted by these layoffs and substantially reduced work hours and have suffered economic hardship, disproportionately affecting low and moderate-income workers resulting in lost wages and the inability to pay for basic household expenses, including rent. Hundreds of thousands of tenants in Washington are unable to consistently pay their rent, reflecting the continued financial precariousness of many renters in the state. Before the COVID-19 pandemic, nonpayment of rent was the leading cause of evictions within the state. Because the COVID-19 pandemic has led to an inability for tenants to consistently pay rent, the likelihood of

evictions has increased, as well as life, health, and safety risks to a significant percentage of the state's tenants. As a result, the governor has issued a temporary moratorium on evictions as of March 2020, with multiple extensions and other related actions, to reduce housing instability and enable tenants to stay in their homes.

Therefore, it is the intent of the legislature with this act to increase tenant protections during the public health emergency, provide legal representation for qualifying tenants in eviction cases, establish an eviction resolution pilot program to address nonpayment of rent eviction cases before any court filing, and ensure tenants and landlords have adequate opportunities to access state and local rental assistance programs to reimburse landlords for unpaid rent and preserve tenancies.

NEW SECTION. Sec. 2. A new section is added to chapter 59.18 RCW to read as follows:

The definitions in this section apply to sections 3 and 4 of this act unless the context clearly requires otherwise.

(1) "Dwelling unit" has the same meaning as defined in RCW 59.18.030, and includes a manufactured/mobile home or a mobile home lot as defined in RCW 59.20.030.

(2) "Eviction moratorium" refers to the governor of the state of Washington's proclamation 20-19.6, proclaiming a moratorium on certain evictions for all counties throughout Washington state on March 18, 2021, and any subsequent orders extending or amending such proclamation until it expires or is terminated by the governor of the state of Washington.

(3) "Landlord" has the same meaning as defined in RCW 59.18.030 and 59.20.030.

(4) "Prospective landlord" has the same meaning as defined in RCW 59.18.030.

(5) "Public health emergency" refers to the governor of the state of Washington's proclamation 20-05, proclaiming a state of emergency for all counties throughout Washington state on February 29, 2020, and any subsequent orders extending or amending such proclamation due to COVID-19 until the proclamation expires or is terminated by the governor of the state of Washington.

(6) "Rent" has the same meaning as defined in RCW 59.18.030.

(7) "Tenant" refers to any individual renting a dwelling unit or lot primarily for living purposes, including any individual with a tenancy subject to this chapter or chapter 59.20 RCW or any individual residing in transient lodging, such as a hotel or motel or camping area as their primary dwelling, for 30 days or more prior to March 1, 2020. "Tenant" does not include any individual residing in a hotel or motel or camping area as their primary dwelling for more than 30 days after March 1, 2020, if the hotel or motel or camping area has provided the individual with a seven-day eviction notice, which must include the following language: "For no-cost legal assistance, please call 2-1-1 or the Northwest Justice Project CLEAR Hotline outside King County (888) 201-1014 weekdays between 9:15 a.m. - 12:15 p.m., or (888) 387-7111 for seniors (age 60 and over). You may find additional resource information at <http://www.washingtonlawhelp.org>." "Tenant" also does not include occupants of homeless mitigation sites or a person entering onto land without permission of the landowner or lessor. For purposes of this subsection, any local government provision of solid waste or hygiene services to unsanctioned encampments does not constitute permission to occupy land.

TENANT PROTECTIONS

NEW SECTION. **Sec. 3.** A new section is added to chapter 59.18 RCW to read as follows:

(1) A landlord may not charge or impose any late fees or other charges against any tenant for the nonpayment of rent that became due between March 1, 2020, and six months following the expiration of the eviction moratorium.

(2) For rent that accrued between March 1, 2020, and the six months following the expiration of the eviction moratorium expiration date:

(a) A landlord may not report to a prospective landlord:

(i) A tenant's nonpayment of rent that accrued between March 1, 2020, and the six months following the expiration of the eviction moratorium; or

(ii) An unlawful detainer action pursuant to RCW 59.12.030(3) that resulted from a tenant's nonpayment of rent between March 1, 2020, and the six

months following the expiration of the eviction moratorium.

(b) A prospective landlord may not take an adverse action based on a prospective tenant's nonpayment of rent that occurred between March 1, 2020, and the six months following the expiration of the eviction moratorium.

(3)(a) A landlord or prospective landlord may not deny, discourage application for, or otherwise make unavailable any rental dwelling unit based on a tenant's or prospective tenant's medical history including, but not limited to, the tenant's or prospective tenant's prior or current exposure or infection to the COVID-19 virus.

(b) A landlord or prospective landlord may not inquire about, consider, or require disclosure of a tenant's or prospective tenant's medical records or history, unless such disclosure is necessary to evaluate a reasonable accommodation request or reasonable modification request under RCW 49.60.222.

(4) A landlord or prospective landlord in violation of this section is liable in a civil action for up to four and one-half times the monthly rent of the real property at issue, as well as court costs and reasonable attorneys' fees. A court must impose this penalty in an amount necessary to deter future violations, payable to the tenant bringing the action.

REPAYMENT PLANS

NEW SECTION. **Sec. 4.** A new section is added to chapter 59.18 RCW to read as follows:

(1) If a tenant has remaining unpaid rent that accrued between March 1, 2020, and six months following the expiration of the eviction moratorium or the end of the public health emergency, whichever is greater, the landlord must offer the tenant a reasonable schedule for repayment of the unpaid rent that does not exceed monthly payments equal to one-third of the monthly rental charges during the period of accrued debt. If a tenant fails to accept the terms of a reasonable repayment plan within 14 days of the landlord's offer, the landlord may proceed with an unlawful detainer action as set forth in RCW 59.12.030(3) but subject to any requirements under the eviction resolution pilot program

established under section 7 of this act. If the tenant defaults on any rent owed under a repayment plan, the landlord may apply for reimbursement from the landlord mitigation program as authorized under RCW 43.31.605(1)(d) or proceed with an unlawful detainer action as set forth in RCW 59.12.030(3) but subject to any requirements under the eviction resolution pilot program established under section 7 of this act. The court must consider the tenant's circumstances, including decreased income or increased expenses due to COVID-19, and the repayment plan terms offered during any unlawful detainer proceeding.

(2) Any repayment plan entered into under this section must:

(a) Not require payment until 30 days after the repayment plan is offered to the tenant;

(b) Cover rent only and not any late fees, attorneys' fees, or any other fees and charges;

(c) Allow for payments from any source of income as defined in RCW 59.18.255(5) or from pledges by nonprofit organizations, churches, religious institutions, or governmental entities;

(d) Not include provisions or be conditioned on: The tenant's compliance with the rental agreement, payment of attorneys' fees, court costs, or other costs related to litigation if the tenant defaults on the rental agreement; a requirement that the tenant apply for governmental benefits or provide proof of receipt of governmental benefits; or the tenant's waiver of any rights to a notice under RCW 59.12.030 or related provisions before a writ of restitution is issued.

(3) It is a defense to an eviction under RCW 59.12.030(3) that a landlord did not offer a repayment plan in conformity with this section.

(4) To the extent available funds exist for rental assistance from a federal, state, local, private, or nonprofit program, the tenant or landlord may continue to seek rental assistance to reduce and/or eliminate the unpaid rent balance.

Sec. 5. RCW 43.31.605 and 2020 c 315 s 8 and 2020 c 169 s 2 are each reenacted and amended to read as follows:

(1)(a) Subject to the availability of funds for this purpose, the landlord

mitigation program is created and administered by the department. The department shall have such rule-making authority as the department deems necessary to administer the program.

(b) The following types of claims related to landlord mitigation for renting private market rental units to low-income tenants using a housing subsidy program are eligible for reimbursement from the landlord mitigation program account:

In order to be eligible for reimbursement under this subsection (1)(b)(i), the landlord must pay for the first five hundred dollars for improvements, and rent to the tenant whose housing subsidy program was conditioned on the real property passing inspection. (iii) Reimbursement for damages established pursuant to subsection (2) of this section; and

(iv) Reimbursement for unpaid rent and unpaid utilities, provided that the landlord can evidence it to the department's satisfaction.

(c) Claims related to landlord mitigation for an unpaid judgment for rent, unpaid judgments resulting from the tenant's failure to comply with an installment payment agreement identified in RCW 59.18.610, late fees, attorneys' fees, and costs after a court order pursuant to RCW 59.18.410(3), including any unpaid portion of the judgment after the tenant defaults on the payment plan pursuant to RCW 59.18.410(3)(c), are eligible for reimbursement from the landlord mitigation program account and are exempt from any postjudgment interest required under RCW 4.56.110. Any claim for reimbursement made pursuant to RCW 59.18.410(3)(e)(ii) must be accompanied by a court order staying the writ of

restitution pursuant to RCW 59.18.410(3). Any claim for reimbursement under this subsection (1)(c) is not an entitlement.

(i) The department shall provide for a form on its website for tenants and landlords to apply for reimbursement funds for the landlord pursuant to this subsection (1)(c).

(ii) The form must include: (A) Space for the landlord and tenant to provide names, mailing addresses, phone numbers, date of birth for the tenant, and any other identifying information necessary for the department to process payment; (B) the landlord's statewide vendor identification number and how to obtain one; (C) name and address to whom payment must be made; (D) the amount of the judgment with instructions to include any other supporting documentation the department may need to process payment; (E) instructions for how the tenant is to reimburse the department under (c)(iii) of this subsection; (F) a description of the consequences if the tenant does not reimburse the department as provided in this subsection (1)(c); (G) a signature line for the landlord and tenant to confirm that they have read and understood the contents of the form and program; and (H) any other information necessary for the operation of the program. If the tenant has not signed the form after the landlord has made good faith efforts to obtain the tenant's signature, the landlord may solely submit the form but must attest to the amount of money owed and sign the form under penalty of perjury.

(iii) When a landlord has been reimbursed pursuant to this subsection (1)(c), the tenant for whom payment was made shall reimburse the department by depositing the amount disbursed from the landlord mitigation program account into the court registry of the superior court in which the judgment was entered. The tenant or other interested party may seek an ex parte order of the court under the unlawful detainer action to order such funds to be disbursed by the court. Upon entry of the order, the court clerk shall disburse the funds and include a case number with any payment issued to the department. If directed by the court, a clerk shall issue any payments made by a tenant to the department without further court order.

(iv) The department may deny an application made by a tenant who has

failed to reimburse the department for prior payments issued pursuant to this subsection (1)(c).

(v) With any disbursement from the account to the landlord, the department shall notify the tenant at the address provided within the application that a disbursement has been made to the landlord on the tenant's behalf and that failure to reimburse the account for the payment through the court registry may result in a denial of a future application to the account pursuant to this subsection (1)(c). The department may include any other additional information about how to reimburse the account it deems necessary to fully inform the tenant.

(vi) The department's duties with respect to obtaining reimbursement from the tenant to the account are limited to those specified within this subsection (1)(c).

(vii) If at any time funds do not exist in the landlord mitigation program account to reimburse claims submitted under this subsection (1)(c), the department must create and maintain a waitlist and distribute funds in the order the claims are received pursuant to subsection (6) of this section. Payment of any claims on the waitlist shall be made only from the landlord mitigation program account. The department shall not be civilly or criminally liable and may not have any penalty or cause of action of any nature arise against it regarding the provision or lack of provision of funds for reimbursement.

(7) The department, in its sole discretion, may inspect the property and the landlord's records related to a claim, including the use of a third-party inspector as needed to investigate fraud, to assist in making its claim review and determination of eligibility.

(10) Determinations regarding reimbursements shall be made by the department in its sole discretion.

(11) The department must establish a website that advertises the landlord mitigation program, the availability of reimbursement from the landlord mitigation program account, and maintains or links to the agency rules and policies established pursuant to this section.

Sec. 14. RCW 59.18.230 and 2020 c 315 s 6 and 2020 c 177 s 2 are each reenacted and amended to read as follows:

(1)(a) Any provision of a lease or other agreement, whether oral or written, whereby any section or subsection of this chapter is waived except as provided in RCW 59.18.360 and shall be deemed against public policy and shall be unenforceable. Such unenforceability shall not affect other provisions of the agreement which can be given effect without them.

(b) Any agreement, whether oral or written, between a landlord and tenant, or their representatives, and entered into pursuant to an unlawful detainer action under this chapter that requires the tenant to pay any amount in violation of RCW 59.18.283 or the statutory judgment amount limits under RCW 59.18.410 (1) or (2), or waives any rights of the tenant under RCW 59.18.410 or any other rights afforded under this chapter except as provided in RCW 59.18.360 is void and unenforceable. A landlord may not threaten a tenant with eviction for failure to pay nonpossessory charges limited under RCW 59.18.283.

(2) No rental agreement may provide that the tenant:

(a) Agrees to waive or to forgo rights or remedies under this chapter; or

(b) Authorizes any person to confess judgment on a claim arising out of the rental agreement; or

(3) A provision prohibited by subsection (2) of this section included in a rental agreement is unenforceable. If a landlord deliberately uses a rental agreement containing provisions known by him or her to be prohibited, the tenant may recover actual damages sustained by him or her, statutory damages not to exceed (~~five hundred dollars~~) \$500, costs of suit, and reasonable attorneys' fees.

(4) The common law right of the landlord of distress for rent is hereby abolished for property covered by this chapter. Any provision in a rental agreement creating a lien upon the personal property of the tenant or authorizing a distress for rent is null and void and of no force and effect. Any landlord who takes or detains the personal property of a tenant without the specific written consent of the tenant to such incident of taking or detention, and who, after written demand by the tenant for the return of his or her personal property, refuses to return the same promptly shall be liable to the tenant for the value of the property retained, actual damages, and if the refusal is intentional, may also be liable for damages of up to (~~five hundred dollars~~) \$500 per day but not to exceed (~~five thousand dollars~~) \$5,000, for each day or part of a day that the tenant is deprived of his or her property. All such rental agreements shall be unenforceable to the extent of any conflict with any provision of this chapter. Chapter 59.12 RCW shall be applicable only in implementation of the provisions of this chapter and not as an alternative remedy to this chapter which shall be exclusive where applicable: PROVIDED, That the provision of RCW 59.12.090, 59.12.100, and 59.12.170 shall not apply to any rental agreement included under the provisions of this chapter. RCW 59.18.055 (~~and 59.18.370~~), section 8 of this act, 59.18.365, 59.18.370, and 59.18.380 through 59.18.410 shall be applicable to any action of forcible entry or detainer or unlawful detainer arising from a tenancy under the provisions of this chapter, except when a mobile home, manufactured home, or park model or a tenancy in a mobile home lot is abandoned. Rentals of mobile homes, manufactured homes, or park models themselves are governed by the residential landlord-tenant act, chapter 59.18 RCW.

Sec. 16. RCW 59.18.410 and 2020 c 315 s 5 are each amended to read as follows:

(1) If at trial the verdict of the jury or, if the case is tried without a jury, the finding of the court is in favor of the landlord and against the tenant, judgment shall be entered for the restitution of the premises; and if the proceeding is for unlawful detainer after neglect or failure to perform any condition or covenant of a lease or agreement under which the property is held, or after default in the payment of rent, the judgment shall also declare the forfeiture of the lease, agreement, or tenancy. The jury, or the court, if the proceedings are tried without a jury, shall also assess the damages arising out of the tenancy occasioned to the landlord by any forcible entry, or by any forcible or unlawful detainer, alleged in the complaint and proved at trial, and, if the alleged unlawful detainer is based on

default in the payment of rent, find the amount of any rent due, and the judgment shall be rendered against the tenant liable for the forcible entry, forcible detainer, or unlawful detainer for the amount of damages thus assessed, for the rent, if any, found due, and late fees if such fees are due under the lease and do not exceed seventy-five dollars in total. The court may award statutory costs. The court may also award reasonable attorneys' fees as provided in RCW 59.18.290.

(2) When the tenant is liable for unlawful detainer after a default in the payment of rent, execution upon the judgment shall not occur until the expiration of five court days after the entry of the judgment. Before entry of a judgment or until five court days have expired after entry of the judgment, the tenant or any subtenant, or any mortgagee of the term, or other party interested in the continuance of the tenancy, may pay into court or to the landlord the amount of the rent due, any court costs incurred at the time of payment, late fees if such fees are due under the lease and do not exceed seventy-five dollars in total, and attorneys' fees if awarded, in which event any judgment entered shall be satisfied and the tenant restored to his or her tenancy. If the tenant seeks to restore his or her tenancy after entry of a judgment, the tenant may tender the amount stated within the judgment as long as that amount does not exceed the amount authorized under subsection (1) of this section. If a tenant seeks to restore his or her tenancy and pay the amount set forth in this subsection with funds acquired through an emergency rental assistance program provided by a governmental or nonprofit entity, the tenant shall provide a copy of the pledge of emergency rental assistance provided from the appropriate governmental or nonprofit entity and have an opportunity to exercise such rights under this subsection, which may include a stay of judgment and provision by the landlord of documentation necessary for processing the assistance. The landlord shall accept any pledge of emergency rental assistance funds provided to the tenant from a governmental or nonprofit entity before the expiration of any pay or vacate notice for nonpayment of rent for the full amount of the rent owing under the rental agreement. The landlord shall accept any written pledge of emergency rental assistance funds provided to the

tenant from a governmental or nonprofit entity after the expiration of the pay or vacate notice if the pledge will contribute to the total payment of both the amount of rent due, including any current rent, and other amounts if required under this subsection. The landlord shall suspend any court action for seven court days after providing necessary payment information to the nonprofit or governmental entity to allow for payment of the emergency rental assistance funds. By accepting such pledge of emergency rental assistance, the landlord is not required to enter into any additional conditions not related to the provision of necessary payment information and documentation. If a judgment has been satisfied, the landlord shall file a satisfaction of judgment with the court. A tenant seeking to exercise rights under this subsection shall pay an additional fifty dollars for each time the tenant was reinstated after judgment pursuant to this subsection within the previous twelve months prior to payment. If payment of the amount specified in this subsection is not made within five court days after the entry of the judgment, the judgment may be enforced for its full amount and for the possession of the premises.

(3)(a) Following the entry of a judgment in favor of the landlord and against the tenant for the restitution of the premises and forfeiture of the tenancy due to nonpayment of rent, the court, at the time of the show cause hearing or trial, or upon subsequent motion of the tenant but before the execution of the writ of restitution, may stay the writ of restitution upon good cause and on such terms that the court deems fair and just for both parties. In making this decision, the court shall consider evidence of the following factors:

(i) The tenant's willful or intentional default or intentional failure to pay rent;

(ii) Whether nonpayment of the rent was caused by exigent circumstances that were beyond the tenant's control and that are not likely to recur;

(iii) The tenant's ability to timely pay the judgment;

(iv) The tenant's payment history;

(v) Whether the tenant is otherwise in substantial compliance with the rental agreement;

(vi) Hardship on the tenant if evicted; and

(vii) Conduct related to other notices served within the last six months.

(b) The burden of proof for such relief under this subsection (3) shall be on the tenant. If the tenant seeks relief pursuant to this subsection (3) at the time of the show cause hearing, the court shall hear the matter at the time of the show cause hearing or as expeditiously as possible so as to avoid unnecessary delay or hardship on the parties.

(c) In any order issued pursuant to this subsection (3):

(i) The court shall not stay the writ of restitution more than ninety days from the date of order, but may order repayment of the judgment balance within such time. If the payment plan is to exceed thirty days, the total cumulative payments for each thirty-day period following the order shall be no less than one month of the tenant's share of the rent, and the total amount of the judgment and all additional rent that is due shall be paid within ninety days.

(ii) Within any payment plan ordered by the court, the court shall require the tenant to pay to the landlord or to the court one month's rent within five court days of issuance of the order. If the date of the order is on or before the fifteenth of the month, the tenant shall remain current with ongoing rental payments as they become due for the duration of the payment plan; if the date of the order is after the fifteenth of the month, the tenant shall have the option to apportion the following month's rental payment within the payment plan, but monthly rental payments thereafter shall be paid according to the rental agreement.

(iii) The sheriff may serve the writ of restitution upon the tenant before the expiration of the five court days of issuance of the order; however, the sheriff shall not execute the writ of restitution until after expiration of the five court days in order for payment to be made of one month's rent as required by (c)(ii) of this subsection. In the event payment is made as provided in (c)(ii) of this subsection for one month's rent, the court shall stay the writ of restitution ex parte without prior notice to the landlord upon the tenant filing and presenting a motion to stay with a declaration of proof of

payment demonstrating full compliance with the required payment of one month's rent. Any order staying the writ of restitution under this subsection (3)(c)(iii) shall require the tenant to serve a copy of the order on the landlord by personal delivery, first-class mail, facsimile, or email if agreed to by the parties.

(A) If the tenant has satisfied (c)(ii) of this subsection by paying one month's rent within five court days, but defaults on a subsequent payment required by the court pursuant to this subsection (3)(c), the landlord may enforce the writ of restitution after serving a notice of default in accordance with RCW 59.12.040 informing the tenant that he or she has defaulted on rent due under the lease agreement or payment plan entered by the court. Upon service of the notice of default, the tenant shall have three calendar days from the date of service to vacate the premises before the sheriff may execute the writ of restitution.

(B) If the landlord serves the notice of default described under this subsection (3)(c)(iii), an additional day is not included in calculating the time before the sheriff may execute the writ of restitution. The notice of default must be in substantially the following form:

(iv) If a tenant seeks to satisfy a condition of this subsection (3)(c) by relying on an emergency rental assistance program provided by a government or nonprofit entity and provides an offer of proof, the court shall stay the writ of restitution as necessary to afford the tenant an equal opportunity to comply.

(v) The court shall extend the writ of restitution as necessary to enforce the order issued pursuant to this subsection (3)(c) in the event of default.

(d) A tenant who has been served with three or more notices to pay or vacate for failure to pay rent as set forth in RCW 59.12.040 within twelve months prior to the notice to pay or vacate upon which the proceeding is based may not seek relief under this subsection (3).

(e)(i) In any application seeking relief pursuant to this subsection (3) by either the tenant or landlord, the court shall issue a finding as to whether the tenant is low-income, limited resourced, or experiencing hardship to determine if the parties would be eligible for disbursement through the landlord mitigation program account established within RCW 43.31.605(1)(c). In making this finding, the court may include an inquiry regarding the tenant's income relative to area median income, household composition, any extenuating circumstances, or other factors, and may rely on written declarations or oral testimony by the parties at the hearing.

(ii) After a finding that the tenant is low-income, limited resourced, or experiencing hardship, the court may issue an order: (A) Finding that the landlord is eligible to receive on behalf of the tenant and may apply for reimbursement from the landlord mitigation program; and (B) directing the clerk to remit, without further order of

the court, any future payments made by the tenant in order to reimburse the department of commerce pursuant to RCW 43.31.605(1)(c)(iii). In accordance with RCW 43.31.605(1)(c), such an order must be accompanied by a copy of the order staying the writ of restitution. Nothing in this subsection (3)(e) shall be deemed to obligate the department of commerce to provide assistance in claim reimbursement through the landlord mitigation program if there are not sufficient funds.

(iii) If the department of commerce fails to disburse payment to the landlord for the judgment pursuant to this subsection (3)(e) within thirty days from submission of the application, the landlord may renew an application for a writ of restitution pursuant to RCW 59.18.370 and for other rent owed by the tenant since the time of entry of the prior judgment. In such event, the tenant may exercise rights afforded under this section.

(iv) Upon payment by the department of commerce to the landlord for the remaining or total amount of the judgment, as applicable, the judgment is satisfied and the landlord shall file a satisfaction of judgment with the court.

(v) Nothing in this subsection (3)(e) prohibits the landlord from otherwise applying for reimbursement for an unpaid judgment pursuant to RCW 43.31.605(1)(c) after the tenant defaults on a payment plan ordered pursuant to (c) of this subsection.

(vi) For the period extending one year beyond the expiration of the eviction moratorium, a tenant may demonstrate ability to pay in order to reinstate the tenancy by means of disbursement through the account established under RCW 43.31.605(1)(c); in such a case:

(A) Any restrictions imposed by subsection (3)(d) of this section shall not apply in determining if a tenant is eligible for reinstatement under subsection (3) of this section.

(B) Reimbursement on behalf of the tenant to the landlord may include up to three months of prospective rent to stabilize the tenancy as determined by the court.

(4) If a tenant seeks to stay a writ of restitution issued pursuant to this chapter, the court may issue an ex parte stay of the writ of restitution provided

the tenant or tenant's attorney submits a declaration indicating good faith efforts were made to notify the other party or, if no efforts were made, why notice could not be provided prior to the application for an ex parte stay, and describing the immediate or irreparable harm that may result if an immediate stay is not granted. The court shall require service of the order and motion to stay the writ of restitution by personal delivery, mail, facsimile, or other means most likely to afford all parties notice of the court date.

(5) In all other cases the judgment may be enforced immediately. If a writ of restitution shall have been executed prior to judgment no further writ or execution for the premises shall be required.

(6) This section also applies if the writ of restitution is issued pursuant to a final judgment entered after a show cause hearing conducted in accordance with RCW 59.18.380.

NEW SECTION. Sec. 17. This act does not apply to assisted living facilities licensed under chapter 18.20 RCW, to nursing homes licensed under chapter 18.51 RCW, to adult family homes licensed under chapter 70.128 RCW, or to continuing care retirement communities registered under chapter 18.390 RCW.

NEW SECTION. Sec. 18. RCW 59.18.375 (Forcible entry or detainer or unlawful detainer actions—Payment of rent into court registry—Writ of restitution—Notice) and 2008 c 75 s 2, 2006 c 51 s 2, & 1983 c 264 s 13 are each repealed.

NEW SECTION. Sec. 19. Sections 2 through 4 of this act supersede any other provisions within chapter 59.18 or 59.12 RCW, or chapter 59.20 RCW as applicable, that conflict with sections 2 through 4 of this act.

E2SSB 5163 Prime Sponsor, Committee on Ways & Means: Concerning the placement and treatment of conditionally released sexually violent predators. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Public Safety.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that in 2008, the sex offender policy board was established to provide a more coordinated and integrated response to sex offender management in Washington state. The legislature further finds that in March 2020, the board was convened to review policies and practices related to sexually violent predators. The legislature recognizes that the board released a report and a series of recommendations regarding improvement to the current practice in order to ensure a successful transition for individuals convicted of sex offenses from total confinement back into the community. The legislature resolves to increase community safety through successful transition by enacting the recommendations of the board and other related policies.

Sec. 2. RCW 71.09.020 and 2015 c 278 s 2 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of social and health services.

(2) "Fair share principles" and "fair share principles of release" means that each county has adequate options for conditional release housing placements

in a number generally equivalent to the number of residents from that county who are subject to total confinement pursuant to this chapter.

(3) "Health care facility" means any hospital, hospice care center, licensed or certified health care facility, health maintenance organization regulated under chapter 48.46 RCW, federally qualified health maintenance organization, federally approved renal dialysis center or facility, or federally approved blood bank.

~~((6))~~ (7) "Less restrictive alternative" means court-ordered treatment in a setting less restrictive than total confinement which satisfies the conditions set forth in RCW 71.09.092. A less restrictive alternative may not include placement in the community protection program as pursuant to RCW 71A.12.230.

~~((7))~~ (8) "Likely to engage in predatory acts of sexual violence if not confined in a secure facility" means that the person more probably than not will engage in such acts if released unconditionally from detention on the sexually violent predator petition. Such likelihood must be evidenced by a recent overt act if the person is not totally confined at the time the petition is filed under RCW 71.09.030.

~~((8))~~ (9) "Mental abnormality" means a congenital or acquired condition affecting the emotional or volitional capacity which predisposes the person to the commission of criminal sexual acts in a degree constituting such person a menace to the health and safety of others.

~~((9))~~ (10) "Personality disorder" means an enduring pattern of inner experience and behavior that deviates markedly from the expectations of the individual's culture, is pervasive and inflexible, has onset in adolescence or

~~((18))~~ (19) "Sexually violent predator" means any person who has been

Total confinement facilities include the special commitment center and any similar facility designated as a total confinement facility by the secretary.

~~((20))~~ (21) "Treatment" means the sex offender specific treatment program at the special commitment center or a specific course of sex offender treatment pursuant to RCW 71.09.092 (1) and (2).

Sec. 3. RCW 71.09.080 and 2012 c 257 s 6 are each amended to read as follows:

(1) Any person subjected to restricted liberty as a sexually violent predator pursuant to this chapter shall not forfeit any legal right or suffer any legal disability as a consequence of any actions taken or orders made, other than as specifically provided in this chapter, or as otherwise authorized by law.

(2)(a) Any person committed or detained pursuant to this chapter shall be prohibited from possessing or accessing a personal computer if the resident's individualized treatment plan states that access to a computer is harmful to bringing about a positive response to a specific and certain phase or course of treatment.

(b) A person who is prohibited from possessing or accessing a personal computer under (a) of this subsection shall be permitted to access a limited functioning personal computer capable of word processing and limited data storage on the computer only that does not have: (i) Internet access capability; (ii) an optical drive, external drive, universal serial bus port, or similar drive capability; or (iii) the capability to display photographs, images, videos, or motion pictures, or similar display capability from any drive or port capability listed under (b)(ii) of this subsection.

(3) Any person committed pursuant to this chapter has the right to adequate care ~~(and)~~, individualized treatment,

and the development of an ongoing, clinically appropriate discharge plan as part of the treatment process. The department of social and health services shall keep records detailing all medical, expert, and professional care and treatment received by a committed person, and shall keep copies of all reports of periodic examinations made pursuant to this chapter. All such records and reports shall be made available upon request only to: The committed person, his or her attorney, the prosecuting agency, the court, the protection and advocacy agency, or another expert or professional person who, upon proper showing, demonstrates a need for access to such records.

(4) The right to the development of a discharge plan under subsection (3) of this section does not guarantee that any particular person will be determined appropriate for discharge at any particular time. Nothing in this section precludes the department from expressing professional judgment regarding the suitability of discharge for the protection of a resident's safety or community safety. Individualized and ongoing discharge planning requires, at a minimum, and as part of a person's treatment plan, the following are addressed based on information known to the department and in accordance with policies developed by the department to implement this subsection:

(a) The resident's known physical health, functioning, and any need for health aid devices;

(b) The resident's known intellectual or cognitive level of functioning and need for specialized programming;

(c) The resident's known history of substance use and abuse;

(d) The resident's known history of risky or impulsive behaviors, criminogenic needs, and treatment interventions to address them;

(e) The resident's known ability to perform life skills and activities of daily living independently and the resident's known need for any disability accommodations;

(f) A summary of the known community services and supports the resident needs for a safe life in the community and the type of providers of such services and support; and

(g) A plan to mitigate the needs identified in this subsection that also addresses ways to develop or increase social supports, recreation opportunities, gainful employment, and if applicable, spiritual opportunities.

(5) At the time a person is taken into custody or transferred into a facility pursuant to a petition under this chapter, the professional person in charge of such facility or his or her designee shall take reasonable precautions to inventory and safeguard the personal property of the persons detained or transferred. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this subsection, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without consent of the patient or order of the court.

~~((5))~~ (6) Nothing in this chapter prohibits a person presently committed from exercising a right presently available to him or her for the purpose of obtaining release from confinement, including the right to petition for a writ of habeas corpus.

~~((6))~~ (7) No indigent person may be conditionally released or unconditionally discharged under this chapter without suitable clothing, and the secretary shall furnish the person with such sum of money as is required by RCW 72.02.100 for persons without ample funds who are released from correctional institutions. As funds are available, the secretary may provide payment to the indigent persons conditionally released pursuant to this chapter consistent with the optional provisions of RCW 72.02.100 and 72.02.110, and may adopt rules to do so.

~~((7))~~ (8) If a civil commitment petition is dismissed, or a trier of fact determines that a person does not meet civil commitment criteria, the person shall be released within twenty-four hours of service of the release order on the superintendent of the special commitment center, or later by agreement

of the person who is the subject of the petition.

Sec. 4. RCW 71.09.090 and 2018 c 131 s 2 are each amended to read as follows:

(1)(a) If the secretary determines that the person's condition has so changed that ~~((either: (a) The))~~ the person no longer meets the definition of a sexually violent predator ~~((; or (b) conditional release to a less restrictive alternative is in the best interest of the person and conditions can be imposed that adequately protect the community))~~, the secretary shall authorize the person to petition the court for ~~((conditional release to a less restrictive alternative or))~~ unconditional discharge. The petition shall be filed with the court and served upon the prosecuting agency responsible for the initial commitment. The court, upon receipt of the petition for ~~((conditional release to a less restrictive alternative or))~~ unconditional discharge, shall within ~~((forty-five))~~ 45 days order a hearing.

(b) If the secretary determines that the person's condition has so changed that conditional release to a less restrictive alternative is in the best interest of the person and conditions can be imposed that adequately protect the community, then the secretary shall authorize the person to petition the court for conditional release to a less restrictive alternative. Upon receipt of the petition, the court shall order the department to identify a less restrictive alternative placement that satisfies RCW 71.09.092 (1) through (4). Once identified, notice of the placement shall be filed with the court and served upon the prosecuting agency responsible for the initial commitment as well as the person and his or her counsel. If the department cannot identify a placement available to the person that satisfies RCW 71.09.092 (1) through (4) within 90 days, the department shall provide a written certification to the court, the prosecuting agency responsible for the initial commitment, and the person and his or her counsel, detailing the efforts of the department to identify a qualifying placement. Upon the department's certification, the person may propose a placement that satisfies RCW 71.09.092 (1) through (3). After a less restrictive placement has been proposed by either the department or the person, the court shall within 45 days order a hearing.

(2)(a) Nothing contained in this chapter shall prohibit the person from otherwise petitioning the court for conditional release to a less restrictive alternative or unconditional discharge without the secretary's approval. The secretary shall provide the committed person with an annual written notice of the person's right to petition the court for conditional release to a less restrictive alternative or unconditional discharge over the secretary's objection. The notice shall contain a waiver of rights. The secretary shall file the notice and waiver form and the annual report with the court. If the person does not affirmatively waive the right to petition, the court shall set a show cause hearing to determine whether probable cause exists to warrant a hearing on whether the person's condition has so changed that: (i) He or she no longer meets the definition of a sexually violent predator; or (ii) conditional release to a proposed less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community.

(b)(i) The committed person shall have a right to have an attorney represent him or her at the show cause hearing, which may be conducted solely on the basis of affidavits or declarations, but the person is not entitled to be present at the show cause hearing. At the show cause hearing, the prosecuting agency shall present prima facie evidence establishing: (A) That the committed person continues to meet the definition of a sexually violent predator; and (B) that a less restrictive alternative is not in the best interest of the person and conditions cannot be imposed that adequately protect the community.

(ii)(A) If the state produces prima facie evidence that the committed person continues to be a sexually violent predator, then the state's burden under (b)(i)(A) of this subsection is met and an unconditional release trial may not be ordered unless the committed person produces evidence satisfying: Subsection (4)(a) of this section; and subsection (4)(b)(i) or (ii) of this section.

(B) If the state produces prima facie evidence that a less restrictive alternative is not appropriate for the committed person, then the state's burden under (b)(i)(B) of this subsection is met, and a conditional release trial may

not be ordered unless the committed person:

(I) Produces evidence satisfying: Subsection (4)(a) of this section; and subsection (4)(b)(i) or (ii) of this section; and

(II) Presents the court with a specific placement satisfying the requirements of RCW 71.09.092.

(iii) In making the showing required under (b)(i) of this subsection, the state may rely exclusively upon the annual report prepared pursuant to RCW 71.09.070. The committed person may present responsive affidavits or declarations to which the state may reply.

(c)(i) If the court at the show cause hearing determines that either: ~~((i))~~ (A) The state has failed to present prima facie evidence that the committed person continues to meet the definition of a sexually violent predator ~~((and that no proposed less restrictive alternative is in the best interest of the person and conditions cannot be imposed that would adequately protect the community))~~; or ~~((ii))~~ (B) probable cause exists to believe that the person's condition has so changed that ~~((A) The)~~ the person no longer meets the definition of a sexually violent predator ~~((or (B) release to a proposed less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community))~~, then the court shall set a hearing on ~~((either or both issues))~~ the issue of unconditional discharge.

(ii) If the court at the show cause hearing determines that the state has failed to present prima facie evidence that no proposed less restrictive alternative is in the best interest of the person and conditions cannot be imposed that would adequately protect the community, the court shall enter an order directing the department to propose a less restrictive alternative that satisfies RCW 71.09.092 (1) through (4). If the department cannot identify a placement available to the person that satisfies RCW 71.09.092 (1) through (4) within 90 days, the department shall provide a written certification to the court, the prosecuting agency responsible for the initial commitment, and the person and his or her counsel, detailing the efforts of the department to identify a qualifying placement. Upon

the department's certification, the person may propose a placement that satisfies RCW 71.09.092 (1) through (3). After a less restrictive placement has been proposed by either the department or the person, the court shall set a hearing on the issue of conditional release.

(iii) If the court at the show cause hearing determines, based on the evidence submitted by the person, that probable cause exists to believe that release to a less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community, the court shall set a hearing on the issue of conditional release if the person presents the court with a specific placement that satisfies the requirements of RCW 71.09.092.

(d) If the court has not previously considered the issue of release to a less restrictive alternative, either through a trial on the merits or through the procedures set forth in RCW 71.09.094(1), or if an immediately preceding less restrictive alternative was revoked due to the loss of adequate housing or treatment for reasons other than noncompliance with housing requirements, treatment, or other conditions of the less restrictive alternative, the court shall consider whether release to a less restrictive alternative would be in the best interests of the person and conditions can be imposed that would adequately protect the community, without considering whether the person's condition has changed. ~~((The court may not find probable cause for a trial addressing less restrictive alternatives unless a proposed less restrictive alternative placement meeting the conditions of RCW 71.09.092 is presented to the court at the show cause hearing.))~~

(3)(a) At the hearing resulting from subsection (1) or (2) of this section, the committed person shall be entitled to be present and to the benefit of all constitutional protections that were afforded to the person at the initial commitment proceeding. The prosecuting agency shall represent the state and shall have a right to a jury trial and to have the committed person evaluated by experts chosen by the state. The prosecuting agency shall have a right to a current evaluation of the person by experts chosen by the state. The judge may require the person to complete any or all of the following procedures or tests

if requested by the evaluator: (i) A clinical interview; (ii) psychological testing; (iii) plethysmograph testing; and (iv) polygraph testing. The judge may order the person to complete any other procedures and tests relevant to the evaluation. The state is responsible for the costs of the evaluation. The committed person shall also have the right to a jury trial and the right to have experts evaluate him or her on his or her behalf and the court shall appoint an expert if the person is indigent and requests an appointment.

(b) Whenever any indigent person is subjected to an evaluation under (a) of this subsection, the office of public defense is responsible for the cost of one expert or professional person conducting an evaluation on the person's behalf. When the person wishes to be evaluated by a qualified expert or professional person of his or her own choice, such expert or professional person must be permitted to have reasonable access to the person for the purpose of such evaluation, as well as to all relevant medical and psychological records and reports. In the case of a person who is indigent, the court shall, upon the person's request, assist the person in obtaining an expert or professional person to perform an evaluation or participate in the hearing on the person's behalf. Nothing in this chapter precludes the person from paying for additional expert services at his or her own expense.

(c) If the issue at the hearing is whether the person should be unconditionally discharged, the burden of proof shall be upon the state to prove beyond a reasonable doubt that the committed person's condition remains such that the person continues to meet the definition of a sexually violent predator. Evidence of the prior commitment trial and disposition is admissible. The recommitment proceeding shall otherwise proceed as set forth in RCW 71.09.050 and 71.09.060.

(d) If the issue at the hearing is whether the person should be conditionally released to a less restrictive alternative, the burden of proof at the hearing shall be upon the state to prove beyond a reasonable doubt that conditional release to any proposed less restrictive alternative either: (i) Is not in the best interest of the committed person; or (ii) does not

include conditions that would adequately protect the community. Evidence of the prior commitment trial and disposition is admissible.

(4)(a) Probable cause exists to believe that a person's condition has "so changed," under subsection (2) of this section, only when evidence exists, since the person's last commitment trial, or less restrictive alternative revocation proceeding, of a substantial change in the person's physical or mental condition such that the person either no longer meets the definition of a sexually violent predator or that a conditional release to a less restrictive alternative is in the person's best interest and conditions can be imposed to adequately protect the community.

(b) A new trial proceeding under subsection (3) of this section may be ordered, or a trial proceeding may be held, only when there is current evidence from a licensed professional of one of the following and the evidence presents a change in condition since the person's last commitment trial proceeding:

(i) An identified physiological change to the person, such as paralysis, stroke, or dementia, that renders the committed person unable to commit a sexually violent act and this change is permanent; or

(ii) A change in the person's mental condition brought about through positive response to continuing participation in treatment which indicates that the person meets the standard for conditional release to a less restrictive alternative or that the person would be safe to be at large if unconditionally released from commitment.

(c) For purposes of this section, a change in a single demographic factor, without more, does not establish probable cause for a new trial proceeding under subsection (3) of this section. As used in this section, a single demographic factor includes, but is not limited to, a change in the chronological age, marital status, or gender of the committed person.

(5) When the court enters an order for unconditional discharge of a person from an immediately preceding less restrictive placement, the court must direct the clerk to transmit a copy of the order to the department of corrections for discharge process and termination of cause.

(6) The jurisdiction of the court over a person civilly committed pursuant to this chapter continues until such time as the person is unconditionally discharged.

~~((6))~~ (7) During any period of confinement pursuant to a criminal conviction, or for any period of detention awaiting trial on criminal charges, this section is suspended.

Sec. 5. RCW 71.09.092 and 2009 c 409 s 9 are each amended to read as follows:

Before the court may enter an order directing conditional release to a less restrictive alternative, it must find the following: (1) The person will be treated by a treatment provider who is qualified to provide such treatment in the state of Washington under chapter 18.155 RCW; (2) the treatment provider has presented a specific course of treatment and has agreed to assume responsibility for such treatment and will report progress to the court on a regular basis, and will report violations immediately to the court, the prosecutor, the supervising community corrections officer, and the superintendent of the special commitment center; (3) housing exists in Washington that complies with distance restrictions, is sufficiently secure to protect the community, and the person or agency providing housing to the conditionally released person has agreed in writing to accept the person, to provide the level of security required by the court, and immediately to report to the court, the prosecutor, the supervising community corrections officer, and the superintendent of the special commitment center if the person leaves the housing to which he or she has been assigned without authorization; (4) if the department has proposed housing that is outside of the county of commitment, a documented effort was made by the department to ensure that placement is consistent with fair share principles of release; (5) the person is willing to comply with the treatment provider and all requirements imposed by the treatment provider and by the court; and ~~((5))~~ (6) the person will be under the supervision of the department of corrections and is willing to comply with supervision requirements imposed by the department of corrections.

Sec. 6. RCW 71.09.096 and 2015 c 278 s 3 are each amended to read as follows:

(1) If the court or jury determines that conditional release to a less restrictive alternative is in the best interest of the person and includes conditions that would adequately protect the community, and the court determines that the minimum conditions set forth in RCW 71.09.092 and in this section are met, the court shall enter judgment and direct a conditional release.

(2) The court shall impose any additional conditions necessary to ensure compliance with treatment and to protect the community. If the court finds that conditions do not exist that will both ensure the person's compliance with treatment and protect the community, then the person shall be remanded to the custody of the department of social and health services for control, care, and treatment in a secure facility as designated in RCW 71.09.060(1).

(3) If the service provider designated by the court to provide inpatient or outpatient treatment or to monitor or supervise any other terms and conditions of a person's placement in a less restrictive alternative is other than the department of social and health services or the department of corrections, then the service provider so designated must agree in writing to provide such treatment, monitoring, or supervision in accord with this section. Any person providing or agreeing to provide treatment, monitoring, or supervision services pursuant to this chapter may be compelled to testify and any privilege with regard to such person's testimony is deemed waived.

(4)(a) Prior to authorizing any release to a less restrictive alternative, the court shall impose such conditions upon the person as are necessary to ensure the safety of the community. In imposing conditions, the court must impose a restriction on the proximity of the person's residence to public or private schools providing instruction to kindergarten or any grades one through 12 in accordance with RCW 72.09.340. Courts shall require a minimum distance restriction of 500 feet on the proximity of the person's residence to child care facilities and public or private schools providing instruction to kindergarten or any grades one through 12. The court shall order the department of corrections to investigate the less restrictive alternative and, within 60 days of the order to investigate,

recommend any additional conditions to the court. These conditions shall be individualized to address the person's specific risk factors and criminogenic needs and may include, but are not limited to the following: Specification of residence or restrictions on residence including distance restrictions, specification of contact with a reasonable number of individuals upon the person's request who are verified by the department of corrections to be appropriate social contacts, prohibition of contact with potential or past victims, prohibition of alcohol and other drug use, participation in a specific course of inpatient or outpatient treatment that may include monitoring by the use of polygraph and plethysmograph, monitoring through the use of global positioning ~~((satellite [global positioning system]))~~ system technology, supervision by a department of corrections community corrections officer, a requirement that the person remain within the state unless the person receives prior authorization by the court, and any other conditions that the court determines are in the best interest of the person or others. A copy of the conditions of release shall be given to the person and to any designated service providers.

(b) To the greatest extent possible, the person, person's counsel, prosecuting agency responsible for the initial commitment, treatment provider, supervising community corrections officer, and appropriate clinical staff of the special commitment center shall meet and collaborate to craft individualized, narrowly tailored, and empirically based conditions to present to the court to help facilitate the person's successful transition to the community.

(5)(a) Prior to authorizing release to a less restrictive alternative proposed by the department, the court shall consider whether ~~((it is appropriate to release the person to the person's county of commitment))~~ the person's less restrictive alternative placement is in accordance with fair share principles. To ensure equitable distribution of releases, and prevent the disproportionate grouping of persons subject to less restrictive orders in any one county, or in any one jurisdiction or community within a county, the legislature finds it is appropriate for releases to a less restrictive

alternative to occur in ~~((the person's county of commitment, unless))~~ a manner that adheres to fair share principles. The legislature recognizes that there may be reasons why the department may not recommend that a person be released to his or her county of commitment, including availability of individualized resources, the person's support needs, or when the court determines that the person's return to his or her county of commitment would be inappropriate considering any court-issued protection orders, victim safety concerns that cannot be addressed through use of global positioning system technology, the ~~((availability))~~ unavailability of appropriate treatment or facilities that would adequately protect the community, negative influences on the person, ~~((or))~~ and the location of family or other persons or organizations offering support to the person. If the court authorizes conditional release based on the department's proposal to a county other than the county of commitment, the court shall enter specific findings regarding its decision and identify whether the release remains in line with fair share principles.

(b) (i) When the department ~~((or court assists in developing a))~~ develops a less restrictive alternative placement under this section ~~((which is outside of the county of commitment, and there are two or more options for placement, it shall endeavor to develop the placement in a manner that does not have a disproportionate effect on a single county))~~, it shall attempt to identify a placement satisfying the requirements of RCW 71.09.092 that is aligned with fair share principles. The department shall document its rationale for the recommended placement.

(ii) If the department does not support or recommend conditional release to a less restrictive alternative due to a clinical determination, the department shall document its objection and certify that the department is developing the less restrictive alternative pursuant to a court order and not because of a clinical determination.

(iii) When the department develops or proposes a less restrictive alternative placement under this chapter, it shall be considered a predisposition recommendation.

(iv) In developing, modifying, and enforcing less restrictive alternatives,

the department shall be deemed to be performing a quasi-judicial function.

~~((b))~~ (c) If the committed person is not conditionally released to his or her county of commitment, the department shall provide the law and justice council of the county in which the person is conditionally released with notice and a written explanation, including whether the department remains in compliance with fair share principles regarding releases under this chapter.

~~((c))~~ (d) For purposes of this section, the person's county of commitment means the county of the court which ordered the person's commitment.

~~((d))~~ (e) This subsection (5) does not apply to releases to a secure community transition facility under RCW 71.09.250.

(6) (a) When ordered by the court, the department must provide less restrictive alternative treatment that includes, at a minimum:

(i) The services identified in the person's discharge plan as outlined in RCW 71.09.080(4);

(ii) The assignment of a community care coordinator;

(iii) Regular contacts with providers of court-ordered treatment services;

(iv) Community escorts, if needed;

(v) A transition plan that addresses the person's access to continued services upon unconditional discharge;

(vi) Financial support for necessary housing;

(vii) Life skills training and disability accommodations, if needed; and

(viii) Assistance in pursuing benefits, education, and employment.

(b) At the time the department of corrections is ordered to investigate a proposed less restrictive alternative placement, subject to the availability of amounts appropriated for this specific purpose, the department shall assign a social worker to assist the person with discharge planning, pursuing benefits, and coordination of care prior to release.

(i) The social worker shall assist the person with completing applications for

benefits prior to the person's release from total confinement.

(ii) To promote continuity of care and the individual's success in the community, the department social worker shall be responsible for initiating a clinical transition of care between the last treating clinician at the special commitment center and the person's designated community treatment provider. This transition between one clinical setting to another shall occur no later than 15 days before an individual's release from the special commitment center.

(iii) If applicable, the social worker shall assist the person with locating any needed disability accommodations in the community and with obtaining resources to help address the person's identified life skills needs prior to release from total confinement.

(7) Any service provider designated to provide inpatient or outpatient treatment shall monthly, or as otherwise directed by the court, submit to the court, to the department of social and health services facility from which the person was released, to the prosecuting agency, and to the supervising community corrections officer, a report stating whether the person is complying with the terms and conditions of the conditional release to a less restrictive alternative.

~~((7))~~ (8) Each person released to a less restrictive alternative shall have his or her case reviewed by the court that released him or her no later than one year after such release and annually thereafter until the person is unconditionally discharged. Review may occur in a shorter time or more frequently, if the court, in its discretion on its own motion, or on motion of the person, the secretary, or the prosecuting agency so determines. The ~~((sole question))~~ questions to be determined by the court ~~((is))~~ are whether the person shall continue to be conditionally released to a less restrictive alternative, and if so, whether a modification to the person's less restrictive alternative order is appropriate to ensure the conditional release remains in the best interest of the person and adequate to protect the community. The court in making its determination shall be aided by the periodic reports filed pursuant to subsection ~~((6))~~ (7) of this section

and the opinions of the secretary and other experts or professional persons.

Sec. 7. RCW 71.09.130 and 1995 c 216 s 16 are each amended to read as follows:

(1) In the event of an escape by a person committed under this chapter from a state institution or the disappearance of such a person while on conditional release, the superintendent or community corrections officer shall notify the following as appropriate: Local law enforcement officers, other governmental agencies, the person's relatives, and any other appropriate persons about information necessary for the public safety or to assist in the apprehension of the person.

(2) If a person committed under this chapter disappears while on conditional release, the department of corrections may enter a warrant for the person's arrest for up to 72 hours pending entry of a bench warrant by the court.

(3) The department of corrections, its officers, agents, and employees are not liable for the acts of individuals on conditional release unless the department of corrections, its officers, agency, and employees acted with gross negligence.

(4) The department, its officers, agents, and employees are not liable for the acts of individuals on conditional release unless the department, its officers, agents, and employees acted with gross negligence.

Sec. 8. RCW 71.09.140 and 2012 c 257 s 12 are each amended to read as follows:

(1) (a) At the earliest possible date, and in no event later than ~~((thirty))~~ 30 days before conditional release, change of address for a person on conditional release, or unconditional discharge, except in the event of escape, the department of social and health services shall send written notice of conditional release, unconditional discharge, or escape, to the following:

~~((a))~~ (i) The chief of police of the city, if any, in which the person will reside or in which placement will be made under a less restrictive alternative;

~~((b))~~ (ii) The sheriff of the county in which the person will reside or in which placement will be made under a less restrictive alternative; and

~~((e))~~ (iii) The sheriff of the county where the person was last convicted of a sexually violent offense, if the department does not know where the person will reside.

The department shall notify the state patrol of the release of all sexually violent predators and that information shall be placed in the Washington crime information center for dissemination to all law enforcement.

(b) A return to total confinement or to a secure community transition facility pending revocation or modification proceedings is not considered a change of address for purposes of (a) of this subsection, and an additional community notification process is not required, unless conditional release is revoked under RCW 71.09.098 or the return lasts longer than 90 days.

(2) The same notice as required by subsection (1) of this section shall be sent to the following if such notice has been requested in writing about a specific person found to be a sexually violent predator under this chapter:

(a) The victim or victims of any sexually violent offenses for which the person was convicted in the past or the victim's next of kin if the crime was a homicide. "Next of kin" as used in this section means a person's spouse, parents, siblings, and children;

(b) Any witnesses who testified against the person in his or her commitment trial under RCW 71.09.060; and

(c) Any person specified in writing by the prosecuting agency.

Information regarding victims, next of kin, or witnesses requesting the notice, information regarding any other person specified in writing by the prosecuting agency to receive the notice, and the notice are confidential and shall not be available to the committed person.

(3) If a person committed as a sexually violent predator under this chapter escapes from a department of social and health services facility, the department shall immediately notify, by the most reasonable and expedient means available, the chief of police of the city and the sheriff of the county in which the committed person resided immediately before his or her commitment as a sexually violent predator, or immediately before his or her

incarceration for his or her most recent offense. If previously requested, the department shall also notify the witnesses and the victims of the sexually violent offenses for which the person was convicted in the past or the victim's next of kin if the crime was a homicide. If the person is recaptured, the department shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department learns of such recapture.

(4) If the victim or victims of any sexually violent offenses for which the person was convicted in the past or the victim's next of kin, or any witness is under the age of ~~((sixteen))~~ 16, the notice required by this section shall be sent to the parents or legal guardian of the child.

(5) The department of social and health services shall send the notices required by this chapter to the last address provided to the department by the requesting party. The requesting party shall furnish the department with a current address.

(6) Nothing in this section shall impose any liability upon a chief of police of a city or sheriff of a county for failing to request in writing a notice as provided in subsection (1) of this section.

Sec. 9. RCW 71.09.250 and 2003 c 216 s 3 are each amended to read as follows:

(1)(a) The secretary is authorized to site, construct, occupy, and operate (i) a secure community transition facility on McNeil Island for persons authorized to petition for a less restrictive alternative under RCW 71.09.090(1) and who are conditionally released; and (ii) a special commitment center on McNeil Island with up to four hundred four beds as a total confinement facility under this chapter, subject to appropriated funding for those purposes. The secure community transition facility shall be authorized for the number of beds needed to ensure compliance with the orders of the superior courts under this chapter and the federal district court for the western district of Washington. The total number of beds in the secure community transition facility shall be limited to ~~((twenty-four))~~ 24, consisting of up to ~~((fifteen))~~ 15 transitional beds and up to nine pretransitional beds. The residents occupying the transitional

beds shall be the only residents eligible for transitional services occurring in Pierce county. In no event shall more than ~~((fifteen))~~ 15 residents of the secure community transition facility be participating in off-island transitional, educational, or employment activity at the same time in Pierce county. The department shall provide the Pierce county sheriff, or his or her designee, with a list of the ~~((fifteen))~~ 15 residents so designated, along with their photographs and physical descriptions, and the list shall be immediately updated whenever a residential change occurs. The Pierce county sheriff, or his or her designee, shall be provided an opportunity to confirm the residential status of each resident leaving McNeil Island.

(b) For purposes of this subsection, "transitional beds" means beds only for residents who are judged by a qualified expert to be suitable to leave the island for treatment, education, and employment.

(2)(a) The secretary is authorized to site, either within the secure community transition facility established pursuant to subsection (1)(a)(i) of this section, or within the special commitment center, up to nine pretransitional beds.

(b) Residents assigned to pretransitional beds shall not be permitted to leave McNeil Island for education, employment, treatment, or community activities in Pierce county.

(c) For purposes of this subsection, "pretransitional beds" means beds for residents whose progress toward a less secure residential environment and transition into more complete community involvement is projected to take substantially longer than a typical resident of the special commitment center.

(3) Notwithstanding RCW 36.70A.103 or any other law, this statute preempts and supersedes local plans, development regulations, permitting requirements, inspection requirements, and all other laws as necessary to enable the secretary to site, construct, occupy, and operate a secure community transition facility on McNeil Island and a total confinement facility on McNeil Island.

(4) To the greatest extent possible, until June 30, 2003, persons who were not civilly committed from the county in which the secure community transition

facility established pursuant to subsection (1) of this section is located may not be conditionally released to a setting in that same county less restrictive than that facility.

(5) As of June 26, 2001, the state shall immediately cease any efforts in effect on such date to site secure community transition facilities, other than the facility authorized by subsection (1) of this section, and shall instead site such facilities in accordance with the provisions of this section.

(6) The department must:

(a) Identify the minimum and maximum number of secure community transition facility beds in addition to the facility established under subsection (1) of this section that may be necessary for the period of May 2004 through May 2007 and provide notice of these numbers to all counties by August 31, 2001; and

(b) Develop and publish policy guidelines for the siting and operation of secure community transition facilities.

(7)(a) The total number of secure community transition facility beds that may be required to be sited in a county between June 26, 2001, and June 30, 2008, may be no greater than the total number of persons civilly committed from that county, or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made on April 1, 2001. The total number of secure community transition facility beds required to be sited in each county between July 1, 2008, and June 30, 2015, may be no greater than the total number of persons civilly committed from that county or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made as of July 1, 2008.

(b) Counties and cities that provide secure community transition facility beds above the maximum number that they could be required to site under this subsection are eligible for a bonus grant under the incentive provisions in RCW 71.09.255. The county where the special commitment center is located shall receive this bonus grant for the number of beds in the facility established in subsection (1) of this section in excess

of the maximum number established by this subsection.

(c) No secure community transition facilities in addition to the one established in subsection (1) of this section may be required to be sited in the county where the special commitment center is located until after June 30, 2008, provided however, that the county and its cities may elect to site additional secure community transition facilities and shall be eligible under the incentive provisions of RCW 71.09.255 for any additional facilities meeting the requirements of that section.

(8) After the department demonstrates the need for additional bed capacity to the appropriate committees of the legislature, and receives approval and funding from the appropriate committees of the legislature to build additional bed capacity, the state is authorized to site and operate secure community transition facilities and other conditional release and transitional facilities in any county in the state in accordance with RCW 71.09.315. In identifying potential counties and sites within a county for the location of a secure community transition facility or other conditional release and transitional facilities, the department shall work with and assist local governments to provide for the equitable distribution of such facilities. In coordinating and deciding upon the siting of secure community transition facilities or other conditional release and transitional facilities within a county, great weight shall be given by the county and cities within the county to:

(a) The number and location of existing residential facility beds operated by the department of corrections or the mental health division of the department of social and health services in each jurisdiction in the county; and

(b) The number of registered sex offenders classified as level II or level III and the number of sex offenders registered as homeless residing in each jurisdiction in the county.

(9)(a) "Equitable distribution" means siting or locating secure community transition facilities and other conditional release and transitional facilities in a manner that will not cause a disproportionate grouping of similar facilities either in any one

county, or in any one jurisdiction or community within a county, as relevant; and

(b) "Jurisdiction" means a city, town, or geographic area of a county in which distinct political or judicial authority may be exercised.

NEW SECTION. Sec. 10. A new section is added to chapter 71.09 RCW to read as follows:

To facilitate the primary role of the department in identifying less restrictive alternative placements under RCW 71.09.090 and discharge planning under RCW 71.09.080, subject to the availability of amounts appropriated for this specific purpose, the department shall conduct a study to explore the development of conditional release and transition facilities, which may include community-based state-operated living alternatives similar to the state-operated living alternative program operated by the developmental disabilities administration. Any facilities or placements developed under this section may be identified through a request for proposal process or through direct state acquisition and development. Any contracts with facilities or placements entered into under this section shall include a provision requiring oversight by the department to ensure the programs are operating appropriately.

NEW SECTION. Sec. 11. A new section is added to chapter 71.09 RCW to read as follows:

(1) In accordance with RCW 71.09.090 and 71.09.096, the department shall have the primary responsibility for developing a less restrictive alternative placement. To ensure the department has sufficient less restrictive alternative placements to choose from that satisfy the requirements of RCW 71.09.092, subject to the availability of amounts appropriated for this specific purpose, the department shall use a request for proposal process to solicit and contract with housing and treatment providers from across the state and facilitate fair share principles among the counties. In order to increase the number of housing options for individuals qualifying for a less restrictive alternative, the department shall have oversight of the vendors and providers who contract with the state, including the authority to inspect and

ensure compliance, negotiate the rates charged for services, ensure adequate living conditions of housing locations, and terminate contracts. The department shall maintain a statewide accounting of the contracted community housing and treatment providers in each county and provide a biannual report to the legislature and governor by December 1st on the availability and adequacy of less restrictive alternative placements and the department's compliance with fair share principles.

(2) To facilitate its duties required under this section, the department shall use the following housing matrix and considerations as a guide to planning and developing less restrictive alternative placements. The following considerations may not be used as a reason to deny a less restrictive alternative placement.

(a) Considerations for evaluating a proposed vendor's application for less restrictive alternative housing services shall include applicable state and local zoning and building codes, general housing requirements, availability of public services, and other considerations identified in accordance with RCW 71.09.315. The department shall require the housing provider to provide proof that the facility is in compliance with all local zoning and building codes.

(i) General housing requirements include running water, electricity, bedroom and living space of adequate size, and no mold or infestations.

(ii) Availability of public services include availability of chaperones and whether the placement is within a reasonable distance to a grocery store, bank, public transportation options, and offices for public services and benefits.

(iii) Other considerations include whether the placement is consistent with fair share principles across the counties, whether the placement is within reasonable distance to other current or planned components of the less restrictive alternative, whether the placement is within reasonable distance to employment opportunities, and the reliability of global positioning system technology.

(b) Factors for evaluating less restrictive alternative options for a specific individual include sex offender treatment considerations, criminogenic needs and risk factors, protective

factors, and the specific needs of the client.

(i) Sex offender treatment considerations include whether the housing is within a reasonable distance from the treatment provider, whether the treatment provider is a good therapeutic match with the client, and whether the treatment provider has relevant experience and background to treat the client if the client has special needs.

(ii) Criminogenic needs and risk factors include consideration of the person's specific needs and risk factors in evaluating less restrictive alternative options.

(iii) Protective factors include whether housing is within a reasonable distance of family, friends, potential hobbies, potential employment, and educational opportunities.

(iv) Consideration of the client's specific needs includes assessing the availability of personal care assistance and in-home care assistance, and whether housing is within a reasonable distance of mental health, medical treatment options, and substance use disorder treatment options.

NEW SECTION. Sec. 12. A new section is added to chapter 71.09 RCW to read as follows:

(1) The department shall enter into a memorandum of understanding with the department of licensing to allow residents in total confinement at the special commitment center to obtain a state identification card through a written identification verification letter completed by the special commitment center and delivered to the department of licensing.

2SSB 5183 Prime Sponsor, Committee on Ways & Means: Concerning victims of nonfatal strangulation. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Public Safety.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that nonfatal strangulation is among the most dangerous acts of domestic violence and sexual assault. Strangulation involves external compression of the victim's airway and blood vessels, causing reduced air and blood flow to the brain. Victims may show no or minimal external signs of injury despite having life-threatening internal injuries including traumatic brain injury. Injuries may present after the assault or much later and may persist for months and even years postassault. Victims who are strangled multiple times face a greater risk of traumatic brain injury. Traumatic brain injury symptoms are often not recognized as assault-related and may include cognitive difficulties such as decreased ability to concentrate, make decisions, and solve problems. Traumatic brain injury symptoms may also include behavior and personality changes such as irritability, impulsivity, and mood swings.

Domestic violence victims who have been nonfatally strangled are eight times more likely to become a subsequent victim of homicide at the hands of the same abusive partner. Research shows that previous acts of strangulation are a unique and substantial predictor of attempted and completed homicide against an intimate partner.

For years, forensic nurses in Washington have provided high-level care to sexual assault victims. Forensic nurses are also trained in medical evaluation of nonfatal strangulation, but only provide this evaluation in cases of sexual assault involving strangulation, as crime victims' compensation will not reimburse in nonsexual assault cases. Strangulation affects victims physically and psychologically. These victims deserve a higher standard of response and medical care. Allowing crime victims' compensation to reimburse for forensic nurse examinations for victims of

domestic violence strangulation will provide a better, more victim-centered response in the most dangerous of domestic violence felony cases.

NEW SECTION. Sec. 2. A new section is added to chapter 43.280 RCW to read as follows:

(1) The office of crime victims advocacy shall develop best practices that local communities may use on a voluntary basis to create more access to forensic nurse examiners in cases of nonfatal strangulation assault including, but not limited to, partnerships to serve multiple facilities, mobile nurse examiner teams, and multidisciplinary teams to serve victims in local communities.

(a) When developing the best practices, the office of crime victims advocacy shall consult with:

(i) The Washington association of sheriffs and police chiefs;

(ii) The Washington association of prosecuting attorneys;

(iii) The Washington state coalition against domestic violence;

(iv) The Harborview abuse and trauma center;

(v) The Washington state hospital association;

(vi) The Washington state association of counties;

(vii) The association of Washington cities;

(viii) The Washington coalition of sexual assault programs;

(ix) The schools of nursing at Washington State University and the University of Washington;

(x) Collective bargaining representatives of frontline nurse examiners; and

(xi) Other organizations deemed appropriate by the office of crime victims advocacy.

(b) The office of crime victims advocacy shall complete the best practices no later than January 1, 2022, and publish them on its website.

(2) The office of crime victims advocacy shall develop strategies to make forensic nurse examiner training available to nurses in all regions of the

state without requiring the nurses to travel unreasonable distances and without requiring medical facilities or the nurses to incur unreasonable expenses. Among other important factors deemed relevant and appropriate by the office of crime victims advocacy, the strategies should take into account the unique challenges faced by medical facilities and nurses operating in rural areas.

(a) When developing the strategies, the office of crime victims advocacy shall consult with:

(i) The Harborview abuse and trauma center;

(ii) The department of health;

(iii) The nursing care quality assurance commission;

(iv) The Washington state nurses association;

(v) The Washington state hospital association;

(vi) The schools of nursing at Washington State University and the University of Washington;

(vii) Forensic nurse practitioners; and

(viii) Other organizations deemed appropriate by the office of crime victims advocacy.

(b) The office of crime victims advocacy shall report the strategies to the governor and the appropriate committees of the legislature no later than October 1, 2022.

(3) This section expires June 30, 2023.

NEW SECTION. Sec. 3. A new section is added to chapter 7.68 RCW to read as follows:

(1) No costs incurred by a hospital or other emergency medical facility for the examination of the victim of domestic violence assault involving nonfatal strangulation, when such examination is performed for the purposes of gathering evidence for possible prosecution, shall be billed or charged directly or indirectly to the victim of such assault. Such costs shall be paid by the state pursuant to this chapter.

(2) The department must notify the office of financial management and the fiscal committees of the legislature if

it projects that the cost of services provided under this section exceeds the amount of funding provided by the legislature solely for the purposes of this section.

(3) No later than October 1, 2022, the department shall report to the legislature the following information for fiscal year 2022:

(a) The number, type, and amount of claims received by victims of suspected nonfatal strangulation, with a subtotal of claims that also involved sexual assault;

(b) The number, type, and amount of claims paid for victims of suspected nonfatal strangulation, with a subtotal of claims that also involved sexual assault; and

(c) The number of police reports filed by victims of suspected nonfatal strangulation who received services under this section.

E2SSB 5188 Prime Sponsor, Committee on Ways & Means: Concerning creation of the Washington state public financial cooperative. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Consumer Protection & Business.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. FINDINGS AND INTENT. The legislature finds that there exists in the state of Washington billions of dollars of critical local projects for the planning, acquisition,

construction, repair, replacement, rehabilitation, or improvement of streets and roads, bridges, water systems, storm and sanitary sewage systems, solid waste handling, communications systems, housing, and other public infrastructure and economic development projects. But while some local governments successfully borrow for infrastructure and economic development capital projects through private sector lenders and the bond markets, other government entities do not have the same access to capital at attractive rates to be used in building out public infrastructure.

It is the policy of the state of Washington to encourage self-reliance by local and tribal governments in meeting their public works and economic development needs, and to assist in the financing of critical public works and economic development projects by providing effective mechanisms for making and financing loans and providing financing guarantees that do not create state debt. It is also the policy of the state to provide technical assistance to government entities for these projects.

It is further the policy of the state to foster and promote by all reasonable means the provision of adequate capital markets and facilities for borrowing money by local governments in the state to finance infrastructure improvements, and to the greatest extent possible to reduce costs of borrowed money to taxpayers and residents of the state.

The legislature finds that a Washington state public financial cooperative would provide opportunities for local and tribal government entities to competitively finance a broad array of public infrastructure and economic development projects, including housing, at competitive rates with low administrative costs. A state public financial cooperative will complement the existing banking system by filling gaps that the system cannot or will not fill, and it will be uniquely positioned to provide specialized technical assistance to the diverse needs of local and tribal government entities.

It is the purpose of this chapter to establish a Washington state public financial cooperative to act as a financial conduit that, without creating state debt, can receive funds from state, local, and tribal government entities, issue and make loans to those entities,

and issue bonds in a manner that does not create state debt, to help facilitate access to needed capital by local and tribal government entities on reasonable terms and rates.

The state public financial cooperative will have full powers to borrow money and to issue its bonds and notes in a manner that does not create state debt in order to make capital funds available for borrowing by local and tribal government entities, and those powers will enable the state public financial cooperative to carry out the declared policies of this act, which are in the public interest of the state and its taxpayers and residents.

NEW SECTION. **Sec. 5. FINANCING POWERS.** (1) Bonds issued under this chapter must be issued in the name of the cooperative. The bonds are not obligations of the state of Washington, may not create state debt, and are obligations only of the cooperative payable from the special fund or funds created by the cooperative for their payment. Such funds are not public moneys or funds of the state of Washington and at all times must be kept segregated and set apart from other funds.

(2) Bonds issued under this chapter must contain a recital on their face to the effect that payment of the principal of, interest on, and prepayment premium, if any, on the bonds, is a valid claim only as against the special fund or funds relating thereto, that neither the faith and credit nor the taxing power of the state or any municipal corporation, subdivision, or agency of the state, other than the cooperative as set forth in this chapter, is pledged to the payment of the principal of, interest on, and prepayment premium, if any, on the bonds. Contracts entered into by the cooperative must be entered into in the name of the cooperative and not in the name of the state of Washington. The obligations of the cooperative under the contracts must be obligations only of the cooperative and are not in any way obligations of the state of Washington.

(3) The cooperative's bonds must bear such date or dates, mature at such time or times, be in such denominations, be in such form, be registered or registrable in such manner, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, be subject to such terms of redemption, bear such fixed or variable rate or rates of interest, be payable at such time or times, and be sold in such manner and at such price or prices, as the cooperative determines.

Execution of the bonds may be by manual or facsimile signature. The bonds of the cooperative may be negotiable instruments under Title 62A RCW.

(4) The bonds of the cooperative are subject to such terms, conditions, covenants, and protective provisions as are found necessary or desirable by the cooperative including, but not limited to, pledges of the cooperative's assets, setting aside of reserves, limitations on additional forms of indebtedness, and the mortgaging of all or any part of the cooperative's real or personal property, then owned or thereafter acquired, and other provisions the cooperative finds are necessary or desirable for the security of bond owners.

(5) Any bonds issued under this chapter may be secured by a financing document between the cooperative and the purchasers or owners of such bonds or between the cooperative and a corporate trustee appointed by the cooperative, which may be any trust company or bank having the powers of a trust company within or without the state. The financing document may pledge or assign, in whole or in part, the revenues and funds held or to be received by the cooperative, any present or future contract or other rights to receive the same, and the proceeds thereof. The financing document must contain such provisions for protecting and enforcing the rights, security, and remedies of bond owners as may be reasonable and proper including, without limiting the generality of the foregoing, provisions defining defaults and providing for remedies in the event of default which may include the acceleration of maturities, restrictions on the individual rights of action by bond owners, and covenants setting forth duties of and limitations on the cooperative in conduct of its programs and the management of its property. In addition to other security provided in this chapter or otherwise by law, bonds issued by the cooperative may be secured, in whole or in part, by a pledge of the assets of the cooperative, including contributions of the members, or by financial guaranties, insurance or letters of credit issued to the

cooperative or a trustee or any other person, by any bank, trust company, insurance or surety company, or other financial institution, within or without the state. The cooperative may pledge or assign, in whole or in part, the revenues and funds held or to be received by the cooperative, any present or future contract or other rights to receive the same, and the proceeds thereof, as security for such guaranties or insurance or for the reimbursement by the cooperative to any issuer of such letter of credit of any payments made under such letter of credit. No individual member is liable to the cooperative, to the cooperative's trustee, or to any other person in amounts exceeding the member's contribution unless authorized by a majority of the members of the cooperative.

(6) The cooperative may enter into financing documents with borrowers regarding bonds issued by the cooperative that may provide for the payment by each borrower of amounts sufficient, together with other revenues available to the cooperative, if any, to:

(a) Pay the borrower's share of the fees established by the cooperative;

(b) Pay the principal of, premium, if any, and interest on outstanding bonds of the cooperative issued in respect of such borrower as the same shall become due and payable; and

(c) Create and maintain reserves required or provided for by the cooperative in connection with the issuance of such bonds. The payments are not subject to supervision or regulation by any department, committee, board, body, bureau, or agency of the state other than the cooperative.

(7) Any security interest created in the unexpended bond proceeds and in the special funds created by the cooperative must be immediately valid and binding against such moneys and any securities in which such moneys may be invested without cooperative or trustee possession thereof, and the security interest is prior to any party having any competing claim in such moneys or securities, without filing or recording pursuant to chapter 62A.9A RCW and regardless of whether the party has notice of the security interest.

(8) When issuing bonds, the cooperative may provide for the future issuance of additional bonds or parity

debt on a parity with outstanding bonds, and the terms and conditions of their issuance. The cooperative may refund or advance refund any bond of the cooperative in accordance with chapter 39.53 RCW or issue bonds with a subordinate lien against the fund or funds securing outstanding bonds. Bonds issued for refunding purposes may be combined with bonds issued for the financing or refinancing of new projects. Pending the application of the proceeds of the refunding bonds to the redemption of the bonds to be redeemed, the cooperative may enter into an agreement or agreements with a corporate trustee regarding the interim investment of the proceeds and the application of the proceeds and the earnings on the proceeds to the payment of the principal of and interest on, and the redemption of, the bonds to be redeemed.

(9) All money received by or on behalf of the cooperative with respect to this issuance of its bonds are trust funds to be held and applied solely as provided in this chapter. The cooperative, in lieu of receiving and applying the moneys itself, may enter into a trust agreement or indenture with one or more banks, including the national cooperative bank, or trust companies having the power and bank to conduct trust business in the state to:

(a) Perform all or any part of the obligations of the cooperative with respect to: (i) Bonds issued by it; (ii) the receipt, investment, and application of the proceeds of the bonds and money paid by a participant or available from other sources for the payment of the bonds; (iii) the enforcement of the obligations of a borrower in connection with the financing or refinancing of any project; and (iv) other matters relating to the exercise of the cooperative's powers under this chapter;

(b) Receive, hold, preserve, and enforce any security interest or evidence of security interest granted by a participant for purposes of securing the payment of the bonds; and

(c) Act on behalf of the cooperative or the owners of bonds of the cooperative for purposes of assuring or enforcing the payment of the bonds, when due.

(10) The cooperative may purchase its bonds with any of its funds available for the purchase. The cooperative may hold, pledge, cancel, or resell the bonds

subject to and in accordance with agreements with bond owners.

(11) The chair of the state finance cooperative or the chair's designee must be notified in advance of the issuance of bonds by the cooperative in order to promote the orderly offering of obligations in the financial markets.

(12) Neither the members of the cooperative, nor its directors or agents, nor employees of the Washington state housing finance commission, nor any person executing the bonds, is personally liable on the bonds or subject to any personal liability or accountability by reason of the issuance of the bonds.

(13) The cooperative may, out of any fund available therefor, purchase its bonds in the open market.

(14) Any owner of bonds of the cooperative issued under this chapter, and the trustee under any trust agreement or indenture, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any of their respective rights, and may become the purchaser at any foreclosure sale if the person is the highest bidder, except to the extent the rights given are restricted by the cooperative in any bond resolution or trust agreement or indenture authorizing the issuance of the bonds.

(15) The cooperative may charge for its costs and services in review or consideration of a proposed loan to a state, local, or tribal government, whether or not the loan is made.

(16) To the extent permitted under its contracts with the owners of bonds of the cooperative, the cooperative may consent to modification of the rate of interest, time and payment of installment of principal or interest, security, or any other term of a bond or note, loan to a state, local, or tribal government, contract, or agreement of any kind to which the cooperative authority is a party.

(17) The bonds of the cooperative are securities in which all public officers and bodies of this state and all counties, cities, municipal corporations, and political subdivisions, all banks, eligible banking organizations, bankers, trust companies, savings banks and institutions, building and loan associations, savings and loan

associations, investment companies, insurance companies and associations, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control.

(18) This section provides a complete, additional, and alternative method for accomplishing the purposes of this chapter and shall be regarded as supplemental and additional to powers conferred by other laws. The issuance of bonds and refunding bonds under this chapter need not comply with the requirements of any other law applicable to the issuance of bonds. Insofar as the provisions of this chapter are inconsistent with the provisions of any general or special law, or parts thereof, the provisions of this chapter are controlling.

(1) An unemployed individual shall be eligible to receive waiting period credits or benefits with respect to any week in his or her eligibility period only if the commissioner finds that:

(a) The individual has registered for work at, and thereafter has continued to

report at, an employment office in accordance with such regulation as the commissioner may prescribe, except that the commissioner may by regulation waive or alter either or both of the requirements of this subdivision as to individuals attached to regular jobs and as to such other types of cases or situations with respect to which the commissioner finds that the compliance with such requirements would be oppressive, or would be inconsistent with the purposes of this title;

(c) The individual is able to work, and is available for work in any trade, occupation, profession, or business for which the individual is reasonably fitted.

(b) For any weeks of unemployment insurance benefits when the one week waiting period is partially paid or partially reimbursed by the federal government, the department may, by rule, elect to waive subsection (1)(d) of this section.

(1) With respect to separations that occur on or after September 6, 2009, and for separations that occur before April 4, 2021:

(a) A claimant shall be disqualified from benefits beginning with the first day of the calendar week in which the claimant left work voluntarily without good cause and thereafter for seven calendar weeks and until the claimant obtains bona fide work in employment covered by this title and earned wages in that employment equal to seven times the claimant's weekly benefit amount. Good cause reasons to leave work are limited to reasons listed in (b) of this subsection.

- (i) The duration of the work;
- (ii) The extent of direction and control by the employer over the work; and
- (iii) The level of skill required for the work in light of ~~(the)~~ the claimant's training and experience.

- (ii) The separation was necessary because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if:

(A) The claimant pursued all reasonable alternatives to preserve the claimant's employment status by requesting a leave of absence, by having promptly notified the employer of the reason for the absence, and by having promptly requested reemployment when again able to assume employment. These alternatives need not be pursued, however, when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and

(B) The claimant terminated the claimant's employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;

(iii) The claimant: (A) Left work to relocate for the employment of a spouse or domestic partner that is outside the existing labor market area; and (B) remained employed as long as was reasonable prior to the move;

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110;

(v) The claimant's usual compensation was reduced by twenty-five percent or more;

(viii) The claimant's worksite safety deteriorated, the claimant reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;

(ix) The claimant left work because of illegal activities in the claimant's worksite, the claimant reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time;

(x) The claimant's usual work was changed to work that violates the claimant's religious convictions or sincere moral beliefs; or

- (i) The duration of the work;
 - (ii) The extent of direction and control by the employer over the work; and
 - (iii) The level of skill required for the work in light of the claimant's training and experience.
- (b) A claimant has good cause and is not disqualified from benefits under (a) of this subsection only under the following circumstances:
- (i) The claimant has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;
 - (ii) The separation was necessary because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if:

These alternatives need not be pursued, however, when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and
 - (B) The claimant terminated the claimant's employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;
 - (iii) The claimant: (A) Left work to relocate for the employment of a spouse or domestic partner that is outside the existing labor market area; and (B) remained employed as long as was reasonable prior to the move;
 - (iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110;
 - (v) The claimant's usual compensation was reduced by twenty-five percent or more;

(viii) The claimant's worksite safety deteriorated, the claimant reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;

(ix) The claimant left work because of illegal activities in the claimant's worksite, the claimant reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time;

(x) The claimant's usual work was changed to work that violates the claimant's religious convictions or sincere moral beliefs;

(B) The claimant is able to perform, available to perform, and can actively seek suitable work which can be performed for an employer from the claimant's home; and

(C) The claimant or another individual residing with the claimant is at higher risk of severe illness or death from the disease that is the subject of the public health emergency because the higher risk individual:

(I) Was in an age category that is defined as high risk for the disease that is the subject of the public health emergency by the federal centers for disease control and prevention, the department of health, or the equivalent agency in the state where the individual resides; or

(II) Has an underlying health condition, verified as required by the department by rule, that is identified as a risk factor for the disease that is the

subject of the public health emergency by the federal centers for disease control and prevention, the department of health, or the equivalent agency in the state where the individual resides.

(4) Notwithstanding subsection (1) of this section, a claimant who was simultaneously employed in full-time employment and part-time employment and is otherwise eligible for benefits from the loss of the full-time employment shall not be disqualified from benefits because the claimant:

(a) Voluntarily quit the part-time employment before the loss of the full-time employment; and

(b) Did not have prior knowledge that the claimant would be separated from full-time employment.

(1)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio

that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:

(i) RCW 50.20.050 (1)(b)(i) or (2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; ~~((x))~~

(2) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(ii) The individual files under RCW 50.06.020(2).

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Benefits paid to an individual who qualifies for benefits under RCW 50.20.050 (1)(b) (iv) or (xi) ~~((x))~~, (2)(b) (iv), (xi), or (xii), or (3), as applicable, shall not be charged to the experience rating account of any contribution paying employer.

(f) Benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual's base year shall not be charged to the experience rating account of any contribution paying employer. This subsection (2)(f) does not apply to the calculation of contribution rates under RCW 50.29.025 for rate year 2010 and thereafter.

(g) Upon approval of an individual's training benefits plan submitted in accordance with RCW 50.22.155(2), an individual is considered enrolled in training, and regular benefits beginning with the week of approval shall not be charged to the experience rating account of any contribution paying employer.

(h) Training benefits paid to an individual under RCW 50.22.155 shall not be charged to the experience rating account of any contribution paying employer.

(i)(i) Benefits paid during the one week waiting period when the one week waiting period is fully paid or fully reimbursed by the federal government shall not be charged to the experience rating account of any contribution paying employer.

(ii) In the event the one week waiting period is partially paid or partially reimbursed by the federal government, the

department may, by rule, elect to not charge, in full or in part, benefits paid during the one week waiting period to the experience rating account of any contribution paying employer.

(j) Benefits paid for all weeks starting with the week ending March 28, 2020, and ending with the week ending May 30, 2020, shall not be charged to the experience rating account of any contribution paying employer.

(3)(a) A contribution paying base year employer, except employers as provided in subsection (5) of this section, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster, or to the presence of any dangerous, contagious, or infectious disease that is the subject of a public health emergency at the employer's plant, building, worksite, or other facility;

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW;

(v) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who qualified for two consecutive unemployment claims where wages were attributable to at least one employer who employed the individual in both base years. Benefit charge relief ceases when the employment relationship between the

employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW;

(vi) Was hired to replace an employee who is a member of the military reserves or National Guard and was called to federal active military service by the president of the United States and is subsequently laid off when that employee is reemployed by their employer upon release from active duty within the time provided for reemployment in RCW 73.16.035;

(vii) Worked for an employer for ~~((twenty))~~ 20 weeks or less, and was laid off at the end of temporary employment when that employee temporarily replaced a permanent employee receiving family or medical leave benefits under Title 50A RCW, and the layoff is due to the return of that permanent employee. This subsection (3) (a) (vii) applies to claims with an effective date on or after January 1, 2020; or

(viii) Was discharged because the individual was unable to satisfy a job prerequisite required by law or administrative rule.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

(4) When a benefit claim becomes invalid due to an amendment or adjustment of a report where the employer failed to report or inaccurately reported hours worked or remuneration paid, or both, all benefits paid will be charged to the experience rating account of the contribution paying employer or employers that originally filed the incomplete or inaccurate report or reports. An employer who reimburses the trust fund for benefits paid to workers and who fails to report or inaccurately reported hours worked or remuneration paid, or both, shall reimburse the trust fund for all benefits paid that are based on the originally filed incomplete or inaccurate report or reports.

(5) An employer's experience rating account may not be relieved of charges for a benefit payment and an employer who reimburses the trust fund for benefit payments may not be credited for a benefit payment if a benefit payment was made because the employer or employer's agent failed to respond timely or adequately to a written request of the department for information relating to the claim or claims without establishing good cause for the failure and the employer or employer's agent has a pattern of such failures. The commissioner has the authority to determine whether the employer has good cause under this subsection.

(a) For the purposes of this subsection, "adequately" means providing accurate information of sufficient quantity and quality that would allow a reasonable person to determine eligibility for benefits.

(b) (i) For the purposes of this subsection, "pattern" means a benefit payment was made because the employer or employer's agent failed to respond timely or adequately to a written request of the department for information relating to a claim or claims without establishing good cause for the failure, if the greater of the following calculations for an employer is met:

(A) At least three times in the previous two years; or

(B) Twenty percent of the total current claims against the employer.

(ii) If an employer's agent is utilized, a pattern is established based on each individual client employer that the employer's agent represents.

NEW SECTION. Sec. 5. If any part of sections 1 through 4 of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of sections 1 through 4 of this act is inoperative solely to the extent of the conflict, and the finding or determination does not affect the operation of the remainder of sections 1 through 4 of this act. Rules adopted under sections 1 through 4 of this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the

granting of federal unemployment tax credits to employers in this state.

NEW SECTION. **Sec. 6.** A new section is added to chapter 51.32 RCW to read as follows:

(1) For health care employees who are covered under this title, there exists a prima facie presumption that any infectious or contagious diseases which are the subject of a public health emergency are occupational diseases under RCW 51.08.140 during a public health emergency.

(2) The health care employee must provide verification, as required by the department by rule, to the department or the self-insurer that the employee is in quarantine or has contracted the disease after exposure to the infectious or contagious disease that is the subject of the public health emergency.

(3) This presumption of occupational disease may be rebutted by clear and convincing evidence that:

(a) The exposure to the infectious or contagious disease which is the subject of the public health emergency occurred from other employment or nonemployment activities; or

(b) The employee was working from the employee's home or other location not under the employer's control, on leave from the employee's employment, or some combination thereof, for the period of quarantine outlined for the disease immediately prior to the employee's date of disease contraction or period of incapacity resulting from exposure to the disease which is the subject of the public health emergency.

(4) (a) RCW 51.32.090(7) does not apply to an occupational disease under this section except that no worker shall receive compensation for or during the day on which the occupational disease was contracted. For the purposes of this subsection (4), the day on which the occupational disease was contracted is whichever date occurs first of the following:

(i) The date that the worker first missed work due to symptoms of the infectious or contagious disease;

(ii) The date the worker was quarantined by a medical provider or public health official; or

(iii) The date the worker received a positive test result confirming contraction of the infectious or contagious disease.

(b) If leave or similar benefits are paid to the worker as part of a federal or state program for these employees during the public health emergency, total temporary disability benefits are not payable for the same period of time covered by this federal or state program.

(5) (a) When a determination involving the presumption established under this section is appealed to the board of industrial insurance appeals and the final decision allows the claim of benefits, the board of industrial insurance appeals shall order that all reasonable costs of the appeal, including attorneys' fees and witness fees, be paid to the worker or the worker's beneficiary by the opposing party. If the opposing party is a state fund employer or retrospective rating group, the costs and fees are paid by the employer or retrospective rating group.

(b) When a determination involving the presumption established in this section is appealed to any court and the final decision allows the claim for benefits, the court shall order that all reasonable costs of appeal, including attorneys' fees and witness fees, be paid to the worker or the worker's beneficiary by the opposing party. If the opposing party is a state fund employer or retrospective rating group, the costs and fees are paid by the employer or retrospective rating group.

(c) When reasonable costs of the appeal must be paid by the department as the opposing party in a state fund case, the costs shall be paid from the accident fund and charged to the costs of the claim.

(6) Costs of claims allowed under this section shall not affect the experience rating of employers insured by the state fund. When calculating assessments due to the department for which total claim costs are the basis, self-insured employers and self-insurance hospital groups formed under RCW 51.14.150 and 51.14.160 may deduct the cost of payments made under this section from the total of all claim costs reported.

(7) For purposes of this section:

(a) "Health care employee" means an employee of any health care facility or

other organization that provides emergency or medical services who has or likely has had direct contact with any person who has been exposed to or tested positive for any infectious or contagious diseases which are the subject of a public health emergency.

(b) "Health care facility" has the same meaning as in RCW 9A.50.010.

(c) "Public health emergency" means a declaration or order that covers the jurisdiction where the employee was working on the date of exposure concerning any dangerous, contagious, or infectious diseases, including a pandemic, and is issued as follows:

(i) The president of the United States has declared a national or regional emergency; or

(ii) The governor of Washington declared a state of emergency under RCW 43.06.010(12).

(8) The presumption in subsection (1) of this section takes effect on the day the national, regional, or state emergency is declared and continues until this declaration is revoked.

(9) The provisions of RCW 51.28.055 concerning time limits for filing claims for occupational disease apply to claims covered under this section.

Sec. 7. RCW 51.52.130 and 2007 c 490 s 4 are each amended to read as follows:

(1) If, on appeal to the superior or appellate court from the decision and order of the board, said decision and order is reversed or modified and additional relief is granted to a worker or beneficiary, or in cases where a party other than the worker or beneficiary is the appealing party and the worker's or beneficiary's right to relief is sustained, a reasonable fee for the services of the worker's or beneficiary's attorney shall be fixed by the court.

(a) In fixing the fee the court shall take into consideration the fee or fees, if any, fixed by the director and the board for such attorney's services before the department and the board. If the court finds that the fee fixed by the director or by the board is inadequate for services performed before the department or board, or if the director or the board has fixed no fee for such services, then the court shall fix a fee for the attorney's services before the department, or the board, as the case may

be, in addition to the fee fixed for the services in the court.

(b) If in a worker or beneficiary appeal the decision and order of the board is reversed or modified and if the accident fund or medical aid fund is affected by the litigation, or if in an appeal by the department or employer the worker or beneficiary's right to relief is sustained, or in an appeal by a worker involving a state fund employer with twenty-five employees or less, in which the department does not appear and defend, and the board order in favor of the employer is sustained, the attorney's fee fixed by the court, for services before the court only, and the fees of medical and other witnesses and the costs shall be payable out of the administrative fund of the department.

(c) In the case where the employer or other person or persons aggrieved by the decision of the board appeal and the worker or beneficiary's right to relief is sustained, the attorneys' fees fixed by the court, for services before the court only, and the fees of medical and other witnesses and the costs shall be payable directly by the person or persons filing the appeal.

(d) In the case of self-insured employers, the attorney fees fixed by the court, for services before the court only, and the fees of medical and other witnesses and the costs shall be payable directly by the self-insured employer.

(2) In an appeal to the superior or appellate court involving the presumption established under RCW 51.32.185, the attorney's fee and costs shall be payable as set forth under RCW 51.32.185.

(3) In an appeal to the superior or appellate court involving the presumption established under section 6 of this act, the attorneys' fees and costs shall be payable as set forth under section 6 of this act.

NEW SECTION. Sec. 8. A new section is added to chapter 51.32 RCW to read as follows:

(1) Where an appealing party, other than the department or a self-insured employer, is ordered to pay attorneys' fees and costs and that party fails, refuses, or neglects to comply with the award, which has become final and is not subject to review or appeal, the director or any person entitled to compensation

under the order may institute proceedings for injunctive or other appropriate relief for enforcement of the order. These proceedings may be instituted in the superior court for the county in which the claimant resides, or, if the claimant is not then a resident of this state, in the superior court for the county in which that party may be served with process.

(2) The court shall ensure compliance to the order by proper means, enjoining compliance upon the person obligated to comply with the compensation order. The court may issue such writs and processes as are necessary to carry out its orders.

(3) A proceeding under this section does not preclude other methods of enforcement provided for in this title.

E2SSB 5194 Prime Sponsor, Committee on Ways & Means: Providing for equity and access in the community and technical colleges. (REVISED FOR ENGROSSED: Concerning equity and access in higher education.) Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on College & Workforce Development.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** INTENT. The legislature recognizes that student completion rates for workforce training certification and degree programs at community and technical colleges are far lower than desirable to ensure that students may utilize the opportunities of postsecondary education to lift themselves and their families out of poverty and to meet our state's student achievement council road map goals, including for 70 percent of Washington residents to have a postsecondary certification or degree to meet workforce needs. The legislature recognizes that first-generation college-attending students, students with disabilities, and underrepresented minority students face far greater obstacles to apply, remain in school, and complete programs. This disparate impact greatly affects our state's commitment to equity.

The legislature recognizes that offering tuition financial support to first-generation and underrepresented minority students is necessary for students to enroll and attend college but must also be accompanied by proven supports for them to complete their degrees or workforce training programs.

The legislature recognizes that there are mentorship and advising programs based on strong evidence that have been proven to be successful in greatly increasing retention and degree or workforce training completion rates for first-generation students, underrepresented minority students, students with disabilities, and for all students at community and technical colleges. It is the legislature's intent that successful programs such as guided pathways be implemented at all community and technical colleges with the goal of doubling completion rates (as measured by completion in six years) for students in the next eight years. To accomplish this goal, the legislature intends to achieve full implementation of research-based programs to improve student outcomes, such as guided pathways. The legislature affirms that all students receiving Washington college grants, college bound scholarships, or federal Pell grants should receive the supports, including mentoring, that have been proven to increase completion rates.

The legislature further finds that research establishes that students from

underrepresented minorities are far more likely to complete degrees or workforce training certification programs if the faculty and staff of the college reflect the diversity of the student body. Therefore, the legislature intends for the state's community and technical colleges to develop and implement plans to increase faculty and staff diversity.

NEW SECTION. Sec. 2. FINDINGS. The legislature finds that there is a need to expand investments in community and technical colleges for the purpose of guaranteeing both equitable access and educational success for all residents of the state, particularly for students from communities of color and low-income communities. The legislature finds further that equality of opportunity for all students requires investments to support services that are critical to: The success of students of color and low-income students; provide systemwide equity initiatives intended to make community and technical college campuses welcoming, benevolent places; overcome the digital divide for all students; and provide qualified and available counseling throughout the community and technical college system. The legislature also finds that a more full-time, stable, fairly compensated, and diverse community and technical college faculty is necessary to enhance student success and to improve the mentoring available for a diverse student body. The legislature also finds that resources for student aid and workforce investment need to be adequate to meet the needs of all students in the state, particularly those from families of color and low-income families.

NEW SECTION. Sec. 3. DIVERSITY, EQUITY, AND INCLUSION STRATEGIC PLAN. (1) Beginning July 30, 2022, all community and technical colleges must submit, on a biennial basis, strategic plans to the state board for community and technical colleges for achieving diversity, equity, and inclusion of all races on their campuses.

(2) Colleges must create their strategic plans using an inclusive process of stakeholders including, but not limited to, classified staff, faculty, administrative exempt staff, students, and community organizations. Colleges are encouraged to use campus climate surveys to develop and update strategic plans for diversity, equity, and inclusion of all races.

(3) In addition to planning, each community and technical college shall include in its diversity program opportunities for students from historically marginalized communities to form student-based organizations, and to use community-based organizations, that permit students to work together to mentor and assist one another in navigating the educational system and to access trained mentors using evidence-based mentoring strategies.

(4) Each community and technical college shall establish a culturally appropriate outreach program. The outreach program may include communities of color, students with disabilities, neurodiverse communities, and low-income communities and be designed to assist potential students to understand the opportunities available in the community and technical college system. The outreach program may assist students with navigating the student aid system. Outreach programs may include partnerships with appropriate community-based organizations and use research and supports from the student achievement council.

(5) The state board for community and technical colleges shall develop a model faculty diversity program designed to provide for the retention and recruitment of faculty from all racial, ethnic, and cultural backgrounds. The faculty diversity program must be based on proven practices in diversity hiring processes.

(6) Each community and technical college shall conspicuously post on its website and include in the strategic plans, programs, and reports definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

NEW SECTION. Sec. 4. STUDENT SUCCESS SUPPORT PROGRAMS AND GUIDED PATHWAYS IMPLEMENTATION. (1) Subject to availability of amounts appropriated for this specific purpose, each community and technical college shall fully implement guided pathways. At a minimum, guided pathways implementation must include:

(a) Comprehensive mapping of student educational pathways with student end goals in mind. These must include transparent and clear career paths that are tightly aligned to the skills sought

by employers. Pathways must align course sequences to show clear paths for students, alignment with K-12 and university curriculum, and skill sets needed to enter the workforce;

(b) Dedicated advising and career counseling that helps students make informed program choices and develop completion plans. Advising services may include processes that help students explore possible career and educational choices while also emphasizing early planning. Advising must be culturally competent and with an emphasis on helping historically underserved, low-income, and students of color navigate their education;

(c) Data analysis of student learning as well as program and service outcomes. Data must be used to inform program development, the creation and further refinement of student pathways, and to provide opportunities for early intervention to help students succeed; and

(d) A student success support infrastructure using programs that the state board for community and technical colleges finds have been effective in closing equity gaps among historically underserved student populations and improve student completion rates. The student success support program must be based on research or documented evidence of success. In tandem with guided pathways implementation, student success support programs may include evidence-based elements such as:

(i) Equity competent academic advising services;

(ii) Equity competent career development programming;

(iii) Clear information regarding financial aid and financial literacy; and

(iv) Inclusive curriculum and teaching practices.

(2) Each community and technical college shall post on its website and include in the guided pathways program documentation and reports definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

(3)(a) The Washington state institute for public policy, in consultation with

the workforce education investment accountability and oversight board under RCW 28C.18.200, shall complete an evaluation of the guided pathways model. To the extent possible, the institute shall complete a preliminary report that evaluates the effect of the guided pathways model on early student outcomes including, but not limited to, student retention and persistence, college level English and math within the first year, and graduation and transfer rates. The preliminary report must review the implementation of the guided pathways model in Washington and any available evidence of the effectiveness of the guided pathways model. The preliminary report must be submitted by December 15, 2023.

(b) The Washington state institute for public policy shall complete a final report that evaluates the effect of the guided pathways on longer-term student outcomes including, but not limited to, degree completion, time to degree, transfer to four-year institutions, employment, and earnings, to the extent possible. The final report must be submitted by December 15, 2029.

(c) Both the preliminary and final reports must consider differences in outcomes by racial and ethnic subgroups and socioeconomic status.

NEW SECTION. Sec. 5. TENURE-TRACK FACULTY. (1) The legislature recognizes that student outcomes and success, especially for first generation, underserved students, may be significantly improved by increasing the number of full-time faculty at community and technical colleges.

(a) The legislature's goal is that community and technical colleges increase the numbers of full-time tenured positions by adding 200 new full-time tenure-track positions in the 2021-2023 fiscal biennium.

(b) This goal is best accomplished through converting part-time faculty positions to full-time tenure-track positions and by hiring new full-time faculty through processes identified in each college's diversity, equity, and inclusion of all races strategic plan described in section 3 of this act. If specific funding for the purpose of conversion assignments proposed in this section is not provided in the omnibus appropriations act, the conversion assignments proposed must be delayed

until such time as specific funding is provided.

(c) The college board must collect data and assess the impact of the 200 additional full-time tenure-track faculty on student completion rates. The college board must convene representatives of faculty, staff, and administration to report on outcomes as a result of increasing full-time tenure-track faculty. In consultation with representatives of faculty, staff, and administration, the college board must make recommendations about future steps to increase full-time tenure-track faculty that incorporate faculty diversity and historically underserved communities. The college board must report the results of its assessment, along with next step recommendations, to the legislature by December 15, 2023. The college board shall conspicuously post on its website and include in the report definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

(2) This section expires July 1, 2024.

NEW SECTION. Sec. 6. MENTAL HEALTH COUNSELOR PILOT PROGRAM. (1) Subject to the availability of amounts appropriated for this specific purpose, the college board shall administer a pilot program to increase student access to mental health counseling and services.

(2) The college board, in collaboration with the selection committee, shall select community or technical colleges to participate in the pilot program. At least half of the participating colleges must be located outside of the Puget Sound area. For purposes of this section, "Puget Sound area" means Snohomish, King, Pierce, and Thurston counties. Each participating college must receive a grant to implement one or more strategies to increase student access to mental health counseling and services, including substance use disorder counseling and services.

(3) (a) A selection committee consisting of the following shall assist with the application selection process:

(i) One community or technical college president;

(ii) One community or technical college vice president for student services or student instruction;

(iii) Two faculty counselors employed at a community or technical college; and

(iv) One community or technical college student.

(b) The selection committee may consult with representatives of an entity within a college or university that has expertise in suicide prevention and the department of health in developing selection criteria.

(4) Community and technical colleges wishing to participate in the pilot program shall apply to the college board. Applicants must identify opportunities for expanding on-campus mental health counseling and services. Applicants must also show a commitment to further develop partnerships by engaging external community providers, including those who provide crisis services and substance use disorder treatment and counseling. Applications that demonstrate plans to include one or more of the following strategies recommended by the community and technical college counselors task force must be prioritized:

(a) Improve equity, diversity, and inclusion of all races in counseling services, such as by diversifying the counselor workforce by adopting equity-centered recruiting, training, and retention practices or by providing equity training and awareness for all counselors;

(b) Meet mental health needs of students through an all-campus effort;

(c) Engage students to help increase mental health and counseling awareness and promote help-seeking behavior through student groups and other methods;

(d) Increase the visibility of counseling services on campus;

(e) Increase or expand external partnerships with community service providers;

(f) Adopt the use of telebehavioral health, especially in under resourced communities;

(g) Develop an assessment of counseling services to inform improvements and ensure counseling services are meeting student needs; or

(h) Implement counseling approaches grounded in theory that have evidence of being effective.

(5) Colleges selected to participate in the pilot program that use grant funding to hire additional mental health counselors must hire counselors who have specific graduate-level training for meeting the mental and behavioral health needs of students.

(6) Colleges selected to participate in the pilot program shall submit a joint report to the appropriate committees of the legislature and in accordance with RCW 43.01.036 by November 1, 2023. The report must include:

(a) Information on which colleges were selected for the pilot program, how much grant funding was received per college, and what strategies each implemented to increase student access to mental health counseling and services;

(b) Demographic data of students accessing mental health counseling and services, including those students who are considered underrepresented or traditionally have limited access to mental health counseling and services;

(c) Whether the mental health counseling and services provided are meeting the demand of students in terms of type and availability, and whether the various types of mental health counseling and services are being provided by community providers versus on-campus services;

(d) Information and data on the effectiveness, including cost-effectiveness, of each strategy used to increase student access to mental health counseling and services, including substance use disorder counseling and services, such as the number of additional students served, reduced wait times for counseling appointments, or other data that reflects expanded access; and

(e) Lessons learned and recommendations for improving student access to mental health counseling and services at community and technical colleges and to community providers, including whether there were any strategies implemented that proved more effective than others in increasing access.

(7) Colleges selected for the pilot program shall conspicuously post on their

websites and include in the report to the legislature the definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

(8) The pilot program expires July 1, 2025.

(9) This section expires January 1, 2026.

NEW SECTION. Sec. 7. MINIMUM COUNSELOR STANDARDS. (1) It is the intent of the legislature to provide clear minimum standards to ensure qualified faculty counselors while also providing flexibility to allow for differences in criteria required by hiring institutions. Within existing resources, and beginning September 1, 2021, the college board shall adopt rules regarding the minimum hiring standards for a faculty counselor. At a minimum, these must include:

(a) A graduate or professional degree in a related field;

(b) Completion of appropriate graduate coursework; and

(c) Standards established by the state board for community and technical colleges.

(2) The requirements and standards imposed through this section do not apply to an individual employed by a college district as a counselor before September 1, 2021. Counselors who began employment at one college district prior to September 1, 2021, and moved employment to a different college district after that date may carry the exemptions from the requirements and standards imposed through this section to their new place of employment.

"NEW SECTION. **Sec. 1.** A new section is added to chapter 70.14 RCW to read as follows:

(1) (a) The authority may enter into partnership agreements with another state, a group of states, a state agency, a nonprofit organization, or any other entity to produce, distribute, or purchase generic prescription drugs and distribute and purchase insulin. Partnership agreements with governmental entities are exempt from competitive solicitation requirements in accordance with RCW 39.26.125(10). However, the authority must comply with state procurement laws related to competitive procurement when purchasing or entering into purchasing agreements with nongovernmental entities.

(b) The generic prescription drugs and insulin must be produced or distributed by a drug company or generic drug manufacturer that is registered with the United States food and drug administration.

(2) The authority shall only enter into partnerships, in consultation with other state agencies as necessary, to produce, distribute, or purchase a generic prescription drug or insulin at a price that results in savings to public and private purchasers and consumers.

(3) For generic prescription drugs and insulin that the authority has entered into a partnership under this section:

(a) State purchased health care programs must purchase the generic prescription drugs and insulin through the partnership, unless the state purchased health care program can obtain the generic prescription drug or insulin at a cost savings through another purchasing mechanism; and

(b) Local governments, private entities, health carriers, and others may choose to voluntarily purchase the generic prescription drugs and insulin from the authority as available quantities allow.

(4) All information and documents obtained or created under this section is exempt from disclosure under chapter 42.56 RCW.

"Purchase" includes, but is not limited to, entering into contracts with manufacturers on behalf of those dispensing drugs and other innovative purchasing strategies to help increase access for Washington citizens to the best price available for insulin and generic prescription drugs. This subsection should be interpreted broadly to provide the authority flexibility in how it procures generic drugs and insulin in order to obtain the best price.

(e) "State purchased health care" means medical and health care, pharmaceuticals, and medical equipment purchased with state and federal funds by the department of social and health services, department of health, state health care authority, department of labor and industries, department of corrections, and department of veterans affairs. (2) Participation in the purchasing consortium shall be offered as an option beginning January 1, 2006. Participation in the consortium is purely voluntary for units of local government, private entities, labor organizations, health carriers as provided in RCW 48.43.005, state purchased health care services from or through health carriers as provided in RCW 48.43.005, and for individuals who lack or are underinsured for prescription drug coverage. A check or money order in the amount of the penalty prescribed for the infraction must be submitted with the response, unless the person selects the option attesting that the person does not have the current ability to pay the infraction in full. Upon deferring

(b) A person may not receive more than one deferral within a seven-year period for traffic infractions for moving violations and more than one deferral within a seven-year period for traffic infractions for nonmoving violations.

Sec. 3. RCW 46.63.110 and 2019 c 467 s 4, 2019 c 403 s 13, 2019 c 181 s 1, and 2019 c 65 s 7 are each reenacted and amended to read as follows:

(1)(a) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(b) The court may waive or remit any monetary penalty, fee, cost, assessment, or other monetary obligation associated with a traffic infraction unless the specific monetary obligation in question

is prohibited from being waived or remitted by state law.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines(~~(, in its discretion,)~~) that a person is not able to pay a monetary obligation in full(~~(, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable)~~), the court shall enter into a payment plan with the person(~~(, unless the person has previously been granted a~~

payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation for civil enforcement until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the court has entered into a new time payment or community restitution agreement with the person. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privileges.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation to a collections agency until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section. For those infractions

subject to suspension under RCW 46.20.289, the court shall notify the department of the person's delinquency, and the department shall suspend the person's driver's license or driving privileges.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments) in accordance with section 4 of this act and standards that may be set out in court rule.

The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) ~~((Eight dollars and fifty cents))~~ \$12.50 of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. (10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for

(12) The additional monetary fine for a violation of RCW 46.61.110, 46.61.145, 46.61.180, 46.61.185, 46.61.190, and 46.61.205 is not subject to assessments or fees provided under this section.

(13) The additional monetary penalties for a violation of RCW 46.61.165 are not subject to assessments or fees provided under this section.

NEW SECTION. Sec. 4. A new section is added to chapter 46.63 RCW to read as follows:

(1)(a) A person may request a payment plan at any time for the payment of any monetary penalty, fee, cost, assessment, or other monetary obligation associated with a traffic infraction. If the person does not have the ability to pay the monetary obligation in full, the person has not previously been granted a payment plan for the same monetary obligation, and the court has not authorized its collections agency to take civil legal enforcement action, the court shall enter into a payment plan with the individual. Where the court has authorized its collections agency to take civil legal enforcement action, the court may, at its discretion, enter into a payment plan.

(b) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(2) The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(3) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court may refer the unpaid monetary penalty, fee, cost,

assessment, or other monetary obligation for civil enforcement until all monetary obligations have been paid and court authorized community restitution has been completed, or until the court has entered into a new payment plan or community restitution agreement with the person.

(4) (a) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full, no sooner than 90 days from the date of the infraction the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation to a collections agency until all monetary obligations have been paid or until the person has entered into a payment plan under this section.

(b) If a person responded to a traffic infraction for a moving violation attesting that the person did not have the ability to pay the infraction in full, the court must attempt to enter into a payment plan with the person prior to referring the monetary obligation to a collections agency.

(5) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed \$10 per infraction or \$25 per payment plan, whichever is less.

(6) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(7) The court may modify a payment plan at any time.

(8) The court may require a person who fails to make payment as required under a payment plan to appear and provide evidence of ability to pay.

(9) For the purposes of this section, "payment plan" means a plan that requires reasonable payments based on the financial ability of the person to pay as determined by court rule.

Sec. 5. RCW 46.20.289 and 2019 c 467 s 2 are each amended to read as follows:

(1) Except for traffic violations committed under RCW 46.61.165, the department shall suspend all driving privileges of a person when the department receives notice from a court under RCW 46.63.070(6), 46.63.110(6), or 46.64.025 that the person has failed to respond to a notice of traffic infraction for a moving violation, failed to appear at a ~~((requested))~~ hearing for a moving violation, ~~((violated a written promise to appear in court for a notice of infraction for a moving violation, or has))~~ or failed to comply with the terms of a ~~((notice of traffic infraction,))~~ criminal complaint ~~((7))~~ or criminal citation for a moving violation~~((7-07))~~.

(2) The department shall suspend all driving privileges of a person when the department receives notice from another state under Article IV of the nonresident violator compact under RCW 46.23.010 or from a jurisdiction that has entered into an agreement with the department under RCW 46.23.020, other than for a standing, stopping, or parking violation, provided that the traffic infraction or traffic offense is committed on or after July 1, 2005.

(3) A suspension under this section takes effect pursuant to the provisions of RCW 46.20.245, and remains in effect until the department has received a certificate from the court showing that the case has been adjudicated, and until the person meets the requirements of RCW 46.20.311. ~~((In the case of failure to respond to a traffic infraction issued under RCW 46.55.105, the department shall suspend all driving privileges until the person provides evidence from the court that all penalties and restitution have been paid.))~~

(4) A suspension under this section does not take effect if, prior to the effective date of the suspension, the department receives a certificate from the court showing that the case ~~((has))~~ or cases have been adjudicated.

Sec. 6. RCW 46.20.291 and 2016 c 203 s 5 are each amended to read as follows:

(3) Has been convicted of offenses against traffic regulations governing the movement of vehicles, or found to have committed traffic infractions, with such frequency as to indicate a disrespect for traffic laws or a disregard for the safety of other persons on the highways;

(4) Is incompetent to drive a motor vehicle under RCW 46.20.031(3);

(5) Has failed to respond to a notice of traffic infraction, failed to appear at a ~~((requested))~~ hearing, ~~((violated a written promise to appear in court,))~~ or has failed to comply with the terms of a ~~((notice of traffic infraction,))~~ criminal complaint ~~((r))~~ or criminal citation for a moving violation, as provided in RCW 46.20.289;

(7) Has committed one of the prohibited practices relating to drivers' licenses defined in RCW 46.20.0921; or

(8) Has been certified by the department of social and health services as a person who is not in compliance with a child support order or a residential or visitation order as provided in RCW 74.20A.320.

NEW SECTION. **Sec. 7.** A new section is added to chapter 46.20 RCW to read as follows:

(1) Whenever the official records of the department show that a person has committed a traffic infraction for a moving violation on three or more occasions within a one-year period, or on four or more occasions within a two-year period, the department must suspend the license of the driver for a period of 60 days and establish a period of probation for one calendar year to begin when the suspension ends. Prior to reinstatement of a license, the person must complete a safe driving course as recommended by the department. During the period of probation, the person must not be convicted of any additional traffic infractions for moving violations. Any traffic infraction for a moving violation committed during the period of probation

shall result in an additional 30-day suspension to run consecutively with any suspension already being served.

(2) When a person has committed a traffic infraction for a moving violation on two occasions within a one-year period or three occasions within a two-year period, the department shall send the person a notice that an additional infraction will result in suspension of the person's license for a period of 60 days.

(3) The department may not charge a reissue fee at the end of the term of suspension under this section.

(4) For purposes of this section, multiple traffic infractions issued during or as the result of a single traffic stop constitute one occasion.

Sec. 8. RCW 46.20.311 and 2020 c 330 s 7 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency required under RCW

46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e) (i) ~~(The)~~ Except as provided in section 7(3) of this act, the department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) Except as provided in subsection (4) of this section, if the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result

of administrative action under RCW 46.20.308, the reissue fee shall be one hundred seventy dollars.

(2) (a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b) (i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) Except as provided in subsection (4) of this section, if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred seventy dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon

written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of seventy-five dollars.

(b) Except as provided in subsection (4) of this section, if the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's

blood alcohol content, the reissue fee shall be one hundred seventy dollars.

(4) When the department reinstates a person's driver's license following a suspension, revocation, or denial under RCW 46.20.3101 or 46.61.5055, and the person is entitled to full day-for-day credit under RCW 46.20.3101(4) or 46.61.5055(9)(b)(ii) for an additional restriction arising from the same incident, the department shall impose no additional reissue fees under subsection (1)(e)(ii), (2)(b)(ii), or (3)(b) of this section associated with the additional restriction.

Sec. 9. RCW 46.20.342 and 2015 c 149 s 1 are each amended to read as follows:

(1) It is unlawful for any person to drive a motor vehicle in this state while that person is in a suspended or revoked status or when his or her privilege to drive is suspended or revoked in this or any other state. Any person who has a valid Washington driver's license is not guilty of a violation of this section.

(a) A person found to be a habitual offender under chapter 46.65 RCW, who violates this section while an order of revocation issued under chapter 46.65 RCW prohibiting such operation is in effect, is guilty of driving while license suspended or revoked in the first degree, a gross misdemeanor. The minimum sentence of confinement required shall not be suspended or deferred. A conviction under this subsection does not prevent a person from petitioning for reinstatement as provided by RCW 46.65.080.

(b) A person who violates this section while an order of suspension or revocation prohibiting such operation is in effect and while the person is not eligible to reinstate his or her driver's license or driving privilege, other than for a suspension for the reasons described in (c) of this subsection, is

guilty of driving while license suspended or revoked in the second degree, a gross misdemeanor. For the purposes of this subsection, a person is not considered to be eligible to reinstate his or her driver's license or driving privilege if the person is eligible to obtain an ignition interlock driver's license but did not obtain such a license. (ix) A conviction of RCW 46.61.500, relating to reckless driving;

(x) A conviction of RCW 46.61.502 or 46.61.504, relating to a person under the influence of intoxicating liquor or drugs;

(xi) A conviction of RCW 46.61.520, relating to vehicular homicide;

(ii) ~~((the))~~ The person must furnish proof of financial responsibility for the future as provided by chapter 46.29 RCW(~~(7)~~);

(iii) ~~((the))~~ The person has failed to comply with the provisions of chapter 46.29 RCW relating to uninsured accidents(~~(7)~~);

(d) For the purposes of this subsection, a person is not considered to be eligible to reinstate his or her driver's license or driving privilege if the person is eligible to obtain an ignition interlock driver's license but did not obtain such a license.

(2) Upon receiving a record of conviction of any person or upon receiving an order by any juvenile court or any duly authorized court officer of the conviction of any juvenile under this section, the department shall:

(a) For a conviction of driving while suspended or revoked in the first degree, as provided by subsection (1)(a) of this section, extend the period of administrative revocation imposed under chapter 46.65 RCW for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(b) For a conviction of driving while suspended or revoked in the second degree, as provided by subsection (1)(b) of this section, not issue a new license or restore the driving privilege for an

(c) Not extend the period of suspension or revocation if the conviction was under subsection (1)(c) of this section. If the conviction was under subsection (1)(a) or (b) of this section and the court recommends against the extension and the convicted person has obtained a valid driver's license, the period of suspension or revocation shall not be extended.

Sec. 10. RCW 46.20.391 and 2012 c 82 s 2 are each amended to read as follows:

(5) The director shall cancel an occupational or temporary restricted driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose occupational or temporary restricted driver's license has been canceled under this section may reapply for a new occupational or temporary restricted driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

NEW SECTION. Sec. 11. A new section is added to chapter 46.20 RCW to read as follows:

(1) The department is authorized to administratively reinstate the license of a person suspended pursuant to RCW 46.20.289(1) prior to the effective date of this section because the person:

A reissue fee as provided in RCW 46.20.311 shall apply.

(3) A reissue fee as provided in RCW 46.20.311 shall apply to any license reinstated under this section.

Sec. 12. RCW 46.64.025 and 2017 c 336 s 11 are each amended to read as follows:

Whenever any person (~~(served with, or provided notice of, a traffic infraction or a traffic-related criminal complaint willfully)~~) fails to respond to a notice of traffic infraction for a moving violation, fails to appear at a ((requested)) hearing for a moving violation, or fails to comply with the terms of a ((notice of infraction for a moving violation or a traffic-related)) criminal complaint or criminal citation for a moving violation, the court with jurisdiction over the traffic infraction, or traffic-related criminal complaint or criminal citation shall promptly give notice of such fact to the department of licensing. Whenever thereafter the case in which the defendant failed to appear or comply is adjudicated, the court hearing the case shall promptly file with the department a certificate showing that the case has been adjudicated.

For the purposes of this section, "moving violation" is defined by rule pursuant to RCW 46.20.2891.

NEW SECTION. **Sec. 13.** A new section is added to chapter 46.20 RCW to read as follows:

(1) An additional \$1 fee shall be imposed on each application for an original or renewal of a regular driver's license, regular identicard, enhanced driver's license, or enhanced identicard. (2) The department shall forward all funds accruing under this section to the state treasurer who shall deposit the moneys to the credit of the highway safety fund.

(6) This section does not apply to the additional monetary penalties under RCW 46.61.165.

NEW SECTION. Sec. 15. A new section is added to chapter 46.68 RCW to read as follows:

The driver licensing technology support account is created as a subaccount in the highway safety fund under RCW 46.68.060. Moneys in the subaccount may be spent only after appropriation. Expenditures from the subaccount may be used only for supporting information technology systems used by the department to communicate with the judicial information system, manage driving records, and implement court orders.

MAJORITY recommendation: Do pass as amended by Committee on College & Workforce Development.

"NEW SECTION. Sec. 1. The legislature finds that a postsecondary credential such as a degree, apprenticeship, or certificate is increasingly necessary to obtain a job that offers a good salary and advancement opportunities and that increasing the number of students in Washington who obtain such a credential is essential to the state's economic success. The legislature also recognizes that equity gaps remain among postsecondary students and that those gaps particularly impact students from historically marginalized communities.

The legislature finds that developing and maintaining a culture of belonging and support for students, faculty, and staff at institutions of higher education is essential to student success, and that faculty and staff play a key role. The legislature therefore seeks to ensure that public institutions of higher education provide faculty and staff, as well as students, with training to give them tools to address matters related to antiracism, diversity, equity, and inclusion.

The legislature further finds it necessary to regularly analyze the impact of that training on the campus community and to identify any measures needed to increase diversity, equity, and inclusion. Accordingly, the legislature intends that each public institution of higher education assess the learning, working, and living environment on campus that students, faculty, and staff experience to better understand the evolving state of diversity, equity, and inclusion.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.10 RCW to read as follows:

(1) Each institution of higher education must:

(a) Provide professional development, either existing or new, focused on diversity, equity, inclusion, and antiracism for faculty and staff. This program must be developed in partnership with the institution's administration, faculty, staff, and student leadership groups. Efforts must be made to ensure the program is developed and delivered by individuals with innate and acquired experience and expertise in the field of diversity, equity, and inclusion. The content framework for professional development must be posted on each institution's public website for parents and community members. The professional development must begin in the 2022-23 academic year;

(b) Create an evaluation for professional development participants. The evaluations must, at minimum, capture a participant's level of satisfaction with the professional development opportunity, the degree to which the learning objectives were achieved, and how the knowledge gained may be applied to their work;

(c) (i) Share completed evaluations of program participants annually with either the state board for community and technical colleges or an organization representing the presidents of the public four-year institutions of higher education, depending on the institution; and (ii) submit curriculum and other pertinent information regarding the program beginning July 1, 2023, and, subsequently, if there is a meaningful change or by request of the reporting entity.

(2) The purpose of each professional development program curriculum must be rooted in eliminating structural racism against all races and promoting diversity, equity, and inclusion while improving academic, social, and health and wellness outcomes for students from historically marginalized communities. Institutions of higher education may further develop a curriculum that is reflective of the needs of the campus community.

(3) (a) Beginning with the 2022-23 academic year, every new faculty and staff member at an institution of higher education must participate in the program, regardless of whether they are a full-time or part-time employee. All faculty and staff participating in the professional development program must complete an evaluation. Other faculty and

staff may participate in the professional development program as needed or required by their institution. Each institution must develop a goal of at least 80 percent of their total faculty and staff completing the professional development program every two years and report on their goal's progress in the report established in section 5 of this act. Each institution may determine how to show progress towards their goal. Part-time faculty and staff who are employed at more than one institution of higher education are only required to complete the professional development program at one institution if they provide proof of completion to their other institution of higher education employers to receive credit for participation.

(b) Beginning with the 2024-25 academic year, 35 percent of tenured faculty and 35 percent of administrators at each institution of higher education must complete the professional development program every two years, regardless of whether they are a full-time or part-time employee.

(4) The state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education may conduct further analysis of the professional development programs through participant evaluation data, use of focus groups, or other methods to determine promising practices. The state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education must post a list of model standards and promising practices for professional development on their public websites for parents and community members.

(5) The institutions of higher education shall adopt rules as necessary or appropriate for effecting the provisions of this section, not in conflict with this chapter, and in accordance with the provisions of chapter 34.05 RCW, the administrative procedure act.

NEW SECTION. **Sec. 3.** A new section is added to chapter 28B.10 RCW to read as follows:

(1) (a) The institutions of higher education as defined in RCW 28B.10.016 shall each conduct a campus climate assessment to understand the current

state of diversity, equity, and inclusion in the learning, working, and living environment on campus for students, faculty, and staff. The assessment shall occur, at minimum, every five years. Institutions of higher education shall use the results of the campus climate assessment to inform the professional development, established in section 2 of this act, and program, established in section 4 of this act. Institutions may use an existing campus climate assessment to meet this requirement.

(b) The state board for community and technical colleges shall develop a model campus climate assessment for the community and technical colleges that the colleges may use or modify to meet the requirements of this section.

(2) The design of an existing or new campus climate assessment must involve, at minimum, students, college and university diversity officers, faculty, and staff. The campus climate assessment must include, at minimum, an evaluation of student and employee attitudes and awareness of campus diversity, equity, and inclusion issues. The campus climate assessment may also include questions evaluating the prevalence of discrimination, sexual assault, harassment, and retaliation on and off campus, in addition to student, faculty, and staff knowledge of campus policies and procedures addressing discrimination, sexual assault, harassment, and retaliation. College and university diversity officers and students must be consulted in the development of recommendations.

(3) Institutions of higher education must, at minimum, conduct annual listening and feedback sessions for diversity, equity, and inclusion for the entire campus community during periods between campus climate assessments. Institutions of higher education must, to the maximum extent practicable, compensate students for their participation in the annual listening and feedback sessions.

(4) Beginning July 1, 2022, the institutions of higher education shall report findings or progress in completing their campus climate assessment and, when applicable, information on their listening and feedback sessions annually to either the state board for community and technical colleges or an organization representing the presidents of the public four-year institutions of higher

education. The institutions of higher education must also publish annually on the institution's public website the results of either the campus climate assessment or listening and feedback sessions.

(5) The state board for community and technical colleges may require colleges to repeat their campus climate assessment. An organization representing the presidents of the public four-year institutions of higher education may also request state universities, regional universities, and The Evergreen State College to repeat their campus climate assessment.

NEW SECTION. **Sec. 4.** A new section is added to chapter 28B.10 RCW to read as follows:

(1) Each institution of higher education must:

(a) Provide a program, either existing or new, on diversity, equity, inclusion, and antiracism to students beginning with the 2024-25 academic year. Institutions of higher education may expand the focus of its program to reflect the needs of the campus community. This program must be developed in partnership with the institution's administration, faculty, staff, and student leadership groups. Efforts should be made to ensure the program is developed and delivered by individuals with innate and acquired experience and expertise in the field of diversity, equity, and inclusion. The content framework for each program must be posted on each institution's public website for parents and community members; and

(b) Create an evaluation for program participants. The evaluation must, at minimum, capture a participant's level of satisfaction with the program and how they will apply the program to their education.

(2) The purpose of each program must be rooted in eliminating structural racism against all races and promoting diversity, equity, and inclusion while improving outcomes for students from historically marginalized communities. Institutions of higher education may further develop a curriculum that is reflective of the needs of the campus community.

(3) During the 2024-25 academic year, all degree-seeking students at institutions of higher education must

participate in the program, regardless of whether they are a full-time or part-time student. Beginning with the 2025-26 academic year, the program is only required for degree-seeking students who are new or have transferred to the institution and have not yet participated in a required diversity, equity, inclusion, and antiracism program at an institution of higher education. Students must be allowed to opt out of participation in the program if they self-attest to taking a diversity, equity, inclusion, and antiracism training at an institution of higher education within the previous five years.

(4) The state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education may conduct further analysis of the programs, through participant evaluation data, use of focus groups, or other methods to determine promising practices. The state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education must post a list of model standards and promising practices for programs on their public websites for parents and community members.

(5) The institutions of higher education shall adopt rules as necessary or appropriate for effecting the provisions of this section, not in conflict with this chapter, and in accordance with the provisions of chapter 34.05 RCW, the administrative procedure act.

(6) For purposes of this section, "student" or "students" does not include nonmatriculated students.

NEW SECTION. **Sec. 5.** A new section is added to chapter 28B.10 RCW to read as follows:

By December 31, 2024, and biennially thereafter, the state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education shall each submit a report to the higher education committees of the legislature in accordance with RCW 43.01.036 for their respective institutions of higher education. The reports must include the following:

(1) Information on the professional development programs implemented by each institution of higher education,

including updates on progress towards meeting the goal outlined in section 1 of this act;

(2) A summary of results of the campus climate assessments and other relevant information received by the institutions of higher education; and

(3) By December 31, 2026, and biennially thereafter, the reports must also include information on the student diversity, equity, inclusion, and antiracism programs implemented by each institution of higher education.

NEW SECTION. **Sec. 6.** If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state."

E2SSB 5237 Prime Sponsor, Committee on Ways & Means: Expanding accessible, affordable child care and early childhood development programs. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Children, Youth & Families.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** SHORT TITLE. This act may be known and cited as the fair start for kids act.

NEW SECTION. **Sec. 2.** INTENT. (1) The legislature finds that high quality child care and early learning is critical to a child's success in school and life. The legislature recognizes that COVID-19 has devastated the existing child care industry, making it unduly burdensome for families to find care. The legislature recognizes that without immediate action to support child care providers, and without expanded access to affordable child care, especially infant and school-age care, parents will not be able to return to work while children lose valuable learning opportunities. In order to bolster a full economic recovery, the legislature finds that every child deserves a fair start.

(2) The legislature finds that access to affordable child care increases economic growth and labor force participation. The legislature further finds that an affordable, accessible system of high quality child care is necessary to the health of Washington's economy because employers benefit when parents have safe, stable, and appropriate care for their children. The legislature recognizes that too many working parents are forced to reduce their hours, decline promotional opportunities, or leave the workforce completely due to a lack of affordable and appropriate child care. The legislature finds that a report commissioned by the department of commerce in 2019 found that working parents in Washington forego \$14,000,000,000 each year directly due to child care scarcity. The legislature recognizes that this disproportionately impacts women in the workforce and that in September 2020 alone, 78,000 men left the workforce, compared to 600,000 women.

(3) The legislature recognizes that quality child care can be a stabilizing factor for children experiencing homelessness, and is a proven protective factor against the impacts of trauma they may experience. Access to child care is also a necessary support for families with young children in resolving homelessness and securing employment.

(4) The legislature finds that the scarcity of child care, exacerbated by COVID-19, most significantly impacts families furthest from opportunity. The legislature recognizes that there are

additional barriers to accessing this foundational support for immigrant communities and families whose first language is not English, families who have children with disabilities, rural communities, or other child care deserts. The legislature recognizes that high quality, inclusive child care and early learning programs have been shown to reduce the opportunity gap for low-income children and black, indigenous, and children of color while consistently improving outcomes for all children both inside and outside of the classroom.

(5) The legislature finds that without access to comprehensive, high quality prenatal to five services, children often enter kindergarten without the social-emotional, physical, cognitive, and language skills they need to be successful and fall behind their peers, facing compounding developmental challenges throughout their K-12 education. The legislature finds that cascading impacts of inaccessible child care and early learning programs create systemic barriers for children and their families that result in higher special education needs, greater likelihood of needing to repeat grades, increased child welfare and juvenile justice involvement, reduced high school graduation rates, limited postsecondary education attainment, and greater barriers to employment in adulthood.

(6) The legislature finds the vast majority of child care providers are small businesses and nonprofit organizations. In addition to adhering to federal, state, and local regulations to ensure healthy and safe environments for children, the legislature recognizes that child care providers must ensure their employees are adequately compensated and supported. However, the legislature acknowledges that the reduced staffing ratios for health and safety, additional cost of personal protective equipment and extra cleaning supplies, increased use of substitutes needed during COVID-19-related absences, and increased technology demands during school closures from the pandemic are further straining the viability of the child care business model in Washington state.

(7) The legislature finds that the health and stability of the early learning workforce is pivotal to any expansion of child care in Washington state. The legislature recognizes that

the child care workforce, predominantly comprised of women of color, is structurally afflicted by low wages, limited or no health care, and a severe lack of retirement benefits. The legislature further recognizes that the threat of COVID-19 compounds these underlying issues, forcing providers to navigate increased stress, anxiety, and behavioral issues all while risking their lives to care for children. The legislature recognizes that families, friends, and neighbors who provide care are a critical component of the child care system. The legislature finds that child care workers are essential and deserve to be compensated and benefited accordingly.

(8) Therefore, the legislature resolves to respond to the COVID-19 crisis by first stabilizing the child care industry and then expanding access to a comprehensive continuum of high quality early childhood development programs, including infant and school-age child care, preschool, parent and family supports, and prenatal to three services. The legislature recognizes this continuum as critical to meeting different families' needs and offering every child in Washington access to a fair start.

(9) The legislature recognizes the strengths that multilingual, diverse early learning providers and caregivers contribute to early learning across the state. Therefore, the legislature intends to expand language access services to create an inclusive early learning system that specifically supports underserved providers.

(10) The legislature intends to expand eligibility for existing child care and preschool programs to increase access. The legislature recognizes that expansion must be accompanied by an investment to make child care more affordable. Therefore, the legislature intends to eliminate copayments for low-income families and limit copayments for any family on subsidy to no more than seven percent of their income.

(11) The legislature further intends to stabilize, support, and grow the diverse early learning workforce by funding living wages and affordable health benefits while providing training, infant and early childhood mental health consultation, shared business services, and a variety of other supports that recognize the critical role

that early learning providers serve for all Washington children.

(12) The legislature intends to accelerate Washington's economic recovery from the devastating impacts of COVID-19 by dramatically expanding access to affordable, high quality child care and preschool, in order to get parents back to work and provide every child with a fair start.

(aa) Recognizing the benefits of the diverse workforce and facilitating communication in the three most commonly spoken languages by developing a language access plan that centers on equity and access for immigrants, multilingual providers, caregivers, and families.

(2) This section does not interfere with, impede, or in any way diminish the right of family child care providers to bargain collectively with the state through the exclusive bargaining representatives as provided for under RCW 41.56.028.

Sec. 103. RCW 43.88.055 and 2020 c 218 s 2 are each amended to read as follows:

(2) The department must consult with a culturally and linguistically diverse stakeholder advisory group to develop criteria for the dual language designation.

(3) The department must adopt rules to implement this section.

NEW SECTION. Sec. 306. NONSTANDARD HOURS RATE MODEL. (2) This section expires June 30, 2022.

The department shall determine, in collaboration with the statewide child care resource and referral network, where the additional consultants should be sited based on factors such as the total provider numbers overlaid with indicators of highest need. The infant and early childhood mental health consultants must support early achievers

program coaches and child care providers by providing resources, information, and guidance regarding challenging behavior and expulsions and may travel to assist providers in serving families and children with severe behavioral needs. ~~((In coordination with the contractor, the department of children, youth, and families must report on the services provided and the outcomes of the consultant activities to the governor and the appropriate policy and fiscal committees of the legislature by June 30, 2021.))~~

NEW SECTION. Sec. 312. PROFESSIONAL DEVELOPMENT. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall provide professional development supports to aid eligible providers in reaching the professional education and training standards adopted by the department. Professional development supports may include:

NEW SECTION. Sec. 314. CAPACITY FLEXIBILITY FOR FAMILY HOME PROVIDERS. The department must establish conditions for such waivers by rule and must assess, at minimum, the provider's available square footage and staffing capabilities prior to issuing any waiver of the limit of 12 children.

PART IV

STRENGTHENING PRENATAL TO THREE SUPPORTS

NEW SECTION. Sec. 401. PRENATAL TO THREE INTENT. (1) The legislature finds that parental relationships and healthy

interactions in the first few years of life help shape the development of babies' and toddlers' brains and bodies. Eighty percent of the brain is developed by the age of three and parents are a child's first teachers.

(2) The legislature finds that the federal family first prevention services act (P.L. 115-123) offers the state the opportunity to leverage federal funding for certain programs, including in-home parent skill-based programs, substance use disorder support, and mental health interventions. Culturally relevant, evidence-based programs that may qualify for these federal funds are limited. Therefore, state support may be necessary to serve traditionally underrepresented communities and increase positive engagement from parents and caregivers of children from before birth to age three.

(3) The legislature finds that small teacher-child ratios for infant and toddler care, as well as the existence of child care deserts with low levels of access to care for the birth to three age group, contribute to higher expenses for providers and families with babies and young children.

(4) Therefore, the legislature intends to expand parent and family education and support, incentivize the provision of infant and toddler care, and make early therapeutic and preventative services more readily available to families and young children.

NEW SECTION. Sec. 402. EDUCATION AND SUPPORT FOR PARENTS AND FAMILY, FRIEND, AND NEIGHBOR CAREGIVERS. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer a prenatal to three family engagement strategy to support expectant parents, babies and toddlers from birth to three years of age, and their caregivers.

(2) Components of the prenatal to three family engagement strategy must include supports and services to improve maternal and infant health outcomes, reduce and mitigate trauma, promote attachment and other social-emotional assets, strengthen parenting skills, and provide early supports to help maximize healthy and robust childhood development and reduce isolation. Services and supports may include:

(a) In-home parent skill-based programs and training established in RCW 43.216.130;

(b) Facilitated play and learn groups;

(c) Parent peer-support groups, including groups designed for families with children with complex needs; families whose primary home language is not English; incarcerated parents; families coping with substance use disorder or mental health support needs; black, indigenous, and families of color; or other specific needs; and

(d) Other prenatal to age three programs and services.

(3) Continuity of services for babies and toddlers are important for early childhood brain development. Therefore, the services and supports described in this section may be made available to biological parents, foster parents, kinship care providers, and other family, friend, and neighbor caregivers.

Sec. 403. RCW 43.216.578 and 2019 c 408 s 8 are each amended to read as follows:

BIRTH TO THREE EARLY CHILDHOOD EDUCATION AND ASSISTANCE PROGRAM.

(1) ~~((Within resources available under the federal preschool development grant birth to five grant award received in December 2018,))~~ Subject to the availability of amounts appropriated for this specific purpose, the department shall ~~((develop a plan for phased implementation of))~~ administer a birth to three early childhood education and assistance program ~~((pilot project))~~ for eligible children under thirty-six months old. Funds to implement the ~~((pilot project))~~ program may include a combination of federal, state, or private sources.

(2) The department may adopt rules to implement the ~~((pilot project))~~ program and may waive or adapt early childhood education and assistance program requirements when necessary to allow for the operation of the birth to three early childhood education and assistance program. The department shall consider early head start rules and regulations when developing the provider and family eligibility requirements and program requirements. ~~((Any deviations from early head start standards, rules, or regulations must be identified and explained by the department in its annual report under subsection (6) of this section.))~~

(3) (a) ~~((Upon securing adequate funds to begin implementation, the pilot project))~~ The birth to three early childhood education and assistance program ~~((s))~~ must be delivered through child care centers and family home providers who meet minimum licensing standards and are enrolled in the early achievers program.

(b) The department must determine minimum early achievers ratings scores for ~~((programs))~~ participating ~~((in the pilot project))~~ contractors.

(4) ~~((When selecting pilot project locations for service delivery, the department may allow each pilot project location to have up to three classrooms per location. When selecting and approving pilot project locations, the department shall attempt to select a combination of rural, urban, and suburban locations. The department shall prioritize locations with programs currently operating early head start, head start, or the early childhood education and assistance program.~~

~~((5))~~ To be eligible for the birth to three early childhood education and assistance program, a child's family income must be at or below ~~((one hundred thirty))~~ 50 percent of the ~~((federal poverty level))~~ state median income and the child must be under thirty-six months old.

~~((6) Beginning November 1, 2020, and each November 1st thereafter during pilot project activity, the department shall submit an annual report to the governor and legislature that includes a status update that describes the planning work completed, the status of funds secured, and any implementation activities of the pilot project. Implementation activity reports must include a description of the participating programs and number of children and families served.)~~

NEW SECTION. Sec. 404. INFANT CARE INCENTIVES. (1) The legislature finds that our state suffers from an extreme shortage of infant child care, impacting the ability of parents to participate in the workforce. Further, parents returning to work after using paid family leave to care for a new child struggle to find readily available, high quality care during a time of critical growth and brain development for young children. Therefore, the legislature intends to incentivize the provision of high quality infant care.

(2) Beginning July 1, 2022, the department shall provide an infant rate enhancement for licensed or certified child care providers and birth to three early childhood education and assistance program contractors who are:

(a) Accepting state subsidy;

(b) In good standing with the early achievers quality rating and improvement system; and

(c) Caring for a child between the ages of birth and 11 months.

(3) The department must adopt rules to implement this section.

NEW SECTION. Sec. 405. EARLY THERAPEUTIC AND PREVENTATIVE SERVICES. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer early therapeutic and preventative services and programs, such as the early childhood intervention and prevention services program, and other related services for children who are:

(a) Between the ages of birth and five years; and

(b) Referred by a child welfare worker, a department of social and health services social worker, a primary care physician, a behavioral health provider, or a public health nurse due to: (i) Risk of child abuse or neglect; (ii) exposure to complex trauma; or (iii) significant developmental delays.

(2) Subject to the availability of amounts appropriated for this specific purpose, the department shall make all reasonable efforts to deliver early therapeutic and preventative services and programs statewide. These services and programs must focus first on children and families furthest from opportunity as defined by income and be delivered by programs that emphasize greater racial equity.

2SSB 5253 Prime Sponsor, Committee on Ways & Means: Implementing the recommendations of the pollinator health task force. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Rural Development, Agriculture & Natural Resources.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The purpose of this act is to implement the recommendations of the pollinator health task force created by section 3, chapter 353, Laws of 2019, entitled "Recommendations of the Pollinator Health Task Force - for Pollinator Health in Washington" (November 2020).

(2) The task force provided recommendations to help prioritize and enact policy changes for pollinators in Washington. The recommendations are organized under five broad categories: (a) Habitat; (b) pesticides; (c) education; (d) managed pollinators; and (e) research.

(3) The task force met for the first time the same week that the Asian giant hornet was first discovered in Washington and the week after the Houdini fly was also reported for the first time in Washington. Asian giant hornets primarily hunt honey bees and destroy entire honey bee hives. The Houdini fly threatens native mason bee populations as well as managed mason bees. Washington is home to over 400 different species of native bees, 65 species of butterflies, as well as moths, wasps, beetles, flies,

and hummingbirds. The loss of pollinators, managed and unmanaged, can lead to decreased yields of many fruits, nuts, and vegetables. Washington is currently the top producer in the United States of apples, sweet cherries, alfalfa, blueberries, and pears. In Washington state, honey bees and other pollinators are responsible for the production of tree fruits, small fruits, and other crops.

(4) The legislature intends by this act to implement various recommendations from the pollinator health task force to protect and expand the habitat upon which pollinators depend, by providing technical and financial assistance to public and private landowners, and by coordinating with state agencies and local governments in promoting practices to ensure sustainable, healthy populations of managed and native pollinators.

NEW SECTION. Sec. 2. A new section is added to chapter 43.23 RCW to read as follows:

(1) The department shall create and chair a pollinator health task force. The department shall appoint the members of the task force, which must include, but is not limited to, representatives of the following interests, organizations, and state agencies:

- (a) The conservation commission;
- (b) The department of natural resources;
- (c) The department of fish and wildlife;
- (d) The state parks and recreation commission;
- (e) The Washington state department of transportation;
- (f) The state noxious weed control board;
- (g) The tree fruit industry;
- (h) The seed industry;
- (i) The berry industry;
- (j) Other agricultural industries dependent upon pollinators;
- (k) Washington State University;
- (l) Pesticide distributors and applicators;
- (m) Conservation organizations;

(n) Organizations representing beekeepers or apiarists;

(o) A member of the public from west of the crest of the Cascade mountains; and

(p) A member of the public from east of the crest of the Cascade mountains.

(2) One or more representatives of Washington tribes must also be invited to participate on the task force.

(3) One youth representative from an organization that encourages students to engage in agricultural education must also be invited to participate on the task force when available.

(4) The task force shall build upon existing pollinator research and pollinator habitat plans at the national and state level including, but not limited to, the state-managed pollinator plan, to assist with the development of an implementation plan to implement the state pollinator health strategy.

(5) The task force shall assist, as practicable, with implementation of the recommendations of the task force submitted to the legislature in November 2020.

(6) The department shall provide the implementation plan to the appropriate committees of the senate and house of representatives by December 31, 2021, in compliance with RCW 43.01.036. The implementation plan must include the task force's evaluation and development of protocols that would increase communications between beekeepers, farmers and growers, and pesticide applicators including, but not limited to, education and outreach to beekeepers, farmers and growers, and pesticide applicators.

(7) The department shall provide information related to implementation of the state pollinator health strategy and a recommendation of whether to extend the task force beyond January 1, 2024, to the appropriate committees of the senate and house of representatives by December 1, 2022, in compliance with RCW 43.01.036.

(8) This section expires January 1, 2024.

Sec. 3. RCW 43.23.300 and 2019 c 353 s 2 are each amended to read as follows:

(1) The department shall establish a program to promote and protect pollinator habitat and the health and sustainability

of pollinator species. As funds are made available, the program must provide technical and financial assistance to state agencies, local governments, and private landowners to implement practices that promote habitat for ~~((managed))~~ all pollinators, including native species, as well as beekeeper and grower best management practices. The program must be administered in coordination with the apiary program established in chapter 15.60 RCW, the honey bee commission authorized in chapter 15.62 RCW, and programs administered by the conservation commission and conservation districts.

(2) Subject to the availability of funds appropriated for this specific purpose, and in consultation with the department of fish and wildlife, the department must:

(a) Review, in consultation with Washington State University, education needs related to pollinator education and develop a plan that outlines the goals related to pollinator education and the necessary partners, personnel, and other resources;

(b) Evaluate and complete an analysis of critical impacts and needed best management practices for managed and wild pollinators. The department shall lead this effort in partnership with Washington State University, and in collaboration with the department of fish and wildlife and the state conservation commission. The effort must utilize the framework established in the state's managed pollinator protection plan as a guide for formal recommendations and education opportunities. The analysis must address food insecurities, habitat loss, virus and disease, pests, and pesticides, which may play a role in pollinator health decline. The department shall make the resources produced pursuant to this subsection available to the public on the department's website, as well as through Washington State University and the state's conservation districts;

(c) Document, in consultation with Washington State University, the bee species within the state and map their distributions as practicable;

(d) Provide economic and environmental impacts of weed listing and categorization on pollinator health to county noxious weed control boards in consultation with the state noxious weed

control board and annually submit a report to the noxious weed control board describing pollinator health issues;

(e) Provide materials, where practicable and in consultation with Washington State University, about certification programs that support pollinator health, biodiversity, and low-impact pesticide application to the public;

(f) Educate the public through plant nurseries about the necessity for blooming nectar plants to be available to wild and managed pollinators throughout their respective active seasons;

(g) Survey registered beekeepers to determine whether the current apiary program should be expanded to include apiary inspections or registration of apiary yards;

(h) Continue and maintain partnership with federal agencies and neighboring states to promote and enhance the implementation of the national strategy to promote the health of honey bees and improve pollinator health;

(i) Increase the availability of pollinator-related resources on the department's website, as practicable, and other state agencies' websites as appropriate;

(j) Review guidelines on state-managed lands to protect native pollinators and improve transparency for state-managed land areas which may permit managed honey bees so that impacts to wild pollinators from honey bees may be minimized; and

(k) In consultation with the department of revenue, review the open space taxation act and provide recommendations to the legislature, in compliance with RCW 43.01.036, on options to include pollinator habitat in the current open space property tax classification.

NEW SECTION. Sec. 4. A new section is added to chapter 17.21 RCW to read as follows:

(1) The department shall continue to evaluate and update, as necessary, pesticide regulatory and education programs focused on measures to protect pollinator health. This work by the department, when appropriate, must be coordinated with Washington State University pesticide education programs to limit duplication and ensure consistent information sharing.

(2) Subject to the availability of amounts appropriated for this specific purpose, and in consultation with the department of fish and wildlife with regard to considerations for native pollinator species, the department must:

(a) Evaluate and adapt pesticide training and drift reduction technical assistance programs to include up-to-date protection measures for pollinators;

(b) Support Washington State University's pesticide education programs continued incorporation of pollinator protection measures during their training and certification classes, and coordinate on presented research, new protection measures, technological advancements, and any other significant science-based information;

(c) Coordinate with pollinator health staff in the department and at Washington State University to conduct investigations and share annual findings from pesticide-related investigations with the pollinator health task force;

(d) Evaluate and, if necessary, update the pesticide civil penalty matrix related to pollinator death or damage due to the misuse of pesticides and ensure pollinator health protections are included;

(e) When possible, the department must provide credits for pesticide courses focused on pollinator protection measures.

(3) By December 31, 2021, the department shall provide a report to the appropriate committees of the senate and house of representatives, in compliance with RCW 43.01.036, that includes recommendations for measures to mitigate the risks of harm to bees and other pollinators from the use of neonicotinoid pesticides and treated seeds. The department shall evaluate and incorporate the reviews scheduled for completion by the United States environmental protection agency during 2021, including recommended mitigation measures from that agency. The department shall also review neonicotinoid pesticide use restrictions and labeling requirements adopted in other states and include in the report any recommendations for adoption of similar requirements in this state.

Sec. 5. RCW 17.24.081 and 1991 c 257 s 12 are each amended to read as follows:

It shall be unlawful for a person to:

(1) Sell, offer for sale, or distribute a noxious weed or a plant or plant product or regulated article infested or infected with a plant pest declared by rule to be a threat to the state's forest, agricultural, horticultural, floricultural, or beekeeping industries or environment;

(2) Knowingly receive a noxious weed, or a plant, plant product, bees, bee hive or appliances, or regulated article sold, given away, carried, shipped, or delivered for carriage or shipment within this state, in violation of the provisions of this chapter or the rules adopted under this chapter;

(3) Fail to immediately notify the department and isolate and hold the noxious weed, bees, bee hives or appliances, plants or plant products, or other thing unopened or unused subject to inspection or other disposition as may be provided by the department, where the item has been received without knowledge of the violation and the receiver has become subsequently aware of the potential problem;

(4) Knowingly conceal or willfully withhold available information regarding an infected or infested plant, plant product, regulated article, or noxious weed;

(5) Introduce or move into this state, or to move or dispose of in this state, a plant, plant product, or other item included in a quarantine, except under rules as may be prescribed by the department, after a quarantine order has been adopted under this chapter against a place, nursery, orchard, vineyard, apiary, other agricultural establishment, county of this state, another state, territory, or a foreign country as to a plant pest, bee pest, or noxious weed or genetically engineered plant or plant pest organism, until such quarantine is removed;

(6) Introduce or move nonnative managed bumble bees into this state to be used in open-field agricultural use.

NEW SECTION. Sec. 6. A new section is added to chapter 28B.30 RCW to read as follows:

The Washington State University extension program must develop a

pollinator extension education and outreach program and develop a statewide, science-based, pollinator education plan to educate beekeepers, agricultural producers, land managers, licensed pesticide applicators, other professionals, and the public. The plan should emphasize pollinator best management practices for both native and managed species.

NEW SECTION. Sec. 7. A new section is added to chapter 39.04 RCW to read as follows:

If a public works project includes landscaping, at least 25 percent of the planted area must be pollinator habitat to the extent practicable. For purposes of this section, "pollinator habitat" means an area of land that is or may be developed as habitat beneficial for the feeding, nesting, and reproduction of all pollinators, including honey bees. The department of agriculture, in consultation with the conservation commission and the department of fish and wildlife, must develop a list of native forage plants that are pollen-rich or nectar-rich and beneficial for all pollinators, including honey bees.

Sec. 8. RCW 77.12.058 and 2019 c 353 s 8 are each amended to read as follows:

(1) The department must implement practices necessary to maintain pollinator habitat on department-owned and managed agricultural and grazing lands where practicable. ((For the purposes of this section, "pollinator habitat" means an area of land that is or may be developed as habitat beneficial for the feeding, nesting, and reproduction of all pollinators, including honey bees, as determined by the department.))

(2) The department must evaluate various restoration techniques with the goal of improving habitat for native pollinators. The department must update its riparian habitat recommendations to encourage development of pollinator habitat where practicable when making habitat improvements or for riparian restoration.

(3) For the purposes of this section, "pollinator habitat" means an area of land that is or may be developed as habitat beneficial for the feeding, nesting, and reproduction of all pollinators, including honey bees, as determined by the department.

Sec. 9. RCW 89.08.620 and 2020 c 351 s 4 are each amended to read as follows:

(1) When prioritizing grant recipients, the commission, in consultation with the department of agriculture, Washington State University, the department of fish and wildlife, and the United States department of agriculture natural resources conservation service, shall seek to maximize the benefits of the grant program by leveraging other state, nonstate, public, and private sources of money. The primary metrics used to rank grant applications must be made public by the commission.

(2) The grant program must prioritize or weight projects based on consideration of the individual project's ability to:

(a) Increase the quantity of organic carbon in topsoil through practices including, but not limited to, cover cropping, no-till and minimum tillage conservation practices, crop rotations, manure application, biochar application, compost application, and changes in grazing management;

(b) Increase the quantity of organic carbon in aquatic soils;

(c) Intentionally integrate trees, shrubs, seaweed, or other vegetation into management of agricultural and aquacultural lands, with preference for native vegetation where practicable and appropriate;

(d) Reduce or avoid carbon dioxide equivalent emissions in or from soils;

(e) Reduce nitrous oxide and methane emissions through changes to livestock or soil management; and

(f) Increase usage of precision agricultural practices.

(3) The commission shall develop and approve a prioritization metric to guide the distribution of funds appropriated by the legislature for this purpose, with the goal of producing cost-effective carbon dioxide equivalent impact benefits.

(4) Applicants that create riparian buffers along waterways, or otherwise benefit fish habitat, must receive an enhanced prioritization compared to other grant applications that perform similarly under the prioritization metrics developed by the commission.

(5)(a) Applicants that create or maintain pollinator habitat must receive an enhanced prioritization compared to other grant applications that perform similarly under the prioritization metrics developed by the commission.

(b) For the purposes of this subsection, "pollinator habitat" means an area of land that is or may be developed as habitat beneficial for the feeding, nesting, and reproduction of all pollinators, including honey bees, as determined by the department of agriculture.

(6) The commission shall downgrade a specific grant proposal within its prioritization metric if the proposal is expected to cause significant environmental damage to fish and wildlife habitat.

NEW SECTION. **Sec. 10.** A new section is added to chapter 89.08 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the commission is authorized to develop an ongoing small grants program to provide funding to the conservation districts to educate residents and community groups in urban, suburban, and rural nonfarm areas about the value of habitat for both managed and native pollinators, and to provide the necessary technical and financial assistance and materials to create it.

(2) Educational efforts should include the benefits of habitat diversity, especially pollen-rich and nectar-rich flowering forbs and shrubs. Preference for pollinator plants should be given to native plants or noninvasive, nonnative plants.

(3) Planting projects should provide diverse native or nonnative, noninvasive plants of high quality for pollinator foraging, nesting, and overwintering, as determined by site suitability. Options may include, but are not limited to, bee or eco-lawns, flowering meadow gardens, xeriscaping, shrub plantings, tree plantings, rain gardens, riparian restoration, and other pollinator-friendly landscaping.

(4) Criteria to rank applicants should include a detailed budget demonstrating funding needs, resource concerns addressed, value to at-risk native pollinators, multiple-use benefits of

habitat, planned project longevity, and plans for long-term maintenance."

E2SSB 5259 Prime Sponsor, Committee on Ways & Means: Concerning law enforcement data collection. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Public Safety.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that law enforcement transparency and accountability are vital in maintaining public trust. Data collection is one essential tool to allow the public, law enforcement, and policymakers to analyze the effectiveness of existing police practices, determine which policies and training work and do not work, and avoid unintended consequences by supporting policy decisions with clear and relevant data.

The legislature finds that creating a statewide data collection program that creates a publicly accessible database to track metrics will help to promote openness, transparency, and accountability, build stronger police-community relations, improve trust and confidence in policing services, evaluate specific areas of concern such as biased policing and excessive force, and ultimately improve the quality of policing services.

NEW SECTION. **Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Contractor" means the institution of higher education contracted with the office of the attorney general to implement the statewide use of force data program as provided in this chapter.

(2) "Great bodily harm" has the same meaning as in RCW 9A.04.110.

(3) "Institution of higher education" has the same meaning as in RCW 28B.92.030.

(4) "Law enforcement agency" or "agency" means any general authority

Washington law enforcement agency and limited authority Washington law enforcement agency as those terms are defined in RCW 10.93.020.

(5) "Substantial bodily harm" has the same meaning as in RCW 9A.04.110.

NEW SECTION. Sec. 3. (1)(a) Subject to the availability of amounts appropriated for this specific purpose, the attorney general's office shall establish an advisory group to assist with the office's design, development, and implementation of a statewide use of force data program. Members are appointed by the attorney general's office and must consist of:

(i) At least three representatives from local nongovernmental organizations or advocacy groups that have a focus on or expertise in the use and role of data as it relates to interactions between law enforcement and the community;

(ii) At least three representatives from law enforcement agencies or organizations representing the interests of law enforcement in interacting and utilizing this data; and

(iii) At least one representative from the private sector or the public sector with experience in data collection programs, preferably law enforcement data collection.

(b) To ensure the advisory group has diverse and inclusive representation of those affected by its work, advisory group members whose participation in the advisory group may be hampered by financial hardship may apply for a stipend in an amount not to exceed \$100 for each day during which the member attends an official meeting of the advisory group or performs prescribed duties approved by the attorney general's office.

(2) By April 1, 2022, the advisory group shall submit to the attorney general its recommendations on the following elements:

(a) How to prioritize the implementation of the reporting, collection, and publication of the use of force data reports required in section 4(2) of this act;

(b) Additional incidents and data to be collected from law enforcement agencies on interactions between officers and the public, such as traffic stops, pedestrian stops, calls for

services, arrests, vehicle pursuits, and disciplinary actions, as well as demographic information including race, ethnicity, and gender of a crime victim or victims. This recommendation should consider phased implementation, if necessary, based on current practices and available data as compared to additional practices and new data that would need to be implemented by law enforcement agencies;

(c) Recommend practices for law enforcement agencies to collect and report data to the contractor. To the greatest extent feasible, the reporting mechanisms for the program must include the opportunity for law enforcement agencies to submit the required data elements through incident reports or any other electronic means. The advisory group may also work to develop a standardized incident report that meets the data and reporting requirements of the statewide use of force data program for voluntary use by law enforcement agencies;

(d) Recommend practices for the public to report relevant information to the contractor directly, or its successor, including correcting misreported and otherwise incorrect data;

(e) Recommend practices for public, law enforcement, and academic access and use of program data that must include, at a minimum:

(i) Public access to deidentified raw and/or refined incident based data using an established open data standard, available online at no cost in a downloadable, machine-readable, nonproprietary format, redacted only as necessary to comply with the public records act (chapter 42.56 RCW) and the Washington state criminal records privacy act (chapter 10.97 RCW);

(ii) Publicly accessible online data dashboards that summarize and analyze the data, excluding personally identifiable information;

(iii) Interactive data visualization tools designed for law enforcement agencies and other entities to use the data for research, professional development, training, and management;

(iv) The ability to extract data from incident reports, or other electronic means, and officer narratives in order to standardize data across multiple agencies;

(v) Ensure protection and removal of all personally identifiable information of officers, subjects, and victims in any data or analyses that are publicly released; and

(vi) Semiannual reports, summarizing the data collected and any related analysis, published on the website and submitted to the legislature and governor by June 1st and December 1st of each year;

(f) Recommend practices for quality improvement, including periodically obtaining input from stakeholders about how the program can better meet the needs of the public and law enforcement;

(g) Recommend practices in the following areas:

(i) Analytical dashboards with individual officer details for use by law enforcement agencies as a risk management tool;

(ii) Agency level comparative dashboards for all law enforcement agencies in the state;

(iii) Incorporating available historical data to identify long-term trends and patterns; and

(iv) Analysis of data, using methodologies based in best practices or tested and validated in other jurisdictions, if possible, including, but not limited to, analysis of the data using legal algorithms based on available and applicable legal standards.

(3)(a) The office of the attorney general shall review the recommendations of the advisory group and approve or reject, in whole or in part, the recommendations. In reviewing the program recommendations, the office of the attorney general shall consider:

(i) Available funding to achieve the recommendations;

(ii) Prioritizing the implementation of the reporting, collection, and publication of the use of force data reports in section 4(2) of this act;

(iii) The interests of the public in accessing information in a transparent and expedient manner. In considering the interests of the public, the advisory board shall accept and consider comments from impacted family members or their designees;

(iv) The institutional operations and demands of law enforcement agencies through input and comments from the criminal justice training center and local law enforcement agencies.

(b) For any recommendation that was rejected, in part or in full, the advisory group may submit revised recommendations for consideration by the office of the attorney general in accordance with any deadlines established by the office. The office of the attorney general may also approve recommendations subject to the legislature appropriating the funding necessary for their implementation.

(c) The office of the attorney general may not approve any recommendation that requires any law enforcement agency to disclose information that would jeopardize an active criminal investigation, confidential informant, or intelligence information.

(4) The approved recommendations and the requirements contained in section 4 of this act constitute the statewide use of force data program.

(5) This section expires January 1, 2023.

NEW SECTION. **Sec. 4.** (1) Each law enforcement agency in the state is required to report each incident where a law enforcement officer employed by the agency used force and:

(a) A fatality occurred in connection with the use of force;

2SSB 5265 Prime Sponsor, Committee on Ways & Means: Creating a bridge year pilot program. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Education.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature recognizes that the ongoing COVID-19 pandemic has created an unprecedented disruption to the education of students throughout the

state, and uniquely impacted students who are or were nearing the completion of graduation requirements.

(2) Although remote and hybrid instruction, supported by the exceptional efforts of teachers and other education professionals, has proven satisfactory for many students, some courses, subjects, and critical attributes of in-person learning experiences cannot be replicated through highly modified learning environments. Additionally, some education experiences, including full course offerings and extracurricular activities, were reduced or eliminated in response to the pandemic.

(3) The legislature, therefore, in recognition of the extraordinary impacts of an ongoing pandemic, intends to establish a temporary two-year program to provide an opportunity for students in the graduating classes of 2021 and 2022 to complete up to one additional school year to pursue academic and experiential opportunities that were diminished or eliminated as a result of the COVID-19 pandemic.

NEW SECTION. **Sec. 2.** A new section is added to chapter 28A.630 RCW to read as follows:

(1)(a) The bridge year program is established to provide an opportunity for students in the graduating classes of 2021 and 2022 to complete up to one additional school year to pursue academic and experiential opportunities that were diminished or eliminated as a result of the COVID-19 pandemic. The program is temporary, expires as provided in section 8 of this act, and shall be administered by the state board of education.

(b) The objective of a bridge year is for students, with the support of the applicable high school, to remedy or otherwise address:

(i) Learning loss, including learning loss that may be attributable to fewer opportunities for in-person instruction during the 2020-21 school year, learning loss evidenced by academic performances that were inconsistent with previous efforts of the student, and the loss of opportunity to learn in the manner traditionally accessed by the student;

(ii) Unmet graduation requirements, including opportunities for meeting graduation requirements that were not available during the 2020-21 school year;

(iii) Fewer opportunities to access and earn 24 credits;

(iv) Fewer opportunities to access courses traditionally offered to students, including career and technical education courses and dual credit courses;

(v) Fewer or significantly modified opportunities for mastering academic skills, including diminished opportunities for accessing: Applied learning experiences and learning experiences traditionally associated with the synchronous efforts of other students, such as music and drama, and services provided to students in accordance with individualized education programs; and

(vi) Fewer or significantly modified opportunities for social-emotional learning, and extracurricular and cocurricular activities.

(2)(a) Each public school and school district that applied to the state board of education for authorization to grant individual student emergency waivers under section 2, chapter 7, Laws of 2021 must offer the bridge year program to students of the applicable public school or school district in the graduating classes of 2021 and 2022.

(b) Private schools subject to requirements under chapter 28A.195 RCW may participate in the applicable provisions of the program, as determined by rule of the state board of education.

(3)(a) Each public high school participating in the program shall designate a school staff member as a program liaison to assist students and families with the implementation of the program. Nothing in this section requires a school or school district to hire an individual to serve as a program liaison.

(b) The program liaison shall provide individual student advising to help students determine whether the program is appropriate for their needs and, if so, assist each student in developing an addendum to their high school and beyond plan. The addendum must define the academic goals and objectives to be achieved during the student's bridge year, examples of which include increased mastery of academic concepts, completion of dual credit courses, career and technical education courses, or both, and additional experiences in applied learning environments. The addendum also

must detail activities and strategies for accomplishing the goals and objectives, including counseling, academic support, coursework, and extracurricular and cocurricular activities.

(4) Each high school participating in the program shall maintain records as necessary and as required by rule of the state board of education to demonstrate compliance with this section.

(5) Students in the graduating classes of 2021 and 2022 may participate in the program for up to one academic year. Student participation in the program is voluntary and may not be mandated by a school or school district. If a student has met all applicable graduation requirements and elects to participate in the program, the student must defer graduation for the duration of the bridge year. Students who participate in the program must:

(a) Have had their ability to complete one or more graduation requirements impeded by the COVID-19 pandemic; and

(b) Have been reasonably expected to graduate in the academic year prior to their participation in the program.

(6) Schools and school districts participating in the program shall expunge marks or grades from a participating student's transcript if the student completes the course with a higher mark or grade during their bridge year.

(7)(a) Students participating in the program who defer graduation for one year in accordance with subsection (5) of this section may participate in graduation ceremonies with the graduating class of 2021 or 2022, as applicable, but the high school may not issue diplomas to those students until the conclusion of the bridge year or upon a student's withdrawal from the program.

(b) Participating students who have met all graduation requirements have graduated with their initial graduation cohort for purposes of calculating the four-year graduation rate for that cohort.

(8) A student who withdraws from the program or meets the goals and objectives of the high school and beyond plan addendum before completing the academic year is, upon withdrawal or completion of the goals and objectives, ineligible to participate in interscholastic and

extracurricular activities of an athletic, cultural, social, or recreational nature authorized under section 3 of this act.

(9) For purposes of funding allocations and student enrollment, students participating in the program who enroll in running start courses count as running start students for time spent in running start courses.

(10) School districts, charter schools, and state-tribal education compact schools participating in the program are eligible for funds provided in accordance with chapters 28A.150, 28A.710, and 28A.715 RCW, as applicable.

(11) The state board of education shall adopt, and may amend as necessary, rules to implement this section.

(12) For the purposes of this section and section 3 of this act:

(a) "Bridge year" means the full or partial academic year during which a student is participating in the program; and

(b) "Program" means the bridge year program established by this section.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.630 RCW to read as follows:

(1) A student participating in a program pursuant to section 2 of this act shall be, for purposes of eligibility for activities sanctioned by the Washington interscholastic activities association and extracurricular activities, considered in their fourth year of eligibility after entering the ninth grade.

(2) A student participating in a sport or extracurricular activity during the student's bridge year shall pay applicable student athletic and activities fees and be subject to the applicable high school's student code of conduct, athletic code of conduct, and any other applicable codes, rules, or policies required for student participation in these activities.

(3) Notwithstanding the provisions of any law, rule, or regulation to the contrary, an insurer doing business in the state and issuing liability insurance policies to school districts must provide coverage for students participating in a sport or extracurricular activity under this section as part of a school or

school district's liability insurance policy.

(4) For purposes of this section, "bridge year" and "program" have the same meaning as in section 2 of this act.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.630 RCW to read as follows:

(1) The state board of education, in accordance with RCW 43.01.036, shall report its finding and recommendations regarding the bridge year program established in section 2 of this act to the governor, the superintendent of public instruction, and the education committees of the legislature by April 1, 2023.

(2) The report required by this section must include:

(a) The number of students, schools, and school districts that participated in the program, by school year;

(c) The number and percentage of students who completed the requirements of the program, by school year;

(d) The average number of high school and postsecondary credits earned by students participating in the program, by school year;

(e) The number and percentage of students who did not complete the requirements of the program and the reasons identified by students for not doing so, by school year; and

(f) Any other information deemed relevant by the state board of education.

(4) The office of the superintendent of public instruction shall collect the data necessary for the report required by this section and provide the data to the state board of education by December 31, 2022.

Sec. 5. RCW 28A.600.290 and 2015 c 202 s 3 are each amended to read as follows:

(1)(a) Subject to the availability of amounts appropriated for this specific purpose and commencing with the 2015-16

school year, funding may be allocated at an amount per college credit for eleventh and twelfth grade students ~~((or))~~, students who have not yet received a high school diploma or its equivalent and are eligible to be in the eleventh or twelfth grade, and students participating in a bridge year under section 2 of this act, who are enrolled in college in the high school courses under this section as specified in the omnibus appropriations act and adjusted for inflation from the 2015-16 school year. The maximum annual number of allocated credits per participating student shall be specified in the omnibus appropriations act, which must not exceed ten credits. Funding shall be prioritized in the following order:

(i) High schools offering a running start in the high school program in school year 2014-15. These schools shall only receive prioritized funding in school year 2015-16;

(ii) Students whose residence or the high school in which they are enrolled is located twenty driving miles or more as measured by the most direct route from the nearest eligible institution of higher education offering a running start program, whichever is greater; and

(iii) High schools eligible for the small school funding enhancement in the omnibus appropriations act.

(b)(i) Subject to the availability of amounts appropriated for this specific purpose and commencing with the 2015-16 school year, and only after the programs in (a) of this subsection are funded, a subsidy may be provided per college credit for eleventh and twelfth grade students ~~((or))~~, students who have not yet received a high school diploma or its equivalent and are eligible to be in the eleventh or twelfth grade, and students participating in a bridge year under section 2 of this act, who have been deemed eligible for free or reduced-price lunch and are enrolled in college in the high school courses under this section as specified in the omnibus appropriations act and adjusted for inflation from the 2015-16 school year. The maximum annual number of subsidized credits per participating student shall be specified in the omnibus appropriations act, which must not exceed five credits.

(ii) Districts wishing to participate in the subsidy program must apply to the office of the superintendent of public

instruction by July 1st of each year and report the preliminary estimate of eligible students to receive the subsidy and the total number of projected credit hours.

(iii) The office of the superintendent of public instruction shall notify districts by September 1st of each school year if the district's students will receive the subsidy. If more districts apply than funding is available, the office of the superintendent of public instruction shall prioritize the district applications. The superintendent shall develop factors to determine priority including, but not limited to, the number of dual credit opportunities available for low-income students in the districts.

(c) Districts shall remit any allocations or subsidies on behalf of participating students under (a) and (b) of this subsection to the participating institution of higher education and those students shall not be required to pay for the credits.

(d) The minimum allocation and subsidy under this section is sixty-five dollars per quarter credit for credit-bearing postsecondary coursework. The office of the superintendent of public instruction, the student achievement council, the state board for community and technical colleges, and the public baccalaureate institutions shall review funding levels for the program every four years beginning in 2017 and recommend changes.

(e) Students may pay college in the high school fees with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

(2) For the purposes of funding students enrolled in the college in the high school program in accordance with subsection (1) of this section, college in the high school is defined as a dual credit program located on a high school campus or in a high school environment in which a high school student, or a student participating in a bridge year under section 2 of this act, is able to earn both high school and postsecondary credit by completing postsecondary level courses with a passing grade.

(3) College in the high school programs may include both academic and career and technical education.

(4) College in the high school programs shall each be governed by a local contract between the district and the participating institution of higher education, in compliance with the rules adopted by the superintendent of public instruction under this section.

(5) The college in the high school program must include the provisions in this subsection.

(a) The high school and participating institution of higher education together shall define the criteria for student eligibility. The institution of higher education may charge tuition fees to participating students. If specific funding is provided in the omnibus appropriations act for the per credit allocations and per credit subsidies under subsection (1) of this section, the maximum per credit fee charged to any enrolled student may not exceed the amount of the per credit allocation or subsidy.

(b) The funds received by the participating institution of higher education may not be deemed tuition or operating fees and may be retained by the institution of higher education.

(c) Enrollment information on persons registered under this section must be maintained by the institution of higher education separately from other enrollment information and may not be included in official enrollment reports, nor may such persons be considered in any enrollment statistics that would affect higher education budgetary determinations.

(d) A school district must grant high school credit to a student enrolled in a program course if the student successfully completes the course. If no comparable course is offered by the school district, the school district superintendent shall determine how many credits to award for the course. The determination shall be made in writing before the student enrolls in the course. The credits shall be applied toward graduation requirements and subject area requirements. Evidence of successful completion of each program course shall be included in the student's secondary school records and transcript.

(e) A participating institution of higher education must grant college credit to a student enrolled in a program course if the student successfully completes the course. The college credit

shall be applied toward general education requirements or degree requirements at institutions of higher education. Evidence of successful completion of each program course must be included in the student's college transcript.

(f) Tenth, eleventh, and twelfth grade students or students who have not yet received a high school diploma or its equivalent and are eligible to be in the tenth, eleventh, or twelfth grades, and students participating in a bridge year under section 2 of this act, may participate in the college in the high school program.

(g) Participating school districts must provide general information about the college in the high school program to all students in grades nine through twelve and to the parents and guardians of those students.

(h) Full-time and part-time faculty at institutions of higher education, including adjunct faculty, are eligible to teach program courses.

(6) The superintendent of public instruction shall adopt rules for the administration of this section. The rules shall be jointly developed by the superintendent of public instruction, the state board for community and technical colleges, the student achievement council, and the public baccalaureate institutions. The association of Washington school principals must be consulted during the rules development. The rules must outline quality and eligibility standards that are informed by nationally recognized standards or models. In addition, the rules must encourage the maximum use of the program and may not narrow or limit the enrollment options.

(7) The definitions in this subsection apply throughout this section.

(a) "Institution of higher education" has the definition in RCW 28B.10.016, and also includes a public tribal college located in Washington and accredited by the Northwest commission on colleges and universities or another accrediting association recognized by the United States department of education.

(b) "Program course" means a college course offered in a high school under the college in the high school program.

Sec. 6. RCW 28A.600.310 and 2019 c 252 s 115 and 2019 c 176 s 2 are each reenacted and amended to read as follows:

(1)(a) Eleventh and twelfth grade students (~~(or)~~), students who have not yet received the credits required for the award of a high school diploma and are eligible to be in the eleventh or twelfth grades, and students participating in a bridge year under section 2 of this act, may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education.

(b) The course sections and programs offered as running start courses must also be open for registration to matriculated students at the participating institution of higher education and may not be a course consisting solely of high school students offered at a high school campus.

(c) A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW shall not be required to meet the student learning goals or to learn the state learning standards. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The notice shall indicate the

course and hours of enrollment for that pupil.

(2)(a) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041:

(i) Running start students shall pay to the community or technical college all other mandatory fees as established by each community or technical college and, in addition, the state board for community and technical colleges may authorize a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041; and

(ii) All other institutions of higher education operating a running start program may charge running start students a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041 in addition to technology fees.

(b) The fees charged under this subsection (2) shall be prorated based on credit load.

(c) Students may pay fees under this subsection with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

(3)(a) The institutions of higher education must make available fee waivers for low-income running start students. A student shall be considered low income and eligible for a fee waiver upon proof that the student is currently qualified to receive free or reduced-price lunch. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(b)(i) By the beginning of the 2020-21 school year, school districts, upon knowledge of a low-income student's enrollment in running start, must provide documentation of the student's low-income status, under (a) of this subsection, directly to institutions of higher education.

(ii) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction, in consultation with the Washington student achievement council, shall develop a centralized process for school districts to provide

students' low-income status to institutions of higher education to meet the requirements of (b)(i) of this subsection.

(c) Institutions of higher education, in collaboration with relevant student associations, shall aim to have students who can benefit from fee waivers take advantage of these waivers. Institutions shall make every effort to communicate to students and their families the benefits of the waivers and provide assistance to students and their families on how to apply. Information about waivers shall, to the greatest extent possible, be incorporated into financial aid counseling, admission information, and individual billing statements. Institutions also shall, to the greatest extent possible, use all means of communication, including but not limited to web sites, online catalogues, admission and registration forms, mass email messaging, social media, and outside marketing to ensure that information about waivers is visible, compelling, and reaches the maximum number of students and families that can benefit.

(4) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, participating institutions of higher education, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall be counted

for the purpose of meeting enrollment targets in accordance with terms and conditions specified in the omnibus appropriations act.

Sec. 7. RCW 28A.600.330 and 1994 c 205 s 4 are each amended to read as follows:

(1) A pupil who enrolls in an institution of higher education in grade eleven may not enroll in postsecondary courses under RCW 28A.600.300 through 28A.600.390 for high school credit and postsecondary credit for more than the equivalent of the coursework for two academic years. A pupil who first enrolls in an institution of higher education in grade twelve may not enroll in postsecondary courses under this section for high school credit and postsecondary credit for more than the equivalent of the coursework for one academic year.

(2) The credit limitations in this section do not apply to students participating in the bridge year program created in section 2 of this act.

NEW SECTION. Sec. 8. This act expires July 31, 2023.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that when considering releasing persons from state and local institutions, realizing the safety of the public is the primary concern. The legislature also finds that the success of persons with behavioral health needs being released from confinement in a prison, jail, juvenile rehabilitation facility, state hospital, and other state and local institutions can be increased with access to continuity of medical assistance, supportive services, and other targeted assistance. The legislature finds that this act provides strategies to prevent interruption of medical assistance benefits and to allow for a seamless transfer between systems of care. The legislature further finds that this act removes stigmatizing language from the program created under RCW 72.09.370 and 71.24.470 and creates a work group to study how to expand the cost-effective strategies of this program to other populations and settings to enhance recovery, reduce recidivism, and improve safety.

Sec. 2. RCW 74.09.670 and 2016 c 154 s 2 are each amended to read as follows:

~~((The))~~ When the authority receives information that a person enrolled in medical assistance is confined in a setting in which federal financial participation is disallowed by the state's agreements with the federal government, the authority ~~((is directed to))~~ shall suspend, rather than terminate, medical assistance benefits ~~((by July 1, 2017,))~~ for these persons, including those who are incarcerated in a correctional institution as defined in RCW 9.94.049, or committed to a state hospital or other treatment facility. ~~((This must include the ability for a))~~ A person who is not currently enrolled in medical assistance must be allowed to apply for medical assistance in suspense status during ~~((incarceration))~~ confinement, and the ability to apply may not depend upon knowledge of the release or discharge date of the person. ~~((The authority must provide a progress report describing program design and a detailed fiscal estimate to the governor and~~

~~relevant committees of the legislature by December 1, 2016.))~~

Sec. 3. RCW 74.09.555 and 2019 c 325 s 4005 are each amended to read as follows:

(1) The authority shall adopt rules and policies providing that when persons ~~((with a mental disorder,))~~ who were enrolled in medical assistance immediately prior to confinement, or who become enrolled in medical assistance in suspense status during the period of confinement, are released from confinement, their medical assistance coverage ~~((will))~~ shall be fully reinstated ~~((on the day))~~ no later than at the moment of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law. The authority may reinstate medical assistance prior to the day of release provided that no federal funds are expended for any purpose that is not authorized by the state's agreements with the federal government.

(2) The authority, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, the department of children, youth, and families, managed care organizations, and behavioral health administrative services organizations, shall establish procedures for coordination between the authority and department field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility and speedy eligibility determinations for ~~((persons who are likely to be eligible for))~~ medical assistance services upon release from confinement. Procedures developed under this subsection must address:

(a) Mechanisms for receiving medical assistance services applications on behalf of confined persons in anticipation of their release from confinement;

(b) Expedient review of applications filed by or on behalf of confined persons and, to the extent practicable, completion of the review before the person is released;

(c) Mechanisms for providing medical assistance services identity cards to persons eligible for medical assistance

services (~~immediately upon~~) before their release from confinement; (~~and~~)

(d) Coordination with the federal social security administration, through interagency agreements or otherwise, to expedite processing of applications for federal supplemental security income or social security disability benefits, including federal acceptance of applications on behalf of confined persons; and

(e) Assuring that notification of the person's release date, current location, and other appropriate information is provided to the person's managed care organization before the person's scheduled release from confinement, or as soon as practicable thereafter.

(3) Where medical or psychiatric examinations during a person's confinement indicate that the person is disabled, the correctional institution or institution for mental diseases shall provide the authority with that information for purposes of making medical assistance eligibility and enrollment determinations prior to the person's release from confinement. The authority shall, to the maximum extent permitted by federal law, use the examination in making its determination whether the person is disabled and eligible for medical assistance.

(4) For purposes of this section, "confined" or "confinement" means incarcerated in a correctional institution, as defined in RCW 9.94.049, or admitted to an institute for mental disease, as defined in 42 C.F.R. part 435, Sec. 1009 on July 24, 2005.

(5) (~~For purposes of this section, "likely to be eligible" means that a person:~~

~~(a) Was enrolled in medicaid or supplemental security income or the medical care services program immediately before he or she was confined and his or her enrollment was terminated during his or her confinement; or~~

~~(b) Was enrolled in medicaid or supplemental security income or the medical care services program at any time during the five years before his or her confinement, and medical or psychiatric examinations during the person's confinement indicate that the person continues to be disabled and the disability is likely to last at least twelve months following release.~~

~~(6))~~ The economic services administration within the department shall adopt standardized statewide screening and application practices and forms designed to facilitate the application of a confined person (~~who is likely to be eligible~~) for medicaid.

NEW SECTION. Sec. 4. (1) The health care authority shall apply for a waiver allowing the state to provide medicaid services to persons who are confined in a correctional institution as defined in RCW 9.94.049 or confined in a state hospital or other treatment facility up to 30 days prior to the person's release or discharge to the community. The purpose is to create continuity of care and provide reentry services.

(2) The health care authority shall consult with the work group established under section 9 of this act about how to optimize the waiver application and its chance of success, including by limiting its scope if deemed appropriate.

(3) The health care authority shall inform the governor and relevant committees of the legislature in writing when the waiver application is submitted and update them as to progress of the waiver at appropriate points.

(4) No provision of this section may be interpreted to require the health care authority to provide medicaid services to persons who are confined in a correctional institution, state hospital, or other treatment facility up to 30 days prior to the person's release or discharge unless the health care authority obtains final approval for its waiver application from the centers for medicare and medicaid services.

Sec. 5. RCW 9.94.049 and 1995 c 314 s 6 are each amended to read as follows:

(1) For the purposes of this chapter, the term "correctional institution" means any place designated by law for the keeping of persons held in custody under process of law, or under lawful arrest, including state prisons, county and local jails, juvenile detention centers, and other facilities operated by the department of corrections, department of children, youth, and families, or local governmental units primarily for the purposes of punishment, correction, or rehabilitation following conviction or adjudication of a criminal offense.

(2) For the purposes of RCW 9.94.043 and 9.94.045, "state correctional

institution" means all state correctional facilities under the supervision of the secretary of the department of corrections used solely for the purpose of confinement of convicted felons.

Sec. 6. RCW 72.09.370 and 2019 c 325 s 5025 are each amended to read as follows:

(1) The ~~((offender))~~ reentry community ~~((safety))~~ services program is established to provide intensive services to ~~((offenders))~~ persons identified under this subsection and to thereby promote successful reentry, public safety, and recovery. The secretary shall identify ~~((offenders))~~ persons in confinement or partial confinement who: (a) Are reasonably believed to ~~((be dangerous))~~ present a danger to themselves or others if released to the community without supportive services; and (b) have a mental disorder. In ~~((determining an offender's dangerousness))~~ evaluating these criteria, the secretary shall consider behavior known to the department and factors, based on research, that are linked to ~~((an increased))~~ risk ~~((for))~~ of dangerousness ~~((of offenders))~~ for persons with mental illnesses within the criminal justice system and shall include consideration of ~~((an offender's))~~ the person's history of substance use disorder or abuse.

(2) Prior to release of ~~((an offender))~~ a person identified under this section, a team consisting of representatives of the department of corrections, the health care authority, and, as necessary, the indeterminate sentence review board, divisions or administrations within the department of social and health services, specifically including the division of developmental disabilities, the appropriate managed care organization ~~((contracted with the health care authority, the appropriate))~~ or behavioral health administrative services organization, and ~~((the))~~ reentry community services providers, as appropriate, shall develop a plan, as determined necessary by the team, for delivery of treatment and support services to the ~~((offender))~~ person upon release. In developing the plan, the ~~((offender))~~ person shall be offered assistance in executing a mental health advance directive under chapter 71.32 RCW, after being fully informed of the benefits, scope, and purposes of such

directive. The team may include a school district representative for ~~((offenders))~~ persons under the age of ~~((twenty-one))~~ 21. The team shall consult with the ~~((offender's))~~ person's counsel, if any, and, as appropriate, the ~~((offender's))~~ person's family and community. The team shall notify the crime victim/witness program, which shall provide notice to all people registered to receive notice under RCW 72.09.712 of the proposed release plan developed by the team. Victims, witnesses, and other interested people notified by the department may provide information and comments to the department on potential safety risk to specific individuals or classes of individuals posed by the specific ~~((offender))~~ person. The team may recommend: (a) That the ~~((offender))~~ person be evaluated by ~~((the))~~ a designated crisis responder, as defined in chapter 71.05 RCW; (b) department-supervised community treatment; or (c) voluntary community mental health or substance use disorder or abuse treatment.

(3) Prior to release of ~~((an offender))~~ a person identified under this section, the team shall determine whether or not an evaluation by a designated crisis responder is needed. If an evaluation is recommended, the supporting documentation shall be immediately forwarded to the appropriate designated crisis responder. The supporting documentation shall include the ~~((offender's))~~ person's criminal history, history of judicially required or administratively ordered involuntary antipsychotic medication while in confinement, and any known history of involuntary civil commitment.

(4) If an evaluation by a designated crisis responder is recommended by the team, such evaluation shall occur not more than ten days, nor less than five days, prior to release.

(5) A second evaluation by a designated crisis responder shall occur on the day of release if requested by the team, based upon new information or a change in the ~~((offender's))~~ person's mental condition, and the initial evaluation did not result in an emergency detention or a summons under chapter 71.05 RCW.

(6) If the designated crisis responder determines an emergency detention under chapter 71.05 RCW is necessary, the

department shall release the ~~((offender))~~ person only to a state hospital or to a consenting evaluation and treatment facility or secure withdrawal management and stabilization facility. The department shall arrange transportation of the ~~((offender))~~ person to the hospital or facility.

(7) If the designated crisis responder believes that a less restrictive alternative treatment is appropriate, he or she shall seek a summons, pursuant to the provisions of chapter 71.05 RCW, to require the ~~((offender))~~ person to appear at an evaluation and treatment facility or secure withdrawal management and stabilization facility. If a summons is issued, the ~~((offender))~~ person shall remain within the corrections facility until completion of his or her term of confinement and be transported, by corrections personnel on the day of completion, directly to the identified ~~((evaluation and treatment))~~ facility.

(8) The secretary shall adopt rules to implement this section.

Sec. 7. RCW 71.24.470 and 2019 c 325 s 1030 are each amended to read as follows:

(1) The director shall contract, to the extent that funds are appropriated for this purpose, for case management services and such other services as the director deems necessary to assist ~~((offenders))~~ persons identified under RCW 72.09.370 for participation in the ~~((offender))~~ reentry community services program. The contracts may be with any qualified and appropriate entities. The director shall ensure the authority has coverage in all counties of the state for the purposes of providing reentry community services program services.

(2) The case manager has the authority to assist these ~~((offenders))~~ persons in obtaining the services, as set forth in the plan created under RCW 72.09.370(2), for up to five years. The services may include coordination of mental health services, assistance with unfunded medical expenses, assistance obtaining substance use disorder treatment, housing, employment services, educational or vocational training, independent living skills, parenting education, anger management services, peer services, and such other services as the case manager deems necessary.

(3) The legislature intends that funds appropriated for the purposes of RCW 72.09.370, 71.05.145, and 71.05.212, and this section are to supplement and not to supplant general funding. Funds appropriated to implement RCW 72.09.370, 71.05.145, and 71.05.212, and this section are not to be considered available resources as defined in RCW 71.24.025 and are not subject to the priorities, terms, or conditions in the appropriations act established pursuant to RCW 71.24.035.

(4) The ~~((offender))~~ reentry community services program was formerly known as the community integration assistance program.

Sec. 8. RCW 71.24.480 and 2019 c 325 s 1031 are each amended to read as follows:

(1) A licensed or certified behavioral health agency acting in the course of the ~~((provider's))~~ agency's duties under this chapter ~~((, is))~~ and its individual employees are not liable for civil damages resulting from the injury or death of another caused by a participant in the ~~((offender))~~ reentry community services program who is a client of the ~~((provider or organization))~~ agency, unless the act or omission of the ~~((provider or organization))~~ agency or employee constitutes:

(a) Gross negligence;

(b) Willful or wanton misconduct; or

(c) A breach of the duty to warn of and protect from a client's threatened violent behavior if the client has communicated a serious threat of physical violence against a reasonably ascertainable victim or victims.

(2) In addition to any other requirements to report violations, the licensed or certified behavioral health agency shall report ~~((an offender's))~~ a reentry community services program participant's expressions of intent to harm or other predatory behavior, regardless of whether there is an ascertainable victim, in progress reports and other established processes that enable courts and supervising entities to assess and address the progress and appropriateness of treatment.

(3) A licensed or certified behavioral health agency's mere act of treating a

participant in the (~~offender~~) reentry community (~~safety~~) services program is not negligence. Nothing in this subsection alters the licensed or certified behavioral health agency's normal duty of care with regard to the client.

(4) The limited liability provided by this section applies only to the conduct of licensed or certified behavioral health agencies and their employees and does not apply to conduct of the state.

(5) For purposes of this section, "participant in the (~~offender~~) reentry community (~~safety~~) services program" means a person who has been identified under RCW 72.09.370 as (~~an offender~~) a person who: (a) Is reasonably believed to (~~be dangerous~~) present a danger to himself or herself or others if released to the community without supportive services; and (b) has a mental disorder.

NEW SECTION. Sec. 9. A new section is added to chapter 71.24 RCW to read as follows:

(1) The authority shall convene a reentry services work group to consider ways to improve reentry services for persons with an identified behavioral health services need. The work group shall:

(a) Advise the authority on its waiver application under section 4 of this act;

(b) Develop a plan to assure notifications of the person's release date, current location, and other appropriate information are provided to the person's managed care organization before the person's scheduled release from confinement, or as soon as practicable thereafter, in accordance with RCW 74.09.555;

(c) Consider the value of expanding, replicating, or adapting the essential elements of the reentry community services program under RCW 72.09.370 and 71.24.470 to benefit new populations, such as:

(b) The ~~((offender's))~~ person's individual reentry plan shall be developed as soon as possible after the initial assessment is conducted, but, whenever possible, no later than ~~((sixty))~~ 60 days after completion of the assessment, and shall be periodically reviewed and updated as appropriate.

(5) The individual reentry plan shall, at a minimum, include:

(b) In implementing the provisions of this subsection, the department shall approve residence locations in a manner that will not cause any one county to be disproportionately impacted.

(c) If the ~~((offender))~~ person is not returned to his or her county of origin, the department shall provide the law and

justice council of the county in which the ~~((offender))~~ person is placed with a written explanation.

~~((c))~~ (d)(i) For purposes of this section, except as provided in (d)(ii) of this subsection, the ~~((offender's))~~ person's county of origin means the county of the ~~((offender's))~~ person's residence at the time of the person's first felony conviction in Washington state.

(ii) If the person is a homeless person as defined in RCW 43.185C.010, or the person's residence is unknown, then the person's county of origin means the county of the person's first felony conviction in Washington state.

(f) Provide local funding, which may include financial participation by the private sector.

(4) In awarding grants or loans, the department shall give preference to proposals that include one or more of the following elements:

(a) Financial participation by the private sector, or a public/private partnering approach;

(h) Environmental review that addresses the impacts of increased density or intensity of comprehensive plans, subarea plans, or receiving areas designated by a city or town under the regional transfer of development rights program in chapter 43.362 RCW.

(5) If the local funding includes funding provided by other state functional planning programs, including open space planning and watershed or basin planning, the functional plan shall be integrated into and be consistent with the comprehensive plan.

(6) State agencies shall work with grant or loan recipients to facilitate state and local project review processes that will implement the projects receiving grants or loans under this section.

(7)(a) Appropriations to the growth management planning and environmental review fund established in RCW 36.70A.490 for the purpose of grants to cities to facilitate transit-oriented development may be used to pay for the costs associated with the preparation of state environmental policy act environmental impact statements, planned action ordinances, subarea plans, costs associated with the utilization of other tools under the state environmental policy act, and the costs of local code adoption and implementation of such efforts.

(b) Grant awards may only fund efforts that address environmental impacts and

consequences, alternatives, and mitigation measures in sufficient detail to allow the analysis to be adopted in whole or in part by applicants for development permits within the geographic area analyzed in the plan.

(8) The department shall prioritize applications for grants to facilitate transit-oriented development that maximize the following policy objectives in the area covered by a proposal:

(a) The total number of housing units authorized for new development;

(b) The proximity and quality of transit access in the area;

(c) Plans that authorize up to six stories of building height;

(d) Plans that authorize ground floor retail with housing above;

(b) Bus rapid transit;

(c) High frequency bus service; or

(d) Park and ride lots.

Sec. 2. RCW 36.70A.600 and 2020 c 173 s 1 are each amended to read as follows:

(1) A city planning pursuant to RCW 36.70A.040 is encouraged to take the following actions in order to increase its residential building capacity:

(a) Authorize development in one or more areas of not fewer than five hundred acres that include at least one train station served by commuter rail or light rail with an average of at least fifty residential units per acre that require no more than an average of one on-site

parking space per two bedrooms in the portions of multifamily zones that are located within the areas;

(b) Authorize development in one or more areas of not fewer than two hundred acres in cities with a population greater than forty thousand or not fewer than one hundred acres in cities with a population less than forty thousand that include at least one bus stop served by scheduled bus service of at least four times per hour for twelve or more hours per day with an average of at least twenty-five residential units per acre that require no more than an average of one on-site parking space per two bedrooms in portions of the multifamily zones that are located within the areas;

(c) Authorize at least one duplex, triplex, quadplex, sixplex, stacked flat, townhouse, or courtyard apartment on each parcel in one or more zoning districts that permit single-family residences unless a city documents a specific infrastructure of physical constraint that would make this requirement unfeasible for a particular parcel;

(d) Authorize a duplex, triplex, quadplex, sixplex, stacked flat, townhouse, or courtyard apartment on one or more parcels for which they are not currently authorized;

(e) Authorize cluster zoning or lot size averaging in all zoning districts that permit single-family residences;

(f) Adopt a subarea plan pursuant to RCW 43.21C.420;

(g) Adopt a planned action pursuant to RCW 43.21C.440(1)(b)(ii), except that an environmental impact statement pursuant to RCW 43.21C.030 is not required for such an action;

(h) Adopt increases in categorical exemptions pursuant to RCW 43.21C.229 for residential or mixed-use development;

(i) Adopt a form-based code in one or more zoning districts that permit residential uses. "Form-based code" means a land development regulation that uses physical form, rather than separation of use, as the organizing principle for the code;

(j) Authorize a duplex on each corner lot within all zoning districts that permit single-family residences;

(k) Allow for the division or redivision of land into the maximum number of lots through the short subdivision process provided in chapter 58.17 RCW;

(l) Authorize a minimum net density of six dwelling units per acre in all residential zones, where the residential development capacity will increase within the city. For purposes of this subsection, the calculation of net density does not include the square footage of areas that are otherwise prohibited from development, such as critical areas, the area of buffers around critical areas, and the area of roads and similar features;

(m) Create one or more zoning districts of medium density in which individual lots may be no larger than three thousand five hundred square feet and single-family residences may be no larger than one thousand two hundred square feet;

(n) Authorize accessory dwelling units in one or more zoning districts in which they are currently prohibited;

(o) Remove minimum residential parking requirements related to accessory dwelling units;

(p) Remove owner occupancy requirements related to accessory dwelling units;

(q) Adopt new square footage requirements related to accessory dwelling units that are less restrictive than existing square footage requirements related to accessory dwelling units;

(r) Adopt maximum allowable exemption levels in WAC 197-11-800(1) as it existed on June 11, 2020, or such subsequent date as may be provided by the department of ecology by rule, consistent with the purposes of this section;

(s) Adopt standards for administrative approval of final plats pursuant to RCW 58.17.100;

(t) Adopt ordinances authorizing administrative review of preliminary plats pursuant to RCW 58.17.095;

(u) Adopt other permit process improvements where it is demonstrated that the code, development regulation, or ordinance changes will result in a more efficient permit process for customers;

(v) Update use matrices and allowable use tables that eliminate conditional use permits and administrative conditional use permits for all housing types, including single-family homes, townhomes, multifamily housing, low-income housing, and senior housing, but excluding essential public facilities;

(w) Allow off-street parking to compensate for lack of on-street parking when private roads are utilized or a parking demand study shows that less parking is required for the project;

(x) Develop a local program that offers homeowners a combination of financing, design, permitting, or construction support to build accessory dwelling units. A city may condition this program on a requirement to provide the unit for affordable home ownership or rent the accessory dwelling unit for a defined period of time to either tenants in a housing subsidy program as defined in RCW 43.31.605(14) or to tenants whose income is less than eighty percent of the city or county median family income. If the city includes an affordability requirement under the program, it must provide additional incentives, such as:

- (i) Density bonuses;
- (ii) Height and bulk bonuses;
- (iii) Fee waivers or exemptions;
- (iv) Parking reductions; or
- (v) Expedited permitting; and

(y) Develop a local program that offers homeowners a combination of financing, design, permitting, or construction support to convert a single-family home into a duplex, triplex, or quadplex where those housing types are authorized. A local government may condition this program on a requirement to provide a certain number of units for affordable home ownership or to rent a certain number of the newly created units for a defined period of time to either tenants in a housing subsidy program as defined in RCW 43.31.605(14) or to tenants whose income is less than eighty percent of the city or county median family income. If the city includes an affordability requirement, it must provide additional incentives, such as:

- (i) Density bonuses;
- (ii) Height and bulk bonuses;
- (iii) Fee waivers or exemptions;

(iv) Parking reductions; or

(v) Expedited permitting.

(2) A city planning pursuant to RCW 36.70A.040 may adopt a housing action plan as described in this subsection. The goal of any such housing plan must be to encourage construction of additional affordable and market rate housing in a greater variety of housing types and at prices that are accessible to a greater variety of incomes, including strategies aimed at the for-profit single-family home market. A housing action plan may utilize data compiled pursuant to RCW 36.70A.610. The housing action plan should:

(a) Quantify existing and projected housing needs for all income levels, including extremely low-income households, with documentation of housing and household characteristics, and cost-burdened households;

(b) Develop strategies to increase the supply of housing, and variety of housing types, needed to serve the housing needs identified in (a) of this subsection;

(c) Analyze population and employment trends, with documentation of projections;

(d) Consider strategies to minimize displacement of low-income residents resulting from redevelopment;

(e) Review and evaluate the current housing element adopted pursuant to RCW 36.70A.070, including an evaluation of success in attaining planned housing types and units, achievement of goals and policies, and implementation of the schedule of programs and actions;

(f) Provide for participation and input from community members, community groups, local builders, local realtors, nonprofit housing advocates, and local religious groups; and

(g) Include a schedule of programs and actions to implement the recommendations of the housing action plan.

(3) If adopted by April 1, 2023, ordinances, amendments to development regulations, and other nonproject actions taken by a city to implement the actions specified in subsection (1) of this section, with the exception of the action specified in subsection (1)(f) of this section, are not subject to administrative or judicial appeal under chapter 43.21C RCW.

(4) Any action taken by a city prior to April 1, 2023, to amend their comprehensive plan, or adopt or amend ordinances or development regulations, solely to enact provisions under subsection (1) of this section is not subject to legal challenge under this chapter.

(5) In taking action under subsection (1) of this section, cities are encouraged to utilize strategies that increase residential building capacity in areas with frequent transit service and with the transportation and utility infrastructure that supports the additional residential building capacity.

(6) A city that is planning to take at least two actions under subsection (1) of this section, and that action will occur between July 28, 2019, and April 1, ((2021)) 2025, is eligible to apply to the department for planning grant assistance of up to one hundred thousand dollars, subject to the availability of funds appropriated for that purpose. The department shall develop grant criteria to ensure that grant funds awarded are proportionate to the level of effort proposed by a city, and the potential increase in housing supply or regulatory streamlining that could be achieved. Funding may be provided in advance of, and to support, adoption of policies or ordinances consistent with this section. A city can request, and the department may award, more than one hundred thousand dollars for applications that demonstrate extraordinary potential to increase housing supply or regulatory streamlining.

(7) A city seeking to develop a housing action plan under subsection (2) of this section is eligible to apply to the department for up to one hundred thousand dollars.

(8) The department shall establish grant award amounts under subsections (6) and (7) of this section based on the expected number of cities that will seek grant assistance, to ensure that all cities can receive some level of grant support. If funding capacity allows, the department may consider accepting and funding applications from cities with a population of less than twenty thousand if the actions proposed in the application will create a significant amount of housing capacity or regulatory streamlining and are consistent with the actions in this section.

(9) In implementing chapter 348, Laws of 2019, cities are encouraged to prioritize the creation of affordable, inclusive neighborhoods and to consider the risk of residential displacement, particularly in neighborhoods with communities at high risk of displacement."

(4) A structural pest inspector license is not valid for conducting a complete wood destroying organism inspection unless the inspector owns or is employed by a business with a structural pest inspection company license.

Sec. 5. RCW 15.58.210 and 2008 c 285 s 19 are each amended to read as follows:

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 15.54.275 and 2013 c 144 s 8 are each amended to read as follows:

(1) No person may distribute a bulk fertilizer in this state until a license to distribute has been obtained by that person. An annual license is required for each out-of-state or in-state location that distributes bulk fertilizer in Washington state. An application for each location must be filed on forms provided by the business licensing system established under chapter 19.02 RCW and must be accompanied by an annual fee of ~~((twenty-five))~~ fifty dollars per location. The license expires on the business license expiration date.

(2) An application for license must include the following:

(a) The name and address of licensee.

(b) Any other information required by the department by rule.

(3) The name and address shown on the license must be shown on all labels, pertinent invoices, and storage facilities for fertilizer distributed by the licensee in this state.

(4) If an application for license renewal provided for in this section is not filed prior to the business license expiration date, a delinquency fee of ~~((twenty-five))~~ fifty dollars must be assessed and added to the original fee and must be paid by the applicant before the renewal license is issued. The assessment of this delinquency fee does not prevent the department from taking any other action as provided for in this chapter. ~~The penalty does not apply if the applicant furnishes an affidavit that he or she has not distributed this commercial fertilizer subsequent to the expiration of his or her prior license.)~~

Sec. 2. RCW 15.54.325 and 2020 c 20 s 1002 are each amended to read as follows:

(1) No person may distribute in this state a commercial fertilizer until it has been registered with the department by the producer, importer, or packager of that product.

(2) An application for registration must be made on a form furnished by the department and must include the following:

(a) The product name;

(b) The brand and grade;

(c) The guaranteed analysis;

(d) Name, address, and phone number of the registrant;

(e) A label for each product being registered;

(f) Identification of those products that are (i) waste-derived fertilizers, (ii) micronutrient fertilizers, or (iii) fertilizer materials containing phosphates;

(g) The concentration of each metal, for which standards are established under RCW 15.54.800, in each product being registered, unless the product is (i) anhydrous ammonia or a solution derived solely from dissolving anhydrous ammonia in water, (ii) a customer-formula fertilizer containing only registered commercial fertilizers, or (iii) a packaged commercial fertilizer whose plant nutrient content is present in the form of a single chemical compound which is registered in compliance with this chapter and the product is not blended with any other material. The provisions of (g)(i) of this subsection do not apply if the anhydrous ammonia is derived in whole or in part from waste such that the fertilizer is a "waste-derived fertilizer" as defined in RCW 15.54.270. Verification of a registration relied on by an applicant under (g)(iii) of this subsection must be submitted with the application;

(h) If a waste-derived fertilizer or micronutrient fertilizer, information to ensure the product complies with chapter 70A.300 RCW and the resource conservation and recovery act, 42 U.S.C. Sec. 6901 et seq.; and

(i) Any other information required by the department by rule.

(3) All companies planning to mix customer-formula fertilizers shall include the statement "customer-formula grade mixes" under the column headed "product name" on the product registration application form. All customer-formula fertilizers sold under one brand name shall be considered one product.

(4) Registrations are issued by the department for a two-year period beginning on July 1st of a given year and ending twenty-four months later on July 1st, except that registrations issued to a registrant who applies to register an additional product during the last twelve months of the registrant's period expire on the next July 1st.

(5) An application for a new registration must be accompanied by a fee

of one hundred fifty dollars for each product.

(6) Application for renewal of registration is due July 1st of each registration period and must be accompanied by a renewal fee of one hundred twenty dollars for each product. If an application for renewal is not received by the department by the due date, a late fee of ~~((ten))~~ fifty dollars per product is added to the original fee and must be paid by the applicant before the renewal registration may be issued. ~~((A late fee does not apply if the applicant furnishes an affidavit that he or she has not distributed this commercial fertilizer subsequent to the expiration of the prior registration.))~~ Payment of a late fee does not prevent the department from taking any action authorized by this chapter for the violation.

Sec. 3. RCW 15.54.350 and 1993 c 183 s 6 are each amended to read as follows:

(1) There shall be paid to the department for all commercial fertilizers distributed in this state to nonregistrants or nonlicensees an inspection fee of ~~((fifteen))~~ twenty cents per ton of lime and ~~((thirty))~~ thirty-five cents per ton of all other commercial fertilizer distributed during the year beginning July 1st and ending June 30th.

(2) Distribution of commercial fertilizers for shipment to points outside this state may be excluded.

(3) When more than one distributor is involved in the distribution of a commercial fertilizer, the last registrant or licensee who distributes to a nonregistrant or nonlicensee is responsible for paying the inspection fee, unless the payment of fees has been made by a prior distributor of the fertilizer.

Sec. 4. RCW 15.54.362 and 2008 c 292 s 3 are each amended to read as follows:

(1) Every registrant or licensee who distributes commercial fertilizer in this state must file a semiannual report on forms provided by the department stating the number of net tons of each commercial fertilizer distributed in this state.

(a) For the period January 1st through June 30th of each year, the report is due on July 31st of that year; and

(b) For the period July 1st through December 31st of each year, the report is due on January 31st of the following year.

(2) Upon permission of the department, a person distributing in the state less than one hundred tons for each six-month period during any annual reporting period of July 1st through June 30th may submit an annual report on a form provided by the department that is due on the July 31st following the period. The department may accept sales records or other records accurately reflecting the tonnage sold and verifying such reports.

~~((2))~~ (3) Each person responsible for the payment of inspection fees for commercial fertilizer distributed in this state must include the inspection fees with each semiannual or annual report. If in an annual reporting period a registrant or licensee distributes less than ~~((eighty-three))~~ one hundred forty-three tons of commercial fertilizer or less than ~~((one hundred sixty-seven))~~ two hundred fifty tons of commercial lime or equivalent combination of the two, the registrant or licensee must pay the minimum inspection fee of ~~((twenty-five))~~ fifty dollars.

~~((3))~~ (4) The department may, upon request, require registrants or licensees to furnish information setting forth the net tons of commercial fertilizer distributed to each location in this state.

~~((4))~~ (5) If the semiannual or annual report indicates that zero tons of commercial fertilizer were distributed during the reporting period, the person responsible for completing the report must pay a filing fee of twelve dollars and fifty cents for a semiannual report or twenty-five dollars for an annual report.

(6)(a) If a complete report is not received by the due date, the person responsible for filing the report must pay a late fee of ~~((twenty-five))~~ fifty dollars.

(b) If the appropriate inspection fees are not received by the due date, the person responsible for paying the inspection fee must pay a late fee equal to ten percent of the inspection fee owed or ~~((twenty-five))~~ fifty dollars, whichever is greater.

~~((c) Payment of a late fee does not prevent the department from taking any~~

~~other action authorized by this chapter for the violation.~~

~~(5))~~ (7) It is a misdemeanor for any person to divulge any information provided under this section that would reveal the business operation of the person making the report. However, nothing contained in this subsection may be construed to prevent or make unlawful the use of information concerning the business operations of a person in any action, suit, or proceeding instituted under the authority of this chapter, including any civil action for the collection of unpaid inspection fees, which action is authorized and which shall be as an action at law in the name of the director of the department.

(8) Payment of late fees or filing fees provided for under this section does not prevent the department from taking any other action authorized by this chapter for the violation.

NEW SECTION. Sec. 5. All new or renewal applications for registration under this act received on or after the effective date of this section are subject to the provisions of this act, including all fees required by this act.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect June 1, 2021."

ESSB 5321 Prime Sponsor, Committee on Higher Education & Workforce Development: Expanding access to the college bound scholarship. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on College & Workforce Development.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature enacted the college bound scholarship program in 2007 to encourage all Washington students to dream big by creating a guaranteed four-year tuition scholarship program for students from low-income families. The legislature finds the program has been successful in achieving this goal. A report by the Washington state institute for public policy found that the scholarship increases high school graduation rates, probability of on-time college enrollment, college persistence, and college graduation rates. However, more than one quarter of eligible students are unable to access the scholarship by failing to sign the pledge required by the program. The legislature finds that the pledge has become an unintended barrier to entry, a problem made more acute as students are receiving their education remotely during the COVID-19 pandemic and have less access to school teachers, counselors, and peers. Therefore, the legislature intends with this act to remove the pledge as an eligibility requirement while retaining the requirement that students maintain a "C" average for consideration of admission to a public or private four-year higher education institution and avoid serious interactions with the criminal justice system for four years. In order to ensure that the legislature will fulfill its promise to provide a scholarship upon graduation, the legislature intends by this act to create a statutory contractual right for students who fulfill scholarship requirements that vests when the student becomes first eligible for the scholarship.

Sec. 2. RCW 28B.118.010 and 2019 c 406 s 44 and 2019 c 298 s 1 are each reenacted and amended to read as follows:

The office of student financial assistance shall design the Washington college bound scholarship program in accordance with this section and in alignment with the Washington college grant program in chapter 28B.92 RCW unless otherwise provided in this section. The right of an eligible student to receive a college bound scholarship

vests upon enrollment in the program that is earned by meeting the requirements of this section as it exists at the time of the student's enrollment under subsection (2) of this section.

(1) "Eligible students" are those students who:

(a) Qualify for free or reduced-price lunches or are enrolled at schools using provision 2 of the national school lunch act or the community eligibility provision under section 104(a) of the federal health, hunger-free kids act of 2010.

(i) If a student qualifies in the seventh (~~or~~), eighth, or ninth grade, the student remains eligible even if the student does not receive free or reduced-price lunches thereafter or if the student is no longer enrolled at a school using provision 2 of the national school lunch act or the community eligibility provision under section 104(a) of the federal health, hunger-free kids act of 2010.

(ii) Beginning in the ((2019-20)) 2021-22 academic year, if a student qualifies for free or reduced-price lunches in the ((ninth)) 10th grade and was previously ineligible during the seventh (~~or~~), eighth, or ninth grade while he or she was a student in Washington, the student is eligible for the college bound scholarship program;

(b) Are dependent pursuant to chapter 13.34 RCW and:

(i) In grade seven through twelve; or

(ii) Are between the ages of eighteen and twenty-one and have not graduated from high school; or

(c) Were dependent pursuant to chapter 13.34 RCW and were adopted between the ages of fourteen and eighteen with a negotiated adoption agreement that includes continued eligibility for the Washington state college bound scholarship program pursuant to RCW 74.13A.025.

(2) ~~((Eligible students and the students' parents or guardians shall be notified of the student's eligibility for the Washington college bound scholarship program. Students and the students' parents or guardians shall also be notified of the requirements for award of the scholarship.~~

~~(3) (a) To be eligible for a Washington college bound scholarship, a student eligible under subsection (1)(a)(i) of this section must sign a pledge during seventh or eighth grade or a student eligible under subsection (1)(a)(ii) of this section must sign a pledge during ninth grade. The pledge must include a commitment to graduate from high school with at least a C average and with no felony convictions. The pledge must be witnessed by a parent or guardian and forwarded to the office of student financial assistance by mail or electronically, as indicated on the pledge form.~~

~~(b)(i) Beginning in the 2018-19 academic year, the office of student financial assistance shall make multiple attempts to secure the signature of the student's parent or guardian for the purpose of witnessing the pledge.~~

~~(ii) If the signature of the student's parent or guardian is not obtained, the office of student financial assistance may partner with the school counselor or administrator to secure the parent's or guardian's signature to witness the pledge. The school counselor or administrator shall make multiple attempts via all phone numbers, email addresses, and mailing addresses on record to secure the parent's or guardian's signature. All attempts to contact the parent or guardian must be documented and maintained in the student's official file.~~

~~(iii) If a parent's or guardian's signature is still not obtained, the school counselor or administrator shall indicate to the office of student financial assistance the nature of the unsuccessful efforts to contact the student's parent or guardian and the reasons the signature is not available. (c) The office of the superintendent of public instruction and the department of children, youth, and families must provide the office of student financial assistance with a list of eligible students when requested. The office of the superintendent of public instruction shall also provide school districts with a list of eligible students from that school district to implement the requirements of chapter 13, Laws of 2020.

(d) The office of student financial assistance must determine the most effective methods, including timing and frequency, to notify eligible students of enrollment in the Washington college bound scholarship program. The office of student financial assistance must take reasonable steps to ensure that eligible students acknowledge enrollment in the college bound scholarship program and receipt of the requirements for award of the scholarship. The office of student financial assistance shall also make available to every school district information, brochures, and posters to increase awareness and to enable school districts to notify eligible students directly or through school teachers, counselors, or school activities.

~~(((iii)) (b) For eligible ((children)) students as defined in subsection (1) (b) and (c) of this section, ((to receive the Washington college bound scholarship,)) a student ((must have received)) may also meet the requirement in subsection (3) (a) of this section by receiving a high school equivalency certificate as provided in RCW 28B.50.536 ((or have graduated with at least a "C" average from a public high school or an approved private high school under chapter 28A.195 RCW in Washington or have received home-based instruction under chapter 28A.200 RCW, must have no felony convictions, and must be a resident student as defined in RCW 28B.15.012(2) (a) through (e))).~~

SB 5345 Prime Sponsor, Senator Brown: Establishing a statewide industrial waste coordination program. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Environment & Energy.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that industrial symbiosis networks create valuable collaborative opportunities where the underutilized resources of one company, such as waste, by-products, residues, energy, water, logistics, capacity, expertise, equipment, and materials may be used by another. The legislature further finds that many existing businesses and organizations in the state have the potential to partner in the establishment of these networks, and the formation of industrial symbiosis innovation hubs at the state and local level would facilitate a systems approach that identifies business opportunities to improve resource utilization and productivity for a more sustainable and integrated industrial economy.

Therefore, the legislature intends to establish a statewide industrial waste coordination program in order to nurture and coordinate existing industrial symbiosis efforts and to catalyze new industrial symbiosis opportunities. Furthermore, the legislature intends to establish the program in order to: Find ways of turning waste and by-products into valued resource inputs; reduce waste management costs; generate new business opportunities; increase the size and diversity of business networks; identify means of improving environmental performance; achieve environmental justice in goals and policies; incentivize pathways to family-wage, green jobs; expand the regional circular economy; and drive innovation.

NEW SECTION. **Sec. 2.** A new section is added to chapter 43.31 RCW to read as follows:

(1) An industrial waste coordination program is established in order to provide expertise, technical assistance, and best practices to support local industrial symbiosis projects.

(2) The industrial waste coordination program must be administered by the department of commerce and administered

regionally, with each region provided with a dedicated facilitator and technical and administrative support.

(3) The industrial waste coordination program must facilitate waste exchange by:

(a) Developing inventories of industrial waste innovation currently in operation;

(b) Generating a material flow data collection system in order to capture and manage data on resource availability and potential synergies;

(c) Establishing guidance and best practices for emerging local industrial resource hubs, which must include a consideration of steps to avoid creating or worsening negative impacts to overburdened communities as identified by tools such as the department of health's environmental health disparities map;

(d) Identifying access to capital in order to fund projects, including federal, state, local, and private funding;

(e) Developing economic, environmental, and health disparities metrics to measure the results of industrial or commercial hubs;

(f) Hosting workshops and connecting regional businesses, governments, utilities, research institutions, and other organizations in order to identify opportunities for resource collaboration;

(g) Assisting entities throughout the entire life cycle of industrial symbiosis projects, from identification of opportunities to full project implementation;

(h) Developing economic cluster initiatives in order to spur growth and innovation; and

(i) Making any additional recommendations to the legislature in order to incentivize and facilitate industrial symbiosis.

(4) The department of commerce may coordinate with other agencies, representatives of business and manufacturing networks, and other entities in order to develop material flow generation data and increase multisectoral outreach.

(5) In generating the material flow data collection system under subsections (3)(b) and (4) of this section, the department of commerce may only use publicly available data or data voluntarily provided by program participants. No entity may be required to disclose material flow data. The department of commerce must keep any proprietary business information confidential and such information is exempt from public disclosure, as provided in RCW 42.56.270.

NEW SECTION. **Sec. 3.** A new section is added to chapter 43.31 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, a competitive industrial symbiosis grant program is established in order to provide grants for the research, development, and deployment of local waste coordination projects.

(2) Grants may go towards:

(a) Existing industrial symbiosis efforts by public or private sector organizations;

(b) Emerging industrial symbiosis opportunities involving public or private sector organizations, including projects arising from:

(ii) Conceptual work completed by public utilities to redirect their wastes to productive use; or

(iii) Existing inventories or project concepts involving specific biobased wastes converted to renewable natural gas;

(c) Research on product development using a specific waste flow;

(d) Feasibility studies to evaluate potential biobased resources;

(e) Feasibility studies for publicly owned utilities to evaluate business models to transform to multiutility operations or for the evaluation of potential symbiosis connections with other regional businesses; or

(f) Other local waste coordination projects as determined by the department of commerce.

(3) The department of commerce must develop a method and criteria for the allocation of grants, subject to the following:

(a) Project allocation should reflect geographic diversity, with grants being distributed equally in western and eastern parts of the state, urban and rural areas, and small towns and large cities;

(b) Project allocation should consider factors such as time to implementation and scale of economic or environmental benefits;

(c) Grants must require a one-to-one nonstate to state match;

(d) Individual grant awards may not exceed \$500,000; and

(e) Project allocation should avoid creating or worsening environmental health disparities and should make use of tools such as the department of health's environmental health disparities map.

ESSB 5353 Prime Sponsor, Committee on Law & Justice: Creating a partnership model that facilitates community engagement with law enforcement. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Public Safety.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that community engagement is a foundational principle of successful community policing practices. When individuals and neighborhood groups are encouraged to partner with law enforcement, a powerful alliance can be built on mutual trust and respect and mitigate polarization between police departments and community groups. A successful community-police partnership leads to the achievement of shared goals of improving safety and quality of life and ensuring that public safety services are tailored to the needs of local communities.

The legislature recognizes current efforts in Washington to mobilize communities to insist on equitable and

accountable practices that will result in community participation in public safety efforts as well as establish cooperative lines of communication between civilians and law enforcement. Laudable community engagement models such as the safe streets campaign in Pierce county, safe Yakima in Yakima county, and the Okanogan county community coalition are recognized to mitigate crime trends by engaging the community and law enforcement in cooperative efforts to improve public safety.

The department of commerce intends to foster community engagement with law enforcement officers through the creation of a community engagement project in 15 communities across the state of Washington with a mix of urban, rural, and suburban areas to facilitate community-law enforcement partnerships and improve police-community relations. The department will implement a project evaluation to measure and examine the impact of local initiatives on community engagement, neighborhood safety, and positive community-police relations.

The funded projects will facilitate the empowerment of communities to engage in crime prevention efforts through neighborhood organizing, law enforcement-community partnerships, youth mobilization, and business engagement.

(e) Have established priorities, policies, and measurable goals in compliance with the requirements of the project as provided in subsection (4) of this section.

(4) The grant recipient shall:

(c) Mobilize youth to partner with neighborhood groups and law enforcement to prevent violence by:

(i) Helping them develop knowledge and skills to serve as leaders in their communities;

(ii) Focusing on prevention of violence and substance abuse; and

(iii) Empowering youth to bring their voice to community issues that impact healthy police-community relations;

(d) Engage businesses to help prevent crimes, such as vandalism and burglaries, through safety training and other prevention initiatives;

enforcement. The department shall submit a preliminary report to the legislature with details on the selected grant recipients and the reporting guidelines by January 1, 2022. The department shall submit a final report on the safe streets pilot project, including an analysis of the reported data required under this subsection, by December 1, 2023.

A hearing under this subsection shall be given the highest priority of business to be conducted by the board, and a finding shall be issued within forty-five days of the filing of the motion under subsection (1) of this section with the board. The board shall issue any order necessary to make adjustments to the compliance schedule and set additional hearings as provided in subsection (5) of this section.

(3) If the board after a compliance hearing finds that the state agency, county, or city is not in compliance, the board shall transmit its finding to the governor. ~~((The))~~

(a) The board may refer a finding of noncompliance to the department. The purpose of the referral is for the department to provide technical assistance to facilitate speedy resolution of the finding of noncompliance and to provide training pursuant to section 3 of this act as necessary.

(b) Alternatively, the board may recommend to the governor that the sanctions authorized by this chapter be imposed. The board shall take into consideration the county's or city's efforts to meet its compliance schedule in making the decision to recommend sanctions to the governor.

(4) In a compliance hearing upon petition of a party, the board shall also reconsider its final order and decide, if no determination of invalidity has been made, whether one now should be made under RCW 36.70A.302.

(5) The board shall schedule additional hearings as appropriate pursuant to subsections (1) and (2) of this section.

NEW SECTION. Sec. 3. A new section is added to chapter 36.70A RCW to read as follows:

(1) The department shall offer training to assist local governments in understanding findings of noncompliance from the growth management hearings board pursuant to RCW 36.70A.300 and 36.70A.330 and applying prior decisions of the board

to ongoing planning efforts to avoid findings of noncompliance.

(2) The department may award grants to a public agency with appropriate expertise and funded by local governments to provide the training required in subsection (1) of this section.

(3) The training provided in subsection (1) of this section is limited to counties that are largely rural.

Sec. 4. RCW 43.155.070 and 2017 3rd sp.s. c 10 s 9 are each amended to read as follows:

(1) To qualify for financial assistance under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, and except as provided in subsection (12) of this section, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4)(a) The board must develop a process to prioritize applications and funding of loans and grants for public works projects submitted by local governments. The board must consider, at a minimum and in any order, the following factors in prioritizing projects:

(i) Whether the project is critical in nature and would affect the health and safety of many people;

(ii) The extent to which the project leverages other funds;

(iii) The extent to which the project is ready to proceed to construction;

(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(v) Whether the project promotes the sustainable use of resources and environmental quality, as applicable;

(vi) Whether the project consolidates or regionalizes systems;

(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW;

(viii) Whether the system is being well-managed in the present and for long-term sustainability;

(ix) Achieving equitable distribution of funds by geography and population;

(x) The extent to which the project meets the following state policy objectives:

(A) Efficient use of state resources;

(B) Preservation and enhancement of health and safety;

(C) Abatement of pollution and protection of the environment;

(D) Creation of new, family-wage jobs, and avoidance of shifting existing jobs

from one Washington state community to another;

(E) Fostering economic development consistent with chapter 36.70A RCW;

(F) Efficiency in delivery of goods and services and transportation; and

(G) Reduction of the overall cost of public infrastructure;

(xi) Whether the applicant sought or is seeking funding for the project from other sources; and

(xii) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before September 1, 2018, and each year thereafter, the board must develop and submit a report regarding the construction loans and grants to the office of financial management and appropriate fiscal committees of the senate and house of representatives. The report must include:

(i) The total number of applications and amount of funding requested for public works projects;

(ii) A list and description of projects approved in the preceding fiscal year with project scores against the board's prioritization criteria;

(iii) The total amount of loan and grants disbursements made from the public works assistance account in the preceding fiscal year;

(iv) The total amount of loan repayments in the preceding fiscal year for outstanding loans from the public works assistance account;

(v) The total amount of loan repayments due for outstanding loans for each fiscal year over the following ten-year period; and

(vi) The total amount of funds obligated and timing of when the funds were obligated in the preceding fiscal year.

(c) The maximum amount of funding that the board may provide for any jurisdiction is ten million dollars per biennium.

(5) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of

funding for each public works project for which financial assistance is sought under this chapter.

(6) Before September 1st of each year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans and grants made under RCW 43.155.065 and 43.155.068.

(7) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds to the board for the purpose of funding public works projects under this chapter.

(8) To qualify for loans, grants, or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

(9) After January 1, 2010, any project designed to address the effects of stormwater or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(10) For projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is reasonably obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan or grant.

(11) The board must implement policies and procedures designed to maximize local government consideration of other funds to finance local infrastructure.

(12) The provisions in subsection (2) of this section do not apply to a county, city, or town applying for grants and loans under this chapter for projects that support broadband services where such grants and loans will assist the county, city, or town with economic development, disaster resiliency and response, adaptation to public health

emergencies such as pandemics, and emergency management.

NEW SECTION. Sec. 5. A new section is added to chapter 43.160 RCW to read as follows:

The board is prohibited from considering whether a county, city, or town is compliant with chapter 36.70A RCW when considering applications for broadband funding.

NEW SECTION. Sec. 6. A new section is added to chapter 80.36 RCW to read as follows:

The commission is prohibited from considering whether a county, city, or town is compliant with chapter 36.70A RCW when considering applications for broadband funding.

NEW SECTION. Sec. 7. A new section is added to chapter 43.330 RCW to read as follows:

The department is prohibited from considering whether a county, city, or town is compliant with chapter 36.70A RCW when considering applications for broadband funding."

(6) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Advance premium tax credit" means the premium assistance amount determined in accordance with the federal patient protection and affordable care act, P.L. 111-148, as amended by the federal health care and education reconciliation act of 2010, P.L. 111-152, or federal regulations or guidance issued under the affordable care act.

(b) "Income" means the modified adjusted gross income attributed to an individual for purposes of determining his or her eligibility for advance premium tax credits.

(c) "Standard plan" means a standardized health plan under RCW 43.71.095.

NEW SECTION. **Sec. 2.** A new section is added to chapter 43.71 RCW to read as follows:

(1) The exchange, in close consultation with the authority and the office of the insurance commissioner, must explore all opportunities to apply to the secretary of health and human services under 42 U.S.C. Sec. 18052 for a waiver or other available federal flexibilities to:

(a) Receive federal funds for the implementation of the premium assistance or cost-sharing reduction programs established under section 1 of this act;

(b) Increase access to qualified health plans; and

(c) Implement or expand other exchange programs that increase affordability of or access to health insurance coverage in Washington state.

(2) If, through the process described in subsection (1) of this section an opportunity to submit a waiver is identified, the exchange, in collaboration with the office of the insurance commissioner and the health care authority, may develop an application under this section to be submitted by the health care authority. If an application is submitted, the health care authority must notify the chairs and ranking minority members of the appropriate policy and fiscal committees of the legislature.

(3) Any application submitted under this section must meet all federal public notice and comment requirements under 42 U.S.C. Sec. 18052(a)(4)(B), including public hearings to ensure a meaningful level of public input.

NEW SECTION. Sec. 3. A new section is added to chapter 43.71 RCW to read as follows:

(1) The state health care affordability account is created in the state treasury. Expenditures from the account may only be used for premium and cost-sharing assistance programs established in section 1 of this act.

(2) The following funds must be deposited in the account:

(a) Any grants, donations, or contributions of money collected for purposes of the premium assistance or cost-sharing reduction programs established in section 4 of this act;

(b) Any federal funds received by the health benefit exchange pursuant to section 2 of this act; and

(c) Any additional funding specifically appropriated to the account.

NEW SECTION. Sec. 4. A new section is added to chapter 48.43 RCW to read as follows:

For qualified health plans offered on the exchange, a carrier shall:

(1) Accept payments for enrollee premiums or cost-sharing assistance under section 1 of this act or as part of a sponsorship program under RCW 43.71.030(4). Nothing in this subsection expands or restricts the types of sponsorship programs authorized under state and federal law;

(2) Clearly communicate premium assistance amounts to enrollees as part of the invoicing and payment process; and

(3) Accept and process enrollment and payment data transferred by the exchange in a timely manner.

NEW SECTION. Sec. 5. A new section is added to chapter 41.05 RCW to read as follows:

(1)(a) For plan years 2022 and later, except as provided in (b) of this subsection, a hospital system that owns or operates at least four hospitals licensed under chapter 70.41 RCW must contract with at least two public option plans of the hospital system's choosing in each county in which the hospital system has at least one hospital licensed under chapter 70.41 RCW to provide in-network services to the enrollees of that plan.

(b) A hospital is not required to contract with two public option plans in a county pursuant to (a) of this subsection unless it receives an offer from at least two health carriers to provide in-network services as part of a public option plan in that county for the following plan year. If a hospital receives only one offer from a health carrier to participate in a public option plan in a county, it is only required to contract with one public option plan in that county.

(2) Health carriers and hospitals may not condition negotiations or participation of a hospital licensed under chapter 70.41 RCW in any health plan offered by the health carrier on the hospital's negotiations or participation in a public option plan.

(3) By December 1st of the plan year during which enrollment in public option plans statewide is greater than 10,000 covered lives:

(a) The health benefit exchange, in consultation with the insurance commissioner and the authority, shall

analyze public option plan rates paid to hospitals for in-network services and whether they have impacted hospital financial sustainability. The analysis must include any impact on hospitals' operating margins during the years public option health plans have been offered in the state and the estimated impact on operating margins in future years if enrollment in public option plans increases. The analysis may examine a sample of hospitals of various sizes and located in various counties. In conducting its analysis, the exchange must give substantial weight to any available reporting of health care provider and health system costs under RCW 70.390.050; and

(b) The health care cost transparency board established under chapter 70.390 RCW shall analyze the effect that enrollment in public option plans has had on consumers, including an analysis of the benefits provided to, and premiums and cost-sharing amounts paid by, consumers enrolled in public option plans compared to other standardized and nonstandardized qualified health plans.

(4) The authority may adopt program rules, in consultation with the office of the insurance commissioner, to ensure compliance with this section, including levying fines and taking other contract actions it deems necessary to enforce compliance with this section.

(5) For the purposes of this section, "public option plan" means a qualified health plan contracted by the authority under RCW 41.05.410.

Sec. 6. RCW 41.05.410 and 2019 c 364 s 3 are each amended to read as follows:

(1) The authority, in consultation with the health benefit exchange, must contract with one or more health carriers to offer qualified health plans on the Washington health benefit exchange for plan years beginning in 2021. A health carrier contracting with the authority under this section must offer at least one bronze, one silver, and one gold qualified health plan in a single county or in multiple counties. The goal of the procurement conducted under this section is to have a choice of qualified health plans under this section offered in every county in the state. The authority may not execute a contract with an apparently successful bidder under this section until after the insurance commissioner has given final approval of the health

carrier's rates and forms pertaining to the health plan to be offered under this section and certification of the health plan under RCW 43.71.065.

(2) A qualified health plan offered under this section must meet the following criteria:

(a) The qualified health plan must be a standardized health plan established under RCW 43.71.095;

(b) The qualified health plan must meet all requirements for qualified health plan certification under RCW 43.71.065 including, but not limited to, requirements relating to rate review and network adequacy;

(c) The qualified health plan must incorporate recommendations of the Robert Bree collaborative and the health technology assessment program;

(d) The qualified health plan may use an integrated delivery system or a managed care model that includes care coordination or care management to enrollees as appropriate;

(e) The qualified health plan must meet additional participation requirements to reduce barriers to maintaining and improving health and align to state agency value-based purchasing. These requirements may include, but are not limited to, standards for population health management; high-value, proven care; health equity; primary care; care coordination and chronic disease management; wellness and prevention; prevention of wasteful and harmful care; and patient engagement;

(f) To reduce administrative burden and increase transparency, the qualified health plan's utilization review processes must:

(i) Be focused on care that has high variation, high cost, or low evidence of clinical effectiveness; and

(ii) Meet national accreditation standards;

(g) ~~((+))~~ The total amount the qualified health plan reimburses providers and facilities for all covered benefits in the statewide aggregate, excluding pharmacy benefits, may not exceed one hundred sixty percent of the total amount Medicare would have reimbursed providers and facilities for

the same or similar services in the statewide aggregate;

~~((iii) Beginning in calendar year 2023, if the authority determines that selective contracting will result in actuarially sound premium rates that are no greater than the qualified health plan's previous plan year rates adjusted for inflation using the consumer price index, the director may, in consultation with the health benefit exchange, waive (g)(i) of this subsection as a requirement of the contracting process under this section;))~~

(h) For services provided by rural hospitals certified by the centers for medicare and medicaid services as critical access hospitals or sole community hospitals, the rates may not be less than one hundred one percent of allowable costs as defined by the United States centers for medicare and medicaid services for purposes of medicare cost reporting;

(i) Reimbursement for primary care services, as defined by the authority, provided by a physician with a primary specialty designation of family medicine, general internal medicine, or pediatric medicine, may not be less than one hundred thirty-five percent of the amount that would have been reimbursed under the medicare program for the same or similar services; and

(j) The qualified health plan must comply with any requirements established by the authority to address amounts expended on pharmacy benefits including, but not limited to, increasing generic utilization and use of evidence-based formularies.

(3) (a) At the request of the authority for monitoring, enforcement, or program and quality improvement activities, a qualified health plan offered under this section must provide cost and quality of care information and data to the authority, and may not enter into an agreement with a provider or third party that would restrict the qualified health plan from providing this information or data.

(b) Pursuant to RCW 42.56.650, any cost or quality information or data submitted to the authority is exempt from public disclosure.

(4) Nothing in this section prohibits a health carrier offering qualified health plans under this section from

offering other health plans in the individual market.

Sec. 7. RCW 43.71.095 and 2019 c 364 s 1 are each amended to read as follows:

(1) The exchange, in consultation with the commissioner, the authority, an independent actuary, and other stakeholders, must establish up to three standardized health plans for each of the bronze, silver, and gold levels.

(a) The standardized health plans must be designed to reduce deductibles, make more services available before the deductible, provide predictable cost sharing, maximize subsidies, limit adverse premium impacts, reduce barriers to maintaining and improving health, and encourage choice based on value, while limiting increases in health plan premium rates.

(b) The exchange may update the standardized health plans annually.

(c) The exchange must provide a notice and public comment period before finalizing each year's standardized health plans.

(d) The exchange must provide written notice of the standardized health plans to licensed health carriers by January 31st before the year in which the health plans are to be offered on the exchange. The exchange may make modifications to the standardized plans after January 31st to comply with changes to state or federal law or regulations.

(2) (a) Beginning January 1, 2021, any health carrier offering a qualified health plan on the exchange must offer ~~((one))~~ the silver ~~((standardized health plan))~~ and ~~((one))~~ gold standardized health plans established under this section on the exchange in each county where the carrier offers a qualified health plan. If a health carrier offers a bronze health plan on the exchange, it must offer ~~((one))~~ the bronze standardized health plans established under this section on the exchange in each county where the carrier offers a qualified health plan.

(b) (i) ~~((A))~~ Until December 31, 2022, a health ~~((plan))~~ carrier offering a standardized health plan under this section may also offer nonstandardized health plans on the exchange. Beginning January 1, 2023, a health carrier offering a standardized health plan under this section may also offer up to two

nonstandardized gold health plans, two nonstandardized bronze health plans, one nonstandardized silver health plan, one nonstandardized platinum health plan, and one nonstandardized catastrophic health plan in each county where the carrier offers a qualified health plan.

(ii) The exchange, in consultation with the office of the insurance commissioner, shall analyze the impact to exchange consumers of offering only standard plans beginning in 2025 and submit a report to the appropriate committees of the legislature by December 1, 2023. The report must include an analysis of how plan choice and affordability will be impacted for exchange consumers across the state, including an analysis of offering a bronze standardized high deductible health plan compatible with a health savings account, and a gold standardized health plan closer in actuarial value to the silver standardized health plan.

(iii) The actuarial value of nonstandardized silver health plans offered on the exchange may not be less than the actuarial value of the standardized silver health plan with the lowest actuarial value.

(c) A health carrier offering a standardized health plan on the exchange under this section must continue to meet all requirements for qualified health plan certification under RCW 43.71.065 including, but not limited to, requirements relating to rate review and network adequacy."

2SSB 5383 Prime Sponsor, Committee on Ways & Means: Authorizing public utility districts and port districts to provide retail telecommunications services in unserved areas under certain conditions. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Community & Economic Development.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the COVID-19 pandemic has made it clear that equitable access to education can only happen with equitable access to reliable broadband. Increasing broadband access to unserved areas of the state is of vital importance to increasing quality of life, broadening educational opportunities, and promoting economic inclusion in the parts of our state that, without broadband access, cannot fully participate in modern society. The legislature further finds that one of the most effective tools to ensure all Washingtonians have an opportunity to equitably access education, the job market, and health care resources is to allow our public utility districts and port districts to provide retail telecommunications services.

Sec. 2. RCW 54.16.330 and 2019 c 365 s 9 are each amended to read as follows:

(1)(a) A public utility district in existence on June 8, 2000, may construct, purchase, acquire, develop, finance, lease, license, handle, provide, add to, contract for, interconnect, alter, improve, repair, operate, and maintain any telecommunications facilities within or without the district's limits for the following purposes:

(i) For the district's internal telecommunications needs; and

(ii) For the provision of wholesale telecommunications services (~~within~~) as follows:

(A) Within the district and by contract with another public utility district;

(B) Within an area in an adjoining county that is already provided electrical services by the district; or

(C) Within an adjoining county that does not have a public utility district providing electrical or telecommunications services headquartered within the county's boundaries, but only if the district providing telecommunications services is not authorized to provide electrical services.

(b) Except as provided in subsections (8) and (10) of this section, nothing in this section shall be construed to authorize public utility districts to provide telecommunications services to end users.

(2) A public utility district providing wholesale or retail telecommunications services shall ensure that rates, terms, and conditions for such services are not unduly or unreasonably discriminatory or preferential. Rates, terms, and conditions are discriminatory or preferential when a public utility district offering rates, terms, and conditions to an entity for wholesale or retail telecommunications services does not offer substantially similar rates, terms, and conditions to all other entities seeking substantially similar services.

(3) A public utility district providing wholesale or retail telecommunications services shall not be required to, but may, establish a separate utility system or function for such purpose. In either case, a public utility district providing wholesale or retail telecommunications services shall separately account for any revenues and expenditures for those services according to standards established by the state auditor pursuant to its authority in chapter 43.09 RCW and consistent with the provisions of this title. Any revenues received from the provision of wholesale or retail telecommunications services must be dedicated to costs incurred to build and maintain any telecommunications facilities constructed, installed, or acquired to provide such services, including payments on debt issued to finance such services, until such time as any bonds or other financing instruments executed after June 8, 2000, and used to finance such telecommunications facilities are discharged or retired.

(4) When a public utility district provides wholesale or retail telecommunications services, all

telecommunications services rendered to the district for the district's internal telecommunications needs shall be allocated or charged at its true and full value. A public utility district may not charge its nontelecommunications operations rates that are preferential or discriminatory compared to those it charges entities purchasing wholesale or retail telecommunications services.

(5) If a person or entity receiving retail telecommunications services from a public utility district under this section has a complaint regarding the reasonableness of the rates, terms, conditions, or services provided, the person or entity may file a complaint with the district commission.

(6) A public utility district shall not exercise powers of eminent domain to acquire telecommunications facilities or contractual rights held by any other person or entity to telecommunications facilities.

(7) Except as otherwise specifically provided, a public utility district may exercise any of the powers granted to it under this title and other applicable laws in carrying out the powers authorized under this section. Nothing in chapter 81, Laws of 2000 limits any existing authority of a public utility district under this title.

(8) (a) If an internet service provider operating on telecommunications facilities of a public utility district that provides wholesale telecommunications services but does not provide retail telecommunications services, ceases to provide access to the internet to its end-use customers, and no other retail service providers are willing to provide service, the public utility district may provide retail telecommunications services to the end-use customers of the defunct internet service provider in order for end-use customers to maintain access to the internet until a replacement internet service provider is, or providers are, in operation.

(b) Within thirty days of an internet service provider ceasing to provide access to the internet, the public utility district must initiate a process to find a replacement internet service provider or providers to resume providing access to the internet using telecommunications facilities of a public utility district.

(c) For a maximum period of five months, following initiation of the process begun in (b) of this section, or, if earlier than five months, until a replacement internet service provider is, or providers are, in operation, the district commission may establish a rate for providing access to the internet and charge customers to cover expenses necessary to provide access to the internet.

(9) The tax treatment of the retail telecommunications services provided by a public utility district to the end-use customers during the period specified in subsection (8) of this section must be the same as if those retail telecommunications services were provided by the defunct internet service provider.

(10) (a) A public utility district may provide retail telecommunications services to end users in unserved areas.

(b) A public utility district must notify and consult with the governor's statewide broadband office within 30 days of its decision to provide retail telecommunications services to unserved areas. The governor's statewide broadband office must post notices received from a public utility district pursuant to this subsection on its public website.

(c) Any public utility district that intends to provide retail telecommunications services to unserved areas must submit a telecommunications infrastructure and service plan to the governor's statewide broadband office that will be published on the office's website. Submission of plans will enable the governor's statewide broadband office: (i) To better understand infrastructure deployment; (ii) to potentially allocate funding for unserved areas; (iii) to advance the state policy objectives; (iv) to determine whether the plan aligns with state policy objectives and broadband priorities; (v) to measure progress toward serving those in unserved areas; (vi) to report on the feasibility and sustainability of the project; and (vii) to confirm that the project is within an unserved area. The telecommunications infrastructure and service plans shall include, but not be limited to, the following:

(A) Map and description of how the deployment of proposed broadband

infrastructure will achieve at a minimum 100 megabits per second download speed and at a minimum 20 megabits per second upload speed and then increases to be consistent with the stated long-term state broadband speed goals for unserved areas;

(B) Project timeline prioritization of unserved areas; and

(C) Description of potential state and federal funding available to provide service to the unserved area.

(d) A public utility district that exercises its authority under (a) of this subsection to provide retail telecommunications services may use state funds, federal funds appropriated through the state, or federal funds dedicated for projects in unserved areas to fund projects identified in the submitted telecommunications infrastructure and service plan required in (c) of this subsection.

(e) A public utility district providing retail telecommunications services under this subsection must operate an open access network.

(f) This section does not apply to retail internet services provided by a public utility district under RCW 54.16.420.

(g) Provisions in this subsection do not apply to the provision of wholesale telecommunications services authorized in this section.

(h) For the purposes of this subsection:

(i) "Open access network" means a network that, during the useful life of the infrastructure, ensures service providers may use network services and facilities at rates, terms, and conditions that are not discriminatory or preferential between providers, and employs accountable interconnection arrangements published and available publicly.

(ii) "Unserved areas" means areas of Washington in which households and businesses lack access to broadband service of speeds at a minimum of 100 megabits per second download and at a minimum 20 megabits per second upload.

Sec. 3. RCW 53.08.370 and 2019 c 365 s 10 are each amended to read as follows:

(1) A port district in existence on June 8, 2000, may construct, purchase,

acquire, develop, finance, lease, license, handle, provide, add to, contract for, interconnect, alter, improve, repair, operate, and maintain any telecommunications facilities within or without the district's limits for the following purposes:

(a) For the district's own use; and

(b) For the provision of wholesale telecommunications services within or without the district's limits. ~~((Nothing))~~ Except as provided in subsection (10) of this section, nothing in this subsection shall be construed to authorize port districts to provide telecommunications services to end users.

(2) Except as provided in subsection (9) of this section, a port district providing wholesale telecommunications services under this section shall ensure that rates, terms, and conditions for such services are not unduly or unreasonably discriminatory or preferential. Rates, terms, and conditions are discriminatory or preferential when a port district offering such rates, terms, and conditions to an entity for wholesale telecommunications services does not offer substantially similar rates, terms, and conditions to all other entities seeking substantially similar services.

(3) When a port district establishes a separate utility function for the provision of wholesale telecommunications services, it shall account for any and all revenues and expenditures related to its wholesale telecommunications facilities and services separately from revenues and expenditures related to its internal telecommunications operations. Any revenues received from the provision of wholesale telecommunications services must be dedicated to the utility function that includes the provision of wholesale telecommunications services for costs incurred to build and maintain the telecommunications facilities until such time as any bonds or other financing instruments executed after June 8, 2000, and used to finance the telecommunications facilities are discharged or retired.

(4) When a port district establishes a separate utility function for the provision of wholesale telecommunications services, all

telecommunications services rendered by the separate function to the district for the district's internal telecommunications needs shall be charged at its true and full value. A port district may not charge its nontelecommunications operations rates that are preferential or discriminatory compared to those it charges entities purchasing wholesale telecommunications services.

(5) A port district shall not exercise powers of eminent domain to acquire telecommunications facilities or contractual rights held by any other person or entity to telecommunications facilities.

(6) Except as otherwise specifically provided, a port district may exercise any of the powers granted to it under this title and other applicable laws in carrying out the powers authorized under this section. Nothing in chapter 81, Laws of 2000 limits any existing authority of a port district under this title.

(7) A port district that has not exercised the authorities provided in this section prior to June 7, 2018, must develop a business case plan before exercising the authorities provided in this section. The port district must procure an independent qualified consultant to review the business case plan, including the use of public funds in the provision of wholesale telecommunications services. Any recommendations or adjustments to the business case plan made during third-party review must be received and either rejected or accepted by the port commission in an open meeting.

(8) A port district with telecommunications facilities for use in the provision of wholesale telecommunications in accordance with subsection (1)(b) of this section may be subject to local leasehold excise taxes under RCW 82.29A.040.

(9)(a) A port district under this section may select a telecommunications company to operate all or a portion of the port district's telecommunications facilities.

(b) For the purposes of this section "telecommunications company" means any for-profit entity owned by investors that sells telecommunications services to end users.

(c) Nothing in this subsection (9) is intended to limit or otherwise restrict any other authority provided by law.

(10)(a) A port district may provide retail telecommunications services to end users in unserved areas.

(b) A port district must notify and consult with the governor's statewide broadband office within 30 days of its decision to provide retail telecommunications services to unserved areas. The governor's statewide broadband office must post notices received from a port district pursuant to this subsection on its public website.

(c) Any port district that intends to provide retail telecommunications services to unserved areas must submit a telecommunications infrastructure and service plan to the governor's statewide broadband office that will be published on the office's website. Submission of plans will enable the governor's statewide broadband office: (i) To better understand infrastructure deployment; (ii) to potentially allocate funding for unserved areas; (iii) to advance the state policy objectives; (iv) to determine whether the plan aligns with state policy objectives and broadband priorities; (v) to measure progress toward serving those in unserved areas; (vi) to report on the feasibility and sustainability of the project; and (vii) to confirm that the project is within an unserved area. The telecommunications infrastructure and service plans shall include, but not be limited to, the following:

(A) Map and description of how the deployment of proposed broadband infrastructure will achieve at a minimum 100 megabits per second download speed and at a minimum 20 megabits per second upload speed and then increases to be consistent with the stated long-term state broadband speed goals for unserved areas;

(B) Project timeline prioritization of unserved areas; and

(C) Description of potential state and federal funding available to provide service to the unserved area.

(d) A port district that exercises its authority under (a) of this subsection to provide retail telecommunications services may use state funds, federal funds appropriated through the state, or federal funds dedicated for projects in

unserved areas to fund projects identified in the submitted telecommunications infrastructure and service plan required in (c) of this subsection.

(e) A port district providing retail telecommunications services under this subsection must operate an open access network.

(f) Provisions in this subsection do not apply to the provision of wholesale telecommunications services authorized in this section.

(g) For the purposes of this subsection:

(i) "Open access network" means a network that, during the useful life of the infrastructure, ensures service providers may use network services and facilities at rates, terms, and conditions that are not discriminatory or preferential between providers, and employs accountable interconnection arrangements published and available publicly.

(ii) "Unserved areas" means areas of Washington in which households and businesses lack access to broadband service of speeds at a minimum of 100 megabits per second download and at a minimum 20 megabits per second upload.

Sec. 4. RCW 43.330.538 and 2019 c 365 s 6 are each amended to read as follows:

(1)(a) Beginning January 1, 2021, and biennially thereafter, the office shall report to the legislative committees with jurisdiction over broadband policy and finance on the office's activities during the previous two years.

~~((2))~~ (b) The report must, at a minimum, contain:

~~((a))~~ (i) An analysis of the current availability and use of broadband, including average broadband speeds, within the state;

~~((b))~~ (ii) Information gathered from schools, libraries, hospitals, and public safety facilities across the state, determining the actual speed and capacity of broadband currently in use and the need, if any, for increases in speed and capacity to meet current or anticipated needs;

~~((c))~~ (iii) An overview of incumbent broadband infrastructure within the state;

~~((d))~~ (iv) A summary of the office's activities in coordinating broadband infrastructure development with the public works board, including a summary of funds awarded under RCW 43.155.160;

~~((e))~~ (v) Suggested policies, incentives, and legislation designed to accelerate the achievement of the goals under RCW 43.330.536; and

~~((f))~~ (vi) Any proposed legislative and policy initiatives.

(2)(a) By December 31, 2022, the office must submit a report to the governor and the appropriate committees of the legislature regarding the provision of retail telecommunications services to unserved areas by public utility districts and port districts as provided in RCW 54.16.330(10) and 53.08.370(10).

(b) The report must, at a minimum, contain:

(i) The number of public utility districts and port districts providing retail telecommunications services in an unserved area authorized in RCW 54.16.330(10) and 53.08.370(10); and

(ii) Any recommendations to improve the provision of retail telecommunications services in unserved areas."

(b) Following the process established by the agency, an employee shall submit a request for a reimbursement of any necessary additional expenditure with appropriate supporting documentation. An

agency may provide additional time for submitting requests for reimbursement in a written expense reimbursement policy.

(c) An employee may be reimbursed for expenses incurred after April 1, 2020.

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Health Care & Wellness.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) Healthy Washingtonians contribute to the economic well-being of their families and communities, and access to appropriate health services and improved health outcomes allow all Washingtonian families to enjoy productive and satisfying lives;

(b) Washington and the United States are experiencing the deepest economic crisis since the Great Depression, caused by a public health crisis;

(c) Skyrocketing unemployment rates due to COVID-19 have exposed the frailties and inequalities of the current health care system while causing unsustainable strain to the state's medicaid system;

(d) Thousands of union and nonunion workers are unemployed and without health insurance;

(e) Approximately 125,000 undocumented people live in the state with no access to health care during a global pandemic;

(f) Multiple economic analyses show that a universal system is less expensive, more equitable, and will produce billions in savings per year; and

(g) While a unified health care financing system can provide universal coverage, increase access to care, decrease costs, and improve quality, implementing such a system in the state is dependent on foundational legal, financial, and programmatic changes from the federal government.

(2) The legislature intends to create a permanent universal health care commission to:

(a) Implement immediate and impactful changes in the state's current health care system to increase access to quality, affordable health care by streamlining access to coverage, reducing fragmentation of health care financing across multiple public and private health insurance entities, reducing unnecessary administrative costs, reducing health disparities, and establishing mechanisms to expeditiously link residents with their chosen providers; and

(b) Establish the preliminary infrastructure to create a universal health system, including a unified financing system, that controls health care spending so that the system is affordable to the state, employers, and individuals, once the necessary federal authorities have been realized.

(3) The legislature further intends that the state, in collaboration with all communities, health plans, and providers, should take steps to improve health outcomes for all residents of the state.

NEW SECTION. **Sec. 2.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The universal health care commission is established to create immediate and impactful changes in the health care access and delivery system in Washington and to prepare the state for the creation of a health care system that provides coverage and access for all Washington residents through a unified financing system once the necessary federal authority has become available.

The authority must begin any necessary federal application process within 60 days of its availability.

(2) The commission includes the following voting members:

(a) One member from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives;

(b) One member from each of the two largest caucuses of the senate, appointed by the president of the senate;

(c) The secretary of the department of health, or the secretary's designee;

(d) The director of the health care authority, or the director's designee;

(e) The chief executive officer of the Washington health benefit exchange, or the chief executive officer's designee;

(f) The insurance commissioner, or the commissioner's designee;

(g) The director of the office of equity, or the director's designee; and

(h) Six members appointed by the governor, using an equity lens, with knowledge and experience regarding health care coverage, access, and financing, or other relevant expertise, including at least one consumer representative and at least one invitation to an individual representing tribal governments with knowledge of the Indian health care delivery in the state.

(3)(a) The governor must appoint the chair of the commission from any of the members identified in subsection (2) of this section for a term of no more than three years. A majority of the voting members of the commission shall constitute a quorum for any votes of the commission.

(b) The commission's meetings shall be open to the public pursuant to chapter 42.30 RCW. The authority must publish on its website the dates and locations of commission meetings, agendas of prior and upcoming commission meetings, and meeting materials for prior and upcoming commission meetings.

(4) The health care authority shall staff the commission.

(5) Members of the commission shall serve without compensation but must be reimbursed for their travel expenses

while on official business in accordance with RCW 43.03.050 and 43.03.060.

(6) The commission may establish advisory committees that include members of the public with knowledge and experience in health care, in order to support stakeholder engagement and an analytical process by which key design options are developed. A member of an advisory committee need not be a member of the commission.

(7) By November 1, 2022, the commission shall submit a baseline report to the legislature and the governor, and post it on the authority's website. The report must include:

(a) A complete synthesis of analyses done on Washington's existing health care finance and delivery system, including cost, quality, workforce, and provider consolidation trends and how they impact the state's ability to provide all Washingtonians with timely access to high quality, affordable health care;

(b) A strategy for developing implementable changes to the state's health care financing and delivery system to increase access to health care services and health coverage, reduce health care costs, reduce health disparities, improve quality, and prepare for the transition to a unified health care financing system by actively examining data and reports from sources that are monitoring the health care system. Such sources shall include data or reports from the health care cost transparency board under RCW 70.390.070, the public health advisory board, the governor's interagency coordinating council on health disparities under RCW 43.20.275, the all-payer health care claims database established under chapter 43.371 RCW, prescription drug price data, performance measure data under chapter 70.320 RCW, and other health care cost containment programs;

(c) An inventory of the key design elements of a universal health care system including:

(iii) Covered benefits and services;

(iv) Provider participation;

(vii) Quality improvement strategies;

(viii) Participant cost sharing, if appropriate;

(ix) Quality monitoring and disparities reduction;

(x) Initiatives for improving culturally appropriate health services within public and private health-related agencies;

(xii) Information technology systems and financial management systems;

(xiii) Data sharing and transparency; and

(xiv) Governance and administration structure, including integration of federal funding sources;

(d) An assessment of the state's current level of preparedness to meet the elements of (c) of this subsection and steps Washington should take to prepare for a just transition to a unified health care financing system, including a single-payer financing system. Recommendations must include, but are not limited to, administrative changes, reorganization of state programs, retraining programs for displaced workers, federal waivers, and statutory and constitutional changes;

(e) Recommendations for implementing reimbursement rates for health care providers serving medical assistance clients who are enrolled in programs under chapter 74.09 RCW at a rate that is no less than 80 percent of the rate paid by medicare for similar services;

(f) Recommendations for coverage expansions to be implemented prior to and consistent with a universal health care system, including potential funding sources; and

(g) Recommendations for the creation of a finance committee to develop a financially feasible model to implement universal health care coverage using state and federal funds.

(8) Following the submission of the baseline report on November 1, 2022, the commission must structure its work to continue to further identify opportunities to implement reforms consistent with subsection (7) (b) of this section and to implement structural changes to prepare the state for a transition to a unified health care financing system. The commission must submit annual reports to the governor and the legislature each November 1st, beginning in 2023. The reports must detail the work of the commission, the opportunities identified to advance the goals under subsection (7) of this section, which, if any, of the opportunities a state agency is implementing, which, if any, opportunities should be pursued with legislative policy or fiscal authority, and which opportunities have been identified as beneficial, but lack federal authority to implement.

(9) Subject to sufficient existing agency authority, state agencies may implement specific elements of any report issued under this section. This section shall not be construed to authorize the commission to implement a universal health care system through a unified financing system until there is further action by the legislature and the governor.

(10) The commission must hold its first meeting within 90 days of the effective date of this section."

ESSB 5439 Prime Sponsor, Committee on Transportation: Facilitating the coordinated installation of broadband along state highways. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) Increasing broadband access to unserved areas of the state provides an increasingly essential public benefit to the citizens of Washington by allowing full participation in society and the modern economy, and enabling access to health care, education, the use of other technologies, and essential services, including public safety;

(b) Facilitating and accelerating affordable and quality statewide broadband access for all Washingtonians will require sustained investment, research, local and community participation, and the formation of strategic partnerships between private, public, and nonprofit entities;

(c) Providing for additional coordination and removal of barriers across sectors to increase broadband access in unserved areas is in the best interest of the state;

(d) Maximizing the use of rights-of-way during construction or repair of transportation systems offers cost-effective opportunities for extending and improving broadband and high-speed internet connections throughout the state; and

(e) Expanding broadband access, especially broadband conduit along roadways, provides commensurate benefits to the transportation system and motor vehicle users in terms of reducing the use of roads and alleviating congestion by allowing for more telework, and laying the foundation for a transportation system increasingly more reliant on autonomous vehicles.

(2) The legislature also finds that there is a need to utilize near-term options and opportunities along state highway rights-of-way to drive broadband network expansion and for undertaking longer-term planning of activities to develop additional paths to facilitate the expansion of broadband networks along state highway rights-of-way.

(3) Therefore, the legislature intends to expedite the expansion of broadband access to unserved areas throughout the state by increasing broadband infrastructure coordination, including through collaboration between the statewide broadband office and the department of transportation; proactively facilitating installation and improvement of infrastructure during state road construction projects; and studying recommendations related to the department of transportation's role in broadband service expansion efforts.

Sec. 2. RCW 43.330.532 and 2019 c 365 s 3 are each amended to read as follows:

(1) The governor's statewide broadband office is established. The director of the office must be appointed by the governor. The office may employ staff

necessary to carry out the office's duties as prescribed by chapter 365, Laws of 2019, subject to the availability of amounts appropriated for this specific purpose.

(2) The purpose of the office is to encourage, foster, develop, and improve affordable, quality broadband within the state in order to:

(a) Drive job creation, promote innovation, improve economic vitality, and expand markets for Washington businesses;

(b) Serve the ongoing and growing needs of Washington's education systems, health care systems, public safety systems, transportation systems, industries and business, governmental operations, and citizens; and

(c) Improve broadband accessibility for unserved communities and populations.

Sec. 3. RCW 43.330.534 and 2019 c 365 s 4 are each amended to read as follows:

(1) The office has the power and duty to:

(a) Serve as the central broadband planning body for the state of Washington;

(b) Coordinate with local governments, tribes, public and private entities, nonprofit organizations, and consumer-owned and investor-owned utilities to develop strategies and plans promoting deployment of broadband infrastructure and greater broadband access, while protecting proprietary information;

(c) Review existing broadband initiatives, policies, and public and private investments;

(d) Develop, recommend, and implement a statewide plan to encourage cost-effective broadband access and to make recommendations for increased usage, particularly in rural and other unserved areas;

(e) Update the state's broadband goals and definitions for broadband service in unserved areas as technology advances, except that the state's definition for broadband service may not be actual speeds less than twenty-five megabits per second download and three megabits per second upload; and

(f) Encourage public-private partnerships to increase deployment and

adoption of broadband services and applications.

(2) When developing plans or strategies for broadband deployment, the office must consider:

(a) Partnerships between communities, tribes, nonprofit organizations, local governments, consumer-owned and investor-owned utilities, and public and private entities;

(b) Funding opportunities that provide for the coordination of public, private, state, and federal funds for the purposes of making broadband infrastructure or broadband services available to rural and unserved areas of the state;

(c) Barriers to the deployment, adoption, and utilization of broadband service, including affordability of service and project coordination logistics; and

(d) Requiring minimum broadband service of twenty-five megabits per second download and three megabits per second upload speed, that is scalable to faster service.

(3) The office may assist applicants for the grant and loan program created in RCW 43.155.160 with seeking federal funding or matching grants and other grant opportunities for deploying broadband services.

(4) The office may take all appropriate steps to seek and apply for federal funds for which the office is eligible, and other grants, and accept donations, and must deposit these funds in the statewide broadband account created in RCW 43.155.165.

(5) In carrying out its purpose, the office may collaborate with the utilities and transportation commission, the office of the chief information officer, the department of commerce, the community economic revitalization board, the department of transportation, the public works board, the state librarian, and all other relevant state agencies.

Sec. 4. RCW 43.330.538 and 2019 c 365 s 6 are each amended to read as follows:

(1) Beginning January 1, 2021, and biennially thereafter, the office shall report to the legislative committees with jurisdiction over broadband policy and finance on the office's activities during the previous two years.

(2) The report must, at a minimum, contain:

(a) An analysis of the current availability and use of broadband, including average broadband speeds, within the state;

(b) Information gathered from schools, libraries, hospitals, and public safety facilities across the state, determining the actual speed and capacity of broadband currently in use and the need, if any, for increases in speed and capacity to meet current or anticipated needs;

(c) An overview of incumbent broadband infrastructure within the state;

(d) A summary of the office's activities in coordinating broadband infrastructure development with the department of transportation and the public works board, including a summary of funds awarded under RCW 43.155.160;

(e) Suggested policies, incentives, and legislation designed to accelerate the achievement of the goals under RCW 43.330.536; and

(f) Any proposed legislative and policy initiatives.

NEW SECTION. Sec. 5. A new section is added to chapter 47.44 RCW to read as follows:

(1) The department is directed to adopt and maintain an agency policy that requires the department to proactively provide broadband facility owners with information about planned state highway projects to enable collaboration between broadband facility owners and the department to identify opportunities for the installation of broadband facilities during the appropriate phase of these projects when such opportunities exist.

(2) If no owners are ready or able to participate in coordination of the installation of broadband infrastructure concurrently with state highway projects, the department may enlist its contractors to install broadband conduit as part of road construction projects in order to directly benefit the transportation system and motor vehicle users by:

(a) Reducing future traffic impacts to the traveling public on the roadway;

(b) Supporting the vehicle miles traveled reduction and congestion

management goals of the state by allowing for more telework; or

(c) Proactively preparing the transportation system for the widespread development and use of autonomous vehicles.

(3) Broadband facility owners must first obtain a franchise granted by the department pursuant to RCW 47.44.010 and 47.44.020 before installing broadband facilities within the department's conduit. The costs for installation and maintenance of such broadband facilities shall be the responsibility of the broadband facility owner. The department may adopt rules establishing a fee schedule for occupancy of broadband facilities within the department's conduit consistent with federal law.

(4) As used in this section:

(a) "Broadband conduit" means a conduit used to support broadband infrastructure, including fiber optic cables.

(b) "Broadband infrastructure" has the same meaning as in RCW 43.330.530.

Sec. 6. RCW 47.52.001 and 2004 c 131 s 1 are each amended to read as follows:

(1) Unrestricted access to and from public highways has resulted in congestion and peril for the traveler. It has caused undue slowing of all traffic in many areas. The investment of the public in highway facilities has been impaired and highway facilities costing vast sums of money will have to be relocated and reconstructed.

(2) (~~(Personal wireless service)~~) Broadband, which includes a range of high-speed transmission technologies, including fiber optic lines and personal wireless service facilities, is a critical part of the state's infrastructure. The rapid deployment of (~~(personal wireless service)~~) broadband facilities is critical to ensure public safety, network access, quality of service, and rural economic development.

(3) It is, therefore, the declared policy of this state to limit access to the highway facilities of this state in the interest of highway safety and for the preservation of the investment of the public in such facilities, and to (~~assure~~) ensure that the use of rights-of-way of limited access facilities accommodate the deployment of (~~(personal wireless service)~~) broadband facilities

consistent with these interests. In furtherance of this policy, the department is directed to adopt and maintain an agency policy that requires the department to proactively provide broadband facility owners with information about planned limited access highway projects to enable collaboration between broadband facility owners and the department to identify opportunities for the installation of broadband facilities during the appropriate phase of these projects when such opportunities exist. Coordination between the department and broadband facility owners under this section must comply with applicable state and federal law including, but not limited to, chapter 47.44 RCW and RCW 47.04.045.

NEW SECTION. Sec. 7. (1) Subject to the availability of amounts appropriated for this specific purpose in the omnibus transportation appropriations act, the joint transportation committee shall oversee a consultant study to recommend:

(a) An effective department of transportation strategy, and specific highway corridors, that could be used to address missing fiber connections and inadequate broadband service in parts of the state unserved and underserved by broadband facilities while also aiding the achievement of the state broadband goals specified in RCW 43.330.536. As part of this recommendation, the following areas must also be addressed:

(i) What the appropriate taxonomy to apply to areas unserved or underserved by broadband is to better prioritize and contextualize the urgency of the need for broadband infrastructure in a given area; and

(ii) When the inclusion of broadband conduit installation in a transportation project is recommended as the most effective means of facilitating broadband access, rather than an alternative broadband facility placement, taking into account potential costs, and subject to any limitations in understanding potential costs of installation as part of a transportation project not yet undertaken;

(b) The role of the Washington state department of transportation and the statewide broadband office in a coordinated approach for broadband development statewide on highway rights-of-way that includes the adaptation of existing programs and activities to

further a state initiative to expand and improve access to broadband;

(c) The most promising planning and financing tools that could be used by the department of transportation to provide the state with greater ability to install conduit in anticipation of future broadband fiber occupancy by others;

(d) Opportunities for mutually beneficial partnerships between the department of transportation and broadband service providers that could provide broadband services for transportation purposes such as intelligent transportation systems, cooperative automated transportation/autonomous vehicles, transportation demand management, and highway maintenance activities; and

(e) Strategies for the mitigation of potential safety, operations, and preservation impacts to transportation related to the recommendations made in (a) through (d) of this subsection.

(2) The study must consider the most relevant best practices in other states and their potential application in Washington.

(3) The study must also include an examination of any state and federal laws and regulations that could prevent or limit the implementation of these recommendations, as well as recommendations for modifications to the applicable state laws and regulations and recommended federal actions that could be requested by Washington state legislators.

(4) The joint transportation committee shall consult with the department of transportation, the Washington statewide broadband office, other state agencies and local jurisdictions, public and private utility providers, and public and private broadband providers, as necessary, during development of the study's recommendations to ensure the relevance and applicability of the recommendations to the state.

(5) The joint transportation committee shall issue a report of its findings and recommendations to the house of representatives and senate transportation committees by January 1, 2022.

Sec. 8. RCW 47.44.010 and 2001 c 201 s 5 are each amended to read as follows:

(1) The department of transportation may grant franchises to persons, associations, private or municipal corporations, the United States government, or any agency thereof, to use any state highway for the construction and maintenance of water pipes, flume, gas, oil or coal pipes, telephone, telegraph (~~and~~), fiber optic, electric light and power lines and conduits, trams or railways, and any structures or facilities that are part of an urban public transportation system owned or operated by a municipal corporation, agency, or department of the state of Washington other than the department of transportation, and any other such facilities. In order to minimize the disruption to traffic and damage to the roadway, the department is encouraged to develop a joint trenching policy with other affected jurisdictions so that all permittees and franchisees requiring access to ground under the roadway may do so at one time.

(2) All applications for the franchise must be made in writing and subscribed by the applicant, and describe the state highway or portion thereof over which franchise is desired and the nature of the franchise. The application must also include the identification of all jurisdictions affected by the franchise and the names of other possible franchisees who should receive notice of the application for a franchise.

(3) The department of transportation shall adopt rules providing for a hearing or an opportunity for a hearing with reasonable public notice thereof with respect to any franchise application involving the construction and maintenance of utilities or other facilities within the highway right-of-way which the department determines may (a) during construction, significantly disrupt the flow of traffic or use of driveways or other facilities within the right-of-way, or (b) during or following construction, cause a significant and adverse effect upon the surrounding environment."
