Subject: TR1 cost of living cola

CAUTION:External email.

I am a retired teacher with a TRI pension plan. Every year I hoped that the legislature would surely come up with a plan to restore the TR I plan to give us a yearly cost of living cola. It is extremely unfair for our plan not to be restored so we get a yearly cost of living cola like teachers lucky enough to receive yearly cost of living increases. Why doesn't this long standing injustice get corrected? It is not fair or just and yet every year the legislature dismisses us like we don't deserve equal cost of living colas like the other teachers on the other plans. We have the same needs and every year we are disregarded. When will we receive the respect we deserve just like the teachers on the other plans?

Sincerely,
Sharon EClark
