NEW SECTION. Sec. 36. Tax levies authorized by voter approval of a ballot proposition submitted by a city under RCW 84.55.050 at an election held prior to 1988 for the purpose of funding the cost of library improvements, plus the costs of borrowing such amount for up to twenty years, may be levied in the amounts and in the years authorized by the voters in addition to the levies otherwise allowed by this chapter until the expiration of the limited period or satisfaction of the limited purpose so authorized, whichever comes first, notwithstanding the provisions of RCW 84.55.050(2). This act is curative and shall apply retroactively to all limited ballot propositions described herein. The elections at which any such ballot propositions were submitted, and the tax levies authorized thereby, shall be valid and effective in all respects. (c) If the location requirements established pursuant to this chapter effectively preclude location of adult entertainment businesses within a city, town, or county, such city, town, or county shall join with neighboring cities, towns, or counties in a regional adult entertainment business location plan in order to provide reasonable opportunity for location of adult entertainment businesses in the regional area.

The performer shall provide the following: (i) The performer's name, including all aliases, address, phone number, and date of birth; (ii) two passport-size color photographs of the performer; (iii) principal occupation; (iv) the name and address of any business, if known, at which the performer will perform; (v) a list of all prior performer's license numbers; (vi) a record of all prior criminal convictions for any offense listed under section 57(1) of this act; and (v) such other information as the department may require by rule.

(b) The department shall require the applicant to submit to fingerprinting to assist the Washington state patrol in conducting a background check under section 65 of this act.

(c) Identifying information provided by an applicant under this subsection is exempt from public disclosure, and the department shall not disclose such information except to the extent necessary to carry out its responsibilities under this chapter, or to comply with a request from another governmental entity, or to comply with a court order.

(2) No performer's license may be issued to:

(a) A performer who is under eighteen years of age;

(b) A performer who has failed to provide information reasonably necessary for issuance of the license or has falsely answered a question or request for information on the application form.

(1) An opportunity for a hearing must be provided a licensee prior to a revocation or modification of a business or performer's license and, except as provided in subsection (3) of this section, prior to the suspension of a license.

(2) No hearing shall be required until demanded by the applicant or licensee.

(3) The department may summarily suspend a business or performer's license for a period of up to thirty days without a prior hearing if it finds that public health, safety, or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order; and proceedings for revocation or other action must be promptly instituted and determined.

NEW SECTION. Sec. 51. No provision in this chapter limits the authority of cities, towns, and counties from further regulating adult entertainment businesses as to hours of operation, location of premises, or manner of operation.

The provisions of this chapter relating to the licensing of any adult entertainment business shall not be exclusive and any city, town, or county within whose jurisdiction the adult entertainment business is located may require any registrations or licenses, or charge any fee for the same or similar purpose; and nothing in this chapter shall limit or abridge the authority of any city, town, or county to levy and collect a general and

nondiscriminatory license fee levied upon all businesses, or to levy a tax based upon gross business conducted by any firm within the city, town, or county.

NEW SECTION. Sec. 52. The director has the following authority:

(1) To adopt, amend, or repeal such rules as are deemed necessary to carry out this chapter;

The assurance shall consist of a statement of the law in question and an agreement not to violate the stated provision. The applicant or license holder shall not be required to admit to any violation of the law, nor shall the assurance be construed as such an admission. Violation of an assurance under this subsection is grounds for disciplinary action;

(12) To designate individuals authorized to sign subpoenas and statements of charges; and

NEW SECTION. Sec. 53. A person, including but not limited to a customer, licensee, corporation, organization, or state or local governmental agency, may submit a written complaint to the department charging a business or performer's license holder or applicant with a violation of this chapter. If the department determines that the complaint merits investigation, or if the department has reason to believe, without a formal complaint, that a license holder or applicant may have violated this chapter, the department may investigate to determine whether there has been a violation. A person who files a complaint under this section in good faith is immune from suit in any civil action related to the filing or contents of the complaint.

NEW SECTION. Sec. 54. (1) If the department determines, upon investigation pursuant to section 53 of this act, that there is reason to believe a violation of this chapter has occurred, a statement of charge or charges may be prepared and served upon the business or performer's license holder or applicant. The statement of charge or charges shall be accompanied by a notice that the license holder or applicant may request a hearing to contest the charge or charges. The license holder or applicant must file a request for hearing with the department within twenty days after being served the statement of charges. The failure to request a hearing constitutes a default, upon which the director or the director's designee may enter an order pursuant to RCW 34.05.440(1).

(2) If a hearing is requested, the time of the hearing shall be scheduled but the hearing shall not be held earlier than thirty days after service of the charges upon the license holder or applicant. A notice of hearing shall be issued at least twenty days prior to the hearing, specifying the time, date, and place of the hearing.

NEW SECTION. Sec. 55. The procedures governing adjudicative proceedings before agencies under chapter 34.05 RCW, the administrative procedure act, govern all hearings requested under section 54 of this act.

NEW SECTION. Sec. 56. (1) Upon a finding that a business or performer's license holder or applicant has engaged in conduct or violated conditions that are grounds for denial of a license or for disciplinary action under section 57 of this act, the director may issue an order providing for one or any combination of the following:

- (a) Revocation of the license;
- (b) Suspension of the license for a fixed or indefinite term;
- (c) Censure or reprimand;
- (d) Compliance with conditions of probation for a designated period of time;
- (e) Payment of a fine for each violation of this chapter, not to exceed one thousand dollars per violation, which shall be paid to the department;
- (f) Denial of the license request.

(2) Any of the actions under this section may be totally or partly stayed by the director. All costs associated with compliance with orders issued under this section are the obligation of the license holder or applicant.

NEW SECTION. Sec. 57. The following conduct, acts, or conditions, constitute grounds for denial of a license or for disciplinary action against any business or performer's license holder or applicant under the jurisdiction of this chapter:

(1) With respect to a license holder, commission of an act that constitutes an obscenity or pornography offense under chapter 9.68 RCW, a sexual exploitation of children offense under chapter 9.68A RCW, an assault under chapter 9A.36 RCW, a sexual offense under chapter 9A.44 RCW, a prostitution or indecent exposure offense under chapter 9A.88 RCW, a drug offense under chapter 69.41, 69.50, 69.52, or 69.53 RCW, or a substantially similar ordinance adopted by the legislative authority of a city, town, or county or other state statute. Conviction in a criminal proceeding is not a condition precedent to disciplinary action under this section. Upon a conviction, however, the judgment and sentence is conclusive evidence at an ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes a plea of guilty or nolo contendere and also includes all sentence deferrals or suspensions;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in license reinstatement;

(3) All advertising that is false, fraudulent, or misleading;

(4) Failure to cooperate with the department in the conduct of an investigation by:

(a) Not furnishing any requested papers or documents;

(b) Not furnishing in writing a full and complete explanation regarding the matter under investigation; or

(c) Not responding to subpoenas issued by the director, whether or not the recipient of the subpoena is the subject of the investigation;

(5) Failure to comply with an order issued by the director or an assurance of discontinuance entered into with the director;

(6) Aiding and abetting an unlicensed person to own or operate a business or to perform when a license is required;

(7) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the director or the director's authorized representative,

or by the use of threats or harassment against any witness to prevent him or her from providing evidence in a disciplinary proceeding or any other legal action;

(8) Violating this chapter or any rule adopted pursuant to this chapter.

NEW SECTION. Sec. 58. (1) The director shall investigate complaints under this chapter concerning ownership or operation of a business without a license or performing without a license. In the investigation of the complaints, the director shall have the same authority as provided the director under section 52 of this act. The director shall issue a cease and desist order to a person after notice and hearing and upon a determination that the person has owned or operated a business without a license, or has performed without a license, in violation of this chapter. If the director makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, the director may issue a temporary cease and desist order before the notice and hearing. A cease and desist order does not relieve the person so owning or operating a business or performing without a license from criminal prosecution. The remedy of a cease and desist order is in addition to any criminal liability. A cease and desist order is conclusive proof of unlicensed practice and may be enforced through remedial sanctions under chapter 7.21 RCW. Enforcement of the cease and desist order under chapter 7.21 RCW may be used in addition to, or as an alternative to, any provisions for enforcement of agency orders set out in chapter 34.05 RCW.

(2) The attorney general, a county prosecuting attorney, the department, or any person may, in accordance with the law of this state governing injunctions, maintain an action to enjoin any person owning or operating a business, or performing, without a license required by this chapter from continuing such ownership, operation, or performing until the required license is secured. However, an injunction does not relieve a person from criminal prosecution and the remedy by injunction is in addition to any criminal liability.

NEW SECTION. Sec. 59. A person or business that violates an injunction issued under this chapter shall pay a civil penalty, as determined by the court, of not more than twenty-five thousand dollars, which shall be paid to the department. For the purpose of this section, the superior court issuing any injunction shall retain jurisdiction and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties.

NEW SECTION. Sec. 60. (1) The director or individuals acting on the director's behalf are immune from suit in any civil or criminal action based on any disciplinary proceedings or other official acts performed in the course of their duties in the administration and enforcement of this chapter.

(2) Legislative authorities of cities, towns, and counties are immune from suit in any civil or criminal action based on any official acts performed in the course of their duties in the administration or enforcement of this chapter.

In any challenge to location, distance, or conduct requirements imposed by the legislative authority of a city, town, or county pursuant to this chapter, the legislative authority may request that the state assume some or all of the obligation to defend the constitutionality of this chapter. The attorney general may grant or deny the request. Nothing in this chapter creates any state liability for actions of a city, town, or county.

NEW SECTION. Sec. 61. Existing adult entertainment businesses are exempt from any location restrictions imposed by this chapter until January 1, 1995.

NEW SECTION. Sec. 62. It is a gross misdemeanor for any person to permit any person under the age of eighteen on the premises of any adult entertainment business under his or her control.

NEW SECTION. Sec. 63. It is a class C felony for any person to employ or permit any person under the age of eighteen to appear nude or seminude on the premises of any adult entertainment business under his or her control.

NEW SECTION. Sec. 64. Sections 37 through 63 of this act shall constitute a new chapter in Title 18 RCW.

NEW SECTION. Sec. 65. A new section is added to chapter 43.43 RCW to read as follows:

The department of licensing may request information from the Washington state patrol criminal identification system regarding the conviction of offenses listed under section 57(1) of this act for any applicant or for a license holder who is the subject of an investigation under section 53 of this act.

Sec. 66. RCW 7.48A.040 and 1985 c 235 s 1 are each amended to read as follows:

(1) No person shall with knowledge maintain a moral nuisance.

(2) Upon a determination that a defendant has with knowledge maintained a moral nuisance, the court shall impose a civil fine and judgment of an amount as the court shall determine to be appropriate. In imposing the civil fine, the court shall consider the wilfulness of the defendant's conduct and the profits made by the defendant attributable to the lewd matter, lewdness, or prostitution, whichever is applicable. In no event shall the civil fine exceed the greater of (~~twenty-five~~) fifty thousand dollars or these profits.

NEW SECTION. Sec. 67. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 68. Sections 37 through 70 of this act shall take effect January 1, 1992. The department of licensing may take such steps before then, including the adoption of rules, as are necessary to ensure that sections 37 through 70 of this act are implemented on January 1, 1992.

NEW SECTION. Sec. 69. The municipal research council, created under chapter 43.110 RCW, in conjunction with the association of Washington cities, shall report to the legislature by January 1, 1993, regarding the implementation of the regulation of certain adult entertainment businesses as provided in sections 37 through 68 of this act. The report shall also examine the effectiveness of these provisions in reducing illegal activity on or near the adult entertainment businesses, and contain further suggested legislative enactments designed to reduce illegal activities associated with these businesses, including, but not limited to, obscenity, pornography, assaults, drug offenses, sexual offenses, and prostitution.

NEW SECTION. Sec. 70. The provisions of the open public meetings act, contained in chapter 42.30 RCW, shall apply to all meetings conducted by the governing body of a public agency regarding the regulation of adult entertainment businesses pursuant to sections 37 through 69 of this act.

NEW SECTION. Sec. 71. PURPOSE. Voters of the unincorporated areas of the state are authorized to establish community councils as provided in this chapter.

It is the purpose of this chapter to provide voters of unincorporated areas with direct input on the planning and zoning of their community by establishing a governmental mechanism to adopt community comprehensive plans and community zoning ordinances that are consistent with components or portions of the county comprehensive plan that the county legislative authority designates as having area-wide applicability and importance. Community comprehensive plans shall replace components or portions of the county comprehensive plan that are not designated as having area-wide applicability and importance, and the subarea plan that the county legislative authority may have adopted for the community. In addition, it is the purpose of this chapter to have community councils serve as forums for the discussion of local issues.

NEW SECTION. Sec. 72. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Community" means a portion of the unincorporated area of a county for which a community council has been established.

(2) "Community comprehensive plan" means a comprehensive plan adopted by a community council.

(3) "Community council" means the governing body established under this chapter to adopt community comprehensive plans and community zoning ordinances for a community.

(4) "Community zoning ordinances" means the zoning ordinances adopted by a community council to implement a community comprehensive plan.

NEW SECTION. Sec. 73. MINIMUM REQUIREMENTS FOR A COMMUNITY COUNCIL. A community for which a community council is created may include only unincorporated territory located in a single county and not included within a city or town. A community council must have at least one thousand persons residing within the community when the community council is created or, where the community only includes an entire island, at least three hundred persons must reside on the island when the community council is created. Any portion of such a community that is annexed by a city or town, or is incorporated as a city or town, shall be removed from the community upon the effective date of the annexation or the official date of the incorporation.

NEW SECTION. Sec. 74. CREATION. (1) The process to create a community council shall be initiated by the filing of petitions with the county auditor of the county in which the community is located which: (a) Call for the creation of a community council; (b) set forth the boundaries for the community; (c) indicate the number of community councilmembers, which shall be five, seven, nine, or eleven; and (d) contain signatures of voters residing within the community equal in number to at least ten percent of the voters residing in the community who voted at the last state general election. The county auditor shall determine if the petitions contain a sufficient number of valid signatures and certify the sufficiency of the petitions within fifteen days of when the petitions were filed. If the petitions are certified as having sufficient valid signatures, the county auditor shall transmit the petitions and certificate to the county legislative authority.

(2) The county legislative authority shall hold a public hearing within the community on the creation of the proposed community council no later than sixty days after the petitions and certificate of sufficiency were transmitted to the county legislative authority. Notice of the public hearing shall be published in a newspaper of general circulation in the community for at least once a week for two consecutive weeks, with the last date of publication no more than ten days prior to the date of the public hearing. At least ten days before the public hearing, additional notice shall be posted conspicuously in at least five places within the proposed community in a manner designed to attract public attention.

(3) After receiving testimony on the creation of the proposed community council, the county legislative authority may alter the boundaries of the community, but the boundaries may not be altered to reduce the number of persons living within the community by more than ten percent or below the minimum number of residents who must reside within the community at the time of the creation of the community council. If territory is added to the community, another public hearing on the proposal shall be held.

(4) The county legislative authority shall call a special election within the community to determine whether the proposed community council shall be created, and to elect the initial community councilmembers, at the next state general election occurring seventy-five or more days after the initial public hearing on the creation of the proposed community council. The community council shall be created if the ballot proposition authorizing the creation of the community is approved by a simple majority vote of the voters voting on the proposition.

NEW SECTION. Sec. 75. ELECTION OF INITIAL COMMUNITY COUNCILMEMBERS. The initial members of the community council shall be elected

at the same election as the ballot proposition is submitted authorizing the creation of the community council. However, the election of the initial community councilmembers shall be null and void if the ballot proposition authorizing the creation of the community council is not approved.

No primary election shall be held to nominate candidates for initial council positions. The initial community council shall consist of the candidate for each council position who receives the greatest number of votes for that council position. Staggering of terms of office shall be accomplished by having the majority of the winning candidates who receive the greatest number of votes being elected to four-year terms of office, and the remaining winning candidates being elected to two-year terms of office, if the election was held in an even-numbered year, or the majority of the winning candidates who receive the greatest number of votes being elected to three-year terms of office, and the remaining winning candidates being elected to one-year terms of office, if the election was held in an odd-numbered year, with the term computed from the first day of January in the year following the election. Initial councilmembers shall take office immediately when qualified in accordance with RCW 29.01.135.

However, where the county operates under a charter providing for the election of members of the county legislative authority in odd-numbered years, the terms of office of the initial councilmembers shall be four years and two years, if the election of the initial councilmembers was held on an odd-numbered year, or three years and one year, if the election of the initial councilmembers was held on an even-numbered year.

NEW SECTION. Sec. 76. COMMUNITY COUNCILMEMBERS. Community councilmembers shall be elected to staggered four-year terms until their successors are elected and qualified. Each council position shall be numbered separately. Candidates shall run for specific council positions. The number of council positions shall be five, seven, nine, or eleven, as specified in the petition calling for the creation of the community council.

Community councilmembers shall be nominated and elected at nonpartisan elections pursuant to general election laws, except the elections shall be held in even-numbered years, unless the county operates under a charter and members of the county legislative authority are elected in odd-numbered years, in which case, community councilmembers shall be elected in odd-numbered years.

The provisions of this section apply to the election and terms of office of the initial community councilmembers, except as provided in section 75 of this act.

A councilmember shall lose his or her council position if his or her primary residence no longer is located within the community. Vacancies on a community council shall be filled by action of the remaining councilmembers.

NEW SECTION. Sec. 77. RESPONSIBILITY OF COUNTY LEGISLATIVE AUTHORITY. (1) Within ninety days of the election at which a community council is created, the county legislative authority shall adopt an ordinance designating those portions or components of the county comprehensive plan having area-wide applicability and importance throughout the unincorporated area of the county that shall serve as an overall guide for the development of community comprehensive plans and community zoning ordinances.

(2) Community comprehensive plans and community zoning ordinances that are adopted by a community council shall be submitted to the county legislative authority for its review of the consistency of these plans and ordinances with the portions or components of the county comprehensive plan designated as having area-wide applicability and importance under subsection (1) of this section. The county legislative authority shall either approve the plans and ordinances as adopted, or refer the plans and ordinances back to the community council with written findings of noncompliance specifying the reasons for noncompliance, within ninety days after they are submitted. The county comprehensive plan, or subarea plan and comprehensive plan, and zoning

ordinances shall remain in effect in the community until the community comprehensive plans and community zoning ordinances have been approved.

(3) Each amendment to community comprehensive plans or community zoning ordinances that is adopted by a community council shall be submitted to the county legislative authority for its review of the consistency of the amendment with the portions or components of the county comprehensive plan designated as having area-wide applicability and importance under subsection (1) of this section. The county legislative authority shall either approve the amendment as adopted or refer the amendment back to the community council with written findings of noncompliance specifying the reasons for noncompliance within ninety days after it is submitted. The unamended community comprehensive plans and unamended community zoning ordinances shall remain in effect in the community until the amendment has been approved.

(4) A community council shall be given at least one hundred twenty days to amend its community comprehensive plans and community zoning ordinances after the county legislative authority amends the ordinance it adopted under subsection (1) of this section designating those portions or components of the county comprehensive plan having area-wide applicability and importance throughout the unincorporated area of the county that shall serve as an overall guide for the development of community comprehensive plans and community zoning ordinances. The county legislative authority may amend the community comprehensive plans and community zoning ordinances to achieve consistency with this amended ordinance if the community council fails to obtain approval of the community comprehensive plans and community zoning ordinances within this time period. Nothing in this subsection shall preclude a community council from subsequently obtaining approval of its community comprehensive plans and community zoning ordinances.

(5) Approved community comprehensive plans and community zoning ordinances shall be enforced by the county as if they had been adopted by the county legislative authority. All quasi-judicial actions and permits relating to these plans and ordinances shall be made and decided by the county legislative authority or otherwise as provided by the county legislative authority.

(6) The county shall be responsible for financing the activities of, and providing administrative and staff support for, each community council within its boundaries.

NEW SECTION. Sec. 78. **POWERS OF A COMMUNITY COUNCIL.** A community council shall adopt community comprehensive plans and community zoning ordinances as provided in section 77 of this act. Community councils shall not have the authority to take quasi-judicial actions or to decide permit applications. In addition, a community council shall serve as a forum for the discussion of local issues.

Community councils are subject to chapter 42.30 RCW, the open public meetings act.

NEW SECTION. Sec. 79. **ANNEXATION.** A community council may provide for the annexation of adjacent unincorporated areas to the community that are not included within another community for which a community council has been established. Annexations shall be initiated by either resolution of the community council proposing the annexation or petition of voters residing in the adjacent area, which petition: (a) Requests the annexation; (b) sets forth the boundaries of the area proposed to be annexed; and (c) contains signatures of voters residing within the area that is proposed to be annexed equal in number to at least ten percent of the voters residing in that area who voted at the last state general election. Annexation petitions shall be filed with the county auditor who shall determine if the petitions contain a sufficient number of valid signatures, certify the sufficiency of the petitions, and notify the community council of the sufficiency of the petitions within fifteen days of when the petitions are submitted.

A ballot proposition authorizing the annexation shall be submitted to the voters of the area that is proposed to be annexed at a primary or general election in either an odd-

numbered or even-numbered year, if the community council initiated the annexation by resolution or if the community council concurs in an annexation that was initiated by the submission of annexation petitions containing sufficient valid signatures. The annexation shall occur if the ballot proposition authorizing the creation of the community is approved by a simple majority vote of the voters voting on the proposition. The county's comprehensive plan, and where applicable to the county's subarea plan, and zoning ordinances shall continue in effect in the annexed area until amendments to the community comprehensive plans and community zoning ordinance have been approved that apply to the annexed area.

NEW SECTION. Sec. 80. DISSOLUTION. A community council shall be dissolved if the population of the community is reduced to less than five hundred persons, or less than two hundred persons if the community only includes an entire island.

In addition, a community council shall be dissolved by voters of the community approving a ballot proposition to dissolve the community council that has been placed upon the ballot in a primary or general election held in either an odd-numbered or even-numbered year as the result of the community council adopting a resolution placing this matter on the ballot or by petition calling for the dissolution of the community council that has been certified by the county auditor as having valid signatures of voters residing within the community equal in number to at least ten percent of the voters residing in the community who voted at the last state general election. Petitions calling for the dissolution of a community council shall be filed with the county auditor and their sufficiency certified by the county auditor in the same manner as an annexation petition. The community council shall be dissolved if the ballot proposition dissolving the community council is approved by a simple majority vote of the voters voting on the proposition.

NEW SECTION. Sec. 81. The following acts or parts of acts are each repealed:

(1) RCW 36.32.500 and 1984 c 203 s 6; and

(2) RCW 36.32.505 and 1984 c 203 s 7.

NEW SECTION. Sec. 82. Sections 71 through 80 of this act shall constitute a new chapter in Title 36 RCW.

NEW SECTION. Sec. 83. Section headings as used in this act do not constitute any part of the law.

On page 1, line 1 of the title, after "government;" strike the remainder of the title and insert "amending RCW 29.18.022, 29.30.025, 29.21.010, 29.30.040, 35.02.020, 35.02.090, 35.06.020, 35.06.030, 35.06.050, 35.24.020, 35.24.180, 35.24.190, 35.27.010, 35.27.070, 35.27.130, 35.27.270, 35.27.280, 35A.12.010, 35A.39.010, 41.08.040, 41.12.040, 42.17.310, 54.08.010, 54.08.070, 54.08.080, 35.02.078, 35.14.010, 70.44.040, and 7.48A.040; adding a new section to chapter 35.21 RCW; adding a new section to chapter 35.10 RCW; adding a new section to chapter 35A.14 RCW; adding a new section to chapter 36.32 RCW; adding a new chapter to Title 18 RCW; adding a new chapter to Title 36 RCW; adding a new section to chapter 43.43 RCW; creating new sections; repealing RCW 36.32.500 and 36.32.505; providing effective dates; and providing an expiration date."

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

POINT OF ORDER

Mr. Anderson: Thank you, Mr. Speaker. I would request ruling on scope and object regarding the Senate amendments to Substitute House Bill No. 1275.

SPEAKER'S RULING

The Speaker: The Speaker has examined Substitute House Bill No. 1275, an act relating to local government. It contains a number of provisions relating to local government which resolve minor conflicts between general laws and laws pertaining to specific units of local government. It also deletes certain obsolete language. The purpose of this bill was clearly a cleanup of that local government statute.

The Senate amendment contains several provisions including adding a new chapter to Title 36 RCW, authorizing elected community councils giving them authority to adopt comprehensive plans and zoning ordinances, and adding a new chapter to Title 18 RCW, regulating adult entertainment businesses. The Speaker finds that the amendment did not perfect but significantly broadens the scope and object of the original bill. I find, Representative Anderson, that your point of order is well taken. It is outside the scope and object of the original bill.

MOTION

Ms. Haugen moved that the House refuse to concur in the Senate amendments to Substitute House Bill No. 1275 and ask the Senate for a conference thereon. The motion was carried.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The purposes of this act are to eliminate the use of formal county classes and substitute the use of the most current county population figures to distinguish counties. In addition, certain old statutes that reference county class, but no longer are followed, are repealed or amended to conform with current practices.

Sec. 2. RCW 2.32.180 and 1990 c 186 s 3 are each amended to read as follows:

It shall be and is the duty of each and every superior court judge in counties or judicial districts in the state of Washington having a population of over thirty-five thousand inhabitants to appoint, or said judge may, in any county or judicial district having a population of over twenty-five thousand and less than thirty-five thousand, appoint a stenographic reporter to be attached to the judge's court (~~helden by him~~) who shall have had at least three years' experience as a skilled, practical reporter, or who upon examination shall be able to report and transcribe accurately one hundred and seventy-five words per minute of the judge's charge or two hundred words per minute of testimony each for five consecutive minutes; said test of proficiency, in event of inability to meet qualifications as to length of time of experience, to be given by an examining committee composed of one judge of the superior court and two official reporters of the superior court of the state of Washington, appointed by the president judge of the superior court judges association of the state of Washington: PROVIDED, That a stenographic reporter shall not be required to be appointed for the seven additional judges of the superior court authorized for appointment by section 1, chapter 323, Laws of 1987, the additional superior court judge authorized by section 1, chapter 66, Laws of 1988, the additional superior court judges authorized by sections 2 and 3, chapter 328, Laws of 1989, or the additional superior court judges authorized by sections 1 and 2, chapter 186, Laws of 1990. In the

The examining committee shall grant certificates to qualified applicants. Administrative and procedural rules and regulations shall be promulgated by said examining committee, subject to approval by the said president judge.

The stenographic reporter upon appointment shall thereupon become an officer of the court and shall be designated and known as the official reporter for the court or judicial district for which he or she is appointed: PROVIDED, That in no event shall there be appointed more official reporters in any one county or judicial district than there are superior court judges in such county or judicial district; the appointments in each ~~((class AA))~~ county with a population of one million or more shall be made by the majority vote of the judges in said county acting en banc; the appointments in ~~((class A counties and counties of the first class))~~ each county with a population of from one hundred twenty-five thousand to less than one million may be made by each individual judge therein or by the judges in said county acting en banc. If the county legislative authority finds that the plan does not conform to the standards as provided in chapters 3.30 through 3.74 RCW, the county legislative authority may modify, revise or amend the plan and adopt such amended or revised plan as the county's district court districting plan. The stadium restaurant authorized by this subsection (2)(b) shall be operated by a private concessionaire under a contract with the county.

(c) No city within a county exempt under subsection (2)(b) of this section may levy the tax authorized by this section so long as said county is so exempt: PROVIDED, That in the event that any city in such county has levied the tax authorized by this section and has, prior to June 26, 1975, authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160, such city may levy the tax so long as and to the extent that the tax revenues are pledged for payment of principal and interest on bonds issued pursuant to the provisions of RCW 67.28.150 through 67.28.160.

(3) Any levy authorized by this section by a county that has levied the tax authorized by this section and has, prior to June 26, 1975, either pledged the tax revenues for payment of principal and interest on city revenue or general obligation bonds authorized and issued pursuant to RCW 67.28.150 through 67.28.160 or has authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160 shall be subject to the following:

(b) No taxes collected under this section may be used for the operation or maintenance of a public stadium that is financed directly or indirectly by bonds to which the tax is pledged. Expenditures for operation or maintenance include all expenditures other than expenditures that directly result in new fixed assets or that directly increase the capacity, life span, or operating economy of existing fixed assets.

(c) No ad valorem property taxes may be used for debt service on bonds issued for a public stadium that is financed by bonds to which the tax is pledged, unless the taxes collected under this section are or are projected to be insufficient to meet debt service requirements on such bonds.

(d) If a substantial part of the operation and management of a public stadium that is financed directly or indirectly by bonds to which the tax is pledged is performed by a nonpublic entity or if a public stadium is sold that is financed directly or indirectly by bonds to which the tax is pledged, any bonds to which the tax is pledged shall be retired.

(e) The county shall not lease a public stadium that is financed directly or indirectly by bonds to which the tax is pledged to, or authorize the use of the public stadium by, a professional major league sports franchise unless the sports franchise gives the right of

first refusal to purchase the sports franchise, upon its sale, to local government. This subsection (3)(e) does not apply to contracts in existence on April 1, 1986.

If a court of competent jurisdiction declares any provision of this subsection (3) invalid, then that invalid provision shall be null and void and the remainder of this section is not affected.

Each county authority may appoint a county mental health advisory board which shall review and provide comments on plans and policies developed by the county authority under this chapter. The composition of the board shall be broadly representative of the demographic character of the county and the mentally ill persons served therein. Length of terms of board members shall be determined by the county authority;

(2) Contract as needed with licensed service providers. The county authority may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(3) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the county authority shall comply with rules promulgated by the secretary that shall provide measurements to determine when a county provided service is more efficient and cost effective.

(4) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the county to provide services required by this chapter. The prosecuting attorney of any county except ~~((class AA counties))~~ a county with a population of one million or more may enter into an agreement with the attorney general whereby the duty to initiate petitions for support authorized under the provisions of chapter 26.21 RCW as it is now or hereafter amended (Uniform Reciprocal Enforcement of Support Act) in cases where the petitioner has applied for or is receiving public assistance on behalf of a dependent child or children shall become the duty of the attorney general. Any such agreement may also provide that the attorney general has the duty to represent the petitioner in intercounty proceedings within the state initiated by the attorney general which involve a petition received from another county. Upon the execution of such agreement, the attorney general shall be empowered to exercise any and all powers of the prosecuting attorney in connection with said petitions.

(1) A (~~class AA~~) county with a population of one million or more, or a (~~class A~~) county with a population of from two hundred ten thousand to less than one million that is adjoining a (~~class AA~~) county with a population of one million or more, and having within its boundaries existing or planned high occupancy vehicle lanes on the state highway system, may, with voter approval impose an excise tax of up to two dollars per employee per month on all employers or any class or classes of employers, public and private, including the state located in the agency's jurisdiction, measured by the number of full-time equivalent employees. The county imposing the tax authorized in this section may provide for exemptions from the tax to such educational, cultural, health, charitable, or religious organizations as it deems appropriate.

Counties may contract with the state department of revenue or other appropriate entities for administration and collection of the tax. Such contract shall provide for deduction of an amount for administration and collection expenses.

(2) The tax shall not apply to employment of a person when the employer has paid for at least half of the cost of a transit pass issued by a transit agency for that employee, valid for the period for which the tax would otherwise be owed.

(3) A county shall adopt rules which exempt from all or a portion of the tax any employer that has entered into an agreement with the county that is designed to reduce the proportion of employees who drive in single-occupant vehicles during peak commuting periods in proportion to the degree that the agreement is designed to meet the goals for the employer's location adopted under RCW 81.100.040.

The agreement shall include a list of specific actions that the employer will undertake to be entitled to the exemption. Employers having an exemption from all or part of the tax through this subsection shall annually certify to the county that the employer is fulfilling the terms of the agreement. The exemption continues as long as the employer is in compliance with the agreement.

If the tax authorized in RCW 81.100.060 is also imposed by the county, the total proceeds from both tax sources each year shall not exceed the maximum amount which could be collected under RCW 81.100.060.

Sec. 112. RCW 81.100.060 and 1990 c 43 s 17 are each amended to read as follows:

Counties imposing a tax under this section shall contract, before the effective date of the resolution or ordinance imposing a surcharge, administration and collection to the state department of licensing, which shall deduct an amount, as provided by contract, for administration and collection expenses incurred by the department. All administrative provisions in chapters 82.03, 82.32, and 82.44 RCW shall, insofar as they are applicable to state motor vehicle excise taxes, be applicable to surcharges imposed under this section.

If the tax authorized in RCW 81.100.030 is also imposed by the county, the total proceeds from both tax sources each year shall not exceed the maximum amount which could be collected under this section.

Sec. 113. RCW 81.104.030 and 1990 c 43 s 24 are each amended to read as follows:

(1) In any ~~((class A))~~ county with a population of from two hundred ten thousand to less than one million that is not bordered by a ~~((class AA))~~ county with a population of one million or more, and in ~~((counties of the first class and smaller))~~ each county with a population of less than two hundred ten thousand, city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas may elect to establish high capacity transportation service. Such agencies shall form a regional policy committee with proportional representation based upon population distribution within the designated service area and a representative of the department of transportation.

(a) City-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas participating in joint regional policy committees shall seek voter approval within their own service boundaries of a high capacity transportation system plan and an implementation program including a financing program.

(b) An interim regional authority may be formed pursuant to RCW 81.104.040(2) and shall seek voter approval of a high capacity transportation plan and financing program within its proposed service boundaries.

Sec. 114. RCW 81.104.040 and 1990 c 43 s 25 are each amended to read as follows:

(1) Agencies in ~~((a class AA))~~ each county with a population of one million or more, and in ~~((class A counties))~~ each county with a population of from two hundred ten thousand to less than one million bordering a ~~((class AA))~~ county with a population of one million or more that are currently authorized to provide high capacity transportation planning and operating services, including but not limited to city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas, must establish through interlocal agreements a joint regional policy committee with proportional representation based upon the population distribution within each agency's designated service area, as determined by the parties to the agreement.

(a) The membership of the joint regional policy committee shall consist of locally elected officials who serve on the legislative authority of the existing transit systems and

a representative from the department of transportation. Nonvoting membership for elected officials from adjoining counties may be allowed at the committee's discretion.

(b) The joint regional policy committee shall be responsible for the preparation and adoption of a regional high capacity transportation system plan and an implementation program including a financing package. This plan shall be in conformance with the metropolitan planning organization's regional transportation plan.

(c) Interlocal agreements shall be executed within two years of March 14, 1990. The joint regional policy committee shall present a high capacity transportation plan and local funding program to the boards of directors of the transit agencies within the service area for adoption.

(d) Transit agencies shall present the adopted plan and financing program for voter approval within four years of the execution of the interlocal agreements. A simple majority vote is required for approval of the high capacity transportation plan and financing program in any service district within each county. Implementation of the program may proceed in any service area approving the plan and program.

(2) If interlocal agreements have not been executed within two years from March 14, 1990, the designated metropolitan planning organization shall convene within one hundred eighty days a conference to be attended by an elected representative selected by the legislative authority of each city and county in a ~~((class AA))~~ county with a population of one million or more, and in ~~((class A counties))~~ each county with a population of from two hundred ten thousand to less than one million bordering a ~~((class AA))~~ county with a population of one million or more.

(a) Public notice of the conference shall occur thirty days before the date of the conference.

(b) The purpose of the conference is to evaluate the need for developing high capacity transportation service in a ~~((class AA))~~ county with a population of one million or more and in ~~((class A counties))~~ each county with a population of from two hundred ten thousand to less than one million bordering a ~~((class AA))~~ county with a population of one million or more and to determine the desirability of a regional approach to developing such service.

(c) The conference may elect to continue high capacity transportation efforts on a subregional basis through existing transit planning and operating agencies.

(d) The conference may elect to pursue regional development by creating a multicounty interim regional high capacity transportation authority. Conference members shall determine the structure and composition of any interim regional authority.

(i) The interim regional authority shall propose a permanent authority or authorities for voter approval. Permanent regional authorities shall become the responsible agencies for planning, construction, operations, and funding of high capacity transportation systems within their service boundaries. Funding sources for a regional high capacity transportation authority or authorities are separate from currently authorized funding sources for city-owned transit systems, county transportation authorities, metropolitan municipal authorities, or public transportation benefit areas.

(ii) State and local jurisdictions, county transportation authorities, metropolitan municipal corporations, or public transportation benefit areas shall retain responsibility for existing facilities and/or services, unless the responsibility is transferred to the high capacity transportation authority or authorities by interlocal agreement.

(3) If, within four years of the execution of the interlocal agreements, a high capacity transportation plan and financing program has been approved by a simple majority vote within a participating jurisdiction, that jurisdiction may proceed with high capacity transportation development. If within four years of the execution of the interlocal agreements, a high capacity transportation plan and program has not been approved by a simple majority vote within one or more of the participating jurisdictions, the joint regional policy committee shall convene within one hundred eighty days, a

conference to be attended by participating jurisdictions within which a plan and financing program have not been approved. Such a conference shall be for the same purpose and shall be subject to the same conditions as described in subsection (2) of this section.

(4) High capacity transportation service planning, construction, operations, and funding shall be governed through the interlocal agreement process, including but not limited to provision for a cost allocation and distribution formula, service corridors, station area locations, right of way transfers, and feeder transportation systems. The interlocal agreement shall include a mechanism for resolving conflicts among parties to the agreement.

Sec. 115. RCW 81.104.140 and 1990 c 43 s 35 are each amended to read as follows:

(1) Agencies authorized to provide high capacity transportation service, including city-owned transit systems, county transportation authorities, metropolitan municipal corporations and public transportation benefit areas, are hereby granted dedicated funding sources for such systems. These dedicated funding sources, as set forth in RCW 81.104.150, 81.104.160, and 81.104.170, are authorized only for agencies located in ~~((class AA counties, class A counties, counties of the first class which border another state, and counties which, on March 14, 1990, are of the second class and which adjoin class A counties))~~ each county with a population of two hundred ten thousand or more and each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand, that both borders a county with a population of five hundred thousand or more and has a portion of its common boundary with that county intersected by an interstate highway.

(2) Agencies providing high capacity transportation service should also seek other funds, including federal, state, local, and private sector assistance.

(3) Funding sources should satisfy each of the following criteria to the greatest extent possible:

- (b) Special motor vehicle excise tax as provided in RCW 81.104.160; and
- (c) Sales and use tax as provided in RCW 81.104.170.

Revenues from these taxes may be used only to support those purposes prescribed in subsection (8) of this section. Before an agency may impose any of the taxes enumerated in this section and authorized in RCW 81.104.150, 81.104.160, and 81.104.170, it must comply with the process prescribed in RCW 81.104.100 and 81.104.110.

(5) Authorization in subsection (4) of this section shall not adversely affect the funding authority of existing transit agencies. Local option funds may be used to support implementation of interlocal agreements with respect to the establishment of regional high capacity transportation service. Local jurisdictions shall retain control over moneys generated within their boundaries, although funds may be commingled for planning, construction, and operation of high capacity transportation systems as set forth in the agreements.

(6) Agencies providing high capacity transportation service may contract with the state for collection and transference of local option revenue.

(7) Dedicated high capacity transportation funding shall be subject to voter approval by a simple majority.

(8) Agencies providing high capacity transportation service shall retain responsibility for revenue encumbrance, disbursement, and bonding. The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.030, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department shall, from motor vehicle excise taxes deposited in the general fund, under RCW 82.44.110(7), make the following deposits:

(a) To the high capacity transportation account created in RCW 47.78.010, a sum equal to four and five-tenths percent of the special excise tax levied under RCW 35.58.273 by those municipalities authorized to levy a special excise tax within a ~~((class AA county, or within a class A county contiguous to a class AA county, or within a second class county contiguous to a class A county that is contiguous to a class AA county))~~ county with a population of one million or more, or within a county with a population of from two hundred ten thousand to less than one million bordering a county with a population of one million or more, or within a county with a population of from one hundred twenty-five thousand to less than two hundred thousand that both borders a county with a population of five hundred thousand or more and has a portion of its common boundary with that county intersected by an interstate highway;

(b) To the central Puget Sound public transportation account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within a ~~((class AA county or within a class A county contiguous to a class AA))~~ county with a population of one million or more and a county with a population of from two hundred thousand to less

than one million bordering a county with a population of one million or more, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(b) applies; however, any transfer under this subsection (2)(b) must be greater than zero;

(c) To the public transportation systems account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within counties not described in (b) of this subsection, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(c) applies; however, any transfer under this subsection (2)(c) must be greater than zero; and

(d) To the transportation fund created in RCW 82.44.180, for revenues distributed after June 30, 1991, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent notwithstanding the requirements set forth in subsections (3) through (6) of this section, reduced by an amount equal to distributions made under (a), (b), and (c) of this subsection.

(3) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(4) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (3) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (3) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (3) of this section for the period covered by the report than it is entitled to receive by reason of its locally-

generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(5) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(6) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (3) of this section.

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Ms. Leonard spoke in favor of passage of the bill.

POINT OF INQUIRY

Ms. Leonard yielded to question by Ms. Winsley.

Ms. Winsley: Representative Leonard, does Engrossed Second Substitute Senate Bill No. 5025 authorize parents or guardians to request an evaluation for the involuntary detention of a minor as well as the involuntary detention of a minor if they are addicted to alcohol or drugs?

Ms. Leonard: Yes, Representative Winsley. Section 16 of the House striking amendment authorizes parents or guardians to request the involuntary detention of minors and provide treatment. Parents and guardians are authorized to request the evaluation and the involuntary treatment of minors based on their ability to pay the associated costs. The budget passed by the Senate provides three hundred thousand dollars for juvenile court proceedings related to the involuntary commitment to treatment of addicted minors. While the House striking amendment does not require additional funds for this process to occur, the additional funds provided in the Senate budget would allow the evaluation and involuntary treatment process to be used by additional low-income families.

SENATE AMENDMENTS TO HOUSE BILL

April 9, 1991

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1400 with the following amendments:

On page 3, after line 18, insert the following:

NEW SECTION. Sec. 2. The legislature finds that there are barriers to providing residents of rural areas with access to affordable health care coverage through both public and private programs. The legislature further finds that the report on these barriers requested by the legislature in 1990 was prepared by the insurance commissioner's committee on the availability of affordable health insurance in rural areas of Washington state and declares that the regulatory and voluntary actions identified in this report should be pursued within the public and private sectors. The legislature intends through this act to foster the development and implementation of one community-based pilot project aimed at demonstrating the viability of providing health care services to residents of a rural area within the state.

NEW SECTION. Sec. 3. A new section is added to chapter 70.175 RCW to read as follows:

In administering and making awards for rural health projects under RCW 70.175.050, the secretary shall establish a process for selecting and making an award to a single participant for the development, design, and implementation of a project designed to provide a rural health care services program to residents of a rural community. Applications for rural health care services pilot programs shall include only contiguous health care catchment areas of the state that are designated as rural. Project funds may be used for any purposes related to the development, design, implementation, or introduction of a rural health care services program except that funds shall not be used

to directly contribute to any program reserves used to assure the financial viability of the program. Final approval of a project funded and authorized under this section must be obtained from the secretary before final implementation. No liability may attach or otherwise accrue to the state for the provision of or charges for services under the rural health care services program authorized under this chapter.

Sec. 4. RCW 70.175.020 and 1989 1st ex.s. c 9 s 702 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Administrative structure" means a system of contracts or formal agreements between organizations and persons providing health services in an area that establishes the roles and responsibilities each will assume in providing the services of the rural health care facility.

(2) "Department" means the department of health.

(3) "Health care delivery system" means services and personnel involved in providing health care to a population in a geographic area.

(4) "Health care facility" means any land, structure, system, machinery, equipment, or other real or personal property or appurtenances useful for or associated with delivery of inpatient or outpatient health care service or support for such care or any combination thereof which is operated or undertaken in connection with a hospital, clinic, health maintenance organization, diagnostic or treatment center, extended care facility, or any facility providing or designed to provide therapeutic, convalescent or preventive health care services.

(5) "Health care system strategic plan" means a plan developed by the participant and includes identification of health care service needs of the participant, services and personnel necessary to meet health care service needs, identification of health status outcomes and outcome measures, identification of funding sources, and strategies to meet health care needs including measures of effectiveness.

(6) "Institutions of higher education" means educational institutions as defined in RCW 28B.10.016.

(7) "Local administrator" means an individual or organization representing the participant who may enter into legal agreements on behalf of the participant.

(8) "Participant" means communities, counties, and regions that serve as a health care catchment area where the project site is located.

(9) "Project" means the Washington rural health system project.

(10) "Project site" means a site selected to participate in the project.

(11) "Rural health care facility" means a facility, group, or other formal organization or arrangement of facilities, equipment, and personnel capable of providing or assuring availability of health services in a rural area. The services to be provided by the rural health care facility may be delivered in a single location or may be geographically dispersed in the community health service catchment area so long as they are organized under a common administrative structure or through a mechanism that provides appropriate referral, treatment, and follow-up.

(12) "Secretary" means the secretary of health.

(13) "Rural health care services program" means an arrangement sponsored by a health care organization, municipal corporation, or combination of public and private entities that provides, exclusively for rural residents of its health care catchment area, access to primary, acute, or secondary health care services, either by contract or through the direct delivery of the services.

Sec. 5. RCW 70.175.030 and 1989 1st ex.s. c 9 s 703 are each amended to read as follows:

(1) The department shall establish the Washington rural health system project to provide financial and technical assistance to participants. The goal of the project is to

help assure access to affordable health care services to citizens in the rural areas of Washington state.

(2) Administrative costs necessary to implement this project shall be kept at a minimum to insure the maximum availability of funds for participants.

(3) The secretary may appoint such technical or advisory committees as he or she deems necessary consistent with the provisions of RCW 43.70.040. In appointing an advisory committee the secretary should assure representation by health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services as well as consumers, rural community leaders, and those knowledgeable of the issues involved with health care public policy. Individuals appointed to any technical advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The secretary may contract with third parties for services necessary to carry out activities to implement this chapter where this will promote economy, avoid duplication of effort, and make the best use of available expertise.

(5) The secretary may apply for, receive, participate in, and accept gifts, grants, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects related to the delivery of health care in rural areas.

(6) In designing and implementing the project the secretary shall consider the report of the Washington rural health care commission established under chapter 207, Laws of 1988, and for purposes of section 3 of this act, the report of the committee on the availability of affordable health insurance in rural areas of Washington state established under chapter 271, Laws of 1990. Nothing in this chapter requires the secretary to follow any specific recommendation contained in ~~((that))~~ those reports except as it may also be included in this chapter.

(7) The secretary shall appoint a special advisory committee for the purpose of assisting in establishing standards, making awards, designing the final project, coordinating technical assistance, and providing oversight of the demonstration project authorized under section 3 of this act. This committee shall include the director of the medical assistance program of the department of social and health services, the administrator of the state health care authority, the administrator of the basic health plan, and the director of the department of labor and industries, and may include any other representatives deemed necessary by the secretary.

(8) The successful applicant for implementation of a project under section 3 of this act is exempt from all provisions of Title 48 RCW after the secretary makes a specific determination that the applicant:

(a) Has obtained an actuarial study through a consultant approved by the secretary which concludes that the rural health care services program is financially viable;

(b) Has demonstrated public support from the citizens residing within the catchment area of the rural health care services program through an affirmative vote on that issue presented to them at a general or special election; and

(c) Has verified that all provider contracts within the rural health care services program hold individual beneficiaries harmless for charges for services arising in the event of a failure of the plan.

(9) The secretary, in consultation with the special advisory committee authorized in subsection (7) of this section, shall evaluate the project authorized under section 3 of this act. The secretary shall report to the legislature and the governor within four years of the initial commencement of health care service delivery. The evaluation shall assess whether the program has maintained financial viability, improved access to health care services, and increased utilization of local health care providers. The evaluation shall also

include recommendations to continue or expand the program, including any necessary legislative changes.

(10) The secretary may authorize enrollment limits to the program provided such limits do not jeopardize its financial viability.

NEW SECTION. Sec. 6. If specific funding for the purposes of sections 2 through 5 of this act, referencing this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, sections 2 through 5 of this act shall be null and void.

On page 1, line 1 of the title, after "health;" strike the remainder of the title and insert "amending RCW 70.175.050, 70.175.020 and 70.175.030; adding a new section to chapter 70.175 RCW; and creating new sections." and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

NEW SECTION. Sec. 47. FOR THE ARTS COMMISSION--ART WORK ALLOWANCE POOLING.

One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210. One-half of one percent of moneys appropriated in this act for original construction of any building by any college or university or for any major renovation or remodel work exceeding \$200,000 by any college or university is provided solely for the purposes of RCW 28B.10.027. One-half of one percent of moneys appropriated in this act for original construction of any other public building by a state agency as defined by RCW 43.17.200 is provided solely for the purposes of RCW 43.17.200.

NEW SECTION. Sec. 48. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

NEW SECTION. Sec. 49. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining June 30, 1991, in the 1989-91 biennial appropriations for each project.

NEW SECTION. Sec. 50. To carry out the provisions of this act, the governor may assign responsibility for planning, engineering, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 51. As part of the annual update to the state facilities and capital plan, agencies shall provide information on lease development and lease purchase projects to the office of financial management.

NEW SECTION. Sec. 52. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the

moneys were appropriated may replace the federal moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives committee on capital facilities and financing.

NEW SECTION. Sec. 53. Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement under RCW 43.88.150 shall apply: Expenditure of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

NEW SECTION. Sec. 54. Notwithstanding any other provisions of law, for the 1991-93 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available in the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community college education need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 55. Any capital improvements or capital project involving construction or major expansion of a state office facility, including district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the department of general administration for possible consolidation and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 56. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer shall be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated herein.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section shall be filed with the legislative fiscal committees of the senate and house of representatives by the director of financial management at least thirty days prior to the date the transfer is effected.

NEW SECTION. Sec. 57. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section shall not be expended until the office of financial management has reviewed the agency's programmatic preplanning document and approved continuation of or made changes to the project. The program preplanning document shall include but not be limited to projected workload, site conditions, user requirements, current space

available, and an overall budget and cost estimate breakdown in a form prescribed by the office of financial management. The office of financial management shall report to the house of representatives capital facilities committee, the senate ways and means committee, and the legislative transportation committee a listing of the program documents the office has reviewed and approved, changes made to the documents resulting from the review, and the estimated cost changes resulting from the review.

NEW SECTION. Sec. 58. The department of information services shall act as lead agency in coordinating video telecommunications services for state agencies. As lead agency, the department shall develop standards and common specifications for leased and purchased telecommunications equipment and assist state agencies in developing a video telecommunications expenditure plan. No agency may spend any portion of any appropriation in this act for new video telecommunication equipment, new video telecommunication transmission, or new video telecommunication programming, or for expanding current video telecommunication systems without first complying with chapter 43.105 RCW, including but not limited to RCW 43.105.041(2), and without first submitting a video telecommunications equipment expenditure plan, in accordance with the policies of the department of information services, for review and assessment by the department of information services under RCW 43.105.052. Before any such expenditure by a public school, a video telecommunications expenditure plan shall be approved by the superintendent of public instruction. The office of the superintendent of public instruction shall submit the plans to the department of information services in a form prescribed by the department. The office of the superintendent of public instruction shall coordinate the use of video telecommunications in public schools by providing educational information to local school districts and shall assist local school districts and educational service districts in telecommunications planning and curriculum development. Before any such expenditure by a public institution of postsecondary education, a telecommunications expenditure plan shall be approved by the higher education coordinating board. The higher education coordinating board shall coordinate the use of video telecommunications for instruction and instructional support in postsecondary education, including the review and approval of instructional telecommunications course offerings.

To the extent that moneys are disbursed on a loan basis, the corresponding appropriation shall be reduced by the amount of loan moneys disbursed from the treasury during the 1991-93 biennium.

NEW SECTION. Sec. 60. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

thousand inhabitants to appoint, or said judge may, in any county or judicial district having a population of over twenty-five thousand and less than thirty-five thousand, appoint a stenographic reporter to be attached to the court holden by ~~((him))~~ such judge who shall have had at least three years' experience as a skilled, practical reporter, or who upon examination shall be able to report and transcribe accurately one hundred and seventy-five words per minute of the judge's charge or two hundred words per minute of testimony each for five consecutive minutes; said test of proficiency, in event of inability to meet qualifications as to length of time of experience, to be given by an examining committee composed of one judge of the superior court and two official reporters of the superior court of the state of Washington, appointed by the president judge of the superior court judges association of the state of Washington: PROVIDED, That a stenographic reporter shall not be required to be appointed for the seven additional judges of the superior court authorized for appointment by section 1, chapter 323, Laws of 1987, the additional superior court judge authorized by section 1, chapter 66, Laws of 1988, the additional superior court judges authorized by sections 2 and 3, chapter 328, Laws of 1989, ~~((or))~~ the additional superior court judges authorized by sections 1 and 2, chapter 186, Laws of 1990, or the additional superior court judges authorized by sections 1 through 5 of this 1991 act. Appointment of a stenographic reporter is not required for any additional superior court judge authorized after July 1, 1991. The initial judicial appointee shall serve for a period of six years; the two initial reporter appointees shall serve for a period of four years and two years, respectively, from September 1, 1957; thereafter on expiration of the first terms of service, each newly appointed member of said examining committee to serve for a period of six years. In the event of death or inability of a member to serve, the president judge shall appoint a reporter or judge, as the case may be, to serve for the balance of the unexpired term of the member whose inability to serve caused such vacancy. The examining committee shall grant certificates to qualified applicants. Administrative and procedural rules and regulations shall be promulgated by said examining committee, subject to approval by the said president judge.

The stenographic reporter upon appointment shall thereupon become an officer of the court and shall be designated and known as the official reporter for the court or judicial district for which he is appointed: PROVIDED, That in no event shall there be appointed more official reporters in any one county or judicial district than there are superior court judges in such county or judicial district; the appointments in each class AA county shall be made by the majority vote of the judges in said county acting en banc; the appointments in class A counties and counties of the first class may be made by each individual judge therein or by the judges in said county acting en banc. Each official reporter so appointed shall hold office during the term of office of the judge or judges appointing him, but may be removed for incompetency, misconduct or neglect of duty, and before entering upon the discharge of his duties shall take an oath to perform faithfully the duties of his office, and file a bond in the sum of two thousand dollars for the faithful discharge of his duties. Such reporter in each court is hereby declared to be a necessary part of the judicial system of the state of Washington.

Sections 1, 3, and 5 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991.

NEW SECTION. Sec. 8. The additional judicial positions created by sections 1, 2, 3, 4, and 5 of this act shall be effective only if each county through its duly constituted legislative authority documents its approval of any additional positions and its agreement that it will pay out of county funds, without reimbursement from the state, the expenses of such additional judicial positions as provided by statute.

NEW SECTION. Sec. 9. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, this act shall be null and void.

SENATE AMENDMENTS TO HOUSE BILL

April 19, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1028 with the following amendments:

Strike everything after the enacting clause and insert the following:

"I.

PUBLIC POLICY, FINDINGS, AND INTENT"

NEW SECTION. Sec. 101. The legislature finds that ambient air pollution is the most serious environmental threat in Washington state. Air pollution causes significant harm to human health; damages the environment, including trees, crops, and animals; causes deterioration of equipment and materials; contributes to water pollution; and degrades the quality of life.

Over three million residents of Washington state live where air pollution levels are considered unhealthful. Of all toxic chemicals released into the environment more than half enter our breathing air. Citizens of Washington state spend hundreds of millions of dollars annually to offset health, environmental, and material damage caused by air pollution. The legislature considers such air pollution levels, costs, and damages to be unacceptable.

It is the intent of this act that the implementation of programs and regulations to control air pollution shall be the primary responsibility of the department of ecology and local air pollution control authorities.

Sec. 102. RCW 70.94.011 and 1973 1st ex.s. c 193 s 1 are each amended to read as follows:

It is declared to be the public policy ((of the state)) to preserve, protect, and enhance the air quality for current and future generations. Air is an essential resource that must be protected from harmful levels of pollution. Improving air quality is a matter of state-wide concern and is in the public interest. It is the intent of this chapter to secure and maintain ((such)) levels of air quality ((as will)) that protect human health and safety ((and)), including the most sensitive members of the population, to comply with the requirements of the federal clean air act, ((and,)) to ((the greatest degree practicable,)) prevent injury to plant ((and)), animal life, and property, to foster the comfort and convenience of ((its)) Washington's inhabitants, to promote the economic and social development of the state, and to facilitate the enjoyment of the natural attractions of the state. ((The problems and effects of air pollution are frequently regional and interjurisdictional in nature, and are dependent upon the existence of urbanization and industrialization in areas having common topography and recurring weather conditions conducive to the buildup of air contaminants))

It is further the intent of this chapter to protect the public welfare, to preserve visibility, to protect scenic, aesthetic, historic, and cultural values, and to prevent air pollution problems that interfere with the enjoyment of life, property, or natural attractions.

Because of the extent of the air pollution problem the legislature finds it necessary to return areas with poor air quality to levels adequate to protect health and the environment as expeditiously as possible but no later than December 31, 1995. Further, it is the intent of this chapter to prevent any areas of the state with acceptable air quality from reaching air contaminant levels that are not protective of human health and the environment.

The legislature recognizes that air pollution control projects may affect other environmental media. In selecting air pollution control strategies state and local agencies

shall support those strategies that lessen the negative environmental impact of the project on all environmental media, including air, water, and land.

The legislature further recognizes that energy efficiency and energy conservation can help to reduce air pollution and shall therefore be considered when making decisions on air pollution control strategies and projects.

It is the policy of the state that the costs of protecting the air resource and operating state and local air pollution control programs shall be shared as equitably as possible among all sources whose emissions cause air pollution.

It is also declared as public policy that regional air pollution control programs are to be encouraged and supported to the extent practicable as essential instruments for the securing and maintenance of appropriate levels of air quality.

~~((It is also declared to be the public policy of the state to provide for the people of the populous metropolitan regions in the state the means of obtaining air pollution control not adequately provided by existing agencies of local government. For reasons of the present and potential dramatic growth in population, urbanization, and industrialization, the special problem of air resource management, encompassing both corrective and preventive measures for the control of air pollution cannot be adequately met by the individual towns, cities, and counties of many metropolitan regions.~~

~~In addition, the state is divided into two major areas, each having unique characteristics as to natural climatic and topographic features which may result in the different potentials for the accumulation and buildup of air contaminant concentrations. These two major areas are the area lying west of the Cascade Mountain crest and the area lying east of the Cascade Mountain crest. Within each of these major areas are regions which, because of the climate and topography and present and potential urbanization and industrial development may, through definitive evaluation be classed as regional air pollution areas.))~~

To these ends it is the purpose of this chapter to ~~((provide for a))~~ safeguard the public interest through an intensive, progressive, and coordinated state-wide program of air pollution prevention and control, to provide for an appropriate distribution of responsibilities, and to encourage coordination and cooperation between the state, regional, and local units of government, ((and for cooperation across jurisdictional lines in dealing with problems of air pollution)) to improve cooperation between state and federal government, public and private organizations, and the concerned individual, as well as to provide for the use of all known, available, and reasonable methods to reduce, prevent, and control air pollution.

The legislature recognizes that the problems and effects of air pollution cross political boundaries, are frequently regional or interjurisdictional in nature, and are dependent upon the existence of human activity in areas having common topography and weather conditions conducive to the buildup of air contaminants. In addition, the legislature recognizes that air pollution levels are aggravated and compounded by increased population, and its consequences. These changes often result in increasingly serious problems for the public and the environment.

The legislature further recognizes that air emissions from thousands of small individual sources are major contributors to air pollution in many regions of the state. As the population of a region grows, small sources may contribute an increasing proportion of that region's total air emissions. It is declared to be the policy of the state to achieve significant reductions in emissions from those small sources whose aggregate emissions constitute a significant contribution to air pollution in a particular region.

It is the intent of the legislature that air pollution goals be incorporated in the missions and actions of state agencies.

Sec. 103. RCW 70.94.030 and 1987 c 109 s 33 are each amended to read as follows:

(1) The department shall conduct ~~((the following programs in a manner that will enhance the successful implementation of the air pollution control system established for motor vehicles by this chapter:~~

~~(a) A voluntary motor vehicle emissions inspection program;~~

~~(b)) a public educational program regarding the health effects of air pollution emitted by motor vehicles; the purpose, operation, and effect of emission control devices and systems; and the effect that proper maintenance of motor vehicle engines has on fuel economy and air pollution emission((; and~~

(2)(a) The department ~~((, the superintendent of public instruction, and the state board for community college education shall develop cooperatively, after consultation with automotive trades joint apprenticeship committees approved in accordance with RCW 49.04.040, a program for granting)) shall grant certificates of instruction to persons who successfully complete a course of study, under general requirements established by the director, in the maintenance of motor vehicle engines, the use of engine and exhaust analysis equipment, and the repair and maintenance of emission control devices. The director may establish and implement procedures for granting certification to persons who successfully complete other training programs or who have received certification from public and private organizations which meet the requirements established in this subsection, including programs on clean fuel technology and maintenance.~~

(b) The department shall make available to the public a list of those persons who have received certificates of instruction under subsection (2)(a) of this section.

Sec. 203. RCW 70.120.070 and 1989 c 240 c 6 are each amended to read as follows:

(1) Any person:

(a) Whose motor vehicle is tested pursuant to this chapter and fails to comply with the emission standards established for the vehicle; and

(b) Who, following such a test, expends more than ~~((fifty))~~ one hundred dollars on a 1980 or earlier model year motor vehicle or expends more than one hundred fifty dollars on a 1981 or later model year motor vehicle for repairs solely devoted to meeting the emission standards and that are performed by a certified emission specialist authorized by RCW 70.120.020(2)(a); and

(c) Whose vehicle fails a retest, may be issued a certificate of acceptance if (i) the vehicle has been in use for more than five years or fifty thousand miles, and (ii) any component of the vehicle installed by the manufacturer for the purpose of reducing emissions, or its appropriate replacement, is installed and operative.

~~((d))~~ To receive the certificate, the person must document compliance with (b) and (c) of this subsection to the satisfaction of the department.

Should any provision of (b) of this subsection be disapproved by the administrator of the United States environmental protection agency, all vehicles shall be required to expend at least four hundred fifty dollars to qualify for a certificate of acceptance.

(2) Persons who fail the initial tests shall be provided with information regarding the availability of federal warranties and certified emission specialists.

NEW SECTION. Sec. 204. (1) A task force is established for the purposes of recommending a program to assist persons with vehicles failing to comply with emission standards under RCW 70.120.120. The task force shall be appointed by the speaker of house of representatives and the president of the senate and shall consist of:

(a) Two members from the house committee on environmental affairs;

(b) Two members from the senate committee on environment and natural resources; and

(c) Two members from the legislative committee on transportation.

(2) In developing recommendations, the task force shall consult with representatives from the departments of ecology, licensing, social and health services, and revenue, the Washington state patrol, vehicle dealers and manufacturers, automobile associations, auto wreckers, and advocates for low-income persons and senior citizens.

(3) By November 1, 1991, the task force shall report to the appropriate standing committees of the legislature. The report shall recommend methods to:

(a) Use public and private funds to provide credit toward purchasing vehicles ten years or older from persons with vehicles not meeting the emission standards under RCW 70.120.120 for the purpose of permanently removing such vehicles from the road;

(b) Identify persons needing assistance with the provisions of RCW 70.120.120. In identifying such persons, the task force shall give first consideration to persons with an income of less than one hundred fifty percent of the federal poverty level;

(c) Prevent fraud or abuse of the program developed under this section; and

(d) Share the cost of the program with new and used car dealers licensed under chapter 46.70 RCW.

In the event that the task force determines a program to provide credit toward the purchase of older, polluting vehicles, as described under (a) of this subsection, does not provide an adequate benefit to low-income persons, the task force shall include recommendations to provide public funds for the repair of such vehicles.

Sec. 205. RCW 70.120.080 and 1979 ex.s. c 163 s 8 are each amended to read as follows:

The director may authorize an owner or lessee of a fleet of motor vehicles, or the owner's or lessee's agent, to inspect the vehicles in the fleet and issue certificates of compliance for the vehicles in the fleet if the director determines that: (1) The director's ~~((emission and))~~ inspection ~~((standards))~~ procedures will be complied with; and (2) certificates will be issued only to vehicles in the fleet that meet emission and equipment standards adopted under RCW 70.120.150 and only when appropriate.

In addition, the director may authorize an owner or lessee of one or more diesel motor vehicles with a gross vehicle weight rating in excess of eight thousand five hundred pounds, or the owner's or lessee's agent, to inspect the vehicles and issue certificates of compliance for the vehicles. The inspections shall be conducted in compliance with inspection procedures adopted by the department and certificates of compliance shall only be issued to vehicles that meet emission and equipment standards adopted under RCW 70.120.150.

The director shall establish by rule the fee for fleet or diesel inspections provided for in this section. The fee shall be set at an amount necessary to offset the department's cost to administer the fleet and diesel inspection program authorized by this section.

Owners, leaseholders, or their agents conducting inspections under this section shall pay only the fee established in this section and not be subject to fees under RCW 70.120.170(4).

Sec. 206. RCW 70.120.120 and 1989 c 240 s 8 are each amended to read as follows:

The director shall adopt rules implementing and enforcing this chapter ~~((and RCW 46.16.015(2)(g)))~~ in accordance with chapter 34.05 RCW. ~~((Notwithstanding the provisions of chapter 34.05 RCW, any rule implementing and enforcing RCW 70.120.150(5) may not be adopted until it has been submitted to the standing committees on ecology of the house of representatives and senate for review and approval.))~~ The ~~((standing committees))~~ department shall take into account when considering proposed modifications of emission contributing boundaries, as provided for in RCW 70.120.150~~((5))~~ (6), alternative ~~((plans for traffic rerouting and traffic bans))~~ transportation control and motor vehicle emission reduction measures that ~~((may have been prepared))~~ are required by local municipal corporations for the purpose of satisfying federal emission guidelines.

Sec. 207. RCW 70.120.150 and 1989 c 240 s 2 are each amended to read as follows:

The director:

(1) Shall adopt motor vehicle emission and equipment standards to: Ensure that no less than seventy percent of the vehicles tested comply with the standards on the first inspection conducted, meet federal clean air act requirements, and protect human health and the environment.

(2) Shall adopt rules implementing the smoke opacity testing requirement for diesel vehicles that ensure that such test is objective and repeatable and that properly maintained engines that otherwise would meet the applicable federal emission standards, as measured by the new engine certification test, would not fail the smoke opacity test.

(3) Shall designate a geographic area as being a "noncompliance area" for motor vehicle emissions if (a) the department's analysis of ~~((the))~~ emission and ambient air quality data, ~~((recorded for))~~ covering a period of no less than one year, ~~((at the monitoring sites))~~ indicates that the standard has or will probably be exceeded, and (b) the department determines that the primary source of the air contaminant ~~((being monitored at the sites))~~ is motor vehicle emissions.

~~((3))~~ (4) Shall reevaluate noncompliance areas if the United States environmental protection agency modifies the relevant air quality standards, and shall discontinue the program if compliance is indicated and if the department determines that the area would continue to be in compliance after the program is discontinued. The director shall notify persons residing in noncompliance areas of the reevaluation.

~~((4))~~ (5) Shall analyze information regarding the motor vehicle traffic in a noncompliance area to determine the smallest land area within whose boundaries are present registered motor vehicles that contribute significantly to the violation of motor vehicle-related air quality standards in the noncompliance area. The director shall declare the area to be an "emission contributing area." An emission contributing area established for a carbon monoxide or oxides of nitrogen noncompliance area must contain the noncompliance area within its boundaries. An emission contributing area established for an ozone noncompliance area located in this state need not contain the ozone noncompliance area within its boundaries if it can be proven that vehicles registered in the area contribute significantly to violations of the ozone air quality standard in the noncompliance area. An emission contributing area may be established in this state for violations of federal air quality standards for ozone in an adjacent state if (a) the United States environmental protection agency designates an area to be a "nonattainment area for ozone" under the provisions of the federal Clean Air Act (42 U.S.C. 7401 et. seq.), and (b) ~~((the nonattainment area encompasses portions of both Washington and the adjacent state, and (c)))~~ it can be proven that vehicles registered in this state contribute significantly to the violation of the federal air quality standards for ozone in the adjacent state's ~~((portion of the))~~ nonattainment area.

~~((5))~~ (6) Shall, after consultation with the appropriate local government entities, designate areas as being noncompliance areas or emission contributing areas, and shall establish the boundaries of such areas by rule. The director may also modify boundaries. In establishing the external boundaries of an emission contributing area, the director shall use the boundaries established for ZIP code service areas by the United States postal service.

~~((6))~~ (7) May make grants to units of government in support of planning efforts to reduce motor vehicle emissions ~~((in areas where emission control inspections are not required))~~.

Sec. 208. RCW 70.120.170 and 1989 c 240 s 4 are each amended to read as follows:

(1) The department shall administer a system for ~~((biennial))~~ emission inspections ~~((of emissions))~~ of all motor vehicles registered within the boundaries of each emission contributing area. ~~((Persons residing within the boundaries of an emission contributing area shall register their motor vehicle within that area, unless business reasons require registration outside the area. Requests for exemption from inspection for business reasons shall be reviewed and approved by the director))~~ Under such system a motor vehicle shall be inspected biennially except where an annual program would be required to meet federal law and prevent federal sanctions. In addition, motor vehicles shall be inspected at each change of registered owner of a licensed vehicle.

(2) The director shall:

(a) Adopt procedures for conducting emission ~~((tests for))~~ inspections of motor vehicles. The ~~((tests shall))~~ inspections may include idle and high revolution per minute emission tests. The emission test for diesel vehicles shall consist solely of a smoke opacity test.

(b) Adopt criteria for calibrating emission testing equipment. Electronic equipment used to test for emissions standards provided for in this chapter shall be properly calibrated. The department shall examine frequently the calibration of the emission testing equipment used at the stations.

(c) Authorize, through contracts, the establishment and operation of inspection stations for conducting ~~((the))~~ vehicle emission ~~((tests))~~ inspections authorized in this chapter. No person contracted to inspect motor vehicles may perform for compensation repairs on any vehicles. No public body may establish or operate contracted inspection stations. Any contracts must be let in accordance with the procedures established for competitive bids in chapter 43.19 RCW.

(3) Subsection (2)(c) of this section does not apply to volunteer motor vehicle inspections under RCW 70.120.020(1)~~((a))~~ if the inspections are conducted for the following purposes:

(a) Auditing;

(b) Contractor evaluation;

(c) Collection of data for establishing calibration and performance standards; or

(d) Public information and education.

(4)(a) The director shall establish by rule the fee to be charged for emission inspections. The inspection fee shall be a standard fee applicable state-wide or throughout an emission contributing area and shall be no greater than eighteen dollars. Surplus moneys collected from fees over the amount due the contractor shall be paid to the state and deposited in the general fund. Fees shall be set at the minimum whole dollar amount required to (i) compensate the contractor or inspection facility owner, and (ii) offset the general fund appropriation to the department to cover the administrative costs of the motor vehicle emission inspection program.

(b) Before each inspection, a person whose motor vehicle is to be inspected shall pay to the inspection station the fee established under this section. The person whose motor vehicle is inspected shall receive the results of the inspection ~~((test))~~. If the

inspected (~~(vehicle's emissions comply)~~) vehicle complies with the standards established by the director, the person shall receive a dated certificate of compliance. If the inspected (~~(vehicle's emissions do)~~) vehicle does not comply with those standards, one (~~(retest of the vehicle's emission)~~) reinspection of the vehicle shall be afforded without charge.

(5) All units of local government and agencies of the state with motor vehicles garaged or regularly operated in an emissions contributing area shall test the emissions of those vehicles (~~(biennially)~~) annually to ensure that the vehicle's emissions comply with the emission standards established by the director. All state agencies outside of emission contributing areas with more than twenty motor vehicles housed at a single facility or contiguous facilities shall test the emissions of those vehicles annually to ensure that the vehicles' emissions comply with standards established by the director. A report of the results of the tests shall be submitted to the department.

Sec. 209. RCW 46.16.015 and 1990 c 42 s 318 are each amended to read as follows:

(1) Neither the department of licensing nor its agents may issue or renew a motor vehicle license for any vehicle (~~(registered in an emission contributing area, as that area is established under chapter 70.120 RCW)~~) or change the registered owner of a licensed vehicle, for any (~~(year in which the)~~) vehicle that is required to be (~~(tested)~~) inspected under chapter 70.120 RCW, unless the application for issuance or renewal is: (a) Accompanied by a valid certificate of compliance or a valid certificate of acceptance issued pursuant to chapter 70.120 RCW; or (b) exempted from this requirement pursuant to subsection (2) of this section. The certificates must have a date of validation which is within (~~(ninety days)~~) six months of the date of application for the vehicle license or license renewal. Certificates for fleet or owner tested diesel vehicles may have a date of validation which is within twelve months of the assigned license renewal date.

(2) Subsection (1) of this section does not apply to the following vehicles:

(a) New motor vehicles whose equitable or legal title has never been transferred to a person who in good faith purchases the vehicle for purposes other than resale;

(b) Motor vehicles with a model year of 1967 or earlier;

(c) Motor vehicles that use propulsion units powered exclusively by electricity;

(d) Motor vehicles fueled (~~(exclusively)~~) by propane, compressed natural gas, or liquid petroleum gas, unless it is determined that federal sanctions will be imposed as a result of this exemption;

(e) Motorcycles as defined in RCW 46.04.330 and motor-driven cycles as defined in RCW 46.04.332;

(f) (~~(Motor vehicles powered by diesel engines;~~

~~(g))~~) Farm vehicles as defined in RCW 46.04.181;

(~~(h))~~) (g) Used vehicles which are offered for sale by a motor vehicle dealer licensed under chapter 46.70 RCW; or

(~~(i))~~) (h) Motor vehicles exempted by the director of the department of ecology.

The provisions of subparagraph (a) of this subsection may not be construed as exempting from the provisions of subsection (1) of this section applications for the renewal of licenses for motor vehicles that are or have been leased.

(3) (~~(The department of licensing shall mail to each owner of a vehicle registered within an emission contributing area a notice regarding the boundaries of the area and restrictions established under this section that apply to vehicles registered in such areas. The information for the notice shall be supplied to the department of licensing by the department of ecology.)~~) The department of ecology shall provide information to motor vehicle owners regarding the boundaries of emission contributing areas and restrictions established under this section that apply to vehicles registered in such areas. In addition the department of ecology shall provide information to motor vehicle owners on the relationship between motor vehicles and air pollution and steps motor vehicle owners should take to reduce motor vehicle related air pollution. The department of licensing

shall send to all registered motor vehicle owners (~~who reside within the emissions area~~) affected by the emission testing program notice that they must have an emission test to renew their registration.

NEW SECTION. Sec. 210. A new section is added to chapter 70.120 RCW to read as follows:

(1) Motor vehicle dealers selling a used vehicle not under a new vehicle warranty shall include a notice in each vehicle purchase order form that reads as follows: "The owner of a vehicle may be required to spend up to [a dollar amount established under section 203 of this act] for repairs if the vehicle does not meet the vehicle emission standards under this chapter. Unless expressly warranted by the motor vehicle dealer, the dealer is not warranting that this vehicle will pass any emission tests required by federal or state law."

(2) The signature of the purchaser on the notice required under subsection (1) of this section shall constitute a valid disclaimer of any implied warranty by the dealer as to a vehicle's compliance with any emission standards.

(3) The disclosure requirement of subsection (1) of this section applies to all motor vehicle dealers located in counties where state emission inspections are required.

NEW SECTION. Sec. 211. A new section is added to chapter 70.120 RCW to read as follows:

Engine manufacturers shall certify that new engines conform with current exhaust emission standards of the federal environmental protection agency.

NEW SECTION. Sec. 212. A new section is added to chapter 70.120 RCW to read as follows:

By July 1, 1992, the department shall develop, in cooperation with the departments of general administration and transportation, and the state energy office, aggressive clean-fuel performance and clean-fuel vehicle emissions specifications including clean-fuel vehicle conversion equipment. To the extent possible, such specifications shall be equivalent for all fuel types. In developing such specifications the department shall consider the requirements of the clean air act and the findings of the environmental protection agency, other states, the American petroleum institute, the gas research institute, and the motor vehicles manufacturers association.

NEW SECTION. Sec. 213. A new section is added to chapter 43.19 RCW to read as follows:

(1) At least thirty percent of all new vehicles purchased through a state contract shall be clean-fuel vehicles.

(2) The percentage of clean-fuel vehicles purchased through a state contract shall increase at the rate of five percent each year.

(3) In meeting the procurement requirement established in this section, preference shall be given to vehicles designed to operate exclusively on clean fuels. In the event that vehicles designed to operate exclusively on clean fuels are not available or would not meet the operational requirements for which a vehicle is to be procured, conventionally powered vehicles may be converted to clean fuel or dual fuel use to meet the requirements of this section.

(4) Fuel purchased through a state contract shall be a clean fuel when the fuel is purchased for the operation of a clean-fuel vehicle.

(5)(a) Weight classes are established by the following motor vehicle types:

(i) Passenger cars;

(ii) Light duty trucks, trucks with a gross vehicle weight rating by the vehicle manufacturer of less than eight thousand five hundred pounds;

(iii) Heavy duty trucks, trucks with a gross vehicle weight rating by the vehicle manufacturer of eight thousand five hundred pounds or more.

(b) This subsection does not place an obligation upon the state or its political subdivisions to purchase vehicles in any number or weight class other than to meet the percent procurement requirement.

(6) For the purposes of this section, "clean fuels" and "clean-fuel vehicles" shall be those fuels and vehicles meeting the specifications provided for in section 212 of this act.

NEW SECTION. Sec. 214. (1) The state energy office shall convene a school bus compressed natural gas fuel advisory committee. The committee shall be chaired by the director of the state energy office or a designee and the following shall be invited to be members:

(a) The superintendent of public instruction or a designee; (b) the director of the department of ecology or a designee; (c) two members of the house of representatives, one from each caucus, appointed by the speaker of the house;

(d) Two members of the senate, one from each caucus, appointed by the president of the senate;

(e) Two members representing school districts appointed by the director of the state energy office; and

(f) One member representing a natural gas local distribution company.

(2) The state energy office shall, with the guidance of the advisory committee, analyze and report on the potential benefits, costs, and safety risks associated with increasing the use of compressed natural gas as fuel for school buses. The report shall address:

(a) The anticipated operation and maintenance costs of compressed natural gas school buses in comparison to diesel fuel and gasoline school buses;

(b) Factors affecting the safety of passengers, drivers, mechanics, and other persons using compressed natural gas school buses in comparison to diesel fuel and gasoline school buses;

(c) Capital costs, including:

(i) The availability and capital cost of retrofitting diesel and gasoline school buses;

(ii) The feasibility and capital cost of retrofitting diesel and gasoline school buses;

and

(iii) Capital costs associated with fuel storage and refueling; and

(d) Other considerations, including air quality benefits, needed to determine the total costs, problems, and benefits of increasing the use of compressed natural gas as a fuel for school buses. The report shall also evaluate all of the preceding factors as they relate to the use of propane as a fuel for school buses.

(3) The state energy office shall submit a report to the appropriations and environmental affairs committees of the house of representatives and the ways and means and environment and natural resources committees of the senate by December 1, 1991. The school bus compressed natural gas fuel advisory committee shall be disbanded when the report is submitted.

NEW SECTION. Sec. 215. A new section is added to chapter 70.120 RCW to read as follows:

The department, in cooperation with the departments of general administration and transportation, the utilities and transportation commission, and the state energy office, shall biennially prepare a report to the legislature starting July 1, 1992, on:

(1) Progress of clean fuel and clean-fuel vehicle programs in reducing automotive emissions;

(2) Recommendations for enhancing clean-fuel distribution systems;

(3) Efforts of the state, units of local government, and the private sector to evaluate and utilize "clean fuel" or "clean-fuel vehicles"; and

(4) Recommendations for changes in the existing program to make it more effective and, if warranted, for expansion of the program.

NEW SECTION. Sec. 216. A new section is added to chapter 80.28 RCW to read as follows:

The legislature finds that compressed natural gas offers significant potential to reduce vehicle emissions and to significantly decrease dependence on petroleum-based fuels. The legislature also finds that well-developed and convenient refueling systems are imperative if compressed natural gas is to be widely used by the public. The legislature declares that the development of compressed natural gas refueling stations are in the public interest. Nothing in this section and section 217 of this act is intended to alter the regulatory practices of the commission or allow the subsidization of one ratepayer class by another.

NEW SECTION. Sec. 217. A new section is added to chapter 80.28 RCW to read as follows:

The commission shall identify barriers to the development of refueling stations for vehicles operating on compressed natural gas, and shall develop policies to remove such barriers. In developing such policies, the commission shall consider providing rate incentives to encourage natural gas companies to invest in the infrastructure required by such refueling stations.

NEW SECTION. Sec. 218. A new section is added to chapter 70.94 RCW to read as follows:

The department may disburse matching grants from funds provided by the legislature from the air pollution control account, created in section 228 of this act, to units of local government to partially offset the additional cost of purchasing "clean fuel" and/or operating "clean-fuel vehicles" provided that such vehicles are used for public transit. Publicly owned school buses are considered public transit for the purposes of this section. The department may also disburse grants to vocational-technical institutes for the purpose of establishing programs to certify clean-fuel vehicle mechanics. The department may also distribute grants to the state energy office for the purpose of furthering the establishment of clean fuel refueling infrastructure.

NEW SECTION. Sec. 219. A new section is added to chapter 70.94 RCW to read as follows:

In areas subject to a state implementation plan, no state agency, metropolitan planning organization, or local government shall approve or fund a transportation plan, program, or project within or that affects a nonattainment area unless a determination has been made that the plan, program, or project conforms with the state implementation plan for air quality as required by the federal clean air act.

Conformity determination shall be made by the state or local government or metropolitan planning organization administering or developing the plan, program, or project.

No later than eighteen months after the effective date of this section, the director of the department of ecology and the secretary of transportation, in consultation with other state, regional, and local agencies as appropriate, shall adopt by rule criteria and guidance for demonstrating and assuring conformity of plans, programs, and projects that are wholly or partially federally funded.

A project with a scope that is limited to preservation or maintenance, or both, shall be exempted from a conformity determination requirement.

Sec. 220. RCW 82.44.020 and 1990 c 42 s 302 are each amended to read as follows:

(1) An excise tax is imposed for the privilege of using in the state any motor vehicle, except those operated under reciprocal agreements, the provisions of RCW 46.16.160 as now or hereafter amended, or dealer's licenses. The annual amount of such excise tax shall be two percent of the value of such vehicle.

The annual amount of the additional excise tax shall be two dollars and twenty-five cents. Effective with July 1994 motor vehicle registration expirations, the annual amount of additional excise tax shall be two dollars.

(4) In no case shall the total tax be less than two dollars except for proportionally registered vehicles.

~~((4))~~ (5) Washington residents, as defined in RCW 46.16.028, who license motor vehicles in another state or foreign country and avoid Washington motor vehicle excise taxes are liable for such unpaid excise taxes. The department of revenue may assess and collect the unpaid excise taxes under chapter 82.32 RCW, including the penalties and interest provided therein.

Sec. 222. RCW 82.44.150 and 1990 c 42 s 308 are each amended to read as follows:

(1) The director of licensing shall, on the twenty-fifth day of February, May, August, and November of each year, advise the state treasurer of the total amount of motor vehicle excise taxes imposed by RCW 82.44.020 (1) and (2) remitted to the department during the preceding calendar quarter ending on the last day of March, June, September, and December, respectively, except for those payable under RCW 82.44.030, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020(3) and 82.44.030, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department shall, from motor vehicle excise taxes deposited in the general fund, under RCW 82.44.110(7), make the following deposits:

(a) To the high capacity transportation account created in RCW 47.78.010, a sum equal to four and five-tenths percent of the special excise tax levied under RCW 35.58.273 by those municipalities authorized to levy a special excise tax within a class AA county, or within a class A county contiguous to a class AA county, or within a second class county contiguous to a class A county that is contiguous to a class AA county;

(b) To the central Puget Sound public transportation account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within a class AA county or within a class A county contiguous to a class AA county, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(b) applies; however, any transfer under this subsection (2)(b) must be greater than zero;

(c) To the public transportation systems account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within counties not described in (b) of this subsection, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities

within the counties to which this subsection (2)(c) applies; however, any transfer under this subsection (2)(c) must be greater than zero; and

(d) To the transportation fund created in RCW 82.44.180, for revenues distributed after June 30, 1991, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent notwithstanding the requirements set forth in subsections (3) through (6) of this section, reduced by an amount equal to distributions made under (a), (b), and (c) of this subsection.

(3) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(4) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (3) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (3) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (3) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(5) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(6) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (3) of this section.

Sec. 223. RCW 82.44.155 and 1990 c 42 s 309 are each amended to read as follows:

When distributions are made under RCW 82.44.150, the state treasurer shall apportion and distribute the motor vehicle excise taxes deposited into the general fund under RCW 82.44.110(4) to the cities and towns ratably on the basis of population as last determined by the office of financial management. When so apportioned, the amount

payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be used by the city or town for the purposes of police and fire protection and the preservation of the public health in the city or town, and not otherwise. If it is adjudged that revenue derived from the excise ~~((tax)) taxes~~ imposed by ~~((this chapter))~~ RCW 82.44.020 (1) and (2) cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

Sec. 224. RCW 82.44.180 and 1990 c 42 s 312 are each amended to read as follows:

Moneys in the fund may be spent only after appropriation. Expenditures from the fund may be used only for transportation purposes.

(2) There is hereby created the central Puget Sound public transportation account within the transportation fund. Moneys deposited into the account under RCW 82.44.150(2)(b) shall be expended within the three county region from which the funds are derived, solely for:

(a) Development of high capacity transportation systems as defined in RCW 81.104.010;

(c) Other public transportation system-related roadway projects on state highways, county roads, or city streets; and

(d) Public transportation system contributions required to fund projects approved by the transportation improvement board.

Sec. 225. RCW 82.50.410 and 1990 c 42 s 321 are each amended to read as follows:

The rate and measure of tax imposed by ~~((this chapter))~~ RCW 82.50.400 for each registration year shall be one percent, and a surcharge of one-tenth of one percent, of the value of the travel trailer or camper, as determined in the manner provided in this chapter: PROVIDED, That the excise tax upon a travel trailer or camper licensed for the first time in this state after the last day of any registration month may only be levied for the remaining months of the registration year including the month in which the travel trailer or camper is first licensed: PROVIDED FURTHER, That the minimum amount of tax payable shall be two dollars: PROVIDED FURTHER, That every dealer in mobile homes or travel trailers, for the privilege of using any mobile home or travel trailer eligible to be used under a dealer's license plate, shall pay an excise tax of two dollars, and such tax shall be collected upon the issuance of each original dealer's license plate, and also a similar tax shall be collected upon the issuance of each dealer's duplicate license plate, which taxes shall be in addition to any tax otherwise payable under this chapter.

A travel trailer or camper shall be deemed licensed for the first time in this state when such vehicle was not previously licensed by this state for the registration year or

any part thereof immediately preceding the registration year in which application for license is made or when it has been registered in another jurisdiction subsequent to any prior registration in this state.

NEW SECTION. Sec. 226. A new section is added to chapter 82.50 RCW to read as follows:

Effective with October 1992 motor vehicle registration expirations, an additional annual clean air excise tax of two dollars and twenty-five cents is imposed on the owner of any travel trailer or camper for the privilege of using such travel trailer or camper in this state. Effective with July 1994 motor vehicle registration expirations, the annual amount of additional excise tax shall be two dollars. The excise tax hereby imposed shall be due and payable to the department of licensing or its agents at the time of registration of a travel trailer or camper. Whenever an application is made to the department of licensing or its agents for a license for a travel trailer or camper there shall be collected, in addition to the amount of the license fee or renewal license fee, the amount of the excise tax imposed by this chapter, and no license or license plates for a travel trailer or camper may be issued unless such tax is paid in full. No additional tax shall be imposed under this chapter upon any travel trailer or camper upon the transfer of ownership thereof, if the tax imposed by this chapter with respect to such travel trailer or camper has already been paid for the registration year or fractional part thereof in which such transfer occurs. Receipts from the tax levied in this section shall be deposited in the air pollution control account created by section 228 of this act.

Sec. 227. RCW 82.50.510 and 1990 c 42 s 322 are each amended to read as follows:

The county auditor shall regularly, when remitting motor vehicle excise taxes, pay to the state treasurer the excise taxes (~~collected under this chapter~~) imposed by RCW 82.50.400. The treasurer shall then distribute such funds quarterly on the first day of the month of January, April, July and October of each year in the following amount: (1) For the one percent tax imposed under RCW 82.50.410, fifteen percent to cities and towns for the use thereof apportioned ratably among such cities and towns on the basis of population; fifteen percent to counties for the use thereof to be apportioned ratably among such counties on the basis of moneys collected in such counties from the excise taxes imposed under this chapter; and seventy percent for schools to be deposited in the state general fund; and (2) for the one-tenth of one percent surcharge imposed under RCW 82.50.410, one hundred percent to the transportation fund created in RCW 82.44.180.

NEW SECTION. Sec. 228. (1) The air pollution control account is established in the state treasury. All receipts from RCW 70.94.650, 70.94.660, 82.44.020(3), and section 226 of this act shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to develop and implement the provisions of this act and chapters 70.94 and 70.120 RCW.

(2) The amounts collected and allocated in accordance with this section shall be expended upon appropriation except as otherwise provided in this section and in accordance with the following limitations:

Portions of moneys received by the department of ecology from the air pollution control account shall be distributed by the department to local authorities based on:

(a) The level and extent of air quality problems within such authority's jurisdiction;

(b) The costs associated with implementing air pollution regulatory programs by such authority; and

(c) The amount of funding available to such authority from other sources, whether state, federal, or local, that could be used to implement such programs.

(3) The air operating permit account is created in the custody of the state treasurer. All receipts paid to the department of revenue under section 301 of this act shall be deposited into the account. Expenditures from the account may be used only for the direct and indirect costs of implementing the air operating permit program under section

301 of this act. Only the director of the department of ecology or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but no appropriation is required for such expenditures.

NEW SECTION. Sec. 229. A new section is added to chapter 70.120 RCW to read as follows:

(1) It is the intent of the legislature that the state take advantage of the best emission control systems available on new motor vehicles. The department shall conduct a study to determine if requiring new vehicles sold in the state to meet California vehicle emission standards will provide a significant benefit to attainment of ambient air quality standards in this state. The department shall report the findings of its study and its recommendations to the appropriate standing committees of the legislature. The department shall not adopt the California vehicle emission standards unless authorized by the legislature.

(2) In the event that California vehicle emission standards are adopted, the department shall not include a program for in-use testing and recall of vehicles required to meet California emission standards.

NEW SECTION. Sec. 230. The department of ecology shall contract with Western Washington University for the biennium ending June 30, 1993, for research and development of alternative fuel and solar powered vehicles. A report on the progress of such research shall be presented to the standing environmental committees and the department by January 1, 1994.

NEW SECTION. Sec. 231. A new section is added to chapter 19.112 RCW to read as follows:

The directors of the departments of ecology and agriculture may grant a variance from ASTM motor fuel specifications if necessary to produce lower emission motor fuels.

"III.

INDUSTRIAL AND COMMERCIAL SOURCES"

NEW SECTION. Sec. 301. A new section is added to chapter 70.94 RCW to read as follows:

The department of ecology, or board of an authority, shall require renewable permits for the operation of air contaminant sources subject to the following conditions and limitations:

(1) Unless a different meaning is plainly required by the context, the following words and phrases shall have the following meanings:

(a) "Lowest achievable emission rate" (LAER) means for any source that rate of emissions which reflects:

(i) The most stringent emission limitation that is contained in the implementation plan of any state for such class or category of source, unless the owner or operator of the proposed new or modified source demonstrates that such limitations are not achievable; or

(ii) The most stringent emission limitation that is achieved in practice by such class or category of source, whichever is more stringent.

In no event shall the application of this term permit a proposed new or modified source to emit any pollutant in excess of the amount allowable under applicable new source performance standards.

(b) "Best available control technology" (BACT) means technology that will result in an emission limitation, including a visible emission standard, based on the maximum degree of reduction for each air pollutant subject to this regulation that would be emitted from any proposed new or modified source that the permitting authority, on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs, determines is achievable for such sources or modification through application

of production processes, available methods, systems, and techniques, including fuel cleaning or treatment or, innovative fuel combustion techniques for control of such air pollutant. In no event shall application of the best available technology result in emissions of any air pollutant that would exceed the emissions allowed by any applicable standard under 40 C.F.R. Part 60 and Part 61. If the reviewing agency determines that technological or economic limitations on the application of measurement methodology to a particular class of sources would make the imposition of an emission standard infeasible, it may instead prescribe a design, equipment, work practice, or operational standard, or combination thereof, to meet the requirement of best available control technology. Such standard shall, to the degree possible, set forth the emission reduction achievable by implementation of such design, equipment, work practice, or operation and shall provide for compliance by means that achieve equivalent results. The term "all known available and reasonable methods of emission control" is interpreted to mean the same as best available control technology.

(c) "Reasonably available control technology" (RACT) means the lowest emission limit that a particular source or source category is capable of meeting by the application of control technology that is reasonably available considering technological and economic feasibility. RACT is determined on a case-by-case basis for an individual source or source category taking into account the impact of the source upon air quality, the availability of additional controls, the emission reduction to be achieved by additional controls, the impact of additional controls on air quality, and the capital and operating costs of the additional controls. RACT requirements for any source or source category shall be adopted only after notice and opportunity for comment are afforded.

(d) "Source" means all of the emissions units including quantifiable fugitive emissions, that are located on one or more contiguous or adjacent properties, and are under the control of the same person, or persons under common control, whose activities are ancillary to the production of a single product or functionally related group of products.

(e) "New source" means (i) the construction or modification of a stationary source that increases the amount of any air contaminant emitted by such source or that results in the emission of any air contaminant not previously emitted, and (ii) any other project that constitutes a new source under the federal clean air act.

(f) "Stationary source" means any building, structure, facility, or installation that emits or may emit any air contaminant.

(g) "Modification" means any physical change in, or change in the method of operation of, a stationary source that increases the amount of any air contaminant emitted by such source or that results in the emission of any air contaminant not previously emitted. The term modification shall be construed consistent with the definition of modification in Section 7411, Title 42, United States Code, and with rules implementing that section.

(2) Permits shall be issued for a term of five years. A permit may be modified or amended during its term at the request of the permittee, or for any reason allowed by the federal clean air act. The rules adopted pursuant to subsection (3) of this section shall include rules for permit amendments and modifications.

(3)(a) Rules establishing the elements for a state-wide operating permit program and the process for permit application and renewal consistent with federal requirements shall be established by the department by January 1, 1993. The rules shall provide that every proposed permit must be reviewed prior to issuance by a professional engineer or staff under the direct supervision of a professional engineer in the employ of the permitting authority. The permit program established by these rules shall be administered by the department and delegated local air authorities. Rules developed under this subsection shall not preclude a delegated local air authority from including in a permit its own more stringent emission standards and operating restrictions.

(b) The board of any local air pollution control authority may apply to the department of ecology for a delegation order authorizing the local authority to administer the operating permit program for sources under that authority's jurisdiction. The department shall, by order, approve such delegation, if the department finds that the local authority has the technical and financial resources, to discharge the responsibilities of a permitting authority under the federal clean air act. A delegation request shall include adequate information about the local authority's resources to enable the department to make the findings required by this subsection; provided, any delegation order issued under this subsection shall take effect ninety days after the environmental protection agency authorizes the local authority to issue operating permits under the federal clean air act.

(c) Except for the authority granted the energy facility site evaluation council to issue permits for the new construction, reconstruction, or enlargement or operation of new energy facilities under chapter 80.50 RCW, the department may exercise the authority, as delegated by the environmental protection agency, to administer Title IV of the federal clean air act as amended and to delegate such administration to local authorities as applicable pursuant to (b) of this subsection.

(4) "Best available control technology" (BACT) is required for new sources except where LAER is required.

Until July 1, 1993, "lowest achievable emission rate" (LAER) is required solely for those sources required by the federal clean air act. By December 1, 1992, the department shall recommend control technology requirements for new sources to the appropriate standing committees of the legislature.

Except as otherwise provided in RCW 70.94.331(9), "reasonably available control technology" (RACT) is required for existing sources.

In establishing technical standards, defined in subsection (2) of this section, the permitting authority shall consider and, if found to be appropriate, give credit for waste reduction within the process.

(5) Operating permits shall apply to all sources (a) where required by the federal clean air act, and (b) for any source that may cause or contribute to air pollution in such quantity as to create a threat to the public health or welfare. Subsection (b) of this subsection is not intended to apply to small businesses except when both of the following limitations are satisfied: (i) The source is in an area exceeding or threatening to exceed federal or state air quality standards; and (ii) the department provides a reasonable justification that requiring a source to have a permit is necessary to meet a federal or state air quality standard, or to prevent exceeding a standard in an area threatening to exceed the standard. For purposes of this subsection "areas threatening to exceed air quality standards" shall mean areas projected by the department to exceed such standards within five years. Prior to identifying threatened areas the department shall hold a public hearing or hearings within the proposed areas.

(6) Sources operated by government agencies are not exempt under this section.

(7) By October 1, 1993, or ninety days after the United States environmental protection agency approves the state operating permit program, whichever is later, any person required to have a permit shall submit to the permitting agency a compliance plan and permit application, signed by a responsible official, certifying the accuracy of the information submitted. Until permits are issued, existing sources shall be allowed to operate under presently applicable standards and conditions provided that such sources submit complete and timely permit applications.

(8) All proposed permits shall be subject to public notice and comment. The rules adopted pursuant to subsection (3) of this section shall specify procedures for public notice and comment. Such procedures shall provide the permitting agency with an opportunity to respond to comments received from interested parties prior to the time that the proposed permit is submitted to the environmental protection agency for review pursuant to section 505(a) of the federal clean air act. In the event that the environmental

protection agency objects to a proposed permit pursuant to section 505(b) of the federal clean air act, the permitting authority shall not issue the permit, unless the permittee consents to the changes required by the environmental protection agency.

(9) The procedures contained in chapter 43.21B RCW shall apply to permit appeals. The pollution control hearings board may stay the effectiveness of any permit issued under this section during the pendency of an appeal filed by the permittee, if the permittee demonstrates that compliance with the permit during the pendency of the appeal would require significant expenditures that would not be necessary in the event that the permittee prevailed on the merits of the appeal.

(10) After the effective date of any permit program promulgated under this section, it shall be unlawful for any person to: (a) Operate a permitted source in violation of any requirement of a permit issued under this section; or (b) fail to submit a permit application at the time required by rules adopted under subsection (3) of this section.

(11) Each air operating permit shall state the origin of and specific legal authority for each requirement included therein. Every requirement in an operating permit shall be based upon the most stringent of the following requirements:

(a) The federal clean air act and rules implementing that act, including provision of the approved state implementation plan;

(b) This chapter and rules adopted thereunder; and

(c) In permits issued by a local air pollution control authority, the requirements of any order or regulation adopted by that authority.

(12) Consistent with the provisions of the federal clean air act, the permitting authority may issue general permits covering categories of permitted sources, and temporary permits authorizing emissions from similar operations at multiple temporary locations.

(13) Permitted sources within the territorial jurisdiction of an authority delegated the operating permit program shall file their permit applications with that authority, except that permit applications for sources regulated on a state-wide basis pursuant to RCW 70.94.395 shall be filed with the department. Permitted sources outside the territorial jurisdiction of a delegated authority shall file their applications with the department.

(14) When issuing operating permits to coal fired electric generating plants, the permitting authority shall give consideration to the federal time lines for the implementation of required control technology.

(15)(a) Each source emitting one hundred tons or more per year of a regulated pollutant shall pay an interim assessment of ten dollars per ton multiplied by the annual process-related emissions of each regulated pollutant emitted during calendar years 1990 and 1991. "Regulated pollutant" shall have the same meaning as defined in section 502(b) of the federal clean air act amendments of 1990.

(b) Fees collected under (a) of this subsection shall be distributed as follows: Eighty percent to the department and twenty percent to local air authorities.

(c) The fees assessed to a source under (a) of this subsection and any fees enacted under subsection (16) of this section shall be limited to the first seven thousand five hundred tons for each regulated pollutant per year.

(16) On or before November 1, 1992, the department, in consultation with the department of revenue, shall report to the appropriate standing committees of the legislature recommendations on air operating permit fees. The department shall recommend a level of fees to cover the direct and indirect costs of implementing the operating permit program required under the 1990 federal clean air act. In making such recommendations, the department shall address:

(a) The costs of the permit program elements as identified in regulations promulgated by the United States environmental protection agency, including, as applicable:

(i) Oversight of a delegated local air authority;

- (ii) Ambient air monitoring, modeling, and reporting;
- (iii) Training;
- (iv) Data management and quality assurance;
- (v) Development of state implementation plans;
- (vi) Emission inventories;
- (vii) Technical assistance;
- (viii) Rule making and guidelines; and
- (ix) Any other activities, consistent with the federal clean air act, that may be identified by the department;
- (b) The appropriate division of fees with delegated local air authorities; and
- (c) A methodology for tracking revenues and expenditures from fees paid under this chapter.

(17) The department shall determine the persons liable for the fee imposed by subsection (15) of this section, compute the fee, and provide by November 1 of 1991 and 1992, the identity of the fee payer with the computation of the fee to the department of revenue for collection. The department of revenue shall collect the fee computed by the department from the fee payers identified by the department. The administrative, collection, and penalty provisions of chapter 82.32 RCW shall apply to the collection of the fee by the department of revenue. The department shall provide technical assistance to the department of revenue for decisions made by the department of revenue pursuant to RCW 82.32.160 and 82.32.170. All fees collected shall be deposited in the air operating permit account.

All fees identified in this section shall be due and payable on March 1 of 1992 and 1993.

(18) For sources or source categories not required to obtain permits under subsection (5) of this section, the department or local authority may establish by rule control technology requirements. If control technology rule revisions are made by the department or local authority under this subsection, the department or local authority shall consider the remaining useful life of control equipment previously installed on existing sources before requiring technology changes. The department or any local air authority may issue a general permit, as authorized under the federal clean air act, for such sources.

(19) RCW 70.94.151 shall not apply to any source for which a permit under this section has been issued.

Sec. 302. RCW 70.94.152 and 1973 1st ex.s. c 193 s 2 are each amended to read as follows:

(1) The department of ecology or board of any authority may require notice of the ~~((construction, installation, or))~~ establishment of any proposed new ~~((air contaminant))~~ sources except single family and duplex dwellings. The department of ecology or board may require such notice to be accompanied by a fee and determine the amount of such fee: PROVIDED, That the amount of the fee may not exceed the cost of reviewing the plans, specifications, and other information and administering such notice: PROVIDED FURTHER, That any such notice given or notice of construction application submitted to either the board or to the department of ecology shall preclude a further ~~((notice))~~ submittal of a duplicate application to ~~((be given to))~~ any ~~((other))~~ board or to the department of ecology. Within thirty days of ~~((its))~~ receipt of ~~((such notice))~~ a notice of construction application, the department of ecology or board may require, as a condition precedent to the ~~((construction, installation, or))~~ establishment of the ~~((air contaminant))~~ new source or sources covered thereby, the submission of plans, specifications, and such other information as it deems necessary ~~((in order))~~ to determine whether the proposed ~~((construction, installation, or establishment))~~ new source will be in accord with applicable rules and regulations in force ~~((pursuant to))~~ under this chapter~~((, and will provide all known available and reasonable methods of emission control))~~. If on the basis of plans, specifications, or other information required ~~((pursuant to))~~ under this section

the department of ecology or board determines that the proposed (~~construction, installation, or establishment~~) new source will not be in accord with this chapter or the applicable ordinances, resolutions, rules, and regulations adopted (~~(pursuant thereto, or will not provide all known available and reasonable means of emission control)~~) under this chapter, it shall issue an order (~~(for the prevention of the construction, installation, or establishment of the air contaminant source or sources)~~) denying permission to establish the new source. If on the basis of plans, specifications, or other information required (~~(pursuant to)~~) under this section, the department of ecology or board determines that the proposed (~~construction, installation, or establishment~~) new source will be in accord with this chapter, and the applicable (~~(ordinances, resolutions,)~~) rules(~~(,)~~) and regulations adopted (~~(pursuant thereto and will provide all known available and reasonable methods of emission control)~~) under this chapter, it shall issue an order of approval (~~(of)~~) for the (~~construction, installation, and~~) establishment of the (~~air contaminant~~) new source or sources, which order may provide such conditions (~~(of operation)~~) as are reasonably necessary to assure the maintenance of compliance with this chapter and the applicable (~~(ordinances, resolutions,)~~) rules(~~(,)~~) and regulations adopted (~~(pursuant thereto)~~) under this chapter. Every order of approval under this chapter must be reviewed prior to issuance by a professional engineer or staff under the supervision of a professional engineer in the employ of the department of ecology or board.

(2) (~~(For the purposes of this chapter, addition to or enlargement or replacement of an air contaminant source, or any major alteration therein, shall be construed as construction or installation or establishment of a new air contaminant source.))~~ The determination(~~(,)~~) required under subsection (1) of this section(~~(, of whether a proposed construction, installation, or establishment will be in accord with this chapter and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto)~~) shall include a determination of whether the operation of the new air contaminant source at the location proposed will cause any ambient air quality standard to be exceeded.

(3) New source review of a modification shall be limited to the emission unit or units proposed to be modified and the air contaminants whose emissions would increase as a result of the modification.

(4) Nothing in this section shall be construed to authorize the department of ecology or board to require the use of emission control equipment or other equipment, machinery, or devices of any particular type, from any particular supplier, or produced by any particular manufacturer.

(~~(4))~~ (5) Any features, machines, and devices constituting parts of or called for by plans, specifications, or other information submitted pursuant to subsection (1) (~~(hereof)~~) of this section shall be maintained and operate in good working order.

(~~(5))~~ (6) The absence of an ordinance, resolution, rule, or regulation, or the failure to issue an order pursuant to this section shall not relieve any person from his or her obligation to comply with (~~(any))~~ applicable emission control requirements or with any other provision of law.

(7) Within thirty days of receipt of a notice of construction application the department of ecology or board shall either notify the applicant in writing that the application is complete or notify the applicant in writing of all additional information necessary to complete the application. Within sixty days of receipt of a complete application the department or board shall either (a) issue a final decision on the application, or (b) for those projects subject to public notice, initiate notice and comment on a proposed decision, followed as promptly as possible by a final decision.

NEW SECTION. Sec. 303. A new section is added to chapter 70.94 RCW to read as follows:

Any person proposing to replace or substantially alter the emission control technology installed on an existing stationary source emission unit shall file a notice of construction application with the jurisdictional permitting authority. For projects not

otherwise reviewable under RCW 70.94.152, the permitting authority may (1) require that the owner or operator employ reasonably available control technology for the affected emission unit and (2) may prescribe reasonable operation and maintenance conditions for the control equipment. Within thirty days of receipt of an application for notice of construction under this section the permitting authority shall either notify the applicant in writing that the application is complete or notify the applicant in writing of all additional information necessary to complete the application. Within thirty days of receipt of a complete application the permitting authority shall either issue an order of approval or a proposed RACT determination for the proposed project. Construction shall not commence on a project subject to review under this section until the permitting authority issues a final order of approval. However, any notice of construction application filed under this section shall be deemed to be approved without conditions if the permitting authority takes no action within thirty days of receipt of a complete application for a notice of construction.

NEW SECTION. Sec. 304. A new section is added to chapter 70.94 RCW to read as follows:

The department shall prepare recommendations to reduce air emissions for source categories not generally required to have a permit under section 301 of this act. Such recommendations shall not require any action by the owner or operator of a source and shall be consistent with rules adopted under chapter 70.95C RCW. The recommendations shall include but not be limited to: Process changes, product substitution, equipment modifications, hazardous substance use reduction, recycling, and energy efficiency.

Sec. 305. RCW 70.94.155 and 1981 c 224 s 1 are each amended to read as follows:

(1) As used in subsection (3) of this section, the term "bubble" means an air pollution control system which permits aggregate measurements of allowable emissions, for a single category of pollutant, for emissions points from a specified emissions-generating facility or facilities. Individual point source emissions levels from such specified facility or facilities may be modified provided that the aggregate limit for the specified sources is not exceeded.

(2) Whenever any regulation relating to emission standards or other requirements for the control of emissions is adopted which provides for compliance with such standards or requirements no later than a specified time after the date of adoption of the regulation, the appropriate activated air pollution control authority or, if there be none, the department of ecology shall, by permit or regulatory order, issue to air contaminant sources subject to the standards or requirements, schedules of compliance setting forth timetables for the achievement of compliance as expeditiously as practicable, but in no case later than the time specified in the regulation. Interim dates in such schedules for the completion of steps of progress toward compliance shall be as enforceable as the final date for full compliance therein.

(3) Wherever requirements necessary for the attainment of air quality standards or, where such standards are not exceeded, for the maintenance of air quality can be achieved through the use of a control program involving the bubble concept, such program may be authorized by a regulatory order or orders or permit issued to the air contaminant source or sources involved. Such order or permit shall only be authorized after the control program involving the bubble concept is accepted by United States environmental protection agency as part of an approved state implementation plan. Any such order or permit provision shall restrict total emissions within the bubble to no more than would otherwise be allowed in the aggregate for all emitting processes covered. The orders or permits provided for by this subsection shall be issued by the department or the authority with jurisdiction. If the bubble involves interjurisdictional approval, concurrence in the total program must be secured from each regulatory entity concerned.

Sec. 306. RCW 70.94.181 and 1983 c 3 s 176 are each amended to read as follows:

(1) Any person who owns or is in control of any plant, building, structure, establishment, process or equipment may apply to the department of ecology (~~(where it has regulatory authority under RCW 70.94.390, 70.94.395, 70.94.410, and 70.94.420,))~~ or appropriate local authority board for a variance from rules or regulations governing the quality, nature, duration or extent of discharges of air contaminants. The application shall be accompanied by such information and data as the department of ecology or board may require. The department of ecology or board may grant such variance, provided that variances to state rules shall require the department's approval prior to being issued by a local authority board. The total time period for a variance and renewal of such variance shall not exceed one year. Variances may be issued by either the department or a local board but only after public hearing or due notice, if ((it) the department or board finds that:

(a) The emissions occurring or proposed to occur do not endanger public health or safety or the environment; and

(b) Compliance with the rules or regulations from which variance is sought would produce serious hardship without equal or greater benefits to the public.

(2) No variance shall be granted pursuant to this section until the department of ecology or board has considered the relative interests of the applicant, other owners of property likely to be affected by the discharges, and the general public.

(3) Any variance or renewal thereof shall be granted within the requirements of subsection (1) (~~(and for time periods)~~) of this section and under conditions consistent with the reasons therefor, and within the following limitations:

(a) If the variance is granted on the ground that there is no practicable means known or available for the adequate prevention, abatement or control of the pollution involved, it shall be only until the necessary means for prevention, abatement or control become known and available, and subject to the taking of any substitute or alternate measures that the department of ecology or board may prescribe.

(b) (~~If the application for variance shows that there is no automobile fragmentizer within a reasonable distance of the wrecking yard for which the variance is sought, a variance will be granted for a period not to exceed three years for commercial burning of automobile hulks, subject to such conditions as the department of ecology may impose as to climatic conditions and hours during which burning of such hulks may be carried out: PROVIDED, HOWEVER, That any variance granted hereunder shall be of no force and effect after July 1, 1970.~~

(~~e~~)) If the variance is granted on the ground that compliance with the particular requirement or requirements from which variance is sought will require the taking of measures which, because of their extent or cost, must be spread over a considerable period of time, it shall be for a period not to exceed such reasonable time as, in the view of the department of ecology or board is requisite for the taking of the necessary measures. A variance granted on the ground specified herein shall contain a timetable for the taking of action in an expeditious manner and shall be conditioned on adherence to such timetable.

(~~d~~)) (c) If the variance is granted on the ground that it is justified to relieve or prevent hardship of a kind other than that provided for in (~~item~~) (a)(~~(b)~~) and (~~e~~)) (b) of this ((subparagraph) subsection, it shall be for not more than one year.

(4) Any variance granted pursuant to this section may be renewed on terms and conditions and for periods which would be appropriate on initial granting of a variance. If complaint is made to the department of ecology or board on account of the variance, no renewal thereof shall be granted unless following a public hearing on the complaint on due notice the (~~state board~~) department or board finds that renewal is justified. No renewal shall be granted except on application therefor. Any such application shall be made at least sixty days prior to the expiration of the variance. Immediately upon receipt of an application for renewal, the department of ecology or board shall give public notice

of such application in accordance with rules (~~and regulations~~) of the department of ecology or board.

(5) A variance or renewal shall not be a right of the applicant or holder thereof but shall be granted at the discretion of the department of ecology or board. However, any applicant adversely affected by the denial or the terms and conditions of the granting of an application for a variance or renewal of a variance by the department of ecology or board may obtain judicial review thereof under the provisions of chapter 34.05 RCW as now or hereafter amended.

(6) Nothing in this section and no variance or renewal granted pursuant hereto shall be construed to prevent or limit the application of the emergency provisions and procedures of RCW 70.94.710 through 70.94.730 to any person or his or her property.

(7) An application for a variance, or for the renewal thereof, submitted to the department of ecology or board pursuant to this section shall be approved or disapproved by the department or board within sixty-five days of receipt unless the applicant and the department of ecology or board agree to a continuance.

(8) Variances approved under this section shall not be included in orders or permits provided for in section 301 of this act or RCW 70.94.152 until such time as the variance has been accepted by the United States environmental protection agency as part of an approved state implementation plan.

Sec. 307. RCW 70.94.205 and 1973 1st ex.s. c 193 s 4 are each amended to read as follows:

Whenever any records or other information, other than ambient air quality data or emission data, furnished to or obtained by the department of ecology or the board of any authority (~~pursuant to any sections in chapter 70.94 RCW~~) under this chapter, relate to processes or production unique to the owner or operator, or is likely to affect adversely the competitive position of such owner or operator if released to the public or to a competitor, and the owner or operator of such processes or production so certifies, such records or information shall be only for the confidential use of the department of ecology or board. Nothing herein shall be construed to prevent the use of records or information by the department of ecology or board in compiling or publishing analyses or summaries relating to the general condition of the outdoor atmosphere: PROVIDED, That such analyses or summaries do not reveal any information otherwise confidential under the provisions of this section: PROVIDED FURTHER, That emission data furnished to or obtained by the department of ecology or board shall be correlated with applicable emission limitations and other control measures and shall be available for public inspection during normal business hours at offices of the department of ecology or board.

NEW SECTION. Sec. 308. A new section is added to chapter 70.94 RCW to read as follows:

The department shall establish a technical assistance unit within its air quality program, consistent with the federal clean air act, to provide the regulated community, especially small businesses with:

- (1) Information on air pollution laws, rules, compliance methods, and technologies;
- (2) Information on air pollution prevention methods and technologies, and prevention of accidental releases;
- (3) Assistance in obtaining permits and developing emission reduction plans;
- (4) Information on the health and environmental effects of air pollution.

No representatives of the department designated as part of the technical assistance unit created in this section may have any enforcement authority. Staff of the technical assistance unit who provide on-site consultation at an industrial or commercial facility and who observe violations of air quality rules shall immediately inform the owner or operator of the facility of such violations. On-site consultation visits shall not be regarded as an inspection or investigation and no notices or citations may be issued or civil penalties assessed during such a visit. However, violations shall be reported to the appropriate

enforcement agency and the facility owner or operator shall be notified that the violations will be reported. No enforcement action shall be taken by the enforcement agency for violations reported by technical assistance unit staff unless and until the facility owner or operator has been provided reasonable time to correct the violation. Violations that place any person in imminent danger of death or substantial bodily harm or cause physical damage to the property of another in an amount exceeding one thousand dollars may result in immediate enforcement action by the appropriate enforcement agency.

Sec. 309. RCW 70.94.211 and 1974 ex.s. c 69 s 4 are each amended to read as follows:

~~((Whenever the board or the control officer has reason to believe that any provision of this chapter or any ordinance, resolution, rule or regulation relating to the control or prevention of air pollution has been violated, such board or control officer may))~~ At least thirty days prior to the commencement of any formal enforcement action under RCW 70.94.430 or 70.94.431 a local air authority shall cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the ((ordinance, resolution,)) rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order directing that necessary corrective action be taken within a reasonable time. In lieu of an order, the board or the control officer may require that the alleged violator or violators appear before the board for a hearing((, or in addition to or in place of an order or hearing, the board may initiate action pursuant to RCW 70.94.425, 70.94.430, and 70.94.435)). Every notice of violation shall offer to the alleged violator an opportunity to meet with the local air authority prior to the commencement of enforcement action.

Sec. 310. RCW 70.94.430 and 1984 c 255 s 1 are each amended to read as follows:

(1) Any person who knowingly violates any of the provisions of ((this)) chapter 70.94 or 70.120 RCW, or any ordinance, resolution, ((rule)) or regulation in force pursuant thereto shall be guilty of a ((misdemeanor)) crime and upon conviction thereof shall be punished by a fine of not more than ((one)) ten thousand dollars, or by imprisonment in the county jail for not more than ((ninety days)) one year, or by both ((fine and imprisonment)) for each separate violation.

~~((Any person who wilfully violates any of the provisions of this chapter or any ordinance, resolution, rule or regulation in force pursuant thereto shall be guilty of a gross misdemeanor. Upon conviction the offender shall be punished by a fine of not less than one hundred dollars for each offense or by imprisonment for a term of not more than one year or by both fine and imprisonment.~~

~~In case of a continuing violation, whether or not wilfully committed, each day's continuance shall be a separate and distinct violation.))~~

(2) Any person who negligently releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who at the time negligently places another person in imminent danger of death or substantial bodily harm shall be guilty of a crime and shall, upon conviction, be punished by a fine of not more than ten thousand dollars, or by imprisonment for not more than one year, or both.

(3) Any person who knowingly releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who knows at the time that he or she thereby places another person in imminent danger of death or substantial bodily harm, shall be guilty of a crime and shall, upon conviction, be punished by a fine of not less than fifty thousand dollars, or by imprisonment for not more than five years, or both.

(4) Any person who knowingly fails to disclose a potential conflict of interest under RCW 70.94.100 shall be guilty of a gross misdemeanor, and upon conviction thereof shall be punished by a fine or not more than five thousand dollars.

Sec. 311. RCW 70.94.431 and 1990 c 157 s 1 are each amended to read as follows:

(1) In addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of chapter 70.94 RCW, chapter 70.120 RCW, or any of the rules ~~((and regulations of the department or the board shall))~~ in force under such chapters may incur a civil penalty in an amount not to exceed ~~((one))~~ ten thousand dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation. ~~((For the purposes of this subsection, the maximum daily fine imposed by a local board for violations of standards by a specific emissions unit is one thousand dollars.))~~

Any person who fails to take action as specified by an order issued pursuant to this chapter shall be liable for a civil penalty of not more than ten thousand dollars for each day of continued noncompliance.

(2) Penalties incurred but not paid shall accrue interest, beginning on the ninety-first day following the date that the penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed, interest shall not begin to accrue until the thirty-first day following final resolution of the appeal.

The maximum penalty amounts established in this section may be increased annually to account for inflation as determined by the state office of the economic and revenue forecast council.

~~((2)) Further, the person is subject to a fine of up to five thousand dollars to be levied by the director of the department of ecology if requested by the board of a local authority or if the director determines that the penalty is needed for effective enforcement of this chapter. A local board shall not make such a request until notice of violation and compliance order procedures have been exhausted, if such procedures are applicable. For the purposes of this subsection, the maximum daily fine imposed by the department of ecology for violations of standards by a specific emissions unit is five thousand dollars.))~~

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4) All penalties recovered under this section by the department shall be paid into the state treasury and credited to the ~~((general fund))~~ air pollution control account established in section 228 of this act or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds. If a prior penalty for the same violation has been paid to a local authority, the penalty imposed by the department under subsection ~~((2))~~ (1) of this section shall be reduced by the amount of the payment. ~~((Notwithstanding any other provisions of this chapter, no penalty may be levied for the violation of any opacity standard in an amount exceeding four hundred dollars per day.))~~

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

(6) Public or private entities that are recipients or potential recipients of department grants, whether for air quality related activities or not, may have such grants rescinded or withheld by the department for failure to comply with provisions of this chapter.

(7) In addition to other penalties provided by this chapter, persons knowingly under-reporting emissions or other information used to set fees, or persons required to pay emission or permit fees who are more than ninety days late with such payments may be subject to a penalty equal to three times the amount of the original fee owed.

(8) By January 1, 1992, the department shall develop rules for excusing excess emissions from enforcement action if such excess emissions are unavoidable. The rules shall specify the criteria and procedures for the department and local air authorities to determine whether a period of excess emissions is excusable in accordance with the state implementation plan.

Sec. 312. RCW 70.94.860 and 1984 c 164 s 2 are each amended to read as follows:

The department of ecology may accept delegation of ~~((the prevention of significant deterioration program pursuant to Part C, Subpart 1 of))~~ programs as provided for in the federal clean air act. Subject to federal approval, the department may, in turn, delegate ~~((this))~~ such programs to the local authority with jurisdiction in a given area.

Sec. 313. RCW 70.94.875 and 1985 c 456 s 3 are each amended to read as follows:

The department of ecology, in consultation with the ~~((joint legislative committee on science and technology or the))~~ appropriate committees of the house of representatives and of the senate, shall:

(1) Continue evaluation of information and research on acid deposition in the Pacific Northwest region;

(2) Establish critical levels of acid deposition and lake, stream, and soil acidification; and

(3) Notify the legislature if acid deposition or lake, stream, and soil acidification reaches the levels established under subsection (2) of this section.

NEW SECTION. Sec. 314. A new section is added to chapter 70.94 RCW to read as follows:

(1) The science advisory board is hereby created to advise the department on procedures for assessing and managing the risks associated with air contaminant emissions. The board shall consist of five members knowledgeable in the fields of risk assessment or risk management. Members shall be appointed by the director of the department. The board shall be staffed by the department.

(2) The board shall:

(a) Advise the department on the most appropriate methods for identifying and measuring cancer risks or other chronic health effects resulting from exposure to air contaminant emissions; and

(b) Identify, evaluate, and recommend procedures relating to managing the risks associated with exposure to air contaminant emissions.

(3) In fulfilling its duties under subsection (2) of this section, the board shall consider all appropriate studies and reports relating to risk assessment or risk management including but not limited to reports authorized by the federal clean air act from the national academy of sciences and the risk assessment and risk management commission.

(4) Members shall be compensated as provided in RCW 43.03.250 and shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(5) The duties of the board shall terminate on July 1, 1996.

NEW SECTION. Sec. 315. A new section is added to chapter 70.94 RCW to read as follows:

The department and local air pollution control authorities shall preempt the application of chapter 9 of the uniform building code and article 80 of the uniform fire code by other state agencies and local governments for the purposes of controlling outdoor air pollution from industrial and commercial sources, except where authorized by this act. Actions by other state agencies and local governments under article 80 of the uniform fire code to take immediate action in response to an emission that presents a physical hazard or imminent health hazard are not preempted.

"IV.

OUTDOOR BURNING"

Sec. 401. RCW 70.94.745 and 1972 ex.s. c 136 s 2 are each amended to read as follows:

It shall be the responsibility and duty of the department of natural resources, department of ecology, department of agriculture, fire districts, and local air pollution control authorities to establish, through regulations, ordinances, or policy, a limited burning program for the people of this state, consisting of a one-permit system, until such

time as ~~((an))~~ alternate technology or methods of disposing of the organic refuse ~~((described in this chapter shall))~~ have been developed ~~((which is))~~ that are reasonably economical and less harmful to the environment. It is the policy of this state to ~~((encourage the fostering and development of such))~~ foster and encourage development of alternate methods or technology for disposing of or reducing the amount of organic refuse.

NEW SECTION. Sec. 402. A new section is added to chapter 70.94 RCW to read as follows:

(1) Consistent with the policy of the state to reduce outdoor burning to the greatest extent practical:

(a) Outdoor burning shall not be allowed in any area of the state where federal or state ambient air quality standards are exceeded for pollutants emitted by outdoor burning.

(b) Outdoor burning shall not be allowed in any urban growth area as defined by RCW 36.70A.030, or any city of the state having a population greater than ten thousand people if such cities are threatened to exceed state or federal air quality standards, and alternative disposal practices consistent with good solid waste management are reasonably available or practices eliminating production of organic refuse are reasonably available. In no event shall such burning be allowed after December 31, 2000.

(2) "Outdoor burning" means the combustion of material of any type in an open fire or in an outdoor container without providing for the control of combustion or the control of emissions from the combustion.

(3) This section shall not apply to silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas.

NEW SECTION. Sec. 403. A new section is added to chapter 70.94 RCW to read as follows:

(1) The department of natural resources shall administer a program to reduce state-wide emissions from silvicultural forest burning so as to achieve the following minimum objectives:

(a) Twenty percent reduction by December 31, 1994 providing a ceiling for emissions until December 31, 2000; and

(b) Fifty percent reduction by December 31, 2000 providing a ceiling for emissions thereafter.

Reductions shall be calculated from the average annual emissions level from calendar years 1985 to 1989, using the same methodology for both reduction and base year calculations.

(2) The department of natural resources, within twelve months after the effective date of this section, shall develop a plan, based upon the existing smoke management agreement to carry out the programs as described in this section in the most efficient, cost-effective manner possible. The plan shall be developed in consultation with the department of ecology, public and private landowners engaged in silvicultural forest burning, and representatives of the public.

The plan shall recognize the variations in silvicultural forest burning including, but not limited to, a landowner's responsibility to abate an extreme fire hazard under chapter 76.04 RCW and other objectives of burning, including abating and preventing a fire hazard, geographic region, climate, elevation and slope, proximity to populated areas, and diversity of land ownership. The plan shall establish priorities that the department of natural resources shall use to allocate allowable emissions, including but not limited to, silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas. The plan shall also recognize the real costs of the emissions program and recommend equitable fees to cover the costs of the program.

The emission reductions in this section are to apply to all forest lands including those owned and managed by the United States. If the United States does not participate in implementing the plan, the departments of natural resources and ecology shall use all appropriate and available methods or enforcement powers to ensure participation.

The plan shall include a tracking system designed to measure the degree of progress toward the emission reductions goals set in this section. The department of natural resources shall report annually to the department of ecology and the legislature on the status of the plan, emission reductions and progress toward meeting the objectives specified in this section, and the goals of this chapter and chapter 76.04 RCW.

(3) If the December 31, 1994, emission reductions targets in this section are not met, the department of natural resources, in consultation with the department of ecology, shall use its authority granted in this chapter and chapter 76.04 RCW to immediately limit emissions from such burning to the 1994 target levels and limit silvicultural forest burning in subsequent years to achieve equal annual incremental reductions so as to achieve the December 31, 2000, target level. If, as a result of the program established in this section, the emission reductions are met in 1994, but are not met by December 31, 2000, the department of natural resources in consultation with the department of ecology shall immediately limit silvicultural forest burning to reduce emissions from such burning to the December 31, 2000, target level in all subsequent years.

Sec. 404. RCW 70.94.660 and 1971 ex.s. c 232 s 2 are each amended to read as follows:

(1) The department of natural resources shall have the responsibility for issuing and regulating burning permits required by it relating to the following activities ~~((declared to be))~~ for the protection of life or property and/or ~~((in))~~ for the public health, safety, and welfare:

~~((1))~~ (a) Abating a forest fire hazard;

~~((2))~~ (b) Prevention of a fire hazard;

~~((3))~~ (c) Instruction of public officials in methods of forest fire fighting; ~~((and~~

~~(4))~~ (d) Any silvicultural operation to improve the forest lands of the state; and

(e) Silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas.

(2) The department of natural resources shall not retain such authority, but it shall be the responsibility of the appropriate fire protection agency for permitting and regulating outdoor burning on lands where the department of natural resources does not have fire protection responsibility.

(3) Permit fees shall be assessed for silvicultural burning under the jurisdiction of the department of natural resources and collected by the department of natural resources as provided for in this section. All fees shall be deposited in the air pollution control account, created in section 228 of this act. The legislature shall appropriate to the department of natural resources funds from the air pollution control account to enforce and administer the program under section 403 of this act and RCW 70.94.660, 70.94.670, and 70.94.690. Fees shall be set by rule by the department of natural resources at the level necessary to cover the costs of the program after receiving recommendations on such fees from the public and the forest fire advisory board established by RCW 76.04.145.

Sec. 405. RCW 70.94.670 and 1971 ex.s. c 232 s 3 are each amended to read as follows:

The department of natural resources in granting burning permits for fires for the purposes set forth in RCW 70.94.660 shall condition the issuance and use of such permits to comply with air quality standards established by the department of ecology after full consultation with the department of natural resources. Such burning shall not cause the state air quality standards ~~((for suspended particulate matter))~~ to be exceeded in the ambient air up to two thousand feet above ground level over critical areas designated by

the department of ecology, otherwise subject to air pollution from other sources. Air quality standards (~~((for suspended particulate matter))~~) shall be established and published by the department of ecology which shall also establish a procedure for advising the department of natural resources when ~~((the))~~ and where air contaminant levels exceed((s)) or threaten~~((s))~~ to exceed the ambient air standards over such critical areas. The ~~((suspended particulate matter))~~ air quality shall be quantitatively measured by the department of ecology or the appropriate local air pollution control authority at established ~~((primary air mass stations or primary ground level))~~ monitoring stations over such designated areas. Further, such permitted burning shall not cause damage to public health or the environment. All permits issued under this section shall be subject to all applicable fees, permitting, penalty, and enforcement provisions of this chapter. The department of natural resources shall set forth smoke dispersal objectives designed consistent with this section to minimize any air pollution ~~((from smoke))~~ from such burning and the procedures necessary to meet those objectives.

The department of natural resources shall encourage more intense utilization in logging and alternative silviculture practices to reduce ~~((forest fire hazards and shall encourage development and use of procedures and equipment to burn forest debris in a manner that will produce less smoke))~~ the need for burning. The department of natural resources shall, whenever practical, encourage ~~((development))~~ landowners to develop and use ((of)) alternative acceptable disposal methods subject to the following priorities: (1) Slash production minimization, (2) slash utilization, (3) nonburning disposal, (4) silvicultural burning. Such alternative methods shall be evaluated as to the relative impact on air, water, and land pollution, public health, and their financial feasibility.

The department of natural resources shall not issue burning permits and shall revoke previously issued permits at any time in any area where the department of ecology or local board has declared a stage of impaired air quality as defined in RCW 70.94.473.

Sec. 406. RCW 70.94.690 and 1971 ex.s. c 232 s 5 are each amended to read as follows:

In the regulation of outdoor burning not included in RCW 70.94.660 requiring permits from the department of natural resources, said department and the state, local, or regional air pollution control authorities will cooperate in regulating such burning so as to minimize insofar as possible duplicate inspections and separate permits while still accomplishing the objectives and responsibilities of the respective agencies. The department of natural resources shall include any local authority's burning regulations with permits issued where applicable pursuant to RCW 70.94.740 through 70.94.775. The department shall develop agreements with all local authorities to coordinate regulations.

Permits shall be withheld by the department of natural resources when so requested by the department of ecology if a forecast, alert, warning, or emergency condition exists as defined in the episode criteria of the department of ecology.

NEW SECTION. Sec. 407. A new section is added to chapter 70.94 RCW to read as follows:

Nothing contained in this chapter shall prohibit fires necessary: (1) To promote the regeneration of rare and endangered plants found within natural area preserves as identified under chapter 79.70 RCW; and (2) for Indian ceremonies or for the sending of smoke signals if part of a religious ritual. Permits issued for burning under this section shall be drafted to minimize emissions including denial of permission to burn during periods of adverse meteorological conditions.

Sec. 408. RCW 70.94.650 and 1971 ex.s. c 232 s 1 are each amended to read as follows:

- (1) Any person who proposes to set fires in the course of ~~((the following: (1)))~~ (a) weed abatement,
~~((2)))~~ (b) instruction in methods of fire fighting (except forest fires), or

~~((3) Disease prevention relating to)~~ (c) agricultural activities, shall, prior to carrying out the same, obtain a permit from an air pollution control authority or the department of ecology, as appropriate. Each such authority and the department of ecology shall, by rule or ordinance, establish a permit system to carry out the provisions of this section except as provided in RCW 70.94.660. General criteria of state-wide applicability for ruling on such permits shall be established by the department, by rule ~~((or regulation)),~~ after consultation with the various air pollution control authorities. Permits shall be issued under this section based on seasonal operations or by individual operations, or both ~~((: PROVIDED, That))~~. All permits so issued shall be conditioned to insure that the public interest in air, water, and land pollution and safety to life and property is fully considered. In addition to any other requirements established by the department to protect air quality pursuant to other laws, applicants for permits must show that the setting of fires as requested is the most reasonable procedure to follow in safeguarding life or property under all circumstances or is otherwise reasonably necessary to successfully carry out the enterprise in which the applicant is engaged ~~((in)), or both~~. All burning permits will be designed to minimize air pollution insofar as practical. Nothing in this section shall relieve the applicant from obtaining permits, licenses, or other approvals required by any other law ~~((: PROVIDED FURTHER, That))~~. An application for a permit to set fires in the course of agricultural burning for controlling diseases, insects, ~~((and))~~ weed abatement or development of physiological conditions conducive to increased crop yield, shall be ~~((granted))~~ acted upon within ~~((fourteen))~~ seven days from the date such application is filed ~~((: PROVIDED, That nothing herein shall prevent a householder from setting fire in the course of burning leaves, clippings or trash when otherwise permitted locally. Nothing contained herein shall prohibit Indian campfires or the sending of smoke signals if part of a religious ritual))~~.

(2) Except as provided in RCW 70.94.780 permit fees shall be assessed for outdoor burning under this section and shall be collected by the department of ecology or the appropriate local air authority at the time the permit is issued. All fees collected shall be deposited in the air pollution control account created in section 228 of this act. Fees shall be set by rule by the permitting agency at the level determined by the task force created by subsection (4) of this section, but shall not exceed two dollars and fifty cents per acre to be burned. After fees are established by rule, any increases in such fees shall be limited to annual inflation adjustments as determined by the state office of the economic and revenue forecast council.

(3) Conservation districts and the Washington State University agricultural extension program in conjunction with the department shall develop public education material for the agricultural community identifying the health and environmental affects of agricultural outdoor burning and providing technical assistance in alternatives to agricultural outdoor burning.

(4) An agricultural burning practices and research task force shall be established under the direction of the department. The task force shall be composed of a representative from the department who shall serve as chair; one representative of eastern Washington local air authorities; three representatives of the agricultural community from different agricultural pursuits; one representative of the department of agriculture; two representatives from universities or colleges knowledgeable in agricultural issues; one representative of the public health or medical community; and one representative of the conservation districts. The task force shall identify best management practices for reducing air contaminant emissions from agricultural activities and provide such information to the department and local air authorities. The task force shall determine the level of fees to be assessed by the permitting agency pursuant to subsection (2) of this section, based upon the level necessary to cover the costs of administering and enforcing the permit programs, to provide funds for research into alternative methods to reduce emissions from such burning, and to the extent possible be consistent with fees charged

for such burning permits in neighboring states. The fee level shall provide, to the extent possible, for lesser fees for permittees who use best management practices to minimize air contaminant emissions. The task force shall identify research needs related to minimizing emissions from agricultural burning and alternatives to such burning. Further, the task force shall make recommendations to the department on priorities for spending funds provided through this chapter for research into alternative methods to reduce emissions from agricultural burning.

Sec. 409. RCW 70.94.654 and 1973 1st ex.s. c 193 s 6 are each amended to read as follows:

Whenever the department of ecology shall find that any fire protection agency, county, or conservation district which is outside the jurisdictional boundaries of an activated air pollution control authority is capable of effectively administering the issuance and enforcement of permits for any or all of the kinds of burning identified in RCW 70.94.650 ~~((1) and (3))~~ and desirous of doing so, the department of ecology may delegate ~~((all))~~ powers necessary for the issuance ~~((and))~~ or enforcement, or both, of permits for any or all of the kinds of burning to the fire protection agency, county, or conservation district. ~~Such delegation may be withdrawn by the department of ecology upon ((a)) its finding that the fire protection agency, county, or conservation district is not effectively administering the permit program.~~

Sec. 410. RCW 70.94.775 and 1974 ex.s. c 164 s 1 are each amended to read as follows:

No person shall cause or allow any outdoor fire:

(1) Containing garbage, dead animals, asphalt, petroleum products, paints, rubber products, plastics, or any substance other than natural vegetation ~~((which))~~ that normally emits dense smoke or obnoxious odors ~~((except as provided in RCW 70.94.650: PROVIDED, That)).~~ Agricultural heating devices ~~((which))~~ that otherwise meet the requirements of this chapter shall not be considered outdoor fires under this section;

(2) During a forecast, alert, warning or emergency condition as defined in RCW 70.94.715(~~g~~);

~~(3) In any area which has been designated by the department of ecology or board of an activated authority as an area exceeding or threatening to exceed state or federal ambient air quality standards, or after July 1, 1976, state ambient air quality goals for particulates, except instructional fires permitted by RCW 70.94.650(2)) or impaired air quality condition as defined in RCW 70.94.473.~~

Sec. 411. RCW 70.94.780 and 1973 1st ex.s. c 193 s 10 are each amended to read as follows:

In addition to any other powers granted to them by law, the fire protection agency ~~((authorized to issue)), county, or conservation district issuing burning permits ((may))~~ shall regulate or prohibit outdoor burning ~~((in order))~~ as necessary to prevent or abate the nuisances caused by such burning. No fire protection agency, county, or conservation district may issue a burning permit in an area where the department or local board has declared any stage of impaired air quality per RCW 70.94.473 or any stage of an air pollution episode. All burning permits issued shall be subject to all applicable fee, permitting, penalty, and enforcement provisions of this chapter. The permitted burning shall not cause damage to public health or the environment.

Any entity issuing a permit under this section may charge a fee at the level necessary to recover the costs of administering and enforcing the permit program.

Sec. 412. RCW 70.94.750 and 1972 ex.s. c 136 s 3 are each amended to read as follows:

The following outdoor fires described in this section may be burned subject to the provisions of ~~((the program established pursuant to RCW 70.94.755 for any area))~~ this chapter and also subject to city ordinances, county resolutions, ~~((and))~~ rules ~~((and regulations))~~ of fire districts and laws, and rules ~~((and regulations))~~ enforced by the

department of natural resources if a permit has been issued by a fire protection agency, county, or conservation district:

(1) Fires consisting of leaves, clippings, prunings and other yard and gardening refuse originating on lands immediately adjacent and in close proximity to a human dwelling and burned on such lands by the property owner or his or her designee.

(2) Fires consisting of residue of a natural character such as trees, stumps, shrubbery or other natural vegetation arising from land clearing projects or agricultural pursuits for pest or disease control; provided the fires described in this subsection may be prohibited in those areas having a general population density of one thousand or more persons per square mile.

Sec. 413. RCW 70.94.656 and 1990 c 113 s 1 are each amended to read as follows:

It is hereby declared to be the policy of this state that strong efforts should be made to minimize adverse effects on air quality from the open burning of field and turf grasses grown for seed. To such end this section is intended to promote the development of economical and practical alternate agricultural practices to such burning, and to provide for interim regulation of such burning until practical alternates are found.

(1) The department shall approve of a study or studies for the exploration and identification of economical and practical alternate agricultural practices to the open burning of field and turf grasses grown for seed. Prior to the issuance of any permit for such burning under RCW 70.94.650, there shall be collected a fee not to exceed one dollar per acre of crop to be burned. Any such fees received by any authority shall be transferred to the department of ecology. The department of ecology shall deposit all such acreage fees in a special grass seed burning research account, hereby created, in the state treasury. All earnings of investments of balances in the special grass seed burning research account shall be credited to the general fund. The department shall allocate moneys annually from this account for the support of any approved study or studies as provided for in this subsection. For the conduct of any such study or studies, the department may contract with public or private entities: PROVIDED, That whenever the department of ecology shall conclude that sufficient reasonably available alternates to open burning have been developed, and at such time as all costs of any studies have been paid, the grass seed burning research account shall be dissolved, and any money remaining therein shall revert to the general fund.

The fee collected under this subsection shall constitute the research portion of fees required under RCW 70.94.650 for open burning of grass grown for seed.

(2) Whenever on the basis of information available to it, the department after public hearings have been conducted wherein testimony will be received and considered from interested parties wishing to testify shall conclude that any procedure, program, technique, or device constitutes a practical alternate agricultural practice to the open burning of field or turf grasses grown for seed, the department shall, by order, certify approval of such alternate. Thereafter, in any case which any such approved alternate is reasonably available, the open burning of field and turf grasses grown for seed shall be disallowed and no permit shall issue therefor.

(3) Until approved alternates become available, the department or the authority may limit the number of acres on a pro rata basis among those affected for which permits to burn will be issued in order to effectively control emissions from this source.

(4) Permits issued for burning of field and turf grasses may be conditioned to minimize emissions insofar as practical, including denial of permission to burn during periods of adverse meteorological conditions.

"V.

WOODSTOVES AND FIREPLACES"

Sec. 501. RCW 70.94.457 and 1987 c 405 s 4 are each amended to read as follows:

~~((Before January 1, 1988,))~~ The department of ecology shall establish by rule under chapter 34.05 RCW:

(1) State-wide emission performance standards for new ~~((wood stoves))~~ solid fuel burning devices. Notwithstanding any other provision of this chapter which allows an authority to adopt more stringent emission standards, no authority shall adopt any emission standard for new ~~((wood stoves))~~ solid fuel burning devices other than the state-wide standard adopted by the department under this section.

(a) ~~((For new wood stoves sold after July 1, 1988, the state wide performance standard, by rule, shall be the equivalent of and consistent with state wide emission standards in effect in bordering states on or before January 1, 1987. For solid fuel burning devices for which bordering states have not established emission standards, the department may temporarily exempt or establish, by rule, state wide standards including emission levels and test procedures for such devices and such emission levels and test procedures shall be equivalent to emission levels per pound per hour burned for other new wood stoves regulated by this subsection))~~ After January 1, 1995, no solid fuel burning device shall be offered for sale that does not meet the following particulate air contaminant emission standards under the test methodology of the United States environmental protection agency in effect on January 1, 1991, or an equivalent standard under any test methodology adopted by the United States environmental protection agency subsequent to such date: (i) Two and one-half grams per hour for catalytic wood stoves; and (ii) four and one-half grams per hour for all other solid fuel burning devices. For purposes of this subsection, "equivalent" shall mean the emissions limits specified in this subsection multiplied by a statistically reliable conversion factor determined by the department that compares the difference between the emission test methodology established by the United States environmental protection agency prior to the effective date of this section, with the test methodology adopted subsequently by the agency. Subsection (a) of this subsection does not apply to fireplaces.

(b) After January 1, 1997, no fireplace, except masonry fireplaces, shall be offered for sale unless such fireplace meets the 1990 United States environmental protection agency standards for wood stoves or equivalent standard that may be established by the state building code council by rule. Prior to January 1, 1997, the state building code council shall establish by rule a methodology for the testing of factory-built fireplaces. The methodology shall be designed to achieve a particulate air emission standard equivalent to the 1990 United States environmental protection agency standard for wood stoves. In developing the rules, the council shall include on the technical advisory committee at least one representative from the masonry fireplace builders and at least one representative of the factory-built fireplace manufacturers.

(c) Prior to January 1, 1997, the state building code council shall establish by rule design standards for the construction of new masonry fireplaces in Washington state. In developing the rules, the council shall include on the technical advisory committee at least one representative from the masonry fireplace builders and at least one representative of the factory-built fireplace manufacturers. It shall be the goal of the council to develop design standards that generally achieve reductions in particulate air contaminant emissions commensurate with the reductions being achieved by factory-built fireplaces at the time the standard is established.

(d) Actions of the department and local air pollution control authorities under this section shall preempt actions of other state agencies and local governments for the purposes of controlling air pollution from solid fuel burning devices, except where authorized by this act.

(e) Subsection (1)(a) of this section shall not apply to fireplaces.

~~((b))~~ (f) Notwithstanding (a) of this subsection, the department is authorized to adopt, by rule, emission standards adopted by the United States environmental protection agency for new wood stoves sold at retail. For solid fuel burning devices for which the

United States environmental protection agency has not established emission standards, the department may (~~temporarily~~) exempt or establish, by rule, state-wide standards including emission levels and test procedures for such devices and such emission levels and test procedures shall be equivalent to emission levels per pound per hour burned for other new wood stoves and fireplaces regulated under this subsection.

(2) A program to:

(a) Determine whether a new (~~wood stove~~) solid fuel burning device complies with the state-wide emission performance standards established in subsection (1) of this section; and

(b) Approve the sale of (~~stoves~~) devices that comply with the state-wide emission performance standards.

Sec. 502. RCW 70.94.470 and 1987 c 405 s 5 are each amended to read as follows:

(1) (~~Before January 1, 1988,~~) The department shall establish, by rule under chapter 34.05 RCW, (~~state wide opacity levels for residential solid fuel burning devices as follows:~~

~~(a) A state wide opacity level of twenty percent for the purpose of public education;~~

~~(b) Until July 1, 1990, a state wide opacity level of forty percent for the purpose of enforcement on a complaint basis; and~~

~~(c) After July 1, 1990, a) (a) a state-wide opacity level of twenty percent for residential solid fuel burning devices for the purpose of enforcement on a complaint basis and (b) a state-wide opacity of ten percent for purposes of public education.~~

(2) Notwithstanding any other provision of this chapter which may allow an authority to adopt a more stringent opacity level, no authority shall adopt or enforce an opacity level(~~:~~

~~(a) Lower than forty percent until July 1, 1990; and~~

~~(b) Lower than twenty percent after July 1, 1990)) for solid fuel burning devices other than established in this section.~~

(3) Actions of the department and local air pollution control authorities under this section shall preempt actions of other state agencies and local governments for the purposes of controlling air pollution from solid fuel burning devices, except where authorized by this act.

NEW SECTION. Sec. 503. A new section is added to chapter 70.94 RCW to read as follows:

After January 1, 1992, no used solid fuel burning device shall be installed in new or existing buildings unless such device is either Oregon department of environmental quality phase II or United States environmental protection agency certified or a pellet stove either certified or exempt from certification by the United States environmental protection agency.

(1) By July 1, 1992, the state building code council shall adopt rules requiring an adequate source of heat other than woodstoves in all new and substantially remodeled residential and commercial construction. This rule shall apply (a) to areas designated by a county to be an urban growth area under chapter 36.70A RCW; and (b) to areas designated by the environmental protection agency as being in nonattainment for particulate matter.

(2) For purposes of this section, "substantially remodeled" means any alteration or restoration of a building exceeding sixty percent of the appraised value of such building within a twelve-month period.

Sec. 504. RCW 70.94.473 and 1990 c 128 s 2 are each amended to read as follows:

(1) Any person in a residence or commercial establishment which has an adequate source of heat without burning wood shall:

(a) Not burn wood in any solid fuel burning device whenever the department has determined under RCW 70.94.715 that any air pollution episode exists in that area;

(b) Not burn wood in any solid fuel burning device except those which ~~((meet the standards set forth in RCW 70.94.457,))~~ are either Oregon department of environmental quality phase II or United States environmental protection agency certified or certified by the department under RCW 70.94.457(1) or a pellet stove either certified or issued an exemption ((certificate)) by the United States environmental protection agency in accordance with Title 40, Part 60 of the code of federal regulations, in the geographical area and for the period of time that a first stage of impaired air quality has been determined, by the department or any authority, for that area. A first stage of impaired air quality is reached when particulates ten microns and smaller in diameter are at an ambient level of seventy-five micrograms per cubic meter measured on a twenty-four hour average or when carbon monoxide is at an ambient level of eight parts of contaminant per million parts of air by volume measured on an eight-hour average; and

(c) Not burn wood in any solid fuel burning device~~((, including those which meet the standards set forth in RCW 70.94.457,))~~ in a geographical area and for the period of time that a second stage of impaired air quality has been determined by the department or any authority, for that area. A second stage of impaired air quality is reached when particulates ten microns and smaller in diameter are at an ambient level of one hundred five micrograms per cubic meter measured on a twenty-four hour average.

(2) ~~((When))~~ If a local air authority exercises the limitation on solid fuel burning devices specified under RCW 70.94.477(2), a single stage of impaired air quality applies in the geographical area defined by the authority in accordance with RCW 70.94.477(2) and is reached when particulates ten microns and smaller in diameter are at an ambient level of ninety micrograms per cubic meter measured on a twenty-four hour average or when carbon monoxide is at an ambient level of eight parts of contaminant per million parts of air by volume measured on an eight-hour average.

~~((When))~~ If this single stage of impaired air quality is reached, no person in a residence or commercial establishment ((which)) that has an adequate source of heat without burning wood shall burn wood in any solid fuel burning device, including those which meet the standards set forth in RCW 70.94.457.

(3) Actions of the department and local air pollution control authorities under this section shall preempt actions of other state agencies and local governments for the purposes of controlling air pollution from solid fuel burning devices, except where authorized by this act.

Sec. 505. RCW 70.94.483 and 1990 c 128 s 5 are each amended to read as follows:

(1) The wood stove education and enforcement account is hereby created in the general fund. Money placed in the account shall include all money received under subsection (2) of this section and any other money appropriated by the legislature. Money in the account shall be spent for the purposes of the wood stove education program established under RCW 70.94.480 and for enforcement of the wood stove program, and shall be subject to legislative appropriation.

(2) The department of ecology, with the advice of the advisory committee, shall set a flat fee~~((, not to exceed fifteen))~~ of thirty dollars, on the retail sale, as defined in RCW 82.04.050, of each solid fuel burning device((, excepting masonry fireplaces,)) after January 1, ((1988)) 1992. The fee shall be imposed upon the consumer and shall not be subject to the retail sales tax provisions of chapters 82.08 and 82.12 RCW. The fee may be adjusted annually above ((fifteen)) thirty dollars ((according to changes in the consumer price index after January 1, 1989)) to account for inflation as determined by the state office of the economic and revenue forecast council. The fee shall be collected by the department of revenue in conjunction with the retail sales tax under chapter 82.08 RCW. If the seller fails to collect the fee herein imposed or fails to remit the fee to the department of revenue in the manner prescribed in chapter 82.08 RCW, the seller shall be personally liable to the state for the amount of the fee. The collection provisions of

chapter 82.32 RCW shall apply. The department of revenue shall deposit fees collected under this section in the wood stove education and enforcement account.

Sec. 506. RCW 70.94.041 and 1983 c 3 s 175 are each amended to read as follows:

Except as otherwise provided in this section, any building or structure listed on the national register of historic sites, structures, or buildings established pursuant to 80 Stat. 915, 16 U.S.C. Sec. 470a, or on the state register established pursuant to RCW ((43.51A.089)) 27.34.220, shall be permitted to burn wood as it would have when it was a functioning facility as an authorized exception to the provisions of this chapter. Such burning of wood shall not be exempted from the provisions of RCW 70.94.710 through 70.94.730.

NEW SECTION. Sec. 507. A new section is added to chapter 70.94 RCW to read as follows:

(1) A task force is established for the purposes of recommending programs to:

(a) Encourage persons with wood stoves not meeting the requirements of RCW 70.94.457 or United States environmental protection agency certificate requirements to remove such wood stoves and install a less polluting certified wood stove or other source of heat; and

(b) Educate the public on wood stove emissions and methods to reduce such emissions.

(2) The task force shall be appointed by the speaker of the house of representatives and the president of the senate and shall consist of:

(a) Two members from the house of representatives committee on environmental affairs;

(b) Two members from the senate committee on environment and natural resources;

(c) Two members from the house of representatives committee on energy and utilities; and

(d) Two members from the senate committee on energy and utilities.

(3) In developing recommendations, the task force shall consult with representatives from the department of ecology, local air authorities, wood stove dealers, wood stove manufacturers, public and investor owned utilities, citizen organizations, environmental organizations, and public health organizations.

(4) By November 1, 1991, the task force shall report to the appropriate standing committees of the legislature. The report shall recommend methods to:

(a) Use public and private funds to provide credit toward purchasing old wood stoves not certified under RCW 70.94.457;

(b) Use public and private funds to implement public education programs designed to reduce emissions from wood stoves;

(c) Prevent fraud or abuse of the programs developed under this section; and

(d) Develop emissions' data collection and monitoring systems.

(5) The task force created in subsection (1) of this section shall terminate on July 1, 1995.

"VI.

GLOBAL WARMING AND OZONE DEPLETION"

NEW SECTION. Sec. 601. The legislature finds that:

(1) The release of chlorofluorocarbons and other ozone-depleting chemicals into the atmosphere contributes to the destruction of stratospheric ozone and threatens plant and animal life with harmful overexposure to ultraviolet radiation;

(2) The technology and equipment to extract and recover chlorofluorocarbons and other ozone-depleting chemicals from air conditioners, refrigerators, and other appliances are available;

(3) A number of nonessential consumer products contain ozone-depleting chemicals; and

(4) Unnecessary releases of chlorofluorocarbons and other ozone-depleting chemicals from these sources should be eliminated.

NEW SECTION. Sec. 602. A new section is added to chapter 70.94 RCW to read as follows:

(1) Regulated refrigerant means a class I or class II substance as listed in Title VI of section 602 of the federal clean air act amendments of November 15, 1990.

(2) A person who services or repairs or disposes of a motor vehicle air conditioning system; commercial or industrial air conditioning, heating, or refrigeration system; or consumer appliance shall use refrigerant extraction equipment to recover regulated refrigerant that would otherwise be released into the atmosphere. This subsection does not apply to off-road commercial equipment.

(3) Upon request, the department shall provide information and assistance to persons interested in collecting, transporting, or recycling regulated refrigerants.

(4) The willful release of regulated refrigerant from a source listed in subsection (2) of this section is prohibited.

NEW SECTION. Sec. 603. A new section is added to chapter 70.94 RCW to read as follows:

No person may sell, offer for sale, or purchase any of the following:

(1) A regulated refrigerant in a container designed for consumer recharge of a motor vehicle air conditioning system or consumer appliance during repair or service. This subsection does not apply to a regulated refrigerant purchased for the recharge of the air conditioning system of off-road commercial or agricultural equipment and sold or offered for sale at an establishment which specializes in the sale of off-road commercial or agricultural equipment or parts or service for such equipment;

(2) Nonessential consumer products that contain chlorofluorocarbons or other ozone-depleting chemicals, and for which substitutes are readily available. Products affected under this subsection shall include, but are not limited to, party streamers, tire inflators, air horns, noise makers, and chlorofluorocarbon-containing cleaning sprays designed for noncommercial or nonindustrial cleaning of electronic or photographic equipment.

NEW SECTION. Sec. 604. A new section is added to chapter 70.94 RCW to read as follows:

The department shall adopt rules to implement sections 602 and 603 of this act. Rules shall include but not be limited to minimum performance specifications for refrigerant extraction equipment, as well as procedures for enforcing sections 602 and 603 of this act. Enforcement provisions adopted by the department shall not include penalties or fines in areas where equipment to collect or recycle regulated refrigerants is not readily available.

"VII.

MISCELLANEOUS SECTIONS"

Sec. 701. RCW 70.94.053 and 1987 c 505 s 60 and 1987 c 109 s 34 are each reenacted and amended to read as follows:

(1) In each county of the state there is hereby created an air pollution control authority, which shall bear the name of the county within which it is located. The boundaries of each authority shall be coextensive with the boundaries of the county within which it is located. An authority shall include all incorporated and unincorporated areas of the county within which it is located.

(2) All authorities which are presently ~~((or may hereafter be within counties of the first class, class A or class AA, are hereby designated as))~~ activated authorities ~~((and))~~ shall carry out the duties and exercise the powers provided in this chapter. Those activated authorities ~~((hereby activated))~~ which encompass contiguous counties ~~((located in one or the other of the two major areas determined in RCW 70.94.011))~~ are declared to be and directed to function as a multicounty authority.

(3) Except as provided in RCW 70.94.232, all other air pollution control authorities are hereby designated as inactive authorities.

(4) The boards of those authorities designated as activated authorities by this chapter shall be comprised of such appointees and/or county commissioners or other officers as is provided in RCW 70.94.100. ~~((The first meeting of the boards of those authorities designated as activated authorities by this chapter shall be on or before sixty days after June 8, 1967.~~

~~(5) The department is directed to conduct the necessary evaluations and delineate appropriate air pollution regions throughout the state, taking into consideration:~~

~~(a) The natural climatic and topographic features affecting the potential for buildup of air contaminant concentrations.~~

~~(b) The degree of urbanization and industrialization and the existence of activities which are likely to cause air pollution.~~

~~(c) The county boundaries as related to the air pollution regions and the practicality of administering air pollution control programs.))~~

Sec. 702. RCW 70.94.055 and 1967 c 238 s 5 are each amended to read as follows:

The board of county commissioners of any county ~~((other than a first class, class A or class AA county))~~ may activate an air pollution control authority following a public hearing on its own motion, or upon a filing of a petition signed by one hundred property owners within the county. If the board of county commissioners determines as a result of the public hearing that:

(1) Air pollution exists or is likely to occur; and

(2) The city or town ordinances, or county resolutions, or their enforcement, are inadequate to prevent or control air pollution, they ~~((shall))~~ may by resolution activate an air pollution control authority or combine with a contiguous county or counties to form a multicounty air pollution control authority.

Sec. 703. RCW 70.94.092 and 1975 1st ex.s. c 106 s 1 are each amended to read as follows:

Notwithstanding the provisions of RCW 1.16.030, the budget year of each activated authority shall be the fiscal year beginning July 1st and ending on the following June 30th. ~~((The current budget year shall be terminated June 30, 1975, and a budget for the fiscal year beginning July 1, 1975, shall be adopted pursuant to this section as now or hereafter amended.))~~ On or before the fourth Monday in June of each year, each activated authority shall adopt a budget for the following fiscal year. The activated authority budget shall contain adequate funding and provide for staff sufficient to carry out the provisions of all applicable ordinances, resolutions, and local regulations related to the reduction, prevention, and control of air pollution. The legislature acknowledges the need for the state to provide reasonable funding to local authorities to carry out the requirements of this chapter. The budget shall contain an estimate of all revenues to be collected during the following budget year, including any surplus funds remaining unexpended from the preceding year. The remaining funds required to meet budget expenditures, if any, shall be designated as "supplemental income" and shall be obtained from the component cities, towns, and counties in the manner provided in this chapter. The affirmative vote of three-fourths of all members of the board shall be required to authorize emergency expenditures.

Sec. 704. RCW 70.94.100 and 1989 c 150 s 1 are each amended to read as follows:

(1) The governing body of each authority shall be known as the board of directors.

In the case of an authority comprised of two ~~((or))~~ three, four, or five counties, the board shall be comprised of one appointee ~~((of the city selection committee of))~~ from each county

~~((as hereinafter provided)), who shall represent the city having the most population in such county, to be designated by the mayor and city council of such city, and one representative from each county to be designated by the board of county commissioners of each county making up the authority. ((In the case of an authority comprised of four or five counties, the board shall be comprised of one appointee of the city selection committee of each county as hereinafter provided who shall represent the city having the most population in such county, and one representative from each county to be designated by the board of county commissioners of each county making up the authority.)) In the case of an authority comprised of six or more counties, the board shall be comprised of one representative from each county to be designated by the board of county commissioners of each county making up the authority, and ((one)) three appointees, one each from ((each city with over one hundred thousand population)) the three largest cities within the local authority's jurisdiction to be appointed by the mayor and city council of such city.~~

(3) If the board of an authority otherwise would consist of an even number, the members selected as above provided shall agree upon and elect an additional member who shall be either a member of the governing body of one of the towns, cities or counties comprising the authority, or a private citizen residing in the authority. ~~((All board members shall hold office at the pleasure of the appointing body.))~~

(4) The terms of office of board members shall be four years.

(5) Wherever a member of a board has a potential conflict of interest in an action before the board, the member shall declare to the board the nature of the potential conflict prior to participating in the action review. The board shall, if the potential conflict of interest, in the judgment of a majority of the board, may prevent the member from a fair and objective review of the case, remove the member from participation in the action.

Sec. 705. RCW 70.94.130 and 1969 ex.s. c 168 s 15 are each amended to read as follows:

The board shall conduct its first meeting within thirty days after all of its members have been appointed or designated as provided in RCW 70.94.100. The board shall meet at least ten times per year. All meetings shall be publicly announced prior to their occurrence. All meetings shall be open to the public. A majority of the board shall constitute a quorum for the transaction of business and shall be necessary for any action taken by the board. The board shall elect from its members a ~~((chairman))~~ chair and such other officers as may be necessary. Any member of the board may designate a regular alternate to serve on the board in his or her place with the same authority as the member when he or she is unable to attend. Each member of the board, or his or her representative, shall receive from the authority ~~((twenty five dollars per day))~~ compensation consistent with such authority's rates (but not to exceed one thousand dollars per year) for ((each full day)) time spent in the performance of ((his)) duties under this chapter, plus the actual and necessary expenses incurred by ((him)) the member in such performance. The board may appoint ~~((an executive director))~~ a control officer, and any other personnel, and shall determine their salaries, and pay same, together with any other proper indebtedness, from authority funds.

The board of any activated authority in addition to any other powers vested in them by law, shall have power to:

(1) Adopt, amend and repeal its own ~~((ordinances, resolutions, or))~~ rules and regulations, ~~((as the case may be,))~~ implementing this chapter and consistent with it, after consideration at a public hearing held in accordance with chapter ~~((42.32))~~ 42.30 RCW. Rules and regulations shall also be adopted in accordance with the notice and adoption procedures set forth in RCW 34.05.320, those provisions of RCW 34.05.325 that are not

in conflict with chapter 42.30 RCW, and with the procedures of RCW 34.05.340, 34.05.355 through 34.05.380, and with chapter 34.08 RCW, except that rules shall not be published in the Washington Administrative Code. Judicial review of rules adopted by an authority shall be in accordance with Part V of chapter 34.05 RCW. An air pollution control authority shall not be deemed to be a state agency.

(2) Hold hearings relating to any aspect of or matter in the administration of this chapter not prohibited by the provisions of chapter 62, Laws of 1970 ex. sess. and in connection therewith issue subpoenas to compel the attendance of witnesses and the production of evidence, administer oaths and take the testimony of any person under oath.

(3) Issue such orders as may be necessary to effectuate the purposes of this chapter and enforce the same by all appropriate administrative and judicial proceedings subject to the rights of appeal as provided in chapter 62, Laws of 1970 ex. sess.

(9) Collect and disseminate information and conduct educational and training programs relating to air pollution.

(10) Advise, consult, cooperate and contract with agencies and departments and the educational institutions of the state, other political subdivisions, industries, other states, interstate or interlocal agencies, and the United States government, and with interested persons or groups.

(11) Consult, upon request, with any person proposing to construct, install, or otherwise acquire an air contaminant source or device or system for the control thereof, concerning the efficacy of such device or system, or the air pollution problems which may be related to the source, device or system. Nothing in any such consultation shall be construed to relieve any person from compliance with this chapter, ordinances, resolutions, rules and regulations in force pursuant thereto, or any other provision of law.

(12) Accept, receive, disburse and administer grants or other funds or gifts from any source, including public and private agencies and the United States government for the purpose of carrying out any of the functions of this chapter.

Sec. 707. RCW 70.94.170 and 1969 ex.s. c 168 s 21 are each amended to read as follows:

Any activated authority which has adopted an ordinance, resolution, or valid rules and regulations as provided herein for the control and prevention of air pollution shall appoint a full time control officer, ~~((who))~~ whose sole responsibility shall be to observe and enforce the provisions of this chapter and all orders, ordinances, resolutions, or rules and regulations of such activated authority pertaining to the control and prevention of air pollution.

Sec. 708. RCW 70.94.231 and 1969 ex.s. c 168 s 29 are each amended to read as follows:

Upon the date that an authority begins to exercise its powers and functions, all ~~((districts formed as a district under chapter 70.94 RCW prior to June 8, 1967 which previously were wholly or partially composed of one or more cities or towns located within such activated authority shall be considered to be dissolved but its))~~ rules and regulations in force on such date shall remain in effect until superseded by the rules and regulations of the authority as provided in RCW 70.94.230. ~~((In such event, the board~~

~~of any such district shall proceed to wind up the affairs of the district in the same manner as if the district were dissolved as provided in RCW 70.94.260.)~~

Sec. 709. RCW 70.94.240 and 1969 ex.s. c 168 s 30 are each amended to read as follows:

The board of any authority ~~((shall))~~ may appoint an air pollution control advisory council to advise and consult with such board, and the control officer in effectuating the purposes of this chapter. The council shall consist of at least five appointed members who are residents of the authority and who are preferably skilled and experienced in the field of air pollution control, ~~((two))~~ chemistry, meteorology, public health, or a related field, at least one of whom shall serve as a representative~~((s))~~ of industry and one of whom shall serve as a representative of the environmental community. The ~~((chairman))~~ chair of the board of any such authority shall serve as ex officio member of the council and be its ~~((chairman))~~ chair. Each member of the council shall receive from the authority per diem and travel expenses in an amount not to exceed that provided for the state board in this chapter (but not to exceed one thousand dollars per year) for each full day spent in the performance of his or her duties under this chapter.

Sec. 710. RCW 70.94.331 and 1988 c 106 s 1 are each amended to read as follows:

(1) The department shall have all the powers as provided in RCW 70.94.141.

(2) The department, in addition to any other powers vested in it by law after consideration at a public hearing held in accordance with chapters 42.30 ~~((RCW))~~ and ~~((chapter))~~ 34.05 RCW shall:

(a) Adopt rules ~~((and regulations))~~ establishing air quality objectives and air quality standards;

(b) Adopt emission standards which shall constitute minimum emission standards throughout the state. An authority may enact more stringent emission standards, except for emission performance standards for new wood stoves and opacity levels for residential solid fuel burning devices which shall be state-wide, but in no event may less stringent standards be enacted by an authority without the prior approval of the department after public hearing and due notice to interested parties;

(c) Adopt by rule ~~((and regulation))~~ air quality standards and emission standards for the control or prohibition of emissions to the outdoor atmosphere of radionuclides, dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substances, or any combination thereof. Such requirements may be based upon a system of classification by types of emissions or types of sources of emissions, or combinations thereof, which it determines most feasible for the purposes of this chapter. However, an industry, or the air pollution control authority having jurisdiction, can choose, subject to the submittal of appropriate data that the industry has quantified, to have any limit on the opacity of emissions from a source whose emission standard is stated in terms of a weight of particulate per unit volume of air (e.g., grains per dry standard cubic foot) be based on the applicable particulate emission standard for that source, such that any violation of the opacity limit accurately indicates a violation of the applicable particulate emission standard. Any alternative opacity limit provided by this section that would result in increasing air contaminants emissions in any nonattainment area shall only be granted if equal or greater emission reductions are provided for by the same source obtaining the revised opacity limit. A reasonable fee may be assessed to the industry to which the alternate opacity standard would apply. The fee shall cover only those costs to the air pollution control authority which are directly related to the determination on the acceptability of the alternate opacity standard, including testing, oversight and review of data.

(3) The air quality standards and emission standards may be for the state as a whole or may vary from area to area or source to source, except that emission performance standards for new wood stoves and opacity levels for residential solid fuel burning devices shall be state-wide, as may be appropriate to facilitate the accomplishment of the

objectives of this chapter and to take necessary or desirable account of varying local conditions of population concentration, the existence of actual or ~~((reasonable))~~ reasonably foreseeable air pollution, topographic and meteorologic conditions and other pertinent variables.

(4) The department is directed to cooperate with the appropriate agencies of the United States or other states or any interstate agencies or international agencies with respect to the control of air pollution and air contamination, or for the formulation for the submission to the legislature of interstate air pollution control compacts or agreements.

(5) The department is directed to conduct or cause to be conducted a continuous surveillance program to monitor the quality of the ambient atmosphere as to concentrations and movements of air contaminants and conduct or cause to be conducted a program to determine the quantity of emissions to the atmosphere.

(6) The department shall enforce the air quality standards and emission standards throughout the state except where a local authority is enforcing the state regulations or its own regulations which are more stringent than those of the state.

(7) The department shall encourage local units of government to handle air pollution problems within their respective jurisdictions; and, on a cooperative basis provide technical and consultative assistance therefor.

(8) The department shall have the power to require the addition to or deletion of a county or counties from an existing authority in order to carry out the purposes of this chapter ~~((PROVIDED, HOWEVER, That)).~~ No such addition or deletion shall be made without the concurrence of any existing authority involved. Such action shall only be taken after a public hearing held pursuant to the provisions of chapter 34.05 RCW.

(9) The department shall establish rules requiring sources or source categories to apply reasonable and available control methods. Such rules shall apply to those sources or source categories that individually or collectively contribute the majority of state-wide air emissions of each regulated pollutant. The department shall review, and if necessary, update its rules every five years to ensure consistency with current reasonable and available control methods. The department shall have adopted rules required under this subsection for all sources by July 1, 1996.

For the purposes of this section, "reasonable and available control methods" shall include but not be limited to, changes in technology, processes, or other control strategies.

Sec. 711. RCW 70.94.332 and 1987 c 109 s 18 are each amended to read as follows:

((Whenever the department of ecology has reason to believe that any provision of this chapter or any rule or regulation adopted by it or being enforced by it under RCW 70.94.410 relating to the control or prevention of air pollution has been violated, it may)) At least thirty days prior to the commencement of any formal enforcement action under RCW 70.94.430 and 70.94.431, the department of ecology shall cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order that necessary corrective action be taken within a reasonable time. In lieu of an order, the department may require that the alleged violator or violators appear before it for the purpose of providing the department information pertaining to the violation or the charges complained of. ~~((In addition to or in place of an order or hearing, the department may initiate action pursuant to RCW 70.94.425, 70.94.430, and 70.94.435))~~ Every notice of violation shall offer to the alleged violator an opportunity to meet with the department prior to the commencement of enforcement action.

Sec. 712. RCW 70.94.385 and 1987 c 109 s 41 are each amended to read as follows:

(1) Any authority may apply to the department for state financial aid. The department shall ~~((by rule and regulation))~~ annually establish the ~~((ratio))~~ amount of state

funds ~~((to))~~ available for the local ~~((funds))~~ authorities taking into consideration available federal and state funds. The establishment of funding amounts shall be consistent with federal requirements and local maintenance of effort necessary to carry out the provisions of this chapter. Any such aid shall be expended from the general fund or from ~~((such))~~ other appropriations as the legislature may provide for this purpose: PROVIDED, That federal funds shall be utilized to the maximum unless otherwise approved by the department: PROVIDED FURTHER, That the ~~((ratio))~~ amount of state funds provided to local ~~((funds-of))~~ authorities during the previous year shall not be ~~((changed))~~ reduced without a public notice or public hearing held by the department if requested by the affected local authority, unless such changes are the direct result of a reduction in the available federal funds for air pollution control programs.

(2) Before any such application is approved and financial aid is given or approved by the department, the authority shall demonstrate to the satisfaction of the department that it is fulfilling the requirements of ~~((RCW 70.94.380, or,))~~ this chapter. If the department has not adopted ambient air quality standards and objectives as permitted by RCW 70.94.331, the authority shall demonstrate to the satisfaction of the department that it is acting in good faith and doing all that is possible and reasonable to control and prevent air pollution within its jurisdictional boundaries and to carry out the purposes of this chapter.

(3) The department shall adopt rules ~~((and regulations))~~ requiring the submission of such information by each authority including the submission of its proposed budget and a description of its program in support of the application for state financial aid as necessary to enable the department to determine the need for state aid.

Sec. 713. RCW 70.94.395 and 1987 c 109 s 43 are each amended to read as follows:

If the department finds, after public hearing upon due notice to all interested parties, that the emissions from a particular type or class of air contaminant source should be regulated on a state-wide basis in the public interest and for the protection of the welfare of the citizens of the state, it may adopt and enforce rules ~~((and regulations))~~ to control and/or prevent the emission of air contaminants from such source ~~((:—PROVIDED, That))~~. An authority may, after public hearing and a finding by the board of a need for more stringent rules ~~((and regulations))~~ than those adopted by the department under this section, propose the adoption of such rules ~~((and regulations))~~ by the department for the control of emissions from the particular type or class ~~((or))~~ of air contaminant source within the geographical area of the authority. The department shall hold a public hearing and shall adopt the proposed rules ~~((and regulations))~~ within the area of the requesting authority, unless it finds that the proposed rules ~~((and regulations))~~ are inconsistent with the rules ~~((and regulations))~~ adopted by the department under this section ~~((:—PROVIDED, FURTHER, That))~~. When such standards are adopted by the department it shall delegate solely to the requesting authority all powers necessary for their enforcement at the request of the authority ~~((:—PROVIDED, That the department may delegate the responsibility for the enforcement of such rules and regulations to any authority which it deems capable of enforcing such regulations:—PROVIDED FURTHER, That))~~. If after public hearing the department finds that the regulation on a state-wide basis of a particular type ~~((of))~~ or class of air contaminant source is no longer required for the public interest and the protection of the welfare of the citizens of the state, the department may relinquish exclusive jurisdiction over such source.

Sec. 714. RCW 70.94.405 and 1987 c 109 s 45 are each amended to read as follows:

At any time after an authority has been activated for no less than one year, the department may, on its own motion, conduct a hearing held in accordance with chapters 42.30 ~~((RCW))~~ and ~~((chapter))~~ 34.05 RCW, ~~((as now or hereafter amended))~~ to determine whether or not the air pollution prevention and control program of such authority is being

carried out in good faith and is as effective as possible (~~under the circumstances~~). If at such hearing the department finds that such authority is not carrying out its air pollution control or prevention program in good faith, ~~((or))~~ is not doing all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction, or is not carrying out the provisions of this chapter, it shall set forth in a report or order to the appropriate authority: (1) Its recommendations as to how air pollution prevention and/or control might be more effectively accomplished; and (2) guidelines which will assist the authority in carrying out the recommendations of the department.

Sec. 715. RCW 70.94.410 and 1987 c 109 s 46 are each amended to read as follows:

(1) If, after thirty days from the time that the department issues a report or order to an authority under RCW 70.94.400 and 70.94.405, such authority has not taken ~~((any))~~ action which indicates that it is attempting in good faith to implement the recommendations or actions of the department as set forth in the report or order, the department may, by order, declare as null and void any or all ordinances, resolutions, rules or regulations of such authority relating to the control and/or prevention of air pollution, and at such time the department shall become the sole body with authority to make and enforce rules and regulations for the control and/or prevention of air pollution within the geographical area of such authority. ~~((In))~~ If this ~~((connection))~~ occurs, the department may assume all those powers which are given to it by law to effectuate the purposes of this chapter. The department may, by order, continue in effect and enforce ~~((those))~~ provisions of the ordinances, resolutions, or rules ~~((and regulations))~~ of such authority which are not less stringent than those requirements which the department may have found applicable to the area under RCW 70.94.331, until such time as the department adopts its own rules ~~((and regulations))~~. Any rules ~~((and regulations))~~ promulgated by the department shall be subject to the provisions of chapter 34.05 RCW ~~((as it now appears or may hereinafter be amended))~~. Any enforcement actions shall be subject to RCW 43.21B.300 or 43.21B.310.

(2) No provision of this chapter is intended to prohibit any authority from reestablishing its air pollution control program which meets with the approval of the department and which complies with the purposes of this chapter and with applicable rules ~~((and regulations))~~ and orders of the department.

(3) Nothing in this chapter shall prevent the department from withdrawing the exercise of its jurisdiction over an authority upon its own motion ~~((: PROVIDED, That))~~ if the department has found at a hearing held in accordance with chapters 42.30 ~~((RCW))~~ and ~~((chapter))~~ 34.05 RCW ~~((as now or hereafter amended))~~, that the air pollution prevention and control program of such authority will be carried out in good faith ~~((or))~~, that such program will do all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction, and that the program complies with the provisions of this chapter. Upon the withdrawal of the department, the department shall prescribe certain recommendations as to how air pollution prevention and/or control is to be effectively accomplished and guidelines which will assist the authority in carrying out the recommendations of the department.

Sec. 716. RCW 70.94.420 and 1987 c 109 s 47 are each amended to read as follows:

~~((1))~~ It is declared to be the intent of the legislature of the state of Washington that any state department or agency having jurisdiction over any building, installation, ~~((or))~~ other property, or other activity creating or likely to create significant air pollution shall cooperate with the department and with air pollution control agencies in preventing and/or controlling the pollution of the air in any area insofar as the discharge of ~~((the matter))~~ air contaminants from or by such building, installation, ~~((or))~~ other property, or activity may cause or contribute to pollution of the air in such area. Such state

department or agency shall comply with the provisions of this chapter and with any ordinance, resolution, rule or regulation issued hereunder in the same manner as any other person subject to such laws(;) or rules ((or regulations)).

~~((2) In addition to its other powers and duties prescribed by law, the department may establish classes of potential pollution sources for which any state department or agency having jurisdiction over any building, installation, or other property, which is not located within the geographical boundaries of any authority which has an air pollution control and/or prevention program in effect, shall, before discharging any matter into the air, obtain a permit from the department for such discharge, such permits to be issued for a specified period of time to be determined by the department and subject to revocation if the department finds that such discharge is endangering the health and welfare of any persons. Such permits may also be required for any such building, installation, or other property which is located within the geographical boundaries of any authority which has an air pollution control and prevention program in effect if the standards set by the department for state departments and agencies are more stringent than those of the authority. In connection with the issuance of any permits under this section, there shall be submitted to the department such plans, specifications, and other information as it deems relevant thereto and under such other conditions as it may prescribe.))~~

'SENATE AMENDMENTS TO HOUSE BILL

April 19, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1780 with the following amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 9.94A.030 and 1990 c 3 s 602 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department of corrections, means that the department is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(2) "Commission" means the sentencing guidelines commission.

(3) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(4) "Community custody" means that portion of an inmate's sentence of confinement in lieu of earned early release time served in the community subject to controls placed on the inmate's movement and activities by the department of corrections.

(5) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned early release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(6) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(7) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed pursuant to this chapter by a court. For first-time offenders, the supervision may include crime-related prohibitions and other conditions imposed pursuant to RCW 9.94A.120(5). For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(8) "Confinement" means total or partial confinement as defined in this section.

(9) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(10) "Court-ordered legal financial obligation" means a sum of money that is ordered by a superior court of the state of Washington for legal financial obligations which may include restitution to the victim, statutorily imposed crime victims' compensation fees as assessed pursuant to RCW 7.68.035, court costs, county or interlocal drug funds, court-appointed attorneys' fees, and costs of defense, fines, and any other financial obligation that is assessed to the offender as a result of a felony conviction.

(11) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct.

(12)(a) "Criminal history" means the list of a defendant's prior convictions, whether in this state, in federal court, or elsewhere. The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) "Criminal history" shall always include juvenile convictions for sex offenses and shall also include a defendant's other prior convictions in juvenile court if: (i) The conviction was for an offense which is a felony or a serious traffic offense and is criminal history as defined in RCW 13.40.020(6)(a); (ii) the defendant was fifteen years of age or older at the time the offense was committed; and (iii) with respect to prior juvenile class B and C felonies or serious traffic offenses, the defendant was less than twenty-three years of age at the time the offense for which he or she is being sentenced was committed.

(13) "Department" means the department of corrections.

(14) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community service work, or dollars or terms of a legal financial obligation. The fact that an offender through "earned early release" can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(15) "Disposable earnings" means that part of the earnings of an individual remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(16) "Drug offense" means:

(a) Any felony violation of chapter 69.50 RCW except possession of a controlled substance (RCW 69.50.401(d)) or forged prescription for a controlled substance (RCW 69.50.403);

(b) Any offense defined as a felony under federal law that relates to the possession, manufacture, distribution, or transportation of a controlled substance; or

(c) Any out-of-state conviction for an offense that under the laws of this state would be a felony classified as a drug offense under (a) of this subsection.

(17) "Escape" means:

(a) Escape in the first degree (RCW 9A.76.110), escape in the second degree (RCW 9A.76.120), willful failure to return from furlough (RCW 72.66.060), willful failure to return from work release (RCW 72.65.070), or willful failure to comply with any limitations on the inmate's movements while in community custody (RCW 72.09.310); or

(b) Any federal or out-of-state conviction for an offense that under the laws of this state would be a felony classified as a felony traffic offense under (a) of this subsection.

(20)(a) "First-time offender" means any person who is convicted of a felony (i) not classified as a violent offense or a sex offense under this chapter, or (ii) that is not the manufacture, delivery, or possession with intent to manufacture or deliver a controlled substance classified in schedule I or II that is a narcotic drug, and except as provided in (b) of this subsection, who previously has never been convicted of a felony in this state, federal court, or another state, and who has never participated in a program of deferred prosecution for a felony offense.

(b) For purposes of (a) of this subsection, a juvenile adjudication for an offense committed before the age of fifteen years is not a previous felony conviction except for adjudications of sex offenses.

(21) "Nonviolent offense" means an offense which is not a violent offense.

(22) "Offender" means a person who has committed a felony established by state law and is eighteen years of age or older or is less than eighteen years of age but whose case has been transferred by the appropriate juvenile court to a criminal court pursuant to RCW 13.40.110. Throughout this chapter, the terms "offender" and "defendant" are used interchangeably.

(23) "Partial confinement" means confinement for no more than one year in a facility or institution operated or utilized under contract by the state or any other unit of government, or, if home detention or work crew has been ordered by the court, in ((the residence of either the defendant or a member of the defendant's immediate family)) an approved residence, for a substantial portion of each day with the balance of the day spent in the community. Partial confinement includes work release ((and)) home detention, work crew, and a combination of work crew and home detention as defined in this section.

(24) "Postrelease supervision" is that portion of an offender's community placement that is not community custody.

(25) "Restitution" means the requirement that the offender pay a specific sum of money over a specific period of time to the court as payment of damages. The sum may include both public and private costs. The imposition of a restitution order does not preclude civil redress.

(b) Any federal, out-of-state, county, or municipal conviction for an offense that under the laws of this state would be classified as a serious traffic offense under (a) of this subsection.

(27) "Serious violent offense" is a subcategory of (27) offense and means:

(a) Murder in the first degree, homicide by abuse, murder in the second degree, assault in the first degree, kidnapping in the first degree, or rape in the first degree, or an attempt, criminal solicitation, or criminal conspiracy to commit one of these felonies; or

(b) Any federal or out-of-state conviction for an offense that under the laws of this state would be a felony classified as a serious violent offense under (a) of this subsection.

(b) Any conviction for a felony offense in effect at any time prior to July 1, 1976, that is comparable to a felony classified as a violent offense in (a) of this subsection; and

(c) Any federal or out-of-state conviction for an offense that under the laws of this state would be a felony classified as a violent offense under (a) or (b) of this subsection.

(34) "Work crew" means a program of partial confinement consisting of civic improvement tasks for the benefit of the community of not less than thirty-five hours per week that complies with section 2 of this act. The civic improvement tasks shall be performed on public property or on private property owned or operated by nonprofit entities, except that, for emergency purposes only, work crews may perform snow removal on any private property. The civic improvement tasks shall have minimal negative impact on existing private industries or the labor force in the county where the service or labor is performed. ~~((35))~~ (36) "Home detention" means a program of partial confinement available to offenders wherein the offender is confined in a private residence subject to electronic surveillance. Home detention may not be imposed for offenders convicted of a violent offense, any sex offense, any drug offense, reckless burning in the first or second degree as defined in RCW 9A.48.040 or 9A.48.050, assault in the third degree as defined in RCW 9A.36.031, unlawful imprisonment as defined in RCW 9A.40.040, or harassment as defined in RCW 9A.46.020. Home detention may be imposed for offenders convicted of possession of a controlled substance (RCW 69.50.401(d)) or forged prescription for a controlled substance (RCW 69.50.403) if the offender fulfills the participation conditions set forth in this subsection and is monitored for drug use by treatment alternatives to street crime (TASC) or a comparable court or agency-referred program. Home detention may be imposed for offenders convicted of burglary in the second degree as defined in

RCW 9A.52.030 or residential burglary conditioned upon the offender: (a) Successfully completing twenty-one days in a work release program, (b) having no convictions for burglary in the second degree or residential burglary during the preceding two years and not more than two prior convictions for burglary or residential burglary, (c) having no convictions for a violent felony offense during the preceding two years and not more than two prior convictions for a violent felony offense, (d) having no prior charges of escape, and (e) fulfilling the other conditions of the home detention program.

Participation in a home detention program shall be conditioned upon: ~~((a))~~ (i) The offender obtaining or maintaining current employment or attending a regular course of school study at regularly defined hours, or the offender performing parental duties to offspring or minors normally in the custody of the offender, ~~((b))~~ (ii) abiding by the rules of the home detention program, and ~~((c))~~ (iii) compliance with court-ordered legal financial obligations. The home detention program may also be made available to offenders whose charges and convictions do not otherwise disqualify them if medical or health-related conditions, concerns or treatment would be better addressed under the home detention program, or where the health and welfare of the offender, other inmates, or staff would be jeopardized by the offender's incarceration. Participation in the home detention program for medical or health-related reasons is conditioned on the offender abiding by the rules of the home detention program and complying with court-ordered restitution.

NEW SECTION. Sec. 2. A new section is added to chapter 9.94A RCW to read as follows:

Participation in a work crew is conditioned upon the offender's acceptance into the program, abstinence from alcohol and controlled substances as demonstrated by urinalysis and breathalyzer monitoring, with the cost of monitoring to be paid by the offender, unless indigent; and upon compliance with the rules of the program, which rules shall include the requirements that the offender work to the best of his or her abilities and that he or she provide the program with accurate, verified residence information. Work crew may be imposed simultaneously with electronic home detention.

Where work crew is imposed as part of a sentence of nine months or more, the offender must serve a minimum of thirty days of total confinement before being eligible for work crew.

An offender who has successfully completed four weeks of work crew at thirty-five hours per week shall thereafter receive credit toward the work crew sentence for hours worked at approved, verified employment. Such employment credit may be earned for up to twenty-four hours actual employment per week provided, however, that every such offender shall continue active participation in work crews projects according to a schedule approved by a work crew supervisor until the work crew sentence has been served.

The hours served as part of a work crew sentence may include substance abuse counseling and/or job skills training.

The civic improvement tasks performed by offenders on work crew shall be unskilled labor for the benefit of the community as determined by the head of the county executive branch or his or her designee. Civic improvement tasks shall not be done on private property unless it is owned or operated by a nonprofit entity, except that, for emergency purposes only, work crews may perform snow removal on any private property. The civic improvement tasks shall have minimal negative impact on existing private industries or the labor force in the county where the service or labor is performed. The civic improvement tasks shall not affect employment opportunities for people with developmental disabilities contracted through sheltered workshops as defined in RCW 82.04.385. In case any dispute arises as to a civic improvement task having more than minimum negative impact on existing private industries or labor force in the county where their service or labor is performed, the matter shall be referred by an interested party, as defined in RCW 39.12.010(4), for arbitration to the director of the department of labor and industries of the state.

Whenever an offender receives credit against a work crew sentence for hours of approved, verified employment, the offender shall pay to the department administering the program the monthly assessment of an amount not less than ten dollars per month nor more than fifty dollars per month. This assessment shall be considered payment of the costs of providing the work crew program to an offender. The court may exempt a person from the payment of all or any part of the assessment based upon any of the following factors:

(1) The offender has diligently attempted but has been unable to obtain employment that provided the offender sufficient income to make such payment.

(2) The offender is a student in a school, college, university, or a course of vocational or technical training designed to fit the student for gainful employment.

(3) The offender has an employment handicap, as determined by an examination acceptable to or ordered by the court.

(4) The offender is responsible for the support of dependents and the payment of the assessment constitutes an undue hardship.

(5) Other extenuating circumstances as determined by the court.

Sec. 3. RCW 9.94A.120 and 1990 c 3 s 705 are each amended to read as follows:

When a person is convicted of a felony, the court shall impose punishment as provided in this section.

(1) Except as authorized in subsections (2), (5), and (7) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than five years, and shall not be eligible for furlough, work release or other authorized leave of absence from the correctional facility during such minimum five-year term except for the purpose of commitment to an inpatient treatment facility. The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section.

(5) In sentencing a first-time offender the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to two years of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

(a) Devote time to a specific employment or occupation;

(b) Undergo available outpatient treatment for up to two years, or inpatient treatment not to exceed the standard range of confinement for that offense;

(c) Pursue a prescribed, secular course of study or vocational training;

(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;

(e) Report as directed to the court and a community corrections officer; or

(f) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030 and/or perform community service work.

(6) If a sentence range has not been established for the defendant's crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community service work, a term of community supervision not to exceed one year, and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(7)(a)(i) When an offender is convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense and has no prior convictions for a sex offense or any other felony sex offenses in this or any other state, the sentencing court, on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment.

The report of the examination shall include at a minimum the following: The defendant's version of the facts and the official version of the facts, the defendant's offense history, an assessment of problems in addition to alleged deviant behaviors, the offender's social and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the defendant's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

- (A) Frequency and type of contact between offender and therapist;
- (B) Specific issues to be addressed in the treatment and description of planned treatment modalities;
- (C) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
- (D) Anticipated length of treatment; and
- (E) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(ii) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this special sexual offender sentencing alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this subsection. If the court determines that this special sex offender sentencing alternative is appropriate, the court shall then impose a sentence within the sentence range. If this sentence is less than eight years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(A) The court shall place the defendant on community supervision for the length of the suspended sentence or three years, whichever is greater; and

(B) The court shall order treatment for any period up to three years in duration. The court in its discretion shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court, and shall not change providers without court approval after a hearing if the prosecutor or community corrections officer object to the change. In addition, as conditions of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense,

crime-related prohibitions, and requirements that the offender perform any one or more of the following:

(I) Devote time to a specific employment or occupation;

(II) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;

(III) Report as directed to the court and a community corrections officer;

(IV) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030, perform community service work, or any combination thereof; or

(V) Make recoupment to the victim for the cost of any counseling required as a result of the offender's crime.

(iii) The sex offender therapist shall submit quarterly reports on the defendant's progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, defendant's compliance with requirements, treatment activities, the defendant's relative progress in treatment, and any other material as specified by the court at sentencing.

(iv) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment. Prior to the treatment termination hearing, the treatment professional and community corrections officer shall submit written reports to the court and parties regarding the defendant's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community supervision conditions. Either party may request and the court may order another evaluation regarding the advisability of termination from treatment. The defendant shall pay the cost of any additional evaluation ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost. At the treatment termination hearing the court may: (A) Modify conditions of community supervision, and either (B) terminate treatment, or (C) extend treatment for up to the remaining period of community supervision.

(v) The court may revoke the suspended sentence at any time during the period of community supervision and order execution of the sentence if: (A) The defendant violates the conditions of the suspended sentence, or (B) the court finds that the defendant is failing to make satisfactory progress in treatment. All confinement time served during the period of community supervision shall be credited to the offender if the suspended sentence is revoked.

(vi) After July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW.

For purposes of this subsection, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(b) When an offender is convicted of any felony sex offense committed before July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, order the offender committed for up to thirty days to the custody of the secretary of social and health services for evaluation and report to the court on the offender's amenability to treatment at these facilities. If the secretary of social and health services cannot begin the evaluation within thirty days of the court's order of commitment, the offender shall be transferred to the state for confinement pending an opportunity to be evaluated at the appropriate facility. The court shall review the reports and may order that the term of confinement imposed be served in the sexual offender treatment program at the location determined by the secretary of social and health services or the secretary's designee, only if the report indicates that the offender is amenable to

the treatment program provided at these facilities. The offender shall be transferred to the state pending placement in the treatment program. Any offender who has escaped from the treatment program shall be referred back to the sentencing court.

If the offender does not comply with the conditions of the treatment program, the secretary of social and health services may refer the matter to the sentencing court. The sentencing court shall commit the offender to the department of corrections to serve the balance of the term of confinement.

If the offender successfully completes the treatment program before the expiration of the term of confinement, the court may convert the balance of confinement to community supervision and may place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

- (i) Devote time to a specific employment or occupation;
- (ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (iii) Report as directed to the court and a community corrections officer;
- (iv) Undergo available outpatient treatment.

If the offender violates any of the terms of community supervision, the court may order the offender to serve out the balance of the community supervision term in confinement in the custody of the department of corrections.

After June 30, 1993, this subsection (b) shall cease to have effect.

(c) When an offender commits any felony sex offense on or after July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, request the department of corrections to evaluate whether the offender is amenable to treatment and the department may place the offender in a treatment program within a correctional facility operated by the department.

Except for an offender who has been convicted of a violation of RCW 9A.44.040 or 9A.44.050, if the offender completes the treatment program before the expiration of his term of confinement, the department of corrections may request the court to convert the balance of confinement to community supervision and to place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

- (i) Devote time to a specific employment or occupation;
- (ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (iii) Report as directed to the court and a community corrections officer;
- (iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his community supervision, the court may order the offender to serve out the balance of his community supervision term in confinement in the custody of the department of corrections.

Nothing in (c) of this subsection shall confer eligibility for such programs for offenders convicted and sentenced for a sex offense committed prior to July 1, 1987. This subsection (c) does not apply to any crime committed after July 1, 1990.

(d) Offenders convicted and sentenced for a sex offense committed prior to July 1, 1987, may, subject to available funds, request an evaluation by the department of corrections to determine whether they are amenable to treatment. If the offender is determined to be amenable to treatment, the offender may request placement in a treatment program within a correctional facility operated by the department. Placement in such treatment program is subject to available funds.

(8)(a) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or a serious

violent offense committed after July 1, 1988, but before July 1, 1990, assault in the second degree, any crime against a person where it is determined in accordance with RCW 9.94A.125 that the defendant or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW, committed on or after July 1, 1988, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of such community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(b) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or serious violent offense committed on or after July 1, 1990, the court shall in addition to other terms of the sentence, sentence the offender to community placement for two years or up to the period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community placement shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence. Unless a condition is waived by the court, the terms of community placement for offenders sentenced pursuant to this section shall include the following conditions:

(i) The offender shall report to and be available for contact with the assigned community corrections officer as directed;

(ii) The offender shall work at department of corrections-approved education, employment, and/or community service;

(iii) The offender shall not consume controlled substances except pursuant to lawfully issued prescriptions;

(iv) An offender in community custody shall not unlawfully possess controlled substances; and

(v) The offender shall pay supervision fees as determined by the department of corrections.

(c) The court may also order any of the following special conditions:

(i) The offender shall remain within, or outside of, a specified geographical boundary;

(ii) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;

(iii) The offender shall participate in crime-related treatment or counseling services;

(iv) The offender shall not consume alcohol;

(v) The residence location and living arrangements of a sex offender shall be subject to the prior approval of the department of corrections; or

(vi) The offender shall comply with any crime-related prohibitions.

(d) Prior to transfer to, or during, community placement, any conditions of community placement may be removed or modified so as not to be more restrictive by the sentencing court, upon recommendation of the department of corrections.

(9) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(10) If a sentence imposed includes payment of a legal financial obligation, the sentence shall specify the total amount of the legal financial obligation owed, and shall require the offender to pay a specified monthly sum toward that legal financial obligation. Restitution to victims shall be paid prior to any other payments of monetary obligations. Any legal financial obligation that is imposed by the court may be collected by the department, which shall deliver the amount paid to the county clerk for credit. The offender's compliance with payment of legal financial obligations shall be supervised by the department. All monetary payments ordered shall be paid no later than ten years after the last date of release from confinement pursuant to a felony conviction or the date the sentence was entered. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation. Nothing in this section makes the department, the state, or any of its employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations. If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order.

(11) Except as provided under RCW 9.94A.140(1) and 9.94A.142(1), a court may not impose a sentence providing for a term of confinement or community supervision or community placement which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(12) All offenders sentenced to terms involving community supervision, community service, community placement, or legal financial obligation shall be under the supervision of the secretary of the department of corrections or such person as the secretary may designate and shall follow explicitly the instructions of the secretary including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, and notifying the community corrections officer of any change in the offender's address or employment.

(13) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(14) A departure from the standards in RCW 9.94A.400 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210 (2) through (6).

(15) The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless extraordinary circumstances exist that make restitution inappropriate in the court's judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

(16) As a part of any sentence, the court may impose and enforce an order that relates directly to the circumstances of the crime for which the offender has been convicted, prohibiting the offender from having any contact with other specified individuals or a specific class of individuals for a period not to exceed the maximum allowable sentence for the crime, regardless of the expiration of the offender's term of community supervision or community placement.

(17) In any sentence of partial confinement, the court may require the defendant to serve the partial confinement in work release ((~~or~~)), in a program of home detention, on work crew, or in a combined program of work crew and home detention.

(18) All court-ordered legal financial obligations collected by the department and remitted to the county clerk shall be credited and paid where restitution is ordered. Restitution shall be paid prior to any other payments of monetary obligations.

Sec. 4. RCW 9.94A.180 and 1988 c 154 s 4 are each amended to read as follows:

(1) An offender sentenced to a term of partial confinement shall be confined in the facility for at least eight hours per day or, if serving a work crew sentence shall comply with the conditions of that sentence as set forth in RCW 9.94A.030(23) and section 2 of this act. The offender shall be required as a condition of partial confinement to report to the facility at designated times. An offender may be required to comply with crime-related prohibitions during the period of partial confinement.

(2) An offender in a county jail ordered to serve all or part of a term of less than one year in work release, work crew, or a program of home detention who violates the rules of the work release facility, work crew, or program of home detention or fails to remain employed or enrolled in school may be transferred to the appropriate county detention facility without further court order but shall, upon request, be notified of the right to request an administrative hearing on the issue of whether or not the offender failed to comply with the order and relevant conditions. Pending such hearing, or in the absence of a request for the hearing, the offender shall serve the remainder of the term of confinement as total confinement. This subsection shall not affect transfer or placement of offenders committed to the state department of corrections.

Sec. 5. RCW 9.94A.190 and 1988 c 154 s 5 are each amended to read as follows:

(1) A sentence that includes a term or terms of confinement totaling more than one year shall be served in a facility or institution operated, or utilized under contract, by the state. Except as provided for in subsection (3) of this section, a sentence of not more than one year of confinement shall be served in a facility operated, licensed, or utilized under contract, by the county, or if home detention or work crew has been ordered by the court, in the residence of either the defendant or a member of the defendant's immediate family.

(2) If a county uses a state partial confinement facility for the partial confinement of a person sentenced to confinement for not more than one year, the county shall reimburse the state for the use of the facility as provided for in this subsection. The office of financial management shall set the rate of reimbursement based upon the average per diem cost per offender in the facility. The office of financial management shall determine to what extent, if any, reimbursement shall be reduced or eliminated because of funds provided by the legislature to the department of corrections for the purpose of covering the cost of county use of state partial confinement facilities. The office of financial management shall reestablish reimbursement rates each even-numbered year.

(3) A person who is sentenced for a felony to a term of not more than one year, and who is committed or returned to incarceration in a state facility on another felony conviction, either under the indeterminate sentencing laws, chapter 9.95 RCW, or under this chapter shall serve all terms of confinement, including a sentence of not more than one year, in a facility or institution operated, or utilized under contract, by the state, consistent with the provisions of RCW 9.94A.400.

Sec. 6. RCW 9A.76.010 and 1979 c 155 s 35 are each amended to read as follows:

The following definitions are applicable in this chapter unless the context otherwise requires:

(1) "Custody" means restraint pursuant to a lawful arrest or an order of a court, or any period of service on a work crew: PROVIDED, That custody pursuant to chapter 13.34 RCW and RCW 74.13.020 and 74.13.031 and chapter 13.32A RCW shall not be deemed custody for purposes of this chapter;

(2) "Detention facility" means any place used for the confinement of a person (a) arrested for, charged with or convicted of an offense, or (b) charged with being or adjudicated to be a juvenile offender as defined in RCW 13.40.020 as now existing or

hereafter amended, or (c) held for extradition or as a material witness, or (d) otherwise confined pursuant to an order of a court, except an order under chapter 13.34 RCW or chapter 13.32A RCW, or (e) in any work release, furlough, or other such facility or program;

(3) "Contraband" means any article or thing which a person confined in a detention facility is prohibited from obtaining or possessing by statute, rule, regulation, or order of a court.

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1624 with the following amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 43.185.010 and 1986 c 298 s 1 are each amended to read as follows:

The legislature finds that current economic conditions, federal housing policies and declining resources at the federal, state, and local level adversely affect the ability of low and very low-income persons to obtain safe, decent, and affordable housing.

The legislature further finds that members of over one hundred twenty thousand households live in housing units which are overcrowded, lack plumbing, are otherwise threatening to health and safety, and have rents and utility payments which exceed thirty percent of their income.

The legislature further finds that minorities, rural households, and migrant farm workers require housing assistance at a rate which significantly exceeds their proportion of the general population.

The legislature further finds that one of the most dramatic housing needs is that of persons needing special housing-related services, such as the mentally ill, recovering alcoholics, frail elderly persons, families with members who have disabilities, and single parents. These services include medical assistance, counseling, chore services, and child care.

The legislature further finds that housing assistance programs in the past have often failed to help those in greatest need.

The legislature declares that it is in the public interest to establish a continuously renewable resource known as ((a)) the housing trust fund and housing assistance program to assist low and very low-income citizens in meeting their basic housing needs, and that the needs of very low-income citizens should be given priority and that whenever feasible, assistance should be in the form of loans.

NEW SECTION. Sec. 2. A new section is added to chapter 43.185 RCW to read as follows:

There is created within the department of community development the housing assistance program to carry out the purposes of this chapter.

Sec. 3. RCW 43.185.030 and 1987 c 513 s 6 are each amended to read as follows:

There is hereby created a fund in the office of the treasurer known as the Washington housing trust fund. The housing trust fund shall include revenue from the sources established by this chapter, appropriations by the legislature, private contributions, repayment of loans, and all other sources. ~~((Eighty percent of the return on the fund in the form of investment income or interest shall be added to the principal of the fund. The remaining twenty percent shall be placed in the general fund.))~~

Sec. 4. RCW 43.185.050 and 1986 c 298 s 6 are each amended to read as follows:

(1) The department shall use ~~((funds))~~ moneys from the housing trust fund and other legislative appropriations to finance in whole or in part any loans or grant projects that will provide housing for persons and families with special housing needs and with incomes at or below fifty percent of the median family income for the county or standard metropolitan statistical area where the project is located. ~~((Not less than))~~ At least thirty percent of ~~((such funds))~~ these moneys used in any given ~~((biennium))~~ funding cycle shall be for the benefit of projects located in rural areas ~~((as defined in 63 Stat. 432, 42 U.S.C. Sec. 1471 et seq))~~ of the state as defined by the department of community development. If the department determines that it has not received an adequate number of suitable applications for rural projects during any given funding cycle, the department may allocate unused moneys for projects in nonrural areas of the state.

(2) Activities eligible for assistance from the housing trust fund and other legislative appropriations include, but are not limited to:

(a) New construction, rehabilitation, or acquisition of low and very low-income housing units;

(b) Rent subsidies ~~((in new construction or rehabilitated multifamily units));~~

(c) Matching funds for social services directly related to providing housing for special-need tenants in assisted projects;

(d) Technical assistance, design and finance services and consultation, and administrative costs for eligible nonprofit community or neighborhood-based organizations;

(e) Administrative costs for housing assistance groups or organizations when such grant or loan will substantially increase the recipient's access to housing funds other than those available under this chapter;

(f) Shelters and related services for the homeless;

(g) Mortgage subsidies ~~((for new construction or rehabilitation of eligible multifamily units)), including temporary rental and mortgage payment subsidies to prevent homelessness;~~

(h) Mortgage insurance guarantee or payments for eligible projects; ~~((and))~~

(i) Down payment or closing cost assistance for eligible first-time home buyers;

(j) Acquisition of housing units for the purpose of preservation as low-income or very low-income housing; and

(k) Projects making housing more accessible to families with members who have disabilities.

(3) Legislative appropriations from capital bond proceeds and moneys from repayment of loans from appropriations from capital bond proceeds may be used only for the costs of projects authorized under subsection (2) (a), (i), and (j) of this section, and not for the administrative costs of the department.

Sec. 5. RCW 43.185.070 and 1988 c 286 s 1 are each amended to read as follows:

(1) During each calendar year in which funds from the housing trust fund or other legislative appropriations are available for use by the department ~~((from the housing trust fund, as prescribed in RCW 43.185.030))~~ for the housing assistance program, the department shall announce to all known interested parties, and through major media throughout the state, a grant and loan application period of at least ninety days' duration. This announcement shall be made as often as the director deems appropriate for proper utilization of resources ~~((, but at least twice annually)).~~ The department shall then promptly grant as many applications as will utilize available funds less appropriate administrative costs of the department ~~((, not to)).~~ Administrative costs paid out of the housing trust fund may not exceed ~~((thirty seven thousand five hundred dollars in the fiscal year ending June 30, 1988, and seventy five thousand dollars in the fiscal year ending June 30, 1989, and not to exceed five))~~ four percent of annual revenues ~~((to the fund thereafter))~~ available for distribution to housing trust fund projects. In awarding

funds under this chapter, the department shall provide for a geographic distribution on a state-wide basis.

(2) The department shall give first priority to applications for projects and activities which utilize existing privately owned housing stock including privately owned housing stock purchased by nonprofit public development authorities and public housing authorities as created in chapter 35.82 RCW. As used in this subsection, privately owned housing stock includes housing that is acquired by a federal agency through a default on the mortgage by the private owner. Such projects and activities shall be evaluated under subsection (3) of this section. Second priority shall be given to activities and projects which utilize existing publicly owned housing stock. ~~((Such))~~ All projects and activities shall be evaluated by some or all of the criteria under subsection (3) of this section, and similar projects and activities shall be evaluated under the same criteria.

(3) The department shall give preference for applications based on the following criteria:

- (a) The degree of leveraging of other funds that will occur;
- (b) Recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;
- (c) Local government project contributions in the form of infrastructure improvements, and others;
- (d) Projects that encourage ownership, management, and other project-related responsibility opportunities;
- (e) Projects that demonstrate a strong probability of serving the original target group or income level for a period of at least ~~((fifteen))~~ twenty-five years;
- (f) The applicant has the demonstrated ability, stability and resources to implement the project;
- (g) Projects which demonstrate serving the greatest need; ~~((and))~~
- (h) Projects that provide housing for persons and families with the lowest incomes;
- (i) Project location and access to employment centers in the region or area; and
- (j) Project location and access to available public transportation services.

Sec. 6. RCW 43.185.080 and 1986 c 298 s 9 are each amended to read as follows:
 (1) The department may use moneys from the housing trust fund and other legislative appropriations, but not appropriations from capital bond proceeds, to provide preconstruction technical assistance to eligible recipients seeking to construct, rehabilitate, or finance housing-related services for very low and low-income persons. The department shall emphasize providing preconstruction technical assistance services to rural areas and small cities and towns. The department may contract with nonprofit organizations to provide this technical assistance. The department may contract for any of the following services:

- (a) Financial planning and packaging for housing projects, including alternative ownership programs, such as limited equity partnerships and syndications;
- (b) Project design, architectural planning, and siting;
- (c) Compliance with planning requirements;
- (d) Securing matching resources for project development;
- (e) Maximizing local government contributions to project development in the form of land donations, infrastructure improvements, waivers of development fees, locally and state-managed funds, zoning variances, or creative local planning;
- (f) Coordination with local planning, economic development, and environmental, social service, and recreational activities;
- (g) Construction and materials management; and
- (h) Project maintenance and management.

(2) The department shall publish requests for proposals which specify contract performance standards, award criteria, and contractor requirements. In evaluating

proposals, the department shall consider the ability of the contractor to provide technical assistance to low and very low-income persons and to persons with special housing needs.

NEW SECTION. Sec. 7. A new section is added to chapter 43.185 RCW to read as follows:

The department shall adopt policies to ensure that the state's interest will be protected upon either the sale or change of use of projects financed in whole or in part under RCW 43.185.050(2)(a), (i), and (j). These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state's contribution to the project; (2) requiring a lump-sum repayment of the loan or grant upon the sale or change of use of the project; or (3) requiring a deferred payment of principal or principal and interest on loans after a specified time period.

NEW SECTION. Sec. 8. A new section is added to chapter 43.185 RCW to read as follows:

Mr. Speaker:

Mr. President:

We of your Conference Committee, to whom was referred SENATE BILL NO. 5475, authorizing honorary degrees, have had the same under consideration and we recommend that:

All previous amendments not be adopted, and

The following striking amendment by the Conference Committee be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the quality of undergraduate education is enhanced by association with graduate assistants from other countries who can effectively communicate their knowledge and diverse cultural backgrounds.

It is the intent of the legislature to assist the institutions in their effort to improve the quality of undergraduate education at the state's four-year colleges and universities. Attainment of an excellent education is facilitated when communication is clear, concise, sensitive to cultural differences, and demonstrative of proven pedagogical skills. It is the further intent of the legislature to assure students and parents that graduate teaching assistants at our state institutions of higher education are able to communicate effectively and understandably with undergraduate students.

NEW SECTION. Sec. 2. The Washington state legislature affirms the following principles:

(1) Washington's college and university students are entitled to excellent instruction at the state's institutions of higher education. Excellent education requires the ability to communicate effectively in college classrooms and laboratories.

(2) The presence of students, faculty, and staff from other countries on Washington's college campuses enriches the educational experience of Washington's students and enhances scholarship and research at the state's colleges and universities.

(b) If the daily gross receipts of all parimutuel machines are two hundred fifty thousand dollars or less, the licensee may retain daily fourteen percent of the daily gross receipts.

Sec. 9. RCW 67.16.175 and 1987 c 453 s 1 & 1987 c 347 s 3 are each reenacted and amended to read as follows:

(1) ~~((Except as provided for satellite wagers in RCW 67.16.210 and 67.16.220, daily gross receipts of all parimutuel machines from wagers on exotic races shall be distributed according to this section:~~

The commission shall retain thirty one percent of the additional percentages from exotic races and shall forward the balance to the state treasurer daily for deposit in the general fund.~~

~~(b) In addition to the amounts authorized to be retained in RCW 67.16.170, race meets may retain an additional three percent of the daily gross receipts of all parimutuel machines from wagers on exotic races requiring two selections to be used as provided in subsection (2) of this section.~~

~~(c) In addition to the amounts authorized to be retained in RCW 67.16.170, race meets may retain an additional six percent of the daily gross receipts of all parimutuel~~

~~machines from wagers on exotic races requiring three or more selections to be used as provided in subsection (2) of this section.)~~ In addition to the amounts authorized to be retained in RCW 67.16.170, race meets may retain daily for each authorized day of racing an additional six percent of the daily gross receipts of all parimutuel machines from exotic wagers at each race meet.

(2) Of the amounts retained in subsection (1) ~~((b) and (c))~~ of this section, ~~((one percent))~~ one-sixth shall be used for Washington-bred breeder awards ~~((, not to exceed twenty percent of the winner's share of the purse)).~~

~~(3) ((Any portion of the remaining moneys retained in subsection (1) (b) and (c) of this section shall be shared equally by the race track and participating horsemen. The amount shared by participating horsemen shall be in addition to and shall not supplant the customary purse structure between race tracks and participating horsemen.))~~ Of the amounts retained for breeder awards under subsection (2) of this section, twenty-five percent shall be retained by a new licensee for reimbursement of capital construction of the new licensee's new race track for a period of five years.

(4) As used in this section, "exotic ~~((races))~~ wagers" means any multiple wager. Exotic ~~((races))~~ wagers are subject to approval of the commission.

Sec. 10. RCW 67.16.200 and 1987 c 347 s 1 are each amended to read as follows:

(1) A racing association licensed by the commission to conduct a race meet may seek approval from the commission to conduct parimutuel wagering on its program at a satellite location or locations within the state of Washington. The sale of parimutuel pools at satellite locations shall be conducted only during the licensee's race meet and simultaneous to all parimutuel wagering activity conducted at the licensee's racing facility in the state of Washington. The commission's authority to approve satellite wagering at a particular location is subject to the following limitations:

(a) The commission may approve only one satellite location in each county in the state; however, the commission may grant approval for more than one licensee to conduct wagering at each satellite location.

(b) The commission shall not allow a licensee to conduct satellite wagering at a satellite location within ~~((fifty air))~~ twenty ground miles of the licensee's racing facility. For purposes of this section, "ground miles" means miles measured from point to point in a straight line.

~~(c)(i) The commission may allow a licensee to conduct satellite wagering at a satellite location within fifty ((air)) ground miles of the racing facility of another licensee who conducts race meets of thirty days or more, but only if the satellite location is the racing facility of another licensee who conducts race meets of thirty days or more and only if the licensee seeking to conduct satellite wagering suspends its program during the conduct of the meets of all licensees within fifty ((air)) ground miles; except that the commission may allow a licensee that conducts satellite wagering at another track, pursuant to this subsection, to use other satellite locations, used by that track with the approval of the owner of that track, even though those satellite locations are within a fifty ground mile radius.~~

~~(ii) Subject to subsection (1)(c)(i) of this section, the commission may allow a licensee to conduct satellite wagering at a satellite location within fifty ((air)) ground miles of the racing facility of another licensee who conducts race meets of under thirty days, but only if the licensee seeking to conduct satellite wagering suspends its satellite program during the conduct of the meets of all licensees within fifty ((air)) ground miles.~~

(2) Subject to local zoning and other land use ordinances, the commission shall be the sole judge of whether approval to conduct wagering at a satellite location shall be granted.

(3) The licensee shall combine the parimutuel pools of the satellite location with those of the racing facility for the purpose of determining odds and computing payoffs. The amount wagered at the satellite location shall be combined with the amount wagered

at the racing facility for the application of take out formulas and distribution as provided in RCW 67.16.102, 67.16.105, (~~67.16.130~~) 67.16.170, and 67.16.175(~~67.16.210, and 67.16.220~~). A satellite extension of the licensee's racing facility shall be subject to the same application of the rules of racing as the licensee's racing facility.

Sec. 11. RCW 67.16.230 and 1987 c 347 s 7 are each amended to read as follows:

The commission is authorized to establish and collect an annual fee for each separate satellite location. The fee to be collected from the licensee shall be set to reflect the commission's expected costs of approving, regulating, and monitoring each satellite location, provided commission revenues generated under RCW (~~67.16.210~~) 67.16.105 from the licensee shall be credited annually towards the licensee's fee assessment under this section.

NEW SECTION. Sec. 12. A new section is added to chapter 67.16 RCW to read as follows:

REPORT OF CONFERENCE COMMITTEE

ESSB 5629

April 25, 1991

Includes "New Item": YES

Mr. Speaker:

Mr. President:

We of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 5629, prohibiting unauthorized acts against animal facilities, have had the same under consideration and we recommend that:

All previous amendments not be adopted, and

The following striking amendment by the Conference Committee be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 9.08 RCW to read as follows:

There has been an increasing number of illegal acts committed against animal production and research facilities involving injury or loss of life to animals or humans, criminal trespass, and damage to property. These actions not only abridge the property rights of the owners, operators, and employees of the facility, they may also damage the public interest by jeopardizing crucial animal production or agricultural, scientific, or biomedical research. These actions may also threaten the public safety by exposing communities to public health concerns and creating traffic hazards. These actions substantially disrupt or damage research and result in the potential loss of physical and intellectual property. While the criminal code, particularly the malicious mischief crimes, adequately covers those who intentionally and without authority damage or destroy farm animals, the code does not adequately cover similar misconduct directed against research and educational facilities. Therefore, it is in the interest of the people of the state of Washington to protect the welfare of humans and animals, as well as the productive use of private or public funds, to promote and protect scientific and medical research, foster education, and preserve and enhance agricultural production.

It is the intent of the legislature that the courts in deciding applications for injunctive relief under section 5 of this act give full consideration to the constitutional rights of persons to speak freely, to picket, and to conduct other lawful activities.

NEW SECTION. Sec. 2. A new section is added to chapter 9.08 RCW to read as follows:

A person is guilty of a class C felony: If he or she, without authorization, knowingly takes, releases, destroys, contaminates, or damages any animal or animals kept in a research or educational facility where the animal or animals are used or to be used for medical research purposes or other research purposes or for educational purposes; or if he or she, without authorization, knowingly destroys or damages any records, equipment, research product, or other thing pertaining to such animal or animals.

NEW SECTION. Sec. 3. A new section is added to chapter 4.24 RCW to read as follows:

(1) Joint and several liability for damages shall apply to persons and organizations that commit an intentional tort by (a) taking, releasing, destroying, contaminating, or damaging any animal or animals kept in a research or educational facility, where the animal or animals are used or to be used for medical research or other research purposes, or for educational purposes; or (b) destroying or damaging any records, equipment, research product, or other thing pertaining to such animal or animals.

(2) Any person or organization that plans or assists in the development of a plan to commit an intentional tort covered by subsection (1) of this section is liable for damages to the same extent as a person who has committed the tort. However, a person or organization that assists in the development of a plan is not liable under this subsection, if, at the time of providing the assistance the person or organization does not know, or have reason to know, that the assistance is promoting the commission of the tort. Membership in a liable organization does not in itself establish the member's liability under this subsection. The common law defense of prior renunciation is allowed in actions brought under this subsection.

(3) In any case where damages are awarded under this section, the court shall award to the plaintiff all costs of the litigation, including reasonable attorneys' fees, investigation costs, and court costs, and shall impose on any liable party a civil fine of not to exceed one hundred thousand dollars to be paid to the plaintiff.

NEW SECTION. Sec. 4. A new section is added to chapter 4.24 RCW to read as follows:

(1) Joint and several liability for damages shall apply to persons and organizations that commit an intentional tort by taking, releasing, destroying or damaging any animal or animals kept by a person for agricultural production purposes or by a veterinarian for

veterinary purposes; or by destroying or damaging any farm or veterinary equipment or supplies pertaining to such animal or animals.

(2) Any person or organization that plans or assists in the development of a plan to commit an intentional tort covered by subsection (1) of this section is liable for damages to the same extent as a person who has committed the tort. However, a person or organization that assists in the development of a plan is not liable under this subsection, if, at the time of providing the assistance the person or organization does not know, or have reason to know, that the assistance is promoting the commission of the tort. Membership in a liable organization does not in itself establish the member's liability under this subsection. The common law defense of prior renunciation is allowed in actions brought under this subsection.

(3) In any case where damages are awarded under this section, the court shall award to the plaintiff all costs of the litigation, including reasonable attorneys' fees, investigation costs, and court costs, and shall impose on any liable party a civil fine of not to exceed one hundred thousand dollars to be paid to the plaintiff.

(4) "Agricultural production," for purposes of this section, means all activities associated with the raising of animals for agricultural purposes, including but not limited to animals raised for wool or fur. Agricultural production also includes the exhibiting or marketing of live animals raised for agricultural purposes.

NEW SECTION. Sec. 5. A new section is added to chapter 4.24 RCW to read as follows:

Any individual having reason to believe that he or she may be injured by the commission of an intentional tort under section 3 or 4 of this act may apply for injunctive relief to prevent the occurrence of the tort. SENATE AMENDMENTS TO HOUSE BILL

April 18, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2026 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) It is the policy of the state of Washington to recognize and preserve water rights in accordance with RCW 90.03.010.

(2) The legislature finds that:

(a) Consistent with RCW 90.54.180, conservation and water use efficiency programs, including storage, should be the preferred methods of addressing water uses because they can relieve current critical water situations, provide for presently unmet needs, and assist in meeting future water needs. Presently unmet needs or current needs includes the water required to increase the frequency of occurrence of base or minimum flow levels in streams of the state, the water necessary to satisfy existing water rights, or the water necessary to provide full supplies to existing water systems with current supply deficiencies; and

(b) The interests of the state will be served by developing programs and regional water resource plans, in cooperation with local governments, federally recognized tribal governments, appropriate federal agencies, private citizens, and the various water users and water interests in the state, that increase the overall ability to manage the state's waters in order to better satisfy both present and future needs for water.

(3) Consistent with the findings of this section, the purposes of this chapter are to:

(a) Improve the ability of the state to work with the United States, local governments, federally recognized tribal governments, water right holders, water users, and various water interests in water conservation and water use efficiency programs designed to satisfy existing rights, presently unmet needs, and future needs, both instream and out-of-stream;

(b) Establish new incentives, enhance existing incentives, and remove disincentives for efficient water use;

(c) Establish improved means to disseminate information to the public and provide technical assistance regarding ways to improve the efficiency of water use;

(d) Create a trust water rights mechanism for the acquisition of water rights on a voluntary basis to be used to meet presently unmet needs and future needs; .

(e) Accelerate the adoption of water efficiency, conservation, and recycling, including water efficient plumbing fixtures, irrigation systems and methods, landscaping techniques, conservation rates, conservation plans, and wastewater reclamation and reuse;

(f) Eliminate tax disincentives to water conservation, reuse, and improved water use efficiency;

(g) Require evaluation of state facilities and property to identify cost-effective water use efficiency improvement opportunities; and

(h) Add achievement of water conservation as a factor to be considered by water supply utilities in setting water rates.

NEW SECTION. Sec. 2. A new section is added to chapter 90.54 RCW to read as follows:

(1) State funding of water resource, supply, and quality related capital programs, both current and future, shall, to the maximum extent possible within state or federal legal requirements, be directed to assist in the resolution of current conflicts and implementation of regional water resource plans with priority given to current needs over new requirements.

(2) Consistent with RCW 90.54.180, priority shall be given, to the maximum extent possible within state or federal legal requirements, to those water conservation projects funded by the state that will result in the greatest net water savings.

Sec. 3. RCW 90.54.045 and 1990 c 295 s 3 are each amended to read as follows:

(1) In the development and implementation of the comprehensive state water resources program required in RCW 90.54.040(1), the process described therein shall involve participation of appropriate state agencies, Indian tribes, local governments, and interested parties, and shall be applied on a regional basis pursuant to subsection (2) of this section.

(2) Prior to ((January)) July 1, 1991, the department, with advice from appropriate state agencies, Indian tribes, local government, and interested parties, shall identify regions and establish regional boundaries for water resource planning and shall designate two regions in which the process shall be initiated on a pilot basis. One region shall encompass an area within the Puget Sound basin in which critical water resource issues exist. A concurrent pilot process may encompass a region east of the Cascade mountains.

(3) The department shall report to the chairs of the appropriate legislative committees prior to July 1st each year summarizing the progress of the pilot process in the two regions. The pilot process in each region shall be completed and shall produce a regional water plan by December 31, 1993.

(4) Appropriate state agencies, Indian tribes, local governments, and interested parties in regions not selected for the pilot program are strongly encouraged to commence water resource planning within their regions.

NEW SECTION. Sec. 4. (1) The legislature finds that a need exists to develop and test a means to facilitate the voluntary transfer of water and water rights, including conserved water, to provide water for presently unmet needs and emerging needs. Further, the legislature finds that water conservation activities have the potential of affecting the quantity of return flow waters to which existing water right holders have a right to and rely upon. It is the intent of the legislature that persons holding rights to water, including return flows, not be adversely affected in the implementation of the provisions of this chapter.

The purpose of this chapter is to provide the mechanism for accomplishing this in a manner that will not impair existing rights to water and to test the mechanism in two pilot planning areas.

(2) This chapter shall only be in effect in the pilot planning areas designated pursuant to RCW 90.54.045(2).

NEW SECTION. Sec. 5. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of ecology.

(2) "Net water savings" means the amount of water that is determined to be conserved and usable within a specified stream reach or reaches for other purposes

without impairment or detriment to water rights existing at the time that a water conservation project is undertaken, reducing the ability to deliver water, or reducing the supply of water that otherwise would have been available to other existing water uses.

(3) "Trust water right" means any water right acquired by the state under this chapter for management in the state's trust water rights program.

(4) "Pilot planning areas" means the geographic areas designated under RCW 90.54.045(2).

(5) "Water conservation project" means any project or program that achieves physical or operational improvements that provide for increased water use efficiency in existing systems of diversion, conveyance, application, or use of water under water rights existing on the effective date of this section.

NEW SECTION. Sec. 6. (1) For purposes of this chapter, the state may enter into contracts to provide moneys to assist in the financing of water conservation projects located within pilot planning areas. In consideration for the financial assistance provided, the state shall obtain public benefits defined in guidelines developed under section 8 of this act.

(2) If the public benefits to be obtained require conveyance or modification of a water right, the recipient of funds shall convey to the state the recipient's interest in that part of the water right or claim constituting all or a portion of the resulting net water savings for deposit in the trust water rights program. The amount to be conveyed shall be finitely determined by the parties, in accordance with the guidelines developed under section 8 of this act, before the expenditure of state funds. Conveyance may consist of complete transfer, lease contracts, or other legally binding agreements. When negotiating for the acquisition of conserved water or net water savings, or a portion thereof, the state may require evidence of a valid water right.

(3) As part of the contract, the water right holder and the state shall specify the amount of water the water right holder would continue to be entitled to once the water conservation project is in place.

(4) The state shall cooperate fully with the United States in the implementation of this chapter. Trust water rights may be acquired through expenditure of funds provided by the United States and shall be treated in the same manner as trust water rights resulting from the expenditure of state funds.

(5) If water is proposed to be acquired by or conveyed to the state as a trust water right by an irrigation district, evidence of the district's authority to represent the water right holders shall be submitted to and for the satisfaction of the department.

(6) The state shall not contract with any person to acquire a water right served by an irrigation district without the approval of the board of directors of the irrigation district. Disapproval by a board shall be factually based on probable adverse effects on the ability of the district to deliver water to other members or on maintenance of the financial integrity of the district.

NEW SECTION. Sec. 7. (1) All trust water rights acquired by the state shall be placed in the state trust water rights program to be managed by the department. Trust water rights acquired by the state shall be held or authorized for use by the department for instream flows, irrigation, municipal, or other beneficial uses consistent with applicable regional plans for pilot planning areas.

(2) The department shall issue a water right certificate in the name of the state of Washington for each permanent trust water right conveyed to the state indicating the reach or reaches of the stream, the quantity, and the use or uses to which it may be applied. A superseding certificate shall be issued that specifies the amount of water the water right holder would continue to be entitled to as a result of the water conservation project. The superseding certificate shall retain the same priority date as the original right. For nonpermanent conveyances, the department shall issue certificates or such other instruments as are necessary to reflect the changes in purpose or place of use or

point of diversion or withdrawal. Water rights for which such nonpermanent conveyances are arranged shall not be subject to relinquishment for nonuse.

(3) A trust water right retains the same priority date as the water right from which it originated, but as between them the trust right shall be deemed to be inferior in priority unless otherwise specified by an agreement between the state and the party holding the original right.

(4) Exercise of a trust water right may be authorized only if the department first determines that neither water rights existing at the time the trust water right is established, nor the public interest will be impaired. If impairment becomes apparent during the time a trust water right is being exercised, the department shall cease or modify the use of the trust water right to eliminate the impairment.

(5) Before any trust water right is created or modified, the department shall, at a minimum, require that a notice be published in a newspaper of general circulation published in the county or counties in which the storage, diversion, and use are to be made, and in other newspapers as the department determines is necessary, once a week for two consecutive weeks. At the same time the department shall send a notice containing pertinent information to all appropriate state agencies, potentially affected local governments and federally recognized tribal governments, and other interested parties.

(6) RCW 90.14.140 through 90.14.230 have no applicability to trust water rights held by the department under this chapter or exercised under this section.

(7) RCW 90.03.380 has no applicability to trust water rights acquired by the state through the funding of water conservation projects.

NEW SECTION. Sec. 8. The department, in cooperation with federally recognized Indian tribes, local governments, state agencies, and other interested parties, shall establish guidelines by July 1, 1992, governing the acquisition, administration, and management of trust water rights. The guidelines shall address at a minimum the following:

(1) Methods for determining the net water savings resulting from water conservation projects or programs carried out in accordance with this chapter, and other factors to be considered in determining the quantity or value of water available for potential designation as a trust water right;

(2) Criteria for determining the portion of net water savings to be conveyed to the state under this chapter;

(3) Criteria for prioritizing water conservation projects;

(4) A description of potential public benefits that will affect consideration for state financial assistance in section 6 of this act;

(5) Procedures for providing notification to potentially interested parties;

(6) Criteria for the assignment of uses of trust water rights acquired in areas of the state not addressed in a regional water resource plan or critical area agreement; and

(7) Contracting procedures and other procedures not specifically addressed in this section.

These guidelines shall be submitted to the joint select committee on water resource policy before adoption.

NEW SECTION. Sec. 9. The policies and purposes of this chapter shall not be construed as replacing or amending the policies or the purposes for which funds available under chapter 43.83B or 43.99E RCW may be used.

NEW SECTION. Sec. 10. Nothing in this chapter authorizes the involuntary impairment of any existing water rights.

NEW SECTION. Sec. 11. (1) Within the pilot planning areas, the state may acquire all or portions of existing water rights, by purchase, gift, or other appropriate means other than by condemnation, from any person or entity or combination of persons or entities. Once acquired, such rights are trust water rights.

(2) The department may enter into leases, contracts, or such other arrangements with other persons or entities as appropriate, to ensure that trust water rights acquired in accordance with this chapter may be exercised to the fullest possible extent.

(3) Trust water rights may be acquired by the state on a temporary or permanent basis.

(4) The provisions of RCW 90.03.380 and 90.03.390 apply to transfers of water rights under this section.

NEW SECTION. Sec. 12. It is the intent of the legislature that jurisdictional authorities that exist in law not be expanded, diminished, or altered in any manner whatsoever by this chapter.

NEW SECTION. Sec. 13. A new section is added to chapter 90.14 RCW to read as follows:

This chapter shall not apply to trust water rights held or exercised by the department of ecology under chapter 90.38 or 90.-- RCW (sections 1 and 4 through 12 of this act).

Sec. 14. RCW 90.03.380 and 1987 c 109 s 94 are each amended to read as follows:

The right to the use of water which has been applied to a beneficial use in the state shall be and remain appurtenant to the land or place upon which the same is used: PROVIDED, HOWEVER, That said right may be transferred to another or to others and become appurtenant to any other land or place of use without loss of priority of right theretofore established if such change can be made without detriment or injury to existing rights. The point of diversion of water for beneficial use or the purpose of use may be changed, if such change can be made without detriment or injury to existing rights. Before any transfer of such right to use water or change of the point of diversion of water or change of purpose of use can be made, any person having an interest in the transfer or change, shall file a written application therefor with the department, and said application shall not be granted until notice of said application shall be published as provided in RCW 90.03.280. If it shall appear that such transfer or such change may be made without injury or detriment to existing rights, the department shall issue to the applicant a certificate in duplicate granting the right for such transfer or for such change of point of diversion or of use. The certificate so issued shall be filed and be made a record with the department and the duplicate certificate issued to the applicant may be filed with the county auditor in like manner and with the same effect as provided in the original certificate or permit to divert water.

If an application for change proposes to transfer water rights from one irrigation district to another, the department shall, before publication of notice, receive concurrence from each of the irrigation districts that such transfer or change will not adversely affect the ability to deliver water to other land owners or impair the financial integrity of either of the districts.

A change in place of use by an individual water user or users within an irrigation district need only receive approval for the change from the board of directors of the district.

This section shall not apply to trust water rights acquired by the state through the funding of water conservation projects under chapter 90.38 RCW or RCW 90.--- through 90.--- (sections 4 through 10 of this 1991 act).

Sec. 15. RCW 19.27.170 and 1989 c 348 s 8 are each amended to read as follows:

(1) The state building code council shall adopt rules under chapter 34.05 RCW that implement and incorporate the water conservation performance standards in subsections ~~((3))~~ (4) and ~~((4))~~ (5) of this section. These standards shall apply to all new construction and all remodeling involving replacement of plumbing fixtures in all residential, hotel, motel, school, industrial, commercial use, or other occupancies determined by the council to use significant quantities of water.

(2) The legislature recognizes that a phasing-in approach to these new standards is appropriate. Therefore, standards in subsection ~~((3))~~ (4) of this section shall take effect

on July 1, 1990. The standards in subsection (~~((4))~~) (5) of this section shall take effect July 1, 1993.

(3) No individual, public or private corporation, firm, political subdivision, government agency, or other legal entity may, for purposes of use in this state, distribute, sell, offer for sale, import, install, or approve for installation any plumbing fixtures unless the fixtures meet the standards as provided for in this section.

(e) Except where designed and installed for use by the physically handicapped, lavatory faucets located in restrooms intended for use by the general public must be equipped with a metering valve designed to close by spring or water pressure when left unattended (self-closing).

(f) No urinal or watercloset that operates on a continuous flow or continuous flush basis shall be permitted.

~~((4))~~ (5) Standards for water use efficiency effective July 1, 1993.

The assessment shall consider the availability of low volume fixtures which are technologically feasible, will operate effectively, and are economically justified. The council shall also assess the potential impact on the necessary flow of water required to insure sewerage or septic lines and treatment plants will effectively operate.~~

The council shall submit a report to the chief clerk of the house of representatives and the secretary of the senate by October 30, 1992, setting forth its conclusions, and any recommendations for legislative action.))

(6) The building code council shall establish methods and procedures for testing and identifying fixtures that meet the standards established in subsection (5) of this section. The council shall use the testing standards designated as American national standards, written under American national standards institute procedures or other widely recognized national testing standards. The council shall either review test results from independent testing laboratories that are submitted by manufacturers of plumbing fixtures or accept data submitted to and evaluated by the international association of plumbing and mechanical officials. The council shall publish and widely distribute a current list of fixtures that meet the standards established in subsection (5) of this section.

(7) The building code council shall adopt rules for marking and labeling fixtures meeting the standards established in subsection (5) of this section.

(8) This section shall not apply to fixtures installed before the effective date of this section that are removed and relocated to another room or area of the same building after the effective date of this section, nor shall it apply to fixtures, as determined by the council, that in order to perform a specialized function, cannot meet the standards specified in this section.

(9) The water conservation performance standards shall supersede all local government codes. After July 1, 1990, cities, towns, and counties shall not amend the code revisions and standards established under subsection ~~((3) or~~) (4) or (5) of this section.

Sec. 16. RCW 35.67.020 and 1965 c 7 s 35.67.020 are each amended to read as follows:

Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits, with full jurisdiction and authority to manage, regulate, and control them and to fix, alter, regulate, and control the rates and charges for the use thereof: PROVIDED, That the rates charged must be uniform for the same class of customers or service.

In classifying customers served or service furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; the location of the various customers within and without the city or town; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the sewage delivered and the time of its delivery; the achievement of water conservation goals and the discouragement of wasteful water use practices; capital contributions made to the system, including but not limited to, assessments; and any other matters which present a reasonable difference as a ground for distinction.

Sec. 17. RCW 35.92.010 and 1985 c 445 s 4 and 1985 c 444 s 2 are each reenacted and amended to read as follows:

A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain and operate waterworks, within or without its limits, for the purpose of furnishing the city and its inhabitants, and any other persons, with an ample supply of

water for all purposes, public and private, including water power and other power derived therefrom, with full power to regulate and control the use, distribution, and price thereof: PROVIDED, That the rates charged must be uniform for the same class of customers or service. Such waterworks may include facilities for the generation of electricity as a byproduct and such electricity may be used by the city or town or sold to an entity authorized by law to distribute electricity. Such electricity is a byproduct when the electrical generation is subordinate to the primary purpose of water supply.

In classifying customers served or service furnished, the city or town governing body may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; location of the various customers within and without the city or town; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the water furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful water use practices; capital contributions made to the system including, but not limited to, assessments; and any other matters which present a reasonable difference as a ground for distinction. No rate shall be charged that is less than the cost of the water and service to the class of customers served.

For such purposes any city or town may take, condemn and purchase, purchase, acquire, and retain water from any public or navigable lake or watercourse, surface or ground, and, by means of aqueducts or pipe lines, conduct it to the city or town; and it may erect and build dams or other works across or at the outlet of any lake or watercourse in this state for the purpose of storing and retaining water therein up to and above high water mark; and for all the purposes of erecting such aqueducts, pipe lines, dams, or waterworks or other necessary structures in storing and retaining water, or for any of the purposes provided for by this chapter, the city or town may occupy and use the beds and shores up to the high water mark of any such watercourse or lake, and acquire the right by purchase, or by condemnation and purchase, or otherwise, to any water, water rights, easements or privileges named in this chapter, or necessary for any of said purposes, and the city or town may acquire by purchase or condemnation and purchase any properties or privileges necessary to be had to protect its water supply from pollution. Should private property be necessary for any such purposes or for storing water above high water mark, the city or town may condemn and purchase, or purchase and acquire such private property. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a city or town that does not own or operate an electric utility system to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner.

Sec. 18. RCW 56.16.090 and 1974 ex.s. c 58 s 3 are each amended to read as follows:

The sewer commissioners of any sewer district, in the event that such sewer revenue bonds are issued, shall provide for revenues by fixing rates and charges for the furnishing of sewerage disposal service to those to whom such service is available. Such rates and charges may be combined for the furnishing of more than one type of sewer service such as but not limited to storm or surface water and sanitary. Such rates and charges are to be fixed as deemed necessary by such sewer commissioners, so that uniform charges will be made for the same class of customer or service.

In classifying customers served or service furnished by such system of sewerage, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different

character of the service furnished various customers; the quantity and quality of the sewage delivered and the time of its delivery; the achievement of water conservation goals and the discouragement of wasteful water use practices; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Such rates are to be made on a monthly basis and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system.

Sec. 19. RCW 57.20.020 and 1983 c 167 s 164 are each amended to read as follows:

(1) Whenever any issue or issues of water revenue bonds have been authorized in compliance with the provisions of RCW 57.16.010 through 57.16.040, said bonds shall be in bearer form or registered as to principal or interest or both, as provided in RCW 39.46.030, and may provide for conversion between registered and coupon bonds; shall be in such denominations, shall be numbered, shall bear such date, and shall be payable at such time or times up to a maximum period of not to exceed thirty years as shall be determined by the board of water commissioners of the district; shall bear interest at such rate or rates payable at such time or times as authorized by the board; shall be payable at the office of the county treasurer of the county in which the water district is located and may also be payable at such other place or places as the board of water commissioners may determine; shall be executed by the president of the board of water commissioners and attested and sealed by the secretary thereof, one of which signatures may, with the written permission of the signator whose facsimile signature is being used, be a facsimile; and may have facsimile signatures of said president or secretary imprinted on any interest coupons in lieu of original signatures.

The water district commissioners shall have power and are required to create a special fund or funds for the sole purpose of paying the interest and principal of such bonds into which special fund or funds the said water district commissioners shall obligate and bind the water district to set aside and pay a fixed proportion of the gross revenues of the water supply system or any fixed amount out of and not exceeding a fixed proportion of such revenues, or a fixed amount or amounts without regard to any fixed proportion and such bonds and the interest thereof shall be payable only out of such special fund or funds, but shall be a lien and charge against all revenues and payments received from any utility local improvement district or districts pledged to secure such bonds, subject only to operating and maintenance expenses.

In creating any such special fund or funds the water district commissioners of such water district shall have due regard to the cost of operation and maintenance of the plant or system as constructed or added to and to any proportion or part of the revenue previously pledged as a fund for the payment of bonds, warrants or other indebtedness, and shall not set aside into such special fund a greater amount or proportion of the revenue and proceeds than in their judgment will be available over and above such cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. Any such bonds and interest thereon issued against any such fund as herein provided shall be a valid claim of the owner thereof only as against the said special fund and its fixed proportion or amount of the revenue pledged to such fund, and shall not constitute an indebtedness of such water district within the meaning of the constitutional provisions and limitations. Each such bond shall state upon its face that it is payable from a special fund, naming the said fund and the resolution creating it. Said bonds shall be sold in such manner, at such price and at such rate or rates of interest as the water district commissioners shall deem for the best interests of the water district, either at public or private sale, and the said commissioners may provide in any contract for the construction and acquirement of the proposed improvement (and for the refunding

of outstanding local improvement district obligations, if any) that payment therefor shall be made in such bonds at par value thereof.

When any such special fund shall have been heretofore or shall be hereafter created and any such bonds shall have been heretofore or shall hereafter be issued against the same a fixed proportion or a fixed amount out of and not to exceed such fixed proportion, or a fixed amount or amounts without regard to any fixed proportion, of revenue shall be set aside and paid into said special fund as provided in the resolution creating such fund or authorizing such bonds, and in case any water district shall fail thus to set aside and pay said fixed proportion or amount as aforesaid, the owner of any bond payable from such special fund may bring suit or action against the water district and compel such setting aside and payment.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW.

(3) The water district commissioners of any water district, in the event that such water revenue bonds are issued, shall provide for revenues by fixing rates and charges for the furnishing of water supply to those receiving such service, such rates and charges to be fixed as deemed necessary by such water district commissioners, so that uniform charges will be made for the same class of customer or service.

In classifying customers served or service furnished by such water supply system, the board of water commissioners may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the water furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful practices; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Such rates shall be made on a monthly basis as may be deemed proper by such commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements and all other charges necessary for efficient and proper operation of the system.

Sec. 20. RCW 54.24.080 and 1959 c 218 s 9 are each amended to read as follows:

(1) The commission of each district which shall have revenue obligations outstanding shall have the power and shall be required to establish, maintain, and collect rates or charges for electric energy and water and other services, facilities, and commodities sold, furnished, or supplied by the district which shall be fair and nondiscriminatory and adequate to provide revenues sufficient for the payment of the principal of and interest on such revenue obligations for which the payment has not otherwise been provided and all payments which the district is obligated to set aside in any special fund or funds created for such purpose, and for the proper operation and maintenance of the public utility and all necessary repairs, replacements, and renewals thereof.

(2) In establishing rates or charges for water service, commissioners may in their discretion consider the achievement of water conservation goals and the discouragement of wasteful water use practices.

Sec. 21. RCW 80.28.010 and 1990 1st ex.s. c 1 s 5 are each amended to read as follows:

(1) All charges made, demanded or received by any gas company, electrical company or water company for gas, electricity or water, or for any service rendered or to be rendered in connection therewith, shall be just, fair, reasonable and sufficient.

(2) Every gas company, electrical company and water company shall furnish and supply such service, instrumentalities and facilities as shall be safe, adequate and efficient, and in all respects just and reasonable.

(3) All rules and regulations issued by any gas company, electrical company or water company, affecting or pertaining to the sale or distribution of its product, shall be just and reasonable.

(4) Until June 30, 1991:

(a) Utility service for residential space heating shall not be terminated between November 15 through March 15 if the customer:

(i) Notifies the utility of the inability to pay the bill, including a security deposit. This notice should be provided within five business days of receiving a payment overdue notice unless there are extenuating circumstances. If the customer fails to notify the utility within five business days and service is terminated, the customer can, by paying reconnection charges, if any, and fulfilling the requirements of this section, receive the protections of this chapter;

(ii) Provides self-certification of household income for the prior twelve months to a grantee of the department of community development which administers federally funded energy assistance programs. The grantee shall determine that the household income does not exceed the maximum allowed for eligibility under the state's plan for low-income energy assistance under 42 U.S.C. 8624 and shall provide a dollar figure that is seven percent of household income. The grantee may verify information provided in the self-certification;

(iii) Has applied for home heating assistance from applicable government and private sector organizations and certifies that any assistance received will be applied to the current bill and future utility bills;

(iv) Has applied for low-income weatherization assistance to the utility or other appropriate agency if such assistance is available for the dwelling;

(v) Agrees to a payment plan and agrees to maintain the payment plan. The plan will be designed both to pay the past due bill by the following October 15 and to pay for continued utility service. If the past due bill is not paid by the following October 15, the customer shall not be eligible for protections under this chapter until the past due bill is paid. The plan shall not require monthly payments in excess of seven percent of the customer's monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter during November 15 through March 15. A customer may agree to pay a higher percentage during this period, but shall not be in default unless payment during this period is less than seven percent of monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter. If assistance payments are received by the customer subsequent to implementation of the plan, the customer shall contact the utility to reformulate the plan; and

(vi) Agrees to pay the moneys owed even if he or she moves.

(b) The utility shall:

(i) Include in any notice that an account is delinquent and that service may be subject to termination, a description of the customer's duties in this section;

(ii) Assist the customer in fulfilling the requirements under this section;

(iii) Be authorized to transfer an account to a new residence when a customer who has established a plan under this section moves from one residence to another within the same utility service area;

(iv) Be permitted to disconnect service if the customer fails to honor the payment program. Utilities may continue to disconnect service for those practices authorized by law other than for nonpayment as provided for in this subsection. Customers who qualify for payment plans under this section who default on their payment plans and are disconnected can be reconnected and maintain the protections afforded under this chapter by paying reconnection charges, if any, and by paying all amounts that would have been

due and owing under the terms of the applicable payment plan, absent default, on the date on which service is reconnected; and

(v) Advise the customer in writing at the time it disconnects service that it will restore service if the customer contacts the utility and fulfills the other requirements of this section.

(c) A payment plan implemented under this section is consistent with RCW 80.28.080.

(5) Every gas company and electrical company shall offer residential customers the option of a budget billing or equal payment plan. The budget billing or equal payment plan shall be offered low-income customers eligible under the state's plan for low-income energy assistance prepared in accordance with 42 U.S.C. 8624(C)(1) without limiting availability to certain months of the year, without regard to the length of time the customer has occupied the premises, and without regard to whether the customer is the tenant or owner of the premises occupied.

(6) Every gas company, electrical company and water company shall construct and maintain such facilities in connection with the manufacture and distribution of its product as will be efficient and safe to its employees and the public.

(7) An agreement between the customer and the utility, whether oral or written, shall not waive the protections afforded under this chapter.

(8) In establishing rates or charges for water service, water companies as defined in RCW 80.04.010 may consider the achievement of water conservation goals and the discouragement of wasteful water use practices.

Sec. 22. RCW 80.28.025 and 1980 c 149 s 2 are each amended to read as follows:

(1) In establishing rates for each gas and electric company regulated by this chapter, the commission shall adopt policies to encourage meeting or reducing energy demand through cogeneration as defined in RCW 82.35.020, measures which improve the efficiency of energy end use, and new projects which produce or generate energy from renewable resources, such as solar energy, wind energy, hydroelectric energy, geothermal energy, wood, wood waste, municipal wastes, agricultural products and wastes, and end-use waste heat. These policies shall include but are not limited to allowing a return on investment in measures to improve the efficiency of energy end use, cogeneration, or projects which produce or generate energy from renewable resources which return is established by adding an increment of two percent to the rate of return on common equity permitted on the company's other investment. Measures or projects encouraged under this section are those for which construction or installation is begun after June 12, 1980, and before January 1, 1990, and which, at the time they are placed in the rate base, are reasonably expected to save, produce, or generate energy at a total incremental system cost per unit of energy delivered to end use which is less than or equal to the incremental system cost per unit of energy delivered to end use from similarly available conventional energy resources which utilize nuclear energy or fossil fuels and which the gas or electric company could acquire to meet energy demand in the same time period. The rate of return increment shall be allowed for a period not to exceed thirty years after the measure or project is first placed in the rate base.

(2) In establishing rates for water companies regulated by this chapter, the commission may consider the achievement of water conservation goals and the discouragement of wasteful water use practices.

NEW SECTION. Sec. 23. A new section is added to chapter 82.04 RCW to read as follows:

The tax imposed by RCW 82.04.240 shall not apply to the treatment or processing of effluent water purchased for commercial use directly from a sewage treatment facility operated by any county, city, town, political subdivision, or municipal or quasi-municipal corporation of this state. This section shall expire December 31, 1993, unless extended by the legislature.

NEW SECTION. Sec. 24. A new section is added to chapter 82.12 RCW to read as follows:

This chapter shall not apply with respect to the use of treated or processed effluent water purchased for commercial use directly from a sewage treatment facility operated by any county, city, town, political subdivision, or municipal or quasi-municipal corporation of this state. This section shall expire December 31, 1993, unless extended by the legislature.

Sec. 25. RCW 90.14.140 and 1987 c 125 s 1 are each amended to read as follows:

(1) For the purposes of RCW 90.14.130 through 90.14.180, "sufficient cause" shall be defined as the nonuse of all or a portion of the water by the owner of a water right for a period of five or more consecutive years where such nonuse occurs as a result of:

- (a) Drought, or other unavailability of water;
- (b) Active service in the armed forces of the United States during military crisis;
- (c) Nonvoluntary service in the armed forces of the United States;
- (d) The operation of legal proceedings;
- (e) Federal laws imposing land or water use restrictions either directly or through

the voluntary enrollment of a landowner in a federal program implementing those laws, or acreage limitations, or production quotas.

(2) Notwithstanding any other provisions of RCW 90.14.130 through 90.14.180, there shall be no relinquishment of any water right:

(a) If such right is claimed for power development purposes under chapter 90.16 RCW and annual license fees are paid in accordance with chapter 90.16 RCW, or

(b) If such right is used for a standby or reserve water supply to be used in time of drought or other low flow period so long as withdrawal or diversion facilities are maintained in good operating condition for the use of such reserve or standby water supply, or

(c) If such right is claimed for a determined future development to take place either within fifteen years of July 1, 1967, or the most recent beneficial use of the water right, whichever date is later, or

(d) If such right is claimed for municipal water supply purposes under chapter 90.03 RCW, or

(e) If such right is claimed by an irrigation district for the benefit of lands lying within such district, or

(f) If such waters are not subject to appropriation under the applicable provisions of RCW 90.40.030 as now or hereafter amended.

NEW SECTION. Sec. 26. Sections 1 and 4 through 12 of this act shall constitute a new chapter in Title 90 RCW.

NEW SECTION. Sec. 27. Section 3 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991.

NEW SECTION. Sec. 28. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, this act shall be null and void.

NEW SECTION. Sec. 29. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

HOUSE BILL NO. 1400, by Representatives Morton, Grant, Fuhrman, Bray, Sprenkle, Morris, Chandler, Paris, Rasmussen, McLean, Forner and Rayburn; by request of Department of Health

Modifying grant criteria for rural health care projects.

The House resumed consideration of House Bill No. 1400. (For previous action, see Journal, 102nd Day, April 25, 1991, Afternoon Session.)

The Speaker stated the question before the House to be the Point of Order by Representative Zellinsky regarding the scope and object of the Senate amendments to House Bill No. 1400.

SPEAKER'S RULING

The Speaker: The Speaker has examined the original bill, House Bill No. 1400, which deals with the rural health system project established by the Legislature in 1979. The bill lifts the statutory limit of the number of rural health projects which may be funded by the Department of Health.

The Senate amendment does not deal with the current rural health care program run by the Department of Health. Rather, it creates a new rural health care services program, creates an advisory committee to oversee the new program and exempts the program from state insurance laws. The Speaker finds that the Senate amendment does change the scope and object of the House Bill. Representative Zellinsky, your point is well taken. Again, the amendment does not clarify; it broadens the scope of the bill.

MOTION

Mr. Braddock moved that the House refuse to concur in the Senate amendments to House Bill No. 1400 and ask the Senate to recede therefrom. The motion was carried.

The Speaker called on Representative R. Meyers to preside.

CONFERENCE COMMITTEE REPORT

ESB 5824

April 26, 1991
Includes "New Item": NO

Mr. Speaker:

Mr. President:

We of your Conference Committee, to whom was referred ENGROSSED SENATE BILL NO. 5824, changing provisions relating to the funding of community college summer courses, have had the same under consideration and we recommend that:

All previous amendments not be adopted, and

The following amendment by the Conference Committee be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 28B.15 RCW to read as follows:

(1) The boards of trustees of the community college districts may operate summer schools on either a self-supporting or a state-funded basis.

If summer school is operated on a self-supporting basis, the fees charged shall be retained by the colleges, and shall be sufficient to cover the direct costs, which are instructional salaries and related benefits, supplies, publications, and records.

Community colleges that have self-supporting summer schools shall continue to receive general fund state support for vocational programs that require that students enroll

in a four quarter sequence of courses that includes summer quarter due to clinical or laboratory requirements and for ungraded courses limited to adult basic education, vocational apprenticeship, aging and retirement, small business management, industrial first aid, and parent education.

(2)(a) The board of trustees of a community college district may permit the district's state-funded, full-time equivalent enrollment level, as provided in the operating budget appropriations act, to vary by plus or minus two percent each fiscal year unless otherwise authorized in the operating budget appropriations act. If the variance is above the state-funded level, the district may charge those students above the state-funded level a fee equivalent to the amount of tuition and fees that are charged students enrolled in state-funded courses. These fees shall be retained by the colleges.

(b) Any community college that in 1990-91 has an enrollment above the state-funded level but below the authorized variance may increase its excess enrollments to within the variance.

(c) Community colleges that currently have excess enrollments more than the authorized variance, by means of enrollments that would have otherwise been eligible for state funding, shall reduce those excess enrollments to within the authorized variance by September 1, 1995, in at least equal annual reductions, commencing with the 1991-92 fiscal year.

(d) Except as permitted by (c) of this subsection, should the number of student-supported, full-time equivalent enrollments in any fiscal year fall outside the authorized variance, the college shall return by September 1st to the state general fund, an amount equal to the college's full average state appropriations per full-time equivalent student for such student-funded full-time equivalent outside the variance, unless otherwise provided in the operating budget appropriations act.

(3) The state board for community college education shall ensure compliance with this section.

Sec. 2. RCW 28B.15.502 and 1985 c 390 s 25 are each amended to read as follows:

Tuition fees and services and activities fees at each community college other than at summer quarters shall be as follows:

(1) For full time resident students, the total tuition fees shall be twenty-three percent of the per student educational costs at the community colleges computed as provided in RCW 28B.15.067 and 28B.15.070: PROVIDED, That the building fees for each academic year shall be one hundred and twenty-seven dollars and fifty cents.

Mr. Speaker:

Under suspension of rules, the Senate returned ENGROSSED SUBSTITUTE HOUSE BILL NO. 1780 to second reading, did not adopt the Senate Committee on Law & Justice amendment, adopted the following striking amendments, and passed the bill with the following floor amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 9.94A.030 and 1991 c 32 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department of corrections, means that the department is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(2) "Commission" means the sentencing guidelines commission.

(3) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(4) "Community custody" means that portion of an inmate's sentence of confinement in lieu of earned early release time served in the community subject to controls placed on the inmate's movement and activities by the department of corrections.

(5) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned early release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(6) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(7) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed pursuant to this chapter by a court. For first-time offenders, the supervision may include crime-related prohibitions and other conditions imposed pursuant to RCW 9.94A.120(5). For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(8) "Confinement" means total or partial confinement as defined in this section.

(9) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(10) "Court-ordered legal financial obligation" means a sum of money that is ordered by a superior court of the state of Washington for legal financial obligations which may include restitution to the victim, statutorily imposed crime victims' compensation fees as assessed pursuant to RCW 7.68.035, court costs, county or interlocal drug funds, court-appointed attorneys' fees, and costs of defense, fines, and any other financial obligation that is assessed to the offender as a result of a felony conviction.

(11) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct.

(12)(a) "Criminal history" means the list of a defendant's prior convictions, whether in this state, in federal court, or elsewhere. The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) "Criminal history" shall always include juvenile convictions for sex offenses and shall also include a defendant's other prior convictions in juvenile court if: (i) The conviction was for an offense which is a felony or a serious traffic offense and is criminal history as defined in RCW 13.40.020(6)(a); (ii) the defendant was fifteen years of age or older at the time the offense was committed; and (iii) with respect to prior juvenile class B and C felonies or serious traffic offenses, the defendant was less than twenty-three years of age at the time the offense for which he or she is being sentenced was committed.

(13) "Department" means the department of corrections.

(14) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community service work, or dollars or terms of a legal financial obligation. The fact that an offender through "earned early release" can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(15) "Disposable earnings" means that part of the earnings of an individual remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

The civic improvement tasks shall be performed on public property or on private property owned or operated by nonprofit entities, except that, for emergency purposes only, work crews may perform snow removal on any private property. The civic improvement tasks shall have minimal negative impact on existing private industries or the labor force in the county where the service or labor is performed. The civic improvement tasks shall not affect employment

opportunities for people with developmental disabilities contracted through sheltered workshops as defined in RCW 82.04.385. Only those offenders sentenced to a facility operated or utilized under contract by a county are eligible to participate on a work crew. Offenders sentenced for a sex offense as defined in subsection (29) of this section are not eligible for the work crew program.

(35) "Work release" means a program of partial confinement available to offenders who are employed or engaged as a student in a regular course of study at school. Home detention may be imposed for offenders convicted of burglary in the second degree as defined in RCW 9A.52.030 or residential burglary conditioned upon the offender: (a) Successfully completing twenty-one days in a work release program, (b) having no convictions for burglary in the second degree or residential burglary during the preceding two years and not more than two prior convictions for burglary or residential burglary, (c) having no convictions for a violent felony offense during the preceding two years and not more than two prior convictions for a violent felony offense, (d) having no prior charges of escape, and (e) fulfilling the other conditions of the home detention program.

The home detention program may also be made available to offenders whose charges and convictions do not otherwise disqualify them if medical or health-related conditions, concerns or treatment would be better addressed under the home detention program, or where the health and welfare of the offender, other inmates, or staff would be jeopardized by the offender's incarceration. Participation in the home detention program for medical or health-related reasons is conditioned on the offender abiding by the rules of the home detention program and complying with court-ordered restitution.

NEW SECTION. Sec. 2. A new section is added to chapter 9.94A RCW to read as follows:

Participation in a work crew is conditioned upon the offender's acceptance into the program, abstinence from alcohol and controlled substances as demonstrated by urinalysis and breathalyzer monitoring, with the cost of monitoring to be paid by the offender, unless indigent; and upon compliance with the rules of the program, which rules shall include the requirements that the offender work to the best of his or her abilities and that he or she provide the program with accurate, verified residence information. Work crew may be imposed simultaneously with electronic home detention.

Where work crew is imposed as part of a sentence of nine months or more, the offender must serve a minimum of thirty days of total confinement before being eligible for work crew.

An offender who has successfully completed four weeks of work crew at thirty-five hours per week shall thereafter receive credit toward the work crew sentence for hours worked at approved, verified employment. Such employment credit may be earned for up to twenty-four hours actual employment per week provided, however, that every such offender shall continue active participation in work crews projects according to a schedule approved by a work crew supervisor until the work crew sentence has been served.

The hours served as part of a work crew sentence may include substance abuse counseling and/or job skills training.

The civic improvement tasks performed by offenders on work crew shall be unskilled labor for the benefit of the community as determined by the head of the county executive branch or his or her designee. Civic improvement tasks shall not be done on private property unless it is owned or operated by a nonprofit entity, except that, for emergency purposes only, work crews may perform snow removal on any private property. The civic improvement tasks shall have minimal negative impact on existing private industries or the labor force in the county where the service or labor is performed. The civic improvement tasks shall not affect employment opportunities for people with developmental disabilities contracted through sheltered workshops as defined in RCW 82.04.385. In case any dispute arises as to a civic improvement task having more than minimum negative impact on existing private industries or labor force in the county where their service or labor is performed, the matter shall be referred by an interested party, as defined in RCW 39.12.010(4), for arbitration to the director of the department of labor and industries of the state.

Whenever an offender receives credit against a work crew sentence for hours of approved, verified employment, the offender shall pay to the department administering the program the monthly assessment of an amount not less than ten dollars per month nor more than fifty dollars per month. This assessment shall be considered payment of the costs of providing the work crew program to an offender. The court may exempt a person from the payment of all or any part of the assessment based upon any of the following factors:

- (1) The offender has diligently attempted but has been unable to obtain employment that provided the offender sufficient income to make such payment.
- (2) The offender is a student in a school, college, university, or a course of vocational or technical training designed to fit the student for gainful employment.
- (3) The offender has an employment handicap, as determined by an examination acceptable to or ordered by the court.
- (4) The offender is responsible for the support of dependents and the payment of the assessment constitutes an undue hardship.
- (5) Other extenuating circumstances as determined by the court.

Sec. 3. RCW 9.94A.120 and 1990 c 3 s 705 are each amended to read as follows:

When a person is convicted of a felony, the court shall impose punishment as provided in this section.

- (1) Except as authorized in subsections (2), (5), and (7) of this section, the court shall impose a sentence within the sentence range for the offense.
- (2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.
- (3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.
- (4) An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term

of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than five years, and shall not be eligible for furlough, work release or other authorized leave of absence from the correctional facility during such minimum five-year term except for the purpose of commitment to an inpatient treatment facility. The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section.

(5) In sentencing a first-time offender the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to two years of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

- (a) Devote time to a specific employment or occupation;
- (b) Undergo available outpatient treatment for up to two years, or inpatient treatment not to exceed the standard range of confinement for that offense;
- (c) Pursue a prescribed, secular course of study or vocational training;
- (d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (e) Report as directed to the court and a community corrections officer; or
- (f) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030 and/or perform community service work.

(6) If a sentence range has not been established for the defendant's crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community service work, a term of community supervision not to exceed one year, and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(7)(a)(i) When an offender is convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense and has no prior convictions for a sex offense or any other felony sex offenses in this or any other state, the sentencing court, on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment.

The report of the examination shall include at a minimum the following: The defendant's version of the facts and the official version of the facts, the defendant's offense history, an assessment of problems in addition to alleged deviant behaviors, the offender's social and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the defendant's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

- (A) Frequency and type of contact between offender and therapist;
- (B) Specific issues to be addressed in the treatment and description of planned treatment modalities;
- (C) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
- (D) Anticipated length of treatment; and
- (E) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall

be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(ii) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this special sexual offender sentencing alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this subsection. If the court determines that this special sex offender sentencing alternative is appropriate, the court shall then impose a sentence within the sentence range. If this sentence is less than eight years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(A) The court shall place the defendant on community supervision for the length of the suspended sentence or three years, whichever is greater; and

(B) The court shall order treatment for any period up to three years in duration. The court in its discretion shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court, and shall not change providers without court approval after a hearing if the prosecutor or community corrections officer object to the change. In addition, as conditions of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

(I) Devote time to a specific employment or occupation;

(II) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;

(III) Report as directed to the court and a community corrections officer;

(IV) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030, perform community service work, or any combination thereof; or

(V) Make recoupment to the victim for the cost of any counseling required as a result of the offender's crime.

(iii) The sex offender therapist shall submit quarterly reports on the defendant's progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, defendant's compliance with requirements, treatment activities, the defendant's relative progress in treatment, and any other material as specified by the court at sentencing.

(iv) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment. Prior to the treatment termination hearing, the treatment professional and community corrections officer shall submit written reports to the court and parties regarding the defendant's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community supervision conditions. Either party may request and the court may order another evaluation regarding the advisability of termination from treatment. The defendant shall pay the cost of any additional evaluation ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost. At the treatment termination hearing the court may: (A) Modify conditions of community supervision, and either (B) terminate treatment, or (C) extend treatment for up to the remaining period of community supervision.

(v) The court may revoke the suspended sentence at any time during the period of community supervision and order execution of the sentence if: (A) The defendant violates the conditions of the suspended sentence, or (B) the court finds that the defendant is

failing to make satisfactory progress in treatment. All confinement time served during the period of community supervision shall be credited to the offender if the suspended sentence is revoked.

(vi) After July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW.

For purposes of this subsection, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(b) When an offender is convicted of any felony sex offense committed before July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, order the offender committed for up to thirty days to the custody of the secretary of social and health services for evaluation and report to the court on the offender's amenability to treatment at these facilities. If the secretary of social and health services cannot begin the evaluation within thirty days of the court's order of commitment, the offender shall be transferred to the state for confinement pending an opportunity to be evaluated at the appropriate facility. The court shall review the reports and may order that the term of confinement imposed be served in the sexual offender treatment program at the location determined by the secretary of social and health services or the secretary's designee, only if the report indicates that the offender is amenable to the treatment program provided at these facilities. The offender shall be transferred to the state pending placement in the treatment program. Any offender who has escaped from the treatment program shall be referred back to the sentencing court.

If the offender does not comply with the conditions of the treatment program, the secretary of social and health services may refer the matter to the sentencing court. The sentencing court shall commit the offender to the department of corrections to serve the balance of the term of confinement.

If the offender successfully completes the treatment program before the expiration of the term of confinement, the court may convert the balance of confinement to community supervision and may place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

- (i) Devote time to a specific employment or occupation;
- (ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (iii) Report as directed to the court and a community corrections officer;
- (iv) Undergo available outpatient treatment.

If the offender violates any of the terms of community supervision, the court may order the offender to serve out the balance of the community supervision term in confinement in the custody of the department of corrections.

After June 30, 1993, this subsection (b) shall cease to have effect.

(c) When an offender commits any felony sex offense on or after July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, request the department of corrections to evaluate whether the offender is amenable to treatment and the department may place the offender in a treatment program within a correctional facility operated by the department.

Except for an offender who has been convicted of a violation of RCW 9A.44.040 or 9A.44.050, if the offender completes the treatment program before the expiration of his term of confinement, the department of corrections may request the court to convert the balance of confinement to community supervision and to place conditions on the

offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

- (i) Devote time to a specific employment or occupation;
- (ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
- (iii) Report as directed to the court and a community corrections officer;
- (iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his community supervision, the court may order the offender to serve out the balance of his community supervision term in confinement in the custody of the department of corrections.

Nothing in (c) of this subsection shall confer eligibility for such programs for offenders convicted and sentenced for a sex offense committed prior to July 1, 1987. This subsection (c) does not apply to any crime committed after July 1, 1990.

(d) Offenders convicted and sentenced for a sex offense committed prior to July 1, 1987, may, subject to available funds, request an evaluation by the department of corrections to determine whether they are amenable to treatment. If the offender is determined to be amenable to treatment, the offender may request placement in a treatment program within a correctional facility operated by the department. Placement in such treatment program is subject to available funds.

(8)(a) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990, assault in the second degree, any crime against a person where it is determined in accordance with RCW 9.94A.125 that the defendant or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW, committed on or after July 1, 1988, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of such community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(b) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or serious violent offense committed on or after July 1, 1990, the court shall in addition to other terms of the sentence, sentence the offender to community placement for two years or up to the period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community placement shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence. Unless a condition is waived by the court, the terms of community placement for offenders sentenced pursuant to this section shall include the following conditions:

- (i) The offender shall report to and be available for contact with the assigned community corrections officer as directed;

(ii) The offender shall work at department of corrections-approved education, employment, and/or community service;

(iii) The offender shall not consume controlled substances except pursuant to lawfully issued prescriptions;

(iv) An offender in community custody shall not unlawfully possess controlled substances; and

(v) The offender shall pay supervision fees as determined by the department of corrections.

(c) The court may also order any of the following special conditions:

(i) The offender shall remain within, or outside of, a specified geographical boundary;

(ii) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;

(iii) The offender shall participate in crime-related treatment or counseling services;

(iv) The offender shall not consume alcohol;

(v) The residence location and living arrangements of a sex offender shall be subject to the prior approval of the department of corrections; or

(vi) The offender shall comply with any crime-related prohibitions.

(d) Prior to transfer to, or during, community placement, any conditions of community placement may be removed or modified so as not to be more restrictive by the sentencing court, upon recommendation of the department of corrections.

(9) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(10) If a sentence imposed includes payment of a legal financial obligation, the sentence shall specify the total amount of the legal financial obligation owed, and shall require the offender to pay a specified monthly sum toward that legal financial obligation. Restitution to victims shall be paid prior to any other payments of monetary obligations. Any legal financial obligation that is imposed by the court may be collected by the department, which shall deliver the amount paid to the county clerk for credit. The offender's compliance with payment of legal financial obligations shall be supervised by the department. All monetary payments ordered shall be paid no later than ten years after the last date of release from confinement pursuant to a felony conviction or the date the sentence was entered. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation. Nothing in this section makes the department, the state, or any of its employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations. If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order.

(11) Except as provided under RCW 9.94A.140(1) and 9.94A.142(1), a court may not impose a sentence providing for a term of confinement or community supervision or community placement which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(12) All offenders sentenced to terms involving community supervision, community service, community placement, or legal financial obligation shall be under the supervision of the secretary of the department of corrections or such person as the secretary may designate and shall follow explicitly the instructions of the secretary including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, and notifying the community corrections officer of any change in the offender's address or employment.

(13) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(14) A departure from the standards in RCW 9.94A.400 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210 (2) through (6).

(15) The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless extraordinary circumstances exist that make restitution inappropriate in the court's judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

(16) As a part of any sentence, the court may impose and enforce an order that relates directly to the circumstances of the crime for which the offender has been convicted, prohibiting the offender from having any contact with other specified individuals or a specific class of individuals for a period not to exceed the maximum allowable sentence for the crime, regardless of the expiration of the offender's term of community supervision or community placement.

(17) In any sentence of partial confinement, the court may require the defendant to serve the partial confinement in work release ~~((or))~~, in a program of home detention, or work crew, or in a combined program of work crew and home detention.

(18) All court-ordered legal financial obligations collected by the department and remitted to the county clerk shall be credited and paid where restitution is ordered. Restitution shall be paid prior to any other payments of monetary obligations.

Sec. 4. RCW 9.94A.180 and 1988 c 154 s 4 are each amended to read as follows:

(1) An offender sentenced to a term of partial confinement shall be confined in the facility for at least eight hours per day or, if serving a work crew sentence shall comply with the conditions of that sentence as set forth in RCW 9.94A.030(23) and section 2 of this act. The offender shall be required as a condition of partial confinement to report to the facility at designated times. An offender may be required to comply with crime-related prohibitions during the period of partial confinement.

(2) An offender in a county jail ordered to serve all or part of a term of less than one year in work release, work crew, or a program of home detention who violates the rules of the work release facility, work crew, or program of home detention or fails to remain employed or enrolled in school may be transferred to the appropriate county detention facility without further court order but shall, upon request, be notified of the right to request an administrative hearing on the issue of whether or not the offender failed to comply with the order and relevant conditions. Pending such hearing, or in the absence of a request for the hearing, the offender shall serve the remainder of the term of confinement as total confinement. This subsection shall not affect transfer or placement of offenders committed to the state department of corrections.

Sec. 5. RCW 9.94A.190 and 1988 c 154 s 5 are each amended to read as follows:

(1) A sentence that includes a term or terms of confinement totaling more than one year shall be served in a facility or institution operated, or utilized under contract, by the state. Except as provided for in subsection (3) of this section, a sentence of not more than one year of confinement shall be served in a facility operated, licensed, or utilized under contract, by the county, or if home detention or work crew has been ordered by the court, in the residence of either the defendant or a member of the defendant's immediate family.

(2) If a county uses a state partial confinement facility for the partial confinement of a person sentenced to confinement for not more than one year, the county shall reimburse the state for the use of the facility as provided for in this subsection. The office of financial management shall set the rate of reimbursement based upon the average per

diem cost per offender in the facility. The office of financial management shall determine to what extent, if any, reimbursement shall be reduced or eliminated because of funds provided by the legislature to the department of corrections for the purpose of covering the cost of county use of state partial confinement facilities. The office of financial management shall reestablish reimbursement rates each even-numbered year.

(3) A person who is sentenced for a felony to a term of not more than one year, and who is committed or returned to incarceration in a state facility on another felony conviction, either under the indeterminate sentencing laws, chapter 9.95 RCW, or under this chapter shall serve all terms of confinement, including a sentence of not more than one year, in a facility or institution operated, or utilized under contract, by the state, consistent with the provisions of RCW 9.94A.400.

Sec. 6. RCW 9A.76.010 and 1979 c 155 s 35 are each amended to read as follows:

The following definitions are applicable in this chapter unless the context otherwise requires:

(1) "Custody" means restraint pursuant to a lawful arrest or an order of a court, or any period of service on a work crew: PROVIDED, That custody pursuant to chapter 13.34 RCW and RCW 74.13.020 and 74.13.031 and chapter 13.32A RCW shall not be deemed custody for purposes of this chapter;

(2) "Detention facility" means any place used for the confinement of a person (a) arrested for, charged with or convicted of an offense, or (b) charged with being or adjudicated to be a juvenile offender as defined in RCW 13.40.020 as now existing or hereafter amended, or (c) held for extradition or as a material witness, or (d) otherwise confined pursuant to an order of a court, except an order under chapter 13.34 RCW or chapter 13.32A RCW, or (e) in any work release, furlough, or other such facility or program;

(3) "Contraband" means any article or thing which a person confined in a detention facility is prohibited from obtaining or possessing by statute, rule, regulation, or order of a court.

On page 1, line 1 of the title, after "offenders;" strike the remainder of the title and insert "amending RCW 9.94A.030, 9.94A.120, 9.94A.180, 9.94A.190, and 9A.76.010; and adding a new section to chapter 9.94A RCW." and the same is herewith transmitted.

In the collection of the sales tax on mobile homes (~~and the fee imposed in RCW 59.21.060(1)~~), the department of revenue may designate the county auditors of the several counties of the state as its collecting agents. Upon such designation, it shall be the duty of each county auditor to collect the tax and the fee at the time the mobile home dealer or selling agent applies for a new certificate of ownership for such mobile home

in the instance where transfer of ownership was from a mobile home dealer or person deemed a selling agent under RCW 82.04.480, except where the applicant presents a written statement signed by the department of revenue or its duly authorized agent showing that no retail sales tax or use tax is legally due. The term "mobile home" as used in this section means a mobile home as defined in RCW 46.04.302. It shall be the duty of every mobile home dealer or selling agent to declare upon the application for a new certificate of ownership the selling price paid for the mobile home. Any person willfully misrepresenting, or failing or refusing to declare upon the application, such selling price shall be guilty of a gross misdemeanor.

Each county auditor who acts as agent of the department of revenue shall at the time of remitting license fee receipts on motor vehicles subject to the provisions of RCW 82.12.045 pay over and account to the state treasurer for all sales tax revenue collected under this section, after first deducting as his or her collection fee the sum of two dollars for each mobile home upon which the tax has been collected.

Any applicant who has paid sales tax to a county auditor under this section may apply to the department of revenue for refund thereof if he has reason to believe that such tax was not legally due and owing. No refund is allowed unless application therefor is received by the department of revenue within four years after payment of the tax. Upon receipt of an application for refund the department of revenue shall consider the same and issue its order either granting or denying it and if refund is denied the taxpayer shall have the right of appeal as provided in RCW 82.32.170, 82.32.180, and 82.32.190.

The provisions of this section shall be construed as cumulative of other methods prescribed in chapters 82.04 to 82.32 RCW, inclusive, for the collection of the tax imposed by this chapter. The department of revenue shall have power to adopt such rules as may be necessary to administer the provisions of this section. Any duties required by this section to be performed by the county auditor may be performed by the director of licensing but no collection fee shall be deductible by the director of licensing in remitting sales tax revenue to the state treasurer.

Sec. 6. RCW 82.45.090 and 1990 c 171 s 7 are each amended to read as follows:

The tax imposed by this chapter (~~and the fee imposed in RCW 59.21.060(1)~~) shall be paid to and collected by the treasurer of the county within which is located the real property which was sold, said treasurer acting as agent for the state. The county treasurer shall cause a stamp evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales and used floating home sales. A receipt issued by the county treasurer for the payment of the tax imposed under this chapter shall be evidence of the satisfaction of the lien imposed hereunder and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax shall be accepted by the county auditor for filing or recording until the tax shall have been paid and the stamp affixed thereto; in case the tax is not due on the transfer, the instrument shall not be so accepted until suitable notation of such fact has been made on the instrument by the treasurer.

NEW SECTION. Sec. 7. The fifteen-dollar fee imposed in section 1 of this act on the transfer or elimination of mobile home titles for deposit in the mobile home affairs account, shall supersede the fifteen dollars collected in RCW 59.21.060 for deposit into the mobile home affairs account on July 1, 1991.

NEW SECTION. Sec. 8. A new section is added to chapter 59.21 RCW to read as follows:

The legislature recognizes that it is quite costly to move a mobile home. Many mobile home tenants need financial assistance in order to move their mobile homes from a mobile home park. The purpose of this chapter is to provide a mechanism for assisting mobile home tenants to relocate to suitable alternative sites when the mobile home park in which they reside is closed or converted to another use.

NEW SECTION. Sec. 9. A new section is added to chapter 59.21 RCW to read as follows:

Each mobile home park-owner shall pay an annual fee of five dollars for each occupied lot in the mobile home park. Lots that are occupied by mobile homes or recreational vehicles owned by the park-owner are exempt from this fee requirement. The fee shall be due on October 1 of each year. The fee shall be remitted by the park-owner to the department of revenue under rules as the department shall prescribe. The fee imposed under this section shall be forwarded by the department of revenue to the state treasurer for deposit into the mobile home park relocation fund. The provisions of chapter 82.32 RCW shall apply to the collection and enforcement of this fee.

Sec. 10. RCW 59.21.010 and 1990 c 171 s 1 are each amended to read as follows:

(3) "Fund" means the mobile home park relocation fund established under RCW 59.21.050 consisting of ~~((tenant and landlord contributions))~~ park-owner fee payments under section 9 of this act as well as park-owner payments when there are insufficient moneys in its fund.

(5) "Mobile home park" or "park" means real property that is rented or held out for rent to others for the placement of two or more mobile homes for the primary purpose of production of income, except where the real property is rented or held out for rent for seasonal recreational purpose only and is not intended for year-round occupancy.

(6) "Landlord" or "park-owner" means the owner of the mobile home park that is being closed at the time relocation assistance is provided.

(7) "Relocate" means to remove the mobile home from the mobile home park being closed.

Sec. 11. RCW 59.21.020 and 1990 c 171 s 2 are each amended to read as follows:

(1) If a mobile home park is closed or converted to another use, all ~~((affected))~~ low-income park tenants owning a mobile home are entitled to relocation assistance from the park-owner or the fund at the time the tenant relocates as follows: (a) For a single-wide mobile home, four thousand five hundred dollars; and (b) for a double-wide or larger mobile home, seven thousand five hundred dollars. ~~((No park tenant shall receive relocation assistance from the park owner or the fund for relocation of a recreational vehicle))~~ The park-owner shall pay the actual relocation expenses, not to exceed two thousand dollars, for the relocation of recreational vehicles used as residences. The relocation assistance costs shall be adjusted annually by the housing component of the consumer price index for the Washington state area.

(2) When a tenant is forced to relocate before July 1, 1991, the payment of relocation assistance as provided by this section shall be paid by the park-owner. However, if the tenant has been given notice to vacate prior to April 1, 1989, and the tenant has not yet relocated as of April 28, 1989, the payment of relocation assistance by the park-owner shall be required only if the tenant is low income.

(3) When a tenant is forced to relocate after June 30, 1991, the payment of relocation assistance to low-income park tenants as provided in this section shall be ~~((shared as follows: The landlord or park owner shall provide one third and the fund shall provide two thirds.~~

~~(4) After July 1, 1992, (a) if twenty four months' notice of closure is given, the landlord or park owner shall provide five hundred dollars for a single wide home or one thousand dollars for a double wide or larger home and the fund shall provide the balance of the relocation assistance to low income park tenants; (b) if the park owner gives less than twenty four months' notice the park owner shall provide one third and the fund shall provide two thirds of the relocation assistance to low income park tenants.~~

~~(5)) made from the mobile home park relocation fund unless there are insufficient moneys in the fund.~~

(4) The park-owner shall be responsible for paying up to the full amount of relocation assistance to low-income park tenants if there are insufficient moneys in the fund until July 1, 1992. The department shall adopt rules governing disbursements of assistance from the fund and park-owner payments when there are insufficient moneys to meet the demand for relocation assistance.

(5) The tenant may recover court costs and a reasonable attorney's fee in any action brought to require the park-owner to pay relocation assistance in which the tenant prevails.

(6) If the park-owner does not pay his or her portion of the relocation assistance when required by this chapter, the department shall have a lien on the real property on which the park is located. Such lien shall be collected as delinquent general property taxes and shall be forwarded to the department by the county treasurer.

(7) All tenants eligible for relocation assistance shall apply for verification of eligibility to the department. The department shall issue a document to each tenant signifying the tenant's low-income status, or status other than low income to be given to the park-owner by the tenant.

~~((6) The park owner shall be responsible for paying up to the full amount of relocation assistance to low income park tenants if there are insufficient moneys in the fund. The department shall adopt rules governing disbursements of assistance from the fund and park owner payments when there are insufficient moneys to meet the demand for relocation assistance.~~

~~(7) The park owner shall pay park tenants who do not qualify as low income tenants the same amount of relocation assistance that low income park tenants are entitled to from the park owners under this section. The landlord shall pay the relocation assistance directly to the tenant if the tenant submits to the landlord a copy of the contract entered into for the purpose of relocating the mobile home, which includes the date of relocation. The tenant may recover court costs and a reasonable attorney's fee in any action brought to require the landlord to pay relocation assistance under this subsection in which the tenant prevails.~~

If the landlord does not pay his or her portion of the relocation assistance to the department when required by this chapter, the department shall have a lien on the real property on which the park is located. Such lien shall be collected as delinquent general property taxes and shall be forwarded to the department by the county treasurer.~~

~~(9)) (8) The director or his or her designee shall approve all expenditures from the fund.~~

~~((10)) (9) Relocation assistance contributions required from landlords or park-owners by this section shall be reduced by the amount paid or required to be paid under any other law for the same mobile home park tenant for the same relocation.~~

~~((14)) (10) Notwithstanding RCW 59.21.100, it is a violation of this chapter to request or require as a condition of initiating or renewing a tenancy in a mobile home park, a waiver of relocation assistance under this section or any other law or ordinance.~~

~~((12))~~ (11) Any park-owner coercing or attempting to coerce a tenant into terminating a tenancy for the purpose of avoiding the payment of relocation assistance shall give rise to a civil cause of action for damages or equitable relief by a tenant injured by such act.

Sec. 12. RCW 59.21.050 and 1990 c 171 s 5 are each amended to read as follows:

(1) The mobile home park relocation fund is created in the custody of the state treasurer. All legislative appropriations for mobile home relocation assistance, receipts from fees collected under this chapter, and amounts required to be paid by park-owners to low-income park tenants when there are insufficient moneys in the fund shall be deposited into the fund. Expenditures from the fund may be used only for relocation assistance under RCW 59.21.020, or transfer to the mobile home park purchase fund under subsection (2) of this section. Only the director of community development or the director's designee may authorize expenditures from the fund. All relocation payments to low-income park tenants, including those due from the park-owner shall be made from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(2) The state treasurer shall maintain the fund and shall invest the fund moneys. Moneys earned on these investments shall be deposited in the fund and shall be used for the same purposes as other fund moneys. Unexpended and unencumbered moneys that remain in the fund at the end of the fiscal year do not revert to the state general fund but remain in the fund, separately accounted for, as a contingency reserve, or if the director determines at the end of any fiscal year beginning after December 31, 1991, that the fund contains a surplus over the projected amount needed for relocation during the upcoming year(s), any surplus may be transferred to the mobile home park purchase fund created by chapter 59.22 RCW. However, the director may cause any uncommitted funds in the mobile home park purchase fund which were transferred from the mobile home park relocation fund to be transferred back to the mobile home park relocation fund if that fund cannot otherwise meet its current obligations.

(3) A low-income park tenant who is entitled to relocation assistance under this chapter is entitled to payment only after submitting an application which includes: (a) A copy of the notice from the park-owner that the tenancy is terminated due to closure of the park; (b) a copy of the rental agreement currently in force; and (c) a copy of the contract entered into for the purpose of relocating the mobile home, which includes the date of relocation.

(4) The director may adopt rules for the administration of the fund.

Sec. 13. RCW 59.21.060 and 1990 c 171 s 6 are each amended to read as follows:

(1) There is hereby imposed a fee of sixty-five dollars on every transfer of title issued pursuant to chapter 46.12 RCW on new or used mobile homes where ownership of the mobile home is changed ~~((by any transaction including but not limited to sales and gift transactions and transfers of ownership which involve))~~ and on each application for the elimination of title under chapter 65.20 ((RCW)) RCW. The ~~((county auditor or county treasurer))~~ department of licensing or its agents shall collect the fee ((as provided in chapter 82.08 or 82.45 RCW)) when processing the application for transfer or elimination of title. The fee collected under this section shall be forwarded to the state treasurer. The state treasurer shall deposit fifty dollars of each fee collected in the mobile home park relocation fund created under RCW 59.21.050 and the remaining fifteen dollars of each fee collected in the mobile home affairs account created by RCW 59.22.070.

(2) The ~~((department of revenue, the))~~ department of licensing((+)) and the state treasurer may enact any rules necessary to carry out this section.

(3) This section shall expire July 1, 1992.

Sec. 14. RCW 59.21.110 and 1989 c 201 s 15 are each amended to read as follows: Any person who intentionally violates, intentionally attempts to evade, or intentionally evades the provisions of this ((aet)) chapter is guilty of a misdemeanor.

NEW SECTION. Sec. 15. A new section is added to chapter 59.21 RCW to read as follows:

The department shall waive the requirement for a park-owner to pay relocation assistance under this chapter when the mobile home park is involuntarily closed. A park-owner may not avoid the responsibility to pay relocation assistance by failing to provide necessary maintenance to the park. The department shall adopt rules for the granting of waivers under this section.

NEW SECTION. Sec. 16. A new section is added to chapter 59.21 RCW to read as follows:

(1) The legislature finds that existing older mobile homes provide affordable housing to many persons of low income, and that requiring these homes that are legally located in mobile home parks to meet new fire, safety, and construction codes because they are relocating due to the closure or conversion of the mobile home park, compounds the economic burden facing these tenants.

(2) Mobile homes that are relocated due to either the closure or conversion of a mobile home park, may not be required by any city or county to comply with the requirements of any applicable fire, safety, or construction code for the sole reason of its relocation. This section shall only apply if the original occupancy classification of the building is not changed as a result of the move.

(3) This section shall not apply to mobile homes that are substantially remodeled or rehabilitated, nor to any work performed in compliance with installation requirements. For the purpose of determining whether a moved mobile home has been substantially remodeled or rebuilt, any cost relating to preparation for relocation or installation shall not be considered.

NEW SECTION. Sec. 17. This act shall not be construed as affecting any existing right acquired or liability or obligation incurred under the sections amended or repealed in this act or under any rule or order adopted under those sections, nor as affecting any proceeding instituted under those sections.

NEW SECTION. Sec. 18. RCW 59.22.900 and 1987 c 482 s 12 are each repealed.

NEW SECTION. Sec. 19. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 20. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991.

On page 1, line 1 of the title, after "affairs;" strike the remainder of the title and insert "amending RCW 59.22.020, 59.22.050, 82.08.065, 82.45.090, 59.21.010, 59.21.020, 59.21.050, 59.21.060, and 59.21.110; adding new sections to chapter 59.22 RCW; adding new sections to chapter 59.21 RCW; creating new sections; repealing RCW 59.22.900; providing an effective date; and declaring an emergency."

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;

(3) All advertising which is false, fraudulent, or misleading;

(4) Incompetence, negligence, or malpractice which results in injury to a patient or which creates an unreasonable risk that a patient may be harmed;

(5) Suspension, revocation, or restriction of the individual's license to practice the profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;

(6) The possession, use, prescription for use, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, diversion of controlled substances or legend drugs, the violation of any drug law, or prescribing controlled substances for oneself;

(7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

(8) Failure to cooperate with the disciplining authority by:

(a) Not furnishing any papers or documents;

(b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority; or

(c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding;

(9) Failure to comply with an order issued by the disciplining authority or an assurance of discontinuance entered into with the disciplining authority;

(10) Aiding or abetting an unlicensed person to practice when a license is required;

(11) Violations of rules established by any health agency;

(12) Practice beyond the scope of practice as defined by law or rule;

(13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

(14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;

(15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;

(16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(18) The procuring, or aiding or abetting in procuring, a criminal abortion;

(19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

(20) The willful betrayal of a practitioner-patient privilege as recognized by law;

(21) Violation of chapter 19.68 RCW;

(22) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action;

(23) Current misuse of:

(a) Alcohol;

(b) Controlled substances; or

(c) Legend drugs;

(24) Abuse of a client or patient or sexual contact with a client or patient;

(25) Acceptance of more than a nominal gratuity, hospitality, or subsidy offered by a representative or vendor of medical or health-related products or services intended for patients, in contemplation of a sale or for use in research publishable in professional journals, where a conflict of interest is presented, as defined by rules of the disciplining authority, in consultation with the department, based on recognized professional ethical standards.

If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the local agency shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect the cost from the owner;

Sec. 22. RCW 46.16.390 and 1984 c 51 s 1 are each amended to read as follows:

A special license plate ~~((,))~~ or card ~~((, or decal))~~ issued by another state or country that indicates an occupant of the vehicle is disabled, entitles the vehicle on or in which it is displayed and being used to transport the disabled person to lawfully park in a parking place reserved for physically disabled persons pursuant to chapter 70.92 RCW or authority implemental thereof.

Sec. 23. RCW 46.20.308 and 1989 c 337 s 8 are each amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcoholic content of his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. However, in those instances where: (a) The person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample; or (b) as a result of a traffic accident the person is being treated for a medical condition in a hospital, clinic, doctor's office, or other similar facility in which a breath testing instrument is not present, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(4). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that (a) his or her privilege to drive will be revoked or denied if he or she refuses to submit to the test, and (b) that his or her refusal to take the test may be used in a criminal trial.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which another person has been injured and there is a reasonable likelihood that such other person may die as a result of injuries sustained in

the accident, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) The department of licensing, upon the receipt of a sworn report of the law enforcement officer that the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor and that the person had refused to submit to the test or tests upon the request of the law enforcement officer after being informed that refusal would result in the revocation of the person's privilege to drive, shall revoke the person's license or permit to drive or any nonresident operating privilege.

(7) Upon revoking the license or permit to drive or the nonresident operating privilege of any person, the department shall immediately notify the person involved in writing by personal service or by certified mail of its decision and the grounds therefor, and of the person's right to a hearing, specifying the steps he or she must take to obtain a hearing. Within fifteen days after the notice has been given, the person may, in writing, request a formal hearing. Upon receipt of such request, the department shall afford the person an opportunity for a hearing as provided in RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest. For the purposes of this section, the scope of such hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor, whether the person was placed under arrest, and whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's privilege to drive. The department shall order that the revocation either be rescinded or sustained. Any decision by the department revoking a person's driving privilege shall be stayed and shall not take effect while a formal hearing is pending as provided in this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during pendency of the hearing and appeal.

(8) If the revocation is sustained after such a hearing, the person whose license, privilege, or permit is revoked has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the manner provided in RCW 46.20.334.

(9) The department shall rescind the revocation of a person's driving privilege under this section upon notification from the court of record that, for the incident upon which the department based its administrative action:

(a)(i) The officer's grounds for believing that the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor were based solely on a nonalcohol or nondrug-related medical condition or (ii) the person's refusal or inability to submit to a breath test was based solely on a nonalcohol or nondrug-related medical condition; and

(b) The person has been found not guilty of driving or being in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug including any drug prescribed for the medical condition. Upon

notification from the court of record of a not guilty finding, the department shall expunge the implied consent violation from the person's driving record.

(10) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been revoked, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

Sec. 24. RCW 46.30.020 and 1989 c 353 s 2 are each amended to read as follows:

(1) No person may operate a motor vehicle subject to registration under chapter 46.16 RCW in this state unless the person is insured under a motor vehicle liability policy with liability limits of at least the amounts provided in RCW 46.29.090, is self-insured as provided in RCW 46.29.630, is covered by a certificate of deposit in conformance with RCW 46.29.550, or is covered by a liability bond of at least the amounts provided in RCW 46.29.090.

(2) A violation of this section constitutes a traffic infraction punishable by a fine of two hundred and fifty dollars unless a court determines that in the interest of justice the fine should be reduced. In lieu of the fine, a court may permit the defendant to perform community service designated by the court.

(3) If a person cited for a violation of this section appears in person before the court and provides written evidence that at the time the person was cited, he or she was in compliance with this section, the citation shall be dismissed. In lieu of personal appearance, a person cited for a violation of this section may, before the date scheduled for the person's appearance before the court, submit by mail to the court written evidence that at the time the person was cited, he or she was in compliance with this section, in which case the citation shall be dismissed.

(4) The provisions of this chapter shall not govern:

(a) The operation of a motor vehicle registered under RCW (~~46.16.310 or 46.16.315~~) 46.16.305(1), governed by RCW 46.16.020, or registered with the Washington utilities and transportation commission as common or contract carriers; or

This section does not apply to those zones or areas in which the stopping, parking, or standing of all vehicles is prohibited or which are reserved for special types of vehicles. The person shall obtain and display a special (~~card, decal,~~) placard or license plate under RCW 46.16.381 to be eligible for the privileges under this section.

The business of a vehicle dealer, including the display and repair of vehicles, may be lawfully carried on at an established place of business in accordance with the terms of all applicable building code, zoning, and other land-use regulatory ordinances. The dealer shall keep the building open to the public so that they may contact the vehicle dealer or the dealer's salespersons at all reasonable times. The books, records, and files necessary to conduct the business shall be kept and maintained at that place. The established place of business shall display an exterior sign with the ~~((business))~~ business name and nature of the business, such as auto sales, permanently affixed to the land or building, with letters clearly visible to the major avenue of traffic. In no event may a room or rooms in a hotel, rooming house, or apartment house building or part of a single or multiple-unit dwelling house be considered an "established place of business" unless the ground floor of such a dwelling is devoted principally to and occupied for commercial purposes and the dealer offices are located on the ground floor. This subsection does not apply to auction companies that do not own vehicle inventory or sell vehicles from an auction yard.

(2) An auction company shall have office facilities within the state. The books, records, and files necessary to conduct the business shall be maintained at the office facilities. All storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. An auction company shall maintain a telecommunications system.

(3) Auction companies shall post their vehicle dealer license at each auction where vehicles are offered, and shall provide the department with the address of the auction at least three days before the auction.

(4) If a dealer maintains a place of business at more than one location or under more than one name in this state, he or she shall designate one location as the principal place of business of the firm, one name as the principal name of the firm, and all other locations or names as subagencies. A subagency license is required for each and every subagency: PROVIDED, That the department may grant an exception to the subagency requirement in the specific instance where a licensed (~~new motor vehicle~~) dealer is unable to locate their used vehicle sales facilities adjacent to or at the established place of business. This exception shall be granted and defined under the promulgation of rules consistent with the Administrative Procedure Act.

(5) All vehicle dealers shall maintain ownership or leasehold throughout the license year of the real property from which they do business. The dealer shall provide the department with evidence of ownership or leasehold whenever the ownership changes or the lease is terminated.

(6) A subagency shall comply with all requirements of an established place of business, except that auction companies shall comply with the requirements in subsection (2) of this section.

(7) A temporary subagency shall meet all local zoning and building codes for the type of merchandising being conducted. The dealer license certificate shall be posted at the location. (10) A listing dealer need not have a display area if the dealer does not physically maintain any vehicles for display.

(11) A subagency license is not required for a mobile home dealer to display an on-site display model, a consigned mobile home not relocated from its site, or a repossessed mobile home if sales are handled from a principal place of business or subagency. A mobile home dealer shall identify on-site display models, repossessed mobile homes, and those consigned at their sites with a sign that includes the dealer's name and telephone number.

(12) Every vehicle dealer shall advise the department of the location of each and every place of business of the firm and the name or names under which the firm is doing business at such location or locations. If any name or location is changed, the dealer shall notify the department of such change within ten days. The license issued by the department shall reflect the name and location of the firm and shall be posted in a conspicuous place at that location by the dealer.

(13) A vehicle dealer's license shall upon the death or incapacity of an individual vehicle dealer authorize the personal representative of such dealer, subject to payment of license fees, to continue the business for a period of six months from the date of the death or incapacity.

REPORT OF CONFERENCE COMMITTEE

SHB 1956

April 26, 1991

Includes "New Item": YES

Changing provisions for plant protection.

Mr. President:

Mr. Speaker:

We of your Conference Committee, to whom was referred SUBSTITUTE HOUSE BILL NO. 1956, Plant protection, have had the same under consideration and we recommend that:

The Senate Committee on Agriculture and Water Resources amendment be not adopted; and

That the following 2nd Conference Committee striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 15.09.080 and 1982 c 153 s 4 are each amended to read as follows:

(1) Whenever the horticultural pest and disease control board finds that an owner of land has failed to control and prevent the spread of horticultural pests and diseases on his land, as is his duty under RCW 15.09.060, it shall provide such person with written notice, which notice shall identify the pests and diseases found to be present and shall order prompt control or disinfection action to be taken within a specified and reasonable time period.

(2) If the person to whom the notice is directed fails to take action in accordance with this notice, then the board shall perform or cause to be performed such measures as

are necessary to control and prevent the spread of the pests and diseases on such property and the expense of this work shall be charged to such person. Any action that the board determines requires the destruction of infested plants, absent the consent of the owner, shall be subject to the provisions of subsection (3) of this section.

(3) In the event the owner of land fails to control and prevent the spread of horticultural pests and diseases as required by RCW 15.09.060, and the county horticultural pest and disease board determines that actions it has taken to control and prevent the spread of such pests or diseases has not been effective or the county horticultural pest and disease board determines that no reasonable measures other than removal of the plants will control and prevent the spread of such pests or diseases, the county horticultural pest and disease board may petition the superior court of the county in which the property is situated for an order directing the owner to show cause why the plants should not be removed at the owner's expense and for an order authorizing removal of said infested plants. The petition shall state: (a) The legal description of the property on which the plants are located; (b) the name and place of residence, if known, of the owners of said property; (c) that the county horticultural pest and disease board has, through its officers or agents, inspected said property and that the plants thereon, or some of them, are infested with a horticultural pest or disease as defined by RCW 15.08.010; (d) the dates of all notices and orders delivered to the owners pursuant to this section; (e) that the owner has failed to control and prevent the spread of said horticultural pest or disease; and (f) that the county horticultural pest and disease board has determined that the measures taken by it have not controlled or prevented the spread of the pest or disease or that no reasonable measure can be taken that will control and prevent the spread of such pest or disease except removal of the plants. The petition shall request an order directing the owner to appear and show cause why the plants on said property shall not be removed at the expense of the owner, to be collected as provided in this chapter. The order to show cause shall direct the owner to appear on a date certain and show cause, if any, why the plants on the property described in the petition should not be removed at the owner's expense. The order to show cause and petition shall be served on the owner not less than five days before the hearing date specified in the order in the same manner as a summons and complaint. In the event the owner fails to appear or fails to show by competent evidence that the horticultural pest or disease has been controlled, then the court shall authorize the county horticultural pest and disease board to remove the plants at the owner's expense, to be collected as provided by this chapter. If the procedure provided herein is followed, no action for damages for removal of the plants shall lie against the county horticultural pest and disease board, its officers or agents, or the county in which it is situated.

Sec. 2. RCW 15.26.155 and 1983 c 281 s 3 are each amended to read as follows:

The producers of tree fruit subject to the provisions of this chapter may at any time, by referendum conducted by the department and approved by a majority of the producers voting, establish an additional assessment for programs including but not limited to sanitation programs and the reregistration of plant protection products for use on minor crops. ~~((The total amount assessed for any specific industry service program under this section shall not exceed one hundred thousand dollars in any single crop year.))~~ The members of the commission may, subject to approval by two-thirds of the voting members of the commission, suspend all or part of the assessments on tree fruit under this section.

NEW SECTION. Sec. 3. PURPOSE. The purpose of this chapter is to provide a strong system for the exclusion of plant and bee pests and diseases through regulation of movement and quarantines of infested areas to protect the forest, agricultural, horticultural, floricultural, and apiary industries of the state; plants and shrubs within the state; and the environment of the state from the impact of insect pests, plant pathogens,

noxious weeds, and bee pests and the public and private costs that result when these infestations become established.

(19) "Biological control agent" means a parasite, predator, or pathogen intentionally released, by humans, into a target host or prey population with the intent of causing population reduction of that host or prey.

(20) "Emergency" means a situation where there is an imminent danger of an infestation of plant pests or disease that seriously threatens the state's agricultural or horticultural industries or environment and that cannot be adequately addressed with normal procedures or existing resources.

NEW SECTION. Sec. 5. REGULATION OF PLANT, PLANT PRODUCT, AND BEE MOVEMENT. Notwithstanding the provisions of section 8 of this act, the director may:

(1) Make rules under which plants, plant products, bees, hives and beekeeping equipment, and noxious weeds may be brought into this state from other states, territories, or foreign countries; and

(2) Make rules with reference to plants, plant products, bees, bee hives and equipment, and genetically engineered organisms while in transit through this state as may be deemed necessary to prevent the introduction into and dissemination within this state of plant and bee pests and noxious weeds.

NEW SECTION. Sec. 6. INSPECTION AND INVESTIGATION. (1) The director may intercept and hold or order held for inspection, or cause to be inspected while in transit or after arrival at their destination, all plants, plant products, bees, or other articles likely to carry plant pests, bee pests, or noxious weeds being moved into this state from another state, territory, or a foreign country or within or through this state for plant and bee pests and disease.

(2) The director may enter upon public and private premises at reasonable times for the purpose of carrying out this chapter. If the director be denied access, the director may apply to any court of competent jurisdiction for a search warrant authorizing access to such premises. The court may upon such application issue the search warrant for the purposes requested.

(3) The director may adopt rules in accordance with chapter 34.05 RCW as may be necessary to carry out the purposes and provisions of this chapter.

NEW SECTION. Sec. 7. DETERMINATION OF ORIGIN. The director may demand of a person who has in his or her possession or under his or her control, plants, bees, plant products, or other articles that may carry plant pests, bee pests, or noxious weeds, full information as to the origin and source of these items. Failure to provide that information, if known, may subject the person to a civil penalty.

NEW SECTION. Sec. 8. POWER TO ADOPT QUARANTINE MEASURES--RULES. If determined to be necessary to protect the forest, agricultural, horticultural, floricultural, beekeeping, or environmental interests of this state, the director may declare a quarantine against an area, place, nursery, orchard, vineyard, apiary, or other agricultural establishment, county or counties within the state, or against other states, territories, or foreign countries, or a portion of these areas, in reference to plant pests, or bee pests, or noxious weeds, or genetically engineered plant or plant pest organisms. The director may prohibit the movement of all regulated articles from such quarantined places or areas that

are likely to contain such plant pests or noxious weeds or genetically engineered plant, plant pest, or bee pest organisms. The quarantine may be made absolute or rules may be adopted prescribing the conditions under which the regulated articles may be moved into, or sold, or otherwise disposed of in the state.

NEW SECTION. Sec. 9. **INTRODUCTION OF PLANT PESTS, NOXIOUS WEEDS, OR ORGANISMS AFFECTING PLANT LIFE.** The introduction into or release within the state of a plant pest, noxious weeds, bee pest, or any other organism that may directly or indirectly affect the plant life of the state as an injurious pest, parasite, predator, or other organism is prohibited, except under special permit issued by the department under rules adopted by the director. A special permit is not required for the introduction or release within the state of a genetically engineered plant or plant pest organism if the introduction or release has been approved under provisions of federal law and the department has been notified of the planned introduction or release. The department shall be the sole issuing agency for the permits. Except for research projects approved by the department, no permit for a biological control agent shall be issued unless the department has determined that the parasite, predator, or plant pathogen is target organism or plant specific and not likely to become a pest of nontarget plants or other beneficial organisms. The director may also exclude biological control agents that are infested with parasites determined to be detrimental to the biological control efforts of the state. The department may rely upon findings of the United States department of agriculture or any experts that the director may deem appropriate in making a determination about the threat posed by such organisms. In addition, the director may request confidential business information subject to the conditions in section 10 of this act.

Plant pests, noxious weeds, or other organisms introduced into or released within this state in violation of this section shall be subject to detention and disposition as otherwise provided in this chapter.

NEW SECTION. Sec. 10. **PROTECTION OF PRIVILEGED OR CONFIDENTIAL INFORMATION--PROCEDURE--NOTICE--DECLARATORY JUDGMENT.** (1) In submitting data required by this chapter, the applicant may: (a) Mark clearly portions of data which in his or her opinion are trade secrets or commercial or financial information; and (b) submit the marked material separately from other material required to be submitted under this chapter.

(2) Notwithstanding any other provision of this chapter or other law, the director shall not make information submitted by an applicant or registrant under this chapter available to the public if, in the judgment of the director, the information is privileged or confidential because it contains or relates to trade secrets or commercial or financial information. Where necessary to carry out the provisions of this chapter, information relating to unpublished formulas of products acquired by authorization of this chapter may be revealed to any state or federal agency consulted and may be revealed at a public hearing or in findings of fact issued by the director.

(3) If the director proposes to release for inspection or to reveal at a public hearing or in findings of fact issued by the director, information that the applicant or registrant believes to be protected from disclosure under subsection (2) of this section, he or she shall notify the applicant or registrant in writing, by certified mail. The director may not make this data available for inspection nor reveal the information at a public hearing or in findings of fact issued by the director until thirty days after receipt of the notice by the applicant or registrant. During this period, the applicant or registrant may withdraw the application or may institute an action in the superior court of Thurston county for a declaratory judgment as to whether the information is subject to protection under subsection (2) of this section.

NEW SECTION. Sec. 11. COMPLIANCE AGREEMENTS. The director may enter into compliance agreements with a person engaged in growing, handling, or moving articles, bees, plants, or plant products regulated under this chapter.

NEW SECTION. Sec. 12. PROHIBITED ACTS. It shall be unlawful for a person to:

(1) Sell, offer for sale, or distribute a noxious weed or a plant or plant product or regulated article infested or infected with a plant pest declared by rule to be a threat to the state's forest, agricultural, horticultural, floricultural, or beekeeping industries or environment;

(2) Knowingly receive a noxious weed, or a plant, plant product, bees, bee hive or appliances, or regulated article sold, given away, carried, shipped, or delivered for carriage or shipment within this state, in violation of the provisions of this chapter or the rules adopted under this chapter;

(3) Fail to immediately notify the department and isolate and hold the noxious weed, bees, bee hives or appliances, plants or plant products, or other thing unopened or unused subject to inspection or other disposition as may be provided by the department, where the item has been received without knowledge of the violation and the receiver has become subsequently aware of the potential problem;

(4) Knowingly conceal or willfully withhold available information regarding an infested or infested plant, plant product, regulated article, or noxious weed;

(5) Introduce or move into this state, or to move or dispose of in this state, a plant, plant product, or other item included in a quarantine, except under rules as may be prescribed by the department, after a quarantine order has been adopted under this chapter against a place, nursery, orchard, vineyard, apiary, other agricultural establishment, county of this state, another state, territory, or a foreign country as to a plant pest, bee pest, or noxious weed or genetically engineered plant or plant pest organism, until such quarantine is removed.

NEW SECTION. Sec. 13. IMPOUND AND DISPOSITION. (1) If upon inspection, the director finds that an inspected plant or plant product or bees are infested or infested or that a regulated article is being held or transported in violation of a rule or quarantine of the department, the director shall notify the owner that a violation of this chapter exists. The director may impound or order the impounding of the infested or infested or regulated article in such a manner as may be necessary to prevent the threat of infestation. The notice shall be in writing and sent by certified mail or personal service identifying the impounded article and giving notice that the articles will be treated, returned to the shipper or to a quarantined area, or destroyed in a manner as to prevent infestation. The impounded article shall not be destroyed unless the director determines that (a) no effective treatment can be carried out; and (b) the impounded article cannot be returned to the shipper or shipped back to a quarantine area without threat of infestation to this state; and (c) mere possession by the owner constitutes an emergency.

(2) Before taking action to treat, return, or destroy the impounded article, the director shall notify the owner of the owner's right to a hearing before the director under chapter 34.05 RCW. Within ten days after the notice has been given the owner may request a hearing. The request must be in writing.

NEW SECTION. Sec. 14. STATE-WIDE SURVEY AND CONTROL ACTIVITY. If there is reason to believe that a plant or bee pest may adversely impact the forestry, agricultural, horticultural, floricultural, or related industries of the state; or may cause harm to the environment of the state; or such information is needed to facilitate or allow

the movement of forestry, agricultural, horticultural, or related products to out-of-state, foreign and domestic markets, the director may conduct, or cause to be conducted, surveys to determine the presence, absence, or distribution of a pest.

The director may take such measures as may be required to control or eradicate such pests where such measures are determined to be in the public interest, are technically feasible, and for which funds are appropriated or provided through cooperative agreements.

NEW SECTION. Sec. 15. **DIRECTOR'S COOPERATION WITH OTHER AGENCIES.** The director may enter into cooperative arrangements with a person, municipality, county, Washington State University or any of its experiment stations, or other agencies of this state, and with boards, officers, and authorities of other states and the United States, including the United States department of agriculture, for the inspection of bees, plants and plant parts and products and the control or eradication of plant pests, bee pests, or noxious weeds and to carry out other provisions of this chapter.

NEW SECTION. Sec. 16. **ACQUISITION OF LANDS, WATER SUPPLY, OR OTHER PROPERTIES FOR QUARANTINE LOCATIONS.** The director may acquire, in fee or in trust, by gift, or whenever funds are appropriated for such purposes, by purchase, easement, lease, or condemnation, lands or other property, water supplies, as may be deemed necessary for use by the department for establishing quarantine stations for the purpose of the isolation, prevention, eradication, elimination, and control of insect pests or plant pathogens that affect the agricultural or horticultural products of the state; for the propagation of biological control agents; or the isolation of genetically engineered plants or plant pests; or the isolation of bee pests.

NEW SECTION. Sec. 17. **REQUESTED INSPECTIONS--FEE FOR SERVICE.** To facilitate the movement or sale of forest, agricultural, floricultural, horticultural and related products, or bees and related products, the director may provide, if requested by farmers, growers, or other interested persons, special inspections, pest identifications, plant identifications, plant diagnostic services, other special certifications and activities not otherwise authorized by statute and to prescribe a fee for that service. The fee shall, as closely as practical, cover the cost of the service rendered, including the salaries and expenses of the personnel involved. Moneys collected shall be deposited in the plant pest account, which is hereby created within the agricultural local fund. No appropriation is required for disbursement from the plant pest account to provide the services authorized by this section.

NEW SECTION. Sec. 18. **PENALTIES--CRIMINAL AND CIVIL PENALTY.** Whenever the director finds that a person has committed a violation of any of the provisions of this chapter, and that violation has not been punished pursuant to RCW 17.24.100, the director may impose upon and collect from the violator a civil penalty not exceeding five thousand dollars per violation. Each violation shall be a separate and distinct offense. A person who knowingly, through an act of commission or omission, procures or aids or abets in the violation shall be considered to have violated this section and may be subject to the civil penalty.

NEW SECTION. Sec. 19. **VIOLATIONS--COSTS OF CONTROL.** A person who, through a knowing and willful violation of a quarantine established under this chapter, causes an infestation to become established, may be required to pay the costs of public control or eradication measures caused as a result of that violation.

NEW SECTION. Sec. 20. **FUNDS FOR TECHNICAL AND SCIENTIFIC SERVICES.** The director may, at the director's discretion, provide funds for technical or scientific services, labor, materials and supplies, and biological control agents for the control of plant pests, bee pests, and noxious weeds.

The director's findings shall contain an evaluation of the affect of the emergency measures on public health.

(2) If an emergency is declared pursuant to RCW 43.06.010(14), the director may appoint a committee to advise the governor through the director and to review emergency measures necessary under the authority of RCW 43.06.010(14) and this section and make subsequent recommendations to the governor. The committee shall include representatives of the agricultural industries, state and local government, public health interests, technical service providers, and environmental organizations.

(3) Upon the order of the governor of the use of emergency measures, the director is authorized to implement the emergency measures to prevent, control, or eradicate plant pests or plant diseases that are the subject of the emergency order. Such measures, after thorough evaluation of all other alternatives, may include the aerial application of pesticides.

(4) Upon the order of the governor of the use of emergency measures, the director is authorized to enter into agreements with individuals or companies, or both, to accomplish the prevention, control, or eradication of plant pests or plant diseases, notwithstanding the provisions of chapter 15.58 or 17.21 RCW, or any other statute.

(5) The director shall continually evaluate the emergency measures taken and report to the governor at intervals of not less than ten days. W. D. Naismith, Deputy Secretary.

REPORT OF CONFERENCE COMMITTEE

ESHB 1608

April; 26, 1991

Includes "New Item": YES

Improving services for children.

Mr. President:

Mr. Speaker:

We of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1608, Children's services, have had the same under consideration and we recommend that:

The Senate Committee on Children & Family Services amendment(s) be not adopted, and

That the following Conference Committee striking amendment(s) be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The department of social and health services shall conduct an assessment of the children in its care to determine the appropriate level of residential and treatment services required by these children. Prior to performing the assessment, the department shall, in conjunction with the private sector, develop a comprehensive, multidisciplinary diagnostic/assessment tool to be used in conducting the assessment. Any such assessment shall be based on a statistically valid sample of all children in the department's care. The department shall report the results of the assessment to the appropriate standing committees of the legislature by September 15,

1992. The department shall submit recommendations to the appropriate standing committees of the legislature on reallocating funds for children's services by December 1, 1992.

NEW SECTION. Sec. 2. A new section is added to chapter 74.13 RCW to read as follows:

The department of social and health services may implement a therapeutic family home program for up to fifteen youth in the custody of the department under chapter 13.34 RCW. The program shall strive to develop and maintain a mutually reinforcing relationship between the youth and the therapeutic staff associated with the program.

NEW SECTION. Sec. 3. The legislature finds that a destructive lifestyle of drug and street gang activity is rapidly becoming prevalent among some of the state's youth. Gang and drug activity may be a culturally influenced phenomenon which the legislature intends public and private agencies to consider and address in prevention and treatment programs. Gang and drug-involved youths are more likely to become addicted to drugs or alcohol, live in poverty, experience high unemployment, be incarcerated, and die of violence than other youths.

NEW SECTION. Sec. 4. A new section is added to chapter 13.40 RCW to read as follows:

(1) The department of social and health services may contract with a community-based nonprofit organization to establish a three-step transitional treatment program for gang and drug-involved juvenile offenders committed to the custody of the department under chapter 13.40 RCW. Any such program shall provide six to twenty-four months of treatment. The program shall emphasize the principles of self-determination, unity, collective work and responsibility, cooperative economics, and creativity. The program shall be culturally relevant and appropriate and shall include:

(a) A culturally relevant and appropriate institution-based program that provides comprehensive drug and alcohol services, individual and family counseling, and a wilderness experience of constructive group living, rigorous physical exercise, and academic studies;

(b) A culturally relevant and appropriate community-based structured group living program that focuses on individual goals, positive community involvement, coordinated drug and alcohol treatment, coordinated individual and family counseling, academic and vocational training, and employment in apprenticeship, internship, and entrepreneurial programs; and

(c) A culturally relevant and appropriate transitional group living program that provides support services, academic services, and coordinated individual and family counseling.

(2) Participation in any such program shall be on a voluntary basis.

(3) The department shall adopt rules as necessary to implement any such program.

NEW SECTION. Sec. 5. (1) The department of social and health services may contract with an independent research organization to conduct an evaluation of any program that is established under section 4 of this act. The evaluation shall include an analysis of the race and ethnicity of juvenile offenders served, the offenses for which the youths were committed, the services provided, the effects of the program on educational and vocational achievement, and the rate of recidivism for these youth.

(2) Any organization selected shall provide a preliminary report on the program to appropriate standing committees of the senate and house of representatives by September 15, 1992. Any final report shall be submitted to appropriate standing committees of the senate and house of representatives by January 15, 1993.

Sec. 6. RCW 13.34.030 and 1988 c 176 s 901 are each amended to read as follows:

For purposes of this chapter:

(1) "Child" and "juvenile" means any individual under the age of eighteen years;

(2) "Dependent child" means any child:

(a) Who has been abandoned; that is, where the child's parent, guardian, or other custodian has evidenced either by statement or conduct, a settled intent to forego, for an extended period, all parental rights or all parental responsibilities despite an ability to do so;

(b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;

(c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or

(d) Who has a developmental disability, as defined in RCW 71A.10.020 and whose parent, guardian, or legal custodian together with the department determines that services appropriate to the child's needs can not be provided in the home. However, (a), (b), and (c) of this subsection may still be applied if other reasons for removal of the child from the home exist.

(3) "Permanency planning" means the process by which a child is diagnostically assessed and provided treatment services based on his or her unique individual and developmental needs to facilitate the attainment of successful maturity as an adult. Permanency planning should occur in the least restrictive setting appropriate and available and with minimum placement disruption.

(4) "Transitional living programs" means programs that provide shelter and services designed to promote transition to self-sufficient living, development of independent living skills, and to minimize the incidence of long-term dependency on social services.

NEW SECTION. Sec. 7. Out-of-home placement services become necessary whenever voluntary or court-ordered out-of-home placement of a child is imminent or has already occurred. In striving to meet the objective of permanency for every child, a continuum of services must encompass the full range of possible alternatives. A variety of services are available to prevent out-of-home placement or address the needs of the child and family when out-of-home placement becomes necessary, however, the continuum of care is severely lacking in providing transitional living services for older youth.

NEW SECTION. Sec. 8. A new section is added to chapter 13.34 RCW to read as follows:

The department of social and health services shall contract, using the request for proposal process, with independent qualified agencies to provide transitional living services to minors.

Persons sixteen to eighteen years old or sixteen years old until emancipation are eligible for transitional living services. The population eligible for transitional living services are those for whom returning to their parents' or guardians' home is not possible and for whom foster care or adoption is not likely or appropriate. An assessment shall be done of each minor, including the minor's family situation, before receiving transitional living services. The assessment shall include input from the agency that would be providing the transitional living services to the minor, the agency currently providing services to the minor, and the caseworker for the minor. The assessment shall seek to determine whether the most appropriate plan for the minor is preparation for emancipation. The assessment shall also determine whether the minor is motivated to participate in a transitional living program that requires significant commitment from the minor. A primary goal of transitional living services shall be the acquisition by the youth of basic educational and/or vocational skills that are compatible with the individual's treatment plan. If a youth demonstrates a consistent unwillingness to participate in the acquisition of such skills, a reassessment shall be done of the youth's appropriateness for the program.

NEW SECTION. Sec. 9. A new section is added to chapter 13.34 RCW to read as follows:

Transitional living services should be tailored to meet the needs of the particular minor. A transitional living program should include, but is not limited to, the following:

- (1) Educational services, including basic literacy and computational skills training, either in local alternative or public high schools or in a high school equivalency program that leads to obtaining a high school equivalency degree;
- (2) Assistance and counseling related to obtaining vocational training or higher education, job readiness, job search assistance, and placement programs;
- (3) Health services including pre and post-natal care;
- (4) Counseling and instruction in life skills such as money management, home management, consumer skills, parenting, health care, access to community resources, and transportation and housing options;
- (5) Individual and group counseling with emphasis on issues of avoiding abuse, sexual abuse, prostitution, drug and alcohol abuse, depression, motivation, self-esteem, and interpersonal and social skills training and development;
- (6) Recognizing and facilitating long-term relationships with significant adults; and
- (7) Establishing networks with federal agencies and state and local organizations such as the department of labor, employment and training administration programs including the job training partnership act which administers private industry councils and the job corps; vocational rehabilitation; and volunteer programs.

NEW SECTION. Sec. 10. If specific funding for the purposes of sections 6 through 9 of this act, referencing this act by bill and section number, is not provided by June 30, 1991, in the omnibus appropriations act, sections 6 through 9 of this act shall be null and void.

NEW SECTION. Sec. 11. The legislature intends to encourage the development of community-based interagency collaborative efforts to plan for and provide mental health services to children in a manner that coordinates existing categorical children's mental health programs and funding, is sensitive to the unique cultural circumstances of children of color, eliminates duplicative case management, and to the greatest extent possible, blends categorical funding to offer more service options to each child.

NEW SECTION. Sec. 12. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Agency" means a state or local governmental entity or a private not-for-profit organization.

(2) "Child" means a person under eighteen years of age, except as expressly provided otherwise in federal law.

(3) "County authority" means the board of county commissioners or county executive.

Mr. Speaker:

REPORT OF CONFERENCE COMMITTEE

ESHB 1938

April 27, 1991

Includes "New Item": YES

Creating a state-wide enhanced 911 network.

Mr. President:

Mr. Speaker:

We of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1938, State-wide 911 network, have had the same under consideration and we recommend that:

The Senate Committee on Ways & Means striking amendment(s) be not adopted; and

That the following Conference Committee striking amendment(s) be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that a state-wide emergency communications network of enhanced 911 telephone service, which allows an immediate display of a caller's identification and location, would serve to further the safety, health, and welfare of the state's citizens, and would save lives. The legislature, after reviewing the study outlined in section 1, chapter 260, Laws of 1990, further finds that state-wide implementation of enhanced 911 telephone service is feasible and should be accomplished as soon as practicable.

Sec. 2. RCW 38.52.030 and 1986 c 266 s 25 are each amended to read as follows:

(1) The director may employ such personnel and may make such expenditures within the appropriation therefor, or from other funds made available for purposes of emergency management, as may be necessary to carry out the purposes of this chapter.

(2) The director, subject to the direction and control of the governor, shall be responsible to the governor for carrying out the program for emergency management of this state. The director shall coordinate the activities of all organizations for emergency management within the state, and shall maintain liaison with and cooperate with emergency management agencies and organizations of other states and of the federal government, and shall have such additional authority, duties, and responsibilities authorized by this chapter, as may be prescribed by the governor.

(3) The director shall develop and maintain a comprehensive, all-hazard emergency plan for the state which shall include an analysis of the natural and man-caused hazards

which could affect the state of Washington, and shall include the procedures to be used during emergencies for coordinating local resources, as necessary, and the resources of all state agencies, departments, commissions, and boards. The comprehensive, all-hazard emergency plan authorized under this subsection may not include preparation for emergency evacuation or relocation of residents in anticipation of nuclear attack. This plan shall be known as the comprehensive emergency management plan.

(4) In accordance with the comprehensive emergency management plans and the programs for the emergency management of this state, the director shall procure supplies and equipment, institute training programs and public information programs, and shall take all other preparatory steps, including the partial or full mobilization of emergency management organizations in advance of actual disaster, to insure the furnishing of adequately trained and equipped forces of emergency management personnel in time of need.

(5) The director shall make such studies and surveys of the industries, resources, and facilities in this state as may be necessary to ascertain the capabilities of the state for emergency management, and shall plan for the most efficient emergency use thereof.

(6) The director may appoint a communications coordinating committee consisting of six to eight persons with the director, or his or her designee, as chairman thereof. Three of the members shall be appointed from qualified, trained and experienced telephone communications administrators or engineers actively engaged in such work within the state of Washington at the time of appointment, and three of the members shall be appointed from qualified, trained and experienced radio communication administrators or engineers actively engaged in such work within the state of Washington at the time of appointment. This committee shall advise the director on all aspects of the communications and warning systems and facilities operated or controlled under the provisions of this chapter.

(7) The director, through the state enhanced 911 coordinator, shall coordinate and facilitate implementation and operation of a state-wide enhanced 911 emergency communications network.

(8) The director shall appoint a state coordinator of search and rescue operations to coordinate those state resources, services and facilities (other than those for which the state director of aeronautics is directly responsible) requested by political subdivisions in support of search and rescue operations, and on request to maintain liaison with and coordinate the resources, services, and facilities of political subdivisions when more than one political subdivision is engaged in joint search and rescue operations.

~~((8))~~ (9) The director, subject to the direction and control of the governor, shall prepare and administer a state program for emergency assistance to individuals within the state who are victims of a natural or man-made disaster, as defined by RCW 38.52.010(6). Such program may be integrated into and coordinated with disaster assistance plans and programs of the federal government which provide to the state, or through the state to any political subdivision thereof, services, equipment, supplies, materials, or funds by way of gift, grant, or loan for purposes of assistance to individuals affected by a disaster. Further, such program may include, but shall not be limited to, grants, loans, or gifts of services, equipment, supplies, materials, or funds of the state, or any political subdivision thereof, to individuals who, as a result of a disaster, are in need of assistance and who meet standards of eligibility for disaster assistance established by the department of social and health services: PROVIDED, HOWEVER, That nothing herein shall be construed in any manner inconsistent with the provisions of Article VIII, section 5 or section 7 of the Washington state Constitution.

~~((9))~~ (10) The director shall appoint a state coordinator for radioactive and hazardous waste emergency response programs. The coordinator shall consult with the state radiation control officer in matters relating to radioactive materials. The duties of

the state coordinator for radioactive and hazardous waste emergency response programs shall include:

NEW SECTION. Sec. 3. By December 31, 1998, each county, singly or in combination with adjacent counties, shall implement district-wide, county-wide, or multicounty-wide enhanced 911 emergency communications systems so that enhanced 911 is available throughout the state. The county shall provide funding for the enhanced 911 communication system in the county or district in an amount equal to the amount the maximum tax under RCW 82.14B.030(1) would generate in the county or district or the amount necessary to provide full funding of the system in the county or district, whichever is less. The state enhanced 911 coordination office established by section 4 of this act shall assist and facilitate enhanced 911 implementation throughout the state.

NEW SECTION. Sec. 4. A state enhanced 911 coordination office, headed by the state enhanced 911 coordinator, is established in the emergency management division of the department. Duties of the office shall include:

Moneys in the account shall be used only to help implement and operate enhanced 911 state-wide. The state enhanced 911 coordinator, with the advice and assistance of the enhanced 911 advisory committee, shall specify by rule the purposes for which moneys may be expended from this account.

Sec. 9. RCW 82.14B.010 and 1981 c 160 s 1 are each amended to read as follows:

The legislature finds that the state and counties should be provided with an additional revenue source to fund enhanced 911 emergency ~~((service))~~ communication systems throughout the state on a multicounty, county-wide, or district-wide basis. The legislature further finds that the most efficient and appropriate method of deriving additional revenue for this purpose is to ~~((vest the legislative authorities of the counties, subject to voter approval, with the power to))~~ impose an excise tax on the use of ~~((telephone))~~ switched access lines.

The amount of tax shall be uniform for each ((telephone)) switched access line. ((This tax must be approved by a favorable vote of at least three fifths of the electors thereof voting on the proposition, at which election the number of persons voting "yes" on the proposition shall constitute three fifths of a number equal to forty per centum of the total votes cast in the county at the last preceding general election when the number of electors voting on the proposition does not exceed forty per centum of the total votes cast in the county in the last preceding general election; or by a majority of at least three fifths of the electors thereof voting on the proposition when the number of electors voting on the proposition exceeds forty per centum of the total votes cast in the county in the last preceding general election. MESSAGE FROM THE SENATE

April 28, 1991

Mr. Speaker:

Under suspension of rules, the Senate adopted the report of the Conference Committee on SUBSTITUTE HOUSE BILL NO. 1401, and passed the bill as recommended by the Conference Committee, and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

REPORT OF CONFERENCE COMMITTEE

SHB 1401

April 27, 1991

Includes "New Item": YES

Enacting the Washington taxpayers' rights and responsibilities act.

Mr. President:

Mr. Speaker:

We of your Conference Committee, to whom was referred SUBSTITUTE HOUSE BILL NO. 1401, Taxpayers' rights/responsibilities, have had the same under consideration and we recommend that:

The Senate Ways and Means Committee striking amendment(s) be not adopted; and

That the following Conference Committee striking amendment(s) be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. This chapter shall be known and cited as "Washington taxpayers' rights and responsibilities."

NEW SECTION. Sec. 2. (1) The legislature finds that taxes are one of the most sensitive points of contact between citizens and their government, and that there is a delicate balance between revenue collection and taxpayers' rights and responsibilities. The rights, privacy, and property of Washington taxpayers should be protected adequately during the process of the assessment and collection of taxes.

(2) The legislature further finds that the Washington tax system is based largely on voluntary compliance and that taxpayers have a responsibility to inform themselves about applicable tax laws. The legislature also finds that the rights of the taxpayers and their attendant responsibilities are best implemented where the department of revenue provides accurate tax information, instructions, forms, administrative policies, and procedures to assist taxpayers to voluntarily comply with the provisions of the revenue act, Title 82 RCW, and where taxpayers cooperate in the administration of these provisions.

NEW SECTION. Sec. 3. The department of revenue shall administer this chapter. The department of revenue shall adopt or amend rules as may be necessary to fully implement this chapter and the rights established under this chapter.

NEW SECTION. Sec. 4. The taxpayers of the state of Washington have:

(1) The right to a written explanation of the basis for any tax deficiency assessment, interest, and penalties at the time the assessments are issued;

(2) The right to rely on specific, official written advice and written tax reporting instructions from the department of revenue to that taxpayer, and to have interest, penalties, and in some instances, tax deficiency assessments waived where the taxpayer has so relied to their proven detriment;

(3) The right to redress and relief where tax laws or rules are found to be unconstitutional by the final decision of a court of record and the right to prompt administrative remedies in such cases;

(4) The right to confidentiality and protection from public inquiry regarding financial and business information in the possession of the department of revenue in accordance with the requirements of RCW 82.32.330;

(5) The right to receive, upon request, clear and current tax instructions, rules, procedures, forms, and other tax information; and

(6) The right to a prompt and independent administrative review by the department of revenue of a decision to revoke a tax registration, and to a written determination that either sustains the revocation or reinstates the registration.

NEW SECTION. Sec. 5. To ensure consistent application of the revenue laws, taxpayers have certain responsibilities under chapter 82.32 RCW, including, but not limited to, the responsibility to:

(1) Register with the department of revenue;

(2) Know their tax reporting obligations, and when they are uncertain about their obligations, seek instructions from the department of revenue;

(3) Keep accurate and complete business records;

(4) File accurate returns and pay taxes in a timely manner;

(5) Ensure the accuracy of the information entered on their tax returns;

(6) Substantiate claims for refund;

(7) Timely pay all taxes after closing a business and request cancellation of registration number; and

(8) Timely respond to communications from the department of revenue.

NEW SECTION. Sec. 6. The director of revenue shall appoint a taxpayer rights advocate. The advocate shall be responsible for directly assisting taxpayers and their representatives to assure their understanding and utilization of the policies, processes, and procedures available to them in the resolution of problems.

NEW SECTION. Sec. 7. The department of revenue shall maintain a taxpayer services program consisting of, but not limited to:

(1) Providing taxpayer assistance in the form of information, education, and instruction in person, by telephone, or by correspondence;

(2) Conducting tax workshops at locations most conveniently accessible to the majority of taxpayers affected; and

(3) Publishing written bulletins, instructions, current revenue laws, rules, court decisions, and interpretive rulings of the department of revenue.

NEW SECTION. Sec. 8. Sections 1 through 7 of this act shall constitute a new chapter in Title 82 RCW.

Sec. 9. RCW 82.32.050 and 1989 c 378 s 19 are each amended to read as follows:

(1) If upon examination of any returns or from other information obtained by the department it appears that a tax or penalty has been paid less than that properly due, the department shall assess against the taxpayer such additional amount found to be due and shall add thereto interest at the rate of nine percent per annum from the last day of the year in which the deficiency is incurred until date of payment for tax liabilities arising before January 1, 1992. For tax liabilities arising after December 31, 1991, until the date of payment, the rate of interest shall be variable and computed as provided in subsection (2) of this section. The rate so computed shall be adjusted on the first day of January of each year. The department shall notify the taxpayer by mail of the additional amount and the same shall become due and shall be paid within thirty days from the date of the notice, or within such further time as the department may provide. ((If payment is not received by the department by the due date specified in the notice, or any extension thereof, the department shall add a penalty of ten percent of the amount of the additional tax found due. If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.))

(2) For the purposes of this section, the rate of interest to be charged to the taxpayer shall be an average of the federal short-term rate as defined in 26 U.S.C. Sec. 1274(d) plus two percentage points. The rate shall be computed by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually, for the months of January, April, July, and October of the immediately preceding calendar year as published by the United States secretary of the treasury.

(3) No assessment or correction of an assessment for additional taxes due may be made by the department more than four years after the close of the tax year, except (((1))) (a) against a taxpayer who has not registered as required by this chapter, (((2))) (b) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or (((3))) (c) where a taxpayer has executed a written waiver of such limitation.

Sec. 10. RCW 82.32.060 and 1990 c 69 s 1 are each amended to read as follows:

If, upon receipt of an application by a taxpayer for a refund or for an audit of the taxpayer's records, or upon an examination of the returns or records of any taxpayer, it is determined by the department that within the statutory period for assessment of taxes prescribed by RCW 82.32.050 a tax has been paid in excess of that properly due, the excess amount paid within such period shall be credited to the taxpayer's account or shall be refunded to the taxpayer, at the taxpayer's option. No refund or credit shall be made for taxes paid more than four years prior to the beginning of the calendar year in which the refund application is made or examination of records is completed.

Notwithstanding the foregoing limitations there shall be refunded or credited to taxpayers engaged in the performance of United States government contracts or subcontracts the amount of any tax paid, measured by that portion of the amounts received from the United States, which the taxpayer is required by contract or applicable federal statute to refund or credit to the United States, if claim for such refund is filed by the taxpayer with the department within one year of the date that the amount of the refund or credit due to the United States is finally determined and filed within four years

of the date on which the tax was paid: PROVIDED, That no interest shall be allowed on such refund.

Any such refunds shall be made by means of vouchers approved by the department and by the issuance of state warrants drawn upon and payable from such funds as the legislature may provide. However, taxpayers who are required to pay taxes by electronic funds transfer under RCW 82.32.080 shall have any refunds paid by electronic funds transfer.

Any judgment for which a recovery is granted by any court of competent jurisdiction, not appealed from, for tax, penalties, and interest which were paid by the taxpayer, and costs, in a suit by any taxpayer shall be paid in like manner, upon the filing with the department of a certified copy of the order or judgment of the court. Except as to the credits in computing tax authorized by RCW 82.04.435, interest at the rate of three percent per annum shall be allowed by the department and by any court on the amount of any refund or recovery allowed to a taxpayer for taxes, penalties, or interest paid by the taxpayer before January 1, 1992. For refunds of amounts paid or other recovery allowed to a taxpayer after December 31, 1991, the rate of interest shall be the rate as computed for assessments under RCW 82.32.050(2), less one percentage point.

Sec. 11. RCW 82.32.090 and 1987 c 502 s 9 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there shall be assessed a penalty of five percent of the amount of the tax; and if the tax is not received within thirty days after the due date, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within sixty days after the due date, there shall be assessed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than ((two)) five dollars.

(2) If payment of any tax assessed by the department of revenue is not received by the department by the due date specified in the notice, or any extension thereof, the department shall add a penalty of ten percent of the amount of the additional tax found due. No penalty so added shall be less than five dollars.

(3) If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of five percent of the amount of the tax, but not less than ((five)) ten dollars.

((Notwithstanding the foregoing,)) (4) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department shall add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department of revenue has informed the taxpayer in writing of the taxpayer's tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department shall not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. Specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement, provided that such specific written instructions shall apply only to the taxpayer addressed or referenced on such documents. Any specific written instructions by the department of revenue shall be clearly identified as such and shall inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(5) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.

(6) The aggregate of penalties imposed under this ((chapter)) section for failure to ((file)) pay a tax due on a return, late payment of any tax, increase, or penalty, or

issuance of a warrant shall not exceed (~~twenty-five~~) thirty-five percent of the tax due, or (~~seven~~) twenty dollars, whichever is greater.

(7) The department of revenue may not impose both the evasion penalty and the penalty for disregarding specific written instructions on the same tax found to be due.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 13. Sections 9 through 11 of this act shall take effect January 1, 1992.

REPORT OF CONFERENCE COMMITTEE

SSB 5670

April 28, 1991
Includes "New Item": NO

Mr. Speaker:

Mr. President:

We of your Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 5670, relating to children's mental health services, have had the same under consideration and we recommend that:

All previous amendments be not adopted; and

That the following striking amendment by the Conference Committee be adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 71.24.015 and 1989 c 205 s 1 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs which provide for:

(1) Access to mental health services for adults (~~and children~~) of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed(~~(-or-chronically mentally ill)~~) and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. It is also the purpose of this chapter to ~~((ensure that))~~ promote the early identification of mentally ill children ((in need of mental health care and treatment)) and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and ((to)) should enable treatment decisions to be made in response to clinical needs ((and)) in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) Accountability of services through state-wide standards for monitoring and reporting of information;

(3) Minimum service delivery standards;

(4) Priorities for the use of available resources for the care of the mentally ill;

(5) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

(6) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders. The legislature intends to encourage the development of county-based and county-managed mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care which integrate planning, administration, and service delivery duties assigned to counties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature

intends to promote active engagement with mentally ill persons and collaboration between families and service providers.

(15) To supersede duties assigned under subsection (5) (a) and (b) of this section, and to assure a county-based, integrated system of care for acutely mentally ill adults and children, chronically mentally ill adults ~~((and children))~~, severely emotionally disturbed children, and seriously disturbed adults and children who are determined by regional support networks at their sole discretion to be at risk of becoming acutely or chronically mentally ill, or severely emotionally disturbed, the secretary shall encourage the development of regional support networks as follows:

By December 1, 1989, the secretary shall recognize regional support networks requested by counties or groups of counties.

All counties wishing to be recognized as a regional support network on December 1, 1989, shall submit their intentions regarding participation in the regional support networks by October 30, 1989, along with preliminary plans. Counties wishing to be recognized as a regional support network by January 1 of any year thereafter shall submit their intentions by October 30 of the previous year along with preliminary plans. The secretary shall assume all duties assigned to the nonparticipating counties under chapters 71.05 and 71.24 RCW on July 1, 1995. Such responsibilities shall include those which would have been assigned to the nonparticipating counties under regional support networks.

The implementation of regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05 and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

(c) By July 1, 1993, allocate one hundred percent of available resources to regional support networks created by January 1, 1990, in a single grant. Regional support networks created by January 1, 1991, shall receive a single block grant by July 1, 1993; regional support networks created by January 1, 1992, shall receive a single block grant by July 1, 1994; and regional support networks created by January 1, 1993, shall receive a single block grant by July 1, 1995. The grants shall include funds currently provided for all residential services, all services pursuant to chapter 71.05 RCW, and all community support services and shall be distributed in accordance with a formula submitted to the legislature by January 1, 1993, in accordance with subsection (14) of this section.

(d) By January 1, 1990, allocate available resources to regional support networks for community support services, resource management services, and residential services excluding evaluation and treatment facilities provided pursuant to chapter 71.05 RCW in a single grant using the distribution formula established in subsection (14) of this section.

(e) By March 1, 1990, or within sixty days of approval of the contract continuing through July 1, 1993, provide grants as specifically appropriated by the legislature to regional support networks for evaluation and treatment facilities for persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. The study shall also include an assessment of the impact of Title XIX funds and the definition of institutions for mental diseases on the use of state funds to provide needed mental health services to the chronically mentally ill.~~

(h)) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

((i)) (h) Identify in its departmental biennial operating and capital budget requests the funds requested by regional support networks to implement their responsibilities under this chapter.

((j)) (i) Contract to provide or, if requested, make grants to counties to provide technical assistance to county authorities or groups of county authorities to develop regional support networks.

(17) The department of social and health services, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the health care and corrections committee of the senate and the human services committee of the house of representatives.

(18) The secretary shall establish a task force to examine the recruitment, training, and compensation of qualified mental health professionals in the community, which shall include the advantages and disadvantages of establishing a training academy, loan forgiveness program, or educational stipends offered in exchange for commitments of employment in mental health. The task force shall report back to the appropriate committees of the legislature by January 1, 1990.

NEW SECTION. Sec. 4. By December 1, 1991, the department shall develop criteria under the federal Title XIX early and periodic screening, diagnosis, and treatment program to serve acutely mentally ill and severely emotionally disturbed children in a manner that maximizes federal reimbursement by:

(1) Developing qualifications for certified mental health screening providers and ensuring that mental health screening, as appropriate and medically necessary, is coordinated with or does not duplicate complete screening examinations;

(2) Developing, in consultation with regional support networks and private practitioners, criteria for use by providers under the early and periodic screening, diagnosis, and treatment program to identify children with mental disorders eligible for referral to further evaluation, diagnosis, and treatment planning;

(3) Requiring prior authorization and utilization review for residential and inpatient services, including inpatient acute hospitalizations and evaluation and treatment facilities as defined in RCW 71.34.020; and

(4) Providing reimbursement for specialized family, home, school, and community-based mental health services or programs designed to promote primary prevention or intervention and maximize the development and potential of acutely mentally ill and severely emotionally disturbed children and their families.

The plan shall be submitted to appropriate committees of the legislature on or before December 1, 1991.

Sec. 5. RCW 71.24.045 and 1989 c 205 s 4 are each amended to read as follows:

The county authority shall:

(1) Submit biennial needs assessments beginning January 1, 1983, and mental health service plans which incorporate all services provided for by the county authority consistent with state minimum standards and which provide access to treatment for the county's residents including children and other underserved populations who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed, or seriously disturbed. The county program shall provide:

(a) Outpatient services;

(b) Emergency care services for twenty-four hours per day;

(c) Day treatment for mentally ill persons which includes training in basic living and social skills, supported work, vocational rehabilitation, and day activities. Such services may include therapeutic treatment. In the case of a child, day treatment includes

age-appropriate basic living and social skills, educational and prevocational services, day activities, and therapeutic treatment;

(d) Screening for patients being considered for admission to state mental health facilities to determine appropriateness of admission;

(e) Consultation and education services;

(f) Residential and inpatient services, if the county chooses to provide such optional services; and

(g) Community support services.

The county shall develop the biennial needs assessment based on clients to be served, services to be provided, and the cost of those services, and may include input from the public, clients, and licensed service providers. Each county authority may appoint a county mental health advisory board which shall review and provide comments on plans and policies developed by the county authority under this chapter. The composition of the board shall be broadly representative of the demographic character of the county and the mentally ill persons served therein. Length of terms of board members shall be determined by the county authority;

(2) Contract as needed with licensed service providers. The county authority may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(3) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the county authority shall comply with rules promulgated by the secretary that shall provide measurements to determine when a county provided service is more efficient and cost effective.

(4) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the county to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts, including the minimum standards of service delivery as established by the department;

(5) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

(6) Maintain patient tracking information in a central location as required for resource management services;

(7) Use not more than two percent of state-appropriated community mental health funds, which shall not include federal funds, to administer community mental health programs under RCW 71.24.155: PROVIDED, That county authorities serving a county or combination of counties whose population is equal to or greater than that of a county of the first class may be entitled to sufficient state-appropriated community mental health funds to employ up to one full-time employee or the equivalent thereof in addition to the two percent limit established in this subsection when such employee is providing staff services to a county mental health advisory board;

(8) Coordinate services for individuals who have received services through the community mental health system and who become patients at a state mental hospital.

NEW SECTION. Sec. 6. RCW 71.24.800 and 1987 c 439 s 4 are each repealed.

NEW SECTION. Sec. 7. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

However, if any part of this act conflicts with such federal requirements, the state appropriation for mental health services provided to children whose mental disorders are discovered under screening through the federal Title XIX early and periodic screening, diagnosis, and treatment program shall be provided through the division of medical assistance and no state funds appropriated to the division of mental health shall be expended or transferred for this purpose.

a relatively unmodified natural setting, and do not detract from long-term ecological processes.

"Management (~~for conservation purposes~~) activities" may include limited production of income from forestry, agriculture, or other resource management activities, if such actions are consistent with the other purposes and requirements of this chapter.

~~("Washington natural resources conservation area" is an area of land and/or water which retains to some degree or has reestablished its natural character, although it need not be completely undisturbed, or has flora, fauna, geological, archaeological, scenic, or similar features of critical importance to the people of Washington.)~~

April 27, 1991

Includes "New Item": YES

Modifying authorized uses of the excise tax on lodgings.

Mr. President:

Mr. Speaker:

We of your Conference Committee, to whom was referred ENGROSSED HOUSE BILL NO. 2093, Lodging excise tax uses, have had the same under consideration and we recommend that:

The Senate Committee on Ways and Means striking amendment(s) be not adopted; and

That the following Conference Committee striking amendment(s) be adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 67.28.180 and 1987 c 483 s 1 are each amended to read as follows:

(1) Subject to the conditions set forth in subsections (2) and (3) of this section, the legislative body of any county or any city, is authorized to levy and collect a special excise tax of not to exceed two percent on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property: PROVIDED, That it shall be presumed that the occupancy of real property for a continuous period of one month or more constitutes a rental or lease of real property and not a mere license to use or to enjoy the same.

(2) Any levy authorized by this section shall be subject to the following:

(a) Any county ordinance or resolution adopted pursuant to this section shall contain, in addition to all other provisions required to conform to this chapter, a provision

allowing a credit against the county tax for the full amount of any city tax imposed pursuant to this section upon the same taxable event.

(b) In the event that any county has levied the tax authorized by this section and has, prior to June 26, 1975, either pledged the tax revenues for payment of principal and interest on city revenue or general obligation bonds authorized and issued pursuant to RCW 67.28.150 through 67.28.160 or has authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160, such county shall be exempt from the provisions of subsection (a), to the extent that the tax revenues are pledged for payment of principal and interest on bonds issued at any time pursuant to the provisions of RCW 67.28.150 through 67.28.160: PROVIDED, That so much of such pledged tax revenues, together with any investment earnings thereon, not immediately necessary for actual payment of principal and interest on such bonds may be used: (i) In class AA counties, for repayment either of limited tax levy general obligation bonds or of any county fund or account from which a loan was made, the proceeds from the bonds or loan being used to pay for constructing, installing, improving, and equipping stadium capital improvement projects, and to pay for any engineering, planning, financial, legal and professional services incident to the development of such stadium capital improvement projects, regardless of the date the debt for such capital improvement projects was or may be incurred; or (ii) in counties other than class AA counties, for county-owned facilities for agricultural promotion. A county is exempt under this subsection in respect to city revenue or general obligation bonds issued after April 1, 1991, only if such bonds mature before January 1, 2013.

As used in this subsection (2)(b), "capital improvement projects" may include, but not be limited to a stadium restaurant facility, restroom facilities, artificial turf system, seating facilities, parking facilities and scoreboard and information system adjacent to or within a county owned stadium, together with equipment, utilities, accessories and appurtenances necessary thereto. The stadium restaurant authorized by this subsection (2)(b) shall be operated by a private concessionaire under a contract with the county.

(c) No city within a county exempt under subsection (2)(b) of this section may levy the tax authorized by this section so long as said county is so exempt: PROVIDED, That in the event that any city in such county has levied the tax authorized by this section and has, prior to June 26, 1975, authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160, such city may levy the tax so long as and to the extent that the tax revenues are pledged for payment of principal and interest on bonds issued pursuant to the provisions of RCW 67.28.150 through 67.28.160.

(3) Any levy authorized by this section by a county that has levied the tax authorized by this section and has, prior to June 26, 1975, either pledged the tax revenues for payment of principal and interest on city revenue or general obligation bonds authorized and issued pursuant to RCW 67.28.150 through 67.28.160 or has authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160 shall be subject to the following:

Moneys spent under this subsection (3)(a)(i) shall be used for the purposes of this subsection (3)(a)(i) in all parts of the county.

((b)) (ii) Twenty-five percent from January 1, 1992, through December 31, 2000, and thirty percent from January 1, 2001, through December 31, 2012, for the following purposes and in a manner reflecting the following order of priority: Stadium capital

improvements, as defined in subsection (2)(b) of this section; acquisition of open space lands; youth sports activities; and tourism promotion.

For purposes of this subsection, fixed assets are tangible objects such as machinery and other equipment intended to be held or used for ten years or more. Moneys received under this subsection (3)(b) may be used for payment of principal and interest on bonds issued for capital projects. Qualifying organizations receiving moneys under this subsection (3)(b) must be financially stable and have at least the following:

(c) At least forty percent of the revenues distributed pursuant to (a)(i) of this subsection for the period January 1, 2001, through December 31, 2012, shall be deposited in an account and shall be used to establish an endowment. Principal in the account shall remain permanent and irreducible. The earnings from investments of balances in the account may only be used for the purposes of (a)(i) of this subsection.

Moneys allocated to tourism promotion in a class AA county shall be allocated to nonprofit organizations formed for the express purpose of tourism promotion in the county. Such organizations shall use moneys from the taxes to promote events in all parts of the class AA county.

(g) No taxes collected under this section may be used for the operation or maintenance of a public stadium that is financed directly or indirectly by bonds to which the tax is pledged. Expenditures for operation or maintenance include all expenditures other than expenditures that directly result in new fixed assets or that directly increase the capacity, life span, or operating economy of existing fixed assets.

((e)) (h) No ad valorem property taxes may be used for debt service on bonds issued for a public stadium that is financed by bonds to which the tax is pledged, unless the taxes collected under this section are or are projected to be insufficient to meet debt service requirements on such bonds.

((d)) (i) If a substantial part of the operation and management of a public stadium that is financed directly or indirectly by bonds to which the tax is pledged is performed by a nonpublic entity or if a public stadium is sold that is financed directly or indirectly by bonds to which the tax is pledged, any bonds to which the tax is pledged shall be retired.

((e)) (j) The county shall not lease a public stadium that is financed directly or indirectly by bonds to which the tax is pledged to, or authorize the use of the public stadium by, a professional major league sports franchise unless the sports franchise gives

the right of first refusal to purchase the sports franchise, upon its sale, to local government. This subsection (3)((e)) (i) does not apply to contracts in existence on April 1, 1986.

If a court of competent jurisdiction declares any provision of this subsection (3) invalid, then that invalid provision shall be null and void and the remainder of this section is not affected.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 84.04 RCW to read as follows:

"Appraised value of property" means:

(1) For real property, the aggregate true and fair value of the property as last determined by the county assessor according to the revaluation program approved under chapter 84.41 RCW, including revaluations based on statistical data between physical inspections; and

(2) For personal property, the aggregate true and fair value of the property as last determined by the county assessor.

Sec. 2. RCW 84.04.030 and 1961 c 15 s 84.04.030 are each amended to read as follows:

"Assessed value of property" shall be held and construed to mean the aggregate valuation of the property subject to taxation by any taxing district as determined under section 5 of this act, reduced by the value of any applicable exemptions under RCW 84.36.381 or other law, and placed on the last completed and balanced tax rolls of the county preceding the date of any tax levy.

Sec. 3. RCW 84.40.020 and 1973 c 69 s 1 are each amended to read as follows:

All real property in this state subject to taxation shall be listed and assessed every year, with reference to its appraised and assessed values on the first day of January of the year in which it is assessed. Such listing and all supporting documents and records shall be open to public inspection during the regular office hours of the assessor's office: PROVIDED, That confidential income data is exempted from public inspection pursuant to RCW 42.17.310. All personal property in this state subject to taxation shall be listed and assessed every year, with reference to its appraised and assessed values and ownership on the first day of January of the year in which it is assessed: PROVIDED, That if the stock of goods, wares, merchandise or material, whether in a raw or finished state or in process of manufacture, owned or held by any taxpayer on January 1 of any year does not fairly represent the average stock carried by such taxpayer, such stock shall be listed and assessed upon the basis of the monthly average of stock owned or held by such taxpayer during the preceding calendar year or during such portion thereof as the taxpayer was engaged in business.

Sec. 4. RCW 84.40.030 and 1988 c 222 s 14 are each amended to read as follows:

All property shall be ~~((valued))~~ appraised at one hundred percent of its true and fair value in money and assessed ~~((on the same basis))~~ each year as provided in section 5 of this act, unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid. (~~Notwithstanding any other provisions of this section or of any other statute, when the value of any taxable leasehold estate created prior to January 1, 1971 is being determined for assessment years prior to the assessment year 1973, there shall be deducted from what would otherwise be the value thereof the present worth of the rentals and other consideration which may be required of the lessee by the lessor for the unexpired term thereof. PROVIDED, That the foregoing provisions of this sentence shall not apply to any extension or renewal, made after December 31, 1970 of the term of any such estate, or to any such estate after the date, if any, provided for in the agreement for rental renegotiation.~~)

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall take into consideration political restrictions such as zoning as well as physical and environmental influences. The appraisal shall also take into account, (a) in the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1) of this section, consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (2) shall be the dominant factors in valuation. When provisions of this subsection (2) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the true and fair value of the land, exclusive of structures thereon shall be determined; also the true and fair value of structures thereon, but the appraised valuation shall not exceed the true and fair value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.

NEW SECTION. Sec. 5. A new section is added to chapter 84.40 RCW to read as follows:

(1) As used in this section:

(a) "Previous assessed value" means the assessed value for the year immediately preceding the year for which a calculation is being made under this section.

(b) "Current appraised value" means the appraised value for the year for which a calculation is being made under this section.

(c) "Total value increase" means the current appraised value minus the previous assessed value. Total value increase can never be less than zero.

(d) "Improvement increase" means the portion of the total value increase attributable to any physical improvements made to the property since the previous assessment, other than improvements exempt under RCW 84.36.400 for the year for which a calculation is being made under this section. The total value of newly acquired personal property shall

be considered an improvement increase. Improvement increase can never be less than zero.

(e) "Market increase" means the total value increase minus the improvement increase. Market increase can never be less than zero.

(2) The assessed value of property is equal to the lesser of the current appraised value or a limited value determined under this section. The limited value is equal to the greater of:

(a) The improvement increase plus one hundred ten percent of the previous assessed value; or

(b) The sum of:

(i) The previous assessed value;

(ii) The improvement increase; and

(iii) One-quarter of the market increase.

Sec. 6. RCW 84.40.040 and 1988 c 222 s 15 are each amended to read as follows:

The assessor shall begin the preliminary work for each assessment not later than the first day of December of each year in all counties in the state. The assessor shall also complete the duties of listing and placing valuations on all property by May 31st of each year, except that the listing and valuation of construction and mobile homes under RCW ~~((36.21.040 through))~~ 36.21.080 and 36.21.090 shall be completed by August 31st of each year, and in the following manner, to wit:

The assessor shall actually determine as nearly as practicable the true and fair value of each tract or lot of land listed for taxation and of each improvement located thereon and shall enter as the appraised value one hundred percent of the true and fair value of such land and of the total true and fair value of such improvements, together with the total of such one hundred percent valuations, opposite each description of property on the assessment list and tax roll.

The assessor shall determine the assessed value, under section 5 of this act, for each tract or lot of land listed for taxation, including improvements located thereon, and shall also enter this value opposite each description of property on the assessment list and tax roll.

The assessor shall make an alphabetical list of the names of all persons in the county liable to assessment of personal property, and require each person to make a correct list and statement of such property according to the standard form prescribed by the department of revenue, which statement and list shall include, if required by the form, the year of acquisition and total original cost of personal property in each category of the prescribed form, and shall be signed and verified under penalty of perjury by the person listing the property: PROVIDED, That the assessor may list and value improvements on publicly owned land in the same manner as real property is listed and valued, including conformance with the revaluation program required under chapter 84.41 RCW. Such list and statement shall be filed on or before the last day of April. The assessor shall on or before the 1st day of January of each year mail a notice to all such persons at their last known address that such statement and list is required, such notice to be accompanied by the form on which the statement or list is to be made: PROVIDED, That the notice mailed by the assessor to each taxpayer each year shall, if practicable, include the statement and list of personal property of the taxpayer for the preceding year. Upon receipt of such statement and list the assessor shall thereupon determine the true and fair value of the property included in such statement and enter as the appraised value one hundred percent of the same on the assessment roll opposite the name of the party assessed(~~;- and~~). The assessor shall determine the assessed value of the property under section 5 of this act and shall also enter this value on the assessment roll opposite the name of the party assessed. In making such entry in the assessment list, the assessor shall give the name and post office address of the party listing the property, and if the party resides in a city the assessor shall give the street and number or other brief description

of the party's residence or place of business. The assessor may, after giving written notice of the action to the person to be assessed, add to the assessment list any taxable property which should be included in such list.

Sec. 7. RCW 84.40.045 and 1977 ex.s. c 181 s 1 are each amended to read as follows:

The assessor shall give notice of any change in the ~~((true and fair))~~ assessed value of real or personal property ~~((for the tract or lot of land and any improvements thereon))~~ no later than thirty days after ~~((appraisal))~~ the change: PROVIDED, That no such notice shall be mailed during the period from January 15 to February 15 of each year: PROVIDED FURTHER, That no notice need be sent with respect to changes in valuation of forest land made pursuant to chapter 84.33 RCW.

The notice shall contain a statement of both the prior and the new ~~((true and fair))~~ appraised and assessed values ~~((and the ratio of the assessed value to the true and fair value on which the assessment of the property is based))~~, stating separately land and improvement appraised values for real property, and a brief statement of the procedure for appeal to the board of equalization and the time, date, and place of the meetings of the board.

The notice shall be mailed by the assessor to the taxpayer.

If any taxpayer, as shown by the tax rolls, holds solely a security interest in the real property which is the subject of the notice, pursuant to a mortgage, contract of sale, or deed of trust, such taxpayer shall, upon written request of the assessor, supply, within thirty days of receipt of such request, to the assessor the name and address of the person making payments pursuant to the mortgage, contract of sale, or deed of trust, and thereafter such person shall also receive a copy of the notice provided for in this section. Willful failure to comply with such request within the time limitation provided for herein shall make such taxpayer subject to a civil penalty of five dollars for each parcel of real property within the scope of the request in which it holds the security interest, the aggregate of such penalties in any one year not to exceed five thousand dollars. The penalties provided for herein shall be recoverable in an action by the county prosecutor, and when recovered shall be deposited in the county current expense fund. The assessor shall make the request provided for by this section during the month of January.

Sec. 8. RCW 84.41.041 and 1987 c 319 s 4 are each amended to read as follows:

Each county assessor shall cause taxable real property to be physically inspected and valued at least once every six years in accordance with RCW 84.41.030, and in accordance with a plan filed with and approved by the department of revenue. Such revaluation plan shall provide that a reasonable portion of all taxable real property within a county shall be revalued and these newly-determined values placed on the assessment rolls each year. The department may approve a plan that provides that all property in the county be revalued every two years. If the revaluation plan provides for physical inspection at least once each four years, during the intervals between each physical inspection of real property, the appraised valuation of such property may be adjusted to its current true and fair value, such adjustments to be based upon appropriate statistical data. If the revaluation plan provides for physical inspection less frequently than once each four years, during the intervals between each physical inspection of real property, the appraised valuation of such property shall be adjusted to its current true and fair value, such adjustments to be made once each year and to be based upon appropriate statistical data. If the appraised valuation is changed, the assessed value shall be recalculated under section 5 of this act.

The assessor may require property owners to submit pertinent data respecting taxable property in their control including data respecting any sale or purchase of said property within the past five years, the cost and characteristics of any improvement on the property and other facts necessary for appraisal of the property.

Sec. 9. RCW 84.48.010 and 1988 c 222 s 20 are each amended to read as follows:

Prior to July 15th, the county legislative authority shall form a board for the equalization of the assessment of the property of the county. The members of said board shall receive a per diem amount as set by the county legislative authority for each day of actual attendance of the meeting of the board of equalization to be paid out of the current expense fund of the county: PROVIDED, That when the county legislative authority constitute the board they shall only receive their compensation as members of the county legislative authority. The board of equalization shall meet in open session for this purpose annually on the 15th day of July and, having each taken an oath fairly and impartially to perform their duties as members of such board, they shall examine and compare the returns of the assessment of the property of the county and proceed to equalize the same, so that the appraised value of each tract or lot of real property and each article or class of personal property shall be entered on the assessment list at its true and fair value, ((according to the measure of value used by the county assessor in such assessment year, which is presumed to be correct pursuant to RCW 84.40.0301)) and so that the assessed value of each tract or lot of real property and each article or class of personal property are entered on the assessment list at its correct amount, and subject to the following rules:

First. They shall raise the appraised valuation of each tract or lot or item of real property which is returned below its true and fair value to such price or sum as to be the true and fair value thereof, and raise the assessed valuation of each tract or lot or item of real property which is returned below its correct amount to the correct amount after at least five days' notice shall have been given in writing to the owner or agent.

Second. They shall reduce the appraised valuation of each tract or lot or item which is returned above its true and fair value to such price or sum as to be the true and fair value thereof and reduce the assessed valuation of each tract or lot or item of real property which is returned above its correct amount to the correct amount.

Third. They shall raise the appraised valuation of each class of personal property which is returned below its true and fair value to such price or sum as to be the true and fair value thereof, and they shall raise the aggregate appraised value of the personal property of each individual whenever the aggregate appraised value is less than the true valuation of the taxable personal property possessed by such individual, to such sum or amount as to be the true value thereof, and raise the aggregate assessed valuation of the personal property of each individual which is returned below its correct amount to the correct amount, after at least five days' notice shall have been given in writing to the owner or agent thereof.

Fourth. They shall reduce the appraised valuation of each class of personal property enumerated on the detail and assessment list of the current year, which is returned above its true and fair value, to such price or sum as to be the true and fair value thereof; and they shall reduce the aggregate assessed valuation of the personal property of such individual who has been assessed at too large a sum to such sum or amount ((as was the true and fair value of the personal property)) to the correct amount.

Fifth. The board may review all claims for either real or personal property tax exemption as determined by the county assessor, and shall consider any taxpayer appeals from the decision of the assessor thereon to determine (1) if the taxpayer is entitled to an exemption, and (2) if so, the amount thereof.

The clerk of the board shall keep an accurate journal or record of the proceedings and orders of said board showing the facts and evidence upon which their action is based, and the said record shall be published the same as other proceedings of county legislative authority, and shall make a true record of the changes of the descriptions and ((assessed)) appraised values ordered by the county board of equalization. The assessor shall recalculate assessed values and correct the real and personal assessment rolls in accordance with the changes made by the said county board of equalization, and the assessor shall make duplicate abstracts of such corrected values, one copy of which shall

be retained in the office, and one copy forwarded to the department of revenue on or before the eighteenth day of August next following the meeting of the county board of equalization.

The county board of equalization shall meet on the 15th day of July and may continue in session and adjourn from time to time during a period not to exceed four weeks, but shall remain in session not less than three days: PROVIDED, That the county board of equalization with the approval of the county legislative authority may convene at any time when petitions filed exceed twenty-five, or ten percent of the number of appeals filed in the preceding year, whichever is greater.

No taxes, except special taxes, shall be extended upon the tax rolls until the property valuations are equalized by the department of revenue for the purpose of raising the state revenue.

County legislative authorities as such shall at no time have any authority to change the valuation of the property of any person or to release or commute in whole or in part the taxes due on the property of any person.

Sec. 10. RCW 84.48.065 and 1989 c 378 s 14 are each amended to read as follows:

The county assessor or treasurer may cancel or correct assessments on the assessment or tax rolls which are erroneous due to manifest errors in description, double assessments, clerical errors in extending the rolls, clerical errors in calculating the assessed value under section 5 of this act, and such manifest errors in the listing of the property which do not involve a revaluation of property, such as the assessment of property exempted by law from taxation or the failure to deduct the exemption allowed by law to the head of a family. When the county assessor cancels or corrects an assessment, the assessor shall send a notice to the taxpayer advising the taxpayer that the action of the county assessor is not final and shall be considered by the county board of equalization, and that such notice shall constitute legal notice of such fact. When the county assessor or treasurer cancels or corrects an assessment, a record of such action shall be prepared and filed with the county board of equalization, setting forth therein the facts relating to the error. The record shall also set forth by legal description all property belonging exclusively to the state, any county, or any municipal corporation whose property is exempt from taxation, upon which there remains, according to the tax roll, any unpaid taxes.

The county board of equalization shall consider only such matters as appear in the record filed with it by the county assessor or treasurer and shall correct only such matters as are set forth in the record, but it shall have no power to change or alter the assessment of any person, or change the aggregate value of the taxable property of the county, except insofar as it is necessary to correct the errors mentioned in this section. If the county board of equalization finds that the action of the assessor was not correct, it shall issue a supplementary roll including such corrections as are necessary, and the assessment and levy shall have the same force and effect as if made in the first instance, and the county treasurer shall proceed to collect the taxes due on the supplementary roll. The board shall make findings of the facts upon which it bases its decision on all matters submitted to it, and when so made the assessment and levy shall have the same force as if made in the first instance, and the county treasurer shall proceed to collect the taxes due on the rolls as modified.

The county board of equalization shall convene on a day fixed by the board for the purpose of considering such matters as appear in the record filed by the county assessor or treasurer.

Sec. 11. RCW 84.48.075 and 1988 c 222 s 23 are each amended to read as follows:

(1) The department of revenue shall annually, prior to the first Monday in September, determine and submit to each assessor a preliminary indicated ratio for each county: PROVIDED, That the department shall establish rules and regulations pertinent to the determination of the indicated ratio, the indicated real property ratio and the

indicated personal property ratio: PROVIDED FURTHER, That these rules and regulations may provide that data, as is necessary for said determination, which is available from the county assessor of any county and which has been audited as to its validity by the department, shall be utilized by the department in determining the indicated ratio.

(2) To such extent as is reasonable, the department may define use classes of property for the purposes of determination of the indicated ratio. Such use classes may be defined with respect to property use and may include agricultural, open space, timber and forest lands.

(3) The department shall review each county's preliminary ratio with the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, if requested by the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, respectively, between the first and third Mondays of September. Prior to equalization of assessments pursuant to RCW 84.48.080 and after the third Monday of September, the department shall certify to each county assessor the real and personal property ratio for that county.

(4) The department of revenue shall also examine procedures used by the assessor to assess real and personal property in the county, including calculations, use of prescribed value schedules, and efforts to locate all taxable property in the county. If any examination by the department discloses other than market value is being listed as appraised value on the county assessment rolls of the county by the assessor and, after due notification by the department, is not corrected, the department of revenue shall, in accordance with rules adopted by the department, adjust the ratio of that type of property, which adjustment shall be used for determining the county's indicated ratio.

Sec. 12. RCW 84.48.080 and 1990 c 283 s 1 are each amended to read as follows:

Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the assessed valuation of the property in each county bears to the correct total assessed valuation of all property in the state.

First. The department shall classify all property, real and personal, and shall raise and lower the assessed valuation of any class of property in any county to a value that shall be equal, so far as possible, to the ~~((true and fair))~~ correct assessed value of such class as of January 1st of the current year, after determining the correct appraised value, and any adjustment applicable under section 5 of this act for the property, for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use the assessment level of the preceding year. Such classification may be on the basis of types of property, geographical areas, or both.

Second. The department shall keep a full record of its proceedings and the same shall be published annually by the department.

The department shall levy the state taxes authorized by law: PROVIDED, That the amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state ~~((which assessed value shall be one hundred percent of the true and fair value of such property in money))~~ as equalized under this section. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the assessed valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October

l of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

After the completion of the duties hereinabove prescribed, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection.

Sec. 13. RCW 84.12.270 and 1975 1st ex.s. c 278 s 165 are each amended to read as follows:

The department of revenue shall annually make an assessment of the operating property of all companies; and between the fifteenth day of March and the first day of July of each of said years shall prepare an assessment roll upon which it shall enter (~~and assess~~) the (~~true cash~~) appraised and assessed values of all the operating property of each of such companies as of the first day of January of the year in which the assessment is made. For the purpose of determining the (~~true cash~~) appraised value of such property the department of revenue may inspect the property belonging to said companies and may take into consideration any information or knowledge obtained by it from such examination and inspection of such property, or of the books, records and accounts of such companies, the statements filed as required by this chapter, the reports, statements or returns of such companies filed in the office of any board, office or commission of this state or any county thereof, the earnings and earning power of such companies, the franchises owned or used by such companies, the (~~assessed~~) valuation of any and all property of such companies, whether operating or nonoperating property, and whether situated within or outside the state, and any other facts, evidence or information that may be obtainable bearing upon the value of the operating property: PROVIDED, That in no event shall any statement or report required from any company by this chapter be conclusive upon the department of revenue in determining the amount, character and (~~true cash~~) value of the operating property of such company.

Sec. 14. RCW 84.12.310 and 1975 1st ex.s. c 278 s 167 are each amended to read as follows:

For the purpose of determining the system value of the operating property of any such company, the department of revenue shall deduct from the (~~actual cash~~) assessed value of the total assets of such company, the (~~actual cash~~) assessed value of all nonoperating property owned by such company. For such purpose the department of revenue may require of the assessors of the various counties within this state a detailed list of such company's properties assessed by them, together with the assessable or assessed value thereof: PROVIDED, That such assessed or assessable value shall be advisory only and not conclusive on the department of revenue as to the value thereof.

Sec. 15. RCW 84.12.330 and 1975 1st ex.s. c 278 s 168 are each amended to read as follows:

Upon the assessment roll shall be placed after the name of each company a general description of the operating property of the company, which shall be considered sufficient if described in the language of (~~subdivision (17) of~~) RCW 84.12.200(17), as applied to (~~said~~) the company, following which shall be entered the (~~actual cash~~) appraised and assessed values of the operating property as determined by the department of revenue.

No assessment shall be invalidated by reason of a mistake in the name of the company assessed, or the omission of the name of the owner or by the entry as owner of a name other than that of the true owner. When the department of revenue shall have prepared the assessment roll and entered thereon the ~~((actual-cash))~~ appraised and assessed values of the operating property of the company, as ~~((herein))~~ required, it shall notify the company by mail of the valuation determined by it and entered upon ~~((said))~~ the roll.

Sec. 16. RCW 84.12.350 and 1967 ex.s. c 26 s 17 are each amended to read as follows:

Upon determination by the department of revenue of the true and correct ~~((actual-cash))~~ assessed value of the property appearing on such rolls it shall apportion such value to the respective counties entitled thereto, as hereinafter provided, and shall determine the equalized assessed valuation of such property in each such county and in the several taxing districts therein, by applying the county-indicated ratio to such actual apportioned value ~~((the same ratio as the ratio of assessed to actual value of the general property in such county))~~: PROVIDED, That, whenever the amount of the true and correct assessed value of the operating property of any company otherwise apportionable to any county or other taxing district shall be less than two hundred fifty dollars, such amount need not be apportioned to such county or taxing district but may be added to the amount apportioned to an adjacent county or taxing district.

Sec. 17. RCW 84.12.360 and 1987 c 153 s 3 are each amended to read as follows:

The ~~((actual-cash))~~ value of the operating property assessed to a company, as fixed and determined by the state board of equalization, shall be apportioned by the department of revenue to the respective counties and to the taxing districts thereof wherein such property is located in the following manner:

(1) Property of steam, suburban, and interurban railroad companies, telegraph companies and pipe line companies--upon the basis of that proportion of the value of the total operating property within the state which the mileage of track, as classified by the department of revenue (in case of railroads), mileage of wire (in the case of telegraph companies) and mileage of pipe line (in the case of pipe line companies) within each county or taxing district bears to the total mileage thereof within the state, at the end of the calendar year last past. For the purpose of such apportionment the department may classify railroad track.

(2) Property of street railroad companies, telephone companies, electric light and power companies, gas companies, water companies, heating companies and toll bridge companies--upon the basis of relative value of the operating property within each county and taxing district to the value of the total operating property within the state to be determined by such factors as the department of revenue shall deem proper.

(3) Planes or other aircraft of airplane companies and watercraft of steamboat companies--upon the basis of such factor or factors of allocation, to be determined by the department of revenue, as will secure a substantially fair and equitable division between counties and other taxing districts.

All other property of airplane companies and steamboat companies--upon the basis set forth in ~~((subdivision))~~ subsection (2) ((hereof)) of this section.

The basis of apportionment with reference to all public utility companies above prescribed shall not be deemed exclusive and the department of revenue in apportioning values of such companies may also take into consideration such other information, facts, circumstances, or allocation factors as will enable it to make a substantially just and correct valuation of the operating property of such companies within the state and within each county thereof.

Sec. 18. RCW 84.16.040 and 1975 1st ex.s. c 278 s 179 are each amended to read as follows:

The department of revenue shall annually make an assessment of the operating property of each private car company; and between the first day of May and the first day

of July of each of said years shall prepare an assessment roll upon which it shall enter ~~((and assess))~~ the ~~((true cash))~~ appraised and assessed values of all the operating property of each of such companies as of the first day of January of the year in which the assessment is made. For the purpose of determining the ~~((true cash))~~ appraised value of such property the department of revenue may take into consideration any information or knowledge obtained by it from an examination and inspection of such property, or of the books, records and accounts of such companies, the statements filed as required by this chapter, the reports, statements or returns of such companies filed in the office of any board, office or commission of this state or any county thereof, the earnings and earning power of such companies, the franchises owned or used by such companies, the ~~((assessed))~~ valuation of any and all property of such companies, whether operating property or nonoperating property, and whether situated within or without the state, and any other facts, evidences or information that may be obtainable bearing upon the value of the operating property: PROVIDED, That in no event shall any statement or report required from any company by this chapter be conclusive upon the department of revenue in determining the amount, character and ~~((true cash))~~ value of the operating property of such company.

Sec. 19. RCW 84.16.050 and 1975 1st ex.s. c 278 s 180 are each amended to read as follows:

The department of revenue may, in determining the ~~((actual cash))~~ assessed value of the operating property to be placed on the assessment roll value the entire property as a unit. If the company owns, leases, operates or uses property partly within and partly without the state, the department of revenue may determine the value of the operating property within this state by the proportion that the value of such property bears to the value of the entire operating property of the company, both within and without this state. In determining the operating property which is located within this state the department of revenue may consider and base such determination on the proportion which the number of car miles of the various classes of cars made in this state bears to the total number of car miles made by the same cars within and without this state, or to the total number of car miles made by all cars of the various classes within and without this state. If the value of the operating property of the company cannot be fairly determined in such manner the department of revenue may use any other reasonable and fair method to determine the value of the operating property of the company within this state.

Sec. 20. RCW 84.16.090 and 1975 1st ex.s. c 278 s 181 are each amended to read as follows:

Upon the assessment roll shall be placed after the name of each company a general description of the operating property of the company, which shall be considered sufficient if described in the language of ~~((subdivision (3) of))~~ RCW 84.16.010(3) or otherwise, following which shall be entered the ~~((actual cash))~~ appraised and assessed values of the operating property as determined by the department of revenue. No assessment shall be invalid by a mistake in the name of the company assessed, by omission of the name of the owner or by the entry of a name other than that of the true owner. When the department of revenue shall have prepared the assessment roll and entered thereon the ~~((actual cash))~~ appraised and assessed values of the operating property of the company, as ~~((herein))~~ required, it shall notify the company by mail of the valuations determined by it and entered upon ~~((said))~~ the roll; and thereupon such assessed valuation shall become the ~~((actual cash))~~ assessed value of the operating property of the company, subject to revision or correction by the state board of equalization as hereinafter provided; and shall be the valuation upon which, after equalization by the state board of equalization as hereinafter provided, the taxes of such company shall be based and computed.

Sec. 21. RCW 84.16.110 and 1967 ex.s. c 26 s 18 are each amended to read as follows:

Upon determination by the department of revenue of the true and correct (~~actual cash~~) assessed value of the property appearing on such rolls the department shall apportion such value to the respective counties entitled thereto as hereinafter provided, and shall determine the equalized or assessed valuation of such property in such counties by applying the county-indicated ratio to such actual apportioned value (~~the same ratio as the ratio of assessed to actual value of the general property of the respective counties~~): PROVIDED, That, whenever the amount of the true and correct assessed value of the operating property of any company otherwise apportionable to any county shall be less than two hundred fifty dollars, such amount need not be apportioned to such county but may be added to the amount apportioned to an adjacent county.

Sec. 22. RCW 84.16.120 and 1961 c 15 s 84.16.120 are each amended to read as follows:

The (~~actual-cash~~) assessed value of the property of each company as fixed and determined by the state board of equalization as herein provided shall be apportioned to the respective counties in the following manner:

(1) If all the operating property of the company is situated entirely within a county and none of such property is located within, extends into, or through or is operated into or through any other county, the entire value thereof shall be apportioned to the county within which such property is situate, located and operated.

(2) If the operating property of any company is situated or located within, extends into or is operated into or through more than one county, the value thereof shall be apportioned to the respective counties into or through which its cars are operated in the proportion that the length of main line track of the respective railroads moving such cars in such counties bears to the total length of main line track of such respective railroads in this state.

(3) If the property of any company is of such character that it will not be reasonable, feasible or fair to apportion the value as hereinabove provided, the value thereof shall be apportioned between the respective counties into or through which such property extends or is operated or in which the same is located in such manner as may be reasonable, feasible and fair.

Sec. 23. RCW 84.24.040 and 1975 1st ex.s. c 278 s 186 are each amended to read as follows:

A hearing shall be had at the time and place set forth in the notice provided for in RCW 84.24.030, and thereafter the department of revenue shall determine, as of the original assessment date, and in the manner provided by existing law, the (~~cash-market~~) assessed value of the property in question (~~and the ratio between cash market value and assessed value of the other taxable property in the county where such property is located, and shall fix the equalized value of the property in question at that percentage of its cash market value as of the original assessment date, which the equalized assessed value of the general taxable property in the county where such reassessed property is located, bore to its cash market value~~): PROVIDED, HOWEVER, That in case of a protest, complaint or petition based upon an alleged excessive assessment, the reassessment shall not exceed the original assessment.

Sec. 24. RCW 84.36.041 and 1989 c 379 s 2 are each amended to read as follows:

(1) All real and personal property used by a nonprofit home for the aging that is reasonably necessary for the purposes of the home is exempt from taxation if the benefit of the exemption inures to the home and:

(a) At least fifty percent of the occupied dwelling units in the home are occupied by eligible residents; or

(b) The home is subsidized under a federal department of housing and urban development program. The department of revenue shall provide by rule a definition of homes eligible for exemption under this subsection (b), consistent with the purposes of this section.

(2) A home for the aging is eligible for a partial exemption if the home does not meet the requirements of subsection (1) of this section because fewer than fifty percent of the occupied dwelling units are occupied by eligible residents. The amount of exemption shall be calculated by multiplying the assessed value of the property reasonably necessary for the purposes of the home by a fraction. The numerator of the fraction is the number of dwelling units occupied by eligible persons multiplied by two. The denominator of the fraction is the total number of occupied dwelling units. The fraction shall never exceed one.

(3) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(4) A home for the aging is exempt from taxation only if the organization operating the home is exempt from income tax under section 501(c) of the federal internal revenue code as existing on January 1, 1989, or such subsequent date as the director may provide by rule consistent with the purposes of this section.

(5) Each eligible resident of a home for the aging shall submit the form required under RCW 84.36.385 to the county assessor by July 1st of the assessment year. An eligible resident who has filed a form for a previous year need not file a new form until there is a change in status affecting the person's eligibility.

(6) In determining the ~~((true and fair))~~ appraised value of a home for the aging for purposes of the partial exemption provided by subsection (2) of this section, the assessor shall apply the computation method provided by RCW 84.34.060 and shall consider only the use to which such property is applied during the years for which such partial exemptions are available and shall not consider potential uses of such property.

(7) A home for the aging that was exempt for taxes levied for collection in 1990 and is not fully exempt under this section is entitled to partial exemptions as follows:

(a) For taxes levied for collection in 1991, two-thirds of the assessed value that would otherwise be subject to tax under this section is exempt from taxation.

(b) For taxes levied for collection in 1992, one-third of the assessed value that would otherwise be subject to tax under this section is exempt from taxation.

(8) As used in this section:

(a) "Eligible resident" means a person who would be eligible for an exemption under RCW 84.36.381 if the person owned a single-family dwelling. For the purposes of determining eligibility under this section, a "cotenant" as used in RCW 84.36.383 means a person who resides with an eligible resident and who shares personal financial resources with the eligible resident.

(b) "Home for the aging" means a residential housing facility that (i) provides a housing arrangement chosen voluntarily by the resident, the resident's guardian or conservator, or another responsible person; (ii) has only residents who are at least sixty-two years of age or who have needs for care generally compatible with persons who are at least sixty-two years of age; and (iii) provides varying levels of care and supervision, as agreed to at the time of admission or as determined necessary at subsequent times of reappraisal.

Sec. 25. RCW 84.52.063 and 1973 1st ex.s. c 195 s 105 are each amended to read as follows:

A rural library district may impose a regular property tax levy in an amount equal to that which would be produced by a levy of fifty cents per thousand dollars of assessed value multiplied by an equalized assessed valuation (~~((equal to one hundred percent of the true and fair value of the taxable property in the rural library district))~~), as determined by the department of revenue's indicated county ratio: PROVIDED, That when any county assessor shall find that the aggregate rate of levy on any property will exceed the limitation set forth in RCW 84.52.043 and ~~((RCW))~~ 84.52.050, as now or hereafter amended, before recomputing and establishing a consolidated levy in the manner set forth in RCW 84.52.010, the assessor shall first reduce the levy of any rural library district, by

such amount as may be necessary, but the levy of any rural library district shall not be reduced to less than fifty cents per thousand dollars against the value of the taxable property, as determined by the county, prior to any further adjustments pursuant to RCW 84.52.010. For purposes of this section "regular property tax levy" shall mean a levy subject to the limitations provided for in Article VII, section 2 of the state Constitution and/or by statute.

Sec. 26. RCW 84.70.010 and 1987 c 319 s 6 are each amended to read as follows:

(1) If, on or before December 31 in any calendar year, any real or personal property placed upon the assessment roll of that year is destroyed in whole or in part, or is in an area that has been declared a disaster area by the governor and has been reduced in value by more than twenty percent as a result of a natural disaster, the ~~((true-cash))~~ assessed value of such property shall be reduced for that year by an amount determined as follows:

(a) First take the ~~((true-cash))~~ assessed value of such taxable property before destruction or reduction in value and deduct therefrom the true cash value of the remaining property after destruction or reduction in value.

(b) Then divide any amount remaining by the number of days in the year and multiply the quotient by the number of days remaining in the calendar year after the date of the destruction or reduction in value of the property.

(2) No reduction in the ~~((true-cash))~~ assessed value shall be made more than three years after the date of destruction or reduction in value.

(3) The assessor shall make such reduction on his or her own motion; however, the taxpayer may make application for reduction on forms prepared by the department and provided by the assessor. The assessor shall notify the taxpayer of the amount of reduction.

(4) If destroyed property is replaced prior to the valuation dates contained in RCW 36.21.080 and 36.21.090, the total taxable value for that year shall not exceed the value as of the appropriate valuation date in RCW 36.21.080 or 36.21.090, whichever is appropriate.

(5) The taxpayer may appeal the amount of reduction to the county board of equalization within thirty days of notification or July 15th of the year of reduction, whichever is later. The board shall reconvene, if necessary, to hear the appeal.

NEW SECTION. Sec. 27. This act applies to taxes levied in 1991 for collection in 1992, and thereafter.

NEW SECTION. Sec. 28. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 29. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Representatives Wang, May and Van Luven spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Wang yielded to question by Mr. Basich.

Mr. Basich: Is this going to be a nightmare for assessors--a shift from high property to low? Could you explain that a little more? It seems like we're going at this pretty fast here, and there was a lot of discussion on this before.

Would you explain it a little bit to us, so that we understand it, Representative Wang?

SPEAKER'S RULING

The Speaker: Representative Basich, questions and answers are intended to clarify and are not to be used as a debating tool. I find your question takes the privilege of question and answer beyond its original intention. If you would like to make a speech, please continue.

Mr. Basich spoke against adoption of the amendment, and Mr. Horn spoke in favor of it. The amendment was adopted.

With consent of the House, the following amendment by Representative Wang to the title was adopted:

On page 1, line 2 of the title, after "increases;" strike the remainder of the title and insert "amending RCW 84.04.030, 84.40.020, 84.40.030, 84.40.040, 84.40.045, 84.41.041, 84.48.010, 84.48.065, 84.48.075, 84.48.080, 84.12.270, 84.12.310, 84.12.330, 84.12.350, 84.12.360, 84.16.040, 84.16.050, 84.16.090, 84.16.110, 84.16.120, 84.24.040, 84.36.041, 84.52.063, and 84.70.010; adding a new section to chapter 84.04 RCW; adding a new section to chapter 84.40 RCW; creating a new section; and declaring an emergency."

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 84.36.381 and 1987 c 301 s 1 are each amended to read as follows:

A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of January 1st of the year for which the exemption is claimed: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital or nursing home shall not disqualify the claim of exemption if the residence is temporarily unoccupied or if the residence is occupied by a spouse and/or a person financially dependent on the claimant for support;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be deemed a life estate;

(3) The person claiming the exemption must have been sixty-one years of age or older on January 1st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving an

exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person shall be exempt from an obligation to pay shall be calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the preceding year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve.

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of ~~((eighteen))~~ twenty-six thousand dollars or less shall be exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of ~~((fourteen))~~ eighteen thousand dollars or less but greater than ~~((twelve))~~ fifteen thousand dollars shall be exempt from all regular property taxes on the greater of ~~((twenty-four))~~ thirty thousand dollars or thirty percent of the valuation of his or her residence, but not to exceed ~~((forty))~~ fifty thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of ~~((twelve))~~ fifteen thousand dollars or less shall be exempt from all regular property taxes on the greater of ~~((twenty-eight))~~ thirty-four thousand dollars or fifty percent of the valuation of his or her residence.

Sec. 2. RCW 84.36.041 and 1989 c 379 s 2 are each amended to read as follows:

(1) All real and personal property used by a nonprofit home for the aging that is reasonably necessary for the purposes of the home is exempt from taxation if the benefit of the exemption inures to the home and:

(a) At least fifty percent of the occupied dwelling units in the home are occupied by eligible residents; or

(b) The home is subsidized under a federal department of housing and urban development program. The department of revenue shall provide by rule a definition of homes eligible for exemption under this subsection (b), consistent with the purposes of this section.

(2) A home for the aging is eligible for a partial exemption if the home does not meet the requirements of subsection (1) of this section because fewer than fifty percent of the occupied dwelling units are occupied by eligible residents. The amount of exemption shall be calculated by multiplying the assessed value of the property reasonably necessary for the purposes of the home by a fraction. The numerator of the fraction is the number of dwelling units occupied by eligible persons multiplied by two. The denominator of the fraction is the total number of occupied dwelling units. The fraction shall never exceed one.

(3) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(4) A home for the aging is exempt from taxation only if the organization operating the home is exempt from income tax under section 501(c) of the federal internal revenue code as existing on January 1, 1989, or such subsequent date as the director may provide by rule consistent with the purposes of this section.

(5) Each eligible resident of a home for the aging shall submit the form required under RCW 84.36.385 to the county assessor by July 1st of the assessment year. An eligible resident who has filed a form for a previous year need not file a new form until there is a change in status affecting the person's eligibility.

(6) In determining the true and fair value of a home for the aging for purposes of the partial exemption provided by subsection (2) of this section, the assessor shall apply the computation method provided by RCW 84.34.060 and shall consider only the use to

which such property is applied during the years for which such partial exemptions are available and shall not consider potential uses of such property.

(7) A home for the aging that was exempt for taxes levied for collection in 1990 and is not fully exempt under this section is entitled to partial exemptions as follows:

(a) For taxes levied for collection in 1991, two-thirds of the assessed value that would otherwise be subject to tax under this section is exempt from taxation.

(b) For taxes levied for collection in 1992, one-third of the assessed value that would otherwise be subject to tax under this section is exempt from taxation.

(8) As used in this section:

SENATE AMENDMENTS TO HOUSE BILL

April 27, 1991

Mr. Speaker:

The Senate refused the request of the House for a Conference on SUBSTITUTE HOUSE BILL NO. 1275. On motion, the Senate reconsidered the vote by which the Senate Committee on Governmental Operations striking amendment(s) were adopted, did not adopt the amendments, and passed the bill with the following amendment(s):

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 29.18.022 and 1987 c 110 s 1 are each amended to read as follows:

The names of all candidates for partisan office, for the office of superintendent of public instruction, for public utility district office, and for all judicial offices shall be rotated in each precinct in the manner specified by RCW 29.30.040, 29.30.340, and 29.30.440. The order of names of candidates for such offices on sample ballots and on absentee ballots in primaries shall be determined in the following manner:

(1) After the close of business on the last day for candidates to file for office, the officer with whom declarations of candidacy are filed shall, from among those filings made in person and by mail in accordance with RCW 29.18.045(2), determine by lot the order in which the names of those candidates shall appear on the sample and absentee ballots under the appropriate office heading. The determination shall be done publicly, and may be witnessed by the media and by any candidate desiring to do so.

(2) For the purposes of this section and RCW 29.18.045, "filing officer" means the officer with whom declarations of candidacy for an office must be filed.

Sec. 2. RCW 29.30.025 and 1990 c 59 s 80 are each amended to read as follows:

After the close of business on the last day for candidates to file for office, the filing officer shall, from among those filings made in person and by mail, determine by lot the order in which the names of those candidates will appear on all sample and absentee ballots. In the case of candidates for city, town, and district office, except for public utility district office, this procedure shall also determine the order for candidate names on the official primary ballot used at the polling place. The determination shall be done publicly and may be witnessed by the media and by any candidate. If no primary is required for any nonpartisan office under RCW 29.15.150 or 29.21.015, the names shall appear on the general election ballot in the order determined by lot.

Sec. 3. RCW 29.21.010 and 1977 c 53 s 3 are each amended to read as follows:

All cities and towns shall hold primary elections irrespective of type or form of government which shall be nonpartisan and held as provided in RCW 29.13.070, as now or hereafter amended. All districts, except those districts which require ownership of property within ~~((said))~~ the districts as a prerequisite to voting, shall hold primary elections which shall be nonpartisan and held as provided in RCW 29.13.070 as now or hereafter amended.

All names of candidates to be voted upon at city, town, and such district primary elections, except for public utility district primary elections, shall be printed upon the official primary ballot alphabetically in groups under the designation of the respective

titles of the offices for which they are candidates. The name of the person who receives the greatest number of votes and of the person who receives the next greatest number of votes for each position, shall appear in that order on the city, town, or district general election ballot concerned under the designation for each respective office. In the event there are two or more offices to be filled for the same position, then names of candidates receiving the highest number of votes equal in number to twice the offices to be filled shall appear on the city, town, or district general election ballot so that the voter shall have a choice of two candidates for each position: PROVIDED, That no name of any candidate shall appear on the city, town, or district general election ballot unless said candidate shall receive at least five percent of the total votes cast for that office. The sequence of names of candidates printed on the city, town, or district general election ballot shall be in relation to the number of votes each candidate received at the primary. Names of candidates printed upon the city, town, or district primary and general election ballot need not be rotated.

The purpose of this section is to establish the holding of a primary election, subject to the exemptions as contained in RCW 29.21.015 as now or hereafter amended, as a uniform procedural requirement to the holding of city, town, and district elections and such provisions shall supersede any and all other statutes, whether general or special in nature, having different election requirements.

Sec. 4. RCW 29.30.040 and 1990 c 59 s 94 are each amended to read as follows:

At primaries, the names of candidates for federal, state, and county partisan offices, for the office of superintendent of public instruction, for public utility district office, and for judicial offices shall, for each office or position, be arranged initially in the order determined under RCW 29.30.025. Additional sets of ballots shall be prepared in which the positions of the names of all candidates for each office or position shall be changed as many times as there are candidates in the office or position in which there are the greatest number of names. As nearly as possible an equal number of ballots shall be prepared after each change. In making the changes of position between each set of ballots, the candidates for each such office in the first position under the office heading shall be moved to the last position under that office heading, and each other name shall be moved up to the position immediately above its previous position under that office heading. The effect of this rotation of the order of the names shall be that the name of each candidate for an office or position shall appear first, second, and so forth for that office or position on the ballots of a nearly equal number of registered voters in that jurisdiction. In a precinct using voting devices, the names of the candidates for each office shall appear in only one sequence in that precinct. The names of candidates for city, town, and district office on the ballot at the primary shall not be rotated.

Sec. 5. RCW 35.02.020 and 1986 c 234 s 3 are each amended to read as follows:

A petition for incorporation must be signed by ~~((qualified))~~ registered voters resident within the limits of the proposed city or town equal in number to ten percent of the ~~((votes cast))~~ number of voters who voted at the last ~~((state))~~ general municipal election and presented to the auditor of the county in which all, or the largest portion of, the proposed city or town is located.

Sec. 6. RCW 35.02.090 and 1986 c 234 s 12 are each amended to read as follows:

The elections on the proposed incorporation and for the nomination and election of the initial elected officials shall be conducted in accordance with the general election laws of the state, except as provided in this chapter. No person is entitled to vote ~~((thereat))~~ unless he or she is a ~~((qualified elector))~~ registered voter of the county, or any of the counties in which the proposed city or town is located, and has resided within the limits of the proposed city or town for at least thirty days next preceding the date of election.

Sec. 7. RCW 35.06.020 and 1965 c 7 s 35.06.020 are each amended to read as follows:

When a petition is filed signed by ~~((electors))~~ registered voters of a city or town, in number equal to not less than one-fifth of the votes cast at the last general municipal election, seeking reorganization thereof as a city of a higher class than that indicated by the last preceding federal or state census, the city or town council to which the petition is presented shall forthwith cause a census to be taken by one or more suitable persons of all the inhabitants of such town or city in which census the full name of each person shall be plainly written, and the names alphabetically arranged and regularly numbered in complete series. The census shall be verified before an officer authorized to administer oaths and filed with the city or town clerk.

If the census shows such city or town qualified for the class named in the petition, the same proceedings shall be had as if the census were a federal or state census.

If the census shows such city or town not qualified for the class named in the petition, no further proceedings shall be had: PROVIDED, That the city or town may be reorganized as a city or town of the class indicated by the census, upon a proper petition filed within six months from the filing of such census with the clerk, without other or further census.

Sec. 8. RCW 35.06.030 and 1965 c 7 s 35.06.030 are each amended to read as follows:

If the census prescribed in RCW 35.06.020 shows that the city or town belongs to the class named in the petition, the city or town council shall cause notice to be given as in other cases, that at the ~~((the))~~ next general election of the city or town, or at a special election to be called for that purpose, the ~~((electors))~~ voters may vote for or against the advancement, their ballots to contain the words "for advancement" and the words "against advancement."

Sec. 9. RCW 35.06.050 and 1965 c 7 s 35.06.050 are each amended to read as follows:

The clerk shall lay the certificate of election and census before the council at its next regular meeting after the same has been filed in his or her office, and if ~~((it appear that all the votes cast for the advancement are not a majority of the votes cast at the election))~~ a majority of those voting on the advancement are not in favor of advancement, no further proceedings shall be had on that petition; but this shall not bar any new proceedings for such purpose.

Sec. 10. RCW 35.24.020 and 1987 c 3 s 9 are each amended to read as follows:

The government of a third class city shall be vested in a mayor, a city council of seven members, a city attorney, a clerk, a treasurer, all elective; and a chief of police, municipal judge, city engineer, street superintendent, health officer and such other appointive officers as may be provided for by statute or ordinance: PROVIDED, That the council may enact an ordinance providing for the appointment of the city clerk, city attorney, and treasurer by the mayor, which appointment shall be subject to confirmation by a majority vote of the city council. The mayor shall appoint and at his or her pleasure may remove all appointive officers except as otherwise provided herein: PROVIDED, That municipal judges shall be removed only upon conviction of misconduct or malfeasance in office, or because of physical or mental disability rendering ~~((him))~~ the judge incapable of performing the duties of his or her office. Every appointment or removal must be in writing signed by the mayor and filed with the city clerk.

No town that provides a defined contribution plan for its employees as authorized by this section may make any material changes in the terms or conditions of the plan after June 7, 1990.

or lists promulgated by the municipal research council or its designee from time to time, and may provide such copies without charge. The municipal research council may provide that information to the entity with which it contracts for the provision of municipal research and services, in order to provide a pool of information for all cities and towns in the state of Washington.

Sec. 19. RCW 35A.12.010 and 1985 c 106 s 1 are each amended to read as follows:

The government of any noncharter code city or charter code city electing to adopt the mayor-council plan of government authorized by this chapter shall be vested in an elected mayor and an elected council. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants, the council shall consist of seven members: **PROVIDED**, That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a mayor-council code city, its population increases to twenty-five hundred or more inhabitants, the number of councilmanic offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of councilmanic offices in the city. When the population of a mayor-council code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. In the event of an increase in the number of councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.12.050, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term: **PROVIDED**, That both persons shall be elected to a two-year term when (a) the city council has divided the city into wards pursuant to RCW 35A.12.180, and (b) the terms of office of a majority of the other councilmanic offices expire at such election. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the mayor-council plan of government set forth in this chapter, may provide for an uneven number of councilmen not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the mayor-council plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

Sec. 20. RCW 35A.39.010 and 1967 ex.s. c 119 s 35A.39.010 are each amended to read as follows:

Each code city (~~shall provide three copies of each of its ordinances of general application to the association of Washington cities without charge and~~) may duplicate and sell copies

of its ordinances at fees reasonably calculated to defray the cost of such duplication and handling.

Sec. 21. RCW 41.08.040 and 1973 1st ex.s. c 154 s 60 are each amended to read as follows:

Immediately after appointment the commission shall organize by electing one of its members (~~(chairman)~~) chair and hold regular meetings at least once a month, and such additional meetings as may be required for the proper discharge of their duties.

They shall appoint a secretary and chief examiner, who shall keep the records of the commission, preserve all reports made to it, superintend and keep a record of all examinations held under its direction, and perform such other duties as the commission may prescribe.

The secretary and chief examiner shall be appointed as a result of competitive examination which examination may be either original and open to all properly qualified citizens of the city, town or municipality, or promotional and limited to persons already in the service of the fire department or of the fire department and other departments of said city, town or municipality, as the commission may decide. The secretary and chief examiner may be subject to suspension, reduction or discharge in the same manner and subject to the same limitations as are provided in the case of members of the fire department. It shall be the duty of the civil service commission:

(1) To make suitable rules and regulations not inconsistent with the provisions of this chapter. Such rules and regulations shall provide in detail the manner in which examinations may be held, and appointments, promotions, transfers, reinstatements, demotions, suspensions and discharges shall be made, and may also provide for any other matters connected with the general subject of personnel administration, and which may be considered desirable to further carry out the general purposes of this chapter, or which may be found to be in the interest of good personnel administration. Such rules and regulations may be changed from time to time. The rules and regulations and any amendments thereof shall be printed, mimeographed or multigraphed for free public distribution. Such rules and regulations may be changed from time to time.

(2) All tests shall be practical, and shall consist only of subjects which will fairly determine the capacity of persons examined to perform duties of the position to which appointment is to be made, and may include tests of physical fitness and/or of manual skill.

(3) The rules and regulations adopted by the commission shall provide for a credit (~~(of ten percent)~~) in accordance with RCW 41.04.010 in favor of all applicants for appointment under civil service, who, in time of war, or in any expedition of the armed forces of the United States, have served in and been honorably discharged from the armed forces of the United States, including the army, navy, and marine corps and the American Red Cross. These credits apply to entrance examinations only.

(4) The commission shall make investigations concerning and report upon all matters touching the enforcement and effect of the provisions of this chapter, and the rules and regulations prescribed hereunder; inspect all institutions, departments, offices, places, positions and employments affected by this chapter, and ascertain whether this chapter and all such rules and regulations are being obeyed. Such investigations may be made by the commission or by any commissioner designated by the commission for that purpose. Not only must these investigations be made by the commission as aforesaid, but the commission must make like investigation on petition of a citizen, duly verified, stating that irregularities or abuses exist, or setting forth in concise language, in writing, the necessity for such investigation. In the course of such investigation the commission or designated commissioner, or chief examiner, shall have the power to administer oaths, subpoena and require the attendance of witnesses and the production by them of books, papers, documents and accounts appertaining to the investigation and also to cause the deposition of witnesses residing within or without the state to be taken in the manner

prescribed by law for like depositions in civil actions in the superior court; and the oaths administered hereunder and the subpoenas issued hereunder shall have the same force and effect as the oaths administered by a superior court judge in his or her judicial capacity; and the failure upon the part of any person so subpoenaed to comply with the provisions of this section shall be deemed a violation of this chapter, and punishable as such.

(5) All hearings and investigations before the commission, or designated commissioner, or chief examiner, shall be governed by this chapter and by rules of practice and procedure to be adopted by the commission, and in the conduct thereof neither the commission, nor designated commissioner shall be bound by the technical rules of evidence. No informality in any proceedings or hearing, or in the manner of taking testimony before the commission or designated commissioner, shall invalidate any order, decision, rule or regulation made, approved or confirmed by the commission: PROVIDED, HOWEVER, That no order, decision, rule or regulation made by any designated commissioner conducting any hearing or investigation alone shall be of any force or effect whatsoever unless and until concurred in by at least one of the other two members.

A form of petition for the creation of a public utility district shall be submitted to the county auditor within ten months prior to the election at which the proposition is to be submitted to the voters. Petitions shall be filed with the county auditor not less than four months before the election and the county auditor shall within thirty days examine the signatures thereof and certify to the sufficiency or insufficiency thereof. If the petition be found to be insufficient, it shall be returned to the persons filing the same, who may amend or add names thereto for ten days, when the same shall be returned to the county auditor, who shall have an additional fifteen days to examine the same and attach his or her certificate thereto. No person having signed the petition shall be allowed to withdraw his or her name therefrom after the filing of the same with the county auditor: PROVIDED, That each signature shall be dated and that no signature dated prior to the date on which the form of petition was submitted to the county auditor shall be valid. Whenever the petition shall be certified to as sufficient, the county auditor shall forthwith transmit the same, together with his or her certificate of sufficiency attached thereto, to the county legislative authority which shall submit the proposition to the voters of the county at the next general election in an even-numbered year occurring forty-five days after submission of the proposition to the legislative authority. The notice of the election shall state the boundaries of the proposed public utility district and the object of such election, and shall

The hearing on the petition may be adjourned from time to time, not exceeding four weeks in all. If upon the final hearing the county legislative authority shall find that any lands have been unjustly or improperly included within the proposed public utility district and will not be benefited by inclusion therein, it shall change and fix the boundary lines in such manner as it shall deem reasonable and just and conducive to the public welfare and convenience, and make and enter an order establishing and defining the boundary lines of the proposed public utility district: PROVIDED, That no lands shall be included within the boundaries so fixed lying outside the boundaries described in the petition, except upon the written request of the owners of those lands. Thereafter the same procedure shall be followed as prescribed in this chapter for the formation of a public utility district including an entire county, except that the petition and election shall be confined solely to the lesser public utility district.

No public utility district created after September 1, 1979, shall include any other public utility district within its boundaries: PROVIDED, That this paragraph shall not alter, amend, or modify provisions of chapter 54.32 RCW.

Petitions shall be filed with the county auditor not less than four months before such election and the county auditor shall within thirty days examine the signatures thereof and certify to the sufficiency or insufficiency thereof. If such petition is found to be insufficient, it shall be returned to the persons filing the same, who may amend and add names thereto for ten days, when the same shall be returned to the county

auditor, who shall have an additional fifteen days to examine the same and attach his or her certificate thereto. No person having signed such petition shall be allowed to withdraw his or her name therefrom after the filing of the same with the county auditor: PROVIDED, That each signature shall be dated and that no signature dated prior to the date on which the form of petition was submitted to the county auditor shall be valid. Whenever such petition shall be certified to as sufficient, the county auditor shall forthwith transmit the same, together with his or her certificate of sufficiency attached thereto, to the county legislative authority which shall submit such proposition to the voters of ((said)) the district at the next general election in an even-numbered year occurring forty-five days after submission of the proposition to ((said)) the legislative authority. The notice of the election shall state the object of such election, and shall in other respects conform to the requirements of the general laws of Washington, governing the time and manner of holding elections.

The returns of the election on such proposition for dissolution shall be canvassed and the results declared in the same manner as is provided by RCW 54.08.010: PROVIDED, HOWEVER, That any such proposition to dissolve a district shall not be submitted to the ((electors)) voters if within five years prior to the filing of such petition or resolution such district has undertaken any material studies or material action relating to the construction or acquisition of any utility properties or if such district at the time of the submission of such proposition is actually engaged in the operation of any utility properties.

If a majority of the ((votes cast)) registered voters voting on the dissolution at the election favor dissolution, the commission of the district shall petition, without any filing fee, the superior court of the county in which such district is located for an order authorizing the payment of all indebtedness of the district and directing the transfer of any surplus funds or property to the general fund of the county in which such district is organized.

An election shall be held in the area proposed to be incorporated to determine whether the proposed city or town shall be incorporated if the boundary review board approves or modifies and approves the proposal, or if the county legislative authority does

not disapprove the proposal as provided in RCW 35.02.070. Voters at this election shall determine if the area is to be incorporated.

The initial election on the question of incorporation shall be held at the next special election date specified in RCW 29.13.020 that occurs sixty or more days after the final public hearing by the county legislative authority or authorities, or the approval or modification and approval by the boundary review board or boards. The county legislative authority or authorities shall call for this election and, if the incorporation is approved, shall call for other elections to elect the elected officials as provided in this section. If the vote in favor of the incorporation receives ~~((forty))~~ thirty percent or less of the total vote on the question of incorporation, no new election on the question of incorporation for the area or any portion of the area proposed to be incorporated may be held for a period of three years from the date of the election in which the incorporation failed. This three-year prohibition shall not apply to any proposed city or town in which such election was held after September 1, 1990, but before the effective date of this section and the vote in favor of the incorporation received thirty percent or more of the total on the question of incorporation.

If the incorporation is authorized as provided by RCW 35.02.120, separate elections shall be held to nominate and elect persons to fill the various elective offices prescribed by law for the population and type of city or town, and to which it will belong. The primary election to nominate candidates for these elective positions shall be held at the next special election date, as specified in RCW 29.13.020, that occurs sixty or more days after the election on the question of incorporation or, if the incorporation election was held in April or May, at a special election by mail ballots to be held on the third Tuesday in July. The election to fill these elective positions shall be held at the next special election date, as specified in RCW 29.13.020, that occurs thirty or more days after certification of the results of the primary election or, if the primary election was held in April or May, at a special election by mail ballots to be held on the third Tuesday in July.

Sec. 30. RCW 35.14.010 and 1985 c 281 s 24 are each amended to read as follows:

Whenever unincorporated territory is annexed by a city or town pursuant to the provisions of chapter 35.13 RCW, or whenever unincorporated territory is annexed to a code city pursuant to the provisions of chapter 35A.14 RCW, community municipal corporations may be organized ~~((in the manner provided for in this 1967 amendatory act))~~ for the territory comprised of all or a part of an unincorporated area annexed to a city or town pursuant to chapter 35.13 or 35A.14 RCW, if: (1) The service area is such as would be eligible for incorporation as a city or town; or (2) the service area has a minimum population of not less than three hundred inhabitants and ten percent of the population of the annexing city or town; or (3) the service area has a minimum population of not less than one thousand inhabitants.

Whenever two or more cities are consolidated pursuant to the provisions of chapter 35.10 RCW, a community municipal corporation may be organized within one or more of the consolidating cities.

No territory shall be included in the service area of more than one community municipal corporation. Whenever a new community municipal corporation is formed embracing all of the territory of an existing community municipal corporation, the prior existing community municipal corporation shall be deemed to be dissolved on the effective date of the new corporation.

NEW SECTION. Sec. 31. A new section is added to chapter 35.10 RCW to read as follows:

Voters of one or more of the cities that are proposed to be consolidated may have a ballot proposition submitted to them authorizing the simultaneous creation of a community municipal corporation and election of community council members as provided for under chapter 35.14 RCW. The joint resolution that initiates a consolidation under RCW 35.10.410 may provide for the question of whether a community municipal

corporation shall be created to be submitted to the voters of one or more of the cities that are proposed to be consolidated as a separate ballot measure from the ballot measure authorizing the consolidation or as part of the same ballot measure authorizing the consolidation. The petitions that are signed by the voters of each of the cities that are proposed to be consolidated under RCW 35.10.420 may provide for the question of whether to create a community municipal corporation to be submitted to the voters of that city as a separate ballot measure from the ballot measure authorizing the consolidation or as part of the same ballot measure authorizing the consolidation.

The ballots shall contain the words "For consolidation and creation of community municipal corporation" and "Against consolidation and creation of community municipal corporation," or "For creation of community municipal corporation" and "Against creation of community municipal corporation," as the case may be. Approval of either optional ballot proposition shall be by simple majority vote of the voters voting on the proposition, but the consolidation must be authorized by the voters of each city proposed to be consolidated before a community municipal corporation is created.

NEW SECTION. Sec. 32. A new section is added to chapter 35A.14 RCW to read as follows:

The resolution initiating the annexation of territory under RCW 35A.14.015, and the petition initiating the annexation of territory under RCW 35A.14.020, may provide for the simultaneous creation of a community municipal corporation and election of community council members as provided for in chapter 35.14 RCW, as separate ballot measures or as part of the same ballot measure authorizing the annexation, or for the simultaneous inclusion of the annexed area into a named existing community municipal corporation operating under chapter 35.14 RCW, as separate ballot measures or as part of the same ballot measure authorizing the annexation. If the petition so provides for the creation of a community municipal corporation and election of community council members, the petition shall describe the boundaries of the proposed service area, state the number of voters residing therein as nearly as may be, and pray for the election of community council members by the voters residing in the service area.

The ballots shall contain the words "For annexation and creation of community municipal corporation" and "Against annexation and creation of community municipal corporation," or "For creation of community municipal corporation" and "Against creation of community municipal corporation," as the case may be. public hospital district shall describe three public hospital district commissioner districts, numbered consecutively, having approximately equal population and boundaries, following ward and precinct lines, as far as practicable, and, at the first election of commissioners and until any change is made in the boundaries of the public hospital district commissioner districts in accordance with RCW 29.70.100, one commissioner shall be elected from each of the public hospital district commissioner districts described in the petition. If the boundaries described in the petition for the formation of a public hospital district are changed prior to the election on the proposition for the formation of the public hospital district, then the auditor of the county in which the public hospital district is located or, if the public hospital district encompasses portions of more than one county, the auditor of the county in which the largest portion of the public hospital district is located shall redetermine the boundaries of the commissioner districts in accordance with the above provisions. Any candidate for a particular public hospital district commissioner district position must be a registered voter of that commissioner district. The first commissioners to be elected shall take office immediately when qualified in accordance with RCW 29.01.135. Each term of the initial commissioners shall date from the time above specified following the organizational election, but shall also include the period intervening between the organizational election and the first day of January following the next district general election: PROVIDED, That in public hospital districts ((encompassing portions of more than one county, the total vote cast upon the proposition to form the district shall exceed forty percent of the total number of votes cast in each portion of each county lying within the proposed district at the next preceding general county election. The portion of the proposed district located within each county shall constitute a separate commissioner district. There shall be three district commissioners whose terms shall be six years. Each district shall be designated by the name of the county in which it is located. All candidates for commissioners shall be voted upon by the entire district. Not more than one commissioner shall reside in any one district: PROVIDED FURTHER, That in the event there are only two districts then two commissioners may reside in one district. The term of each commissioner shall commence on the first day in January in each year following his election. At the election at which the proposition is submitted to the voters as to whether a district shall be formed, three commissioners shall be elected to hold office, respectively, for the terms of two, four, and six years. The candidate receiving the highest number of votes within the district, as constituted by the election, shall serve a term of six years; the candidate receiving the next highest number of votes shall hold office for a term of four years; and the candidate receiving the next highest number of votes shall hold office for a term of two years: PROVIDED FURTHER, That the holding of each such term of office shall be subject to the residential requirements for district commissioners hereinbefore set forth in this section)) created with five or seven commissioners pursuant to RCW 70.44.051 the commissioners shall be elected and the initial terms of office shall be determined as provided in RCW 70.44.055 and 70.44.057.

NEW SECTION. Sec. 35. Tax levies authorized by voter approval of a ballot proposition submitted by a city under RCW 84.55.050 at an election held prior to 1988 for the purpose of funding the cost of library improvements, plus the costs of borrowing such amount for up to twenty years, may be levied in the amounts and in the years authorized by the voters in addition to the levies otherwise allowed by this chapter until the expiration of the limited period or satisfaction of the limited purpose so authorized, whichever comes first, notwithstanding the provisions of RCW 84.55.050(2). This act is curative and shall apply retroactively to all limited ballot propositions described herein. The elections at which any such ballot propositions were submitted, and the tax levies authorized thereby, shall be valid and effective in all respects. This act shall not be construed to adversely affect the validity or reduce the amount of any tax levies authorized by any other ballot proposition heretofore or hereafter submitted under RCW 84.55.050.

NEW SECTION. Sec. 36. It is the purpose of this chapter to regulate certain adult entertainment businesses to promote the health, safety, and welfare of the citizens of the state of Washington. NEW SECTION. Sec. 38. (1) It is a gross misdemeanor for a person to own, operate, or manage, or act as the agent for one who owns, operates, or manages, an adult entertainment business in the state of Washington unless the person has obtained a business license pursuant to this chapter.

(2) An application for a business license must be made on a form provided by the department. The applicant shall provide: (a) The name, address, phone number, and date of birth of the applicant; (b) two passport-size color photographs of the applicant; (c) the applicant's principal occupation; (d) a description of the proposed establishment; (e) the nature of the proposed business; (f) the trade name of the proposed business; (g) location of the proposed business; (h) a list of all prior business license numbers; (i) a record of all prior criminal convictions for any offense listed under section 56(1) of this act; and (j) such other information as the department may require by rule.

(3) The department shall require the applicant to submit to fingerprinting to assist the Washington state patrol in conducting a background check under section 64 of this act.

(4) At the time of applying, the applicant shall post notice of the application at the proposed business location in a form and manner as required by the department by rule.

NEW SECTION. Sec. 40. (1) The department shall grant or refuse a business license in accordance with this chapter.

(2) Every business license shall be issued in the name of the applicant or applicants, and the holder of a license shall not allow any other person to use it.

(3) No business license may be issued to:

(a) An individual, partnership, or corporation, unless qualified to obtain a business license, as provided in this chapter;

(b) An applicant whose business is conducted by a manager or agent, unless the manager or agent possesses the same qualifications as are required of the business licensee;

(d) An applicant who is under eighteen years of age;

(e) An applicant who has failed to provide information reasonably necessary for issuance of the business license or who has falsely answered a question or request for information on the application form; or

(f) An applicant who has proposed the location of the business within a zone where such use is prohibited by state or local authority.

(4) Upon receipt of an application for a business license, the department shall give notice of the application to the chief executive officer of the incorporated city or town, if the application is for a business license within an incorporated city or town, or to the county legislative authority, if the application is for a business license outside the boundaries of incorporated cities or towns, or to all the appropriate executive officers in the case of a regional adult entertainment business plan. Upon the granting of a business license under this chapter the department shall send a duplicate of the license or written notification to the chief executive officer of the incorporated city or town in which the

license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns, or to all chief executive officers of impacted cities, towns, or counties participating in a regional adult entertainment business plan.

(5)(a) Except as set forth in (b) of this subsection, the department shall not issue an initial business license covering any premises, if at the time the initial license is to be issued the premises are within a buffer zone of one thousand feet surrounding any residential zone, single or multifamily dwelling, church, park, playground, day care center, or elementary or secondary school. The one thousand feet shall be measured on a straight line between the closest points of the property on which the premises are located and the property of the residential zone, dwelling, church, park, playground, day care center, or school. For the purpose of this section, church means a building erected for and used exclusively for religious worship and schooling or other activity in connection with the worship and schooling. The department may rely on the measurements of the relevant local jurisdictions in determining the boundaries of a buffer zone.

(b) The legislative authority of a city, town, or county:

(i) Shall establish a buffer zone less than that established in (a) of this subsection if an applicant submits adequate documentation supporting a variance from the buffer zone and the legislative authority finds (A) that the adverse secondary effects of adult entertainment businesses on public health, safety, or welfare would not be greater as a result of the smaller buffer zone or (B) that failure to establish a smaller buffer zone will effectively prohibit any adult entertainment business in the city, town, or county and there is no regional agreement with neighboring cities, towns, or counties that provides adequate opportunities for such businesses; or

(ii) May establish a buffer zone greater than that established in (a) of this subsection if the legislative authority finds (A) that the adverse secondary effects of adult entertainment businesses on public health, safety, or welfare would not be reasonably and effectively mitigated without the larger buffer zone and (B) that establishing a larger buffer zone will not effectively prohibit any adult entertainment business in the city, town, or county, or that there is a regional agreement with neighboring cities, towns, or counties that provides adequate opportunities for such businesses.

(c) If the location requirements established pursuant to this chapter effectively preclude location of adult entertainment businesses within a city, town, or county, such city, town, or county shall join with neighboring cities, towns, or counties in a regional adult entertainment business location plan in order to provide reasonable opportunity for location of adult entertainment businesses in the regional area.

NEW SECTION. Sec. 41. (1) The department may, subject to the provisions of this chapter and as provided by rule, suspend or cancel a business license; and all rights of the licensee under this chapter shall be suspended or terminated, as the case may be.

(2) Upon receipt of notice of the suspension or cancellation of a business license, the licensee shall forthwith deliver the license to the department. Where the business license has been suspended only, the department shall return the license to the licensee at the expiration or termination of the period of suspension.

NEW SECTION. Sec. 42. (1) Every business license issued under this chapter is subject to all conditions and restrictions imposed by this chapter. All conditions and restrictions imposed by the department in the issuance of an individual business license shall be listed on the face of the individual license along with the trade name, address, and expiration date.

(2) Every business licensee shall post and keep posted its license in a conspicuous place on the premises.

NEW SECTION. Sec. 43. The department shall not issue a business license to a transferee until the transferee has applied for and received a business license under this chapter.

NEW SECTION. Sec. 44. (1)(a) At the time of the original issuance of a business license, the department shall prorate the license fee charged to the new licensee according to the number of calendar quarters, or portion thereof, remaining until the first renewal of that license is required.

(b) Unless canceled sooner, every business license issued by the department shall expire at midnight of the thirtieth day of June of the fiscal year for which it was issued. However, if the department deems it feasible and desirable to do so, it may establish, by rule pursuant to chapter 34.05 RCW, a system for staggering the annual renewal dates for business licenses. If such a system of staggered annual renewal dates is established by the department, the business license fees provided by this chapter shall be appropriately prorated during the first year that the system is in effect.

(2) The adult entertainment business license fee shall be established under RCW 43.24.086, but shall be at least seven hundred fifty dollars per annum, and shall be paid at the time of application. One-half of the fee shall be refunded if the application is withdrawn prior to a denial of the license by the department.

NEW SECTION. Sec. 45. (1) The holder of a business license may not assign or transfer the license, except that a transfer may be made to the surviving spouse of a deceased licensee if the transferor and transferee were maintaining a marital community and the license was issued in the name of one or both of them.

(2) A change in an owner or operator of a licensed business or a change in the manager or agent of a business must be reported to the department within thirty days, and any new owner, operator, manager, or agent must meet the requirements of section 40 of this act. The department shall charge a fee established under RCW 43.24.086 that is at least seventy-five dollars for the processing of a change in an owner, operator, manager, or agent.

NEW SECTION. Sec. 46. The department in suspending a business license may further provide in the order of suspension that such suspension shall be vacated upon payment to the department by the licensee of a monetary penalty in an amount fixed by the department but not to exceed ten thousand dollars.

NEW SECTION. Sec. 47. (1)(a) An application for a performer's license must be made on a form provided by the department. The performer shall provide the following: (i) The performer's name, including all aliases, address, phone number, and date of birth; (ii) two passport-size color photographs of the performer; (iii) principal occupation; (iv) the name and address of any business, if known, at which the performer will perform; (v) a list of all prior performer's license numbers; (vi) a record of all prior criminal convictions for any offense listed under section 56(1) of this act; and (v) such other information as the department may require by rule.

(b) The department shall require the applicant to submit to fingerprinting to assist the Washington state patrol in conducting a background check under section 64 of this act.

(c) Identifying information provided by an applicant under this subsection is exempt from public disclosure, and the department shall not disclose such information except to the extent necessary to carry out its responsibilities under this chapter, or to comply with a request from another governmental entity, or to comply with a court order.

(2) No performer's license may be issued to:

(a) A performer who is under eighteen years of age;

(b) A performer who has failed to provide information reasonably necessary for issuance of the license or has falsely answered a question or request for information on the application form.

(3) The performer's license fee shall be established under RCW 43.24.086, but shall be at least seventy-five dollars per annum and shall be paid at the time of application. One-half of the fee shall be refunded if the application is withdrawn prior to denial of the license by the department.

(4) Every performer shall keep his or her performer's license on the premises while performing.

NEW SECTION. Sec. 48. Every business licensed under section 40 of this act shall file monthly reports with the department pursuant to rule. The reports shall include the following: (1) The name, address, date of birth, and the performer's license number for all performers appearing nude or seminude during the month; and (2) such further information as the department may require.

NEW SECTION. Sec. 49. An action, order, or decision of the department as to a denial of an application for the issuance or renewal of a business or performer's license or as to a revocation, suspension, or modification of a license is subject to the applicable provisions of chapter 34.05 RCW.

(1) An opportunity for a hearing must be provided a licensee prior to a revocation or modification of a business or performer's license and, except as provided in subsection (3) of this section, prior to the suspension of a license.

(2) No hearing shall be required until demanded by the applicant or licensee.

(3) The department may summarily suspend a business or performer's license for a period of up to thirty days without a prior hearing if it finds that public health, safety, or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order; and proceedings for revocation or other action must be promptly instituted and determined.

NEW SECTION. Sec. 50. No provision in this chapter limits the authority of cities, towns, and counties from further regulating adult entertainment businesses as to hours of operation, location of premises, or manner of operation.

The provisions of this chapter relating to the licensing of any adult entertainment business shall not be exclusive and any city, town, or county within whose jurisdiction the adult entertainment business is located may require any registrations or licenses, or charge any fee for the same or similar purpose; and nothing in this chapter shall limit or abridge the authority of any city, town, or county to levy and collect a general and nondiscriminatory license fee levied upon all businesses, or to levy a tax based upon gross business conducted by any firm within the city, town, or county.

NEW SECTION. Sec. 51. The director has the following authority:

(1) To adopt, amend, or repeal such rules as are deemed necessary to carry out this chapter;

(2) To investigate all complaints or reports of conduct in violation of this chapter and to hold hearings as provided in this chapter;

(3) To issue subpoenas and administer oaths in connection with any investigation, hearing, or proceeding held under this chapter;

(4) To take or cause depositions to be taken and use other discovery procedures as needed in any investigation, hearing, or proceeding held under this chapter;

(5) To compel attendance of witnesses at hearings;

(6) To take emergency action ordering summary suspension of a business or performer's license, or restriction or limitation of the licensee's practice pending further disciplinary action under section 56 of this act;

(7) To use the office of administrative hearings as authorized in chapter 34.12 RCW to conduct hearings. However, the director or the director's designee shall make the final decision in the hearing;

(8) To enter into contracts for professional services determined to be necessary for adequate enforcement of this chapter;

(9) To grant or deny business or performer's license applications, and to impose any sanction against a license applicant or license holder provided by this chapter;

(10) To establish or increase in accordance with RCW 43.24.086 business and performer's license fees above the minimum set by this chapter;

(11) To enter into an assurance of discontinuance in lieu of issuing a statement of charges or conducting a hearing. The assurance shall consist of a statement of the law in question and an agreement not to violate the stated provision. The applicant or license holder shall not be required to admit to any violation of the law, nor shall the assurance be construed as such an admission. Violation of an assurance under this subsection is grounds for disciplinary action;

(12) To designate individuals authorized to sign subpoenas and statements of charges; and

(13) To employ such investigative, administrative, and clerical staff as necessary for the enforcement of this chapter.

NEW SECTION. Sec. 52. A person, including but not limited to a customer, licensee, corporation, organization, or state or local governmental agency, may submit a written complaint to the department charging a business or performer's license holder or applicant with a violation of this chapter. If the department determines that the complaint merits investigation, or if the department has reason to believe, without a formal complaint, that a license holder or applicant may have violated this chapter, the department may investigate to determine whether there has been a violation. A person who files a complaint under this section in good faith is immune from suit in any civil action related to the filing or contents of the complaint.

NEW SECTION. Sec. 53. (1) If the department determines, upon investigation pursuant to section 52 of this act, that there is reason to believe a violation of this chapter has occurred, a statement of charge or charges may be prepared and served upon the business or performer's license holder or applicant. The statement of charge or charges shall be accompanied by a notice that the license holder or applicant may request a hearing to contest the charge or charges. The license holder or applicant must file a request for hearing with the department within twenty days after being served the statement of charges. The failure to request a hearing constitutes a default, upon which the director or the director's designee may enter an order pursuant to RCW 34.05.440(1).

(2) If a hearing is requested, the time of the hearing shall be scheduled but the hearing shall not be held earlier than thirty days after service of the charges upon the license holder or applicant. A notice of hearing shall be issued at least twenty days prior to the hearing, specifying the time, date, and place of the hearing.

NEW SECTION. Sec. 54. The procedures governing adjudicative proceedings before agencies under chapter 34.05 RCW, the administrative procedure act, govern all hearings requested under section 53 of this act.

NEW SECTION. Sec. 55. (1) Upon a finding that a business or performer's license holder or applicant has engaged in conduct or violated conditions that are grounds for denial of a license or for disciplinary action under section 56 of this act, the director may issue an order providing for one or any combination of the following:

(a) Revocation of the license;

(b) Suspension of the license for a fixed or indefinite term;

(c) Censure or reprimand;

(d) Compliance with conditions of probation for a designated period of time;

(e) Payment of a fine for each violation of this chapter, not to exceed one thousand dollars per violation, which shall be paid to the department;

(f) Denial of the license request.

(2) Any of the actions under this section may be totally or partly stayed by the director. All costs associated with compliance with orders issued under this section are the obligation of the license holder or applicant.

NEW SECTION. Sec. 56. The following conduct, acts, or conditions, constitute grounds for denial of a license or for disciplinary action against any business or performer's license holder or applicant under the jurisdiction of this chapter:

(1) With respect to a license holder, commission of an act that constitutes an obscenity or pornography offense under chapter 9.68 RCW, a sexual exploitation of children offense under chapter 9.68A RCW, an assault under chapter 9A.36 RCW, a sexual offense under chapter 9A.44 RCW, a prostitution or indecent exposure offense under chapter 9A.88 RCW, a drug offense under chapter 69.41, 69.50, 69.52, or 69.53 RCW, or a substantially similar ordinance adopted by the legislative authority of a city, town, or county or other state statute. Conviction in a criminal proceeding is not a condition precedent to disciplinary action under this section. Upon a conviction, however, the judgment and sentence is conclusive evidence at an ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes a plea of guilty or nolo contendere and also includes all sentence deferrals or suspensions;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in license reinstatement;

(3) All advertising that is false, fraudulent, or misleading;

(4) Failure to cooperate with the department in the conduct of an investigation by:

(a) Not furnishing any requested papers or documents;

(b) Not furnishing in writing a full and complete explanation regarding the matter under investigation; or

(c) Not responding to subpoenas issued by the director, whether or not the recipient of the subpoena is the subject of the investigation;

(5) Failure to comply with an order issued by the director or an assurance of discontinuance entered into with the director;

(6) Aiding and abetting an unlicensed person to own or operate a business or to perform when a license is required;

(7) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the director or the director's authorized representative, or by the use of threats or harassment against any witness to prevent him or her from providing evidence in a disciplinary proceeding or any other legal action;

(8) Violating this chapter or any rule adopted pursuant to this chapter.

NEW SECTION. Sec. 57. (1) The director shall investigate complaints under this chapter concerning ownership or operation of a business without a license or performing without a license. In the investigation of the complaints, the director shall have the same authority as provided the director under section 51 of this act. The director shall issue a cease and desist order to a person after notice and hearing and upon a determination that the person has owned or operated a business without a license, or has performed without a license, in violation of this chapter. If the director makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, the director may issue a temporary cease and desist order before the notice and hearing. A cease and desist order does not relieve the person so owning or operating a business or performing without a license from criminal prosecution. The remedy of a cease and desist order is in addition to any criminal liability. A cease and desist order is conclusive proof of unlicensed practice and may be enforced through remedial sanctions under chapter 7.21 RCW. Enforcement of the cease and desist order under chapter 7.21 RCW may be used in addition to, or as an alternative to, any provisions for enforcement of agency orders set out in chapter 34.05 RCW.

(2) The attorney general, a county prosecuting attorney, the department, or any person may, in accordance with the law of this state governing injunctions, maintain an action to enjoin any person owning or operating a business, or performing, without a

license required by this chapter from continuing such ownership, operation, or performing until the required license is secured. However, an injunction does not relieve a person from criminal prosecution and the remedy by injunction is in addition to any criminal liability.

NEW SECTION. Sec. 58. A person or business that violates an injunction issued under this chapter shall pay a civil penalty, as determined by the court, of not more than twenty-five thousand dollars, which shall be paid to the department. For the purpose of this section, the superior court issuing any injunction shall retain jurisdiction and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties.

NEW SECTION. Sec. 59. (1) The director or individuals acting on the director's behalf are immune from suit in any civil or criminal action based on any disciplinary proceedings or other official acts performed in the course of their duties in the administration and enforcement of this chapter.

(2) Legislative authorities or officials of cities, towns, and counties are immune from suit in any civil or criminal action based on any official acts performed in the course of their duties in the administration or enforcement of this chapter.

In any challenge to location, distance, or conduct requirements imposed by the legislative authority of a city, town, or county pursuant to this chapter, the legislative authority may request that the state assume some or all of the obligation to defend the constitutionality of this chapter. The attorney general may grant or deny the request. Nothing in this chapter creates any state liability for actions of a city, town, or county.

NEW SECTION. Sec. 60. Existing adult entertainment businesses are exempt from any location restrictions imposed by this chapter until January 1, 1995.

NEW SECTION. Sec. 61. It is a gross misdemeanor for any person to permit any person under the age of eighteen on the premises of any adult entertainment business under his or her control.

NEW SECTION. Sec. 62. It is a class C felony for any person to employ or permit any person under the age of eighteen to appear nude or seminude on the premises of any adult entertainment business under his or her control.

NEW SECTION. Sec. 63. Sections 36 through 62 of this act shall constitute a new chapter in Title 18 RCW.

NEW SECTION. Sec. 64. A new section is added to chapter 43.43 RCW to read as follows:

The department of licensing may request information from the Washington state patrol criminal identification system regarding the conviction of offenses listed under section 56(1) of this act for any applicant or for a license holder who is the subject of an investigation under section 52 of this act.

Sec. 65. RCW 7.48A.040 and 1985 c 235 s 1 are each amended to read as follows:

(1) No person shall with knowledge maintain a moral nuisance.

(2) Upon a determination that a defendant has with knowledge maintained a moral nuisance, the court shall impose a civil fine and judgment of an amount as the court shall determine to be appropriate. In imposing the civil fine, the court shall consider the wilfulness of the defendant's conduct and the profits made by the defendant attributable to the lewd matter, lewdness, or prostitution, whichever is applicable. In no event shall the civil fine exceed the greater of ~~((twenty-five))~~ fifty thousand dollars or these profits.

NEW SECTION. Sec. 66. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 67. Sections 36 through 69 of this act shall take effect January 1, 1992. The department of licensing may take such steps before then, including the adoption of rules, as are necessary to ensure that sections 36 through 69 of this act are implemented on January 1, 1992.

NEW SECTION. Sec. 68. The municipal research council, created under chapter 43.110 RCW, in conjunction with the association of Washington cities, shall report to the legislature by January 1, 1993, regarding the implementation of the regulation of certain adult entertainment businesses as provided in sections 36 through 67 of this act. The report shall also examine the effectiveness of these provisions in reducing illegal activity on or near the adult entertainment businesses, and contain further suggested legislative enactments designed to reduce illegal activities associated with these businesses, including, but not limited to, obscenity, pornography, assaults, drug offenses, sexual offenses, and prostitution.

NEW SECTION. Sec. 69. The provisions of the open public meetings act, contained in chapter 42.30 RCW, shall apply to all meetings conducted by the governing body of a public agency regarding the regulation of adult entertainment businesses pursuant to sections 36 through 68 of this act.

Sec. 70. RCW 46.61.525 and 1979 ex.s. c 136 s 86 are each amended to read as follows:

(1) ~~It ((shall be))~~ is unlawful for any person to operate a motor vehicle in a negligent manner. For the purpose of this section to "operate in a negligent manner" ~~((shall be construed to mean))~~ means the operation of a vehicle in such a manner as to endanger or be likely to endanger any persons or property ~~((:—PROVIDED HOWEVER, That any)).~~ A person operating a motor vehicle on private property with the consent of the owner in a manner consistent with the owner's consent ((shall not be)) is not guilty of negligent driving.

~~((The offense of operating a vehicle in a negligent manner shall be considered to be))~~ (2)(a) A person who operates a motor vehicle in a negligent manner and while having intoxicating liquor or any drug in his or her system, but not in an amount sufficient to constitute a violation of RCW 46.61.502, is guilty of negligent driving in the first degree.

(b) Negligent driving in the first degree is a misdemeanor. Upon conviction of negligent driving in the first degree, a person may be punished by suspension of driving privileges for thirty days and a fine of up to five hundred dollars, but no imprisonment may be imposed. Whenever a person is convicted of negligent driving in the first degree, the clerk of the court in which the conviction occurred shall immediately notify the department of licensing of the conviction.

(c) The court shall order a diagnostic evaluation for any person convicted of negligent driving in the first degree. The evaluation and treatment recommendations shall be prepared by a treatment facility approved by the department of social and health services or a probation department qualified under RCW 46.61.516. A copy of the report shall be forwarded to the department of licensing. Based on the diagnostic evaluation the convicted person shall be required to complete a course in an information school approved by the department of social and health services or a more intensive treatment program as approved under chapter 70.96A RCW.

(d) The court shall suspend the thirty-day suspension of driving privileges if the convicted person is ordered to complete an information school or a more intensive treatment program. If the convicted person fails to successfully complete the school or program the court shall immediately notify the department of the failure. Upon receipt of such notice, the department shall suspend the person's privilege to drive for thirty days.

(3) A person who operates a motor vehicle in a negligent manner not amounting to negligent driving in the first degree is guilty of negligent driving in the second degree. Negligent driving in the second degree is a lesser offense than, but included in, the offense of operating a vehicle in a reckless manner, and any person charged with operating a vehicle in a reckless manner may be convicted of the lesser offense of ((operating a vehicle in a)) negligent ((manner)) driving in the second degree. Any person violating ((the provisions of)) this ((section will be)) subsection is guilty of a

misdeemeanor: PROVIDED, That the director may not revoke any license under this ~~(section)~~ subsection, and such offense is not punishable by imprisonment or by a fine exceeding two hundred fifty dollars.

Sec. 71. RCW 46.61.515 and 1985 c 352 s 1 are each amended to read as follows:

(1) Every person who is convicted of a violation of RCW 46.61.502 or 46.61.504 shall be punished by imprisonment for not less than twenty-four consecutive hours nor more than one year, and by a fine of not less than two hundred fifty dollars and not more than one thousand dollars. Unless the judge finds the person to be indigent, two hundred fifty dollars of the fine shall not be suspended or deferred. Twenty-four consecutive hours of the jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. ~~((The court may impose conditions of probation that may include nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The convicted person shall, in addition, be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services, as determined by the court.))~~ The court shall order a diagnostic evaluation ((and treatment recommendation shall be prepared under the direction of the court by an alcoholism agency)) for any person convicted under RCW 46.61.502 or 46.61.504. The evaluation and treatment recommendations shall be prepared by a treatment facility approved by the department of social and health services or a ((qualified)) probation department ((approved by the department of social and health services)) qualified under RCW 46.61.516. A copy of the report shall be forwarded to the department of licensing. Based on the diagnostic evaluation ~~((the court shall determine whether))~~ the convicted person shall be required to complete a course in an ~~((alcohol))~~ information school approved by the department of social and health services or a more intensive treatment ~~((in a))~~ program as approved ((by the department of social and health services)) under chapter 70.96A RCW. Standards for approval for alcohol treatment programs under this chapter shall be prescribed by rule under the administrative procedure act, chapter 34.05 RCW. The courts shall periodically review the costs of alcohol information schools and treatment programs within their jurisdictions.

(2) On a second or subsequent conviction for driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs within a five-year period a person shall be punished by imprisonment for not less than seven days nor more than one year and by a fine of not less than five hundred dollars and not more than two thousand dollars. District courts and courts organized under chapter 35.20 RCW are authorized to impose such fine. Unless the judge finds the person to be indigent, five hundred dollars of the fine shall not be suspended or deferred. The jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. If, at the time of a second or subsequent conviction, the driver is without a license or permit because of a previous suspension or revocation, the minimum mandatory sentence shall be ninety days in jail and a two hundred dollar fine. The penalty so imposed shall not be suspended or deferred. The person shall, in addition, be required to complete a diagnostic evaluation by ~~((an alcoholism agency))~~ a treatment facility approved by the department of social and health services or a ~~((qualified))~~ probation department ~~((approved by the department of social and health services))~~ qualified under RCW 46.61.516. The report shall be forwarded to the department of

licensing. If the person is found to have an alcohol or drug problem requiring treatment, the person shall complete treatment at an approved ~~((alcoholism))~~ treatment facility ~~((or approved drug treatment center))~~.

In addition to any nonsuspendable and nondeferrable jail sentence required by this subsection, the court shall sentence a person to a term of imprisonment not exceeding one hundred eighty days and shall suspend but shall not defer the sentence for a period not exceeding two years. ~~((The suspension of the sentence may be conditioned upon nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of suspension during the suspension period.))~~

(3) The license or permit to drive or any nonresident privilege of any person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs shall:

(a) On the first conviction under either offense, be suspended by the department until the person reaches age nineteen or for ninety days, whichever is longer. The department of licensing shall determine the person's eligibility for licensing based upon the reports provided by the designated ~~((alcoholism agency))~~ treatment facility or probation department and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified;

(b) On a second conviction under either offense within a five-year period, be revoked by the department for one year. The department of licensing shall determine the person's eligibility for licensing based upon the reports provided by the designated ~~((alcoholism agency))~~ treatment facility or probation department and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified;

(c) On a third or subsequent conviction of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs, vehicular homicide, or vehicular assault, or any combination thereof within a five-year period, be revoked by the department for two years.

(4) In any case provided for in this section, where a driver's license is to be revoked or suspended, the revocation or suspension shall be stayed and shall not take effect until after the determination of any appeal from the conviction which may lawfully be taken, but in case the conviction is sustained on appeal the revocation or suspension takes effect as of the date that the conviction becomes effective for other purposes.

(5) For purposes of determining punishment under subsection (2) or (3) of this section, a prior conviction for negligent driving in the first degree shall be treated the same as a prior conviction for driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs.

NEW SECTION. Sec. 72. A new section is added to chapter 35.21 RCW to read as follows:

Each city and town, including a code city, that plans and zones must authorize the siting of schools in all areas within its planning jurisdiction by either outright permitted use or conditional use permits.

Sec. 73. RCW 35.20.270 and 1977 ex.s. c 108 s 1 are each amended to read as follows:

(1) The position of warrant ~~((server))~~ officer is hereby created and maintained by the city either within the courts created by chapter 35.20 RCW or within the city police department. The number and qualifications of said warrant ~~((servers))~~ officers shall be fixed by ordinance, and their compensation shall be paid by the city.

(2) Said warrant ~~((servers))~~ officers shall be vested only with the special authority to make arrests authorized by ~~((the))~~ warrants ~~((which they have been directed to serve by courts created by chapter 35.20 RCW))~~ and for crimes committed coincidental to warrant service.

(3) All criminal and civil process issuing out of courts created under this title shall be directed to the chief of police of the city served by the court and/or to the sheriff of the county in which the court is held and/or the warrant (~~(servers of the court)~~) officers and be by them executed according to law in any county of this state.

(4) No process of courts created under this title shall be executed outside the corporate limits of the city served by the court unless the person authorized by said process shall first contact the applicable law enforcement agency in whose jurisdiction the process is to be served.

(5) Upon a defendant being arrested in another city or county the cost of arresting or serving process thereon shall be borne by the court issuing said process including the cost of returning the defendant from any county of the state to the city.

(6) Said warrant (~~(servers)~~) officers shall not be entitled to death, disability or retirement benefits pursuant to chapter 41.26 RCW on the basis of service as a warrant (~~(server)~~) officer as described in this section.

NEW SECTION. Sec. 74. Section 73 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 1, 1991.

POINT OF ORDER

Mr. Anderson: Thank you, Mr. Speaker. I would request that you rule on the scope and object of the Senate amendments to Substitute House Bill No. 1275.

The Speaker resumed the Chair.

SPEAKER'S RULING

The Speaker: The Speaker has examined Substitute House Bill No. 1275, an act relating to local government. It contains a number of provisions relating to local government which resolve minor conflicts between general laws and laws pertaining to specific units of local government. It also deletes certain obsolete language. The purpose of this bill was clearly a cleanup of that local government statute.

The Senate amendment contains several provisions including adding a new chapter to Title 36 RCW, authorizing elected community councils giving them

authority to adopt comprehensive plans and zoning ordinances, and adding a new chapter to Title 18 RCW, regulating adult entertainment businesses. The Speaker finds that the amendment did not perfect but significantly broadens the scope and object of the original bill. I find, Representative Anderson, that your point of order is well taken. It is outside the scope and object of the original bill.

The Speaker called on Representative R. Meyers to preside.

MOTION

Ms. Haugen moved that the House refuse to concur in the Senate amendments to Substitute House Bill No. 1275 and ask the Senate to recede therefrom. The motion was carried.

Mr. R. Johnson moved adoption of the following amendment by Representatives R. Johnson, Wynne and Belcher:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Floods pose threats to public health and safety including loss or endangerment to human life; damage to homes; damage to public roads, highways, bridges, and utilities; interruption of travel, communication, and commerce; damage to private and public property; degradation of water quality; damage to fisheries, fish hatcheries, and fish habitat; harm to livestock; destruction or degradation of environmentally sensitive areas; erosion of soil, stream banks, and beds; and harmful accumulation of soil and debris in the beds of streams or other bodies of water and on public and private lands;

(b) Alleviation of flood damage to property and to public health and safety is a matter of public concern;

(c) Many land uses alter the pattern of runoff by decreasing the ability of upstream lands to store waters, thus increasing the rate of runoff and attendant downstream impacts; and

(d) Prevention of flood damage requires a comprehensive approach, incorporating storm water management and basin-wide flood damage protection planning.

(2) County legislative authorities are encouraged to use and coordinate all the regulatory, planning, and financing mechanisms available to those jurisdictions to address the problems of flooding in an equitable and comprehensive manner.

(3) It is the intent of the legislature to develop a coordinated and comprehensive state policy to address the problems of flooding and the minimization of flood damage.

NEW SECTION. Sec. 2. The purpose of sections 3 through 13 of this act is to permit counties in cooperation and consultation with cities and towns to adopt a comprehensive system of flood control management and protection within drainage basins and to coordinate the flood control activities of the state, counties, cities, towns, and special districts within such drainage basins.

NEW SECTION. Sec. 3. A new section is added to chapter 86.12 RCW to read as follows:

The county legislative authority of any county may adopt a comprehensive flood control management plan for any drainage basin that is located wholly or partially within the county.

A comprehensive flood control management plan shall include the following elements:

(1) Designation of areas that are susceptible to periodic flooding, from inundation by bodies of water or surface water runoff, or both, including the river's meander belt or floodway;

(2) Establishment of a comprehensive scheme of flood control protection and improvements for the areas that are subject to such periodic flooding, that includes: (a) Determining the need for, and desirable location of, flood control improvements to protect or preclude flood damage to structures, works, and improvements, based upon a cost/benefit ratio between the expense of providing and maintaining these improvements and the benefits arising from these improvements; (b) establishing the level of flood protection that each portion of the system of flood control improvements will be permitted; (c) identifying alternatives to in-stream flood control work; (d) identifying areas where flood waters could be directed during a flood to avoid damage to buildings and other structures; and (e) identifying sources of revenue that will be sufficient to finance the comprehensive scheme of flood control protection and improvements;

(3) Establishing land use regulations that preclude the location of structures, works, or improvements in critical portions of such areas subject to periodic flooding, including a river's meander belt or floodway, and permitting only flood-compatible land uses in such areas;

(4) Establishing restrictions on construction activities in areas subject to periodic floods that require the flood proofing of those structures that are permitted to be constructed or remodeled; and,

(5) Establishing restrictions on land clearing activities and development practices that exacerbate flood problems by increasing the flow or accumulation of flood waters, or the intensity of drainage, on low-lying areas. Land clearing activities do not include forest practices as defined in chapter 76.09 RCW.

A comprehensive flood control management plan shall be subject to the minimum requirements for participation in the national flood insurance program, requirements exceeding the minimum national flood insurance program that have been adopted by the department of ecology for a specific flood plain pursuant to RCW 86.16.031, and rules adopted by the department of ecology pursuant to RCW 86.26.050 relating to flood plain management activities. When a county plans under chapter 36.70A RCW, it may incorporate the portion of its comprehensive flood control management plan relating to land use restrictions in its comprehensive plan and development regulations adopted pursuant to chapter 36.70A RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 86.12 RCW to read as follows:

A comprehensive flood control management plan that includes an area within which a city or town, or a special district subject to chapter 85.38 RCW, is located shall be developed by the county with the full participation of officials from the city, town, or special district, including conservation districts, and appropriate state and federal agencies. Where a comprehensive flood control management plan is being prepared for a river basin that is part of the common boundary between two counties, the county legislative authority of the county preparing the plan may allow participation by officials of the adjacently located county.

Following adoption by the county, city, or town, a comprehensive flood control management plan shall be binding on each jurisdiction and special district that is located within an area included in the plan. If within 120 days of the county's adoption, a city or town does not adopt the comprehensive flood control management plan, the city or county shall request arbitration on the issue(s) in dispute. If parties cannot agree to the selection of an arbitrator, the arbitrator shall be selected according to the process described in RCW 7.04.050. The cost of the arbitrator shall be shared equally by the participating parties and the arbitrator's decision shall be binding. Any land use regulations and restrictions on construction activities contained in a comprehensive flood control management plan applicable to a city or town shall be minimum standards that the city or town may exceed. A city or town undertaking flood or stormwater control activities consistent with the comprehensive flood control management plan shall retain authority over such activities.

NEW SECTION. Sec. 5. A new section is added to chapter 86.12 RCW to read as follows:

A county may create one or more advisory committees to assist in the development of proposed comprehensive flood control management plans and to provide general advice on flood problems. The advisory committees may include city and town officials, officials of special districts subject to chapter 85.38 RCW, conservation districts, appropriate state and federal officials, and officials of other counties and other interested persons.

Sec. 6. RCW 86.26.050 and 1988 c 36 s 64 are each amended to read as follows:

(1) State participation shall be in such preparation of comprehensive flood control management plans under this chapter and chapter 86.12 RCW, cost sharing feasibility studies for new flood control projects, projects pursuant to section 33 of this act, and flood control maintenance projects as are affected with a general public and state interest, as differentiated from a private interest, and as are likely to bring about public benefits commensurate with the amount of state funds allocated thereto.

(2) No participation for flood control maintenance projects may occur with a county or other municipal corporation unless the director of ecology has approved the flood plain management activities of the county, city, or town having planning jurisdiction over the area where the flood control maintenance project will be, on the one hundred year flood plain surrounding such area.

The department of ecology shall adopt rules concerning the flood plain management activities of a county, city, or town that are adequate to protect or preclude flood damage to structures, works, and improvements, including the restriction of land uses within a river's meander belt or floodway to only flood-compatible uses. Whenever the department has approved county, city, and town flood plain management activities, as a condition of receiving an allocation of funds under this chapter, each revision to the flood plain management activities must be approved by the department of ecology, in consultation with the department of fisheries and the department of wildlife.

No participation with a county or other municipal corporation for flood control maintenance projects may occur unless the county engineer of the county within which

the flood control maintenance project is located certifies that a comprehensive flood control management plan has been completed and adopted by the appropriate local authority, or is being prepared for all portions of the river basin or other area, within which the project is located in that county, that are subject to flooding with a frequency of one hundred years or less.

(3) Participation for flood control maintenance projects and preparation of comprehensive flood control management plans shall be made from grants made by the department of ecology from the flood control assistance account. Comprehensive flood control management plans, and any revisions to the plans, must be approved by the department of ecology, in consultation with the department of fisheries and the department of wildlife. The department may only grant financial assistance to local governments that, in the opinion of the department, are making good faith efforts to take advantage of, or comply with, federal and state flood control programs.

Sec. 7. RCW 86.26.090 and 1984 c 212 s 7 are each amended to read as follows:

The state shall participate with eligible local authorities in maintaining and restoring the normal and reasonably stable river and stream channel alignment and the normal and reasonably stable river and stream channel capacity for carrying off flood waters with a minimum of damage from bank erosion or overflow of adjacent lands and property; and in restoring, maintaining and repairing natural conditions, works and structures for the maintenance of such conditions. State participation in the repair of flood control facilities may include the enhancement of such facilities. The state shall likewise participate in the restoration and maintenance of natural conditions, works or structures for the protection of lands and other property from inundation or other damage by the sea or other bodies of water. Funds from the flood control assistance account shall not be available for maintenance of works or structures maintained solely for the detention or storage of flood waters.

Sec. 8. RCW 86.26.100 and 1986 c 46 s 4 are each amended to read as follows:

State participation in the cost of any flood control maintenance project shall be provided for by a written memorandum agreement between the director of ecology and the legislative authority of the county submitting the request, which agreement, among other things, shall state the estimated cost and the percentage thereof to be borne by the state. In no instance, except on emergency projects, shall the state's share exceed one-half the cost of the project, to include project planning and design. Grants for cost sharing feasibility studies for new flood control projects shall not exceed fifty percent of the matching funds that are required by the federal government, and shall not exceed twenty-five percent of the total costs of the feasibility study. However, grants to prepare a comprehensive flood control management plan required under RCW 86.26.050 shall not exceed seventy-five percent of the full planning costs, but not to exceed amounts for either purpose specified in rule and regulation by the department of ecology.

NEW SECTION. Sec. 9. A new section is added to chapter 86.15 RCW to read as follows:

A board may not establish a zone including an area located in another zone unless this area is removed from the other zone, or the other zone is dissolved, as part of the action creating the new zone.

Sec. 10. RCW 86.15.178 and 1983 c 315 s 23 and 1983 c 167 s 212 are each reenacted to read as follows:

(1) The supervisors may authorize the issuance of revenue bonds to finance any flood control improvement or storm water control improvement. The bonds may be issued by the supervisors in the same manner as prescribed in RCW 36.67.510 through 36.67.570 pertaining to counties. The bonds shall be issued on behalf of the zone or participating zones when the improvement has by the resolution, provided in RCW 86.15.110, been found to be of benefit to a zone or participating zones. The bonds may be in any form, including bearer bonds or registered bonds.

Each revenue bond shall state on its face that it is payable from a special fund, naming the fund and the resolution creating the fund.

Revenue bond principal, interest, and all other related necessary expenses shall be payable only out of the appropriate special fund.

A zone or participating zones shall have a lien for delinquent service charges, including interest thereon, against the premises benefited by a flood control improvement or storm water control improvement, which lien shall be superior to all other liens and encumbrances except general taxes and local and special assessments. The lien shall be effective and shall be enforced and foreclosed in the same manner as provided for sewerage liens of cities and towns by RCW 35.67.200 through 35.67.290.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW.

Sec. 11. RCW 86.16.110 and 1987 c 109 s 23 are each reenacted and amended to read as follows:

Local governments may limit the size and configuration of the livestock flood sanctuary areas, but such limitation shall provide adequate space for the expected number of livestock on the farming unit and shall be at an adequate elevation to protect livestock. Modification to flood plain management regulations required pursuant to this section shall

be within the minimum federal requirements necessary to maintain coverage under the national flood insurance program.

NEW SECTION. Sec. 18. A new section is added to chapter 75.20 RCW to read as follows:

Whenever the placement of woody debris is required as a condition of a hydraulic permit approval issued pursuant to RCW 75.20.100 or 75.20.103, the department of fisheries and the department of wildlife, upon request, shall invite comment regarding that placement from the local governmental authority, affected tribes, affected federal and state agencies, and the project applicant.

NEW SECTION. Sec. 19. The department of fisheries, the department of wildlife, and the department of ecology will work cooperatively with the United States army corps of engineers to develop a memorandum of agreement outlining dike vegetation management guidelines so that dike owners are eligible for coverage under P.L. 84-99, and state requirements established pursuant to RCW 75.20.100 and 75.20.103 are met.

Sec. 20. RCW 38.52.030 and 1986 c 266 s 25 are each amended to read as follows:

The comprehensive emergency management plan shall direct the department in times of state emergency to administer and manage the state's emergency operations center. This will include representation from all appropriate state agencies and be available as a single point of contact for the authorizing of state resources or actions, including emergency permits. The comprehensive, all-hazard emergency plan authorized under this subsection may not include preparation for emergency evacuation or relocation of residents in anticipation of nuclear attack. This plan shall be known as the comprehensive emergency management plan.

(4) In accordance with the comprehensive emergency management plans and the programs for the emergency management of this state, the director shall procure supplies and equipment, institute training programs and public information programs, and shall take all other preparatory steps, including the partial or full mobilization of emergency management organizations in advance of actual disaster, to insure the furnishing of adequately trained and equipped forces of emergency management personnel in time of need.

The department of fisheries, the department of wildlife, the department of ecology, and the department of natural resources shall jointly develop an informational brochure that describes when permits and any other authorizations are required for flood damage prevention and reduction projects, and recommends ways to best proceed through the various regulatory permitting processes.

NEW SECTION. Sec. 22. (1) This section shall apply only to projects:

(a) Needed to repair streambank and other damage done by the November or December 1990, flood events, or remove accumulated debris and gravel that significantly contributed to flooding during the November and December 1990, flood events; and

A complete application for approval shall contain general plans for the overall project, and complete plans and specifications of the proposed construction or work. Upon receipt of a completed application, the agency that first receives that application shall, within fifteen days, schedule and hold a coordination meeting with all appropriate state, local, or county permitting or authorizing agencies. The project applicant shall be invited to this meeting. The appropriate city, county, or town may coordinate their permit approval processes with the state agencies. As soon as possible, but no later than thirty days after the receipt of a complete application, all appropriate state agencies will deny or approve the project. Any conditions placed upon project approvals shall be coordinated among the state agencies so that those conditions do not conflict.

(3) It is the intent of the legislature that the process described in this section remain in effect until the legislature has an opportunity to enact legislation creating a coordinated, timely permitting process based on the report required in section 16 of this act. The county shall work with the state and the cities within its borders to identify areas of shared need for public facilities. The jurisdictions within the county shall prepare a prioritized list of lands necessary for the identified public uses including an estimated date by which the acquisition will be needed.

The respective capital acquisition budgets for each jurisdiction shall reflect the jointly agreed upon priorities and time schedule.

Sec. 24. RCW 79.90.130 and 1982 1st ex.s. c 21 s 19 are each amended to read as follows:

~~(Valuable materials situated within or upon tidelands, shorelands, or the beds of navigable waters belonging to the state may be sold separately from the land, when in the judgment of the department of natural resources, it is in the best interests of the state to sell the same. When application is made for the purchase of any valuable material, situated within or upon aquatic lands, the department shall inspect and appraise the value of the material applied for: PROVIDED, That no valuable material shall be sold for less than the appraised value thereof: PROVIDED FURTHER, That)~~ The department is authorized and empowered to confer with and enter into any agreements with the public authorities of the state of Oregon, which in the judgment of the department will assist the state of Washington and the state of Oregon in securing the maximum revenues for sand, gravel or other valuable materials taken from the bed of the Columbia river where said river forms the boundary line between said states.

Sec. 25. RCW 79.90.150 and 1982 1st ex.s. c 21 s 21 are each amended to read as follows:

When gravel, rock, sand, silt or other material from any aquatic lands is removed by any public agency or under public contract for channel or harbor improvement, or flood control, or for preventing or minimizing flood damages as defined in RCW 86.16.120, use of such material may be authorized by the department of natural resources for a public purpose on land owned or leased by the federal government, state, or any municipality, county, city, town, or public corporation: PROVIDED, That when no public land site is available for deposit of such material, its deposit on private land with the landowner's permission is authorized and may be designated by the department of natural

resources to be for a public purpose. Prior to removal and use, the federal agency, state agency, municipality, county, city, town, or public corporation contemplating or arranging such use shall first obtain written permission from the department of natural resources. No payment of royalty shall be required for such gravel, rock, sand, silt, or other material used for such public purpose, but a charge will be made if such material is subsequently sold or used for some other purpose: PROVIDED, That the department may authorize such public agency or private landowner to dispose of such material without charge when necessary to implement disposal of material. No charge shall be required for any use of the material obtained under the provisions of this chapter when used solely on an authorized site. Nothing in this section shall repeal or modify the provisions of RCW 75.20.100 or eliminate the necessity of obtaining a permit for such removal from other state or federal agencies as otherwise required by law. For the purpose of this section, "public purpose" includes, but is not limited to, the construction, maintenance, improvement, or repair of any public street, road, highway, dike, levee, or project undertaken pursuant to chapter 86.26 RCW.

Sec. 26. RCW 79.90.300 and 1982 1st ex.s. c 21 s 36 are each amended to read as follows:

If application is made for the purchase of any valuable material situated within or upon aquatic lands the department shall inspect and appraise the value of the material in the application.

NEW SECTION. Sec. 27. RCW 79.01.135 is recodified as a section in chapter 79.90 RCW.

NEW SECTION. Sec. 28. RCW 79.90.140 and 1982 1st ex.s. c 21 s 20 are each repealed.

Sec. 29. RCW 47.28.140 and 1984 c 7 s 174 are each amended to read as follows:

When in the opinion of the governing authorities representing the department and any agency, instrumentality, municipal corporation, or political subdivision of the state of Washington, any highway, road, or street will be benefited or improved by constructing, reconstructing, locating, relocating, laying out, repairing, surveying, altering, improving, or maintaining, or by the establishment adjacent to, under, upon, within, or above any portion of any such highway, road, or street of an urban public transportation system, by either the department or any agency, instrumentality, municipal corporation, or political subdivision of the state, and it is in the public interest to do so, the authorities may enter into cooperative agreements wherein either agrees to perform the work and furnish the materials necessary and pay the cost thereof, including necessary engineering assistance, which costs and expenses shall be reimbursed by the party whose responsibility it was to do or perform the work or improvement in the first instance. The work may be done by either day labor or contract, and the cooperative agreement between the parties shall provide for the method of reimbursement. In the case of some special benefit or improvement to a state highway derived from any project that assists in preventing or minimizing flood damages as defined in RCW 86.16.120 or from the construction of any public works project, including any urban public transportation system, the department may contribute to the cost thereof by making direct payment to the particular state department, agency, instrumentality, municipal corporation, or political subdivision on the basis of benefits received, but such payment shall be made only after a cooperative agreement has been entered into for a specified amount or on an actual cost basis prior to the commencement of the particular public works project.

Sec. 30. RCW 75.20.100 and 1988 c 272 s 1 and 1988 c 36 s 33 are each amended to read as follows:

In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the written approval of the department of fisheries or the department of wildlife as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as provided in section 12 and 22 of this act, ((F))the department of fisheries or the department of wildlife shall grant or deny approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department of fisheries or the department of wildlife shall notify the applicant in writing of the reasons for the delay. Approval is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If either the department of fisheries or the department of wildlife denies approval, that department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent. If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department of fisheries or the department of wildlife as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

For the purposes of this section and RCW 75.20.103, "bed" shall mean the land below the ordinary high water lines of state waters. This definition shall not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

The phrase "to construct any form of hydraulic project or perform other work" shall not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

For each application, the department of fisheries and the department of wildlife shall mutually agree on whether the department of fisheries or the department of wildlife shall

administer the provisions of this section, in order to avoid duplication of effort. The department designated to act shall cooperate with the other department in order to protect all species of fish life found at the project site. If the department of fisheries or the department of wildlife receives an application concerning a site not in its jurisdiction, it shall transmit the application to the other department within three days and notify the applicant.

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department of fisheries or department of wildlife, through their authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately upon request, for a stream crossing during an emergency situation.

This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.

Sec. 31. RCW 75.20.103 and 1988 c s 2 and 1988 c 36 s 34 are each amended to read as follows:

In the event that any person or government agency desires to construct any form of hydraulic project or other work that diverts water for agricultural irrigation or stock watering purposes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, and when such diversion or streambank stabilization will use, divert, obstruct, or change the natural flow or bed of any river or stream or will utilize any waters of the state or materials from the stream beds, the person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure a written approval from the department of fisheries or the department of wildlife as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as provided in sections 12 and 22 of this act, ((F))the department of fisheries or the department of wildlife shall grant or deny the approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for an approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within ordinary high water line, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay.

Immediately upon determination that the forty-five day period is suspended, the department of fisheries or the department of wildlife shall notify the applicant in writing of the reasons for the delay.

An approval shall remain in effect without need for periodic renewal for projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. Approval for streambank stabilization projects shall remain in effect without need for periodic renewal if the problem causing the need for the

streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the approval.

The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If either the department of fisheries or the department of wildlife denies approval, that department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Issuance, denial, conditioning, or modification shall be appealable to the hydraulic appeals board established in RCW 43.21B.005 within thirty days of the notice of decision. The burden shall be upon the department of fisheries or the department of wildlife to show that the denial or conditioning of an approval is solely aimed at the protection of fish life.

The department granting approval may, after consultation with the permittee, modify an approval due to changed conditions. The modifications shall become effective unless appealed to the hydraulic appeals board within thirty days from the notice of the proposed modification. The burden is on the department issuing the approval to show that changed conditions warrant the modification in order to protect fish life.

A permittee may request modification of an approval due to changed conditions. The request shall be processed within forty-five calendar days of receipt of the written request. A decision by the department that issued the approval may be appealed to the hydraulic appeals board within thirty days of the notice of the decision. The burden is on the permittee to show that changed conditions warrant the requested modification and that such modification will not impair fish life.

If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department of fisheries or the department of wildlife as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

For each application, the department of fisheries and the department of wildlife shall mutually agree on whether the department of fisheries or the department of wildlife shall administer the provisions of this section, in order to avoid duplication of effort. The department designated to act shall cooperate with the other department in order to protect all species of fish life found at the project site. If the department of fisheries or the department of wildlife receives an application concerning a site not in its jurisdiction, it shall transmit the application to the other department within three days and notify the applicant.

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department of fisheries or department of wildlife, through their authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section.

For purposes of this chapter, "streambank stabilization" shall include but not be limited to log and debris removal, bank protection (including riprap, jetties, and groins), gravel removal and erosion control.

Sec. 32. RCW 90.58.100 and 1971 ex.s c 286 s 10 are each amended to read as follows:

(1) The master programs provided for in this chapter, when adopted and approved by the department, as appropriate, shall constitute use regulations for the various shorelines of the state. In preparing the master programs, and any amendments thereto, the department and local governments shall to the extent feasible:

(a) Utilize a systematic interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts;

(b) Consult with and obtain the comments of any federal, state, regional, or local agency having any special expertise with respect to any environmental impact;

(c) Consider all plans, studies, surveys, inventories, and systems of classification made or being made by federal, state, regional, or local agencies, by private individuals, or by organizations dealing with pertinent shorelines of the state;

(d) Conduct or support such further research, studies, surveys, and interviews as are deemed necessary;

(e) Utilize all available information regarding hydrology, geography, topography, ecology, economics, and other pertinent data;

Any such varying shall be allowed only if extraordinary circumstances are shown and the public interest suffers no substantial detrimental effect. The concept of this subsection shall be incorporated in the rules adopted by the department relating to the establishment of a permit system as provided in RCW 90.58.140(3).

NEW SECTION. Sec. 33. (1) The purpose of this section is to develop, and test on a pilot basis, a cooperative, interjurisdictional approach to processing permit applications for projects related to flood control. The objectives of the pilot shall be to:

(a) (i) Identify opportunities and methods for expediting and coordinating permit decision making processes that involve multiple jurisdictions and state agencies; and (ii) assess the effects of acting in a coordinated and expedited manner; and

(b) (i) Identify opportunities during the permit decision making process for state agencies and local governments to consider potential flood control benefits consistent with the policies, mandates, and requirements of current law; (ii) Identify where in the permitting process, impediments to the consideration of potential flood control benefits exist; and, (iii) Assess how the consideration of any potential flood control benefits of an individual project during the permitting process for that project, may or may not be compatible with the objective of comprehensive and coordinated flood control.

(2) The pilot shall consist of up to one project in each of the counties declared a federal disaster area as a result of the November and December, 1990 floods.

(3) (a) The departments of ecology, wildlife, fisheries and natural resources shall participate in the pilot. The department of ecology shall act as the lead agency among the state agencies and shall coordinate among the state agencies as necessary.

(b) The department of ecology shall notify each of the eligible counties of the pilot, describe the nature of the pilot, and invite county participation. When a county, eligible to participate in the pilot, receives an application for a project that will require permits or authorizations from multiple jurisdictions, and in the county's judgment the proposed project offers an appropriate opportunity to test the permitting process under subsection (1) of this section, the county, with the approval of the project applicant, may request that the department of ecology include the project as part of the pilot. The department of ecology shall make a decision on the county's request and inform the county of its decision within seven working days.

In selecting projects for the pilot, the department of ecology shall provide an opportunity to test and evaluate a variety of applications of subsection (1) of this section, including, but not limited to: application to storm water management, dredging, streambank stabilization, and dike construction or repair. When the county receives notification that a project has been approved for inclusion in the pilot, the county shall schedule an initial coordination meeting and contact all appropriate agencies and the project applicant. Other local jurisdictions, including but not limited to cities, diking districts, and flood management districts, shall be invited to participate when a project is selected for inclusion in the pilot and those jurisdictions have a role in the permitting process.

The purpose of the coordination meeting shall be to:

(i) Identify all necessary permit requirements;

(ii) Determine the sequence of permitting decisions and opportunities where those decisions can be made concurrently;

(iii) Determine a timeline for the decisions and how those decisions can be expedited; and

(iv) Work with the applicant to make sure that he or she understands how the process will work, what the applicant is responsible for, and when those responsibilities must be met in order to adhere to the overall permitting timeline.

(4) The department of ecology shall determine the number of projects to be included in the pilot based on available funding in the flood control assistance account. The department shall authorize flood control assistance account funding for a minimum of three projects.

(5) The department of ecology, in cooperation with the participating counties, other participating local jurisdictions, and state agencies, shall submit a final report on the pilot to the appropriate committees of the legislature by December 1, 1992. The report shall include an assessment of the degree to which the pilot project achieved the objectives identified in subsection (1) of this section.

NEW SECTION. Sec. 34. Section 22 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

The examining committee shall grant certificates to qualified applicants. Administrative and procedural rules and regulations shall be promulgated by said examining committee, subject to approval by the said president judge.

The stenographic reporter upon appointment shall thereupon become an officer of the court and shall be designated and known as the official reporter for the court or judicial district for which he or she is appointed: PROVIDED, That in no event shall there be appointed more official reporters in any one county or judicial district than there are superior court judges in such county or judicial district; the appointments in each (~~class AA~~) county with a population of one million or more shall be made by the majority vote of the judges in said county acting en banc; the appointments in (~~class A counties and counties of the first class~~) each county with a population of from one hundred twenty-five thousand to less than one million may be made by each individual judge therein or by the judges in said county acting en banc. (3) Beginning January 1, 1993, a county (~~of the third class or smaller~~) with a population of less than seventy thousand may use a voting machine or device for conducting a primary or general or special election which does not record on a separate ballot, available for audit purposes after the primary or election, the votes cast by each elector for any person and for or against any measure if:

(2) Whenever any vote-by-mail ballot, notification to voters following reprecincting of the county, notification to voters of selection to serve on jury duty, notification under subsection (1) of this section, or initial voter identification card is returned by the postal service as undeliverable, the county auditor shall, in every instance, inquire into the validity of the registration of that voter.

((2)) (3) The county auditor shall initiate his or her inquiry by sending, by first-class mail, a written notice to the challenged voter at the address indicated on the voter's permanent registration record and to any other address at which the county auditor could reasonably expect mail to be received by the voter. The county auditor shall not request any restriction on the forwarding of such notice by the postal service. The notice shall contain the nature of the inquiry and provide a suitable form for reply. The notice shall also contain a warning that the county auditor must receive a response within forty-five days from the date of mailing or the individual's voter registration will be canceled.

((4)) (5) Upon the timely receipt of a response signed by the voter, the county auditor shall consider the inquiry satisfied and will make any address corrections requested by the voter on the permanent registration record. The county auditor shall cancel the registration of a voter who fails to respond to the notice of inquiry within forty-five days after the date of mailing.

((5)) (6) The county auditor shall notify any voter whose registration has been canceled by sending, by first class mail, a written notice to the address indicated on the voter's permanent registration record and to any other address to which the original inquiry was sent. Upon receipt of such a questioned ballot the auditor shall investigate the circumstances surrounding the original cancellation. A roster shall be developed for each category, consisting of all potential bidders who have requested to be included on the roster. The county shall invite proposals from all vendors listed on the appropriate roster for each purchase between one thousand and ten thousand dollars.~~) Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. NEW SECTION. Sec. 99. PURPOSE. Voters of the unincorporated areas of the state are authorized to establish community councils as provided in this chapter.

It is the purpose of this chapter to provide voters of unincorporated areas in counties with a population of over thirty thousand that are made up entirely of islands with direct input on the planning and zoning of their community by establishing a governmental mechanism to adopt proposed community comprehensive plans and proposed community zoning ordinances that are consistent with an overall guide and framework adopted by the county legislative authority. In addition, it is the purpose of this chapter to have community councils serve as forums for the discussion of local issues.

NEW SECTION. Sec. 100. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Community" means a portion of the unincorporated area for which a community council has been established and which is located in a county with a population of over thirty thousand that is made up entirely of islands.

(2) "Community comprehensive plan" means a comprehensive plan adopted by a community council.

(3) "Community council" means the governing body established under this chapter to adopt community comprehensive plans and community zoning ordinances for a community.

(4) "Community zoning ordinances" means the zoning ordinances adopted by a community council to implement a community comprehensive plan.

NEW SECTION. Sec. 101. MINIMUM REQUIREMENTS FOR A COMMUNITY COUNCIL. A community for which a community council is created may include only unincorporated territory located in a single county with a population of over thirty thousand that is made up entirely of islands and not included within a city or town. A community council must have at least one thousand persons residing within the community when the community council is created or, where the community only includes an entire island, at least three hundred persons must reside on the island when the community council is created. Any portion of such a community that is annexed by a city or town, or is incorporated as a city or town, shall be removed from the community upon the effective date of the annexation or the official date of the incorporation.

NEW SECTION. Sec. 102. CREATION. (1) The process to create a community council shall be initiated by the filing of petitions with the county auditor of the county in which the community is located which: (a) Call for the creation of a community council; (b) set forth the boundaries for the community; (c) indicate the number of community councilmembers, which shall be five, seven, nine, or eleven; and (d) contain signatures of voters residing within the community equal in number to at least ten percent of the voters residing in the community who voted at the last state general election. The county auditor shall determine if the petitions contain a sufficient number of valid signatures and certify the sufficiency of the petitions within fifteen days of when the petitions were filed. If the petitions are certified as having sufficient valid signatures, the county auditor shall transmit the petitions and certificate to the county legislative authority.

(2) The county legislative authority shall hold a public hearing within the community on the creation of the proposed community council no later than sixty days after the petitions and certificate of sufficiency were transmitted to the county legislative authority. Notice of the public hearing shall be published in a newspaper of general circulation in the community for at least once a week for two consecutive weeks, with the last date of publication no more than ten days prior to the date of the public hearing. At least ten days before the public hearing, additional notice shall be posted conspicuously in at least five places within the proposed community in a manner designed to attract public attention.

(3) After receiving testimony on the creation of the proposed community council, the county legislative authority may alter the boundaries of the community, but the boundaries may not be altered to reduce the number of persons living within the community by more than ten percent or below the minimum number of residents who must reside within the community at the time of the creation of the community council. If territory is added to the community, another public hearing on the proposal shall be held.

(4) The county legislative authority shall call a special election within the community to determine whether the proposed community council shall be created, and to elect the initial community councilmembers, at the next state general election occurring seventy-five or more days after the initial public hearing on the creation of the proposed community council. The community council shall be created if the ballot proposition authorizing the creation of the community is approved by a simple majority vote of the voters voting on the proposition.

NEW SECTION. Sec. 103. ELECTION OF INITIAL COMMUNITY COUNCILMEMBERS. The initial members of the community council shall be elected at the same election as the ballot proposition is submitted authorizing the creation of the community council. However, the election of the initial community councilmembers shall be null and void if the ballot proposition authorizing the creation of the community council is not approved.

No primary election shall be held to nominate candidates for initial council positions. The initial community council shall consist of the candidate for each council position who receives the greatest number of votes for that council position. Staggering of terms of office shall be accomplished by having the majority of the winning candidates who receive the greatest number of votes being elected to four-year terms of office, and the remaining winning candidates being elected to two-year terms of office, if the election was held in an even-numbered year, or the majority of the winning candidates who receive the greatest number of votes being elected to three-year terms of office, and the remaining winning candidates being elected to one-year terms of office, if the election was held in an odd-numbered year, with the term computed from the first day of January in the year following the election. Initial councilmembers shall take office immediately when qualified in accordance with RCW 29.01.135.

However, where the county operates under a charter providing for the election of members of the county legislative authority in odd-numbered years, the terms of office of the initial councilmembers shall be four years and two years, if the election of the initial councilmembers was held on an odd-numbered year, or three years and one year, if the election of the initial councilmembers was held on an even-numbered year.

NEW SECTION. Sec. 104. COMMUNITY COUNCILMEMBERS. Community councilmembers shall be elected to staggered four-year terms until their successors are elected and qualified. Each council position shall be numbered separately. Candidates shall run for specific council positions. The number of council positions shall be five, seven, nine, or eleven, as specified in the petition calling for the creation of the community council.

Community councilmembers shall be nominated and elected at nonpartisan elections pursuant to general election laws, except the elections shall be held in even-numbered years, unless the county operates under a charter and members of the county legislative authority are elected in odd-numbered years, in which case, community councilmembers shall be elected in odd-numbered years.

The provisions of this section apply to the election and terms of office of the initial community councilmembers, except as provided in section 103 of this act.

A councilmember shall lose his or her council position if his or her primary residence no longer is located within the community. Vacancies on a community council shall be filled by action of the remaining councilmembers.

NEW SECTION. Sec. 105. RESPONSIBILITY OF COUNTY LEGISLATIVE AUTHORITY. (1) Within ninety days of the election at which a community council is created, the county legislative authority shall adopt an ordinance establishing policies and conditions and designating portions or components of the county comprehensive plan and zoning ordinances that serve as an overall guide and framework for the development of proposed community comprehensive plans and proposed community zoning ordinances. The conditions and policies shall conform with the requirements of chapter 36.70A RCW.

(2) Proposed community comprehensive plans and proposed community zoning ordinances that are adopted by a community council shall be submitted to the county legislative authority for its review of the consistency of the proposed plans and proposed ordinances with the ordinance adopted under subsection (1) of this section. The county legislative authority shall either approve the proposed plans and proposed ordinances as adopted, or refer the proposed plans and proposed ordinances back to the community council with written findings specifying the inconsistencies, within ninety days after they

were submitted. The county comprehensive plan, or subarea plan and comprehensive plan, and zoning ordinances shall remain in effect in the community until the proposed community comprehensive plans and proposed community zoning ordinances have been approved as provided in this subsection.

(3) Each proposed amendment to approved community comprehensive plans or approved community zoning ordinances that is adopted by a community council shall be submitted to the county legislative authority for its review of the consistency of the amendment with the ordinance adopted under subsection (1) of this section. The county legislative authority shall either approve the proposed amendment as adopted or refer the proposed amendment back to the community council with written findings specifying the inconsistencies within ninety days after the proposed amendment was submitted. The unamended community comprehensive plans and unamended community zoning ordinances shall remain in effect in the community until the proposed amendment has been approved as provided in this subsection.

(4) If the county legislative authority amends the ordinance it adopted under subsection (1) of this section, a community council shall be given at least one hundred twenty days to amend its community comprehensive plans and community zoning ordinances to be consistent with this amended ordinance. However, the county legislative authority may amend the community comprehensive plans and community zoning ordinances to achieve consistency with this amended ordinance. Nothing in this subsection shall preclude a community council from subsequently obtaining approval of its proposed community comprehensive plans and proposed community zoning ordinances.

(5) Approved community comprehensive plans and approved community zoning ordinances shall be enforced by the county as if they had been adopted by the county legislative authority. All quasi-judicial actions and permits relating to these plans and ordinances shall be made and decided by the county legislative authority or otherwise as provided by the county legislative authority.

(6) The county shall provide administrative and staff support for each community council within its boundaries.

NEW SECTION. Sec. 106. **POWERS OF A COMMUNITY COUNCIL.** A community council shall adopt proposed community comprehensive plans and proposed community zoning ordinances as provided in section 105 of this act. Community councils shall not have the authority to take quasi-judicial actions nor to decide permit applications. In addition, a community council shall serve as a forum for the discussion of local issues.

Community councils are subject to chapter 42.30 RCW, the open public meetings act.

NEW SECTION. Sec. 107. **ANNEXATION.** A community council may provide for the annexation of adjacent unincorporated areas to the community that are not included within another community for which a community council has been established. Annexations shall be initiated by either resolution of the community council proposing the annexation or petition of voters residing in the adjacent area, which petition: (a) Requests the annexation; (b) sets forth the boundaries of the area proposed to be annexed; and (c) contains signatures of voters residing within the area that is proposed to be annexed equal in number to at least ten percent of the voters residing in that area who voted at the last state general election. Annexation petitions shall be filed with the county auditor who shall determine if the petitions contain a sufficient number of valid signatures, certify the sufficiency of the petitions, and notify the community council of the sufficiency of the petitions within fifteen days of when the petitions are submitted.

A ballot proposition authorizing the annexation shall be submitted to the voters of the area that is proposed to be annexed at a primary or general election in either an odd-numbered or even-numbered year, if the community council initiated the annexation by resolution or if the community council concurs in an annexation that was initiated by the

submission of annexation petitions containing sufficient valid signatures. The annexation shall occur if the ballot proposition authorizing the creation of the community is approved by a simple majority vote of the voters voting on the proposition. The county's comprehensive plan, and where applicable to the county's subarea plan, and zoning ordinances shall continue in effect in the annexed area until proposed amendments to the approved community comprehensive plans and approved community zoning ordinance have been approved that apply to the annexed area.

NEW SECTION. Sec. 108. DISSOLUTION. A community council shall be dissolved if the population of the community is reduced to less than five hundred persons, or less than two hundred persons if the community only includes an entire island.

At the next general election at which community councilmembers would be elected, occurring at least four years after the creation or reestablishment of a community, a ballot proposition shall be submitted to the voters of the community on whether the community shall be reestablished. If reestablished, the newly elected members of the community council and the retained members of the community council shall constitute the members of the community council.

NEW SECTION. Sec. 109. A new section is added to chapter 39.04 RCW to read as follows:

(1) This section provides a uniform process to award contracts for public works projects by those counties that are authorized to use a small works roster in lieu of the requirements for formal sealed bidding. The state statutes governing counties shall establish the maximum dollar thresholds of the contracts that can be awarded under this process, and may include other matters concerning the small works roster process, for the county.

(2) Counties may create a single general small works roster, or may create a small works roster for different categories of anticipated work. The small works roster or rosters shall consist of all responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. At least once a year, the county shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters.

The governing body of the county shall establish a procedure for securing telephone or written quotations from the contractors on the general small works roster, or a specific small works roster for the appropriate category of work, to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW 43.19.1911. Such invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. Whenever possible at least five contractors shall be invited to submit bids. Once a contractor has been afforded an opportunity to submit a proposal, that contractor shall not be offered another opportunity until all other appropriate contractors on the small works roster have been afforded an opportunity to submit a proposal on a contract.

A contract awarded from a small works roster under this section need not be advertised.

Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry.

NEW SECTION. Sec. 110. A new section is added to chapter 39.04 RCW to read as follows:

(1) This section provides a uniform process to award contracts for the purchase of any materials, equipment, supplies, or services by those counties that are authorized to use this process in lieu of the requirements for formal sealed bidding. The state statutes governing counties shall establish the maximum dollar thresholds of the contracts that can be awarded under this process, and may include other matters concerning the awarding of contracts for purchases, for the county.

(2) At least once per year, the county shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of vendor lists and solicit the names of vendors for the lists. Counties shall by resolution establish a procedure for securing telephone or written quotations, or both, from at least three different vendors whenever possible to assure that a competitive price is established and for awarding the contracts for the purchase of any materials, equipment, supplies, or services to the lowest responsible bidder as defined in RCW 43.19.1911. Immediately after the award is made, the bid quotations obtained shall be recorded, open to public inspection, and shall be available by telephone inquiry. A contract awarded pursuant to this section need not be advertised.

NEW SECTION. Sec. 111. A new section is added to chapter 39.04 RCW to read as follows:

Any county that utilizes the small works roster process established in section 109 of this act to award contracts for public works projects, or the uniform process established in section 110 of this act to award contracts for purchases, must post a list of the contracts awarded under sections 109 and 110 of this act at least once every two months. The list shall contain the name of the contractor or vendor awarded the contract, the amount of the contract, a brief description of the type of work performed or items purchased under the contract, and the date it was awarded. The list shall also state the location where the bid quotations for these contracts are available for public inspection.

NEW SECTION. Sec. 112. A new section is added to chapter 39.30 RCW to read as follows:

Any such combined county civil service commission shall serve the employees of each county sheriff's office impartially and according to need.

All matters affecting the combined civil service commission, including the selection of commissioners, shall be decided by majority vote of all the county commissioners of the counties involved.

Upon the execution of such agreement, the attorney general shall be empowered to exercise any and all powers of the prosecuting attorney in connection with said petitions.

Sec. 151. RCW 76.12.030 and 1988 c 128 s 24 are each amended to read as follows:

If any land acquired by a county through foreclosure of tax liens, or otherwise, comes within the classification of land described in RCW 76.12.020 and can be used as state forest land and if the department deems such land necessary for the purposes of this chapter, the county shall, upon demand by the department, deed such land to the department and the land shall become a part of the state forest lands.

Such land shall be held in trust and administered and protected by the department as other state forest lands. Any moneys derived from the lease of such land or from the sale of forest products, oils, gases, coal, minerals, or fossils therefrom, shall be distributed as follows:

(1) The expense incurred by the state for administration, reforestation, and protection, not to exceed twenty-five percent, which rate of percentage shall be determined by the board of natural resources, shall be returned to the forest development account in the state general fund.

(2) Any balance remaining shall be paid to the county in which the land is located to be paid, distributed, and prorated, except as hereinafter provided, to the various funds in the same manner as general taxes are paid and distributed during the year of payment: PROVIDED, That any such balance remaining paid to a county (~~of the seventh, eighth, or ninth class~~) with a population of less than nine thousand shall first be applied to the reduction of any indebtedness existing in the current expense fund of such county during the year of payment.

Sec. 152. RCW 79.08.170 and 1983 c 3 s 201 are each amended to read as follows:

The duties of the county auditor in (~~class AA and class A counties~~) each county with a population of two hundred ten thousand or more, with regard to sales and leases of the state lands dealt with under Title 79 RCW except RCW 79.01.100, 79.01.104, and 79.94.040, are transferred to the county treasurer.

Sec. 153. RCW 81.100.030 and 1990 c 43 s 14 are each amended to read as follows:

(1) A (~~class AA~~) county with a population of one million or more, or a (~~class A~~) county with a population of from two hundred ten thousand to less than one million that is adjoining a (~~class AA~~) county with a population of one million or more, and having within its boundaries existing or planned high occupancy vehicle lanes on the state highway system, may, with voter approval impose an excise tax of up to two dollars per employee per month on all employers or any class or classes of employers, public and private, including the state located in the agency's jurisdiction, measured by the number of full-time equivalent employees. The county imposing the tax authorized in this section may provide for exemptions from the tax to such educational, cultural, health, charitable, or religious organizations as it deems appropriate.

Counties may contract with the state department of revenue or other appropriate entities for administration and collection of the tax. Such contract shall provide for deduction of an amount for administration and collection expenses.

(2) The tax shall not apply to employment of a person when the employer has paid for at least half of the cost of a transit pass issued by a transit agency for that employee, valid for the period for which the tax would otherwise be owed.

(3) A county shall adopt rules which exempt from all or a portion of the tax any employer that has entered into an agreement with the county that is designed to reduce

the proportion of employees who drive in single-occupant vehicles during peak commuting periods in proportion to the degree that the agreement is designed to meet the goals for the employer's location adopted under RCW 81.100.040.

The agreement shall include a list of specific actions that the employer will undertake to be entitled to the exemption. Employers having an exemption from all or part of the tax through this subsection shall annually certify to the county that the employer is fulfilling the terms of the agreement. The exemption continues as long as the employer is in compliance with the agreement.

If the tax authorized in RCW 81.100.060 is also imposed by the county, the total proceeds from both tax sources each year shall not exceed the maximum amount which could be collected under RCW 81.100.060.

Sec. 154. RCW 81.100.060 and 1990 c 43 s 17 are each amended to read as follows:

A ~~((class AA))~~ county with a population of one million or more and a ~~((class A))~~ county with a population of from two hundred ten thousand to less than one million that is adjoining a ~~((class AA))~~ county with a population of one million or more, having within their boundaries existing or planned high occupancy vehicle lanes on the state highway system may, with voter approval, impose a local surcharge of not more than fifteen percent on the state motor vehicle excise tax paid under RCW 82.44.020(1) on vehicles registered to a person residing within the county. No surcharge may be imposed on vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.080, 46.16.085, or 46.16.090.

Counties imposing a tax under this section shall contract, before the effective date of the resolution or ordinance imposing a surcharge, administration and collection to the state department of licensing, which shall deduct an amount, as provided by contract, for administration and collection expenses incurred by the department. All administrative provisions in chapters 82.03, 82.32, and 82.44 RCW shall, insofar as they are applicable to state motor vehicle excise taxes, be applicable to surcharges imposed under this section.

If the tax authorized in RCW 81.100.030 is also imposed by the county, the total proceeds from both tax sources each year shall not exceed the maximum amount which could be collected under this section.

Sec. 155. RCW 81.104.030 and 1990 c 43 s 24 are each amended to read as follows:

(1) In any ~~((class A))~~ county with a population of from two hundred ten thousand to less than one million that is not bordered by a ~~((class AA))~~ county with a population of one million or more, and in ~~((counties of the first class and smaller))~~ each county with a population of less than two hundred ten thousand, city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas may elect to establish high capacity transportation service. Such agencies shall form a regional policy committee with proportional representation based upon population distribution within the designated service area and a representative of the department of transportation.

(a) City-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas participating in joint regional policy committees shall seek voter approval within their own service boundaries of a high capacity transportation system plan and an implementation program including a financing program.

(b) An interim regional authority may be formed pursuant to RCW 81.104.040(2) and shall seek voter approval of a high capacity transportation plan and financing program within its proposed service boundaries.

(2) City-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas in counties adjoining state

or international boundaries are authorized to participate in the regional high capacity transportation programs of an adjoining state or nation.

Sec. 156. RCW 81.104.040 and 1990 c 43 s 25 are each amended to read as follows:

(1) Agencies in ~~((a class AA))~~ each county with a population of one million or more, and in ((class A counties)) each county with a population of from two hundred ten thousand to less than one million bordering a ~~((class AA))~~ county with a population of one million or more that are currently authorized to provide high capacity transportation planning and operating services, including but not limited to city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas, must establish through interlocal agreements a joint regional policy committee with proportional representation based upon the population distribution within each agency's designated service area, as determined by the parties to the agreement.

(a) The membership of the joint regional policy committee shall consist of locally elected officials who serve on the legislative authority of the existing transit systems and a representative from the department of transportation. Nonvoting membership for elected officials from adjoining counties may be allowed at the committee's discretion.

(b) The joint regional policy committee shall be responsible for the preparation and adoption of a regional high capacity transportation system plan and an implementation program including a financing package. This plan shall be in conformance with the metropolitan planning organization's regional transportation plan.

(c) Interlocal agreements shall be executed within two years of March 14, 1990. The joint regional policy committee shall present a high capacity transportation plan and local funding program to the boards of directors of the transit agencies within the service area for adoption.

(d) Transit agencies shall present the adopted plan and financing program for voter approval within four years of the execution of the interlocal agreements. A simple majority vote is required for approval of the high capacity transportation plan and financing program in any service district within each county. Implementation of the program may proceed in any service area approving the plan and program.

(2) If interlocal agreements have not been executed within two years from March 14, 1990, the designated metropolitan planning organization shall convene within one hundred eighty days a conference to be attended by an elected representative selected by the legislative authority of each city and county in a ~~((class AA))~~ county with a population of one million or more, and in ((class A counties)) each county with a population of from two hundred ten thousand to less than one million bordering a ~~((class AA))~~ county with a population of one million or more.

(a) Public notice of the conference shall occur thirty days before the date of the conference.

(b) The purpose of the conference is to evaluate the need for developing high capacity transportation service in a ~~((class AA))~~ county with a population of one million or more and in ~~((class A counties))~~ each county with a population of from two hundred ten thousand to less than one million bordering a ~~((class AA))~~ county with a population of one million or more and to determine the desirability of a regional approach to developing such service.

(c) The conference may elect to continue high capacity transportation efforts on a subregional basis through existing transit planning and operating agencies.

(d) The conference may elect to pursue regional development by creating a multicounty interim regional high capacity transportation authority. Conference members shall determine the structure and composition of any interim regional authority.

(i) The interim regional authority shall propose a permanent authority or authorities for voter approval. Permanent regional authorities shall become the responsible agencies

for planning, construction, operations, and funding of high capacity transportation systems within their service boundaries. Funding sources for a regional high capacity transportation authority or authorities are separate from currently authorized funding sources for city-owned transit systems, county transportation authorities, metropolitan municipal authorities, or public transportation benefit areas.

(ii) State and local jurisdictions, county transportation authorities, metropolitan municipal corporations, or public transportation benefit areas shall retain responsibility for existing facilities and/or services, unless the responsibility is transferred to the high capacity transportation authority or authorities by interlocal agreement.

(3) If, within four years of the execution of the interlocal agreements, a high capacity transportation plan and financing program has been approved by a simple majority vote within a participating jurisdiction, that jurisdiction may proceed with high capacity transportation development. If within four years of the execution of the interlocal agreements, a high capacity transportation plan and program has not been approved by a simple majority vote within one or more of the participating jurisdictions, the joint regional policy committee shall convene within one hundred eighty days, a conference to be attended by participating jurisdictions within which a plan and financing program have not been approved. Such a conference shall be for the same purpose and shall be subject to the same conditions as described in subsection (2) of this section.

(4) High capacity transportation service planning, construction, operations, and funding shall be governed through the interlocal agreement process, including but not limited to provision for a cost allocation and distribution formula, service corridors, station area locations, right of way transfers, and feeder transportation systems. The interlocal agreement shall include a mechanism for resolving conflicts among parties to the agreement.

Sec. 157. RCW 81.104.140 and 1990 c 43 s 35 are each amended to read as follows:

(1) Agencies authorized to provide high capacity transportation service, including city-owned transit systems, county transportation authorities, metropolitan municipal corporations and public transportation benefit areas, are hereby granted dedicated funding sources for such systems. These dedicated funding sources, as set forth in RCW 81.104.150, 81.104.160, and 81.104.170, are authorized only for agencies located in ~~((class AA counties, class A counties, counties of the first class which border another state, and counties which, on March 14, 1990, are of the second class and which adjoin class A counties))~~ each county with a population of two hundred ten thousand or more and each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand, that both borders a county with a population of five hundred thousand or more and has a portion of its common boundary with that county intersected by an interstate highway.

(2) Agencies providing high capacity transportation service should also seek other funds, including federal, state, local, and private sector assistance.

(3) Funding sources should satisfy each of the following criteria to the greatest extent possible:

- (b) Special motor vehicle excise tax as provided in RCW 81.104.160; and
- (c) Sales and use tax as provided in RCW 81.104.170.

Revenues from these taxes may be used only to support those purposes prescribed in subsection (8) of this section. Before an agency may impose any of the taxes enumerated in this section and authorized in RCW 81.104.150, 81.104.160, and 81.104.170, it must comply with the process prescribed in RCW 81.104.100 and 81.104.110.

(5) Authorization in subsection (4) of this section shall not adversely affect the funding authority of existing transit agencies. Local option funds may be used to support implementation of interlocal agreements with respect to the establishment of regional high capacity transportation service. Local jurisdictions shall retain control over moneys generated within their boundaries, although funds may be commingled for planning, construction, and operation of high capacity transportation systems as set forth in the agreements.

(6) Agencies providing high capacity transportation service may contract with the state for collection and transference of local option revenue.

(7) Dedicated high capacity transportation funding shall be subject to voter approval by a simple majority.

(8) Agencies providing high capacity transportation service shall retain responsibility for revenue encumbrance, disbursement, and bonding.
