

Washington State Liquor and Cannabis Board

December 7, 2023

Legislative Auditor Thomas and JLARC members:

Thank you for this opportunity to respond to the *Dedicated Cannabis Account Appropriations and Expenditures study* report. The Washington State Liquor and Cannabis Board (WSLCB) found the report accurate and thorough; we agree with the recommendation that the WSLCB centralize and display more data on transfers and expenditures from the account. We are reviewing the examples you provided and are also investigating options for a data dashboard to display the information.

Sincerely,
