## **Summary of Plan Provisions**

The summary of key plan provisions used in the actuarial valuation are provided in two sets of tables. The tables below contain plan provisions that can change frequently while the provisions that change less frequently can be found on our website: Summary of General Plan Provisions.

These tables present high-level summaries and are not meant to be exhaustive lists. For complete details of plan provisions, please refer to the statutes governing the systems or contact the plan administrator, Department of Retirement Systems (DRS). In the unlikely event that information contained in these summary tables conflicts with state law, the law takes precedence.
