CAUTION:External email.

Please consider the need for a Plan 1 COLA. I retired in 1998. That is over 20 years ago and my pension has hardly increased since then. Well, a lot has happened in the last 20+ years and we are now experiencing record breaking inflation. Medical costs, groceries, and gasoline prices have all jumped considerably. One can no longer live on a 1998 income. Thanks for your time.
