Subject: COLA for Plan 1 Teachers Retirement System

Dear SCPP Members:

I just read that your committee is meeting tomorrow morning, 11-14-17. This is my second email to you. My previous email was on 10-24-17.

As a member of WEA-Retired and DRS, I receive frequent email updates. When I notice that other Department of Retirement Systems groups receive yearly COLA increases and my plan does not, I know that this is not equitable. I truly believe that my 35 years of service in education was valuable to Washington State.

During my career (1974-2010) my raises were small and some years there was no raise. I am now disabled with severe osteoporosis. **I urge you to grant a yearly COLA to the TRS 1 retirement plan beginning July 2018. Please compensate this group or retirees, too.**

Sincerely,

Andrea A. Anderson
