I was just reminded of the cost of living increase because of inflation that our President seem to think is under control. I went to Walmart looking for that good old loaf of bread which use to cost 1 dollar a few days ago. It is now a dollar 47. Wow , that's a 47% increase. What else will be traveling that road, gas, labor cost to fix my dishwasher, repairs to the house. I think it would be nice to keep up with that which the federal government see as under control. It would nice to be ahead of the game and not playing catch-up. Thanks for your ear, sincerely Ron Lehman teacher for 31.5 years
