Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) The lack of affordable housing for very low-income and low-income households and for housing for special needs populations is intensified by the rising cost of land and construction;

(b) There are publicly owned surplus land and buildings that may be suitable to be marketed, sold, leased, or exchanged for the development of affordable housing or housing for special needs populations; and

(c) Requiring certain public agencies, commissions, and local governments to offer suitable surplus land and buildings for a minimum period of time to eligible organizations for the purpose of the development of affordable housing or housing for special needs populations confers a valuable benefit on the public that constitutes consideration for the sale of such property.

(2) The legislature declares that the purpose of this act is to:

(a) Identify publicly owned land and buildings that may be suitable for the development of affordable housing for very low-income and low-income households or for housing for special needs populations;

(b) Provide public notice of state and other publicly owned land and buildings that may be suitable to be marketed, sold, leased, or exchanged for the development of affordable housing or housing for special needs populations; and

(c) Facilitate the effective use of publicly owned surplus and underutilized land and buildings suitable for the development of affordable housing for very low-income and low-income households or for housing for special needs populations by requiring that these types of surplus property owned by certain public agencies, commissions, and local governments be offered for an initial time period to eligible organizations for the development of affordable housing for very low-income and low-income households or for housing for special needs populations.

**Sec. 2.** RCW 43.63A.510 and 1993 c 461 s 2 are each amended to read as follows:

~~(1) ((The department shall work with the departments of natural resources, transportation, social and health services, corrections, and general administration to identify and catalog under-utilized, state-owned land and property suitable for the development of affordable housing for very low-income, low-income or moderate-income households.)) The department, and the departments of natural resources, transportation, social and health services, corrections, and general administration, the state parks and recreation commission, and local governments, shall ((provide)) each produce an inventory of real property that is owned or administered by ((each)) the agency, commission, or local government, is suitable for the development of affordable housing or for housing for special needs populations, and is available for lease or sale. ((The inventories shall be provided to the department by November 1, 1993, with inventory revisions provided each November 1 thereafter.))~~

~~(2) Upon written request, the department shall provide a copy of the inventory of state-owned and publicly owned lands and buildings to parties interested in developing the sites for affordable housing.)) Each inventory must contain descriptive information about each property that includes, if known, the contact information for the property and the location, approximate size, the sale or lease price and terms, and the current zoning classification of the property. Each inventory must be updated at least once a year, and printed and electronic copies of each inventory must be provided upon request.~~

(3)(a) Except as provided in subsection (5) of this section, surplus property for sale by the department, and the departments of natural resources, transportation, social and health services, corrections, and general administration, the state parks and recreation commission, and by local governments, which is suitable for the development of affordable housing or for housing for special needs populations, must be offered, for at least the first one hundred eighty days after its availability for sale, exclusively to eligible organizations, for the purpose of developing affordable housing or housing for special needs populations. Eligible organizations have the right of first opportunity to purchase these surplus properties, under reasonable option and purchase conditions, in return for a commitment to provide affordable housing or housing for special needs populations for at least thirty years. Agencies, commissions, and local governments subject to this section have the sole authority to determine: (i) Whether or not property is surplus; (ii) whether or not the property is suitable for the development of affordable housing for very low-income and low-income households or for housing for special needs populations; and (iii) what constitutes reasonable option and purchase conditions.

(b)(i) Any eligible organization interested in purchasing surplus property described in this section must present to the agency, commission, or local government that is selling the property an affordable housing or special needs housing project description, including:

(A) The number of affordable housing units to be created and a description of the income-level populations that may occupy the units;

(B) The number of special needs units to be created;

(C) The number, estimated square footage, and description of the purpose of other facilities to be created;

(D) The number of years the purchasing entity intends to (I) retain the affordable housing units as affordable housing or (II) retain housing units for special needs populations, which must be at least thirty years; and

(E) A proposed development schedule indicating that the development will either be placed into service or be substantially completed and available for occupation within eight years of the date on which the purchasing entity formally purchases the property.

(ii) Individual local governments, state agencies, and commissions may establish additional requirements for purchase offers by eligible organizations.

(c) Each agency, commission, and local government subject to this section must establish criteria to use if more than one eligible organization is interested in purchasing a single piece of surplus property and presents a proposed project description during the required initial offer period. The criteria may give preference to eligible organizations that propose to develop affordable housing or housing for special needs populations that:

(i) Serve the lowest income populations or special needs populations;

(ii) Create the greatest number of affordable housing units or units for special needs populations;

(iii) Preserve the affordability of the affordable housing units or commit to retain the units for special needs populations for the longest periods of time;

(iv) Integrate or cause the provision of appropriate supportive services in the proposed project description; and

(v) Are most likely to place affordable housing or housing for special needs populations into service at the earliest date.

(d) If an eligible organization does not present a proposed project description that meets the requirements of (c) of this subsection, during the required initial offer period, local

governments, state agencies, and commissions may consider offers from the general public. However, these entities are encouraged to market surplus properties to other entities interested in developing affordable housing or housing for special needs populations.

(4) State agencies, commissions, and local governments subject to this section must maintain records of all properties listed in the inventory required under subsection (1) of this section for at least ten years. Records must include the documentation of sales to eligible organizations and information regarding affordable housing planned or produced on the properties sold to eligible organizations.

(5) School districts, in addition to offering suitable surplus property exclusively to eligible organizations for the purpose of developing affordable housing or housing for special needs populations for at least the first one hundred eighty days after its availability for sale, as required in subsection (3) of this section, must also offer such property, if deemed suitable for such purposes, to eligible organizations for the development of community schools during the same one hundred eighty-day period. School districts may prioritize a community school development project over projects to develop affordable housing or housing for special needs populations. Eligible organizations interested in developing a community school must provide the school district with a development plan describing the services to be provided, the target populations to be served, and the anticipated date of operation.

(6) The following property is exempt from this chapter:

(a) Real property designated or previously acquired as state lands as defined in RCW 79.02.010; and

(b) Lands acquired under restrictive conveyances.

(7) This section is not intended to limit the powers granted in chapters 35.81, 35.82, and 35.83 RCW, or to prevent a selling entity from using alternative processes for the sale or disposition of surplus land for affordable housing or special needs housing purposes as long as those alternative processes require that surplus land be used for affordable housing or for housing for special needs populations, meeting, at a minimum, the standards required under this section.

**Sec. 11.** RCW 79A.05.175 and 2007 c 145 s 1 are each amended to read as follows:

Whenever the commission finds that any land under its control cannot advantageously be used for park purposes, it is authorized to dispose of such land by the method provided in this section or by the method provided in RCW 79A.05.170. If such lands are school or

other grant lands, control thereof shall be relinquished by resolution of the commission to the proper state officials. If such lands were acquired under restrictive conveyances by which the state may hold them only so long as they are used for park purposes, they may be returned to the donor or grantors by the commission. All ~~((other such))~~ lands, which are suitable for affordable housing or for housing for special needs populations and are included in the inventory as required in section 12 of this act, must be offered for sale to eligible organizations as defined in RCW 43.63A.510 (as recodified by this act), as required in RCW 43.63A.510(3) (as recodified by this act). All such exchanges shall be accompanied by a transfer fee, to be set by the commission and paid by the other party to the transfer; such fee shall be paid into the parkland acquisition account established under RCW 79A.05.170. The commission may accept sealed bids, electronic bids, or oral bids at auction. Bids on all sales shall be solicited at least twenty days in advance of the sale date by an advertisement appearing at least once a week for two consecutive weeks in a newspaper of general circulation in the county in which the land to be sold is located. If the commission feels that no bid received adequately reflects the fair value of the land to be sold, it may reject all bids, and may call for new bids. All proceeds derived from the sale of such park property shall be paid into the park land acquisition account. All land considered for exchange shall be evaluated by the commission to determine its adaptability to park usage. The equal value of all lands exchanged shall first be determined by the appraisals to the satisfaction of the commission. No sale or exchange of state park lands shall be made without the unanimous consent of the commission.

Representative McCoy moved the adoption of amendment (1217):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** It is the policy of the state to encourage the joint use of utility poles and to promote competition for the provision of telecommunications and information services. In order to achieve these two objectives, the legislature intends to establish a consistent formula for calculating pole attachment rates, which will ensure greater predictability and consistency in pole attachment rates statewide. The legislature further intends to continue working through issues related to pole attachments with interested parties in an open and collaborative process in order to minimize the potential for disputes going forward.

**Sec. 2.** RCW 54.04.045 and 1996 c 32 s 5 are each amended to read as follows:

(1) As used in this section:

(a) "Attachment" means the affixation or installation of any wire, cable, or other physical material capable of carrying electronic impulses or light waves for the carrying of intelligence for telecommunications or television, including, but not limited to cable, and any related device, apparatus, or auxiliary equipment upon any pole owned or controlled in whole or in part by one or more locally regulated utilities where the installation has been made with the necessary consent.

(b) "Licensee" means any person, firm, corporation, partnership, company, association, joint stock association, or cooperatively organized association, which is authorized to construct attachments upon, along, under, or across public ways.

(c) "Locally regulated utility" means a public utility district not subject to rate or service regulation by the utilities and transportation commission.

~~((c))~~ (d) "Nondiscriminatory" means that pole owners may not arbitrarily differentiate among or between similar classes of ~~((persons))~~ licensees approved for attachments.

(2) All rates, terms, and conditions made, demanded, or received by a locally regulated utility for attachments to its poles must be just, reasonable, nondiscriminatory, and sufficient. A locally regulated

utility shall levy attachment space rental rates that are uniform for the same class of service within the locally regulated utility service area.

(3) A just and reasonable rate must be calculated as follows:

(a) One-half of the rate consists of the additional costs of procuring and maintaining pole attachments, but may not exceed the actual capital and operating expenses of the locally regulated utility attributable to that portion of the pole, duct, or conduit used for the pole attachment, including a share of the required support and clearance space, in proportion to the space used for the pole attachment, as compared to all other uses made of the subject facilities and uses that remain available to the owner or owners of the subject facilities; and

(b) One-half of the rate consists of the additional costs of procuring and maintaining pole attachments, but may not exceed the actual capital and operating expenses of the locally regulated utility attributable to the share of the required support and clearance space, divided equally among all attachers, which sum is divided by the height of the pole.

(4) The locally regulated utility may establish a rate according to the calculation outlined in subsection (3) of this section or it may establish a rate according to the cable formula set forth by the federal communications commission by rule as it existed on the effective date of this section, or such subsequent date as may be provided by the federal communications commission by rule, consistent with the purposes of this section.

(5) Except in extraordinary circumstances, a locally regulated utility must respond to a licensee's application to enter into a new pole attachment contract or renew an existing pole attachment contract within forty-five days of receipt, stating either:

(a) The application is complete; or

(b) The application is incomplete, including a statement of what information is needed to make the application complete.

(6) Within sixty days of an application being deemed complete, the locally regulated utility shall notify the applicant as to whether the application has been accepted for licensing or rejected. If the application is rejected, the locally regulated utility must provide reasons for the rejection. A request to attach may only be denied on a nondiscriminatory basis (a) where there is insufficient capacity; or (b) for reasons of safety, reliability, and generally applicable engineering purposes.

(7) Nothing in this section shall be construed or is intended to confer upon the utilities and transportation commission any authority to exercise jurisdiction over locally regulated utilities."

**Creating the affordable housing and community facilities rapid response loan program.**

The bill was read the second time.

Representative Liias moved the adoption of amendment (1182):

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.185A.110 and 2007 c 428 s 2 are each amended to read as follows:

(1) The affordable housing land acquisition revolving loan fund program is created in the department to assist eligible organizations, described under RCW 43.185A.040, to purchase land for affordable housing development. The department shall contract with the Washington state housing finance commission to administer the affordable housing land acquisition revolving loan fund program. Within this program, the Washington state housing finance commission shall establish and administer the Washington state housing finance commission land acquisition revolving loan fund.

(2) As used in this chapter, "market rate" means the current average market interest rate that is determined at the time any individual loan is closed upon using a widely recognized current market interest rate measurement to be selected for use by the Washington state housing finance commission with the department's approval. This interest rate must be noted in an attachment to the closing documents for each loan.

(3) Under the affordable housing land acquisition revolving loan fund program:

(a) Loans may be made to purchase land on which to develop affordable housing. In addition to affordable housing, facilities intended to provide supportive services to affordable housing residents and low-income households in the nearby community may be developed on the land.

(b) Eligible organizations applying for a loan must include in the loan application a proposed affordable housing development plan indicating the number of affordable housing units planned, a description of any other facilities being considered for the property, and an estimated timeline for completion of the development. The Washington state housing finance commission may require additional information from loan applicants and may consider the efficient use of land, project readiness, organizational capacity, and other factors as criteria in awarding loans.

(c) Forty percent of the loans shall go to eligible applicants operating homeownership programs for low-income households in which the households participate in the construction of their homes. Sixty percent of loans shall go to other eligible organizations. If the entire forty percent for applicants operating self-help homeownership programs cannot be lent to these types of applicants, the remainder shall be lent to other eligible organizations.

(d) Within five years of receiving a loan, a loan recipient must present the Washington state housing finance commission with an updated development plan, including a proposed development design, committed and anticipated additional financial resources to be dedicated to the development, and an estimated development schedule, which indicates completion of the development within eight years of loan receipt. This updated development plan must be substantially consistent with the development plan submitted as part of the original loan application as required in (b) of this subsection.

(e) Within eight years of receiving a loan, a loan recipient must develop affordable housing on the property for which the loan was made and place the affordable housing into service.

(f) A loan recipient must preserve the affordable rental housing developed on the property acquired under this section as affordable housing for a minimum of thirty years.

(4) If a loan recipient does not place affordable housing into service on a property for which a loan has been received under this section within the eight-year period specified in subsection (3)(e) of this section, or if a loan recipient fails to use the property for the intended affordable housing purpose consistent with the loan recipient's original affordable housing development plan, then the loan recipient must pay to the Washington state housing finance commission an amount consisting of the principal of the original loan plus compounded interest calculated at the current market rate. The Washington state housing finance commission shall develop guidelines for the time period in which this repayment must take place, which must be noted in the original loan agreement. The Washington state housing finance commission may grant a partial or total exemption from this repayment requirement if it determines that a development is substantially complete or that the property has been substantially used in keeping with the original affordable housing purpose of the loan. Any repayment funds received as a result of noncompliance with loan requirements shall be deposited into the Washington state housing finance commission land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(5) The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing land acquisition revolving loan fund program.

(6) Interest rates on property loans granted under this section may not exceed one percent. All loan repayment moneys received shall be deposited into the Washington state housing finance commission affordable housing land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(7) The Washington state housing finance commission will develop performance measures for the program, which must be approved by the department, including, at a minimum, measures related to:

(a) The ability of eligible organizations to access land for affordable housing development;

(b) The total number of dwelling units by housing type and the total number of ~~(very)~~ low-income households and persons served; and

(c) The financial efficiency of the program as demonstrated by factors, including the cost per unit developed for affordable housing units in different areas of the state and a measure of the effective use of funds to produce the greatest number of units for low-income households.

(8) By December 1st of each year, beginning in 2007, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature using, at a minimum, the performance measures developed under subsection (7) of this section.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.185A RCW to read as follows:

(1) The affordable housing and community facilities rapid response loan program is created in the department to assist eligible organizations described under RCW 43.185A.040, which includes nonprofit organizations comprised of residents of manufactured/mobile home communities, to purchase land or real property for affordable housing and community facilities preservation or development in rapidly gentrifying neighborhoods or communities with a significant low-income population that is threatened with displacement by such gentrification.

(2) Loans or grants may be made through the affordable housing and community facilities rapid response loan program to purchase land or real property for the preservation or development of affordable housing or community facilities, including reasonable costs and fees.

(3) The department may adopt guidelines and requirements that are necessary to administer the affordable housing and community facilities rapid response loan program.

(4) A loan recipient must preserve affordable rental housing acquired or developed under this section as affordable housing for a minimum of thirty years.

(5) Interest rates on loans made under this section may be as low as zero percent but may not exceed three percent. All loan repayment moneys received must be deposited into a program account established by the department for the purpose of making new loans and grants under this section.

(6) By December 1st of each year, beginning in 2008, the department shall report to the appropriate committees of the legislature: The number of loans and grants that were made in the program; for what purposes the loans and grants were made; to whom the loans and grants were made; and when the loans are expected to be paid back.

**NEW SECTION. Sec. 3.** If specific funding for the purposes of section 2 of this act, referencing this act by bill or chapter number and section number, is not provided by June 30, 2008, in the omnibus appropriations act, section 2 of this act is null and void."

Representative Hunter moved the adoption of amendment (1250):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 82.04 RCW to read as follows:

(1)(a) In computing the tax imposed under this chapter, a manufacturer of polysilicon may claim a credit for its qualified preproduction development expenditures occurring after January 1, 2008.

(b) Any credits earned under this section must be accrued and carried forward and may not be used until July 1, 2009 and until a polysilicon manufacturer expends five hundred million dollars on a polysilicon manufacturing plant located in a county along the boundary line between Washington and Oregon with a population greater than fifty thousand but less than one hundred thousand. A polysilicon manufacturer may not claim a credit under this section in excess of one million dollars in any calendar year. Carryover credits may be used at any time after June 30, 2009, and may be carried over until used. Refunds may not be granted in the place of a credit.

(2) The credit is equal to the amount of qualified preproduction development expenditures, multiplied by the rate of seven and one-half percent.

(3) Credit earned on or after July 1, 2009, may be carried over until used. The credit claimed against taxes due for each calendar year must not exceed the amount of tax otherwise due under this

chapter for the calendar year. Refunds may not be granted in the place of a credit.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a)(i) "Preproduction development" means: (A) Research, design, and engineering activities performed in relation to the development of a product or product line; (B) the design and engineering of the facility in which the product or product line will be manufactured; and (C) training of production employees where the training is directly related to the manufacturing of the product or product line.

(ii) The term "preproduction development" includes the discovery of technological information, the translating of technological information into new or improved products, processes, techniques, formulas, or inventions, and the adaptation of existing products into new products or derivatives of products or models. The term does not include manufacturing activities or other production-oriented activities other than tool design and engineering design for the manufacturing process and the training identified in (a)(i)(C) of this subsection (4). The term also does not include surveys and studies, social science and humanities research, market research or testing, quality control, sale promotion and service, computer software developed for internal use, and research in areas such as improved style, taste, and seasonal design.

(b)(i) Except as provided in (ii) of this subsection (4)(b), "qualified preproduction development" means preproduction development performed in the field of polysilicon manufacturing in a county along the boundary line between Washington and Oregon with a population greater than fifty thousand but less than one hundred thousand.

(ii) "Qualified preproduction development" also includes preproduction development as defined in (a)(i)(B) of this subsection (4) occurring outside of this state in relation to a polysilicon manufacturing facility located, or to be located, in a county along the boundary line between Washington and Oregon with a population greater than fifty thousand but less than one hundred thousand.

(c) "Qualified preproduction development expenditures" means operating expenses including wages, benefits, supplies, and computer expenses directly incurred in qualified preproduction development by a person claiming the credit provided in this section. The term does not include amounts paid to a person or to the state or any of its departments or institutions, other than a public educational or research institution, to conduct preproduction development in the field of polysilicon manufacturing. The term also does not include capital costs and overhead, such as expenses for land, structures, or depreciable property. For purposes of this subsection (4)(c), capital costs do not include costs incurred for the design and engineering of a manufacturing facility as provided in (a)(i)(B) of this subsection (4).

(5) In addition to all other requirements under this title, a person claiming the credit under this section must report as required under RCW 82.32.545 and provide such additional information as the department may prescribe.

(6) Credit may not be claimed for expenditures for which a credit is claimed under RCW 82.04.4452.

(7) This section expires July 1, 2024.

**Sec. 2.** RCW 82.32.545 and 2007 c 54 s 19 are each amended to read as follows:

(1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used.

(2)(a) A person who reports taxes under RCW 82.04.260(11) or who claims an exemption or credit under RCW 82.04.4461, 82.08.980, 82.12.980, 82.29A.137, 84.36.655, ~~((and))~~ 82.04.4463, or section 1 of this act shall make an annual report to the department detailing employment, wages, and employer-provided health and retirement benefits per job at the manufacturing site. The department shall maintain information from the annual reports submitted under subsection (2) of this section necessary for the committee to prepare its reports under this subsection.

**NEW SECTION. Sec. 3.** If a port in a county along the boundary line between Washington and Oregon with a population greater than fifty thousand but less than one hundred thousand and a polysilicon manufacturer do not sign a memorandum of understanding to site a polysilicon manufacturing plant that is expected to cost at least five hundred million dollars by October 1, 2008, this act is null and void."

SECOND SUBSTITUTE HOUSE BILL NO. 2703 was read the second time.

With the consent of the House, amendment (1226) was withdrawn.

Representative Morris moved the adoption of amendment (1248):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds and declares that meeting the state's future energy needs through conservation efforts, both large and small, is a priority. Small changes on the part of Washington consumers, such as switching from conventional, incandescent light bulbs to more efficient compact fluorescent bulbs, has the potential to save thousands of kilowatts of electricity each year. The legislature further finds that compact fluorescent bulbs are more efficient, last longer, emit less heat, and draw less current than conventional incandescent bulbs, which make them a safer and more cost-effective option for use in the home. The legislature finds that compact fluorescent bulbs and other types of general purpose lights contain quantities of hazardous substances that may pose a threat to the health of citizens and to the environment if not handled and recycled properly.

(2) It is the intent of the legislature to encourage citizens to use energy efficient bulbs such as compact fluorescent bulbs and properly dispose of these bulbs at the end of their useful life. The legislature intends to establish a work group to make recommendations on how to recycle end-of-life general purpose lights generated in the state and educate consumers about proper management of general purpose lights.

**"NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) An underlying premise of Washington's long-term care system is the value of consumer choice across a full continuum of care with the right to accessible, quality care;

(b) An appropriately trained and motivated long-term care workforce contributes to the quality of long-term care services;

(c) The level and content of basic training should be focused upon the client with respect to client care needs, health status, choice, and flexibility;

(d) There is a need for increased workforce diversity throughout the long-term care system;

(e) Long-term care worker training should acknowledge cultural diversity and strive to achieve a greater understanding of the relationships between culture and health;

(f) The long-term care workforce has diverse work-life expectations such as career advancement and quality job performance;

(g) The long-term care workforce has variable learning styles, and can benefit from flexibility in training settings, modalities, accessibility, and methods;

(h) Long-term care training should prepare workers and caregivers to perform in as many long-term care settings as possible with economic security and safety, but also should accommodate the interests of those workers who intend to care exclusively for their family members;

(i) The care and support provided by unpaid long-term caregivers should not be disrupted, but enhanced and stabilized by any changes to long-term care training and credentialing; and

(j) The long-term care workforce should be increased and enhanced to meet current and future needs. New policies and requirements should not result in decreasing the available workforce or the services available to consumers.

(2) The legislature intends to establish long-term care worker training standards that are consistent with the findings of subsection (1) of this section and to establish a credentialing program that will allow for career advancement in the long-term care work force.

**Sec. 2.** RCW 74.39A.009 and 2007 c 361 s 2 are each amended to read as follows:

"Activities of daily living", in this context, means self-care abilities related to personal care such as bathing, eating, using the toilet, dressing, and transfer. The use of this definition is not intended to expand the scope of services, care, or assistance by any individuals, groups, residential care settings, or professions unless otherwise expressed by law.

(11)(a) "Long-term care workers" includes all persons who are ~~((long-term care workers for the elderly or))~~ paid to provide personal care services to persons with functional disabilities, including but not limited to individual providers of home care services, direct care employees of home care agencies, providers of home care services to persons with developmental disabilities under Title 71 RCW, all direct care workers in state-licensed boarding homes, assisted living facilities, and adult family homes, respite care providers, community residential service providers, and any other direct care worker providing home or community-based services to ((the elderly or)) persons with functional disabilities or developmental disabilities.

(b) "Long-term care workers" do not include persons employed in nursing homes subject to chapter 18.51 RCW, hospitals or other acute care settings, hospice agencies subject to chapter 70.127 RCW, adult day care centers, and adult day health care centers.

**NEW SECTION. Sec. 3.** A new section is added to chapter 74.39A RCW to read as follows:

(1)(a) This section establishes the basic training requirements for long-term care workers initially contracted or employed on or after January 1, 2010. Except as provided otherwise in this section, these long-term care workers must complete:

(i) Worker orientation under (b)(i) of this subsection before the worker has routine interaction with the person or persons the worker will be caring for; and

(ii) The remaining hours of basic training required in this section within one hundred twenty days after the date of the long-term care worker's initial contracting or employment as a long-term care worker unless the department, for good cause, extends the time period by up to sixty days.

(b) Basic training:

(i) Consists of thirty-five hours of classroom training on a set of modules covering the core knowledge and competencies that caregivers need to learn and understand to meet the needs of and to provide care effectively and safely to persons with functional disabilities. Basic training must include a worker orientation consisting of introductory information on residents' rights, communication skills, fire and life safety, and universal precautions; and

(ii) Must be outcome-based, and the effectiveness of the training must be measured through the use of a competency test.

(2) Training standards and the delivery system for basic training must be relevant to the varied needs of persons served by long-term care workers and be sufficient to ensure that long-term care workers have the skills and knowledge necessary to provide high quality, appropriate care in a manner that respects the preferences of each person served. In an effort to improve the quality of training, increase access to training, and reduce costs, especially for rural communities, the classroom training provided in a coordinated system of long-term care training and education should include:

(a) The use of innovative learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges or other entities, as defined by the department; and

(b) The use of varied adult learner strategies, such as opportunities to practice or demonstrate skills, role playing, and group discussions.

(3) As specified in this section, the following persons are fully or partially exempt from the basic training requirements of this section:

(a) As specified by the department in rule, registered nurses, licensed practical nurses, certified nursing assistants, medicare certified home health aides, or persons who hold a similar health certification or license. However, these persons must complete worker orientation training as described in subsection (1)(b)(i) of this section;

(b) Persons who successfully challenge the competency test for basic training. Such persons shall be deemed to have completed the relevant hours of basic training. However, these persons must complete worker orientation training as described in subsection (1)(b)(i) of this section;

(c) Long-term care workers employed by supportive living providers regulated under chapter 388-101 WAC who are subject to the training required in WAC 388-101-1680;

(d) Biological, step, or adoptive parents who are the individual provider for only their son or daughter who is developmentally disabled or functionally disabled, and persons who provide respite care on an intermittent basis to such son or daughter of a biological, step, or adoptive parent who is either an individual provider or an unpaid caregiver. However, these workers must complete: (i) Six hours of training relevant to the needs of adults with developmental disabilities and related functional disabilities, as appropriate; and (ii) safety training, which may be completed using distance learning or other alternative methods of training. As used in this subsection, "intermittent basis" means care provided exclusively to one individual for not more than an average of twenty-four hours per month; and

(e) Long-term care workers who were initially contracted or employed as long-term care workers before January 1, 2010. However, these long-term care workers must complete all training requirements in effect before that date.

**NEW SECTION. Sec. 4.** A new section is added to chapter 74.39A RCW to read as follows:

(1)(a) The department shall develop qualification requirements for trainers and criteria for the approval of basic training programs under section 3 of this act. Only training curricula approved by the department may be used to fulfill the requirements of section 3 of this act.

(b)(i) The department shall develop criteria for reviewing and approving trainers and training materials that are substantially similar to or better than the materials developed by the department. The department may approve a curriculum based upon attestation by a boarding home administrator, an adult family home provider or resident manager, a home care agency administrator, or the administrator of the training partnership designated in RCW 74.39A.360 that the facility's, agency's, or training partnership's training curriculum addresses required training competencies identified by the department, and shall review a curriculum to verify that it meets these requirements. The department, or the department of health, as applicable, may conduct the review as part of the regularly scheduled inspection and investigation required under RCW 18.20.110, 70.128.090, or 70.127.100. The department shall rescind approval of any curriculum if it determines that the curriculum does not meet these requirements.

(ii) A facility, agency, or the training partnership with an approved curriculum must provide reports as required by the department on the long-term care workers who began training and those who completed training, and verifying that all long-term care workers required to do so have complied with all training requirements.

(c) Boarding homes, adult family homes, home care agencies, or other entities employing long-term care workers that desire to deliver facility or agency-based required basic training with facility or agency designated trainers, or facilities and agencies that desire to pool their resources to create shared training systems, must be encouraged by the department in their efforts.

(d) The department shall consult with the state board for community and technical colleges, the superintendent of public instruction, and the training partnership to ensure, to the extent possible, that long-term care worker training programs approved by the department assist with opportunities to articulate to relevant degree or skills programs offered in community colleges, vocational-technical institutes, skill centers, and secondary schools, as defined in chapter 28B.50 RCW.

(2) The department shall adopt rules by September 1, 2009, necessary to implement the training provisions of section 3 of this act. In developing rules, the department shall consult with the department of health, the nursing care quality assurance commission, adult family home providers, boarding home providers, in-home personal care providers, affected labor organizations, community and technical colleges, and long-term care consumers and other interested organizations.

**Sec. 5.** RCW 74.39A.340 and 2007 c 361 s 4 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, beginning January 1, 2010, long-term care workers shall complete twelve hours of continuing education training in advanced training topics each year. ((This requirement applies beginning on January 1, 2010.))

(2) This section does not apply to persons described in section 3(3)(d) of this act. However, this subsection does not prohibit requiring continuing education for such persons who elect to become registered or certified under chapter 18.-- RCW (the chapter created in section 31 of this act).

**Sec. 6.** RCW 74.39A.360 and 2007 c 361 s 6 are each amended to read as follows:

(1) Beginning January 1, 2010, for individual providers represented by an exclusive bargaining representative under RCW 74.39A.270, all training and peer mentoring required under this chapter shall be provided by a training partnership. Contributions to the partnership pursuant to a collective bargaining agreement negotiated under this chapter shall be made beginning July 1, 2009. The training partnership shall provide reports as required by the department on the individual providers who began training and those

who completed training, and verifying that all individual providers required to do so have complied with all training requirements. The exclusive bargaining representative shall designate the training partnership.

(2) The training partnership shall offer persons who are acting as unpaid informal caregivers for family members or friends the opportunity to attend training offered through the partnership at no cost to the individual caregiver or the state. Attendance opportunities may be limited to the extent that:

(a) There is fixed maximum seating or participation capacity for a training module that satisfies long-term care worker basic training or continuing education requirements under this chapter; and

(b) The maximum capacity for a particular training module is fully reserved twenty-four hours in advance of the scheduled date and time of the module.

**NEW SECTION. Sec. 7.** (1) The legislature finds that:

(a) It is in the public interest to promote quality long-term care services through registration for long-term care workers; and

(b) An additional level of credentialing for those long-term care workers who seek to increase their skills and knowledge or enter a health care professional career track will increase, stabilize, and enhance the long-term care workforce and further promote quality long-term care services.

(2) The legislature, therefore, intends to provide opportunities to increase skills and knowledge or to pursue a career track through certification and specialty endorsements, and potential articulation from long-term care worker certification to other health care credentialing or degrees.

The department shall ensure, to the extent possible, that long-term care worker training programs approved by the department assist with opportunities to articulate to relevant degree or skill programs offered in community colleges, vocational-technical institutes, skill centers, and secondary schools as defined in chapter 28B.50 RCW. A training program approved under this section may include, but is not limited to, the following elements:

(a) Basic training under section 3 of this act, which is a required element of an approved training program. For purposes of this subsection, a person who successfully challenges the competency test for basic training shall be deemed to have completed the relevant hours of basic training other than worker orientation training;

However, the department, for good cause, may extend the one hundred twenty day time period by up to sixty days.

(6) The certification examination must be administered and evaluated by the department or by a contractor to the department that is neither an employer of long-term care workers, a private contractor providing training services under this chapter or section 3 of this act, or the training partnership defined in RCW 74.39A.009.

The secretary shall be the disciplinary authority under this chapter.

(2)(a) The secretary may take action to immediately suspend the registration or certification of a long-term care worker upon finding that conduct of the long-term care worker has caused or presents an imminent threat of harm to a functionally disabled person in his or her care.

(b) If the secretary imposes suspension or conditions for continuation of a registration or certification, the suspension or conditions for continuation are effective immediately upon notice and shall continue in effect pending the outcome of any hearing.

**NEW SECTION. Sec. 19.** (1) The department shall adopt rules by September 1, 2009, necessary to implement the registration provisions of this chapter. (ii) The department should consider the relative merits of certification and/or specialty endorsement examinations and of practical work experience for certification and/or specialty endorsements. If recommendations are made for practical work experience requirements, the department's plan should include recommendations on the hours and type of practical work experience that would be appropriate for the credential sought.

(b) The department shall report on the certification plan to the appropriate committees of the legislature by December 1, 2009.

**Sec. 24.** RCW 74.39A.050 and 2004 c 140 s 6 are each amended to read as follows:

The department's system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be client-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers consistent with chapter 392, Laws of 1997.

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers. This includes that when conducting licensing or contract inspections, the department shall interview an appropriate percentage of residents, family members, resident case managers, and advocates in addition to interviewing providers and staff.

(3) Providers should be supported in their efforts to improve quality and address identified problems initially through training, consultation, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints and based on a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to providers, residents, and other interested parties.

(6) Prompt and specific enforcement remedies shall also be implemented without delay, pursuant to RCW 74.39A.080, RCW 70.128.160, chapter 18.51 RCW, or chapter 74.42 RCW, for providers found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious

harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a contract or license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) To the extent funding is available, all long-term care staff directly responsible for the care, supervision, or treatment of vulnerable persons should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis according to law and rules adopted by the department.

(8) No provider or staff, or prospective provider or staff, with a stipulated finding of fact, conclusion of law, an agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into a state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

(9) The department shall establish, by rule, a state registry which contains identifying information about personal care aides identified under this chapter who have substantiated findings of abuse, neglect, financial exploitation, or abandonment of a vulnerable adult as defined in RCW 74.34.020. The rule must include disclosure, disposition of findings, notification, findings of fact, appeal rights, and fair hearing requirements. The department shall disclose, upon request, substantiated findings of abuse, neglect, financial exploitation, or abandonment to any person so requesting this information.

(10) ~~(The department shall by rule develop training requirements for individual providers and home care agency providers. Effective March 1, 2002, individual providers and home care agency providers must satisfactorily complete department-approved orientation, basic training, and continuing education within the time period specified by the department in rule. The department shall adopt rules by March 1, 2002, for the implementation of this section based on the recommendations of the community long-term care training and education steering committee established in RCW 74.39A.190. The department shall deny payment to an individual provider or a home care provider who does not complete the training requirements within the time limit specified by the department by rule.~~

~~(11) In an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges or other entities, as defined by the department.~~

~~(12) The department shall create an approval system by March 1, 2002, for those seeking to conduct department-approved training. In the rule-making process, the department shall adopt rules based on the recommendations of the community long-term care training and education steering committee established in RCW 74.39A.190.~~

~~(13)) The department shall establish, by rule, ((training;)) background checks(;) and other quality assurance requirements for personal aides who provide in-home services funded by medicaid personal care as described in RCW 74.09.520, community options program entry system waiver services as described in RCW 74.39A.030, or chore services as described in RCW 74.39A.110 that are equivalent to requirements for individual providers.~~

~~((14)) (11) Under existing funds the department shall establish internally a quality improvement standards committee to monitor the development of standards and to suggest modifications.~~

~~((15) Within existing funds, the department shall design, develop, and implement a long-term care training program that is flexible, relevant, and qualifies towards the requirements for a nursing assistant certificate as established under chapter 18.88A RCW. This subsection does not require completion of the nursing assistant certificate training program by providers or their staff. The long-term care teaching curriculum must consist of a fundamental module, or modules, and a range of other available relevant training~~

~~modules that provide the caregiver with appropriate options that assist in meeting the resident's care needs. Some of the training modules may include, but are not limited to, specific training on the special care needs of persons with developmental disabilities, dementia, mental illness, and the care needs of the elderly. No less than one training module must be dedicated to workplace violence prevention. The nursing care quality assurance commission shall work together with the department to develop the curriculum modules. The nursing care quality assurance commission shall direct the nursing assistant training programs to accept some or all of the skills and competencies from the curriculum modules towards meeting the requirements for a nursing assistant certificate as defined in chapter 18.88A RCW. A process may be developed to test persons completing modules from a caregiver's class to verify that they have the transferable skills and competencies for entry into a nursing assistant training program. The department may review whether facilities can develop their own related long-term care training programs. The department may develop a review process for determining what previous experience and training may be used to waive some or all of the mandatory training. The department of social and health services and the nursing care quality assurance commission shall work together to develop an implementation plan by December 12, 1998.)~~

A license, unless suspended or revoked, is effective for a period of two years, however an initial license is only effective for twelve months. The department shall conduct a survey within each licensure period, and may conduct a licensure survey after ownership transfer, to assure compliance with this chapter and the rules adopted under this chapter and under section 3 of this act, and to enforce section 23(4) of this act.

However, the department may delay an inspection to twenty-four months if the boarding home has had three consecutive inspections with no written notice of violations and has received no written notice of violations resulting from complaint investigation during that same time period. The department may at anytime make an unannounced inspection of a licensed home to assure that the licensee is in compliance with this chapter and the rules adopted under this chapter and section 3 of this act, and to enforce section 23(4) of this act. Every inspection shall focus primarily on actual or potential resident outcomes, and may include an inspection of every part of the premises and an examination of all records, methods of administration, the general and special dietary, and the stores and methods of supply; however, the department shall not have access to financial records or to other records or reports described in RCW 18.20.390. Financial records of the boarding home may be examined when the department has reasonable cause to believe that a financial obligation related to resident care or services will not be met, such as a complaint that staff wages or utility costs have not been paid, or when necessary for the department to investigate alleged financial exploitation of a resident.

(2) Following such an inspection or inspections, written notice of any violation of this law or the rules adopted hereunder shall be given to the applicant or licensee and the department.

(3) The department may prescribe by rule that any licensee or applicant desiring to make specified types of alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition, or new construction, submit plans and specifications therefor to the agencies responsible for plan reviews

(a) Develop and maintain a current list of veteran-owned businesses; and

(b) Make the list available on the department's public web site.

(2) ~~(In order)~~ To qualify as a veteran-owned business, the business must be at least fifty-one percent owned and controlled by:

(b) That is organized for profit and performing a commercially useful function; and

(c) That meets the criteria for a small business concern as established under chapter 39.19 RCW.

(4) The department shall create a logo for the purpose of identifying veteran-owned businesses to the public. The department shall put the logo on an adhesive sticker or decal suitable for display in a business window and distribute the stickers or decals to veteran-owned businesses listed with the department.

~~((4))~~ (5)(a) Businesses may submit an application on a form prescribed by the department for inclusion on the list or to apply for certification under this section.

(b) The department must notify the state treasurer of veteran-owned businesses that are no longer certified under this section. ~~((5))~~ (6) The department may adopt rules necessary to implement this section.

**Sec. 2.** RCW 43.86A.030 and 2007 c 500 s 1 are each amended to read as follows:

(1) Funds held in public depositories not as demand deposits as provided in RCW 43.86A.020 and 43.86A.030, shall be available for a time certificate of deposit investment program according to the following formula: The state treasurer shall apportion to all participating depositories an amount equal to five percent of the three year average mean of general state revenues as certified in accordance with Article VIII, section 1(b) of the state Constitution, or fifty percent of the total surplus treasury investment availability, whichever is less. Within thirty days after certification, those funds determined to be available according to this formula for the time certificate of deposit investment program shall be deposited in qualified public depositories. These deposits shall be allocated among the participating depositories on a basis to be determined by the state treasurer.

(2)(a) Of all funds available under this section, the state treasurer may use up to ~~((one hundred fifty))~~ two hundred million dollars per year ~~((of all funds available under this section))~~ for the purposes of RCW 43.86A.060(2)(c)(i) and up to twenty-five million dollars per year for the purposes of RCW 43.86A.060(2)(c)(ii). The amounts made available to these public depositories shall be equal to the amounts of outstanding loans made under RCW 43.86A.060.

(3) The formula so devised shall be a matter of public record giving consideration to, but not limited to deposits, assets, loans, capital structure, investments or some combination of these factors. However, if in the judgment of the state treasurer the amount of allocation for certificates of deposit as determined by this section will impair the cash flow needs of the state treasury, the state treasurer may adjust the amount of the allocation accordingly.

As a condition of participating in the program, qualified public depositories must make qualifying loans as provided in this section. The state treasurer may purchase a certificate of deposit that is equal to the amount of the qualifying loan made by the qualified public depository or may purchase a certificate of deposit that is equal to the aggregate amount of two or more qualifying loans made by one or more qualified public depositories.

(2) Qualifying loans made under this section are those:

(a) Having terms that do not exceed ten years;

(c)(i) That are made to a minority or women's business enterprise that has received state certification under chapter 39.19 RCW; or

(ii) That are made to a veteran-owned business that has received state certification under RCW 43.60A.190;

(d) Where the interest rate on the loan to the minority or women's business enterprise or veteran-owned business does not exceed an interest rate that is two hundred basis points below the interest rate the qualified public depository would charge for a loan for a similar purpose and a similar term, except that, if the preference given by the state treasurer to the qualified public depository under subsection (3) of this section is less than two hundred basis points, the qualified public depository may reduce the preference given on the loan by an amount that corresponds to the reduction in preference below two hundred basis points given to the qualified public depository; and

(e) Where the points or fees charged at loan closing do not exceed one percent of the loan amount.

(3) In setting interest rates of time certificate of deposits, the state treasurer shall offer rates so that a two hundred basis point preference will be given to the qualified public depository, except that the treasurer shall lower the amount of the preference to ensure that the effective interest rate on the time certificate of deposit is not less than two percent.

(4) Upon notification by the state treasurer that a minority or women's business enterprise is no longer certified under chapter 39.19 RCW or that a veteran-owned business is no longer certified under RCW 43.60A.190, the qualified public depository shall reduce the amount of qualifying loans by the outstanding balance of the loan made under this section to the minority or women's business enterprise or the veteran-owned business, as applicable.

(5) The office of minority and women's business enterprises has the authority to adopt rules to:

(a) Ensure that when making a qualified loan under the linked deposit program, businesses that have never received a loan under the linked deposit program are given first priority;

(b) Limit the total principal loan amount that any one business receives in qualified loans under the linked deposit program over the lifetime of the businesses;

(c) Limit the total principal loan amount that an owner of one or more businesses receives in qualified loans under the linked deposit program during the owner's lifetime; and

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 51.32.240 and 2004 c 243 s 7 are each amended to read as follows:

(1)(a) Whenever any payment of benefits under this title is made because of clerical error, mistake of identity, innocent misrepresentation by or on behalf of the recipient thereof mistakenly acted upon, or any other circumstance of a similar nature, all not induced by willful misrepresentation, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The department or self-insurer, as the case may be, must make claim for such repayment or recoupment within one year of the making of any such payment or it will be deemed any claim therefor has been waived.

(b) Except as provided in subsections (3), (4), and (5) of this section, the department may only assess an overpayment of benefits because of adjudicator error when the order upon which the overpayment is based is not yet final as provided in RCW 51.52.050 and 51.52.060. "Adjudicator error" includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(c) The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his discretion to waive, in whole or in part, the amount of any such timely claim where the recovery would be against equity and good conscience.

(2) Whenever the department or self-insurer fails to pay benefits because of clerical error, mistake of identity, or innocent misrepresentation, all not induced by recipient willful misrepresentation, the recipient may request an adjustment of benefits to be paid from the state fund or by the self-insurer, as the case may be, subject to the following:

(a) The recipient must request an adjustment in benefits within one year from the date of the incorrect payment or it will be deemed any claim therefore has been waived.

(b) The recipient may not seek an adjustment of benefits because of adjudicator error. Adjustments due to adjudicator error are addressed by the filing of a written request for reconsideration with the department of labor and industries or an appeal with the board of industrial insurance appeals within sixty days from the date the order is communicated as provided in RCW 51.52.050. "Adjudicator error" includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(3) Whenever the department issues an order rejecting a claim for benefits paid pursuant to RCW 51.32.190 or 51.32.210, after payment for temporary disability benefits has been paid by a self-insurer pursuant to RCW 51.32.190(3) or by the department pursuant to RCW 51.32.210, the recipient thereof shall repay such benefits and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The director, under rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.

(4) Whenever any payment of benefits under this title has been made pursuant to an adjudication by the department or by order of the board or any court and timely appeal therefrom has been made where the final decision is that any such payment was made pursuant to an erroneous adjudication, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim ~~((with the state fund or self-insurer, as the case may be))~~ whether state fund or self-insured. The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience, however, if the director waives in whole or in part any such payments due to a self-insured employer, the employer shall be reimbursed the amount waived from the employer overpayment reimbursement fund. The department shall collect information regarding self-insured claim overpayments resulting from final decisions of the board of industrial insurance appeals and the courts, and at a self-insurer's request, recoup such overpayments on behalf of the self-insurer from any open, new, or reopened state fund or self-insured claims. The department shall forward the amounts collected to the self-insured employer to whom the payment is owed. The department may provide information as needed to any self-insurers from whom payments may be collected on behalf of the department or another self-insurer. Notwithstanding RCW 51.32.040, any self-insurer requested by the department to forward payments to the department pursuant to this subsection shall pay the department directly. The department shall credit the amounts recovered to the appropriate fund, or forward amounts collected to the appropriate self-insurer, as the case may be. If a self-insurer is not fully reimbursed within eighteen months of the final decision of the board or court order through the collection process pursuant to this subsection and by means of processes pursuant to subsection (6) of this section, the self-insurer shall be reimbursed for the remainder of the amount due from the employer overpayment reimbursement fund. The fund shall also reimburse the self-insured employer its reasonable attorney fees in pursuing payment under this subsection or subsection (6) of this section.

(5)(a) Whenever any payment of benefits under this title has been induced by willful misrepresentation the recipient thereof shall repay any such payment together with a penalty of fifty percent of the total of any such payments and the amount of such total sum may be recouped from any future payments due to the recipient on any claim with the state fund or self-insurer against whom the willful misrepresentation was committed, as the case may be, and the amount of such penalty shall be placed in the supplemental pension fund. Such repayment or recoupment must be demanded or ordered within three years of the discovery of the willful misrepresentation.

(b) For purposes of this subsection (5), it is willful misrepresentation for a person to obtain payments or other benefits under this title in an amount greater than that to which the person otherwise would be entitled. Willful misrepresentation includes:

(i) Willful false statement; or

(ii) Willful misrepresentation, omission, or concealment of any material fact.

(c) For purposes of this subsection (5), "willful" means a conscious or deliberate false statement, misrepresentation, omission, or concealment of a material fact with the specific intent of obtaining, continuing, or increasing benefits under this title.

(d) For purposes of this subsection (5), failure to disclose a work-type activity must be willful in order for a misrepresentation to have occurred.

(e) For purposes of this subsection (5), a material fact is one which would result in additional, increased, or continued benefits, including but not limited to facts about physical restrictions, or work-type activities which either result in wages or income or would be reasonably expected to do so. Wages or income include the receipt of any goods or services. For a work-type activity to be reasonably expected to result in wages or income, a pattern of repeated activity must exist. For those activities that would reasonably be expected to result in wages or produce income, but for which actual wage or income information cannot be reasonably determined, the department shall impute wages pursuant to RCW 51.08.178(4).

(6) The worker, beneficiary, or other person affected thereby shall have the right to contest an order assessing an overpayment pursuant to this section in the same manner and to the same extent as provided under RCW 51.52.050 and 51.52.060. In the event such an order becomes final under chapter 51.52 RCW and notwithstanding the provisions of subsections (1) through (5) of this section, the director, director's designee, or self-insurer may file with the clerk in any county within the state a warrant in the amount of the sum representing the unpaid overpayment and/or penalty plus interest accruing from the date the order became final. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for such warrant and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the worker, beneficiary, or other person mentioned in the warrant, the amount of the unpaid overpayment and/or penalty plus interest accrued, and the date the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to and interest in all real and personal property of the worker, beneficiary, or other person against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of such clerk. The sheriff shall then proceed in the same manner and with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgment in the superior court. Such warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of the department or self-insurer in the manner provided by law in the case of judgment, wholly or partially unsatisfied. The clerk of the court shall be entitled to a filing fee under RCW 36.18.012(10), which shall be added to the amount of the warrant. A copy of such warrant shall be mailed to the worker, beneficiary, or other person within three days of filing with the clerk.

The director, director's designee, or self-insurer may issue to any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, a notice to withhold and deliver property of any kind if there is reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property that is due, owing, or belonging to any worker, beneficiary, or other person upon whom a warrant has been served for payments due the department or self-insurer. The notice and order to withhold and deliver shall be served by certified mail accompanied by an affidavit of service by mailing or served by the sheriff of the county, or by the sheriff's deputy, or by any authorized representative of the director, director's designee, or self-insurer. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired or in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with such notice and order, any property that may be subject to the claim of the department or self-insurer, such property shall be delivered forthwith to the director, the director's authorized representative, or self-insurer upon demand.

If the party served and named in the notice and order fails to answer the notice and order within the time prescribed in this section, the court may, after the time to answer such order has expired, render judgment by default against the party named in the notice for the full amount, plus costs, claimed by the director, director's designee, or self-insurer in the notice. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, the employer may assert in the answer all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled.

This subsection shall only apply to orders assessing an overpayment which are issued on or after July 28, 1991: PROVIDED, That this subsection shall apply retroactively to all orders assessing an overpayment resulting from fraud, civil or criminal.

(7) Orders assessing an overpayment which are issued on or after July 28, 1991, shall include a conspicuous notice of the collection methods available to the department or self-insurer.

**Sec. 2.** RCW 51.52.050 and 2004 c 243 s 8 are each amended to read as follows:

(1) Whenever the department has made any order, decision, or award, it shall promptly serve the worker, beneficiary, employer, or other person affected thereby, with a copy thereof by mail, which shall be addressed to such person at his or her last known address as shown by the records of the department. The copy, in case the same is a final order, decision, or award, shall bear on the same side of the same page on which is found the amount of the award, a statement, set in black faced type of at least ten point body or size, that such final order, decision, or award shall become final within sixty days from the date the order is communicated to the parties unless a written request for reconsideration is filed with the department of labor and industries, Olympia, or an appeal is filed with the board of industrial insurance appeals, Olympia (~~PROVIDED, That~~). However, a department order or decision making demand, whether with or without penalty, for repayment of sums paid to a provider of medical, dental, vocational, or other health services rendered to an industrially injured worker, shall state that such order or decision shall become final within twenty days from the date the order or decision is communicated to the parties unless a written request for reconsideration is filed with the department of labor and industries, Olympia, or an appeal is filed with the board of industrial insurance appeals, Olympia.

(2)(a) Whenever the department has taken any action or made any decision relating to any phase of the administration of this title the worker, beneficiary, employer, or other person aggrieved thereby may request reconsideration of the department, or may appeal to the board. In an appeal before the board, the appellant shall have the burden of proceeding with the evidence to establish a prima facie case for the relief sought in such appeal (~~PROVIDED, That~~).

(b) An employer appeal of a department order shall operate as a stay of the order except:

(i) An employer appeal of an order awarding temporary total disability benefits shall not operate as a stay of temporary total disability benefits, and such temporary total disability benefits shall be paid no later than fifteen days after the board grants the appeal, unless an employer moves for a stay of the department's order within fifteen days after the board grants the appeal. Any employer may move for a stay of the order, in whole or in part. The board shall review the department's file as it existed as of the date of the order on appeal, and issue a written order granting or denying the stay within fifteen days of receipt of the motion. The board shall grant the motion if the department's file demonstrates the issues on appeal are debatable or if the hardship to the moving party if the stay were not granted is greater than the hardship to the nonmoving party if the stay were granted. If the board denies the motion for stay, the board shall reconsider the motion one hundred eighty days after issuance of the order denying the stay if a proposed decision and order on the merits of the appeal has not been issued. If the board denies a motion to stay payment of benefits, the board shall refer the appeal for scheduling of hearings and shall not place the case in mediation pursuant to RCW 51.52.095, unless requested and agreed by the parties. Notwithstanding the denial of a stay, temporary total

disability benefits shall be terminated if changed circumstances indicate the worker is not totally disabled. If the self-insured employer prevails in the appeal on the merits, any benefits paid may be recouped pursuant to RCW 51.32.240.

(ii) If a self-insured employer appeals a department order only setting the basis or rate of monthly compensation to a worker, the appeal shall not be a stay of benefits not in dispute. The appeal shall operate as a stay of payment of benefits in dispute, and such benefits shall not be paid unless so ordered after the appeal on the merits has been finally determined, or unless agreed by the parties.

(c) In an appeal from an order of the department that alleges willful misrepresentation, the department or self-insured employer shall initially introduce all evidence in its case in chief. Any such person aggrieved by the decision and order of the board may thereafter appeal to the superior court, as prescribed in this chapter.

**Sec. 3.** RCW 51.52.090 and 1971 ex.s. c 289 s 70 are each amended to read as follows:

If the appeal is not denied within thirty days after the notice is filed with the board, the appeal shall be deemed to have been granted (~~PROVIDED, That the board may extend the time within which it may act upon such appeal, not exceeding thirty days~~).

**NEW SECTION. Sec. 4.** A new section is added to chapter 51.32 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, each employer shall retain from the earnings of each worker that amount as shall be fixed from time to time by the director, the basis for measuring said amount to be determined by the director. The money so retained shall be remitted to the department in such manner and at such intervals as the department directs and shall be placed in the employer overpayment reimbursement fund. However, the state apprenticeship council shall pay the entire amount into the employer overpayment reimbursement fund for registered apprentices or trainees during their participation in supplemental and related instruction classes. The moneys so collected shall be used exclusively for reimbursement to the accident fund, medical aid fund, reserve fund, and to self-insured employers for benefits overpaid to injured workers during the pendency of board or court appeals in which the department or self-insured employer prevails, and shall be no more than necessary to make such payments on a current basis.

(2) None of the amount assessed for the employer overpayment reimbursement fund under RCW 51.16.210 may be retained from the earnings of workers covered under RCW 51.16.210.

**NEW SECTION. Sec. 5.** A new section is added to chapter 51.44 RCW to read as follows:

Expenditures from the account may be used only for reimbursing the accident fund, medical aid fund, reserve fund, and self-insured employers for benefits overpaid to injured workers during the pendency of board or court appeals in which the department or self-insured employer prevails. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

**RESOLUTION**

HOUSE RESOLUTION NO. 4688, By Representatives Santos, Hasegawa, Rolfes, Campbell, Hankins and Skinner

WHEREAS, On February 19, 1942, President Franklin D. Roosevelt issued Executive Order 9066, which authorized the forced assembly, evacuation, and internment of approximately 12,000 Japanese-Americans residing in the state of Washington; and

WHEREAS, The order for assembly and detention at Camp Harmony in Puyallup, Washington, prior to evacuation and subsequent internment, caused Japanese-Americans from the state of Washington to lose millions of dollars in property and assets, to suffer immeasurable physical and psychological damage, and to be deprived of their constitutional liberties without due process of law; and

WHEREAS, The alleged purpose of this drastic course of action was to prevent Japanese-Americans, all of whom were deemed disloyal and untrustworthy, from committing acts of espionage and sabotage against the United States during its involvement in World War II; and

WHEREAS, An overwhelming number of Japanese-Americans from the state of Washington responded to questions of their loyalty and patriotism by volunteering from within barbed wire camps to serve in the United States Military Intelligence Service and the United States Army's 442nd Regimental Combat Team, the latter of which became the most decorated unit of its size in American history with seven Presidential Unit Citations, 21 Congressional Medals of Honor, 52 Distinguished Service Crosses, 1 Distinguished Service Medal, 588 Silver Stars, 4,000 Bronze Stars, 9,486 Purple Hearts, and a total of 18 decorations from France and Italy; and

WHEREAS, A few equally patriotic Japanese-Americans, such as Gordon Hirabayashi, then a student at the University of Washington, were willing to face imprisonment to seek justice by challenging the constitutionality of the evacuation and internment orders; and

WHEREAS, Through the fact-finding work of the Commission on Wartime Relocation and Internment of Civilians, the United States Congress later found that "there was no military or security reason for the internment" of individuals of Japanese ancestry and that the internment "was caused by racial prejudice, war hysteria, and a failure of political leadership"; and

WHEREAS, Japanese-American internees from the state of Washington endured economic, physical, and psychological hardship and suffered in silence for more than forty years before the state of Washington provided monetary redress and reparations to municipal and state employees;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives, along with the people of Washington, pause to acknowledge the sixty-sixth anniversary of the signing of Executive Order 9066, to recognize the Japanese-American internees and WWII veterans from the state of Washington, to honor their patience, heroism, sacrifice, and patriotic loyalty, and to remember the lessons and blessings of liberty and justice for all; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Chief Clerk of the House of Representatives to the Nisei Veterans Committee, the Military Intelligence Service - Northwest Association, the Japanese-American Citizens League, and the Japanese-American Cultural & Community Center.

Representative Santos moved the adoption of the resolution.

Representative Santos: "Thank you, Mr. Speaker. Two-thousand-eight marks the 30<sup>th</sup> anniversary of this nation's first Day of Remembrance. It also marks the 20<sup>th</sup> anniversary of the signing of the United States Civil Liberties Act. Today I want to take a moment of your time, Mr. Speaker, to remind you of the local roots of both of those occasions.

In 1978, I was a high-school student and I had the opportunity to engage in one of the most important lessons of my young life. It was a project of civic engagement: helping to organize the very first Day of Remembrance. At that time, we, as a Japanese-American community had long learned to bury our feelings and bury our memories of that tragic chapter in our community's history and in fact in our nation's history.

And so, when we began to talk up the idea of pulling our community together to reenact the assembly of Japanese Americans during World War II and the caravan to Camp Harmony, which is how we euphemistically referred to the Puyallup Fair Grounds, we did not know what to expect, but we continued with our efforts. And to our surprise, more than two thousand members of our community descended on Sicks' Stadium in the Rainier Valley. It was, according to some reports, the largest gathering of Japanese Americans since the war began, and since the government banned the Japanese-American community from assembling. This could not have taken place without a lot of local community leadership, including people like Henry Miyatake, Shosuke Sasaki, Cherry Kinoshita, Sam Shoji, our churches, the Japanese-American Citizens League, and the Nisei Veterans Committee.

As a result of that very first Day of Remembrance, Japanese-American communities all across this nation took heart that 'Yes, maybe we should do something to honor and remember this terrible point in our nation's history. And maybe we should petition our government for an official apology to those whose civil liberties were violated.'

In 1979, the very first bill was introduced into Congress that would eventually lead to that official apology, and to reparations for all those living and had experienced the internment. A new congressman by the name of Mike Lowry, our former governor, and his legislative aide, Ruth Anne Kurose, were the authors of that very first bill which became the United State Civil Liberties Act.

Mr. Speaker, it's very tempting to view this day only as a textbook lesson in history. And yet, the importance of this day weighs heavily on my mind and on my heart as we find that those who actually experienced the Japanese-American internment are diminishing in numbers. In fact, I dare say that most members of this House were not even alive during World War II. And our warriors are fading, our warriors who fought both in the armed forces as members of the proud 4-4-2 and the military intelligence service and those who fought as civilians to protect our most cherished rights and freedoms.

Mr. Speaker, it is right that today we pause and recognize the valor and the courage and the determination and the spirit of those who fought on our behalf. In the words of President Truman, "The warriors fought not only the enemy, but they fought prejudice, and they won." I am so proud to live in a country and to be part of a people that are able to admit to and apologize for our mistakes. Indeed, it is a mark of our character and of our greatness. Are we big enough and great enough to learn from our mistakes and to, more important, never repeat them again? History alone will be our judge, and that is why we must pause, even on this most time-sensitive day of the session, to remember how easily our civil liberties can be overturned by fear and passion, by discrimination and demagoguery, and by the unchecked and unquestioned exercise of power.

Mr. Speaker, the president who signed Executive Order 9066, that lead to the exclusion and incarceration of 120,000 Japanese Americans, noted toward the end of this experience his mistake. And he commended the Japanese Americans, and particularly those who fought on the fronts, both in Europe and in the Pacific theaters, by saying, and if I may quote Mr. Speaker, "The principle on which this country was founded and by which it has always governed is that Americanism is a matter of the mind, and heart. Americanism is not and never was a matter of race and ancestry." Yes, Mr. Speaker, we must pause; we must pause today and support this resolution recognizing the Day of Remembrance. Thank you."

Representative Skinner: "Thank you Mr. Speaker, ladies and gentlemen of the House. Sixty-six years ago. . . on February 19, 1942, President Franklin Delano Roosevelt signed Executive Order 9066. The order authorized the United States military to remove "any or all persons" from the West Coast. However, it was targeted specifically to Japanese Americans and Japanese resident aliens. Following the signing of that order, more than 120 thousand persons of Japanese ancestry living on the West Coast were forced to leave their homes, jobs and businesses. That is more than the entire combined populations of my hometown of Yakima and my adopted town of Olympia. They were relocated to military internment camps. It was the largest single forced relocation in our American history.

Mr. Speaker, I would like to read a quote from one of these citizens. Mary Tsukamoto was in her late 20s when she was relocated to an internment camp with her husband and daughter. Here she described her arrival to the camp:

"We saw all these people behind the fence, looking out, hanging onto the wire, and looking out because they were anxious and curious as to who was coming in. But I will never forget the shocking feeling that human beings were behind this fence like animals. And we were going to also lose our freedom and walk inside of the gate and find ourselves. . . cooped up. When the gates were shut, we knew that we had lost something that was very precious. . . we were no longer free."

Every one of us in this room is a citizen of the United States of America, the greatest country on Earth – the greatest experiment. Just as they were, imagine yourself at that moment. Can you even begin to imagine what it was like when the door closed behind you?

There were many people back then who realized the injustice of such a forced relocation, including a woman in my hometown we knew as Mrs. Boyd. Esther Short Boyd came from New York City in the early 1900s with her family. She was a businesswoman, a community leader, and a role model. She testified on behalf of the Japanese before the U.S. House Investigating Committee. "It's a mistake and unnecessary to evacuate the Japanese farmers," Mrs. Boyd told them. The many Japanese that she knew were good citizens, hard-working, thrifty, and law abiding. She also said if they were evacuated, she judged it would take four White farmers to raise the amount of truck crops as one Japanese farmer. Japanese-Americans in the Yakima area entrusted their church, their altar, their possessions and their lands to her. A woman from my community. She took care of their properties. . . and when they returned, she gave the lands and the property back to them... just as they had left it. Others were not so fortunate. Many lost their farms, homes and property, coming back to nothing. N-O-T-H-I-N-G. Nothing!

Years later, the guilt weighed heavily on those involved in this injustice. Milton S. Eisenhower, the younger brother of President Eisenhower, was appointed to the board of directors responsible for the relocation project. He said: "How could such a tragedy have occurred in a democratic society that prides itself on individual rights and freedoms? I have brooded about this whole episode on and off for the past three decades."

Mr. Speaker, I am proud to live in a country of liberty and justice for all. It took 40 years, but eventually justice prevailed. Congress issued an apology to our Japanese-American citizens and approved reparations to those interned. Mary Tsukamoto said at that time "Only in a democracy can we correct mistakes. I am proud to be an American."

Mr. Speaker, as a woman from Eastern Washington, a citizen, a state representative, I'm proud to live in a nation of the free – a country of diverse cultures and beliefs. A nation where we can work together to correct the mistakes of the past and know as Ronald Reagan knew – our best days are ahead of us. Let us always remember the past that we will never repeat this history. Remember when good men and good women are silent, evil prevails. Let us vow to fight prejudice in all forms. Let us honor today all of our Japanese-American citizens – loyal to our nation just as you and I are - - for their sacrifice as true American citizens.

I commend and I request for your support of this resolution. Thank you!"

HOUSE RESOLUTION NO. 4688 was adopted.

SUBSTITUTE HOUSE BILL NO. 2143 was read the second time.

Representative Campbell moved the adoption of amendment (1164):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that:

(1) Lead hazards associated with lead wheel weights represent a preventable environmental health problem. Lead wheel weights fall off of vehicle wheels along Washington's roadways and people are exposed to fragments and dust generated when lead wheel weights are abraded and pulverized by traffic. Lead wheel weights that come to be located on and alongside roadways can contribute to soil, surface, and groundwater contamination, and pose a hazard to downstream aquatic life.

(2) Lead negatively affects every system of the body. It is harmful to individuals of all ages and is especially harmful to children, fetuses, and adults of childbearing age. The effects of lead on a child's cognitive, behavioral, and developmental abilities may necessitate large expenditures of public funds for health care and special education. The irreversible damage to children and subsequent expenditures could be avoided if exposure to lead is reduced.

(3) There are no federal regulatory controls governing the use of lead wheel weights. The legislature recognizes the state's need to protect the public from exposure to lead hazards.

(4) This chapter is intended to work in concert with the persistent, bioaccumulative toxins rule, chapter 173-333 WAC, administered by the department. The rule describes a requirement for the department, in consultation with the department of health, to develop a multiyear schedule for the preparation of chemical action plans. The department anticipates completion of a chemical action plan for lead by June 2008. While the formal process for the

chemical action plan moves forward, the legislature believes it is prudent to act in an accelerated manner on known and readily available opportunities to reduce the environmental health impacts of lead.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of ecology.

(2) "Environmentally preferred wheel weights" means wheel weights used for the purpose of balancing motor vehicle wheels that are listed by the department as approved alternatives for lead wheel weights and that have less of an impact on human health and the environment.

(3) "Lead wheel weight" means any externally affixed or attached wheel weight for the purpose of balancing motor vehicle wheels and composed of greater than 0.1 percent lead by weight.

(4) "Person" includes any individual, firm, association, partnership, corporation, governmental entity, organization, or joint venture.

(5) "Vehicle" means any motor vehicle registered in Washington with a wheel diameter less than 19.5 inches or a gross vehicle weight of 14,000 pounds or less.

**NEW SECTION. Sec. 3.** (1) The department shall establish an advisory committee, in consultation with the department of health, the traffic safety commission, and the department of general administration, to identify and make readily available to tire distributors, wholesalers, retailers, and auto manufacturers, by January 1, 2009, an approved list of environmentally preferred alternatives to lead wheel weights that are available for purchase.

(2) The approved list of environmentally preferred alternatives to lead wheel weights must be updated by the department every two years starting July 1, 2009.

(3) If an alternative is removed from the approved list of environmentally preferred alternatives, the tire distributors, retailers, and auto manufacturers will have two years to use existing stock and to phase in other listed alternatives.

**NEW SECTION. Sec. 4.** Use of environmentally preferred alternative wheel weights is required at the time of the first tire replacement or the first tire balancing after:

(1) January 1, 2010, for all state-owned vehicles;

(2) January 1, 2011, for all used vehicles registered in Washington state; and

(3) January 1, 2012, for all new vehicles registered in Washington state.

**NEW SECTION. Sec. 5.** Lead wheel weights removed and collected by tire retailers and distributors shall be recycled.

**NEW SECTION. Sec. 6.** (1) Enforcement of this chapter shall rely on notification and information exchange between the department and tire distributors, wholesalers, retailers, and auto manufacturers. The department shall achieve compliance with this chapter using the following enforcement sequence:

(a) At least ninety days prior to the implementation dates for vehicles identified in section 4 of this act, the department shall prepare and distribute information to persons in the tire and wheel weight manufacturing, distribution, wholesale, retail, and auto manufacturing industries, to the maximum extent practicable, to assist them in identifying environmentally preferred alternative products for lead wheel weights.

(b) The department shall issue a warning letter to a person in the tire distribution, wholesale, retail, auto manufacturing, or associated industries that violates the requirements of this chapter.

(c) The department shall offer information or other appropriate assistance to the person in (b) of this subsection. If, after one year, compliance is not achieved, penalties may be assessed under subsection (2) of this section.

(2) Failure of a person that installs wheel weights to comply with this chapter is punishable by a civil penalty not to exceed five hundred dollars for each violation in the case of a first offense. Persons who are repeat violators are liable for a civil penalty not to

exceed one thousand dollars for each repeat offense. Penalties collected under this section shall be deposited in the state toxics control account created in RCW 70.105D.070. The owner of a vehicle is not liable for failing to comply with this chapter.

**NEW SECTION. Sec. 7.** The department may adopt rules to fully implement this chapter.

**NEW SECTION. Sec. 8.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 9.** Sections 1 through 8 of this act constitute a new chapter in Title 70 RCW."

Correct the title.

Representatives Bailey and Miloscia spoke in favor of the adoption of the amendment.

The amendment was adopted.

Representative Liias moved the adoption of amendment (1173):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that:

(1) Manufactured/mobile homes provide a significant source of homeownership opportunities for Washington state residents. However, the increasing number of closures and conversions to other uses of manufactured housing communities and mobile home parks, combined with low vacancy rates in existing parks and communities and the extremely high cost of moving homes when these parks and communities close, make this type of affordable housing option increasingly insecure for the tenants who reside in these parks and communities.

(2) Many tenants who reside in these parks and communities are senior citizens or low-income households and are, therefore, the residents most in need of reasonable security or permanency in the siting of their home because of the adverse impacts on the health, safety, and welfare of tenants forced to move due to closure or conversion to another use of the manufactured housing community or mobile home park.

(3) Manufactured/mobile home tenants have a reasonable expectation of long-term security when they move their home into a community or park. Some tenants have been forced to relocate due to a closure or conversion soon after the tenant has moved into the community or park. The legislature finds that unless a park owner sells the park to resident homeowners or another entity with the purpose of preservation or justly compensates the homeowners for the loss of their homes, a minimum notification period of two years before the closure or conversion of a community or park is a reasonable balancing of the rights and interests of both community and park owners and the manufactured/mobile home owners.

(4) Given the effort and expense involved in moving a manufactured/mobile home and the imbalance of economic power in this type of landlord-tenant relationship, it is the intent of the legislature to provide an opportunity for manufactured/mobile home tenants to remain in manufactured housing communities and mobile home parks for at least two years.

**Sec. 2.** RCW 59.20.060 and 2006 c 296 s 2 are each amended to read as follows:

(1) Any mobile home space tenancy regardless of the term, shall be based upon a written rental agreement, signed by the parties, which shall contain:

(a) The terms for the payment of rent, including time and place, and any additional charges to be paid by the tenant. Additional charges that occur less frequently than monthly shall be itemized in a billing to the tenant;

(b) Reasonable rules for guest parking which shall be clearly stated;

(c) The rules and regulations of the park;

(d) The name and address of the person who is the landlord, and if such person does not reside in the state there shall also be designated by name and address a person who resides in the county where the mobile home park is located who is authorized to act as agent for the purposes of service of notices and process. If no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered the agent;

(e) The name and address of any party who has a secured interest in the mobile home, manufactured home, or park model;

(f) A forwarding address of the tenant or the name and address of a person who would likely know the whereabouts of the tenant in the event of an emergency or an abandonment of the mobile home, manufactured home, or park model;

(g)(i) A covenant by the landlord that, except for acts or events beyond the control of the landlord, the mobile home park will not be converted to a land use that will prevent the space that is the subject of the lease from continuing to be used for its intended use for a

period of three years after the beginning of the term of the rental agreement;

(ii) A rental agreement may, in the alternative, contain a statement that: "The park may be sold or otherwise transferred at any time with the result that subsequent owners may close the mobile home park, or that the landlord may close the park at any time after the required two-year closure notice as provided in RCW 59.20.080." The covenant or statement required by this subsection must: (A) Appear in print that is in bold face and is larger than the other text of the rental agreement; (B) be set off by means of a box, blank space, or comparable visual device; and (C) be located directly above the tenant's signature on the rental agreement~~(-);~~;

(h) A copy of a closure notice, as required in RCW 59.20.080, if such notice is in effect;

~~(i)~~ (i) The terms and conditions under which any deposit or portion thereof may be withheld by the landlord upon termination of the rental agreement if any moneys are paid to the landlord by the tenant as a deposit or as security for performance of the tenant's obligations in a rental agreement;

~~((+))~~ (j) A listing of the utilities, services, and facilities which will be available to the tenant during the tenancy and the nature of the fees, if any, to be charged;

~~((+))~~ (k) A description of the boundaries of a mobile home space sufficient to inform the tenant of the exact location of the tenant's space in relation to other tenants' spaces;

~~((+))~~ (l) A statement of the current zoning of the land on which the mobile home park is located; and

~~((+))~~ (m) A statement of the expiration date of any conditional use, temporary use, or other land use permit subject to a fixed expiration date that is necessary for the continued use of the land as a mobile home park.

(2) Any rental agreement executed between the landlord and tenant shall not contain any provision:

(a) Which allows the landlord to charge a fee for guest parking unless a violation of the rules for guest parking occurs: PROVIDED, That a fee may be charged for guest parking which covers an extended period of time as defined in the rental agreement;

(b) Which authorizes the towing or impounding of a vehicle except upon notice to the owner thereof or the tenant whose guest is the owner of the vehicle;

(c) Which allows the landlord to alter the due date for rent payment or increase the rent: (i) During the term of the rental agreement if the term is less than one year, or (ii) more frequently than annually if the term is for one year or more: PROVIDED, That a rental agreement may include an escalation clause for a pro rata share of any increase in the mobile home park's real property taxes or utility assessments or charges, over the base taxes or utility assessments or charges of the year in which the rental agreement took effect, if the clause also provides for a pro rata reduction in rent or other charges in the event of a reduction in real property taxes or utility assessments or charges, below the base year: PROVIDED FURTHER, That a rental agreement for a term exceeding one year may provide for annual increases in rent in specified amounts or by a formula specified in such agreement;

(d) By which the tenant agrees to waive or forego rights or remedies under this chapter;

(e) Allowing the landlord to charge an "entrance fee" or an "exit fee." However, an entrance fee may be charged as part of a continuing care contract as defined in RCW 70.38.025;

(f) Which allows the landlord to charge a fee for guests: PROVIDED, That a landlord may establish rules charging for guests who remain on the premises for more than fifteen days in any sixty-day period;

(g) By which the tenant agrees to waive or forego homestead rights provided by chapter 6.13 RCW. This subsection shall not prohibit such waiver after a default in rent so long as such waiver is in writing signed by the husband and wife or by an unmarried claimant and in consideration of the landlord's agreement not to terminate the tenancy for a period of time specified in the waiver if the landlord would be otherwise entitled to terminate the tenancy under this chapter; or

(h) By which, at the time the rental agreement is entered into, the landlord and tenant agree to the selection of a particular arbitrator.

**Sec. 3.** RCW 59.20.080 and 2003 c 127 s 4 are each amended to read as follows:

(1) A landlord shall not terminate or fail to renew a tenancy of a tenant or the occupancy of an occupant, of whatever duration except for one or more of the following reasons:

(a) Substantial violation, or repeated or periodic violations of the rules of the mobile home park as established by the landlord at the inception of the tenancy or as assumed subsequently with the consent of the tenant or for violation of the tenant's duties as provided in RCW 59.20.140. The tenant shall be given written notice to cease the rule violation immediately. The notice shall state that failure to cease the violation of the rule or any subsequent violation of that or any other rule shall result in termination of the tenancy, and that the tenant shall vacate the premises within fifteen days: PROVIDED, That for a periodic violation the notice shall also specify that repetition of the same violation shall result in termination: PROVIDED FURTHER, That in the case of a violation of a "material change" in park rules with respect to pets, tenants with minor children living with them, or recreational facilities, the tenant shall be given written notice under this chapter of a six month period in which to comply or vacate;

(b) Nonpayment of rent or other charges specified in the rental agreement, upon five days written notice to pay rent and/or other charges or to vacate;

(c) Conviction of the tenant of a crime, commission of which threatens the health, safety, or welfare of the other mobile home park tenants. The tenant shall be given written notice of a fifteen day period in which to vacate;

(d) Failure of the tenant to comply with local ordinances and state laws and regulations relating to mobile homes, manufactured homes, or park models or mobile home, manufactured homes, or park model living within a reasonable time after the tenant's receipt of notice of such noncompliance from the appropriate governmental agency;

(e) Change of land use of the mobile home park or manufactured housing community including, but not limited to, conversion to a use other than for mobile homes, manufactured homes, or park models or conversion of the mobile home park or manufactured housing community to a mobile home park cooperative or mobile home park subdivision: PROVIDED, That the landlord shall give the tenants ~~((twelve months'))~~ two years' notice, which may be referred to as a closure notice meeting the requirements of RCW 59.21.030, in advance of the effective date of such change~~(-except that for the period of six months following April 28, 1989, the landlord shall give the tenants eighteen months' notice in advance of the proposed effective date of such change).~~ The two-year closure notice requirement does not apply if:

(i) The mobile home park or manufactured housing community, or part of the park or community, has been acquired or is under imminent threat of condemnation;

(ii) The mobile home park or manufactured housing community is sold to an organization comprised of park or community tenants, to a nonprofit organization, to a local government, or to a housing authority for the purpose of preserving the park or community;

(iii) The landlord compensates the tenants for the loss of their homes at their assessed value prior to a change of use or sale of the property; or

(iv) A tenant is an employee of the landlord;

(f) Engaging in "criminal activity." "Criminal activity" means a criminal act defined by statute or ordinance that threatens the health, safety, or welfare of the tenants. A park owner seeking to evict a tenant or occupant under this subsection need not produce evidence of a criminal conviction, even if the alleged misconduct constitutes a criminal offense. Notice from a law enforcement agency of criminal activity constitutes sufficient grounds, but not the only grounds, for an eviction under this subsection. Notification of the seizure of illegal drugs under RCW 59.20.155 is evidence of criminal activity and is grounds for an eviction under this subsection. The requirement that any tenant or occupant register as a sex offender under RCW 9A.44.130 is grounds for eviction under this subsection. If criminal activity is alleged to be a basis of termination, the park owner may proceed directly to an unlawful detainer action;

(g) The tenant's application for tenancy contained a material misstatement that induced the park owner to approve the tenant as a resident of the park, and the park owner discovers and acts upon the misstatement within one year of the time the resident began paying rent;

(h) If the landlord serves a tenant three fifteen-day notices within a twelve-month period to comply or vacate for failure to comply with the material terms of the rental agreement or park rules. The applicable twelve-month period shall commence on the date of the first violation;

(i) Failure of the tenant to comply with obligations imposed upon tenants by applicable provisions of municipal, county, and state codes, statutes, ordinances, and regulations, including this chapter. The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days;

(j) The tenant engages in disorderly or substantially annoying conduct upon the park premises that results in the destruction of the rights of others to the peaceful enjoyment and use of the premises. The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days;

(k) The tenant creates a nuisance that materially affects the health, safety, and welfare of other park residents. The landlord shall give the tenant written notice to cease the conduct that constitutes a nuisance immediately. The notice must state that failure to cease the conduct will result in termination of the tenancy and that the tenant shall vacate the premises in five days;

(l) Any other substantial just cause that materially affects the health, safety, and welfare of other park residents. The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days; or

(m) Failure to pay rent by the due date provided for in the rental agreement three or more times in a twelve-month period, commencing with the date of the first violation, after service of a five-day notice to comply or vacate.

(2) Within five days of a notice of eviction as required by subsection (1)(a) of this section, the landlord and tenant shall submit any dispute to mediation. The parties may agree in writing to mediation by an independent third party or through industry mediation procedures. If the parties cannot agree, then mediation shall be through industry mediation procedures. A duty is imposed upon both parties to participate in the mediation process in good faith for a period of ten days for an eviction under subsection (1)(a) of this section. It is a defense to an eviction under subsection (1)(a) of this section that a landlord did not participate in the mediation process in good faith.

(3) Chapters 59.12 and 59.18 RCW govern the eviction of recreational vehicles, as defined in RCW 59.20.030, from mobile home parks. This chapter governs the eviction of mobile homes, manufactured homes, park models, and recreational vehicles used as a primary residence from a mobile home park.

**Sec. 4.** RCW 59.21.030 and 2006 c 296 s 1 are each amended to read as follows:

(1) The closure notice required by RCW 59.20.080 before park closure or conversion of the park(~~(whether twelve months or longer)~~) shall be given to the director and all tenants in writing, and posted at all park entrances. The closure notice required by RCW 59.20.080 must also meet the following requirements:

(a) A copy of the closure notice must be provided with all (~~month-to-month~~) rental agreements signed after the original park closure notice date as required under RCW 59.20.060;

(b) Notice to the director must include: (i) A good faith estimate of the timetable for removal of the mobile homes; (ii) the reason for closure; and (iii) a list of the names and mailing addresses of the current registered park tenants. Notice required under this subsection must be sent to the director within ten business days of the date notice was given to all tenants as required by RCW 59.20.080; and

(c) Notice must be recorded in the office of the county auditor for the county where the mobile home park is located.

(2) The department must mail every tenant an application and information on relocation assistance within ten business days of receipt of the notice required in subsection (1) of this section.

**Sec. 5.** RCW 59.20.073 and 2003 c 127 s 3 are each amended to read as follows:

(1) Any rental agreement shall be assignable by the tenant to any person to whom he or she sells or transfers title to the mobile home, manufactured home, or park model.

(2) A tenant who sells a mobile home, manufactured home, or park model within a park must provide the buyer with a copy of any closure notice provided by a landlord, as required under RCW 59.20.080, at least seven days in advance of the intended sale and transfer.

(3) A tenant who sells a mobile home, manufactured home, or park model within a park shall notify the landlord in writing of the date of the intended sale and transfer of the rental agreement at least fifteen days in advance of such intended transfer and shall notify the buyer in writing of the provisions of this section. The tenant shall verify in writing to the landlord payment of all taxes, rent, and reasonable expenses due on the mobile home, manufactured home, or park model and mobile home lot.

~~((3))~~ (4) The landlord shall notify the selling tenant, in writing, of a refusal to permit transfer of the rental agreement at least seven days in advance of such intended transfer.

~~((4))~~ (5) The landlord may require the mobile home, manufactured home, or park model to meet applicable fire and safety standards if a state or local agency responsible for the enforcement of fire and safety standards has issued a notice of violation of those standards to the tenant and those violations remain uncorrected. Upon correction of the violation to the satisfaction of the state or local agency responsible for the enforcement of that notice of violation, the landlord's refusal to permit the transfer is deemed withdrawn.

~~((5))~~ (6) The landlord shall approve or disapprove of the assignment of a rental agreement on the same basis that the landlord approves or disapproves of any new tenant, and any disapproval shall be in writing. Consent to an assignment shall not be unreasonably withheld.

~~((6))~~ (7) Failure to (~~notify the landlord in writing~~) provide notice as required under subsection (2) or (3) of this section; or failure of the new tenant to make a good faith attempt to arrange an interview with the landlord to discuss assignment of the rental agreement; or failure of the current or new tenant to obtain written approval of the landlord for assignment of the rental agreement, shall be grounds for disapproval of such transfer.

**Sec. 6.** RCW 59.21.070 and 1995 c 122 s 10 are each amended to read as follows:

If the rental agreement includes a covenant by the landlord as described in RCW 59.20.060(1)(g)(~~((7))~~), the covenant runs with the land and is binding upon the purchasers, successors, and assigns of the landlord.

NEW SECTION. **Sec. 7.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

**"NEW SECTION. Sec. 1.** A new section is added to chapter  
90.58 RCW to read as follows:

(1)(a) A substantial development permit is not required for  
development within a restoration area if the proposed project is to be  
located on:

(i) Shorelines designated as a high-intensity shoreline  
environment under the applicable master plan; or

(ii) Shorelines consistent with a high-intensity shoreline  
environment designation under the applicable master plan.

(b) For purposes of this section, a "restoration area" is an area  
that:

(i) Was created by a landward shift in the ordinary high water  
mark that resulted from a voluntary habitat restoration project; and

(ii) Was not subject to regulation under this chapter prior to the  
restoration project.

(2)(a) Requests for development approvals within restoration  
areas may be granted in the form of restoration project variances.  
Restoration project variances may be issued to authorize relief from  
bulk, dimension, or other master program development standards,  
including use regulations, if:

(i) The shift in shoreline jurisdiction resulting from the  
voluntary habitat restoration project causes hardship in the area  
within and adjacent to the restoration area. "Hardship" under this  
subsection means that a reasonable use of the property is precluded  
or significantly diminished in the area within and adjacent to the  
restoration area due to requirements of the applicable master  
program; and

(ii) The variance includes measures to ensure that allowable uses  
of the property under this section result in no net loss of shoreline  
ecological functions within the restoration area.

(b) Variances issued under this subsection (2):

(i) Must be limited to only the minimum approvals necessary to  
afford relief;

(ii) May not cause the public interest to suffer substantial  
detriment; and

(iii) Must be processed according to the same procedures used  
for other shoreline variances.

(3) Master programs may include provisions, including  
conditions of approval, areas of applicability, and other requirements,  
to ensure that restoration project variance processes achieve the  
objectives of this section."

(4) The severe storms and flooding occurring in December 2007 must have rendered at least twenty-five percent of the land unsuitable for the production of livestock or agricultural commodities in the immediately subsequent growing season.

(5) A property owner must file an application by the end of calendar year 2008. An application shall be filed with the county assessor on forms prescribed by the department of revenue and furnished by the assessor. The assessor shall verify and approve applications as the assessor determines to be justified and in accordance with this section.

(6) The definitions in this subsection apply throughout this section.

(a) "Farm and agricultural land" has the meaning provided in RCW 84.34.020.

(b) "Disaster area" means a county designated by the president of the United States as a disaster area from severe storms and flooding occurring in December 2007 where citizens of the county are eligible for individual assistance under the federal emergency management act.

- (5) Paid with respect to improvements which did not exist on assessment date;
- (6) Paid under levies or statutes adjudicated to be illegal or unconstitutional;

(7) Paid as a result of mistake, inadvertence, or lack of knowledge by any person exempted from paying real property taxes or a portion thereof pursuant to RCW 84.36.381 through 84.36.389, as now or hereafter amended;

(8) Paid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person with respect to real property in which the person paying the same has no legal interest;

(9) Paid on the basis of an assessed valuation which was appealed to the county board of equalization and ordered reduced by the board;

(10) Paid on the basis of an assessed valuation which was appealed to the state board of tax appeals and ordered reduced by the board (~~(PROVIDED, That)~~). However, the amount refunded under subsections (9) and (10) of this section shall only be for the difference between the tax paid on the basis of the appealed valuation and the tax payable on the valuation adjusted in accordance with the board's order;

(11) Paid as a state property tax levied upon property, the assessed value of which has been established by the state board of tax appeals for the year of such levy (~~(PROVIDED, HOWEVER, That)~~). However, the amount refunded shall only be for the difference between the state property tax paid and the amount of state property tax which would, when added to all other property taxes within the one percent limitation of Article VII, section 2 of the state Constitution equal one percent of the assessed value established by the board;

(16) Abated under RCW 84.70.010; or

(17) Paid on the basis of property exempted later in the calendar year under section 1 of this act.

No refunds under the provisions of this section shall be made because of any error in determining the valuation of property, except as authorized in subsections (9), (10), (11), and (12) of this section nor may any refunds be made if a bona fide purchaser has acquired rights that would preclude the assessment and collection of the refunded tax from the property that should properly have been charged with the tax. Any refunds made on delinquent taxes shall include the proportionate amount of interest and penalties paid. However, no refunds as a result of an incorrect payment authorized under subsection (8) of this section made by a third party payee shall be granted. The county treasurer may deduct from moneys collected for the benefit of the state's levy, refunds of the state levy including interest on the levy as provided by this section and chapter 84.68 RCW.

The county treasurer of each county shall make all refunds determined to be authorized by this section, and by the first Monday in February of each year, report to the county legislative authority a list of all refunds made under this section during the previous year. The list is to include the name of the person receiving the refund, the amount of the refund, and the reason for the refund.

SECOND SUBSTITUTE HOUSE BILL NO. 2815 was read the second time.

Representative Upthegrove moved the adoption of amendment (1234):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that Washington has long been a national and international leader on energy conservation and environmental stewardship, including air quality protection, renewable energy development and generation, emission standards for fossil-fuel based energy generation, energy efficiency programs, natural resource conservation, vehicle emission standards, and the use of biofuels. Washington is also unique among most states in that in addition to its commitment to reduce emissions

of greenhouse gases, it has established goals to grow the clean energy sector and reduce the state's expenditures on imported fuels.

(2) The legislature further finds that Washington should continue its leadership on climate change policy by creating accountability for achieving the emission reductions established in section 3 of this act, participating in the design of a regional multisector market-based system to help achieve those emission reductions, assessing other market strategies to reduce emissions of greenhouse gases, and ensuring the state has a well trained workforce for our clean energy future.

(3) It is the intent of the legislature that the state will: (a) Limit and reduce emissions of greenhouse gas consistent with the emission reductions established in section 3 of this act; (b) minimize the potential to export pollution, jobs, and economic opportunities; and (c) reduce emissions at the lowest cost to Washington's economy, consumers, and businesses.

(4) In the event the state elects to participate in a regional multisector market-based system, it is the intent of the legislature that the system will become effective by January 1, 2012, after authority is provided to the department for its implementation. By acting now, Washington businesses and citizens will have adequate time and opportunities to be well positioned to take advantage of the low-carbon economy and to make necessary investments in low-carbon technology.

(5) It is also the intent of the legislature that the regional multisector market-based system recognize Washington's unique emissions portfolio, including the state's hydroelectric system, the opportunities presented by Washington's abundant forest resources and agriculture land, and the state's leadership in energy efficiency and the actions it has already taken that have reduced its generation of greenhouse gas emissions and that entities receive appropriate credit for early actions to reduce greenhouse gases.

(6) If the state pursues an alternative market system using direct price signals, it is the intent of the legislature that the system preserve Washington's existing competitive advantages, recognize the state's unique emissions portfolio, and acknowledge the actions the state has already taken to reduce its generation of emissions of greenhouse gases.

(7) If any revenues that accrue to the state are created by a market system, they must be used to further the state's efforts to achieve the goals established in section 3 of this act, address the impacts of global warming on affected habitats, species, and communities, and increase investment in the clean energy economy particularly for communities and workers that have suffered from heavy job losses and chronic unemployment and underemployment.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Carbon dioxide equivalents" means a metric measure used to compare the emissions from various greenhouse gases based upon their global warming potential.

(2) "Climate advisory team" means the stakeholder group formed in response to executive order 07-02.

(3) "Climate impacts group" means the University of Washington's climate impacts group.

(4) "Department" means the department of ecology.

(5) "Direct emissions" means emissions of greenhouse gases from sources of emissions, including stationary combustion sources, mobile combustion emissions, process emissions, and fugitive emissions.

(6) "Director" means the director of the department.

(7) "Greenhouse gas" and "greenhouse gases" includes carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride.

(8) "Indirect emissions" means emissions of greenhouse gases associated with the purchase of electricity, heating, cooling, or steam.

(9) "Person" means an individual, partnership, franchise holder, association, corporation, a state, a city, a county, or any subdivision or instrumentality of the state.

(10) "Program" means the department's climate change program.

(11) "Total emissions of greenhouse gases" means all direct emissions and all indirect emissions.

(12) "Western climate initiative" means the collaboration of states, Canadian provinces, Mexican states, and tribes to design a multisector market-based mechanism as directed under the western regional climate action initiative signed by the governor on February 22, 2007.

**NEW SECTION. Sec. 3.** (1)(a) The department shall use its existing statutory authority and any additional authority granted by the legislature to limit emissions of greenhouse gases to achieve the following emission reductions for Washington state:

(i) By 2020, reduce overall emissions of greenhouse gases in the state to 1990 levels;

(ii) By 2035, reduce overall emissions of greenhouse gases in the state to twenty-five percent below 1990 levels;

(iii) By 2050, the state will do its part to reach global climate stabilization levels by reducing overall emissions to fifty percent below 1990 levels, or seventy percent below the state's expected emissions that year.

(b) Consistent with this directive, the department shall take the following actions:

(i) Develop and implement a system for monitoring and reporting emissions of greenhouse gases as required under RCW 70.94.151; and

(ii) Track progress toward meeting the emission reductions established in this subsection, including the results from policies currently in effect that have been previously adopted by the state and policies adopted in the future, and report on that progress.

(2) By December 31st of each even-numbered year beginning in 2010, the department and the department of community, trade, and economic development shall report to the governor and the appropriate committees of the senate and house of representatives the total emissions of greenhouse gases for the preceding two years, and totals in each major source sector. The department shall ensure the reporting rules adopted under RCW 70.94.151 allow it to develop a comprehensive inventory of emissions of greenhouse gases from all significant sectors of the Washington economy.

(3) Except for purposes of reporting, emissions of carbon dioxide from industrial combustion of biomass in the form of fuel wood, wood waste, wood byproducts, and wood residuals shall not be considered a greenhouse gas as long as the region's silvicultural sequestration capacity is maintained or increased.

**NEW SECTION. Sec. 4.** (1)(a) The director shall develop, in coordination with the western climate initiative, a design for a regional multisector market-based system to limit and reduce emissions of greenhouse gas consistent with the emission reductions established in section 3(1) of this act.

(b) By December 1, 2008, the director and the director of the department of community, trade, and economic development shall deliver to the legislature specific recommendations for approval and request for authority to implement the preferred design of a regional multisector market-based system in (a) of this subsection. These recommendations must include:

(i) Proposed legislation, necessary funding, and the schedule necessary to implement the preferred design by January 1, 2012;

(ii) Any changes determined necessary to the reporting requirements established under RCW 70.94.151; and

(iii) Actions that the state should take to prevent manipulation of the multisector market-based system designed under this section.

(2) In developing the design for the regional multisector market-based system under subsections (1) and (3) of this section, the department shall consult with the affected state agencies, and provide opportunity for public review and comment.

(3) In addition to the requirements of section 3(1) of this act, the department and the department of revenue shall provide by December 1, 2008, a report to the legislature on the potential design and implementation of other strategies to achieve the greenhouse gas emissions reductions required in section 3 of this act. Strategies must include, but not be limited to, direct price signals that may be implemented in ways that are integrated with the program developed under section 3(1) of this act. The report shall address the point at which the direct price signal should be applied, how businesses and consumers would be affected, how strategies could be designed and

implemented to maximize efficiency and simplicity, and how strategies using direct price signals could be implemented with a similar regional or national direct price signal should one be authorized.

(4) In addition to the information required under subsection (1)(b) of this section, the director and the director of the department of community, trade, and economic development shall submit the following to the legislature by December 1, 2008:

(a) Information on progress to date in achieving the requirements of this act;

(b) The final recommendations of the climate advisory team, including recommended most promising actions to reduce emissions of greenhouse gases or otherwise respond to climate change. These recommendations must include strategies to reduce the quantity of emissions of greenhouse gases per distance traveled in the transportation sector;

(c) A request for additional resources and statutory authority needed to limit and reduce emissions of greenhouse gas consistent with this act including implementation of the most promising recommendations of the climate advisory team;

(d) Recommendations on how local governments could participate in the multisector market-based system designed under subsection (1) of this section;

(e) Recommendations regarding the circumstances under which generation of electricity or alternative fuel from landfill gas and gas from anaerobic digesters may receive an offset or credit in the regional multisector market-based system or other strategies developed by the department; and

(f) Recommendations developed in consultation with the department of natural resources and the department of agriculture with the climate advisory team and the college of forest resources at the University of Washington and a nonprofit consortium involved in research on renewable industrial materials, regarding how forestry and agricultural lands and practices may participate voluntarily as an offset or other credit program in the regional multisector market-based system. The recommendations must ensure that the baseline for this offset or credit program does not disadvantage this state in relation to another state or states. These recommendations shall address:

(i) Commercial and other working forests, including accounting for site-class specific forest management practices;

(ii) Agricultural and forest products, including accounting for substitution of wood for fossil intensive substitutes;

(iii) Agricultural land and practices;

(iv) Forest and agricultural lands set aside or managed for conservation as of, or after, the effective date of this section; and

(v) Reforestation and afforestation projects.

**Sec. 5.** RCW 70.94.151 and 2005 c 138 s 1 are each amended to read as follows:

(1) The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Except as provided in subsection (3) of this section, any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration ~~(and)~~ or reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. In the case of emissions of greenhouse gases as defined in section 2 of this act the department shall adopt rules requiring reporting of those

emissions. The department or board may require that such registration or reporting be accompanied by a fee, and may determine the amount of such fee for such class or classes: PROVIDED, That the amount of the fee shall only be to compensate for the costs of administering such registration or reporting program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineering or other reliable analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: PROVIDED FURTHER, That any such registration made with either the board or the department shall preclude a further registration and reporting with any other board or the department, except that emissions of greenhouse gases as defined in section 2 of this act must be reported as required under subsection (5) of this section.

All registration program and reporting fees collected by the department shall be deposited in the air pollution control account. All registration program fees collected by the local air authorities shall be deposited in their respective treasuries.

(3) If a registration or report has been filed for a grain warehouse or grain elevator as required under this section, registration, reporting, or a registration program fee shall not, after January 1, 1997, again be required under this section for the warehouse or elevator unless the capacity of the warehouse or elevator as listed as part of the license issued for the facility has been increased since the date the registration or reporting was last made. If the capacity of the warehouse or elevator listed as part of the license is increased, any registration or reporting required for the warehouse or elevator under this section must be made by the date the warehouse or elevator receives grain from the first harvest season that occurs after the increase in its capacity is listed in the license.

This subsection does not apply to a grain warehouse or grain elevator if the warehouse or elevator handles more than ten million bushels of grain annually.

(4) For the purposes of subsection (3) of this section:

(a) A "grain warehouse" or "grain elevator" is an establishment classified in standard industrial classification (SIC) code 5153 for wholesale trade for which a license is required and includes, but is not limited to, such a licensed facility that also conducts cleaning operations for grain;

(b) A "license" is a license issued by the department of agriculture licensing a facility as a grain warehouse or grain elevator under chapter 22.09 RCW or a license issued by the federal government licensing a facility as a grain warehouse or grain elevator for purposes similar to those of licensure for the facility under chapter 22.09 RCW; and

(c) "Grain" means a grain or a pulse.

(5)(a) The department shall adopt rules requiring the reporting of emissions of greenhouse gases as defined in section 2 of this act. The rules must include a de minimis amount of emissions below which reporting will not be required for both indirect and direct emissions. The rules must require that emissions of greenhouse gases resulting from the burning of fossil fuels be reported separately from emissions of greenhouse gases resulting from the burning of biomass. Except as provided in (b) of this subsection, the department shall, under the authority granted in subsection (1) of this section, adopt rules requiring any owner or operator: (i) Of a fleet of on-road motor vehicles that as a fleet emit at least twenty-five hundred metric tons of greenhouse gas annually in the state to report the emissions of greenhouse gases generated from or emitted by that fleet; or (ii) of a source or combination of sources that emit at least ten thousand metric tons of greenhouse gas annually in the state to report their total annual emissions of greenhouse gases. In calculating emissions of greenhouse gases for purposes of determining whether or not reporting is required, only direct emissions shall be included. For purposes of reporting emissions of greenhouse gases in this act,

"source" means any stationary source as defined in RCW 70.94.030, or mobile source used for transportation of people or cargo. The emissions of greenhouse gases must be reported as carbon dioxide equivalents. The rules must require that persons report 2009 emissions starting in 2010. The rules must establish an annual reporting schedule that takes into account the time needed to allow the owner or operator reporting emissions of greenhouse gases to gather the information needed and to verify the emissions being reported. However, in no event may reports be submitted later than October 31st of the year in which the report is due. The department may phase in the reporting requirements for sources or combinations of sources under (a)(ii) of this subsection until the reporting threshold is met, which must be met by January 1, 2012. The department may from time to time amend the rules to include other persons that emit less than the annual greenhouse gas emissions levels set out in this subsection if necessary to comply with any federal reporting requirements for emissions of greenhouse gases.

(b) In its rules, the department may defer the reporting requirement under (a) of this subsection for emissions associated with interstate and international commercial aircraft, rail, or marine vessels until (i) there is a federal requirement to report these emissions; or (ii) the department finds that there is a generally accepted reporting protocol for determining interstate emissions from these sources.

(c) The department shall share any reporting information reported to it with the local air authority in which the owner or operator reporting under the rules adopted by the department operates.

(d) The fee provisions in subsection (2) of this section apply to reporting of emissions of greenhouse gases. Owners and operators required to report under (a) of this subsection who fail to report or pay the fee required in subsection (2) of this section are subject to enforcement penalties under this chapter. The department shall enforce the reporting rule requirements unless it approves a local air authority's request to enforce the requirements for sources operating within the authority's jurisdiction.

(e) The energy facility site evaluation council shall, simultaneously with the department, adopt rules that impose greenhouse gas reporting requirements in site certifications on owners or operators of a facility permitted by the energy facility site evaluation council. The greenhouse gas reporting requirements imposed by the energy facility site evaluation council must be the same as the greenhouse gas reporting requirements imposed by the department. The department shall share any information reported to it from facilities permitted by the energy facility site evaluation council with the council, including notice of a facility that has failed to report as required. The energy facility site evaluation council shall contract with the department to monitor the reporting requirements adopted under this section.

(f) In developing its rules, the department shall, with the assistance of the department of transportation, identify a mechanism to report an aggregate estimate of the annual emissions of greenhouse gases generated from or emitted by otherwise unreported on-road motor vehicles.

(g) The inclusion or failure to include any person, source, classes of persons or sources, or types of emissions of greenhouse gases into the department's rules for reporting under this section does not indicate whether such a person, source, or category is appropriate for inclusion in the multisector market-based system designed under section 3 of this act.

(h) Should the federal government adopt rules sufficient to track progress toward the emissions reductions required by this act governing the reporting of greenhouse gases, the department shall amend its rules, as necessary, to seek consistency with the federal rules to ensure duplicate reporting is not required. Nothing in this section requires the department to increase the reporting threshold established in (a) of this subsection or otherwise require the department's rules be identical to the federal rules in scope.

(i) The definitions in section 2 of this act apply throughout this subsection (5) unless the context clearly requires otherwise.

**Sec. 6.** RCW 70.94.161 and 1993 c 252 s 5 are each amended to read as follows:

The department of ecology, or board of an authority, shall require renewable permits for the operation of air contaminant sources subject to the following conditions and limitations:

(1) Permits shall be issued for a term of five years. A permit may be modified or amended during its term at the request of the permittee, or for any reason allowed by the federal clean air act. The rules adopted pursuant to subsection (2) of this section shall include rules for permit amendments and modifications. The terms and conditions of a permit shall remain in effect after the permit itself expires if the permittee submits a timely and complete application for permit renewal.

(2)(a) Rules establishing the elements for a statewide operating permit program and the process for permit application and renewal consistent with federal requirements shall be established by the department by January 1, 1993. The rules shall provide that every proposed permit must be reviewed prior to issuance by a professional engineer or staff under the direct supervision of a professional engineer in the employ of the permitting authority. The permit program established by these rules shall be administered by the department and delegated local air authorities. Rules developed under this subsection shall not preclude a delegated local air authority from including in a permit its own more stringent emission standards and operating restrictions.

(b) The board of any local air pollution control authority may apply to the department of ecology for a delegation order authorizing the local authority to administer the operating permit program for sources under that authority's jurisdiction. The department shall, by order, approve such delegation, if the department finds that the local authority has the technical and financial resources, to discharge the responsibilities of a permitting authority under the federal clean air act. A delegation request shall include adequate information about the local authority's resources to enable the department to make the findings required by this subsection (~~provided~~). However, any delegation order issued under this subsection shall take effect ninety days after the environmental protection agency authorizes the local authority to issue operating permits under the federal clean air act.

(c) Except for the authority granted the energy facility site evaluation council to issue permits for the new construction, reconstruction, or enlargement or operation of new energy facilities under chapter 80.50 RCW, the department may exercise the authority, as delegated by the environmental protection agency, to administer Title IV of the federal clean air act as amended and to delegate such administration to local authorities as applicable pursuant to (b) of this subsection.

(3) In establishing technical standards, defined in RCW 70.94.030, the permitting authority shall consider and, if found to be appropriate, give credit for waste reduction within the process.

(4) Operating permits shall apply to all sources (a) where required by the federal clean air act, and (b) for any source that may cause or contribute to air pollution in such quantity as to create a threat to the public health or welfare. Subsection (b) of this subsection is not intended to apply to small businesses except when both of the following limitations are satisfied: (i) The source is in an area exceeding or threatening to exceed federal or state air quality standards; and (ii) the department provides a reasonable justification that requiring a source to have a permit is necessary to meet a federal or state air quality standard, or to prevent exceeding a standard in an area threatening to exceed the standard. For purposes of this subsection "areas threatening to exceed air quality standards" shall mean areas projected by the department to exceed such standards within five years. Prior to identifying threatened areas the department shall hold a public hearing or hearings within the proposed areas.

(5) Sources operated by government agencies are not exempt under this section.

(6) Within one hundred eighty days after the United States environmental protection agency approves the state operating permit program, a person required to have a permit shall submit to the permitting authority a compliance plan and permit application, signed by a responsible official, certifying the accuracy of the information submitted. Until permits are issued, existing sources shall be allowed to operate under presently applicable standards and conditions provided that such sources submit complete and timely permit applications.

(7) All draft permits shall be subject to public notice and comment. The rules adopted pursuant to subsection (2) of this section shall specify procedures for public notice and comment. Such procedures shall provide the permitting agency with an opportunity to respond to comments received from interested parties prior to the time that the proposed permit is submitted to the environmental protection agency for review pursuant to section 505(a) of the federal clean air act. In the event that the environmental protection agency objects to a proposed permit pursuant to section 505(b) of the federal clean air act, the permitting authority shall not issue the permit, unless the permittee consents to the changes required by the environmental protection agency.

(8) The procedures contained in chapter 43.21B RCW shall apply to permit appeals. The pollution control hearings board may stay the effectiveness of any permit issued under this section during the pendency of an appeal filed by the permittee, if the permittee demonstrates that compliance with the permit during the pendency of the appeal would require significant expenditures that would not be necessary in the event that the permittee prevailed on the merits of the appeal.

(9) After the effective date of any permit program promulgated under this section, it shall be unlawful for any person to: (a) Operate a permitted source in violation of any requirement of a permit issued under this section; or (b) fail to submit a permit application at the time required by rules adopted under subsection (2) of this section.

(10) Each air operating permit shall state the origin of and specific legal authority for each requirement included therein. Every requirement in an operating permit shall be based upon the most stringent of the following requirements:

(a) The federal clean air act and rules implementing that act, including provision of the approved state implementation plan;

(b) This chapter and rules adopted thereunder;

(c) In permits issued by a local air pollution control authority, the requirements of any order or regulation adopted by that authority;

(d) Chapter 70.98 RCW and rules adopted thereunder; and

(e) Chapter 80.50 RCW and rules adopted thereunder.

(11) Consistent with the provisions of the federal clean air act, the permitting authority may issue general permits covering categories of permitted sources, and temporary permits authorizing emissions from similar operations at multiple temporary locations.

(12) Permit program sources within the territorial jurisdiction of an authority delegated the operating permit program shall file their permit applications with that authority, except that permit applications for sources regulated on a statewide basis pursuant to RCW 70.94.395 shall be filed with the department. Permit program sources outside the territorial jurisdiction of a delegated authority shall file their applications with the department. Permit program sources subject to chapter 80.50 RCW shall, irrespective of their location, file their applications with the energy facility site evaluation council.

(13) When issuing operating permits to coal fired electric generating plants, the permitting authority shall establish requirements consistent with Title IV of the federal clean air act.

(14)(a) The department and the local air authorities are authorized to assess and to collect, and each source emitting one hundred tons or more per year of a regulated pollutant shall pay an interim assessment to fund the development of the operating permit program during fiscal year 1994.

(b) The department shall conduct a workload analysis and prepare an operating permit program development budget for fiscal year 1994. The department shall allocate among all sources emitting one hundred tons or more per year of a regulated pollutant during calendar year 1992 the costs identified in its program development budget according to a three-tiered model, with each of the three tiers being equally weighted, based upon:

(i) The number of sources;

(ii) The complexity of sources; and

(iii) The size of sources, as measured by the quantity of each regulated pollutant emitted by the source.

(c) Each local authority and the department shall collect from sources under their respective jurisdictions the interim fee determined by the department and shall remit the fee to the department.

(d) Each local authority may, in addition, allocate its fiscal year 1994 operating permit program development costs among the sources

under its jurisdiction emitting one hundred tons or more per year of a regulated pollutant during calendar year 1992 and may collect an interim fee from these sources. A fee assessed pursuant to this subsection (14)(d) shall be collected at the same time as the fee assessed pursuant to (c) of this subsection.

(e) The fees assessed to a source under this subsection shall be limited to the first seven thousand five hundred tons for each regulated pollutant per year.

(15)(a) The department shall determine the persons liable for the fee imposed by subsection (14) of this section, compute the fee, and provide by November 1 ~~((of))~~<sub>2</sub> 1993<sub>2</sub> the identity of the fee payer with the computation of the fee to each local authority and to the department of revenue for collection. The department of revenue shall collect the fee computed by the department from the fee payers under the jurisdiction of the department. The administrative, collection, and penalty provisions of chapter 82.32 RCW shall apply to the collection of the fee by the department of revenue. The department shall provide technical assistance to the department of revenue for decisions made by the department of revenue pursuant to RCW 82.32.160 and 82.32.170. All interim fees collected by the department of revenue on behalf of the department and all interim fees collected by local authorities on behalf of the department shall be deposited in the air operating permit account. The interim fees collected by the local air authorities to cover their permit program development costs under subsection (14)(d) of this section shall be deposited in the dedicated accounts of their respective treasuries.

(b) All fees identified in this section shall be due and payable on March 1 ~~((of))~~<sub>2</sub> 1994, except that the local air pollution control authorities may adopt by rule an earlier date on which fees are to be due and payable. The section 5, chapter 252, Laws of 1993 amendments to RCW 70.94.161 do not have the effect of terminating, or in any way modifying, any liability, civil or criminal, incurred pursuant to the provisions of RCW 70.94.161 (15) and (17) as they existed prior to July 25, 1993.

(16) For sources or source categories not required to obtain permits under subsection (4) of this section, the department or local authority may establish by rule control technology requirements. If control technology rule revisions are made by the department or local authority under this subsection, the department or local authority shall consider the remaining useful life of control equipment previously installed on existing sources before requiring technology changes. The department or any local air authority may issue a general permit, as authorized under the federal clean air act, for such sources.

(17) Emissions of greenhouse gases as defined in section 2 of this act must be reported as required by RCW 70.94.151. The reporting provisions of RCW 70.94.151 shall not apply to any other emissions from any permit program source after the effective date of United States environmental protection agency approval of the state operating permit program.

**NEW SECTION. Sec. 7.** Within eighteen months of the next and each successive global or national assessment of climate change science, the department shall consult with the climate impacts group at the University of Washington regarding the science on human-caused climate change and provide a report to the legislature summarizing that science and make recommendations regarding whether the greenhouse gas emissions reductions required under section 3 of this act need to be updated.

**NEW SECTION. Sec. 8.** A new section is added to chapter 47.01 RCW to read as follows:

To support the implementation of RCW 47.04.280 and 47.01.078(4), the department shall adopt broad statewide goals to reduce annual per capita vehicle miles traveled by 2050 consistent with the stated goals of executive order 07-02. Consistent with these goals, the department shall:

(1) Establish the following benchmarks using a statewide baseline of seventy-five billion vehicle miles traveled less the vehicle miles traveled attributable to vehicles licensed under RCW 46.16.070 and weighing ten thousand pounds or more, which are exempt from this section:

(a) Decrease the annual per capita vehicle miles traveled by eighteen percent by 2020;

(b) Decrease the annual per capita vehicle miles traveled by thirty percent by 2035; and

(c) Decrease the annual per capita vehicle miles traveled by fifty percent by 2050;

(2) By July 1, 2008, establish and convene a collaborative process to develop a set of tools and best practices to assist state, regional, and local entities in making progress towards the benchmarks established in subsection (1) of this section. The collaborative process must provide an opportunity for public review and comment and must:

(a) Be jointly facilitated by the department, the department of ecology, and the department of community, trade, and economic development;

(b) Provide for participation from regional transportation planning organizations, the Washington state transit association, the Puget Sound clean air agency, a statewide business organization representing the sale of motor vehicles, at least one major private employer that participates in the commute trip reduction program, and other interested parties, including but not limited to parties representing diverse perspectives on issues relating to growth, development, and transportation;

(c) Identify current strategies to reduce vehicle miles traveled in the state as well as successful strategies in other jurisdictions that may be applicable in the state;

(d) Identify potential new revenue options for local and regional governments to authorize to finance vehicle miles traveled reduction efforts;

(e) Provide for the development of measurement tools that can, with a high level of confidence, measure annual progress toward the benchmarks at the local, regional, and state levels, measure the effects of strategies implemented to reduce vehicle miles traveled and adequately distinguish between common travel purposes, such as moving freight or commuting to work, and measure trends of vehicle miles traveled per capita on a five-year basis;

(f) Establish a process for the department to periodically evaluate progress toward the vehicle miles traveled benchmarks, measure achieved and projected emissions reductions, and recommend whether the benchmarks should be adjusted to meet the state's overall goals for the reduction of greenhouse gas emissions;

(g) Estimate the projected reductions in greenhouse gas emissions if the benchmarks are achieved, taking into account the expected implementation of existing state and federal mandates for vehicle technology and fuels, as well as expected growth in population and vehicle travel;

(h) Examine access to public transportation for people living in areas with affordable housing to and from employment centers, and make recommendations for steps necessary to ensure that areas with affordable housing are served by adequate levels of public transportation; and

(i) By December 1, 2008, provide a report to the transportation committees of the legislature on the collaborative process and resulting recommended tools and best practices to achieve the reduction in annual per capita vehicle miles traveled goals.

(3) Included in the December 1, 2008, report to the transportation committees of the legislature, the department shall identify strategies to reduce vehicle miles traveled in the state as well as successful strategies in other jurisdictions that may be applicable in the state that recognize the differing urban and rural transportation requirements.

**NEW SECTION. Sec. 9.** A new section is added to chapter 43.330 RCW to read as follows:

(1) The legislature establishes a comprehensive green economy jobs growth initiative based on the goal of, by 2020, increasing the number of green economy jobs to twenty-five thousand from the eight thousand four hundred green economy jobs the state had in 2004.

(2) The department, in consultation with the employment security department, the state workforce training and education coordinating board, the state board of community and technical colleges, and the higher education coordinating board, shall develop

a defined list of terms, consistent with current workforce and economic development terms, associated with green economy industries and jobs.

(3)(a) The employment security department, in consultation with the department, the state workforce training and education coordinating board, the state board for community and technical colleges, the higher education coordinating board, and the Washington State University extension energy program, shall conduct labor market research to analyze the current labor market and projected job growth in the green economy, the current and projected recruitment and skill requirement of green economy industry employers, the wage and benefits ranges of jobs within green economy industries, and the education and training requirements of entry-level and incumbent workers in those industries.

(b) The University of Washington business and economic development center shall: Analyze the current opportunities for and participation in the green economy by minority and women-owned business enterprises in Washington; identify existing barriers to their successful participation in the green economy; and develop strategies with specific policy recommendations to improve their successful participation in the green economy. The research may be informed by the research of the Puget Sound regional council prosperity partnership, as well as other entities. The University of Washington business and economic development center shall report to the appropriate committees of the house of representatives and the senate on their research, analysis, and recommendations by December 1, 2008.

(4) Based on the findings from subsection (3) of this section, the employment security department, in consultation with the department and taking into account the requirements and goals of this act and other state clean energy and energy efficiency policies, shall propose which industries will be considered high-demand green industries, based on current and projected job creation and their strategic importance to the development of the state's green economy. The employment security department and the department shall take into account which jobs within green economy industries will be considered high-wage occupations and occupations that are part of career pathways to the same, based on family-sustaining wage and benefits ranges. These designations, and the results of the employment security department's broader labor market research, shall inform the planning and strategic direction of the department, the state workforce training and education coordinating board, the state board for community and technical colleges, and the higher education coordinating board.

(5) The department shall identify emerging technologies and innovations that are likely to contribute to advancements in the green economy, including the activities in designated innovation partnership zones established in RCW 43.330.270.

(6) The department, consistent with the priorities established by the state economic development commission, shall:

(a) Develop targeting criteria for existing investments, and make recommendations for new or expanded financial incentives and comprehensive strategies, to recruit, retain, and expand green economy industries; and

(b) Make recommendations for new or expanded financial incentives and comprehensive strategies to stimulate research and development of green technology and innovation, including designating innovation partnership zones linked to the green economy.

(7) For the purposes of this section, "target populations" means (a) entry-level or incumbent workers in high-demand green industries who are in, or are preparing for, high-wage occupations; (b) dislocated workers in declining industries who may be retrained for high-wage occupations in high-demand green industries; (c) dislocated agriculture, timber, or energy sector workers who may be retrained for high-wage occupations in high-demand green industries; (d) eligible veterans or national guard members; (e) disadvantaged populations; or (f) anyone eligible to participate in the state opportunity grant program under RCW 28B.50.271.

(8) The legislature directs the state workforce training and education coordinating board to create and pilot green industry skill panels. These panels shall consist of business representatives from industry sectors related to clean energy, labor unions representing

workers in those industries or labor affiliates administering state-approved, joint apprenticeship programs or labor-management partnership programs that train workers for these industries, state and local veterans agencies, employer associations, educational institutions, and local workforce development councils within the region that the panels propose to operate, and other key stakeholders as determined by the applicant. Any of these stakeholder organizations are eligible to receive grants under this section and serve as the intermediary that convenes and leads the panel. Panel applicants must provide labor market and industry analysis that demonstrates high demand, or demand of strategic importance to the development of the state's clean energy economy as identified in this section, for high-wage occupations, or occupations that are part of career pathways to the same, within the relevant industry sector. The panel shall:

(a) Conduct labor market and industry analyses, in consultation with the employment security department, and drawing on the findings of its research when available;

(b) Plan strategies to meet the recruitment and training needs of the industry; and

(c) Leverage and align other public and private funding sources.

(9) The green industries jobs training account is created in the state treasury. Moneys from the account must be utilized to supplement the state opportunity grant program established under RCW 28B.50.271. All receipts from appropriations directed to the account must be deposited into the account. Expenditures from the account may be used only for the activities identified in this subsection. The state board for community and technical colleges, in consultation with the state workforce training and education coordinating board, informed by the research of the employment security department and the strategies developed in this section, may authorize expenditures from the account. The state board for community and technical colleges must distribute grants from the account on a competitive basis.

(a)(i) Allowable uses of these grant funds, which should be used when other public or private funds are insufficient or unavailable, may include:

(A) Curriculum development;

(B) Transitional jobs strategies for dislocated workers in declining industries who may be retrained for high-wage occupations in green industries;

(C) Workforce education to target populations; and

(D) Adult basic and remedial education as necessary linked to occupation skills training.

(ii) Allowable uses of these grant funds do not include student assistance and support services available through the state opportunity grant program under RCW 28B.50.271.

(b) Applicants eligible to receive these grants may be any organization or a partnership of organizations that has demonstrated expertise in:

(i) Implementing effective education and training programs that meet industry demand; and

(ii) Recruiting and supporting, to successful completion of those training programs carried out under these grants, the target populations of workers.

(c) In awarding grants from the green industries jobs training account, the state board for community and technical colleges shall give priority to applicants that demonstrate the ability to:

(i) Use labor market and industry analysis developed by the employment security department and green industry skill panels in the design and delivery of the relevant education and training program, and otherwise utilize strategies developed by green industry skills panels;

(ii) Leverage and align existing public programs and resources and private resources toward the goal of recruiting, supporting, educating, and training target populations of workers;

(iii) Work collaboratively with other relevant stakeholders in the regional economy;

(iv) Link adult basic and remedial education, where necessary, with occupation skills training;

**Sec. 10.** RCW 28B.50.273 and 2007 c 277 s 201 are each amended to read as follows:

The college board, in partnership with business, labor, and the workforce training and education coordinating board, shall:

(1) Identify job-specific training programs offered by qualified postsecondary institutions that lead to a credential, certificate, or degree in green industry occupations as established in this act, and other high demand occupations, which are occupations where data show that employer demand for workers exceeds the supply of qualified job applicants throughout the state or in a specific region, and where training capacity is underutilized;

(2) Gain recognition of the credentials, certificates, and degrees by Washington's employers and labor organizations. The college board shall designate these recognized credentials, certificates, and degrees as "opportunity grant-eligible programs of study"; and

(3) Market the credentials, certificates, and degrees to potential students, businesses, and apprenticeship programs as a way for individuals to advance in their careers and to better meet the needs of industry.

**NEW SECTION. Sec. 11.** Except where explicitly stated otherwise, nothing in this act alters or limits any authorities of the department as they existed prior to of the effective date of this section.

**NEW SECTION. Sec. 12.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 13.** RCW 80.80.020 (Greenhouse gases emissions reduction--Clean energy economy--Goals--Reports) and 2007 c 307 s 3 are each repealed.

**NEW SECTION. Sec. 14.** Sections 1 through 4, 7, 11, and 12 of this act constitute a new chapter in Title 70 RCW.

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** (1) The legislature finds that Washington has long been a national and international leader on energy conservation and environmental stewardship, including air quality protection, renewable energy development and generation, emission standards for fossil-fuel based energy generation, energy efficiency programs, natural resource conservation, vehicle emission standards, and the use of biofuels. Washington is also unique among most states in that in addition to its commitment to reduce emissions of greenhouse gases, it has established goals to grow the clean energy sector and reduce the state's expenditures on imported fuels.

(2) The legislature further finds that Washington should continue its leadership on climate change policy by developing and implementing a system for monitoring and reporting greenhouse gas emissions, participating in the design of a regional multisector market-based system, and ensuring the state has a well-trained workforce for our clean energy future.

(3) In the event the state elects to participate in a regional multisector market-based system, it is the intent of the legislature that the system will become effective by January 1, 2012, after authority is provided to the department for its implementation. By acting now, Washington businesses and citizens will have adequate time and opportunities to be well-positioned to take advantage of the low-carbon economy and to make necessary investments in low-carbon technology.

(4) It is also the intent of the legislature that the regional multisector market-based system recognize Washington's unique emissions portfolio, including the state's hydroelectric system, the opportunities presented by Washington's abundant forest resources and agriculture land, and the state's leadership in energy efficiency and the actions it has already taken that have reduced its generation of greenhouse gas emissions and that entities receive appropriate credit for early actions to reduce greenhouse gases.

(5) If any revenues that accrue to the state are created by a market system, they must be used to further the state's efforts to increase investment in the clean energy economy particularly for communities and workers that have suffered from heavy job losses and chronic unemployment and underemployment.

(6) It is the policy of the state to participate in the development of a federal climate change program and in doing so shall seek consistency to avoid duplication and to avoid any federal preemption of the state's climate change program.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Carbon dioxide equivalents" means a metric measure used to compare the emissions from various greenhouse gases based upon their global warming potential.

(2) "Climate advisory team" means the stakeholder group formed in response to executive order 07-02.

(3) "Climate impacts group" means the University of Washington's climate impacts group.

(4) "Department" means the department of ecology.

(5) "Direct emissions" means emissions of greenhouse gases from sources of emissions, including stationary combustion sources, mobile combustion emissions, process emissions, and fugitive emissions.

(6) "Director" means the director of the department.

(7) "Greenhouse gas" and "greenhouse gases" includes carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride, and except for purposes of reporting, does not include emissions of carbon dioxide from industrial combustion of biomass in the form of fuel wood and wood waste that is offset by the growth of new biomass.

(8) "Indirect emissions" means emissions of greenhouse gases associated with the purchase of electricity, heating, cooling, or steam.

(9) "Person" means an individual, partnership, franchise holder, association, corporation, a state, a city, a county, or any subdivision or instrumentality of the state.

(10) "Program" means the department's climate change program.

(11) "Total emissions of greenhouse gases" means all direct emissions and all indirect emissions.

(12) "Western climate initiative" means the collaboration of states, Canadian provinces, Mexican states, and tribes to design a multisector market-based mechanism as directed under the western regional climate action initiative signed by the governor on February 22, 2007.

**NEW SECTION. Sec. 3.** (1)(a) The director shall develop, in coordination with the western climate initiative, a design for a regional multisector market-based system to limit and reduce emissions of greenhouse gases.

(b) By December 1, 2008, the director and the director of the department of community, trade, and economic development shall deliver to the legislature specific recommendations for implementing the preferred design of a regional multisector market-based system. These recommendations must include:

(i) Proposed legislation, necessary funding, and the schedule necessary to implement the preferred design by January 1, 2012;

(ii) Any changes determined necessary to the reporting requirements established under RCW 70.94.151; and

(iii) Actions that the state should take to prevent manipulation of the multisector market-based system designed under this section.

(2) In developing the design for the regional multisector market-based system under subsections (1) and (3) of this section, the department shall consult with affected state agencies, cities, and counties, and provide opportunity for public review and comment.

(3)(a) In developing the design for the regional multisector market-based system, the department shall allow for entities to receive appropriate credit for early actions to reduce greenhouse gases.

(b) Pursuant to executive order 07-02, greenhouse gas emission reductions attributable to at least the following policies count as reductions in an amount equal to at least sixty percent of the 2020 goal:

(i) Tailpipe emission standards under chapter 70.120A RCW;

(ii) Biofuels standards under chapter 19.112 RCW;

(iii) Renewable energy and conservation standards under chapter 19.285 RCW;

(4) In addition to the information required under subsection (1)(b) of this section, the director and the director of the department of community, trade, and economic development shall submit the following to the legislature by December 1, 2008:

(a) Information on progress to date in achieving the requirements of this act;

(b) The final recommendations of the climate advisory team, including recommended most promising actions to reduce emissions of greenhouse gases or otherwise respond to climate change;

(c) A request for additional resources and statutory authority needed to limit and reduce emissions of greenhouse gas consistent with this act including implementation of the most promising recommendations of the climate advisory team;

(d) Recommendations on how local governments could participate in the multisector market-based system designed under subsection (1) of this section; and

(e) Recommendations developed in consultation with the department of natural resources and the department of agriculture

regarding how forestry and agricultural lands and practices may participate voluntarily as an offset or other credit program in the regional multisector market-based system. These recommendations must address:

(i) Commercial and other working forests, forest products, and agricultural land and practices, including sequestration of carbon on timber lands managed under forest practices rules adopted pursuant to chapter 76.09 RCW;

(ii) Forest and agriculture lands that are set aside or managed for conservation; and

(iii) Reforestation and afforestation projects.

**Sec. 4.** RCW 43.350.030 and 2005 c 424 s 4 are each amended to read as follows:

(1) The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Except as provided in subsection (3) of this section, any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration ~~((and))~~ or reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. In the case of emissions of greenhouse gases as defined in section 2 of this act the department shall adopt rules requiring reporting of those emissions. The department or board may require that such registration or reporting be accompanied by a fee, and may determine the amount of such fee for such class or classes: PROVIDED, That the amount of the fee shall only be to compensate for the costs of administering such registration or reporting program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineering or other reliable analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: PROVIDED FURTHER, That any such registration made with either the board or the department shall preclude a further registration and reporting with any other board or the department, except that emissions of greenhouse gases as defined in section 2 of this act must be reported as required under subsection (5) of this section.

All registration program and reporting fees collected by the department shall be deposited in the air pollution control account. All registration program fees collected by the local air authorities shall be deposited in their respective treasuries.

(3) If a registration or report has been filed for a grain warehouse or grain elevator as required under this section, registration, reporting, or a registration program fee shall not, after January 1, 1997, again be required under this section for the warehouse or elevator unless the capacity of the warehouse or elevator as listed as part of the license issued for the facility has been increased since the date the registration or reporting was last made. If the capacity of the warehouse or elevator listed as part of the license is increased, any registration or reporting required for the warehouse or elevator under this section must be made by the date the warehouse or elevator receives grain from the first harvest season that occurs after the increase in its capacity is listed in the license.

This subsection does not apply to a grain warehouse or grain elevator if the warehouse or elevator handles more than ten million bushels of grain annually.

(4) For the purposes of subsection (3) of this section:

(a) A "grain warehouse" or "grain elevator" is an establishment classified in standard industrial classification (SIC) code 5153 for wholesale trade for which a license is required and includes, but is not limited to, such a licensed facility that also conducts cleaning operations for grain;

(b) A "license" is a license issued by the department of agriculture licensing a facility as a grain warehouse or grain elevator under chapter 22.09 RCW or a license issued by the federal government licensing a facility as a grain warehouse or grain elevator for purposes similar to those of licensure for the facility under chapter 22.09 RCW; and

(c) "Grain" means a grain or a pulse.

(5)(a) The department shall adopt rules requiring the reporting of emissions of greenhouse gases as defined in section 2 of this act. The rules must include a de minimis amount of emissions below which reporting will not be required. The rules must require that emissions of greenhouse gases resulting from the burning of fossil fuels be reported separately from emissions of greenhouse gases resulting from the burning of biomass. Except as provided in (b) of

this subsection, the department shall, under the authority granted in subsection (1) of this section, adopt rules requiring any person who operates or is responsible for: (i) Operation of a fleet of on-road motor vehicles that as a fleet emit at least twenty-five hundred metric tons of greenhouse gas annually in the state to report the emissions of greenhouse gases generated from or emitted by that fleet; or (ii) any other operations that emit at least ten thousand metric tons of greenhouse gas annually in the state to report their total annual emissions of greenhouse gases. In calculating emissions of greenhouse gases for purposes of determining whether or not reporting is required, only direct emissions shall be included. The emissions of greenhouse gases must be reported as carbon dioxide equivalents. The rules must require that persons report 2009 emissions starting in 2010. The rules must establish an annual reporting schedule that takes into account the time needed to allow the person reporting emissions of greenhouse gases to gather the information needed and to verify the emissions being reported. However, in no event may reports be submitted later than October 31st of the year in which the report is due. The department may phase in the reporting requirements for operations under (a)(ii) of this subsection until the reporting threshold is met, which must be met by January 1, 2012. The department may from time to time amend the rules to include other persons that emit less than the annual greenhouse gas emissions levels set out in this subsection if necessary to comply with any federal reporting requirements for emissions of greenhouse gases.

(b) In its rules, the department may defer the reporting requirement under (a) of this subsection for emissions associated with interstate and international commercial aircraft, rail, trucks, or marine vessels until (i) there is a federal requirement to report these emissions; or (ii) the department finds that there is a generally accepted reporting protocol for determining interstate emissions from these sources.

(c) The department shall share any reporting information reported to it with the local air authority in which the person reporting under the rules adopted by the department operates.

(d) The fee provisions in subsection (2) of this section apply to reporting of emissions of greenhouse gases. Persons required to report under (a) of this subsection who fail to report or pay the fee required in subsection (2) of this section are subject to enforcement penalties under this chapter. The department shall enforce the reporting rule requirements unless it approves a local air authority's request to enforce the requirements for persons operating within the authority's jurisdiction.

(e) The energy facility site evaluation council shall, simultaneously with the department, adopt rules that impose greenhouse gas reporting requirements in site certifications on persons operating or responsible for the operation of a facility permitted by the energy facility site evaluation council. The greenhouse gas reporting requirements imposed by the energy facility site evaluation council must be the same as the greenhouse gas reporting requirements imposed by the department. The department shall share any information reported to it from facilities permitted by the energy facility site evaluation council with the council, including notice of a facility that has failed to report as required. The energy facility site evaluation council shall contract with the department to monitor the reporting requirements adopted under this section.

(f) In developing its rules, the department shall, with the assistance of the department of transportation, identify a mechanism to report an aggregate estimate of the annual emissions of greenhouse gases generated from or emitted by otherwise unreported on-road motor vehicles.

(g) The inclusion or failure to include any person, classes of persons, or types of emissions of greenhouse gases into the department's rules for reporting under this section does not indicate whether such a person or category is appropriate for inclusion in the multisector market-based system designed under section 3 of this act.

(h) Should the federal government adopt rules sufficient to track progress toward the emissions reductions required by this act governing the reporting of greenhouse gases, the department shall amend its rules, as necessary, to seek consistency with the federal rules to ensure duplicate reporting is not required.

(i) The definitions in section 2 of this act apply throughout this subsection (5) unless the context clearly requires otherwise.

**Sec. 6.** RCW 70.94.161 and 1993 c 252 s 5 are each amended to read as follows:

The department of ecology, or board of an authority, shall require renewable permits for the operation of air contaminant sources subject to the following conditions and limitations:

(1) Permits shall be issued for a term of five years. A permit may be modified or amended during its term at the request of the permittee, or for any reason allowed by the federal clean air act. The rules adopted pursuant to subsection (2) of this section shall include rules for permit amendments and modifications. The terms and conditions of a permit shall remain in effect after the permit itself expires if the permittee submits a timely and complete application for permit renewal.

(2)(a) Rules establishing the elements for a statewide operating permit program and the process for permit application and renewal consistent with federal requirements shall be established by the department by January 1, 1993. The rules shall provide that every proposed permit must be reviewed prior to issuance by a professional engineer or staff under the direct supervision of a professional engineer in the employ of the permitting authority. The permit program established by these rules shall be administered by the department and delegated local air authorities. Rules developed under this subsection shall not preclude a delegated local air authority from including in a permit its own more stringent emission standards and operating restrictions.

(b) The board of any local air pollution control authority may apply to the department of ecology for a delegation order authorizing the local authority to administer the operating permit program for sources under that authority's jurisdiction. The department shall, by order, approve such delegation, if the department finds that the local authority has the technical and financial resources, to discharge the responsibilities of a permitting authority under the federal clean air act. A delegation request shall include adequate information about the local authority's resources to enable the department to make the findings required by this subsection (~~provided~~). However, any delegation order issued under this subsection shall take effect ninety days after the environmental protection agency authorizes the local authority to issue operating permits under the federal clean air act.

(c) Except for the authority granted the energy facility site evaluation council to issue permits for the new construction, reconstruction, or enlargement or operation of new energy facilities under chapter 80.50 RCW, the department may exercise the authority, as delegated by the environmental protection agency, to administer Title IV of the federal clean air act as amended and to delegate such administration to local authorities as applicable pursuant to (b) of this subsection.

(3) In establishing technical standards, defined in RCW 70.94.030, the permitting authority shall consider and, if found to be appropriate, give credit for waste reduction within the process.

(4) Operating permits shall apply to all sources (a) where required by the federal clean air act, and (b) for any source that may cause or contribute to air pollution in such quantity as to create a threat to the public health or welfare. Subsection (b) of this subsection is not intended to apply to small businesses except when both of the following limitations are satisfied: (i) The source is in an area exceeding or threatening to exceed federal or state air quality standards; and (ii) the department provides a reasonable justification that requiring a source to have a permit is necessary to meet a federal or state air quality standard, or to prevent exceeding a standard in an area threatening to exceed the standard. For purposes of this subsection "areas threatening to exceed air quality standards" shall mean areas projected by the department to exceed such standards within five years. Prior to identifying threatened areas the department shall hold a public hearing or hearings within the proposed areas.

(5) Sources operated by government agencies are not exempt under this section.

(6) Within one hundred eighty days after the United States environmental protection agency approves the state operating permit program, a person required to have a permit shall submit to the permitting authority a compliance plan and permit application, signed by a responsible official, certifying the accuracy of the information submitted. Until permits are issued, existing sources shall be allowed to operate under presently applicable standards and conditions

provided that such sources submit complete and timely permit applications.

(7) All draft permits shall be subject to public notice and comment. The rules adopted pursuant to subsection (2) of this section shall specify procedures for public notice and comment. Such procedures shall provide the permitting agency with an opportunity to respond to comments received from interested parties prior to the time that the proposed permit is submitted to the environmental protection agency for review pursuant to section 505(a) of the federal clean air act. In the event that the environmental protection agency objects to a proposed permit pursuant to section 505(b) of the federal clean air act, the permitting authority shall not issue the permit, unless the permittee consents to the changes required by the environmental protection agency.

(8) The procedures contained in chapter 43.21B RCW shall apply to permit appeals. The pollution control hearings board may stay the effectiveness of any permit issued under this section during the pendency of an appeal filed by the permittee, if the permittee demonstrates that compliance with the permit during the pendency of the appeal would require significant expenditures that would not be necessary in the event that the permittee prevailed on the merits of the appeal.

(9) After the effective date of any permit program promulgated under this section, it shall be unlawful for any person to: (a) Operate a permitted source in violation of any requirement of a permit issued under this section; or (b) fail to submit a permit application at the time required by rules adopted under subsection (2) of this section.

(10) Each air operating permit shall state the origin of and specific legal authority for each requirement included therein. Every requirement in an operating permit shall be based upon the most stringent of the following requirements:

- (a) The federal clean air act and rules implementing that act, including provision of the approved state implementation plan;
- (b) This chapter and rules adopted thereunder;
- (c) In permits issued by a local air pollution control authority, the requirements of any order or regulation adopted by that authority;
- (d) Chapter 70.98 RCW and rules adopted thereunder; and
- (e) Chapter 80.50 RCW and rules adopted thereunder.

(11) Consistent with the provisions of the federal clean air act, the permitting authority may issue general permits covering categories of permitted sources, and temporary permits authorizing emissions from similar operations at multiple temporary locations.

(12) Permit program sources within the territorial jurisdiction of an authority delegated the operating permit program shall file their permit applications with that authority, except that permit applications for sources regulated on a statewide basis pursuant to RCW 70.94.395 shall be filed with the department. Permit program sources outside the territorial jurisdiction of a delegated authority shall file their applications with the department. Permit program sources subject to chapter 80.50 RCW shall, irrespective of their location, file their applications with the energy facility site evaluation council.

(13) When issuing operating permits to coal fired electric generating plants, the permitting authority shall establish requirements consistent with Title IV of the federal clean air act.

(14)(a) The department and the local air authorities are authorized to assess and to collect, and each source emitting one hundred tons or more per year of a regulated pollutant shall pay an interim assessment to fund the development of the operating permit program during fiscal year 1994.

(b) The department shall conduct a workload analysis and prepare an operating permit program development budget for fiscal year 1994. The department shall allocate among all sources emitting one hundred tons or more per year of a regulated pollutant during calendar year 1992 the costs identified in its program development budget according to a three-tiered model, with each of the three tiers being equally weighted, based upon:

- (i) The number of sources;
- (ii) The complexity of sources; and
- (iii) The size of sources, as measured by the quantity of each regulated pollutant emitted by the source.

(c) Each local authority and the department shall collect from sources under their respective jurisdictions the interim fee determined by the department and shall remit the fee to the department.

(d) Each local authority may, in addition, allocate its fiscal year 1994 operating permit program development costs among the sources under its jurisdiction emitting one hundred tons or more per year of a regulated pollutant during calendar year 1992 and may collect an interim fee from these sources. A fee assessed pursuant to this subsection (14)(d) shall be collected at the same time as the fee assessed pursuant to (c) of this subsection.

(e) The fees assessed to a source under this subsection shall be limited to the first seven thousand five hundred tons for each regulated pollutant per year.

(15)(a) The department shall determine the persons liable for the fee imposed by subsection (14) of this section, compute the fee, and provide by November 1 (~~(of)~~)<sub>1</sub> 1993<sub>1</sub> the identity of the fee payer with the computation of the fee to each local authority and to the department of revenue for collection. The department of revenue shall collect the fee computed by the department from the fee payers under the jurisdiction of the department. The administrative, collection, and penalty provisions of chapter 82.32 RCW shall apply to the collection of the fee by the department of revenue. The department shall provide technical assistance to the department of revenue for decisions made by the department of revenue pursuant to RCW 82.32.160 and 82.32.170. All interim fees collected by the department of revenue on behalf of the department and all interim fees collected by local authorities on behalf of the department shall be deposited in the air operating permit account. The interim fees collected by the local air authorities to cover their permit program development costs under subsection (14)(d) of this section shall be deposited in the dedicated accounts of their respective treasuries.

(b) All fees identified in this section shall be due and payable on March 1 (~~(of)~~)<sub>1</sub> 1994, except that the local air pollution control authorities may adopt by rule an earlier date on which fees are to be due and payable. The section 5, chapter 252, Laws of 1993 amendments to RCW 70.94.161 do not have the effect of terminating, or in any way modifying, any liability, civil or criminal, incurred pursuant to the provisions of RCW 70.94.161 (15) and (17) as they existed prior to July 25, 1993.

(16) For sources or source categories not required to obtain permits under subsection (4) of this section, the department or local authority may establish by rule control technology requirements. If control technology rule revisions are made by the department or local authority under this subsection, the department or local authority shall consider the remaining useful life of control equipment previously installed on existing sources before requiring technology changes. The department or any local air authority may issue a general permit, as authorized under the federal clean air act, for such sources.

(17) Emissions of greenhouse gases as defined in section 2 of this act must be reported as required by RCW 70.94.151. The reporting provisions of RCW 70.94.151 shall not apply to any other emissions from any permit program source after the effective date of United States environmental protection agency approval of the state operating permit program.

**NEW SECTION. Sec. 7.** (1) The department shall expend two million dollars to designate a total of four new sites for water storage, two in western Washington and two in eastern Washington, including, but not limited to:

- (a) Identification of proper sites for water storage;
- (b) Development of plans for water storage at those sites; and
- (c) The formulation of a preliminary design for the water storage sites.

(2) The department shall also assess decommissioned mine shafts for purposes of water storage.

**NEW SECTION. Sec. 8.** Within eighteen months of the next and each successive global or national assessment of climate change science, the department shall consult with the climate impacts group at the University of Washington regarding the science on human-caused climate change and provide a report to the legislature summarizing that science and make recommendations for further reducing emissions of greenhouse gases.

**NEW SECTION. Sec. 9.** A new section is added to chapter 43.330 RCW to read as follows:

(1) The legislature establishes a comprehensive green economy jobs growth initiative based on the goal of, by 2020, increasing the number of green economy jobs to twenty-five thousand from the eight thousand four hundred green economy jobs the state had in 2004.

(2) The department, in consultation with the employment security department, the state workforce training and education coordinating board, the state board of community and technical colleges, the higher education coordinating board, and the department of ecology, shall develop a defined list of terms, consistent with current workforce and economic development terms, associated with green economy industries and jobs.

(3)(a) The employment security department, in consultation with the department, the state workforce training and education coordinating board, the state board for community and technical colleges, the higher education coordinating board, and the Washington State University extension energy program, shall conduct labor market research to analyze the current labor market and projected job growth in the green economy, the current and projected recruitment and skill requirement of green economy industry employers, the wage and benefits ranges of jobs within green economy industries, and the education and training requirements of entry-level and incumbent workers in those industries.

(b) The University of Washington business and economic development center shall: Analyze the current opportunities for and participation in the green economy by minority and women-owned business enterprises in Washington; identify existing barriers to their successful participation in the green economy; and develop strategies with specific policy recommendations to improve their successful participation in the green economy. The research may be informed by the research of the Puget Sound regional council prosperity partnership, as well as other entities. The University of Washington business and economic development center shall report to the appropriate committees of the house of representatives and the senate on their research, analysis, and recommendations by December 1, 2008.

(4) Based on the findings from subsection (3) of this section, the employment security department, in consultation with the department and the department of ecology and taking into account the requirements and goals of this act and other state clean energy and energy efficiency policies, shall propose which industries will be considered high-demand green industries, based on current and projected job creation and their strategic importance to the development of the state's green economy. The employment security department and the department shall take into account which jobs within green economy industries will be considered high-wage occupations and occupations that are part of career pathways to the same, based on family-sustaining wage and benefits ranges. These designations, and the results of the employment security department's broader labor market research, shall inform the planning and strategic direction of the department, the state workforce training and education coordinating board, the state board for community and technical colleges, and the higher education coordinating board.

(5) The department shall identify emerging technologies and innovations that are likely to contribute to advancements in the green economy, including the activities in designated innovation partnership zones established in RCW 43.330.270.

(6) The department, consistent with the priorities established by the state economic development commission, shall:

(a) Develop targeting criteria for existing investments, and make recommendations for new or expanded financial incentives and comprehensive strategies, to recruit, retain, and expand green economy industries; and

(b) Make recommendations for new or expanded financial incentives and comprehensive strategies to stimulate research and development of green technology and innovation, including designating innovation partnership zones linked to the green economy.

(7) For the purposes of this section, "target populations" means

(a) entry-level or incumbent workers in high-demand green industries

who are in, or are preparing for, high-wage occupations; (b) dislocated workers in declining industries who may be retrained for high-wage occupations in high-demand green industries; (c) eligible veterans or national guard members; or (d) anyone eligible to participate in the state opportunity grant program under RCW 28B.50.271.

(8) The legislature directs the state workforce training and education coordinating board to create and pilot green industry skill panels. These panels shall consist of business representatives from industry sectors related to clean energy, state and local veterans agencies, employer associations, educational institutions, and local workforce development councils within the region that the panels propose to operate, and other key stakeholders as determined by the applicant. Any of these stakeholder organizations are eligible to receive grants under this section and serve as the intermediary that convenes and leads the panel. Panel applicants must provide labor market and industry analysis that demonstrates high demand, or demand of strategic importance to the development of the state's clean energy economy as identified in this section, for high-wage occupations, or occupations that are part of career pathways to the same, within the relevant industry sector. The panel shall:

(a) Conduct labor market and industry analyses, in consultation with the employment security department, and drawing on the findings of its research when available;

(b) Plan strategies to meet the recruitment and training needs of the industry; and

(c) Leverage and align other public and private funding sources.

(9) The green industries jobs training account is created in the state treasury. Moneys from the account must be utilized to supplement the state opportunity grant program established under RCW 28B.50.271. All receipts from appropriations directed to the account must be deposited into the account. Expenditures from the account may be used only for the activities identified in this subsection. The state board for community and technical colleges, in consultation with the state workforce training and education coordinating board, informed by the research of the employment security department and the strategies developed in this section, may authorize expenditures from the account. The state board for community and technical colleges must distribute grants from the account on a competitive basis.

(a)(i) Allowable uses of these grant funds, which should be used when other public or private funds are insufficient or unavailable, may include:

(A) Curriculum development;

(B) Transitional jobs strategies for dislocated workers in declining industries who may be retrained for high-wage occupations in green industries;

(C) Workforce education to target populations; and

(D) Adult basic and remedial education as necessary linked to occupation skills training.

(ii) Allowable uses of these grant funds do not include student assistance and support services available through the state opportunity grant program under RCW 28B.50.271.

(b) Applicants eligible to receive these grants may be any organization or a partnership of organizations that has demonstrated expertise in:

(i) Implementing effective education and training programs that meet industry demand; and

(ii) Recruiting and supporting, to successful completion of those training programs carried out under these grants, the target populations of workers.

(c) In awarding grants from the green industries jobs training account, the state board for community and technical colleges shall give priority to applicants that demonstrate the ability to:

(i) Use labor market and industry analysis developed by the employment security department and green industry skill panels in the design and delivery of the relevant education and training program, and otherwise utilize strategies developed by green industry skills panels;

(ii) Leverage and align existing public programs and resources and private resources toward the goal of recruiting, supporting, educating, and training target populations of workers;

(iii) Work collaboratively with other relevant stakeholders in the regional economy;

(iv) Link adult basic and remedial education, where necessary, with occupation skills training;

(v) Involve employers and, where applicable, labor unions in the determination of relevant skills and competencies and, where relevant, the validation of career pathways; and

**Sec. 10.** RCW 28B.50.273 and 2007 c 277 s 201 are each amended to read as follows:

The college board, in partnership with business, labor, and the workforce training and education coordinating board, shall:

(1) Identify job-specific training programs offered by qualified postsecondary institutions that lead to a credential, certificate, or degree in green industry occupations as established in this act, and other high demand occupations, which are occupations where data show that employer demand for workers exceeds the supply of qualified job applicants throughout the state or in a specific region, and where training capacity is underutilized;

(2) Gain recognition of the credentials, certificates, and degrees by Washington's employers and labor organizations. The college board shall designate these recognized credentials, certificates, and degrees as "opportunity grant-eligible programs of study"; and

(3) Market the credentials, certificates, and degrees to potential students, businesses, and apprenticeship programs as a way for individuals to advance in their careers and to better meet the needs of industry.

**NEW SECTION. Sec. 11.** A new section is added to chapter 82.16 RCW to read as follows:

(1) A light and power business is allowed a credit against taxes due under this chapter in an amount equal to fifty percent of the cost of purchasing: (a) Carbon abatement equipment; (b) repair and replacement parts for carbon abatement equipment; and (c) labor and services rendered in respect to carbon abatement equipment.

(2) The credit under this section is only available to light and power businesses subject to the annual reporting requirements under RCW 70.94.151(5).

(3) Unused tax credit may be carried forward to subsequent tax reporting periods. No refunds shall be granted for credits under this section.

(4) The definitions in this subsection apply throughout this section.

(b) "Power plant" has the same meaning as defined in RCW 80.80.010.

**NEW SECTION. Sec. 12.** A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to the sale of: (a) Carbon abatement equipment; (b) repair and replacement parts for carbon abatement equipment; and (c) labor and services rendered in respect to carbon abatement equipment.

(2) An exemption is only available to a person subject to the annual reporting requirements under RCW 70.94.151(5).

(3) An exemption is available only when the buyer provides the seller with an exemption certificate. The seller shall retain a copy of the certificate for the seller's files.

(4) For the purposes of this section, "carbon abatement equipment" has the meaning as defined in section 11 of this act.

**NEW SECTION. Sec. 13.** A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply in respect to the use of: (a) Carbon abatement equipment; (b) repair and replacement parts for carbon abatement equipment; and (c) labor and services rendered in respect to carbon abatement equipment.

(2) The exemption under this section is only available to a person subject to the annual reporting requirements under RCW 70.94.151(5).

(3) For the purposes of this section, "carbon abatement equipment" has the same meaning as defined in section 11 of this act.

**NEW SECTION. Sec. 14.** A new section is added to chapter 84.36 RCW to read as follows:

(1) Carbon abatement equipment, including repair and replacement parts for the equipment, used by a person subject to the annual reporting requirements under RCW 70.94.151(5) is exempt from taxation. To qualify for the exemption, the owner of the equipment shall apply to the county assessor in which the property is located prior to the initial installation of the carbon abatement equipment.

(2) The exemption is available beginning in the calendar year that follows the calendar year in which initial application is made. Carbon abatement equipment is exempt from property tax for twenty years. Repair and replacement parts acquired after the exemption is first claimed are subject to the twenty-year requirement applicable to the initially installed carbon abatement equipment.

(3) The application for exemption shall be made to the county assessor. The application shall be upon forms prescribed by the department of revenue and supplied by the county assessor. To claim an exemption for repair or replacement parts for carbon abatement equipment, an additional application shall be made to the county assessor.

The amount of the credit is equal to the cost of complying with these annual reporting requirements in the year in which the credit is claimed. A person may claim a credit under this section only if the person has submitted a report to the department of ecology or the energy facility site evaluation council under RCW 70.94.151(5) in the same calendar year in which the credit is claimed.

(2) A credit earned during one calendar year may be carried over to be credited against taxes incurred in subsequent years. No refunds may be granted for credits under this section.

**NEW SECTION. Sec. 17.** A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of passenger vehicles if the purchaser trades in a passenger vehicle that is more than fifteen years old and the vehicle to be traded in is not compliant with United States environmental protection agency tier II emission standards.

(b) The new vehicle purchased has a United States environmental protection agency highway gasoline mileage rating of at least thirty miles per gallon.

(4) Any trade-in property acquired from a person claiming the exemption in this section must be destroyed.

(5) The total amount that may be taken by all purchasers as an exemption under this section and section 18 of this act is twenty-five million dollars per year. If the department determines that at least twenty-two million dollars has been taken as an exemption under this section and section 18 of this act, the department shall notify motor vehicle dealers, in a writing sent by certified mail, that requires dealers not to provide the exemption to motor vehicle purchasers beginning two weeks from the date the letter is postmarked.

**NEW SECTION. Sec. 18.** A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply with respect to the use of passenger vehicles if the purchaser trades in a passenger vehicle to a motor vehicle dealer that is more than fifteen years old and the vehicle to be traded in is not compliant with United States environmental protection agency tier II emission standards.

(2) "Passenger vehicle" has the same meaning as defined in section 17 of this act.

(3) The exemption is available only if:

(a) The passenger vehicle to be traded in has been licensed and registered for the twenty-four month period immediately preceding the sale and is in satisfactory operating condition; and

(b) The new vehicle purchased has a United States environmental protection agency highway gasoline mileage rating of at least thirty miles per gallon.

(4) Any trade-in property acquired from a person claiming the exemption in this section must be destroyed.

**Sec. 19.** RCW 19.285.040 and 2007 c 1 s 4 (Initiative Measure No. 937) are each amended to read as follows:

(1) Each qualifying utility shall pursue all available conservation that is cost-effective, reliable, and feasible.

(a) By January 1, 2010, using methodologies consistent with those used by the Pacific Northwest electric power and conservation planning council in its most recently published regional power plan, each qualifying utility shall identify its achievable cost-effective conservation potential through 2019. At least every two years thereafter, the qualifying utility shall review and update this assessment for the subsequent ten-year period.

(b) Beginning January 2010, each qualifying utility shall establish and make publicly available a biennial acquisition target for cost-effective conservation consistent with its identification of achievable opportunities in (a) of this subsection, and meet that target during the subsequent two-year period. At a minimum, each biennial target must be no lower than the qualifying utility's pro rata share for that two-year period of its cost-effective conservation potential for the subsequent ten-year period.

(c) In meeting its conservation targets, a qualifying utility may count high-efficiency cogeneration owned and used by a retail electric customer to meet its own needs. High-efficiency cogeneration is the sequential production of electricity and useful thermal energy from a common fuel source, where, under normal operating conditions, the facility has a useful thermal energy output of no less than thirty-three percent of the total energy output. The reduction in load due to high-efficiency cogeneration shall be: (i) Calculated as the ratio of the fuel chargeable to power heat rate of the cogeneration facility compared to the heat rate on a new and clean basis of a best-commercially available technology combined-cycle natural gas-fired combustion turbine; and (ii) counted towards meeting the biennial conservation target in the same manner as other conservation savings.

(d) The commission may determine if a conservation program implemented by an investor-owned utility is cost-effective based on the commission's policies and practice.

(e) The commission may rely on its standard practice for review and approval of investor-owned utility conservation targets.

(2)(a) Each qualifying utility shall use eligible renewable resources or acquire equivalent renewable energy credits, or a combination of both, to meet the following annual targets:

(i) At least three percent of its load by January 1, 2012, and each year thereafter through December 31, 2015;

(ii) At least nine percent of its load by January 1, 2016, and each year thereafter through December 31, 2019; and

(iii) At least fifteen percent of its load by January 1, 2020, and each year thereafter.

(b) A qualifying utility may count distributed generation at double the facility's electrical output if the utility: (i) Owns or has contracted for the distributed generation and the associated renewable energy credits; or (ii) has contracted to purchase the associated renewable energy credits.

(c) In meeting the annual targets in (a) of this subsection, a qualifying utility shall calculate its annual load based on the average of the utility's load for the previous two years.

(d) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if: (i) The utility's weather-adjusted load for the previous three years on average did not increase over that time period; (ii) after December 7, 2006, the utility did not commence or renew ownership or incremental purchases of electricity from resources other than renewable resources other than on a daily spot price basis and the electricity is not offset by equivalent renewable energy credits; and (iii) the utility invested at least one percent of its total annual retail revenue requirement that year on eligible renewable resources, renewable energy credits, or a combination of both.

(e) The requirements of this section may be met with eligible renewable resources or renewable energy credits obtained for and used in an optional pricing program such as the program established in RCW 19.29A.090.

~~(f)~~ The requirements of this section may be met for any given year with renewable energy credits produced during that year, the preceding year, or the subsequent year. Each renewable energy credit may be used only once to meet the requirements of this section.

~~((f))~~ (g) In complying with the targets established in (a) of this subsection, a qualifying utility may not count:

~~(i)~~ (h) eligible renewable resources or distributed generation where the associated renewable energy credits are owned by a separate entity;

~~(ii)~~ (i) ~~Eligible renewable resources or renewable energy credits obtained for and used in an optional pricing program such as the program established in RCW 19.29A.090).~~

~~((g))~~ (h) Where fossil and combustible renewable resources are cofired in one generating unit located in the Pacific Northwest where the cofiring commenced after March 31, 1999, the unit shall be considered to produce eligible renewable resources in direct proportion to the percentage of the total heat value represented by the heat value of the renewable resources.

~~((h))~~ (i) (i) A qualifying utility that acquires an eligible renewable resource or renewable energy credit may count that acquisition at one and two-tenths times its base value:

(A) Where the eligible renewable resource comes from a facility that commenced operation after December 31, 2005; and

(B) Where the developer of the facility used apprenticeship programs approved by the council during facility construction.

(ii) The council shall establish minimum levels of labor hours to be met through apprenticeship programs to qualify for this extra credit.

~~((i))~~ (j) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if events beyond the reasonable control of the utility that could not have been reasonably anticipated or ameliorated prevented it from meeting the renewable energy target. Such events include weather-related damage, mechanical failure, strikes, lockouts, and actions of a governmental authority that adversely affect the generation, transmission, or distribution of an eligible renewable resource under contract to a qualifying utility.

(3) Utilities that become qualifying utilities after December 31, 2006, shall meet the requirements in this section on a time frame

comparable in length to that provided for qualifying utilities as of December 7, 2006.

**Sec. 20.** RCW 19.29A.090 and 2002 c 285 s 6 and 2002 c 191 s 1 are each reenacted and amended to read as follows:

(1) Beginning January 1, 2002, each electric utility must provide to its retail electricity customers a voluntary option to purchase qualified alternative energy resources in accordance with this section.

(2) Each electric utility must include with its retail electric customer's regular billing statements, at least quarterly, a voluntary option to purchase qualified alternative energy resources. The option may allow customers to purchase qualified alternative energy resources at fixed or variable rates and for fixed or variable periods of time, including but not limited to monthly, quarterly, or annual purchase agreements. A utility may provide qualified alternative energy resource options through either: (a) Resources it owns or contracts for; or (b) the purchase of credits issued by a clearinghouse or other system by which the utility may secure, for trade or other consideration, verifiable evidence that a second party has a qualified alternative energy resource and that the second party agrees to transfer such evidence exclusively to the benefit of the utility.

(3) For the purposes of this section, a "qualified alternative energy resource" means the electricity produced from generation facilities that are fueled by: (a) Wind; (b) solar energy; (c) geothermal energy; (d) landfill gas; (e) wave or tidal action; (f) gas produced during the treatment of wastewater; (g) qualified hydropower; or (h) biomass energy based on animal waste or solid organic fuels from wood, forest, or field residues, or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chrome-arsenic.

(4) For the purposes of this section, "qualified hydropower" means the energy produced either: (a) As a result of modernizations or upgrades made after June 1, 1998, to hydropower facilities operating on May 8, 2001, that have been demonstrated to reduce the mortality of anadromous fish; or (b) by run of the river or run of the canal hydropower facilities that are not responsible for obstructing the passage of anadromous fish.

(5) The rates, terms, conditions, and customer notification of each utility's option or options offered in accordance with this section must be approved by the governing body of the consumer-owned utility or by the commission for investor-owned utilities. All costs and benefits associated with any option offered by an electric utility under this section must be allocated to the customers who voluntarily choose that option and may not be shifted to any customers who have not chosen such option. Utilities may pursue known, lawful aggregated purchasing of qualified alternative energy resources with other utilities to the extent aggregated purchasing can reduce the unit cost of qualified alternative energy resources, and are encouraged to investigate opportunities to aggregate the purchase of alternative energy resources by their customers. Aggregated purchases by investor-owned utilities must comply with any applicable rules or policies adopted by the commission related to least-cost planning or the acquisition of renewable resources.

(6) Until December 31, 2018, utilities may promote voluntary programs to purchase qualified alternative energy resources and may recover their marketing and administrative costs plus a rate of return that reflects the amount the market will bear for the qualified alternative energy resource.

(7) Each consumer-owned utility must report annually to the department and each investor-owned utility must report annually to the commission beginning October 1, 2002, until October 1, 2012, describing the option or options it is offering its customers under the requirements of this section, the rate of customer participation, the amount of qualified alternative energy resources purchased by customers, the amount of utility investments in qualified alternative energy resources, and the results of pursuing aggregated purchasing opportunities. The department and the commission together shall report annually to the legislature, beginning December 1, 2002, until December 1, 2012, with the results of the utility reports.

**NEW SECTION. Sec. 21.** The joint transportation committee shall coordinate a study of the feasibility of utilizing magnetic

levitation in the state of Washington in the movement of people and freight. The majority leaders and minority leaders in the house of representatives and senate shall select one legislative member from each of their respective caucuses to work with the joint transportation committee on the study. The study report must be submitted to the transportation committees of the house of representatives and senate on or before December 31, 2008, with findings and recommendations.

**NEW SECTION. Sec. 22.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 23.** Sections 1 through 3, 7, and 8 of this act constitute a new chapter in Title 70 RCW.

**NEW SECTION. Sec. 24.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void."

SB 5878 Prime Sponsor, Senator Hargrove: Concerning the filing of police incident reports for victims of identity theft. Reported by Committee on Public Safety & Emergency Preparedness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature enacts sections 3 and 4 of this act to expressly reject the interpretation of *State v. Leyda*, 157 Wn.2d 335, 138 P.3d 610 (2006), which holds that the unit of prosecution in identity theft is any one act of either knowingly obtaining, possessing, using, or transferring a single piece of another's identification or financial information, including all subsequent proscribed conduct with that single piece of identification or financial information, when the acts are taken with the requisite intent. The legislature finds that proportionality of punishment

requires the need for charging and punishing for obtaining, using, possessing, or transferring any individual person's identification or financial information, with the requisite intent. The legislature specifically intends that each individual who obtains, possesses, uses, or transfers any individual person's identification or financial information, with the requisite intent, be classified separately and punished separately as provided in chapter 9.94A RCW.

NEW SECTION. Sec. 2. A new section is added to chapter 9.35 RCW to read as follows:

(1) A person who has learned or reasonably suspects that his or her financial information or means of identification has been unlawfully obtained, used by, or disclosed to another, as described in this chapter, may file an incident report with a law enforcement agency, by contacting the local law enforcement agency that has jurisdiction over his or her actual residence, place of business, or place where the crime occurred. The law enforcement agency shall create a police incident report of the matter and provide the complainant with a copy of that report, and may refer the incident report to another law enforcement agency.

(2) Nothing in this section shall be construed to require a law enforcement agency to investigate reports claiming identity theft. An incident report filed under this section is not required to be counted as an open case for purposes of compiling open case statistics.

Sec. 3. RCW 9.35.001 and 1999 c 368 s 1 are each amended to read as follows:

The legislature finds that means of identification and financial information ((is)) are personal and sensitive information such that if unlawfully obtained, possessed, used, or transferred by others may ((do)) result in significant harm to a person's privacy, financial security, and other interests. The legislature finds that unscrupulous persons find ever more clever ways, including identity theft, to improperly obtain ((and)), possess, use, and transfer another person's means of identification or financial information. The legislature intends to penalize ((unscrupulous people)) for each unlawful act of improperly obtaining, possessing, using, or transferring means of identification or financial information of an individual person. The unit of prosecution for identity theft by use of a means of identification or financial information is each individual unlawful use of any one person's means of identification or financial information. Unlawfully obtaining, possessing, or transferring each means of identification or financial information of any individual person, with the requisite intent, is a separate unit of prosecution for each victim and for each act of obtaining, possessing, or transferring of the individual person's means of identification or financial information.

Sec. 4. RCW 9.35.020 and 2004 c 273 s 2 are each amended to read as follows:

(1) No person may knowingly obtain, possess, use, or transfer a means of identification or financial information of another person, living or dead, with the intent to commit, or to aid or abet, any crime.

(2) Violation of this section when the accused or an accomplice ((uses the victim's means of identification or financial information)) violates subsection (1) of this section and obtains ((an aggregate total of)) credit, money, goods, services, or anything else of value in excess of one thousand five hundred dollars in value shall constitute identity theft in the first degree. Identity theft in the first degree is a class B felony punishable according to chapter 9A.20 RCW.

(3) ((Violation of this section when the accused or an accomplice uses the victim's means of identification or financial information and obtains an aggregate total of credit, money, goods,

services, or anything else of value that is less than one thousand five hundred dollars in value, or when no credit, money, goods, services, or anything of value is obtained shall constitute identity theft in the second degree.) A person is guilty of identity theft in the second degree when he or she violates subsection (1) of this section under circumstances not amounting to identity theft in the first degree. Identity theft in the second degree is a class C felony punishable according to chapter 9A.20 RCW.

(4) Each crime prosecuted under this section shall be punished separately under chapter 9.94A RCW, unless it is the same criminal conduct as any other crime, under RCW 9.94A.589.

(5) Whenever any series of transactions involving a single person's means of identification or financial information which constitute identity theft would, when considered separately, constitute identity theft in the second degree because of value, and the series of transactions are a part of a common scheme or plan, then the transactions may be aggregated in one count and the sum of the value of all of the transactions shall be the value considered in determining the degree of identity theft involved.

(6) Every person who, in the commission of identity theft, shall commit any other crime may be punished therefor as well as for the identity theft, and may be prosecuted for each crime separately.

(7) A person who violates this section is liable for civil damages of one thousand dollars or actual damages, whichever is greater, including costs to repair the victim's credit record, and reasonable attorneys' fees as determined by the court.

~~((5))~~ (8) In a proceeding under this section, the crime will be considered to have been committed in any locality where the person whose means of identification or financial information was appropriated resides, or in which any part of the offense took place, regardless of whether the defendant was ever actually in that locality.

~~((6))~~ (9) The provisions of this section do not apply to any person who obtains another person's driver's license or other form of identification for the sole purpose of misrepresenting his or her age.

~~((7))~~ (10) In a proceeding under this section in which a person's means of identification or financial information was used without that person's authorization, and when there has been a conviction, the sentencing court may issue such orders as are necessary to correct a public record that contains false information resulting from a violation of this section."

SB 6215 Prime Sponsor, Senator Tom: Concerning reserve accounts and studies for condominium associations. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** A new section is added to chapter 64.34 RCW under the subchapter heading "Article 3" to read as follows:

(1) An association is encouraged to establish a reserve account to fund major maintenance, repair, and replacement of common elements, including limited common elements that will require major maintenance, repair, or replacement within thirty years. A reserve account shall be established in the name of the association. The board of directors is responsible for administering the reserve account.

(2) Unless doing so would impose an unreasonable hardship, an association shall prepare and update a reserve study, in accordance with the association's governing documents and RCW 64.34.224(1). The initial reserve study must be based upon a visual site inspection conducted by a reserve study professional.

(3) Unless doing so would impose an unreasonable hardship, the association shall update the reserve study annually. At least every three years, an updated reserve study must be prepared and based upon a visual site inspection conducted by a reserve study professional.

(4) This section and sections 2 through 6 of this act apply to condominiums governed by chapter 64.32 RCW or this chapter and intended in whole or in part for residential purposes. These sections do not apply to condominiums consisting solely of units that are restricted in the declaration to nonresidential use. An association's governing documents may contain stricter requirements.

**NEW SECTION. Sec. 2.** A new section is added to chapter 64.34 RCW under the subchapter heading "Article 3" to read as follows:

(1) A reserve study as described in section 1 of this act is supplemental to the association's operating and maintenance budget. In preparing a reserve study, the association shall estimate the anticipated major maintenance, repair, and replacement costs, whose infrequent and significant nature make them impractical to be included in an annual budget.

(2) A reserve study shall include:

(a) A reserve component list, including quantities and estimates for useful life of each reserve component, remaining useful life of each reserve component, and current repair and replacement cost for each component;

(b) The date of the study and a statement that the study meets the requirements of this section;

(c) The level of reserve study performed:

(i) Level I: Full reserve study funding analysis and plan;

(ii) Level II: Update with visual site inspection;

(iii) Level III: Update with no visual site inspection;

(d) The association's reserve account balance;

(e) The percentage of the fully funded balance that the reserve account is funded;

(f) Special assessments already implemented or planned;

(g) Interest and inflation assumptions;

(h) Current reserve account contribution rate;

(i) Recommended reserve account contribution rate;

(j) Projected reserve account balance for thirty years and a funding plan to pay for projected costs from those reserves without reliance on future unplanned special assessments; and

(k) Whether the reserve study was prepared with the assistance of a reserve study professional.

(3) A reserve study shall include the following disclosure:

"This reserve study should be reviewed carefully. It may not include all common and limited common element components that will require major maintenance, repair, or replacement in future years, and may not include regular contributions to a reserve account for the cost of such maintenance, repair, or replacement. The failure to include a component in a reserve study, or to provide contributions to a reserve account for a component, may, under some circumstances, require you to pay on demand as a special assessment your share of common expenses for the cost of major maintenance, repair, or replacement of a reserve component."

**NEW SECTION. Sec. 3.** A new section is added to chapter 64.34 RCW under the subchapter heading "Article 3" to read as follows:

An association may withdraw funds from its reserve account to pay for unforeseen or unbudgeted costs. The board of directors shall record any such withdrawal in the minute books of the association, cause notice of any such withdrawal to be hand delivered or sent prepaid by first-class United States mail to the mailing address of each unit or to any other mailing address designated in writing by the unit owner, and adopt a repayment schedule not to exceed twenty-four months unless it determines that repayment within twenty-four months would impose an unreasonable burden on the unit owners.

**NEW SECTION. Sec. 4.** A new section is added to chapter 64.34 RCW under the subchapter heading "Article 3" to read as follows:

(1) Where more than three years have passed since the date of the last reserve study prepared by a reserve study professional, the owners of the units to which at least twenty percent of the votes are allocated may demand, in writing, to the association that the cost of a reserve study be included in the next budget and that the study be obtained by the end of that budget year. The written demand must refer to this section. The board of directors shall, upon receipt of the written demand, provide unit owners making the demand reasonable assurance that the board of directors will include a reserve study in the next budget and, if the budget is not rejected by the owners, will arrange for the completion of a reserve study.

(2) In the event a written demand is made and a reserve study is not timely prepared, a court may order specific performance and award reasonable attorneys' fees to the prevailing party in any legal action brought to enforce this section. An association may assert unreasonable hardship as an affirmative defense in any action brought against it under this section. Without limiting this affirmative defense, an unreasonable hardship exists where the cost of preparing a reserve study would exceed ten percent of the association's annual budget.

(3) A unit owner's duty to pay for common expenses shall not be excused because of the association's failure to comply with this section or sections 2 through 6 of this act. A budget ratified by the unit owners under RCW 64.34.308(3) may not be invalidated because of the association's failure to comply with this section or sections 2 through 6 of this act.

**NEW SECTION. Sec. 5.** A new section is added to chapter 64.34 RCW under the subchapter heading "Article 3" to read as follows:

Subject to section 4 of this act, the decisions relating to the preparation and updating of a reserve study must be made by the board of directors of the association in the exercise of the reasonable discretion of the board. Such decisions must include whether a reserve study will be prepared or updated, and whether the assistance of a reserve study professional will be utilized.

**NEW SECTION. Sec. 6.** A new section is added to chapter 64.34 RCW under the subchapter heading "Article 3" to read as follows:

Monetary damages or any other liability may not be awarded against or imposed upon the association, the officers or board of directors of the association, or those persons who may have provided advice or assistance to the association or its officers or directors, for failure to: Establish a reserve account; have a current reserve study prepared or updated in accordance with sections 1 through 5 of this act; or make the reserve disclosures in accordance with section 2 of this act and RCW 64.34.410(1)(oo) and 64.34.425(1)(s).

**Sec. 7.** RCW 64.34.010 and 1993 c 429 s 12 are each amended to read as follows:

The amendment must be adopted in conformity with the procedures and requirements specified by those instruments and by chapter 64.32 RCW. If the amendment grants to any person any rights, powers, or privileges permitted by this chapter which are not otherwise provided for in the declaration or chapter 64.32 RCW, all correlative obligations, liabilities, and restrictions in this chapter also apply to that person.

(3) This chapter does not apply to condominiums or units located outside this state.

In the declaration and bylaws, unless specifically provided otherwise or the context requires otherwise, and in this chapter:

(1) "Affiliate" means any person who controls, is controlled by, or is under common control with the referenced person. A person "controls" another person if the person: (a) Is a general partner, officer, director, or employer of the referenced person; (b) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than twenty percent of the voting interest in the referenced person; (c) controls in any manner the election of a majority of the directors of the referenced person; or (d) has contributed more than twenty percent of the capital of the referenced person. Real property is not a condominium unless the undivided interests in the common elements are vested in the unit owners, and unless a declaration and a survey map and plans have been recorded pursuant to this chapter.

(10) "Contribution rate" means, in a reserve study as described in section 1 of this act, the amount contributed to the reserve account so that the association will have cash reserves to pay major maintenance, repair, or replacement costs without the need of a special assessment.

(11) "Conversion condominium" means a condominium (a) that at any time before creation of the condominium was lawfully occupied wholly or partially by a tenant or subtenant for residential purposes pursuant to a rental agreement, oral or written, express or implied, for which the tenant or subtenant had not received the notice described in (b) of this subsection; or (b) that, at any time within twelve months before the conveyance of, or acceptance of an agreement to convey, any unit therein other than to a declarant or any affiliate of a declarant, was lawfully occupied wholly or partially by a residential tenant of a declarant or an affiliate of a declarant and such tenant was not notified in writing, prior to lawfully occupying a unit or executing a rental agreement, whichever event first occurs, that the unit was part of a condominium and subject to sale. "Conversion condominium" shall not include a condominium in which, before July 1, 1990, any unit therein had been conveyed or been made subject to an agreement to convey to any transferee other than a declarant or an affiliate of a declarant.

~~((18))~~ (19) "Effective age" means the difference between useful life and remaining useful life.

~~((19))~~ (20) "Eligible mortgagee" means the holder of a mortgage on a unit that has filed with the secretary of the association a written request that it be given copies of notices of any action by the association that requires the consent of mortgagees.

~~((19))~~ (21) "Foreclosure" means a forfeiture or judicial or nonjudicial foreclosure of a mortgage or a deed in lieu thereof.

~~((20))~~ (22) "Fully funded balance" means the value of the deteriorated portion of all the reserve components. The fully funded balance for each reserve component is calculated by multiplying the current replacement cost of that reserve component by its effective age, then dividing the result by that reserve component's useful life. The sum total of all reserve components' fully funded balances is the association's fully funded balance.

~~((21))~~ (23) "Identifying number" means the designation of each unit in a condominium.

~~((21))~~ (24) "Leasehold condominium" means a condominium in which all or a portion of the real property is subject to a lease, the expiration or termination of which will terminate the condominium or reduce its size.

~~((27))~~ (30) "Real property" means any fee, leasehold or other estate or interest in, over, or under land, including structures, fixtures, and other improvements thereon and easements, rights and interests appurtenant thereto which by custom, usage, or law pass with a conveyance of land although not described in the contract of sale or instrument of conveyance. "Real property" includes parcels, with or without upper or lower boundaries, and spaces that may be filled with air or water.

~~((28))~~ (31) "Remaining useful life" means the estimated time, in years, that a reserve component can be expected to continue to serve its intended function.

~~((29))~~ (32) "Replacement cost" means the current cost of replacing, repairing, or restoring a reserve component to its original functional condition.

~~((30))~~ (33) "Residential purposes" means use for dwelling or recreational purposes, or both.

~~((38))~~ (38) "Unit" means a physical portion of the condominium designated for separate ownership, the boundaries of which are described pursuant to RCW 64.34.216(1)(d). ~~((39))~~ (39) "Unit owner" means a declarant or other person who owns a unit or leases a unit in a leasehold condominium under a lease that expires simultaneously with any lease, the expiration or termination of which will remove the unit from the condominium, but does not include a person who has an interest in a unit solely as security for an obligation. ESSB 6348 Prime Sponsor, Committee on Water, Energy & Telecommunications: Protecting rural communities from the harmful impacts of interwatershed water rights transfers. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that interwatershed water rights transfers pose a threat to the economic and social welfare of rural communities. Because it is increasingly difficult for water users to acquire new water rights, transfers are indeed a valuable and necessary water management tool. However, the permanent transfer of water rights away from Washington's rural communities has serious economic and social impacts. Although a rural water rights holder receives compensation for transferring water rights outside of a watershed, third parties such as laborers and supporting businesses suffer. The loss of water rights also reduces land use options and property values, resulting in a shrinking revenue base for rural local governments. Finally, the loss of water rights can permanently change the character of agricultural land and the surrounding rural community. Therefore, the legislature intends to protect rural communities from the permanent and harmful impacts of interwatershed water rights transfers.

NEW SECTION. Sec. 2. The department of ecology must work diligently with appropriate legislators, stakeholders, representatives of appropriate tribal interests, and local governments within water resource inventory areas 43, 49, 50, 51, 52, 53, 54, 55, 57, 58, 59, 60, 61, and 62 to assess the impacts of interwatershed transfers on rural communities and explore existing and potential new water sources, including snowpack, that may be utilized in order to protect the economic and social welfare of rural communities. The department of ecology must submit a report, including detailed legislative and policy recommendations, to the appropriate committees of the legislature by November 1, 2008."

Sec. 4.** A group long-term care insurance policy may not be offered to a resident of this state under a group policy issued in another state to a group described in section 3(6)(d) of this act, unless this state or another state having statutory and regulatory long-term care insurance requirements substantially similar to those adopted in this state has made a determination that such requirements have been met.

**NEW SECTION. Sec. 5.** (1) A long-term care insurance policy or certificate may not define "preexisting condition" more restrictively than as a condition for which medical advice or treatment was recommended by or received from a provider of health care services, within six months preceding the effective date of coverage of an insured person, unless the policy or certificate applies to group long-term care insurance under section 3(6) (a), (b), or (c) of this act.

(2) A long-term care insurance policy or certificate may not exclude coverage for a loss or confinement that is the result of a preexisting condition unless the loss or confinement begins within six months following the effective date of coverage of an insured person, unless the policy or certificate applies to a group as defined in section 3(6)(a) of this act.

(3) The commissioner may extend the limitation periods for specific age group categories in specific policy forms upon finding that the extension is in the best interest of the public.

(4) An issuer may use an application form designed to elicit the complete health history of an applicant and underwrite in accordance with that issuer's established underwriting standards, based on the answers on that application. Unless otherwise provided in the policy or certificate and regardless of whether it is disclosed on the application, a preexisting condition need not be covered until the waiting period expires.

(5) A long-term care insurance policy or certificate may not exclude or use waivers or riders to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period.

**NEW SECTION. Sec. 6.** No long-term care insurance policy may:

(1) Be canceled, nonrenewed, or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder;

(b) Such limitations or conditions specify any required number of days of preconfinement or postconfinement;

(8) Condition eligibility for noninstitutional benefits on the prior receipt of institutional care;

(9) A long-term care insurance policy or certificate may be field-issued if the compensation to the field issuer is not based on the number of policies or certificates issued. (b) When an insurance producer makes a solicitation in person, he or she must deliver an outline of coverage before presenting an application or enrollment form.

(c) In a direct response solicitation, the outline of coverage must be presented with an application or enrollment form.

(d) If a policy is issued to a group as defined in section 3(6)(a) of this act, an outline of coverage is not required to be delivered, if the information that the commissioner requires to be included in the outline of coverage is in other materials relating to enrollment. Upon request, any such materials must be made available to the commissioner.

(2) If an issuer approves an application for a long-term care insurance contract or certificate, the issuer must deliver the contract or certificate of insurance to the applicant within thirty days after the date of approval. A policy summary must be delivered with an individual life insurance policy that provides long-term care benefits within the policy or by rider. In a direct response solicitation, the issuer must deliver the policy summary, upon request, before delivery of the policy, if the applicant requests a summary.

(a) The policy summary shall include:

(i) An explanation of how the long-term care benefit interacts with other components of the policy, including deductions from any applicable death benefits;

(ii) An illustration of the amount of benefits, the length of benefits, and the guaranteed lifetime benefits if any, for each covered person;

(iii) Any exclusions, reductions, and limitations on benefits of long-term care;

(B) A disclosure of guarantees related to long-term care costs of insurance charges; and

(b) The provisions of the policy summary may be incorporated into a basic illustration required under chapter 48.23A RCW, or into the policy summary which is required under rules adopted by the commissioner.

**NEW SECTION. Sec. 9.** If a long-term care benefit funded through a life insurance policy by the acceleration of the death benefit is in benefit payment status, a monthly report must be provided to the policyholder. The report must include:

(1) A record of all long-term care benefits paid out during the month;

(2) An explanation of any changes in the policy resulting from paying the long-term care benefits, such as a change in the death benefit or cash values; and

(3) The amount of long-term care benefits that remain to be paid.

**NEW SECTION. Sec. 10.** All long-term care denials must be made within sixty days after receipt of a written request made by a policyholder or certificate holder, or his or her representative. All denials of long-term care claims by the issuer must provide a written explanation of the reasons for the denial and make available to the policyholder or certificate holder all information directly related to the denial.

**NEW SECTION. Sec. 11.** (1) An issuer may rescind a long-term care insurance policy or certificate or deny an otherwise valid long-term care insurance claim if:

(a) A policy or certificate has been in force for less than six months and upon a showing of misrepresentation that is material to the acceptance for coverage; or

(b) A policy or certificate that has been in force for at least six months but less than two years, upon a showing of misrepresentation that is both material to the acceptance for coverage and that pertains to the condition for which benefits are sought.

(2) After a policy or certificate has been in force for two years it is not contestable upon the grounds of misrepresentation alone. Such a policy or certificate may be contested only upon a showing that the insured knowingly and intentionally misrepresented relevant facts relating to the insured's health.

(3) An issuer's payments for benefits under a long-term care insurance policy or certificate may not be recovered by the issuer if the policy or certificate is rescinded.

(4) This section does not apply to the remaining death benefit of a life insurance policy that accelerates benefits for long-term care that are governed by RCW 48.23.050 the state's life insurance incontestability clause. In all other situations, this section shall apply to life insurance policies that accelerate benefits for long-term care.

**NEW SECTION. Sec. 12.** (1) The commissioner must establish minimum standards for inflation protection features.

(2) An issuer must comply with the rules adopted by the commissioner that establish minimum standards for inflation protection features.

**NEW SECTION. Sec. 13.** (1) Except as provided by this section, a long-term care insurance policy may not be delivered or issued for delivery in this state unless the policyholder or certificate

holder has been offered the option of purchasing a policy or certificate that includes a nonforfeiture benefit. The offer of a nonforfeiture benefit may be in the form of a rider that is attached to the policy. If a policyholder or certificate holder declines the nonforfeiture benefit, the issuer must provide a contingent benefit upon lapse that is available for a specified period of time following a substantial increase in premium rates.

(2) If a group long-term care insurance policy is issued, the offer required in subsection (1) of this section must be made to the group policyholder. However, if the policy is issued as group long-term care insurance as defined in section 3(6)(d) of this act other than to a continuing care retirement community or other similar entity, the offering shall be made to each proposed certificate holder.

(3) The commissioner must adopt rules specifying the type or types of nonforfeiture benefits to be offered as part of long-term care insurance policies and certificates, the standards for nonforfeiture benefits, and the rules regarding contingent benefit upon lapse, including a determination of the specified period of time during which a contingent benefit upon lapse will be available and the substantial premium rate increase that triggers a contingent benefit upon lapse.

(5) Issuers shall maintain records subject to the state's record retention requirements and shall make evidence of that verification available to the commissioner upon request.

(6)(a) Issuers shall maintain records with respect to the training of its producers concerning the distribution of its long-term care partnership policies that will allow the commissioner to provide assurance to the state department of social and health services, medicaid division, that insurance producers engaged in the sale of long-term care insurance contracts have received the training required by this section and any rules adopted by the commissioner, and that producers have demonstrated an understanding of the partnership policies and their relationship to public and private coverage of long-term care, including medicaid, in this state.

(b) These records shall be maintained in accordance with the state's record retention requirements and shall be made available to the commissioner upon request.

(7) The satisfaction of these training requirements for any state shall be deemed to satisfy the training requirements of this state.

(4)(a) The commissioner shall adopt, by rule, forms of consumer-friendly personal worksheets that issuers and their agents must use for applications for long-term care coverage.

(b) The commissioner may require each issuer to file its current forms of suitability standards and personal worksheets with the commissioner.

**NEW SECTION. Sec. 16.** A person engaged in the issuance or solicitation of long-term care coverage shall not engage in unfair methods of competition or unfair or deceptive acts or practices, as such methods, acts, or practices are defined in chapter 48.30 RCW, or as defined by the commissioner.

Majority recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the resident population of orca whales in Washington waters (*Orcinus orca*), commonly referred to as the southern residents, are enormously significant to the state. These highly social, intelligent, and playful marine mammals, which the legislature designated as the official marine mammal of the state of Washington, serve as a symbol of the Pacific Northwest and illustrate the biological diversity and rich natural heritage that all Washington citizens and its visitors enjoy.

However, the legislature also finds that the southern resident orcas are currently in a serious decline. Southern residents experienced an almost twenty percent decline between 1996 and 2001. The federal government listed this orca population as depleted in 2003, and as an endangered species in 2005. The federal government has identified impacts from vessels as a potential threat to these marine mammals.

In 2006, after listing the southern resident orcas as endangered, the federal government designated critical orca habitat and released a proposed recovery plan for the southern resident orcas. The federal government has initiated the process to adopt orca conservation rules, but this process may be lengthy. Additionally, although existing whale and wildlife viewing guidelines are an excellent educational resource, these guidelines are voluntary measures that cannot be enforced.

Therefore, the legislature intends to protect southern resident orca whales from impacts from vessels, and to educate the public on how to reduce the risk of disturbing these important marine mammals.

**NEW SECTION. Sec. 2.** A new section is added to chapter 77.15 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, it is unlawful to:

(a) Approach, by any means, within three hundred feet of a southern resident orca whale (*Orcinus orca*);

(b) Cause a vessel or other object to approach within three hundred feet of a southern resident orca whale;

(c) Intercept a southern resident orca whale. A person intercepts a southern resident orca whale when that person places a

vessel or allows a vessel to remain in the path of a whale and the whale approaches within three hundred feet of that vessel;

(d) Fail to disengage the transmission of a vessel that is within three hundred feet of a southern resident orca whale, for which the vessel operator is strictly liable; or

(e) Feed a southern resident orca whale, for which any person feeding a southern resident orca whale is strictly liable.

(2) A person is exempt from subsection (1) of this section where:

(a) A reasonably prudent person in that person's position would determine that compliance with the requirements of subsection (1) of this section will threaten the safety of the vessel, the vessel's crew or passengers, or is not feasible due to vessel design limitations, or because the vessel is restricted in its ability to maneuver due to wind, current, tide, or weather;

(b) That person is lawfully participating in a commercial fishery and is engaged in actively setting, retrieving, or closely tending commercial fishing gear;

(c) That person is acting in the course of official duty for a state, federal, tribal, or local government agency; or

(d) That person is acting pursuant to and consistent with authorization from a state or federal government agency.

(3) It is an affirmative defense to a violation of subsection (1)(a), (b), and (c) of this section if the defendant can prove by a preponderance of the evidence that he or she did not knowingly approach or cause a vessel to approach within three hundred feet of a southern resident orca whale.

(4) For the purpose of this section, "vessel" means every description of watercraft on the water, including a seaplane, capable of being used as a means of transportation on the water.

(5) A violation of this section is a natural resource infraction punishable under chapter 7.84 RCW.

**NEW SECTION. Sec. 3.** The legislature encourages the state's law enforcement agencies to utilize existing statutes and regulations to protect southern resident orca whales from impacts from vessels, including the vessel operation and enforcement standards contained in chapter 79A.60 RCW.

**NEW SECTION. Sec. 4.** A new section is added to chapter 77.12 RCW to read as follows:

The department and the state parks and recreation commission shall disseminate information about section 2 of this act, whale and wildlife viewing guidelines, and other responsible wildlife viewing messages to educate Washington's citizens on how to reduce the risk of disturbing southern resident orca whales. The department and the state parks and recreation commission must, at minimum, disseminate this information on their internet sites and through appropriate agency publications, brochures, and other information sources. The department and the state parks and recreation commission shall also attempt to reach the state's boating community by coordinating with appropriate state and nongovernmental entities to provide this information at marinas, boat shows, boat dealers, during boating safety training courses, and in conjunction with vessel registration or licensing."

**SSB 6404** Prime Sponsor, Senate Committee on Human Services & Corrections: Modifying the process for designating regional support networks. Reported by Committee on Health Care & Wellness

Majority recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 71.24 RCW to read as follows:

In the event that an existing regional support network will no longer be contracting to provide services, it is the intent of the legislature to provide flexibility to the department to facilitate a stable transition which avoids disruption of services to consumers and families, maximizes efficiency and public safety, and maintains the integrity of the public mental health system. By granting this authority and flexibility, the legislature finds that the department will be able to maximize purchasing power within allocated resources and attract high quality organizations with optimal infrastructure to perform regional support network functions through competitive procurement processes. The legislature intends for the department of social and health services to partner with political subdivisions and other entities to provide quality, coordinated, and integrated services to address the needs of individuals with behavioral health needs.

Such exceptions are limited to:

**Sec. 5.** RCW 71.24.320 and 2006 c 333 s 202 are each amended to read as follows:

(1) ~~((The secretary shall initiate a procurement process for regional support networks in 2005. ~~chemical dependency treatment system, and the ability to provide the full array of services as stated in the mental health state plan, and shall meet all applicable federal and state regulations and standards. An existing regional support network shall be awarded the contract with the department if it substantially meets the requirements of the request for qualifications developed by the department.~~

~~—(2)(a)) If an existing regional support network chooses not to respond to ~~((the))~~ a request for qualifications, or is unable to substantially meet the requirements of ~~((the))~~ a request for qualifications, or notifies the department of social and health services it will no longer serve as a regional support network, the department shall utilize a procurement process in which other entities recognized by the secretary may bid to serve as the regional support network ~~((in that region. The procurement process shall begin with a request for proposals issued March 1, 2006)).~~~~

~~(((+))) (a) The request for proposal shall include a scoring factor for proposals that include additional financial resources beyond that provided by state appropriation or allocation.~~

~~(((+))) (ii) Regional support networks that substantially met the requirements of the request for qualifications may bid to serve as the regional support network for other regions of the state that are subject to the request for proposal process. The proposal shall be evaluated on whether the bid meets the threshold requirement for the new region and shall not subject the regional support networks' original region to the request for proposal.~~

~~—(b) Prior to final evaluation and scoring of the proposals all respondents will be provided with an opportunity for a detailed briefing by the department regarding the deficiencies in the proposal and shall be provided an opportunity to clarify information previously submitted.)~~

~~(b) The department shall provide detailed briefings to all bidders in accordance with department and state procurement policies.~~

~~(c) The request for proposal shall also include a scoring factor for proposals submitted by nonprofit entities that include a component to maximize the utilization of state provided resources and the leverage of other funds for the support of mental health services to persons with mental illness.~~

~~(2) A regional support network that voluntarily terminates, refuses to renew, or refuses to sign a mandatory amendment to its contract to act as a regional support network is prohibited from responding to a procurement under this section or serving as a regional support network for five years from the date that the department signs a contract with the entity that will serve as the regional support network.~~

**Sec. 6.** RCW 71.24.330 and 2006 c 333 s 203 are each amended to read as follows:

(2) The regional support network procurement processes shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. However, a regional support network selected through the procurement process is not required to contract for services with any county-owned or operated facility. The regional support network procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the regional support network does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices;

(d) Maintain the decision-making independence of designated mental health professionals;

(e) Except at the discretion of the secretary or as specified in the biennial budget, require regional support networks to pay the state for the costs associated with individuals who are being served on the grounds of the state hospitals and who are not receiving long-term inpatient care as defined in RCW 71.24.025; ~~((and))~~

(f) Include a negotiated alternative dispute resolution clause; and

(g) Include a provision requiring either party to provide the one hundred eighty days' advance notice of its intent to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to act as a regional support network.

2SSB 6483 Prime Sponsor, Senate Committee on Ways & Means: Enacting the local farms-healthy kids act. Reported by Committee on Agriculture & Natural Resources

Majority recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. FINDINGS AND INTENT.** (1) The legislature recognizes that the benefits of local food production include stewardship of working agricultural lands; direct and indirect jobs in agricultural production, food processing, tourism, and support industries; energy conservation and greenhouse gas reductions; and increased food security through access to locally grown foods.

(2) The legislature finds there is a direct correlation between adequate nutrition and a child's development and school performance. Children who are hungry or malnourished are at risk of lower achievement in school.

(3) The legislature further finds that adequate nutrition is also necessary for the physical health of adults, and that some communities have limited access to healthy fruits and vegetables and quality meat and dairy products, a lack of which may lead to high rates of diet-related diseases.

(4) The legislature believes that expanding market opportunities for Washington farmers will preserve and strengthen local food production and increase the already significant contribution that agriculture makes to the state and local economies.

(5) The legislature finds that the state's existing procurement requirements and practices may inhibit the purchase of locally produced food.

(6) The legislature intends that the local farms-healthy kids act strengthen the connections between the state's agricultural industry and the state's food procurement procedures in order to expand local agricultural markets, improve the nutrition of children and other at-risk consumers, and have a positive impact on the environment.

**NEW SECTION. Sec. 2.** A new section is added to chapter 15.64 RCW to read as follows:

**FARM-TO-SCHOOL PROGRAM.** (1) A farm-to-school program is created within the department to facilitate increased procurement of Washington grown food by the common schools.

(2) The department, in consultation with the department of health, the office of the superintendent of public instruction, the department of general administration, and Washington State University, shall, in order of priority:

(a) Identify and develop policies and procedures to implement and evaluate the farm-to-school program, including coordinating with school procurement officials, buying cooperatives, and other appropriate organizations to develop uniform procurement procedures and materials, and practical recommendations to facilitate the purchase of Washington grown food by the common schools. These policies, procedures, and recommendations shall be made available to school districts to adopt at their discretion;

(b) Assist food producers, distributors, and food brokers to market Washington grown food to schools by informing them of

food procurement opportunities, bid procedures, school purchasing criteria, and other requirements;

(c) Assist schools in connecting with local producers by informing them of the sources and availability of Washington grown food as well as the nutritional, environmental, and economic benefits of purchasing Washington grown food;

(d) Identify and recommend mechanisms that will increase the predictability of sales for producers and the adequacy of supply for purchasers;

(e) Identify and make available existing curricula, programs and publications that educate students on the nutritional, environmental, and economic benefits of preparing and consuming locally grown food;

(f) Support efforts to advance other farm-to-school connections such as farmers markets on school grounds, school gardens, and farm visits; and

(g) As resources allow, seek additional funds to leverage state expenditures.

(3) The department in cooperation with the office of the superintendent of public instruction shall collect data on the activities conducted pursuant to this act and communicate such data biennially to the appropriate committees of the legislature beginning November 15, 2009. Data collected may include the numbers of schools and farms participating and any increases in the procurement of Washington grown food by the common schools.

(4) As used in this section, RCW 43.19.1905, 43.19.1906, 28A.335.190, and section 3 of this act, "Washington grown" means grown and packed or processed in Washington.

**NEW SECTION. Sec. 3.** A new section is added to chapter 28A.235 RCW to read as follows:

**WASHINGTON GROWN FRESH FRUIT AND VEGETABLE GRANTS.** (1) The Washington grown fresh fruit and vegetable grant program is created in the office of the superintendent of public instruction. The purpose of the program is to facilitate consumption of Washington grown nutritious snacks in order to improve student health and expand the market for locally grown fresh produce.

(2) For purposes of this section, "fresh fruit and vegetables" includes perishable produce that is unprocessed, minimally processed, frozen, dried, or otherwise prepared, stored, and handled to maintain its fresh nature while providing convenience to the user. Producing minimally processed food involves cleaning, washing, cutting, or portioning.

(3) The program shall increase the number of school children with access to Washington grown fresh fruits and vegetables and shall be modeled after the United States department of agriculture fresh fruit and vegetable program, as described in 42 U.S.C. Sec. 1769(g). Schools receiving funds under the federal program are not eligible for grants under the Washington grown fresh fruit and vegetable grant program.

(4)(a) To the extent that state funds are appropriated specifically for this purpose, the office of the superintendent of public instruction shall solicit applications, conduct a competitive process, and make one or two-year grants to a mix of urban and rural schools to enable eligible schools to provide free Washington grown fresh fruits and vegetables throughout the school day.

(b) When evaluating applications and selecting grantees, the superintendent of public instruction shall consider and prioritize the following factors:

(i) The applicant's plan for ensuring the use of Washington grown fruits and vegetables within the program;

(ii) The applicant's plan for incorporating nutrition, agricultural stewardship education, and environmental education into the snack program;

(iii) The applicant's plan for establishing partnerships with state, local, and private entities to further the program's objectives, such as helping the school acquire, handle, store, and distribute Washington grown fresh fruits and vegetables.

(5)(a) The office of the superintendent of public instruction shall give funding priority to applicant schools with any of grades kindergarten through eight that: Participate in the national school lunch program and have fifty percent or more of their students

eligible for free or reduced price meals under the federal national school lunch act, 42 U.S.C. Sec. 1751 et seq.

(b) If any funds remain after all eligible priority applicant schools have been awarded grants, the office of the superintendent of public instruction may award grants to applicant schools having less than fifty percent of the students eligible for free or reduced price meals.

(6) The office of the superintendent of public instruction may adopt rules to carry out the grant program.

(7) With assistance from the Washington department of agriculture, the office of the superintendent of public instruction shall develop and track specific, quantifiable outcome measures of the grant program such as the number of students served by the program, the dollar value of purchases of Washington grown fruits and vegetables resulting from the program, and development of state, local, and private partnerships that extend beyond the cafeteria.

(8) As used in this section, "Washington grown" has the definition in section 2 of this act.

**Sec. 4.** RCW 43.19.1905 and 2002 c 299 s 5 and 2002 c 285 s 1 are each reenacted and amended to read as follows:

~~((8))~~ (h) Screening of supplies, material, and equipment excess to the requirements of one agency for overall state need before sale as surplus;

~~((9))~~ (i) Establishment of warehouse operation and storage standards to achieve uniform, effective, and economical stores operations;

~~((+1))~~ (k) Formulation of criteria for determining when centralized rather than decentralized purchasing shall be used to obtain maximum benefit of volume buying of identical or similar items, including procurement from federal supply sources;

~~((+2))~~ (l) Development of criteria for use of leased, rather than state owned, warehouse space based on relative cost and accessibility;

~~((+3))~~ (m) Institution of standard criteria for purchase and placement of state furnished materials, carpeting, furniture, fixtures, and nonfixed equipment, in newly constructed or renovated state buildings;

Sec. 2002);

~~((+1))~~ (u) Development of goals for state use of recycled or environmentally preferable products through specifications for products and services, processes for requests for proposals and requests for qualifications, contractor selection, and contract negotiations;

(v) Development of food procurement procedures and materials that encourage and facilitate the purchase of Washington grown food by state agencies and institutions to the maximum extent practicable and consistent with international trade agreement commitments; and

(w) Development of policies requiring all food contracts to include a plan to maximize to the extent practicable and consistent with international trade agreement commitments the availability of Washington grown food purchased through the contract.

(2) As used in this section, "Washington grown" has the definition in section 2 of this act.

**Sec. 5.** RCW 43.19.1906 and 2006 c 363 s 1 are each amended to read as follows:

Insofar as practicable, all purchases and sales shall be based on competitive bids, and a formal sealed, electronic, or web-based bid procedure, subject to RCW 43.19.1911, shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director and under the powers granted by RCW 43.19.190 through 43.19.1939. This requirement also applies to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190 or under RCW 28B.10.029. However, formal sealed, electronic, or web-based competitive bidding is not necessary for:

(1) Emergency purchases made pursuant to RCW 43.19.200 if the sealed bidding procedure would prevent or hinder the emergency from being met appropriately;

(2) Purchases not exceeding thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management: PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the thirty-five thousand dollar bid limitation, or subsequent bid limitations as calculated by the office of financial management: PROVIDED FURTHER, That the state purchasing and material control director is authorized to reduce the formal sealed bid limits of thirty-five thousand dollars, or subsequent limits

as calculated by the office of financial management, to a lower dollar amount for purchases by individual state agencies if considered necessary to maintain full disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in purchasing and material control. Quotations from three thousand dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. The agency shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. A record of competition for all such purchases from three thousand dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be documented for audit purposes. Purchases up to three thousand dollars may be made without competitive bids based on buyer experience and knowledge of the market in achieving maximum quality at minimum cost;

(3) Purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation;

(4) Purchases of insurance and bonds by the risk management division under RCW 43.41.310;

(5) Purchases and contracts for vocational rehabilitation clients of the department of social and health services: PROVIDED, That this exemption is effective only when the state purchasing and material control director, after consultation with the director of the division of vocational rehabilitation and appropriate department of social and health services procurement personnel, declares that such purchases may be best executed through direct negotiation with one or more suppliers in order to expeditiously meet the special needs of the state's vocational rehabilitation clients;

(6) Purchases by universities for hospital operation or biomedical teaching or research purposes and by the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans' institutions as defined in RCW 72.36.010 and 72.36.070, made by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations;

(7) Purchases for resale by institutions of higher education to other than public agencies when such purchases are for the express purpose of supporting instructional programs and may best be executed through direct negotiation with one or more suppliers in order to meet the special needs of the institution;

(8) Purchases by institutions of higher education not exceeding thirty-five thousand dollars: PROVIDED, That for purchases between three thousand dollars and thirty-five thousand dollars quotations shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. For purchases between three thousand dollars and thirty-five thousand dollars, each institution of higher education shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. A record of competition for all such purchases made from three thousand to thirty-five thousand dollars shall be documented for audit purposes; ~~((and))~~

(9) Off-contract purchases of Washington grown food when such food is not available from Washington sources through an existing contract. However, Washington grown food purchased under this subsection must be of an equivalent or better quality than similar food available through the contract and be able to be paid from the agency's existing budget. This requirement also applies to purchases and contracts for purchases executed by state agencies, including institutions of higher education, under delegated authority granted in accordance with RCW 43.19.190 or under RCW 28B.10.029; and

(10) Negotiation of a contract by the department of transportation, valid until June 30, 2001, with registered tow truck operators to provide roving service patrols in one or more Washington state patrol tow zones whereby those registered tow truck operators wishing to participate would cooperatively, with the department of transportation, develop a demonstration project upon terms and conditions negotiated by the parties.

Beginning on July 1, 1995, and on July 1<sup>st</sup> of each succeeding odd-numbered year, the dollar limits specified in this section shall be adjusted as follows: The office of financial management shall calculate such limits by adjusting the previous biennium's limits by the appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded to the nearest one hundred dollars. However, the three thousand dollar figure in subsections (2) and (8) of this section may not be adjusted to exceed five thousand dollars.

**SSB 6510** Prime Sponsor, Senate Committee on Ways & Means: Providing a funding source to assist small manufacturers in obtaining innovation and modernization extension services. Reported by Committee on Community & Economic Development & Trade

Majority recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that a viable manufacturing industry is critical to providing the state economy with family-wage jobs and improving the quality of life for workers and communities. To perform in the emerging global marketplace, Washington manufacturers must master new technologies, streamline production processes, improve quality assurance, expand environmental compliance, and enhance methods of work organization. Only through innovation and modernization techniques, reflecting the specific needs and capabilities of the individual firms, can Washington manufacturers both compete successfully in the market of the future and pay good living wages.

Most small and midsize manufacturers do not have the resources that will allow them to easily access innovation and modernization technical assistance and the skills training needed to make them globally competitive. Because of the statewide public benefit to be gained from increasing the availability of innovation and modernization services, it is the intent of the legislature to create a new mechanism in a manner that reduces the up-front costs of these services for small and midsize manufacturing firms. It is further the intent of the legislature that Washington state increase its support for the federal manufacturing extension partnership program, to expand the delivery of innovation and modernization services to small and midsize Washington manufacturers, and to leverage federal funding and private resources devoted to such efforts.

The successful implementation of innovation and modernization services will enable a manufacturing firm to reduce costs, increase sales, become more profitable, and ultimately expand job opportunities for Washington citizens. Such growth will result in increased revenue from the state business and occupation taxes paid by manufacturers who have engaged in innovation and modernization services.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Costs of extension services" and "extension service costs" mean the direct costs experienced under a contract with a qualified manufacturing extension partnership affiliate for modernization extension services, including but not limited to amounts in the contract for costs of consulting, instruction, materials, equipment, rental of class space, marketing, and overhead.

(2) "Department" means the department of community, trade, and economic development.

(3) "Director" means the director of the department of community, trade, and economic development.

(4) "Innovation and modernization extension voucher" and "voucher" mean an instrument issued to a successful applicant from the department, verifying that funds from the manufacturing innovation and modernization account will be forwarded to the qualified manufacturing extension partnership affiliate selected by the participant and will cover identified costs of extension services.

(5) "Innovation and modernization extension services" and "service" mean a service funded under this chapter and performed by a qualified manufacturing extension partnership affiliate. The services may include but are not limited to strategic planning, continuous improvement, business development, six sigma, quality improvement, environmental health and safety, lean processes, energy management, innovation and product development, human

resources and training, supply chain management, and project management.

(6) "Outreach services" means those activities performed by an affiliate to either assess the technical assistance needs of Washington manufacturers or increase manufacturers' awareness of the opportunities and benefits of implementing cutting edge technology, techniques, and best practices. "Outreach services" includes but is not limited to salaries of outreach staff, needs assessments, client follow-up, public educational events, manufacturing orientated trade shows, electronic communications, newsletters, advertising, direct mail efforts, and contacting business organizations for names of manufacturers who might need assistance.

(7) "Program" means the Washington manufacturing innovation and modernization extension service program created in section 3 of this act.

(8) "Program participant" and "participant" mean an applicant for assistance under the program that has received a voucher or a small manufacturer receiving services through an industry association or cluster association that has received a voucher.

(9) "Qualified manufacturing extension partnership affiliate" and "affiliate" mean a private nonprofit organization established under RCW 24.50.010 or other organization that is eligible or certified to receive federal matching funds from the national institute of standards and technology manufacturing extension partnership program of the United States department of commerce.

The department shall only allocate up to sixty percent of available funding during the first year of a biennium.

(b) Applicants must:

Insofar as the provisions of this chapter are inconsistent with the provisions of any general or special law, or parts thereof, the provisions of this chapter shall be controlling.

**NEW SECTION. Sec. 5.** (1) The manufacturing innovation and modernization account is created in the state treasury. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may be used only for funding activities of the Washington manufacturing innovation and modernization extension services program created in section 3 of this act.

(3) All payments by a program participant in the Washington manufacturing innovation and modernization extension services program created in section 3 of this act shall be deposited into the manufacturing innovation and modernization account. Of the total payments deposited into the account by program participants, the department may use up to three percent for administration of this program. The deposit of payments under this section from a program participant cease when the department specifies that the program participant has met the monetary contribution obligations of the program.

(4) All revenue solicited and received under the provisions of section 3(3) of this act shall be deposited into the manufacturing innovation and modernization account.

(5) The legislature intends that all payments from the manufacturing innovation and modernization account made to qualified manufacturing extension partnership affiliates will be eligible as the state match in an affiliate's application for federal matching funds under the manufacturing extension partnership program of the United States department of commerce's national institute of standards and technology.

**NEW SECTION. Sec. 6.** Any qualified manufacturing extension partnership affiliate receiving funding under the program shall collect and submit to the department annually data on the number of clients served, the scope of services provided, and outcomes achieved during the previous calendar year. **SSB 6527** Prime Sponsor, Senate Committee on Judiciary: Addressing the failure to transfer motor vehicle title and registration. Reported by Committee on Public Safety & Emergency Preparedness

Majority recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.12.101 and 2007 c 96 s 1 are each amended to read as follows:

A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1)(a) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee's driver's license number if available, and such description of the vehicle, including the vehicle identification number, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller's report of sale to the department. Reports of sale processed and recorded by the department's agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b). By January 1, 2003, the department shall create a system enabling the seller of a vehicle to transmit the report of sale electronically. The system created by the department must immediately indicate on the department's vehicle record that a seller's report of sale has been filed.

(b) By January 1, 2008, the department shall provide instructions on release of interest forms that allow the seller of a vehicle to release his or her interest in a vehicle at the same time a financial institution, as defined in RCW 30.22.040, releases ~~(their)~~ its lien on the vehicle.

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department accompanied by a fee of five dollars in addition to any other fees required.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer

was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner's assignment from the transferee, it shall transmit the transferee's application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

- (a) The department requesting additional supporting documents;
- (b) Extended hospitalization or illness of the purchaser;
- (c) Failure of a legal owner to release his or her interest;
- (d) Failure, negligence, or nonperformance of the department, auditor, or subagent;
- (e) The transferee had no knowledge of the filing of the vehicle report of sale and signs an affidavit to the fact.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor and a continuing offense for each day during which the purchaser or transferee does not make application to transfer the certificate of ownership and license registration. Despite the continuing nature of this offense, it shall be considered a single offense, regardless of the number of days that have elapsed following the forty-five day time period.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer.

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller's report has been received but no transfer of title has taken place."

**Sec. 4.** RCW 70.96B.020 and 2005 c 504 s 203 are each amended to read as follows:

(1) The secretary, after consulting with the Washington state association of counties, shall select and contract with regional support networks or counties to provide two integrated crisis response and involuntary treatment pilot programs for adults and shall allocate resources for both integrated services and secure detoxification services in the pilot areas. In selecting the two regional support networks or counties, the secretary shall endeavor to site one in an urban and one in a rural regional support network or county; and to site them in counties other than those selected pursuant to RCW 70.96A.800, to the extent necessary to facilitate evaluation of pilot project results. Within funds provided for this specific purpose, the secretary may contract with additional regional support networks or counties to provide integrated crisis response and involuntary treatment pilot programs to adults.

(2) The regional support networks or counties shall implement the pilot programs by providing integrated crisis response and involuntary treatment to persons with a chemical dependency, a mental disorder, or both, consistent with this chapter. The pilot programs shall:

(a) Combine the crisis responder functions of a designated mental health professional under chapter 71.05 RCW and a designated chemical dependency specialist under chapter 70.96A RCW by establishing a new designated crisis responder who is authorized to conduct investigations and detain persons up to seventy-two hours to the proper facility;

(b) Provide training to the crisis responders as required by the department;

(c) Provide sufficient staff and resources to ensure availability of an adequate number of crisis responders twenty-four hours a day, seven days a week;

(d) Provide the administrative and court-related staff, resources, and processes necessary to facilitate the legal requirements of the initial detention and the commitment hearings for persons with a chemical dependency;

(e) Participate in the evaluation and report to assess the outcomes of the pilot programs including providing data and information as requested;

(f) Provide the other services necessary to the implementation of the pilot programs, consistent with this chapter as determined by the secretary in contract; and

(g) Collaborate with the department of corrections where persons detained or committed are also subject to supervision by the department of corrections.

(3) The pilot programs established by this section shall begin providing services by March 1, 2006.

**Sec. 5.** RCW 70.96B.050 and 2007 c 120 s 1 are each amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, chemical dependency disorder, or both, presents a likelihood of serious harm or is gravely disabled, the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at either an evaluation and treatment facility, a detoxification facility, or other certified chemical dependency provider.

(2)(a) An order to detain to an evaluation and treatment facility, a detoxification facility, or other certified chemical dependency provider for not more than a seventy-two hour evaluation and treatment period may be issued by a judge upon request of a designated crisis responder: (i) Whenever it appears to the satisfaction of a judge of the superior court, district court, or other court permitted by court rule, that there is probable cause to support the petition, and (ii) that the person has refused or failed to accept appropriate evaluation and treatment voluntarily.

(b) The petition for initial detention, signed under penalty of perjury or sworn telephonic testimony, may be considered by the court in determining whether there are sufficient grounds for issuing the order.

(c) The order shall designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(3) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order to appear, together with a notice of rights and a petition for initial detention. After service on the person, the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility or secure detoxification facility and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider. If requested by the detained person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may be continued subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours. The person may be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other person accompanying the person may be present during the admission evaluation. The facility may exclude the person if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(4) The designated crisis responder may notify a peace officer to take the person or cause the person to be taken into custody and placed in an evaluation and treatment facility, a secure detoxification facility, or other certified chemical dependency provider. At the time the person is taken into custody there shall commence to be served on the person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of detention, a notice of rights, and a petition for initial detention.

**Sec. 6.** RCW 70.96B.100 and 2005 c 504 s 211 are each amended to read as follows:

~~(If a person is detained for additional treatment beyond fourteen days under RCW 70.96B.090, the professional staff of the agency or facility may petition for additional treatment under RCW 70.96A.140.)~~ (1) A person detained for fourteen days of involuntary chemical dependency treatment under RCW 70.96B.090 or subsection (6) of this section shall be released from involuntary treatment at the expiration of the period of commitment unless the professional staff of the agency or facility files a petition for an additional period of involuntary treatment under RCW 70.96A.140, or files a petition for sixty days less restrictive treatment under this section naming the detained person as a respondent. Costs associated with the obtainment or revocation of an order for less restrictive treatment and subsequent involuntary commitment shall be provided for within current funding.

(2) A petition for less restrictive treatment must be filed at least three days before expiration of the fourteen-day period of intensive treatment, and comport with the rules contained in RCW 70.96B.090(2). The petition shall state facts that support the finding that the respondent, as a result of a chemical dependency, presents a likelihood of serious harm or is gravely disabled, and that continued treatment pursuant to a less restrictive order is in the best interest of the respondent or others. At the time of filing such a petition, the clerk shall set a time for the respondent to come before the court on the next judicial day after the day of filing unless such appearance is waived by the respondent's attorney.

(3) At the time set for appearance the respondent must be brought before the court, unless such appearance has been waived and the court shall advise the respondent of his or her right to be represented by an attorney. If the respondent is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent the respondent. The court shall, if requested, appoint a reasonably available licensed physician, psychologist, or psychiatrist, designated by the respondent to examine and testify on behalf of the respondent.

(4) The court shall conduct a hearing on the petition for sixty days less restrictive treatment on or before the last day of the confinement period. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The respondent shall be present at such proceeding. The rules of evidence shall apply, and the respondent shall have the right to present evidence on his or her behalf, to cross-examine witnesses who testify against him or her, to remain silent, and to view and copy all petitions and reports in the court file. The physician-patient privilege or the psychologist-client privilege shall be deemed waived in accordance with the provisions under RCW 71.05.360(9). Involuntary treatment shall continue while a petition for less restrictive treatment is pending under this section.

(5) The court may impose a sixty-day less restrictive order if the evidence shows that the respondent, as a result of a chemical dependency, presents a likelihood of serious harm or is gravely disabled, and that continued treatment pursuant to a less restrictive order is in the best interest of the respondent or others. The less restrictive order may impose treatment conditions and other conditions which are in the best interest of the respondent and others. A copy of the less restrictive order shall be given to the respondent, the designated crisis responder, and any program designated to provide less restrictive treatment. A program designated to provide less restrictive treatment and willing to supervise the conditions of the less restrictive order may modify the conditions for continued release when the modification is in the best interests of the respondent, but must notify the designated crisis responder and the court of such modification.

(6) If a program approved by the court and willing to supervise the conditions of the less restrictive order or the designated crisis responder determines that the respondent is failing to adhere to the terms of the less restrictive order or that substantial deterioration in the respondent's functioning has occurred, then the designated crisis responder shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the respondent should be returned to more restrictive care. The

designated crisis responder may cause the respondent to be immediately taken into custody of the secure detoxification facility pending the hearing if the alleged noncompliance causes an imminent risk to the safety of the respondent. The designated crisis responder shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The respondent shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released respondent did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the respondent's functioning has occurred and whether the condition of release should be modified or the respondent should be returned to a more restrictive setting. The hearing may be waived by the respondent and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. If court finds in favor of the petitioner, or the respondent waives a hearing, the court may order the respondent to be committed to a secure detoxification facility for fourteen days of involuntary chemical dependency treatment, or may order the respondent to be returned to less restrictive treatment on the same or modified conditions.

(a) The administration of antipsychotic medication or electroconvulsant therapy shall not be ordered unless the petitioning party proves by clear, cogent, and convincing evidence that there exists a compelling state interest that justifies overriding the patient's lack of consent to the administration of antipsychotic medications or electroconvulsant therapy, that the proposed treatment is necessary and effective, and that medically acceptable alternative forms of treatment are not available, have not been successful, or are not likely to be effective.

(b) The court shall make specific findings of fact concerning: (i) The existence of one or more compelling state interests; (ii) the necessity and effectiveness of the treatment; and (iii) the person's desires regarding the proposed treatment. If the patient is unable to make a rational and informed decision about consenting to or refusing the proposed treatment, the court shall make a substituted judgment for the patient as if he or she were competent to make such a determination.

(e) Any person detained pursuant to RCW 71.05.320~~((2))~~ (3), who subsequently refuses antipsychotic medication, shall be entitled to the procedures set forth in ~~((RCW 71.05.217(7)))~~ this subsection.

(f) Antipsychotic medication may be administered to a nonconsenting person detained or committed pursuant to this chapter without a court order pursuant to RCW 71.05.215(2) or under the following circumstances:

(i) A person presents an imminent likelihood of serious harm;

(ii) Medically acceptable alternatives to administration of antipsychotic medications are not available, have not been successful, or are not likely to be effective; and

(iii) In the opinion of the physician or psychiatric advanced registered nurse practitioner with responsibility for treatment of the person, or his or her designee, the person's condition constitutes an emergency requiring the treatment be instituted before a judicial hearing as authorized pursuant to this section can be held.

If antipsychotic medications are administered over a person's lack of consent pursuant to this subsection, a petition for an order authorizing the administration of antipsychotic medications shall be filed on the next judicial day. The hearing shall be held within two judicial days. If deemed necessary by the physician or psychiatric advanced registered nurse practitioner with responsibility for the treatment of the person, administration of antipsychotic medications may continue until the hearing is held;

WHEREAS, Colorectal cancer is second to lung cancer in the number of deaths it causes in the United States; and

WHEREAS, In the United States alone, over 100,000 people are diagnosed with and over 49,000 people die of colorectal cancer every year; and

WHEREAS, It is estimated that in Washington State 2,800 people are diagnosed with and 940 people will die every year of colorectal cancer; and

WHEREAS, Colorectal cancer can affect anyone of any age, race, or sex; nine out of ten diagnoses will occur in people aged 50 and older; men are slightly more likely to be diagnosed with colorectal cancer than women; and African-Americans are 10% more likely to be diagnosed with colorectal cancer than Caucasians and 30% more likely to die of the disease; and

WHEREAS, Colorectal cancer starts with a growth (polyp) that is not cancer; screening can find and remove these growths before they develop into cancer; early detection is the best defense against this devastating disease; and regular screening can prevent over half of all colorectal cancer deaths; and

WHEREAS, The American Cancer Society recommends all people be screened starting at age 50 or earlier if you have a family history of colon cancer or polyps; and

WHEREAS, Despite its high rate of incidence, colorectal cancer is one of the most detectable forms of cancer, and, if found early enough, one of the most treatable forms of cancer; and

WHEREAS, Ninety percent of those diagnosed early, while the cancer is still localized, survive more than five years, but sadly, only 37% of all colorectal cancers are detected early enough for survival to occur; and

WHEREAS, When colorectal cancer is diagnosed at a more advanced stage, having spread to the surrounding region, the five-year survival rate drops from 90% to 65%, and when diagnosed at an advanced stage, having spread to distant organs, the five-year survival rate is only 9%; and

WHEREAS, Early detection is still our best defense against this devastating disease and regular screening can prevent over half of all colorectal cancer deaths in the United States, yet, a majority of Americans are not being screened on a regular basis early enough to catch the cancer while it is still localized; and

WHEREAS, In a recent survey, the Centers for Disease Control found that only 40% of all Americans reported having ever used the most basic of screening methods and just 42% reported having used a more advanced screening, compared to 85% of all women who had been screened for breast cancer; and

WHEREAS, Low screening rates for colorectal cancer are due to many factors, including a lack of public awareness about colorectal cancer and of the benefits of regular screening, negative attitudes towards the screening procedures, the complete lack of symptoms in most cases, and the absence of social support for openly discussing and doing something about this particular disease; and

WHEREAS, The United States Senate has designated March as National Colorectal Cancer Awareness Month;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State House of Representatives commend the American Cancer Society for its outstanding work in creating public awareness about colorectal cancer and the benefits of regular screening and urge the citizens of this state to celebrate the month of March as Colorectal Cancer Awareness Month, and to become more aware of the risks regarding this disease and the need to get regular screenings for colorectal cancer; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Chief Clerk of the House of Representatives to the American Cancer Society.

**"NEW SECTION. Sec. 5.** A new section is added to chapter 47.01 RCW to read as follows:

The department shall use the process described under subsections (1) through (6) of this section for the state route number 520 bridge replacement project. The department shall determine which steps have already been completed and begin at the appropriate step in the process described in this section.

(1) Step 1: Conceptual description. The department shall identify project purposes, the approximate location or alternative locations, the federal, state, and local agencies that might have authority to review and approve the project or portions of the project at any such locations, a preliminary interagency communication list identifying agencies that may be interested in the proposed project, and, where known, contact persons in such agencies. If the department intends to proceed with step 2 or abandon the project, it

may complete this step by: (a) Providing a summary of the outcome to all agencies on the interagency communication list; and (b) making the summary available to the public.

(2) Step 2: Early involvement of other agencies.

(a) At any time after completing step 1, the department shall provide notice to all agencies on the interagency communication list and the public. Within thirty days, or a longer period of time if specified by the department, each state, local, and federal agency must be encouraged to identify:

(i) A primary contact person to coordinate future communications with the department and other interested agencies regarding the project, or indicate that it has no interest in the project and does not need to remain on the project information list;

(ii) Its role with respect to the proposed project;

(iii) Additional alternative locations the department should consider and the roles it would expect to have with the project at those locations;

(iv) Other agencies it believes should be added to the interagency communication list for the project; and

(v) Other information it requests the department to consider.

(b) After all state and local agencies on the interagency communication list have responded, or at least ten days after the expiration of the specified response time, the department may complete this step by: (i) Proposing one or more conceptual designs for the project at a proposed location and any alternative locations then being considered; (ii) providing a summary of the results of this step, including a statement that the department considers this step to be complete or complete except for specified issues remaining to be resolved with specified agencies, to all agencies on the interagency communication list; and (iii) making the summary available to the public.

(3) Step 3: Identify environmental reviews, permits, and other approvals, application procedures, and decision standards.

(a) At any time after completing step 2, the department may initiate this step by providing notice to all agencies on the interagency communication list and the public. This notice may include a threshold determination on whether an environmental impact statement or supplemental environmental impact statement will be prepared or an environmental checklist and request for comments on what steps should be taken to comply with chapter 43.21C RCW. Within thirty days, or a longer period of time if specified by the department, each state, local, and federal agency must be encouraged to identify:

(i) The procedures under which it expects environmental reviews of the project to occur;

(ii) All permits and other approvals it might require for the project at each alternative location and conceptual design;

(iii) What is needed for the department to file a complete application for each permit or other approval;

(iv) The laws, regulations, ordinances, and policies it would administer with respect to the project at each alternative location and conceptual design; and

(v) Other information it requests the department to consider in deciding whether, when, where, or how to proceed with the project.

(b) After all state and local agencies on the interagency communication list have responded, or at least ten days after the expiration of the specified response time, the department may complete this step by:

(i) Adopting a list of all environmental reviews, permits, and other approvals it believes are needed for the project under each alternative being considered;

(ii) Providing all agencies on the interagency communication list a copy of that list and a summary of the results of this step, including a statement that the department considers this step to be complete or complete except for specified issues remaining to be resolved with specified agencies; and

(iii) Making the list described under (b)(i) of this subsection and summary available to the public.

(c) The list described under (b)(i) of this subsection and summary are presumed to accurately identify all environmental reviews, permits, and other approvals needed for each alternative described, what is required for applications to be considered complete, and the standards under which applications will be reviewed and approved, unless an aggrieved agency or person files

objections within thirty days after the list and summary are distributed.

(4) Step 4: Tentative selection of a preferred alternative.

(a) At any time after completing step 3, the department may initiate this step by providing notice to all agencies on the interagency communication list and the public. This notice may be accompanied by a scoping notice for an environmental impact statement or supplemental environmental impact statement or, if available, be accompanied by a draft environmental impact statement or supplemental environmental impact statement. It also may be accompanied by the department's preliminary analysis of the advantages and disadvantages of each identified alternative, or other information that may be helpful to other interested agencies and the public in identifying advantages and disadvantages. Within fourteen days, or a longer period of time if specified by the department, each state, local, and federal agency must be encouraged to identify:

(i) For each identified alternative, the specific features it considers significant with respect to its role in environmental reviews, permits, or other approvals for the project, the reasons these features are significant, and any concerns it may have about the alternative because of potential adverse impacts of these features on resources or social policies within its jurisdiction;

(ii) For each feature for which it raises concerns, recommendations on how the potential adverse impacts could be avoided, minimized, and mitigated;

(iii) For each feature for which it raises concerns, an assessment of the relative ranking of each alternative with respect to whether and to what extent these concerns apply;

(iv) Recommendations it may have as to which alternatives should be retained or dropped from further consideration, and ways in which alternatives might be modified or combined to address its concerns, recognizing that (A) final decisions can be made only through the applicable environmental review, permit, and other approval processes and (B) the agency making these decisions is not bound with respect to any future decisions it may make regarding the project; and

(v) Other information it requests the department to consider in deciding whether, when, where, or how to proceed with the project.

(b) After all state and local agencies on the interagency communication list have responded, or at least ten days after the expiration of the specified response time, the department may complete this step by:

(i) Selecting a preferred alternative for purposes of all environmental reviews, permits, and other approvals needed for the project;

(ii) Providing all agencies on the interagency communication list with a description of the preferred alternative and summary of the results of this step, including a statement that the department considers this step to be complete or complete except for specified issues remaining to be resolved with specified agencies; and

(iii) Making the preferred alternative and summary available to the public. The preferred alternative must be identified in all environmental reviews, permits, and other approvals needed for the project.

(5) Step 5: Completing environmental reviews and applications for permits and other approvals.

(a) At any time after completing step 4, the department may initiate this step by providing notice to all agencies on the interagency communication list and the public. A draft environmental impact statement or supplemental environmental impact statement, the department's draft plans and specifications for the project, and draft applications for some or all permits and other approvals may be provided with the notice or when these materials subsequently become available. Within thirty days, or a longer period of time if specified by the department, each state, local, and federal agency must be encouraged to identify:

(i) All concerns it previously raised regarding the alternative, and other alternatives still under consideration, that have not been resolved to its satisfaction;

(ii) Additional concerns it may have, particularly concerns resulting from additional information about the project location and design and other new information received since the completion of step 4;

(iii) Additional environmental reviews, permits, or other approvals needed for the preferred alternative because of changes in laws, regulations, or policies, or changes in the project location or design, since these issues were last reviewed under step 3 or 4;

(iv) Changes in applicable requirements for complete applications for permits or other approvals under its jurisdiction since these issues were last reviewed under step 3 or 4;

(v) Other changes in applicable laws, regulations, ordinances, or policies administered by the agency since these issues were last reviewed under step 3 or 4; and

(vi) Whether a draft application proposed by the department for a permit or other approval from the agency is complete, and if not, what additional information or other changes are needed for it to be complete.

(b) When all state and local agencies on the interagency communication list have responded, or at least ten days after the expiration of the specified response time, the department may complete this step by:

(i) Completing some or all of the environmental review processes and draft application forms for permits and other approvals that it reasonably believes to be complete;

(ii) Providing all agencies on the interagency communication list with environmental review and application documents and a summary of the results of this step, including a statement that the department considers this step to be complete or complete except for specified issues remaining to be resolved with specified agencies; and

(iii) Making the completed environmental review documents and summary available to the public. The preferred alternative must be identified in all environmental reviews, permits, and other approvals needed for the project.

(c) If an interested agency or aggrieved person files objections within fourteen days after the preferred alternative and summary are distributed, the objections must be addressed in subsequent environmental reviews and agency decisions regarding the project.

(6) Step 6: Completing the environmental review, permit, and other approval processes.

(a) At any time after completing step 5, the department may initiate this step by providing notice to all agencies on the interagency communication list and the public and by filing applications for some or all permits and other approvals needed for the project. Within thirty days, or a longer period of time if specified by the department, each state, local, and federal agency must be encouraged to:

(i) Acknowledge receipt of draft environmental review documents and provide comments on these documents;

(ii) Acknowledge receipt of final environmental review documents and determine that these documents are adequate for purposes of their roles regarding the project or specify what additional information or changes are needed for these documents to be considered adequate;

(iii) Acknowledge receipt of each application filed and determine that the application is complete or specify what additional information or changes are needed for the application to be considered complete;

(iv) Acknowledge that the applications submitted will be processed under the laws, regulations, ordinances, and policies previously identified under steps 3, 4, and 5 or specify what changes have occurred in the governing standards that were in effect on the date a complete application was filed and, as a result, apply to the project;

(v) Identify the significant steps necessary for it to reach a final decision on applications and the estimated time needed for each step; and

(vi) Identify ways its decision-making process might be made more efficient and effective through additional coordination with other agencies, with any recommendations for such methods as joint solicitation and review of public comments and jointly conducting public hearings.

(b) This step may require an iterative process with several drafts of various environmental review documents and applications being considered and revised, and that changes in project location or design resulting from the permit decisions of one agency may require revising applications or reopening permit decisions of other agencies.

All state and local agencies are expected, and federal agencies are encouraged, to communicate and cooperate to minimize the number of iterations required and make the process as efficient and effective as possible. Unless significant new information is obtained, decisions made under this step should not be reopened except at the request of the department, and the most recent information available under steps 3, 4, and 5 should be presumed accurate until significant new information becomes available.

(c) If all environmental reviews have not been completed and all permits and other approvals have not been obtained within forty-five days after this step is initiated, the department, by providing notice to all agencies on the interagency communication list and the public, may set a deadline for completing reviews and decisions. At any time after the deadline, the department may terminate the coordination process of this section as to some or all of the reviews and decisions that are still not completed."

"NEW SECTION. **Sec. 1.** The legislature finds that the replacement of the vulnerable state route number 520 bridge is a matter of urgency for the safety of Washington's traveling public and

the needs of the transportation system in central Puget Sound. The state route number 520 bridge is forty-four years old and one hundred fifteen thousand vehicles travel on the bridge each day. There is an ever present likelihood that wind or an earthquake could suddenly destroy the bridge or render it unusable. Therefore, the state must develop a comprehensive approach to fund a state route number 520 bridge replacement to be constructed as quickly as possible.

The legislature further finds that one billion seven hundred million dollars in state and federal funding sources have been allocated to the SR 520 Bridge Replacement and HOV project. Therefore, all current resources must be used as efficiently as possible and constructing immediate improvements for SR 520 will provide safety and congestion relief benefits.

NEW SECTION. **Sec. 2.** A new section is added to chapter 82.32 RCW to read as follows:

The tax imposed and collected under chapters 82.08 and 82.12 RCW on the construction of the SR 520 Bridge Replacement and HOV project must be transferred to the project to defray the costs or pay debt service on that project.

NEW SECTION. **Sec. 3.** A new section is added to chapter 47.01 RCW to read as follows:

(1) The SR 520 Bridge Replacement and HOV project shall proceed in two phases. Phase one will provide immediate safety and congestion reduction benefits and phase two will provide additional improvements as funding becomes available. All improvements identified in this section shall be constructed on pontoons that provide capacity for six lanes and provide for additional lanes or dedicated right-of-way for high-capacity transportation without additional retrofitting or construction.

(2) Within existing resources allocated by the legislature to the SR 520 Bridge Replacement and HOV project, the department shall immediately proceed with design and construction of phase one of the SR 520 Bridge Replacement and HOV project. Phase one shall include the following elements:

(a) Replacement of the floating bridge with eight lanes or six lanes and dedicated right-of-way for high-capacity transportation;

(b) Replacement of over water approach structures from the Montlake interchange to 84th Avenue Northeast and elimination of the west side s-curve; and

**ESSB 5959** Prime Sponsor, Senate Committee on Ways & Means: Providing assistance to homeless individuals and families. (REVISED FOR ENGROSSED: Providing assistance to individuals and families who are homeless or at risk of being homeless. ) Reported by Committee on Housing

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** (1) The legislature finds that there is a large, unmet need for affordable housing and affordable housing assistance in the state of Washington, causing many low-income individuals and families to be at risk of homelessness. The legislature declares that a decent, appropriate, and affordable home in a healthy, safe environment for every household should be a state goal. Furthermore, this goal includes increasing the percentage of low-income households who are ultimately able to obtain and retain housing without government subsidies or other public support.

(2) The legislature finds that the state should provide financial resources as well as case management to help individuals and families at risk of homelessness obtain and retain housing and work towards a goal of self-sufficiency where possible.

(3) The legislature finds that there are many root causes of the affordable housing shortage and declares that it is critical that such causes be analyzed, effective solutions be developed, implemented, monitored, and evaluated, and that these causal factors be eliminated. The legislature also finds that there is a taxpayer and societal cost associated with a lack of jobs that pay self-sufficiency standard wages and a shortage of affordable housing, and that the state must identify and quantify that cost.

(4) The legislature finds that the support and commitment of all sectors of the statewide community is critical to accomplishing the state's affordable housing for all goal. The legislature finds that the provision of housing and housing-related services should be administered both at the state level and at the local level. However, the state should play a primary role in: Providing financial resources

to achieve the goal at all levels of government; researching, evaluating, benchmarking, and implementing best practices; continually updating and evaluating statewide housing data; developing a state plan that integrates the strategies, goals, objectives, and performance measures of all other state housing plans and programs; coordinating and supporting county government plans and activities; and directing quality management practices by monitoring both state and county government performance towards achieving interim and ultimate goals.

(5) The legislature declares that the systematic and comprehensive performance measurement and evaluation of progress toward interim goals and the immediate state affordable housing goal of a decent, appropriate, and affordable home in a healthy, safe environment for every household in the state by 2020 is a necessary component of the statewide effort to end the affordable housing crisis.

**NEW SECTION. Sec. 2.** This chapter may be known and cited as the Washington affordable housing for all act.

**NEW SECTION. Sec. 3.** There is created within the department the state affordable housing for all program. The goal of the program is a decent, appropriate, and affordable home in a healthy, safe environment for every household in the state by 2020. A priority must be placed upon achieving this goal for extremely low-income households as well as all households who are at risk of homelessness. This goal includes: (1) Increasing the percentage of households who access housing that is affordable for their income or wage level without government assistance by increasing the number of previously very low-income households who achieve self-sufficiency and economic independence; (2) providing financial assistance, either from the state or local resources to individuals and families at risk of homelessness, coupled with supportive services to assist families to ultimately achieve self-sufficiency whenever possible; and (3) implementing strategies to keep the rising price of housing for all economic segments to a rate less than that of the overall growth in wages for each economic segment. The department shall develop and administer the affordable housing for all program. Each county shall participate in the affordable housing for all program except as provided in section 8 of this act; however, in the development and implementation of the program scope and requirements at the county level, the department shall consider: The funding level to counties, number of county staff available to implement the program, and competency of each county to meet the goals of the program; and establish program guidelines, performance measures, and reporting requirements appropriate to the existing capacity of the participating counties.

(19) "Regulatory barriers to affordable housing" and "regulatory barriers" mean any public policies, including those embodied in statutes, ordinances, regulations, or administrative procedures or

processes, required to be identified by the state, cities, towns, or counties in connection with strategies under section 105(b)(4) of the Cranston-Gonzalez national affordable housing act (42 U.S.C. Sec. 12701 et seq.).

(20) "State affordable housing for all plan" or "state plan" means the plan developed by the department in collaboration with the affordable housing advisory board with the goal of ensuring that every household in Washington has a decent, appropriate, and affordable home in a healthy, safe environment by 2020.

**Sec. 5.** RCW 43.185B.040 and 1993 c 478 s 12 are each amended to read as follows:

(1) The department shall, in consultation with the affordable housing advisory board created in RCW 43.185B.020 (as recodified by this act), prepare and ~~((from time to time amend a five-year))~~ annually update a state affordable housing ((advisory)) for all plan with an ultimate goal of achieving a decent, appropriate, and affordable home in a healthy, safe environment for every household in the state by 2020. The state plan must also incorporate the strategies, objectives, goals, and performance measures of all other housing-related state plans, including the state homeless housing strategic plan required under RCW 43.185C.040 and all state housing programs. The state affordable housing for all plan may be combined with the state homeless housing strategic plan required under RCW 43.185C.040 or any other existing state housing plan as long as the requirements of all of the plans to be merged are met.

~~(2) The purpose of the state affordable housing for all plan is to:~~

~~(a) Document the need for affordable housing in the state, including the need amongst households at risk of homelessness, and the extent to which that need is being met through public and private sector programs((to));~~

~~(b) Outline the development of sound strategies and programs to provide affordable housing to all households;~~

~~(c) Establish, evaluate, and report upon performance measures, goals, and timelines that are determined by the department for the affordable housing for all program and the state and local affordable housing for all plans, as well as for all federal, state, and local housing programs and plans operated or coordinated by the department, including: (i) Federal block grant programs; (ii) the Washington housing trust fund; and (iii) all local surcharge funds collected with the purpose of addressing homelessness and affordable housing; and~~

~~(f) Specific recommendations, policies, or proposals for meeting the affordable housing needs of the state.~~

~~(2)) (3)(a) The department, in consultation with the affordable housing advisory board, shall develop recommendations for affordable housing for all program performance measures, short-term and long-term goals, and timelines, as well as information to be collected, analyzed, and reported upon in the state and local affordable housing for all plans. One performance measure must address the program's effectiveness in achieving the ultimate goal of~~

a decent, appropriate, and affordable home in a healthy, safe environment for every household in the state by 2020. Another specific performance measure must be to ensure that the rate of growth in the overall price of housing for each economic segment is less than that of the overall growth in wages for each economic segment. The department shall present its recommendations for additional performance measures to the appropriate committees of the legislature by December 31, 2008.

(b) Performance measures and other required plan components must be reviewed annually by the department after soliciting feedback from the affordable housing advisory board, appropriate committees of the legislature, and all county affordable housing for all task forces.

(c) The department may determine a timeline to implement and measure each performance measure for the state and county affordable housing for all programs, except that the state and all counties participating in the affordable housing for all program must implement and respond to all performance measures by January 1, 2011, unless the department determines that a performance measure is not applicable to a specific county based on parameters and thresholds established by the department.

(4) The ~~((five-year))~~ state affordable housing ~~((advisory))~~ for all plan required under ~~((subsection (1) of))~~ this section must be submitted to the appropriate committees of the legislature on or before ~~((February 1, 1994))~~ January 15, 2010, and subsequent updated plans must be submitted ~~((every five years))~~ by January 15th each year thereafter.

(5) To guide counties in preparation of county affordable housing for all plans required under section 7 of this act, the department shall issue, by December 31, 2009, guidelines for preparing county plans consistent with this chapter. County plans must include, at a minimum, the same information reporting and analysis on a local level and the same performance measures as the state plan.

(6) Each year, beginning in 2010, the department shall:

(a) Summarize key information from county plans, including a summary of local city and county housing program activities and a summary of legislative recommendations;

(b) Conduct annual performance evaluations of county plans; and

(c) Conduct annual performance evaluations of all counties according to their performance in achieving affordable housing goals stated in their plans.

(7) The department shall include a summary of county affordable housing for all plans and the results of performance evaluations in the state affordable housing for all plan beginning in 2010.

(8) Based on changes to the general population and in the housing market, the department may revise the performance measures and goals of the state affordable housing for all plan and set goals for years following December 31, 2020.

**NEW SECTION. Sec. 6.** Each county shall convene a county affordable housing task force. The task force must be a committee, made up of volunteers, created to prepare and recommend to the county legislative authority a county affordable housing for all plan and also to recommend appropriate expenditures of the affordable housing for all program funds provided for in RCW 36.22.178 (as recodified by this act) and any other sources directed to the county program. The county affordable housing task force must include a representative of the county, a representative from the city with the highest population in the county, a representative from all other cities in the county with a population greater than fifty thousand, a member representing beneficiaries of affordable housing programs, other members as may be required to maintain eligibility for federal funding related to housing programs and services, and a representative from both a private nonprofit organization and a private for-profit organization with experience in very low-income

housing. The task force may be the same as the homeless housing task force created in RCW 43.185C.160 or the same as another existing task force or other formal committee that meets the requirements of this section.

**NEW SECTION. Sec. 7.** (1) Each county shall direct its affordable housing task force to prepare and recommend to its county legislative authority a county affordable housing for all plan for its jurisdictional area. Each county shall adopt a county plan by June 30, 2010, and update the plan annually by June 30th thereafter. All plans must be forwarded to the department by the date of the adoption. County affordable housing for all plans may be combined with the local homeless housing plans required under RCW 43.185C.040, county comprehensive plans required under RCW 36.70A.040, or any other existing plan addressing housing within a county as long as the requirements of all of the plans to be merged are met. For counties required or choosing to plan under RCW 36.70A.040, county affordable housing for all plans must be consistent with the housing elements of comprehensive plans described in RCW 36.70A.070(2). County plans must also be consistent with any existing local homeless housing plan required in RCW 43.185C.050.

(2) County affordable housing for all plans must be primarily focused on (a) ensuring that every household, including those households at risk of homelessness, in the county jurisdictional area has a decent, appropriate, and affordable home in a healthy, safe environment by 2020 with a priority placed on achieving this goal for low-income households and (b) increasing the percentage of households, who receive assistance from the transitional housing operating and rent program created in section 12 of this act, who ultimately are able to access affordable housing without government assistance. County affordable housing for all plans must include:

(i) At a minimum, the same information, analysis, and performance measures as the state affordable housing for all plan, including information and performance measurement data, where available, on state supported housing programs and all city and county housing programs, including local housing-related levy initiatives, housing-related tax exemption programs, and federally funded programs operated or coordinated by local governments;

(ii) Information on the uses of the affordable housing for all surcharge as required in RCW 36.22.178(4) (as recodified by this act);

(iii) Information on the activities and accomplishments of the transitional housing operating and rent program, as required in section 12 of this act;

(iv) Timelines for the accomplishment of interim goals and targets, and for the acquisition of projected financing that is appropriate for outlined goals and targets;

(v) An identification of challenges to reaching the affordable housing for all goal;

(vi) A total estimated amount of funds needed to reach the local affordable housing for all goal and an identification of potential funding sources; and

(vii) State legislative recommendations to enable the county to achieve its affordable housing for all goals. Legislative recommendations must be specific and, if necessary, include an estimated amount of funding required and suggestions of an appropriate funding source.

**NEW SECTION. Sec. 8.** (1) Any county may decline to participate in the affordable housing for all program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution must also be transmitted to the county auditor and treasurer. Counties that decline to participate shall not be required to establish an affordable housing task force or to create a county affordable housing for all plan. Counties declining to participate in the affordable housing for all program shall continue to be eligible to receive funding through the transitional housing operating and rent program created in section 12 of this act. Counties declining to participate in the affordable housing for all program shall also continue to collect and utilize the affordable housing for all surcharge for the purposes described in RCW

36.22.178 (as recodified by this act); however, such counties shall not be allocated any additional affordable housing for all program funding that is specifically provided for program planning and administrative purposes. Counties may opt back into the affordable housing for all program authorized by this chapter at a later date through a process and timeline to be determined by the department.

(2) If a county declines to participate in the affordable housing for all program authorized in this chapter, a city or formally organized collaborative of cities within that county may forward a resolution to the department stating its intention and willingness to operate an affordable housing for all program within its jurisdictional limits. The department must establish procedures to choose amongst cities or collaboratives of cities in the event that more than one city or collaborative of cities express an interest in participating in the program. Participating cities or collaboratives of cities must fulfill the same requirements as counties participating in the affordable housing for all program.

**NEW SECTION. Sec. 9.** A county may subcontract with any other county, city, town, housing authority, community action agency, or other nonprofit organization for the execution of programs contributing to the affordable housing for all goal. All subcontracts must be: Consistent with the county affordable housing for all plan adopted by the legislative authority of the county; time limited; and filed with the department, and must have specific performance terms as specified by the county. County governments must strongly encourage each subcontractor under the affordable housing for all program to apply to the Washington state quality award program for an independent assessment of its quality management, accountability, and performance system. This authority to subcontract with other entities does not affect participating counties' ultimate responsibility for meeting the requirements of the affordable housing for all program.

**NEW SECTION. Sec. 10.** The department shall contract with two statewide organizations addressing affordable housing issues or homeless issues, or both, to create comprehensive independent statewide affordable housing for all plans consistent with the goals and performance measures of the state and local affordable housing for all plans as described in this chapter. Recipient organizations must present their affordable housing for all plans to the department and the appropriate committees of the legislature within one year following the receipt of contract funds.

**Sec. 11.** RCW 36.22.178 and 2007 c 427 s 1 are each amended to read as follows:

The surcharge provided for in this section shall be named the affordable housing for all surcharge.

(1) Except as provided in subsection (3) of this section, a surcharge of ten dollars per instrument shall be charged by the county auditor for each document recorded, which will be in addition to any other charge authorized by law. The county may retain up to five percent of these funds collected solely for the collection, administration, and local distribution of these funds. Of the remaining funds, forty percent of the revenue generated through this surcharge will be transmitted monthly to the state treasurer who will deposit the funds into the affordable housing for all account created in RCW 43.185C.190. The department of community, trade, and economic development must use these funds to provide housing and shelter for extremely low-income households, including but not limited to grants for building operation and maintenance costs of housing projects or units within housing projects that are affordable to extremely low-income households with incomes at or below thirty percent of the area median income, and that require a supplement to rent income to cover ongoing operating expenses.

(2) All of the remaining funds generated by this surcharge will be retained by the county and be deposited into a fund that must be used by the county and its cities and towns for eligible housing activities as described in this subsection that serve very low-income households with incomes at or below fifty percent of the area median income. The portion of the surcharge retained by a county shall be allocated to eligible housing activities that serve extremely low and very low-income households in the county and the cities within a

county according to an interlocal agreement between the county and the cities within the county consistent with countywide and local housing needs and policies. A priority must be given to eligible housing activities that serve extremely low-income households with incomes at or below thirty percent of the area median income. Eligible housing activities to be funded by these county funds are limited to:

(a) Acquisition, construction, or rehabilitation of housing projects or units within housing projects that are affordable to very low-income households with incomes at or below fifty percent of the area median income, including units for homeownership, rental units, seasonal and permanent farm worker housing units, and single room occupancy units;

(b) Supporting building operation and maintenance costs of housing projects or units within housing projects eligible to receive housing trust funds, that are affordable to very low-income households with incomes at or below fifty percent of the area median income, and that require a supplement to rent income to cover ongoing operating expenses;

(c) Rental assistance vouchers for housing units that are affordable to very low-income households with incomes at or below fifty percent of the area median income, to be administered by a local public housing authority or other local organization that has an existing rental assistance voucher program, consistent with or similar to the United States department of housing and urban development's section 8 rental assistance voucher program standards; and

(d) Operating costs for emergency shelters and licensed overnight youth shelters.

(3) The surcharge imposed in this section does not apply to assignments or substitutions of previously recorded deeds of trust.

(4) All counties shall report at least annually by May 1st upon receipts and expenditures of the affordable housing for all surcharge funds created in this section to the department. The department may require more frequent reports. The report must include the amount of funding generated by the surcharge, the total amount of funding distributed to date, the amount of funding allocated to each eligible housing activity, a description of each eligible housing activity funded, including information on the income or wage level and numbers of extremely low, very low, and low-income households the eligible housing activity is intended to serve, and the outcome or anticipated outcome of each eligible housing activity.

**NEW SECTION. Sec. 12.** (1) The transitional housing operating and rent program is created in the department to assist individuals and families who are homeless or who are at risk of becoming homeless to secure and retain safe, decent, and affordable housing. The department shall provide grants to eligible organizations, as described in RCW 43.185.060, to provide assistance to program participants. The eligible organizations must use grant moneys for:

(a) Rental assistance, which includes security or utility deposits, first and last month's rent assistance, and eligible moving expenses to be determined by the department;

(d) Individuals or families who are homeless or who are at risk of becoming homeless and who have a household with an adult member who is an offender released from confinement within the past eighteen months.

(3) All program participants must be willing to create and actively participate in a housing stability plan for achieving permanent housing and greater levels of self-sufficiency.

(4) Data on all program participants must be entered into and tracked through the Washington homeless client management information system as described in RCW 43.185C.180.

(5) Beginning in 2011, each eligible organization receiving over five hundred thousand dollars during the previous calendar year from the transitional housing operating and rent program and from sources including: (a) State housing-related funding sources; (b) the affordable housing for all surcharge in RCW 36.22.178 (as recodified by this act); (c) the home security fund surcharges in RCW 36.22.179 and 36.22.1791 (as recodified by this act); and (d) any other surcharge imposed under chapter 36.22 or 43.185C RCW to fund homelessness programs or other housing programs, shall apply to the Washington state quality award program for an independent assessment of its quality management, accountability, and performance system, once every three years.

(6) The department may develop rules, requirements, procedures, and guidelines as necessary to implement and operate the transitional housing operating and rent program.

(7) The department shall produce an annual transitional housing operating and rent program report that must be included in the department's affordable housing for all plan as described in RCW 43.185B.040 (as recodified by this act). The report must include performance measures to be determined by the department that address, at a minimum, the following issue areas:

(b) The financial performance of the program related to efficient program administration by the department and program operation by selected eligible organizations, including an analysis of the costs per program participant served;

(c) The quality, completeness, and timeliness of the information on program participants provided to the Washington homeless client management information system database; and

(d) The satisfaction of program participants in the assistance provided through the program.

**NEW SECTION. Sec. 13.** The transitional housing operating and rent account is created in the custody of the state treasurer. All receipts from sources directed to the transitional housing operating and rent program must be deposited into the account. Expenditures from the account may be used solely for the purpose of the transitional housing operating and rent program as described in section 12 of this act. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

**NEW SECTION. Sec. 14.** This chapter does not require either the department or any local government to expend any funds to accomplish the goals of this chapter other than the revenues authorized in this act and other revenue that may be appropriated by the legislature for these purposes. However, neither the department nor any local government may use any funds authorized in this act to supplant or reduce any existing expenditures of public money to address the affordable housing shortage.

This announcement shall be made as often as the director deems appropriate for proper utilization of resources. "**Sec. 1.** RCW 77.32.070 and 2005 c 418 s 1 are each amended to read as follows:

(1) Applicants for a license, permit, tag, or stamp shall furnish the information required by the director. However, the director may not require the purchaser of a razor clam license under RCW 77.32.520 to provide any personal information except for proof of residency. The commission may adopt rules requiring licensees or permittees to keep records and make reports concerning the taking of or effort to harvest fish, shellfish, and wildlife. The reporting requirement may be waived where, for any reason, the department is not able to receive the report. The department must provide reasonable options for a licensee to submit information to a live operator prior to the reporting deadline.

(2) The commission may, by rule, set an administrative penalty for failure to comply with rules requiring the reporting of taking or effort to harvest wildlife. The commission may also adopt rules requiring hunters who have not reported for the previous license year

to complete a report and pay the assessed administrative penalty before a new hunting license is issued.

(a) The total administrative penalty per hunter set by the commission must not exceed ten dollars.

(b) By December 31st of each year, the department shall report the rate of hunter compliance with the harvest reporting requirement, the administrative penalty imposed for failing to report, and the amount of administrative penalties collected during that year to the appropriate fiscal and policy committees of the senate and house of representatives.

(3) The commission may, by rule, set an administrative penalty for failure to comply with rules requiring the reporting of data from catch record cards officially endorsed for Puget Sound Dungeness crab. The commission may also adopt rules requiring fishers who possessed a catch record card officially endorsed for Puget Sound Dungeness crab and who have not reported for the previous license year to complete a report and pay the assessed administrative penalty before a new catch record card officially endorsed for Puget Sound Dungeness crab is issued.

(a) The total administrative penalty per fisher set by the commission must not exceed ten dollars.

ESSB 6333 Prime Sponsor, Senate Committee on Health & Long-Term Care: Establishing a citizens' work group on health care. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) In the past two decades, Washington state has implemented legislative initiatives to improve access to quality, affordable health care in the state. These initiatives, which placed Washington in the forefront of states addressing their residents' health care needs, include:

(a) The basic health plan providing affordable coverage to over one hundred thousand individuals and families below two hundred percent of the federal poverty level;

(b) The "cover all children" initiative, expanding publicly funded coverage to children in families under three hundred percent of the federal poverty level and promising to cover all children by 2010;

(c) The blue ribbon commission on health care costs and access resulting in the passage of Engrossed Second Substitute Senate Bill No. 5930, that, among other actions, directed state agencies to integrate prevention, chronic care management, and the medical home concept into state purchased health care programs;

(d) The movement toward evidence-based health care purchasing for state health care programs, including the prescription drug program and its preferred drug list, the health technology assessment program, the use of medical evidence to evaluate medical necessity under state medical assistance programs and the direction provided in Engrossed Second Substitute Senate Bill No. 5930 relating to aligning payment with evidence-based care; and

(e) The development of patient safety initiatives, including health care facility reporting of adverse medical events and hospital-acquired infection reporting.

(2) Despite these initiatives, the cost of health care has continued to increase at a disproportionately high rate.

(3) Affordability is key to accessing health care, as evidenced by the fact that more than half of the uninsured people in Washington state are in low-income families, and low-wage workers are far more likely to be uninsured than those with higher incomes. These increasing costs are placing quality care beyond the reach of a growing number of Washington citizens and contributing to health care expenditures that strain the resources of individuals, businesses, and public programs.

(4) Efforts by public and private purchasers to control expenditures, and the stress these efforts place on the stability of the

health care workforce and viability of health care facilities, threaten to reduce access to quality care for all residents of the state.

(5) Prompt action is crucial to prevent further deterioration of the health and well-being of Washingtonians.

(6) Addressing an issue of this importance and magnitude demands the full engagement of concerned Washingtonians in a reasoned examination of options to improve access to quality, affordable health care.

**NEW SECTION. Sec. 2.** The Washington citizens' work group on health care reform is established. The work group shall engage Washingtonians in a public process on improving access to quality, affordable health care, and review and develop recommendations to the governor and the legislature related to the health care reform proposals in section 3 of this act.

(1) The governor shall appoint nine citizen members who may include, but are not limited to, representatives from business, labor, health care providers and consumer groups, and persons with expertise in health care financing. The citizen members shall be selected from individuals recognized for their independent judgment. In addition, the majority and minority caucus in the house of representatives and the majority and minority caucus in the senate shall submit the names of two members of their caucus to the governor, who shall select one member from each caucus to participate in the work group.

(2) Consistent with funds appropriated specifically for this purpose, the work group may employ up to two full-time staff to enable the work group to complete its responsibilities in a timely and effective manner.

(3) The work group shall design the public engagement process with a goal of having structured, in-depth discussions related to:

(a) Trends or issues that affect affordability, access, quality, and efficiency in our health care system; and

(b) The health care proposals described in section 3 of this act, the principles guiding evaluation of the proposals, and the economic analysis of the proposals.

The public engagement process shall begin when the work group receives the results of the evaluation of health care proposals under section 3 of this act. The process may include, but is not limited to, public forums, invitational meetings with community leaders or other interested individuals and organizations, and web-based communication.

(4) By November 1, 2009, the work group shall submit a final report to the public, the governor, and the legislature that includes a summary of the information received during the public engagement process, and a summary of the work group's conclusions, and recommendations related to its review of the proposals, including suggestions for the adoption of any health care proposal by the legislature. The work group may develop its own proposal or proposals.

(5) In reviewing the proposals, the work group shall evaluate the extent to which each proposal:

(a) Provides a medical home for every family;

(b) Provides health care that Washington families can afford;

(c) Promotes improved health outcomes, in part through a more efficient delivery system;

(d) Requires that individuals, employers, and government share in financing the proposal; and

(e) Enables Washington families to choose their provider and health network, and have the option of retaining their current provider.

(6) The work group may seek other funds including private contributions and in-kind donations for activities described under subsection (3) of this section.

This section expires December 31, 2009.

**NEW SECTION. Sec. 3.** (1) Consistent with funds appropriated specifically for this purpose, the legislature shall contract with an independent consultant with expertise in health economics and actuarial science to evaluate the following health care reform proposals:

(a) A proposal, similar to Proposed Second Substitute Senate Bill No. 5789 (2008), proposing modifications to insurance

regulations to address specific groups that have lower rates of coverage, such as small employers and young adults;

(b) A proposal that includes the components of health care reform legislation enacted in Massachusetts in 2006 as Chapter 58 of the Acts of 2006 - "An Act Providing Access to Affordable, Quality, Accountable Health Care";

(c) A proposal, as described in Senate Bill No. 6221 (2008), to cover all Washingtonians with a comprehensive, standardized benefit package purchased through a competitive procurement process or a fee-for-service option, funded through a payroll assessment applied to employers and employees; and

(d) A proposal to establish a single payer health care system, similar to an approach described in Senate Bill No. 5756 (2007) and to the health care system in Canada.

(2) In addition to the evaluation of the three proposals described in subsection (1) of this section, the consultant shall conduct a review to validate the actuarial analysis of the insurance commissioner's guaranteed benefit plan, as described in Senate Bill No. 6603 (2008). The consultant group may seek additional information from sponsors of the proposals described in this section.

(3) Each evaluation shall address the impact of implementation of the proposal on:

(a) The number of Washingtonians covered and number remaining uninsured;

(b) The scope of coverage available to persons covered under the proposal;

(c) The impact on affordability of health care to individuals, businesses, and government;

(d) The redistribution of amounts currently spent by individuals, businesses, and government on health, as well as any savings;

(e) The impact on employment;

(f) The impact on consumer choice;

(g) Administrative efficiencies and resulting savings;

(h) The impact on hospital charity care;

(i) The cost of health care as experienced throughout the state by individuals and families, employees of small and large businesses, businesses of all sizes, associations, local governments, public health districts, and networks, and by the state; and

(j) The extent to which each proposal promotes:

(i) Improved health outcomes;

(ii) Prevention and early intervention;

(iii) Chronic care management;

(iv) Services based on empirical evidence;

(v) Incentives to use effective and necessary services;

(vi) Disincentives to discourage use of marginally effective or inappropriate services; and

(vii) A medical home.

(4) To the extent that any proposal has recent, detailed analysis available, the consultant shall review and may make use of the available analysis.

(5) The results of the evaluation under this section shall be submitted to the governor, the health policy committees of the legislature, and the work group on or before December 15, 2008.

**E2SSB 6438** Prime Sponsor, Senate Committee on Ways & Means: Creating a statewide high-speed internet deployment and adoption initiative. (REVISED FOR PASSED LEGISLATURE: Regarding high-speed internet services and community technology opportunities. ) Reported by Committee on Technology, Energy & Communications

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds and declares the following:

(a) The deployment and adoption of high-speed internet services and information technology has resulted in enhanced economic development and public safety for the state's communities, improved health care and educational opportunities, and a better quality of life for the state's residents;

(b) Continued progress in the deployment and adoption of high-speed internet services and other advanced telecommunications services, both land-based and wireless, is vital to ensuring Washington remains competitive and continues to create business and job growth; and

(c) That the state must encourage and support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology for state residents and businesses, and do so through formalized and structured arrangements that ensure the protection of proprietary information maintained by telecommunications providers and internet service providers.

(2) Therefore, the legislature resolves that it will create a comprehensive, statewide high-speed internet deployment and adoption strategy to improve technology literacy, improve access to affordable and reliable high-speed internet services, and to establish and sustain an environment ripe for telecommunications and technology investment statewide.

**NEW SECTION. Sec. 2.** (1) After the broadband study authorized by the legislature in 2007 has been completed, the department of information services, in coordination with the department of community, trade, and economic development and the utilities and transportation commission, shall convene a work group to develop a high-speed internet deployment and adoption strategy for the state.

(2) The department of information services shall invite representatives from the following organizations to participate in the work group:

(a) Representatives of public, private, and nonprofit agencies and organizations representing economic development, local community development, local government, community planning, technology planning, education, and health care;

(b) Representatives of telecommunications providers, technology companies, telecommunications unions, public utilities, and relevant private sector entities;

(c) Representatives of community-based organizations; and

(d) Representatives of other relevant entities as the department of information services may deem appropriate.

(3) In developing the high-speed internet deployment and adoption strategy, the department of information services shall consider the following:

(a) How to create a detailed, geographic information system map at the census block level of the high-speed internet services and other relevant telecommunications and information technology services owned or leased by public entities in the state. Development of this geographic information system map may include collaboration with students and faculty at community colleges and universities in the state. The statewide inventory must, at a minimum, detail:

(i) The physical location of all high-speed internet infrastructure owned or leased by public entities;

(ii) The amount of excess capacity available; and

(iii) Whether the high-speed internet infrastructure is active or inactive;

(b) How to work with telecommunications providers and internet service providers to assess and create a geographic information system map at the census block level of the privately owned high-speed internet infrastructure in the state, with instructions on how proprietary and competitively sensitive data will be handled, stored, and used;

(c) How to combine the geographic information system map of high-speed internet infrastructure owned by public entities with the geographic information system map of high-speed internet infrastructure owned by private entities to create a statewide inventory of all high-speed internet infrastructure in the state;

(d) How to use the geographic information system map of all high-speed internet infrastructure in the state, both public and privately owned, to identify the geographic gaps in high-speed internet service, including an assessment of the population located in each of the geographic gaps;

(e) How the state might create or utilize a nonprofit organization to spur the development of high-speed internet resources in the state, which may include, but is not limited to, soliciting funding in the form of grants or donations; establishing technology literacy programs in conjunction with institutions of higher education; establishing low-cost hardware and software purchasing programs; and developing loan programs targeting small businesses or businesses located in underserved areas;

(f) How to track statewide residential and business adoption of high-speed internet, computers, and related information technology, including an identification of barriers to adoption;

(g) How to effectively build and facilitate local technology planning teams and partnerships led by local economic development organizations with members representing cross-sections of the community, which may include participation from the following organizations: Representatives of business, telecommunications unions, K-12 education, community colleges, health care, libraries, universities, community-based organizations, local governments, tourism, parks and recreation, and agriculture;

(h) How to use the local technology planning teams and partnerships led by local economic development organizations to:

(i) Conduct a needs assessment;

(ii) Determine the appropriate type of technology needed to implement high-speed internet services in the area;

(iii) Determine the hardware and software needed; and

(iv) Write a request for proposals to meet the community's needs;

(i) How to work collaboratively with high-speed internet providers and technology companies across the state to encourage deployment and use, especially in unserved areas, through use of local demand aggregation, mapping analysis, and creation of market intelligence to improve the investment rationale and business case; and

(j) How to establish low-cost programs to improve computer ownership, technology literacy, and high-speed internet access for disenfranchised or unserved populations across the state.

(4) By September 1, 2008, the department of information services shall provide a status update to the telecommunications committees in the house of representatives and the senate, outlining the progress made to date by the work group and the issues remaining to be considered.

(5) By December 1, 2008, the department of information services shall provide a report to the fiscal and telecommunications committees in the house of representatives and the senate. The main objective of the report is to outline, based on the efforts of the work group, what legislation is needed in order to implement the high-speed internet deployment and adoption strategy, including a range of potential funding requests to accompany the legislation. Specifically, the report shall include the following:

(a) Benchmarks, performance measures, milestones, deliverables, timelines, and such other indicators of performance and progress as are necessary to guide development and implementation of the high-speed internet deployment and adoption strategy, both short term and long term, including an assessment of the amount of funding needed to accomplish a baseline assessment of the high-speed internet infrastructure owned by public and private entities of the state in an eighteen-month period;

(b) Ways to structure and appropriately scale and phase development and implementation of the high-speed internet deployment and adoption strategy so as to link to, leverage, and otherwise synchronize with other relevant and related funding, technology, capital initiatives, investments, and opportunities; and

(c) A range of implementation options that would address the handling, storage, and use of proprietary and competitively sensitive data submitted by telecommunications or internet service providers, with consideration given to the potential of creating or utilizing an independent, nonprofit organization that would be charged with implementing the high-speed internet deployment and adoption strategy.

**NEW SECTION. Sec. 3.** A new section is added to chapter 43.105 RCW to read as follows:

(1) By January 1, 2009, the department, in consultation with the utilities and transportation commission and other relevant agencies, shall identify and make publicly available a web directory of public facilities that provide community technology programs throughout the state.

(2) For the purposes of this section, "community technology program," also known as a digital inclusion program, means a program engaged in diffusing information and communications technology in local communities, particularly in unserved areas. These programs may include, but are not limited to, programs that provide education and skill-building opportunities, hardware and software ownership, internet connectivity, and development of locally relevant content and delivery of vital services through technology.

**NEW SECTION. Sec. 4.** Nothing in this act may be construed as giving the department of information services or any other entities any additional authority, regulatory or otherwise, over providers of telecommunications and information technology.

**NEW SECTION. Sec. 5.** If sections 1 through 4 of this act become null and void, the department of information services shall include high-speed internet adoption and deployment in its 2009-2011 strategic plan.

**NEW SECTION. Sec. 6.** If specific funding for the purposes of sections 1 through 4 of this act, referencing sections 1 through 4 of this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, sections 1 through 4 of this act are null and void."

**ESSB 6488** Prime Sponsor, Senate Committee on Human Services & Corrections: Providing for broader collection of biological samples for the DNA identification of convicted sex offenders and other persons. Reported by Committee on Public Safety & Emergency Preparedness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.43.753 and 2002 c 289 s 1 are each amended to read as follows:

The legislature finds that recent developments in molecular biology and genetics have important applications for forensic science. It has been scientifically established that there is a unique pattern in the chemical structure of the deoxyribonucleic acid (DNA) contained in each cell of the human body. The process for identifying this pattern is called "DNA identification."

The legislature further finds that DNA databases are important tools in criminal investigations, in the exclusion of individuals who are the subject of investigations or prosecutions, and in detecting recidivist acts. It is the policy of this state to assist federal, state, and local criminal justice and law enforcement agencies in both the identification and detection of individuals in criminal investigations and the identification and location of missing and unidentified persons. Therefore, it is in the best interest of the state to establish a DNA database and DNA data bank containing DNA samples submitted by persons convicted of felony offenses and other crimes as specified in RCW 43.43.754. DNA samples necessary for the identification of missing persons and unidentified human remains shall also be included in the DNA database.

The legislature further finds that the DNA identification system used by the federal bureau of investigation and the Washington state patrol has no ability to predict genetic disease or predisposal to illness. Nonetheless, the legislature intends that biological samples collected under RCW 43.43.754, and DNA identification data obtained from the samples, be used only for purposes related to criminal investigation, identification of human remains or missing persons, or improving the operation of the system authorized under RCW 43.43.752 through 43.43.758.

**NEW SECTION. Sec. 2.** A new section is added to chapter 10.01 RCW to read as follows:

(1) In a prosecution for a misdemeanor or gross misdemeanor in a court of limited jurisdiction, the prosecuting attorney may file a special allegation of sexual motivation when sufficient admissible evidence exists, which, when considered with the most plausible,

reasonably foreseeable defense that could be raised under the evidence, would justify a finding of sexual motivation by a reasonable and objective fact-finder.

(2) In a criminal case wherein there has been a special allegation, the state shall prove beyond a reasonable doubt that the accused committed the crime with a sexual motivation. The court shall make a finding of fact of whether or not a sexual motivation was present at the time of the commission of the crime, or if a jury trial is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether or not the defendant committed the crime with a sexual motivation.

(3) The prosecuting attorney shall not withdraw the special allegation of sexual motivation without approval of the court through an order of dismissal of the special allegation. The court shall not dismiss this special allegation unless it finds that such an order is necessary to correct an error in the initial charging decision or unless there are evidentiary problems which make proving the special allegation doubtful.

(4) For purposes of this section, "sexual motivation" has the same meaning as in RCW 9.94A.030.

**Sec. 3.** RCW 43.43.754 and 2002 c 289 s 2 are each amended to read as follows:

(1) A biological sample must be collected for purposes of DNA identification analysis from:

Any misdemeanor or gross misdemeanor with a finding of sexual motivation under RCW 9.94A.835, 13.40.135, or section 2 of this act

(b) Every adult or juvenile individual who is required to register under RCW 9A.44.130.

(2) If the Washington state patrol crime laboratory already has a DNA sample from an individual for a qualifying offense, a subsequent submission is not required to be submitted.

(3) Biological samples shall be collected in the following manner:

(a) For persons convicted of (~~such offenses~~) any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense who do not serve a term of confinement in a department of corrections facility, and do serve a term of confinement in a city or county jail facility, the city or county shall be responsible for obtaining the biological samples (~~either as part of the intake process into the city or county jail or detention facility for those persons convicted on or after July 1, 2002, or within a reasonable time after July 1, 2002, for those persons incarcerated before July 1, 2002, who have not yet had a biological sample collected, beginning with those persons who will be released the soonest~~).

(b) The local police department or sheriff's office shall be responsible for obtaining the biological samples for:

(ii) Persons who are required to register under RCW 9A.44.030.

(c) For persons convicted of (~~such offenses~~) any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who are serving or who are to serve a term of confinement in a department of corrections facility or a department of social and health services facility, the facility holding the person shall be responsible for obtaining the biological samples (~~either as part of the intake process into such facility for those persons convicted on or after July 1, 2002, or within a reasonable time after July 1, 2002~~)). For those persons incarcerated before (~~July 1, 2002~~) the effective date of this section, who have not yet had a biological sample collected, (~~beginning with~~) priority shall be given to those persons who will be released the soonest.

(~~2~~) (4) Any biological sample taken pursuant to RCW 43.43.752 through 43.43.758 may be retained by the forensic laboratory services bureau, and shall be used solely for the purpose of providing DNA or other tests for identification analysis and prosecution of a criminal offense or for the identification of human remains or missing persons. Nothing in this section prohibits the submission of results derived from the biological samples to the federal bureau of investigation combined DNA index system.

(~~3~~) (5) The (~~director of the~~) forensic laboratory services bureau of the Washington state patrol (~~shall perform~~) is responsible for testing performed on all biological samples that are collected under subsection (1) of this section, to the extent allowed by funding available for this purpose. The director shall give priority to testing on samples collected from those adults or juveniles convicted of a felony or adjudicated guilty of an equivalent juvenile offense that is defined as a sex offense or a violent offense in RCW 9.94A.030. Known duplicate samples may be excluded from testing unless testing is deemed necessary or advisable by the director.

(~~4~~) This section applies to all adults who are convicted of a sex or violent offense after July 1, 1990; and to all adults who were convicted of a sex or violent offense on or prior to July 1, 1990, and who are still incarcerated on or after July 25, 1999. This section applies to all juveniles who are adjudicated guilty of a sex or violent offense after July 1, 1994; and to all juveniles who were adjudicated guilty of a sex or violent offense on or prior to July 1, 1994, and who are still incarcerated on or after July 25, 1999. This section applies to all adults and juveniles who are convicted of a felony other than a sex or violent offense, stalking under RCW 9A.46.110, harassment under RCW 9A.46.020, or communicating with a minor for immoral purposes under RCW 9.68A.090, or adjudicated guilty of an equivalent juvenile offense, on or after July 1, 2002; and to all adults and juveniles who were convicted or adjudicated guilty of such an offense before July 1, 2002, and are still incarcerated on or after July 1, 2002.

(~~5~~) (6) This section applies to:

(a) All adults and juveniles to whom this section applied prior to the effective date of this section;

(b) All adults and juveniles to whom this section did not apply prior to the effective date of this section who:

(~~6~~) (8) The detention, arrest, or conviction of a person based upon a database match or database information is not invalidated if

it is determined that the sample was obtained or placed in the database by mistake, or if the conviction or juvenile adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including but not limited to posttrial or postfact-finding motions, appeals, or collateral attacks.

**Sec. 4.** RCW 43.43.7541 and 2002 c 289 s 4 are each amended to read as follows:

Every sentence imposed under chapter 9.94A RCW(;) for a (~~felony~~) crime specified in RCW 43.43.754 (~~that is committed on or after July 1, 2002,~~) must include a fee of one hundred dollars (~~for collection of a biological sample as required under RCW 43.43.754, unless the court finds that imposing the fee would result in undue hardship on the offender~~). The fee is a court-ordered legal financial obligation as defined in RCW 9.94A.030, payable by the offender after payment of all other legal financial obligations included in the sentence has been completed. The clerk of the court shall transmit eighty percent of the fee(€) collected to the state treasurer for deposit in the state DNA database account created under RCW 43.43.7532, and shall transmit twenty percent of the fee collected to the agency responsible for collection of a biological sample from the offender as required under RCW 43.43.754.

From and after the date of this notice you must submit a written request to the Trustee to obtain the total amount to pay off the entire obligation secured by your Deed of Trust as of the payoff date.

As to the defaults which do not involve payment of money to the Beneficiary of your Deed of Trust, you must cure each such default. Listed below are the defaults which do not involve payment of money to the Beneficiary of your Deed of Trust. Opposite each such listed default is a brief description of the action necessary to cure the default and a description of the documentation necessary to show that the default has been cured.

(2) In addition to providing the borrower and grantor the notice of sale described in RCW 61.24.040(1)(f), the trustee shall include with the copy of the notice which is mailed to the grantor, a statement to the grantor in substantially the following form:

NOTICE OF FORECLOSURE
Pursuant to the Revised Code of Washington,
Chapter 61.24 RCW#

The attached Notice of Trustee's Sale is a consequence of default(s) in the obligation to ....., the Beneficiary of your Deed of Trust and owner of the obligation secured thereby. Unless the default(s) is/are cured, your property will be sold at auction on the .... day of .....

To cure the default(s), you must bring the payments current, cure any other defaults, and pay accrued late charges and other costs, advances, and attorneys' fees as set forth below by the ... day of ..... [11 days before the sale date]. To date, these arrears and costs are as follows:

Table with 3 columns: Description, Currently due to reinstate on ....., Estimated amount that will be due to reinstate on ..... (11 days before the date set for sale). Rows include Delinquent payments, Late charges, Attorneys' fees, Trustee's fee, Trustee's expenses, Title report, Recording fees, Service/Posting of Notices, Postage/Copying expense, Publication, Telephone charges, Inspection fees, and TOTALS.

Table with 2 columns: Default, Description of Action Required to Cure and Documentation Necessary to Show Cure. The table contains several rows of dots representing a list of defaults.

You may reinstate your Deed of Trust and the obligation secured thereby at any time up to and including the ... day of ....., [11 days before the sale date], by paying the amount set forth or estimated above and by curing any other defaults described above. Of course, as time passes other payments may become due, and any further payments coming due and any additional late charges must be added to your reinstating payment. Any new defaults not involving payment of money that occur after the date of this notice must also be cured in order to effect reinstatement. In addition, because some of the charges can only be estimated at this time, and because the amount necessary to reinstate or to pay off the entire indebtedness may include presently unknown expenditures required to preserve the property or to comply with state or local law, it will be necessary for you to contact the Trustee before the time you tender reinstatement or the payoff amount so that you may be advised of the exact amount you will be required to pay. Tender of payment or performance must be made to: ....., whose address is ....., telephone ( ) .....

YOU MAY NOT REINSTATE YOUR DEED OF TRUST BY PAYING THE BACK PAYMENTS AND COSTS AND FEES AND CURING THE OTHER DEFAULTS AS OUTLINED ABOVE. The Trustee will respond to any written request for current payoff or reinstatement amounts within ten days of receipt of your written request. In such a case, you will only be able to stop the sale by paying, before the sale, the total principal balance (\$.....) plus accrued interest, costs and advances, if any, made pursuant to the terms of the documents and by curing the other defaults as outlined above.

You may contest this default by initiating court action in the Superior Court of the county in which the sale is to be held. In such action, you may raise any legitimate defenses you have to this default. A copy of your Deed of Trust and documents evidencing the obligation secured thereby are enclosed. You may wish to consult a lawyer. Legal action on your part may prevent or restrain the sale, but only if you persuade the court of the merits of your defense. The court may grant a restraining order or injunction to restrain a trustee's sale pursuant to RCW 61.24.130 upon five days notice to the trustee of the time when, place where, and the judge before whom the application for the restraining order or injunction is to be made. This notice shall include copies of all pleadings and related documents to be given to the judge. Notice and other process may be served on the trustee at:

NAME: .....
ADDRESS: .....

To pay off the entire obligation secured by your Deed of Trust as of the .... day of ..... you must pay a total of \$..... in

TELEPHONE NUMBER: .....

If you do not reinstate the secured obligation and your Deed of Trust in the manner set forth above, or if you do not succeed in restraining the sale by court action, your property will be sold. The effect of such sale will be to deprive you and all those who hold by, through or under you of all interest in the property;

(3) In addition, the trustee shall cause a copy of the notice of sale described in RCW 61.24.040(1)(f) (excluding the acknowledgment) to be published in a legal newspaper in each county in which the property or any part thereof is situated, once on or between the thirty-fifth and twenty-eighth day before the date of sale, and once on or between the fourteenth and seventh day before the date of sale;

(4) On the date and at the time designated in the notice of sale, the trustee or its authorized agent shall sell the property at public auction to the highest bidder. The trustee may sell the property in gross or in parcels as the trustee shall deem most advantageous;

(5) The place of sale shall be at any designated public place within the county where the property is located and if the property is in more than one county, the sale may be in any of the counties where the property is located. The sale shall be on Friday, or if Friday is a legal holiday on the following Monday, and during the hours set by statute for the conduct of sales of real estate at execution;

(6) The trustee has no obligation to, but may, for any cause the trustee deems advantageous, continue the sale for a period or periods not exceeding a total of one hundred twenty days by (a) a public proclamation at the time and place fixed for sale in the notice of sale and if the continuance is beyond the date of sale, by giving notice of the new time and place of the sale by both first class and either certified or registered mail, return receipt requested, to the persons specified in RCW 61.24.040(1)(b) (i) and (ii) to be deposited in the mail (i) not less than four days before the new date fixed for the sale if the sale is continued for up to seven days; or (ii) not more than three days after the date of the continuance by oral proclamation if the sale is continued for more than seven days, or, alternatively, (b) by giving notice of the time and place of the postponed sale in the manner and to the persons specified in RCW 61.24.040(1) (b), (c), (d), and (e) and publishing a copy of such notice once in the newspaper(s) described in RCW 61.24.040(3), more than seven days before the date fixed for sale in the notice of sale. No other notice of the postponed sale need be given;

(7) The purchaser shall forthwith pay the price bid and on payment the trustee shall execute to the purchaser its deed; the deed shall recite the facts showing that the sale was conducted in compliance with all of the requirements of this chapter and of the deed of trust, which recital shall be prima facie evidence of such compliance and conclusive evidence thereof in favor of bona fide purchasers and encumbrancers for value, except that these recitals shall not affect the lien or interest of any person entitled to notice under RCW 61.24.040(1), if the trustee fails to give the required notice to such person. In such case, the lien or interest of such omitted person shall not be affected by the sale and such omitted person shall be treated as if such person was the holder of the same lien or interest and was omitted as a party defendant in a judicial foreclosure proceeding;

(8) The sale as authorized under this chapter shall not take place less than one hundred ninety days from the date of default in any of the obligations secured.

(9) If the trustee elects to foreclose the interest of any occupant or tenant of property comprised solely of a single-family residence, or a condominium, cooperative, or other dwelling unit in a multiplex or other building containing fewer than five residential units, the following notice shall be included as Part X of the Notice of Trustee's Sale:

X.  
NOTICE TO OCCUPANTS OR TENANTS#

The purchaser at the trustee's sale is entitled to possession of the property on the 20th day following the sale, as against the grantor under the deed of trust (the owner) and anyone having an interest junior to the deed of trust, including occupants and tenants. After the

20th day following the sale the purchaser has the right to evict occupants and tenants by summary proceedings under the unlawful detainer act, chapter 59.12 RCW.

(10) Only one copy of all notices required by this chapter need be given to a person who is both the borrower and the grantor. All notices required by this chapter that are given to a general partnership are deemed given to each of its general partners, unless otherwise agreed by the parties.

Any person desiring a copy of any notice of sale described in RCW 61.24.040(1)(f) under any deed of trust, other than a person entitled to receive such a notice under RCW 61.24.040(1) (b) or (c), must, after the recordation of such deed of trust and before the recordation of the notice of sale, cause to be filed for record, in the office of the auditor of any county in which the deed of trust is recorded, a duly acknowledged request for a copy of any notice of sale. A request for notice under this section shall not affect title to, or be deemed notice to any person that any person has any right, title, interest in, lien or charge upon, the property described in the request for notice.

Sec. 5. RCW 61.24.130 and 1998 c 295 s 14 are each amended to read as follows:

(1) Nothing contained in this chapter shall prejudice the right of the borrower, grantor, any guarantor, or any person who has an interest in, lien, or claim of lien against the property or some part thereof, to restrain, on any proper legal or equitable ground, a trustee's sale. The court shall require as a condition of granting the restraining order or injunction that the applicant pay to the clerk of the court the sums that would be due on the obligation secured by the deed of trust if the deed of trust was not being foreclosed:

(a) In the case of default in making the periodic payment of principal, interest, and reserves, such sums shall be the periodic payment of principal, interest, and reserves paid to the clerk of the court every thirty days.

(b) In the case of default in making payment of an obligation then fully payable by its terms, such sums shall be the amount of interest accruing monthly on said obligation at the nondefault rate, paid to the clerk of the court every thirty days.

In the case of default in performance of any nonmonetary obligation secured by the deed of trust, the court shall impose such conditions as it deems just.

In addition, the court may condition granting the restraining order or injunction upon the giving of security by the applicant, in such form and amount as the court deems proper, for the payment of such costs and damages, including attorneys' fees, as may be later found by the court to have been incurred or suffered by any party by reason of the restraining order or injunction. The court may consider, upon proper showing, the grantor's equity in the property in determining the amount of said security.

(2) No court may grant a restraining order or injunction to restrain a trustee's sale unless the person seeking the restraint gives five days notice to the trustee of the time when, place where, and the judge before whom the application for the restraining order or injunction is to be made. This notice shall include copies of all pleadings and related documents to be given to the judge. No judge may act upon such application unless it is accompanied by proof, evidenced by return of a sheriff, the sheriff's deputy, or by any person eighteen years of age or over who is competent to be a witness, that the notice has been served on the trustee.

(3) If the restraining order or injunction is dissolved after the date of the trustee's sale set forth in the notice as provided in RCW 61.24.040(1)(f), the court granting such restraining order or injunction, or before whom the order or injunction is returnable, shall, at the request of the trustee, set a new sale date which shall be not less than forty-five days from the date of the order dissolving the restraining order. The trustee shall:

(a) Comply with the requirements of RCW 61.24.040(1) (a) through (f) at least thirty days before the new sale date; and

(b) Cause a copy of the notice of trustee's sale as provided in RCW 61.24.040(1)(f) to be published in a legal newspaper in each county in which the property or any part thereof is situated once between the thirty-fifth and twenty-eighth day before the sale and once between the fourteenth and seventh day before the sale.

(4) If a trustee's sale has been stayed as a result of the filing of a petition in federal bankruptcy court and an order is entered in federal bankruptcy court granting relief from the stay or closing or dismissing the case, or discharging the debtor with the effect of removing the stay, the trustee may set a new sale date which shall not be less than forty-five days after the date of the bankruptcy court's order. The trustee shall:

(a) Comply with the requirements of RCW 61.24.040(1) (a) through (f) at least thirty days before the new sale date; and

(b) Cause a copy of the notice of trustee's sale as provided in RCW 61.24.040(1)(f) to be published in a legal newspaper in each county in which the property or any part thereof is situated, once between the thirty-fifth and twenty-eighth day before the sale and once between the fourteenth and seventh day before the sale.

(5) Subsections (3) and (4) of this section are permissive only and do not prohibit the trustee from proceeding with a trustee's sale following termination of any injunction or stay on any date to which such sale has been properly continued in accordance with RCW 61.24.040(6).

(6) The issuance of a restraining order or injunction shall not prohibit the trustee from continuing the sale as provided in RCW 61.24.040(6).

**Sec. 6.** RCW 61.24.135 and 1998 c 295 s 15 are each amended to read as follows:

It is an unfair or deceptive act or practice under the consumer protection act, chapter 19.86 RCW, for any person, acting alone or in concert with others, to offer, or offer to accept or accept from another, any consideration of any type not to bid, or to reduce a bid, at a sale of property conducted pursuant to a power of sale in a deed of trust. The trustee may decline to complete a sale or deliver the trustee's deed and refund the purchase price, if it appears that the bidding has been collusive or defective, or that the sale might have been void. However, it is not an unfair or deceptive act or practice for any person, including a trustee, to state that a property subject to a recorded notice of trustee's sale or subject to a sale conducted pursuant to this chapter is being sold in an "as-is" condition, or for the beneficiary to arrange to provide financing for a particular bidder

or to reach any good faith agreement with the borrower, grantor, any guarantor, or any junior lienholder."

**"NEW SECTION. Sec. 1.** A new section is added to chapter 48.43 RCW to read as follows:

(1)(a) Except as provided in (b) of this subsection, a health carrier may not develop and use a payment methodology that would result in a payment to a chiropractor under a payment or billing code in an amount less than a payment to a different provider licensed under Title 18 RCW who is being paid under the same payment or billing code. For payment methodologies that are developed and used after January 1, 2009, it is presumed that payment or billing codes that apply only to health care services provided by chiropractors are not in compliance with this requirement unless the carrier shows to the commissioner's satisfaction that the payment or billing codes are used only to achieve the purposes permitted under (b) of this subsection.

(b) This section does not affect a health carrier's:

(i) Implementation of a health care quality improvement program to promote cost-effective and clinically efficacious health care services, including but not limited to pay-for-performance payment methodologies and other programs fairly applied to all health care providers licensed under Title 18 RCW that are designed to promote evidence-based and research-based practices; or

(ii) Health care provider contracting to comply with RCW 48.43.515 and rules adopted by the commissioner establishing provider network adequacy standards.

(c) This section does not, and may not be construed to:

(i) Require the payment of provider billings that do not meet billing and claim payment standards set forth in rules adopted by the commissioner;

(ii) Require any health plan to include coverage of any condition; or

(iii) Expand the scope of practice for any health care provider.

**SB 6187** Prime Sponsor, Senator Shin: Creating the food animal veterinarian conditional scholarship program. Reported by Committee on Appropriations Subcommittee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that there is a critical shortage of food animal veterinarians particularly in rural areas of the state. The legislature finds that among the factors contributing to this shortage is the need to repay student loans that are taken out to pay for an extensive and high-cost education. To pay these student loans, licensed graduates currently find it necessary to take higher paying positions that provide service to companion and small animals.

The legislature finds that the livestock industry provides a critical component of the food supply. Providing adequate animal health and disease diagnostic services is of high importance not only to protect animal health, but also for the protection of our food supply, the protection of public health from potential effects of contagious diseases, and to provide an essential disease detection and response capability.

The legislature intends to increase the supply of food animal veterinarians by providing incentives to graduates of Washington State University college of veterinary medicine to focus on food animal health services to address this critical shortage.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "College" means the Washington State University college of veterinary medicine.

(2) "Conditional scholarship" means a loan that is forgiven in whole or in part if the recipient renders service as a food animal veterinarian in this state.

(3) "Eligible student" means a student who is registered for at least six credit hours or the equivalent, is making satisfactory academic progress as defined by the college, has declared veterinary medicine for his or her major, and has a declared intention to practice veterinary medicine with an emphasis in food animal medicine in the state of Washington.

(4) "Food animal" means any species commonly recognized as livestock including, but not limited to, poultry, cattle, swine, and sheep.

(5) "Food animal veterinarian" means a veterinarian licensed and registered under chapter 18.92 RCW and engaged in general and food animal practice as a primary specialty, who has at least fifty percent of his or her practice time devoted to large production animal veterinary practice.

(6) "Forgiven" or "to forgive" or "forgiveness" means to practice veterinary medicine with an emphasis in food animal medicine in the state of Washington in lieu of monetary repayment.

(7) "Participant" means an eligible student who has received a conditional scholarship under this chapter.

(8) "Satisfied" means paid-in-full.

(9) "University" means Washington State University.

**NEW SECTION. Sec. 3.** The food animal veterinarian conditional scholarship program is established. The program shall be administered by the university. In administering the program, the university has the following powers and duties:

(1) To select, in consultation with the college, up to two students each year to receive conditional scholarships;

(2) To adopt necessary rules and guidelines;

(3) To publicize the program;

(4) To collect and manage repayments from students who do not meet their obligations under this chapter; and

(5) To solicit and accept grants and donations from public and private sources for the program.

**NEW SECTION. Sec. 4.** (1) The university shall select participants based on an application process conducted by the university.

(2) The university shall establish a selection committee for screening and selecting recipients of the conditional scholarships. The selection committee shall include at least two representatives from the college, at least one of whom is a faculty member teaching in food animal veterinary medicine, and at least one representative from the beef, dairy, or sheep industry.

(3) The selection criteria shall emphasize factors demonstrating a sustained interest in food animals and serving the needs of Washington's agricultural communities. The criteria shall also take into account the need for food animal veterinarians in diverse areas of the state and allocate funds in a manner designed to represent a cross-section of geographic locations.

**NEW SECTION. Sec. 5.** To remain an eligible student and receive continuing disbursements under the program, a participant must be considered by the college to be making satisfactory academic progress.

**NEW SECTION. Sec. 6.** The university may award conditional scholarships to eligible students from the funds appropriated to the university for this purpose, or from any private donations, or any other funds given to the university for this program. The amount of the conditional scholarship awarded an individual may not exceed the amount of resident tuition and fees at the college, as well as the cost of room, board, laboratory fees and supplies, and books, incurred by an eligible student and approved by a financial aid administrator at the university. Participants are eligible to receive conditional scholarships for a maximum of five years.

**NEW SECTION. Sec. 7.** (1) A participant in the conditional scholarship program incurs an obligation to repay the conditional

scholarship, with interest, unless he or she is employed as a food animal veterinarian in Washington state for each year of scholarship received, under rules adopted by the university.

(2) The interest rate shall be determined annually by the university.

(3) The minimum payment shall be set by the university. The maximum period for repayment is ten years, with payments of principal and interest accruing quarterly commencing six months from the date the participant completes or discontinues the course of study, including any internship or residency in food animal medicine and surgery. Provisions for deferral of payment shall be determined by the university.

(4) The entire principal and interest of each payment shall be forgiven for each payment period in which the participant is employed as a food animal veterinarian in this state until the entire repayment obligation is satisfied. Should the participant cease to be employed as a food animal veterinarian in this state before the participant's repayment obligation is completed, payments on the unsatisfied portion of the principal and interest shall begin the next payment period and continue until the remainder of the participant's repayment obligation is satisfied.

(5) The university is responsible for collection of repayments made under this section and shall exercise due diligence in such collection, maintaining all necessary records to ensure that maximum repayments are made. Collection and servicing of repayments under this section shall be pursued using the full extent of the law, including wage garnishment if necessary. The university is responsible to forgive all or parts of such repayments under the criteria established in this section and shall maintain all necessary records of forgiven payments.

(6) Receipts from the payment of principal or interest or any other subsidies to which the university as administrator is entitled, that are paid by or on behalf of participants under this section, shall be deposited in the food animal veterinarian conditional scholarship account and shall be used to cover the costs of granting the conditional scholarships, maintaining necessary records, and making collections under subsection (5) of this section. The university shall maintain accurate records of these costs, and all receipts beyond those necessary to pay such costs shall be used to grant conditional scholarships to eligible students.

(7) The university shall adopt rules to define the terms of repayment, including applicable interest rates, fees, and deferments.

**NEW SECTION. Sec. 8.** (1) The food animal veterinarian conditional scholarship account is created in the custody of the state treasurer. No appropriation is required for expenditures of funds from the account. The account is not subject to allotment procedures under chapter 43.88 RCW except for moneys used for program administration.

(2) The university shall deposit into the account all moneys received for the program. The account shall be self-sustaining and consist of funds appropriated by the legislature for the food animal veterinarian conditional scholarship program, private contributions to the program, and receipts from participant repayments.

(3) Expenditures from the account may be used solely for conditional scholarships to participants in the program established by this chapter and costs associated with program administration by the university.

(4) Disbursements from the account may be made only on the authorization of the university.

**Sec. 9.** RCW 43.79A.040 and 2007 c 523 s 5, 2007 c 357 s 21, and 2007 c 214 s 14 are each reenacted and amended to read as follows:

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust

funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.

(3) The department shall develop and implement procedures to carry out the requirements of subsections (1) and (2) of this section.

(4) In the event a child fatality is the result of apparent abuse or neglect by the child's parent or caregiver, the department shall ensure that the fatality review team is comprised of individuals who had no previous involvement in the case and whose professional expertise is pertinent to the dynamics of the case.

(5) In the event of a near-fatality of a child who is in the care of or receiving services described in this chapter from the department or who has been in the care of or received services described in this chapter from the department within one year preceding the near-fatality, the department shall promptly notify the office of the family and children's ombudsman.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.06A RCW to read as follows:

The office of the family and children's ombudsman shall issue an annual report to the legislature on the status of the implementation of child fatality review recommendations.

**Sec. 3.** RCW 43.06A.100 and 1999 c 390 s 5 are each amended to read as follows:

The department of social and health services shall:

(1) Allow the ombudsman or the ombudsman's designee to communicate privately with any child in the custody of the department for the purposes of carrying out its duties under this chapter;

(2) Permit the ombudsman or the ombudsman's designee physical access to state institutions serving children, and state licensed facilities or residences for the purpose of carrying out its duties under this chapter;

(3) Upon the ombudsman's request, grant the ombudsman or the ombudsman's designee the right to access, inspect, and copy all relevant information, records, or documents in the possession or control of the department that the ombudsman considers necessary in an investigation; and

(4) Grant the office of the family and children's ombudsman unrestricted on-line access to the case and management information system (CAMIS) or any successor information system for the purpose of carrying out its duties under this chapter.

**Sec. 4.** RCW 26.44.030 and 2007 c 387 s 3 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of early learning, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombudsman or any volunteer in the ombudsman's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when

he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the

department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of alleged abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(13) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombudsman of the contents of the report. The department shall also notify the ombudsman of the disposition of the report.

(14) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

~~((14))~~ (15) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for

this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

~~((+5))~~ (16) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

~~((+6))~~ (17) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with regard to a member of the household within three years of receipt of the referral.

(18) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

**Sec. 5.** RCW 26.44.030 and 2007 c 387 s 3 and 2007 c 220 s 2 are each reenacted and amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of early learning, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombudsman or any volunteer in the ombudsman's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered

abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical

opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(11)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(12) In conducting an investigation of alleged abuse or neglect, the department or law enforcement agency:

(a) May interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(b) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(13) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombudsman of the contents of the report. The department shall also notify the ombudsman of the disposition of the report.

(14) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

~~((14))~~ (15) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases

of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

~~((15))~~ (16) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. (18) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

SSB 6297 Prime Sponsor, Senate Committee on Ways & Means: Changing elected prosecuting attorney salaries. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that an elected county prosecuting attorney functions as both a state officer in pursuing criminal cases on behalf of the state of Washington, and as a county officer who acts as civil counsel for the county, and provides services to school districts and lesser taxing districts by statute.

The elected prosecuting attorney's dual role as a state officer and a county officer is reflected in various provisions of the state Constitution and within state statute.

The legislature finds that the responsibilities and decisions required of the elected prosecuting attorney are essentially the same in every county within Washington state, from a decision to seek the

death penalty in an aggravated murder case, to the decision not to prosecute but refer an offender to drug court; from a decision to pursue child rape charges based solely upon the testimony of the child, to a decision to divert juvenile offenders out of the justice system. Therefore, the legislature finds that elected prosecuting attorneys need to exercise the same level of skill and expertise in the least populous county as in the most populous county.

The legislature finds that the salary of the elected county prosecuting attorney should be tied to that of a superior court judge. This furthers the state's interests and responsibilities under the state Constitution, and is consistent with the current practice of several counties in Washington state, the practices of several other states, and the national district attorneys' association national standards.

**Sec. 2.** RCW 36.17.020 and 2001 c 73 s 3 are each amended to read as follows:

The county legislative authority of each county or a county commissioner or councilmember salary commission which conforms with RCW 36.17.024 is authorized to establish the salaries of the elected officials of the county. ~~((One-half of the salary of each prosecuting attorney shall be paid by the state.))~~ The state and county shall contribute to the costs of the salary of the elected prosecuting attorney as set forth in subsection (11) of this section. The annual salary of a county elected official shall not be less than the following:

(1) In each county with a population of one million or more: Auditor, clerk, treasurer, sheriff, members of the county legislative authority, and coroner, eighteen thousand dollars; and assessor, nineteen thousand dollars; ~~(and prosecuting attorney, thirty thousand three hundred dollars);~~

(2) In each county with a population of from two hundred ten thousand to less than one million: Auditor, seventeen thousand six hundred dollars; clerk, seventeen thousand six hundred dollars; treasurer, seventeen thousand six hundred dollars; sheriff, nineteen thousand five hundred dollars; assessor, seventeen thousand six hundred dollars; ~~((prosecuting attorney, twenty-four thousand eight hundred dollars;))~~ members of the county legislative authority, nineteen thousand five hundred dollars; and coroner, seventeen thousand six hundred dollars;

(3) In each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand: Auditor, sixteen thousand dollars; clerk, sixteen thousand dollars; treasurer, sixteen thousand dollars; sheriff, seventeen thousand six hundred dollars; assessor, sixteen thousand dollars; ~~((prosecuting attorney, twenty-four thousand eight hundred dollars;))~~ members of the county legislative authority, seventeen thousand six hundred dollars; and coroner, sixteen thousand dollars;

(4) In each county with a population of from seventy thousand to less than one hundred twenty-five thousand: Auditor, fourteen thousand nine hundred dollars; clerk, fourteen thousand nine hundred dollars; treasurer, fourteen thousand nine hundred dollars; assessor, fourteen thousand nine hundred dollars; sheriff, fourteen thousand nine hundred dollars; ~~((prosecuting attorney, twenty-three thousand seven hundred dollars;))~~ members of the county legislative authority, fourteen thousand nine hundred dollars; and coroner, fourteen thousand nine hundred dollars;

**"NEW SECTION. Sec. 1.** (1) The legislature finds that many state agencies and local governments administer marine protected areas, preserves, conservation areas, and other similar geographically based area designations that are a valuable means to protect and enhance Puget Sound's marine resources. The legislature further finds that climate change impacts and increased population and development in the Puget Sound basin will place further stresses upon sustaining the biological diversity and ecosystem health of Puget Sound.

(2) It is the intent of the legislature that state and local actions intended to protect, conserve, and manage marine life and resources be conducted in a coordinated manner, use the best available science, consider the projected impacts on Puget Sound's marine areas from climate change, and contribute to the recovery of the Puget Sound's environmental health by 2020.

(3) It is the purpose of this act to:

(a) Create a strategic network of marine managed areas that contribute to conserving the biological diversity and ecosystem health of Puget Sound and that maximizes the effectiveness of the role of marine managed areas in achieving the recovery of Puget Sound's health by 2020;

(b) Strengthen the coordination of marine managed areas among multiple state agencies and local governments and align these efforts with the work of the Puget Sound partnership to recover the Puget Sound's health by 2020;

(c) Provide for management and designation of marine managed areas programs on an ecosystem basis and incorporate the best available scientific information into these programs;

(d) Adopt a plan that builds a comprehensive system of marine managed areas, adopts goals and benchmarks for maintaining the diversity of marine life and resources in Puget Sound, and is based upon anticipated threats and stressors such as climate change impacts;

(e) Recognize the interrelationship of the marine ecosystem throughout the Pacific Northwest, and the multiple entities, including local, state, provincial, and federal governments, as well as tribal governments and first nations, that are involved in managing marine managed areas; and

(f) Adopt codified criteria and procedures applicable to the aquatic reserve program on state-owned aquatic lands.

**NEW SECTION. Sec. 3.** A new section is added to chapter 90.71 RCW to read as follows:

(1) The partnership shall prepare a Puget Sound marine managed areas plan to coordinate and strengthen all of the marine managed areas programs managed by state agencies and local governments.

(2) The chair of the council shall designate a work group to prepare the plan. The work group shall include one or more members of the Puget Sound science panel, one of whom must chair the work group. The work group must include, but not be limited to, state agencies and local governments with regulatory jurisdiction over or that manage marine managed areas including, but not limited to, the department of natural resources, the department of fish and wildlife, the parks and recreation commission, and the department of ecology. The work group shall also include the state biodiversity council, created by executive order 04-02, or the biodiversity council's successor entity. The chair of the council shall also invite representatives of tribal governments, federal agencies, cities, counties, and nongovernmental organizations that have designated or have significant interests in the management of Puget Sound marine managed areas. The chair of the council may also invite representatives from other states and provinces and first nation and tribal governments with interests in marine managed areas in the Pacific Northwest to participate on the work group as observers.

(3) The plan must include, but not be limited to:

(a) Guidelines for identifying key species of concern, threats to these species, and threshold levels of protected habitat needed to recover these species and Puget Sound as a whole to health by 2020;

(b) Guidelines for incorporating the best available scientific information when designating and managing marine managed areas;

(c) Guidelines for managing areas on an ecosystem basis and for coordinating multiple programs and areas within the same biogeographical regions to achieve ecosystem-based management;

(d) Benchmarks to measure progress toward the recovery of species and protected habitat;

(e) Recommendations for adequate levels of funding for the designation, long-term management, and monitoring of the marine managed areas in the network;

(f) Strategies to address the projected impacts to marine managed areas from population growth, existing and proposed upland and aquatic lands development, and storm water discharges to Puget Sound;

(g) Strategies to prepare for and manage the impacts of climate change, including impacts due to sea level changes, salinity changes, water temperature, increased acidification, and changes in frequency and intensity of precipitation events affecting storm water discharges to marine waters;

(h) An adaptive management component in which new information on the progress of implementing management goals for the individual marine managed areas and overall goals for all such areas, the contribution these areas are making toward the goals of recovering the health of Puget Sound by 2020, and climate change impacts may be considered and integrated into the designation and management of marine managed areas; and

(i) Methodologies for synthesizing monitoring results with programmatic goals to inform decision making on subsequent designation and marine managed areas strategies and any necessary changes in implementation strategies to increase the effectiveness of the marine managed areas program in achieving the goal of recovering the Puget Sound's health by 2020.

(4) The plan must also include comprehensive objectives for coordinating existing marine managed areas and designating additional areas to achieve a network of marine managed areas contributing to long-term conservation of important biota and marine ecosystems and recovery of Puget Sound by 2020. In developing the objectives the work group shall rely primarily upon existing plans and objectives relating to conservation of marine life in Puget Sound, and the program plans prepared by state agencies and local governments administering marine managed areas programs. The plan must also consider activities and uses within or adjacent to marine managed areas that are allowed under existing leases of state-owned aquatic lands issued under chapter 79.105 RCW.

(5) The plan must be completed by July 1, 2010, and submitted to the council for its review and approval. The plan must be incorporated into the Puget Sound action agenda adopted under RCW 90.71.310. The council shall provide for public review and comment on the plan in a manner comparable to the other provisions of the Puget Sound action agenda. The council may, with the assistance of the work group, amend the plan from time to time using public review and comment procedures comparable to those that apply when other elements of the Puget Sound action agenda are revised.

**Sec. 4.** RCW 79.105.210 and 2005 c 155 s 143 are each amended to read as follows:

(1) The management of state-owned aquatic lands shall preserve and enhance water-dependent uses. Water-dependent uses shall be favored over other uses in state-owned aquatic land planning and in resolving conflicts between competing lease applications. In cases of conflict between water-dependent uses, priority shall be given to uses which enhance renewable resources, water-borne commerce, and the navigational and biological capacity of the waters, and to statewide interests as distinguished from local interests.

(2) Nonwater-dependent use of state-owned aquatic lands is a low-priority use providing minimal public benefits and shall not be permitted to expand or be established in new areas except in exceptional circumstances where it is compatible with water-dependent uses occurring in or planned for the area.

(3) The department shall consider the natural values of state-owned aquatic lands as wildlife habitat, natural area preserve, representative ecosystem, or spawning area prior to issuing any initial lease or authorizing any change in use. The department may withhold from leasing lands which it finds to have significant natural values, or may provide within any lease for the protection of such values. When withdrawing lands from leasing for the purposes of

managing an aquatic reserve, the department shall be guided by the procedures and criteria of section 5 of this act.

(4) The power to lease state-owned aquatic lands is vested in the department, which has the authority to make leases upon terms, conditions, and length of time in conformance with the state Constitution and chapters 79.105 through 79.140 RCW.

(5) State-owned aquatic lands shall not be leased to persons or organizations which discriminate on the basis of race, color, creed, religion, sex, age, or physical or mental handicap.

**NEW SECTION. Sec. 5.** A new section is added to chapter 79.105 RCW under a new subchapter heading of "aquatic reserve system" to read as follows:

(1) The aquatic reserve system is established. The aquatic reserve system is comprised of those areas of state-owned aquatic lands designated by the department prior to the effective date of this section and any areas added to the system by order of the commissioner thereafter.

(2) State-owned aquatic lands that have one or more of the following characteristics may be included by order of the commissioner in the system as an aquatic reserve:

(a) The lands have been identified as having high priority for conservation, natural systems, wildlife, or low-impact public use values;

(b) The lands have flora, fauna, geological, recreational, archaeological, cultural, scenic, or similar features of critical importance and have retained to some degree or reestablished its natural character;

(c) The lands provide significant examples of native ecological communities;

(d) The lands have significant sites or features threatened with conversion to incompatible uses; and

(e) The lands have been identified by the Puget Sound science panel created in RCW 90.71.270 as critical to achieving recovery of Puget Sound by 2020.

(3)(a) The commissioner shall adopt procedures for submission of reserve nominations and for public participation in the review of proposed reserves.

(b) If, consistent with the best available scientific information, a reserve no longer meets the goals and objectives for which it was designated, and adaptive management has not been successful to meet the goals and objectives, the commissioner may by order modify the reserve boundaries or remove the area from reserve status. The commissioner shall provide public participation procedures for the proposals.

(4) In the designation and management of reserves within Puget Sound, as geographically defined in RCW 90.71.010, the commissioner shall be guided by the marine managed areas plan adopted under section 3 of this act. Within twenty-four months of the adoption of the marine managed areas plan under section 3 of this act, the department shall complete a review of existing management plans and pending reserve nominations for consistency with the guidelines and recommendations in the marine managed areas plan. The commissioner shall accord substantial weight to any recommendations provided by the Puget Sound partnership regarding the designation and management of reserves within Puget Sound.

(5) Where the commissioner determines that management of the taking of fish, shellfish, or wildlife within or adjacent to the reserve would enhance the objectives for which the reserve has been created, the commissioner shall request that the fish and wildlife commission act pursuant to section 6 of this act to adopt supporting rules.

(6) The aquatic reserve system must be coordinated with other marine managed areas and related regulatory programs. The department shall cooperate with other state agencies and local governments to manage state-owned aquatic lands consistently with the management of uses and activities in the same geographic areas by state parks, the department of fish and wildlife, the department of ecology, and other state agencies. The department shall also provide recommendations to local governments in updating their shoreline master programs and in sponsoring local marine park reserves or voluntary stewardship areas to seek consistent planning and management activities in areas adjacent to designated reserves.

(7) State agencies with authority over construction activities or water discharges in state waters or that otherwise implement programs that affect a designated reserve shall give special consideration to increasing protection and reducing and preventing pollution of these areas, consistent with the management objectives of the reserve.

**NEW SECTION. Sec. 6.** A new section is added to chapter 77.12 RCW to read as follows:

(1) The commission may adopt rules governing the taking of fish, shellfish, or wildlife within or adjacent to a designated aquatic reserve, or other marine managed areas. The commission shall give consideration within sixty days to any rule changes requested by the commissioner of public lands to support the purposes of an aquatic reserve designated by the department of natural resources under section 5 of this act.

(2) This section is in addition to and does not limit the commission's authority to establish rules governing the taking of fish, shellfish, or wildlife under any other authority.

**NEW SECTION. Sec. 7.** The Puget Sound partnership shall provide the plan required by section 3 of this act to the appropriate committees of the legislature by December 1, 2010, together with its recommendations for further policy legislation and budget recommendations to enhance Puget Sound marine managed areas programs.

**Sec. 8.** RCW 90.71.300 and 2007 c 341 s 12 are each amended to read as follows:

(1) The action agenda shall consist of the goals and objectives in this section, implementation strategies to meet measurable outcomes, benchmarks, ~~((and))~~ identification of responsible entities, and the marine managed areas plan adopted under section 3 of this act. By 2020, the action agenda shall strive to achieve the following goals:

(a) A healthy human population supported by a healthy Puget Sound that is not threatened by changes in the ecosystem;

(b) A quality of human life that is sustained by a functioning Puget Sound ecosystem;

(c) Healthy and sustaining populations of native species in Puget Sound, including a robust food web;

(d) A healthy Puget Sound where freshwater, estuary, nearshore, marine, and upland habitats are protected, restored, and sustained;

(e) An ecosystem that is supported by ground water levels as well as river and stream flow levels sufficient to sustain people, fish, and wildlife, and the natural functions of the environment;

(f) Fresh and marine waters and sediments of a sufficient quality so that the waters in the region are safe for drinking, swimming, shellfish harvest and consumption, and other human uses and enjoyment, and are not harmful to the native marine mammals, fish, birds, and shellfish of the region.

(2) The action agenda shall be developed and implemented to achieve the following objectives:

(a) Protect existing habitat and prevent further losses;

(b) Restore habitat functions and values;

(c) Significantly reduce toxics entering Puget Sound fresh and marine waters;

(d) Significantly reduce nutrients and pathogens entering Puget Sound fresh and marine waters;

(e) Improve water quality and habitat by managing storm water runoff;

(f) Provide water for people, fish and wildlife, and the environment;

(g) Protect ecosystem biodiversity and recover imperiled species; and

(h) Build and sustain the capacity for action.

**Sec. 9.** RCW 36.125.030 and 2007 c 344 s 4 are each amended to read as follows:

(1) The Puget Sound ~~((action team, or its successor organization,))~~ partnership shall serve as the regional coordinating entity for marine resources committees created in the southern Puget

Sound and the department of fish and wildlife shall serve as the regional coordinating entity for marine resources committees created for the outer coast.

(2) The regional coordinating entity shall serve as a resource to, at a minimum:

(a) Coordinate and pool grant applications and other funding requests for marine resources committees;

(b) Coordinate communications and information among marine resources committees;

(c) Assist marine resources committees to measure themselves against regional performance benchmarks;

(d) Assist marine resources committees with coordinating local projects to complement regional priorities;

(e) Assist marine resources committees to interact with and complement other marine resources committees, and other similar groups, constituted under a different authority; and

(f) Coordinate with the Northwest Straits commission on issues common to marine resources committees statewide."

While the legislature in chapter 307, Laws of 2007, has adopted goals for reducing emissions of climate change gases, and work is underway to establish a comprehensive program to achieve these goals, there is not yet a comprehensive program to coordinate the research and information being compiled on localized impacts of climate change, and to assist local and state entities and the public generally in preparing for and adapting to such impacts.

(2) It is the purpose of this chapter to authorize a study that will recommend the elements of such a comprehensive program of climate change research, preparation, and adaptation.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of ecology.

(2) "Institute" means the joint institute for the study of the atmosphere and ocean, within the University of Washington.

(c) Delivering technical and financial assistance to and integrating data and analyses into state and local programs and planning;

(d) Funding that may be needed by local, regional, state, and other planning jurisdictions to incorporate climate change into their planning processes, including requirements for such integration when receiving state funding;

(e) The range of time horizons and geographic scales to be addressed in climate impact research and analysis;

(f) Phasing in implementation of the program in the 2009-2011 biennium, including funding and legislation necessary to implement each component of this initial phase; and

(g) Any specific projects or pilot projects that the work groups and the institute have identified to ensure the state is adequately prepared for the impacts of climate change and the necessary funding for those projects or pilot projects.

(4) In developing the report required under subsection (1) of this section, the department shall, in consultation with the institute, use the comprehensive state climate change assessment prepared under section 404, chapter 348, Laws of 2007, and the reports prepared by the work groups. The department shall make both reports and the report required under subsection (1) of this section available to the public and ensure they are available on the department's web site or otherwise widely disseminated.

In order to allow for broad participation by all areas of the state, the department shall hold as many meetings as possible by teleconference, video conference, or other means that do not require travel. In the event that meetings are held so that interested parties may attend in person, the meetings shall alternate between eastern and western Washington.

**NEW SECTION. Sec. 5.** (1) The office of Washington state climatologist is created within the University of Washington.

(2) The office of Washington state climatologist consists of the director of the office, who is the state climatologist, and appropriate staff and administrative support as necessary to carry out the powers and duties of the office as enumerated in this section.

(4) In developing the report required under subsection (1) of this section, the department shall, in consultation with the institute, use the comprehensive state climate change assessment prepared under section 404, chapter 348, Laws of 2007, and the reports prepared by the work groups. The department shall make both reports and the report required under subsection (1) of this section available to the public and ensure they are available on the department's web site or otherwise widely disseminated.

**NEW SECTION. Sec. 4.** In preparing the report required under section 3 of this act, the department shall consider if other private, public, or tribal interests who may be impacted by the recommendations of the report or by the specific impacts of climate change being considered by the work groups are represented and shall invite those interests to participate. The department shall include in its report a list of interests represented in the work groups and which interests were invited but did not participate. In order to allow for broad participation by all areas of the state, the department shall hold as many meetings as possible by teleconference, video conference, or other means that do not require travel. In the event that meetings are held so that interested parties may attend in person,

the meetings shall alternate between eastern and western Washington.

**NEW SECTION. Sec. 5.** (1) The office of Washington state climatologist is created within the University of Washington.

(e) To supply critical information for drought preparedness and emergency response as needed to implement the state's drought contingency response plan maintained by the department under RCW 43.83B.410, and to serve as a member of the state's drought water supply and emergency response committees as may be formed in response to a drought event;

(f) To conduct and report on studies of climate and weather phenomena of significant socioeconomic importance to the state; and

(g) To evaluate the significance of natural and man-made changes in important features of the climate affecting the state, and to report this information to those agencies and organizations in the state who are likely to be affected by these changes. Natural changes include, but are not limited to, estimated annual amounts of greenhouse gases emitted during in-state volcanic and forest fire events.

**NEW SECTION. Sec. 6.** (1) Sections 1 through 5 of this act constitute a new chapter in Title 70 RCW.

(2) If chapter --- (Engrossed Second Substitute House Bill No. 2815), Laws of 2008 becomes law and is codified as a new chapter in Title 70 RCW, sections 1 through 5 of this act shall be codified in the same new chapter in Title 70 RCW."

2SSB 6377 Prime Sponsor, Senate Committee on Ways & Means: Regarding secondary career and technical education. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** (1) The legislature finds that many secondary career and technical education programs have made progress in retooling for the twenty-first century by aligning with state and nationally certified programs that meet industry standards and by increasing the rigor of academic content in core skills such as reading, writing, mathematics, and science.

(2) However, the legislature also finds that increased expectations for students to meet the state's academic learning standards require students to take remedial courses. The state board of education is considering increasing credit requirements for high school graduation. Together these policies could restrict students from pursuing high quality career and technical education programs because students would not have adequate time in their schedules to enroll in a progressive sequence of career and technical courses.

(3) The legislature further finds that teachers, counselors, students, and parents are not well-informed about the opportunities presented by high quality career and technical education. Secondary career and technical education is not a stopping point but a beginning point for further education, including through a bachelor's degree. Secondary preapprenticeships and courses aligned to industry standards can lead directly to workforce entry as well as to additional education. Career and technical education is a proven strategy to engage and motivate students, including students at risk of dropping out of school entirely.

(4) Finally, the legislature finds that state policies have been piecemeal in support of career and technical education. Laws exist

to require state approval of career and technical programs, but could be strengthened by requiring alignment with industry standards and focusing on high-demand fields. Tech prep consortia have developed articulation agreements for dual credit and smooth transitions between high schools and colleges, but agreements remain highly decentralized between individual faculty and individual schools. Laws require school districts to create equivalences between academic and career and technical courses, but more support and professional development is needed to expand these opportunities.

(5) Therefore it is the legislature's intent to identify the gaps in current laws and policies regarding secondary career and technical education and fill those gaps in a comprehensive fashion to create a coherent whole. This act seeks to increase the quality and rigor of secondary career and technical education, improve links to postsecondary education, encourage and facilitate academic instruction through career and technical courses, and expand access to and awareness of the opportunities offered by high quality career and technical education.

**PART I  
QUALITY, RIGOR, AND LINKS  
TO POSTSECONDARY EDUCATION**

**Sec. 101.** RCW 28C.04.100 and 2001 c 336 s 2 are each amended to read as follows:

(1) To ensure high quality career and technical programs, the office of the superintendent of public instruction shall periodically review and approve the plans of local districts for the delivery of career and technical education. Standards for career and technical programs shall be established by the office of the superintendent of public instruction. ~~((These standards should:))~~ The office of the superintendent of public instruction shall develop a schedule for career and technical education plan reapproval under this section that includes an abbreviated review process for programs reapproved after 2005, but before the effective date of this section. All school district career and technical education programs must meet the requirements of this section by August 31, 2010.

(2) To receive approval, school district plans must:

(a) Demonstrate how career and technical education programs will ensure academic rigor; align with the state's education reform requirements; help address the skills gap of Washington's economy; and maintain strong relationships with local career and technical education advisory councils for the design and delivery of career and technical education; ~~((and))~~

(b) Demonstrate a strategy to align the five-year planning requirement under the federal Carl Perkins act with the state and district ~~((vocational))~~ career and technical program planning requirements that include:

(i) An assessment of equipment and technology needs to support the skills training of technical students;

(ii) An assessment of industry internships required for teachers to ensure the ability to prepare students for industry-defined standards or certifications, or both;

(iii) An assessment of the costs of supporting job shadows, mentors, community service and industry internships, and other activities for student learning in the community; ~~((and))~~

(iv) A description of the leadership activities to be provided for technical education students; and

(v) Annual local school board approval;

(c) Demonstrate that all preparatory career and technical education courses offered by the district meet the requirements of RCW 28C.04.110 (as recodified by this act);

(d) Demonstrate progress toward meeting or exceeding the targets established under section 104 of this act of an increased number of career and technical programs in high-demand fields; and

(e) Demonstrate that approved career and technical programs maximize opportunities for students to earn dual credit for high school and college.

~~((2))~~ (3) To ensure high quality career education programs and services in secondary schools, the office of the superintendent of public instruction may provide technical assistance to local districts

and develop state guidelines for the delivery of career guidance in secondary schools.

~~((3))~~ (4) To ensure leadership development, the staff of the office of the superintendent of public instruction may serve as the state advisors to Washington state FFA, Washington future business leaders of America, Washington DECA, Washington ~~((SkillsUSA-VICA))~~ SkillsUSA, Washington family, career and community leaders, and Washington technology students association, and any additional career or technical student organizations that are formed. Working with the directors or executive secretaries of these organizations, the office of the superintendent of public instruction may develop tools for the coordination of leadership activities with the curriculum of technical education programs.

~~((4))~~ (5) As used in this section, "career and technical education" means a planned program of courses and learning experiences that begins with exploration of career options; supports basic academic and life skills; and enables achievement of high academic standards, leadership, options for high skill, high wage employment preparation, and advanced and continuing education.

NEW SECTION. Sec. 102. (1) The office of the superintendent of public instruction, in consultation with the workforce training and education coordinating board, the Washington state apprenticeship and training council, and the state board for community and technical colleges, shall develop a list of statewide high-demand programs for secondary career and technical education. The list shall be developed using the high-demand list maintained by workforce development councils in consultation with the employment security department, the high employer demand programs of study identified by the workforce training and education coordinating board, and the high employer demand programs of study identified by the higher education coordinating board. Local school districts may recommend additional high-demand programs in consultation with local career and technical education advisory committees by submitting evidence of local high demand.

(2) As used in this section and in sections 104, 105, 107, and 307 of this act:

(a) "High-demand program" means a career and technical education program that prepares students for either a high employer demand program of study or a high-demand occupation, or both.

(b) "High employer demand program of study" means an apprenticeship or an undergraduate or graduate certificate or degree program in which the number of students per year prepared for employment from in-state programs is substantially fewer than the number of projected job openings per year in that field, either statewide or in a substate region.

(c) "High-demand occupation" means an occupation with a substantial number of current or projected employment opportunities.

**Sec. 103.** RCW 28C.04.110 and 2006 c 115 s 2 are each amended to read as follows:

~~((The superintendent of public instruction shall develop a list of approved career and technical education programs that qualify for the objective alternative assessment for career and technical students developed under RCW 28A.655.065. Programs on the list))~~ All approved preparatory secondary career and technical education programs must meet the following minimum criteria:

(1) Either:

(a) Lead to a certificate or credential that is state or nationally recognized by trades, industries, or other professional associations as necessary for employment or advancement in that field; or

(b) Allow students to earn dual credit for high school and college through tech prep, advanced placement, or other agreements or programs;

(2) ((Require)) Be comprised of a sequenced progression of multiple courses((- both exploratory and preparatory;)) that are ((vocationally)) technically intensive and rigorous; and

(3) ((Have a high potential for providing the program completer with gainful employment or)) Lead to workforce entry ((into a)), state or nationally approved apprenticeships, or postsecondary ((workforce training program)) education in a related field.

**NEW SECTION. Sec. 104.** (1) The office of the superintendent of public instruction shall establish performance measures and targets and monitor the performance of career and technical education programs in at least the following areas:

(a) Student participation in and completion of high-demand programs as identified under section 102 of this act;

(b) Students earning dual credit for high school and college; and

(c) Performance measures and targets established by the workforce training and education coordinating board, including but not limited to student academic and technical skill attainment, graduation rates, postgraduation employment or enrollment in postsecondary education, and other measures and targets as required by the federal Carl Perkins act, as amended.

(2) If a school district fails to meet the performance targets established under this section, the office of the superintendent of public instruction may require the district to submit an improvement plan. If a district fails to implement an improvement plan or continues to fail to meet the performance targets for three consecutive years, the office of the superintendent of public instruction may use this failure as the basis to deny the approval or reapproval of one or more of the district's career and technical education programs.

**NEW SECTION. Sec. 105.** Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate grants to middle schools, high schools, or skill centers, to develop or upgrade high-demand career and technical education programs as identified under section 102 of this act. Grant funds shall be allocated on a one-time basis and may be used to purchase or improve curriculum, create preapprenticeship programs, upgrade technology and equipment to meet industry standards, and for other purposes intended to initiate a new program or improve the rigor and quality of a high-demand program. Priority in allocating the funds shall be given to programs that are also considered high cost due to the types of technology and equipment necessary to maintain industry certification. Priority shall also be given to programs considered in most high demand in the state or applicable region.

**Sec. 106.** 2007 c 399 s 3 (uncodified) is amended to read as follows:

(1) The funding structure alternatives developed by the joint task force under section 2 of this act shall take into consideration the legislative priorities in this section, to the maximum extent possible and as appropriate to each formula.

(2) The funding structure should reflect the most effective instructional strategies and service delivery models and be based on research-proven education programs and activities with demonstrated cost benefits. In reviewing the possible strategies and models to include in the funding structure the task force shall, at a minimum, consider the following issues:

(a) Professional development for all staff;

(b) Whether the compensation system for instructional staff shall include pay for performance, knowledge, and skills elements; regional cost-of-living elements; elements to recognize assignments that are difficult; recognition for the professional teaching level certificate in the salary allocation model; and a plan to implement the pay structure;

(c) Voluntary all-day kindergarten;

(d) Optimum class size, including different class sizes based on grade level and ways to reduce class size;

(e) Focused instructional support for students and schools;

(f) Extended school day and school year options; ~~(and)~~

(g) Health and safety requirements; and

(h) Staffing ratios and other components needed to support career and technical education programs.

(3) The recommendations should provide maximum transparency of the state's educational funding system in order to better help parents, citizens, and school personnel in Washington understand how their school system is funded.

(4) The funding structure should be linked to accountability for student outcomes and performance.

**NEW SECTION. Sec. 107.** (1) The office of the superintendent of public instruction, the workforce training and education coordinating board, the state board for community and technical colleges, the higher education coordinating board, and the council of presidents shall work with local school districts, workforce education programs in colleges, tech prep consortia, and four-year institutions of higher education to develop model career and technical education programs of study as described by this section.

(2) Career and technical education programs of study:

(a) Incorporate secondary and postsecondary education elements;

(b) Include coherent and rigorous academic content aligned with state learning standards and relevant career and technical content in a coordinated, nonduplicative progression of courses that are aligned with postsecondary education in a related field;

(c) Include opportunities for students to earn dual high school and college credit; and

(d) Lead to an industry-recognized credential or certificate at the postsecondary level, or an associate or baccalaureate degree.

(3) During the 2008-09 school year, model career and technical education programs of study shall be developed for the following high-demand programs: Construction, health care, and information technology. Each school year thereafter, the office of the superintendent of public instruction, the state board for community and technical colleges, the higher education coordinating board, and the workforce training and education coordinating board shall select additional programs of study to develop, with a priority on high-demand programs as identified under section 102 of this act.

**NEW SECTION. Sec. 108.** A new section is added to chapter 28B.50 RCW to read as follows:

(1) It is the legislature's intent to recognize and support the work of community and technical colleges, high schools, and skill centers in creating articulation and dual credit agreements for career and technical education students, in part by codifying current practice.

(2) Community and technical colleges shall create agreements with high schools and skill centers to offer dual high school and college credit for secondary career and technical courses. Agreements shall be subject to approval by the chief instructional officer of the college and the principal and the career and technical education director of the high school or the executive director of the skill center.

(3) Community and technical colleges may create dual credit agreements with high schools and skill centers that are located outside the college district boundary or service area.

(4) If a community or technical college has created an agreement with a high school or skill center to offer college credit for a secondary career and technical course, all community and technical colleges shall accept the course for an equal amount of college credit.

## PART II ACADEMIC INSTRUCTION THROUGH CAREER AND TECHNICAL EDUCATION

**NEW SECTION. Sec. 201.** (1) The office of the superintendent of public instruction shall support school district efforts under RCW 28A.230.097 to adopt course equivalencies for career and technical courses by:

(a) Recommending career and technical curriculum suitable for course equivalencies;

(b) Publicizing best practices for high schools and school districts in developing and adopting course equivalencies; and

(c) In consultation with the Washington association for career and technical education, providing professional development, technical assistance, and guidance for school districts seeking to expand their lists of equivalent courses.

(2) The office of the superintendent of public instruction shall provide professional development, technical assistance, and guidance for school districts to develop career and technical course equivalencies that also qualify as advanced placement courses.

(3) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate grant funds to school districts to increase the integration and rigor of academic instruction in career and technical courses. Grant recipients are encouraged to use grant funds to support teams of academic and technical teachers using a research-based professional development model supported by the national research center for career and technical education. The office of the superintendent of public instruction may require that grant recipients provide matching resources using federal Carl Perkins funds or other fund sources.

**Sec. 202.** RCW 28A.230.097 and 2006 c 114 s 2 are each amended to read as follows:

(1) Each high school or school district board of directors shall adopt course equivalencies for career and technical high school courses offered to students ~~((at the))~~ in high schools and skill centers. A career and technical course equivalency may be for whole or partial credit. Each school district board of directors shall develop a course equivalency approval procedure.

(2) Career and technical courses determined to be equivalent to academic core courses, in full or in part, by the high school or school district shall be accepted as meeting core requirements, including graduation requirements, if the courses are recorded on the student's transcript using the equivalent academic high school department designation and title. Full or partial credit shall be recorded as appropriate. The high school or school district shall also issue and keep record of course completion certificates that demonstrate that the career and technical courses were successfully completed as needed for industry certification, college credit, or preapprenticeship, as applicable. The certificate shall be either part of the student's high school and beyond plan or the student's culminating project, as determined by the student. The office of the superintendent of public instruction shall develop and make available electronic samples of certificates of course completion.

**NEW SECTION. Sec. 203.** A new section is added to chapter 28A.245 RCW to read as follows:

Skill centers may enter into agreements with one or more cooperating school districts to grant a high school diploma on behalf of the district so that students who are juniors and seniors have an opportunity to attend the skill center on a full-time basis without coenrollment at a district high school. To avoid competition with other high schools in the cooperating district, high school completion programs operated by skill centers shall be designed as dropout prevention and retrieval programs for at-risk and credit-deficient students or for fifth-year seniors. A skill center may use grant awards from the building bridges program under RCW 28A.175.025 to develop high school completion programs as provided in this section.

**NEW SECTION. Sec. 204.** (1) Subject to funds appropriated for this purpose, the secondary integrated basic education and skills training (I-BEST) pilot project is created to integrate career and technical instruction, core academic and basic skills, and English as a second language, for secondary school students. The objective of the pilot project is to determine whether and how a successful community and technical college instructional model can be adapted and implemented at a secondary school level.

(2) The goal of secondary I-BEST is to enable and motivate secondary students who are struggling with language and academic skills to earn a high school diploma and be prepared for workforce entry or further education and training in a career and technical field. Under the pilot project, academic, career and technical, and English-as-a second-language teachers shall provide instruction through team and coteaching. Course content shall be integrated across the three domains of career and technical, academic, and language.

(3) The office of the superintendent of public instruction shall allocate pilot project grants to high schools or skill centers on a competitive basis. Grants are for a three-year period. The office of the superintendent of public instruction shall work with the state board for community and technical colleges, grant recipients, and the Washington State University social and economic sciences research

center to design and implement an evaluation of the pilot project that includes comparisons of gains in achievement for students in the project compared to other similar students. A report on the pilot project and results of the evaluation shall be submitted to the governor and the education and fiscal committees of the legislature by December 1, 2011.

(4) The state board for community and technical colleges shall provide technical assistance and advice to the office of the superintendent of public instruction and the pilot project regarding best practices for I-BEST, including program design, professional development, assessment, and evaluation. The state board shall also designate one or more community or technical colleges with exemplary postsecondary I-BEST programs to serve as mentors for the pilot project.

(5) This section expires June 30, 2012.

**Sec. 205.** RCW 28A.655.065 and 2007 c 354 s 6 are each amended to read as follows:

(1) The legislature has made a commitment to rigorous academic standards for receipt of a high school diploma. The primary way that students will demonstrate that they meet the standards in reading, writing, mathematics, and science is through the Washington assessment of student learning. Only objective assessments that are comparable in rigor to the state assessment are authorized as an alternative assessment. Before seeking an alternative assessment, the legislature expects students to make a genuine effort to meet state standards, through regular and consistent attendance at school and participation in extended learning and other assistance programs.

(2) Under RCW 28A.655.061, beginning in the 2006-07 school year, the superintendent of public instruction shall implement objective alternative assessment methods as provided in this section for students to demonstrate achievement of the state standards in content areas in which the student has not yet met the standard on the high school Washington assessment of student learning. A student may access an alternative if the student meets applicable eligibility criteria in RCW 28A.655.061 and this section and other eligibility criteria established by the superintendent of public instruction, including but not limited to attendance criteria and participation in the remediation or supplemental instruction contained in the student learning plan developed under RCW 28A.655.061. A school district may waive attendance and/or remediation criteria for special, unavoidable circumstances.

(3) For the purposes of this section, "applicant" means a student seeking to use one of the alternative assessment methods in this section.

(4) One alternative assessment method shall be a combination of the applicant's grades in applicable courses and the applicant's highest score on the high school Washington assessment of student learning, as provided in this subsection. A student is eligible to apply for the alternative assessment method under this subsection (4) if the student has a cumulative grade point average of at least 3.2 on a four point grading scale. The superintendent of public instruction shall determine which high school courses are applicable to the alternative assessment method and shall issue guidelines to school districts.

(a) Using guidelines prepared by the superintendent of public instruction, a school district shall identify the group of students in the same school as the applicant who took the same high school courses as the applicant in the applicable content area. From the group of students identified in this manner, the district shall select the comparison cohort that shall be those students who met or slightly exceeded the state standard on the Washington assessment of student learning.

(b) The district shall compare the applicant's grades in high school courses in the applicable content area to the grades of students in the comparison cohort for the same high school courses. If the applicant's grades are equal to or above the mean grades of the comparison cohort, the applicant shall be deemed to have met the state standard on the alternative assessment.

(c) An applicant may not use the alternative assessment under this subsection (4) if there are fewer than six students in the comparison cohort.

(5) The superintendent of public instruction shall develop an alternative assessment method that shall be an evaluation of a collection of work samples prepared and submitted by the applicant ~~(as provided in this subsection and, for career and technical applicants, the additional requirements of subsection (6) of this section).~~

(a) The superintendent of public instruction shall develop guidelines for the types and number of work samples in each content area that may be submitted as a collection of evidence that the applicant has met the state standard in that content area. Work samples may be collected from academic, career and technical, or remedial courses and may include performance tasks as well as written products. The superintendent shall submit the guidelines for approval by the state board of education.

(b) The superintendent shall develop protocols for submission of the collection of work samples that include affidavits from the applicant's teachers and school district that the samples are the work of the applicant and a requirement that a portion of the samples be prepared under the direct supervision of a classroom teacher. The superintendent shall submit the protocols for approval by the state board of education.

(c) The superintendent shall develop uniform scoring criteria for evaluating the collection of work samples and submit the scoring criteria for approval by the state board of education. Collections shall be scored at the state level or regionally by a panel of educators selected and trained by the superintendent to ensure objectivity, reliability, and rigor in the evaluation. An educator may not score work samples submitted by applicants from the educator's school district. If the panel awards an applicant's collection of work samples the minimum required score, the applicant shall be deemed to have met the state standard on the alternative assessment.

(d) Using an open and public process that includes consultation with district superintendents, school principals, and other educators, the state board of education shall consider the guidelines, protocols, scoring criteria, and other information regarding the collection of work samples submitted by the superintendent of public instruction. The collection of work samples may be implemented as an alternative assessment after the state board of education has approved the guidelines, protocols, and scoring criteria and determined that the collection of work samples: (i) Will meet professionally accepted standards for a valid and reliable measure of the grade level expectations and the essential academic learning requirements; and (ii) is comparable to or exceeds the rigor of the skills and knowledge that a student must demonstrate on the Washington assessment of student learning in the applicable content area. The state board shall make an approval decision and determination no later than December 1, 2006, and thereafter may increase the required rigor of the collection of work samples.

(e) By September of 2006, the superintendent of public instruction shall develop informational materials for parents, teachers, and students regarding the collection of work samples and the status of its development as an alternative assessment method. The materials shall provide specific guidance regarding the type and number of work samples likely to be required, include examples of work that meets the state learning standards, and describe the scoring criteria and process for the collection. The materials shall also encourage students in the graduating class of 2008 to begin creating a collection if they believe they may seek to use the collection once it is implemented as an alternative assessment.

(6)(a) For students enrolled in a career and technical education program approved under RCW 28C.04.110 (as recodified by this act), the superintendent of public instruction shall develop additional guidelines for ~~((a))~~ collections of work samples that ~~((evidences that the collection:~~

~~(i) Is relevant to the student's particular career and technical program;~~

~~(ii) Focuses on the application of academic knowledge and skills within the program;~~

~~(iii) Includes completed activities or projects where demonstration of academic knowledge is inferred; and~~

~~(iv) Is related to the essential academic learning requirements and state standards that students must meet to earn a certificate of academic achievement or certificate of individual achievement, but also represents the knowledge and skills that successful individuals~~

~~in the career and technical field of the approved program are expected to possess.~~

(4) Eligible students must have a family income that is at or below two hundred percent of the federal poverty level using the most current guidelines available from the United States department of health and human services.

**Sec. 303.** RCW 28A.600.045 and 2006 c 117 s 2 are each amended to read as follows:

(1) The legislature encourages each middle school, junior high school, and high school to implement a comprehensive guidance and planning program for all students. The purpose of the program is to support students as they navigate their education and plan their future; encourage an ongoing and personal relationship between each student and an adult in the school; and involve parents in students' educational decisions and plans.

(2) A comprehensive guidance and planning program is a program that contains at least the following components:

(a) A curriculum intended to provide the skills and knowledge students need to select courses, explore options, plan for their future, and take steps to implement their plans. The curriculum may include such topics as analysis of students' test results; diagnostic assessments of students' academic strengths and weaknesses; use of assessment results in developing students' short-term and long-term plans; assessments of student interests and aptitude; goal-setting skills; planning for high school course selection; independent living skills; exploration of options and opportunities for career and technical education at the secondary and postsecondary level; exploration of career opportunities in emerging and high-demand programs including apprenticeships; and postsecondary options and how to access them;

(b) Regular meetings between each student and a teacher who serves as an advisor throughout the student's enrollment at the school;

(c) Student-led conferences with the student's parents, guardians, or family members and the student's advisor for the purpose of demonstrating the student's accomplishments; identifying weaknesses; planning and selecting courses; and setting long-term goals; and

(2) To qualify for enrollment under this section, a student must have been enrolled in the skill center before receiving the high school diploma and must remain continuously enrolled in the skill center. A student may enroll only in those courses necessary to complete the industry certificate or credential associated with the student's career and technical program.

(3) Students enrolled in a skill center under this section shall be considered community and technical college students for purposes of enrollment reporting, tuition, and financial aid. The skill center shall maintain enrollment data for students enrolled under this section separately from data on secondary school enrollment.

**NEW SECTION. Sec. 305.** A new section is added to chapter 28B.50 RCW to read as follows:

(1) A community or technical college may enter into an agreement with a skill center within the college district to allow students who have completed a high school diploma to remain enrolled in the skill center in courses necessary to complete an industry certificate or credential in the student's career and technical program as provided by section 304 of this act.

(2) Before entering an agreement, a community or technical college may require the skill center to provide evidence that:

(a) The skill center has adequate facilities and capacity to offer the necessary courses and the community or technical college does not have adequate facilities or capacity; or

(b) The community or technical college does not offer the particular industry certificate program or courses proposed by the skill center.

(3) Under the terms of the agreement, the community or technical college shall report the enrolled student as a state-supported student and may charge the student tuition and fees. The college shall transmit to the skill center an agreed-upon amount per enrolled full-time equivalent student to pay for the student's courses at the skill center.

**Sec. 306.** RCW 28B.102.040 and 2005 c 518 s 918 are each amended to read as follows:

(1) The board may select participants based on an application process conducted by the board or the board may utilize selection processes for similar students in cooperation with the professional educator standards board or the office of the superintendent of public instruction.

(2) If the board selects participants for the program, it shall establish a selection committee for screening and selecting recipients of the conditional scholarships. The criteria shall emphasize factors demonstrating excellence including but not limited to superior scholastic achievement, leadership ability, community contributions, bilingual ability, willingness to commit to providing teaching service in shortage areas, and an ability to act as a role model for students.

Priority will be given to individuals seeking certification or an additional endorsement in math, science, technology education, agricultural education, business and marketing education, family and consumer science education, or special education.

~~((For fiscal years 2006 and 2007, additional priority shall be given to such individuals who are also bilingual. It is the intent of the legislature to develop a pool of dual-language teachers in order to meet the challenge of educating students who are dominant in languages other than English.))~~

**NEW SECTION. Sec. 307.** (1) Subject to funds appropriated for this purpose, the in-demand scholars program is created. The purpose of the program is to replicate a successful pilot program to attract high school students into high-demand fields, as identified under section 102 of this act, that require one to three years of postsecondary education, including apprenticeships. The program shall be administered by the workforce training and education coordinating board.

(2) The workforce training and education coordinating board, in consultation with representatives from the statewide association of workforce development councils, the Washington state labor council, and a statewide business association, shall:

(a) Develop a model in-demand scholars program to be implemented by local workforce development councils. The model program shall be sufficiently flexible that councils may customize the design to meet the unique needs and available resources in each region. Under the model program, workforce development councils identify local industries in high-demand fields that are having difficulty filling employee positions that require one to three years of postsecondary education or apprenticeship. Representatives of such industries present the employment opportunities available in their industry to local high school students and inform students about possible job shadowing or internship opportunities in the industry. Students who participate in a job shadow or internship under a model program are eligible to receive an in-demand scholarship if the students enroll in a postsecondary education program or apprenticeship in one of the high-demand fields identified in the model program. Local workforce development councils award the scholarships. Scholarships shall not exceed an amount specified in the omnibus appropriations act and shall be used to offset tuition and related education and training expenses for a maximum of two years;

(b) Determine and make the initial allocation for the in-demand scholars program to each workforce development council, based on its projected outcomes and other criteria. Funding may be reallocated among workforce development councils if necessary based on actual results achieved; and

(c) Require that local workforce development councils submit quarterly reports on the in-demand scholars program, including but not limited to the industries participating and the projected and actual number of students served, students completing job shadows or internships, students entering and completing postsecondary education, students entering the targeted career, and students continuing on to four-year degrees or other additional education.

**NEW SECTION. Sec. 308.** (1) The office of the superintendent of public instruction shall conduct a feasibility study to create technical high schools in Washington state. In conducting the study, the office shall convene an advisory committee including, but not limited to, representatives from school districts, high schools, skill centers, community and technical colleges, workforce development councils, the workforce training and education coordinating board, the Washington association for career and technical education, the Washington state apprenticeship and training council, and the state board for community and technical colleges. Subject to available funds, the office shall contract with a third party to support the study, including examining technical high school models in other states.

(2) The feasibility study shall examine and make recommendations on the following issues:

(a) The definition of a technical high school and how a technical high school might differ from current comprehensive high schools, alternative high schools, or skill centers;

(b) The governance structure for technical high schools, which may be within a single district, a cooperative of multiple districts, or other new governance structures that may be considered;

(c) Funding models and estimated costs to support technical high schools, including both operating and capital funds;

(d) Whether technical high schools should focus on particular student populations or be structured as magnet schools or academies with a particular programmatic focus;

(e) Whether technical high schools should operate with a two-year or four-year program or with part-time or full-time attendance;

(f) The implications of accountability for student achievement with a technical high school, including adequate yearly progress; and

(g) Options, strategies, and estimated costs for possible transition of selected current high schools or skill centers to a technical high school model.

(3) The office of the superintendent of public instruction shall submit an interim progress report to the governor and the education and fiscal committees of the legislature by December 1, 2008, and a final report with recommendations by September 15, 2009.

SSB 6385 Prime Sponsor, Senate Committee on Consumer Protection & Housing: Concerning real property. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature by this act does not intend to create a cause of action in tort for defects in the construction of improvements upon real property intended for residential use, nor does the legislature intend to overrule the holding in *Berschauer/Phillips Constr. Co. v. Seattle Sch. Dist. No. 1*, 124 Wn.2d 816, 881 P.2d 986 (1994) and other cases in which the courts have held that the economic loss rule applies to construction defect claims.

NEW SECTION. Sec. 2. A new section is added to chapter 64.50 RCW to read as follows:

(1) A construction professional involved in the construction of improvements upon residential real property or real property intended for use as residential real property warrants that the work, and any part thereof, will be suitable for the ordinary uses of real property of its type and that the work will be:

- (a) Free from defective materials;
- (b) Constructed in accordance with sound engineering and construction standards;
- (c) Constructed in a workmanlike manner; and
- (d) Constructed in compliance with all laws then applicable to such improvements.

(2) If a construction professional breaches a warranty arising under this section and the breach results in damage to any portion of the residential real property, the current owner of the residential real property may bring a cause of action for damages against the construction professional. Absence of privity of contract between

the owner and the construction professional is not a defense to the enforcement of a warranty arising under this section.

(3) In a judicial proceeding for breach of a warranty arising under this section, the plaintiff must show that the alleged breach has adversely affected or will adversely affect the performance of that portion of the property alleged to be in breach. As used in this subsection, "adverse effect" must be more than technical and must be significant to a reasonable person. To establish an adverse effect, the person alleging the breach is not required to prove that the breach renders the property unfit for occupancy.

(4) Proof of breach of a warranty arising under this section is not proof of damages. Damages awarded for a breach of a warranty arising under this section are the cost of repairs. However, if it is established that the cost of repairs is clearly disproportionate to the loss in market value caused by the breach, then damages shall be limited to the loss in market value.

(5)(a) A judicial proceeding for breach of a warranty arising under this section must be commenced within four years after the cause of action accrues. This period may not be reduced by either oral or written agreement, or through the use of contractual claims or notice procedures that require the filing or service of any claim or notice prior to the expiration of the period specified in this section.

(b) Except as provided under (c) of this subsection, a cause of action for breach of a warranty under this section accrues, regardless of the owner's lack of knowledge of the breach:

(i) In the case of the purchase of newly constructed residential real property, on the date the initial owner enters into possession of the property; or

(ii) In the case of existing residential real property upon which the construction of improvements are made, on the date of substantial completion of construction or termination of the construction project, whichever is later.

(c) A cause of action for breach of a warranty under this section based on a latent structural defect or a latent water penetration defect accrues when the claimant discovers or reasonably should have discovered the latent structural defect or latent water penetration defect.

(d) An action for breach of a warranty under this section is subject to the time limits provided in RCW 4.16.310.

(6) If a written notice of claim is served under RCW 64.50.020 within the time prescribed for the filing of an action under this section, the statutes of limitation in this section and any applicable statutes of repose for construction-related claims are tolled until sixty days after the period of time during which the filing of an action is barred under RCW 64.50.020.

(7) The warranties imposed by this section may not be waived, disclaimed, or limited.

(8) In a judicial proceeding under this section, the court may award reasonable attorneys' fees and costs to the prevailing party.

(9) This section does not apply to condominiums subject to chapter 64.34 RCW or nonprofit housing developers.

(10) This section does not affect the application of the requirements imposed under other provisions of this chapter.

(11) For the purposes of this section:

(a) "Nonprofit housing developer" means a nonprofit organization or housing authority that has among its purposes the provision of housing that is affordable to low-income households.

(b) "Residential real property" means a single-family house or a duplex occupied by the owner as a residence.

(c) "Substantial completion of construction" means the state of completion reached when an improvement upon real property may be used or occupied for its intended use.

**Sec. 3.** RCW 64.50.010 and 2002 c 323 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Action" means any civil lawsuit or action in contract or tort for damages or indemnity brought against a construction professional to assert a claim, whether by complaint, counterclaim, or cross-claim, for damage or the loss of use of real or personal property caused by a defect in the construction of a residence or in the substantial remodel of a residence. "Action" does not include

any civil action in tort alleging personal injury or wrongful death to a person or persons resulting from a construction defect.

(2) "Association" means an association, master association, or subassociation as defined and provided for in RCW 64.34.020(4), 64.34.276, 64.34.278, and 64.38.010(1).

(3) "Claimant" means a homeowner or association who asserts a claim against a construction professional concerning a defect in the construction of a residence or in the substantial remodel of a residence.

(4) "Construction professional" means an architect, builder, builder vendor, contractor, subcontractor, engineer, or inspector, including, but not limited to, a dealer as defined in RCW 64.34.020(12) and a declarant as defined in RCW 64.34.020(13), performing or furnishing the design, supervision, inspection, construction, or observation of the construction of any improvement to real property, whether operating as a sole proprietor, partnership, corporation, or other business entity. "Construction professional" does not include an inspector who is an agent or employee of a local government and acting in his or her official capacity as an inspector.

(5) "Homeowner" means: (a) Any person, company, firm, partnership, corporation, or association who contracts with a construction professional for the construction, sale, or construction and sale of a residence; and (b) an "association" as defined in this section. "Homeowner" includes, but is not limited to, a subsequent purchaser of a residence from any homeowner.

(6) "Residence" means a single-family house, duplex, triplex, quadraplex, or a unit in a multiunit residential structure in which title to each individual unit is transferred to the owner under a condominium or cooperative system, and shall include common elements as defined in RCW 64.34.020(6) and common areas as defined in RCW 64.38.010(4).

(7) "Serve" or "service" means personal service or delivery by certified mail to the last known address of the addressee.

(8) "Substantial remodel" means a remodel of a residence, for which the total cost exceeds one-half of the assessed value of the residence for property tax purposes at the time the contract for the remodel work was made.

SSB 6448 Prime Sponsor, Senate Committee on Ways & Means: Providing for intensive behavior support services for children with developmental disabilities. Reported by Committee on Human Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that a developmental disability is a natural part of human life, and the presence of a developmental disability in the life of a person does not diminish the person's rights or opportunity to participate fully in the life of the local community.

The legislature recognizes that the number of children who have a developmental disability along with intense behaviors is increasing and more families are seeking out-of-home placement for their children. The legislature intends that services be created to develop skills and supports designed for the child, family members, and others involved in the child's life to avoid disruption to the family and reduce the need for out-of-home placement.

Within available funds, the legislature directs the department of social and health services to submit a federal waiver application through which services may be provided to allow a child with a developmental disability who has intense behaviors to have a permanent and stable familial relationship. The legislature intends for these services to be locally based and offered as early as possible to avoid family disruption and out-of-home placement.

**NEW SECTION. Sec. 2.** (1) Upon receipt of a federal home and community-based care waiver and to the extent funding is appropriated for this purpose, intensive behavior support services may be provided by the department of social and health services, directly or by contract, to children with developmental disabilities who have intense behaviors and their families.

(2) The department shall be the lead administrative agency for intensive behavior support services and shall:

(a) Collaborate with appropriate stakeholders to develop and implement the intensive behavior support services program within the division of developmental disabilities;

(b) Utilize best practices and evidence-based practices;

(c) Provide coordination and planning for the implementation of intensive in-home services;

(d) Contract for the provision of intensive in-home services;

(e) Monitor and evaluate services to determine whether the program meets standards identified in the service contract;

(f) Collect data regarding the number of families served, and cost and outcomes of the program;

(g) Adopt appropriate rules to implement the program;

(h) License out-of-home respite placements on a timely basis;

(i) Maintain an appropriate staff-to-client ratio; and

(j) Assess the child for placement in a waiver program if the child has more complex needs and the family is unable to care for the child at home.

(3) A child may receive services when the department has determined that:

(a) The child is under the age of twenty-one;

(b) The child has a developmental disability and has been determined eligible for these services;

(c) The child/family score is substantially high enough on the behavior sections of the assessment conducted by the division of developmental disabilities within the department to indicate the child's behavior puts the child or family at significant risk and/or is very likely to require an out-of-home placement;

(d) The child meets eligibility for the home and community-based care waiver or waivers;

(e) The child resides in his or her family home or is temporarily in an out-of-home placement with a plan to return home;

(f) The family demonstrates the ability and willingness to learn the skills necessary to participate in the care outlined in the completed individual support plan; and

(g) The family is not subject to a pending child protective services referral.

**NEW SECTION. Sec. 3.** (1) Intensive behavior support services under the program authorized in section 2 of this act shall

be provided through a core team of highly trained individuals either directly or by contract.

(2) The intensive behavior support services program shall be designed to enhance the child's and parent's skills to manage behaviors, increase family and personal self-sufficiency, improve functioning of the family, reduce stress on children and families, and assist the family to locate and use other community services.

(3) The core team shall have the following characteristics and responsibilities:

(a) Expertise in behavior management, therapies, and children's crisis intervention, or have access to such specialized expertise;

(b) Ability to coordinate the array of services and supports needed to stabilize the family;

(c) Ability to conduct transition planning as the individual and the individual's family leave the program; and

(d) Ability to authorize or coordinate the services in the family's home and other environments, such as schools and neighborhoods.

(4) The following types of services would constitute intensive behavior support services:

(a) Behavior consultation;

(b) Minor home adaptations;

(c) Motor vehicle adaptations;

(d) Goods, services, and supplies;

(e) In-home daily care;

(f) Therapies;

(g) In-home respite and planned out-of-home respite;

(h) Intensive behavior management training of families and other individuals and partners working with the child in all domains, including the school and an individualized education plan team; and

(i) Coordination and planning.

**NEW SECTION. Sec. 4.** Sections 1 through 3 of this act constitute a new chapter in Title 71A RCW.

**NEW SECTION. Sec. 5.** The sum of two million eight hundred thousand dollars, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 2009, from the general fund to the department of social and health services to serve up to one hundred children under this act."

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 36.61.010 and 1987 c 432 s 1 are each amended to read as follows:

The legislature finds that the environmental, recreational, and aesthetic values of many of the state's lakes are threatened by eutrophication and other deterioration and that existing governmental authorities are unable to adequately improve and maintain the quality of the state's lakes.

The legislature intends that an ecosystem-based beach management approach should be used to help promote the health of aquatic ecosystems and that such a management approach be undertaken in a manner that retains ecosystem values within the state. This management approach should use long-term strategies that focus on reducing nutrient inputs from human activities affecting the aquatic ecosystem, such as decreasing nutrients into storm water sewers, decreasing fertilizer application, promoting the proper disposal of pet waste, promoting the use of vegetative borders, promoting the reduction of nutrients from on-site septic systems where appropriate, and protecting riparian areas. Organic debris, including vegetation, driftwood, seaweed, kelp, and organisms, are extremely important to beach ecosystems.

It is the purpose of this chapter to establish a governmental mechanism by which property owners can embark on a program of lake or beach improvement and maintenance for their and the general public's benefit, health, and welfare. Public property, including state property, shall be considered the same as private property in this chapter, except liens for special assessments and liens for rates and charges shall not extend to public property. Lake bottom property and marine property below the line of the ordinary high water mark shall not be considered to be benefited, shall not be subject to special assessments or rates and charges, and shall not receive voting rights under this chapter.

**NEW SECTION. Sec. 2.** A new section is added to chapter 36.61 RCW to read as follows:

(1) Beach management districts may be created for the purpose of controlling and removing aquatic plants or vegetation. These districts must develop a plan for these activities, in consultation with appropriate federal, state, and local agencies. The plan must include an element addressing nutrient loading from land use activities in a subbasin that is a tributary to the area targeted for management. The

plan must be consistent with the action agenda approved by the Puget Sound partnership, where applicable.

(2) Plans for the control and removal of aquatic plants or vegetation must, to the greatest extent possible, meet the following requirements:

(a) Avoid or minimize the excess removal of living and nonliving nontarget native vegetation and organisms;

(b) Avoid or minimize management activities that will result in compacting beach sand, gravel, and substrate;

(c) Minimize adverse impacts to: (i) The project site when disposing of excessive accumulations of vegetation; and (ii) other areas of the beach or deep water environment; and

(d) Retain all natural habitat features on the beach, including retaining trees, stumps, logs, and large rocks in their natural location.

(3) Seaweed removal under this section may only occur on the shore of a saltwater body that lies between the extreme low tide and the ordinary high water mark, as those terms are defined in RCW 90.58.030.

(4) The control or removal of native aquatic plants or vegetation shall be authorized in the following areas:

(a) Beaches or near shore areas located within at least one mile of a ferry terminal that are in a county with a population of one million or more residents; and

(b) Beaches or near shore areas in a city that meets the following:

(i) Is adjacent to Puget Sound;

(ii) Has at least eighty-five thousand residents;

(iii) Shares a common boundary with a neighboring county; and

(iv) Is in a county with a population of one million or more residents.

**Sec. 3.** RCW 36.61.020 and 2000 c 184 s 5 are each amended to read as follows:

Any county may create lake or beach management districts to finance the improvement and maintenance of lakes or beaches located within or partially within the boundaries of the county. All or a portion of a lake or beach and the adjacent land areas may be included within one or more lake or beach management districts. More than one lake or beach, or portions of lakes or beaches, and the adjacent land areas may be included in a single lake or beach management district.

Special assessments or rates and charges may be imposed on the property included within a lake or beach management district to finance lake or beach improvement and maintenance activities, including: (1) ~~(The control or removal of)~~ Controlling or removing aquatic plants and vegetation; (2) improving water quality; (3) ~~(the control of)~~ controlling water levels; (4) treating and diverting storm water ~~((diversion and treatment))~~; (5) controlling agricultural waste ~~((control))~~; (6) studying lake or marine water quality problems and solutions; (7) cleaning and maintaining ditches and streams entering the lake or marine waters or leaving the lake; ~~((and))~~ (8) monitoring air quality; and (9) the related administrative, engineering, legal, and operational costs, including the costs of creating the lake or beach management district.

Special assessments or rates and charges may be imposed annually on all the land in a lake or beach management district for the duration of the lake or beach management district without a related issuance of lake or beach management district bonds or revenue bonds. Special assessments also may be imposed in the manner of special assessments in a local improvement district with each landowner being given the choice of paying the entire special assessment in one payment, or to paying installments, with lake or beach management district bonds being issued to obtain moneys not derived by the initial full payment of the special assessments, and the installments covering all of the costs related to issuing, selling, and redeeming the lake or beach management district bonds.

**Sec. 4.** RCW 36.61.025 and 2000 c 184 s 4 are each amended to read as follows:

To improve the ability of counties to finance long-term lake or beach management objectives, lake or beach management districts may be created for any needed period of time.

**Sec. 5.** RCW 36.61.030 and 1987 c 432 s 3 are each amended to read as follows:

A lake or beach management district may be initiated upon either the adoption of a resolution of intention by a county legislative authority or the filing of a petition signed by ten landowners or the owners of at least fifteen percent of the acreage contained within the proposed lake or beach management district, whichever is greater. A petition or resolution of intention shall set forth: (1) The nature of the lake or beach improvement or maintenance activities proposed to be financed; (2) the amount of money proposed to be raised by special assessments or rates and charges; (3) if special assessments are to be imposed, whether the special assessments will be imposed annually for the duration of the lake or beach management district, or the full special assessments will be imposed at one time, with the possibility of installments being made to finance the issuance of lake or beach management district bonds, or both methods; (4) if rates and charges are to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; (5) the number of years proposed for the duration of the lake or beach management district; and (6) the proposed boundaries of the lake or beach management district.

The county legislative authority may require the posting of a bond of up to five thousand dollars before the county considers the proposed creation of a lake or beach management district initiated by petition. The bond may only be used by the county to finance its costs in studying, holding hearings, making notices, preparing special assessment rolls or rolls showing the rates and charges on each parcel, and conducting elections related to the lake or beach management district if the proposed lake or beach management district is not created.

A resolution of intention shall also designate the number of the proposed lake or beach management district, and fix a date, time, and place for a public hearing on the formation of the proposed lake or beach management district. The date for the public hearing shall be at least thirty days and no more than ninety days after the adoption of the resolution of intention unless an emergency exists.

Petitions shall be filed with the county legislative authority. The county legislative authority shall determine the sufficiency of the signatures, which shall be conclusive upon all persons. No person may withdraw his or her name from a petition after it is filed. If the county legislative authority determines a petition to be sufficient and the proposed lake or beach management district appears to be in the public interest and the financing of the lake or beach improvement or maintenance activities is feasible, it shall adopt a resolution of intention, setting forth all of the details required to be included when a resolution of intention is initiated by the county legislative authority.

**Sec. 6.** RCW 36.61.040 and 1994 c 264 s 9 are each amended to read as follows:

Notice of the public hearing shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed lake or beach management district, the date of the first publication to be at least fifteen days prior to the date fixed for the public hearing by the resolution of intention. Notice of the public hearing shall also be given to the owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed lake or beach management district by mailing the notice at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county assessor at the address shown thereon. Notice of the public hearing shall also be mailed to the departments of fish and wildlife, natural resources, and ecology at least fifteen days before the date fixed for the public hearing.

Notices of the public hearing shall: (1) Refer to the resolution of intention; (2) designate the proposed lake or beach management district by number; (3) set forth a proposed plan describing: (a) The nature of the proposed lake or beach improvement or maintenance activities; (b) the amount of special assessments or rates and charges proposed to be raised by the lake or beach management district; (c) if special assessments are proposed to be imposed, whether the special assessments will be imposed annually for the duration of the

lake or beach management district, or the full special assessments will be payable at one time, with the possibility of periodic installments being paid and lake or beach management bonds being issued, or both; (d) if rates and charges are proposed to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; and (e) the proposed duration of the lake or beach management district; and (4) indicate the date, time, and place of the public hearing designated in the resolution of intention.

In the case of the notice sent to each owner or reputed owner by mail, the notice shall set forth the estimated amount of the cost of the lake or beach improvement or maintenance activities to be borne by special assessment, or annual special assessments, or rates and charges on the lot, tract, parcel of land, or other property owned by the owner or reputed owner.

If the county legislative authority has designated a committee of itself or an officer to hear complaints and make recommendations to the full county legislative authority, as provided in RCW 36.61.060, the notice shall also describe this additional step before the full county legislative authority may adopt a resolution creating the lake or beach management district.

**Sec. 7.** RCW 36.61.050 and 1994 c 264 s 10 are each amended to read as follows:

The county legislative authority shall hold a public hearing on the proposed lake or beach management district at the date, time, and place designated in the resolution of intention.

At this hearing the county legislative authority shall hear objections from any person affected by the formation of the lake or beach management district. Representatives of the departments of fish and wildlife, natural resources, and ecology shall be afforded opportunities to make presentations on and comment on the proposal. Members of the public shall be afforded an opportunity to comment on the proposal. The county legislative authority must consider recommendations provided to it by the departments of fish and wildlife, natural resources, and ecology. The public hearing may be extended to other times and dates declared at the public hearing. The county legislative authority may make such changes in the boundaries of the lake or beach management district or such modification in plans for the proposed lake or beach improvement or maintenance activities as it deems necessary. The county legislative authority may not change boundaries of the lake or beach management district to include property that was not included previously without first passing an amended resolution of intention and giving new notice to the owners or reputed owners of property newly included in the proposed lake or beach management district in the manner and form and within the time provided for the original notice. The county legislative authority shall not alter the plans for the proposed lake or beach improvement or maintenance activities to result in an increase in the amount of money proposed to be raised, and shall not increase the amount of money proposed to be raised, without first passing an amended resolution of intention and giving new notice to property owners in the manner and form and within the time provided for the original notice.

**Sec. 8.** RCW 36.61.060 and 1985 c 398 s 10 are each amended to read as follows:

A county legislative authority may adopt an ordinance providing for a committee of itself, or an officer, to hold public hearings on the proposed formation of a lake or beach management district and hear objections to the proposed formation as provided in RCW 36.61.050. The committee or officer shall make a recommendation to the full legislative authority, which need not hold a public hearing on the proposed creation of the lake or beach management district. The full county legislative authority by resolution may approve or disapprove the recommendation and submit the question of creating the lake or beach management district to the property owners as provided in RCW 36.61.070 through 36.61.100.

**Sec. 9.** RCW 36.61.070 and 1987 c 432 s 5 are each amended to read as follows:

After the public hearing, the county legislative authority may adopt a resolution submitting the question of creating the lake or beach management district to the owners of land within the proposed lake or beach management district, including publicly owned land, if the county legislative authority finds that it is in the public interest to create the lake or beach management district and the financing of the lake or beach improvement and maintenance activities is feasible. The resolution shall also include: (1) A plan describing the proposed lake or beach improvement and maintenance activities which avoid adverse impacts on fish and wildlife and provide for appropriate measures to protect and enhance fish and wildlife; (2) the number of years the lake or beach management district will exist; (3) the amount to be raised by special assessments or rates and charges; (4) if special assessments are to be imposed, whether the special assessments shall be imposed annually for the duration of the lake or beach management district or only once with the possibility of installments being imposed and lake or beach management bonds being issued, or both, and, if both types of special assessments are proposed to be imposed, the lake or beach improvement or maintenance activities proposed to be financed by each type of special assessment; (5) if rates and charges are to be imposed, a description of the rates and charges and the possibility of revenue bonds being issued that are payable from the rates and charges; and (6) the estimated special assessment or rate and charge proposed to be imposed on each parcel included in the proposed lake or beach management district.

No lake or beach management district may be created by a county that includes territory located in another county without the approval of the legislative authority of the other county.

**Sec. 10.** RCW 36.61.080 and 1987 c 432 s 6 are each amended to read as follows:

(1) A ballot shall be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed lake management district, including publicly owned land, which ballot shall contain the following proposition:

"Shall lake management district No. . . . be formed?  
 Yes . . . . .  
 No . . . . ."

(2) A ballot shall be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed beach management district, including publicly owned land, which ballot shall contain the following proposition:

"Shall beach management district No. . . . be formed?  
 Yes . . . . .  
 No . . . . ."

(3) In addition, the ballot shall contain appropriate spaces for the signatures of the landowner or landowners, or officer authorized to cast such a ballot. Each ballot shall include a description of the property owner's property and the estimated special assessment, or rate and charge, proposed to be imposed upon the property. A copy of the instructions and the resolution submitting the question to the landowners shall also be included.

**Sec. 11.** RCW 36.61.090 and 1987 c 432 s 7 are each amended to read as follows:

The balloting shall be subject to the following conditions, which shall be included in the instructions mailed with each ballot, as provided in RCW 36.61.080: (1) All ballots must be signed by the owner or reputed owner of property according to the assessor's tax rolls; (2) each ballot must be returned to the county legislative authority not later than ~~((five o'clock))~~ 5:00 p.m. of a specified day, which shall be at least twenty but not more than thirty days after the ballots are mailed; (3) each property owner shall mark his or her ballot for or against the creation of the proposed lake or beach management district, with the ballot weighted so that the property owner has one vote for each dollar of estimated special assessment or rate and charge proposed to be imposed on his or her property; and (4) the valid ballots shall be tabulated and a simple majority of

the votes cast shall determine whether the proposed lake or beach management district shall be approved or rejected.

**Sec. 12.** RCW 36.61.100 and 1987 c 432 s 8 are each amended to read as follows:

If the proposal receives a simple majority vote in favor of creating the lake or beach management district, the county legislative authority shall adopt an ordinance creating the lake or beach management district and may proceed with establishing the special assessments or rates and charges, collecting the special assessments or rates and charges, and performing the lake or beach improvement or maintenance activities. If a proposed lake management district includes more than one lake and its adjacent areas, the lake management district may only be established if the proposal receives a simple majority vote in favor of creating it by the voters on each lake and its adjacent areas. The county legislative authority shall publish a notice in a newspaper of general circulation in a lake or beach management district indicating that such an ordinance has been adopted within ten days of the adoption of the ordinance.

The ballots shall be available for public inspection after they are counted.

**Sec. 13.** RCW 36.61.110 and 1985 c 398 s 11 are each amended to read as follows:

No lawsuit may be maintained challenging the jurisdiction or authority of the county legislative authority to proceed with the lake or beach improvement and maintenance activities and creating the lake or beach management district or in any way challenging the validity of the actions or decisions or any proceedings relating to the actions or decisions unless the lawsuit is served and filed no later than forty days after publication of a notice that the ordinance has been adopted ordering the lake or beach improvement and maintenance activities and creating the lake or beach management district. Written notice of the appeal shall be filed with the county legislative authority and clerk of the superior court in the county in which the property is situated.

**Sec. 14.** RCW 36.61.115 and 1987 c 432 s 9 are each amended to read as follows:

A special assessment, or rate and charge, on any lot, tract, parcel of land, or other property shall not be increased beyond one hundred ten percent of the estimated special assessment, or rate and charge, proposed to be imposed as provided in the resolution adopted in RCW 36.61.070, unless the creation of a lake or beach management district is approved under another mailed ballot election that reflects the weighted voting arising from such increases.

**Sec. 15.** RCW 36.61.120 and 1985 c 398 s 12 are each amended to read as follows:

After a lake or beach management district is created, the county shall prepare a proposed special assessment roll. A separate special assessment roll shall be prepared for annual special assessments if both annual special assessments and special assessments paid at one time are imposed. The proposed special assessment roll shall list: (1) Each separate lot, tract, parcel of land, or other property in the lake or beach management district; (2) the acreage of such property, and the number of feet of lake or beach frontage, if any; (3) the name and address of the owner or reputed owner of each lot, tract, parcel of land, or other property as shown on the tax rolls of the county assessor; and (4) the special assessment proposed to be imposed on each lot, tract, parcel of land, or other property, or the annual special assessments proposed to be imposed on each lot, tract, parcel of land, or other property.

At the time, date, and place fixed for a public hearing, the county legislative authority shall act as a board of equalization and hear objections to the special assessment roll, and at the times to which the public hearing may be adjourned, the county legislative authority may correct, revise, raise, lower, change, or modify the special assessment roll or any part thereof, or set the proposed special assessment roll aside and order a new proposed special assessment roll to be prepared. The county legislative authority shall confirm and approve a special assessment roll by adoption of a resolution.

If a proposed special assessment roll is amended to raise any special assessment appearing thereon or to include omitted property, a new public hearing shall be held. The new public hearing shall be limited to considering the increased special assessments or omitted property. Notices shall be sent to the owners or reputed owners of the affected property in the same manner and form and within the time provided for the original notice.

Objections to a proposed special assessment roll must be made in writing, shall clearly state the grounds for objections, and shall be filed with the governing body prior to the public hearing. Objections to a special assessment or annual special assessments that are not made as provided in this section shall be deemed waived and shall not be considered by the governing body or a court on appeal.

**Sec. 16.** RCW 36.61.140 and 1985 c 398 s 14 are each amended to read as follows:

Notice of the original public hearing on the proposed special assessment roll, and any public hearing held as a result of raising special assessments or including omitted property, shall be published and mailed to the owner or reputed owner of the property as provided in RCW 36.61.040 for the public hearing on the formation of the lake or beach management district. However, the notice need only provide the total amount to be collected by the special assessment roll and shall state that: (1) A public hearing on the proposed special assessment roll will be held, giving the time, date, and place of the public hearing; (2) the proposed special assessment roll is available for public perusal, giving the times and location where the proposed special assessment roll is available for public perusal; (3) objections to the proposed special assessment must be in writing, include clear grounds for objections, and must be filed prior to the public hearing; and (4) failure to so object shall be deemed to waive an objection.

Notices mailed to the owners or reputed owners shall additionally indicate the amount of special assessment ascribed to the particular lot, tract, parcel of land, or other property owned by the person so notified.

**Sec. 17.** RCW 36.61.160 and 1987 c 432 s 10 are each amended to read as follows:

Whenever special assessments are imposed, all property included within a lake or beach management district shall be considered to be the property specially benefited by the lake or beach improvement or maintenance activities and shall be the property upon which special assessments are imposed to pay the costs and expenses of the lake or beach improvement or maintenance activities, or such part of the costs and expenses as may be chargeable against the property specially benefited. The special assessments shall be imposed on property in accordance with the special benefits conferred on the property up to but not in excess of the total costs and expenses of the lake or beach improvement or maintenance activities as provided in the special assessment roll.

Special assessments may be measured by front footage, acreage, the extent of improvements on the property, or any other factors that are deemed to fairly reflect special benefits, including those authorized under RCW 35.51.030. Special assessments may be calculated by using more than one factor. Zones around the public improvement may be used that reflect different levels of benefit in each zone that are measured by a front footage, acreage, the extent of improvements, or other factors.

Public property, including property owned by the state of Washington, shall be subject to special assessments to the same extent that private property is subject to the special assessments, except no lien shall extend to public property.

**Sec. 18.** RCW 36.61.170 and 1985 c 398 s 17 are each amended to read as follows:

The total annual special assessments may not exceed the estimated cost of the lake or beach improvement or maintenance activities proposed to be financed by such special assessments, as specified in the resolution of intention. The total of special assessments imposed in a lake or beach management district that are of the nature of special assessments imposed in a local improvement district shall not exceed one hundred fifty percent of the estimated

total cost of the lake or beach improvement or maintenance activities that are proposed to be financed by the lake or beach management district as specified in the resolution of intention. After a lake or beach management district has been created, the resolution of intention may be amended to increase the amount to be financed by the lake or beach management district by using the same procedure in which a lake or beach management district is created.

**Sec. 19.** RCW 36.61.190 and 1985 c 398 s 19 are each amended to read as follows:

Special assessments and installments on any special assessment shall be collected by the county treasurer.

The county treasurer shall publish a notice indicating that the special assessment roll has been confirmed and that the special assessments are to be collected. The notice shall indicate the duration of the lake or beach management district and shall describe whether the special assessments will be paid in annual payments for the duration of the lake or beach management district, or whether the full special assessments will be payable at one time, with the possibility of periodic installments being paid and lake or beach management bonds being issued, or both.

If the special assessments are to be payable at one time, the notice additionally shall indicate that all or any portion of the special assessments may be paid within thirty days from the date of publication of the first notice without penalty or interest. This notice shall be published in a newspaper of general circulation in the lake or beach management district.

Within ten days of the first newspaper publication, the county treasurer shall notify each owner or reputed owner of property whose name appears on the special assessment roll, at the address shown on the special assessment roll, for each item of property described on the list: (1) Whether one special assessment payable at one time or special assessments payable annually have been imposed; (2) the amount of the property subject to the special assessment or annual special assessments; and (3) the total amount of the special assessment due at one time, or annual amount of special assessments due. If the special assessment is due at one time, the notice shall also describe the thirty-day period during which the special assessment may be paid without penalty, interest, or cost.

**Sec. 20.** RCW 36.61.200 and 1985 c 398 s 20 are each amended to read as follows:

If the special assessments are to be payable at one time, all or any portion of any special assessment may be paid without interest, penalty, or costs during this thirty-day period and placed into a special fund to defray the costs of the lake or beach improvement or maintenance activities. The remainder shall be paid in installments as provided in a resolution adopted by the county legislative authority, but the last installment shall be due at least two years before the maximum term of the bonds issued to pay for the improvements or maintenance. The installments shall include amounts sufficient to redeem the bonds issued to pay for the lake or beach improvement and maintenance activities. A twenty-day period shall be allowed after the due date of any installment within which no interest, penalty, or costs on the installment may be imposed.

The county shall establish by ordinance an amount of interest that will be imposed on late special assessments imposed annually or at once, and on installments of a special assessment. The ordinance shall also specify the penalty, in addition to the interest, that will be imposed on a late annual special assessment, special assessment, or installment which shall not be less than five percent of the delinquent special assessment or installment.

The owner of any lot, tract, parcel of land, or other property charged with a special assessment may redeem it from all liability for the unpaid amount of the installments by paying, to the county treasurer, the remaining portion of the installments that is attributable to principal on the lake or beach management district bonds.

**Sec. 21.** RCW 36.61.220 and 1985 c 398 s 22 are each amended to read as follows:

Within fifteen days after a county creates a lake or beach management district, the county shall cause to be filed with the

county treasurer, a description of the lake or beach improvement and maintenance activities proposed that the lake or beach management district finances, the lake or beach management district number, and a copy of the diagram or print showing the boundaries of the lake or beach management district and preliminary special assessment roll or abstract of same showing thereon the lots, tracts, parcels of land, and other property that will be specially benefited thereby and the estimated cost and expense of such lake or beach improvement and maintenance activities to be borne by each lot, tract, parcel of land, or other property. The treasurer shall immediately post the proposed special assessment roll upon his or her index of special assessments against the properties affected by the lake or beach improvement or maintenance activities.

**Sec. 22.** RCW 36.61.230 and 1985 c 398 s 23 are each amended to read as follows:

The special assessment or annual special assessments imposed upon the respective lots, tracts, parcels of land, and other property in the special assessment roll or annual special assessment roll confirmed by resolution of the county legislative authority for the purpose of paying the cost and expense in whole or in part of any lake or beach improvement or maintenance activities shall be a lien upon the property assessed from the time the special assessment roll is placed in the hands of the county treasurer for collection, but as between the grantor and grantee, or vendor and vendee of any real property, when there is no express agreement as to payment of the special assessments against the real property, the lien of such special assessments shall attach thirty days after the filing of the diagram or print and the estimated cost and expense of such lake or beach improvement or maintenance activities to be borne by each lot, tract, parcel of land, or other property, as provided in RCW 36.61.220. Interest and penalty shall be included in and shall be a part of the special assessment lien. No lien shall extend to public property subjected to special assessments.

The special assessment lien shall be paramount and superior to any other lien or encumbrance theretofore or thereafter created except a lien for general taxes.

**Sec. 23.** RCW 36.61.260 and 2000 c 184 s 6 are each amended to read as follows:

(1) Counties may issue lake or beach management district bonds in accordance with this section. Lake or beach management district bonds may be issued to obtain money sufficient to cover that portion of the special assessments that are not paid within the thirty-day period provided in RCW 36.61.190.

Whenever lake or beach management district bonds are proposed to be issued, the county legislative authority shall create a special fund or funds for the lake or beach management district from which all or a portion of the costs of the lake or beach improvement and maintenance activities shall be paid. Lake or beach management district bonds shall not be issued in excess of the costs and expenses of the lake or beach improvement and maintenance activities and shall not be issued prior to twenty days after the thirty days allowed for the payment of special assessments without interest or penalties.

Lake or beach management district bonds shall be exclusively payable from the special fund or funds and from a guaranty fund that the county may have created out of a portion of proceeds from the sale of the lake or beach management district bonds.

(2) Lake or beach management district bonds shall not constitute a general indebtedness of the county issuing the bond nor an obligation, general or special, of the state. The owner of any lake or beach management district bond shall not have any claim for the payment thereof against the county that issues the bonds except for payment from the special assessments made for the lake or beach improvement or maintenance activities for which the lake or beach management district bond was issued and from a lake or beach management district guaranty fund that may have been created. The county shall not be liable to the owner of any lake or beach management district bond for any loss to the lake or beach management district guaranty fund occurring in the lawful operation of the fund. The owner of a lake or beach management district bond shall not have any claim against the state arising from the lake or beach management district bond, special assessments, or guaranty

fund. Tax revenues shall not be used to secure or guarantee the payment of the principal of or interest on lake or beach management district bonds.

The substance of the limitations included in this subsection shall be plainly printed, written, engraved, or reproduced on: (a) Each lake or beach management district bond that is a physical instrument; (b) the official notice of sale; and (c) each official statement associated with the lake or beach management district bonds.

(3) If the county fails to make any principal or interest payments on any lake or beach management district bond or to promptly collect any special assessment securing the bonds when due, the owner of the lake or beach management district bond may obtain a writ of mandamus from any court of competent jurisdiction requiring the county to collect the special assessments, foreclose on the related lien, and make payments out of the special fund or guaranty fund if one exists. Any number of owners of lake or beach management districts may join as plaintiffs.

(4) A county may create a lake or beach management district bond guaranty fund for each issue of lake or beach management district bonds. The guaranty fund shall only exist for the life of the lake or beach management district bonds with which it is associated. A portion of the bond proceeds may be placed into a guaranty fund. Unused moneys remaining in the guaranty fund during the last two years of the installments shall be used to proportionally reduce the required level of installments and shall be transferred into the special fund into which installment payments are placed.

(5) Lake or beach management district bonds shall be issued and sold in accordance with chapter 39.46 RCW. The authority to create a special fund or funds shall include the authority to create accounts within a fund.

**Sec. 24.** RCW 36.61.270 and 1987 c 432 s 11 are each amended to read as follows:

Whenever rates and charges are to be imposed in a lake or beach management district, the county legislative authority shall prepare a roll of rates and charges that includes those matters required to be included in a special assessment roll and shall hold a public hearing on the proposed roll of rates and charges as provided under RCW 36.61.120 through 36.61.150 for a special assessment roll. The county legislative authority shall have full jurisdiction and authority to fix, alter, regulate, and control the rates and charges imposed by a lake or beach management district and may classify the rates or charges by any reasonable factor or factors, including benefit, use, front footage, acreage, the extent of improvements on the property, the type of improvements on the property, uses to which the property is put, service to be provided, and any other reasonable factor or factors. The flexibility to establish rates and charges includes the authority to reduce rates and charges on property owned by low-income persons.

Except as provided in this section, the collection of rates and charges, lien status of unpaid rates and charges, and method of foreclosing on such liens shall be subject to the provisions of chapter 36.94 RCW. Public property, including state property, shall be subject to the rates and charges to the same extent that private property is subject to them, except that liens may not be foreclosed on the public property, and the procedure for imposing such rates and charges on state property shall conform with the procedure provided for in chapter 79.44 RCW concerning the imposition of special assessments upon state property. The total amount of rates and charges cannot exceed the cost of lake or beach improvement or maintenance activities proposed to be financed by such rates and charges, as specified in the resolution of intention. Revenue bonds exclusively payable from the rates and charges may be issued by the county under chapter 39.46 RCW.

**Sec. 25.** RCW 36.94.020 and 1997 c 447 s 11 are each amended to read as follows:

The construction, operation, and maintenance of a system of sewerage and/or water is a county purpose. Subject to the provisions of this chapter, every county has the power, individually or in conjunction with another county or counties to adopt, provide for, accept, establish, condemn, purchase, construct, add to, operate, and maintain a system or systems of sanitary and storm sewers, including

outfalls, interceptors, plans, and facilities and services necessary for sewerage treatment and disposal, and/or system or systems of water supply within all or a portion of the county. However, counties shall not have power to condemn sewerage and/or water systems of any municipal corporation or private utility.

Such county or counties shall have the authority to control, regulate, operate, and manage such system or systems and to provide funds therefor by general obligation bonds, revenue bonds, local improvement district bonds, utility local improvement district or local improvement district assessments, and in any other lawful fiscal manner. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A county shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using county employees unless the on-site system is connected by a publicly owned collection system to the county's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of a state or local health officer to carry out their responsibilities under any other applicable law.

A county may, as part of a system of sewerage established under this chapter, provide for, finance, and operate any of the facilities and services and may exercise the powers expressly authorized for county storm water, flood control, pollution prevention, and drainage services and activities under chapters 36.89, 86.12, 86.13, and 86.15 RCW. A county also may provide for, finance, and operate the facilities and services and may exercise any of the powers authorized for aquifer protection areas under chapter 36.36 RCW; for lake or beach management districts under chapter 36.61 RCW; for diking districts, and diking, drainage, and sewerage improvement districts under chapters 85.05, 85.08, 85.15, 85.16, and 85.18 RCW; and for shellfish protection districts under chapter 90.72 RCW. However, if a county by reference to any of those statutes assumes as part of its system of sewerage any powers granted to such areas or districts and not otherwise available to a county under this chapter, then (1) the procedures and restrictions applicable to those areas or districts apply to the county's exercise of those powers, and (2) the county may not simultaneously impose rates and charges under this chapter and under the statutes authorizing such areas or districts for substantially the same facilities and services, but must instead impose uniform rates and charges consistent with RCW 36.94.140. By agreement with such an area or district that is not part of a county's system of sewerage, a county may operate that area's or district's services or facilities, but a county may not dissolve any existing area or district except in accordance with any applicable provisions of the statute under which that area or district was created.

**Sec. 26.** RCW 39.34.190 and 2003 c 327 s 2 are each amended to read as follows:

(1) The legislative authority of a city or county and the governing body of any special purpose district enumerated in subsection (2) of this section may authorize up to ten percent of its water-related revenues to be expended in the implementation of watershed management plan projects or activities that are in addition to the county's, city's, or district's existing water-related services or activities. Such limitation on expenditures shall not apply (~~to additional revenues for watershed plan implementation that are~~

~~authorized by voter approval under section 5 of this act or~~) to water-related revenues of a public utility district organized according to Title 54 RCW. Water-related revenues include rates, charges, and fees for the provision of services relating to water supply, treatment, distribution, and management generally, and those general revenues of the local government that are expended for water management purposes. A local government may not expend for this purpose any revenues that were authorized by voter approval for other specified purposes or that are specifically dedicated to the repayment of municipal bonds or other debt instruments.

(2) The following special purpose districts may exercise the authority provided by this section:

(a) Water districts, sewer districts, and water-sewer districts organized under Title 57 RCW;

(b) Public utility districts organized under Title 54 RCW;

(c) Irrigation, reclamation, conservation, and similar districts organized under Titles 87 and 89 RCW;

(h) Aquifer protection areas organized under chapter 36.36 RCW; and

(i) Shellfish protection districts organized under chapter 90.72 RCW.

(3) The authority for expenditure of local government revenues provided by this section shall be applicable broadly to the implementation of watershed management plans addressing water supply, water transmission, water quality treatment or protection, or any other water-related purposes. Such plans include but are not limited to plans developed under the following authorities:

(a) Watershed plans developed under chapter 90.82 RCW;

(b) Salmon recovery plans developed under chapter 77.85 RCW;

(c) Watershed management elements of comprehensive land use plans developed under the growth management act, chapter 36.70A RCW;

(f) Other comprehensive management plans addressing watershed health at a WRIA level or sub-WRIA basin drainage level;

(g) Coordinated water system plans under chapter 70.116 RCW and similar regional plans for water supply; and

(h) Any combination of the foregoing plans in an integrated watershed management plan.

(4) The authority provided by this section to expend revenues for watershed management plan implementation shall be construed broadly to include, but not be limited to:

(a) The coordination and oversight of plan implementation, including funding a watershed management partnership for this purpose;

(b) Technical support, monitoring, and data collection and analysis;

(c) The design, development, construction, and operation of projects included in the plan; and

(d) Conducting activities and programs included as elements in the plan.

**Sec. 27.** RCW 86.09.151 and 1986 c 278 s 52 are each amended to read as follows:

(1) Said flood control districts shall have full authority to carry out the objects of their creation and to that end are authorized to acquire, purchase, hold, lease, manage, improve, repair, occupy, and sell real and personal property or any interest therein, either inside or outside the boundaries of the district, to enter into and perform any and all necessary contracts, to appoint and employ the necessary

officers, agents and employees, to sue and be sued, to exercise the right of eminent domain, to levy and enforce the collection of special assessments and in the manner herein provided against the lands within the district, for district revenues, and to do any and all lawful acts required and expedient to carry out the purpose of this chapter.

(2) In addition to the powers conferred in this chapter and those in chapter 85.38 RCW, flood control districts may engage in activities authorized under RCW 36.61.020 for lake or beach management districts using procedures granted in this chapter and in chapter 85.38 RCW.

**Sec. 28.** RCW 35.21.403 and 1985 c 398 s 27 are each amended to read as follows:

Any city or town may establish lake and beach management districts within its boundaries as provided in chapter 36.61 RCW. When a city or town establishes a lake or beach management district pursuant to chapter 36.61 RCW, the term "county legislative authority" shall be deemed to mean the city or town governing body, the term "county" shall be deemed to mean the city or town, and the term "county treasurer" shall be deemed to mean the city or town treasurer or other fiscal officer.

**NEW SECTION. Sec. 29.** A new section is added to chapter 43.21A RCW to read as follows:

(1) The department shall, within available funds, provide technical assistance to community groups and county and city legislative authorities requesting assistance with the development of beach management programs. The department shall work with the departments of fish and wildlife and natural resources and the Puget Sound partnership in coordinating agency assistance to community groups and county and city legislative authorities.

(2) The department shall coordinate with relevant state agencies and marine resources committees established in the area of beach management districts to provide technical assistance to beach management districts.

**SSB 6607** Prime Sponsor, Senate Committee on Water, Energy & Telecommunications: Regarding shellfish protection district wastewater discharge fees, rates, and charges. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 90.72.030 and 2007 c 150 s 1 are each amended to read as follows:

The legislative authority of each county having shellfish tidelands within its boundaries is authorized to establish a shellfish protection district to include areas in which nonpoint pollution threatens the water quality upon which the continuation or restoration of shellfish farming or harvesting is dependent. The legislative authority shall constitute the governing body of the district and shall adopt a shellfish protection program with elements and activities to be effective within the district. The legislative authority may appoint a local advisory council to advise the legislative authority in preparation and implementation of shellfish protection programs. This program shall include any elements deemed appropriate to deal with the nonpoint pollution threatening water quality over shellfish tidelands, including, but not limited to, requiring the elimination or decrease of contaminants in storm water runoff, establishing monitoring, inspection, and repair elements to ensure that on-site sewage systems are adequately maintained and working properly, assuring that animal grazing and manure management practices are consistent with best management practices, and establishing educational and public involvement programs to inform citizens on the causes of the threatening nonpoint pollution and what they can do to decrease the amount of such pollution. The county legislative authority shall consult with the department of health, the department of ecology, the department of agriculture, or the conservation commission as appropriate as to the elements of the program. An element may be omitted where another program is effectively addressing those sources of nonpoint water pollution. Within the limits of RCW 90.72.040 and 90.72.070, the county legislative authority shall have full jurisdiction and authority to manage, regulate, and control its programs and to fix, alter, regulate, and control the fees for services provided and charges or rates as provided under those programs. Programs established under this chapter, may, but are not required to, be part of a system of sewerage as defined in RCW 36.94.010.

"**Sec. 2.** RCW 90.72.045 and 2007 c 150 s 2 are each amended to read as follows:

The county legislative authority shall create a shellfish protection district and establish a shellfish protection program developed under RCW 90.72.030 or an equivalent program to address the causes or suspected causes of pollution within one hundred eighty days after the department of health, because of water quality degradation due to ongoing nonpoint sources of pollution has closed or downgraded the classification of a recreational or commercial shellfish growing area within the boundaries of the county. The county legislative authority shall initiate implementation of the shellfish protection program within sixty days after it is established.

A copy of the program must be provided to the departments of health, ecology, and agriculture. An agency that has regulatory authority for any of the sources of nonpoint pollution covered by the program shall cooperate with the county in its implementation. The county legislative authority shall submit a written report to the department of health annually that describes the status and progress of the program. If rates or fees are collected under RCW 90.72.070 for implementation of the shellfish protection district program, the annual report shall provide sufficient detail of the expenditure of the revenue collected to ensure compliance with RCW 90.72.070.

**Sec. 3.** RCW 90.72.070 and 1992 c 100 s 6 are each amended to read as follows:

The county legislative authority establishing a shellfish protection district may finance the protection program through (1) county tax revenues, (2) reasonable inspection fees and similar fees for services provided, (3) reasonable charges or rates specified in its protection program, or (4) federal, state, or private grants. ~~((Confined animal feeding operations subject to the national pollutant discharge elimination system and implementing regulations shall not be subject to fees, rates, or charges by a shellfish protection district.))~~ A dairy animal feeding operation with a certified dairy nutrient management plan as required in chapter 90.64 RCW and any other commercial agricultural operation on agricultural lands as defined in RCW 36.70A.030 shall be subject to fees, rates, or charges by a shellfish protection district of no more than five hundred dollars in a calendar year. Facilities permitted and assessed fees for wastewater discharge under the national pollutant discharge elimination system shall not be subject to fees, rates, or charges for wastewater discharge by a shellfish protection district. Lands classified as forest land under chapter 84.33 RCW and timber land under chapter 84.34 RCW shall not be subject to fees, rates, or charges by a shellfish protection district. Counties may collect charges or rates in the manner determined by the county legislative authority."

**SSB 6620** Prime Sponsor, Senate Committee on Water, Energy & Telecommunications: Regarding biological remediation technologies for on-site sewage disposal systems. Reported by Select Committee on Environmental Health

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that discharges from failing on-site sewage systems are a serious cause of pollution in Washington's waterways, including Hood Canal, and a continuing threat to public health and the shellfish industry. The financial cost for many homeowners to fix failing or outdated on-site sewage systems may be prohibitive.

The legislature recognizes new technologies may have the potential to assist homeowners who wish to repair or upgrade their on-site sewage disposal systems. However, regulatory barriers may inhibit homeowner's access to these new technologies.

It is the intent of the legislature to assist homeowners to voluntarily upgrade or repair their failing on-site sewage disposal systems by removing regulatory barriers to access of new technologies for on-site sewage systems.

**Sec. 2.** RCW 70.118.020 and 1994 c 281 s 2 are each amended to read as follows:

~~((As used))~~ The definitions in this section apply throughout this chapter~~(, the terms defined in this section shall have the meanings indicated)~~ unless the context clearly ~~((indicates))~~ requires otherwise.

(1) "Nonwater-carried sewage disposal devices" means any device that stores and treats nonwater-carried human urine and feces.

(2) "Alternative methods of effluent disposal" means systems approved by the department ~~((of health))~~, including at least, mound systems, alternating drainfields, anaerobic filters, evapotranspiration systems, and aerobic systems.

(3) "Failure" means: (a) Effluent has been discharged on the surface of the ground prior to approved treatment; or (b) effluent has percolated to the surface of the ground; or (c) effluent has contaminated or threatens to contaminate a groundwater supply.

(4) "Additive" means any commercial product intended to affect the performance or aesthetics of an on-site sewage disposal system.

(5) "Department" means the department of health.

(6) "On-site sewage disposal system" means any system of piping, treatment devices, or other facilities that convey, store, treat, or dispose of sewage on the property where it originates or on nearby property under the control of the user where the system is not connected to a public sewer system. For purposes of this chapter, an on-site sewage disposal system does not include indoor plumbing and associated fixtures.

(7) "Chemical additive" means those additives containing acids, bases, or other chemicals deemed unsafe by the department for use in an on-site sewage disposal system.

(8) "Additive manufacturer" means any person who manufactures, formulates, blends, packages, or repackages an additive product for sale, use, or distribution within the state.

(9) "Repair" means relocation, replacement, or reconstruction of a failed on-site sewage disposal system.

(10) "Biological remediation" includes: (a) A process that uses microorganisms to return a contaminated environment, including a drainfield or soil dispersal component, to a state of nonfailure; or (b) a process that uses microorganisms to sufficiently increase the infiltration rate through and into the soil below the infiltrative surface of a clogged infiltrative surface on-site sewage disposal system.

**NEW SECTION. Sec. 3.** (1) Manufacturers of biological remediation technologies for use in the recovery of failed drainfields of on-site sewage disposal systems must provide documentation of verified product performance as required in (a) or (b) of this subsection to the local health jurisdiction where the product will be installed. Manufacturers of biological remediation technologies for use in the recovery of failed drainfields of on-site sewage disposal systems are not required to register their proprietary treatment products with the department if the following conditions are met:

(a) Product performance is verified through product testing using international association of plumbing and mechanical officials guide criteria standard 180-2003, or an equivalent standard, which relates to aerobic bacterial generators for insert into septic tanks, grease interceptors, and grease traps; and

(i) Product performance is verified through product testing conducted by a testing facility conforming with the American national standards institute requirements;

(ii) The biological component of the product meets the conditions of RCW 70.118.060 relating to additive regulation; and

(iii) The biological remediation technology is used solely for the purpose of remedying or fixing a clogged infiltrative surface in a failed on-site sewage disposal system; or

(b) Third-party field testing conducted in or out of Washington state, accredited by the American national standards institute, university testing data, or a department-approved entity, showing remediation of a failed drainfield within ninety days; and

(i) Product performance is verified through product testing conducted by a testing facility conforming with the American national standards institute requirements;

(ii) The biological component of the product meets the conditions of RCW 70.118.060 relating to additive regulation; and

(iii) The biological remediation technology is used solely for the purpose of remedying or fixing a clogged infiltrative surface in a failed on-site sewage disposal system.

(2) The definitions in RCW 70.118.020 apply throughout this section.

**NEW SECTION. Sec. 4.** A new section is added to chapter 70.118 RCW to read as follows:

(1) Biological remediation technology may be used in on-site sewage disposal systems not in a state of failure for the purpose of preventing clogged infiltrative surfaces.

(2) On-site wastewater treatment system designers licensed under chapter 18.210 RCW, installers approved by the local health officer to install on-site sewage disposal systems or components, professional engineers licensed under chapter 18.43 RCW, or licensed on-site wastewater treatment system operation and maintenance professionals may install biological remediation products for use in on-site sewage disposal systems not in a state of failure.

(3) A permit is not required for the installation or use of biological remediation devices when an on-site sewage disposal system is not in a state of failure. A local health jurisdiction may require registration for tracking purposes.

(4) Purchasers of biological remediation devices for use in on-site sewage disposal systems not in a state of failure are required to maintain an operation and maintenance contract with a licensed on-site sewage professional as described in subsection (2) of this section. A local health jurisdiction may require yearly reporting of data collected from the operation and maintenance inspections by the licensed on-site sewage professional.

(5) Biological remediation products used for installation in on-site sewage disposal systems not in a state of failure must qualify for an exemption from the state list of approved products under the requirements established in section 3 of this act. Upon adoption of rules by the state board of health on July 1, 2010, biological remediation products used for installation in on-site sewage disposal systems not in a state of failure must be on the state list of approved biological remediation products for use in the state under the new standards.

**NEW SECTION. Sec. 5.** (1) The state board of health shall adopt rules by July 1, 2010, for verification of biological remediation products performance and use of products with verified performance for use in failing on-site sewage disposal systems.

(2) The rules must stipulate requirements for:

(a) Permitting, ongoing certification of products, continued product use, and requirements for removal of biological remediation products;

(b) Monitoring of on-site sewage disposal systems using biological remediation technology and at least annual inspection of failing on-site sewage disposal systems that have biological remediation technologies installed to return any component of the on-site sewage disposal system to a state of nonfailure; and

(c) Certifying, registering, and using biological remediation products without a permit as a preventative measure in on-site sewage disposal systems not in a state of failure.

(3) Rules developed under this section shall apply to biological remediation services for all on-site sewage disposal systems.

(4) During its rule-making process, the department shall determine whether permit exemptions outlined in section 4 of this act shall be continued.

(5) The definitions in RCW 70.118A.020 apply throughout this section.

**NEW SECTION. Sec. 6.** (1) A local health jurisdiction may permit biological remediation products for use in failing on-site sewage disposal systems. Prior to issuing a permit for a biological remediation product, the local health officer or on-site wastewater treatment system designer licensed under chapter 18.210 RCW must perform an assessment, considering site and effluent specific characteristics, of the on-site sewage disposal system to determine if biological remediation technology is appropriate to bring the system into a state of nonfailure and that the biological remediation technology will not adversely impact the environment or public health by increased wastewater flows through the on-site sewage disposal system and soil.

(2) The permit must state inspection, monitoring, and maintenance requirements.

(3) The local health jurisdiction must require system repairs to meet on-site sewage disposal system requirements as found in chapter 246-272A WAC if an on-site sewage disposal system with a biological remediation product does not remedy a clogged infiltrative surface within three months.

(4) Each permit must include:

(a) A plan with a time frame for correcting any public health concern associated with the failing on-site sewage disposal system and the means to protect public health until the concern is addressed;

(b) A plan for operation and maintenance that is filed with the local health jurisdiction;

(c) A schedule for maintenance and operation reports detailing the status of the on-site sewage disposal system with the local health jurisdiction where the on-site sewage disposal system is located;

(d) A contract with the owner of the on-site sewage disposal system with a biological remediation product for inspection and monitoring by an inspector certified under RCW 70.118.120 or local health officer;

(e) Information for the owner of an on-site sewage disposal system with a biological remediation product that includes: (i) Instructions for appropriate maintenance and operation of an on-site sewage system; and (ii) a statement that if the on-site sewage disposal system remains in a state of failure after three months, the owner will be required to repair the on-site sewage disposal system as required by chapter 246-272A WAC, and an estimate of those costs; and

(f) A signed document from the homeowner allowing the local health officer to enter the property for the purpose of determining if a biological remediation product has remedied a failed drainfield after ninety days of installation. Failure to allow access for the inspection voids the permit and the local health jurisdiction may prohibit the use of the system until the inspection occurs.

(5) The on-site professional who installed the biological remediation device shall reimburse the purchaser for the direct cost of the product and installation if the purchaser of the biological remediation device requests in writing the removal of the biological remediation device and reimbursement and:

(a) The biological remediation product fails to make significant improvements in the condition of a failed drainfield within ninety days of installation and it is determined by the local health officer that a repair must be made to correct the failure; or

(b) The on-site sewage disposal system reenters a state of failure within one year of installation of the biological remediation product and it is determined by the local health officer that a repair must be made to correct the failure.

(6) The definitions in RCW 70.118.020 apply throughout this section.

**NEW SECTION. Sec. 7.** (1) Only on-site wastewater treatment system designers licensed under chapter 18.210 RCW, installers approved by the local health officer to install on-site

sewage disposal systems or components, or professional engineers licensed under chapter 18.43 RCW are permitted to install biological remediation products for use in failing on-site sewage disposal systems.

(2) The definitions in RCW 70.118.020 apply throughout this section.

**Sec. 8.** RCW 70.118.080 and 1994 c 281 s 5 are each amended to read as follows:

(1) Each manufacturer of a certified and approved additive product or of a biological remediation product advertised, sold, or distributed in the state and each installer of a biological remediation product advertised, sold, or distributed in the state shall:

(a) Make no claims relating to the elimination of the need for septic tank pumping or proper septic tank maintenance;

(b) List the components of additive products and biological remediation products on the product label, along with information regarding instructions for use and precautions;

(c) Make no false statements, design, or graphic representation relative to a biological remediation product that is inconsistent with this chapter or to an additive product that is inconsistent with RCW 70.118.060, 70.118.070, or this section; and

(d) Make no claims, either direct or implied, about the performance of the product based on state approval of its ingredients.

(2) A violation of this section is an unfair act or practice in violation of the consumer protection act, chapter 19.86 RCW.

E2SSB 6673 Prime Sponsor, Senate Committee on Ways & Means: Creating learning opportunities. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that high school students need to graduate with the skills necessary to be successful in college and work. The state graduation requirements help to ensure that Washington high school graduates have the basic skills to be competitive in a global economy. Under education reform started in 1993, time was to be the variable, obtaining the skills was to be the constant. Therefore, students who need additional time to gain the academic skills needed for college and the workplace should have the opportunities they need to reach high academic achievement, even if that takes more than the standard four years of high school.

Different students face different challenges and barriers to their academic success. Some students struggle to meet the standard on a single portion of the Washington assessment of student learning while excelling in the other subject areas; other students struggle to complete the necessary state or local graduation credits; while still others have their knowledge tested on the assessments and have completed all the credit requirements but are struggling because English is not their first language. The legislature finds that many of these students need additional time and support to achieve academic proficiency and meet all graduation requirements.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.320 RCW to read as follows:

(1) The extended learning opportunities program is created for eligible eleventh and twelfth grade students who are not on track to meet local or state graduation requirements as well as eighth grade students who may not be on track to meet the standard on the Washington assessment of student learning or need additional assistance in order to have the opportunity for a successful entry into high school. The program shall provide early notification of graduation status, information on education opportunities including preapprenticeship programs that are available, and incentives for new district programs.

(2) Schools shall notify eligible students and their parents or legal guardians about the status of their progress on state and local graduation requirements, the alternative assessment opportunities available to students under RCW 28A.655.061 and 28A.655.065, and regarding continued instructional services identified in section 3 of this act. Information provided to students and their parents or legal guardians must include:

- (a) Any credit deficiencies;
- (b) The students' attendance rates over the past two years;
- (c) Whether they have completed other graduation requirements established by the state board of education or the legislature;
- (d) If the student is in a transitional bilingual program, the score on his or her Washington language proficiency test II;
- (e) Remediation strategies and alternative education options available to students including, but not limited to, informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one. This may include:

(i) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements;

(ii) Available programs offered through skill centers or community or technical colleges.

(3) The first notification of information in subsection (2) of this section shall take place in the spring of the eighth grade year for students who did not meet the standard on the Washington assessment of student learning. The second notification shall take place in the spring of the eleventh grade year and then, if necessary, the spring of the twelfth grade year for students who are not on track to meet state and local graduation requirements. Schools may notify students and their parents or guardians through school conferences, written notification, or in the student learning plan identified under RCW 28A.655.061. Schools serving English language learners and their parents shall translate information in the primary language of the family to the extent feasible. Notifications shall begin with the graduating class of 2008.

**NEW SECTION. Sec. 3.** A new section is added to chapter 28A.320 RCW to read as follows:

(1) Under the extended learning opportunities program, districts shall make available to students in grade twelve who have failed to meet one or more local or state graduation requirements the option of continuing enrollment in the school district in accordance with RCW 28A.225.160. **NEW SECTION. Sec. 10.** (1) The legislature finds that educators are faced with the complex responsibility of educating an increasing population of English language learners who speak a wide variety of languages and dialects and may come with varying levels of formal schooling, students who come from low-income households, and students who have learning disabilities. These educators struggle to provide meaningful instruction that helps students meet high content standards while overcoming their challenges. The 2007 legislature directed the professional educator standards board to begin the process of adopting new certification requirements and revising the higher education teacher preparation program requirements. Additionally, the office of the superintendent of public instruction was directed to contract with the northwest regional educational laboratory to review and report on the ongoing English as a second language pilot projects and best practices related to helping students who are English language learners. It is therefore the intent of the legislature to build upon the work started in 2007 by requiring that the professional educator standards board consider the findings of the northwest regional educational laboratory and incorporate into its ongoing work a review of how to revise the current certification requirements and teacher preparation programs in order to better serve the needs of English language learners.

(2) The professional educator standards board shall convene a work group to develop recommendations for increasing teacher knowledge, skills, and competencies to address the needs of English language learner students. The work group shall include representatives from the Washington association of colleges for teacher education, school districts with significant populations of English language learner students who speak a single language, school districts with significant populations of English language learner students who speak multiple languages, classroom teachers, English as a second language teachers, bilingual education teachers, principals, the migrant and bilingual education office in the office of the superintendent of public instruction, and the higher education coordinating board. In making its selections, the professional educator standards board will include members from diverse cultural backgrounds and strive to promote geographic balance. The professional educator standards board shall invite participation by the northwest regional educational laboratory.

(3) The work group shall identify gaps and weaknesses in the current knowledge and skills standards for teacher preparation and teacher competencies regarding understanding how students acquire language, how to teach academic content in English to non-English speakers, and how to demonstrate cultural competence. The work group shall look to the English as a second language demonstration projects under RCW 28A.630.058 and the accompanying research and evaluation by the northwest regional educational laboratory.

(4)(a) The work group shall submit an interim report by December 1, 2008, to the governor and the education and higher education committees of the legislature with initial findings and general recommendations to improve the teacher preparation knowledge and skills standards and teacher competencies in the areas identified under subsection (2) of this section. Recommendations shall also include what professional development program components are most effective for existing educators of English language learners.

(b) A final report shall be submitted to the governor and the education and higher education committees of the legislature with specific recommendations by December 1, 2009.

**Sec. 11.** RCW 28B.118.010 and 2007 c 405 s 2 are each amended to read as follows:

(b) To receive the Washington college bound scholarship, a student must graduate with at least a "C" average from a public high school or an approved private high school under chapter 28A.195 RCW in Washington or have received home-based instruction under chapter 28A.200 RCW, must have no felony convictions, and must be a resident student as defined in RCW 28B.15.012(2) (a) through (d).

(5) A student's family income will be assessed upon graduation before awarding the scholarship.

(7) Recipients may receive no more than four full-time years' worth of scholarship awards.

(8) Institutions of higher education shall award the student all need-based and merit-based financial aid for which the student would otherwise qualify. The Washington college bound scholarship is intended to replace unmet need, loans, and, at the student's option, work-study award before any other grants or scholarships are reduced.

(9) The first scholarships shall be awarded to students graduating in 2012.

(10) The state of Washington retains legal ownership of tuition units awarded as scholarships under this chapter until the tuition units are redeemed. These tuition units shall remain separately held from any tuition units owned under chapter 28B.95 RCW by a Washington college bound scholarship recipient.

(11) The scholarship award must be used within five years of receipt. Any unused scholarship tuition units revert to the Washington college bound scholarship account.

(12) Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the scholarship tuition units shall revert to the Washington college bound scholarship account.

**NEW SECTION. Sec. 12.** A new section is added to chapter 28A.300 RCW to read as follows:

Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall contract with a national organization to establish, maintain, and operate an endowment for the promotion of geography education in Washington state. "NEW SECTION. Sec. 1. The legislature finds that information technology plays an increasingly important role in the state's economy but that the knowledge level and adoption of information technologies are limited in some areas of the state. It is the intent of this act to address digital literacy and technology training needs of low-income and technology underserved residents of the state through state support of community technology programs.

No more than fifteen percent of funds received by the administrator for the program may be expended on these functions;

(b) Establish a competitive grant program and provide grants to community technology programs to provide training and skill-building opportunities; access to hardware and software; internet connectivity; assistance in the adoption of information and communication technologies in low-income and underserved areas of the state; and development of locally relevant content and delivery of vital services through technology.

(2) Grant applicants must:

(a) Provide evidence that the applicant is a nonprofit entity or a public entity that is working in partnership with a nonprofit entity;

(b) Define the geographic area or population to be served;

(d) Explain in detail the strategy for addressing the needs identified and an implementation plan including objectives, tasks, and benchmarks for the applicant and the role that other organizations will play in assisting the applicant's efforts;

(e) Provide evidence of matching funds and resources, which are equivalent to at least one-quarter of the grant amount committed to the applicant's strategy;

(f) Provide evidence that funds applied for, if received, will be used to provide effective delivery of community technology services in alignment with the goals of this chapter and to increase the applicant's level of effort beyond the current level; and

(g) Comply with such other requirements as the administrator establishes.

(3) The administrator may use no more than ten percent of funds received for the community technology opportunity program to cover administrative expenses.

(4) The administrator must establish expected program outcomes for each grant recipient and must require grant recipients to provide an annual accounting of program outcomes.

NEW SECTION. Sec. 4. The Washington community technology opportunity account is established in the state treasury. Donated funds from private and public sources may be deposited into the account. Expenditures from the account may be used only for the operation of the community technology opportunity program as provided in sections 1 through 3 of this act. Only the administrator or the administrator's designee may authorize expenditures from the account.

NEW SECTION. Sec. 5. Sections 1 through 4 of this act constitute a new chapter in Title 28B RCW.

NEW SECTION. Sec. 6. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void."

"NEW SECTION. Sec. 1. The legislature finds and declares that government exists to conduct the people's business, and the people remaining informed about the actions of government contributes to the oversight of how the people's business is conducted. The legislature further finds that many public servants who expose actions of their government that are contrary to the law

or public interest face the potential loss of their careers and livelihoods.

It is the policy of the legislature that employees should be encouraged to disclose, to the extent not expressly prohibited by law, improper governmental actions, and it is the intent of the legislature to protect the rights of state employees making these disclosures. It is also the policy of the legislature that employees should be encouraged to identify rules warranting review or provide information to the rules review committee, and it is the intent of the legislature to protect the rights of these employees.

This provision is not meant to preclude the discretion of agency management to adopt a particular scientific opinion or technical finding from among differing opinions or technical findings to the exclusion of other scientific opinions or technical findings. Nothing in this subsection prevents or impairs a state agency's or public official's ability to manage its public resources or its employees in the performance of their official job duties. This subsection does not apply to de minimis, technical disagreements that are not relevant for otherwise improper governmental activity. Nothing in this provision requires the auditor to contract or consult with external experts regarding the scientific validity, invalidity, or justification of a finding or opinion.

~~((8))~~ (10)(a) "Whistleblower" means:

(i) An employee who in good faith reports alleged improper governmental action to the auditor or other public official, as defined in subsection (7) of this section, initiating an investigation by the auditor under RCW 42.40.040; or

(ii) An employee who is perceived by the employer as reporting, whether they did or not, alleged improper governmental action to the auditor or other public official, as defined in subsection (7) of this section, initiating an investigation by the auditor under RCW 42.40.040.

(b) For purposes of the provisions of this chapter and chapter 49.60 RCW relating to reprisals and retaliatory action, the term "whistleblower" also means:

~~((b))~~ (ii) An employee who in good faith identifies rules warranting review or provides information to the rules review committee, and an employee who is believed to have identified rules warranting review or provided information to the rules review committee but who, in fact, has not done so.

**Sec. 3.** RCW 42.40.030 and 1995 c 403 s 510 are each amended to read as follows:

(1) An employee shall not directly or indirectly use or attempt to use the employee's official authority or influence for the purpose of intimidating, threatening, coercing, commanding, influencing, or attempting to intimidate, threaten, coerce, command, or influence any individual for the purpose of interfering with the right of the individual to: (a) Disclose to the auditor (or representative thereof) or other public official, as defined in RCW 42.40.020, information concerning improper governmental action; or (b) identify rules warranting review or provide information to the rules review committee.

(2) Nothing in this section authorizes an individual to disclose information otherwise prohibited by law, except to the extent that information is necessary to substantiate the whistleblower complaint, in which case information may be disclosed to the auditor or public official, as defined in RCW 42.40.020, by the whistleblower for the limited purpose of providing information related to the complaint. Any information provided to the auditor or public official under the authority of this subsection may not be further disclosed.

**Sec. 4.** RCW 42.40.040 and 1999 c 361 s 3 are each amended to read as follows:

(1)(a) In order to be investigated, an assertion of improper governmental action must be provided to the auditor or other public official within one year after the occurrence of the asserted improper governmental action. The public official, as defined in RCW

42.40.020, receiving an assertion of improper governmental action must report the assertion to the auditor within fifteen calendar days of receipt of the assertion. The auditor retains sole authority to investigate an assertion of improper governmental action including those made to a public official. A failure of the public official to report the assertion to the auditor within fifteen days does not impair the rights of the whistleblower.

(b) Except as provided under RCW 42.40.910 for legislative and judicial branches of government, the auditor has the authority to determine whether to investigate any assertions received. In determining whether to conduct either a preliminary or further investigation, the auditor shall consider factors including, but not limited to: The nature and quality of evidence and the existence of relevant laws and rules; whether the action was isolated or systematic; the history of previous assertions regarding the same subject or subjects or subject matter; whether other avenues are available for addressing the matter; whether the matter has already been investigated or is in litigation; the seriousness or significance of the asserted improper governmental action; and the cost and benefit of the investigation. The auditor has the sole discretion to determine the priority and weight given to these and other relevant factors and to decide whether a matter is to be investigated. The auditor shall document the factors considered and the analysis applied.

(c) The auditor also has the authority to investigate assertions of improper governmental actions as part of an audit conducted under chapter 43.09 RCW. The auditor shall document the reasons for handling the matter as part of such an audit.

(2) Subject to subsection (5)(c) of this section, the identity or identifying characteristics of a whistleblower is confidential at all times unless the whistleblower consents to disclosure by written waiver or by acknowledging his or her identity in a claim against the state for retaliation. In addition, the identity or identifying characteristics of any person who in good faith provides information in an investigation under this section is confidential at all times, unless the person consents to disclosure by written waiver or by acknowledging his or her identity as a witness who provides information in an investigation.

(3) Upon receiving specific information that an employee was engaged in improper governmental action, the auditor shall, within ~~((five))~~ fifteen working days of receipt of the information, mail written acknowledgement to the whistleblower at the address provided stating whether a preliminary investigation will be conducted. For a period not to exceed ~~((thirty))~~ sixty working days from receipt of the assertion, the auditor shall conduct such preliminary investigation of the matter as the auditor deems appropriate.

(4) In addition to the authority under subsection (3) of this section, the auditor may, on its own initiative, investigate incidents of improper state governmental action.

(5)(a) If it appears to the auditor, upon completion of the preliminary investigation, that the matter is so unsubstantiated that no further investigation, prosecution, or administrative action is warranted, the auditor shall so notify the whistleblower summarizing where the allegations are deficient, and provide a reasonable opportunity to reply. Such notification may be by electronic means.

(b) The written notification shall contain a summary of the information received and of the results of the preliminary investigation with regard to each assertion of improper governmental action.

(c) In any case to which this section applies, the identity or identifying characteristics of the whistleblower shall be kept confidential unless the auditor determines that the information has been provided other than in good faith. If the auditor makes such a determination, the auditor shall provide reasonable advance notice to the employee.

(d) With the agency's consent, the auditor may forward the assertions to an appropriate agency to investigate and report back to the auditor no later than sixty working days after the assertions are received from the auditor. The auditor is entitled to all investigative records resulting from such a referral. All procedural and confidentiality provisions of this chapter apply to investigations conducted under this subsection. The auditor shall document the reasons the assertions were referred.

(6) During the preliminary investigation, the auditor shall provide written notification of the nature of the assertions to the subject or subjects of the investigation and the agency head. The notification shall include the relevant facts and laws known at the time and the procedure for the subject or subjects of the investigation and the agency head to respond to the assertions and information obtained during the investigation. This notification does not limit the auditor from considering additional facts or laws which become known during further investigation.

~~((7))~~(a) If it appears to the auditor after completion of the preliminary investigation that further investigation, prosecution, or administrative action is warranted, the auditor shall so notify the whistleblower, the subject or subjects of the investigation, and the agency head and either conduct a further investigation or issue a report under subsection ~~((10))~~ (9) of this section.

(b) If the preliminary investigation resulted from an anonymous assertion, a decision to conduct further investigation shall be subject to review by a three-person panel convened as necessary by the auditor prior to the commencement of any additional investigation. The panel shall include a state auditor representative knowledgeable of the subject agency operations, a citizen volunteer, and a representative of the attorney general's office. This group shall be briefed on the preliminary investigation and shall recommend whether the auditor should proceed with further investigation.

(c) If further investigation is to occur, the auditor shall provide written notification of the nature of the assertions to the subject or subjects of the investigation and the agency head. The notification shall include the relevant facts known at the time and the procedure to be used by the subject or subjects of the investigation and the agency head to respond to the assertions and information obtained during the investigation.

~~((8))~~ (7) Within sixty working days after the preliminary investigation period in subsection (3) of this section, the auditor shall complete the investigation and report its findings to the whistleblower unless written justification for the delay is furnished to the whistleblower, agency head, and subject or subjects of the investigation. In all such cases, the report of the auditor's investigation and findings shall be sent to the whistleblower within one year after the information was filed under subsection (3) of this section.

~~((9))~~ (8)(a) At any stage of an investigation under this section the auditor may require by subpoena the attendance and testimony of witnesses and the production of documentary or other evidence relating to the investigation at any designated place in the state. The auditor may issue subpoenas, administer oaths, examine witnesses, and receive evidence. In the case of contumacy or failure to obey a subpoena, the superior court for the county in which the person to whom the subpoena is addressed resides or is served may issue an order requiring the person to appear at any designated place to testify or to produce documentary or other evidence. Any failure to obey the order of the court may be punished by the court as a contempt thereof.

(b) The auditor may order the taking of depositions at any stage of a proceeding or investigation under this chapter. Depositions shall be taken before an individual designated by the auditor and having the power to administer oaths. Testimony shall be reduced to writing by or under the direction of the individual taking the deposition and shall be subscribed by the deponent.

(c) Agencies shall cooperate fully in the investigation and shall take appropriate action to preclude the destruction of any evidence during the course of the investigation.

(d) During the investigation the auditor shall interview each subject of the investigation. If it is determined there is reasonable cause to believe improper governmental action has occurred, the subject or subjects and the agency head shall be given fifteen working days to respond to the assertions prior to the issuance of the final report.

~~((10))~~ (9)(a) If the auditor determines there is reasonable cause to believe an employee has engaged in improper governmental action, the auditor shall report, to the extent allowable under existing public disclosure laws, the nature and details of the activity to:

(i) The subject or subjects of the investigation and the head of the employing agency; ~~((and))~~

(ii) If appropriate, the attorney general or such other authority as the auditor determines appropriate;

~~(iii) Electronically to the governor, secretary of the senate, and chief clerk of the house of representatives; and~~

~~(iv) Except for information whose release is specifically prohibited by statute or executive order, the public through the public file of whistleblower reports maintained by the auditor.~~

(b) The auditor has no enforcement power except that in any case in which the auditor submits an investigative report containing reasonable cause determinations to the agency, the agency shall send its plan for resolution to the auditor within fifteen working days of having received the report. The agency is encouraged to consult with the subject or subjects of the investigation in establishing the resolution plan. The auditor may require periodic reports of agency action until all resolution has occurred. If the auditor determines that appropriate action has not been taken, the auditor shall report the determination to the governor and to the legislature and may include this determination in the agency audit under chapter 43.09 RCW.

~~((H+))~~ (10) Once the auditor concludes that appropriate action has been taken to resolve the matter, the auditor shall so notify the whistleblower, the agency head, and the subject or subjects of the investigation. If the resolution takes more than one year, the auditor shall provide annual notification of its status to the whistleblower, agency head, and subject or subjects of the investigation.

~~((H2))~~ (11) Failure to cooperate with such audit or investigation, or retaliation against anyone who assists the auditor by engaging in activity protected by this chapter shall be reported as a separate finding with recommendations for corrective action in the associated report whenever it occurs.

(12) This section does not limit any authority conferred upon the attorney general or any other agency of government to investigate any matter.

**Sec. 5.** RCW 42.40.070 and 1989 c 284 s 5 are each amended to read as follows:

A written summary of this chapter and procedures for reporting improper governmental actions established by the auditor's office shall be made available by each department or agency of state government to each employee upon entering public employment. Such notices may be in agency internal newsletters, included with paychecks or stubs, sent via electronic mail to all employees, or sent by other means that are cost-effective and reach all employees of the government level, division, or subdivision. Employees shall be notified by each department or agency of state government each year of the procedures and protections under this chapter. The annual notices shall include a list of public officials, as defined in RCW 42.40.020, authorized to receive whistleblower reports. The list of public officials authorized to receive whistleblower reports shall also be prominently displayed in all agency offices.

**Sec. 6.** RCW 42.40.050 and 1999 c 283 s 1 are each amended to read as follows:

(1)(a) Any person who is a whistleblower, as defined in RCW 42.40.020, and who has been subjected to workplace reprisal or retaliatory action is presumed to have established a cause of action for the remedies provided under chapter 49.60 RCW.

(b) For the purpose of this section, "reprisal or retaliatory action" means, but is not limited to, any of the following:

- ~~((a))~~ (i) Denial of adequate staff to perform duties;
- ~~((b))~~ (ii) Frequent staff changes;
- ~~((c))~~ (iii) Frequent and undesirable office changes;
- ~~((d))~~ (iv) Refusal to assign meaningful work;
- ~~((e))~~ (v) Unwarranted and unsubstantiated letters of reprimand or unsatisfactory performance evaluations;
- ~~((f))~~ (vi) Demotion;
- ~~((g))~~ (vii) Reduction in pay;
- ~~((h))~~ (viii) Denial of promotion;
- ~~((i))~~ (ix) Suspension;
- ~~((j))~~ (x) Dismissal;
- ~~((k))~~ (xi) Denial of employment;
- ~~((l))~~ (xii) A supervisor or superior behaving in or encouraging coworkers to behave in a hostile manner toward the whistleblower;

~~((and~~

~~((m))~~ (xiii) A change in the physical location of the employee's workplace or a change in the basic nature of the employee's job, if either are in opposition to the employee's expressed wish;

~~((n))~~ (xiv) Issuance of or attempt to enforce any nondisclosure policy or agreement in a manner inconsistent with prior practice; or

~~((o))~~ (xv) Any other action that is inconsistent compared to actions taken before the employee engaged in conduct protected by this chapter, or compared to other employees who have not engaged in conduct protected by this chapter.

(2) The agency presumed to have taken retaliatory action under subsection (1) of this section may rebut that presumption by proving by a preponderance of the evidence that there have been a series of documented personnel problems or a single, egregious event, or that the agency action or actions were justified by reasons unrelated to the employee's status as a whistleblower and that improper motive was not a substantial factor.

(3) Nothing in this section prohibits an agency from making any decision exercising its authority to terminate, suspend, or discipline an employee who engages in workplace reprisal or retaliatory action against a whistleblower. However, the agency also shall implement any order under chapter 49.60 RCW (other than an order of suspension if the agency has terminated the retaliator).

**NEW SECTION. Sec. 7.** A new section is added to chapter 42.40 RCW to read as follows:

The human rights commission, the state auditor, and the office of financial management shall collaboratively develop performance measures to improve the efficiency and effectiveness of this chapter and the disposition of any related claims made under chapter 49.60 RCW. The goals shall be to reduce the number of improper governmental actions, reduce the number of inappropriate whistleblower complaints, and reduce the number of substantiated and unsubstantiated whistleblower complaints across all state agencies. The measures may include, but are not limited to, the number of reports of improper governmental activities, the number of reports of improper governmental activities per agency, the number of investigations completed, the number of retaliation claims, the enforcement costs, and the claim costs. The human rights commission, the state auditor, and the office of financial management shall report on the performance measures developed to the appropriate legislative committees by September 30, 2008. Beginning July 31, 2009, the human rights commission, the state auditor, and the office of financial management shall jointly submit a performance measures report to the appropriate committees of the legislature.

**Sec. 8.** RCW 49.60.230 and 1993 c 510 s 21 and 1993 c 69 s 11 are each reenacted and amended to read as follows:

(1) Who may file a complaint:

(a) Any person claiming to be aggrieved by an alleged unfair practice may, personally or by his or her attorney, make, sign, and file with the commission a complaint in writing under oath or by declaration. The complaint shall state the name of the person alleged to have committed the unfair practice and the particulars thereof, and contain such other information as may be required by the commission.

(b) Whenever it has reason to believe that any person has been engaged or is engaging in an unfair practice, the commission may issue a complaint.

(c) Any employer or principal whose employees, or agents, or any of them, refuse or threaten to refuse to comply with the provisions of this chapter may file with the commission a written complaint under oath or by declaration asking for assistance by conciliation or other remedial action.

(2) Any complaint filed pursuant to this section must be so filed within six months after the alleged act of discrimination except that complaints alleging an unfair practice in a real estate transaction pursuant to RCW 49.60.222 through 49.60.225 must be so filed within one year after the alleged unfair practice in a real estate transaction has occurred or terminated and a complaint alleging whistleblower retaliation must be filed within two years.

**Sec. 9.** RCW 49.60.250 and 1993 c 510 s 23 and 1993 c 69 s 14 are each reenacted and amended to read as follows:

(1) In case of failure to reach an agreement for the elimination of such unfair practice, and upon the entry of findings to that effect, the entire file, including the complaint and any and all findings made, shall be certified to the chairperson of the commission. The chairperson of the commission shall thereupon request the appointment of an administrative law judge under Title 34 RCW to hear the complaint and shall cause to be issued and served in the name of the commission a written notice, together with a copy of the complaint, as the same may have been amended, requiring the respondent to answer the charges of the complaint at a hearing before the administrative law judge, at a time and place to be specified in such notice.

(2) The place of any such hearing may be the office of the commission or another place designated by it. The case in support of the complaint shall be presented at the hearing by counsel for the commission: **PROVIDED**, That the complainant may retain independent counsel and submit testimony and be fully heard. No member or employee of the commission who previously made the investigation or caused the notice to be issued shall participate in the hearing except as a witness, nor shall the member or employee participate in the deliberations of the administrative law judge in such case. Any endeavors or negotiations for conciliation shall not be received in evidence.

(3) The respondent shall file a written answer to the complaint and appear at the hearing in person or otherwise, with or without counsel, and submit testimony and be fully heard. The respondent has the right to cross-examine the complainant.

(4) The administrative law judge conducting any hearing may permit reasonable amendment to any complaint or answer. Testimony taken at the hearing shall be under oath and recorded.

(5) If, upon all the evidence, the administrative law judge finds that the respondent has engaged in any unfair practice, the administrative law judge shall state findings of fact and shall issue and file with the commission and cause to be served on such respondent an order requiring such respondent to cease and desist from such unfair practice and to take such affirmative action, including, (but not limited to) hiring, reinstatement or upgrading of employees, with or without back pay, an admission or restoration to full membership rights in any respondent organization, or to take such other action as, in the judgment of the administrative law judge, will effectuate the purposes of this chapter, including action that could be ordered by a court, except that damages for humiliation and mental suffering shall not exceed ~~((ten))~~ twenty thousand dollars, and including a requirement for report of the matter on compliance. Relief available for violations of RCW 49.60.222 through 49.60.224 shall be limited to the relief specified in RCW 49.60.225.

(6) If a determination is made that retaliatory action, as defined in RCW 42.40.050, has been taken against a whistleblower, as defined in RCW 42.40.020, the administrative law judge may, in addition to any other remedy, require restoration of benefits, back pay, and any increases in compensation that would have occurred, with interest; impose a civil penalty upon the retaliator of up to ~~((three))~~ five thousand dollars; and issue an order to the state employer to suspend the retaliator for up to thirty days without pay. At a minimum, the administrative law judge shall require that a letter of reprimand be placed in the retaliator's personnel file. No agency shall issue any nondisclosure order or policy, execute any nondisclosure agreement, or spend any funds requiring information that is public under the public records act, chapter 42.56 RCW, be kept confidential; except that nothing in this section shall affect any state or federal law requiring information be kept confidential. All penalties recovered shall be paid into the state treasury and credited to the general fund.

(7) The final order of the administrative law judge shall include a notice to the parties of the right to obtain judicial review of the order by appeal in accordance with the provisions of RCW 34.05.510 through 34.05.598, and that such appeal must be served and filed within thirty days after the service of the order on the parties.

(8) If, upon all the evidence, the administrative law judge finds that the respondent has not engaged in any alleged unfair practice,

the administrative law judge shall state findings of fact and shall similarly issue and file an order dismissing the complaint.

(9) An order dismissing a complaint may include an award of reasonable attorneys' fees in favor of the respondent if the administrative law judge concludes that the complaint was frivolous, unreasonable, or groundless.

(10) The commission shall establish rules of practice to govern, expedite, and effectuate the foregoing procedure.

(11) Instead of filing with the commission, a complainant may pursue arbitration conducted by the American arbitration association or another arbitrator mutually agreed by the parties, with the cost of arbitration shared equally by the complainant and the respondent.

**Sec. 10.** RCW 42.40.910 and 1999 c 361 s 7 are each amended to read as follows:

This act and chapter 361, Laws of 1999 ((does)) do not affect the jurisdiction of the legislative ethics board, the executive ethics board, or the commission on judicial conduct, as set forth in chapter 42.52 RCW. The senate, the house of representatives, and the supreme court shall adopt policies regarding the applicability of chapter 42.40 RCW to the senate, house of representatives, and judicial branch.

**NEW SECTION. Sec. 11.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

"**Sec. 1.** RCW 13.34.215 and 2007 c 413 s 1 are each amended to read as follows:

(1) A child may petition the juvenile court to reinstate the previously terminated parental rights of his or her parent under the following circumstances:

(a) The child was previously found to be a dependent child under this chapter;

(b) The child's parent's rights were terminated in a proceeding under this chapter;

(c) The child has not achieved his or her permanency plan within three years of a final order of termination ~~(, or if the final order was appealed, within three years of exhaustion of any right to appeal the order terminating parental rights);~~ and

(d) ~~(Absent good cause,)~~ The child must be at least twelve years old at the time the petition is filed. Upon the child's motion for good cause shown, or on its own motion, the court may hear a petition filed by a child younger than twelve years old.

(2) A child seeking to petition under this section shall be provided counsel at no cost to the child.

(3) The petition must be signed by the child in the absence of a showing of good cause as to why the child could not do so.

(4) If, after a threshold hearing to consider the parent's apparent fitness and interest in reinstatement of parental rights, ~~(it appears)~~ the court finds by a preponderance of the evidence that the best interests of the child may be served by reinstatement of parental rights, the juvenile court shall order that a hearing on the merits of the petition be held.

(5) The court shall give prior notice for any proceeding under this section, or cause prior notice to be given, to the department, the child's attorney, and the child. The court shall also order the department to give prior notice of any hearing to the child's former parent whose parental rights are the subject of the petition, any parent whose rights have not been terminated, the child's current foster parent, relative caregiver, guardian or custodian, and the child's tribe, if applicable.

(6) The juvenile court shall conditionally grant the petition if it finds by clear and convincing evidence that the child has not achieved his or her permanency plan and is not likely to imminently achieve his or her permanency plan and that reinstatement of parental rights is in the child's best interest. In determining whether reinstatement is in the child's best interest the court shall consider, but is not limited to, the following:

(a) Whether the parent whose rights are to be reinstated is a fit parent and has remedied his or her deficits as provided in the record of the prior termination proceedings and prior termination order;

(b) The age and maturity of the child, and the ability of the child to express his or her preference;

(c) Whether the reinstatement of parental rights will present a risk to the child's health, welfare, or safety; and

(d) Other material changes in circumstances, if any, that may have occurred which warrant the granting of the petition.

(7) In determining whether the child has or has not achieved his or her permanency plan or whether the child is likely to achieve his or her permanency plan, the department shall provide the court, and the court shall review, information related to any efforts to achieve the permanency plan including efforts to achieve adoption or a permanent guardianship.

(8)(a) If the court conditionally grants the petition under subsection (6) of this section, the case will be continued for six months and a temporary order of reinstatement entered. During this period, the child shall be placed in the custody of the parent. The department shall develop a permanency plan for the child reflecting the plan to be reunification and shall provide transition services to the family as appropriate.

(b) If the child must be removed from the parent due to abuse or neglect allegations prior to the expiration of the conditional six-month period, the court shall dismiss the petition for reinstatement of parental rights if the court finds the allegations have been proven by a preponderance of the evidence.

(c) If the child has been successfully placed with the parent for six months, the court order reinstating parental rights remains in effect and the court shall dismiss the dependency.

(9) After the child has been placed with the parent for six months, the court shall hold a hearing. If the placement with the parent has been successful, the court shall enter a final order of reinstatement of parental rights, which shall restore all rights,

powers, privileges, immunities, duties, and obligations of the parent as to the child, including those relating to custody, control, and support of the child. The court shall dismiss the dependency and direct the clerk's office to provide a certified copy of the final order of reinstatement of parental rights to the parent at no cost.

~~(10)~~ The granting of the petition under this section does not vacate or otherwise affect the validity of the original termination order.

~~((+0))~~ (11) Any parent whose rights are reinstated under this section shall not be liable for any child support owed to the department pursuant to RCW 13.34.160 or Title 26 RCW or costs of other services provided to a child for the time period from the date of termination of parental rights to the date parental rights are reinstated.

~~((+1))~~ (12) A proceeding to reinstate parental rights is a separate action from the termination of parental rights proceeding and does not vacate the original termination of parental rights. An order granted under this section reinstates the parental rights to the child. This reinstatement is a recognition that the situation of the parent and child have changed since the time of the termination of parental rights and reunification is now appropriate.

~~((+2))~~ (13) This section is retroactive and applies to any child who is under the jurisdiction of the juvenile court at the time of the hearing regardless of the date parental rights were terminated.

(14) The state, the department, and its employees are not liable for civil damages resulting from any act or omission in the provision of services under this section, unless the act or omission constitutes gross negligence. This section does not create any duty and shall not be construed to create a duty where none exists. This section does not create a cause of action against the state, the department, or its employees concerning the original termination.

**Sec. 2.** RCW 13.34.065 and 2007 c 413 s 5 are each amended to read as follows:

(1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

(2)(a) The department of social and health services shall submit a recommendation to the court as to the further need for shelter care in all cases in which it is the petitioner. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the

waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home;

(e) Is the placement proposed by the agency the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in 25 U.S.C. Sec. 1903, whether the provisions of the Indian child welfare act apply, and whether there is compliance with the Indian child welfare act, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive ((parent)) household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. ~~((However,))~~ The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service, except that if the court determines there is reasonable cause to believe the abuse of alcohol or controlled substances or unmet mental health needs are contributing factors to the alleged abuse or neglect or inability to properly provide care for the child, the court may order the parent to participate in a comprehensive chemical dependency or mental health evaluation as arranged by the department;

(k) The terms and conditions for parental, sibling, and family visitation.

(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) The release of such child would present a serious threat of substantial harm to such child, notwithstanding an order entered pursuant to RCW 26.44.063; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, ~~((and the child was initially placed with a relative pursuant to RCW 13.34.066(1);))~~ the court shall order ~~((continued))~~ placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. The relative must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative pursuant to RCW 13.34.060(1).

(d) If a relative is not available, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other person approved by the court pursuant to this section, shall be contingent upon cooperation with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other person, subject to review by the court.

(f) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative under (b) of this subsection or with another suitable person under (d) of this subsection.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

(8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

**Sec. 3.** RCW 13.34.136 and 2007 c 413 s 7 are each amended to read as follows:

(1) Whenever a child is ordered removed from the home, a permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The agency supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the supervising agency's proposed permanency plan must be provided to the supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130~~((4))~~ (5), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the agency will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(ii) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The agency shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. The court and the agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department.

(v) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the

school the child was attending at the time the child entered foster care.

(vi) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130~~((4))~~ (5), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(3).

(7) For purposes related to permanency planning:

(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.

(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe.

**Sec. 4.** RCW 26.44.063 and 2000 c 119 s 12 are each amended to read as follows:

(1) It is the intent of the legislature to minimize trauma to a child involved in an allegation of sexual or physical abuse. The legislature declares that removing the child from the home or the care of a parent, guardian, or legal custodian often has the effect of further traumatizing the child. It is, therefore, the legislature's intent that the alleged ~~((offender))~~ abuser, rather than the child, shall be removed or restrained from the ~~((home))~~ child's residence and that this should be done at the earliest possible point of intervention in accordance with RCW 10.31.100, ~~((13.34.130))~~ chapter 13.34 RCW, this section, and RCW 26.44.130.

(2) In any judicial proceeding in which it is alleged that a child has been subjected to sexual or physical abuse, if the court finds reasonable grounds to believe that an incident of sexual or physical abuse has occurred, the court may, on its own motion, or the motion of the guardian ad litem or other parties, issue a temporary restraining order or preliminary injunction restraining or enjoining the person accused of committing the abuse from:

(a) Molesting or disturbing the peace of the alleged victim;

(b) Entering the family home of the alleged victim except as specifically authorized by the court;

(c) Having any contact with the alleged victim, except as specifically authorized by the court;

(d) Knowingly coming within, or knowingly remaining within, a specified distance of a specified location.

(3) If the caretaker is willing, and does comply with the duties prescribed in subsection (8) of this section, uncertainty by the caretaker that the alleged abuser has in fact abused the alleged victim shall not, alone, be a basis to remove the alleged victim from the caretaker, nor shall it be considered neglect.

(4) In issuing a temporary restraining order or preliminary injunction, the court may impose any additional restrictions that the court in its discretion determines are necessary to protect the child from further abuse or emotional trauma pending final resolution of the abuse allegations.

~~((4))~~ (5) The court shall issue a temporary restraining order prohibiting a person from entering the family home if the court finds that the order would eliminate the need for an out-of-home placement to protect the child's right to nurturance, health, and safety and is sufficient to protect the child from further sexual or physical abuse or coercion.

~~((5))~~ (6) The court may issue a temporary restraining order without requiring notice to the party to be restrained or other parties only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

~~((6))~~ (7) A temporary restraining order or preliminary injunction:

(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding; and  
 (b) May be revoked or modified.

~~((7))~~ (8) The person having physical custody of the child shall have an affirmative duty to assist in the enforcement of the restraining order including but not limited to a duty to notify the court as soon as practicable of any violation of the order, a duty to request the assistance of law enforcement officers to enforce the order, and a duty to notify the department of social and health services of any violation of the order as soon as practicable if the department is a party to the action. Failure by the custodial party to discharge these affirmative duties shall be subject to contempt proceedings.

~~((8))~~ (9) Willful violation of a court order entered under this section is a misdemeanor. A written order shall contain the court's directive and shall bear the legend: "Violation of this order with actual notice of its terms is a criminal offense under chapter 26.44 RCW, is also subject to contempt proceedings, and will subject a violator to arrest."

~~((9))~~ (10) If a restraining order issued under this section is modified or terminated, the clerk of the court shall notify the law enforcement agency specified in the order on or before the next judicial day. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from any computer-based criminal intelligence system.

**Sec. 5.** RCW 71.24.035 and 2007 c 414 s 2, 2007 c 410 s 8, and 2007 c 375 s 12 are each reenacted and amended to read as follows:

Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(d) The department, agency, or institution of higher education has established a contract monitoring process to measure contract performance, costs, service delivery quality, and other contract standards, and to cancel contracts that do not meet those standards; and

(e) The department, agency, or institution of higher education has determined that the contract results in savings or efficiency improvements. The contracting agency must consider the consequences and potential mitigation of improper or failed performance by the contractor.

(2) Any provision contrary to or in conflict with this section in any collective bargaining agreement in effect on July 1, 2005, is not effective beyond the expiration date of the agreement.

(3) Contracting for services that is expressly mandated by the legislature or was authorized by law prior to July 1, 2005, including contracts and agreements between public entities, shall not be subject to the processes set forth in subsections (1) ~~((and))~~, (4) ~~((through (6)))~~, and (5) of this section.

(4) Competitive contracting shall be implemented as follows:

(a) At least ninety days prior to the date the contracting agency requests bids from private entities for a contract for services provided by classified employees, the contracting agency shall notify the classified employees whose positions or work would be displaced by the contract. The employees shall have sixty days from the date of notification to offer alternatives to purchasing services by contract, and the agency shall consider the alternatives before requesting bids.

(b) If the employees decide to compete for the contract, they shall notify the contracting agency of their decision. Employees must form one or more employee business units for the purpose of submitting a bid or bids to perform the services.

(c) The director of personnel, with the advice and assistance of the department of general administration, shall develop and make available to employee business units training in the bidding process and general bid preparation.

(d) The director of general administration, with the advice and assistance of the department of personnel, shall, by rule, establish procedures to ensure that bids are submitted and evaluated in a fair and objective manner and that there exists a competitive market for the service. Such rules shall include, but not be limited to: (i) Prohibitions against participation in the bid evaluation process by employees who prepared the business unit's bid or who perform any of the services to be contracted; (ii) provisions to ensure no bidder receives an advantage over other bidders and that bid requirements are applied equitably to all parties; and (iii) procedures that require the contracting agency to receive complaints regarding the bidding process and to consider them before awarding the contract. Appeal of an agency's actions under this subsection is an adjudicative proceeding and subject to the applicable provisions of chapter 34.05 RCW, the administrative procedure act, with the final decision to be

rendered by an administrative law judge assigned under chapter 34.12 RCW.

(e) An employee business unit's bid must include the fully allocated costs of the service, including the cost of the employees' salaries and benefits, space, equipment, materials, and other costs necessary to perform the function. An employee business unit's cost shall not include the state's indirect overhead costs unless those costs can be attributed directly to the function in question and would not exist if that function were not performed in state service.

(f) A department, agency, or institution of higher education may contract with the department of general administration to conduct the bidding process.

(5) As used in this section:

(a) "Employee business unit" means a group of employees who perform services to be contracted under this section and who submit a bid for the performance of those services under subsection (4) of this section.

(b) "Indirect overhead costs" means the pro rata share of existing agency administrative salaries and benefits, and rent, equipment costs, utilities, and materials associated with those administrative functions.

(c) "Competitive contracting" means the process by which classified employees of a department, agency, or institution of higher education compete with businesses, individuals, nonprofit organizations, or other entities for contracts authorized by subsection (1) of this section.

(6) ~~((The joint legislative audit and review committee shall conduct a performance audit of the implementation of this section, including the adequacy of the appeals process in subsection (4)(d) of this section, and report to the legislature by January 1, 2007, on the results of the audit.))~~ The requirements of this section do not apply to RCW 74.13.031(5).

NEW SECTION. Sec. 10. A new section is added to chapter 74.15 RCW to read as follows:

To be eligible for placement in a HOPE center, a minor must be either a street youth, as that term is defined in this chapter, or a youth who, without placement in a HOPE center, will continue to participate in increasingly risky behavior. Youth may also self-refer to a HOPE center. Payment for a HOPE center bed is not contingent upon prior approval by the department.

Sec. 11. RCW 74.15.240 and 1999 c 267 s 14 are each amended to read as follows:

To be eligible for placement in a responsible living skills program, the minor must be dependent under chapter 13.34 RCW and must have lived in a HOPE center or in a secure crisis residential center. However, if the minor's caseworker determines that placement in a responsible living skills program would be the most appropriate placement given the minor's current circumstances, prior residence in a HOPE center or secure crisis residential center before placement in a responsible living program is not required. Responsible living skills centers are intended as a placement alternative for dependent youth that the department chooses for the youth because no other services or alternative placements have been successful. Responsible living skills centers are not for dependent youth whose permanency plan includes return to home or family reunification.

SSB 6805 Prime Sponsor, Senate Committee on Agriculture & Rural Economic Development: Promoting farm and forest land preservation and restoration through conservation markets. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Farmers and small forest landowners should be encouraged through the use of incentives to conserve and restore natural areas on their farms and small tree farming operations in ways that improve the long-term viability of these operations by providing ongoing revenue to these operations without taking whole farms or significant amounts of farmland or small tree farming operations out of production;

(b) Farmers and small forest landowners have the ability to produce restoration products as well as implement conservation practices on their productive agricultural lands and small tree farms in a way that is likely to be useful to fulfill the mitigation, compliance, and other environmental needs of public agencies such as the Washington state department of transportation, and to meet other market demands such as the availability of feed or conditions for overwintering of migratory waterfowl or for conserving and enhancing fish and wildlife habitat;

(c) Family farmers and family-owned small tree farming operations currently produce environmental benefits that would cost millions of dollars to replace with man-made infrastructure. Among these benefits are water filtration, floodwater dispersal, fish and wildlife habitat, open spaces, and scenic views;

(d) Other communities in the United States have established conservation markets in which landowners are paid to produce such restoration products; and

(e) The use of such markets could provide much needed income to sustain the viability of Washington farmers and small forest landowners, meet mitigation and compliance needs, accelerate permitting of public infrastructure, and provide environmental benefits.

(2) Therefore, the legislature finds that it is good public policy to evaluate the feasibility and potential effectiveness of conservation markets in Washington state that provide dual benefits of improving the viability of agriculture and providing environmental or fish and wildlife benefits.

NEW SECTION. Sec. 2. (1) Subject to the availability of amounts appropriated for this purpose, the commission shall conduct a study to evaluate the feasibility and desirability of establishing farm-based or forest-based conservation markets in Washington. The commission may enter into a contract with an entity that has the

knowledge and experience of agriculture and of conservation markets for this effort. The commission, entity, or both shall:

(a) Evaluate other conservation markets in operation in the United States that provide ongoing revenue to improve the long-term viability of family farms and small forestry operations, including those focused on water quality trading, endangered species conservation banking, rental of environmental benefits, and wetland banking, to determine relevant lessons for Washington conservation markets;

(b) Collaborate with Washington farm organizations, small forestry landowner organizations, key farm community leaders, agricultural special purpose districts, local governments, and relevant natural resource agencies to:

(i) Determine interests, needs, and concerns about participating in a conservation market;

(ii) Assess the market-ready environmental maintenance, restoration, and enhancement products that could profitably and dependably be produced on farms and small forestry operations, including endangered species habitat, wetlands, water quality treatment, carbon sequestration, biodiversity, and other fish and wildlife habitat; and

(iii) Identify opportunities for conservation markets that could provide ongoing revenue to improve the long-term viability of family farming and small forestry operations and could supplement existing conservation programs currently used by landowners, such as the conservation reserve enhancement program, and increased use of the public benefit rating system;

(c) Work with the Washington state department of transportation, utility districts, local road departments, and other public agencies to determine potential demand for restoration products produced on farms and small forestry operations to fulfill upcoming mitigation and compliance needs. The underlying analysis shall emphasize demand associated with construction of roads, utilities, and other public structures, as well as periodic repermitting of wastewater and other public utilities;

(d) Forecast market activity, including the potential supply of restoration products, including those produced through existing restoration programs, and the potential demand for such products to address mitigation, compliance, and other environmental needs and other market demands. This analysis shall also identify services, materials, technical assistance, financing, and other support that would facilitate the use of conservation markets;

(e) Consult with the Washington departments of ecology and fish and wildlife, the United States army corps of engineers, and local government permitting agencies to determine their willingness to use farm-produced restoration products to fulfill mitigation and compliance needs and also evaluate changes in rules and policy that would facilitate permitting of conservation market activities;

(f) Consult with the Northwest Indian fisheries commission and individual Indian tribes to determine their interest in and potential support of conservation markets;

(g) Coordinate with the department of agriculture regarding the "Future of Farming" project, the William D. Ruckelshaus Center on its activities relating to chapter 353, Laws of 2007, the office of farmland preservation and the office's efforts to retain farmland in agricultural production, the Washington biodiversity project, the department of ecology regarding its "Mitigation that Works" project, and the office of regulatory assistance on its integrated project review and mitigation project to ensure consistency with these efforts; and

(h) Develop findings and recommendations on the feasibility and desirability of creating farm-based and forest-based conservation markets in Washington state.

(2) If the study determines that farm-based conservation markets are feasible and desirable, the commission, contracting entity, or both, shall conduct two demonstration projects in Washington farm communities. The commission, entity, or both shall:

(a) Select demonstration project areas that have a combination of enthusiastic farmers, a substantial supply of potential restoration products from farms, potential for public and private cost-sharing of project costs, and upcoming development or permitting activity that is likely to trigger significant mitigation and compliance demands;

(b) Identify and map areas of highly productive agricultural activity and work with the departments of ecology and fish and wildlife to identify locations of high-priority wetland and habitat restoration or water quality improvement to ensure that conservation market-driven restoration does not infringe on highly productive farmland;

(c) Identify up to three potential credit transactions in each demonstration project area and work with relevant farmers, permittees, and permitting agencies to facilitate transactions in mitigation and compliance credits;

(d) Work with the department of ecology and other relevant permitting agencies to develop standards for approval of conservation market transactions to fulfill mitigation and compliance requirements and to identify priority areas for focusing conservation market sites based on the highest ecological benefits for the watershed and the restoration of ecosystem processes that minimize impacts to high quality agricultural lands;

(e) Work with conservation districts to determine district interest in participation in a conservation markets program, including a determination of district capacity and resources to participate in such a program;

(f) Evaluate options for facilitating conservation market transactions, including the use of farmer cooperatives, brokerage services, and banks; and

(g) Develop findings on the results of the demonstration projects and the implications for broader use of farm-based conservation markets in Washington state.

(3) As used in this act:

(a) "Commission" means the Washington state conservation commission.

(b) "Conservation market" means a farm or forest-based market for selling credits for wetland or habitat restoration or water quality cleanup to agencies in need of such credits to fulfill environmental mitigation, compliance requirements, and other environmental needs. The term shall also be broadly interpreted to include any program that provides ongoing revenue to sustain the long-term viability of farms and small forestry operations as a result of maintaining or enhancing environmental benefits such as open space, fish and wildlife habitat, floodwater dispersal, water filtration, buffers from more intense development, or any other environmental benefit resulting from the ongoing operation of the farm.

(c) "Small forest landowner" has the same meaning as in RCW 76.09.450.

(4) The commission shall present findings and recommendations from the conservation markets study to the governor and appropriate committees of the legislature by December 1, 2008. The findings and recommendations shall include:

(a) Findings regarding the match between the availability of farm-produced and forestry-produced restoration products and the demand for such products associated with mitigation and compliance for public agency projects and activities in the demonstration project area;

(b) Findings regarding the interests and capabilities of farmers, small forest landowners, public development agencies, and permitting agencies to participate in the demonstration conservation market;

(c) Findings regarding the likelihood that farm-based and forest-based conservation markets could provide a successful mechanism for addressing mitigation, compliance, and other environmental needs for public construction projects and permitting of public utilities; and

(d) Recommendations on whether to proceed to the initiation of demonstration projects.

(5) If the project proceeds into the demonstration project phase, the commission shall present findings and recommendations regarding the conservation markets' demonstration projects to the governor and appropriate committees of the legislature by December 1, 2009. The findings and recommendations shall include:

(a) Findings on the ability to produce conservation market-ready restoration and clean-up projects without infringing on high-quality farmland;

(b) Findings on standards for review and approval of conservation market transactions in permitting processes;

(c) Findings on potential conservation market transactions in the demonstration project areas;

(d) Recommendations on measures that the Washington state department of transportation and other state agencies can take to facilitate their use of conservation markets to fulfill mitigation and compliance needs and waterfowl or wildlife habitat enhancement goals;

(e) Recommendations on support services that could be provided by state agencies to facilitate conservation markets throughout Washington, including but not limited to financing, permit assistance, technical assistance, materials, and other services.

2SSB 6855 Prime Sponsor, Senate Committee on Ways & Means: Concerning funding for jobs, economic development, and local capital projects. Reported by Committee on Community & Economic Development & Trade

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.160.010 and 1999 c 164 s 101 and 1999 c 94 s 5 are each reenacted and amended to read as follows:

(1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. ~~((Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality.))~~ Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;

(c) Encouraging wider access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and employment; and

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways, county roads, or city streets for industries considering locating or expanding in this state.

~~((a))~~ (3) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

~~((b))~~ All transportation improvements on state highways must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280.

~~((3))~~ (4) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that supports business development, retention, and expansion in ~~((rural natural resources impact areas and rural counties of))~~ the state.

~~((4))~~ (5) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing

facilities for recyclable materials are eligible for consideration from the board.

~~((5))~~ (6) The legislature finds that sharing economic growth statewide is important to the welfare of the state. ~~((Rural counties and rural natural resources impact areas do not share in the economic vitality of the Puget Sound region.))~~ The ability of ~~((these))~~ communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. Project-specific planning, predevelopment, and infrastructure are critical ingredients for economic development. ~~((Rural counties and rural natural resources impact areas generally lack these necessary tools and resources to diversify and revitalize their economies.))~~ It is, therefore, the intent of the legislature to increase the amount of funding available through the community economic revitalization board ~~((for rural counties and rural natural resources impact areas.))~~ and to authorize flexibility for available resources in these areas to help fund planning, predevelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification.

**Sec. 2.** RCW 43.160.020 and 2004 c 252 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the community economic revitalization board.

~~((5))~~ "Industrial development facilities" means "industrial development facilities" as defined in RCW 39.84.020.

~~((6))~~ "Industrial development revenue bonds" means tax-exempt revenue bonds used to fund industrial development facilities.

~~((12))~~ (5) "Rural county" means a county with a population density of fewer than one hundred persons per square mile or a county smaller than two hundred twenty-five square miles, as determined by the office of financial management and published each year by the department for the period July 1st to June 30th.

~~((13))~~ "Rural natural resources impact area" means:

~~((a))~~ A nonmetropolitan county, as defined by the 1990 decennial census, that meets three of the five criteria set forth in subsection (14) of this section;

~~((b))~~ A nonmetropolitan county with a population of less than forty thousand in the 1990 decennial census, that meets two of the five criteria as set forth in subsection (14) of this section; or

~~((c))~~ A nonurbanized area, as defined by the 1990 decennial census, that is located in a metropolitan county that meets three of the five criteria set forth in subsection (14) of this section.

(14) For the purposes of designating rural natural resources impact areas, the following criteria shall be considered:

~~((a))~~ A lumber and wood products employment location quotient at or above the state average;

~~((b))~~ A commercial salmon fishing employment location quotient at or above the state average;

~~((c))~~ Projected or actual direct lumber and wood products job losses of one hundred positions or more;

~~((d))~~ Projected or actual direct commercial salmon fishing job losses of one hundred positions or more; and

~~((e))~~ An unemployment rate twenty percent or more above the state average. ~~The counties that meet these criteria shall be determined by the employment security department for the most recent year for which data is available.~~

~~For the purposes of administration of programs under this chapter, the United States post office five-digit zip code delivery areas will be used to determine residence status for eligibility purposes. For the purpose of this definition, a zip code delivery area of which any part is ten miles or more from an urbanized area is considered nonurbanized. A zip code totally surrounded by zip codes qualifying as nonurbanized under this definition is also considered nonurbanized. The office of financial management shall make available a zip code listing of the areas to all agencies and organizations providing services under this chapter.)~~

**Sec. 3.** RCW 43.160.030 and 2004 c 252 s 2 are each amended to read as follows:

(1) The community economic revitalization board is hereby created to exercise the powers granted under this chapter.

(2) The board shall consist of one member from each of the two major caucuses of the house of representatives to be appointed by the speaker of the house and one member from each of the two major caucuses of the senate to be appointed by the president of the senate. ESSB 6580 Prime Sponsor, Senate Committee on Government Operations & Elections: Addressing the impacts of climate change through the growth management act. Reported by Committee on Local Government

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes that the implications of a changed climate will affect the people, institutions, and economies of Washington. The legislature also recognizes that it is in the public interest to reduce the state's dependence upon foreign sources of carbon fuels that do not promote energy independence or the economic strength of the state. The legislature finds that the state, including its counties, cities, and residents, must engage in activities that reduce greenhouse gas emissions and dependence upon foreign oil.

(2) The legislature further recognizes that: (a) Patterns of land use development influence transportation-related greenhouse gas emissions and the need for foreign oil; (b) fossil fuel-based transportation is the largest source of greenhouse gas emissions in Washington; and (c) the state and its residents will not achieve emission reductions established in RCW 80.80.020 without a significant decrease in transportation emissions.

(3) The legislature, therefore, finds that it is in the public interest of the state to provide appropriate legal authority, where required, and to aid in the development of policies, practices, and methodologies that may assist counties and cities in addressing challenges associated with greenhouse gas emissions and our state's dependence upon foreign oil.

NEW SECTION. Sec. 2. A new section is added to chapter 36.70A RCW to read as follows:

(1) The department must develop and provide to counties and cities a range of advisory climate change response methodologies, a computer modeling program, and estimates of greenhouse gas emission reductions resulting from specific measures. The advisory methodologies, computer modeling program, and estimates must reflect regional and local variations and the diversity of counties and cities planning under RCW 36.70A.040. Advisory methodologies, the computer modeling program, estimates, and guidance developed under this section must be consistent with recommendations developed by the advisory policy committee established in section 4 of this act.

(2) The department, in complying with this section, must work with the department of transportation on reductions of vehicle miles traveled through efforts associated with, and independent of, the process directed by RCW 47.01.--- (section 8, chapter . . . (E2SHB 2815)), Laws of 2008.

(3) The department must complete and make available the advisory climate change response methodologies, computer program, and estimates required by this section by December 1, 2009. The advisory climate change response methodologies, computer program, and estimates must be updated two years before each completion date established in RCW 36.70A.130(4)(a).

(4) If specific funding for the purposes of this section, referencing this act by bill or chapter number and section number, is not provided by June 30, 2008, in the omnibus appropriations act, this section is null and void.

(5) This section expires January 1, 2011.

NEW SECTION. Sec. 3. (1) A local government global warming mitigation and adaptation program is established. The program must be administered by the department of community, trade, and economic development and must conclude by June 30, 2010. The department must, through a competitive process, select three or fewer counties and six cities for the program. Counties selected must reflect a range of opportunities to address climate change in urbanizing, resource, or agricultural areas. Cities selected must reflect a range of sizes, geographic locations, and variations

between those that are highly urbanized and those that are less so that have more residential dwellings than employment positions.

(2) The program is established to assist the selected counties and cities that: (a) Are addressing climate change through their land use and transportation planning processes; and (b) aspire to address climate change through their land use and transportation planning processes, but lack necessary resources to do so. The department of community, trade, and economic development may fund proposals to inventory and mitigate global warming emissions, or adapt to the adverse impacts of global warming, using criteria it develops to accomplish the objectives of this section and sections 2 and 4 of this act.

(3) The department of community, trade, and economic development must provide grants and technical assistance to aid the selected counties and cities in their efforts to anticipate, mitigate, and adapt to global warming and its associated problems. The department, in providing grants and technical assistance, must ensure that grants and assistance are awarded to counties and cities meeting the criteria established in subsection (2)(a) and (b) of this section.

(4) The department of community, trade, and economic development must provide a report of program findings and recommendations to the governor and the appropriate committees of the house of representatives and the senate by January 1, 2011.

(5) If specific funding for the purposes of this section, referencing this act by bill or chapter number and section number, is not provided by June 30, 2008, in the omnibus appropriations act, this section is null and void.

(6) This section expires January 1, 2011.

**NEW SECTION. Sec. 4.** (1)(a) With the use of funds provided by specific appropriation, the department must prepare a report that includes:

(i) Descriptions of actions counties and cities are taking to address climate change issues. The department must use readily available information when completing the requirements of this subsection (1)(a)(i);

(ii) Recommendations of changes, if any, to chapter 36.70A RCW and other relevant statutes that would enable state and local governments to address climate change issues and the need to reduce dependence upon foreign oil through land use and transportation planning processes;

(iii) Descriptions of existing and potential computer modeling and other analytic and assessment tools that could be used by counties and cities in addressing their proprietary and regulatory activities to reduce greenhouse gas emissions and/or dependence upon foreign oil;

(iv) Assessments of state and local resources, financial and otherwise, needed to fully implement recommendations resulting from and associated with (a)(ii) and (iii) of this subsection; and

(v) Recommendations for additional funding to implement the recommendations resulting from (a)(ii) of this subsection.

(b) The department must submit the report required by this section to the governor and the appropriate committees of the house of representatives and the senate by December 1, 2008.

(2)(a) In preparing the report required by this section, the department must convene, and receive majority approval of report recommendations from, an advisory policy committee, with members as provided in this subsection.

(i) The speaker of the house of representatives must appoint one member from each of the two largest caucuses of the house of representatives.

(ii) The president of the senate must appoint one member from each of the two largest caucuses of the senate.

(iii) Three members representing counties and five members representing cities. Members appointed under this subsection (2)(a)(iii) must represent each of the jurisdictional areas of growth management hearings boards and must be appointed by state associations representing counties and cities.

(iv) One member representing tribal governments, appointed by the governor.

(b) The advisory policy committee must have the following nonvoting ex officio members:

(i) One member representing the office of the governor;

(ii) One member representing an association of builders;

(iii) One member representing an association of real estate professionals;

(iv) One member representing an association of local government planners;

(ix) One member representing a nonprofit entity with experience in mobility and transportation issues;

(x) One member representing an association of office and industrial properties; and

(c)(i) The department, in preparing the report and presenting information and recommendations to the advisory policy committee, must convene a technical support team, with members as provided in this subsection.

(A) The department of ecology must appoint one member representing the department of ecology.

(B) The department must appoint one member representing the department.

(C) The department of transportation must appoint one member representing the department of transportation.

(ii) The department, in complying with this subsection (2)(c), must consult with the professional staffs of counties and cities or their state associations, and regional transportation planning organizations and must solicit assistance from these staffs in developing materials and options for consideration by the advisory policy committee.

(3) Nominations for organizations represented in subsection (2) of this section must be submitted to the department by April 15, 2008.

(4) For purposes of this section, "department" means the department of community, trade, and economic development.

(5) This section expires December 31, 2008.

**Sec. 5.** RCW 36.70A.280 and 2003 c 332 s 2 are each amended to read as follows:

(1) A growth management hearings board shall hear and determine only those petitions alleging either:

(a) That, except as provided otherwise by this subsection, a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58 RCW. Nothing in this subsection authorizes a board to hear petitions alleging noncompliance with section 3 of this act; or

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted.

(2) A petition may be filed only by: (a) The state, or a county or city that plans under this chapter; (b) a person who has participated orally or in writing before the county or city regarding the matter on which a review is being requested; (c) a person who is certified by the governor within sixty days of filing the request with the board; or (d) a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) To establish participation standing under subsection (2)(b) of this section, a person must show that his or her participation before the county or city was reasonably related to the person's issue as presented to the board.

(5) When considering a possible adjustment to a growth management planning population projection prepared by the office

of financial management, a board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by a board must be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by a board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as a "board adjusted population projection". None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes.

REPORTS OF STANDING COMMITTEES

March 1, 2008

SSB 5104 Prime Sponsor, Senate Committee on Higher Education: Expanding the applied baccalaureate degree pilot program. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the six colleges that developed proposals for the applied baccalaureate degree pilot programs exhibited exemplary work preparing proposals. The proposals were consistent with the legislature's vision for expanding bachelor's degree access and with the principals and criteria developed by the college board. The legislature recognizes that the authorization for the pilots was limited in number and therefore not all the proposals were able to be approved. The legislature values the work that has been done and intends to provide authority for additional pilots so as not to lose the good work that has been done.

Sec. 2. RCW 28B.50.810 and 2005 c 258 s 6 are each amended to read as follows:

(1) By April 2006, the college board shall select four community or technical colleges to develop and offer programs of study leading to an applied baccalaureate degree. At least one of the four pilot programs chosen must lead to a baccalaureate of applied science degree which builds on an associate of applied science

degree. The college board shall convene a task force that includes representatives of both the community and technical colleges to develop objective selection criteria.

(2) By February 2008, the college board shall select up to three colleges to develop and offer programs of study leading to an applied baccalaureate degree. At least one of the colleges selected must be a technical college. The college board shall use the objective selection criteria developed under subsections (1) and (3) of this section to make the selection.

(3) Colleges may submit an application to become a pilot college under this section. The college board shall review the applications and select the pilot colleges using objective criteria, including:

(a) The college demonstrates the capacity to make a long-term commitment of resources to build and sustain a high quality program;

(b) The college has or can readily engage faculty appropriately qualified to develop and deliver a high quality curriculum at the baccalaureate level;

(c) The college can demonstrate demand for the proposed program from a sufficient number of students within its service area to make the program cost-effective and feasible to operate;

(d) The college can demonstrate that employers demand the level of technical training proposed within the program, making it cost-effective for students to seek the degree; and

(e) The proposed program fills a gap in options available for students because it is not offered by a public four-year institution of higher education in the college's geographic area.

(4) A college selected as a pilot college under this section may develop the curriculum for and design and deliver courses leading to an applied baccalaureate degree. However, degree programs developed under this section are subject to approval by the college board under RCW 28B.50.090 and by the higher education coordinating board under RCW 28B.76.230 before a pilot college may enroll students in upper division courses. A pilot college approved under subsection (1) of this section may not enroll students in upper division courses before the fall academic quarter of 2006. A pilot college approved under subsection (2) of this section may not enroll students in upper division courses before the fall academic quarter of 2009.

NEW SECTION. Sec. 3. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void."
