Documentation of the research shall be available to the department upon request. The rules shall also require the plans to discuss the hazardous substance use reduction, waste reduction, and closed loop recycling options separately from other recycling and treatment options. Providing for investigation of consumer complaints regarding drinking water quality.

The House resumed consideration of Substitute Senate Bill No. 5045 on second reading. (For previous action, see Journal, 85th Day, April 8, 1991, Afternoon Session.)

The Speaker stated the question before the House to be adoption of the amendment on page 6, line 7, by Representative Wilson and others.

POINT OF ORDER

Mr. Cooper: Mr. Speaker, my Point of Order is in relationship to House Rule 12(A). This amendment is flawed, as it refers to page 6. This is a four-page bill.

SPEAKER'S RULING

The Speaker: Representative Cooper, you are technically correct. House Rule 12(A) clearly says that amendments must be in proper form. With consent of the House, I would ask that we be allowed to correct the citation.

POINT OF ORDER

Mr. Cooper: Mr. Speaker, I do not consent.

SPEAKER'S REPLY

The Speaker: Apparently we don't have consent of the House. There is an amendment on the bar of the House, a floor amendment with the corrected citation.

Mr. Wilson moved adoption of the following amendment:

On page 4, line 29, after "test," insert "The commission shall prohibit the installation of hazardous material transmission systems which may adversely affect water systems dependent upon federally-designated sole-source aquifers."

POINT OF ORDER

Mr. Cooper: Mr. Speaker, I request a ruling on scope and object of this amendment.

SPEAKER'S RULING

The Speaker: Representative Cooper, the Speaker has examined, and it frankly did not take much examination, Substitute Senate Bill No. 5045 and the amendment which I seem to have seen at some other point in the process. The underlying bill deals with investigation of customer complaints regarding drinking water quality. The amendment deals with the prohibition of hazardous material transportation system. I find, Representative Cooper, that your point is well taken. The amendment offered by Representative Wilson is outside the scope and object of the original bill.

On motion of Mr. Dorn, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Mr. Cooper spoke in favor of passage of the bill.

NEW SECTION. Sec. 4. By December 1, 1991, the department shall develop criteria under the federal Title XIX early and periodic screening, diagnosis, and treatment program to serve acutely mentally ill and severely emotionally disturbed children in a manner that maximizes federal reimbursement by:

(1) Developing qualifications for certified mental health screening providers and ensuring that mental health screening, as appropriate and medically necessary, is coordinated with or does not duplicate complete screening examinations;

(2) Developing, in consultation with regional support networks and private practitioners, criteria for use by providers under the early and periodic screening,

diagnosis, and treatment program to identify children with mental disorders eligible for referral to further evaluation, diagnosis, and treatment planning;

(3) Requiring prior authorization and utilization review for residential and inpatient services, including inpatient acute hospitalizations and evaluation and treatment facilities as defined in RCW 71.34.020; and

(4) Providing reimbursement for specialized family, home, school, and community-based mental health services or programs designed to promote primary prevention or intervention and maximize the development and potential of acutely mentally ill and severely emotionally disturbed children and their families.

Ms. Leonard spoke in favor of adoption of the amendment to the committee amendment, and it was adopted.

Mr. Jones moved adoption of the following amendment by Representatives Jones, Brough, and Moyer to the committee amendment:

On page 23, after line 3 of the amendment insert:

NEW SECTION. Sec. 8. The legislature finds that an increasing number of children are entering the state's public schools with learning impairments caused by the use of drugs, alcohol, and tobacco by their mothers during pregnancy. Many of these children suffer from mental retardation, poor social abilities, low cognitive skills, attention deficit disorders, hyperactivity, or speech problems.

The legislature further finds that educating these children will require additional resources, and perhaps new educational strategies and techniques. The extent of these additional resources and the most appropriate strategies and techniques are not known at this time. If additional resources are not provided, teachers will be required to devote significant time to these students to the detriment of other children in the classroom.

The legislature further finds that many of these learning impairments are preventable, and that increased parental education on the effects of substance abuse during pregnancy would aid in reducing the number of children with learning impairments.

NEW SECTION. Sec. 9. The task force on the children of substance abusers is created. The task force shall:

(1) Consult with the interagency task force created under Senate Bill 5474 to identify current methods of data collection and reporting about children in Washington born affected by alcohol or drugs;

POINT OF INQUIRY

Mr. Jacobsen yielded to question by Mr. Broback.

Mr. Broback: Representative Jacobsen, I have four questions I would like to ask. In Section 117, page 85, is it the intent of this legislation to include land, upon which buildings sit or buses are normally parked, as a "facility?" And is

it the intent of the legislature that this school district continue to have access to facilities via commonly shared private thoroughfares?

Mr. Jacobsen: Parking lots, storage lots and land upon which buildings sit should be considered as facilities under Section 117. School districts and/or technical colleges should continue to have access to facilities via commonly shared thoroughfares.

Mr. Broback: The second question, Representative Jacobsen, is: Are the assets referred to inclusive of buildings, land and appurtenances thereto?

Mr. Jacobsen: Yes. It is assumed that assets referred to on page 93, line 2, are those same assets listed on page 91, lines 18-20. This listing includes real estate and other appurtenances.

Mr. Broback: Thank you. The third question: Is the reverse true that, if an asset currently held by a school district which has been used on an average of at least seventy-five percent during the 1989-90 school year for K-12 purposes, shall remain with the school district?

Mr. Jacobsen: Yes. Facilities which are used on an average of seventy-five percent during the 1989-90 school year by the school district would remain property of the district. However, if these facilities are shared by a school district and a VTI prior to the effective date of the act, then Section 134, regarding shared facilities, would apply.

Mr. Broback: The final question, Representative Jacobsen: During the crafting of this bill, districts were assured that, if a district was sharing a single facility with a technical college, it could continue to do so at the rate of one dollar per year. Is that indeed the intent of this legislation?

Mr. Jacobsen: The State Board staff is not aware of any assurance made that school districts could rent shared facilities for one dollar per year. Arrangements for shared facilities would have to be individually negotiated by the school district and the technical college. It is reasonable to expect that the party sharing the facility would pay costs for maintenance and operation of their share of the facility.

Representatives Broback, Spanel, Wood, Basich and Ebersole spoke in favor of the bill.

Representatives Heavey and Fuhrman spoke in favor of adoption of the amendment, and it was adopted.

With consent of the House, the following amendment by Representatives Heavey and Lisk to the title was adopted:

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Mr. Heavey spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Heavey yielded to question by Mr. Fuhrman.

Mr. Fuhrman: Are the new industrial insurance definitions of "employer" and "worker" and the new unemployment insurance definition of "employment" intended to replace the current definitions?

Mr. Heavey: No. The current definitions would still be applicable in most situations. This bill simply creates an alternative test which, if satisfied by the employment relationship, will provide the employer or contractor with some additional degree of certainty that the relationship will be treated the same under both chapters.

Mr. Fuhrman: Can an employee be exempted from industrial insurance coverage if the employee is elected or appointed a corporate officer without the employee's consent?

Mr. Heavey: No. Under this bill, an employee must voluntarily agree to be elected or appointed an officer of the corporation and must be a shareholder of the corporation to be exempted from industrial insurance coverage.

Mr. Fuhrman: Is it the intent of the Legislature that the Department of Labor and Industries, the Board of Industrial Insurance Appeals and the courts look carefully at the exemptions for corporate officers and determine whether, in fact, the exempted officer is actually exercising control over the corporation's policies?

Mr. Heavey: Yes. Recently, the Board of Industrial Insurance Appeals upheld exemptions from industrial insurance coverage for corporate officers who held one share of stock and who apparently had no active involvement in the management of the corporation, although the officers were all workers for the corporation. This bill directs the agencies and courts to examine these corporate arrangements and protect workers who are not truly participating in corporate management.

This bill also excludes independent contractors from coverage if the contractor meets specified tests. Again, it is the Legislature's intent that these arrangements be bona fide independent contractor arrangements. It is not our intent that employers be permitted to evade the requirements to cover their workers by entering into "sham" agreements under either the corporate officer exemption or the independent contractor exclusion.

Mr. Fuhrman spoke in favor of the bill.

Providing rate regulation for low-level waste sites. spoke in favor of passage of the bill.

The bill was read the second time. Committee on Energy & Utilities recommendation: Majority, do pass as amended. (For committee amendments, see Journal, 82nd Day, April 5, 1991.)

Mr. Grant moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. State and national policy directs that the management of low-level radioactive waste be accomplished by a system of interstate compacts and the development of regional disposal sites. The Northwest regional compact, comprised of the states of Alaska, Hawaii, Idaho, Montana, Oregon, Utah, and Washington, has as its disposal facility the low-level radioactive waste disposal site located near Richland, Washington. This site is expected to be the sole site for disposal of low-level radioactive waste for compact members effective January 1, 1993. Future closure of this site will require significant financial resources.

Low-level radioactive waste is generated by essential activities and services that benefit the citizens of the state. Washington state's low-level radioactive waste disposal site has been used by the nation and the Northwest compact as a disposal site since 1965. The public has come to rely on access to this site for disposal of low-level radioactive waste, which requires separate handling from other solid and hazardous wastes. The price of disposing of low-level radioactive waste at the Washington state low-level radioactive waste disposal site is anticipated to increase when the federal low-level radioactive waste policy amendments act of 1985 is implemented and waste generated outside the Northwest compact states is excluded.

When these events occur, to protect Washington and other Northwest compact states' businesses and services, such as electrical production, medical and university research, and private industries, upon which the public relies, there will be a need to regulate the rates charged by the operator of Washington's low-level radioactive waste disposal site. This chapter is adopted pursuant to section 8, chapter 21, Laws of 1990.

NEW SECTION. Sec. 2. Definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the Washington utilities and transportation commission.

(2) "Effective rate" means the highest permissible rate, calculated as the lowest contract rate plus an administrative fee, if applicable, determined pursuant to section 5 of this act.

(3) "Extraordinary volume" means volumes of low-level radioactive waste delivered to a site caused by nonrecurring events, outside normal operations of a generator, that are in excess of twenty thousand cubic feet or twenty percent of the preceding year's total volume at such site, whichever is less.

(4) "Extraordinary volume adjustment" means a mechanism that allocates the potential rate reduction benefits of an extraordinary volume between all generators and the generator responsible for such extraordinary volume as described in section 8 of this act.

(5) "Generator" means a person, partnership, association, corporation, or any other entity whatsoever that, as a part of its activities, produces low-level radioactive waste.

(6) "Inflation adjustment" means a mechanism that adjusts the maximum disposal rate by a percentage equal to the change in price levels in the preceding period, as measured by a common, verifiable price index as determined in section 5 of this act.

(7) "Initial rate proceeding" means the proceeding described in section 5 of this act.

(8) "Maximum disposal rate" means the rate described in section 6 of this act.

(9) "Site" means a location, structure, or property used or to be used for the storage, treatment, or disposal of low-level radioactive waste for compensation within the state of Washington.

(10) "Site operator" means a low-level radioactive waste site operating company as defined in RCW 81.04.010.

(11) "Volume adjustment" means a mechanism that adjusts the maximum disposal rate in response to material changes in volumes of waste deposited at the site during the preceding period so as to provide a level of total revenues sufficient to recover the costs to operate and maintain the site.

Sec. 3. RCW 81.04.010 and 1981 c 13 s 2 are each amended to read as follows:

NEW SECTION. Sec. 4. (1) The commission shall have jurisdiction over the sites and site operators as set forth in this chapter.

(2)(a) The commission shall establish rates to be charged by site operators. In establishing the rates, the commission shall assure that they are fair, just, reasonable, and sufficient considering the value of the site operator's leasehold and license interests, the unique nature of its business operations, the site operator's liability associated with the site, its investment incurred over the term of its operations, and the rate of return equivalent to that earned by comparable enterprises. The rates shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

(b) In exercising the power in this subsection the commission may use any standard, formula, method, or theory of valuation reasonably calculated to arrive at the objective of prescribing and authorizing fair, just, reasonable, and sufficient rates. The relation of site operator expenses to site operator revenues may be deemed the proper test of a reasonable return.

(3) In all respects in which the commission has power and authority under this chapter, applications and complaints may be made and filed with it, process issued, hearings held, opinions, orders, and decisions made and filed, petitions for rehearing filed and acted upon, and petitions for review to the superior court filed therewith, appeals filed with the appellate courts of this state, considered and disposed of by said courts in the manner, under the conditions, and subject to the limitations, and with the effect specified in this title for public service companies generally.

(4) At any time after January 1, 1992, the commission may: (a) Prescribe a system of accounts for site operators using as a starting point the existing system used by site operators; (b) audit the books of site operators; (c) obtain books and records from site operators; (d) assess penalties; and (e) require semiannual reports regarding the results of operations for the site.

(5) The commission may adopt rules necessary to carry out its functions under this chapter.

NEW SECTION. Sec. 5. (1) On or before March 1, 1992, site operators shall file a request with the commission to establish an initial maximum disposal rate. The filing shall include, at a minimum, testimony, exhibits, workpapers, summaries, annual reports, cost studies, proposed tariffs, and other documents as required by the commission in rate cases generally under its jurisdiction.

(2) After receipt of a request, the commission shall set the request for a hearing and require the site operator to provide for notice to all known customers that ship or deliver waste to the site. The proceedings before the commission shall be conducted in accordance with chapter 34.05 RCW and rules of procedure established by the commission.

(3) No later than January 1, 1993, the commission shall establish the initial maximum disposal rates that may be charged by site operators.

(4) In the initial rate proceeding the commission also shall determine the factors necessary to calculate the inflation, volume, and extraordinary volume adjustments.

(5) The commission also shall determine the administrative fee, which shall be a percentage or an amount that represents increased administrative costs associated with acceptance of small volumes of waste by a site operator. The administrative fee may be revised by the commission from time to time upon its own motion or upon the petition of an interested person.

(6) The rates specified in this section shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

NEW SECTION. Sec. 6. (1) The maximum disposal rates that a site operator may charge generators shall be determined in accordance with this section. The rates shall include all charges for disposal services at the site.

(2) Initially, the maximum disposal rates shall be the initial rates established pursuant to section 5 of this act.

(3) Subsequently, the maximum disposal rates shall be adjusted semiannually in January and July of each year to incorporate inflation and volume adjustments. Such adjustments shall take effect thirty days after filing with the commission unless the commission authorizes that the adjustments take effect earlier, or the commission contests the calculation of the adjustments, in which case the commission may suspend the filing. A site operator shall provide notice to its customers concurrent with the filing.

(4)(a) Subsequently, a site operator may also file for revisions to the maximum disposal rates due to:

(i) Changes in any governmentally imposed fee, surcharge, or tax assessed on a volume or a gross revenue basis against or collected by the site operator, including site closure fees, perpetual care and maintenance fees, business and occupation taxes, site surveillance fees, leasehold excise taxes, commission regulatory fees, municipal taxes, and a tax or payment in lieu of taxes authorized by the state to compensate the county in which a site is located for that county's legitimate costs arising out of the presence of that site within that county; or

(ii) Factors outside the control of the site operator such as a material change in regulatory requirements regarding the physical operation of the site.

(b) Revisions to the maximum disposal rate shall take effect thirty days after filing with the commission unless the commission suspends the filing or authorizes the proposed adjustments to take effect earlier.

(5) Upon establishment of a contract rate pursuant to section 7 of this act for a disposal fee, the site operator may not collect a disposal fee that is greater than the effective rate. The effective rate shall be in effect so long as such contract rate remains in effect. Adjustments to the maximum disposal rates may be made during the time an effective rate is in place. Contracts for disposal of extraordinary volumes pursuant to section 8 of this act shall not be considered in determining the effective rate.

(6) The site operator may petition the commission for new maximum disposal rates at any time. Upon receipt of such a petition, the commission shall set the matter for hearing and shall issue an order within seven months of the filing of the petition. The petition shall be accompanied by the documents required to accompany the filing for initial rates. The hearing on the petition shall be conducted in accordance with the commission's rules of practice and procedure.

(7) This section shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

NEW SECTION. Sec. 7. (1) At any time, a site operator may contract with any person to provide a contract disposal rate lower than the maximum disposal rate.

(2) A contract or contract amendment shall be submitted to the commission for approval at least thirty days before its effective date. The commission may approve the contract or suspend the contract and set it for hearing. If the commission takes no action within thirty days of filing, the contract or amendment shall go into effect according to its terms. Each contract filing shall be accompanied with documentation to show that the contract does not result in discrimination between generators receiving like and contemporaneous service under substantially similar circumstances and provides for the recovery of all costs associated with the provision of the service.

(3) This section shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

NEW SECTION. Sec. 8. (1) In establishing the extraordinary volume adjustment, unless the site operator and generator of the extraordinary volume agree to a contract disposal rate, one-half of the extraordinary volume delivery shall be priced at the maximum disposal rate and one-half shall be priced at the site operator's incremental cost to receive the delivery. Such incremental cost shall be determined in the initial rate proceeding.

(2) For purposes of the subsequent calculation of the volume adjustment, one-half of the total extraordinary volume shall be included in the calculation.

(3) This section shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

NEW SECTION. Sec. 9. (1) At any time, the commission or an interested person may file a complaint against a site operator alleging that the rates established pursuant to section 5 or 6 of this act are not in conformity with the standards set forth in section 4 of this act or that the site operator is otherwise not acting in conformity with the requirements of this chapter. Upon filing of the complaint, the commission shall cause

a copy of the complaint to be served upon the site operator. The complaining party shall have the burden of proving that the maximum disposal rates determined pursuant to section 6 of this act are not just, fair, reasonable, or sufficient. The hearing shall conform to the rules of practice and procedure of the commission for other complaint cases.

(2) The commission shall encourage alternate forms of dispute resolution to resolve disputes between a site operator and any other person regarding matters covered by this chapter.

NEW SECTION. Sec. 10. (1) A site operator shall, on or before May 1, 1992, and each year thereafter, file with the commission a statement showing its gross operating revenue from intrastate operations for the preceding calendar year, or portion thereof, and pay to the commission a fee equal to one percent of the amount of the gross operating revenue, exclusive of site surveillance fees, perpetual care and maintenance fees, site closure fees, and state or federally imposed out-of-region surcharges.

(2) Fees collected under this chapter shall reasonably approximate the cost of supervising and regulating site operators. The commission may order a decrease in fees by March 1st of any year in which it determines that the moneys then in the radioactive waste disposal companies account of the public service revolving fund and the fees currently to be paid will exceed the reasonable cost of supervising and regulating site operators.

(3) Fees collected under this section or under any other provision of this chapter shall be paid to the commission and shall be transmitted to the state treasurer within thirty days to be deposited to the credit of the public service revolving fund.

NEW SECTION. Sec. 11. (1) A low-level waste disposal site operator is exempt as specified in sections 4(2)(a), 5(6), 6(7), 7(3), and 8(3) of this act unless a monopoly situation exists with respect to the site operated by such site operator. A monopoly situation exists if either of the following is present:

(a) No disposal facility is available to Northwest compact generators of low-level radioactive waste other than the site or sites operated by such site operator or its affiliates; or

(b) Disposal rates at other sites are not reasonable alternatives for Northwest compact generators, considering: Disposal rates at other facilities; current disposal rates charged by the site operator; historic relationships between the site operator's rates and rates at other facilities; and changes in the operator's rates considering changes in waste volumes, taxes, and fees. A monopoly situation does not exist if either of the following facilities operates or is projected to operate after December 31, 1992:

(i) Any existing low-level radioactive waste disposal site outside the state of Washington, other than facilities operated by affiliates of a site operator, provided that such site or sites do not charge disposal rates that discriminate against Northwest compact generators, except to the extent, through December 31, 1994, such discrimination is authorized by amendment of current federal law.

(ii) An existing facility within the Northwest compact not receiving low-level radioactive waste offers to receive such waste under substantially similar terms and conditions.

(2) The exemption shall be in effect until such time as the commission finds, after notice and hearing, upon motion by the commission or upon petition by any interested party, that a monopoly situation exists or will exist as of January 1, 1993. The finding shall be based upon application of the criteria set forth in this section. The commission may assess a site operator for all of the commission's costs of supervision and regulation prior to and relative to determining whether the exemption applies to the site operator. If the commission determines that a site operator is not subject to the exemption, it shall collect its costs of supervision and regulation under section 10 of this act.

(3) When an exemption is in effect, any increase in the rates charged by the operator effective January 1, 1993, for services other than the base rate for disposal of

solid material in packages of twelve cubic feet or less shall be no more than the percentage increase in the base rate in effect on January 1, 1993.

NEW SECTION. Sec. 12. (1) At any time after this chapter has been implemented with respect to a site operator, such site operator may petition the commission to be classified as competitive. The commission may initiate classification proceedings on its own motion. The commission shall enter its final order with respect to classification within seven months from the date of filing of a company's petition or the commission's motion.

(2) The commission shall classify a site operator as a competitive company if the commission finds, after notice and hearing, that the disposal services offered are subject to competition because the company's customers have reasonably available alternatives. In determining whether a company is competitive, the commission's consideration shall include, but not be limited to:

(a) Whether the system of interstate compacts and regional disposal sites established by federal law has been implemented so that the Northwest compact site located near Richland, Washington is the exclusive site option for disposal by customers within the Northwest compact states;

(b) Whether waste generated outside the Northwest compact states is excluded; and

(c) The ability of alternative disposal sites to make functionally equivalent services readily available at competitive rates, terms, and conditions.

(3) The commission may reclassify a competitive site operator if reclassification would protect the public interest as set forth in this section.

(4) Competitive low-level radioactive waste disposal companies shall be exempt from commission regulation and fees during the time they are so classified.

NEW SECTION. Sec. 13. Nothing in this chapter shall be construed to affect the jurisdiction of another state agency.

Sec. 23. RCW 82.29A.020 and 1986 c 285 s 1 are each amended to read as follows:

As used in this chapter the following terms shall be defined as follows, unless the context otherwise requires:

(1) "Leasehold interest" shall mean an interest in publicly owned real or personal property which exists by virtue of any lease, permit, license, or any other agreement, written or verbal, between the public owner of the property and a person who would not be exempt from property taxes if that person owned the property in fee, granting possession and use, to a degree less than fee simple ownership: PROVIDED, That no interest in personal property (excluding land or buildings) which is owned by the United States, whether or not as trustee, or by any foreign government shall constitute a leasehold interest hereunder when the right to use such property is granted pursuant to a contract solely for the manufacture or production of articles for sale to the United States or any foreign government. The term "leasehold interest" shall include the rights of use or occupancy by others of property which is owned in fee or held in trust by a public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites. The term "leasehold interest" shall not include road or utility easements or rights of access, occupancy or use granted solely for the purpose of removing materials or products purchased from a public owner or the lessee of a public owner.

(2) "Taxable rent" shall mean contract rent as defined in subsection (a) of this subsection in all cases where the lease or agreement has been established or renegotiated through competitive bidding, or negotiated or renegotiated in accordance with statutory requirements regarding the rent payable, or negotiated or renegotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor: PROVIDED, That after January 1, 1986, with respect to any lease which has been in effect for ten years or more without renegotiation, taxable rent may be established by procedures set forth in subsection (b) of this subsection. All other leasehold interests shall be subject to the determination of taxable rent under the terms of subsection (b) of this subsection.

For purposes of determining leasehold excise tax on any lands on the Hanford reservation subleased to a private or public entity by the department of ecology, taxable rent shall include only the annual cash rental payment made by such entity to the department of ecology pursuant to RCW 43.200.080 and shall not include any other fees, assessments, or charges imposed on or collected by such entity.

(a) "Contract rent" shall mean the amount of consideration due as payment for a leasehold interest, including: The total of cash payments made to the lessor or to another party for the benefit of the lessor according to the requirements of the lease or agreement, including any rents paid by a sublessee; expenditures for the protection of the lessor's interest when required by the terms of the lease or agreement; and expenditures for improvements to the property to the extent that such improvements become the property of the lessor. Where the consideration conveyed for the leasehold interest is made in combination with payment for concession or other rights granted by the lessor, only that portion of such payment which represents consideration for the leasehold interest shall be part of contract rent.

"Contract rent" shall not include: (i) Expenditures made by the lessee, which under the terms of the lease or agreement, are to be reimbursed by the lessor to the lessee or expenditures for improvements and protection made pursuant to a lease or an agreement which requires that the use of the improved property be open to the general public and that no profit will inure to the lessee from the lease; (ii) expenditures made by the lessee for the replacement or repair of facilities due to fire or other casualty including payments for insurance to provide reimbursement for losses or payments to a public or private entity for protection of such property from damage or loss or for alterations or additions made necessary by an action of government taken after the date of the execution of the lease or agreement; (iii) improvements added to publicly owned property by a sublessee under an agreement executed prior to January 1, 1976, which have been taxed as personal property of the sublessee prior to January 1, 1976, or improvements made by a sublessee of the same lessee under a similar agreement executed prior to January 1, 1976, and such improvements shall be taxable to the sublessee as personal property; (iv) improvements added to publicly owned property if such improvements are being taxed as personal property to any person.

Any prepaid contract rent shall be considered to have been paid in the year due and not in the year actually paid with respect to prepayment for a period of more than one year. Expenditures for improvements with a useful life of more than one year which are included as part of contract rent shall be treated as prepaid contract rent and prorated over the useful life of the improvement or the remaining term of the lease or agreement if the useful life is in excess of the remaining term of the lease or agreement. Rent prepaid prior to January 1, 1976, shall be prorated from the date of prepayment.

With respect to a "product lease", the value of agricultural products received as rent shall be the value at the place of delivery as of the fifteenth day of the month of delivery; with respect to all other products received as contract rent, the value shall be that value determined at the time of sale under terms of the lease.

(b) If it shall be determined by the department of revenue, upon examination of a lessee's accounts or those of a lessor of publicly owned property, that a lessee is occupying or using publicly owned property in such a manner as to create a leasehold interest and that such leasehold interest has not been established through competitive bidding, or negotiated in accordance with statutory requirements regarding the rent payable, or negotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor, the department may establish a taxable rent computation for use in determining the tax payable under authority granted in this chapter based upon the following criteria: (i) Consideration shall be given to rental being paid to other lessors by lessees of similar property for similar purposes over similar periods of time; (ii) consideration shall be given to what would be considered a fair rate of return on the market value of the property leased less reasonable deductions for any restrictions on use, special operating requirements or provisions for concurrent use by the lessor, another person or the general public.

(3) "Product lease" as used in this chapter shall mean a lease of property for use in the production of agricultural or marine products to the extent that such lease provides for the contract rent to be paid by the delivery of a stated percentage of the production of such agricultural or marine products to the credit of the lessor or the payment to the lessor of a stated percentage of the proceeds from the sale of such products.

(4) "Renegotiated" means a change in the lease agreement which changes the agreed time of possession, restrictions on use, the rate of the cash rental or of any other consideration payable by the lessee to or for the benefit of the lessor, other than any such change required by the terms of the lease or agreement. In addition "renegotiated" shall mean a continuation of possession by the lessee beyond the date when, under the terms of the lease agreement, the lessee had the right to vacate the premises without any further liability to the lessor.

(5) "City" means any city or town.

NEW SECTION. Sec. 24. "Sec. 3. RCW 82.32.050 and 1989 c 378 s 19 are each amended to read as follows:

(1) If upon examination of any returns or from other information obtained by the department it appears that a tax or penalty has been paid less than that properly due, the department shall assess against the taxpayer such additional amount found to be due and shall add thereto interest at the rate of nine percent per annum from the last day of the year in which the deficiency is incurred until date of payment for tax liabilities arising before January 1, 1992. For tax liabilities arising after December 31, 1991, until the date of payment, the rate of interest shall be variable and computed as provided in subsection (2) of this section. The rate so computed shall be adjusted on the first day of January of each year. The department shall notify the taxpayer by mail of the additional amount and the same shall become due and shall be paid within thirty days from the date of the notice, or within such further time as the department may provide. ~~((If payment is not received by the department by the due date specified in the notice, or any extension thereof, the department shall add a penalty of ten percent of the amount of the additional tax found due. If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.))~~

(2) For the purposes of this section, the rate of interest to be charged to the taxpayer shall be an average of the federal short-term rate as defined in 26 U.S.C. Sec. 1274(d) plus two percentage points. The rate shall be computed by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually, for the months of January, April, July, and October of the immediately preceding calendar year as published by the United States secretary of the treasury.

(3) No assessment or correction of an assessment for additional taxes due may be made by the department more than four years after the close of the tax year, except ~~((1))~~ (a) against a taxpayer who has not registered as required by this chapter, ~~((2))~~ (b) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or ~~((3))~~ (c) where a taxpayer has executed a written waiver of such limitation.

Sec. 4. RCW 82.32.060 and 1990 c 69 s 1 are each amended to read as follows:

If, upon receipt of an application by a taxpayer for a refund or for an audit of the taxpayer's records, or upon an examination of the returns or records of any taxpayer, it is determined by the department that within the statutory period for assessment of taxes prescribed by RCW 82.32.050 a tax has been paid in excess of that properly due, the excess amount paid within such period shall be credited to the taxpayer's account or shall be refunded to the taxpayer, at the taxpayer's option. No refund or credit shall be made for taxes paid more than four years prior to the beginning of the calendar year in which the refund application is made or examination of records is completed.

Notwithstanding the foregoing limitations there shall be refunded or credited to taxpayers engaged in the performance of United States government contracts or subcontracts the amount of any tax paid, measured by that portion of the amounts received from the United States, which the taxpayer is required by contract or applicable federal statute to refund or credit to the United States, if claim for such refund is filed by the taxpayer with the department within one year of the date that the amount of the refund or credit due to the United States is finally determined and filed within four years of the date on which the tax was paid: PROVIDED, That no interest shall be allowed on such refund.

Any such refunds shall be made by means of vouchers approved by the department and by the issuance of state warrants drawn upon and payable from such funds as the legislature may provide. However, taxpayers who are required to pay taxes by electronic funds transfer under RCW 82.32.080 shall have any refunds paid by electronic funds transfer.

Any judgment for which a recovery is granted by any court of competent jurisdiction, not appealed from, for tax, penalties, and interest which were paid by the taxpayer, and costs, in a suit by any taxpayer shall be paid in like manner, upon the filing with the department of a certified copy of the order or judgment of the court. Except as to the credits in computing tax authorized by RCW 82.04.435, interest at the rate of three percent per annum shall be allowed by the department and by any court on the amount of any refund or recovery allowed to a taxpayer for taxes, penalties, or interest paid by the taxpayer. For refunds of amounts paid after December 31, 1991, the rate of interest shall be the rate as computed for assessments under RCW 82.32.050(2), less one percentage point.

Sec. 5. RCW 82.32.090 and 1987 c 502 s 9 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there shall be assessed a penalty of five percent of the amount of the tax; and if the tax is not received within thirty days after the due date, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within sixty days after the due date, there shall be assessed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than ~~((two))~~ five dollars.

(2) If payment of any tax assessed by the department of revenue is not received by the department by the due date specified in the notice, or any extension thereof, the department shall add a penalty of ten percent of the amount of the additional tax found due. No penalty so added shall be less than five dollars.

(3) If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of five percent of the amount of the tax, but not less than ~~((five))~~ ten dollars.

((Notwithstanding the foregoing.)) (4) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department shall add a penalty of fifteen percent of the amount of the additional tax found due because of the failure to follow such instructions. A taxpayer disregards specific written instructions when the department of revenue has informed it in writing of its tax obligations and the taxpayer fails to act in accordance

with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department shall not issue the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department. Specific written instructions may be given as a part of a tax assessment, audit, determination, closing agreement, or through written correspondence to a taxpayer. Any specific written instructions by the department of revenue shall be clearly identified as such and shall inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(5) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.

(6) The aggregate of penalties imposed under this ((chapter)) section for failure to ((file)) pay a tax due on a return, late payment of any tax, increase, or penalty, or issuance of a warrant shall not exceed ((twenty-five)) thirty-five percent of the tax due, or ((seven)) twenty dollars, whichever is greater.

(7) The department of revenue may not impose both the evasion penalty and the penalty for disregarding specific written instructions on the same tax found to be due.

NEW SECTION. Sec. 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

POINT OF ORDER

Mr. Padden: Thank you, Mr. Speaker. I would ask for a ruling on the scope and object of this amendment.

MOTION

Mr. Ebersole moved that the House defer further consideration of Engrossed Substitute Senate Bill No. 5494 and that the bill hold its place on the second reading calendar. The motion was carried.

MOTION

Mr. Ebersole moved that the House immediately consider Substitute Senate Bill No. 5052 on the regular second reading calendar. The motion was carried.

SUBSTITUTE SENATE BILL NO. 5052, by Senate Committee on Law & Justice (originally sponsored by Senators Moore, Nelson and Thorsness)

Concerning collection of public debts.

The bill was read the second time.

Ms. Fraser moved adoption of the following amendment by Representatives Wang, Van Luven and Appelwick:

On page 4, after line 6, insert:

NEW SECTION. Sec. 3. (1) The legislature finds that transfers of ownership of a corporation may be equivalent, in some circumstances, to the sale of real property held by the corporation. The legislature further finds that all transfers of possession or use of real property should be subject to the same excise tax burdens.

(2) The intent of this chapter is to apply an excise tax to transfers of corporate ownership when the transfer of ownership is comparable to a sale of real property. The excise tax imposed under this act is intended to be equivalent in burden to the excise tax imposed on sales of real estate under chapter 82.45 RCW.

NEW SECTION. Sec. 4. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Ownership transfer" means a transfer or series of transfers in any consecutive twelve-month period, for a valuable consideration, of ownership of stock possessing more than fifty percent of the total combined voting power of the issued and outstanding shares of each class of stock entitled to vote.

(2) "Value of real property assets" means the true and fair value in money, at the time an ownership transfer is completed, of any estate or interest in real property located in this state.

NEW SECTION. Sec. 5. (1) An excise tax is imposed on each ownership transfer of a corporation, to be paid by the corporation, at the rate of one and twenty-eight one-hundredths percent of the value of the real property assets of the corporation.

(2) Chapter 82.32 RCW applies to the tax imposed in this chapter. The tax due dates, reporting periods, and return requirements applicable to chapter 82.04 RCW apply equally to the tax imposed in this chapter.

NEW SECTION. Sec. 6. The tax imposed in this chapter does not apply to ownership transfers:

(1) When the taxpayer demonstrates by a preponderance of the evidence that the primary intent of the ownership transfer is for purposes other than avoidance of the tax imposed in chapter 82.45 RCW.

(2) When the value of the real property assets of the corporation is less than fifty percent of the true and fair value in money of all assets held by the corporation at the time of the ownership transfer.

(3) Of interests that are required to be registered with the federal securities and exchange commission under the securities act of 1933 or the securities exchange act of 1934.

(4) By gift, devise, or inheritance.

(5) From one spouse to the other in accordance with the terms of a decree of divorce or in fulfillment of a property settlement agreement incident thereto.

(6) Solely for the purpose of securing a debt.

(7) Upon execution of a judgment.

(8) To a corporation that is wholly owned by the transferor and/or the transferor's spouse or children. If such transferee corporation voluntarily transfers the ownership interest, or the real property represented by the ownership interest, or such transferor, spouse, or children voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than (a) the transferor and/or the transferor's spouse or children, (b) a trust having the transferor and/or the transferor's spouse or children as the only beneficiaries at the time of the transfer to the trust, or (c) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or children, within five years after the original transfer to which this exemption applies, excise taxes shall become due and payable on the original transfer as otherwise provided by law.

NEW SECTION. Sec. 7. Sections 4 through 6 of this act shall constitute a new chapter in Title 82 RCW.

NEW SECTION. Sec. 8. Sections 3 through 7 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

POINT OF ORDER

Mr. Padden: Thank you, Mr. Speaker. I would ask for a ruling on the scope and object of this amendment.

SPEAKER'S RULING

The Speaker: Representative Padden, the Speaker has examined Substitute Senate Bill No. 5052 and the amendment. I find your point is well taken. The amendment is outside the scope and object of the original bill.

The Clerk read the following amendment by Representative Wang, Holland and Appelwick:

On page 4, after line 6, insert:

"Sec. 3. RCW 82.32.050 and 1989 c 378 s 19 are each amended to read as follows:

(1) If upon examination of any returns or from other information obtained by the department it appears that a tax or penalty has been paid less than that properly due, the department shall assess against the taxpayer such additional amount found to be due and shall add thereto interest at the rate of nine percent per annum from the last day of the year in which the deficiency is incurred until date of payment for tax liabilities arising before January 1, 1992. For tax liabilities arising after December 31, 1991, until the date of payment, the rate of interest shall be variable and computed as provided in subsection (2) of this section. The rate so computed shall be adjusted on the first day of January of each year. The department shall notify the taxpayer by mail of the additional amount and the same shall become due and shall be paid within thirty days from the date of the notice, or within such further time as the department may provide. ((If payment is not received by the department by the due date specified in the notice, or any extension thereof, the department shall add a penalty of ten percent of the amount of the additional tax found due. If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.))

(2) For the purposes of this section, the rate of interest to be charged to the taxpayer shall be an average of the federal short-term rate as defined in 26 U.S.C. Sec. 1274(d) plus two percentage points. The rate shall be computed by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually, for the months of January, April, July, and October of the immediately preceding calendar year as published by the United States secretary of the treasury.

(3) No assessment or correction of an assessment for additional taxes due may be made by the department more than four years after the close of the tax year, except (((4))) (a) against a taxpayer who has not registered as required by this chapter, (((2))) (b) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or (((3))) (c) where a taxpayer has executed a written waiver of such limitation.

Sec. 4. RCW 82.32.060 and 1990 c 69 s 1 are each amended to read as follows:

If, upon receipt of an application by a taxpayer for a refund or for an audit of the taxpayer's records, or upon an examination of the returns or records of any taxpayer, it is determined by the department that within the statutory period for assessment of taxes prescribed by RCW 82.32.050 a tax has been paid in excess of that properly due, the

excess amount paid within such period shall be credited to the taxpayer's account or shall be refunded to the taxpayer, at the taxpayer's option. No refund or credit shall be made for taxes paid more than four years prior to the beginning of the calendar year in which the refund application is made or examination of records is completed.

Notwithstanding the foregoing limitations there shall be refunded or credited to taxpayers engaged in the performance of United States government contracts or subcontracts the amount of any tax paid, measured by that portion of the amounts received from the United States, which the taxpayer is required by contract or applicable federal statute to refund or credit to the United States, if claim for such refund is filed by the taxpayer with the department within one year of the date that the amount of the refund or credit due to the United States is finally determined and filed within four years of the date on which the tax was paid: PROVIDED, That no interest shall be allowed on such refund.

Any such refunds shall be made by means of vouchers approved by the department and by the issuance of state warrants drawn upon and payable from such funds as the legislature may provide. However, taxpayers who are required to pay taxes by electronic funds transfer under RCW 82.32.080 shall have any refunds paid by electronic funds transfer.

Any judgment for which a recovery is granted by any court of competent jurisdiction, not appealed from, for tax, penalties, and interest which were paid by the taxpayer, and costs, in a suit by any taxpayer shall be paid in like manner, upon the filing with the department of a certified copy of the order or judgment of the court. Except as to the credits in computing tax authorized by RCW 82.04.435, interest at the rate of three percent per annum shall be allowed by the department and by any court on the amount of any refund or recovery allowed to a taxpayer for taxes, penalties, or interest paid by the taxpayer. For refunds of amounts paid after January 1, 1992, the rate of interest shall be the rate as computed for assessments under RCW 82.32.050(2), less one percentage point.

Sec. 5. RCW 82.32.090 and 1987 c 502 s 9 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there shall be assessed a penalty of five percent of the amount of the tax; and if the tax is not received within thirty days after the due date, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within sixty days after the due date, there shall be assessed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than ~~((two))~~ five dollars.

(2) If payment of any tax assessed by the department of revenue is not received by the department by the due date specified in the notice, or any extension thereof, the department shall add a penalty of ten percent of the amount of the additional tax found due. No penalty so added shall be less than five dollars.

(3) If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of five percent of the amount of the tax, but not less than ~~((five))~~ ten dollars.

(Notwithstanding the foregoing,) (4) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department shall add a penalty of fifteen percent of the amount of the additional tax found due because of the failure to follow such instructions. A taxpayer disregards specific written instructions when the department of revenue has informed it in writing of its tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department shall not issue the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the

department. Specific written instructions may be given as a part of a tax assessment, audit, determination, closing agreement, or through written correspondence to a taxpayer. Any specific written instructions by the department of revenue shall be clearly identified as such and shall inform the taxpayer that failure to follow the instructions may be subject to the penalties imposed by this subsection.

(5) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.

(6) The aggregate of penalties imposed under this ((chapter)) section for failure to ((file)) pay a tax due on a return, late payment of any tax, increase, or penalty, or issuance of a warrant shall not exceed ((twenty-five)) thirty-five percent of the tax due, or ((seven)) twenty dollars, whichever is greater.

(7) The department of revenue may not impose both the evasion penalty and the penalty for disregarding specific written instructions on the same tax found to be due.

NEW SECTION. Sec. 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 7. Sections 3 through 5 of this act shall take effect January 1, 1992."

Mr. Ferguson moved adoption of the following amendment:

On page 15, after line 27, insert the following:

NEW SECTION. Sec. 12. A new section is added to chapter 46.16 RCW to read as follows:

(1) A motor vehicle owned and operated by a person whose driver's license is in a suspended or revoked status or whose privilege to operate a motor vehicle is suspended or revoked in this or any other state is subject to seizure and forfeiture and no property right exists in the vehicle except as follows:

(a) No vehicle used by a person as a common carrier in the transaction of business as a common carrier is subject to seizure and forfeiture under this section unless it appears that the owner or other person in charge of the vehicle is a consenting party or privy to a violation of this section;

(b) No vehicle is subject to seizure and forfeiture under this section by reason of an act or omission established by the owner of the vehicle to have been committed or omitted without the owner's knowledge or consent;

(c) A forfeiture of a vehicle encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission; and

(d) When the owner of a vehicle has been arrested under this chapter the vehicle in which the person is arrested is not subject to forfeiture unless it is seized or process is issued for its seizure within ten days of the owner's arrest.

(2) A vehicle subject to forfeiture under this section may be seized by a law enforcement officer of this state upon process issued by a superior court having jurisdiction over the vehicle. Seizure of a vehicle without process may be made if:

(a) The seizure is incident to an arrest or a search under a search warrant;

(b) The vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this section;

(c) A law enforcement officer has probable cause to believe that the vehicle is directly or indirectly dangerous to health or safety; or

(d) The law enforcement officer has probable cause to believe that the vehicle was used or is intended to be used in violation of this section.

(3) In the event of seizure under subsection (2) of this section, proceedings for forfeiture are commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the vehicle seized and the person in charge of it and any person having any known right or interest in it, including any community property interest, of the seizure and intended forfeiture of the seized vehicle. The notice of seizure may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(5) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the vehicle within forty-five days of the seizure, the person or persons shall be given a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee. A person asserting a claim or right may remove the matter to a court of competent jurisdiction if the value of the vehicle involved is more than five hundred dollars. The court to which the matter is to be removed shall be the district court when the value is ten thousand dollars or less. A hearing before the seizing agency and any appeal from the decision shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle, the prevailing party is entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence is upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the hearing officer or court that the claimant is the present lawful owner or is lawfully entitled to possession of the vehicle.

(6) When a vehicle is forfeited under this section the seizing law enforcement agency may:

(a) Retain it for official use or, upon application by any law enforcement agency of this state, release the vehicle to the agency for the exclusive use of enforcing this title;

(b) (i) Sell the vehicle, in which case the proceeds shall be used for payment of all proper expenses of the investigation leading to the seizure and of the proceedings for

forfeiture and sale, including expenses of seizure, storage, advertising, actual costs of the prosecuting or city attorney, and court costs. Money remaining after the payment of all expenses shall be distributed as follows:

(A) Seventy-five percent shall be deposited in the general fund of the state, county, or city of the seizing law enforcement agency;

(B) Twenty-five percent shall be remitted to the state treasurer for deposit in the highway safety fund established in RCW 46.68.060;

(ii) Money deposited according to this section must be deposited within ninety days of the date of final disposition of either the administrative seizure or the judicial seizure; or

(c) Request the appropriate sheriff or director of public safety to take custody of the vehicle and remove it for disposition in accordance with law.

Mr. Ferguson spoke in favor of adoption of the amendment.

POINT OF INQUIRY

Mr. Ferguson yielded to question by Mr. Appelwick.

Mr. Appelwick: Representative Ferguson, what happens if the vehicle that is being driven by the person is not owned by that person or has a lien on it or is community property? Is that still forfeited?

Mr. Ferguson: I'm glad you asked that question, Representative Appelwick. The bill is designed to protect anyone who has a lien on the vehicle. He or she does not lose it. It essentially deals with owner owned vehicles.

The amendment on page 15, after line 27, by Representative Ferguson was adopted.

With consent of the House, the following amendment by Representative Ferguson to the title was adopted:

On page 1, line 3 of the title, after "46.20.342;" insert "adding a new section to chapter 46.16 RCW;"

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

(ff) Legal and consultant fees of a contractor or contractors in connection with a lawsuit against the department;

(gg) Lease acquisition costs and other intangibles not related to patient care;

(hh) All rental or lease costs other than those provided in RCW 74.46.300 on and after the effective date of RCW 74.46.510 and 74.46.530;

(jj) Costs and fees otherwise allowable for legal services, whether purchased, allocated by a home office, regional office or management company, or performed by the contractor or employees of the contractor, in excess of the eighty-fifth percentile of such costs reported by all contractors for the most recent cost report period: PROVIDED, That this limit shall not apply if a contractor has not exceeded this percentile in any of the preceding three annual cost report periods;

(kk) Costs and fees otherwise allowable for accounting and bookkeeping services, whether purchased, allocated by a home office, regional office or management company, or performed by the contractor or employees of the contractor, in excess of the eighty-fifth percentile of such costs reported by all contractors for the most recent cost report period: PROVIDED, That this limit shall not apply if a contractor has not exceeded this percentile in any of the preceding three annual cost report periods;

(mm) For all partial or whole rate periods after July 17, 1984, costs of land and depreciable assets that cannot be reimbursed under the Deficit Reduction Act of 1984 and implementing state statutory and regulatory provisions.

Sec. 5. RCW 74.46.481 and 1990 c 207 s 1 are each amended to read as follows:

(1) The nursing services cost center shall include all costs related to the direct provision of nursing and related care, including fringe benefits and payroll taxes for the nursing and related care personnel. For rates effective for state fiscal year 1984, the department shall adopt by administrative rule a definition of "related care" which shall incorporate, but not exceed services reimbursable as of June 30, 1983. For rates effective for state fiscal year 1985, the definition of related care shall include ancillary care. For rates effective after June 30, 1991, nursing services costs, as reimbursed within this chapter and as tested for reasonableness within this section, shall not include costs of any purchased nursing care services, including registered nurse, licensed practical nurse, and nurse assistant services, obtained through service contract arrangement in excess of the amount of compensation paid for such hours of nursing care service had they been paid at the average hourly wage, including related taxes and benefits, for in-house nursing care staff of like classification at the same nursing facility, as reported in the most recent cost report period.

(2) The department shall adopt by administrative rules a method for establishing a nursing services cost center rate consistent with the principles stated in this section.

(3) Utilizing regression or other statistical technique, the department shall determine a reasonable limit on facility nursing staff taking into account facility patient characteristics. For purposes of this section, facility nursing staff refers to registered nurses, licensed practical nurses and nursing assistants employed by the facility or obtained through temporary labor contract arrangements. Effective January 1, 1988, the hours associated with the training of nursing assistants and the supervision of that training for nursing assistants shall not be included in the calculation of facility nursing staff. In selecting a measure of patient characteristics, the department shall take into account:

- (a) The correlation between alternative measures and facility nursing staff; and
- (b) The cost of collecting information for and computation of a measure.

If regression is used, the limit shall be set at predicted nursing staff plus 1.75 regression standard errors. If another statistical method is utilized, the limit shall be set at a level corresponding to 1.75 standard errors above predicted staffing computed according to a regression procedure.

(4) No facility shall receive reimbursement for nursing staff levels in excess of the limit, except that, if a facility was reimbursed for a nursing staff level in excess of the limit as of June 30, 1983, the facility may choose to continue to receive its June, 1983 nursing services rate plus any adjustments in rates, such as adjustments for economic trends, made available to all facilities. However, nursing staff levels established under subsection (3) of this section shall not apply to the nursing services cost center reimbursement rate for the pilot facility especially designed to meet the needs of persons living with AIDS as defined by RCW 70.24.017 and specifically authorized for this purpose under the 1989 amendment to the Washington state health plan [1989 1st ex. s. c 9]. The reasonableness limit established pursuant to this subsection shall remain in effect for the period July 1, 1983 through June 30, 1985. At that time the department may revise the measure of patient characteristics or method used to establish the limit.

(5) The department shall select an index of cost increase relevant to the nursing and related services cost area. In the absence of a more representative index, the department shall use the medical care component index as maintained by the United States bureau of labor statistics.

(6) If a facility's nursing staff level is below the limit specified in subsection (3) of this section, the department shall determine the percentage increase for all items included in the nursing services cost center between the facility's most recent cost reporting period and the next prior cost reporting period.

(a) If the percentage cost increase for a facility is below the increase in the selected index for the same time period, the facility's reimbursement rate in the nursing services cost center shall equal the facility's cost from the most recent cost reporting period plus any allowance for inflation provided by legislative appropriation.

(b) If the percentage cost increase for a facility exceeds the increase in the selected index, the department shall limit the cost used for setting the facility's rate in the nursing services cost area to a level reflecting the increase in the selected index.

(7) If the facility's nursing staff level exceeds the reasonableness limit established in subsection (3) of this section, the department shall determine the increase for all items included in the nursing services cost center between the facility's most recent cost reporting period and the next prior cost reporting period.

(a) If the percentage cost increase for a facility is below the increase in the index selected pursuant to subsection (5) of this section, the facility's reimbursement rate in the nursing cost center shall equal the facility's cost from the most recent cost reporting period adjusted downward to reflect the limit on nursing staff, plus any allowance for inflation provided by legislative appropriation subject to the provisions of subsection (4) of this section.

(b) If the percentage cost increase for a facility exceeds the increase in the selected index, the department shall limit the cost used for setting the facility's rate in the nursing

services cost center to a level reflecting the nursing staff limit and the cost increase limit, subject to the provisions of subsection (4) of this section, plus any allowance for inflation provided by legislative appropriation.

(8) Prospective rates for the nursing services cost center, for state fiscal year 1992 only, shall not be subject to the cost growth index lid in subsections (5), (6), and (7) of this section. The lid shall apply for state fiscal year 1991 rate setting and all state fiscal years subsequent to fiscal year 1992.

(9) The department is authorized to determine on a systematic basis facilities with unmet patient care service needs. The department may increase the nursing services cost center prospective rate for a facility beyond the level determined in accordance with subsection (6) of this section if the facility's actual and reported nursing staffing is one standard error or more below predicted staffing as determined according to the method selected pursuant to subsection (3) of this section and the facility has unmet patient care service needs: PROVIDED, That prospective rate increases authorized by this subsection shall be funded only from legislative appropriations made for this purpose and the increases shall be conditioned on specified improvements in patient care at such facilities.

~~((9))~~ (10) The department shall establish a method for identifying patients with exceptional care requirements and a method for establishing or negotiating on a consistent basis rates for such patients.

~~((10))~~ (11) The department, in consultation with interested parties, shall adopt rules to establish the criteria the department will use in reviewing any requests by a contractor for a prospective rate adjustment to be used to increase the number of nursing staff. These rules shall also specify the time period for submission and review of staffing requests: PROVIDED, That a decision on a staffing request shall not take longer than sixty days from the date the department receives such a complete request. In establishing the criteria, the department may consider, but is not limited to, the following:

- (a) Increases in acuity levels of contractors' residents;
- (b) Staffing patterns for similar facilities;
- (c) Physical plant of contractor; and
- (d) Survey, inspection of care, and department consultation results.

Séc. 6. RCW 74.46.530 and 1985 c 361 s 17 are each amended to read as follows:

(1) The department shall establish for individual facilities return on investment allowances composed of two parts: A financing allowance and a variable return allowance.

(a) The financing allowance shall be determined by multiplying the net invested funds of each facility by .11, and dividing by the contractor's total patient days. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total patient days used in computing the financing and variable return allowances shall be adjusted to the anticipated patient day level.

(b) In computing the portion of net invested funds representing the net book value of tangible fixed assets, the same assets, depreciation bases, lives, and methods referred to in RCW 74.46.330, 74.46.350, 74.46.360, and 74.46.370, including owned and leased assets, shall be utilized, except that the capitalized cost of land upon which the facility is located and such other contiguous land which is reasonable and necessary for use in the regular course of providing patient care shall also be included. Subject to provisions and limitations contained in this chapter, for land purchased by owners or lessors before July 18, 1984, capitalized cost of land shall be the buyer's capitalized cost. For all partial or whole rate periods after July 17, 1984, if the land is purchased after July 17, 1984, capitalized cost shall be that of the owner of record on July 17, 1984, or buyer's capitalized cost, whichever is lower. In the case of leased facilities where the net invested funds are unknown or the contractor is unable to provide necessary information to determine net invested funds, the secretary shall have the authority to determine an

amount for net invested funds based on an appraisal conducted according to RCW 74.46.360(1).

(c) In determining the variable return allowance:

(i) The department will first rank all facilities in numerical order from highest to lowest according to their average per diem allowable costs for the sum of the administration and operations and property cost centers for the previous cost report period.

(ii) The department shall then compute the variable return allowance by multiplying the appropriate percentage amounts, which shall not be less than one percent and not greater than four percent, by the total prospective rate for each facility, as determined in RCW 74.46.450 through 74.46.510. However, commencing with the rate effective July 1, 1992, and for all subsequent rate periods, the percentage to be multiplied by the total prospective rate for each facility shall be zero, one, two, or three percent. The percentage amounts will be based on groupings of facilities according to the rankings as established in subparagraph (1)(b)(i) of this section. Those groups of facilities with lower per diem costs shall receive higher percentage amounts than those with higher per diem costs.

(d) The sum of the financing allowance and the variable return allowance shall be the return on investment for each facility, and shall be added to the prospective rates of each contractor as determined in RCW 74.46.450 through 74.46.510.

(e) In the case of a facility which was leased by the contractor as of January 1, 1980, in an arm's-length agreement, which continues to be leased under the same lease agreement, and for which the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center determined according to RCW 74.46.510, is more than the return on investment allowance determined according to subsection (1)(d) of this section, the following shall apply:

(i) The financing allowance shall be recomputed substituting the fair market value of the assets as of January 1, 1982, as determined by the department of general administration through an appraisal procedure, less accumulated depreciation on the lessor's assets since January 1, 1982, for the net book value of the assets in determining net invested funds for the facility. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious.

(ii) The sum of the financing allowance computed under subsection (1)(e)(i) of this section and the variable allowance shall be compared to the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total patient days, minus the property cost center rate determined according to RCW 74.46.510. The lesser of the two amounts shall be called the alternate return on investment allowance.

(iii) The return on investment allowance determined according to subsection (1)(d) of this section or the alternate return on investment allowance, whichever is greater, shall be the return on investment allowance for the facility and shall be added to the prospective rates of the contractor as determined in RCW 74.46.450 through 74.46.510.

(f) In the case of a facility which was leased by the contractor as of January 1, 1980, in an arm's-length agreement, if the lease is renewed or extended pursuant to a provision of the lease, the treatment provided in subsection (1)(e) of this section shall be applied except that in the case of renewals or extensions made subsequent to April 1, 1985, reimbursement for the annualized lease payment shall be no greater than the reimbursement for the annualized lease payment for the last year prior to the renewal or extension of the lease.

(2) In the event that the department of health and human services disallows the application of the return on investment allowances to nonprofit facilities, the department shall modify the measurements of net invested funds used for computing individual

facility return on investment allowances as follows: Net invested funds for each nonprofit facility shall be multiplied by one minus the ratio of equity funds to the net invested funds of all nonprofit facilities.

(3) Each biennium, beginning in 1985, the secretary shall review the adequacy of return on investment allowances in relation to anticipated requirements for maintaining, reducing, or expanding nursing care capacity. The secretary shall report the results of such review to the legislature and make recommendations for adjustments in the return on investment rates utilized in this section, if appropriate.

Sec. 7. RCW 74.46.360 and 1989 c 372 s 14 are each amended to read as follows:

(1) For all partial or whole rate periods after December 31, 1984, the cost basis of land and depreciation base of depreciable assets shall be the historical cost of the contractor or lessor, when the assets are leased by the contractor, in acquiring the asset in an arm's-length transaction and preparing it for use, less goodwill, and less accumulated depreciation, if applicable, which has been incurred during periods that the assets have been used in or as a facility by any contractor, such accumulated depreciation to be measured in accordance with subsections (2), (3), and (4) of this section and RCW 74.46.350 and 74.46.370. If the department challenges the historical cost of an asset, or if the contractor cannot or will not provide the historical costs, the department will have the department of general administration, through an appraisal procedure, determine the fair market value of the assets at the time of purchase. The cost basis of land and depreciation base of ((the)) depreciable assets will not exceed such fair market value.

(2) The historical cost of depreciable and nondepreciable donated assets, or of depreciable and nondepreciable assets received through testate or intestate distribution, shall be the lesser of:

(a) Fair market value at the date of donation or death; or

(b) The historical cost base of the owner last contracting with the department, if any.

(3) Estimated salvage value of acquired, donated, or inherited assets shall be deducted from historical cost where the straight-line or sum-of-the-years' digits method of depreciation is used.

(4) (a) Where land or depreciable assets are acquired that were used in the medical care program subsequent to January 1, 1980, the cost basis or depreciation base of the assets will not exceed the net book value which did exist or would have existed had the assets continued in use under the previous contract with the department; except that depreciation shall not be assumed to accumulate during periods when the assets were not in use in or as a facility.

(b) The provisions of (a) of this subsection shall not apply to the most recent arm's-length acquisition if it occurs at least ten years after the ownership of the assets has been previously transferred in an arm's-length transaction nor to the first arm's-length acquisition that occurs after January 1, 1980, for facilities participating in the medical care program prior to January 1, 1980. The new cost basis or depreciation base for such acquisitions shall not exceed the fair market value of the assets as determined by the department of general administration through an appraisal procedure. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious. For all partial or whole rate periods after July 17, 1984, this subsection is inoperative for any transfer of ownership of any asset, depreciable or nondepreciable, occurring on or after July 18, 1984, leaving (a) of this subsection to apply alone to such transfers: PROVIDED, HOWEVER, That this subsection shall apply to transfers of ownership of assets occurring prior to January 1, 1985, if the costs of such assets have never been reimbursed under medicaid cost reimbursement on an owner-operated basis or as a related-party lease: PROVIDED FURTHER, That for any contractor that can document in writing an enforceable agreement for the purchase of a nursing home dated prior to

July 18, 1984, and submitted to the department prior to January 1, 1988, the cost basis of allowable land and the depreciation base of the nursing home, for rates established after July 18, 1984, shall not exceed the fair market value of the assets at the date of purchase as determined by the department of general administration through an appraisal procedure. For medicaid cost reimbursement purposes, an agreement to purchase a nursing home dated prior to July 18, 1984, is enforceable, even though such agreement contains no legal description of the real property involved, notwithstanding the statute of frauds or any other provision of law.

(c) In the case of land or depreciable assets leased by the same contractor since January 1, 1980, in an arm's-length lease, and purchased by the lessee/contractor, the lessee/contractor shall have the option:

(i) To have the provisions of subsection (b) of this section apply to the purchase;
or

(ii) To have the reimbursement for property and return on investment continue to be calculated pursuant to the provisions contained in RCW 74.46.530(1) (e) and (f) based upon the provisions of the lease in existence on the date of the purchase, but only if the purchase date meets one of the following criteria:

(A) The purchase date is after the lessor has declared bankruptcy or has defaulted in any loan or mortgage held against the leased property;

(B) The purchase date is within one year of the lease expiration or renewal date contained in the lease;

(C) The purchase date is after a rate setting for the facility in which the reimbursement rate set pursuant to this chapter no longer is equal to or greater than the actual cost of the lease; or

(D) The purchase date is within one year of any purchase option in existence on January 1, 1988.

(d) For all rate periods past or future where land or depreciable assets are acquired from a related organization, the contractor's cost basis and depreciation base shall not exceed the base the related organization had or would have had under a contract with the department.

(e) Where the land or depreciable asset is a donation or distribution between related organizations, the cost basis or depreciation base shall be the lesser of (i) fair market value, less salvage value, or (ii) the cost basis or depreciation base the related organization had or would have had for the asset under a contract with the department.

Sec. 8. RCW 74.46.700 and 1980 c 177 s 70 are each amended to read as follows:

~~((1))~~ Each ~~((contractor))~~ nursing home shall establish and maintain, as a service to the ~~((medical care recipient))~~ resident, a bookkeeping system incorporated into the business records for all ~~((recipient))~~ resident moneys entrusted to the contractor and received by the facility for the ~~((recipient))~~ resident.

~~((2))~~ Such system will apply to a recipient who is:

~~(a) Incapable of handling his or her own money and the department or the recipient's guardian, relative, or physician makes written request of the facility to accept this responsibility; or~~

~~(b) Capable of handling his or her own money, but requests the facility in writing to accept this responsibility.~~

~~(3) The written requests provided in subsection (2) of this section shall be maintained by the contractor in the recipient's file.~~

~~(4) The recipient must be given at least a quarterly reporting of all financial transactions in his or her trust account. The representative payee, the guardian, and/or other designated agents of the recipient must be sent a copy of said reporting on the same basis as the recipient.)~~

The department shall adopt rules to ensure that resident personal funds handled by the facility are maintained by each nursing home in a manner that is, at a minimum, consistent with federal requirements.

- NEW SECTION. Sec. 9. The following acts or parts of acts are each repealed:

The valuation of capital assets, for the purposes of determining payment rates for nursing facilities, will not be increased (as measured from the date of acquisition by the seller to the date of the change of ownership) solely as a result of a change of ownership, by more than the lesser of:

(i) one-half of the percentage increases (as measured over the same period of time or, if necessary, as extrapolated retrospectively by the secretary) in the dodge construction index systems costs for nursing homes, applied to the aggregate with respect to those facilities which have undergone a change of ownership during the fiscal year; or

(ii) one-half of the percentage increase (as measured over the same period of time) in the consumer price index for all urban consumers (United States city average)."

POINT OF ORDER

Ms. Forner: I ask for a scope and object ruling on this amendment.

motion would have been after Representative Riley had moved adoption of the amendment. At that point you should have raised your point of order.

NEW SECTION. Sec. 19. (1) The legislature finds and declares that:

(a) Families with children have been rendered homeless or are in imminent danger of becoming homeless as a result of a sudden job loss or other economic adversity;

(b) It is more economical and more socially desirable to enable people to retain possession of their houses or apartments and thereby avoid homelessness, than to house them in emergency shelters or in other facilities intended for short-term occupancy; and

(c) Economically distressed communities are faced with unique problems that require a comprehensive approach of housing and related support services.

(2) The legislature declares that a program designed to provide short-term financial assistance to assist with mortgage or rent payments and coordination of available support services is needed to keep people from becoming homeless.

NEW SECTION. Sec. 20. A new section is added to chapter 43.63A RCW to read as follows:

(1) The department shall develop and administer a homelessness prevention program for the purpose of providing grants and technical assistance to eligible organizations to operate local homelessness prevention and related support service programs. For purposes of this section, "eligible organizations" are those organizations eligible to receive assistance through the Washington housing trust fund, chapter 43.185 RCW.

(2) The department shall select at least five eligible organizations for purposes of implementing local homelessness prevention programs. The local homelessness prevention programs are designed to provide: (a) Interest-free loans of temporary mortgage or rental assistance on behalf of families with children in imminent danger of losing housing as a result of having insufficient income to pay mortgage or rental costs; (b) interest-free loans to make payments on machinery or equipment that is essential to the household's livelihood; or (c) technical assistance to eligible organizations to help recipient eligible organizations develop and implement local strategies to prevent homelessness. In selecting local programs under this section, the department shall give priority consideration to timber-dependent communities and shall consider:

(i) The eligible organization's ability, stability, and resources to implement the local homelessness prevention program;

(ii) The eligible organization's efforts to coordinate other support programs for the family, such as job search or job retraining programs;

(iii) The level of timber unemployment experienced by the jurisdiction; and

(iv) Other factors the department deems appropriate.

(3) The recipient eligible organization shall establish priorities of eligibility for temporary mortgage or rental assistance to assist families with children in retaining housing. The recipient eligible organization shall make a determination of eligibility regarding the family's eligibility to participate in the local homelessness prevention program. A determination shall include, but is not limited to:

(a) A determination that the family is subject to immediate eviction for foreclosure of nonpayment of mortgage installments or nonpayment of rent, when nonpayment is attributable to illness, unemployment, underemployment, or any other failure of resources beyond the person's control;

(b) A verification of the loss of income; and

(c) A determination that the family does not have the financial resources to make the required mortgage installment or rental payment, or installment payment on the equipment or machinery which is essential to the family's livelihood.

(4) No family shall continue to receive temporary mortgage or rental assistance under this section if alternative sources of mortgage or rental assistance under federal, state, or local sources becomes available.

NEW SECTION. Sec. 21. A new section is added to chapter 43.63A RCW to read as follows:

The department shall adopt rules to implement section 20 of this act, including but not limited to:

(1) The maximum length of assistance available through section 20 of this act;

(2) The eligibility of and application process for eligible organizations;

(3) The criteria by which grants and technical assistance shall be provided to eligible organizations; and

(4) The criteria eligible organizations shall use when entering into contracts with families to make mortgage or rental assistance payments, or equipment or machinery payments on their behalf.

NEW SECTION. Sec. 22.(1) For the period beginning July 1, 1991 and ending June 30, 1993, in those areas designated by the department of community development as timber impact areas, the public works board may award low-interest or interest-free loans to local governments for construction of new public works facilities that stimulate economic growth or diversification.

(2) For the purposes of this act, "public facilities" means bridge, road and street, domestic water, sanitary sewer, and storm sewer systems.

(3) The loans may have a deferred payment of up to five years but shall be repaid within twenty years. The board may require other terms and conditions and may charge such rates of interest on its loans as it deems appropriate to carry out the purposes of this section. Repayments shall be made to the public works assistance account.

(4) The board may make such loans irrespective of the annual loan cycle and reporting required in RCW 43.155.070.

NEW SECTION. Sec. 23. (1) As authorized by section 22 of this act, the board shall establish criteria for awarding loans to local governments including, but not limited to, the following:

(a) If a county or city, the local government must be imposing the tax authorized by chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have in place a capital improvement plan meeting standards established by the board and an economic development plan meeting standards established by the department;

(c) The local economy must have experienced or be about to experience employment losses due to the timber economy;

(d) The proposed project must provide an opportunity to create or retain jobs within the local economy. Priority may be given to those projects that provide an opportunity to retain or create jobs for the pool of local workers affected by the timber economy;

(e) The local government must provide reasonable assurances of its ability to repay the debt; and

(f) The local government must meet any additional guidelines and criteria established by the board for awarding loan funds.

(2) Existing debt or other financial obligations of the local government shall not be refinanced under this act.

(3) The board shall award loans only to those projects that meet the criteria and will fulfill the purpose of this act. Any funds not obligated at the close of the biennium shall be returned to the public works assistance account.

NEW SECTION. Sec. 24. The public works board shall provide to the office of financial management and the legislative fiscal committees quarterly reports on loan applications under consideration and loans awarded by the board and a report by January 15, 1994, on the loans awarded through the biennium ending June 30, 1993. The board shall provide to the legislative fiscal committees a report on January 15, 1995, and January 15, 1996, identifying by county the economic growth and/or economic diversification attributable to the loan awards authorized by this act.

NEW SECTION. Sec. 25. (a) The legislature finds that an increase in unemployment due to the declining timber economy in the state is imminent. The legislature further recognizes that employment opportunities in state and local government in other natural resource management professions exist and that dislocated workers in the timber-related professions represent a potential work force in the areas of fisheries, wildlife, and recreation.

(b) The legislature further recognizes that employment opportunities in other natural resource management professions exist and that natural resource enhancements in the

areas of fisheries, wildlife, and recreation can bring needed income to distressed local economies in the state. It is the intent of the legislature that dislocated timber workers be given training in and opportunities to compete for employment in other resource management professions, and to establish a pilot program in Skagit county to accomplish this objective. The Skagit river represents a potential recreational fishery that, if enhanced, will bring much needed income to Skagit county. Enhancements to the fishery on the Skagit river are planned over the next several years, and workers will be needed to fill these positions. Displaced timber workers will be available to do this work.

NEW SECTION. Sec. 26. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

Sec. 1. RCW 35.02.078 and 1986 c 234 s 10 are each amended to read as follows:

An election shall be held in the area proposed to be incorporated to determine whether the proposed city or town shall be incorporated if the boundary review board approves or modifies and approves the proposal, or if the county legislative authority does not disapprove the proposal as provided in RCW 35.02.070. Voters at this election shall determine if the area is to be incorporated.

The initial election on the question of incorporation shall be held at the next special election date specified in RCW 29.13.020 that occurs sixty or more days after the final public hearing by the county legislative authority or authorities, or the approval or modification and approval by the boundary review board or boards. The county legislative authority or authorities shall call for this election and, if the incorporation is approved, shall call for other elections to elect the elected officials as provided in this section. If the vote in favor of the incorporation receives ~~((forty))~~ thirty percent or less of the total vote on the question of incorporation, no new election on the question of incorporation for the area or any portion of the area proposed to be incorporated may be held for a period of three years from the date of the election in which the incorporation failed. This three-year prohibition shall not apply to any proposed city or town in which such election was held before the effective date of this act and the vote in favor of the incorporation received thirty percent or more of the total on the question of incorporation.

If the incorporation is authorized as provided by RCW 35.02.120, separate elections shall be held to nominate and elect persons to fill the various elective offices prescribed

by law for the population and type of city or town, and to which it will belong. The primary election to nominate candidates for these elective positions shall be held at the next special election date, as specified in RCW 29.13.020, that occurs sixty or more days after the election on the question of incorporation or, if the incorporation election was held in April or May, at a special election by mail ballots to be held on the third Tuesday in July. The election to fill these elective positions shall be held at the next special election date, as specified in RCW 29.13.020, that occurs thirty or more days after certification of the results of the primary election or, if the primary election was held in April or May, at a special election by mail ballots to be held on the third Tuesday in July.

NEW SECTION. Sec. 2. A new section is added to chapter 35.02 RCW to read as follows:

A newly incorporated city or town shall be liable for its proportionate share of the costs of all elections, after the election on whether the area should be incorporated, at which an issue relating to the city or town is placed before the voters, as if the city or town was in existence after the election at which voters authorized the area to incorporate.

Sec. 3. RCW 35.02.130 and 1986 c 234 s 16 are each amended to read as follows:

The city or town officially shall become incorporated at a date from one hundred eighty days to three hundred sixty days after the date of the election on the question of incorporation. An interim period shall exist between the time the newly elected officials have been elected and qualified and this official date of incorporation. During this interim period, the newly elected officials are authorized to adopt ordinances and resolutions which shall become effective on or after the official date of incorporation, and to enter into contracts and agreements to facilitate the transition to becoming a city or town and to ensure a continuation of governmental services after the official date of incorporation. Periods of time that would be required to elapse between the enactment and effective date of such ordinances, including but not limited to times for publication or for filing referendums, shall commence upon the date of such enactment as though the city or town were officially incorporated.

During this interim period, the city or town governing body may adopt rules establishing policies and procedures under the state environmental policy act, chapter 43.21C RCW, and may use these rules and procedures in making determinations under the state environmental policy act, chapter 43.21C RCW.

During this interim period, the newly formed city or town and its governing body shall be subject to the following as though the city or town were officially incorporated: RCW 4.24.470 relating to immunity; chapter 42.17 RCW relating to open government; chapter 40.14 RCW relating to the preservation and disposition of public records; chapters 42.20, 42.22, and 42.23 RCW relating to ethics and conflicts of interest; chapters 42.30 and 42.32 RCW relating to open public meetings and minutes; RCW 35.22.288, 35.23.310, 35.24.220, 35.27.300, 35A.12.160, as appropriate, and chapter 35A.65 RCW relating to the publication of notices and ordinances; RCW 35.21.875 and 35A.21.230 relating to the designation of an official newspaper; RCW 36.16.138 relating to liability insurance; RCW 35.22.620, 35.23.352, and 35A.40.210, as appropriate, and statutes referenced therein relating to public contracts and bidding; and chapter 39.34 RCW relating to interlocal cooperation. Tax anticipation or revenue anticipation notes or warrants and other short-term obligations may be issued and funds may be borrowed on the security of these instruments during this interim period, as provided in chapter 39.50 RCW. Funds also may be borrowed from federal, state, and other governmental agencies in the same manner as if the city or town were officially incorporated.

RCW 84.52.020 and 84.52.070 shall apply to the extent that they may be applicable, and the governing body of such city or town may take appropriate action by ordinance during the interim period to adopt the property tax levy for its first full calendar year following the interim period.

The governing body of the new city or town may acquire needed facilities, supplies, equipment, insurance, and staff during this interim period as if the city or town were in existence. An interim city manager or administrator, who shall have such administrative powers and duties as are delegated by the governing body, may be appointed to serve only until the official date of incorporation. After the official date of incorporation the governing body of such a new city organized under the council manager form of government may extend the appointment of such an interim manager or administrator with such limited powers as the governing body determines, for up to ninety days. This governing body may submit ballot propositions to the voters of the city or town to authorize taxes to be collected on or after the official date of incorporation, or authorize an annexation of the city or town by a fire protection district or library district to be effective immediately upon the effective date of the incorporation as a city or town.

The boundaries of a newly incorporated city or town shall be deemed to be established for purposes of RCW 84.09.030 on the date that the results of the initial election on the question of incorporation are certified or the first day of January following the date of this election if the newly incorporated city or town does not impose property taxes in the same year that the voters approve the incorporation.

The newly elected officials shall take office immediately upon their election and qualification with limited powers during this interim period as provided in this section. They shall acquire their full powers as of the official date of incorporation and shall continue in office until their successors are elected and qualified at the next general municipal election after the official date of incorporation: PROVIDED, That if the date of the next general municipal election is less than ~~((seventy five days))~~ twelve months after the ~~((official))~~ date ~~((of incorporation, the))~~ of the first election of councilmembers, those initially elected ~~((officials))~~ councilmembers shall ~~((hold office))~~ serve until their successors are elected and qualified at the next following general municipal election ~~((next following))~~ as provided in RCW 29.04.170. For purposes of this section, the general municipal election shall be the date on which city and town general elections are held throughout the state of Washington, pursuant to RCW 29.13.020.

The official date of incorporation shall be on a date from one hundred eighty to three hundred sixty days after the date of the election on the question of incorporation, as specified in a resolution adopted by the governing body during this interim period. A copy of the resolution shall be filed with the county legislative authority of the county in which all or the major portion of the newly incorporated city or town is located. If the governing body fails to adopt such a resolution, the official date of incorporation shall be three hundred sixty days after the date of the election on the question of incorporation. The county legislative authority of the county in which all or the major portion of the newly incorporated city or town is located shall file a notice with the county assessor that the city or town has been authorized to be incorporated immediately after the favorable results of the election on the question of incorporation have been certified. The county legislative authority shall file a notice with the secretary of state that the city or town is incorporated as of the official date of incorporation.

NEW SECTION. Sec. 4. A new section is added to chapter 35.02 RCW to read as follows:

The newly elected officials shall adopt an interim budget for the interim period or until January 1 of the following year, whichever occurs first. A second interim budget shall be adopted for any period between January 1 and the official date of incorporation. These interim budgets shall be adopted in consultation with the office of the state auditor, division of municipal corporations.

The governing body shall adopt a budget for the newly incorporated city or town for the period between the official date of incorporation and January 1 of the following year. The mayor or governing body, whichever is appropriate shall prepare or the governing body may direct the interim city manager to prepare a preliminary budget in

detail to be made public at least sixty days before the official date of incorporation as a recommendation for the final budget. The mayor, governing body, or the interim city manager shall submit as a part of the preliminary budget a budget message that contains an explanation of the budget document, an outline of the recommended financial policies and programs of the city or town for the ensuing fiscal year, and a statement of the relation of the recommended appropriation to such policies and programs. Immediately following the release of the preliminary budget, the governing body shall cause to be published a notice once each week for two consecutive weeks of a public hearing to be held at least twenty days before the official date of incorporation on the fixing of the final budget. Any taxpayer may appear and be heard for or against any part of the budget. The governing body may make such adjustments and changes as it deems necessary and may adopt the final budget at the conclusion of the public hearing or at any time before the official date of incorporation.

NEW SECTION. Sec. 5. A new section is added to chapter 35.02 RCW to read as follows:

Upon the certification of election of officers, the governing body may by resolution borrow money from the municipal sales and use tax equalization account, up to one hundred thousand dollars or five dollars per capita based on the population estimate required by RCW 35.02.030, whichever is less.

The loan authorized by this section shall be repaid over a three-year period. The state treasurer shall withhold moneys from the funds otherwise payable to the city or town that has obtained such a loan, either from the municipal sales and use tax equalization account or from sales and use tax entitlements otherwise distributable to such city or town, so that the account is fully reimbursed over the three-year period. The state treasurer shall adopt by rule procedures to accomplish the purpose of this section on a reasonable and equitable basis over the three-year period.

NEW SECTION. Sec. 7. A new section is added to chapter 35.02 RCW to read as follows:

During the interim period, the governing body of the newly formed city or town and the board of fire commissioners may by written agreement delay the transfer of the district's assets and liabilities, and the city's or town's responsibility for the provision of fire protection, that would otherwise occur under RCW 35.02.190 or 35.02.200 for up to one year after the official date of incorporation. During the one-year period, the fire protection district may annex the city or town pursuant to chapter 52.04 RCW and retain the responsibility for fire protection.

Sec. 8. RCW 35.02.210 and 1986 c 234 s 21 are each amended to read as follows:

At the option of the governing body of a newly incorporated city or town, any fire protection district or library district serving any part of the area so incorporated shall continue to provide services to such area until the city or town (~~receives distributions of property tax receipts from these special districts pursuant to RCW 35.02.140, or the city or town~~) receives its own property tax receipts (~~(, whichever is earlier)~~).

Sec. 9. RCW 35.02.220 and 1986 c 234 s 22 are each amended to read as follows:

The approval of an incorporation by the voters of a proposed city or town, and the existence of a transition period to become a city or town, shall not remove the responsibility of any county, road district, library district, or fire district, within which the area is located, to continue providing services to the area until the official date of the incorporation.

A county shall continue to provide the following services to a newly incorporated city or town, or that portion of the county within which the newly incorporated city or town is located, at the preincorporation level as follows:

(1) Law enforcement services shall be provided for a period not to exceed sixty days from the official date of the incorporation or until the city or town is receiving or could have begun receiving sales tax distributions under RCW 82.14.030(1), whichever is the shortest time period.

(2) Road maintenance shall be for a period not to exceed sixty days from the official date of the incorporation or until ~~((any))~~ forty percent of the anticipated annual tax distribution from the road district tax levy is made to the newly incorporated city or town pursuant to RCW 35.02.140, whichever is the shorter time period.

Fire protection districts for the provision of fire prevention services, fire suppression services, emergency medical services, and for the protection of life and property in areas outside of cities and towns, except where the cities and towns have been annexed into a fire protection district or where the district is continuing service pursuant to section 7 of this act, are authorized to be established as provided in this title.

NEW SECTION. Sec. 11. A new section is added to chapter 35.02 RCW to read as follows:

During the interim period, the governing body of the newly formed city or town may adopt resolutions establishing moratoria during the interim transition period on the filing of applications with the county for development permits or approvals, including, but not limited, subdivision approvals, short subdivision approvals, and building permits.

NEW SECTION. Sec. 12. A new section is added to chapter 35.02 RCW to read as follows:

SENATE AMENDMENTS TO HOUSE BILL

April 10, 1991

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1032 with the following amendments:

On page 4, after line 4, insert the following:

NEW SECTION. Sec. 5. The legislature finds and declares that sudden and unexplained child deaths are a leading cause of death for children under age three. The public interest is served by research and study of the potential causes and indications of such unexplained child deaths and the prevention of inaccurate and inappropriate designation of sudden infant death syndrome (SIDS) as a cause of death. The legislature further finds and declares that law enforcement officers, fire fighters, emergency medical technicians, and other first responders in emergency situations are not adequately informed regarding sudden, unexplained death in young children including but not limited to sudden infant death syndrome, its signs and typical history, and as a result may compound the family and child care provider's grief through conveyed suspicions of a

criminal act. Coroners, investigators, and prosecuting attorneys are also in need of updated training on the identification of unexplained death in children under the age of three, including but not limited to sudden infant death syndrome awareness and sensitivity and the establishment of a state-wide uniform protocol in cases of sudden, unexplained child death.

NEW SECTION. Sec. 6. A new section is added to chapter 43.103 RCW to read as follows:

The council shall research and develop an appropriate training component on the subject of sudden, unexplained child death, including but not limited to sudden infant death syndrome. The training component shall include, at a minimum:

(1) Medical information on sudden, unexplained child death for first responders, including awareness and sensitivity in dealing with families and child care providers, and the importance of forensically competent death scene investigation;

(2) Information on community resources and support groups available to assist families who have lost a child to sudden, unexplained death, including sudden infant death syndrome;

(3) Development and adoption of an up-to-date protocol of investigation in cases of sudden, unexplained child death, including the importance of a consistent policy of thorough death scene investigation, and an autopsy in unresolved cases as appropriate;

(4) The value of timely communication between the county coroner or medical examiner and the public health department, when a sudden, unexplained child death occurs, in order to achieve a better understanding of such deaths, and connecting families to various community and public health support systems to enhance recovery from grief.

The council shall work with volunteer groups with expertise in the area of sudden, unexplained child death, including but not limited to the SIDS Northwest Regional Center at Children's Hospital, the Washington chapter of the national SIDS foundation, and the Washington association of county officials.

Upon development of an appropriate curriculum, agreed upon by the council, the training module shall be offered to first responders, coroners, medical examiners, prosecuting attorneys serving as coroners, and investigators, both voluntarily through their various associations and as a course offering at the criminal justice training center.

Renumber the remaining section consecutively.

On page 1, line 2 of the title, after "68.50 RCW;" insert "adding a new section to chapter 43.103 RCW; creating a new section;" and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1991

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1054 with the following amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 26.44.030 and 1989 c 22 s 1 are each amended to read as follows:

(1) When any practitioner, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, or juvenile probation officer has reasonable cause to believe that a child or adult dependent or developmentally disabled person, has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040. The report shall be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect. The report shall include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children, dependent adults, or developmentally disabled persons are or may be at risk of

abuse or neglect by the accused, the reporting requirement of subsection (1) of this section shall apply.

(3) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

((3)) (4) The department, upon receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report shall also be made to the proper law enforcement agency within five days thereafter.

((4)) (5) Any law enforcement agency receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

((5)) (6) Any county prosecutor or city attorney receiving a report under subsection ((4)) (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

((6)) (7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services or department case services for the developmentally disabled. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child or developmentally disabled person. Information considered privileged by statute and not directly related to reports required by this section shall not be divulged without a valid written waiver of the privilege.

((7)) (8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents'

home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

~~((8))~~ (9) Persons or agencies exchanging information under subsection ~~((6))~~ (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

~~((9))~~ (10) Upon receiving reports of abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

~~((10))~~ (11) Upon receiving a report of incidents, conditions, or circumstances of child abuse and neglect, the department shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

~~((11))~~ (12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

~~((12))~~ (13) The department of social and health services shall, within funds appropriated for this purpose, use a risk assessment tool when investigating child abuse and neglect referrals. The tool shall be used, on a pilot basis, in three local office service areas. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall report to the ways and means committees of the senate and house of representatives on the use of the tool by December 1, 1989. The report shall include recommendations on the continued use and possible expanded use of the tool.

~~((13))~~ (14) Upon receipt of such report the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

NEW SECTION. Sec. 2. RCW 26.44.070 and 1987 c 524 s 12, 1987 c 206 s 6, 1986 c 269 s 3, 1984 c 97 s 6, 1981 c 164 s 4, 1977 ex.s. c 80 s 29, 1975 1st ex.s. c 217 s 7, 1972 ex.s. c 46 s 1, & 1969 ex.s. c 35 s 6 are each repealed.

Substitute House Bill No. 1416 as amended by the Senate, having received the constitutional majority, was declared passed.

SENATE AMENDMENTS TO HOUSE BILL

April 9, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1426 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that public concerns are increasing about the need for significant efforts to develop sustainable systems in agriculture. The sustainable systems would address many anxieties, including the erosion of agricultural lands, the protection and wise utilization of natural resources, and the safety of food production. Consumers have demonstrated their apprehension in the marketplace by refusing to purchase products whose safety is suspect and consumer confidence is essential for a viable agriculture in Washington. Examples of surface and ground water contamination by pesticides and chemical fertilizers raise concerns about deterioration of environmental quality. Reducing soil erosion would maintain water quality and protect the long-term viability of the soil for agricultural productivity. Both farmers and farm

labor are apprehensive about the effects of pesticides on their health and personal safety. Development of sustainable farming systems would strengthen the economic viability of Washington's agricultural production industry.

Public anxieties over the use of chemicals in agriculture have resulted in congress amending the federal insecticide, fungicide and rodenticide act which requires all pesticides and their uses registered before November 1984 to be reregistered, complying with present standards, by the end of 1997. The legislature finds that the pesticide reregistration process and approval requirements could reduce the availability of chemical pesticides for use on minor crops in Washington and may jeopardize the farmers' ability to grow these crops in Washington.

The legislature recognizes that Washington State University supports research and extension programs that can lead to reductions in pesticide use where viable alternatives are both environmentally and economically sound. Yet, the legislature finds that a focused and coordinated program is needed to develop possible alternatives, increase public confidence in the safety of the food system, and educate farmers and natural resource managers on land stewardship.

The legislature further finds that growers, processors, and agribusiness depend upon pesticide laboratories associated with manufacturers, regional universities, state departments of agriculture, and the United States department of agriculture to provide residue data for registering essential pesticides. The registration of uses for minor crops, which include vegetables, fruits, nuts, berries, nursery and greenhouse crops, and reregistration of needed chemicals, are activities of particular concern to ensure crop production. Furthermore, public demands for improved information and education on pesticides and risk assessment efforts justify these efforts.

The legislature further finds that multiple alternatives are needed for pest control, including programs for integrated pest management, genetic resistance to pests, biological control, cultural practices, and the use of appropriate approved chemicals.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Center" means the center for sustaining agriculture and natural resources established at Washington State University.

(2) "Laboratory" means the food and environmental quality laboratory established at Washington State University at Tri-Cities.

(3) "Integrated pest management" is a strategy that uses various combinations of pest control methods, biological, cultural, and chemical, in a compatible manner to achieve satisfactory control and ensure favorable economic and environmental consequences.

(4) "IR-4 program" means interregional research project number four, clearances of chemicals and biologics for minor or special uses, established in 1963 by the cooperative state research service of the United States department of agriculture, the coordinated national program involving land-grant universities and the United States department of agriculture to provide data required for the registration of pesticides needed for the production of minor crops.

(5) "Natural resources" means soil, water, air, forests, wetlands, wildlands, and wildlife.

(6) "Pesticide" means chemical or biologic used to control pests such as insect, rodent, nematode, snail, slug, weed, virus, or any organism the director of agriculture may declare to be a pest.

(7) "Registration" means use of a pesticide approved by the state department of agriculture.

(8) "Sustainable agriculture" means a systems approach to farming, ranching, and natural resource production that builds on and supports the physical, biological, and ecological resource base upon which agriculture depends. The goals of sustainable

agriculture are to provide human food and fiber needs in an economically viable manner for the agriculture industry and in a manner which protects the environment and contributes to the overall safety and quality of life.

NEW SECTION. Sec. 3. A center for sustaining agriculture and natural resources is established at Washington State University. The center shall provide state-wide leadership in research, extension, and resident instruction programs to sustain agriculture and natural resources.

NEW SECTION. Sec. 4. The center is to work cooperatively with the University of Washington to maximize the use of financial resources in addressing forestry issues. The center's primary activities include but are not limited to:

(1) Research programs which focus on developing possible alternative production and marketing systems through:

- (a) Integrated pest management;
- (b) Biological pest control;
- (c) Plant and animal breeding;
- (d) Conservation strategies; and
- (e) Understanding the ecological basis of nutrient management;

(2) Extension programs which focus on:

(a) On-farm demonstrations and evaluation of alternative production practices;

(b) Information dissemination, and education concerning sustainable agriculture and natural resource systems; and

(c) Communication and training on sustainable agriculture strategies for consumers, producers, and farm and conservation-related organizations;

(3) On-farm testing and research to calculate and demonstrate costs and benefits, including economic and environmental benefits and trade-offs, inherent in farming systems and technologies;

(4) Crop rotation and other natural resource processes such as pest-predator interaction to mitigate weed, disease, and insect problems, thereby reducing soil erosion and environmental impacts;

(5) Management systems to improve nutrient uptake, health, and resistance to diseases and pests by incorporating the genetic and biological potential of plants and animals into production practices;

(6) Soil management, including conservation tillage and other practices to minimize soil loss and maintain soil productivity; and

(7) Animal production systems emphasizing preventive disease practices and mitigation of environmental pollution.

NEW SECTION. Sec. 5. The center is managed by an administrator. The administrator shall hold a joint appointment as an assistant director in the Washington State University agricultural research center and cooperative extension.

(1) A committee shall advise the administrator. The dean of the Washington State University college of agriculture and home economics shall make appointments to the advisory committee so the committee is representative of affected groups, such as the Washington department of social and health services, the Washington department of ecology, the Washington department of agriculture, the chemical and fertilizer industry, food processors, marketing groups, consumer groups, environmental groups, farm labor, and natural resource and agricultural organizations.

(2) Each appointed member shall serve a term of three years, and one-third are appointed every year. The entire committee is appointed the first year: One-third for a term of one year, one-third for a term of two years, and one-third for a term of three years. A member shall continue to serve until a successor is appointed. Vacancies are filled by appointment for the unexpired term. The members of the advisory committee shall serve without compensation but shall be reimbursed for travel expenses incurred

while engaged in the business of the committee as provided in RCW 43.03.050 and 43.03.060.

(3) It is the responsibility of the administrator, in consultation with the advisory committee, to:

(a) Recommend research and extension priorities for the center;

(b) Conduct a competitive grants process to solicit, review, and prioritize research and extension proposals; and

(c) Advise Washington State University on the progress of the development and implementation of research, teaching, and extension programs that sustain agriculture and natural resources of Washington.

NEW SECTION. Sec. 6. A food and environmental quality laboratory operated by Washington State University is established in the Tri-Cities area to conduct pesticide residue studies concerning fresh and processed foods, in the environment, and for human and animal safety. The laboratory shall cooperate with public and private laboratories in Washington, Idaho, and Oregon.

NEW SECTION. Sec. 7. The responsibilities of the laboratory shall include:

(1) Evaluating regional requirements for minor crop registration through the federal IR-4 program;

(2) Conducting studies on the fate of pesticides on crops and in the environment, including soil, air, and water;

(3) Improving pesticide information and education programs; and

(4) Assisting federal and state agencies with questions regarding registration of pesticides which are deemed critical to crop production, consistent with priorities established in section 8 of this act; and

(5) Assisting in the registration of biopesticides, pheromones, and other alternative chemical and biological methods.

NEW SECTION. Sec. 8. The laboratory is advised by a board appointed by the dean of the Washington State University college of agriculture and home economics. The dean shall cooperate with appropriate officials in Washington, Idaho, and Oregon in selecting board members.

(1) The board shall consist of one representative from each of the following interests: A human toxicologist or a health professional knowledgeable in worker exposure to pesticides, the Washington State University vice-provost for research or research administrator, representatives from the state department of agriculture, the department of ecology, the department of health, the department of labor and industry, privately owned Washington pesticide analytical laboratories, federal regional pesticide laboratories, an Idaho and Oregon laboratory, whether state, university, or private, a chemical and fertilizer industry representative, farm organizations, food processors, marketers, farm labor, environmental organizations, and consumers. Each board member shall serve a three-year term. The members of the board shall serve without compensation but shall be reimbursed for travel expenses incurred while engaged in the business of the board as provided in RCW 43.03.050 and 43.03.060.

(2) The board is in liaison with the pesticide advisory board and the pesticide incident reporting and tracking panel and shall review the chemicals investigated by the laboratory according to the following criteria:

(a) Chemical uses for which a data base exists on environmental fate and acute toxicology, and that appear safer environmentally than pesticides available on the market;

(b) Chemical uses not currently under evaluation by public laboratories in Idaho or Oregon for use on Washington crops;

(c) Chemicals that have lost or may lose their registration and that no reasonably viable alternatives for Washington crops are known; and

(d) Other chemicals vital to Washington agriculture.

(3) The laboratory shall conduct research activities using approved good laboratory practices, namely procedures and recordkeeping required of the national IR-4 minor use pesticide registration program.

(4) The laboratory shall coordinate activities with the national IR-4 program.

NEW SECTION. Sec. 9. The center for sustaining agriculture and natural resources at Washington State University shall prepare and present an annual report to the appropriate legislative committees. The report shall include the center's priorities to find alternatives to the use of agricultural chemicals that pose human and environmental risks. The first report, due no later than November 1, 1992, shall use federal criteria of acceptable risk of human and environmental exposure for establishing such priorities and for conducting responsive research and education programs. For each subsequent year, the report shall detail the center's progress toward meeting the goals identified in the center's plan.

NEW SECTION. Sec. 10. (1) The legislature finds that the center for sustaining agriculture and natural resources, established under sections 1 through 5 and 9 of this act, will require an appropriation in the 1991-93 omnibus appropriations act of one million two hundred thousand dollars.

(2) The legislature finds that the food and environmental quality laboratory established under sections 6 through 8 of this act will require an appropriation in the 1991-93 omnibus appropriations act of one million two hundred thousand dollars. If specific funding for the purposes of sections 6 through 8 of this act, referencing sections 6 through 8 of this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, sections 6 through 8 of this act shall be null and void.

NEW SECTION. Sec. 11. Sections 1 through 9 of this act shall constitute a new chapter in Title 15 RCW.

NEW SECTION. Sec. 12. A new section is added to chapter 15.58 RCW to read as follows:

The legislature finds that agriculture is the largest industry in the state of Washington largely due to the tremendous diversity of agricultural crops produced in the state. The tremendous public benefit from this diversity takes many forms, including greater selection and quality of foods for consumers. This crop diversity is heavily reliant on the ability of producers to effectively control pests. While new technologies are being developed to aid in pest control, their effectiveness has yet to be proven, and immediate needs can only be met through the use of plant protection products.

The legislature further finds that in order to preserve the agricultural diversity of the state and the availability of abundant, high quality food for consumers, it is vital that the registration and production of plant protection products for minor uses be maintained. The high cost of developing the necessary scientific information to support registration for these products for minor uses has caused many manufacturers to discontinue their involvement in these product development areas. As a result, growers who depend on the products for minor uses must now attempt to produce the necessary scientific information for product registration through other means to maintain an adequate array of products to produce the high quality crops demanded by processors and the consuming public. The registration procedure is so complex that it is beyond the ability of most small grower organizations to complete without technical assistance.

The purpose of this chapter is to enable the various agencies involved in pesticide registration to coordinate their activities to ensure the continued availability of plant protection products for minor uses. This coordination will promote the public welfare of the state of Washington by assuring the viability of farm operations, preventing the erosion of the tax base in rural areas, and enhancing the financial stability of the agricultural industry.

NEW SECTION. Sec. 13. A new section is added to chapter 15.58 RCW to read as follows:

(1) The minor uses advisory committee is created in the department. The committee shall consist of the coordinator of the interregional project number 4 program at Washington State University, who shall be a permanent member, and six members appointed by the director.

(2) The director shall make appointments to the advisory committee so that the committee is representative of affected segments of agriculture.

(3) Each appointed member shall serve a term of three years, and one-third shall be appointed every year. The entire committee shall be appointed the first year: One-third for a term of one year, one-third for a term of two years, and one-third for a term of three years. A member shall continue to serve until a successor is appointed. Vacancies shall be filled by appointment for the unexpired term.

(4) The committee shall meet at the call of the chairperson or the director. A majority of the members present at any meeting shall constitute a quorum, and a majority vote of the quorum at any meeting shall constitute an official act of the committee. At the first meeting of each calendar year, the committee shall select a chairperson.

(5) The dean of the college of agriculture of Washington State University and the director, or their representatives, shall be ex officio members without the right to vote.

(6) No person appointed to the minor uses advisory committee shall receive a salary or other compensation as a member of the committee. Each member shall receive travel expenses in accordance with RCW 43.03.050 and 43.03.060 for each day spent in actual attendance at or traveling to and from meetings of the committee or special assignments for the committee.

(7) The committee shall:

(a) Advise the department in the administration of this chapter as it relates to minor use registrations;

(b) Advise the department on ways to track the availability of effective pest control methods for minor crops or for any crops suffering unique conditions that require the minor use of plant protection products, and provide information to grower organizations;

(c) Cooperate with the United States department of agriculture's interregional project number 4 and the United States environmental protection agency in obtaining federal registrations of plant protection products for minor uses; and

(d) Maintain close contact between the department and agricultural producers regarding the need for research to support registration of plant protection products for minor uses.

NEW SECTION. Sec. 14. A new section is added to chapter 15.58 RCW to read as follows:

The department shall develop a program to provide assistance and information on the registration and reregistration process for pesticides under the federal insecticide, fungicide and rodenticide act and the 1988 amendments to the act to interested grower organizations. The department, in consultation with the minor uses advisory committee established under section 16 of this act, shall:

(1) Track the availability of effective pest control methods for the various minor crops produced in this state in addition to any crops suffering unique conditions that require the minor use of plant protection products;

(2) Provide information to grower organizations in the form of seminars or informational meetings and brochures. The information supplied shall include:

(a) The environmental protection agency's registration and reregistration processes; and

(b) Field and laboratory testing programs and procedures; and

(3) Provide technical and financial assistance to minor use research efforts at Washington State University.

NEW SECTION. Sec. 15. Sections 12 through 14 of this act shall cease to exist April 1, 1995, unless extended by law for an additional fixed period of time.

NEW SECTION. Sec. 16. The sum of forty-nine thousand five hundred dollars, or as much thereof as may be necessary, is appropriated from the general fund to the department of agriculture for the biennium ending June 30, 1993, for the purposes of administering sections 12 through 14 of this act.

On page 1, line 2 of the title, after "University;" strike the remainder of the title and insert "adding new sections to chapter 15.58 RCW; adding a new chapter to Title 15 RCW; creating a new section; making an appropriation; and providing an expiration date."

WHEREAS, On April 22, 1970, an estimated twenty million Americans participated in a far-reaching public demonstration called EARTH DAY; and

WHEREAS, This first EARTH DAY was successful in encouraging policymakers to approve landmark environmental legislation and served to enhance and sustain the modern environmental movement; and

WHEREAS, The primary objective of the first EARTH DAY, according to its founders, Senator Gaylord Nelson and Dennis Hayes of Camas, Washington, was to organize a nation-wide public demonstration so large it would get the attention of the politicians and force environmental issues into the political dialogue of the nation; and

WHEREAS, For the twenty-one years following the first EARTH DAY, April 22 and its nearest weekend have been reserved as a time for reflection on the human condition and how its survival depends on the preservation of our resources: Air, water, minerals, soil, scenic beauty, wildlife habitat, forests, rivers, lakes, and oceans; and

WHEREAS, The future holds daunting environmental challenges such as global warming, stratospheric ozone depletion, acid rain, deforestation, soil erosion, species extinction, habitat destruction, and a massive accumulation of waste--all of which threaten to destabilize the very natural systems which sustain human life on Earth; and

WHEREAS, EARTH DAY provides a local way to mobilize energies into a global movement that will continue to work changes in the way we treat our planet and its resources;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives recognize the value and significance of EARTH DAY by reflecting upon the importance of sustaining our planet, its resources, and its inhabitants and join in celebrating EARTH DAY 1991; and

POINT OF INQUIRY

Mr. Locke yielded to question by Mr. Padden.

Mr. Padden: Representative Locke, currently the reimbursement rate for this program is \$1.82 per meal, if I understand it. During the summer at the community service centers that reimbursement rate is a higher rate of \$1.95 per meal. What rate do you determine would be used during this program for the two million dollars--is it the lower rate of \$1.82 or the higher rate of \$1.95?

Mr. Locke: Thank you, Representative Padden. It is my understanding that it will be the normal rate, but I cannot give you a definitive answer to that. That is my understanding, but I cannot say that is the intent of SPI. There will be a limit of two million dollars. It assumes roughly about fifteen days of work stoppage and, when they run out of money, they run out of money.

Representatives Morton and Fuhrman spoke against passage of the bill, and Representatives Cole, Locke and Miller spoke in favor of passage of the bill.

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1023 with the following amendments:

Strike everything after the enacting clause and insert the following:

(a) Academic achievement of Washington students can and should be improved;

(c) Many school districts across the state are engaged in efforts to reevaluate and restructure their local education programs;

(d) State support can help sustain and accelerate the momentum of educational restructuring initiatives.

(2) The legislature recognizes that the public education system, as the foundation of our society, faces critical issues that reflect the public's increasing concern regarding the effectiveness and accountability of our public schools. The legislature finds that these issues can be addressed by:

(a) Establishing rights and responsibilities of parents to knowledgeably participate in the education of their children;

(b) Increasing the broad powers of school boards;

(c) Measuring and reporting student achievement in a manner that encourages accountability to and understanding by the public;

(d) Increasing public confidence in the professional preparation and training of educators; and

(e) Providing funding support for initiatives to restructure schools, meet the special needs of students, and enhance vocational education.

"PART I

PARENTS' RIGHTS AND RESPONSIBILITIES"

NEW SECTION. Sec. 101. The legislature finds that parents have the primary responsibility for the welfare of their children and that the successful education of children is the product of a responsive and rigorous educational system that depends on the participation of informed and concerned parents and citizens. To this end, RCW 28A.605.020 and sections 102 through 104 of this act are intended to define certain rights of parents to be informed of, and participate in, the education of their children.

"Parents" as used in this act, includes one or both parents and any legal guardian.

NEW SECTION. Sec. 102. A new section is added to chapter 28A.615 RCW to read as follows:

Parents have the right to know what their child is being taught and are encouraged to exercise their responsibility to participate in their child's education.

(1) School district boards of directors shall adopt policies to ensure the implementation of the requirements that public records be made available under RCW 42.17.250 through 42.17.340. The board of directors of a school district shall develop specific policies providing for the inspection and review of any type of materials used in association with the district's educational program. The district may charge a nominal cost to cover any costs of reproduction.

(2) Districts shall inform parents annually through the report required under section 105 of this act of parents' right to inspect and review any type of materials used in association with the district's educational program.

(3) Innovation and educational reform should be encouraged in public schools. To that end, parents and the community at large should be encouraged to participate in the development and implementation of experimental or pilot education programs. Before implementation of any experimental or pilot education program, the school district shall consult and communicate with parents regarding the proposed program.

(4) No child may be placed in an experimental or pilot program in a school district without prior written notification to the parent. The notification shall include a detailed description of the program.

(5) A site-based council established under section 202 of this act may veto implementation of an experimental or pilot education program adopted by the district's board of directors. At least three-fourths of the members of the site-based council shall support the motion to veto.

(6) A school district shall not perform psychological testing of a student without the written permission of the parents.

Sec. 103. RCW 28A.605.020 and 1979 ex.s. c 250 s 8 are each amended to read as follows:

Every school district board of directors shall, (~~after following established procedure~~) in cooperation with teacher and parent organizations, adopt a policy assuring parents access to their child's classroom and/or school sponsored activities for purposes of observing class procedure, teaching material, and class conduct: PROVIDED, That such observation shall not disrupt the classroom procedure or learning activity. The policy adopted under this section is not subject to collective bargaining. The right of parents to visit their child's classroom, as established under this section, is in addition to any parent/teacher conferences offered by the school district.

Sec. 104. RCW 28A.150.040 and 1990 c 33 s 101 are each amended to read as follows:

(1) The school year shall begin on the first day of September and end with the last day of August: PROVIDED, That any school district may elect to commence the minimum annual school term as required under RCW 28A.150.220 in the month of August of any calendar year and in such case the operation of a school district for such period in August shall be credited by the superintendent of public instruction to the succeeding school year for the purpose of the allocation and distribution of state funds for the support of such school district.

(2) By May 30 of each year, the board of directors of each school district shall, following a public hearing, establish the schedule of days for students to attend school during the succeeding school year. The days so designated shall be employee work days and shall not be subject to collective bargaining. However, employee work days beyond those scheduled for student attendance may be a subject of collective bargaining.

NEW SECTION. Sec. 105. A new section is added to chapter 28A.320 RCW to read as follows:

(1) In keeping with the accountability purpose expressed in section 101, chapter ..., Laws of 1991 (section 101 of this act) and to ensure that the local community and electorate have access to information on the educational programs in the school districts, each school district's board of directors shall publish annually a school district accountability report. School districts shall have a copy of the accountability report available for public inspection at each school in the district, at the district office, and in public libraries.

In accordance with the provisions of Title 28A RCW, as now or hereafter amended, each common school district board of directors shall be vested with the final responsibility for the setting of policies ensuring quality in the content and extent of its educational program and that such program provide students with the opportunity to achieve those skills which are generally recognized as requisite to learning.

(2) In conformance with the provisions of Title 28A RCW, as now or hereafter amended, it shall be the responsibility of each common school district board of directors, acting through its respective administrative staff, to:

(2) A district is strongly encouraged to honor the request of a parent or guardian for his or her child to attend a school in another district.

(3) A district shall release a student to a nonresident district that agrees to accept the student if:

(a) A financial, educational, safety, or health condition affecting the student would likely be reasonably improved as a result of the transfer; or

(b) Attendance at the school in the nonresident district is more accessible to the parent's place of work or to the location of child care; or

No parent or guardian may be forced to attend such an interview or complete the questionnaire.

These fees, if applied, shall be applied uniformly for all such nonresident students except as provided in this section. The superintendent of public instruction, from available funds, shall pay any transfer fees for low-income students assessed by districts under this section. Reimbursement of a high school district for cost of educating high school pupils of a nonhigh school district shall not be deemed a transfer fee as affecting the apportionment of current state school funds.

"PART II

SCHOOL SITE-BASED COUNCILS"

NEW SECTION. Sec. 201. The legislature finds that in order to achieve the goal of reforming the public schools, each citizen of the state must accept the commitment of developing our most important resource, our children. The legislature further finds that part of building this commitment includes having persons in the field of education form partnerships with other persons in the community. To build a learning community, and develop this commitment, the legislature intends:

(1) That school boards of directors, school administrators, teachers, employee unions, and members of the community find new ways of working collaboratively, changing existing policies and agreements where appropriate;

(2) To encourage the creation of site-based councils, where parents, teachers, and citizens will join to make decisions for our schools; and

(3) To give school districts and schools broad discretion in establishing their site-based councils but consistent with the limitations under section 202 of this act.

NEW SECTION. Sec. 202. (1) A site-based council may be established at one or more schools if the school district board of directors has adopted a policy authorizing site-based councils. The policy is not subject to collective bargaining. The school district board of directors has final authority in establishing the parameters and areas of involvement accorded to school site-based councils.

(2) The policy adopted by a school district board of directors may include but is not limited to:

(a) Procedures for forming a site-based council and official recognition of the council by the district;

(b) Membership of the site-based council including the principal, certificated and classified staff, students in secondary schools, parents, and persons in the community. A majority of the site-based council shall be parents. Existing organizations may be used to form the site-based council;

(c) Designation of activities with which site-based councils may become involved, such as: Student assessment, parent involvement, and developing community schools; and

(d) Delegation of authority to site-based councils to adopt their own bylaws and charter.

(3) School district boards of directors shall not delegate to site-based councils the authority to make personnel decisions regarding either instructional, administrative or classified staff.

(4) A school board shall only delegate authority over budget decisions to a site-based council if the authority is clearly defined in writing, if the authority is limited to a one-year period but may be renewed annually with the approval of the board, and if the authority of the site-based council is limited to decisions at the building level.

(5) Each school district board of directors deciding to adopt a policy authorizing site-based councils shall provide, by resolution, plans for attendance policies that are consistent with the requirements of any desegregation plan in order to promote stability for schools with site-based councils.

NEW SECTION. Sec. 203. If modifications to existing local bargaining agreements are necessary to implement school site-based councils, those modifications shall be clearly stated in the written agreement between the school district board of directors and the exclusive bargaining representative for district certificated instructional staff.

NEW SECTION. Sec. 204. (1) Schools with site-based councils may receive funds to provide resources for restructuring their educational programs. The superintendent of public instruction shall allocate funds, as are appropriated for this purpose, to school districts to distribute to the schools with site-based councils.

(2) School districts shall submit reports about the plans and use of funds to the superintendent of public instruction. The superintendent of public instruction may transmit information to other schools and school districts through the state clearinghouse for educational information and assistance.

(3) The superintendent of public instruction may provide technical assistance under this section to any school or school district establishing or using a site-based council.

"PART III

SCHOOL BOARD POWERS"

NEW SECTION. Sec. 301. A new section is added to chapter 28A.320 RCW to read as follows:

The board of directors of each school district may exercise the following powers:

(1) Such powers as expressly authorized by law;

(2) Such powers as are necessary or fairly implied in powers expressly authorized by law; and

(3) The additional broad discretionary power to determine and adopt written policies and rules not in conflict with other law that provide for the development and implementation of programs, activities, services, or practices that the board determines will:

(a) Benefit the education of citizens; or

(b) Promote the effective, efficient, or safe maintenance and operation of school district programs, activities, services, or practices.

The adoption of any such policy or rule shall be preceded by notice in accordance with the open public meeting law of chapter 42.30 RCW which furthermore sets forth or reasonably describes the proposed policy or regulation, plus a reasonable opportunity for

public written and oral comment and consideration of the comment by the board of directors.

NEW SECTION. Sec. 302. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The superintendent of public instruction shall adopt rules clearly allowing districts to blend funds for the basic education, learning assistance, special education, and transitional bilingual education programs to the maximum extent possible for the continued receipt of federal funds.

(2) The superintendent of public instruction may create a new program code in the accounting manual for public school districts to track revenues and expenditures under subsection (1) of this section.

"PART IV

PLANNING AND IMPLEMENTATION GRANTS FOR RESTRUCTURING"

NEW SECTION. Sec. 401. (1) The legislature believes that attaining the state vision for excellence in education under Senate Concurrent Resolution No. 8400 will require new state-supported opportunities for schools to implement strategies to improve student learning and skills. It is the intent of the legislature to provide additional support to schools or school districts to:

(a) Encourage students, parents, teachers, principals, classified school staff, school district personnel, the school board, and other citizens to become more active partners in the learning community of their school or district;

(b) Encourage schools or districts to select and compete against goals and educational outcomes tailored to their own learning community; and

(c) Foster improvements in instruction, curriculum, and assessment.

(2) It is the further intent of the legislature that what is learned from local projects under the reach for excellence grant program established under section 403 of this act shall be considered as a basis for the development of new goals, standards, and assessments for the state education system.

(3) The reach for excellence grant program shall be:

(a) Responsive to local educational concerns and desires;

(b) Educational, focusing on improving student learning and skills and encouraging the development of new measures to assess student performance;

(c) Accountable, so that projects earn reach achievement awards linked directly to progress made toward identified educational outcomes;

(d) Collaborative, with projects reflecting a partnership between students, parents, teachers, principals, and others; and

(e) Home-based, tailored to the needs of each participating school.

NEW SECTION. Sec. 403. (1) From funds appropriated by the legislature, the state board of education shall establish the reach for excellence grant program to assist schools and school districts in local efforts to improve student learning and skills. Participation in the program shall be voluntary.

(2) Schools or districts selected to participate in the reach for excellence grant program shall be required to match the state funds under section 406(2) of this act at fifty percent. The district match may consist of funds under section 1101 of this act.

(3) The state board of education shall be responsible for final decisions regarding selection and funding levels of projects and for the manner in which reach achievement awards shall be distributed. Reach projects may be conducted for up to six years subject to funding and annual approval by the state board. No project may receive continued funding for additional planning or reach achievement awards without approval from the state board. The state board shall use the benchmark data for the target educational outcomes required under section 406(2)(f) of this act in annually assessing the progress made toward the target educational outcomes to determine project eligibility for annual reach achievement awards. In evaluating projects to determine their continuation the state board shall emphasize giving projects maximum flexibility and time to be successful.

(4) The superintendent shall be responsible for administration of the reach for excellence program once projects and funding levels have been determined by the state board.

(5) The state board shall establish a working committee to assist it with:

(a) The development of any additional grant application criteria;

(c) Determining the manner in which reach achievement awards will be distributed;

and

(d) Monitoring the development and use of measures of assessing student performance in addition to standardized tests, as required under section 406 of this act.

NEW SECTION. Sec. 404. (1) The superintendent shall assure that the sum total of all funds allocated for planning grants and for reach achievement awards does not exceed the amount appropriated by the legislature for the reach for excellence grant program.

(2) The superintendent shall award funds appropriated for the reach for excellence grant program to the selected projects as follows. The initial grant shall be awarded to projects for planning activities relating to implementation of the local reach project and for initial implementation of the project. (e) Initial implementation of the reach project.

(3)(a) Commencing with the end of the 1993-94 school year, and each school year thereafter, projects receiving initial reach grants shall be evaluated by the state board to determine their eligibility for reach achievement awards as determined under section 403(3) of this act.

(b) School staff shall have the final authority to determine how the reach achievement awards will be used and, if applicable to the project, how much each staff member shall receive.

(4) Reach achievement awards may be used for the following purposes:

(a) Any of the purposes authorized under subsection (2) of this section;

(b) Stipends or salary and compensation increases for certificated or classified staff under RCW 28A.400.200(4). (c) Any combination of (a) and (b) of this subsection.

(5) A site-based council may use planning grant funds under subsection (2) of this section for planning, staff and community development and training, and materials and supplies: PROVIDED, That these activities are related directly to the reach project.

NEW SECTION. Sec. 405. Use of reach achievement awards for the purpose of section 404(4)(b) of this act is not an increase in salary or compensation for the purposes of RCW 28A.400.200, nor may such compensation be applied to the district's salary schedule or be provided in a manner that would increase the state's basic education funding obligation.

NEW SECTION. Sec. 406. (1) Schools or school districts interested in implementing or enhancing existing local projects for educational excellence shall submit a grant application to the state board of education. All applications shall be submitted by the district's board of directors. If possible, applicants should develop their reach projects as part of the self-study process under RCW 28A.320.200, or otherwise link the proposed reach project to the self-study results of the school or district.

(2) Grant applications shall include:

(1) Every school district is encouraged to test pupils in grade two by an assessment device designed or selected by the school district. This test shall be used to help teachers in identifying those pupils in need of assistance in the skills of reading, writing,

mathematics, and language arts. The test results are not to be compiled by the superintendent of public instruction, but are only to be used by the local school district.

(2) The superintendent of public instruction shall prepare and conduct, with the assistance of school districts, a standardized achievement test to be given annually to all pupils in grade four. Results of such tests shall be compiled by the superintendent of public instruction, who shall make those results available annually to the legislature, to all local school districts and subsequently to parents of those children tested. The results shall allow parents to ascertain the achievement levels and input variables of their children as compared with the other students within the district, the state and, if applicable, the nation.

(3) The superintendent of public instruction shall report annually to the legislature on the achievement levels of students in grade four.

Sec. 502. RCW 28A.230.230 and 1990 c 101 s 2 are each amended to read as follows:

The achievement measures shall assess students' strengths and deficiencies in the broad content areas common to the high school curriculum and those thinking and reasoning skills essential for completing high school graduation requirements and for success beyond high school. The assessment shall include measurements of the students' skills in reading, writing, mathematics, language, history, geography, economics, and science and technology. NEW SECTION. Sec. 505. A new section is added to chapter 28A.230 RCW to read as follows:

(1) The superintendent of public instruction shall establish standards by which successful completion of the achievement assessments and tests under this chapter are to be measured. In preparing the assessments, tests, and standards, the superintendent of public instruction shall consider the special needs of students in programs such as the handicapped and bilingual education programs. Each school district shall notify the parents of each student of their child's performance on the assessments and tests conducted under this chapter.

(2) A school district shall not advance a student beyond the fourth, eighth, or eleventh grade without the student having successfully completed the respective assessment or test under this chapter, unless the school district determines that the educational interests of the student are best served by advancement to the next grade. In making this determination, the school district shall consult with the parents of the student. If the parents, in writing, desire that the student not be advanced, the school district shall not advance the student.

(3) After October 1, 1997, no student may graduate from a high school in this state unless the student has successfully completed the assessment conducted under section 504 of this act.

Such educational opportunities may include learning assistance programs, tutoring, summer school, or after-school classes.

"PART VI

ENHANCING THE TEACHING PROFESSION"

NEW SECTION. Sec. 601. The legislature recognizes that total compensation for educational employees should take into account job performance and reflect public expectations for both educational employees and the public education system. NEW SECTION. Sec. 603. The department of personnel, in consultation with teachers, classified employees, administrators, school directors, business, labor, parents, and legislators shall study and recommend to the legislature and the governor not later than December 1, 1991, a plan to maintain total compensation for educational employees in Washington at the levels to be established under section 602(2) of this act. The plan may include the use of peer states or peer professions.

NEW SECTION. Sec. 604. The definitions in this section apply throughout sections 605 through 608 of this act.

(1) "Teacher" means a certificated instructional staff person employed in a public school in this state. The term includes persons holding a certificate under sections 609 through 611 of this act.

(2) "Certificated staff" means teachers and certificated administrative staff.

(3) "School building" means a discrete school operated by a school district.

NEW SECTION. Sec. 605. The superintendent of public instruction, from available funds, shall allocate to school districts funds to effectuate an optional performance-based salary enhancement program for the teachers and certificated administrative staff of the state. Funds appropriated by the legislature for optional, performance-based salary enhancements shall be separate from and in addition to funds appropriated by the legislature for salary increases for certificated staff.

Funds provided for the optional, performance-based salary enhancement program under this section shall be allocated by the superintendent of public instruction to school buildings in the state on a grant basis.

NEW SECTION. Sec. 606. (1) In order to apply for a performance-based salary enhancement grant, a majority vote by the certificated staff of the building is required.

(2) Schools, through the school district, shall submit a grant application to the superintendent of public instruction. The grant application shall include the following information:

(a) Documentation that a performance-based salary enhancement plan has been adopted by a committee established in the school building. The committee shall be a school site-based council under sections 201 through 204 of this act; and

(b) Documentation that the performance-based salary enhancement plan identifies the criteria to be used to evaluate the performance of those certificated staff participating in the program, the levels of salary enhancement that can be earned under the plan, and the person or persons responsible for evaluating the performance of participating staff to determine eligibility for a salary enhancement.

(3) The criteria under subsection (2)(b) of this section for the performance-based salary enhancement plan may include the following criteria:

(a) Demonstration of improved competency of students leaving grades four, eight, eleven, and twelve in the subject matters of reading, writing, mathematics, science, history, and geography. (4) In developing the performance-based salary enhancement plan, the committee shall seek input from appropriate groups, including parents, teachers, administrators, students, and the public. Prior to adoption of the plan, the committee shall present the plan in a public hearing with prior public notice.

(5) It is the intent of the legislature that the performance-based salary enhancement program reward those educators whose performance is exemplary and is not intended to result in across-the-board salary increases for all certificated staff in the school building. However, the committee under subsection (2) of this section, by a vote of at least three-fourths of its members, may adopt a performance-based salary enhancement program that results in uniform across-the-board salary increases.

NEW SECTION. Sec. 607. Performance-based salary enhancement grants for certificated staff do not constitute an increase in salary or compensation for purposes of RCW 28A.400.200, nor may such compensation be applied to the district's salary schedule or be provided in a manner that would increase the state's basic education funding obligation.

NEW SECTION. Sec. 608. Schools or districts accepting performance-based salary enhancement grant funds shall be required to match the state funds at fifty percent. The match may consist of funds under section 1101 of this act.

NEW SECTION. Sec. 609. The certificate shall be valid for not more than two years of full-time teaching or its equivalent. A person desiring to teach beyond the expiration date of his or her alternate certificate shall apply for initial or professional certification with the superintendent of public instruction. Such certification shall be conditioned upon the satisfaction of all requirements in this section and recommendation by the school district employing the candidate under alternate certification. Initial certification shall not require additional coursework or experience.

WORKPLACE SKILLS GRANT PROGRAM"

NEW SECTION. Sec. 801. (1) The legislature recognizes that students now and in the future will need to acquire certain skills to be better prepared to function in a rapidly changing society, including an ever changing workplace environment. At the same time, teachers and students need to become familiar with the educational technologies and to learn how to use these technologies to enhance the educational experience.

(3) The legislature finds that providing for the integration of technology in education, providing resources to enhance vocational education programs, facilitating the integration of academics and vocational education, and encouraging innovative developments in the use of technology and vocational education will make students better prepared to meet the challenges of the twenty-first century.

NEW SECTION. Sec. 802. The voc ed works 2000 program is created. A written contract incorporating any agreements reached shall be executed if requested by either party. The obligation to bargain does not compel either party to agree to a proposal or to make a concession.

(c) Confidential employees, which shall mean:

(i) Any person who participates directly on behalf of an employer in the formulation of labor relations policy, the preparation for or conduct of collective bargaining, or the administration of collective bargaining agreements, except that the role of such person is not merely routine or clerical in nature but calls for the consistent exercise of independent judgment; and

(ii) Any person who assists and acts in a confidential capacity to such person.

(d) Unless included within a bargaining unit pursuant to RCW 41.59.080, any supervisor, which means any employee having authority, in the interest of an employer, to hire, assign, promote, transfer, layoff, recall, suspend, discipline, or discharge other employees, or to adjust their grievances, or to recommend effectively such action, if in connection with the foregoing the exercise of such authority is not merely routine or clerical in nature but calls for the consistent exercise of independent judgment, and shall not include any persons solely by reason of their membership on a faculty tenure or other governance committee or body. For the purposes of this section, the public employer of district court employees for wage-related matters is the respective county legislative authority, or person or body acting on behalf of the legislative authority, and the public employer for nonwage-related matters is the judge or judge's designee of the respective district court.

(2) "Public employee" means any employee of a public employer except any person (a) elected by popular vote, or (b) appointed to office pursuant to statute, ordinance or resolution for a specified term of office by the executive head or body of the public employer, or (c) whose duties as deputy, administrative assistant or secretary necessarily imply a confidential relationship to the executive head or body of the applicable bargaining unit, or any person elected by popular vote or appointed to office pursuant to statute, ordinance or resolution for a specified term of office by the executive head or body of the public employer, or (d) who is a personal assistant to a district judge or court commissioner. The limitations imposed by RCW 84.52.050 through 84.52.056, and 84.52.043 shall not prevent the levy of additional taxes by school districts, when authorized so to do by the electors of such school district in the manner and for the purposes and number of years allowable under Article VII, section 2(a) of the Constitution of this state, as amended by Amendment 79 and as thereafter amended, at a special or general election to be held in the year in which the levy is made or, in the case of a one-year levy for the purpose of school nurse programs in an amount that does not exceed the sum necessary to provide one school nurse for every two thousand full-time equivalent students in the district which sum shall not be used to determine the levy limitations under RCW 84.52.0531, or in the case of a proposition authorizing two-year levies for maintenance and operation support of a school district or authorizing two-year through six-year levies to support the construction, modernization, or remodeling of school facilities, or both, at a special or general election to be held in the year in which the first annual levy is made: PROVIDED, That once additional tax levies have been authorized for maintenance and operation support of a school district for a two year period, no further additional tax levies for maintenance and operation support of the district for that period may be authorized.

A special election may be called and the time therefor fixed by the board of school directors, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no".

Sec. 1404. RCW 84.52.0531 and 1990 c 33 s 601 are each amended to read as follows:

Except as provided for in RCW 84.52.053 for one-year levies for school nurse programs, the maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(1) For the purpose of this section, the basic education allocation shall be determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350: PROVIDED, That when determining the basic education allocation under subsection (4) of this section, nonresident full time equivalent pupils who are participating in a program provided for in chapter 28A.545 RCW or in any other program pursuant to an interdistrict agreement shall be included in the enrollment of the resident district and excluded from the enrollment of the serving district.

The base year levy percentage shall be equal to the greater of: (a) The district's actual levy percentage for calendar year 1985, (b) the average levy percentage for all school district levies in the state in calendar year 1985, or (c) the average levy percentage for all school district levies in the educational service district of the district in calendar year 1985.

(a) The district's levy base as defined in subsection (4) of this section multiplied by the district's maximum levy percentage as defined in subsections (5) and (6) of this section; plus

(b) In the case of nonhigh school districts only, an amount equal to the total estimated amount due by the nonhigh school district to high school districts pursuant to chapter 28A.545 RCW for the school year during which collection of the levy is to commence, less the increase in the nonhigh school district's basic education allocation as computed pursuant to subsection (1) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.545 RCW in such computation; less

(c) The maximum amount of state matching funds under RCW 28A.500.010 for which the district is eligible in that tax collection year.

(4) For excess levies for collection in calendar year 1988 and thereafter, a district's levy base shall be the sum of the following allocations received by the district for the prior school year, including allocations for compensation increases, adjusted by the percent increase per full time equivalent student in the state basic education appropriation between the prior school year and the current school year:

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(vi) State-wide block grant programs; and

(c) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes.

(5) For levies to be collected in calendar year 1988, a district's maximum levy percentage shall be determined as follows:

(a) Multiply the district's base year levy percentage as defined in subsection (2) of this section by the district's levy base as determined in subsection (4) of this section;

(b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (7) of this section which are to be allocated to the district for the 1987-88 school year;

(c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage; and

(d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in calendar year 1988.

(6) For excess levies for collection in calendar year 1989 and thereafter, a district's maximum levy percentage shall be determined as follows:

(a) Multiply the district's maximum levy percentage for the prior year or thirty percent, whichever is less, by the district's levy base as determined in subsection (4) of this section;

(b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (7) of this section which are to be allocated to the district for the current school year;

(c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage; and

(d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in that calendar year.

Levy reduction funds shall not include moneys received by school districts from cities or counties.

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1031 with the following amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 56.08.100 and 1981 c 190 s 5 are each amended to read as follows:

A sewer district, by a majority vote of its board of commissioners, may enter into contracts to provide health care services and/or group insurance and/or term life insurance and/or social security insurance for the benefit of its employees and may pay all or any part of the cost thereof. Any two or more sewer districts or one or more sewer districts and one or more water districts, by a majority vote of their respective boards of commissioners, may, if deemed expedient, join in the procuring of such health care services and/or group insurance and/or term life insurance, and the board of commissioners of each participating sewer and/or water district may by appropriate resolution authorize their respective district to pay all or any portion of the cost thereof.

A sewer district with five thousand or more customers providing health, group, or life insurance to its employees may provide its commissioners with the same coverage: PROVIDED, That the per person amounts for such insurance paid by the district shall not exceed the per person amounts paid by the district for its employees.

Sec. 2. RCW 56.08.140 and 1967 c 178 s 3 are each amended to read as follows:

No such lease shall be made unless secured by a bond conditioned on the performance of the terms of the lease, with surety satisfactory to the commissioners, in a penalty of not less than one-sixth of the term of the lease or for one year's rental, whichever is greater; and no such lease shall be made for a term longer than twenty-five years. However, the board of commissioners may require a reasonable security deposit in lieu of a bond on leased real property owned by the water or sewer district.

NEW SECTION. Sec. 3. A new section is added to chapter 56.08 RCW to read as follows:

A district may operate and maintain a park or recreational facilities on real property that it owns or in which it has an interest that is not immediately necessary for its purposes.

If such park or recreational facilities are operated by a person other than the district, including a corporation, partnership, or other business enterprise, the person shall indemnify and hold harmless the district for any injury or damage caused by the action of the person."

Sec. 4. RCW 57.08.010 and 1989 c 389 s 9 and 1989 c 308 s 2 are each reenacted and amended to read as follows:

(1) (a) A water district may acquire by purchase or condemnation, or both, all property and property rights and all water and water rights, both within and without the district, necessary for its purposes.

(b) A water district may lease real or personal property necessary for its purposes for a term of years for which such leased property may reasonably be needed where in the opinion of the board of water commissioners such property may not be needed permanently or substantial savings to the district can be effected thereby.

(c) The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities of the third class, insofar as consistent with the provisions of this title, except that all assessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the water district, and the duties devolving upon the city treasurer are hereby imposed upon the county treasurer.

(d) A water district may construct, condemn and purchase, purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof, and any city or town therein and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district's system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer.

(e) A water district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under terms approved by the board of commissioners. Such waterworks may include facilities which result in combined water supply and electric generation, provided that the electricity generated thereby is a byproduct of the water supply system.

(f) Such electricity may be used by the water district or sold to any entity authorized by law to distribute electricity. Such electricity is a byproduct when the electrical generation is subordinate to the primary purpose of water supply.

(g) For such purposes, a water district may take, condemn and purchase, purchase, acquire, and retain water from any public or navigable lake, river, or watercourse, or any underflowing water and, by means of aqueducts or pipe line conduct the same throughout such water district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district.

(h) For the purpose of constructing or laying aqueducts or pipe lines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such water district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution.

(i) For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a water district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner.

(2) A water district may purchase and take water from any municipal corporation.

(3) A water district may fix rates and charges for water supplied and may charge property owners seeking to connect to the district's water supply system, as a condition to granting the right to so connect, in addition to the cost of such connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that such property owners shall bear their equitable share of the cost of such system.

(a) For purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements

required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants.

(b) The connection charge may include interest charges applied from the date of construction of the water system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the water system, or at the time of installation of the water lines to which the property owner is seeking to connect.

(4) (a) A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer's services. Such fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer.

(b) Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule.

(5) A district may operate and maintain a park or recreational facilities on real property that it owns or in which it has an interest that is not immediately necessary for its purposes.

(6) If such park or recreational facilities are operated by a person other than the district, including a corporation, partnership, or other business enterprise, the person shall indemnify and hold harmless the district for any injury or damage caused by the action of the person.

Sec. 5. RCW 57.08.100 and 1981 c 190 s 6 are each amended to read as follows:

A water district, by a majority vote of its board of commissioners, may enter into contracts to provide health care services and/or group insurance and/or term life insurance and/or social security insurance for the benefit of its employees and may pay all or any part of the cost thereof. Any two or more water districts or any one or more water districts and one or more sewer districts, by a majority vote of their respective boards of commissioners, may, if deemed expedient, join in the procuring of such health care services and/or group insurance and/or term life insurance, and the board of commissioners of each participating sewer and/or water district may by appropriate resolution authorize their respective district to pay all or any portion of the cost thereof.

A water district with five thousand or more customers providing health, group, or life insurance to its employees may provide its commissioners with the same coverage: PROVIDED, That the per person amounts for such insurance paid by the district shall not exceed the per person amounts paid by the district for its employees.

Sec. 6. RCW 57.08.120 and 1967 ex.s. c 135 s 1 are each amended to read as follows:

A water district may lease out real property which it owns or in which it has an interest and which is not immediately necessary for its purposes upon such terms as the board of water commissioners deems proper: PROVIDED, That no such lease shall be made until the water district has first caused notice thereof to be published twice in a newspaper in general circulation in the water district, the first publication to be at least fifteen days and the second at least seven days prior to the making of such lease, which notice shall describe the property proposed to be leased out, to whom, for what purpose, and the rental to be charged therefor. A hearing shall be held pursuant to the terms of the said notice, at which time any and all persons who may be interested shall have the right to appear and to be heard.

No such lease shall be for a period longer than twenty-five years, and each lease of real property shall be secured by a bond conditioned to perform the terms of such lease with surety satisfactory to the commissioners, in a penalty not less than the rental for one-

sixth of the term: PROVIDED, That the penalty shall not be less than the rental for one year where the term is one year or more. In a lease, the term of which exceeds five years, and when at the option of the commissioners, it is so stipulated in the lease, the commission shall accept, with surety satisfactory to it, a bond conditioned to perform the terms of the lease for some part of the term, in no event less than five years (unless the remainder of the unexpired term is less than five years, in which case for the full remainder) and in every such case the commissioners shall require of the lessee, another or other like bond to be delivered within two years, and not less than one year prior to the expiration of the period covered by the existing bond, covering an additional part of the term in accordance with the foregoing provisions in respect to the original bond, and so on until the end of the term so that there will always be in force a bond securing the performance of the lease, and the penalty in each bond shall be not less than the rental for one-half the period covered thereby, but no bond shall be construed to secure the furnishing of any other bond. However, the board of commissioners may require a reasonable security deposit in lieu of a bond on leased real property owned by a water district.

The commissioners may accept as surety on any bond required by this section, either an approved surety company or one or more persons satisfactory to the commissioners, or in lieu of such bond may accept a deposit as security of such property or collateral or the giving of such other form of security as may be satisfactory to the commissioners.

NEW SECTION. Sec. 7. A new section is added to chapter 57.08 RCW to read as follows:

A water district may adopt a water conservation plan and emergency water use restrictions. The district may enforce a water conservation plan and emergency water use restrictions by imposing a fine as provided by resolution for failure to comply with any such plan or restrictions. The commissioners may provide by resolution that if a fine for failure to comply with the water conservation plan or emergency water use restrictions is delinquent for a specified period of time, the district shall certify the delinquency to the treasurer of the county in which the real property is located and serve notice of the delinquency on the subscribing water customer who fails to comply, and the fine is then a separate item for inclusion on the bill of the party failing to comply with the water conservation plan or emergency water use restrictions.

On page 1, line 1 of the title, after "districts;" strike the remainder of the title and insert "amending RCW 56.08.100, 56.08.140, 57.08.100, and 57.08.120; reenacting and amending RCW 57.08.010; adding a new section to chapter 56.08 RCW; and adding a new section to chapter 57.08 RCW."

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

SENATE AMENDMENTS TO HOUSE BILL

April 19, 1991

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1052 with the following amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 74.04.005 and 1990 c 285 s 2 are each amended to read as follows:

For the purposes of this title, unless the context indicates otherwise, the following definitions shall apply:

(1) "Public assistance" or "assistance"--Public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, general assistance and federal-aid assistance.

(2) "Department"--The department of social and health services.

(3) "County or local office"--The administrative office for one or more counties or designated service areas.

(4) "Director" or "secretary" means the secretary of social and health services.

(5) "Federal-aid assistance"--The specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

(6)(a) "General assistance"--Aid to persons in need who:

(i) Are not eligible to receive federal-aid assistance, other than food stamps and medical assistance; however, an individual who refuses or fails to cooperate in obtaining federal-aid assistance, without good cause, is not eligible for general assistance;

(ii) Are either:

(A) Pregnant: PROVIDED, That need is based on the current income and resource requirements of the federal aid to families with dependent children program: PROVIDED FURTHER, That during any period in which an aid for dependent children employable program is not in operation, only those pregnant women who are categorically eligible for medicaid are eligible for general assistance; or

(B) Incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of sixty days as determined by the department. Persons who are unemployable due to alcohol or drug addiction are not eligible for general assistance. Persons receiving general assistance on July 26, 1987, or becoming eligible for such assistance thereafter, due to an alcohol or drug-related incapacity, shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. Alcoholic and drug addicted clients who are receiving general assistance on July 26, 1987, may remain on general assistance if they otherwise retain their eligibility until they are assessed for services under chapter 74.50 RCW. This subsection (6)(a)(ii)(B) shall not be construed to prohibit the department from granting general assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the general assistance program;

(iii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law; and

(iv) Have furnished the department their social security account number. If the social security account number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of assistance, and the social security number shall be provided to the department upon receipt.

(b) Notwithstanding the provisions of subsection (6)(a)(i), (ii), and (c) of this section, general assistance shall be provided to the following recipients of federal-aid assistance:

(i) Recipients of supplemental security income whose need, as defined in this section, is not met by such supplemental security income grant because of separation from a spouse; or

(ii) To the extent authorized by the legislature in the biennial appropriations act, to recipients of aid to families with dependent children whose needs are not being met because of a temporary reduction in monthly income below the entitled benefit payment level caused by loss or reduction of wages or unemployment compensation benefits or some other unforeseen circumstances. The amount of general assistance authorized shall not exceed the difference between the entitled benefit payment level and the amount of income actually received.

(c) General assistance shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in subsection (6)(a)(ii)(A) and (b) of this section, and will accept available services which can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

(i) First failure: One week;

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(d) The department shall adopt by rule medical criteria for general assistance eligibility to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information.

(e) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding

incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(f) Recipients of general assistance based upon a finding of incapacity from gainful employment who remain otherwise eligible shall not have their benefits terminated absent a clear showing of material improvement in their medical or mental condition or specific error in the prior determination that found the recipient eligible by reason of incapacitation. Recipients of general assistance based upon pregnancy who relinquish their child for adoption, remain otherwise eligible, and ((who)) are not eligible to receive benefits under the federal aid to families with dependent children program shall not have their benefits terminated until the end of the month in which the period of six weeks following the birth of the recipient's child falls. Recipients of the federal aid to families with dependent children program who lose their eligibility solely because of the birth and relinquishment of the qualifying child may receive general assistance through the end of the month in which the period of six weeks following the birth of the child falls.

(7) "Applicant"--Any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

(8) "Recipient"--Any person receiving assistance and in addition those dependents whose needs are included in the recipient's assistance.

(9) "Standards of assistance"--The level of income required by an applicant or recipient to maintain a level of living specified by the department.

(10) "Resource"--Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent: PROVIDED, That an applicant may retain the following described resources and not be ineligible for public assistance because of such resources.

(a) A home, which is defined as real property owned and used by an applicant or recipient as a place of residence, together with a reasonable amount of property surrounding and contiguous thereto, which is used by and useful to the applicant. Whenever a recipient shall cease to use such property for residential purposes, either for himself or his dependents, the property shall be considered as a resource which can be made available to meet need, and if the recipient or his dependents absent themselves from the home for a period of ninety consecutive days such absence, unless due to hospitalization or health reasons or a natural disaster, shall raise a rebuttable presumption of abandonment: PROVIDED, That if in the opinion of three physicians the recipient will be unable to return to the home during his lifetime, and the home is not occupied by a spouse or dependent children or disabled sons or daughters, such property shall be considered as a resource which can be made available to meet need.

(b) Household furnishings and personal effects and other personal property having great sentimental value to the applicant or recipient, as limited by the department consistent with limitations on resources and exemptions for federal aid assistance.

(c) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed one thousand five hundred dollars.

(d) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for federal aid assistance.

(e) Applicants for or recipients of general assistance may retain the following described resources in addition to exemption for a motor vehicle or home and not be ineligible for public assistance because of such resources:

(i) Household furnishings, personal effects, and other personal property having great sentimental value to the applicant or recipient;

(ii) Term and burial insurance for use of the applicant or recipient;

(iii) Life insurance having a cash surrender value not exceeding one thousand five hundred dollars; and

(iv) Cash, marketable securities, and any excess of values above one thousand five hundred dollars equity in a vehicle and above one thousand five hundred dollars in cash surrender value of life insurance, not exceeding one thousand five hundred dollars for a single person or two thousand two hundred fifty dollars for a family unit of two or more. The one thousand dollar limit in subsection (10)(d) of this section does not apply to recipients of or applicants for general assistance.

(f) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant's or recipient's restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may provide grant assistance for a period not to exceed nine months from the date the agreement is signed pursuant to this section to persons who are otherwise ineligible because of excess real property owned by such persons when they are making a good faith effort to dispose of that property ~~((, but the recipient must sign an agreement to dispose of the property and repay assistance payments made to the date of disposition of the property which would not have been made had the disposal occurred at the beginning of the period for which the payments of such assistance were made. In no event shall such amount due the state exceed the net proceeds otherwise available to the recipient from the disposition, unless after nine months from the date of the agreement the property has not been sold, or if the recipient's eligibility for financial assistance ceases for any other reason. In these two instances the entire amount of assistance paid during this period will be treated as an overpayment and a debt due the state, and may be recovered pursuant to RCW 43.20B.630))~~; PROVIDED, That:

(A) The applicant or recipient signs an agreement to repay the lesser of the amount of aid received or the net proceeds of such sale;

(B) If the owner of the excess property ceases to make good faith efforts to sell the property, the entire amount of assistance may become an overpayment and a debt due the state and may be recovered pursuant to RCW 43.20B.630;

(C) Applicants and recipients are advised of their right to a fair hearing and afforded the opportunity to challenge a decision that good faith efforts to sell have ceased, prior to assessment of an overpayment under this section; and

(D) At the time assistance is authorized, the department files a lien without a sum certain on the specific property.

(11) "Income"--(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him to decrease his need for public assistance or to aid in rehabilitating him or his dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance. In determining the amount of assistance to which an applicant or recipient of aid to families with dependent children is entitled, the department is hereby authorized to disregard as a resource or income the earned income exemptions consistent with federal requirements. The department may permit the above exemption of earnings of a child to be retained by such child to cover the cost of special future identifiable needs even though the total exceeds the exemptions or resources granted to applicants and recipients of public assistance, but consistent with federal requirements. In formulating rules and regulations pursuant to this chapter, the department shall define income and resources and the availability thereof, consistent with federal requirements. All resources and income not specifically exempted, and any income or other economic benefit derived from the use

of, or appreciation in value of, exempt resources, shall be considered in determining the need of an applicant or recipient of public assistance.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

(12) "Need"--The difference between the applicant's or recipient's standards of assistance for himself and the dependent members of his family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his family.

(13) For purposes of determining eligibility for public assistance and participation levels in the cost of medical care, the department shall exempt restitution payments made to people of Japanese and Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the Aleutian and Pribilof Island Restitution Act passed by congress, P.L. 100-383, including all income and resources derived therefrom.

(14) In the construction of words and phrases used in this title, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders and the present tense shall include the past and future tenses, unless the context thereof shall clearly indicate to the contrary.

Sec. 2. RCW 74.04.055 and 1979 c 141 s 298 are each amended to read as follows:

In furtherance of the policy of this state to cooperate with the federal government in the programs included in this title the secretary shall issue such rules and regulations as may become necessary to entitle this state to participate in federal grants-in-aid, goods, commodities and services unless the same be expressly prohibited by this title. Any section or provision of this title which may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to satisfy federal laws entitling this state to receive federal matching or other funds for the various programs of public assistance. If any part of this chapter is found to be in conflict with federal requirements which are a prescribed condition to the receipts of federal funds to the state, the conflicting part of this chapter is hereby inoperative solely to the extent of the conflict with respect to the agencies directly affected, and such finding or determination shall not affect the operation of the remainder of this chapter.

Sec. 3. RCW 74.04.500 and 1979 c 141 s 322 are each amended to read as follows:

The department of social and health services is authorized to establish a food stamp program under the federal food stamp act of ((1964)) 1977, as amended.

Sec. 4. RCW 74.04.515 and 1969 ex.s. c 172 s 7 are each amended to read as follows:

In ~~((determining eligibility for purchase of))~~ administering the food stamp((s)) program, there shall be no discrimination against any ~~((household))~~ applicant or recipient by reason of age, sex, handicap, religious creed, political beliefs, race, color, or national origin.

NEW SECTION. Sec. 5. The legislature establishes as state policy the goal of economic self-sufficiency for employable recipients of public assistance, through employment, training, and education. In furtherance of this policy, the legislature intends to comply with the requirements of the federal social security act, as amended, by creating a job opportunities and basic skills training program for applicants and recipients of aid to families with dependent children. The purpose of this program is to provide recipients of aid to families with dependent children the opportunity to obtain a full range of necessary education, training, skills, and supportive services, including child care, consistent with their needs, that will help them enter or reenter gainful employment, thereby avoiding long-term welfare dependence and achieving economic self-sufficiency.

The program shall be operated by the department of social and health services in conformance with federal law and consistent with the following legislative findings:

(1) The legislature finds that the well-being of children depends not only on meeting their material needs, but also on the ability of parents to become economically self-sufficient. The job opportunities and basic skills training program is specifically directed at increasing the household earnings of aid to families with dependent children recipients, through the removal of barriers preventing them from achieving self-sufficiency. These barriers include, but are not limited to, the lack of supportive services such as affordable and reliable child care, adequate transportation, appropriate counseling, and necessary job-related tools, equipment, books, clothing, and supplies, the absence of basic literacy skills, the lack of educational attainment sufficient to meet labor market demands for career employees, and the nonavailability of useful labor market assessments.

(2) The legislature also recognizes that aid to families with dependent children recipients must be acknowledged as active participants in self-sufficiency planning under the program. The legislature finds that the department of social and health services should communicate concepts of personal empowerment, self-motivation, and self-esteem to program participants. The legislature further recognizes that informed choice is consistent with individual responsibility, and that parents should be given a range of options for available child care while participating in the program.

(3) The legislature finds that education, including, but not limited to, literacy, high school equivalency, vocational, secondary, and postsecondary, is one of the most important tools an individual needs to achieve full independence, and that this should be an important component of the program.

(4) The legislature further finds that the objectives of this program are to assure that aid to families with dependent children recipients achieve financial stability and an adequate standard of living at wages that will meet family needs.

NEW SECTION. Sec. 6. (1) The department of social and health services is authorized to contract with public and private employment and training agencies and other public service entities to provide services prescribed or allowed under the federal social security act, as amended, to carry out the purposes of the jobs training program. The department of social and health services has sole authority and responsibility to carry out the job opportunities and basic skills training program. No contracting entity shall have the authority to review, change, or disapprove any administrative decision, or otherwise substitute its judgment for that of the department of social and health services as to the application of policies and rules adopted by the department of social and health services.

(2) To the extent feasible under federal law, the department of social and health services and all entities contracting with it shall give first priority of service to individuals volunteering for program participation.

(3) The department of social and health services shall adopt rules under chapter 34.05 RCW establishing criteria constituting circumstances of good cause for an individual failing or refusing to participate in an assigned program component, or failing or refusing to accept or retain employment. These criteria shall include, but not be limited to, the following circumstances: (a) If the individual is a parent or other relative personally providing care for a child under age six years, and the employment would require the individual to work more than twenty hours per week; (b) if child care, or day care for an incapacitated individual living in the same home as a dependent child, is necessary for an individual to participate or continue participation in the program or accept employment, and such care is not available, and the department of social and health services fails to provide such care; (c) the employment would result in the family of the participant experiencing a net loss of cash income; or (d) circumstances that are beyond the control of the individual's household, either on a short-term or on an ongoing basis.

(4) The department of social and health services shall adopt rules under chapter 34.05 RCW as necessary to effectuate the intent and purpose of this chapter.

NEW SECTION. Sec. 7. Any section or provision of law dealing with the job opportunities and basic skills training program that may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to comply with federal laws entitling the state to receive federal funds.

NEW SECTION. Sec. 8. If any part of this chapter shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this chapter is hereby declared to be inoperative solely to the extent of such conflict and with respect to the agency directly affected, and such finding or determination shall not affect the operation of the remainder of this chapter and its application to the agency concerned.

NEW SECTION. Sec. 9. If any provision of this chapter or its application to any person or circumstance is held invalid, the remainder of the chapter or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 10. Sections 5 through 9 of this act shall constitute a new chapter in Title 74 RCW.

NEW SECTION. Sec. 11. The following acts or parts of acts are each repealed:

- (1) RCW 74.04.390 and 1979 c 141 s 315, 1963 c 228 s 6, & 1961 c 269 s 2;

NEW SECTION. Sec. 48. The motor vehicle fund revenues are received at a relatively even flow throughout the year. Expenditures exceed the revenue during the accelerated summer and fall highway construction season, creating a negative cash balance during the heavy construction season. Negative cash balances also may result from the use of state funds to finance federal advance construction projects prior to conversion to federal funding. The legislature recognizes that the department of transportation may require interfund loans or other short-term financing to meet temporary seasonal cash requirements and additional cash requirements to fund federal advance construction projects.

NEW SECTION. Sec. 49. The legislature recognizes the economic importance to the state of attracting new industrial development, and that the availability of transportation services is a significant factor in attracting such industries. The transportation commission and the department of transportation may consider these unique circumstances in determining priorities for capital expenditures.

NEW SECTION. Sec. 50. NEW SECTION. Sec. 51. FOR THE DEPARTMENT OF TRANSPORTATION--
TRANSFER

Motor Vehicle Fund--Highway Construction

Stabilization Account Transfer: For
transfer to the Motor Vehicle Fund \$ 100,000,000

The appropriation transfer in this section is provided for expenditures pursuant to RCW 46.68.200.

NEW SECTION. Sec. 52. The department of transportation is authorized to undertake federal advance construction projects under the provisions of 23 U.S.C. Sec. 115 in order to maintain progress in meeting approved highway construction and preservation objectives. The legislature recognizes that the use of state funds may be required to temporarily fund expenditures of the federal appropriations for the highway construction and preservation programs for federal advance construction projects prior to conversion to federal funding.

NEW SECTION. Sec. 53. (1) Any public agency including but not limited to transit agencies, cities, counties, and the state department of transportation, awarded contracts from counties or transit agencies for the construction of high occupancy vehicle lanes and related facilities shall use such moneys in addition to, and not as a substitute for, moneys currently used, or planned to be used, for high occupancy vehicle lanes by the public agency receiving the award.

(2) Cities, counties, transit agencies, and the state department of transportation having within their boundaries a portion of the existing or planned high occupancy vehicle system contained in the document dated March 1991, entitled "Puget Sound HOV Core Lane Needs: 2000", shall coordinate programming and operational decisions affecting the high occupancy vehicle system.

NEW SECTION. Sec. 54. To maximize the use of motor vehicle fund revenues, it is the intent of the legislature to encourage sharing of technology, information, and systems where appropriate between transportation agencies.

To facilitate this exchange, the Washington state department of transportation assistant secretary for finance and budget management; Washington state department of transportation chief for management information systems; the Washington state patrol deputy chief, chief of staff; Washington state patrol manager of the computer services division; the department of licensing deputy director and department of licensing assistant director for information systems will meet quarterly to share plans, discuss progress of key projects and to coordinate activities for the common good. Minutes of these meetings will be distributed to the respective agency heads and the legislative transportation committee. Washington state department of transportation will provide staff support and meeting coordination.

NEW SECTION. Sec. 55. Agencies shall comply with the following requirements regarding information technology projects if directed to do so by specific appropriation proviso within this act. In addition to these provisos agencies shall comply with all department of information services requirements.

It is the intent of the legislature that information technology projects in state government be managed and completed successfully. Information technology projects should be divided into distinct phases. Each phase of a project should be successfully completed before subsequent phases are commenced, unless an alternative plan is approved by the department of information services, office of financial management, and legislative transportation committee. In addition to the post-implementation review, reviews using oversight and quality assurance measures are to be conducted throughout the project.

The legislature, with recommendations from department of information services and office of financial management, should evaluate each project's scope, duration, and risk in determining whether appropriations should be for a fiscal year or a biennium, and whether specific phases or the entire project can be accomplished within a specified time period.

Work shall not commence on any task in a subsequent phase of a project until the status report for the preceding key decision point has been approved by the department of information services, the office of financial management, and the legislative transportation committee as appropriate.

(1) Scoping process phase. Prior to requesting moneys from the legislature, or as a condition of receiving an appropriation for planning or development of information technology projects, an agency shall complete a project scoping process. The scoping process shall detail the key issues to be addressed by the information technology project. The scoping process shall precede the feasibility study.

The scoping process must define the project's scope; key issues, including business, management, technical and other issues; major objectives; project justifications; project approach; and answer by a test of reasonableness that the project is feasible. The purpose of the scoping process is to provide the legislature, office of financial management, and the department of information services with the high level information that is needed to grant approval to proceed with the project.

(2) The agency shall produce a feasibility study for each information systems project in accordance with published department of information services instructions. In addition to department of information services requirements such studies shall examine

and evaluate the costs and benefits of maintaining the status quo, and of the proposed project. The study shall identify if and in what amounts any fiscal savings, costs, and benefits will occur, and what programs or fund sources will be affected. Benefits of information technology projects shall not be limited to fiscal savings, but may include improvements in service delivery by the agency to the citizens of the state. The feasibility study in this section shall be accompanied by the project management plan described in subsection (3) of this section.

(3) The project management plan shall document how the agency will manage the project identified in the feasibility study. The plan shall be an evolving document. Each subsequent phase of the project shall have an updated project management plan submitted as a prerequisite for approval to begin the next phase.

The project management plan shall cover all factors critical to the entire project and shall specifically address management plans for successfully completing the subsequent phase. The project management plan shall address all factors critical to the overall project, including, but not limited to, the following elements:

(a) Project organization: Define agency executive personnel accountable for project success; define oversight and management committee structures; identify key personnel including key positions that are not yet filled; address staffing requirements, including backfilling requirements; and other key resources needed for successful project implementation.

(b) A description of scope change and cost control procedures.

(c) A risk assessment and risk mitigation plan.

(d) A description of project oversight monitoring and quality assurance procedures.

(e) A project workplan: Explaining the appropriately defined phases, key management decision points, scheduling of other activities, and estimated costs for the next phase or phases to be conducted in a specified time period.

(4) Prior to reaching key decision points identified in the relevant project management plan a project status report shall be submitted to the department of information services, the office of financial management, and the legislative transportation committee for each project. Project status reports shall examine and evaluate project management, accomplishments, budget, action to address variances, risk management, cost and benefits analysis, and other aspects critical to completion of a project.

(5) In instances where a project review is requested in accordance with department of information services policies, the reviews shall examine and evaluate: System requirements specifications; scope; system architecture; change controls; documentation; user involvement; training; availability and capability of resources; programming languages and techniques; system inputs and outputs; plans for testing, conversion, implementation, and post-implementation; and other aspects critical to successful construction, integration, and implementation of information technology projects. Copies of written project review reports shall be forwarded to the office of financial management and the legislative transportation committee by the agency.

(6) The agency and the department of information services shall provide the legislative transportation committee and the office of financial management with a written bi-monthly project oversight and risk assessment report for each project that has a specific proviso under this section. The report shall include, but not be limited to, the following: Project name, agency undertaking the project, a description of the project, key project activities during the next sixty to ninety days, base-line cost data, costs to date, schedule to date, risk assessments, risk management, and recommendations.

(7) A written post-implementation review report shall be prepared by the agency for each information systems project in accordance with published department of information services instructions. In addition to the information requested pursuant to the department of information services instructions, post-implementation reports shall evaluate the degree to which a project accomplished its major objectives including, but not limited to, a

comparison of original cost and benefit estimates to actual costs and benefits achieved. Copies of post-implementation review reports shall be provided to the department of information services, the office of financial management, and the legislative transportation committee.

Where major variances in project scope, cost, or risk occur, the sponsoring agency shall inform the department of information services of the change. The director of the sponsoring agency and the director of the department of information services shall jointly report such findings in writing to the legislative transportation committee and office of financial management. A major variance is defined as a budget change in excess of \$1,000,000 or ten percent, whichever is lower; an increase in risk category to high; or a change in scope that could result in major change in budget or risk.

NEW SECTION. Sec. 56. The department of transportation shall consolidate all growth management functions within a growth management project office. This office shall cease to exist on June 30, 1995.

NEW SECTION. Sec. 57. The attorney general shall prepare by December 31 of each year, a report to the legislative transportation committee comprising a comprehensive summary of all cases involving tort claims against the department of transportation involving highways that were concluded and closed in the previous calendar year. The report shall include for each case closed:

- (1) A summary of the factual background of the case;
- (2) Identification of the attorneys representing the state and the opposing parties;
- (3) A synopsis of the legal theories asserted and the defenses presented;
- (4) Whether the case was tried, settled, or dismissed, and in whose favor;
- (5) The amount of any settlement or verdict reached, and the terms for payment;
- (6) A summary of all settlement offers made by the parties where a verdict was returned against the state;
- (7) The approximate number of attorney hours expended by the state on the case, together with the corresponding dollar amount billed therefore; and
- (8) Such other matters relating to the case as the attorney general deems relevant or appropriate, especially including any comments or recommendations for changes in statute law or agency practice that might effectively reduce the exposure of the state to such tort claims.

Upon canceling taxes deemed uncollectible, the county commissioners shall notify the county treasurer of such action, whereupon the county treasurer shall deduct on ~~((his))~~ the treasurer's records the amount of such uncollectible taxes due the various state funds and shall immediately notify the department of revenue of ~~((his))~~ the treasurer's action and of the reason therefor; which uncollectible tax shall not then nor thereafter be due or owing the various state funds and the necessary corrections shall be made by the county treasurer upon the quarterly settlement next following.

When any assessment of property is made which does not appear on the assessment list certified by the county board of equalization to the ~~((state board))~~ department of ((equalization)) revenue the county assessor shall indicate to the county treasurer the assessments and the taxes due therefrom when the list is delivered to the county treasurer on December 15th. SENATE AMENDMENTS TO HOUSE BILL

April 18, 1991

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1401 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. This chapter shall be known and cited as "Washington taxpayers' rights and responsibilities."

NEW SECTION. Sec. 2. (1) The legislature finds that taxes are one of the most sensitive points of contact between citizens and their government, and that there is a delicate balance between revenue collection and taxpayers' rights and responsibilities. The rights, privacy, and property of Washington taxpayers should be protected adequately during the process of the assessment and collection of taxes.

(2) The legislature further finds that the Washington tax system is based largely on voluntary compliance and that taxpayers have a responsibility to inform themselves about applicable tax laws. The legislature also finds that the rights of the taxpayers and their attendant responsibilities are best implemented where the department of revenue provides accurate tax information, instructions, forms, administrative policies, and procedures to assist taxpayers to voluntarily comply with the provisions of the revenue act, Title 82 RCW, and where taxpayers cooperate in the administration of these provisions.

NEW SECTION. Sec. 3. The department of revenue shall administer this chapter. The department of revenue shall adopt or amend rules as may be necessary to fully implement this chapter and the rights established under this chapter.

NEW SECTION. Sec. 4. The taxpayers of the state of Washington have:

(1) The right to a written explanation of the basis for any tax deficiency assessment, interest, and penalties at the time the assessments are issued;

(2) The right to rely on specific, official written advice and written tax reporting instructions from the department of revenue to that taxpayer, and to have interest, penalties, and in some instances, tax deficiency assessments waived where the taxpayer has so relied to their proven detriment;

(3) The right to redress and relief where tax laws or rules are found to be unconstitutional by the final decision of a court of record and the right to prompt administrative remedies in such cases;

(4) The right to confidentiality and protection from public inquiry regarding financial and business information in the possession of the department of revenue in accordance with the requirements of RCW 82.32.330;

(5) The right to receive, upon request, clear and current tax instructions, rules, procedures, forms, and other tax information; and

(6) The right to a prompt and independent administrative review by the department of revenue of a decision to revoke a tax registration, and to a written determination that either sustains the revocation or reinstates the registration.

NEW SECTION. Sec. 5. To ensure consistent application of the revenue laws, taxpayers have certain responsibilities under chapter 82.32 RCW, including, but not limited to, the responsibility to:

(1) Register with the department of revenue;

(2) Know their tax reporting obligations, and when they are uncertain about their obligations, seek instructions from the department of revenue;

(3) Keep accurate and complete business records;

(4) File accurate returns and pay taxes in a timely manner;

(5) Ensure the accuracy of the information entered on their tax returns;

(6) Substantiate claims for refund;

The Speaker (Mr. R. Meyers presiding) appointed Representatives Nelson, Leonard and Winsley as conferees on Engrossed Substitute House Bill No. 1440.

SENATE AMENDMENTS TO HOUSE BILL

April 18, 1991

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1452 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes that major transportation corridors in this state are reaching unacceptable levels of congestion. Proposed improvements such as extension of the HOV-lane system or regional high-capacity systems, can, at best, only temporarily reduce the rate at which congestion increases. Further, such improvements do not address cross-state travel demands, whether north-south or east-west.

Therefore, the legislature finds that 1991 is an appropriate time for the legislature and the governor to direct that a comprehensive assessment be made of the feasibility of developing a high-speed ground transportation system within the state and that a plan be developed for implementation of potential alternatives.

Congress has set aside federal funds in the amount of five hundred thousand dollars for the state of Washington to carry out such an assessment, with the stipulation that the state provide an equal amount of state funds for the effort. If a high-speed ground transportation system is developed within the state, the legislature believes significant benefits would accrue to many segments of the private sector economy. The legislature therefore finds that equal funding support for the feasibility study provided for in section 4 of this act should come from private sector sources. This three-way partnership between the federal government, the state, and the private sector can provide the foundation for ultimate development of a high-speed ground transportation system.

NEW SECTION. Sec. 2. The high-speed ground transportation steering committee is created, consisting of fifteen members, appointed jointly by the governor, the chair of the legislative transportation committee, and the chair of the transportation commission. The appointing authorities shall also designate the chair of the steering committee.

The committee must include representatives from the following:

(1) Cities and counties, including both elected officials and planners, and if possible, representatives of regional transportation planning organizations;

(2) Public transportation systems;

(3) The United States department of transportation;

(4) Public ports; and

(5) The private sector, including:

(a) The financial community;

(b) The engineering and construction community;

(c) Railroad companies;

(d) Environmental interests; and

(e) The legal profession.

The secretary of the state department of transportation, or the secretary's designee, shall also be a member.

Members of the steering committee shall receive no compensation for their service, but shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 3. The following persons shall serve as voting liaison members to the steering committee:

(1) The governor or a designee;

(2) Four legislators, one from each caucus of each house, appointed by the chair of the legislative transportation committee; and

(3) The chair of the transportation commission.

In addition to those persons, the governor shall attempt to obtain appropriate nonvoting liaison representation to the steering committee from the state of Oregon and the province of British Columbia.

NEW SECTION. Sec. 4. The steering committee shall initially address the feasibility of a high-speed ground transportation system within this state, including such issues as:

- (1) When such a system would be economically feasible;
- (2) The forecasted demand, assessing whether the focus should be on passenger travel or freight or both;
- (3) Identification of the corridors to be analyzed;
- (4) Land use and economic development implications;
- (5) Environmental considerations;
- (6) The compatibility of such a system with regional transportation plans along proposed corridors;
- (7) Impacts on and interfaces with other travel modes;
- (8) Technological options for high-speed ground transportation, both foreign and domestic;
- (9) Required specifications for speed, safety, access, and frequency;
- (10) Identification of existing highway or railroad rights of way that are suitable for high-speed travel;
- (11) Identification of additional rights of way that may be needed and the process for acquiring those rights of way;
- (12) The recommended institutional arrangement for carrying out detailed planning for such a system, for constructing it, and for operating it;
- (13) Whether financing of construction should be public or private or some combination of both;
- (14) Whether financing of operations should be public or private or some combination of both;
- (15) If public sector financing for any portion of capital or operation costs is deemed necessary, which existing or new tax sources would be appropriate.

The steering committee shall coordinate its work with that of the air transportation commission established in RCW 47.86.030.

NEW SECTION. Sec. 5. The steering committee shall seek to obtain private sector contributions at least equal to the amount of state funds appropriated for this purpose in section 9 of this act. All such contributions shall be deposited in the state treasury to the credit of department of transportation, to be expended in accordance with the provisions of section 9 of this act.

NEW SECTION. Sec. 6. In order to provide technical and administrative support to the steering committee, the office of high-speed ground transportation is created within the department of transportation. That office may contract with consultants at the direction of the steering committee and shall provide other support functions as requested by the committee.

NEW SECTION. Sec. 7. The steering committee shall present a final report to the governor, the legislature, and the transportation commission by October 15, 1992. It shall present interim progress reports as appropriate. The final report must include findings of the steering committee, a recommended plan for implementation, and proposed legislation to implement the next phase of a high-speed ground transportation program.

Sec. 8. RCW 47.86.030 and 1990 c 298 s 41 are each amended to read as follows:

The commission shall conduct studies to determine Washington's long-range air transportation policy, including an assessment of intermodal needs, and to assess the impacts of increasing air traffic upon surrounding communities, including an evaluation of noise mitigation and surface transportation impacts at existing facilities, and the potential impact at new or expanded facilities.

The studies shall include, but are not limited to the following:

(1) The feasibility of acquiring the Stampede Pass rail line for use as a utility corridor, intermodal high speed transportation corridor or other transportation uses. The study shall include an examination of the ownership of the Stampede Pass rail line right of way and evaluate the advantages and disadvantages of preserving the Stampede Pass rail line corridor. It shall include interested public and private agencies when conducting the study. The commission shall encourage local communities and the private sector to financially participate in the study. The commission shall make a presentation of the feasibility findings to the legislative transportation committee on or before December 1, 1990.

(2) Recommendations to the legislature on future Washington state air transportation policy, including the expansion of existing and potential air carrier and reliever facilities and the siting of such new facilities, specifically taking into consideration intermodal needs. The commission shall consider the development of wayports in eastern Washington, taking into account similar developments in Japan and Germany, in order to reduce congestion resulting from rapid growth in the Puget Sound region. The commission shall ~~((examine high speed rail transportation systems, including but not limited to magnetic levitation trains, personal rapid transit systems, and complimentary transportation systems, using to the extent possible the existing rights of way along I 90, I 5, and the Stampede Pass rail corridor))~~ coordinate its study of airport siting policy issues with the efforts of the high-speed ground transportation steering committee.

The commission shall submit findings and recommendations to the legislative transportation committee by December 1, 1994, with an interim report to be presented to the legislative transportation committee by December 1, 1992.

NEW SECTION. Sec. 9. The sum of five hundred thousand dollars, or as much thereof as may be necessary, is appropriated from the transportation fund to the department of transportation program T, for the biennium ending June 30, 1993, to carry out the purposes of this act. The appropriation shall be expended in accordance with the work plan developed by the high-speed ground transportation steering committee created in section 2 of this act: PROVIDED, That no more than seventy-five thousand dollars may be expended before the department of transportation receives one or more contributions from the private sector, in accordance with the provisions of section 5 of this act, totaling five hundred thousand dollars or more.

NEW SECTION. Sec. 10. Sections 1 through 7 of this act shall expire December 31, 1992.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

In line 1 of the title, after "transportation;" strike the remainder of the title and insert "amending RCW 47.86.030; creating new sections; making an appropriation; providing an expiration date; and declaring an emergency." and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1341 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that:

(1) Cutbacks in allowable sales of old growth timber in Washington state pose a substantial threat to the region and the state with massive layoffs, loss of personal income, and declines in state revenues;

(2) The timber-impacted communities are of critical significance to the state because of their leading role in the overall economic well-being of the state and their importance to the quality of life to all residents of Washington, and that this region requires a special state effort to diversify the local economy;

(3) There are key opportunities to broaden the economic base in the timber-impacted communities including agriculture, high-technology, tourism, and regional exports; and

(4) A coordinated state, local, and private sector effort offers the greatest potential to promote economic diversification and to provide support for new projects within the region.

The legislature further finds that if a special state effort does not take place the decline in allowable timber sales may result in a loss of six thousand logging and milling jobs; two hundred million dollars in direct wages and benefits; twelve thousand indirect jobs; and three hundred million dollars in indirect wages and benefits.

It is the intent of the legislature to develop comprehensive programs to provide diversified economic development and promote job creation and employment opportunities for the citizens of the timber-impacted communities.

NEW SECTION. Sec. 2. For the purposes of sections 1 through 13 of this act:

(1) "Department" means the department of trade and economic development;

(2) "Board" means the economic recovery coordination board;

(3) "Timber impact area" means a county or city or town located within a county meeting two of the following three criteria for the most recent year such data is available: (a) A lumber and wood products employment location quotient at or above the state average; (b) a direct lumber and wood products job loss of one hundred positions or more; or (c) an annual unemployment rate twenty percent above the state average.

(4) "Forest products worker" means any worker whose dislocation results from the reduction of forest fibre enhancement, transportation, or production. The Washington employment security department shall certify as to whether or not an individual works in an industry that meets this definition. It shall include workers employed in industries defined by SIC codes 24 and 26 and those who are involved in the harvesting and management of logs, transportation of logs and wood products, and processing of wood products, as well as the manufacturing and distribution of wood processing and logging equipment. The commissioner may adopt rules further interpreting these definitions.

NEW SECTION. Sec. 3. (1) The governor shall appoint a timber recovery coordinator. The coordinator shall coordinate the state's economic and social programs

targeted to timber-dependent communities and the state's interests in federal land management and regulatory issues.

The governor shall appoint a social services subcoordinator at the department of social and health services. The subcoordinator shall be responsible for coordinating and improving all dislocated worker and family assistance programs directed to timber or rural communities.

(4) This section shall expire June 30, 1993.

NEW SECTION. Sec. 4. (1) There is established the agency timber task force. The task force shall be chaired by the timber recovery coordinator, who shall be responsible for all activities of the task force and who shall have executive authority over all agencies represented in the task force with regard to programs created in this act. The task force shall consist of the directors, or representatives of the directors, of the following agencies: The department of trade and economic development, department of community development, employment security department, department of social and health services, state board for community college education, state board for vocational education, or its replacement entity, department of natural resources, department of transportation, state energy office, department of wildlife, and department of ecology. (2) Encourage cooperation among wood products firms through the formation of business networks to develop solutions to technology and product development problems, acquire and disseminate marketing information, promote and market wood products of this state, and address other common industry problems.

(3) Receive assistance from the board in the department's efforts to increase the competitiveness of the industry and increase the production of value-added products by providing grants for feasibility studies and product research and development. The grants under this subsection shall:

(a) Be of general benefit to the industry rather than intended to benefit a specific firm;

(b) Be for such activities as identifying options, assessing markets, evaluating business and financial risks, addressing production issues, and assessing new technologies; and

(c) Be less than thirty-five thousand dollars unless seventy-five percent of the agency timber task force authorizes up to fifty thousand dollars.

(4) Work with state agencies, wood products firms, wood products industry associations, and institutions of higher education in this state to assure close coordination of all efforts to improve the competitiveness of the wood products industry in this state.

(5) Report periodically to the governor, the legislature, the wood products industry, and the general public on the competitive position of the wood products industry in this state, and make such recommendations as the department determines appropriate for public or private actions needed to improve the competitiveness of the wood products industry in this state.

In pursuing efforts to stimulate the growth of timber enterprises and to strengthen the timber economy, the state should identify opportunities to learn from and/or work with other states and provinces. A regional working session on value-added timber products, jointly sponsored by the Pacific Northwest economic region and the Northwest policy center, shall be held in 1991. Washington state and its appropriate agencies are encouraged to participate in this working session.

NEW SECTION. Sec. 11. (1) The department shall develop an implementation plan for a forest products development center to be located in Forks, Washington, as a model public/private manufacturing partnership. The center plan shall determine methods to:

(a) Improve the technology in the timber industry by improving production methods and equipment to become more competitive;

(b) Work with private industry to improve the infrastructure to finance the capital expenditures necessary for public facilities such as roads and utilities;

(c) Train new production workers to be more sophisticated production workers by offering training opportunities allowing workers to adapt to a changing workplace;

(d) Provide updated knowledge of the consumer and industry trends around the world to identify markets; and

(e) Serve as a model to demonstrate environmental compliance techniques allowing efficient, profitable production to be sustained at all times.

(2) This plan shall be submitted to the legislature by July 1, 1992.

NEW SECTION. Sec. 12. The department, in consultation with the board, shall conduct long-range policy planning surveys to determine the best options and alternative economic programs for long-term development in the timber-impacted counties of the state of Washington. These surveys are to include:

(1) A survey of the feasibility of developing telecommuting businesses;

(2) A growers' marketing cooperative for alternative forest products;

(3) Strengthening the business assistance center concept in the timber-impacted areas to insure expanding and new businesses will be able to have all inquiries answered at one governmental agency;

(5) Expansion of the Washington market place program including: The development of a wood products manufacturers network to encourage cooperative product marketing and expanded export assistance;

(6) The department and the board shall conduct a survey to determine the actual future employment needs and jobs skills in the timber-impacted areas.

The Washington state air transportation commission shall conduct a study of the possibility of locating an airport facility designed to relieve air traffic overflow from Seattle-Tacoma international airport in Grays Harbor county.

The commission shall consider airport facilities currently in use in Grays Harbor county, the property set aside at the uncompleted Satsop nuclear site, the distance from operating port facilities, the desires of the community, and linkage with the Interstate 5 corridor by rapid transit rail service.

NEW SECTION. Sec. 13. (1) Through an interagency agreement with the department, the employment security department shall provide enhanced retraining, support services, and job search assistance, including an out-of-area job search and relocation component, if needed, for dislocated workers in the timber-impacted areas. For the purpose of this section "dislocated workers" means workers in the timber-impacted areas who (a) have been terminated or laid off, or received a notice of termination or layoff from employment and are eligible for or have exhausted their entitlement to benefits under Title 50 RCW; (b) have been terminated as a result of any permanent plant closure; (c) are long-term unemployed and are unlikely to return to employment in the individual's principal occupation or previous industry because of a diminishing demand for their skills in that occupation or industry; or (d) are farmers or other self-employed individuals who have been displaced due to economic conditions or natural disasters. Training and retraining assistance shall be designed to contribute to the diversification of the economy of the timber-impacted areas or to relieve economic dislocation and distress in the timber-impacted areas resulting from the sudden and severe loss of local sources of employment.

(2) The employment security department shall consult with and may subcontract with local educational institutions, local businesses, local labor organizations, local associate development organizations, local private industry councils, local social service organizations, and local governments in carrying out this program of training and services for dislocated workers in the timber-impacted areas.

(3) Training and retraining assistance provided under sections 1 through 13 of this act should include but need not be limited to the following areas: Entrepreneurial development and training; short-term job creation; training in the incubation of new business enterprises and training at incubator facilities; agriculture, agricultural processing, and agricultural services; the industrial applications of advanced technology; recreational and tourism development; and training through the self-employment and enterprise development (SEED) program. The department of social and health services shall help families and workers make the transition through economic difficulties and provide workers with marketable skills. Funding shall be coordinated through the board which will establish a fund to provide child care assistance, mortgage assistance, and counseling which cannot be met through current programs.

(4) Such services shall be either direct or referral services to the unemployed, and should include, but need not be limited to: Credit counseling; social services including marital counseling; psychotherapy or psychological counseling; mortgage foreclosures and utilities problems counseling; drug and alcohol abuse services; medical services; and residential heating and food acquisition.

(2) The department shall notify potentially eligible persons who apply for unemployment compensation benefits of the provisions of this section.

(3) Eligible persons shall develop individual training plans and submit the plans to the commissioner for approval.

(4) If a training plan is approved by the commissioner within the first twenty-four weeks of a person's unemployment compensation claim or within twenty-four weeks of the effective date of this section, whichever is later, the person shall be eligible for extended benefits under subsection (5) of this section and for tuition waivers under section 22 of this act.

(5) Persons eligible under subsections (1) and (4) of this section who are either enrolled in a training course that has been approved by the commissioner or have applied to and are waiting for admission into an approved training course are eligible for extended benefits for an additional twenty-six weeks. Total unemployment compensation benefits may not exceed fifty-two times the eligible person's weekly benefit amount reduced by other state or federal unemployment benefits available for the same weeks of unemployment.

(6) Benefits paid pursuant to this section shall be paid under the same terms and conditions as extended benefits and shall not be charged to the experience rating accounts of individual employers.

(7) The commissioner shall adopt rules as necessary to implement this section.

NEW SECTION. Sec. 22. A new section is added to chapter 28B.15 RCW to read as follows:

Unemployed dislocated forest workers eligible for benefits under section 21 of this act who comply with all requirements for admittance shall be admitted to and may attend any public four-year institution of higher education, community college, or vocational-technical institution that has space available without paying tuition and service and activity fees for courses approved by the commissioner of employment security under section 21 of this act. A tuition waiver is limited to a maximum of six academic quarters, four semesters, or the equivalent of two academic years of full-time study.

This section shall expire on June 30, 1996.

Sec. 23. RCW 28B.15.740 and 1989 c 340 s 2 are each amended to read as follows:

(1) The boards of trustees or regents of each of the state's regional universities, The Evergreen State College, or state universities, and the various community colleges, consistent with regulations and procedures established by the state board for community

college education, may waive, in whole or in part, tuition and services and activities fees subject to the limitations set forth in subsections (2) and (3) of this section.

(2) Except as provided in subsection (3) of this section, the total dollar amount of tuition and fee waivers awarded by any state university, regional university, or state college, shall not exceed four percent, and for the community colleges considered as a whole, such amount shall not exceed three percent of an amount determined by estimating the total collections from tuition and services and activities fees had no such waivers been made and deducting the portion of that total amount which is attributable to the difference between resident and nonresident fees: PROVIDED, That at least three-fourths of the dollars waived shall be for needy students who are eligible for resident tuition and fee rates pursuant to RCW 28B.15.012 through 28B.15.015: PROVIDED FURTHER, That the remainder of the dollars waived, not to exceed one-fourth of the total, may be applied to other students at the discretion of the board of trustees or regents, except on the basis of participation in intercollegiate athletic programs: PROVIDED FURTHER, That the waivers for undergraduate and graduate students of foreign nations under RCW 28B.15.556 and the waivers under section 22 of this act for unemployed forest products workers or workers who reside in timber-impacted areas defined in section 2 of this act are not subject to the limitation under this section.

(3) In addition to the tuition and fee waivers provided in subsection (2) of this section and subject to the provisions of RCW 28B.15.455 and 28B.15.460, a total dollar amount of tuition and fee waivers awarded by any state university, regional university, or state college, not to exceed one percent, as calculated in subsection (2) of this section, may be used for the purpose of achieving or maintaining gender equity in intercollegiate athletic programs. At any institution that has an underrepresented gender class in intercollegiate athletics, any such waivers shall be awarded:

(a) First, to members of the underrepresented gender class who participate in intercollegiate athletics, where such waivers result in saved or displaced money that can be used for athletic programs for the underrepresented gender class. Such saved or displaced money shall be used for programs for the underrepresented gender class; and

(b) Second, (i) to nonmembers of the underrepresented gender class who participate in intercollegiate athletics, where such waivers result in saved or displaced money that can be used for athletic programs for members of the underrepresented gender class. Such saved or displaced money shall be used for programs for the underrepresented gender class; or (ii) to members of the underrepresented gender class who participate in intercollegiate athletics, where such waivers do not result in any saved or displaced money that can be used for athletic programs for members of the underrepresented gender class.

Sec. 24. RCW 70.47.010 and 1987 1st ex.s. c 5 s 3 are each amended to read as follows:

(1) The legislature finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women who are an especially vulnerable population, along with their children, and who need greater access to managed health care.

(2) The purpose of this chapter is to provide necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care

services. To that end, this chapter establishes a program to be made available to those residents under sixty-five years of age not otherwise eligible for medicare with gross family income at or below two hundred percent of the federal poverty guidelines or a dislocated worker as defined in RCW 70.47.020 who share in the cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations.

Sec. 25. RCW 70.47.020 and 1987 1st ex.s. c 5 s 4 are each amended to read as follows:

As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator.

(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system.

(4) "Enrollee" means an individual, or an individual plus the individual's spouse and/or dependent children, all under the age of sixty-five and not otherwise eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, or a dislocated worker as defined in this section who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

(5) "Subsidy" means the difference between the amount of periodic payment the administrator makes, from funds appropriated from the basic health plan trust account, to a managed health care system on behalf of an enrollee and the amount determined to be the enrollee's responsibility under RCW 70.47.060(2).

(6) "Premium" means a periodic payment, based upon gross family income and determined under RCW 70.47.060(2), which an enrollee makes to the plan as consideration for enrollment in the plan.

(7) "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of enrollees in the plan and in that system.

(8) "Dislocated workers" means workers in timber-impacted areas who (a) have been terminated or laid off, or received a notice of termination or layoff from employment and are eligible for or have exhausted their entitlement to benefits under Title 50 RCW; (b) have been terminated as a result of any permanent plant closure; (c) are long-term

unemployed and are unlikely to return to employment in the individual's principal occupation or previous industry because of a diminishing demand for their skills in that occupation or industry; or (d) are farmers or other self-employed individuals who have been displaced due to economic conditions or natural disasters.

Sec. 26. RCW 70.47.060 and 1991 c 3 s 339 are each amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, and other services that may be necessary for basic health care, which enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care, shall include all services necessary for prenatal, postnatal, and well-child care, and shall include a separate schedule of basic health care services for children, eighteen years of age and younger, for those enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate.

(2) To design and implement a structure of periodic premiums due the administrator from enrollees that is based upon gross family income, giving appropriate consideration to family size as well as the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan.

(3) To design and implement a structure of nominal copayments due a managed health care system from enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:

(a) Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;

(b) A modified fee-for-services payment schedule for providers;

(c) Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and

(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.

The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.

(5) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080.

In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state.

(8) To receive periodic premiums from enrollees and employers, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least annually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums or status as a dislocated worker. An enrollee who remains current in payment of the sliding-scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level or whose status as a dislocated worker has changed, may continue enrollment unless and until the enrollee's gross family income has remained above twice the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level, who is a dislocated worker, or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To require that prospective enrollees who may be eligible for categorically needy medical coverage under RCW 74.09.510 or whose income does not exceed the medically needy income level under RCW 74.09.700 apply for such coverage, but the administrator shall enroll the individuals in the plan pending the determination of eligibility under chapter 74.09 RCW.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems,

economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the administrator. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(13) To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.

(14) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(15) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(16) To provide, consistent with available resources, technical assistance for rural health activities that endeavor to develop needed health care services in rural parts of the state.

Sec. 27. RCW 70.47.080 and 1987 1st ex.s. c 5 s 10 are each amended to read as follows:

On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.

Thereafter, total enrollment shall not exceed the number established by the legislature in any act appropriating funds to the plan.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in RCW 70.47.060(4).

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system.

This section shall not apply to those areas where there are enrollees designated as dislocated workers.

NEW SECTION. Sec. 28. (1) The Pacific Northwest export assistance project is hereby created for the following purposes:

(a) To assist small to medium-sized manufacturers relatively new to exporting with gross annual revenues less than twenty-five million dollars with comprehensive services for designing and managing introductory export strategies and in securing financing and credit guarantees for export transactions;

(b) To provide, in cooperation with the export promotion services offered by the department of trade and economic development and the Washington state department of agriculture, information and assistance to businesses with gross annual revenues less than

twenty-five million dollars about the methods and procedures of structuring company specific export financing and credit guarantee alternatives; or

(c) To provide information to their clients about opportunities in organizing cooperative export networks, foreign sales corporations, or export trading companies under the United States export trading company act of 1982, for the purpose of increasing their comparative sales volume and ability to export their products to foreign markets.

(2) The Pacific Northwest export assistance project is a separate branch of the small business export finance assistance center for accounting and auditing purposes.

(3) The Pacific Northwest export assistance project is subject to the authority of the small business export finance assistance center, under RCW 43.210.020, and shall be governed and managed by the board of directors, under RCW 43.210.030.

NEW SECTION. Sec. 29. (1) The small business export finance assistance center has the following powers and duties when exercising its authority under section 28(3) of this act:

(a) Solicit and accept grants, contributions, and any other financial assistance from the federal government, federal agencies, and any other public or private sources to carry out its purposes;

(b) Offer comprehensive export assistance and counseling to manufacturers relatively new to exporting with gross annual revenues less than twenty-five million dollars. As close to ninety percent as possible of each year's new cadre of clients must have gross annual revenues of less than five million dollars at the time of their initial contract. Counseling may include, but not be limited to, helping clients obtain debt or equity financing, in constructing competent proposals, and assessing federal guarantee and/or insurance programs that underwrite exporting risk; assisting clients in evaluating their international marketplace by developing marketing materials, assessing and selecting targeted markets; assisting firms in finding foreign customers by conducting foreign market research, evaluating distribution systems, selecting and assisting in identification of and/or negotiations with foreign agents, distributors, retailers, and by promoting products through attending trade shows abroad; advising companies on their products, guarantees, and after sales service requirements necessary to compete effectively in a foreign market; designing a competitive strategy for a firm's products in targeted markets and methods of minimizing their commercial and political risks; securing for clients specific assistance as needed, outside the center's field of expertise, by referrals to other public or private organizations. The Pacific Northwest export assistance project shall focus its efforts on facilitating export transactions for its clients, and in doing so, provide such technical services as are appropriate to accomplish its mission either with staff or outside consultants;

(c) Sign three-year counseling agreements with its clients that provide for termination if adequate funding for the Pacific Northwest export assistance project is not provided in future appropriations. Counseling agreements shall not be renewed unless there are compelling reasons to do so, and under no circumstances shall they be renewed for more than two additional years. A counseling agreement may not be renewed more than once. The counseling agreements shall have mutual performance clauses, that if not met, will be grounds for releasing each party, without penalty, from the provisions of the agreement. Clients shall be immediately released from a counseling agreement with the Pacific Northwest export assistance project, without penalty, if a client wishes to switch to a private export management service and produces a valid contract signed with a private export management service, or if the president of the small business export finance assistance center determines there are compelling reasons to release a client from the provisions of the counseling agreement;

(d) May contract with private or public international trade education services to provide Pacific Northwest export assistance project clients with training in international business. The president and board of directors shall decide the amount of funding

allocated for educational services based on the availability of resources in the operating budget of the budget of the Pacific Northwest export assistance project;

The president and board of directors shall decide the amount of funding allocated for trade fair assistance based on the availability of resources in the operating budget of the Pacific Northwest export assistance project;

(f) Provide biennial assessments of its performance. The Pacific Northwest export assistance project is an innovative program for the promotion of international trade. As such, the project personnel shall work with the department of revenue and employment security department to confidentially track the performance of the project's clients in increasing tax revenues to the state, increasing gross sales revenues and volume of products destined to foreign clients, and in creating new jobs for Washington citizens. A biennial report shall be prepared for the governor and legislature to assess the costs and benefits to the state from creating the project. The president of the small business export finance assistance center shall design an appropriate methodology for biennial assessments in consultation with the director of the department of trade and economic development and the director of the Washington state department of agriculture. The department of revenue and the employment security department shall provide data necessary to complete this biennial evaluation, if the data being requested is available from existing data bases. Client-specific information generated from the files of the department of revenue and the employment security department for the purposes of this evaluation shall be kept strictly confidential by each department and the small business export finance assistance center;

(g) Take whatever action may be necessary to accomplish the purposes set forth in sections 28 through 31 of this act; and

(3) The Pacific Northwest export assistance project may not use any Washington state funds which come from the public treasury of the state of Washington to make loans or to make any payment under a loan guarantee agreement. Under no circumstances may the center use any funds received under RCW 43.210.050 to make or assist in making any loan or to pay or assist in paying any amount under a loan guarantee agreement. Debts of the center shall be center debts only and may be satisfied only from the resources of the center. The state of Washington shall not in any way be liable for such debts.

Temporary services and fees may be negotiated by the small business export finance assistance center's president subject to approval of the board of directors. The president of the small business export finance assistance center may enter into negotiations with neighboring states to contract for delivery of the project's services. Final contracts for providing the project's counseling and services outside of the state of Washington on a permanent basis shall be subject to approval of the governor, appropriate legislative oversight committees, and the small business export finance assistance center's board of directors.

(6) The small business export finance assistance center may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the Pacific Northwest export assistance project and expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

(7) The president of the small business export finance assistance center, in consultation with the board of directors, may use the following formula in determining the number of clients that can be reasonably served by the Pacific Northwest export assistance project relative to its appropriation. Divide the amount appropriated for administration of the Pacific Northwest export assistance project by the marginal cost of adding each additional Pacific Northwest export assistance project client. For the purposes of this calculation, and only for the first biennium of operation, the biennial marginal cost of adding each additional Pacific Northwest export assistance project client shall be fifty-seven thousand ninety-five dollars. The biennial marginal cost of adding each additional client after the first biennium of operation shall be established from the actual operating experience of the Pacific Northwest export assistance project.

(8) All receipts from the Pacific Northwest export assistance project shall be deposited into the general fund.

(3) The legislature finds and declares that the state has a role in increasing the utilization of our housing resources and in reducing the barriers to the provision of affordable housing.

(4) The legislature finds and declares that there are many benefits associated with the creation of second-family residential units on existing single-family lots, which include:

NEW SECTION. Sec. 52. A new section is added to chapter 36.70A RCW to read as follows:

Each city and county may issue a zoning variance, special use permit, or conditional use permit for a dwelling unit to be constructed, or which is attached to or detached from, a primary residence on a parcel zoned for a single-family residence.

NEW SECTION. Sec. 53. A new section is added to chapter 35.63 RCW to read as follows:

(1) Each city and county may, by ordinance, provide for the creation of second units in single-family and multifamily residential zones consistent with all of the following provisions:

(a) Areas may be designated within the jurisdiction of each city where second units may be permitted;

(b) The designation of areas may be based on criteria, which may include, but are not limited to, the adequacy of water and sewer services and the impact of second units on traffic flow;

(c) Each city may find that second units do not exceed the allowable density for the lot upon which the second unit is located, and that second units are a residential use that is consistent with the existing general plan and zoning designation for the lot;

(d) The second units created shall not be considered in the application of any local ordinance, policy, or program to limit residential growth; and

(e) Each city may establish a process for the issuance of a conditional use permit for second units.

(2) When a city which has not adopted an ordinance governing second units in accordance with subsection (1) of this section receives its first application on or after July 1, 1992, for a conditional use permit pursuant to this subsection, it shall accept the application and approve or disapprove the application pursuant to this subsection unless it adopts an ordinance in accordance with subsection (1) of this section within one hundred twenty days after receiving the application. Each city shall grant a special use or a conditional use permit for the creation of a second unit if the second unit complies with all of the following:

(a) The unit is not intended for sale and may be rented;

(b) The lot is zoned for single-family or multifamily use;

(c) The lot contains an existing single-family dwelling;

(d) The second unit is either attached to the existing dwelling and located within the living area of the existing dwelling or detached from the existing dwelling and located on the same lot as the existing dwelling;

(e) Any increase in the floor area of an attached second unit shall not exceed thirty percent of the existing living area;

(f) The total area of floor space for a detached second unit shall not exceed one thousand two hundred square feet;

(g) Any construction shall conform to height, setback, lot coverage, architectural review, site plan review, fees, charges, and other zoning requirements generally applicable to residential construction in the zone in which the property is located;

(h) Local building code requirements which apply to detached dwellings, as appropriate; and

(i) Approval by the local health officer where a private sewage disposal system is being used, if required.

(3)(a) No other local ordinance, policy, or regulation shall be the basis for the denial of a building permit or a use permit under subsection (2) of this section.

(b) Subsection (2) of this section establishes the maximum standards that local agencies shall use to evaluate proposed second units on lots zoned for residential use which contain an existing single-family dwelling. No additional standards, other than those provided in subsection (1) or (2) of this section, shall be utilized or imposed, except that a city may require an applicant for a permit issued pursuant to subsection (2) of this section to be an owner-occupant.

(c) This subsection does not limit the authority of local agencies to adopt less restrictive requirements for the creation of second units.

(d) No changes in zoning ordinances or other ordinances or any changes in the general plan shall be required to implement this subsection. Any local agency may amend its zoning ordinance or general plan to incorporate the policies, procedures, or other provisions applicable to the creation of second units if these provisions are consistent with the limitations of this subsection.

(e) A second unit which conforms to the requirements of this subsection shall not be considered to exceed the allowable density for the lot upon which it is located, and shall be deemed to be a residential use which is consistent with the existing general plan

and zoning designations for the lot. The second units shall not be considered in the application of any local ordinance, policy, or program to limit residential growth.

(f) A city shall not adopt an ordinance which totally precludes second units within single-family and multifamily zoned areas unless the ordinance contains findings acknowledging that the ordinance may limit housing opportunities of the region and further contains findings that specific adverse impacts on the public health, safety, and welfare that would result from allowing second units within single-family and multifamily zoned areas justify adopting the ordinance.

NEW SECTION. Sec. 54. A new section is added to chapter 35A.63 RCW to read as follows:

Sec. 57. RCW 43.160.010 and 1989 c 431 s 61 are each amended to read as follows:

(1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;

(c) Encouraging wider access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and employment; and

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways in the vicinity of new industries considering locating in this state or existing industries that are considering significant expansion.

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development. All such improvements must first be approved by the state transportation commission and the community economic revitalization board in accordance with the

procedures established by RCW 43.160.074 and 47.01.280. It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.

(3) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

(4) The legislature finds that sharing economic growth state-wide is important to the welfare of the state. Distressed areas and timber-dependent counties do not share in the economic vitality of the Puget Sound region. Infrastructure is one of several ingredients that are critical for economic development. Distressed areas and timber-dependent counties generally lack the infrastructure necessary to diversify and revitalize their economies. It is, therefore, the intent of the legislature to increase the availability of funds to help provide infrastructure to distressed areas and timber-dependent counties.

April 22, 1991

To the Honorable, the House
of Representatives of
the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 3, 5, and 10, Substitute House Bill No. 1800 entitled:

"AN ACT Relating to international relations and protocol."

This bill establishes an Office of International Relations and Protocol within the Office of the Governor and provides the office with broad powers to manage international issues affecting this state. It eliminates current responsibilities relating to this function in the Department of Trade and Economic Development.

This is a sound organizational move which I strongly support. It recognizes that activities associated with these kinds of programs are not geared solely to economic and foreign trade considerations. They also affect the broad spectrum of state and local government responsibilities, including cross-cultural exchanges, international education opportunities, global environmental impacts, scientific and agricultural issues, and many other important policy considerations. The Office of the Governor is uniquely suited to provide the statewide leadership and intergovernmental coordination that is required by this important function.

In spite of my strong agreement with the bill's intent, the measure does have some administrative/fiscal problems that were clearly identified by my office during the session. Most importantly, the bill lacks funding to carry out certain mandated responsibilities. Both the Senate and House budgets currently provide only \$134,000 for the biennium and one staff person to perform a wide variety of required duties in section 3. These functions tend to be very resource-intensive. Without additional funding, it would be difficult to comply even minimally with some of these mandates.

In addition, section 5 requires the creation of an international relations advisory committee to consist of at least 15 members. In order for this group to function properly and exercise its statutory duties, it will have to meet regularly and be afforded reimbursement for travel expenses and lodging associated with its meetings. Without sufficient funding, it would be difficult for this group to function in the manner required by the bill.

I firmly believe that an important element in effective international relations programs is to ensure that expectations are matched with actions and resources that are consistent over time. Section 3, and to some extent, section 5, raise a set of expectations about the state performing a wide range of coordinative technical assistance, and diplomatic functions without providing the resources to

carry them out. In the long run, I do not believe that will enhance our status as a credible participant in the international arena.

Section 10, which requires automatic transfer of existing employees to the new office, is inconsistent with the authority given to the Governor in section 2 to appoint staff to the program.

For these reasons, I have vetoed sections 3, 5, and 10 of this bill.

With the exception of sections 3, 5, and 10, Substitute House Bill No. 1800 is approved.

Respectfully submitted,
Booth Gardner, Governor.

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1991

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1723 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that encouraging collaboration among the various educational sectors to meet state-wide needs will strengthen the entire educational system, kindergarten through twelfth grade and higher education. The legislature also recognizes that the most effective way to develop innovative and collaborative programs is to encourage institutions to develop them voluntarily, in line with established state goals. Through a system of competitive grants, the legislature shall encourage the development of innovative and collaborative solutions to issues of critical state-wide need, including:

- (1) Improving rates of participation and completion at each educational level;
- (2) Recognizing needs of special populations of students;

(3) Improving the effectiveness of education by better coordinating communication and understanding between sectors.

NEW SECTION. Sec. 2. The Washington fund for excellence in higher education program is established. The higher education coordinating board shall administer the program. Through this program the board may award on a competitive basis incentive grants to state public institutions of higher education or consortia of institutions to encourage cooperative programs designed to address specific system problems. Grants shall not exceed a two-year period. Each institution or consortia of institutions receiving the award shall contribute some financial support, either by covering part of the costs for the program during its implementation, or by assuming continuing support at the end of the grant period. Strong priority will be given to proposals that involve more than one sector of education, and to proposals that show substantive institutional commitment. Institutions are encouraged to solicit nonstate funds to support these cooperative programs.

NEW SECTION. Sec. 3. The higher education coordinating board shall have the following powers and duties in administering the program:

(1) To adopt rules necessary to carry out the program;

(2) To establish one or more review committees to assist in the evaluation of proposals for funding. The review committee shall include individuals with significant experience in higher education in areas relevant to one or more of the funding period priorities;

(3) To establish each biennium specific guidelines for submitting grant proposals consistent with the overall goals of the program. During the 1991-93 biennium the guidelines shall be consistent with the following priorities: (a) Minority and diversity initiatives that encourage the participation of minorities in higher education, including students with disabilities, at a rate consistent with their proportion of the population; (b) K-12 teacher preparation models that encourage collaboration between higher education and K-12 to improve the preparedness of teachers, including provisions for higher education faculty involved with teacher preparation to spend time teaching in K-12 schools; and (c) articulation and transfer activities to smooth the transfer of students from K-12 to higher education, or from the community colleges to four-year institutions. After June 30, 1993, and each biennium thereafter, the board shall determine funding priorities for collaborative proposals for the biennium in consultation with the governor, the legislature, the office of the superintendent of public instruction, the state board for community college education, the state board for vocational education, higher education institutions, educational associations, and business and community groups consistent with state-wide needs;

(4) To solicit grant proposals and provide information to the institutions of higher education about the program; and

(5) To establish reporting, monitoring, and dissemination requirements for the recipients of the grants.

NEW SECTION. Sec. 4. The higher education coordinating board may solicit and receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the program and may expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

NEW SECTION. Sec. 5. The fund for excellence is hereby established in the custody of the state treasurer. The higher education coordinating board shall deposit in the fund all moneys received under section 4 of this act. Moneys in the fund may be spent only for the purposes of sections 2 and 3 of this act. Disbursements from the fund shall be on the authorization of the higher education coordinating board. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements.

NEW SECTION. Sec. 6. Sections 2 through 5 of this act shall constitute a new chapter in Title 28B RCW.

On page 1, line 2 of the title, after "programs;" strike the remainder of the title and insert "adding a new chapter to Title 28B RCW; and creating a new section." and the same is herewith transmitted.

POINT OF INQUIRY

Mr. Nelson yielded to question by Ms. Winsley.

Ms. Winsley: Representative Nelson, what is the effect of the Senate amendment that allows drug-related activity to constitute a nuisance for unlawful detainer purposes?

Mr. Nelson: Thank you, Representative Winsley. The intent of the Senate amendment is to allow housing authorities greater flexibility in evicting tenants for drug-related activity. A housing authority would be able to evict someone for drug-related activity because it constitutes unlawful business, or because it constitutes a nuisance. In either case, an eviction could proceed after three days notice.

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2058 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that:

(1) Childhood sexual abuse is a pervasive problem that affects the safety and well-being of many of our citizens.

(2) Childhood sexual abuse is a traumatic experience for the victim causing long-lasting damage.

(3) The victim of childhood sexual abuse may repress the memory of the abuse or be unable to connect the abuse to any injury until after the statute of limitations has run.

(4) The victim of childhood sexual abuse may be unable to understand or make the connection between childhood sexual abuse and emotional harm or damage until many years after the abuse occurs.

(5) Even though victims may be aware of injuries related to the childhood sexual abuse, more serious injuries may be discovered many years later.

(6) The legislature enacted RCW 4.16.340 to clarify the application of the discovery rule to childhood sexual abuse cases. At that time the legislature intended to reverse the Washington supreme court decision in *Tyson v. Tyson*, 107 Wn.2d 72, 727 P.2d 226 (1986).

It is still the legislature's intention that *Tyson v. Tyson*, 107 Wn.2d 72, 727 P.2d 226 (1986) be reversed, as well as the line of cases that state that discovery of any injury whatsoever caused by an act of childhood sexual abuse commences the statute of limitations. The legislature intends that the earlier discovery of less serious injuries should not affect the statute of limitations for injuries that are discovered later.

Sec. 2. RCW 4.16.340 and 1989 c 317 s 2 are each amended to read as follows:

(1) All claims or causes of action based on intentional conduct brought by any person for recovery of damages for injury suffered as a result of childhood sexual abuse shall be commenced within the later of the following periods:

(a) Within three years of the act alleged to have caused the injury or condition((~~e~~));

(b) Within three years of the time the victim discovered or reasonably should have discovered that the injury or condition was caused by said act(~~(, whichever period expires later)~~); or

(c) Within three years of the time the victim discovered that the act caused the injury for which the claim is brought:

PROVIDED, That the time limit for commencement of an action under this section is tolled for a child until the child reaches the age of eighteen years.

(2) The victim need not establish which act in a series of continuing sexual abuse or exploitation incidents caused the injury complained of, but may compute the date of discovery from the date of discovery of the last act by the same perpetrator which is part of a common scheme or plan of sexual abuse or exploitation.

(3) The knowledge of a custodial parent or guardian shall not be imputed to a person under the age of eighteen years.

(4) For purposes of this section, "child" means a person under the age of eighteen years.

(5) As used in this section, "childhood sexual abuse" means any act committed by the defendant against a complainant who was less than eighteen years of age at the time of the act and which act would have been a violation of chapter 9A.44 RCW or RCW 9.68A.040 or prior laws of similar effect at the time the act was committed.

On page 1, line 2 of the title, after "abuse;" strike the remainder of the title and insert "amending RCW 4.16.340; and creating a new section." and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1960 with the following amendments:

Strike everything after the enacting clause and insert the following:

"PART 1

TEMPORARY PRACTICE PERMITS

CONTINUED HEALTH PROFESSIONAL COMPETENCY DEMONSTRATION PROJECTS"

Sec. 1. RCW 18.130.010 and 1986 c 259 s 1 are each amended to read as follows:

It is the intent of the legislature to strengthen and consolidate disciplinary and licensure procedures for the licensed health and health-related professions and businesses by providing a uniform disciplinary act with standardized procedures for the licensure of health care professionals and the enforcement of laws the purpose of which is to assure the public of the adequacy of professional competence and conduct in the healing arts.

It is also the intent of the legislature that all health and health-related professions newly credentialed by the state come under the uniform disciplinary act.

Further, the legislature declares that the addition of public members on all health care boards can give both the state and the public, which it has a statutory responsibility

to protect, assurances of accountability and confidence in the various practices of health care.

NEW SECTION. Sec. 2. A new section is added to chapter 18.130 RCW to read as follows:

If an individual licensed in another state, that has licensing standards substantially equivalent to Washington, applies for a license, the disciplining authority shall issue a temporary practice permit authorizing the applicant to practice the profession pending completion of documentation that the applicant meets the requirements for a license and is also not subject to denial of a license or issuance of a conditional license under this chapter. The temporary permit may reflect statutory limitations on the scope of practice. The permit shall be issued only upon the disciplining authority receiving verification from the states in which the applicant is licensed that the applicant is currently licensed and is not subject to charges or disciplinary action for unprofessional conduct or impairment. Notwithstanding RCW 34.05.422(3), the disciplining authority shall establish, by rule, the duration of the temporary practice permits. Failure to surrender the permit is a misdemeanor under RCW 9A.20.010 and shall be unprofessional conduct under this chapter. The issuance of temporary permits is subject to the provisions of this chapter, including summary suspensions.

NEW SECTION. Sec. 3. A new section is added to chapter 18.130 RCW to read as follows:

The disciplinary authorities are authorized to develop and require licensees' participation in continuing competency pilot projects for the purpose of developing flexible, cost-efficient, effective, and geographically accessible competency assurance methods. The secretary shall establish criteria for development of pilot projects and shall select the disciplinary authorities that will participate from among the professions requesting participation. The department shall administer the projects in mutual cooperation with the disciplinary authority and shall allot and administer the budget for each pilot project. The department shall report to the legislature in January of each odd-numbered year concerning the progress and findings of the projects and shall make recommendations on the expansion of continued competency requirements to other licensed health professions.

Each disciplinary authority shall establish its pilot project in rule and may support the projects from a surcharge on each of the affected profession's license renewal in an amount established by the secretary.

"PART 2

STATE-WIDE HEALTH PERSONNEL RESOURCE PLAN"

NEW SECTION. Sec. 4. INTENT. The legislature finds that certain health care professional shortages exist and result in entire communities or specific populations within communities not having access to basic health care services.

The legislature further finds that the state currently does not have a state-wide comprehensive and systematic policy for the purpose of identifying shortages and designing and implementing activities to address shortages.

The legislature declares that the establishment of higher educational programming and other activities necessary to address health professional shortages should be a state policy concern and that a means to accomplish this should be established.

The legislature further declares that the development of state policy on professional shortages should involve close coordination and consultation between state government, institutions of higher education that conduct health care research and train health care professionals, health care service providers, consumers, and others.

The legislature further declares that the health care needs of the people of this state should be the primary factor determining state policymaking designed to address health professional shortages.

NEW SECTION. Sec. 5. STATE-WIDE HEALTH PERSONNEL RESOURCE PLAN. (1) The higher education coordinating board, the state board for community

college education, the superintendent of public instruction, the state department of health, and the state department of social and health services, to be known for the purposes of this section as the committee, shall establish a state-wide health personnel resource plan. The governor shall appoint a lead agency from one of the agencies on the committee.

In preparing the state-wide plan the committee shall consult with the training and education institutions affected by this chapter, health care providers, employers of health care providers, insurers, consumers of health care, and other appropriate entities.

Should a successor agency or agencies be authorized or created by the legislature with planning, coordination, or administrative authority over vocational-technical schools, community colleges, or four-year higher education institutions, the governor shall grant membership on the committee to such agency or agencies and remove the member or members it replaces.

The committee shall appoint subcommittees for the purpose of assisting in the development of the institutional plans required under this chapter. Such subcommittees shall at least include those committee members that have statutory responsibility for planning, coordination, or administration of the training and education institutions for which the institutional plans are being developed. In preparing the institutional plans for four-year institutes of higher education, the subcommittee shall be composed of at least the higher education coordinating board and the state's four-year higher education institutions. The appointment of subcommittees to develop portions of the state-wide plan shall not relinquish the committee's responsibility for assuring overall coordination, integration, and consistency of the state-wide plan.

In establishing and implementing the state-wide health personnel resource plan the committee shall, to the extent possible, utilize existing data and information, personnel, equipment, and facilities and shall minimize travel and take such other steps necessary to reduce the administrative costs associated with the preparation and implementation of the plan.

(2) The state-wide health resource plan shall include at least the following:

(d) A description of how innovative, cost-effective technologies such as telecommunications can and will be used to provide higher education, vocational-technical, continued competency, and skill maintenance and enhancement education and training to placebound students who need flexible programs and who are unable to attend institutions for training.

(e) A strategy for assuring higher education and vocational-technical educational and training programming is sensitive to the changing work force such as reentry workers, women, minorities, and the disabled.

(f) A strategy and coordinated state-wide policy developed by the subcommittees authorized in subsection (1) of this section for increasing the number of graduates

intending to serve in shortage areas after graduation, including such strategies as the establishment of preferential admissions and designated enrollment slots.

(g) Guidelines and policies developed by the subcommittees authorized in subsection (1) of this section for allowing academic credit for on-the-job experience such as internships, volunteer experience, apprenticeships, and community service programs.

(h) A strategy developed by the subcommittees authorized in subsection (1) of this section for making required internships and residency programs available that are geographically accessible and sufficiently diverse to meet both general and specialized training needs as identified in the plan when such programs are required.

(i) A description of the need for multiskilled health care professionals and an implementation plan to restructure educational and training programming to meet these needs.

(j) An analysis of the types and estimated numbers of health care personnel that will need to be recruited from out-of-state to meet the health professional needs not met by in-state trained personnel.

(k) An analysis of the need for educational articulation within the various health care disciplines and a plan for addressing the need.

(l) An analysis of the training needs of those members of the long-term care profession that are not regulated and that have no formal training requirements. Programs to meet these needs should be developed in a cost-effective and a state-wide accessible manner that provide for the basic training needs of these individuals.

(m) A designation of the professions and geographic locations in which loan repayment and scholarships should be available based upon objective data-based forecasts of health professional shortages. A description of the criteria used to select professions and geographic locations shall be included. Designations of professions and geographic locations may be amended by the department of health when circumstances warrant as provided for in section 20 of this act.

(n) A description of needed changes in regulatory laws governing the credentialing of health professionals.

(o) A description of linguistic and cultural training needs of foreign-trained health care professionals to assure safe and effective practice of their health care profession.

(p) A plan to implement the recommendations of the state-wide nursing plan authorized by RCW 74.39.040.

(q) A description of criteria and standards that institutional plans provided for in this section must address in order to meet the requirements of the state-wide health personnel resource plan, including funding requirements to implement the plans. The committee shall also when practical identify specific outcome measures to measure progress in meeting the requirements of this plan. The criteria and standards shall be established in a manner as to provide flexibility to the institutions in meeting state-wide plan requirements. The committee shall establish required submission dates for the institutional plans that permit inclusion of funding requests into the institutions budget requests to the state.

(r) A description of how the higher education coordinating board, state board for community college education, superintendent of public instruction, department of health, and department of social and health services coordinated in the creation and implementation of the state plan including the areas of responsibility each agency shall assume. The plan should also include a description of the steps taken to assure participation by the groups that are to be consulted with.

(s) A description of the estimated fiscal requirements for implementation of the state-wide health resource plan that include a description of cost saving activities that reduce potential costs by avoiding administrative duplication, coordinating programming activities, and other such actions to control costs.

(3) The committee may call upon other agencies of the state to provide available information to assist the committee in meeting the responsibilities under this chapter. This information shall be supplied as promptly as circumstances permit.

(4) State agencies involved in the development and implementation of the plan shall to the extent possible utilize existing personnel and financial resources in the development and implementation of the state-wide health personnel resource plan.

(5) The state-wide health personnel resource plan shall be submitted to the governor by July 1, 1992, and updated by July 1 of each even-numbered year. The governor, no later than December 1 of that year, shall approve, approve with modifications, or disapprove the state-wide health resource plan.

(6) The approved state-wide health resource plan shall be submitted to the senate and house of representatives committees on health care, higher education, and ways and means or appropriations by December 1 of each even-numbered year.

(a) The nature of the potential harm to the public if the health profession is not regulated, and the extent to which there is a threat to public health and safety;

(b) The extent to which consumers need and will benefit from a method of regulation identifying competent practitioners, indicating typical employers, if any, of practitioners in the health profession; and

(c) The extent of autonomy a practitioner has, as indicated by:

(i) The extent to which the health profession calls for independent judgment and the extent of skill or experience required in making the independent judgment; and

(ii) The extent to which practitioners are supervised;

(2) The efforts made to address the problem:

(a) Voluntary efforts, if any, by members of the health profession to:

(i) Establish a code of ethics; or

(ii) Help resolve disputes between health practitioners and consumers; and

(b) Recourse to and the extent of use of applicable law and whether it could be strengthened to control the problem;

(3) The alternatives considered:

(a) Regulation of business employers or practitioners rather than employee practitioners;

(b) Regulation of the program or service rather than the individual practitioners;

(c) Registration of all practitioners;

(d) Certification of all practitioners;

(e) Other alternatives;

(f) Why the use of the alternatives specified in this subsection would not be adequate to protect the public interest; and

(g) Why licensing would serve to protect the public interest;

(4) The benefit to the public if regulation is granted:

(a) The extent to which the incidence of specific problems present in the unregulated health profession can reasonably be expected to be reduced by regulation;

(b) Whether the public can identify qualified practitioners;

(c) The extent to which the public can be confident that qualified practitioners are competent:

(i) Whether the proposed regulatory entity would be a board composed of members of the profession and public members, or a state agency, or both, and, if appropriate, their respective responsibilities in administering the system of registration, certification, or licensure, including the composition of the board and the number of public members, if any; the powers and duties of the board or state agency regarding examinations and for cause revocation, suspension, and nonrenewal of registrations, certificates, or licenses; the promulgation of rules and canons of ethics; the conduct of inspections; the receipt of complaints and disciplinary action taken against practitioners; and how fees would be levied and collected to cover the expenses of administering and operating the regulatory system;

(iii) The nature of the standards proposed for registration, certification, or licensure as compared with the standards of other jurisdictions;

(iv) Whether the regulatory entity would be authorized to enter into reciprocity agreements with other jurisdictions; ~~(and)~~

(vi) What additional training programs are anticipated to be necessary to assure training accessible state-wide; the anticipated time required to establish the additional training programs; the types of institutions capable of providing the training; a description of how training programs will meet the needs of the expected work force, including reentry workers, minorities, placebound students, and others;

(d) Assurance of the public that practitioners have maintained their competence:

(i) Whether the registration, certification, or licensure will carry an expiration date; and

(ii) Whether renewal will be based only upon payment of a fee, or whether renewal will involve reexamination, peer review, or other enforcement;

(5) The extent to which regulation might harm the public:

(a) The extent to which regulation will restrict entry into the health profession:

(i) Whether the proposed standards are more restrictive than necessary to insure safe and effective performance; and

(ii) Whether the proposed legislation requires registered, certificated, or licensed practitioners in other jurisdictions who migrate to this state to qualify in the same manner as state applicants for registration, certification, and licensure when the other jurisdiction has substantially equivalent requirements for registration, certification, or licensure as those in this state; and

(b) Whether there are similar professions to that of the applicant group which should be included in, or portions of the applicant group which should be excluded from, the proposed legislation;

(ii) The grounds for suspension or revocation of registration, certification, or licensure;

(7) A description of the group proposed for regulation, including a list of associations, organizations, and other groups representing the practitioners in this state, an estimate of the number of practitioners in each group, and whether the groups represent different levels of practice; and

(8) The expected costs of regulation:

(a) The impact registration, certification, or licensure will have on the costs of the services to the public; ~~(and)~~

(b) The cost to the state and to the general public of implementing the proposed legislation; and

(c) The cost to the state and the members of the group proposed for regulation for the required education, including projected tuition and expenses and expected increases in training programs, staffing, and enrollments at state training institutions.

Participants in the health professional loan repayment and scholarship program who are awarded loan repayments shall receive payment from the program for the purpose of repaying educational loans secured while attending a program of health professional training which led to ~~((licensure as a licensed))~~ a credential as a credentialed health professional in the state of Washington.

(1) Participants shall agree to ~~((serve at least three years))~~ meet the required service obligation in a designated health professional shortage area.

(2) ~~((In providing health care services the participant shall not discriminate against any person on the basis of the person's ability to pay for such services or because payment for the health care services provided to such persons will be made under the insurance program established under part A or B of Title XVIII of the federal social security act or under a state plan for medical assistance approved under Title XIX of the federal social security act and agrees to accept assignment under section 18.42(b)(3)(B)(ii) of such act for all services for which payment may be made under part B of Title XVIII and enters into an appropriate agreement with the department of social and health services for medical assistance under Title XIX to provide services to individuals entitled to medical assistance under the plan. Participants found by the board in violation of this section shall be declared ineligible for receiving assistance under the program authorized by this chapter.~~

Loans may not be renegotiated with lenders to accelerate repayment.

~~((5))~~ (4) Repayment of loans established pursuant to this program shall begin no later than ninety days after the individual has become a participant. ~~((6))~~ (5) Should the participant discontinue service in a health professional shortage area payments against the loans of the participants shall cease to be effective on the date that the participant discontinues service.

~~((7))~~ (6) Except for circumstances beyond their control, participants who serve less than ~~((three years))~~ the required service obligation shall be obligated to repay to the program an amount equal to twice the total amount paid by the program on their behalf in addition to any payments on the unsatisfied portion of the principal and interest. The board shall determine the applicability of this subsection.

~~((8))~~ (7) The board is responsible for the collection of payments made on behalf of participants from the participants who discontinue service before ~~((their three year))~~ completion of the required service obligation. The board shall exercise due diligence in such collection, maintaining all necessary records to ensure that the maximum amount of payment made on behalf of the participant is recovered. NEW SECTION. Sec. 25. PARTICIPANT OBLIGATION--SCHOLARSHIPS.

(3) The period for repayment shall coincide with the required service obligation, with payments accruing quarterly commencing no later than nine months from the date the participant completes or discontinues the course of study or completes or discontinues the required residency.

(4) The entire principal and interest of each payment shall be forgiven for each payment period in which the participant serves in a health professional shortage area until the entire repayment obligation is satisfied or the borrower ceases to so serve. Should the participant cease to serve in a health professional shortage area of this state before the participant's repayment obligation is completed, payments on the unsatisfied portion of the principal and interest shall begin the next payment period and continue until the remainder of the participant's repayment obligation is satisfied. Sec. 27. RCW 70.180.005 and 1990 c 271 s 1 are each amended to read as follows:

The legislature finds that a health care access problem exists in rural areas of the state ~~((due to a lack of practicing physicians, physician assistants, pharmacists, and advanced registered nurse practitioners. In addition, many of these))~~ because rural health care providers are unable to leave the community for short-term periods of time to attend required continuing education training or for personal matters because their absence would leave the community without adequate medical care coverage. The lack of adequate medical coverage in geographically remote rural communities constitutes a threat to the health and safety of the people in those communities.

The legislature declares that it is in the public interest to recruit and maintain a pool of physicians, physician assistants, pharmacists, and advanced registered nurse practitioners willing and able on short notice to practice in rural communities on a short-term basis to meet the medical needs of the community.

NEW SECTION. Sec. 28. DEDICATED ACCOUNT--TRUST FUND. (1) Any funds appropriated by the legislature for the health professional loan repayment and scholarship program or any other public or private funds intended for loan repayments or scholarships under this program shall be placed in the account created by this section.

(2) The health professional loan repayment and scholarship program fund is created in custody of the state treasurer. All receipts from the program shall be deposited into the fund. Only the higher education coordinating board, or its designee, may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;

(3) All advertising which is false, fraudulent, or misleading;

(4) Incompetence, negligence, or malpractice which results in injury to a patient or which creates an unreasonable risk that a patient may be harmed. The use of a nontraditional treatment by itself shall not constitute unprofessional conduct, provided that it does not result in injury to a patient or create an unreasonable risk that a patient may be harmed;

(5) Suspension, revocation, or restriction of the individual's license to practice the profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;

(6) The possession, use, prescription for use, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, diversion of controlled substances or legend drugs, the violation of any drug law, or prescribing controlled substances for oneself;

(7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

(8) Failure to cooperate with the disciplining authority by:

(a) Not furnishing any papers or documents;

(b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority; or

(c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding;

(9) Failure to comply with an order issued by the disciplining authority or an assurance of discontinuance entered into with the disciplining authority;

(10) Aiding or abetting an unlicensed person to practice when a license is required;

(11) Violations of rules established by any health agency;

(12) Practice beyond the scope of practice as defined by law or rule;

(13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

(14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;

(15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;

(16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(18) The procuring, or aiding or abetting in procuring, a criminal abortion;

(19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

(20) The willful betrayal of a practitioner-patient privilege as recognized by law;

(21) Violation of chapter 19.68 RCW;

(22) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action;

(23) Current misuse of:

(a) Alcohol;

(b) Controlled substances; or

(c) Legend drugs;

(4) When a blood test is administered under the provisions of RCW 46.20.308, the withdrawal of blood for the purpose of determining its alcoholic content may be performed only by a physician, a registered nurse, or a qualified technician. This limitation shall not apply to the taking of breath specimens.

(5) The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of his own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

(6) Upon the request of the person who shall submit to a test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to him or his attorney.

(a) Found concealed on a person not authorized by RCW 9.41.060 or 9.41.070 to carry a concealed pistol: PROVIDED, That it is an absolute defense to forfeiture if the person possessed a valid Washington concealed pistol license within the preceding two years and has not become ineligible for a concealed pistol license in the interim. Before the firearm may be returned, the person must pay the past due renewal fee and the current renewal fee;

(b) Commercially sold to any person without an application as required by RCW 9.41.090;

(c) Found in the possession or under the control of a person at the time the person committed or was arrested for committing a crime of violence or a crime in which a firearm was used or displayed or a felony violation of the uniform controlled substances act, chapter 69.50 RCW;

(d) Found concealed on a person who is in any place in which a concealed pistol license is required, and who is under the influence of any drug or under the influence of intoxicating liquor, having ~~((0.10 grams or more of alcohol per two hundred ten liters of breath or 0.10 percent or more by weight of alcohol in the person's blood))~~ alcohol in his or her breath or blood at or above the alcohol concentration standard defined in RCW 46.61.502, as shown by analysis of the person's breath, blood, or other bodily substance;

(e) Found in the possession of a person prohibited from possessing the firearm under RCW 9.41.040;

(f) Found in the possession of a person free on bail or personal recognizance pending trial, appeal, or sentencing for a crime of violence or a crime in which a firearm was used or displayed, except that violations of Title 77 RCW shall not result in forfeiture under this section;

(g) Found in the possession of a person found to have been mentally incompetent while in possession of a firearm when apprehended or who is thereafter committed pursuant to chapter 10.77 or 71.05 RCW;

(h) Known to have been used or displayed by a person in the violation of a proper written order of a court of general jurisdiction; or

(i) Known to have been used in the commission of a crime of violence or a crime in which a firearm was used or displayed or a felony violation of the uniformed controlled substances act, chapter 69.50 RCW.

(2) Upon order of forfeiture, the court in its discretion shall order destruction of any firearm that is illegal for any person to possess. All firearms legal for citizen possession that are judicially forfeited or forfeited due to failure to make a claim under RCW 63.32.010, 63.40.010, or 63.35.020 shall be submitted for auction to commercial sellers once a year if the submitting agency has accumulated at least ten firearms authorized for sale. Law enforcement agencies may conduct joint auctions for the purpose of maximizing efficiency. A maximum of ten percent of such firearms may be retained for use by local law enforcement agencies and the Washington state patrol. Before submission for auction, a court may temporarily retain forfeited firearms if needed for evidence. The proceeds from any sale shall be divided as follows: The local jurisdiction and the Washington state patrol shall retain its costs, including actual costs of storage and sale, and shall forward the remainder to the state department of wildlife for use in its firearms training program pursuant to RCW 77.32.155.

The public auctioning agency shall, as a minimum, maintain a record of all forfeited firearms by manufacturer, model, caliber, serial number, date and circumstances of forfeiture, and final disposition. The records shall be open to public inspection and copying.

(3) The court shall order the firearm returned to the owner upon a showing that there is no probable cause to believe a violation of subsection (1) of this section existed

or the firearm was stolen from the owner or the owner neither had knowledge of nor consented to the act or omission involving the firearm which resulted in its forfeiture.

(4) A law enforcement officer of the state or of any county or municipality may confiscate a firearm found to be in the possession of a person under circumstances specified in subsection (1) of this section. After confiscation, the firearm shall not be surrendered except: (a) To the prosecuting attorney for use in subsequent legal proceedings; (b) for disposition according to an order of a court having jurisdiction as provided in subsection (1) of this section; or (c) to the owner if the proceedings are dismissed or as directed in subsection (3) of this section.

SENATE AMENDMENTS TO HOUSE BILL

April 15, 1991

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1586 with the following amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 70.38.025 and 1989 1st ex.s. c 9 s 602 are each amended to read as follows:

When used in this chapter, the terms defined in this section shall have the meanings indicated.

(1) "Board of health" means the state board of health created pursuant to chapter 43.20 RCW.

(2) "Capital expenditure" is an expenditure, including a force account expenditure (i.e., an expenditure for a construction project undertaken by a nursing home facility as its own contractor) which, under generally accepted accounting principles, is not properly chargeable as an expense of operation or maintenance. Where a person makes an acquisition under lease or comparable arrangement, or through donation, which would have required review if the acquisition had been made by purchase, such expenditure shall be deemed a capital expenditure. Capital expenditures include donations of equipment or facilities to a nursing home facility which if acquired directly by such facility would be subject to certificate of need review under the provisions of this chapter and transfer of equipment or facilities for less than fair market value if a transfer of the equipment or facilities at fair market value would be subject to such review. The cost of any studies, surveys, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of any plant or equipment with respect to which such expenditure is made shall be included in determining the amount of the expenditure.

(3) "Continuing care retirement community" means an entity which provides shelter and services under continuing care contracts with its members and which sponsors or includes a health care facility or a health service. A "continuing care contract" means a contract to provide a person, for the duration of that person's life or for a term in excess of one year, shelter along with nursing, medical, health-related, or personal care services, which is conditioned upon the transfer of property, the payment of an entrance fee to the provider of such services, or the payment of periodic charges for the care and services involved. A continuing care contract is not excluded from this definition because the contract is mutually terminable or because shelter and services are not provided at the same location.

(4) "Department" means the department of health.

(5) "Expenditure minimum" means, for the purposes of the certificate of need program, one million dollars adjusted by the department by rule to reflect changes in the United States department of commerce composite construction cost index; or a lesser amount required by federal law and established by the department by rule.

(6) "Health care facility" means hospices, hospitals, psychiatric hospitals, nursing homes, kidney disease treatment centers, ambulatory surgical facilities, (~~continuing care retirement communities,~~) and home health agencies, and includes such facilities when owned and operated by a political subdivision or instrumentality of the state and such other facilities as required by federal law and implementing regulations, but does not include Christian Science sanatoriums operated, listed, or certified by the First Church of Christ Scientist, Boston, Massachusetts. In addition, the term does not include any nonprofit hospital: (a) Which is operated exclusively to provide health care services for children; (b) which does not charge fees for such services; and (c) if not contrary to

federal law as necessary to the receipt of federal funds by the state. (vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

SENATE AMENDMENTS TO HOUSE BILL

April 15, 1991

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1997 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that sex offender registration has assisted law enforcement agencies in protecting their communities. This act is intended to clarify and amend the deadlines for sex offenders to register. This act's clarification or amendment of RCW 9A.44.130 does not relieve the obligation of sex offenders to comply with the registration requirements of RCW 9A.44.130 as that statute exists before the effective date of this act.

Sec. 2. RCW 9A.44.130 and 1990 c 3 s 402 are each amended to read as follows:

(1) Any adult or juvenile residing in this state who has been found to have committed or has been convicted of any sex offense shall register with the county sheriff for the county of the person's residence.

(2) The person shall ~~((, within forty five days of establishing residence in Washington, or if a current resident within thirty days of release from confinement, if any,))~~ provide the county sheriff with the following information when registering: (a) Name; (b) address; (c) date and place of birth; (d) place of employment; ~~((d))~~ (e) crime for which convicted; ~~((e))~~ (f) date and place of conviction; ~~((f))~~ (g) aliases used; and ~~((g))~~ (h) social security number.

(3)(a) Sex offenders shall register within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses:

(i) SEX OFFENDERS IN CUSTODY. Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after the effective date of this act, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The agency that has jurisdiction over the offender shall provide notice to the sex offender of the duty to register. Failure to register within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (7) of this section.

(ii) SEX OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders, who, on the effective date of this act, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the active supervision of the state department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of the effective date of this act.

(iii) SEX OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after the effective date of this act for a sex offense that was committed on or after February 28, 1990, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(iv) SEX OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders who move to Washington state from another state that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state, federal statutes, or Washington state for offenses committed on or after February 28, 1990. Sex offenders from other states who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (7) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to the effective date of this act.

(4) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within ten days of establishing the new residence. If any person required to register pursuant to this section moves to a new county, the person must register with the county sheriff in the new county within ten days of establishing the new residence. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered.

((4)) (5) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

((5)) (6) "Sex offense" for the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330 means any offense defined as a sex offense by RCW 9.94A.030(;

(a) Committed on or after February 28, 1990; or

(b) Committed prior to February 28, 1990, if the person, as a result of the offense, is under the custody or active supervision of the department of corrections or the department of social and health services on or after February 28, 1990)).

~~((6))~~ (7) A person who knowingly fails to register as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a class A felony or a federal or out-of-state conviction for an offense that under the laws of this state would be a class A felony. If the crime was other than a class A felony or a federal or out-of-state conviction for an offense that under the laws of this state would be a class A felony, violation of this section is a gross misdemeanor.

Sec. 3. RCW 9A.44.140 and 1990 c 3 s 408 are each amended to read as follows:

(1) The duty to register under RCW 9A.44.130 shall end:

(a) For a person convicted of a class A felony: Such person may only be relieved of the duty to register under subsection (2) or (3) of this section.

(b) For a person convicted of a class B felony: Fifteen years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the person has spent fifteen consecutive years in the community without being convicted of any new offenses.

(c) For a person convicted of a class C felony: Ten years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the person has spent ten consecutive years in the community without being convicted of any new offenses.

(2) Any person having a duty to register under RCW 9A.44.130 may petition the superior court to be relieved of that duty. The petition shall be made to the court in which the petitioner was convicted of the offense that subjects him or her to the duty to register, or, in the case of convictions in other states, to the court in Thurston county. The prosecuting attorney of the county shall be named and served as the respondent in any such petition. The court shall consider the nature of the registrable offense committed, and the criminal and relevant noncriminal behavior of the petitioner both before and after conviction, and may consider other factors. Except as provided in subsection (3) of this section, the court may relieve the petitioner of the duty to register only if the petitioner shows, with clear and convincing evidence, that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330.

(3) An offender having a duty to register under RCW 9A.44.130 for a sex offense committed when the offender was a juvenile may petition the superior court to be relieved of that duty. The court shall consider the nature of the registrable offense committed, and the criminal and relevant noncriminal behavior of the petitioner both before and after adjudication, and may consider other factors. The court may relieve the petitioner of the duty to register for a sex offense that was committed while the petitioner was fifteen years of age or older only if the petitioner shows, with clear and convincing evidence, that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred

or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(18) The procuring, or aiding or abetting in procuring, a criminal abortion;

(19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

- (c) Legend drugs;

(24) Abuse of a client or patient or sexual contact with a client or patient;

(25) Acceptance of more than a nominal gratuity, hospitality, or subsidy offered by a representative or vendor of medical or health-related products or services intended for patients, in contemplation of a sale or for use in research publishable in professional journals, where a conflict of interest is presented, as defined by rules of the disciplining authority, in consultation with the department, based on recognized professional ethical standards.

(2) "Appropriate chiropractic treatment" means treatment and other services performed or ordered, in connection with a substantiated and properly documented condition, which would appear to a reasonably prudent chiropractor to be consistent with the diagnosis or analysis presented.

(3) "Excessive" fees or costs means charges above the usual and customary charges in that service area as paid by public and private third-party payors.

(4) "Patient" means an individual who receives chiropractic evaluation or treatment, or both.

(5) "Peer review committee" means the committee established under section 2 of this act.

(6) "Peer review proceeding" or "peer review" means an evaluation, based on accepted standards, by the peer review committee, of the appropriateness, quality, utilization, and cost of health services provided to a patient. Peer review does not include matters related to the licensing, discipline, or scope of practice of any health care profession.

(7) "Properly utilized services" means appropriate services rendered or ordered, including the frequency and duration of such services, which are documented as being

necessary and reasonable by clinical records and reports or by other facts, presentations, or evidence reviewed by the peer review committee.

(8) "Services rendered" means all services provided to a patient.

NEW SECTION. Sec. 1. (1) The board shall appoint the peer review committee, which shall be constituted as follows: The chair of the peer review committee shall be a member of the board and shall not vote except to break a tie; one chiropractor from each congressional district; one independent member representative of the health insurance industry; and one representative from the department of labor and industries. The term of appointment of peer review committee members shall be one year, and no member shall serve more than four consecutive terms. The board may appoint additional pro tem members as necessary. Chiropractor members shall have at least five years of active practice in this state. The board shall adopt rules establishing other qualifications for appointment of the chiropractic members to the peer review committee, including rules to avoid conflict of interest or the appearance of conflict of interest.

(2) The peer review committee may be compensated in accordance with RCW 43.03.240 and may be paid travel expenses while engaged in the business of the committee in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 2. (1) A patient, a patient's representative, an insurer, an agency of the state of Washington, or a chiropractor may request a peer review proceeding by submitting an inquiry about services rendered to a patient by a chiropractor. The board shall, in its discretion, determine whether the inquiry should be reviewed as a peer review proceeding, as a matter for possible voluntary mediation, or as a disciplinary proceeding. Peer review shall not be used to replace the independent medical/chiropractic examination.

(2) Request for peer review constitutes consent to submission by the requesting party of all necessary records and other information concerning the chiropractic services rendered. Chiropractors licensed under this chapter who are a party to the peer review are required to submit all necessary records and other information concerning services rendered by the chiropractor.

(3) All costs associated with conducting peer review under this chapter shall be borne by the chiropractic profession as part of the licensing fees. Notwithstanding, the board shall assess a fee to cover the costs of the review when the requesting party is a chiropractor or a third-party payor.

NEW SECTION. Sec. 3. (1) The peer review committee may review matters regarding the appropriateness, quality, utilization, or cost of chiropractic services rendered. The peer review committee on each review shall include in its findings a determination whether appropriate chiropractic treatment was rendered, whether the services rendered were properly utilized services, whether treatment or services rendered or ordered were appropriate in accordance with accepted standards, and whether the fees charged were excessive or not.

(2) The committee may appoint subcommittees to assist it in conducting peer review. All activities of the subcommittees shall be reviewed and approved or disapproved by the committee.

(3) The peer review committee shall submit to all parties and to the board a decision setting forth the committee's findings and recommendations.

(4) Any party may appeal the decision to the board. The board, on the record of the peer review committee, may return the proceeding with recommendations to the committee for reconsideration, may initiate disciplinary proceedings, or may approve the decision of the peer review committee, or may take any combination of the above actions.

NEW SECTION. Sec. 4. The peer review committee shall file with the board a complaint against a chiropractor if the committee determines that reasonable cause exists to believe the chiropractor has committed unprofessional conduct. The peer review

committee shall transmit all information pertinent to the complaint to the board. Such information shall be confidential and shall be used solely for disciplinary purposes.

NEW SECTION. Sec. 5. The board shall prepare a biennial report summarizing its peer review decisions and shall include such report as part of the board's report requirements under RCW 18.130.310. The published summary of peer review decisions shall not be used and shall not serve as the basis for establishing appropriate fee schedules or treatment regimes for the profession.

NEW SECTION. Sec. 6. No findings or decisions of the peer review committee shall have any effect on or be admissible in any court proceeding or administrative proceedings conducted under another chapter of the Revised Code of Washington.

Sec. 7. RCW 18.25.040 and 1991 c 3 s 39 are each amended to read as follows:

Persons licensed to practice chiropractic under the laws of any other state, territory of the United States, the District of Columbia, Puerto Rico, or province of Canada, having ~~((equal requirements of))~~ qualifications substantially equivalent to those required by this chapter, may, in the discretion of the board of chiropractic examiners, and after such examination ((by the board in principles of chiropractic, x ray, and adjusting, as taught by chiropractic schools and colleges)) as may be required by rule of the board, be issued a license to practice in this state without further examination, upon payment of a fee determined by the secretary as provided in RCW 43.70.250.

Sec. 8. RCW 18.25.090 and 1989 c 258 s 6 are each amended to read as follows:

On all cards, books, papers, signs or other written or printed means of giving information to the public, used by those licensed by this chapter to practice chiropractic, the practitioner shall use after or below his or her name the term chiropractor, chiropractic physician, D.C., or D.C.Ph.C., designating his or her line of drugless practice, and shall not use the letters M.D. or D.O.: PROVIDED, That the word doctor or "Dr." or physician may be used only in conjunction with the word "chiropractic" or "chiropractor". Nothing in this chapter shall be held to apply to or to regulate any kind of treatment by prayer.

NEW SECTION. Sec. 9. A new section is added to chapter 18.25 RCW to read as follows:

Nothing in this chapter shall be construed to prohibit:

(1) The temporary practice in this state of chiropractic by any chiropractor licensed by another state, territory, or country in which he or she resides. However, the chiropractor shall not establish a practice open to the general public and shall not engage in temporary practice under this section for a period longer than thirty days. The chiropractor shall register his or her intention to engage in the temporary practice of chiropractic in this state with the board of chiropractic examiners before engaging in the practice of chiropractic, and shall agree to be bound by such conditions as may be prescribed by rule by the board.

(2) The practice of chiropractic, except the administration of a chiropractic adjustment, by a person who is a regular senior student in an accredited school of chiropractic approved by the board if the practice is part of a regular course of instruction offered by the school and the student is under the direct supervision and control of a chiropractor duly licensed pursuant to this chapter and approved by the board.

(3) The practice of chiropractic by a person serving a period of postgraduate chiropractic training in a program of clinical chiropractic training sponsored by a school of chiropractic accredited in this state if the practice is part of his or her duties as a clinical postgraduate trainee and the trainee is under the direct supervision and control of a chiropractor duly licensed pursuant to this chapter and approved by the board.

(4) The practice of chiropractic by a person who is eligible and has applied to take the next available examination for licensing offered by the board of chiropractic examiners, except that the unlicensed chiropractor must provide all services under the direct control and supervision of a licensed chiropractor approved by the board. The

unlicensed chiropractor may continue to practice as provided by this subsection until the results of the next available examination are published, but in no case for a period longer than six months. The board shall adopt rules necessary to effectuate the intent of this subsection.

Any provision of chiropractic services by any individual under subsection (1), (2), (3), or (4) of this section shall be subject to the jurisdiction of the chiropractic disciplinary board as provided in chapters 18.26 and 18.130 RCW.

SENATE AMENDMENTS TO HOUSE BILL

April 19, 1991

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1671 with the following amendments:

Strike everything after the enacting clause and insert the following:
 "HIGHWAY ACCESS MANAGEMENT"

NEW SECTION. Sec. 1. LEGISLATIVE FINDINGS--ACCESS. (1) The legislature finds that:

(a) Regulation of access to the state highway system is necessary in order to protect the public health, safety, and welfare, to preserve the functional integrity of the state highway system, and to promote the safe and efficient movement of people and goods within the state;

(b) The development of an access management program, in accordance with this chapter, which coordinates land use planning decisions by local governments and investments in the state highway system, will serve to control the proliferation of connections and other access approaches to and from the state highway system. Without such a program, the health, safety, and welfare of the residents of this state are at risk, due to the fact that uncontrolled access to the state highway system is a significant contributing factor to the congestion and functional deterioration of the system; and

(c) The development of an access management program in accordance with this chapter will enhance the development of an effective transportation system and increase the traffic-carrying capacity of the state highway system and thereby reduce the incidences of traffic accidents, personal injury, and property damage or loss; mitigate environmental degradation; promote sound economic growth and the growth management goals of the state; reduce highway maintenance costs and the necessity for costly traffic operations measures; lengthen the effective life of transportation facilities in the state, thus preserving the public investment in such facilities; and shorten response time for emergency vehicles.

(2) In furtherance of these findings, all state highways are hereby declared to be controlled access facilities as defined in section 2 of this act, except those highways that are defined as limited access facilities in chapter 47.52 RCW.

(3) It is the policy of the legislature that:

(a) The access rights of an owner of property abutting the state highway system are subordinate to the public's right and interest in a safe and efficient highway system; and

(b) Every owner of property which abuts a state highway has a right to reasonable access to that highway, unless such access has been acquired pursuant to chapter 47.52 RCW, but may not have the right of a particular means of access. The right of access to the state highway may be restricted if, pursuant to local regulation, reasonable access can be provided to another public road which abuts the property.

(4) The legislature declares that it is the purpose of this chapter to provide a coordinated planning process for the permitting of access points on the state highway system to effectuate the findings and policies under this section.

(5) Nothing in this chapter shall affect the right to full compensation under section 16, Article I of the state Constitution.

NEW SECTION. Sec. 2. DEFINITIONS--ACCESS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Controlled access facility" means a transportation facility to which access is regulated by the governmental entity having jurisdiction over the facility. Owners or occupants of abutting lands and other persons have a right of access to or from such

facility at such points only and in such manner as may be determined by the governmental entity.

(2) "Connection" means approaches, driveways, turnouts, or other means of providing for the right of access to or from controlled access facilities on the state highway system.

(3) "Permitting authority" means the department for connections in unincorporated areas or a city or town within incorporated areas which are authorized to regulate access to state highways pursuant to chapter 47.24 RCW.

NEW SECTION. Sec. 3. REGULATING CONNECTIONS. (1) Vehicular access and connections to or from the state highway system shall be regulated by the permitting authority in accordance with the provisions of this chapter in order to protect the public health, safety, and welfare.

(2) The department shall by July 1, 1992, adopt administrative procedures pursuant to chapter 34.05 RCW which establish state highway access standards and rules for its issuance and modification of access permits, closing of unpermitted connections, revocation of permits, and waiver provisions in accordance with this chapter. The department shall consult with the association of Washington cities and obtain concurrence of the city design standards committee as established by RCW 35.78.030 in the development and adoption of rules for access standards for city streets designated as state highways under chapter 47.24 RCW.

(3) Cities and towns shall, no later than July 1, 1993, adopt standards for access permitting on streets designated as state highways which meet or exceed the department's standards, provided that such standards may not be inconsistent with standards adopted by the department.

NEW SECTION. Sec. 4. ACCESS PERMITS. (1) No connection to a state highway shall be constructed or altered without obtaining an access permit in accordance with this chapter in advance of such action. A permitting authority has the authority to deny access to the state highway system at the location specified in the permit until the permittee constructs or alters the connection in accordance with the permit requirements.

(2) The cost of construction or alteration of a connection shall be borne by the permittee, except for alterations which are not required by law or administrative rule, but are made at the request of and for the convenience of the permitting authority. The permittee, however, shall bear the cost of alteration of any connection which is required by the permitting authority due to increased or altered traffic flows generated by changes in the permittee's facilities or nature of business conducted at the location specified in the permit.

(3) Except as otherwise provided in this chapter, an unpermitted connection is subject to closure by the appropriate permitting authority which shall have the right to install barriers across or remove the connection. When the permitting authority determines that a connection is unpermitted and subject to closure, it shall provide reasonable notice of its impending action to the owner of property served by the connection. The permitting authority's procedures for providing notice and preventing the operation of unpermitted connections shall be adopted by rule.

NEW SECTION. Sec. 5. PERMIT FEE. The department shall establish by rule a schedule of fees for permit applications made to the department. The fee shall be nonrefundable and shall be used only to offset the costs of administering the access permit review process and the costs associated with administering the provisions of this chapter.

NEW SECTION. Sec. 6. PERMIT REVIEW PROCESS. The review process for access permit applications made by the department shall be as follows: Any person seeking an access permit shall file an application with the department. The department by rule shall establish application form and content requirements. The fee required by section 5 of this act must accompany the applications.

NEW SECTION. Sec. 7. PERMIT CONDITIONS. The permitting authority may issue a permit subject to any conditions necessary to carry out the provisions of this chapter, including, but not limited to, requiring the use of a joint-use connection. The permitting authority may revoke a permit if the applicant fails to comply with the conditions upon which the issuance of the permit was predicated.

NEW SECTION. Sec. 8. PERMIT REMOVAL. (1) Unpermitted connections to the state highway system in existence on July 1, 1990, shall not require the issuance of a permit and may continue to provide access to the state highway system, unless the permitting authority determines that such a connection does not meet minimum acceptable standards of highway safety. However, a permitting authority may require that a permit be obtained for such a connection if a significant change occurs in the use, design, or traffic flow of the connection or of the state highway to which it provides access. If a permit is not obtained, the connection may be closed pursuant to section 4 of this act.

(2) Access permits granted prior to adoption of the permitting authorities' standards shall remain valid until modified or revoked. Access connections to state highways identified on plats and subdivisions approved prior to July 1, 1991, shall be deemed to be permitted pursuant to chapter ____, Laws of 1991 (this act). The permitting authority may, after written notification, under rules adopted in accordance with section 3 of this act, modify or revoke an access permit granted prior to adoption of the standards by requiring relocation, alteration, or closure of the connection if a significant change occurs in the use, design, or traffic flow of the connection.

(3) The permitting authority may issue a nonconforming access permit after finding that to deny an access permit would leave the property without a reasonable means of access to the public roads of this state. Every nonconforming access permit shall specify limits on the maximum vehicular use of the connection and shall be conditioned on the availability of future alternative means of access for which access permits can be obtained.

NEW SECTION. Sec. 9. ACCESS MANAGEMENT STANDARDS. (1) The department shall develop, adopt, and maintain an access control classification system for all routes on the state highway system, the purpose of which shall be to provide for the implementation and continuing applications of the provision of this chapter.

(2) The principal component of the access control classification system shall be access management standards, the purpose of which shall be to provide specific minimum standards to be adhered to in the planning for and approval of access to state highways.

(3) The control classification system shall be developed consistent with the following:

(a) The department shall, no later than January 1, 1993, adopt rules setting forth procedures governing the implementation of the access control classification system required by this chapter. The rule shall provide for input from the entities described in (b) of this subsection as well as for public meetings to discuss the access control classification system. Nothing in this chapter shall affect the validity of the department's existing or subsequently adopted rules concerning access to the state highway system. Such rules shall remain in effect until repealed or replaced by the rules required by this chapter.

(b) The access control classification system shall be developed in cooperation with counties, cities and towns, the state department of community development, regional transportation planning organizations, and other local governmental entities, and for city streets designated as state highways pursuant to chapter 47.24 RCW, adopted with the concurrence of the city design standards committee.

(c) The rule required by this section shall provide that assignment of a road segment to a specific access category be made in consideration of the following criteria:

(i) Local land use plans and zoning, as set forth in comprehensive plans;

- (ii) The current functional classification as well as potential future functional classification of each road on the state highway system;
 - (iii) Existing and projected traffic volumes;
 - (iv) Existing and projected state, local, and metropolitan planning organization transportation plans and needs;
 - (v) Drainage requirements;
 - (vi) The character of lands adjoining the highway;
 - (vii) The type and volume of traffic requiring access;
 - (viii) Other operational aspects of access;
 - (ix) The availability of reasonable access by way of county roads and city streets to a state highway; and
 - (x) The cumulative effect of existing and projected connections on the state highway system's ability to provide for the safe and efficient movement of people and goods within the state.
- (d) Access management standards shall include, but not be limited to, connection location standards, safety factors, design and construction standards, desired levels of service, traffic control devices, and effective maintenance of the roads. The standards shall also contain minimum requirements for the spacing of connections, intersecting streets, roads, and highways.
- (e) An access control category shall be assigned to each segment of the state highway system by July 1, 1993.

"TRANSPORTATION DEMAND MANAGEMENT"

NEW SECTION. Sec. 10. FINDINGS--DEMAND MANAGEMENT. The legislature finds that automotive traffic in Washington's metropolitan areas is the major source of emissions of air contaminants. This air pollution causes significant harm to public health, causes damage to trees, plants, structures, and materials and degrades the quality of the environment.

Increasing automotive traffic is also aggravating traffic congestion in Washington's metropolitan areas. This traffic congestion imposes significant costs on Washington's businesses, governmental agencies, and individuals in terms of lost working hours and delays in the delivery of goods and services. Traffic congestion worsens automobile-related air pollution, increases the consumption of fuel, and degrades the habitability of many of Washington's cities and suburban areas. The capital and environmental costs of fully accommodating the existing and projected automobile traffic on roads and highways are prohibitive. Decreasing the demand for vehicle trips is significantly less costly and at least as effective in reducing traffic congestion and its impacts as constructing new transportation facilities such as roads and bridges, to accommodate increased traffic volumes.

The legislature also finds that increasing automotive transportation is a major factor in increasing consumption of gasoline and, thereby, increasing reliance on imported sources of petroleum. Moderating the growth in automotive travel is essential to stabilizing and reducing dependence on imported petroleum and improving the nation's energy security.

The legislature further finds that reducing the number of commute trips to work made via single occupant cars and light trucks is an effective way of reducing automobile-related air pollution, traffic congestion, and energy use. Major employers have significant opportunities to encourage and facilitate reducing single occupant vehicle commuting by employees.

The intent of this chapter is to require local governments in those counties experiencing the greatest automobile-related air pollution and traffic congestion to develop and implement plans to reduce single occupant vehicle commute trips. Such plans shall require major employers and employers at major worksites to implement programs to reduce single occupant vehicle commuting by employees at major worksites. Local

governments in counties experiencing significant but less severe automobile-related air pollution and traffic congestion may implement such plans. State agencies shall implement programs to reduce single occupant vehicle commuting at all major worksites throughout the state.

NEW SECTION. Sec. 11. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "A major employer" means a private or public employer that employs one hundred or more full-time employees at a single worksite who begin their regular work day between 6:00 a.m. and 9:00 a.m. on weekdays for at least twelve continuous months during the year.

(2) "Major worksite" means a building or group of buildings that are on physically contiguous parcels of land or on parcels separated solely by private or public roadways or rights of way, and at which there are one hundred or more full-time employees of one or more employers, who begin their regular work day between 6:00 a.m. and 9:00 a.m. on weekdays, for at least twelve continuous months.

(3) "Commute trip reduction zones" mean areas, such as census tracts or combinations of census tracts, within a jurisdiction that are characterized by similar employment density, population density, level of transit service, parking availability, access to high occupancy vehicle facilities, and other factors that are determined to affect the level of single occupancy vehicle commuting.

(4) "Commute trip" means trips made from a worker's home to a worksite during the peak period of 6:00 a.m. to 9:00 a.m. on weekdays.

(5) "Proportion of single occupant vehicle commute trips" means the number of commute trips made by single occupant automobiles divided by the number of full-time employees.

(6) "Commute trip vehicle miles traveled per employee" means the sum of the individual vehicle commute trip lengths in miles over a set period divided by the number of full-time employees during that period.

(7) "Base year" means the year January 1, 1992, through December 31, 1992, on which goals for vehicle miles traveled and single occupant vehicle trips shall be based. Base year goals may be determined using the 1990 journey-to-work census data projected to the year 1992 and shall be consistent with the growth management act. The task force shall establish a method to be used by jurisdictions to determine reductions of vehicle miles traveled.

NEW SECTION. Sec. 12. REQUIREMENTS FOR COUNTIES AND CITIES.

(1) Each county with a population over one hundred fifty thousand, and each city or town within those counties containing a major employer shall, by October 1, 1992, adopt by ordinance and implement a commute trip reduction plan for all major employers. The plan shall be developed in cooperation with local transit agencies, regional transportation planning organizations as established in RCW 47.80.020, major employers, and the owners of and employers at major worksites. The plan shall be designed to achieve reductions in the proportion of single occupant vehicle commute trips and the commute trip vehicle miles traveled per employee by employees of major public and private sector employers in the jurisdiction.

(2) All other counties, and cities and towns in those counties, may adopt and implement a commute trip reduction plan.

(3) The department of ecology may, after consultation with the state energy office, as part of the state implementation plan for areas that do not attain the national ambient air quality standards for carbon monoxide or ozone, require municipalities other than those identified in subsection (1) of this section to adopt and implement commute trip reduction plans if the department determines that such plans are necessary for attainment of said standards.

(4) A commute trip reduction plan shall be consistent with the guidelines established under section 15 of this act and shall include but is not limited to (a) goals for reductions in the proportion of single occupant vehicle commute trips and the commute trip vehicle miles traveled per employee; (b) designation of commute trip reduction zones; (c) requirements for major public and private sector employers to implement commute trip reduction programs; (d) a commute trip reduction program for employees of the county, city, or town; (e) a review of local parking policies and ordinances as they relate to employers and major worksites and any revisions necessary to comply with commute trip reduction goals and guidelines; (f) an appeals process by which major employers, who as a result of special characteristics of their business or its locations would be unable to meet the requirements of a commute trip reduction plan, may obtain waiver or modification of those requirements; and (g) means for determining base year values of the proportion of single occupant vehicle commute trips and the commute trip vehicle miles traveled per employee and progress toward meeting commute trip reduction plan goals on an annual basis. Goals which are established shall take into account existing transportation demand management efforts which are made by major employers. Each jurisdiction shall ensure that employers shall receive full credit for the results of transportation demand management efforts and commute trip reduction programs which have been implemented by major employers prior to the base year. The goals for miles traveled per employee for all major employers shall not be less than a fifteen percent reduction from the base year value of the commute trip reduction zone in which their worksite is located by January 1, 1995, twenty-five percent reduction from the base year values by January 1, 1997, and thirty-five percent reduction from the base year values by January 1, 1999.

(5) A county, city, or town may, as part of its commute trip reduction plan, require commute trip reduction programs for employers with ten or more full time employees at major worksites in federally designated non-attainment areas for carbon monoxide and ozone. The county, city or town shall develop the programs in cooperation with affected employers and provide technical assistance to the employers in implementing such programs.

(6) The commute trip reduction plans adopted by counties, cities, and towns under this chapter shall be consistent with and may be incorporated in applicable state or regional transportation plans and local comprehensive plans and shall be coordinated, and consistent with, the commute trip reduction plans of counties, cities, or towns with which the county, city, or town has, in part, common borders or related regional issues. Such regional issues shall include assuring consistency in the treatment of employers who have worksites subject to the requirements of this chapter in more than one jurisdiction. Counties, cities, or towns adopting commute trip reduction plans may enter into agreements through the interlocal cooperation act or by resolution or ordinance as appropriate with other jurisdictions, local transit agencies, or regional transportation planning organizations to coordinate the development and implementation of such plans. Counties, cities, or towns adopting a commute trip reduction plan shall review it annually and revise it as necessary to be consistent with applicable plans developed under RCW 36.70A.070.

(7) Each county, city, or town implementing a commute trip reduction program shall, within thirty days submit a summary of its plan along with certification of adoption to the commute trip reduction task force established under section 15 of this act.

(8) Each county, city, or town implementing a commute trip reduction program shall submit an annual progress report to the commute trip reduction task force established under section 15 of this act. The report shall be due July 1, 1994, and each July 1 thereafter through July 1, 2000. The report shall describe progress in attaining the applicable commute trip reduction goals for each commute trip reduction zone and shall highlight any problems being encountered in achieving the goals. The information shall be reported in a form established by the commute trip reduction task force.

(9) Any waivers or modifications of the requirements of a commute trip reduction plan granted by a jurisdiction shall be submitted for review to the commute trip reduction task force established under section 15 of this act. The commute trip reduction task force may not deny the granting of a waiver or modification of the requirements of a commute trip reduction plan by a jurisdiction but they may notify the jurisdiction of any comments or objections.

(10) Each county, city, or town implementing a commute trip reduction program shall count commute trips eliminated through work-at-home options or alternate work schedules as one and two-tenths vehicle trips eliminated for the purpose of meeting trip reduction goals.

(11) Plans implemented under this section shall not apply to commute trips for seasonal agricultural employees.

(12) Plans implemented under this section shall not apply to construction worksites when the expected duration of the construction project is less than two years.

NEW SECTION. Sec. 13. REQUIREMENTS FOR EMPLOYERS. (1) Not more than six months after the adoption of the commute trip reduction plan by a jurisdiction, each major employer in that jurisdiction shall develop a commute trip reduction program and shall submit a description of that program to the jurisdiction for review. The program shall be implemented not more than six months after submission to the jurisdiction.

(2) A commute trip reduction program shall consist of, at a minimum (a) designation of a transportation coordinator and the display of the name, location, and telephone number of the coordinator in a prominent manner at each affected worksite; (b) regular distribution of information to employees regarding alternatives to single occupant vehicle commuting; (c) an annual review of employee commuting and reporting of progress toward meeting the single occupant vehicle reduction goals to the county, city, or town consistent with the method established in the commute trip reduction plan; and (d) implementation of a set of measures designed to achieve the applicable commute trip reduction goals adopted by the jurisdiction. Such measures may include but are not limited to:

(i) Provision of preferential parking or reduced parking charges, or both, for high occupancy vehicles;

(ii) Instituting or increasing parking charges for single occupant vehicles;

(iii) Provision of commuter ride matching services to facilitate employee ridesharing for commute trips;

(iv) Provision of subsidies for transit fares;

(v) Provision of vans for van pools;

(vi) Provision of subsidies for car pooling or van pooling;

(vii) Permitting the use of the employer's vehicles for car pooling or van pooling;

(viii) Permitting flexible work schedules to facilitate employees' use of transit, car pools, or van pools;

(ix) Cooperation with transportation providers to provide additional regular or express service to the worksite;

(x) Construction of special loading and unloading facilities for transit, car pool, and van pool users;

(xi) Provision of bicycle parking facilities, lockers, changing areas, and showers for employees who bicycle or walk to work;

(xii) Provision of a program of parking incentives such as a rebate for employees who do not use the parking facility;

(xiii) Establishment of a program to permit employees to work part or full time at home or at an alternative worksite closer to their homes;

(xiv) Establishment of a program of alternative work schedules such as compressed work week schedules which reduce commuting; and

(xv) Implementation of other measures designed to facilitate the use of high-occupancy vehicles such as on-site day care facilities and emergency taxi services.

(3) Employers or owners of worksites may form or utilize existing transportation management associations to assist members in developing and implementing commute trip reduction programs.

NEW SECTION. Sec. 14. JURISDICTIONS' REVIEW AND PENALTIES. (1) Each jurisdiction implementing a commute trip reduction plan under this chapter or as part of a plan or ordinance developed under RCW 36.70A.070 shall review each employer's initial commute trip reduction program to determine if the program is likely to meet the applicable commute trip reduction goals. The employer shall be notified by the jurisdiction of its findings. If the jurisdiction finds that the program is not likely to meet the applicable commute trip reduction goals, the jurisdiction will work with the employer to modify the program as necessary. The jurisdiction shall complete review of each employer's initial commute trip reduction program within three months of receipt.

(2) Each jurisdiction shall annually review each employer's progress toward meeting the applicable commute trip reduction goals. If it appears an employer is not likely to meet the applicable commute trip reduction goals, the jurisdiction shall work with the employer to make modifications to the commute trip reduction program.

(3) If an employer fails to meet the applicable commute trip reduction goals, the jurisdiction shall propose modifications to the program and direct the employer to revise its program within thirty days to incorporate those modifications or modifications which the jurisdiction determines to be equivalent.

(4) Each jurisdiction implementing a commute trip reduction plan pursuant to this chapter may impose civil penalties, in the manner provided in chapter 7.80 RCW, for failure by an employer to implement a commute trip reduction program or to modify its commute trip reduction program as required in subsection (3) of this section. No major employer shall be liable for civil penalties under this chapter if failure to achieve a commute trip reduction program goal was the result of an inability to reach agreement with a certified collective bargaining agent under applicable laws where the issue was raised by the employer and pursued in good faith.

NEW SECTION. Sec. 15. (1) A twenty-three member state commute trip reduction task force shall be established as follows:

(a) The director of the state energy office or the director's designee who shall serve as chair;

(b) The secretary of the department of transportation or the secretary's designee;

(c) The director of the department of ecology or the director's designee;

(d) The director of the department of community development or the director's designee;

(e) The director of the department of general administration or the director's designee;

(f) Three representatives from counties appointed by the governor from a list of at least six recommended by the Washington state association of counties;

(g) Three representatives from cities and towns appointed by the governor from a list of at least six recommended by the association of Washington cities;

(h) Three representatives from transit agencies appointed by the governor from a list of at least six recommended by the Washington state transit association;

(i) Six representatives of employers at or owners of major work sites in Washington appointed by the governor from a list of at least twelve recommended by the association of Washington business; and

(j) Three citizens appointed by the governor.

Members of the commute trip reduction task force shall serve without compensation but shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. Members appointed by the governor shall be compensated in accordance with RCW

43.03.220. The task force has all powers necessary to carry out its duties as prescribed by this chapter. The task force shall be dissolved on July 1, 2000.

(2) By March 1, 1992, the commute trip reduction task force shall establish guidelines for commute trip reduction plans. The guidelines are intended to ensure consistency in commute trip reduction plans and goals among jurisdictions while fairly taking into account differences in employment and housing density, employer size, existing and anticipated levels of transit service, special employer circumstances, and other factors the task force determines to be relevant. The guidelines shall include:

- (a) Criteria for establishing commute trip reduction zones;
- (b) Methods and information requirements for determining base year values of the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee and progress toward meeting commute trip reduction plan goals;
- (c) Model commute trip reduction ordinances;
- (d) Methods for assuring consistency in the treatment of employers who have worksites subject to the requirements of this chapter in more than one jurisdiction;
- (e) An appeals process by which major employers, who as a result of special characteristics of their business or its locations would be unable to meet the requirements of a commute trip reduction plan, may obtain a waiver or modification of those requirements and criteria for determining eligibility for waiver or modification;
- (f) Methods to ensure that employers shall receive full credit for the results of transportation demand management efforts and commute trip reduction programs which have been implemented by major employers prior to the base year;
- (g) Alternative commute trip reduction goals for major employers which cannot meet the goals of this chapter because of the unique nature of their business; and
- (h) Alternative commute trip reduction goals for major employers whose worksites change and who contribute substantially to traffic congestion in a trip reduction zone.

(3) The task force shall assess the commute trip reduction options available to employers other than major employers and make recommendations to the legislature by October 1, 1992. The recommendations shall include the minimum size of employer who shall be required to implement trip reduction programs and the appropriate methods those employers can use to accomplish trip reduction goals.

(4) The task force shall review progress toward implementing commute trip reduction plans and programs and the costs and benefits of commute trip reduction plans and programs and shall make recommendations to the legislature by December 1, 1995, and December 1, 1999. In assessing the costs and benefits, the task force shall consider the costs of not having implemented commute trip reduction plans and programs. The task force shall examine other transportation demand management programs nationally and incorporate its findings into its recommendations to the legislature. The recommendations shall address the need for continuation, modification, or termination or any or all requirements of this chapter. The recommendations made December 1, 1995, shall include recommendations regarding extension of the requirements of this chapter to employers with fifty or more full-time employees at a single worksite who begin their regular work day between 6:00 a.m. and 9:00 a.m. on weekdays for more than twelve continuous months.

NEW SECTION. Sec. 16. TECHNICAL ASSISTANCE TEAM. (1) A technical assistance team shall be established under the direction of the state energy office and include representatives of the departments of transportation and ecology. The team shall provide staff support to the commute trip reduction task force in carrying out the requirements of section 15 of this act and to the department of general administration in carrying out the requirements of section 19 of this act.

(2) The team shall provide technical assistance to counties, cities, and towns, the department of general administration, other state agencies, and other employers in developing and implementing commute trip reduction plans and programs. The technical

assistance shall include: (a) Guidance in determining base and subsequent year values of single occupant vehicle commuting proportion and commute trip reduction vehicle miles traveled to be used in determining progress in attaining plan goals; (b) developing model plans and programs appropriate to different situations; and (c) providing consistent training and informational materials for the implementation of commute trip reduction programs. Model plans and programs, training and informational materials shall be developed in cooperation with representatives of local governments, transit agencies, and employers.

(3) In carrying out this section the state energy office and department of transportation may contract with state-wide associations representing cities, towns, and counties to assist cities, towns, and counties in implementing commute trip reduction plans and programs.

NEW SECTION. Sec. 17. USE OF FUNDS. A portion of the funds made available for the purposes of this chapter shall be used to fund the commute trip reduction task force in carrying out the responsibilities of section 16 of this act, and the interagency technical assistance team, including the activities authorized under section 16(2) of this act, and to assist counties, cities, and towns implementing commute trip reduction plans. Funds shall be provided to the counties in proportion to the number of major employers and major worksites in each county. The counties shall provide funds to cities and towns within the county which are implementing commute trip reduction plans in proportion to the number of major employers and major worksites within the city or town.

NEW SECTION. Sec. 18. LEGISLATIVE INTENT--STATE LEADERSHIP. The legislature hereby recognizes the state's crucial leadership role in establishing and implementing effective commute trip reduction programs. Therefore, it is the policy of the state that the department of general administration and other state agencies shall aggressively develop substantive programs to reduce commute trips by state employees. Implementation of these programs will reduce energy consumption, congestion in urban areas, and air and water pollution associated with automobile travel.

NEW SECTION. Sec. 19. GENERAL ADMINISTRATION. (1) The director of general administration, with the concurrence of an interagency task force established for the purposes of this section, shall coordinate a commute trip reduction plan for state agencies which are phase 1 major employers by January 1, 1993. The task force shall include representatives of the state energy office, the departments of transportation and ecology and such other departments as the director of general administration determines to be necessary to be generally representative of state agencies. The state agency plan shall be consistent with the requirements of sections 12 and 13 of this act and shall be developed in consultation with state employees, local and regional governments, local transit agencies, the business community, and other interested groups. The plan shall consider and recommend policies applicable to all state agencies including but not limited to policies regarding parking and parking charges, employee incentives for commuting by other than single-occupant automobiles, flexible and alternative work schedules, alternative worksites, and the use of state-owned vehicles for car and van pools. The plan shall also consider the costs and benefits to state agencies of achieving commute trip reductions and consider mechanisms for funding state agency commute trip reduction programs. The department shall, within thirty days, submit a summary of its plan along with certification of adoption to the commute trip reduction task force established under section 15 of this act.

(2) Not more than three months after the adoption of the commute trip reduction plan, each state agency shall, for each facility which is a major employer, develop a commute trip reduction program. The program shall be designed to meet the goals of the commute trip reduction plan of the county, city, or town or, if there is no local commute trip reduction plan, the state. The program shall be consistent with the policies of the state commute trip reduction plan and section 13 of this act. The agency shall submit a

description of that program to the local jurisdiction implementing a commute trip reduction plan or, if there is no local commute trip reduction plan, to the department of general administration. The program shall be implemented not more than three months after submission to the department. Annual reports required in section 13(2)(c) of this act shall be submitted to the local jurisdiction implementing a commute trip reduction plan and to the department of general administration. An agency which is not meeting the applicable commute trip reduction goals shall, to the extent possible, modify its program to comply with the recommendations of the local jurisdiction or the department of general administration.

(3) State agencies sharing a common location may develop and implement a joint commute trip reduction program or may delegate the development and implementation of the commute trip reduction program to the department of general administration.

(4) The department of general administration in consultation with the state technical assistance team shall review the initial commute trip reduction program of each state agency subject to the commute trip reduction plan for state agencies to determine if the program is likely to meet the applicable commute trip reduction goals and notify the agency of any deficiencies. If it is found that the program is not likely to meet the applicable commute trip reduction goals, the team will work with the agency to modify the program as necessary.

(5) For each agency subject to the state agency commute trip reduction plan, the department of general administration in consultation with the technical assistance team shall annually review progress toward meeting the applicable commute trip reduction goals. If it appears an agency is not meeting or is not likely to meet the applicable commute trip reduction goals, the team shall work with the agency to make modifications to the commute trip reduction program.

(6) The department of general administration shall submit an annual progress report for state agencies subject to the state agency commute trip reduction plan to the commute trip reduction task force established under section 15 of this act. The report shall be due April 1, 1993, and each April 1 through 2000. The report shall report progress in attaining the applicable commute trip reduction goals for each commute trip reduction zone and shall highlight any problems being encountered in achieving the goals. The information shall be reported in a form established by the commute trip reduction task force.

NEW SECTION. Sec. 20. CODIFICATION. Sections 1 through 9 of this act shall constitute a new chapter in Title 47 RCW.

NEW SECTION. Sec. 21. CODIFICATION. Sections 10 through 19 of this act shall constitute a new chapter in Title 81 RCW.

NEW SECTION. Sec. 22. HEADINGS. Section captions and part headings as used in this act do not constitute any part of the law.

NEW SECTION. Sec. 23. TDM--NULL AND VOID. If funding for the purposes of sections 10 through 19 of this act is not provided by June 30, 1991, sections 10 through 19 and 21 of this act shall be null and void.

NEW SECTION. Sec. 24. EMERGENCY CLAUSE. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991.

NEW SECTION. Sec. 25. SEVERABILITY CLAUSE. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

On page 1, line 1 of the title, after "strategies;" strike the remainder of the title and insert "adding a new chapter to Title 47 RCW; adding a new chapter to Title 81 RCW; creating new sections; prescribing penalties; providing an effective date; and declaring an emergency."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1686 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the rehabilitation process may be enhanced by participation in training, education, and employment-related incentive programs and may be a consideration in reducing time in confinement.

NEW SECTION. Sec. 2. A new section is added to chapter 72.60 RCW to read as follows:

(1) The department of corrections shall develop, in accordance with RCW 72.09.010, a site-specific implementation plan for prison industries space at Clallam Bay corrections center, McNeil Island corrections center, and the one thousand twenty-four bed medium security prison as appropriated for and authorized by the legislature.

(2) Each implementation plan shall include, but not be limited to, sufficient space and design elements that try to achieve a target of twenty-five percent of the total inmates in class I employment programs and twenty-five percent of the total inmates in class II employment programs or as much of the target as possible without jeopardizing the efficient and necessary day-to-day operation of the prison. The implementation plan shall also include educational opportunities and employment, wage, and other incentives. The department shall include in the implementation plans an incentive program based on wages, and the opportunity to contribute all or a portion of their wages towards an array of incentives. The funds recovered from the sale, lease, or rental of incentives should be considered as a possible source of revenue to cover the capitalized cost of the additional space necessary to accommodate the increased class I and class II industries programs.

(3) The incentive program shall be developed so that inmates can earn higher wages based on performance and production. Only those inmates employed in class I and class II jobs may participate in the incentive program. The department shall develop special program criteria for inmates with physical or mental handicaps so that they can participate in the incentive program.

(4) The department shall propose rules specifying that inmate wages, other than the amount an inmate owes for taxes, legal financial obligations, and to the victim restitution fund, shall be returned to the department to pay for the cost of prison operations, including room and board.

(5) The plan shall identify actual or potential legal or operational obstacles, or both, in implementing the components of the plan as specified in this section, and recommend strategies to remove the obstacles.

(6) The department shall submit the plan to the appropriate committees of the legislature and to the governor by October 1, 1991.

NEW SECTION. Sec. 3. The overall prison design plans for new construction at Clallam Bay corrections center, McNeil Island corrections center, and the one thousand twenty-four bed medium security prison as appropriated for and authorized by the legislature shall not be inconsistent with the implementation plan outlined in this act. No provision under this act shall require the department of corrections to redesign, postpone, or delay the construction of any of the facilities outlined in section 2 of this act.

NEW SECTION. Sec. 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

On page 1, line 1 of the title, after "industries;" strike the remainder of the title and insert "adding a new section to chapter 72.60 RCW; creating new sections; and declaring an emergency."
and the same is herewith transmitted.

SUBSTITUTE HOUSE BILL NO. 1194, by House Committee on Local Government (originally sponsored by Representatives Zellinsky, Wynne, Cooper, Rayburn, Roland, Wood, Edmondson, Mitchell, Nealey, Bray, Franklin and Haugen)

Revising and adding provisions on special districts.

The House resumed consideration of Substitute House Bill No. 1194. (For previous action, see Journal, 99th Day, April 22, 1991, Afternoon Session.)

The Speaker stated the question before the House to be the Point of Order by Representative Haugen regarding the scope and object of the Senate amendments to Substitute House Bill No. 1194.

SPEAKER'S RULING

The Speaker: The Speaker has examined Substitute House Bill No. 1194, which relates to special districts in Title 85 RCW. These districts, which include diking, drainage and sewer improvement districts, all have voting rights restricted to property owners. That is the class of special districts referred to in Title 85 RCW. The bill deals with the various duties of these special districts--elections, nominations, primarily the voting processes, but a whole host of duties.

The amendments on page 11, line 21, and page 11, line 23, deal with the filling of vacancies in special districts. The amendment on page 19, line 6, by Senator Smith deals with the compensation of these special district board members. The Speaker finds that these amendments are within the scope and

object of the original House Bill. They deal with the same class of districts and a long list of duties and powers of these districts.

The amendment on page 19, line 2, adds new language to Title 29 RCW relating to elections for public utility districts. The amendment on page 19, line 6, by Committee on Government Operations adds new language to Titles 56 and 57 RCW relating to sewer and water district elections. The Speaker finds that these two amendments do not deal with the same kind of special districts which are the subject of the underlying bill. Therefore, Representative Haugen, your point is well taken. These two amendments are beyond the scope and object of the bill.

MOTION

Ms. Haugen moved that the House refuse to concur in the Senate amendments to Substitute House Bill No. 1194 and ask the Senate to recede therefrom. The motion was carried.

SUBSTITUTE HOUSE BILL NO. 1313, by House Committee on Revenue (originally sponsored by Representatives Fraser, Brumsickle, Phillips, Jones and Scott)

Modifying qualifications for senior citizen property tax relief.

The House resumed consideration of Substitute House Bill No. 1313. (For previous action, see Journal, 97th Day, April 20, 1991.)

The Speaker stated the question before the House to be the Point of Order by Representative Wang regarding the scope and object of the Senate amendments to Substitute House Bill No. 1313.

SPEAKER'S RULING

The Speaker: The Speaker has examined both the underlying bill, the original House Bill, and the amendment. The Speaker finds that Substitute House Bill No. 1313 is an act relating to senior citizen property tax relief. It modifies the age qualification for senior citizen property tax relief by changing the date by which an applicant must reach age sixty-one from January 1 of the application year to December 31.

The Senate amendment raises both the income levels for senior citizen property tax relief and the maximum home value on which relief is allowed. The Speaker finds the amendment is not clarifying or perfecting, but broadens the scope of the original bill. I find, Representative Wang, that your point is well taken, that the amendment is outside the scope and object of original bill.

MOTION

Mr. Wang moved that the House refuse to concur in the Senate amendments to Substitute House Bill No. 1313 and ask the Senate to recede therefrom. The motion was carried.

SUBSTITUTE HOUSE BILL NO. 1317, by Representatives Silver, Morris, Holland, Fraser, Mielke, Spanel, Edmondson, Lisk, Morton, Paris, Hochstatter, Nealey, Wynne, Cooper, Bowman, D. Sommers, Miller, Ballard and Mitchell

Clarifying the tax exemption for medically prescribed oxygen.

The House resumed consideration of Substitute House Bill No. 1317. (For previous action, see Journal, 99th Day, April 22, 1991, Afternoon Session.)

The Speaker stated the question before the House to be the Point of Order by Representative Wang regarding the scope and object of the Senate amendments to Substitute House Bill No. 1317.

SPEAKER'S RULING

The Speaker: The Speaker has examined Substitute House Bill No. 1317, which expands the current sales tax exemption for medically prescribed oxygen. The Senate amendments exempt from the sales tax items purchased by free hospitals which are reasonable necessary for the operation of the hospital. The Speaker finds that the amendments expand the scope and object of Substitute House Bill No. 1317. Your point is well taken.

MOTION

Mr. Wang moved that the House refuse to concur in the Senate amendments to Substitute House Bill No. 1317 and ask the Senate to recede therefrom. The motion was carried.

SUBSTITUTE HOUSE BILL NO. 1454, by House Committee on Environmental Affairs (originally sponsored by Representatives Rust, Horn, Betzoff and Nealey; by request of Department of Ecology)

Pertaining to the applicability of the uniform fire code to underground storage tank laws.

The House resumed consideration of Substitute House Bill No. 1454. (For previous action, see Journal, 97th Day, April 20, 1991.)

The Speaker stated the question before the House to be the Point of Order by Representative Rust regarding the scope and object of the Senate amendments to Substitute House Bill No. 1454.

SPEAKER'S RULING

The Speaker: The Speaker has examined Substitute House Bill No. 1454, which deals with exemptions to state preemption of local laws regulating underground storage tanks. It adds an additional exception from state preemption for ordinances adopting provisions of the Uniform Fire Code.

The Senate amendments deal with underground storage tanks located in environmentally sensitive areas and provide that local ordinances will not apply to tanks installed prior to the effective date of the local ordinance if they meet all the standards set in state and federal law. The amendment also limits the reasons for designating environmentally sensitive areas. The Speaker finds, Representative Rust, that your point is well taken. The amendment is outside the scope and object of the original bill.

MOTION

Ms. Rust moved that the House refuse to concur in the Senate amendments to Substitute House Bill No. 1454 and ask the Senate to recede therefrom.

MOTION

Ms. Edmondson moved that the House do concur in the Senate amendments to Substitute House Bill No. 1454.

SPEAKER'S RULING

The Speaker: Representative Edmondson, my attorney has pointed out that, since I had made the ruling stating that the Senate amendments were outside the scope and object of Substitute House Bill No. 1454, the only acceptable motion was the motion to refuse to concur. The motion to concur is not acceptable since we have ruled that the amendments are not acceptable. I would have to rule your motion out of order.

POINT OF PARLIAMENTARY INQUIRY

Ms. Edmondson: Thank you, Mr. Speaker. May I speak against the motion to refuse to concur?

SPEAKER'S RULING

The Speaker: Absolutely yes, Representative Edmondson. Let me point out that, should your eloquence on this prevail and the motion to refuse to concur is voted down, House Rule 12(C) provides that at that point the bill goes to the House committee of origin.

The motion by Representative Rust to refuse to concur in the Senate amendments to Substitute House Bill No. 1454 and ask the Senate to recede therefrom was carried.

SUBSTITUTE HOUSE BILL NO. 1243, by House Committee on Education (originally sponsored by Representatives Fuhrman, G. Fisher, Wood, Brekke, Neher, Cole, Silver, Jones, Holland, Peery, Fraser, Brumsickle, Bowman, Moyer, May, Dorn, Pruitt, Belcher, Valle, Heavey, McLean, Chandler, Ferguson, Hochstatter, Padden, Brough, Paris, Winsley, Morton, Mielke, Rayburn, Vance, Forner, P. Johnson, Wynne, Berozoff, Hargrove, Van Luven, D. Sommers, Edmondson, Miller, Bray, Basich, Mitchell and Tate)

Requiring teaching experience for teacher educators.

The House resumed consideration of Substitute House Bill No. 1243. (For previous action, see Journal, 99th Day, April 22, 1991, Morning Session.)

The Speaker stated the question before the House to be the Point of Order by Representative Peery regarding the scope and object of the Senate amendments to Substitute House Bill No. 1243.

SPEAKER'S RULING

The Speaker: I assume, Representative Peery, that your point of order was to the substantive amendment on page 3, line 2. There were a couple of minor technical amendments, but I am ruling on the amendment on page 3, line 2.

The Speaker has examined Substitute House Bill No. 1243, which requires state colleges and universities to increase collaboration and interaction between the faculty of education preparation programs and the K-12 schools.

The Senate amendment on page 3, line 2, repeals the teacher's master degree requirement for teachers. The Speaker finds that this amendment does expand the scope and object of the bill. Your point is well taken.

MOTION

Mr. Peery moved that the House refuse to concur in the Senate amendment on page 3, line 2, to Substitute House Bill No. 1243 and ask the Senate to recede therefrom.

Ms. Brough spoke in favor of the motion, and it was carried.

MOTION

Mr. Peery moved that the House do concur in the Senate amendments on page 2, lines 7 and 24 to Substitute House Bill No. 1243. The motion was carried.

HOUSE BILL NO. 1757, by Representatives Ferguson, Van Luven, Heavey, D. Sommers, Dorn, Miller, R. Meyers, Paris, Hargrove, Silver, Prentice, Moyer, Berozoff, Winsley, Horn, Chandler, Tate, Vance, Nealey, Edmondson, Fuhrman, Broback, Wynne, Ballard, Hochstatter, Jacobsen, Wineberry, Roland, Bowman, Brough and Forner

Changing "driving while intoxicated" to "driving while under the influence of intoxicating liquor or any drug."

The House resumed consideration of House Bill No. 1757. (For previous action, see today's Journal.)

The Speaker stated the question before the House to be the Point of Order by Representative Appelwick regarding the scope and object of the Senate amendments to House Bill No. 1757.

SPEAKER'S RULING

The Speaker: House Bill No. 1757 amends current law by replacing the phrase "driving while intoxicated" with the phrase "driving under the influence of intoxicating liquor or any drug" so that all statutes on this subject are consistent.

The Senate amendment changes the current "per se" blood alcohol concentration standard for DWI from 0.10 to 0.80 for persons over the age of twenty-one and from 0.10 to 0.04 for persons under twenty-one. The Speaker finds that the Senate amendment is clearly outside the scope and object of the original House Bill and that your point, Representative Appelwick, is well taken.

MOTION

Mr. Appelwick moved that the House refuse to concur in the Senate amendments to House Bill No. 1757 and ask the Senate to recede therefrom. The motion was carried.

SENATE AMENDMENT TO HOUSE BILL

April 8, 1991

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1572 with the following amendment:

On page 3, line 11, after "act." insert:

NEW SECTION. Sec. 5. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, this act shall be null and void. and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

MOTION

Mr. R. King moved that the House do concur in the Senate amendment to Engrossed House Bill No. 1572. The motion was carried.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

The Speaker stated the question before the House to be final passage of Engrossed House Bill No. 1572 as amended by the Senate.

POINT OF INQUIRY

Ms. Spanel yielded to question by Mr. R. King.

Mr. R. King: The retailer's ability to label accurately is only as good as the information provided by the fish wholesaler. Is it your intention that the Department of Agriculture, as they adopt regulations to implement the act, require that wholesalers identify the salmon products accurately as to species and origin?

Ms. Spanel: Yes. The rules to implement the act should recognize the retailer's reliance on that information.

Mr. R. King: If the retailer is provided with false information and then unknowingly presents this inaccurate information to the consumer, will the retailer be liable for misbranding?

Ms. Spanel: No. The courts will read into the law that the knowledge of the facts is required. A retailer would have to knowingly misrepresent the product in order to be guilty of misbranding.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed House Bill No. 1572 as amended by the Senate, and the bill passed the House by the following vote: Yeas - 94, Nays - 0, Absent - 1, Excused - 3.

SENATE AMENDMENTS TO HOUSE BILL

April 18, 1991

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1828 with the following amendments:

Strike everything after the enacting clause and insert the following:

"ARTICLE I

FINDINGS AND DEFINITIONS"

NEW SECTION. Sec. 101. LEGISLATIVE FINDINGS. The legislature finds that:

(1) Health care information is personal and sensitive information that if improperly used or released may do significant harm to a patient's interests in privacy, health care, or other interests.

(2) Patients need access to their own health care information as a matter of fairness to enable them to make informed decisions about their health care and correct inaccurate or incomplete information about themselves.

(3) In order to retain the full trust and confidence of patients, health care providers have an interest in assuring that health care information is not improperly disclosed and in having clear and certain rules for the disclosure of health care information.

(4) Persons other than health care providers obtain, use, and disclose health record information in many different contexts and for many different purposes. It is the public policy of this state that a patient's interest in the proper use and disclosure of the patient's health care information survives even when the information is held by persons other than health care providers.

(5) The movement of patients and their health care information across state lines, access to and exchange of health care information from automated data banks, and the emergence of multistate health care providers creates a compelling need for uniform law, rules, and procedures governing the use and disclosure of health care information.

NEW SECTION. Sec. 102. DEFINITIONS. As used in this chapter, unless the context otherwise requires:

(1) "Audit" means an assessment, evaluation, determination, or investigation of a health care provider by a person not employed by or affiliated with the provider to determine compliance with:

- (a) Statutory, regulatory, fiscal, medical, or scientific standards;
- (b) A private or public program of payments to a health care provider; or
- (c) Requirements for licensing, accreditation, or certification.

(2) "Directory information" means information disclosing the presence and the general health condition of a particular patient who is a patient in a health care facility or who is currently receiving emergency health care in a health care facility.

(3) "General health condition" means the patient's health status described in terms of "critical," "poor," "fair," "good," "excellent," or terms denoting similar conditions.

(4) "Health care" means any care, service, or procedure provided by a health care provider:

(a) To diagnose, treat, or maintain a patient's physical or mental condition; or

(b) That affects the structure or any function of the human body.

(5) "Health care facility" means a hospital, clinic, nursing home, laboratory, office, or similar place where a health care provider provides health care to patients.

(6) "Health care information" means any information, whether oral or recorded in any form or medium, that identifies or can readily be associated with the identity of a patient and directly relates to the patient's health care. The term includes any record of disclosures of health care information.

(7) "Health care provider" means a person who is licensed, certified, registered, or otherwise authorized by the law of this state to provide health care in the ordinary course of business or practice of a profession.

(8) "Institutional review board" means any board, committee, or other group formally designated by an institution, or authorized under federal or state law, to review, approve the initiation of, or conduct periodic review of research programs to assure the protection of the rights and welfare of human research subjects.

(9) "Maintain," as related to health care information, means to hold, possess, preserve, retain, store, or control that information.

(10) "Patient" means an individual who receives or has received health care. The term includes a deceased individual who has received health care.

(11) "Person" means an individual, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or any other legal or commercial entity.

(12) "Reasonable fee" means the charges for duplicating or searching the record specified in RCW 36.18.020 (8) or (16), respectively. However, where editing of records by a health care provider is required by statute and is done by the provider personally, the fee may be the usual and customary charge for a basic office visit.

"ARTICLE II

DISCLOSURE OF HEALTH CARE INFORMATION"

NEW SECTION. Sec. 201. DISCLOSURE BY HEALTH CARE PROVIDER.

Except as authorized in section 204 of this act, a health care provider, an individual who assists a health care provider in the delivery of health care, or an agent and employee of a health care provider may not disclose health care information about a patient to any other person without the patient's written authorization. A disclosure made under a patient's written authorization must conform to the authorization.

Health care providers or facilities shall chart all disclosures, except to third-party health care payors, of health care information, such chartings to become part of the health care information.

NEW SECTION. Sec. 202. PATIENT AUTHORIZATION TO HEALTH CARE PROVIDER FOR DISCLOSURE. (1) A patient may authorize a health care provider to disclose the patient's health care information. A health care provider shall honor an authorization and, if requested, provide a copy of the recorded health care information unless the health care provider denies the patient access to health care information under section 302 of this act.

(2) A health care provider may charge a reasonable fee, not to exceed the health care provider's actual cost for providing the health care information, and is not required to honor an authorization until the fee is paid.

(3) To be valid, a disclosure authorization to a health care provider shall:

(a) Be in writing, dated, and signed by the patient;

(b) Identify the nature of the information to be disclosed;

(c) Identify the name, address, and institutional affiliation of the person to whom the information is to be disclosed;

(d) Identify the provider who is to make the disclosure; and

(e) Identify the patient.

(4) Except as provided by this chapter, the signing of an authorization by a patient is not a waiver of any rights a patient has under other statutes, the rules of evidence, or common law.

(5) A health care provider shall retain each authorization or revocation in conjunction with any health care information from which disclosures are made. This requirement shall not apply to disclosures to third-party health care payors.

(6) Except for authorizations to provide information to third-party health care payors, an authorization may not permit the release of health care information relating to future health care that the patient receives more than ninety days after the authorization was signed. Patients shall be advised of the period of validity of their authorization on the disclosure authorization form.

(7) Except for authorizations to provide information to third-party health payors, an authorization in effect on the effective date of this section remains valid for six months after the effective date of this section unless an earlier date is specified or it is revoked under section 203 of this act. Health care information disclosed under such an authorization is otherwise subject to this chapter. An authorization written after the effective date of this section becomes invalid after the expiration date contained in the authorization, which may not exceed ninety days. If the authorization does not contain an expiration date, it expires ninety days after it is signed.

NEW SECTION. Sec. 203. **PATIENT'S REVOCATION OF AUTHORIZATION FOR DISCLOSURE.** A patient may revoke in writing a disclosure authorization to a health care provider at any time unless disclosure is required to effectuate payments for health care that has been provided or other substantial action has been taken in reliance on the authorization. A patient may not maintain an action against the health care provider for disclosures made in good-faith reliance on an authorization if the health care provider had no actual notice of the revocation of the authorization.

NEW SECTION. Sec. 204. **DISCLOSURE WITHOUT PATIENT'S AUTHORIZATION.** (1) A health care provider may disclose health care information about a patient without the patient's authorization to the extent a recipient needs to know the information, if the disclosure is:

(a) To a person who the provider reasonably believes is providing health care to the patient;

(b) To any other person who requires health care information for health care education, or to provide planning, quality assurance, peer review, or administrative, legal, financial, or actuarial services to the health care provider; or for assisting the health care provider in the delivery of health care and the health care provider reasonably believes that the person:

(i) Will not use or disclose the health care information for any other purpose; and

(ii) Will take appropriate steps to protect the health care information;

(c) To any other health care provider reasonably believed to have previously provided health care to the patient, to the extent necessary to provide health care to the patient, unless the patient has instructed the health care provider in writing not to make the disclosure;

(d) To any person if the health care provider reasonably believes that disclosure will avoid or minimize an imminent danger to the health or safety of the patient or any other individual, however there is no obligation under this chapter on the part of the provider to so disclose;

(e) Oral, and made to immediate family members of the patient, or any other individual with whom the patient is known to have a close personal relationship, if made

in accordance with good medical or other professional practice, unless the patient has instructed the health care provider in writing not to make the disclosure;

(f) To a health care provider who is the successor in interest to the health care provider maintaining the health care information;

(g) For use in a research project that an institutional review board has determined:

(i) Is of sufficient importance to outweigh the intrusion into the privacy of the patient that would result from the disclosure;

(ii) Is impracticable without the use or disclosure of the health care information in individually identifiable form;

(iii) Contains reasonable safeguards to protect the information from redisclosure;

(iv) Contains reasonable safeguards to protect against identifying, directly or indirectly, any patient in any report of the research project; and

(v) Contains procedures to remove or destroy at the earliest opportunity, consistent with the purposes of the project, information that would enable the patient to be identified, unless an institutional review board authorizes retention of identifying information for purposes of another research project;

(h) To a person who obtains information for purposes of an audit, if that person agrees in writing to:

(i) Remove or destroy, at the earliest opportunity consistent with the purpose of the audit, information that would enable the patient to be identified; and

(ii) Not to disclose the information further, except to accomplish the audit or report unlawful or improper conduct involving fraud in payment for health care by a health care provider or patient, or other unlawful conduct by the health care provider;

(i) To an official of a penal or other custodial institution in which the patient is detained;

(j) To provide directory information, unless the patient has instructed the health care provider not to make the disclosure.

(2) A health care provider shall disclose health care information about a patient without the patient's authorization if the disclosure is:

(a) To federal, state, or local public health authorities, to the extent the health care provider is required by law to report health care information; when needed to determine compliance with state or federal licensure, certification or registration rules or laws; or when needed to protect the public health;

(b) To federal, state, or local law enforcement authorities to the extent the health care provider is required by law;

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1938 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that a state-wide emergency communications network of enhanced 911 telephone service, which allows an immediate display of a caller's identification and location, would serve to further the safety, health, and welfare of the state's citizens, and would save lives. The legislature, after reviewing the study outlined in section 1, chapter 260, Laws of 1990, further finds that state-wide implementation of enhanced 911 telephone service is feasible and should be accomplished as soon as practicable.

Sec. 2. RCW 38.52.030 and 1986 c 266 s 25 are each amended to read as follows:

(1) The director may employ such personnel and may make such expenditures within the appropriation therefor, or from other funds made available for purposes of emergency management, as may be necessary to carry out the purposes of this chapter.

(2) The director, subject to the direction and control of the governor, shall be responsible to the governor for carrying out the program for emergency management of this state. The director shall coordinate the activities of all organizations for emergency management within the state, and shall maintain liaison with and cooperate with emergency management agencies and organizations of other states and of the federal government, and shall have such additional authority, duties, and responsibilities authorized by this chapter, as may be prescribed by the governor.

(3) The director shall develop and maintain a comprehensive, all-hazard emergency plan for the state which shall include an analysis of the natural and man-caused hazards which could affect the state of Washington, and shall include the procedures to be used during emergencies for coordinating local resources, as necessary, and the resources of all state agencies, departments, commissions, and boards. The comprehensive, all-hazard emergency plan authorized under this subsection may not include preparation for emergency evacuation or relocation of residents in anticipation of nuclear attack. This plan shall be known as the comprehensive emergency management plan.

(4) In accordance with the comprehensive emergency management plans and the programs for the emergency management of this state, the director shall procure supplies and equipment, institute training programs and public information programs, and shall take all other preparatory steps, including the partial or full mobilization of emergency management organizations in advance of actual disaster, to insure the furnishing of adequately trained and equipped forces of emergency management personnel in time of need.

(5) The director shall make such studies and surveys of the industries, resources, and facilities in this state as may be necessary to ascertain the capabilities of the state for emergency management, and shall plan for the most efficient emergency use thereof.

(6) The director may appoint a communications coordinating committee consisting of six to eight persons with the director, or his or her designee, as chairman thereof. Three of the members shall be appointed from qualified, trained and experienced telephone communications administrators or engineers actively engaged in such work within the state of Washington at the time of appointment, and three of the members shall be appointed from qualified, trained and experienced radio communication administrators or engineers actively engaged in such work within the state of Washington at the time of appointment. This committee shall advise the director on all aspects of the

communications and warning systems and facilities operated or controlled under the provisions of this chapter.

(7) The director, through the state enhanced 911 coordinator, shall coordinate and facilitate implementation and operation of a state-wide enhanced 911 emergency communications network.

(8) The director shall appoint a state coordinator of search and rescue operations to coordinate those state resources, services and facilities (other than those for which the state director of aeronautics is directly responsible) requested by political subdivisions in support of search and rescue operations, and on request to maintain liaison with and coordinate the resources, services, and facilities of political subdivisions when more than one political subdivision is engaged in joint search and rescue operations.

~~((8))~~ (9) The director, subject to the direction and control of the governor, shall prepare and administer a state program for emergency assistance to individuals within the state who are victims of a natural or man-made disaster, as defined by RCW 38.52.010(6). Such program may be integrated into and coordinated with disaster assistance plans and programs of the federal government which provide to the state, or through the state to any political subdivision thereof, services, equipment, supplies, materials, or funds by way of gift, grant, or loan for purposes of assistance to individuals affected by a disaster. Further, such program may include, but shall not be limited to, grants, loans, or gifts of services, equipment, supplies, materials, or funds of the state, or any political subdivision thereof, to individuals who, as a result of a disaster, are in need of assistance and who meet standards of eligibility for disaster assistance established by the department of social and health services: PROVIDED, HOWEVER, That nothing herein shall be construed in any manner inconsistent with the provisions of Article VIII, section 5 or section 7 of the Washington state Constitution.

~~((9))~~ (10) The director shall appoint a state coordinator for radioactive and hazardous waste emergency response programs. The coordinator shall consult with the state radiation control officer in matters relating to radioactive materials. NEW SECTION. Sec. 3. By December 31, 1998, each county, singly or in combination with adjacent counties, shall implement district-wide, county-wide, or multicounty-wide enhanced 911 emergency communications systems so that enhanced 911 is available throughout the state. The county shall provide funding for the enhanced 911 communication system in the county or district in an amount equal to the amount the maximum tax under RCW 82.14B.020(1) would generate in the county or district or the amount necessary to provide full funding of the system in the county or district, whichever is less. The state enhanced 911 coordination office established by section 4 of this act shall assist and facilitate enhanced 911 implementation throughout the state.

NEW SECTION. Sec. 4. A state enhanced 911 coordination office, headed by the state enhanced 911 coordinator, is established in the emergency management division of the department. Duties of the office shall include:

The state enhanced 911 coordinator, with the advice and assistance of the enhanced 911 advisory committee, shall specify by rule the purposes for which moneys may be expended from this account.

(2) A local exchange company providing emergency communications systems or services, and its employees and agents, is not liable in tort to a person for damages alleged to have been caused by the design, development, installation, maintenance, or provision of consolidated emergency communications systems or services, unless these entities or persons act with malice or criminal intent, or commit reckless, willful, and wanton conduct.

(3) For purposes of this section, "reckless, willful, and wanton conduct" is defined as an intentional and knowing action or failure to act, creating an unreasonable risk of harm to another, and which involves a high degree of probability that the harm will result.

APPOINTMENT OF CONFEREES

The Speaker (Mr. R. Meyers presiding) appointed Representatives Fraser, Orr and May as conferees on Engrossed Substitute House Bill No. 1938.

SENATE AMENDMENTS TO HOUSE BILL

April 18, 1991

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1151 with the following amendments:

On page 1, after the enacting clause insert a new section to read as follows:

NEW SECTION. Sec. 1. The legislature finds there is a statistically significant difference between the number of persons under the age of twenty-one and those twenty-one and over in the number of fatal automobile accidents in which the operator of one of the motor vehicles was under twenty-one and had consumed intoxicating liquor. The legislature finds that the number of persons under twenty-one years of age involved in alcohol-related fatal accidents is twice as great as the percent of total number of licensed motor vehicle operators represented by persons under twenty-one years of age.

The legislature further finds there is rational, scientific evidence that the affect of alcohol on persons under the age of twenty-one years of age is more significant than persons of similar weight and height who are older than twenty-one.

The legislature further finds that there is a rational relationship between the need to improve the safety of all persons using the highways, roads, waterways, and airways of this state and the ability to address the special concerns caused by the use of alcohol by persons under twenty-one years of age who are operating motor vehicles of any kind.

The legislature further recognizes the need to take special precautions to protect the health, safety, and well-being of its youth.

Renumber the remaining sections consecutively and correct internal cross-references.

On page 2, line 17, after "(j)" strike "0.10" and insert "0.08"

On page 2, line 18, after "(ii)" strike "0.10" and insert "0.08"

On line 2 of the title, after "intoxication" strike "for those persons under the age of twenty-one"

On line 3 of the title, after "one;" add "creating a new section;" and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

POINT OF ORDER

Ms. Spanel: I would like to ask for a ruling on the scope and object of each of the Senate amendments to Substitute House Bill No. 1268.

With consent of the House, further consideration of Substitute House Bill No. 1268 was deferred.

SENATE AMENDMENTS TO HOUSE BILL

April 19, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1608 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The department of social and health services shall conduct an assessment of the children in its care to determine the appropriate level of residential and treatment services required by these children. Prior to performing the assessment, the department shall, in conjunction with the private sector, develop a comprehensive, multidisciplinary diagnostic/assessment tool to be used in conducting the assessment. Any such assessment shall be based on a statistically valid sample of all children in the department's care. The department shall report the results of the

assessment to the appropriate standing committees of the legislature by September 15, 1992. The department shall submit recommendations to the appropriate standing committees of the legislature on reallocating funds for children's services by December 1, 1992.

NEW SECTION. Sec. 2. A new section is added to chapter 74.13 RCW to read as follows:

The department of social and health services may implement a therapeutic family home program for up to fifteen youth in the custody of the department under chapter 13.34 RCW. The program shall strive to develop and maintain a mutually reinforcing relationship between the youth and the therapeutic staff associated with the program.

NEW SECTION. Sec. 3. The legislature finds that a destructive lifestyle of drug and street gang activity is rapidly becoming prevalent among some of the state's youths. Gang and drug activity may be a culturally influenced phenomenon which the legislature intends public and private agencies to consider and address in prevention and treatment programs. Gang and drug-involved youths are more likely to become addicted to drugs or alcohol, live in poverty, experience high unemployment, be incarcerated, and die of violence than other youths.

NEW SECTION. Sec. 4. A new section is added to chapter 13.40 RCW to read as follows:

(1) The department of social and health services may contract with a community-based nonprofit organization to establish a three-step transitional treatment program for gang and drug-involved juvenile offenders committed to the custody of the department under chapter 13.40 RCW. Any such program shall provide six to twenty-four months of treatment. The program shall emphasize the principles of self-determination, unity, collective work and responsibility, cooperative economics, and creativity. The program shall be culturally relevant and appropriate and shall include:

(a) A culturally relevant and appropriate institution-based program that provides comprehensive drug and alcohol services, individual and family counseling, and a wilderness experience of constructive group living, rigorous physical exercise, and academic studies;

(b) A culturally relevant and appropriate community-based structured group living program that focuses on individual goals, positive community involvement, coordinated drug and alcohol treatment, coordinated individual and family counseling, academic and vocational training, and employment in apprenticeship, internship, and entrepreneurial programs; and

(c) A culturally relevant and appropriate transitional group living program that provides support services, academic services, and coordinated individual and family counseling.

(2) Participation in any such program shall be on a voluntary basis.

(3) The department shall adopt rules as necessary to implement any such program.

NEW SECTION. Sec. 5. (1) The department of social and health services may contract with an independent research organization to conduct an evaluation of any program that is established under section 4 of this act. The evaluation shall include an analysis of the race and ethnicity of juvenile offenders served, the offenses for which the youths were committed, the services provided, the effects of the program on educational and vocational achievement, and the rate of recidivism for these youth.

(2) Any organization selected shall provide a preliminary report on the program to appropriate standing committees of the senate and house of representatives by September 15, 1992. Any final report shall be submitted to appropriate standing committees of the senate and house of representatives by January 15, 1993.

Sec. 6. RCW 13.34.030 and 1988 c 176 s 901 are each amended to read as follows:
For purposes of this chapter:

(1) "Child" and "juvenile" means any individual under the age of eighteen years;

(2) "Dependent child" means any child:

(a) Who has been abandoned; that is, where the child's parent, guardian, or other custodian has evidenced either by statement or conduct, a settled intent to forego, for an extended period, all parental rights or all parental responsibilities despite an ability to do so;

(b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;

(c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or

(d) Who has a developmental disability, as defined in RCW 71A.10.020 and whose parent, guardian, or legal custodian together with the department determines that services appropriate to the child's needs can not be provided in the home. However, (a), (b), and (c) of this subsection may still be applied if other reasons for removal of the child from the home exist.

(3) "Permanency planning" means the process by which a child is diagnostically assessed and provided treatment services based on his or her unique individual and developmental needs to facilitate the attainment of successful maturity as an adult. Permanency planning should occur in the least restrictive setting appropriate and available and with minimum placement disruption.

(4) "Transitional living programs" means programs that provide shelter and services designed to promote transition to self-sufficient living, development of independent living skills, and to minimize the incidence of long-term dependency on social services.

NEW SECTION. Sec. 7. Out-of-home placement services become necessary whenever voluntary or court-ordered out-of-home placement of a child is imminent or has already occurred. In striving to meet the objective of permanency for every child, a continuum of services must encompass the full range of possible alternatives. A variety of services are available to prevent out-of-home placement or address the needs of the child and family when out-of-home placement becomes necessary, however, the continuum of care is severely lacking in providing transitional living services for older youth.

NEW SECTION. Sec. 8. A new section is added to chapter 13.34 RCW to read as follows:

The department of social and health services shall contract, using the request for proposal process, with independent qualified agencies to provide transitional living services to minors.

Persons sixteen to eighteen years old or sixteen years old until emancipation are eligible for transitional living services. The population eligible for transitional living services are those for whom returning to their parents' or guardians' home is not possible and for whom foster care or adoption is not likely or appropriate. An assessment shall be done of each minor, including the minor's family situation, before receiving transitional living services. The assessment shall include input from the agency that would be providing the transitional living services to the minor, the agency currently providing services to the minor, and the caseworker for the minor. The assessment shall seek to determine whether the most appropriate plan for the minor is preparation for emancipation. The assessment shall also determine whether the minor is motivated to participate in a transitional living program that requires significant commitment from the minor. A primary goal of transitional living services shall be the acquisition by the youth of basic educational and/or vocational skills that are compatible with the individual's treatment plan. If a youth demonstrates a consistent unwillingness to participate in the acquisition of such skills, a reassessment shall be done of the youth's appropriateness for the program.

NEW SECTION. Sec. 9. A new section is added to chapter 13.34 RCW to read as follows:

Transitional living services should be tailored to meet the needs of the particular minor. A transitional living program should include, but is not limited to, the following:

(1) Educational services, including basic literacy and computational skills training, either in local alternative or public high schools or in a high school equivalency program that leads to obtaining a high school equivalency degree;

(2) Assistance and counseling related to obtaining vocational training or higher education, job readiness, job search assistance, and placement programs;

(3) Health services including pre and post-natal care;

(4) Counseling and instruction in life skills such as money management, home management, consumer skills, parenting, health care, access to community resources, and transportation and housing options;

(5) Individual and group counseling with emphasis on issues of avoiding abuse, sexual abuse, prostitution, drug and alcohol abuse, depression, motivation, self-esteem, and interpersonal and social skills training and development;

(6) Recognizing and facilitating long-term relationships with significant adults; and

(7) Establishing networks with federal agencies and state and local organizations such as the department of labor, employment and training administration programs including the job training partnership act which administers private industry councils and the job corps; vocational rehabilitation; and volunteer programs.

NEW SECTION. Sec. 10. If specific funding for the purposes of sections 6 through 9 of this act, referencing this act by bill and section number, is not provided by June 30, 1991, in the omnibus appropriations act, sections 6 through 9 of this act shall be null and void.

NEW SECTION. Sec. 11. It is the intent of the legislature to provide timely, thorough, and fair procedures for resolution of grievances of clients, foster parents, and the community resulting from decisions made by the department of social and health services. Grievances should be resolved at the lowest level possible, however, all levels of the department should be held accountable and responsible to individuals who are experiencing difficulties with their services or decisions.

NEW SECTION. Sec. 12. A new section is added to chapter 74.13 RCW to read as follows:

The department shall develop and implement, by July 1, 1991, a formal complaint resolution process to be used by clients of the department, individual complainants, and foster parents who have complaints regarding a policy of a division of the department or procedure or the application of a division policy or procedure.

After a complainant initiates the complaint resolution process, jurisdiction shall continue for thirty days unless an extension is agreed to by the complainant. After thirty days, if no extension has been agreed to, the complainant may file an application for an adjudicative proceeding under chapter 34.05 RCW.

The department shall develop procedures to assure that clients of the department and foster parents are informed of the availability of the complaint resolution process and how to access it. The department shall incorporate information regarding the complaint resolution process into the training for foster parents and caseworkers.

Any client of the department, individual complainant, or foster parent who uses the department's complaint resolution process and who is subjected to any reprisal or retaliatory action undertaken after the complainant makes his or her complaint known to the department may seek judicial review of the reprisal or retaliatory action in superior court. In such action, the reviewing court may award reasonable attorneys' fees.

The department shall compile complaint resolution data including about whom a complaint was made, by whom, and the outcome of the complaint. The department shall submit semiannual reports, due January and July of each year, beginning January 1992,

to the senate children and family services committee and the house of representatives human services committee.

NEW SECTION. Sec. 13. A new section is added to chapter 74.13 RCW to read as follows:

A foster parent or relative care provider may seek review of an agency decision to remove a foster child residing in the home of the foster parent or relative, pursuant to a court order entered in a proceeding under this chapter, through use of the department's complaint resolution process. The complaint resolution process shall not be used to contest a decision to return the child home when a court order has been entered to that effect or to contest a decision regarding visitation. The foster parent or relative care provider shall initiate that process within five days of receipt of the removal decision notification. Thirty days following the initiation of the department's complaint resolution process, unless an agreed extension exists, the foster parent or relative care provider may file an application for an adjudicative proceeding under chapter 34.05 RCW. The agency shall schedule the adjudicative hearing within five days after the application is filed. A final order shall be issued by the presiding officer of the adjudicative proceeding within twenty-one days after conclusion of the hearing or after submission of memos, briefs, or proposed findings in accordance with RCW 34.05.461(7).

The general public shall be excluded from adjudicative proceedings regarding agency removal decisions. Only parties to the adjudicative or the dependency proceeding or persons the judge finds to have a direct interest in the case shall be admitted.

NEW SECTION. Sec. 14. A new section is added to chapter 74.13 RCW to read as follows:

If a foster parent or relative care provider is using the department's complaint resolution process to review a decision to remove a child from the foster family home or from a relative home or has filed an application for an adjudicative proceeding, the foster child shall remain in the foster or relative home unless the regional administrator determines that the child's safety is in jeopardy or that other compelling reasons exist necessitating the removal.

Sec. 15. RCW 74.13.300 and 1990 c 284 s 12 are each amended to read as follows:

(1) Whenever a child has been placed in a foster family home or the home of a relative care provider by the department or a child-placing agency and the child has thereafter resided in the home for at least ninety consecutive days, the department or child-placing agency shall notify the foster family in writing of the reasons upon which the decision to move the child was based, at least five days prior to moving the child to another placement, unless:

- (a) A court order has been entered requiring an immediate change in placement; or
- (b) ~~((The child is being returned home;~~
- (c)) The child's safety is in jeopardy(~~(-or~~
- (d) ~~The child is residing in a receiving home or a group home)).~~

(2) If a decision is made by the department or a child-placing agency to move a child to another placement, the foster family parent or relative care provider shall receive written notice of his or her right to request a review of the removal decision regarding a child that is residing in the home of the foster parent or relative pursuant to a court order entered in a proceeding under this chapter through the department's complaint resolution process. The notification shall also advise the foster family parent or relative care provider that if the complaint remains unresolved after use of the department's complaint resolution process, he or she may file an application for an adjudicative proceeding under chapter 34.05 RCW. Notification of the department's complaint resolution process and right to an adjudicative proceeding is not required to be provided if:

- (a) A court order has been entered requiring an immediate change in placement; or

(b) The child is being returned home and a court order has been entered to that effect.

(3) If the child has resided in a foster family home for less than ninety days or if, due to one or more of the circumstances in subsection (1) of this section, it is not possible to give five days' notification, the department or child-placing agency shall notify the foster family of proposed placement changes as soon as reasonably possible.

~~((3))~~ (4) This section is intended solely to assist in minimizing disruption to the child in changing foster care placements. Nothing in this section shall be construed to ~~((require that a court hearing be held prior to changing a child's foster care placement nor to))~~ create any substantive custody rights in the foster parents.

NEW SECTION. Sec. 16. A new section is added to chapter 74.13 RCW to read as follows:

The department shall establish rules specifying the criteria needed to be a foster-adopt parent and create a license for that category of foster parent. Specific placement procedures regarding foster-adopt shall be incorporated into the training for caseworkers. The department shall develop a form that constitutes an agreement between the department and each foster-adopt parent. The agreement shall include, in bold-faced, capital letters, the fact that there is no guarantee that parental rights to a foster child being placed in the foster-adopt home will be terminated. The form shall include a section where the foster-adopt parents indicate what representations, if any, were made to them by the department regarding adoption. The department shall implement the foster-adopt agreement form by July 1, 1991, and report back to the legislature by September 1, 1991. If parental rights to the child in the foster-adopt home are terminated, the foster-adopt parents shall be given first consideration to adopt the foster child. If foster-adopt parents seek judicial review of a decision to remove a foster child from their care and prevail, the department shall pay court costs and attorneys' fees.

NEW SECTION. Sec. 17. A new section is added to chapter 13.34 RCW to read as follows:

If a child has resided in a foster-adopt home for a period of twelve months or more, the foster-adopt parents may file a petition seeking termination of the parent and child relationship.

SENATE AMENDMENTS TO HOUSE BILL

April 19, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1172 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the number of motor vehicles on the roads of the state has increased dramatically in recent years, and that this increase has created unsafe conditions for many of our children as they travel to and from school. The legislature further finds that responsibility to ensure safe walking conditions and bus stops for our children is fragmented, and that inadequate resources have been devoted to improving pedestrian safety.

NEW SECTION. Sec. 2. The school pathway and bus stop improvement program is hereby created. The purpose of the program is to establish a council to make recommendations about roads, streets, and bus stops that the council considers inadequate for school children as they travel to school, and develop a program for making safety improvements.

NEW SECTION. Sec. 3. The school pathway and bus stop improvement program council is established. Membership on the council shall include two members of the senate, two members of the house of representatives, and representatives from the department of transportation, the office of the superintendent of public instruction, school district administrators, school board members, counties, cities, the traffic safety commission, school bus drivers, and parents. The president of the senate shall select the senate members and the speaker of the house of representatives shall select the house of representatives members. Representatives of state agencies shall be selected by the respective agency. Other representatives shall be selected by appropriate state-wide organizations. The council shall select a chair from among its members. Staffing and administrative support shall be provided by the Washington traffic safety commission.

NEW SECTION. Sec. 4. (1) The council established in section 3 of this act shall:

(a) Formulate criteria for identifying roads and school bus stops that the council considers inadequate for elementary school students and establish recommendations for standards for making safety improvements;

(b) Based on the criteria and standards in (a) of this subsection, inventory those roads within a one-mile radius of elementary schools and those school bus stops considered inadequate by the council, and recommend priority safety improvement projects;

(c) Develop a plan by which the recommended priority safety improvement projects may be implemented, and make the plan available to applicable local jurisdictions;

(d) Based on the criteria and standards in (a) of this subsection, formulate recommended guidelines for student pedestrian safety within a one-mile radius of new elementary schools. At a minimum, the council shall develop recommended guidelines for incorporating pedestrian safety considerations into school siting decisions, constructing pedestrian safety infrastructure improvements within a specified time after new elementary schools are opened, and creating incentives and enforcement measures to ensure that the safety improvements are completed; and

(e) Estimate the cost of implementing state-wide sidewalk crossing rules.

(2) By June 30, 1993, the council shall submit its recommendations and findings required in subsection (1) of this section to the appropriate committees of the house of representatives and the senate, the governor, local governments, school districts, and other appropriate agencies and organizations. After July 1, 1992, the council shall provide general oversight, coordination, and assistance to local governments, state agencies, and private parties in the consideration and implementation of the recommendations.

(3) The recommendations of the council are advisory only and shall not constitute proof of an actual unsafe condition.

(4) Local jurisdictions may adopt, in whole or in part, the recommendations of the council.

NEW SECTION. Sec. 5. Sections 2 through 4 of this act are each added to chapter 28A.160 RCW.

NEW SECTION. Sec. 6. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, this act shall be null and void.

NEW SECTION. Sec. 7. Sections 1 through 4 of this act shall expire June 30, 1996.

SENATE AMENDMENTS TO HOUSE BILL

April 19, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1884 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that:

The collective costs to the community for domestic violence include the systematic destruction of individuals and their families, lost lives, lost productivity, and increased health care, criminal justice, and social service costs.

Children growing up in violent homes are deeply affected by the violence as it happens and could be the next generation of batterers and victims.

Many communities have made headway in addressing the effects of domestic violence and have devoted energy and resources to stopping this violence. However, the process for breaking the cycle of abuse is lengthy. No single system intervention is enough in itself.

An integrated system has not been adequately funded and structured to assure access to a wide range of services, including those of the law/safety/justice system, human service system, and health care system. These services need to be coordinated and multidisciplinary in approach and address the needs of victims, batterers, and children from violent homes.

Given the lethal nature of domestic violence and its effect on all within its range, the community has a vested interest in the methods used to stop and prevent future violence. Clear standards of quality are needed so that perpetrator treatment programs receiving public funds or court-ordered referrals can be required to comply with these standards.

While incidents of domestic violence are not caused by perpetrator's use of alcohol and illegal substances, substance abuse may be a contributing factor to domestic violence and the injuries and deaths that result from it.

There is a need for consistent training of professionals who deal frequently with domestic violence or are in a position to identify domestic violence and provide support and information.

Much has been learned about effective interventions in domestic violence situations; however, much is not yet known and further study is required to know how to best stop this violence.

Sec. 2. RCW 7.68.070 and 1990 c 3 s 502 are each amended to read as follows:

The right to benefits under this chapter and the amount thereof will be governed insofar as is applicable by the provisions contained in chapter 51.32 RCW as now or hereafter amended except as provided in this section:

(a) Shall not dismiss any charge or delay disposition because of concurrent dissolution or other civil proceedings;

(b) Shall not require proof that either party is seeking a dissolution of marriage prior to instigation of criminal proceedings;

(c) Shall waive any requirement that the victim's location be disclosed to any person, other than the attorney of a criminal defendant, upon a showing that there is a possibility of further violence: PROVIDED, That the court may order a criminal defense attorney not to disclose to his client the victim's location; and

(d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence.

(2) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the past, when any person charged with or arrested for a crime involving domestic violence is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court authorizing release may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim. The no-contact order shall also be issued in writing as soon as

possible. If the court has probable cause to believe that the person charged or arrested is likely to use or display or threaten to use a deadly weapon as defined in RCW 9A.04.110 in any further acts of violence, the court may also require that person to surrender any deadly weapon in that person's immediate possession or control, or subject to that person's immediate possession or control, to the sheriff of the county or chief of police of the municipality in which that person resides or to the defendant's counsel for safekeeping.

A certified copy of the order shall be provided to the victim. If a no-contact order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed. Such orders need not be entered into the computer information system in this state which is used by law enforcement agencies to list outstanding warrants.

(5) Whenever an order prohibiting contact is issued, modified, or terminated under subsection (2) or (3) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Any assault that is a violation of an order issued under this section and that does not amount to assault in the first or second degree under RCW 9A.36.011 or 9A.36.021 is a class C felony, and any conduct in violation of a protective order issued under this section that is reckless and creates a substantial risk of death or serious physical injury to another person is a class C felony. The written order shall contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 10.99 RCW and will subject a violator to arrest; any assault or reckless endangerment that is a violation of this order is a felony.

(3) Whenever an order prohibiting contact is issued pursuant to this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall forthwith enter the order for one year into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the law enforcement information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state.

Sec. 6. RCW 26.50.110 and 1984 c 263 s 12 are each amended to read as follows:

(4) Any assault that is a violation of an order issued under this chapter and that does not amount to assault in the first or second degree under RCW 9A.36.011 or 9A.36.021 is a class C felony, and any conduct in violation of a protective order issued under this chapter that is reckless and creates a substantial risk of death or serious physical injury to another person is a class C felony.

(5) Upon the filing of an affidavit by the petitioner or any peace officer alleging that the respondent has violated an order for protection granted under this chapter, the court may issue an order to the respondent, requiring the respondent to appear and show cause within fourteen days why the respondent should not be found in contempt of court and punished accordingly. The hearing may be held in the court of any county or municipality in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation.

NEW SECTION. Sec. 7. The department of social and health services shall adopt rules for standards of approval of domestic violence perpetrator programs that accept perpetrators of domestic violence into treatment to satisfy court orders or that represent the programs as ones that treat domestic violence perpetrators. The treatment must meet the following minimum qualifications:

(1) All treatment must be based upon a full, complete clinical intake including: Current and past violence history; a lethality risk assessment; a complete diagnostic evaluation; a substance abuse assessment; criminal history; assessment of cultural issues, learning disabilities, literacy, and special language needs; and a treatment plan that adequately and appropriately addresses the treatment needs of the individual.

(2) To facilitate communication necessary for periodic safety checks and case monitoring, the program must require the perpetrator to sign the following releases:

(a) A release for the program to inform the victim and victim's community and legal advocates that the perpetrator is in treatment with the program, and to provide information, for safety purposes, to the victim and victim's community and legal advocates;

(b) A release to prior and current treatment agencies to provide information on the perpetrator to the program; and

(c) A release for the program to provide information on the perpetrator to relevant legal entities including: Lawyers, courts, parole, probation, child protective services, and child welfare services.

(3) Treatment must be for a minimum treatment period defined by the secretary of the department by rule. The weekly treatment sessions must be in a group unless there is a documented, clinical reason for another modality. Any other therapies, such as individual, marital, or family therapy, substance abuse evaluations or therapy, medication reviews, or psychiatric interviews, may be concomitant with the weekly group treatment sessions described in this section but not a substitute for it.

(4) The treatment must focus primarily on ending the violence, holding the perpetrator accountable for his or her violence, and changing his or her behavior. The treatment must be based on nonvictim-blaming strategies and philosophies and shall

include education about the individual, family, and cultural dynamics of domestic violence.

(5) Satisfactory completion of treatment must be contingent upon the perpetrator meeting specific criteria, defined by rule by the secretary of the department, and not just upon the end of a certain period of time or a certain number of sessions.

(6) The program must have policies and procedures for dealing with reoffenses and noncompliance.

(7) All evaluation and treatment services must be provided by, or under the supervision of, qualified personnel.

(8) The secretary of the department may adopt rules and establish fees as necessary to implement this section.

Nothing in this chapter shall be construed to require that individual or group policies or contracts of an insurance carrier, health care service contractor, or health maintenance organization provide benefits or coverage for services and supplies provided by a person certified under this chapter.

The legislature finds and declares that this chapter conforms to the guidelines, terms, and definitions for the credentialing of health or health-related professions specified under chapter 18.120 RCW.

Sec. 2. RCW 18.84.020 and 1991 c 3 s 204 are each amended to read as follows:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 70.38 RCW to read as follows:

(1) The legislature recognizes that in this state ethnic minorities currently use nursing home care at a lower rate than the general population. The legislature also recognizes and supports the federal mandate that nursing homes receiving federal funds provide residents with a homelike environment. The legislature finds that certain ethnic minorities have special cultural, language, dietary, and other needs not generally met by existing nursing homes which are intended to serve the general population. Accordingly, the legislature further finds that there is a need to foster the development of nursing homes designed to serve the special cultural, language, dietary, and other needs of ethnic minorities.

(2) The department shall establish a separate pool of no more than two hundred fifty beds for nursing homes designed to serve the special needs of ethnic minorities. The pool shall be made up of nursing home beds that become available on or after March 15, 1991, due to:

- (a) Loss of license or reduction in licensed bed capacity if the beds are not otherwise obligated for replacement; or
- (b) Expiration of a certificate of need.

(3) The department shall develop procedures for the fair and efficient award of beds from the special pool. In making its decisions regarding the award of beds from the pool, the department shall consider at least the following:

(a) The relative degree to which the long-term care needs of an ethnic minority are not otherwise being met;

(b) The percentage of low-income persons who would be served by the proposed nursing home;

(c) The financial feasibility of the proposed nursing home; and

(d) The impact of the proposal on the area's total need for nursing home beds.

(4) To be eligible to apply for or receive an award of beds from the special pool, an application must be to build a new nursing home, or add beds to a nursing home, that:

(a) Will be owned and operated by a nonprofit corporation, and at least fifty percent of the board of directors of the corporation are members of the ethnic minority the nursing home is intended to serve;

(b) Will be designed, managed, and administered to serve the special cultural, language, dietary, and other needs of an ethnic minority; and

(c) Will not discriminate in admissions against persons who are not members of the ethnic minority whose special needs the nursing home is designed to serve.

(5) If a nursing home or portion of a nursing home that is built as a result of an award from the special pool is sold or leased within ten years to a party not eligible under subsection (4) of this section:

(a) The purchaser or lessee may not operate those beds as nursing home beds without first obtaining a certificate of need for new beds under this chapter; and

(b) The beds that had been awarded from the special pool shall be returned to the special pool.

(6) The department shall initially award up to one hundred beds before that number of beds are actually in the special pool, provided that the number of beds so awarded are subtracted from the total of two hundred fifty beds that can be awarded from the special pool.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

NEW SECTION. Sec. 3. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, this act shall be null and void.

SENATE AMENDMENTS TO HOUSE BILL

April 18, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2151 with the following amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 81.104.010 and 1990 c 43 s 22 are each amended to read as follows:

Increasing congestion on Washington's roadways calls for identification and implementation of high capacity transportation system alternatives. "High capacity transportation system" means a system of public transportation services within an urbanized region operating principally on exclusive rights of way, and the supporting services and facilities necessary to implement such a system, including high occupancy vehicle lanes, which taken as a whole, provides a substantially higher level of passenger capacity, speed, and service frequency than traditional public transportation systems operating principally in general purpose ~~roadway rights-of-way~~ roadways. The legislature believes that local jurisdictions should coordinate and be responsible for high capacity transportation policy development, program planning, and implementation. The state should assist by working with local agencies on issues involving rights of way, partially financing projects meeting established state criteria including development and

completion of the high occupancy vehicle lane system, authorizing local jurisdictions to finance high capacity transportation systems through voter-approved tax options, and providing technical assistance and information.

(4) The department of transportation shall provide general review and monitoring of the system and project planning process prescribed in RCW 81.104.100.

Sec. 9. RCW 81.104.100 and 1990 c 43 s 31 are each amended to read as follows:

To assure ~~((the adoption))~~ development of an effective high capacity transportation system, local authorities shall follow the following planning process:

(1) ~~((System))~~ Regional, multimodal transportation planning is the ongoing urban transportation planning process conducted in each urbanized area by its ~~((metropolitan))~~ regional transportation planning organization. During this process, regional transportation goals are identified, travel patterns are analyzed, and future land use and travel are projected. The ~~((system planning))~~ process provides a comprehensive view of the region's transportation needs but does not select ~~((a))~~ specified modes to serve those needs. ~~((System planning))~~ The process shall identify a priority corridor or corridors for further study of high capacity transportation facilities if it is deemed feasible by local officials.

(2) ~~((a) Project))~~ High capacity transportation system planning is the detailed evaluation of a range of high capacity transportation system options, including ~~((i))~~: Do nothing, ~~((ii))~~ low capital, and ~~((iii))~~ ranges of higher capital facilities. To the extent possible this evaluation shall take into account the urban mass transportation administration's requirements identified in subsection (3) of this section.

~~((b) Project))~~ High capacity transportation system planning shall proceed as follows:

~~((i))~~ (a) Organization and management. The responsible local transit agency or agencies shall define roles for various local agencies, review background information, provide for public involvement, and develop a detailed work plan for the ~~((project))~~ system planning process.

~~((ii))~~ (b) Development of options. Options to be studied shall be developed to ensure an appropriate range of technologies and service policies can be evaluated. A do-nothing option and a low capital option that maximizes the current system shall be developed. Several higher capital options that consider a range of capital expenditures for several candidate technologies shall be developed.

~~((iii))~~ (c) Analysis methods. The local transit agency shall develop reports describing the analysis and assumptions for the estimation of capital costs, operating and maintenance costs, methods for travel forecasting, a financial plan and an evaluation methodology.

~~((iv) Study of options.))~~ (d) The system plan submitted to the voters pursuant to RCW 81.04.140 shall address, but is not limited to the following issues:

(i) Identification of level and types of high capacity transportation services to be provided;

(ii) A plan of high occupancy vehicle lanes to be constructed;

(iii) Identification of route alignments and station locations with sufficient specificity to permit calculation of costs, ridership, and system impacts;

(iv) Performance characteristics of technologies in the system plan;

(v) Patronage forecasts;

(vi) A financing plan describing: Phasing of investments; capital and operating costs and expected revenues; cost-effectiveness represented by a total cost per system rider and new rider estimate; estimated ridership and the cost of service for each individual high capacity line; and identification of the operating revenue to operating expense ratio.

The financing plan shall specifically differentiate the proposed use of funds between high capacity transportation facilities, high occupancy vehicle facilities, and expanded local/feeder service;

(vii) Description of the relationship between the high capacity transportation system plan and adopted land use plans;

(viii) An assessment of social, economic, and environmental impacts; and

(ix) Mobility characteristics of the system presented, including but not limited to: Qualitative description of system/service philosophy and impacts; qualitative system reliability; travel time and number of transfers between selected residential, employment, and activity centers; and system and activity center mode splits.

(3) High capacity transportation project planning is the detailed identification of alignments, station locations, equipment and systems, construction schedules, environmental effects, and costs. High capacity transportation project planning shall proceed as follows: The local transit agency shall ((use the methods described in (iii) of this subsection to)) analyze and produce ((impact)) information needed for ((project evaluation and for)) the preparation of ((an)) environmental impact statements. The impact ((evaluation)) statements shall address the impact that development of such a ((project)) system will have on abutting or nearby ((residential or commercial)) property owners. The process of identification of ((corridors)) alignments and station locations shall include notification of affected property owners by normal legal publication. At minimum, such notification shall include notice on the same day for at least three weeks in at least two newspapers of general circulation in the county where such project is proposed. Special notice of hearings by the conspicuous posting of notice, in a manner designed to attract public attention, in the vicinity of areas identified for station locations or transfer sites shall also be provided.

~~((v) Review and monitor. The department of transportation shall provide project review and monitoring in cooperation with the expert review panel identified in RCW 81.104.110. In addition, the local transit agency shall maintain a continuous public involvement program and seek involvement of other government agencies.~~

~~((vi) Detailed planning process.)) Nothing in this subsection shall be construed to preclude detailed evaluation of more than one corridor in the planning process.~~

The department of transportation shall provide system and project planning review and monitoring in cooperation with the expert review panel identified in RCW 81.104.110. In addition, the local transit agency shall maintain a continuous public involvement program and seek involvement of other government agencies.

(3) The chair of the expert review panel shall be designated by the appointing ~~((body))~~ authorities.

(4) The expert review panel shall serve without compensation but shall be reimbursed for expenses according to chapter 43.03 RCW.

(5) The panel shall carry out the duties set forth in subsections (6) and (7) of this section until the date on which an election is held to consider the high capacity transportation system and financing plans. Funds appropriated for expenses of the expert panel shall be administered by the department of transportation.

(6) The expert panel shall review all reports required in RCW 81.104.100(2)~~((b)(vi) but))~~ and shall concentrate on service modes and concepts, costs, patronage~~((s))~~ and financing~~((, and project))~~ evaluations.

(7) The expert panel shall provide timely reviews and comments on individual ~~((project))~~ reports and study conclusions to the governor, the legislative transportation committee, the department of transportation, the regional transportation planning organization, the joint regional policy committee, and the submitting lead transit agency.

(8) The legislative transportation committee shall contract for consulting services for expert review panels. The amount of consultant support shall be negotiated with each expert review panel by the legislative transportation committee and shall be paid from appropriations for that purpose from the high capacity transportation account.

Sec. 11. RCW 81.104.140 and 1990 c 43 s 35 are each amended to read as follows:

(1) Agencies authorized to provide high capacity transportation service, including city-owned transit systems, county transportation authorities, metropolitan municipal corporations and public transportation benefit areas, are hereby granted dedicated funding sources for such systems. (8) Agencies shall provide to the registered voters in the area a document describing the systems plan and the financing plan set forth in RCW 81.104.100. It shall also describe the relationship of the system to regional issues such as development density at station locations and activity centers, and the interrelationship of the system to adopted land use and transportation demand management goals within the region. This document shall be provided to the voters at least twenty days prior to the date of the election.

(9) For any election in which voter approval is sought for a high capacity transportation system plan and financing plan pursuant to RCW 81.104.040, a local voter's pamphlet shall be produced as provided in chapter 29.81A RCW.

(10) Agencies providing high capacity transportation service shall retain responsibility for revenue encumbrance, disbursement, and bonding. Funds may be used for any purpose relating to planning, construction, and operation of high capacity transportation systems, commuter rail systems, and feeder transportation systems.

Sec. 12. RCW 81.104.160 and 1990 c 43 s 42 are each amended to read as follows:

Any city that operates a transit system, county transportation authority, metropolitan municipal corporation, or public transportation benefit area, solely for the purpose of providing high capacity transportation service may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters, but not exceeding eighty one-hundredths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of such city, county transportation authority, metropolitan municipal corporation, or public transportation benefit area. In any county imposing a motor vehicle excise tax surcharge pursuant to RCW 81.100.060, the maximum tax rate under this section shall be reduced to a rate equal to eighty one-hundredths of one percent on the value less the equivalent motor vehicle excise tax rate of the surcharge imposed pursuant to RCW 81.100.060. ~~((This authority may be exercised only if all local agencies which are parties to an interlocal agreement or members of a regional authority under RCW 81.104.040 are imposing the tax at the same rate.))~~ This rate shall not apply to vehicles licensed under RCW 46.16.079, 46.16.080, 46.16.085, or 46.16.090.

Sec. 13. RCW 82.80.020 and 1990 c 42 s 206 are each amended to read as follows:

(1) The legislative authority of a county may fix and impose an additional fee, not to exceed fifteen dollars per vehicle, for each vehicle that is subject to license fees under RCW 46.16.060 and is determined by the department of licensing to be registered within the boundaries of the county.

(2) The department of licensing shall administer and collect the fee. The department shall deduct a percentage amount, as provided by contract, not to exceed two percent of the taxes collected, for administration and collection expenses incurred by it. The remaining proceeds shall be remitted to the custody of the state treasurer for monthly distribution under RCW 82.80.080.

(3) The proceeds of this fee shall be used strictly for transportation purposes in accordance with RCW 82.80.070.

(4) A county imposing this fee shall delay the effective date at least six months from the date the ordinance is enacted to allow the department of licensing to implement administration and collection of the fee.

(5) The legislative authority of a county may develop and initiate a refund process of the fifteen dollar fee to the registered owners of vehicles residing within the boundaries of the county who are sixty-one years old or older at the time of payment of the fee and whose household income for the previous calendar year is eighteen thousand dollars or less or who has a physical disability and who has paid the fifteen dollar additional fee.

NEW SECTION. Sec. 14. The legislature recognizes that certain communities have important cultural, economic, or transportation linkages to communities in other counties. Many public services can most efficiently be delivered from public agencies located in counties other than the county within which the community is located. It is the intent of the legislature by enacting sections 14 through 16 of this act to further more effective public transportation linkages between communities, regardless of county association, in order to better serve state citizen needs.

Sec. 15. RCW 36.57A.040 and 1983 c 65 s 2 are each amended to read as follows:

At the time of its formation no public transportation benefit area may include only a part of any city, and every city shall be either wholly included or wholly excluded from the boundaries of such area. Notwithstanding any other provision of law, if subsequent to the formation of a public transportation benefit area additional area became or will become a part of a component city by annexation, merger, or otherwise, the additional area shall be included within the boundaries of the transportation benefit area and be subject to all taxes and other liabilities and obligations of the public transportation benefit area. The component city shall be required to notify the public transportation benefit area at the time the city has added the additional area. Furthermore, notwithstanding any other provisions of law, if a city that is not a component city of the public transportation benefit area adds area to its boundaries that is within the boundaries of the public transportation benefit area, the area so added shall be deemed to be excluded from the public transportation benefit area: **PROVIDED**, That the public transportation benefit area shall be given notice of the city's intention to add such area.

The boundaries of any public transportation benefit area shall follow school district lines or election precinct lines, as far as practicable. Only such areas shall be included which the conference determines could reasonably benefit from the provision of public transportation services. Except as provided in RCW 36.57A.140(2), only one public transportation benefit area may be created in any county.

Sec. 16. RCW 36.57A.055 and 1983 c 65 s 4 are each amended to read as follows:

After a public transportation benefit area has been in existence for four years, members of the county legislative authority and the elected representative of each city within the boundaries of the public transportation benefit area shall review the composition of the governing body of the benefit area and change the composition of the governing body if the change is deemed appropriate. The review shall be at a meeting of the designated representatives of the component county and cities, and the majority of

those present shall constitute a quorum at such meeting. Twenty days notice of the meeting shall be given by the chief administrative officer of the public transportation benefit area authority. After the initial review, a review shall be held every four years.

If an area having a population greater than fifteen percent, or areas with a combined population of greater than twenty-five percent of the population of the existing public transportation benefit area as constituted at the last review meeting, annex to the public transportation benefit area, or if an area is added under RCW 36.57A.140(2), the representatives of the component county and cities shall meet within ninety days to review and change the composition of the governing body, if the change is deemed appropriate. This meeting is in addition to the regular four-year review meeting and shall be conducted pursuant to the same notice requirement and quorum provisions of the regular review.

Sec. 17. RCW 36.57A.140 and 1983 c 65 s 5 are each amended to read as follows:

(1) An election to authorize the annexation of territory contiguous to a public transportation benefit area may be called within the area to be annexed pursuant to resolution or petition in the following manner:

(a) By resolution of a public transportation benefit area authority when it determines that the best interests and general welfare of the public transportation benefit area would be served. The authority shall consider the question of areas to be annexed to the public transportation benefit area at least once every two years.

(b) By petition calling for such an election signed by at least four percent of the qualified voters residing within the area to be annexed and filed with the auditor of the county wherein the largest portion of the public transportation benefit area is located, and notice thereof shall be given to the authority. Upon receipt of such a petition, the auditor shall examine it and certify to the sufficiency of the signatures thereon.

(c) By resolution of a public transportation benefit area authority upon request of any city for annexation thereto.

(2) If the area proposed to be annexed is located within another county, the petition or resolution for annexation as set forth in subsection (1) of this section must be approved by the legislative authority of the county if the area is unincorporated or by the legislative authority of the city or town if the area is incorporated. Any annexation under this subsection must involve contiguous areas.

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1709 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that:

(1) The responsibility for ensuring that the citizens of this state have a safe and reliable drinking water supply is shared between local government and state government, and is the obligation of every public water system;

(2) A rapid increase in the number of public water systems supplying drinking water to the citizens of this state has significantly increased the burden on both local and state government to monitor and enforce compliance by these systems with state laws that govern planning, design, construction, operation, maintenance, financing, management, and emergency response;

(3) The federal safe drinking water act imposes on state and local governments and the public water systems of this state significant new responsibilities for monitoring, testing, and treating drinking water supplies; and

(4) Existing drinking water programs at both the state and local government level need additional authorities to enable them to more comprehensively and systematically address the needs of the public water systems of this state and assure that the public health and safety of its citizens are protected.

Therefore, annual operating permit requirements shall be established in accordance with this chapter. The operating permit requirements shall be administered by the department and shall be used as a means to assure that public water systems provide safe and reliable drinking water to the public. The department and local government shall conduct comprehensive and systematic evaluations to assess the adequacy and financial viability of public water systems. The department may impose permit conditions,

requirements for system improvements, and compliance schedules in order to carry out the purpose of this act.

Sec. 2. RCW 70.119A.020 and 1991 c 3 s 370 are each amended to read as follows:

NEW SECTION. Sec. 5. A new application must be submitted upon any change in ownership of the system. Any person operating a public water system on the effective date of this section may continue to operate the system until the department takes final action, including any time necessary for a hearing under subsection (3) of this section, on a permit application submitted by the person operating the system under the rules adopted by the department to implement this section.

(2) The department may require that each application include the information that is reasonable and necessary to determine that the system complies with applicable standards and requirements of the federal safe drinking water act, state law, and rules adopted by the department or by the state board of health.

Any operator of a public water system that requests a hearing may continue to operate the system until a decision is issued after the hearing.

(4) At the time of initial permit application or at the time of permit renewal the department may impose such permit conditions, requirements for system improvements, and compliance schedules as it determines are reasonable and necessary to ensure that the system will provide a safe and reliable water supply to its users.

(5) Operating permits shall be issued for a term of one year, and shall be renewed annually, unless the operator fails to apply for a new permit or the department finds good cause to deny the application for renewal.

(6) Each application shall be accompanied by an annual fee as follows:

(a) The annual fee for public water supply systems serving fifteen to forty-nine service connections shall be twenty-five dollars.

(b) The annual fee for public water supply systems serving fifty to three thousand three hundred thirty-three service connections shall be based on a uniform per service connection fee of one dollar and fifty cents per service connection.

(7) The department may phase-in the implementation for any group of systems provided the schedule for implementation is established by rule. Prior to implementing the operating permit requirement on water systems having less than five hundred service connections, the department shall form a committee composed of persons operating these systems. (8) The department shall notify existing public water systems of the requirements of RCW 70.119A.030, 70.119A.060, and this section at least one hundred twenty days prior to the date that an application for a permit is required pursuant to RCW 70.119A.030, 70.119A.060, and this section.

(9) The department shall issue one operating permit to any approved satellite system management agency. Operating permit fees for approved satellite system management agencies shall be one dollar per connection per year for the total number of connections under the management of the approved satellite agency. The department shall define by rule the meaning of the term "satellite system management agency." If a statutory definition of this term exists, then the department shall adopt by rule a definition consistent with the statutory definition.

(10) For purposes of this section, "group A public water system" and "system" mean those water systems with fifteen or more service connections, regardless of the number of people; or a system serving an average of twenty-five or more people per day for sixty or more days within a calendar year, regardless of the number of service connections.

NEW SECTION. Sec. 6. The safe drinking water account is created in the general fund of the state treasury. All receipts from the operating permit fees required to be paid under section 5 of this act shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used by

the department of health to carry out the purposes of this act and to carry out contracts with local governments in accordance with this chapter.

NEW SECTION. Sec. 7. Until July 1, 1996, local governments shall be prohibited from administering a separate operating permit requirement for public water systems. After July 1, 1996, local governments may establish separate operating permit requirements for public water systems provided the operating permit requirements have been approved by the department. The department shall not approve local operating permit requirements unless the local system will result in an increased level of service to the public water system. There shall not be duplicate operating permit requirements imposed by local governments and the department.

NEW SECTION. Sec. 8. The department shall adopt rules necessary to implement sections 5 through 7 of this act. The requirements of this act shall take effect upon adoption of rules pursuant to this act.

NEW SECTION. Sec. 9. Sections 5 through 7 of this act are each added to chapter 70.119A RCW.

On page 1, line 1 of the title, after "permits;" strike the remainder of the title and insert "amending RCW 70.119A.020, 70.119A.030, and 70.119A.060; adding new sections to chapter 70.119A RCW; and creating new sections." and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 19, 1991

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1027 with the following amendments:

Strike everything after the enacting clause and insert the following:

"PART I

GENERAL PROVISIONS"

Sec. 101. 1990 c 116 s 1 (uncodified) is amended to read as follows:

(1) The legislature ((finds)) declares that the increasing reliance on water borne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of gallons of crude oil and refined petroleum products are transported by vessel on the navigable waters of the state. These shipments are expected to increase in the coming years. Vessels transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to assure the citizens of the state that the waters of the state ((used for water borne transportation)) will be protected from oil spills. ((The legislature declares that this act is the first step in developing a comprehensive approach to protecting this important and unique resource by developing a set of procedures to respond to spills of oil and hazardous substances into the state's waters.))

(2) The legislature ((also)) finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is in the early stages of development. Preventing spills is more protective of the environment and more cost-effective when all the costs associated with responding to a spill are considered. ((The legislature declares that it will continue to develop this first step in a comprehensive approach to protecting our unique and special marine environment by adopting measures in future sessions of the legislature to reduce the likelihood that a spill of oil or hazardous substances will occur.))

(3) The legislature also finds that:

(a) Recent accidents in Washington, Alaska, southern California, Texas, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;

(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water;

(c) Washington's navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill; and

(d) The state has a fundamental responsibility, as the trustee of the state's natural resources and the protector of public health and the environment to prevent the spill of oil.

(4) In order to establish a comprehensive prevention and response program to protect Washington's waters and natural resources from spills of oil, it is the purpose of this chapter:

(a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;

(b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;

(c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;

(d) To provide for state spill response and wildlife rescue planning and implementation;

(e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;

(f) To provide broad powers of regulation to the department of ecology relating to spill prevention and response;

(g) To provide for an independent oversight board to review the adequacy of spill prevention and response activities in this state; and

(h) To provide an adequate funding source for state response and prevention programs.

Sec. 102. RCW 90.48.315 and 1990 c 116 s 2 are each amended to read as follows:

For purposes of ~~((RCW 90.48.315 through 90.48.410, 78.52.020, 78.52.125, 82.36.330, 90.48.903, 90.48.906, and 90.48.907))~~ this chapter, the following definitions shall apply unless the context indicates otherwise:

(1) "Administrator" means the administrator of the office of marine safety created in section 402 of this 1991 act.

(2) "Best achievable protection" means the highest level of protection that can be achieved through the use of the best achievable technology and those staffing levels, training procedures, and operational methods that provide the greatest degree of protection achievable. The director's determination of best achievable protection shall be guided by the critical need to protect the state's natural resources and waters, while considering (a) the additional protection provided by the measures; (b) the technological achievability of the measures; and (c) the cost of the measures.

(3) "Best achievable technology" means the technology that provides the greatest degree of protection taking into consideration (a) processes that are being developed, or could feasibly be developed, given overall reasonable expenditures on research and development, and (b) processes that are currently in use. In determining what is best achievable technology, the director shall consider the effectiveness, engineering feasibility, and commercial availability of the technology.

(4) "Board" ((shall)) means the pollution control hearing board.

~~((2))~~ (5) "Cargo vessel" means a self-propelled ship in commerce, other than a tank vessel or a passenger vessel, ((of)) greater than three hundred or more gross tons ((or more)), including but not limited to, commercial fish processing vessels and freighters.

"PART IV

OFFICE OF MARINE SAFETY"

NEW SECTION. Sec. 401. The legislature declares that Washington's waters have irreplaceable value for the citizens of the state. These waters are vital habitat for numerous and diverse marine life and wildlife and the source of recreation, aesthetic pleasure, and pride for Washington's citizens. These waters are also vital for much of Washington's economic vitality.

The legislature finds that the transportation of oil on these waters creates a great potential hazard to these important natural resources. The legislature also finds that there is no state agency responsible for maritime safety to ensure this state's interest in preserving these resources.

NEW SECTION. Sec. 415. COORDINATION WITH FEDERAL LAW. In carrying out the purposes of this chapter, including the adoption of rules for contingency plans, the administrator shall to the greatest extent practicable implement this chapter in a manner consistent with federal law.

NEW SECTION. Sec. 416. TANK VESSEL INSPECTIONS. (1) All tank vessels entering the navigable waters of the state shall be subject to inspection to assure that they comply with all applicable federal and state standards.

(2) The office shall review the tank vessel inspection programs conducted by the United States coast guard and other federal agencies to determine if the programs as actually operated by those agencies provide the best achievable protection to the waters of the state. If the office determines that the tank vessel inspection programs conducted by these agencies are not adequate to protect the state's waters, it shall adopt rules for a state tank vessel inspection program. The office shall adopt rules providing for a random review of individual tank vessel inspections conducted by federal agencies. The office may accept a tank vessel inspection report issued by another state if that state's tank vessel inspection program is determined by the office to be at least as protective of the public health and the environment as the program adopted by the office.

(3) The state tank vessel inspection program shall ensure that all tank vessels entering state waters are inspected at least annually. To the maximum extent feasible, the state program shall consist of the monitoring of existing tank vessel inspection programs conducted by the federal government. The office shall consult with the coast guard regarding the tank vessel inspection program. Any tank vessel inspection conducted pursuant to this section shall be performed during the vessel's scheduled stay in port.

(4) Any violation of coast guard or other federal regulations uncovered during a state tank vessel inspection shall be immediately reported to the appropriate agency.

NEW SECTION. Sec. 417. PREVENTION PLANS. (1) The owner or operator for each tank vessel shall prepare and submit to the office an oil spill prevention plan in conformance with the requirements of this chapter. The plans shall be submitted to the office in the time and manner directed by the office, but not later than January 1, 1993. The spill prevention plan may be consolidated with a spill contingency plan submitted pursuant to section 419 of this act. The office may accept plans prepared to comply with other state or federal law as spill prevention plans to the extent those plans comply with the requirements of this chapter. The office, by rule, shall establish standards for spill prevention plans. The rules shall be adopted not later than July 1, 1992.

(2) The spill prevention plan for a tank vessel or a fleet of tank vessels operated by the same operator shall:

(a) Establish compliance with the federal oil pollution act of 1990 and state and federal financial responsibility requirements, if applicable;

(b) State all discharges of oil of more than twenty-five barrels from the vessel within the prior five years and what measures have been taken to prevent a reoccurrence;

(c) Describe all accidents, collisions, groundings, and near miss incidents in which the vessel has been involved in the prior five years, analyze the causes, and state the measures that have been taken to prevent a reoccurrence;

(d) Describe the vessel operations with respect to staffing standards;

(e) Describe the vessel inspection program carried out by the owner or operator of the vessel;

(f) Describe the training given to vessel crews with respect to spill prevention;

(k) Include any other information reasonably necessary to carry out the purposes of this chapter required by rules adopted by the office.

(3) The office shall only approve a prevention plan if it provides the best achievable protection from damages caused by the discharge of oil into the waters of the state and if it determines that the plan meets the requirements of this section and rules adopted by the office.

(4) Upon approval of a prevention plan, the office shall provide to the person submitting the plan a statement indicating that the plan has been approved, the vessels covered by the plan, and other information the office determines should be included.

(5) The approval of a prevention plan shall be valid for five years. An owner or operator of a tank vessel shall notify the office in writing immediately of any significant change of which it is aware affecting its prevention plan, including changes in any factor set forth in this section or in rules adopted by the office. The office may require the owner or operator to update a prevention plan as a result of these changes.

(6) The office by rule shall require prevention plans to be reviewed, updated, if necessary, and resubmitted to the office at least once every five years.

(7) Approval of a prevention plan by the office does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law.

(8) This section does not authorize the office to modify the terms of a collective bargaining agreement.

NEW SECTION. Sec. 418. VESSEL SCREENING. (1) In order to ensure the safety of marine transportation within the navigable waters of the state and to protect the state's natural resources, the administrator shall adopt rules by July 1, 1992, for determining whether cargo vessels and passenger vessels entering the navigable waters of the state pose a substantial risk of harm to the public health and safety and the environment.

(d) A vessel inspection for vessels that may pose a substantial environmental risk, to determine whether a cargo vessel or passenger vessel complies with applicable state or federal laws. Any vessel inspection conducted pursuant to this section shall be performed during the vessel's scheduled stay in port; and

(e) Enforcement actions.

NEW SECTION. Sec. 419. CONTINGENCY PLANS. (6) The office shall approve a contingency plan only if it determines that the plan meets the requirements of this section and that, if implemented, the plan is capable, in terms of personnel, materials, and equipment, of removing oil promptly and properly and minimizing any damage to the environment.

(7) The approval of the contingency plan shall be valid for five years. Upon approval of a contingency plan, the office shall provide to the person submitting the plan a statement indicating that the plan has been approved, the vessels covered by the plan, and other information the office determines should be included.

(8) An owner or operator of a covered vessel shall notify the office in writing immediately of any significant change of which it is aware affecting its contingency plan, including changes in any factor set forth in this section or in rules adopted by the office. The office may require the owner or operator to update a contingency plan as a result of these changes.

(9) The office by rule shall require contingency plans to be reviewed, updated, if necessary, and resubmitted to the office at least once every five years.

(10) Approval of a contingency plan by the office does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law.

NEW SECTION. Sec. 420. The provisions of prevention plans and contingency plans approved by the office pursuant to this chapter shall be legally binding on those persons submitting them to the office and on their successors, assigns, agents, and

employees. The superior court shall have jurisdiction to restrain a violation of, compel specific performance of, or otherwise to enforce such plans upon application by the office. (c) The covered vessel has entered state waters after the United States coast guard has determined that the vessel is in distress.

(5) Any person may rely on a copy of the statement issued by the office to section 419 of this act as evidence that the vessel has an approved contingency plan and the

statement issued pursuant to section 417 of this act as evidence that the vessel has an approved spill prevention plan.

NEW SECTION. Sec. 423. NOTIFICATION OF ACCIDENTS AND NEAR MISS INCIDENTS. (1) In order to assist the state in identifying areas of the navigable waters of the state needing special attention, the owner or operator of a covered vessel shall notify the coast guard within one hour:

The office shall negotiate an agreement with the coast guard governing procedures for coast guard notification to the state regarding disabled covered vessels and collisions and near miss incidents.

(3) The office shall prepare a summary of the information collected under this section and provide the summary to the regional marine safety committees, the coast guard, and others in order to identify problems with the marine transportation system.

(4) For the purposes of this section:

(a) A tank vessel or cargo vessel is considered disabled if any of the following occur:

(i) Any accidental or intentional grounding;

(ii) The total or partial failure of the main propulsion or primary steering or any component or control system that causes a reduction in the maneuvering capabilities of the vessel;

(iii) An occurrence materially and adversely affecting the vessel's seaworthiness or fitness for service, including but not limited to, fire, flooding, or collision with another vessel;

(iv) Any other occurrence that creates the serious possibility of an oil spill or an occurrence that may result in such a spill.

(i) The towing mechanism becomes disabled;

(ii) The towboat towing the barge becomes disabled through occurrences defined in (a) of this subsection.

(c) A near miss incident is an incident that requires the pilot or master of a covered vessel to take evasive actions or make significant course corrections in order to avoid a collision with another ship or to avoid a grounding as required by the international rules of the road.

(5) Failure of any person to make a report under this section shall not be used as the basis for the imposition of any fine or penalty.

NEW SECTION. Sec. 424. REGIONAL MARINE SAFETY COMMITTEES. (1) The office shall establish regional marine safety committees at least for the Strait of Juan de Fuca/Northern Puget Sound, Southern Puget Sound, and Grays Harbor/Pacific coast. (e) Special protection for environmentally sensitive areas;

(f) Suggested mechanisms to ensure that the provisions of the plan are fully and regularly enforced; and

(g) A recommendation as to whether establishing or expanding vessel traffic safety systems within the region is desirable.

(6) Each regional marine safety plan shall be submitted to the office for approval within one year after the regional marine safety committee is established. The office shall review the plans for consistency with the rules and guidelines and shall approve the plans or give reasons for their disapproval. If a regional marine safety committee does not submit a regional marine safety plan to the office within one year after the committee is established, the office, after consulting with affected interests, may adopt a plan for the region that meets the requirements of subsection (5) of this section.

(7) Upon approval of a plan, the office shall implement those elements of the plan over which the state has authority. If federal authority or action is required, the office shall petition the appropriate agency or congress.

(8) Not later than July 1st of each even-numbered year each regional marine safety committee shall report its findings and recommendations to the marine oversight board established in section 501 of this act and the office concerning vessel traffic safety in its region and any recommendations for improving tanker, barge, and other vessel safety in the region by amending the regional marine safety plan. The regional committees shall also provide technical assistance to the marine oversight board.

All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the department of ecology to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

NEW SECTION. Sec. 433. All rules and all pending business before the office of marine safety shall be continued and acted upon by the department of ecology. All existing contracts and obligations shall remain in full force and shall be performed by the department of ecology.

NEW SECTION. Sec. 434. The transfer of the powers, duties, functions, and personnel of the office of marine safety shall not affect the validity of any act performed prior to the effective date of this section.

NEW SECTION. Sec. 435. If apportionments of budgeted funds are required because of the transfers directed by sections 431 through 434 of this act, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and

adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

NEW SECTION. Sec. 436. Nothing contained in sections 430 through 435 of this act may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law.

~~Finally, the department shall study state jurisdiction over and liability of mandatory compliance with such standards. The department shall report to the appropriate standing committees of the legislature by July 1, 1991, recommendations regarding mandatory compliance with such standards.))~~

The committees shall submit their report to the office within one year after the committees are established. The report shall include a recommendation on whether the office should adopt standards for tow equipment and its maintenance, operation, and inspection. If there is a recommendation that the office adopt standards, the recommended standards shall also be included in the report.

All persons conducting refueling, bunkering, or lightering operations, or oil transfer operations shall be trained in the use and deployment of oil spill containment and recovery equipment. ((After examining existing equipment locations, the methods and conditions of deployment, and accessibility of any federal or other publicly or privately owned and operated containment and recovery equipment or systems, and reviewing federal, state, or local laws, rules, or regulations and ordinances governing refueling, bunkering, or lightering of petroleum products.)) The ((department of ecology may)) office shall adopt rules as necessary to carry out the provisions of this section. The rules shall include standards for the circumstances under which containment equipment should be deployed. An onshore or offshore facility shall include the procedures used to contain and recover discharges in the facility's contingency plan. It is the responsibility of the person providing bunkering, refueling, or lightering services to provide any containment or recovery equipment required under this section. This section does not apply to a person operating a ship for personal pleasure or for recreational purposes.

"PART V

MARINE OVERSIGHT BOARD"

NEW SECTION. Sec. 501. MARINE OVERSIGHT BOARD. (1) The oil marine oversight board is established to provide independent oversight of the actions of the federal government, industry, the department, the office, and other state agencies with

respect to oil spill prevention and response for covered vessels and onshore and offshore facilities.

(2)(a) The board may, at its own discretion, study any aspect of oil spill prevention and response for covered vessels and onshore and offshore facilities in the state. The board shall report to the governor and make recommendations to the department and the office on activities of the federal government and industry with respect to oil spill prevention and response for covered vessels and onshore and offshore facilities, including recommendations for the state's response to those actions. The board shall specifically review the need for, and the structure and design of an emergency response system for the Strait of Juan de Fuca and the Pacific coast. The board shall also make recommendations to the legislature and other state agencies on any provision of this chapter, other state laws, and rules, policies, and guidelines adopted by the department, the office, or, other state agencies relating to the prevention and cleanup of oil spills into the waters of the state from covered vessels and onshore and offshore facilities.

(b) To minimize duplication of effort, reviews conducted by the board shall be coordinated with related activities of the federal government, the department, the office, and other appropriate state and international entities. The Puget Sound water quality authority shall ensure that studies and recommendations by the board shall not be duplicated by any recommendations prepared and adopted pursuant to chapter 90.70 RCW after the effective date of this section.

(c) The board shall evaluate and report at least annually to the governor and the appropriate standing committees of the legislature on oil spill prevention, response, and preparedness programs within the state for covered vessels and onshore and offshore facilities.

(3) There shall be five members of the board appointed by the governor for terms of five years. Members' terms shall be staggered. The members of the board shall be representative of the public and shall have demonstrable knowledge of environmental protection and the study of marine ecosystems, or have familiarity with marine transportation systems.

(4) A chair shall be selected by majority vote of the board. The board shall meet as often as required, but at least four times per year. Members shall be reimbursed for travel and expenses for attending meetings as provided in RCW 43.03.050 and 43.03.060.

(5) The chair may hire staff as necessary for the board to fulfill its responsibilities.

NEW SECTION. Sec. 502. A new section is added to chapter 90.70 RCW to read as follows:

Authority recommendations for oil spill prevention and response shall not be duplicative of those responsibilities given to the marine oversight board under section 501 of this act. The authority may incorporate the findings and recommendations of the marine oversight board into the plan or revisions of the plan submitted to the United States environmental protection agency pursuant to the federal clean water act, 33 U.S.C. Sec. 1330.

"PART VI TANKER REQUIREMENTS"

Sec. 601. RCW 88.16.170 and 1975 1st ex.s. c 125 s 1 are each amended to read as follows:

Because of the danger of spills, the legislature finds that the transportation of crude oil and refined petroleum products by tankers on the Columbia river and on Puget Sound and adjacent waters creates a great potential hazard to important natural resources of the state and to jobs and incomes dependent on these resources.

The legislature recognizes that the Columbia river has many natural obstacles to navigation and shifting navigation channels that create the risk of an oil spill. The legislature also recognizes Puget Sound and adjacent waters are a relatively confined salt

water environment with irregular shorelines and therefore there is a greater than usual likelihood of long-term damage from any large oil spill.

The legislature further recognizes that certain areas of the Columbia river and Puget Sound and adjacent waters have limited space for maneuvering a large oil tanker and that these waters contain many natural navigational obstacles as well as a high density of commercial and pleasure boat traffic.

For these reasons, it is important that large oil tankers be piloted by highly skilled persons who are familiar with local waters and that such tankers have sufficient capability for rapid maneuvering responses.

It is therefore the intent and purpose of RCW 88.16.180 and 88.16.190 to decrease the likelihood of oil spills on the Columbia river and on Puget Sound and its shorelines by requiring all oil tankers above a certain size to employ ((~~Washington state~~)) licensed pilots and((~~if lacking certain safety and maneuvering capability requirements,~~)) to be escorted by a tug or tugs while navigating on certain areas of Puget Sound and adjacent waters.

Sec. 602. RCW 88.16.180 and 1983 c 3 s 231 are each amended to read as follows:

Notwithstanding the provisions of RCW 88.16.070, any registered oil tanker((~~whether enrolled or registered,~~)) of ((~~fifty~~)) five thousand ((~~deadweight~~)) gross tons or greater, shall be required:

(1) To take a Washington state licensed pilot while navigating Puget Sound and adjacent waters and shall be liable for and pay pilotage rates pursuant to RCW 88.16.035; and

(2) To take a licensed pilot while navigating the Columbia river.

Sec. 603. RCW 88.16.200 and 1977 ex.s. c 337 s 16 are each amended to read as follows:

Any vessel designed for the purpose of carrying as its cargo liquefied natural or propane gas shall adhere to the provisions of RCW 88.16.190(2) as though it ((~~was~~)) were an oil tanker.

NEW SECTION. Sec. 604. RECKLESS OPERATION OF A VESSEL. (1) A person commits the crime of reckless operation of a tank vessel if, while (a) navigating a tank vessel, (b) piloting a tank vessel, or (c) on the vessel control bridge and in control of the motion, direction, or speed of a tank vessel, the person, with recklessness as defined in RCW 9A.08.010, causes a release of oil.

(2) Reckless operation of a tank vessel is a class C felony under chapter 9A.20 RCW.

NEW SECTION. Sec. 605. OPERATION OF A VESSEL WHILE UNDER INFLUENCE OF LIQUOR OR DRUGS. (1) A person is guilty of operating a vessel while under the influence of intoxicating liquor or drugs if the person operates a covered vessel within this state while:

(a) The person has 0.06 grams or more of alcohol per two hundred ten liters of breath, as shown by analysis of the person's breath made under section 606 of this act; or

(b) The person has 0.06 percent or more by weight of alcohol in the person's blood as shown by analysis of the person's blood made under section 606 of this act; or

(c) The person is under the influence of or affected by intoxicating liquor or drugs; or

(d) The person is under the combined influence of or affected by intoxicating liquor or drugs.

(2) The fact that any person charged with a violation of this section is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of violating this section.

(3) Operating a vessel while intoxicated is a class C felony under chapter 9A.20 RCW.

NEW SECTION. Sec. 606. BREATH OR BLOOD ANALYSIS. (1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by a person while operating a vessel while under the influence of intoxicating liquor or drugs, if the amount of alcohol in the person's blood or breath at the time alleged as shown by analysis of his blood or breath is less than 0.06 percent by weight of alcohol in his blood or 0.06 grams of alcohol per two hundred ten liters of the person's breath, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or drugs.

(2) The breath analysis shall be based upon grams of alcohol per two hundred ten liters of breath. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

(3) Analysis of the person's blood or breath to be considered valid under this section shall have been performed according to methods approved by the state toxicologist and by an individual possessing a valid permit issued by the state toxicologist for this purpose. The state toxicologist shall approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications and competence to conduct such analyses, and to issue permits that are subject to termination or revocation at the discretion of the state toxicologist.

(4) If a blood test is administered under this section, the withdrawal of blood for the purpose of determining its alcoholic content may be performed only by a physician, a registered nurse, or a qualified technician. This limitation shall not apply to the taking of breath specimens.

(5) The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

(6) Upon the request of the person who submits to a test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or his or her attorney.

NEW SECTION. Sec. 607. LIMITED IMMUNITY FOR BLOOD WITHDRAWAL. No physician, registered nurse, qualified technician, or hospital, or duly licensed clinical laboratory employing or using services of the physician, registered nurse, or qualified technician, may incur any civil or criminal liability as a result of the act of withdrawing blood from any person when directed by a law enforcement officer to do so for the purpose of a blood test under section 606 of this act. This section shall not relieve any physician, registered nurse, qualified technician, or hospital or duly licensed clinical laboratory from civil liability arising from the use of improper procedures or failing to exercise the required standard of care.

"PART VII FINANCIAL RESPONSIBILITY"

Sec. 701. RCW 88.40.005 and 1990 c 116 s 29 are each amended to read as follows:

Sec. 703. RCW 88.40.020 and 1990 c 116 s 31 are each amended to read as follows:

(1) Any ~~((vessel over three hundred gross tons, that transports petroleum products as cargo, and any))~~ inland barge that transports ~~((oil or))~~ hazardous substances in bulk as cargo, using any port or place in the state of Washington or the navigable waters of the state shall establish~~((, under rules prescribed by the director of the department of ecology,))~~ evidence of financial responsibility in the amount of the greater of one million dollars, or one hundred fifty dollars per gross ton of such vessel~~((, to meet the liability to the state of Washington for the following: (1) The actual costs for removal of spills of petroleum products or hazardous substances; (2) civil penalties and fines; and (3) natural resource damages)).~~

(b) The administrator by rule may establish a lesser standard of financial responsibility for barges of three hundred gross tons or less. The standard shall set the level of financial responsibility based on the quantity of cargo the barge is capable of carrying. The administrator shall not set the standard for barges of three thousand gross tons or less below that required under federal law.

(c) The owner or operator of a tank vessel who is a member of an international protection and indemnity mutual organization and is covered for oil pollution risks up to the amounts required under this section is not required to demonstrate financial responsibility under this chapter.

(3) A cargo vessel or passenger vessel that carries oil as fuel shall demonstrate financial responsibility to pay the greater of at least six hundred dollars per gross ton or five hundred thousand dollars.

(4) The documentation of financial responsibility shall demonstrate the ability of the document holder to meet state and federal financial liability requirements for the actual costs for removal of oil spills, for natural resource damages, and necessary expenses.

(5) The office may by rule set a lesser amount of financial responsibility for a tank vessel that meets standards for construction, propulsion, equipment, and personnel established by the office. The office shall require as a minimum level of financial

responsibility under this subsection the same level of financial responsibility required under federal law.

(6) This section shall not apply to a covered vessel owned or operated by the federal government or by a state or local government.

NEW SECTION. Sec. 704.

An onshore or offshore facility shall demonstrate financial responsibility in an amount determined by the department as necessary to compensate the state and affected counties and cities for damages that might occur during a reasonable worst case spill of oil from that facility into the navigable waters of the state. The department shall consider such matters as the amount of oil that could be spilled into the navigable waters from the facility, the cost of cleaning up the spilled oil, the frequency of operations at the facility, the damages that could result from the spill and the commercial availability and affordability of financial responsibility. This section shall not apply to an onshore or offshore facility owned or operated by the federal government or by the state or local government.

Sec. 705. RCW 88.40.030 and 1990 c 116 s 32 are each amended to read as follows:

Financial responsibility required by this chapter may be established by any one of, or a combination of, the following methods acceptable to the ~~((director of))~~ office of marine safety or the department of ecology: (1) Evidence of insurance; (2) surety bonds; (3) qualification as a self-insurer; or (4) other evidence of financial responsibility. Any bond filed shall be issued by a bonding company authorized to do business in the United States. Documentation of such financial responsibility shall be kept on any ~~((barge or tank))~~ covered vessel ((transporting petroleum products or hazardous substances as cargo)) and filed with the ~~((department. The owner or operator of any other vessel shall maintain on the vessel a certificate issued by the United States coast guard evidencing compliance with the requirements of section 311 of the federal clean water act, 33 U.S.C. Sec. 1251 et seq))~~ office at least twenty-four hours before entry of the vessel into the navigable waters of the state. A covered vessel is not required to file documentation of financial responsibility twenty-four hours before entry of the vessel into the navigable waters of the state, if the vessel has filed documentation of financial responsibility with the federal government, and the level of financial responsibility required by the federal government is the same as or exceeds state requirements. The owner or operator of the vessel may file with the office a certificate evidencing compliance with the requirements of another state's or federal financial responsibility requirements if the state or federal government requires a level of financial responsibility the same as or greater than that required under this chapter.

Sec. 706. RCW 88.40.040 and 1989 1st ex.s. c 2 s 5 are each amended to read as follows:

(1) The office shall deny entry to the waters of the state to any vessel that does not meet the financial responsibility requirements of this chapter. Any vessel owner or operator that does not meet the financial responsibility requirements of this chapter and any rules prescribed thereunder or the federal oil pollution act of 1990 shall be reported by the office to the ((secretary of transportation who shall suspend the privilege of operating said vessel until financial responsibility is demonstrated)) United States coast guard.

(2) The office shall enforce section 1016 of the federal oil pollution act of 1990 as authorized by section 1019 of the federal act.

(3) Any onshore or offshore facility owner or operator who does not meet the financial responsibility requirements of section 704 of this 1991 act and any rules adopted by the department or office shall be reported to the secretary of state. The secretary of state shall suspend the facility's privilege of operating in this state until financial responsibility is demonstrated.

"PART VIII
FUNDS"

NEW SECTION. Sec. 801. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Barrel" means a unit of measurement of volume equal to forty-two United States gallons of crude oil or petroleum product.

(2) "Crude oil" means any naturally occurring liquid hydrocarbons at atmospheric temperature and pressure coming from the earth, including condensate and natural gasoline.

(3) "Department" means the department of revenue.

(4) "Marine terminal" means a facility of any kind, other than a waterborne vessel, that is used for transferring crude oil or petroleum products to or from a waterborne vessel or barge.

(5) "Navigable waters" means those waters of the state and their adjoining shorelines that are subject to the ebb and flow of the tide, including the Columbia and Snake rivers.

(6) "Person" has the meaning provided in RCW 82.04.030.

(7) "Petroleum product" means any liquid hydrocarbons at atmospheric temperature and pressure that are the product of the fractionation, distillation, or other refining or processing of crude oil, and that are used as, useable as, or may be refined as a fuel or fuel blendstock, including but not limited to, gasoline, diesel fuel, aviation fuel, bunker fuel, and fuels containing a blend of alcohol and petroleum.

(8) "Taxpayer" means the person owning crude oil or petroleum products immediately before the same are off-loaded at a marine terminal in this state and who is liable for the taxes imposed by this chapter.

(9) "Waterborne vessel or barge" means any ship, barge, or other watercraft capable of travelling on the navigable waters of this state and capable of transporting any crude oil or petroleum product in quantities of ten thousand gallons or more for purposes other than providing fuel for its motor or engine.

NEW SECTION. Sec. 802. (1) An oil spill response tax is imposed on the privilege of off-loading crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately before off-loading begins at the rate of two cents per barrel of crude oil or petroleum product off-loaded.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of off-loading crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately before off-loading begins at the rate of three cents per barrel of crude oil or petroleum product off-loaded.

(3) The taxes imposed by this chapter shall be collected by the marine terminal operator from the owner of the crude oil or petroleum products off-loaded at the marine terminal. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the imposition of the taxes, or having collected the taxes, fails to pay them to the department in the manner prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she shall, nevertheless, be personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine terminal operator shall relieve the owner from further liability for the taxes.

(4) Taxes collected under this chapter shall be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes

collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. The taxes required by this chapter to be collected shall be stated separately from other charges made by the marine terminal operator in any invoice or other statement of account provided to the taxpayer.

(5) If a taxpayer fails to pay the taxes imposed by this chapter to the person charged with collection of the taxes and the person charged with collection fails to pay the taxes to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the taxes.

(6) The taxes shall be due from the marine terminal operator, along with reports and returns on forms prescribed by the department, within twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine terminal operator or to the department, shall constitute a debt from the taxpayer to the marine terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, shall be guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the owner of crude oil or petroleum products off-loaded in this state may pay the taxes imposed by this chapter directly to the department. The department shall give its approval for direct payment under this section whenever it appears, in the department's judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department shall provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator shall relieve the marine terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section shall be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the state oil spill administration account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management shall determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this section are final and shall not be used to challenge the validity of any tax imposed under this chapter. The office of financial management shall promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than twenty-five million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than fifteen million dollars.

(11) The office of marine safety, the department of revenue, and the department of trade and economic development shall study tax credits for taxpayers employing vessels with the best achievable technology and the best available protection to reduce the risk of oil spills to the navigable waters of the state and submit the study to the appropriate standing committees of the legislature by December 1, 1992.

NEW SECTION. Sec. 803. The taxes imposed under this chapter shall only apply to the first off-loading of crude oil or petroleum products at a marine terminal in this state and not to the later transporting and subsequent off-loading of the same oil or petroleum

product, whether in the form originally off-loaded in this state or after refining or other processing.

NEW SECTION. Sec. 804. Credit shall be allowed against the taxes imposed under this chapter for any crude oil or petroleum products off-loaded at a marine terminal and subsequently exported from or sold for export from the state.

NEW SECTION. Sec. 805. The state oil spill response account is created in the state treasury. All receipts from section 802(1) of this act shall be deposited in the account. All costs reimbursed to the state by a responsible party or any other person for responding to a spill of oil shall also be deposited in the account. Moneys in the account shall be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. The account shall be used exclusively to pay for the costs associated with the response to spills of crude oil or petroleum products into the navigable waters of the state. Payment of response costs under this section shall be limited to spills which the director has determined are likely to exceed fifty thousand dollars. Before expending moneys from the account, the director shall make reasonable efforts to obtain funding for response costs from the person responsible for the spill and from other sources, including the federal government. Reimbursement for response costs shall be allowed only for costs which are not covered by funds appropriated to the agencies responsible for response activities. Costs associated with the response to spills of crude oil or petroleum products shall include:

- (1) Natural resource damage assessment and related activities;
- (2) Spill related response, containment, wildlife rescue, cleanup, disposal, and associated costs;
- (3) Interagency coordination and public information related to a response; and
- (4) Appropriate travel, goods and services, contracts, and equipment.

NEW SECTION. Sec. 806. The state oil spill administration account is created in the state treasury. All receipts from section 802(2) of this act shall be deposited in the account. Moneys from the account may be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. On July 1 of each odd-numbered year, if receipts deposited in the account from the tax imposed by section 802(2) of this act for the previous fiscal biennium exceed the amount appropriated from the account for the previous fiscal biennium, the state treasurer shall transfer the amount of receipts exceeding the appropriation to the oil spill response account. If, on the first day of any calendar month, the balance of the spill response account is greater than twenty-five million dollars and the balance of the administration account exceeds the unexpended appropriation for the current biennium, then the tax under section 802(2) of this act shall be suspended on the first day of the next calendar month until the beginning of the following biennium, provided that the tax shall not be suspended during the last six months of the biennium. If the tax imposed under section 802(2) of this act is suspended during two consecutive biennia, the department shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. For the period 1991-93 the state treasurer may transfer funds from the oil spill response account to the oil spill administration account in amounts necessary to support appropriations made from the oil spill administration account in the omnibus appropriations act. Expenditures from the oil spill administration account shall be used exclusively for the administrative costs related to the purposes of this chapter, and chapters 90.48, 88.40, and 88.-- (sections 414 through 436 of this act) RCW. Costs of administration include the costs of:

- (1) Routine responses not covered under section 805 of this act;
- (2) Management and staff development activities;
- (3) Development of rules and policies and the state-wide plan provided for in RCW 90.48.378 as recodified by this act;

(4) Facility and vessel plan review and approval, drills, inspections, investigations, enforcement, and litigation;

(5) Interagency coordination and public outreach and education;

(6) Collection and administration of the tax provided for in chapter 82.-- RCW (sections 801 through 804, 808, and 809 of this act); and

(7) Appropriate travel, goods and services, contracts, and equipment.

NEW SECTION. Sec. 807. The director of the department of ecology shall submit a report to the appropriate standing committees of the legislature by November 1 of each even-numbered year showing detailed information regarding expenditures authorized by the director under section 805 of this act. The report shall include, but not be limited to:

(1) The total amount spent for each response for which the director has approved expenditures and the amount paid for from the spill prevention and response account;

(2) The amount recovered from a responsible party for each spill;

(3) The amount of time between a spill and the time a responsible party assumes responsibility for the response costs related to a spill;

(4) The number of incidents for which the director has determined that the responsible party or another source was available to pay for the response; and

(5) A recommendation concerning the need to continue collecting the tax under section 802(1) of this act.

This section shall expire December 31, 1996.

NEW SECTION. Sec. 808. The department shall adopt such rules as may be necessary to enforce and administer the provisions of this chapter. Chapter 82.32 RCW applies to the administration, collection, and enforcement of the taxes levied under this chapter.

NEW SECTION. Sec. 809. The taxes imposed in this chapter shall take effect October 1, 1991.

Sec. 810. RCW 90.48.142 and 1989 c 262 s 2 are each amended to read as follows:

(1) Any person who:

(a)(i) Violates any of the provisions of this chapter((;)) or chapter 90.56 RCW;

(ii) Fails to perform any duty imposed by this chapter((;)) or chapter 90.56 RCW;

(iii) Violates an order or other determination of the department or the director made pursuant to the provisions of this chapter((, including)) or chapter 90.56 RCW;

(iv) Violates the conditions of a waste discharge permit issued pursuant to RCW 90.48.160((, and in the course thereof causes the death of, or injury to, fish, animals, vegetation or other resources of the state,)); or

(v) Otherwise causes a reduction in the quality of the state's waters below the standards set by the department or, if no standards have been set, causes significant degradation of water quality, thereby damaging the same((;)) and

(b) Causes the death of, or injury to, fish, animals, vegetation, or other resources of the state;

shall be liable to pay the state and affected counties and cities damages in an amount ~~((equal to the sum of money necessary to: (a) Restore any damaged resource to its condition prior to the injury, to the extent technically feasible, and compensate for the lost value incurred during the period between injury and restoration; or (b) compensate for the lost value throughout the duration of the injury that the resource previously provided if restoration is not technically feasible and, when only partial restoration is technically feasible, compensate for the remaining lost value. "Technical feasibility" or "technically feasible" shall mean for the purposes of this subsection, that given available technology, a restoration or enhancement project can be successfully completed at a cost that is not disproportionate to the value of the resource prior to the injury.~~

~~(2) Restoration shall include the cost to restock such waters, replenish or replace such resources, and otherwise restore the stream, lake or other waters of the state, including any estuary, ocean area, submerged lands, shoreline, bank, or other lands~~

adjoining such waters to its condition prior to the injury, as such condition is determined by the department. The lost value of a damaged resource shall be equal to the sum of consumptive, nonconsumptive, and indirect use values, as well as lost taxation, leasing, and licensing revenues. Indirect use values may include existence, bequest, option, and aesthetic values. Damages shall be determined by generally accepted and cost effective procedures.

(3) Such damages shall be recoverable in an action brought by the attorney general on behalf of the people of the state of Washington in the superior court of Thurston county or the county in which such damages occurred: ~~PROVIDED, That if damages occurred in more than one county the attorney general may bring action in any of the counties where the damages occurred. Any money so recovered by the attorney general shall be transferred to the coastal protection fund established under RCW 90.48.390. A steering committee consisting of representatives of the departments of ecology, fisheries, wildlife, natural resources, and the parks and recreation commission shall authorize the expenditure of the moneys collected under this section after consulting impacted local agencies and local and tribal governments. The department shall chair the steering committee. The moneys collected under this section shall only be used for the following purposes: (a) Environmental restoration and enhancement projects intended to restore or enhance environmental, recreational, or aesthetic resources for the benefit of Washington's citizens; (b) investigations of the long term effects of discharges, including sewer sludge, on state resources; and (c) reimbursement of agencies for reasonable reconnaissance and damage assessment costs under this chapter. Agencies may not be reimbursed under this section for the salaries and benefits of permanent employees for routine operational support. Agencies may only be reimbursed under this section if money for reconnaissance and damage assessment activities is unavailable from other sources. In authorizing restoration or enhancement projects, preference shall be given to projects within counties where the injury occurred)~~ determined pursuant to RCW 90.48.367.

(2) No action shall be authorized under this section against any person operating in compliance with the conditions of a waste discharge permit issued pursuant to RCW 90.48.160.

NEW SECTION. Sec. 811. A new section is added to chapter 90.48 RCW to read as follows:

For the purposes of this chapter, "technical feasibility" or "technically feasible" means that given available technology, a restoration or enhancement project can be successfully completed at a cost that is not disproportionate to the value of the resource before the injury.

Sec. 812. RCW 90.48.366 and 1989 c 388 s 2 are each amended to read as follows:

By July 1, 1991, the department, in consultation with the departments of fisheries, wildlife, and natural resources, and the parks and recreation commission, shall adopt rules establishing a compensation schedule for the discharge of oil in violation of ~~((RCW 90.48.320, by persons liable under RCW 90.48.336))~~ this chapter and chapter 90.56 RCW. The department shall establish a scientific advisory board to assist in establishing the compensation schedule. The amount of compensation assessed under this schedule shall be no less than one dollar per gallon of oil spilled and no greater than fifty dollars per gallon of oil spilled. The compensation schedule shall reflect adequate compensation for unquantifiable damages or for damages not quantifiable at reasonable cost for any adverse environmental, recreational, aesthetic, or other effects caused by the ~~((oil))~~ spill and shall take into account:

(1) Characteristics of ~~((the))~~ any oil spilled, such as toxicity, dispersibility, solubility, and persistence, that may affect the severity of the effects on the receiving environment, living organisms, and recreational and aesthetic resources;

(2) The sensitivity of the affected area as determined by such factors as: (a) The location of the spill; (b) habitat and living resource sensitivity; (c) seasonal distribution

or sensitivity of living resources; (d) areas of recreational use or aesthetic importance; (e) the proximity of the spill to important habitats for birds, aquatic mammals, fish, or to species listed as threatened or endangered under state or federal law; and (f) other areas of special ecological or recreational importance, as determined by the department; and

(3) Actions taken by the party who spilled ~~((the))~~ oil or any party liable for the spill that: (a) Demonstrate a recognition and affirmative acceptance of responsibility for the spill, such as the immediate removal of oil and the amount of oil removed from the environment; or (b) enhance or impede the detection of the spill, the determination of the ~~((number of gallons))~~ quantity of oil spilled, or the extent of damage, including the unauthorized removal of evidence such as ~~((oiled))~~ injured fish or wildlife.

Sec. 813. RCW 90.48.367 and 1989 c 388 s 3 are each amended to read as follows:

~~(1) ((Prior to assessing compensation under RCW 90.48.366))~~ After a spill or other incident causing damages to the natural resources of the state, the department shall conduct a formal preassessment screening as provided in RCW 90.48.368.

(2) The department shall use the compensation schedule established under RCW 90.48.366 to determine the amount of damages if the preassessment screening committee determines that: (a) Restoration or enhancement of the injured resources is not technically feasible; (b) damages are not quantifiable at a reasonable cost; and (c) the restoration and enhancement projects or studies proposed by the liable parties are insufficient to adequately compensate the people of the state for damages ~~((sustained as a result of the oil spill.~~

~~(2) Compensation shall not be assessed under this section for oil spills for which damages have been or will be assessed under RCW 90.48.142)).~~

(3) If the preassessment screening committee determines that the compensation schedule should not be used, compensation shall be assessed for the amount of money necessary to restore any damaged resource to its condition before the injury, to the extent technically feasible, and compensate for the lost value incurred during the period between injury and restoration.

(4) Restoration shall include the cost to restock such waters, replenish or replace such resources, and otherwise restore the stream, lake, or other waters of the state, including any estuary, ocean area, submerged lands, shoreline, bank, or other lands adjoining such waters to its condition before the injury, as such condition is determined by the department. The lost value of a damaged resource shall be equal to the sum of consumptive, nonconsumptive, and indirect use values, as well as lost taxation, leasing, and licensing revenues. Indirect use values may include existence, bequest, option, and aesthetic values. Damages shall be determined by generally accepted and cost-effective procedures, including, but not limited to, contingent valuation method studies.

(5) Compensation assessed under this section shall be recoverable in an action brought by the attorney general on behalf of the people of the state of Washington and affected counties and cities in the superior court of Thurston county or any county in which damages occurred. Moneys recovered by the attorney general under this section shall be deposited in the coastal protection fund established under RCW 90.48.390, and shall only be used for the purposes stated in RCW 90.48.400.

~~((4))~~ (6) Compensation assessed under this section ((for a particular oil spill)) shall preclude claims under this chapter by local governments for compensation for damages to publicly owned resources resulting from the same ((spill)) incident.

Sec. 814. RCW 90.48.368 and 1989 c 388 s 4 are each amended to read as follows:

(1) The department shall adopt rules establishing a formal process for preassessment screening of damages resulting from ~~((oil))~~ spills to the waters of the state causing the death of, or injury to, fish, animals, vegetation, or other resources of the state. The rules shall specify the conditions under which the department shall convene a preassessment screening committee. The preassessment screening process shall occur concurrently with reconnaissance activities. The committee shall use information obtained from ~~((oil spill))~~

reconnaissance activities as well as any other relevant resource and resource use information. For each ~~((oil-spill))~~ incident, the committee shall determine whether a damage assessment investigation should be conducted ~~((under RCW 90.48.142)), or ((alternatively))~~, whether the compensation schedule authorized under RCW 90.48.366 and 90.48.367 should be used to assess damages. The committee may accept restoration or enhancement projects or studies proposed by the liable parties in lieu of some or all of: (a) The compensation schedule authorized under ~~((this chapter))~~ RCW 90.48.366 and 90.48.367; or (b) the claims from damage assessment studies authorized under RCW 90.48.142.

(2) A preassessment screening committee may consist of representatives of the departments of ecology, fisheries, wildlife, natural resources, social and health services, and emergency management, the parks and recreation commission, as well as other federal, state, and local agencies, and tribal and local governments whose presence would enhance the reconnaissance or damage assessment aspects of ~~((oil))~~ spill response. The department shall chair the committee and determine which representatives will be needed on a spill-by-spill basis.

(3) The committee shall consider the following factors when determining whether a damage assessment study authorized under RCW ~~((90.48.142))~~ 90.48.367 should be conducted: (a) Whether evidence from reconnaissance investigations suggests that injury has occurred or is likely to occur to publicly owned resources; (b) the potential loss in services provided by resources injured or likely to be injured and the expected value of the potential loss; (c) whether a restoration project to return lost services is technically feasible; (d) the accuracy of damage quantification methods that could be used and the anticipated cost-effectiveness of applying each method; (e) the extent to which likely injury to resources can be verified with available quantification methods; and (f) whether the injury, once quantified, can be translated into monetary values with sufficient precision or accuracy.

(4) When a resource damage assessment is required for an oil spill in the navigable waters of the state, as defined in RCW 90.48.315 as recodified by this 1991 act, the state trustee agency responsible for the resource and habitat damaged shall conduct the damage assessment and pursue all appropriate remedies with the responsible party.

(5) Oil spill damage assessment studies authorized under RCW ((90.48.142)) 90.48.367 may only be conducted if the committee, after considering the factors enumerated in subsection (3) of this section, determines that the damages to be investigated are quantifiable at a reasonable cost and that proposed assessment studies are clearly linked to quantification of the damages incurred.

~~((5))~~ (6) As new information becomes available, the committee may reevaluate the scope of damage assessment using the factors listed in subsection (3) of this section and may reduce or expand the scope of damage assessment as appropriate.

~~((6))~~ (7) The preassessment screening process shall provide for the ongoing involvement of persons who may be liable for damages resulting from an oil spill. The department may negotiate with a potentially liable party to perform restoration and enhancement projects or studies which may substitute for all or part of the compensation authorized under RCW 90.48.366 and 90.48.367 or the damage assessment studies authorized under RCW ~~((90.48.142))~~ 90.48.367.

~~((7))~~ (8) For the purposes of this section and RCW 90.48.367, the cost of a damage assessment shall be considered "reasonable" when the anticipated cost of the damage assessment is expected to be less than the anticipated damage that may have occurred or may occur.

Sec. 815. RCW 90.48.390 and 1989 c 388 s 7 and 1989 c 262 s 3 are each reenacted and amended to read as follows:

One of said shipping commissioners shall be a representative of American and one of foreign shipping. One of the commissioners shall be a representative from a recognized environmental organization concerned with marine waters. The remaining commissioners shall be persons interested in and concerned with pilotage, maritime safety, and marine affairs, with broad experience related to the maritime industry exclusive of experience as either a state licensed pilot or as a shipping representative.

(2) Any vacancy in an appointed position on the board shall be filled by the governor for the remainder of the unfilled term, subject to confirmation by the senate.

(3) ~~((Four))~~ Five members of the board shall constitute a quorum. At least one pilot, one shipping representative, and one public member must be present at every meeting. All commissioners and the chairperson shall have a vote.

Sec. 1002. RCW 88.16.090 and 1990 c 116 s 27 and 1990 c 112 s 1 are each reenacted and amended to read as follows:

(1) A person may pilot any vessel subject to the provisions of this chapter on waters covered by this chapter only if appointed and licensed to pilot such vessels on said waters under and pursuant to the provisions of this chapter.

(2) A person is eligible to be appointed a pilot if the person is a citizen of the United States, over the age of twenty-five years and under the age of seventy years, a resident of the state of Washington at the time of appointment and only if the pilot applicant holds as a minimum, a United States government license as a master of ocean or near coastal steam or motor vessels of not more than one thousand six hundred gross tons or as a master of inland steam or motor vessels of not more than one thousand six hundred gross tons, such license to have been held by the applicant for a period of at least two years prior such license to have been held by the applicant for a period of at least two years prior to taking the Washington state pilotage examination and a first class United States endorsement without restrictions on that license to pilot in the pilotage districts for which the pilot applicant desires to be licensed, and if the pilot applicant

meets such other qualifications as may be required by the board. A person applying for a license under this section shall not have been convicted of an offense involving drugs or the personal consumption of alcohol in the twelve months prior to the date of application. This restriction does not apply to license renewals under this section.

(3) Pilots shall be licensed hereunder for a term of five years from and after the date of the issuance of their respective state licenses. Such licenses shall thereafter be renewed as of course, unless the board shall withhold same for good cause. Each pilot shall pay to the state treasurer an annual license fee established by the board of pilotage commissioners pursuant to chapter 34.05 RCW, but not to exceed one thousand five hundred dollars, to be placed in the state treasury to the credit of the pilotage account. The board may assess partially active or inactive pilots a reduced fee.

(4) Pilot applicants shall be required to pass a written and oral examination administered and graded by the board which shall test such applicants on this chapter, the rules of the board, local harbor ordinances, and such other matters as may be required to compliment the United States examinations and qualifications. The board shall ~~((conduct the examination on a regular date, as prescribed by rule, at least once every two years))~~ hold examinations at such times as will, in the judgment of the board, ensure the maintenance of an efficient and competent pilotage service. An examination shall be scheduled for the Puget Sound pilotage district if there are three or fewer successful candidates from the previous examination who are waiting to become pilots in that district.

(5) The board shall ~~((have developed five examinations and grading sheets for the Puget Sound pilotage district, and two for each other))~~ develop an examination and grading sheet for each pilotage district, for the testing and grading of pilot applicants. The examinations shall be administered to pilot applicants ((on a random basis)) and shall be updated as required to reflect changes in law, rules, policies, or procedures. The board may appoint a special independent examination committee or may contract with a firm knowledgeable and experienced in the development of professional tests for development of said examinations. Active licensed state pilots may be consulted for the general development of examinations but shall have no knowledge of the specific questions. The pilot members of the board may participate in the grading of examinations. If the board does appoint a special examination development committee it is authorized to pay the members of said committee the same compensation and travel expenses as received by members of the board. When grading examinations the board shall carefully follow the grading sheet prepared for that examination. The board shall develop a "sample examination" which would tend to indicate to an applicant the general types of questions on pilot examinations, but such sample questions shall not appear on any actual examinations. Any person who willfully gives advance knowledge of information contained on a pilot examination is guilty of a gross misdemeanor.

(6) All pilots and applicants are subject to an annual physical examination by a physician chosen by the board. The physician shall examine the applicant's heart, blood pressure, circulatory system, lungs and respiratory system, eyesight, hearing, and such other items as may be prescribed by the board. After consultation with a physician and the United States coast guard, the board shall establish minimum health standards to ensure that pilots licensed by the state are able to perform their duties. Within ninety days of the date of each annual physical examination, and after review of the physician's report, the board shall make a determination of whether the pilot or candidate is fully able to carry out the duties of a pilot under this chapter. The board may in its discretion check with the appropriate authority for any convictions of offenses involving drugs or the personal consumption of alcohol in the prior twelve months.

(7) The board shall prescribe, pursuant to chapter 34.05 RCW, a number of familiarization trips, between a minimum number of twenty-five and a maximum of one hundred, which pilot applicants must make in the pilotage district for which they desire

to be licensed. Familiarization trips any particular applicant must make are to be based upon the applicant's vessel handling experience.

(8) The board may ~~((prescribe))~~ require vessel simulator training for a pilot applicant~~((, or))~~ and shall require vessel simulator training for a pilot subject to RCW 88.16.105~~((, as it deems appropriate, taking into consideration the economic cost of such training, to enhance that person's ability to perform pilotage duties under this chapter)).~~ The board shall also require vessel simulator training in the first year of active duty for a new pilot and at least once every five years for all active pilots.

(9) The board shall prescribe, pursuant to chapter 34.05 RCW, such reporting requirements and review procedures as may be necessary to assure the accuracy and validity of license and service claims, and records of familiarization trips of pilot candidates. Willful misrepresentation of such required information by a pilot candidate shall result in disqualification of the candidate.

(10) The board shall adopt rules to establish time periods and procedures for additional training trips and retesting as necessary for pilots who at the time of their licensing are unable to become active pilots.

Sec. 1003. RCW 88.16.105 and 1987 c 264 s 3 are each amended to read as follows:

The board shall prescribe, pursuant to chapter 34.05 RCW, rules governing the size and type of vessels which a newly licensed pilot may be assigned to pilot on the waters of this state and whether the assignment involves docking or undocking a vessel. The rules shall also prescribe required familiarization trips before a newly licensed pilot may pilot a larger or different type of vessel. Such rules shall be for the first ~~((three))~~ five-year period in which pilots are actually employed.

Sec. 1004. RCW 88.16.110 and 1935 c 18 s 7 are each amended to read as follows:

(1) Every pilot licensed under this chapter shall file with the board not later than the tenth day of January, April, July and October of each year a report for the preceding quarter. Said report shall contain an account of all moneys received for pilotage by him or her or by any other person for ((him)) the pilot or on ((his)) the pilot's account or for his or her benefit. Said report shall state the name of each vessel piloted, the amount charged to and/or collected from each vessel, the port of registry of such vessel, its dead weight tonnage, whether it was inward or outward bound, whether the amount so received, collected or charged is in full payment of pilotage and such other information as the board shall by regulation prescribe.

(2) The report shall include information for each vessel that suffers a grounding, collision, or other major marine casualty that occurred while the pilot was on duty during the reporting period. The report shall also include information on near miss incidents as defined in section 423 of this 1991 act. Information concerning near miss incidents provided pursuant to this section shall not be used for imposing any sanctions or penalties. The board shall forward information provided under this subsection to the office of marine safety for inclusion in the collision reporting system established under section 423 of this 1991 act.

Sec. 1005. RCW 88.16.155 and 1977 ex.s. c 337 s 11 are each amended to read as follows:

HOUSE BILL NO. 1151, by Representatives Ferguson, Appelwick, Winsley, Rasmussen, Tate, Fuhrman, Broback, Moyer, Holland, Dorn, Phillips, Pruitt, H. Sommers, Brumsickle, D. Sommers, Ogden, Ballard, Forner, Grant, Roland, Vance, Morris, Spanel, Paris, Haugen, May, Rayburn, Zellinsky, Silver, Betrozoff, Nealey, Sprengle and Orr

Changing blood and breath alcohol content standards for intoxication.

The House resumed consideration of House Bill No. 1151. (For previous action, see Journal, 100th Day, April 22, 1991, Afternoon Session.)

The Speaker stated the question before the House to be the Point of Order by Representative Appelwick regarding the scope and object of the Senate amendments to House Bill No. 1151.

SPEAKER'S RULING

The Speaker: Representative Appelwick, the Speaker has examined House Bill No. 1151, which is an act relating to changing the blood and breath alcohol content standards for intoxication for those persons under the age of twenty-one. It reduces the BAC level for DWI for these persons from 0.10 to 0.04.

The Senate amendments change the title of the bill -- a parliamentary practice which we frown upon over here -- to remove the reference to "persons under the age of twenty-one" and change the BAC level for persons over twenty-one from 0.10 to 0.08. The Speaker finds that the amendments do change the scope and object of the underlying bill. Representative Appelwick, your point is well taken. The amendments are outside the scope and object of the original House Bill.

MOTION

Mr. Appelwick moved that the House refuse concur in the Senate amendments to House Bill No. 1151 and ask the Senate to recede therefrom. The motion was carried.

SUBSTITUTE HOUSE BILL NO. 1268, by House Committee on Appropriations (originally sponsored by Representatives Spanel, Silver, Hine, Forner, Paris, May, P. Johnson, Winsley, Zellinsky, Hochstatter, Nealey, Wynne, Edmondson, Bowman, D. Sommers, Brumsickle, Betrozoff, Wood, Miller, Ballard, Tate, McLean, Jacobsen, Nelson, Jones, Wineberry, Pruitt, Dellwo, R. Johnson, Ogden, Bray, Roland and Basich; by request of Joint Committee on Pension Policy)

Changing provisions relating to retirement service credit.

The House resumed consideration of Substitute House Bill No. 1268. (For previous action, see Journal, 100th Day, April 22, 1991, Afternoon Session.)

The Speaker stated the question before the House to be the Point of Order by Representative Spanel regarding the scope and object of the Senate amendments to Substitute House Bill No. 1268.

SPEAKER'S RULING

The Speaker: Representative Spanel, the Speaker has examined Substitute House Bill No. 1268, which deals with retirement service credits for members of the state retirement systems.

The Senate amendment on page 13, line 11, permits veterans in TRS I to receive up to five years credit for military service. The Speaker finds that this amendment deals with the subject of retirement service credit and is within the scope and object of the bill. Your point, Representative Spanel, is not well taken.

The Senate amendment on page 33, line 1, redefines "surviving spouse" for purposes of the LEOFF I system. The Senate amendment on page 46, line 18, provides retirement COLA's for Plan I members. The Speaker finds that these two Senate amendments are beyond the scope and object of the bill, because they deal with matters other than retirement service credit. Your point on those amendments is well taken.

MOTION

Ms. Spanel moved that the House refuse concur in the Senate amendments to Substitute House Bill No. 1268 and ask the Senate to recede therefrom. The motion was carried.

SUBSTITUTE HOUSE BILL NO. 1608, by House Committee on Human Services (originally sponsored by Representatives Leonard, Winsley, Rasmussen, Beck, Anderson, Hargrove, Brekke, Bowman, Dorn, Hine, Rust, Riley, Spanel, H. Myers, Dellwo, Phillips, Haugen, Jacobsen, Jones, R. King, Pruitt, Basich, R. Johnson, Van Luven, Holland, Valle, Paris, Belcher, Sheldon and O'Brien)

Improving services for children.

The House resumed consideration of Substitute House Bill No. 1608. (For previous action, see Journal, 100th Day, April 22, 1991, Afternoon Session.)

The Speaker stated the question before the House to be the Point of Order by Representative Hargrove regarding the scope and object of the Senate amendments to Substitute House Bill No. 1608.

SPEAKER'S RULING

The Speaker: Representative Hargrove, Substitute House Bill No. 1608 deals with children's services provided by the Department of Social and Health Services. It directs the department to assess a sample of the children in its care and to recommend to the Legislature the appropriate reallocation of children's

services. It also deals with staffing requirements for short-term residential facilities, authorizes the department to establish a treatment program for juvenile offenders and to establish a therapeutic family home program.

The Senate amendment deals with matters regarding the delivery of children's services by DSHS. It also establishes a complaint resolution process for foster parents and allows these parents to intervene in actions relating to their foster children. The House Bill basically deals with duties providing children's services by the department; the amendment would expand the scope and object of the bill to deal with a complaint resolution process for foster parents. I find, Representative Hargrove, that your point is well taken. The Senate striking amendment goes beyond the scope and object of the House Bill. Your point is well taken.

MOTION

Ms. Leonard moved that the House refuse concur in the Senate amendments to Substitute House Bill No. 1608 and ask the Senate for a conference thereon. The motion was carried.

APPOINTMENT OF CONFEREES

The Speaker appointed Representatives Leonard, Hargrove and Padden as conferees on Substitute House Bill No. 1608.

SENATE AMENDMENTS TO HOUSE BILL

April 19, 1991

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1275 with the following amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 29.18.022 and 1987 c 110 s 1 are each amended to read as follows:

The names of all candidates for partisan office, for the office of superintendent of public instruction, for public utility district office, and for all judicial offices shall be rotated in each precinct in the manner specified by RCW 29.30.040, 29.30.340, and 29.30.440. The order of names of candidates for such offices on sample ballots and on absentee ballots in primaries shall be determined in the following manner:

(1) After the close of business on the last day for candidates to file for office, the officer with whom declarations of candidacy are filed shall, from among those filings made in person and by mail in accordance with RCW 29.18.045(2), determine by lot the order in which the names of those candidates shall appear on the sample and absentee ballots under the appropriate office heading. The determination shall be done publicly, and may be witnessed by the media and by any candidate desiring to do so.

(2) For the purposes of this section and RCW 29.18.045, "filing officer" means the officer with whom declarations of candidacy for an office must be filed.

Sec. 2. RCW 29.30.025 and 1990 c 59 s 80 are each amended to read as follows:

After the close of business on the last day for candidates to file for office, the filing officer shall, from among those filings made in person and by mail, determine by lot the order in which the names of those candidates will appear on all sample and absentee ballots. In the case of candidates for city, town, and district office, except for public

utility district office, this procedure shall also determine the order for candidate names on the official primary ballot used at the polling place. The determination shall be done publicly and may be witnessed by the media and by any candidate. If no primary is required for any nonpartisan office under RCW 29.15.150 or 29.21.015, the names shall appear on the general election ballot in the order determined by lot.

Sec. 3. RCW 29.21.010 and 1977 c 53 s 3 are each amended to read as follows:

All cities and towns shall hold primary elections irrespective of type or form of government which shall be nonpartisan and held as provided in RCW 29.13.070, as now or hereafter amended. All districts, except those districts which require ownership of property within ~~((said))~~ the districts as a prerequisite to voting, shall hold primary elections which shall be nonpartisan and held as provided in RCW 29.13.070 as now or hereafter amended.

All names of candidates to be voted upon at city, town, and such district primary elections, except for public utility district primary elections, shall be printed upon the official primary ballot alphabetically in groups under the designation of the respective titles of the offices for which they are candidates. The name of the person who receives the greatest number of votes and of the person who receives the next greatest number of votes for each position, shall appear in that order on the city, town, or district general election ballot concerned under the designation for each respective office. In the event there are two or more offices to be filled for the same position, then names of candidates receiving the highest number of votes equal in number to twice the offices to be filled shall appear on the city, town, or district general election ballot so that the voter shall have a choice of two candidates for each position: PROVIDED, That no name of any candidate shall appear on the city, town, or district general election ballot unless said candidate shall receive at least five percent of the total votes cast for that office. The sequence of names of candidates printed on the city, town, or district general election ballot shall be in relation to the number of votes each candidate received at the primary. Names of candidates printed upon the city, town, or district primary and general election ballot need not be rotated.

The purpose of this section is to establish the holding of a primary election, subject to the exemptions as contained in RCW 29.21.015 as now or hereafter amended, as a uniform procedural requirement to the holding of city, town, and district elections and such provisions shall supersede any and all other statutes, whether general or special in nature, having different election requirements.

Sec. 4. RCW 29.30.040 and 1990 c 59 s 94 are each amended to read as follows:

At primaries, the names of candidates for federal, state, and county partisan offices, for the office of superintendent of public instruction, for public utility district office, and for judicial offices shall, for each office or position, be arranged initially in the order determined under RCW 29.30.025. Additional sets of ballots shall be prepared in which the positions of the names of all candidates for each office or position shall be changed as many times as there are candidates in the office or position in which there are the greatest number of names. As nearly as possible an equal number of ballots shall be prepared after each change. In making the changes of position between each set of ballots, the candidates for each such office in the first position under the office heading shall be moved to the last position under that office heading, and each other name shall be moved up to the position immediately above its previous position under that office heading. The effect of this rotation of the order of the names shall be that the name of each candidate for an office or position shall appear first, second, and so forth for that office or position on the ballots of a nearly equal number of registered voters in that jurisdiction. In a precinct using voting devices, the names of the candidates for each office shall appear in only one sequence in that precinct. The names of candidates for city, town, and district office on the ballot at the primary shall not be rotated.

Sec. 5. RCW 35.02.020 and 1986 c 234 s 3 are each amended to read as follows:

A petition for incorporation must be signed by ~~((qualified))~~ registered voters resident within the limits of the proposed city or town equal in number to ten percent of the ~~((votes cast))~~ number of voters who voted at the last ~~((state))~~ general municipal election and presented to the auditor of the county in which all, or the largest portion of, the proposed city or town is located.

Sec. 6. RCW 35.02.090 and 1986 c 234 s 12 are each amended to read as follows:

The elections on the proposed incorporation and for the nomination and election of the initial elected officials shall be conducted in accordance with the general election laws of the state, except as provided in this chapter. No person is entitled to vote ~~((thereat))~~ unless he or she is a ~~((qualified elector))~~ registered voter of the county, or any of the counties in which the proposed city or town is located, and has resided within the limits of the proposed city or town for at least thirty days next preceding the date of election.

Sec. 7. RCW 35.06.020 and 1965 c 7 s 35.06.020 are each amended to read as follows:

When a petition is filed signed by ~~((electors))~~ registered voters of a city or town, in number equal to not less than one-fifth of the votes cast at the last general municipal election, seeking reorganization thereof as a city of a higher class than that indicated by the last preceding federal or state census, the city or town council to which the petition is presented shall forthwith cause a census to be taken by one or more suitable persons of all the inhabitants of such town or city in which census the full name of each person shall be plainly written, and the names alphabetically arranged and regularly numbered in complete series. The census shall be verified before an officer authorized to administer oaths and filed with the city or town clerk.

If the census shows such city or town qualified for the class named in the petition, the same proceedings shall be had as if the census were a federal or state census.

If the census shows such city or town not qualified for the class named in the petition, no further proceedings shall be had: PROVIDED, That the city or town may be reorganized as a city or town of the class indicated by the census, upon a proper petition filed within six months from the filing of such census with the clerk, without other or further census.

Sec. 8. RCW 35.06.030 and 1965 c 7 s 35.06.030 are each amended to read as follows:

If the census prescribed in RCW 35.06.020 shows that the city or town belongs to the class named in the petition, the city or town council shall cause notice to be given as in other cases, that at the ~~((the))~~ next general election of the city or town, or at a special election to be called for that purpose, the ~~((electors))~~ voters may vote for or against the advancement, their ballots to contain the words "for advancement" and the words "against advancement."

Sec. 9. RCW 35.06.050 and 1965 c 7 s 35.06.050 are each amended to read as follows:

The clerk shall lay the certificate of election and census before the council at its next regular meeting after the same has been filed in his or her office, and if ~~((it appear that all the votes cast for the advancement are not a majority of the votes cast at the election))~~ a majority of those voting on the advancement are not in favor of advancement, no further proceedings shall be had on that petition; but this shall not bar any new proceedings for such purpose.

Sec. 10. RCW 35.24.020 and 1987 c 3 s 9 are each amended to read as follows:

The government of a third class city shall be vested in a mayor, a city council of seven members, a city attorney, a clerk, a treasurer, all elective; and a chief of police, municipal judge, city engineer, street superintendent, health officer and such other appointive officers as may be provided for by statute or ordinance: PROVIDED, That the council may enact an ordinance providing for the appointment of the city clerk, city attorney, and treasurer by the mayor, which appointment shall be subject to confirmation

by a majority vote of the city council. Such ordinance shall be enacted and become effective not later than thirty days prior to the first day allowed for filing declarations of candidacy for such offices when such offices are subject to an approaching city primary election. Elective incumbent city clerks, city attorneys, and city treasurers shall serve for the remainder of their unexpired term notwithstanding any appointment made pursuant to RCW 35.24.020 and 35.24.050. If a free public library and reading room is established, five library trustees shall be appointed. The city council by ordinance shall prescribe the duties and fix the compensation of all officers and employees; PROVIDED, That the provisions of any such ordinance shall not be inconsistent with any statute; PROVIDED FURTHER, That where the city council finds that the appointment of a full time city engineer is unnecessary, it may in lieu of such appointment, by resolution provide for the performance of necessary engineering services on either a part time, temporary or periodic basis by a qualified engineering firm, pursuant to any reasonable contract.

The mayor shall appoint and at his or her pleasure may remove all appointive officers except as otherwise provided herein: PROVIDED, That municipal judges shall be removed only upon conviction of misconduct or malfeasance in office, or because of physical or mental disability rendering ~~((him))~~ the judge incapable of performing the duties of his or her office. Every appointment or removal must be in writing signed by the mayor and filed with the city clerk.

Sec. 11. RCW 35.24.180 and 1965 c 7 s 35.24.180 are each amended to read as follows:

The city council and mayor shall meet on the first Tuesday in January next succeeding the date of each general municipal election, and shall take the oath of office, and shall hold regular meetings at least once during each month but not to exceed one regular meeting in each week, at such times as may be fixed by ordinance.

Special meetings may be called by the mayor by written notice ~~((delivered to each member of the council at least three hours before the time specified for the proposed meeting))~~ as provided in RCW 42.30.080. No ordinances shall be passed or contract let or entered into, or bill for the payment of money allowed at any special meeting.

All meetings of the city council shall be held within the corporate limits of the city at such place as may be designated by ordinance. All meetings of the city council must be public.

Sec. 12. RCW 35.24.190 and 1969 c 101 s 3 are each amended to read as follows:

The members of the city council at their first meeting after each general municipal election and thereafter whenever a vacancy occurs, shall elect from among their number a mayor pro tempore, who shall hold office at the pleasure of the council and in case of the absence of the mayor, perform the duties of mayor except that he or she shall not have the power to appoint or remove any officer or to veto any ordinance. If a vacancy occurs in the office of mayor, the city council at their next regular meeting shall elect from among their number a mayor, who shall serve until a mayor is elected and certified at the next municipal election.

In the event of the extended excused absence or disability of a councilmember, the remaining members by majority vote may appoint a councilmember pro tempore to serve during the absence or disability.

The mayor and the mayor pro tempore shall have power to administer oaths and affirmations, take affidavits and certify them. The mayor or the mayor pro tempore when acting as mayor, shall sign all conveyances made by the city and all instruments which require the seal of the city.
