PERSONAL PRIVILEGE

FORTIETH DAY, FEBRUARY 20, 2009

2009 REGULAR SESSION

Senator Pridemore: "I just wanted to observe Mr. President that's it's a shame that Senator Kilmer couldn't be on the floor right now. He does a great impression of Senator Jarrett, unfortunately it takes about thirty minutes to do. In the interest of showing Senator Jarrett how to do things I'm going to be quiet now. Thank you Mr. President."

PERSONAL PRIVILEGE

Senator Schoesler: "Previous bill, Mr. President. I'm so impressed that such a vital piece of legislation is come before this body. I find it amazing that our Higher Education system has survived for over a hundred years without this type of planning going into it. And I'm really appreciative but, like the previous speaker, it seems to me that the speech might have been longer than the bill. I'm not certain. I haven't timed how long it would take to read the bill out loud but I think it's close. I guess the new member is here. We should welcome him. Observe and note the changes in his career and hope that the one change that doesn't come is allegiance to a different research university. Thank you."

PERSONAL PRIVILEGE

Senator Oemig: "Mr. President, I just want to comment that I sit on a committee with the new Senator and those of us that share that committee we're actually surprised he's finished already. In fact we're also surprised that occasionally on that committee we hear testimony that's a little bit, shall we say, uninteresting and the new Senator makes it even more boring. We think he's really smart but we're not actually quite sure because we can't understand what he says half of the time. It's so bad that members in the House, his former colleagues say that they use to follow him around and translate for him. We were, recently, we were in a joint meeting with members of the lower chamber and one of the members respected the newly minted Senator's new stature and was a bit hesitant but there was a question and the new Senator at great length responded and then the House members said, 'That's Fred's way of saying yes, he agrees with you.' So we all got a chuckle and I thought about it and actually it was right, that was a way to say yes. Anyway, the new Senator replaces a Senator who was, who could talk a lot too, more kind of seat of the pants angry kind of talk but I think the reaction to the current Senator is more likely to put us to sleep but we will benefit from his very analytical and thoughtful treatment of issues after staff explains what the heck he meant."

PERSONAL PRIVILEGE

Senator Hobbs: "Mr. President, I would just like to apologize. I came running in here late. I'm really tired. I didn't get to bed until 1 a.m. last night. I ran into Senator Jarrett at the Water Street Cafe at around seven p.m. I said 'Hey Fred, how's it going?' and he told me."

PERSONAL PRIVILEGE

Senator Marr: "Thank you Mr. President. I certainly appreciate Senator Schoesler's remarks, I know he's considering some career moves that Senator Jarrett has made in the past on his own behalf. We calculate by the year 3218 Senator Schoesler may switch parties. We know there are two great mysteries of the world, number one, where elephants go to die and secondly what Fred Jarrett does for fun. It's been suggested that Fred is a man who rotates his tires for laughs. That when he made a bird house I'm told by his wife that he had made four sets of drawings with seven revisions. Any of you that have seen inside his briefcase know that there's a phillips screwdriver, a half eaten peanut butter sandwich and a copy of quantum physics

inside. We are know and greatly fear, in fact many of us quake in our shoes to think of the four worst words a senator could hear, and that's when Fred Jarrett say, 'I read your bill,' because Fred probably has. Mr. President, I will say that I appreciate his passion. He's got a mind like a steel trap as Senator Hobbs knows and doesn't let go and but he's a great addition of the chamber and I appreciate the chance to serve with him."

PERSONAL PRIVILEGE

Senator Pflug: "Thank you Mr. President. Well, I think it's entirely appropriate that our new member's first bill would be on a subject of Higher Ed and those of us who serve with him on the committee are getting a refresher on what it's like to be a student and to attend some of those long lectures that we remember from our own undergraduate education. So, I just think that it is very appropriate for us to welcome the good professor from the forty-first to the body."

PERSONAL PRIVILEGE

Senator Jarrett: "Well, my question for the good President, could you make sure that TVW tapes are destroyed so that there are no repeats that my family can see?"

REPLY BY THE PRESIDENT

President Owen: "No."

PERSONAL PRIVILEGE

Senator Roach: "Well, I wanted to just say that I've known Senator Jarrett. We went to China together a couple of years ago when, kind of a mission of senators, house members, both parties. I think he was in the other party at the time. We went to China and on the way back we landed in Vancouver, B. C. and the idea was to work your way to the Vancouver, B. C. port of entry over to get to a flight that would take us back to Seattle. Everybody got off the plane and everybody made it to that portal to go to Seattle but Senator Jarrett and I. So, as smart as you think he is and as smart as some of you think I think I am, we did not get, we waited like five hours for the next flight, we were tired. But, we do have a lot in common and that is we drive the same kind of vehicle and I'm telling you what, we know how to have a good time in the summer. Take care and glad to have you here."

MOTION

On motion of Senator Eide, the Senate advanced to the eighth order of business.

PERSONAL PRIVILEGE

Senator Jarrett: "Thank you Mr. President. The Sergeant at Arms should be passing out a higher education gift for everyone. It is a memory card with a Power Point presentation explaining why Bellevue Community College should become Bellevue College. I hope that you all enjoy your weekend over a Power Point and a bright cathode ray display screen that keeps you warm in this cold winter."

PERSONAL PRIVILEGE

Senator Delvin: "Well, I just remembered the member that Senator Jarrett and his gift after his first speech was I think I still have it in my office, it was some silly thing about, kind of like this but I think it dealt with commuting traffic or something. Do

you remember that Mr. President? I want to know if we can exchange.”

PERSONAL PRIVILEGE

Senator McAuliffe: “Thank you Mr. President. And with your permission I will read this letter, ‘The Thurston County Food Bank would like to extend our gratitude to you and your senate colleagues for the donation of thirty-two dozen eggs to our food bank. Eggs are one of the foods that our clients cherish, they are rarely donated and expensive to buy. Because we are serving more people than before, we need to evaluate every purchase. Your thoughtfulness was a gift to our clients as well as to the food bank. Robert Cult, Executive Director of Thurston County Food Bank.’”

MOTION

On motion of Senator Eide, the Senate advanced to the eighth order of business.

MOTION

Senator Jacobsen moved adoption of the following resolution:

SENATE RESOLUTION 8637

By Senators Jacobsen, McAuliffe, and Eide

WHEREAS, Dr. Margaret Tudor has been a driving force in Washington and nationally in encouraging schools to utilize the outdoors as laboratories for the study of science; and

WHEREAS, Dr. Tudor noticed an alarming trend in the direction school science education was taking, a direction that emphasized experimental design courses based solely on experiments that could be replicated (physics and chemistry), but which deemphasized field observational (inquiry) activities (biology, botany, and astronomy); and

WHEREAS, This shift in emphasis in science education resulted in more time in a classroom lab, but less time conducting outdoor investigation activities, exacerbating the problem of getting children outside and active, with a host of known detrimental effects; and

WHEREAS, State science standards were shifting toward measurements that favored indoor experiments to the exclusion of standards for outdoor inquiry, accelerating the shift from the school yard to the science lab; and

WHEREAS, Dr. Tudor subsequently was instrumental in developing state standards that measure field investigations and scientific inquiry through a tiered system of systematic collection of data: Descriptive (describe your environment); comparative (compare your environment to another); and correlative (measure or observe two variables and search for relationships); and

WHEREAS, Dr. Tudor was successful in getting these concepts adopted for the kindergarten through twelfth grade Science Education Standards in Washington; and

WHEREAS, She was recruited to lead a national effort to implement these field inquiry standards in other states, with a growing number of Schools of Education and state boards of education adopting them; and

WHEREAS, This is just the latest achievement in Dr. Tudor's eighteen-year career in which she cocreated the pioneering NatureMapping program; led the development of "citizen scientists" (students and adults) to collect valuable data for resource professionals; cocreated the Pacific Education Institute, a public-private consortium of heads of outdoor-oriented state agencies, schools of education, local and state education offices, and businesses and nonprofit organizations to encourage project-based inquiry programs that are grounded in Washington state's educational reform goals; and is leading development efforts to harness the power of eighty thousand high school seniors (annually) to conduct outdoor environmental senior projects; all of which get children into the out-of-doors for health and environmental improvements;

NOW, THEREFORE, BE IT RESOLVED, That the Senate honor Dr. Margaret Tudor and her associates for their vision in implementing programs that successfully address two downward trends: The acceptance of outdoor inquiry-based learning as valid science; and the health and obesity issues associated with children spending less time outdoors; and

BE IT FURTHER RESOLVED, That a copy of this resolution be immediately transmitted by the Secretary of the Senate to Dr. Margaret Tudor.

PERSONAL PRIVILEGE

Senator Fraser: "Well, thank you Mr. President. A point first that I am envious of everybody who has a ferry route. There use to be one going from Olympia north, the Mosquito Fleet, which isn't there anymore but the beautiful scenery still is. But, what I really want to say as a point of personal privilege, it's a privilege to have Senator Ranker among our number and it's wonderful to have another former county commissioner here. It's great background for serving in the Senate. I sent Senator Ranker a copy of the Jacobsen Metcalfe rules about how the legislature works. My favorite in there is, "You don't know the legislative process until you've been processed," and all of us who've been here awhile know that. So, you process very well today and I hope you learn the ropes without becoming unraveled. Welcome."

PERSONAL PRIVILEGE

Senator Delvin: “Well, I would also like to welcome the new member. I have a couple of cautions. I would ask that Senator Prentice keep an eye on the budget, make sure there’s no line item that allows a Mumia tee shirt to every freshman entering the university system. Also, Mr. President, I caution, I know Mr. Ranker has a problem resisting authority figure so when you gavel him down please keep a close eye on him. Also, Senator Ranker has an annoying habit in committee, that I’ve picked up on, that he likes to poll, he likes to ask everyone testifying did they poll there membership on the position being presented. I just want to know if he polled his caucus to make sure that they allowed him to speak today and he had that clearance from his caucus for his remarks. But again, welcome, you know you’re learning slowly but you’re learning and just listen. Don’t talk, just listen. Thank you.”

PERSONAL PRIVILEGE

Senator Schoesler: “Well, thank you Mr. President. Welcoming the gentleman from the Islands, I’ve observed what a quiet individual he is and knowing that this young man from the Islands likes nothing better than a good parade at our state capital. I hope he’s there to enjoy them in the future. He’s been a welcome addition to the Ag Committee though. Having him there, I’m sure in no time at all he’ll have a little bead of straw in his mouth, chewing on it and enjoying peas and lentils like all the Ag Committee members do. I also am grateful for the modest gift he delivered today. I had concerns it might be an endangered species from the waters of the Sound or an endangered species like sea lettuce or sand dollars that we’d have to take home so thank you.”

PERSONAL PRIVILEGE

Senator Haugen: “Thank you Mr. President. Well, I personally want to say thank you to our good Senator for this great gift he gave you. Well, I don’t know if there is any other Scandinavians in here but one of the things that Scandinavians really like is potato sausage. This is excellent on potato sausage I will tell you and even my husband put a little bit on the lutefisk cause he has a hard time choking it down too so. Thank you, this is a delight and I just want to say truly San Juan County is a beautiful county, It’s nearly as beautiful as Island County. It doesn’t have a bridge but it certainly is nice to have another ferry legislator and there’s no more ferry legislator than he because he can’t get home without one those boats. There’s no other road. So, welcome.”

PERSONAL PRIVILEGE

Senator Marr: “Mr. President, I think perhaps the best way to get a glimpse inside Senator Ranker is to refer to pretty voluminous tome that lots of school children on the San Juan Islands are given every year. It’s called ‘Supervisor Ranker, the man, the myth, the legend. It’s actually written by Senator Ranker. May I read Mr. President? I prefer not to sir. He is, he’s a man best described by the phrase, ‘Often wrong but never in doubt.’ He’s not a humble man, I think most of us did not know that our official portraits came in poster size but if you’ve been in his office you will have seen that. In fact, we had to move to one hundred forty-four car boat on the Anacortes run just to accommodate his ego. He said ‘I don’t have a big ego, I’m way too cool for that’ but despite that he is a man of modest means as a obviously as a county commissioner of the San Juan Islands. This actually was a huge pay increase for him to get this job. I have to admit and I will apologize several times I’ve had

Senate Security tow his car as an abandoned vehicle because it’s parked next to me and one time he was actually sleeping in the vehicle Mr. President. But, it’s certainly been a pleasure to serve with him and to be part of his learning process and I imagine that has a long way to go. Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Rockefeller: “Thank you Mr. President. Well, I was going to say that I welcome the new Senator here and I was going to say he was an unassuming and modest man but that was ok because he has so much to be modest about. However, that really doesn’t fit. He’s an immodest man and so my thought is that he needs to understand others before he ensures that we understand him. I would say that he is an energetic, bright, competent guy that we just have a delight having here, it is a pleasure working with him and I want to welcome him.”

PERSONAL PRIVILEGE

Senator Oemig: “Mr. President, I wanted to observe that our newest member in the caucus room often finds his seat taken by some more senior member and he’s complained on numerous occasions about that and perhaps he’s not aware that out here on the floor even though there’s a name on the desk over there that it’s not really his seat either. But wherever he does find a seat whether it’s at the back room on the couch, we’re glad to have him here.”

PERSONAL PRIVILEGE

Senator Ranker: “I want to start by thanking all of you for the roasting. Frankly, I thought it would be much worse-no, that’s not an invitation. Some members, I noticed weeks ago, we’re googling my name doing research so I was getting worried so this was pleasant. I am honored to be here. I want to thank all of you for being my seat mates now and Mr. President I am really looking forward to working with you. I want to speak briefly about the gifts that you’ve received. The lavender my wife picked from out front of our house. The rolled up passes are actually passes to the Whale Museum which has been on San Juan Island for over twenty years. It’s one of the prominent research facilities on whale research. It was founded by Dr. Ken Balcom who was the gentleman who actually realized that there were only eighty something whales and not several thousand like we thought at the time. So, that is two free passes for you and I encourage you to please come to the San Juans and use those passes and enjoy some time at the whale museum. Spend a lot of money. The other gift that you have is my personal favorite of the several varieties that Lopez Larry makes but quite honestly in my opinion which, as you’ve heard, matters quite a bit to me, this is the best mustard I’ve ever had. I hope you like it. It’s wonderful. It’s Lopez Larry’s smoking Chardonnay, hand made on Lopez Island. Thank you.”

MOTION

At 12:14 p.m., on motion of Senator Eide, the Senate was declared to be at ease subject to the call of the President.

EVENING SESSION

The Senate was called to order at 7:42 p.m. by President Owen.

POINT OF INQUIRY

Senator Roach: "Would Senator Haugen yield to a question? As I recall from committee there's some association with this proposal with the Skagit Valley Public Hospital. I'm not sure why this bill is needed and is this bill creating, it's not creating its own public hospital district which they could do, could they not?"

Senator Haugen: "Well they certainly could but there's only about twenty thousand people living on this island, about five thousand of them are not permanent. There just isn't the need to create a hospital district. We're served very well by the Skagit Valley Hospital District which, by the way, is you have to go out of Island County into Snohomish County to get to Skagit County, so it's no way we can annex without - at this point we're not looking to annex any hospital district. There is a hospital district in Island County however it's on the other island and in order to get to it you got to go off Camano into Snohomish County through Skagit County to Island County. It would take you about an hour and a half to get to that hospital."

Senator Roach: "This hospital district then, how does it differ from a public hospital district that may be formed through the same process of having put to the voters whether or not, yes or no, they wish to create a jurisdiction and number two the vote would be to tax themselves to pay for the jurisdiction because it would be involved in putting a hospital together? How is this

FIFTY-FIRST DAY, MARCH 3, 2009

2009 REGULAR SESSION

different, for the edification of the body, from actually just creating a hospital district.”

Senator Haugen: “It’s very different. It’s simply a capital facility. They would not have any funding to operate it. It’s only to construct the building, to enlarge the existing building so that the services can continue in an adequate form. They will not maintain it or operate it, just build the facility much like a library capital district which many of us have had formed in our community where a community can come together, build a facility then it’s operated by another jurisdiction.”

PERSONAL PRIVILEGE

Senator Sheldon: "Well, thank you Mr. President. I'm reading through the rules of the Senate here. Rule 33 says, 'Any Senator may rise to a question of privilege, that question shall involve only subject matter which affects a particular senator personally and in a manner unique and peculiar to that senator.' I'd just like to explain a unique experience I had this morning. On Highway 101 at the Skokomish River just north of Purdy Creek there's a highway project that many people in my district and myself are very proud of and I had some involvement with the contractor. I had a chance to stop in there this morning because there's a lot of water trucks hauling water, dewatering an area where they are putting in gravel. And about six or seven gravel trucks, water trucks haul water from that site twenty-four hours a day. You can bring your water truck down there and have it rented by the contractor. You get ninety-five dollars an hour for your truck. You don't have to provide a driver. It costs the contractor a thousand dollars an hour for these water trucks to operate. We, the taxpayers, because the Department of Ecology requires this water to be transported off site, have spent to date two hundred thousand dollars hauling water off this site. The water after it's pumped out of the ditches where the gravel goes in goes into what they call a baker tank which takes the sediment out of the water. So it's very, very clean water but we can't put in the field but I just want to report to you my personal experience this morning knowing that you have just spent, in the last couple of weeks, two hundred thousand dollars transporting a little bit of muddy water up a hill into a pond when it could have gone on a field and could have saved the state of Washington tax payers two hundred thousand dollars but it's a personal experience and I want to report it here to you today that you are safe in the chamber of the state senate knowing that that water was safely transported away from Purdy Creek. Thank you."

MOTION

On motion of Senator Eide, the Senate reverted to the sixth order of business.

MOTION

On motion of Senator Brandland, Senator Stevens was excused.

MOTION

On motion of Senator Marr, Senators Fairley, Hargrove, Haugen, Kastama and Ranker were excused.

MOTION

Senator Benton moved to table Senate Bill No. 5629 indefinitely.

Senator Eide spoke against the motion.

REMARKS BY THE PRESIDENT

President Owen: "Ladies and Gentlemen of the Senate. The motion that was made was 'Shall the previous question be put? It was: Shall the, we go and the President stated it would cut off debate but that is the effect of it, is cutting off debate. The actual motion is going to the previous question which is the final vote. So Senator Benton your motion would be out of order because you have just voted or the Senate has sustained the motion by Senator Eide to go directly to the vote. Rule 36."

PARLIAMENTARY INQUIRY

Senator Benton: "Mr. President, it is my understanding that a motion to table is a first rank motion. Is that not correct? So before the vote begins even though the motion to cut off debate was successful, there is no further debate allowed I understand that. However, before you begin the roll call on the vote, there is one other motion that would take precedent and that would be a

motion to table further consideration of the bill either to a date certain or indefinitely is the way I read Robert's Rules as well as the Senate Rules."

REPLY BY THE PRESIDENT

President Owen: "We don't go by Robert's Rules but the President will check."

PARLIAMENTARY INQUIRY

Senator Benton: "Mr. President, if it's not in Senate Rules then we do revert to Robert's Rules is my understanding."

REPLY BY THE PRESIDENT

President Owen: "We do not refer to Robert's Rules. We refer to Reed's Rules."

PARLIAMENTARY INQUIRY

Senator Benton: "I'm sorry Reed's. If it's not in the Senate Rules, we revert to Reed's. Is that correct?"

REPLY BY THE PRESIDENT

President Owen: "That is correct."

PARLIAMENTARY INQUIRY

Senator Eide: "Can we not vote down the table, that motion? Can we not vote that down? Ultimately, I demanded the previous question so I believe my motion should be..."

REPLY BY THE PRESIDENT

President Owen: "Senator Eide, the President is right now sorting out the order. Of course, he's made a motion to table and you could vote that down but the question is whether his motion is even in order and the President does not wish to, even if you could vote it down, if it's out of order the President would rather we stay by the rules and follow that and that's what we are deciding at this point."

REMARKS BY THE PRESIDENT

President Owen: "Senator Benton, ladies and gentlemen of the Senate. Senator Benton, in a sense you are right that to lay a motion on the table, it does have first rank, however, it must be made at the appropriate time and it must have been made before we actually took the vote on her motion to, which was a demand for the previous question and that was sustained which takes us directly to the vote."

PARLIAMENTARY INQUIRY

Senator Benton: "Thank you Mr. President. According to Rule 36, the Permanent Rules of the Senate, may I read from the Rules, Sir?"

REPLY BY THE PRESIDENT

President Owen: "Senator Benton."

PARLIAMENTARY INQUIRY

Senator Benton: "Thank you. The motion to open and close debate on the question and the vote shall be immediately taken on the question or questions pending before the Senate and all

FIFTY-SECOND DAY, MARCH 4, 2009

incidental questions of order arising after the motion is made shall be decided whether on appeal or other wise without debate, I read that, Mr. President, as saying that other motions may be entertained but the vote on those motions must be taken also without debate.”

REPLY BY THE PRESIDENT

President Owen: “Senator Benton, the President would not argue with you if in fact you had made your motion prior to us taking the vote but you did not make your motion prior to us taking the vote on Senator Eide’s motion. Therefore, your motion is not timely.”

The President declared the question before the Senate to be the final passage of Senate Bill No. 5629.

MOTION

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) The legislature finds that a statewide student assessment system should improve and inform classroom instruction, support accountability, and provide useful information to all levels of the educational system, including students, parents, teachers, schools, school districts, and the state. The legislature intends to redesign the current statewide system, in accordance with the recommendations of the Washington assessment of student learning legislative work group, to:

(a) Include multiple assessment formats, including both formative and summative, as necessary to provide information to help improve instruction and inform accountability;

(b) Enable collection of data that allows both statewide and nationwide comparisons of student learning and achievement; and

(c) Be balanced so that the information used to make significant decisions that affect school accountability or student educational progress includes many data points and does not rely on solely the results of a single assessment.

(2) The legislature further finds that one component of the assessment system should be instructionally supportive formative assessments. The key design elements or characteristics of an instructionally supportive assessment must:

(a) Be aligned to state standards in areas that are being assessed;

(b) Measure student growth and competency at multiple points throughout the year in a manner that allows instructors to monitor student progress and have the necessary trend data with which to improve instruction;

(c) Provide rapid feedback;

(d) Link student growth with instructional elements in order to gauge the effectiveness of educators and curricula;

(e) Provide tests that are appropriate to the skill level of the student;

(f) Support instruction for students of all abilities, including highly capable students and students with learning disabilities;

(g) Be culturally, linguistically, and cognitively relevant, appropriate, and understandable to each student taking the assessment;

(h) Inform parents and draw parents into greater participation of the student's study plan;

(i) Provide a way to analyze the assessment results relative to characteristics of the student such as, but not limited to, English language learners, gender, ethnicity, poverty, age, and disabilities;

(j) Strive to be computer-based and adaptive; and

(k) Engage students in their learning.

(3) The legislature further finds that a second component of the assessment system should be a state-administered summative achievement assessment that can be used as a check on the educational system in order to guide state expectations for the instruction of children and satisfy legislative demands for

FIFTY-SECOND DAY, MARCH 4, 2009

2009 REGULAR SESSION

accountability. The key design elements or characteristics of the state administered achievement assessment must:

(a) Be aligned to state standards in areas that are being assessed;

(b) Maintain and increase academic rigor;

(c) Measure student learning growth over years; and

(d) Strengthen curriculum.

(4) The legislature further finds that a third component of the assessment system should include classroom-based assessments, which may be formative, summative, or both. Depending on their use, classroom-based assessments should have the same design elements and characteristics described in this section for formative and summative assessments.

(5) The legislature further finds that to sustain a strong and viable assessment system, preservice and ongoing training should be provided for teachers and administrators on the effective use of different types of assessments.

(6) The legislature further finds that as the statewide data system is developed, data should be collected for all state-required statewide assessments to be used for accountability and to monitor overall student achievement.

(7) The superintendent of public instruction, in consultation with the state board of education, shall begin design and development of an overall assessment system that meets the principles and characteristics described in this section. In designing formative and summative assessments, the superintendent shall solicit bids for the use of computerized adaptive testing methodologies.

(8) Beginning December 1, 2009, and annually thereafter, the superintendent and state board shall jointly report to the legislature regarding the assessment system, including a cost analysis of any changes and costs to expand availability and use of instructionally supportive formative assessments.

NEW SECTION. **Sec. 2.** The superintendent of public instruction shall:

(1) Revise the number of open-ended questions and extended responses in the statewide achievement assessment in grades three through eight and ten to reduce the cost and time of administering the assessment while retaining validity and reliability of the assessment and retaining assessment of critical thinking skills. By December 1, 2009, the superintendent shall report to the legislature regarding the changes, including a cost analysis of the changes; and

(2) Revisit the alternative assessments, the appeals process, including considering authorizing local school districts to determine the outcome of an appeal by a student to demonstrate that he or she has the level of understanding of a content area assessed on the Washington assessment of student learning necessary to meet the state standard but was unable to demonstrate that understanding on the assessment or an alternative assessment, and the Washington alternative assessment system portfolios for students with the most significant cognitive disabilities. By December 1, 2009, the superintendent shall make recommendations to the legislature for improvements.

Sec. 3. RCW 28A.655.061 and 2008 c 321 s 2 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3)(a) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning or an objective alternative assessment shall earn a certificate of academic achievement.

(b) After a determination is made by the state board of education that the high school Washington assessment of student learning in the content areas of mathematics and science is sufficiently reliable and valid, with the exception of students satisfying the provisions of RCW 28A.155.045, students must also meet the state standards on the mathematics and science content areas of the Washington assessment of student learning or an objective alternative assessment in order to earn a certificate of academic achievement. The state board of education may make a separate determination for the mathematics and the science content areas of the assessment. The determination by the state board of education must be adopted by rule by September 1st of the freshman school year of the graduating class to which the graduation requirement under subsection (2) of this section applies. In making the determination, the state board of education shall obtain information and conclusions from recognized, independent, national assessment experts and other objective sources of expertise as the board deems necessary.

(c) Beginning no later than with the graduating class of 2013, a student must meet the state standards in science in addition to the other content areas required under this subsection on the Washington assessment of student learning or the approved objective alternative assessments in order to earn a certificate of academic achievement.

(4) If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

~~((4) Beginning no later than with the graduating class of 2013, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement. The state board of education may adopt a rule that implements the requirements of this subsection (4) beginning with a graduating class before the graduating class of 2013, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the requirements of this subsection (4) apply. The state board of education's authority under this subsection (4) does not alter the requirement that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.))~~

FIFTY-SECOND DAY, MARCH 4, 2009

2009 REGULAR SESSION

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the ~~((scholastic assessment test~~)SAT((+)) or the ~~((American college test~~)ACT((+)) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, 2007. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) Until August 31, 2008, a student's score on the mathematics portion of the ~~((preliminary scholastic assessment test~~)PSAT((+)) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standard for the certificate of academic achievement. The state board of education shall identify the score students must achieve on the mathematics portion of the PSAT to meet or exceed the state standard in that content area on the Washington assessment of student learning.

(iii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the

score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the Washington assessment of student learning. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the Washington assessment of student learning. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the Washington assessment of student learning.

~~(11) ((By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.~~

~~—((+2))) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection~~ ~~((+2))) (11).~~

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(i) The student's results on the Washington assessment of student learning;

(ii) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

(iii) Any credit deficiencies;

(iv) The student's attendance rates over the previous two years;

(v) The student's progress toward meeting state and local graduation requirements;

(vi) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;

(vii) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;

(viii) The alternative assessment options available to students under this section and RCW 28A.655.065;

(ix) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

(x) Available programs offered through skill centers or community and technical colleges.

(b) All fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of the student shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any

Providing an emergency response system for the Strait of Juan de Fuca. Revised for 1st Substitute: Concerning emergency response towing vessels.

MOTION

On motion of Senator Ranker, Substitute Senate Bill No. 5344 was substituted for Senate Bill No. 5344 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Ranker moved that the following striking amendment by Senator Ranker be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the northern coast of the Olympic Peninsula and Washington's west coast from Cape Flattery south to Cape Disappointment:

(a) Possess uniquely rich and highly vulnerable biological, marine, and cultural resources supporting some of the nation's most valuable commercial, sport, and tribal fisheries;

(b) Sustain endangered species and numerous species of vulnerable marine mammals; and

(c) Are internationally recognized through extraordinary designations including a world heritage site, a national park, a national marine sanctuary, national wildlife refuges, a maritime area off-limits to shipping, and tribal lands and fishing areas of federally recognized coastal Indian tribes.

(2) The legislature further finds that these coasts are periodically beset by severe storms with dangerously high seas and by strong currents, obscuring fog, and other conditions that imperil vessels and crews. When vessels suffer damage or founder, the coasts are likewise imperiled, particularly if oil is spilled into coastal waters. Oil spills pose great potential risks to treasured resources.

(3) The legislature further finds that Washington has maintained an emergency response tug at Neah Bay since 1999 to protect state waters from maritime casualties and resulting oil spills. The tug is necessary because of peculiarities of local waters that call for special precautionary measures. The tug has demonstrated its necessity and capability by responding to forty-one vessels in need of assistance. State funding for the tug is scheduled to end on June 30, 2009.

(4) The legislature intends that the maritime industry should provide and fully fund at least one year-round emergency response tug at Neah Bay, with necessary logistical and operational support, and that any tug provided by the maritime industry pursuant to this act should meet or exceed technical performance requirements specified in the state's fiscal year 2009 contract for the Neah Bay emergency response tug.

NEW SECTION. Sec. 2. A new section is added to chapter 88.46 RCW to read as follows:

(1) The owner or operator of a covered vessel that is subject

to requirements specified in RCW 88.46.130 must provide at least one emergency response towing vessel that must be:

(a) Stationed at Neah Bay; and

(b) Continuously available and capable of responding to any vessel emergency, including but not limited to:

(i) Loss or serious degradation of propulsion, steering, means of navigation, primary electrical generating capability, or seakeeping capability;

(ii) Hull breach; or

(iii) Oil spill.

(2) An emergency response towing vessel must be capable of:

(a) Deploying at any hour of any day to provide emergency assistance;

(b) Being underway within twenty minutes of a decision to deploy, with adequate crew to safely remain underway for at least forty-eight hours;

(c) Effectively employing a ship anchor chain recovery hook and line throwing gun;

(d) A bollard pull of at least seventy short tons; and

(e) Effectively operating in severe weather conditions with sustained winds measured at forty knots and wave heights of twelve to eighteen feet, including:

(i) Holding position within one hundred feet of another vessel; and

(ii) Making up to, stopping, holding, and towing a drifting or disabled vessel of one hundred eighty thousand metric dead weight tons.

(3) An emergency response towing vessel must be equipped with:

(a) A ship anchor chain recovery hook;

(b) A line throwing gun; and

(c) Appropriate equipment for:

(i) Damage control patching;

(ii) Vessel dewatering;

(iii) Air safety monitoring; and

(iv) Digital photography.

(4) The requirements of this section may be fulfilled by a private organization or nonprofit cooperative providing umbrella coverage under contract to a single or multiple covered vessels. If a nonprofit cooperative is formed or used to meet the requirements of this section, it shall equitably apportion costs to each participating covered vessel based on risk associated with particular classes of covered vessels, navigational and structural characteristics of covered vessels, and the number of covered vessel transits to or from a Washington port through the Strait of Juan de Fuca, as defined in RCW 88.46.130(5), except for transits extending no further west than Race Rocks.

(5) The department is authorized to contract with an emergency response towing vessel provided under this section. Any use by the department must be paid by the department.

(6) An owner or operator of a covered vessel that is required to provide an emergency response towing vessel may not restrict the emergency response towing vessel from responding to noncovered vessels in distress.

(7) Nothing in this section prohibits the owner or operator of a covered vessel or a private organization or nonprofit cooperative from contracting with an emergency response towing vessel with capabilities exceeding requirements specified in this section.

NEW SECTION. Sec. 3. (1) The legislature finds that all sectors of the maritime industry have demonstrated the ability to cooperate in reducing risks of oil spills and in providing for comprehensive response actions when spills occur. Therefore, the legislature expects that owners or operators of covered vessels that are subject to requirements specified in RCW 88.46.130 will cooperate in sharing responsibility for the emergency response system and in equitably apportioning costs.

(2) The department of ecology shall monitor progress of the maritime industry in establishing and funding the emergency response system required by RCW 88.46.130. The department shall provide interim progress reports to appropriate standing committees in the senate and house of representatives by October 1, 2009, and again by December 1, 2009, the latter date coinciding with the deadline for contingency plans for covered

vessels operating in the Strait of Juan de Fuca to provide for the emergency response system required by RCW 88.46.130.

(3) The department's reports required under subsection (2) of this section must describe the maritime industry's processes for ensuring that the emergency response system is established and funded by July 1, 2010, as required by RCW 88.46.130. The reports must provide available information regarding:

(a) The anticipated annual cost of providing the emergency response system;

(b) The methodology for determining the anticipated average annual cost for each class of covered vessel, including:

(i) A system for crediting enhanced navigational or structural characteristics;

(ii) Appropriate limits on total cost for vessels that frequently transit the Strait of Juan de Fuca, as defined in RCW 88.46.130(5), except for transits extending no further west than Race Rocks; and

(iii) Consideration of current economic conditions; and

(c) Any impediment to equitable apportionment of costs.

(4) As used in this section, "class of covered vessel" means:

(a) Oil tankers;

(b) Tank barges;

(c) Tug and oil barge combinations;

(d) Cargo vessels;

(e) Passenger vessels; and

(f) Other covered vessels.

(5) This section expires June 30, 2010.

NEW SECTION. Sec. 4. A new section is added to chapter 88.46 RCW to read as follows:

As soon as practicable following return of an emergency response towing vessel after an incident necessitating a response, the covered vessel owner or operator or the contracting organization shall submit a report to the department. The report must provide a detailed description of the incident necessitating a response and actions taken to render assistance, and include high quality photographic documentation.

Sec. 5. RCW 88.46.068 and 2006 c 316 s 4 are each amended to read as follows:

(1) The department shall ~~((by rule))~~ adopt by rule procedures to determine the adequacy of contingency plans approved under RCW 88.46.060. The rules shall require random practice drills without prior notice that will test the adequacy of the responding entities. The rules may provide for unannounced practice drills of individual contingency plans.

(2) In addition to reviewing and approving contingency plans required by RCW 88.46.060, the department shall also review and approve the emergency response system required by RCW 88.46.130. Adequacy of the system may be determined through practice drills, which may be conducted without prior notice. Successful responses to vessel emergencies may satisfy this requirement. Drills must test emergency response towing vessels' ability to respond to worst case scenarios.

(3) The department shall review and publish a report on the drills, including an assessment of response time and available equipment and personnel compared to those listed in the contingency plans relying on the responding entities, and requirements, if any, for changes in the plans or their implementation.

(4) The department may require additional drills and changes in arrangements for implementing approved plans which are necessary to ensure their effective implementation.

Sec. 6. RCW 88.46.130 and 1991 c 200 s 426 are each amended to read as follows:

(1) By July 1, 2010, the owner or operator of a covered vessel transiting to or from a Washington port through the Strait of Juan de Fuca, except for transits extending no further west than Race Rocks, shall establish and fund an emergency response system ~~((for the Strait of Juan de Fuca shall be established by July 1, 1992. In establishing the emergency response system, the administrator shall consider the recommendations of the regional marine safety committees. The administrator shall also consult with the province of British Columbia regarding its participation in the emergency response system))~~ providing at least one emergency response towing vessel stationed at Neah Bay.

(2) Any emergency response towing vessel provided under this section must:

(a) Be available to serve vessels in distress in the Strait of Juan de Fuca and off of the western coast of the state from Cape Flattery light south to Cape Disappointment light; and

(b) Meet the requirements specified in section 2 of this act.

(3) In addition to meeting requirements specified in RCW 88.46.060, contingency plans for covered vessels operating in the Strait of Juan de Fuca must provide for the emergency response system required by this section. Documents demonstrating compliance with this section must be submitted to the department by December 1, 2009. An initial contingency plan submitted to the department after December 1, 2009, must be accompanied by documents demonstrating compliance with this section.

(4) The requirements of this section are met if:

(a) Owners or operators of covered vessels provide at least one emergency response towing vessel that complies with subsection (2) of this section; or

(b) The United States government implements a system of protective measures that the department determines to be substantially equivalent.

(5) As used in this section, "Strait of Juan de Fuca" means waters off of the northern coast of the Olympic Peninsula, from Cape Flattery light east to New Dungeness light, terminating at a line extending from Discovery Island light south to New Dungeness light.

NEW SECTION. Sec. 7. (1) The director of the department of ecology, or the director's designee, shall initiate discussions with the director's counterpart in the government for the Canadian province of British Columbia to explore options for Washington and British Columbia to share marine emergency response assets required under this act.

(2) The department of ecology must report any progress or outcomes from discussions initiated under this section to appropriate committees of the legislature by January 1, 2011.

(3) This section expires July 31, 2011.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

Senator Ranker spoke in favor of adoption of the striking amendment.

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Ranker to Substitute Senate Bill No. 5344.

The motion by Senator Ranker carried and the striking amendment was adopted by voice vote.

MOTION

There being no objection, the following title amendment was adopted:

On page 1, line 1 of the title, after "vessels;" strike the remainder of the title and insert "amending RCW 88.46.068 and 88.46.130; adding new sections to chapter 88.46 RCW; creating new sections; and providing expiration dates."

MOTION

On motion of Senator Ranker, the rules were suspended, Engrossed Substitute Senate Bill No. 5344 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senators Ranker, Brandland and Hargrove spoke in favor of passage of the bill.

Senator Honeyford spoke against passage of the bill.

POINT OF INQUIRY

Senator Roach: "Would Senator Ranker yield to a question? Thank you Senator Ranker. I'm looking, I don't sit on the committee on which this bill, in which this bill was heard so

FIFTY-THIRD DAY, MARCH 5, 2009

2009 REGULAR SESSION

when I'm looking at the effects of the changes, the amendment, it says language is deleted requiring that a rescue tug be capable of fighting fire, oil spill response and salvage functions. So, I'm wondering, you know why are we going to be spending money or someone else spending money on something that isn't going to fight fires, isn't going clean up any oil and has nothing to do with salvage functions? I just don't know, maybe you could enlighten us all? Thank you."

Senator Ranker: "Thank you for the question. I can try to enlighten you all. So, the original language talked about a tug that was much larger and had much more capabilities than the tug that we currently have out at the mouth of Neah Bay. It was pointed out to me and others who were in these discussions and I think appropriately so that the duties, for instance, Senator from the Thirty-first District, thank you, that fire duty responsibilities of the tug for instance. Many of those things are already under contingency planning rules for many of the industries that are out there so Coast Guard requires some of those things already. And the other thing is, that we need to keep in mind, this tug is not an oil spill response tug. This is an oil spill prevention tug. What this tug does is it goes out and if a boat is adrift and it will throw a line to it and make sure it doesn't go on the rocks. If there is a spill or a large fire there are other resources available to deal with those things and those are already required in most cases by federal statute."

POINT OF INQUIRY

Senator Kastama: "Would Senator Ranker yield to a question? Thank you Senator. Section three of the bill as amended provides for progress reports to the legislature, this fall regarding the maritime industries work to provide for the emergency response vessel that is required in this legislation. It requires a report by December 1 that, as stated in this legislation, is a date coinciding with the deadline for contingency plans to provide for the emergency response system is required in section six of this legislation. Does this mean they must have the tug contract in place by December 1?"

Senator Ranker: "Thank you very much for your question. Section three requires a progress by Department of Ecology on how the maritime industry will meet the requirements under this legislation. Under the legislation, the requirements are not effective until July 1, 2010. Section six of this legislation requires only that the maritime industries submit documents demonstrating compliance in an initial contingency plan submitted to Ecology by December 1, 2009. These documents are intended to demonstrate how the industry will ensure that the industry-funded tug will be on station by July 1, 2010 and not a date before then. So, in summary what this means is December 1, 2009 there will be a report back to the state saying what their plan is and how they will put this together and what they decided upon. That actual plan however will not need to be implemented until July 2010."

The President declared the question before the Senate to be the final passage of Engrossed Substitute Senate Bill No. 5344.

Sec. 5. RCW 9.95.204 and 2005 c 400 s 2 and 2005 c 362 s 3 are each reenacted and amended to read as follows:

(1) When a superior court places a defendant convicted of a misdemeanor or gross misdemeanor on probation and orders supervision under RCW 9.92.060 or 9.95.210, the department of corrections has initial responsibility for supervision of that defendant.

(2) A county legislative authority may assume responsibility for the supervision of all defendants within its jurisdiction who have been convicted of a misdemeanor or gross misdemeanor and sentenced to probation by a superior court. The assumption of responsibility shall be made by contract with the department of corrections on a biennial basis.

(3) If a county assumes supervision responsibility, the county shall supervise all superior court misdemeanor probationers within that county for the duration of the biennium, as set forth in the contract with the department of corrections.

(4) A contract between a county legislative authority and the department of corrections for the transfer of supervision responsibility must include, at a minimum, the following provisions:

FIFTY-THIRD DAY, MARCH 5, 2009

2009 REGULAR SESSION

(a) The county's agreement to supervise all misdemeanor probationers who are sentenced by a superior court within that county and who reside within that county;

(b) A reciprocal agreement regarding the supervision of superior court misdemeanor probationers sentenced in one county but who reside in another county;

(c) The county's agreement to comply with the minimum standards for classification and supervision of offenders as required under RCW 9.95.206;

(d) The amount of funds available from the department of corrections to the county for supervision of superior court misdemeanor probationers, calculated according to a formula established by the department of corrections;

(e) A method for the payment of funds by the department of corrections to the county;

(f) The county's agreement that any funds received by the county under the contract will be expended only to cover costs of supervision of superior court misdemeanor probationers;

(g) The county's agreement to account to the department of corrections for the expenditure of all funds received under the contract and to submit to audits for compliance with the supervision standards and financial requirements of this section;

(h) Provisions regarding rights and remedies in the event of a possible breach of contract or default by either party; and

(i) Provisions allowing for voluntary termination of the contract by either party, with good cause, after sixty days' written notice.

(5) If the contract between the county and the department of corrections is terminated for any reason, the department of corrections shall reassume responsibility for supervision of superior court misdemeanor probationers within that county. In such an event, the department of corrections retains any and all rights and remedies available by law and under the contract.

(6) The state of Washington, the department of corrections and its employees, community corrections officers, and volunteers who assist community corrections officers are not liable for any harm caused by the actions of a superior court misdemeanor probationer who is under the supervision of a county. A county, its probation department and employees, probation officers, and volunteers who assist probation officers are not liable for any harm caused by the actions of a superior court misdemeanor probationer who is under the supervision of the department of corrections. This subsection applies regardless of whether the supervising entity is in compliance with the standards of supervision at the time of the misdemeanor probationer's actions.

(7) The state of Washington, the department of corrections and its employees, community corrections officers, any county under contract with the department of corrections pursuant to this section and its employees, probation officers, and volunteers who assist community corrections officers and probation officers in the superior court misdemeanor probation program are not liable for civil damages resulting from any act or omission in the rendering of superior court misdemeanor probation activities unless the act or omission constitutes gross negligence. For purposes of this section, "volunteers" is defined according to RCW 51.12.035.

(8) The provisions of RCW 9.94A.501 apply to sentences imposed under this section.

(9)(a) If a misdemeanor probationer requests permission to travel or transfer to another state, the assigned probation officer employed or contracted for by the county shall determine whether such request is subject to RCW 9.94A.745, the interstate compact for adult offender supervision. If such request is subject to the compact, the probation officer shall:

(i) Notify the department of corrections of the probationer's request;

(ii) Provide the department of corrections with the supporting documentation it requests for processing an application for transfer;

(iii) Notify the probationer of the fee due to the department of corrections for processing an application under the compact;

(iv) Cease supervision of the probationer while another state supervises the probationer pursuant to the compact;

(v) Resume supervision if the probationer returns to this state before the term of probation expires.

(b) The probationer shall receive credit for time served while being supervised by another state.

(10) Whenever the department or a county assumes supervisory responsibility for a misdemeanor probationer, the department or the county shall determine whether or not the probationer is listed in the central registry of sex offenders and kidnapping offenders.

(4)(a) Offenders shall register with the county sheriff within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a

violation of this section and is punishable as provided in subsection (11) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who

are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within three business days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes for offenses committed before, on, or after February 28, 1990, or Washington state for offenses committed before, on, or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed before, on, or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (11) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who

lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (11) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send signed written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send signed written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send signed written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to

FIFTY-THIRD DAY, MARCH 5, 2009

have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) All offenders who are required to register pursuant to this section who have a fixed residence and who are designated as a risk level II or III must report, in person, every ninety days to the sheriff of the county where he or she is registered. Reporting shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. An offender who complies with the ninety-day reporting requirement with no violations for a period of at least five years in the community may petition the superior court to be relieved of the duty to report every ninety days. The petition shall be made to the superior court in the county where the offender resides or reports under this section. The prosecuting attorney of the county shall be named and served as respondent in any such petition. The court shall relieve the petitioner of the duty to report if the petitioner shows, by a preponderance of the evidence, that the petitioner has complied with the reporting requirement for a period of at least five years and that the offender has not been convicted of a criminal violation of this section for a period of at least five years, and the court determines that the reporting no longer serves a public safety purpose. Failure to report, as specified, constitutes a violation of this section and is punishable as provided in subsection (11) of this section.

(8) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(9) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's

fingerprints. A photograph may be taken at any time to update an individual's file.

(4)(a) Offenders shall register with the county sheriff within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send signed written notice of the change of address to the county sheriff within seventy-two hours of moving. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) All offenders who are required to register pursuant to this section who have a fixed residence and who are designated as a risk level II or III must report, in person, every ninety days to the sheriff of the county where he or she is registered. Reporting shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. An offender who complies with the ninety-day reporting requirement with no violations for a period of at least five years in the community may petition the superior court to be relieved of the duty to report every ninety days. The petition shall be made to the superior court in the county where the offender resides or reports under this section. The prosecuting attorney of the county shall be named and served as respondent in any such petition. The court shall relieve the petitioner of the duty to report if the petitioner shows, by a preponderance of the evidence, that the petitioner has complied with the reporting requirement for a period of at least five years and that the offender has not been convicted of a criminal violation of this section for a period of at least five years, and the court determines that the reporting no longer serves a public safety purpose. Failure to report, as specified, constitutes a violation of this section and is punishable as provided in subsection (11) of this section.

(8) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(9) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints. A photograph may be taken at any time to update an individual's file.

(b) If the crime for which the individual was convicted was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a (~~(gross misdemeanor)~~) class C felony.

POINT OF ORDER

Senator Regala: "Well, certainly the tragedy in Hazel Dell is a terrible tragedy. I also want to point out that many of the elements in this amendment are already current law but, more importantly Mr. President, I believe the proposed amendment is out of order because it's outside the scope and the object of the

FIFTY-THIRD DAY, MARCH 5, 2009

2009 REGULAR SESSION

underlying bill. The bill before the Senate, Substitute Senate Bill No. 5326 is a bill that is intended to address only one class of person, those who are to be advised of their right to petition a superior court for release from registration requirements for offenses that they committed as a juvenile. The scope of the bill is very narrow dealing with this group of offenders and is entirely a bill about one limited procedure. The amendment before the Senate expands both the scope of the bill, offenders convicted as a juvenile who are to be notified of a procedural right they possess and the object of the bill requiring these offenders to be notified annually of their right to petition the court. This is a procedure remedy bill Mr. President. How does the amendment exceed the scope and object of this bill? First, it creates a new crime of aggravated first degree murder offense. This clearly has nothing to do with annual notice to juvenile sex offenders. Secondly, it would create a new mandatory minimum sentence for certain offenses having, again, nothing to do with notices of how a juvenile offender can petition for relief. Third, the bill would change our state's basic sentencing grids for specific offenses having nothing to do with the underlying bill about notice requirements for juvenile offenders. Fourth, by creating new crimes relating to failure to register as a sex offender, again nothing to do with the underline bill. Mr. President, there are many more provisions in the amendment that are significantly beyond the scope and object of Substitute Senate Bill No. 5326, a very narrowly drawn bill that only affects only a small class of individuals and a bill that has nothing to do with the contents of the amendment. I request that the President rule the amendment is beyond the scope and object of Substitute Senate Bill No. 5326."

Senator Benton spoke against the point of order.

STATEMENT FOR THE JOURNAL

Earlier this afternoon, give the enormous volume of bills, amendments, and motions before the Senate, I inadvertently voted "yes" on the final passage of Senate Bill No. 5540, relating to creating a high capacity transportation service in the Vancouver area of southwest Washington. I object to the boundaries and methods of taxation set forth in this bill. I regret my mistake, and should have voted "no" to oppose this measure.

SENATOR MORTON, 7TH Legislative District

MOTION

On motion of Senator Eide, Senate Bill No. 5540 was immediately transmitted to the House of Representatives.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Regala as to the scope and object of the amendment by Senator Benton to Substitute Senate Bill 5326, the President finds and rules as follows: Substitute Senate Bill 5326 is a bill that addresses only a narrow and specific group of offenders, those who committed a sex or kidnapping crime as juveniles and provides one limited procedure to ensure that this narrow group is notified of their right to petition the superior court for relief from registration requirements. Amendment 54 by Senator Benton, among other provisions, creates a new category of aggravated first degree murder, creates a new mandatory minimum sentence for certain offenses, changes the State's sentencing grid, and creates a new crime for failure to register as a sex offender. The President finds that none of the provisions would fall within the narrow scope of SSB 5326 which deals with modifying provisions relating to juvenile sex and kidnapping offender registration nor within the narrow object which is to direct the Washington State Patrol to annually inform these offenders that they have the right to petition for relief from registration requirements.

The President finds, therefore, that Senator Regala's point is well taken and Amendment 54 is not within the scope and object of the underlying bill."

The Senate resumed consideration of Substitute Senate Bill No. 5326 which had been deferred earlier in the day.

MOTION

On motion of Senator Regala, the rules were suspended, Substitute Senate Bill No. 5326 was advanced to third reading,

Concerning the Washington code of military justice.

MOTION

On motion of Senator Hobbs, Substitute Senate Bill No. 5032 was substituted for Senate Bill No. 5032 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Hobbs moved that the following striking amendment by Senators Hobbs and Swecker be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 38.32.010 and 1989 c 19 s 39 are each amended to read as follows:

Any member of the organized militia committing nonmilitary offenses under chapter 38.38 RCW while on duty status ((as provided in RCW 38.38.624,)) or within state armories((, committing offenses against the laws of the state,)) shall be promptly arrested by the military authorities and turned over to the civil authorities of the county or city in which the offense was committed.

Sec. 2. RCW 38.32.020 and 1989 c 19 s 40 are each amended to read as follows:

(1) Military offenses under chapter 38.38 RCW committed ((while on inactive duty or active state service as defined in RCW 38.04.010)) by members of the organized militia may be tried and punished as provided under chapter 38.38 RCW ((after this duty or service has terminated, and if found guilty the accused shall be punished accordingly. Any member of the organized militia on "inactive duty" or "active state service," as defined in RCW 38.04.010, committing any offense under chapter 38.38 RCW, where the offense charged is also made an offense by the civil law of this state, may, in the discretion of the officer whose duty it is to approve the charge, be turned over to the proper civil authorities for trial)).

(2) Primary jurisdiction over military offenses enumerated in chapter 38.38 RCW is with military authorities. Primary jurisdiction over nonmilitary offenses is with civilian authorities. If an offense may be both military and nonmilitary, the military authorities may proceed only after the civilian authorities have declined to prosecute or dismissed the charge, provided jeopardy has not attached. Jurisdiction over attempted crimes, conspiracy crimes, solicitation, and accessory crimes must be determined by whether the underlying offense is a military or nonmilitary offense.

(3) Any member of the organized militia ((on "inactive duty" or "active state service," as defined in RCW 38.04.010,)) committing any offense under chapter 38.38 RCW((;)) may, if such offense is committed ((upon)) on a military reservation of the United States within this state, be turned over to the civil authorities for trial as provided by federal law.

martial jurisdiction or an officer of general rank in command may delegate powers under this section to a principal assistant.

(2) Subject to subsection (1) of this section, any commanding officer may, in addition to or in lieu of admonition or reprimand, impose one or more of the following disciplinary punishments for minor offenses without the intervention of a court-martial:

(a) Upon officers of his or her command:

(i) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive duty or drill days;

(ii) If imposed by an officer exercising general court-martial jurisdiction or an officer of general rank in command:

(A) Forfeiture of up to thirty days' pay, but not more than fifteen days' pay per month;

(B) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive drill or duty days;

(C) Detention of up to forty-five days' pay, but not more than fifteen days' pay per month;

(b) Upon other personnel of his or her command:

(i) If imposed upon a person attached to or embarked in a vessel, confinement for not more than three consecutive days;

(ii) Forfeiture of not more than seven days' pay;

(iii) Reduction to the next inferior pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction;

(iv) Extra duties, including fatigue or other duties for not more than fourteen duty or drill days, which need not be consecutive, and for not more than two hours per day, holidays included;

(v) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive days;

(vi) Detention of not more than fourteen days' pay;

(vii) If imposed by ~~((an))~~ a commanding officer of the grade of major or above:

(A) The punishment authorized in subsection (2)(b)(i) of this section;

(B) Forfeiture of up to thirty days' pay, but not more than fifteen days' pay per month;

(C) Reduction to the lowest or any intermediate pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction, but an enlisted member in a pay grade above E-4 may not be reduced more than two pay grades;

(D) Extra duties, including fatigue or other duties, for not more than fourteen drill or duty days, which need not be consecutive, and for not more than two hours per day, holidays included;

(E) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive days;

(F) Detention of up to forty-five days' pay, but not more than fifteen days' pay per month.

Detention of pay shall be for a stated period of not more than one year but if the offender's term of service expires earlier, the detention shall terminate upon that expiration. Extra duties and restriction may not be combined to run consecutively in the maximum amount imposable for each. Whenever any such punishments are combined to run consecutively, there must be an apportionment. In addition, forfeiture of pay may not be combined with detention of pay without an apportionment.

(3) An officer in charge may impose upon enlisted members assigned to the unit of which the officer is in charge such of the punishment authorized under subsection (2)(b) of this section as the governor may specifically prescribe by regulation.

(4) The officer who imposes the punishment authorized in subsection (2) of this section, or a successor in command, may, at any time, suspend probationally any part or amount of the unexecuted punishment imposed and may suspend probationally a reduction in grade or a forfeiture imposed under subsection (2) of this section, whether or not executed. In addition, the officer may, at any time, remit or mitigate any part or amount of the unexecuted punishment imposed and may set aside in whole or in part the punishment, whether executed or unexecuted, and restore all rights, privileges, and property affected. The officer may also mitigate reduction in grade to forfeiture or detention of pay. When mitigating extra duties to restriction, the restriction shall not be longer than the number of hours of extra duty that may have been imposed. When mitigating reduction in grade to forfeiture or detention of pay, the amount of the forfeiture or detention shall not be greater than the amount that could have been imposed initially under this section by the officer who imposed the punishment mitigated.

(5) A person punished under this section who considers the punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under subsection (4) of this section by the officer who imposed the punishment. Before acting on an appeal from a punishment of:

(a) Forfeiture of more than seven days' pay;

(b) Reduction of one or more pay grades from the fourth or a higher pay grade;

(c) Extra duties for more than ten days;

(d) Restriction for more than ten days; or

(e) Detention of more than fourteen days' pay;

the authority who is to act on the appeal shall refer the case to a judge advocate for consideration and advice, and may so refer the case upon appeal from any punishment imposed under subsection (2) of this section.

(6) The imposition and enforcement of disciplinary punishment under this section for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this section; but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

(7) The governor may by regulation prescribe the form of records to be kept of proceedings under this section and may also prescribe that certain categories of those proceedings shall be in writing.

Sec. 10. RCW 38.38.180 and 1963 c 220 s 18 are each amended to read as follows:

(2) Forfeiture of pay and allowances;

(3) A reprimand;

(4) Dismissal or dishonorable discharge;

(5) Reduction of a noncommissioned officer to the ranks; or

(6) Any combination of these punishments.

Sec. 11. RCW 38.38.188 and 1989 c 48 s 19 are each amended to read as follows:

(1) Subject to RCW 38.38.176, summary courts-martial have jurisdiction to try persons subject to this code, except officers for any offense made punishable by this code.

(2) No person with respect to whom summary courts-martial have jurisdiction may be brought to trial before a summary court-martial if the person objects thereto, unless under RCW 38.38.132 the person has been permitted and has elected to refuse punishment under that section. If objection to trial by summary court-martial is made by an accused who has been permitted to refuse punishment under RCW 38.38.132, trial shall be ordered by special or general court-martial, as may be appropriate.

(3) A summary court-martial may sentence to a fine of not more than twenty-five dollars for a single offense, to forfeiture of ~~((pay and allowances))~~ not more than one-half month's pay for two months, to reduction in rank of enlisted soldiers, and to reduction of a noncommissioned officer to the ranks.

Sec. 12. RCW 38.38.240 and 1989 c 48 s 22 are each amended to read as follows:

In the organized militia not in federal service pursuant to Title 10 U.S.C., general courts-martial may be convened by the president or by the governor, or by the ~~((commanding general of the national guard of the District of Columbia))~~ adjutant general.

Sec. 13. RCW 38.38.244 and 1989 c 48 s 23 are each amended to read as follows:

(1) In the organized militia not in federal service pursuant to Title 10 U.S.C., anyone authorized to convene a general court-martial, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a brigade, regiment, wing, group, detached battalion, separate squadron, or other detached command~~((s))~~ may convene special courts-martial. Special courts-martial may also be convened by superior authority. When any such officer is an accuser, the court shall be convened by superior competent authority.

(2) A special court-martial may not try a commissioned officer.

Sec. 14. RCW 38.38.248 and 1989 c 48 s 24 are each amended to read as follows:

(1) In the organized militia not in federal service pursuant to Title 10 U.S.C., anyone authorized to convene a special court-martial, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment~~((s))~~ may convene a summary court-martial consisting of one commissioned officer. The proceedings shall be informal.

(2) When only one commissioned officer is present with a command or detachment the commissioned officer shall be the summary court-martial of that command or detachment and shall hear and determine all summary court-martial cases brought before him or her. Summary courts-martial may, however, be convened in any case by superior competent authority when considered desirable.

Sec. 15. RCW 38.38.312 and 1989 c 48 s 30 are each amended to read as follows:

(1) No person subject to this code may compel a person~~((s))~~ to incriminate ~~((themselves))~~ himself or herself or to answer any question the answer to which may tend to incriminate ~~((them))~~ himself or herself.

(2) No person subject to this code may interrogate, or request any statement from, an accused or a person suspected of an offense without first informing the person of the nature of the accusation and advising that the person does not have to make any statement regarding the offense of which he or she is accused or suspected and that any statement made by the person may be used as evidence against him or her in a trial by court-martial.

(3) No person subject to this code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade the person.

(4) No statement obtained from any person in violation of this section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against the person in a trial by court-martial.

Sec. 16. RCW 38.38.316 and 1989 c 48 s 31 are each amended to read as follows:

(1) No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

(2) The accused shall be advised of the charges against him or her and of the right to be represented at that investigation by counsel. The accused has a right to be represented at that investigation as provided in RCW 38.38.376 and in regulations prescribed under that section.

At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him or her if they are available and to present anything the person may desire in his or her own behalf, either in defense or mitigation, and the investigating officer shall examine available witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.

(3) If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (2) ~~((hereof))~~ of this section, no further investigation of that charge is necessary under this section unless it is demanded by the accused after being informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his or her own behalf.

(4) If evidence adduced in an investigation under this chapter indicates that the accused committed an uncharged offense, the investigating officer may investigate the subject matter of that offense without the accused having first been charged with the offense if the accused:

(a) Is present at the investigation;

(b) Is informed of the nature of each uncharged offense investigated; and

(c) Is afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (2) of this section.

(5) The requirements of this section are binding on all persons administering this code but failure to follow them does not divest a military court of jurisdiction.

Sec. 17. RCW 38.38.376 and 1989 c 48 s 37 are each amended to read as follows:

(1) The trial counsel of a general or special court-martial shall prosecute in the name of the state, and shall, under the direction of the court, prepare the record of the proceedings.

~~((The accused has the right to be represented in his or her defense before a general or special court-martial by civilian counsel if provided by the accused, or by military counsel of his or her own selection if reasonably available as defined in regulations of the governor, or by the defense counsel detailed under RCW 38.38.260. Should the accused have civilian counsel of his or her own selection, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as associate counsel; otherwise they shall be excused by the military judge or president of a special court-martial.~~

FIFTY-FOURTH DAY, MARCH 6, 2009

2009 REGULAR SESSION

~~— (3) In every court-martial proceeding, the defense counsel may, in the event of conviction, forward for attachment to the record of proceedings a brief of such matters the defense counsel feels should be considered in behalf of the accused on review, including any objection to the contents of the record which he or she considers appropriate and assist the accused in the submission of any matter under RCW 38.38.536.~~

~~— (4)) The accused has the right to be represented in his or her defense before a general or special court-martial or at an investigation under RCW 38.38.316 as provided in this subsection.~~

~~(a) The accused may be represented by civilian counsel if provided at his or her own expense.~~

~~(b) The accused may be represented by:~~

~~(ii) Military counsel of his or her own selection if that counsel is reasonably available, as determined under regulations prescribed under subsection (3) of this section.~~

~~(c) If the accused is represented by civilian counsel, military counsel detailed or selected under (b) of this subsection shall act as associate counsel unless excused at the request of the accused.~~

~~(i) May detail additional military counsel as assistant defense counsel; and~~

~~(ii) If the accused is represented by military counsel of his or her own selection under (b)(ii) of this subsection, may approve a request from the accused that military counsel detailed under (b)(i) of this subsection act as associate defense counsel.~~

~~(3) The state judge advocate shall, by regulation, define "reasonably available" for the purpose of subsection (2) of this section and establish procedures for determining whether the military counsel selected by an accused under subsection (2) of this section is reasonably available.~~

~~(4) In any court-martial proceeding resulting in a conviction, the defense counsel:~~

~~(a) May forward for attachment to the record of proceedings a brief of such matters as he or she determines should be considered in behalf of the accused on review, including any objection to the contents of the record which he or she considers appropriate;~~

~~(b) Shall assist the accused in the submission of any matter under RCW 38.38.536; and~~

~~(c) May take other action authorized by this chapter.~~

~~(5) An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when qualified to be a trial counsel as required by RCW 38.38.260, perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.~~

~~((5)) (6) An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when qualified to be the defense counsel as required by RCW 38.38.260, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused.~~

Sec. 18. RCW 38.38.388 and 1989 c 48 s 40 are each amended to read as follows:

(1) The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The military judge or, if none, the court shall determine the relevance and validity of

challenges for cause and may not receive a challenge to more than one person at a time. Challenges by the trial counsel shall ordinarily be presented and decided before those by the accused are offered.

(2) If exercise of a challenge for cause reduces the court below the minimum number of members required by RCW 38.38.172, all parties shall, notwithstanding RCW 38.38.268, either exercise or waive any challenge for cause then apparent against the remaining members of the court before additional members are detailed to the court. However, peremptory challenges shall not be exercised at that time.

(3) Each accused and the trial counsel is entitled to one peremptory challenge, but the military judge may not be challenged except for cause.

(4) If exercise of a peremptory challenge reduces the court below the minimum number of members required by RCW 38.38.172, the parties shall, notwithstanding RCW 38.38.268, either exercise or waive any remaining peremptory challenge, that has not been previously waived, against the remaining members of the court before additional members are detailed to the court.

(5) Whenever additional members are detailed to the court, and after any challenges for cause against such additional members are presented and decided, each accused and the trial counsel are entitled to one peremptory challenge against members not previously subject to peremptory challenge.

Sec. 19. RCW 38.38.396 and 1989 c 48 s 42 are each amended to read as follows:

(1) A person charged with desertion or absence without leave in time of war, or with aiding the enemy or with mutiny may be tried and punished at any time without limitation.

(2) Except as otherwise provided in this section, a person charged with desertion in time of peace or with the offense punishable under RCW 38.38.784 is not liable to be tried by court-martial if the offense was committed more than three years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command.

(3) Except as otherwise provided in this section, a person charged with any offense is not liable to be tried by court-martial or punished under RCW 38.38.132 if the offense was committed more than two years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command or before the imposition of punishment under RCW 38.38.132.

(4) Periods in which the accused was absent from territory in which the state has the authority to apprehend the accused, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this section.

PARLIAMENTARY INQUIRY

Senator Holmquist: "Thank you Mr. President. I believe that this measure before us creates a new tax and requires a two-thirds vote under the provisions of Initiative 960 and I have some arguments to offer on this."

REMARKS BY THE PRESIDENT

President Owen: "Senator Holmquist has raised a point of inquiry as to the number of votes necessary to pass Second Substitute Senate Bill No. 5809. Senator Holmquist. Let me remind members that when you are making your comments on a point of order that your comments are to be brief. Senator Holmquist."

PARLIAMENTARY INQUIRY

Senator Holmquist: "Thank you Mr. President. My argument is that this bill deposits an amount equal to point one percent of taxable wages paid by an employer for educational grants to be awarded by the State Board for Community and Technical Colleges. The funds are paid by all employers who pay unemployment insurance premiums. This new funding is not part of the unemployment insurance program. In fact, the reason for the separate fund is that federal law prohibits the use of unemployment insurance funds for anything but the payment of unemployment insurance benefits. This appears to me to be a new tax Initiative 960 has had a very broad definition of a tax and covers 'any action or combination of actions by the legislature that increases the state tax revenue deposited in any fund, budget or account.' This bill raises revenue through a new tax on employers and deposits it into a separate account within the administrative contingency fund. If it is to be argued that this is a fee and not a new tax Mr. President, you have provided us guidance and past rulings. There must be 'a very close nexus between those paying a fee and purpose of which that fee is being used. Absent this tight connection a revenue action is more properly characterized as a general tax not a specific fee.' There appears to be a very tenuous connection between those paying this tax, all employers in the state and those benefitting from the tax, the unemployed workers seeking educational opportunities. I agree that it is a benefit to all of us if we're able to provide educational opportunities, however, this is a social benefit which makes this a tax and not a fee. Some might argue that because the bill also reduces the unemployment insurance premiums paid by an employer by an equal amount that this is a wash and not really a new tax or tax increase that this is merely a rate transfer. However, Mr. President, I believe that we need to look at what is really happening to the funds in this bill. Employers are paying into a fund for work force training grants. The fact that their unemployment insurance premiums are being reduced by an equal amount does not change this. It cannot cancel out the creation of a new tax for a separate purpose. I submit to you that Second Substitute Senate Bill No. 5809 creates a new tax requiring a two-thirds vote and I respectfully request a ruling thereon. Thank you Mr. President."

MOTION

On motion of Senator Eide, further consideration of Second Substitute Senate Bill No. 5809 was deferred and the bill held its place on the second reading calendar.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Holmquist as to the application of Initiative Number 960 to Engrossed Second Substitute Senate Bill 5809, the President finds and rules as follows:

The President begins by reminding the body that neither he nor they adopted the law that was enacted by I-960. I-960 was drafted with very strict parameters, and the President—like the members of this august body—is charged with enforcing its strictures. It may be that the strict language of I-960 results in harsh or undesirable consequences, but this is a result of the strict language of the initiative, not the judgment of the President.

That said, the President is once again called upon to determine whether an action of the Legislature may be properly characterized as a tax or a fee. The President begins by addressing the threshold question of whether the proposed language of the measure is a revenue increase in the first place. While it is true that the net effect to individual rate payors is unchanged, the President believes that this measure contains two significant but separate actions: the first reduces the rate of tax

paid for traditional unemployment purposes; the second increases the rate paid into a fund for the purpose of retraining unemployed workers, which is presently not permitted under the federal unemployment program.

The President believes that simply achieving a net effect of payor neutrality does not dispose of the I-960 implications. Instead, the President believes that the proper analysis is to view the actions separately: that is, one which reduces the amount paid, and another that increases the amount paid. It is this second action that is the focus of this ruling. The President believes that it is the rate of tax—not the funds—which is transferred under this measure. As a result, the question then becomes a determination of whether there is a sufficient nexus between the purpose on which the raised revenue may be spent and those who are paying the increase. In this case, the President believes that there is not a sufficient nexus. While it may come to pass that those paying the increase will receive an indirect benefit from this action, it seems more appropriate to characterize the benefit as being one to society at large. For this reason, the President believes this second action is more properly characterized as a tax increase that requires a 2/3 vote under the plain language of I-960.

For these reasons, Senator Holmquist's point is well-taken, and this measure as presently drafted will take a 2/3 vote of this body for final passage."

MOTION

On motion of Senator Eide, further consideration of Second Substitute Senate Bill No. 5809 was deferred and the bill held its place on the second reading calendar.

At 4:03 p.m., on motion of Senator Eide, the Senate adjourned until 9:00 a.m. Monday, March 9, 2009.

(b) Coordinate with other state education agencies to compile and analyze education data, including data on student demographics that is disaggregated by distinct ethnic categories within racial subgroups, and complete P-20 research projects;

~~((b))~~ (c) Collaborate with the legislative evaluation and accountability program committee and the education and fiscal committees of the legislature in identifying the data to be compiled and analyzed to ensure that legislative interests are served;

~~((c))~~ (d) Annually provide to the K-12 data governance group a list of data elements and data quality improvements that are necessary to answer the research and policy questions identified by the education data center and have been identified by the legislative committees in (c) of this subsection. Within three months of receiving the list, the K-12 data governance group shall develop and transmit to the education data center a feasibility analysis of obtaining or improving the data, including the steps required, estimated time frame, and the financial and other resources that would be required. Based on the analysis, the education data center shall submit, if necessary, a recommendation to the legislature regarding any statutory changes or resources that would be needed to collect or improve the data;

(e) Monitor and evaluate the education data collection systems of the organizations and agencies represented in the education data center ensuring that data systems are flexible, able to adapt to evolving needs for information, and to the extent feasible and necessary, include data that are needed to conduct the analyses and provide answers to the research and policy questions identified in (a) of this subsection;

(f) Track enrollment and outcomes through the public centralized higher education enrollment system;

~~((f))~~ (g) Assist other state educational agencies' collaborative efforts to develop a long-range enrollment plan for higher education including estimates to meet demographic and workforce needs; ~~(and~~

~~((g))~~ (h) Provide research that focuses on student transitions within and among the early learning, K-12, and higher education sectors in the P-20 system; and

(i) Make recommendations to the legislature as necessary to help ensure the goals and objectives of this section and sections 2 and 3 of this act are met.

(3) The department of early learning, superintendent of public instruction, professional educator standards board, state board of education, state board for community and technical

colleges, workforce training and education coordinating board, higher education coordinating board, public four-year institutions of higher education, and employment security department shall work with the education data center to develop data-sharing and research agreements, consistent with applicable security and confidentiality requirements, to facilitate the work of the center. Private, nonprofit institutions of higher education that provide programs of education beyond the high school level leading at least to the baccalaureate degree and are accredited by the Northwest association of schools and colleges or their peer accreditation bodies may also develop data-sharing and research agreements with the education data center, consistent with applicable security and confidentiality requirements. The education data center shall make data from collaborative analyses available to the education agencies and institutions that contribute data to the education data center to the extent allowed by federal and state security and confidentiality requirements applicable to the data of each contributing agency or institution.

NEW SECTION. Sec. 2. A new section is added to chapter 43.41 RCW to read as follows:

(1) It is the legislature's intent to establish a comprehensive K-12 education data improvement system for financial, student, and educator data. The objective of the system is to monitor student progress, have information on the quality of the educator workforce, monitor and analyze the costs of programs, provide for financial integrity and accountability, and have the capability to link across these various data components by student, by class, by teacher, by school, by district, and statewide. Education data systems must be flexible and able to adapt to evolving needs for information, but there must be an objective and orderly data governance process for determining when changes are needed and how to implement them. It is the further intent of the legislature to provide independent review and evaluation of a comprehensive K-12 education data improvement system by assigning the review and monitoring responsibilities to the education data center and the legislative evaluation and accountability program committee.

(2) It is the intent that the data system specifically service reporting requirements for teachers, parents, superintendents, school boards, the legislature, the office of the superintendent of public instruction, and the public.

(3) It is the legislature's intent that the K-12 education data improvement system used by school districts and the state include but not be limited to the following information and functionality:

(a) Comprehensive educator information, including grade level and courses taught, building or location, program, job assignment, years of experience, the institution of higher education from which the educator obtained his or her degree, compensation, class size, mobility of class population, socioeconomic data of class, number of languages and which languages are spoken by students, general resources available for curriculum and other classroom needs, and number and type of instructional support staff in the building;

(b) The capacity to link educator assignment information with educator certification information such as certification number, type of certification, route to certification, certification program, and certification assessment or evaluation scores;

(c) Common coding of secondary courses and major areas of study at the elementary level or standard coding of course content;

(d) Robust student information, including but not limited to student characteristics, course and program enrollment, performance on statewide and district summative and formative assessments to the extent district assessments are used, and performance on college readiness tests;

(e) A subset of student information elements to serve as a dropout early warning system;

FIFTY-SEVENTH DAY, MARCH 9, 2009

2009 REGULAR SESSION

(f) The capacity to link educator information with student information;

(g) A common, standardized structure for reporting the costs of programs at the school and district level with a focus on the cost of services delivered to students;

(h) Separate accounting of state, federal, and local revenues and costs;

(i) Information linking state funding formulas to school district budgeting and accounting, including procedures:

(i) To support the accuracy and auditing of financial data; and

(ii) Using the prototypical school model for school district financial accounting reporting;

(j) The capacity to link program cost information with student performance information to gauge the cost-effectiveness of programs;

(k) Information that is centrally accessible and updated regularly; and

(l) An anonymous, nonidentifiable replicated copy of data that is updated at least quarterly, and made available to the public by the state.

(4) It is the legislature's goal that all school districts have the capability to collect state-identified common data and export it in a standard format to support a statewide K-12 education data improvement system under this section.

(5) It is the legislature's intent that the K-12 education data improvement system be developed to provide the capability to make reports as required under section 3 of this act available.

(6) It is the legislature's intent that school districts collect and report new data elements to satisfy the requirements of RCW 43.41.400, this section, and section 3 of this act, only to the extent funds are available for this purpose.

NEW SECTION. Sec. 3. A new section is added to chapter 43.41 RCW to read as follows:

(1) A K-12 data governance group shall be established within the educational data center to assist in the design and implementation of a K-12 education data improvement system for financial, student, and educator data. It is the intent that the data system reporting specifically serve requirements for teachers, parents, superintendents, school boards, the office of the superintendent of public instruction, the legislature, and the public.

(2) The K-12 data governance group shall include representatives of the education data center, the office of the superintendent of public instruction, the legislative evaluation and accountability program committee, the professional educator standards board, the state board of education, and school district staff, including information technology staff. Additional entities with expertise in education data may be included in the K-12 data governance group.

(3) The K-12 data governance group shall:

(a) Identify the critical research and policy questions that need to be addressed by the K-12 education data improvement system;

(b) Identify reports and other information that should be made available on the internet in addition to the reports identified in subsection (5) of this section;

(c) Create a comprehensive needs requirement document detailing the specific information and technical capacity needed by school districts and the state to meet the legislature's expectations for a comprehensive K-12 education data improvement system as described under section 2 of this act;

(d) Conduct a gap analysis of current and planned information compared to the needs requirement document, including an analysis of the strengths and limitations of an education data system and programs currently used by school districts and the state, and specifically the gap analysis must look at the extent to which the existing data can be transformed

into canonical form and where existing software can be used to meet the needs requirement document;

(e) Focus on financial and cost data necessary to support the new K-12 financial models and funding formulas, including any necessary changes to school district budgeting and accounting, and on assuring the capacity to link data across financial, student, and educator systems; and

(f) Define the operating rules and governance structure for K-12 data collections, ensuring that data systems are flexible and able to adapt to evolving needs for information, within an objective and orderly data governance process for determining when changes are needed and how to implement them. Strong consideration must be made to the current practice and cost of migration to new requirements. The operating rules should delineate the coordination, delegation, and escalation authority for data collection issues, business rules, and performance goals for each K-12 data collection system, including:

(i) Defining and maintaining standards for privacy and confidentiality;

(ii) Setting data collection priorities;

(iii) Defining and updating a standard data dictionary;

(iv) Ensuring data compliance with the data dictionary;

(v) Ensuring data accuracy; and

(vi) Establishing minimum standards for school, student, financial, and teacher data systems. Data elements may be specified "to the extent feasible" or "to the extent available" to collect more and better data sets from districts with more flexible software. Nothing in RCW 43.41.400, this section, or section 2 of this act should be construed to require that a data dictionary or reporting should be hobbled to the lowest common set. The work of the K-12 data governance group must specify which data are desirable. Districts that can meet these requirements shall report the desirable data. Funding from the legislature must establish which subset data are absolutely required.

(4)(a) The K-12 data governance group shall provide updates on its work as requested by the education data center and the legislative evaluation and accountability program committee.

(b) The work of the K-12 data governance group shall be periodically reviewed and monitored by the educational data center and the legislative evaluation and accountability program committee.

(5) To the extent data is available, the office of the superintendent of public instruction shall make the following minimum reports available on the internet. The reports must either be run on demand against current data, or, if a static report, must have been run against the most recent data:

(a) The percentage of data compliance and data accuracy by school district;

(b) The magnitude of spending per student, by student estimated by the following algorithm and reported as the detailed summation of the following components:

(i) An approximate, prorated fraction of each teacher or human resource element that directly serves the student. Each human resource element must be listed or accessible through online tunneling in the report;

(ii) An approximate, prorated fraction of classroom or building costs used by the student;

(iii) An approximate, prorated fraction of transportation costs used by the student; and

(iv) An approximate, prorated fraction of all other resources within the district that support any component of which makes up more than five percent;

(c) The cost of K-12 basic education, per student, by student, by school district, estimated by the algorithm in (b) of this subsection, and reported in the same manner as required in (b) of this subsection;

(d) The cost of K-12 special education services per student, by student receiving those services, by school district, estimated by the algorithm in (b) of this subsection, and reported in the same manner as required in (b) of this subsection;

(e) Improvement on the statewide assessments computed as both a percentage change and absolute change on a scale score metric by district, by school, and by teacher that can also be filtered by a student's length of full-time enrollment within the school district;

(f) Number of K-12 students per classroom teacher on a per teacher basis;

(g) Number of K-12 classroom teachers per student on a per student basis;

(h) Percentage of a classroom teacher per student on a per student basis; and

(i) The cost of K-12 education per student by school district sorted by federal, state, and local dollars.

(6) The superintendent of public instruction shall submit a preliminary report to the legislature by November 15, 2009, including the analyses by the K-12 data governance group under subsection (3) of this section and preliminary options for addressing identified gaps. A final report, including a proposed phase-in plan and preliminary cost estimates for implementation of a comprehensive data improvement system for financial, student, and educator data shall be submitted to the legislature by September 1, 2010.

(7) All reports and data referenced in this section, RCW 43.41.400, and section 2 of this act shall be made available in a manner consistent with the technical requirements of the legislative evaluation and accountability program committee and the education data center so that selected data can be provided to the legislature, governor, school districts, and the public.

(8) Reports shall contain data to the extent it is available. All reports must include documentation of which data are not available or are estimated. Reports must not be suppressed because of poor data accuracy or completeness. Reports may be accompanied with documentation to inform the reader of why some data are missing or inaccurate or estimated.

"**Sec. 1.** RCW 4.24.660 and 1999 c 316 s 3 are each amended to read as follows:

(1) A school district shall not be liable for an injury to or the death of a person due to action or inaction of persons employed by, or under contract with, a youth program if:

(a) The action or inaction takes place on school property and during the delivery of services of the youth program;

(b) The private nonprofit group provides proof of being insured, under an accident and liability policy issued by an insurance company authorized to do business in this state, that covers any injury or damage arising from delivery of its services. Coverage for a policy meeting the requirements of this section must be at least fifty thousand dollars due to bodily injury or death of one person, or at least one hundred thousand dollars due to bodily injury or death of two or more persons in any incident. The private nonprofit shall also provide a statement of compliance with the policies for the management of concussion and head injury in youth sports as set forth in section 2 of this act; and

(c) The group provides proof of such insurance before the first use of the school facilities. The immunity granted shall last only as long as the insurance remains in effect.

(2) Immunity under this section does not apply to any school district before January 1, 2000.

(3) As used in this section, "youth programs" means any program or service, offered by a private nonprofit group, that is

operated primarily to provide persons under the age of eighteen with opportunities to participate in services or programs.

(4) This section does not impair or change the ability of any person to recover damages for harm done by: (a) Any contractor or employee of a school district acting in his or her capacity as a contractor or employee; or (b) the existence of unsafe facilities or structures or programs of any school district.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.600 RCW to read as follows:

(1)(a) Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The centers for disease control and prevention estimates that as many as three million nine hundred thousand sports-related and recreation-related concussions occur in the United States each year. A concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death are significant when a concussion or head injury is not properly evaluated and managed.

(b) Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority occurs without loss of consciousness.

(c) Continuing to play with a concussion or symptoms of head injury leaves the young athlete especially vulnerable to greater injury and even death. The legislature recognizes that, despite having generally recognized return to play standards for concussion and head injury, some affected youth athletes are prematurely returned to play resulting in actual or potential physical injury or death to youth athletes in the state of Washington.

(2) Each school district's board of directors shall work in concert with the Washington interscholastic activities association to develop the guidelines and other pertinent information and forms to inform and educate coaches, youth athletes, and their parents and/or guardians of the nature and risk of concussion and head injury including continuing to play after concussion or head injury.

(3) On a yearly basis, prior to participating in an interscholastic athletic activity a concussion and head injury information sheet shall be signed by the youth athlete and the athlete's parent and/or guardian and returned to the school district.

(4)(a) A youth athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from competition at that time.

(b) A youth athlete who has been removed from play for a suspected concussion or head injury may not return to play until the athlete is evaluated by a licensed health care provider trained in the evaluation and management of concussions and receives written clearance to return to play from that person.

(c) The licensed health care provider trained in the evaluation and management of concussions may be a volunteer. A volunteer who authorizes a youth athlete to return to play is not liable for civil damages resulting from any act or omission in the rendering of such care, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(5) This section may be known and cited as the Zackery Lystedt law."

SENATE BILL NO. 5502, by Senators Keiser, Pflug, Franklin, Murray, Roach, Marr, Kohl-Welles and Shin

Establishing the primary care physician conditional tuition waiver program.

MOTION

On motion of Senator Keiser, Substitute Senate Bill No. 5502 was substituted for Senate Bill No. 5502 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Keiser moved that the following striking amendment by Senators Keiser and Pflug be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1 INTENT. The legislature finds that there is a critical shortage of primary care physicians in the state especially in rural areas. Primary care physicians operate as the entry point into the health care system and as such play a vital role in improving quality and controlling the costs of health care. It is the legislature's intent to create incentives for medical school students to choose primary care practice for their medical careers.

NEW SECTION. Sec. 2 DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Conditional tuition waiver" means a loan that is forgiven in whole or in part if the recipient renders service as a primary care physician in this state.

(2) "Eligible student" means a resident student, as defined in RCW 28B.15.012, who is registered for at least six credit hours or the equivalent, is making satisfactory academic progress as

FIFTY-SEVENTH DAY, MARCH 9, 2009

2009 REGULAR SESSION

defined by the university, has declared primary care medicine for his or her major, and has a declared intention to practice primary care medicine in the state of Washington.

(3) "Forgiven" or "to forgive" or "forgiveness" means to practice primary care medicine in the state of Washington in lieu of monetary repayment.

(4) "Participant" means an eligible student who has received a conditional tuition waiver under this chapter.

(5) "Primary care," for the purposes of the conditional tuition waiver program established in section 3 of this act, means a physician licensed under chapter 18.71 RCW who is specifically trained for family practice medicine and skilled in comprehensive first contact and continuing care for persons with any undiagnosed sign, symptom, or health concern not limited by problem origin, organ system, or diagnosis. Primary care includes health promotion, disease prevention, health maintenance, counseling, patient education, and diagnosis and treatment of acute and chronic illness, in a variety of health care settings. Primary care is performed and managed by a personal physician often collaborating with other health professionals and using consultation or referral as appropriate.

(6) "Satisfied" means paid-in-full.

(7) "University" means the University of Washington.

NEW SECTION. Sec. 3. PROGRAM ESTABLISHED. The primary care physician conditional tuition waiver program is established. The program shall be administered by the university. In administering the program, the university has the following powers and duties:

- (1) To adopt necessary rules and guidelines;
- (2) To publicize the program;
- (3) To collect and manage repayments from students who do not meet their obligations under this chapter; and
- (4) To solicit and accept grants and donations from public and private sources for the program.

NEW SECTION. Sec. 4. SELECTION OF PARTICIPANTS--PROCESS. (1) The university shall select participants based on the application process conducted by the university.

(2) The university shall create a standard process for medical school students to declare their intention to be primary care physicians for the purposes of participating in the primary care physician conditional tuition waiver program. Applicants accepted into the program must provide the university with a signed contract accepting the terms of the program.

(3) Students who comply with subsection (2) of this section may be awarded conditional tuition waivers under this chapter, subject to available funds.

NEW SECTION. Sec. 5. CONTINUED ELIGIBILITY. To remain an eligible student and receive continuing disbursements under the program, a participant must be considered by the university to be making satisfactory academic progress.

NEW SECTION. Sec. 6. AWARD OF TUITION WAIVERS--AMOUNT--DURATION. The amount of the conditional tuition waiver awarded an individual may not exceed the amount of resident tuition and fees at the university incurred by an eligible student and approved by the university. Participants are eligible to receive conditional tuition waivers for a maximum of four years.

NEW SECTION. Sec. 7. REPAYMENT OBLIGATION--RULES. (1) A participant in the conditional tuition waiver program incurs an obligation to repay the tuition waiver, with interest, unless he or she is employed as a primary care physician in Washington state for two years for every one year of tuition received, under rules adopted by the university.

(2) The interest rate shall be determined annually by the university.

(3) The minimum payment shall be set by the university. The payments of principal and interest shall accrue quarterly

commencing six months from the date the participant completes or discontinues the course of study, including any internship or residency in primary care medicine. Provisions for deferral of payment shall be determined by the university.

(4) The entire principal and interest of each payment shall be forgiven for each payment period in which the participant is employed as a primary care physician in this state until the entire repayment obligation is satisfied. Should the participant cease to be employed as a primary care physician in this state before the participant's repayment obligation is completed, payments on the unsatisfied portion of the principal and interest shall begin the next payment period and continue until the remainder of the participant's repayment obligation is satisfied.

(5) The university is responsible for collection of repayments made under this section and shall exercise due diligence in such collection, maintaining all necessary records to ensure that maximum repayments are made. Collection and servicing of repayments under this section shall be pursued using the full extent of the law, including wage garnishment if necessary. The university is responsible to forgive all or parts of such repayments under the criteria established in this section and shall maintain all necessary records of forgiven payments.

(6) Receipts from the payment of principal or interest or any other subsidies to which the university as administrator is entitled, that are paid by or on behalf of participants under this section, shall be used to cover the costs of granting the conditional tuition waivers, maintaining necessary records, and making collections under subsection (5) of this section. The university shall maintain accurate records of these costs, and all receipts beyond those necessary to pay such costs shall be used to grant conditional tuition waivers to eligible students.

(7) The university shall adopt rules to define the terms of repayment, including applicable interest rates, fees, and deferments.

PERSONAL PRIVILEGE

Senator Kline: "Thank you Mr. President. It's that time of year in which we engage in long afternoons into the evenings on the floor, getting to know each other very, very well. Since I notice you know the numbers of gray heads has sort of increased in my time here and certainly a few gray hairs on my head too. I know that there's a certain stimulant right about now that kind of helps the brain work. It also helps us get a little friendlier and so I brought along a little bit of my friend. Now this is from Seattle but I want you to know that this is ideologically tested. We had a test last year. The test person was Senator Pflug our good friend from the Fifth District. I thought and I told you maybe this stuff might change your thinking, didn't work. No, I'm sorry, it didn't work. The test mouse, Senator Pflug is just as conservative as she ever was. But what this means you all can have this stuff. It's not caffeine free but it's ideologically free and I commend it to you. It's right over here if you need any help I can show you how to push the buttons."

"Sec. 1. RCW 70.38.105 and 2004 c 261 s 6 are each amended to read as follows:

(1) The department is authorized and directed to implement the certificate of need program in this state pursuant to the provisions of this chapter.

(2) There shall be a state certificate of need program which is administered consistent with the requirements of federal law as necessary to the receipt of federal funds by the state.

(3) No person shall engage in any undertaking which is subject to certificate of need review under subsection (4) of this section without first having received from the department either a certificate of need or an exception granted in accordance with this chapter.

(4) The following shall be subject to certificate of need review under this chapter:

(a) The construction, development, or other establishment of a new health care facility;

(b) The sale, purchase, or lease of part or all of any existing hospital as defined in RCW 70.38.025;

(c) Any capital expenditure for the construction, renovation, or alteration of a nursing home which substantially changes the services of the facility after January 1, 1981, provided that the substantial changes in services are specified by the department in rule;

(d) Any capital expenditure for the construction, renovation, or alteration of a nursing home which exceeds the expenditure minimum as defined by RCW 70.38.025. However, a capital expenditure which is not subject to certificate of need review under (a), (b), (c), or (e) of this subsection and which is solely for any one or more of the following is not subject to certificate of need review:

(i) Communications and parking facilities;

(ii) Mechanical, electrical, ventilation, heating, and air conditioning systems;

(iii) Energy conservation systems;

(iv) Repairs to, or the correction of, deficiencies in existing physical plant facilities which are necessary to maintain state licensure, however, other additional repairs, remodeling, or replacement projects that are not related to one or more deficiency citations and are not necessary to maintain state licensure are not exempt from certificate of need review except as otherwise permitted by (d)(vi) of this subsection or RCW 70.38.115(13);

(v) Acquisition of equipment, including data processing equipment, which is not or will not be used in the direct provision of health services;

On motion of Senator Hargrove, Substitute Senate Bill No. 5811 was substituted for Senate Bill No. 5811 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Hargrove moved that the following striking amendment by Senators Hargrove, Regala and Stevens be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.34.030 and 2003 c 227 s 2 are each amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child" and "juvenile" means any individual under the age of eighteen years.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(5) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child; or

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development.

(6) "Developmental disability" means a disability attributable to mental retardation, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial handicap to the individual.

(7) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal

right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(8) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(9) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(10) "Housing services or assistance" means at least effective referrals to federal, state, local, or private agencies or organizations, assistance with forms, or financial subsidies or other monetary assistance for housing.

(11) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, general assistance, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty-five percent or less of the federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

~~((11))~~ (12) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

~~((12))~~ (13) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing services or assistance, capable of preventing the need for out-of-home placement while protecting the child. ~~((Housing services may include, but are not limited to, referrals to federal, state, local, or private agencies or organizations, assistance with forms and applications, or financial subsidies for housing.~~

~~((13))~~ (14) "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to RCW 74.15.030.

~~((14))~~ (15) "Sibling" means a child's birth brother, birth sister, adoptive brother, adoptive sister, half-brother, or half-sister, or as defined by the law or custom of the Indian child's tribe for an Indian child as defined in 25 U.S.C. Sec. 1903(4).

~~((15))~~ (16) "Social study" means a written evaluation of matters relevant to the disposition of the case and shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the

2009 REGULAR SESSION

services will be delivered. The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing services and assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal;

(e) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child's relationship and emotional bond with any siblings, and the agency's plan to provide ongoing contact between the child and the child's siblings if appropriate; and

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

Sec. 2. RCW 13.34.065 and 2008 c 267 s 2 are each amended to read as follows:

(1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

(2)(a) The department of social and health services shall submit a recommendation to the court as to the further need for shelter care in all cases in which it is the petitioner. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the

parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative. The court shall ask the parents whether the department discussed with them the placement of the child with a relative and shall make an express finding that the department's efforts have been made by the department in this regard;

(d) What services, including housing services or assistance if appropriate, were provided to the family to prevent or eliminate the need for removal of the child from the child's home;

(e) Is the placement proposed by the agency the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in 25 U.S.C. Sec. 1903, whether the provisions of the Indian child welfare act apply, and whether there is compliance with the Indian child welfare act, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) The release of such child would present a serious threat of substantial harm to such child, notwithstanding an order entered pursuant to RCW 26.44.063; or

FIFTY-SEVENTH DAY, MARCH 9, 2009

2009 REGULAR SESSION

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. The relative must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative pursuant to RCW 13.34.060(1).

(d) If a relative is not available, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order, including why placement with a relative is not appropriate at this time. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other person approved by the court pursuant to this section, shall be contingent upon cooperation with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other person, subject to review by the court.

(f) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative under (b) of this subsection or with another suitable person under (d) of this subsection.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

(8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

Sec. 3. RCW 13.34.130 and 2007 c 413 s 6 and 2007 c 412 s 2 are each reenacted and amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose those services, including housing services and assistance, that least interfere with family autonomy and are adequate to protect the child.

(b) Order the child to be removed from his or her home and into the custody, control, and care of a relative or the department or a licensed child placing agency for supervision of the child's placement. The department or agency supervising the child's placement has the authority to place the child, subject to review and approval by the court (i) with a relative as defined in RCW 74.15.020(2)(a), (ii) in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW, or (iii) in the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department or supervising agency to be suitable and competent to provide care for the child. Absent good cause, the department or supervising agency shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260. The department or supervising agency may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a) when the court finds that such placement is in the best interest of the child. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is: (A) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; and (B) willing and available to care for the child.

(2) Placement of the child with a relative under this subsection shall be given preference by the court. If the court does not place the child with a relative, the court shall make an express finding why placement with a relative did not occur. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home,

specifying the services, including housing services and assistance if appropriate, that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

(3) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a step-brother or step-sister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the step-sibling.

(4) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

(5) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

(6) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

Sec. 4. RCW 13.34.138 and 2007 c 413 s 8 and 2007 c 410

s 1 are each reenacted and amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first. The purpose of the hearing shall be to review the progress of the parties and determine whether court supervision should continue.

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished within existing resources.

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145 (1)(a) or 13.34.134.

(2)(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) Prior to the child returning home, the department must complete the following:

(i) Identify all adults residing in the home and conduct background checks on those persons;

(ii) Identify any persons who may act as a caregiver for the child in addition to the parent with whom the child is being placed and determine whether such persons are in need of any services in order to ensure the safety of the child, regardless of whether such persons are a party to the dependency. The department or supervising agency may recommend to the court and the court may order that placement of the child in the parent's home be contingent on or delayed based on the need for such persons to engage in or complete services to ensure the safety of the child prior to placement. If services are recommended for the caregiver, and the caregiver fails to engage in or follow through with the recommended services, the department or supervising agency must promptly notify the court; and

(iii) Notify the parent with whom the child is being placed that he or she has an ongoing duty to notify the department or supervising agency of all persons who reside in the home or who may act as a caregiver for the child both prior to the placement of the child in the home and subsequent to the placement of the child in the home as long as the court retains jurisdiction of the dependency proceeding or the department is providing or monitoring either remedial services to the parent or services to ensure the safety of the child to any caregivers.

Caregivers may be required to engage in services under this subsection solely for the purpose of ensuring the present and future safety of a child who is a ward of the court. This subsection does not grant party status to any individual not already a party to the dependency proceeding, create an entitlement to services or a duty on the part of the department or supervising agency to provide services, or create judicial authority to order the provision of services to any person other than for the express purposes of this section or RCW 13.34.025 or if the services are unavailable or unsuitable or the person is not eligible for such services.

(c) If the child is not returned home, the court shall establish in writing:

(i) Whether the agency is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. If additional services, including housing

FIFTY-SEVENTH DAY, MARCH 9, 2009

2009 REGULAR SESSION

services and assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;

(ii) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(iii) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(iv) Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;

(v) Whether there is a continuing need for placement;

(vi) Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;

(vii) Whether preference has been given to placement with the child's relatives and if not, the court shall make specific findings detailing the reasons why the child is not in a relative placement;

(viii) Whether both in-state and, where appropriate, out-of-state placements have been considered;

(ix) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(x) Whether terms of visitation need to be modified;

(xi) Whether the court-approved long-term permanent plan for the child remains the best plan for the child;

(xii) Whether any additional court orders need to be made to move the case toward permanency; and

(xiii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(d) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with an agency case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the agency case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

(c) In a pending dependency case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the child shall be the court's primary consideration in the review hearing.

(4) The court's ability to order housing services and assistance under ((RCW 13.34.130 and this section)) this chapter is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an

out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose. For purposes of this section, "homelessness or the lack of adequate and safe housing" constitutes the primary reason for out-of-home placement when the provision of housing services or assistance would likely prevent the need for out-of-home placement or shorten the length of stay in out-of-home placement. Nothing in this section shall be construed to create an entitlement to housing assistance and services, nor create judicial authority to order the provision of services to any person or family if the services or funding are unavailable or the child or family is not eligible for such services.

(5) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(3).

Sec. 5. RCW 13.34.145 and 2008 c 152 s 3 are each amended to read as follows:

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the agency and any other service providers, the child's parents, the child, and the child's guardian, if any;

FIFTY-SEVENTH DAY, MARCH 9, 2009

2009 REGULAR SESSION

(iii) The extent of any efforts to involve appropriate service providers in addition to agency staff in planning to meet the special needs of the child and the child's parents;

(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

(A) Being returned safely to his or her home;

(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;

(C) Being placed for adoption;

(D) Being placed with a guardian;

(E) Being placed in the home of a fit and willing relative of the child; or

(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

At this hearing, the court shall order the department to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child. For purposes of this section, "good cause exception" includes but is not limited to the following: The child is being cared for by a relative; the department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home; or the department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests.

(c)(i) If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care.

(ii) The permanency plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living.

(iii) The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(d) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall ~~(also)~~:

(i) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.215(5), and 13.34.096; and

(ii) In the situation in which the department or supervising agency is recommending a placement other than the current foster parent or relative, make an express finding of the reasons

the department or agency is recommending that the child be moved.

(4) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(5) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(6) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(7) If the court orders the child returned home, casework supervision shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(8) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(9) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (8) of this section are met.

(10) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(11) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

(12) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

NEW SECTION. Sec. 6. A new section is added to chapter 13.34 RCW to read as follows:

(1) At a disposition, review, or any other hearing that occurs after a dependency is established under this chapter, the court shall ensure that a dependent child over the age of twelve, who is otherwise present in the courtroom, is aware of and

2009 REGULAR SESSION

understands the duties and responsibilities the department has to a child subject to a dependency including, but not limited to, the following:

- (a) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;
- (b) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);
- (c) Parent-child visits;
- (d) Statutory preference for placement with a relative, if appropriate; and
- (e) Statutory preference that an out-of-home placement be found that would allow the child to remain in the same school district, if practical.

(2) If the dependent child is already represented by counsel, the court need not comply with subsection (1) of this section.

NEW SECTION. Sec. 7. A new section is added to chapter 13.34 RCW to read as follows:

(1) The administrative office of the courts shall develop standard court forms and format rules for mandatory use by parties in dependency matters commenced under this chapter or chapter 26.44 RCW. Forms shall be developed not later than November 1, 2009, and the mandatory use requirement shall be effective January 1, 2010. The administrative office of the courts has continuing responsibility to develop and revise mandatory forms and format rules as appropriate.

(2) According to rules established by the administrative office of the courts, a party may delete unnecessary portions of the forms and may supplement the mandatory forms with additional material.

(3) Failure by a party to use the mandatory forms or follow the format rules shall not be a reason to dismiss a case, refuse a filing, or strike a pleading. The court may, however, require the party to submit a corrected pleading and may impose terms payable to the opposing party or payable to the court, or both.

(4) The administrative office of the courts shall distribute a master copy of the mandatory forms to all county court clerks. Upon request, the administrative office of the courts and county clerks must distribute the forms to the public and may charge for the cost of production and distribution of the forms. Private vendors also may distribute the forms. Distribution of forms may be in printed or electronic form.

Sec. 8. RCW 74.13.031 and 2008 c 267 s 6 are each amended to read as follows:

The department shall have the duty to provide child welfare services and shall:

(1) Develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and annually report to the governor and the legislature concerning the department's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) Investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the

attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) Monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. The policy for monitoring placements under this section shall require that children in out-of-home care and in-home dependencies and their caregivers receive a private and individual face-to-face visit each month.

(a) The department shall conduct the monthly visits with children and caregivers required under this section unless the child's placement is being supervised under a contract between the department and a private agency accredited by a national child welfare accrediting entity, in which case the private agency shall, within existing resources, conduct the monthly visits with the child and with the child's caregiver according to the standards described in this subsection and shall provide the department with a written report of the visits within fifteen days of completing the visits.

(b) In cases where the monthly visits required under this subsection are being conducted by a private agency, the department shall conduct a face-to-face health and safety visit with the child at least once every ninety days.

(6) Have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(7) Have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(8) Have authority to purchase care for children; and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

(9) Establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10)(a) Have authority to provide continued foster care or group care as needed to participate in or complete a high school or vocational school program.

(b)(i) Beginning in 2006, the department has the authority to allow up to fifty youth reaching age eighteen to continue in foster care or group care as needed to participate in or complete a posthigh school academic or vocational program, and to receive necessary support and transition services.

(ii) In 2007 and 2008, the department has the authority to allow up to fifty additional youth per year reaching age eighteen

2009 REGULAR SESSION

to remain in foster care or group care as provided in (b)(i) of this subsection.

(iii) A youth who remains eligible for such placement and services pursuant to department rules may continue in foster care or group care until the youth reaches his or her twenty-first birthday. Eligibility requirements shall include active enrollment in a posthigh school academic or vocational program and maintenance of a 2.0 grade point average.

(11) Refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(12) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department of social and health services under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(13) Within amounts appropriated for this specific purpose, provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(14) Have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-one years of age who are or have been in foster care.

(15) Consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department is performing the duties and meeting the obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(16)(a) Within current funding levels, place on the public web site maintained by the department a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative, if appropriate; and

(v) Statutory preference that an out-of-home placement be found that would allow the child to remain in the same school district, if practical.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

NEW SECTION. Sec. 9. A new section is added to chapter 74.13 RCW to read as follows:

Once a dependency is established under chapter 13.34 RCW, the social worker assigned to the case shall provide the dependent child with a document containing the information contained in RCW 74.13.031(16). The social worker shall also explain the content of the document to the child and direct the child to the department's web site for further information. The social worker shall document, in the electronic data system, that this requirement was met.

Sec. 10. RCW 74.13.333 and 2004 c 181 s 1 are each amended to read as follows:

(1) A foster parent who believes that a department employee has retaliated against the foster parent or in any other manner discriminated against the foster parent because:

((+)) (a) The foster parent made a complaint with the office of the family and children's ombudsman, the attorney general, law enforcement agencies, or the department, provided information, or otherwise cooperated with the investigation of such a complaint;

((2)) (b) The foster parent has caused to be instituted any proceedings under or related to Title 13 RCW;

((3)) (c) The foster parent has testified or is about to testify in any proceedings under or related to Title 13 RCW;

((4)) (d) The foster parent has advocated for services on behalf of the foster child;

((5)) (e) The foster parent has sought to adopt a foster child in the foster parent's care; or

((6)) (f) The foster parent has discussed or consulted with anyone concerning the foster parent's rights under this chapter or chapter 74.15 or 13.34 RCW, may file a complaint with the office of the family and children's ombudsman.

(2) The ombudsman may investigate the allegations of retaliation. The ombudsman shall have access to all relevant information and resources held by or within the department by which to conduct the investigation. Upon the conclusion of its investigation, the ombudsman shall provide its findings in written form to the department. The department shall take immediate personnel action against any employee based, in part, on findings by the ombudsman that the department employee has more likely than not engaged in retaliation against a foster parent under this section.

(3) The department shall notify the office of the family and children's ombudsman in writing, within thirty days of receiving the ombudsman's findings, of any personnel action taken or to be taken with regard to the department employee.

(4) The office of the family and children's ombudsman shall also include its recommendations regarding complaints filed under this section in its annual report pursuant to RCW 43.06A.030. The office of the family and children's ombudsman shall identify trends which may indicate a need to improve relations between the department and foster parents."

"**Sec. 1.** RCW 13.04.030 and 2005 c 290 s 1 and 2005 c 238 s 1 are each reenacted and amended to read as follows:

(1) Except as provided in this section, the juvenile courts in this state shall have exclusive original jurisdiction over all proceedings:

(a) Under the interstate compact on placement of children as provided in chapter 26.34 RCW;

(b) Relating to children alleged or found to be dependent as provided in chapter 26.44 RCW and in RCW 13.34.030 through ~~((13.34.170))~~ 13.34.161;

(c) Relating to the termination of a parent and child relationship as provided in RCW 13.34.180 through 13.34.210;

(d) To approve or disapprove out-of-home placement as provided in RCW 13.32A.170;

(e) Relating to juveniles alleged or found to have committed offenses, traffic or civil infractions, or violations as provided in RCW 13.40.020 through 13.40.230, unless:

(i) The juvenile court transfers jurisdiction of a particular juvenile to adult criminal court pursuant to RCW 13.40.110;

(ii) The statute of limitations applicable to adult prosecution for the offense, traffic or civil infraction, or violation has expired;

(iii) The alleged offense or infraction is a traffic, fish, boating, or game offense, or traffic or civil infraction committed by a juvenile sixteen years of age or older and would, if committed by an adult, be tried or heard in a court of limited jurisdiction, in which instance the appropriate court of limited jurisdiction shall have jurisdiction over the alleged offense or infraction, and no guardian ad litem is required in any such proceeding due to the juvenile's age(~~(: -PROVIDED, That)~~). If such an alleged offense or infraction and an alleged offense or infraction subject to juvenile court jurisdiction arise out of the same event or incident, the juvenile court may have jurisdiction of both matters(~~(: -PROVIDED FURTHER, That)~~). The jurisdiction under this subsection does not constitute "transfer" or a "decline" for purposes of RCW 13.40.110(1) or (e)(i) of this subsection(~~(: -PROVIDED FURTHER, That)~~). Courts of limited jurisdiction which confine juveniles for an alleged offense or infraction may place juveniles in juvenile detention facilities under an agreement with the officials responsible for the administration of the juvenile detention facility in RCW 13.04.035 and 13.20.060;

(iv) The alleged offense is a traffic or civil infraction, a violation of compulsory school attendance provisions under chapter 28A.225 RCW, or a misdemeanor, and a court of limited jurisdiction has assumed concurrent jurisdiction over those offenses as provided in RCW 13.04.0301; or

(v) The juvenile is sixteen or seventeen years old on the date the alleged offense is committed and the alleged offense is:

(A) A serious violent offense as defined in RCW 9.94A.030;

(B) A violent offense as defined in RCW 9.94A.030 and the juvenile has a criminal history consisting of: (I) One or more prior serious violent offenses; (II) two or more prior violent offenses; or (III) three or more of any combination of the following offenses: Any class A felony, any class B felony, vehicular assault, or manslaughter in the second degree, all of which must have been committed after the juvenile's thirteenth birthday and prosecuted separately;

(C) Robbery in the first degree, rape of a child in the first degree, or drive-by shooting, committed on or after July 1, 1997;

(D) Burglary in the first degree committed on or after July 1, 1997, and the juvenile has a criminal history consisting of one or more prior felony or misdemeanor offenses; or

(E) Any violent offense as defined in RCW 9.94A.030 committed on or after July 1, 1997, and the juvenile is alleged to have been armed with a firearm.

(I) In such a case the adult criminal court shall have exclusive original jurisdiction, except as provided in (e)(v)(E)(II) and (III) of this subsection.

(II) The juvenile court shall have exclusive jurisdiction over the disposition of any remaining charges in any case in which the juvenile is found not guilty in the adult criminal court of the charge or charges for which he or she was transferred, or is convicted in the adult criminal court of a lesser included offense that is not also an offense listed in (e)(v) of this subsection. The juvenile court shall enter an order extending juvenile court jurisdiction if the juvenile has turned eighteen years of age during the adult criminal court proceedings pursuant to RCW 13.40.300. However, once the case is returned to juvenile court, the court may hold a decline hearing pursuant to RCW 13.40.110 to determine whether to retain the case in juvenile court for the purpose of disposition or return the case to adult criminal court for sentencing.

(III) The prosecutor and respondent may agree to juvenile court jurisdiction and waive application of exclusive adult criminal jurisdiction in (e)(v)(A) through (E) of this subsection and remove the proceeding back to juvenile court with the court's

approval. In deciding whether or not to approve the motion to waive exclusive adult jurisdiction, the court shall only consider the facts of the alleged offense as they relate to: The seriousness of the alleged offense and the extent to which the juvenile was involved; whether the alleged offense was committed in an aggressive, violent, premeditated or willful manner; and whether the alleged offense is against persons or property, greater weight being given to offenses against persons, especially if personal injury resulted from the offense.

If the juvenile challenges the state's determination of the juvenile's criminal history under (e)(v) of this subsection, the state may establish the offender's criminal history by a preponderance of the evidence. If the criminal history consists of adjudications entered upon a plea of guilty, the state shall not bear a burden of establishing the knowing and voluntariness of the plea;

(f) Under the interstate compact on juveniles as provided in chapter 13.24 RCW;

(g) Relating to termination of a diversion agreement under RCW 13.40.080, including a proceeding in which the divertee has attained eighteen years of age;

(h) Relating to court validation of a voluntary consent to an out-of-home placement under chapter 13.34 RCW, by the parent or Indian custodian of an Indian child, except if the parent or Indian custodian and child are residents of or domiciled within the boundaries of a federally recognized Indian reservation over which the tribe exercises exclusive jurisdiction;

(i) Relating to petitions to compel disclosure of information filed by the department of social and health services pursuant to RCW 74.13.042; and

(j) Relating to judicial determinations and permanency planning hearings involving developmentally disabled children who have been placed in out-of-home care pursuant to a voluntary placement agreement between the child's parent, guardian, or legal custodian and the department of social and health services.

(2) The family court shall have concurrent original jurisdiction with the juvenile court over all proceedings under this section if the superior court judges of a county authorize concurrent jurisdiction as provided in RCW 26.12.010.

(3) The juvenile court shall have concurrent original jurisdiction with the family court over child custody proceedings under chapter 26.10 RCW as provided for in RCW 13.34.155.

(4) A juvenile subject to adult superior court jurisdiction under subsection (1)(e)(i) through (v) of this section, who is detained pending trial, may be detained in a detention facility as defined in RCW 13.40.020 pending sentencing or a dismissal.

Sec. 2. RCW 13.40.020 and 2004 c 120 s 2 are each amended to read as follows:

For the purposes of this chapter:

(1) "Community-based rehabilitation" means one or more of the following: Employment; attendance of information classes; literacy classes; counseling, outpatient substance abuse treatment programs, outpatient mental health programs, anger management classes, education or outpatient treatment programs to prevent animal cruelty, or other services; or attendance at school or other educational programs appropriate for the juvenile as determined by the school district. Placement in community-based rehabilitation programs is subject to available funds;

(2) Community-based sanctions may include one or more of the following:

(a) A fine, not to exceed five hundred dollars;

(b) Community restitution not to exceed one hundred fifty hours of community restitution;

SECOND READING

SENATE BILL NO. 6048, by Senators Oemig, Jarrett, McAuliffe, Hobbs, McDermott, Franklin, Kohl-Welles and Haugen

Concerning the state's education system.

The measure was read the second time.

MOTION

Senator McAuliffe moved that the following striking amendment by Senators McAuliffe and Oemig be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) Public education in Washington state has evolved since the enactment of the Washington basic education act of 1977. Decisions by the courts have played a part in this evolution, as have studies and research about education practices and education funding. The legislature finds ample evidence of a need for continuing to refine the program of basic education that is funded by the state and delivered by school districts.

(2) In enacting this legislation, the legislature intends to continue to review, evaluate, and revise the definition and funding of basic education in order to continue to fulfill the state obligation under Article IX of the state Constitution to define and fund a program of basic education for children residing in the state and attending public schools. The legislature also intends to continue to strengthen and modify the structure of the entire K-12 educational system, including nonbasic education programmatic elements, in order to build the capacity to anticipate and support potential future enhancements to basic education as the educational needs of our citizens continue to evolve.

(3) The legislature further intends to fulfill the state's obligation under Article IX to establish a general and uniform system of public schools and build upon the actions previously taken by the legislature to address the inequities that exist in the current system. However, the legislature finds that in some instances providing general and uniform educational opportunity requires tailoring basic education to reflect certain needs and circumstances of each school district, including district size and certain student characteristics. It is the intent of the legislature to address these differences using a rational basis for the differences in order to promote equity and uniformity of educational opportunity.

(4) The legislature finds that while the state has the responsibility to provide for a general and uniform system of public schools, there is also a need for some diversity in the public school system. A successful system of public education must permit some variation among school districts outside the basic education provided for by the state to respond to and reflect the unique desires of local communities. The opportunity for local communities to invest in enriched education programs promotes support for local public schools. Further, the ability of local school districts to experiment with enriched programs can inform the legislature's long-term evolution of the definition of basic education. Therefore, local levy authority remains an important component of the overall finance system in support of the public schools even though it is outside the state's obligation for basic education.

(5) For practical and educational reasons, major changes of the program of basic education and the funding formulas to support it cannot occur instantaneously. The legislature intends to build upon the previous efforts of the legislature and the work of the basic education task force, the state board of education, the professional educator standards board, and others. However, an implementation strategy must be determined for the instructional program; financial experts must develop the details of the funding formulas that are based on prototypical schools; changes to the systems of educator certification, evaluation, mentoring, and compensation must be established; a data and reporting system must be designed; the capacity of districts to help their schools improve student achievement must be increased; and a system in which the state and school districts share accountability for achieving state educational standards requires new mechanisms that will clearly define the relationship of expectations for the state, school districts, and schools. As development of these formulas, processes, and systems progresses, the legislature shall monitor the progress. The legislature intends to begin a schedule for implementation of a redefined program of basic education and the resources necessary to support it, beginning in the 2011-12 school year. It is the legislature's intent that when the system has the capacity to fully implement these reforms and enhancements they will be included in a definition and funding of basic education.

(6) It is the further intent of the legislature to also address additional issues that are of importance to the legislature but are not part of basic education.

NEW SECTION. Sec. 2. INTENT TO MAKE NECESSARY CORRECTIONS. It is the intent of the legislature that the policies and allocation formulas adopted under this act constitute the legislature's definition of basic education under Article IX of the state Constitution. The legislature intends, however, to continue to review and revise the formulas and schedules and may make additional revisions, including revisions for technical purposes and consistency in the event of mathematical or other technical errors.

NEW SECTION. Sec. 3. OVERSIGHT. It is the intent of the legislature to maintain an active and ongoing role in monitoring and overseeing the development and implementation of the new basic education funding formula and redefinition of basic education. The state board of education, professional educator standards board, office of financial management, and the technical working groups established under sections 111, 401, and 502 of this act shall present status reports on the progress in completing the tasks assigned under the provisions of this act to a joint work session of the house of representatives and senate education committees as required by the legislature.

Sec. 104. RCW 28A.150.220 and 1993 c 371 s 2 are each amended to read as follows:

INSTRUCTIONAL PROGRAM. (1) Satisfaction of the basic education ~~((program requirements))~~ goal identified in RCW 28A.150.210 shall be ~~((considered))~~ intended to be implemented by the following minimum instructional program:

(a) Each school district shall make available to students enrolled in kindergarten at least a total instructional offering of four hundred fifty hours. The program shall include instruction in the essential academic learning requirements under RCW ~~((28A.630.885))~~ 28A.655.070 and such other subjects and such activities as the school district shall determine to be appropriate for the education of the school district's students enrolled in such program;

(b) Each school district shall make available to students enrolled in grades one through twelve, at least a district-wide annual average total instructional hour offering of one thousand hours. The state board of education may define alternatives to classroom instructional time for students in grades nine through twelve enrolled in alternative learning experiences. The state board of education shall establish rules to determine annual average instructional hours for districts including fewer than twelve grades. The program shall include the essential academic learning requirements under RCW ~~((28A.630.885))~~ 28A.655.070 and such other subjects and such activities as the school district shall determine to be appropriate for the education of the school district's students enrolled in such group;

(c) If the essential academic learning requirements include a requirement of languages other than English, the requirement may be met by students receiving instruction in one or more American Indian languages;

(d) Supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065;

(e) Supplemental instruction and services for eligible and enrolled students whose primary language is other than English through the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080; and

(3) Each school district's kindergarten through twelfth grade basic educational program shall be accessible to all students who are five years of age, as provided by RCW 28A.225.160, and less than twenty-one years of age and shall consist of a minimum of one hundred eighty school days per school year in such grades as are conducted by a school district, and one hundred eighty half-days of instruction, or equivalent, in kindergarten ~~((PROVIDED, That))~~. However, effective May 1, 1979, a school district may schedule the last five school days of the one hundred and eighty day school year for noninstructional purposes in the case of students who are graduating from high school, including, but not limited to, the observance of graduation and early release from school upon the request of a student, and all such students may be claimed as a full time equivalent student to the extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260.

(4) The state board of education shall adopt rules to implement and ensure compliance with the program requirements imposed by this section, RCW 28A.150.250 and

28A.150.260, and such related supplemental program approval requirements as the state board may establish.

(5) Nothing in this section precludes a school district from enriching the instructional program of basic education, such as offering additional instruction or providing additional services, programs, or activities that the school district determines to be appropriate for the education of the school district's students.

Sec. 105. RCW 28A.150.250 and 1990 c 33 s 107 are each amended to read as follows:

FUNDING OF BASIC EDUCATION INSTRUCTIONAL ALLOCATION. (1) From those funds made available by the legislature for the current use of the common schools, the superintendent of public instruction shall distribute annually as provided in RCW 28A.510.250 to each school district of the state operating a basic education instructional program approved by the state board of education an ~~((amount which, when combined with an appropriate portion of such locally available revenues, other than))~~ allocation based on the formulas provided in RCW 28A.150.260, 28A.150.390, and section 108 of this act. The basic education instructional allocation shall be net of receipts from federal forest revenues distributed to school districts pursuant to RCW 28A.520.010 and 28A.520.020 ~~((as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support, excluding excess property tax levies, will constitute a basic education allocation in dollars for each annual average full time equivalent student enrolled, based upon one full school year of one hundred eighty days, except that for kindergartens one full school year shall be one hundred eighty half days of instruction, or the equivalent as provided in RCW 28A.150.220)).~~

(2) The instructional program of basic education shall be considered to be fully funded by those amounts of dollars appropriated by the legislature pursuant to RCW ~~((28A.150.250 and))~~ 28A.150.260, 28A.150.390, and section 108 of this act to fund those program requirements identified in RCW 28A.150.220 in accordance with the formula ~~((and ratios))~~ provided in RCW 28A.150.260 and those amounts of dollars appropriated by the legislature to fund the salary requirements of RCW ~~((28A.150.100 and))~~ 28A.150.410.

~~((Operation of a program approved by the state board of education, for the purposes of this section, shall include a finding that the ratio of students per classroom teacher in grades kindergarten through three is not greater than the ratio of students per classroom teacher in grades four and above for such district. PROVIDED, That for the purposes of this section, "classroom teacher" shall be defined as an instructional employee possessing at least a provisional certificate, but not necessarily employed as a certificated employee, whose primary duty is the daily educational instruction of students. PROVIDED FURTHER, That the state board of education shall adopt rules and regulations to insure compliance with the student/teacher ratio provisions of this section, and such rules and regulations shall allow for exemptions for those special programs and/or school districts which may be deemed unable to practicably meet the student/teacher ratio requirements of this section by virtue of a small number of students.))~~

(3) If a school district's basic education program fails to meet the basic education requirements enumerated in RCW ~~((28A.150.250;))~~ 28A.150.260 ~~((;))~~ and 28A.150.220, the state board of education shall require the superintendent of public instruction to withhold state funds in whole or in part for the basic education allocation until program compliance is assured ~~((PROVIDED, That))~~. However, the state board of education may waive this requirement in the event of substantial lack of classroom space.

Sec. 106. RCW 28A.150.260 and 2006 c 263 s 322 are each amended to read as follows:

ALLOCATION FOR INSTRUCTIONAL PROGRAM OF BASIC EDUCATION. ~~((The basic education allocation for~~

~~each annual average full-time equivalent student shall be determined in accordance with the following procedures)) The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:~~

~~(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula ((based on a ratio of students to staff)) for the distribution of a basic education instructional allocation for each ((annual average full-time equivalent student enrolled in a)) common school district. ((The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:~~

- ~~—(a) Certificated instructional staff and their related costs;~~
- ~~—(b) Certificated administrative staff and their related costs;~~
- ~~—(c) Classified staff and their related costs;~~
- ~~—(d) Nonsalary costs;~~
- ~~—(e) Extraordinary costs, including school facilities, of remote and necessary schools as judged by the superintendent of public instruction, with recommendations from the school facilities citizen advisory panel under RCW 28A.525.025, and small high schools, including costs of additional certificated and classified staff; and~~
- ~~—(f) The attendance of students pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district.))~~

~~(2)((~~†~~)) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.165, 28A.180, or 28A.155 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.~~

~~(3)(a) To the extent the technical details of the formula have been adopted by the legislature, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.~~

~~(b) For the purposes of this section, prototypical schools are defined as follows:~~

- ~~(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;~~
- ~~(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven~~

~~and eight; and~~

~~(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.~~

~~(c) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on an average class size as specified in the omnibus appropriations act. The omnibus appropriations act shall at a minimum specify:~~

- ~~(i) Basic average class size;~~
 - ~~(ii) Basic average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and~~
 - ~~(iii) Average class size in grades kindergarten through three.~~
- ~~(d) The minimum allocation for each level of prototypical school shall include allocations for staff in addition to classroom teachers.~~

~~(4) The minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs: Student technology; utilities; curriculum, textbooks, library materials, and instructional supplies; instructional professional development; other building-level costs including maintenance, custodial, and security; and central office administration.~~

~~(5) The allocations provided under subsections (3) and (4) of this section shall be enhanced as follows to provide additional allocations for classroom teachers and maintenance, supplies, and operating costs:~~

~~(a) To provide supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the percent of students in each school who are eligible for free and reduced-price meals. The minimum allocation for the learning assistance program shall provide an extended school day and extended school year for each level of prototypical school and a per student allocation for maintenance, supplies, and operating costs.~~

~~(b) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide for supplemental instruction based on percent of the school day a student is assumed to receive supplemental instruction and a per student allocation for maintenance, supplies, and operating costs.~~

~~(6) The allocations under subsections (3)(b), (c)(i), and (d) and (4) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.~~

~~(7) The distribution formula shall include allocations to school districts to support staffing of central office administration. The minimum allocation shall be calculated as a percentage, identified in the omnibus appropriations act, of the total allocations for staff under subsection (3) of this section for all schools in the district.~~

~~(8) For the purposes of allocations for prototypical high schools and middle schools under subsections (3) and (5) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among~~

2009 REGULAR SESSION

middle and high school students.

~~(9)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature. ((The formula shall be for allocation purposes only. While the legislature intends that the allocations for additional instructional staff be used to increase the ratio of such staff to students, nothing in this section shall require districts to reduce the number of administrative staff below existing levels.~~

~~(b) The formula adopted by the legislature shall reflect the following ratios at a minimum: (i) Forty-nine certificated instructional staff to one thousand annual average full-time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full-time equivalent students in grades four through twelve; (iii) four certificated administrative staff to one thousand annual average full-time equivalent students in grades kindergarten through twelve; and (iv) sixteen and sixty-seven one-hundredths classified personnel to one thousand annual average full-time equivalent students enrolled in grades kindergarten through twelve.~~

~~(c)) (b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect((: PROVIDED, That the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.150.220 and 28A.150.100)).~~

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month ((and shall exclude full-time equivalent students with disabilities recognized for the purposes of allocation of state funds for programs under RCW 28A.155.010 through 28A.155.100)), including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction((: PROVIDED, That the definition)) and shall be included as part of the superintendent's biennial budget request((: PROVIDED, FURTHER, That)). The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ((appropriations)) ways and means committee and the senate ways and means committee((: PROVIDED, FURTHER, That)).

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

~~((3)(a) Certificated instructional staff shall include those persons employed by a school district who are nonsupervisory employees within the meaning of RCW 41.59.020(8): PROVIDED, That in exceptional cases, people of unusual competence but without certification may teach students so long as a certificated person exercises general supervision: PROVIDED, FURTHER, That the hiring of such classified people shall not occur during a labor dispute and such classified people shall not be hired to replace certificated employees during a labor dispute.~~

~~(b) Certificated administrative staff shall include all those persons who are chief executive officers, chief administrative officers, confidential employees, supervisors, principals, or assistant principals within the meaning of RCW 41.59.020(4):)~~

Sec. 107. RCW 28A.150.390 and 1995 c 77 s 6 are each

amended to read as follows:

SPECIAL EDUCATION EXCESS COST ALLOCATION.

(1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW ((28A.150.250;)) 28A.150.260(3) through (5) and federal medical assistance and private funds accruing under RCW 74.09.5249 through 74.09.5253 and 74.09.5254 through 74.09.5256((: and other state and local funds, excluding special excess levies)).

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten who are eligible for and enrolled in special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by 0.9309.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (3) (b), (c)(i), and (d) and (4), to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(c) "Enrollment percent" means the district's resident special education annual average enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

(d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or twelve and seven-tenths percent.

NEW SECTION. Sec. 108. SPECIAL EDUCATION SAFETY NET. (1) To the extent necessary, funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided through the special education funding formula under RCW 28A.150.390. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider additional funds for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards. In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state and federal revenues related to services for special education students.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services. Safety net awards under this subsection (1)(c) shall be adjusted to reflect amounts awarded under (b) of this subsection.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

(f) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(2) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent of public instruction shall also provide technical assistance to school districts in preparing and submitting special education safety net applications.

(3) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(4) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

Sec. 109. RCW 28A.150.380 and 2001 c 3 s 10 are each amended to read as follows:

LEGISLATURE TO APPROPRIATE FUNDS. (1) The state legislature shall, at each regular session in an odd-numbered year, appropriate ~~((from the state general fund))~~ for the current use of the common schools such amounts as needed for state support to ~~((the common schools))~~ school districts during the ensuing biennium ~~((as provided in this chapter, RCW 28A.160.150 through 28A.160.210, 28A.300.170, and 28A.500.010))~~ for the program of basic education under RCW 28A.150.200.

(2) In addition to those state funds provided to school districts for basic education, the legislature may appropriate funds to be distributed to school districts for other factors and for other special programs to enhance or enrich the program of

basic education.

(3) The state legislature shall also, at each regular session in an odd-numbered year, appropriate from the student achievement fund and education construction fund solely for the purposes of and in accordance with the provisions of the student achievement act during the ensuing biennium.

Sec. 110. RCW 28A.230.090 and 2006 c 114 s 3 are each amended to read as follows:

GRADUATION REQUIREMENTS. (1) The state board of education shall establish high school graduation requirements or equivalencies for students, except those equivalencies established by local high schools or school districts under RCW 28A.230.097.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) The certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation.

(c) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements. ~~((The board shall reports [report] its findings and recommendations for additional flexibility in graduation requirements, if necessary, to the legislature by December 1, 2007:))~~

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review, and the legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

NEW SECTION. **Sec. 111. FUNDING WORKING GROUP.** (1) The legislature intends to redefine the instructional program of education under RCW 28A.150.220 that fulfills the obligations and requirements of Article IX of the state Constitution. The funding formulas under RCW 28A.150.260 to support the instructional program shall be implemented beginning in the 2011-12 school year to the extent the technical details of the formula have been established and according to an implementation schedule to be adopted by the legislature. The object of the schedule is to assure that increases in funding allocations are timely, predictable, and occur concurrently with any increases in program or instructional requirements. It is the intent of the legislature that no increased programmatic or instructional expectations be imposed upon schools or school districts without an accompanying increase in resources as necessary to support those increased expectations.

(2) The office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to recommend the details of the funding formulas and a concurrent implementation schedule.

(3) In addition to any other details the technical working group deems necessary, the technical working group shall:

(a) Based on the intent established in RCW 28A.150.260, determine how to adjust the actual allocations to school districts from the school prototypes and what additional data might be necessary to allow adjustments based on the actual number of full-time equivalent students in each grade level at each school in the district;

(b) Recommend whether there should be additional class size categories, in addition to those in RCW 28A.150.260, that should be specified in the omnibus appropriations act for prototypical schools;

(c) Recommend what staff categories, in addition to classroom teachers, should have specified allocations included in the omnibus appropriations act for prototypical schools. In developing the list, the working group shall at a minimum consider the following categories:

(i) Principals, including assistant principals and other certificated building-level administrators;

(ii) Teacher or classified employee librarians, a function that includes information literacy, technology, and media to support school library media programs;

(iii) Student health services, a function that includes school nurses, whether certificated instructional or classified employee, and social workers;

(iv) Guidance counselors, a function that includes parent outreach and graduation advisor;

(v) Professional development coaches;

(vi) Teaching assistance, which includes any aspect of educational instructional services provided by classified employees;

(vii) Office support, technology support, and noninstructional aides;

(viii) Custodians, warehouse, maintenance, laborer, and professional and technical education support employees;

(ix) Student and staff safety; and

(x) Teacher mentor enhancement; and

(d) Recommend whether additional categories of enhancements to the annual average full-time equivalent student allocation should be included in the omnibus appropriations act for prototypical schools, any recommended criteria for those enhancements, and whether restrictions on when those enhancements apply should be included. The working group shall at a minimum give consideration to the following potential enhancements:

(i) Based on student enrollment in exploratory career and technical education courses;

(ii) Based on student enrollment in laboratory science courses;

(iii) Based on student enrollment in preparatory career and technical education courses;

(iv) Based on enrollment in preparatory career and technical education courses offered through a skill center; and

(v) Based on the enrollment of highly capable students.

(4) The working group shall include representatives of the legislative evaluation and accountability program committee, school district and educational service district financial managers, the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(5) The working group shall be monitored and overseen by the legislature as established in section 3 of this act. The working group shall submit its recommendations to the legislature by December 1, 2009.

NEW SECTION. **Sec. 112.** A new section is added to chapter 28A.300 RCW to read as follows:

CAPACITY AND PHASE IN OF BASIC EDUCATION ENHANCEMENTS. (1) As part of the estimates and information submitted to the governor by the superintendent of public instruction under RCW 28A.300.170, the superintendent of public instruction shall annually make determinations on the educational system's capacity to accommodate increased resources in relation to the recommended elements in the prototypical funding allocation model. In areas where there are specific and significant capacity limitations to providing enhancements to a recommended element, the superintendent of public instruction shall identify those limitations and make recommendations on how to address the issue.

(2) The legislature shall:

(a) Review the recommendations of the superintendent of public instruction submitted under subsection (1) of this section; and

(b) Use the information as it continues to redefine and enhance an evolving program of basic education that serves the educational needs of the citizen's of Washington; and ensure that no enhancements are imposed on the educational system that cannot be accommodated by the existing system capacity.

(3) It is the intent of the legislature that as state support for the common schools is increased, increases in appropriations that are not basic education appropriations and that are above the maintenance level of the prior budget cycle shall be used primarily for the purposes of building system capacity to support:

(a) Class size reductions in grades kindergarten through three; or

(b) Increasing and enhancing a statewide beginning teacher mentoring and support system.

(4) "System capacity" for purposes of this section includes, but is not limited to, the ability of schools and districts to provide the capital facilities necessary to support a particular instructional program, the staffing levels necessary to support an instructional program both in terms of actual numbers of staff as well as the experience level and types of staff available to fill positions, the higher education systems capacity to prepare the next generation of educators, and the availability of data and a data system capable of helping the state allocate its resources in a manner consistent with evidence-based practices that are shown to improve student learning.

(5) The office of the superintendent of public instruction shall report to the legislature on an annual basis beginning December 1, 2010.

PART II

CERTIFICATION AND PROFESSIONAL DEVELOPMENT

NEW SECTION. Sec. 201. INTENT. The legislature recognizes that the key to providing all students the opportunity to achieve the basic education goal is effective teaching and leadership. Teachers and administrators must be provided with access to the opportunities they need to gain the knowledge and skills that will enable them to be increasingly successful in their classroom and schools. A system that clearly defines, supports, measures, and recognizes effective teaching and leadership is one of the most important investments to be made.

NEW SECTION. Sec. 202. A new section is added to chapter 28A.410 RCW to read as follows:

(1)(a) By January 1, 2010, the professional educator standards board shall adopt a set of articulated teacher knowledge, skill, and performance standards for effective teaching that are evidence-based, measurable, meaningful, and documented in high quality research as being associated with improved student learning. The standards shall be calibrated for each level of certification and along the entire career continuum. In developing the standards, the board shall, to the extent possible, incorporate standards for cultural competency along the entire continuum. For the purposes of this subsection, "cultural competency" includes knowledge of student cultural histories and contexts, as well as family norms and values in different cultures; knowledge and skills in accessing community resources and community and parent outreach; and skills in adapting instruction to students' experiences and identifying cultural contexts for individual students.

(b) By January 1, 2010, the professional educator standards board shall adopt a definition of master teacher, with a comparable level of increased competency between professional certification level and master level as between professional certification level and national board certification. Within the definition established by the professional educator standards board, teachers certified through the national board for professional teaching standards shall be considered master teachers.

(2) By January 1, 2010, the professional educator standards board shall submit to the governor and the education and fiscal committees of the legislature:

(a) An update on the status of implementation of the professional certificate external and uniform assessment authorized in RCW 28A.410.210;

(b) A proposal for a uniform, statewide, valid, and reliable classroom-based means of evaluating teacher effectiveness as a culminating measure at the preservice level that is to be used during the student-teaching field experience. This assessment shall include multiple measures of teacher performance in

classrooms, evidence of positive impact on student learning, and shall include review of artifacts, such as use of a variety of assessment and instructional strategies, and student work. The proposal shall establish a timeline for when the assessment will be required for successful completion of a Washington state-approved teacher preparation program. The timeline shall take into account the capacity of the K-12 education and higher education systems to accommodate the new assessment. The proposal and timeline shall also address how the assessment will be included in state-reported data on preparation program quality; and

(c) A recommendation on the length of time that a residency certificate issued to a teacher is valid and within what time period a teacher must meet the minimum level of performance for and receive a professional certificate in order to continue being certified as a teacher. In developing this recommendation, the professional educator standards board shall consult with interested stakeholders including the Washington education association, the Washington association of school administrators, association of Washington school principals, and the Washington state school directors' association and shall include with its recommendation a description of each stakeholder's comments on the recommendation.

(3) The update and proposal in subsection (2)(a) and (b) of this section shall include, at a minimum, descriptions of:

(a) Estimated costs and statutory authority needed for further development and implementation of these assessments;

(b) A common and standardized rubric for determining whether a teacher meets the minimum level of performance of the assessments; and

(c) Administration and management of the assessments.

(4) To the extent that funds are appropriated for this purpose and in accordance with the timeline established in subsection (2) of this section, recognizing the capacity limitations of the education systems, the professional educator standards board shall develop the system and process as established in subsections (1), (2), and (3) of this section throughout the remainder of the 2010-11 and 2011-12 school years.

(5) Beginning no earlier than September 1, 2011, award of a professional certificate shall be based on a minimum of two years of successful teaching experience as defined by the board and on the results of the evaluation authorized under RCW 28A.410.210(14) and under this section, and may not require candidates to enroll in a professional certification program.

(6) Beginning July 1, 2011, educator preparation programs approved to offer the residency teaching certificate shall be required to demonstrate how the program produces effective teachers as evidenced by the measures established under this section and other criteria established by the professional educator standards board.

Sec. 203. RCW 28A.415.360 and 2007 c 402 s 9 are each amended to read as follows:

(1) Subject to funds appropriated for this purpose, targeted professional development programs, to be known as learning improvement days, are authorized to further the development of outstanding mathematics, science, and reading teaching and learning opportunities in the state of Washington. The intent of this section is to provide guidance for the learning improvement days in the omnibus appropriations act. The learning improvement days authorized in this section shall not be considered part of the definition of basic education.

(2) ~~((The expected outcomes of these programs are))~~ A school district is eligible to receive funding for learning improvement days that are limited to specific activities related to student learning that contribute to the following outcomes:

(a) Provision of meaningful, targeted professional development for all teachers in mathematics, science, or reading;

(b) Increased knowledge and instructional skill for mathematics, science, or reading teachers;

FIFTY-SEVENTH DAY, MARCH 9, 2009

2009 REGULAR SESSION

(c) Increased use of curriculum materials with supporting diagnostic and supplemental materials that align with state standards;

(d) Skillful guidance for students participating in alternative assessment activities;

(e) Increased rigor of course offerings especially in mathematics, science, and reading;

(f) Increased student opportunities for focused, applied mathematics and science classes;

(g) Increased student success on state achievement measures; and

(h) Increased student appreciation of the value and uses of mathematics, science, and reading knowledge and exploration of related careers.

(3) School districts receiving resources under this section shall submit reports to the superintendent of public instruction (~~(regarding the use of the funds;)~~ documenting how the use of the funds (~~(is associated with)~~ contributes to measurable improvement in the (~~(expected)~~) outcomes described under subsection (2) of this section; and how other professional development resources and programs authorized in statute or in the omnibus appropriations act contribute to the expected outcomes. The superintendent of public instruction and the office of financial management shall collaborate on required report content and format.

PART III SHARED ACCOUNTABILITY FOR SCHOOL AND DISTRICT IMPROVEMENT

NEW SECTION. Sec. 301. INTENT. (1) The legislature intends to develop a system in which the state and school districts share accountability for achieving state educational standards and supporting continuous school improvement. The legislature recognizes that comprehensive education finance reform and the increased investment of public resources necessary to implement that reform must be accompanied by a new mechanism for clearly defining the relationships and expectations for the state, school districts, and schools. It is the legislature's intent that this be accomplished through the development of a proactive, collaborative accountability system that focuses on school improvement system that engages and serves the local school board, parents, students, staff in the schools and districts, and the community. The improvement system shall be based on progressive levels of support, with a goal of continuous improvement in student achievement and alignment with the federal system of accountability. The legislature further recognizes that it is the state's responsibility to provide schools and districts with the tools necessary to improve student achievement. These tools include the necessary accounting and data reporting systems, assessment systems to monitor student achievement, and a system of general support, targeted assistance, recognition, and, potentially, state-funded intervention strategies.

(2) The legislature has already charged the state board of education to develop criteria to identify schools and districts that are successful, in need of assistance, and those where students persistently fail, as well as to identify a range of intervention strategies and a performance incentive system. The legislature finds that the state board of education should build on the work that the board has already begun in these areas. As development of these formulas, processes, and systems progresses, the legislature should monitor the progress.

NEW SECTION. Sec. 302. A new section is added to chapter 28A.305 RCW to read as follows:

PRINCIPLES. (1) The state board of education shall continue to refine the development of an accountability framework that creates a unified system of support for challenged schools, that aligns with basic education, increases

the level of support based upon the magnitude of need, and uses data for decisions.

(2) The state board of education shall develop an accountability index to identify schools and districts for recognition and for additional state support. The index shall be based on student growth using criteria that are fair, consistent, and transparent. Performance shall be measured using multiple outcomes and indicators including, but not limited to, graduation rates and results from statewide assessments. The accountability index shall take into account the level of state resources a school or school district receives in support of the program of basic education. The index shall be developed in such a way as to be easily understood by both employees within the schools and districts, as well as parents and community members. It is the legislature's intent that the index provide feedback to schools and districts to self-assess their progress, and enable the identification of schools with exemplary student performance and those that need assistance to overcome challenges in order to achieve exemplary student performance.

(3) Based on the accountability index and in consultation with the superintendent of public instruction, the state board of education shall develop a proposal and timeline for implementation of a comprehensive system of voluntary support and assistance for schools and districts. The timeline must take into account and accommodate capacity limitations of the K-12 educational system. The proposal and timeline shall be submitted to the education committees of the legislature for review, and the legislature shall have the opportunity to act during a regular legislative session before the system of voluntary support is implemented. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.

(4) The state board of education shall develop a proposal and implementation timeline for a more formalized comprehensive system improvement targeted to challenged schools and districts that have not demonstrated sufficient improvement through the voluntary system. The timeline must take into account and accommodate capacity limitations of the K-12 educational system. The proposal and timeline shall be submitted to the education committees of the legislature by December 1, 2012, and shall include recommended legislation and recommended resources to implement the system according to the timeline developed. The proposal shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.

(5) In coordination with the superintendent of public instruction, the state board of education shall seek approval from the United States department of education for use of the accountability index and the state system of support, assistance, and potential intervention, to replace the federal accountability system under P.L. 107-110, the no child left behind act of 2001.

(6) The state board of education shall work with the education data center established within the office of financial management and the technical working group established in section 111 of this act to determine the feasibility of using the prototypical funding allocation model as not only a tool for allocating resources to schools and districts but also as a tool for schools and districts to report to the state legislature and the state board of education on how the state resources received are being used.

PART IV COMPENSATION

NEW SECTION. Sec. 401. A new section is added to chapter 43.41 RCW to read as follows:

FIFTY-SEVENTH DAY, MARCH 9, 2009

2009 REGULAR SESSION

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of financial management shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:

- (a) How to reduce the number of tiers within the existing salary allocation model;
- (b) How to account for labor market adjustments;
- (c) The role of and types of bonuses available;
- (d) Ways to accomplish salary equalization over a set number of years; and
- (e) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:

- (a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;
- (b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and
- (c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the department of personnel, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature as established in section 3 of this act. The working group shall make an initial report to the legislature by

December 1, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary.

PART V OTHER FINANCE

NEW SECTION. **Sec. 501.** A new section is added to chapter 28A.500 RCW to read as follows:

NEW LEVY/LEA SYSTEM--INTENT. (1) The legislature finds that while the state has the responsibility to provide for a general and uniform system of public schools, there is also a need for some diversity in the public school system. A successful system of public education must permit some variation among school districts outside the basic education provided for by the state to respond to and reflect the unique desires of local communities. The opportunity for local communities to invest in enriched education programs promotes support for local public schools. Further, the ability of local school districts to experiment with enriched programs can inform the legislature's long-term evolution of the definition of basic education. Therefore, local levy authority remains an important component of the overall finance system in support of the public schools even though it is outside the state's obligation for basic education.

(2) However, the value of permitting local levies must be balanced with the value of equity and fairness to students and to taxpayers, neither of whom should be unduly disadvantaged due to differences in the tax bases used to support local levies. Equity and fairness require both an equitable basis for supplemental funding outside basic education and a mechanism for property tax-poor school districts to fairly access supplemental funding. As such, local effort assistance, while also outside the state's obligation for basic education, is another important component of school finance.

NEW SECTION. **Sec. 502.** LOCAL FUNDING WORKING GROUP. (1) Beginning July 1, 2010, the office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to develop options for a new system of supplemental school funding through local school levies and local effort assistance.

(2) The working group shall consider the impact on overall school district revenues of the new basic education funding system established under this act and shall recommend a phase-in plan that ensures that no school district suffers a decrease in funding from one school year to the next due to implementation of the new system of supplemental funding.

(3) The working group shall be composed of representatives from the department of revenue, the legislative evaluation and accountability program committee, school district and educational service district financial managers, and representatives of the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(4) The local funding working group shall be monitored and overseen by the legislature as established in section 3 of this act. The working group shall report to the legislature December 1, 2011.

PART VI GENERAL PROVISIONS--PROGRAM OF BASIC EDUCATION

Beginning with the 2007-2008 school year, "participating student" means a student in kindergarten through grade))~~ twelve who scores below standard for his or her grade level on the statewide assessments and who is identified in the approved plan to receive services.

(4) "Statewide assessments" means one or more of the several basic skills assessments administered as part of the state's student assessment system, and assessments in the basic skills areas administered by local school districts.

(5) "Underachieving students" means students with the greatest academic deficits in basic skills as identified by the statewide assessments.

Sec. 603. RCW 28A.165.055 and 2008 c 321 s 10 are each amended to read as follows:

LAP ADJUSTMENTS. ~~((+))~~ Each school district with an approved program is eligible for state funds provided for the learning assistance program. The funds shall be appropriated for the learning assistance program in accordance with RCW 28A.150.260 and the ((biennial)) omnibus appropriations act. The distribution formula is for school district allocation purposes only, but funds appropriated for the learning assistance program must be expended for the purposes of RCW 28A.165.005 through 28A.165.065. ((The distribution formula shall be based on one or more family income factors measuring economic need.

~~((2))~~ In addition to the funds allocated to eligible school districts on the basis of family income factors, enhanced funds shall be allocated for school districts where more than twenty percent of students are eligible for and enrolled in the transitional bilingual instruction program under chapter 28A.180 RCW as provided in this subsection. ~~The enhanced funding provided in this subsection shall take effect beginning in the 2008-09 school year.~~

~~((a))~~ If, in the prior school year, a district's percent of October headcount student enrollment in grades kindergarten through twelve who are enrolled in the transitional bilingual instruction program, based on an average of the program headcount taken in October and May, exceeds twenty percent, twenty percent shall be subtracted from the district's percent transitional bilingual instruction program enrollment and the resulting percent shall be multiplied by the district's kindergarten through twelve annual average full-time equivalent enrollment for the prior

school year:

~~((b))~~ The number calculated under (a) of this subsection shall be the number of additional funded students for purposes of this subsection, to be multiplied by the per-funded student allocation rates specified in the omnibus appropriations act.

~~((c))~~ School districts are only eligible for the enhanced funds under this subsection if their percentage of October headcount enrollment in grades kindergarten through twelve eligible for free or reduced-price lunch exceeded forty percent in the prior school year.))

Sec. 604. RCW 28A.180.010 and 1990 c 33 s 163 are each amended to read as follows:

TBIP ADJUSTMENTS. RCW 28A.180.010 through 28A.180.080 shall be known and cited as "the transitional bilingual instruction act." The legislature finds that there are large numbers of children who come from homes where the primary language is other than English. The legislature finds that a transitional bilingual education program can meet the needs of these children. Pursuant to the policy of this state to insure equal educational opportunity to every child in this state, it is the purpose of RCW 28A.180.010 through 28A.180.080 to provide for the implementation of transitional bilingual education programs in the public schools ~~((and to provide supplemental financial assistance to school districts to meet the extra costs of these programs)).~~

(1) The legislature recognizes that defining a new program of basic education and establishing new allocations of state funding deemed necessary to support school districts in offering that program carries with it the responsibility to identify long-term funding sources sufficient to support additional costs to the state that result. The legislature finds that while making ample provision for the education of all children residing within its borders is the state's paramount duty, it does not negate its responsibility for other essential state programs and services. The legislature further finds that while a redefined program of basic education and the resources necessary to support it is appropriate for both practical and educational reasons, it does not diminish the long-term funding obligations accruing from it, or the legislature's responsibility to demonstrate how it will meet them. The legislature therefore intends that work to identify long-term funding sources to finance the program and state allocations established under this act shall proceed concurrently with the work of the working group established in sections 111.

(2) The office of financial management shall convene a working group to identify new, long-term funding sources deemed sufficient to support the revised program of basic education and funding allocations adopted under this act.

In establishing such a requirement, the district shall adopt regulations for waiving or reducing the premiums of such coverage as may be offered through the school district or educational service district to students participating in extracurricular activities, for those students whose families, by reason of their low income, would have difficulty paying the entire amount of such insurance premiums. ~~(c) If the authority determines at any time that the conditions in (b) of this subsection cannot be met, the authority shall offer enrollment to additional groups of district employees on a tiered rate structure until such time as the authority determines there would be no material difference between revenues and expenditures under a composite rate structure for all district employees enrolled in authority plans.~~

~~(d) The authority may charge districts a one-time set-up fee for employee groups enrolling in authority plans for the first time). The authority may collect these amounts in accordance with the district fiscal year.~~

MOTION

Senator Kilmer moved that the following striking amendment by Senators Kilmer, Hargrove and Rockefeller be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that energy efficiency is the cheapest, quickest, and cleanest way to meet rising energy needs, confront climate change, and boost our economy. More than thirty percent of Washington's greenhouse gas emissions come from energy use in buildings. Making homes, businesses, and public institutions more energy efficient will save money, create good local jobs, enhance energy security, reduce pollution that causes global warming, and speed economic recovery while reducing the need to invest in costly new generation. Washington can spur its economy and assert its regional and national clean energy leadership by putting efficiency first. Washington can accomplish this by: Promoting super efficient, low-energy use building codes; requiring disclosure of buildings' energy use to prospective buyers; making public buildings models of energy efficiency; financing energy saving upgrades to existing buildings; and reducing utility bills for low-income households.

NEW SECTION. Sec. 2. The definitions in this section apply to sections 1 through 3 and 5 through 8 of this act and RCW 19.27A.020 unless the context clearly requires otherwise.

(1) "Benchmark" means the energy used by a facility as recorded monthly for at least one year and the facility characteristics information inputs required for a portfolio manager.

(2) "Conditioned space" means conditioned space, as defined in the Washington state energy code.

(3) "Consumer-owned utility" includes a municipal electric utility formed under Title 35 RCW, a public utility district formed under Title 54 RCW, an irrigation district formed under chapter 87.03 RCW, a cooperative formed under chapter 23.86 RCW, a mutual corporation or association formed under chapter 24.06 RCW, a port district formed under Title 53 RCW, or a water-sewer district formed under Title 57 RCW, that is engaged in the business of distributing electricity to one or more retail electric customers in the state.

(4) "Cost-effectiveness" means that a project or resource is forecast:

(a) To be reliable and available within the time it is needed; and

(b) To meet or reduce the power demand of the intended consumers at an estimated incremental system cost no greater than that of the least-cost similarly reliable and available alternative project or resource, or any combination thereof.

(5) "Council" means the state building code council.

(6) "Department" means the department of community, trade, and economic development.

(7) "Embodied energy" means the total amount of fossil fuel energy consumed to extract raw materials and to manufacture, assemble, transport, and install the materials in a building and the life-cycle cost benefits including the recyclability and energy efficiencies with respect to building materials, taking into account the total sum of current values for the costs of

investment, capital, installation, operating, maintenance, and replacement as estimated for the lifetime of the product or project.

(8) "Energy consumption data" means the monthly amount of energy consumed by a customer as recorded by the applicable energy meter for the most recent twelve-month period.

(9) "Energy service company" has the same meaning as in RCW 43.19.670.

(10) "General administration" means the department of general administration.

(11) "Greenhouse gas" and "greenhouse gases" includes carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride.

(12) "Investment grade energy audit" means an intensive engineering analysis of energy efficiency and management measures for the facility, net energy savings, and a cost-effectiveness determination.

(13) "Investor-owned utility" means a corporation owned by investors that meets the definition of "corporation" as defined in RCW 80.04.010 and is engaged in distributing either electricity or natural gas, or both, to more than one retail electric customer in the state.

(14) "Major facility" means any publicly owned or leased building, or a group of such buildings at a single site, having ten thousand square feet or more of conditioned floor space.

(15) "National energy performance rating" means the score provided by the energy star program, to indicate the energy efficiency performance of the building compared to similar buildings in that climate as defined in the United States environmental protection agency "ENERGY STAR® Performance Ratings Technical Methodology."

(16) "Net zero energy use" means a building with net energy consumption of zero over a typical year.

(17) "Portfolio manager" means the United States environmental protection agency's energy star portfolio manager or an equivalent tool adopted by the department.

(18) "Preliminary energy audit" means a quick evaluation by an energy service company of the energy savings potential of a building.

(19) "Qualifying public agency" includes all state agencies, colleges, and universities.

(20) "Qualifying utility" means a consumer-owned or investor-owned gas or electric utility that serves more than twenty-five thousand customers in the state of Washington.

(21) "Reporting public facility" means any of the following:

(a) A building or structure, or a group of buildings or structures at a single site, owned by a qualifying public agency, that exceed ten thousand square feet of conditioned space;

(b) Buildings, structures, or spaces leased by a qualifying public agency that exceeds ten thousand square feet of conditioned space, where the qualifying public agency purchases energy directly from the investor-owned or consumer-owned utility;

(c) A wastewater treatment facility owned by a qualifying public agency; or

(d) Other facilities selected by the qualifying public agency.

(22) "State portfolio manager master account" means a portfolio manager account established to provide a single shared portfolio that includes reports for all the reporting public facilities.

NEW SECTION. Sec. 3. (1) The department shall develop and implement a strategic plan for enhancing energy efficiency in and reducing greenhouse gas emissions from homes, buildings, districts, and neighborhoods. The strategic plan must be used to help direct the future code increases in RCW 19.27A.020, with targets for new buildings consistent with section 5 of this act. The strategic plan will identify barriers to achieving net zero energy use in homes and buildings and identify how to overcome these barriers in future energy code

FIFTY-EIGHTH DAY, MARCH 10, 2009

2009 REGULAR SESSION

updates and through complementary policies.

(2) The department must complete and release the strategic plan to the legislature and the council by December 31, 2010, and update the plan every three years.

(3) The strategic plan must include recommendations to the council on energy code upgrades. At a minimum, the strategic plan must:

(a) Consider development of aspirational codes separate from the state energy code that contain economically and technically feasible optional standards that could achieve higher energy efficiency for those builders that elected to follow the aspirational codes in lieu of or in addition to complying with the standards set forth in the state energy code;

(b) Determine the appropriate methodology to measure achievement of state energy code targets using the United States environmental protection agency's target finder program or equivalent methodology;

(c) Address the need for enhanced code training and enforcement;

(d) Include state strategies to support research, demonstration, and education programs designed to achieve a seventy percent reduction in annual net energy consumption as specified in section 5 of this act and enhance energy efficiency and on-site renewable energy production in buildings;

(e) Recommend incentives, education, training programs and certifications, particularly state-approved training or certification programs, joint apprenticeship programs, or labor-management partnership programs that train workers for energy-efficiency projects to ensure proposed programs are designed to increase building professionals' ability to design, construct, and operate buildings that will meet the seventy percent reduction in annual net energy consumption as specified in section 5 of this act;

(f) Address barriers for utilities to serve net zero energy homes and buildings and policies to overcome those barriers;

(g) Address the limits of a prescriptive code in achieving net zero energy use homes and buildings and propose a transition to performance-based codes;

(h) Identify financial mechanisms such as tax incentives, rebates, and innovative financing to motivate energy consumers to take action to increase energy efficiency and their use of on-site renewable energy. Such incentives, rebates, or financing options may consider the role of government programs as well as utility-sponsored programs;

(i) Address the adequacy of education and technical assistance, including school curricula, technical training, and peer-to-peer exchanges for professional and trade audiences;

(j) Develop strategies to develop and install district and neighborhood-wide energy systems that help meet net zero energy use in homes and buildings;

(k) Identify costs and benefits of energy efficiency measures on residential and nonresidential construction; and

(l) Investigate methodologies and standards for the measurement of the amount of embodied energy used in building materials.

(4) The department and the council shall convene a work group to inform the initial development of the strategic plan. Membership of the work group may include, but is not limited to, representatives from:

(a) A municipal code enforcement officer employed by a municipality;

(b) A residential builder, recommended by a statewide association representing residential contractors;

Washington state in place of the existing state energy code.

(9) The definitions in section 2 of this act apply throughout this section.

NEW SECTION. Sec. 5. (1) Except as provided in subsection (2) of this section, residential and nonresidential construction permitted under the 2031 state energy code must achieve a seventy percent reduction in annual net energy consumption, using the adopted 2006 Washington state energy code as a baseline.

(2) The council shall adopt state energy codes from 2013 through 2031 that incrementally move towards achieving the seventy percent reduction in annual net energy consumption as specified in subsection (1) of this section. The council shall report its progress by December 31, 2012, and every three years thereafter. If the council determines that economic, technological, or process factors would significantly impede adoption of or compliance with this subsection, the council may defer the implementation of the proposed energy code update and shall report its findings to the legislature by December 31st of the year prior to the year in which those codes would otherwise be enacted.

NEW SECTION. Sec. 6. (1) On and after January 1, 2010, qualifying utilities shall maintain records of the energy consumption data of all nonresidential and qualifying public agency buildings to which they provide service. This data must be maintained for at least the most recent twelve months in a format compatible for uploading to the United States environmental protection agency's energy star portfolio manager.

(2) On and after January 1, 2010, upon the written authorization or secure electronic authorization of a nonresidential building owner or operator, a qualifying utility shall upload the energy consumption data for the accounts specified by the owner or operator for a building to the United States environmental protection agency's energy star portfolio manager in a form that does not disclose personally identifying information.

(3) In carrying out the requirements of this section, a qualifying utility shall use any method for providing the specified data in order to maximize efficiency and minimize overall program cost. Qualifying utilities are encouraged to consult with the United States environmental protection agency and their customers in developing reasonable reporting options.

(4) Disclosure of nonpublic nonresidential benchmarking data and ratings required under subsection (5) of this section will be phased in as follows:

(a) By January 1, 2011, for buildings greater than fifty thousand square feet; and

(b) By January 1, 2012, for buildings greater than ten thousand square feet.

(5) Based on the size guidelines in subsection (4) of this section, a building owner or operator, or their agent, of a nonresidential building shall disclose the United States environmental protection agency's energy star portfolio manager benchmarking data and ratings to a prospective buyer, lessee, or lender for the most recent continuously occupied twelve-month period. A building owner or operator, or their agent, who delivers United States environmental protection agency's energy star portfolio manager benchmarking data and ratings to a prospective buyer, lessee, or lender is not required to provide additional information regarding energy consumption, and the information is deemed to be adequate to inform the prospective buyer, lessee, or lender regarding the United States environmental protection agency's energy star portfolio manager benchmarking data and ratings for the most recent twelve-month period for the building that is being sold, leased, financed, or refinanced.

(6) Notwithstanding subsections (4) and (5) of this section, nothing in this section increases or decreases the duties, if any,

of a building owner, operator, or their agent under this chapter or alters the duty of a seller, agent, or broker to disclose the existence of a material fact affecting the real property.

NEW SECTION. Sec. 7. By December 31, 2009, the department shall recommend to the legislature a methodology to determine an energy performance score for residential buildings and an implementation strategy to use such information to improve the energy efficiency of the state's existing housing supply. In developing its strategy, the department shall seek input from providers of residential energy audits, utilities, building contractors, mixed use developers, the residential real estate industry, and real estate listing and form providers.

NEW SECTION. Sec. 8. (1) By July 1, 2010, each qualifying public agency shall:

(a) Create an energy benchmark for each reporting public facility using a portfolio manager;

(b) Report to general administration, the environmental protection agency national energy performance rating for each reporting public facility included in the technical requirements for this rating; and

(c) Link all portfolio manager accounts to the state portfolio manager master account to facilitate public reporting.

(2) By January 1, 2010, general administration shall establish a state portfolio manager master account. The account must be designed to provide shared reporting for all reporting public facilities.

(3) By July 1, 2010, general administration shall select a standardized portfolio manager report for reporting public facilities. General administration, in collaboration with the United States environmental protection agency, shall make the standard report of each reporting public facility available to the public through the portfolio manager web site.

(4) General administration shall prepare a biennial report summarizing the statewide portfolio manager master account reporting data. The first report must be completed by December 1, 2012. Subsequent reporting shall be completed every two years thereafter.

(5) By July 1, 2010, general administration shall develop a technical assistance program to facilitate the implementation of a preliminary audit and the investment grade energy audit. General administration shall design the technical assistance program to utilize audit services provided by utilities or energy services contracting companies when possible.

(6) For each reporting public facility with a national energy performance rating score below fifty, the qualifying public agency, in consultation with general administration, shall undertake a preliminary energy audit by July 1, 2011. If potential cost-effective energy savings are identified, an investment grade energy audit must be completed by July 1, 2013. Implementation of cost-effective energy conservation measures are required by July 1, 2016. For a major facility that is leased by a state agency, college, or university, energy audits and implementation of cost-effective energy conservation measures are required only for that portion of the facility that is leased by the state agency, college, or university.

(7) Schools are strongly encouraged to follow the provisions in subsections (1) through (6) of this section.

(8) The director of the department of general administration, in consultation with the affected state agencies and the office of financial management, shall review the cost and delivery of agency programs to determine the viability of relocation when a facility leased by the state has a national energy performance rating score below fifty. The department of general administration shall establish a process to determine viability.

(9) By July 1, 2011, general administration shall conduct a review of facilities not covered by the national energy performance rating. Based on this review, general administration shall develop a portfolio of additional facilities that require preliminary energy audits. For these facilities, the

Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the ~~((scholastic assessment test~~)SAT(~~))~~ or the ~~((American college test~~)ACT(~~))~~ may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, 2007. Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 19.285.020 and 2007 c 1 s 2 are each amended to read as follows:

Increasing energy conservation and the use of appropriately sited renewable energy facilities builds on the strong foundation of low-cost renewable hydroelectric generation in Washington state and will promote energy independence in the state and the Pacific Northwest region. It shall be the policy of the state to recognize and promote the use of low-cost renewable hydroelectric generation to firm, shape, and integrate other renewable energy resources into the northwestern electric grid for delivery to Washington residents. Making the most of our plentiful local resources will stabilize electricity prices for Washington residents, provide economic benefits for Washington counties and farmers, create high-quality jobs in Washington, provide opportunities for training apprentice workers in the renewable energy field, protect clean air and water, and position Washington state as a national leader in clean energy technologies.

Sec. 2. RCW 19.285.030 and 2007 c 1 s 3 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) Each qualifying utility shall pursue all available conservation that is cost-effective, reliable, and feasible.

(a) By January 1, 2010, using methodologies consistent with those used by the Pacific Northwest electric power and conservation planning council in its most recently published regional power plan, each qualifying utility shall identify its achievable cost-effective conservation potential through 2019. At least every two years thereafter, the qualifying utility shall review and update this assessment for the subsequent ten-year period.

(b) ~~((Beginning))~~ By January 1, 2010, each qualifying utility shall establish and make publicly available a biennial acquisition target for cost-effective conservation consistent with its identification of achievable opportunities in (a) of this subsection, and meet that target during the subsequent two-year period. At a minimum, each biennial acquisition target must be no lower than the qualifying utility's pro rata share for that two-year period of its cost-effective conservation potential for the subsequent ten-year period. A qualifying utility may not use incremental electricity produced as a result of efficiency improvements to hydroelectric generation facilities to meet its biennial conservation acquisition target if the improvements were used to meet its targets under subsection (2)(a) of this section.

(c) In meeting its conservation targets, a qualifying utility may count high-efficiency cogeneration owned and used by a retail electric customer to meet its own needs. High-efficiency cogeneration is the sequential production of electricity and useful thermal energy from a common fuel source, where, under normal operating conditions, the facility ~~((has a useful thermal energy output of no less than thirty-three percent of the total energy output))~~ is designed to have a projected overall thermal conversion efficiency of at least seventy percent. For the purposes of this section, "overall thermal conversion efficiency" means the output of electricity plus usable heat divided by fuel input. The reduction in load due to high-efficiency cogeneration shall be: ((i) Calculated as the ratio of the fuel chargeable to power heat rate of the cogeneration facility compared to the heat rate on a new and clean basis of a best-commercially available technology combined-cycle natural gas-fired combustion turbine; and ((ii)) counted towards meeting the biennial conservation target in the same manner as other production conservation savings.

FIFTY-EIGHTH DAY, MARCH 10, 2009

2009 REGULAR SESSION

(d) The commission may determine if a conservation program implemented by an investor-owned utility is cost-effective based on the commission's policies and practice.

(e) The commission may rely on its standard practice for review and approval of investor-owned utility conservation targets.

(2)(a) Each qualifying utility shall use eligible renewable resources ~~((or))~~, acquire equivalent renewable energy credits, or use up to twenty-five percent of conservation achieved in excess of a biennial acquisition target under subsection (1) of this section, or a combination of ~~((both))~~ these options, to meet the following annual targets:

(i) At least three percent of its load by January 1, 2012, and each year thereafter through December 31, ~~((2015))~~ 2013;

(ii) At least four percent of its load by January 1, 2014, and each year thereafter through December 31, 2015;

~~((iii))~~ (iii) At least ~~((nine))~~ ten percent of its load by January 1, 2016, and each year thereafter through December 31, 2019; ~~((and~~

~~((iii)))~~ (iv) At least ~~((fifteen))~~ sixteen percent of its load by January 1, 2020, and each year thereafter through December 31, 2024; and

~~((v))~~ (v) At least twenty percent of its load by January 1, 2025, and each year thereafter.

(b) A qualifying utility may count distributed generation at double the facility's electrical output if the utility: (i) Owns or has contracted for the distributed generation and the associated renewable energy credits; or (ii) has contracted to purchase the associated renewable energy credits.

(c) In meeting the annual targets in (a) of this subsection, a qualifying utility shall calculate its annual load based on the average of the utility's load for the previous two years.

(d) A qualifying utility is considered in compliance with an annual target in (a) of this subsection if: (i) In any given target year its load growth, measured as load served in the target year compared to the utility's annual average load served in 2010 and 2011, is less than the target in (a) of this subsection for that year; and (ii) the utility meets one hundred percent of any increase in load for that target year with eligible renewable resources or renewable energy credits.

~~((e))~~ (e) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if: (i) The utility's weather-adjusted load for the previous three years on average did not increase over that time period; (ii) after December 7, 2006, the utility did not commence or renew ownership or incremental purchases of electricity from resources other than renewable resources other than on a daily spot price basis and the electricity is not offset by equivalent renewable energy credits; and (iii) the utility invested at least one percent of its total annual retail revenue requirement that year on eligible renewable resources, renewable energy credits, or a combination of both.

~~((f))~~ (f) The requirements of this section may be met for any given target year with renewable energy credits produced during that year, the preceding year, or the subsequent year. Qualifying utilities may purchase or contract for purchase renewable energy credits in advance of or throughout the target year, the preceding year, or the subsequent year for meeting the requirements of this section. Each renewable energy credit may be used only once to meet the requirements of this section.

~~((g))~~ (g) In complying with the targets established in (a) of this subsection, a qualifying utility may not count:

(i) Eligible renewable resources or distributed generation where the associated renewable energy credits are owned by a separate entity; ~~((or))~~

(ii) Eligible renewable resources or renewable energy credits obtained for and used in an optional pricing program such as the program established in RCW 19.29A.090; or

(iii) Efficiency improvements to hydroelectric generation

facilities whose energy output is marketed by the Bonneville power administration that is attributable to any other utility other than the qualifying utility.

~~((g))~~ (h) Where fossil and combustible renewable resources are cofired in one generating unit located in the Pacific Northwest where the cofiring commenced after March 31, 1999, the unit shall be considered to produce eligible renewable resources in direct proportion to the percentage of the total heat value represented by the heat value of the renewable resources.

~~((h))~~ (i) (i) A qualifying utility that acquires an eligible renewable resource or renewable energy credit may count that acquisition at one and two-tenths times its base value:

(A) Where the eligible renewable resource comes from a facility that commenced operation after December 31, 2005; and

(B) Where the developer of the facility used apprenticeship programs approved by the council during facility construction.

(ii) The council shall establish minimum levels of labor hours to be met through apprenticeship programs to qualify for this extra credit.

~~((i))~~ (j) A qualifying utility that acquires solar energy may count that acquisition at four times its base value where the energy is produced using solar inverters and modules manufactured in Washington state.

~~((k))~~ (k) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if events beyond the reasonable control of the utility that could not have been reasonably anticipated or ameliorated prevented it from meeting the renewable energy target. Such events include weather-related damage, mechanical failure, strikes, lockouts, and actions of a governmental authority that adversely affect the generation, transmission, or distribution of an eligible renewable resource under contract to a qualifying utility.

(3) Utilities that become qualifying utilities after December 31, 2006, shall meet the requirements in this section on a time frame comparable in length to that provided for qualifying utilities as of December 7, 2006.

Sec. 4. RCW 19.285.070 and 2007 c 1 s 7 are each amended to read as follows:

(1) On or before June 1, 2012, and annually thereafter, each qualifying utility shall report to the department on its progress in the preceding year in meeting the targets established in RCW 19.285.040, including expected electricity savings from the biennial conservation target, expenditures on conservation, actual electricity savings results, the utility's annual load for the prior two years, the amount of megawatt-hours needed to meet the annual renewable energy target, the amount of megawatt-hours of each type of eligible renewable resource acquired, the type and amount of renewable energy credits acquired, and the percent of its total annual retail revenue requirement invested in the incremental cost of eligible renewable resources and the cost of renewable energy credits. ~~((For each year that a qualifying utility elects to demonstrate alternative compliance under RCW 19.285.040(2) (d) or (i) or 19.285.050(1), it must include in its annual report relevant data to demonstrate that it met the criteria in that section.))~~ A qualifying utility may submit its report to the department in conjunction with its annual obligations in chapter 19.29A RCW.

(2) A qualifying utility that is an investor-owned utility shall also report all information required in subsection (1) of this section to the commission, and on or before June 1, 2014, and annually thereafter, report to the commission its compliance in meeting the targets established in RCW 19.285.040. All other qualifying utilities shall also make all information required in subsection (1) of this section available to the auditor, and on or before June 1, 2014, and annually thereafter, make available to the auditor its determination of compliance in meeting the targets established in RCW 19.285.040. For each year that a qualifying utility elects to demonstrate alternative compliance

2009 REGULAR SESSION

under RCW 19.285.040(2) or 19.285.050(1), it must include in its annual report relevant data to demonstrate that it met the criteria in that section.

(3) A qualifying utility shall also make reports required in this section available to its customers.

Sec. 5. RCW 19.285.080 and 2007 c 1 s 8 are each amended to read as follows:

(1) The commission may adopt rules to ensure the proper implementation and enforcement of this chapter as it applies to investor-owned utilities.

(2) The department shall adopt rules concerning only process, timelines, and documentation to ensure the proper implementation of this chapter as it applies to qualifying utilities that are not investor-owned utilities. Those rules include, but are not limited to, rules associated with a qualifying utility's development of conservation targets under RCW 19.285.040(1); a qualifying utility's decision to pursue alternative compliance in RCW 19.285.040(2) ~~((t))~~ (e) or ~~((t))~~ (k) or 19.285.050(1); and the format and content of reports required in RCW 19.285.070. Nothing in this subsection may be construed to restrict the rate-making authority of the commission or a qualifying utility as otherwise provided by law.

(3) The commission and department may coordinate in developing rules related to process, timelines, and documentation that are necessary for implementation of this chapter.

(4)(a) Pursuant to the administrative procedure act, chapter 34.05 RCW, rules needed for the implementation of this chapter must be adopted by ~~((December 31, 2007))~~ June 30, 2010. These rules may be revised as needed to carry out the intent and purposes of this chapter.

(b) Within six months of the adoption by the Pacific Northwest electric power and conservation planning council of each of its regional power plans, the department shall initiate rule making to consider adopting any changes in methodologies used by the Pacific Northwest electric power and conservation planning council that would impact a qualifying utility's conservation potential assessment in accordance with RCW 19.285.040(1).

(c) Within six months of the adoption by the Pacific Northwest electric power and conservation planning council of each of its regional power plans, the commission shall initiate rule making to consider adopting any changes in methodologies used by the Pacific Northwest electric power and conservation planning council that would impact a qualifying utility's conservation potential assessment in accordance with RCW 19.285.040(1).

(d) Rules adopted under (b) and (c) of this subsection must be applied to the next biennial target that begins at least six months after the adoption date of the rules.

(e) The department shall report to the legislature by December 1, 2009, with recommendations on implementing the state's policy of recognizing and promoting the use of low-cost hydroelectric generation to firm, shape, and integrate other renewable energy resources into the northwestern electric grid for delivery to Washington residents. The report must include recommendations for promoting hydroelectric generation based upon the economic and environmental benefits of using hydroelectric generation in place of fossil fuel-fired generation for integration services. The report must include results from existing studies and analyses from the Pacific Northwest electric power and conservation planning council, the Bonneville power administration, and other relevant organizations. The department shall also consider information and recommendations from integration service providers and users.

NEW SECTION. Sec. 6. The joint legislative audit and review committee shall evaluate the feed-in tariff program contemplated in Substitute House Bill No. 1086 (2009). The evaluation shall include comparisons of the feed-in tariff program with the energy independence act, chapter 19.285

RCW, the net-metering program in chapter 80.60 RCW, and the renewable energy cost recovery program in chapter 82.16 RCW. In making the comparisons, the following factors must be examined: (1) the effectiveness of each program in encouraging the deployment of renewable energy systems; and (2) the effect of each program on ratepayers. The evaluation is due December 1, 2010."

MOTION

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that an informed public is better able to protect itself against risk of loss from public hazards and that, to have an informed public: (1) Access to reasonable information regarding public hazards is required; and (2) courts should not be used to shield information necessary to protect the safety of the public. The legislature further finds that the marketplace works most efficiently when competition is based on consumers being able to make fully informed choices about items placed in the stream of commerce. Therefore, the legislature intends there to be a presumption against the sealing of court documents relative to public hazards as defined in this act.

Sec. 2. RCW 4.24.611 and 1994 c 42 s 2 are each amended to read as follows:

As used in RCW 4.24.601 and this section:

(1)(a) "Product liability/substance claim" means a claim for damages for personal injury, wrongful death, or property damage caused by a ~~((product or hazardous or toxic substances; that is an alleged hazard to the public and that presents an alleged risk of similar injury to other members of the public))~~ public hazard.

(b) "Confidentiality provision" means any terms in a court order or a private agreement settling, concluding, or terminating a product liability/substance claim, that limit the possession, disclosure, or dissemination of information about ~~((an alleged hazard to the public))~~ a public hazard, whether those terms are integrated in the order or private agreement or written separately.

(c) "Members of the public" includes any individual, group of individuals, partnership, corporation, or association.

(d) "Public hazard" means a condition of a product that has caused, or can be reasonably expected to cause death or serious bodily harm or other serious harm to a person unaware of the condition.

(2) Except as provided in subsection (4) of this section, members of the public have a right to information necessary for a lay member of the public to understand the nature, source, and extent of the risk from alleged hazards to the public.

(3) Except as provided in subsection (4) of this section, members of the public have a right to the protection of trade secrets as defined in RCW 19.108.010, other confidential research, development, or commercial information concerning products or business methods.

(4)(a) Nothing in this chapter shall limit the issuance of any protective or discovery orders during the course of litigation pursuant to court rules. At the conclusion of the litigation, the court shall review all discovery or protective orders issued during litigation for compliance with this section.

(b) Confidentiality provisions may be entered into or ordered or enforced by the court only if the court finds, based on the evidence, that the confidentiality provision ((is in the public interest)) does not conceal the existence of a public hazard. In determining ((the public interest)) whether to allow a confidentiality provision to be entered, the court shall balance

FIFTY-NINTH DAY, MARCH 11, 2009

the right of the public to information regarding the alleged risk to the public from the product or substance as provided in subsection (2) of this section against the right of the public to protect the confidentiality of information as provided in subsection (3) of this section.

(c) No agreement between parties involving the final resolution of a case in litigation involving a public hazard may require a party to agree to withhold or remain silent on information regarding a public hazard as a condition of achieving a settlement of the litigation.

(5)(a) Any confidentiality provisions that are not adopted consistent with the provisions of this section are voidable by the court.

(b) Any confidentiality provisions that are determined to be void are severable from the remainder of the order or agreement notwithstanding any provision to the contrary and the remainder of the order or agreement shall remain in force.

(c) Nothing in RCW 4.24.601 and this section prevents the court from denying the request for confidentiality provisions under other law nor limits the scope of discovery pursuant to applicable court rules.

(6) In cases of third party actions challenging confidentiality provisions in orders or agreements, the court has discretion to award to the prevailing party actual damages, costs, reasonable attorneys' fees, and such other terms as the court deems just.

~~(7) (The following acts or parts of acts are each repealed on May 1, 1994:~~

~~— (a) RCW 4.24.600 and 1993 c 17 § 1;~~

~~— (b) RCW 4.24.610 and 1993 c 17 § 2;~~

~~— (c) RCW 4.24.620 and 1993 c 17 § 3;~~

~~— (d) RCW 4.16.380 and 1993 c 17 § 5; and~~

~~— (e) 1993 c 17 § 4 (unmodified).)) Except for monetary damage claims reduced to final judgment by a superior court, this section applies to all causes of action that exist on or after July 1, 2009.~~

Sec. 3. RCW 4.24.601 and 1994 c 42 s 1 are each amended to read as follows:

The legislature finds that public health and safety is promoted when the public has knowledge that enables members of the public to make informed choices about risks to their health and safety. Therefore, the legislature declares as a matter of public policy that the public has a right to information necessary to protect members of the public from harm caused by ~~((alleged hazards to the))~~ a public hazard. The legislature also recognizes that protection of trade secrets, other confidential research, development, or commercial information concerning products or business methods promotes business activity and prevents unfair competition. Therefore, the legislature declares it a matter of public policy that the confidentiality of such information be protected and its unnecessary disclosure be prevented."

SECOND READING

SENATE BILL NO. 5735, by Senators Rockefeller, Hargrove, Jacobsen, Ranker, Fraser, Keiser, Jarrett, Franklin, Shin, Kohl-Welles, Regala, McAuliffe and Kline

Reducing greenhouse gas emissions.

MOTION

On motion of Senator Marr, Second Substitute Senate Bill No. 5735 was substituted for Senate Bill No. 5735 and the second substitute bill was placed on the second reading and read the second time.

MOTION

Senator Rockefeller moved that the following striking amendment by Senators Pridemore and Hargrove be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1 FINDINGS. (1) The legislature reaffirms the state limits on greenhouse gas emissions adopted in RCW 70.235.020. Despite the recent economic downturn, the output of greenhouse gas emissions continues. It remains essential to fashion a long-term strategy for reduction of greenhouse gas emissions, consistent with previously enacted reduction goals of the state. The legislature further finds that full implementation of current policies regarding energy efficiency, new clean energy technologies, efficient building practices, new energy efficient transportation technologies, and other policies and programs may achieve nearly one-half of the estimated statewide emissions reductions needed to meet the state's 2020 emissions limits, but that additional reduction strategies will be needed.

(2) Therefore, it is the intent of the legislature by this act to provide a thorough review and set of recommendations to the 2011 legislature regarding the merits of implementing a multisector emissions reduction program in the state, as well as recommended additional complementary policies to achieve the state's emission reduction requirements.

NEW SECTION. Sec. 2 POLICY DECLARATION. When presenting the state's position on any regional or national emissions reduction program that relies on a multisector, market-based approach to regulating greenhouse gas emissions, the state shall adhere to the following policies:

(1) Assuring that biomass combustion for electricity or process steam production is considered carbon neutral;

(2) Assuring equitable economic benefits and opportunities for electric utilities operating in Washington that use hydroelectric generation;

(3) Recognition must be provided to those emissions sources that have taken early action to reduce their emissions;

(4) That the state's forest and agricultural lands that are managed in ways that increase carbon sequestration be recognized for the use of offsets to regulatory limits on emissions; and

(5) Assuring the protection of low and moderate income households.

NEW SECTION. Sec. 3 EMISSIONS CAPS. (1) In order to assist Washington in meeting the requirements in RCW 70.235.020, the department of ecology shall recommend a greenhouse gas emissions reduction program that sets statewide and sector emission caps for persons that annually emit at or above twenty-five thousand metric tons of carbon dioxide equivalents. The emissions reduction program must recognize early actions, complementary policies, and offsets as specified in section 5 of this act. The emissions reduction program must include protocols for directing technical and financial incentives to those persons who monitor and demonstrate their emissions reductions. No element of the program recommendations in this section may be implemented unless specifically authorized by a future act of the legislature.

(2) The department of ecology's recommendations must include the following program design elements:

(a) Phase one of the emissions reduction program should be designed to begin in 2012 and covers the following sectors: (i) Electricity generated in the state or generated out-of-state and delivered to the state by long-term financial commitments under chapter 80.80 RCW; (ii) industrial and commercial fuel combustion; and (iii) industrial process emissions;

(b) Phase two of the emissions reduction program should be designed to begin in 2015 and covers the following sectors: (i) Transportation fuel combustion; (ii) residential fuel combustion; and (iii) fuel delivered or sold for industrial and commercial combustion where the fuel is used by persons not otherwise covered by the program in 2012. Phase two of the program may include complementary measures, except that measures for

FIFTY-NINTH DAY, MARCH 11, 2009

transportation fuels must focus on emissions reductions, not raising revenues, and consideration must be given to differing rural and urban circumstances;

(c) For each compliance period, emissions caps must decline evenly in each sector until the state greenhouse gas emissions are reduced as required by RCW 70.235.020;

(d) Except for purposes of reporting, the following carbon dioxide emissions are not covered by the program:

(i) Emissions from industrial combustion of biomass in the form of fuel wood, wood waste, wood by-products, and wood residuals as long as the region's silvicultural sequestration capacity is maintained or increased; and

(ii) Emissions from the combustion of biofuels or the biofuel component of blended fuels as the term "biofuel" is defined in RCW 43.325.010; and

(e) No more than forty-nine percent of a sector's total emissions reductions from 2012 to 2020 may be satisfied with offsets.

(3) The recommendations in this section must be submitted to the appropriate committees of the legislature by December 1, 2010.

NEW SECTION. Sec. 4. ALTERNATIVE STRATEGIES FOR ACHIEVING EMISSIONS REDUCTIONS. (1) The department of ecology shall report to the legislature on alternative strategies the state may implement to meet the requirements in RCW 70.235.020. The report must include the following: A comprehensive examination of all measures, not market-based, that the state could employ to reduce the emissions of greenhouse gases, such as:

(a) Regulatory emissions caps and other performance oriented regulations;

(b) Economic and fiscal measures that would supplement a regulatory approach;

(c) Measures for substantially reducing greenhouse gas emissions from the electricity sector, including measures to facilitate the transition from electricity generation derived from any coal-fired facility to generation with significantly reduced emissions;

(d) Measures for reducing transportation emissions in urban areas of the state, including programs providing incentives and assistance for the deployment of electric vehicles and the necessary infrastructure for such vehicles and policies directing the increased use of these vehicles within state agency fleets; and

(e) Measures for reducing emissions by increasing energy efficiency in buildings and commercial and industrial applications.

(2) The report must include an analysis of the alignment of policies and standards among the participating jurisdictions in the western climate initiative.

(3) The report must include recommendations for establishing a performance auditing mechanism to monitor the effectiveness of emissions reduction strategies.

(4) The report must include recommendations on complementary measures the state may undertake to supplement a national emissions reduction program.

(5) The report must incorporate an economic analysis by the forecasting office of the office of financial management, in consultation with members of the governor's council of economic advisors, of the impact to Washington consumers, businesses, and citizens if Washington entered into a regional or federal emissions reduction program. The economic analysis must include:

(a) Various economic scenarios, such as when Washington has a robust economy and when Washington is in an economic downturn;

(b) The economic impact sector by sector, including the impact to the forest products manufacturing sector and Washington's port districts;

(c) How to address trade competition from countries and states that are not participating in an emissions reduction program;

(d) How to ensure that economic benefits are available to both urban and rural communities; and

(e) The impact on the cost and affordability of food, housing, energy, transportation, and other routine expenses on low and moderate-income households.

(6) The report must be submitted to the appropriate committees of the legislature by December 1, 2010.

NEW SECTION. Sec. 5. OFFSETS. (1) The department of ecology shall recommend criteria for issuing and accepting offset credits for offset projects that may be used to meet a person's compliance obligation in a state, regional, or national emissions reduction program. The department must give priority to investigating and developing criteria for offset projects within the forestry, agriculture, and waste management sectors, but must also develop criteria for recognizing offsets from all sources of emissions reductions that are additional to existing regulatory requirements and that are reductions beyond business as usual emission levels. The department shall present the state's policy on forestry offset projects established under section 6 of this act as the state's position when developing the criteria for forestry offset projects within any other regional or national cap and trade emissions reduction program.

(2) With regard to forestry offsets, the department of ecology must give first priority for issuing offset credits for forestry offset projects located in Washington. Second priority must be given to offset projects within Washington, Oregon, Idaho, and Montana. Third priority must be given to offset projects that are located in any other jurisdiction in the United States. One offset credit must be issued for up to each metric ton of emissions as measured in carbon dioxide equivalent associated with an offset project.

(3) Except as provided in this section, the department of ecology may accept offset credits for compliance purposes from other jurisdictions as well as annex 1 countries from the United Nations framework convention on climate change, but only if an offset project is not available in Washington.

(4) The department of ecology may also accept for compliance purposes offset credits from developing countries, but only if an offset project is not available in Washington. Offset credits from developing countries must be in accordance with the clean development mechanism of the Kyoto protocol or if the clean development mechanism is replaced, a protocol developed by the department. The department may develop criteria for these offset projects to ensure similar rigor to offset projects within the state.

(5) Any offset credit that is used to meet a compliance obligation must conform to the rules adopted by the department of ecology.

(6) Upon receipt by the department of ecology of an offset credit to meet a compliance obligation, the department shall retire the offset credit.

(7) The department of ecology shall ensure that all offset credits that it issues are tracked to ensure that the department knows who holds a given offset credit and when it is retired.

(8) The department of ecology shall consult with tribal governments upon request on any offset criteria that may affect tribal governments, such as the voluntary development of offset projects by tribes.

(9) The recommendations in this section must be submitted to the appropriate committees of the legislature by December 1, 2010.

NEW SECTION. Sec. 6. FORESTRY OFFSET POLICY. The department of ecology, in consultation with the forest practices board, the department of natural resources, and the forest carbon working group, shall develop the state's policy for forestry offset projects within Washington. The agencies and

the working group shall use the 2008 report of the forest carbon working group as the starting point in developing the policy. The final policy must be completed by December 31, 2009, unless the department of ecology notifies the agencies and working group that the policy is needed sooner. The public must be provided with the opportunity to review and comment on the policy as it is developed. The policy must include:

(1) Specific standards and guidelines that will support carbon accounting in managed forests participating in an offset program;

(2) How to ensure that any carbon that is reduced or sequestered by a forestry offset project will be eligible for an offset credit within a regional or national cap and trade emissions reduction program;

(3) Recognition of management activities that increase carbon stocks including, but not limited to, thinning, lengthening rotations, increased retention of trees after harvest, fertilization, genetics, timber stand improvement, fire management, and specific site class and productivity of a managed forest;

(4) Specific standards and guidelines to support wood products accounting, recognizing that carbon is stored in products after trees are harvested including the use of the one hundred year method which estimates the amount of carbon stored in the wood products that are projected to remain in use after one hundred years;

(5) Guidelines on how forestry offset projects and forestry financial incentive programs can work together so that Washington's forest landowners will not be disadvantaged in comparison to other jurisdictions participating in a regional or national cap and trade emissions reduction program; and

(6) Recommendations for how to verify or certify carbon stocks that will not be administratively burdensome.

NEW SECTION. Sec. 7. FINANCIAL INCENTIVES FOR FORESTRY. The department of ecology, in consultation with the forest practices board, the department of natural resources, and the forest carbon working group, shall develop and deliver to the legislature by December 1, 2010, legislation to implement a financial incentives program for forestry and forest products that will recognize activities such as:

(1) Forest landowners maintaining and actively managing their forest land using management activities such as thinning, lengthening of rotations, increased retention of trees at harvest, fertilization, genetics, timber stand improvement, and fire management;

(2) Forest landowners continuing the production of wood products while maintaining or increasing their carbon stocks on the ground;

(3) Retention by forest landowners of high carbon stocks where there is no obligation to retain such stocks; and

(4) The use by developers and builders of wood building materials instead of more intensive fossil fuel products such as concrete and steel.

NEW SECTION. Sec. 8. WESTERN CLIMATE INITIATIVE. The director of the department of ecology is authorized to continue discussions with other jurisdictions in the western climate initiative.

NEW SECTION. Sec. 9. A new section is added to chapter 47.38 RCW to read as follows:

(1) As a necessary and desirable step to expedite the transition to transportation technologies and infrastructure with reduced emissions, the department shall implement an electric vehicle and alternative fuel vehicle infrastructure program that accelerates planning and allocation of funding for pilot projects to demonstrate the feasibility of large scale deployment of charging and alternative fuels distribution infrastructure. The program must include the provisions in this section and other electric vehicle programs being implemented by the department.

(2) The governor shall direct the department, in collaboration with the states of Oregon and California, to develop a multistate electric vehicle infrastructure initiative. The objective of the initiative is to implement large scale demonstration projects that support the charging and other necessary infrastructure for electric vehicles along shared interstate highways and in major urban areas in the three states. The governor shall work in a multistate collaboration to seek major federal funding for planning and projects in the initiative.

(3) As an element of the program authorized under this section, the legislature authorizes an alternative fuels corridor pilot project capable of supporting electric vehicle charging and battery exchange technologies. To the extent permitted under federal programs, regulations, or laws, the department may enter into partnership agreements with other public and private entities for the use of land and facilities along state routes and within interstate highway rights-of-way for an alternative fuels corridor pilot project. The pilot project may allow for commercial activities only as necessary to attain basic economic sufficiency. The department is not responsible for providing capital equipment nor operating refueling or recharging services. At a minimum, the pilot project must:

(a) Limit renewable fuel and vehicle technology offerings to those with a forecasted demand over the next fifteen years and approved by the department;

(b) Ensure that a pilot project site does not compete with existing retail businesses for the provision of the same refueling services or recharging technologies in the same geographic area;

(c) Provide existing truck stop operators and retail truck refueling businesses with an absolute right of first refusal over the offering of refueling services to class six trucks with a maximum gross vehicle weight of twenty-six thousand pounds within the same geographic area identified for a possible pilot project site;

(d) Reach agreement with the department of services for the blind ensuring that any commercial activities at host sites do not materially affect the revenues forecasted from their vending operations at each site;

(e) Regulate the internal rate of return from the partnership, including provisions to reduce or eliminate the level of state support once the partnership attains economic self-sufficiency;

(f) Be limited to not more than five locations on state-owned land within federal interstate rights-of-way or state highway rights-of-way in Washington; and

(g) Be limited in duration to a term of years reasonably necessary for the partnership to recover the cost of capital investments, plus the regulated internal rate of return.

NEW SECTION. Sec. 10. A regional transportation planning organization containing any county with a population in excess of one million in collaboration with representatives from the department of ecology, the department of transportation, the department of community, trade, and economic development, local governments, and the office of regulatory affairs must seek federal or private funding for the planning for, deployment of, or regulations concerning electric vehicle infrastructure.

NEW SECTION. Sec. 11. ACCOUNT CREATED. The emissions reduction assistance account is created in the state treasury. All appropriations to the account and twenty-five percent of all federal funds received pursuant to H.R. 1, P.L. 111-5 for the purpose of assisting with energy efficiency and renewable energy, including federal funds received for the state energy program, must be deposited in the account. Other funds, gifts, grants, and endowments from public or private sources, in trust or otherwise, may be directed into the account. Any moneys received from sponsor match payments must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used for:

(2) The state's participation in the development of a regional cap and trade program, and its efforts to inform congress of the state's position regarding elements of a national cap and trade program, will be directed by the following policies:

(a) No allowances may be auctioned by the state while Washington participates in a regional cap and trade program;

(b) Biomass combustion for electricity or process steam production is carbon neutral;

(c) The point of regulation for the electricity sector in Washington may only be imposed upon the source of emissions located within the state;

(d) New entrants must be encouraged, but not to the detriment of existing covered entities and sectors;

(e) Combustion of residential and commercial fuel must be regulated outside a cap and trade program through complementary policies that promote energy efficiency;

(f) A mechanism must be developed to protect the financial integrity of the state's electric utilities that derive more than ten percent of their supply from hydropower facilities by mitigating their cost of compliance as a result of low water conditions, but

not by setting aside allowances in a manner that reduces the allocation of allowances to other covered entities or sectors;

(g) Early actions taken by regulated and potentially regulated entities to reduce their greenhouse gas emissions prior to the implementation of a national or regional cap and trade system must be recognized;

(h) Offset criteria must recognize the vital contribution that the sequestration of greenhouse gases by forestry, forest products and agricultural sectors in the state can make to sustaining an effective means for regulated entities to comply with greenhouse gas reduction requirements in a cost effective manner;

(i) Cost containment and market design mechanisms must be included in a cap and trade system to protect the state's economy from volatile and escalating costs of allowances or offsets; and

(1) Within twenty days after the filing of the mediator's decision with the board, the owner or the contractor may reject the decision of the mediator by delivering written notice of the rejection to the board. The board shall forward written notice of the rejection to the owner and the contractor within five days of receiving the rejection of the decision.

(2) Upon receipt of written notice of rejection of the mediator's decision, an owner pursuing a claim under an implied warranty of habitability may file with the clerk of a superior court with jurisdiction a written notice of request for a trial de novo on all issues of law and fact. Such trial de novo shall thereupon be held, including a right to jury, if demanded. Any owner pursuing a claim under an express written warranty may file the claim in the form and manner prescribed by the warranty contract.

(3) The board may not process a claim against a construction professional unless the claim is filed with the board within the applicable statute of limitations.

(4) When a claim is filed with the board within the applicable statute of limitations, the filing of the claim tolls any applicable statute of limitations and any applicable statute of repose for construction-related claims for the period of time until fifteen days after the board provides written notice of completion of mediation.

(5) Any action commenced in court by a homeowner prior to compliance with the requirements of this section shall be subject to dismissal without prejudice, and may not be recommenced until the homeowner has complied with the requirements of this section.

(6) The board by rule may impose a processing fee for claims filed under this section not to exceed one hundred dollars. The fee shall be deposited into the consumer education for home construction account created under section 3 of this act.

NEW SECTION. Sec.10 A new section is added to chapter 43.10 RCW to read as follows:

(1) Upon receipt of a claim, the board shall give written notice to the construction professional against whom the claim is made. The notice of the claim shall describe the claim in reasonable detail sufficient to determine the nature of the defect.

(2) Within twenty-one days after service of the notice of claim, the construction professional shall serve a written response on the homeowner by registered mail or personal service. The written response shall:

(a) Propose to inspect the residence that is the subject of the claim and to complete the inspection within a specified time frame. The proposal shall include the statement that the construction professional shall, based on the inspection, offer to remedy the defect, compromise by payment, or dispute the claim;

(b) Offer to compromise and settle the claim by monetary payment without inspection. A construction professional's offer under this subsection (2)(b) to compromise and settle a homeowner's claim may include, but is not limited to, an express offer to purchase the homeowner's residence that is the subject of the claim, and to pay the homeowner's reasonable relocation costs; or

(c) State that the construction professional disputes the claim and will neither remedy the defect nor compromise and settle the claim.

(3)(a) If the construction professional disputes the claim or does not respond to the notice of claim within the time stated in subsection (2) of this section, the board shall commence an investigation and mediation of the claim.

(b) If the homeowner rejects the inspection proposal or the settlement offer made by the construction professional pursuant to subsection (2) of this section, the homeowner shall serve written notice of the rejection on the construction professional

and the board. After service of the rejection, the board shall commence an investigation and mediation of the claim.

(c) If the construction professional has not received from the homeowner, within thirty days after the homeowner's receipt of the construction professional's response, either an acceptance or rejection of the inspection proposal or settlement offer, then at anytime thereafter the construction professional may terminate the proposal or offer by serving written notice to the homeowner, and the board shall commence an investigation and mediation of the claim.

(4)(a) If the homeowner elects to allow the construction professional to inspect in accordance with the construction professional's proposal pursuant to this section, the homeowner shall provide the construction professional and its contractors or other agents reasonable access to the homeowner's residence during normal working hours to inspect the premises and the claimed defect.

(b) Within fourteen days following completion of the inspection, the construction professional shall serve on the homeowner:

(i) A written offer to remedy the defect at no cost to the homeowner, including a report of the scope of the inspection, the findings and results of the inspection, a description of the additional construction necessary to remedy the defect, and a timetable for the completion of such construction;

(ii) A written offer to compromise and settle the claim by monetary payment pursuant to subsection (2)(b) of this section; or

(iii) A written statement that the construction professional will not proceed further to remedy the defect.

(c) If the construction professional does not proceed further to remedy the defect within the agreed timetable, or if the construction professional fails to comply with the provisions of (b) of this subsection, the homeowner shall provide written notification to the board. The board shall commence an investigation and mediation of the claim.

(d) If the homeowner rejects the offer made by the construction professional pursuant to (b)(i) or (ii) of this subsection (4) to either remedy the defect or to compromise and settle the claim by monetary payment, the homeowner shall serve written notice of the rejection on the construction professional and the board. After service of the rejection notice, the board shall commence an investigation and mediation of the claim.

(e) If the construction professional has not received from the homeowner, within thirty days after the homeowner's receipt of the construction professional's response, either an acceptance or rejection of the offer made pursuant to (b)(i) or (ii) of this subsection (4), then at anytime thereafter the construction professional may terminate the offer by serving written notice to the homeowner.

(5)(a) Any homeowner accepting the offer of a construction professional to remedy the defect pursuant to subsection (4)(b)(i) of this section shall do so by serving the construction professional with a written notice of acceptance within a reasonable time period after receipt of the offer, and no later than thirty days after receipt of the offer. The homeowner shall also send a copy of the written notice of acceptance to the board. The homeowner shall provide the construction professional and its contractors or other agents reasonable access to the homeowner's residence during normal working hours to perform and complete the construction by the timetable stated in the offer.

(b) The homeowner and construction professional may, by written mutual agreement, alter the extent of construction or the timetable for completion of construction stated in the offer, including, but not limited to, repair of additional defects.

(6) Compliance with this section satisfies the requirements of RCW 64.50.020.

FIFTY-NINTH DAY, MARCH 11, 2009

NEW SECTION. Sec. 11. A new section is added to chapter 43.10 RCW to read as follows:

(1) If, after compliance with the procedures established in section 10 of this act, a resolution has not been reached between the homeowner and construction professional, the board shall investigate the claim.

(2) The board may use the services of neutral third party experts to conduct on-site investigations, make recommendations to the board, and assist the board in investigating and mediating claims.

(3) After the investigation is complete, the board shall provide the parties with notification of the findings of the investigation. If the parties do not provide the board with written notification within 14 days after receipt of the findings that the parties have resolved the claim, the board shall mediate the claim.

(4) The mediation shall be conducted by a panel of three members of the board in accordance with rules adopted by the board.

(5) All proceedings of the mediation conference, including any statement made by any party, attorney or other participant, shall be privileged and not reported, recorded, placed in evidence, used for impeachment, made known to a court or jury, or construed for any purpose as an admission. No party shall be bound by anything done or said at the mediation conference unless a settlement is reached, in which event the agreement upon a settlement shall be reduced to writing and shall be binding upon all parties to that agreement.

(6) At the conclusion of the mediation the board shall provide a written notice of the completion of mediation to the parties. The notice shall include a statement of the results of the mediation and a copy of any written settlement agreement between the parties. If the parties did not reach an agreement, the notice shall include a statement that the parties may pursue any other right or remedy provided by statutory or common law.

NEW SECTION. Sec.12. A new section is added to chapter 43.10 RCW to read as follows:

The board shall maintain and make available to the office of consumer education for home construction a record of all claims filed with the board against construction professionals under this chapter and the outcomes of those claims.

NEW SECTION. Sec. 13 A new section is added to chapter 64.50 RCW to read as follows:

The provisions of RCW 64.50.020 do not apply to a claim filed with the home construction board under sections 9 through 11 of this act.

PART II. RESIDENTIAL REAL PROPERTY WARRANTIES, LEGAL REMEDIES, AND THIRD-PARTY INSPECTIONS

NEW SECTION. Sec. 14 A new section is added to chapter 64.50 RCW to read as follows:

(1) The legislature intends by this section to modify the common law implied warranty of habitability to provide that this warranty may not be contractually disclaimed, waived, modified, or limited. The legislature does not intend to modify any other aspect of the common law implied warranty of habitability as developed through case law.

(2) The common law implied warranty of habitability may not be disclaimed, waived, modified, or limited by contractual agreement. A provision of any contract for the purchase or sale of newly constructed residential property that purports to disclaim, waive, modify, or limit the implied warranty of habitability is void and unenforceable.

NEW SECTION. Sec. 15. A new section is added to chapter 64.50 RCW to read as follows:

(1) A construction professional involved in the construction

of new residential real property, or the substantial remodel of existing residential real property, warrants that the work, and any part thereof, will be suitable for the ordinary uses of real property of its type and that the work will be:

(a) Free from defective materials;

(b) Constructed in accordance with sound engineering and construction standards;

(c) Constructed in a work-like manner; and

(d) Constructed in compliance with all laws then applicable to the improvements.

(2) If a construction professional breaches a warranty arising under this section and the breach results in damage to any portion of the residential real property, the current owner of the residential real property may bring a cause of action for damages against the construction professional. Absence of privity of contract between the owner and the construction professional is not a defense to the enforcement of a warranty arising under this section.

(3) In a judicial proceeding for breach of a warranty arising under this section, the plaintiff must show that the alleged breach has adversely affected or will adversely affect the performance of that portion of the property alleged to be in breach. To establish an adverse effect, the person alleging the breach is not required to prove that the breach renders the property unfit for occupancy. As used in this subsection, "adverse effect" must be more than technical and must be significant to a reasonable person.

(4) Proof of breach of a warranty arising under this section is not proof of damages. Damages awarded for a breach of a warranty arising under this section are the cost of repairs. However, if it is established that the cost of repairs is clearly disproportionate to the loss in market value caused by the breach, damages are limited to the loss in market value.

(5)(a) A judicial proceeding for breach of a warranty arising under this section must be commenced within four years after the cause of action accrues. This period may not be reduced by either oral or written agreement, or through the use of contractual claims or notice procedures that require the filing or service of any claim or notice prior to the expiration of the period specified in this section.

(b) Except as provided under (c) of this subsection, a judicial proceeding for breach of a warranty arising under this section accrues, regardless of the owner's lack of knowledge of the breach:

(i) In the case of the purchase of newly constructed residential real property, on the date the initial owner enters into possession of the property; or

(ii) In the case of the substantial remodel of existing residential real property, on the date of substantial completion of construction or termination of the construction project, whichever is later.

(c) A cause of action for breach of a warranty arising under this section that is based on a latent structural defect or a latent water penetration defect accrues when the claimant discovers or reasonably should have discovered the latent structural defect or latent water penetration defect.

(d) An action for breach of warranty under this section is subject to the time limitations provided in RCW 4.16.310.

(6) If a written notice of claim is served under RCW 64.50.020 within the time prescribed for the filing of an action under this section, the statute of limitations in this section and any applicable statute of repose for construction-related claims are tolled until sixty days after the period of time during which the filing of an action is barred under RCW 64.50.020.

(7) The warranties provided under this section are in addition to any other rights or remedies available under statutory law or common law or provided for under contract. The warranties provided under this section may not be waived, disclaimed, modified, or limited.

FIFTY-NINTH DAY, MARCH 11, 2009

2009 REGULAR SESSION

(8) In a judicial proceeding under this section, the court may award reasonable attorneys' fees and costs to the prevailing party.

(9) This section is not intended to create an independent right to maintain a class action against any construction professional.

(10) This section does not apply to condominiums subject to chapter 64.34 RCW.

(11) This section does not affect the application of the notice and opportunity to cure requirements and procedures imposed under RCW 64.50.010 through 64.50.050.

(12) An action for breach of a warranty created under this section is subject to any requirements for mandatory arbitration imposed under chapter 7.06 RCW or state or local court rules.

(13) For the purposes of this section:

(a) "Construction professional" means an architect, builder, builder vendor, contractor, subcontractor, engineer, or inspector, performing or furnishing the design, supervision, inspection, construction, or observation of the construction, of any improvement to residential real property, whether operating as a sole proprietor, partnership, corporation, or other business entity.

Sec. 16. RCW 4.16.310 and 2002 c 323 s 9 are each amended to read as follows:

(1) All claims or causes of action as set forth in RCW 4.16.300 shall accrue, and the applicable statute of limitation shall begin to run only during the period within six years after substantial completion of construction, or during the period within six years after the termination of the services enumerated in RCW 4.16.300, whichever is later. The phrase "substantial completion of construction" shall mean the state of completion reached when an improvement upon real property may be used or occupied for its intended use. Any cause of action which has not accrued within six years after such substantial completion of construction, or within six years after such termination of services, whichever is later, shall be barred: PROVIDED, That this limitation shall not be asserted as a defense by any owner, tenant or other person in possession and control of the improvement at the time such cause of action accrues. The limitations prescribed in this section apply to all claims or causes of action as set forth in RCW 4.16.300 brought in the name or for the benefit of the state which are made or commenced after June 11, 1986.

If a written notice is filed under RCW 64.50.020 within the time prescribed for the filing of an action under this chapter, the period of time during which the filing of an action is barred under RCW 64.50.020 plus sixty days shall not be a part of the period limited for the commencement of an action, nor for the application of this section.

(2) Actions and claims for fraud arising from including, but not limited to, construction, alteration, repair, design, planning, survey, and the engineering of improvements upon real property are not subject to the time limitations under subsection (1) of this section. Such actions and claims are governed under RCW 4.16.080.

NEW SECTION. Sec. 18. A new section is added to chapter 64.50 RCW to read as follows:

(1) Any person applying for a building permit for construction of a residential building or substantial remodel shall submit building enclosure design documents to the appropriate building department prior to the start of construction or substantial remodel. If construction work on a building is not a substantial remodel because the cost of thereof does not exceed one-half of the assessed value of the residence for property tax purposes at the time the contract for the remodel work was made, the person applying for a building permit shall submit to the building department a letter so certifying. Any changes to the building enclosure design documents that alter the manner in which the building or its components is waterproofed, weatherproofed, and otherwise protected from water or moisture intrusion must be stamped by the architect or engineer and must be provided to the building department and to the person conducting the course of construction inspection in a timely manner to permit such person to inspect for compliance therewith, and may be provided through individual updates,

FIFTY-NINTH DAY, MARCH 11, 2009

cumulative updates, or as-built updates.

(2) The building department shall not issue a building permit for construction of the building enclosure of a residential building or a substantial remodel unless the building enclosure design documents contain a stamped statement by the person stamping the building enclosure design documents in substantially the following form: "The undersigned has provided building enclosure documents that in my professional judgment are appropriate to satisfy the requirements of sections 18 through 24 of this act."

(3) The building department is not charged with determining whether the building enclosure design documents are adequate or appropriate to satisfy the requirements of this section and sections 19 through 24 of this act. This section and sections 19 through 24 of this act do not require a building department to review, approve, or disapprove enclosure design documents.

NEW SECTION. Sec. 19. A new section is added to chapter 64.50 RCW to read as follows:

All residential buildings must have the building enclosure inspected by a qualified inspector during the course of initial construction and during a substantial remodel.

NEW SECTION. Sec. 20. A new section is added to chapter 64.50 RCW to read as follows:

(1) A qualified building enclosure inspector:

(a) Must be a person with substantial and verifiable training and experience in building enclosure design and construction;

(b) Must be free from improper interference or influence relating to the inspections; and

(c) May not be an employee, officer, or director of, or have any pecuniary interest in, the declarant, developer, association, or any party providing services or materials for the project, or any of their respective affiliates, except that the qualified inspector may be the architect or engineer who approved the building enclosure design documents or the architect or engineer of record. The qualified inspector may, but is not required to, assist with the preparation of the design documents.

(2) This section does not alter the requirements for licensure of any architect, engineer, or other professional, and does not alter the jurisdiction, authority, or scope of practice of architects, engineers, other professionals, or general contractors.

NEW SECTION. Sec. 21. A new section is added to chapter 64.50 RCW to read as follows:

(1) An inspection required under this chapter must include, at a minimum, the following:

(a) Water penetration resistance testing of a representative sample of windows and window installations. These tests must be conducted according to industry standards. Where appropriate, tests must be conducted with an induced air pressure difference across the window and window installation. Additional testing is not required if the same assembly has previously been tested in situ within the previous two years in the project under construction by the builder, by another member of the construction team such as an architect or engineer, or by an independent testing laboratory; and

(b) An independent periodic review of the building enclosure during the course of construction or rehabilitative construction to ascertain whether the residential building has been constructed, or the substantial remodel has been performed, in substantial compliance with the building enclosure design documents.

(2) Subsection (1)(a) of this section does not apply to substantial remodels if the windows and adjacent cladding are not altered in the substantial remodel.

(3) For the purposes of this section, "project" means one or more parcels of land in a single ownership, which are under development pursuant to a single land use approval or building permit, where window installation is performed by the owner with its own forces, or by the same general contractor, or, if the

NEW SECTION. Sec. 22. A new section is added to chapter 64.50 RCW to read as follows:

Upon completion of an inspection required under this chapter, the qualified inspector shall prepare and submit to the appropriate building department a signed letter certifying that the building enclosure has been inspected during the course of construction or substantial remodel and that it has been constructed or reconstructed in substantial compliance with the building enclosure design documents, as updated under section 18 of this act. The building department shall not issue a final certificate of occupancy or other equivalent final acceptance until the letter required under this section has been submitted. The building department is not charged with and has no responsibility for determining whether the building enclosure inspection is adequate or appropriate to satisfy the requirements of this chapter.

NEW SECTION. Sec. 23. A new section is added to chapter 64.50 RCW to read as follows:

(1) This chapter is not intended to and does not:

(a) Create a private right of action against an inspector, architect, or engineer based upon compliance or noncompliance with this chapter; or

(b) Create an independent basis for liability against an inspector, architect, or engineer.

(2) The qualified inspector, architect, or engineer and the developer that retained the inspector, architect, or engineer may contractually agree to the amount of their liability to the developer.

NEW SECTION. Sec. 24. A new section is added to chapter 64.50 RCW to read as follows:

A qualified inspector's report or testimony regarding an inspection conducted under this chapter is not entitled to an evidentiary presumption in any arbitration or court proceeding. This chapter does not restrict the admissibility of the qualified inspector's report or testimony, and questions of the admissibility of the report or testimony are determined under the rules of evidence.

Sec. 25. A new section is added to chapter 19.27 RCW to read as follows:

(1) The state building code council must adopt rules requiring that natural or manufactured wood framing members used in residential construction be tested by a special inspector or the local building jurisdiction for maximum allowable moisture content prior to enclosing the framing. The rules adopted under this section must provide for the maximum percentage of moisture allowed, the various locations in a building that must be tested, the standards that need to be applied during testing, and procedures for retesting the structure if the moisture content exceeds the maximum allowable amount at the time of inspection. The rules may include a requirement that the special inspector be tested and certified by the Washington association of building officials certification and registration program and be approved by the local building official.

(2) After the inspection, the special inspector must provide a certificate of compliance to the local building official showing compliance with the requirements of this section and the rules adopted under this section.

PART III. CONTRACTOR REGISTRATION, WORKER CERTIFICATION, AND BONDING

NEW SECTION. Sec. 26. (1) The legislature finds that there is inadequate protection for consumers in the area of residential construction. The legislature further finds that a significant amount of the problems in the construction of new residential real property, or the substantial remodel of existing

FIFTY-NINTH DAY, MARCH 11, 2009

2009 REGULAR SESSION

residential real property, pertain to water intrusion and unstable foundations and develop from poor installation of roofing, siding, framing, foundations, doors, and windows. The legislature recognizes that it is important to assure consumers that those doing construction work are properly trained. The legislature, therefore, intends to establish a worker certification requirement for those doing construction work in the areas of roofing, siding, framing, foundations, doors, and windows.

(2) The department of labor and industries shall contract for consultant services to develop recommendations to the legislature on the education, experience, and examination requirements of the program to certify workers engaged in the installation of roofing, siding, framing, foundations, doors, and windows. In developing the recommendations, the consultant and the department shall closely involve and consult with stakeholders. The recommendations must be submitted to the legislature by November 1, 2009.

(3) This section expires December 31, 2009.

Sec. 27. RCW 18.27.030 and 2008 c 120 s 1 are each amended to read as follows:

If coverage is provided under the laws of another state, the department may notify the other state that the applicant is employing employees in Washington.

(3)(a) The department shall deny an application for registration if: (i) The applicant has been previously performing work subject to this chapter as a sole proprietor, partnership, corporation, or other entity and the department has notice that the applicant has an unsatisfied final judgment against him or her in an action based on work performed subject to this chapter or the applicant owes the department money for penalties assessed or fees due under this chapter as a result of a final judgment; (ii) the applicant was an owner, principal, or officer of a partnership, corporation, or other entity that either has an unsatisfied final judgment against it in an action that was incurred for work performed subject to this chapter or owes the department money for penalties assessed or fees due under this chapter as a result of a final judgment; (iii) the applicant does not have a valid unified business identifier number; (iv) the department determines that the applicant has falsified information on the application, unless the error was inadvertent; ~~((or))~~ (v) the applicant does not have an active and valid certificate of registration with the department of revenue; or (vi) the department has determined that a different state has taken enforcement action against the applicant for activities that would be a violation of this chapter if they had occurred in Washington state.

(c) The department may suspend an active registration if the department has determined that an owner, principal, partner, or officer of the registrant was an owner, principal, or officer of a previous partnership, corporation, or other entity that has an unsatisfied final judgment against it.

(4) The department shall not deny an application or suspend a registration because of an unsatisfied final judgment if the applicant's or registrant's unsatisfied final judgment was determined by the director to be the result of the fraud or negligence of another party.

NEW SECTION. **Sec. 28.** A new section is added to chapter 18.27 RCW to read as follows:

A registered contractor, by or against whom a petition in bankruptcy has been filed, shall notify the department of the proceedings in bankruptcy, including the identity and location of the court in which the proceedings are pending, within ten days of the filing.

FIFTY-NINTH DAY, MARCH 11, 2009

Sec. 29. RCW 18.27.040 and 2007 c 436 s 4 are each amended to read as follows:

(1) Each applicant shall file with the department a surety bond issued by a surety insurer who meets the requirements of chapter 48.28 RCW in the sum of ~~((twelve))~~ twenty-four thousand dollars if the applicant is a general contractor and ~~((six))~~ twelve thousand dollars if the applicant is a specialty contractor. If no valid bond is already on file with the department at the time the application is filed, a bond must accompany the registration application. The bond shall have the state of Washington named as obligee with good and sufficient surety in a form to be approved by the department. The bond shall be continuous and may be canceled by the surety upon the surety giving written notice to the director. A cancellation or revocation of the bond or withdrawal of the surety from the bond automatically suspends the registration issued to the contractor until a new bond or reinstatement notice has been filed and approved as provided in this section. The bond shall be conditioned that the applicant will pay all persons performing labor, including employee benefits, for the contractor, will pay all taxes and contributions due to the state of Washington, and will pay all persons furnishing material or renting or supplying equipment to the contractor and will pay all amounts that may be adjudged against the contractor by reason of breach of contract including improper work in the conduct of the contracting business. A change in the name of a business or a change in the type of business entity shall not impair a bond for the purposes of this section so long as one of the original applicants for such bond maintains partial ownership in the business covered by the bond.

(2) At the time of initial registration or renewal, the contractor shall provide a bond or other security deposit as required by this chapter and comply with all of the other provisions of this chapter before the department shall issue or renew the contractor's certificate of registration. Any contractor registered as of July 1, 2001, who maintains that registration in accordance with this chapter is in compliance with this chapter until the next renewal of the contractor's certificate of registration.

(3) Any person, firm, or corporation having a claim against the contractor for any of the items referred to in this section may bring suit against the contractor and the bond or deposit in the superior court of the county in which the work was done or of any county in which jurisdiction of the contractor may be had. The surety issuing the bond shall be named as a party to any suit upon the bond. Action upon the bond or deposit brought by a residential homeowner for breach of contract by a party to the construction contract shall be commenced by filing the summons and complaint with the clerk of the appropriate superior court within two years from the date the claimed contract work was substantially completed or abandoned, whichever occurred first. Action upon the bond or deposit brought by any other authorized party shall be commenced by filing the summons and complaint with the clerk of the appropriate superior court within one year from the date the claimed labor was performed and benefits accrued, taxes and contributions owing the state of Washington became due, materials and equipment were furnished, or the claimed contract work was substantially completed or abandoned, whichever occurred first. Service of process in an action filed under this chapter against the contractor and the contractor's bond or the deposit shall be exclusively by service upon the department. Three copies of the summons and complaint and a fee adopted by rule of not less than fifty dollars to cover the costs shall be served by registered or certified mail, or other delivery service requiring notice of receipt, upon the department at the time suit is started and the department shall maintain a record, available for public inspection, of all suits so commenced. Service is not complete until the department receives the fee and three copies

of the summons and complaint. The service shall constitute service and confer personal jurisdiction on the contractor and the surety for suit on claimant's claim against the contractor and the bond or deposit and the department shall transmit the summons and complaint or a copy thereof to the contractor at the address listed in the contractor's application and to the surety within two days after it shall have been received.

(4) The surety upon the bond shall not be liable in an aggregate amount in excess of the amount named in the bond nor for any monetary penalty assessed pursuant to this chapter for an infraction. The liability of the surety shall not cumulate where the bond has been renewed, continued, reinstated, reissued or otherwise extended. The surety upon the bond may, upon notice to the department and the parties, tender to the clerk of the court having jurisdiction of the action an amount equal to the claims thereunder or the amount of the bond less the amount of judgments, if any, previously satisfied therefrom and to the extent of such tender the surety upon the bond shall be exonerated but if the actions commenced and pending and provided to the department as required in subsection (3) of this section, at any one time exceed the amount of the bond then unimpaired, claims shall be satisfied from the bond in the following order:

- (a) Employee labor and claims of laborers, including employee benefits;
- (b) Claims for breach of contract by a party to the construction contract;
- (c) Registered or licensed subcontractors, material, and equipment;
- (d) Taxes and contributions due the state of Washington;
- (e) Any court costs, interest, and attorneys' fees plaintiff may be entitled to recover. The surety is not liable for any amount in excess of the penal limit of its bond.

A payment made by the surety in good faith exonerates the bond to the extent of any payment made by the surety.

(5) The total amount paid from a bond or deposit required of a general contractor by this section to claimants other than residential homeowners must not exceed one-half of the bond amount. The total amount paid from a bond or deposit required of a specialty contractor by this section to claimants other than residential homeowners must not exceed one-half of the bond amount or four thousand dollars, whichever is greater.

(6) The prevailing party in an action filed under this section against the contractor and contractor's bond or deposit, for breach of contract by a party to the construction contract involving a residential homeowner, is entitled to costs, interest, and reasonable attorneys' fees. The surety upon the bond or deposit is not liable in an aggregate amount in excess of the amount named in the bond or deposit nor for any monetary penalty assessed pursuant to this chapter for an infraction.

(7) If a final judgment impairs the liability of the surety upon the bond or deposit so furnished that there is not in effect a bond or deposit in the full amount prescribed in this section, the registration of the contractor is automatically suspended until the bond or deposit liability in the required amount unimpaired by unsatisfied judgment claims is furnished.

(8) In lieu of the surety bond required by this section the contractor may file with the department an assigned savings account, upon forms provided by the department.

(9) Any person having filed and served a summons and complaint as required by this section having an unsatisfied final judgment against the registrant for any items referred to in this section may execute upon the security held by the department by serving a certified copy of the unsatisfied final judgment by registered or certified mail upon the department within one year of the date of entry of such judgment. Upon the receipt of service of such certified copy the department shall pay or order paid from the deposit, through the registry of the superior court which rendered judgment, towards the amount of the unsatisfied

judgment. The priority of payment by the department shall be the order of receipt by the department, but the department shall have no liability for payment in excess of the amount of the deposit.

(10) Within ten days after resolution of the case, a certified copy of the final judgment and order, or any settlement documents where a case is not disposed of by a court trial, a certified copy of the dispositive settlement documents must be provided to the department by the prevailing party. Failure to provide a copy of the final judgment and order or the dispositive settlement documents to the department within ten days of entry of such an order constitutes a violation of this chapter and a penalty adopted by rule of not less than two hundred fifty dollars may be assessed against the prevailing party.

(11) The director may require an applicant applying to renew or reinstate a registration or applying for a new registration to file a bond of up to three times the normally required amount, if the director determines that an applicant, or a previous registration of a corporate officer, owner, or partner of a current applicant, has had in the past five years a total of three final judgments in actions under this chapter involving a residential single-family dwelling on two or more different structures.

(12) The director may adopt rules necessary for the proper administration of the security.

Concerning the governance of the department of fish and wildlife.

The measure was read the second time.

The President Pro Tempore declared the substitute bill to Senate Bill No. 5127 to be in order.

POINT OF ORDER

Senator Morton: "Madam President, I rise to a point of order that Substitute Senate Bill No. 5127 is beyond the scope and object of the underlying bill. If I may, I would present the arguments at your pleasure. The Constitution and Senate Rules prohibit amendments which change the scope and object of the bill. Substitute bills are considered amendments for purposes of this analysis. In past rulings, the President has compared the language within the four corners of the underlying bill and the amendment. The underlying bill makes numerous changes to the structure of the Fish and Wildlife Commission including but not limited to reducing the number of commissioners, reducing the length of the terms of commissioners and limiting the number of Commission meetings held annually. The underlying bill also transfers the authority to appoint the director from the Commission to the governor. Like the underlying bill the substitute bill makes substantial changes to the structure of the Commission however, the substitute bill goes beyond mere structural changes and transfers the substantive authority to manage fish and wildlife from the Commission to the Department and the director. The substitute bill also amends numerous statutes to carry out this general transfer of authority resulting in a document many times larger than the underlying bill. In fact, it goes from five to a hundred and three pages. It also adds an emergency clause to prevent a referendum vote. The transfer of fish and wildlife management authority and the substitute bill is beyond therefore the scope and object of the underlying bill and I respectfully request that you rule accordingly. Thank you Madam President."

MOTION

On motion of Senator Eide, further consideration of Senate Bill No. 5127 was deferred and the bill held its place on the second reading calendar.

"NEW SECTION. **Sec. 1.** The legislature finds that:

(1) Dogs are neither a commercial crop nor commodity and should not be indiscriminately or irresponsibly mass produced;

(2) Large-scale dog breeding increases the likelihood that the dogs will be denied their most basic needs including but not limited to: Sanitary living conditions, proper and timely medical care, the ability to move freely at least once per day, and adequate shelter from the elements;

(3) Without proper oversight, large-scale breeding facilities can easily fall below even the most basic standards of humane housing and husbandry;

(4) Current Washington state laws are inadequate regarding the care and husbandry of dogs in large-scale breeding facilities;

(5) No Washington state agency currently regulates large-scale breeding facilities;

(6) The United States department of agriculture does not regulate large-scale breeding facilities that sell dogs directly to

FIFTY-NINTH DAY, MARCH 11, 2009

2009 REGULAR SESSION

the public and thus, such direct-sales breeders are currently exempt from even the minimum care and housing standards outlined in the federal animal welfare act;

(7) Documented conditions at large-scale breeding facilities include unsanitary conditions, potential for soil and groundwater contamination, the spread of zoonotic parasites and infectious diseases, and the sale of sick and dying animals to the public; and

(8) An unfair fiscal burden is placed on city, county, and state taxpayers as well as government agencies and nongovernmental organizations, who are required to care for discarded or abused and neglected dogs from large-scale breeding facilities.

NEW SECTION. Sec. 2. A new section is added to chapter 16.52 RCW to read as follows:

(1) A person may not own, possess, control, or otherwise have charge or custody of more than fifty dogs with intact sexual organs over the age of six months at any time.

(2) Any person who owns, possesses, controls, or otherwise has charge or custody of more than ten dogs with intact sexual organs over the age of six months and keeps the dogs in an enclosure for the majority of the day must at a minimum:

(a) Provide space to allow each dog to turn about freely, to stand, sit, and lie down. The dog must be able to lie down while fully extended without the dog's head, tail, legs, face, or feet touching any side of an enclosure and without touching any other dog in the enclosure when all dogs are lying down simultaneously. The interior height of the enclosure must be at least six inches higher than the head of the tallest dog in the enclosure when it is in a normal standing position. Each enclosure must be at least three times the length and width of the longest dog in the enclosure, from tip of nose to base of tail and shoulder blade to shoulder blade.

(b) Provide each dog that is over the age of four months with a minimum of one exercise period during each day for a total of not less than one hour of exercise during such day. Such exercise must include removing the dog from the dog's primary enclosure and either leash walking or giving the dog access to an enclosure at least four times the size of the primary enclosure allowing the dog free mobility for the entire exercise period, but may not include use of a treadmill, cat mill, jenny mill, slat mill, or similar device, unless prescribed by a doctor of veterinary medicine. The exercise requirements in this subsection do not apply to a dog certified by a doctor of veterinary medicine as being medically precluded from exercise.

(c) Maintain adequate housing facilities and primary enclosures that meet the following requirements at a minimum:

(i) Housing facilities and primary enclosures must be kept in a sanitary condition. Housing facilities where dogs are kept must be sufficiently ventilated at all times to minimize odors, drafts, ammonia levels, and to prevent moisture condensation. Housing facilities must be equipped with a working smoke alarm and have a means of fire suppression, such as functioning fire extinguishers or a functioning sprinkler system on the premises and must have sufficient lighting to allow for observation of the dogs at any time of day or night;

(ii) Housing facilities must enable all dogs to remain dry and clean;

(iii) Housing facilities must provide shelter and protection from extreme temperatures and weather conditions that may be uncomfortable or hazardous to the dogs. Ambient temperature must not fall below fifty degrees Fahrenheit or rise above eighty-five degrees Fahrenheit;

(iv) Housing facilities must provide sufficient shade to shelter all the dogs housed in the primary enclosure at one time;

(v) A primary enclosure must have floors that are constructed in a manner that protects the dogs' feet and legs from injury. Raised kennels must be slatted with a solid resting surface. The following must be met for floors constructed with

slats: (A) Slats must be flat; must have spaces in between that are no more than 0.5 inches in width; (B) slats must have spaces between them that run the length of the floor; (C) slats must be no less than one inch in width; (D) slats must be level with the slat next to it within a single enclosure; (E) slats must be strong enough so that the slats do not sag or bend between structural supports; and (F) slats must be constructed of a material impervious to moisture and able to be cleaned and sanitized;

(vi) Primary enclosures must be placed no higher than forty-two inches above the floor and may not be placed over or stacked on top of another cage or primary enclosure;

(vii) Feces, hair, dirt, debris, and food waste must be removed from primary enclosures at least daily or more often if necessary to prevent accumulation and to reduce disease hazards, insects, pests, and odors; and

(viii) All dogs housed in the same enclosure must be compatible, as determined by observation. Animals with a vicious or aggressive disposition must be housed individually. Breeding females in heat may not be housed in the same enclosure with sexually mature males, except for breeding. Breeding females with litters may not be housed in the same enclosure with other adult dogs. Puppies under twelve weeks may not be housed in the same enclosure with other adult dogs, other than the dam or foster dam unless under immediate supervision.

(d) Provide dogs with easy and convenient access to adequate amounts of clean food and water. Food and water receptacles must be readily cleaned and sanitized. Enclosures must contain potable water that is not frozen, is free from debris, and is readily accessible to all dogs at all times.

(e) Provide veterinary care without delay when necessary. A male unaltered dog must be examined by a veterinarian at least once a year. A female unaltered dog must be examined by a veterinarian at least once a year or prior to each attempt at breeding, whichever occurs more frequently. A dog may not be bred if a veterinarian determines that the animal is unfit for breeding purposes. Only dogs between the ages of twelve months and eight years of age may be used for breeding. Animals requiring euthanasia must be euthanized only by a licensed veterinarian.

(3) Any animal control officer or other authorized public health or safety official may, upon receiving a complaint or upon the officer's own motion, investigate any violation of subsections (1) and (2) of this section.

(4) A person who violates this section is guilty of a gross misdemeanor.

(5) This section does not apply to the following:

Sec. 2131 et seq.), except as provided otherwise in this subsection. Subsection (1) of this section applies to a commercial dog breeder under this subsection (5)(h)(ii).

(6) For the purposes of this section, the following definitions apply, unless the context clearly requires otherwise:

POINT OF INQUIRY

Senator Marr: "Would Senator Jacobsen yield to a question? Mr. President, I find it always makes sense to ferret out the truth in Senator Jacobsen's claims and I have learned that the rodent to which he refers and it is a rodent. It's genus Marmota in the rodent family Sciuridae which is, apparently is, related to the squirrels which includes large ground squirrels, ground hogs, woodchucks and prairie dogs and so my question Senator Jacobsen, are we simply tarting up a woodchuck or is this a legitimate claim? The other would be, as long as we're talking about the noble creature, the marmot, how about Marmota caligata which is, you know, found commonly along the Spokane River? The most famous one is, you know, Marty the marmot, who is the official mascot of Riverfront Park. So, I would ask you, doesn't Marty deserve some consideration here?"

Senator Jacobsen: "Well, this is an endemic because it's only found in one state, this state. The others might be found in

FIFTY-NINTH DAY, MARCH 11, 2009

2009 REGULAR SESSION

Idaho or British Columbia so it spreads over a larger geographical range and there's a very technical term in here, 'endemic to the state of Washington.' And there might be a little, I have to be honest with the members, there's, I'm a birder and I don't know if you, in birding, you know there's lumpers and splitters. Lumpers put a couple species together after they study them further and realize that they are identical even if they are a little bit different. Then there's splitters and they look at a bird that's a little bit different and they move it apart. Well, since I started this bill and been thwarted for so many years by this legislature that they, there's a study going on right now to see if the Thompson squirrel found north of the Columbia River and south of I-90? It might be a genetically distinct from the ground squirrels in other parts. So I was sort of reluctant when the reader used the word 'only' and if possibly there might be another but it would be the only two mammals found in the state. I wanted to get this bill through before the legislators from those districts figured it out."

REMARKS BY SENATOR ROCKEFELLER

POINT OF INQUIRY

Senator Roach: "Would Senator Hargrove yield to a question? Thank you, I'm trying to get a hold of this bill and been looking at it and because we have a few amendments to go and have an opportunity to ask some questions I wanted to take this opportunity to do that. If this bill were to pass and the functions go to private agencies how would there been any oversight on those private agencies? I say that, good Senator, because right now though the department is so incredibly ill run and so many disasters have occurred, there's no accountability within Childrens Administration. It's just outrageous. Employees are allowed because of lack of leadership to do things, never to be accountable. How do you believe that this system would be better rather than correcting the one that we have right now? Why would this be better? Wouldn't it just drive a bad system underground and the legislative branch wouldn't have the ability to look at what's going on?"

Senator Hargrove: "Well, there was a lot more than a question in that statement but I guess the point is that all of our existing laws about both representation for parents and about the oversight of the courts in the system. None of that goes away and in fact the private agencies that would have these contracts would have contracts with the state and the state would have contracts standards that they would be monitoring and instead of the state basically checking on itself, which is kind of like the fox watching the chicken house, we will now have state

contracts specialists holding contractors very much more accountable for the things we want to see done in the system. So, is going to completely solve all the problems that you bumped into this last year. Maybe not but it's going to make some major headway in that direction."

The President declared the question before the Senate to be the adoption of the amendment by Senators Fraser and Hargrove on page 9, line 13 to Second Substitute Senate Bill No. 5943.

The motion by Senator Fraser carried and the amendment was adopted by voice vote.

(1) ~~(With respect to claims that have an effective date before January 4, 2004:~~

~~—(a) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter for seven calendar weeks and until he or she has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times his or her weekly benefit amount.~~

~~—The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:~~

~~—(i) The duration of the work;~~

~~—(ii) The extent of direction and control by the employer over the work; and~~

~~—(iii) The level of skill required for the work in light of the individual's training and experience.~~

~~—(i) He or she has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;~~

~~—(ii) The separation was because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if the claimant took all reasonable precautions, in accordance with any regulations that the commissioner may prescribe, to protect his or her employment status by having promptly notified the employer of the reason for the absence and by having promptly requested reemployment when again able to assume employment: PROVIDED, That these precautions need not have been taken when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system;~~

Good cause shall not be established for voluntarily leaving work because of its distance from an individual's residence where the distance was known to the individual at the time he or she accepted the employment and where, in the judgment of the department, the distance is customarily traveled by workers in the individual's job classification and labor market, nor because of any other significant work factor which was generally known and present at the time he or she accepted employment, unless the related circumstances have so changed as to amount to a substantial involuntary deterioration of the work factor or unless the commissioner determines that other related circumstances would work an unreasonable hardship on the individual were he or she required to continue in the employment.~~

~~—(d) Subsection (1)(a) and (c) of this section shall not apply to an individual whose marital status or domestic responsibilities cause him or her to leave employment. Such an individual shall not be eligible for unemployment insurance benefits beginning with the first day of the calendar week in which he or she left work and thereafter for seven calendar weeks and until he or she has requalified, either by obtaining bona fide work in employment covered by this title and earning wages in that employment equal to seven times his or her weekly benefit amount or by reporting in person to the department during ten different calendar weeks and certifying on each occasion that he or she is ready, able, and willing to immediately accept any suitable work which may be offered, is actively seeking work pursuant to customary trade practices, and is utilizing such employment counseling and placement services as are available through the department. This subsection does not apply to individuals covered by (b)(ii) or (iii) of this subsection.~~

(x) The individual's usual work was changed to work that violates the individual's religious convictions or sincere moral beliefs; or

(xi) The individual left work to enter an apprenticeship program approved by the Washington state apprenticeship training council. Benefits are payable beginning Sunday of the week prior to the week in which the individual begins active participation in the apprenticeship program.

(c) The department may determine that other work-connected circumstances may constitute good cause if the individual can show that continuing in the employment would work an unreasonable hardship on the individual. "Unreasonable hardship" means a result not due to the individual's voluntary action that would cause a reasonable person to leave that employment. The circumstances must be based on existing facts, not conjecture, and the reasons for leaving work must be significant. An individual seeking to demonstrate unreasonable hardship must show:

(i) The individual left work primarily for reasons connected with their employment;

(ii) The work connected reasons were of such a compelling nature they would have caused a reasonably prudent person to leave work; and

(iii) The individual first exhausted all reasonable alternatives before leaving work, or that pursuing reasonable alternatives would have been futile."

This chapter does not apply to corporations or persons, their lessees, trustees, receivers, or trustees appointed by any court whatsoever insofar as they own, control, operate, or manage taxicabs, hotel buses, school buses, or any other carrier that does not come within the term "auto transportation company" as defined in RCW 81.68.010.

This chapter does not apply to persons operating motor vehicles when operated wholly within the limits of incorporated cities or towns, and for a distance not exceeding three road miles beyond the corporate limits of the city or town in Washington in which the original starting point of the vehicle is located, and which operation either alone or in conjunction with another vehicle or vehicles is not a part of any journey beyond the three-mile limit.

This chapter does not apply to commuter ride sharing or ride sharing for persons with special transportation needs in accordance with RCW 46.74.010, so long as the ride-sharing operation does not compete with or infringe upon comparable service actually being provided before the initiation of the ride-

sharing operation by an existing auto transportation company certificated under this chapter.

This chapter does not apply to a service carrying passengers for compensation over any public highway in this state between fixed termini or over a regular route if the commission finds, with or without a hearing, that the service does not serve an essential transportation purpose, is solely for recreation, and would not adversely affect the operations of the holder of a certificate under this chapter, and that exemption from this chapter is otherwise in the public interest. Companies providing these services must, however, obtain a permit under chapter 81.70 RCW.

This chapter does not apply to a service carrying passengers for compensation over any public highway in this state between fixed termini or over a regular route if the commission finds, with or without a hearing, that the service is provided pursuant to a contract with a state agency, or funded by a grant issued by the department of transportation, and that exemption from this chapter is otherwise in the public interest. Companies providing these services must, however, obtain a permit under chapter 81.70 RCW.

Sec. 2. RCW 81.84.010 and 2007 c 234 s 92 are each amended to read as follows:

(1) A commercial ferry may not operate any vessel or ferry for the public use for hire between fixed termini or over a regular route upon the waters within this state, including the rivers and lakes and Puget Sound, without first applying for and obtaining from the commission a certificate declaring that public convenience and necessity require such operation. Service authorized by certificates issued ~~((before or after July 25, 1993;))~~ to a commercial ferry operator must be exercised by the operator in a manner consistent with the conditions established in the certificate ~~((or))~~ and tariff~~((s))~~ filed under chapter 81.28 RCW. However, a certificate is not required for a vessel primarily engaged in transporting freight other than vehicles, whose gross earnings from the transportation of passengers vehicles, or both, are not more than ten percent of the total gross annual earnings of such vessel.

(2) If the commission finds, with or without a hearing, that an existing or a proposed commercial ferry service does not serve an essential transportation purpose and is solely for recreation, the commission may, by order, exempt that service from the requirements of certification and regulation under this chapter. If the nonessential service is a proposed service not already provided by an existing certificate holder, the commission must also find, after notice to any existing certificate holder operating within the same territory and an opportunity to be heard, that the proposed service would not adversely affect the rates or services of any existing certificate holder.

(3) This section does not affect the right of any county public transportation benefit area or other public agency within this state to construct, condemn, purchase, operate, or maintain, itself or by contract, agreement, or lease, with any person, firm, or corporation, ferries or boats across the waters within this state, including rivers and lakes and Puget Sound, if the operation is not over the same route or between the same districts being served by a certificate holder without first acquiring the rights granted to the certificate holder under the certificate.

~~((2))~~ (4) The holder of a certificate of public convenience and necessity granted under this chapter must initiate service within five years of obtaining the certificate, except that the holder of a certificate of public convenience and necessity for passenger-only ferry service in Puget Sound must initiate service within twenty months of obtaining the certificate. The certificate holder shall report to the commission every six months after the certificate is granted on the progress of the certificated route. The reports shall include, but not be limited to, the progress of environmental impact, parking, local

government land use, docking, and financing considerations. Except in the case of passenger-only ferry service in Puget Sound, if service has not been initiated within five years of obtaining the certificate, the commission may extend the certificate on a twelve-month basis for up to three years if the six-month progress reports indicate there is significant advancement toward initiating service.
