POINT OF INQUIRY

Mr. Wang yielded to question by Mr. Padden.

Mr. Padden: "Representative Wang, I'm interested in the legislative intent behind this bill. Is it your intent that a first class city, such as Tacoma, would be preempted under this bill from enacting local variations of anti discrimination laws? For example, the Tacoma ordinance speaks specifically to advertising, a subject which is not addressed under state law?"

Mr. Wang: "No, Representative Padden, that is not the intent. House Bill No. 100 merely reauthorizes what has been existing law for a number of years. It is intended to be permissive rather than preemptive with local ordinances on discrimination. A Washington court of appeals cited that no real conflict can exist unless the ordinance declares something to be right which state law declares to be wrong, or visa versa; therefore, House Bill No. 100 does not preempt local ordinances."

Mr. Padden spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Martinis yielded to question by Mr. Chamberlain.

Mr. Chamberlain: "Representative Martinis, I just wanted to ask, what was the estimated number of permits at the time of this arrangement, and what is the current application number now?"

Mr. Martinis: "First, we have to establish for the record that there has been zero compliance with class IV special forest practices. Where they said that five percent of forest practices applications would be coming under the requirements for a detailed statement, during the period of time when this amendment had been in effect, there has probably been 50,000 forest practices applications. Over half of those applications are Class I and Class II, which do not even need a permit. All they need is simple filing with the Department of Natural Resources. That leaves about 4500 permits. Take five percent and that will give you the figure, but what you have to know is that there's been no compliance whatsoever. That's the point."

Representatives Lundquist and Barr spoke against the amendment, and Mr. McDonald spoke in favor of it.

Mr. Martinis spoke again in favor of the amendment.

The Clerk called the roll on adoption of the amendment by Representative Martinis to page 2, line 12 of House Bill No. 372, and the amendment was not adopted by the following vote: Yeas, 47; nays, 50; not voting, 1.

POINT OF INQUIRY

Mr. Dawson yielded to question by Ms. North.

Ms. North: "Pardon my ignorance, Representative Dawson, but what's the difference in the risk between a savings at 5-3/4% and a \$10,000 money market certificate?"

Mr. Dawson: "Both of those instruments are insured instruments. The money market fund is a slightly different instrument. FGIC insures your passbook savings and insures any deposits up to \$100,000. The money market certificate is also an insured instrument and so you have insurance on that particular type of deposit, but you are also guaranteed a certain guaranteed rate. You are guaranteed 5-3/4%. This disclosure would make you aware, if you were to deposit, that you do not have absolute certainty of a guaranteed rate of return. It would vary depending upon the success of that particular fund."

Ms. North: "I understand then that the present 5-3/4% interest could be a varying rate and not guaranteed?"

Mr. Dawson: "This would not affect the passbook savings, it would only affect another instrument that your bank or thrift institution could offer you as a depositor."

Ms. North: "The present money market certificates of \$10,000 are guaranteed a rate?"

Mr. Dawson: "Yes, that's correct."

MOTIONS

On motion of Mr. Nelson (G), the bills and the memorial listed on today's supplemental agenda under the fourth order of business were considered first reading and were referred to the committees designated.

On motion of Mr. Nelson (G), the House advanced to the seventh order of business.

THIRD READING

SIGNED BY THE SPEAKER

The Speaker announced he was signing:

SENATE BILL NO. 3213.

MOTION

Mr. Nelson (G) moved that consideration of ENGROSSED SUBSTITUTE HOUSE BILL NO. 185 be deferred and the bill be placed on tomorrow's third reading calendar.

POINT OF ORDER

Mr. O'Brien: "Mr. Speaker, it appears to me the motion to reconsider has to be made today. If the motion carries then the motion by Mr. Nelson would be in order, but to move it over without acting on a motion for reconsideration would be out of order."

MOTION FOR RECONSIDERATION

Ms. Fancher, having voted on the prevailing side, moved that the House reconsider the vote by which Engrossed Substitute House Bill No. 185 failed to pass the House.

MOTION

Mr. Nelson (G) moved that further consideration of Engrossed Substitute House Bill No. 185 be deferred until tomorrow.

POINT OF ORDER

Mr. O'Brien: "A vote has to be taken on the motion to reconsider. If you carry the vote then you can move to defer until tomorrow."

The Speaker: "Representative O'Brien, if I can direct your attention to Rule 25, paragraph B, it says the motion must be made by a member who voted on the prevailing side and may be acted upon on a succeeding day. The motion has been made by a member who voted on the prevailing side, and Representative Nelson's motion would have us act on it on a succeeding day."

Mr. O'Brien: "Mr. Speaker, if you read the proviso it says, 'Provided, the reconsideration of the vote by which a bill passed or failed must be taken on the next working day after such vote was taken.' I submit to you the vote has to be taken, and it hasn't been taken yet. If the vote is taken and then it carries, then the motion is in order. All you have to do is review the Speaker's rulings of past sessions, and you'll find this is founded."

Mr. Nelson (G) withdrew the motion.

The Speaker stated the question before the House to be the motion for reconsideration.

HOUSE BILL NO. 402, by Representatives Barnes, McCormick and Williams (by Governor Spellman request):

Modifying powers and duties of the energy office.

The bill was read the second time. On motion of Mr. Barnes, Substitute House Bill No. 402 was substituted for House Bill No. 402, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 402 was read the second time.

Mr. Tupper moved adoption of the following amendment by Representatives Tupper and Bond:

On page 4, line 18 strike all of subsection (2) through line 27 and renumber the remaining subsections consecutively.

Representatives Tupper and Bond spoke in favor of the amendment, and Mr. Barnes spoke against it.

POINT OF INQUIRY

Mr. Tupper yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Tupper, I'd like to understand fully the fiscal impact of this amendment. You said that one more full time equivalent would be necessary to maintain the library. Have you also calculated how much time would be required by the Energy Office staff to make the trip from their office, which is several blocks west of the library, to use the facilities, if they are moved to the central library?"

Mr. Tupper: "Yes, Representative Nelson, 17 hours, 23 minutes and 6 seconds. No, of course not. Obviously, it's very difficult to calculate the exact amount of time they would spend traveling to and from. In speaking to your question, if you'll look at the fiscal note that we do have, we are looking at \$19,992 for a Librarian III in the first year; \$21,206 for a Librarian III in the second year, for a total fiscal impact in the biennium of about \$40,000, which we would be able to save by the adoption of this amendment."

Mr. Nelson (D): "You don't know what the additional cost would be for the staff of the Energy Office going to use the library?"

Mr. Tupper: "No, I don't, although I would submit that we could easily save \$40,000 when we take a look at the rest of the amendments we are going to be doing, which will actually change this office from being a program office to that of being a policy office. I think you'll find we'll be able to save a lot more than the \$40,000. I can't conceive of \$40,000 worth of travel between the office and the library."

Mr. Nelson (D): "Have you also, Mr. Tupper, included in your fiscal note what it will cost the State Library to maintain that section on energy?"

Mr. Tupper: Obviously, we haven't done a fiscal note on this, Representative Nelson. We are offering amendments and once they are adopted, our new fiscal note will be prepared. There would be some additional cost, undoubtedly; however, you do have a benefit of having a lot of librarians there, some of whom probably are not being fully utilized, and can spend part of their time on the State Energy Office rather than having a fulltime librarian. Or, as Representative Barnes indicated, a 1.3 FTE."

Mr. Nelson (D): "Have you asked Mr. Williams if the State Library has some unused librarians?"

Mr. Tupper: "No."

Representatives Nelson (D) and Williams spoke against the amendment.

POINT OF INQUIRY

Mr. Barnes yielded to question by Mr. Pruitt.

Mr. Pruitt: "Representative Barnes, I understand well that as a central data bank for the professional, the possible needs for this central system are near the coast. Is it also conceivable, however, that this would be materials available for the public?"

Mr. Barnes: "That's true, Representative Pruitt. One of the points brought out by Representative Williams, is that one of the more beneficial functions of this office has been to have information available for other state agencies and for the public. As far as having the information available for themselves and their policy making functions, for those of you who work for political-type groups, as I do, you realize that it's very necessary to have this material and a complete reference right near where you work. Therefore, I would suggest we defeat this amendment."

Mr. Pruitt: "Representative Barnes, if this library is going to be used by other agencies and by the general public in addition to the professionals in the Energy Office, would it not be better to have the materials at a place a little more central to the public? Or at least they have knowledge of a library source at the State Library?"

Mr. Barnes: "That's a point you could argue, Representative Pruitt. I think if they are seeking information on energy and energy matters, they would probably go to the Energy Office as they would need help in going to this library and consulting materials."

Mr. Sanders demanded the previous question, and the demand was sustained.

After deducting the costs and fees, he shall pay to the county auditor the amount to pay the taxes, the penalty, and accrued interest to the date of sale, if there is sufficient to do so, and, if there is any excess of money arising from the sale, he shall pay the excess to the owner of the travel trailer or camper so sold or to his legal representative, who shall be deemed to be the county treasurer if the owner or other legal representative cannot be determined or found.

Substitute House Bill No. 226 was read the second time.

MOTION

Mr. Nelson (D) moved that the Rules Committee be relieved of HOUSE BILL NO. 608, and the bill be placed at the top of today's second reading calendar.

Representatives Patrick and Padden spoke in favor of the amendments, and Representatives Pruitt and Kreidler spoke against them.

Mr. Patrick spoke again in favor of the amendments, and Mr. Wang opposed them.

POINT OF INQUIRY

Mr. Pruitt yielded to question by Mr. Nisbet.

Mr. Nisbet: "Representative Pruitt, I know what the term 'physician' means. I think it's pretty well defined, but I see in this particular piece of legislation, the use of the word 'counselor.' I know of camp counselors; I know of a multiplicity of counselors, but I don't really

know what is meant in the sense that it's being used here. Would you explain what you feel it means?"

Mr. Pruitt: "I think a little background of it, Representative Nisbet, is in order. When a woman is going for an abortion procedure, and has some questions on this, she is not likely to choose a camp counselor. She is likely to be going to a place where there is experience and expertise in counseling. That can be a very trusted person, such as a minister, or a counselor who is well skilled in counseling."

Mr. Nisbet spoke against the amendments.

Mr. Sanders demanded the previous question and the demand was sustained.

The amendments were adopted.

Mr. Tupper moved adoption of the following amendment:

Failure to use a form shall not be admissible as evidence of failure to obtain informed consent."

Mr. Tupper spoke in favor of the amendment, and Mr. Ellis spoke against it.

ROLL CALL

The bill was read the third time and placed on final passage.

Mr. Dawson spoke in favor of passage of the bill, and Mr. Lux spoke against it.

POINT OF INQUIRY

Mr. Lux yielded to question by Mr. Ellis.

Mr. Ellis: "Representative Lux, you mentioned the other day, the neanderthal states of Kentucky, North Carolina and Ohio, and I'm sure you realize their interest rates far exceed ours without any limitation whatsoever. Arkansas is a state that has the same limit as ours. I'd like to ask you, on what time space of the geological time age, does that place the state of Washington if we don't adopt this?"

Mr. Lux: "First of all, Representative Ellis, Arkansas has a ten percent constitutional limit. I think if you will look at the history of the states on the eastern seaboard, they had lower usury rates than we did—some of them eight percent and some of them ten percent. That is the reason some of those savings and loans on the east coast are in such trouble today."

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 232, and the bill passed the House by the following vote: Yeas, 78; nays, 20; not voting, 0.

Voting yea: Representatives Amen, Barnes, Barr, Barrett, Berleen, Bickham, Bond, Brekke, Cantu, Chamberlain, Chandler, Clayton, Dawson, Dickie, Eberle, Ellis, Eng, Erak, Erickson, Fancher, Fiske, Flanagan, Galloway, Garson, Granlund, Greengo, Grimm, Gruger, Hankins, Hastings, Heck, Hine, Houchen, Isaacson, James, Johnson, King J., King R., Kreidler, Lewis, Lundquist, Martinis, McCormick, McDonald, McGinnis, Mitchell, Monohon, Nelson D., Nelson G. A., Nickell, Nisbet, North, Owen, Padden, Patrick, Prince, Pruitt, Rosbach, Rust, Sanders, Schmidt, Scott, Smith, Sommers, Sprague, Stratton, Struthers, Taylor, Teutsch, Thompson, Valle, Vander Stoep, Walk, Warnke, Williams, Wilson, Winsley, and Mr. Speaker.

Modifying laws on usury.

The bill was read the third time and placed on final passage.

Representatives Dawson, Barrett and Lewis spoke in favor of passage of the bill, and Representatives Wang, Stratton, Owen and Lux spoke against it.

POINT OF INQUIRY

Mr. Dawson yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Dawson, I think most of us are listening carefully to our constituents on this issue. I certainly have been. I think it's kind of a strange phenomenon that I've found that, given the sound and fury in this legislative body, there is a large contrast between that and the silence from back home. I received a few messages on this issue, and most of those messages were from people that were, in some way, connected with financial institutions or resale businesses. They were in favor of this bill. At the most, I have received one or two messages from consumers and in those cases, neither of them could tell me that they were refused a loan for a consumer purchase. It leaves me rather perplexed to try to understand where the emphasis, where the need and the interest for this particular bill is really coming from. I wonder if you could tell me, given my experience, how I am supposed to understand that? If there is, indeed, a lack of money to loan people so they can make purchases, why is it that we don't hear from them? Why is it that in my district which is a working person's district, an average kind of district in this state, I don't hear from my constituents on this issue?"

Mr. Dawson: "I don't know, Representative Nelson, why you haven't heard from your constituents; however, I will guarantee you that you do have many constituent, as we all do, who are simply unable to get any consumer-type loans at this time. In your area in King County, you have a very large bank that I was informed had set aside \$40 million for consumer loans for this year, and they have made none. That same bank, I understand, just this week closed their lending window and laid off one hundred of their personnel who are involved in the consumer lending business. Banks simply cannot loan at that rate. I don't know why those individuals who cannot get consumer loans haven't contacted you. They have contacted me, however."

Mr. Nelson (G) demanded the previous question and the demand was sustained.

Providing reimbursement for school district transportation costs only to school geographically nearest or next-nearest to student's place of residence.

The bill was read the third time and placed on final passage.

Representative Addison spoke in favor of passage of the bill, and Mr. Kreidler spoke against it.

Ms. Lane demanded the previous question, and the demand was not sustained.

Mr. Warnke spoke against passage of the bill.

POINT OF INQUIRY

Mr. Taylor yielded to question by Mr. Wang.

Mr. Wang: "Representative Taylor, under this legislation, a district may be reimbursed for busing for a program such as bilingual, handicapped, voc-tech, gifted, magnet programs and, in effect, most educational programs except desegregation?"

Mr. Taylor: "I don't know about desegregation. I can't speak to that, but the educational programs that you spoke to, yes. We have discussed before the fact that educational programs, course of study, would be funded under this legislation. I think this has been very clearly stated on this floor. I think you can look at the other part of it, if there is a purpose for educational programs or courses of study, yes, it will be funded, but I think your last question doesn't affect the issue. Your question was, courses of study, and I couldn't answer regarding magnet programs, but in my opinion, yes, I personally feel that we would fund the magnet programs."

POINT OF INQUIRY

Mr. Eng yielded to question by Mr. Wang.

Mr. Wang: "Representative Eng, as a member of the Education Committee, could you speak to the intent of this legislation, and specifically, would you concur with the remarks of Representative Kreidler that the intent of the bill is to eliminate busing for desegregation purposes such as in Seattle?"

Mr. Eng: "Yes, Representative Wang, I feel that the intent of this legislation is to prevent the state from reimbursing the local school districts for transportation costs for the purpose of racial desegregation. This I feel would seriously undermine efforts of the [schools] to desegregate. Also, in part of this bill, the language is very similar to Initiative 350. For example, 'those nearest or next-nearest to a student's residence,' came out of Initiative 350 which our federal courts have declared unconstitutional. Representative Addison has said in Education Committee and has said on the floor of this House that the purpose of this bill is to encourage transportation efficiency, and I have been on the Education Committee for six years and that committee has over and over again made studies in the subcommittee on transportation efficiencies. It has asked the SPI's office to do so; it has asked also the State Board of Education to do so. So, ladies and gentlemen, how can we answer this serious question that has such great fiscal impact by one short meeting in the House Education Committee and then have Representative Addison come out on the floor here and say a few words about transportation efficiency and say that's the real intent of this bill. The real intent of this bill is to eliminate desegregation in Seattle, and that, I think, is a racist bill."

Mr. Wang spoke against passage of the bill.

POINT OF PARLIAMENTARY INQUIRY

Mr. King (R): "It appears to me that this bill would amend Initiative 350. My point is, will it therefore take a two-thirds vote to pass?"

The Speaker: "Representative King, it is my understanding that this act is in a different portion of the RCW and is not in the same section where it would be amending Initiative 350. Initiative 350 has been voided by the courts and even though it is now in appeal, we do not have a valid law that we would be appealing at this point."

Mr. King (R): "The fact that the court has invalidated the law, does that really have any impact at all on whether or not it takes two-thirds?"

The Speaker: "Representative King, I believe the relevant part is that the act is not amending Initiative 350 or that section of the Code that Initiative 350 was directed toward."

POINT OF INQUIRY

Mr. Pruitt asked Mr. Addison to yield to question, and he refused to yield.

Mr. Pruitt spoke against passage of the bill, and Mr. Tupper spoke in favor of it.

POINT OF INQUIRY

Mr. Addison yielded to question by Mr. Nelson (G).

Mr. Nelson (G): "Representative Addison, I would like to ask if you agree with the dialogue between Representatives Eng and Wang and some of the others? Is there, in your intent, in the filing of House Bill No. 711 any intent to challenge or eliminate any desegregation program in any school district in this state?"

Mr. Addison: "Representative Nelson, I'm glad you asked that question to establish legislative intent of this body today. My estimation is that those voting 'aye' will be voting to amend section 28A.41.160, which deals with reimbursement of transportation costs and we're simply changing the policy that was established a few years ago when we went into a position of fully funding basic education. The state was trying to decide at that point how to fund it. You've got a lot of districts out there and you've got some districts that are small and that cost a lot; you have growth districts; you have districts that are shrinking and what's a fair way to reimburse? One of the definitions that we are able to come up with, was that we were going to make children walk approximately two miles to school. Other than that, we didn't come up with very much in the way of defining what kind of busing we were going to pay for. This bill simply says that in the legislature's estimation we are going to try to define that a little closer; that we are talking to a neighborhood school policy; that we're not going to bus beyond the

nearest or next-nearest school, unless it's a handicapped child or unless they have a particular course of study that cannot be obtained in the school that's either nearest or next-nearest. So, we are amending section 28A.41.160, which requires the legislature to fund as close to one hundred percent as possible. There's a separate section of the law that deals with programs that we may fund and that's 28A.41.162, and in that section, we talk about the legislature funding transportation for things like population factors, enrollment fluctuations, special programs, including, but not limited to, voc-tech, compensatory, bilingual, urban, racial, disadvantaged, programs for gifted or other special programs that the legislature may define. So, the intent of this legislation, in my opinion, is to talk about a neighborhood school policy and try to further define what was attempted four years ago when we had this struggle over how busing policy would be funded."

Representatives Rust, Ehlers, Heck and Eng spoke against passage of the bill.

Mr. Hastings, demanded the previous question, and the demand was sustained.

The tax shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city. Mr. Nelson (D): "Representative Van Dyken, how many taverns do you have in the border area and is that above the state average?"

Mr. Van Dyken: "I'm sorry to disappoint you, Representative Nelson, but I'm not an expert in such things. I just don't know."

Mr. Nelson (D) spoke in favor of the amendment.

The amendment was not adopted.

On motion of Mr. Nelson (G), the rules were suspended, the second reading considered the third, and Second Substitute House Bill No. 257 was placed on final passage.

Second Substitute House Bill No. 257, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

HOUSE BILL NO. 444, by Committee on Energy and Utilities and Representatives Tupper, Brekke, Bickham, Bond, Sprague, Hine, Bender, Isaacson, Eberle, Dickie and Ellis:

Requiring donations made by public service companies to be considered operating expenses.

The bill was read the second time. On motion of Mr. Tupper, Substitute House Bill No. 444 was substituted for House Bill No. 444, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 444 was read the second time.

Mr. Isaacson moved adoption of the following amendment:

On page 1, line 26 after "purposes" strike everything down to and including "each" on page 2, line 1, and insert "PROVIDED, That the public service company, in accordance with the rules established by the WUTC, include annually a notice in its billing which delineates all contributions which have been included in its operating expenses".

Mr. Isaacson spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Isaacson yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Isaacson, in your amendment, is it your intent that when the UTC develops rules to regulate the reporting of contributions in this bill, that they will be somewhat free to allow contributions to similar organizations to be consolidated for the purpose of reducing the reporting requirements? For example, I know that utilities service companies in the state will give to numerous United Way organizations around the state, local United Way organizations, Boy Scouts in various areas, Junior Achievement, Red Cross, Future Farmers, senior centers—those kinds of organizations which have units or chapters around the state. My question is, is it your intent that under the rules, the UTC then would allow those to be grouped together for the purposes of facilitating and reducing the costs of reporting?"

Mr. Isaacson: "That's correct. They should only report the parent organization and the individual chapters need not be listed."

Mr. Nelson (D): "So your intent is, that indeed the actual recipients of the contributions be listed and they not be listed as general groups of charity, scientific and educational?"

Mr. Isaacson: "That is correct. The actual name of the organization should be listed but the individual chapters under that organization would not be listed."

Representatives Nelson (D) and Tupper spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Isaacson yielded to question by Ms. Stratton.

Ms. Stratton: "Are we also going to ask them to declare the additional cost of administering this regulation that we're putting on them?"

Mr. Isaacson: "As I understand it, to lump sum the contributions will be a minimal cost, but it will provide the consumer with a statement that would indicate how much of their payments are being spent for contributions."

Ms. Stratton: "You do not anticipate, then, additional cost to a company which has thousands of accounts and has to prepare these statements?"

Mr. Isaacson: "Representative Stratton, I think the people who are keeping track of this have to keep track of what their contributions are for the sake of reporting them as expense to WUTC, and so that bookkeeping part has already been established and would be useful in reporting the same information to the consumers as they report to the WUTC."

The amendment was adopted.

The Clerk read the following amendment by Representative Nelson (D):

On page 1, line 29 after "recipient" insert "organization"

With the consent of the House, Mr. Nelson (D) withdrew the amendment.

Substitute House Bill No. 444 was ordered engrossed. On motion of Mr. Nelson (G), the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

32

Mr. Wang spoke in favor of the amendment, and Mr. Bond spoke against it.

POINT OF INQUIRY

Mr. Bond yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Bond, what does the word 'bond' or the action of filing a bond mean in this case? Does the person have to put down a thousand dollars or only a portion of that amount? What happens to that bond at some point after the action is filed and dispensed with?"

Mr. Bond: "The normal course of events in this kind of a situation is that if the citizen who brings the suit loses, he loses his bond either in the form of a bond or the thousand dollars."

Mr. Nelson (D): "On the other hand, if the person wins the suit then he gets the money back? What if the suit is thrown out?"

Mr. Bond: "I think the judge usually, in the case where a bond is required to be posted, determines whether or not the action was brought frivolously and that would probably constitute the loss of the bond."

Mr. Nelson (D): "How much does a person actually have to put down? Is it the full amount of the bond?"

Mr. Bond: "You have to guarantee sufficient financial strength so they can get you for the full thousand dollars. The bond is a temporary device which enables you to satisfy the situation without putting up the full amount, but if you lose, you have to find the thousand plus what the bond costs you."

The amendment was not adopted.

Mr. Nelson (D) moved adoption of the following amendments:

On page 5, beginning on line 14 after "sold," strike all material down to and including "manner." on line 15

POINT OF PARLIAMENTARY INQUIRY

Mr. O'Brien: "What legislative day are we now on?"

The Speaker: "The same one we've been on all day, Representative O'Brien."

Mr. O'Brien: "The day stopped at 12 midnight."

The Speaker: "Representative O'Brien, in your many years of service here in the Legislature, I think you are well aware of the long-standing tradition and the rather historic proportions that this Legislature has followed in both the House and the Senate to figure that the business of the day is concluded when the House adjourns that day. As a matter of fact, I was expecting you would probably ask me such a question, so I went back and took a look in the Journal."

Mr. O'Brien: "Let's hear the ruling."

The Speaker: "You didn't ask for a ruling; you asked for a point of parliamentary inquiry."

Mr. O'Brien: "I'm asking you to rule on whether or not this is the 80th day or the 81st day."

The Speaker: "This is the 80th legislative day until we adjourn."

Mr. O'Brien: "I don't believe it is. It ends at midnight and we're beginning a new legislative day."

The Speaker: "As a matter of fact, Representative O'Brien, because I know there is certain confirmation in the Senate, I checked in the Senate and found that the Lieutenant Governor, a gentleman I know you have a great deal of respect for and have followed the rulings he

has made over the years, and the traditions of the Senate have been well known. The Lieutenant Governor is so widely respected as to have been reelected over and over again because of the way he has dealt with parliamentary procedures, and I know that he has given you advice over the years as to how to rule in this House, and he has decided today is still the 80th day and that we may continue until we adjourn.

"Question by Representative O'Brien at the hour of 12 midnight in the year of 1972, asking of Speaker Swayze which day it was, the same sort of a problem, the Speaker said, 'Yes, in my opinion we are still in the 41st day. I examined the rules of this House and numerous sections of Reed's Rules of Order earlier this evening as we approached the midnight deadline and I find no reference in either our rules or Reed's Rules that midnight is the end of any particular working day.' Of course, Representative O'Brien, you would agree that we should follow and honor ancient and honorable traditions of this House."

Mr. King (R): "Representative O'Brien, could you tell me what day this is and what time it is?"

Mr. O'Brien: "It's ten after 12 on the 81st legislative day."

POINT OF PARLIAMENTARY INQUIRY

Mr. Nelson (G): "Which legislative day are we presently working under?"

The Speaker: "I still say it's the 80th day, Representative Nelson."

The amendment by Representative Erickson was not adopted.

Ms. Hine moved adoption of the following amendment:

On page 7, following line 35 add new sections as follows:

NEW SECTION. Sec. 6. If any action by a public entity other than a regulation, whether formal or informal, and whether initiated by the public entity itself or accomplished in response to a referendum, initiative, application, motion, or other act has the economic effect of increasing the value or use, or substantially improves the marketability of any real property or its economic return, then the public entity shall have a cause of action to share in the proceeds of such increased value or use or economic return.

NEW SECTION. Sec. 7. In determining whether the economic effect of any action by a public entity is substantial and has the effect of increasing the value or use, or substantially improves the marketability of any real property or its economic return, and whether a local entity is entitled to share in any economic benefit to a property owner, a court shall consider all relevant evidence, including the following:

Remember the remaining sections consecutively.

Mr. Williams spoke in favor of the amendment.

Mr. Isaacson: "Did they find them acceptable?"

Mr. Williams: "They are acceptable to them. They would rather have no amendments, but I would rather have this amendment."

Mr. Isaacson: "They would rather not have the amendments in order to have the bill come through as it was prepared originally and as the Governor and his staff developed the bill?"

NEW SECTION. Section 1. The Northwest Interstate Compact on Low-Level Radioactive Waste Management is hereby enacted into law and entered into by the state of Washington as a party, and is in full force and effect between the state and other states joining the compact in accordance with the terms of the compact.

NORTHWEST INTERSTATE COMPACT ON LOW-LEVEL RADIOACTIVE WASTE MANAGEMENT ARTICLE I—Policy and Purpose

The party states recognize that low-level radioactive wastes are generated by essential activities and services that benefit the citizens of the states. It is further recognized that the protection of the health and safety of the citizens of the party states and the most economical management of low-level radioactive wastes can be accomplished through cooperation of the states in minimizing the amount of handling and transportation required to dispose of such wastes and through the cooperation of the states in providing facilities that serve the region. It is the policy of the party states to undertake the necessary cooperation to protect the health and safety of the citizens of the party states and to provide for the most economical management of low-level radioactive wastes on a continuing basis. It is the purpose of this compact to provide the means for such a cooperative effort among the party states so that the protection of the citizens of the states and the maintenance of the viability of the states' economies will be enhanced while sharing the responsibilities of radioactive low-level waste management.

ARTICLE II—Definitions

As used in this compact:

(1) 'Facility' means any site, location, structure, or property used or to be used for the storage, treatment, or disposal of low-level waste, excluding federal waste facilities;

(2) 'Low-level waste' means waste material which contains radioactive nuclides emitting primarily beta or gamma radiation, or both, in concentrations or quantities which exceed federal standards for unrestricted release. Low-level waste does not include waste containing more than ten nanocuries of transuranic contaminants per gram of material, nor spent reactor fuel, nor material classified as either high-level waste or waste which is unsuited for disposal by near-surface burial under any applicable federal regulations;

(3) 'Generator' means any person, partnership, association, corporation, or any other entity whatsoever which, as a part of its activities, produces low-level radioactive waste;

(4) 'Host state' means the state with a facility to which low-level waste is shipped for disposal.

ARTICLE III—Regulatory Practices

Each party state hereby agrees that it will adopt practices which will require low-level waste shipments originating within its borders and destined for a facility within another party state to conform to the applicable packaging and transportation requirements and regulations of the host state. Such practices shall include:

(1) Maintaining an inventory of all generators within the state that have shipped or expect to ship low-level waste to facilities in another party state;

(2) Periodic unannounced inspection of the premises of such generators and the waste management activities thereon;

(3) Authorization of the containers in which such waste may be shipped, and a requirement that generators use only that type of container authorized by the state;

(4) Assurance that inspections of the carriers which transport such waste are conducted by proper authorities, and appropriate enforcement action taken for violations;

(5) After receiving notification from a state in which a facility is located that a generator within the party state is in violation of applicable packaging or transportation standards, the party state will take appropriate action to assure that such violations do not recur. Such action may include inspection of every individual waste shipment by that generator.

Each party state may impose fees upon generators and shippers to recover the cost of the inspections and other practices under this Article. Nothing in this Article shall be construed to limit any party state's authority to impose additional or more stringent standards on generators or carriers than those required under this Article.

ARTICLE IV—Regional Facilities

Section 1. Facilities located in any party state, other than facilities established or maintained by individual waste generators for the management of their own waste material, shall accept low-level waste generated in any party state if such waste has been packaged and transported according to applicable laws and regulations.

Section 2. No facility located in any party state may accept waste generated outside of the region comprised of the party states.

Section 3. Until such time as section 2 of this Article takes effect as provided in Article V, facilities located in any party state may accept low-level waste generated outside of any of the party states only if such waste is accompanied by a certificate of compliance issued by an official of the state in which such waste shipment originated. Such certificate shall be in such form as may be required by the party state in which the facility is located, and shall contain at least the following:

(1) The generator's name and address;

(2) A description of the contents of the waste container;

(3) A statement that the waste being shipped has been inspected by the official who issued the certificate or by his agent or by a representative of the United States Nuclear Regulatory Commission, and found to have been packaged in compliance with applicable federal regulations and such additional requirements as may be imposed by the destination state;

(4) A binding agreement by the state of origin to reimburse any party state for any liability or expense incurred as a result of an accidental release of such waste during shipment or after such waste reaches the facility.

Section 4. Each party state shall cooperate with the other party states in determining the appropriate site of any facility that might be required within the region comprised of the party states, in order to maximize public health and safety while minimizing the use of any one party state as the host of such facilities on a permanent basis. In determining appropriate facility sites, the party states shall evaluate the qualifications of proposed facility sites, including but not limited to hydrology, geology, and climate. Each party state further agrees that decisions regarding waste management facilities in their region will be reached through a good faith process which takes into account the burdens borne by each of the party states as well as the benefits each has received.

Section 5. The party states recognize that the issue of hazardous wastes is similar in many respects to that of radioactive wastes and agree that there are advantages in using a regional approach for all hazardous wastes.

In consideration of the state of Washington maintaining a facility for the disposal of low-level radioactive wastes, the state of Oregon agrees to maintain its existing site for the disposal of hazardous and chemical wastes. Other party states which may have a hazardous waste site also agree to maintain the existence of such sites or other similar facilities.

Section 6. Any party state with a facility may establish a schedule of fees and requirements related to that facility, to assure that closure, perpetual care, and maintenance and contingency requirements are met, including adequate bonding.

ARTICLE V—Eligible Parties and Effective Date

Section 1. Each of the following states is eligible to become a party to this compact: Idaho, Montana, Oregon, Utah, Washington, Colorado, Nevada, and Wyoming. As to any eligible party, this compact shall become effective upon enactment into law by that party, but it shall not become initially effective until enacted into law by two states. Any party state may withdraw from this compact by enacting a statute repealing its approval.

Section 2. After the compact has initially taken effect pursuant to section 1 of this Article, any eligible party state may become a party to this compact by the execution of an executive order by the governor of the state. Any state which becomes a party in this manner shall cease to be a party upon the final adjournment of the next general or regular session of its legislature or July 1, 1983, whichever occurs first, unless the compact has by then been enacted as a statute by that state.

ARTICLE VI—Severability

If any provision of this compact, or its application to any person or circumstance, is held to be invalid, all other provisions of this compact, and the application of all of its provisions to all other persons and circumstances, shall remain valid, and to this end the provisions of this compact are severable.

NEW SECTION. Sec. 2. (1) There is created the Washington radioactive waste storage commission. The commission shall be composed of seven members selected as follows:

- (a) Two members of the house of representatives appointed by the speaker, one from each major party;
- (b) Two members of the senate appointed by the majority leader, one from each major party;
- (c) One member appointed by the governor;
- (d) One representative of the department of social and health services; and
- (e) One representative of the Washington state patrol.

(2) Vacancies shall be filled as soon as possible from the same political party as the original appointments.

(3) The commission members shall select one member to serve as chairperson and secretary. The chairperson, with the approval of the commission, may hire and discharge personnel as may be necessary for the performance of the commission's functions.

(4) The commission has the authority on behalf of the state of Washington to negotiate and enter into contracts with other individual states which have enacted the compact set forth in section 1 of this act. The contracts shall reflect the varying needs of the individual states.

(5) The commission shall report biannually to the governor and to the legislature on the progress of compact negotiations.

(6) All departments, agencies, and officers of this state and its subdivisions shall cooperate with the commission in the furtherance of any of its activities pursuant to this chapter.

(7) The commission may establish advisory and technical committees as it deems necessary, membership on which may include private citizens, expert and lay personnel, representatives of industry, labor, commerce, agriculture, civic associations, medicine, education, voluntary health agencies, and officials of local, state, and federal government.

NEW SECTION. Sec. 3. Sections 1 and 2 of this act constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately."

Ms. Valle spoke in favor of the amendment.

POINT OF INQUIRY

Ms. Valle yielded to question by Mr. Isaacson.

Mr. Isaacson: "Representative Valle, if I understand your testimony, you are saying that the law we have put together to establish the compact without this amendment would permit the other states in the compact to tell us what to do? Is that what you just said?"

Ms. Valle: "That's right."

Mr. Isaacson: "Then, Representative Valle, why do we have a statement in the law then that says the other states in the compact must abide by our packaging and handling and transportation regulations or they are not permitted to ship their wastes through our state?"

Ms. Valle: "I did say that's regulatory language and it was included and is part of the whole state. That is a protection for us and I agree with you, but, in addition, Representative Isaacson, from what I read in the Substitute House Bill No. 652, I read that other decisions that are made by the compact that do not concern outside wastes, the rest of the states could outvote the state of Washington. Other decisions are not placed in statute."

Mr. Isaacson: "As I recall, in the bill, didn't we include language that said it had to be under an emergency condition in order to consider such outside wastes? Wasn't that part of the definition?"

Ms. Valle: "I just did say, with exception of wastes outside, but other decisions that are not here written. I interpret the bill to mean that other member states, if they outvote the state of Washington, may so do."

Representatives Isaacson and Barr spoke against the amendment, and Ms. Rinehart spoke in favor of it.

Renumber the remaining sections and correct any internal references.

Mr. Tupper spoke in favor of the amendment.

POINT OF PARLIAMENTARY INQUIRY

Mr. Nelson (G): "Mr. Speaker, if this amendment should be adopted, would it be true that because of section 13, where we are now appropriating the sum of \$1 million, that this measure would have to be referred to the Ways and Means Committee?"

The Speaker: "Essentially what you say is correct. The amendment before us right now is not the entire piece of paper you have. It is only the first amendment to page 1, line 26, that we are now considering. You were speaking to the rest of the amendments, which we could take as a single amendment. If that second amendment is adopted, then the rules of the House say it would have to be referred to a Ways and Means Committee prior to final passage."

POINT OF PARLIAMENTARY INQUIRY

Mr. Chandler: "As I understand your comments, Mr. Speaker, the bill as it is written would not have to go to the Ways and Means Committee?"

The Speaker: "Representative Chandler, the bill as originally drawn would not be required to be referred to a Ways and Means Committee."

Mr. McDonald spoke against the amendment, and it was not adopted.

Ms. Sommers moved adoption of the following amendment by Representatives Sommers, Fiske, Flanagan and Lux:

On page 2, beginning on line 32 strike all of section 4 and renumber the remaining sections consecutively.

HOUSE BILL NO. 723, by Committee on Local Government and Representative Isaacson:

Modifying provisions relating to governing bodies of metropolitan municipal corporations.

The bill was read the second time.

On motion of Mr. Hastings, the following amendments were adopted:

"Sec. 8. Section 35.58.030, chapter 7, Laws of 1965 and RCW 35.58.030 are each amended to read as follows:

Any area of the state located in a single county containing two or more cities, at least one of which is a city of the first class, may organize as a metropolitan municipal corporation for the performance of certain functions, as provided in this chapter."

On page 1, line 1 of the title after "corporations;" insert "amending section 35.58.030, chapter 7, Laws of 1965 and RCW 35.58.030;"

Mr. Isaacson spoke in favor of passage of the bill, and Ms. Lane spoke against it.

Mr. Isaacson spoke again in favor of the bill.

POINT OF INQUIRY

Mr. Isaacson yielded to question by Mr. Greengo.

Mr. Greengo: "Representative Isaacson, I notice that the bill report says that there is permission granted to have property taxes of up to seventy-five cents per thousand. Does that come under the 106% limitation?"

Mr. Isaacson: "That is by special local election at the time of the formation of the district. That would be a separate issue voted on by the people for themselves and upon themselves. It is not included in the 106% levy lid, as I understand it."

There are telephones there and a few extra people will be using it, but will you tell me where the staff, the commission members that we are creating with this—it says they are going to be housed in offices independent of existing educational institutions and we're going to pay for that. Could you tell me where that is? If it's not the SPI offices and it's not here on the campus, where is it going to be and who is going to pay for it? We're going to pay for it, I know."

Mr. Taylor: "The question is, and this will enable this group with legislative support of this kind, with existing staff and the SPI to go out and work on some private grants. They have housed themselves very nicely up to now and they will have to worry about that themselves."

All money derived from such tax shall be paid to the state treasurer, credited to the state general fund, and used exclusively for the purposes of section 10 of this act.

MOTION

THIRD READING

SUBSTITUTE HOUSE BILL NO. 724, by Committee on State Government (originally sponsored by Committee on State Government and Representatives Addison, Nelson (G) and Sanders):

Providing for improvement in the productivity of state government.

The bill was read the third time and placed on final passage.

Mr. Addison spoke in favor of passage of the bill.

POINT OF PERSONAL PRIVILEGE

Ms. Sommers: "Very briefly, I would like to say something about this bill. It is a combination of two bills which were introduced much earlier. One is House Bill 507, introduced by myself and the other is House Bill 508 introduced by Representative Joe King. These bills were introduced on February 20th. House Bill 724 was put together by the chairman, incorporating these two bills and was introduced over a month later, on March 24th. It was then passed very quickly out of committee, two days later on March 27th. I want to say that it is, of course, a common occurrence that bills sponsored by members of the majority and bills sponsored by members of the minority, are heard at the same time and then the bill sponsored by the majority member is, in most cases or frequently, passed out of committee, but this is the first time in my knowledge that bills proposed by the minority have been so quickly put together into a single bill and without hearing were passed out over the name of a majority member. I'd like to say—"

The Speaker: "Representative Sommers, under guise of personal privilege we have given you plenty of leeway to take a shot out here and that's fine, but we are moving up to deadline and would like to continue at this point."

Ms. Sommers: "Mr. Speaker, I'd just like to say something about the joint responsibilities in the minority and majority—"

SPEAKER'S RULING

The Speaker: "Representative Sommers, I'm sorry, but that does not fall within the scope of personal privilege, as you're well aware. Personal privilege is dealing with the individual legislator and how they are affected by something that is personally said out here and what you're doing is essentially holding a press conference here right now."

Ms. Sommers: "Mr. Speaker, I'd like to just say one sentence more and that is that I feel the responsibility of the minority is to make productive proposals for improving defective systems, but I also think the responsibility of the majority is to respect and to treat those with consideration."

POINT OF PERSONAL PRIVILEGE

Mr. Addison: "Mr. Speaker, I appreciate very much what the good lady from Seattle has suggested in the role of the majority and minority, but I think this is whimpering on the part of the minority. The bill that is suggested, House Bill 507, is a defective bill. I'll give you a couple of examples. Number one, the suggestion award called for in that bill is that fifty percent of the first year of savings would be returned to the Department of Personnel from the agency. That may sound pretty good, but you have to understand that the bill requires that the agency in which money is being saved is going to determine the award. That's reason enough to reject this bill, and that's the reason the Chairman of the State Government Committee decided to go with this superior vehicle which was established in the Republican management plan on the first day of this session."

Mr. King (J) spoke in favor of passage of the bill.

STATEMENT FOR THE JOURNAL

Please change my vote on Engrossed House Bill No. 677. I inadvertently placed the button down.

Revising laws on interest on life insurance loans.

The bill was read the third time and placed on final passage.

Mr. Dawson spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Dawson yielded to question by Ms. Winsley.

Ms. Winsley: "Representative Dawson, would you explain what a Moody's Index is and what that rate is at the present time?"

Mr. Dawson: "The Moody's Index is an index of a selected group of shop-rated corporate bonds and I can't tell you, Representative Winsley, exactly what it is, but I believe it's around nine and a half percent at this time. It might be above that."

POINT OF INQUIRY

Mr. Dawson yielded to question by Mr. Barnes.

Mr. Barnes: "Representative Dawson, why do we have a minimum rate set in this law?"

Mr. Dawson: "It was a maximum rate and it is set in law now at six percent. It's in state law and what this would do is modify the law to allow that rate to increase to eight percent or the Moody's Index. No greater than the Moody's Index."

Mr. Barnes: "I'm a little confused. In the bill report it says, 'The minimum allowable rate would be equal to...' Why is that minimum allowable rate put in there?"

Mr. Dawson: "I don't know how to answer that any other way, Representative Barnes, except to tell you that in state law legislators, at prior times, saw fit to set a rate."

POINT OF INQUIRY

Mr. Dawson yielded to question by Mr. O'Brien.

Mr. O'Brien: "On loans on insurance policies, the cash surrender value, how about old policies? Does this affect old policies or just new policies on the rates that you've set forth in this bill?"

Mr. Dawson: "Representative O'Brien, I thought everyone would recall when we discussed the substitute bill on second reading. It made the perspective that it only affect policies sold after August 1 of this year, 1981."

Representatives Winsley, Eng and Pruitt spoke against passage of the bill.

SUBSTITUTE HOUSE BILL NO. 355, by Committee on Transportation (originally sponsored by Committee on Transportation and Representatives Eberle and Wilson):

Limiting penalties for the traffic infraction of energy waste.

The bill was read the third time and placed on final passage.

POINT OF ORDER

Mr. Martinis: "Mr. Speaker, the bill was not ruled as something that would have to go back to Rules. It implies that it does have a twenty dollar fine for energy infractions, which is actually a decrease in revenue, but that's not really the intent of the act. The intent of the act is an energy infraction which is not rightly reported to the insurance companies, so that speeders on our highways would be exempt if they are endangering life and limb, which is the major deterrent in traffic infractions. Those people who patrol our highways have proved that this has had an effect on our highways in the state of Washington, and that the judgment on the fiscal impact of keeping it on the calendar is phony."

POINT OF ORDER

Mr. Nelson (G): "Mr. Speaker, I'd like to have the ruling as to the objections by Representative Martinis, but I didn't expect a third reading speech on the pros and cons until you ruled on that."

SPEAKER'S RULING (MR. AMEN PRESIDING)

The Speaker (Mr. Amen presiding): "Representative Martinis, the bill provides for a reduction in the fine from twenty-five dollars to twenty dollars; therefore it is a revenue bill and would be considered."

Representatives Wilson, Eberle, Sprague and Dawson spoke in favor of passage of the bill, and Representatives Martinis, Walk, Bender and Nelson (D) spoke against it.

Modifying the regulation of escrow agents and officers.

The bill was read the third time and placed on final passage.

POINT OF ORDER

Mr. O'Brien: "It appears to me, Mr. Speaker, that House Bill No. 555 doesn't come under the scope of House Concurrent Resolution No. 3. It is not a general fund revenue measure."

SPEAKER'S RULING (MR. AMEN PRESIDING)

The Speaker (Mr. Amen presiding): "Representative O'Brien, the fiscal note shows that there is a \$100,000 impact, so your point is not well taken."

(2) The transportation commission shall adopt personnel rules for the employees of the ferry system governing hours, working conditions, recruitment, appointment, promotion, demotion, discipline, dismissal and all other personnel matters which are within the discretion of the commission, and not determined by the classification and compensation plan. The department shall administer the personnel rules so adopted, and shall from time to time propose to the commission such changes to the rules as are in the best interests of the public.

(3) The public employment relations commission shall adjudicate all complaints, grievances, and disputes concerning labor arising out of the operation of the ferry system in the best interests of the efficient operation of the ferry system in accordance with the authority vested in it by chapters 41.56 and 41.58 RCW. In adjudicating disputes, the commission shall take into consideration that though an individual employee shall be free to decline to associate with his fellow employees, it is necessary that he have full freedom of association, self-organization, and designation of representatives of his own choosing who shall represent him in all respects before the commission.

NEW SECTION. Sec. 3. There is added to chapter 47.64 RCW a new section to read as follows:

(2) The employees of Washington state ferries under this chapter shall continue to have the right to affiliate with the employees' existing unions or other employee organizations of their choice and shall have the right to bargain collectively with the department of transportation regarding grievance procedures and all personnel matters over which the department of transportation may lawfully exercise discretion.

(3) This chapter shall not affect the provisions of any existing collective bargaining agreement entered into prior to the effective date of this act, or any order of the public employment relations commission issued prior to the effective date of this act.

(4) Each employee of the Washington state ferries shall remain subject to the classification and compensation provisions of the applicable collective bargaining agreement in effect on the effective date of this act, until the termination of the collective bargaining agreement and thereafter until the employee's position has been duly classified and incorporated into the state-wide maritime classification and compensation plan by the state personnel board and department of personnel.

(5) No permanent employee of the Washington state ferries may be required to pass a competitive examination to retain the position held by the employee on the effective date of this act, or held by the employee on the termination date of a collective bargaining agreement in force on the effective date of this act which governs the conditions of employment of the employee, whichever date is later.

NEW SECTION. Sec. 4. There is added to chapter 47.64 RCW a new section to read as follows:

(1) It is unlawful for any employee of the Washington state ferry system or any employee organization, representing such employees, directly or indirectly, to induce, instigate, encourage, authorize, ratify, or participate in a strike.

(2) 'Strike' means concerted action in failing to report for duty, the wilful absence from one's position, the stoppage of work, slowdown, or the abstinence in whole or in part from the full, faithful, and proper performance of the duties of employment for the purposes of inducing, influencing, or coercing a change in the conditions or compensation or the rights, privileges, or obligations of employment.

(3) If an employee, a group of employees, an employee organization or any officer, agent, or representative of any employee organization engages in a strike in violation of subsection (1) of this section or if there is a clear, real, and present danger that such a strike is imminent, the state of Washington may file suit to restrain or enjoin the strike in the superior court having proper jurisdiction and proper venue of such actions in accordance with superior court civil rules.

(4) In the event of any violation or imminently threatened violation of subsection (1) of this section, any citizen domiciled within the jurisdictional boundaries of the state of Washington who is or may be affected by the violation may petition the superior court for the county in which the violation occurs for a restraining order or an injunction in accordance with superior court civil rules. The plaintiff need not show that the violation or threatened violation would greatly or irreparably injure him; and no bond may be required of the plaintiff unless the court determines that a bond is necessary in the public interest.

(5) If an injunction to enjoin a strike issued pursuant to this section is not promptly complied with, on the application of the plaintiff, the court shall immediately hear contempt proceedings in accordance with superior court civil rules.

(a) An employee organization found to be in contempt of court for violating an injunction against a strike shall be fined an amount deemed appropriate by the court. In determining the appropriate fine, the court shall objectively consider the extent of lost services and the particular nature and position of the employee group in violation. In no event may the fine exceed two thousand five hundred dollars for each calendar day that the violation is in progress.

(b) Each officer, agent, or representative of an employee organization or employee found to be in contempt of court for violating an injunction against a strike, shall be fined not less than fifty dollars nor more than two hundred dollars for each calendar day that the violation is in progress.

(2) Prior to February 1st of each year the department shall transmit to the transportation commission a report of its review together with its recommendations for the revision of a schedule of charges for the ensuing fiscal year. The commission on or before April 1st shall adopt as a rule, in the manner provided by the Washington administrative procedure act, a schedule of charges for the Washington state ferries for the ensuing twelve-month period commencing May 1st. The schedule may initially be adopted as an emergency rule if necessary to take effect on, or as near as possible to, May 1st.

(3) The department in making its review and formulating recommendations and the commission in adopting a schedule of charges may consider any of the following factors:

- (a) The amount of subsidy available to the ferry system for maintenance and operation;
 - (b) The time and distance of ferry runs;
 - (c) The maintenance and operation costs for ferry runs with a proper adjustment for higher costs of operating outmoded or less efficient equipment;
 - (d) The efficient distribution of traffic between cross-sound routes;
 - (e) The desirability of reasonable commutation rates for persons using the ferry system to commute daily to work;
 - (f) The effect of proposed fares in increasing walk-on and vehicular passenger use;
 - (g) The effect of proposed fares in promoting all types of ferry use during nonpeak periods;
 - (h) Such other factors as prudent managers of a major ferry system would consider.
- (4) If at any time during the biennium it appears that projected toll revenues from the ferry system, together with the appropriation from the Puget Sound ferry operations account and any other operating subsidy available to the Washington state ferries, will be less than the projected total cost of maintenance and operation of the Washington state ferries for the biennium, the department shall forthwith undertake a review of its schedule of charges to ascertain whether or not the schedule of charges should be revised. The department shall, upon completion of its review report, submit its recommendation to the transportation commission which may in its sound discretion revise the schedule of charges as required to meet necessary maintenance and operation expenditures of the ferry system for the biennium or may defer action until the regular annual review and revision of ferry charges as provided in subsection (2) of this section.

All such contributions will be paid into the state employees insurance fund to be expended in accordance with RCW 41.05.030.

(2) The contributions of any department, division, or separate agency of the state government, and such county, municipal, or other political subdivisions as are covered by this chapter, shall be set by the state employees insurance board, subject to the approval of the governor for availability of funds as specifically appropriated by the legislature for that purpose: PROVIDED, ((That nothing herein shall be a limitation on employees employed under chapter 47.64 RCW: PROVIDED FURTHER:)) That provision for school district personnel shall not be made under this chapter.

The board shall transmit a recommendation for the amount of the employer contribution to the governor and the director of financial management for inclusion in the proposed budgets submitted to the legislature.

The bill was read the second time. On motion of Mr. Hastings, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Representatives Ellis and Salatino spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Ellis, when this issue was debated last year in the House, one of the problems that we were debating was the issue of the delayed effect that a chemical product might have on a worker. For example, the issue of asbestos that some workers are exposed to. Would the statute of limitations in this bill of twelve years affect the right of the worker that is injured by whatever chemical agent, natural or manmade, to bring an action after that twelve-year period?"

Mr. Ellis: "Representative Nelson, I would hesitate to answer that off the top of my head without taking a look at it. My impression is that the design of that statute was to provide a pinpoint out there and the twelve years, as I understand it, is a compromise and apparently we will have, as situations develop, a chance to look at what really happens in that area. It would be my understanding that would be the case. I think it would only apply to manufactured things."

Mr. Nelson (D): "So according to the bill, the worker would have to show on the basis of preponderance of evidence, that the product harmed the worker if the twelve years had passed?"

Mr. Ellis: "Yes, that would be my understanding."

Mr. Nelson (D) spoke against passage of the bill.

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Tilly.

Mr. Tilly: "Representative Ellis, I'm concerned about the language in section 2, where it defines 'manufacturer,' and also how this affects the small business people. My understanding is that in this bill the small business people would be kind of separated from manufacturer, especially where they are selling machinery. I'm concerned about farm machinery especially. Quite often you get products that are what they call 'knocked down.' They are in crates and we assemble them. There is no fabrication that goes into them, but we have to bolt them together. Under the language of this bill, in section 2, would a farm equipment dealer be considered a manufacturer or not?"

Mr. Ellis: "Representative Tilly, the language states that a product seller who performs minor assembly of the product—of course at the instruction of the manufacturer—shall not be deemed a manufacturer. As I recall the testimony, it's designed primarily for subcontractors who maybe assemble components for a larger manufacturer. Reading the language, I would say that it covers the situation you describe, that you are following the instructions of the principle manufacturer, and they are not to be deemed manufacturers for the purposes of this bill."

Mr. Tilly spoke in favor of the bill.

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. Bender.

Mr. Bender: "Representative Ellis, my question is a follow-up on Representative Nelson's question. My understanding of the bill is that time of discovery plays a factor in this bill, so that if, after fifteen years, you find out that a chemical is harmful to that person, the twelve years would not go into effect. It would not start until the time of discovery that the chemical was harmful to the human being?"

Mr. Ellis: "Yes, I think that's correct."

Mr. Lux spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 3158, and the bill passed the House by the following vote: Yeas, 97; nays, 1; not voting, 0.

POINT OF INQUIRY

Mr. Williams yielded to question by Mr. Ehlers.

Mr. Ehlers: "I'm a little confused, Representative Williams; I hear on this bill and others some terms, and I'm wondering if you could clarify for the body what this is? Is this something that's in a push forward status? A revenue enhancement? A revenue augmentation? A reversal tax decrease? A tax increase which is not a general tax increase? A user fee? Or is this a non-general tax increase revenue increase? Which one of these would you characterize this particular assessment?"

Mr. Williams: "I guess you can take your pick of one of those. I would characterize this as a user fee since the forest fire suppression account was set up to take care of forest fires to the industry. This makes the fund self-sufficient."

THIRD READING

MOTION FOR RECONSIDERATION

Mr. Bond, having served notice previously, moved that the House reconsider the vote by which SUBSTITUTE HOUSE BILL NO. 355 failed to pass the House.

POINT OF ORDER

Mr. Walk: "I believe that Representative Bond's motion is out of order. I would like to refer you to Rule 25(D), where it discusses reconsideration. It says, 'Provided, That the reconsideration of the vote by which a bill passed or failed must be taken on the next working day after such vote was taken....' The vote was taken last Tuesday, April 7th, and this is now the 9th. Yesterday was the working day and we were in session, therefore, Representative Bond's motion is out of order."

SPEAKER'S RULING

The Speaker: "Representative Walk, your point of order is not well taken. The proper order of business on which to reconsider the final passage of House Bill 355 is the seventh order. The house adjourned yesterday after completion of the fifth order of business and left unfinished business on both the sixth and seventh order, including the question of whether or not the House would decide to reconsider House Bill No. 355.

"Both Reed's Rule 205, which provides that a motion to reconsider is in order at any time before the body has taken action in consequence of the vote, and a March 8, 1977 ruling by Representative O'Brien supports the position that House Rule 25(D) must be read as providing a duty to move reconsideration on the next working day that such motion would be in order. The Speaker notes that a contrary ruling by the Chair would allow the majority party to defeat any effort of the minority to reconsider the final passage vote of any bill, simply by avoiding the appropriate order of business for such motion on the next convening day."

POINT OF ORDER

Mr. Bender: "Mr. Speaker, two wrongs don't make a right."

The Speaker: "Well, Representative Bender, you know that this body has worked along long-standing decisions, traditions and wisdom that has gone before us by past presiding officers who have governed fairly, uniformly and have managed to carry the House of Representatives forward with noble rulings of all sorts from either side, and so I think we should remain with the traditions established by Representative O'Brien, in this case."

The Speaker stated the question before the House to be the motion by Representative Bond that the House reconsider final passage of Substitute House Bill No. 355.

Representatives Wilson and Clayton spoke in favor of the motion, and Representatives Walk and Bender spoke against it.

POINT OF ORDER

Mr. Heck: "Mr. Speaker, I believe we are on the seventh order of business, or third reading and final passage of bills, and Representative Bond placed a motion before the body which is appropriate under the eighth order of business."

SPEAKER'S RULING

The Speaker: "Representative Heck, the appropriate time to make a motion for reconsideration on final passage is when you are on final passage."

Representatives Martinis, Walk and Heck spoke against the motion, and Mr. Eberle spoke in favor of it.

ROLL CALL

The Clerk called the roll on the motion that the House reconsider the vote by which Substitute House Bill No. 355 failed to pass the House, and the motion was carried by the following vote: Yeas, 54; nays, 44; not voting, 0.

Voting yea: Representatives Addison, Barrett, Berleen, Bond, Brown, Cantu, Chamberlain, Chandler, Clayton, Dawson, Dickie, Eberle, Ellis, Erak, Fancher, Fiske, Garson, Greengo, Hankins, Hastings, Houchen, Isaacson, James, Johnson, Lane, Leonard, Lundquist, McCormick, McDonald, McGinnis, Mitchell, Monohon, Nelson G. A., Nickell, Nisbet, Padden, Patrick, Prince, Rosbach, Salatino, Sanders, Schmidt, Scott, Smith, Sprague, Struthers, Teutsch, Tilly, Vander Stoep, Warnke, Williams, Wilson, Winsley, and Mr. Speaker.

Voting nay: Representatives Amen, Barnes, Barr, Becker, Bender, Bickham, Brekke, Burns, Ehlers, Eng, Erickson, Flanagan, Gallagher, Galloway, Garrett, Granlund, Grimm, Gruger, Heck, Hine, King J., King R., Kreidler, Lewis, Lux, Martinis, Maxie, Nelson D., North, O'Brien, Owen, Pruitt, Rinehart, Rust, Sherman, Sommers, Stratton, Taylor, Thompson, Tupper, Valle, Van Dyken, Walk, Wang.

The Speaker stated the question before the House to be final passage of Substitute House Bill No. 355.

ROLL CALL

The Clerk called the roll on the reconsideration of final passage of Substitute House Bill No. 355, and the bill passed the House by the following vote: Yeas, 51; nays, 47; not voting, 0.

Voting yea: Representatives Addison, Barnes, Barrett, Berleen, Bond, Brown, Cantu, Chamberlain, Chandler, Clayton, Dawson, Eberle, Ellis, Erak, Fancher, Fiske, Garson, Hankins, Hastings, Houchen, Isaacson, James, Johnson, Lane, Leonard, Lundquist, McCormick, McDonald, McGinnis, Monohon, Nickell, Nisbet, Padden, Patrick, Prince, Rosbach, Salatino, Sanders, Schmidt, Scott, Smith, Sprague, Struthers, Teutsch, Tilly, Vander Stoep, Warnke, Williams, Wilson, Winsley, and Mr. Speaker.

Voting nay: Representatives Amen, Barr, Becker, Bender, Bickham, Brekke, Burns, Dickie, Ehlers, Eng, Erickson, Flanagan, Gallagher, Galloway, Garrett, Granlund, Greengo, Grimm, Gruger, Heck, Hine, King J., King R., Kreidler, Lewis, Lux, Martinis, Maxie, Mitchell, Nelson D., Nelson G. On page 1, after line 8 strike the remainder of the resolution and insert:

"Article XXXII. Section 1. SPECIAL REVENUE FINANCING. The legislature may enact laws authorizing the state, counties, cities, towns, port districts, or public corporations established thereby to issue nonrecourse revenue bonds or other nonrecourse revenue obligations and to apply the proceeds thereof in the manner and for the purpose authorized by law, subject to the following limitations:

(a) Nonrecourse revenue bonds and other nonrecourse revenue obligations issued pursuant to this section shall be payable only from money or other property received as a result of capital facilities financed by the nonrecourse revenue bonds or other nonrecourse revenue obligations and from money and other property received from private sources.

(b) Nonrecourse revenue bonds and other nonrecourse revenue obligations issued pursuant to this section shall not be payable from or secured by any tax funds or governmental revenue or by all or part of the faith and credit of the state or any unit of local government.

(c) Nonrecourse revenue bonds or other nonrecourse revenue obligations issued pursuant to this section may only be issued if the issuer reasonably believes that the interest paid on the bonds or obligations will be exempt from income taxation by the federal government.

(d) Nonrecourse revenue bonds or other nonrecourse revenue obligations may only be used to finance industrial development projects and the purchase of land involved in the industrial development projects.

Sections 5 and 7 of Article VIII and section 9 of Article XII shall not be construed as a limitation upon the authority granted by this section. The use of the proceeds of revenue bonds and other revenue obligations issued pursuant to this section for the purpose of financing privately owned property or loans to private persons or corporations shall be subject to audit. This section is supplemental to and shall not be construed as a repeal of or limitation on any other authority lawfully exercisable under the Constitution and law of this state, including, among others, any existing authority to issue revenue bonds.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state."

Representatives Flanagan and Greengo spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Flanagan yielded to question by Mr. O'Brien.

Mr. O'Brien: "Representative Flanagan, what will this do to the issuance of bonds and the interest that will have to be paid? You've tightened the act of the proposed constitutional amendment considerably and I'm wondering about the bond market and what will happen to the interest because you don't back up these bonds with any guarantee of general revenue, you're holding it to project revenue only. Have you looked into this factor?"

Mr. Flanagan: "The reason everybody is rushing to try to get into this kind of financing is because these kinds of bonds are tax-exempt. The interest is tax-exempt and therefore, you are going to get a three or four percent lower interest rate than you would from the taxable bonds. Of course, you can't have it both ways. If you're going to go for these tax-exempt bonds, then you really couldn't expect to make them general obligation bonds also and have all that additional backing. I think everyone who has come in and asked for this type of financing has

agreed that they would confine it to revenue only and not use tax money or the credit of any taxing district. You're already getting quite an advantage, the private businesses, by getting tax-exempt bonds to finance with instead of the taxable bonds."

POINT OF INQUIRY

Mr. Flanagan yielded to question by Ms. Stratton.

Ms. Stratton: "Representative Flanagan, in section (d) of your amendment, you say, '...obligations may only be used to finance industrial development projects...' Would this include pollution control equipment, also?"

Mr. Flanagan: "In the implementing bill that's supposed to come out of the Revenue Committee, they have included—I think you might have a paper on your desk that will define 'industrial development.'"

POINT OF INQUIRY

Mr. Flanagan yielded to question by Mr. Nelson (D).

Mr. Nelson (D): "Representative Flanagan, I'm interested first of all in your understanding of what 'industrial' means. Is there a definition of this that's understood in this case?"

Mr. Flanagan: "Yes, we defined that, and went into detail of defining that in the implementing bill, House Bill No. 741. That bill goes into detail in defining industrial development."

Mr. Nelson (D): "Maybe I could get to my point by asking several questions. Could these bonds be used to purchase industrial companies rather than to develop new industrial projects?"

Mr. Flanagan: "I don't see anything in the constitutional amendment to prevent that as long as the financing came from the revenue and nothing else."

Mr. Nelson (D): "So in that case we might not be creating new jobs, we would simply be allowing people to finance the purchase of existing industrial capacities?"

Mr. Flanagan: "That's probably right."

Mr. Nelson (D): "Another point I'm wondering about, could they be used to refinance debts in industrial situations?"

Mr. Flanagan: "They could be used to refinance the same debts that were created in the first place. It would still be confined to revenue. I don't see anything that prevents that."

Mr. Nelson (D): "Would they be available for the purchase of new farm equipment?"

Mr. Flanagan: "As this is defined here, I don't think that would be considered industrial development."

Mr. Nelson (D): "So agricultural development is excluded from the implementing bill?"

Mr. Flanagan: "Well, agricultural development is a pretty broad term. If you were going to build a processing plant, or something like that, that would be included. There are agricultural companies who farm and process both, so that would be included."

Mr. Nelson (D): "But the bill distinguishes between farming and farm processing so that it would not be available for farming?"

Mr. Flanagan: "I don't think the bill, in the definition, would preclude a farming venture as long as a part of that farming venture was a processing plant or a manufacturing plant of some kind."

POINT OF INQUIRY

Mr. Flanagan yielded to question by Mr. Isaacson.

Mr. Isaacson: "Under section (d) where it refers to the applications, that they may only be used to finance industrial development projects and the purchase of land involved in the industrial development projects; is it to be implied that the purchase of land is associated with the project or does that permit the purchase of land for industrial development projects without reference to the projects? In other words, are they separable or are they combined?"

Mr. Flanagan: "I'd assume that it would be possible to purchase land as a part of this industrial development as long as there was an intention of going ahead with the development."

If it's bare land and it's not going to be used for anything else except bare land, then I don't think it's included."

Mr. Isaacson: "I would like to point out that we should be very specific on that because it's conceivable that bonds might be issued to purchase land and without some type of industrial revenue derived from that, there would be no source of income to make payments for those revenue bonds issued unless it were associated with a revenue-producing property."

Mr. Flanagan: "When you look at the whole bill and the implementing bill that goes with it, I think it would be pretty hard to say that you were just going to buy bare land and nothing else and include it in the definition."

Mr. Greengo: "In answer to some of these questions, in an effort not to clutter up the Constitution, and at the same time still be as specific as possible, we have drawn the amendment in the manner in which it is. Following close on its heels is House Bill 741 which is in the Revenue Committee, and the next time we meet we will be hearing that bill. It is an implementing bill and will spell out in considerable detail exactly some of these questions that have been asked in regard to the purchase of land or payments for land or anything like that. It's going to depend upon the sale of revenue bonds for any project. The bond buyers are going to want to be assured that there is going to be revenue, so I think we have it rather tightly drawn and it is a good resolution the way it is. The implementing legislation will deal in detail on how we accomplish this."

Representatives Chamberlain, Nelson (D) and Flanagan spoke in favor of the amendment, and it was adopted.

NEW SECTION. Sec. 4. There is added to chapter 13.40 RCW a new section to read as follows:

(1) It is the responsibility of the commission to: (a) Evaluate the effectiveness of existing disposition standards and related statutes in implementing policies set forth in RCW 13.40.010; (b) solicit the comments and suggestions of the juvenile justice community concerning disposition standards; and (c) develop and propose to the legislature modifications of the disposition standards in accordance with RCW 13.40.030.

(2) It is the responsibility of the department to: (a) Provide the commission with available data concerning the implementation of the disposition standards and related statutes and their effect on the performance of the department's responsibilities relating to juvenile offenders; (b) at the request of the commission, provide technical and administrative assistance to the commission in the performance of its responsibilities; and (c) provide the commission with recommendations for modification of the disposition standards.

(1) (a) The ((secretary)) juvenile disposition standards commission shall propose to the legislature no later than November 1st of each even-numbered year disposition standards for all offenses. The standards shall establish, in accordance with the purposes of this chapter, ranges which may include terms of confinement and/or community supervision established on the basis of a youth's age, the instant offense, and the history and seriousness of previous offenses, but in no case may the period of confinement and supervision exceed that to which an adult may be subjected for the same offense(s). Standards proposed for offenders listed in RCW 13.40.020(1) shall include a range of confinement which may not be less than thirty days. No standard range may include a period of confinement which includes both more than thirty, and thirty or less, days. Disposition standards proposed by the ((department)) commission shall provide that in all cases where a youth is sentenced to a term of confinement in excess of thirty days the department may impose an additional period of parole not to exceed eighteen months. Standards of confinement which may be proposed may relate only to the length of the proposed terms and not to the nature of the security to be imposed.

(b) The secretary shall ((also)) submit guidelines pertaining to the nature of the security to be imposed on youth placed in his or her custody based on the age, offense(s), and criminal history of the juvenile offender. Such guidelines shall be submitted to the legislature for its review ((at the same time the department proposes its disposition standards)) no later than November 1st of each even-numbered year.

(2) If the commission fails to propose disposition standards as provided in this section, the existing standards shall remain in effect and may be adopted by the legislature or referred to the commission for modification as provided in subsection (3) of this section. If the standards are referred for modification, the provisions of subsection (4) shall be applicable.

(3) The legislature may adopt the proposed standards or refer the proposed standards to the ((secretary)) commission for modification. If the legislature fails to adopt or refer the proposed standards to the ((secretary)) commission by February 15th of the following year, the proposed standards shall take effect without legislative approval on July 1st of that year.

((3)) (4) If the legislature refers the proposed standards to the ((secretary)) commission for modification on or before February 15th, the ((secretary)) commission shall resubmit the proposed modifications to the legislature no later than March 1st. The legislature may adopt or modify the resubmitted proposed standards. If the legislature fails to adopt or modify the resubmitted proposed standards by April 1st, the resubmitted proposed standards shall take effect without legislative approval on July 1st of that year.

((4) Notwithstanding any other provision of this section, the secretary shall propose standards and submit guidelines to the legislature no later than November 1, 1977. The legislature shall consider the proposed standards and submitted guidelines during the following year in the manner prescribed by subsections (2) and (3) of this section. Such standards shall be in effect for the period July 1, 1978, to June 30, 1979.

(5) Any term of confinement in excess of thirty days shall be served at a facility operated by or pursuant to a contract with the state of Washington.

(6)) (5) In developing and promulgating the permissible ranges of confinement under this section the ((secretary)) commission shall be subject to the following limitations:

(a) Where the maximum term in the range is ninety days or less, the minimum term in the range may be no less than fifty percent of the maximum term in the range;

(b) Where the maximum term in the range is greater than ninety days but not greater than one year, the minimum term in the range may be no less than seventy-five percent of the maximum term in the range; and

(c) Where the maximum term in the range is more than one year, the minimum term in the range may be no less than eighty percent of the maximum term in the range.

Sec. 6. Section 60, chapter 291, Laws of 1977 ex. sess. as amended by section 59, chapter 155, Laws of 1979 and RCW 13.40.060 are each amended to read as follows:

(1) Proceedings under this chapter shall be commenced in the county where the juvenile resides. However, proceedings may be commenced in the county where an element of the alleged criminal offense occurred if so requested by the juvenile or by the prosecuting attorney of the county where the incident occurred.

(2) If the hearing takes place in the county where an element of the alleged criminal offense occurred, the case and copies of all legal and social documents pertaining thereto may in the discretion of the court be transferred to the county where the juvenile resides for a disposition hearing. All costs and arrangements for care and transportation of the juvenile in custody shall be the responsibility of the receiving county as of the date of the transfer of the juvenile to such county, unless the counties otherwise agree.

(3) If the adjudicatory and disposition hearings take place in a county in which an element of the alleged offense occurred, the case and copies of all legal and social documents pertaining thereto may in the discretion of the court be transferred to the county in which the juvenile resides for supervision and enforcement of the disposition order. The court of the receiving county has jurisdiction to modify and enforce the disposition order.

(4) The court upon motion of any party or upon its own motion may, at any time, transfer a proceeding to another juvenile court when:

(a) There is reason to believe that an impartial proceeding cannot be held in the county in which the proceeding was begun; or

(b) It appears that venue is incorrect under this section.

Sec. 7. Section 61, chapter 291, Laws of 1977 ex. sess. as amended by section 60, chapter 155, Laws of 1979 and RCW 13.40.070 are each amended to read as follows:

(1) Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:

(a) The alleged facts bring the case within the jurisdiction of the court; and

(b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

(2) If the requirements of subsections (1) (a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (4), (5) and (6) of this section. If the prosecutor neither files nor diverts the case, he shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(3) An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(4) Where a case is legally sufficient, the prosecutor shall file an information with the juvenile court if:

(a) An alleged offender is accused of a class A felony, a class B felony, an attempt to commit a class B felony, assault in the third degree, rape in the third degree, or any other offense listed in RCW 13.40.020(1) (b) or (c); or

(b) An alleged offender is accused of a felony and has a criminal history of at least one class A or class B felony, or two class C felonies, or at least two gross misdemeanors, or at least two misdemeanors and one additional misdemeanor or gross misdemeanor, or at least one class C felony and one misdemeanor or gross misdemeanor; or

(c) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion.

(5) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense(s) in combination with the alleged offender's criminal history do not exceed three offenses or violations and do not include any felonies: PROVIDED, That if the alleged offender is charged with a related offense that must or may be filed under subsections (4) and (6) of this section, a case under this subsection may also be filed.

(6) Where a case is legally sufficient and falls into neither subsection (4) nor (5) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

(7) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversionary interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile.

(8) The responsibilities of the prosecutor under subsections (1) through (7) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

Sec. 8. Section 62, chapter 291, Laws of 1977 ex. sess. as amended by section 61, chapter 155, Laws of 1979 and RCW 13.40.080 are each amended to read as follows:

(1) A diversion agreement shall be a contract between a juvenile accused of an offense and a diversionary unit whereby the juvenile agrees to fulfill certain conditions in lieu of prosecution. Such agreements may be entered into only after the prosecutor, or probation counselor pursuant to this chapter, has determined that probable cause exists to believe that a crime has been committed and that the juvenile committed it.

(2) A diversion agreement shall be limited to:

(a) Community service not to exceed one hundred fifty hours, not to be performed during school hours if the juvenile is attending school;

(b) Restitution limited to the amount of actual loss incurred by the victim, and to an amount the juvenile has the means or potential means to pay; and

(c) ~~((An informational, educational, or counseling interview, which may be required))~~ Attendance at up to two hours of counseling and/or up to ten hours of educational or informational sessions at a community agency.

(3) In assessing periods of community service to be performed and restitution to be paid by a juvenile who has entered into a diversion agreement, the court officer to whom this task is assigned shall to the extent possible involve members of the community. Such members of the community shall meet with the juvenile and advise the court officer as to the terms of the diversion agreement and shall supervise the juvenile in carrying out its terms.

(4) A diversion agreement may not exceed a period of six months for a misdemeanor or gross misdemeanor or one year for a felony and may include a period extending beyond the eighteenth birthday of the diveree. Any restitution assessed during its term may not exceed an amount which the juvenile could be reasonably expected to pay during this period. If additional time is necessary for the juvenile to complete restitution to the victim, the time period limitations of this subsection may be extended by an additional six months.

(5) The juvenile shall retain the right to be referred to the court at any time prior to the signing of the diversion agreement.

(6) Diverees and potential diverees shall be afforded due process in all contacts with a diversionary unit regardless of whether the juveniles are accepted for diversion or whether the diversion program is successfully completed. Such due process shall include, but not be limited to, the following:

(a) A written diversion agreement shall be executed stating all conditions in clearly understandable language;

(b) Violation of the terms of the agreement shall be the only grounds for termination;

(c) No diveree may be terminated from a diversion program without being given a court hearing, which hearing shall be preceded by:

(i) Written notice of alleged violations of the conditions of the diversion program; and

(ii) Disclosure of all evidence to be offered against the diveree;

(d) The hearing shall be conducted by the juvenile court and shall include:

(i) Opportunity to be heard in person and to present evidence;

(ii) The right to confront and cross-examine all adverse witnesses;

(iii) A written statement by the court as to the evidence relied on and the reasons for termination, should that be the decision; and

(iv) Demonstration by evidence that the diveree has substantially violated the terms of his or her diversion agreement.

(e) The prosecutor may file an information on the offense for which the diveree was diverted:

(i) In juvenile court if the diveree is under eighteen years of age; or

(ii) In superior court or the appropriate court of limited jurisdiction if the diveree is eighteen years of age or older.

(7) The diversion unit shall be responsible for advising a diveree of his or her rights as provided in this chapter.

(8) The right to counsel shall inure prior to the initial interview for purposes of advising the juvenile as to whether he or she desires to participate in the diversion process or to appear in the juvenile court. The juvenile may be represented by counsel at any critical stage of the diversion process, including intake interviews and termination hearings. The juvenile shall be fully advised at the intake of his or her right to an attorney and of the relevant services an attorney can provide. For the purpose of this section, intake interviews mean all interviews regarding the diversion agreement process.

The juvenile shall be advised that a diversion agreement shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020(6) as now or hereafter amended. A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the diversionary unit together with the diversion agreement, and a copy of both documents shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

(9) When a juvenile enters into a diversion agreement, the juvenile court may receive only the following information for dispositional purposes:

(a) The fact that a charge or charges were made;

(b) The fact that a diversion agreement was entered into;

(c) The juvenile's obligations under such agreement;

(d) Whether the alleged offender performed his or her obligations under such agreement; and

(e) The facts of the alleged offense.

(10) A diversionary unit may refuse to enter into a diversion agreement with a juvenile. It shall immediately refer such juvenile to the court for action and shall forward to the court the criminal complaint and a detailed statement of its reasons for refusing to enter into a diversion agreement. The diversionary unit shall also immediately refer the case to the prosecuting attorney for action if such juvenile fails to make restitution or perform community service as required by the diversion agreement.

(11) A diversionary unit may, in instances where it determines that the act or omission of an act for which a juvenile has been referred to it involved no victim, or where it determines that the juvenile referred to it has no prior criminal history and is alleged to have committed an illegal act involving no threat of or instance of actual physical harm and involving not more than fifty dollars in property loss or damage and that there is no loss outstanding to the person or firm suffering such damage or loss, counsel and release or release such a juvenile without entering into a diversion agreement: PROVIDED, That any juvenile so handled shall be advised that the act or omission of any act for which he or she had been referred shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020(6) as now or hereafter amended. A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the unit, and a copy of the document shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language: PROVIDED FURTHER, That a juvenile determined to be eligible by a diversionary unit for such release shall retain the same right to counsel and right to have his or her case referred to the court for formal action as any other juvenile referred to the unit.

(12) A diversion unit may supervise the fulfillment of a diversion agreement entered into before the juvenile's eighteenth birthday and which includes a period extending beyond the divertee's eighteenth birthday.

Sec. 9. Section 66, chapter 291, Laws of 1977 ex. sess. as amended by section 64, chapter 155, Laws of 1979 and RCW 13.40.120 are each amended to read as follows:

~~((The court shall hold an adjudicatory hearing on the information, and, after it has announced its findings of fact and its decision, shall hold a hearing to consider disposition of the case pursuant to RCW 13.40.150 and 13.40.160, as now or hereafter amended, immediately following the adjudicatory hearing or at a continued hearing within fourteen days unless good cause is shown for a further continuance. Notice of the time and place of the continued hearing may be given in open court. If notice is not given in open court to a party, that party shall be notified by mail of the time and place of any continued hearing.))~~

All hearings may be conducted at any time or place within the limits of the ((county)) judicial district, and such cases may not be heard in conjunction with other business of any other division of the superior court.

Sec. 10. Section 67, chapter 291, Laws of 1977 ex. sess. as amended by section 65, chapter 155, Laws of 1979 and RCW 13.40.130 are each amended to read as follows:

(1) The respondent shall be advised of the allegations in the information and shall be required to plead guilty or not guilty to the allegation(s). The state or the respondent may make preliminary motions up to the time of the plea.

(2) If the respondent pleads guilty, the court may proceed with disposition or may continue the case for a dispositional hearing. If the respondent denies guilt, ((a)) an adjudicatory hearing date shall be set.

(3) At the adjudicatory hearing it shall be the burden of the prosecution to prove the allegations of the information beyond a reasonable doubt.

(4) The court shall record its findings of fact and shall enter its decision upon the record. Such findings shall set forth the evidence relied upon by the court in reaching its decision.

(5) If the respondent is found not guilty he or she shall be released from detention.

(6) If the respondent is found guilty the court may immediately proceed to disposition or may continue the case for a dispositional hearing. Notice of the time and place of the continued hearing may be given in open court. If notice is not given in open court to a party, the party shall be notified by mail of the time and place of the continued hearing.

(7) The court following an adjudicatory hearing may request that a predisposition study be prepared to aid the court in its evaluation of the matters relevant to disposition of the case.

(8) The disposition hearing shall be held within fourteen days after the adjudicatory hearing or plea of guilty unless good cause is shown for further delay, or within twenty-one days if the juvenile is not held in a detention facility, unless good cause is shown for further delay.

(9) In sentencing an offender, the court shall use the disposition standards in effect on the date of the offense.

Sec. 11. Section 68, chapter 291, Laws of 1977 ex. sess. as amended by section 66, chapter 155, Laws of 1979 and RCW 13.40.140 are each amended to read as follows:

(1) A juvenile shall be advised of his or her rights when appearing before the court.

(2) A juvenile and his or her parent, guardian, or custodian shall be advised by the court or its representative that the juvenile has a right to be represented by counsel at all critical stages of the proceedings. Unless waived, counsel shall be provided to a juvenile who is financially unable to obtain counsel without causing substantial hardship to himself or herself or the juvenile's family, in any proceeding where the juvenile may be subject to transfer for criminal prosecution, or in any proceeding where the juvenile may be in danger of confinement. The ability to pay part of the cost of counsel does not preclude assignment. In no case may a juvenile be deprived of counsel because of a parent, guardian, or custodian refusing to pay therefor. The juvenile shall be fully advised of his or her right to an attorney and of the relevant services an attorney can provide.

(3) The right to counsel includes the right to the appointment of experts necessary, and the experts shall be required pursuant to the procedures and requirements established by the supreme court.

(4) Upon application of a party, the clerk of the court shall issue, and the court on its own motion may issue, subpoenas requiring attendance and testimony of witnesses and production of records, documents, or other tangible objects at any hearing, or such subpoenas may be issued by an attorney of record.

(5) All proceedings shall be transcribed verbatim by means which will provide an accurate record.

(6) The general public and press shall be permitted to attend any hearing unless the court, for good cause, orders a particular hearing to be closed. The presumption shall be that all such hearings will be open.

(7) In all adjudicatory proceedings before the court, all parties shall have the right to adequate notice, discovery as provided in criminal cases, opportunity to be heard, confrontation of witnesses except in such cases as this chapter expressly permits the use of hearsay testimony, findings based solely upon the evidence adduced at the hearing, and an unbiased fact-finder.

(8) A juvenile shall be accorded the same privilege against self-incrimination as an adult. An extrajudicial statement which would be constitutionally inadmissible in a criminal proceeding may not be received in evidence at an adjudicatory hearing over objection. Evidence illegally seized or obtained may not be received in evidence over objection at an adjudicatory hearing to prove the allegations against the juvenile if the evidence would be inadmissible in an adult criminal proceeding. An extrajudicial admission or confession made by the juvenile out of court is insufficient to support a finding that the juvenile committed the acts alleged in the information unless evidence of a corpus delicti is first independently established in the same manner as required in an adult criminal proceeding.

(9) Waiver of any right which a juvenile has under this chapter must be an express waiver intelligently made by the juvenile after the juvenile has been fully informed of the right being waived.

(10) Whenever this chapter refers to waiver or objection by a juvenile, the word juvenile shall be construed to refer to a juvenile who is at least twelve years of age. If a juvenile is under twelve years of age, the juvenile's parent, guardian, or custodian shall give any waiver or offer any objection contemplated by this chapter.

Sec. 12. Section 69, chapter 291, Laws of 1977 ex. sess. as amended by section 67, chapter 155, Laws of 1979 and RCW 13.40.150 are each amended to read as follows:

(1) In disposition hearings all relevant and material evidence, including oral and written reports, may be received by the court and may be relied upon to the extent of its probative value, even though such evidence may not be admissible in a hearing on the information. The youth or the youth's counsel and the prosecuting attorney shall be afforded an opportunity to examine and controvert written reports so received and to cross-examine individuals making reports when such individuals are reasonably available, but sources of confidential information need not be disclosed. The prosecutor and counsel for the juvenile may submit recommendations for disposition.

(2) For purposes of disposition:

- (a) Violations which are current offenses count as misdemeanors;
- (b) Violations may not count as part of the offender's criminal history;
- (c) In no event may a disposition for a violation include confinement.

(3) Before entering a dispositional order as to a respondent found to have committed an offense, the court shall hold a disposition hearing, at which the court shall:

- (a) Consider the facts supporting the allegations of criminal conduct by the respondent;
- (b) Consider information and arguments offered by parties and their counsel;
- (c) Consider any predisposition reports;

(d) Afford the respondent and the respondent's parent, guardian, or custodian an opportunity to speak in the respondent's behalf;

(e) Allow the victim or a representative of the victim and an investigative law enforcement officer to speak;

(f) Determine the amount of restitution owing to the victim, if any;

(g) Determine whether the respondent is a serious offender, a middle offender, or a minor or first offender;

(h) Consider whether or not any of the following mitigating factors exist:

(i) The respondent's conduct neither caused nor threatened serious bodily injury or the respondent did not contemplate that his or her conduct would cause or threaten serious bodily injury;

(ii) The respondent acted under strong and immediate provocation;

(iii) The respondent was suffering from a mental or physical condition that significantly reduced his or her culpability for the offense though failing to establish a defense;

(iv) Prior to his or her detection, the respondent compensated or made a good faith attempt to compensate the victim for the injury or loss sustained; and

(v) There has been at least one year between the respondent's current offense and any prior criminal offense;

(i) Consider whether or not any of the following aggravating factors exist:

(i) In the commission of the offense, or in flight therefrom, the respondent inflicted or attempted to inflict serious bodily injury to another;

(ii) The offense was committed in an especially heinous, cruel, or depraved manner;

(iii) The victim or victims were particularly vulnerable;

(iv) The respondent has a recent criminal history or has failed to comply with conditions of a recent dispositional order or diversion agreement; ((and))

(v) The respondent was the leader of a criminal enterprise involving several persons; and

(vi) There are other complaints which have resulted in diversion or a finding or plea of guilty but which are not included as criminal history.

(4) The following factors may not be considered in determining the punishment to be imposed:

(a) The sex of the respondent;

(b) The race or color of the respondent or the respondent's family;

(c) The creed or religion of the respondent or the respondent's family;

(d) The economic or social class of the respondent or the respondent's family; and

(e) Factors indicating that the respondent may be or is a dependent child within the meaning of this chapter.

(5) A court may not commit a juvenile to a state institution solely because of the lack of facilities, including treatment facilities, existing in the community.

Sec. 13. Section 70, chapter 291, Laws of 1977 ex. sess. as amended by section 68, chapter 155, Laws of 1979 and RCW 13.40.160 are each amended to read as follows:

(1) When the respondent is found to be a serious offender, the court shall commit the offender to the department for the standard range of disposition for the offense.

If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030((6))(5), as now or hereafter amended, shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230, as now or hereafter amended, by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230 as now or hereafter amended.

(2) Where the respondent is found to be a minor or first offender, the court shall order that the respondent serve a term of community supervision. If the court determines that a disposition of community supervision would effectuate a manifest injustice the court may impose another disposition. A disposition other than a community supervision may be imposed only after the court enters reasons upon which it bases its conclusions that imposition of community supervision would effectuate a manifest injustice. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030((6))(5), as now or hereafter amended, shall be used to determine the range. Any disposition other than community supervision may be appealed as provided in RCW 13.40.230, as now or hereafter amended, by the state or the respondent. A disposition of community supervision may not be appealed under RCW 13.40.230 as now or hereafter amended.

(3) Where a respondent is found to have committed an offense for which the respondent declined to enter into a diversion agreement, the court shall impose a term of community supervision limited to the conditions allowed in a diversion agreement as provided in RCW 13.40.080(2) as now or hereafter amended.

(4) ~~(Where)~~ If a respondent is found to ~~(have committed an offense which is neither a serious nor a minor or first offense)~~ be a middle offender:

(a) The court shall impose a determinate disposition within the standard range(s) for such offense: PROVIDED, That if the standard range includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement; or

(b) The court shall impose a determinate disposition of community supervision and/or up to thirty days confinement in which case, if confinement has been imposed, the court shall state either aggravating or mitigating factors as set forth in RCW 13.40.150 as now or hereafter amended.

(c) Only if the court concludes, and enters reasons for its conclusions, that disposition as provided in subsection (4) (a) or (b) of this section would effectuate a manifest injustice, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030((6))(5), as now or hereafter amended, shall be used to determine the range.

(d) A disposition pursuant to subsection (4)(c) of this section is appealable under RCW 13.40.230, as now or hereafter amended, by the state or the respondent. A disposition pursuant to subsection (4) (a) or (b) of this section is not appealable under RCW 13.40.230 as now or hereafter amended.

(5) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(6) In its dispositional order, the court shall not suspend or defer the imposition or the execution of the disposition.

Sec. 14. Section 72, chapter 291, Laws of 1977 ex. sess. and RCW 13.40.180 are each amended to read as follows:

Where a disposition is imposed on a youth for two or more offenses, the terms shall run consecutively, subject to the following limitations:

(1) Where the offenses were committed through a single act or omission, omission, or through an act or omission which in itself constituted one of the offenses and also was an element of the other, the aggregate of all the terms shall not exceed one hundred fifty percent of the term imposed for the most serious offense; ~~(and)~~

(2) ~~((in all other cases,))~~ The aggregate of all consecutive terms shall not exceed three hundred percent of the term imposed for the most serious offense; and

(3) The aggregate of all consecutive terms of community supervision shall not exceed two years in length, or require payment of more than two hundred dollars in fines or the performance of more than two hundred hours of community service.

NEW SECTION. Sec. 15. There is added to chapter 13.40 RCW a new section to read as follows:

Any term of confinement imposed for an offense which exceeds thirty days shall be served under the supervision of the department. If the period of confinement imposed for more than one offense exceeds thirty days but the term imposed for each offense is less than thirty days, the confinement may, in the discretion of the court, be served in a juvenile facility operated by or pursuant to a contract with the state or a county.

Sec. 16. Section 77, chapter 291, Laws of 1977 ex. sess. as amended by section 72, chapter 155, Laws of 1979 and RCW 13.40.230 are each amended to read as follows:

(1) Dispositions reviewed pursuant to RCW 13.40.160, as now or hereafter amended, shall be reviewed in the appropriate division of the court of appeals.

An appeal under this section shall be heard solely upon the record that was before the disposition court. No written briefs may be required, and the appeal shall be heard within thirty days following the date of sentencing and a decision rendered within fifteen days following the argument. The supreme court shall promulgate any necessary rules to effectuate the purposes of this section.

(2) To uphold a disposition outside the standard range, or which imposes confinement for a minor or first offender, the court of appeals must find (a) that the reasons supplied by the disposition judge are supported by the record which was before the judge and that those reasons clearly and convincingly support the conclusion that a disposition within the range, or nonconfinement for a minor or first offender, would constitute a manifest injustice, and (b) that the sentence imposed was neither clearly excessive nor clearly too lenient.

(3) If the court does not find subsection (2)(a) of this section it shall remand the case for disposition within the standard range or for community supervision without confinement as would otherwise be appropriate pursuant to this chapter.

(4) If the court finds subsection (2)(a) but not subsection (2)(b) of this section it shall remand the case with instructions for further proceedings consistent with the provisions of this chapter.

(5) Pending appeal, a respondent may not be committed or detained for a period of time in excess of the standard range for the offense(s) committed ~~((and may not be detained if a first or minor offender. PROVIDED: That if the order of the disposition court is below the standard range, the respondent shall be committed or detained for no longer than the term set by the disposition court))~~ or sixty days, whichever is longer. The disposition court may impose conditions on release pending appeal as provided in RCW 13.40.040(4) and 13.40.050(6). Upon the expiration of the period of commitment or detention specified in this subsection, the court may also impose such conditions on the respondent's release pending disposition of the appeal.

(6) Appeal of a disposition under this section does not affect the finality or appeal of the underlying adjudication of guilt.

Sec. 17. Section 1, chapter 170, Laws of 1975 1st ex. sess. as amended by section 73, chapter 155, Laws of 1979 and RCW 13.40.300 are each amended to read as follows:

(1) In no case may a juvenile offender be committed by the juvenile court to the department of social and health services for placement in a juvenile correctional institution beyond the juvenile offender's twenty-first birthday. A juvenile may be under the jurisdiction of the juvenile court or the authority of the department of social and health services beyond the juvenile's eighteenth birthday only if prior to the juvenile's eighteenth birthday:

(a) The juvenile court has committed the juvenile offender to the department of social and health services for a sentence consisting of the standard range of disposition for the offense and the sentence includes a period beyond the juvenile offender's eighteenth birthday; or

(b) The juvenile court has committed the juvenile offender to the department of social and health services for a sentence outside the standard range of disposition for the offense and the sentence includes a period beyond the juvenile's eighteenth birthday and the court by written order setting forth its reasons extends jurisdiction of juvenile court over the juvenile offender for that period; or

(c) Proceedings are pending seeking the adjudication of a juvenile offense or seeking ~~((an order of))~~ a disposition order or the enforcement of such an order and the court by written order setting forth its reasons extends jurisdiction of juvenile court over the juvenile beyond his or her eighteenth birthday.

(2) In no event may the juvenile court have authority to extend jurisdiction over any juvenile offender beyond the juvenile offender's twenty-first birthday.

(3) Notwithstanding any extension of jurisdiction over a person pursuant to this section, the juvenile court has no jurisdiction over any offenses alleged to have been committed by a person eighteen years of age or older.

Sec. 18. Section 3, chapter 240, Laws of 1977 ex. sess. as amended by section 15, chapter 186, Laws of 1980 and RCW 34.08.020 are each amended to read as follows:

There is hereby created a state publication to be called the Washington State Register, which shall be published on no less than a monthly basis. The register shall contain, but is not limited to, the following materials received by the code reviser's office during the pertinent publication period:

(1) The full text of any proposed new or amendatory rule, as defined in RCW 34.04.010, and the citation of any existing rules the repeal of which is proposed, prior to the public hearing on such proposal. Such material shall be considered, when published, to be the official notification of the intended action, and no state agency or official thereof may take action on any such rule except on emergency rules adopted in

accordance with RCW 34.04.030, until twenty days have passed since the distribution date of the register in which the rule and hearing notice have been published or a notice regarding the omission of the rule has been published pursuant to RCW 34.04.050(3) as now or hereafter amended;

(2) The full text of any new or amendatory rule adopted, and the citation of any existing rule repealed, on a permanent or emergency basis;

(3) Executive orders and emergency declarations of the governor;

(4) Public meeting notices of any and all agencies of state government, including state elected officials whose offices are created by Article III of the state Constitution or RCW 48.02.010;

(5) Rules of the state supreme court which have been adopted but not yet published in an official permanent codification; (~~and~~)

(6) Summaries of attorney general opinions and letter opinions, noting the number, date, subject, and other information, and prepared by the attorney general for inclusion in the register; and

(7) Juvenile disposition standards and security guidelines proposed and adopted under RCW 13.40.030.

Sec. 19. Section 9, chapter 155, Laws of 1979 and RCW 13.50.050 are each amended to read as follows:

(1) This section governs records relating to the commission of juvenile offenses, including records relating to diversions.

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public inspection, unless sealed pursuant to subsection (11) of this section.

(3) All records other than the official juvenile court file are confidential and may be released only as provided in this section and RCW 13.50.010.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Information not in an official juvenile court file concerning a juvenile or a juvenile's family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile's family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her attorney, of law enforcement and prosecuting attorneys' records pertaining to investigation, diversion, and prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in adult criminal investigations and prosecutions.

(7) The juvenile court and the prosecutor may set up and maintain a central record-keeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The central record-keeping system may be computerized.

(8) Upon request of the victim of a crime or the victim's immediate family, the identity of an alleged or proven juvenile offender alleged or found to have committed a crime against the victim and the identity of the alleged or proven juvenile offender's parent, guardian, or custodian and the circumstance of the alleged or proven crime shall be released to the victim of the crime or the victim's immediate family.

(9) Subject to the rules of discovery applicable in adult criminal prosecutions, the juvenile offense records of an adult criminal defendant or witness in an adult criminal proceeding may be released to prosecution and defense counsel after a charge has actually been filed. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system may be released to the adult corrections system.

(10) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if any, and order the sealing of the official juvenile court file, the social file, and records of the court and of any other agency in the case.

(11) The court shall grant the motion to seal records made pursuant to subsection (10) of this section if it finds that:

(a) Two years have elapsed from the later of: (i) Final discharge of the person from the supervision of any agency charged with supervising juvenile offenders; or (ii) from the entry of a court order relating to the commission of a juvenile offense or a criminal offense;

(b) No proceeding is pending against the moving party seeking the conviction of a juvenile offense or a criminal offense; and

(c) No proceeding is pending seeking the formation of a diversion agreement with that person.

(12) The person making a motion pursuant to subsection (10) of this section shall give reasonable notice of the motion to the prosecution and to any person or agency whose files are sought to be sealed.

(13) If the court grants the motion to seal made pursuant to subsection (10) of this section, it shall order sealed the official juvenile court file, the social file, and other records relating to the case as are named in the order. Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

(14) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8).

(15) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order.

(16) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person who is the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if any, and order the destruction of the official juvenile court file, the social file, and records of the court and of any other agency in the case.

(17) The court may grant the motion to destroy records made pursuant to subsection (16) of this section if it finds:

- (a) The person making the motion is at least twenty-three years of age;
- (b) The person has not subsequently been convicted of a felony;
- (c) No proceeding is pending against that person seeking the conviction of a criminal offense; and
- (d) The person has never been found guilty of a serious offense.

(18) A person eighteen years of age or older whose criminal history consists of only one referral for diversion may request that the court order the records in that case destroyed. The request shall be granted if the court finds that two years have elapsed since completion of the diversion agreement.

(19) If the court grants the motion to destroy records made pursuant to subsection (16) or (18) of this section, it shall order the official juvenile court file, the social file, and any other records named in the order to be destroyed.

~~((19))~~ (20) The person making the motion pursuant to subsection (16) or (18) of this section shall give reasonable notice of the motion to the prosecuting attorney and to any agency whose records are sought to be destroyed.

~~((20))~~ (21) Any juvenile to whom the provisions of this section may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

~~((21))~~ (22) Nothing in this section may be construed to prevent a crime victim or a member of the victim's family from divulging the identity of the alleged or proven juvenile offender or his or her family when necessary in a civil proceeding.

~~((22))~~ (23) Any juvenile justice or care agency may, subject to the limitations in subparagraphs (a) and (b) of this subsection, develop procedures for the routine destruction of records relating to juvenile offenses and diversions.

(a) Records may be routinely destroyed only when the person the subject of the information or complaint has attained twenty-three years of age or older.

(b) The court may not routinely destroy the official juvenile court file or recordings or transcripts of any proceedings.

(2) The transportation commission shall adopt personnel rules for the employees of the ferry system governing hours, working conditions, recruitment, appointment, promotion, demotion, discipline, dismissal and all other personnel matters which are within the discretion of the commission, and not determined by the classification and compensation plan. The department shall administer the personnel rules so adopted, and shall from time to time propose to the commission such changes to the rules as are in the best interests of the public.

(3) The public employment relations commission shall adjudicate all complaints, grievances, and disputes concerning labor arising out of the operation of the ferry system in the best interests of the efficient operation of the ferry system in accordance with the authority vested in it by chapters 41.56 and 41.58 RCW. The commission shall conclusively determine labor disputes arising out of the application of personnel policies by the department and all other personnel matters over which the department may lawfully exercise discretion. In adjudicating disputes, the commission shall take into consideration that though an individual employee shall be free to decline to associate with his fellow employees, it is necessary that he have full freedom of association, self-organization, and designation of representatives of his own choosing who shall represent him in all respects before the commission.

NEW SECTION. Sec. 3. There is added to chapter 47.64 RCW a new section to read as follows:

(1) For purposes of efficient, dependable, and equitable personnel management, the provisions of this chapter and the state-wide maritime classification and compensation plan adopted by the state personnel board shall apply, after the effective date of this act, to the employees of the Washington state ferries.

(2) The employees of Washington state ferries under this chapter shall continue to have the right to affiliate with the employees' existing unions or other employee organizations of their choice and shall have the right to bargain collectively with the department of transportation regarding grievance procedures and all personnel matters over which the department of transportation may lawfully exercise discretion.

(3) This chapter shall not affect the provisions of any existing collective bargaining agreement entered into prior to the effective date of this act, or any order of the public employment relations commission issued prior to the effective date of this act.

(4) Each employee of the Washington state ferries shall remain subject to the classification and compensation provisions of the applicable collective bargaining agreement in effect on the effective date of this act, until the termination of the collective bargaining agreement and thereafter until the employee's position has been duly classified and incorporated into the state-wide maritime classification and compensation plan by the state personnel board and department of personnel.

(5) No permanent employee of the Washington state ferries may be required to pass a competitive examination to retain the position held by the employee on the effective date of this act, or held by the employee on the termination date of a collective bargaining agreement in force on the effective date of this act which governs the conditions of employment of the employee, whichever date is later.

NEW SECTION. Sec. 4. There is added to chapter 47.64 RCW a new section to read as follows:

(1) It is unlawful for any employee of the Washington state ferry system or any employee organization, representing such employees, directly or indirectly, to induce, instigate, encourage, authorize, ratify, or participate in a strike.

(2) 'Strike' means concerted action in failing to report for duty, the wilful absence from one's position, the stoppage of work, slowdown, or the abstinence in whole or in part from the full, faithful, and proper performance of the duties of employment for the purposes of inducing, influencing, or coercing a change in the conditions or compensation or the rights, privileges, or obligations of employment.

(3) If an employee, a group of employees, an employee organization or any officer, agent, or representative of any employee organization engages in a strike in violation of subsection (1) of this section or if there is a clear, real, and present danger that such a strike is imminent, the state of Washington may file suit to restrain or enjoin the strike in the superior court having proper jurisdiction and proper venue of such actions in accordance with superior court civil rules.

(4) In the event of any violation or imminently threatened violation of subsection (1) of this section, any citizen domiciled within the jurisdictional boundaries of the state of Washington who is or may be affected by the violation may petition the superior court for the county in which the violation occurs for a restraining order or an injunction in accordance with superior court civil rules. The plaintiff need not show that the violation or threatened violation would greatly or irreparably injure him; and no bond may be required of the plaintiff unless the court determines that a bond is necessary in the public interest.

(5) If an injunction to enjoin a strike issued pursuant to this section is not promptly complied with, on the application of the plaintiff, the court shall immediately hear contempt proceedings in accordance with superior court civil rules.

(a) An employee organization found to be in contempt of court for violating an injunction against a strike shall be fined an amount deemed appropriate by the court. In determining the appropriate fine, the court shall objectively consider the extent of lost services and the particular nature and position of the employee group in violation. In no event may the fine exceed two thousand five hundred dollars for each calendar day that the violation is in progress.

(b) Each officer, agent, or representative of an employee organization or employee found to be in contempt of court for violating an injunction against a strike, shall be fined not less than fifty dollars nor more than two hundred dollars for each calendar day that the violation is in progress.

(6) Each of the remedies and penalties provided by this section is separate and several, and is in addition to any other legal or equitable remedy or penalty.

(7) The court may receive and collect any fines imposed pursuant to this section and disburse such funds pursuant to law.

NEW SECTION. Sec. 5. There is added to chapter 47.60 RCW a new section to read as follows:

(1) In order to maintain an adequate, fair, and economically sound schedule of charges for the transportation of passengers, vehicles, and commodities on the Washington state ferries, including the Hood Canal bridge, the department of transportation each year shall conduct a full review of such charges.

(2) Prior to February 1st of each year the department shall transmit to the transportation commission a report of its review together with its recommendations for the revision of a schedule of charges for the ensuing fiscal year. The commission on or before April 1st shall adopt as a rule, in the manner provided by the Washington administrative procedure act, a schedule of charges for the Washington state ferries for the ensuing twelve-month period commencing May 1st. The schedule may initially be adopted as an emergency rule if necessary to take effect on, or as near as possible to, May 1st.

(3) The department in making its review and formulating recommendations and the commission in adopting a schedule of charges may consider any of the following factors:

- (a) The amount of subsidy available to the ferry system for maintenance and operation;
- (b) The time and distance of ferry runs;
- (c) The maintenance and operation costs for ferry runs with a proper adjustment for higher costs of operating outmoded or less efficient equipment;
- (d) The efficient distribution of traffic between cross-sound routes;
- (e) The desirability of reasonable commutation rates for persons using the ferry system to commute daily to work;

(f) The effect of proposed fares in increasing walk-on and vehicular passenger use;

(g) The effect of proposed fares in promoting all types of ferry use during nonpeak periods;

(h) Such other factors as prudent managers of a major ferry system would consider.

(4) If at any time during the biennium it appears that projected toll revenues from the ferry system, together with the appropriation from the Puget Sound ferry operations account and any other operating subsidy available to the Washington state ferries, will be less than the projected total cost of maintenance and operation of the Washington state ferries for the biennium, the department shall forthwith undertake a review of its schedule of charges to ascertain whether or not the schedule of charges should be revised. The department shall, upon completion of its review report, submit its recommendation to the transportation commission which may in its sound discretion revise the schedule of charges as required to meet necessary maintenance and operation expenditures of the ferry system for the biennium or may defer action until the regular annual review and revision of ferry charges as provided in subsection (2) of this section.

Sec. 6. Section 5, chapter 39, Laws of 1970 ex. sess. as last amended by section 55, chapter 151, Laws of 1979 and RCW 41.05.050 are each amended to read as follows:

(1) Every department, division, or separate agency of state government, and such county, municipal, or other political subdivisions as are covered by this chapter, shall provide contributions to insurance and health care plans for its employees and their dependents, the content of such plans to be determined by the state employees insurance board. All such contributions will be paid into the state employees insurance fund to be expended in accordance with RCW 41.05.030.

(2) The contributions of any department, division, or separate agency of the state government, and such county, municipal, or other political subdivisions as are covered by this chapter, shall be set by the state employees insurance board, subject to the approval of the governor for availability of funds as specifically appropriated by the legislature for that purpose: PROVIDED, ((That nothing herein shall be a limitation on employees employed under chapter 47.64 RCW. PROVIDED FURTHER,)) That provision for school district personnel shall not be made under this chapter.

(3) The trustee with the assistance of the department of personnel shall annually survey private industry and public employers in the state of Washington to determine the average employer contribution for group

insurance programs under the jurisdiction of the state employees insurance board. Such survey shall be reported to the board for its use in setting the amount of the recommended employer contribution to the employee insurance benefit program covered by this chapter. The board shall transmit a recommendation for the amount of the employer contribution to the governor and the director of financial management for inclusion in the proposed budgets submitted to the legislature.

NEW SECTION. Sec. 7. There is added to chapter 41.06 RCW a new section to read as follows:

(1) The state personnel board shall adopt and from time to time revise a state-wide marine classification and compensation plan for all positions in the Washington state ferry system, based on an investigation and analysis of the duties and responsibilities of each such position, which shall be accomplished generally in the manner prescribed in RCW 41.06.140 through 41.06.165. The plan shall be forwarded to the transportation commission and department of transportation for their use, and the department may allocate and reallocate positions within the classification plan as it deems necessary for the efficient operation of the ferry system.

(2) In each even-numbered year the department of personnel shall prepare a comprehensive salary and fringe benefit survey plan for ferry system employees, generally in the manner prescribed by RCW 41.06.140 through 41.06.165. The plan shall be forwarded to the transportation commission for its use in preparing the department of transportation budget for submission to the legislature, and a copy of the data and supporting documentation shall be submitted to the legislative transportation committee.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 9. There is appropriated to the department of personnel for the biennium ending June 30, 1983, from the motor vehicle fund, the sum of twenty thousand dollars or so much thereof as may be necessary, to prepare recommendations to the state personnel board for the classification of the positions of employees of the Washington state ferries in accordance with section 7 of this act.

(1) Except as provided in subsection (2) of this section, the management and control of an operating agency shall be vested in a board of directors, herein sometimes referred to as the board. The legislative body of each member of an operating agency shall appoint a representative who may, at the discretion of the member and regardless of any charter or other provision to the contrary, be an officer or employee of the member, to serve on the board of the operating agency. Each representative shall have one vote and shall have, in addition thereto, one vote for each block of electric energy equal to ten percent of the total energy generated by the agency during the preceding year purchased by the member represented by such representative. Each member may appoint an alternative representative to serve in the absence or disability of its representative. Each representative shall serve at the pleasure of the member. All proceedings of an operating agency shall be by motion or resolution and shall be recorded in the minute book which shall be a public record. A majority of the board members shall constitute a quorum for the transaction of business. A majority of the votes which the members present are entitled to cast shall be necessary and sufficient to pass any motion or resolution: PROVIDED, That such board members are entitled to cast a majority of the votes of all members of the board. The members of the board of an operating agency may be compensated by such agency as is provided in RCW 43.52.290: PROVIDED, That the per diem compensation to any member shall not exceed five thousand dollars in any year except for board members who are elected to serve on an executive board established under section 2 of this 1981 act, in which case per diem compensation to any member shall not exceed ten thousand dollars in any year.

(2) If an operating agency is constructing a nuclear power plant under a site certification agreement under chapter 80.50 RCW, the powers and duties of the board of directors are limited to the following:

(a) Final authority on any decision of the operating agency to purchase, acquire, construct, or sell any power plants, works, and facilities;

NEW SECTION. Sec. 2. There is added to chapter 43.52 RCW a new section to read as follows:

(1) With the exception of the powers and duties of the board of directors described in RCW 43.52.370(2), the management and control of an operating agency constructing a nuclear power plant under a site certification agreement under chapter 80.50 RCW is vested in an executive board established under this subsection and consisting of eleven members.

(a) Seven members of the executive board shall be elected to four-year terms by the board of directors from among the members of the board of directors. The board of directors may provide by rule for the composition of the seven members of the executive board elected from among the members of the board of directors so as to afford fair representation which reflects the member public utility districts' and cities' participation in the joint operating agency's projects. The board of directors may also provide by rule for the removal of a member of the executive board, including the outside directors. Members of the board of directors may be elected to serve successive terms on the executive board.

(b) Four members of the executive board shall be outside directors and shall be selected and appointed by the board of directors. The outside directors shall:

(i) Serve four-year terms on the executive board. However, of the initial members of the executive board, the board of directors shall choose by lot two outside directors to serve two-year terms and two to serve four-year terms. Thereafter, all outside directors shall be appointed for four-year terms. All outside directors are eligible for reappointment;

(c) The president of the board of directors shall be a nonvoting member of the executive board and shall serve as the presiding officer of the executive board.

(2) Nothing in this chapter shall be construed to mean that an operating agency is in any manner an agency of the state.

(3) The eleven members of the executive board shall be selected with the objective of establishing an executive board which has the resources to effectively carry out its responsibilities. To the extent reasonably possible, the membership and operation of the executive board should be patterned after boards of directors of large private corporations.

(4) The executive board shall adopt rules for the conduct of its meetings and the carrying out of its business. All proceedings shall be by motion or resolution and shall be recorded in the minute book, which shall be a public record.

(5) With respect to any operating agency existing on the effective date of this act to which the provisions of this section are applicable:

(6) The executive board shall select and employ a managing director of the operating agency and may delegate to the managing director such authority for the management and control of the operating agency as the executive board deems appropriate. The managing director's employment is terminable at the will of the executive board.

(7) Any executive board created under this section shall cease to function upon the initiation of regular operations of the nuclear power plant over which it has exercised construction management powers and duties. If the operating agency is constructing two or more nuclear power plants simultaneously, the executive board shall cease exercising all powers as to each plant as it becomes operational.

The board of each joint operating agency shall by resolution appoint a treasurer. If the joint operating agency is constructing a nuclear power plant under a site certification agreement under chapter 80.50 RCW, the appointment of the treasurer shall be on the recommendation of the executive board established under section 2 of this 1981 act. Before entering upon his duties the treasurer shall give bond to the operating agency, with a surety company authorized to write such bonds in this state as surety, in an amount which the board finds by resolution will protect the operating agency against loss, conditioned that all funds which he receives as such treasurer will be faithfully kept and accounted for and for the faithful discharge of his duties. The amount of such bond may be decreased or increased from time to time as the board may by resolution direct. The board shall also appoint an auditor and may require him to give a bond with a surety company authorized to do business in the state of Washington in such amount as it shall by resolution prescribe, conditioned for the faithful discharge of his duties. If the joint operating agency is constructing a nuclear power plant under a site certification agreement under chapter 80.50 RCW, the auditor shall be appointed by the executive board. The premiums on the bonds of the auditor and the treasurer shall be paid by the operating agency. The board may provide for coverage of said officers and other persons on the same bond.

All funds of the joint operating agency shall be paid to the treasurer and shall be disbursed by him only on warrants issued by the auditor upon orders or vouchers approved by the board: PROVIDED, That the board by resolution may authorize the executive committee or executive board to approve or disapprove vouchers presented to defray salaries of employees and other expenses of the operating agency arising in the usual and ordinary course of its business and expenses incurred by the executive committee or executive board in the performance of such duties as the operating agency may authorize it to perform. All moneys of the operating agency shall be deposited forthwith by the treasurer in such depositories, and with such securities as are designated by rules of the board. The treasurer shall establish a general fund and such special funds as shall be created by the board, into which he shall place all money of the joint operating agency as the board by resolution or motion may direct.

Sec. 4. Section 1, chapter 220, Laws of 1979 ex. sess. and RCW 43.52.378 are each amended to read as follows:

POINT OF INQUIRY

Mr. Addison yielded to question by Mr. Brown.

Mr. Brown: "Representative Addison, the amendment we just placed on this addresses itself to senior citizens, as far as obtaining the senior citizen lists for commercial purposes. Would this relate itself to precinct committeemen or those running for a political office? Would it hinder them at all from obtaining those lists so they could inform the voters on what's going on in their respective communities? Would it prevent them from obtaining this information and putting it on a computer or hiring someone to put it on a computer so they could inform the voters through a more sophisticated method?"

Mr. Addison: "Representative Brown, no, the amendment simply addresses 'for commercial purposes.' For individuals, public officials or individuals running for public office, who wanted to communicate with these people on a legitimate basis, to discuss senior citizen property tax relief measures, they could still do that."

Mr. Brown spoke in favor of the bill.

Modifying the governor's powers during energy shortages.

The bill was read the second time.

Mr. Barnes moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

"Section 1. Section 18, chapter 108, Laws of 1975-'76 2nd ex. sess. as last amended by section 23, chapter 87, Laws of 1980 and RCW 43.21G.040 are each amended to read as follows:

(1) The governor may subject to the definitions and limitations provided in this chapter:

(a) Upon finding that an energy supply alert exists within this state or any part thereof, declare a condition of energy supply alert; or

(b) Upon finding that an energy emergency exists within this state or any part thereof, declare a condition of energy emergency. A condition of energy emergency shall terminate thirty consecutive days after the declaration of such condition if the legislature is not in session at the time of such declaration and if the governor fails to convene the legislature pursuant to Article III, section 7 of the Constitution of the state of Washington within thirty consecutive days of such declaration. If the legislature is in session or convened, in accordance with this subsection, the duration of the condition of energy emergency shall be limited in accordance with subsection (3) of this section.

Upon the declaration of a condition of energy supply alert or energy emergency, the governor shall present to the committee any proposed plans for programs, controls, standards, and priorities for the production, allocation, and consumption of energy during any current or anticipated condition of energy emergency, any proposed plans for the suspension or modification of existing rules of the Washington Administrative Code, and any other relevant matters the governor deems desirable. The governor shall review any recommendations of the committee concerning such plans and matters.

The governor shall review the status of such plans annually with the house of representatives and senate standing committees on energy and utilities.

Upon the declaration of a condition of energy supply alert or energy emergency, the emergency powers as set forth in this chapter shall become effective only within the area described in the declaration.

(2) A condition of energy supply alert shall terminate ninety consecutive days after the declaration of such condition unless:

(a) Extended by the governor upon issuing a finding that the energy supply alert continues to exist, and with prior approval of such an extension by the committee; or

(b) Extended by the governor based on a declaration by the president of the United States of a national state of emergency in regard to energy supply; or

(c) Upon the request of the governor, extended by declaration of the legislature by concurrent resolution of a continuing energy supply alert.

In the event any such initial extension is implemented, the condition shall terminate one hundred and fifty consecutive days after the declaration of such condition. One or more subsequent extensions may be implemented through the extension procedures set forth in this subsection. In the event any such subsequent extension is implemented, the condition shall terminate sixty consecutive days after the implementation of such extension.

(3) A condition of energy emergency shall terminate forty-five consecutive days after the declaration of such condition unless:

(a) Extended by the governor upon issuing a finding that the energy emergency continues to exist, and with prior approval of such an extension by the committee; or

(b) Extended by the governor based on a declaration by the president of the United States of a national state of emergency in regard to energy supply; or

(c) Upon the request of the governor, extended by declaration of the legislature by concurrent resolution of a continuing energy emergency.

In the event any such initial extension is implemented, the condition shall terminate ninety consecutive days after the declaration of such condition. One or more subsequent extensions may be implemented through the extension procedures set forth in this subsection. In the event any such subsequent extension is implemented, the condition shall terminate forty-five consecutive days after the implementation of such extension.

(4) A condition of energy supply alert or energy emergency shall cease to exist upon a declaration to that effect by either of the following: (a) The governor; or (b) the legislature, by concurrent resolution, if in regular or special session: PROVIDED, That the governor shall terminate a condition of energy supply alert or energy emergency when the energy supply situation upon which the declaration of a condition of energy supply alert or energy emergency was based no longer exists.

(5) In a condition of energy supply alert, the governor may, as deemed necessary to preserve and protect the public health, safety, and general welfare, and to minimize, to the fullest extent possible, the injurious economic, social, and environmental consequences of such energy supply alert, issue orders to: (a) Suspend or modify existing rules of the Washington Administrative Code of any state agency relating to the consumption of energy by such agency or to the production of energy, and (b) direct any state or local governmental agency to implement programs relating to the consumption of energy by the agency which have been developed by the governor or the agency and reviewed by the committee.

(6) In addition to the powers in subsection (5) of this section, in a condition of energy emergency, the governor may, as deemed necessary to preserve and protect the public health, safety, and general welfare, and to minimize, to the fullest extent possible, the injurious economic, social, and environmental consequences of such an emergency, issue orders to: (a) Implement programs, controls, standards, and priorities for the production, allocation, and consumption of energy; (b) suspend and modify existing pollution control standards and requirements or any other standards or requirements affecting or affected by the use of energy, including those relating to air or water quality control; and (c) establish and implement regional programs and agreements for the purposes of coordinating the energy programs and actions of the state with those of the federal government and of other states and localities.

The governor shall immediately transmit the declaration of a condition of energy supply alert or energy emergency and the findings upon which the declaration is based and any orders issued under the powers granted in this chapter to the committee.

Nothing in this chapter shall be construed to mean that any program, control, standard, priority or other policy created under the authority of the emergency powers authorized by this chapter shall have any continuing legal effect after the cessation of the condition of energy supply alert or energy emergency.

If any provision of this chapter is in conflict with any other provision, limitation, or restriction which is now in effect under any other law of this state, including, but not limited to, chapter 34.04 RCW, this chapter shall govern and control, and such other law or rule or regulation promulgated thereunder shall be deemed superseded for the purposes of this chapter.

Except as provided in this section nothing in this chapter shall exempt a person from compliance with the provisions of any other law, rule, or directive unless specifically ordered by the governor. The emergency powers granted to the governor in this chapter shall expire on June 30, ((1981)) 1985.

To protect the public welfare during a condition of energy supply alert or energy emergency, the executive authority of each state or local governmental agency is hereby authorized and directed to take action to carry out the orders issued by the governor pursuant to this chapter as now or hereafter amended. A local governmental agency shall not be liable for any lawful actions consistent with RCW 43.21G.030 as now or hereafter amended taken in good faith in accordance with such orders issued by the governor.

NEW SECTION. Sec. 9. The Washington state energy office and its powers and duties shall terminate on June 30, 1987, unless extended by law.

NEW SECTION. Sec. 10. There is added to chapter 41.06 RCW a new section to read as follows:

In addition to the exemptions set forth in RCW 41.06.070, the provisions of this chapter shall not apply within the state energy office to the director, one confidential secretary, and up to seven professional staff members.

Sec. 11. Section 15, chapter 108, Laws of 1975-'76 2nd ex. sess. as amended by section 1, chapter 328, Laws of 1977 ex. sess. and RCW 43.21G.010 are each amended to read as follows:

The legislature finds that energy in various forms is increasingly subject to possible shortages and supply disruptions, to the point that there may be foreseen an emergency situation, and that without the ability to institute appropriate emergency measures to regulate the production, distribution, and use of energy, a

severe impact on the public health, safety, and general welfare of our state's citizens may occur. The prevention or mitigation of such energy shortages or disruptions and their effects is necessary for preservation of the public health, safety, and general welfare of the citizens of this state.

It is the intent of this chapter to:

(1) Establish necessary emergency powers for the governor and define the situations under which such powers are to be exercised;

(2) Provide penalties for violations of this chapter.

It is further the intent of the legislature that in developing proposed orders under the powers granted in RCW 43.21G.040 as now or hereafter amended the governor may utilize, on a temporary or ad hoc basis, the knowledge and expertise of persons experienced in the technical aspects of energy supply, distribution, or use. Such utilization shall be in addition to support received by the governor from the state energy office under (~~RCW 43.21F.050 and 43.21F.070~~) sections 4 and 8 of this 1981 act and from other state agencies.

NEW SECTION. Sec. 12. The director shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(2) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965. In order to finance perpetual surveillance and maintenance under the agreement, the office shall impose and collect fees from parties holding radioactive materials for waste management purposes. The fees shall be established by rule adopted under chapter 34.04 RCW and shall be at a total charge of not less than the prevailing rates at similar sites in the nation or the amount determined by the state radiation control agency to be necessary to defray the estimated liability of the state, whichever is greater. All such fees, when received by the energy office, shall be transmitted to the state treasurer, who shall act as custodian. The treasurer shall place the money in a special account which may be designated the 'perpetual maintenance account.' Appropriations are required to permit expenditures and payment of obligations from this account, and the condition of the account and its administration shall be reported biennially to the legislature by the director. Moneys in the perpetual maintenance account shall be invested by the state investment board in the same manner as other state moneys. Any interest accruing as a result of investment shall accrue to the perpetual maintenance account. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the perpetual maintenance account. The perpetual maintenance account shall be used exclusively for surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations; and

(3) To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director and the state radiation control agency, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities.

Mr. Barnes spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Barnes yielded to question by Mr. Ehlers.

Mr. Ehlers: "In your amendment, why is it necessary for deleting the current language having to do with LBC reviewing and approving unanticipated funds?"

Mr. Barnes: "That review has proven to be a very burdensome thing for the Energy Office. It is the only office, I believe, that is required to do that. Other offices are allowed to go ahead with oversight by the LBC, but not a review, before funds are taken. It has actually cost the loss of at least one grant during the past administration. It's been quite costly also and time-consuming. My staff member, who was formerly Director of the Energy Office, has said that at one time fully one-third of the manpower in the Energy Office was kept busy preparing such review."

Representatives Ehlers, Nelson (D) and Hine spoke against the amendment, and Representatives Tupper and Barnes spoke in favor of it.

The amendment was adopted.

On motion of Mr. Barnes, the following amendment to the title was adopted:

POINT OF PARLIAMENTARY INQUIRY

Mr. Heck: "Mr. Speaker, we've had considerable discussion about the effect of passage of this bill as it relates to Initiative 383. Is it the Chair's opinion that the provisions of this measure would, in fact, amend Initiative 383 as passed by the people of this state?"

The Speaker recessed the House until 1:15 p.m.

AFTERNOON SESSION

The House was called to order at 1:15 p.m. by the Speaker. The Clerk called the roll and all members were present.

SPEAKER'S RULING

The Speaker: "Representative Heck, in answer to your point of parliamentary inquiry, the question asked was whether the bill before us, Engrossed Substitute Senate Bill No. 4182 has the effect of amending Initiative 383. Upon examining the title of this bill and the title of Initiative 383, I find that Initiative 383 added a new chapter to Title 70 RCW and this bill proposes to add a chapter to Title 43 RCW, so it would be my judgment that it does not amend Initiative 383."

The Speaker stated the question before the House to be final passage of Engrossed Substitute Senate Bill No. 4182.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute Senate Bill No. 4182, and the bill passed the House by the following vote: Yeas, 67; nays, 23; not voting, 8.

Vacancies on the committee shall be filled in the same manner as the original appointment to that position.

If the protest is heard by a committee or officer, the committee or officer shall make recommendations to the county legislative authority which shall either adopt or reject the recommendations of the committee or officer. If a hearing is held before such a committee or officer, it shall not be necessary to hold a hearing on the assessment roll before such legislative authority: PROVIDED, That any county providing for an officer to hear such protests shall adopt an ordinance providing for an appeal from a decision made by the officer that any person protesting his or her assessment may make to the legislative authority. If the governing body orders the creation of such consolidated road improvement districts, the money received from the installment payments of the principal of and interest on assessments levied within original road improvement districts shall be deposited in a consolidated road improvement district bond redemption fund to be used to redeem outstanding consolidated road improvement district bonds. The issuance of bonds of a consolidated road improvement district shall not change the number of assessment installments in the original road improvement districts, but such bonds shall run two years longer than the longest assessment installment of such original districts.

Sec. 19. Section 9, chapter 30, Laws of 1970 ex. sess. and RCW 36.89.100 are each amended to read as follows:

Any ~~((board-of))~~ county ~~((commissioners))~~ legislative authority may authorize the issuance of revenue bonds to finance any storm water control facility. Such bonds may be issued by the board in the same manner as prescribed in RCW 36.67.510 through 36.67.570.

Revenue bonds shall be payable from the revenues of the storm water control facility being financed by the bonds, a system of these facilities and, if so provided, from special assessments, installments thereof, and interest and penalties thereon, levied in one or more utility local improvement districts authorized by this 1981 act.

NEW SECTION. Sec. 20. There is added to chapter 36.89 RCW a new section to read as follows:

AN ACT Relating to revenue and taxation.

To committee on Revenue

HOUSE JOINT MEMORIAL NO. 18, by Representatives Nisbet, Owen, Wilson, Nelson (D), Houchen, Winsley, Becker, Wang, Brown and Rinehart:

Requesting congressional support for local control and less federal government interference with regard to an oil pipeline in Washington state.

To Committee on Local Government

REPORT OF STANDING COMMITTEE

The Speaker stated the question before the House to be the referral of House Bill No. 749 which was on yesterday's fifth order of business.

POINT OF ORDER

Mr. King (R): "House Bill 749 has a minority report signed by six members of the Revenue Committee. House Rule 28 states that the number of members of the Revenue Committee is twelve. House Rule 29(D)(2) states that a majority recommendation of a committee must be signed by a majority of the entire membership of a committee. House Rule 29(D)(6) says the Chairman of the Ways and Means Committee shall be a defacto voting member on all Appropriations and Revenue committees. We recognize that the Chairman of Ways and Means has

the right to be one of the twelve voting members, but we question—and by the way, Mr. Speaker, this is not a partisan question, because members of both parties have signed both the majority and minority reports—however, it is a question of adhering to our rules, and I suggest that Rule 28 is the controlling rule and that a maximum of twelve people can vote on the Revenue Committee at any one time, but there are thirteen eligible members available to cast those twelve votes."

SPEAKER'S RULING

The Speaker: "Representative King, Rule 29(D)(6) does provide that the Chairman of the Ways and Means Committee shall be a defacto voting member on all Appropriations and Revenue committees. The Chairman does have the right to join the committee and vote in addition to the committee that is stated previously in Rule 28. He is not counted as a member of that committee in the numbers, so your point of order of saying there can only be the number of members voting on the committee that are listed in Rule 28, is not well taken."

The Speaker passed House Bill No. 749 to Committee on Rules for second reading.

SECOND READING

HOUSE BILL NO. 174, by Committee on Labor and Economic Development and Representative Mitchell:

The bill was read the second time.

On page 2, line 7 after "planning" insert "or health"

On page 2, line 10 after "contraceptives" insert "or any other legend drugs"

Mr. Padden spoke in favor of the amendments.

POINT OF INQUIRY

Mr. Mitchell yielded to question by Mr. Kreidler.

Mr. Kreidler: "Representative Mitchell, as I read this amendment, it's interesting that an issue was raised about the pharmacists' opposition. As I read this amendment, it would appear to me that opening up this legislation to all legend drugs and adding 'health' after 'planning' would eventually turn them into doing all of the duties and responsibilities of a pharmacy in filling prescriptions. I wonder if you could clarify that for me?"

Mr. Mitchell: "I'm glad you've asked this question, Representative Kreidler. Actually, this amendment has two parts. The first part adds the word 'health.' This has a very big impact on the health care process in our state. The present bill is written to confine it just to the family clinics—parenthood clinics—and if you put in the word 'health,' it would include all health clinics in the state. If you want to really kill this bill, I would recommend you vote for it. I am very much opposed to it. Also, I believe it is out of scope and object because the bill addresses planned family clinics; it does not address, at all, health clinics. The amendment, in my mind, is rather ridiculous because it would allow nonprofessionals to dispense legend or prescription drugs the same as an M.D. or a pharmacist. That means that a nonprofessional could dispense antibiotics, tranquilizers, pain killers and diuretics. I urge the defeat of these amendments."

Representatives Lewis and Mitchell spoke in opposition to the amendments, and Mr. Padden spoke again in favor of them.

The amendments were not adopted.

There being no objection, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Mr. Padden spoke against passage of the bill, and Mr. Lewis spoke in favor of it.

Mr. Padden spoke again in opposition to the bill, and Mr. Mitchell spoke in favor of it.

I'm concerned in the area of drug trafficking enforcement. Would this bill permit the Attorney General to assist either the Diversion and Investigation Unit of the Board of Pharmacy or the present Drug Trafficking Enforcement Unit under the State Patrol or the possible drug control assistance units to also request the Attorney General to assist and prosecute drug traffickers?"

Mr. Ellis: "Representative Tilly, the answer is yes. There is nothing in this measure that would prevent the Drug Enforcement Policy Review Board or any other unit or person from making a request of the Attorney General and providing him with information about drug trafficking or other crimes. As a practical matter, then the Attorney General would simply go to the Governor or the county prosecutor or the DCIU oversight Committee to assist, officially request the Attorney General to act. On an informational basis, certainly, it could be done."

SUBSTITUTE SENATE BILL NO. 3344, by Committee on Ways and Means (originally sponsored by Senators McDermott, Scott, Gaspard, Kiskaddon, Goltz, Wojahn, Bauer, Zimmerman and Fleming):

Allocating funds for facilities for the handicapped.

The bill was read the second time.

Committee on Appropriations - Human Services recommendation: Majority, do pass as amended. (For amendment, see Journal, 85th Day, April 6, 1981.)

Mr. Nisbet moved adoption of the committee amendment, and spoke in favor of it.

POINT OF PRIVILEGE

Mr. Nisbet: "To explain to the members of the body exactly what action has been taken as far as Referendum 37 is concerned, we went back in preparing the amendment you have before you, studying Referendum 37, which states that the money is for the specific projects for '...the planning, acquisition, construction, renovation, improvement and equipping of regional and community facilities for the care, training and rehabilitation of persons with sensory, physical or mental handicaps, in accordance with chapter 43.99C RCW.' This is Referendum 37. With that guidance in mind, we examined the large number of projects that had been submitted through the process that brought them back to the legislature. As you no doubt remember, Referendum 37 was a rather unusual approach to allocating bonding capacity. Normally we say this is it, the people agree and that becomes fact, but in the case of Referendum 37, it had to come back to the legislature before it was, in fact, authorized to be spent.

"In examining the many projects offered for Referendum 37 money, and going back over the referendum itself, it was agreed upon by the committee that those things of a transient

nature—4-wheel drive pickups, CB sets, television cameras, polaroid cameras, pliers, screwdrivers, things of this nature—were those items that were best provided to the facilities by the local folk. If a van was needed, for example, it's an ideal project for one of our many kind service clubs in the state. We took out the requests that dealt with those items. Next, we went through and removed those that would require operating funds to be provided in addition to what was being provided at the present time. What you now have in front of you is a result of that particular project. It passed out of our committee and we have now prepared a completely new bill which you have before you."

POINT OF PRIVILEGE

Ms. Becker: "Speaking in the same vein as Representative Nisbet, whatever that was, I just want to say for the benefit of my colleagues on this side of the aisle, that I feel, in my opinion, at least, that the guidelines Representative Nisbet selected in this process were appropriate and I think they were fairly and evenly applied, with the exception of some projects that were accidentally overlooked and will be identified in the course of this debate."

POINT OF INQUIRY

Ms. Becker yielded to question by Mr. Barrett.

Mr. Barrett: "Representative Becker, I want to make sure I'm not confused or ignorant on one part. In 1979, the House passed House Bill 740 which really was the bill that required that there be a referendum. Is it the intent of the new bill, as you understand it, that it is a supplement to what was put in the statutes under House Bill 740?"

Ms. Becker: "I don't understand the meaning of your question, Representative Barrett."

Mr. Barrett: "My question is: There should be something in statute now that was put there in 1979 by the action of this House. Is that your understanding? In House Bill 740, which was passed in 1979, is it your understanding that what we have today is a supplement to whatever went into the statutes on the previous bill?"

Ms. Becker: "My understanding, Representative Barrett, would be that House Bill 740 was an act that would be part of the laws of Washington, but that it would require further legislative action to implement it and this bill is that action."

Mr. Thompson moved adoption of the following amendments by Representatives Thompson and Williams to the committee amendment:

On motion of Mr. Wilson, the committee amendment was adopted.

Mr. King (R) moved adoption of the following amendment by Representatives King (R) and Patrick:

Strike everything after the enacting clause and insert the following:

***NEW SECTION.** Section 1. It is the purpose of sections 1 through 6 of this act to prevent strikes by marine employees while preserving their noncivil service status and providing for a fair and impartial arbitration procedure for the resolution of contractual disputes.

NEW SECTION. Sec. 2. Nothing contained in this chapter constitutes a grant of the right to strike by any marine employee or group of marine employees, and such strikes are hereby expressly prohibited.

NEW SECTION. Sec. 3. If no agreement between an employer and the exclusive bargaining representative of marine employees has been reached after a reasonable period of negotiations and mediation, if voluntarily requested by one or both of the parties, and the executive director appointed under RCW 41.58.015 finds that the parties remain at impasse, then an arbitration panel shall be created to resolve the dispute. Within five days following the issuance of the determination of the executive director, each party shall name one person to serve as its arbitrator on the arbitration panel. The two members so appointed shall meet within three days following their appointments to attempt to choose a third member to act as the neutral chairman of the arbitration panel. Upon the failure of the arbitrators to select a neutral chairman within five days, the two appointed members shall use one of the two following options in the appointment of the third member, who shall act as chairman of the panel: (1) By mutual consent, the two appointed members may jointly request the commission, and the commission shall appoint a third member within two days of such request. Costs of each party's appointee shall be borne by each party respectively; other costs of the arbitration proceedings shall be borne by the commission; or (2) either party may apply to the commission, the federal mediation and conciliation service or the American Arbitration Association to provide a list of five qualified arbitrators from which the neutral chairman shall be chosen. Each party shall pay the fees and expenses of its arbitrator, and the fees and expenses of the neutral chairman shall be shared equally between the parties. Neither of these two methods may exceed five additional days.

The arbitration panel so constituted shall promptly establish a date, time, and place for a hearing and shall provide reasonable notice thereof to the parties to the dispute: PROVIDED, That the requirements of chapter 34.04 RCW do not apply to such notice. A hearing, which shall be informal, shall be held, and each party shall have the opportunity to present evidence and make argument. No member of the arbitration panel may present the case for a party to the proceedings. The rules of evidence prevailing in judicial proceedings may be considered, but are not binding, and any oral testimony or documentary evidence or other data deemed relevant by the chairman of the arbitration panel may be received in evidence. A recording of the proceedings shall be taken. The arbitration panel shall have the power to administer oaths, require the attendance of witnesses, and require the production of such books, papers, contracts, agreements, and documents as may be deemed by the panel to be material to a just determination of the issues in dispute. If any person refuses to obey a subpoena issued by the arbitration panel, or refuses to be sworn or to make an affirmation to testify, or any witness, party, or attorney for a party is guilty of any contempt while in attendance at any hearing held hereunder, the arbitration panel may invoke the jurisdiction of the superior court in the county where the labor dispute exists, and such court shall have jurisdiction to issue an appropriate order. Any failure to obey such order may be punished by the court as a contempt thereof. The hearing conducted by the arbitration panel shall be concluded within fifteen days following the selection or designation of the neutral chairman of the arbitration panel.

The neutral chairman shall consult with the other members of the arbitration panel and, within fifteen days following the conclusion of the hearing, the neutral chairman shall make written findings of fact and a written determination of the issues in dispute, based on the evidence presented. A copy thereof shall be served on the commission, on each of the other members of the arbitration panel, and on each of the parties to the dispute. That determination shall be final and binding upon both parties, subject to review by the superior court upon the application of either party solely upon the question of whether the decision of the panel was arbitrary or capricious.

Nothing in this section shall be construed to prohibit an employer and an exclusive bargaining representative from agreeing to substitute a different method to be used by the arbitration panel in reaching its decision such as a final offer package or an issue by issue arbitration system.

NEW SECTION. Sec. 4. In making its determination, the panel shall be mindful of the legislative purpose enumerated in section 1 of this act and as additional standards or guidelines to aid it in reaching a decision, it shall take into consideration the following factors:

- (1) The constitutional and statutory authority of the employer;
- (2) Stipulations of the parties;
- (3) Comparison of the wages, hours, and conditions of employment of the marine employees involved in the proceedings with the wages, hours, and conditions of employment of marine employees in comparable jurisdictions in the public and private sectors;
- (4) Such other factors, not confined to the foregoing, which are normally or traditionally taken into consideration in the determination of wages, hours, and conditions of employment.

NEW SECTION. Sec. 5. During the pendency of the proceedings before the arbitration panel, existing wages, hours, and other conditions of employment shall not be changed by action of either party without the consent of the other, but a party may so consent without prejudice to the party's rights or position under sections 1 through 6 of this act.

NEW SECTION. Sec. 6. If the representatives of either or both the exclusive bargaining agent and the employer refuse to submit to the procedures set forth in section 3 of this act, the parties, or the commission on its own motion, may invoke the jurisdiction of the superior court for the county where the labor dispute exists, and such court shall have jurisdiction to issue an appropriate order. A failure to obey such order may be punished by the court as a contempt thereof. A decision of the arbitration panel shall be final and binding

on the parties, and may be enforced at the instance of either party, the arbitration panel or the commission in the superior court for the county where the labor dispute exists.

NEW SECTION, Sec. 7. The provisions of sections 1 through 6 of this act relating to marine employees are intended to be additional to other remedies and shall be liberally construed to accomplish their purpose. If any provision of sections 1 through 6 of this act conflicts with any other statute, ordinance, rule, or regulation as it relates to marine employees, the provisions of sections 1 through 6 of this act shall control.

Sec. 8. Section 1, chapter 39, Laws of 1970 ex. sess. as last amended by section 2, chapter 125, Laws of 1979 and RCW 41.05.010 are each amended to read as follows:

Unless the context clearly indicates otherwise, words used in this chapter have the following meaning:

(1) 'Board' means the state employees' insurance board established under the provisions of RCW (~~41-05-020~~) 41.05.025.

(2) 'Employee' shall include all full time and career seasonal employees of the state, a county, a municipality, or other political subdivision of the state, whether or not covered by civil service, other than any person defined as an employee under RCW 47.64.010; elected and appointed officials of the executive branch of government, including full time members of boards, commissions, or committees; and shall include any or all part time and temporary employees under the terms and conditions established by the board; justices of the supreme court and judges of the court of appeals and the superior courts; and members of the state legislature or of the legislative authority of any county, city, or town who are elected to office after February 20, 1970.

(3) 'Panel medicine plan' means a health care plan which can be offered by a health care service contractor which itself furnishes the health care service contracted for by means of a group practice prepaid medical care plan, and also includes a health maintenance organization holding a valid certificate of registration under chapter 48.46 RCW.

(4) 'Trustee' shall mean the director of personnel.

NEW SECTION, Sec. 9. Sections 1 through 7 of this act are added to chapter 47.64 RCW.

NEW SECTION, Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

SENATE AMENDMENT TO HOUSE BILL

The House resumed consideration of the Senate amendments to SUBSTITUTE HOUSE BILL NO. 467.

SPEAKER'S RULING

The Speaker: "Representative Nisbet, your point of order is pending. The Speaker has examined the bill and finds that section 1 is a statement of intent stating the findings of the legislature. It's continually expressed throughout that section, 'that the legislature finds,' 'the legislature further finds,' and so forth. The amendment adopted by the Senate states 'the legislature further finds, etc.' That turns out to be nearly a verbatim restatement of present law under 80.50.040 RCW(13), which, in the Speaker's opinion, would merely restate the findings of the legislature in directing the purposes of this act. Therefore, I would find that the Senate amendment is within the scope and object of Substitute House Bill No. 467. Your point of order is not well taken."

The Speaker stated the question before the House to be the motion that the House do concur in the Senate amendments to Substitute House Bill No. 467.

Mr. Barnes spoke in favor of the motion.

MOTION

On motion of Mr. Nisbet, the question was divided.

The House concurred in the Senate amendment to page 1, line 19.

Mr. Barnes moved that the House do concur in the Senate amendment to page 2, line 1.

Representatives Barnes, Barr and Padden spoke in favor of the motion, and Representatives Nisbet, Houchen and Bond spoke against it.

POINT OF INQUIRY

Mr. Barnes yielded to question by Ms. Houchen.

Ms. Houchen: "Would this amendment really affect the coal-fired plants? I think not, but I would like your opinion."

Mr. Barnes: "Adoption of the amendment would not because the FSEC decision has been made on the coal-fired plants, however, losing the bill would, because there is litigation going on now and probably will be in the future with any generating facility. If we lose the bill, then with this plant and others, the appeals procedure will not be expedited as this bill intends."

Ms. Houchen again opposed the motion to concur in the amendment.

ROLL CALL

The Clerk called the roll on the motion that the House concur in the Senate amendment to page 2, line 1 of Substitute House Bill No. 467, and the motion was carried by the following vote: Yeas, 56; nays, 40; not voting, 2.

A., Nickell, Padden, Patrick, Prince, Sanders, Schmidt, Scott, Smith, Sprague, Stratton, Struthers, Taylor, Valle, Vander Stoep, Warnke, Williams, and Mr. Speaker.

SENATE AMENDMENT TO HOUSE BILL

April 14, 1981

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 719 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Section 1. The legislature has reason to believe there seemingly exists in the Washington state educational structure at present a lack of coordination between institutions, a weak response to the progressive academic and vocational needs of students, an unclear statement as to roles and missions, an inconsistency between programs, duplications of effort, and inefficient uses of public dollars. The possibilities for improving this structure require comprehensive examination.

The current structure has evolved into several separate and distinct educational components: The kindergarten through grade twelve system, the community college system, the four year colleges and universities system, the vocational technical institute system, and educational instruction within other state institutions; outside of the state systems, but of much importance, are the private and proprietary schools.

Accountability in education should be equally applicable to all levels of instruction. The assessments of student achievement, what constitutes good instruction, and the responsibilities of management, should be public knowledge and publicly controlled in all segments of education funded by state taxes. The needs of the student, the product of the educational system, are paramount.

Therefore, it is the intent of this act to investigate thoroughly the entire educational complex in Washington state.

A review of the educational complex is merited so that the legislative and administrative branches of government and the public may consider these and other issues: Coordination, needs of students and response to those needs; the role and missions of the components, educational diversity and independence; obstacles to orderly student progression; open access; efficiency; duplication; accreditation; graduation and entrance requirements from high school to postsecondary; efficient uses of public dollars; ways to improve the system possibly through managerial reorganization or combining of components; accountability of the various levels; student achievement; and a determination of what constitutes good instruction.

NEW SECTION. Sec. 2. There is hereby created the Temporary Committee on Educational Policies, Structure and Management which shall consist of thirteen citizen members, appointed by the governor, each of whom shall apply for membership and demonstrate his or her concern and interest in the education of all children, one member from each political party of the house of representatives, appointed by the speaker of the house, and one member from each political party of the senate, appointed by the president of the senate.

The temporary committee shall undertake a general review of Washington education, its strengths and areas needed for improvement, and make a report on its findings to the governor, the legislature and the citizens of the state.

In addition to the examination of those questions raised in section 1 of this act, this review shall include:

- (1) An emphasis on the educational progression of the student;
- (2) An examination of the current educational components with particular attention directed to their interrelationships, obstacles to student mobility and progression, and how the system or its components might be improved;
- (3) Examination of the educational goals of the components and a determination of their intended interrelationships;

MOTION

Mr. Taylor moved that the House do concur in the Senate amendments to Engrossed House Bill No. 719.

Representatives McDonald and Taylor spoke in favor of the motion, and Representatives Lane, Teutsch and Tupper spoke against it.

POINT OF ORDER

Ms. Teutsch: "Mr. Speaker, I question whether or not this amendment falls under the scope and object of this bill."

SPEAKER'S RULING

The Speaker: "The Speaker finds, in examining Engrossed House Bill No. 719, that the original bill was an act relating to the citizens study commission on school finance and setting out its powers and duties and providing for the expiration of such commission. I find that the Senate amendment includes a title amendment which strikes the citizens study commission on school finance and inserts a different title for the commission. It changes the object of the bill from one dealing with the public schools and expands it to cover all of education, K-12 and higher education, and in my judgment, it would greatly expand the object of the bill and it would change the title of the bill, therefore, the Senate amendment is beyond the scope and object."

Engrossed House Bill No. 719 was rereferred to Committee on Education.

POINT OF PARLIAMENTARY INQUIRY

Mr. Heck: "Mr. Speaker, is it therefore established by this ruling that points of order can be raised on amendments at any point during the discussion and debate on them?"

The Speaker: "No, that is not established by that ruling."

Mr. Heck: "Mr. Speaker, Reed's Rule 112 states that the objection to present action must be presented before consideration has been entered upon. After debate has begun—and I believe we had engaged in debate on concurrence of this amendment—or other action has been taken, it is too late."

The Speaker: "Representative Heck, we showed you that part of Reed's while you were up here and explained that it didn't apply in this case. If I can draw your attention to Reed's Rule 168, which says in part, '...questions of personal privilege relating to the assembly.' Which is what I believe happened in this case."

On page 3, after line 25 add a new section as follows:

Renumber the remaining section consecutively.

and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

MOTION

On motion of Mr. Isaacson, the House concurred in the Senate amendments to House Bill No. 664.

FINAL PASSAGE OF HOUSE BILL AS AMENDED BY SENATE

The Speaker stated the question before the House to be the final passage of House Bill No. 664 as amended by the Senate.

Ms. Leonard spoke in favor of passage of the bill, and Mr. Nelson (D) spoke against it.

ROLL CALL

The Clerk called the roll on the final passage of House Bill No. 664 as amended by the Senate, and the bill passed the House by the following vote: Yeas, 72; nays, 25; not voting, 1.

Voting yea: Representatives Addison, Amen, Barnes, Barr, Barrett, Bender, Berleen, Bickham, Bond, Brown, Cantu, Chamberlain, Chandler, Clayton, Dawson, Dickie, Eberle, Ehlers, Ellis, Erickson, Fancher, Fiske, Flanagan, Galloway, Garson, Granlund, Greengo, Grimm, Hankins, Hastings, Heck, Houchen, Isaacson, James, Johnson, Lane, Leonard, Lewis, Lundquist, Martinis, McCormick, McDonald, McGinnis, Mitchell, Nelson G. A., Nickell, Nisbet, North, Owen, Padden, Patrick, Prince, Pruitt, Rosbach, Salatino, Sanders, Schmidt, Smith, Sprague, Struthers, Taylor, Teutsch, Tilly, Tupper, Van Dyken, Vander Stoep, Walk, Warnke, Williams, Wilson, Winsley, and Mr. Speaker.

Voting nay: Representatives Becker, Brekke, Burns, Eng, Erak, Gallagher, Garrett, Gruger, Hine, King J., King R., Kreidler, Lux, Maxie, Monohon, Nelson D., Rinehart, Rust, Scott, Sherman, Sommers, Stratton, Thompson, Valle, Wang.

Not voting: Representative O'Brien.

House Bill No. 664 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SENATE BILL NO. 3240:

The House resumed consideration of the bill on second reading.

The Speaker stated the question before the House to be the point of order raised by Representative Ehlers regarding the amendment by Representative Ellis.

SPEAKER'S RULING

The Speaker: "The Speaker has examined House Rule 14B, which requires amendments to be germane. In examining Reed's Rules, much the same is restated. It is impossible to lay down any precise rule on this subject, and much depends on the good sense of the presiding officer. I find that the original bill deals with the duties and powers of the State Board of Education. It begins in section 1 with 'In addition to any other powers and duties as provided by law, the state board of education shall...' and proceeds through eleven different items that the State Board of Education shall be empowered to do. Although the bill has the express purpose of deleting one of those powers, it is dealing broadly with the duties of the State Board of Education. The amendment offered by Representative Ellis adds another duty to the State Board of Education and then proceeds to define the requirements of that duty. Therefore, under the Speaker's opinion, the amendment by Representative Ellis is within the scope and object of the bill."

Mr. Ellis spoke in favor of the amendment, and Ms. Galloway spoke against it.

POINT OF INQUIRY

Mr. Ellis yielded to question by Mr. McGinnis.

Mr. McGinnis: "Representative Ellis, it is my understanding that some of the main proponents of this bill are the Catholic education community, the Lutheran Education community

and some of the more traditional Christian schooling institutions in this state, and that they want this bill in order to retain the right to easily have access to state accreditation and they don't want to have the lack of ability to ask the state to accredit and certify their schools, basically because they are using that in terms of helping themselves in selling parents. Is that true or false?"

Mr. Ellis: "Representative McGinnis, you accurately describe the support of these organizations which we indicated before. These groups, including the Montessori school system, are members of the Washington Federation of Independent Schools who have asked for this legislation. They do not intend to exempt out of approval. They want to continue the approval process, but they recognize the rights of these people and have asked that, based on our historic freedoms of religion in this country, they be granted this exemption. The answer is yes."

Mr. McGinnis spoke in favor of the amendment, and Mr. Ehlers spoke against it.

Mr. McGinnis spoke again in favor of the amendment.

POINT OF INQUIRY

Mr. Lux asked Mr. Ellis to yield to question, and Mr. Ellis refused to yield.

A division was called on the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Ellis to page 3 of Senate Bill No. 3240, and the amendment was adopted by the following vote: Yeas, 54; nays, 41; not voting, 3.

Voting yea: Representatives Addison, Barnes, Barr, Bender, Berleen, Bickham, Bond, Cantu, Chamberlain, Chandler, Dickie, Eberle, Ellis, Erickson, Fancher, Fiske, Flanagan, Greengo, Grimm, Hastings, Heck, Hine, Houchen, Isaacson, James, Johnson, Lane, Leonard, Lewis, Lundquist, Martinis, McCormick, McDonald, McGinnis, Mitchell, Nelson G. A., Nickell, Nisbet, North, Padden, Patrick, Rosbach, Sanders, Schmidt, Scott, Smith, Sprague, Stratton, Struthers, Taylor, Tilly, Van Dyken, Warnke, and Mr. Speaker.

Voting nay: Representatives Amen, Barrett, Becker, Brekke, Brown, Burns, Clayton, Dawson, Ehlers, Eng, Erak, Gallagher, Galloway, Garrett, Garson, Granlund, Gruger, Hankins, King J., King R., Kroidler, Lux, Maxie, Monohon, Nelson D., Owen, Prince, Pruitt, Rinehart, Rust, Salatino, Sherman, Sommers, Thompson, Tupper, Valle, Vander Stoep, Walk, Wang, Williams, Wilson.

Not voting: Representatives O'Brien, Teutsch, Winsley.

Ms. Sommers moved adoption of the following amendment by Representatives Sommers, McDonald, Taylor and Galloway:

On page 3, after line 35 add new sections as follows:

Sec. 3. Section 1, chapter 95, Laws of 1979 and RCW 28A.58.800 are each amended to read as follows: RCW 28A.58.800 through 28A.58.810 shall be known and cited as 'The Transitional Bilingual Instruction Act of 1979'. ((The legislature finds that there are large numbers of children who come from homes where the primary language is other than English. Experience has shown that classes which are taught in English are inadequate to meet the needs of these children. The legislature finds that a bilingual education program can meet the needs of these children.)) Pursuant to the policy of this state to insure equal educational opportunity to every child ((in this state)), it is the purpose of RCW 28A.58.800 through 28A.58.810 to provide for the implementation of ((bilingual education)) special instruction to improve proficiency in English programs in the public schools, and to provide supplemental financial assistance to help ((local school districts to)) meet the extra costs of these programs.

Sec. 4. There is added to chapter 95, Laws of 1979 and to chapter 28A.58 RCW a new section to read as follows:

The legislature finds that a thorough command of English is a cornerstone of equal opportunity. Historically, the public school system has served to integrate newcomers by teaching our common language. It shall be the policy of this state to provide special instruction to improve proficiency in English to students not fluent in English.

Sec. 5. Section 2, chapter 95, Laws of 1979 and RCW 28A.58.802 are each amended to read as follows: As used in RCW 28A.58.800 through 28A.58.810, unless the context thereof indicates to the contrary:

(1) 'Transitional bilingual instruction' means ((a system of instruction which uses two languages, one of which is English, as a means of instruction to build upon and expand language skills to enable the pupil to achieve competency in English. Concepts and information are introduced in the primary language and reinforced in the second language. PROVIDED, That the program shall include testing in the subject matter in English.)) special instruction to improve proficiency in English. Such a program may include instruction in a student's primary language, but shall emphasize intensive English instruction and a rapid transition of the student to instruction in English.

(2) 'Primary language' means the language most often used by the student for communication in his/her home.

(3) 'Eligible pupil' means any enrollee of the school district whose primary language is other than English and whose English language skills are sufficiently deficient or absent to impair learning (~~when taught only in English~~), but shall not include pupils who are equally or almost equally competent in English and other languages.

Sec. 6. Section 3, chapter 95, Laws of 1979 and RCW 28A.58.804 are each amended to read as follows:
Every school district board of directors shall:

(1) Make available to each eligible pupil (~~the bilingual instruction~~) special instruction to improve proficiency in English in accord with rules of the superintendent of public instruction (~~PROVIDED, That such rules shall provide that any school district with a limited number of pupils of the same non-English dominant language shall not be required to activate a new bilingual program but may carry on an alternative instructional program utilizing resources available to the district~~).

(2) Wherever feasible, ensure that communications to parents emanating from the schools shall be appropriately bilingual for those parents of pupils in the (~~bilingual instruction~~) program.

(3) Annually determine (~~by administration of a test approved by the superintendent of public instruction~~) the number of eligible pupils enrolled in the school district.

(4) Provide in-service training for all teachers, counselors, and other staff, who are involved in (~~bilingual education~~) the program within the district. Such training shall include appropriate instructional strategies for children of culturally different backgrounds, use of curriculum materials, and (~~bilingual~~) program models.

Sec. 7. Section 4, chapter 95, Laws of 1979 and RCW 28A.58.806 are each amended to read as follows:

Every school district board of directors may appoint, maintain, and receive recommendations from an advisory committee of persons including parents whose children are in the (~~bilingual instruction~~) special instruction to improve proficiency in English program, (~~and bilingual~~) program teachers and other staff members.

Sec. 8. Section 5, chapter 95, Laws of 1979 and RCW 28A.58.808 are each amended to read as follows:

The superintendent of public instruction (~~shall~~) may prepare and issue (~~prior to September, 1979; program development~~) guidelines to assist school districts in preparing their programs. Rules for implementation of this (~~bilingual instruction~~) special instruction to improve proficiency in English shall be promulgated by the superintendent of public instruction in accordance with chapter 34.04 RCW (~~no later than May 15, 1980~~). Such guidelines and rules shall maximize the role of school districts in selecting programs appropriate to meet needs of eligible pupils.

Sec. 9. Section 6, chapter 95, Laws of 1979 and RCW 28A.58.810 are each amended to read as follows:

The superintendent of public instruction shall prepare and submit biennially to the governor and the legislature a budget request for (~~bilingual instruction~~) special instruction to improve proficiency in English programs. Moneys appropriated by the legislature for the purposes of RCW 28A.58.800 through 28A.58.810 shall be allocated by the superintendent of public instruction to school districts for the sole purpose of operating (~~an approved bilingual instruction program;~~) such programs. Priorities for funding shall exist for the early elementary grades. No moneys shall be allocated pursuant to this section to fund more than (~~three school years of bilingual instruction~~) two years of special instruction to improve proficiency in English for each eligible pupil within a district (~~PROVIDED, That such moneys may be allocated to fund more than three school years of bilingual instruction for any pupil who fails to demonstrate improvement in English language skills adequate to remove impairment of learning when taught only in English~~). (~~The superintendent of public instruction shall set standards and approve a test for the measurement of such English language skills~~) In cases where the district can demonstrate that a pupil has failed to improve English skills sufficient to accomplish a transition to instruction in English, moneys may be allocated to fund up to one additional year of special instruction for such pupil. Any request for funds for instruction beyond this additional period shall be provided only after personal approval of the superintendent of public instruction. School districts are hereby empowered to accept grants, gifts, donations, devices and other gratuities from private and public sources to aid in accomplishing the purposes of RCW 28A.58.800 through 28A.58.810."

Renumber the remaining sections consecutively.

POINT OF ORDER

Mr. Ehlers: "I raise the point of order, Mr. Speaker, on scope and object. On your previous ruling on the same bill you ruled that the bill had to do with the responsibilities of actions of the State Board of Education, and this amendment deals with a course of study for the various school districts and on the basis of your previous ruling, it is clearly outside the scope and object."

SPEAKER'S RULING

The Speaker: "The bill does deal with the duties and powers of the State Board of Education, and in examining the amendment by Representative Sommers, I find that the amendment deals with a course of instruction and gives instruction to the Superintendent of Public Instruction and local school districts, but does not deal with the powers and duties of the State Board of Education. I would find that your point of order is well taken and the amendment is beyond the scope and object of the bill."

Mr. Tilly moved adoption of the following amendment by Representatives Tilly, Dickie, Erak, Johnson, Valle and McDonald:

On page 3, after line 26 insert the following:

"Sec. 2. Section 1, chapter 90, Laws of 1975-'76 2nd ex. sess. as amended by section 1, chapter 305, Laws of 1977 ex. sess. and RCW 28A.58.090 are each amended to read as follows:

Every school district board of directors, being accountable to the citizens within its district as to the education offered to the students therein, on or before September 1, 1977, for grades kindergarten through eight, and on or before September 1, 1978, for grades nine through twelve, by rule and regulation, shall develop a program identifying student learning objectives for their district in the areas of language arts, reading, and math, and initiate implementation of such program on or before September 1, 1978, for grades kindergarten through eight, and on or before September 1, 1981, for grades nine through twelve: PROVIDED, That such student learning objectives for grades kindergarten through eight shall be reviewed by the superintendent of public instruction and a report of such review shall be submitted to the legislature on or before January 31, 1978: PROVIDED FURTHER, That the school district must evidence community participation in defining the objectives of such a program. Such program of student learning objectives shall assure that the district's resources in such educational program, such as money, facilities, time, materials and personnel, shall be utilized so as to provide both economies in management and operation, and quality education in the aforesaid areas and courses(~~PROVIDED FURTHER, That such learning objectives shall be measurable as to the actual student attainment; student attainment shall be locally assessed annually and the student learning objectives program shall be reviewed at least every two years.~~

The state board of education shall examine the programs in each school district in the state for reasons of program approval as required in accordance with RCW 28A.41.130, as now or hereafter amended)).

School districts may obtain assistance in carrying out their duties under this section from the educational service district of which they are a part."

Renumber the remaining sections consecutively.

POINT OF ORDER

Mr. Ehlers: "Mr. Speaker, I would raise a point of order that this amendment is also outside the scope and object, consistent with the previous ruling you just made on Representative Sommers' amendment."

SPEAKER'S RULING

The Speaker: "The Speaker finds that the amendment does not deal with the same sections of the Code that the bill deals with and does not deal with the subject of the duties and powers of the State Board of Education, but rather is dealing with the students' learning objectives program, which is the subject of legislation in previous years and, therefore, your point of order is well taken, and it is beyond the scope and object of the bill."

On motion of Mr. Ellis, the following amendment to the title was adopted:

On page 1, line 4 of the title, after "28A.04.120;" insert "amending section 2, chapter 10, Laws of 1972 ex. sess. as last amended by section 1, chapter 59, Laws of 1980 and RCW 28A.27.010; adding a new section to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.02 RCW;"

MOTION

Mr. Hastings moved that the rules be suspended, the second reading considered the third, and Senate Bill No. 3240 as amended by the House be advanced to final passage.

A division was called.

ROLL CALL

The Clerk called the roll on the motion to suspend the rules and advance Senate Bill No. 3240 as amended by the House to final passage, and the motion was carried by the following vote: Yeas, 54; nays, 42; not voting, 2.

Voting yea: Representatives Addison, Amen, Barnes, Barr, Berleen, Bickham, Bond, Cantu, Chamberlain, Chandler, Clayton, Dickie, Eberle, Ellis, Fancher, Fiske, Flanagan, Garrett, Greengo, Hankins, Hastings, Heck, Houchen, Isaacson, James, Johnson, Lane, Leonard, Lewis, Lundquist, McCormick, McDonald, McGinnis, Mitchell, Monohon, Nelson G. A., Nickell, Nisbet, North, Padden, Patrick, Rosbach, Sanders, Schmidt, Smith, Sprague, Struthers, Taylor, Tilly, Tupper, Van Dyken, Warnke, Wilson, and Mr. Speaker.

Voting nay: Representatives Barrett, Becker, Bender, Brekke, Brown, Burns, Dawson, Ehlers, Eng, Erak, Erickson, Gallagher, Galloway, Garson, Granlund, Grimm, Gruger, Hine, King J., King R., Kreidler, Lux, Martinis, Maxie, Nelson D., Owen, Prince, Pruitt, Rinehart, Rust, Salatino, Scott, Sherman, Sommers, Stratton, Thompson, Valle, Vander Stoep, Walk, Wang, Williams, Winsley.

Not voting: Representatives O'Brien, Teutsch.

Senate Bill No. 3240 as amended by the House was passed to Committee on Rules for third reading.

MOTION

On motion of Mr. Nelson (G), the House reverted to the fifth order of business.

Sec. 2. Section 14, chapter 231, Laws of 1971 ex. sess. as amended by section 137, chapter 158, Laws of 1979 and RCW 46.12.290 are each amended to read as follows:

The provisions of chapter 46.12 RCW insofar as they are not inconsistent with the provisions of this 1971 amendatory act shall apply to mobile homes regulated by this 1971 amendatory act: PROVIDED, That RCW 46.12.080(~~-46.12.090;~~) and 46.12.250 through 46.12.270 shall not apply to mobile homes: PROVIDED FURTHER, That in order to lawfully transfer ownership of a community mobile home, both spouses must sign the title certificate. In addition, the director of licensing shall have the power to adopt such rules and regulations as he deems necessary to implement the provisions of chapter 46.12 RCW as they relate to mobile homes.

Sec. 3. Section 2, chapter 22, Laws of 1977 ex. sess. as amended by section 1, chapter 152, Laws of 1980 and RCW 46.44.170 are each amended to read as follows:

(2) A special permit issued as provided in subsection (1) of this section for the movement of any mobile home shall not be valid until the county treasurer of the county in which the mobile home is located shall endorse or attach thereto his certificate that all property taxes due upon the mobile home being moved have been satisfied: PROVIDED, That endorsement or certification by the county treasurer is not required when a mobile home is to enter the state, is being moved to safe storage under the provisions of section 7 of this 1981 act, or is being moved from a manufacturer or distributor to a retail sales outlet or directly to the purchaser's designated location or between retail and sales outlets. It shall be the responsibility of the owner of the mobile home or his agent to obtain such endorsement from the county treasurer.

(3) Nothing herein should be construed as prohibiting the issuance of vehicle license plates for a mobile home, but no such plates shall be issued unless the mobile home for which such plates are sought has been listed for property tax purposes in the county in which it is principally located and the appropriate fee for such license has been paid.

(4) The department of transportation and local authorities are authorized to adopt reasonable rules for implementing the provisions of this section.

Sec. 4. Section 3, chapter 279, Laws of 1977 ex. sess. as last amended by section 3, chapter 152, Laws of 1980 and RCW 59.20.030 are each amended to read as follows:

For purposes of this chapter:

(1) 'Abandoned' as it relates to a mobile home owned by a tenant in a mobile home park, mobile home park cooperative, or mobile home park subdivision or tenancy in a mobile home lot means the tenant has defaulted in rent and by absence and by words or actions reasonably indicates the intention not to continue tenancy;

(2) 'Landlord' means the owner of a mobile home park and includes the agents of a landlord;

~~((2))~~ (3) 'Mobile home lot' means a portion of a mobile home park designated as the location of one mobile home and its accessory buildings, and intended for the exclusive use as a primary residence by the occupants of that mobile home;

~~((3))~~ (4) 'Mobile home park' means any real property which is rented or held out for rent to others for the placement of two or more mobile homes for the primary purpose of production of income, except where such real property is rented or held out for rent for seasonal recreational purpose only and is not intended for year-round occupancy;

(5) 'Mobile home park cooperative' means real property consisting of common areas and two or more lots held out for placement of mobile homes in which both the individual lots and the common areas are owned by an association of shareholders which leases or otherwise extends the right to occupy individual lots to its own members;

(6) 'Mobile home park subdivision' means real property, whether it is called a subdivision, condominium, or planned unit development, consisting of common areas and two or more lots held for placement of mobile homes in which there is private ownership of the individual lots and common, undivided ownership of the common areas by owners of the individual lots;

~~((4))~~ (7) 'Tenant' means any person, except a transient, who rents a mobile home lot; and

~~((5))~~ (8) 'Transient' means a person who rents a mobile home lot for a period of less than one month for purposes other than as a primary residence.

Sec. 5. Section 4, chapter 279, Laws of 1977 ex. sess. as amended by section 2, chapter 186, Laws of 1979 ex. sess. and RCW 59.20.040 are each amended to read as follows:

This chapter shall regulate and determine legal rights, remedies, and obligations arising from any rental agreement between a landlord and a tenant regarding a mobile home lot and including specified amenities within the mobile home park, mobile home park cooperative, or mobile home park subdivision, where the tenant has no ownership interest in the property or in the association which owns the property, whose uses are referred to as a part of the rent structure paid by the tenant. All such rental agreements shall be unenforceable to the extent of any conflict with any provision of this chapter. Chapter 59.12 RCW shall be applicable only in implementation of the provisions of this chapter and not as an alternative remedy to this chapter which shall be exclusive where applicable: PROVIDED, That the provision of RCW 59.12.090, 59.12.100, and 59.12.170 shall not apply to any rental agreement included under the provisions of this chapter. RCW 59.18.370 through 59.18.410 shall be applicable to any action of forcible entry or detainer or unlawful detainer arising from a tenancy under the provisions of this chapter, except when a mobile home or a tenancy in a mobile home lot is abandoned. Rentals of mobile homes themselves are governed by the Residential Landlord-Tenant Act, chapter 59.18 RCW.

NEW SECTION. Sec. 6. There is added to chapter 59.20 RCW a new section to read as follows:

SAFE ASSUMPTION OF ABANDONMENT. (1) If a tenant defaults in rent but the landlord is not certain whether the tenant intends to continue tenancy, the landlord may safely assume the tenancy is abandoned if both of the following are done subsequent to default:

(a) The landlord gives written notice to a law enforcement officer that the landlord believes a mobile home is abandoned, stating the reasons for that belief. The law enforcement officer shall obtain the last known names and addresses of registered and legal owners of the mobile home as the names and addresses appear on the records of the department of licensing, and shall supply the information to the landlord without charge; and

(b) The landlord sends by first class and certified mail, return receipt requested, a notice of intent to declare the abandonment to the last known address of the tenant, and registered owner of the mobile home, if different, and no reply is received within four weeks of the mailing of the notice. This notice shall state that if no reply is received within four weeks that the landlord shall determine the tenancy, mobile home, or any other property of the tenant abandoned and subject to sale.

(2) Removal of the mobile home by the tenant, along with default in rent, shall be sufficient to indicate a tenant's intention not to continue tenancy, unless the landlord has actual knowledge of the tenant's contrary intention.

(3) This section is intended to provide landlords assurance that a determination of abandonment is proper in the circumstances, and is not intended to be exclusive or in any way limit the circumstances which may reasonably indicate a tenant's intention not to continue tenancy.

NEW SECTION. Sec. 7. There is added to chapter 59.20 RCW a new section to read as follows:

TAKING POSSESSION. Upon abandonment, the landlord may immediately enter and take possession of any property of the tenant found on the premises and remove the same to and store the same in a reasonably secure place.

NEW SECTION. Sec. 8. There is added to chapter 59.20 RCW a new section to read as follows:

LABOR AND MATERIALMAN'S LIEN GRANTED. Every person performing labor, furnishing material, or renting, leasing, or otherwise supplying equipment to take possession of, move, store and safeguard property which has been abandoned by a tenant has a lien upon the same for the labor performed, material furnished, or equipment furnished. No notice of such lien is required. Foreclosure shall be by the sale provisions of sections 8 through 13 of this act.

NEW SECTION. Sec. 9. There is added to chapter 59.20 RCW a new section to read as follows:

NOTICE. (1) A notice must be mailed by the landlord by first class and certified mail, return receipt requested, within three days after taking possession of the tenant's property to the last known address of the tenant and to the last known addresses of the registered and legal owners supplied to the landlord by the law enforcement officer, if different.

(2) The notice shall state:

- (a) The tenant's name and owner's name if different;
- (b) That the landlord is holding in safe storage property of the tenant;
- (c) A description of the property;
- (d) The location of the property;
- (e) The name and address of the landlord;

(f) That, if the tenant does not reclaim the tenant's property within sixty days after the specified date of default in rent or thirty days after the date this notice is sent, whichever is later, the landlord intends to sell the property stored and apply the proceeds as specified in section 11 of this act; and

(g) The conditions on which the tenant or secured party could reclaim the property as specified in section 13 of this act, with the amounts set out as much as is reasonably practical.

NEW SECTION. Sec. 10. There is added to chapter 59.20 RCW a new section to read as follows:

SALE. (1) The landlord may sell or otherwise dispose of any or all of the property taken possession of and stored by the landlord after the latest of the following:

- (a) Sixty days from the default in rent;
- (b) Thirty days after mailing of the notice prescribed in section 14 of this act;
- (c) After reasonable efforts to locate the absent tenants; and
- (d) Ten days' notice to any secured creditors of the tenant known to the landlord to have security interests in the tenant's property stored by the landlord or discoverable by an information request under RCW 62A.9-407 sent to the department of licensing.

(2) Reasonable efforts to locate the tenants may include, but are not required to include nor limited to including, requesting the whereabouts of the tenants from the tenant's neighbors, known friends, known relatives, and secured creditors known to the landlord or discoverable by an information request under RCW 62A.9-407 sent to the department of licensing.

(3) The property may be sold in its condition 'as is' or following any commercially reasonable preparation for sale. Disposition of the property may be by public or private proceedings and may be as a unit or in parcels and at any time and place and on any terms, but every aspect of the disposition including the method, manner, time, place and terms must be commercially reasonable. Unless the property is a type customarily sold in a recognized market, reasonable notification of the time and place of any public sale or of the time after which any private sale or other intended disposition is to be made shall be sent by the landlord to the tenant if the tenant has replied to the notice sent required in section 6 of this act, and to any person who has a security interest in the property and who has duly filed a financial statement indexed in the name of the tenant in this state, or who is known by the landlord to have a security interest in the tenant's property stored by the landlord. The landlord may buy at any public sale and, if the property is of a type customarily sold in a recognized market or is of a type which is the subject of widely distributed standard price quotations, he may buy at private sale.

(4) The fact that a better price could have been obtained by a sale at a different time or in a different method from that selected by the landlord is not of itself sufficient to establish that the sale was not made in a commercially reasonable manner. If the landlord either sells the property in the usual manner in any recognized market therefor or if he sells at the price current in such market at the time of his sale or if he has otherwise sold in conformity with reasonable commercial practices among dealers in the type of property sold, he has sold in a commercially reasonable manner. The principles stated in the two preceding sentences with respect to sales also apply as may be appropriate to other types of disposition.

NEW SECTION. Sec. 11. There is added to chapter 59.20 RCW a new section to read as follows:

APPLICATION OF PROCEEDS. Any proceeds from the sale may be applied in the following order:

(1) To any reasonable costs of moving, storing, safeguarding, and selling the property;

(2) Any taxes due on the sale of the mobile home under chapter 28A.45 RCW, or the successor thereto, and any other taxes due under chapter 84.52 RCW;

(3) To any secured creditors of the tenant of which the landlord has notice or is discoverable by an information request under RCW 62A.9-407 sent to the department of licensing; and

(4) To any moneys due the landlord as specified in section 14 of this act.

Any excess proceeds from the sale of the property shall be paid to the county treasurer of the county in which the property was abandoned to be credited to the county current expense fund, subject to a claim by the tenant within one year of sale.

NEW SECTION. Sec. 12. There is added to chapter 59.20 RCW a new section to read as follows:

EFFECT OF SALE. When property is disposed of by a landlord under this chapter, the disposition transfers to a purchaser for value all of the tenant's rights therein and discharges any security interest in or lien upon the property. The purchaser takes free of any such rights and interests even if the landlord fails to

comply with the requirements of this chapter or of any judicial proceedings (1) in the case of a public sale, if the purchaser has no knowledge of any defects in the sale and if he does not buy in collusion with the landlord, other bidders, or the person conducting the sale; or (2) in any other case, if the purchaser acts in good faith as defined in RCW 62A.1-201(19).

The director of licensing shall promulgate rules pursuant to chapter 34.04 RCW for the application for and the reissuance of the certificate of title showing ownership of any mobile home sold or otherwise disposed of under the provisions of this chapter.

NEW SECTION. Sec. 13. There is added to chapter 59.20 RCW a new section to read as follows:

REDEMPTION. (1) At any time before the landlord has disposed of property or entered into a contract for its disposition under this chapter, the tenant, unless otherwise agreed in writing, may redeem the property by tendering to the landlord fulfillment of all obligations owed by the tenant to the landlord as set out in section 14 of this act which have accrued up to the date of redemption.

(2) At any time before the landlord has disposed of property or entered into a contract for disposition under this chapter, any person who has a security interest in the property may, unless otherwise agreed in writing, redeem the property by tendering to the landlord:

(a) Any unpaid rent or charges specified in the rental agreement accrued up to the date of redemption; and

(b) The reasonable costs of taking possession, moving, storing, safeguarding, preparing the property for sale, the costs of arranging the sale and selling the tenant's property plus reasonable attorneys' fees and legal expenses incurred taking such actions.

NEW SECTION. Sec. 14. There is added to chapter 59.20 RCW a new section to read as follows:

TENANT'S LIABILITY TO LANDLORD UPON ABANDONMENT. If a tenant abandons a tenancy, the landlord shall make a reasonable effort to mitigate the damages resulting from the abandonment and if such reasonable effort is made, is entitled to the following from the tenant:

(1) When the tenancy is month-to-month, the rent for the thirty days following the earlier of the date the landlord learns of the abandonment or the date the regular monthly rental payment was due, but was unpaid;

(2) When the tenancy is for a term longer than month-to-month, the rent for the remainder of the term, minus all rent received from the re-rental of the lot at a fair rental if there were no other comparable lots vacant elsewhere in the mobile home park, plus all actual costs reasonably incurred by the landlord in re-renting the premises;

(3) For any length term, the reasonable costs of taking possession, moving, storing, safeguarding, preparing the property for sale, the costs of arranging the sale, plus reasonable attorneys' fees and legal expenses incurred taking such actions if not otherwise reimbursed by the provisions of section 11 of this act;

(4) Any other unpaid rent or charges specified in the rental agreement; and

(5) Any damages to the landlord's property caused by the tenant.

NEW SECTION. Sec. 15. There is added to chapter 59.20 RCW a new section to read as follows:

REMEDIES NOT EXCLUSIVE. The remedies specified in sections 6 through 14 of this act are not exclusive and the parties retain the rights to all other actions or remedies otherwise specified in this chapter. If a mobile home park landlord sells a tenant's property as permitted by this chapter and the proceeds from the sale of those goods are insufficient to pay the landlord all that the tenant owes to the landlord, the tenant shall remain liable for the remainder owed.

NEW SECTION. Sec. 16. There is added to chapter 59.20 RCW a new section to read as follows:

REMEDIES FOR NONCOMPLIANCE. If it is established that the landlord is not proceeding in accordance with the provisions of sections 7 through 13 of this act, disposition may be ordered or restrained on appropriate terms and conditions. If the disposition has occurred in violation of this chapter, the tenant or any person entitled to notice has a right to recover from the landlord any loss caused by a failure to comply with the provisions of this chapter.

NEW SECTION. Sec. 17. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

The officer ((so)) releasing a ((juvenile from)) child into the custody of the parent shall inform the parent of the reason for the taking of the ((juvenile)) child into custody and may ((if he or she believes further services may be needed)) inform the ((juvenile)) child and the ((person to whom the juvenile is released)) parent of the nature and location of appropriate services available in their community; or

An officer taking a ((~~juvenile~~)) child into custody under RCW 13.32A.050 may, at his or her discretion, transport the ((~~juvenile~~)) child to the home of a responsible adult who is other than the child's parent where the officer reasonably believes that the child will be provided with adequate care and supervision and that the child will remain in the custody of such adult until such time as the department can bring about the child's return home or an alternative residential placement can be agreed to or determined pursuant to this chapter. An officer placing a ((~~juvenile~~)) child with a responsible adult other than his or her parent shall immediately notify the department's local community service office of this fact and of the reason for taking the ((~~juvenile~~)) child into custody.

A person other than a parent of such ((~~juvenile~~)) child who receives a child pursuant to this chapter and who acts reasonably and in good faith in doing so is immune from civil or criminal liability for the act of receiving such child. (e) Arrange transportation for the child to an alternative residential placement which may include a licensed group care facility or foster family when agreed to by the child and parent at the latter's expense to the extent of his or her ability to pay, with any unmet transportation expenses assumed by the department.

Any such placement may continue as long as there is agreement by the child and parent.

Sec. 9. Section 27, chapter 155, Laws of 1979 and RCW 13.32A.130 are each amended to read as follows:

A child admitted to a crisis residential center under this chapter who is not returned to the home of his or her parent or who is not placed in an alternative residential placement under ~~((RCW 13.32A.090(2)(e)))~~ an agreement between the parent and child, shall, except as provided for by RCW 13.32A.140 and 13.32A.160(2), reside in such placement under the rules and regulations established for the center for a period not to exceed seventy-two hours, excluding Saturdays, Sundays, and holidays, from the ((point)) time of intake, except as otherwise provided by this chapter. Crisis residential center staff shall make a concerted effort to achieve a reconciliation of the family. If a reconciliation and voluntary return of the child has not been achieved within forty-eight hours, excluding Saturdays, Sundays and holidays, from the time of intake, and if the person in charge of the center does not consider it likely that reconciliation will be achieved within the seventy-two hour period, then the person in charge shall inform the parent and child of (1) the availability of counseling services; (2) the right to file a petition for an alternative residential placement and to obtain assistance in filing the petition; and (3) the right to request a review of such a placement. PROVIDED, That at no time shall information regarding a parent's or child's rights be withheld if requested.

Sec. 10. Section 28, chapter 155, Laws of 1979 and RCW 13.32A.140 are each amended to read as follows:

The department shall file a petition to approve an alternative residential placement on behalf of a child under any of the following sets of circumstances:

(1) The child has been admitted to a crisis residential center or has been placed with a responsible person other than his or her parent, and:

(a) The parent has been notified that the child was so admitted or placed;

(b) Seventy-two hours, including Saturdays, Sundays, and holidays, have passed since such notification;

(c) No agreement between the parent and the child as to where the child shall live has been reached;

(d) No petition requesting approval of an alternative residential placement has been filed by either the child or parent or legal custodian; and

(e) The child has no suitable place to live other than the home of his or her parent.

(2) The child has been admitted to a crisis residential center ~~((or placed with a responsible adult other than his or her parent;))~~ and:

(a) Seventy-two hours, including Saturdays, Sundays, and holidays, have passed since such placement;

(b) The staff, after searching with due diligence, have been unable to contact the parent of such child; and

(c) The child has no suitable place to live other than the home of his or her parent.

(3) An agreement between parent and child made pursuant to RCW 13.32A.090(2)(e) or pursuant to RCW 13.32A.120(1) is no longer acceptable to parent or child, and:

(a) The party to whom the arrangement is no longer acceptable has so notified the department;

(b) Seventy-two hours, including Saturdays, Sundays, and holidays, have passed since such notification;

Under the circumstances of subsections (1), (2), or (3) of this section, the child shall remain in a licensed child care facility, including but not limited to a crisis residential center, or in any other suitable residence to be determined by the department until an alternative residential placement petition filed by the

department on behalf of the child is reviewed by the juvenile court and is resolved by such court. The department may authorize emergency medical or dental care for a child placed under this section. The state, when the department files a petition for alternative residential placement under this section, shall be represented as provided for in RCW 13.04.093.

Sec. 11. Section 29, chapter 155, Laws of 1979 and RCW 13.32A.150 are each amended to read as follows:

A child or a child's parent may file with the juvenile court a petition to approve an alternative residential placement for the child outside the parent's home. The department shall, when requested, assist either a parent or child in the filing of the petition. The petition shall only ask that the placement of a child outside the home of his or her parent be approved (~~(or disapproved)~~). The filing of a petition to approve (~~(or disapprove)~~) such placement is not dependent upon the court's having obtained any prior jurisdiction over the child or his or her parent, and confers upon the court a special jurisdiction to approve or disapprove an alternative residential placement ((or its continuation)).

Sec. 12. Section 31, chapter 155, Laws of 1979 and RCW 13.32A.170 are each amended to read as follows:

(1) The court shall hold a fact-finding hearing to consider a proper petition and may approve or (~~(disapprove)~~) deny alternative residential placement giving due weight to the intent of the legislature (~~((expressed in RCW 13.32A.010))~~) that families, absent compelling reasons to the contrary, shall remain together and that parents have the right to place reasonable rules and restrictions upon their children. The court may appoint legal counsel and/or a guardian ad litem to represent the child and advise parents of their right to be represented by legal counsel. The court may approve an order stating that the child shall be placed in a residence other than the home of his or her parent only if it is established by a preponderance of the evidence that ~~((a serious conflict exists between the parent and child and that the conflict cannot be resolved by the delivery of services to the family during continued placement of the child in the parental home))~~:

(a) The petition is not capricious;

(b) The petitioner, if a parent or the child, has made a reasonable effort to resolve the conflict; and

(c) The conflict which exists cannot be resolved by delivery of services to the family during continued placement of the child in the parental home.

The court may not grant a petition filed by the child or the department if it is established that the petition is based only upon a dislike of reasonable rules or reasonable discipline established by the parent.

(2) The order approving out-of-home placement shall direct the department to submit a disposition plan for a three-month placement of the child that is designed to reunite the family and resolve the family conflict. In making the order, the court shall further direct the department to make recommendations, as to which agency or person should have physical custody of the child, as to which parental powers should be awarded to such agency or person, and as to parental visitation rights. The court may direct the department to consider the cultural heritage of the child in making its recommendations.

(3) The hearing to consider the recommendations of the department for a three-month disposition plan shall be set no later than fourteen days after the approval of the court of a petition to approve alternative residential placement. Each party shall be notified of the time and place of such disposition hearing.

(4) If the court (~~((disapproves))~~) approves or denies a petition for an alternative residential placement, a written statement of the reasons shall be filed. If the court (~~((disapproves))~~) denies a petition requesting that a child be placed in a residence other than the home of his or her parent, the court shall ~~((instruct that))~~ enter an order requiring the child to remain at or return to the home of his or her parent.

(5) ~~((The court shall dismiss the petition if it finds (a) that a petition filed pursuant to RCW 13.32A.150 is capricious, or (b) that the filing party did not first reasonably attempt to resolve the conflict outside the court. Upon dismissing))~~ If the court denies the petition, the court shall impress upon the party filing the petition of the legislative intent to restrict the proceedings to situations where a family conflict is so great that it cannot be resolved by the provision of in-home services.

(6) A child who fails to comply with a court order directing that the child remain at or return to the home of his or her parent shall be subject to contempt proceedings, as provided in this chapter, but only if the noncompliance occurs within ninety calendar days after the day of the order.

Sec. 13. Section 33, chapter 155, Laws of 1979 and RCW 13.32A.190 are each amended to read as follows:

(1) Upon making a dispositional order under RCW 13.32A.180, the court shall schedule the matter on the calendar for review within three months, advise the parties of the date thereof, appoint legal counsel and/or a guardian ad litem to represent the child ~~((and the parent, if indigent,))~~ at the review hearing, advise ~~((nonindigent))~~ (nonindigent) parents of their right to be represented by legal counsel at the review hearing, and notify the parties of their rights to present evidence at the hearing. Where resources are available, the court shall encourage the parent and child to participate in mediation programs for reconciliation of their conflict.

(2) At the review hearing, the court ~~((-(a))~~) shall approve or disapprove the continuation of the dispositional plan ~~((according to the standards))~~ in accordance with the goal of resolving the conflict and reuniting the family which governed the initial approval((-(b))). The court is authorized to discontinue the placement and order that the child return home if the court has reasonable grounds to believe that the parents have displayed concerted efforts to utilize services and resolve the conflict and the court has reason to believe that the child's refusal to return home is capricious. If out-of-home placement is continued, the court may modify the dispositional plan ((according to the standards of resolving the family conflict and reuniting

the family and shall set the matter on the calendar for further review within six months; (c) may determine that interim services as may be appropriate have been offered to the parent and child:

(3) Subsequent six-month review hearings shall be held pursuant to this section until such time as the family is reunited. If the court, at any such hearing, does not approve the continuation of an alternative residential placement and states that the child shall reside with his or her parents, it may hold another review hearing within six months).

Out-of-home placement may not be continued past one hundred eighty days from the day the review hearing commenced. The court shall order that the child return to the home of the parent at the expiration of the placement. If continued out-of-home placement is disapproved, the court shall enter an order requiring that the child return to the home of the child's parent.

NEW SECTION. Sec. 14. There is added to chapter 13.32A RCW a new section to read as follows:

Caseworkers or counselors shall not counsel a child that parents do not have the right to establish reasonable rules and guidelines for the children living in the parental home. Employers of counselors or caseworkers who have reasonable cause to believe that a counselor or caseworker has counseled a child in violation of this section shall issue a written warning to the counselor or caseworker. Employers who have reasonable cause to believe the same counselor or caseworker has subsequently violated this section shall take appropriate steps to prevent future violations by that counselor or caseworker. It shall be grounds for dismissal for a public employee to violate this section after having received a warning from his employer. Nothing in this section shall affect or impair any right of action which any person might have under any other statute or under case law against any caseworkers, counselors, or their employers.

NEW SECTION. Sec. 15. There is added to chapter 13.32A RCW a new section to read as follows:

(3) A child found in contempt under this section shall be imprisoned only in a secure juvenile detention facility operated by or pursuant to a contract with a county.

(5) A motion for contempt may be made by a parent, a child, juvenile court personnel, or by any public agency, organization, or person having custody of the child under a court order adopted pursuant to this chapter.

NEW SECTION. Sec. 16. There is added to chapter 13.32A RCW a new section to read as follows:

In any proceeding in which the court approves an alternative residential placement, the court shall inquire into the ability of parents to contribute to the child's support. If the court finds that the parents are able to contribute to the support of the child, the court shall order them to make such support payments as the court deems equitable. The court may enforce such an order by execution or in any way in which a court of equity may enforce its orders. However, payments shall not be required of a parent who has both opposed the placement and continuously sought reconciliation with, and the return of, the child.

Sec. 17. Section 17, chapter 172, Laws of 1967 as last amended by section 22, chapter 165, Laws of 1979 ex. sess. and RCW 74.13.031 are each amended to read as follows:

(1) If, on or before December 31 in any calendar year, any real or personal property placed upon the assessment roll of that year is destroyed in whole or in part, or reduced in value by more than twenty percent as a result of a natural disaster, the true cash value of such property shall be reduced for that year by an amount determined as follows:

(a) First take the true cash value of such taxable property before destruction or reduction in value and deduct therefrom the true cash value of the remaining property after destruction or reduction in value.

(b) Then divide any amount remaining by twelve and multiply the quotient by the number of months or major fraction thereof remaining in the calendar year after the date of the destruction or reduction in value of the property.

(2) The amount of taxes to be abated under (~~RCW 84.70.010 as now or hereafter amended~~) this section shall be determined by multiplying the amount of net loss determined under subsection (1) of this section by the rate percent of levy applicable to the property in the tax year to which the reduction of assessed value is applicable.

Sec. 2. Section 4, chapter 196, Laws of 1974 ex. sess. as last amended by section 1, chapter 200, Laws of 1977 ex. sess. and RCW 84.70.020 are each amended to read as follows:

Within seventy-five days after the date of destruction or reduction in value, or within the year in which the destruction or reduction in value occurs, the taxpayer, using a form prepared by the department of revenue and provided by the assessor, shall notify the county assessor of his intention to claim the relief provided by RCW 84.70.010 through 84.70.040 as now or hereafter amended. The taxpayer shall also file a copy with the legislative body of the county, which shall serve as a petition for abatement of the tax: **PROVIDED**, That the form shall contain such information as the department may prescribe. After receipt of the taxpayer's claim, and within thirty days after receipt, the county assessor shall provide the legislative body of the county with his determination of the facts necessary to calculate the amount of relief, if any, to which he believes the taxpayer is entitled. A copy of the assessor's determination shall be sent to the taxpayer.

Sec. 3. Section 36.21.080, chapter 4, Laws of 1963 as last amended by section 1, chapter 120, Laws of 1975 1st ex. sess. and RCW 36.21.080 are each amended to read as follows:

(1) The county assessor is authorized to place any property under the provisions of RCW 36.21.040 through 36.21.080 on the assessment rolls for the purposes of tax levy up to May 31st of each year. The assessed valuation of property under the provisions of RCW 36.21.040 through 36.21.080 shall be considered as of the April 30th immediately preceding the date that the property is placed on the assessment rolls.

(2) If, on or before December 31 in any calendar year, any real or personal property placed upon the assessment roll of that year is destroyed in whole or in part, or is in an area that has been declared a disaster area by the governor and has been reduced in value by more than twenty percent as a result of a natural disaster, the true cash value of such property shall be reduced for that year by an amount determined as follows, without necessity of taxpayer application under chapter 84.70 RCW:

(a) First take the true cash value of such taxable property before destruction or reduction in value and deduct therefrom the true cash value of the remaining property after destruction or reduction in value.

'NEW SECTION. Section 1. The legislature affirms that all rule-making authority of state agencies and institutions of higher education is a function delegated by the legislature, and as such, shall be exercised pursuant to the conditions and restrictions contained in this act.

Sec. 2. Section 1, chapter 234, Laws of 1959 as amended by section 1, chapter 237, Laws of 1967 and RCW 34.04.010 are each amended to read as follows:

((For the purpose of this chapter:)) The definitions set forth in this section shall apply throughout this chapter, unless the context clearly requires otherwise.

(1) 'Agency' means any state board, commission, department, or officer, authorized by law to make rules or to adjudicate contested cases, except those in the legislative or judicial branches.

(2) 'Rule' means any agency order, directive, or regulation of general applicability (a) the violation of which subjects a person to a penalty or administrative sanction; (b) which establishes, alters, or revokes any procedure, practice, or requirement relating to agency hearings; (c) which establishes, alters, or revokes any qualification or requirement relating to the enjoyment of benefits or privileges conferred by law; (d) which establishes, alters, or revokes any qualifications or standards for the issuance, suspension, or revocation of licenses to pursue any commercial activity, trade, or profession; or (e) which establishes, alters, or revokes any mandatory standards for any product or material which must be met before distribution or sale. The term includes the amendment or repeal of a prior rule, but does not include (i) statements concerning only the internal management of an agency and not affecting private rights or procedures available to the public, (ii) declaratory rulings issued pursuant to RCW 34.04.080, as now or hereafter amended, or (iii) speed restrictions for motor vehicles established by the state (~~highway~~) transportation commission.

(3) 'Contested case' means a proceeding before an agency in which an opportunity for a hearing before such agency is required by law or constitutional right prior or subsequent to the determination by the agency of the legal rights, duties, or privileges of specific parties. Contested cases shall also include all cases of licensing and rate making in which an application for a license or rate change is denied except as limited by RCW 66.08.150, or a license is revoked, suspended, or modified, or in which the granting of an application is contested by a person having standing to contest under the law or agency rules.

(4) 'License' includes the whole or part of any agency permit, certificate, approval, registration, charter, or any form of permission required by law, including agency rule, to engage in any activity, but does not include a license required solely for revenue purposes.

(5) 'Licensing' includes the agency process respecting the grant, denial, renewal, revocation, suspension, annulment, withdrawal, or modification of a license.

(6) 'Rules review committee' or 'committee' means the joint administrative rules review committee created pursuant to section 5 of this 1981 act for the purpose of selectively reviewing existing and proposed rules of state agencies.

Sec. 3. Section 3, chapter 237, Laws of 1967 as last amended by section 7, chapter 240, Laws of 1977 ex. sess. and RCW 34.04.025 are each amended to read as follows:

(1) Prior to the adoption, amendment, or repeal of any rule, each agency shall:

(a) File notice thereof with the code reviser in accordance with RCW 34.08.020(1) for publication in the state register, and with the secretary of the senate, the chief clerk of the house of representatives, and the rules review committee, and mail such notice to all persons who have made timely request of the agency for advance notice of its rule-making proceedings. Such notice shall also include (i) reference to the authority under which the rule is proposed, (ii) a statement of either the terms or substance of the proposed rule or a description of the subjects and issues involved, and (iii) the time when, the place where, and the manner in which interested persons may present their views thereon;

(b) Furnish to the legislature, along with the notice required by subsection (1)(a) of this section, a statement of the reasons supporting the proposed action;

(c) Afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. In case of substantive rules, opportunity for oral hearing must be granted if requested by twenty-five persons, by a governmental subdivision or agency, by the rules review committee, or by an association having not less than twenty-five members.

(2) The agency shall make every effort to insure that the information on the proposed rule circulated pursuant to subsection (1)(a) of this section accurately reflects the rule to be presented and discussed at any oral hearing on such rule. Where substantial changes in the draft of the proposed rule are made after publication of notice in the register which would render it difficult for interested persons to properly comment on

the rule without further notice, new notice of the agency's intended action as provided in subsection (1)(a) of this section shall be required.

(3) The agency shall consider fully all written and oral submissions respecting the proposed rule including those addressing the question of whether the proposed rule is within the intent of the legislature as expressed by the statute which the rule implements, and may amend the proposed rule at the oral hearing or adopt the proposed rule, if there are no substantial changes, without refileing the notice required by this section. Upon adoption of a rule, the agency, if requested to do so by an interested person either prior to adoption or within thirty days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the considerations urged against its adoption.

((2)) (4) No proceeding ((shall)) may be held on any rule until twenty days have passed from the distribution date of the register in which notice thereof was contained. The code reviser shall make provisions for informing an agency giving notice under subsection (1) of this section of the distribution date of the register in which such notice will be published.

((3)) (5) No rule hereafter adopted is valid unless adopted in substantial compliance with this section, ((or, if)) unless it is an emergency rule designated as such((:)) and is adopted in substantial compliance with RCW 34.04.030, as now or hereafter amended. In any proceeding a rule cannot be contested on the ground of noncompliance with the procedural requirements of RCW 34.08.020(1), of this section, or of RCW 34.04.030, as now or hereafter amended, after two years have elapsed from the effective date of the rule.

Sec. 4. Section 3, chapter 234, Laws of 1959 as amended by section 8, chapter 240, Laws of 1977 ex. sess. and RCW 34.04.030 are each amended to read as follows:

((H)) If the agency finds that immediate adoption or amendment of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to the public interest, the agency may dispense with such requirements and adopt the rule or amendment as an emergency rule or amendment. The agency's finding and a ((brief)) concise statement of the reasons for its finding shall be incorporated in the emergency rule or amendment as filed with the office of the code reviser under RCW 34.04.040 and with the rules review committee. An emergency rule or amendment ((shall)) may not remain in effect for longer than ninety days after filing. This section does not relieve any agency from compliance with any law requiring that its permanent rules be approved by designated persons or bodies before they become effective.

((2) The emergency rule published in the register is solely to inform the public of its adoption, and nothing in this section shall be construed to prevent the implementation of the rule upon its filing with the code reviser in accordance with RCW 34.04.040(2).))

NEW SECTION. Sec. 5. There is added to chapter 34.04 RCW a new section to read as follows:

(1) There is hereby created a joint administrative rules review committee which shall be a bipartisan committee consisting of four senators and four representatives from the state legislature. The senate members of the committee shall be appointed by the president of the senate, and the house members of the committee shall be appointed by the speaker of the house. Not more than two members from each house may be from the same political party. All appointments to the committee are subject to approval by the caucuses to which the appointed members belong.

(2) The initial members of the committee shall be appointed as soon as possible after the effective date of this act, and shall serve until the next regular session of the legislature convenes in an odd-numbered year. Thereafter members shall be appointed as soon as possible after the legislature convenes in regular session in an odd-numbered year, and their terms shall extend until the legislature next convenes in regular session in an odd-numbered year or until such members no longer serve in the legislature, whichever occurs first. Members may be reappointed to a committee.

(3) The president of the senate shall appoint the chairperson in even-numbered years and the vice chairperson in odd-numbered years from among committee membership. The speaker of the house shall appoint the chairperson in odd-numbered years and the vice chairperson in even-numbered years from among committee membership. Such appointments shall be made in January of each year as soon as possible after a legislative session convenes.

(4) Vacancies on the committee shall be filled as soon as possible from the same political party as original appointments.

NEW SECTION. Sec. 6. There is added to chapter 34.04 RCW a new section to read as follows:

Whenever a majority of the members of the rules review committee determines that a proposed rule is not within the intent of the legislature as expressed in the statute which the rule implements, the committee shall give the affected agency written notice of its decision. The notice shall be given at least seven days prior to any hearing scheduled for consideration of or adoption of the proposed rule pursuant to RCW 34.04.025(1)(a)(iii) as now or hereafter amended. The notice shall include a statement of the review committee's findings and the reasons therefor.

NEW SECTION. Sec. 7. There is added to chapter 34.04 RCW a new section to read as follows:

(1) All rules required to be filed pursuant to RCW 34.04.040, and emergency rules adopted pursuant to RCW 34.04.030 as now or hereafter amended, are subject to selective review by the legislature.

(2) If the rules review committee finds by a majority vote of its members: (a) That an existing rule is not within the intent of the legislature as expressed by the statute which the rule implements, or (b) that the rule has not been adopted in accordance with all applicable provisions of law, the agency affected shall be notified of such finding and the reasons therefor. Within thirty days of the receipt of the rules review committee's notice, the agency shall file notice of a hearing on the rule in question with the code reviser and mail

notice to all persons who have made timely request of the agency for advance notice of its rule-making proceedings as provided in RCW 34.04.025, as now or hereafter amended. The agency's notice shall include the rules review committee's findings and reasons therefor, and shall be published in the Washington state register in accordance with the provisions of chapter 34.08 RCW.

(3) The agency shall consider fully all written and oral submissions regarding whether the rule in question is within the intent of the legislature as expressed by the statute which the rule implements and whether the rule was adopted in accordance with all applicable provisions of law.

NEW SECTION, Sec. 8. There is added to chapter 34.04 RCW a new section to read as follows:

(1) Within seven days of an agency hearing held after notification of the agency by the rules review committee pursuant to section 6 or 7 of this act, the affected agency shall notify the committee of its action on a proposed or existing rule to which the committee objected. If the rules review committee determines, by a majority vote of its members, that the agency has failed to provide for the required hearings or notice of its action to the committee, the committee may file notice of its objections, together with a concise statement of the reasons therefor, with the code reviser within thirty days of such determination.

(2) If the rules review committee finds, by a majority vote of its members, that the proposed or existing rule in question has not been modified, amended, withdrawn, or repealed by the agency so as to conform with the intent of the legislature, the rules review committee may, within thirty days from notification by the agency of its action, file with the code reviser notice of its objections together with a concise statement of the reasons therefor. Such notice and statement shall also be provided to the agency by the rules review committee.

(3) The code reviser shall publish the rules review committee's notice of objection and statement of the reasons therefor issued pursuant to subsection (1) or (2) of this section in the Washington state register and shall publish in the next supplement and compilation of the Washington Administrative Code a reference to the committee's objection and to the issue of the Washington state register in which the full text thereof appears.

(4) Such notice shall be removed from a rule published in the Washington Administrative Code if a subsequent adjudicatory proceeding determines that the rule is within the intent of the legislature or was adopted in accordance with all applicable laws, whichever was the objection of the rules review committee.

NEW SECTION, Sec. 9. There is added to chapter 34.04 RCW a new section to read as follows:

(1) The rules review committee may recommend to the legislature that the original enabling legislation serving as authority for the promulgation of any rule reviewed by the committee be amended or repealed in such manner as the committee deems advisable.

(2) The rules review committee shall report on its activities, including findings and recommendations with respect to rule-making procedures of state agencies and institutions of higher education, thirty days prior to the convening of the regular session of the legislature in 1984.

NEW SECTION, Sec. 10. There is added to chapter 34.04 RCW a new section to read as follows:

It is the express policy of the legislature that establishment of procedures for review of administrative rules by the legislature and the notice of objection required by sections 7(2) and 8(2) of this act in no way serves to establish a presumption as to the legality or constitutionality of a rule in any subsequent judicial proceedings interpreting such rules.

Sec. 11. Section 2, chapter 57, Laws of 1971 ex. sess. as amended by section 42, chapter 169, Laws of 1977 ex. sess. and RCW 28B.19.020 are each amended to read as follows:

~~((2))~~ (4) No proceeding ~~((shall))~~ may be held on any rule until twenty days have passed from the distribution date of the register in which notice thereof was contained. The code reviser shall make provisions for informing an institution of higher education giving notice under subsection (1) of this section of the distribution date of the register in which such notice will be published.

In any proceeding a rule cannot be contested on the ground of noncompliance with the procedural requirements of RCW 34.08.020(1), of this section, or of RCW 28B.19.040, as now or hereafter amended, after two years have elapsed from the effective date of the rule.

~~((4))~~ (6) When twenty days notice of intended action to adopt, amend, or repeal a rule has not been filed with the code reviser, as required by subsection ~~((2))~~ (4) of this section, the code reviser ~~((shall))~~ may not publish such rule, and such rule ~~((shall))~~ may not be effective for any purpose.

SUBSTITUTE SENATE BILL NO. 3845, Prime Sponsor: Committee on Education, implementing law relating to school district authorized transportation. Reported by Committee on Education.

MAJORITY recommendation: Do pass with the following amendments:

On page 2, strike everything after the enacting clause and insert the following:

***NEW SECTION, Section 1.** Funds allocated for transportation costs shall be in addition to the basic education allocation. The distribution formula developed in sections 1 through 4 of this act shall be for allocation purposes only and shall not be construed as mandating specific levels of pupil transportation services by local districts. Operating costs as determined under sections 1 through 4 of this amendatory act shall be funded at one hundred percent or as close thereto as reasonably possible for the following pupil transportation services:

(1) Transportation of an eligible student from the student's assigned route stop to the student's school at the beginning of the student's school day, and from the student's school to the student's assigned route stop at the end of the school day in a transportation vehicle. Recognition of nonpassenger miles shall be included as part of transportation to and from school.

(2) Transportation between schools or learning centers of students whose basic education or other programs are offered in two or more locations. Field trips are not eligible for funds allocated for transportation costs.

(3) Transportation for student participants in activities planned, supervised, and administered by the Washington interscholastic activities association or other voluntary nonprofit entity pursuant to RCW 28A-.58.125, as now or hereafter amended, if eligible for state transportation funding under rules adopted by the state board of education.

Operational costs, as determined under sections 1 through 4 of this amendatory act, for those pupil transportation services provided for in subsection (1) of this section shall be funded state-wide at one hundred percent before any funds are provided for operating costs of services provided for in subsections (2) and (3) of this section.

NEW SECTION, Sec. 2. For purposes of sections 1 through 5 of this amendatory act, except where the context shall clearly indicate otherwise, the following definitions apply:

(1) 'Eligible student' means any student whose residence or assigned route stop is more than one mile from the student's school, except if the student to be transported is handicapped under RCW 28A.13.010, as now or hereafter amended, and is either not ambulatory or not capable of protecting his or her own welfare while traveling to or from the school or agency where special education services are provided, in which case no mileage distance restriction applies.

(2) 'Nonpassenger miles' means road miles necessary for the following purposes when no student is being transported in a vehicle: (a) Inspection of vehicles by the state patrol; (b) mileage incurred as a result of major maintenance repairs; (c) mandated bus driver training; and (d) mileage between a school, bus

garage, or storage facility and the first student route stop and the mileage between the last student route stop and the school, bus garage, or storage facility.

(3) 'Superintendent' means the superintendent of public instruction.

NEW SECTION. Sec. 3. Each district shall submit to the superintendent of public instruction by May 1st of each year a report containing the following:

(1) The number of students anticipated to be eligible for to and from school transportation as provided for in section 1(1) of this amendatory act for the ensuing school year, along with a map describing student route stop locations and school locations;

(2) The actual number of miles driven for pupil transportation services provided for in section 1(2) of this amendatory act during the current school year, and the number of miles anticipated for the ensuing school year for such services;

(3) The number of scheduled miles for pupil transportation services provided for in section 1(3) of this amendatory act for the ensuing school year. Miles reported shall be limited to those that are scheduled and required for participation in activities planned, supervised, and administered by the Washington interscholastic activities association or other voluntary nonprofit entity, and approved for state transportation funding by the state board of education; and

(4) Other operational data and descriptions as required by the superintendent to determine allocation requirements for each district.

NEW SECTION. Sec. 4. Each district's annual student transportation allocation shall be based on differential rates determined by the superintendent of public instruction in the following manner:

(1) The superintendent shall annually calculate a standard student mile allocation rate for each district. 'Standard student mile allocation rate,' as used in this section, means the per mile allocation rate for transporting an eligible student. The standard student mile allocation rate may consist of no more than five differential rates state-wide, as determined by the superintendent, and shall include but not be limited to such factors as climate and terrain; nonpassenger miles; and the costs of insurance, district or contracted employee salaries, and benefits, maintenance, fuel, supplies, and materials. The standard student mile allocation rate shall be used to determine the transportation allocation for those services provided for in section 1(1) of this act.

(2) The superintendent shall annually calculate a standard unit mile rate for each district. 'Standard unit mile rate,' as used in this section, means the cost of operating an approved transportation vehicle for one mile. The standard unit mile rate may consist of no more than five differential rates state-wide, as determined by the superintendent, and shall be based on the factors used in subsection (1) of this section. The standard unit mile rate shall be used to determine the transportation allocation for those services provided for in section 1(2) and (3) of this amendatory act. For purposes of allocating funds for section 1(2) of this amendatory act, the superintendent shall use the average number of miles reported by the district for the two school years.

(3) Prior to June 1st of each year the superintendent shall submit to the office of financial management, and the committees on education and ways and means of the senate and house of representatives a report outlining the methodology and rationale used in determining the student mile and unit mile rates to be used the following year.

NEW SECTION. Sec. 5. The superintendent shall determine the preliminary, estimated student transportation allocation for each district and notify districts of their preliminary student transportation allocation by June 15. The superintendent shall include not less than twenty-five percent of the estimated student transportation allocation in the following September apportionment payment to school districts. By the following October 15th, every district shall notify the superintendent of any changes in the data utilized in calculating the preliminary student transportation allocation. The superintendent shall then make necessary corrections and shall notify districts of their final student transportation allocation before the following December 1st, and shall make the balance of the student transportation allocation in approximately equal parts as a part of the December, February, and April apportionment payments to school districts.

NEW SECTION. Sec. 6. The superintendent shall determine the vehicle acquisition allocation in the following manner:

(1) By May 1st of each year, the superintendent shall develop preliminary categories of student transportation vehicles to ensure adequate student transportation fleets for districts. The superintendent shall take into consideration the types of vehicles purchased by individual school districts in the state. The categories shall include, but not be limited to, variables such as vehicle capacity, type of chassis, type of fuel, engine and body type, special equipment, and life of vehicle. The categories shall be developed in conjunction with the local districts and shall be applicable to the following school year. The categories shall be designed to produce minimum long-range operating costs, including costs of equipment and all costs incurred in operating the vehicles. Each category description shall include the estimated state-determined purchase price, which shall be based on the actual costs of the vehicles purchased for that comparable category in the state during the preceding twelve months and the anticipated market price for the next school fiscal year. By June 15th of each year, the superintendent shall notify districts of the preliminary vehicle categories and state-determined purchase price for the ensuing school year. By October 15th of each year, the superintendent shall finalize the categories and the associated state-determined purchase price and shall notify districts of any changes. While it is the responsibility of each district to select each student transportation vehicle to be purchased by the district, each district shall be paid a sum based only on the amount of the state-determined purchase price and inflation as recognized by the reimbursement schedule established in this section as set by the superintendent for the category of vehicle purchased.

(2) The superintendent shall develop a reimbursement schedule to pay districts for the cost of student transportation vehicles purchased after September 1, 1982. The accumulated value of the payments and the potential investment return thereon shall be designed to be equal to the replacement value of the vehicle less its salvage value at the end of its anticipated lifetime. The superintendent shall revise at least annually the reimbursement payments based on the current and anticipated future cost of comparable categories of transportation equipment. Reimbursements to school districts for approved transportation equipment shall be placed in a separate vehicle transportation fund established for each school district under section 7 of this amendatory act.

(3) To the extent possible, districts shall operate vehicles acquired under this section not less than the number of years or useful lifetime now, or hereafter, assigned to the class of vehicles by the superintendent. School districts shall properly maintain the transportation equipment acquired under the provisions of this section, in accordance with rules established by the office of the superintendent of public instruction. If a district fails to follow generally accepted standards of maintenance and operation, the superintendent of public instruction shall penalize the district by deducting from future reimbursements under this section an amount equal to the original cost of the vehicle multiplied by the fraction of the useful lifetime or miles the vehicle failed to operate.

(4) The superintendent shall annually develop a depreciation schedule to recognize the cost of depreciation to districts contracting with private carriers for student transportation. Payments on this schedule shall be a straight line depreciation based on the original cost of the appropriate category of vehicle.

NEW SECTION, Sec. 7. There is added to chapter 223, Laws of 1969 ex. sess. and to chapter 28A.58 RCW a new section to read as follows:

(1) There is created a fund on deposit with each county treasurer for each school district of the county, which shall be known as the transportation vehicle fund. Money to be deposited into the transportation vehicle fund shall include, but is not limited to, the following:

(a) The balance of accounts held in the general fund of each school district for the purchase of approved transportation equipment and for major transportation equipment repairs under RCW 28A.41.160, as now or hereafter amended. The amount transferred shall be the balance of the account as of September 1, 1982;

(b) Reimbursement payments provided for in section 6 of this amendatory act except those provided under section 6(4) of this amendatory act that are necessary for contracted payments to private carriers;

(c) Earnings from transportation vehicle fund investments as authorized in RCW 28A.58.430, as now or hereafter amended; and

(d) The district's share of the proceeds from the sale of transportation vehicles, as determined by the superintendent of public instruction.

(2) Funds in the transportation vehicle fund may be used for the following purposes:

(a) Purchase of pupil transportation vehicles pursuant to section 6 of this amendatory act and RCW 28A.41.160, as now or hereafter amended;

(b) Payment of conditional sales contracts for the purchase of pupil transportation vehicles as authorized in RCW 28A.58.550, as now or hereafter amended;

(c) Major repairs to pupil transportation vehicles.

The superintendent of public instruction shall promulgate rules which shall establish the standards, conditions, and procedures governing the establishment and use of the transportation vehicle fund. The rules shall not permit the transfer of funds from the transportation vehicle fund to any other fund of the district.

Sec. 8. Section 28A.41.160, chapter 223, Laws of 1969 ex. sess. as last amended by section 6, chapter 359, Laws of 1977 ex. sess. and RCW 28A.41.160 are each amended to read as follows:

Reimbursement for transportation costs shall be in addition to the basic education allocation. Transportation costs shall be reimbursed as follows:

(1) School districts shall be reimbursed up to one hundred percent of the operational costs for established bus routes for the transportation of students to and from common schools as recommended by the educational service district superintendent or his or her designee, and as approved by the state superintendent: PROVIDED, That commencing with the 1980-81 school year, reimbursement shall be at one hundred percent or as close thereto as reasonably possible; and

(2) Costs of acquisition of approved transportation equipment shall be reimbursed up to one hundred percent of the cost to be reimbursed over the anticipated life of the vehicle, as determined by the state superintendent: PROVIDED, That commencing with the 1980-81 school year, reimbursement shall be at one hundred percent or as close thereto as reasonably possible: PROVIDED FURTHER, That reimbursements for the acquisition of approved transportation equipment received by school districts shall be held within the general fund exclusively for the current or future purchase of approved transportation equipment and for major transportation equipment repairs consistent with rules and regulations authorized and promulgated under RCW 28A.41.170 and chapter 28A.65 RCW.

Sec. 9. Section 28A.41.160, chapter 223, Laws of 1969 ex. sess. as last amended by section 8, chapter _____ (Substitute Senate Bill No. 3845), Laws of 1981 and RCW 28A.41.160 are each amended to read as follows:

~~((Reimbursement for transportation costs shall be in addition to the basic education allocation. Transportation costs shall be reimbursed as follows:~~

(2)) Costs of acquisition of approved transportation equipment purchased prior to September 1, 1982, shall be reimbursed up to one hundred percent of the cost to be reimbursed over the anticipated life of the vehicle, as determined by the state superintendent: PROVIDED, That commencing with the 1980-81 school year, reimbursement shall be at one hundred percent or as close thereto as reasonably possible: PROVIDED FURTHER, That reimbursements for the acquisition of approved transportation equipment received by school districts shall be ((held within the general fund exclusively for the)) placed in the transportation vehicle fund for the current or future purchase of approved transportation equipment and for major transportation equipment repairs consistent with rules and regulations authorized ((and promulgated under RCW 28A.41.170 and chapter 28A.65 RCW)) in section 7 of this amendatory act.

Sec. 10. Section 28A.24.055, chapter 223, Laws of 1969 ex. sess. as last amended by section 2, chapter 122, Laws of 1980 and RCW 28A.24.055 are each amended to read as follows:

((Every board of directors shall provide and pay for transportation of children to and from school whether such children live within or without the district when in its judgment the best interests of the district will be subserved thereby; but the board is not compelled to transport any pupil living within two miles of the schoolhouse.)) The operation of each local school district's student transportation program is declared to be the responsibility of the respective board of directors, and each board of directors shall determine such matters as which individual students shall be transported and what routes shall be most efficiently utilized. State moneys allocated to local districts for student transportation shall be spent only for student transportation activities, but need not be spent by the local district in the same manner as calculated and allocated by the state.

When children are transported from one school district to another the board of directors of the respective districts may enter into a written contract providing for a division of the cost of such transportation between the districts.

When commercial charter bus service is not reasonably available to a school district, the state board of education may authorize the use of school buses and drivers hired by the district for the transportation of school children and the school employees necessary for their supervision to and from any school activities within or without the school district during or after school hours and whether or not a required school activity, so long as the school board has officially designated it as a school activity. For any extra-curricular uses, the school board shall charge an amount sufficient to reimburse the district for its cost.

In addition to the right to contract for the use of buses provided in RCW 28A.24.170 and 28A.24.172, any school district may contract to furnish the use of school buses of that district to other users who are engaged in conducting an educational or recreational program supported wholly or in part by tax funds or programs for elderly persons at times when those buses are not needed by that district and under such terms as will fully reimburse such school district for all costs related or incident thereto: PROVIDED, HOWEVER, That no such use of school district buses shall be permitted except where other public or private transportation certificated or licensed by the Washington utilities and transportation commission is not reasonably available to the user: PROVIDED FURTHER, That no user shall be required to accept any charter bus for services which the user believes might place the health or safety of the children or elderly persons in jeopardy.

Whenever any persons are transported by the school district in its own motor vehicles and by its own employees, the board may provide insurance to protect the district against loss, whether by reason of theft, fire or property damage to the motor vehicle or by reason of liability of the district to persons from the operation of such motor vehicle.

The board may provide insurance by contract purchase for payment of hospital and medical expenses in an amount not exceeding one thousand dollars per person per injury for the benefit of persons injured while they are on, getting on, or getting off any vehicles enumerated herein without respect to any fault or liability on the part of the school district or operator. This insurance may be provided without cost to the persons notwithstanding the provisions of RCW 28A.58.420.

If the transportation of children or elderly persons is arranged for by contract of the district with some person, the board may require such contractor to procure such insurance as the board deems advisable.

Sec. 11. Section 28A.24.100, chapter 223, Laws of 1969 ex. sess. as last amended by section 2, chapter 80, Laws of 1977 and RCW 28A.24.100 are each amended to read as follows:

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 603, by Committee on Revenue (originally sponsored by Representatives Nelson (G), Stratton, Ellis, Granlund, Mitchell, Sherman, Kreidler, Struthers, Brown, Tilly, Erak, Wang, Salatino, Nelson (D), Williams, Garson, Gallagher, Scott, McCormick, Walk and Owen):

Creating a Washington state drug enforcement administration.

The House resumed consideration of the bill on second reading.

Mr. Nelson (G) moved adoption of the following amendment by Representatives Nelson (G) and Stratton:

Strike everything after the enacting clause and insert the following:

***NEW SECTION.** Section 1. The legislature finds that illegal drug trafficking has reached epidemic proportions in Washington state. Furthermore, the illegal trafficking in licit and illicit drugs, drug abuse, and drug misuse have been found to represent a serious physical and mental health hazard, have serious social consequences and an adverse impact on the economy of the state. The legislature also finds that current enforcement efforts have had little positive effect on containment of illegal drug trafficking due to lack of

coordination between various programs, lack of direction in terms of state policy, and lack of commitment of resources required to implement and support a unified consistent enforcement effort in cooperation with federal and local governmental enforcement agencies.

Therefore, in order to address public needs and concerns related to enforcement of drug laws, the intent of this chapter is to provide the policy and means to insure strong public commitment to a program which will focus on major high-level, interjurisdictional drug traffickers as its primary enforcement priority.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- (1) 'Unit' means the drug trafficking enforcement unit.
- (2) 'Board' means the drug enforcement policy review board.
- (3) 'Civilian employee' means an employee of the unit who has not been commissioned as an investigator of the unit by the chief of the Washington state patrol.
- (4) 'Commissioned employee' means any investigator so designated by the chief of the Washington state patrol.
- (5) 'Hearing board' means the hearing board convened by the attorney general.
- (6) 'Chief' means the chief of the Washington state patrol.

NEW SECTION. Sec. 3. The drug trafficking enforcement unit is hereby created as an independently budgeted division of the Washington state patrol.

NEW SECTION. Sec. 4. The drug trafficking enforcement unit shall:

- (1) Initiate investigations of illegal drug trafficking as priorities, conditions, and situations warrant;
- (2) Provide assistance to federal and local law enforcement jurisdictions on a prioritized basis to the extent resources permit and coordination of interjurisdictional effort is required to effect drug trafficking enforcement priorities, goals, and objectives; and
- (3) Be under the direct management, command, and supervision of a chief investigator.

NEW SECTION. Sec. 5. In order to assure that the needs and concerns of the public are represented in and reflected by the policies, priorities, goals, objectives and operations of the unit, there is created the drug enforcement policy review board which shall include the attorney general for the state, the chairman of the legislative budget committee, the chairman of the state board of pharmacy, and four appointees of the governor including a sheriff, a police chief, a prosecuting attorney, and a member of the Washington narcotics investigators association.

NEW SECTION. Sec. 6. The drug enforcement policy review board shall meet at least quarterly to review the policies and program priorities of the unit and to make recommendations to the governor and the legislature at least biennially on the budget and enforcement policies of the unit. The board may in addition meet at such times and places as it may deem necessary and proper. The first meeting of the board shall occur on or before September 30, 1981, and shall be chaired by the attorney general until such time as the board elects a chairman and vice chairman. The chief investigator shall serve as secretary to the board and be a nonvoting member of the board. The chief shall also serve as a nonvoting member of the board.

NEW SECTION. Sec. 7. Members of the board shall receive no compensation but shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060 as now or hereafter amended. Legislative members shall be reimbursed as provided in RCW 44.04.120.

NEW SECTION. Sec. 8. The chief investigator shall, among other duties, prepare a biennial report to the board which presents an evaluation of the unit's accomplishments for the preceding biennium and a definitive statement of on-going strategic program and operational needs to maintain an effective illegal drug trafficking containment program.

The chief investigator may contract for services as he deems necessary to assist him in carrying out the duties and responsibilities of the unit subject to the provisions of Title 39 RCW.

In addition the chief investigator may adopt rules and regulations necessary for and consistent with accepted law enforcement, criminal investigation, and administrative practices pursuant to the administrative procedure act, chapter 34.04 RCW. The chief investigator shall consult with and report administratively directly to the chief of the Washington state patrol and advise him regarding the conduct of investigations as needs and conditions warrant except that the chief investigator shall have primary accountability, responsibility, and authority over strategic and tactical operations with respect to case management.

NEW SECTION. Sec. 9. The chief investigator shall on or before March 1, 1982 submit a program management and operations plan to the board which shall include but not be limited to:

- (1) Proposed personnel standards and qualifications for investigators;
- (2) Personnel policies;
- (3) An outline of a program for continuous training and professional development of special investigators;
- (4) A plan for recruitment and rotation of special investigators;
- (5) A plan for administration of the program and management of field operations;
- (6) A draft policy with respect to establishing priorities for providing assistance to local law enforcement jurisdictions;
- (7) A proposed rule for the management, accounting, and disbursement of funds that will be expended for the acquisition of evidence; and
- (8) A salary survey and recommended salary schedule for all personnel positions established in the unit.

NEW SECTION. Sec. 10. The chief investigator shall appoint a sufficient number of competent persons to act as special investigators as provided in this chapter and shall make promotional appointments, determine their compensation, and define rank and duties as provided in this chapter.

All personnel employed by the drug control assistance unit of the Washington state patrol as of March 1, 1981, are hereby transferred to the unit and are subject to their current position and salary level.

NEW SECTION. Sec. 11. The investigators of the unit commissioned and so designated by the chief as enforcement officers, and the chief investigator, are declared to be peace officers and shall have and exercise, throughout the state, such police powers and duties as are necessary and required to enforce the drug laws of this state.

All commissioned enforcement officers of the unit so designated shall be subject to the provisions of sections 11 through 14 of this act.

NEW SECTION. Sec. 12. Commissioned investigators are entitled to retain their ranks and positions with the unit until death, retirement, resignation, or transfer, or until suspended, demoted, or discharged in the manner provided in this chapter.

NEW SECTION. Sec. 13. The attorney general shall on the recommendation of the chief, chief investigator, or the policy review board discipline any investigator by suspending the investigator without pay for a period of not more than thirty days, and may demote any investigator holding probationary rank, without preferring charges against the investigator and without a hearing.

Discharge or demotion of any investigator holding a nonprobationary position, or suspension for more than thirty days of any investigator, shall be only for cause, which shall be clearly stated in a written complaint, sworn by the person preferring the charges, and served upon the investigator complained of.

Upon so being served, any such investigator is entitled to a closed hearing before a hearing board consisting of a deputy attorney general, the chief of the Washington state patrol or the chief's designee except that such designee shall hold the rank of captain or above, and a commissioned officer from a local law enforcement jurisdiction appointed by the attorney general.

Pending a hearing, the attorney general may suspend the investigator complained of, and the investigator may, within ten days of the complaint, either submit a written resignation or file written notice of his or her desire to waive a hearing.

If a letter of resignation is submitted, it shall be accepted without prejudice except in cases involving a criminal complaint.

NEW SECTION. Sec. 14. At the hearing, the deputy attorney general shall be the presiding officer, and shall make all necessary rulings in the course of the hearing.

The complainant and the investigator complained of may submit evidence and be represented by counsel, and a full and complete record of the proceedings, and all testimony, shall be recorded.

After the hearing, the findings of the hearing board shall be submitted to the attorney general. The findings shall be final in case the complaint is found to not have merit. In the event that the complaint is found to have merit, the attorney general may determine the proper disciplinary action and declare it by written order served upon the investigator complained of.

Any investigator subjected to disciplinary action or the complainant may, within ten days after the service of the order, apply to the superior court of Thurston county for a writ of review to have the reasonableness and lawfulness of the order reviewed in a non de novo hearing and determined.

The superior court shall review the determination of the attorney general in a summary manner, based upon the record of the hearing before the hearing board, and shall render its decision within ninety days, either affirming or reversing the order of the attorney general, or remanding the matter to the attorney general for further action.

If, as a result of a hearing or review by the hearing board, the complaint against the investigator is found to be without merit, the investigator shall be immediately reinstated to his or her former position and be reimbursed for any loss of salary suffered by reason of any previous disciplinary action.

In the event of a conflict between sections 12 through 14 of this act and chapter 34.04 RCW, chapter 34.04 RCW shall control.

NEW SECTION. Sec. 15. The chief investigator may employ such clerical and other personnel as are necessary for the conduct of the affairs of the unit. Such employees shall be employed subject to the state civil service act, chapter 41.06 RCW.

NEW SECTION. Sec. 16. The unit shall:

(1) Establish and maintain a record system to coordinate with all law enforcement agencies in the state and other states as deemed appropriate, a comprehensive system of information concerning violations of narcotic and drug laws;

To prevent unnecessary duplication of communication systems, laboratory, training, and other administrative services, the existing resources and services of the Washington state patrol and the criminal justice training commission shall be utilized whenever cost effective.

NEW SECTION. Sec. 17. There is added to chapter 82.24 RCW a new section to read as follows:

There is hereby levied and there shall be collected by the department of revenue from the persons mentioned in and in the manner provided by this chapter, as now or hereafter amended, an excise tax upon the sale, use, consumption, handling, possession, or distribution of cigarettes in an amount equal to the rate of one-half mill per cigarette, but the provisions of RCW 82.24.070 allowing dealers compensation for affixing stamps do not apply to this additional tax. Instead, wholesalers and retailers subject to the provisions of this

chapter shall be allowed as compensation for their services in affixing the stamps for the additional tax required by this section a sum equal to one percent of the value of the stamps for such additional tax purchased or affixed by them.

All money derived from such tax shall be paid to the state treasurer and credited to the state general fund, and shall after appropriation be used for the purposes of chapter 43.— RCW (sections 1 through 16 of this act). Money which the legislature determines exceeds the amount necessary for the purposes of chapter 43.— RCW (sections 1 through 16 of this act) may be appropriated for other purposes.

NEW SECTION. Sec. 18. As of the effective date of this act, there is hereby transferred from the criminal justice training account to the general fund three hundred fifty thousand dollars as a loan to be repaid to the criminal justice training account. The loan shall be repaid by the transfer of three hundred fifty thousand dollars from the general fund on or before June 30, 1982.

NEW SECTION. Sec. 19. All files, equipment, records, property, supplies, and facilities assigned to the drug control assistance unit of the Washington state patrol on the effective date of this act are hereby transferred to the drug trafficking enforcement unit.

NEW SECTION. Sec. 20. Sections 1 through 16 and 23 of this act shall constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 21. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 22. (1) There is appropriated from the general fund to the drug trafficking enforcement unit created by section 3 of this act, for the biennium ending June 30, 1983, the sum of two million four hundred thousand dollars, or so much thereof as may be necessary, to be used exclusively for the purposes of this act: PROVIDED, That the appropriation is subject to the following provisions:

(a) The sum of one million three hundred two thousand six hundred dollars is provided for the purpose of funding salaries, benefits, and overtime for up to but not exceeding twenty-one full time equivalent personnel;

I also have a piece of paper from an accountant from the private sector which says they do not agree with the assumption made by the department in calculating the fiscal note, and they expect the strong spirits sales will triple in the state of Washington, therefore, there will not be any fiscal impact to the state of Washington by putting strong spirits into the grocery stores."

PERSONAL PRIVILEGE

The Speaker: "Recently tragedy struck the family of one of the former members of this House, now a member of the Senate, Senator Hal Zimmerman. As you know, his daughter was killed down in Mexico, and there is a memorial service planned tomorrow, Saturday, for those of you who can be there."

Mr. Chamberlain: "Hal Zimmerman, who for fourteen yeears was a member of this House and is now a State Senator from the 17th District, is not only my colleague, but a close friend. Over these years, he has worked with many of you and has been an inspiration to all of us who have known him.

"Hal and his wife, Judy, have shown deep love and concern for their fellow human beings. This love has been reflected in their children, especially Judy Jean, the youngest. She was a caring person much like her parents. The loss of their loving daughter to her family and friends is a loss we all share. I know you will join me in offering my prayers and condolences to Judy and Hal and their family. Our thoughts are with them during this time of sorrow.

"As the Speaker has mentioned, a memorial service is to be held this Saturday afternoon at 2:00 p.m. at the Methodist Church in Camas. Those of you who wish, may also contribute in their daughter's memory to the Ocean Park United Methodist Camp."

The Speaker: "In view of the fact that probably most of the members in this body will be unable to be in Camas tomorrow, I would ask the body to please rise and observe a moment of silence in memory of Judy Jean."

Mr. Ellis spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Mr. Ehlers.

Mr. Ehlers: "Representative Nelson, this fee increase is placed on what?"

Mr. Nelson (G): "This is a permit and sale of concealed weapons. It's a gun control bill."

Mr. Ehlers: "To vote for it would be gun control? Is that what you're saying?"

Mr. Nelson (G): "No, it's a vote to help a worthwhile organization that has been of assistance to local government and state government in such things as the uniform crime reporting, Crime Watch, and other assistance to this legislature for the past twenty years, and I think it's a worthwhile user fee that they collect and do research on concealed weapons' permits that are provided and asked for by the citizens of this state."

Mr. Ehlers: "I agree with the worthy cause, but it does increase the fees. Do all those dollars from the increased fees go to this noble purpose or does some of it go someplace else?"

Mr. Nelson (G): "Representative Ehlers, the fees will go into the general fund and they will be appropriated from that."

Mr. Ehlers: "My understanding though, is that no all of the money being collected is going to go for that purpose you indicated, that some of it is going to go into the general fund and will not, in fact, be given to this association. Isn't that correct?"

Mr. Nelson (G): "Yes, as in other fees we have, this would be very poor on the part of this body to dedicate the entire fees because we don't know the future amount collected and I think future legislatures will want to review that from biennium to biennium."

Representatives Ehlers, Warnke, Tupper and Patrick spoke against passage of the bill.

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Mr. Brown.

Mr. Brown: "Representative Nelson, will there be a record of everyone who buys a gun with this bill?"

Mr. Nelson (G): "That record is already there, Representative Brown. There is no change at all under statute if you read it. There is just some lines drawn through the existing fees that pays for either the new permit or the renewal. The actual records for those permits have already been taken care of in statute."

Mr. Brown: "Just to follow up: In your opinion, there would be no change at all as far as registration, and this information would not be given out to any other group or organization that would tend to look at this?"

Mr. Nelson (G): "That's a technical question that I'm not prepared to answer. To my knowledge, the registration and the permits are kept solely by the law enforcement agency and the Department of Licensing and the individual gets a copy, a little card they carry with them to indicate they are permitted to have a concealed weapon."

Representatives Nickell and Struthers spoke in favor of passage of the bill.

POINT OF PARLIAMENTARY INQUIRY

Mr. O'Brien: "Was House Bill No. 598 referred to Ways and Means?"

The Speaker (Mr. Amen presiding): "Yes, Appropriations - General Government."

Mr. Tupper again opposed passage of the bill.

Mr. Ehlers: "Representative Mitchell, just for a point of clarification, section 1, on page 3, where we are striking '40' and inserting '50,' that's for per diem, not for compensation?"

Mr. Mitchell: "Yes, the intention of this bill and the legislature is for per diem only for the board members. It is not compensation. If this part was not in the bill it would be covered by the current regulations and statutes regarding per diem for board members."

POINT OF PERSONAL PRIVILEGE

Mr. Ehlers: "To my knowledge this is the first time in nine years that I've been in this body that a member has not had an opportunity to ask for reconsideration on a bill. It's very obvious to those of us who are here that I was not given that opportunity. It's clear that I was standing and did ask for a point of order to recognize that I was personally embarrassed by the majority party."

POINT OF PERSONAL PRIVILEGE

Mr. Heck: "I would add my voice to that of Representative Ehlers, and suggest that we consider this an affront to the Democratic Caucus. In the five years I've been here, I've never witnessed such a display of unfairness and failure to recognize a speaker from the minority party."

POINT OF PERSONAL PRIVILEGE

Mr. Nelson (G): "I think I've been here as long as the two previous speakers, and I think we've all recognized that when we get into the waning hours of the session, one of the most usual delaying tactics is to vote on the prevailing side when there is no intention of that member really wanting to be there, and then go into the delay tactic of reconsideration so that it gets delayed for—"

POINT OF ORDER

Mr. Ehlers: "The speaker is further embarrassing and impugning my motives. I don't believe he's done anything except to add to the first insult."

The Speaker (Mr. Amen presiding): "Representative Nelson, would you try and not impugn his motives please."

Mr. Nelson (G): "That's very difficult to do, there's no question about it. I think as this session goes on for the next week that we will probably be faced with these kinds of decisions to make and I feel that it's completely proper to advance those bills to the other body as soon as we possibly can so that we don't stand in the way of good legislation that quite evidently is getting the support of the majority of the members of this body."

POINT OF PERSONAL PRIVILEGE

Mr. Grimm: "I voted for this bill and I appreciate what you're trying to do, but your desire for expediency gives you no right to abrogate the deliberative democratic process and that's what you've done."

ENGROSSED SENATE BILL NO. 3359 as amended by the House, by Senators Patterson, Hansen, Guess and Lee:

Placing ferry employees under the state civil service system.

A., Nickell, Nisbet, Owen, Padden, Prince, Rosbach, Sanders, Schmidt, Smith, Sprague, Struthers, Taylor, Teutsch, Tilly, Tupper, Van Dyken, Vander Stoep, Wilson, and Mr. Speaker.

Voting nay: Representatives Becker, Bender, Brekke, Brown, Burns, Ehlers, Eng, Erak, Erickson, Gallagher, Galloway, Garrett, Grimm, Gruger, Heck, Hine, King J., King R., Kreidler, Lux, Martinis, Maxie, McCormick, Monohon, Nelson D., North, O'Brien, Patrick, Pruitt, Rinehart, Rust, Salatino, Scott, Sherman, Sommers, Stratton, Valle, Walk, Wang, Warnke, Williams, Winsley.

Mr. O'Brien: "Representative Addison, subsection (a) of section 1 says, 'Boxing includes, but is not limited to, wrestling, sumo, judo...' and other classifications of athletic prowess, but I would like to know whether the terminology 'boxing,' as is throughout this act, now means wrestling?"

Mr. Addison: "The answer to your question is no, it would not be professional wrestling unless there is a significant purse offered to the winner of the match."

Mr. O'Brien: "Well, they have defined boxing as including wrestling. Are you further defining wrestling as being special wrestling and other classes of wrestling?"

Mr. Addison: "The difference between the two is that professional wrestling is currently an exhibition and professional boxing is a contest. At some point, if professional wrestling changes from an exhibition to an actual contest, where there is a legitimate contest between two individuals where the outcome is not determined before the match, if there is a purse where the winner receives a significant purse for winning the contest, and where there is some danger to the contestants, then at that point, professional wrestling would come under the bill, not under boxing, but under the provisions of the bill regarding contests."

Mr. O'Brien spoke against passage of the bill.

POINT OF INQUIRY

Mr. Addison yielded to question by Mr. Ehlers.

Mr. Ehlers: "This bill talks about wrestling. Could you make some distinction between wrestling and rasseling, which is the exhibition that we are talking about? Could you clarify what is meant in the bill with the term 'wrestling'?"

Mr. Addison: "Contrary to what the good gentleman from Seattle was referring to, professional wrestling, as we know it in this state, which is basically an exhibition, will not be regulated under this bill. Just for the purpose of establishing legislative intent, wrestling involves exhibition and does not involve a contest for a purse and would not be covered under this bill."

"Sec. 18. Section 2, chapter 1, Laws of 1973 as last amended by section 1, chapter 50, Laws of 1979 ex. sess. and RCW 42.17.020 are each amended to read as follows:

The definitions set forth in this section apply throughout this chapter unless the context clearly requires otherwise.

'Local agency' includes every county, city, town, municipal corporation, quasi-municipal corporation, or special purpose district, or any office, department, division, bureau, board, commission, or agency thereof, or other local public agency.

For the purposes of this chapter, agreements to make expenditures, contracts, and promises to pay may be reported as estimated obligations until actual payment is made. The term 'expenditure' shall not include the partial or complete repayment by a candidate or political committee of the principal of a loan, the receipt of which loan has been properly reported, or payment of service charges against a political committee's campaign account.

(18) 'Lobby' and 'lobbying' each mean attempting to influence the passage or defeat of any legislation by the legislature of the state of Washington, or the adoption or rejection of any rule, standard, rate, or other legislative enactment of any state agency under the state administrative procedure acts, chapter 34.04 RCW and chapter 28B.19 RCW.

A city or town or a school district having a 'small local government' during a portion of a year shall continue to be classified as such during the remainder of the year, notwithstanding any change in the number of voters registered during an election held in that year or any change in school district enrollment during that year. Renumber the remaining subsections consecutively.

Representatives Barr and Patrick spoke in favor of the amendment, and Ms. Rust spoke against it.

The Clerk called the roll on adoption of the amendment by Representative Barr and others to Engrossed Substitute Senate Bill No. 3249, and the amendment was adopted by the following vote: Yeas, 55; nays, 42; not voting, 1.

Voting yea: Representatives Amen, Barnes, Barr, Barrett, Becker, Berleen, Bickham, Bond, Cantu, Chamberlain, Chandler, Clayton, Dawson, Dickie, Eberle, Ellis, Fancher, Fiske, Flanagan, Garson, Greengo, Hankins, Hastings, Houchen, Isaacson, James, Johnson, Lane, Leonard, Lewis, Lundquist, McGinnis, Mitchell, Nelson G. A., Nickell, North, Padden, Patrick, Prince, Rosbach, Sanders, Schmidt, Smith, Sprague, Stratton, Struthers, Taylor, Teutsch, Tilly, Van Dyken, Vander Stoep, Williams, Wilson, Winsley, and Mr. Speaker.

Mr. McGinnis moved adoption of the following amendment by Representatives McGinnis, Nelson (G) and Leonard:

On page 29, after line 27 insert the following:

"NEW SECTION. Sec. 19. There is added to chapter 42.17 RCW a new section to read as follows:

(1) No political subdivision of the state, including general or special purpose districts, nor any governmental association created by statute, resolution or ordinance, shall expend, and no lobbyist may accept, public funds for lobbying purposes.

(2) This section shall not prevent elected officials, or their designated departmental administrators, from lobbying on behalf of the office to which they are elected if the legislative authority of the political subdivision, if any, previously authorizes the elected official to lobby for or against that specific legislation."

Renumber the remaining sections consecutively.

Representatives McGinnis, Williams and Sanders spoke in favor of the amendment, and Representatives Taylor, Barrett and Hine spoke against it.

Mr. Barrett again opposed the amendment.

POINT OF INQUIRY

Mr. Sanders yielded to question by Mr. Ehlers.

Mr. Ehlers: "Representative Sanders, that certainly is a good point you made. None of us can argue with that, but what would happen, on the other hand, if there were a number of people from private enterprise, and perhaps an equal number representing local government, lobbying in front of the legislature, and, in fact, the bill was not in the best interests of the taxpayers of that local government? Would you object to it at that point, to those people being there representing the city?"

Mr. Sanders: "I think legislators have to represent the people in their districts, and I think they have to take the public testimony and consider it as it affects the people of the state of Washington, the whole state, because we are state representatives, and the effects on the local people."

Mr. Ehlers: "So you are really saying, Representative Sanders, that if the city of Bellevue sent representatives saying that something affects the city of Bellevue, we shouldn't really pay any attention to them?"

Mr. Sanders: "No, of course not. I haven't said that. I said we would take into account what the people of Bellevue say, what the people of the state say, and it's our decision to vote the way we see it, but we shouldn't be outnumbered either way by governmental lobby."

Mr. Ehlers spoke against the amendment.

Mr. Scott demanded the previous question, and the demand was sustained.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative McGinnis and others to Engrossed Substitute Senate Bill No. 3249, and the amendment was not adopted by the following vote: Yeas, 25; nays, 72; not voting, 1.

Voting nay: Representatives Amen, Barnes, Barr, Barrett, Becker, Berleen, Bickham, Brekke, Brown, Burns, Cantu, Chamberlain, Chandler, Clayton, Dawson, Dickie, Ehlers, Ellis, Eng, Erak, Erickson, Flanagan, Gallagher, Galloway, Garrett, Granlund, Greengo, Grimm, Gruger, Hankins, Heck, Hine, Houchen, King J., King R., Kreydler, Lane, Lux, Maxie, McDonald, Mitchell, Monohon, Nelson D., Nickell, North, O'Brien, Owen, Padden, Prince, Pruitt, Rinehart, Rosbach, Rust, Salatino, Schmidt, Scott, Sherman, Smith, Sommers, Stratton, Taylor, Teutsch, Thompson, Tilly, Tupper, Valle, Van Dyken, Vander Stoep, Walk, Wang, Wilson, Winsley.

Not voting: Representative Bender.

Mr. Pruitt moved adoption of the following amendment:

On page 29 after line 27 insert a new section as follows:

"Sec. 19. Section 12, chapter 1, Laws of 1973 as amended by section 8, chapter 294, Laws of 1975 1st ex. sess. and RCW 42.17.120 are each amended to read as follows:

(1) No contribution shall be made and no expenditure shall be incurred, directly or indirectly, in a fictitious name, anonymously, or by one person through an agent, relative, or other person in such a manner as to conceal the identity of the source of the contribution or in any other manner so as to effect concealment.

(2) (a) Political advertising, whether relating to a candidate or ballot proposition, however promulgated or disseminated, shall identify either the candidate or political committee or other person, paying for the advertising, by giving the name and address of that person on the material or in connection with its presentation. When such person is a corporation, association, or other entity, the identification shall include the name of its chief executive officer, or where none is so designated, a representative of the entity. Political yard signs and radio and television advertising are exempt from the requirements of this subsection (2)(a).

(b) Political advertising for a candidate for partisan political office shall identify clearly and conspicuously on the material or in connection with its presentation, the party with which such candidate is affiliated. A generally recognized abbreviation may be used to identify a candidate's party affiliation. All advertising relating to a candidate shall identify the office sought.

(c) The public disclosure commission may, by rule and/or on a case-by-case basis, exempt from the identification requirements of subsections (2)(a) and/or (2)(b) of this section, forms of political advertising such as campaign buttons, balloons, pens, pencils, and other forms of advertising where identification is impractical.

(3) At least one picture of the candidate used in any single item of political advertising shall have been taken within the last five years and shall be no smaller than the largest picture of the same candidate used in the advertisement.

(4) No political advertising may falsely represent that a candidate is an incumbent for the office sought."

Remember the remaining sections consecutively.

POINT OF ORDER

Mr. Nelson (G): "Mr. Speaker, I would like you to rule on the scope and object of this amendment."

SPEAKER'S RULING

The Speaker: "Representative Nelson, I have examined the contents of the bill and find that it deals with political committees, the appointment of campaign treasurers, sections dealing with lobbyists, and no where does it deal with the subject of political advertising that is raised in the amendment. In that context, and with some degree of consistency, I would rule that it would be beyond the scope and object of the bill."

NOTICE OF RECONSIDERATION

Mr. Ehlers, having voted on the prevailing side, served notice, that he would, on the next working day, move for reconsideration of the votes by which HOUSE BILL NO. 739 and ENGROSSED SUBSTITUTE SENATE BILL NO. 3704 passed the House.

Mr. Salatino moved adoption of the following amendment to Engrossed Substitute Senate Bill No. 3249:

On page 15, beginning on line 33, strike all material down to and including "party" on line 34 and insert "((3) Transfer the surplus to one or more candidates or to a political committee or party))"

Renumber the remaining subsections consecutively.

Mr. Salatino spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Salatino yielded to question by Mr. Lewis.

Mr. Lewis: "Representative Salatino, I was wondering if with my own campaign funds, where I have carried over money channeled for a press conference, or to rent a room or hall, my campaign treasurer pays for that. When I do some personal mailing that is politically oriented, where I incur expenses that I try to justify my existence to the voters, what effect would your amendment have on these liabilities to the holdover money for such expenses?"

Mr. Salatino: "That is a continuing committee, I believe, Representative Lewis, and not surplus funds. You are continuing the process of collecting dollars for campaign purposes. This deals specifically with the surplus, so it's my understanding that it would not deal with the expenditures that would take place with the campaign funds."

Representatives Hastings and Lewis spoke against the amendment, and Representatives Salatino and Patrick spoke in favor of it.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Salatino, to Engrossed Substitute Senate Bill No. 3249, and the amendment was not adopted by the following vote: Yeas, 48; nays, 49; not voting, 1.

Voting nay: Representatives Addison, Amen, Barnes, Barr, Barrett, Berleen, Bickham, Bond, Cantu, Chamberlain, Clayton, Dawson, Dickie, Eberle, Ellis, Erak, Fancher, Fiske, Flanagan, Gallagher, Garson, Greengo, Hankins, Hastings, Hine, Houchen, Isaacson, James, King J., King R., Leonard, Lewis, Lundquist, McGinnis, Monohon, Nelson G. Requiring investment of certain municipal moneys.

The bill was read the second time.

Mr. Van Dyken moved adoption of the following amendment by Representatives Van Dyken, Vander Stoep, Williams, Becker and Hine:

On page 2, after line 10 insert the following:

***NEW SECTION.** Sec. 2. Cities and towns, in addition to counties, port districts, and public utility districts, are authorized pursuant to this chapter to establish heating systems and provide heating services from heat sources including, but not limited to, geothermal heat, steam or water heated by a biomass energy system, waste heat, and energy from a cogeneration facility.

Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) 'Biomass energy system' means a system that provides for the production or collection of organic materials that are primarily waste materials and the conversion or use of that material for the production of energy or substitute fuels. Biomass conversion can be achieved by several processes including, but not limited to, burning, pyrolysis, distillation, or anaerobic respiration.

(2) 'Cogeneration' means the sequential generation of two or more forms of energy from a common fuel or energy source.

(3) 'Cogeneration facility' means any machinery, equipment, structure, process, or property or any part thereof, installed or acquired for the primary purpose of cogeneration by a person or corporation.

(4) 'Geothermal heat' means the natural heat of the earth and the medium by which such heat is extracted from the earth, including liquids or gases, as well as any minerals contained in any natural or injected fluids, brines and associated gas, but excluding oil, hydrocarbon gas, and other hydrocarbon substances.

(5) 'Waste heat' means the heat released to the environment from an industrial process, electric generation, or other process.

(6) 'Heat' or 'heating services' means space or process heating and cooling, and hot water.

(7) 'Municipality' means a county, city, town, port district, or public utility district.

(8) 'Heating facilities' means all real and personal property, or interests therein, necessary or useful for: (a) The acquisition, production, or extraction of heat; (b) the storage of heat; (c) the distribution of heat from its source to the place of utilization; (d) the extraction of heat at the place of utilization from the medium by which the heat is distributed; (e) the distribution of heat at the place of utilization; and (f) the conservation of heat.

Sec. 4. A municipality may construct, purchase, acquire, add to, extend, maintain, and operate a system of heating facilities, within or without its limits, for the purpose of supplying its inhabitants and other persons with heat, with full power to regulate and control the use, distribution, and price thereof, and to enter into agreements for the maintenance and operation of heating facilities under such terms and conditions as may be determined by the legislative authority of the municipality. The provision of heat and heating facilities and the establishment and operation of heating systems pursuant to this chapter are hereby declared to be a public use and a public and strictly municipal purpose.

Sec. 5. In addition to the general powers provided in section 4 of this act, and not by way of limitation, municipalities have the following specific powers:

(1) The usual powers of a corporation, to be exercised for public purposes;

(2) To acquire by purchase, gift, or condemnation property or interests in property within and without the municipality, necessary for the construction and operation of heating systems, including additions and extensions thereof. No municipality may acquire by condemnation any heat source. To the extent judged economically feasible by the municipality, public property and rights of way shall be utilized in lieu of private property acquired by condemnation;

(3) To acquire, install, add to, maintain, and operate heating facilities at a heat source or to serve particular consumers of heat, whether such facilities are located on property owned by the municipality, by the consumer of heat, or otherwise;

(4) To sell, lease, or otherwise dispose of heating facilities;

(5) To contract for the operation of heating facilities;

(6) To apply and qualify for and receive any private or federal grants, loans, or other funds available for carrying out the objects of the municipality;

(7) Full and exclusive authority to sell and regulate and control the use, distribution, rates, service, charges, and price of all heat supplied, free from the jurisdiction and control of the utilities and transportation commission, in all things;

(8) To utilize fuels other than the heat sources described in section 2 of this act on a standby basis, to meet start up and emergency requirements, to meet peak demands, or to supplement such heat sources as necessary to provide a reliable and economically feasible supply of heat;

(9) To the extent permitted by the state Constitution, to make loans for the purpose of enabling suppliers or consumers of heat to finance heating facilities;

(10) To enter into cooperative agreements providing for the acquisition, construction, ownership, financing, use, control, and regulation of heating systems and heating facilities by more than one municipality or by one or more municipalities on behalf of other municipalities.

Sec. 6. If the legislative authority of a municipality deems it advisable that the municipality purchase, acquire, or construct a heating system, or make any additions or extensions thereof, the legislative authority shall provide therefor by ordinance or resolution, which shall specify and adopt the system or plan proposed, declare the estimated cost thereof, as near as may be, and specify the method of financing and source of funds.

Sec. 7. A municipality may impose rates, charges, or rentals for heat, service, and facilities provided to customers of the system, provided that the rates charged are uniform for the same class of customers or service. In classifying customers served or service furnished, the legislative authority may in its discretion consider all of the following factors: The difference in cost of service to the various customers; location of the various customers within or without the municipality; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the heat furnished; the time of its use; the demand on the system; capital contributions made to the system including, but not limited to, assessments or the amount of capital facilities provided for use by the customer; and any other matters which present a reasonable difference as a ground for distinction.

Sec. 8. If prompt payment of a heating rate, charge, or rental is not made, a municipality may shut off the heating supply to the building, place, or premises to which the municipality supplied the heating. A municipality may also make an additional charge for late payment.

Sec. 9. A municipality may charge property owners seeking to connect to the heating system, as a condition to granting the right to so connect, in addition to the cost of such connection, such reasonable connection charge as the legislative authority determines to be proper in order that the property owners bear their equitable share of the cost of the system. The cost of connection to the system shall include the cost of acquisition and installation of heating facilities necessary or useful for the connection, including any heating facilities located or installed on the property being served. Connection charges may, in the discretion of the municipality, be made payable in installments over a period of not more than thirty years or the estimated life of the facilities installed, whichever is less. Installments, if any, shall bear interest and penalties at such rates and be payable at such times and in such manner as the legislative authority of the municipality may provide.

Sec. 10. For the purpose of paying all or a portion of the cost of heating facilities, a municipality may form local improvement districts or utility local improvement districts, levy, collect, and foreclosure assessments, reassessments, and supplemental assessments; and issue local improvement district bonds and warrants in the manner provided by law for cities of the first class. In addition, municipalities may provide by ordinance that assessments will be deposited in a fund created for the payment of general obligation bonds and, to the extent that assessments are so deposited, taxes for the payment of such general obligation bonds shall not be levied.

Sec. 11. For the purpose of providing funds for defraying all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, extension, repair, maintenance, or operation of a heating system, and the implementation of the powers set forth in sections 4 and 5 of this act, a municipality may authorize, by ordinance or resolution, the creation of a special fund or funds into which the municipality shall be obligated to set aside and pay all or any designated proportion or amount of any or all revenues derived from the heating system, including any utility local improvement district assessments, any grants received to pay the cost of the heating system, and any municipal license fees specified in the ordinance or resolution creating such special fund.

Sec. 12. If the legislative authority of a municipality deems it advisable to finance all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, and extension of a heating system, or for the implementation of the powers set forth in sections 3 and 4 of this act, or for working capital, interest during construction and for a period of up to one year thereafter, debt service and other reserves, and the costs of issuing revenue obligations, a municipality may issue revenue bonds against the special fund or fund created from revenues or assessments. The revenue bonds so issued may be issued in one or more series and shall be dated, shall bear interest at such rate or rates, and shall mature at such time or times as may be determined by the legislative authority of the municipality, and may be made redeemable before maturity at such price or prices and under such terms and conditions as may be fixed by the legislative authority of the municipality prior to the issuance of the bonds. The legislative authority of the municipality shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest. If an officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to be such officer before the delivery of the bonds, the signature shall for all purposes have the same effect as if the officer had remained in office until the delivery. The bonds may be issued in coupon or in registered form or both, and provisions may be made for the registration of any coupon bonds as to the principal alone and also as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. Bonds may be sold at public or private sale for such price and bearing interest at such fixed or variable rate as may be determined by the legislative authority of the municipality.

The principal of and interest on any revenue bonds shall be secured by a pledge of the revenues and receipts derived from the heating system, including any amounts pledged to be paid into a special fund in accordance with section 10 of this act, and may be secured by a mortgage covering all or any part of the system, including any enlargements of and additions to such system thereafter made. The revenue bonds shall state upon their face that they are payable from a special fund, naming it and the ordinance creating it, and that they do not constitute a general indebtedness of the municipality. The ordinance or resolution under which the bonds are authorized to be issued and any such mortgage may contain agreements and provisions respecting the maintenance of the system, the fixing and collection of rates and charges, the creation and maintenance of special funds from such revenues, the rights and remedies available in the event of default, and other matters improving the marketability of the revenue bonds, all as the legislative authority of the municipality deems advisable. Any revenue bonds issued under this chapter may be secured by a trust agreement by and between the municipality and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the state. Any such trust agreement or ordinance or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures.

Sec. 13. Revenue warrants may be issued and such warrants and interest thereon may be payable out of the special fund or refunded through the proceeds of the sale of refunding revenue warrants or revenue bonds. Every revenue warrant and the interest thereon issued against the special fund is a valid claim of the holder thereof only as against that fund and the amount of revenue pledged to the fund, and does not constitute an indebtedness of the authorized municipality. Every revenue warrant shall state on its face that it is payable from a special fund, naming it and the ordinance or resolution creating it.

Sec. 14. If a municipality fails to set aside and pay into the special fund created for the payment of revenue bonds and warrants the amount which it has obligated itself in the ordinance or resolution creating the fund to set aside and pay therein, the holder of any bond or warrant issued against the bond may bring suit against the municipality to compel it to do so.

Sec. 15. Sections 2 through 14 of this act shall constitute a new chapter in Title 54 RCW.

NEW SECTION. Sec. 16. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.*

POINT OF INQUIRY

Mr. Barnes yielded to question by Ms. Rinehart.

Ms. Rinehart: "Could you elaborate on why 1983 is too short a time?"

Mr. Barnes: "WPPSS is going to have to go to the market on a regular basis from now on for a number of years beyond 1983. Of course, we could come back and allow them to do this, but I believe that's putting a burden on us that we don't need plus putting an amount of uncertainty on the WPPSS and their financing methods. A summary of such information shall be provided by the company to its ratepayers in its next regular billing statement to each of its customers, and such summary shall be in such form as to inform each class of customer of the present and future impact of the operating agency's obligations on the company's rates for each class of customer."

"NEW SECTION, Sec. 6. The legislature directs that an independent study shall be made of the feasibility of completion and operation of the Washington Public Power Supply System (WPPSS) Nuclear Projects Nos. Four and Five, which are the least advanced in construction of the five WPPSS projects. The study shall examine the cost-effectiveness, need for, and financing of the plants, including, but not limited to the following:

(1) The probability of successful financing of plant construction, including analysis of inflation effects, probable interest rates, future monetary policy, market reaction to financing arrangements, and risks associated with such financing arrangements;

(2) The probable ultimate costs and schedule for completing each plant assuming that: (a) Construction continues without a deferral, and (b) construction is completed after a deferral lasting as long as ten years;

(3) The probable cost of power produced by each plant throughout the period of plant operation;

(4) The electric rates that are to be expected assuming that each plant is completed according to the determinations under subsection (2) of this section, including costs of substitutes for the outputs of each plant if the plant's completion is subject to a deferral, the plant is not completed, or the plant ceases operation before the plant is finally amortized;

(5) The need for projected output of each plant considering projected demand for electricity, other supply or conservation programs that will be initiated during the period before each plant would be on line, and the availability of and potential for using alternative resources and conservation in new programs which could be undertaken;

(6) The market for and probable rate at which surplus electricity, if any, could be sold outside the Pacific Northwest region; and

(7) The cost-effectiveness of available energy alternatives as compared to continued investment in each plant, considering among other factors life cycle costs, time of availability, and options for the disposition of uncompleted plants.

NEW SECTION, Sec. 7. The legislature intends that the study described in section 6 of this act shall be managed and conducted by an independent research unit, recognized both for expertise in the investigation of electric energy supply and demand in the Pacific Northwest, particularly the process of electric generation by nuclear fission, and for objectivity in past research. The joint Washington energy research center of the University of Washington and Washington State University shall conduct this study through its affiliate office of applied energy studies of Washington State University. A study director shall be appointed by

Washington State University. The study director shall contract with nationally recognized expert and disinterested consultants as needed for expeditious completion of the study. WPPSS shall provide unrestricted access to its personnel and records to the persons, including consultants, conducting the study.

The legislative budget committee shall monitor the fiscal administration of the study described in section 6 of this act and may require adherence to such fiscal practices as are appropriate to the needs of the state and the intent of this section and section 6 of this act.

The study director shall assemble an advisory panel which shall provide technical advice and support for the study. Experts from the private sector in the fields of public works construction and finance shall be included on the panel.

NEW SECTION. Sec. 8. The study required by section 6 of this act is needed as expeditiously as possible and shall be completed by March 15, 1982. The study director shall report periodically upon the concurrent request of the chairmen of the energy and utility committees of the senate and the house of representatives regarding study progress and preliminary findings and shall provide a draft report to the Washington state legislature by January 31, 1982.

A full report of the findings and recommendations in the study shall be submitted by the office of applied energy studies of the Washington energy research center to the governor, the speaker of the house of representatives, the president of the senate, the chairmen of the energy and utilities committees of the senate and house of representatives, the managing director and the president of the board of directors of the Washington Public Power Supply System, and the governing body of each participant in the projects.

NEW SECTION. Sec. 9. There is hereby appropriated to Washington State University the sum of one million five hundred thousand dollars or so much thereof as is necessary for the 1981-83 biennium from the state general fund to be used for the sole purpose of paying the costs of conducting the study under section 6 of this act.

NEW SECTION. Sec. 10. Except only as expressly provided in RCW 67.28.180 and 67.28.190 and the provisions of chapter 82.14 RCW, the state preempts the field of imposing taxes upon retail sales of tangible personal property, the use of tangible personal property, parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature.

Without explicit authorization from the legislature, a county, city or town, or other municipal subdivision shall not impose taxes, either direct or indirect, whether under the name of a tax, excise, fee, or other description, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or any other building or building space or appurtenances thereto, or the development or subdivision of land. The legislature finds that dedication of land constitutes a tax for purposes of this section: PROVIDED, That this section shall not preclude dedications of land or easements for roads, streets, sidewalks, rights of way, and utilities, including surface water drainage facilities, which are reasonably necessary as a direct result of the proposed development to which the dedication requirement is to apply.

Nothing in this section precludes the imposition of business and occupation taxes measured by gross income or of sales and use taxes under chapter 82.14 RCW.

Nothing in this section prohibits cities, towns, or counties from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, or county of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any city, town, or county to impose special assessments on property specially benefited thereby in the manner prescribed by law.

Sec. 2. Section 4, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.030 are each amended to read as follows:

(1) The governing body of any county or city while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose a sales and use tax in accordance with the terms of this chapter. Such tax shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be. The rate of such tax imposed by a county shall be five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city shall not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax): PROVIDED, HOWEVER, That in the event a county shall impose a sales and use tax under this subsection, the rate of such tax imposed under this subsection by any city therein shall not exceed four hundred and twenty-five one-thousandths of one percent.

(2) In addition to the tax authorized in subsection (1) of this section, the governing body of any county or city may by resolution or ordinance impose an additional sales and use tax in accordance with the terms of this chapter. The additional tax shall be collected upon the same taxable events upon which the tax imposed under subsection (1) of this section is levied. The rate of the additional tax imposed by a county shall be five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of the additional tax imposed by a city shall be five-tenths of one percent

of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax): PROVIDED HOWEVER, That in the event a county shall impose a sales and use tax under this subsection, the rate of the tax imposed under this subsection by any city therein shall be four hundred and twenty-five one-thousandths of one percent: PROVIDED FURTHER, That the tax authorized in this subsection shall be in lieu of any charges, fees, or taxes or dedication prohibited by RCW 82.02.020.

Sec. 3. Section 5, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.040 are each amended to read as follows:

(1) Any county ordinance adopted (~~pursuant to this chapter~~) under RCW 82.14.030(1) shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax imposed under RCW 82.14.030(1) for the full amount of any city sales or use tax imposed under RCW 82.14.030(1) upon the same taxable event.

(2) Any county ordinance adopted under RCW 82.14.030(2) shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax imposed under RCW 82.14.030(2) for the full amount of any city sales or use tax imposed under RCW 82.14.030(2) upon the same taxable event.

NEW SECTION. Sec. 4. There is added to chapter 82.14 RCW a new section to read as follows:

Every county and city establishing a tax for the act or privilege of engaging in business activities measured by gross income under RCW 35.22.280(32) after October 1, 1980 or imposing a tax under RCW 82.14.030(2) shall provide a citizen initiative process which may be used by the citizens of the county or city, as the case may be, to repeal the tax imposed under RCW 35.22.280(32) after October 1, 1980 or under RCW 82.14.030(2). The initiative process shall not contain requirements which are more stringent than the requirements for state initiatives under chapter 29.79 RCW. The amendment to RCW 82.02.020 by section 1 of this 1981 act does not apply to any county or city which is not imposing a tax under RCW 82.14.030(2) because of a repeal under this section.

Sec. 5. Section 6, chapter 94, Laws of 1970 ex. sess. as amended by section 3, chapter 296, Laws of 1971 ex. sess. and RCW 82.14.050 are each amended to read as follows:

The counties, metropolitan municipal corporations and cities shall contract, prior to the effective date of a resolution or ordinance imposing a sales and use tax, the administration and collection to the state department of revenue, which shall deduct a percentage amount, as provided by contract, not to exceed ~~((two))~~ one percent of the taxes collected for administration and collection expenses incurred by the department. The remainder of any portion of any tax authorized by this chapter which is collected by the department of revenue shall be deposited by the state department of revenue in a special fund under the custody of the state treasurer to be known as the local sales and use tax revolving fund. All administrative provisions in chapters 82.03, 82.08, 82.12, and 82.32 RCW, as they now exist or may hereafter be amended, shall, insofar as they are applicable to state sales and use taxes, be applicable to taxes imposed pursuant to this chapter.

Sec. 6. Section 1, chapter 87, Laws of 1972 ex. sess. as last amended by section 4, chapter 175, Laws of 1979 ex. sess. and RCW 82.44.150 are each amended to read as follows:

(1) The director of licensing shall on the twenty-fifth day of February, May, August and November of each year, commencing with November, 1971, advise the state treasurer of the total amount of motor vehicle excise taxes remitted to the department of licensing during the preceding calendar quarter ending on the last day of March, June, September and December, respectively, except for those payable under RCW 82.44.030 and 82.44.070, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.030 and 82.44.070, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund. A sum equal to seventeen percent thereof shall be paid to cities and towns in the proportions and for the purposes hereinafter set forth; a sum equal to seventy percent of all motor vehicle excise tax receipts shall be allocable to the state school equalization fund and credited and transferred each year in the following order of priority:

(a) The amount required and certified by the state finance committee each year as being necessary for payment of principal of and interest on bonds authorized by ~~((chapter 26, Laws of 1963 extraordinary session))~~ RCW 28A.47.760 through 28A.47.774 in the ensuing twelve months and any additional amounts required by the covenants of such bonds shall be transferred from the state school equalization fund to the 1963 public school building bond retirement fund.

(b) Any remaining amounts in the state school equalization fund from the motor vehicle excise taxes not required for debt service on the above bond issues shall be transferred and credited to the general fund.

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state (~~(ratably, on the basis of the population as last determined by the office of financial management)~~) according to the following formula:

(a) Sixty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned ratably on the basis of population as last determined by the office of financial management.

(b) Thirty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned to cities and towns under section 7 of this 1981 act.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department of licensing, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (5) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(8) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (5) of this section.

NEW SECTION. Sec. 7. There is added to chapter 82.14 RCW a new section to read as follows:

There is created in the state general fund a special account to be known as the "municipal sales and use tax equalization account." Into this account shall be placed such revenues as are provided under RCW 82.44.150(3)(b). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for each city and the state-wide weighted average per capita level of revenues for all cities imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city not imposing the sales and use tax under RCW 82.14.030(2) an amount from the municipal sales and use tax equalization account equal to the amount distributed to the city under RCW 82.44.150(3)(a) multiplied by thirty-five sixty-fifths.

(3) Subsequent to the distributions under subsection (2) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide average per capita level of revenues for all cities as determined by the department of revenue under subsection (1) of this section, an amount from the municipal sales and use tax equalization account sufficient, when added to the per capita level of revenues received the previous calendar year by the city, to equal seventy percent of the state-wide weighted average per capita level of revenues for all cities determined under subsection (1) of this section, subject to reduction under subsection (5) of this section.

(4) Subsequent to the distributions under subsection (3) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(2) and receiving a distribution under subsection (3) of this section, a third distribution from the municipal sales and use tax equalization account. The distribution to each qualifying city shall be equal to the distribution to the city under subsection (3) of this section, subject to the reduction under subsection (5) of this section. To qualify for the distributions under this subsection, the city must impose the tax under RCW 82.14.030(2) for the entire year. Cities imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3) or (4) of this section, then the distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying cities. At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3) and (4) of this section to the cities.

(6) If the level of revenues in the municipal sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (4) of this section, then the additional revenues shall be apportioned among the several cities within the state ratably on the basis of population as last determined by the office of financial management.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health and safety, the support of local government and their existing public institutions, and shall take effect on July 1, 1981. If section 1 of this act does not take effect, section 3 of this act is void and of no force."

Mr. Nelson (D) moved adoption of the following amendment to the Greengo amendment:

On page 2, line 10 of the amendment after "way," insert "and parks or other public uses as long as there is no loss of residential density"

Representatives Nelson (D) and Nisbet spoke in favor of the amendment to the amendment, and Representatives Barrett and Sprague spoke against it.

POINT OF PARLIAMENTARY INQUIRY

Ms. Rinehart: "We are now considering the Nelson amendment to the Greengo amendment? What will be the effect of this amendment if it passes on all the amendments we have already passed to this bill?"

The Speaker: "If the Nelson amendment passes it would have no other effect on the other amendments, but if the Greengo amendment passes, it would wipe out all the previous amendments that have gone before us."

Ms. Lane spoke against the Nelson (D) amendment to the Greengo amendment.

Mr. Padden demanded the previous question and the demand was sustained.

The amendment to the amendment was not adopted.

On motion of Mr. Tilly, the following amendment by Representatives Tilly, Sanders and Bond to the Greengo amendment was adopted:

On page 5, strike lines 15 through 34 and insert:

***NEW SECTION.** Sec. 4. There is added to chapters 35.22, 35.23, 35.24, 35.27, 35A.82 and 82.14 RCW a new section to read as follows:

Every county, city or town imposing a business and occupation tax for the privilege of engaging in business which is calculated as a percentage of gross income, or a tax imposed under RCW 82.14.030(2), shall provide a citizen initiative process which may be used by the citizens of the county, city or town to repeal the tax imposed after October 1, 1980. The initiative process shall not contain requirements which are more stringent than the requirements for state initiatives under chapter 29.79 RCW."

Mr. Addison moved adoption of the following amendment to the amendment:

On page 5 of the amendment after line 34 insert "No legislative body of a county or city may impose a tax under RCW 82.14.030(2) without submitting the proposition to the voters and obtaining the approval of a majority of persons voting thereon."

Mr. Addison spoke in favor of the amendment to the amendment, and Mr. Bond spoke against it.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representatives Addison and Salatino to the Greengo amendment to Substitute House Bill No. 749, and the amendment to the amendment was adopted by the following vote: Yeas, 54; nays, 43; not voting, 1.

Voting yea: Representatives Addison, Barnes, Berleen, Brekke, Brown, Burns, Cantu, Dawson, Ehlers, Eng, Erak, Erickson, Gallagher, Garson, Grimm, Hastings, Heck, James, Johnson, King J., King R., Kreidler, Leonard, Lundquist, Lux, Maxie, McCormick, McGinnis, Nelson D., Nisbet, North, O'Brien, Owen, Padden, Patrick, Pruitt, Rinehart, Rust, Salatino, Sanders, Schmidt, Scott, Sherman, Sommers, Stratton, Taylor, Teutsch, Tilly, Tupper, Van Dyken, Walk, Wang, Warnke, Williams.

Voting nay: Representatives Amen, Barr, Barrett, Becker, Bickham, Bond, Chamberlain, Chandler, Clayton, Dickie, Eberle, Ellis, Fancher, Fiske, Flanagan, Galloway, Garrett, Granlund, Greengo, Gruger, Hankins, Hine, Houchen, Isaacson, Lane, Lewis, Martinis, McDonald, Mitchell, Monohon, Nelson G. A., Nickell, Prince, Rosbach, Smith, Sprague, Struthers, Thompson, Valle, Vander Stoep, Wilson, Winsley, and Mr. Speaker.

Not voting: Representative Bender.

The Speaker stated the question before the House to be the amendment by Representative Greengo as amended.

Representatives Greengo, Lundquist and Nelson (G) spoke in favor of the amendment as amended, and Ms. Rinehart spoke against it.

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Ms. Hine.

Ms. Hine: "Representative Nelson, is it your understanding that any city or county that does not choose to request the sales tax may still levy the development fee?"

Mr. Nelson (G): "Yes."

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Mr. Van Dyken.

Mr. Van Dyken: "Representative Nelson, is there latitude within this bill for a jurisdiction to impose a rate of increase somewhere between zero percent and one-half of one percent, or do they have no option; they have to go all the way?"

Mr. Nelson (G): "No, there is no option, Representative Van Dyken, and this comes by virtue of the recommendations made by the Department of Revenue to try and hold down the checkerboard activity that might otherwise occur across the state. It's a lot easier to have any one jurisdiction impose just the one."

Mr. Van Dyken spoke in favor of the amendment as amended, and Mr. Nelson (D) spoke against it.

POINT OF INQUIRY

Mr. Nelson (G) yielded to question by Ms. Sommers.

Ms. Sommers: "Representative Nelson, Representative Hine asked a question and I have to ask you the question again because I have been thumbing through this sixteen pages, and I can't find the answer to her question. If a city or county does not impose the sales tax, is it then permitted to impose the development fee. If the answer is yes, could you point out where it says so in there?"

Mr. Nelson (G): "It's my understanding that that is the case. I can't give you the citation without sitting down and going through it, however."

Ms. Sommers: "Well, it's not all that long. Is there anyone else on the floor who can answer the question?"

Mr. Greengo: "Representative Sommers, I believe it's in section 9, which says that if that section doesn't apply then the other portion is void. The net effect is that I think you are right, there is only one way that you could have an up-front fee. If you impose the tax, the voters get up an initiative and then turn it down. In that case, you can have up-front fees; otherwise, this bill is a prohibition of up-front fees."

Mr. Hastings: "Representative Fiske, this bill started because King County wanted to put in an enhanced system. Yesterday we adopted some amendments that essentially made it eligible to be involved in the 911 system without paying for the advanced system. By adopting those amendments, does this affect King County's ability to use this legislation to go with the enhanced way at all?"

Mr. Fiske: "No, it does not, Representative Hastings. It merely broadens the opportunity for any county to either add to or get involved with the 911 system at what ever level of sophistication they feel is appropriate for that county."

Representatives Hastings, Patrick, Fiske and Greengo spoke in favor of the bill, and Ms. Rust spoke against it.

POINT OF INQUIRY

Mr. Greengo yielded to question by Mr. Addison.

Mr. Addison: "Representative Greengo, in a situation where a town within a county—assume the town, say Bellevue, within King County—had basic 911 system and the county council decided they wanted to put a basic 911 system countywide, not an enhanced system, but just basically the same kind of service the people of Bellevue currently have, would those people in Bellevue be charged the fifty cents and would they really just be getting a tax increase for the same service they are already provided?"

Mr. Greengo: "Representative Addison, I believe the way the bill is constructed that the City of Seattle residents would not be taxed again for their own system, but they would be paying for the enhanced portion of it only."

Mr. Addison asked Mr. Greengo to yield to another question and he refused to yield.

Representatives Addison, Garson and North spoke against passage of the bill, and Representatives Patrick and Hine spoke in favor of it.

Mr. Struthers demanded the previous question and the demand was sustained.

Mr. Nickell: "It's very difficult to get local people—county commissioners and city commissioners—to fund anything, as you know, because they are short of money and they have no revenue sources."

Mr. Nelson (D): "You are saying that it is possible, but would be difficult?"

Mr. Nickell: "It would be very difficult. A great many of the programs that the association is undertaking could not be accomplished without this money."

Representatives Nelson (G) and Lundquist spoke in favor of the bill.
