### **ESEA FLEXIBILITY WAIVER UPDATE**

Joint Select Committee on Education Accountability **November 28, 2012** 

#### **Presented by:**

Alan Burke, Ed.D., Deputy Superintendent of K-12 Education Maria Flores, Assoc. Director of Innovation, Research & Policy, Student and School Success Office of Superintendent of Public Instruction

# WHAT DOES ESEA FLEXIBILITY REQUIRE FROM STATES?

- 1. Ensure college- and career-ready expectations for all students (Common Core State Standards [CCSS] and Smarter Balanced Assessment Consortium [SBAC] in Washington)
- 2. Implement state-developed system of differentiated recognition, accountability, and support
- 3. Support effective instruction and leadership (Teacher and Principal Evaluation Project [TPEP] in Washington)
- 4. Reduce duplication and unnecessary burden on school districts by the State

# WHAT DOES ESEA FLEXIBILITY PROVIDE FOR STATES?

### Highlights:

- 1. Flexibility to determine new ambitious and achievable annual targets for reading, mathematics, and graduation rates.
- 2. Elimination of AYP determinations and associated sanctions for schools in improvement, including 20% setaside of Title I, Part A funds for Public School Choice and Supplemental Education Services and 10% set-aside for professional development for schools.
- 3. Elimination of associated sanctions for <u>districts</u> in improvement and the 10% set-aside for professional development for districts.

### **STATES MUST:**

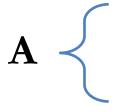

- Set ambitious, but achievable, Annual Measurable Objectives (AMOs)
- Identify:
  - Reward schools: Provide incentives and recognition for highprogress and highest performing Title I schools
  - **Priority schools:** Identify lowest performing schools and implement interventions aligned with the **turnaround principles**
  - Focus schools: Identify and implement meaningful interventions
     (e.g., turnaround principles) in schools with the lowest performing
     subgroups
  - Emerging schools: Identify other low-performing Title I schools and provide incentives and support
- Build state, district, and school capacity

### **ESEA REQUEST & AMOs**

**U.S. Department of Education Requirement:** Set new ambitious but achievable AMOs in at least reading/language arts and mathematics for the State and all LEAs, schools, and subgroups, that provide meaningful goals and are used to guide support and improvement efforts.

#### **U.S. DEPARTMENT OF EDUCATION OPTIONS**

• Set annual equal increments toward the goal of reducing by half the percent of students who are not proficient in all subcategories by fall 2017 (within six years).

• Move the current 2014 deadline for 100% proficiency in reading and math to 2020.

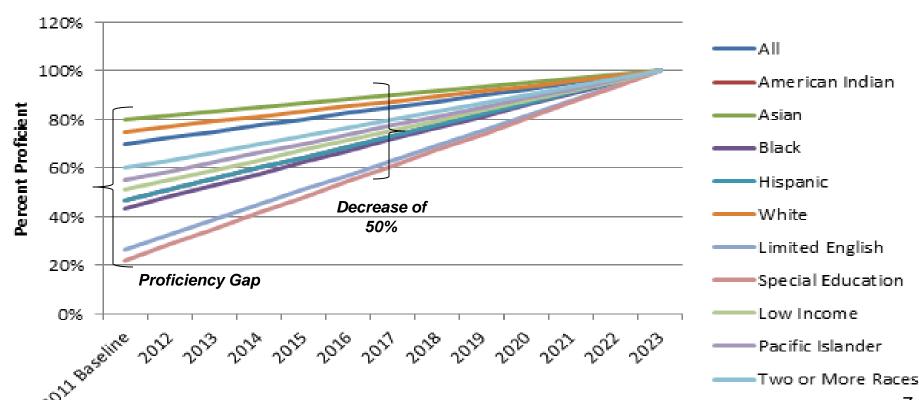

• Establish another AMO that is educationally sound and results in ambitious and achievable AMOs.

# OPTION A: SET AMBITIOUS BUT ACHIEVABLE ANNUAL MEASURABLE OBJECTIVES (AMOs)

NEW AMOs (Targets): Cut Proficiency Gap by Half by 2017 Sample High School - 10<sup>th</sup> Grade Reading

Our goal for all Students remains 100% meeting standard!

Annual Targets for Closing Proficiency Gaps by 50% by 2023
High School Math

### **ACCOUNTABILITY SYSTEM BASED ON ESEA REQUEST**

Up to 2011-12

#### AYP Determinations

- •Sanctions for schools and districts "in improvement"
- •Set-asides required for Public School Choice and Supplemental Education Services

#### **School Improvement**

- •Uses AYP calculations to identify schools and districts in a step of improvement (Title I)
- •Uses PLA Methodology based on AYP calculations to generate list of Persistently Lowest Achieving Schools (PLASs)

### SBE/OSPI Achievement Index

Used to identify Award Schools

2012-13 and 2013-14

2014-15 and beyond

#### AMO Calculations

- •Annual targets intended to close proficiency gaps by half by 2017; uses 2011 as baseline and adds equal annual increments (1/6 of proficiency gap) to get to 2017 target; each subgroup, school, district, and state have unique annual targets.
- •Calculations reported on Report Card
- •No AYP sanctions based on identification of schools and districts "in improvement"
- •Requires districts to set-aside up to 20% for Priority, Focus, and Emerging Schools

### ESEA Request Accountability System

Used to identify Reward, Priority, Focus, and Emerging schools

### Washington State's New Accountability System

### **REWARD SCHOOLS**

- Highest Performing:
  - Met AYP in both Reading and Math for 3 years
  - No significant opportunity gaps
  - High Schools-highest graduation rates
- High-Progress:
  - Top 10% of Title I Schools in Reading and Math combined for 3 years
  - High Schools-most progress in increasing graduation rates

- Research Survey:
  - Identify the school and district practices, programs and policies the increased student achievement and graduation rates
  - Share disaggregated data
     by student programs,
     demographics, subject
     area, intervention type

# 2012–13 TASKS FOR CONTINUATION OF CONDITIONAL WAIVER

- 1. Submit ESSB 5895 rules regarding TPEP.
- 2. Assure rule/statute requires all teachers to include student growth as a component of annual evaluations.
- 3. Submit a plan for a new accountability index for full implementation of school improvement plans in 2014-15 based on tests scores in reading and math for 2010-11, 2011-12 and 2012-13.

### **FOCUSED EVALUATION**

- Includes an assessment of one of the eight criteria.
- Student Growth Rubrics from one of the three criterion (3, 6, 8 teachers) (3,5,8 principals)
  - If a teacher chooses 3,6 or 8; their accompanying student growth rubrics will be used.
  - If a teacher chooses Criterion 1,2,4,5,7, the accompanying student growth rubrics from Criterion 6 will be used.
- Approved by the teacher or principal's evaluator.
- A focused evaluation must be performed in any year that a comprehensive evaluation is not scheduled. (both teachers and principals)

### **GROWTH PLAN CONSEQUENCES:**

Within two months of receiving the low student growth score or at the beginning of the following school year, whichever is later, one or more of the following must be completed by the evaluator:

- Conduct two thirty-minute observations;
- Schedule monthly conferences with the teacher to discuss/revise goals, progress toward meeting goals, and best practices;
- Triangulate student growth measure with other evidence (including observation, artifacts and student evidence) and additional levels of student growth based on classroom, school, district and state-based tools;
- Examine extenuating circumstances possibly including: goal setting process/expectations, student attendance, and curriculum/assessment alignment; and/or
- Create and implement a professional development plan to address student growth areas.

### **NEXT STEPS**

- Send USEd a copy of the rules on or before the date they become effective (expected 1/11/13)
- Meet with a USEd team to explain the rules in conjunction with the USEd expectations enumerated in the waiver acceptance letter.
- Jointly present the SBE/OSPI revised accountability index for approval. If not acceptable initially, work with the USEd to modify the index per their requirements.
