IN TESTIMONY WHEREOF, I have hereunto set my hand, and affixed the Seal of the State of Washington at Olympia, this thirteenth day of January, A. D. 1947.

(THE SEAL OF THE STATE OF WASHINGTON—1889)

BELLE REEVES,
Secretary of State.

The roll was called and all members were present except Tom Montgomery of Pierce County and George F. Yantis of Thurston County.

The Honorable Clyde G. Jeffers, Justice of the Supreme Court of the State of Washington, administered the oath of office to all members present.

PROPOSITIONS, MOTIONS AND RESOLUTIONS

Resolution by Mr. Kinnear:

Resolved, That the rules which governed the House of Representatives for the Twenty-ninth Session of 1945 be adopted by this House until permanent rules be adopted, and that the Committee on Rules and Order be authorized and directed to formulate rules for the House for the present session and to act with a like committee from the Senate to formulate joint rules.

On motion of Mr. Kinnear, the resolution was adopted.

Nominations for Speaker of the House were declared to be in order.

The Chief Clerk recognized Mr. Zent.

Mr. Zent of Spokane:

"Mr. Chief Clerk, Justice Jeffers, Members of the Legislature:

"We are gathered in the first peace-time session of the State Legislature. We have just taken the oath to uphold the Constitution of the United States and the Constitution of the State of Washington. We have sworn to do that. In addition to that, we had a mandate on November 5th giving us a job to do. I don't believe there is a member in this House who will shirk his or her duty. We realize that we have a long road ahead of us. Sixty days is not a very long time to transact the business of the great State of Washington. It means that we, each one of us, will have to put our shoulder to wheel, a team of ninety-nine, if you please, and carry forward. I think the responsibility individually has not been overlooked.

"To do this calmly requires a man of ability, integrity, and fairness and a man who can keep decorum at all times. One who is impartial and fair. I have in mind this gentleman and I am proud to say that he comes from the east side of the state and from the City of Spokane. To those of you who have been in the House before he needs no introduction. I think you are aware of his ability, his fairness and the qualifications that make him the man that he is. He is a hard worker and he expects us to be the same, and I know, with him at the helm, our work will be much easier. He is a modest and retiring, gentleman, knows exactly what he wants to do and usually gets it done. I don't think there is a member of this House when we get through the sixty days who cannot go back home and say that we had a hard job and we feel that the job was well done.

"Mr. Chief Clerk, Members of the House, it is a pleasure and a privilege for me to introduce to you as candidate for Speaker of the House, the Honorable Herbert M. Hamblen of Spokane."

The Chief Clerk recognized Mr. Callow.

Mr. Callow of Grays Harbor:

"Mr. Chief Clerk, Members of the House:

"I wish to place in nomination for the high office of Speaker of the House of Representatives a man who has served his state as well as any member of this House at the recent session.

"It has been my privilege and pleasure to serve on committees with him and I observed his work both in committees where much of the important work of the House is done and also on the floor of the House.

"He has the quality of mind and the ability that enables him to get things done, particularly in committee work—a keen understanding—a thorough understanding, and with the ability to solve problems—we do have problems to solve, but I have never seen him at a loss yet to solve any and all problems. Not only has he the ability to solve the problems in his own mind, but in his quiet, resourceful manner he can also present those matters so that they can be understood by other and less able members like myself.

"As I said, he is a man with a keen understanding, a keen mind. I am sure that his ability to get things done and his value as a member of the Legislature has been also very largely and principally due to his integrity and his desire to do all of those things which are right, which are approved by his sponsors and which are approved by all right thinking men and women.

"I know that all of us have taken lessons from him. At the last session when he explained some bill that perhaps was not well understood by the House, I noticed this: He had the ability to impress upon our minds that after we had taken the oath as members of the House, we were not just Democrats and Republicans, but we were representatives of all the people in our representative districts. He particularly represents not only all of the people in his district, but is a representative of all of the people of the State of Washington.

"I wish, Mr. Chief Clerk, to place in nomination Chas. W. Hodde, shall I say, of Pend Oreille and Stevens County—but rather, I place in nomination for the high office of Speaker of this House Chas. W. Hodde of the State of Washington."

The Chief Clerk recognized Mr. Kinnear.

Mr. Kinnear of King:

"Mr. Chief Clerk, Ladies and Gentlemen:

"Every American who believes in constitutional Democracy has a firm conviction of the need of open and fair debate in the matter of public relations, the faith upon which our legislative bodies are organized.

"All of us have experienced in the past on the part of the presiding officer partiality and lack of decision which have been seriously detrimental to legislative success. Upon my return to the Legislature after years in the service, it was a real pride that I found there was a man to be present in this session who above all else had an outstanding capacity for Speaker, and it is with the deepest pride and on behalf of the Republican King County members here that I second the nomination of Herbert M. Hamblen."

The Chief Clerk recognized Mr. Comfort.

Mr. Comfort of Pierce:

"Mr. Chief Clerk, Members of the House of Representatives:

"Coming from Pierce County, it gives me great pleasure to second the nomination of the Honorable Herbert M. Hamblen for Speaker of this House. I do it for this reason—I have served with him in several sessions and during that time I have been deeply impressed with his sincerity, with his fairness, and with his understanding of the problems of human nature.

"Herbert Hamblen is tolerant and his experience in this House gives him familiarity with the procedure. He is of a judicial temperament which is necessary in presiding over a body divided as this is. I am confident that he will make a good Speaker. I am confident that under his leadership we will reach a goal to which we have been striving in other legislative sessions and which is for the best interests of the State of Washington.

"I solicit your support of Herbert M. Hamblen for Speaker."

The Chief Clerk recognized Mr. Woodall.

Mr. Woodall of Yakima:

"Honorable Ladies and Gentlemen, and Chief Clerk of the House of Representatives: "It is a pleasure for me to rise and second the nomination of Herbert M. Hamblen. I will simply say this—I feel the manner in which he conducts himself as Speaker and the manner in which he will expedite the various matters before the House will at the end of the sixty days be a better speech in his behalf than anything I have to say at this time."

The Chief Clerk recognized Mr. Riley.

Mr. Riley of King:

"Mr. Chief Clerk, Justice Jeffers, Members of the House:

"I do second the nomination of Chas. W. Hodde for Speaker of this House. Mr. Hodde is a representative member of this body. He is a diligent worker at all times. Mr. Hodde cooperates to the fullest extent with each and every member of this body. He will faithfully perform all the duties incumbent upon a Speaker of a group such as this Honorable body. He will do so in a most fair and impartial manner. Mr. Hodde is definitely sincere and possesses to a full degree the fine quality of understanding. It is therefore with pleasure that I second the nomination of Chas. W. Hodde to be Speaker of this body."

The Chief Clerk recognized Mr. Ashley.

Mr. Ashley of Spokane:

"Mr. Chief Clerk, Justice Jeffers and Members of the House:

"I wish to second the nomination of Herbert M. Hamblen without making a long talk. I wish to assure you that history will record what we have been trying to do for a long time, to have Mr. Hamblen represent us as Speaker of the House."

The Chief Clerk recognized Mr. Woodall.

On motion of Mr. Woodall nominations for Speaker were closed.

The Clerk called the roll and Mr. Hamblen was elected Speaker of the House of Representatives by the following vote: Hamblen, 71; Hodde, 26; absent or not voting, 2.

Those voting for Mr. Hamblen were: Representatives Anderson, Ashley, Ball, Banks, Bassett, Blodgett, Canwell, Christensen, Clark, Comfort, Copeland, Cory, Costello, Dent, Douglas, Eaton, Eldridge, Ford (Edw. S.), Foster, Frayn, French, Fuhrmann, Gehrman, Goff, Goodman, Griffith, Hall, Hawley, Hennessey, Hillyer, Hodde, Hoefel, Hufford, Isenhardt, Jeffreys, Johnston, Jones (Asa T.), Jones (D. W.), Kellogg, Kinnear, Kittleman, Knoblauch, Lehman, Loney, Lyman, Mahaffey, Malloy, Mason, Mendel, Miller (Fred), Miller (Martin S.), Omdahl, Paulsen, Pearson, Peters, Peterson, Pierong, Powell, Poyhonen, Rasmussen, Raugust, Richey, Schumann, Schwartz, Shadbolt, Shannon, Sisson, Sprague, Stevens, Strom, Thompson, Turner, Wintler, Woodall, Zent—71.

Those voting for Mr. Hodde were: Representatives Adams, Armstrong, Baker, Beierlein, Bernethy, Brown, Callow, Carroll, Carty, Donovan, Easterday, Ford (Robt. M.), Hamblen, Hansen, King, Leber, Riley, Simpson, Vane, Wedekind, Wenberg, Young—26.

Those absent or not voting were: Representatives Montgomery, Yantis—2.

PERSONAL PRIVILEGE

Mr. Hodde:

"On the point of personal privilege, I would like to have these remarks appear in the Journal. Were it possible for me to make the motion to make this vote unanimous, I certainly would ask that Mr. Hamblen be accorded a full vote of support and that he will receive the full cooperation of the House in all constructive matters to come before the Legislature. I think we have the right Speaker selected for this session."

The Chief Clerk announced that Mr. Herbert M. Hamblen, having received the majority vote of the House, was elected Speaker of the House of Representatives.

The Chief Clerk appointed Representatives Kinnear and Ball to escort Mr. Hamblen to the rostrum.

Representatives Kinnear and Ball escorted Mr. Herbert M. Hamblen to the rostrum where the Honorable Clyde G. Jeffers, Justice of the State Supreme Court, administered the oath of office to him.

The Speaker assumed the chair.

On motion of Mr. Woodall, Rule 20 was suspended.

The Speaker addressed the House with the following remarks:

"Mr. Chief Clerk, Judge Jeffers and fellow members of this House:

"This is the highest honor and also the highest responsibility which has ever come to me. I deeply appreciate the honor. I think I can assure you that I am keenly conscious of the responsibility. I especially appreciate the remarks of the minority leader, of my good friend, Mr. Chas. W. Hodde. His remarks indicate to me an opportunity for cooperation which bids well for the welfare of the state—for the public service which this Legislature is going to perform in a cooperative manner. In return, may I assure him and every one of you today that I will to the utmost of my ability conduct the office of Speaker in a fair and impartial manner, that I will protect the rights and privileges of each one of you without regard to your party affiliations, without reference to anything outside the office or halls of this House.

"In my opinion this is going to be the most important peace-time session which this Legislature has known. We are faced with tremendous problems. The war is over and we find our schools over-crowded, under-built, under-staffed and with our teachers and professors inadequately paid. Our state institutions are in the same condition. Our highways are crowded, our roads are under-built. The working people of the state are working in many cases in hazardous occupations without adequate protection of industrial insurance. These are just a few of the many important problems which we face and which this Legislature must meet before this session is over.

"The job of Speaker is relatively unimportant. He is simply a moderator, one to expedite business. It depends on each one of you whether the job is done in the way it should be done. I think this Legislature is presented with the greatest opportunity which has faced any Legislature in many years, to do a constructive piece of work, a real service for the State of Washington. It is my sincere hope and prayer that when this session is over we will each be able to look back on a job of public service well done. I thank you very much."

The Speaker observed within the bar of the House Mr. Tom Montgomery, Representative from the 25th District, and appointed Mr. Riley and Mr. Kinnear to escort Mr. Montgomery to the rostrum for his oath of office.

Justice Jeffers administered the oath of office to him.

The Speaker called for nominations for the office of Chief Clerk.

The Speaker recognized Mr. Clark.

Mr. Clark of Whitman:

"Mr. Speaker, Honorable Judge, Ladies and Gentlemen of the House:

"To those of us who have served during the past sessions, there is one man upon whom rests the work of the House, a man whom we know works with the Legislature, a man who is always a friend of each member. He works with the new members and makes them feel at once that they are part of the proceedings. For me to nominate him for the office of Chief Clerk of this House is really an honor.

"Mr. Speaker, I would like to place in nomination the name of Mr. S. R. Holcomb for office of Chief Clerk."

The Speaker recognized Mr. Adams.

Mr. Adams of Clallam, Jefferson and Mason:

"Mr. Speaker, Ladies and Gentlemen of the House:

"It has been my pleasant duty and privilege several sessions to nominate for Chief Clerk, Mr. Si Holcomb. As Mr. Clark has told you, it is unnecessary to try and tell

you older members here anything about him, and it is hardly necessary to have to tell the younger members because before many hours they will find out in the general line of their duties the helpful manner in which this gentleman is ready to help each and every one, which has made him a part of this organization, and I don't feel that we can very well get along without him. So, indeed, it is a great pleasure to have the privilege of seconding the nomination of Si Holcomb for Chief Clerk of the House."

The Speaker recognized Mr. Woodall.

Mr. Woodall, of Yakima:

"Mr. Speaker, I now move that the nominations for Chief Clerk be closed."

The motion was carried.

The Clerk called the roll, and Mr. S. R. Holcomb was unanimously elected Chief Clerk of the House of Representatives by the following vote: Yeas, 98; nays, 0; absent or not voting, 1.

Those voting for Mr. Holcomb were: Representatives Adams, Anderson, Armstrong, Ashley, Baker, Ball, Banks, Bassett, Beierlein, Bernethy, Blodgett, Brown, Callow, Canwell, Carroll, Carty, Christensen, Clark, Comfort, Copeland, Cory, Costello, Dent, Donovan, Douglas, Easterday, Eaton, Eldridge, Ford (Edw. S.), Ford (Robt. M.), Foster, Frayn, French, Fuhrmann, Gehrman, Goff, Goodman, Griffith, Hall, Hansen, Hawley, Hennessey, Hillyer, Hodde, Hoefel, Hufford, Isenhardt, Jeffreys, Johnston, Jones (Asa T.), Jones (D. W.), Kellogg, King, Kinneer, Kittleman, Knoblauch, Leber, Lehman, Loney, Lyman, Mahaffey, Malloy, Mason, Mendel, Miller (Fred), Miller (Martin S.), Montgomery, Omdahl, Paulsen, Pearson, Peters, Peterson, Pierong, Powell, Poyhonen, Rasmussen, Raugust, Richey, Riley, Schumann, Schwartz, Shadbolt, Shannon, Simpson, Sisson, Sprague, Stevens, Strom, Thompson, Turner, Vane, Wedekind, Wenberg, Wintler, Woodall, Young, Zent, Mr. Speaker—98.

Those absent or not voting were: Representative Yantis—1.

The Speaker announced that Mr. S. R. Holcomb, having received the unanimous vote of the House, was elected Chief Clerk.

The Speaker appointed Representatives Christensen of Benton, Franklin, Klickitat and Skamania Counties, and Banks of King County, to escort the Chief Clerk to the rostrum.

Representatives Christensen and Banks escorted Mr. Holcomb to the rostrum where Justice Clyde G. Jeffers administered the oath of office to him.

The Speaker announced that nominations for Sergeant-at-Arms were in order.

The Speaker recognized Mr. Sisson.

Mr. Sisson of San Juan and Skagit:

"I place in nomination for Sergeant-at-Arms a young man who I think has all the qualifications for that particular position. He is a pretty good fellow. He is president of the Washington Young Republicans.

"It is my privilege to place in nomination the name of J. Chester Gordon of Whitman County for Sergeant-at-Arms of the House."

The Speaker recognized Mr. Miller (Fred).

Mr. Miller of Whitman:

"I am happy at this time to second the nomination of the gentleman who was born and raised in Whitman County, the county I live in. He attended school there, is a graduate of Washington State College. When he came back, he went to farming. He is a very successful farmer, is thirty-seven years old and I am at this time very happy to second the nomination of Mr. Gordon for Sergeant-at-Arms."

The Speaker recognized Mr. Hufford.

Mr. Hufford of Jefferson and Mason:

1. That in Precincts No. 2, 6, 20, 23 and 25 in the City of Port Angeles in Clallam County, and Joyce Precinct, Clallam County, the election boards counted such ballots by giving a vote to the republican candidate for whom the voter had indicated, but also gave a vote to each of the two (2) democratic candidates whose names did not

IV

This contest is based upon the following irregularities which affected the result of said election, each of which irregularities is hereby alleged to be true:

First: That in the various precincts of the said Thirty-Eighth Legislative District comprising parts of Snohomish and Island Counties, there were numerous instances in which an individual voter marked his or her ballot for a straight party vote for the Democratic party by proper mark in the circle at the top of the ballot under that party name, and thereafter marked a cross-over vote for one of the three Republican candidates for State Representative, but did not mark or signify any other choice for the remaining candidates for State Representative; that in counting ballots so marked the following irregularities occurred:

1. That in Hiway, Emander and Alderwood Precincts in Snohomish County in said District, the election boards counted such ballots by giving a vote to the Republican candidate receiving the cross-over vote, but also gave a vote to each of the two Demo-

cratic candidates whose names did not appear opposite the Republican candidate receiving said cross-over vote, although no mark was placed by the voter after the names of either of the two Democratic candidates.

2. That in Lake Ballinger Precinct in Snohomish County in said District the election board counted such ballots by giving a vote to each of the three Democratic candidates and disregarding the cross-over vote marked for the one Republican candidate.

Second: That on information and belief your contestant alleges that the irregularities above listed occurred throughout all of the precincts in those parts of Snohomish and Island Counties comprising said Thirty-Eighth Legislative District, and that the alleged irregularities related are typical of the confusion and improper methods of counting used by the various precinct boards in connection with cross-over votes.

Third: That said contestant alleges that as a result of said irregularities she was deprived of legal votes to which she was entitled, and said Democratic candidates Archie Baker and Dan Donovan received illegal votes to which they were not entitled; that as a result thereof said candidates or one of them, was wrongfully declared elected.

Fourth: That in support of the allegations herein made, said contestant has filed with the Clerk of the Honorable House of Representatives affidavits signed by members of the various election boards specifically mentioned herein.

Wherefore, contestant prays that this contest be entertained, and pending the determination thereof that Archie Baker and Dan Donovan be not held to be qualified to sit as Representatives in the Thirtieth Legislature; that a committee be appointed forthwith to determine who was elected to the office of State Representative as between the contestant and the contestees, and to that end that the ballots cast in those parts of Snohomish and Island Counties comprising the Thirty-Eighth Legislative District be impounded and recounted.

MESSAGE FROM THE SECRETARY OF STATE

Department of State, Office of the Secretary,
Olympia, Washington, January 13, 1947.

*To the Honorable, The Speaker of the House of Representatives,
The Legislature of the State of Washington, Olympia, Washington.*

SIR: On the twenty-third day of August, 1946, David L. Olsen, Secretary of the Washington Temperance Association, for and on behalf of said organization tendered five (5) copies of a proposed measure to be an Initiative to the Legislature of the State of Washington, accompanied by his affidavit stating that he is a legal voter and that the name and post office address of the organization proposing this initiative petition for submission to the Legislature is:

WASHINGTON TEMPERANCE ASSOCIATION

4113 Arcade Building, Seattle, Washington

The copies of the proposed measure were filed and the measure was given serial Number 13. A copy was transmitted to the Attorney General for Ballot Title, and on September 3, 1946, the following Ballot Title was received from the Attorney General:

"An Act prohibiting the retail sale of beer and wine by any person other than the State of Washington, repealing all provisions of existing law pertaining to licensing of retail sale of beer and wine, revoking existing licenses and providing penalties."

On September 3, 1946, the exact language of the above quoted Ballot Title was transmitted to Milton A. Marcy, President of the Washington Temperance Association, 4113 Arcade Building, Seattle, Washington, by telegram and confirmed by mail as required by law.

I further certify that on January 2, 1947, Milton A. Marcy, President, Washington Temperance Association, submitted petitions said to contain in excess of 64,900 signatures of legal voters for filing and canvass, and requested that report of the final canvass and count be certified to the Legislature.

Accompanying the petitions was a statement to the effect that the sum of six thousand nine hundred fifty-eight dollars and thirty-three cents (\$6,958.33) had been contributed and the same amount expended as cost of printing and circulation of the petitions. This financial statement was certified under the signature of Milton A. Marcy, President, Washington Temperance Association.

On January 3, 1947, C. E. Dockstader, Field Secretary, Washington Temperance Association, submitted additional petitions said to contain in excess of 600 signatures. Accompanying the petitions was a sworn statement under the signature of C. E. Dockstader that there had been no change in the official statement of receipts and disbursements as filed with the Secretary of State on January 2, 1947.

On January 4, 1947, a preliminary count of the signatures of the initiative petition was made by the office of the Secretary of State, and the result of which indicated that there were approximately 65,437 names signed to the petition.

The canvass of Initiative No. 13 to the Legislature has proceeded as expeditiously as possible since the time of filing and is continuing at present. The office of the Secretary of State estimates that the canvass will be completed on or about February 1, 1947 at which time a full report will be given to the Legislature, including a certified copy of the proposed measure and a certified copy of the affidavit accompanying it.

Respectfully submitted,

BELLE REEVES, *Secretary of State.*

MOTION

On motion of Mr. Woodall all action on Initiative to the Legislature No. 13 was deferred until a certified copy of the Initiative is received from the Secretary of State together with a report on the number of legal signatures that appear on the initiative petition.

MESSAGES FROM THE SECRETARY OF STATE

Department of State, Office of the Secretary,
Olympia, Washington, January 13, 1947.

*To the Honorable, The Speaker of the House of Representatives,
The Legislature of the State of Washington, Olympia, Washington.*

SIR: I have the honor to transmit herewith pursuant to Section 12, Article III of the Constitution of the State of Washington, for the consideration of the House of Representatives, the following bills passed by the House and Senate in the Legislative Session of 1945, and vetoed by the Governor, together with his veto message attached thereto.

They are House Bills Nos. 22, 29, 31, 77, 104, 115, 119, 147, 220, 229, 237, 239, 272, 301, 338, 345, 441, 452, 456, and 526.

Very truly yours,

BELLE REEVES,

Secretary of State.

State of Washington, Executive Department,
Olympia, March 13, 1945.

*To the Honorable, The House of Representatives of the State of Washington.
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives of the State of Washington at the next session of the Legislature, without my approval, House Bill No. 77, entitled:

"An Act relating to the Assignment of Accounts Receivable without requiring notice of the debtors thereon, providing for the filing of notice of assignment, and prescribing the rights of parties with respect to such assignments."

The bill would set up detailed regulations concerning the assignment of accounts receivable, and has features which I believe are undesirable at this time. Approval of the bill would require added clerical personnel in the office of the Secretary of State, which would be difficult to obtain under present conditions.

For these reasons, I have vetoed House Bill No. 77. Respectfully submitted,

MON C. WALLGREN,

Governor.

Mr. Woodall moved that House Bill No. 77 do pass notwithstanding the veto of the Governor.

The Speaker:

"The Clerk will call the roll on House Bill No. 77. A vote 'yea' will pass House Bill No. 77 notwithstanding the veto of the Governor, and vote 'no' will be to sustain the veto."

The Clerk called the roll on the passage of House Bill No. 77 and the bill passed the House, notwithstanding the veto of the Governor, by the following vote: Yeas, 96; nays, 0; absent or not voting, 3.

Those voting yea were: Representatives Adams, Anderson, Armstrong, Ashley, Baker, Ball, Banks, Bassett, Beierlein, Bernethy, Blodgett, Brown, Callow, Canwell, Carroll, Carty, Christensen, Clark, Comfort, Copeland, Cory, Costello, Dent, Donovan, Douglas, Easterday, Eaton, Eldridge, Ford (Edw. S.), Ford (Robt. M.), Foster, Frayn, French, Fuhrmann, Gehrman, Goff, Goodman, Griffith, Hall, Hansen, Hawley, Hennessey, Hillyer, Hodde, Hoefel, Hufford, Isenhardt, Jeffreys, Johnston, Jones (Asa T.), Jones (D. W.), Kellogg, King, Kinnear, Kittleman, Knoblauch, Leber, Lehman, Loney, Lyman, Mahaffey, Malloy, Mason, Mendel, Miller (Fred), Miller (Martin S.), Montgomery, Omdahl, Paulsen, Pearson, Peters, Peterson, Pierong, Powell, Poyhonen, Rasmussen, Raugust, Richey, Schumann, Schwartz, Shadbolt, Shannon, Simpson, Sisson, Sprague, Stevens, Strom, Thompson, Turner, Wedekind, Wenberg, Wintler, Woodall, Young, Zent, Mr. Speaker—96.

Those absent or not voting were: Representatives Riley, Vane, Yantis—3.

House Bill No. 77, having received the necessary constitutional two-thirds majority, was declared passed, notwithstanding the veto of the Governor.

There being no objection, the title of the bill was ordered to stand as the title of the act.

On motion of Mr. Woodall, the rules were suspended, and the Chief Clerk was directed to immediately transmit House Bill No. 77 to the Senate.

Department of State, Office of the Secretary,
Olympia, Washington, January 13, 1947.

*To the Honorable, The Speaker of the House of Representatives,
The Legislature of the State of Washington, Olympia, Washington.*

SIR:

I have the honor to transmit herewith pursuant to Section 12, Article III of the Constitution of the State of Washington, for the consideration of the House of Representatives, certified copies of the following bills passed by the House and Senate in the Legislative Session of 1945, and partially vetoed by the Governor together with his veto message attached thereto.

They are House Bills Nos. 21, 353, 374, 406 and Substitute House Bill No. 550.

Very truly yours,

REPORT OF INTERIM COMMITTEE

REPORT OF MINORITY MEMBERS

Senator Harry Wall—Representative Arthur S. Cory,
Interim Legislative Committee on State Penal,
Reformatory and Charitable Institutions.

To 1947 Session of Washington State Legislature.

An Interim Committee was appointed by the 1945 Session of the Legislature to visit, inspect and investigate the State Penal, Reformatory and Charitable Institutions of the State, and report findings to this session. The Committee consisted of Senator Carl C. Mohler (D. Thurston County), Senator Thomas Waters (D. Whatcom County), Senator Harry Wall (R. Chelan County), and Representatives George Adams (D. Mason County), Al Henry (D. Klickitat County), H. C. Armstrong (D. King County) and Arthur S. Cory (R. Lewis County).

Senator Carl Mohler was elected Chairman of the Joint Committee.

The Committee was allowed actual expenses, but no per diem for their work.

The State of Washington has under its charge some 12,000 inmates in its 14 institutions, and appropriated some 12 million dollars for current expenses during this past biennium which was not sufficient, as deficiency appropriations will be needed

at once in order that the institutions can continue to operate for the balance of the biennium. These institutions comprise some 365 principal buildings distributed on more than 8,000 acres of land.

These inmates are in the following institutions:

The Western State Hospital at Steilacoom
 The Northern State Hospital at Sedro Woolley
 The Eastern State Hospital at Medical Lake
 The Eastern Washington Custodial School at Medical Lake
 The Western Washington Custodial School at Buckley
 The State Penitentiary at Walla Walla
 The State Reformatory at Monroe
 The Boys' Training School at Chehalis
 The State Soldiers' Home & Colony at Orting
 The Washington Veterans' Home at Retsil
 The Girls' Training School at Grand Mound
 The School for the Blind at Vancouver
 The School for the Deaf at Vancouver
 The McKay Memorial Hospital at Soap Lake

We have visited all the institutions, some many times. We did not go with the majority of the committee at all times, because we feel that an inspection trip of a few hours by an entire committee cannot possibly give a very accurate picture of the conduct of an institution. During such a visit, generally known about in advance, conditions are at their best, every one is on their "Sunday" behavior, and anyway the professional conduct is only known by careful, accurate inspections by men trained and experienced in the respective line of the institution under inspection.

The majority of the committee evidently did not desire such examinations made, nor conditions accurately reported nor known.

MOTIONS

On motion of Mr. Cory, further reading of the report was dispensed with.

Mr. Cory moved that three hundred copies of the minority report of the Interim Committee on the Investigation of State Institutions be mimeographed and distributed to members of the House and Senate.

PARLIAMENTARY INQUIRY

Mr. Hodde:

"Mr. Speaker, parliamentary inquiry. May I inquire what is the status of a minority report? As long as there has been no majority report, on what basis does the minority report appear?"

Mr. Armstrong:

"Mr. Speaker, will the gentleman from Lewis County submit to a question?"

Mr. Cory:

"I consent."

Mr. Armstrong:

"Mr. Cory, who signed this report?"

Mr. Cory:

"Senator Wall and myself."

Mr. Armstrong:

"Why was not this minority report submitted to the whole committee? I am a member of the Interim Committee and I never heard before that a minority report was going to be submitted."

Mr. Cory:

"Senator Wall and I alone prepared the report, knowing that the rest of the committee would not agree to it."

POINT OF ORDER

Mr. Hodde:

"Mr. Speaker, point of order. The minority report is not a report of the committee."

The Speaker:

"I will hear from you on that point, Mr. Hodde, if you refer to a rule."

Mr. Hodde:

"We must have a report of the whole committee before a motion can be made to substitute or accept a minority report. The minority has no basis for making a report until there has been a report of the committee so that a motion can be made at that time for the House to accept the majority or the minority report. The minority make a report and ask that it be mimeographed, yet there is no report of the majority of the committee before the House."

RULING BY THE SPEAKER

The Speaker:

"The Speaker will rule that the Point of Order is well taken under section 75 of Reed's Parliamentary Rules, which provides that the majority of members determine the report of the committee, and their views constitute the report. Other members sometimes desire to present their views in opposition. This they have no right to do except by consent of the assembly. Such consent is, however, rarely refused. The motion by Mr. Cory, therefore, is out of order."

MOTIONS

Mr. Cory moved that the consent of the House be given to mimeograph three hundred copies of the minority report of Senator Wall and Mr. Cory in the investigation of state institutions.

Mr. Hodde moved, as a substitute motion, that the whole Interim Committee be asked to report on the condition of state institutions as directed at the last session of the Legislature.

On motion of Mr. Woodall, the substitute motion of Mr. Hodde was indefinitely postponed.

POINT OF ORDER

Mr. Woodall:

"Mr. Speaker, I ask for a ruling on Mr. Cory's motion. A minority report, labelled as a minority report from the committee, should not be before this House."

RULING BY THE SPEAKER

The Speaker:

"The Speaker's ruling is that the question before the House is the motion by Mr. Cory that the consent of the House be given to the mimeographing of three hundred copies of the report of the minority committee."

The motion was lost.

MOTION

On motion of Mr. Kinnear the Interim Committee was directed to make a report to this House on the subject-matter submitted to them at the last session, within forty-eight hours.

MR. SPEAKER:

The Senate has passed Senate Bill No. 118 (Twenty-ninth Legislature) notwithstanding the veto of the Governor, and the same is herewith transmitted.
A. J. SHARKEY, *Secretary.*

The Clerk was ordered to read the Governor's veto message on Senate Bill No. 118.

State of Washington, Executive Department,
Olympia, March 19, 1945.

To the Honorable, The Senate of the State of Washington.
(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval as to Section 2, Senate Bill No. 118, entitled:

An Act relating to State highways through incorporated cities and towns; and amending Section 61, Chapter 187, Laws of 1937 (Section 6450-61, Remington's Revised Statutes) to provide for expenditures of State funds on such highways; authorizing the construction of a bridge across Port Washington Narrows between Bremerton and the Manette Peninsula; making an appropriation; and declaring an emergency."

The first section of the bill contains amendatory matter which permits the Director of Highways to expend state funds for construction, maintenance and acquisition of rights of way of streets running through cities and towns which form a part of the route of any primary or secondary state highway. I approve of the objective sought under this section.

The second section would authorize the Director of Highways to construct a bridge across Port Washington Narrows connecting Primary State Highway No. 21 near Bremerton with Secondary State Highway No. 21B on the Manette Peninsula, and requires the bridge to become, and be maintained as, part of the state highway system. The appropriation therefor is \$750,000 to be used with any federal matching funds which may become available in the future. We have no assurance a federal grant will be made for this purpose.

Any necessity for construction of the bridge has been created largely, if not entirely, by war activities established by the United States. Under these circumstances, it is my opinion the federal government should take the lead in this project.

In the event a federal grant is offered later, it is my view that the state should then provide funds of approximately 25% to 30% of the cost of the bridge. I believe this would be a fair proportion of the state's responsibility.

Section 3 of the bill provides that it shall take effect immediately.

For the reasons stated I have vetoed Section 2 of Senate Bill No. 118, and approved the remainder.

Respectfully submitted,
MON C. WALLGREN,
Governor.

MOTION

Mr. Woodall moved that Section 2 of Senate Bill No. 118 do pass, notwithstanding the veto of the Governor.

Mr. Woodall demanded the previous question and the demand was sustained.

The Speaker:

"The question before the House is the passage of Section 2 of Senate Bill No. 118, notwithstanding the veto of the Governor. A vote 'Aye' will be for the passage of the bill; a vote 'No' will be to sustain the veto of the Governor."

The Clerk called the roll on the final passage of Section 2 of Senate Bill No. 18, notwithstanding the veto of the Governor, and Section 2 of Senate Bill No. 118 passed the House, notwithstanding the veto of the Governor, by the following vote: Yeas, 89; nays, 7; absent or not voting, 3.

Those voting yea were: Representatives Adams, Anderson, Ashley, Baker, Ball, Banks, Bassett, Blodgett, Brown, Callow, Canwell, Carroll, Carty, Christensen, Clark, Comfort, Copeland, Cory, Costello, Dent, Donovan, Douglas, Eaton, Eldridge, Ford (Edw. S.), Ford (Robt. Those voting nay were: Representatives Armstrong, Beierlein, Bernethy, Easterday, Paulsen, Vane, Wedekind—7.

Those absent or not voting were: Representatives Fuhrmann, Pierong, Yantis—3.

On motion of Mr. Woodall, the rules were suspended and the Chief Clerk was directed to immediately transmit Section 2 of Senate Bill No. 118 to the Senate.

MESSAGE FROM THE SENATE

Senate Chamber,
Olympia, Wash., January 14, 1947.

MR. SPEAKER:

The Senate has passed Substitute Senate Bill No. 183 (Twenty-ninth Legislature) notwithstanding the veto of the Governor, and the same is herewith transmitted.

A. J. SHARKEY, *Secretary*.

The Clerk was ordered to read the Governor's veto message on Section 24 of Substitute Senate Bill No. 183.

State of Washington, Executive Department,
Olympia, March 13, 1945.

To the Honorable, The Senate of the State of Washington.

(Through the Secretary of State)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval as to Section 24, Substitute Senate Bill No. 183 entitled:

"An Act providing for relief from unemployment, a disability study, and declaring public policy; defining terms; establishing the Office of Unemployment Compensation and Placement; providing for officers and their powers and duties; providing for contributions, funds, claims, the receipt of moneys, reciprocal arrangements, and cooperation with states and governments; accepting provisions of certain Federal enactments; declaring an emergency and fixing the effective date of this act; and repealing certain acts and parts of acts."

I consider the bill vital to the welfare of our working men and women. However, I am impelled to veto Section 24 for the reasons given below.

In considering the term "employment" as used in the act our Supreme Court has quite properly given it a liberal construction. In a series of seven cases the court, in support of the theory of broad social coverage, has held rightly that many individuals

come within the scope of the act who would be excluded if "employment" were to be given its restrictive common law meaning.

This liberal interpretation, sustained so long by our Supreme Court, is in accord with modern trends, the intent of national social security legislation, the pronouncements of recent decisions of the United States Supreme Court and other federal and state courts.

A liberal concept of all social legislation is, in my opinion, necessary to our rapidly approaching postwar economy and an integral part of the program stressed in my inaugural message.

The present bill is a recodification of the Unemployment Compensation Act in order to clear the act of all language which may have been thought to carry any inference that the common law master and servant relationship was intended by any of its provisions. With this thought in mind Section 11 of the bill as originally proposed was amended with my approval and the unanimous action of the Senate and the House of Representatives in order that the term "employment" might be more clearly defined to exclude any possibility of reversion to a common law connotation.

Section 24 of the bill is restrictive. It would exclude three special classes of commission agents. It would seem that if any of those working on a commission basis are to be excluded, then all should be excluded, not merely special classes. It is my opinion that the future will clearly demonstrate that those engaged on a commission basis should be brought within the broad liberal benefits accorded by the act.

For the reasons stated Section 24 is vetoed and the remainder of the bill is approved.

Respectfully submitted,

MON C. WALLGREN,

Governor.

Mr. Woodall moved that Section 24 of Substitute Senate Bill No. 183 do pass, notwithstanding the veto of the Governor.

The Clerk called the roll, on the final passage of Section 24 of Substitute Senate Bill No. 183, notwithstanding the veto of the Governor, and Section 24 of Substitute Senate Bill No. 183 passed the House by the following vote: Yeas, 95; nays, 1; absent or not voting, 3.

Those voting yea were: Representatives Adams, Anderson, Armstrong, Ashley, Baker, Ball, Banks, Bassett, Beierlein, Blodgett, Brown, Callow, Canwell, Carroll, Carty, Christensen, Clark, Comfort, Copeland, Cory, Costello, Dent, Donovan, Douglas, Easterday, Eaton, Eldridge, Ford (Edw. S.), Ford (Robt. M.), Foster, Frayn, French, Gehrman, Goff, Goodman, Griffith, Hall, Hansen, Hawley, Hennessey, Hillyer, Hodde, Hoefel, Hufford, Isenhardt, Jeffreys, Johnston, Jones (Asa T.), Jones (D. W.), Kellogg, King, Kinnear, Kittleman, Knoblauch, Leber, Lehman, Loney, Lyman, Mahaffey, Malloy, Mason, Mendel, Miller (Fred), Miller (Martin S.), Montgomery, Omdahl, Paulsen, Pearson, Peters, Peterson, Powell, Poyhonen, Rasmussen, Raugust, Richey, Riley, Schumann, Schwartz, Shadbolt, Shannon, Simpson, Sisson, Sprague, Stevens, Strom, Thompson, Turner, Vane, Wedekind, Wenberg, Wintler, Woodall, Young, Zent, Mr. Speaker—95.

Those voting nay were: Representative Bernethy—1.

Those absent or not voting were: Representatives Fuhrmann, Pierong, Yantis—3.

Section 24 of Substitute Senate Bill No. 183 having received the required constitutional two-thirds majority, was declared passed, notwithstanding the veto of the Governor.

On motion of Mr. Woodall, the rules were suspended and the Chief Clerk was directed to immediately transmit Section 24 of Substitute Senate Bill No. 183 to the Senate.

MESSAGE FROM THE SENATE

Senate Chamber,
Olympia, Wash., January 14, 1947.

MR. SPEAKER:

The Senate has passed Senate Bill No. 179 (Twenty-ninth Legislature) notwithstanding the veto of the Governor, and the same is herewith transmitted.

A. J. SHARKEY, *Secretary.*

The Clerk was ordered to read the Governor's veto message on Senate Bill No. 179.

State of Washington, Executive Department,
Olympia, March 16, 1945.

To the Honorable, The Senate of the State of Washington.

(Through the Secretary of State.)

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 179, entitled:

"An Act relating to the formation of cemetery districts; prescribing procedure therefor; defining the powers and duties of such districts and their governing officers; prescribing powers and duties of certain county officers in relation thereto, and authorizing the levy of taxes."

In my opinion this bill, although commendable in purpose, will place an undue tax burden upon the districts which are created. There would also be a duplication of services.

For these reasons, I have vetoed Senate Bill No. 179.

Respectfully submitted,
MON C. WALLGREN,
Governor.

Mr. Woodall moved that Senate Bill No. 179 do pass, notwithstanding the veto of the Governor.

The Clerk called the roll, on the final passage of Senate Bill No. 179, notwithstanding the veto of the Governor, and the bill passed the House, notwithstanding the veto of the Governor, by the following vote: Yeas, 95; nays, 1; absent or not voting, 3.

Those voting yea were: Representatives Adams, Anderson, Armstrong, Ashley, Baker, Ball, Banks, Bassett, Beierlein, Blodgett, Brown, Callow, Canwell, Carroll, Carty, Christensen, Clark, Comfort, Copeland, Cory, Costello, Dent, Donovan, Douglas, Easterday, Eaton, Eldridge, Ford (Edw. S.), Ford (Robt. M.), Foster, Frayn, French, Gehrman, Goff, Goodman, Griffith, Hall, Hansen, Hawley, Hennessey, Hillyer, Hodde, Hoefel, Hufford, Isenhardt, Jeffreys, Johnston, Jones (Asa T.), Jones (D. There being no objection, the title of the bill was ordered to stand as the title of the act.

On motion of Mr. Woodall, the rules were suspended and the Chief Clerk was directed to immediately transmit Senate Bill No. 179 to the Senate.

The Speaker called the House to order at 11:49 a. m.

Joint Session

The Sergeant-at-Arms announced the arrival of the Senate at the door of the House.

The Speaker invited the Senators to seats within the bar of the House and the President of the Senate to a seat on the rostrum beside the Speaker.

The Joint Session was called to order at 11:50 a. m.

The President of the Senate presided.

The Secretary of the Senate called the roll of the Senate and all Senators were present.

The Clerk called the roll of the House and all members were present except Representatives Fuhrmann, Pierong and Yantis, who had been excused.

The President of the Senate announced that the Joint Session had been called for the purpose of receiving a message from Governor Mon C. Wallgren, and appointed the following committee to notify Governor Wallgren that the Senate and House were in Joint Session and ready to receive his message: Senators Rutter, Witten and Greive, and Representatives Comfort, Vane and Hennessey.

The committee retired.

The special committee announced the arrival of his Excellency, Governor Mon C. Wallgren, and escorted him to a seat upon the rostrum. (Applause).

The President of the Senate:

"Your Excellency, the Members of the Senate and House, by concurrent resolution, are here assembled for the purpose of receiving your message.

"Members of the Legislature, and Ladies and Gentlemen, it is my privilege and pleasure at this time to present His Excellency, the Governor of the State of Washington." (Applause).

MESSAGE OF GOVERNOR MON C. WALLGREN TO THE LEGISLATURE

MR. PRESIDENT, MR. SPEAKER, MEMBERS OF THE LEGISLATURE AND MY FELLOW CITIZENS:

To the Members of the Thirtieth Washington Legislature I extend a cordial welcome on behalf of the entire State Administration.

It is my privilege and honor to appear before you today as Governor to review the accomplishments and progress of the State, and to offer for your legislative consideration certain recommendations of vital importance to the continued welfare of the State.

These recommendations are made in a spirit of goodwill and friendship. It is my firm belief that the great majority of our citizens desire these objectives. I am ever mindful that our State has become and must remain a leader among all States in progressive, humane government.

This is the first peacetime Legislature following victory in a great war. You have been given the responsibility to write into law, and provide necessary funds for, a program that will solve the problems left by the war, and that will carry our State forward to a prosperous and happy future.

The responsibility is especially grave because it carries a promise made to several hundred thousand men and women who went forth from this State to offer their lives in the common cause of humanity. Some have fallen in distant lands. The veterans now back amongst us are anxious to find their place in civilian life, to raise families and to prosper as citizens of the State.

For returning veterans and their families who have sacrificed so much, for the hundreds of thousands of new families that labored in the war plants and sought here a permanent home, for all the people of this State, we must make good our promises and discharge our responsibilities.

In changing over from war to peace, our peoples, understandably, have become weary of wartime government controls. Our energies in government now must be devoted to an orderly restoration of peacetime affairs, constantly improving administrative efficiency and eliminating unnecessary expenditures.

In seeking economy and efficiency we must not deprive the people of this State of essential services nor take away their opportunities for a decent living. Washington has the greatest future of any State in the Union. We must not compromise that future by false economies and backward moves. We do not really save dollars by endangering the health and welfare of our people. We do not really save dollars by neglecting needed improvements and ignoring needed services.

Because our common goal is a good life for all the people, I pledge my full cooperation with the Legislature in every activity that will carry us nearer that goal.

In planning for the future, it is essential to recognize that far-reaching changes have been wrought in our State by the impact of war.

New basic industries have been established; agriculture and trade have greatly expanded; more than one-half million people have been added permanently to our population. The Legislature must of necessity consider these important facts.

Through our ports have passed thousands upon thousands of persons in line of military duty or to pursue the many other occupations brought on by the war. These wartime enterprises and activities have made our State a center of national interest and won us many wartime acknowledgments.

Our resources utilized in the war and the outstanding production record of our working men and women have gained the attention of business men from all parts of the country. Atomic energy was born in this State. We became the light metal production center of the world; both industries are being further developed. Such large corporations as General Electric, Kaiser Industries, Aluminum Company of America, Reynolds Metals Company and others already have been attracted here for post-war industry.

Never before has such recognition been shown of the accomplishments of Washington State. Indicative of the newly-won stature of the State, distinguished visitors here included the President of the United States, twelve United States Senators, twenty-five United States Representatives, federal cabinet officers and bureau heads, governors, industrialists, air line officials from home and abroad, foreign diplomats and trade representatives, outstanding military leaders and prominent citizens from other walks of life.

As host to these distinguished visitors, I have been given the opportunity to tell the story of Washington State to the World—and it is a great story. I have described the natural resources of the State, its great opportunities for industry, trade and agriculture, its hopes and plans for the future.

This new interest in the State will pay dividends in future industry and employment. People will come here to live, to work and invest capital in local enterprises if we can successfully convey the meaning of our advantages in physical and human resources, and support our words with forward-looking legislation.

In this process there can be no let-up. Where we fail, other States will reap our due. Therefore, we must continually work and strive to keep Washington in the lead as a progressive and a prosperous State.

Tomorrow's benefits flow from our ability to perform the constantly changing tasks of today. The never-ending challenge is symbolized by the fact that after fourteen years of systematic improvement of the Columbia Valley to serve the needs of the Nation, we suddenly find that the Congress must be convinced anew of the important role of the Columbia Basin in the Nation's progress.

The rapid growth and development in our State truly have created a problem. There are more children in our schools, more families receiving the benefits of our welfare programs, more roads to be built or improved. Our expanding industry, commerce and agriculture must be served by more facilities. Important projects and important improvements deferred during the war must now be undertaken.

Inflated prices increase the cost of your government just as they do your home or your business.

Despite these increased costs, the State today enjoys the best financial position in its history, with a cash balance of more than \$129,000,000 in the treasury.

Our inflated sales tax revenues and our inability to expend funds for needed improvements because of war-time restrictions and lack of materials have contributed to this favorable position. At the same time I am glad to report that careful management of funds in the face of mounting costs and reconversion problems will enable us to return to the treasury a substantial sum of the money appropriated by the last Legislature.

The Finance Committee is charged with the responsibility of investing state moneys. Since January 1, 1945, the par value of our investments has grown \$46,668,598. We now have a total of \$210,845,600, 92 per cent of which is invested in government bonds. These investments have earned for us in interest and appreciated value twelve million dollars during the past two years.

The printed budget for the 1947-1949 biennium carries a total appropriation request of \$516,725,000. The preceding Legislature appropriated \$548,964,000 for the 1945-1947 biennium.

Of the total amount budgeted for the coming biennium, \$483,605,000 are for direct operations. This represents the operating requirements of the various departments of the State and all funds to be distributed to cities, counties and school districts. It does not include capital construction outlays requested by these departments, but it does include \$70,000,000 of federal funds which must be appropriated.

I am presenting the budget in this manner so that current operating expenses may be separated from capital construction expenditures. Thus the Legislature may more readily determine which capital expenditures it desires to authorize.

I am determined that the sound financial position of our State be preserved. We all seek economy and administrative efficiency.

Yet who will deny the urgent need for an improved and expanded educational system?

Who would reduce social security payments to our aged and destitute?

Who would retard our highway program which already has been delayed five years by war?

Who would refuse adequate and humane treatment to the inmates of our state institutions?

Obviously reductions in the cost of these programs is most difficult. Yet... the blunt truth is that education, social security, highways and state institutions account for eighty-four per cent of the total operating budget.

While appropriation requests are greater all along the line, we must recognize the fact that expense of our normal state departmental functions represents only sixteen per cent of the budget.

An educated youth and a self-reliant old age are the two main pillars of our program for well-being of the State.

The Department of Social Security estimates that the cost of carrying on its program under existing law will rise to \$160,000,000 in the next biennium. The Department of Public Instruction has submitted a sharply increased budget calling for \$95,600,000 for common school support. Institutions of higher learning are requesting \$30,000,000. Such appropriations will cause a substantial increase in state expenditures.

We can take just pride in the fact that the State of Washington is giving more adequate assistance to the aged, destitute and handicapped than any other state in the Union. The beneficial legislation now in effect was unanimously approved by the last Legislature.

The primary role of education and the serious financial problems involved in providing for the maintenance and improvement of educational facilities warrant the most careful study. In a special message to the preceding Legislature I proposed a comprehensive school survey. The Legislature appropriated \$100,000 for this purpose, and the study was made under the direction of Dr. George D. Strayer, nationally recognized educational authority. His report, based upon an exhaustive analysis and including recommendations, is now in your hands.

I strongly urge you to consider this report as the foundation for legislative action. An improved educational system, including higher salaries and adequate retirement in the teaching profession, is of utmost importance. I recommend full support of the budget request of the State Department of Education, and the University and Colleges.

There is no calling in our State more dignified, responsible and important than the teaching profession. Those who educate our youth and help to guide them through

the formative years render a priceless service. The least we can do for teachers is to provide a measure of security and compensation that will yield a good living and maintain the high standards of the profession.

I therefore recommend enactment of the Teachers' Retirement Bill, drafted and unanimously approved by the Governor's Advisory Committee on Teachers' Retirement. This proposed legislation, calling for retirement pay of \$100 a month at the age of 60, or after 30 years of service, will be submitted to you as an executive request measure.

The increased expenditures associated with the educational and welfare needs of this rapidly growing State demand that we give careful thought to the adequacy of our tax revenues. Suggestions have been made that the retail sales tax be reduced from 3 per cent to 2 per cent. Such a reduction would cut seriously into our revenues from this important source. We cannot even be certain that the high level of retail sales will be consistently maintained in the future to provide the revenues now secured.

A sound stable and equitable taxation system is essential to fulfill the legitimate obligations of the State to its citizens.

I believe that a careful study of our present tax structure should be made, with a view of finding assured sources of future revenues, and minimizing burdens on the individual taxpayer in accordance with the principle of ability to pay. Accordingly, I recommend to the Legislature that a survey by tax experts be authorized for the guidance of the Legislature and the Tax Commission.

Such a survey necessarily would study the operation of the Revenue Act of 1935 with particular reference to the future role of the retail sales tax in the tax system. It would explore the question of a constitutional change to allow adoption of a graduated income tax law, under which those best able to pay would bear a fair share of the cost of government. It would examine the present methods of property valuation for assessment purposes and the manner in which local tax burdens are being constantly shifted to the State, jeopardizing our social security and educational programs.

A large part of the increased costs of education can be met by the adoption of standard and equitable valuation procedures by the county assessors. The State Constitution provides that assessed valuations shall be fifty per cent of the true and fair value of property. In actual practice, few if any counties use the fifty per cent figure, with some counties having a property valuation as low as ten per cent of actual value. In almost all counties there are marked differences in assessed valuation.

Valuations in accordance with the Constitution would provide more revenue and at the same time allow a reduction in the tax bill of small home owners. The best way to reduce taxes is to tax fairly and justly.

Careful study of the state tax structure and the recommendation of a survey would give the legislative and executive branches of the state government a firm factual basis upon which to construct an adequate, equitable and thoroughly modern tax system.

Recommendations regarding the tax system lead me to a subject of prime importance. As I suggested to the last Legislature I believe a constitutional convention should be called for the purpose of re-writing our fundamental law.

The Constitution under which we are governed dates back to the beginning of statehood. Many problems we face today cannot be adequately solved under the limitations of a charter conceived before the turn of the century.

Other states have found it wise to change their constitutions through the years. In fact, periodic revision of the Constitution is obligatory in some states.

Amendments intended to keep pace with changing times have made our Constitution complex and unwieldy without instituting the basic changes required for a modern state.

To be prepared for post-war economic dislocation and to finance worthwhile projects which would create new payrolls and develop the State, the preceding Legislature created a State Development Board and appropriated \$50,000,000.

The Legislature further appropriated \$20,000,000 to be expended for useful public works, half to be distributed to the counties and half to the incorporated cities and towns upon a formula established by law.

I appointed to the Board men with recognized engineering talent and experienced in directing public works. The Board and its staff of engineers and accountants worked with care and diligence to screen numerous projects requested and to allocate funds in the most economical manner. I can report to you that of the \$50,000,000 appropriated

for post-war development, \$20,410,000 will be returned to the treasury, unobligated and uncommitted. Twenty-nine and one half millions have been allocated to various worthy projects throughout the State.

Since the Board has followed a policy of releasing funds only as work progresses, only six millions have been withdrawn from the treasury, leaving an actual cash balance of \$44,000,000. While this small portion has been withdrawn, I call your attention to the fact that the State has committed itself to the projects already approved, some of which are now under construction.

To meet emergency public school construction problems, mostly resulting from war-time population increases, fires and floods, the Board has allocated ten and one half millions to school districts throughout the State. The University, State College and the three Colleges of Education have been allocated \$12,000,000 to provide emergency veterans' housing, to meet acute problems from increased enrollment, and to improve educational facilities.

By the Board's action Washington became the first state in the Nation to provide housing for veteran students. I am confident that the Legislature and the people approve this action, not only for the veterans, but to provide your sons and daughters with adequate school facilities and greater opportunity for those desiring the benefits of higher education.

Many other problems created by the war and accelerated population growth, which could not be handled under war-time restrictions, have received the Board's attention.

The Board was in a position to render valuable aid to the State Department of Social Security which faced an acute emergency situation with the end of hostilities. A Board grant of four million dollars to the Department of Social Security for the months of October, November and December, ruled permissible by the Attorney General, saved the expense and delay of calling a special session and enabled the Department to meet its demands under the law.

Of the \$20,000,000 earmarked by the Legislature for counties, cities and towns, \$5,500,000 remains to be returned to the treasury.

The problem now before the Legislature regarding this post-war development fund will be to re-appropriate unexpended money which has been allocated and obligated for school districts and other projects as I have outlined. Also, to make necessary appropriations for the continued administration of these projects by the Board.

I wish to commend the members of the Board for their careful and business-like handling of their responsibility. This program of public works is unique in the history of the State. I believe its continuance will be invaluable for an orderly and balanced development of the State, but I believe also that we should in no way assume local obligations which should be met out of normal local revenues.

It is my intention to send a further message to the Legislature on this subject.

Systematic Columbia River Valley improvement for 14 years in the interest of farm and industrial progress has been mentioned. I say now, and most emphatically, that action should be taken to assure that the whole Nation plainly understands the importance of scheduled river development, because the Nation benefits thereby as well as the Pacific Northwest.

Because the Nation has wisely built great hydro-electric plants on the Columbia River, this region produces the Nation's lowest cost electric power. Some interests are loath to see the region benefit from the wise use of this natural resource. We must take care that these groups do not deprive the Pacific Northwest of its \$17.50 electricity rate. This rate, the lowest in the Nation, was set after full accounting study to assure that the construction cost of Bonneville and Grand Coulee, as well as a profit, would be returned to the national treasury.

The threat confronting the Pacific Northwest is daily recounted in the newspapers which tell of Eastern moves to pare Columbia Basin appropriations and halt the march of Western industry.

We in Washington State should make our position clear. The Nation must be informed that arid land brought into cultivation increases the national wealth. It must be informed that the Pacific Northwest has the Nation's lowest hydro-electric rate simply because it has in the Columbia River the Nation's greatest water resource. We should in all justice retain our advantage in the lowest economic rate for power just as other areas benefit from their economic advantages.

It seems to me that the Legislature will want to inform the Congress of the United States that it favors scheduled completion of reclamation projects and that it strongly

condemns any effort to change our power rate at the behest of economic interests in other parts of the Nation.

Low-cost hydro-electric power and irrigation of arid lands are vital to Washington State. Increased supplies of power and tillable land are available and will enable us to move ahead in both industry and agriculture. Balanced growth in these fields means not only a richer Washington but a richer Nation.

The need for better management of State timber resources has been pointed out by this and the past administration. I urge you to carefully consider this problem to the end that a sound forestry program may be inaugurated. The people must be guaranteed a maximum return from this great resource. Plans for a comprehensive sustained yield program in state timber cannot be executed until a new system of timber management is established.

Fire losses of green timber were materially reduced in 1945 and 1946 by a program of organized fire patrols, a larger number of look-outs, radio fire fighting communication, a longer period of organized patrols, and a systematic program of public education. Continued legislative support for fire prevention work and continued cooperation on the part of the public will make it possible to further reduce losses by fire.

The lumber industry should be encouraged to mill and fabricate a larger percentage of our timber within the State. Shipment of squared logs to foreign or out-of-state markets for milling and fabrication means a loss of employment opportunities to our own citizens.

The consolidation of the Division of Geology and the Division of Mines and Mining into the Division of Mines and Geology in 1945 resulted in more effective work, more service and greater convenience to the public. Investigations have been made and information circulated concerning the extent, quality and accessibility of our mineral resources. Information about magnetite, tungsten, manganese, pumice and pumicite, chromite, sodium sulphate, sodium carbonate and magnesium sulphate has been made available. Fifteen new metallic mining operations and twenty-three new non-metallic operations have been started in Washington since early 1945. Continued assistance to the mining industry will expand our payrolls and open new industries based on easily accessible raw materials.

Despite the hampering restrictions of war and reconversion, a major objective of this administration has been the development of the tourist business. Nature has blessed us with the natural advantages to make Washington the outdoor playground of the Nation.

A complete survey of tourist facilities and a detailed program for tourist industry expansion have been prepared for the guidance of those interested in the industry. A national advertising program has increased the number of tourist inquiries from 100 per week to an average of about 280 per day. Five million scenic postcards advertising the beauty of this State were made available to service men. A writers' conference was sponsored which was attended by many persons nationally known. As a result books and articles describing Washington's advantages as a vacation land appeared. A program of tourist clinics to assist operators and employees of tourist facilities to better serve their guests has been inaugurated. Many new resorts have been opened, creating additional employment and opportunities.

Salt water beaches are among our finest scenic and recreational attractions. Yet a large portion of these tide lands is now in private hands, having been sold under our state tide land sale law. To preserve public recreation areas for our constantly increasing population and our visitors, I suggest that the Legislature study this problem and give consideration to possible corrective legislation governing the sale of tide lands.

The natural wealth of fish and game is one of the most valuable assets of the State of Washington. It provides recreation of the finest type to many thousands of residents and represents an annual income to people of the State of eighty five million dollars.

Methods of better conservation of our fish and game resources for the use of all have received careful study by highly trained scientific personnel of the Washington State Department of Game as well as by the Game Commission and the Legislative Interim Committee. Findings resulting from this study have been compiled in a complete legislative program, and my hope is that the members of the Legislature will give close and careful attention to this program, which already has been set ahead ten years by a substantial grant from the Development Board.

Our farmers performed an outstanding service in producing the food and other agricultural products which played so important a part in winning the war. The value of our agricultural production in 1946 was four times the value of the 1939 production.

The tremendous flow of farm products from our agricultural areas has helped to feed the Nation and the World. The well being of the State as a whole depends upon stable and prosperous agricultural conditions.

In spite of the huge increase in agricultural production, the State Department of Agriculture has given better service to every branch of farming than ever before. It has constantly worked to improve and increase legitimate services to farmers and to protect the health and well-being of consumers.

The Department of Agriculture has made specific plans to improve cattle, dairy and meat inspection, enforcement of the Food, Drug and Cosmetic Laws, and the program for control of noxious weeds. Full support of the Department's program is strongly recommended.

Roads and highways are a controlling factor in our economic development. Improvement and expansion of our great network of travel and commerce on the basis of sound planning and engineering are essential.

The Highway Department has prepared an extensive program for the next two years based on regular sources of revenue. This, however, is but a fraction of the construction required to modernize our existing highway system in keeping with today's traffic needs.

As the first great step in making our state one economic unit, I propose immediate construction of a low-level vehicular tunnel through the Cascade Mountains. This long-heralded project has been determined to be feasible through a survey authorized by the last Legislature.

It would establish an all-weather route between Eastern and Western Washington, unhampered by winter driving hazards. It would greatly reduce travel time and distance, and would give Washington the longest vehicular tunnel in the world.

The survey was conducted by Mr. Ole Singstad, one of the world's foremost authorities on tunnel construction. A complete report will be submitted for the consideration of the Legislature. Mr. Singstad has offered to appear before you and fully explain his findings.

The survey shows two feasible locations for economically sound tunnels through the Cascade range. It recommends that one two-lane tunnel 2.03 miles in length be constructed first near Snoqualmie Pass. Later, when traffic justifies, a companion bore would be built alongside to provide a four lane thoroughfare through the mountains.

The project costing \$22,000,000 would involve no expense to the taxpayers. It would be wholly financed through sale of revenue bonds which would be retired with income from toll charges. Traffic surveys show that such a project can be self-liquidating.

I urge you to give this report and recommendation early consideration, and to appropriate sufficient funds for initial steps, so that bids may be called on this great project without delay.

The most urgent job of highway completion facing the State today is construction of that section of four lane primary highway No. 1 from Olympia south to Vancouver. While the department has included funds in its budget for a portion of this work, I recommend that the Legislature appropriate an additional \$18,500,000 so that contracts to complete the route may be let during the next two years.

An important service to our rural population is maintenance and extension of farm-to-market roads. Modest expenditures for mine-to-market roads have recently resulted in mining developments which promise industrial expansion in the State. Actual mining of manganese ore began immediately upon completion of one road, and the development of a promising occurrence of zinc, lead, and copper began as soon as another road was finished. Similar activity is assured in all other areas to which roads are extended.

Our active interest in aviation affairs denotes the key place we occupy in the development of air traffic and an international airways system. Washington is the point of departure for Alaska and the Orient. Great strato-cruisers built in Washington will help to make this State the connecting link with the capitals of Europe on the "Over the Top" route through the stratosphere.

A State Aeronautics Advisory Committee and a Director of Aeronautics authorized by the preceding Legislature, have undertaken a study of the aeronautical needs of the State.

Pursuant to the Committee's recommendations, I have approved the establishment of a State Airport System and requested the Civil Aeronautics Administration to include 39 existing public airports and 63 new airport sites in the new Federal Airport Aid Plan for the next three years. The improvement and construction of these sites

will put Washington well on the way to becoming one of the great air centers of the world.

The full development of aviation further requires that we set a goal to make Washington the "Safest State in which to Fly."

Economic progress in our State is predicated upon open and friendly competition, with opportunities for new business. We must be alert to the threat of monopoly in any line of endeavor.

I note with apprehension the trend toward consolidation of State banking resources in a few banks.

The Federal Deposit Insurance Corporation has found that monopoly in banking is a threat to free, competitive enterprise by limiting opportunities to engage in the business of banking. Such monopoly tends toward higher interest rates and provides an opportunity for favoritism in the extension of credit. It may foster monopoly in other industries. These findings have particular significance for our State, and contain a warning for the future.

I therefore urge that most careful consideration be given to legislation curbing the growth of monopoly.

In line with the request of veterans' organizations I recommended, and the 1945 Legislature authorized, establishment of a State Department of Veterans Affairs. During its year and a half of existence this Department has rendered invaluable services to thousands of men and women who seek to resume their careers or education. The Department has devised or assisted approximately 200,000 veterans who wish to plan or continue their education, to arrange for apprenticeship or on-the-job training, to establish homes, to find employment, or to secure needed health services. Assistance has been rendered veterans by furnishing legal advice, by helping in the settlement of claims and pensions, by advising on insurance problems, and in many other ways.

The State of Washington may well take pride in the fact that its Department of Veterans Affairs, in cooperation with the University and Colleges, established the first student veterans' housing projects in the entire United States. A survey of comparable state departments has evoked the statement by federal officials that our veterans' assistance program is unexcelled.

The Department is constantly expanding areas of service to veterans as new problems arise and improving its procedures for assistance. We are all agreed, I am sure, that veterans are deserving of every possible aid in their readjustment to civilian life.

Proposals have been made for a veterans' bonus. I believe that veterans should get a bonus and if the Legislature agrees, necessarily it will have to decide at what time and what amounts a bonus can be appropriately granted, and how it shall be financed.

The services of the State Department of Health have been utilized by public and private agencies more extensively during the past two years than ever before.

Tuberculosis is Washington's most serious public health problem. It takes a toll of 650 lives and afflicts 2,500 new persons each year. We now have the X-ray facilities and the "know-how" to eradicate this disease. Each case of tuberculosis throughout its lifetime costs the state and local government an estimated \$10,000. This cost can be reduced by promptly isolating and controlling carriers of this disease and by arresting development of tuberculosis in individual cases. Additional funds must be forthcoming if we are to relieve the taxpayer of the tremendous expense for the treatment of tubercular patients.

The suffering of patients in mental institutions and the heavy costs of their maintenance can be greatly reduced, by preventive treatment. The cost of institutional maintenance for a single mental patient throughout his lifetime is about \$40,000. The State Department of Health established a Mental Hygiene Section which operates full or part-time clinics in our three major cities. Lack of finances and the difficulty of obtaining adequately trained personnel at salaries we can now offer have made it impossible to enlarge this worthwhile program.

The State operates 14 state institutions devoted to the care and treatment of those whose lot in life is less fortunate than our own.

Wartime shortages have delayed the normal building program of our institutions. Only recently was it possible to begin a long-planned wing addition to the Buckley Custodial School. Despite all haste in our building program it will be from two to three years before our greatly overcrowded institutions can be expanded to admit all those who have been committed by the courts.

Acutely needed are facilities for the 500 to 600 mentally deficient who have been committed by the courts but cannot be accommodated by our two overcrowded custodial schools.

I recommend that adequate temporary institutional facilities be provided, as planned by the Department.

Juvenile delinquency is a serious problem today. A study of ways and means to combat this menace to our youth has been made by a legislative interim committee. The report is in your hands.

I urge you give serious consideration to instituting corrective measures which will aid in solving this problem of statewide concern.

To comply with federal regulation the Washington National Guard was reactivated by executive order. It will gradually replace the State Guard which so effectively served as the State's military force during the war after the regular guard was pressed into active army duty.

The new military department is now in process of organization under plans projected by the War Department. Since this proposed program is far more extensive than any previous system of military organization, and therefore will require greatly increased state expenditure, I urge you to give it very careful study and consideration.

The State Patrol and its members are to be highly commended for their efficiency and devotion to duty. The intensive and specialized training of patrol personnel has resulted in a very competent and courteous force working day and night in the interest of highway safety and public welfare. The outstanding performance of the State Patrol is recognized by the people of the State, as shown by countless letters and expressions of appreciation which are received daily.

Highway accidents and highway fatalities have been reduced during a period of greatly increased traffic. The end of gasoline rationing and increased age of cars on the road were expected to result in many more accidents. Our good safety record is a glowing tribute to the effective traffic control program of the State Patrol.

In order to retain and attract personnel who can meet the present high standards of patrol performance, I recommend that sufficient funds be made available to substantially increase patrol salary scales, provide a permanent system of retirement pay and adequately compensate patrolmen injured in the line of duty.

While salary levels of state employees were generally advanced by this administration through appropriations requested from, and granted by, the last Legislature, the basic wage paid in many classifications should be raised to offset increased cost of living. Remuneration commensurate with the rates of pay in private industry is necessary to maintain competent personnel within the state departments. Provision for salary raises is reflected in the budget requests of the various departments for the coming biennium.

A maximum of 40 hours in any one week has proven acceptable in both private and public employment in our State. I recommend legislation providing a maximum 40 hour work week for all employees of the State.

Congress will soon consider extension of the Federal Social Security program to enable all workers to participate, and to be protected by insurance benefits in their old age.

Extended federal coverage would sharply reduce old age assistance costs in the State of Washington because a large segment of our population is not now eligible under the federal program.

State costs would start to go down two years after extension of the federal law and should eventually reduce state old age assistance outlays at least forty per cent.

I therefore urge the Legislature to immediately memorialize Congress strongly recommending that all employees of state and their political subdivisions and all other exempted workers be included under the Federal Old Age and Survivors' Insurance program.

As the Nation moves further into a peacetime economy, employers and workers both must recognize their responsibilities to the public at large, and compose their difference by orderly processes of collective bargaining in the interest of full, uninterrupted production. Laws enacted in a vengeful spirit against our laboring men and women accomplish no good, but serve only to prolong strife. Management also has its rights. Every labor question has more than one side. The answers must be sought in an atmosphere of mutual trust, confidence, and cooperation.

In comparison with other states we have had little labor strife. This, I think, is a tribute to both labor and management leadership.

It is well to remember that the Nation cannot prosper unless working people receive good wages to buy the output of our farms and factories, and unless they are protected against loss of income from the hazards of unemployment, illness and age. The people of Washington State enjoy per capita incomes that rank among the highest in the country, and the State welfare services are among the best.

I must direct attention, however, to the fact that there are serious gaps in the protective program afforded Washington workers and in many cases the benefits received are so small as to cause undue hardship and suffering.

The administrative demands made upon the Department of Labor and Industries under the law far exceed the job it can do with the funds ordinarily appropriated. This Department deals with the welfare of industrial workers. It administers the Workmen's Compensation Act. It enforces safety regulations. It mediates strikes. It protects the welfare of women and children in industry.

To cite an example of its work load: The law requires safety inspection of every industrial plant at least once a year and yet the Department can afford only 31 inspectors to cover 30,000 industrial establishments.

Beside its normal budget requests, the Department will ask for \$2,800,000 in supplemental appropriations to comply with existing laws. In all fairness to the Department, it would be granted sufficient funds to administer the laws intended to advance the welfare of workers in our developing industrial state.

Present awards under the Workmen's Compensation Act are pitifully low. Common sense and justice dictate that injured workers be given more than the present pittances.

The Workmen's Compensation Act now places a ceiling of \$50 on a monthly pension to a totally disabled single worker. A workman, with wife and child, who is stricken down on the job and no longer able to earn a living for his family, receives only \$65 per month for the first six months of disability and thereafter \$75 per month. Other awards as now paid under the Workmen's Compensation Act are correspondingly low. They all must be raised, in keeping with modern times and sufficient to maintain families in decency, particularly in the face of high living costs.

Increases in awards are so vital to working families, so generally agreed upon as being necessary, and so long overdue, that by common consent they should be one of the first orders of legislative business.

While on the subject of compensation, allow me to point out that we have in this state totally disabled men, and widows of men killed at work who now receive as little as \$20 per month from the Workmen's Compensation Fund, because of injuries received before 1919. Others injured later, draw \$30 or \$35, depending on the date of injury. Obviously living costs are no less to a man injured in 1919 than to one injured in 1946. An adjustment of past pensions, desperately needed to maintain any semblance of living standard for injured workmen, deserves favorable action by the Legislature.

Under our State system of unemployment insurance, workers in covered employment receive a measure of income protection when they lose their jobs. Such limited benefits are only part of the answer to job risk. The person who is too ill or disabled to work suffers loss of income no less than the person who cannot find work. The daily loss of goods and services to the public is great and employers are inconvenienced in the conduct of their businesses. The disabled worker himself suffers the double burden of lost earnings and medical expenses. The payment of sickness benefits will help our working people to a healthier and happier existence and better performance in industry.

In my message to the preceding Legislature I proposed a study of cash sickness benefits. This study was authorized and now has been completed by the Department of Unemployment Compensation and Placement. The report is now available to you.

I recommend that this Legislature enact a disability compensation law that will provide protection to sick workers on a scale comparable to that provided by unemployment insurance. The enactment of such a law will make Washington State the third state in the Union to protect workers against loss of income due to illness. This need not result in any increased tax burden to employers if a proposed tax reduction on unemployment insurance is put into effect. Employers are widely cognizant of the value of wage protection against sickness, and the savings that would accrue to employers from the unemployment insurance tax reduction could wisely be devoted to the protection of the workers.

The end of the war saw a temporary loss of jobs for thousands of our workers. Within a period of ten months following the end of the war, 125,000 persons received unemployment insurance payments.

Despite this temporary post-war unemployment, the Unemployment Compensation Fund has maintained a very substantial reserve, sufficient to meet possible emergencies. Therefore I recommend that the Unemployment Compensation Tax be reduced from 2.7 per cent to 1.5 per cent. The proposed reduction would represent an estimated annual saving of \$12,000,000 to approximately 41,000 employers in the State.

In this statement I have outlined some of the major problems which confront the new Legislature. We are the elected representatives of more than two million people. In large measure, their destiny, future happiness and prosperity will be affected by the laws you enact and by the administration of those laws.

God has given us the natural advantages to make Washington the greatest state in the Union. Beyond partisan consideration we share the responsibility of leading the way toward that goal.

To this end you have my pledge of complete cooperation.

REPORT OF LEGISLATIVE INTERIM COMMITTEE

MR. SPEAKER:

We, of the House Interim Committee appointed during the Twenty-ninth Session of the Legislature to investigate State Penal and Charitable Institutions, beg leave to make the following report:

PURPOSE OF THE REPORT:

Your committee has conducted its study and investigation and now attempts to submit its report with the thought of furnishing the Legislature with helpful recommendations designed to correct the problems it has found to exist. Your committee feels that no solution to this problem can be materially advanced if the tenor of its report embraces mere criticism of the present methods adopted in the solution of these very real problems.

Subject: Scope of the investigation. Your committee has visited the various institutions of the State, not once, but many times during the past two years. They have held formal and informal hearings and investigations. Your committee has interrogated and consulted patients, inmates, students and others who are residents of the State service through the institution. They have also consulted and questioned the various institutional superintendents and the members of the staff of the various agencies. Consultation has been conducted with the respective officials of the Department of Finance, Business and Budget in charge of the program. Parents, guardians, court officials and other interested public spirited citizens have been also consulted in connection with the general or with the particular problems found to exist. In addition to these consultations, hearings and investigations your committee has personally investigated and examined the actual physical condition of the plant and equipment in these various institutions. Numerous visits have been made to each institution to the end that your committee may be well informed of the training and treatment program now being conducted, for patients, inmates and students.

As a result of this intensive investigation, your committee is convinced, and hence recommends, that the task assigned by virtue of the 1945 House Resolution is too great in scope to be completed in any two year period. No one committee could possibly hope to gather and examine all the necessary material which we feel would be necessary to present in detail to your honorable body. However, out of the mass of material collected in its investigations, your committee is able to present to the Legislature at this time our conclusion with relation to what appears to be the most serious problems requiring your immediate attention.

Conclusions: The physical condition of the plants and the inadequacy of such plants. Due to a variety of causes, which in the main, were caused by depreciation and the war, plus past and present serious shortage of materials, most of the institutional buildings of the State of Washington are in deplorable physical condition. This

has occurred not only because of the natural deterioration and of normal wear and tear, but has been, in fact, by reason of insufficient maintenance. Accompanying this gradual decline in maintenance of the physical plant there has been a steady increase in the number of inmates, patients or students, as the case may be, in these institutions. This increase makes it imperative that all State institutions be immediately expanded to meet this serious situation. In some instances the population of these institutions is twice its pre-war status.

In conclusion, our first and foremost recommendation then is that there be new buildings and new equipment to replace these physically deteriorated plants to take care of this abnormal increase in population.

PERSONNEL: State institutions throughout the country are noted because of their inadequate remuneration of employes in all classes of service. It is generally recognized, but it has always been difficult to attract properly trained and competent personnel willing to serve at the rates of pay that have been and are now being offered for such service.

This general condition has been greatly aggravated by the war. Many staff members were drafted or volunteered to serve in the armed forces of our country. Others were attracted to war industries where the salaries were very much higher than were offered in the State service. This condition left all institutions seriously under-manned, and where a staff was available it usually was comprised of inexperienced and incapable help.

This situation has not improved despite an increase to State employes two years ago of one hundred fifty dollars (\$150.00) a month minimum, and this is primarily due to the fact that wage scales in the State institutions for all classes and classifications of services are still very far below the level which is offered in corresponding private enterprise.

Your committee wishes to express and make public its praise and commendation which should be offered to those loyal and sacrificing employes who have remained on their posts during these trying times and provided high type service to the charges committed to their care. It is the firm conviction of your committee that these institutional employes, both in skilled and unskilled classifications, should receive compensation for their work which is on a par with that offered in private enterprise. Your committee believes that under-paid and over-worked staffs make for poor institutions.

It is our conclusion that the citizens of this State and particularly the many thousands of relatives of the inmates, patients and students at the various State institutions, desire these institutions to be the best in the Nation.

MENTALLY DEFICIENT CHILDREN. The State now maintains two institutions for the care of mentally deficient children. One of these institutions is at Medical Lake, and the other at Buckley, Washington. Both of these institutions are seriously over-crowded and the present physical plant is entirely inadequate to take care of the greatly increased and increasing number of patients which are daily being committed by our courts.

Your committee urges that the serious consideration of this Legislature be directed toward finding immediate relief for the hundreds of distressed parents who are now forced to keep in their own homes children whose proper place is in one of these institutions.

The abnormal lack of housing generally has accentuated this problem. Yet because of the inadequate facilities, the State has no room for these children at this time. The waiting lists at these institutions is growing longer month by month. The Department of Finance, Budget and Business has already set to work on plans to alleviate this acute situation. Some buildings have been contracted for and construction is under way.

It is your committee's recommendation that this Legislature should further these plans and should, in addition, enlarge the scope of the projected expansion in order to take care of this most serious problem. Your committee feels that the increased difficulties faced by hundreds of distressed parents and relatives, should be an added incentive toward the immediate correction of this difficulty.

Your committee has recently examined the facilities now being abandoned at Port Townsend, Washington and used during the war for a coast guard training station. Your committee talked with the proper officials of the Department of Finance, Budget and Business and have within the past few weeks made a personal examination of these facilities, and recommends to the Legislature that authority and funds be provided to the end that these facilities may be immediately obtained in order to alleviate the intense housing shortage.

THE INSTITUTIONS FOR THE MENTALLY ILL. Your committee's examination of the three mental institutions of our State, to-wit: the Eastern State Hospital at Medical Lake, the Northern State Hospital at Sedro Woolley, and the Western State Hospital at Steilacoom, reveals two pressing emergencies.

First, these institutions do not now have the physical plant sufficient to house and detain the patients which are committed thereto. Secondly, insufficient funds have been provided to either maintain these institutions or to obtain and increase the staff required by reason of the increased population.

Your committee feels it necessary to call the attention of this body to the fact that far too many aged people have been and are now being committed to our mental hospitals, who are strictly speaking, not insane at all, but merely senile. In many of the cases investigated we find that an increasing percentage of their patients at these institutions do not belong in mental hospitals at all, but actually should be cared for in homes for the aged.

Your committee finds that the percentage of patients in this class may run as high as one-third ($\frac{1}{3}$) of the patients of these institutions. Of course, this shows a national trend since popular statistics generally show we are becoming a nation of older people. Your committee urges the serious considerations of this Legislature to the end that some provision be made for the aged in order to prevent their filling up our mental institutions. National statistics reveal that in 1850, 2.6 per cent of our population was 65 years of age or over. Today approximately 8 per cent are in this age class, and by 1980 this classification will increase to 15 per cent of our total population.

Your committee recommends the study of a program whereby some provision will be made for the housing of these aged people in either some other public or private institution to relieve this serious difficulty.

CRIMINAL INSTITUTIONS. Your State maintains a State Penitentiary at Walla Walla, and the Washington State Reformatory at Monroe. As in the case of other State institutions, the equipment for the housing and confinement of inmates in these institutions is entirely inadequate. The first and primary need in respect to both penitentiary and reformatory is for new buildings and equipment.

The responsible officials of the State of Washington of these institutions predict a substantial increase in terms of total population in custody within the next few years. Some temporary benefits have come to these institutions on account of the acquisition of considerable army surplus property, which at no cost to these institutions has been a great benefit during the present emergency. This temporary assistance, however, has not solved, but has, in fact, pointed out the necessity of the solution of the basic problem of inadequate space.

Your committee has investigated particularly two problems that have presented themselves many times during their investigation, to-wit: The need for a special custody building to house dangerous criminals, and two,—the need for a larger farm area for minimum custody prisoners.

Your committee seriously considered the need for some sort of a small Alcatraz-setting in some remote place to care for incorrigibles and the dangerously violent type of prisoners, who though in generally small numbers, always constitute a menace to the rest of the prison population, prison officials and their families.

In connection with this particular phase of the problem your committee recommends, one—that study be given toward erection of a separate cell block within the penitentiary walls at Walla Walla to house these difficult prisoners. Or, two,—the purchase of or construction upon an island similar to that maintained at McNeil Island be obtained for that purpose. On account of the very small space now existing within the prison walls at Walla Walla, is it believed that the latter recommendation offers the only sensible long range solution to this problem.

Our second conclusion is that there should be provided a considerably increased land tract capable of being utilized for various types of agricultural pursuits. Through this type of activity could be directed a large number of the inmates for whom hope of rehabilitation exists. From this varied farming activity a great deal of the institution's requirements for food, including meat, feeds, vegetables, etc., could be obtained. Both of these recommendations deserve serious consideration by this Legislature in the interests of good government and public safety.

In connection with Walla Walla, your committee has an additional specific recommendation. The present quarters used to house women prisoners is inadequate. The structures are not adequately large enough to meet the requirements found necessary. In addition, the recreational space provided was found inadequate. It is your committee's

recommendation that special consideration be given to this particular problem. Your committee feels that serious thought can be given to the construction of a separate building or buildings surrounded by adequate recreational areas to meet this particular pressing need.

Your committee further feels that the present quarters utilized for housing women inmates could be well converted into an institutional hospital for the entire penitentiary. The present hospital facilities could be used for expansion of the cell blocks.

JUVENILE INSTITUTIONS. Your committee has examined carefully the facilities and physical plants now being operated by the State in the operation of its custodial schools at Grand Mound and Chehalis. The immediate need of these institutions is for a more complete and adequate segregation of pupils.

This can only be achieved by the installation of a cottage type system of buildings instead of the present dormitory type. This situation is particularly acute at the present school in Chehalis. In addition, your committee recommends that sufficient appropriations be provided to employ school psychiatric advisors for both of these institutions.

Your committee further wishes to call the attention of the Legislature to the specific study in this connection carried by your interim committee on juvenile delinquency in which the basic remedies for the inmates of these two institutions are specifically set forth.

INSTITUTIONS FOR THE BLIND AND DEAF. Your State operates schools for the blind and for the deaf at Vancouver, Washington. The most pressing need of these institutions at the time of your committee's investigation, is for proper housing facilities to care for these handicapped children. The present old style dormitories upon the grounds of these institutions are no longer fit places for children to be confined.

Your committee likewise recommends in connection with these institutions, that these old obsolete inadequate and deteriorated dormitories be replaced by smaller units in order to provide a home atmosphere for the children under care there. Under a sensibly organized cottage type system, a man and his wife could be in charge of a smaller group of inmates and it would be possible to maintain a more home-like atmosphere, instead of the present system of crowding children of all ages in the same dormitory facilities. Your committee specifically calls attention to the fact that practically all of the furniture in the dormitory now in use is in need of replacement.

With the creation of a cottage type system, these smaller units of housing could be furnished in a far more attractive manner and in conformity with a home-like atmosphere.

VETERANS' HOUSES. Your State at present maintains two institutions for aged and infirm veterans. One at Orting, Washington and one at Retsil, Washington. The principal needs of both of these institutions is for expansion and rehabilitation of physical plants now being operated.

Your committee is aware of the fact that already veterans of World War I are beginning to apply for admission, and it is the belief of all parties reliably informed, including your committee, that the next few years will greatly increase the number of patients in such homes. This has been accentuated by the great number of Washington residents now eligible for attention because of their former military service.

With relation to Orting, your committee recommends immediate rehabilitation and expansion of present inadequate housing facilities. With relation to the old veterans' home at Retsil your committee recommends immediate consideration of a greatly expanded building program. On account of the favorable terrain your committee recommends that the present inadequate and dangerous buildings be replaced with smaller units set in staggered stages upon the hillside. This type of house is particularly adapted to this location, and has in addition the following advantages: Elimination of the present serious fire hazard, and second, increased facilities for access to the various units which should not be higher than two floors. These buildings could be equipped with ramps and so arranged that there will be easy communication between the various structures. By proper utilization of the contour of the land and the proper spacing of these separate units of housing, easy access for the patients could be obtained to either floor of any two-story structures that may be built.

DEPARTMENTAL RECOMMENDATIONS. This Legislature will be furnished with a copy of the sixth biennial report of the Department of Finance, Budget and Business. It is anticipated that within this report will be the specific recommendation of each superintendent of each State institution. Your committee urges that serious consideration be given to the recommendations of these experts. Your committee has found that the heads of many of these institutions have through long years of experience acquired

extensive specialized training with relation to the needs and requirements of their particular institutions. Your committee commends the majority of these institutional directors and urges that their recommendations be given serious consideration.

Additional specific recommendations of this committee: Your committee recommends that the committee, itself, be continued as a fact-finding body designed and constructed to execute and guide both the Legislature, the State officials and the heads of the various institutions to the end that both facility and service be offered and furnished to the handicapped, patients, students and inmates, and further that it use its influence to avoid petty criticism and harmful and uninformed publicity as methods to be adopted in the correction of such problems.

Two: Your committee fully recognizes the difficulties which exist by reason of improper facilities and equipment and staff. Your committee specifically feels that unjustified and uninformed criticism of institutional procedure and planning is without merit until these basic and fundamental requirements have been met.

Your committee feels that what the State institutions require first is the tools and the hands to work with, and that until these are adequately provided for, criticism is meaningless and harmful.

Three: Your committee recommends that the building requirements so urgently needed be immediately determined by this body, and arrangements and appropriations provided so that the same may be placed in the construction stage at the earliest possible moment.

Four: Your committee further recommends that necessary and adequate equipment for farm, maintenance and cultivation be immediately supplied so that the duties of the staff may be performed with modern and efficient tools.

Five: Your committee further recommends a thorough study of the salary requirements for all classes of institutional employees, and that upon completion of such study adequate appropriations be provided to put these salaries up to a par, the same classification of private industry.

Six: Your committee further recommends that the same accredited educational standards as those operating in juvenile institutions be applicable to those inmates of the penitentiary and reformatory desiring such educational advantages. In this connection your committee specifically urges the study of the creation of an educational branch in these institutions.

CONCLUSION. In conclusion, the members of your committee wish to call specific attention to the significant fact that during the recent wave of criticism exposing state institutions generally throughout the Nation, and the findings of various investigation groups throughout the Nation by means of newspaper and magazine articles, that the State of Washington has not been included in that criticism. Reports on these general situations reveal that the State of Washington institutions are not listed among those condemned for inhuman treatment of patients and inmates. The absence of this criticism does not imply, however, that our institutions are above criticism. Indeed, as this report indicates, there is serious need for improvement therein.

It is the hope of this committee and its serious recommendations, that the thirtieth session of the Legislature will take the necessary steps to fill the needs of these institutions as outlined in this report. Your committee and the individual members thereof stand ready and willing to assist your honorable Body by supplying additional detailed information concerning any one of the recommendations it has made or with relation to any one of the institutions commented on herein.

Respectfully submitted,

House Interim Committee to Investigate
State Penal Institutions.

H. C. ARMSTRONG, *Chairman.*
G. W. ADAMS.

MINORITY REPORT

Interim Legislative Committee on State Penal,
Reformatory and Charitable Institutions
To 1947 Session of the Legislature

An Interim Committee was appointed by the 1945 session of the Legislature to visit, inspect and investigate the State Penal, Reformatory and Charitable Institutions of the State, and report findings to this session. The Committee consisted of Senator Carl C. Mohler (D. Thurston County), Senator Thomas Waters (D. Whatcom County), Senator Harry Wall (R. Chelan County), and Representatives George Adams (D.

Mason County), Al Henry (D. Klickitat County), H. C. Armstrong (D. King County) and Arthur S. Cory (R. Lewis County).

Senator Carl Mohler was elected Chairman of the joint committee.

The Committee was allowed actual expenses, but no per diem for their work.

The State of Washington has under its charge some 12,000 inmates in its 14 institutions, and appropriated some 12 million dollars for current expenses during this past biennium which was not sufficient, as deficiency appropriations will be needed at once in order that the institutions can continue to operate for the balance of the biennium. These institutions comprise some 365 principal buildings distributed on more than 8,000 acres of land.

These inmates are in the following institutions:

The Western State Hospital at Steilacoom
 The Northern State Hospital at Sedro-Woolley
 The Eastern State Hospital at Medical Lake
 The Eastern Washington Custodial School at Medical Lake
 The Western Washington Custodial School at Buckley
 The State Penitentiary at Walla Walla
 The State Reformatory at Monroe
 The Boys' Training School at Chehalis
 The State Soldiers' Home and Colony at Orting
 The Washington Veterans' Home at Retsil
 The Girls' Training School at Grand Mound
 The School for the Blind at Vancouver
 The School for the Deaf at Vancouver
 The McKay Memorial Hospital at Soap Lake

We have visited all the institutions, some many times. We did not go with the majority of the committee at all times, because we feel that an inspection trip of a few hours by an entire committee cannot possibly give a very accurate picture of the conduct of an institution. During such a visit, generally known about in advance, conditions are at their best, everyone is on their "Sunday" behavior, and any way the professional conduct is only known by careful, accurate inspections by men trained and experienced in the respective line of the institution under inspection.

The majority of the committee evidently did not desire such examinations made, nor conditions accurately reported nor known.

For example, practically every institution has the need for educational facilities for its inmates. What they do have are acknowledged by the respective superintendents and staff to be inadequate, and not at all commensurate with the obligations owed by the State to its public charges. The superintendents, we believe, would welcome aid and assistance in organizing and conducting adequate schools and training courses. We requested the committee to have a survey of each institution made by Dr. Geo. D. Strayer and his associates, to give the State accurate impartial nonpartisan report as to improvements needed and recommendations for betterment in these educational facilities. We stressed the fact that these men were trained, experienced and have conducted successful surveys in similar institutions in other States. They were selected by the Governor himself for the State School investigation, and thus would give a survey strictly non-political, but solely intended to improve conditions for these thousands of inmates. Being on the ground and engaged in other state projects, the expense would not have been excessive, and the results might have been most helpful. Surely the State owes educational opportunities to all, including the handicapped and backward in accordance with their abilities and the practices of sister states.

Our request was totally ignored.

At our request, Professor Clarence Schrag, a member of the faculty of the University of Washington, who majored in sociology and who had made a survey of the State Penitentiary for a previous State Interim Committee, was selected to make a report on the reformatory at Monroe. He spent some time at the institution, gained the confidence of the inmates, studied conditions and made a written report of his findings, and offered practical suggestions for improvements along several lines. This report was given to the Chairman of the Committee about November 1, 1945. We made numerous requests to see the report and to be furnished with a copy. However, it was not until August of 1946, (over nine months after its completion and delivery) that a copy was promised us and then only that it would not be made public for several months. Delivery was made to us in September.

This report cost the State some \$400, and of what benefit was a report ten months old, and *why were not all members of the Committee given a copy promptly?*

Is it possible that the reason was because the report abounded in some remarks as these?

"Despite the fact that the institution was appreciably cleaner at the end of the month's investigation, the housekeeping practices are ineffective, and this seems to be caused by a lackadaisical attitude toward cleanliness among officers who supervise the janitorial duties of the inmates. For example, the inmates working as janitors in the administration building seemingly are without official supervision. A thirty day check of one of the rooms assigned to an official revealed the fact that the floor was not swept during that time. * * * *"

"The officers' and inmates' kitchens are the most unclean sections of the institution. The officers' kitchen needs repainting, and the floors are in poor condition. Screens have been placed on the windows, but they are full of holes and of little effect. One morning several members of the parole board and the investigator observed a mouse crawling through the holes in one of these screens. Shelves, tables and corners are occupied by inmates' extra clothing, and inmate employees do their own laundry here. Dishwashing is inadequate, consisting of a soap-and-water treatment and rinsing in warm water. Refrigeration is ineffective and inadequate. This kitchen probably is the source of much waste as inmates working in other parts of the administration building were seen getting unauthorized meals. If it is impossible to provide civilian supervision, it may be well to appoint a certain inmate to keep the place clean.

"Similar criticisms apply to the inmates' kitchen inside the walls. Windows are not screened. The screen door at the rear is tied in an open position. On one occasion inmates were seen washing dirty socks in the main sink just fifty minutes before the lunch hour. The floors and walls have been cleaned, but a very inadequate drainage system causes filth under the steam pots. Metal covers for these drains rarely were found in their proper places. Steam lines feeding the pots are bare. Many of the dishes are chipped, cracked, or stained and should be replaced. Since there are not sufficient dishes for all, it is necessary to take those from the inmates who finish eating first, wash them quickly, and use them again at the end of the line. This hurried rinsing is a threat to the health of the inmates. For sterilization, dishes must be immersed in boiling water at least a half minute."

"The kitchen is littered with clothing and other inappropriate articles. Boxing gloves and other athletic equipment are stored in the ice room. Six pairs of shoes were noted in a desk in the butcher shop office.

"The lavatory for cooks and kitchen help is in a filthy condition. Wood and metal partitions have been removed, but because of the unhandy arrangements of pipes and drainage, it is hard to keep clean. Inmates playing in the yard near the kitchen use this lavatory and keep it overcrowded.

"The store rooms and hallways in the basement under the kitchen are poorly lighted and ventilated. On several occasions the entire basement floor was flooded because of faulty manipulation of the water valves in the control room.

"Housekeeping in other parts of the institution is little better. * * * *"

"There is much rubbish, garbage, and waste paper collected in piles throughout the institution. This is particularly true of the wooden rack at the rear of the inmates' kitchen. Garbage cans left uncovered. In the large enclosure behind the power house, non-trusty inmates have access to a large junkpile from which pieces of pipe and metal might be secured for use as weapons. Such a piece of pipe was discovered cached in the cell house. * * * *"

"Machinery in the laundry, garage, machine shop, and carpenter shop expose moving parts which should be guarded. * * * *"

"The sewage system is highly inadequate and fails to meet the state legal requirements. Wastes from the farm are discharged in a roadside ditch along the state highway leading toward Snohomish, and afford a nuisance to the farmers living the area. Sewage from the housing and administration buildings is disposed of through coarse bar screens, a septic tank and then into a slough of the Skykomish River. The effluent is very turbid as the treatment is ineffective, and this causes much pollution. There reportedly have been many complaints regarding this situation. * * * *"

"There is no in-service training, and very little supervision so long as the count is right."

"Because of the war time difficulties in securing good officers, their calibre is usually low. Some are unable to cope with the illicit activities of the wily inmates. The low quality of officers partly due to the lack of minimum standards, or job security. This is important because penal administrators agree that any prolonged dealings in contraband must involve the collusion of officers with inmates. * * * *"

"The present superintendent assumed office without receiving an inventory check-list from his predecessor. One of Mr. Ryan's first acts was to have each department head make an inventory of materials on hand. Despite this, the records throughout the institution are inadequate, inaccurate, and involve much duplication. Many of the officials are burdened with meaningless paper work. * * * *"

"The investigator found some sixty inconsistencies in release dates for different inmates (list was checked with director of classification). * * * *"

"There is no usable record of articles issued to inmates. In the detail office, where inmates secure clothing and various supplies, the only account is a chronological listing of articles issued and names of inmates to whom they were issued. * * * *"

"There are no suitable inventories in any of the maintenance offices except the kitchen and the commissary. The commissary records are almost meaningless, however, in view of the fact that many supplies are purchased and delivered without being checked there. There is no routine method for making purchases, and this aspect of the institution's business is handled in a very unsystematic manner. * * * *"

"The financial records are of doubtful value. * * * *"

"When released, the inmate is returned any personal property taken from him at the time of his admission. Because of the carelessness with which inmates' property, particularly clothing, is handled, it sometimes is not possible to do so. * * * *"

"The supervision required in this critical period of initial adjustment is distinctly lacking and a number of harmful practices among the inmates is the result. * * * *"

"It is doubtful that the staff has a clear conception of what is intended by a classification program. * * * *"

"There is some evidence that medical treatment and records are not of a high calibre. * * * *"

"The dominance of restrictive discipline is again indicated by the lack of a well established program of vocational training. * * * *"

"The present atmosphere of suspicion and intrigue among officials as well as inmates is not one of which cooperation such as that needed for a successful council is likely to develop. * * * *"

"One obvious reason for this unfortunate condition is found in the inexperienced, poorly qualified guards. Some are corrupt, as indicated by the fact that several were discharged during the investigation for trafficking in contraband * * * *"

"Inmates, cells, and shops rarely are searched for contraband. There is no procedure for regulating the shake-downs, and each officer uses his judgment in the matter. * * * *"

We asked for surveys to be made by experienced, trained, non-partisan, capable men of other institutions, but so far as we know, none was ever made.

Accompanied by Senator K. Reardon, of Monroe, and Clarence Schrag, who rendered the report on the institution a year ago, (which was held up for some ten months before we were given access to it) we again inspected the institution hurriedly early this year. Some improvements have been made, but we feel the criticisms and suggestions for improvements offered are still valid and should receive more attention from the institution's management and the State Department.

The population is only about 400, considerably under its peak population of some time ago. The inmates are mainly young men, many having been previously at the Training School at Chehalis or some other similar institution. It is probable too many will end up at the State Penitentiary at Walla Walla or elsewhere.

In this connection, it is very evident that the State is expending many thousands of dollars annually for maintenance of the reformatory and penal institutions, plus capital outlays, and practically nothing for constructive intelligent effort to improve the morals and habits of these inmates. The institutions seem simply cells to incarcerate them during the term of their sentence. Why would it not be wise to spend funds for training, schooling and personal effort for rehabilitation?

We sincerely believe a constructive program would produce benefits, both financial and moral.

Can the State or its citizens justify its failure to remedy a condition where our young boys and men graduate from training schools to reformatory to penitentiary and then again have some 50% return for additional terms?

No programs seem in effect now or any efforts being directed along this line. We have many agencies whose sole purpose is a better life and more wholesome living. Is Christianity a failure? Are there no rewards for a better life? Our present methods are a failure. Let's seek improvement.

As to conditions in the institutions, may we quote from a news item in the Seattle "P. I." under date of August 18, 1946 purporting to be an interview with a majority member of the Committee—*"Deplorable conditions prevail generally in State Institutions."*

"He blamed former Gov. Arthur B. Langlie's 'lack of action' for many evils which he frankly conceded still exist in state institutions.

"Over crowding, unsanitary and unsafe buildings and a lack of recreational facilities all are common in many of the State's 14 institutions, was contended.

"3 CITED AS WORST.

"Specifically, the state reformatory at Monroe, the state penitentiary at Walla Walla and the state custodial school at Buckley were cited as the worst.

"Didn't have baseball.

"Despite the fact that Monroe prisoners had earned money on outside work during the war we found them playing ball with a sock stuffed with old newspapers,' the article stated.

"Monroe is supposed to be a reformatory for first termers and the young—not a prison for hardened criminals. Yet we found schooling there nil, the shops poorly equipped and recreational facilities poor.

"On a visit to Monroe I found an inside clique so well organized that I could buy dope from a convict."

"It was charged that conditions at Walla Walla 'were much the same as at Monroe,' and that the state penitentiary was a 'sore spot, old and obsolete.'

"There is no program for rehabilitation there,' he said. 'Band instruments were battered and broken' and there was no band, no decent recreation rooms that are so badly needed when the weather is inclement.'

"The idea that men should just stay there in their cells and rot has prevailed. Few people realize that they are human beings who have been caught, when you and I haven't.

"Some of the old guard near had a fit when it was suggested that there should be pool tables, swimming plunges, checker and chess games for the model inmates.

"Sure, some of them are beyond the pale, but I believe that more than 75% of the prisoners can be rehabilitated with fair treatment.

"The practice of 'throwing youths and hardened criminals haphazardly together' at Walla Walla was deplored.

"Improvements that will keep Chehalis and Grand Mound (the girls' training school) from 'being prep schools for Monroe and Walla Walla are necessary,' was asserted.

"Another thing, if a convict expresses a desire to work in a shoe shop they put him on the prison farm, and if he wants to farm they put him in the shoe shop,' the article continued.

"We found some Steilacoom patients bedded in a basement, with barely enough room to edge between the beds. The floor had rotted away and you could see the dirt and rocks below.

"The night before we visited there, one old person had been choked to death merely because his snores disturbed a near-by patient's sleep."

We have never seen any practical suggestions for betterment of conditions presented by any of the Democratic members of the Committee.

We have never made any such charges ourselves to conditions.

The Schools for the Blind and Deaf at Vancouver:

The former has about 70 students and the latter about 140. The plants are generally in good condition, although, of course, repairs and reconditioning are needed. The managements are requesting additional sums for capital outlay. Their suggestions have been supplemented generally by the Central Labor Council of Clark County. It's a healthy condition where labor studies the needs of our handicapped children and are willing to aid in improving conditions.

Whether the State at this time has funds for extensive capital outlay for so few children, we do not know. Neither are we sufficiently qualified to advise whether the educational policies are adequate and in line with similar institutions in other states. Surveys by trained, experienced investigators should be made. Of course, the schools should be free from politics in selection of employees and instructors.

The Custodial School and Eastern State Hospital at Medical Lake:

We have visited these institutions several times and uniformly found physical conditions good, the buildings clean and well kept. Parents, relatives and friends seem welcome and in touch with conditions, and no complaints have been received. Both

institutions need additional trained employees, including doctors. During the war and since its end, improvements and repairs and replacements, desired and needed, and for some of which funds have been appropriated were not able to be made and the funds spent judiciously and economically. The physical plants should be maintained on a high level and every improvement possible be made.

The appropriation committee should give friendly and careful study of needs and requirements for funds for capital outlay as requested by Supt. Mason and Dr. Perry in charge of the institutions. Both seem capable and qualified, and intensely interested in the proper care of their charges.

Surveys by experienced, professional experts acquainted with custodial and mental hospitals are required to know if the best technical, scientific and medical practices are in vogue, and all modern equipment available for highest grade of service possible for patients.

The State Training School for Boys at Chehalis:

For months, we wrote to the Chairman of the Committee to have an investigation of conditions at the school. Boys were escaping "in droves", stealing cars, burglarizing homes, and rumors were rife conditions were unsatisfactory. No attention was paid to our requests.

In August, 1946, as result of beatings of boys and its attendant publicity, a public hearing of conditions was held at Olympia by the entire committee and the correctness of our request for investigations was fully sustained.

The Majority of the Committee in their report seemingly approved the conduct of the school and its policy of brutal lashings. We quote from portions of our Minority Report:

"After the hearing in Olympia and the inspection of the school the following day, it is very apparent that brutal beatings of inmates is a common practice and should be at once stopped. Surely the approximate 40 strokes with a double leather strap, reinforced with an additional piece of leather and a saw blade, applied to the naked legs and buttocks of an undersized 14 year old boy, while held by larger boys, or by a large man in front of an entire "company" of other boys is no case of mere "spats."

"Evidence, admitted and not disputed, revealed similar beatings common practice, and it was not denied that promises of 50 lashes were made. The ineffectiveness of such harsh and cruel treatment is clearly shown by the continuing and constant stream of runaways. One even occurred the night before our visit.

"The legislative committee on Juvenile Delinquency in their recently issued report on the State Training School said, 'That the work program of the institutions be made a part of the well-planned educational-vocational program; that less emphasis be placed on an elaborate system for discipline and the earning of credits, and more placed on growth, development and guidance of children; that in the state training school for boys all remnants of a system of corporal punishment be abolished and the 'police' aspects of the boy government program discontinued; that at least one professional case worker be employed for consultation service at each institution.

"That psychiatric service be made available at each institution, preferably through the Department of Mental Hygiene of the State Department of Health.'

"A recent handbook of the U. S. Department of Labor, Children's Bureau, said, 'No corporal punishment should be permitted in institutions. It is not the best method of correction.'" It is also said, 'Punishments which humiliate or degrade should not be inflicted. These are relics of barbarism and have no place in any institution for children.

"Referring again to our State's Legislative Committee on Juvenile Delinquency, prepared in conjunction with the National Probation Association, a national professional organization, said 'The farm, shop and maintenance personnel are tradesmen, but have no specialized training in boys' work or vocational guidance. There is no case work done by the staff, nor do any of the staff members have case work training or experience.'

"It is apparent employees are selected for political activity rather than because of ability, experience or vocational aptitude. There are no Boy Scout troops or 4-H Clubs as with former administrations.

"As the Juvenile Committee truly says, 'The very essence of the juvenile court program is found in the quality of the judges, probation officers, and others who actually deal with children and their problems. Buildings, equipment and systems are secondary to this. In all of the efforts to find 'answers' to juvenile delinquency, one thing has been demonstrated. It is that the measure of success of any juvenile court, probation and detention program will be found in the degree to which it provides trained, ex-

perilled and understanding persons in sufficient numbers to make possible highly skilled and individualized work.'

"It also says concerning the school, 'There is a system of boy government in operation with a mayor, chief of police, and other 'officials'. There are thirty-five elected boy 'police', chosen from those having 1,000 merits or more. These boys wear badges and Sam Browne belts, and their work is primarily that of preventing and recovering runaways.' From the number of runaways—what a success they are making!

"We inspected the dining room while the boys were at lunch. No provision for teaching common table manners; no supervision for improving their habits; no proper serving.

"In agreeing with the Legislative Committee on Juvenile Delinquency, (composed with one exception of ardent democrats) that the school administration need reform and improvement in many ways, and that cruel and brutal punishments of the dark ages should be at once stopped, it is apparent that partisan politics is no factor in our desire to eliminate mismanagement, brutality and incompetency. Many of the buildings at the school are fire traps, inadequate for their purpose and not suitable for modern state needs for delinquent boys. Cottages should be built so that segregation of inmates may be possible and individualized training given the boys, many of 10 to 12 years, or less, in age, at once; a new administration building and hospital are necessities.

"Both the Boys and Girls Training Schools should be taken out of partisan politics. Their staffs should be trained and qualified; their employment should not change because of political elections; they should be adequately paid, and have proper retirement pensions; opportunities for promotion and advancement should be provided."

The State administration has continued the same officials in charge and made no apparent change in the policy of the School. *We recommend a new superintendent be employed, a more capable staff, free from political control, be secured at once.*

There is no evidence that this is a training school for a better life. The treatment is making hardened criminals of many, who will graduate shortly from Chehalis to Monroe and Walla Walla. The Rivers boy, whose mother caused the investigation, was recaptured after his escape in a stolen car. He is seemingly worse in morals than when he first was committed to the institution. The same seems to be true with many others.

This School is almost our last official opportunity to reform bad boys and save them from a life of crime or penal incarceration. Every boy not saved, who goes to another institution, is costing the State thousands of dollars for maintenance and deprives the State of a man who might have been a good citizen if conditions had been improved.

Experience amply proves that brutal punishment of criminals does not protect society, nor deter others from committing similar offenses, nor reform the criminal. As the constitution of Oregon truly says, "Laws for the punishment of crime shall be founded on the principles of reformation and not on vindictive justice."

We are not experts in handling delinquent juveniles, but we know that other institutions provide as punishments, instead of beatings and floggings, such punishments as preventing boys from making curios, or pursuing their favored hobbies. They aren't allowed to write home, go to movies, no recreation, no assignments to the band. They cannot participate in public athletics, they lose their positions on the baseball, football or basketball teams. They sustain a loss of "good time" and have to stay in the institution for a longer period. They are retained in their room and are not given the same meals that others enjoy. In fact, there are a number of punishments which will help maintain discipline in a better way than brutal floggings.

The State Penitentiary:

We desire to approve a recommendation of Supt. Smith in a recent report: "Under conditions prevailing at the Penitentiary now the conduct of religious services for the men is very difficult. It has been suggested that the Council of Churches, or some other organization outside of the Penitentiary, would be willing to underwrite the cost of a small Chapel on the Penitentiary grounds to accommodate around 200 inmates for the exclusive use of religious groups. Such a Chapel would encourage church attendance which should beneficially influence the reformation of at least some of the men here."

If not done by the Council of Churches, then the State should erect such a Chapel. There are Chapels in the nearby army posts recently declared "surplus" that could be secured, no doubt, by the State at practically no cost. This matter should have prompt attention by the State.

Along this same line, at a private conference with the Inmates' Council, a request was presented for the employment of a chaplain for full time duty. An army or navy chaplain, experienced in dealing with men, friendly, companionable and truly Christian, would be a most valuable addition to the staff.

Most of these inmates will leave the institution at some time and re-enter civilian life,—should we not sincerely try to enable them to better and not worse?

We urge the employment of a competent chaplain.

Is this Institution to be a place of punishment only, or a place of rehabilitation? Shall we try to make men better or worse? About 50% of those discharged return to this or some other similar institution. Is it not possible that greater efforts for reform and aid might not greatly reduce this return of inmates?

We also heartily approve two other recommendations of Supt. Smith:—

“Perhaps the most distressing feature of our present penal practice is the great variation that exists in sentences irrespective of the operation of the 1935 Act which created the Board of Prison Terms and Paroles with the thought that through such a Board reasonable consistency in procedure could be obtained. The first great source of difficulty and unrest within the Penitentiary arising out of existing criminal prosecution practices is the Habitual Criminal Law. There are today in the Penitentiary at Walla Walla approximately 40 men committed here under life sentence as Habitual Criminals whose criminal records and whose most recent crimes are in many cases less vicious, spectacular or indicative of habitual criminal tendencies than are the records of many men who are serving moderate sentences and are currently being released from day to day upon parole. I do not wish to argue that the Habitual Criminal statute should be repealed, on the contrary, I think it should be retained but it should be modified to the extent that after a man has served a minimum of 10 actual years in the Penitentiary he may then be considered for parole; the life sentence feature to be retained and the particular parolee to remain under jurisdiction of the Board for such a period of time as they may feel is in the public interest and in the interest of the parolee. It should be understood further, in the event of violation of the parole such person having been adjudged to be an habitual criminal should be returned to the Penitentiary with the understanding that he will not again become eligible for parole consideration until he shall have completed another 10 year period. This would seem to me to provide a measure of hope to those men who are now so confined here and at the same time would constitute ample protection for the public at large.

“Secondly, I think that for reasons which are not now apparent, the Parole Board has from time to time fixed minimum sentences which are, in all good conscience, excessive, unreasonable and capricious. The Board refuses to reconsider such sentences on the ground that the Attorney General has ruled that a minimum sentence once fixed cannot be altered by the Board. I am not arguing that this is not a good rule ordinarily but I have in mind a number of cases of men now being held in the Penitentiary for terms of as much as 36 years for crimes for which other men with longer records and in which the circumstances of the particular act were more aggravated are serving sentences of 5 years or less. Surely it would be reasonable to provide by law that after any man has been in the Penitentiary for a period of 5 years, at which time the Board is required to see him in any event, that they might then consider the question of the fitness of his original minimum sentence and make such adjustment in regard thereto as circumstances seem to warrant. It is probable that in certain heinous crimes the legislature might see fit to provide that the Board could not in such cases review or re-fix minimum sentences at less than 7½ years or 10 or some other stated period of time. This would still leave the opening necessary to give proper consideration to men who may really achieve reformation after their commitment to the Penitentiary. It also provides some grounds upon which the Superintendent of the Penitentiary can work with and hold out to inmates with a good rehabilitative potential, a prospect of freedom based upon good conduct, good work and adequate preparation for release.

“I think that very careful consideration ought to be given to the matter of inmates committed here for the crime of murder in the 1st degree and under mandatory life sentence. I am not so sure that the Board should be permitted to do more than recommend clemency in these cases and, of course, in no case should the Governor's prerogative of pardon, either full or conditional, be impaired, but I do think there are a number of people in this penitentiary who have been committed here for life for a 1st degree murder who should some day be released. I am thinking particularly of a group of five or six boys who were committed here when they were 15, 16, 17 and 18 years of age and who have now served 10 years or more in this institution, whose crimes were the result of juvenile irresponsibility and perhaps vicious environment, nearly all of whom have made excellent records in the institution and who, in my opinion, could now be more safely released than many others who are being permitted to go at large. All of these men are aware that if they are released on a conditional pardon that violation of the conditions and return to the Penitentiary would probably mean that they would have to

spend the rest of their life here. Such a frame of mind would seem to produce the maximum determination on their part to make good and to keep out of trouble. The records of men who have been conditionally pardoned under similar circumstances seem to bear out this theory." (End of quote)

We also believe that in case of need, "gate money" should be provided for inmates in sufficient amounts so that they can have transportation to their homes or places of employment; work clothes suitable for their job and sufficient funds for food and lodgings until pay day. An inmate should be given a square deal and an opportunity to "go straight."

We recommend that the Governor appoint a nonpartisan board of prominent civic minded men and women from all portions of the State, representing labor, agriculture, education, religion, business and the professions, interested in social problems and not connected with the Legislature, who would organize a Washington Prison Association to be affiliated with the National Prison Association and other State Associations. These are community chest organizations devoted to the prevention of crime as well as the correction of criminals. Such an Association in our state could be most beneficial.

We believe greater care and advance planning should be made so that more of the inmates of both the Reformatory at Monroe and the Penitentiary at Walla Walla should be profitably employed throughout the entire year. It's harmful to morale and injustice to the individuals to have too long hours in a small cell. During the summer, labor outside is possible, but these workers are idle too long in the winter.

For example, why could not the license plates be made during the preceding winter, and then have summer and fall for outside and other employment?

We believe equipment should be provided so that more needs of all the State Institutions could be supplied and serviced by inmates of these two penal institutions.

Intelligent and painstaking planning for employment, not competitive with local citizens, can pay dividends in many ways.

Washington State Training School for Girls at Grand Mound:

This institution now has only 59 girls ranging in age from 14 to 18, with an average age of probably 16 years. They have 30 employees. Of course, with this number of employees they could take care of additional girls with little additional expense.

The Superintendent is Mrs. Jennie E. Horton, who came from the Penitentiary at Walla Walla where she was matron of the women's division. She has been there for about 18 months.

With the few inmates which are there it would not seem as though any great additional expense should be incurred. They state that their greatest need is a visit from a psychiatrist, and also at times to have a beauty operator who could teach the girls the trade so that when they are released from the school that they have an occupation. Perhaps additional trade opportunities should be taught. While the institution desires some cottages, we are wondering if on account of the small number of inmates if much additional expense should be incurred at this time.

Washington Veterans' Home at Retsil and State Soldiers' Home and Colony at Orting:

Our inspection of these two institutions is not recent enough that we feel a report would be accurate and sufficiently beneficial, and for that reason are making no comments at this time concerning either of the above institutions.

The Washington State Hospital at Steilacoom:

This institution, founded in 1871 as a mental hospital, now with 2800 inmate patients is our largest State Institution (we do not include our colleges and universities in this classification, of course).

"Its purpose is the care, cure and rehabilitation of mental patients. Before the war, one American in 13 or 14 had either a sick mind or a defective one. Now one in 10 has crumbled. Not all will be hospitalized. Now Doctors estimate that one American in 20 now alive will spend some time in a mental hospital before he dies."

"We today have more sick and defective minds than there were soldiers killed in all our wars from the Revolution through World War II."

The institution has about 350 regular employees, with some 65 extra, student, part time-patient additional. The area is 838 acres, with 57 principal buildings, with an estimated cost of about 4 million dollars.

Although the 1945-47 appropriation for salaries, wages and operations was \$2,400,000 (\$100,000 monthly), the per capita daily cost was only \$1.193.

When this is compared with the per capita cost for general hospitals in Western Washington of \$7.00 per day for ward and \$9 for private rooms, plus \$40 for rentals for major surgery, the great difference sticks out like a sore thumb. The veterans hos-

pital at American Lake advises the per capita cost for 1946 fiscal year (July 1, 1945 to July 1, 1946) was \$4.22, of which \$3.204 constitutes salary.

The American Psychiatric Association this year states that cases cannot be properly taken care of in any mental hospital for less than \$5 per diem, for acute, subacute and convalescing cases and \$2.50 for various types of chronic cases.

We mention these figures that the Legislature may properly consider the needs and the requests of our three State mental hospitals for increased appropriations to properly care for the hundreds of our citizens who annually pass through their doors. This institution has an average of 1000 a year admission. Nearly half from King County. The biennial percentage of discharges to admissions is 59% (41% the first year, 77% the second year.)

Again we mention the advisability of considering an increase in compensation from those financially able to pay from \$4.50 a week to at least the actual cost. Reports show only \$300,500 was collected from legally responsible relatives for care of patients in our State hospitals for the biennium. This was hardly half the cost for their expense.

The W. S. H. is accredited by the American Psychiatric Association, the American College of Surgeons, the U. S. Health Service and the Council on Medical Education and hospitals of the American Medical Association and the Mental Hospital Survey Committee as meeting required standards.

The first mental Geriatric building in the United States was completed and occupied April 1, 1945 by 300 elderly male patients. This is complimentary to our State in recognizing the trend that we are becoming a nation of elderly people, and human life expectancy which doubled in the past few decades led to an increased number of mental derangements.

Is it not possible our leadership in "old age pensions for dependents" may draw an unusual number of aged to our State from other parts of the Union and thus our proportion of those needing these services may unduly increase?

A new nurses' home which cost \$230,000 was occupied in February, 1946, and accommodates 86 students. The Federal government contributed \$70,000.

The days of untrained attendants and nurses are rapidly passing. This means increased costs as well as better service.

In November, 1945 a unit of specially picked convicts were placed in the Hospital. On the whole their services were satisfactory, but the plan was discontinued in May of this year.

The W. S. H. renders special medical and hospital services to other State institutions. The wards of these institutions are brought here for diagnostic, medical and surgical procedures, not only rendered by members of the staff, but by specialists employed from the medical centers in Tacoma and Seattle and the new Medical School in the University of Washington. This institution might well be financially reimbursed for this extra cost from other budgets.

The medical staff has twelve active members besides the superintendent. They have a courtesy staff as mentioned previously.

With the increased wages being offered by Veterans' Administration for capable doctors, it is likely the pay roll here must be increased or a capable staff cannot be retained.

A new modern Greenhouse, costing \$40,000 in addition to salvage material from old Greenhouses, is under construction. "The Greenhouse, landscaping, flower beds and floriculture departments give interesting, pleasant and curative occupation to many people."

About 10,000 meals are served daily in the institution. Much of the produce is raised on the farm. All surplus products are canned, pickled or dried and they furnish other state institutions with dressed pork, eggs and turkeys.

The institution for years has been locally famous for its outstanding dairy herd. It now consists of about 230 head of registered holsteins, which produce an average yearly cow production of 14000 pounds of milk and 485 pounds of butter fat. The claim is presented that no other holstein herd in the world is known to have bred or developed as many high producing, long lived cows. The herd has several producers with world records.

The Legislature might well consider whether the institution should be a "dumping" ground for the various counties' indigent cases. Perhaps the Social Security Department should reimburse and supplement the appropriation for hospital services.

A true merit system should be open for all employees, combined with a sound retirement plan. They should be offered professional careers, with adequate compensation, free from political control or partisan domination. Pleasant places for off duty

hours and opportunities for advancement as ability, training and qualifications warrant.

Those who have read "The Snake Pit" by a young woman concerning a patient in a State mental hospital should also read an article in the September, 1946 Pageant magazine entitled "Facts the Snake Pit Did Not Tell" by W. B. Pitkin.

Such happenings do not occur in a properly supervised hospital if adequate funds are provided for its maintenance and employment of proper employees.

The Western Washington Custodial School at Buckley:

This is the "baby" institution of the State. The Legislature of 1937 took cognizance of the fact that the Eastern State Custodial School at Medical Lake had become over crowded and in need of considerable enlargement and the fact that a large part of the State's population resided west of the Cascades, and so placed the new badly needed institution one mile east of Buckley. There are 1300 acres—about 600 level land—balance hilly, suitable for range for cattle.

The first children were admitted in October, 1939. There is a population at the present time of 700, of whom 75 are under 10 years of age, 82 from 10 to 14 and 217 from 20 to 29. The present buildings were built to accommodate 450, so it is no wonder some of the 250 surplus are housed in wooden dormitories. *These are in poor condition and might prove a death trap to scores of helpless children in case of a fire.* There are nearly 500 additional children already committed to the institution whom they cannot receive until additional facilities are available.

Four new buildings are under construction, which will cost some \$850,000 and house some 300 inmates. Occupancy is hoped for about July 1st. Additional buildings seem imperative if the needy children are to be placed in an institution.

There are some 85 "spastics" in the population. Few of these are mentally proficient, and many would be in the institution regardless of their other physical handicaps.

The budget for past biennium was for \$900,000 and this institution should perhaps be given a special grand award for living within the same. We are told no deficiency appropriation will be needed to finish out the term. Of course, however, we must all agree that the services would have been better if the Governor had not arbitrarily cut all budgets 10% last session. Because of this, the School has no band, no music teachers, no band instruments and other needed modern requirements.

Still it's refreshing to have the budget allotment respected. Many other institutions and departments of the State government learn to respect the law and live within their budgets.

We believe the people of our State desire the children committed to our custodial school to have proper care and treatment.

We concur in the statements of needs of the School as outlined in Superintendent Lash's biennial report issued in November, 1946—abbreviated—

"NEEDS OF THE SCHOOL

"With the overcrowding, we have another problem which is very difficult to overcome. That is, the inability to secure an adequate staff; adequate from the standpoint of numbers as well as from the standpoint of professional training. It is almost impossible to secure teachers, therefore, we have been doing the best we could with the personnel available.

"In the budget submitted by the institution for the next biennium, it is recommended that additions to the staff be made of professionally and technically trained people as well as an increase in the number of attendant counsellors. Also, the five day week is recommended. This forty hours per week is recommended for several reasons. First, the person who gives his all to these children is so exhausted physically and mentally that he or she needs two days away from them to recuperate so that on the job they may be kind, considerate, patient and deal with their problems intelligently.

"In the matter of salaries paid to employees the State of Washington being of necessity in competition with industry in securing personnel, must pay adequate salaries. Another factor involving salaries is the rapidly advancing cost of living which must be taken into consideration. It is recommended, therefore, that adequate salary increases be provided for all employees.

"In connection with better service, it is recommended that a merit system of a nature which will protect the honest faithful employee in his job and at the same time permit speedy elimination of dishonest, indifferent, or brutal employees be provided. When job security is provided adequate salaries maintained, and decent working and living conditions available to employees, then and not until then, can in-service training programs be instituted so that every employee who comes in contact with one of the inmates will be sufficiently trained in observing symptoms of mental defects

or symptoms of physical illness to be able to make an intelligent recommendation to the professional and technical staff, which they in turn will follow through in the interest of the child's development.

"Many citizens of the state come to the institution with children who do not appear to be developing normally. At present, there is no laboratory for child study at the institution. It is recommended that funds be provided for setting up a clinic not only to study the child after commitment to the institution has been made, but to provide facilities for parents who would like to know more about their child to the end that mental deficiency can be diagnosed early in the child's life and properly referred to psychologist, endocrinologist, ophthalmologist or other specialist. In the light of modern information relative to mental deficiency its causes and consequences, it is felt that such an early diagnosis and reference to proper medical service would prevent progressive mental deterioration in many cases. Further, if such a laboratory were available, even though some of the children are along in years, their condition could be improved to that point where more could be returned to normal society with a greater expectancy of making a satisfactory adjustment. It would seem that the state must take this forward step because the number of mentally deficient persons expecting domiciliary and custodial care by the state is not decreasing. On the contrary, it is increasing alarmingly. Consequently, any efforts that can be put forth to prevent or alleviate conditions which produce mental deficiency must be adopted. It would seem that the money spent in preventative efforts would be an economical expenditure.

"Finally, under the present situation we find the budget under which we have been attempting to operate for the past two years entirely inadequate. We have lived within it because that was our understanding of the law. The Legislature had appropriated only that amount of money and therefore many activities were not undertaken which should have been.

"Our budget has been inadequate for several reasons. First, there were not enough members on our staff to do the job as it should be done. We have practically no professionally trained people at the institution and the salaries were too low to attract people who were capable or to hold those who made growth and advancement on the job. To achieve the goals the State has a right to expect, these conditions must be corrected.

"A word must be said about something which is of primary importance and that is living conditions of employees residing at the institution. In short, they are intolerable and unless the state constructs an employees' residence hall with some provisions for social relaxation on the part of employees it will be practically impossible to secure additional employees when needed. We are remotely situated, we are isolated, we are at the end of the road, and whatever enjoyment or social relaxation we have, we must make ourselves. This we are glad to do, but we must have a place in which to live and we must have a place in which to hold some kind of social meetings so that employees may relax and thus become better able to do their job properly.

"Here are some other recommendations. Four buildings are now being built, but as indicated these will not begin to solve the housing shortage here. It is absolutely necessary that there be constructed at the Western State Custodial School immediately two additional custodial wards, six ward buildings, two cottages for boys similar to the one we now have, one cottage for girls, this to be used in training them in domestic arts for placement in private homes, two cottages for key personnel who are on call at all times, five cottages for farm employees who must be available at any time. At present there are three old cottages on the grounds used as residences for these farm employees. These buildings are a disgrace to the State of Washington and should certainly be replaced.

"It is contemplated by the law, and it is the desire of those in charge of the institution that as much as possible, we be self-sustaining. From the standpoint of vocational education, it is necessary that means be provided whereby children can be trained in various occupations. The amount of food thus provided is indeed a great saving to the taxpayers, as well as giving useful training to inmates. In this connection, the inadequacy of our farm buildings is unbelievable. We are now required to leave a portion of our herds without protection from the weather, and are forced to reduce our poultry flocks because we lack room for them at a time when we should be increasing them to feed additional inmates.

"At present there is absolutely no fire protection except small hand fire extinguishers. So again, the Superintendent recommends with all the seriousness at his command that an adequate fire protection system be installed immediately.

"My final recommendation is this: That during the time of approximately one year which will be required to construct the buildings outlined, some temporary arrangements be worked out to relieve the over-crowding here and to relieve the situation in many homes and communities resulting from boys and girls remaining there because of lack of space for their admission here. In addition to the 250 who over-crowd our present buildings, there are over 450 committed and awaiting admission, a total of 700 to be taken care of. The pressure exerted by homes, law enforcement officers, welfare agencies, etc., to do something to relieve the intolerable situation because a child is left in the home and community, cannot be solved by saying that we are now constructing buildings. It is therefore urged that some temporary place be found or provided to take care of those awaiting admission, and those over the 432 for whom we have buildings."

The Northern State Hospital:

This institution, located at Sedro-Woolley, has about 2100 patients, at least 60% of which are approximately 60 years of age or over. They have a present staff of about 285, with 88 student nurses, 16 cadet nurses, 11 graduate nurses and 6 doctors.

The farm consists of about 1100 acres, of which about 600 can be tilled. They are producing about \$10,000 worth of farm products monthly. Perhaps if production was priced at current purchasing costs this sum would be larger. They are credited with 3¢ a pound for apples, 3¢ for beans, 18¢ for dressed beef and 20¢ for dressed pork.

The herd consists of 169 holsteins, of which about 66 are cows now in milk production.

The farm needs tractors, trucks, a bull dozer and other equipment, all of which have been available from the war assets administration, but not secured. *We again call attention to the serious failure of the Department of Finance, Budget and Business to properly function and secure for the various institutions badly needed equipment and supplies.*

The kitchen which supplies some 7500 meals daily is poorly equipped. An old Lang coal and/or wood stove has been in use for years. It badly needs overhauling and modernizing.

The farm needs more buildings, none too expensive, but of a type to protect the cattle and other farm products.

As Dr. F. E. Shovlain, the present superintendent has been in charge only since November, of 1946, it is probable conditions of management will be improved and local dissatisfaction changed. He was on the staff of the Western State Hospital for some time.

Dr. J. W. Doughty, who had served acceptably under a number of previous administrations, both Republican and Democratic, was removed in December, 1946, nominally on account of age, but perhaps his refusal to accept political appointees may have been a contributing factor. He was succeeded by Dr. C. Halvorsen, who served for about a year.

We quote from the Courier Times, a weekly paper of Sedro-Woolley, concerning conditions this past fall at the hospital, September 5, 1946:

"Confusion at N. S. Hospital Grows Worse.

"Many Employees Fired; Wage Scale Upset; Morale Low.

"Following the discharge on August 31, of 50 employees of the Northern State Hospital, on the excuse of the necessity of reducing the budget many of those fired, have been taken on other jobs and quite a few new employees have been added. The resulting confusion has caused the morale of the hospital staff to be at the lowest ebb in many years.

"Inquiry at the hospital failed to uncover the reasons for the selections of many on the list of those purged from the institution's payroll, and nobody could be found who would accept responsibility for the selection. While many of the hospital employees are quietly going about their business, the general atmosphere is one of turmoil and squabbling.

"Of those who were fired, Dr. R. Rapp, has accepted a position on the staff of the veterans' hospital at Retsil and will move there. Dr. Frank Dwyer, who was given two weeks' notice, after some 25 years at the hospital, is retiring and moving to Bellingham. * * * *

"State officials accepted the resignation of Dr. Clifford Halvorsen as superintendent, in July, but are retaining him on the job, apparently indefinitely. The case of divided authority between superintendent and business manager which started much of the turmoil at the institution, is still keeping the staff in a state of uncertainty and unrest. * * * *

"Hospital employees cannot understand why the state officials, if they have enough confidence in Dr. Halvorsen to permit him to manage the hospital, have had him resign; or if his resignation was accepted because of alleged inefficiency as superintendent, why he is permitted to remain. In the words of a veteran hospital employee: "Things are in a worse mess here than ever before."

November 7, 1946

"With Dr. F. E. Shovlain, new superintendent at the Northern State Hospital, completing his first week as head of the local institution, a feeling of calm has replaced the turmoil and confusion which had to a large extent come to prevail among the hospital employees."

We sincerely believe that the inmates and employees of this institution deserve better treatment and more intelligent, careful attention from the office at Olympia than it seems to have been receiving during the past few months.

RECOMMENDATIONS:

There are a number of suggestions that may be considered by the Legislature and the State which apply to the State institutions:

1st. They should all be taken out of partisan politics and the employees hired and employed on a basis of experience, training and special qualification for the position. Neither for employment, or retention in their position, should they require endorsements by political state or county central committees, nor be required to contribute to political campaigns, primary or general elections.

2nd. Employees should be provided with an adequate sound financial retirement system to which they themselves contribute equally with the State; thus assuring financial security for their old age and assuring the State better service by satisfied trained and experienced and qualified services.

3rd. Better homelike living accommodations should be provided for employees. These folks are daily in contact with inmates with depressing conditions and personalities and need more cheerful and attractive quarters for their off duty time. Cottages for families and comfortable and pleasant apartments will help secure and retain more desirable and higher grade employees. In one institution as many as 20 people need to share a common bath, toilet and lavatory in two instances.

4th. The State should be more active, efficient and diligent in securing supplies and equipment from the war assets administration for the State institutions. There has been numerous sales of items daily needed by the State and yet purchases were not made. While some equipment and some supplies have been secured, it does not seem to us that sufficient intelligent and active efforts have been, or are being made. These items comprise such a large, valuable assorted number of needed items and can be secured at such low cost that supplies should be stored up in warehouses and the State saved thousands and thousands of dollars.

We repeat the State should greatly improve and strengthen its activities in this line.

5th. The State may well consider a change in the law relative to inmates of the two custodial schools and the three state hospitals. Regardless of the financial ability of parents, relatives or the inmates themselves, no payment is required from those in the custodial schools and only \$4.50 a week for the hospitals. While all agree the State has an obligation to provide the best service possible for all, regardless of ability to pay, still why should not the cost be required to be repaid to the State in cases where financial ability is found? Some States require partial costs, if entire cost works an undue hardship.

With the demand for constantly increasing services, reimbursement in many cases does not seem unreasonable or unjust.

6th. The Washington Spastic Childrens Society is urging segregation and additional aid for those citizens commonly known as "spastics". Is it possible that the McKay Memorial Research Hospital at Soap Lake could be used for this purpose? This institution was established for care and research and the possible cure for war veterans afflicted with Buergers disease. However, it had no patients, and the 1945 Legislature passed a bill which would enable the institution to serve as a general hospital for the Columbia Basin Area. It has not been reopened, however.

The institution is not of sufficient size to accommodate many, but it might perhaps serve for a time in some such worthy cause as a spastic hospital.

7th. We recommend that this Legislature select a bi-partisan Interim Committee on State Reformatory, Penal and Charitable Institutions composed of two Senators and three Representatives, who are interested in this type of State activity, who shall receive actual expenses and per diem, to keep in touch with these State institutions.

They should have authority to employ trained assistants for surveys and examinations and report from time to time to the Governor, the Speaker of the House, the President pro tem of the Senate, their findings and recommendations, and to make a complete report to the 1949 session of the Legislature relative to the general conduct of the institutions, professionally and generally.

8th. We recommend that the Governor, the Director of Finance, Budget and Business and the Superintendent of Institutions make more frequent personal visits to the institutions so that they have more intimate and accurate knowledge of the conduct of same, and can counsel and advise the superintendents as to general management.

With more than twelve million dollars being expended each biennium, and with approximately 12,000 inmates for which the State is responsible for their health and well being, and with millions of dollars now invested in buildings and equipment, with additional millions needed to properly serve the State, more careful and personal attention is highly important and necessary.

9th. Although we have recently visited many institutions in company with a consulting State architect, we have purposely refrained from recommending in detail the various buildings and other items of capital outlay required by the various institutions. There is an outstanding need for many new buildings of various kinds and purposes in practically every one of our State institutions. These needs will no doubt be properly presented by the State Administration, and the superintendents will all be willing, anxious and available for questioning by the Appropriations Committees. Plainly all capital outlays must be planned for on a long range program;—some are, however, "musts" in the near future. While it might seem almost advisable to delay construction while prices are high and materials scarce, and save funds for periods of unemployment, *still some needs seem imperative at once*. No doubt the Appropriations Committees will distribute all funds with fairness, justice and due regard for the State's interests in its various fields of activity.

10th. The entire appropriation for current expenses for the biennium of practically all the institutions will be exhausted as the Legislature convenes, and deficiency appropriations must be made at once so they can continue to function.

While, of course, the Governor is seriously at fault for recommending and approving a cut in the appropriations last session, revealing his woeful lack of correct knowledge of future needs, still advances in prices for labor and materials would still have shown a lack of funds to complete the two years anyway.

There is small need for legislative approved budgets if funds appropriated for the biennium are spent too lavishly and freely early in the term, knowing provisions will be made to keep the business of the State functioning.

We suggest the Legislature consider plans for controlled budgets.

REPORT OF SPECIAL COMMITTEE ON ELECTION CONTEST

Olympia, Washinton, January 20, 1947.

MR. SPEAKER:

We, your Special Committee on the Election Contest, having supervised the accounting of approximately 20% of the total number of paper ballots in the 38th District, have found that Fred A. Lehman gained 4 votes, Dan Donovan gained 7 votes, Archie Baker gained 2 votes, Louise W. Dobler gained 6 votes, Joseph E. Dore gained 8 votes, Oren B. Relyea gained 4 votes, and that there were only three ballots in the total count which the Committee found could be counted erroneously, and that it is this Committee's decision that no further action be taken.

This Committee believes and recommends that the Elections and Privileges Committee should take some action to relieve the Election Boards having to count the ballots after the polling booths have closed.

We would also recommend to the Elections and Privileges Committee that the circle be eliminated at the top of the ballot, and feel that to eliminate all future contests such as this one each candidate for the House of Representatives should be forced to file as a candidate for office against a particular person. This would of necessity require that 99 districts be set up in the State of Washington.

We wish to thank the county auditors from Snohomish and Island Counties and Ken Gilbert, State Superintendent of Elections, for assisting us in our work.

Respectfully submitted,

MILTON R. LONEY

W. Y. DENT

R. C. BRIGHAM YOUNG

MOTIONS

On motion of Mr. Loney, the report of the Special Committee on Election Contest was accepted, and the committee was discharged.

Mr. Woodall moved that the recommendations contained in the report of the Special Committee on Election Contest be referred to the Committee on Elections and Constitutional Revision.

REPORT OF THE SPECIAL COMMITTEE ON THE ELECTION CONTEST OF:

DAVID BURROWES, *and*

EDWARD H. FAUBERT,

Contestants,

vs.

FRANCES PEARSON, *and*

G. W. ADAMS,

Contestees.

MR. SPEAKER:

We, your Special Committee on the Election Contest, have subpoenaed the ballots of Clallam, Jefferson and Mason Counties, and have made a sufficient check of the

ballots of these counties to satisfy your committee that the allegations of the contestants are not well-founded.

We, therefore, recommend that no further action be taken on the Petition of Contest.

We wish to publicly thank

Fred P. Henson, Auditor of Clallam County
Helen J. Eads, Auditor of Jefferson County
Susie E. Pauley, Auditor of Mason County
P. M. Richardson, Clerk of Jefferson County
Harry Deyette, Clerk of Mason County
Ken Gilbert, Supervisor of Elections

For their able assistance to your committee.

Respectfully submitted,
HAROLD B. KELLOGG

REPORT OF SENATE INTERIM COMMITTEE ON AGRICULTURE

In compliance with the direction of the Twenty-ninth Legislature, the Senate Interim Committee on Agriculture herewith submits the record of its work, its findings and recommendations to the Thirtieth Session of the Washington State Legislature.

The task of thoroughly and fairly inquiring into the work of all the various agencies affecting agriculture in the State of Washington is a tremendous one. This committee has attempted to thoroughly examine the work of the State Department of Agriculture and the agricultural functions of the State College of Washington as directed by the Senate. To obtain a full picture of the organization and program of these groups, it was necessary to also become acquainted with the operations of other state and federal agencies that affect agriculture.

The results of all these findings are a part of this report. Taken together they present a picture of the needs of agriculture in Washington and the support being given that merits careful study by all those charged with originating and administering programs that affect this development.

Respectfully,

HOWARD ROUP, *Chairman.*
ERNEST C. HUNTLEY, *Vice-Chairman,*
LESLIE V. MORGAN,
HENRY J. COPELAND.

MOTION

On motion of Mr. Woodall, the report of the Senate Interim Committee on Agriculture was referred to the Committee on Agriculture and Livestock.

PROPOSITIONS, MOTIONS AND RESOLUTIONS

RESOLUTION

By Mr. Montgomery:

BE IT RESOLVED, By the House of Representatives of the State of Washington, in
Legislative Session Assembled:

WHEREAS, It is the primary responsibility of the Committee on Appropriations to pass upon and to be fully cognizant of all measures carrying appropriations; and

WHEREAS, It is impossible for the Appropriations Committee to be fully aware of all measures carrying appropriations unless the same have been referred to the Appropriations Committee;

Now, Therefore, Be It Resolved, That all bills carrying appropriations, except highway bills, shall be referred to the Committee on Appropriations or, in the case of bills carrying appropriations being referred to any other committee or committees, they shall be re-referred by the Speaker to the Committee on Appropriations after they have been considered and acted upon by such other committee or committees to which they have first been referred.

Mr. Montgomery moved the adoption of the resolution.

Mr. Thompson:

"Mr. Speaker, I should like to ask Mr. Montgomery a question. What assurance do the different committees have that these bills will be passed out of the Appropriations Committee so we may get them on the floor of the House?"

Mr. Montgomery:

"I think it is the feeling of the Chairman and members of the committee that all bills carrying appropriations are put in the Appropriations Committee for the prime purpose of letting the committee know how much money is being appropriated. There is no desire on the part of any member of the committee to delay the passing of the bills through the committee."

Debate ensued.

Mr. Zent demanded the previous question and the demand was sustained.

The Speaker declared the question to be on the motion by Mr. Montgomery to adopt the resolution.

The resolution was adopted.

MOTION

On motion of Mr. Zent, Rule 20 was suspended.

PERSONAL PRIVILEGE

Mr. Hodde:

"I want to call attention to the apples passed out this morning, while not nearly as nice as those coming from Wenatchee and Yakima, they are grown by a member of the House. I do not want credit for giving the apples—that credit belongs to Mr. Griffith. We had an understanding, if Mr. Griffith got more votes than I did, I had to treat the members of the House to good apples. I was going to furnish good apples, but he didn't beat me very much." (Applause).

SPEAKER'S PRIVILEGE

The Speaker:

"During the past year, Mr. Vane gave up his status as a member of the Bachelor's Club and the cigars and candy which have just been passed to the House members are the result of that change. I understand Mrs. Vane is in the gallery. Would Mrs. Vane kindly stand and be recognized at this time." (Applause).

INITIATIVE NO. 13, ENTITLED:

"An Act prohibiting the retail sale of beer and wine by any person other than the State of Washington, repealing all provisions of existing law pertaining to licensing of retail sale of beer and wine, revoking existing licenses and providing penalties."

An Act repealing all provisions for licenses for the sale of beer and wine to be consumed on the premises, or at retail, and revoking such licenses in existence on the effective date of the Act; making the sale of wine and beer to be consumed on the premises, or at retail, a felony and providing punishment therefor; declaring an emergency and that the Act take effect immediately.

SECTION 1. *Declaration of Intention.* Experience in the State of Washington has shown that the attempt to handle beer and wine on a different basis than that used in handling of other liquor is not successful, and that the evils consequent thereon are greater than any possible benefits to be derived therefrom. It is therefore declared to be the intention of this measure to eliminate all taverns or beer parlors in the State of Washington, and to stop the consumption of beer and wine on the premises where sold, and to have beer and wine sold at retail only as other liquor is sold under the terms and provisions of the Washington State Liquor Act (Chapter 62 of the Laws of the Extraordinary Session of 1933) as now amended.

Sec. 2. *Liberal construed.* This entire Act shall be deemed the exercise of the police power of the State of Washington for the protection of the welfare, health, peace, morals, and safety of the people of the State, and all its provisions shall be liberally construed for the accomplishment of that purpose.

Sec. 3. *Definition of terms.* In this Act, unless the context otherwise requires, the meaning to be given to the various terms used shall be the definitions thereof set forth in the Washington State Liquor Act (Chapter 62 of the Laws of the Extraordinary Session of 1933) as now amended.

Sec. 4. All provisions of the Washington State Liquor Act (Chapter 62 of the Laws of the Extraordinary Session of 1933) as now amended, relative to the licensing of

the sale of beer or wine to be consumed on the premises where sold, or the sale thereof at retail, are hereby repealed, and from and after the effective date of this Act, beer and wine shall be sold at retail only as other liquor is sold under the terms and provisions of the Washington State Liquor Act (Chapter 62 of the Laws of the Extraordinary Session of 1933) as now amended. All licenses now in effect relating to the sale of beer or wine to be consumed on the premises where sold, or at retail, are revoked as of the effective date of this Act.

SEC. 5. Any person, other than the State of Washington, acting through the Washington State Liquor Control Board and its employees, selling beer or wine for consumption on the premises where sold, or at retail, after the effective date of this Act shall be guilty of a felony, and shall be punished by imprisonment in the State Penitentiary for not more than five years, or by imprisonment in the County jail for not more than one year.

SEC. 6. All acts or parts of acts in conflict herewith are hereby repealed.

SEC. 7. If any section or provision of this Act shall be adjudged to be invalid, such adjudication shall not affect the validity of the Act as a whole or any section, provision, or part thereof not adjudged to be invalid.

SEC. 8. This Act is necessary for the preservation of the public peace, health, and safety, the promotion of the public welfare and the support of the State Government and its existing institutions, and shall take effect immediately.

The Speaker:

"Pursuant to the provisions of Joint Rule No. 22, the message from the Secretary of State, together with copy of Initiative No. 13 is referred to the Committee on Liquor Control."

MESSAGE FROM THE GOVERNOR

State of Washington, Executive Department,
Olympia, March 19, 1945.

*To the Honorable, The House of Representatives of the State of Washington
(Through the Secretary of State)*

LADIES AND GENTLEMEN:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to section 91, House Bill No. 406, entitled:

"AN Act Prohibiting adulteration, misbranding, and false advertising of food, drugs, devices, and cosmetics; providing for the registration of certain food, drugs, devices, and cosmetics, and repealing chapter 168, Laws of 1917, and chapter 211, Laws of 1907 as amended by chapter 36, Laws of 1923 (section 6137 to section 6139, inclusive, section 6144 to section 6154, inclusive, Remington's Revised Statutes; section 2535 to section 2548, inclusive, Pierce's Code)."

The bill is designed to protect the public from adulteration, misbranding and false advertising of food, drugs and cosmetics in intrastate commerce. I believe that the public will greatly benefit by the protection afforded by the bill.

The bill places the enforcement responsibility upon the Director of Agriculture except as to drugs and cosmetics. As to those commodities, section 91 of the bill would make the Washington State Board of Pharmacy the enforcement agent.

In my opinion the responsibility of the enforcement of the entire act should be under one head and should not be segregated as provided in section 91. I have, therefore, vetoed section 91 of House Bill No. 406 and approved the remainder of the bill, which will result in the entire act being under the supervision of the Director of Agriculture.

Respectfully submitted,

MON C. WALLGREN,
Governor.

Section 91, House Bill No. 406, 1945 Session, Vetoed by the Governor:

Sec. 91. The authority to promulgate regulations for the efficient enforcement of this act is hereby vested in the Director: *Provided, however,* That the Director shall designate the Washington State Board of Pharmacy to carry out all of the provisions of this act pertaining to drugs and cosmetics, with authority to promulgate regulations for the efficient enforcement thereof.

The Speaker:

"A vote 'Aye' will be to pass the section; a vote 'No', to sustain the veto."

The Clerk called the roll on the passage of section 91, House Bill No. 406, 1945 Session, notwithstanding the veto of the Governor, and the section passed the House by the following vote: Yeas, 69; nays, 28; absent or not voting, 2.

EXPLANATIONS OF VOTE

By Representative Theodore S. Turner, on Engrossed House Bill No. 5:

"I have voted for Engrossed House Bill No. 5, not because I approve of all its provisions, but because I believe that it is the best that can be secured as the situation now appears. I believe that the bill in its present form is bad legislation and is unworkable because:

- (1) It does not require the attainment of age 60 in addition to 30 years of service;
- (2) It sets a one hundred dollar (\$100) pension level for all teachers.

"The bill, in the form passed by the House, will require too large an appropriation for retirement purposes, and will divert a substantial amount of money which would otherwise be available for teachers' salaries and school building construction.

"I believe that the largest single factor in raising educational standards is a salary level for teachers which is commensurate with the high qualifications we expect in them. Teachers' salaries should be high enough to attract to the teaching profession its fair share of the best talent among our people. In the reasonably foreseeable future I do not believe it practical to expect both high salaries and a high retirement level."

By Representative Sydney A. Stevens, on Engrossed House Bill No. 5:

"Mr. Speaker, and Members of the House: Speaking against the bill—I wish to reiterate my statement of yesterday. This kind of legislation is un-American. It sets a precedent that is dangerous. When are we going to get back to our American way of life and away from this socialistic legislation. Let's be personally self-sustaining. The teachers are terribly underpaid. Let's correct this. They in turn could carry their own insurance the same as other people. A sound old age pension contributed to by all is the answer to pensions and is not discriminatory."

By Representative R. Mort Frayn, on Engrossed House Bill No. 5:

"In my opinion, the entire school salary, retirement, and building program is completely fouled up. The number one objective given to the members of the Legislature, by the interested parties in the education program, was to attract young, capable men and women to the profession. In every case, from the three heads of our teachers' colleges to teachers themselves, I found that the one important item that would bring this about was salaries. However, in direct contradiction we find the teachers' legislative program making it mandatory that Engrossed House Bill No. 5, a retirement program, being placed as number one in their legislation.

"In supporting this statement that salaries are the number one objective that would make the teaching profession more attractive, I want to quote from magazine *Coronet*, October, 1946 an article under the heading 'Stop Cheating Your Children' in which the author states as follows:

'First, I think legislation should establish a nation-wide minimum starting salary for young teachers of, say, \$2,400 a year—varying only according to the cost of living in different sections of the country.

'Second, I think that every teacher should be guaranteed a minimum raise of \$100 a year, thus permitting him to earn at least \$5,000 a year during his useful career. Remember, I am speaking of a minimum guarantee. If a teacher isn't worth that, he isn't worth having as an instructor for our youngsters.

'Third, in those areas of the country where local and state funds are not sufficient to pay teachers at these rates, Federal subsidies must be provided to make up the deficit.'

"From the article in the *Ladies Home Journal*, November, 1946, 'Your Child Needs Better Teachers', here the author states:

'Americans are generally agreed that brains, education and hard work should be the three major reasons for a fat pay check. More than half feel that teachers should be among the highest-paid men and women in the land. But whoever heard of even a school principal's getting on the annual Treasury report of income over \$15,000?'

"From the *Journal A. A. U. W.*, Fall, 1946 under the heading of 'Manpower Needs in Education', we find this statement:

'The three hundred educators and representatives of the country's educational and professional organizations at the Chautauqua meeting of the National Education Association found a number of factors responsible for the attribution of the teaching profession and the failure to secure new teachers. Low salary was mentioned most often; but other root causes were held to be the lack of public recognition of the character and importance of teaching and the lack of a public demand for good schools.'

"From magazine *Life* of July, 1946 under the heading 'Teacher Troubles', they summarize by stating our schools need better teachers and teachers need much better pay. They close the lengthy article by a statement by Harold F. Clark, as follows:

'Dr. Harold F. Clark, professor of education at Columbia's well-known Teachers College and a close student of this problem, believes that the national average of increase must be about 100%. "Salaries", he says, "of \$5,000, \$6,000 and \$7,000 must be normal and routine in the classrooms". Such is the blunt fact that parents and taxpayers now face.'

"From the *Saturday Evening Post* of November 9, 1946, in an article 'I'm Through With Teaching' the author states that many have quit teaching because teaching is the most under-paid and under-appreciated of the learned professions.

"In all of these articles I have been unable to find any direct reference to a retirement program as being an important means of bringing and keeping men and women in the profession.

"Unfortunately, the State of Washington has only so much money that they can budget for their various expenses. Also unfortunately, social security is making heavier and heavier demands on their state finances. If the educational leaders of this state would heartily endorse and back a program to cut out of social security sums equivalent to carry on their own expanded educational program, the Legislature might know their feelings as to where money could come to take on their entire program.

"As it now stands, in my opinion, the building program will probably suffer the most. Personally, I feel that every possible means of revenue should be earmarked plainly for salary adjustment.

"There is a great deal of confusion in the present omnibus bill covering the Department of Education's request for some \$85,000,000. Supposedly earmarked in this amount is a \$500 increase for the teachers. Actually, this is being left up to the discretion of the directors and can quite possibly be utilized for building or other operational expenses. I feel that if it is the intent of the Superintendent of Public Instruction to give the \$500 to the teachers, it should be earmarked definitely for that purpose. In other words, teachers' salaries, disregarding the amount now necessary to take care of the retirement program, still must rank as a number one item in our budget set-up. A number of other things in education are going to have to give way in order to take care of this item.

"In closing, while this does not directly fall in the column of education, we might as well face the fact that Engrossed House Bill No. 5 is setting the pattern for retirement programs for all state, county, city employees. While the House may have

voted non-certificated employees out of the present bill, it cannot avoid acceptance of the responsibility of providing for them, and other governmental employees, as long as they have established a principle with one group of state employees.

"The possibilities of what can happen to our state finances with this start in the field of retirement program should give rise to a very sober reflection. To say it might and can be the first step towards insolvency in the not-too-distant future is not in any way an exaggerated statement.

"A vote for Engrossed House Bill No. 5 is not a good vote—it defeats the number one problem of education to bring young men and women into the teaching profession by using good salaries rather than retirement as the inducement. It is a bad vote because it sets a precedent for a retirement program to which all employees of city, county and state would be morally entitled, a program which everyone must agree cannot be carried financially by our state.

"For these reasons, I have voted 'no' on the passing of Engrossed House Bill No. 5."

By Representative Audley F. Mahaffey, on Engrossed House Bill No. 5:

"While I voted for Engrossed House Bill No. 5, as amended, I do not believe in the amendment and voted against any change in the thirty year requirement.

"Those who sponsored the amendment did so because they feared teachers would make a general exodus at the end of thirty years of service. I do not believe this would have been the case. Most teachers could not go into any other line of work and earn as much nor be as happy as in teaching. If physically unable to continue, it would be better that they do retire. Thirty years' service to the teaching profession is enough for any man or woman. The benefits to the children of having some of these teachers retire should be considered also.

"The important point of a good retirement is in a sense to increase the salary. It offers an inducement for teachers to stay with the profession and it encourages the best young men and women to enter the profession.

"It is my belief that we will one day come to realize that in order to create more jobs and to have better service, thirty years of service will be deemed enough for any teacher."

By Representative Merle C. Hufford, on Engrossed House Bill No. 5:

"In voting for Engrossed House Bill No. 5, I did so against my better judgment. However, it was obvious that a large majority of my own party was voting for the measure and I felt obligated to vote with that majority. I am thoroughly in accord with the principle that we must act at once to improve the financial situation in the teaching profession, to hold those now teaching and attract young people into the profession. I maintain, however, that Engrossed House Bill No. 5 does not accomplish that end. While it may possibly induce some older teachers to remain on the job, I feel that a pension will definitely not attract young people into the profession. In deciding on a profession, our young people are primarily interested in what their current earnings will be. They desire assurance of a salary sufficiently high to afford a decent living for themselves and their family. I maintain that few will be influenced by a pension arrangement, since it is apparent at this time that our State is in poor financial circumstances with regards to the present biennium. I do not believe it can carry the pension program and at the same time raise the salary of our teachers appreciably. In other words I maintain that in passing Engrossed House Bill No. 5, creating a pension program, we have jeopardized a proposed substantial increase in salary for the present and possibly for the future. In so doing we have defeated our primary purpose, which was to raise the prestige of the teaching profession and, therefore, assure a constant and ample supply of competent teachers for the schools of our State.

"In addition to the reasons stated above, I desire to make it clear that I am strongly against the principle involved in granting large pensions to segments of our society, to be paid out of taxes collected from the people as a whole. I feel that this is but an opening wedge which will make it possible for all of the other groups, whose salaries come primarily from taxation, to make demands upon us for a similar pension. We have set a dangerous precedent which, if followed, will, in my estimation, bankrupt the State of Washington. I do not believe that this principle is accepted by a majority of the people of our State and especially as evidenced by the election in November, 1946.

"In closing, I desire to say that I do not believe a majority of the members of the House of Representatives believe in the principle involved when Engrossed House Bill No. 5 was passed. It appears to me that most were taking the way of least

resistance by yielding to extreme pressure and thereby refusing to accept the responsibilities placed upon them through their election because of fear of political repercussions."

PROPOSITIONS, MOTIONS AND RESOLUTIONS RESOLUTION

By Mr. Armstrong:

WHEREAS, The House Social Security Committee has granted a public hearing on House Bills 394, 395, 396 and 397, which hearing is set for Sunday, February 23, at 3 P. M. in the House Roads and Bridges Committee room; and

WHEREAS, These four measures propose changes in our basic Social Security laws which affect the lives and living standards of over 123,000 of our citizens; and

WHEREAS, These measures are of such great public import that hundreds of our citizens from all walks of life who are for or against these measures will want to attend this hearing, and scores of them will want to be heard as they should, for such is the democratic tradition and the purpose of public hearings on legislation of vital concern to the public;

Now, Therefore, Be It Resolved, That the House go on record to suspend the rules and permit the use of the House Chamber for this public hearing, and that all members of the 30th Legislative Session be likewise invited to attend.

QUESTION OF CONSIDERATION

Mr. Woodall:

"Mr Speaker, on that I raise the question of consideration."

POINT OF ORDER

Mr. Armstrong:

"Point of order, Mr. Speaker."

The Speaker:

"State your point, Mr. Armstrong."

Mr. Armstrong:

"You recognized neither one of us. I had no opportunity to move the adoption of my resolution."

RULING BY THE SPEAKER

The Speaker:

"The Speaker's ruling will be that the question of consideration can be raised without recognition of the member by the Speaker,—without mention of the individual's name."

Mr. Armstrong:

"Thank you."

POINT OF ORDER

Mr. Armstrong:

"Point of order, Mr. Speaker. The question of consideration is not debatable."

RULING BY THE SPEAKER

The Speaker:

"The point of order is well taken, Mr. Armstrong. The question of consideration is not debatable."

The Speaker declared the question before the House to be the consideration of the resolution by Mr. Armstrong.

The Speaker:

"A vote 'Aye' will be to consider the resolution; a vote 'No' will be to refuse to consider the resolution."

The House refused to consider the resolution.

POINT OF ORDER

Mr. Woodall:

"Point of order, Mr. Speaker, relative to the ruling of the Speaker just now."

The Speaker:

"State your point, Mr. Woodall."

Mr. Woodall:

"The point is that a reference to the 1943 Session journal, at the time that Mr. Armstrong raised the question of consideration relative to a motion by Mr. Sisson, a ruling by Speaker Reilly thereon is entirely consistent with the ruling of the Speaker just now."

MOTION

Mr. Rasmussen moved that the use of the House Chamber be granted, for the purpose of a public hearing on Sunday, for the old age pensioners of our State and others interested in social security.

QUESTION OF CONSIDERATION

Mr. Woodall:

"Mr. Speaker, on that I raise the question of consideration."

RULING BY THE SPEAKER

The Speaker:

"Mr. Woodall, until the motion is stated, there is no question before the House. There was a resolution before the House in Mr. Armstrong's case and the Speaker ruled the question of consideration could be raised before the motion to adopt is made. Here there is simply a motion which must be stated by the Speaker before there is a question before the House."

The Speaker declared the question before the House to be Mr. Rasmussen's motion that the use of the House Chamber be granted on Sunday for the use of members desiring to attend the hearing on social security plans.

QUESTION OF CONSIDERATION

Mr. Woodall:

"Mr. Speaker, on that motion I raise the question of consideration."

The Speaker declared the question before the House to be whether the House would consider the motion by Mr. Rasmussen.

The Speaker:

"A vote 'Aye' will be to consider the motion; a vote 'No' will be to oppose consideration of the motion."

The House refused to consider the motion by Mr. Rasmussen.

POINT OF PERSONAL PRIVILEGE

Mr. Armstrong:

"Mr. Speaker, point of personal privilege. Words were put in my mouth actually, which were wrong, by one of the members of the House. Referring to the manual

here, I wish to call the Speaker's attention, also Mr. Woodall's, to Rule 12: 'When any member is about to speak in debate, or deliver any matter to the House, he shall rise from his seat, respectfully address himself to Mr. Speaker, pause until recognized, shall confine himself to the question under debate, and avoid personalities; and no member shall impugn any member's vote or argument.' That was not followed in this last little altercation we had here on the floor. No one was recognized and the motion put. I still claim it was entirely unparliamentary and against the ruling of the House."

RULING BY THE SPEAKER

The Speaker:

"Your remarks, Mr. Armstrong, may be spread upon the journal. May I state your rule is correct as far as it goes. There is an exception; a point of order or question of consideration can be raised by any member without being recognized by name, if you will refer to Reed's Parliamentary Rules—in fact, the Speaker recognized you, Mr. Armstrong, during the colloquy on the point of order you raised. You didn't seek to be recognized personally. I think the ruling of the Speaker will stand on that point."

Mr. Armstrong:

"I still think you are wrong."

Representative George Kinnear delivered the following memorial address:

We assemble here to honor the memory of those men and women who once served as we now serve and who have passed beyond during the last two years. Although holding different current political beliefs, they served their people, their state and their country in the best and finest tradition of free constitutional government.

For thousands of years, throughout the history of civilization, men have fought insurmountable adversities, hungered without security, labored and died that liberty might be a reality for other generations to come. Liberty for the individual has ever constituted civilization's great dream. By this, I mean the privilege of any man to say to any other man, "I am equal with you", and the responsibility of each man to add, "And you are equal with me".

On the New England coast some three centuries ago, brave men commenced to build a new life dedicated to the rights and liberties of the individual human being. As the years went by, others, eyes fixed upon the same guiding light, imbued with restless energy, created this nation of ours and then drove onward across the continent to extend its boundaries to the shores of the Pacific and to the great Northwest.

The pioneers who made this country were not driven by laws but were inspired by an inward force. As Kipling said,

" . . . A voice, as bad as conscience, rang interminable changes

On one everlasting whisper day and night repeated—so:

'Something hidden. Go and find it. Go and look behind the ranges—

'Something lost behind the ranges. Lost and waiting for you. Go!'"

One of America's great churchmen has added: "So they ventured into unknown lands and carved great states out of the wilderness, driven by an inward call to their courage and their faith. To be sure, it took law to civilize the frontier, but we Americans do not want to lose that other element of personal initiative out of this country."

At this time in the history of the world we have reached the so-called atomic age. The promise and peril that results from the control of this power are limitless. Imagination boggles and breaks down trying to grasp what has happened to us. Even science today is frightened of its own discovery.

The point that needs emphasis is just this: Neither scientific accomplishment nor any code of laws that we here, or the law makers in Congress, may enact, can save our generation.

We of this generation stand on the verge of an era that may well see the death of our civilization. The atomic bomb, however, would only be a dramatic instrument toward this end. In solving the problems of the day, the test of success or failure is found in the spirits of men. "If civilization dies, this occurs in the death of the forces that make men creative and loyal and right and strong within."

Professor Collingwood of Oxford, speaking of our own times writes: "Civilizations die as they are born, not with waving of flags or the noise of machine guns in the streets, but in the dark, in a stillness, when no one is aware of it. It never gets in the papers. Long afterward a few people, looking back, begin to see that it has happened." I wonder if that is happening to us now?

Without question we are a powerful nation today, but where do we go from here? We have disclosed our power economically. We have shown our power politically. We have proven our power militarily. But do we still possess that spirit and faith that has inspired Americans before us to win through other difficult times? Democratic institutions are dynamic institutions and require the constant and jealous activity of the individual citizens in their behalf.

We live in a world that has the knowledge and power to create wealth, preserve life and promote human welfare on a scale never before possible.

Carl Becker has pointed out that making a new and better world is something that is, or should be, always going on. In the present state of affairs the task is far more complex and, thus, far more difficult than it has been for some centuries past. Our advantage is that we have more knowledge and more power for doing what needs to be done.

To work tirelessly that free government shall remain strong, and then to have our efforts succeed, is the certain way to create faith. It is for us, in positions of public trust, to so conduct ourselves that by our actions, as well as by our words, we confirm in the minds of the people their faith in the spirit and in the reality of a free, self-governed people. This is essential to a great and enduring nation of a free men.

If we will clearly set our goal to preserve our inheritance from destruction as did those who preserved it for us, making such additions to the accumulated store of knowledge and wisdom as our generation is capable of producing, applying our intelligence and our efforts and services sincerely to this end, we shall have done our share and in that manner vindicated the dead and provided hope for the living.

We can pay the men we honor here no finer tribute than to dedicate ourselves to the principles and purpose that was theirs—make their faith in free constitutional government our faith—their purpose to protect it and assure its continued success

our purpose. We live in a time of testing. God grant that we shall remain worthy of our trust.

The following eulogy was delivered by Representative Howard T. Ball, on the life of Frank Albert (Scotty) Anderson:

Frank Albert Anderson, familiarly known as "Scotty, the mayor of Peaceful Valley," was born at Ceres, Scotland, April 8, 1862, and died in Spokane, Washington, April 18, 1945.

Although 83 years of age, Mr. Anderson was spry and active and in his smiling, cheerful way was proud of his nativity and ability to roll his "Rs" in typical Scottish brogue. Born on a farm in Scotland, he went with a brother to Canada in 1884, and took up land in Saskatchewan. During the Riel rebellion in Canada, "Scotty" took a team and wagon and joined the transport service trucking supplies to the soldiers. When the rebellion was quelled, he returned to his 320-acre farm, with \$1000 and proved up. He came to Spokane in 1890, and worked for the First National Bank. In 1894 he went to Montana for a time, but returned to Spokane and received his citizenship papers in 1900.

Mr. Anderson took an active part in Democratic politics, and in 1932 was elected State Representative from the 7th district, and served with credit in the regular and special sessions of 1933. Although this was his only legislative service, he frequently represented the Peaceful Valley residents before the city council and county commissioners of Spokane, and was one of the leaders of the Spokane Public Forum. He was a great reader and deep student of the Scottish bard, Bobbie Burns, and could recite most of his poems by heart. He was a lover of animals, and walking down town with his dog, was familiarly known and respected by thousands of Spokane residents.

Mr. Anderson passed away peacefully in his sleep, and so far as we know left no survivors.

Representative W. C. Raugust delivered the following eulogy on the life of Joseph W. Brislaw:

Thirty-four years have passed since Joseph William Brislaw sat as a member of the House of Representatives; yet in his brief service in that position and in his career in other posts of trusts the character of this brilliant but unassuming citizen of this state won for him the recognition of ever widening circles of acquaintances and the deep devotion of many true friends.

Joe Brislaw was born on the family homestead of his parents, Mathew and Mary Elizabeth Brislaw, Lincoln County pioneers, near what is now Sprague, on June 17, 1880. He was one of the first white children born in the county.

From rural and town schools he went on to Washington State College, graduating in 1907, after serving as president of the student body, editor of the college annual and leader in oratory and debate.

Joe Brislaw was the first native born son to be elected to public office in Lincoln County, serving two terms as County Auditor, from 1908 to 1912. His service was made notable by the introduction of greatly improved accounting methods,—and in 1912 he was elected to represent his county in the State Legislature. He departed this life June 11, 1945.

The abilities of the quiet, modest legislator attracted the notice of Governor Ernest Lister, who chose him for appointment as a member of the State Tax Commission. During his four year term in that office he likewise won special recognition from the National Tax Association, serving upon a national board in a special study aimed at development of better methods of selecting county assessors.

In 1917 Mr. Brislaw was appointed a member of the Industrial Insurance Commission. He left this post after two years to engage in the field of commercial banking. But his zeal for public and civic service did not leave him. During this period he served as leader and coach of the debate team of Yakima County, chapter of the American Institute of Banking, and this group won the national debate at Kansas City in 1925.

It was largely in appreciation of his talent for public service that the Washington State Bankers Association selected him as its secretary, in 1926, a position he held with distinction until ill health compelled his retirement thirteen years later. During this period, also, national recognition came to him in his selection as president of the State Secretaries' section of the American Bankers Association. He found opportunity, too, in his home state for continued public activities, serving as liaison officer in setting

up the Federal Housing program, and devoted himself to many other services for the people.

It would not be fitting to conclude a tribute to Joseph Brislawm without stating that his public career—the part that everyone saw—was merely the reflection upon a broader screen of the private life that exemplified his character. Born and reared in the Catholic faith, and a fourth degree member of the Knights of Columbus, he was deeply attached to its faith.

With his marriage, November 25, 1914, to Helen Boyle, family life began. To his wife and three sons Joe Brislawm was deeply devoted. It was a devotion that was repaid, and most notably during the years of suffering from ill health that finally compelled his retirement from active pursuits.

Mrs. Brislawm and the sons, Joseph Boyle, Cornelius Dennis and Mathew Donald Brislawm, survive. I feel sure our one-time colleague, whose passing we mourn, would say that he has left in them living memorials, and all whose lives touched his will be the richer for their contacts with a man to whom his family, his church and his state, meant so much.

Representative Ed. M. Schwartz delivered the following eulogy on the life of Samuel R. Buck:

Samuel R. Buck was born in Superior, Nebraska, October 24, 1888, son of W. F. and Laura Buck, of that city. There he grew to manhood and later attended the University of Nebraska, Doane College, the University of Pennsylvania, University of California, then graduated from the law department of the University of Washington, class of 1912. He later returned to his native state to enter the practice of law in his father's law office.

Mr. Buck was a veteran of World War I, entering the service at Omaha, Nebraska, December 14, 1917. His military record shows he transferred from balloon pilot to airplane pilot at Fort Omaha to U. S. Aviation Ground School, Berkeley, California, and then to March Flying Field, Riverside, California, where he received honorable discharge November 28, 1918, with rank of lieutenant. He was a member of the American Legion.

Mr. Buck's life was filled with activity. Among other things, he was freshman football coach at the University of Washington, a charter member of the Washington Athletic Club, of Seattle, and sports editor of "The Seattle Star". Shortly after his discharge from the army, Mr. Buck purchased a farm near Doe Bay, Orcas Island, where he resided with his family until elected Prosecuting Attorney of San Juan County. He held this office intermittently for many years. Attorneys recognized his ability, and elected him president of the Prosecuting Attorneys Association, 1933-34.

Mr. Buck was a staunch Republican and took a prominent part in the party's political deliberations throughout the State, and in 1926 the voters elected him State Representative for San Juan and Skagit counties. He served in that office with credit in the 1927 session.

Active not only in civic and political affairs, Mr. Buck was prominent in Masonic circles, having been Grand Lecturer of the Grand Lodge of F. & A. M. of Washington, at the time of his death.

When stricken with a heart attack, Mr. Buck was en route to his home, after a series of Masonic meetings in Tacoma and Seattle. Accompanied by his wife, they stopped at a highway restaurant for lunch, and though his work was not done, his column was broken.

Surviving are his wife, Faye, two sons, Robert F. and Samuel R. Jr., and a daughter, Mrs. William Lumsden, all of Friday Harbor.

I feel very proud of the honor accorded me in being allowed to pay this brief tribute to a friend and a man of his caliber, who was so greatly admired for his ability and work for the State of Washington. I am indeed glad to have known and associated with the late Samuel R. Buck, a former member of this assembly.

Mr. Buck was a friendly man in everything that the word implies. As has been said, "He only makes a success in life who leaves the world better for having lived in it, who has shown a proper regard for his duties to his neighbor, himself and society." Such was the life of Samuel R. Buck, and in the language of the soldier:

"Gone West"

"Fear no more the heat of the sun
Nor the fearful winter's rages,
Thou, thy earthly task is done
Home art gone and ta'en thy wages."

Representative George Kinnear delivered the following eulogy on the life of Frank Burns:

Frank Burns was born in Chicago, Illinois, on June 4, 1885. He married Katharine Gertrude Nutt and they had three children, Barbara, James and Allen.

Mr. Burns early entered the insurance field in Chicago and remained there until 1922 when he moved to Seattle. From that time forward he became a well-known and increasingly important figure in community affairs of both the city and the State. He was a member of the Washington State Legislature in 1932 and 1934 and was Republican National Committeeman from 1933 until 1937. In 1940 he was a candidate for Governor of the State of Washington. He died on December 27, 1945.

Frank Burns exhibited throughout his life a forceful personality and an extensive interest in public affairs, both charitable and political, that established him as a civic leader. Mr. Burns' integrity and courage in matters of principle resulted in his establishing an enviable record. By his death the people of the State of Washington lost the services of a valuable fellow citizen and a well-loved and respected public leader.

Mr. Burns was an Episcopalian and a Mason. He was the author of "Reciprocal Insurance".

Senator Victor Zednick delivered the following eulogy on the life of Dr. Philip H. Carlyon:

Creator of our present pay-as-you-go highway system and more responsible than any other one legislator for the State's Capitol Building arrangement, former Senator P. H. Carlyon, for a great many years, was a most influential factor in the development of the State of Washington. Every time I look at our magnificent State Capitol Building, I regard it as a monument to him.

Philip Henry Carlyon, D.D.S., who was born in Union Grove, Wisconsin, January 6, 1863, and died in Olympia November 26, 1946, served as a member of the State Legislature for twenty years. Prior to this time he had served as Mayor of Olympia. He was State Representative in the sessions of 1907, 1909 and 1911, and State Senator during the sessions of 1913 to 1927, both inclusive. As a member of the House with him in 1911, and Secretary of the Senate during five of the terms of his service, I was in a position to observe Senator Carlyon's extraordinary ability and devotion to the State's best interests, and his capacity for untiring endeavor.

Among the outstanding legislation for which he was responsible were the bills for the construction of the State Capitol Building, the Temple of Justice, the Insurance Building and the Highway Building on the Capitol grounds, and the Carlyon Highway Code. He promoted the Port of Olympia, assuring rail connections for Olympia with the Great Northern, Northern Pacific and Union Pacific Railroads.

Dr. Carlyon was educated in the public schools of Wisconsin, graduated from the Philadelphia Dental College in 1884, and came to Washington that same year, practicing dentistry in Olympia for thirty years thereafter. He was a member of the Benevolent & Protective Order of Elks and the Knights of Pythias.

He is survived by his widow, Edna Rogers Carlyon, a brother, Fred W. Carlyon, of Olympia; a sister, Mrs. Anna Vaughan, of California, and a nephew, Loren Hinton, residing in Olympia.

Representative Z. A. Vane delivered the following eulogy on the life of Burnie E. Cheatham:

Burnie E. Cheatham was appointed by the County Commissioners of Pierce County to serve in the Extraordinary Session of 1944, as a Representative of the 29th District. Mr. Cheatham was well known in the county and was affectionately called by nearly everyone "Bernie". This man took a keen interest in the business and social life of the City of Tacoma. His enterprise and high standing were commonly known to all the citizens, and this Christian gentleman willingly agreed to serve the State as best he could. He did so with enthusiasm and honor, and in the same manner in which he served his community and its people.

Mr. Cheatham came from Dulin, West Virginia, and had resided in Tacoma for many years. His death occurred May 27, 1946, and was sad news for the City of Tacoma and all who knew him.

Senator J. H. Rogers delivered the following eulogy on the life of Richard W. Condon:

Richard W. Condon, a member of the State Senate, representing Kitsap, Mason and Island Counties from 1905 to 1909 and from 1925 to 1931, died in Seattle on August 27, 1946. He was 78 years of age at the time of his death.

Mr. Condon, was born in Port Gamble, Washington, the son of John S. Condon and Catherine O'Callaghan Condon, Pacific Northwest pioneers. He was the brother of the late John T. Condon, founder and first Dean of the University of Washington Law School. He resided in Port Gamble until 1944, when he moved to Seattle. Mr. Condon entered the employ of the Puget Mill Company when he was 17 years old and was identified with that company throughout his active business life. For over half a century he played a large part in the industrial and political development of the State.

He was Republican National Committeeman for Washington from 1928 to 1932, served later as Secretary of the Republican State Committee and represented the State as delegate to a number of National Republican Conventions. He was a member of the Alaska-Yukon-Pacific Exposition Commission in 1908 and 1909. For many years prior to his death he had been identified with the Pacific Lumber Inspection Bureau, and at the time of his death was Treasurer of that organization.

"Dick" Condon, as he was known to his many friends, served his nation, state and community faithfully and with distinction. He was a man of granite courage, of deep devotion to principle and of the most intense loyalty to friends in whom he had confidence, and to causes in which he believed.

Representative Edward F. Riley delivered the following eulogy on the life of Dan Earle:

Dan Earle was born in South Haven, Michigan, 70 years ago, and died in Seattle May 14, 1946, after a long but quiet life. He was a graduate of Oberlin College and of the University of Michigan, and spent his early life in Michigan, but for the past forty years he was a resident of Seattle, having come here in 1905.

Soon after coming to this State, Mr. Earle became associated in the practice of law with the Honorable William J. Steinert, a member of the Supreme Court of Washington for many years. Mr. Earle was a good lawyer, an honest and valuable citizen, and had the confidence and respect of all who knew him. He was a State Representative from King County in 1913, and introduced various bills beneficial to our State.

At his death he left surviving his widow, Gertrude Earle, and three sisters, Mary E. Mackey, Everett; Mabel C. Earle and Nellie M. Earle, and one brother, Benjamin H. Earle, all of Seattle.

Representative W. E. Carty delivered the following eulogy on the life of E. E. Edmonds:

It is my privilege to speak a few words in order that this body record the memory of a former member of the House of Representatives, Mr. E. E. Edmonds, of Clark County, who served here in 1893.

Mr. Edmonds was born in Junction City, Kansas, on January 23, 1865, and died in Vancouver, Washington, June 9, 1946.

With his parents he left Kansas in 1878, and established a homestead the next year in Ridgefield, Washington. He can really be termed a typical example of our finest pioneer stock. He was primarily an educator. Graduated from Oregon primary schools, and an early Oregon normal school, he spent many years of his life teaching in various schools, including Hill Military School, then known as Bishop Scott Academy.

Married in 1902 to Lida May McCurdy, he was the father of two sons, Elmer and Harold.

For many years his intense interest and active participation in civic and educational activities caused him to serve as a member of the Ridgefield School Board, from 1919 to 1928.

All who knew Mr. Edmonds respected him. The State he served will honor him. Let us cherish his memory. I am proud to record it here.

Representative Arthur H. Bassett delivered the following eulogy on the life of Peter B. Egbert:

Peter B. Egbert was born near Lebanon, Miami Valley, Ohio, in 1860. His father was a prominent man in his county and served two terms as county commissioner and two terms as sheriff, so the son came naturally by his desire to serve the public.

He left Ohio in May, 1882, for Washington Territory, arriving at Tacoma in early June. Being a young man full of energy; he soon found work. He was a genuine

pioneer and his activities were with those whose names are associated with the early history of Tacoma.

In September, 1883, he joined a delegation of fifty Tacoma citizens who went, with others, on a special train from Portland, Oregon, to Gold Creek, Montana, to witness the driving of a gold spike joining the East and West, of the Northern Pacific Railroad. He next taught school in Walla Walla.

Typical of many in the state at that time, he was lured by the reports of gold discoveries, so went on into the Coeur d'Alene mountains of Idaho, thence to Montana. There was scarcely a town of any importance at that time, in the eastern part of the state, that he did not visit on a cayuse, going to and from his prospecting journeyings.

May 16, 1887, he was married at Ellensburg, but postponed his honeymoon until July 4th, to board the first passenger train to go over the switch-back to Tacoma. That was a gala day for Tacoma. For several years prior to and following his marriage, he was employed by the Northern Pacific Railroad and lived at Ellensburg and Easton.

In 1890 he returned to Tacoma, and in 1892 was elected to the Legislature on the People's Party (Progressive) ticket. He introduced four bills, three of which became law—one establishing the State Fair at Yakima.

He became State President of the People's Party, and later bought the Tacoma Sun, which became the official paper of the state, and they published eight papers for other towns in Eastern and Western Washington. He sold his half interest in the paper and again went to Montana in search for gold, staying there a few years until the Klondike rush started, causing his itchy feet to take to Alaska, joining the thousands who heard of the discovery of "placer gold."

After working several years in various parts of Alaska, Mr. Egbert returned to Tacoma, but continued to be associated with mining interests at Index, Monte-Cristo, Wilkeson and Fairfax. He also worked as superintendent and mining engineer for several companies in Nevada.

He was again elected as a member of the State Legislature, and served in the 1925 session; also in the special session of that year.

Mr. Egbert died at Tacoma, October 1, 1946, and left surviving one daughter, Mrs. Harry L. Brown, of that city.

Representative Arthur S. Cory delivered the following eulogy on the life of Walter W. Emery:

Walter Watson Emery was born April 18, 1861, at Glenburn, Maine, and died in St. Helens hospital, Chehalis, June 11, 1946, of complications resulting from an automobile accident near Napavine, May 29.

Mr. Emery was a pioneer lumberman, community leader and Mason. He first entered the lumber business in Wisconsin in 1882. Seven years later established himself in the same business in Portland. In 1898 he became associated with Fred Venes in the Winlock mill. He remained there for 13 years, meanwhile becoming engaged in lumber with C. A. Doty, at Doty, Washington, for several years. He moved in 1911 to Napavine, where he established a partnership in a mill with Herman Nelson. The Emery-Nelson Inc. firm was active until 1929. Although the mill was no longer operated after that time, Mr. Emery did not definitely retire until Mr. Nelson's death in 1932. Mr. Emery married Emma Gruber of Winlock, December 26, 1906. She passed away in November, 1943. He was State Representative in the special session of 1933, filling the unexpired term of T. M. Donahoe, upon the latter's appointment as state savings and loan director. Mr. Emery also served on the state fire board from 1915 to 1923 under Governor Ernest Lister.

His lodge affiliations included Winlock Lodge No. 47, F. and A. M., Sunset Chapter No. 23, Royal Arch Masons; St. Helens Commandery No. 12 Knights Templar, of Chehalis, and Afifi Temple of the Shrine, Tacoma. He was chairman of the board of directors of the Lewis County Savings and Loan Association from 1924 until his death; a member of the Chehalis Kiwanis Club, and a former member of the vestry of the Church of the Epiphany, Chehalis.

Surviving are his daughter, Margaret Emery, Chehalis; a son, John, of Portland, and a grandson, Walter Watson Emery II, Portland.

Representative Ella Wintler delivered the following eulogy on the life of Alex Gabrielsen:

Alex Gabrielsen was born in Clark County, Washington, fifty-seven years ago. He died in Seattle, August 17, 1945. It is a privilege to request this body to honor the memory of this man who served as a member of the House of Representatives in 1937

and 1939. Originally a lumberman, he went into the newspaper business. This brought to him a keen and active interest in public affairs and the details of government. He was keenly aware of and intensely sincere in the betterment of those people whom he felt were neglected. His interest in their cause and their welfare led him into the race for governor in 1940. Failing health, however, seriously affected his ability to conduct his campaign.

His passing is a sad loss to his family and friends. His life was sincere, honest and devoted to the interest of his fellow man. It is my privilege to ask you to enroll his name here at this time, as one who was always ready to help in any way he could to bring about a better nation, a better state, and a better condition of life.

Representative Reuben A. Knoblauch delivered the following eulogy on the life of John T. Gear:

John T. Gear was born in Indiana and died in Tacoma, Washington, December 30, 1945, aged 72 years. He spent his boyhood days in his native state, until he went to Friendship Academy, in New York. He then moved to Coudersport, Pennsylvania, where he was admitted to the bar. There he married Eva Darling, and they came to Puyallup, Washington, in 1898. He entered the banking business in Puyallup, and later he sold his interests in the Puyallup bank and moved to Sumner, where he again went into the banking business.

The voters of the 25th district, Pierce County, elected Mr. Gear a State Representative in 1928 and re-elected him in 1930. He served with credit in the legislative sessions of 1929 and 1931.

Mr. Gear was a quiet, constructive and hard working man who enjoyed the confidence of all who knew him. He left surviving two sons, Thomas Fay of Tacoma and John T. Gear, Jr., of Sumner, Washington.

Representative Herbert M. Hamblen, Speaker of the House, delivered the following eulogy on the life of Will G. Graves:

Will G. Graves, former State Senator, died in the city of Spokane, Washington, February 14, 1945. Thus was taken one of the best known lawyers and outstanding citizens of this State.

Mr. Graves was born on the 18th day of May, 1866, in the State of Illinois. His family record contains many names of prominent citizens, extending from the year 1608, when the good old ship Mary and William landed at Jamestown. Mr. Graves spent the first twenty-three years of his life in the State of Illinois, and his experiences and advantages were those which usually fall to a boy living on a farm.

He came to the State of Washington in the year 1889, and first went to Ellensburg, where he studied law in the office of his brother, Carroll Graves, later a Superior Court Judge, and after being admitted to the practice of law in the State of Washington came to Spokane in 1896, and entered into partnership with his brother, Frank H. Graves, which association continued until his death. From the time he entered the practice he showed outstanding legal ability, and as a result for many years held a prominent place in the profession as one of the leading lawyers of the northwest.

Aside from his profession his most important work was in the field of legislation. Something of his personal popularity and the confidence reposed in him are indicated in the fact that, though a Democrat, in 1902 in a strong Republican district, the 6th, he was elected to the State Senate, and again elected for a second 4-year term, serving until 1911. During the first two sessions of his service he was chairman of the Committee on Constitution and Constitutional Revision, and later was made chairman of the Judiciary Committee of the Senate, in which connection he rendered valuable service to the state.

Mr. Graves sponsored the act which increased the number of Supreme Court Judges from five to nine. He worked incessantly while in the Senate to better legal procedure in the state and to improve the administration of justice in our courts. In matters coming before the legislature he had very little thought for party advancement, but always considered the proposed legislation from the standpoint of its benefit to the citizens of the state. During the last years of his practice he gave special attention to cases on appeal before the Supreme Court, and no lawyer received from that body more careful attention and greater consideration. His briefs were masterpieces of logic and expression.

He was a man simple in his tastes, cordial in his manner, warm in his friendships and wise in counsel. By those who knew him and had the privilege of associating with him he will long be remembered as a man of great ability and high ideals.

Representative Martin S. Miller delivered the following eulogy on the life of George H. Greenbank:

George Herbert Greenbank was born in Madison, Wisconsin, February 13, 1873. He attended the University of Wisconsin, where he was manager of the University Glee Club, and was a prominent soloist in Madison churches.

In 1898 he was appointed by Governor LaFollette as a Commissioner to the Omaha Exposition.

Mr. Greenbank came to the State of Washington in 1899; was married in 1900 and came to Olympia in 1901, where he served as Senate Clerk in the session of 1901, and for many years he was Auditor and Cashier of the State Land Department. He also had a clothing store in Olympia.

Always interested in music, he was soloist and director of the First Presbyterian Church choir.

In 1912 Mr. Greenbank was elected State Representative from Thurston County, and served in the 1913 session.

In 1918 he moved to Seattle and was one of the organizers and the first president of the Ralston Male Club, a well-known male chorus of Seattle.

On November 1, 1943, he passed away, survived by his wife, Adelaide M., of Seattle, and a son, Herbert A. Greenbank, of Olympia.

Senator Ernest C. Huntley delivered the following eulogy on the life of Oliver Hall:

Oliver Hall, son of a wagonmaker, was born in Lawrence County, New York, February 17, 1852, and was called by death November 27, 1946, aged 94 years. During the Civil War Oliver was too young for service, but his father and two older brothers served with a Wisconsin regiment, and in 1865 they moved to Mankato, Minnesota.

The family came to Washington Territory in 1876. With his father Oliver started the first wagonmaking shop in Washington Territory north of the Snake river, and soon expanded it to the manufacture of wooden pumps and coffins. After the railroads came into the northwest they shipped the first carload of pumps and sleighs ever sent over the Northern Pacific Railway in Washington Territory.

Oliver's father died in 1880, but Oliver continued the business, and also entered the undertaking business. He sold this business to L. L. Bruning of Colfax in 1911. He had a very notable career as State Senator, being first elected in 1896. He continued as State Senator from Whitman County from that time until the Democratic landslide of 1932, with the exception of two terms, between 1902 and 1910. Whenever Senator Hall would arise to speak the audience listened, because they knew full well he spoke with knowledge and sincerity.

Probably no man in the State of Washington knew more or worked more diligently than did Senator Hall during all those years on Roads and Bridges committee, of which committee he was chairman for a great many years. He first became interested in good roads at the age of 21 when appointed road supervisor of his home town in Minnesota. After the 1932 election Senator Hall retired to his 100-acre farm near Colfax until called by death, and will long be remembered as the Father of Good Roads in the State of Washington.

Senator Hall was a member of the Masonic Lodge for over 70 years; of the Knights of Pythias for 67 years and served A.O.U.W. as grand master and supreme representative, and was past patron of the Order of Eastern Star. For many years the Colfax Knights of Pythias honored Mr. Hall on his birthday anniversary with parties. He left surviving him one brother, Elmer Hall, of Spokane and several nephews and nieces.

Senator Hall lived an exemplary life; was a hard worker; kind and generous, absolutely reliable; very considerate of the welfare of his fellow man, and possessed a great amount of common sense, which endeared him to his host of friends.

Representative Merle C. Hufford delivered the following eulogy on the life of Loren Bingham Hastings:

Loren Bingham Hastings, born in Port Townsend, July 18, 1853, was the first white child born and reared in that city, and was believed by relatives and friends to be the oldest living native-born resident of the State of Washington. He died at the place of his birth January 16, 1946, aged 92 years.

His father, Loren Brown Hastings, was one of the first white settlers in northwest Washington, and one of the founders of Port Townsend in 1851. Later he served in

the First Territorial Legislature. Still later he served as Probate Judge, Sheriff and Treasurer of Jefferson County. He died in 1881.

His mother was the former Lucinda Bingham, and died in Port Townsend in 1894, at the age of 69. She was the first white woman of record to set foot on Port Townsend Beach.

Loren Bingham Hastings lived a life noteworthy not only for its historical importance, but also for its prominent connection with various important business and development activities which contributed heavily to the upbuilding of northwest Washington. He served three terms in the State Legislature, 1901, 1903 and 1921, and was Mayor of Port Townsend, as well as City Councilman for four terms.

As a young man Hastings received what schooling was then available at Port Townsend. At the age of seventeen he went to sea on the brig Bizzantium, sailing north on a whaling expedition. The ship was later wrecked and he returned to Port Townsend. Shortly thereafter he went east to school, attending St. Johnsbury's Academy, in Vermont, 2½ years, and Eastman Business College, at Poughkeepsie, New York, for a term. Returning to Port Townsend Mr. Hastings spent the next several years in various business activities in that city and in Seattle.

In 1881 he purchased a one-half interest in the small steamship Virginia, which he operated, together with a Captain Morgan, as the Hastings Steamship Company. The firm operated on Puget Sound, holding various mail contracts and doing a general steamboat business. The equipment and business of this firm was later sold to the Puget Sound Navigation company. It was during this part of his life that Mr. Hastings acquired the nickname of "Captain" L. B. Hastings, by which name he has ever since been known to his many friends and associates.

In 1890 Captain Hastings joined with others in organizing the American Tugboat Company, of which Hastings was president. The firm operated from the city of Everett, and eventually developed into one of the Pacific Coast's largest towing concerns, with more than twenty tugboats in operation. Captain Hastings remained as president of the organization and chairman of the board of directors for many years, although active management was transferred to other hands during the last decade. The Hastings interest in the tugboat firm was disposed of in 1944.

Loren Bingham Hastings was married in Port Townsend October 21, 1878, to Emma Littlefield, daughter of Tobias and Lucy Littlefield, members of two old New England families. Mrs. Hastings died in 1910. The closest survivor of the couple is their daughter, Mrs. H. G. Hamlet, of Chevy Chase, Maryland, wife of Rear Admiral Hamlet, who formerly commanded the United States Coast Guard, and held other high maritime positions.

Captain Hastings was a member of the Episcopal Church of Port Townsend; also of Port Townsend Lodge No. 6, Free and Accepted Masons of Washington; the Scottish Rite Masons and other fraternal and civic organizations. His death severed one of the last remaining links between the present day and the early historical background of Port Townsend and the State of Washington. It is only fitting that the city of his birth should prolong the memory of his name. Among the projects which bear the Hastings name in Port Townsend are Hastings Avenue, one of the city's most prominent thoroughfares, and the Hastings Addition to the city of Port Townsend.

Senator H. N. Jackson delivered the following eulogy on the life of Dr. Peder Jensen:

Taps—for another fine American citizen and servant of the people. Peder Jensen was born in Copenhagen, Denmark, in 1868, and departed this life in Tacoma, Washington, September 30, 1945. He came to America in 1883. On the steamer coming over he met Miss Agnes Anderson who was en route from Norway. Within one year they were united in marriage. They settled in Fern Hill, now a part of Tacoma, in 1889. He was one of the early postmasters of Fern Hill; active in organizing Fern Hill Lodge of Masons, also of the Poppy Drive used by veterans to raise funds for hospitalized ex-soldiers.

Having received the necessary degree, Dr. Jensen participated in World War I as a member of the Medical Corps. At one time he had a drug store at Fern Hill, but his store burned and he then went into the same business at 7th and Commerce Streets, in Tacoma, and was also a manufacturer of drugs.

His estate comprised about two square blocks, at South 82nd and G Streets, and his widow, now 78 years of age, still resides in the family home. Dr. Jensen was a great lover of nature, and his estate is still covered with large fir trees in their virgin state and beauty.

When in need of advice, his many friends frequently called upon Dr. Jensen, who commanded the confidence, love and respect of all who knew him. Although an ardent Democrat, in a district usually Republican, he was elected State Senator, and served with credit to himself and his constituents in the sessions of 1911 and 1913.

Dr. Jensen left surviving his widow, four children and three grandchildren.

Little can we afford to bid farewell to such outstanding citizens as Dr. Jensen; however, such choice is not ours to make and we've but to say: "Well done our good and faithful servant."

Representative A. L. Rasmussen delivered the following eulogy on the life of Martin J. B. Johnson:

Martin J. B. Johnson, a native of Norway, emigrated to America when a boy of eighteen. Like many others coming to this country from far off lands, he worked for a time as a laborer on a railroad and on farms. Being naturally thrifty, he soon saved sufficient funds to go into the grocery business in Minnesota. In 1909 he came with his family to Tacoma, Washington, where he built a store in a new but promising district, known as "McKinley Hill," and he continued his business there until his death in January, 1944, at the age of 70 years.

Mr. Johnson's honorable and fair dealings endeared him to all with whom he came in contact, and in 1932 he was elected by the voters of his home district, No. 28, in Pierce County, a Democratic member of the House of Representatives. He served with credit in the regular and special sessions of 1933.

When Mr. Johnson departed this life he left surviving his widow and a daughter in Tacoma, and a son, Otto Johnson, at present with the Department of Unemployment Compensation and Placement, in Olympia, and who was Assistant Chief Clerk of the House of Representatives in 1937 and 1939. His nephew, Thor C. Tollefson, is now the United States Representative in Congress from the sixth congressional district of Washington.

Senator Leslie V. Morgan delivered the following eulogy on the life of Arthur T. Karr:

Arthur Thompson Karr was born March 12, 1883, at Hoquaim, Washington, and died May 1, 1946, at Yakima. He was the youngest of the twelve children born to James A. Karr and Abigail Walker Karr. His father, James A. Karr, was one of the first Grays Harbor settlers, and his farm eventually became part of the city of Hoquiam. He represented his district in the Washington Legislature in 1875, 1882, and 1893. His mother was the first white girl born within the limits of the present State of Washington to survive infancy. She was the second child of her parents, the Reverend and Mrs. Elkanah Walker, missionaries who crossed the plains in the second company brought across by Marcus Whitman in 1838. She met and married James A. Karr in 1863 while she was teaching school at Hillsboro, Oregon. They lived in Hoquaim until 1904 when the family moved to Yakima.

Arthur Karr grew up in Hoquaim and graduated from the University of Washington in 1908. He was a member of the Beta Theta Pi fraternity. After graduation he lived with his father and mother in Yakima where they operated farms near Yakima and Mabton.

Arthur Karr married Harriet Chadwick of Olympia on March 2, 1914. She is the daughter of the late Judge and Mrs. Stephen James Chadwick. Judge Chadwick at one time was Chief Justice of the Washington Supreme Court.

Arthur Karr served as chairman or president of several organizations, including the Naches-Cowiche Canal Company, of which he was president for twenty-two years; the Washington State Horticultural Association, of which he was president in 1929; the Yakima Valley Production Credit Association, of which he was president from 1934 to 1940. He also served as a school director on the board of Nob Hill School; as a member of several apple Grade and Pack Conventions; as a member of the Agricultural Committee of the Yakima Chamber of Commerce; and the Pear Commodity Committee. He served as an appraiser for Federal Farm Loans for twenty years. He was a member of the Farm Bureau, Grange, and Masonic and Elks Lodges.

Arthur Karr represented the Fourteenth District in the House of Representatives of the State of Washington in the 1935 Twenty-fourth Regular Session at Olympia. He served on the following Committees: Education, Game and Game Fish, Horticulture, Reclamation and Irrigation, Revenue and Taxation, and Rural Credits and Agricultural Development.

It was my privilege to serve with Arthur Karr on many community activities, as we were close personal friends with mutual interests in the community for a period of twenty years. Mr. Karr was one of the finest men I have ever known. His sterling qualities inspired the confidence of men who came in contact with him and if anything of a community nature was to be attempted, Arthur Karr was invariably selected as the leader. Mr. Karr was also a very enthusiastic sportsman and had much to do with building the present sportsman's organization that now exists in our county. Furthermore, Mr. Karr took the lead not only in sportsmanship, he was an educational leader; he was a leader in the development of Yakima Valley and he was also an outstanding man in the Episcopal Church of Yakima.

He died May 1, 1946, following a long and confining illness of ten years. Although bedfast during most of that time, he carried on many of his community jobs and maintained an active interest in the operation of his fruit orchards. He left surviving, his wife Harriet; a son Chadwick Karr, and a daughter Mrs. Jane Karr Van Eaton.

In the passing of Mr. Karr, the community and state have lost a man who will never be replaced within the generation. The finest tribute that could be paid to Mr. Karr is to say that he was a man in every respect and his passing can be likened to a mighty oak among a growth of saplings falling to the ground.

Representative Asa T. Clark delivered the following eulogy on the life of John M. Klemgard:

John M. Klemgard, one of the real pioneers of Eastern Washington, and an ardent public servant, was taken on December 23, 1946, in an automobile accident.

Mr. Klemgard was born in the Walla Walla country in 1873, and grew up with the country. A lifelong Democrat, he served in the State Legislature in the 1923 Session, and served three terms as Whitman County assessor. The passing of "Uncle John", as he was affectionately known by old timers, new comers, and children alike, was a loss to the people of his community, and to the memory of this pioneer we now pay tribute.

Representative George R. Thompson delivered the following eulogy on the life of Dr. U. M. Lauman:

Dr. Ulysses M. Lauman, pioneer Lewis County physician and state legislator, died in the Veterans' Home at Retsil, Washington, February 28, 1946. He was buried at Morton, Washington, in accordance with his request.

Dr. Lauman was born in Bradford County, Pennsylvania, February 4, 1867, and never married. After graduating from Cornell University and the Columbia School of Medicine he came to Lewis County, Washington, in 1893, and began the practice of his profession.

Even though he was busily engaged in his profession, he always had time to devote to community interests. He homesteaded land near the Cowlitz river and later moved to Randle, where he established his home in 1911. Dr. Lauman was a veteran of World War I, and retired from the army medical corps with the rank of major.

He served as president of the Eastern Lewis County Citizens' League, was interested in the Washington Good Roads Association and the White Pass-White Bluffs Highway Association. He was a Republican member of the State Legislature in 1939, 1941, 1943, 1944 Ex- and 1945 Sessions, and used his influence and was very enthusiastic in securing appropriations for construction of the White Pass highway across the Cascades.

Dr. Lauman was a member of the Randle American Legion Post and a past master of the Randle Grange and an active member of the Lewis County Pomona Grange.

In addition to his profession and other outside interests, he was noted in southwestern Washington for his hobby of growing prize-winning roses, dahlias and gladioli and his home was constantly surrounded by flowers.

In the passing of Dr. Lauman, Lewis County and the State of Washington lost a valuable and unselfish citizen.

Representative Fred Miller delivered the following eulogy on the life of Charles L. MacKenzie:

Charles L. MacKenzie, a pioneer business man and banker of Colfax, Washington, was born in Schuyler, Nebraska, in 1872, died in Sacred Heart Hospital, Spokane, January 17, 1947, aged 74 years.

He went to Spokane in 1889, and resided at Spokane and Liberty Lake until 1895, when he located in Colfax, where with Nicholas Codd he established the first electric

light and power system. In 1910 they sold this system to the Washington Water Power Company. He went into the banking business and for many years was president of the Colfax National Bank.

Mr. MacKenzie was engaged in a number of business enterprises, such as apartment house owner, road contracting business, member of the Federal Land Bank, owner of extensive farm lands and raising sheep. At the time of his death he was interested with James Richardson in large range lands and sheep raising at Hooper, Washington.

He was active in Democratic politics; at one time served as a presidential elector, and was a member of the State Legislature in 1903.

On November 2, 1902, Mr. MacKenzie married Miss Frances Bragg, daughter of the first Auditor of Whitman County. She died in 1926.

Mr. MacKenzie left surviving a daughter, Miss Helen MacKenzie; two sisters, Mrs. Ella Perry and Mrs. Caroline MacKinnon, all of Spokane, and a nephew, Allen MacKenzie, of Spokane; two nieces, Mrs. Adelaide Spencer, of Spokane, and Mrs. Anabel Reynolds, Lisbon, Portugal.

Representative Agnes M. Gehrman delivered the following eulogy on the life of Thomas H. McKay:

Thomas H. McKay was born of Scotch ancestry in Ontario, Canada, in 1868. He lived in his early years in Canada, where he received a common school education. About 1885 he moved with his family to Ottawa County, Kansas, where he taught school for a number of terms. During the summer he attended Salina Normal University. He studied law in Salina, and in 1893 moved to Grays Harbor, Washington, where he resided until his death on January 5, 1947, except for about two years, 1897-98, which he spent in Alaska and the Yukon Territory.

Mr. McKay was admitted to the bar about 1899, and continued in the law practice until a very short time before his death. He was associated with several of the lawyers of Grays Harbor, including Judge J. B. Bridges, a former member of the Supreme Court, John C. Hogan, a former member of the Legislature of this State, and W. H. Abel, of Montesano.

Mr. McKay was a Republican always, conservative in policies, quite independent in his views and outlook upon life, not inclined to entertain views just because others entertained similar views. He always stood for good government and good citizenship. He was always a student; a careful, painstaking lawyer, very set in his views in his legal attitude, well grounded in the law, but not especially able in the oral presentation of a cause. He was markedly successful in litigation, particularly on law questions, due probably to his extreme diligence, persistence and tenacity. Quietly and unostentatiously he carried on the duties of a good lawyer and a good citizen to the end.

Mr. McKay was a State Representative from Grays Harbor district in 1913, the duties of which he discharged with his usual diligence and good judgment.

He was married twice. By his first wife he had two children, Perry and George. The former is a retired sailor and a prominent cranberry grower; the latter is engaged in the operation of a stevedore company in Alaska. His second marriage resulted in five children, all grown, and each worthily maintaining a place in life of which their father and mother might well be proud.

Senator B. J. Dahl delivered the following eulogy on the life of Colin Riley McMillan:

Colin Riley McMillan was born on a farm near Cedarville, Ohio, January 23, 1858, and passed to his reward on his farm near Colville, Washington, July 26, 1945. He was the son of Hugh and Rachel McMillan, natives of South Carolina.

After attaining young manhood he spent some time in Illinois and Colorado before coming to the Colville Valley in 1884, where he filed on a homestead.

A Democrat by birth and tradition he was always high in the counsels of his party. He served his county in the Territorial Legislature of 1887 and 1888. He was a pioneer county sheriff in Stevens County, from 1893 to 1897. In 1914 he was elected State Senator and served in that capacity during the Sessions of 1915 and 1917. His son, David E. McMillan, was State Senator from the same district during the Sessions of 1935, 1937, 1939 and 1941.

Mr. McMillan was a sturdy individualist of the old school, thoroughly aware of the dangers of centralized paternalistic government, and had much to do with the up-building of this State. He acquired large farm holdings south of Colville, of some 1800 acres of land, and his son, David E., now resides on the McMillan home place.

Mr. McMillan left surviving, in addition to his son, David E., two other sons, Hugh D., of Houston, Texas, and William McMillan, of Chicago; and two daughters, Mrs. Alice Wilson, of Spencer, Iowa, and Miss Rachel McMillan, of Saginaw, Michigan.

Representative Tom Montgomery delivered the following eulogy on the life of Ida McQuesten:

Ida (Oxenford) McQuesten was born at Lake City, Iowa, November 15, 1868, and died at Tacoma, Washington, October 25, 1945. She was the daughter of William Oxenford and wife, Lucinda. Her father emigrated from Lincolnshire, England, when a very young man, and was a pioneer of Calhoun County, Iowa. With his brother John, he operated large farms and the "Oxenford Mills" on Coon River.

To the influence of an illustrious father and noble mother, she paid a tribute of gratitude and affection. She was cradled in an atmosphere of culture, and Christian character came to her as a heritage from noble lineage. She was a natural leader and teacher.

After graduating from the Western Normal College, at Shenandoah, Iowa, she spent many years teaching in the public schools of Aspen, Colorado, Salt Lake City and Washington, D. C. She came to the State of Washington in 1898, and taught in the Cushman Indian School for fourteen years. She was fond of music and poetry, and withal had unusual business ability.

Mrs. McQuesten was a member of the Tacoma Board of Education six years, 1913-1919; Superintendent of the State School for Girls, Grand Mound, six years, 1919-1925. During World War I she was assigned by the Government to important work with War Camp Community Service, at Portland, Oregon.

Among other activities she took an active part in Republican politics, serving as State Representative from the 25th district, two terms, 1929 and 1931. Other activities included Parent-Teachers Association (First Vice-President Mothers' Congress), representing this State as a delegate to Washington, D. C., in 1922. She was also active in Eastern Star work, having been Matron of Fern Chapter No. 7, Tacoma, and Grand Matron of the State in 1920, besides serving for a number of years as a member of the board of directors of the Masonic and Eastern Star Home of Washington.

Mrs. McQuesten was also President of the Woman's Club House Association of Tacoma for several years,—and was greatly interested in traveling, having made several cruises to foreign lands.

She was active in church work, the head of the Ida McQuesten Circle of the First Methodist Church of Tacoma,—and her life was so filled with deeds of kindness and love of humanity, with a buoyant spirit and high ideals, that her passing leaves a host of friends evidencing the love and respect so truly earned.

Mrs. McQuesten left surviving, a sister, Mrs. N. J. (Linda) Wilkins, Ortonville, Minnesota; four nieces: Mae Wilkins Schenk, with whom she made her home in Tacoma; Ruth Wilkins Geier and Miss Dorothy Wilkins of Ortonville, and Helen Wilkins Karnes, Ashland, Oregon; and two nephews, Harold E. Wilkins, Prosser, Washington, and Ralph L. Wilkins of Ortonville.

Representative Arthur R. Paulsen delivered the following eulogy on the life of Winfred C. P. Meddins:

Winfred C. P. Meddins was born in Milwaukee, Wisconsin, in 1876, and died in Tacoma, Washington, May 27, 1946.

Mr. Meddins received his elementary education in the rural schools of Kansas and in Lincoln, Nebraska. He graduated in 1904 from the Colorado State Normal School, at Greeley, Colorado. He taught two years in Pueblo, four years in Telluride, and his final teaching in Colorado was at Gunnison. Mr. Meddins spent one year at Teachers' College, Columbia University, 1917-18, and came to Tacoma in September, 1919, well prepared for his profession. For many years he was one of the leading educators of Tacoma's public school system.

His first assignment in Tacoma was as industrial arts teacher at the Lincoln High School; he was soon advanced to assistant principal, and shortly thereafter to principal of the Lincoln High School, in which position he served for ten years, until the 1938-39 school year. He then took sabbatical vacation on account of failing health, after which he returned to request a less arduous assignment. He was then given the principalship of the Jason Lee Junior High School, during the 1940-41 school year. He retired in June, 1941.

Professor Meddins was rated highly as an administrative educator, and was very popular not only with the students, but with parents as well. In 1942 the voters of his

home district, No. 28, in Pierce County, elected him as State Representative, and he served with credit in the Legislature during the regular session of 1943 and special session of 1944. He was a member of the First Presbyterian Church of Tacoma.

Mr. Meddins left surviving a daughter, Mrs. Winifred J. Schutt, a son Edgar S. Meddins, and a sister, Miss Beatrice Meddins, all of Tacoma.

Representative David Hoefel delivered the following eulogy on the life of W. O. Miller:

W. O. Miller, Ritzville's pioneer lawyer, was born February 19, 1875, at Somerville, Indiana, where he attended the public schools until he graduated from high school. At the age of seventeen he taught in the public schools of Indiana. Thereafter, Mr. Miller attended Vincennes Normal and the University of Indiana, and then taught school for a number of terms, rising to the position of Superintendent of Schools in Fort Branch, Indiana.

After his experience as a school teacher and Superintendent of Schools, he turned to law, enrolling in the Indianapolis College of Law, from which he received his law degree in 1905. He began the practice of law in Princeton, Indiana, and also practiced law in Birmingham, Alabama, before coming to Ritzville, Washington. Mr. Miller was admitted to practice in the states of Alabama, Mississippi, Indiana, and Washington.

In 1905 he was married to Miss Elizabeth Walters. Three children were born into their home: Richard, the oldest son, preceded Mr. Miller in death; Walters, a second son, was associated with his father in the Ritzville law firm of Miller and Miller; Myra, a daughter, is the third child.

In 1909 Mr. Miller, pursuing his ambition to become a part of the growing West, came to Ritzville, Washington, and established his law practice in that city. He was active in such practice for a period of thirty-seven years until the day of his death, having enjoyed the longest practice of any attorney before the bench of Adams County. Mr. Miller was active in state and community affairs. He was Prosecuting Attorney in Adams County for eight years. He served as State Representative from Adams County for two terms, 1929 and 1931. At various times he served as member of the school board, president of Chamber of Commerce, chairman of Adams County Good Roads Association, and president of the Cross-State Highway Association. For many years, also, Mr. Miller was an honored and active member of the Trinity Methodist Church of Ritzville, where he served as Financial Secretary, Steward, and, at the time of his death, April 25, 1946, was a member of the church Building Committee and Board of Trustees.

Until the time of his passing, Mr. Miller maintained his keen interest in the affairs of business, state and church which had commanded his loyal efforts and energies throughout his lifetime. He brought to all these interests outstanding qualities, not only of mind and talent, but also of character. He was one of those men who through a life of incessant work, kept the advice which a poet once wrote to a young man entering business:

"Let thy high manhood sacred be,
And lift thy calling up to thee;
Be true to thyself, and thou shalt find
An answering echo in thy mind.
Keep thou thy faith with men, and see
How men will keep their faith with thee."

(Henry S. Kent)

Senator Charles J. McDonald delivered the following eulogy on the life of William H. Moore:

William Hickman Moore was born in St. Louis, Missouri, in 1861, son of George W. and Mathilda Boone (Wilson) Moore, and died in Seattle, Washington, March 13, 1946, at the age of 84 years.

He attended the public school at Shelbyville, Kentucky, and taught in that school for two years. He graduated from the University of Kentucky in 1885, with the degree of B. A. Thence he went to the University of Michigan, where he won his law degree in 1888. Shortly thereafter, in the same year, he came to Seattle, Washington, to practice his profession.

In 1897 he was elected as Judge of the Superior Court in and for King County, serving until 1901. Judge Moore's decisions, based squarely on his comprehensive knowledge of the fundamentals of the law, won for him the respect and esteem of the bar.

In 1902 Judge Moore was elected as State Senator from the 34th district, and served with distinction during the sessions of 1903 and 1905. In 1906, Judge Moore became Mayor of the City of Seattle, in which capacity he served for two years, then retired to private practice of his profession. In 1914 he was a member of the City Charter Committee, and served as its President. In 1916 he was elected a member of Seattle City Council, and served in this capacity until 1922. In 1924 he was again elected a member of the City Council, and served until 1930.

Judge Moore was a member of the Pioneer Association of Washington, and did much toward the upbuilding of this State; in fact in every position he served, he fulfilled his duties with marked success. He was indeed a good executive, a humanitarian, and an advocate of public ownership, who left the world better than he found it.

He is survived by his widow, Edith (Baker) Moore, and a son, Vincent Moore, of Friday Harbor, Washington.

Representative Theodore S. Turner delivered the following eulogy on the life of Frank Pierce:

Frank Pierce was born in Buffalo, Missouri, June 7, 1864, the son of Frank and Justine Pierce. He studied law at the University of Michigan, receiving the degree of LL.B., and was admitted to the bar in St. Louis. In 1891 he came to Seattle and engaged in the general practice of law. He enlisted in the Washington National Guard the year of his arrival, and by 1897 he had advanced to the rank of Lt. Colonel. On March 7, 1907, he was married to Miss Harriett Bray, of Seattle. Mr. Pierce served in the House of Representatives, 1913 session, as the member from Kitsap County. Because of his keen interest in the public welfare, he found time to engage in various civic activities, including child welfare and public transportation. At every session of the Legislature within the memory of those now serving, he sought to aid in the difficult tasks of law-making, and of the elimination of errors and inconsistencies in the statutes. On January 21, 1947, his death came quietly, unexpectedly, but no doubt as he would have wished it, at the end of a day spent at the Legislature to which he was so devoted, and which was so devoted to him. He is survived by his three children: Frank, Jr.; Brayton C.; and Mrs. Martha Pierce Hunt, all of Seattle.

Pierce's Code is the perpetual monument to the memory of Frank Pierce. First published in 1902 and repeatedly revised and supplemented down to the present time, it was designed not only to contribute something new to the art of code making, but, above all, to meet the practical needs of the bench and bar. As a practicing lawyer, Mr. Pierce knew that a codifier should furnish a ready answer to three questions: What is the law, where can it be found, and what does it mean? For accuracy, he went to the enrolled bills in the office of the Secretary of State, and thereby avoided errors found in the other codes of his time. To provide easy discovery of the law, he furnished an excellent index and a cyclopedic arrangement, which marked a new departure without parallel in this or any other state. Another innovation was the inclusion of the titles to the statutes in connection with the laws themselves. And as a guide to interpretation, he annotated his code with short, pithy notes to the court decisions which accurately give the meat of the matter and omit the unnecessary verbiage so commonly found in other codes. The general use of Pierce's Code by the bench and bar of this generation tells us in terms more powerful than language that Frank Pierce has made a great contribution to the law of this state, which will endure for generations to come.

Frank Pierce was a pioneer in spirit and in action. Throughout his life he was never afraid to blaze a new trail, and to do it alone if need be. When obstacles arose in his path, he did not cry for help, but just overcame them by sheer determination. Of the many incidents which characterize his indomitable spirit, one will suffice: At the age of seventy-four he was struck by a street car and suffered a broken hip; he got up and walked two blocks before an ambulance arrived; the doctor said he would never again walk without crutches, yet three years later he was hiking in the mountains.

As a man, Frank Pierce will be remembered and revered for his rugged independence, his utter lack of pretense, and his untiring devotion to the cause in which he was engaged. When he needed help, he did not ask it; when others asked, he freely gave. His was a great and strong spirit. As Pierce's Code will aid us in our search for the law, so may the example of Frank Pierce inspire us to know what is right, and knowing it, to fight on with courage and determination.

Representative Chas. W. Hodde delivered following eulogy on the life of Frank Schultz:

Frank Schultz was born in Ontario, Canada in 1869; died at Ione, Washington, in 1945. He came to Washington when a young man and engaged in farming and logging in Pend Oreille County.

Frank was first elected to the Legislature in 1932 and served in the 1933 session. He later served in the 1933 extraordinary session and was reelected to serve in 1935 and again in 1939.

Exceptionally conscientious, Frank served four sessions and never missed a roll call. This record has probably never been equalled. His contribution to the state through loyal service and liberal thought will preserve his memory many years.

Representative Robert M. Ford delivered the following eulogy on the life of J. Howard Shattuck:

J. Howard Shattuck was born in Indiana June 27, 1882, and departed this life February 28, 1945.

I am proud of the honor conferred upon me in delivering the eulogy on the life of a man so universally admired by all who knew him.

Mr. Shattuck came to the State of Washington in the year 1900, and spent a very honorable and useful life in this State for the next forty-five years. He moved to Port Orchard in 1904; married Josephine Stevens, of St. Petersburg, Virginia. Five children were born to this union, of whom three survive, viz: Geraldine Williams; Genevieve Norton and Elmer Shattuck, all of Seattle. Mr. Shattuck is also survived by his second wife, Bess Shattuck, two sisters: Mrs. Josephine Peterson and Mrs. Leone Whitney, of Port Orchard, and five brothers, viz: George E. Shattuck, of Port Orchard, Arthur and Walter Shattuck, of Michigan, Albert Shattuck, of Everett and his twin brother, Harry Shattuck, of Kent, Washington.

From 1909 to 1910 "J. Howard", as he was familiarly known, was Town Marshal of Port Orchard; from 1910 to 1912 he was Deputy Sheriff of Kitsap County, and in 1914 he was elected Sheriff of Kitsap County and served for two years. In 1914 he was elected as a member of the State Legislature, and was re-elected several times, serving as State Representative from 1915 to 1923, both inclusive. Some of the outstanding things he accomplished for his district during that time was the appropriation for the Gig Harbor highway and for the South Kitsap Union High School.

In 1920 Governor Ernest Lister appointed him Chief Parole Officer for all state penal institutions, which position he filled with credit to himself and satisfaction to the State. While he was energetic in the performance of his duties, his heart was filled with love for humanity, was uniformly kind and considerate of others; and the best interests of the unfortunate inmates of the reformatory and penal institutions for whom he worked, were uppermost in his thoughts—not for punishment, but for reform. All those who were so fortunate as to know him have only kind words for his memory.

In 1930 Mr. Shattuck retired from political life and entered the firm of J. D. O'Malley Stocks and Bonds Company. From 1935 to 1945 he was with the Acme Stocks and Bonds Company.

He was a member of the Methodist Church; and from 1909 until his death was a member of the Knights of Pythias of Port Orchard.

Representative George N. Adams delivered the following eulogy on the life of Edgar Albert Sims:

Edgar Albert Sims was born March 12, 1875 at Winnipeg, Canada; died at Port Townsend September 13, 1945, aged 70 years and six months. He came to the State of Washington when 15 years old and in 1900 married Eugenie Postinez, who survives him.

Seldom, if ever, was there a more active legislator in the history of the State. He was State Representative from Jefferson County from 1909 to 1915, inclusive, and from 1923 to 1929, inclusive, and always on the most important committees. Rich in human experience, Mr. Sims accomplished very much, not only for his home community, but for the State of Washington in general. Very early in life he was attracted by the sea and operated a gillnet fishing boat.

In 1895 he toured the Pacific, and at the age of 21 was in Yokohama. In 1898 he joined in the gold rush to the Klondyke, but like many others, failed to strike it rich, so came back to Puget Sound. In 1900 he went into the fishing business on the waters of Puget Sound and British Columbia, which business he followed for seventeen years.

In 1909, when he first became a member of the Legislature his business had been expanded into the salmon packing industry in Washington and Alaska, and he originated the floating cannery.

From 1921 to 1927 he was head of the fisheries board; but fishing was not his only interest. He was long interested in mining, lumbering and oil, and spent much of his fortune in drilling for oil, being interested in Montana and California, and especially in Grays Harbor County. About 1935 he secured leases and geology on the Wish-kah divide, known as the "Sims structure", and never lost hope and faith that oil was there, and others had so much confidence in his judgment in this matter that the Ohio Oil Company is now carrying on where he left off. If any of his friends lost money in his ventures it was not because of dishonesty on his part. No one, either in business or politics, could question his integrity.

His was a life of strenuous activity and many hardships, but some times with great success. There was little he had not done in his early life, but whether it was dishwashing, cook, hotel runner, iron worker, longshoreman, boatsman, fisherman, logger or miner, in big business for himself or lawmaker for the State, he was always a tireless worker and possessed of unusual ability and influence. Although Port Townsend was long his home, the residents of Grays Harbor County considered him one of their best friends, as it was largely through his influence that the Olympic Loop highway was built.

Many times his friends urged Mr. Sims to become a candidate for Governor or for Congress, but after the 1929 Session of the Legislature he insisted: "I am now a retired politician."

Representative Martin V. Easterday delivered the following eulogy on the life of Fred A. Smith:

Fred A. Smith was born October 10, 1880, in Aurora, Illinois. He attended Denver University and graduated in 1902. In 1906 he came to Tacoma with the Chicago, Milwaukee Railroad Company in the Right of Way Department.

Mr. Smith was a member of the Board of Eminent Domain for City Commissioners of Tacoma. He had charge of the acquisition of Lake Cushman and other public utility projects for the City of Tacoma. Mr. Smith was elected to the Legislature in 1918 and served in the 1919 Session as well as in the Extraordinary Session of 1920.

He was, for several years, active in civic affairs, was a member of the Masons and Shriners.

In 1934 he was elected Pierce County Assessor and reelected in 1938. He was Washington State chairman of the National Association of Assessors. He also served as a member of the Advisory Board of the National Lawyers' Guild.

He sponsored many progressive measures such as collecting auto tax at the same time license was collected. He advocated repeal of Household Furniture Tax. His last years were spent advocating a good roads program.

He died December 10, 1946, two weeks after the death of his wife.

Mr. Smith is survived by a daughter, Mrs. J. F. Scherer, of Tacoma.

Representative Ralph C. Brigham Young delivered the following eulogy on the life of Morris Sorensen:

Morris Sorensen, one of Kittitas valley's most prominent citizens, a widely known farmer, stockman and county and state official, was born June 30, 1869, on a dairy farm near Karhus, Denmark, and died in Ellensburg August 6, 1945, following an illness of about two years, leaving surviving two sons, John J. and Howard Sorensen, of Ellensburg, and three daughters, viz.: Esther Burkholder, Mrs. Olga Viebrock and Mrs. Hazel Prince, and nine grandchildren. Mrs. Sorensen died in October, 1938.

Mr. Sorensen came to the United States in 1894, and worked in Wisconsin and South Dakota four years, then he returned to Denmark and married his boyhood sweetheart, Marie Jensen Due, returning at once to South Dakota. In 1903 they moved to Winlock, Lewis County, Washington. In 1910 they located in the Kittitas valley, where he worked for Henry Kleinberg for a time. Ten years later he purchased the Mid-Valley ranch from C. J. Walker, and in 1922 founded the purebred Guernsey dairy herd, which became one of the best in the valley. Animals from this herd are found not only in the Kittitas valley, but in many herds of the Northwest.

He was one of the founders of the K.C.D.A. cooperative in 1923 and served as a director for twenty years until he retired. He was president of the board continuously from 1929 to 1943, and upon his retirement was elected honorary president. He was active for twenty years in the Kittitas County Farm Bureau and in the Farmers' Cooperative, and served as a director in both organizations, as well as a director of the Triple A wheat allotment board, the planning council and a director of the Washington National Bank.

In 1935 Mr. Sorensen was one of five outstanding farmers of the State presented with an award by the Washington State College in recognition of efforts and success in promoting improved conditions in farming districts.

Soon after coming to the valley, Mr. Sorensen became interested in schools and was elected as a director in both the Kittitas school district and the Kittitas Union High School district, holding these positions many years, and in recent years served on the school reorganization committee.

Always active in Republican politics, he was honored with many public offices. He was County Assessor at the time of his death, and had previously served four terms as County Commissioner, and as such assisted in planning the County Hospital. He was State Representative in the 1933 regular and 1933 special session, being one of but two Republicans elected in Kittitas County in the Democratic landslide.

On his 72nd birthday, in 1941, Mr. Sorensen was honored by his many friends and associates at a picnic in the Swauk recreational area. He was a member of the Lutheran Church, the Kiwanis Club and Chamber of Commerce of Ellensburg.

Senator Harry A. Binzer delivered the following eulogy on the life of Ralph C. Tenney:

Ralph C. Tenney was born in North Dakota February 10, 1891, and died in Bellingham, Washington, May 6, 1946. He was a high school graduate and a very prominent citizen of Bellingham for many years. He was a member of the Methodist Church and a man of sterling character and reliability.

Among other activities, Mr. Tenney served as a member of the Bellingham City Council eight years; was office manager of the water front employees and Bellingham Stevedoring Company. His term as State Senator was short, having been appointed only for the special session in 1944 in place of Harry A. Binzer resigned.

At his death Mr. Tenney left surviving his wife, Vera Tenney, and one brother in California.

Representative O. R. Schumann delivered the following eulogy on the life of Henry H. Wende:

Henry H. Wende, who was elected to the Washington State Senate from Yakima County as a Democrat in 1912, and served in the sessions of 1913 and 1915, died at Yakima, July 12, 1945, after a short illness. He was born in Erie County, New York, July 28, 1870, of German parentage and inherited many of the best traits of the German people. He attended local schools until he was 18 and then became a clerk in a railroad office. In September, 1894, he entered the Law School of the University of Michigan, from which he was graduated in 1896 with the degree of B.L. He then returned to Buffalo and served as a clerk in a law office until 1898 when he became clerk of the Supreme Court of Erie County. In April 1902, he came to Yakima County to practice his profession, and shortly afterward opened an office in Sunnyside, then a religious settlement. Notwithstanding he was not a church man or even religious in any formal sense, he rapidly made a wide circle of friends in the community. He quickly became City Attorney and then Mayor. In 1906 in the Republican stronghold of Yakima County he was elected Prosecuting Attorney and moved to Yakima shortly afterward continuing to reside there until his death. His faithful observance of his campaign pledges and efficient conduct of the duties of that office extended his acquaintance throughout the County so that when he became a candidate for the Senate his election was a foregone conclusion.

As in everything else he did he gave his constituents faithful service in the discharge of his duties as a legislator, although he never lost sight of the fact that he was acting for the whole people of the State as well as those of his own district. The same qualities which had earned him lasting and wide-spread popularity in Yakima County made him a wide circle of friends throughout the State from the contacts made in the discharge of his legislative duties.

His genial and friendly nature found expression in the continuous flow of rough-and-ready banter which originated in a keen sense of humor. He always saw the humorous side of everything. There was nothing refined about his humor, but it was usually well received and, combined with his excellent memory for names and faces and entire absence of ostentation, was an asset of such great political value that he could easily have been elected to most any office within the gift of the people, to which he aspired.

When the time came when it was necessary for him to decide whether or not he would seek re-election he realized that it was necessary for him to make a choice as to

which side of his nature would be given expression. He enjoyed public life and service as few men did, but he had several other characteristics which finally turned the scales in favor of private life. He was strongly conservative by nature and saw that the trend of political events was moving toward radicalism with which he was not in sympathy. He was also accumulative and wanted to build up a competence and believed there was little opportunity for this in political life for a man of integrity. He was also a lover of home life and nature and realized that one to whom public office was really a public trust would be prevented from enjoying those things by the numerous distractions of public life. He was of a very independent nature and disliked the idea of seeking popular favor by yielding his views to curry such favor. He therefore chose to practice law rather than to help make law and never regretted his decision. He applied himself to private practice assiduously, and his genial nature, rough-and-ready wit, excellent memory for names and faces, reputation for rugged honesty and dependability gained him a host of friends and clients of all kinds and built him a very lucrative practice, especially in probate work, which enabled him to satisfy his remaining ambitions.

Notwithstanding his retirement from active participation in politics he still retained his interest in the affairs of his party until Mr. Roosevelt came into power through the agency of the New Deal. He accepted the Roosevelt promises at their face value, but when it became evident to him that those promises were not to be kept he concluded the New Deal was a "wolf in sheep's clothing" and that Mr. Roosevelt was "a man who stole the livery of the court of Heaven to serve the Devil in" and thereafter ceased to take any active interest in party affairs.

Few men in his community enjoyed to an equal extent the good will and good opinion of the populace, and no member of the local bar was more highly esteemed by the members of his profession. His memory will long be cherished by those who were so fortunate as to be numbered among his acquaintances.

Representative Lawrence J. Costello delivered the following eulogy on the life of Lee Y. Williams:

Lee Y. Williams was born in Cedar County, Missouri, June 3, 1864. He attended public schools near his father's farm. He graduated from Humansville High School, then taught three years in local schools.

Mr. Williams, at the age of 24, came to the Territory of Washington, on November 1, 1888, and resided at Sprague, Lincoln County, where he engaged in the banking business for about nineteen years. Just before moving to Sprague, on September 19, 1888, he married Miss Ida B. Kinney. Two children were born to this union, but died in their infancy. Mrs. Williams passed away September 23, 1929. Following his residence in Sprague he settled in the White River Valley, on a farm one mile north of Kent. This was in 1907.

In 1913 he took an active part in establishing the Grange Co-operative Store at Kent, and is generally recognized as the founder of the Grange warehouse system. He was manager of the Kent store for several years. Later he was elected secretary of the local drainage commission.

In 1926 Mr. Williams was elected to the State Legislature and was re-elected in 1928 and again in 1930, representing the 40th district in the Legislature. He served with credit to himself and his community during his legislative career.

Mr. Williams was a member of Verity Lodge No. 59, F. and A. M., of Kent. Due to his age and failing health, he entered the Masonic Home at Zenith, Washington, on March 26, 1940, where he passed the closing days of his life until he died on December 4, 1942. Funeral and burial services were conducted at Kent, Washington.

Senator Victor Zednick delivered the following eulogy on the life of William Wray:

A capable attorney and successful business man, former State Senator William Wray was also a most able legislator. As State Representative in the sessions of 1911 and 1913 and State Senator from 1915 to 1931, inclusive, Senator Wray served as Chairman of the Judiciary Committee in the House and Chairman of the Appropriations Committee in the Senate. During his long legislative career he also held a number of other important chairmanships, including that of the Insurance Committee. In both branches of the Legislature his influence was felt. Ever an advocate of good government, he worked and voted for measures in the interest of all the people.

I had the honor of numbering Senator Wray among my most intimate friends. He and I were first elected to the Legislature together in 1910 and represented the

same district in the House. During five of his sessions as State Senator I had an opportunity to observe his diligence and industry, being Secretary of the Senate during that period. He was especially interested in social legislation, including old age pensions, mothers' pensions and minimum wages for women.

Senator Wray was born in Darlington, England, September 28, 1876, and died in Walla Walla, Washington, June 8, 1946. He resided with his parents in Little Rock, Arkansas before coming to Seattle, where he lived for 54 years. He was a graduate of the old Seattle High School and of the University of Washington in the class of 1897, and after studying law in the office of the late Harold Preston, was admitted to the Bar in 1901. He was a charter member of the Young Men's Republican Club of King County. At the age of 14 he lost an arm in a hunting accident, but disregarding this handicap became one of the State's most prominent citizens. He was Past Noble Grand of Lake Washington Lodge, Independent Order of Odd Fellows, and a member of the Benevolent and Protective Order of Elks, and the Modern Woodmen of America. He belonged to the Episcopal Church. At one time he was an officer in the Petro Paint Company of Seattle.

He is survived by a daughter, Mrs. Grace Reinking of Seattle; a brother, J. G. Wray of Seattle; a sister, Mrs. Robert W. Fleming of Seattle; a granddaughter, Mrs. Robert Hodges of Ellensburg; a grandson, Captain Wm. Wray Whalen, who served in the Army Air Forces during World War II, and two great grandchildren.

In his passing, the State of Washington lost an outstanding citizen whose contributions added materially to the industrial, economic and social development of Seattle and the State.

COMMUNICATION FROM THE GOVERNOR

State of Washington, Executive Department,
Olympia, February 24, 1947.

*To the Honorable, The House of Representatives
of the State of Washington*

LADIES AND GENTLEMEN:

I am today transmitting to the Secretary of State without my signature, House Bill No. 115 entitled:

"An Act relating to the Legislature; creating and establishing a State Legislative Council from the members thereof; providing for their selection, terms, powers, duties, rules, findings and reports; and regulating the functions, expenditures and other activities of said council."

Bills creating similar committees have been disapproved by previous Governors of both parties. During the last session of the Legislature, I vetoed a similar bill, notwithstanding the fact that I was a member of the same political party which had control of the Legislature at that time.

Such an interim Legislative Council can produce many valuable suggestions and recommendations if the members of the Council pursue their inquiries solely for the purpose of rendering a valuable service to state government. On the other hand, such an interim Council can be used solely as a political sounding board. The results attained by the Legislative Council during the next two years of operation will determine its value.

Section 2(3) substantially duplicates the powers now vested by law in the State Auditor, an official elected by the people to check and examine the operations of the state departments.

I call your attention to the fact that under the broad powers of the Legislative Council its activities could seriously disrupt the essential services of the state government by unnecessary and undue interference with the various offices and functions.

My sincere wish is that the activities of the Legislative Council will prove of value to the people of the State of Washington.

Very truly yours,
MON C. WALLGREN,
Governor.

House Bill No. 244, by Representative Turner:

Relating to investment of trust funds by fiduciaries.

House of Representatives,
Olympia, Wash., February 22, 1947.

MR. SPEAKER:

We, a majority of your Judiciary Committee, to whom was referred House Bill No. 244, entitled: "An Act relating to and regulating investments of trust funds by fiduciaries, amending sections 11, 13, 16, and 17, chapter 41, Laws of 1941 (secs. 3255-11, -13, -16 and -17, Rem. Rev. Stat.; secs. 313-21, -25, -31, and -33, PPC), and repealing sections 1, 2 (as amended by section 1, chapter 114, Laws of 1943), 3, 4, 5, 6, 7, 8, 9, 10, 12, 14, 15, and 18, chapter 41, Laws of 1941, and section 2, chapter 114, Laws of 1943 (secs. 3255-1, -2, -3, -4, -5, -6, -7, -7a, -8, -9, -10, -12, -14, -15, and -18, Rem. Rev. Stat.; secs. 313-1, -3, -5, -7, -11, -13, -14, -15, -17, -19, -23, -27, -29, and -35, PPC).", have had the same under consideration, and we respectfully report the same back to the House with the recommendation that it do pass with the following amendments:

In section 2, line 19 of the original bill, being line 10 of the printed bill, after the comma (,) following the word "standard" and before the word "a" insert the following: "and subject to any express provisions or limitations contained in any particular trust instrument,"

Strike the whole of section 3 and insert in lieu thereof the following: "Sec. 3. A corporation doing a trust business may invest trust funds in savings accounts with itself to the extent that such deposits are insured by the Federal Deposit Insurance Corporation."

The purpose of this bill is to replace the statutory legal list rule with the prudent man rule for trust fund investment, which is best announced in the case of Harvard College vs. Amory, 9 Pick. (Mass.) 446. The legal list theory has proved unnecessarily rigid in practice. The prudent man rule has been followed in Massachusetts for over one hundred years and in other states for varying periods, with satisfactory results. It permits the flexibility which is so highly desirable in a changing economic world,

and at the same time, contains the safeguards necessary for the protection of the fiduciary.

THEODORE S. TURNER, *Chairman*.

We concur in this report: Newell J. Banks, A. B. Comfort, Leo C. Goodman, Elmer E. Johnston, George Kinnear, Frank B. Malloy, Fred Mason, George V. Powell, Warner Poyhonen, O. R. Schumann, Perry B. Woodall.

REPORTS OF SPECIAL COMMITTEES

JOINT REPORT OF THE JUDICIARY COMMITTEES OF THE SENATE AND THE HOUSE OF REPRESENTATIVES PURSUANT TO HOUSE CONCURRENT RESOLUTION NO. 4

MR. PRESIDENT:

MR. SPEAKER:

We, your Judiciary Committees of the House and Senate, pursuant to House Concurrent Resolution No. 4, find that the Revised Code of Washington proposed by the Code Committee is not yet ready for submission to the Legislature, and recommend that the Code Committee be authorized to continue the work to completion, for the following reasons:

PRELIMINARY STATEMENT

The Code Committee was created by chapter 149 of the Laws of 1941, with authority to compile the statutes of a general and permanent nature and adopt a permanent numbering system. In 1943 the Code Committee was granted "full power of revision and codification" of our statutory law (Laws of 1943, Chapter 252). In 1945 the powers and duties of the Code Committee were restated, with the requirement that the proposed code be submitted to the legislators-elect at least 90 days prior to the 1947 session (Laws of 1945, Chapter 233). Detailed reviews of the actions of the Code Committee under these statutes are contained in its report to the Governor and the Legislature dated January 1, 1943, its report to the Washington State Bar Association, 18 Wash. Law Rev. 221, the report of the Washington State Bar Association committee, 21 Wash. Law Rev. 244, all of which are already of record, and finally in the report of the Code Committee presented to the joint hearing of your Judiciary Committees on January 23, 1947, filed herewith.

I. ACCOMPLISHMENTS TO DATE

The Code Committee has listed in chronological order each section of every statute from 1854 to 1945, inclusive, and has checked all of those from 1854 through 1881 to determine whether they are of a general and permanent nature and still in force. It has also checked and accounted for all the laws contained in Remington's Revised Statutes and Pierce's Code. All of such laws found to be still in force were then compiled and arranged in 90 titles and grouped into 21 classifications or codes, and a permanent numbering system was adopted. These laws were revised by the Code Committee staff (except for one title done by Mr. Wight). The revision work of approximately half of the titles has been checked for accuracy by various departments, groups, and individuals, but only four of the titles were checked by the Code Committee staff

itself. Reviser's Notes have been prepared for the entire code to indicate the changes and omissions made in the revision process. Material has been collected for the historical notes which are to be prepared.

II. COMMENTS ON THE WORK DONE TO DATE

(a) *Arrangement and numbering system.* Your Committees find this excellent. It is logical, simple and convenient. The grouping of all laws on the same subject into the same title or classification will prove of great benefit, not only to the public official who must administer the law, but also to the private citizen who must look to it for the protection of his rights and the measure of his obligations.

(b) *Collection and compilation of laws in force.* This portion of the work is still incomplete. The chronological tabulation of statutes, section by section, from 1854 to date, has been checked only as far as the year 1881. This tabulation shows a large number of sections in the subsequent years which have not been expressly repealed, amended, or included in any codification. It is at least possible, though not very probable, that among these may be some that are still in force and should be included in the Revised Code. The Code Committee has thus far found laws still in force which were omitted from both Remington's and Pierce's Codes, and which properly belong in the Revised Code. When the Revised Code is offered for adoption, it is planned to provide for a prima facie period of at least four years, at the expiration of which all general laws not then included will be repealed. In view of this plan, it is of the utmost importance that all laws of a general nature be included. For this reason it is necessary to complete the work of checking each section in the chronological tabulation from 1881 down to date.

(c) *Revision.* Your committees found on the basis of numerous spot checks that some of the revision work is excellent, and that some of it contains serious errors and will have to be discarded. Several factors contributed to this result. The waste of public funds in paying for work which must be done over, and the incalculable damage that might flow from any possible unauthorized changes in the law, demand an explanation of past errors and an assurance of absolute accuracy in the future.

In the first place, the legislature must recognize its full share of responsibility. The task of recompilation and revision, as now understood, is a mammoth undertaking. It requires accurate analysis and planning and adequate time, staff and facilities for execution. Unfortunately, the project was approached without a complete plan, and legislative policy vacillated from session to session. The 1941 act authorized recompilation only, without power of revision. This was found in practice to be futile, so the 1943 Legislature granted "full power of revision and codification". In 1945, this was modified to read "full power of codification". In a separate sentence the Code Committee was directed, in addition, to propose changes and revisions and to submit "a copy of the proposed code and a copy of all such proposed changes and revisions" to the 1947 Legislature. At no time did the Legislature define what it meant by revision, nor the type of changes authorized. The 1943 and 1945 acts were passed in war time, when there was a shortage of adequate legal assistance as well as of materials and facilities. The latter statute allowed less than two years for completion, without an accurate appreciation of the size of the work nor the difficulties involved.

The Code Committee construed the word "revision" to include restatement of the law without substantive change, eliminating superfluous verbiage, simplifying sentence structure, and making such changes in wording as necessary to bring the laws up to date. There has been some mention by one or more members of the Code Committee concerning the elimination of laws declared unconstitutional, and of resorting to court decisions to resolve uncertainties in the statutes; we find no definite committee ruling on these points. The Code Committee also adopted the policy that all revision work must be checked by some member of the staff other than the reviser before the work is approved. The Committee was fortunate in securing the services of an attorney of high standing and eminent qualifications to head the staff.

Due to the magnitude of the work, the limited time allotted, and the small staff available, it was found, after only four titles had been revised and checked, that it would be impossible to complete the revisions and also to check it before the 1947 session. Consequently, the staff chose to obey the statutory mandate for completion of the code, and had to abandon the committee policy of checking the revisions as made. Except for the four titles, therefore, the proposed revision as it now stands is essentially a one-man product. However, the staff did enlist the valuable assistance of various governmental departments, groups, and individuals, including the Tax Commission, the County Commissioners Association, and others, who have checked about half of the titles. The remainder have not been checked at all.

The spot-checks made by your Judiciary Committees and by individual members of the bar of recognized standing and capacity indicate that between thirty and fifty per cent of the present revision contains a substantial number of substantive changes in the law which have not been authorized. The errors found in these portions of the revision show lack of the high degree of technical knowledge, experience, and capacity essential to the work of revision. There is nothing to suggest that any changes were made from improper motives. Your committees do not question the loyalty and sincerity of any staff employee.

(d) *Reviser's Notes.* These are admirably conceived, and are an essential and important accompaniment to the revision. Speaking generally, your committees find that they are accurate for those titles in which the revision work is accurate, but for those which are inaccurate the notes are unreliable in that they do not indicate the substantive changes which have been made.

(e) *Historical Notes.* The material for these has been largely, if not entirely, assembled. The notes themselves have not been prepared. When completed, they will show the history of each section of our statute law.

Appraising the work of the Code Committee to date, as a whole, it is the finding of your committees that they have made more progress in less time and at less expense than was reasonable to expect under the circumstances. Their plan was well conceived, their policies and techniques for the execution of the work were wisely selected, and they have displayed great ingenuity and resourcefulness in overcoming obstacles. The foundations laid for the entire work, the material collected, and those portions of the revision which are accurate, are a magnificent achievement.

III. WORK REMAINING TO BE DONE

(1) The chronological table of session law sections from 1881 to date should be checked, and all general laws in force which are not now in the Revised Code, should be incorporated in it. 1947 laws, of course, will have to be fitted in to the Code. This task entails great responsibility, and no law of possible general application should be omitted unless the decision to omit is checked independently by a competent lawyer on the staff.

(2) It has been suggested that a list of all unrepealed laws omitted from the Revised Code might be prepared, showing the reason for omission, and that this be made available to the public and to those who might be specially interested. Such a list might be an additional safeguard against a possible error of judgment or interpretation as to the general or private nature of a particular law. Your committees make no recommendation on this specific suggestion, but we deem it very important that the Code Committee provide adequate safeguards against the omission of any general law in force at the time the Code is adopted.

(3) The policy for revision should be more clearly defined. In case of difference of opinion among members of the Code Committee, the more conservative view should control, to the end that no individual or group will have cause to fear that any substantive change whatever has been made in the process of revision, or that any valid law has been omitted. In particular, the questions of whether to omit a law which has been declared unconstitutional, and whether to rewrite a statute in accordance with judicial construction, should be most conservatively decided. Experience has shown that a statute once held unconstitutional may at a later date be held constitutional without intervening legislation or constitutional amendment. There is always the possibility that a change in substance might be inferred from a change in statutory wording, when in fact, only a conformity with judicial construction was intended.

(4) All revision work should be carefully and independently checked by the Code Committee staff before release. Checking by specialists and interested persons should be welcomed and utilized whenever possible, but should never be relied on in lieu of a careful and independent check by the staff. The Code Committee's responsibility for accuracy may not be delegated to outsiders.

(5) As rapidly as specific titles are revised and checked, they should be released for checking, comment and criticism by interested persons.

(6) The Historical Notes must be prepared, the cross-references inserted in the Code, and cross-reference tables covering the private codes and Revised Code prepared.

(7) Adequate steps should be taken to preserve the material accumulated in permanent and usable form. At present, many of the records compiled by the staff consist of symbols and signs, the meaning of which is known only to those on the staff, which would be lost for all practical purposes in the event of death of prolonged illness of the staff worker making the entries.

IV. RECOMMENDATIONS

Your committees on Judiciary recommend that the Code Committee be authorized to continue their work to completion, as rapidly as possible consistent with accuracy, that no time be fixed for completion, and that an adequate appropriation be made for this purpose.

V. SCOPE OF EXAMINATION

Your committees have examined the numbering system and arrangement of the proposed Revised Code, have made various spot checks to determine the accuracy and extent of revision, inspected the offices and work rooms of the Code Committee and staff, investigated the techniques employed in the revision and recompilation work, surveyed the work done to date, interviewed the members of the Code Committee and the head of the revision staff, conferred with various attorneys and others interested in the Revised Code, and, finally, conducted a joint hearing on January 23, 1947. The joint hearing was attended by the members of the Senate and House Judiciary Committees, Mr. Mark H. Wight and Mrs. Marian Gallagher of the Code Committee, Mr. E. W. Anderson, head of the Revision Staff, Mr. O. D. Anderson, chairman of the Washington State Bar Committee on Uniform System of Numbers for the Code, Mr. Richard B. Ott, representing the legislative committee of the Washington State Bar Association, Mr. R. C. Watts, representing the County Commissioners Association, and members of the press. Communications were also received from Mr. Alfred J. Schweppe, of the Code Committee, and Mr. John N. Sylvester, Acting Chairman of the Legislative Committee of the Washington State Bar Association.

CODE REVISION AND RECOMPILATION COMMITTEE
STATE OF WASHINGTON
OLYMPIA

*Members of the Judiciary Committees
 of the House and Senate
 Olympia, Washington*

HONORABLE SIRS:

In compliance with the mandate of the 1945 Legislature (Chapter 233, Laws of 1945) the Code Revision and Recompilation Committee has delivered to each legislator a two volume compilation for a revised code of Washington.

In order to complete this undertaking in time for the 1947 Legislature the revisers had to forego, in part, the accomplishment of certain and logical prescribed details and, as a result, some mistakes have been shown, at the last minute, to exist. It is not intended to give the impression that all the work has to be done over or that a great deal of it is imperfect or that the undertaking is far from completion. While all of the titles have been revised and the committee is satisfied that a number of them have been well done and carefully examined and checked, yet some of the titles have not been so well done and have not been treated to the same scrutiny.

The committee feels that the work done, basically, rests on a sound foundation. The titles, the arrangement, the grouping of material and the numbering system, are

excellent. But it must be frankly said that the whole undertaking was just too stupendous to accomplish in the time allotted, which was less than four years. An explanation of the major details of revising the laws of this state, which laws were last revised some sixty-five years ago and before Washington became a state will, it is believed, suggest at least, that the undertaking was too big to satisfactorily complete in so short a time.

Because the code committee's recommendations contemplate some further time and expenditures and because the work of revising and recompiling all our laws of a general and permanent nature involved so many tasks and details and because it would not be practicable for each member of the Legislature to visit the place where the work is being done and have it explained to him in detail, we feel that a fairly extensive report should be given, not only of what has already been accomplished and how it was done, but also of what remains to be done and what it will take to do it.

Chapter 252, Laws of 1943, provided for the revision and recompilation of all the laws of this state of a general and permanent nature and for the adoption of an adequate numbering system and it made an appropriation of \$40,000.00.

Through the co-operation of Honorable George B. Simpson, the then chief justice, the committee was provided with two rather spacious offices in the basement of the Temple of Justice and contiguous to the Law Library. One of these rooms was set over to the legal staff and the other to the clerical staff. These offices were equipped with a miscellaneous assortment of tables, chairs, bookcases and filing cabinets borrowed from the Supreme Court, the Attorney General, the State Library and the Law Library and the Law Library supplied reports, session laws, codes and related matter, as well as some of the typewriters.

A task of this size and nature required at the very outset a definite planning and programming and the laying down of certain guiding rules and principles. Accordingly a working manual was prepared. Briefly, it outlined a general plan of grouping our laws into titles, chapters and sections. It provided that the laws should be "in coherent sequence in accordance with rules for efficiency, uniformity, clarity, conciseness and correctness." It laid down the following cautions:

"Generally stated, revising consists in restatement of the law, when necessary, for the purpose of eliminating duplication, verbosity and ambiguities, as well as unconstitutional and obsolete provisions. A reviser should make the laws clear, concise and definite. He should eliminate what is not law. He should do away with long sentences and long sections. He should exercise great care in grammatical construction and in the selection of appropriate words.

"It is not the purpose of this revision to change substantive law, but both judicial and administrative constructions and interpretations should be studied as an aid in ascertaining what that law is."

The manual provided for "source notes," "reviser's notes," and "cross-references." It explained the making and arrangement of chapters and sections for uniformity and clarity and it dealt with language and grammatical construction and with the use of words and phrases. It emphasized that there should be no change in the meaning of the law and this has been the guiding rule all the time.

Perhaps it should here be said that the bench and bar of the state were asked to assist; in fact, in its first report to the State Bar Association, made in 1943, the committee said:

"Not only will the work of the committee be available at all times for the examination of members of the bench and bar, but as it progresses, it is hoped that interest and concern in it will develop to such an extent that those whose practice or knowledge is in special fields of statute law will give the committee the benefit of their special knowledge and, to this end, our preliminary revisions will be available for that purpose. More than this, the committee solicits and will greatly appreciate the advice of every lawyer as to any defect in our present statutory law which is within the committee's province to remedy, whether it relates to revision or re-compilation."

The president of the bar association was asked to appoint an advisory committee to cooperate with this committee. This was done and while that committee did not study the actual revision work it did give helpful counsel on certain phases, more particularly the arrangement of material.

The next step was to discover and collect all of the live laws. This meant that we must go back to the very first territorial laws of 1854 because it was known that neither Remington's Revised Statutes, Pierce's Code nor even the Code of 1881 contained all the laws of a general and permanent nature. This meant that every section contained in the nearly sixty volumes of session laws had to be accounted for and, in

order to do this, each original section was listed in chronological order and, if it was of a general and permanent nature, every subsequent amendment and repeal was noted. This task alone took the legal staff months to do and yet it was the only way to determine all the live and unrepealed laws which should go into the code.

As both Remington's and Pierce's codes contained the great body of law there were prepared two parallel tables, one with a numerical listing of the sections of Remington's Revised Statutes and placing opposite each section number the number of the corresponding Pierce's Code section, and the same thing was done in reverse, that is, the Pierce's Code sections were listed with the corresponding Remington sections. The parallel tables in Pierce's Code were helpful in making these tables but, because they were not accurate, each number had to be checked. These two tables absolutely accounted for all the laws in the two codes.

To expedite the revision work the two publishers were requested to supply the committee with unbound copies of their codes. Bancroft-Whitney Company gratuitously furnished six sets of the Remington code. Each section was cut out and pasted on a separate card which made it easy to group the sections in accordance with the classification system adopted by the committee.

A difficult and perplexing task was the making of titles. Numerous lists were made and tried and after over thirty revisions it was found that 91 titles would best accommodate our laws.

The bar seemed to favor the grouping of similar as well as related material and to accomplish this our laws were grouped under some 23 classifications or codes which, with the exception of the first two, were conveniently placed in alphabetical order and they are as follows:

GENERAL PROVISIONS CODE
 JUDICIAL CODE
 AERONAUTICS CODE
 AGRICULTURAL CODE
 BUSINESS AND PROFESSIONS CODE
 CORPORATIONS, ASSOCIATIONS AND PARTNERSHIP CODE
 DOMESTIC RELATIONS CODE
 EDUCATIONAL CODE
 ELECTIONS CODE
 FINANCIAL INSTITUTIONS CODE
 GOVERNMENT CODE
 HIGHWAY AND MOTOR VEHICLE CODE
 INSURANCE CODE
 LABOR CODE
 LOCAL SERVICES DISTRICT CODE
 PROPERTY RIGHTS AND INCIDENTS CODE
 PUBLIC HEALTH, SAFETY AND WELFARE CODE
 PUBLIC RESOURCES CODE
 PUBLIC SERVICE CODE
 TAXATION CODE
 WATER CODE

Perhaps the next important step was the adoption of the numbering system. While no numbering system can be truly everlasting, it was decided that a variation of the so-called "Yetter System" which is now used in a number of states would be best. It is not a mere consecutive numbering but a system under which the numbers themselves indicate the very subject matter contained in the section. It can be explained this way, the number of the section is divided into three segments the same as our laws; namely, the title, the chapter and the section. One using the code will soon learn the significance of the numbers and will therefore learn the code arrangement quicker and retain it better. Under this numbering system new titles, chapters and sections may be added without deviating from or interfering with the system.

The committee feels that the numbering system is the most elastic and most perpetual yet devised and, while it may seem at first blush to be a little complicated, it is when understood quite simple. Kansas, Oregon, Idaho and New Mexico use substantially this same system.

As soon as the titles were decided upon the cards upon which were placed the Remington's Revised Statutes sections (to which were added the omitted Pierce sections) were grouped into their respective titles and the real revision work was started. The legal staff consisted of Mr. E. W. Anderson, a former assistant attorney general, Mr. Peter Balkema, a former clerk of the judiciary committee of the House, and Mr.

Arthur Dwinell, a former legislator. As the work progressed the revisers had conferences with different state departments, with the county commissioners association and with some lawyers and, when requested so to do, furnished copies of the material. At the beginning the revision work of one of the revisers was reviewed and checked by the other two but this practice took so much time and the time to do the job was so short that this reviewing and checking just had to be discontinued.

One of the many tasks was providing enough copies of the code to make the distribution required under the 1945 law which called for nearly 300 sets. Because of the temporary nature of this material it was felt that to have it printed would be unreasonably costly and that it would be much cheaper and more convenient for making corrections to purchase a duplicating machine and run the work off in a more temporary form. This was done. With the permission of Mr. Benj. T. Hart, clerk of the supreme court, the machine was set up in a basement room where the clerk's files are kept. As the work came from this machine it was taken to the top floor of the law library where space was provided for sorting and shelving. The code was made into two volumes, each having its separate volume of reviser's notes, and all of these were covered and bound for temporary use.

To summarize, we feel that because of the fact that Washington has not undertaken a complete revision since the Code of 1881, and that for nearly sixty-six years our laws have been more or less pyramiding, the work of revising has been more arduous and difficult and has taken more time than was anticipated. But the task should be carried to completion and the work still to be done may be enumerated substantially as follows:

1. To the charts which contain the chronological listing of all the session law sections with all the supplemental legislation affecting each should be added the laws of 1947 and the whole should be carefully checked to make sure that every section is accounted for, either in the code or eliminated as a special, temporary, obsolete, unconstitutional or superseded law. And from these charts the historical notes to each section of the code may be made.

2. The former managing editor of Bancroft-Whitney Company impressed upon this committee the importance of having the revisers make the cross-references in the code and this is something that should be done.

3. The 1947 laws should be fitted into the code.

4. Three tables should be prepared. One, a chronological listing of the section numbers of Remington's Revised Statutes with the new code numbers set opposite. Two, a similar table for Pierce's Code. Three, a table of the code sections with the corresponding Remington and Pierce sections.

5. The work of completing the actual revising should be done and while it would be impossible to say just what this will amount to in man hours, we feel that two qualified lawyers can do it in the ensuing biennium. Following is a fairly close listing of the staff which should be provided and an estimate of funds to meet the payroll:

One supervising lawyer at \$500.00 for 24 months.....	\$12,000.00
One lawyer at \$450.00 a month for 24 months.....	10,800.00
Two clerks at \$250.00 a month for 20 months.....	10,000.00
Two stenographers at \$200.00 a month for 20 months.....	8,000.00
Two part-time proof-readers at \$100.00 a month for 20 months	4,000.00
	<hr/>
	\$44,800.00
To this should be added for equipment, supplies and state printer service	2,000.00
And perhaps for travel expenses for committee meetings about	200.00
	<hr/>
Estimated total.....	\$47,000.00

In conclusion it may be said that approximately \$10,000.00 of the current appropriation will revert to the general fund.

The motion was carried.

REPORT OF THE WASHINGTON TOLL BRIDGE INVESTIGATING COMMITTEE

February 25, 1947.

MR. PRESIDENT, MR. SPEAKER:

We of the Toll Bridge Investigating Committees, appointed by separate resolutions in the House and Senate but acting together, present the following report:

The purpose was to investigate complaints concerning the financing and retirement of the bonded indebtedness of the Lake Washington Toll Bridge.

Numerous complaints have been made by private individuals and in the press that the financing operations since the building of the bridge have not been conducted in a manner best suited to the interests of the users of the bridge or the public in general. Your committees believed it wise to secure a complete but simple statement of receipts and disbursements of the entire operation since its inception and, therefore, secured the service of a competent accountant for that purpose. Necessarily, our very limited time prevented anything like a complete audit of the books but it is our opinion that we have secured a statement which correctly reflects all receipts and disbursements. This statement is attached hereto, is marked "Schedule A", and by such reference is incorporated in this report.

Your committee also reviewed the various refunding operations and attached as "Schedule B" is a review of these operations. This schedule shows the potential saving of interest to the state and shows that the operation has been carried on with a minimum of expense to the bridge fund. It appears that the last refunding operation in itself would not have been worthwhile but we have to take into consideration the accompanying savings in the so-called insurance fund in order to justify this last operation. The technical result of the refunding operations appear in "Schedule C" attached hereto.

The so-called insurance fund has been a subject of considerable discussion and criticism but it is the establishment of this fund which is the only justification for the last refunding operation. It must be remembered that all tolls go to reduce the bonded indebtedness on the bridge. All costs of collection of tolls and bridge maintenance come out of the highway fund so that if the last refunding operation is to be justified, we must consider the overall saving to the combined toll bridge and highway funds. The bridge fund by itself shows slight benefit as a result of this operation, the chief benefit being to the highway fund. Although there may be some doubt as to the right of the Toll Bridge Authority to establish this fund, it must be said that the refunding operation was approved by the Attorney General of the state. Likewise, an opinion on the legality of the issue of the bonds was furnished by a responsible firm of attorneys. The indenture setting up the last refunding operation permitted the insurance fund. The Toll Bridge Authority at least had competent advice as to the right to set up this fund.

The purpose of the fund was to effect a reduction in the insurance premium. This was accomplished. The fund was set aside to apply on the last million dollars of indebtedness. It is invested in 2½% United States bonds and when the bonded indebtedness is reduced to a sum equal to the insurance fund plus accumulated interest, the fund will be used to pay off the balance of the debt. There is no reason to believe that this will not be done at that time. There is one point in connection with this insurance operation which might be criticized. In the event of an actual loss on the bridge up to a million dollars, the fund itself would pay the loss with the resulting loss to the state. This point was considered by the Authority and it was felt that the chance of loss was so slight that the saving in premium would justify the chance that was being taken. This is a matter of judgment and substantial arguments can be presented for and against this position.

As to the reduction of tolls on the bridge, the indenture provides that the tolls will be maintained at the then existing levels so that a reduction is not possible without the bondholders' consent. If the present income continues, the bridge should be toll free in 1951.

In investigating the numerous complaints we feel that the Toll Bridge Authority might be criticized more for its failure to keep the public informed in such a manner

that the ordinary layman unfamiliar with financing procedure would understand what was going on. Likewise, the Authority might have explained the complaints and inquiries in a more enlightening manner.

It is our recommendation that in the future the Authority through its proper public relations officers, promptly and in a friendly and cooperative manner, answer any and all inquiries made to it to the end that there will be no further recurrence of present uncertainties and misunderstandings.

It is further recommended that all tolls be promptly applied in accordance with good financial procedure to a reduction of the bonded debt so that the bridge may become toll free at the very earliest moment.

Our report is necessarily brief because of the time allowed to investigate the bridge operations. Some evidence had been presented that the insurance costs should have been borne originally by the bridge fund rather than the highway fund. We recommend that the newly established legislative council investigate this phase of the operation and also that it investigate any further complaints in connection with the bridge operation that is brought to its attention.

Respectfully submitted,

QUESTION OF CONSIDERATION

Mr. Woodall raised the question of consideration on the motion to indefinitely postpone the bill.

Mr. Armstrong demanded a roll call, but the demand was not sustained.

POINT OF ORDER

Mr. Bernethy:

"Mr. Speaker, point of order."

The Speaker:

"State your point."

Mr. Bernethy:

"In the case of raising a question of consideration, is it not necessary that the one who raises the question be recognized by the Speaker?"

RULING BY THE SPEAKER

The Speaker:

"I would rule, Mr. Bernethy, in conformity with the ruling made the other day on points of order and question of consideration, those two points can be raised without recognizing the member who raises the point or question. Otherwise, the point of order or question of consideration might never be raised."

POINT OF INFORMATION

Mr. Hodde:

"Mr. Speaker, it has never been clear in my mind whether the question of consideration can be applied to a motion such as a motion to indefinitely postpone. Generally speaking, the question of consideration is applied to a bill before the House or an amendment before the House, the subject matter before the House. To allow the question of consideration to be raised against a motion will interfere with the procedure of the body. When the question of consideration is raised against a motion, isn't that unusual in procedure? Whether it can be raised on a motion to indefinitely postpone or any motion that might be brought up would seem to me to be out of order. It is another question when raised against any matter such as a bill or an amendment."

RULING BY THE SPEAKER

The Speaker:

"The Speaker would be glad to hear from anybody further on the point of order raised by Mr. Hodde. The Speaker will rule: In this case the main motion is to indefinitely postpone. The only matter is the bill before the House on second reading for the purpose of amendment. Therefore it is a case where the main motion is the motion to indefinitely postpone, against which the question of consideration has been raised."

A roll call was demanded and the demand was sustained.

The Speaker:

"The question before the House is the question of consideration. A vote 'Aye' will be a vote to consider the motion to indefinitely postpone the bill; a vote 'No' will be to refuse to consider the motion."

The Clerk called the roll on the question of consideration and the House refused to consider the motion to indefinitely postpone Substitute House Bill No. 396 by the following vote: Yeas, 21; nays, 74; absent or not voting, 4.

Those voting yea were: Representatives Adams, Armstrong, Baker, Beierlein, Bernethy, Brown, Donovan, Easterday, Ford (Robt. M.), Hansen, King, Knoblauch, Lehman, Paulsen, Rasmussen, Riley, Simpson, Vane, Wedekind, Wenberg, Young—21.

Those voting nay were: Representatives Anderson, Ashley, Ball, Banks, Bassett, Blodgett, Callow, Canwell, Carroll, Christensen, Clark, Comfort, Copeland, Cory, Costello, Dent, Douglas, Eaton, Eldridge, Ford (Edw. S.), Foster, Frayn, French, Fuhrmann, Gehrman, Goff, Goodman, Griffith, Hall, Hawley, Hennessey, Hillyer, Hodde, Hoefel, Hufford, Isenhardt, Jeffreys, Johnston, Jones (Asa T.), Jones (D. W.), Kellogg, Kinnear, Kittleman, Leber, Loney, Lyman, Mahaffey, Malloy, Mason, Miller (Fred), Miller (Martin S.), Montgomery, Omdahl, Peters, Peterson, Pierong, Powell, Poyhonen, Raugust,

Richey, Schumann, Schwartz, Shadbolt, Shannon, Sisson, Sprague, Stevens, Strom, Thompson, Turner, Wintler, Woodall, Zent, Mr. Speaker—74.

Those absent or not voting were: Representatives Carty, Mendel, Pearson, Yantis—4.

The Speaker declared the question before the House to be the motion by Mr. Woodall that Substitute House Bill No. 396 be substituted for House Bill No. 396, and that Substitute House Bill No. 396 be placed on the calendar for second reading.

The motion was carried.

Substitute House Bill No. 396 was read the second time by sections.

Mr. Armstrong moved the adoption of the following amendment to section 1, page 1:

Amend section 1, page 1 of the printed bill, by striking all of line 3 following the words "Declaration of Intent." and all of lines 4, 5, 6, 7, 8, and 9 and inserting in lieu thereof the following: "On no other issue are the people of the State of Washington, as well as our nation, as united as they are in recognition of the economic and social necessity of returning to our Senior Citizens, the fathers and mothers of our country, part of the wealth which their labor helped to create.

"It is simple justice that our government, which owes its industrial construction, its farms, its factories, its entire capital wealth, in fact, to the labor of its pioneers, should provide as an obligation and not as charity, some measure of security to the pioneers.

"Although a uniform national pension of prosperity proportions, based on the principles embodied in the Townsend and General Welfare Bills, awarded as a matter of right, not need, is the only adequate and just kind of a pension, until such a pension is won it still remains the duty of the State of Washington at least to take full advantage of the maximum in matching funds that the Federal Government is willing to provide under the Federal Social Security Act, for those without resources and income.

"It is therefore hereby declared to be the intention of this measure to provide for Washington's Senior Citizens over sixty-five as liberally as is possible under the terms of the Federal Social Security Act for securing matching funds."

QUESTION OF CONSIDERATION

Mr. Woodall raised the question of consideration.

The Speaker:

"The question before the House is whether the House will consider the amendment."

Mr. Armstrong demanded a roll call and the demand was sustained.

The Clerk called the roll on the question of consideration, and the House refused to consider Mr. Armstrong's amendment by the following vote: Yeas, 21, nays, 74; absent or not voting, 4.

Those voting yea were: Representatives Adams, Armstrong, Baker, Beierlein, Bernethy, Brown, Donovan, Easterday, Ford (Robt. M.), Hansen, Hodde, King, Knoblauch, Lehman, Paulsen, Rasmussen, Simpson, Vane, Wedekind, Wenberg, Young—21.

Those voting nay were: Representatives Anderson, Ashley, Ball, Banks, Bassett, Blodgett, Callow, Canwell, Carroll, Christensen, Clark, Comfort, Copeland, Cory, Costello, Dent, Douglas, Eaton, Eldridge, Ford (Edw. S.), Foster, Frayn, French, Fuhrmann, Gehrman, Goff, Goodman, Griffith, Hall, Hawley, Hennessey, Hillyer, Hoefel, Hufford, Isenhardt, Jeffreys, Johnston, Jones, (Asa T.), Jones (D. W.), Kellogg, Kinnear, Kittleman, Leber, Loney, Lyman, Mahaffey, Malloy, Mason, Miller (Fred), Miller (Martin S.), Montgomery, Omdahl, Peters, Peterson, Pierong, Powell, Poyhonen, Raugust, Richey, Riley, Schumann, Schwartz, Shadbolt, Shannon, Sisson, Sprague, Stevens, Strom, Thompson, Turner, Wintler, Woodall, Zent, Mr. Speaker—74.

Those absent or not voting were: Representatives Carty, Mendel, Pearson, Yantis—4.

On motion of Mrs. Gehrman, the following amendment to section 8, page 7, line 8, was adopted:

QUESTION OF CONSIDERATION

Mr. Clark raised the question of consideration.

POINT OF ORDER

Mr. Armstrong:

"Point of order. I would like the Speaker to rule on how a question of consideration can be raised against a motion when a motion has not been made."

RULING BY THE SPEAKER

The Speaker:

"The amendment is before the House after it has been read. To complete the picture, I accorded you the privilege of moving the adoption of the amendment before the question of consideration was raised."

POINT OF ORDER

Mr. Armstrong:

"Is the question of consideration to precede my motion even before the motion is put. I might make a motion to lay the amendment on the table."

RULING BY THE SPEAKER

The Speaker:

"When the amendment has been read, just as in the case of your resolution the other day, it is before the House for whatever motion shall be made, motion to adopt or motion to lay on the table. Question of consideration can be raised against the amendment."

POINT OF ORDER

Mr. Hodde:

"Mr. Speaker, Reed's Parliamentary Rules, section 110, I believe it is, states the question of consideration cannot be raised until the Chair states the motion."

RULING BY THE SPEAKER

The Speaker:

"The Chair will rule as a general proposition, your point of order is correct, when a motion is to be made, it isn't in possession of the House until it has been stated by the Speaker. On the other hand, in the case of a resolution or amendment that has been read, the resolution or amendment is before the House for action. It is my understanding that a question of consideration can be raised against the resolution or amendment or any other business that has been placed before the House. For that reason the Speaker will rule that Mr. Clark's raising the question of consideration was in order after the amendment was read."

The Speaker:

"The question before the House is the consideration of Mr. Armstrong's amendment. The question is whether the House will consider the amendment."

POINT OF ORDER

Mr. Armstrong:

"Mr. Speaker, point of order. The question of consideration was raised on a motion before I gave it. If you want to put the question of consideration on the amendment, that is all right. You can't put the question of consideration on the motion before I made it, that can't be done."

RULING BY THE SPEAKER

The Speaker:

"I will rule on your point of order, Mr. Armstrong. You are correct from a technical standpoint, and hereafter, if the question of consideration is raised on any floor amendment, I will not recognize you; I will immediately put the question of consideration if it is raised."

The Speaker:

"The question before the House is the question of consideration. Will the House consider the amendment by Mr. Armstrong. A vote 'Aye' will be to consider it; a vote 'No' will be to refuse to consider the amendment."

The House refused to consider the amendment by Mr. Armstrong.

The Clerk read the following amendment by Mr. Armstrong to section 3, page 2:

Amend section 3, page 2, by striking lines 26 through 43, inclusive, of the printed bill, and inserting in lieu thereof the following: "who:

"(a) Has attained the age of sixty-five.

"(b) Has a yearly income which is less than six hundred dollars (\$600) and a monthly income which is less than sixty dollars (\$60) or has an income insufficient to meet his or her needs."

QUESTION OF CONSIDERATION

Mr. Woodall raised the question of consideration, and the House refused to consider the amendment.

The Clerk read the following amendment by Mr. Armstrong to section 4, page 3:

Amend section 4, page 3, by striking all of line 17 in the printed bill after the word "basis", all of line 19 of the printed bill, and the words "the Department, less his income.", and inserting in lieu thereof the following: "to each eligible Senior Citizen sixty-five years of age or over for the purpose of assisting him to meet his needs: *Provided*, That such grant when added to his income shall equal not less than fifty dollars (\$50) per month. In order to determine a Senior Citizen's need the Department shall establish objective budgetary guides based upon actual living cost studies of the items in the budget. Such living cost studies shall be renewed or revised at least once a year; and whenever there is a change of five per cent (5%) or more in the cost of any of the items of the budget common to any category of Senior Citizens such change shall be reflected in the determination of his need. For the purpose of this section the term 'category' shall mean such distinction as prevails between single Senior Citizens living alone, husbands and wives living together and any other sizable group of Senior Citizens who can by determination of the Department be placed in separate categories. The budgetary guide shall include the cost of basic items essential to the maintenance of the Senior Citizen, and shall make provision for other items, which though not common to all may be essential to the maintenance of a wholesome standard by individuals in unusual circumstances: *Provided*, That Senior Citizens found to be without any resources and income shall receive a grant of not less than fifty dollars (\$50) per month: *Provided, further*, That upon any determination or redetermination of the need of the recipients the Department shall inform each Senior Citizen of the amount of the grant and the basis upon which it is determined. To each Senior Citizen residing in a county hospital the Department shall award a grant to meet his needs of a personal and incidental character."

EXPLANATIONS OF VOTES

By Representative Arthur R. Paulsen on Substitute House Bill No. 396:

"I do not approve of the unprecedented manner in which the appropriation for old-age assistance has been made. There is no emergency which makes it necessary for this bill to take effect April 1, 1947.

"The appropriation should be left in the general budget bill as it has always been in the past. I do not approve of such tactics being used in an effort to deny the people their constitutional right of referendum."

By Representative Robert Bernethy on Substitute House Bill No. 396:

"In explanation of my vote on Substitute House Bill No. 396, I want to point out that the inclusion of the appropriation in this bill in order to have it contain an emergency clause, is a device to make appear emergent all the other sections of a bill which is not an emergency. A statute exists, and has existed in various forms for years, to cover and cover well this subject. If this bill were not to pass no emergency would exist. The appropriation would simply be put back into the budget bill where it belongs.

"It appears to me that this is simply an attempt to prevent the people through the medium of a referendum from passing upon a subject which is of tremendous public interest and effect.

"In 1940 the people of this state voted on this issue to put into effect the basic features of our Social Security law. The people should not be prevented from again passing judgment on the question when their expressed will is contravened, which is what this bill will do if it is passed."

On motion of Mr. Armstrong, Mr. Wedekind was excused from the call of the House for five minutes.

House Bill No. 397, by Representatives Ball, Johnston and Hillyer: Relating to public welfare and to grants of general assistance.

EXPLANATION OF VOTE

By Representative Arthur R. Paulsen on Substitute House Bill No. 397:

"In explanation of my vote on Substitute House Bill No. 397, I wish to draw the attention of the legislature to the fact that appropriations for the General Assistance have for many years past been contained in the general budget bill. Why then do we have this appropriation applied to this bill? Is it because a spurious emergency is being created. Does this bill have to take effect April 1, 1947, in order to preserve the public peace, health and safety of the State? Of course not. In fact public health and peace will be better served the longer this bill is delayed or if it should never take effect. We have laws well tested by time to cover this subject. Their continued operation will continue to protect public peace health and safety.

"But since the sponsors of this bill are actually afraid of public opinion and wish to deny them the constitutional right of referendum on this subject, the appropriation is torn from its proper and usual place in the appropriation bill, introduced and tacked onto this bill to get around the constitution with an emergency clause where no emergency exists. Put the appropriation where it belongs, in the appropriation bill where it will take effect April 1, 1947. This bill is not an emergency bill and I protest the device of trying to make it one."

Engrossed Senate Bill No. 95, by Senator Ostrander:

Relating to industrial insurance and medical aid.

The bill was read the second time by sections.

Mr. Rasmussen moved the adoption of the following amendment to section 1, lines 4 and 5:

On motion of Mr. Woodall, the amendment was laid on the table.

Mr. Paulsen moved the adoption of the following amendment to section 8, page 3, line 27:

Amend section 8, on page 3, line 27 of the printed bill by striking all of said section following the number and inserting in lieu thereof, the following:

"Within thirty days after the final order of the board upon such hearing has been communicated to the parties thereto, any person, including the department, aggrieved by such final order may appeal to the superior court of the county of the residence of the claimant or to the superior court of the county wherein the injury occurred. Upon such appeal only such issues of law or fact may be raised as were properly included in the hearing before the board. On such appeal the hearing shall be on the record made before the board and no party shall be entitled to offer nor shall the court receive any further evidence or testimony. The proceedings in such appeal shall be informal and summary, but full opportunity to be heard upon the issues of law or fact shall be had before judgment is pronounced. Such appeal shall be perfected by serving a notice of appeal upon the board and upon any person, including the department, who has appeared in the hearing by mail at his last known address, or personally, and by filing same with proof of service with the clerk of the court. Any person, including the department, affected by such appeal may file a notice of appearance therein in accordance with the usual practice in the superior courts of the state. The board shall serve upon the appellant and file with the clerk of the court, with proof of service, a certified copy of the complete record of the proceedings had before the board and its final order thereon unless by written stipulation of the parties and consent of the board a shorter record has been agreed upon. No bond shall be required on such appeal or on appeals to the supreme court except that an appeal by the employer from a decision of the department under section 9, chapter 74, Laws of 1911 (sec. 7683, Rem. Rev. Stat.; sec. 705-15, PPC), shall be ineffectual, unless, within five days following the service of notice thereof a bond with surety satisfactory to the court shall be filed, conditioned to perform the judgment of the court. In all cases an appeal by the

department or the employer, whether to the board or the superior or supreme court, shall operate as a stay of proceedings pending the determination and disposal of the appeal: *Provided, however,* That if compensation be ordered by the department or the board on account of death or total permanent disability, the payments shall continue pending the appeal; if compensation be awarded by the department or the board on account of permanent partial disability, payments shall be made pending the appeal equivalent to the amount the workman would be entitled to receive as an allowance for temporary total disability as advances against the award and in no event to exceed the amount thereof; and if compensation be awarded by the department or the board on account of temporary total disability, payments shall continue pending the appeal unless and until the board shall certify that such disability has ended. Any amount so paid pending appeal shall be charged against the class affected but shall not be charged against the account of the employer unless the award be affirmed. If the award be reversed, corrected or modified, the account of the employer shall be charged only with the amount, if any, awarded on appeal to the workman or beneficiary. In cases arising under section 15, chapter 74, Laws of 1911 (sec. 7690, Rem. Rev. Stat.; sec. 713-1, PPC), either party shall be entitled to a jury upon demand.

"In all appeals to the superior court from any order, decision or award of the board either party shall be entitled to a trial by jury upon demand. The jury's verdict in every such appeal shall have the same force and effect as in actions at law. In any such appeal the trial shall be de novo."

REPORT OF SPECIAL COMMITTEE

REPORT OF SPECIAL HOUSE COMMITTEE FOR THE INVESTIGATION OF THE INCREASE IN FERRY RATES

MR. SPEAKER:

February 26, 1947.

We of the Special House Committee for the investigation of the increase in ferry rates, present the following report:

The committee met February 18, 1947, with the Hon. Paul Revelle, Director of the Department of Transportation, and his assistants for the purpose of determining the Department of Transportation's position in granting the temporary 30% increase in ferry rates pending investigation and action on the schedule of rate increases filed by the Puget Sound Navigation Company on January 10, 1947. The committee's investigation was taken in response to allegations that the rate increase was against the public interest.

The committee determined that upon receipt of the new schedule of tariffs, filed with the Department of Transportation on January 10, 1947, the Department of Transportation immediately sent three senior accountants, three junior accountants and one tabulating machine expert to determine the basis upon which the new tariff schedule was filed. These accountants determined to the satisfaction of the Department of Transportation that the Puget Sound Navigation Company operated at a loss in November of 1946 of \$26,000; in December of 1946 of \$73,906; and in January of 1947 of \$114,219.21. With these preliminary figures at hand the Department, on February 14, 1947, by departmental order, suspended the Puget Sound Navigation Company schedule of increased rates and granted to the company a temporary rate increase of 30% pending completion of a full investigation of the company's financial position and practices, which is scheduled to be completed May 15, 1947. The estimated cost of this investigation is \$18,000. Upon receiving the report of the investigation and after holding public hearings, the Department will determine if a rate increase is justified. During the time that the temporary increase is in effect, the Department has attempted to protect the public

in the event of a decrease in rates by setting up a system whereby they become eligible for refunds in the event that a decrease from present temporary rates is ordered.

The committee makes the following findings:

1. A permanent increase in ferry rates would adversely affect the economic interests of businesses and individuals dependent upon ferry services now operated exclusively by the Puget Sound Navigation Company.

2. The Department of Transportation, on the basis of evidence presently available appears to be acting in the public interest in its handling of the present rate problem confronting it.

The committee makes the following recommendations:

1. That a complete study be made of the Public Service laws and the regulations and rate determining methods used by the Department of Transportation.

2. That the Director of Highways immediately institute a study of the feasibility of state operation of ferries over routes where excessive rates or insufficient service now exists.

3. That the duly appointed or elected representatives of ferry users associations be invited to participate in all matters relating to the current study being made of the Puget Sound Navigation Company's request for increased rates.

4. That the Legislative Council employ the service of an independent expert to make such studies as it deems necessary of all matters relating to the regulation of common carriers.

Respectfully submitted,

Special House Committee for the Investigation
of the Increase in Ferry Rates

ARCHIE BAKER, *Chairman*,

FRED C. ASHLEY,

MERLE C. HUFFORD.

On motion of Mr. Baker, the report of the special committee was adopted.

Mr. Baker moved that copies of the report of the special committee to investigate the increase in ferry rates be sent to Senator Jack H. Rogers, chairman of a similar special committee in the Senate.

The motion was carried.

EXPLANATIONS OF VOTES

By Representative Reuben A. Knoblauch on House Bill No. 59:

"Because veterans in my district wanted me to support the present State Department of Veterans' Affairs, I voted against House Bill No. 59. While House Bill No. 59 is a good bill, I didn't think we should vote for a long and new amendment in such a hurry."

By Representative Max Wedekind on House Bill No. 59:

"I voted 'no' on House Bill No. 59 because of failure and refusal of the majority to allow copies of substitute amendments to be placed before the members of the House, so that the subject matter could be studied intelligently."

By Representatives Martin A. Easterday, Arthur R. Paulsen and A. L. Rasmussen on House Bill No. 59: '

"Mr. Speaker:

"We join with Mr. Easterday in having the following remarks entered in the Journal:

"We have voted against House Bill No. 59 because having received many communications and having been informed of the wishes of State veteran organizations expressed at their various State conventions, regardless of partisanship, we could not endorse a bill contrary to these wishes of the 225,000 veterans of World War II."

By Representative Z. A. Vane on House Bill No. 59:

"Reason for my vote against House Bill No. 59:

"This bill with an amendment offered from the floor made of it a whole new bill and same was forced on the membership without previous printing, time to consider, or adequate notice thereof. It sets up a duplicate department of Veterans' Affairs in a manner which is of questionable constitutionality. This bill is aimed primarily at the abolishment of the present State Department of Veterans' Affairs which has adequately served the veterans of this state up to this time and is so attested to by the veterans themselves and all veterans' organizations."

"I voted 'no' on House Bill No. 59 because of failure and refusal of the majority to allow copies of substitute amendments to be placed before the members of the House so that the subject matter could be studied intelligently."

EXPLANATION OF VOTE

By Representative Audley F. Mahaffey, on the amendment by Mr. Paulsen to the committee amendment on House Bill No. 383:

"My vote on the amendment which struck: 'Any person who engages in a strike against the state, etc. * * * *' was 'no' for the following reasons:

"The right to organize into unions is not denied by this law or any other on the books of the State of Washington. The right of collective bargaining, negotiation of contracts as individuals or groups is not denied. In my opinion public employees are too essential to the welfare of the public to endanger that welfare by a work stoppage.

"As a teacher and a member of the American Federation of Teachers, I feel that that union can render a service to education by advancing progressive measures. They can also negotiate for better wages and conditions and can organize to refuse to sign their contracts. This is not against labor but for real honest labor relations with employers, especially with employers whose limitations are made by state law and appropriation."

Mr. Paulsen moved the adoption of the following amendment to the committee amendment:

"Sec. 45a. It shall be unlawful for any person to carry on his person, while carrying firearms in hunting areas, any intoxicating liquor or to have same in camp in a hunting area during the hunting season."

POINT OF ORDER

Mr. Hall:

"Mr. Speaker, that was a vote by division."

POINT OF ORDER

Mr. Woodall:

"Mr. Speaker, point of order. The ruling has been that the Speaker would accept the word of the member."

RULING BY THE SPEAKER

The Speaker:

"If Mr. Hawley states he voted on the prevailing side, the Speaker will accept the statement."

One shall be a representative of the public and a lawyer, appointed from a list of not less than three active members of the Washington State Bar Association, submitted upon request of the governor by a majority vote of the members of the supreme court, and such member when appointed shall be the chairman of said board. The second member shall be a representative of the majority of the workmen engaged in extra-hazardous employment and shall be selected from a list of not less than three names submitted to the governor by an organization, state wide in scope, which through its affiliates embraces a cross section of the organized labor of the state. The third member shall be a representative of employers engaged in extra-hazardous industry, and be appointed from a list of at least three names submitted to the governor by a recognized state-wide organization of employers, a majority of whom have been substantial contributors to the industrial insurance and accident fund. The terms of office of the members of the board shall be for six, four and two years respectively. Thereafter all terms shall be for a period of six years. Each member of the

board shall be eligible for reappointment and shall hold office until his successor is appointed and qualified. In the event of a vacancy in the board, the governor is authorized to appoint a successor to fill the unexpired term of his predecessor. All appointments shall be made in conformity with the foregoing plan for the personnel and selection of the board. The board is authorized and shall have power to make rules and regulations concerning its functions and procedure, which rules and regulations shall have the force and effect of law until altered, repealed or set aside by action of the board: *Provided, however,* That the board by no such rule or regulation may delegate its duty of final decision on any appeal case or interpretation of any part of the testimony in any appeal case to any other person. All rules and regulations adopted by the board shall be printed and copies thereof shall be readily available to the public. The board is authorized and shall have power to incur such expenses as are reasonably necessary to carry out its duties hereunder. All such expenses shall be paid, one-half from the accident fund and one-half from the medical aid fund upon vouchers approved by the board.

"Sec. 4. Any member of the board may be removed for inefficiency, malfeasance or misfeasance in office, upon specific written charges filed by the governor, who shall transmit such written charges to the member accused and to the chief justice of the supreme court. The chief justice shall thereupon designate a special tribunal composed of three judges of the superior court to hear and adjudicate the charges. Such tribunal shall fix the time, place the procedure for the hearing, and the hearing shall be public. The decision of such tribunal shall be final and not subject to review.

"Sec. 5. From and after the effective date of this act the joint board of the department of labor and industries shall no longer exist and all proceedings pending before said joint board on the date last above mentioned are hereby transferred to the Board of Industrial Insurance and Appeals, which shall have jurisdiction as fully and completely as though such proceedings had been originally initiated before it: *Provided,* That nothing herein contained shall affect any appeal pending before any superior court of the supreme court.

"Section 20. Whenever the department of labor and industries has made any order, decision or award, it shall promptly serve the claimant, employer or other person affected thereby, with a copy thereof by mail, which shall be addressed to such claimant, employer or person at his last known address as shown by the records of the department. Any claimant, employer or other person aggrieved by any such order, decision or award must, before he appeals to the courts, serve upon the director of labor and industries, by mail or personally, within sixty days from the day on which such copy of such order, decision or award was communicated to the applicant, * * * * a notice of appeal to the Board of Industrial Insurance Appeals, hereinafter called the "board". Such * * * * notice shall set forth in full detail the grounds upon which the applicant considers such order, decision or award is unjust or unlawful, and shall include every issue to be considered by the * * * * board, and it must contain a detailed statement of facts upon which such claimant, employer or other person relies in support thereof. The claimant, employer or other person shall be deemed to have waived all objections or irregularities concerning the matter on which such * * * * appeal is taken other than those specifically set forth in such * * * * notice of appeal or appearing in the records of the department. *The department shall promptly transmit the original record of the department in such matter to the board.* If the * * * * board, in its opinion, considers that the department * * * * had considered fully all matters raised by such * * * * appeal it may, without further hearing, deny the same and confirm the * * * * department's decision or award, or if the evidence on file with the * * * * board sustains the applicant's contention, it may, without further hearing, allow the relief asked in such application; otherwise, it shall order a * * * * hearing to decide the issues raised. If a * * * * hearing be granted it shall be * * * * held in the county of the residence of the applicant at a place designated by the * * * * board, but the hearing thereof may be adjourned

from time to time and from place to place within said county, as the convenience of witnesses may require. Such * * * * *hearing* shall be de novo and summary, but no witness' testimony shall be received unless he shall first have been sworn to testify the truth, the whole truth and nothing but the truth in the matter being heard, or unless his testimony shall have been taken by deposition according to the statutes relating to superior courts of this state. The * * * * board shall cause all oral testimony to be stenographically reported and thereafter transcribed, and when transcribed the same, with all depositions, shall be filed in, and remain a part of, the record on the * * * * *appeal*. Such * * * * *hearings on appeal to the board* may be conducted by one or more of * * * * *its members*. * * * * *and depositions may be taken by a person duly commissioned for the purpose by the board*, but the record on * * * * *appeal* shall be considered by all of the members of * * * * *the board* and the decision of a majority of * * * * *the members* shall be the decision of * * * * *the board*, and upon such decision being rendered all parties to said * * * * *appeal* shall be given written notice thereof by the * * * * *board*.

"An * * * * *appeal* shall be deemed to have been denied by the * * * * board unless it shall have been acted upon within thirty days from the date of service: *Provided, however*, That the * * * * board may in its discretion, extend the time within which it may act upon such * * * * *appeal* not exceeding thirty days.

"Each of the members of the * * * * board and all persons duly commissioned by it for the purpose of taking depositions, shall have power to administer oaths; to preserve and enforce order during such * * * * *hearing*; to issue subpoenas for and to compel the attendance and testimony of, witnesses, or the production of books, papers, documents and other evidence, or the taking of depositions before any designated individual competent to administer oaths, and it shall be their duty so to do; to examine witnesses; and to do all things conformable to law which may be necessary to enable them, or any of them, effectively to discharge the duties of his office.

"If any person in proceedings before the * * * * board disobeys or resists any lawful order or process, or misbehaves during a hearing or so near the place thereof as to obstruct the same, or neglects to produce, after having been ordered so to do, any pertinent book, paper, or document, or refuses to appear after having been subpoenaed, or upon appearing refuses to take oath as a witness, or after having the oath refuses to be examined according to law, the * * * * board or any member thereof shall certify the facts to the superior court having jurisdiction in the place in which said * * * * board or member thereof is sitting; it shall thereupon, in a summary manner, hear the evidence as to the acts complained of, and, if the evidence so warrants, punish such person in the same manner and to the same extent as for a contempt committed before the court, or commit such person upon the same conditions as if the doing of the forbidden act had occurred with reference to the proceedings, or in the presence, of the court.

"Within thirty days after the final order of the * * * * board upon such * * * * *appeal* has been communicated to such applicant, or within thirty days after the * * * * *appeal* is deemed denied as herein provided, such applicant may appeal to the superior court of the county of his residence, or to the superior court of the county wherein the injury occurred, but upon such appeal may raise only such issues of law or fact as were properly included in his * * * * *notice of appeal to the board*, or in the complete record * * * * *of the proceedings before the board*. On such appeal the hearing shall be de novo, but the appellant shall not be permitted to offer, and the court shall not receive, in support of such appeal, evidence or testimony other than, or in addition to, that offered before the * * * * board or included in the record filed by the * * * * board: *Provided*, That the right of cross examination shall not be limited by the testimony before the * * * * board. The proceedings in every such appeal shall be informal and summary, but full opportunity to be heard shall be had before judgment is pronounced. Such appeal shall be perfected by filing with the clerk of the court a notice of appeal and by serving a copy thereof by mail, or personally, on the director of labor and industries. The department of labor and industries shall, within twenty days after receipt of such notice of appeal, serve and file its notice of appearance and such appeal shall thereupon be deemed at issue. No bond shall be required on such appeal or on appeals to the supreme court, except that an appeal by the employer from a decision of the * * * * board under section 7683 of Remington's * * * * *Revised Statutes* shall be ineffectual unless, within five days following the service of notice thereof, a bond, with surety

satisfactory to the court, shall be filed, conditioned to perform the judgment of the court. Except in the case last named an appeal shall not be a stay. * * *

"In all appeals to the superior court from any order, decision or award of the board, either party shall be entitled to a trial by jury upon demand as in other civil cases. In each appeal the trial shall be de novo but no party to the appeal shall be permitted to introduce evidence in court in addition to that contained in the departmental record, or in the record of the board.

"The * * * * board shall serve upon the appellant, and file with the clerk of the court before trial, a certified copy of * * * * that portion of the record * * * * supplementing the departmental record, which shall, upon being so filed, together with the record of the department, become part of the record in such case. If the court shall determine that the * * * * board has acted within its power and has correctly construed the law and found the facts, the decision of the * * * * board shall be confirmed; otherwise, it shall be reversed or modified. In case of a modification or reversal the superior court shall refer the same to the department of labor and industries with an order directing it to proceed in accordance with the findings of the court: *Provided*, That any award shall be in accordance with the schedule of compensation set forth in this act. *Upon the final determination of a review proceedings, the board shall return all original files and records to the department.*

"It shall be unlawful for any attorney engaged in such appeal to charge or receive any fee therein in excess of a reasonable fee, to be fixed by the court in the case, and if the decision of the * * * * board shall be reversed or modified, such fee and the fees of medical and other witnesses and the costs shall be payable out of the administrative fund, if the accident fund is affected by the litigation. In other respects the practice in civil cases shall apply. Appeal shall lie from the judgment of the superior court as in other civil cases. The attorney general shall be the legal adviser of the * * * * department and the board and shall represent it in all proceedings. In all court proceedings under or pursuant to this act the decision of the * * * * board shall be *prima facie* correct and the burden of proof shall be upon the party attacking the same. * * * *

"Sec. 7. There is hereby appropriated the sum of one hundred twenty-five thousand dollars (\$125,000) from the accident fund and the sum of one hundred twenty-five thousand dollars (\$125,000) from the medical aid fund, or so much thereof as may be necessary, for the purposes herein stated.

"Sec. 8. If any section or provision of this act shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the act as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional."

Debate ensued.

EXPLANATION OF VOTES

By Representative Julia Butler Hansen, on Engrossed Senate Bill No. 240:

"My reasons for voting against Engrossed Senate Bill No. 240 on final passage are:

"The amendment offered by Mr. Comfort and adopted by the House regarding the creation of an Appeal Board changed the intent of the original bill to such an extent that I could not vote for the measure on final passage.

"I am opposed to the method of creating the board, more particularly that portion wherein the Supreme Court selects a list for membership."

By Representative Arthur R. Paulsen, on Engrossed Senate Bill No. 240:

"I voted against Engrossed Senate Bill No. 240 because this bill in its original form was very desirable and prior to the House amendment I gave the measure my full support. I could not support the bill, however, after it had been amended to set up a new Appeal Board. This was a very long amendment dealing with a very vital portion of the Industrial Insurance Act and I could not vote for such a measure without being afforded the opportunity of reading the provisions included therein."

On motion of Mr. Woodall, the Chief Clerk was directed to immediately transmit Engrossed Senate Bill No. 240 to the Senate.

POINT OF ORDER

Mr. Paulsen:

"Mr. Speaker, point of order. On Engrossed Substitute House Bill No. 397, I understand Mr. Kellogg voted with the majority. Should not the members of the conference committee be representative of the majority vote and representative of the minority vote of the members of the House?"

POINT OF ORDER

Mr. Woodall:

"Mr. Speaker, point of order. As I understand the rule, there shall be two members appointed from those who voted with the majority on a given proposition and one member chosen from among those who voted with the minority on a given proposition. If Mr. Kellogg was listed as having voted with the minority then I feel there is no point of order to raise at this time."

The Speaker:

"I will be glad to hear further from Mr. Paulsen."

Mr. Paulsen:

"I understand Mr. Kellogg voted 'Aye' on Engrossed Substitute House Bill No. 397. I believe it is that way in the record."

RULING BY THE SPEAKER

The Speaker:

"My ruling will be that the rule does require the appointment of at least one member of those who voted with the minority group. I will have the Clerk check the roll call on the final passage of Engrossed Substitute House Bill No. 397 again. The Speaker understood that Mr. Kellogg voted 'No' on both roll calls."

The Speaker declared the House to be at ease for a few moments.

The Speaker called the House to order.

RULING BY THE SPEAKER

The Speaker:

"Mr. Paulsen, the point of order is well taken. Mr. Kellogg voted 'Aye' on Engrossed Substitute House Bill No. 397, and a new member will necessarily be appointed on that conference committee."

SENATE AMENDMENTS TO HOUSE BILL

Senate Chamber,
Olympia, Wash., March 9, 1947.

MR. SPEAKER:

The Senate has passed: Engrossed Substitute House Bill No. 105, with the following amendments:

Amend the bill by striking all matter after the enacting clause and inserting in lieu thereof the following:

"Section 1. It is the intent and purpose of this act (a) to incorporate into a single, permanent, school district organization law all essential provisions governing the formation and establishment of new school districts, the alteration of the boundaries of existing districts, and the adjustment of the assets and liabilities of school districts when changes are made as aforesaid, and in so doing to replace the inadequate and restrictive old acts and parts of acts governing such changes and adjustments; and (b) to establish methods and procedures whereby the aforesaid changes in the school district system may be brought about by the people concerned and affected, all to the end that the territorial organization of school districts may be more readily adapted to the needs of the changing economic pattern and educational program in the state; that existing disparities among school districts in ability to provide current and capital outlay funds may be reduced and the educational opportunities of children thereby enhanced; and that a wiser use of public funds may be secured through improvement in the school district system.

"Sec. 2. The following terms, wherever used in this act, shall have the meaning as in this section ascribed to them, unless where used the context thereof shall clearly indicate to the contrary:

"(a) "Change in the organization and extent of school districts" shall mean the formation and establishment of new school districts and/or the dissolution of existing school districts and/or the alteration of the boundaries of existing school districts.

"(b) "State Board" and "County Committee" shall mean respectively the State Board of Education and the County Committee on school district organization, respectively, created by this act.

"(c) "School district" shall mean the territory under the jurisdiction of a single governing board hereinafter in this act designated and referred to as the board of directors.

"(d) "Heretofore" and "hereafter" shall mean, respectively, prior to and subsequent to the date this act takes effect.

"Sec. 3. A school district shall be organized in form and manner as hereinafter provided, and shall be known as (insert here the name of the district) School District No.,County, State of Washington: *Provided*, That all school districts now existing as shown by the records of the county superintendent are hereby recognized as legally organized districts.

"Sec. 4. A new school district may be formed comprising contiguous territory lying in a single county or in two (2) or more counties. Such new district may comprise two (2) or more whole school districts and/or a part of one (1) or more school districts and/or territory which is not a part of any school district. The boundaries of existing school districts may be altered (a) by the transfer of territory from one district to another district, or (b) by the annexation to a district of a part or all of one (1) or more other districts or of territory which is not a part of any school district: *Provided*, That such territory shall be contiguous to the district to which it is transferred or annexed. Territory may be transferred or annexed to an existing school district without regard to county boundaries.

"Sec. 5. Each incorporated city in the state shall be comprised in one (1) school district: *Provided*, That nothing in this section shall be so construed as (a) to prevent the extension of the boundaries of a school district beyond the limits of the city contained therein, or (b) to prevent the inclusion of two (2) or more incorporated cities in a single school district, or (c) to change or disturb the boundaries of any school district organized prior to the incorporation of any city, except in case of the extension of the limits of a city beyond the boundaries of the school district in which it is situated, or the incorporation of a city containing territory lying in two (2) or more school districts organized prior to the incorporation of such city, or the uniting of two (2) or more cities not located in the same school district. In case all or any part of a school district is included in an incorporated city through the extension of the limits of such city in the manner provided by law, the county superintendent (a) shall declare the territory so included to be a part of the school district containing the city, and (b) shall, whenever a part of a district so included contains the schoolhouse of the district, present to the county committee hereinafter in this act provided for a proposal for the disposition of the remaining territory of the district; and in case of the incorporation of a city containing territory lying in two (2) or more school districts or of the uniting of two (2) or more cities not located in the same school district in the manner provided by law, the county superintendent (a) shall order and declare to be established in each such case a single school district comprising all of the school districts involved; and (b) shall designate each such district by name and by a number different from that of any component thereof or of any other district in existence in the county: *Provided*, That the county superintendent may, if he deems such action advisable, fix as the effective date of the aforesaid declaration or order the first day of July next succeeding the date of the extension of the limits of the city or of the incorporation of the city or of the uniting of the two cities, as the case may be.

"Sec. 6. A school district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes, and in that name and style may sue and be sued, may purchase, hold, and sell personal property and real estate, and enter into such obligations as are authorized by law. The board of directors of the school districts shall have exclusive control of all school buildings and other property, real or personal, owned by the district.

"Sec. 7. The fact of the issuance of bonds by a school district, heretofore or hereafter, shall not prevent changes in the organization and extent of school districts, regardless of whether or not such bonds or any part thereof are outstanding at the time. In case of any such change (a) the bonded indebtedness outstanding against any school district involved in or affected by such change shall be adjusted equitably among the old school districts and the new district or districts, if any, involved or affected; and (b) the property and other assets and the liabilities other than bonded indebtedness of any school district involved in or affected by any such change shall also be adjusted in the manner and to the effect hereinbefore in this section provided for, except when all the

territory of an old school district is included in a single new district or is annexed to a single existing district, in which event the title to the property and other assets and the liabilities other than bonded indebtedness of such old district shall vest in and become the assets and liabilities of the new district or of the existing district as the case may be.

"Sec. 8. Each school district involved in or affected by any change heretofore or hereafter made in the organization and extent of school districts shall retain its corporate existence in so far as is necessary for the purpose until the bonded indebtedness outstanding against it on and after the effective date of said change has been paid in full: *Provided*, That nothing in this section shall be so construed as to prevent, after the aforesaid effective date, such adjustments of bonded indebtedness as are provided for in this act. The county commissioners shall have the power and it shall be their duty to provide by appropriate levies on the taxable property of each school district for the payment of the bonded indebtedness outstanding against it after any of the aforesaid changes and/or adjustments have been effected. In case any such changes or adjustments involve a joint school district, the tax levy for the payment of any bonded indebtedness outstanding against such joint district after said changes or adjustments are effected shall be made and the proceeds thereof shall be transmitted, credited, and paid out in conformity with the provisions of law applicable to the payment of the bonded indebtedness of joint school districts heretofore established.

"Sec. 9. Any school district in the state having a population in excess of ten thousand (10,000), as shown by any regular or special census or by any other evidence acceptable to the county superintendent, shall be a school district of the first class. Any other school district maintaining a fully accredited high school or containing a city of the third class or of the fourth class or an area of one (1) square mile having a population of at least three hundred (300) shall be a school district of the second class. All other school districts shall be school districts of the third class. Whenever the county superintendent finds that the classification of a school district should be changed, he shall make an order in conformity with his findings and alter the records of his office accordingly. Thereafter the board of directors of the district shall organize in the manner provided by law for the organization of the board of a district of the class to which said district then belongs.

"Sec. 10. The governing board of a school district shall be known as the board of directors of the district. Unless otherwise specifically provided by this act or by other provisions of law, members of a board of directors shall be elected by ballot by the qualified electors of the school district and shall hold office for a term of three (3) years and until their successors are elected and qualified. In case a member or members of a board of directors are to be elected to fill an unexpired term or terms, the ballot shall specify the term for which each such member is to be elected. The board of directors of a school district of the first class or of a school district of the second class shall consist of five (5) members. The board of directors of a school district of the third class shall consist of three (3) members.

"Sec. 11. There is hereby created in each county a committee which shall be known as the county committee on school district organization, which committee shall be composed of not less than five (5) nor more than nine (9) representative citizens of the county, the number in each county to be determined by the persons hereinafter charged with the duty of electing the members of the committee. Neither the county superintendent nor an employee of a school district shall be a member of the county committee. The members of the county committee shall be elected by the county superintendent and the members of the board of directors of the school districts of the county at a meeting which the county superintendent shall call for the purpose. At least one (1) member of the county committee shall be elected from among the residents of each county commissioner's district in the county; and, as nearly as possible, an equal number of members shall be elected from among the residents of each class of school district (first, second, or third class) in the county. No member of a county committee shall continue to serve thereon if he ceases to be a resident of the county or if he is absent from three (3) consecutive meetings of the committee without an excuse acceptable to the committee. Vacancies in the membership of the county committee shall be filled by the persons charged with the duty of electing the members of the committee: *Provided*, That the committee may fill vacancies in its membership pending the calling of a meeting of said persons for this purpose by the county superintendent. The terms of members of the county committee shall be for five (5) years and until their successors are elected: *Provided*, That the terms of the members first elected shall be determined by lot to the end that as nearly as possible thereafter one-fifth ($\frac{1}{5}$) of the

members shall be elected annually. Members of the county committee shall serve without compensation but shall be reimbursed for expenses necessarily incurred in the performance of their duties.

"Sec. 12. The county committee shall organize by electing from its membership a chairman and a vice-chairman. The county superintendent shall be the secretary of the committee. Meetings of the committee shall be held upon call of the chairman or of a majority of the members thereof. A majority of the committee shall constitute a quorum.

"Sec. 13. The powers and duties of the county committee shall be:

"(1) To initiate, on its own motion and whenever it deems such action advisable, proposals for changes in the organization and extent of school districts in the county; and to receive, consider, and revise, whenever in its judgment revision is advisable, proposals initiated by petition or presented to the committee by the county superintendent as provided for in this act; and to prepare and submit to the State Board any of the aforesaid proposals that are found by the county committee to provide for satisfactory improvement in the school district system of the county and the state.

"(2) (a) To make among the old school districts and the new district or districts, if any, involved in or affected by a proposed change in the organization and extent of school districts an equitable adjustment of the property and other assets and of the liabilities, including bonded indebtedness, of all districts involved or affected; and (b) to make among all of the school districts involved in or affected by any change heretofore or hereafter effected, an equitable adjustment of the bonded indebtedness outstanding against any of the aforesaid districts whenever in its judgment such adjustment is advisable; and (c) to submit to the State Board the proposed terms of adjustment and a statement of the reasons therefor in each of the aforesaid cases. In making the adjustments herein provided for, the county committee shall consider the number of children of school age resident in and the assessed valuation of the property located in each district and in each part of a district involved or affected; the purpose for which the bonded indebtedness of any district was incurred; the value, location, and disposition of all improvements located in the districts involved or affected; and any other matters which, in the judgment of the committee, are of importance or essential to the making of the aforesaid equitable adjustment.

"(3) To hold and keep a record of a public hearing or public hearings (a) on every proposal for the formation of a new district or for the transfer from one existing district to another of any territory in which children of school age reside or for annexation of territory when the conditions set forth in section 17 of this act prevail; and (b) on every proposal for adjustment of the assets and of the liabilities of school districts provided for in this act. Three (3) members of the county committee or two (2) members of the committee and the county superintendent may be designated by the committee to hold any public hearing that the committee is required to hold. The county committee shall cause to be posted, at least twenty (20) days prior to the date appointed for any such hearing, a written or printed notice thereof (a) in at least three (3) of the most public places in the territory of each proposed new district or of each established district when such district is involved in a question of adjustment of bonded indebtedness, and (b) in at least one (1) public place in territory proposed to be transferred or annexed to an existing school district, and (c) on the school house door of each district involved in or affected by any proposed change or adjustment upon which a public hearing is required, and (d) at the place or places of holding the hearing.

"(4) To give due consideration in the preparation of the aforesaid proposals (a) to the equalization of the educational opportunities of pupils, (b) to the educational needs of local communities, (c) to economies in the administration and operation of schools and in transportation costs, (d) to the convenience and welfare of pupils, (e) to a reduction in disparities in per-pupil valuation among school districts, (f) to equalization of the burden of financing the cost of high school facilities through an extension of the boundaries of high school districts to include within each such district all of the territory served by the high school located therein, (g) to the future use of existing satisfactory school buildings, sites, and playfields, and (h) to any other matters which in its judgment are of importance.

"(5) To prepare and submit, along with the submission of the proposals designated in subsection one (1) of this section, a map showing the boundaries of existing districts affected by any proposed change and the boundaries, including a description thereof, of each proposed new district and/or of each existing district as enlarged or diminished by

any proposed change; a summary of the reasons for the proposed change; and such other reports, records, and materials as the State Board may request.

"(6) To divide into five (5) school directors' districts (a) all new school districts established pursuant to the provisions of this act, and (b) all existing districts the boundaries of which are hereafter extended by the annexation thereto of the whole of another district, and (c) all existing districts not heretofore so divided in conformity with the requirements of law in effect prior to the date this act takes effect: *Provided*, That no school district shall be so divided if it contains a city having a population in excess of seven thousand (7,000) or is a school district of the third class. The boundaries of each director's district shall be so established that each such district shall comprise as nearly as practicable an equal portion of the population of the school district.

"(7) To rearrange at any time the committee deem such action advisable in order to correct inequalities caused by changes in population, the boundaries of any of the directors' districts of any school district heretofore so divided except a district of the third class, and of any district hereafter so divided: *Provided*, A petition therefor, signed by at least five (5) heads of families residing in the aforesaid school district, is presented to the county superintendent and a public hearing thereon is held by the county committee, which hearing shall be called and conducted in the manner prescribed herein for calling and conducting other public hearings, except that notice thereof shall be posted in some public place in each director's district of the school district and on the schoolhouse door of the district and at the place of holding the hearing.

"(8) To prepare and submit to the Superintendent of Public Instruction, upon request of said officer, a report and recommendations respecting the urgency of need for school plant facilities, the kind and extent of the facilities required, and the development of improved local school administrative units and attendance areas in the case of school districts that seek state assistance in providing school plant facilities.

"Sec. 14. The powers and duties of the State Board with respect to this act shall be: (1) To aid county committees in the performance of their duties by furnishing them with plans of procedure, standards, data, maps, forms, and other necessary materials and with services essential to a study and understanding of the problems of school district organization in the county.

"(2) To receive, file, and examine the proposals and the maps, reports, records, and other materials relating thereto submitted by county committees in the discharge of their duties as prescribed in this act; to advise county committees in writing on the question of whether or not such proposals provide for satisfactory improvement in the school district system of the counties and the state and for an equitable adjustment of the assets and liabilities of the districts involved or affected; and to assist county committees in the revision of the aforesaid proposals when so requested by such committees.

"Sec. 15. For the purpose of forming a new school district, a petition in writing may be presented to the county superintendent, in his capacity as secretary of the county committee, signed either by five (5) heads of families or by a majority of the heads of families residing (a) in each whole district and in each part of a district proposed to be included in any single new district, or (b) in the territory of a proposed new district which comprises a part only of one (1) or more districts. The aforesaid petition shall state the name and number of each district involved in or affected by the proposal to form the new district and shall describe the boundaries of the proposed new district.

"Sec. 16. For the purpose of transferring territory from one school district to another district, a petition in writing may be presented to the county superintendent, in his capacity as secretary of the county committee, signed by a majority of the heads of families residing in the territory proposed to be transferred, or by the board of directors of one (1) of the districts affected by a proposed transfer of territory if there be no family resident in the territory, which petition shall state the name and number of each district affected, describe the boundaries of the territory proposed to be transferred, and state the reasons for desiring said change and the number of children of school age, if any, residing in the territory: *Provided*, That the county superintendent may, without being petitioned to do so, present to the county committee a proposal for the transfer from one school district to another of any territory in which no children of school age reside.

"Sec. 17. Whenever all or any part of a school district in which no accredited high school is maintained is bounded on three (3) or more sides by a school district in which an accredited high school is situated and maintained, the county superintendent shall report said fact to the county committee, which committee shall consider the question of the annexation to the aforesaid high school district of the territory so bounded.

"Sec. 18. In case any school district shall have an average daily attendance of fewer than five (5) pupils or shall not have maintained, during the last preceding school year at least the minimum term of school required by law, the county superintendent shall report said fact to the county committee, which committee shall give consideration to the question of the dissolution of the school district and the annexation of the territory thereof to some other district or districts. In case any territory is not a part of any school district, the county superintendent shall present to the county committee a proposal for the annexation of said territory to some contiguous district or districts.

"Sec. 19. Upon receipt and consideration by the county committee of such statement from the State Board as is required in section 14, subsection 2, of this act, the committee shall take action respecting the disposition of the proposed changes and proposed terms of adjustment dealt with therein. Upon approval by the county committee of any proposed changes or terms of adjustment, the county superintendent shall make an order establishing such approved changes and terms of adjustment as do not concern a proposal to form a new school district and/or a proposal for adjustment of bonded indebtedness, and shall certify his action to the county auditor for the board of county commissioners, and to the county treasurer, the county assessor, and the clerks of all school districts affected by said action. Upon receipt of such certification the clerk of each school district which is annexed to another district by the aforesaid action shall deliver to the proper school district officer of said district all books, papers, documents, records, and other materials pertaining to his office. In case the aforesaid approval by the county committee concerns a proposal to form a new school district and/or a proposal for adjustment of bonded indebtedness, a special election of the voters residing within the territory of the proposed new district or of an established district involved in a proposal for adjustment of bonded indebtedness shall be held for the purpose of affording said voters an opportunity to approve or reject such proposals as concern or affect them. In a case involving both the question of the formation of a new district and the question of adjustment of bonded indebtedness, said questions may be submitted to the voters either in the form of a single proposition or as separate propositions, whichever to the county superintendent seems expedient. The county superintendent is hereby empowered and required to perform in connection with the calling and conducting of the special elections provided for in this act all duties that are required by law to be performed by a board of directors and/or the clerk or secretary of a school district in connection with the calling and conducting of school district elections.

"Sec. 20. Such written or printed notice of the aforesaid special election as is required by law shall be posted (a) in at least three (3) of the most public places in the territory of a proposed new district or of an established district involved in a proposal for adjustment of bonded indebtedness, and (b) on the schoolhouse door of each district included in the proposed new district, and (c) in some public place in the territory of each part of a district included in the proposed new district, and (d) at the place or places of holding the election. The aforesaid notice shall state the purpose for which the election has been called and shall contain a description of the boundaries of the proposed new district and a statement of any terms of adjustment of bonded indebtedness to be voted on.

"Sec. 21. Whenever a special election is held pursuant to the provisions of this act, a majority of all votes cast in each district included in a proposed new school district or a majority of all votes cast in an established district in which a special election is held as aforesaid shall be required for approval of a proposition or propositions voted on at such special election. In the event of approval of a proposition or propositions voted on at a special election, the county superintendent shall (a) make an order establishing such new district and/or such terms of adjustment of bonded indebtedness as were approved by the voters and shall also order effected such other terms of adjustment, if there be any, of property and other assets and of liabilities other than bonded indebtedness as have been approved by the county committee; (b) certify his action to the county and school district officers specified in section 19 of this act; and (c) designate the new district by name and by a number different from that of any component thereof or of any other district in existence in the county: *Provided*, That the county superintendent may, if he deems such action advisable, fix, as the effective date of any order or orders that he is required by this act to make, the first day of July next succeeding the date of final approval of any change in the organization and extent of school districts and/or of any terms of adjustment of the assets and liabilities of school districts made pursuant to the provisions of this act. Upon receipt of the aforesaid certification, the clerk of each school district which is included in the new district shall

deliver to the proper school district officer of the new district all books, papers, documents, records, and other materials pertaining to his office.

"Sec. 22. If a proposal for the formation of a new school district and/or for adjustment of bonded indebtedness is rejected by the voters at the aforesaid election, the county committee may make such revisions therein as it deems advisable and submit the revised proposal or proposals to the State Board. Thereafter such revised proposal or proposals shall be subject to the provisions and procedural requirements of this act applicable to original proposals submitted to said Board.

"Sec. 23. Upon the establishment of a new school district which contains a city having a population of more than seven thousand (7,000), the board of directors of the old district comprising such city shall become the board of the new district and each member thereof shall serve for the term for which he was elected: *Provided*, That if three (3) directors, constitute the board of any such old district, two (2) additional directors shall be appointed for the new district in the manner provided by law for filling a vacancy on the board of a district of the class to which such new district belongs. The additional directors so appointed shall serve until the next annual school election in the district and until their successors are elected and qualified, at which election three (3) directors shall be elected, one (1) for a term of one (1) year, one (1) for two (2) years, and one (1) for three (3) years. Upon the establishment of a new school district which includes two (2) or more old districts each of which contains a city having a population of more than seven thousand (7,000), all of the directors of the aforesaid old districts shall constitute the board of directors of the new district until the next annual school election in said district and until their successors are elected and qualified, at which election there shall be elected five (5) directors, one (1) for a term of one (1) year, two (2) for two (2) years, and two (2) for three (3) years. In case any new school district established through the incorporation of a city or through the uniting of two or more cities, pursuant to the provisions of section five (5) of this act, contains a city having a population of more than seven thousand (7,000), all of the directors of the old districts included in the new district so established shall constitute the board of directors of the new district and shall serve until the next annual school election in the district and until their successors are elected and qualified. At such election there shall be elected five (5) directors, one (1) for a term of one (1) year, two (2) for two (2) years, and two (2) for three (3) years.

"Sec. 24. The directors of the old school districts who reside within the limits of a new school district that is divided into directors' districts in conformity with the provisions of this act shall meet at the call of the county superintendent and elect from among their number five (5) directors for the new district no two (2) of whom shall be residents of the same school director's district: *Provided*, That if one (1) or more of the directors' districts of said new school district has no such director residing therein, the county superintendent shall appoint the number of additional directors required to constitute a board of five (5) directors for the school district, no two (2) of whom shall be residents of the same school director's district. Upon the establishment of a new school district of the third class, the directors of the old school districts who reside within the limits of the new district shall meet at the call of the county superintendent and elect from among their number three (3) directors for said new district: *Provided*, That if fewer than three (3) such directors reside in such new school district, they shall become directors of said district, and the county superintendent shall appoint the number of additional directors required to constitute a board of three (3) directors for the district. Each board of directors constituted as provided for in this section shall proceed at once to organize in the manner prescribed by law and thereafter shall have all of the powers and authority conferred by law upon boards of directors of other districts of the same class until the next annual school election in the district and until their successors are elected and qualified. At such election there shall be elected the number of directors (either five (5) directors or three (3) directors) heretofore in this section required to constitute the board of the district. When five (5) directors constitute the board, one (1) shall be elected from among the residents of each of the five (5) directors' districts of the school district by the electors of the entire school district, one (1) such director for a term of one (1) year, two (2) for two (2) years, and two (2) for three (3) years; when three (3) directors constitute the board, they shall be elected at large by the electors of the school district, one (1) for a term of one (1) year, one (1) for two (2) years, and one (1) for three (3) years.

"Sec. 25. Any school district composed of territory lying in more than one (1) county shall be known as a joint school district, and shall be designated by a separate number for each county in which any part of its territory may lie.

"Sec. 26. The duties herein imposed upon and required to be performed by a county committee or by a county superintendent in connection with a change in the organization and extent of school districts and/or with the adjustment of the assets and liabilities of school districts and with all matters related to such change or adjustment whenever territory lying in a single county is involved shall be performed jointly by the county committees or by the county superintendents of the several counties whenever territory lying in more than one (1) county is involved: *Provided*, That a county committee may designate three (3) of its members, or two (2) of its members and the county superintendent, as a subcommittee to serve in lieu of the whole committee, but action by a subcommittee shall not be binding unless approved by the whole committee of the county. Proposals for changes in the organization and extent of school districts and proposed terms of adjustment of assets and liabilities thus prepared and approved shall be submitted to the State Board (a) by the county committee of the county in which is situated the high school of the proposed new district or of the established district proposed to be enlarged, or (b) in case no high school district is involved in the proposed change, by the county committee of the county in which the schoolhouse of the district is situated, or (c) if there be no schoolhouse in the district or more than one (1) schoolhouse, by the county committee of the county in which is located the part of the district having the largest number of children of school age residing therein.

"Sec. 27. For all purposes essential to the maintenance, operation, and administration of the schools of a district, including the apportionment of current state and county school funds, a joint school district shall be considered as belonging to the county in which the high school of said district is situated, or in case no high school is operated by the district, to the county in which is situated the schoolhouse of the district or the school with the largest attendance, if there be more than one (1) schoolhouse. If there is no schoolhouse in the joint district, said district shall then be considered as belonging to the county in which is located that part of the district having the largest number of children of school age residing therein.

"Sec. 28. Every director or clerk of a joint school district shall, on assuming the duties of his office, file his certificate of election or appointment, his oath of office or certified copies thereof, and his signature with the county superintendent of the county to which said district belongs, which signature shall be placed on file with the county auditor of said county by the county superintendent. A vacancy in the office of director of a joint district of the second or third class shall be filled by joint action of the county superintendents of the counties in which the territory of said joint district lies. In a joint district of the first class, such vacancy shall be filled in the manner provided by law for filling vacancies in districts of the first class.

"Sec. 29. A joint school district and the officers thereof shall, unless otherwise provided by law, possess all the powers and be subject to all of the duties vested in or imposed upon other school districts of the same class and upon the officers thereof. Whenever the laws relating to school districts shall provide for any action by a county officer, such action, if required to be performed in behalf of a joint school district, shall, unless otherwise provided by law, be performed by the proper officer of the county to which the joint district belongs.

"Sec. 30. It shall be the duty of the assessor of each county a part of which is included within a joint school district to certify annually to the auditor of his county and to the auditor of the county to which the joint district belongs, for the board of county commissioners thereof, the aggregate assessed valuation of all taxable property in his county situated in such joint school district, as the same appears from the last assessment roll of his county.

"Sec. 31. The amount of tax to be levied upon the taxable property of that part of a joint school district lying in one county shall be in such ratio to the whole amount levied upon the property in the entire joint district as the assessed valuation of the property lying in such county bears to the assessed valuation of the property in the entire joint district. After the budget of a joint school district has been prepared in the manner provided by law, the county superintendent of the county to which the joint district belongs shall, after deducting estimated receipts from sources other than district taxation, apportion to each county in which the territory of the joint district lies its proportionate share of the estimated expenditures of such joint district, which apportionment shall be made upon the same basis as is herein provided for the apportionment of tax levies. He shall then forward to the county auditor of his county and to the county superintendent and the county auditor of each other county, for the board of

county commissioners thereof, a certificate setting forth the sum apportioned to that county, together with copies of the certificates forwarded by him to the aforesaid officers of other counties.

"Sec. 32. Upon receipt of the aforesaid certificate, it shall be the duty of the board of county commissioners of each county to levy on all taxable property of that part of the joint school district which lies within the county a tax sufficient to raise the amount necessary to meet the county's proportionate share of the estimated expenditures of the joint district, as shown by the aforesaid certificate of the county superintendent. Such taxes shall be levied and collected in the same manner as other taxes are levied and collected, and the proceeds thereof shall be forwarded quarterly by the treasurer of each county, other than the county to which the joint district belongs, to the treasurer of the county to which such district belongs and shall be placed to the credit of said district. The treasurer of the county to which a joint school district belongs is hereby declared to be the treasurer of such district.

"Sec. 33. If, on the date this act takes effect or at any time thereafter, three (3) directors constitute the board of directors of any school district for which a board of five (5) directors is required by law, except a district required by this act to be divided into school directors' districts, the three (3) directors of such school district shall continue to serve for the terms for which they were elected; two (2) additional directors shall be appointed for the district in the manner provided by law for filling a vacancy on the board of other districts of the same class; and the aforesaid five (5) directors shall thereafter constitute the board of directors of the district. The additional directors so appointed shall serve until the next annual school election in the district and until their successors are elected and qualified, at which election three (3) directors shall be elected, one (1) for a term of one (1) year, one (1) for two (2) years, and one (1) for three (3) years.

"Sec. 34. Whenever any school district in existence on the date of this act takes effect is divided into school directors' districts by the county committee in the discharge of its duties under said act, the directors thereof shall continue to serve for the terms for which they were elected, unless two (2) or more such directors reside in the same director's district, in which event the director who shall continue to serve shall be determined by lot. The county superintendent shall then appoint the number of additional directors required to constitute a board of five (5) directors for the school district, no two (2) of whom shall be residents of the same director's district. The additional directors so appointed shall serve until the next annual school election in the district and until their successors are elected and qualified, at which election three (3) directors shall be elected for one (1), two (2), and three (3) years, respectively, and, if necessary, additional directors for the unexpired terms, if any, of directors who were removed as such by virtue of the determination by lot provided for in this section.

"Sec. 35. In case a school district has heretofore been divided into five (5) school directors' districts in conformity with the requirements of law in effect prior to the date this act takes effect, one (1) director therefor shall be elected from among the residents of each such director's district by the electors of the entire school district, as the terms of the present incumbents expire, except in case such school district is a district of the third class in which event (a) three (3) of the incumbent directors, selected by lot in such manner that the terms of no two (2) of them will expire simultaneously, shall constitute the board of district and shall continue to serve for the terms of which they were elected; (b) school directors' districts shall cease to exist; and (c) at the next annual school election in said district and annually thereafter, one (1) director shall be elected at large by the electors of the district.

"Sec. 36. The boards of directors of the several school districts that have heretofore been united to form a union high school district shall constitute the board of directors of such union high school district: *Provided*, That in a union high school district comprising three (3) or more school districts, the board of directors thereof shall be composed of the chairmen of the several boards of directors of the districts comprised in such union high school district. The board of directors of a union high school district shall organize annually on the second Saturday next succeeding the date on which the newly elected directors of the several component districts enter upon the discharge of their duties, and shall, unless otherwise provided by law, possess the same powers and authority as are conferred by law upon a board of school directors of a district of the second class.

"Sec. 37. The tax levy for the general fund of any union high school district shall not be in excess of four (4) mills for any one (1) school year nor shall the general fund

levy for any component district within a union high school district be in excess of six (6) mills for any one (1) school year, unless a levy in excess thereof is authorized by the electors of the union high school district or of the component district in conformity with the requirements of law.

"Sec. 38. The county superintendent shall prepare and keep in his office (a) a map showing the boundaries of the directors' districts of all school districts in or belonging to his county that are so divided, and (b) a record of the action taken by the county committee in establishing such boundaries.

"Sec. 39. The Superintendent of Public Instruction shall furnish to the State Board and to county committees the services of employed personnel and the materials and supplies necessary to enable them to perform the duties imposed upon them by this act and shall reimburse the members thereof for expenses necessarily incurred by them in the performance of their duties.

"Sec. 40. An appeal may be taken, as provided for in sections 5064 and 5065 of Remington's Revised Statutes (PPC 865-1 and -3), to the superior court of the county in which a school district is situated on any question of adjustment of property and other assets and of liabilities provided for in this act. If the court finds the terms of the adjustment in question not be equitable, the court shall make an adjustment that is equitable.

"Sec. 41. Such claim shall not be enforced against any real estate and household goods which are inherited by or devised or bequeathed to the surviving spouse, or while it is occupied or used by any person who is in need as defined in section 4, chapter 1, Laws of 1941, as amended by this act and other laws, and who receives it by inheritance, devise or bequest, nor shall such claim be enforced against any real estate or household goods for a period of three years while it is occupied or used by any other person who inherits the same or receives it as a devise or bequest and who was living with the decedent for a period of one year immediately prior to his death, but the statutes of limitation shall not run against such claim so long as the enforcement and collection thereof is delayed or prohibited as hereinabove provided. All recoveries under this section shall be distributed between the county, state and Federal governments in the proportion they have respectively contributed to the payments made to such recipient. The director is authorized to settle, compromise, adjust or release the state's claim on any property.

Sec. 7. Section 15, chapter 1, Laws of 1941 (sec. 9998-48, Rem. Rev. Stat.; sec. 921-29, PFC) is hereby repealed.

Sec. 8. This act is necessary for the immediate preservation of the public peace, health and safety and shall take effect April 1, 1947.

On motion of Mr. Powell, the report of the Free Conference Committee on Engrossed Substitute House Bill No. 396 was adopted.

POINT OF ORDER

Mr. Hodde:

"Mr. Speaker, if I heard correctly, that was not a unanimous report of the Free Conference Committee. The report was concurred in by five members, one member not concurring. If I am not mistaken, you can't receive a free conference report until you have the consent of all the committee."

PARLIAMENTARY INQUIRY

Mr. Yantis:

"Mr. Speaker, Reed's Parliamentary Rules might indicate the possibility or the rule to be that a majority of each group of three might make a report. However, our rule

provides that the report must be signed by all of the conferees. If my memory is correct, the rule adopted and in force in this House—I am speaking only from memory—has been that the report must be signed by all six. My only memory of a case such as this is a case that arose in the 1933 session when the sixth member refused, either not concurring or refusing to sign. The Speaker took the refusal to sign or disagreement to be a report of disagreement. The committee was discharged and a new committee was appointed. There was an appeal from the decision of the chair and the ruling was sustained. But I feel quite certain in my own mind the rule in this House has been that the report had to be signed by all six."

RULING BY THE SPEAKER

The Speaker:

"The Speaker is going to rule that the Point of Order is not well taken. I wish briefly to state my reasons. In the first place, only one report has been received by the House. That report has been signed by all six members of the Free Conference Committee. It is true, one of those members indicated under his signature in his report 'not concurring'. The other five members have concurred in the report. There is nothing in our rules to indicate that a Free Conference Committee report must be unanimous as to all members. It is true an original Conference Committee in the past, as far as I could find precedents, must reach a unanimous agreement. If not, they must come back and request powers of free conference, which was done in this case.

"Having done that, if the committee is willing to sign a report by all members and on that report a majority of the members of both Houses agree on the report, that report can be received and can be acted upon.

"I have consulted with the President of the Senate and I am authorized to say he concurs in this ruling. This same report has been received by the Senate and acted upon.

"The basis of my ruling is also set forth in Reed's Parliamentary Rules, paragraph 243, in which it is stated: 'The object of a conference being the adjustment of differences between two bodies, and the conference consisting of independent committees, its report to be a valid one must be agreed to by a majority of the committee from each House'.

"That result has been obtained in this case. The Speaker is going to rule: The report has been properly received. The point of order will be overruled and you may appeal from the decision of the chair if you desire to do so."

Debate ensued.

On motion of Mr. Woodall, the previous question was ordered.

A roll call was demanded by Mr. Powell, and the demand was sustained.

The Speaker:

"The question before the House is the motion by Mr. Powell that the report of the Free Conference Committee be adopted, that the bill attached to the report be substituted for Engrossed Substitute House Bill No. 396, and that the Free Conference bill do pass.

"A vote 'Aye' will be in favor of the report; a vote 'No' will be against the report."

The Clerk called the roll on the motion by Mr. Powell to adopt the Free Conference Committee report, and the motion was carried by the following vote: Yeas, 64; nays, 27; absent or not voting, 8.

Those voting yea were: Representatives Anderson, Ashley, Banks, Bassett, Canwell, Christensen, Clark, Comfort, Copeland, Cory, Costello, Donovan, Douglas, Eaton, Eldridge, Ford (Edw. S.), Ford (Robt. M.), Foster, Frayn, French, Fuhrmann, Gehrman, Goff, Goodman, Griffith, Hall, Hawley, Hillyer, Hoefel, Hufford, Isenhardt, Jeffreys, Johnston, Jones (Asa T.), Kellogg, Kinnear, Kittleman, Loney, Lyman, Mahaffey, Malloy, Mason, Mendel, Miller (Fred), Miller (Martin S.), Omdahl, Peters, Peterson, Pierong, Powell, Poyhonen, Raugust, Richey, Schwartz, Shadbolt, Shannon, Sisson, Stevens, Thompson, Turner, Wintler, Woodall, Zent, Mr. Speaker—64.

Those voting nay were: Representatives Adams, Armstrong, Baker, Ball, Bernethy, Brown, Carroll, Carty, Easterday, Hansen, Hennessey, Hodde, Jones

(D. W.), King, Knoblauch, Leber, Lehman, Paulsen, Pearson, Rasmussen, Riley, Simpson, Vane, Wedekind, Wenberg, Yantis, Young—27.

Those absent or not voting were: Representatives Beierlein, Blodgett, Callow, Dent, Montgomery, Schumann, Sprague, Strom—8.

The Speaker declared the question before the House to be the final passage of Substitute House Bill No. 396 as amended by the Free Conference Committee.

The Clerk called the roll on the final passage of Substitute House Bill No. 396, as amended by the Free Conference Committee, and the bill passed the House by the following vote: Yeas, 67; nays, 24; absent or not voting, 8.

Those voting yea were: Representatives Adams, Anderson, Ashley, Banks, Bassett, Canwell, Christensen, Clark, Comfort, Copeland, Cory, Costello, Douglas, Eaton, Eldridge, Ford (Edw. S.), Ford (Robt. M.), Foster, Frayn, French, Fuhrmann, Gehrman, Goff, Goodman, Griffith, Hall, Hawley, Hennessey, Hillyer, Hoefel, Hufford, Isenhardt, Jeffreys, Johnston, Jones (Asa T.), King, Kinnear, Kittleman, Loney, Lyman, Mahaffey, Malloy, Mason, Mendel, Miller (Fred), Miller (Martin S.), Omdahl, Peters, Peterson, Pierong, Powell, Poyhonen, Raugust, Richey, Schwartz, Shadbolt, Shannon, Sisson, Stevens, Thompson, Turner, Wintler, Woodall, Yantis, Zent, Mr. Speaker—67.

Those voting nay were: Representatives Armstrong, Baker, Ball, Bernethy, Brown, Carroll, Carty, Donovan, Easterday, Hansen, Hodde, Jones (D. W.), Kellogg, Knoblauch, Leber, Lehman, Paulsen, Pearson, Rasmussen, Riley, Simpson, Vane, Wedekind, Wenberg, Young—24.

Those absent or not voting were: Representatives Beierlein, Blodgett, Callow, Dent, Montgomery, Schumann, Sprague, Strom—8.

Substitute House Bill No. 396, as amended by the Free Conference Committee, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

EXPLANATION OF VOTE

By Representative Howard T. Ball on Substitute House Bill No. 396:

"Please show in the Journal that I voted 'No' on Substitute House Bill No. 396 because as a member of the committee I had a very personal interest in the writing of the above bill and as amended it did not meet the personal desires of my profession."

EXPLANATION OF VOTE

By Representative Howard T. Ball, on Substitute House Bill No. 397:

"Please show in the Journal that I voted 'No' on Substitute House Bill No. 397 because as an original sponsor I didn't want those in my profession to think I concurred in the amendments as finally adopted."

The Speaker called Mr. Riley to preside.

The Speaker (Mr. Riley, presiding):

"Will the Sergeant-at-Arms come to the bar of the House."

On motion of Mr. Woodall, the Sergeant-at-Arms was instructed to escort the Speaker and Mrs. Hamblen from the Speaker's Office to the House Chamber.

PRESENTATION OF GIFT TO SPEAKER

The Speaker (Mr. Riley, presiding):

"We are going to present to the Speaker and Mrs. Hamblen the gift at this time."

The Speaker and Mrs. Hamblen were escorted to a place in front of the rostrum.

The Speaker (Mr. Riley, presiding):

"Mrs. Hamblen, Mr. Speaker: We regret sincerely that we have to bring you here before the court this lovely Sunday afternoon, but we are gathered on this occasion to pay our respects to you. At this time, I present the gentleman from Spokane, Honorable Harold Zent."

Mr. Zent:

"Mr. Speaker and Mrs. Hamblen, Ladies and Gentlemen of the House: Mr. Speaker, today we have the honor and pleasure of presenting to you and Mrs. Hamblen a little token of esteem and affection from the members of the House of Representatives in

appreciation of your presiding as Speaker of this body during this, the Thirtieth Legislative Session. May I say that we are thankful to you for devoting your utmost to this House of Representatives. You have kept decorum at all times, you have been fair and impartial and have conducted your office on behalf of the entire membership of the House.

I think I reflect the feelings and judgment of the House of Representatives when I say to you, it was a good job well done for which we are all truly grateful."

Mr. Hamblen:

"Mr. Speaker (Mr. Riley, presiding), Judge Zent, and My Fellow House Members:

I asked Mrs. Hamblen if she desired to respond and she said that she is so overwhelmed she is unable to talk.

I am very happy that Mrs. Hamblen could be here with me on this occasion. I realize that this event is traditional in the House of Representatives. I only wish that it could be reversed and be the other way round. I would like to be the giver and you the receivers. No Speaker ever owed so much to any House of Representatives as your present Speaker owes to this one. Judge Zent referred to the fact that I have tried to be fair in my rulings. I hope that is so. However, let me say that you are the ones that have been fair to me.

At all times you have been considerate and cooperative. From neither side of the House has there been any heckling, objectionable conduct or delay. I cannot express to you in words what a pleasure it has been to serve you and what a pleasant session you have made this one for me.

I realize this is no time to appraise the result of our work. Whether or not we have found the right answers to our many problems may be a question. There is no easy answer to any of these things. Anyone who believes he has the answers just doesn't know what is going on down here. The important thing, I believe, is that we have used our very best efforts to find the answers. Judged by that standard this session will be considered a successful one. I will take with me a feeling of satisfaction that collectively and individually we have put forth our greatest efforts. No one can ask for anything more.

I will also take with me a feeling of fellowship and fraternity toward each one of you members. To my mind one of the greatest things resulting from a session such as this is the feeling of fraternity which develops and which lasts beyond the end of the session as we go our individual ways. Those of you who have been here before have already experienced this feeling. The new members, I am sure, will also recognize it. Irrespective of our party affiliations, of our differences, when we meet again outside of these halls, we feel a bond that exists between us by reason of our having worked here together. That is something of inestimable value which we will never lose.

From the bottom of our hearts, Mrs. Hamblen and I thank you for this splendid gift which will always be a symbol and token to us of the friendships and fellowships which we have made at this session. Thank you very much."

The Speaker (Mr. Riley, presiding) declared the House to be at ease until the sound of the gavel.

The Speaker called the House to order.

**REPORT OF SPECIAL COMMITTEE
REPORT OF CAPITOL CLUB INVESTIGATING COMMITTEE**

To The 1947 Session of the Legislature

This committee found an organization thriving within the state government called the "Capitol Club" which seems to be a salary sharing plan for the employed personnel of the state of Washington. A plan organized and operated by members of the Governor's official family. While it is called a "club" it can in no wise be considered as such in that it maintains no club quarters or facilities; holds no general meetings; and the only regular activity in which all the members are permitted to participate is the monthly payment of dues for which no legal receipt is ever given.

According to the best information obtainable, there are approximately eight hundred members at the present time. The membership is distributed through nearly all state departments except those receiving Federal funds, and extends to all parts of the state. However, the Highway Department, which receives such funds, also has the salary sharing plan.

The Capitol Club was organized in June or July of 1945 by a small group of state employees—among them Herb Algeo, Chief of the Washington State Patrol, who at that time became the club treasurer; Jack Gorrie, Assistant to the Governor, who became club president; and Art Garton, who was made vice-president and secretary. It seems evident that its organization and operations were at all times known to the Governor.

During the two-year history of the Capitol Club, one dance was given at the Olympia armory for the membership, press, and other state employees and was paid for with club funds. The balance of the club funds, not now on deposit and the amount unknown, was used to defray a part of the Governor's expenses in and out of the state and to assist in the recent political campaign, according to officers of the club.

During the approximate first half of the club operation, Mr. Algeo served as treasurer and was responsible for the receiving and dispensing of club funds. According to Mr. Algeo's testimony given under oath, all of the records of the club's financial operations, covering the period when he served as treasurer, were placed in a cardboard box and lost. The loss of these important records is alleged to have occurred in the State Patrol headquarters in this building at a time, and by a means, unknown.

Sometime in July of 1946 Mr. Algeo turned over about \$1200 to the present Capitol Club treasurer, Mr. Jack Ballew of the Department of Finance, Budget and Business who is also personnel man. Mr. Ballew at that time set up a system of records containing a list of dues-paying members and a record of bank deposits and withdrawals which he made available to the investigating committee.

The two treasurers of the Capitol Club testified in substance that no officer of the club ever received any salary, wage or percentage of the member dues and that each member paid only one dollar per month to the Capitol Club. They testified further that there was no solicitation of membership and that all members had voluntarily requested membership so as to be able to participate in the club's benefits. They also testified that no threat or coercion of any kind was ever used to obtain members or dues and that no state employee had ever made complaint to either of them concerning such matters.

Testimony of individual members followed a pattern. The majority of the members questioned stated that while there was no great amount of direct coercion, there was at all times an understanding on their part that membership in the Capitol Club was a condition of employment. Monthly collection of funds by a department head or sub-head, to be relayed to the chief of personnel, was sufficient coercion to cause employees who wished to keep their jobs paying into the fund, even though they felt it amounted to paying tribute for the right to work.

In all cases, members stated that they were paying more than one dollar per month and that as far as they knew all of the money went directly into the Capitol Club with no other understood division of the funds. They were all in agreement that they had no idea how the money was to be used but never felt that it would be wise to ask. They invariably stated that no receipt was given showing amounts paid and that they were requested to not make checks payable to the Capitol Club but to make them out to "cash" if they had to pay by check.

Conclusions drawn in this phase of the report are in all cases based on voluntary statements of competent persons, most of whom are Democrats presently in good standing in their departments and, we believe, in their political party. Careful effort has

been made to avoid conclusions based on the statements of people who have quit or been discharged and who might conceivably make a biased statement.

By far the greatest number of complaints have come from the Department of Transportation, which is under the direction of Mr. Revelle. Club enthusiasm in this department seems to be at a peak, with most of the enthusiasm being demonstrated by those charged with the responsibility of gathering in the dues. Statements by employees of this department were to the effect that payments are on a sliding scale ranging from \$2.50 per month in the lower salary brackets to \$12.50 per month in the upper brackets, with the probable average throughout the department being somewhere between \$5.00 and \$7.50 per month per member.

Most information was obtained from people who were willing to cooperate in any program which would correct the evil and not result in a loss of their jobs. Their complaints were two-fold: the first being that they could not afford this additional constant and unnecessary drain on their salaries due to rising living costs. Their second complaint was that they felt that they were being forced to become a party to an unwholesome transaction which is besmirching their political party and is genuinely offensive to the majority of them as citizens.

Council and principals in the operation of this club, as well as the Governor, sought to justify the operation of this sort of salary kick-back on the basis that it is common practice; that it is accepted in other places; and that in addition, the Governor of this state is not given sufficient funds by the Legislature to properly entertain visiting dignitaries and is thereby forced to resort to some such method of raising funds. Counsel for the club officers accused the Chairman of this committee of being naive in questioning the propriety of such an operation.

It is the recommendation of this committee that because of the state-wide activities of the Capitol Club and the necessary limitation of time placed on the functions of this committee that it be extended into the interim period and that \$1000 or such part thereof as may be required, be provided for the necessary expense of the investigation. The purpose of such continuing investigation being to provide remedial legislation for the consideration of the next Legislature, in the hope of permanently preventing a similar application of the "spoils system" in the affairs of the State of Washington.

ALBERT F. CANWELL, *Chairman.*
WARNER POYHONEN
FRED A. LEHMAN

Mr. Canwell moved the adoption of the report.

Mr. Rasmussen moved as a substitute motion that the committee's report be accepted with thanks and the committee be discharged.

Debate ensued.

On motion of Mr. Sisson, the previous question was ordered.

The substitute motion by Mr. Rasmussen was lost.

The Speaker declared the question before the House to be the motion by Mr. Canwell to adopt the report.

The motion was carried and the report was adopted.

EXPLANATION OF VOTE

By Representative Sverre N. Omdahl on Engrossed Senate Bill No. 291:

"As a member of the subcommittee on the Department of Transportation, I attended a hearing held with the Department of Transportation. After reviewing the budget, the committee felt there was some duplication of work done by private companies.

"The subcommittee felt that the figure submitted was fair and a very good job could be accomplished.

"Considerable has happened since. Last night, in a discussion on Transportation, the subcommittee felt the figure in the supplementary budget was too high. Today I was told that it would be very unwise for me to further oppose the raise. First, it might hurt the \$40,000 appropriated to the Northwest Seed Laboratory. Secondly, I had an uncle who has a common carrier license, and I should not do anything that might bring on cancellation of that license.

"I object to this. I want to be right. If I am wrong I shall be glad to be corrected. If I am right, I shall do everything in my power to fight for that which is right. I object to intimidations of any kind."

COMMUNICATIONS FROM THE GOVERNOR

State of Washington, Executive Department,
 Olympia, March 13, 1947.

*To the Honorable, The House of Representatives
 of the State of Washington*

LADIES AND GENTLEMEN:

This is to advise you that I have today transmitted to the Secretary of State without my signature, House Bill No. 59, entitled:

"AN Act relating to veterans; creating a Veterans' Rehabilitation Council; defining powers, duties and responsibilities of the Council; making an appropriation therefor; and declaring an emergency."

The bill provides that the Veterans' Rehabilitation Council shall consist of one member from each veterans' organization, now or hereafter chartered by Congress and one additional member to be selected by the Governor. The Governor is required to appoint the veterans' organization members of the Council from panels of three members presented by each of such veterans' organizations.

I am opposed to establishing a precedent favoring the principle requiring a Governor to make appointments from restricted lists of nominees. I believe that this type of restrictive appointments constitutes an undesirable infringement upon the right of the Chief Executive to appoint those he thinks best qualified for the positions, with the Governor bearing the full responsibility for such appointees and their actions. The theory of appointing from restricted panels of nominees is that the Governor has no responsibility for the actions of such appointees. I believe this theory is wrong in principle, that the Governor is elected to bear such responsibility and is and should be directly accountable to the electorate for his actions. Divided responsibility for appointments results in no one being chargeable therefor.

In my estimation, more money should have been provided for veterans than is appropriated in the bill and I think the amount is insufficient to meet their needs.

The state funds appropriated are for the benefit of all veterans, regardless of whether they are affiliated with any veterans' organization. I doubt the wisdom of placing the exclusive control of such funds in the hands of representatives of veterans' groups, as this bill provides.

I am permitting the bill to become law without my signature because any other course at this late date in the session would obviously result in no funds being made available for veterans' assistance for the next two years.

Respectfully submitted,

MON C. WALLGREN, *Governor.*

State of Washington, Executive Department,
 Olympia, March 13, 1947.

GOVERNOR'S VETO MESSAGES ON HOUSE BILLS

March 21, 1947.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 32, entitled:

"An Act relating to probate law and procedure and to revenue and taxation; providing for inventory and appraisement of estates of deceased persons, and for the appointment and fees of appraisers thereof for inheritance tax and other purposes, and amending section 95, chapter 156, Laws of 1917 as last amended by section 8, chapter 202, Laws of 1939 (sec. 1465, Rem. Rev. Stat.; sec. 974-51, PPC)."

This bill affects the allowance of fees to appraisers of estates. The statute presently provides that appraisers shall receive a fee of one-tenth of one per cent of the appraised value of the estate. This bill provides that the fee allowed shall be in such amount as to the court shall seem just and reasonable.

The records of the State Tax Commission fully bear out the Commission's contention that the collection of inheritance taxes since the passage of the present law in 1939 has been greatly improved. Competent appraisers must be adequately compensated. Unless adequate compensation may be paid them less competent appraisers are apt to be resorted to for appraisal work.

Some judges of the Superior Court who have handled a substantial percentage of probates of this state have stated unequivocally that they do not favor the enactment of this bill into law. They state that a statutory rule as to the fixing of fees for appraisers is helpful both to them and the State of Washington. They point out that where the matter of compensating appraisers is left to the discretion of the judge the rules for determining reasonableness will be nearly as numerous as the counties in the state. Furthermore judges generally dislike having imposed upon them the position of being required to act as an umpire between the heirs and the appraisers in each individual probate, so far as the allowance of fees is concerned.

For these reasons House Bill No. 32 is vetoed.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at

the next session of the Legislature, without my approval as to the last unnumbered item in section 3, sections 4, 5, and 6, of House Bill No. 42, entitled:

"An Act relating to and regulating the practice of engineering and land surveying; defining terms; providing for the registration of professional engineers and land surveyors; creating and providing for the State Board of Registration for Professional Engineers and Land Surveyors; defining the powers and duties of officials in the administration of the act and the engineering of public works; providing penalties; and repealing chapter 167, Laws of 1935 (secs. 8306-1 to 8306-16, inclusive, Rem. Rev. Stat.; secs. 536-1 to 536-31, inclusive, PPC)."

Sections 4, 6, and most of section 5, contain provisions which are all covered by general law. The same is true of matters contained in the last unnumbered item in section 3.

Section 5 establishes a special fund. I am not in favor of creating any more special funds.

I have therefore vetoed the last unnumbered item in section 3, and also sections 4, 5, and 6, of House Bill No. 42 and have approved the remainder of the bill.

Respectfully submitted,

(Signed) MON C. WALLGREN,

Governor.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 63, entitled:

"An Act making an appropriation for the purpose of consummating the objectives sought to be attained by the establishment of State Sustained Yield Forest No. 1."

House Bill No. 63 makes an appropriation to the Commissioner of Public Lands for certain purposes, in connection with State Sustained Yield Forest No. 1. It is inadvisable to attempt to carry out the purposes of this bill until some consolidation is made of the various state agencies at present authorized to administer state owned land. It is also extremely doubtful whether the present market is ready for the rather inaccessible and low grade timber situated within State Sustained Yield Forest No. 1.

For these reasons, House Bill No. 63 is vetoed.

Respectfully submitted,

(Signed) MON C. WALLGREN,

Governor.

March 21, 1947.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 168, entitled:

"An Act relating to motor vehicles, providing for the licensing of certain types of vehicles and prescribing fees therefor, and amending section 17, chapter 188, Laws of 1937, as last amended by section 1, chapter 224, Laws of 1941 (sec. 6312-17, Rem. Rev. Stat.; sec. 290-5, PPC)."

I have already signed Senate Bill No. 371 which contains practically the same provisions as are contained in House Bill No. 168.

For this reason, House Bill No. 168 is vetoed.

Respectfully submitted,

(Signed) MON C. WALLGREN,

Governor.

March 13, 1947.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval House Bill No. 245, entitled:

"An Act providing that lack of consideration in certain written transactions shall not render such transactions invalid or unenforceable, and making uniform the law relating thereto."

The bill makes a written release or promise enforceable even though there is a lack of consideration, if an express statement in any form is made in the agreement that the signer expressly intends to be bound.

The bill would change the rule which now exists in this state. It has been adopted only by a few states.

The bill is not proposed by the Judicial Council, nor so far as I am advised has the Judicial Council nor the bar of the state considered whether the bill is or is not desirable.

I believe that an opportunity to study and weigh the effect of the proposed change should be given to the bar of the state and the Judicial Council.

For these reasons, I have vetoed House Bill No. 245.

Respectfully submitted,

(Signed) MON C. WALLGREN,

Governor.

March 22, 1947.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to subsection (e) of section 1, and section 5 of House Bill No. 268, entitled:

"An Act relating to the University of Washington and the old University grounds, defining the powers of the Board of Regents with respect thereto and repealing sections 7 and 8 of chapter 122 of the Laws of 1893."

Section 5 of the bill gives to the Board of Regents of the University of Washington certain powers with respect to the sale, lease, plan of operation, or other arrangements for the disposal, operation and management of the University tract belonging to the University of Washington in downtown Seattle. The powers granted to the Board of Regents in sections 2, 3, and 4 of the act are necessary and desirable to enable the Board of Regents to make preliminary arrangements for the operation, management and lease of the University tract upon the expiration of the existing lease of the property.

Section 5 of the bill further provides, in general, that no sale, lease, encumbrance, agency, contract, agreement or plan of operation of the University tract shall be valid until it shall have been first approved "by statute enacted by the Legislature." The section furthermore provides that if the Board shall negotiate a mutually satisfactory contract for private operation of the tract, such agreement shall be submitted to the Legislative Council. Subsection (d) of section 5 further provides, "the Legislative Council may approve such contract only by the affirmative vote of two-thirds ($\frac{2}{3}$) of its entire membership, whereupon such contract shall take effect according to its terms."

It is more than likely that section 5 of the act could be construed as providing that any agreement for the lease or private operation of the tract would be finally concluded upon being approved by a $\frac{2}{3}$ vote of the Legislative Council and that any other arrangement for the disposal of the tract must be submitted to the Legislature. I am unwilling that the Legislative Council should be given any final authority as to the disposal of the tract. I believe that the final approving authority should in all instances be in the Legislature as is provided in chapter 44 of the Session Laws of 1923.

For these reasons, subsection (e) of section 1, and section 5 of House Bill No. 268 are vetoed and the remainder of the bill is approved.

Respectfully submitted,

(Signed) MON C. WALLGREN,

Governor.

March 21, 1947.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at

the next session of the Legislature, without my approval House Bill No. 283, entitled:

“An Act relating to the giving of proof of financial responsibility and security by owners and operators of motor vehicles; providing penalties for violations thereof; amending section 31, chapter 158, Laws of 1939 (sec. 6600-131, Rem. Rev. Stat.; sec. 294-59, PPC), by adding thereto fourteen new sections to be known as sections 31-a through 31-n; making an appropriation; and declaring this act shall take effect September 1, 1947.”

The above act pertains to motor vehicle accidents and to the giving of adequate protection for other users of the highway through insurance policies or bonds, and for penalties.

My understanding is that the bill was actively supported by insurance agencies generally, in a desire to provide greater security for those injured in motor vehicle accidents. I am in favor of any feasible plan to provide such additional security. However, the bill appropriates only \$50,000 for its administration and enforcement, and that appropriation is made from the Highway Safety Fund. The Director of Licenses has at all times informed the sponsors of this bill that \$125,000 would be required for administration and enforcement.

After House Bill No. 283 had been passed, an item of \$75,000 was inserted in Senate Bill No. 291, the supplemental appropriation bill, for the same purpose, but such item was likewise appropriated from the Highway Safety Fund. In so far as amount is concerned, these appropriations are considered adequate. However, it is apparent that the Highway Safety Fund is so far over-appropriated that a sizable deficit of several hundred thousand dollars is certain to exist in the Highway Safety Fund. The Washington State Patrol, because of inadequate appropriations, will be required to reduce substantially its operations, in order to keep within the sum appropriated.

House Bill No. 283 would embark the state upon a new field of supervision without providing the funds required for its administration and enforcement.

For these reasons, I have vetoed House Bill No. 283.

Respectfully submitted,

(Signed) MON C. WALLGREN,

Governor.

March 21, 1947.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to section 8, House Bill No. 401, entitled:

“An Act relating to the transportation of property by motor vehicle over the public highways of the state of Washington, providing for additional regulation thereof, amending sections 3, 5, 9, 11-a, 14, 27, 28, and 30, chapter 184, Laws of 1935, as amended by chapter 166, Laws of 1937, chapter 163, Laws of 1941, and

chapter 104, Laws of 1943 (secs. 6382-3, -5, -9, -11-a, -14, -27, -28, and -30, Rem. Rev. Stat.; secs. 281-11, -13, -21, -27, -33, -59, -61, and -65, PPC), adding a new section thereto after section 19 to be designated section 19-a, defining unlawful practices of motor carriers and other persons, and providing penalties."

Section 8 provides for rather sharp increases in regulatory fees to be collected by the Department of Transportation from the trucking operators. I am informed that the industry had agreed to this increase in fees to provide the money needed for more thorough regulation. The Legislature, however, failed to appropriate the funds from the Transportation Revolving Fund.

I am informed by the Director of Transportation that the fee schedule provided for existing law will provide ample funds for the operation of the department, when considered in connection with the appropriation for the ensuing biennium, and that section 8 is unnecessary.

I have therefore vetoed section 8 of House Bill No. 401 and have approved the remainder of the bill.

Respectfully submitted,

(Signed) MON C. WALLGREN,

Governor.

March 22, 1947.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives of the State of Washington at the next session of the Legislature, without my approval, House Bill No. 412, entitled:

"An Act relating to the payment of state warrants to a purchaser in good faith; and amending section 16, page 639, Laws of 1890 (sec. 11011, Rem. Rev. Stat.; sec. 945-33, PPC)."

This bill contains provisions which might have the effect of making state warrants negotiable instruments, something they are not at the present time. The State Auditor's office has informed me that in their judgment it would impose unnecessary obstacles upon their operations.

By far, the majority of requests for duplicate warrants are from recipients of old age assistance. This bill would probably result in the administrative offices of the state requiring surety bonds before issuing a duplicate warrant, which would impose an undue amount of expense upon such recipients. I feel that the provisions of the existing law are adequate.

For these reasons, I have vetoed House Bill No. 412.

Respectfully submitted,

(Signed) MON C. WALLGREN,

Governor.

March 22, 1947.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 421, entitled:

"An Act relating to clubs; regulating the ownership and operation of slot machines; defining terms; imposing a tax and providing for the collection thereof; imposing duties upon the prosecuting attorneys; defining crimes and prescribing penalties therefor; and repealing section 2, chapter 119, Laws of 1937."

I am unwilling to give any further legal sanction to slot machine operations than they now enjoy under the existing law, passed in 1937. It is common knowledge that there is now pending in the Supreme Court of this State an action involving the legality of slot machine operations. I do not desire to further complicate the issues there involved by approving additional legislation on the same subject.

It has been urged that I approve this bill in order to give the Tax Commission authority to enforce the tax levied against slot machines. To that contention I answer that chapter 118, Laws of 1941, which imposed the original tax on slot machines incorporated by reference the provisions of Title XVIII, chapter 180, Laws of 1935 (the Revenue Act of 1935). That law contains the enforcement provisions of our general revenue acts. It is sufficiently broad and stringent to enforce the provisions of any tax on slot machines.

It has also been urged that I sign this bill because of the fact that it raises the tax rates on slot machines to 40% of the gross operating income of such machines. I have previously signed Senate Bill No. 77 which effects the same raise in tax rate. In addition, Senate Bill No. 77 will produce additional revenue to the state by an increase of taxes on pinball machines.

For the reasons indicated, I have vetoed House Bill No. 421.

Respectfully submitted,

(Signed) MON C. WALLGREN,

Governor.

March 21, 1947.

The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval, House Bill No. 496, entitled:

"An Act relating to state lands; authorizing and directing the governor to execute a conveyance to Yakima County of certain state lands lying therein."

This bill would authorize and direct the Governor to execute and deliver

a deed to the Yakima County for the property used as the Yakima Fair Grounds. The state has spent many thousands of dollars improving this property and it is worth many thousands of dollars. If it is no longer needed for state purposes, the property should be sold to the highest bidder.

For this reason, I have vetoed House Bill No. 496.

Respectfully submitted,
(Signed) MON C. WALLGREN,

To the Honorable
The House of Representatives of the State of Washington.
(Through the Secretary of State.)

Ladies and Gentlemen:

I am filing herewith, to be transmitted to the House of Representatives at the next session of the Legislature, without my approval as to section 3A, House Bill No. 503, entitled:

"An Act relating to motor vehicles and the operation thereof upon the public highways; prescribing vehicle equipment, devices, lighting, and the inspection thereof; amending sections 7, 16, 17, 23, 29, and 85, chapter 189, Laws of 1937 (secs. 6360-7, -16, -17, -23, -29, and -85, Rem. Rev. Stat.; secs. 288-3, 291-5, -7, -19, -31, and 295-21, PPC), and amending said chapter 189, Laws of 1937, by adding four new sections to be designated sections 22, 26, 33, and 59."

Section 3A was first passed, in almost identical language, in 1937 and was specifically repealed in 1943. It relates to certain lamps on motor vehicles. Existing law authorizes the State Commission on Equipment to regulate such subjects as are covered by section 3A. I feel inclined to believe that since the subject matter of section 3A has been once abandoned by the Legislature as a matter of legislative regulation, and in view of the existing powers of the State Commission on Equipment, that such matters can be more efficiently handled by regulation than by positive statutory law.

I have therefore vetoed section 3A of House Bill No. 503 and approved the remainder of the bill.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

**GOVERNOR'S MESSAGES ON HOUSE BILLS WHICH
BECAME LAW WITHOUT HIS SIGNATURE**

March 22, 1947.

To the Honorable Belle Reeves
Secretary of State
Olympia, Washington.
Dear Madam:

I am transmitting without my signature Substitute House Bill No. 396, entitled:

"An Act relating to old-age assistance and public welfare; defining terms; prescribing eligibility therefor; providing for the payment thereof; authorizing appeals and the assertion and enforcement of certain claims and liens by the state; amending sections 2, 3, 4, 5, 9, and 12 of chapter 1, Laws of 1941, as amended (secs. 9998-35, -36, -37, -38, and -42, Rem. Rev. Stat.; secs. 921-3, -5, -7, -9, -17, and -23, PPC); repealing section 15, chapter 1, Laws of 1941, (sec. 9998-48, Rem. Rev. Stat.; sec. 921-29 PPC); declaring when this act shall take effect; and making an appropriation."

I cannot conscientiously sign this bill in whole or in part because its essential provisions represent a complete change in the theory of our social security program. For fourteen years we have improved and broadened our program. Two years ago the Legislature enacted a law which gave our senior citizens, dependent children, and the blind the most adequate protection and the finest security in the nation. Adequate security for our dependent citizens is in accord with the principles established and supported in recent years and the philosophy of our voters as expressed in the passage of Initiative No. 141.

This new legislation halts our heretofore continuously progressive march in this most important field and we find our humane social security program returned to the status of public welfare. It is disturbing to note that many of the legislators who last session gave their approval to a more progressive social security program have changed their position and supported the restrictive legislation contained in this bill.

In my message to the Legislature, I pointed out that extension of the Federal Social Security to include all workers and enable them to be protected by those insurance benefits would sharply reduce old age assistance costs in this state. I urged the Legislature to memorialize Congress and recommend the inclusion of all workers under the Federal Social Security program.

Without heeding my plea the Legislature, on the ground of economy, saw fit to write this restrictive legislation which is directly contrary to our basic program of security.

The bill was also specifically written in such a manner as to prevent a veto of many of its very objectionable features and in an attempt to prevent a referendum against those features. In my opinion, the use of such a devious technique to circumvent the use of the veto and referendum powers is arbitrary and reprehensible.

To attempt to veto the many restrictive features might result in jeopardizing the appropriation made and might necessitate a special session of the Legislature. It is obvious from the action of the legislative majority on this bill

that it would grant no additional relief and might even pass more restrictive legislation to the even more serious detriment of our dependent citizens.

It is my sincere hope that the next Legislature will adopt a sound plan of security for all of our people.

For the reasons mentioned, I am reluctantly permitting Substitute House Bill No. 396 to become law without my signature.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.

March 22, 1947.

To the Honorable Belle Reeves
Secretary of State
Olympia, Washington.
Dear Madam:

I am transmitting without my signature Substitute House Bill No. 397, entitled:

"An Act relating to public welfare; defining terms; prescribing conditions and limitations upon grants of general assistance; prescribing duties of counties and certain county officers in connection therewith; changing the name of the Social Security Committee to Public Welfare Committee and the name of the Department of Social Security to the Department of Public Welfare and the name of the Director of the Department of Social Security to the Director of Public Welfare; amending section 1, chapter 216, Laws of 1939 (sec. 10007-101a, Rem. Rev. Stat.; sec. 922-3, PPC); further amending said chapter by adding thereto three new sections to be designated sections 17-a, 17-b and 17-c; repealing section 13 of chapter 1, Laws of 1941, as amended, (sec. 9998-46, Rem. Rev. Stat.; sec. 921-25, PPC) and chapter 80, Laws of 1945 (sec. 10007-300, -301, and -302, Rem. Rev. Stat.; secs. 918-51, -53, -55, -57, PPC) and section 17a, chapter 216, Laws of 1939 as amended (sec. 10007-117c, Rem. Rev. Stat.; 922-36, PPC); making an appropriation; and declaring when this act shall take effect."

This legislation relating to general assistance is subject to the same objections as its companion, Substitute House Bill No. 396.

For the same reasons mentioned in my letter concerning Substitute House Bill No. 396, I am reluctantly allowing the bill to become law without my signature.

Respectfully submitted,
(Signed) MON C. WALLGREN,
Governor.
